- (2) Require the Department of Human Services (Department) to use the funds from the special fund only for state-funded financial assistance payments and programs that support and assist recipients to qualify for supplemental security income.

Your Committee received testimony in support of this measure from the Department of Human Services; Legal Aid Society of Hawaii; and one concerned individual.

Your Committee finds that state-funded financial assistance is paid to qualified recipients while their application for supplemental security income is pending a determination with the Social Security Administration. If the application is approved, the Social Security Administration reimburses the State for the assistance provided. Often, the reimbursement does not arrive in the same fiscal year in which the state-funded assistance was given. Because the Department is required to deposit reimbursements from a prior fiscal year into the general fund, the Department is often forced to request an emergency appropriation to compensate for the shortfall. This measure will stabilize payments to beneficiaries and reduce the future need for emergency appropriations for the general assistance program, by allowing the Department to retain the reimbursements from prior fiscal years in the newly created special fund to be used solely for financial assistance payments.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making a technical nonsubstantive amendment for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1101, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1101, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 591 (Majority Ways and Means on S.B. No. 1093)**

The purpose and intent of this measure is to establish a statewide school readiness program to prepare young children for entry into kindergarten.

Your Committee received written comments in support of this measure from the Office of the Governor, Board of Education, Department of Human Services, City and County of Honolulu Department of the Prosecuting Attorney, University of Hawaii System, Castle and Cooke Hawaii, Chaminade University of Honolulu, Hawaii P-20 Partnerships for Education, Good Beginnings Alliance, Hawaii Business Round Table, Kamehameha Schools, Partners in Development Foundation, The Queens Health Systems, Special Education Advisory Council, and fifty-five individuals. Your Committee received written comments on this measure from Hawaii Pacific Health.

Your Committee finds that many young children enter kindergarten without the behavioral and learning skills necessary to succeed in school. These children will be better prepared to enter school if they are provided access to school readiness services that address physical, cognitive, linguistic, social, and emotional development. Your Committee believes that the creation of a school readiness program that prioritizes these services for low- and middle-income children will better prepare these children to thrive in an educational environment.

Your Committee has amended this measure by:

- (1) Clarifying that “low- and moderate-income families” have an income of no more than two hundred fifty per cent of federal poverty level for the purposes of receiving priority for participation in the school readiness program;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1093, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1093, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, none.

**SCRep. 592 (Majority Ways and Means on S.B. No. 1057)**

The purpose and intent of this measure is to fulfill the Legislature’s responsibility to establish public employer contribution amounts to the Employer-Union Health Benefits Trust Fund if an impasse occurs in a collective bargaining negotiation.

Specifically, the measure establishes employer contribution amounts for plan years 2011-2012 and 2012-2013 for Hawaii Employer-Union Health Benefits Trust Fund (EUTF) health benefit plan premiums for the employees of collective bargaining unit (10) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance.

Your Committee finds that the public employer and the exclusive representative for collective bargaining unit (10) were at an impasse in collective bargaining negotiations regarding contribution amounts for plan years 2011-2012 and 2012-2013 for EUTF health benefit plan premiums for the employees of collective bargaining unit (10) and their excluded counterparts. Because an agreement could not be reached regarding the employer contribution amounts to the trust fund, the public employer is required by law to submit its recommendation for contributions to the Legislature. This measure establishes the public employer’s recommended contributions designed to effectuate fifty percent employer contribution levels for collective bargaining unit (10) and their excluded counterparts. These rates are identical for employees in other collective bargaining units under existing collective bargaining agreements.

Your Committee has amended this measure by:

- (1) Clarifying that the excluded state officers and employees to which the measure refers are those state officers and employees who are excluded from collective bargaining and who belong to the same compensation plans as those state officers and employees within collective bargaining unit (10); and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1057, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1057, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Espero, Kouchi).

**SCRep. 593      Ways and Means on S.B. No. 1003**

The purpose and intent of this measure is to authorize the Chief Information Officer to conduct security audits to protect the State's information and data.

The Department of Accounting and General Services submitted written comments in support of this measure.

Your Committee finds that protecting government databases and data communications from intrusions and theft will help to protect the public from the negative impacts of identity theft. Authorizing the Chief Information Officer to conduct security audits will support existing state cyber security activities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1003, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1003, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 594      Ways and Means on S.B. No. 930**

The purpose and intent of this measure is to appropriate funds to support the investigative stage of the Pacific International Space Center for Exploration Systems (PISCES) Sustainable Concrete Initiative.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and eight individuals.

Your Committee finds that the PISCES initiative will provide new education and training programs in engineering, architecture, and materials science and incorporate advanced manufacturing technologies, such as 3-D printing, that will expand and thereby diversify the State's economic base. This measure will also provide a creative and cost-effective means for manufacturing construction materials in Hawaii, using indigenous basaltic resources that will decrease Hawaii's dependence on concrete imports.

Your Committee has amended this measure by:

- (1) Amending the appropriation to an unspecified amount; and
- (2) Changing the effective date from July 1, 2013, to July 1, 2050, to promote further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 930, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 930, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 595      Ways and Means on S.B. No. 681**

The purpose and intent of this measure is to establish a Food Security Task Force to develop an emergency food plan for the State that addresses certain food security issues resulting from an emergency, catastrophic event, or quarantine.

Your Committee received written comments in support of this measure from three individuals. The University of Hawaii submitted written comments.

Your Committee finds that in the event of an emergency, catastrophic event, or quarantine, the issue of food security would become of paramount importance because of the State's heavy reliance on imported food. Your Committee believes that the Food Security Task Force will improve the State's preparedness for meeting the food needs of Hawaii's residents and visitors should an event occur that prevents cargo ships from reaching port or aircraft from dropping supplies.

Your Committee has amended this measure by:

- (1) Appropriating an unspecified sum to be expended by the University of Hawaii for costs incurred by the Food Security Task Force;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 681, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 681, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 596      Ways and Means on S.B. No. 665**

The purpose and intent of this measure is to address the shortage of primary care physicians in the State.

More specifically, this measure appropriates funds to the Hawaii Health Corps and diversity and primary care workforce expansion programs at the University of Hawaii John A. Burns School Of Medicine.

Your Committee received written comments in support of this measure from the Hawaii Medical Association.

Your Committee finds that there is a shortage of primary care physicians in the State, especially in its rural areas. Your Committee finds that expanding the infrastructure and capacity of the current teaching hospitals will enable those facilities to train more medical residents and students who will be more likely to remain in Hawaii to practice medicine after their training is finished. Accordingly, your Committee finds that increasing the number of primary care physicians will improve access to medical care and preventative treatment for the residents of the State and help control health care costs.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Changing the effective date from July 1, 2013, to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 665, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 665, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Espero).

**SCRep. 597      Ways and Means on S.B. No. 664**

The purpose and intent of this measure is to appropriate funds for the Hawaii Health Systems Corporation Primary Care Training Program at the Hilo Medical Center.

Your Committee received written comments in support of this measure from the Hawaii County Council, Kauai County Council, County of Hawaii Office of Aging, Hawaii Health Systems Corporation East Hawaii Regional Board, Japanese Chamber of Commerce and Industry of Hawaii, Hilo Medical Center Foundation, Healthcare Association of Hawaii, and fourteen concerned individuals.

Your Committee received written comments on this measure from the Hilo Medical Council, the University of Hawaii at Hilo College of Pharmacy, Hui Malama Ola Na 'Oiwi Native Hawaiian Health Care System, and two concerned individuals.

Your Committee recognizes that there is a severe shortage of healthcare providers in the State, especially primary care providers. Accordingly, your Committee finds that funding the expansion of the Hawaii Health Systems Corporation Primary Care Training Program at the Hilo Medical Center will benefit the State by providing training for more primary care providers and thereby improving access to health care services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 664, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 664, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 598      Ways and Means on S.B. No. 539**

The purpose and intent of this measure is to exempt certain totally and permanently disabled veterans from motor vehicle registration expenses under section 286-51, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Office of Veterans Services and one individual.

Your Committee received written comments on this measure from the Department of Customer Services, City and County of Honolulu.

Your Committee finds that it is necessary to help those brave men and women who have served valiantly in the United States military and sacrificed to make our country safe. Your Committee finds that an exemption from motor vehicle registration fees will provide financial relief to disabled veterans who reside in the State, many of whom are unable to pursue paid employment due to their total and permanent service-related disability.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 539, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 539, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 599 (Majority) Ways and Means on S.B. No. 495**

The purpose and intent of this measure is to implement the recommendations of the Insurance Verification Working Group.

More specifically, this measure:

- (1) Establishes a working group attached to the Department of Commerce and Consumer Affairs to assist in the development of requests for proposals and vendor selection for a motor vehicle insurance verification program;
- (2) Requires the working group to provide recommendations on ways to exclude commercial vehicles from the motor vehicle insurance verification program and an alternative means for small insurers to fulfill reporting requirements;
- (3) Increases the annual motor vehicle registration fee;
- (4) Removes duplicative and unnecessary requirements for insurance identification cards and safety inspection requirements; and
- (5) Allocates a portion of motor vehicle registration fees to be deposited to the credit of the compliance resolution fund and allocates a portion of certain fines to be deposited into the general fund.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Department of Customer Services, City and County of Honolulu.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii and the Hawaii Insurers Council.

Your Committee finds that Senate Concurrent Resolution No. 97, S.D. 1, Regular Session of 2012, requested the Insurance Commissioner to convene a working group to explore the creation of a program to track uninsured motorists. Pursuant to the Senate Concurrent Resolution, the working group was requested to:

- (1) Explore the creation of a web services-based database program to track uninsured motorists;
- (2) Establish a mechanism for funding the uninsured motorist database program and recommend penalties or sanctions for motorists found to be in violation of the State's mandatory motor vehicle insurance requirements; and
- (3) Explore other alternatives to reduce the number of uninsured motorists in the State, including alternative financing options.

Your Committee further finds that this measure implements many of the recommendations submitted by the working group in its report to the Legislature.

Your Committee has amended this measure by:

- (1) Changing in section 2, the reference to the Director of Commerce and Consumer Affairs to the respective county directors of finance, to more appropriately assign the deposit of certain motor vehicle registration fees into the compliance resolution fund;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 495, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 495, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10; Ayes with Reservations (Espero, Thielen). Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 600 (Majority) Ways and Means on S.B. No. 237**

The purpose and intent of this measure is to modernize public school facilities to meet the challenges of the twenty-first century.

More specifically, this measure establishes a three-year pilot program to optimize the use of public school lands for public purposes and to generate revenue to build and retrofit twenty-first century schools and create more school-centered communities.

Your Committee received written comments in support of this measure from the Board of Education, General Contractors Association of Hawaii, IMUAlliance, and one individual. Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that the considerable amount of underused public school lands is an untapped resource that could be used for needed facilities for public purposes, such as workforce rental housing, which use could result in revenues to provide classrooms, campuses, and communities appropriate and relevant to the twenty-first century. Your Committee believes that this measure will generate opportunities to improve public school facilities and infrastructure to meet the challenges of educating Hawaii's students for the future and to improve the overall quality of education in Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that revenues and proceeds derived by the State shall be deposited in the school facilities special fund established in the measure to be administered by the Department of Education;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 237, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 237, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, none.

**SCRep. 601 Ways and Means on S.B. No. 74**

The purpose and intent of this measure is to:

- (1) Allow committed persons to create and place for sale approved products and crafts;
- (2) Allocate the proceeds of these sales to rehabilitation programs, the crime victim compensation special fund, and the committed person's account;
- (3) Require the Department of Public Safety to study other states' practices on the making and sale of arts and crafts by inmates.

Your Committee received written comments in support of this measure from the Department of Public Safety, Community Alliance on Prisons, and a concerned individual.

Many correctional facilities across the United States have programs that allow committed persons to create and sell approved products and crafts and these programs help to reduce the rate of recidivism. Your Committee finds that this measure will encourage committed persons to develop marketable skills that will improve their ability to successfully reenter society and the workforce. Your Committee further finds that this measure will provide support for victim restitution by allocating a portion of sales proceeds for deposit into the crime victim compensation special fund.

Your Committee has amended this measure by:

- (1) Changing the allocation of proceeds from the sale of products and crafts to unspecified percentages; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 74, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 74, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 602 Ways and Means on S.B. No. 58**

The purpose and intent of this measure is to establish and appropriate funds for a statewide language access resource center and a multilingual website pilot project to be administered by the Office of Language Access.

Your Committee received written comments in support of this measure from the Department of Human Resources Development; the Department of Labor and Industrial Relations; the Office of Language Access; Catholic Charities Hawaii; Congress of Visayan Organizations; Hawaii Interpreter Action Network; and a dozen individuals. Your Committee received comments on this measure from the Hawaii Civil Rights Commission.

Your Committee finds that having a pool of qualified interpreters and translators would enable both public and private organizations to provide the necessary language access to their resources and services. In addition, having information available via website in multiple languages will provide the support needed by newly arrived immigrants and refugees to adjust successfully to life in the community.

Your Committee has amended this measure by:

- (1) Clarifying the mandate to hire bilingual staff;
- (2) Adding appropriations for fiscal year 2013-2014;
- (3) Changing the appropriations to unspecified amounts;

- (4) Changing the effective date to July 1, 2050, in order to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 58, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 58, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 603 Ways and Means on S.B. No. 5**

The purpose and intent of this measure is to provide fair compensation, in addition to rent reductions, to lessees when the State withdraws, condemns, or takes public land leased for intensive agricultural or pastoral uses and renders the land unusable for the original purposes of the lease.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation and Ulupono Initiative.

Current law provides for rent reductions if a withdrawal or taking of leased land causes the land to become unusable for the specific use for which it was originally intended. Your Committee finds that rent reduction alone is an insufficient remedy and that this measure will provide more equitable relief to lessees of public lands in partial takings or condemnations where the lessee is prevented from using the lands as originally intended.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on this measure; and
- (2) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 5, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 5, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 604 (Majority) Commerce and Consumer Protection on S.B. No. 655**

The purpose and intent of this measure is to allow health care professionals to dispense or prescribe medication, without examination, to the partners of patients diagnosed as having a sexually transmitted disease recommended by the Centers for Disease Control and Prevention for expedited partner therapy.

Your Committee received testimony in support of this measure from the Department of Health; Hawaii Medical Association; American Congress of Obstetricians and Gynecologists, Hawaii Section; Gay Lesbian Bisexual and Transgender Caucus of the Democratic Party of Hawai'i; Planned Parenthood of Hawaii; Hawai'i Association of Professional Nurses; CHOW Project; and four individuals. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from one individual.

Your Committee finds that many patients who have been diagnosed with sexually transmitted diseases, including chlamydia and gonorrhea, have sexual partners who refuse to seek treatment. To prevent reinfection, adequate treatment of sexually transmitted diseases should include treatment of sexual partners.

Your Committee further finds that expedited partner therapy is a partner treatment approach where partners of patients who test positive for certain sexually transmitted diseases are provided medication without previous medical evaluation. Your Committee additionally finds that because of expedited partner therapy's effectiveness in reducing reinfection rates, the Centers for Disease Control and Prevention has recommended its use since 2006 among heterosexual partners of patients diagnosed with chlamydia or gonorrhea when it is unlikely the partners will seek timely evaluation and treatment. Your Committee also finds that Hawaii has high reported rates of chlamydia. The most recent Centers for Disease Control and Prevention data ranks Hawaii twenty-second in the nation for reported chlamydia infection rates, with the disease peaking in the age group between fifteen and twenty-four years.

Your Committee additionally finds that primary care providers already diagnose and treat persons with sexually transmitted diseases. Expedited partner therapy will permit primary care providers to adequately treat sexually transmitted diseases and prevent reinfection through the treatment of sexual partners. Because advanced practice registered nurses are primary care providers, amendments to this measure are necessary to include advanced practice registered nurses in the definition of "health professionals" who may provide expedited partner therapy.

Your Committee notes that, according to the Centers for Disease Control and Prevention, although expedited partner therapy is recommended for heterosexual partners, it is not routinely recommended for other populations, such as male/male partners, diagnosed with sexually transmitted diseases. Therefore, amendments are necessary to conform this measure with existing Centers for Disease Control and Prevention guidelines and recommendations.

Your Committee also finds that the Centers for Disease Control and Prevention must occasionally update treatment guidelines and recommendations related to expedited partner therapy. Therefore, an amendment to this measure is necessary to require health professionals providing expedited partner therapy to follow all relevant guidelines and recommendations of the Centers for Disease Control and Prevention.

Accordingly, your Committee has amended this measure by:

- (1) Inserting a purpose section;
- (2) Clarifying that “expedited partner therapy” means the indirect treatment of heterosexual partners of a patient who has been diagnosed as having a sexually transmitted disease through the dispensing or prescribing of antibiotic therapy for the treatment of the heterosexual partners without the physical examination of the heterosexual partners by a health professional;
- (3) Clarifying that “health professional” includes an advanced practice registered nurse with prescriptive authority under chapter 457, Hawaii Revised Statutes, who is duly licensed in the State;
- (4) Specifying that “sexually transmitted disease” means chlamydia or gonorrhea, as recommended by the Centers for Disease Control and Prevention for expedited partner therapy;
- (5) Requiring health professionals who provide expedited partner therapy to follow all Centers for Disease Control and Prevention guidelines related to the practices and recommendations for expedited partner therapy;
- (6) Specifying the health professionals who may provide expedited partner therapy as authorized and who are protected from criminal liability, legal liability, and disciplinary action; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 655, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 655, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Slom). Excused, 1 (Taniguchi).

**SCRep. 605 Commerce and Consumer Protection on S.B. No. 15**

The purpose and intent of this measure is to:

- (1) Change the existing gasoline requirement of ten percent ethanol fuel content to at least five percent biofuel content; and
- (2) Alter the reporting requirements for biofuel distributors.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from General Motors LLC, Truck and Engine Manufacturers Association, and Western States Petroleum Association. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism and Alliance of Automobile Manufacturers.

Your Committee finds that this measure replaces the existing ethanol mandate with a more flexible requirement for motor fuels to contain at least five percent biofuel by volume. However, your Committee has heard the concerns that the biofuel requirement in this measure is required for all fuels for motor vehicles in Hawaii. Your Committee further finds that although five percent biofuel, with certain limitations, can be used in diesel vehicles, biofuels other than ethanol cannot be used in standard gasoline engines because gasoline with ethanol is not an equal substitute for biodiesel. Although ethanol is a type of biofuel, non-ethanol biofuels are not interchangeable with ethanol for purposes of gasoline blending; ethanol-blended gasoline is used for gasoline engines, and biodiesel is used for diesel engines. Your Committee concludes that amendments to this measure are necessary to provide fuel distributors flexibility and a market for biofuels, while also recognizing the different biofuel requirements for diesel fuel.

Your Committee also finds that amendments to this measure are necessary to clarify that biofuels must meet relevant ASTM International standards, thus ensuring biofuels sold in the State will meet appropriate specifications and quality standards. Your Committee notes that an intent of this measure was to create a more robust industry for biofuel. To support this, an amendment requiring biofuel to be locally produced is also needed.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the language that required all liquid motor vehicle fuels sold in the State to contain at least five percent biofuel by volume;
- (2) Inserting language to specify that each distributor who sells liquid fuels in the State for use in motor vehicles shall ensure that locally-produced biofuels account for at least five percent of the distributor’s annual sales of liquid fuels for motor vehicles by volume; provided that for diesel fuel, no more than five percent of locally-produced biofuel shall be required;
- (3) Clarifying that any biofuel shall meet the relevant ASTM International specifications of latest issue;
- (4) Amending the purpose section for clarity; and
- (5) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 15, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 15, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 606 Ways and Means on S.B. No. 30**

The purpose of this measure is to improve the administration of the partial public financing program for election candidates who voluntarily limit their campaign expenditures.

Specifically, this measure, with regard to the program:

- (1) Requires that affidavits to voluntarily limit campaign expenditures be filed no later than the time of filing nomination papers; and
- (2) Increases the statutory campaign expenditure limit for prosecuting attorney candidates by placing these candidates in the same category as candidates for state senator, state representative, and county council member.

Your Committee received written comments on this measure from the Campaign Spending Commission.

Your Committee finds that the establishment of a deadline for filing affidavits to voluntarily limit campaign expenditures will assist the Campaign Spending Commission in implementing the partial public financing program. In addition, this measure promotes fairness in the administration of the program by placing candidates for the office of prosecuting attorney in an allowable expenditures category that is more appropriate for a county-wide office.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 30, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 30, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Kouchi).

**SCRep. 607 Ways and Means on S.B. No. 563**

The purpose and intent of this measure is to reconstitute the form and processes of the Regents Candidate Advisory Council for the Board of Regents for the University of Hawaii to improve the Governor's ability to appoint qualified individuals to serve as members of the University of Hawaii Board of Regents.

More specifically, this measure:

- (1) Establishes the candidate advisory council and qualifications for its membership and places it temporarily in the Office of the Governor for administrative purposes;
- (2) Describes the duties of the council and procedures for selecting candidates to fill vacancies on the Board of Regents; and
- (3) Requires the Governor and the Senate to consider certain issues and take specific actions when participating in the nomination and confirmation process for the Board of Regents.

Your Committee received written comments in support of this measure from the Policy Office of the Governor.

Your Committee received written comments in opposition to this measure from the University of Hawaii Regents Candidate Advisory Council.

Your Committee finds that this measure would improve the Governor's ability to appoint a diversified, complementary, and dynamic Board of Regents from among a list of qualified individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 563, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 563, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 608 Ways and Means on S.B. No. 614**

The purpose and intent of this measure is to appropriate funds for the Comptroller and the State Foundation on Culture and the Arts to commission permanent works of art to honor the late United States Senator Daniel K. Inouye and the late United States Representative Patsy T. Mink.

Your Committee finds that Senator Daniel K. Inouye and Representative Patsy T. Mink loyally served the interests of the State and that their contributions to the State merit the commissioning of a work of art to portray each of their legacies. Accordingly, your Committee finds that this measure provides the means to ensure that the best possible depiction of the Senator and Representative are created and displayed.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;

- (2) Clarifying that the winning designs shall be selected from among the design entries submitted to the State Foundation on Culture and the Arts; and
- (3) Changing the effective date of the Act from July 1, 2013, to July 1, 2050, to promote further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 614, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 614, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 609      Ways and Means on S.B. No. 878**

The purpose and intent of this measure is to clarify the authority of arbitrators in arbitration proceedings.

More specifically, this measure authorizes arbitrators to award costs in addition to other expenses and attorney's fees if the arbitration award is authorized by law in civil actions involving a comparable, rather than the same, claim.

Your Committee finds that this measure clarifies that arbitrators are allowed to award "costs" such as deposition transcripts fees, witness fees, copying costs, and similar expenditures in an arbitration proceeding. Your Committee also recognizes that arbitration procedures address a wide range of issues and disputes and that providing arbitrators the same ability as courts to award attorney's fees, costs, and other reasonable expenses for a comparable claim allows arbitrators more flexibility and discretion in making these awards.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 878, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 878, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 610      (Majority) Ways and Means on S.B. No. 883**

The purpose and intent of this measure is to establish a new collective bargaining unit to represent first responder employees, including state law enforcement officers and state and county ocean safety and water safety officers.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association; Ocean Safety and Lifeguard Services Division, City and County of Honolulu; Hawaiian Lifeguard Association; and numerous concerned individuals.

Your Committee received written comments on this measure from the Department of Public Safety and the Department of Budget and Finance.

Your Committee finds that state law enforcement officers and state and county ocean safety and water safety officers risk their own well-being to protect the lives and safety of others on a daily basis. Your Committee further finds that collective bargaining is a constitutionally and statutorily protected right for all appropriate employees.

Your Committee has amended this measure by:

- (1) Changing the name of the new collective bargaining unit from "first responders including state law enforcement officers and state and county ocean safety and water safety officers" to "state law enforcement officers and state and county ocean safety and water safety officers" for clarity; and
- (2) Making technical nonsubstantive amendments for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 883, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 883, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 611      (Majority) Ways and Means on S.B. No. 997**

The purpose and intent of this measure is to clarify the duties of the State Archivist.

The measure also:

- (1) Authorizes the State Archivist to charge a preservation fee for permanent documents filed or registered by the public; and
- (2) Establishes a state archives preservation and long-term access special fund in which the preservation fee is to be deposited.

The Department of Accounting and General Services submitted written comments in support of this measure.

Your Committee finds that authorizing the State Archivist to charge a preservation fee will provide revenue to fund the preservation and management of electronic records. A centralized archive for digital records will reduce state expenses by eliminating duplicative services and will benefit the public by providing a single location to search for preserved information.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 997, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 997, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 612 (Majority) Ways and Means on S.B. No. 1143**

The purpose and intent of this measure is to support the activities of the Office of Environmental Quality Control.

More specifically, the purpose and intent of this measure is to:

- (1) Establish the environmental review special fund to:
  - (A) Support and maintain technology systems for the Office;
  - (B) Support outreach, training, education, and research regarding environmental stewardship; and
  - (C) Provide for the hiring of adequate staff for the Office;
- (2) Establish fees to enhance the activities of the Office of Environmental Quality Control; and
- (3) Authorize the Office to expend \$25,000 out of the environmental review special fund.

Your Committee received written comments in support of this measure from the Office of Environmental Quality Control, the Conservation Council for Hawaii, and the Nature Conservancy.

Your Committee received written comments on this measure from the Hawaii Community Development Authority.

Your Committee finds that this measure is a reasonable and appropriate means to support the operations of the State Office of Environmental Quality Control, which administers the environmental review law under chapter 343, Hawaii Revised Statutes. Your Committee also finds that this measure promotes the State's interest in improving, maintaining, and protecting the environment.

Your Committee has amended this measure by:

- (1) Amending the effective date to July 1, 2050, to promote further discussion on the measure;
- (2) Amending the appropriation to an unspecified amount; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1143, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1143, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 613 (Majority) Ways and Means on S.B. No. 1213**

The purpose and intent of this measure is to provide that one-half of the franchise tax paid by electric light and power public utilities be allocated to the Department of Transportation Highways Division to fund the operation and maintenance of state highway facilities.

Your Committee received written comments in opposition to this measure from the City and County of Honolulu and the Hawaii Council of Mayors.

Your Committee finds that electric utilities in Hawaii have long benefited from the free use of public rights-of-way along state highways. The 1954 joint pole agreement between the Territory of Hawaii and the counties allowed for free leases of public rights-of-way to the franchise utilities for placement of power poles and other utility facilities. Your Committee notes that public utilities historically have charged cable and communications companies for the use of their utility poles located in these rights-of-way, but have remitted none of these profits to the State, which owns the rights-of-way. The Department of Transportation Highways Division is responsible for the repair, removal, relocation, or replacement of public utility company infrastructure that impacts public highway projects. However, none of the franchise tax paid by public utility companies under section 240-1, Hawaii Revised Statutes, is paid to the State. Your Committee further finds that payment of a percentage of the utility franchise tax to the Department of Transportation, for deposit into the state highway fund, would compensate the State for the public utility's use of the public rights-of-way and provide a financial resource for the State to maintain and operate its highways, including the public rights-of-way and utility systems located along the highways.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1213, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1213, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Keith-Agaran). Noes, 1 (Slom). Excused, none.

**SCRep. 614 Ways and Means on S.B. No. 1214**

The purpose of this measure is to abolish the Commission on Transportation.

Written comments in opposition to this measure were submitted by the Commission on Transportation.

Your Committee finds that the Commission on Transportation was created as an advisory committee to the Department of Transportation and is no longer necessary. Your Committee further finds that abolishing the Commission on Transportation will streamline the operations of the Department.

Your Committee has amended this measure to correctly reflect the present text of section 26-19, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1214, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1214, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 615 Ways and Means on S.B. No. 1249**

The purpose and intent of this measure is to clarify the compensation to which trustees are entitled.

One individual submitted written comments in support of this measure.

Your Committee finds that past ambiguities in the law regarding trustee compensation have led to disputes between beneficiaries and trustees that resulted in litigation. Your Committee further finds that clarifying the trustee fee provisions will create a compensation system that is fair to beneficiaries and trustees and will thereby reduce the need for court intervention.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussions on the measure; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1249, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1249, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Espero).

**SCRep. 616 Ways and Means on S.B. No. 1103**

The purpose and intent of this measure is to make an emergency appropriation from the nursing facility sustainability program special fund of \$12,000,000 for fiscal year 2012-2013 to be used in accordance with the purposes of that fund, including the reimbursement of moneys advanced for those purposes in fiscal year 2012-2013 from the health care payments program.

Your Committee received comments in support of this measure from the Department of Human Services, Healthcare Association of Hawaii, Pearl City Nursing Home, and two concerned individuals.

Your Committee finds that private nursing facilities are often underpaid for the care provided to Medicaid enrollees. The nursing facility sustainability program special fund was established by Act 156, Session Laws of Hawaii 2012, to address this shortfall by assessing fees on nursing facilities and utilizing those moneys to draw down federal dollars to help offset their uncompensated care. While those fees are being assessed, the Department of Human Services, in good faith, has advanced moneys from the Medicaid health care payments program so that payments to private nursing facilities would not be delayed.

This measure will authorize the expenditure of funds from the nursing facility sustainability program special fund to ensure that the Department of Human Services will be able to continue making supplemental payments to nursing facilities and avoid a shortfall for the moneys it has already advanced.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1103 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 617 Ways and Means on S.B. No. 1102**

The purpose and intent of this measure is to make an emergency appropriation of \$43,000,000 for fiscal year 2012-2013 out of the hospital sustainability program special fund to be used in accordance with the purposes of that fund, including the reimbursement of moneys advanced in fiscal year 2012-2013 from the health care payments program.

Your Committee received written comments in support of this measure from the Department of Human Services, Healthcare Association of Hawaii, and the North Hawaii Community Hospital.

Your Committee received written comments on this measure from Hawaii Pacific Health and Hawaii Health Systems Corporation.

Your Committee finds that payments to hospitals for care provided to Medicaid enrollees often do not cover the cost of that care. To offset the uncompensated care, the hospital sustainability program, established in 2012, allows the Department of Human Services to assess fees on hospitals and utilize the moneys received to draw down federal dollars for supplemental payments to hospitals. While those fees are being collected, the Department of Human Services, in good faith, has advanced moneys from the Medicaid health care payments program to avoid delays in payments to private hospitals. This measure authorizes the expenditure of funds from the hospital sustainability program special fund to ensure that the Department of Human Services can continue making supplemental payments to hospitals and avoid a shortfall for the moneys it has already advanced.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1102 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 618      Ways and Means on S.B. No. 327**

The purpose and intent of this measure is to amend the Hawaii State Planning Act to establish a policy of:

- (1) Increasing the purchase and use of Hawaii-grown food by residents, businesses, and governmental bodies; and
- (2) Encouraging residents and visitors to support Hawaii's farmers by purchasing locally-grown products.

Your Committee received written comments in support of this measure from the Office of Planning.

Your Committee finds that food insecurity and growing obesity are severe challenges facing the State. It has been reported that one in every three children born in the year 2000 is expected to develop diabetes at some point in their lives and that more than nineteen per cent of Hawaii residents live in food insecure households. Your Committee also finds that promoting the consumption of locally-grown food will increase the availability of fresh, high quality produce throughout the State. Your Committee believes that the adoption of this policy will help ensure that agriculture is a driving economic force in Hawaii, which will lead to job creation and improved food security in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 327, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 619      (Majority) Ways and Means on S.B. No. 902**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (8) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (8) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 902, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 620      (Majority) Ways and Means on S.B. No. 903**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (8) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (8) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 903 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 621      (Majority) Ways and Means on S.B. No. 905**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (9) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (9) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 905, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 622 (Majority) Ways and Means on S.B. No. 906**

The purpose of this measure is to appropriate funds for Hawaii Employee-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (3) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (3) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 906, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 623 (Majority) Ways and Means on S.B. No. 907**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (9) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (9) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 907, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 624 (Majority) Ways and Means on S.B. No. 909**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (13) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (13) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 909, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 625 Ways and Means on S.B. No. 1289**

The purpose and intent of this measure is to require payors of non-wage payments for construction services valued at \$600 or more to report the payments to the Department of Taxation and the provider of the construction services.

In addition, the measure also establishes a fine of:

- (1) \$10,000 for failure to file a report or filing an incomplete report; and
- (2) \$20,000 for knowingly failing to file a report, or knowingly filing an incomplete, false, or misleading report.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Regional Council of Carpenters, Hawaii Construction Alliance, and Pacific Resource Partnership. One individual testified in opposition to the measure. The Department of Taxation, Office of Information Practices, and Tax Foundation of Hawaii submitted comments.

Your Committee finds that federal law requires form 1099 reporting only if the subcontractor or service provider is unincorporated. Although most construction businesses are incorporated, some unscrupulous construction businesses that are unincorporated may underreport income and defraud the State of tax revenues. Your Committee finds that this measure will close this loophole by requiring reporting of payments for construction services irrespective of whether the business is incorporated.

Your Committee has amended this measure by:

- (1) Clarifying that the report is to reflect the aggregate payments made to each provider of construction services and that the manner of reporting prescribed by the Department of Taxation may include mandatory electronic submission;
- (2) Requiring that reports include the tax identification number of the payor;
- (3) Changing the deadline for the report to be submitted to the Department of Taxation to “on or before the last day of the third month following the close of the taxable year in which the payments were made”;
- (4) Requiring the payor, instead of the Department of Taxation, to also transmit the report to the Director of Labor and Industrial Relations;
- (5) Changing the penalties to provide that:
  - (A) A payor who fails to file a report by the due date shall be assessed a civil penalty of \$1,000 per month for each month the report is not filed, not to exceed a total of \$6,000 for every annual report not filed; and
  - (B) A payor who wilfully fails to file a report by the due date shall be subject to section 231-35, Hawaii Revised Statutes;
- (6) Changing the taxable years to which the Act applies from those beginning after December 31, 2012, to those beginning after December 31, 2050, to facilitate further discussion on this measure; and
- (7) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1289, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1289, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Sлом). Noes, none. Excused, 3 (Kahele, Kouchi, Tokuda).

**SCRep. 626 Ways and Means on S.B. No. 933**

The purpose and intent of this measure is to extend the state general excise tax exclusion for the amounts received by a managed care support contractor of the TRICARE program for the actual cost or advancement to third-party health care providers, pursuant to a contract with the United States for the administration of the TRICARE program.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii and UnitedHealthcare Military & Veterans - Hawaii.

Your Committee received comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that the TRICARE program is a federal government program that provides health care services to over nine million Americans, composed of active duty, reserve, and retired members of the United States uniformed services, their family members, and survivors, including approximately one hundred fifty thousand current and former service members and their family members who reside in Hawaii. The TRICARE program contracts with third-party administrators, known as “managed care support contractors,” to establish and maintain networks of TRICARE-authorized civilian health care providers in various regions of the United States. On behalf of the United States Department of Defense, managed care support contractors make advances to health care providers, including doctors, hospitals, and other providers, for costs of health care services provided to TRICARE beneficiaries. The United States Department of Defense reimburses managed care support contractors for the actual cost or advancement made to third-party health care providers.

Citing concerns that uncertainty existed about whether the amounts received by a managed care support contractor of the TRICARE program for the actual cost or advancement to third-party health care providers, on behalf of the federal government, were subject to the state general excise tax, the Legislature enacted Act 70, Session Laws of Hawaii 2009, to clarify that the amounts received by a managed care support contractor of the TRICARE program are not subject to the state general excise tax. This measure extends the general excise tax exclusion for an additional two years.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 933, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 933, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 627 Commerce and Consumer Protection on S.B. No. 1301**

The purpose and intent of this measure is to:

- (1) Authorize the Board of Electricians and Plumbers to regulate plumber air conditioning and refrigeration pipefitters and plumber fire sprinkler pipefitters;
- (2) Revise the minimum qualifications of various journey worker plumbers and master plumber beginning on July 1, 2015;

- (3) Exclude certain work from the owner-builder licensing exemption; and
- (4) Include individuals performing plumber air conditioning and refrigeration pipefitter work or plumber fire sprinkler pipefitter work and boiler hot-water heating and steam fitting contractors, fire protection contractors, refrigeration contractors, and ventilation and air conditioning contractors employing certain individuals on a construction job site under the requirement of section 444-9.5, Hawaii Revised Statutes, that at least half of the individuals performing certain work be licensed in accordance with chapter 448E, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Board of Electricians and Plumbers; Plumbers and Fitters Union, Local 675; Plumbing and Mechanical Contractors Association of Hawaii; Hawaii Building and Construction Trades Council, AFL-CIO; and Hawaii Insurers Council. Your Committee received testimony in opposition to this measure from the General Contractors Association of Hawaii; Sheet Metal Workers' International Association, Local Union 293; Hawai'i Construction Alliance; AMV Air Conditioning Inc.; Complete Construction Services Corp.; Hawaii Laborers' Union; Guss and Kopp Development; and Hawaii Laborers-Employers Cooperation and Education Trust. Your Committee received comments on this measure from the Contractors License Board; Building Industry Association of Hawaii; and International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers, Local Union Number 625.

Your Committee finds that the State Building Code Council is in the process of adopting the next set of codes. With the growing trend and necessity for water conservation, building codes are changing to reduce water flow and encourage the safe use of reclaimed non-potable water. Currently, only potable water is piped into residential and commercial buildings. However, your Committee further finds that the plumbing industry will be adopting the 2012 Uniform Plumbing Code, which significantly expands the use of non-potable water in residential and commercial buildings, including applications in air conditioning systems, refrigeration systems, and fire sprinkler systems. New applications of non-potable water will result in a complex network of potable and non-potable water piping within a residence or building and will increase the possibility of dangerous cross connections if the individuals working on these systems are not properly trained.

Your Committee additionally finds that with the newly created non-potable water technologies and processes, it is necessary to provide the public with assurances that properly trained and experienced individuals can install, maintain, and repair air conditioning, refrigeration, and fire sprinkler systems that are in compliance with national codes and guidelines intended to protect public health and safety.

Your Committee notes that the intent of this measure, as it relates to the licensing of tradespersons to perform air conditioning and refrigeration or fire sprinkler work, is to prepare and train the workforce to handle the changes and innovations related to non-potable water technologies and processes. However, your Committee has heard concerns that this measure, as introduced, contains overly broad references to pipefitting and would require new licensing for workers who are currently regulated under other chapters of the Hawaii Revised Statutes. Your Committee understands these concerns and notes that the Department of Commerce and Consumer Affairs has been working with interested stakeholders to reach a consensus on these issues.

Your Committee finds that amendments to this measure are necessary to narrow the work related to pipefitting and clarify that the scope of this work is limited to pipefitting associated with plumbing, air conditioning and refrigeration, or fire sprinkler work. Amendments to this measure are also necessary to delay implementation of the continuing competency requirements for journey worker air conditioning and refrigeration plumbers and journey worker fire sprinkler plumbers. Your Committee notes that the Board of Electricians and Plumbers intends to work closely with the University of Hawaii community colleges and the testing contractor to ensure that the continuing competency courses and examinations for the new licensing types will be available soon after June 30, 2018. This will provide journey worker air conditioning and refrigeration plumbers and journey worker fire sprinkler plumbers sufficient time to meet the continuing competency requirements by June 30, 2021.

Accordingly, your Committee has amended this measure by:

- (1) Inserting a purpose section;
- (2) Removing language that would have excluded certain work from the owner-builder licensing exemption;
- (3) Removing language that would have amended section 444-9.5, Hawaii Revised Statutes, regarding the percentage of licensed individuals on a job necessary to perform certain work;
- (4) Narrowing and clarifying the definitions of "journey worker air conditioning and refrigeration plumber"; "journey worker fire sprinkler plumber", "journey worker plumber", and "master plumber";
- (5) Clarifying certain minimum qualifications for journey worker specialty electricians, journey worker plumbers, and journey worker industrial electricians;
- (6) Clarifying the minimum requirements that an applicant for licensure pursuant to chapter 448E, Hawaii Revised Statutes, must possess and delaying the effective date of the requirements to July 1, 2016;
- (7) Specifying that journey worker air conditioning and refrigeration plumbers and journey worker fire sprinkler plumbers shall renew their licenses every three years effective June 30, 2018;
- (8) Specifying requirements for licensure renewal beginning June 30, 2021, and thereafter;
- (9) Clarifying the continued competency requirements for licensure renewal;
- (10) Removing language related to the counties' rights to inspect plumber air conditioning and refrigeration pipefitters and plumber fire sprinkler pipefitters;
- (11) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that this amended measure is a work in progress. The Department of Commerce and Consumer Affairs will continue to work with the original proponents and opponents of this measure to ensure that concerns related to cross contamination from non-potable water are appropriately addressed, while also remaining mindful of the existing licensing requirements for other trades. This amended measure is not intended to require licensure for workers of any trade other than air conditioning and refrigeration or fire sprinkler and does not include the work customarily performed by the sheet metal industry. This amended measure is also not intended to require licensure for all workers performing pipefitting; rather it focuses on the pipefitting associated with plumbing, air conditioning and refrigeration, or fire sprinkler work and does not preclude other properly licensed contractors from performing pipefitting work within the scope of their license.

Your Committee also notes that this amended measure is intended to be used as a starting point for discussions as this measure moves through the Legislative process. Your Committee is encouraged by the discussions on this measure and is hopeful that consensus among all parties can be reached during this legislative session.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1301, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1301, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Nishihara, Solomon, Taniguchi). Noes, none. Excused, 1 (Slom).

**SCRep. 628      Tourism and Hawaiian Affairs on S.B. No. 407**

The purpose and intent of this measure is to amend statutory provisions relating to composition and quorum of island burial councils.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Oahu Island Burial Council, Oahu Council Association of Hawaiian Civic Clubs, Society of Hawaiian Archaeology, and two individuals.

Your Committee finds that certain island burial councils are having difficulty recruiting enough members to make quorum. Some councils are unable to fill regional representative council seats, and other councils are unable to fill landowner council seats. Your Committee concludes that this measure requires further clarification to ensure that each council will be able to make quorum.

Accordingly, your Committee has amended this measure by:

- (1) Decreasing the number of council members for the Kaua‘i/Ni‘ihau council from eleven members to nine members;
- (2) Decreasing the number of council members for the Moloka‘i council from nine members to five members; provided that the Moloka‘i council has no more than one representative of development and large property owner interests;
- (3) Adding a representative from the geographic region of Honua‘ula to the Maui/Lana‘i council;
- (4) Identifying Waimea and Na Pali as one geographic region as opposed to two separate geographic regions;
- (5) Granting the Office of Hawaiian Affairs the discretion to provide the Governor with a list of regional representative nominees separate from the list submitted by the Department of Land and Natural Resources and, if submitted, requiring a minimum of twenty percent of the regional vacancies to be filled by qualified candidates from the Office of Hawaiian Affairs’ list;
- (6) Deleting the requirement that the Office of Hawaiian Affairs develop the list of regional representative nominees in consultation with appropriate Hawaiian organizations; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 407, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 407, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Hee, Kahele, Slom).

**SCRep. 629      (Joint/Majority) Tourism and Hawaiian Affairs and Ways and Means on S.B. No. 1201**

The purpose and intent of this measure is to clarify that a resort fee or other surcharge imposed by a transient accommodations operator, owner, plan manager, or representative is subject to the transient accommodations tax.

Your Committees received testimony in support of this measure from the Department of Taxation. Your Committees received testimony in opposition to this measure from the Hawaii Tourism Authority, Hyatt Regency Maui Resort and Spa, Destination Resorts Hawaii Inc., Maui Hotel and Lodging Association, Starwood Hotels and Resorts, Outrigger Enterprises Group, and Hawaii Lodging and Tourism Association. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees find that there is confusion over the type of transient accommodation fees that are subject to the transient accommodations tax. Your Committees conclude that mandatory resort fees or mandatory surcharges are subject to the transient accommodations tax because the guest must pay these fees in order to use the transient accommodation. Accordingly, your Committees have amended this measure by:

- (1) Amending the definition of “resort fee” to mean any mandatory charge or surcharge imposed by a transient accommodations operator, owner, plan manager, or representative thereof to a transient or occupant for the use of the transient accommodation’s property, services, or amenities and making conforming amendments;

- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1201, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1201, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

**SCRep. 630 (Joint/Majority) Economic Development, Government Operations and Housing and Technology and the Arts and Public Safety, Intergovernmental and Military Affairs on S.B. No. 1236**

The purpose and intent of this measure is to require the installation of fiber optic cable systems in new single-family, duplex, condominium, and apartment dwellings by precluding the issuance of a building permit unless the new single-family, duplex, condominium, or apartment dwelling includes a fiber optic cable system that meets requirements to be established by rule.

Your Committees received testimony in support of this measure from the Office of Information Management and Technology, Hawaiian Telcom, and one individual. Your Committees received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs and the Building Industry Association of Hawaii.

Your Committees find that it is important to promote the development and expansion of advanced broadband systems in Hawaii because they enhance disaster management capabilities, emergency services, information access, and public communication and drive opportunities for business, education, and health care. Your Committees also believe that the use of incentives may help in advancing the development and expansion of broadband systems. Your Committees are concerned, however, about placing an undue financial burden on homeowners who may never need or be able to use broadband systems or who may live in areas better served by technologies other than broadband systems.

Your Committees have amended this measure by:

- (1) Making the measure applicable to new condominiums subject to chapter 514B, Hawaii Revised Statutes, and new planned communities, rather than to new single-family, duplex, condominium, or apartment dwellings; and
- (2) Changing the effective date to January 1, 2018, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Technology and the Arts, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1236, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1236, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

**SCRep. 631 Technology and the Arts on S.B. No. 1171**

The purpose and intent of this measure is to:

- (1) Authorize the phased review of projects by the Department of Land and Natural Resources' State Historic Preservation Division (SHPD) to ensure consistency between state and federal law; and
- (2) Delete language that provided the Governor with the option to request the Hawaii Advisory Council on Historic Preservation to report an action to overrule or sustain a department when an agency, officer, or other person is dissatisfied with a decision of the Hawaii Historic Places Review Board.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Transportation; Department of Design and Construction, City and County of Honolulu; Townscape, Inc.; and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Historic Hawai'i Foundation, Society for Hawaiian Archaeology, Association of Hawaiian Civic Clubs, Native Hawaiian Legal Corporation, and one individual.

Your Committee finds that Hawaii must preserve its historic and cultural heritage through adaptable preservation plans. The inability to phase review would negatively affect certain projects, particularly complex multi-year, multi-phase projects. For instance, if the Department of Transportation's projects cannot be phased, it is possible that new highways could not be built or old highways could not be widened.

Your Committee further finds that SHPD rules are silent on phased reviews but state that SHPD must review a project in its entirety. The Hawaii Supreme Court ruling in *Kaleikini v. Yoshioka* stated that SHPD improperly allowed for a phased review of the Honolulu Rapid Transit Corridor rail project based on federal regulations allowing for a phased review of linear projects. This measure gives SHPD greater flexibility to address preservation plans and measures in alignment with federal laws.

Your Committee has amended this measure by:

- (1) Limiting the Department of Land and Natural Resources' authorization for phased review to proposed projects consisting of corridors of large land areas, where access to properties is restricted, or where circumstances dictate that construction be done in stages;
- (2) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1171, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1171, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Nishihara, Tokuda).

**SCRep. 632 (Joint) Tourism and Hawaiian Affairs and Ways and Means on S.B. No. 170**

The purpose and intent of this measure is to expand the powers and duties of the Hawaii Tourism Authority to include perpetuating the uniqueness and importance of the native Hawaiian culture and community and the importance of the native Hawaiian culture and community to the quality of the visitor experience by ensuring that:

- (1) Native Hawaiian culture is accurately portrayed by Hawaii's visitor industry;
- (2) Native Hawaiian cultural practitioners and cultural sites that give value to Hawaii's heritage are supported, nurtured, and engaged in sustaining the visitor industry; and
- (3) A native Hawaiian cultural education and training program is provided for the visitor industry workforce having direct contact with visitors.

Your Committees received testimony in support of this measure from the Hawaii Tourism Authority, Department of Transportation, and four individuals.

Your Committees find that, in a competitive tourism market, native Hawaiian practices such as ho'okipa, or greeting and welcoming strangers, are a large part of what makes a Hawaii visitor's experience unique. It is vital to the tourist industry that the State preserves the dignity of the native Hawaiian culture and preserves those attributes that make Hawaii a desirable destination and top visitor attraction.

Your Committees have amended this measure by:

- (1) Clarifying that the Hawaii Tourism Authority, in perpetuating the uniqueness and importance of the native Hawaiian culture to visitors, must support and normalize the Hawaiian language as an official language of the State and as a foundation of the host culture that attracts visitors to Hawaii; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 170, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 170, S.D. 2, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs

Ways and Means

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Kouchi, Tokuda).

**SCRep. 633 Judiciary and Labor on S.B. No. 472**

The purpose and intent of this measure is to:

- (1) Establish a civil violation for possession of one ounce or less of marijuana that is subject to a fine of not more than \$100 to be deposited into the early intervention special fund;
- (2) Specify that the early intervention special fund shall include fines and penalties for the civil violation of possessing one ounce or less of marijuana;
- (3) Preclude the courts and Hawaii Paroling Authority from requiring substance abuse treatment for defendants or paroled prisoners found in possession of one ounce or less of marijuana; and
- (4) Make various conforming amendments to statutes to reflect the establishment of the civil violation for possession of marijuana of one ounce or less.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, IMUAlliance, The Drug Policy Forum of Hawai'i, The Drug Policy Action Group, National Organization for the Reform of Marijuana Laws, and fifty-seven individuals. Testimony in opposition to this measure was submitted by the Department of the Attorney General; Department of the Prosecuting Attorney, City and County of Honolulu; Police Department, City and County of Honolulu; Police Department, County of Hawai'i; Police Department, County of Maui; Hawaii Gas; Coalition for a Drug-Free Hawaii; and thirty-five individuals.

Your Committee finds that section 712-1249, Hawaii Revised Statutes, establishes the offense of promoting a detrimental drug in the third degree if a person knowingly possesses any marijuana in any amount. This offense is a petty misdemeanor that is punishable by up to a \$1,000 fine and thirty days of imprisonment. Recent polls have shown that there is growing sentiment among voters for making marijuana possession for personal use a civil violation instead of a crime. This measure decriminalizes the possession of one ounce or less of marijuana and makes such possession a civil violation subject to a fine not to exceed \$100.

Your Committee notes the testimony in opposition to this measure. Specifically, the Department of the Attorney General testified in opposition that this measure is contrary to federal law that makes it illegal to grow, distribute, or use marijuana. The Department of the Prosecuting Attorney of the City and County of Honolulu testified that the federal schedule of controlled substances was recently updated in September 2012 and continues to list marijuana as a schedule 1 controlled substance despite the ongoing debate about the physical effects of marijuana.

The Department of the Attorney General also testified that the deposit of the civil fines under this measure into the early intervention special fund appears to be inconsistent with section 37-52.3(2), Hawaii Revised Statutes, which requires that monies deposited into a special fund have a clear nexus between the benefits sought and the charges made upon the users or beneficiaries of the program. The Department indicated that there does not appear to be a clear nexus between marijuana fines and early intervention services.

Your Committee further finds that decriminalizing marijuana laws merits further discussion as this measure moves through the legislative process. However, the discussion should focus on establishing a civil violation for the possession of one ounce of or less of marijuana before amending existing marijuana-related laws.

Accordingly, your Committee has amended this measure by:

- (1) Changing the civil penalty from a fine not to exceed \$100 to a fine of \$1,000 to align with the petty misdemeanor fine under section 712-1249, Hawaii Revised Statutes;
- (2) Specifying that the civil fines and penalties for civil violations of possessing one ounce or less of marijuana shall be credited to the general fund rather than the early intervention special fund;
- (3) Deleting sections 2 through 12;
- (4) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 472, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 472, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 634 (Majority Judiciary and Labor on S.B. No. 532)**

The purpose and intent of this measure is to require employers to provide a reasonable break time and clean place for breastfeeding employees to express breastmilk in order to maintain breastmilk supply and continue breastfeeding. Specifically, this measure:

- (1) Adds a new section to chapter 387, Hawaii Revised Statutes, to:
  - (A) Require certain employers to provide a reasonable break time and clean location to an employee to express breastmilk for a nursing child each time the employee has a need to express breastmilk;
  - (B) Require covered employers to post a notice, in a conspicuous place accessible to employees, regarding the opportunity to express breastmilk;
  - (C) Establish an unspecified civil fine for each violation; and
  - (D) Exempt employers who employ fewer than fifty employees from providing accommodations to express breastmilk if the requirement imposes an undue hardship; and
- (2) Repeals section 378-10, Hawaii Revised Statutes, which prohibits an employer from prohibiting an employee to express breastmilk during any meal period or other break period required by law or collective bargaining agreement.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Department of Health; Office of Hawaiian Affairs; Hawai'i Civil Rights Commission; Hawaii State Commission on the Status of Women; American Civil Liberties Union of Hawai'i; Breastfeeding Hawaii; Planned Parenthood of Hawaii; United Public Workers, AFSCME Local 646, AFL-CIO; American Academy of Pediatrics, Hawaii Chapter; Women's Caucus, Hawaii State Democratic Party of Hawaii; and four individuals. Testimony in opposition to this measure was submitted by the Police Department, City and County of Honolulu; and one individual. The Chamber of Commerce of Hawaii and Hawaii Transportation Association submitted comments on this measure.

Your Committee finds that in Hawaii, over ninety percent of new mothers, which is much higher than the national average, intend to breastfeed their babies. The American Academy of Pediatrics and many other similar professional organizations recommend for infants within the first six months of life to be given only breastmilk for nourishment. Unfortunately, six months after birth, only about sixteen percent of infants are exclusively breastfed, little more than the thirteen percent national average. The Surgeon General addressed this public health problem by issuing a call to action in support of breastfeeding that included hospitals and healthcare practices, family and societal attitudes, and support in the workplace. This measure enables the State to respond to this call to action by requiring an employer with fifty or more employees to make reasonable efforts to provide a clean location for breastfeeding employees to express breastmilk in privacy.

Your Committee notes that the Department of Labor and Industrial Relations submitted proposed language that creates a new part under chapter 378, Hawaii Revised Statutes, that requires employers to provide an adequate place and time at the workplace to express breastmilk and provides civil cause of action and a penalty of \$1,000 for each violation. The Department noted that the suggested language is similar to the federal requirements under the Fair Labor Standards Act, but the suggested language covers more employers and employees than the federal law.

Your Committee also notes the concerns raised in the testimony submitted by the Police Department of the City and County of Honolulu that this measure does not limit the duration that expressing breastmilk would be required after the date of the birth of the employee's child. The Police Department indicated that without a time limitation, an employer could be required to provide break times to their employees for multiple years after the birth of each employee's child.

Accordingly, your Committee has amended this measure by:

- (1) Deleting section 2 and inserting language suggested by the Department of Labor and Industrial Relations that adds a new part to chapter 378, Hawaii Revised Statutes, to:
  - (A) Add definitions of "employee", "employer", and "person";
  - (B) Require certain employers to provide a reasonable break time for an employee to express milk for the employee's nursing child for one year after the birth of a child and a location, other than the restroom, that is shielded from view and free from intrusions from coworkers and the public that may be used by an employee to express breastmilk;
  - (C) Require covered employers to post a notice regarding the opportunity to express breastmilk in a conspicuous place accessible to employees;
  - (D) Exempt an employer who has fewer than twenty employees if the employer can show that providing the opportunity to express breastmilk at the workplace would impose an undue hardship by causing the employer significant difficulty or expense in relation to the size, financial resources, nature, or structure of the employer's business; and
  - (E) Establish a civil cause of action for injunctive relief or damages for a plaintiff within two years after the occurrence of the alleged violation and a civil penalty of \$1,000 to each violation;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 532, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 532, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

#### **SCRep. 635      Judiciary and Labor on S.B. No. 465**

The purpose and intent of this measure is to create a civil cause of action for constructive invasion of privacy against any person who captures or intends to capture, in a manner that is offensive to a reasonable person, a recording or visual image of another person while that person is engaging in a personal or familial activity.

Your Committee received testimony in support of this measure from the Governor; Hawai'i Tourism Authority; Pae 'Āina Communications, LLC; and seventeen individuals. Testimony in opposition to this measure was submitted by the Department of the Attorney General; American Civil Liberties Union of Hawai'i; Society of Professional Journalists, Hawaii Chapter; Motion Picture Association of America, Inc.; and five individuals.

Your Committee finds that Hawaii is a popular visitor destination and is home to many celebrities who are subjected to harassment from photographers and reporters seeking photographs and news stories. Public figures, such as celebrities, already have a diminished expectation of privacy. Thus, private moments while vacationing and engaged in activities with family and friends are even more precious for public figures. Existing laws are silent on a civil cause of action for the constructive invasion of privacy. This measure creates a civil cause of action for constructive invasion of privacy against any person who captures or intends to capture, in a manner that is offensive to a reasonable person, a recording or visual image of another person while that person is engaging in a personal or familial activity.

Your Committee notes the testimony in opposition that this measure is vague and overly broad and may violate the First Amendment rights under the United State Constitution and article I, section 4, of the Hawaii State Constitution. Concerns were raised regarding the meaning of certain terms in this measure, such as offensive to a reasonable person, personal and familial activities, and reasonable expectation of privacy as well as concerns that this measure applies to any image taken any place at any time in Hawaii as long as a reasonable expectation of privacy exists. Furthermore, testimony in opposition to this measure purported that existing laws

regarding trespass, invasion of privacy, and harassment are sufficient to address privacy, free speech, and safety concerns of Hawaii's residents and visitors.

Your Committee further notes that section 1708.8 of the California Civil Code is commonly known as California's "anti-paparazzi" legislation. This law provides that a defendant is liable for physical invasion of privacy when the defendant knowingly trespasses on a plaintiff's land with the intent to capture any type of visual image, sound recording, or other physical impression of the plaintiff while the plaintiff is engaging in personal or familial activity. In order to impose liability, the invasion must occur in a manner that is offensive to a reasonable person. The California law also establishes that defendants can be liable for constructive invasion of privacy. Your Committee further finds that the California physical and constructive invasion of privacy law aligns with the intent and purpose of this measure.

Your Committee believes that further clarity is needed to address the concerns raised in the written testimony in opposition to this measure. First, your Committee believes that the cause of action should be limited to personal and familial activities taking place on property owned or leased by the plaintiff. Second, in order to address the constitutional concerns, your Committee believes that an immediate interlocutory appeal process should be provided to allow an interested party to file a motion to dispose of a claim in a judicial proceeding on the grounds that the claim is barred by a defense based on the First Amendment of the United States Constitution or article I of the Hawaii State Constitution. Third, your Committee believes that further clarity is needed to specify the types of activities that constitute a personal and familial activity. Lastly, your Committee believes that this measure merits further discussion as it moves through the legislative process.

Accordingly, your Committee has amended this measure by:

- (1) Deleting sections 1 and 2 and inserting language that is modeled after section 1708.8 of the California Civil Code to:
  - (A) Establish that a defendant is liable for physical invasion of privacy when the defendant knowingly trespasses on a plaintiff's land that is owned or leased by the plaintiff with the intent to capture any type of visual image, sound recording, or other physical impression of the plaintiff while the plaintiff is engaging in personal or familial activity;
  - (B) Establish that a defendant is liable for constructive invasion of privacy when the defendant attempts to capture, in a manner that is offensive to a reasonable person, any type of visual image, sound recording, or other physical impression of the plaintiff engaging in a personal or familial activity on land owned or leased by the plaintiff and under circumstances in which the plaintiff had a reasonable expectation of privacy, through the use of a visual or auditory enhancing device, regardless of whether there is a physical trespass, if this image, sound recording, or other physical impression could not have been achieved without a trespass unless the visual or auditory enhancing device was used;
  - (C) Establish that an assault or false imprisonment committed with the intent to capture any type of visual image, sound recording, or other physical impression of the plaintiff is subject to damages and equitable relief;
  - (D) Provide general, special, and punitive damages for committing physical or constructive invasion of privacy, including disgorgement if the plaintiff proves that the invasion of privacy was committed for a commercial purpose;
  - (E) Specify certain circumstances that do not constitute a physical or constructive invasion of privacy;
  - (F) Specify that the new civil cause of action applies to only images, recordings, or physical impressions that are taken or captured in the State and applies after the effective date;
  - (G) Provide an immediate interlocutory appeal process to file a motion to dispose of a claim in a judicial proceeding on the grounds that the claim is barred by a defense based on the First Amendment of the United States Constitution or article I of the Hawaii State Constitution;
  - (H) Establish that it is not a defense that no image, recording, or physical impression was captured or sold;
  - (I) Add definitions of "for a commercial purpose" and "personal and familial activity"; and
  - (J) Provide that the rights and remedies are severable cumulative and in addition to any other rights and remedies provided by law;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 465, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 465, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Ihara).

**SCRep. 636      Judiciary and Labor on S.B. No. 286**

The purpose and intent of this measure is to:

- (1) Require reapportionment to be based in part on population data of the total number of permanent residents in the State; and
- (2) Define "permanent resident" for legislative reapportionment purposes as any individual counted as a usual resident in the last preceding United States census within the State of Hawaii.

Your Committee received testimony in support of this measure from the Hawaii State Reapportionment Commission, Military Officers Association of Hawaii, and six individuals. Testimony in opposition to this measure was submitted by the Department of the Attorney General and one individual. One individual submitted comments on this measure.

Your Committee finds that article IV, sections 4 and 6, of the Hawaii State Constitution provide for the apportionment of the Hawaii State Legislature by using a permanent resident population base. However, the Hawaii State Constitution does not define "permanent resident". This measure defines "permanent resident" for purposes of legislative reapportionment as any individual counted as a usual resident in the last preceding United States census within the State of Hawaii. The United States census defines "usual residence" as the place where a person lives and sleeps most of the time and is not the same as the person's voting residence or legal residence. Hawaii's 2010 census population was 1,360,301, including service members, their families, university students, federal civilian workers stationed in Hawaii, legal and illegal aliens, children, and prisoners incarcerated here.

Your Committee notes the concerns raised in the testimony submitted by the Department of the Attorney General that requiring the Hawaii State Reapportionment Commission to use the total permanent resident population and define that term to mean the last United States census population for the State is inconsistent with the intent of the 1992 amendment to article IV, section 4, of the Hawaii State Constitution. In *Solomon et al., v. Abercrombie, et al.*, 126 Haw. 283, 270 P.3d 1013 (2012), the Hawaii Supreme Court held that the permanent resident population base excluded nonresident military personnel and their dependents based on the 1991 Reapportionment Commission's final reapportionment plan.

Furthermore, the Department testified that a constitutional amendment is the appropriate legislative vehicle to amend the definition of "permanent resident". The Hawaii Supreme Court held in *State v. Kahlbaun*, 64 Haw. 197, 206, 638 P.2d 309, 317 (1981) that "a legislative construction implementing a constitutional amendment cannot produce an absurd result or be inconsistent with the purposes and policy of the amendment". Thus, a statute that defines permanent resident as an individual counted as a usual resident in the last preceding United States census within the State may not be implemented without a constitutional amendment.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 286, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 286, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 637 (Majority) Judiciary and Labor on S.B. No. 982**

The purpose and intent of this measure is to propose a constitutional amendment to ensure that legislatively proposed constitutional amendments are ratified by counting only affirmative and negative votes after all blank and spoiled ballots are excluded. Specifically, this measure:

- (1) Requires that the full text of any proposed constitutional amendment be available for inspection on the website of the Office of Elections;
- (2) Requires that each constitutional amendment be submitted in the form of a question embracing only one subject with the question having designated spaces to mark a "yes" or "no" on the constitutional amendment;
- (3) Requires that constitutional amendments be effective only if approved at a general election by a majority of votes constituting at least fifty percent of the total votes cast at the election, or at a special election by a majority of votes tallied on the question, with the majority constituting at least thirty percent of the total number of registered voters; and
- (4) Clarifies that blank and spoiled ballots shall not be tallied upon the question.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Testimony in opposition to this measure was received from the Department of the Prosecuting Attorney, City and County of Honolulu; Office of the Public Defender; and League of Women Voters.

The intent of this measure is to provide that a legislatively proposed constitutional amendment becomes effective if approved by a majority, counting only those votes on the question that are marked either "yes" or "no" and not counting blank and spoiled ballots. Under this measure, determining whether a legislatively proposed constitutional amendment is approved by the voters will be different from the current method of determining whether the voters have approved an amendment proposed by the constitutional convention of 1950.

Under the existing method, which also applied to legislatively proposed constitutional amendments, the majority of the votes marked "yes" and "no" must also be a majority of the total votes cast, which includes all ballots, including blank and spoiled ballots to be deemed approved by the voters. As explained by the Supreme Court in *Hawaii State AFL-CIO v. Yoshina*, 84 Haw. 374, 935 P.2d 89, "[t]he procedure for ratification of revisions or amendments is the same whether the amendments are initiated by the legislature or by a constitutional convention, and clearly requires an extraordinary majority."

Delegates to the 1950 Constitutional Convention also expressed concerns with procedures that made revisions and amendments to the constitution too easy.

Your Committee has concerns that this measure will allow the state constitution to be amended by a majority based on a small number of voters who actually vote "yes" or "no" on the proposed constitutional amendment. The Office of the Public Defender

testified that the state constitution is not supposed to be easy to amend and that an already small pool of voters submitting affirmative or negative ballots will be even smaller if this proposed constitutional amendment is ratified.

A survey conducted by the Department of the Attorney General found that in all fourteen instances that legislatively proposed constitutional amendments were voted on during the last five general elections, an average of ninety-one percent of the total number of voters who voted in the election voted "yes" or "no" to approve or reject a legislatively proposed constitutional amendment. The relatively large number of yes and no votes on constitutional amendments proposed by the legislature is encouraging.

The Department of the Attorney General also indicated in its testimony that it is not clear whether the Hawaii State Constitution includes or excludes blank or spoiled ballots in determining the majority of voters voting on the constitutional amendment question.

Accordingly, your Committee has amended this measure by:

- (1) Keeping the conditions and requirements for ratification of legislatively proposed constitutional amendments the same as for constitutional amendments proposed by a constitutional convention, but with an exception as suggested by the Department of the Attorney General that constitutional amendments proposed by the legislature become effective when approved at a general election by a majority of the votes tallied upon the question;
- (2) Adding a definition to the phrase "votes tallied" as excluding blank and spoiled ballots and to the phrase "votes cast" as including all ballots, including blank and spoiled ballots to be consistent with the expressed intent of the 1950 Constitutional Convention that established the current method for revising and amending the constitution;
- (3) Adding to the suggested language made by the Department a requirement that the number of votes tallied on the question in comparison to the number of votes cast at the general election must be a percentage that is equal to or greater than the average percentage of votes tallied on constitutional amendments proposed by the legislature in comparison to the votes cast at the general election in which the amendments were voted on in the immediately preceding ten years;
- (4) Making conforming amendments to the question to be printed on the ballot to appropriately reflect the amendments made to article XVII, section 3, of the Constitution of the State of Hawaii; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 982, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 982, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Gabbard, Slom). Noes, 1 (Ihara). Excused, none.

**SCRep. 638      Judiciary and Labor on S.B. No. 635**

The purpose and intent of this measure is to protect law enforcement animals in the line of duty by:

- (1) Establishing the offense of cruelty to a law enforcement animal in the first and second degrees; and
- (2) Adding a definition of "law enforcement animal".

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; Police Department, County of Maui; Police Department, City and County of Honolulu; Humane Society of the United States-Hawaii; and two individuals. Testimony in opposition to this measure was submitted by the Office of the Public Defender.

Your Committee finds that law enforcement animals are an integral part of Hawaii's law enforcement and corrections agencies and are hand-selected and highly trained for their jobs. These animals diligently work side-by-side with law enforcement officers, deputies, and other personnel and should be afforded special protections. This measure protects law enforcement animals in the line of duty.

Your Committee notes the comments made by the Office of the Public Defender that this measure is not necessary due to existing laws that protect service animals. Specifically, the Office cited section 711-1109.4, Hawaii Revised Statutes, relating to causing injury or death to a service dog and section 711-1109.5, Hawaii Revised Statutes, relating to the intentional interference with the use of a service dog. However, your Committee further notes that service dogs are defined under section 347-2.5, Hawaii Revised Statutes, as dogs that are trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, intellectual, or other mental disability. Thus, service dogs and law enforcement animals, which include dogs, horses, or other animals used by law enforcement or corrections agencies, are not the same.

Accordingly, your Committee has amended this measure by:

- (1) Adopting the amendments suggested by the Office of the Public Defender by replacing sections 2 and 3 with language that:
  - (A) Amends section 711-1109.4, Hawaii Revised Statutes, to include recklessly causing injury to or death of any law enforcement animal under the offense of causing injury or death to a service dog; rename the offense; provide certain exceptions to this offense; establish penalties; provide restitution; establish an affirmative defense; and define law enforcement animal; and
  - (B) Amends section 711-1109.5, Hawaii Revised Statutes, to include intentionally or knowingly harming, striking, or kicking a law enforcement animal under the offense of intentional interference with the use of a service dog; rename the offense; provide certain exceptions to this offense; establish penalties; provide restitution to be paid to the law enforcement agency; establish an affirmative defense; and define law enforcement animal; and
- (2) Making technical, nonsubstantive amendments for the purpose of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 635, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 635, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 639      Judiciary and Labor on S.B. No. 60**

The purpose and intent of this measure is to require victims of crimes and surviving immediate family members to be notified of their right to participate in the restorative justice process.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Community Alliance on Prisons, and two individuals.

Your Committee finds that research has shown that restorative justice interventions are more effective at reducing repeat crime and reducing recidivism than existing mainstream justice systems. Studies indicate that the experience of restorative justice where offenders confront their crime victims reduces the frequency of reconviction by an average of twenty-seven percent.

In 2000, the Judiciary adopted a resolution committing the Judiciary to continue to act in accordance with the principles of restorative justice and the concept of "Pono Kaulike". In 2003, the Hawaii District Court began a project called Pono Kaulike with a program objective to help parties reconcile after conflict, help victims, and reduce recidivism in offenders by promoting offender empathy for victims. As such, this measure continues the concept of restorative justice by requiring notification to victims of crimes and surviving immediate family members regarding their right to participate in the restorative justice process under the basic bill of rights for victims and witnesses.

Your Committee has amended this measure by:

- (1) Adopting the suggested language submitted by the Office of Hawaiian Affairs to include Native Hawaiian reconciliation practices, such as ho'oponopono, as part of restorative justice processes;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 60, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 60, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 640      Judiciary and Labor on S.B. No. 61**

The purpose and intent of this measure is to provide the option of participating in a restorative justice program for children who are undergoing information adjustment by a court or other designated agency, which program may involve the child and the child's parents or guardian meeting with the victim harmed by the child's law violation.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Community Alliance on Prisons, and two individuals.

Your Committee finds that many countries and other states provide juveniles involved with the justice system the opportunity to be accountable for their choices by participating in restorative justice programs. This measure provides the option of participating in a restorative justice program for children who are undergoing informal adjustment by a court or other designated agency, which program may involve the child and the child's parents or guardian meeting with the victim harmed by the child's law violation.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 61, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 61, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 641      Judiciary and Labor on S.B. No. 66**

The purpose and intent of this measure is to foster public confidence in state government by making the financial disclosure statements of members of state boards and commissions holding official authority over permitting or licensing of land use related matters, water use related matters, or the regulation of public utilities public documents and available for public inspection and duplication.

Your Committee received testimony in support of this measure from the Hawaii State Ethics Commission, League of Women Voters of Hawaii, Life of the Land, Americans for Democratic Action/Hawaii, and twenty-seven individuals. Testimony in opposition to this measure was submitted by the General Contractors Association of Hawaii and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Public Utilities Commission, and one individual.

Your Committee finds that existing law requires members of every state board or commission whose original terms of office are for periods longer than one year and whose functions are not solely advisory to file an annual financial disclosure statement with the

Hawaii State Ethics Commission. However, the financial disclosure statements of members of the majority of state boards or commissions are not available to the public for inspection. This measure provides greater transparency into the financial interests of state board and commission members holding official authority over permitting or licensing of land use related matters, water use related matters, or the regulation of public utilities to help identify potential conflicts of interests.

Your Committee has amended this measure by:

- (1) Identifying by name specific state boards and commissions to which this measure applies; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 66, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 66, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 642      Judiciary and Labor on S.B. No. 225**

The purpose and intent of this measure is to amend section 11-13, Hawaii Revised Statutes, to add a definition of “residency” to rules for determining residency for election purposes.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure provides greater clarity as to when a person is a permanent or temporary resident for purposes of establishing residency for election purposes.

Your Committee has amended this measure by:

- (1) Adding language to clarify that a person shall not be considered a resident of this State for election purposes if the person declares residency in another state; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 225, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 225, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 643      (Majority) Judiciary and Labor on S.B. No. 478**

The purpose and intent of this measure is to propose an amendment to article III, section 6, of the Hawaii State Constitution to increase the residency requirements for candidates for the office of State Senate or House of Representatives by requiring the candidates to be residents of the State for not less than five years and residents of the district from which they seek to be elected for not less than twelve consecutive months prior to the next succeeding general election.

Your Committee received testimony in support of this measure from the Ironworkers Stabilization Fund and one individual. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii and IMUAlliance. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that this measure proposes a constitutional amendment that would bring the residency requirements for candidates for the offices of State Senate and House of Representatives into conformity with the residency requirements for candidates for the office of the Governor.

Your Committee has amended this measure by adding language in the purpose section to explicitly state that the purpose of this measure is to change the residency requirements for candidates for the offices of State Senate and House of Representatives to bring those residency requirements into conformity with the residency requirements for candidates for the office of the Governor.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 478, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 478, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 644      Judiciary and Labor on S.B. No. 516**

The purpose and intent of this measure is to remove the time bar on actions to declare the existence or nonexistence of a father and child relationship for certain proceedings.

Your Committee received testimony in support of this measure from the Legal Aid Society of Hawai‘i.

Your Committee finds that according to the testimony submitted by the Legal Aid Society of Hawaii, many people in Hawaii seek to establish paternity for various purposes, including Hawaiian ancestry purposes to take advantage of programs and public benefits for themselves and for their children. Existing law does not permit a litigant to establish paternity if the given time periods have expired.

This measure removes the time bar on actions to declare the existence or nonexistence of a father and child relationship for certain proceedings.

However, according to the Legal Aid Society of Hawaii, it is a common practice of the Family Court to permit a litigant who fails to meet the time bar requirements under law to file a paternity action for good cause shown. The Legal Aid Society of Hawaii indicated in its written testimony that although the intent of this measure is to remove the time bar on filing a paternity action, the amendments remove the court's power to hear paternity actions except for cases involving adoptions, and the Legal Aid Society of Hawaii has suggested amendments to accurately reflect the intent of this measure.

Your Committee has amended this measure by:

- (1) Adopting the amendments submitted by the Legal Aid Society of Hawaii to clarify that the time bar on paternity actions may be removed by the court for good cause shown;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 516, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 516, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 645      Judiciary and Labor on S.B. No. 848**

The purpose and intent of this measure is to require legislators to disclose income from sources that have an interest in the outcome of legislation, if a single source of income is \$25,000 or more or represents twenty-five percent or more of the total annual income received from all sources other than legislative salary.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and one individual. The Hawaii State Ethics Commission submitted comments on this measure.

Your Committee finds that the public disclosure of incomes of elected officials enhances public trust, and this measure assists in reducing real and perceived conflicts of interest.

However, your Committee notes the concerns raised by the Hawaii State Ethics Commission that this measure contains ambiguous language. Furthermore, the Commission suggested that rather than focusing on the amount of income from a single source and whether that source has an interest in the outcome of legislation, this measure should be amended to require legislators to disclose persons and businesses for whom they perform paid services, regardless of whether the payment or other compensation is paid directly to the legislator or to another entity.

Coincidentally, prior to the public hearing on this measure, your Committee developed language that expands the additional disclosure requirements under this measure to state employees in addition to legislators and requires the disclosure of sources of annual income if those sources are registered lobbyists or lobbying organizations.

Your Committee has amended this measure by:

- (1) Deleting section 2 and replacing it with language that requires a state employee or legislator to disclose every source of annual income that totals more than the employee's or legislator's annual salary if that source is a registered lobbyist or lobbying organization;
- (2) Making conforming amendments to the purpose section; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 848, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 848, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 646      Judiciary and Labor on S.B. No. 509**

The purpose and intent of this measure is to propose a constitutional amendment to guarantee crime victims and their immediate surviving family members specific rights related to the information pertaining to and participation in the criminal justice process.

Your Committee received testimony in support of this measure from the Department of Public Safety; Crime Victim Compensation Commission; Hawaii State Commission on the Status of Women; Office of the Prosecuting Attorney, County of Kaua'i; Department of the Prosecuting Attorney, City and County of Honolulu; Office of the Prosecuting Attorney, County of Hawaii; Mothers Against Drunk Driving Hawaii; Sex Abuse Treatment Center; Domestic Violence Action Center; and three individuals. Testimony in opposition to this measure was submitted by the Department of the Attorney General.

Your Committee finds that existing laws improve the status of crime victims by enabling crime victims to receive restitution, requiring that crime victim statements are included in presentence reports, allowing crime victims to speak prior to sentencing, and setting forth the basic crime victim rights. However, the Crime Victim Compensation Commission testified that a constitutional amendment is necessary because these laws intended to assist crime victims frequently fail to provide meaningful protection when they

conflict with the rights of the accused. The basic bill of rights for crime victims and witnesses under section 801D-4, Hawaii Revised Statutes, does not establish permanent, enforceable rights for crime victims. This measure proposes a constitutional amendment to guarantee crime victims and their immediate surviving family members specific rights related to information pertaining to and participation in the criminal justice process.

Despite the concerns raised by the Department of the Attorney General, your Committee notes that a crime victim's bill of rights seeks to create a balance in which the defendant's rights are protected and the crime victim is ensured meaningful participation in the criminal system. The Crime Victim Compensation Commission clarified that this proposed constitutional amendment in no way diminishes a criminal defendant's constitutional rights or interferes with the prosecution of a criminal case. Instead, this measure guarantees victims the opportunity to be heard, remain informed, receive restitution, and have their property returned.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 509 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 647 Public Safety, Intergovernmental and Military Affairs on S.B. No. 1176**

The purpose and intent of this measure is to allow certain individuals who serve on the panel that nominates Hawaii Paroling Authority members to select designees to represent them on the panel.

Your Committee received testimony in support of this measure from the Department of Public Safety and Hawaii Paroling Authority.

Your Committee finds that the Hawaii Paroling Authority nomination panel includes the Chief Justice of the Hawaii Supreme Court, the Director of Public Safety, President of the Bar Association of Hawaii, and President of the Hawaii Chapter of the National Social Workers Association. The panel is responsible for vetting the list of applicants, conducting interviews, and submitting not less than three names per vacancy for the Governor's consideration. Your Committee finds that this work averages three to five full days of meetings – a schedule that is often impractical for individuals in high level positions to regularly attend and still complete their existing work responsibilities. This measure allows the Chief Justice, Director of Public Safety, and Presidents of the Hawaii State Bar Association and Hawaii Chapter of the National Social Workers Association to appoint designees to represent their organizations at these meetings to ensure the timely nomination of new members.

Your Committee finds that in the interest of transparency, certain information should be made available to the public following parole release hearings. This basic information includes the inmate's name, whether the parole request was granted or denied, and the reason for a denial of a parole request. However, your Committee notes that this measure is not intended to require confidential information to be made public.

Your Committee further finds that under existing law, there is no set quorum requirement for the Hawaii Paroling Authority. Your Committee finds that a clear quorum requirement should be codified, with provisions that govern situations in which a conflict of interest arises that requires recusal of an Authority member.

Your Committee has amended this measure by:

- (1) Requiring certain information regarding parole decisions by the Hawaii Paroling Authority to be made public after a parole release hearing;
- (2) Requiring three Hawaii Paroling Authority panel members for quorum, unless there is a recusal due to a conflict of interest, in which case two panel members shall satisfy the quorum requirement; and
- (3) Inserting an effective date of January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1176, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1176, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 648 (Joint) Judiciary and Labor and Ways and Means on S.B. No. 1272**

The purpose and intent of this measure is to set the employer contribution rate to the unemployment insurance trust fund at schedule F for calendar year 2013.

Your Committees received testimony in support of this measure from The Chamber of Commerce of Hawaii; North Shore Chamber of Commerce; Moloka'i Chamber of Commerce; Maui Chamber of Commerce; Kona-Kohala Chamber of Commerce; Hawai'i Island Chamber of Commerce; Kauai Chamber of Commerce; Retail Merchants of Hawaii; Hawai'i Alliance of Nonprofit Organizations; Hawaii Food Industry Association; Island Landscape; Kauai Board of REALTORS; Hawaii Credit Union League; Employers Options; Decision Research Corporation; Hawaii Group, Inc.; Hawaii Automobile Dealers Association; Hawaii Human Resources, Inc.; Hawaii Employment Services, Inc.; Hawaii Association of Professional Employer Organizations; KTA Super Stores; Pizza Bob's; and Big Island Toyota. Testimony in opposition to this measure was submitted by the Department of Labor and Industrial Relations, Hawaii State AFL-CIO, and International Longshore and Warehouse Union, Local 142.

Existing law provides that the unemployment insurance employer contribution rate schedule for each calendar year is determined by the ratio of the current reserve fund to the adequate reserve fund. Since calendar year 2008, the statutorily determined rate schedules

have been lowered by legislative actions that resulted in a savings of \$350,000,000 for employers. For calendar year 2013, according to the contribute rate schedule set by section 383-68, Hawaii Revised Statutes, the employer contribution rate to the unemployment insurance trust fund is set at schedule G. This measure will mitigate the tax increase of an additional \$150 per employee, on average, under schedule G to help businesses recover during this slow growth period and provide stability and certainty during uncertain times.

Your Committees note the concerns raised in the testimony submitted by the Department of Labor and Industrial Relations. The Department testified that the present balance of the unemployment insurance trust fund to \$125,000,000, which is only one-third of the adequate reserve level of \$384,000,000. The Department noted that Hawaii's unemployment rate is at 5.2 percent, which is one of the lowest in the United States, and at the pre-recession level and that the unemployment reserves should be accumulated during periods of economic expansion. Furthermore, due to events such as the "fiscal cliff" federal sequestration, and the continuing challenges in the European economy, the Department further noted that it is important and prudent to adhere to the intent in establishing the unemployment trust fund, which is to ensure that there are adequate reserves capable of paying benefits to cushion economic downturns and provide income for unemployed individuals. The Department indicated that currently there is only four months' worth of benefits at the highest benefit cost ratio.

Your Committees further note that while the unemployment rates appear to be improving, this improvement is slow and unpredictable. Your Committees are concerned with the pending federal sequestration and the potential impact any sweeping federal budget cuts will have on Hawaii's unemployment rate. In light of this, your Committees find that maintaining the employer contribution rate at schedule F is a cautious approach until the impact of federal sequestration on Hawaii's unemployment rate can be properly assessed.

Accordingly, your Committees have amended this measure by:

- (1) Setting the employer contribution rate to the unemployment insurance trust fund at schedule F for calendar year 2014, in addition to calendar year 2013; and
- (2) Applying the employer contribution rate retroactively to January 1, 2013, to align with the beginning of calendar year 2013.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1272, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1272, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 5. Noes, none. Excused, none.

Ways and Means

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 649 Judiciary and Labor on S.B. No. 229**

The purpose and intent of this measure is to establish the causes, manner, and procedures for the removal of the Governor, Lieutenant Governor, and appointive officers by impeachment.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that article III, section 19, of the Hawaii State Constitution requires the Legislature to establish laws providing the causes, manner, and procedure for the impeachment of the Governor, Lieutenant Governor, and any appointive officers for whose removal the consent of the Senate is required. However, existing law does not establish an impeachment process. This measure fulfills the Legislature's constitutional requirement.

Your Committee has amended this measure by:

- (1) Specifying that the accused may object to the sufficiency of the articles of impeachment within thirty days of having been served the articles of impeachment or within thirty days of the last publication of the articles of impeachment pursuant to the notice requirements for an impeachment hearing;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 229, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 229, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 650 Ways and Means on S.B. No. 795**

The purpose and intent of this measure is to increase the transparency of the state budgeting process by requiring the preparation of a state comprehensive annual financial report, fiscal budget statements, and other financial reports.

Prior to the public hearing on this measure, your Committee circulated for review and comment a proposed S.D. 1.

The proposed S.D. 1 amended this measure by deleting its contents and replacing them with provisions that:

- (1) Establish an investigative unit within the Office of the Auditor to investigate waste, fraud, abuse, nonfeasance, and malfeasance of state finances;
- (2) Prescribe the circumstances under which an investigation may be initiated; and
- (3) Appropriate an unspecified amount to fund the investigative unit.

Your Committee received testimony in support of this measure from the Commission on Transportation, the Office of the Auditor, and six individuals.

Your Committee finds that unlike many other states' auditor offices, the Office of the Auditor does not have a dedicated investigative unit. Authorizing the Auditor to establish an investigative unit, along with an appropriation of funds, will provide the Auditor with the authority and means to investigate alleged or suspected improper uses of state finances that are beyond the scope of audits currently performed by the Auditor.

Your Committee has further amended the proposed S.D. 1 by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 795, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 795, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 6 (Dela Cruz, Kahele, Keith-Agaran, Kouchi, Thielen, Slom).

**SCRep. 651 (Joint) Judiciary and Labor and Ways and Means on S.B. No. 946**

The purpose and intent of this measure is to manage the unfunded liabilities of the Employer-Union Health Benefits Trust Fund.

More specifically, the measure:

- (1) Requires the trust fund to establish a separate trust fund for public employer contributions, with separate accounts for each public employer;
- (2) Establishes an annual required contribution that public employers must pay into the separate trust fund;
- (3) Requires the use of a portion of the general excise tax revenues to supplement deficient state public employer contribution amounts;
- (4) Requires the use of a portion of the transient accommodations tax revenues to supplement deficient county public employer contributions; and
- (5) Requires the Director of Finance to submit an implementation plan to have both the Employer-Union Health Benefits Trust Fund and the Employees' Retirement System jointly share investment information and services.

Your Committees received testimony in support of this measure from one concerned individual.

Your Committees received written comments on this measure from the Department of Budget and Finance, the Employees' Retirement System of the Department of Budget and Finance, and the Tax Foundation of Hawaii.

Your Committees find there is a critical need to find a manageable approach to resolving the unfunded liability of the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committees further note the concerns raised by the Board of Trustees of the Employees' Retirement System that enactment of this measure may possibly disrupt the board's primary fiduciary responsibility to the Employees' Retirement System. The Board is also concerned about possible federal income tax code issues that may jeopardize the tax qualification of the Employees' Retirement System. Your Committees are appreciative of the Board's comments and will consider these concerns while continuing the discussion on the measure.

Your Committees have amended this measure by:

- (1) Authorizing the Director of Finance to supplement deficient public employer contributions from other revenues or funds collected on behalf of the public employer or held by the State;
- (2) Changing the effective date to July 1, 2050, in order to facilitate continued discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity and style.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 946, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 946, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Gabbard).

Ways and Means

Ayes, 11; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 652 (Joint) Economic Development, Government Operations and Housing and Technology and the Arts on S.B. No. 736**

The purpose and intent of this measure is to stimulate economic growth in Hawaii by re-enacting the income tax credit for qualified research activities for a period of five years and adding reporting requirements.

Your Committees received testimony in support of this measure from Pukoa Scientific; Oceanit Laboratories, Inc.; Navatek, Ltd.; The Chamber of Commerce of Hawaii; and two individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Taxation; Hawaii Strategic Development Corporation; High technology Development Corporation; and the Tax Foundation of Hawaii.

Your Committees find that the tax credit for qualified research activities sunset on December 31, 2010. The tax credit is important to the success of local research and high technology companies as it allows these companies to remain competitive with mainland companies. The tax credit also fosters job growth and the purchase of goods and services in Hawaii.

Your Committees have amended this measure by:

- (1) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 736, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 736, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 5. Noes, none. Excused, 2 (Baker, Wakai).

Technology and the Arts  
Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 653 Ways and Means on S.B. No. 83**

The purpose and intent of this measure is to permit the Hawaii Public Housing Authority to rent dwelling units or community facilities in public housing projects to nonprofit organizations or government agencies that provide support services.

Your Committee finds that renting facilities in public housing projects to nonprofit organizations or government agencies will enhance the ability of these entities to provide support services to low income or special needs individuals and families. Your Committee believes that making support services available on site will provide a central and convenient location for these persons to access services that they may not otherwise receive.

Your Committee has amended this measure by:

- (1) Clarifying that rented units may be used for government employees providing resident programs and services;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 83, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 83, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 654 Ways and Means on S.B. No. 137**

The purpose and intent of this measure is to appropriate funds to the Department of Health to establish a permanent full-time position to facilitate the licensing of home care agencies.

Your Committee finds that measures must be taken to ensure that Hawaii's elderly population is receiving the highest quality care from home care providers.

Your Committee has amended this measure by:

- (1) Making a technical nonsubstantive amendment for the purpose of clarity; and
- (2) Changing the effective date to July 1, 2050, to facilitate continued discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 137, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 137, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Espero).

**SCRep. 655      Ways and Means on S.B. No. 722**

The purpose and intent of this measure is to require the Department of Accounting and General Services to expand the comprehensive information system established pursuant to Act 54, Session Laws of Hawaii 2011, to inventory and maintain information about the public facilities located on lands of the public land trust.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, the Department of Transportation, and one individual

Your Committee finds that establishing a comprehensive and dynamic information system for public facilities is part of the enterprise resource planning project. Your Committee further finds that an inventory of public facilities will assist the State in managing its assets and will thereby reduce lost revenue by ensuring that facilities are used to their full potential.

Your Committee has amended this measure by:

- (1) Clarifying that the inventory shall include public buildings, facilities, and sites;
- (2) Inserting an appropriation for unspecified sums for the 2013-2015 fiscal biennium to defray costs associated with conducting the inventory;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 722, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 722, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 656      Ways and Means on S.B. No. 1074**

The purpose and intent of this measure is to regulate the practice of physical therapist assistants.

More specifically, this measure:

- (1) Requires a physical therapist assistants to obtain a license to practice from the Board of Physical Therapy;
- (2) Adds a licensed physical therapist assistant as a member of the Board of Physical Therapy; and
- (3) Appropriates funds out of the compliance resolution fund for fiscal year 2014-2015 to implement the licensure of physical therapist assistants by the Department of Commerce and Consumer Affairs.

Your Committee received written comments in support of this measure from the Board of Physical Therapy, Physical Therapist of Hawaii, the Occupational Therapy Association of Hawaii, and twenty-seven concerned individuals.

Your Committee finds that this measure regulates the practice of and requires physical therapist assistants to receive appropriate education and training to practice in the State. Your Committee further finds that physical therapist assistants provide medical services to the residents of the State and that it is in the interest of the State to regulate these providers to ensure the quality of medical services provided.

Your Committee has amended this measure by:

- (1) Clarifying that a physical therapist assistant means a person who is licensed as a physical therapist assistant in the State and assists the physical therapist in selected components of treatment or intervention;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the effective date for section 8 of the measure to July 1, 2051, and to July 1, 2050, for the rest of the measure to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1074, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1074, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 657      (Majority) Ways and Means on S.B. No. 1109**

The purpose and intent of this measure is to ensure that victims of sexual assault are provided information about and access to emergency contraception when receiving emergency medical care for sexual assault.

Your Committee received written comments in support of this measure from the Department of Human Services; Department of the Prosecuting Attorney, City and County of Honolulu; Community Alliance on Prisons; IMUAlliance; The Sex Abuse Treatment Center; Planned Parenthood of Hawaii; and Kaiser Permanente Hawaii.

Your Committee finds that, according to a report prepared by the Department of the Attorney General, there were three hundred fifty-three reported cases of forcible rape in Hawaii in 2011. Further, according to the United States Department of Justice, over half

of all rapes are not reported to the police. There are an estimated thirty-two thousand rape-related pregnancies every year in the United States.

Your Committee also finds that the American Medical Association and the American College of Obstetricians and Gynecologists have stated that sexual assault victims should be informed about and provided emergency contraception. However, a 2010 survey of emergency facilities in Hawaii revealed a lack of clear policy on the issue. Your Committee further finds that this measure establishes statewide hospital standards to ensure that hospital emergency rooms provide female sexual assault victims with information about and access to emergency contraception.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1109, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1109, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kouchi). Noes, 1 (Slom). Excused, none.

**SCRep. 658 (Majority) Ways and Means on S.B. No. 1135**

The purpose and intent of this measure is to expand the electronic device recycling program by establishing requirements for recordkeeping, reporting, and registration for collectors of electronics. This measure also amends penalties and establishes recycling percentage goals.

Your Committee received written comments in support of this measure from the Ulupono Initiative, Department of Health, and two individuals. The Custom Electronic Design and Installation Association submitted written comments in opposition to this measure. Your Committee received written comments on this measure from the Consumer Electronics Association, Retail Merchants of Hawaii, and State and Local Government Affairs and Political Compliance.

Your Committee finds that the amount of electronic waste is expected to increase in the future and that establishing an efficient recycling program will help the people of Hawaii both economically and environmentally.

Your Committee has amended this measure by:

- (1) Changing the percentages for the recycling goals to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussions on the measure;
- (3) Making numerous technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1135, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1135, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 659 Ways and Means on S.B. No. 406**

The purpose and intent of this measure is to require members of certain state councils, boards, and commissions to complete a training course administered or approved by the Office of Hawaiian Affairs relating to native Hawaiian and Hawaiian rights.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs and one individual. Your Committee received written comments in opposition to this measure from the Land Use Research Foundation. The Department of Land and Natural Resources submitted written comments.

Your Committee finds that certain state councils, boards, and commissions administer public trust resources and programs that directly impact native Hawaiian and Hawaiian traditional and customary rights, natural resource protection and access rights, and the public trust. Your Committee believes that the training course required by this measure will provide relevant guidance to certain state appointees to assist them in fulfilling their duties and responsibilities relating to native Hawaiian and Hawaiian rights in a culturally responsive manner.

Your Committee has amended this measure by:

- (1) Authorizing the Office of Hawaiian Affairs to offer abbreviated training courses directly to state agencies, as well as councils, boards, and commissions; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 406, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 406, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 660 Ways and Means on S.B. No. 680**

The purpose and intent of this measure is to establish the operational infrastructure to help ensure the health and safety of the people of Hawaii.

Specifically, the measure:

- (1) Enacts a homeland security law to establish a state homeland security office within the Department of Defense; and
- (2) Authorizes the establishment of county organizations for homeland security.

Your Committee received written comments in support of this measure from the Department of Defense, State Fire Council, Kauai Fire Department, County of Hawaii Civil Defense Agency, County of Maui Department of Fire and Public Safety, and four individuals.

Your Committee received written comments on this measure from the Department of Human Resources Development.

Your Committee finds that state departments and agencies are performing many missions and tasks to combat terrorism and support homeland security requirements without underlying statutory authority or enabling legislation. Your Committee further finds that this measure will establish a homeland security office to provide a comprehensive program to protect our citizens, infrastructure, and government from terrorism and threat of attack.

Your Committee has amended this measure by:

- (1) Providing that the Administrator of Homeland Security shall be exempt from civil service under chapter 76, Hawaii Revised Statutes;
- (2) Deleting a reference to emergency powers of the Governor as redundant with statutory provisions in chapter 128, Hawaii Revised Statutes;
- (3) Specifying that the Director of Homeland Security shall foster coordination on security matters with all nations of the Pacific region only to the extent permitted under federal law;
- (4) Amending the quoted text of section 26-21, Hawaii Revised Statutes, to accurately reflect the contents of that section; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 680, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 680, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 661 Ways and Means on S.B. No. 1118**

The purpose and intent of this measure is to provide that the salaries of certain Hawaii Public Housing Authority key executive management personnel are subject to the compensation limitations established by the United States Department of Housing and Urban Development.

Your Committee finds that the Hawaii Public Housing Authority is funded primarily through federal funding or rental receipts, including the salaries of Authority employees. Current state law establishing the salaries of key employees inhibits the hiring of qualified personnel with skills and expertise that would assist the Authority in fulfilling its duties and responsibilities. Not only will this measure enable the Authority to attract and retain qualified personnel, it will allow the Authority's Board of Directors to satisfy federal requirements, including providing certification to the federal Department of Housing and Urban Development that the salary of the executive director was established pursuant to a mandatory comparable salary study.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1118, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1118, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 662 Ways and Means on S.B. No. 1170**

The purpose and intent of this measure is to provide alternative civil enforcement options that may be utilized by the Board of Land and Natural Resources in the processing of natural and cultural resource violations.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Department of Land and Natural Resources, The Nature Conservancy, and two individuals.

Current law authorizes the Board of Land and Natural Resources to levy administrative fines and order encroachment removal and damage restoration for violations of natural and cultural resource laws. Your Committee finds that this measure will provide the Board

of Land and Natural Resources greater flexibility in enforcing natural and cultural resource violations administratively instead of using the judicial system, which is more costly to all parties involved.

Your Committee has amended this measure by:

- (1) Requiring the director of finance for each county to deny any application for vehicle registration if notified by the Board of Land and Natural Resources that the applicant has failed to discharge a condition imposed by the Board of Land and Natural Resources;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1170, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1170, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 663 Ways and Means on S.B. No. 59**

The purpose and intent of this measure is to increase the monthly board rate for foster care services for children.

Your Committee received written comments in support of this measure from Catholic Charities Hawaii, Hale Opio Kauai, Inc., and four individuals.

Your Committee received written comments on this measure from the Department of Human Services and Youth Services Network.

Your Committee finds that the current monthly board rate for children in foster care is \$529 and that this amount is insufficient to cover the costs of care, food, housing, and other necessities for the foster children. Accordingly, your Committee finds that this measure is necessary to cover the increased living costs for children in the foster care system.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 59, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 59, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 664 Ways and Means on S.B. No. 305**

The purpose and intent of this measure is to authorize the Hawaii Public Housing Authority to develop, or assist under a government assistance program in the development of, public housing projects.

In addition, the measure also authorizes the Hawaii Public Housing Authority to develop commercial, industrial, and other properties in connection with the development of public housing dwelling units.

Your Committee received written comments in support of this measure from the Department of Planning and Permitting for the City and County of Honolulu.

Your Committee finds that providing the Hawaii Public Housing Authority with more development options will help the State further serve low-income residents and communities surrounding low-income housing projects. By authorizing the Hawaii Public Housing Authority to incorporate mixed use development, your Committee believes that this measure will not only increase the supply of public housing, but will also create employment opportunities and more affordable lifestyles for tenants.

Your Committee has amended this measure by:

- (1) Requiring that the net proceeds of sales and leases be deposited into the Public Housing Revolving Fund;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 305, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 305, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 665 Ways and Means on S.B. No. 312**

The purpose and intent of this measure is to authorize the Hawaii Public Housing Authority to enter into agreements with the Department of Public Safety to provide security services to protect the residents, staff, buildings, and lands under the Authority's control.

Your Committee received written comments on this measure from the Department of Public Safety.

Your Committee finds that conditions at certain public housing projects in the State have deteriorated, resulting in instances of violence, public drunkenness, and excessive noise. Your Committee believes that this measure will allow the Hawaii Public Housing Authority and Department of Public Safety to collaborate to provide safer conditions for public housing residents, staff, and property.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaii Public Housing Authority may enter into agreements with the Department of Public Safety to obtain the aid and cooperation of the Sheriff Division to provide security services;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion of the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 312, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 312, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Kouchi).

**SCRep. 666      Ways and Means on S.B. No. 551**

The purpose and intent of this measure is to establish a memorial to honor certain veterans.

Specifically, this measure directs the Office of Veterans Services, with the assistance of the Department of Accounting and General Services and the state Department of Defense, to develop a plan to establish a memorial honoring the veterans of the Persian Gulf War, Operation Desert Storm, Operation Iraqi Freedom, Operation Enduring Freedom, and Operation New Dawn in the historic district of Honolulu.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services and the Office of Veterans Services.

Your Committee finds that veterans from Hawaii served valiantly and courageously during the Persian Gulf War, Operation Desert Storm, Operation Iraqi Freedom, Operation Enduring Freedom, and Operation New Dawn. Construction of a memorial in the historic district of Honolulu to honor that service is wholly appropriate and well deserved. In addition, the memorial should honor our more recent veterans.

Your Committee has amended this measure by:

- (1) Adding service members of the Global War on Terrorism, Homeland Defense, Operation Noble Eagle, and those who have protected our borders by land, sea, and air, as honorees of the memorial; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 551, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 551, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 667      Ways and Means on S.B. No. 595**

The purpose and intent of this measure is to expand the definition of the term "agricultural commodity" to exempt amounts received from the loading, transportation, and unloading of milk, poultry, eggs, poultry carcass, poultry meat, and aquaculture and aquaponics products to be consumed in the State, whether processed in the State or imported, from the general excise tax.

Your Committee received written comments in support of this measure from the Hawaii Cattlemen's Council, Hawaii Farm Bureau Federation, Hawaii Food Industry Association, and Ulupono Initiative.

Your Committee received written comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that, under current law, amounts received for loading, transporting, and unloading agricultural commodities are exempt from the general excise tax. However, the term "agricultural commodity" is narrowly defined, under section 147-1, Hawaii Revised Statutes, to only include fresh fruits, fresh vegetables, nuts, coffee, and honey. Your Committee believes that milk, poultry, eggs, poultry carcass, poultry meat, and aquaculture and aquaponics products are also important agricultural commodities that should be afforded the same tax treatment.

Your Committee has amended this measure by:

- (1) Adding definitions for the terms "aquaculture products" and "aquaponics products";
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 595, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 595, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 668 Ways and Means on S.B. No. 606**

The purpose and intent of this measure is to promote student employment at University of Hawaii campuses.

Specifically, this measure:

- (1) Appropriates funds for support staff and student employees; and
- (2) Prioritizes funding for students working on programs that support access, retention, and diversity.

The University of Hawaii System submitted written comments in support of this measure.

Your Committee finds that students who work on campus tend to perform better academically than those who work off-campus. The University of Hawaii at Manoa spends approximately \$22,000,000 to hire and employ students, yet more than 2,500 students could not find an on-campus job during the most recently completed semester. Your Committee further finds that this measure will increase student employment throughout the University of Hawaii System, improve the financial status of students, and improve students' academic performance.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriated moneys may be used for students being paid hourly wages;
- (2) Clarifying funding priorities for student-employees;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 606, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 606, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 669 (Majority) Ways and Means on S.B. No. 747**

The purpose and intent of this measure is to prohibit the operation of more than one parasail vessel at any given time in state waters per permit in a county with a population over seven hundred thousand.

In addition, this measure limits the number of vessels that a thrill craft permit holder may operate for rent to six per permit.

Your Committee received written comments in support of this measure from three individuals. Your Committee received written comments in opposition to this measure from two individuals.

Your Committee finds that although existing law allows a parasail permit holder to operate only one parasail vessel per permit, there have been reports that one operator has been getting around this vessel limit by keeping a second vessel standing by ready to operate as soon as the first vessel has completed flying its passengers. Your Committee believes that this measure addresses that concern by prohibiting the operation of more than one parasail vessel in state waters per permit, regardless of whether both vessels are being actively operated for flying passengers.

Your Committee has amended this measure by:

- (1) Inserting a savings clause;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 747, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 747, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 670 Ways and Means on S.B. No. 814**

The purpose and intent of this measure is to increase safety of low-income housing projects. Specifically this measure would authorize the Hawaii Public Housing Authority to permit law enforcement officers to reside at state low-income housing projects for the purpose of increasing security.

The Department of Public Safety submitted written comments in support of this measure.

Your Committee finds that authorizing otherwise ineligible law enforcement officers to reside at state low-income housing projects will increase security, prevent crime, assist in crime intervention efforts, and help protect the residents of public housing developments.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussions on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 814, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 814, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 671      Ways and Means on S.B. No. 873**

The purpose of this measure is to support and facilitate the collection of court-ordered restitution for crime victims by:

- (1) Establishing requirements and procedures for income withholding orders for crime victim restitution;
- (2) Repealing a court's authority to revoke restitution once ordered;
- (3) Requiring that money posted as bail be applied toward the payment of any court-ordered restitution, fines, or fees in the same case;
- (4) Expanding crime victims' access to adult probation records to include access to the defendant's record of compliance with court-ordered payments; and
- (5) Appropriating funds to the Judiciary for the purpose of enhancing the collection of restitution.

Your Committee received written comments in support of this measure from the Judiciary and the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee received written comments on this measure from the Department of the Attorney General.

Your Committee finds that while courts order the payment of restitution to victims in many criminal cases, it is not strictly enforced, and victims often must resort to private civil actions against the defendant. Not only does this situation decrease the chances that a victim will ever receive the restitution payments that they were promised, but it further demoralizes the victim and negates the benefits that the restitution was intended to provide. This measure promotes the consistent and comprehensive enforcement of restitution collection to ensure that restitution provides an effective tool for restoring crime victims.

Your Committee has amended this measure by:

- (1) Expanding the types of court orders having priority over income withholding orders for crime victim restitution to include family court orders made pursuant to chapter 571, Hawaii Revised Statutes, and child support orders made pursuant to chapter 576D, Hawaii Revised Statutes, to comply with federal law;
- (2) Removing the reference to penalties under contempt of court for violations of the prohibition against employers refusing to hire a prospective employee, discharging an employee, or taking any other disciplinary action against an employee based upon an order or notice to withhold income for crime victim restitution and making such actions a misdemeanor; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 873, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 873, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 672      Ways and Means on S.B. No. 961**

The purpose and intent of this measure is to promote and provide for the secure sharing of information among state departments and agencies.

The Office of Information Management and Technology submitted written comments in support of this measure.

Your Committee finds that the State has thirty-five lines of business and two hundred twenty business functions. Creating an environment to securely share information will increase efficiency, facilitate federal reporting, and support the State's Open Gov and Open Data Initiative.

Your Committee has amended this measure by:

- (1) Clarifying that each department that collects information shall be the authoritative source and custodian of that information for legal proceedings;
- (2) Clarifying that this measure shall not reduce a department's responsibility for protecting information and data as required by law;
- (3) Renumbering a misnumbered paragraph; and
- (4) Changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 961, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 961, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 673 (Majority) Ways and Means on S.B. No. 987**

The purpose and intent of this measure is to require the assessment of and collection of impact fees in full prior to or upon issuance of a water meter.

Your Committee finds that the law currently requires impact fees to be assessed and paid upon the issuance of a grading or building permit.

Your Committee believes that requiring the assessment and collection of impact fees prior to or upon issuance of a water meter as well will give counties necessary flexibility in the planning and development of land and will align state law with county ordinances and practices.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 987, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 987, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (English, Thielen). Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 674 Ways and Means on S.B. No. 991**

The purpose and intent of this measure is to support agriculture in the State by increasing the consumption of locally grown food.

More specifically, this measure exempts from the Public Procurement Code the purchase of fresh meats, fresh produce, animals, and plants to be used by any governmental body.

Your Committee received written comments in support of this measure from the Office of Planning, Department of Public Safety, State Procurement Office, Board of Agriculture, and Uluono Initiative.

Your Committee received written comments on this measure from the Hawaii Farm Bureau Federation.

Your Committee finds that the promotion of local agriculture results in improved economic activity and food security. This measure will promote local agriculture by making it easier for governmental agencies to acquire local agricultural commodities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making a technical nonsubstantive amendment for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 991, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 991, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 675 Ways and Means on S.B. No. 992**

The purpose and intent of this measure is to promote biosecurity by authorizing the Department of Agriculture to issue loans for biosecurity projects to qualified farmers.

Your Committee received written comments in support of this measure from the Department of Agriculture, Uluono Initiative, and one individual.

Your Committee finds that increased federal biosecurity regulations help protect livestock from pests and diseases and help ensure the health and safety of farmers and consumers. These regulations often add costs, but rarely increase farmers' profits. Authorizing the Department of Agriculture to issue low-interest biosecurity loans will help the livestock industry meet federal regulations, while spreading the costs of federal compliance over time.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 992, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 992, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 676 Ways and Means on S.B. No. 1002**

The purpose and intent of this measure is to repeal the Stadium Authority's authority to maintain, operate, manage, and promote the Kapolei Recreational Sports Complex.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and the Stadium Authority.

Your Committee finds that in October 2006, the property upon which the Kapolei Sports Complex was to be built was transferred to the Department of Hawaiian Home Lands, which has since arranged for the construction of a mixed use shopping center. Since there will be no Kapolei Sports Complex, your Committee further finds that deleting references to the Stadium Authority's responsibility regarding the complex is a housekeeping measure that conforms the law to current circumstances.

Your Committee has amended this measure by making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1002, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1002, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 677 Ways and Means on S.B. No. 1387**

The purpose of this measure is to improve the selection process for members of the University of Hawaii Board of Regents by:

- (1) Authorizing the Governor to reject the list of candidates presented by the Regents Candidate Advisory Council; and
- (2) Requiring the Regents Candidate Advisory Council to provide a new list of candidates to the Governor within sixty days of the rejection.

In addition, this measure specifies that each member of the Regents Candidate Advisory Council shall serve for the duration of the term of the member's appointing authority, up to a maximum of four years per term.

Your Committee received written comments in support of this measure from the Policy Office of the Governor.

Your Committee received written comments in opposition to this measure from the University of Hawaii Regents Candidate Advisory Council.

Your Committee finds that the University of Hawaii and the State are best served by a process that increases the Governor's flexibility to appoint members of the Board of Regents on the basis of how each candidate's individual talents will complement the overall membership of the board. This flexibility would be further enhanced by allowing the Governor to reject specific candidates presented by the Regents Candidate Advisory Council in lieu of rejecting the entire list of candidates.

Accordingly, your Committee has amended this measure by:

- (1) Authorizing the Governor to reject specific candidates from the list of candidates submitted by the Regents Candidate Advisory Council;
- (2) Requiring the Regents Candidate Advisory Council to present the Governor with a new candidate for each rejection of a specific candidate within sixty days of each rejection; and
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1387, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1387, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (Kahahe, Kouchi).

**SCRep. 678 (Majority) Ways and Means on S.B. No. 104**

The purpose and intent of this measure is to require the Director of the Executive Office on Aging to contract for a feasibility study on a mandatory public long term care financing program for the State.

Your Committee received written comments in support of this measure from the American Association of Retired Persons Hawaii, Executive Office on Aging, Policy Advisory Board for Elder Affairs, and six individuals.

Your Committee finds Hawaii's population is rapidly aging. The Hawaii Long-Term Care Commission has recommended the establishment of a limited, mandatory public long-term care insurance program. Requiring the Executive Office on Aging to contract for a study is the first step in obtaining information to draft a proposed bill for a future legislative session.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussions on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 104, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 104, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 679 (Majority) Ways and Means on S.B. No. 1132**

The purpose and intent of this measure is to provide sufficient funding for the regulation of waste management by:

- (1) Extending the application of the solid waste management surcharge to include:
  - (A) Solid waste shipped outside the State for disposal; and
  - (B) Waste disposed of at waste-to-energy facilities; and
- (2) Increasing the solid waste management surcharge using a tiered structure commensurate with the impact of the means of disposal on the Department of Health.

Your Committee received written comments in support of this measure from the Department of Health and the Department of Environmental Services, City and County of Honolulu.

Your Committee received written comments in opposition to this measure from the General Contractors Association of Hawaii.

Your Committee finds that the solid waste disposal surcharge has not been raised since 1997 despite a growing workload and a twenty-five per cent reduction in staff. The solid waste disposal surcharge is not collected on solid waste disposed of at waste-to-energy facilities or shipped out of the State, despite the fact that the Department of Health permits and regulates these facilities. This measure will increase the solid waste disposal surcharge and apply it to those facilities that are currently excluded from its application, to fund the Department of Health's regulatory oversight of these facilities.

Your Committee has amended this measure by:

- (1) Requiring owners or operators of landfills to remit all money collected from the solid waste management surcharge to the Department of Health;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1132, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1132, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 680 Ways and Means on S.B. No. 753**

The purpose and intent of this measure is to authorize the Department of Agriculture to lease or otherwise dispose of lands to the Agribusiness Development Corporation for the purposes of chapter 163D, Hawaii Revised Statutes.

Your Committee finds that the Agribusiness Development Corporation was established to make optimal use of agricultural assets for the economic, environmental, and social benefit of the people of Hawaii. Your Committee believes that, by authorizing the Department of Agriculture to lease or otherwise dispose of lands to the Agribusiness Development Corporation, this measure will promote agricultural growth and will help the State reach its food security goals.

Your Committee has amended this measure by:

- (1) Clarifying that the Agribusiness Development Corporation shall be exempt from qualification requirements under chapter 166E, Hawaii Revised Statutes, relating to the uses of non-agricultural park lands;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 753, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 753, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Slom).

**SCRep. 681 (Majority) Ways and Means on S.B. No. 910**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (3) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (3) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 910, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 682 (Majority) Ways and Means on S.B. No. 911**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (13) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (13) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 911, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 683 (Majority) Ways and Means on S.B. No. 1133**

The purpose and intent of this measure is to remove the exemption for liquid dietary supplements from the deposit beverage container program.

Your Committee received written comments in support of this measure from the Department of Health and two concerned individuals.

Your Committee finds that the exemption from the deposit beverage container program for liquid dietary supplements relies upon a definition of "dietary supplement" provided by the federal Food and Drug Administration (FDA). However, the FDA does not vigorously regulate the dietary supplement industry. This causes unnecessary administrative difficulties that cost the Department of Health a disproportionate amount of time and resources and creates uncertainty regarding product determinations. In addition, there is concern that liquid dietary supplements in amounts of one ounce or less may pose onerous burdens on the redemption process.

Accordingly, your Committee has amended this measure by:

- (1) Retaining the exemption from the deposit beverage container program for liquid dietary supplements in amounts of not more than one ounce;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purpose of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1133, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1133, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Espero, Ruderman). Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 684 (Majority) Ways and Means on S.B. No. 1070**

The purpose of this measure is to enhance the regulation of mortgage servicers.

Specifically, the measure:

- (1) Expands the authority of the Commissioner of Financial Institutions to examine and investigate licensees and other persons subject to the mortgage servicer law, including:
  - (A) Access to accounts, records, documents, information, and evidence relevant to an inquiry or investigation;
  - (B) The ability to hire staff, contract for services, and share resources with other government or regulatory entities; and
  - (C) The authority to charge an hourly examination or investigation fee and reasonable expenses; and
- (2) Increases the application and renewal fees for mortgage servicer licenses.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the Commissioner of Financial Institutions regulates mortgage servicers who relay residential mortgage loan payments from a borrower to the owner of the loan or to other third parties, pursuant to the terms of service. This measure provides the Commissioner with expanded examination and investigation tools and increases the fees for mortgage servicer license applications and renewals to a level commensurate with the actual costs of regulating the industry. Your Committee finds that this measure will ensure the availability of adequate resources for the effective and expeditious licensing and examination of mortgage servicers, which will promote the interests of consumers and businesses alike.

Your Committee has amended this measure by:

- (1) Adding a savings clause;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (3) Making technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1070, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1070, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 685 (Joint/Majority) Commerce and Consumer Protection and Ways and Means on S.B. No. 414**

The purpose and intent of this measure is to:

- (1) Require specified persons who own, control, or have custody or control of more than ten dogs over the age of four months with intact sexual organs to meet minimum standards of care and prohibit these persons from placing certain types of dogs in the same enclosure;
- (2) Prohibit any person from owning or having custody of more than thirty dogs over the age of one year with intact sexual organs;
- (3) Require specified persons to maintain specific records for each dog for a specified period;
- (4) Authorize each county to assess, implement, and enforce its own licensing system; and
- (5) Establish civil and criminal penalties for violations.

Your Committees received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, The Humane Society of the United States, Hawaiian Humane Society, Hawaii Island Humane Society, Best Friends Animal Society, and numerous individuals. Your Committees received testimony in opposition to this measure from the American Kennel Club, Blue Terrier Club of Hawaii, Cavalier King Charles Spaniel Club of Hawaii, Hawaiian Chinese Shar-Pei Club, Golden Retriever Club of Hawaii, Koolau Pets, National Animal Interest Alliance, and numerous individuals.

Your Committees find that profit-driven breeding is prevalent in Hawaii. According to the Hawaii Data Book 2011, the pet industry amounts to nearly \$96,000,000 a year. A recent internal tracking of puppy sales on Oahu conducted by the Hawaiian Humane Society found that between June 2012 and December 2012, there were 1,689 puppies advertised on three popular internet sales websites, which amounted to over \$1,700,000 in sales. Your Committees further find that because of this type of financial motivation, the puppy industry should be regulated to not only protect dogs, but also to protect consumers. Unfortunately, existing state and federal laws regarding the care and husbandry of dogs inadequately regulate large-scale breeding facilities in Hawaii.

Your Committees additionally find that pet animals, such as dogs, are entitled to a minimum standard of care from their owners. From a consumer protection aspect, the public is also entitled to certain minimum expectations when purchasing a dog, which can be purchased for hundreds or even thousands of dollars and which requires a lifelong commitment of care. This measure recognizes these considerations and will offer better protection for dogs and consumers. However, your Committees have heard concerns relating to the age and number of dogs a specified person is permitted to own, control, or have custody over, as permitted by this measure. Amendments to this measure are therefore necessary to address these issues.

Accordingly, your Committees have amended this measure by:

- (1) Defining “dog breeder” in part I of this measure and amending the definition of “dog breeder” in part II of this measure to mean any person who owns, possesses, controls, or otherwise has charge or custody of more than ten dogs over the age of twelve months with intact sexual organs, and who sells, barter, or otherwise transfers more than three litters or more than twenty-five dogs per calendar year;
- (2) Clarifying that “sufficient veterinary care” includes prompt treatment of any illness or injury by a veterinarian licensed under chapter 471, Hawaii Revised Statutes, when needed to prevent suffering;
- (3) Making conforming amendments related to the requirements for dog breeders for minimum standards of care, recordkeeping, and prohibitions on certain types of dogs in the same enclosure;
- (4) Amending the purpose section for clarity; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 414, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as S.B. No. 414, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection  
Ayes, 4. Noes, 2 (Taniguchi, Slom). Excused, 1 (Wakai).

Ways and Means  
Ayes, 7; Ayes with Reservations (Kouchi, Thielen). Noes, 1 (Slom). Excused, 5 (Dela Cruz, English, Keith-Agaran, Ruderman, Tokuda).

**SCRep. 686 Judiciary and Labor on S.B. No. 1175**

The purpose and intent of this measure is to:

- (1) Update chapter 329, Hawaii Revised Statutes, to make it consistent with amendments in federal law on controlled substances;

- (2) Amend section 329-14, Hawaii Revised Statutes, to add new controlled substances emergency scheduled by the State under section 329-11, Hawaii Revised Statutes; and
- (3) Amend section 329-75(h), Hawaii Revised Statutes, to limit the penalty to violations of section 329-75(g), Hawaii Revised Statutes, relating to pseudoephedrine.

Your Committee did not accept any testimony on this measure.

Your Committee finds that due to the growing problem of synthetic hallucinogenic substances being developed for sale to the public as “herbal incense” or “bath salts” in the State, the Department of Public Safety’s Narcotics Enforcement Division, as well as the federal Drug Enforcement Administration, have attempted to protect the public by placing in schedule the ever-increasing number of synthetic cannabinoids and cathinones labeled as “not for human consumption” but sold in retail shops with the promise of powerful hallucinogenic legal highs. Last year, state and county law enforcement began discovering a new synthetic cannabinoid being sold throughout the State, UR-144 Tetramethylcyclopropanoylindole, which this measure adds to section 329-14, Hawaii Revised Statutes. This measure also amends section 329-75(h), Hawaii Revised Statutes, to update the corresponding penalties for sales of products, mixtures, or preparations containing pseudoephedrine in order to protect Hawaii’s residents. Your Committee further finds that these updates to Hawaii’s Uniform Controlled Substances Act are in the interest of public health and safety.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1175 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 687      Judiciary and Labor on S.B. No. 1181**

The purpose and intent of this measure is to:

- (1) Add child support payments as obligations for inmates on furlough who are employed and prioritize the order in which various obligations shall be paid; and
- (2) Specify the percentage of earnings that shall be deducted to satisfy outstanding orders regarding restitution, crime victim compensation, other fees and fines, and child support and reimbursement to the State for the cost of room and board.

Your Committee did not accept any testimony on this measure.

Your Committee finds that child support orders are not included in statute as financial obligations for committed persons on furlough who are employed outside of the correctional facility. This measure adds child support payments as priority obligations for inmates on furlough who are employed. Your Committee further finds that this measure specifies that twenty-five percent of the net earnings of inmates who are employed while on furlough shall be deducted to satisfy outstanding restitution orders, which aligns with section 10, Act 139, Session Laws of Hawaii 2012, and adds other court ordered fees and fines as obligations.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1181, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 688      Judiciary and Labor on S.B. No. 1141**

The purpose and intent of this measure is to:

- (1) Establish a one-year limit on the length of time an individual may remain on conditional release if charged with a misdemeanor, petty misdemeanor, or violation;
- (2) Clarify the circumstances under which the one-year conditional release status may be tolled pending an individual’s hospitalization; and
- (3) Require public agencies in possession of information related to a defendant’s fitness to proceed to provide the information to the court.

Your Committee did not accept any testimony on this measure.

Your Committee finds that the Governor commissioned a special action team in June 2012 to analyze causes and identify ideas to address the systemic factors contributing to the increased rate of admission and increased length of stay of persons admitted to the Hawaii State Hospital. This measure is the result of the special team’s efforts to improve the State’s forensic mental health services.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1141, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1141, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 689 (Majority) Judiciary and Labor on S.B. No. 1127**

The purpose and intent of this measure is to:

- (1) Amend section 709-908, Hawaii Revised Statutes, to add a definition of “electronic smoking device”;
- (2) Prohibit the selling or furnishing of electronic smoking devices to minors under eighteen years of age;
- (3) Prohibit minors under eighteen years of age from purchasing electronic smoking devices; and
- (4) Require the inclusion of a statement regarding the prohibition of the sale of electronic smoking devices to persons under the age of eighteen years on signage required on or near a vending machine, point of sale, or other location where tobacco is sold.

Your Committee received testimony in support of this measure from the Department of Health, Coalition for a Tobacco-Free Hawaii, and sixty-three individuals.

Your Committee finds that electronic smoking devices have become increasingly prevalent and widely available, with some marketers of electronic cigarettes actively targeting minors. This measure will make Hawaii one of several states that prohibit the sale of electronic smoking devices to minors.

Your Committee has amended this measure by:

- (1) Substituting references to “electronic smoking devices” with “vapor products”;
- (2) Substituting references to “tobacco” with “tobacco products”;
- (3) Inserting definitions of “tobacco products” and “vapor products”; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1127, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1127, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 690 (Joint) Education and Ways and Means on S.B. No. 215**

The purpose and intent of this measure is to:

- (1) Establish the Public-Private Partnership Authority within the Department of Business, Economic Development, and Tourism to administer, coordinate, and provide leadership for the financing, improvement, or enhancement of appropriate state-owned facilities, operations, and property;
- (2) Require the Public-Private Partnership Authority to complete pilot projects prior to the implementation of any other projects; and
- (3) Make an unspecified appropriation for the Public-Private Partnership Authority.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of the Mayor, County of Maui; Hawaii Masons’ Union; Masons Union Local 1 & 630; Land Use Research Foundation, and two individuals. Your Committees received testimony in opposition to this measure from Malama Kohala Kahakai, Puna Pono Alliance, and thirty-five individuals. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that these are difficult economic times for all levels of government. The State faces the challenge of balancing its budget while addressing escalating infrastructure and service needs. Establishing an agency to facilitate public-private partnerships between other state agencies and private parties will help the State meet its infrastructure and service needs.

Your Committees want to make clear that this measure requires the Public-Private Partnership Authority to follow all state laws, including chapter 103D, Hawaii Revised Statutes, the Hawaii Public Procurement Code, and chapter 92, Hawaii Revised Statutes, Hawaii’s Sunshine Law.

In addition, your Committees note that this measure does not exempt the Public-Private Partnership Authority from any county laws or ordinances. Instead, this measure provides the counties with flexibility to determine on their own whether to waive any county law or ordinance and does not preclude the counties from passing any ordinance or entering into any memorandum of agreement that would provide for stricter regulations than what the counties already have in place.

As this measure moves forward, your Committees ask that the definitions in this measure be re-examined. Your Committees suggest looking to federal law for definitions that provide greater clarity.

Your Committees have amended this measure by:

- (1) Amending the definition of “project” to remove the management of programs by the Public-Private Partnership Authority;
- (2) Amending the powers of the Public-Private Partnership Authority by deleting language relating to the Hawaii Community Development Authority’s land use, zoning, and permitting exemptions;
- (3) Deleting language requiring the provisions of the chapter governing the Public-Private Partnership Authority to be liberally construed;

- (4) Clarifying that prior to implementing any project, the Public-Private Partnership Authority shall obtain the prior approval of the board or executive of any public agency affected by the project;
- (5) Deleting the language establishing the public-private partnership special fund and adding language to require that any revenues generated from public-private partnership projects and plans be deposited into the general language fund;
- (6) Deleting language establishing the stadium facilities special fund;
- (7) Clarifying that the film production facility pilot project shall be on the most populous island of a county with a population between one hundred thousand and one hundred seventy-five thousand, rather than between one hundred thousand and one hundred fifty thousand;
- (8) Clarifying that there shall be only one county initiated pilot project, rather than up to one pilot project in each county, and removing the requirement that the county project be related to education or economic development;
- (9) Inserting an effective date of July 1, 2050, to encourage further discussion;
- (10) Repealing this measure on July 1, 2018; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 215, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as S.B. No. 215, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 4; Ayes with Reservations (Ruderman, Shimabukuro). Noes, none. Excused, 1 (Kidani).

Ways and Means

Ayes, 11; Ayes with Reservations (Espero, Ruderman). Noes, none. Excused, 2 (Kidani, Thielen).

**SCRep. 691      Judiciary and Labor on S.B. No. 3**

The purpose and intent of this measure is to provide for the election of the Office of Hawaiian Affairs board members through a system of nonpartisan primary and general elections to begin with the 2014 elections.

Your Committee received testimony in support of this measure from the Hawaiian Affairs Caucus of the Democratic Party of Hawaii and four individuals. Testimony in opposition to this measure was submitted by two individuals. Your Committee received comments on this measure from the Department of the Attorney General, Office of Hawaiian Affairs, Office of Elections, and Office of the County Clerk of the County of Kauai.

Your Committee finds that the absence of a primary election for the members of the Board of Trustees of the Office of Hawaiian Affairs causes a large pool of trustee candidates competing for only a few positions in the general election. A primary election process for the Board of Trustees will serve to narrow the pool of trustee candidates in the general election, limit the significant dispersion of votes that often occurs due to the large pool of candidates, and ensure a more democratic process.

Your Committee has amended this measure by:

- (1) Adopting the conforming amendments suggested by the Department of the Attorney General to amend sections 13D-4(c), 13D-5, and 17-7, Hawaii Revised Statutes, that removes redundancies, provides clarity and consistency, and deletes references to "special election"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 692      Judiciary and Labor on S.B. No. 310**

The purpose and intent of this measure is to reduce hospitalization and incarceration of persons with severe mental illness through the establishment of an assisted community treatment program.

Your Committee did not accept any testimony on this measure.

Your Committee finds that that there are serious problems of high incarceration and hospitalization rates of those with severe mental illness. Assisted community treatment provides an opportunity for people with serious mental illness to be treated in the least restrictive setting and reduces the trend toward criminalizing mental illness.

Your Committee has amended this measure by:

- (1) Deleting the definitions of "obviously ill" in sections 334-1 and 334-122, Hawaii Revised Statutes, and inserting new language to define "obviously ill" under section 334-1, Hawaii Revised Statutes;
- (2) Specifying under section 334-127, Hawaii Revised Statutes, that the court order shall also apply to the subject in the event that the subject changes the setting of treatment when the family court determines the subject's treatment;

- (3) Clarifying under section 334-129, Hawaii Revised Statutes, that no subject shall be physically forced to take medication under a family court order for assisted community treatment unless the subject is hospitalized or placed in a correctional facility subsequent to the date of the assisted community treatment order for failure to comply with the order of the court; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 310, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 310, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 693      Judiciary and Labor on S.B. No. 1169**

The purpose and intent of this measure is to:

- (1) Specify the offenses for which property is subject to forfeiture under chapter 6K, Hawaii Revised Statutes, relating to the Kaho'olawe Island Reserve, including any activity prohibited by rules of the island reserve and any violation of rules regulating fishing in waters within the island reserve except by persons or vessels within one nautical mile of the boundaries of the island reserve; and
- (2) Clarify that property seized pursuant to conservation and resources enforcement actions may be forfeited and any natural resource seized may be disposed of as provided by law.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kaho'olawe Island Reserve Commission, and Ocean Tourism Coalition. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that this measure serves as a deterrent to conservation and natural resource violations, thus strengthening the enforcement powers of the Department of Land and Natural Resources and protecting the natural resources of the island reserve. Your Committee notes that forfeiture is not intended to be used for inadvertent acts or emergency entries onto the island reserve.

Your Committee further notes the amendment suggested by the Kaho'olawe Island Reserve Commission and Ocean Tourism Coalition regarding an exception for persons or vessels within one nautical mile of the boundaries of the island reserve under the offenses that are subject to forfeiture. The Commission and the Ocean Tourism Coalition recommended that for purposes of clarity, this exception should apply to any prohibited activity, not only any violation of rules regulating fishing in waters.

Accordingly, your Committee has amended this measure by:

- (1) Adopting the amendment suggested by the Kaho'olawe Island Reserve Commission and Ocean Tourism Coalition to clarify that the exception for persons or vessels within one nautical mile of the boundaries of the island reserve applies to any prohibited activity, not only any violation of rules regulating fishing in waters;
- (2) Making conforming amendments to the purpose section under section 1 to reflect the amendments made to section 2;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1169, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1169, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 694      (Joint/Majority) Judiciary and Labor and Ways and Means on S.B. No. 894**

The purpose and intent of this measure is to appropriate funds and to authorize the Governor, or the Governor's designee, to continue efforts to acquire certain unimproved lands surrounding a resort property located in Kahuku, Oahu.

Your Committees did not accept any testimony on this measure.

The subject property under negotiation includes the unimproved lands adjacent to the Turtle Bay Hotel and Resort. The subject matter of this measure dates back to the latter years of the previous administration as part of an effort to purchase and protect precious natural resource lands from development. Despite two separate attempts to acquire the land, nothing has been successfully completed, and the purchase is still pending. Your Committees believe that it remains in the public's best interest to continue efforts to protect the undeveloped portions of the subject property.

Your Committees recognize both sides of the argument. On the one hand, a cogent argument can be made that the Turtle Bay Hotel and Resort is the only major economic stimulus for the area in the form of employment and future affordable housing. On the other hand, the slogan "Keep the country country" has merit, particularly when considering the potentially disruptive impact of the expansion on rural lifestyles, especially impacts of traffic congestion and the undeniable demands on infrastructure improvements such as roads and sewers.

Your Committees are cognizant that residents of the North Shore prefer to live in a rural environment and live there by choice rather than by circumstance. However, the North Shore represents perhaps the last bastion of developable land, which makes the North Shore

the symbolic lightning rod on the issue of development and tourism, particularly considering the State's limited industrial potential and its disproportionate reliance on tax revenues.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that its purpose is to appropriate funds to conserve, rather than acquire, the undeveloped, rather than unimproved, lands through a purchase, easement, or other means as provided by law;
- (2) Clarifying that the Governor or the Governor's designee is required to negotiate with the current owners of the property to conserve the undeveloped portions of the property;
- (3) Specifying that the lands to be conserved:
  - (A) Shall include the undeveloped lands, defined as those that are not used for the existing hotel and condominiums;
  - (B) May include the unoccupied areas, such as the golf courses, stables, parking areas, nurseries, and lands with similar uses that could be relocated; and
  - (C) Generally include the undeveloped portions of the subject property and other lands that have significant conservation or historic value if the conservation would better protect coastal and natural resources between Malaekahana State Recreational Area and Kawela Bay;
- (4) Deleting language that authorizes the Governor to exercise the power of eminent domain to acquire lands if an agreement to acquire the subject property is not reached within a reasonable time;
- (5) Inserting an unspecified appropriation amount for fiscal years 2013-2014 and 2014-2015 and clarifying that the appropriation is for the fee simple purchase, easement, or other means as provided by law to conserve the undeveloped portions of the subject property and adjacent lands identified in the measure;
- (6) Inserting a sunset date of November 6, 2018, to coincide with the general election day at the end of the current or subsequent Governor's term; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 894, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as S.B. No. 894, S.D. 2.

Signed by the Chairs on behalf of the Committees.

**SCRep. 695 (Majority) Ways and Means on S.B. No. 17**

The purpose and intent of this measure is to levy the environmental response, energy, and food security tax on liquid, gaseous, and solid fossil fuels.

More specifically, this measure:

- (1) Defines "fossil fuel" and amends the definition of "distributor" in section 243-1, Hawaii Revised Statutes;
- (2) Amends section 243-3.5, Hawaii Revised Statutes, to levy the environmental response, energy, and food security tax on liquid, gaseous, and fossil fuels;
- (3) Amends the allocations of the environmental response, energy, and food tax collected to the environmental response revolving fund, energy security special fund, energy systems development special fund, and agricultural development and food security special fund;
- (4) Deletes the repeal date of the portion of Act 253, Session Laws of Hawaii 2007, as amended, that established chapter 304A, part IV, subpart N, Hawaii Revised Statutes, relating to the Hawaii Natural Energy Institute, and section 304A-2169, Hawaii Revised Statutes, relating to the energy systems development special fund; and
- (5) Makes appropriations out of the:
  - (A) Energy security special fund;
  - (B) Agricultural development and food security special fund; and
  - (C) Environmental response special fund.

Your Committee received written comments in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Hawaii Natural Energy Institute at the University of Hawaii at Manoa; The Nature Conservancy; and one concerned individual.

Your Committee received written comments in opposition to this measure from AES Hawaii and Hawai'i Gas.

Your Committee received written comments on this measure from the Department of Taxation, the Tax Foundation of Hawaii, and Alexander & Baldwin, Inc.

Your Committee finds that this measure will ensure that all fossil fuels are appropriately taxed and assist in improving the energy and food security of the State.

Your Committee has amended this measure by:

- (1) Amending the definition of “fossil fuels” to include fuels created from processing the substances listed in the current definition;
- (2) Providing that the tax shall apply to coal used to fulfill any power purchase agreement extended, modified, or renewed after September 1, 2016, rather than June 30, 2013;
- (3) Providing that the tax shall not apply to a public utility until the conclusion of the public utility’s next rate case;
- (4) Providing that the tax shall not apply to coal utilized by an independent power producer that provides firm capacity power to a public utility whereby the annual heat input from non-fossil fuels of the firm capacity power generated by the independent power producer exceeds the annual heat input from fossil fuels;
- (5) Changing the amounts of the allocations to the environmental response revolving fund, energy security special fund, energy systems development special fund, and agricultural development and food security special fund to unspecified amounts;
- (6) Deleting all appropriations;
- (7) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (8) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 17, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 17, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 696      Ways and Means on S.B. No. 105**

The purpose and intent of this measure is to establish a statewide fall prevention and early detection program.

Your Committee received written comments in support of this measure from the Executive Office on Aging and four concerned individuals.

Your Committee finds that falls among the elderly pose a significant public health issue and insufficient resources are presently allocated to reducing and promptly detecting falls among the elderly.

Your Committee has amended this measure by:

- (1) Moving the new section to part II of chapter 321, Hawaii Revised Statutes, making necessary conforming amendments, and clarifying that the program is established in the Department of Health’s Emergency Medical Services and Injury Prevention System Branch;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 105, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 105, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 697      Ways and Means on S.B. No. 199**

The purpose and intent of this measure is to establish a colorectal cancer screening pilot program to promote the early detection of colorectal cancer.

The Queen’s Health Systems and the American Cancer Society Cancer Action Network submitted written comments in support of this measure. Your Committee received written comments on this measure from the Department of Human Services.

Your Committee understands that approximately half of all individuals for whom colorectal cancer screening is recommended do not follow through with obtaining the screening. Your Committee also understands that most people can obtain a colorectal cancer screening at no additional cost through Medicaid or through their health plan, due to provisions in the federal Patient Protection and Affordable Care Act that require health plans to provide complete coverage for various preventative services. Accordingly, your Committee finds that it would be more effective and beneficial to fund a program to raise awareness of colorectal cancer screening than to fund the actual screenings.

Your Committee has amended this measure by

- (1) Changing the focus and amending the name of the pilot program to the “Hawaii colorectal cancer screening awareness pilot program” and making conforming amendments;
- (2) Deleting provisions requiring the Department of Health to provide colorectal cancer screenings;
- (3) Requiring the Department of Health to provide referral services for individuals diagnosed with colorectal cancer;
- (4) Changing the appropriation to an unspecified amount;
- (5) Changing the reporting and repeal dates to reflect a two-year pilot program;
- (6) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (7) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 199, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 199, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 698      Ways and Means on S.B. No. 240**

The purpose and intent of this measure is to clarify the training requirements and opportunities for school health aides.

More specifically, this measure:

- (1) Requires that school health aides be trained and provided clinical direction by the Department of Health, in consultation with the University of Hawaii School of Nursing and Dental Hygiene; and
- (2) Repeals section 302A-708, Hawaii Revised Statutes, eliminating the requirement for the Department of Education to provide career pathways development and training opportunities to school health aides in the Department of Education’s school health services field.

Your Committee finds that this measure provides a reasonable and cost-effective method of training school health aides.

Your Committee has amended this measure by:

- (1) Adding the word “training” to the title of the section 302A-854, Hawaii Revised Statutes, to more accurately reflect the amended language of the section; and
- (2) Making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 240, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 240, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Slom).

**SCRep. 699      (Majority) Ways and Means on S.B. No. 331**

The purpose and intent of this measure is to increase the minimum wage over time and then adjust it annually in accordance with changes to the consumer price index.

More specifically, this measure changes the minimum wage to:

- (1) \$8.25 per hour beginning July 1, 2013;
- (2) \$8.75 per hour beginning July 1, 2014;
- (3) \$9.25 per hour beginning July 1, 2015; and
- (4) An amount adjusted in accordance with changes to the consumer price index beginning July 1, 2016, and every year thereafter.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations; Hawaii State AFL-CIO; Hawaii Alliance for Retired Americans; American Income Life Insurance Company; Faith Action for Community Equity; Hawaii Catholic Conference; Pride at Work Hawaii; American Civil Liberties Union of Hawaii; Hawaii Appleseed Center for Law and Economic Justice; Duke’s Waikiki; ILWU Local 142; Hawaii Government Employees Association; TS Restaurants; and seventeen concerned individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Food Industry Association; Ken’s House of Pancakes; Meadow Gold Dairies Hawaii; Papyrus, Inc.; Retail Merchants of Hawaii; Tamura Super Market; Aloha Petroleum, Ltd.; Hawaii Foam Products, LLC; Minit Stop Holdings, LLC; KYD, Inc.; Kauai Chamber of Commerce; the Chamber of Commerce of Hawaii; and six concerned individuals.

Your Committee received written comments on this measure from the Department of Human Resources Development.

Your Committee finds that increases to the minimum wage are necessary and should ultimately be tied to the consumer price index for the Honolulu region.

Your Committee has amended this measure by:

- (1) Specifying that the consumer price index to be applied is the consumer price index (CPI-W) for the Honolulu region;
- (2) Changing the amounts that determine whether a tipped employee may be paid below minimum wage to unspecified amounts;
- (3) Changing the beginning date of any minimum wage increase from July 1 to January 1; and
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 331, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 331, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ruderman). Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 700 Ways and Means on S.B. No. 1073**

The purpose and intent of this measure is to establish the licensing and regulation of dental insurers under the Insurance Commissioner.

More specifically, this measure prohibits any person from establishing or operating as a dental insurer without:

- (1) Meeting the requirements of chapter 423, Hawaii Revised Statutes, regarding dental service corporations; and
- (2) Obtaining a certificate of authority to operate as a dental insurer issued by the Insurance Commissioner.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that in order for a dental insurer to sell a standalone dental plan through the Hawaii Health Connector, the dental insurer must be licensed. This measure requires dental insurers to be licensed, thus allowing them to sell dental plans through the Hawaii Health Connector.

Your Committee has amended this measure by:

- (1) Adding a definition of “dental service corporation”; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1073, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1073, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 701 Ways and Means on S.B. No. 1124**

The purpose and intent of this measure is to facilitate expenditures from the dietitian licensure special fund to support administration of the licensure program.

More specifically, this measure:

- (1) Establishes an expenditure ceiling for the special fund;
- (2) Requires the transfer of funds in excess of the ceiling to the general fund; and
- (3) Requires the Department of Health to submit annual reports on the special fund.

Your Committee received written comments in support of this measure from Hawaii Dietetic Association. Your Committee received written comments on this measure from the Department of Health.

Your Committee finds that establishing an expenditure limit for the special fund facilitates the prudent fiscal management of the moneys in the dietitian licensure program.

Your Committee has amended this measure by:

- (1) Changing the expenditure ceiling to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, in order to facilitate continued discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1124, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1124, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 702 Ways and Means on S.B. No. 1139**

The purpose and intent of this measure is to promote healthy child development and strengthen families.

More specifically, this measure:

- (1) Establishes a program within the Department of Health for screening and home visiting services for families of newborns; and
- (2) Appropriates funds to the Department of Health to administer the program.

Your Committee received written comments in support of this measure from the Executive Office on Early Learning, Catholic Charities Hawaii, Child & Family Service, Hawaii Family Support Institute, and three individuals.

Your Committee finds that home visiting programs are a prevention strategy used by states and communities to improve the health and well-being of women, children, and families at risk for adverse health and safety concerns. Your Committee also finds that early investments in home visiting programs have been shown to reduce costs associated with foster care placements, hospitalizations, emergency room visits, unintended pregnancies, and other more costly outcomes and interventions. Your Committee notes that this measure will position the Department of Health to participate in the Social Security Act's Title V grant program for maternal and child welfare and thereby improve the health and safety of eligible families.

Your Committee has amended this measure by:

- (1) Clarifying that the program provide proactive, universal screening of newborns' families rather than of all births;
- (2) Providing that the program consider as a high priority those families at risk for poor health outcomes, child abuse, or neglect;
- (3) Changing the amount of the appropriation to an unspecified amount;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1139, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1139, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 703 Ways and Means on S.B. No. 1194**

The purpose and intent of this measure is to adjust the transient accommodations tax rate and the disposition of the transient accommodations tax revenues.

More specifically, this measure:

- (1) Makes permanent the transient accommodations tax rate of 9.25 per cent;
- (2) Eliminates the daily transient accommodations tax for complimentary accommodations;
- (3) Reduces the percentages of transient accommodations tax revenues distributed to the convention center enterprise special fund, the tourism special fund, and the counties; and
- (4) Repeals the temporary ceiling of \$71,000,000 in transient accommodations tax revenues per fiscal year distributed to the tourism special fund until June 30, 2015.

Your Committee received written comments in support of this measure from the Department of Taxation and Starwood Hotels and Resorts.

Your Committee received written comments in opposition to this measure from the Office of the Mayor of the County of Hawaii, the Office of the Mayor of the County of Maui, the Department of Budget and Fiscal Services of the City and County of Honolulu, the Council Chair of the County Council of Maui, three council members of the County Council of Hawaii, the Hawaii Council of Mayors, the Hawaii State Association of Counties, and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance, the Office of the Mayor of the City and County of Honolulu, and the Tax Foundation of Hawaii.

Your Committee finds that the increased revenues from the present tax rate will continue to effectively fund the activities of the Hawaii Tourism Authority, which markets the State world-wide and strengthens the State's tourism industry.

Your Committee has amended this measure by:

- (1) Retaining the temporary ceiling on transient accommodations tax revenues per fiscal year distributed to the tourism special fund but changing the amount of the ceiling to an unspecified figure;
- (2) Changing to an unspecified amount, the total amount of the transient accommodations tax revenues, and the percentages of the total amount of the transient accommodations tax revenues from the tourism special fund to be deposited into the state parks special fund and the special land and development fund; and
- (3) Changing the effective date to July 1, 2050, in order to facilitate continued discussion on the measure

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1194, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1194, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kidani, Ruderman, Thielen, Slom). Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 704 Ways and Means on S.B. No. 1261**

The purpose of this measure is to promote small businesses by lowering the tax rate on beer for breweries and brewpubs that brew or produce no more than sixty thousand barrels of beer per taxable year.

Your Committee received written comments in support of this measure from Maui Brewing Company and a concerned individual.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that by applying a reduced liquor tax rate on beer produced by small breweries and brewpubs, this measure will promote job creation in Hawaii and help the local beer industry compete with large breweries from the mainland that enjoy lower costs of production.

Your Committee has amended this measure by:

- (1) Repealing the expired liquor tax rates in section 244D-4(a), Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1261, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1261, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 705 Ways and Means on S.B. No. 1360**

The purpose and intent of this measure is to make permanent the general excise tax exemptions for certain real property management transactions.

Specifically, the measure makes the following permanently exempt from the imposition of the general excise tax:

- (1) Funds received by submanagers of associations of apartment owners of condominiums or nonprofit homeowners or community associations for reimbursement of common expenses;
- (2) Funds received by a hotel operator from a time share association to pay employee expenses; and
- (3) Funds received by a hotel suboperator from the owner or operator of a hotel or time share association, to pay employee expenses.

Your Committee received written comments in support of this measure from the Hawaii Association of Realtors and Wyndham Vacation Ownership. Your Committee received written comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that Act 239, Session Laws of Hawaii 2007, added amounts derived from certain real property management transactions to amounts already exempt from the general excise tax under section 237-24.3, Hawaii Revised Statutes. Thereafter, Act 196, Session Laws of Hawaii 2009, set an aggregate cap of \$400,000 for taxpayers eligible for the exemptions established by Act 239, Session Laws of Hawaii 2007.

Your Committee understands that administering the aggregate cap has been challenging for both the Department of Taxation and taxpayers applying for the exemption because the Department must manually process eligible taxpayer returns to ensure that the aggregate cap is not exceeded. Your Committee further finds that the aggregate cap has also had the inadvertent effect of treating similarly situated taxpayers inconsistently, because only those taxpayers claiming an exemption pursuant to Act 239, Session Laws of Hawaii 2007, are subject to the aggregate cap, even though all amounts covered by section 237-24.3, Hawaii Revised Statutes, are exempt from taxation.

Accordingly, your Committee has amended this measure by:

- (1) Eliminating the \$400,000 aggregate cap on the exemption;
- (2) Providing that the repeal of the aggregate cap shall apply to taxable years beginning after December 31, 2012; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1360, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1360, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 706 Ways and Means on S.B. No. 1388**

The purpose and intent of this measure is to amend the membership of the Board of Directors of the Research Corporation of the University of Hawaii, including reducing its membership from ten to eight members.

In addition, this measure:

- (1) Provides that the Research Corporation's exemption from procurement requirements shall not apply to construction contracts above an unspecified value;
- (2) Authorizes the Board of Directors to employ an executive director of the Research Corporation; and
- (3) Establishes a limit on the salary of the executive director.

Your Committee received written comments in opposition to this measure from the State Procurement Office and the University of Hawaii System.

Your Committee finds that the fundamental mission of the Research Corporation of the University of Hawaii is to support the research and training programs of the University of Hawaii and to enhance research, development, and training generally in Hawaii. This measure clarifies the role of the Research Corporation and its Board of Directors, as well as the relationship between the Board of Directors and the University of Hawaii System.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1388, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1388, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 707      Ways and Means on S.B. No. 358**

The purpose and intent of this measure is to require that the Department of Health post on its website electronic copies of reports of its inspections of state-licensed care facilities.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities; ILWU Local 142, and one individual. Your Committee received written comments in opposition to this measure from the Adult Foster Home Association and one individual. The Healthcare Association of Hawaii submitted written comments on this measure.

Your Committee finds that requiring the Department of Health to post state-licensed care facility inspection reports on its website will allow the public to better assess a facility's condition and quality of care, and enable families and individuals to make more informed decisions about providers of care services.

Your Committee has amended this measure by:

- (1) Clarifying that reports beginning with inspections occurring on January 1, 2015, shall be posted on the Department of Health's website;
- (2) Requiring the Department of Health to post each report within five working days of the inspection's conclusion;
- (3) Including an appropriation section that appropriates unspecified sums for the 2013-2015 fiscal biennium for computer equipment, website and database development, and staff support, including one full-time equivalent position;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 358, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 358, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Keith-Agaran).

**SCRep. 708      Ways and Means on S.B. No. 403**

The purpose and intent of this measure is to expand the purposes for which the Office of Hawaiian Affairs may issue revenue bonds and expend revenues derived therefrom.

Specifically, the measure authorizes the Office of Hawaiian Affairs to issue revenue bonds to fund loan programs of government agencies, individuals, or organizations for the betterment of native Hawaiians.

This measure also provides the Office of Hawaiian Affairs with greater flexibility in issuing bonds, funding projects, and refunding outstanding bonds.

The Office of Hawaiian Affairs submitted written comments in support of this measure.

Your Committee finds that providing the Office of Hawaiian Affairs with greater flexibility in the use of its revenue bond financing authority will enable the Office to pursue additional types of projects for its Kakaako properties, fund renovation and equipment acquisitions, and more quickly seek opportunities without delays caused by the need for legislative authorization.

Your Committee has amended this measure by:

- (1) Clarifying that, with respect to the payment to an entity providing a support facility service, the payment for such service shall be made from the revenues of the office project or loan program for which the revenue bonds were issued;

- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 403, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 403, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kidani, Thielen, Slom). Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 709 Ways and Means on S.B. No. 460**

The purpose and intent of this measure is to appropriate funds for the hiring of an Okinawan studies librarian for the University of Hawaii at Manoa.

Your Committee finds that hiring an Okinawan studies librarian is necessary for the maintenance and development of the extensive collection of Okinawa-related literature and resources at the University of Hawaii at Manoa library. This measure enables the University of Hawaii to hire one full-time librarian who will serve as a liaison for the Center for Okinawan Studies to collaborate with the national and international communities on issues relevant to Okinawan studies and the continued development of Okinawa-related materials at the University of Hawaii at Manoa.

Your Committee has amended this measure by:

- (1) Amending the effective date to July 1, 2050, to promote further discussion on the matter; and
- (2) Making a technical nonsubstantive amendment for consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 460, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 460, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 710 Ways and Means on S.B. No. 500**

The purpose and intent of this measure is to improve the administration of the transient accommodations tax.

More specifically, this measure:

- (1) Clarifies that a community or homeowner association's duty to report to the Department of Taxation is limited to the relevant information and the name, address, and contact information of a local contact the association actually receives from a transient accommodation operator; and
- (2) Amends the fine imposed on an association or an operator for failure to provide the information to a civil penalty of \$1,000 imposed no more than once a year.

Your Committee received written comments in support of this measure from the Department of Taxation and the Department of Planning and Permitting, City and County of Honolulu.

Your Committee finds that Act 326, Session Laws of Hawaii 2012, requires community or homeowner associations to collect information from operators of transient accommodations, maintain the information in their records, and provide that information to the Department of Taxation. Your Committee also finds that Act 326 can be read to require an association to report more information than is actually collected and can penalize the association up to \$100,000 for failure to report, even in situations where the owner of a transient accommodation refuses or fails to provide relevant information or the name, address, and contact information of a local contact to the association. Your Committee further finds that this measure clarifies an association's duty to collect information and modifies the penalties imposed for failure to report.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 500, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 500, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 711 Ways and Means on S.B. No. 708**

The purpose of this measure is to amend the types of entities that are entitled to receive certain rights under the State's legacy land law and broaden the rights to which those entities are entitled.

Specifically, the measure:

- (1) Amends the types of entities that are entitled to receive a conservation or agricultural easement or deed restriction or covenant from agencies and entities that receive legacy land funding by deleting the reference to a county or federal natural resource conservation agency and broadening the scope of entitled entities to include any appropriate state agency;
- (2) Expands the conditions placed upon recipients of legacy land moneys to include naming the Board of Land and Natural Resources (Board) as an owner of any agricultural easement, deed restriction, or covenant as a condition of receipt of such moneys;
- (3) Expands the authority of the entities entitled to receive a conservation easement, to grant an exemption to legacy land moneys recipients from providing the entitled entity with an agricultural easement, deed restriction, or covenant; and
- (4) Requires state agencies to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to effectuate the administration of these requirements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee received written comments in opposition to this measure from the Trust for Public Land and one concerned individual.

Your Committee finds that the Legacy Land Fund provides grants to nonprofit land conservation organizations, state agencies, and counties for the purchase of lands that are deemed to have value as a resource to the State. Under existing law, as a condition of the receipt of funds, the Department of Land and Natural Resources requires grant recipients to abide by certain conditions. Your Committee believes that this measure will allow more flexibility regarding what types of restrictions the Board of Land and Natural Resources may require as a condition of the receipt of funds and therefore increase efficiency and productivity within the Legacy Land program.

Your Committee has amended this measure by:

- (1) Clarifying that only the state agencies that are required to be provided easements, deed restrictions, or covenants must adopt rules pursuant to chapter 91, Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 708, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 708, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ruderman). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 712 Ways and Means on S.B. No. 754**

The purpose and intent of this measure is to appropriate funds to the Agribusiness Development Corporation to purchase agricultural land.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that this measure enables the Agribusiness Development Corporation to purchase agricultural lands to promote the development and maintenance of agriculture in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date of this measure to July 1, 2050, to promote further discussion on the matter; and
- (2) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 754, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 754, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 713 Ways and Means on S.B. No. 803**

The purpose and intent of this measure is to establish a two-year irrigation water conservation best management practices pilot program.

Specifically, the measure requires the Department of Accounting and General Services, Department of Transportation, and Department of Land and Natural Resources to implement irrigation water conservation best management practices, as established by the Landscape Industry Council of Hawaii. The measure also requires these agencies to submit a report to the Legislature regarding the results of the pilot program.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, Kauai Nursery and Landscaping, Landscape Council of Hawaii, Ki Concepts LLC, and two individuals.

Your Committee finds that maintaining and installing water efficient irrigation systems is one of the most effective ways to reduce wasted potable water, run-off, and stormwater sediments and to optimize plant health. Your Committee believes that the pilot program

established by this measure will assist the State in improving the efficiency of all existing and new landscape irrigation installations through low-cost, practical measures.

Your Committee has amended this measure by:

- (1) Appropriating an unspecified amount for fiscal year 2014-2015 for the Department of Accounting and General Services to implement the two-year irrigation water conservation best management practices pilot program; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 803, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 803, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (English, Keith-Agaran, Tokuda).

**SCRep. 714 Ways and Means on S.B. No. 510**

The purpose and intent of this measure is to clarify the responsibilities of professional employer organizations and resolve conflicts with existing laws.

The Department of Labor and Industrial Relations submitted written comments in support of this measure. Your Committee received written comments on this measure from the Tax Foundation of Hawaii and Pro Service Hawaii.

Your Committee finds that although there are eleven registered professional employer organizations in Hawaii, most could not meet various requirements under the law due to incompatible language in chapters 373K and 373L, Hawaii Revised Statutes. This measure will reconcile statutory conflicts and balance the interests of the professional employer organizations with the need for regulatory oversight by establishing a process to qualify for tax exemptions while protecting the rights and benefits of employees.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 510, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 510, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 715 Ways and Means on S.B. No. 515**

The purpose and intent of this measure is to fund programs that offer services to the homeless.

More specifically, this measure appropriates moneys to the:

- (1) Department of Human Services for the:
  - (A) Homeless Programs Office to assist homeless and at-risk homeless individuals with housing placement, health, education, employment, and other services;
  - (B) Rental assistance program, also known as a shallow subsidy program;
  - (C) Housing First programs, to assist the chronically homeless;
  - (D) Homeless prevention and rapid re-housing programs; and
  - (E) Shelter Plus Care program for the purpose of matching funds from the United States Department of Housing and Urban Development; and
- (2) Department of Health for:
  - (A) Substance abuse treatment and mental health support services for homeless individuals; and
  - (B) Clean and Sober Housing support services.

Additionally, this measure authorizes the issuance of general obligation bonds for fiscal years 2013-2014 and 2014-2015, the revenues of which are to be deposited into the rental housing trust fund, to be expended for the development of low and mixed income housing.

Your Committee received written comments in support of this measure from Hawaii Appleseed Center for Law and Economic Justice and Partners in Care.

Your Committee received written comments on this measure from the Department of Human Services and Catholic Charities of Hawaii.

Your Committee finds that homelessness is a chronic and significant problem in the State and that homeless individuals face numerous issues that require a broad, coordinated network of services and outreach programs. These services and programs target issues such as substance abuse, mental health, housing assistance, health care, employment, and other needs-based services.

Accordingly, your Committee finds that funding to address the specific needs of homeless individuals and increase the State's low and mixed income housing inventory are essential to reducing the number of homeless in Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying how household income will be calculated for qualification purposes for the shallow subsidy program;
- (2) Clarifying that the Department of Human Service's expenditure of moneys for program and administrative costs for the shallow subsidy program shall be through a contract issued pursuant to chapter 103F, Hawaii Revised Statutes;
- (3) Adding an appropriation of an unspecified amount from the housing first special fund to be expended by the Department of Human Services to administer Housing First programs;
- (4) Changing all appropriations in the measure to unspecified amounts;
- (5) Combining the two sections that authorize the issuance of general obligation bonds to the rental housing trust fund into one section;
- (6) Moving the section that appropriates moneys out of the rental housing trust fund to immediately follow the section that authorizes the general obligation bond issuance and deposit of revenues into the rental housing trust fund;
- (7) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (8) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 515, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 515, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 716 Ways and Means on S.B. No. 524**

The purpose and intent of this measure is to implement the recommendations of the *Increased Food Security and Food Self-Sufficiency Strategy* by:

- (1) Establishing state planning and policy objectives for the economy of increased demand for, and access to, locally grown foods and increased production of locally grown foods; and
- (2) Making various appropriations.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation, Land Use Research Foundation, and two individuals.

Your Committee finds that approximately eighty-five per cent of the State's food is imported, which makes Hawaii particularly vulnerable to natural disasters and global events that disrupt the chain of food supply. Your Committee believes that by implementing the *Increased Food Security and Food Self-Sufficiency Strategy*, this measure will increase the amount of locally grown food consumed by Hawaii residents, thereby improving the State's food self-sufficiency and food security.

Your Committee has amended this measure by:

- (1) Narrowing the focus of the appropriation in section 5 of the measure to the production of locally grown agricultural product promotional materials, along with other endeavors;
- (2) Clarifying that the Agricultural Development and Food Security Program shall be within the Department of Agriculture;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 524, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 524, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 717 Ways and Means on S.B. No. 624**

The purpose and intent of this measure is to prohibit the use of moneys in the University of Hawaii tuition and fees special fund for administrative salaries at the University of Hawaii.

The University of Hawaii System submitted written comments on this measure.

Your Committee finds that tuition revenues constitute a considerable amount of the core operational funds expended for the daily administration of the University of Hawaii system, but notes that tuition funds are not expended for administrative salaries of critical employees who are responsible for the effective daily operation of the University system. Your Committee further finds that limiting the expenses that may be paid using tuition revenues without addressing those costs that are reasonably necessary for the operation of the University would complicate the University's fiscal operations, without providing any substantial benefit. However, your Committee believes that prohibiting the expenditure of tuition and fees special fund revenues for the salaries of highly paid executive

and managerial positions would not compromise the efficient operation of the University or negatively impact crucial administrative staff.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that moneys deposited into the University of Hawaii tuition and fees special fund shall not be expended on executive and managerial positions with salaries of \$150,000 or more;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 624, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 624, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 718 Ways and Means on S.B. No. 815**

The purpose of this measure is to support the Judiciary's early intervention services for infants and toddlers by appropriating funds for the Honolulu Zero to Three Court.

Your Committee received written comments in support of this measure from the Judiciary, Hawaii Family Support Institute, and two concerned individuals.

Your Committee finds that in 2008, the Family Court began the Zero to Three Court program in response to increasing scientific evidence that infants and toddlers are neurologically compromised by dysfunctional family dynamics even if they are not directly physically harmed, and that early intervention is effective in preventing or alleviating these problems. The Zero to Three Court began with federal funding and grants from the national non-profit Zero to Three organization and subsequently has been sustained through private funds. This measure will enable the Zero to Three Court to continue providing essential services to children and their families until more long-term state funding can be secured.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 815, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 815, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 719 Ways and Means on S.B. No. 1027**

The purpose and intent of this measure is to provide a process for state consistency review and certification for development by a state agency on state land within a special management area.

More specifically, this measure:

- (1) Specifies that development by a state agency on state land within a special management area need not obtain a permit or shoreline setback variance, if the development meets certain requirements; and
- (2) Allows state agencies with developments on state land to either self-certify compliance with the coastal zone management law, obtain a federal consistency concurrence pursuant to federal regulations, or continue to go through the special management area permitting and shoreline setback variance processes if they prefer.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Office of Planning.

Your Committee received written comments in opposition to this measure from thirteen individuals.

Your Committee received written comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that the special management area permitting system is part of the federally approved Hawaii coastal zone management program, which is managed by the counties and overseen by the Office of Planning. Under current law, the special management area permitting process involves public hearings by the county planning commissions or the Honolulu City Council and may involve contested case hearings. Your Committee also finds that this measure provides a streamlined review process for development by a state agency on state land within a special management area, eliminating the need to obtain a county approved special management area permit and shoreline setback variance. Your Committee further finds that this streamlined process will allow the State to expeditiously deliver capital improvement projects and repair and maintenance projects without sacrificing coastal resources.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and

- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1027, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1027, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ruderman, Thielen, Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 720 Ways and Means on S.B. No. 697**

The purpose and intent of this measure is to extend the terms of members of the Aerospace Advisory Committee from two years to four years.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the purpose of the Aerospace Advisory Committee is to advise and assist the Legislature and state agencies in monitoring, assessing, and promoting aerospace development statewide. Your Committee also finds that this measure will enhance the continuity of discourse among the advisory committee members, as well as reduce the administrative efforts required to maintain appropriate representation on the advisory committee.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 697 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 721 Ways and Means on S.B. No. 868**

The purpose and intent of this measure is to augment the operations and notice requirements of the Hawaii Labor Relations Board to make it more efficient.

Specifically, the measure:

- (1) Requires the Hawaii Labor Relations Board to provide all parties with written notice of a hearing by first class mail at least fifteen days before the scheduled hearing date; and
- (2) Makes housekeeping amendments regarding the scope of negotiations between the public employer and the exclusive representative.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and the Hawaii Labor Relations Board.

Your Committee finds that the Hawaii Labor Relations Board currently uses registered or certified mail to provide notice to parties of a scheduled hearing. This measure would provide adequate notice of hearings to all interested parties and allow the Board to allocate limited funds more efficiently.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 868, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 722 Ways and Means on S.B. No. 998**

The purpose of this measure is to ensure the preservation and protection of Washington Place.

More specifically, this measure:

- (1) Designates the Department of Accounting and General Services as the entity responsible for preserving, protecting, administering, managing, operating, and maintaining Washington Place; and
- (2) Establishes a trust fund for the Department's activities at Washington Place.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services.

Your Committee finds that funding for the management and operations of Washington Place has recently been transferred to the Department of Accounting and General Services. This measure codifies the transfer of management and operations and establishes a trust fund for the deposit of all revenues derived from Washington Place to assist the Department in fulfilling its responsibilities to maintain the historic site.

Your Committee has amended this measure by:

- (1) Providing that any available moneys in the trust fund in excess of an unspecified amount at the close of June 30 of each fiscal year shall lapse to the general fund;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 998, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 998, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 723 Ways and Means on S.B. No. 1007**

The purpose and intent of this measure is to amend Act 82, Session Laws of Hawaii 2003, relating to public land liability.

Specifically, this measure:

- (1) Amends the definition of “improved public lands” to clarify that the term only includes parks and trails that are developed or maintained by the State or county; and
- (2) Defines the term “voluntary trails” and provides that voluntary trails are excluded from the definition of improved public lands.

Your Committee received written comments in support of this measure from twenty-six individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Association for Justice.

Your Committee finds that Act 82, Session Laws of Hawaii 2003, established a process by which the State and counties are provided protection from liability on improved public lands when certain requirements are met. However, as currently written, Act 82 does not distinguish between parks and trails constructed, owned, and maintained by the State and counties and other lands that, although part of the state park system, are not developed or maintained by the State or counties. Your Committee believes that this measure clarifies that public entities do not have a duty to warn of dangerous natural conditions on public lands that are part of the state or county park system, if the land is not developed or maintained by the State or county, including trails created by users that are not part of the statewide trail and access system.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1007, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1007, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Kouchi).

**SCRep. 724 (Majority) Ways and Means on S.B. No. 1068**

The purpose and intent of this measure is to enable the Commissioner of Financial Institutions to more effectively enforce the money transmitters law and more appropriately supervise, regulate, and examine licensees.

More specifically, this measure, among other things:

- (1) Authorizes the Commissioner to require licensees to register with NMLS;
- (2) Authorizes licensees to voluntarily surrender their licenses;
- (3) Increases the amounts of the required surety bonds;
- (4) Authorizes the Commissioner to enter into agreements with NMLS with regard to records and fees;
- (5) Increases application, initial license, name change, and change of control fees;
- (6) Establishes a schedule of renewal fees based upon the number of annualized money transmissions; and
- (7) Increases the amount of civil penalties.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that this measure is necessary to ensure that the Commissioner has sufficient funds to effectively regulate money transmitters.

Your Committee has amended this measure by:

- (1) Clarifying that licensees are required to maintain a bond;
- (2) Changing the effective date to July 1, 2050, in order to facilitate discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1068, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1068, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 725 Ways and Means on S.B. No. 1072**

The purpose and intent of this measure is to improve operations of the Insurance Division of the Department of Commerce and Consumer Affairs to ensure its retention of accreditation from the National Association of Insurance Commissioners (NAIC).

More specifically, this measure amends chapter 431, Hawaii Revised Statutes, regarding the Insurance Code by:

- (1) Increasing the multiplier used for determining whether the filing of a risk-based capital report by a life or accident and health or sickness insurer constitutes a “company action level event”;
- (2) Increasing the maximum allowable credit hours for producer continuing education courses;
- (3) Adopting the provisions of the NAIC Model Regulation to Define Standards and Commissioner’s Authority for Companies Deemed to be in Hazardous Financial Condition;
- (4) Clarifying that the nonrefundable application fee for a captive insurance company redomesticating from another jurisdiction to Hawaii must be paid at the time of application; and
- (5) Clarifying the sections that are applicable to risk retention captive insurance companies.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Hawaii Captive Insurance Council.

Your Committee finds that this measure updates the Insurance Code to conform with the changes and amendments made by the NAIC in November 2011, in order to ensure that the Insurance Division retains its accreditation with the NAIC.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1072, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1072, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 726 Ways and Means on S.B. No. 1082**

The purpose and intent of this measure is to provide the Department of Education with the flexibility necessary to control student transportation costs.

More specifically, this measure repeals various provisions relating to student transportation eligibility requirements and school bus contracts.

A written comment in support of this measure was submitted by the Board of Education.

Your Committee finds that the high cost of student transportation requires more flexibility and the maximization of resources in the contracting of student transportation. Accordingly, your Committee believes that repealing the restrictive provisions relating to the contracting of school buses and transportation of students will give the Board of Education the ability to set terms and policies better suited to their needs and current economic conditions.

Your Committee has amended this measure by making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1082, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1082, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Keith-Agaran). Noes, none. Excused, none.

**SCRep. 727 (Majority) Ways and Means on S.B. No. 1095**

The purpose and intent of this measure is to establish the Early Childhood Education Program.

Your Committee received written comments in support of this measure from the Office of the Governor, Board of Education, Department of Human Services, Early Learning Advisory Board, University of Hawaii System, City and County of Honolulu Department of the Prosecuting Attorney, Castle and Cooke Hawaii, Chaminade University of Honolulu, Hawaii Business Roundtable, Hawaii P-20 Partnerships for Education, IMUAlliance, Kamehameha Schools, Special Education Advisory Board, and seventy-one individuals.

Your Committee received written comments on this measure from the Department of Public Safety and Hawaii Pacific Health.

Your Committee finds that early childhood learning programs encourage positive outcomes for young children by preparing them for school. Significant research suggests that children involved in early education are less likely to drop out of school and have higher reading capabilities than children who have not attended these programs. Your Committee believes that providing high-quality educational programs that increase the likelihood of success for youth are in the best interest of the State. Accordingly, your Committee believes that the Early Childhood Education Program will address Hawaii’s children’s physical, cognitive, linguistic, social, and emotional development and prepare them for success in the classroom.

Your Committee has amended this measure by:

- (1) Clarifying that the measure is to take effect upon the ratification of an amendment to article X, section 1, of the Hawaii State Constitution permitting the appropriation of public funds for private early childhood education programs;
- (2) Clarifying that the Executive Office on Early Learning shall adopt administrative rules necessary to implement the program;
- (3) Changing the effective date to July 1, 2050; provided that the constitutional amendment is ratified, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1095, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1095, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 728 (Majority) Ways and Means on S.B. No. 693**

The purpose and intent of this measure is to improve highway safety.

More specifically, this measure:

- (1) Establishes a three-year pilot photo red light imaging detector system program to improve enforcement of the traffic-control signal laws in all counties with a population in excess of 600,000; and
- (2) Make other amendments regarding highway safety.

Your Committee received written comments in support of this measure from the Hawaii Bicycling League, Mothers Against Drunk Driving Hawaii, and ten concerned individuals.

Your Committee received written comments in opposition to this measure from the American Civil Liberties Union of Hawaii and two concerned individuals.

Your Committee received written comments on this measure from Matson Navigation Co., Inc. and one concerned individual.

Your Committee finds that the prevalence of drivers violating Hawaii's traffic laws, especially on the island of Oahu, has become a serious problem. These violations endanger the lives of motorists and pedestrians. This measure will establish a three-year pilot photo red light imaging detector system program to identify and deter those who run red lights.

Your Committee has amended this measure by:

- (1) Clarifying that information obtained from the pilot project may be used for highway safety research;
- (2) Harmonizing confidentiality provisions of the pilot project with those found in applicable traffic statutes;
- (3) Adding a definition for "truck"; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 693, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 693, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Slom). Excused, 3 (English, Keith-Agaran, Tokuda).

**SCRep. 729 Ways and Means on S.B. No. 244**

The purpose and intent of this measure is to revise and update the laws regarding charter schools and the State Public Charter School Commission (Commission).

More specifically, this measure, among other things:

- (1) Authorizes charter schools to carry over up to five per cent of most appropriations at the close of a fiscal year;
- (2) Requires charter schools to complete annual independent financial audits;
- (3) Requires the Commission to develop procedures regarding criminal history record checks;
- (4) Specifies enrollment requirements;
- (5) Authorizes the Commission to make facilities funding requests to the Legislature; and
- (6) Requires Commission members to disclose specified charter school relationships to the commission.

Your Committee received written comments in support of this measure from the Board of Education, the Kualapu'u School Public Conversion Charter, the Hawaii Academy of Arts and Science Public Charter School, the Hawaii Technology Academy, the Hawaii Public Charter Schools Network, Ho'okako'o Corporation, and one individual.

Your Committee finds that this measure promotes the goals of Act 130, Session Laws of Hawaii 2012, to establish a solid governance structure for Hawaii's charter school system, by establishing clear lines of authority and accountability that will foster improved student outcomes.

Your Committee has amended this measure by:

- (1) Changing the percentage of an appropriation that a charter school may carry over at the close of a fiscal year to an unspecified amount;
- (2) Requiring the Commission to submit its facilities funding request to the Director of Finance, rather than to the Legislature; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 244, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 244, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Keith-Agaran, Kouchi).

**SCRep. 730 Ways and Means on S.B. No. 1099**

The purpose and intent of this measure is to eliminate the asset limit for participants in the Temporary Assistance For Needy Families program (TANF).

Written comments in support of this measure were submitted by the Department of Labor and Industrial Relations Office of Community Services, the Department of Human Services, the Office of Hawaiian Affairs, The Hawaii Appleseed Center for Law and Economic Justice, the Legal Aid Society, and two individuals.

Your Committee finds that the verification of assets is a very difficult, time-consuming, and ineffective method to deter fraud in the TANF program. Your Committee also finds that eliminating the asset limit requirement will not increase costs for the State, will enable the Department of Human Services to provide and service the public in a more efficient and effective manner, and will encourage families to build and increase their assets without fear of losing TANF benefits.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to further discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1099, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1099, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 731 Ways and Means on S.B. No. 1162**

The purpose and intent of this measure is to ensure public access to beaches by making permanent the provisions of Act 160, Session Laws of Hawaii 2010, relating to the removal of induced shoreline vegetation.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, Department of Land and Natural Resources, Office of Hawaiian Affairs, and twelve individuals. Your Committee received written comments in opposition to this measure from the Hawaii Association of Realtors.

Your Committee finds that Act 160, Session Laws of Hawaii 2010, was enacted because there are many shoreline areas throughout the State where the overgrowth of vegetation inhibits lateral access and transit along the beach. Your Committee further finds that, by making permanent the provisions of Act 160, this measure will allow the Department of Land and Natural Resources to continue its efforts in compelling landowners to cut back vegetation that inhibits lateral shoreline access.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1162, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1162, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 732 Ways and Means on S.B. No. 337**

The purpose and intent of this measure is to prohibit the use of certain types of wheels that are considered to be dangerous.

More specifically, this measure prohibits the use of any wheel, wheel cover, hubcap, lug nut or lug cap, prong, or any ornamentation affixed to any of the aforementioned items that uses aftermarket parts and extends out two inches or more past the wheel's rim.

Your Committee finds that modified wheels have a propensity to cause vehicle accidents that result in severe injury and property damage. This measure will penalize their use as a petty misdemeanor.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 337, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 337, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 733 (Joint) Ways and Means and Education on S.B. No. 390**

The purpose and intent of this measure is to support non-school hour positive youth programs.

More specifically, this measure appropriates funds to the Department of Human Services to be transferred to the Department of Education, pursuant to a memorandum of agreement, for:

- (1) Non-school hour positive youth programs for middle school youth;
- (2) A Uniting Peer Learning Integrating New Knowledge (UPLINK) administrator; and
- (3) Other UPLINK staffing needs.

Your Committees received written comments in support of this measure from the Department of Education; Department of Human Services, Office of Youth Services; Hawaii Youth Services Network; Hale Opio Kauai, Inc.; and two individuals.

Your Committees find that UPLINK is a non-school hour positive youth program for middle school students that provides opportunities for students to engage in physical activities and other activities, such as learning how to prepare healthy meals. The focus of the program is to provide services for youth for the immediate hours after school, when students may be tempted to engage in risky behaviors, thereby reducing the opportunities for youth to engage in negative or harmful activities. Accordingly, your Committees find that supporting UPLINK promotes the well-being of youth and is in the interest of the State.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Education that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 390, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as S.B. No. 390, S.D. 2.

Signed by the Chairs on behalf of the Committees.  
  
Ways and Means  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).  
  
Education  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 734 Ways and Means on S.B. No. 479**

The purpose and intent of this measure is to add the director of the authority for rapid/mass transportation to the Metropolitan Planning Organization policy committee.

Your Committee received testimony in support of this measure from the Committee on Transportation, City and County of Honolulu.

Your Committee finds that mass or rapid transit systems will be critical components of transportation infrastructure for the foreseeable future. This measure provides that the director of such a system will rightfully participate in the planning and implementation of the Metropolitan Planning Organization's major programs.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 479, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 479, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 735 Ways and Means on S.B. No. 527**

The purpose and intent of this measure is to appropriate funds for the comprehensive breast and cervical cancer control program.

Your Committee received written comments in support of this measure from the Hawaii Medical Association.

Your Committee finds that this measure will enable the comprehensive breast and cervical cancer control program to continue providing valuable services, including screening, education, and treatment, as necessary, and conducting outreach on breast and cervical cancer awareness.

Your Committee has amended this measure by:

- (1) Changing the appropriations to an unspecified amount;

- (2) Making a technical nonsubstantive amendment for the purpose of clarity; and
- (3) Changing the effective date of the measure to July 1, 2050, in order to facilitate continued discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 527, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 527, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Espero).

**SCRep. 736      Ways and Means on S.B. No. 571**

The purpose and intent of this measure is to amend the amount of gross proceeds the State retains to cover the costs associated with administering the county surcharge on state tax.

More specifically, this measure:

- (1) Changes the State's automatic deduction of ten per cent of the gross proceeds of a county's surcharge on state tax to a deduction of six per cent to reimburse the State for costs associated with handling the assessments, collection, and disposition of the county surcharge on state tax; and
- (2) Allows the State, by administrative rule, to change the six per cent deduction to an amount not exceeding ten per cent if the costs of assessment, collection, and disposition increase.

Your Committee received written comments in support of this measure from the City and County of Honolulu and the Hawaii Construction Alliance.

Your Committee received written comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that Act 247, Session Laws of Hawaii 2005, authorized the counties to adopt a county surcharge on the state general excise tax. Act 247 also provided that ten per cent of the surcharges collected would be automatically deducted and paid to the State to reimburse the State for costs associated with handling the assessments, collection, and disposition of the county surcharge on state tax. Your Committee also finds that the ten per cent deduction may not accurately reflect the true cost of administering the county surcharge on state general excise tax.

Your Committee has amended this measure by:

- (1) Changing the amount of the automatic deduction to an unspecified amount; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 571, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 571, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 737      Ways and Means on S.B. No. 573**

The purpose and intent of this measure is to authorize a state income tax credit for certain expenses paid or incurred by a school teacher for supplementary materials acquired by the teacher for use in the classroom.

Your Committee received written comments in support of this measure from IMUAlliance.

Your Committee received written comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that school teachers often pay out of their own pocket for classroom supplies and supplementary materials. Providing an income tax credit for these expenses would lessen the economic burden on teachers who make the effort to find ways to engage and motivate their students.

Your Committee has amended this measure by:

- (1) Changing the cap on the tax credit to an unspecified amount;
- (2) Replacing a statutory provision specifying the date from which the tax credit is to be applied with appropriate language in the effective date section of the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 573, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 573, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 738      Ways and Means on S.B. No. 593**

The purpose and intent of this measure is to:

- (1) Appropriate funds to the livestock revitalization program; and
- (2) Expand livestock feed subsidies to include milking goats, sheep, lamb, fish, and crustaceans.

Your Committee received written comments in support of this measure from the Hawaii Cattlemen's Council, the Hawaii Farm Bureau Federation, the Sovereign Councils of the Hawaiian Homelands Assembly, Ulupono Initiative, and two individuals.

Your Committee finds that the cost of feed for livestock production in Hawaii can constitute up to seventy per cent of total production costs. In recent years, the cost of feed has increased significantly and is expected to increase even further. Increased feed costs are threatening the closure of the State's remaining livestock producers. Your Committee further finds that increasing livestock production is vitally necessary to meet the State's goals of ensuring food security and self-sufficiency.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation to an unspecified amount;
- (2) Providing that the livestock feed subsidies apply to goats raised for meat, as well as milking goats;
- (3) Changing the minimum flock requirement for sheep and lambs to thirty sheep or lambs annually;
- (4) Establishing the minimum herd requirement for goats raised for meat at thirty goats annually;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 593, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 593, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 739      Ways and Means on S.B. No. 678**

The purpose and intent of this measure is to appropriate funds to support the activities of the Uluulu: The Henry Kuualoha Giugni Moving Image Archive of Hawaii (Moving Image Archive).

Your Committee received written comments in support of this measure from the Department of Business, Economic Development and Tourism, the University of Hawaii West Oahu, Hawaii Chapter of Association of Records Managers and Administrators, Lyman Museum, Pacific Islanders in Communications, Searider Productions, Bernard Osher Foundation, and six individuals.

Your Committee finds that the Moving Image Archive is a unique collection of films and videos that depicts the rich history and culture of Hawaii. Your Committee believes that funding the preservation and maintenance of this collection will further the State's interest in educating current and future generations about the history and culture of Hawaii.

Your Committee has amended this measure by amending the effective date from July 1, 2013, to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 678, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 678, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 740      Ways and Means on S.B. No. 1254**

The purpose and intent of this measure is to appropriate funds to expand emergency medical services and ambulance services in the Ewa Beach community.

Your Committee finds that the closure of the Hawaii Medical Center hospitals reduced access to emergency medical care for the residents of the City and County of Honolulu, especially in the Ewa Beach area. Accordingly, your Committee finds that this measure will ensure that the residents of the Ewa Beach community have available the necessary access to emergency medical services and ambulance services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective to July 1, 2050, to promote further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1254, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1254, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 741 Ways and Means on S.B. No. 1280**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Kona SWAC, LLC, in constructing a portion of a seawater air conditioning district cooling system.

Your Committee received written comments in support of this measure from one individual. Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that Kona SWAC, LLC, seeks to develop a seawater air conditioning solution for Kona that precludes the need to cool water with electricity and instead uses seawater for cooling. Your Committee believes that finding and developing new and innovative technologies that decrease the State's dependence on oil continues to be in the public interest. Accordingly, your Committee finds that assisting in the financing for the construction of a portion of the seawater air conditioning district cooling system to serve Kona and nearby areas on the island of Hawaii furthers the State's interest in developing new and efficient energy systems.

Your Committee has amended this measure by:

- (1) Amending the effective date from July 1, 2050, to July 1, 2013; and
- (2) Making a technical nonsubstantive amendment for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1280, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1280, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 742 Ways and Means on S.B. No. 1336**

The purpose and intent of this measure is to designate Kahuku Medical Center as a rural hospital so that it may qualify and maintain its status as a critical access hospital.

Your Committee finds that the Social Security Act requires states to designate hospitals in areas that are officially non-rural, such as Kahuku, as rural hospitals to meet a requirement of the critical access hospital designation. Your Committee further finds that this measure expresses the intent of the State to designate Kahuku Medical Center as a rural hospital so that it may qualify and continue to be a critical access hospital.

Your Committee has amended this measure by:

- (1) Clarifying that the rural hospital designation shall be for purposes of qualifying as a critical access hospital;
- (2) Deleting language in the new section specifying the duration of the rural hospital designation and adding language to the measure to provide for the repeal of the measure on June 30th of an unspecified year;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1336, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1336, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 743 Ways and Means on S.B. No. 16**

The purpose and intent of this measure is to broaden the scope of the solar water heater mandate for new residential construction and to make the approval process more efficient.

More specifically, this measure:

- (1) Requires new duplexes, absent a waiver, to include solar water heaters prior to receiving a building permit;
- (2) Transfers the authority to issue solar water heater variances from the Energy Resources Coordinator to the respective county permitting agencies;
- (3) Requires each County Council to establish procedures and standards for the issuance of waivers by their respective county permitting agency; and
- (4) Clarifies solar water heater waiver application procedures.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Blue Planet Foundation; two members of the Kauai County Council, and two concerned individuals.

Your Committee received written comments in opposition to this measure from the Department of Planning and Permitting, City and County of Honolulu; Kauai County Department of Public Works; and HawaiiGas.

Your Committee finds that by allowing the respective counties to issue solar water heater waivers, both the waiver and building permit will be administered by the same agency, resulting in greater efficiency and economies of scale. In addition, new duplexes should be subject to the solar water heater mandate for the same reasons that the mandate currently applies to single family homes.

Your Committee has amended this measure by:

- (1) Clarifying that the authority to issue waivers shall be transferred to the respective county upon notice to the Governor that necessary ordinances have been adopted by the respective county, to ensure a seamless transition;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, consistency, and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 16, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 16, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 744      Judiciary and Labor on S.B. No. 1370**

The purpose and intent of this measure is to:

- (1) Expand the application of mandatory mortgage foreclosure dispute resolution by requiring mortgagees, at the mortgagor's election, to participate in mediation to avoid foreclosure or mitigate damages from foreclosure prior to filing a judicial foreclosure action for property that has been the mortgagor's primary residence for a specified period; and
- (2) Apply the dispute resolution requirement to judicial foreclosure actions filed prior to the effective date of this measure and pending an initial court hearing.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs. Testimony in opposition to this measure was submitted by the Hawaii Credit Union League, Hawaii Financial Services Association, and Hawaii Bankers Association.

Your Committee finds that the Legislature has previously expressed a desire for dispute resolution combined with the assistance of United States Department of Housing and Urban Development (HUD)-certified housing counselors to be available for homeowners facing foreclosure. Foreclosure mediation has been highly successful in Connecticut, Nevada, and other states and can assist homeowners and loan holders or servicers in reaching agreements involving loan modification or other loss mitigation. These agreements can avoid foreclosure and unnecessary expense and delay.

Your Committee further finds that although mortgage foreclosure dispute resolution is available upon request in non-judicial foreclosures, mortgagees have instead chosen to pursue judicial foreclosure. Although mediation in a judicial foreclosure may be ordered in the discretion of the court, only the Third Circuit, on the Island of Hawaii, has a dedicated foreclosure mediation program. This foreclosure mediation program now reports a high rate of success in foreclosure actions, which has in turn helped alleviate the pressure on the Third Circuit's civil docket. Your Committee additionally finds that although the Hawaii Access to Justice Commission has strongly recommended that the Hawaii Supreme Court retain, improve, and expand the Judiciary's foreclosure mediation program, it has not yet expanded beyond the Third Circuit.

Your Committee also finds that there is emerging evidence that the availability of HUD-certified counselors in foreclosure dispute resolution programs is one of the most, if not the most, important factors in the ability of homeowners to navigate mediation programs and achieve optimal results. The report, released by the Department of Justice Access to Justice Initiative, states that there is ample evidence to suggest HUD-certified housing counselors are successful in the majority of cases in obtaining some form of loss mitigation help for distressed homeowners and thereby avoiding foreclosure.

This measure will ensure mortgage foreclosure dispute resolution is equally available for nonjudicial and judicial foreclosures. This gives all mortgagors facing foreclosure in Hawaii an opportunity to have a specifically trained mediator who can offer assistance regarding the mortgagor's financial situation and any available options. Your Committee concludes that this measure will benefit mortgagors and mortgagees by shortening the overall foreclosure process and reducing strain on the judicial system.

Your Committee notes the testimony in opposition to this measure that requiring a lender to additionally participate in the mortgage foreclosure dispute resolution program before filing a judicial foreclosure action is duplicative. The Hawaii Credit Union League testified that credit unions often have close relationships with their members. Thus, credit unions will begin working with their members as soon as a potential default becomes apparent and provide their members with alternatives to foreclosure as a matter of course. Pre-foreclosure mediation requirements will only duplicate these efforts. Therefore, the Hawaii Credit Union League testified that making mediation mandatory for judicial foreclosures would lengthen the foreclosure process by six to eight months.

Moreover, the Hawaii Bankers Association testified that in January 2012, the Consumer Financial Protection Bureau introduced changes to the federal rules governing mortgage servicing, including foreclosures, and that these rules apply to all persons servicing mortgage loans. Among other things, a lender cannot file for foreclosure until the loan is one hundred twenty days delinquent in order to provide borrowers reasonable time to submit loan modification applications. The Hawaii Bankers Association further testified that lenders are required under the rules to contact the borrower by telephone and provide written notice of loan modification options, including credit counseling contact information. Thus, if a lender is already required under federal regulations to notify borrowers regarding loan modification options prior to filing for foreclosure, a mandatory mediation process on top of these federal requirements is duplicative and potentially burdensome for the lender and borrower.

Accordingly, your Committee has amended this measure by adopting the suggestions made by the Hawaii Bankers Association and the Commissioner of Financial Institutions to:

- (1) Require mortgagees to engage in early intervention measures prior to filing a judicial foreclosure action that complies with the Consumer Financial Protection Bureau federal regulations that include:

- (A) Establishing live contact with the mortgagor to inform the mortgagor about the availability of loss mitigation options; and
- (B) Providing the mortgagor with a written notice that encourages the mortgagor to contact the mortgagee, informs the mortgagor about loss mitigation options, and informs the mortgagor about access to and information about homeownership counselors or counseling organizations, including HUD-certified counselors;
- (2) Amend sections 667-17 and 667-18, Hawaii Revised Statutes, to require an attorney when filing for a judicial foreclosure action to affirm that a mortgagee engaged in loss mitigation procedures with the mortgagor in accordance with federal regulations;
- (3) Exempt the dispute resolution requirement to judicial foreclosure actions if the mortgagee engages in loss mitigation procedures with the mortgagor and add a definition of "loss mitigation";
- (4) Insert an effective date of July 1, 2050, to encourage further discussion; and
- (5) Make technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1370, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1370, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Gabbard).

**SCRep. 745 (Joint) Ways and Means and Judiciary and Labor on S.B. No. 1340**

The purpose and intent of this measure is to establish the Young Adult Voluntary Foster Care Program to provide eligible foster care services for youth who are eighteen or older until the age of twenty-one years.

Your Committees received written comments in support of this measure from the Judiciary, the Department of Human Services, Family Programs Hawaii, Hawaii Youth Services Network, EPIC Ohana, and twenty-three individuals.

Your Committees find that many foster youth lose their support systems after reaching the age of eighteen. Many of them are not prepared for the transition into adulthood and therefore are more prone to homelessness and substance abuse and are less likely to graduate from high school or attend a higher learning institution. Studies have shown that young adults who continue to receive foster care services until the age of twenty-one are more likely to succeed in a positive transition into adulthood compared to young adults who stop receiving support services at the age of eighteen. Accordingly, your Committees further find that providing support services for foster youths until the age of twenty-one is necessary to ensure the health, safety, and general welfare of the youth in the State.

Your Committees have amended this measure by:

- (1) Clarifying that the court shall set a periodic review to be held within one hundred eighty days after the signing of the voluntary care agreement;
- (2) Moving substantive language in the definition of "party" to a new subsection in the section pertaining to court proceedings;
- (3) Deleting a redundant provision relating to venue and re-designating the remaining sections accordingly;
- (4) Moving the section regarding the liability of the department to the end of the new part, to allow for a more logical flow of the sections, and re-designating the remaining sections accordingly;
- (5) Requiring the Department of Human Services to submit an annual report to the Legislature regarding the status, efficacy, and any other relevant information regarding the Young Adult Voluntary Foster Care Program, twenty days prior to the convening of each regular legislative session;
- (6) Making unspecified appropriations to the Department of Human Services for child protective services for fiscal years 2013-2014 and 2014-2015;
- (7) Making unspecified appropriations to the Department of Human Services for child protective services payments for fiscal years 2013-2014 and 2014-2015;
- (8) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (9) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1340, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as S.B. No. 1340, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

Judiciary and Labor

Ayes, 5. Noes, none. Excused, none.

**SCRep. 746 Ways and Means on S.B. No. 343**

The purpose and intent of this measure is to support dental health services in the State.

More specifically, this measure:

- (1) Requires the Director of Health to participate in the National Oral Health Surveillance System;
- (2) Allows dental hygienists to apply preventative sealants, in conjunction with a licensed dentist, at federally qualified health centers, in a school-based dental sealant program;
- (3) Requires the Department of Health to establish and administer a school-based dental sealant program in a high-need demonstration school;
- (4) Requires the Department of Health to report to the Legislature regarding the efforts to prioritize prevention against tooth decay in children; and
- (5) Appropriates moneys for the school-based dental sealant program.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities, Hawaii Dental Hygienists' Association, and three individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Dental Association.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the State has an interest in improving access to preventative dental care for the children in the State. The placement of plastic sealants in the molars of children can prevent tooth decay and thereby prevent costly dental procedures. Accordingly, your Committee finds that the creation of a school-based dental sealant program will allow more children to receive this preventative dental procedure and improve the dental health of children in the State.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 343, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 343, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (English, Keith-Agaran, Kouchi).

**SCRep. 747 (Majority) Ways and Means on S.B. No. 332**

The purpose of this measure is to protect employees by expanding the wage information required to be provided on employee pay statements and included in employer records.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that current law requires employers to provide basic pay information to employees on their employee pay statements. This measure expands that information to provide employees greater clarity and transparency on wages and requires employers to maintain accurate records of this information. Your Committee believes that this measure will improve the ability of employees to verify their earnings in this time of economic hardship while enhancing the investigatory and enforcement capabilities of the Department of Labor and Industrial Relations in assisting employees in the recovery of unpaid wages.

Your Committee notes that this measure, if enacted, should have an effective date of January 1, 2014.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 332, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Keith-Agaran).

**SCRep. 748 Ways and Means on S.B. No. 101**

The purpose and intent of this measure is to eliminate required increases to an agency's budget for the implementation of energy efficiency retrofitting through performance contracting.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; and one individual.

Your Committee finds that this measure will end an unnecessary requirement to automatically increase a state agency's energy budget without regard to need.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 101 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 749 Ways and Means on S.B. No. 86**

The purpose and intent of this measure is to effectively transfer the state income tax and obligations exemption for public housing agencies from the Hawaii Housing Finance and Development Corporation to the Hawaii Public Housing Authority.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure is a housekeeping measure that moves the state tax exemption for income earned and obligations issued by a public housing agency from chapter 201H, Hawaii Revised Statutes, governing the Hawaii Housing Finance and Development Corporation, to chapter 356D, Hawaii Revised Statutes, governing the Hawaii Public Housing Authority.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 86 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 750 Ways and Means on S.B. No. 71**

The purpose and intent of this measure is to support organizations that provide rehabilitative and re-entry programs and services to incarcerated and formerly incarcerated individuals.

More specifically, this measure appropriates funds to the Department of Public Safety to contract with community-based organizations, in accordance with chapter 103F, Hawaii Revised Statutes, to provide education, mentoring, restorative circles, farming, artisan skills, cognitive behavioral therapy, and cultural healing services to current and former inmates under the custody and control of the Department of Public Safety or the Hawaii Paroling Authority.

Your Committee received written comments in support of this measure from the Community Alliance on Prisons and one individual.

Your Committee received written comments on this measure from the Department of Public Safety.

Your Committee finds that this measure supports organizations that encourage rehabilitation and educate incarcerated and formerly incarcerated individuals. Studies have shown that rehabilitation and re-entry programs for incarcerated and formerly incarcerated individuals lower recidivism rates, thereby making the community safer. Your Committee also finds that this measure provides a reasonable and cost-effective method to provide these services to the target population.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 71, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 71, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 751 Ways and Means on S.B. No. 381**

The purpose and intent of this measure is to amend provisions relating to the public funding program for Hawaii county council elections.

More specifically, this measure:

- (1) Limits the number of candidates in the comprehensive public funding pilot project to twenty-five per election cycle; and
- (2) Changes the funding formula for the public funding pilot project to average the amount of money spent by winning candidates in the last two election cycles for all county district races.

Your Committee received written comments in support of this measure from Occupy Hilo Media Team and one individual.

The pilot comprehensive public funding program for elections to the Hawaii County Council was established by Act 244, Session Laws of Hawaii 2008, and tests the viability of comprehensive public funding of elections by limiting comprehensive public funding to a single county for three election years. Your Committee finds that in the past, there may have been inequities in the funding structure of the pilot project and that this measure will equalize the stipends provided across the county districts in a more equitable manner.

Your Committee has amended this measure by:

- (1) Changing the term "election cycle" to "election period" and providing a definition for that term; and
- (2) Recasting the proposed language for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 381, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 381, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 752      Ways and Means on S.B. No. 380**

The purpose and intent of this measure is to provide funds for a pilot project to stimulate economic growth in the Puna region of the island of Hawaii, by fostering increased agricultural and other production through higher education.

More specifically, this measure appropriates an unspecified amount to the University of Hawaii for an outreach program, under the College of Agriculture, Forestry, and Natural Resource Management at the University of Hawaii at Hilo, to perform a needs assessment for the higher education learning center pilot project in Puna, Hawaii.

Your Committee received written comments in support of this measure from the University of Hawaii at Hilo and the University of Hawaii System College of Agriculture, Forestry, and Natural Resource Management.

Your Committee finds that this measure benefits the State because the outreach program will help to identify educational training needs and resources and contribute to economic revitalization efforts in the area. The pilot project may also serve as a replicable model for higher learning centers for other rural areas of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 380, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 753      Ways and Means on S.B. No. 369**

The purpose and intent of this measure is to require the Legislature to establish procedures enabling neighbor island residents to testify at legislative committee hearings through the use of audiovisual technology.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, Office of Information Management and Technology, Occupy Hilo Media Team, and eleven individuals. One individual submitted written comments on this measure.

Your Committee finds that community involvement is critical to a well-run democracy. Yet, many neighbor island residents do not participate in the legislative process due to the time and cost of traveling to Honolulu to attend legislative proceedings. Your Committee further finds that establishing videoconferencing at legislative committee hearings will facilitate neighbor island resident participation in the legislative process.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 369, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 369, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 754      Ways and Means on S.B. No. 301**

The purpose and intent of this measure is to implement recommendations submitted by the Hawaii State Asset Building and Financial Education task force.

More specifically, this measure:

- (1) Establishes a state refundable earned income tax credit; and
- (2) Appropriates moneys for grants to provide financial education and tax workshops.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs; Aloha United Way; Catholic Charities Hawaii; Goodwill Industries of Hawaii, Inc.; Hawaii Alliance for Community-Based Economic Development; Hawaii Catholic Conference; Hawaii Appleseed Center for Law and Economic Justice; Leeward Housing Coalition; Partners in Care; PHOCUSED; Papakolea Community Development Corporation; the Sovereign Councils of the Hawaiian Homelands Assembly; and six individuals.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii and Hawaiian Community Assets.

Your Committee finds that the Hawaii State Asset Building and Financial Education Task Force was charged with developing policy recommendations to implement various asset building strategies in the State. The task force's recommendations included implementing tax policies that make work pay, improving financial education, helping people start businesses, helping people become homeowners, and removing barriers to asset building. Your Committee further finds that the refundable state earned income tax credit established by this measure will serve to implement the tax policies recommended by the task force.

Your Committee has amended this measure by:

- (1) Deleting the appropriations for grants to the Hawaii Alliance for Community-Based Economic Development;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and

- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 301, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 301, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 755 Ways and Means on S.B. No. 239**

The purpose of this measure is to improve the administration of the annual conference of secondary school students, which enables students to identify, discuss, and recommend solutions to major youth problems.

Specifically, this measure:

- (1) Repeals chapter 317, Hawaii Revised Statutes, and moves the statutory provisions relating to the annual conference to chapter 302A, Hawaii Revised Statutes, relating to education;
- (2) Replaces the Governor's authority to appoint members of the student conference committee with that of the Superintendent of Education and the Hawaii Association of Independent Schools;
- (3) Repeals the provision requiring that the Legislature and the Department of Education be included in the membership of the student conference advisory committee, and instead, requires the Department of Education to maintain guidelines and procedures for establishing the advisory committee;
- (4) Repeals the three-day limit for the annual conference and provides that the conference is subject to program and funding limitations; and
- (5) Repeals the requirement for an evaluation report on conference proceedings.

Your Committee received written comments in support of this measure from the Hawaii Association of Independent Schools.

Your Committee finds that the annual conference of secondary school students provides an opportunity to acquire valuable skills and learn from other students through a forum on issues that affect youths. This measure seeks to provide an improved framework for conducting the annual conference, the appointment of members to the student conference committee, and the composition of the student conference advisory committee.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 239, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 756 Ways and Means on S.B. No. 210**

The purpose and intent of this measure is to exempt, from the fee for a new certificate of bicycle or moped registration, any bicycle or moped gifted within ninety days of issuance of the original certificate of registration.

Your Committee finds that current law requires the purchaser of a bicycle or moped to pay a registration fee upon purchase of the bicycle or moped. If the bicycle or moped is then gifted to another, the recipient is required to re-register the bicycle or moped under the recipient's name and pay the applicable transfer of registration fee. This measure will exempt the recipient of a gifted bicycle or moped from payment of a second registration fee if the bicycle or moped is gifted within ninety days of purchase.

Your Committee has amended this measure by:

- (1) Clarifying that the transferee shall not be subject to the registration fee; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 210, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 210, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 757 Ways and Means on S.B. No. 148**

The purpose and intent of this measure is to appropriate funds to establish and operate a comprehensive center for the deaf, hard of hearing, and deaf-blind.

The Department of Human Services submitted written comments on this measure.

Your Committee finds that the deaf community has been attempting to establish a service center for over forty years. The appropriations in this measure will help to establish and operate a comprehensive service center and to assist persons who are deaf, hard of hearing, and deaf-blind to fully participate in Hawaii's community.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and

- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 148, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 148, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 758 (Majority) Ways and Means on S.B. No. 103**

The purpose and intent of this measure is to enhance public awareness on the need for long term care planning and financing.

Specifically, the measure requires the Executive Office on Aging to:

- (1) Inform the public about long term care needs, planning, financing, and other related issues; and
- (2) Have the campaign independently evaluated.

Your Committee received written comments in support of this measure from the Executive Office on Aging, the County of Hawaii Office of Aging, the American Association of Retired Persons Hawaii, ILWU Local 142, Faith Action for Community Equity, and seven individuals.

Your Committee finds that many people in the State are unaware of or underestimate the need to learn about the issues involved in long term care. Accordingly, many people fail to take the time to develop a long term care plan and do not purchase long term care insurance. A long term care public education and awareness campaign administered by the Executive Office on Aging would provide people with much needed information to help them make important long term care decisions.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 103, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 103, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 759 (Majority) Ways and Means on S.B. No. 1069**

The purpose of this measure is to enhance the regulation of licensees under the Secure and Fair Enforcement for Mortgage Licensing Act, chapter 454F, Hawaii Revised Statutes.

Specifically, the measure amends chapter 454F, Hawaii Revised Statutes, by:

- (1) Clarifying the licensure requirements for mortgage loan originators, mortgage loan originator companies, mortgage servicer companies conducting mortgage loan origination activities, and other licensees;
- (2) Adjusting fees for mortgage loan origination licensees; and
- (3) Establishing fees for mortgage servicer companies that conduct mortgage loan origination activities.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that in addition to clarifying the law regulating mortgage loan origination activities, this measure provides an adjusted licensing fee schedule to help ensure that the Division of Financial Institutions can continue to provide oversight and services for consumers and the mortgage loan origination industry.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (2) Making technical nonsubstantive amendments for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1069, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1069, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 760 Ways and Means on S.B. No. 709**

The purpose and intent of this measure is to increase the Agribusiness Development Corporation's limit on investments in qualified securities of any one enterprise from \$500,000 to \$3,000,000.

Written comments in support of this measure were submitted by one individual.

Your Committee finds that this measure allows the Agribusiness Development Corporation more investment flexibility by increasing the maximum allowable investment in any one enterprise. Your Committee finds that it is in the State's best interest to support agricultural enterprises in the State.

Your Committee has amended this measure by:

- (1) Changing the investment limit amount to an unspecified amount; and
- (2) Amending the effective date from July 1, 2013, to July 1, 2050, to further discussion on the matter.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 709, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 709, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 761      Ways and Means on S.B. No. 879**

The purpose of this measure is to increase certain witness per diem rates.

Specifically, the measure supports witnesses in criminal proceedings by:

- (1) Raising the per diem rate for out-of-state witnesses from \$110 to \$145; and
- (2) Providing an additional \$90 per diem payment for witnesses traveling from another island within the State who are required to stay overnight.

Your Committee received written comments in support of this measure from the Hawaii Tourism Authority and the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that per diem stipends for witnesses who must travel to an island within the State to attend criminal proceedings have remained unchanged for decades and are no longer sufficient to pay for lodging, meals, and other personal expenses. This measure adjusts per diem stipends to reflect the current cost of living in Hawaii and reduce economic barriers that may discourage or prevent witnesses from participating in criminal proceedings.

Your Committee has amended this measure by:

- (1) Changing to unspecified amounts:
  - (A) The increased per diem payment for out-of-state witnesses; and
  - (B) The additional per diem payment for witnesses traveling from another island within the State who are required to stay overnight;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (3) Making a technical nonsubstantive amendment for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 879, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 879, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 762      Ways and Means on S.B. No. 623**

The purpose and intent of this measure is to:

- (1) Replace the current renewable energy technology systems tax credit with tax credits for solar energy property and wind energy property; and
- (2) Require the Department of Taxation, in collaboration with the Department of Business, Economic Development, and Tourism, to report to the Legislature regarding tax credits claimed under section 235-12.5, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Blue Planet Foundation; Distributed Energy Partners; First Wind; Hawaii PV Coalition; Hawaii Renewable Energy Alliance; Hawaii Solar Energy Association; Inter-Island Solar Supply; Kairos Energy Capital LLC; Keahole Solar Power LLC; Mainstream Energy Corporation; RevoluSun; Sovereign Councils of the Hawaiian Homelands Assembly; SunEdison; Sunrun Inc.; SunPower Systems, Corporation; SolarCity; The Pacific Resource Partnership; Ulupono Initiative; and four individuals.

Your Committee received written comments in opposition to this measure from the Sierra Club, Hawaii Chapter; and Kauai Island Utility Cooperative.

Your Committee received written comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Forest City Hawaii.

Your Committee finds that providing tax credits to reimburse taxpayers for a portion of the cost of installing solar and wind energy properties promotes the State's goals of energy self-sufficiency and renewable energy production. Your Committee also finds that this measure amends section 235-12.5, Hawaii Revised Statutes, to administer these tax credits in a more balanced manner.

Your Committee has amended this measure by:

- (1) Changing the amounts of the tax credit for all solar energy properties and the cap amount of the tax credit for each wind energy property to unspecified amounts;
- (2) Establishing an unspecified cap amount on the tax credit for a solar energy property that is used to generate electricity and is one megawatt or larger in alternating current capacity;
- (3) Changing the date by which a solar energy property that has the capacity to generate one megawatt or more in alternating current electricity must demonstrate eligibility for the alternate tax rate from December 31, 2012, to December 31, 2013;
- (4) Deleting the provisions that prohibited tax credits for:
  - (A) Any entity referred to in section 54(j)(4) of the Internal Revenue Code; or
  - (B) Any partnership or other pass-thru entity that has as a partner or other holder of an equity or profits interest that is:
    - (i) Any entity referred to in section 54(j)(4) of the Internal Revenue Code; or
    - (ii) Any federal, state, or local government or any political subdivision, agency, or instrumentality thereof;
- (5) Replacing the term "system" with the term "property" in certain instances, as appropriate;
- (6) Deleting the definition of the term "competitive bid solar energy property";
- (7) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (8) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 623, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 623, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Keith-Agaran, Ruderman).

**SCRep. 763 Ways and Means on S.B. No. 1042**

The purpose and intent of this measure is to update codified position descriptions for Public Utilities Commission staff and to authorize the Chairperson of the Public Utilities Commission to appoint and dismiss a chief administrator, attorneys, and other staff, as provided by law.

Your Committee received written comments in support of this measure from the Public Utilities Commission and Department of Commerce and Consumer Affairs.

Your Committee finds that the increased demand for energy and technological advancements in generating renewable energy, as well as changes in the delivery of other public utilities, requires the Public Utilities Commission to have a modernized and sophisticated workforce to carry out its increasingly complex regulatory functions. This measure will allow the Chairperson the flexibility to identify, design, and fill the positions necessary to steward the State through these dynamic and challenging technology-driven times.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1042, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1042, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 764 Ways and Means on S.B. No. 993**

The purpose and intent of this measure is to amend provisions relating to the New Farmer Program to provide incentives for individuals to choose farming as a career.

More specifically, this measure:

- (1) Amends the term "new farmer program" to "new farmer";
- (2) Expands the definition of "new farmer" to include a person who graduated from a farm trainee program;
- (3) Establishes farm innovation loans as a new type of class F loan; and
- (4) Excepts from the restrictions of section 155-3, Hawaii Revised Statutes, relating to credit denials, new farmer and farm innovation program loans for less than \$100,000 for farmer trainees and recent college graduates with a degree in agriculture.

Written comments in support of this measure were submitted by the Department of Agriculture, the Hawaii Farm Bureau Federation, and the Ulupono Initiative.

Your Committee finds that the current population of farmers is aging and that providing incentives for new farmer loans and enhancements to the New Farmer Program will encourage younger individuals to choose farming as a career. Your Committee also finds that this measure will provide well-trained farmers in the State and encourage the development of new and innovative farming techniques.

Your Committee has amended this measure by:

- (1) Amending the effective date of this Act to July 1, 2050, to further discussion on the matter; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 993, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 993, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 765      Ways and Means on S.B. No. 540**

The purpose and intent of this measure is to permanently enact provisions relating to residency requirements for burial in veterans cemeteries.

Your Committee received written comments in support of this measure from the Office of Veterans Affairs.

Your Committee finds that this measure will ensure that eligible service members of the Armed Services and their dependents will continue to have a local place to rest in peace.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 540 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 766      Ways and Means on S.B. No. 1385**

The purpose and intent of this measure is to implement recommendations of the Senate Special Committee on Accountability to require the members of the University of Hawaii Board of Regents to undergo annual training on the Board of Regents' policies and procedures, Sunshine Law, and laws relating to open records.

Your Committee received written comments on this measure from the Office of Information Practices and the University of Hawaii Board of Regents.

Your Committee finds that members of the Board of Regents would benefit from receiving training to better understand their own policies and procedures, the State's Sunshine Law, open records laws, and also the State's Code of Ethics. In addition, your Committee believes that the Chairperson and Vice-Chairpersons of the Board of Regents should not be elected by outgoing members, but by members who will be remaining on the Board during the Chairperson and Vice-Chairperson's tenure.

In light of these findings, your Committee has amended this measure by:

- (1) Requiring the Board of Regents to receive annual training in the State Code of Ethics, chapter 84, Hawaii Revised Statutes;
- (2) Ensuring that the election of the Chairperson and Vice-Chairperson of the Board of Regents occurs only after all current members have been appointed, and not by outgoing members;
- (3) Clarifying that training for the Board of Regents relating to chapter 92, Hawaii Revised Statutes, applies only to part I of chapter 92;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1385, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1385, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 767      Ways and Means on S.B. No. 1256**

The purpose and intent of this measure is to appropriate funds to the Pacific International Space Center for Exploration Systems (PISCES) for purposes of supporting operations and purchasing equipment.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; the University of Hawaii at Hilo; a member of the Hawaii County Council; the Lieutenant Governor of the State of Alaska; and nineteen concerned individuals.

Your Committee finds that the field of aerospace has the potential to provide significant economic development, high-paying jobs, and economic diversification for the island of Hawaii and the State. PISCES is a prominent component of the State's aerospace industry development strategy and can help to promote Hawaii's strategically ideal location. Your Committee further finds that funds allocated to PISCES during the 2012 legislative session will be completely encumbered or expended by the end of the fiscal year and that additional general funding is necessary to maintain PISCES' critical operations and equipment purchases through fiscal year 2014.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1256, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1256, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 4 (English, Kidani, Thielen, Tokuda).

**SCRep. 768      Ways and Means on S.B. No. 1384**

The purpose and intent of this measure is to change the way legal services are obtained by the University of Hawaii.

Specifically, this measure:

- (1) Limits to one the number of attorneys the Board of Regents may appoint to serve as the University General Counsel;
- (2) Caps the compensation of the University General Counsel at the compensation amount paid to the Attorney General;
- (3) Allows the Board of Regents to contract with independent attorneys solely in cases where the University General Counsel and the Attorney General lack sufficient expertise, and requires that any contracted attorney consult with and work in conjunction with the Attorney General; and
- (4) Charges the Board of Regents with direct oversight of the University General Counsel.

Your Committee received written comments in opposition to this measure from the University of Hawaii System.

Your Committee finds that a Senate Special Committee on Accountability found that the University of Hawaii's (University) practice of contracting with independent attorneys was extensive and a wasteful use of public funds. Your Committee also finds that the University Board of Regents should not contract for legal work or hire independent attorneys unless the University General Counsel's Office or the Department of the Attorney General lack the expertise to handle the matter at hand.

Your Committee believes that the University Board of Regents should work with the Department of the Attorney General to review its policies, and potentially establish new policies, to ensure that the existing legal resources of the University General Counsel's Office and the Department of the Attorney General are more fully utilized to meet the legal needs of the University. Your Committee wishes to emphasize that all legal services of the University should be under the control of the University Board of Regents.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the changes to the composition of the Office of the University General Counsel and the cap on the compensation of the University General Counsel;
- (2) Deleting provisions authorizing the Board of Regents to contract with independent attorneys;
- (3) Exempting the Board of Regents, rather than the University of Hawaii as a whole, from the prohibition against contracting with independent attorneys; and
- (4) Requiring the Auditor to review the contracts with attorneys for legal services entered into by the University of Hawaii within the past five years to examine their provisions, scope, justification, and underlying policies, and report to the Legislature regarding the Auditor's findings.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1384, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1384, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Espero, Slom). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 769      (Majority) Ways and Means on S.B. No. 1349**

The purpose and intent of this measure is to provide support for scientific innovation in the State.

More specifically, this measure:

- (1) Reestablishes the income tax credit for qualified research activities that applies to taxable years beginning after December 31, 2010, through December 31, 2017; and
- (2) Requires the Department of Business, Economic Development, and Tourism to conduct studies to measure the effectiveness of the tax credit and submit reports to the Legislature.

Your Committee received written comments in support of this measure from The Chamber of Commerce of Hawaii; Navatek, Ltd.; Cardax Pharmaceuticals, Inc.; Enterprise Honolulu; NovaSol; Oceanit; and one concerned individual.

Your Committee received written comments on this measure from the Department of Taxation, Hawaii Strategic Development Corporation, High Technology Development Corporation, Tax Foundation of Hawaii, and one concerned individual.

Your Committee finds that the income tax credit for qualified research activities encourages job growth in research and development. Your Committee also finds that this measure will contribute to the diversification of the State's economy by creating and maintaining science, technology, engineering, and mathematics jobs in the State.

Your Committee has amended this measure by:

- (1) Specifying that, in order to claim the state income tax credit, a taxpayer must also claim the corresponding federal tax credit under section 41 of the Internal Revenue Code;
- (2) Providing that the Department of Business, Economic Development, and Tourism shall collaborate with the Department of Taxation in conducting its studies on the effectiveness of the tax credit;
- (3) Providing that the tax credit shall apply to taxable years beginning after December 31, 2013, rather than December 31, 2010;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1349, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1349, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Ruderman). Excused, 3 (English, Keith-Agaran, Tokuda).

**SCRep. 770 (Majority) Ways and Means on S.B. No. 1306**

The purpose and intent of this measure is to permit the regional systems of the Hawaii Health Systems Corporation and their health facilities to transition to non-public status.

Your Committee received written comments in support of this measure from the Hawaii Health Systems Corporation, Maui Memorial Medical Center, Hilo Medical Center, and three individuals.

Your Committee received written comments in opposition to this measure from the Hawaii State AFL-CIO, Hawaii Government Employees Association, ILWU Local 142, and fifteen individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and The Queens Health Systems.

Your Committee finds that it is necessary for the State to take affirmative measures to improve the quality, efficiency, and availability of health care services in Hawaii. Your Committee also finds that, in order to address financial challenges, an increasing number of public hospitals across the nation have converted to non-public status. Your Committee further finds that allowing the operations of one or more regional systems of the Hawaii Health Systems Corporation, or one or more of its individual health facilities, to transition to non-public status will likely improve the quality of health care services and operational efficiencies of health facilities in the communities they serve, and, over time, reduce their required level of support from the State.

Your Committee has amended this measure by:

- (1) Providing that, with regard to a transition to non-public status, the retention of liabilities by the Hawaii Health Systems Corporation or the State, accrued benefits status of employees, and any change in collective bargaining shall only occur upon approval of a concurrent resolution by both houses of the Legislature, the regional system board, and any boards in whose region or regions the health facility assets are located;
- (2) Deleting the provision granting a new entity the right to incur revenue bond debt to finance capital expenditures; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1306, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1306, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Chun Oakland, Espero, Kidani, Ruderman). Noes, 1 (Kahele). Excused, 4 (Dela Cruz, English, Keith-Agaran, Tokuda).

**SCRep. 771 (Majority) Ways and Means on S.B. No. 896**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (2) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (2) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 896, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 772 (Majority) Ways and Means on S.B. No. 897**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (4) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (4) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 897, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 773 (Majority) Ways and Means on S.B. No. 895**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (2) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (2) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 895, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 774 Ways and Means on S.B. No. 889**

The purpose and intent of this measure is to clarify that a court may award attorney's fees and litigation costs to the Department of the Attorney General in cases in which the State prevails.

Your Committee received written comments in support of this measure from the Department of the Attorney General.

Your Committee finds that in the past, courts have misinterpreted section 28-6, Hawaii Revised Statutes, and denied the State's request to be awarded attorney's fees and litigation costs when it prevailed in a lawsuit. This measure clarifies that the Department of the Attorney General may be awarded attorney's fees and litigation costs and that the Attorney General and deputies attorney general may not personally be awarded attorney's fees and litigation costs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 889, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Espero, Kouchi).

**SCRep. 775 Ways and Means on S.B. No. 46**

The purpose and intent of this measure is to strengthen the State's regulatory oversight of private post-secondary educational institutions.

More specifically, this measure, among other things:

- (1) Transfers the Post-Secondary Education Commission (Commission) from the University of Hawaii to the Department of Commerce and Consumer Affairs (Department);
- (2) Changes the membership of the Commission by removing the members of the Board of Regents of the University of Hawaii from the Commission;
- (3) Expands the powers of the Commission by requiring the Commission to authorize private colleges, universities, seminaries, and religious training institutions to operate in this State;
- (4) Prohibits any person doing business in the State from awarding academic degrees unless the person is authorized by the Commission or is a part of the University of Hawaii System;

- (5) Requires private colleges and universities to be institutionally accredited by a regional or national accrediting body recognized by the United States Department of Education in order to receive authorization to operate in the State;
- (6) Requires private colleges, universities, seminaries, and religious training institutions to meet minimum operating standards in order to maintain their authorization to operate in the State;
- (7) Requires private colleges and universities to provide evidence of financial integrity when applying for authorization;
- (8) Authorizes the Department of Commerce and Consumer Affairs to investigate complaints by students or former students of a private college, university, seminary, or religious training institution and to seek injunctions for violations;
- (9) Establishes a post-secondary education authorization special subaccount within the compliance resolution fund for the collection of authorization fees;
- (10) Repeals chapter 446E, Hawaii Revised Statutes, on unaccredited degree granting institutions;
- (11) Requires the Commission to submit a status report to the Legislature prior to the convening of the Regular Session of 2014; and
- (12) Transfers general funds into the post-secondary education authorization special subaccount to fund four permanent full-time positions.

Your Committee received written comments in support of this measure from the Policy Office of the Governor, the University of Hawaii System, Akamai University, Chaminade University of Honolulu, Hawaii Pacific University, International University of Professional Studies, University of the Nations, and Remington College.

Your Committee received written comments in opposition to this measure from the Department of Commerce and Consumer Affairs.

Your Committee received written comments on this measure from the International Quantum University for Integrative Medicine.

Your Committee finds that this measure is necessary to ensure the continued receipt of federal funds under Title IV of the Higher Education Act of 1965, as amended, to assist the thousands of students in Hawaii who are recipients of Title IV funds.

Your Committee has amended this measure by, among other things:

- (1) Amending or adding definitions;
- (2) Revising the exemptions from regulation by the Commission;
- (3) Amending the appointment, composition, officers, and powers of the Commission;
- (4) Clarifying the delegation of duties or powers from the Commission to the Department;
- (5) Clarifying the financial integrity requirements for private colleges and universities;
- (6) Including the University of Hawaii System as an entity subject to the complaints procedures of the Commission;
- (7) Deleting the repeal of chapter 446E, Hawaii Revised Statutes, on unaccredited degree-granting institutions;
- (8) Requiring the Governor to appoint interim members of the Commission;
- (9) Changing the number of full-time equivalent positions to be funded out of the post-secondary education authorization special subaccount to an unspecified number;
- (10) Requiring the Department to contract for an implementation coordinator or team to assist with the implementation of this measure and appropriating funds for the contract;
- (11) Adding boilerplate language on the transfer of personnel, records and equipment, and administrative rules;
- (12) Changing the effective date to July 1, 2050, to facilitate continued discussion on the measure; and
- (13) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 46, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 46, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 776      Ways and Means on S.B. No. 936**

The purpose and intent of this measure is to amend Act 217, Session Laws of Hawaii 2012, relating to the Hospital Sustainability Program.

Specifically, this measure:

- (1) Adjusts the percentage allocations of funds to be expended from the hospital sustainability program fund for uncompensated care and other purposes;
- (2) Authorizes the Department of Human Services to use funds derived from intergovernmental transfers to support direct supplemental payments to health plans for the benefit of state hospitals;

- (3) Lowers the percentage of a hospital's net inpatient hospital service revenue that is used to set a hospital's inpatient hospital sustainability fee;
- (4) Lowers the net outpatient revenue monetary threshold that qualifies a hospital to pay the hospital sustainability fee on outpatient care services;
- (5) Exempts public hospitals and any hospital that was not in operation during any part of calendar year 2012 from paying the hospital sustainability fee on outpatient care services;
- (6) Increases the total aggregate amount of direct payments to be paid to private hospitals to cover uncompensated care costs in fiscal year 2013;
- (7) Clarifies and updates the text of Act 217;
- (8) Makes an appropriation out of the hospital sustainability program special fund for fiscal year 2013-2014; and
- (9) Extends the repeal date of Act 217 to June 30, 2014.

Your Committee received written comments in support of this measure from the Department of Human Services, Healthcare Association of Hawaii, and Hawaii Pacific Health.

Your Committee finds that extending Act 217 will enable the Department of Human Services to continue to make supplemental payments to help hospitals offset their uncompensated care costs.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 936, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 936, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Espero).

**SCRep. 777 (Majority Ways and Means on S.B. No. 1166**

The purpose and intent of this measure is to increase the amount of the conveyance tax on certain real estate transactions and the portion of the conveyance tax revenues directed toward watershed protection and invasive species control.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Department of Taxation, Office of Hawaiian Affairs, Hawaii Invasive Species Council, Catholic Charities Hawaii, Coordinating Group on Alien Pest Species, Dole Food Company Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Association of Realtors, Hawaii Catholic Conference, Hawaii Green Growth Initiative, Kauai Watershed Alliance, National Tropical Botanical Garden, Partners In Care, The Nature Conservancy of Hawaii, The Trust for Public Land, and twelve individuals.

Your Committee received written comments in opposition to this measure from The Chamber of Commerce of Hawaii.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that ensuring the State's water supply is essential and that protecting forest watersheds is a cost-effective and efficient way to absorb rainwater and replenish ground water. Watersheds also reduce impacts from climate change by absorbing greenhouse gases. Additionally, forests ensure sustainability of irreplaceable cultural values and natural resources. However, hot and dry conditions, as well as damage caused by invasive species, have led to the loss of half of Hawaii's forests.

Your Committee further finds that protection of the State's watersheds is one of the purposes of the natural area reserve fund. This measure provides an additional source of funding for the natural area reserve fund, to be used for watershed protection and invasive species control.

Your Committee has amended this measure by:

- (1) Changing the amount of the conveyance tax on certain real estate transactions and the portion of the conveyance tax revenues allocated for deposit into the natural area reserve fund to unspecified amounts;
- (2) Clarifying that one of the authorized uses of the portion of the conveyance tax revenues paid into the natural area reserve fund is to support projects undertaken in accordance with departmental watershed management plans to protect and restore the health and functionality of watersheds in the State;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1166, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1166, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 778 (Majority) Ways and Means on S.B. No. 492**

The purpose and intent of this measure is to impose taxes on tobacco products other than large cigars at a rate similar to those imposed on cigarettes.

More specifically, this measure:

- (1) Imposes an excise tax equal to one hundred two per cent of the wholesale price of any tobacco product, other than large cigars, sold by a wholesaler or dealer on and after January 1, 2014, whether or not sold at wholesale, or if not sold then at the same rate upon the use by the wholesaler or dealer; and
- (2) Requires the additional moneys collected under the excise tax to be deposited to the credit of the Hawaii Cancer Research Special Fund.

Your Committee received written comments in support of this measure from numerous concerned individuals.

Your Committee received written comments in opposition to this measure from the RAI Services Company and one concerned individual.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the use of tobacco products other than cigarettes is just as addictive and harmful as the use of cigarettes. Accordingly, taxes imposed on these tobacco products should be similar to the taxes imposed on cigarettes.

Your Committee has amended this measure by:

- (1) Changing the excise tax on tobacco products, other than large cigars, to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 492, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 492, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Slom). Excused, 4 (English, Kidani, Thielen, Tokuda).

**SCRep. 779 Ways and Means on S.B. No. 1009**

The purpose and intent of this measure is to make permanent the law that established a limitation on liability for the acts or omissions of a county lifeguard working at a state beach park.

Specifically, the measure makes permanent the provision in Act 170, Session Laws of Hawaii 2002, that provides limited liability for civil damages resulting from any act or omission of a county lifeguard while performing lifeguard services on the beach or in the ocean in the scope of employment as a lifeguard.

Your Committee received written comments in support of this measure from the the Department of Land and Natural Resources, State Fire Council, the City and County of Honolulu, the County of Maui, the Maui Fire Department, the Hawaiian Lifeguard Association, and one concerned individual.

Your Committee finds that permanent enactment of Act 170 will enable the counties to continue providing lifeguard services at state parks without fear of potential liability.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1009, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 780 Ways and Means on S.B. No. 1092**

The purpose and intent of this measure is to appropriate funds to accelerate the recapitalization of the hurricane reserve trust fund.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, the Department of Commerce and Consumer Affairs, and the Hawaii Hurricane Relief Fund.

Your Committee finds that over the last decade the hurricane reserve trust fund has declined from approximately \$220,000,000 to \$20,000,000. This has led, in part, to a downgrading of the State's credit rating. Recapitalizing the hurricane reserve trust fund will work toward strengthening the State's credit rating and improve the fund's ability to purchase hurricane reinsurance when the need arises.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1092, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 781 Ways and Means on S.B. No. 511**

The purpose and intent of this measure is to clarify the relationship between article 4A of the Uniform Commercial Code and the federal Electronic Fund Transfer Act.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that recent amendments to the federal Electronic Fund Transfer Act do not address the rights and responsibilities of parties to certain consumer international wire transfers known as remittance transfers. This measure will clarify the circumstances in which Article 4A of the Uniform Commercial Code and the Electronic Fund Transfer Act, respectively, will apply to remittance transfers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 511 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 782 Ways and Means on S.B. No. 1168**

The purpose of this measure is to ensure the availability of public lands for outdoor recreational activities while protecting the State from unreasonable liability.

Specifically, this measure expressly provides public entities and public employees with immunity from liability for injury or damage sustained by persons on government land when engaged in mountain climbing, rock climbing, rappelling, or bouldering.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, The Access Fund, and numerous individuals.

Your Committee finds that there has been an increasing trend in public recreation throughout the United States and Hawaii to pursue mountain climbing, rock climbing, rappelling, bouldering, and related activities that require special skills, equipment, and specific geologic features. As the State has jurisdiction over millions of acres of land, staff limitations, and insufficient knowledge of all possible locations statewide that may be used for these activities, it would be extremely difficult for the State to regulate or manage the activities. Rather than attempting to impose and enforce prohibitions, this measure will provide government entities with immunity from liability while also allowing recreational users of public lands to continue pursuing these activities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1168, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 783 Ways and Means on S.B. No. 1083**

The purpose and intent of this measure is to control school bus vendor costs by exempting contracts for transportation services for school children from wage certification requirements.

The Board of Education submitted written comments in support of this measure.

Your Committee finds that the wage certification requirement has made it difficult for bus vendors to make competitive bids to provide transportation services to the Department of Education. Removing this requirement will stimulate competitive bidding, which will help to reduce escalating transportation costs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1083 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 784 Ways and Means on S.B. No. 1040**

The purpose and intent of this measure is to facilitate the use of advanced grid modernization technology in Hawaii's electrical system.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Public Utilities Commission; Hawaiian Electric Company; and one individual.

Your Committee finds that advanced grid modernization technology has the potential to improve the capacity of Hawaii's electric system to generate, transmit, and distribute power. Accordingly, your Committee believes that the Public Utilities Commission should consider the use of advanced grid modernization technology in the State as a means to improve the electrical system overall.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1040 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 785 Ways and Means on S.B. No. 1235**

The purpose and intent of this measure is to promote the use of the Hawaiian language.

Specifically, the measure:

- (1) Requires the Director of Commerce and Consumer Affairs to work with various interested stakeholders and assess the best method to ensure dedicated funding for the development of a Hawaiian television channel; and
- (2) Appropriates funds for the production and distribution of Hawaiian language content on cable television.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs. Your Committee received written comments in opposition to this measure from two individuals. Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the use of the Hawaiian language in the media will increase the prospects for the language's intergenerational continuity and maintenance.

Your Committee has amended this measure by:

- (1) Removing the requirement that funding to 'Oiwi TV should be made as a grant subject to chapter 42F, Hawaii Revised Statutes;
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style; and
- (2) Changing the effective date to July 1, 2050, in order to facilitate continued discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1235, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1235, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 786      Ways and Means on S.B. No. 1084**

The purpose of this measure is to enable the State to provide a statewide early learning system for children.

Specifically, this measure proposes a constitutional amendment to authorize the appropriation of public funds for the support or benefit of private early childhood education programs, as provided by law.

Your Committee received written comments in support of this measure from the Office of the Governor, Board of Education, Department of Human Services, Department of Public Safety, University of Hawaii System, Special Education Advisory Council, Castle and Cooke Hawaii, Chaminade University of Honolulu, Hawaii P-20 Partnerships for Education, Hawaii Business Roundtable, IMUAlliance, Kamehameha Schools, and numerous concerned individuals.

Your Committee received written comments on this measure from Hawaii Pacific Health.

Your Committee finds that high-quality early learning programs have immediate and long-term benefits not only for the children participating in such programs, but also for their communities. The constitutional amendment proposed by this measure is intended to assist the State in meeting its goal of providing a statewide early learning system, specifically by allowing the State to contract with private preschools and other early learning programs to provide services as part of a statewide system.

Your Committee has amended this measure by:

- (1) Amending the constitutional amendment question to be printed on the ballot to more accurately reflect the language of the proposed constitutional amendment;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (3) Making technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1084, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1084, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 787      (Majority) Ways and Means on S.B. No. 1067**

The purpose and intent of this measure is to update the laws regulating escrow depositories.

More specifically, this measure:

- (1) Specifies the powers of the Commissioner of Financial Institutions to supervise, regulate, and examine escrow depositories;
- (2) Authorizes the Commissioner to issue permanent and temporary cease and desist orders;
- (3) Increases the amount of administrative fines;
- (4) Adds enhanced civil penalties for violations directed at elders;
- (5) Increases net capital requirements;
- (6) Requires licensees to notify the Commissioner of any change in the designated escrow officer or the branch manager;

- (7) Imposes a fee for the transfer and change in control of a license;
- (8) Increases the amount of the fidelity bond;
- (9) Increases the amount of coverage under an errors and omission insurance policy; and
- (10) Increases licensing and related fees.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received written comments in opposition to this measure from the Hawaii Escrow Association.

Your Committee finds that this measure makes overdue changes to the law on escrow depositories. This measure will enable the Department of Commerce and Consumer Affairs to better regulate escrow depositories and protect consumers in light of the higher stakes posed by the larger and more sophisticated financial transactions handled by today's escrow depositories.

Your Committee has amended this measure by:

- (1) Clarifying that impending, as well as alleged violations, must be stated in the notice of charges for a cease and desist order;
- (2) Requiring the licensee to provide notice of a change in the designated escrow officer or branch manger within fifteen days after the escrow officer's or branch manager's termination, if unexpected circumstances prevent prior notice; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1067, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1067, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 788 (Majority) Ways and Means on S.B. No. 1240**

The purpose and intent of this measure is to ensure pediatric dental coverage for all individuals under the age of nineteen years.

More specifically, this measure requires the Hawaii Health Connector to require all individuals under the age of nineteen to purchase essential health benefits, including pediatric health coverage.

Your Committee received written comments in support of this measure from the Hawaii State Council on Developmental Disabilities and Hawaii Medical Service Association.

Your Committee received written comments in opposition to this measure from Kaiser Permanente Hawaii.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs, State Insurance Commissioner.

Your Committee finds that providing access to dental care services for children is an important health issue for the State. Studies show that early detection of dental issues and preventative dental care are crucial in preventing long-term and costly health issues. Accordingly, your Committee believes that this measure will ensure that all children in the State have access to dental benefits insurance coverage.

Your Committee has amended this measure by:

- (1) Replacing the word "ensure" with the word "require";
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1240, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1240, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Kidani, Ruderman, Thielen). Noes, 1 (Slom). Excused, 3 (English, Keith-Agaran, Tokuda).

**SCRep. 789 Ways and Means on S.B. No. 1238**

The purpose and intent of this measure is to establish a maternal mortality review panel to review and prevent maternal deaths in the State.

Your Committee received written comments in support of this measure from the Hawaii Medical Association, American Congress of Obstetricians and Gynecologists, and four individuals.

Your Committee finds that the national maternal mortality rate is increasing; yet, Hawaii is one of only fourteen states without a maternal mortality review committee. Your Committee finds that establishing a maternal mortality review panel will help to decrease mortality and morbidity by identifying factors associated with women who die during or shortly after pregnancy and proposing system changes that will result in improved health for women in the State.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "pregnancy-related death";

- (2) Clarifying the terms of the initial members of the maternal mortality review panel;
- (3) Appropriating an unspecified amount to be expended by the Department of Health for costs relating to the maternal mortality review panel;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1238, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1238, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 790      Ways and Means on S.B. No. 598**

The purpose of this measure is to improve consumer protections in the check cashing industry.

Specifically, this measure:

- (1) Requires check cashers to provide specific additional information relating to deferred deposit transactions and federally approved financial education and credit counseling, posted in the place of business and included in written notices provided to each customer;
- (2) Limits for check cashers entering into a deferred deposit transaction:
  - (A) The cumulative fees that may be charged; and
  - (B) Recoverable damages for dishonored checks;
- (3) Establishes conditions for check cashers entering into a payment plan with a customer, including requirements that a check casher offer:
  - (A) An interest-free payment plan with a minimum term of sixty days for customers who are in default; and
  - (B) An extended repayment plan to any customer who has entered into four or more consecutive transactions with that check casher, if the customer timely exercises the option; and
- (4) Repeals the exemption from the check cashers law for persons principally engaged in the retail sale of goods or services and who occasionally cash checks for a fee that does not exceed certain thresholds.

Your Committee received written comments in opposition to this measure from Dollar Financial Group, Inc. and one individual.

Your Committee finds that in a deferred deposit transaction, a check casher, for a fee and pursuant to a written agreement, provides a cash advance secured by the customer's personal check. The check casher agrees to refrain from depositing the check until a subsequent date upon which funds become available for the deposit, which is usually the customer's next pay day. These high-interest, fee-driven loans appeal to vulnerable consumers in need of instant cash and who believe they have no access to traditional financial products or are unaware of more reasonable financing options for short-term credit. This measure provides protection for consumers by increasing consumer awareness and education, limiting check casher fees, expanding the availability of interest-free payment plans, and applying the check casher law to more businesses that engage in this practice.

Your Committee has amended this measure by:

- (1) Repealing the existing fee of \$20 or less that a check casher is authorized to charge for dishonored checks, in light of the amendments in this measure that limit recoverable damages to the principal owed, interest, and legal costs; and
- (2) Making technical nonsubstantive amendments for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 598, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 598, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9; Ayes with Reservations (Slom). Noes, none. Excused, 4 (English, Kidani, Thielen, Tokuda).

**SCRep. 791      Ways and Means on S.B. No. 458**

The purpose of this measure is to modify the funding resources for public school facilities by repealing the state educational facilities improvement special fund on July 1, 2023.

In addition, this measure facilitates the repeal of the special fund by:

- (1) Immediately repealing the required deposit of a portion of general excise tax revenues into the special fund;
- (2) Limiting expenditures from the special fund to projects authorized by the Legislature for fiscal years ending prior to July 1, 2014; and
- (3) Providing that lease payments made from the special fund pursuant to financing agreements shall only be made for financing agreements entered into prior to July 1, 2013.

Your Committee received written comments in support of this measure from the Department of Budget and Finance.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii

Your Committee finds that the state educational facilities improvement special fund was established by Act 368, Session Laws of Hawaii 1989, and was designed to provide a consistent source of funding for public school facilities from general excise tax revenues and proceeds from the sale of general obligation bonds. Over the years, capital improvement projects for public school facilities have generally been funded by moneys in the special fund that are subsequently fully capitalized through the issuance of general obligation bonds. In light of this arrangement, this measure repeals the special fund to allow the Department of Education's capital improvement projects to be funded directly with general obligation bonds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 458, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 792 (Majority) Ways and Means on S.B. No. 899**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (6) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (6) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 899, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 793 (Majority) Ways and Means on S.B. No. 898**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (4) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (4) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 898, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 794 (Majority) Ways and Means on S.B. No. 505**

The purpose and intent of this measure is to promote mediation as a means to resolve condominium related disputes.

More specifically, this measure:

- (1) Adds "support for mediation of condominium related disputes" as an educational purpose to be funded by the condominium education trust fund;
- (2) Establishes an additional annual condominium education trust fund fee of \$1 per condominium unit to be dedicated to supporting mediation of condominium related disputes;
- (3) Sets the condominium education trust fund fee at a total of \$3 per unit until the Real Estate Commission adopts rules; and
- (4) Requires the Real Estate Commission to make adjustments to the condominium education trust fund to ensure that adequate funds are available for mediation of condominium related disputes and that requests for mediation received prior to July 1, 2015, are fully accommodated.

Your Committee received written comments in support of this measure from the Community Association Institute.

Your Committee received written comments on this measure from the Hawaii Real Estate Commission.

Your Committee finds that mediation is an informal, inexpensive, and confidential process for resolving disputes quickly and would be particularly advantageous in a condominium setting because of the potential to preserve or restore harmony within a condominium community. This measure would provide financial support for mediation of condominium related disputes.

Your Committee has amended this measure by:

- (1) Clarifying that the condominium education trust fund fee that totals \$3 per unit is the additional condominium education trust fund fee;

- (2) Requiring, on June 30 of every odd-numbered year, any unexpended moneys initially dedicated to supporting mediation to be used for other educational purposes;
- (3) Requiring the Real Estate Commission to continue to budget and use funds allocated for other educational purposes, if necessary, for mediation of condominium disputes utilizing professionally trained mediators between the effective date of the Act and July 1, 2015;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of style and clarity.

Your Committee notes the discrepancy in the amounts of the additional condominium education trust fund fee and expresses its intent that the Real Estate Commission make no less than \$3 of the total annual condominium education trust fund fee it has established by rule, and assessed and collected per affected condominium unit, available for the purpose of supporting mediation of condominium related disputes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 505, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 505, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 795      Ways and Means on S.B. No. 213**

The purpose and intent of this measure is to amend the membership of the State Building Code Council by increasing the number of construction and building trade representatives and reducing the number of government members.

This measure also appropriates funds to support the State Building Code Council's efforts to adopt a uniform set of statewide building codes and consistent standards.

Your Committee received written comments in support of this measure from the American Institute of Architects, Building Industry Association Hawaii, General Contractors Association of Hawaii, and the Masons Union Local 1 and 630. Your Committee received written comments in opposition to this measure from the Department of Defense, the State Fire Council, the Hawaii Fire Department, the Department of Planning and Permitting of the City and County of Honolulu, the Structural Engineers Association of Hawaii, and Architectural Diagnostics Ltd. The Department of Labor and Industrial Relations and the International Code Council submitted written comments on this measure.

Your Committee finds that, unlike many other states, the membership of Hawaii's Building Code Council does not include representatives from the construction industry and building trades. Amending the membership of the State Building Code Council to include these representatives will bring Hawaii in line with other states and provide the necessary balance of representation on the Council.

Your Committee has amended this measure by:

- (1) Changing the number of voting members that constitute a quorum from seven to nine;
- (2) Retaining Council membership of the member representing the Department of Labor and Industrial Relations who has significant experience in elevator or fire safety;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 213, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 213, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 796      Ways and Means on S.B. No. 1077**

The purpose and intent of this measure is to set forth specific responsibilities of owner-builders exempted from licensing and other requirements under chapter 444, Hawaii Revised Statutes.

This measure also limits the application of the owner-builder exemption to residential or farm property only and requires additional disclosures for owner-builders when they enter into agreements with licensed subcontractors.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Contractors License Board.

Your Committee finds that the owner-builder exemption authorizes owner-builders to perform their own improvements and construction without being required to obtain a contractor's license. However, owners often obtain owner-builder permits without having full knowledge of the risks and responsibilities that they assume. This measure clarifies the responsibilities that are required of owner-builders and improves the ability of the Regulated Industries Complaints Office to investigate possible violations of laws pertaining to owner-builders.

Your Committee has amended this measure by:

- (1) Clarifying that licensed subcontractors shall be hired to perform any part of the construction activity for which a license is required;
- (2) Inserting a savings clause;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1077, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1077, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 797      Ways and Means on S.B. No. 1161**

The purpose and intent of this measure is to require the costs associated with the impoundment and disposal of an unauthorized vessel to be borne by the owner of the vessel and to prohibit renewal or transfer of vessel registration under certain circumstances.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that under current law, the costs of mooring and impounding an unauthorized vessel are borne by the Department of Land and Natural Resources when the owner does not repossess the vessel prior to disposition. In addition, current law allows for the renewal or transfer of vessel registration even if, for example, the vessel owner has an outstanding balance owed to the Department of Land and Natural Resources or pending citations. This measure will place the financial burden of improper mooring and other delinquencies on the vessel owner.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1161, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 798      Ways and Means on S.B. No. 1112**

The purpose and intent of this measure is to facilitate the expeditious handling of the Hawaii Public Housing Authority's delinquent accounts.

Specifically, the measure authorizes the Hawaii Public Housing Authority to:

- (1) Delete, from its accounts receivable records, delinquent accounts for vacated units within state low-income public housing projects that have been delinquent at least ninety days; and
- (2) Assign the delinquent accounts to a collection agency.

Your Committee received written comments in support of this measure from the Department of Human Services.

Your Committee finds that this measure will allow the Hawaii Public Housing Authority to more quickly delete, from its accounts receivable records, uncollectible debts from the state low-income public housing program. Your Committee also finds that the provisions of this measure are similar to those that currently allow the Hawaii Public Housing Authority to delete uncollectible debts from the federal low-income public housing program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1112 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 799      (Majority) Ways and Means on S.B. No. 901**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (6) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the appropriations are necessary to cover the expected costs of implementing the collective bargaining agreement currently being negotiated between the State and collective bargaining unit (6) for fiscal biennium 2013-2015.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 901, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 800      Ways and Means on S.B. No. 967**

The purpose and intent of this measure is to require the Board of Regents of the University of Hawaii to submit to the Legislature for approval salary range proposals equal to or in excess of two times the Governor's salary prior to the recruitment for those positions.

Your Committee received written comments in support of this measure from one individual. The University of Hawaii System submitted written comments.

Your Committee finds that the University of Hawaii's prudent fiscal management of public funds is a matter of statewide concern. More specifically, there is concern regarding the number of University employees whose salaries may be considered by some to be excessive. This measure addresses these concerns by requiring legislative approval for a salary range proposed by the Board of Regents that is equal to or in excess of twice that of the Governor.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 967, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 967, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Tokuda). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 801 (Majority) Ways and Means on S.B. No. 1071**

The purpose and intent of this measure is to modernize the banking laws.

More specifically, this measure, among other things:

- (1) Specifies the powers of the Commissioner of Financial Institutions;
- (2) Updates terminology;
- (3) Imposes assessments based upon total assets; and
- (4) Imposes various nonrefundable application fees.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Hawaii Financial Services Association.

Your Committee finds that the comprehensive modernization of the State's banking laws in this measure reflects changes in federal law that have occurred since the recodification of the State's banking laws in 1993.

Your Committee has amended this measure by:

- (1) Clarifying language relating to statutory references to certain financial institutions;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the matter; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1071, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1071, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 802 (Majority) Ways and Means on S.B. No. 463**

The purpose and intent of this measure is to facilitate the growth of the film and digital media industry in the State.

Specifically, the measure strengthens the film industry in Hawaii by:

- (1) Extending the motion picture, digital media, and film production income tax credit for an additional seven years from 2016 to 2023;
- (2) Increasing the amount of the tax credit from fifteen per cent to twenty per cent in a county with a population over 700,000, and from twenty per cent to twenty-five per cent for counties with a population of 700,000 or less;
- (3) Removing the cap on total tax credits that may be claimed for a qualified production;
- (4) Establishing a media infrastructure project tax credit; and
- (5) Creating a Hawaii film office special fund, with funds from application fees to be deposited into the fund and funds expended to manage media infrastructure project tax credits and related programs.

Your Committee received written comments in support of this measure from the Mayor of the County of Maui.

Your Committee received written comments in opposition to this measure from a concerned individual.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism, the Department of Taxation, and the Tax Foundation of Hawaii.

Your Committee finds that new media infrastructure development is necessary to increase the growth of Hawaii's film industry. This measure provides an incentive for developing media infrastructure projects. Your Committee believes that the Department of Business, Economic Development, and Tourism, rather than the Department of Taxation, is better suited for administering certain

components of the proposed media infrastructure project tax credit program. Your Committee further finds that requiring the Department of Taxation to report annually to the Legislature on the media infrastructure project tax credit would assist in determining the effectiveness of the program.

Your Committee has amended this measure by:

- (1) Changing the amounts of the motion picture, digital media, and film production income tax credit to unspecified amounts;
- (2) Moving the provision establishing the Hawaii film office special fund from section 235-17, Hawaii Revised Statutes, to the new statutory section establishing the media infrastructure project tax credit;
- (3) Providing that, with regard to the media infrastructure project tax credit, the Department of Business, Economic Development, and Tourism, rather than the Department of Taxation, shall be responsible for audit approval, expenditure certification, application processing, and issuance of final tax credit certification letters;
- (4) Clarifying how the media infrastructure project tax credit is to be computed and distributed in the case of partnerships, S corporations, estates, and trusts;
- (5) Clarifying the effect of the media infrastructure project tax credit on depreciable property;
- (6) Clarifying that the media infrastructure project tax credit shall apply to a taxpayer's net income tax liability after all other tax credits allowed under chapter 235, Hawaii Revised Statutes;
- (7) Clarifying that, with regard to the media infrastructure project tax credit, the terms "production" and "post production" shall have the same meaning as in section 235-17, Hawaii Revised Statutes;
- (8) Clarifying that general excise taxes paid on bank loan finance fees shall be considered as a qualifying expense for which the media infrastructure project tax credit may be claimed;
- (9) Changing the amounts of the media infrastructure project tax credit, performance bond, and recapture to unspecified amounts;
- (10) Requiring the Department of Taxation to submit an annual report to the Legislature on the media infrastructure project tax credit;
- (11) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (12) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 463, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 463, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 803      Ways and Means on S.B. No. 867**

The purpose and intent of this measure is to remove the specific monetary caps on what public employers must pay for retiree health benefits.

Specifically, this measure:

- (1) Repeals provisions relating to the base monthly contributions for health benefit plans paid by the State and counties for retired public employees;
- (2) Repeals the requirement that the base composite monthly contribution be adjusted annually and the method for calculating the contribution; and
- (3) Makes conforming amendments to corresponding sections of the law relating to the Hawaii Employer-Union Health Benefits Trust Fund to reflect the amendments under this measure.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association.

Your Committee received written comments in opposition to this measure from the Department of Budget and Finance.

Your Committee received written comments on this measure from the Department of the Attorney General.

Your Committee finds that monthly contribution limits to the Hawaii Employer-Union Health Benefits Trust Fund for retired employee beneficiaries helps to ensure sustainable health benefit plans and control the State's and counties' actuarially accrued liabilities for other post-employment benefits that are calculated under the assumption that contribution limits and caps would remain in effect.

Your Committee has amended this measure by:

- (1) Providing an unspecified base monthly contribution amount for supplemental Medicare and non-Medicare two-party plans;
- (2) Setting forth the required state and county base monthly contribution for other retiree health benefit plans as unspecified amounts beginning January 1, 2014; and
- (3) Making conforming amendments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 867, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 867, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 804 Ways and Means on S.B. No. 1010**

The purpose and intent of this measure is to permit deputy attorneys general to provide pro bono legal services, at the discretion of the Attorney General.

One individual submitted written comments in support of this measure.

Your Committee finds that rule 6.1 of the Hawaii Rules of Professional Conduct encourages all attorneys to provide at least fifty hours of pro bono services per year. This measure allows deputy attorneys general, other than the first deputy attorney general, to provide pro bono services as determined appropriate by the Attorney General, without fear of civil liability for their acts or omissions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1010, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Espero, Kouchi).

**SCRep. 805 (Majority) Ways and Means on S.B. No. 69**

The purpose of this measure is to promote gun safety and enhance registration requirements for firearms brought into the State.

Specifically, this measure:

- (1) Requires county police departments, as a prerequisite for firearms registration, to fingerprint, photograph, and perform background checks on persons arriving in Hawaii with a firearm procured out-of-state;
- (2) Authorizes the police departments to assess a fee for conducting the fingerprint check; and
- (3) Appropriates funds for the county police departments to establish gun safety programs, including:
  - (A) Community education and training;
  - (B) Extensive mental health background checks for firearm registrations; and
  - (C) Gun buy-back programs.

Your Committee received written comments in support of this measure from the Department of the Attorney General, Honolulu Police Department, Kauai Police Department, Injury Prevention Advisory Committee, and three concerned individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Rifle Association, National Rifle Association of America, Lessons in Firearms Education, Brian the Electrician LLC, Maui Plumbing Inc, Kauai Veteran's Council, Hawaii Defense Foundation, Abyssal Hawaii Marine Technical Services LLC, and one hundred sixty-one concerned individuals.

Your Committee received written comments on this measure from the Maui Police Department and a concerned individual.

Your Committee finds that this measure closes a loophole in Hawaii's firearms law which does not require a person who brings into Hawaii a firearm procured outside of the State to go through a background check. Persons registering a firearm obtained in or imported into Hawaii, on the other hand, must obtain a permit to acquire a firearm in Hawaii and undergo an extensive background check. Thus, the loophole allows individuals who might have been prohibited from obtaining a firearm in Hawaii to acquire a firearm out-of-state and subsequently register the firearm in Hawaii without a background check. To address this problem, this measure requires background checks of persons who seek to register firearms acquired out-of-state.

Your Committee has amended this measure by:

- (1) Deleting a portion of the purpose section;
- (2) Extending the time period for registering a firearm that a person brings into the State, from three days to five days after the arrival of the person or the firearm, whichever is later. This amendment makes the time period for registering firearms procured out-of-state consistent with the time period set forth in section 134-3(b), Hawaii Revised Statutes, for registering firearms obtained in or imported into the State;
- (3) Deleting the appropriation for the county police departments to establish gun safety programs;
- (4) Inserting an appropriation for the counties to implement this measure;
- (5) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (6) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 69, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 69, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 2 (Kidani, Slom). Excused, 1 (Keith-Agaran).

**SCRep. 806 Ways and Means on S.B. No. 666**

The purpose and intent of this measure is to establish the emergency services patient advocate program to assist and advocate on behalf of patients receiving emergency medical care.

Your Committee received written comments in support of this measure from Community Alliance for Mental Health and two individuals. Kaiser Permanente submitted written comments in opposition to this measure.

Your Committee finds that the experience of having to go to the emergency room either for oneself or because of a family member or friend is often very traumatic for people. Establishing an emergency services patient advocate program will assist individuals and families in making informed decisions about medical care.

Your Committee has amended this measure by:

- (1) Appropriating unspecified sums to the Department of Health for the 2013-2015 fiscal biennium to fund the emergency services patient advocate program; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 666, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 666, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (English, Keith-Agaran, Tokuda).

**SCRep. 807 (Majority) Ways and Means on S.B. No. 885**

The purpose and intent of this measure is to provide a dispute resolution mechanism to determine the employer share of contributions to the Hawaii Employer-Union Health Benefits Trust Fund.

Specifically, this measure:

- (1) Allows parties to arbitrate to resolve impasses or disputes relating to the State and counties' contributions to the Hawaii Employer-Union Health Benefits Trust Fund for their respective employees;
- (2) Repeals the procedures that parties are required to follow after an arbitration panel issues a decision and the understanding that members of collective bargaining units are prohibited from striking on the issue of State and county contributions to the Hawaii Employer-Union Health Benefits Trust Fund; and
- (3) Makes housekeeping amendments relating to the scope of negotiations.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association.

Written comments in opposition to this measure were submitted by the Department of Budget and Finance.

Your Committee received written comments on this measure from the Department of Human Resources of the City and County of Honolulu and University of Hawaii System.

Your Committee finds that current law does not provide a mechanism to resolve disputes relating to the employer share of contributions to the Hawaii Employer-Union Health Benefits Trust Fund. If the employer and exclusive representative cannot agree on the employer contribution amount, the pro rata share is determined by the Legislature while all other negotiable items may proceed to impasse. This measure allows disputes regarding employer contributions to be inclusively resolved under impasse procedures and subsequently by either interest arbitration or strike, depending on the collective bargaining unit involved in the impasse.

Your Committee has amended this measure by:

- (1) Deleting existing statutory language in sections 89-9(a) and 89-11(g), Hawaii Revised Statutes, to conform to the intent of the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 885, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 885, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 2 (Espero, Kouchi).

**SCRep. 808 (Majority) Ways and Means on S.B. No. 668**

The purpose and intent of this measure is to mandate insurance coverage for treatments for autism spectrum disorders.

More specifically, this measure:

- (1) Requires each individual or group accident and health or sickness insurance policy; hospital or medical service plan policy, contract, or agreement; and health maintenance organization policy, contract, plan, or agreement issued or renewed in the State after December 31, 2013, to cover screening, diagnosis, and treatment for autism spectrum disorders for persons up to age twenty-six;

- (2) Limits required coverage for certain treatments to a maximum annual amount of \$50,000 and a maximum lifetime amount of \$300,000; and
- (3) Specifies that covered treatments for autism spectrum disorders include behavioral health treatment, applied behavior analysis, pharmacy care, psychiatric care, psychological care, and therapeutic care.

Your Committee received written comments in support of this measure from Autism Speaks, Hawaii Disability Rights Center, Hawaii Medical Association, Special Education Advisory Council, Council on Developmental Disabilities, and eleven concerned individuals.

Your Committee received written comments in opposition to this measure from the Department of Human Services and Kaiser Permanente Hawaii.

Your Committee received written comments on this measure from the Department of Budget and Finance, Department of Health, Department of Commerce and Consumer Affairs, Community Children's Council of Hawaii, and Hawaii Medical Service Association.

Your Committee finds that recent research indicates that the number of persons diagnosed with an autism spectrum disorder in the United States is growing. In Hawaii, autism spectrum disorders similarly affect a significant and growing number of young people. However, many treatments for these disorders are not covered by insurance, and as a result, many children go without certain treatments. Accordingly, your Committee believes that requiring health insurers in Hawaii to cover treatments for autism spectrum disorders, subject to certain age and benefit limits, will allow more families in Hawaii to access care for their children with autism spectrum disorders.

Your Committee has amended this measure by:

- (1) Clarifying that the \$50,000 annual cap and \$300,000 maximum lifetime benefit applies to behavioral health treatments, as opposed to all covered treatments;
- (2) Requiring the Insurance Commissioner to adjust the maximum required benefit annually after December 31, 2015;
- (3) Changing the commencement date of the exemption from including mandated autism spectrum disorder benefits for qualified health plans sold through the Hawaii Health Insurance Exchange from January 1, 2016, to January 1, 2014;
- (4) Clarifying that behavioral health treatments are provided or supervised by a Board-Certified Behavior Analyst or a licensed psychologist with appropriate training;
- (5) Requiring health insurers to include as many Board-Certified Behavior Analysts as licensed psychologists in their approved provider networks for applied behavior analysis;
- (6) Clarifying that the term "autism spectrum disorders" includes any of the pervasive developmental disorders or autism spectrum disorders as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders;
- (7) Clarifying that the individuals diagnosed with an autism spectrum disorder shall not be required to undergo a repeat evaluation upon the publication of subsequent editions of the Diagnostic and Statistical Manual of Mental Disorders to remain eligible for covered benefits;
- (8) Deleting social workers from among the persons who may prescribe or order treatments for autism spectrum disorders;
- (9) Changing the effective date of this measure from January 1, 2030, to July 1, 2050, to encourage further discussion on the measure; and
- (10) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 668, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 668, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Espero, Kouchi).

**SCRep. 809      Ways and Means on S.B. No. 1361**

The purpose and intent of this measure is to transfer in fee simple certain properties located near or adjacent to Banyan Drive from the Department of Land and Natural Resources to the County of Hawaii on January 1, 2014.

Your Committee received written comments in support of this measure from the Mayor of the County of Hawaii.

Your Committee finds that the County of Hawaii would be an appropriate steward of the properties located near or adjacent to Banyan Drive in Hilo. However, your Committee believes that leasing, rather than transferring in fee simple, these properties to the County of Hawaii will ensure that the public lands are held, managed, and operated for the public's best interest.

Your Committee has amended this measure by:

- (1) Deleting the provisions transferring properties located near or adjacent to Banyan Drive to the County of Hawaii and instead requiring the Department of Land and Natural Resources to enter into negotiations with the County for the lease of these properties to the County;
- (2) Requiring that the lease rent charged to the County shall be \$1 per year;

- (3) Requiring that an unspecified percentage of gross revenues received by the County from use of the land shall be transmitted to the Director of Finance for deposit into the special land and development fund;
- (4) Requiring the Department of Land and Natural Resources to report to the Legislature if a lease agreement is reached and, if a lease agreement is not reached by January 1, 2014, to report on the action taken and progress made to reach a lease agreement; and
- (5) Changing the effective date to July 1, 2013, and providing for repeal of the measure on an unspecified date; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1361, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1361, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 4 (English, Kidani, Thielen, Tokuda).

**SCRep. 810 (Majority) Ways and Means on S.B. No. 908**

The purpose of this measure is to appropriate funds for collective bargaining cost items for the employees in collective bargaining unit (9) and their excluded counterparts.

The Department of Budget and Finance submitted comments on this measure.

Your Committee finds that the appropriations are necessary to cover the expected costs of a yet to be determined arbitrated award to implement a collective bargaining agreement between the State and collective bargaining unit (9) for fiscal biennium 2011-2013.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 908, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 811 (Majority) Ways and Means on S.B. No. 904**

The purpose of this measure is to appropriate funds for Hawaii Employer-Union Health Benefits Trust Fund costs for the employees in collective bargaining unit (9) and their excluded counterparts.

The Department of Budget and Finance submitted comments on the measure.

Your Committee finds that the appropriations are necessary to cover the expected costs of a yet to be determined arbitrated award to implement a collective bargaining agreement between the State and collective bargaining unit (9) for fiscal biennium 2011-2013.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 904, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 812 Ways and Means on S.B. No. 91**

The purpose and intent of this measure is to reduce homelessness by providing working homeless families and individuals with a means to obtain permanent rental housing.

Specifically, this measure appropriates funds for:

- (1) Rent subsidies for homeless working individuals or families; and
- (2) A program specialist to monitor the state rent supplement program.

Your Committee received written comments in support of this measure from the Hawaii Appleseed Center for Law and Economic Justice, Partners in Care, Catholic Charities of Hawaii, and two individuals. The Department of Human Services submitted written comments on this measure.

Your Committee finds that many employed homeless people do not earn enough money to afford rental housing at market prices. The only housing alternative would appear to be public housing, but the waitlists for public housing are long. Providing a modest rent subsidy of up to \$300 a month would help hundreds of individuals and families to secure and maintain permanent housing.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation for the state rent supplement program is to also provide for the administrative costs to operate the program;
- (2) Changing the appropriation for the state rent supplement program to an unspecified amount; and
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 91, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 91, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 813 Ways and Means on S.B. No. 718**

The purpose and intent of this measure is to appropriate funds to the Hawaii Strategic Development Corporation to establish the HI Growth Initiative.

Your Committee received written comments in support of this measure from the Office of the Governor; the Department of Business, Economic Development and Tourism; High Technology Development Corporation; Hawaii Strategic Development Corporation, Akamai Capital LLC; Bizgym.com; Blue Startups; Cardax Pharmaceuticals, Inc.; Creative Market Labs, Inc.; HiBEAM, Hawaii Biotech, Inc.; Hawaii Fashion Incubator; Hawaii Food Industry Association; Hawaii Venture Capital Association; Ikehū, Inc.; Kukulu LLC; Lady Ease-Ease Collection; Nalukai Foundation; Orientech LLC; Pacific International Center for High Technology Research; StartupHui LLC; The Queens Health Systems; Umicam; and thirteen individuals.

Your Committee received written comments on this measure from two individuals.

Your Committee finds that this measure funds the establishment and implementation of the HI Growth Initiative, an investment program that will be used to support entrepreneurial high-growth businesses. Your Committee also finds that the establishment and implementation of this program is in the State's interest to diversify the economy and create high-wage jobs in the State.

Your Committee has amended this measure by:

- (1) Changing the appropriation amounts to unspecified amounts;
- (2) Changing the effective date from July 1, 2013, to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 718, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 718, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 814 Ways and Means on S.B. No. 106**

The purpose and intent of this measure is to enhance services to elders.

Among other provisions, this measure:

- (1) Establishes and appropriates funds for an Alzheimer's disease and related dementia services coordinator position within the Executive Office on Aging; and
- (2) Appropriates funds for grants pursuant to chapter 42F, Hawaii Revised Statutes, to Catholic Charities of Hawaii for the Lanakila Multi-Purpose Senior Center, the Moliili Senior Center, and the Waikiki Community Center.

Your Committee received written comments in support of this measure from the Executive Office on Aging, the City and County of Honolulu Department of Community Services, AARP Hawaii, Transportation Clients of Catholic Social Services, Catholic Charities of Hawaii, Hawaii Alliance for Retired Americans, Lanakila Multi-Purpose Senior Center, the Policy Board for Elders, and seventy-one individuals.

Your Committee received written comments on this measure from the Moliili Community Senior Center.

Your Committee finds that the elder population in Hawaii is growing and that the maintenance and support for elder care facilities is necessary to ensure affordable and quality long-term care services to elders. Your Committee believes that this measure will allow more elders to remain at home as long as possible, thereby decreasing the long-term care costs for the State and for the elder population.

Your Committee has amended this measure by:

- (1) Changing all appropriation amounts to unspecified sums;
- (2) Changing the effective date of the Act from July 1, 2013, to July 1, 2050, to promote further discussion on the matter; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 106, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 106, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 815 Ways and Means on S.B. No. 391**

The purpose and intent of this measure is to establish a pilot program to coordinate a network that youth may access for safety and to obtain advice, guidance, programs, and services.

More specifically, this measure:

- (1) Requires the Office of Youth Services to coordinate a two-year safe places for youth pilot program; and
- (2) Appropriates \$250,000 for a safe place for youth program coordinator, residential options for the pilot program, and behavioral health counseling and education.

Your Committee received written comments in support of this measure from the Office of Youth Services, Hale Opio Kauai Inc., and Hawaii Youth Services Network.

Your Committee finds that ensuring the safety and welfare of the State's youth is of the utmost importance and that the safe places for youth pilot program will provide youth who are in need of shelter and support with safe shelters, counseling, and guidance programs and services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing the effective date from July 1, 2013, to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 391, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 391, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 816 (Majority Ways and Means on S.B. No. 1087**

The purpose and intent of this measure is to promote the purchase and installation of green infrastructure equipment among electric utility customers through a loan program financed by the issuance of revenue bonds.

Specifically, this measure:

- (1) Establishes the Hawaii Green Infrastructure Authority within the Department of Business, Economic Development, and Tourism;
- (2) Authorizes the Authority to issue revenue bonds and use the proceeds from the bonds to provide the loans, provided that a financing order to do so is issued by the Public Utilities Commission;
- (3) Establishes green infrastructure property for which green infrastructure fees will be imposed upon electric utility customers in order to pay for the bonds;
- (4) Establishes a bond fund for the receipt of green infrastructure fees and green infrastructure charges and for the disbursement of bond payments; and
- (5) Establishes a special fund for the receipt of the bond proceeds and for disbursement of the loans.

Your Committee received written comments in support of this measure from the Office of the Governor, the Department of Budget and Finance, the Department of Business, Economic Development, and Tourism, the Public Utilities Commission, Hawaiian Electric Company, Blue Planet Foundation, and two individuals. Your Committee received written comments in opposition to this measure from the State Procurement Office.

Your Committee finds that this measure will provide a lower cost financing alternative for Hawaii businesses and residents to utilize green infrastructure equipment and technology to reduce electricity consumption by leveraging clean energy technology. The innovative financing method created in this measure will provide a secure financing structure to allow the Department of Business, Economic Development, and Tourism to issue revenue bonds at very competitive rates, which savings can be passed on to the consumers in the form of lower borrowing costs.

Your Committee has amended this measure by:

- (1) Adopting recommendations from the Department of Business, Economic Development, and Tourism, which, among other things:
  - (A) Reorganizes material between existing sections and new sections of chapters 196 and 269, Hawaii Revised Statutes;
  - (B) Reorganizes material between definitions and operational sections of the measure;
  - (C) Adds new language on the green infrastructure loan program order;
  - (D) Authorizes deposits of the green infrastructure charges into the green infrastructure special fund, as well as into the green infrastructure bond fund; and
  - (E) Corrects numerous drafting errors;
- (2) Changing the appropriations to unspecified amounts;
- (3) Changing the effective date to July 1, 2050, to facilitate continued discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1087, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1087, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 817 Ways and Means on S.B. No. 49**

The purpose and intent of this measure is to amend and repeal sections of chapter 302A, Hawaii Revised Statutes, relating to education, for purposes of housekeeping and efficiency.

The Department of Education submitted written comments in support of this measure. The Department of Budget and Finance submitted written comments in opposition to this measure.

Your Committee finds that this measure will add clarity to chapter 302A, Hawaii Revised Statutes, and resolve conflicting or inconsistent statutory language. Your Committee also finds that retaining the language in section 302A-605, Hawaii Revised Statutes, that requires the Department of Education to establish alternative routes for principal and vice-principal certification will allow the Department to continue to meet the qualification requirements for the federal Race to the Top competitive grant award.

Your Committee has amended this measure by:

- (1) Deleting the section of the bill that would have provided an exemption from the five per cent central service expense deduction for the Hawaii 3R's school repair and maintenance fund and the after-school plus program revolving fund;
- (2) Deleting the sections of the bill that repealed the reporting requirements in sections 36-32, 36-36, 302A-1004, and 302A-1312, Hawaii Revised Statutes, so that the Department of Education or the Superintendent of Education will continue to submit reports to various entities;
- (3) Deleting amendments to section 302A-603(b), Hawaii Revised Statutes, because the section is being repealed in its entirety in the measure;
- (4) Restoring language in section 302A-605, Hawaii Revised Statutes, that requires the Department of Education to establish alternative routes to certification for principals and vice-principals;
- (5) Deleting the section that would have repealed section 302A-1103, Hawaii Revised Statutes, which establishes the authority and responsibility of principals;
- (6) Making conforming amendments for repealed sections; and
- (7) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 49, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 49, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 818 Ways and Means on S.B. No. 757**

The purpose and intent of this measure is to help ensure the viability of the State's livestock industry.

Specifically, the measure:

- (1) Appropriates funds to continue the livestock revitalization program;
- (2) Adjusts the amount of the subsidy received under the program to the lesser of \$200,000 per year or fifteen per cent of food costs incurred per year for production of poultry products, milk, or pigs and beef cattle raised and slaughtered in Hawaii for local consumption;
- (3) Expands the livestock subsidy to include feed costs incurred by qualified producers of goat milk with a herd of not less than twenty-five lactating milking goats per fiscal quarter;
- (4) Expands the livestock subsidy to include feed costs incurred by qualified producers of sheep or lamb that are grown, slaughtered, processed, and marketed in the State with annual sales of not fewer than thirty sheep or lambs; provided that the herd shall not fall below thirty sheep per fiscal quarter;
- (5) Expands the livestock subsidy to include feed costs incurred by qualified producers of fish or crustaceans, farmed by aquacultural practices, with current annual sales of not less than two thousand pounds; provided that sales shall not fall below five hundred pounds per fiscal quarter;
- (6) Prohibits reimbursement of feed costs to qualified producers when the amount of reimbursement will result in an annual profit of more than eight per cent for sheep, lamb meat, or seafood producers; and
- (7) Requires funds for the program to be expended from the agricultural development and food security special fund.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation.

Your Committee finds that the rising cost of feed for livestock production has been a contributing factor in the decline of the State's livestock industry. Your Committee also finds that increased feed costs are threatening the closure of the State's remaining livestock producers. Increasing livestock production is necessary to meet the State's goals of food security and self-sufficiency.

Your Committee has amended this measure by:

- (1) Changing the cap amount of the subsidy to an unspecified amount or unspecified percentage of food costs;
- (2) Changing the amount of annual profit for sheep, lamb meat, and seafood producers that triggers the prohibition on reimbursement for food costs to an unspecified percentage;
- (3) Changing the reference from "seafood" producers to "fish or crustacean" producers for consistency;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 757, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 757, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 819      Ways and Means on S.B. No. 1237**

The purpose and intent of this measure is to extend the operation of the Nursing Facility Sustainability Program.

Specifically, the measure amends Act 156, Session Laws of Hawaii 2012, relating to the Nursing Facility Sustainability Program, by:

- (1) Extending the repeal date of the Act to June 30, 2014;
- (2) Appropriating funds for the program for fiscal year 2013-2014; and
- (3) Making clarifying changes to the text of the Act.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Health Systems Corporation, Hale Makua Long-Term Care, Hawaii Long Term Care Association, Healthcare Association of Hawaii, Hale Makua Health Services, Pearl City Nursing Home, and one individual.

Your Committee finds that extending Act 156, Session Laws of Hawaii 2012, will enable the Department of Human Services to continue to make supplemental payments to nursing facilities to assist them with offsetting their costs of uncompensated care.

Your Committee has amended this measure by:

- (1) Making clarifying amendments by repealing an unnecessary definition in Act 156; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1237, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1237, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 820      (Majority) Ways and Means on S.B. No. 937**

The purpose and intent of this measure is to promote food resiliency in the State.

More specifically, this measure:

- (1) Establishes a food resiliency initiative under the Department of Agriculture to achieve measurable goals of food self-sufficiency;
- (2) Establishes a food resiliency branch in the Department of Agriculture;
- (3) Establishes a food resiliency task force to set forth benchmarks for the food resiliency initiative to achieve; and
- (4) Provides funding for the food resiliency initiative.

Your Committee received written comments in support of this measure from the Ulupono Initiative. Your Committee received written comments in opposition to this measure from the Land Use Research Foundation of Hawaii. Your Committee received written comments on this measure from the Office of Planning and the Department of Human Resources Development.

Your Committee finds that food import replacement has positive economic impacts for the State, including the retention of money in the State, which will have a multiplier effect and thereby increase tax revenues and jobs.

Your Committee has amended this measure by:

- (1) Deleting partnership with the Hawaii clean energy initiative program and the development of farm-to-school program as activities of the Hawaii food resiliency initiative;
- (2) Adding increased procurement of local commodities by government agencies as an activity of the Hawaii food resiliency initiative;
- (3) Authorizing rather than requiring the Department of Agriculture to submit annual reports to the Legislature on the food resiliency initiative and specifying that the first report is due with the regular session of 2016;

- (4) Changing to 2015 the implementation date for the Department of Agriculture's plans to transition the State and counties to food resilient economies;
- (5) Deleting language that establishes a food resiliency branch in the Department of Agriculture;
- (6) Reducing the number of members on the Hawaii food resiliency task force by deleting:
  - (A) The food resiliency administrator of the food resiliency branch;
  - (B) The Director of Business, Economic Development, and Tourism;
  - (C) Two of the three members to be designated by the Speaker of the House of Representatives; and
  - (D) Two of the three members to be designated by the President of the Senate;
- (7) Designating the Chairperson of the Board of Agriculture or the Chairperson's designee to chair the task force;
- (8) Clarifying that the representative from each county's private economic development board shall be designated by the respective county;
- (9) Requiring the task force to submit their plan and follow-up report, respectively, to the Legislature prior to the regular sessions of 2015 and 2016;
- (10) Deleting language that authorizes moneys in the agricultural development and food security special fund to be used specifically to fund departmental positions related to the food resiliency initiatives;
- (11) Adding language that authorizes moneys in the agricultural development and food security special fund to be used to fund positions in the Department of Agriculture other than agricultural inspector positions;
- (12) Deleting the appropriations from agricultural development and food security special fund for the food resiliency administrator and staff positions;
- (13) Changing the effective date of the measure to July 1, 2050, to promote continued discussion of the measure; and
- (14) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 937, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 937, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 821 Ways and Means on S.B. No. 974**

The purpose and intent of this measure is to authorize the State, subject to ratification of a constitutional amendment, to issue special purpose revenue bonds to assist agricultural enterprises.

Your Committee received written comments in support of this measure from Alexander and Baldwin, Inc.; the Ulupono Initiative; the Land Use Research Foundation of Hawaii; the Hawaii Farm Bureau Federation; and one individual. The State Procurement Office submitted written comments in opposition to this measure. The Department of Budget and Finance submitted written comments on this measure.

Your Committee finds that special purpose revenue bonds provide the private sector with access to lower interest rate loans than are available in the private financial market. Special purpose revenue bonds for agricultural enterprises will provide important financial support for Hawaii's agricultural operations, including construction and improvements to irrigation systems, roads, utilities, and processing facilities.

Your Committee has amended this measure by:

- (1) Adding a definition for "agricultural enterprise";
- (2) Amending the definition of "project" to include machinery, equipment, furnishings, and apparatus of an agricultural enterprise;
- (3) Adding language to ensure that the interest on special purpose revenue bonds may be eligible for inclusion as gross income for tax credit and tax deferral programs;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 974, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 974, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 822 Ways and Means on S.B. No. 750**

The purpose and intent of this measure is to establish an income tax credit for the development of qualified media infrastructure projects in designated or qualifying geographic areas of the State.

Specifically, the measure targets West Oahu or an island in a county with a population between one hundred thousand and one hundred seventy-five thousand as potential sites where the construction of a media infrastructure project would qualify for the tax credit established in this measure.

Your Committee received written comments in support of this measure from the Mayor of the County of Maui and SHM Partners/Film Studio Group.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism and the Tax Foundation of Hawaii.

Your Committee finds that new infrastructure development is necessary for increasing the growth of Hawaii's film industry. Your Committee also finds that this measure provides an incentive for developing media infrastructure projects. However, your Committee believes that the Department of Business, Economic Development, and Tourism is better suited to administering certain components of the proposed tax credit program than the Department of Taxation. Your Committee further finds that requiring the Department of Taxation to report annually to the Legislature on the qualified media infrastructure tax credit would assist in evaluating the effectiveness of the program.

Your Committee has amended this measure by:

- (1) Providing that audit approval, expenditure certification, application processing, and issuance of final tax credit certification letters shall be conducted by the Department of Business, Economic Development, and Tourism, rather than the Department of Taxation;
- (2) Clarifying how the tax credit is to be computed and distributed in the case of flow-through entities;
- (3) Clarifying the effect of the tax credit on depreciable property;
- (4) Clarifying that the tax credit shall apply to a taxpayer's net income tax liability after all other tax credits allowed under chapter 235, Hawaii Revised Statutes;
- (5) Clarifying that the terms "production" and "post-production" shall have the same meaning as in section 235-17, Hawaii Revised Statutes;
- (6) Clarifying that general excise taxes paid on bank loan finance fees shall be considered as a qualifying expense for which the tax credit may be claimed;
- (7) Changing the amounts of the tax credit, performance bond, and recapture to unspecified amounts;
- (8) Requiring the Department of Taxation to submit an annual report to the Legislature;
- (9) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (10) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 750, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 750, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 823 Ways and Means on S.B. No. 382**

The purpose of this measure is to provide resources for the improvement of private roads accessed by the general public.

Specifically, this measure authorizes the County of Hawaii to use fuel tax revenues for the maintenance of substandard private subdivision roads that are used by the public.

The Department of Public Works, County of Kauai, submitted written comments in support of this measure, if amended.

Written comments in opposition to this measure were submitted by a concerned individual.

Your Committee finds that while private subdivision roads are not under government jurisdiction, they can nonetheless be heavily used by residents, visitors, and emergency vehicles in certain areas of the County of Hawaii. Although these roads are accessed by the general public, they are maintained by private citizens or not maintained at all, presenting serious safety concerns. This measure provides the County of Hawaii the flexibility to use fuel tax revenues to improve private subdivision road conditions for all users.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on this measure; and
- (2) Making technical nonsubstantive amendments for clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 382, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 382, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kidani, Kouchi, Slom). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 824      Ways and Means on S.B. No. 456**

The purpose and intent of this measure is to transfer in fee simple the Mauna Kea State Recreational Area from the Department of Land and Natural Resources to the County of Hawaii on January 1, 2014.

Your Committee received written comments in support of this measure from the Mayor of the County of Hawaii.

Your Committee finds that the County of Hawaii would be an appropriate steward of the Mauna Kea State Recreational Area. However, your Committee believes that leasing, rather than transferring in fee simple, the Mauna Kea State Recreational Area to the County of Hawaii will ensure that the public lands are held, managed, and operated for the public's best interest.

Your Committee has amended this measure by:

- (1) Deleting the provisions transferring the Mauna Kea State Recreational Area to the County of Hawaii and instead requiring the Department of Land and Natural Resources to enter into negotiations with the County for the lease of the Mauna Kea State Recreational Area to the County;
- (2) Requiring that the lease rent charged to the County shall be \$1 per year;
- (3) Requiring that an unspecified percentage of gross revenues received by the County from use of the land shall be transmitted to the Director of Finance for deposit into the state parks special fund;
- (4) Requiring the Department of Land and Natural Resources to report to the Legislature if a lease agreement is reached and, if a lease agreement is not reached by January 1, 2014, to report on the action taken and progress made to reach a lease agreement; and
- (5) Changing the effective date to July 1, 2013, and providing for repeal of the measure on an unspecified date; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 456, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 456, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (English, Kidani, Thielen, Tokuda).

**SCRep. 825      Ways and Means on S.B. No. 457**

The purpose and intent of this measure is to transfer in fee simple Hapuna Beach Park from the Department of Land and Natural Resources to the County of Hawaii on January 1, 2014.

Your Committee received written comments in support of this measure from the Mayor of the County of Hawaii, the Waimea Community Association, and six individuals. The Department of the Attorney General and one individual submitted written comments.

Your Committee finds that the County of Hawaii would be an appropriate steward of Hapuna Beach Park. However, your Committee believes that leasing, rather than transferring in fee simple, Hapuna Beach Park to the County of Hawaii will ensure that the public lands are held, managed, and operated for the public's best interest.

Your Committee has amended this measure by:

- (1) Deleting the provisions transferring Hapuna Beach Park to the County of Hawaii and instead requiring the Department of Land and Natural Resources to enter into negotiations with the County for the lease of Hapuna Beach Park to the County;
- (2) Requiring that the lease rent charged to the County shall be \$1 per year;
- (3) Requiring that an unspecified percentage of gross revenues received by the County from use of the land shall be transmitted to the Director of Finance for deposit into the state parks special fund;
- (4) Requiring the Department of Land and Natural Resources to report to the Legislature if a lease agreement is reached and, if a lease agreement is not reached by January 1, 2014, to report on the action taken and progress made to reach a lease agreement; and
- (5) Changing the effective date to July 1, 2013, and providing for repeal of the measure on an unspecified date; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 457, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 457, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (English, Kidani, Thielen, Tokuda).

**SCRep. 826      Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 573 and 574**

Recommending that the Senate advise and consent to the nominations of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 573 CHELSEA FERNANDEZ, for a term to expire 6-30-2016; and

G.M. No. 574 WILLIAM PARK, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Chelsea Fernandez and William Park to possess the requisite qualifications to be nominated to the Advisory Board on Veterans' Services.

CHELSEA FERNANDEZ

Your Committee received testimony in support of the nomination of Chelsea Fernandez from the State Office of Veteran's Services, Hawai'i Women's Military Veterans Task Force, and ten individuals. Your Committee received testimony in opposition to the nomination of Chelsea Fernandez from the Maui County Veterans Council.

Your Committee finds that Ms. Fernandez is currently pursuing a Business Administration degree at the University of Hawai'i West Oahu. Ms. Fernandez received her Associate's degree in Business Careers from the University of Hawai'i Maui College.

Ms. Fernandez is a certified tax preparer and is currently employed as the office manager and bookkeeper at FernanTECH, Inc. She previously worked as the district leader for Primerica Financial Services. Ms. Fernandez has also worked as a collections agent for Penncro Associates, Inc.

During Ms. Fernandez's military career, she served as a convoy driver and engineer with the United States Army Reserve, 411th ECB(H) Deployment. Ms. Fernandez performed successfully as the lead vehicle driver for convoys in and around Baghdad, Iraq. She posted guard for missions, helped protect other troops, and met with local Iraqi citizens to help them improve their living conditions.

Ms. Fernandez currently serves as a board member of the Iao Intermediate School Community Council and is a member of Hawai'i Business and Professional Women. In the past, Ms. Fernandez was a member of the Maui Lions Club and Maui Young Business Roundtable. Additionally, Ms. Fernandez served as secretary to the Army Family Readiness Group of the United States Army Reserve Unit: 871st Engineer Company.

Ms. Fernandez expressed to your Committee that she wishes to serve on the Advisory Board on Veterans' Services because she brings the experiences of being a combat veteran and a veteran spouse. As a young woman, Ms. Fernandez hopes to represent the new generation of veterans, while also addressing unique issues facing female veterans with the recent changes to women's roles in the military. She believes that young veterans and female veterans will be comfortable sharing their concerns with her.

Ms. Fernandez expressed that she will make strong connections with veterans in order to help them make a smooth transition into civilian life.

WILLIAM PARK

Your Committee received testimony in support of the nomination of William Park from the State Office of Veteran's Services, Papa Ola Lokahi, and twenty-three individuals.

Your Committee finds that Mr. Park received his degree from the Combat Medic School and Dental Laboratory Technician School of the United States Army Medical Center at Fort Sam Houston in San Antonio, Texas. Mr. Park received his Certificate of Completion from the Dental Technician Apprenticeship Program at Kapiolani Community College.

Mr. Park is currently the Veterans Program Director of Papa Ola Lokahi, where he helps veterans navigate the Veterans Health Administration and Veterans Benefits Administration application processes to ensure that veterans from past and current wars receive important services and benefits. Mr. Park is involved with the "Uncles and Aunties" program, which provides encouragement and emotional support to veterans and their family members on every Hawai'i island. Mr. Park previously worked as a Veterans Specialist and Case Manager of the Intensive Case Management Team at Helping Hands Hawai'i.

Mr. Park is a disabled veteran and retired Master Sergeant with three years of active duty with the United States Army. He served with the Hawai'i Army National Guard for over twenty years in several capacities. On June 20, 2007, Senator Daniel Akaka and the 110th Congress recognized Mr. Park with a "Tribute to Clay Park." Mr. Park received numerous awards and accolades during his distinguished career with the military, including the Meritorious Service Medal, Army Commendation Medal, three Army Reserve Component Achievement Medals, Army Service Ribbon, two National Defense Medals, and two Non-Commissioned Officer Professional Development Ribbons.

Mr. Park has received special recognition from the Federal Emergency Management Authority, Office of Hawaiian Affairs, Department of Veterans Affairs, Honolulu Veterans Affairs Medical and Regional Office, and Veterans Administration of Honolulu.

Mr. Park has also been active in several community programs, including Alu Like's special project, Ho'oponopono (Hawai'i Family Therapy) for Hawai'i Veterans; the Office of Hawaiian Affairs' training project for the Department of Veterans Affairs, Ho'olauna (Introduction to Hawaiian Culture), and multiple projects related to traditional healing.

For the past six months, Mr. Park has served as an interim appointee to the Advisory Board on Veterans' Services, where he has worked toward improving several challenges facing veterans, such as access to benefits, health care, and cemetery systems.

Mr. Park stressed to your Committee the importance that no veteran need be left behind and he intends to work hard to ensure that all those who have served honorably in the Armed Forces receive full recognition of their veteran status with all honors and benefits. Mr. Park believes in the importance of addressing health and wellness issues not only of veterans, but also of veterans' families.

Your Committee believes that Mr. Park will continue to bring valuable experience, knowledge, and leadership to the Advisory Board on Veterans' Services.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 827 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 580, 581, and 651**

Recommending that the Senate advise and consent to the nominations of the following:

CIVIL DEFENSE ADVISORY COUNCIL

- G.M. No. 580 DOMINADOR COLOMA, for a term to expire 6-30-2014;  
G.M. No. 581 JAN TENBRUGGENCATE, for a term to expire 6-30-2016; and  
G.M. No. 651 WILLIAM ANONSEN, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Dominador Coloma, Jan TenBruggencate, and William Anonsen to possess the requisite qualifications to be nominated to the Civil Defense Advisory Council.

DOMINADOR COLOMA

Your Committee received testimony in support of the nomination of Dominador Coloma from State Civil Defense, Department of Defense and two individuals.

Mr. Coloma received his Associate of Arts degree in Fire Science from Hawaii Community College. He received his certification as an Emergency Medical Technician from The Queen's Medical Hospital. Additionally, Mr. Coloma studied Fire Administration at the National Fire Academy, Helicopter Mechanics at the Army Aviation Academy, and Diesel Mechanics at the Hawaii Technical School.

Mr. Coloma served in the Hawaii County Fire Department for twenty-five years and retired as a Deputy Fire Chief. Before becoming a Deputy Fire Chief, Mr. Coloma served as Fire Captain, Volunteer Trainer/Coordinator, Fire Lieutenant, and Firefighter.

As Deputy Fire Chief of the Hawaii County Fire Department, Mr. Coloma directed the daily operations of the Department and successfully implemented the Incident Command System in the Department. Moreover, Mr. Coloma has valuable experience as a first responder.

Mr. Coloma previously worked as an instructor for the Fire Science Program of the University of Hawaii at Hilo and the State Airports Division. Additionally, Mr. Coloma worked as a Helicopter Mechanic for the Aviation branch of the United States Army and as a Diesel Mechanic for Theo. H. Davies & Co.

Mr. Coloma is the President of the Akaka Falls Lions Club. He is a member of the Firemen's Association, Hawaii Fire Chief's Association, and National Fire Academy Alumni Association.

Mr. Coloma expressed to your Committee that he has the courage, composure, and commitment to serve on the Civil Defense Advisory Council and move its agenda forward.

JAN TENBRUGGENCATE

Your Committee received testimony in support of the nomination of Jan TenBruggencate from State Civil Defense, Department of Defense and three individuals.

Mr. TenBruggencate received his Bachelor of Arts degree in English and Journalism from the University of Hawaii at Manoa.

Mr. TenBruggencate formed a communications consulting firm, Island Strategy LLC, where he currently works. Mr. TenBruggencate also served as the Kauai Bureau Chief and science writer for The Honolulu Advertiser for thirty-seven years.

Mr. TenBruggencate has received numerous awards and accolades, including the Historic Hawaii Foundation Preservation Media Award; two Excellence in Journalism Awards, Society of Professional Journalists Hawai'i Chapter; Hawaii Publishing Association Pa'i Award; The Nature Conservancy of Hawaii's Kakoo 'Aina Award; Conservation Council for Hawaii Koa Award; and Hawaii Audubon Society Environmental Education Award.

Mr. TenBruggencate is a member of the Kauai Island Utility Cooperative, Kauai County Charter Review Commission, Lihue Business Association, and Public Relations Society of America.

With over forty years of experience as a newspaper reporter, Mr. TenBruggencate has participated in numerous civil defense briefings and interviews. He worked closely with civil defense authorities during catastrophic events, including the volcanic destruction of Kalapana on Hawai'i and Hurricanes Iwa and Iniki on Kauai.

Mr. TenBruggencate participated in several training courses with the Federal Emergency Management Agency as part of his volunteer work with the Kauai Civil Defense Agency. Furthermore, Mr. TenBruggencate serves as Vice Chair on the Board of Directors of the Kauai Island Utility Cooperative, which is directly involved with community emergency response to climate events.

Mr. TenBruggencate expressed to your Committee that he is familiar with the issues presented by the range of threats facing our island communities, including threats related to weather, climate, international tensions, and food and fuel supply disruptions.

Your Committee believes that Mr. TenBruggencate will bring integrity and a seasoned perspective to the Civil Defense Advisory Council and ensure that our communities are well protected.

WILLIAM ANONSEN

Your Committee received testimony in support of the nomination of William Anonsen from State Civil Defense, Department of Defense; Department of Transportation; Department of Transportation Services, City and County of Honolulu; Hawai'i Pilots Association; Hawai'i Resource, LLC; P&R Water Taxi, LLC; Hawai'i Harbor Users Group; Young Brothers, Ltd.; Navatek; and twenty-four individuals.

Mr. Anonsen attended the American Military University and Maritime College of the State University of New York.

Mr. Anonsen is currently the Managing Partner and Principal of The Maritime Group, LLC, a maritime consultancy firm, and serves as the Vice Chair to the Maritime Committee of the Chamber of Commerce of Hawaii. He works with several emergency response, law enforcement, and non-profit organizations.

Prior to his work with The Maritime Group, LLC, Mr. Anonsen served as the Director of Port Operations for Norwegian Cruise Lines. His previous employment also includes serving as the Maritime Operations Specialist for the Department of Transportation; Vice President of American Classic Voyages Co.; Marine Operations Traffic Manager of Sause Brothers Ocean Towing, Inc.; Marine Operations Assistant of Matson Navigation Company; and Operations Assistant Manager of Theo Davies Marine Agencies, Inc.

With thirty-eight years of business experience and an extensive working knowledge of all facets of the maritime transportation industry and emergency preparedness, Mr. Anonsen understands Hawaii's critical infrastructure and resources.

As the current chair of the Civil Defense Advisory Council with a term set to expire on June 30, 2017, Mr. Anonsen has helped to ensure that processes and systems are in place to protect lives, as well as Hawaii's finite resources. Mr. Anonsen expressed to your Committee that if he is reconfirmed to the Civil Defense Advisory Council, he will continue his collaborative efforts to maintain Hawaii's emergency preparedness and bring new thinking and approaches to emergency management.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 828 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 583 and 584**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 583 ANNELLE AMARAL, for a term to expire 6-30-2015; and

G.M. No. 584 FITUINA TUA, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements by the nominees and finds Annelie Amaral and Fituina Tua to possess the requisite qualifications to be nominated to the Hawaii Paroling Authority.

ANNELLE AMARAL

Your Committee received testimony in support of the nomination of Annelie Amaral from the Department of Public Safety; Hawaii Paroling Authority; Office of Hawaiian Affairs; Military Affairs Department, Chamber of Commerce of Hawaii; Indigenous Consultants, LLC; Association of Hawaiian Civic Clubs; Kuakini Hawaiian Civic Club of Kona; Maunaloa Hawaiian Civic Club; Kalaeloa Heritage and Legacy Foundation; and eight individuals.

Ms. Amaral received a Bachelor of Arts degree in Journalism from the University of Dayton.

Ms. Amaral currently works as the Native Hawaiian Liaison to the Garrison Commander of the United States Army and is currently a member of the Hawaii State Judicial Selection Commission; Association of Hawaiian Civic Clubs, Oahu Council; and Council for Native Hawaiian Advancement.

Prior to serving in her current position as an Army liaison, Ms. Amaral was the Director of Public Affairs for Planned Parenthood of Hawaii. Ms. Amaral also worked as the Domestic Violence Special Projects Coordinator for the Legal Aid Society of Hawaii, Coordinator for the Coalition Against Sexual Assault, Private Investigator for Corniel & Associates, and consultant to several community and nonprofit organizations.

As a legislator for the State House of Representatives from 1988 to 1996, Ms. Amaral served as the Majority Floor Leader, Vice Chair of the Judiciary Committee, Vice Chair of the Housing Committee, and Chair of the Women's Legislative Caucus.

Ms. Amaral has received numerous awards and accolades, including Women's History Month Honoree, U.S. Army Installation Management Command Public Affairs Award, Patsy T. Mink Award of Excellence, Mayor's Award for Everyday Hero, Hawaii Women Lawyers' Community Service Award, Native Hawaiian Business Association's Lei Hulu Mamo Lifetime Achievement Award, and Association of Hawaiian Civic Club's Outstanding Hawaiian Community Leader.

Ms. Amaral expressed that she gained valuable experience early on in her career as one of the first women who were able to serve as police officers in the Honolulu Police Department. As a beat cop, she handled all types of criminal investigations and when she

transferred to the Community Relations Division of the Honolulu Police Department, she developed the Rape Prevention Program and spoke to over 30,000 people about rape prevention and self-defense.

Considering Ms. Amaral's extensive professional experience, beginning with the Honolulu Police Department and through her work with the Legislature and the armed forces, your Committee finds that she will bring a wealth of experience to the Hawaii Paroling Authority.

#### FITUINA TUA

Your Committee received testimony in support of the nomination for Fituina Tua from the Department of Public Safety, Hawaii Paroling Authority, United Public Workers, Iron Workers Stabilization Fund, and twenty-one individuals.

Mr. Tua received a Master of Science degree from the John W. McCormack Institute of Public Policy/Affairs (currently known as the John W. McCormack Graduate School of Policy and Global Studies) at the University of Massachusetts. Mr. Tua received a Bachelor of Science degree in Administration of Justice (Law Enforcement) with a minor degree in Business from San Jose State University.

Mr. Tua currently serves as a Special Offender Specialist at the United States District Court, District of Hawaii, where he supervises high risk offenders in the community. In this position, Mr. Tua provides case management, supervision, investigation, and risk assessments. He also files reports with federal District Court judges concerning the adjustment of offenders on supervision, sentencing recommendations, and revocation actions.

Prior to his current federal law enforcement position, Mr. Tua served as the Chief Court Officer and Juvenile Probation Officer at the Quincy District Court and Family Court, respectively, in Boston, Massachusetts. Mr. Tua also worked as a Business Agent for the United Public Workers Union.

Mr. Tua expressed to your Committee that he wishes to use his thirty years of professional experience in the criminal justice system to serve the people of Hawaii. Mr. Tua believes in proper intervention and sentencing to minimize the number of individuals incarcerated while maximizing community safety.

Your Committee finds that Mr. Tua's integrity, passion, and strong work experience will ensure his continued success working toward improving the lives of individuals in the criminal justice system.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

#### **SCRep. 829 (Joint) Tourism and Hawaiian Affairs and Water and Land on Gov. Msg. Nos. 659, 660, 661, 662, 663, 664, 665, and 666**

Recommending that the Senate advise and consent to the nominations of the following:

#### AHA MOKU ADVISORY COMMITTEE

G.M. No. 659 FRANCES KALUHIWA, for a term to expire 6-30-2016;

G.M. No. 660 PIILANI KAAWALOA, for a term to expire 6-30-2016;

G.M. No. 661 KEITH ROBINSON, for a term to expire 6-30-2016;

G.M. No. 662 KYLE NAKANELUA, for a term to expire 6-30-2016;

G.M. No. 663 WINIFRED BASQUES, for a term to expire 6-30-2016;

G.M. No. 664 LESLIE KULOLOIO, for a term to expire 6-30-2016;

G.M. No. 665 KAREN POEPOE, for a term to expire 6-30-2016; and

G.M. No. 666 THOMAS HASHIMOTO, for a term to expire 6-30-2016

Your Committees have reviewed the personal histories, resumes, and statements submitted by the nominees and find Frances Kaluhiwa, Pi'ilani Ka'awaloa, Keith Robinson, Kyle Nakanelua, Winifred Basques, Leslie Kuloloio, Karen Poepoe, and Thomas Hashimoto to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the 'Aha Moku Advisory Committee.

The 'Aha Moku Advisory Committee was established pursuant to Act 288, Session Laws of Hawaii 2012, to serve in an advisory capacity to the Chairperson of the Board of Land and Natural Resources on issues related to land and natural resources management through the 'Aha Moku System, a system of best practices that is based upon the indigenous resource management practices of moku (regional) boundaries, which acknowledges the natural contours of land, the specific resources located within those areas, and the methodology necessary to sustain natural resources and the community.

#### FRANCES KALUHIWA

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Nature Conservancy, Oahu Council of the Association of Hawaiian Civic Clubs, Kako'o Oiwi, Ko'olaupoko Hawaiian Civic Club, Ko'olau

Foundation, Maemae Jones Ohana, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and six individuals.

Among other activities, Ms. Kaluhiwa is an active member of the Ko'olaupoko Hawaiian Civic Club Board, Kako'o Oiwi Board, Ko'olau Foundation Board, and Kahalu'u Neighborhood Board. As a strong advocate for the preservation of native Hawaiian culture, community members have identified Ms. Kaluhiwa as a steward and guardian for the cultural and marine resources of Kane'ohē Bay. Through all her activities, she works passionately to integrate Hawaiian cultural practices and customs into laws and regulations governing Hawaii's natural and cultural resources.

#### PI'ILANI KA'AWALOA

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and six individuals.

Ms. Ka'awaloa practices and teaches traditional Hawaiian methods of fishing and farming. She currently serves as a community cultural liaison for the National Oceanic and Atmospheric Administration regarding marine life and cultural Hawaiian practices. Among other activities, she is President of the Kalapana Community Organization and a member of the Kalapana Fishing Council. As a member of the 'Aha Moku Advisory Committee, Ms. Ka'awaloa seeks to engage and enable localities to become proactive stakeholders and beneficiaries in the care and management of their own community resources through traditional Hawaiian resource management practices.

#### KEITH ROBINSON

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and two individuals.

Mr. Robinson is a veteran, an Environmental Officer at Ni'ihau Ranch, and owner of Kauai Wildlife (Hawaiian endangered species) Reserve where he grows Hawaiian endangered plants and trees. Mr. Robinson produces tens of thousands of seeds from these endangered species, which he distributes without charge to such organizations as the Department of Land and Natural Resources and the Lyon Arboretum. He earned a degree in agronomy and has experience working as a commercial fisherman, a foreman at Ko'olau Ranch, and as a Hawaiian Endangered species wildlife photographer, where he fostered a passion and appreciation for natural and cultural resource preservation.

#### KYLE NAKANELUA

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and three individuals.

Mr. Nakanelua has been working as a cultural consultant for the State of Hawaii since 1996. He also works as a consultant for private contractors, training company employees about Native Hawaiian traditions, customs, and protocols. Among other activities, he has served as the Operations Officer of the Royal Order of Kamehameha. He is on the Pu'ukohola Heiau National Historic Site Advisory Committee and the Pihanakalani/Hale Ki'i Heiau Restoration Committee. He is known in his community as a leader in providing young Hawaiian men with the means to reconnect with their culture and the skills to become valued members of their families and community.

#### WINIFRED BASQUES

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and two individuals.

Ms. Basques worked at the Lanai Community Hospital for twenty-two years. She is a member of Hui Kako'o 'Aina Ho'opulapula, Hui Malama Pono O Lana'i, and the Lana'i Hawaiian Civic Club. She served on the 'Aha Kiole Advisory Committee and is well-known in the community as a strong advocate for the residents of Lana'i.

#### LESLIE KULOLOIO

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and three individuals.

Mr. Kuloloio is a veteran and an active member of the Maui community. His unique breadth of knowledge has served to educate countless boards, commissions, students, and residents on the importance of land to the Native Hawaiian culture and community. He is a cultural consultant to the Maui Lani Development Company and was a Honokahua burials Ritz Carlton Hotel cultural community representative.

#### KAREN POEPOE

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Nature Conservancy, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, and two individuals.

Ms. Poepee has played a significant role in the formation and organization of the 'Aha Kiole o Moloka'i. On this committee, she advised the Nature Conservancy on the forest conservation and invasive species management programs on Moloka'i. Ms. Poepee is highly regarded in her community and a knowledgeable advisor on Native Hawaiian cultural protocols.

#### THOMAS HASHIMOTO

Your Committees received testimony in support of this nominee from the Department of Land and Natural Resources, Maunalua Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Indigenous Consultants, Limahuli Garden and Preserve, and two individuals.

Mr. Hashimoto is from Hanalei and has worked his whole life to protect Hawaiian resources through native Hawaiian cultural methods he learned from his father. He has been involved in the 'Aha Moku process since its restoration in 2006. Mr. Hashimoto is a subsistence fisherman and has also contributed significantly to the contents of two books regarding the oral histories of Ha'ena.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Water and Land that are attached to this report, your Committees, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommend that the Senate advise and consent to the nominations.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs

Ayes, 5. Noes, none. Excused, 3 (Hee, Shimabukuro, Slom).

Water and Land

Ayes, 4. Noes, none. Excused, 3 (Ihara, Ruderman, Shimabukuro).

**SCRep. 830 Tourism and Hawaiian Affairs on Gov. Msg. No. 586**

Recommending that the Senate advise and consent to the nomination of the following:

CHAIRPERSON OF THE DEPARTMENT OF HAWAIIAN HOME LANDS

G.M. No. 586 JOBIE MASAGATANI, for a term to expire on 12-31-2014

Your Committee has reviewed the personal history, resume, and statements of the nominee, and finds Jobie Masagatani to have the necessary qualifications for the Chairperson of the Hawaiian Homes Commission.

Your Committee received testimony in support of Jobie Masagatani from Governor Neil Abercrombie; Department of Human Resources Development; Department of the Attorney General; Department of Budget and Finance; Department of Defense; Department of Land and Natural Resources; Department of Transportation; Department of Agriculture; Department of Accounting and General Services; Department of Labor and Industrial Relations; Department of Business, Economic Development, and Tourism; Department of Public Safety; Department of Health; Department of Human Services; Office of Information Management and Technology; Hawaii Paroling Authority; Hawaii Housing Finance and Development Corporation; Kamehameha Schools; Office of Hawaiian Affairs; University of Hawai'i System; Department of Hawaiian Home Lands; O'ahu Council of the Association of Hawaiian Civic Club; Kuakini Hawaiian Civic Club of Kona; Hawaiian Affairs Caucus, Democratic Party of Hawaii; The Chamber of Commerce of Hawaii; Building Industry Association Hawaii; Sopogy; Sandwich Isles Communications, Inc.; Maku'u Farmers Association; Fortus Property Group; Innovations Development Group; Hawai'i Construction Alliance; Waiehu Kou Phase 3 Association, Inc.; Malu 'ohai Residents' Association; Waimanalo Hawaiian Homes Association; Kauai Island Utility Cooperative; Papa Ola Lokahi; Urban Housing Communities; Kapolei Community Development Corporation; Ko'olau Foundation; Ko'olaupoko Hawaiian Civic Club; Ke Ola Mamo; The Pacific Resource Partnership; Aupuni O Hawai'i; 'Ahahui Siwila Hawai'i O Kapolei; SunPower Corporation, System, Inc.; Hawaii Medical Service Association Foundation; Villages of La'i'opua Master Association; Waiohuli Hawaiian Homesteaders Assn.; Lee Communications, Inc.; Partners in Development Foundation; Princess Kahanu Estates Association; West Hawaii Hawaiian Homes Commission; Auamo I Na Alaka'i; Kekaha Hawaiian Homestead Association; Hawai'i Maoli; 'Ahahui 'Aina Ho'opulapula O Waiohuli; Pearl Harbor Hawaiian Civic Club; Special Olympics Hawaii; Indigenous Consultants, LLC; Rosehill and Associates; Kalamaula Homesteaders' Association; Dowling Company, Inc.; Leo A Daly; Ahupua'a o Moloka'i; Hoolehua Homestead Association; One Alii Kamiloloa Homestead Association; Kapaakea Homestead Association; Molokai Homestead Farms Alliance; Molokai Homestead Livestock Association; Kalamaula Mauka Homestead Association; Hoolehua Homestead Agriculture Association; Aukai Pacific LLC; C-III Realty Services LLC; and more than 800 individuals. Your Committee received testimony in opposition to Jobie Masagatani from the Council for Native Hawaiian Advancement, Sovereign Moku-puni Council O Oahu, Hoolehua Homesteads, Sovereign Councils of the Hawaiian Homelands Assembly, Anahola Hawaiian Homes Association, Waianae Kai Homestead, and six individuals. Your Committee received comments from the Association of Hawaiian Civic Clubs.

Your Committee finds that Jobie Masagatani possesses the leadership, knowledge, and skill required to carry out the mission of the Department of Hawaiian Home Lands. Jobie Masagatani graduated from the Kamehameha Schools with Honors in 1982. She obtained her Bachelor of Science degree in Education from the School of Education at Northwestern University and continued on to earn a Master's degree in Public Affairs/Urban and Regional Planning from Princeton University. She has held various jobs with increasing responsibilities over the years. She began her career as a Budget Examiner in the Office of Management and Budget, Executive Office of the President of the United States. She returned to Hawaii in 1990 and worked as a Land Investment Analyst for the Kamehameha Schools/Bishop Estate where, among other responsibilities, she assisted the development of the Kamehameha Schools Master Plan for Kaupulehu and helped to implement this plan. In 1993, she became a Project Manager for Hawaii Real Estate Research and Education Center at the University of Hawaii where she managed a \$400,000 federal research grant given to the center to study residential leasehold issues.

Notably, she served as Deputy to the Chairman of the Hawaiian Homes Commission from 1995-2002 where she managed the Department of Hawaiian Home Lands' ("Department") operations for 130 staff members. As Deputy, she initiated reforms to the Department's mortgage financing programs to reduce the financial risk of exposure to departmental assets; facilitated the implementation of a new federal program for Native Hawaiian Housing; oversaw the construction of the Lanikeha Community Center in Hoolehua, Molokai; and led the project team that responded to constitutional challenges to the Hawaiian Home Lands program.

Subsequently, she took a position as Assistant to the President and Chief Executive Officer of The Queen's Health Systems where she was instrumental in developing the strategic plan to address Native Hawaiian health issues. After her tenure at The Queen's Health Systems, she became Principal and Founder of Clarity Organizational Services, a strategic planning firm. In this position she assisted the Department in the development of the Kulia i ka Nuu self-governance program and revised the Department's administrative rules relating to the sale of homestead leases. She returned to public service when she was hired as the Public Policy Program Manger at the

Office of Hawaiian Affairs. In this position, she developed a foundation for the policy program to streamline their efforts through coordinated advocacy at the State Legislature. She utilized her collaborative style to engage stakeholders, beneficiaries, and executives in meaningful conversations and urged a conciliatory approach to addressing complex issues. Her efforts earned her advancement to Special Assistant to the Chief Executive Officer of the Office of Hawaiian Affairs.

In addition to a wealth of professional experience, the nominee is affiliated with numerous communities throughout the State, many of which help to advance Native Hawaiians, including the Queen Liliuokalani Trust Trustee Compensation Committee, Hui Hanai Board of the Queen Liliuokalani Children's Center, Native Hawaiian Education Council, Kamehameha Schools Board of Advisors, University of Hawaii John A. Burns School of Medicine Department of Native Hawaiian Health Community Advisory Board, U.S. Census Advisory Committee on the Native Hawaiian and Other Pacific Islanders Population, and Affordable Housing Advisory Council Federal Home Loan Bank of Seattle.

Currently, Jobie Masagatani is the Chairperson Designate of the Hawaiian Homes Commission and has expressed her commitment to five integral areas of the Department for her tenure as Chairperson. She is committed to stabilizing the Department's financial future; addressing homestead affordability issues plaguing beneficiaries; revitalizing the agriculture program; maximizing management of the Department's natural resources; and supporting community-based projects.

Your Committee heard opposition from a few agencies and individuals who expressed concern regarding the nominee's communication and leadership skills; her ability to bring groups together and facilitate resolutions of difficult issues; and her loyalty to Native Hawaiian beneficiaries. Specifically, there were concerns regarding the way the nominee sought to spend trust funds and her support of certain long-term community projects that would benefit Native Hawaiians. Your Committee finds that many of these viewpoints were expressed by a handful of beneficiaries who were disappointed by minor project delays due to the nominee's undertaking of due diligence befitting her position as Chairperson Designate. For example, in one project in Nanakuli, the nominee testified that the Department did not immediately sign-off on a development agreement because the developers had not provided the Department with a written commitment as to how beneficiaries would be provided for in the project although the Department was providing a free lease.

Your Committee finds that, despite the opposition, Jobie Masagatani has the credentials and ability to operate and straddle the competing interests of the State and the beneficiaries to the Hawaiian Trust. Your Committee finds that the nominee's experience as the Department's Deputy to the Chairman for seven years provides her with an acute understanding of the Department, its funding and operations, the complex issues surrounding the beneficiary obligations, and its legal responsibilities. As is evidenced by the testimony submitted in support of the nominee by her colleagues, public and private agencies, and individuals, Jobie Masagatani is a highly motivated public servant with a strong work ethic who takes a proactive approach to problem solving, seeks input and consensus on issues, quickly grasps complex issues, and communicates effectively in a positive and encouraging manner. Her vision and strength of character will enable her to set and maintain a firm course for the Department.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 831 Commerce and Consumer Protection on Gov. Msg. No. 510**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF EXAMINERS IN OPTOMETRY

G.M. No. 510 PETER SHOJI, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Peter Shoji to possess the requisite qualifications to be nominated to the Board of Examiners in Optometry.

Your Committee received testimony in support of the nomination of Peter Shoji from the Department of Commerce and Consumer Affairs and Hawaii Optometric Association.

Upon review of the testimony, your Committee finds that Dr. Shoji's knowledge, experience as a licensed optometrist, and desire to contribute to the community qualify him for appointment to the Board of Examiners in Optometry. Your Committee notes that Dr. Shoji has been a licensed optometrist for the past twenty-seven years and is a member of the American Optometric Association and the Hawaii Optometric Association. Dr. Shoji has leadership experience by virtue of his prior positions on the Hawaii Optometric Association Executive Board and the American Optometric Association Board of Directors, and has been actively involved with various community service organizations and neighborhood boards. Your Committee further finds that Dr. Shoji has served as an interim member on the Board of Examiners in Optometry since August 2012, has a thorough understanding of the role and responsibilities of board members, and is being appointed to the Board of Examiners in Optometry based on his background, experience, and dedication to protecting the profession of optometry and consumers.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 832 Commerce and Consumer Protection on Gov. Msg. No. 512**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF NATUROPATHIC MEDICINE

G.M. No. 512 RODNEY CHUN, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rodney Chun to possess the requisite qualifications to be nominated to the Board of Naturopathic Medicine.

Your Committee received testimony in support of the nomination of Rodney Chun from the Department of Commerce and Consumer Affairs and four individuals.

Upon review of the testimony, your Committee finds that Dr. Chun's background as a naturopathic physician and past leadership experience qualify him for appointment to the Board of Naturopathic Medicine. Your Committee notes that Dr. Chun has been licensed as a naturopathic physician since 1970 and has been involved with the Board since 1971. Dr. Chun's years of practice and the continuing education he has received throughout his career have enabled him to remain current on issues relating to naturopathy. Your Committee further finds that Dr. Chun has served most recently on the Board of Naturopathic Medicine as an interim member since July 2012 and is able to actively contribute to discussions because of his detailed knowledge of naturopathic medicine and the history of the Board of Naturopathic Medicine. Dr. Chun has a thorough understanding of the role and responsibility of board members and has been appointed to the Board of Naturopathic Medicine based on his knowledge, experience, and dedication to the public and the field of naturopathic medicine.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 833 Commerce and Consumer Protection on Gov. Msg. Nos. 518 and 519**

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 518 MARIE WEITE, for a term to expire 6-30-2016; and

G.M. No. 519 MICHAEL TETSUTANI, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Marie Weite and Michael Tetsutani to possess the requisite qualifications to be nominated to the Motor Vehicle Repair Industry Board.

MARIE WEITE

Your Committee received testimony in support of the nomination of Marie Weite from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Ms. Weite's background, experience, and desire to contribute to the community qualify her for appointment to the Motor Vehicle Repair Industry Board as a public member. Your Committee notes that Ms. Weite is employed in the insurance industry as a technical specialist handling litigation claims. Ms. Weite has leadership experience by virtue of her service on various boards, including boards for Prevent Child Abuse Hawaii and the Keiki Injury Prevention Coalition. Ms. Weite previously served two terms on the Governor's Highway Safety Council and has been an interim appointee to the Motor Vehicle Repair Industry Board since December 2012. Your Committee further finds that Ms. Weite has been appointed to the Motor Vehicle Repair Industry Board as a public member based on her experience, willingness to serve, and dedication to the community.

MICHAEL TETSUTANI

Your Committee received testimony in support of the nomination of Michael Tetsutani from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Tetsutani's knowledge, experience, and desire to contribute to the community qualify him for appointment to the Motor Vehicle Repair Industry Board as an industry member. Your Committee notes that Mr. Tetsutani has been in the automotive industry for over thirty years and currently serves as the Service and Parts Director for a franchise dealer in Honolulu. Mr. Tetsutani has been an interim appointee of the Motor Vehicle Repair Industry Board since July 2012, and his knowledge of the automotive industry continues to enhance the effectiveness of the Board. Your Committee further finds that Mr. Tetsutani is committed to giving back to his community and has been appointed to the Motor Vehicle Repair Industry Board as an industry member based on his knowledge, experience, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 834 Commerce and Consumer Protection on Gov. Msg. No. 520**

Recommending that the Senate advise and consent to the nomination of the following:

PEST CONTROL BOARD

G.M. No. 520 RODNEY ONO, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rodney Ono to possess the requisite qualifications to be nominated to the Pest Control Board.

Your Committee received testimony in support of the nomination of Rodney Ono from the Department of Commerce and Consumer Affairs, Hawaii Pest Control Association, and Accu-Pest & Termite Control Services.

Upon review of the testimony, your Committee finds that Mr. Ono's extensive background in the pest control industry, commitment to public service, and prior leadership experience qualify him for appointment to the Pest Control Board. Your Committee notes that Mr. Ono is an entomologist and the owner of Hilo Termite & Pest Control, Ltd., with over three decades of experience in the pest control industry. Your Committee further finds that Mr. Ono has been an active member of the Hawaii Pest Control Association for many years, including serving as past President. Mr. Ono was appointed as an interim industry member to the Pest Control Board in July 2012 and actively participates in Board discussions. Mr. Ono has a thorough understanding of the role and responsibilities of board members and has been appointed to the Pest Control Board based on his educational background, professional experience, and commitment to serving the community on matters relating to pest control.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 835 Commerce and Consumer Protection on Gov. Msg. No. 521**

Recommending that the Senate advise and consent to the nomination of the following:

REAL ESTATE COMMISSION

G.M. No. 521 SCOTT ARAKAKI, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Scott Arakaki to possess the requisite qualifications to be nominated to the Real Estate Commission.

Your Committee received testimony in support of the nomination of Scott Arakaki from the Real Estate Commission of the Department of Commerce and Consumer Affairs, JCI Hawaii Filipino Junior Chamber, and twenty-one individuals.

Upon review of the testimony, your Committee finds that Mr. Arakaki's background, experience, and commitment to public service qualify him for appointment to the Real Estate Commission as a City and County of Honolulu public member. Your Committee notes that Mr. Arakaki is a licensed attorney with over seventeen years of legal experience, and his practice primarily includes real estate litigation and some real estate transactional matters. Mr. Arakaki has also been a certified continuing education real estate instructor for a number of years, which has permitted him to educate hundreds of licensed real estate brokers and real estate salespersons about the legal intricacies of the real estate profession. Mr. Arakaki has demonstrated his leadership abilities through his membership in various organizations, including the JCI Filipino Junior Chamber and Filipino Community Center, and as an interim member of the Real Estate Commission. Your Committee further finds that Mr. Arakaki has been appointed to the Real Estate Commission based on his extensive professional background, proven leadership experience, and dedication to protecting the State's real estate licensees and consumers.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 836 Commerce and Consumer Protection on Gov. Msg. No. 598**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF ACUPUNCTURE

G.M. No. 598 JAYNE TSUCHIYAMA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jayne Tsuchiyama to possess the requisite qualifications to be nominated to the Board of Acupuncture.

Your Committee received testimony in support of the nomination of Jayne Tsuchiyama from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Ms. Tsuchiyama's experience as a licensed acupuncturist, background, and commitment to public service qualify her for reappointment to the Board of Acupuncture as a licensee member. Your Committee notes that Ms. Tsuchiyama is the first acupuncturist to work in The Queen's Cancer Center, a multidisciplinary treatment and research center, and was the first acupuncturist in Hawaii to receive a grant to provide acupuncture to low-income and unemployed breast cancer patients. Your Committee further finds that Ms. Tsuchiyama is interested in protecting the integrity of her profession by ensuring acupuncturists meet high standards of ethical and professional conduct and recommends that Ms. Tsuchiyama be reappointed to the Board of Acupuncture based on her knowledge, experience, and dedication to advancing the profession of acupuncture and protecting the interests of acupuncture patients and consumers in the State.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 837 Commerce and Consumer Protection on Gov. Msg. No. 599**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAI'I HURRICANE RELIEF FUND

G.M. No. 599 ELVIRA LO, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Elvira Lo to possess the requisite qualifications to be nominated to the Board of Directors of the Hawai'i Hurricane Relief Fund.

Your Committee received testimony in support of the nomination of Elvira Lo from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Ms. Lo's extensive business experience, commitment to the community, and proven leadership experience qualify her for appointment to the Board of Directors of the Hawai'i Hurricane Relief Fund. Your Committee notes that Ms. Lo has distinguished herself as a business leader and has founded and managed several successful retail and real estate businesses. Ms. Lo was the recipient of the Governor's Exporter of the Year Award by the State of Hawaii in 2000 and the recipient of the Hawaii Small Business Exporter of the Year by the United States Small Business Administration in 2001. Your Committee further finds that Ms. Lo has served on a variety of professional and cultural organizations, including the Hong Kong Business Association of Hawaii, Chinese Chamber of Commerce of Hawaii, and Hawaii Food Manufacturers Association. Ms. Lo has a thorough understanding of the role and responsibility of board members and has been appointed to the Board of Directors of the Hawai'i Hurricane Relief Fund based on her knowledge, experience, and leadership abilities.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 838 Commerce and Consumer Protection on Gov. Msg. No. 602**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 602 KERRI OKAMURA, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Kerri Okamura to possess the requisite qualifications to be nominated to the Board of Pharmacy.

Your Committee received testimony in support of the nomination of Kerri Okamura from the Department of Commerce and Consumer Affairs, KTA Super Stores, and eighteen individuals.

Upon review of the testimony, your Committee finds that Ms. Okamura's professional experience, commitment to community service, and proven leadership qualify her for appointment to the Board of Pharmacy as a licensee member representing Hawaii County. Your Committee notes that Ms. Okamura currently serves as the Director of Pharmacy Operations and Privacy Officer for KTA Super Stores, with responsibility for all KTA pharmacy operations and ensuring compliance with all federal and state privacy laws. Ms. Okamura has been actively involved in her professional field and her community through various activities including past President for the Hawaii Pharmacist Association, Preceptor for the University of Hawaii at Hilo College of Pharmacy, the University of Hawaii at Hilo College of Pharmacy Dean's Advisory Council, and E. B. DeSilva Elementary School PTA. Ms. Okamura has also been recognized in her profession with awards such as the 2008 University of Hawaii at Hilo College of Pharmacy's Preceptor of the Year award and the 2009 Hawaii Pharmacist Association Pharmacist of the Year award. Your Committee further finds that Ms. Okamura has a thorough understanding of the role and responsibilities of board members and has been appointed to the Board of Pharmacy based on her extensive experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 839 Commerce and Consumer Protection on Gov. Msg. No. 603**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHYSICAL THERAPY

G.M. No. 603 ELIZABETH MCCREARY, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Elizabeth McCreary to possess the requisite qualifications to be nominated to the Board of Physical Therapy.

Your Committee received testimony in support of the nomination of Elizabeth McCreary from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Ms. McCreary's background and desire to serve the community qualify her to serve as a public member of the Board of Physical Therapy. Your Committee notes that physical therapy has always been a major part of Ms. McCreary's life, as her parents were physical therapy pioneers. Your Committee further finds that Ms. McCreary is the co-author of the classic physical therapy textbook, "Muscles: Testing and Function, with Posture and Pain", which will enable her to contribute a valuable perspective to the Board. Ms. McCreary has experience serving on boards of other non-profits and recently assisted the Brain Injury Association of Hawaii in a pilot program for individuals with brain injuries. Ms. McCreary's familiarity with physical therapy, her background, and her commitment to maintaining and improving standards of care in physical therapy fully qualify her to advocate for the public interest as a public member of the Board of Physical Therapy.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 840 Commerce and Consumer Protection on Gov. Msg. Nos. 607 and 608**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF VETERINARY EXAMINERS

G.M. No. 607 WENDY MAH, for a term to expire 6-30-2017; and

G.M. No. 608 MICHAEL WOLTMON, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Wendy Mah and Michael Woltmon to possess the requisite qualifications to be nominated to the Board of Veterinary Examiners.

Your Committee received testimony in support of the nomination of Wendy Mah from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Ms. Mah's background and prior experience as a Board member qualify her for reappointment as a public member to the Board of Veterinary Examiners. Your Committee notes that Ms. Mah has many years of experience as an animal behaviorist. Ms. Mah has served on the Board of Veterinary Examiners since 2009 and has been a diligent and contributing member who actively participates in Board meeting discussions. Your Committee further finds that Ms. Mah's professional background and her background as a pet owner provide the Board of Veterinary Examiners with a balanced perspective as a consumer who uses the services of a veterinarian. Ms. Mah understands the roles and responsibilities of Board members and is being reappointed to the Board of Veterinary Examiners based on her background, experience, and commitment to representing other consumers of veterinary medicine.

Your Committee received testimony in support of the nomination of Michael Woltmon from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Woltmon's experience as a licensed veterinarian, commitment to public service, and prior experience as a Board member qualify him for reappointment to the Board of Veterinary Examiners. Your Committee notes that Dr. Woltmon has been a licensed veterinarian on the island of Kauai for over thirty years. Dr. Woltmon has worked in the veterinary profession for over four decades and has a comprehensive understanding of the profession and how it has changed in Hawaii and the rest of the country over time. Your Committee further finds that Dr. Woltmon is committed to public service and has served on the Hawaii Veterinary Medical Association Executive Board, Kauai Chamber of Commerce Executive Board, and as a high school athletics coach. Dr. Woltmon has been a licensee Board member from Kauai since 2011 and is being reappointed to the Board of Veterinary Examiners based on his knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 841 Commerce and Consumer Protection on Gov. Msg. No. 609**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII MEDICAL BOARD

G.M. No. 609 NIRAJ DESAI, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Niraj Desai to possess the requisite qualifications to be nominated to the Hawaii Medical Board.

Your Committee received testimony in support of the nomination of Niraj Desai from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Desai's experience as a physician, desire to contribute to the community, and proven leadership on the Hawaii Medical Board qualify him for reappointment to the Hawaii Medical Board. Your Committee notes that Dr. Desai is a kidney specialist in solo practice and has been licensed in Hawaii since 2000. Dr. Desai is the President of the Kauai County Medical Society, serves on the Credentials Committee of Wilcox Memorial Hospital, and has been a member of the Hawaii Medical Board since July 2009. Dr. Desai was previously the Associate Fellowship Director for the University of Chicago Section of Nephrology, and his extensive background and many years of experience as a practitioner continue to enhance the effectiveness of the Hawaii Medical Board. Your Committee further finds that Dr. Desai is committed to ensuring that standards of care in the medical field remain appropriate in an era of increasing specialization and complexity and recommends that Dr. Desai be reappointed to the Hawaii Medical Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 842 Commerce and Consumer Protection on Gov. Msg. No. 613**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF CHIROPRACTIC EXAMINERS

G.M. No. 613 KATHLEEN KANG-KAULUPALI, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Kathleen Kang-Kaulupali to possess the requisite qualifications to be nominated to the State Board of Chiropractic Examiners.

Your Committee received testimony in support of the nomination of Kathleen Kang-Kaulupali from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Dr. Kang-Kaulupali's background, experience, and desire to serve the community qualify her for reappointment to the State Board of Chiropractic Examiners as a public member. Your Committee notes that Dr. Kang-Kaulupali is a licensed pharmacist and is the Coordinator for the Hawaii Medicaid Drug Utilization Review Panel of the Department of Human Services, Med-QUEST Division. Dr. Kang-Kaulupali actively participates in the American Pharmacists Association and the Hawaii Pharmacists Association and has served on the State Board of Chiropractic Examiners since May 2011, where her background as a health care practitioner and experience with national and state boards continue to enhance the effectiveness of the Board. Dr. Kang-Kaulupali understands the role and responsibilities of the State Board of Chiropractic Examiners and has been reappointed to the State Board of Chiropractic Examiners based on her knowledge, experience, and continuing commitment to the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 843 Commerce and Consumer Protection on Gov. Msg. No. 511**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF MASSAGE THERAPY

G.M. No. 511 GEORGE DAVIS, JR., for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds George Davis, Jr., to possess the requisite qualifications to be nominated to the Board of Massage Therapy.

Your Committee received testimony in support of the nomination of George Davis, Jr., from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Davis's experience, background as a massage therapist, and commitment to public service qualify him for appointment to the Board of Massage Therapy. Your Committee notes that Mr. Davis has been licensed as a massage therapist in Hawaii since 1996. Mr. Davis has served as an interim member of the Board of Massage Therapy since July 2012, has attended every scheduled board meeting since his interim appointment, and actively participates in board discussions. Mr. Davis has a thorough understanding of the role and responsibilities of board members and is committed to maintaining the high professional standards of the massage therapy profession. Your Committee further finds that Mr. Davis has been appointed to the Board of Massage Therapy based on his knowledge, experience, and dedication to the public and the profession of massage therapy.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 844 Commerce and Consumer Protection on Gov. Msg. Nos. 600 and 601**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 600 RANDAL HIRAKI, for a term to expire 6-30-2017; and

G.M. No. 601 RANDALL KAYA, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Randal Hiraki and Randall Kaya to possess the requisite qualifications to be nominated to the Board of Electricians and Plumbers.

RANDAL HIRAKI

Your Committee received testimony in support of the nomination of Randal Hiraki from the Department of Commerce and Consumer Affairs; Plumbing and Mechanical Contractors Association of Hawaii; Plumbers and Fitters Union, Local 675; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Hiraki's knowledge, experience, and commitment to the community qualify him for appointment to the Board of Electricians and Plumbers as a licensee member. Your Committee notes that Mr. Hiraki has been in the plumbing industry for over three decades and has been a licensed plumber in Hawaii since 1979. Mr. Hiraki is the President of Commercial Plumbing, Inc., a company he established as a two-person operation in 1985; the company has since grown into the largest plumbing contractor in the State with over one hundred thirty employees. Mr. Hiraki and his company show continuing dedication to the community through participating in various charitable events, including the Great Aloha Run; Friends of Hawaii Charities, Inc.; and company sponsorship of the annual JDRF Walk to Cure Diabetes. Your Committee further finds that Mr. Hiraki has a thorough understanding of the role and responsibilities of board members and has been appointed to the Board of Electricians and Plumbers as a licensee member based on his background, professional experience, and dedication to public service.

RANDALL KAYA

Your Committee received testimony in support of the nomination of Randall Kaya from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Kaya's background, dedication to serving the public, and experience on the Board of Electricians and Plumbers qualify him for reappointment to the Board of Electricians and Plumbers as a public member. Your Committee notes that Mr. Kaya is a Certified Investment Management Analyst with a background in investments and consulting. Mr. Kaya has served on the Board of Electricians and Plumbers since July 2010, and his insight from the public's perspective has been invaluable to the deliberations of the Board. Mr. Kaya is familiar with board procedures and protocol by virtue of his prior experience serving on the Board of Accountancy and his current service on the Board of Electricians and Plumbers. Your Committee further finds that Mr. Kaya has a thorough understanding of the role and responsibilities of board members and has been reappointed to the Board of Electricians and Plumbers as a public member based on his experience and commitment to serving the community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 845 Commerce and Consumer Protection on Gov. Msg. Nos. 515 and 516**

Recommending that the Senate advise and consent to the nominations of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 515 NATHAN KONISHI, for a term to expire 6-30-2013; and

G.M. No. 516 NATHAN KONISHI, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Nathan Konishi to possess the requisite qualifications to be nominated to the Contractors License Board.

Your Committee received testimony in support of the nomination of Nathan Konishi from the Department of Commerce and Consumer Affairs, General Contractors Association of Hawaii, Contractors Association of Kaua'i, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Konishi's professional experience, background, and commitment to public service qualify him for appointment and reappointment to the Contractors License Board as an industry member representing Kauai. Your Committee notes that Mr. Konishi has been in the construction industry for almost three decades and has been licensed in the State since 1995. Mr. Konishi holds the general building, masonry, and painting license classifications and is the founder and responsible managing employee of Pacific Blue Construction, LLC, on Kauai, which specializes in commercial building jobs with federal, state, and county public works bids. Mr. Konishi has served as an interim industry member on the Contractors License Board since January 2013 and has a thorough understanding of the role and responsibilities of board members. Your Committee further finds that Mr. Konishi has been appointed and reappointed to the Contractors License Board as an industry member based on his experience, knowledge of the profession, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 846 Commerce and Consumer Protection on Gov. Msg. Nos. 514 and 606**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 514 JUNE UYEHARA-ISONO, for a term to expire 6-30-2015; and

G.M. No. 606 SHARI GOO-YOSHINO, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds June Uyehara-Isono and Shari Goo-Yoshino to possess the requisite qualifications to be nominated to the Board of Speech Pathology and Audiology.

JUNE UYEHARA-ISONO

Your Committee received testimony in support of the nomination of June Uyehara-Isono from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Uyehara-Isono's knowledge, experience as an audiologist, and prior leadership experience on state boards qualify her for appointment to the Board of Speech Pathology and Audiology as a licensee member. Your Committee notes that Dr. Uyehara-Isono has been a licensed audiologist in private practice for over three decades and has clinical service locations in Honolulu, Hilo, and Kailua-Kona. Dr. Uyehara-Isono is familiar with board procedures and protocol by virtue of her prior experience as a licensee member on the former Board of Hearing Aid Dealers and Fitters and as a public member on the Board of Electricians and Plumbers. Your Committee further finds that Dr. Uyehara-Isono has a thorough understanding of the role and responsibilities of board members and recommends her appointment to the Board of Speech Pathology and Audiology based on her background, experience, and dedication to public service.

SHARI GOO-YOSHINO

Your Committee received testimony in support of the nomination of Shari Goo-Yoshino from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Ms. Goo-Yoshino's knowledge, background, and experience on the Board of Speech Pathology and Audiology qualify her for reappointment to the Board of Speech Pathology and Audiology. Your Committee notes that Ms. Goo-Yoshino has been a licensed and practicing speech pathologist for over twenty years and currently serves as a Speech-Language Pathologist at Tripler Army Medical Center and a speech pathology instructor at the University of Hawaii. Ms. Goo-Yoshino has served on the Board of Speech Pathology and Audiology since October 2010 and is the current Vice Chairperson. Your Committee further finds that Ms. Goo-Yoshino's administrative, clinical, and teaching experience in the field of speech pathology continue to enhance the effectiveness of the Board of Speech Pathology and Audiology and recommends her reappointment to the Board of Speech Pathology and Audiology based on her background, experience, and proven leadership ability.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 847 Commerce and Consumer Protection on Gov. Msg. No. 611**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF BARBERING AND COSMETOLOGY

G.M. No. 611 ALEXANDER CHOI, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Alexander Choi to possess the requisite qualifications to be nominated to the State Board of Barbering and Cosmetology.

Your Committee received testimony in support of the nomination of Alexander Choi from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Choi's background, experience, and desire to serve the community qualify him for reappointment to the Board of Barbering and Cosmetology as a public member. Your Committee notes that Mr. Choi is the owner of Salon Bobbi and Guy, a full-service beauty salon with multiple locations on Oahu, and the owner of a wholesale beauty supply distributorship. Mr. Choi has served on the Board of Barbering and Cosmetology since July 2011, and his working knowledge of the beauty industry has enabled him to contribute a valuable perspective to the Board. Your Committee further finds that Mr. Choi is fully qualified to advocate for the public interest as a public member of the Board of Barbering and Cosmetology and recommends Mr. Choi's reappointment to the Board of Barbering and Cosmetology based on his background and continuing commitment to advocate for public consumers of barbering and cosmetology services.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 848 Commerce and Consumer Protection on Gov. Msg. Nos. 507, 508, and 509**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 507 RODNEY CHING, for a term to expire 6-30-2015;

G.M. No. 508 STAPHE FUJIMOTO, for a term to expire 6-30-2013; and

G.M. No. 509 STAPHE FUJIMOTO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Rodney Ching and Staphe Fujimoto to possess the requisite qualifications to be nominated to the Board of Dental Examiners.

RODNEY CHING

Your Committee received testimony in support of the nomination of Rodney Ching from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Mr. Ching's background, experience, and dedication to public service qualify him for appointment to the Board of Dental Examiners as a public member. Your Committee notes that Mr. Ching has been a practicing attorney for three decades. Mr. Ching has been in private practice since 1987 and has a wide variety of previous work experience, including beginning his legal career with the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs and serving as a per diem Family Court Judge. Mr. Ching has also chaired numerous Medical Claim Conciliation Panels and has acted as a mediator and arbitrator in various cases. Your Committee further finds that Mr. Ching has a thorough understanding of the role and responsibilities of board members and has been appointed to the Board of Dental Examiners as a public member based on his knowledge, professional experience, and commitment to serving the best interests of dental consumers and the public.

STAPHE FUJIMOTO

Your Committee received testimony in support of the nomination of Staphe Fujimoto from the Department of Commerce and Consumer Affairs and Hawaii Dental Association.

Upon review of the testimony, your Committee finds that Dr. Fujimoto's professional experience, background, and commitment to public service qualify him for appointment and reappointment to the Board of Dental Examiners as a dentist member. Your Committee notes that Dr. Fujimoto has been a licensed practicing dentist in Hawaii since 1985. Dr. Fujimoto is a member in good standing of the American Dental Association, Hawaii Dental Association, and Honolulu County Dental Association and has served as a Trustee and Secretary of the Hawaii Dental Association Board of Trustees. Dr. Fujimoto is also active in his community and is a member of the Mililani Sunrise Rotary Club. Dr. Fujimoto is currently serving on the Board of Dental Examiners as an interim member and has a thorough understanding of the role and responsibilities of board members. Your Committee further finds that Dr. Fujimoto has been appointed and reappointed to the Board of Dental Examiners as a dentist member based on his experience, knowledge of the profession, and desire to contribute to the community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 849 Commerce and Consumer Protection on Gov. Msg. Nos. 513, 604, 605, and 676**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 513 JOEL KUROKAWA, for a term to expire 6-30-2016;

G.M. No. 604 DAN HIROTA, for a term to expire 6-30-2016;

G.M. No. 605 ROBERTO YUMOL, for a term to expire 6-30-2015; and

G.M. No. 676 KEVIN KATAYAMA, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Joel Kurokawa, Dan Hirota, Roberto Yumol, and Kevin Katayama to possess the requisite qualifications to be nominated to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

JOEL KUROKAWA

Your Committee received testimony in support of the nomination of Joel Kurokawa from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Kurokawa's professional background, experience, and dedication to serving the public qualify him for appointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a landscape architect member. Your Committee notes that Mr. Kurokawa has more than twenty-five years of experience in the field of landscape architecture and practiced in California and Japan before returning to Hawaii in 1995. Mr. Kurokawa is the current principal and owner of his design firm, and he strives to integrate sustainable design strategies in his work that are adapted to Hawaii's unique setting. Mr. Kurokawa is familiar with board procedures and protocol by virtue of his prior experience serving on the Executive Committee of the Hawaii Chapter of the American Society of Landscape Architects, board of The Outdoor Circle, board of Smart Trees Pacific, and as an interim member of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects, where he has served since December 2012. Your Committee further finds that Mr. Kurokawa has been appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge, professional experience, and commitment to public service.

DAN HIROTA

Your Committee received testimony in support of the nomination of Dan Hirota from the Department of Commerce and Consumer Affairs and six individuals.

Upon review of the testimony, your Committee finds that Mr. Hirota's professional background, desire to contribute to the community, and prior experience on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a land surveyor member. Your Committee notes that Mr. Hirota has more than sixteen years of work experience as a land surveyor and engineer in Hawaii, and is the third generation of his family to practice his profession in the State. Mr. Hirota has held several board positions, including past President, in the Hawaii Land Surveyors Association and has served on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since July 2008. Mr. Hirota was also the primary representative of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects who worked with the Hawaii Land Surveyor Association, the Regulated Industries Complaints Office, and the Office of the Attorney General to finalize the definition of "land surveying" in a measure that was eventually enacted as Act 79, Session Laws of Hawaii 2012. Your Committee further finds that Mr. Hirota has been reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge, experience, and commitment to public service.

ROBERTO YUMOL

Your Committee received testimony in support of the nomination of Roberto Yumol from the Department of Commerce and Consumer Affairs and six individuals.

Upon review of the testimony, your Committee finds that Mr. Yumol's professional background, commitment to serving the public, and prior experience on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as an architect member. Your Committee notes that Mr. Yumol has over thirty-five years of experience in the field of architecture, has been licensed in Hawaii for over twenty-five years, and has worked in all aspects of the discipline, including mentoring. Mr. Yumol has managed numerous significant architectural projects throughout the State and has been an active member of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since July 2007, where he has volunteered to serve on committees and has represented the Board at most regional and national meetings. Mr. Yumol is also an active participant of the National Council of Architectural Registration Board. Your Committee further finds that Mr. Yumol's expertise remains a valuable asset to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects, and recommends that Mr. Yumol be reappointed based on his knowledge, experience, and desire to contribute to the community.

KEVIN KATAYAMA

Your Committee received testimony in support of the nomination of Kevin Katayama from the Department of Commerce and Consumer Affairs, Coalition of Hawaii Engineering and Architectural Professionals, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Katayama's professional background, experience, and dedication to public service qualify him for appointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a mechanical engineer member. Your Committee notes that Mr. Katayama has twenty-five years of engineering experience and has been the President and principal-in-charge of his consulting mechanical engineering firm for fifteen years. Mr. Katayama is familiar with board procedures and protocol by virtue of his prior experience serving on the City and County of Honolulu Building Board of Appeals and his current experience as a board member for the Bobby Benson Center. Mr. Katayama is also affiliated with the American Society of Heating, Refrigeration, and Air Conditioning Engineers, National Fire Protection Association, Consulting Engineering Council of Hawaii, and the U.S. Green Building Council as a LEED Accredited Professional. Your Committee further finds that Mr. Katayama has a thorough understanding of the role and responsibilities of board members and has been appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge, experience, and desire to contribute to the community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 850 Commerce and Consumer Protection on Gov. Msg. Nos. 517 and 610**

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 517 WILLIAM VAN DEN HURK, for a term to expire 6-30-2016; and

G.M. No. 610 DONALD TOUCHI, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds William van den Hurk and Donald Touchi to possess the requisite qualifications to be nominated to the Motor Vehicle Industry Licensing Board.

WILLIAM VAN DEN HURK

Your Committee received testimony in support of the nomination of William van den Hurk from the Department of Commerce and Consumer Affairs and the Hawaii Automobile Dealers Association.

Upon review of the testimony, your Committee finds that Mr. van den Hurk's knowledge, experience, and desire to contribute to the community qualify him for appointment to the Motor Vehicle Industry Licensing Board as an industry member. Your Committee notes that Mr. van den Hurk is the dealer principal of several franchised motor vehicle dealerships in Hawaii and has been in the automotive industry for over four decades. Mr. van den Hurk is active within his industry and the community and has previously served on several national factory dealer councils. He currently serves on the Board of Directors of the Hawaii Automobile Dealer Association, as an interim appointee to the Motor Vehicle Industry Licensing Board, and has been a long time supporter of the Friends for Life animal shelter in Waianae. Your Committee further finds that Mr. van den Hurk understands the role and responsibilities of board members and has been appointed to the Motor Vehicle Industry Licensing Board based on his extensive knowledge, experience, and commitment to focusing on the automobile consumer.

DONALD TOUCHI

Your Committee received testimony in support of the nomination of Donald Touchi from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Touchi's background, experience, and desire to serve the community qualify him for reappointment to the Motor Vehicle Industry Licensing Board as a public member. Your Committee finds that Mr. Touchi has served on the Motor Vehicle Industry Licensing Board since August 2007 and has attended all thirty-five board meetings since his appointment. Mr. Touchi has a strong investor background, has owned and operated an insurance agency, and has served on various boards and commissions in the State. Mr. Touchi's understanding of the role and responsibility of board members, desire to protect consumers and their rights, and ability to encourage thoughtful discussions among fellow board members enhance the effectiveness of the Motor Vehicle Industry Licensing Board. Your Committee further finds that Mr. Touchi has been reappointed to the Motor Vehicle Industry Licensing Board based on his knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 851 Energy and Environment on Gov. Msg. Nos. 533 and 534**

Recommending that the Senate advise and consent to the nominations of the following:

KAUA'I AQUATIC LIFE AND WILDLIFE ADVISORY COMMITTEE

G.M. No. 533 DENNIS EGUCHI, for a term to expire 6-30-2016; and

G.M. No. 534 KENT YAMAUCHI, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Dennis Eguchi and Kent Yamauchi to possess the requisite qualifications to be nominated to the Kaua'i Aquatic Life and Wildlife Advisory Committee.

DENNIS EGUCHI

Your Committee received testimony in support of the nomination of Dennis Eguchi from the Department of Land and Natural Resources and one individual.

Upon review of the testimony, your Committee finds that Mr. Eguchi's professional background, effective past service on the Committee, and dedication to serving the public qualify him for appointment to the Kaua'i Aquatic Life and Wildlife Advisory Committee. Mr. Eguchi has served one term on the Committee and has demonstrated an exemplary commitment to the diligent execution of his duties on the Committee. Mr. Eguchi is an avid lifelong fisherman and hunter with a deep appreciation for Hawaii's natural bounty of aquatic and land wildlife, including an understanding of the need for responsible taking and conservation of wildlife. Mr. Eguchi is familiar with board procedures and protocol by virtue of his prior service on the Committee and his experience on the Western Pacific Management Council, where he served as an advisor to Saipan from 1974 to 1982. Your Committee further finds that Mr. Eguchi has been reappointed to the Kaua'i Aquatic Life and Wildlife Advisory Committee based on his knowledge, experience, and commitment to public service.

KENT YAMAUCHI

Your Committee received testimony in support of the nomination of Kent Yamauchi from the Department of Land and Natural Resources and two individuals.

Upon review of the testimony, your Committee finds that Mr. Yamauchi's professional background, effective past service on the Committee, and dedication to the public qualify him for appointment to the Kaua'i Aquatic Life and Wildlife Advisory Committee. Mr. Yamauchi has served one term on the Committee and has demonstrated an extraordinary dedication to the fulfillment of his responsibilities on the Committee. Mr. Yamauchi is a lifelong resident of Kauai and is an avid outdoorsman dedicated to preserving Kauai's natural resources for future generations. Mr. Yamauchi has demonstrated excellent leadership during his twenty-year career as a member of the Hawaii Air National Guard and at his current position as a Range Control Officer at the Pacific Missile Range Facility. Mr. Yamauchi holds several leadership positions in private organizations in the community and has demonstrated a considerable commitment to public service. Your Committee further finds that Mr. Yamauchi has been reappointed to the Kaua'i Aquatic Life and Wildlife Advisory Committee based on his knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Energy and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 852 Energy and Environment on Gov. Msg. No. 622**

Recommending that the Senate advise and consent to the nomination of the following:

ENVIRONMENTAL COUNCIL

G.M. No. 622 PAUL CHANG, for a term to expire 6-30-2014

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Paul Chang to possess the requisite qualifications to be nominated to the Environmental Council.

Your Committee received testimony in support of the nomination of Mr. Chang from the Office of Environmental Quality Control, Hawaii Regional Council of Carpenters, Pacific Resource Partnership, General Contractors Association of Hawaii, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Chang's professional background, experience, and dedication to serving the public qualify him for appointment to the Environmental Council. Your Committee notes that Mr. Chang has forty years of experience as a carpenter in the field and as a foreman. Mr. Chang has also served for over ten years as a service representative for the Hawaii Carpenters Union. Mr. Chang is familiar with board procedures and protocol by virtue of his prior experience serving as a member of the Joint Apprenticeship Training Committee, the Board of Directors of Hawaii Dental Services, and as a member of the Advisory Board for the Hawaii Occupational Safety and Health Division of the Department of Labor and Industrial Relations. Mr. Chang has demonstrated significant dedication to public service, as evidenced by his decades of service to community organizations. Your Committee further finds that Mr. Chang has been appointed to the Environmental Council based on his knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 853 Energy and Environment on S.C.R. No. 28**

The purpose and intent of this measure is to request the Consumer Advocate to establish a work group to evaluate the factors impacting renewable distributed generation by photovoltaic systems in the State and to develop recommendations and proposed legislation that would streamline the interconnection process for homeowners and determine the feasibility of safely raising the distributed generation threshold percentage.

Your Committee received testimony in support of this measure from Hawaii Solar Energy Association and one individual. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs, Division of Consumer Advocacy; Earthjustice; and PV Coalition. Your Committee received comments on this measure from the Public Utilities Commission; Department of Business, Economic Development, and Tourism; and Hawaiian Electric Company, Inc.

Your Committee finds the focus of this measure, as originally drafted, would unnecessarily overlap with the purview of the Public Utilities Commission and Reliability Standards Working Group, whose work is already well underway and moving toward completion.

Your Committee has amended this measure by:

- (1) Removing language directing the work group to perform tasks and inquiries duplicative of those under the purview of the Reliability Standards Working Group;
- (2) Adding findings regarding the Reliability Standards Working Group;
- (3) Adding language directing the Public Utilities Commission to report on the progress made by the Public Utilities Commission and the electric utilities in implementing the recommendations of the Reliability Standards Working Group;

- (4) Changing its title to more appropriately identify its purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 28, as amended herein, and recommends that it be referred to the Committee on Commerce and Consumer Protection, in the form attached hereto as S.C.R. No. 28, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 854 Energy and Environment on Gov. Msg. No. 532**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE NATURAL ENERGY LABORATORY OF HAWAI'I AUTHORITY

G.M. No. 532 HARVARD KIM, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Harvard Kim to possess the requisite qualifications to be nominated to the Board of Directors of the Natural Energy Laboratory of Hawai'i Authority.

Your Committee received testimony in support of the nomination of Harvard Kim from the National Energy Laboratory of Hawai'i Authority; Department of Business, Economic Development, and Tourism; Pelatron, Inc.; and four individuals.

Upon review of the testimony, your Committee finds that Mr. Kim's professional background, experience, and dedication to serving the public qualify him for appointment to the Board of Directors of the Natural Energy Laboratory of Hawai'i Authority. Your Committee notes that Mr. Kim has more than twenty-five years of experience in the fields of information systems, business administration, budget and finance planning, and electronics. Mr. Kim is the current President and Chief Operating Officer of Pelatron, Inc., a high tech military contracting firm focused on developing on-the-move command and control systems. Mr. Kim is familiar with board procedures and protocol by virtue of his prior experience serving as a Director for the Pacific LED and Energy Corporation, the Board of the Pacific Center for Economic Development, the Board of the Native Hawaiian Education Council, and the Board of the Kamehameha Federal Credit Union. Mr. Kim is a combat-disabled veteran of the Vietnam War and has shown tremendous dedication to public service. Your Committee further finds that Mr. Kim has been appointed to the Board of Directors of the Natural Energy Laboratory of Hawai'i Authority based on his knowledge, professional experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Energy and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 855 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 652, 653, 654, 655, 656, and 657**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I AEROSPACE ADVISORY COMMITTEE

G.M. No. 652 MICHAEL MABERRY, for a term to expire 6-30-2015;

G.M. No. 653 MARK MCGUFFIE, for a term to expire 6-30-2015;

G.M. No. 654 PETER MOUGINIS-MARK, for a term to expire 6-30-2015;

G.M. No. 655 ELLIOT PULHAM, for a term to expire 6-30-2015;

G.M. No. 656 PETER QUIGLEY, for a term to expire 6-30-2015; and

G.M. No. 657 DONALD STRANEY, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Michael Maberry, Mark McGuffie, Peter Mouginis-Mark, Elliot Pulham, Peter Quigley, and Donald Straney to possess the requisite qualifications to be nominated to the Hawaii Aerospace Advisory Committee.

MICHAEL MABERRY

Your Committee received testimony in support of the nomination of Michael Maberry from the Department of Business, Economic Development, and Tourism.

Mr. Maberry received an Associate of Science degree from Eastfield College.

As the current Assistant Director for External Affairs at the University of Hawaii Institute for Astronomy, Mr. Maberry plays a critical role in communicating the activities of the Institute to the public at large, including federally and internationally funded space research programs.

Mr. Maberry is instrumental in promoting astronomy education in local communities statewide, as well as the development and management of the world-class observatories on Haleakala and Mauna Kea. He also serves on the Maui Economic Development Board and volunteers with the Division of Conservation Resources Enforcement of the Department of Land and Natural Resources.

Mr. Maberry expressed to your Committee that he would like to continue serving as a member of the Hawaii Aerospace Advisory Committee by using his twenty-nine years of experience in the fields of astronomy and space surveillance to support the Committee's efforts. He would like to work toward the expansion and growth of Hawaii's economy through clean, high-tech sustainable aerospace related endeavors.

Your Committee finds that Mr. Maberry has the professional skills and expertise to assist the Hawaii Aerospace Advisory Committee in promoting opportunities to expand and diversify aerospace development and aerospace related opportunities in Hawaii.

#### MARK MCGUFFIE

Your Committee received testimony in support of the nomination of Mark McGuffie from the Department of Business, Economic Development, and Tourism.

Mr. McGuffie currently serves as the Managing Director of Enterprise Honolulu. As the Managing Director, Mr. McGuffie oversees a broad range of community-based initiatives related to clean and local energy generation, redevelopment of agriculture and food security, promotion of higher educational institutions, and diversified technology industries.

Mr. McGuffie is currently an interim appointee to the Hawaii Aerospace Advisory Committee. He also serves on the Boards of the Hawaii Science and Technology Institute and Economic Development Alliance Hawaii.

Mr. McGuffie expressed to your Committee that he would like to be a strong advocate for aerospace in Hawaii by forging new relationships and highlighting the important role that aerospace plays now and for the future of Hawaii.

Your Committee finds that Mr. McGuffie's background and active involvement with aerospace initiatives will help him to continue contributing his valuable perspective of aerospace related industries to the Hawaii Aerospace Advisory Committee.

#### PETER MOUGINIS-MARK

Your Committee received testimony in support of the nomination of Peter Mouginis-Mark from the Department of Business, Economic Development, and Tourism.

Mr. Mouginis-Mark received his Doctorate of Philosophy and Bachelor of Science in Environmental Sciences from Lancaster University. He received a Certificate in Education from Keele University. Mr. Mouginis-Mark is also a recipient of the Antarctic Service Medal from the National Science Foundation.

Mr. Mouginis-Mark currently serves as Director of the University of Hawaii at Manoa Sustainability Initiative, where he oversees numerous space research and educational activities. He also serves on the Hawaii Aerospace Advisory Committee as an interim appointee.

Mr. Mouginis-Mark expressed to your Committee that he would like to continue his service on the Hawaii Aerospace Advisory Committee and work toward a greater recognition for the Hawaii Space Flight Laboratory within the State.

Your Committee finds that Mr. Mouginis-Mark's professional experience, which includes thirty-six years working on National Aeronautics and Space Administration (NASA) research projects and thirty years working at the University of Hawaii, qualifies him to continue serving on the Hawaii Aerospace Advisory Committee.

#### ELLIOT PULHAM

Your Committee received testimony in support of the nomination of Elliot Pulham from the Department of Business, Economic Development, and Tourism.

Mr. Pulham studied at the University of Hawaii at Manoa and at Hilo. Mr. Pulham served in the United States Army, where he was twice decorated.

Mr. Pulham is currently the Chief Executive Officer and Member of the Board of Directors of the United States Space Foundation, dba The Space Foundation. Under his leadership, The Space Foundation has moved to the forefront of teacher training, professional development, and innovative student programs for thousands of teachers and their students around the world; trade show and conference management for the \$257,000,000,000 industry; and informing policy at the local, state, federal, and international levels.

Mr. Pulham received the rarely awarded Rotary National Award for Space Achievement Space Communicator Award for his unique and diverse contributions to the public's awareness and understanding of our nation's space programs.

Mr. Pulham expressed to your Committee that he believes that aerospace is the strongest possible avenue for creating industries that innovate, inspire, and provide the highest paying jobs for the people of Hawaii.

Your Committee finds that Mr. Pulham is recognized as one of the leading authorities on the space industry and possesses valuable skills and experience for serving on the Hawaii Aerospace Advisory Committee.

#### PETER QUIGLEY

Your Committee received testimony in support of the nomination of Peter Quigley from the Department of Business, Economic Development, and Tourism.

Mr. Quigley received a Doctorate of Philosophy from Indiana University of Pennsylvania. He received his Master of Science and Bachelor of Arts degrees in English from California State University.

Mr. Quigley currently serves as the Associate Vice President of Academic Affairs for the University of Hawaii's Community College System. In this position, Mr. Quigley is responsible for academic program planning, evaluation and assessment, course and program articulation, regional accreditation, federal higher education and workforce development issues, and collaboration with external agencies.

Mr. Quigley spent twenty-two years as the Chair of the Department of Humanities and Social Science and Dean of Academics, and Professor at Embry Riddle Aeronautical University.

Mr. Quigley expressed to your Committee that he hopes to use his knowledge base and skill set to advance and grow the presence of aerospace and aviation business, job creation, research, education, and training in Hawaii.

Your Committee finds that Mr. Quigley's commitment to the fields of aviation and aerospace make him an invaluable member of the Hawaii Aerospace Advisory Committee.

#### DONALD STRANEY

Your Committee received testimony in support of the nomination of Donald Straney from the Department of Business, Economic Development, and Tourism.

Mr. Straney received a Doctorate of Philosophy in Zoology from the University of California, Berkeley. He received his Master of Science and Bachelor of Science degrees in Zoology from Michigan State University.

Mr. Straney currently serves as the Chancellor of the University of Hawaii at Hilo. He also serves on the University of Hawaii System International Committee and Complete College America State Team.

Mr. Straney previously served as the Dean of the College of Science and Professor of Biological Sciences at California State Polytechnic University.

As an administrator and educator at various universities for over thirty years, Mr. Straney has gained experience working with scientists, government agencies, public and private organizations, business leaders, and community representatives toward the establishment and improvement of degree and outreach programs and private-public collaborations to improve higher education and research.

Your Committee finds that Mr. Straney has the skills and experience to promote aeronautical science and research throughout the State as a member of the Hawaii Aerospace Advisory Committee.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

#### **SCRep. 856 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 575, 576, 577, 578, 579, and 650**

Recommending that the Senate advise and consent to the nominations of the following:

#### BOARD OF DIRECTORS OF THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS

G.M. No. 575 GEORGE ARIYOSHI, for a term to expire 6-30-2016;

G.M. No. 576 HENK ROGERS, for a term to expire 6-30-2014;

G.M. No. 577 HOYT DAVIDSON, for a term to expire 6-30-2015;

G.M. No. 578 JAMES KERAVALA, for a term to expire 6-30-2014;

G.M. No. 579 LEWIS PEACH, JR., for a term to expire 6-30-2015; and

G.M. No. 650 GALEN HO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds George Ariyoshi, Henk Rogers, Hoyt Davidson, James Keravala, Lewis Peach, Jr., and Galen Ho to possess the requisite qualifications to be nominated to the Board of Directors of the Pacific International Space Center for Exploration Systems (PISCES).

#### GEORGE ARIYOSHI

Your Committee received testimony in support of the nomination of George Ariyoshi from the Department of Business, Economic Development, and Tourism.

For the past two decades, Mr. Ariyoshi has served as Senior Advisor to the Japan-U.S. Science, Technology and Space Applications Program, which helped develop and implement PISCES.

Mr. Ariyoshi served as the Governor of Hawaii from 1974 to 1986. In 1985, Japan honored Mr. Ariyoshi with its highest award, the Grand Cordon of the Sacred Treasure. He also received Honorary Doctorates from six universities.

Mr. Ariyoshi served as the President of the Bar Association of Hawaii. Additionally, he is the Founder and former President of the Hawaii Bar Foundation, Pacific Basin Development Council, and Center for International Commercial Dispute Resolution. Mr. Ariyoshi also worked as an Of Counsel attorney with Watanabe Ing and Komeiji LLP.

Mr. Ariyoshi indicated in his personal statement that he plans to establish PISCES as a premier international center for the development, testing, validation, and implementation of innovative technologies that will enable pioneering robotic and human missions beyond low-Earth orbit. Mr. Ariyoshi further expressed that he hopes to inspire the next generation of scientists, engineers, educators, and entrepreneurs that will lead humanity to the frontiers of space.

Your Committee finds that Mr. Ariyoshi's extensive contacts with Hawaii and international business communities, as well as his familiarity with the State's political, scientific, and educational sectors, will enable him to mobilize the resources that will be required to expand and diversify PISCES operations.

#### HENK ROGERS

Your Committee received testimony in support of the nomination of Henk Rogers from the Department of Business, Economic Development, and Tourism.

Mr. Rogers received a Computer Science degree from the University of Hawaii at Manoa.

Mr. Rogers currently serves as President and Chief Executive Officer of Blue Planet Software, an intellectual property management firm that owns and manages computer games. He is perhaps best known for bringing the video game Tetris to the United States and world market. Mr. Rogers also works as an advisor to the University of Hawaii College of Engineering.

Mr. Rogers serves as the Chairman of Avatar Reality; Blue Planet Foundation; and SEE-IT, a science and technology showcase that encourages students to pursue a science, technology, engineering, and mathematics (STEM) career. Additionally, Mr. Rogers owns Pu'u Wa'awa'a Ranch, an executive retreat that is becoming a model for sustainability and restoration of native Hawaiian flora.

Mr. Rogers expressed to your Committee that he is very passionate about space exploration and colonization. Mr. Rogers believes that bringing the space exploration business to Hawaii will create a high pay technology sector, which will strengthen the State's economy.

Your Committee finds that Mr. Rogers' background in running technology companies, as well as his contacts with the National Aeronautics and Space Administration (NASA) and other space agencies will be useful for inspiring and motivating engineers, politicians, and members of the public to participate in the PISCES program.

#### HOYT DAVIDSON

Your Committee received testimony in support of the nomination of Hoyt Davidson from the Department of Business, Economic Development, and Tourism and three individuals.

Mr. Davidson received a Master of Business Administration degree in Management/Finance and a Bachelor of Science degree in Physics from the Massachusetts Institute of Technology.

Mr. Davidson is the Founder and Managing Partner of Near Earth LLC, a company that specializes in strategic and financial consulting for corporations and institutional investors, mergers and acquisitions, and equity private placements. Prior to this position, Mr. Davidson served as the Managing Director of the Telecommunications Group for Investment Banking at Credit Suisse First Boston.

Before his more recent professional endeavors, Mr. Davidson was the Co-Founder and Managing Director for the Space Finance Group of Donaldson, Lufkin, and Jenrette. He also worked as the Senior Research Engineer for Lockheed Missiles and Space Company.

Through his work with Near Earth LLC, Mr. Davidson has advised the NASA Office of Chief Technologist on space commercialization matters. He has also supported and raised capital for several space exploration related initiatives.

Mr. Davidson is the recipient of the National Space Society's Space Finance Award for significant contributions to the space community.

Mr. Davidson expressed to your Committee that supporting and enabling space exploration has been his lifetime passion and career. He believes that the creation of a center of excellence like PISCES is a unique opportunity for entrepreneurs, companies, and space agencies from around the world to develop and test new technologies and systems on terrain that matches extra-terrestrial surfaces.

Your Committee finds that Mr. Davidson's sophisticated blend of technical and financial skills, as well as his continuing commitment to space exploration, will be important assets to the Board.

#### JAMES KERAVALA

Your Committee received testimony in support of the nomination of James Keravala from the Department of Business, Economic Development, and Tourism.

Mr. Keravala received a Master of Science degree in Level Modules Spacecraft Engineering from Surrey University. He received a Bachelor of Science degree with honors in Physics from the Birkbeck College of London University. Mr. Keravala is also a graduate of the International Space University.

Mr. Keravala is currently the Co-Founder and Chief Operating Officer of the Shackleton Energy Company and serves on the faculty of Singularity University. Mr. Keravala is the founder of StellarBrain and a delegate to IDEAS Think Tank.

Mr. Keravala's professional experience also includes serving as the Co-Founder and Chief Operating Officer of United Business Media, PLC; Chief Executive Officer Mentor of Space Awareness Services; Chief Executive Officer of the Space Project Leadership of Transplanetary Limited; Launch Services Manager of Surrey Satellite Technology Limited; and Director of Commercial Space Technologies.

Mr. Keravala indicated in his personal statement that he has a deep understanding of the opportunities open to PISCES, as well as extensive ideas about how PISCES can serve the community. Mr. Keravala stated that he has constant and extensive contact with the international space community and will continue to promote PISCES to ensure the participation of as many industrial partners as possible.

Your Committee finds that Mr. Keravala is qualified to serve on the Board due to his extensive experience with spacecraft systems, launch, operations, and international logistics.

LEWIS PEACH, JR.

Your Committee received testimony in support of the nomination of Lewis Peach, Jr., from the Department of Business, Economic Development, and Tourism.

Mr. Peach pursued his graduate studies in Aero-Astro Engineering at Stanford University. He received a Bachelor of Science degree in Engineering Science and Mechanics from Virginia Polytechnic Institute and State University.

Mr. Peach currently serves as a Senior Advisor/Consultant to NASA and the Partnership Outreach Manager for NASA's Academy of Program/Project and Engineering Leadership.

Previously, Mr. Peach served as the Vice President and Chief Engineer for Exploration and Technology at the Universities Space Research Association. Mr. Peach also served as Director of Advanced Projects in NASA's Office of Space Flight, where he was responsible for advanced technology development and space flight projects, and Director of Advanced Programs in NASA's Office of Space Systems Development, where he was responsible for the development of advanced technology to meet NASA's future space transportation requirements.

Mr. Peach indicated in his personal statement that he believes that PISCES will play a role in the human exploration and development of space, which will not only inspire future engineers and scientists, but will contribute to long term health and well-being, economic prosperity, and international collaboration.

Your Committee finds that Mr. Peach's vast knowledge and experience, including his key leadership positions at NASA, will be great assets to the Board.

GALEN HO

Your Committee received testimony in support of the nomination of Galen Ho from the Department of Business, Economic Development, and Tourism.

Mr. Ho performed his graduate studies at Ohio State University. He received a Bachelor of Science degree in Electrical Engineering from Oregon State University.

Mr. Ho is currently the President of Galen Enterprise LLC. Previously, Mr. Ho served as President of BAE Systems' Information and Electronic Systems Integration Sector.

Mr. Ho served as an officer in the United States Air Force, where he received the Vietnam Combat Service and Air Force Meritorious Service Medals.

Mr. Ho indicated in his personal statement that he has a special interest in developing a PISCES prototype site for a lunar robotic program. Mr. Ho hopes to help PISCES progress their program to actual operations and involve his network of aerospace contacts on the U.S. mainland to leverage the program.

Your Committee finds that with more than thirty-seven years of defense and aerospace experience, Mr. Ho has the professional skills and background required to serve on the PISCES Board of Directors.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 857 Higher Education on Gov. Msg. No. 635**

Recommending that the Senate advise and consent to the nomination of the following:

WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION

G.M. No. 635 FRANCISCO HERNANDEZ, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Francisco Hernandez to possess the requisite qualifications to be nominated to the Western Interstate Commission for Higher Education.

Your Committee received testimony in support of the nomination of Francisco Hernandez from the Governor and seven individuals.

Your Committee finds that Francisco Hernandez received a Bachelor's degree in American History from the University of California at Berkeley. He went on to receive a Master's degree and a Doctor of Philosophy degree from the School of Education at Stanford University.

Mr. Hernandez is currently the Vice Chancellor for Students at the University of Hawaii at Manoa. Since 2006, Mr. Hernandez has also been developing and overseeing a project to provide online academic support services to high school students. The project currently provides free online math tutoring for high school students using University of Hawaii at Manoa students as tutors.

Mr. Hernandez has served as a member of the Executive Committee of the Western Interstate Commission on Higher Education Cooperative for Educational Technologies, which is one of the Western Interstate Commission on Higher Education's major programs, and was previously appointed by the Governor of California to serve on the Western Interstate Commission on Higher Education for

California. Mr. Hernandez has also served as a member of the Charter School Review Panel, Board of Directors of the YMCA Atherton Branch, and Board of Directors of the Hawaii Youth Opera Chorus. He has also served in several capacities to study and promote the use of technology in education.

Mr. Hernandez's educational and professional experiences and commitment to the education of Hawaii's youth will make him a great asset to the Western Interstate Commission for Higher Education.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Tokuda, Slom).

**SCRep. 858 Higher Education on Gov. Msg. No. 630**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE RESEARCH CORPORATION OF THE UNIVERSITY OF HAWAII

G.M. No. 630 RAYNARD SOON, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Raynard Soon to possess the requisite qualifications to be nominated to the Board of Directors of the Research Corporation of the University of Hawaii.

Your Committee received testimony in support of the nomination of Raynard Soon from the Governor and three individuals.

Your Committee finds that Mr. Soon received a Bachelor's degree in City and Regional Planning from the University of Hawaii at Manoa. He received a Master's degree in City Planning from Harvard University.

Mr. Soon spent nine years as a planner with the State and private entities. He then went on to co-found Hawaii Opinion, now known as The OmniTrak Group, a market research and planning firm.

Mr. Soon also served as the Director of Land Development and Land Management and Director of the Temporary Development Assistance Group at the Department of Hawaiian Home Lands. From 1999 through 2003, Mr. Soon served as the Chairman of the Hawaiian Homes Commission and Director of the Department of Hawaiian Home Lands.

Mr. Soon is currently the President of Solutions Pacific and is a private consultant taking on strategic planning projects using the skills he has developed over the years.

Mr. Soon's varied professional background will make him an excellent addition to the Board of Directors of the Research Corporation of the University of Hawaii. Mr. Soon's wealth of knowledge and exceptional leadership experience will greatly benefit the Board and assist it in further supporting the research and long-term development of the University of Hawaii System and the State.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Tokuda, Slom).

**SCRep. 859 Commerce and Consumer Protection on H.B. No. 423**

The purpose and intent of this measure is to repeal the sunset date of Act 120, Session Laws of Hawaii 2009, which requires transactions regarding fee simple interests in time shares to be recorded in the Bureau of Conveyances and provides a mechanism for transferring the registration from the Land Court System to the Bureau of Conveyances.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; American Resort Development Association Hawaii; SVO Pacific, Inc.; Wyndham Vacation Ownership; and one individual. Your Committee received comments on this measure from the Hawaii State Judiciary.

Your Committee finds that Act 120, Session Laws of Hawaii 2009, deregistered fee simple time share transactions from the Land Court system and established a procedure to move these transactions to the regular system in the Bureau of Conveyances.

Your Committee further finds that the number of owners of a fee simple time share range from hundreds to thousands, with each owner holding a percentage interest in the time share property. The removal of fee simple time share transactions from the Land Court has eliminated the need to issue a certificate of title for each fee simple time share unit for each owner, has significantly streamlined the registration process for fee simple time share interests, and has eased the backlog of recordings at the Land Court. Repealing the applicable sunset provision of Act 120, Session Laws of Hawaii 2009, as provided by this measure, will therefore permanently establish the streamlined process and ease the backlog of registering fee simple time share interests in the Land Court system.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 423, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Taniguchi, Wakai).

**SCRep. 860 Commerce and Consumer Protection on H.B. No. 998**

The purpose and intent of this measure is to permanently prohibit private transfer fees by eliminating the sunset date of Act 169, Session Laws of Hawaii 2010.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS.

Your Committee finds that private transfer fees are fees imposed by private parties, through deed restrictions or covenants, on transferees of real property in connection with future conveyances of the property. Private transfer fees may be imposed as part of a new housing development on the initial and subsequent purchasers of a property.

Your Committee further finds that if left unregulated, private transfer fees may be misused or create significant barriers to homeownership. The Legislature passed Act 169, Session Laws of Hawaii 2010, in response to concerns over private transfer fees and their potential negative impacts on homeownership and property values. Your Committee additionally finds that as of 2011, thirty-six states had either banned or placed conditions on the use of private transfer fees. Accordingly, your Committee concludes that a permanent prohibition on the use of private transfer fees in the State is appropriate.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 998, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Taniguchi, Wakai).

**SCRep. 861 Water and Land on Gov. Msg. No. 668**

Recommending that the Senate advise and consent to the nomination of the following:

KAHANA VALLEY LIVING PARK PLANNING COUNCIL

G.M. No. 668 BENJAMIN SHAFER, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Benjamin Shafer to possess the requisite qualifications to be nominated to the Kahana Valley Living Park Planning Council.

Your Committee received testimony in support of the nomination of Benjamin Shafer from the Department of Land and Natural Resources and one individual.

Benjamin Shafer is the President of the Friends of Kahana, a non-profit organization, which is presently working on the restoration of Huilua Fishpond and restoration of the Koa Canoe in Kahana. He also has served with the Kahana Planning Council and Kahana Advisory Committee, among other community organizations.

Mr. Shafer previously served on the Kahana Valley Living Park Planning Council from 2009 to 2011 and currently serves as Chair of the Council. According to testimony, Mr. Shafer has supported and been actively engaged in interpretive activities to enhance the cultural enrichment of visitors to the Ahupua'a 'O Kahana State Park. Your Committee finds that Mr. Shafer's knowledge, experience, and dedication to Hawaiian cultural values and practices qualify him for reappointment to the Kahana Valley Living Park Planning Council.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ihara).

**SCRep. 862 Water and Land on Gov. Msg. No. 669**

Recommending that the Senate advise and consent to the nomination of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 669 LORI BUCHANAN, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Lori Buchanan to possess the requisite qualifications to be nominated to the Legacy Land Conservation Commission.

Your Committee received testimony in support of the nomination of Lori Buchanan from the Department of Land and Natural Resources, Department of Agriculture, Coordinating Group on Alien Pest Species, Kauai Invasive Species Committee, The Nature Conservancy, East Maui Watershed Partnership, and six individuals.

Lori Buchanan currently is a member of the Legacy Land Conservation Commission. She also works as the Molokai/Maui Invasive Species Committee's Field and Outreach Coordinator and is Chairperson of the Molokai Planning Commission. Her interests are in federal, state, and county land use planning, as well as the flora and fauna of Hawaii.

Ms. Buchanan's contribution to the protection of Hawaii's natural resources is evident on multiple islands. According to testimony, her tireless work through the Molokai/Maui Invasive Species Council and the Big Island Invasive Species Council has been instrumental in combating invasive species in Hawaii. Your Committee finds that Ms. Buchanan's experience, dedication to conservation and land protection, and excellent reputation and leadership skills qualify her for reappointment to the Legacy Land Conservation Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ihara).

**SCRep. 863 Commerce and Consumer Protection on H.B. No. 424**

The purpose and intent of this measure is to authorize the Governor to appoint commissioners of deeds to take acknowledgments, proofs of execution, or oaths in specified jurisdictions related to the conveyance of timeshare properties located within the State.

Your Committee received testimony in support of this measure from the American Resort Development Association Hawaii; SVO Pacific, Inc.; Disney Vacation Development, Inc.; and Wyndham Vacation Ownership.

Your Committee finds that deeds of timeshare interests in Hawaii timeshare plans must be notarized in order to be recordable. Although this is not typically a problem for deeds signed in Hawaii or in other states, it can pose a problem in jurisdictions outside of the United States in which notaries public are not common. This measure helps streamline the process for consumers who are located abroad and wish to purchase a timeshare property in Hawaii by authorizing the Governor to appoint commissioners of deeds. This measure permits a commissioner of deeds to take acknowledgements and proofs of execution of a consumer's signature on all necessary paperwork and enables the document to be properly recorded in accordance with Hawaii law.

Your Committee notes that the companion to this measure, S.B. No. 914, S.D. 1, which was previously passed by the Senate, contains additional language that offers greater consumer protections for consumers who wish to purchase a timeshare property in Hawaii. S.B. No. 914, S.D. 1, requires a commissioner of deeds to provide consumers a written notice of legal rights, establishes bonding requirements for commissioners of deeds, and specifies liabilities and limitations on liabilities for commissioners of deeds. Your Committee additionally finds that the language in S.B. No. 914, S.D. 1, is preferable because of these additional consumer protections and will better facilitate the sale of timeshare units located in Hawaii and benefit Hawaii properties and businesses.

Your Committee also notes that the Department of Commerce and Consumer Affairs and representatives from the timeshare industry have recommended an amendment to the written notice of legal effect provided to consumers in S.B. No. 914, S.D. 1.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 914, S.D. 1, a substantively similar measure, which:
  - (A) Creates a new chapter to authorize the governor to appoint commissioners of deeds to administer oaths, take acknowledgements, and take proofs of execution outside of the United States in connection with the execution of conveyance documents relating to a timeshare interest, any property subject to a time share plan, or the operation of a time share plan covering any property located within the State;
  - (B) Requires written notice to be provided to consumers; and
  - (C) Establishes bonding requirements, penalties, and liabilities for commissioners of deeds; and
- (2) Further amending the measure by clarifying the written notice of legal effect provided to consumers.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 424, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Nishihara, Taniguchi, Wakai).

**SCRep. 864 Commerce and Consumer Protection on H.B. No. 1150**

The purpose and intent of this measure is to exempt an owner's agreement with an attorney to file a claim as to identified property or contest the administrator's denial of a claim from the application of section 523A-25, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Collection Law Section of the Hawaii State Bar Association.

Your Committee finds that Act 229, Session Laws of Hawaii 2012, limited compensation for the recovery of property presumed abandoned to ten percent of the total value of the property. Your Committee further finds that the majority of property held by the Department of Budget and Finance is valued at less than \$5,000. If any difficulties are encountered when attempting to release property from the Department of Budget and Finance, the cost for the claimant to hire an attorney in the majority of unclaimed property cases will increase beyond the ten percent limit rather quickly. The ten percent limit on compensation for recovery therefore creates a barrier for members of the public who wish to hire an attorney to assist with the recovery of unclaimed funds or property.

Your Committee notes that the Senate companion to this measure, S.B. No. 1265, S.D. 1, which was previously passed by the Senate, contains language that increases the limit on compensation for attorneys to twenty-five percent of the total value of the property, rather than completely removing the limit on compensation. Your Committee additionally finds that the language in S.B. No. 1265, S.D. 1, is preferable because it ensures that members of the public are still able to retain attorneys to handle the claims process, while also ensuring that attorneys' fees for this process remain at reasonable levels.

Your Committee has heard testimony that a twenty-five percent limit on compensation for attorneys may prohibit certain clients from recovering unclaimed funds or property. Although your Committee appreciates that there may be difficulties or complexities that arise during the claims process, your Committee is concerned by the notion that an attorney who has been working with a client to

recover the client's funds or property will reach the twenty-five percent limit on compensation and cease assisting the client. Nevertheless, your Committee finds there is merit in allowing judicial discretion to approve owner's agreements with attorneys that provide for compensation that exceeds twenty-five percent, if the agreement is with an attorney to maintain an action in Circuit Court.

Accordingly, your Committee has amended this measure by:

- (1) Replacing its contents with the contents of S.B. No. 1265, S.D. 1, a substantively similar measure, which exempts an owner's agreement with an attorney to file a claim as to identified property or contest the administrator's denial of a claim from the application of section 523A-25, Hawaii Revised Statutes; provided that an owner's agreement with an attorney that provides for compensation shall not exceed twenty-five percent of the total value of the property and inserts an effective date of July 1, 2050; and
- (2) Further amending the measure by:
  - (A) Specifying that an owner's agreement with an attorney to maintain an action in Circuit Court under section 523A-16, Hawaii Revised Statutes, may provide for compensation that exceeds twenty-five percent of the total value of the property only upon approval of the court; and
  - (B) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1150, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1150, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Taniguchi, Wakai).

**SCRep. 865      Agriculture on H.B. No. 353**

The purpose and intent of this measure is to appropriate funds to the coffee berry borer task force to fund efforts to control and mitigate the damage from the coffee berry borer infestation in Hawaii.

Your Committee received testimony in support of this measure from the Department of Agriculture; County of Hawaii Department of Research and Development; Hawaii Farm Bureau Federation; Ka'u Farm Bureau; Hawaii Coffee Growers Association; Hawaii Coffee Association; Seven Stars Coffee; Kona Coffee Council; Jasminum Farms; Greenwell Farms, Inc.; Heavenly Hawaii Farms; and eleven individuals. Your Committee received testimony in opposition to this measure from the University of Hawaii at Manoa Kona Cooperative Extension Service; Hawaii Farmers Union United; Kona County Farm Bureau; Green Gecko Coffee Farm; Kula Coffee & Pottery, LLC; Kanalani Ohana Farm; Daily Fix Coffee, Co.; Kona Coffee Farmers Association; Lyman Kona Coffee Farms; Kona View Coffee; Mama's Kona Coffee; Konaloha Farms; Aina Na Hoku Kai Farm; Kona RainForest Coffee; Blue Corner Coffee Farm; Mountain Tree Farms Coffee Farm; Dysart Farms; Athena of Hawai'i Coffee, LLC; Langenstein Farms, Inc.; Paradise Found Farm; Moonstruck Organics; Kahauloa Iki Farm; Luther Coffee Farm; Hala Tree Coffee Plantation; Eldawi Farms; Smith Farms; Honu Kula Coffee Farm; and seven individuals.

Your Committee finds that the coffee berry borer has infested coffee crops in the Kona and South Kona regions of the island of Hawaii. The coffee berry borer infestation threatens to dismantle Hawaii's entire coffee industry.

Your Committee further finds that it is imperative that immediate action be taken to develop methods to combat the coffee berry borer and to mitigate the future impact to other coffee-producing regions in the State.

Your Committee has amended this measure by:

- (1) Reinserting language from the original version of this measure as introduced, which makes an appropriation from the agricultural development and food security special fund in the amount of \$500,000 for fiscal years 2013-2014 and 2014-2015 to the United States Pacific Basin Agricultural Research Center to research and develop methods for the prevention and treatment of coffee berry borer infestations and names the Department of Agriculture as the expending agency;
- (2) Changing the source, amount, and year of the appropriation to the coffee berry borer task force from the agricultural development and food security special fund to the general fund; from \$300,000 to \$330,000; and from fiscal year 2014-2015 to fiscal year 2013-2014, respectively;
- (3) Naming the University of Hawaii rather than the Department of Agriculture as the expending agency for the sums appropriated to the coffee berry borer task force;
- (4) Inserting an effective date of July 1, 2013; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 353, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 353, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Slom).

**SCRep. 866      Agriculture on H.B. No. 1388**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Sunrise Capital, Inc., in the planning, design, and construction of a two-phase project to help protect its shrimp hatchery facility.

Your Committee received testimony in support of this measure from the Department of Agriculture. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that shoreline erosion is threatening Sunrise Capital, Inc.'s shrimp hatchery on the island of Kauai. This measure will authorize the issuance of special purpose revenue bonds to help Sunrise Capital, Inc., which is the second largest supplier of disease-free shrimp breeding stock in the State, to protect its hatchery.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1388, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Slom).

**SCRep. 867 (Joint/Majority) Commerce and Consumer Protection and Water and Land on H.B. No. 760**

The purpose and intent of this measure is to provide the opportunity for persons renting cars in Hawaii to make a voluntary contribution to the Department of Land and Natural Resources to preserve and protect the environment.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Historic Hawai'i Foundation; Sierra Club, Hawai'i Chapter; The Nature Conservancy of Hawai'i; Conservation Council for Hawai'i; Land Use Research Foundation; and two individuals. Your Committees received testimony in opposition to this measure from EAN Holdings, LLC.

Your Committees find that Hawaii's unique environment is a critical component of Hawaii's tourism-based economy. Numerous studies in Hawaii and abroad have indicated that visitors to areas of natural beauty and importance are willing to contribute financially to maintaining the environmental quality of these areas.

Your Committees further find that check-offs are used in thirty-six states to provide funding for conservation programs. This measure includes an option to the lessee in a motor vehicle agreement to contribute a sum to the Department of Land and Natural Resources for the preservation of the environment, with any such contributions deposited equally into the natural area reserve fund and the land conservation fund. Your Committees additionally find that these funds help protect and restore Hawaii's natural areas, thus providing the dual benefit of ensuring a fully functioning water supply and preserving essential cultural and natural resources that are unique to Hawaii.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 760, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 760, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Commerce and Consumer Protection  
Ayes, 3. Noes, 1 (Slom). Excused, 3 (Nishihara, Taniguchi, Wakai).  
Water and Land  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Ihara).

**SCRep. 868 Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 3**

The purpose and intent of this measure is to encourage Congress and the President of the United States to re-state that the federal Uniform Controlled Substances Act, which restricts the production, possession, and use of marijuana, does not prohibit the production of industrial hemp.

Your Committee received testimony in support of this measure from Alexander and Baldwin, Inc.; American Civil Liberties Union of Hawaii; Natural Cancer Wellness Foundation; Life of the Land; and four individuals.

Your Committee finds that the legislative history of the Marijuana Tax Act of 1937 indicates that Congress never intended to prohibit the production of industrial hemp. Industrial hemp is one of the most versatile, productive, and useful fiber plants. Furthermore, industrial hemp is part of a growing trend to transform agricultural crops into new products that are economically and environmentally sound. Your Committee finds that the production of industrial hemp in Hawaii would provide an economic stimulus for the local production of various products including food, medicine, clothing, rope, carpet, upholstery, lumber, and other construction and industrial materials.

Your Committee has amended this measure by:

- (1) Making a technical, nonsubstantive amendment to the title; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 3, as amended herein, and recommends that it be referred to the Committee on Commerce and Consumer Protection, in the form attached hereto as H.C.R. No. 3, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 869 Water and Land on S.C.R. No. 20**

The purpose and intent of this measure is to submit to the Legislature by concurrent resolution review of action taken by the Board of Land and Natural Resources approving in principle a land exchange between the State and Hawaii Baptist Academy.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and Hawaii Baptist Academy. Your Committee received testimony in opposition to this measure from two individuals.

The land exchange is between the State and Hawaii Baptist Academy, a nonprofit corporation, which was approved in principle by the Board of Land and Natural Resources at its meeting on October 24, 2008, under agenda item D-13, as amended at its meeting on August 10, 2012, under agenda item D-9.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 870 Water and Land on S.C.R. No. 21**

The purpose and intent of this measure is to seek the approval of the Legislature by concurrent resolution of a Board of Land and Natural Resources action approving a land exchange and sale of property involving five parcels situated at Kahananui, Molokai.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

The proposed land exchange and sale stem from a quiet title and partition action filed in 1992 involving five parcels of land on Molokai. The State was named as a defendant in the action. Stipulated judgments were reached in 1996 and 1997 to resolve the title and partition claims. Pursuant to the stipulated judgments, two of the parcels are to be conveyed to the State, one parcel is to be conveyed to the four families involved in the litigation, and two parcels are to be sold, with the proceeds split 39.89 percent to the State, and 60.11 percent to the remaining parties. Based on a 1996 appraisal, the combined value the State is to receive under this arrangement is more than the one-half interest that the State has in all the parcels. These values comply with section 171-50, Hawaii Revised Statutes. The Board of Land and Natural Resources approved the exchange and sale at its meeting of June 8, 2012, under agenda item D-11.

In regard to the parcels that the State is acquiring under this stipulated judgment, specifically the parcels with tax map keys: (2) 5-6-06:14 and (2) 5-6-03:12, your Committee wishes to emphasize its intention is to have those parcels retain their public land trust status pursuant to section 5(f) of the Hawai'i Admission Act.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 871 Water and Land on S.C.R. No. 22**

The purpose and intent of this measure is to seek the approval of the Legislature by concurrent resolution of a Board of Land and Natural Resources action for the maintenance and repair of an existing seawall, and for use, maintenance, and repair of the existing improvements constructed thereon, located at Kaalaea, Koolaupoko, Oahu.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

This measure authorizes the Department of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 4-7-024:seaward of 022, Kaalaea, Koolaupoko, Oahu, for the maintenance and repair of the existing seawall, and for use, maintenance, and repair of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 872 Water and Land on S.C.R. No. 23**

The purpose and intent of this measure is to seek the approval of the Legislature by concurrent resolution of a Board of Land and Natural Resources action to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolaupoko, Oahu, for the maintenance and repair of the existing pier, seawall, and landscaping area, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

This measure authorizes the Department of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 4-4-037: seaward of 033, Kaneohe, Koolaupoko, Oahu, for the maintenance and repair of the existing pier, seawall, and landscaping area, and for use, maintenance, and repair of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 23, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 873 Water and Land on S.C.R. No. 40**

The purpose and intent of this measure is to authorize the issuance of a perpetual, non-exclusive easement covering a portion of state submerged lands at Kapahulu, Honolulu, Oahu, for the maintenance and repair of the existing seawall and steps.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Outrigger Enterprises.

This measure authorizes the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (1) 3-1-038: seaward of 042, Kapahulu, Honolulu, Oahu, for use, maintenance, and repair of the existing seawall and steps, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 874 Water and Land on S.C.R. No. 46**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Lanikai, Koolaupoko, Oahu, for seawall and revetment purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

This measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands identified as tax map key (1) 4-3-005: seaward of 56, at Lanikai, Koolaupoko, Oahu, for seawall and revetment purposes.

Your Committee has amended this measure by:

- (1) Making a technical, nonsubstantive amendment to correct a typographical error in the title; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 46, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 875 Transportation and International Affairs on S.R. No. 31**

The purpose and intent of this measure is to urge the Governor; Department of Business, Economic Development, and Tourism; Board of Regents of the University of Hawai'i; Board of Education; and Hawai'i's Congressional delegation to strengthen the sister-state relationship with Taiwan in commemoration of the twentieth anniversary of the sister-state relationship between Hawai'i and Taiwan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; Taipei Economic and Cultural Office; and Chinese Chamber of Commerce of Hawaii.

Your Committee finds that Taiwan and the United States have long enjoyed a cordial friendship based on shared common interests in promoting peace, stability, and prosperity in the Asia-Pacific region. Taiwan is one of the United States' most important economic and security partners in Asia.

Hawai'i officially established a sister-state relationship with Taiwan in 1993, but an economic relationship was already established before then. Over the years, there have been few overseas locations with more cultural and economic activity than Taiwan, including business missions, educational and special promotional fairs, cultural exchanges, investor seminars, media productions, and gubernatorial visits. Furthermore, Hawai'i and Taiwan have rich and diverse cultural backgrounds, since Taiwan's indigenous people and the native Hawaiians are part of the Austronesian culture ring.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 31, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 31, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Espero, Gabbard, Slom).

**SCRep. 876      Transportation and International Affairs on S.C.R. No. 61**

The purpose and intent of this measure is to urge the Governor; Department of Business, Economic Development, and Tourism; Board of Regents of the University of Hawai'i; Board of Education; and Hawai'i's Congressional delegation to strengthen the sister-state relationship with Taiwan in commemoration of the twentieth anniversary of the sister-state relationship between Hawai'i and Taiwan.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; Taipei Economic and Cultural Office; and Chinese Chamber of Commerce of Hawaii.

Your Committee finds that Taiwan and the United States have long enjoyed a cordial friendship based on shared common interests in promoting peace, stability, and prosperity in the Asia-Pacific region. Taiwan is one of the United States' most important economic and security partners in Asia.

Hawai'i officially established a sister-state relationship with Taiwan in 1993, but an economic relationship was already established before then. Over the years, there have been few overseas locations with more cultural and economic activity than Taiwan, including business missions, educational and special promotional fairs, cultural exchanges, investor seminars, media productions, and gubernatorial visits. Furthermore, Hawai'i and Taiwan have rich and diverse cultural backgrounds, since Taiwan's indigenous people and the native Hawaiians are part of the Austronesian culture ring.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 61, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 61, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Espero, Gabbard, Slom).

**SCRep. 877      (Joint) Water and Land and Tourism and Hawaiian Affairs on H.B. No. 941**

The purpose and intent of this measure is to amend the composition of the Natural Area Reserves System Commission by adding a member possessing a background in Native Hawaiian traditional and customary practices and removing the Superintendent of Education as a member.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and Association of Hawaiian Civic Clubs.

The natural area reserves program carries out vital parts of the State's responsibility to conserve, protect, and manage our natural and cultural resources, and specifically works to preserve representative samples of Hawaii's diverse biological systems for study. The Natural Area Reserves Commission consists of experts in various fields of environmental science, as well as representatives from the hiking and hunting communities, to provide recommendations as to the selection and treatment of areas to be included in the natural area reserves program.

Your Committees find that despite its broad representative knowledge from the scientific and outdoor recreational communities, the Commission currently lacks a member specifically qualified to provide insight as to the cultural value and significance of existing and potential future reserves or the many cultural resources they may contain. This may lead to inefficiencies or oversights, particularly given the responsibilities of all state agencies to protect and enforce the rights of Native Hawaiians and to fulfill the State's interest in perpetuating Native Hawaiian culture and cultural values.

As affirmed by the records of votes of the members of your Committees on Water and Land and Tourism and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 941, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Ihara, Slom).

Tourism and Hawaiian Affairs

Ayes, 5. Noes, none. Excused, 3 (Hee, Keith-Agaran, Slom).

**SCRep. 878      Human Services on H.B. No. 868**

The purpose and intent of this measure is to eliminate the asset limit for the Temporary Assistance for Needy Families program.

Your Committee received testimony in support of this measure from the Department of Human Services; Office of Hawaiian Affairs; Office of Community Services; Hawaii State Commission on the Status of Women; Hawaii State Democratic Women's

Caucus; University of Hawaii Bridge to Hope; American Civil Liberties Union of Hawaii; Catholic Charities Hawaii; Goodwill Industries of Hawaii, Inc.; Hawaii Alliance for Community-Based Economic Development; Hawaii Appleseed Center for Law and Economic Justice; Legal Aid Society of Hawaii; Hawaii Women's Coalition; and one individual.

Your Committee finds that asset limits are intended to target public dollars to our neediest and most vulnerable populations. However, asset limits have an unintended consequence in that they provide an incentive for individuals to divest themselves of assets and a disincentive to accumulate assets. This is problematic, as families need assets to escape poverty and become self-sufficient.

Your Committee further finds that financial savings and asset accumulation enable our neediest families to maintain a safety net for self-sufficiency, prevent job loss, and avoid a return to public assistance. At the same time, families would have an opportunity to build assets toward retirement, which would lessen their dependence on government assistance as they age. Also, several states, such as Alabama, Louisiana, Maryland, Ohio, and Virginia, have completely eliminated their asset limits for Temporary Assistance for Needy Families programs, which has resulted in little to no change in caseload and reduced administrative costs.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 868, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 879 Human Services on H.B. No. 872**

The purpose and intent of this measure is to make an emergency appropriation for fiscal year 2012-2013 out of the nursing facility sustainability program special fund to be used in accordance with the authorized purposes of the nursing facility sustainability program special fund, including the reimbursement of monies advanced for those purposes in fiscal year 2012-2013 from the health care payments program.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Long Term Care Association, Hawaii Health Systems Corporation, Healthcare Association of Hawaii, and Pearl City Nursing Home.

Your Committee finds that the nursing facility sustainability program special fund was established by Act 156, Session Laws of Hawaii 2012, to help fund increasing health care costs for Medicaid enrollees in private nursing facilities. However, because of a technical omission, monies in the special fund could not be expended as intended. Instead, monies from the health care payments program were used to make supplemental payments to nursing facilities so that payments would not be delayed.

Accordingly, your Committee finds that this emergency appropriation is necessary to reimburse the monies advanced from the health care payments program and to continue to make timely supplemental payments to nursing facilities from the nursing facility sustainability program special fund for the rest of the fiscal year.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 872, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 880 Human Services on H.B. No. 880**

The purpose and intent of this measure is to continue the nursing facility sustainability program by:

- (1) Extending the sunset date of Act 156, Session Laws of Hawaii 2012; and
- (2) Appropriating funds for the program for fiscal year 2013-2014.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Long Term Care Association, Hawaii Health Systems Corporation, Hale Makua Health Services, Healthcare Association of Hawaii, Pearl City Nursing Home, and three individuals.

Your Committee finds that the nursing facility sustainability program leverages available federal funding for the Department of Human Services to make supplemental payments to nursing facilities to help offset their uncompensated care costs, thereby promoting the sustainability of long-term care facilities in the State. This measure will benefit Hawaii residents by enabling nursing facilities to continue to provide much needed long-term care services.

Your Committee has amended this measure by inserting an effective date of June 29, 2013.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 880, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 880, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 881 Human Services on H.B. No. 986**

The purpose and intent of this measure is to increase the monthly board rate distributed by the Department of Human Services for foster care services for children.

Your Committee received testimony in support of this measure from the Department of Human Services, Catholic Charities Hawaii, Hawaii Youth Services Network, Family Programs Hawaii, and nine individuals.

Your Committee finds that the Department of Human Services has not raised the monthly board rate for foster care services since 1990. The current monthly board rate in Hawaii of \$529 for all children regardless of age is insufficient, due to increased costs for food, housing, utilities, clothing, and other necessities.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 986, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 882 Human Services on H.B. No. 1375**

The purpose and intent of this measure is to:

- (1) Establish a task force that shall develop a restructured welfare payment system; and
- (2) Re-establish and fund the exit and retention bonus program to encourage welfare recipients to transition back into the workforce.

Your Committee received testimony in support of this measure from the University of Hawaii Bridge to Hope, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that people living below the poverty line are especially hard hit in Hawaii. A family of four in Hawaii pays sixty-one percent more for food than families on the mainland. The cost for housing in Hawaii is also the highest in the nation. Seventy-five percent of people at or below the poverty line spend more than fifty percent of their income on housing. There is a need for government policies to support this group in escaping poverty.

Your Committee has amended this measure by:

- (1) Deleting language that would have established a task force to develop a restructured welfare payment system;
- (2) Inserting language that requests the Financial Assistance Advisory Council to assist the Department of Human Services in proposing recommendations to restructure the welfare payment system and report any findings to the Legislature no later than twenty days prior to the convening of the 2014 Regular Session;
- (3) Deleting language that would have re-established and funded the exit and retention bonus program; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1375, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1375, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 883 Human Services on H.B. No. 1432**

The purpose and intent of this measure is to appropriate funds to support a statewide aging and disability resource center with sites in each county.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Executive Office on Aging, County of Hawaii Office on Aging, Maui County Office on Aging, AARP Hawaii, Healthcare Association of Hawaii, Catholic Charities Hawaii, Child and Family Service, Goodwill Industries of Hawaii, Lanakila Pacific, Partners in Development Foundation, Project Dana, Arc of Kona, and seven individuals.

Your Committee finds that aging and disability resource centers are intended to streamline access to long-term supports and services for older adults, persons with disabilities, and caregivers. Hawaii's aging and disability resource center program is in various stages of development in each county. Programs are operational in Hilo and Maui and are scheduled for implementation on Kauai in late 2013. Programs are also scheduled for Kona and Oahu in 2015.

Your Committee further finds that aging and disability resource centers in Hawaii need to be properly resourced and funded to make the centers an effective single point of entry for individuals seeking information on their long-term care options.

Your Committee has heard testimony expressing concerns about the appropriation amount and requests that your Committee on Ways and Means consider an appropriation amount of \$1,800,000.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1432, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 884 Human Services on H.B. No. 87**

The purpose and intent of this measure is to broaden criminal trespass in the first degree to include a person who enters or remains unlawfully in or upon the premises of a public housing project after a reasonable request or warning to leave by housing authorities or a police officer, excluding an invited guest who is not in violation of any law or public housing project rule.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Testimony in opposition to this measure was submitted by the American Civil Liberties Union of Hawaii. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the Hawaii Public Housing Authority continues to make improvements to security measures at many of the high risk housing projects, including the addition of fences, security fences, and photo identification cards for tenants. Enacting this measure will significantly improve the ability of the Authority to ensure a secure, livable community for residents. Meanwhile, the Authority will continue to work with local law enforcement and security personnel to refine policies and procedures to effectively keep residents safe and secure.

Your Committee has amended this measure by:

- (1) Replacing “police officer” with “law enforcement officer”;
- (2) Adding language to require that the warning or request to leave is based upon an alleged violation of law or administrative rule;
- (3) Adding language to specify that a warning or request to leave is not necessary if a public housing project uses signs to mark the boundaries of the property and notify the public that the public housing project is closed to the public during certain hours; and
- (4) Deleting the “invited guest” provision for persons warned or requested to leave by housing authorities or law enforcement officers.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 87, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 87, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 885 Human Services on H.B. No. 178**

The purpose and intent of this measure is to require social workers to meet the following continuing education requirements as a condition of any license renewal occurring after the first license renewal:

- (1) A minimum of fifteen credit hours of continuing education courses for the licensing renewal period beginning July 1, 2013, through June 30, 2016; and
- (2) A minimum of forty-five credit hours of continuing education courses during each licensing renewal period beginning July 1, 2016, through June 30, 2019, and every triennial renewal thereafter.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii State Commission on the Status of Women; Hawaii Psychological Association; Hawaii Youth Services Network; National Association of Social Workers, Hawaii Chapter; and eight individuals.

Your Committee finds that licensed social workers provide necessary services in prevention, intervention, and treatment to a broad spectrum of clients, many of whom are vulnerable or in crisis. However, unlike many other licensed professionals, social workers are not required to complete continuing education courses in order to renew their licenses. Hawaii is one of only three jurisdictions that do not require continuing education for social workers.

Your Committee further finds that requiring licensed social workers to complete continuing education courses will ensure that licensed social workers in Hawaii maintain their professional competency and keep current with new developments in the practice of their profession.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 178, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 178, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 886 Human Services on H.B. No. 518**

The purpose and intent of this measure is to appropriate funds for the state rent supplement program for homeless working individuals or families who are ready to rent permanent housing in order to obtain and maintain permanent housing.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Substance Abuse Coalition, and one individual. Testimony

in opposition to this measure was submitted by two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that many hardworking individuals and families remain in transitional housing programs because they cannot afford permanent, market-level housing. Providing a rent supplement would allow these individuals and families to transition from these temporary shelters to permanent housing. Moreover, your Committee finds that this approach would, in turn, provide housing opportunities to those individuals and families awaiting intake into transitional shelters.

Your Committee has amended this measure by:

- (1) Inserting language to include, as an authorized use of the funds appropriated by this measure, the hiring and training of one program specialist to monitor the state rent supplement program and contract for the statewide implementation of the program; and
- (2) Changing the expending agency of the appropriation from the Hawaii Public Housing Authority to the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 518, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 518, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 887 Human Services on H.B. No. 514**

The purpose and intent of this measure is to establish a state exemption for income earned and obligations issued by nonprofit entities that are determined to be public housing agencies pursuant to federal law and whose income and obligations are declared to be tax exempt by the United States Department of Housing and Urban Development.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that Section 11 of the Housing Act of 1937 provides for public housing agencies to issue obligations secured by a variety of United States Department of Housing and Urban Development funds to finance the development of low-income housing projects. It further provides that any such obligations, including interest thereon, that are issued by a public housing agency, and any income derived by the public housing agency from such projects, are exempt from all taxation imposed by the United States. Section 201H-37, Hawaii Revised Statutes, provides that such obligations and income should also be exempt from all taxation imposed by the State.

Your Committee further finds that this measure is intended to be a housekeeping measure that moves the state tax exemption from income earned and obligations issued by a public housing agency to the appropriate chapter of the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 514, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 888 Human Services on H.B. No. 519**

The purpose and intent of this measure is to appropriate funds to the Department of Human Services to continue to administer Housing First programs for chronically homeless individuals in the State.

Your Committee received testimony in support of this measure from Catholic Charities Hawaii, the Hawaii Appleseed Center for Law and Economic Justice, Hawaii Substance Abuse Coalition, and Waikiki Health Center. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the Housing First program has proven its success in many states as a way to more effectively address the chronically homeless. The chronically homeless are often the most visible homeless, living in our neighborhoods, doorways, and under bridges. These persons experience homelessness over a long period of time and incur very significant public costs. Housing First assists them in gaining permanent housing and then provides the services needed to keep them in housing and off the streets.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 519, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 889 Human Services on H.B. No. 521**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and the appropriation of funds for deposit into the rental housing trust fund to finance affordable rental housing development.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Association of REALTORS, and Housing Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Hawaii Housing Finance and Development Corporation uses the rental housing trust fund to finance the development of critically needed rental housing through public-private partnerships. The Corporation reports that during fiscal year 2012, the rental housing trust fund received \$37,000,000 in requests but was only able to commit \$20,700,000 to four rental projects totaling three hundred seventeen units. Requests for awards to help finance an additional two hundred thirty units went unfunded due to a lack of available funds.

Your Committee further finds that the appropriation in this measure will provide greater flexibility to the Hawaii Housing Finance and Development Corporation to increase the inventory of affordable rental housing units in the State.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 521, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Kidani). Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 890 Public Safety, Intergovernmental and Military Affairs on H.B. No. 951**

The purpose and intent of this measure is to:

- (1) Authorize the Director of Public Safety to maintain a list of independent process servers; and
- (2) Update various sections of the Hawaii Revised Statutes to clarify that law enforcement officers and independent civil process servers may serve certain types of legal process.

Your Committee received testimony in support of this measure from the Department of Public Safety; Judiciary, State of Hawaii; Collection Law Section, Hawaii State Bar Association; Pyramid Process; and three individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that there have been difficulties in identifying process servers and obtaining their services in Hawaii. The unavailability of those services has resulted in an increased reliance on Deputy Sheriffs to issue service of process, who are already understaffed, which causes delays for serving process. Your Committee finds that, in the interest of efficiency and fairness, the Director of Public Safety must make a list of eligible process servers in the State available to the public as soon as possible.

Your Committee has amended this measure by:

- (1) Making the provision of the list of independent process servers by the Director of Public Safety mandatory, rather than discretionary; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 951, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 951, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 891 Agriculture on H.B. No. 1264**

The purpose and intent of this measure is to expand the Department of Agriculture's agricultural loan program by, among other things:

- (1) Specifying that infrastructure and infrastructure improvement costs are qualifying purposes for certain classes of agricultural loans;
- (2) Expanding the availability of new farmer program loans through actions such as the waiver of credit denial requirements for certain borrowers, inclusion of graduates of farm training programs in the definition of "new farmer", and creation of a new farm innovation loan available to fund practical research in crop development and production; and
- (3) Adding a new class of loans for biosecurity projects that, among other things, seek to protect the health of livestock, poultry, and humans from diseases, pests, and pathogens that may originate on a farm, and specifying applicable qualifying purposes, a maximum loan amount, loan terms, and borrower eligibility requirements.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau Federation, Land Use Research Foundation, and two individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure as currently written may be confusing as it classifies the purchase, construction, or improvement of farm land as "infrastructure improvements" for Class "A" loans under the agriculture loan program. This may be in conflict with the lending industry's standard language and terminology. More specifically, loans to purchase lands are considered to be in a separate category than buildings or other capital improvements because land tends to appreciate in value while buildings and other capital improvements tend to depreciate in value. As such, the terms of loans for farm land tend to be longer than those for buildings and other capital improvements.

Your Committee further finds that the contents of S.B. No. 992, S.D. 2, and S.B. No. 993, S.D. 2, more clearly and accurately reflect the statutory changes necessary to expand the Department of Agriculture's ability to provide loans for livestock infrastructure and new farmers.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of:
  - (A) S.B. No. 992, S.D. 2, which:
    - (i) Establishes a low interest biosecurity loan program to assist the livestock industry and provides for loans for an amount not to exceed \$1,000,000 or eighty-five percent of the project costs, whichever is less at an interest rate of three percent per year; and
    - (ii) Subjects loans insured under section 155-5, Hawaii Revised Statutes; loans guaranteed under section 155-5.5, Hawaii Revised Statutes; and participating loans under section 155-6, Hawaii Revised Statutes, for purposes of Class "A" through Class "I", to terms; conditions; and eligibility, security, repayment, and refinancing requirements pursuant to sections 155-9 through 155-13, Hawaii Revised Statutes; and
  - (B) S.B. No. 993, S.D. 2, which enhances the new farmer loan program to provided needed capital to new farmers and incentives to enter into and continue farming, such as waiving the requirement for two credit denials for certain new farm loans up to \$100,000, and allowing farm innovation loans up to \$75,000;
- (2) Inserting an effective date of July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1264, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1264, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Slom).

**SCRep. 892 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 26**

The purpose and intent of this measure is to encourage the Department of Public Safety to continue and expand its structured community placement programs that assist the transition of formerly incarcerated persons into the community.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, American Civil Liberties Union of Hawaii, and seven individuals.

Your Committee finds that structured community placement programs are cost-effective and afford formerly incarcerated individuals important opportunities to reconnect with their families, seek employment, and successfully transition to the community. These programs are particularly effective for non-violent female inmates, many of whom are the primary caregivers of their children.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 893 Commerce and Consumer Protection on H.B. No. 791**

The purpose and intent of this measure is to clearly provide that directors of nonprofit corporations shall have access to the books and records of the corporations to the extent reasonably related to their duties.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Hawai'i Alliance of Nonprofit Organizations, and one individual.

Your Committee finds that at common law, directors of corporations have an absolute right of access to corporate records. Although sections of the Hawaii Revised Statutes create a judicially enforceable right for members of membership-based nonprofit corporations to inspect the books and records of the corporation, there is no comparable provision that a director shall have the same reasonable access.

Your Committee further finds that this measure authorizes directors of nonprofit corporations to have access to corporate records for proper purposes. This ensures meaningful self regulation by directors of nonprofit corporations and allows directors to adhere to their statutory duty of care.

Your Committee has amended this measure by clarifying that a director of a nonprofit corporation is entitled to inspect and copy the books, records, and documents of the corporation, including the records described in section 414D-301, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 791, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 791, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 894 Commerce and Consumer Protection on H.B. No. 841**

The purpose and intent of this measure is to update the Insurance Code by streamlining and improving the operations of the Insurance Division of the Department of Commerce and Consumer Affairs and ensuring that the Insurance Division retains its accreditation with the National Association of Insurance Commissioners.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Hawaii Captive Insurance Council.

Your Committee finds that this measure updates the Insurance Code and includes amendments to certain provisions of the Insurance Code that relate to risk retention captive insurance companies domiciled in Hawaii under the State's captive insurance law. This will permit the State to maintain its accredited status with the National Association of Insurance Commissioners.

Your Committee further finds that this measure establishes a thirty-day deadline to request an administrative hearing. Your Committee notes that the Senate companion to this measure, S.B. No. 1072, S.D. 2, which was previously passed by the Senate, does not establish a similar deadline. Your Committee finds that the language in S.B. No. 1072, S.D. 2, is preferable because it does not establish a specific deadline for parties to request administrative hearings on complicated regulatory issues, as parties already have sufficient flexibility and reasonable time to request a hearing pursuant to chapter 91, Hawaii Revised Statutes, the Administrative Procedure Act.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 1072, S.D. 2, a substantively similar measure, which updates the Insurance Code and ensures the Insurance Division retains its accreditation with the National Association of Insurance Commissioners by:
  - (A) Adopting the current authorized control level for the risk-based capital trend test for life insurers;
  - (B) Increasing the maximum allowable credit hours for producer continuing education courses;
  - (C) Adopting the provisions of the National Association of Insurance Commissioners Model Regulation to Define Standards and Commissioner's Authority for Companies Deemed to be in Hazardous Financial Condition;
  - (D) Clarifying that the nonrefundable application fee for a captive insurance company redomesticating from another jurisdiction to Hawaii must be paid at the time of petition for a certificate of general good; and
  - (E) Clarifying the sections that are applicable to risk retention captive insurance companies; and
- (2) Further amending this measure by inserting an effective date of July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 841, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 841, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 895 Commerce and Consumer Protection on H.B. No. 877**

The purpose and intent of this measure is to allow the Directors of Commerce and Consumer Affairs, Health, Human Services, and Labor and Industrial Relations to delegate voting authority to their designees for all meetings of the Hawaii Health Insurance Exchange.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Health, Department of Human Services, and Department of Labor and Industrial Relations.

Your Committee finds that because the Hawaii Health Insurance Exchange, also known as the Hawaii Health Connector, was established as a Hawaii nonprofit corporation, more specific language is required regarding designees for the directors of state agencies who serve as ex officio voting members of the Board of Directors of the Hawaii Health Connector.

Your Committee further finds that the language in this measure states that the directors of the named state agencies may select a designee from their respective departments for all meetings, which could potentially be interpreted to require a designee to attend all meetings of the Hawaii Health Insurance Exchange. In comparison, your Committee notes that the Senate companion to this measure, S.B. No. 1108, which was previously heard by your Committee, permits the directors of the named departments to select a designee for a specified meeting or meetings. The language in S.B. No. 1108 is therefore preferable because it offers more clarity to the directors regarding their respective designees. S.B. No. 1108 also provides the necessary flexibility for the directors of state agencies to voice their votes through their designees when they are unable to attend a meeting or meetings of the Board of Directors, ensures that a voting quorum can be met, and facilitates the timely development and implementation of the Hawaii Health Insurance Exchange.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 1108, a substantively similar measure, which allows the Directors of Commerce and Consumer Affairs, Health, Human Services, and Labor and Industrial Relations to delegate voting authority to their designees for a specified meeting or meetings of the Hawaii Health Insurance Exchange.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 877, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 877, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 896 Health on Gov. Msg. No. 638**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HONOLULU SUBAREA

G.M. No. 638 ALICIA DAMIEN LAU, for a term to expire 6-30-2016

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Alicia Damien Lau to possess the requisite qualifications to be nominated to the Health Planning Council, Honolulu Subarea.

Your Committee received testimony in support of Alicia Damien Lau from the Department of Health, Hawaii Long Term Care Association, Healthcare Association of Hawaii, St. Francis Healthcare System, and three individuals.

Ms. Lau has earned a Master's degree in Public Health in Administration and Master of Science and Bachelor's degrees in Nursing.

Ms. Lau is currently the Director of Health Services for the Sisters of St. Francis of the Neumann Communities and serves on the Board of Directors for the Pacific Health Ministries and Catholic Charities of Hawaii. She is also the owner and consultant for Damien Healthcare Consultants, LLC. Previously, Ms. Lau served as the Chief Operating Officer for Ito Healthcare Group, in which she was responsible for the health and well-being of patients at the Oahu Care Facility, Pearl City Nursing Home, Kulana Malama, Community Case Management Corporation, and Kokua Nurses.

Your Committee finds that Ms. Lau's past experiences, as well as her continuing commitment to issues relating to health care, will be great assets to the Council.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Chun Oakland).

**SCRep. 897 Health on Gov. Msg. No. 639**

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, KAUA'I SERVICE AREA BOARD

G.M. No. 639 SHEILA CALCAGNO, for a term to expire 6-30-2016

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Sheila Calcagno to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, Kauai Service Area Board.

Your Committee received testimony in support of Sheila Calcagno from the Department of Health.

Ms. Calcagno is an outreach worker for substance abuse and has over twelve years of experience in the areas of HIV prevention and strengthening families against drug abuse. Since 2009, Ms. Calcagno has been very involved in providing valuable information to the Kauai Service Area Board on behalf of adults, children, and adolescents living with mental illness and substance abuse challenges.

Your Committee finds that Ms. Calcagno's past experiences, as well as her continuing commitment to issues relating to mental health and substance abuse, will be great assets to the Board.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Chun Oakland).

**SCRep. 898 Health on Gov. Msg. No. 546**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 546 DAVID KOPEC, for a term to expire 6-30-2016

Your Committee has reviewed the personal history and statement submitted by the nominee and finds David Kopec to possess the requisite qualifications to be nominated to the Health Planning Council, Hawaii County Subarea.

Your Committee received testimony in support of David Kopec from the Department of Health and one individual.

Dr. Kopec has a Doctorate in Environmental Psychology, Master's degrees in Architecture and Community Psychology, and a Bachelor's degree in Community Health. He served as a Visiting Lecturer at Virginia Commonwealth University's Doha Campus in Qatar and as a Visiting Professor at the University of Hawaii at Manoa's School of Architecture and Department of Public Health Studies. Dr. Kopec has also written and published two textbooks.

Dr. Kopec indicated that his interest in serving on the Health Planning Council, Hawaii County Subarea, is related to issues and concerns of equal access to and within existing and new building stock. These issues and concerns include aging in place, Universal Design, and accommodations for illnesses or disorders such as asthma, allergies, autism, and assorted sensory-motor deficits.

Your Committee finds that Dr. Kopec's academic experience will be a great asset to the Council.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Chun Oakland).

**SCRep. 899 Health on Gov. Msg. Nos. 549, 640, 641, and 642**

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, MAUI SERVICE AREA BOARD

G.M. No. 549 CHIREE SOUZA, for a term to expire 6-30-2016;

G.M. No. 640 LUCAS BRUNO, for a term to expire 6-30-2014;

G.M. No. 641 PETER GONZALEZ, for a term to expire 6-30-2015; and

G.M. No. 642 KARIN PHANEUF, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories and statements by the nominees and finds Chiree Souza, Lucas Bruno, Peter Gonzalez, and Karin Phaneuf to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, Maui Service Area Board.

CHIREE SOUZA

Your Committee received testimony in support of Chiree Souza from the Department of Health.

Ms. Souza currently works with special education students on Maui. She has been an active participant during her interim appointment on the Mental Health and Substance Abuse, Maui Service Area Board. She recently participated in a "Bus Survey" that required her to ride the bus in order to better understand the challenges of Maui's bus ridership. Findings from this survey prompted a meeting with the Mayor of Maui's representative to work on improvements to the bus system.

Your Committee finds that Ms. Souza's commitment to the mission of the Board will enable her to continue advocating for the people in her community.

LUCAS BRUNO

Mr. Bruno is a seasoned clinician who works closely with persons living with mental illness. He is currently a probation officer and social worker. Mr. Bruno brings practical experience to the Board with his awareness of the needs of the community.

Your Committee finds that Mr. Bruno's understanding of the needs of the community and the realistic solutions that he seeks on a daily basis through working with consumers will be an asset to the Board.

PETER GONZALEZ

Mr. Gonzalez is a passionate mental health advocate for the island of Molokai. In the past, he served as the Maui Service Area Board representative on the State Council on Mental Health for several months. While on the State Council, Mr. Gonzalez expanded his understanding and education about mental illness by attending several conferences and sharing his knowledge with other consumers on Molokai. Also, Mr. Gonzalez's own experiences in living with mental illness bring the consumer perspective to the Board.

Your Committee finds that Mr. Gonzalez's past experiences on the State Council on Mental Health, as well as his continuing commitment to issues relating to mental health, will be great assets to the Board.

KARIN PHANEUF

Ms. Phaneuf is the current Chair of the Maui Service Area Board and has been on the Board for four years. Her enthusiasm and experience in working with incarcerated, homeless, and disabled persons has provided opportunities for the Board to collaborate with other agencies for improved service delivery to Maui. She is highly respected by Board members and the Maui community.

Your Committee finds that Ms. Phaneuf's past experience, as well as her continuing commitment to issues relating to homelessness and individuals with disabilities, will be great assets to the Board.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Chun Oakland).

**SCRep. 900 (Joint) Human Services and Health on H.B. No. 120**

The purpose and intent of this measure is to allow the Department of Health and the Department of Human Services to post on their websites information on all inspections in which major patient care violations were discovered at certain care facilities within a certain period of time after the order specifying the violation becomes final.

Your Committees received testimony in support of this measure from the Department of Health, State Long Term Care Ombudsman, State Council on Developmental Disabilities, Hawaii Alliance for Retired Americans, and nine individuals. Your Committees received testimony in opposition to this measure from the Adult Foster Homecare Association of Hawaii, Alliance of Residential Care Administrators, and fifty-eight individuals. Your Committees received comments on this measure from the Department of Human Services, Healthcare Association of Hawaii, and Hawaii Family Caregiver Coalition.

Your Committees find that the Department of Health is responsible for licensing, certifying, and monitoring several types of care facilities. Although the Department performs inspections to ensure a standard of quality of these facilities using state monies, the public currently cannot easily access the information contained in the inspection reports. The public would benefit from greater access to information on the quality and conditions of care facilities in Hawaii. At least twenty-seven states already have websites that provide evaluations of care facilities.

Your Committees have amended this measure by:

- (1) Deleting its contents and replacing them with the provisions of Senate Bill No. 358, S.D. 2 (Regular Session of 2013), which:
  - (A) Beginning January 1, 2015, requires the Department of Health to make available to the public on its website information collected from the Department's inspections in certain care facilities;
  - (B) Requires that information collected from the Department's inspections shall be posted on the Department's website within five working days of the conclusion of the inspection;
  - (C) Removes each report posted on the Department's website that reports a violation after three years from the date the report was posted; and
  - (D) Appropriates funds for computer equipment, website and database development, and staff support; and
- (2) Adding language to create a working group responsible for developing a new inspection form to be posted online with information that is fair to the care home operators and useful to the public.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 120, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 120, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 901 Public Safety, Intergovernmental and Military Affairs on H.B. No. 944**

The purpose and intent of this measure is to:

- (1) Make chapter 329, Hawaii Revised Statutes, consistent with recent amendments in federal law on controlled substances;
- (2) Amend section 329-14, Hawaii Revised Statutes, to add new controlled substances emergency scheduled by the State;
- (3) Amend section 329-75(h), Hawaii Revised Statutes, to limit the penalties relating to pseudoephedrine; and
- (4) Make housekeeping amendments to chapter 329, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Public Safety; Police Department, City and County of Honolulu; and Natural Cancer Wellness Foundation.

Your Committee finds that there is a growing problem of synthetic hallucinogenic substances being developed for sale to the public as "herbal incense" or "bath salts" in Hawaii. In the in the interest of public health and safety, the Narcotics Enforcement Division of the Department of Public Safety and the federal Drug Enforcement Administration have placed in schedule the increasing number of synthetic cannabinoids and cathinones, as well as two new anabolic steroids. This measure is necessary to reflect these updates to the controlled substance schedule designations under the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 944, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 902 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1279**

The purpose and intent of this measure is to appropriate matching funds to be expended by the Department of Labor and Industrial Relations for holistic treatment and support services related to the reintegration of offenders into the general population.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, American Civil Liberties Union of Hawaii, and six individuals.

Your Committee finds that incarcerated individuals need programs that will help them to successfully transition and reintegrate into their communities after release. Your Committee further finds that there is a need to form public and private partnerships in addressing the high-risk needs of offenders. This measure promotes the goals of the Justice Reinvestment Initiative by better preparing incarcerated individuals for successful reentry into the community.

Your Committee has amended this measure by inserting an effective date of July 1, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1279, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1279, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 903 Health on S.C.R. No. 15**

The purpose and intent of this measure is to:

- (1) Direct the Department of Health to establish the State Nutrition Guidelines Work Group to draft model food guidelines for all state agencies, create a toolkit for implementing the guidelines, and develop recommendations for implementation of the guidelines in all state agencies; and
- (2) Encourage the use of nutrition guidelines for certain foods sold, provided, or purchased by or made available at all government agencies.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, American Heart Association, and Hawaii Pacific Health.

Your Committee finds that adult obesity in Hawaii more than doubled between 1995 and 2009 and childhood obesity increased by thirty-eight percent. Your Committee further finds that obesity-related medical expenditures in Hawaii were calculated to be over \$470,000,000 in 2009. Healthy eating is a critical component of reducing obesity, and the availability and prominence of healthy foods and beverages increase the ability of people to achieve and maintain a healthy weight. Your Committee finds that all food sold or provided on government-run property, purchased by government agencies for their guests at meetings, and made available to all employees in vending machines or on-site vendors should follow nutrition guidelines to ensure the availability and encourage the consumption of nutritious foods at all government agencies.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 15, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 904 (Majority) Health on H.B. No. 396**

The purpose and intent of this measure is to promote the health and safety of young children by prohibiting the manufacture, sale, and distribution of reusable food and drink containers containing bisphenol A that are intended for use by children under three years of age.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the American Chemistry Council.

Your Committee finds that there is a need to protect young children from exposure to bisphenol A. In July 2012, the United States Food and Drug Administration banned the use of bisphenol A in infant feeding bottles and spill-proof cups. Previously, the National Toxicology Program at the National Institutes of Health and the Food and Drug Administration had expressed some concern about the potential effects of bisphenol A on the brain, behavior, and prostate gland in fetuses, infants, and young children. The American Medical Association recently developed a policy supporting industry action to stop producing baby bottles and infant feeding cups containing bisphenol A and supports a ban on the sale of such products.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 396, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Nishihara). Noes, 1 (Slom). Excused, none.

**SCRep. 905 (Majority) Health on H.B. No. 672**

The purpose and intent of this measure is to reduce the number of minors and youth who smoke by prohibiting the sale of tobacco products and vapor products to minors and the purchase of tobacco products and vapor products by minors.

Your Committee received testimony in support of this measure from Coalition for a Tobacco-Free Hawaii, Volcano Fine Electronic Cigarettes, Four Seasons Resort Hualalai, and numerous individuals.

Your Committee finds that vapor products are electronic devices that allow consumption of tobacco products without causing combustion. Minors are not currently prohibited from purchasing vapor products and your Committee finds that prohibiting the sale of such products to minors and the purchase of such products by minors furthers the State's interest in promoting a healthy lifestyle by reducing the number of minors who smoke.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 672, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 672, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 906 Health on H.B. No. 653**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Hawai'i Pacific Health in financing the renovation and construction of health care facilities.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health and Healthcare Association of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawai'i Pacific Health is the State's largest non-profit health care provider, which offers health care and medical services at four hospitals and forty-nine outpatient clinics and service sites and has more than five thousand four hundred employees and one thousand three hundred physicians on staff. Your Committee further finds that Hawai'i Pacific Health has a demonstrable need for capital for the construction and renovation of the first phase of the Kapiolani Medical Center for Women & Children Master Plan to meet the needs of its patients in a cost-effective manner.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 653, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 907 (Majority) Health on H.B. No. 914**

The purpose and intent of this measure is to create the Hawaii Interagency Obesity Prevention Council to formulate and advise the Governor on the implementation of a unified ten-year plan to address child and adult obesity in Hawaii.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, University of Hawaii, Hawaii Pacific Health, American Heart Association, and one individual.

Your Committee finds that adult obesity in Hawaii more than doubled between 1995 and 2009 and childhood obesity increased by thirty-eight percent. Your Committee further finds that obesity-related medical expenditures in Hawaii were calculated to be over \$470,000,000 in 2009. In order to reduce and prevent obesity in the State, your Committee finds it necessary to establish the Hawaii Interagency Obesity Prevention Council to formulate and advise the Governor on the implementation of a unified ten-year statewide plan.

Your Committee has amended this measure by changing the appropriation source from the obesity prevention special fund, which does not exist at this time, to the general fund.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 914, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 914, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 908 (Majority) Health on H.B. No. 411**

The purpose and intent of this measure is to ensure that sexual assault victims are provided information about and access to emergency contraception when receiving emergency medical care at Hawaii's hospitals.

Your Committee received testimony in support of this measure from the Department of Health; Department of Human Services; Hawaii State Commission on the Status of Women; State of Hawaii Crime Victim Compassion Compensation Commission; City and County of Honolulu, Department of the Prosecuting Attorney; The Sex Abuse Treatment Center; American Civil Liberties Union of Hawaii; American Congress of Obstetricians and Gynecologists; Hawaii Medical Association; Healthcare Association of Hawaii;

Hawaii Democratic Party, Gay Lesbian Bisexual and Transgender Caucus; Planned Parenthood; IMUAlliance; Domestic Violence Action Center; Kaiser Permanente Hawaii; Honolulu Pride; Community Alliance on Prisons; and six individuals. Your Committee received testimony in opposition to this measure from Hawaii Family Forum; Hawaii Family Advocates; Saint Francis Healthcare System of Hawaii; Hawaii Catholic Conference; and two individuals.

Your Committee finds that, according to a report prepared by the Department of the Attorney General, there were three hundred fifty-three reported cases of forcible rape in Hawaii in 2011. Further, according to the United States Department of Justice, over half of all rapes are not reported to the police. There are an estimated thirty-two thousand rape-related pregnancies every year in the United States.

Your Committee further finds that emergency contraception is a safe and effective means of preventing pregnancy after sexual assault. Providing information about and access to emergency contraception is the most widely recognized and accepted standard of care for sexual assault victims. Your Committee also finds it necessary to require all hospitals in Hawaii to provide information about and access to all victims of sexual assault who present themselves for emergency medical treatment at Hawaii's hospitals.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 411, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 909 Health on H.B. No. 407**

The purpose and intent of this measure is to appropriate funds for the comprehensive breast and cervical cancer control program to continue its valuable services of screening, educating, providing treatment as necessary, and conducting outreach on breast and cervical cancer.

Your Committee received testimony in support of this measure from the Department of Health; American Cancer Society Cancer Action Network; Hawaii Medical Association; The Queen's Health Systems; Planned Parenthood of Hawaii; and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that over the past few years, the comprehensive breast and cervical cancer control program has screened an average of 1,275 women every year. The program is essential in early detection of breast and cervical cancer and allows health providers an opportunity for early intervention and cancer treatment. Your Committee further finds that early intervention and treatment are essential to providing life-saving treatments and also save substantial sums of money that would otherwise be spent in treating advanced stage cancer.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 407, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 407, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 910 Health on H.B. No. 79**

The purpose and intent of this measure is to change the degree requirements for advance practice registered nurse recognition from a master's degree in nursing to a graduate degree in nursing.

Your Committee received testimony in support of this measure from the Hawaii Board of Nursing; University of Hawaii; Hawaii Public Health; Hawaii State Center for Nursing; Prime Care Services Hawaii, Inc.; American Organization of Nurse Executives; Hawaii Association of Professional Nurses; The Queen's Health Systems; Hawaii State Center for Nursing; American Association of Nurse Practitioners; Healthcare Association of Hawaii; Hawaii State Center for Nursing; Blood Bank of Hawaii; and seven individuals.

Your Committee finds that currently only nurses who have a Master's degree in nursing can be recognized as advanced practice registered nurses in Hawaii. This restriction absolutely bars nurses who earn advanced nursing degrees other than a Master's degree from being recognized as advanced practice registered nurses in the State. Your Committee further finds that nurses who are recognized by other states as advanced practice registered nurses on the basis of having earned graduate degrees such as a Doctor of Nursing degree cannot be recognized as an advanced practice registered nurse in the State. Hawaii is the only remaining state in the nation whose law recognizes only those nurses achieving a Master's degree in nursing as advanced practice registered nurses. Your Committee finds it necessary to expand recognition as an advanced practice registered nurse to any nurse who has received a graduate degree in nursing.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 79, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 911 Health on H.B. No. 62**

The purpose and intent of this measure is to prohibit pharmacy benefits managers from using a patient's claim information to market or advertise to that patient the services of a preferred pharmacy network that is owned by the pharmacy benefits manager.

Your Committee received testimony in support of this measure from the Office of Consumer Protection, Hawaii Food Industry Association, Walgreens, Times Supermarkets, and two individuals. Your Committee received testimony in opposition to this measure from Ohana Health Plan, Express Scripts, Hawaii Medical Service Association, and CVS Caremark.

Your Committee finds that pharmacy benefits managers are intermediaries that negotiate services and costs between pharmaceutical companies and third party payors, such as insurance companies, businesses, and cash-paying customers. Your Committee further finds that the three largest pharmacy benefits managers administer prescription drug benefits for approximately eighty percent of insured prescriptions and ninety percent of mail order prescriptions.

Prescription benefits managers often use a patient's prescription drug claims information to directly market to that patient the services of a preferred pharmacy provider that is owned by the pharmacy benefits manager. In doing so, your Committee finds that pharmacy benefits managers unduly influence patient behavior in a manner that drives business to the pharmacy benefits manager's own subsidiary pharmacies. Your Committee finds that this practice is unduly unfair and deceptive because the patient is often unaware that the patient's information is being used in such a manner or that the pharmacy network being advertised is affiliated with or owned by the pharmacy benefits manager.

Your Committee further notes the serious privacy concerns that are raised by these marketing practices and the concern of the Office of Consumer Protection that it does not presently have the staff or resources to enforce the Act as intended. Given all of the forgoing, your Committee finds it necessary to prohibit pharmacy benefits managers from using a patient's claim information to market or advertise to that patient the services of a preferred pharmacy network that is owned by the pharmacy benefits manager.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 62, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 62, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 912 Health on H.B. No. 417**

The purpose and intent of this measure is to address the shortage of primary care providers in the State by appropriating funds for the Interdisciplinary Hawaii Health Systems Corporation Primary Care Training Program at Hilo Medical Center.

Your Committee received testimony in support of this measure from the University of Hawaii at Hilo College of Pharmacy; Hawaii Health Systems Corporation; American Association of Retired Persons; Japanese Chamber of Commerce & Industry of Hawaii; Healthcare Association of Hawaii; Hawaii Medical Service Association; Hilo Medical Center Foundation; Hawaii Island Healthcare Alliance; Ka'u Hospital; and fifteen individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that the State faces a shortage of primary healthcare providers. Your Committee further finds that the Hawaii Health Systems Corporation Primary Care Training Program is an effective way to reduce the impact of the shortage of primary care providers and to improve access to healthcare throughout the State. The success of the training model is predicated on the ability of interdisciplinary teams of caregivers being able to treat four times as many patients as independent practicing physicians. Your Committee finds that providing funding for the Interdisciplinary Hawaii Health Systems Primary Care Training Program at the University of Hawaii at Hilo will greatly assist the State in meeting the primary care needs of its citizens.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 417, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 913 (Joint) Health and Human Services on H.B. No. 879**

The purpose and intent of this measure is to amend Act 217, Session Laws of Hawaii 2012 (Act 217), relating to the hospital sustainability program. Specifically, this measure:

- (1) Adjusts the percentage allocations of funds to be expended from the hospital sustainability program special fund for uncompensated care and other purposes;
- (2) Authorizes the Department of Human Services to use funds derived from intergovernmental transfers to support direct supplemental payments to health plans for the benefit of state hospitals;
- (3) Lowers the percentage of a hospital's net inpatient hospital service revenue that is used to set a hospital's inpatient hospital sustainability fee;
- (4) Lowers the net outpatient revenue monetary threshold, which exempts a hospital with net outpatient revenue below the threshold from paying the hospital sustainability fee on outpatient care services;
- (5) Exempts public hospitals and any hospital that was not in operation during any part of calendar year 2012 from paying the hospital sustainability fee;
- (6) Establishes the total aggregate amount of direct payments to be paid to private hospitals to cover uncompensated care costs incurred by private hospitals for Medicaid and uninsured individuals in fiscal year 2013-2014;
- (7) Clarifies and updates the text of Act 217;

- (8) Makes an appropriation out of the hospital sustainability program special fund for fiscal year 2013-2014; and
- (9) Extends the repeal date of Act 217 to June 30, 2014.

Your Committees received testimony in support of this measure from the Healthcare Association of Hawaii, Chamber of Commerce of Hawaii, and Hawaii Pacific Health.

Your Committees find that the hospital sustainability program levies a fee on nongovernmental hospitals based on their patient revenues and uses the revenue from the provider fee to leverage federal funds, thereby increasing the realization of Medicaid dollars. The cost of the fee is promised back to providers through an increase in the Medicaid reimbursement rate for their patient treatment and services. The provider fee stabilizes declining Medicaid payments and slows the erosion of access to care for those beneficiaries served by the program. This measure extends the hospital sustainability program to increase sustainable hospitals and access to necessary medical care.

Your Committees have amended this measure by changing the effective date to June 29, 2013.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 879, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 879, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Slom).

Human Services

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 914 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 18**

The purpose and intent of this measure is to request the Department of Health to establish the Obesity Prevention Healthcare Reimbursement Task Force to:

- (1) Assess gaps in health care providers' ability to prevent and provide treatment for obesity-related services and counseling;
- (2) Investigate providers' reimbursement options for the provision of these services;
- (3) Educate providers about reimbursement options; and
- (4) Encourage providers' utilization of reimbursement options.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Pacific Health, and one individual.

Your Committees find that obesity is a major health and economic concern for the State, causing higher medical costs and lower quality of life. In Hawaii, adult obesity has more than doubled between 1995 and 2009, and childhood obesity increased by thirty-eight percent between 1999 and 2009. Your Committees also find that obesity-related medical expenditures in Hawaii were calculated to be over \$470,000,000 in 2009. Your Committees further find that the passage of the Patient Protection and Affordable Care Act provides an opportunity to assess gaps in health care providers' ability to prevent and treat obesity and that this measure would establish a task force to take advantage of such an opportunity.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 18, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 18, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Slom).

Commerce and Consumer Protection

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Taniguchi, Slom).

**SCRep. 915 (Joint) Tourism and Hawaiian Affairs and Education on H.B. No. 224**

The purpose and intent of this measure is to require the Department of Education to develop annual assessments in the Hawaiian language for language arts, mathematics, and science subjects that are to be administered to students in grades three through six of the Department's Hawaiian language immersion program.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Education, Kamehameha Schools, Hawaii State Teachers Association, Association of Hawaiian Civic Clubs, Awaiaulu, Ke Kula 'o Samuel M. Kamakau, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, Oahu Council of the Association of Hawaiian Civic Clubs, Nā Leo Kāko'o, and twenty-eight individuals. Your Committees received testimony in opposition to this measure from four individuals.

Your Committees find that the Hawaiian language is one of the two official languages of the State and is a critical component of preserving the Hawaiian culture. Your Committees further find that the Board of Education has acknowledged that its Hawaiian language immersion program is an essential part of revitalizing and continuing the Hawaiian culture. To uphold its obligation to perpetuate the Hawaiian language, the Board and the Department of Education must provide Hawaiian language immersion program students with an assessment system that most accurately measures their academic achievement.

Once Hawaiian language assessments are developed, it will be critical that the Department of Education request a waiver from the United States Department of Education from its requirement that there be only one uniform statewide assessment. Your Committees urge the Department of Education to impress upon the United States Department of Education the State's right to have two official languages and the need to have a Hawaiian language assessment system that most accurately measures the academic achievement of those children who embrace their right to learn in the Hawaiian language.

Your Committees also note that the Department of Education has requested an appropriation in the amount of \$1,000,000 for fiscal year 2013-2014 and the same sum for fiscal year 2014-2015 to assist the Department with developing Hawaiian language assessments.

Your Committees have amended this measure by:

- (1) Adding language to phase in the testing requirements as follows:
  - (A) Math and language arts assessments in the Hawaiian language for third and fourth graders shall begin with the 2015-2016 school year;
  - (B) Math and language arts assessments in the Hawaiian language for fifth and sixth graders shall begin on an unspecified date; and
  - (C) The science assessment in the Hawaiian language shall begin on an unspecified date;
- (2) Clarifying that the Hawaiian language assessments shall meet all applicable federal requirements;
- (3) Removing references to any specifically-named assessment or content standards;
- (4) Requiring the Department of Education to report to the Legislature on the status of the procedures for developing assessments in the Hawaiian language prior to the convening of the Regular Session of 2015, in addition to reporting to the Legislature prior to the Regular Session of 2014;
- (5) Inserting an appropriation for an unspecified amount to the Department of Education to assist with the development of the Hawaiian language assessments;
- (6) Inserting an effective date of July 1, 2013; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 224, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 224, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs  
Ayes, 5. Noes, none. Excused, 3 (Hee, Kidani, Slom).

Education  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 916 Health on H.B. No. 373**

The purpose and intent of this measure is to require health care facilities performing mammography exams to provide patients categorized by the facilities as having dense breast tissue with a mammography report and notification about dense breast tissue and associated cancer risks and supplemental screening benefits.

Your Committee received testimony in support of this measure from Are You Dense Advocacy, Inc. and numerous individuals.

Your Committee finds that dense breast tissue can make cancer detection through normal mammography screening difficult. Because of the dense nature of the tissue, normal mammography screening may detect the presence of cancer in only about fifty percent of cases. Your Committee further finds that approximately forty percent of women have dense breast tissue, which is the strongest predictor of the failure of mammography screening to detect cancer. Your Committee also finds it necessary to require health providers performing mammography exams to inform women with dense breast tissue of that fact and to advise them of the cancer risks associated with dense breast tissue as well as the benefits of supplemental cancer screening.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 373, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 917 Human Services on H.B. No. 182**

The purpose and intent of this measure is to:

- (1) Permit a court to dispose of a juvenile case by referring a child offender to a restorative justice program when the court deems it would be in the best interest of the child and the child admits guilt; and
- (2) Clarify and provide examples of restorative justice programs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Youth Services Network, American Civil Liberties Union of Hawaii, Community Alliance on Prisons, and three individuals. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that separating juvenile offenders from their families and communities has a direct effect on rehabilitation and recidivism. By promoting greater discourse among communities, offenders, victims, and their support groups, this measure aids juvenile offenders in the difficult task of reintegration into a community and offers a venue for victims to express themselves and achieve closure. By engaging parents, guardians, and supporters in this restorative justice process, this program encourages collaboration and understanding among all affected parties in a safe, healthy environment.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 182, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 918 Human Services on H.B. No. 385**

The purpose and intent of this measure is to enhance asset-building and financial security for Hawaii residents and increase their financial education by:

- (1) Enacting a refundable state earned income tax credit;
- (2) Requiring the Department of Human Services to offer financial education to applicants for and recipients of Temporary Assistance for Needy Families; and
- (3) Appropriating funds for financial education to Temporary Assistance for Needy Families applicants and recipients.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Community Alliance on Prisons; Goodwill Industries of Hawaii, Inc.; Hawaii Alliance for Community-Based Economic Development; Hawaii Appleseed Center for Law and Economic Justice; Hawaii Catholic Conference; National Community Tax Coalition; Partners in Care; PHOCUSED; and three individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Taxation, and Tax Foundation of Hawaii.

Your Committee finds that a refundable earned income tax credit is essential to ensuring that people who work are able to make ends meet. The tax credit is a good way to help families that experience temporary job loss, reduced hours, or reduced pay. State earned income tax credits help ensure that people who work hard are able to meet basic needs, support their families, and stay off welfare. Currently, twenty-five states and the District of Columbia have enacted a state earned income tax credit, and nearly all twenty-five states calculate the value of the state credit as a percentage of the federal earned income tax credit amount, which is also a refundable income tax credit. This measure would assist the needs of many struggling families and financially educate them to help build their assets.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 385, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 919 Human Services on H.B. No. 1119**

The purpose and intent of this measure is to improve Hawaii's public housing by appropriating funds to assist the Hawaii Public Housing Authority with the redevelopment of Mayor Wright Homes.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that Mayor Wright Homes is the first post-World War II public housing project by the Hawaii Housing Authority. It is currently a three hundred sixty-four unit development that has continuously suffered from maintenance issues, property damage, sewage problems, and other facility upkeep problems. Funds are needed to assist the Authority in redeveloping Mayor Wrights Homes and providing much needed housing for Hawaii's low-income residents.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1119, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Green, Slom). Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 920 Human Services on H.B. No. 1188**

The purpose and intent of this measure is to establish the economic opportunity poverty reduction task force to assess state practices that promote economic opportunity and poverty reduction and develop a plan to expand economic opportunities in Hawaii.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that it is in the public interest to improve access to economic and educational opportunities to help families achieve self-sufficiency and financial security while reducing the number of Hawaii residents living in poverty. Middle-class families in Hawaii are increasingly living from paycheck to paycheck, especially in these very difficult economic times.

Your Committee further finds that more states are recognizing that reducing poverty by addressing the needs of low- and moderate-income families is a critical economic development issue. Reducing poverty requires strategic, integrated, and comprehensive approaches that create opportunities for families to achieve economic success, including creating quality jobs, providing work support, promoting greater collaboration with the private sector, and implementing targeted tax policies.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1188, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 921 Human Services on H.B. No. 740**

The purpose and intent of this measure is to prohibit the possession or storage of an open container that contains intoxicating liquor on any sidewalk or common area within any public housing project under the jurisdiction of the Hawaii Public Housing Authority.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that state law prohibits the consumption of intoxicating liquors on public sidewalks, including any sidewalk within a public housing project as defined in sections 356D-1 and 356D-91, Hawaii Revised Statutes, and in common areas of public housing projects. However, this prohibition can be difficult to enforce since it is limited by the word "consumption", requiring that either a law enforcement officer visibly observe a perpetrator in the action of imbibing intoxicating liquor or a witness be willing to testify to visibly observing a perpetrator in the act of imbibing intoxicating liquor. By broadening the prohibition to possession or storage of open intoxicating liquor containers, the requirement of physically observing a perpetrator in the act of imbibing in order to support prosecution is removed, making violations easier to report and enforce.

Your Committee further finds that the existing prohibition on consumption of intoxicating liquors on public sidewalks and common areas of public housing projects applies only to federal low-income public housing under the jurisdiction of the Hawaii Public Housing Authority. This measure additionally subjects state low-income public housing under the jurisdiction of the Hawaii Public Housing Authority to the prohibitions in this measure.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 740, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 922 Human Services on H.B. No. 532**

The purpose and intent of this measure is to require the Hawaii Public Housing Authority to include, subject to any federal law or regulatory limitations, the value of all motor vehicles registered to any tenant of a dwelling unit as assets in the calculation for determining that tenant's income eligibility for state low-income housing.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Homeless Affordable Housing Institute, and one individual. Your Committee received testimony in opposition to this measure from Catholic Charities Hawaii and Hawaii Appleseed Center for Law and Economic Justice.

Your Committee finds that under existing law, the Hawaii Public Housing Authority is not able to consider an applicant's assets, including motor vehicles, regardless of the value, in determining income eligibility for state low-income public housing. Meanwhile, there are over ten thousand families on the waitlist for low-income public housing. By allowing the Authority to include the value of all motor vehicles registered to an applicant for determining eligibility for low-income public housing, the Authority will be able to focus its efforts on housing those who truly have no other resources to obtain housing.

Your Committee has amended this measure by clarifying that a deceased veteran's widower shall also be given first preference when the Authority selects tenants based upon greatest need.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 532, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 532, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 923 Human Services on H.B. No. 1430**

The purpose and intent of this measure is to appropriate funds to establish and operate a comprehensive service center for deaf, hard of hearing, and deaf-blind individuals.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Library for the Blind and Physically Handicapped, Community Alliance for Mental Health, Domestic Violence Action Center, and nine individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that a center providing comprehensive services for deaf, hard of hearing, and deaf-blind individuals in Hawaii has been the dream of the deaf community in Hawaii since 1972. The creation of a comprehensive service center is intended to promote individual growth, social awareness, productivity, and equality by empowering deaf, hard of hearing, and deaf-blind individuals to be full participants in Hawaii's overall community.

Your Committee has amended this measure by:

- (1) Consolidating the two separate appropriations into one appropriation for fiscal years 2013-2014 and 2014-2015 for the establishment and operation of a comprehensive service center for the deaf, hard of hearing, and deaf-blind;
- (2) Inserting an appropriation amount of \$300,000 per fiscal year; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1430, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1430, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 924 (Joint) Health and Commerce and Consumer Protection on H.B. No. 656**

The purpose and intent of this measure is to establish within the Office of the Governor a temporary program specially targeted to initiate and facilitate the health care transformation occurring in Hawaii vis a vis the implementation of the Patient Protection and Affordable Care Act and associated changes in the health care industry.

Your Committees received testimony in support of this measure from the Governor's Office, Healthcare Association of Hawaii, Hawaii Health Information Corporation, and Hawaii Medical Service Association.

Your Committees find that the State provides or pays for health insurance for nearly forty percent of the population. Your Committees also find that increases in premiums for health insurance coverage greatly impact not only the subscribers, but also businesses and the overall economy of the State. With the passage of the Patient Protection and Affordable Care Act, the state of health care in Hawaii is undergoing a dramatic transformation. As a result, your Committees find it necessary to establish and temporarily place in the Office of the Governor the health care transformation program, which shall consider a broad range of initiatives, issues, and strategies, including:

- (1) Standards, measures, and goals to evaluate the quality and cost-effectiveness of health care services;
- (2) Fair and efficient payment models for health care services;
- (3) Streamlined authorization procedures for health care services;
- (4) Improvement and expansion of the use of information technologies to organize, store, safeguard, exchange, and report clinical, cost, educational, technical, administrative, regulatory, and other health care-related data;
- (5) Improvement and promotion of the establishment and use of cost-effective preferred drug lists; and
- (6) Any other issue, solution, or initiative necessary or appropriate to further the principal mission of the program.

Your Committees have amended this measure by:

- (1) Clarifying the purpose of the Act's focus on the study of processes, measures, and other matters directed at improving the quality and cost-effectiveness of health care service, standardization of processes, reducing administrative burdens facing health care providers, and supporting innovation;
- (2) Clarifying one of the Governor's duties under the health care transformation program to identify processes, measures, and goals to evaluate and improve the quality and cost-effectiveness of health care services;
- (3) Adding a directive to the health care transformation program to examine opportunities for administrative uniformity or standardization of processes;
- (4) Inserting language to require the Governor to submit a final report on the health care transformation program to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015;
- (5) Inserting an effective date of July 1, 2013; and
- (6) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 656, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 656, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health  
Ayes, 4. Noes, none. Excused, 1 (Slom).

Commerce and Consumer Protection

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Taniguchi, Slom).

**SCRep. 925 Human Services on H.B. No. 2**

The purpose and intent of this measure is to educate individuals about long term care. Specifically, this measure:

- (1) Appropriates funds to the Department of Health's Executive Office on Aging to administer a public education and awareness campaign on long term care and obtain an independent evaluation of the campaign;
- (2) Establishes the goals of the campaign;
- (3) Allows the Executive Office on Aging to develop a public-private partnership to fund and administer the campaign; and
- (4) Requires the Director of the Executive Office on Aging to submit a report on the evaluation of the campaign to the Legislature no later than twenty days prior to the convening of the 2016 Regular Session.

Your Committee received testimony in support of this measure from the Executive Office on Aging, County of Hawaii Office on Aging, Policy Advisory Board for Elder Affairs, AARP Hawaii, Hawaii Family Caregiver Coalition, and seven individuals.

Your Committee finds that many Hawaii residents are unaware of or underestimate the risk of needing long term care in their lifetime. The 2012 Hawaii Long Term Care Commission report concludes that unless residents have basic information about the risks and costs of long term care, it is unlikely that people will devote the time to develop a plan for their long term care or protect themselves by purchasing long term care insurance.

Your Committee further finds that a public awareness campaign can help to create awareness of the need for financing mechanisms to pay for long term care, including a limited public social insurance program.

Your Committee has heard testimony expressing concerns about the costs of a public education and awareness campaign on long term care and requests that your Committee on Ways and Means consider inserting an appropriation amount between \$400,000 and \$650,000.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 926 Commerce and Consumer Protection on H.B. No. 25**

The purpose and intent of this measure is to:

- (1) Allow a planned community association and condominium association, as junior lienholders, to initiate or continue a nonjudicial foreclosure action on a property subject to judicial foreclosure; and
- (2) Repeal the requirement to stay the power of sale foreclosure process pending a circuit court foreclosure action.

Your Committee received testimony in support of this measure from the Hawaii Bankers Association; Hawaii Financial Services Association; Mortgage Bankers Association of Hawaii; Community Associations Institute, Hawaii Chapter; Hawaii Council of Association of Apartment Owners; Hawaiiana Management Company, Ltd.; Valley Isle Resort Association of Apartment Owners; and eight individuals. Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee finds that under Hawaii's current foreclosure law, an association cannot foreclose nonjudicially if a lender is foreclosing. Even if an association has already begun a nonjudicial foreclosure before the lender begins the foreclosure, that association's nonjudicial foreclosure must be put on hold or converted to a judicial foreclosure. The judicial foreclosure process can incur significant delays, during which time a property can fall into a state of disrepair, which negatively affects neighboring properties and the community as a whole. This measure provides associations and their surrounding communities with a mechanism to mitigate the damage, neglect, and loss of revenue or value that results during the extended time that is currently required for a mortgagee to judicially foreclose on a property.

Your Committee further finds that this measure may have the unintended consequence of accelerating foreclosures by mortgagees. The removal of an owner-occupant may make the nonjudicial foreclosure process under part II of chapter 667, Hawaii Revised Statutes, more attractive to mortgagees who are currently foreclosing by action via part IA of chapter 667, Hawaii Revised Statutes. Because there would be no owner-occupant resident at the time the foreclosing mortgagee initiated a foreclosure pursuant to section 667-22, Hawaii Revised Statutes, the foreclosure would not be subject to the dispute resolution provisions in part V of chapter 667, Hawaii Revised Statutes.

Your Committee notes that the Senate companion to this measure, S.B. No. 508, S.D. 1, which was previously heard by your Committee, preserves the right of owner-occupants to require a foreclosing mortgagee to participate in the mortgage foreclosure dispute resolution process when an association forecloses on residential real property occupied by owner-occupant mortgagors and the mortgagee subsequently forecloses its lien on the same property. The language in S.B. No. 508, S.D. 1, is preferable because it ensures that a mortgagor's right to opt in to the mortgage foreclosure dispute resolution program is not circumvented.

Your Committee has heard testimony relating to the ability of an owner-occupant mortgagor to participate in the mortgage foreclosure dispute resolution program. Your Committee also finds that even if an association has the ability to take possession of a unit and rent it out, the original owner-occupant mortgagor is still liable for the mortgage debt. Your Committee additionally finds that when a mortgagee forecloses on a unit, the mortgagee forecloses on the mortgagor's interest, and it is therefore appropriate to preserve the mortgagor's right to participate in the mortgage dispute resolution program. Nevertheless, your Committee concludes that

amendments to the language in S.B. No. 508, S.D. 1, are necessary to clarify that the remedies provided are only available in situations where an association forecloses on residential real property occupied by one or more owner-occupant mortgagors for whom the unit is and has been the person's primary residence.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 508, S.D. 1, a substantively similar measure, which:
  - (A) Allows a condominium association, as a junior lienholder, to commence or continue a nonjudicial foreclosure action on a property subject to a judicial foreclosure even if the lender has filed for foreclosure;
  - (B) Preserves the right of owner-occupants to require the foreclosing mortgagee to participate in the dispute resolution process in situations where an association forecloses on residential real property occupied by owner-occupant mortgagors and the mortgagee subsequently forecloses its lien on the same property; and
  - (C) Inserts an effective date of upon approval; and
- (2) Further amending this measure by:
  - (A) Clarifying that the right of owner-occupants to require the foreclosing mortgagee to participate in the dispute resolution process is preserved in situations where an association forecloses on residential real property occupied by one or more owner-occupant mortgagors for whom the unit is and has been the person's primary residence for a continuous period of not less than two hundred days immediately preceding the date on which the notice is served and the mortgagee subsequently forecloses its lien on the same property;
  - (B) Amending the purpose section for clarity; and
  - (C) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 25, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 25, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 927 Commerce and Consumer Protection on H.B. No. 144**

The purpose and intent of this measure is to:

- (1) Add definitions and registration and fee requirements to chapter 373K, Hawaii Revised Statutes;
- (2) Require notification to the Department of Taxation of professional employer organization violations for general excise tax exemption purposes;
- (3) Allow professional employer organizations to be successor employers to client companies;
- (4) Establish a sliding scale bond requirement for professional employer organizations based upon annual payrolls; and
- (5) Repeal chapter 373L, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Hawaii Association of Professional Employer Organizations; Hawaii Human Resources, Inc.; and Talent HR Solutions LLC. Your Committee received comments on this measure from the Department of Labor and Industrial Relations; Department of Taxation; ProService Hawaii; ALTRES, Inc.; and Tax Foundation of Hawaii.

Your Committee finds that chapter 373K, Hawaii Revised Statutes, was codified in 2007 to allow professional employer organizations to become eligible for the general excise tax exemption under section 237-24.75, Hawaii Revised Statutes. Chapter 373L, Hawaii Revised Statutes, was codified in 2010 to regulate the professional employer organization business by enforcing regulation and bonding requirements. Your Committee further finds that effective implementation of both chapters has been hampered by incompatible and ambiguous language.

Your Committee notes that the Senate companion to this measure, S.B. No. 510, S.D. 2, which was previously passed by the Senate, contains language that addresses the major concerns of the Department of Labor and Industrial Relations, Department of Taxation, and large and small professional employer organizations while also maintaining sufficient oversight to safeguard employees' rights and benefits. The language in S.B. No. 510, S.D. 2, is preferable because it simplifies and streamlines existing laws related to professional employer organizations and ties compliance with the regulatory functions required by chapter 373L, Hawaii Revised Statutes, to the general excise tax exemption provided for in section 237-24.75, Hawaii Revised Statutes.

Your Committee additionally finds that the language in S.B. No. 510, S.D. 2, is a collaborative effort between interested parties that ensures all professional employer organizations are appropriately registered with the Department of Labor and Industrial Relations and have all applicable certificates of authority from the Department of Commerce and Consumer Affairs. The language in S.B. No. 510, S.D. 2, also ensures that the general excise tax exemption offered by the Department of Taxation is only available to the professional employer organizations that have complied with all necessary requirements under chapter 373L, Hawaii Revised Statutes.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and replacing them with the contents of S.B. No. 510, S.D. 2, a substantively similar measure, which:

- (A) Repeals chapter 373K, Hawaii Revised Statutes;
  - (B) Clarifies professional employer organization responsibilities with respect to meeting the statutory requirements of the repealed chapter 373K, Hawaii Revised Statutes, and the nexus between the registration of professional employer organizations and qualification for the state general excise tax exemption;
  - (C) Requires professional employer organizations to obtain a bond on a sliding scale that is based on total payroll amount; and
  - (D) Inserts an effective date of July 1, 2050; and
- (2) Further amending this measure by:
- (A) Specifying that a letter of credit that is equivalent to the required bond amount may be used as a substitute for a surety bond; and
  - (B) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 144, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 144, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 928 (Majority) Education on H.B. No. 865**

The purpose and intent of this measure is to authorize the Board of Education and the Department of Education to facilitate the redevelopment of public school lands in order to generate income to improve public school facilities and infrastructure.

Your Committee received testimony in support of this measure from the Governor, Board of Education, Department of Education, Office of the Mayor of the City and County of Honolulu, Land Use Research Foundation of Hawaii, Hui for Excellence in Education, Windward Ahupua'a Alliance, and two individuals. Your Committee received testimony in opposition to this measure from Puna Pono Alliance and twenty-seven individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and Department of Planning and Permitting of the City and County of Honolulu.

Prior to holding a hearing on this measure, your Committee made available for public review a proposed S.D. 1, which deleted the contents of this measure and inserted the language of S.B. No. 237, S.D. 2, which establishes a three-year pilot program for the lease of public school land and facilities to generate revenue to build and retrofit twenty-first century schools and create more school-centered communities. The proposed S.D. 1 also establishes the school facilities special fund within chapter 302A, Hawaii Revised Statutes, into which all proceeds generated from the lease of public school lands shall be deposited.

Your Committee received testimony in support of the proposed S.D. 1 from the Department of Education, Hawaii Community Development Authority, Office of the Mayor of the City and County of Honolulu, The Pacific Resource Partnership, Building Industry Association of Hawaii, Hawaii Institute for Public Affairs, General Contractors Association of Hawaii, The Chamber of Commerce of Hawaii, Land Use Research Foundation of Hawaii, and Sierra Club Hawai'i Chapter. Your Committee received comments on the proposed S.D. 1 from the Governor, Office of Hawaiian Affairs, and Department of Planning and Permitting of the City and County of Honolulu.

Your Committee finds that many school facilities are in dire need of repair, maintenance, and improvement of systems and infrastructure to meet twenty-first century challenges in technology and education. The proposed S.D. 1 establishes a pilot program as one option to capture revenues from currently unused or underutilized public school lands that may yield much-needed revenues for Hawaii's schools after redevelopment.

Your Committee further finds that a community-based policy and planning approach will be critical to the success of the pilot program. A three-year pilot program will serve as "proof in concept" to test and evaluate development, design, and financial models, while giving communities the opportunity to provide input and to better understand the concept of community-centered twenty-first century schools.

Your Committee notes the concerns raised by the Department of Planning and Permitting of the City and County of Honolulu and requests that should any of the pilot program's projects involve county land that will be redeveloped for non-school purposes, that the Board of Education and Department of Education consult with the affected county.

Your Committee has amended this measure by adopting the language in the proposed S.D. 1 and further amending the measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 865, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 865, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 929 Human Services on H.B. No. 276**

The purpose and intent of this measure is to address the affordable rental housing needs of Hawaii's aging population by authorizing the issuance of general obligation bonds and making an appropriation for the construction of the Senior Residence at Piikoi, Oahu.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, City and County of Honolulu Department of Community Services, and Pacific Housing Assistance Corporation.

Your Committee finds that with the aging of Hawaii's population, the need for affordable rental housing becomes especially acute for senior citizens. Nearly twenty-nine percent of Hawaii's population is over fifty years of age. Facing challenging economic conditions, the ability to meet monthly housing expenses is a constant and growing concern for senior renters.

Your Committee has heard testimony expressing concerns about the costs for the construction of the Senior Residence at Piikoi, Oahu, and requests that your Committee on Ways and Means consider inserting an amount of \$10,000,000 for the authorization to issue general obligation bonds and appropriating the same amount for the Senior Residence at Piikoi.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 276, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 930 Human Services on H.B. No. 395**

The purpose and intent of this measure is to address the need for access to safe places for youth in the State by:

- (1) Requiring the Office of Youth Services to coordinate a two-year Safe Places for Youth Pilot Program in partnership with private organizations, to coordinate a network that youth may access for safety and where they may obtain advice, guidance, programs, and services;
- (2) Establishing a Safe Places for Youth Pilot Program Coordinator position to, among other things, coordinate the safe places for youth network; and
- (3) Appropriating an unspecified amount of funds for the Safe Places for Youth Pilot Program Coordinator position and residential options for the pilot program.

Your Committee received testimony in support of this measure from the Department of Education, Office of Youth Services, Hawaii Youth Services Network, Adult Friends of Youth, IMUAlliance, Pacific Alliance to Stop Slavery, Blueprint for Change, and sixty-two individuals. Your Committee received comments on this measure from the Domestic Violence Action Center and one individual.

Your Committee finds that Hawaii is one of the safest and healthiest places in the nation for children and youth. However, many of Hawaii's youth are not immune to daily threats to their health and safety. Every year, youth run away from homes where abuse, neglect, and domestic violence are commonplace, or from schools where intolerable bullying becomes a major barrier to educational achievement. Without access to safe places, youth in these situations are vulnerable and may be victimized by predatory adults who lure them into consuming alcohol, substance abuse, or prostitution.

Your Committee has amended this measure by adding language to amend section 571-46, Hawaii Revised Statutes, to require the court, when awarding custody and visitation of a minor child, to consider the preference that custody should be awarded to both parents to ensure maximum continuing physical, emotional, and meaningful contact with both parents.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 395, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 395, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 931 (Joint) Human Services and Health on H.B. No. 398**

The purpose and intent of this measure is to require child care facilities, including family child care homes, group child care centers, and group child care homes, and infant and toddler child care centers that are registered or licensed by the Department of Human Services to provide care for children less than one year of age to develop, maintain, and implement safe sleep policies, in accordance with rules adopted by the Department of Human Services, to prevent sudden unexpected infant death and sudden infant death syndrome.

Your Committees received testimony in support of this measure from the Child and Family Service, PATCH, Big Island Adult Foster Home Operators, Alliance of Residential Care Administrators, United Group of Home Operators, and forty-nine individuals. Your Committees received comments on this measure from the Department of Health, Department of Human Services, and Nightingale Case Management.

Your Committees find that Hawaii is one of only seven states that do not regulate sleep positions in child care centers or family child care homes. Requiring child care facilities that care for children under the age of one year to implement safe sleep policies will help to prevent infant deaths caused by unsafe sleeping environments and positions.

Your Committees have amended this measure by:

- (1) Adding language to establish a task force to address issues affecting home and community-based facilities during the transition of services from the Department of Human Services to the Department of Health and to require the task force to report its findings to the Legislature no later than twenty days prior to the convening of the 2014 Regular Session;
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 398, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 398, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

Health

Ayes, 4. Noes, none. Excused, 1 (Baker).

**SCRep. 932 (Joint) Tourism and Hawaiian Affairs and Technology and the Arts on H.B. No. 109**

The purpose and intent of this measure is to:

- (1) Require, beginning January 1, 2014, newly rendered, created, replaced, or reprinted state and county documents, letterheads, symbols, and emblems that include Hawaiian words to contain accurate, appropriate, and authentic Hawaiian words;
- (2) Establish applicable references for accurate, appropriate, and authentic Hawaiian names and words; and
- (3) Clarify that misspelled or incorrectly punctuated Hawaiian words and names shall not invalidate documents or render them unenforceable.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs; Association of Hawaiian Civic Clubs; and Oahu Council, Association of Hawaiian Civic Clubs. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that since 1978, the State has reaffirmed Hawaiian as one of its official languages, and the Legislature has supported efforts to incorporate the Hawaiian language into official state writings, emblems, and signs. The use of proper Hawaiian macrons and glottal stops not only shows the deserved respect for the native language of these islands, but also fully comports with the intent and purpose of the Hawaii State Constitution.

Your Committees have amended this measure by deleting its contents and replacing them with the language of S.B. No. 236, S.D. 1, which:

- (1) Requires that beginning January 1, 2015, all letterheads, symbols, and emblems of the State and counties include accurate and appropriate Hawaiian names and language;
- (2) Establishes references for accurate, appropriate, and authentic Hawaiian names and words, including proper Hawaiian spelling and punctuation; and
- (3) Inserts an effective date of July 1, 2014.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 109, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 109, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 933 (Joint) Agriculture and Water and Land on H.B. No. 1263**

The purpose and intent of this measure is to finance improvements to various irrigation systems by:

- (1) Appropriating funds for the East Kauai irrigation system; and
- (2) Authorizing the Director of Finance to issue general obligation bonds and appropriating funds for the Ka'u irrigation system, Waiahole irrigation system, and Menehune Ditch irrigation system.

Your Committees received testimony in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, Hawaii Farm Bureau Federation, Hawaii Cattlemen's Council, Inc., Land Use Research Foundation of Hawaii, and Uluono Initiative. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that reliable irrigation systems are vital to Hawaii's agricultural industry. Recent droughts have highlighted the need for repair and maintenance of the irrigation systems in the State. Your Committees conclude that this measure is necessary to provide necessary funding to maintain and improve Hawaii's irrigation systems.

Your Committees have amended this measure by:

- (1) Clarifying that the Waiahole irrigation system includes the irrigation system servicing the former Galbraith Estate; and
- (2) Clarifying that the Director of Finance is authorized to issue general obligation bonds in the amount of \$3,000,000 and appropriating that amount for the Waiahole/Galbraith Estate irrigation system.

As affirmed by the records of votes of the members of your Committees on Agriculture and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1263, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1263, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture

Water and Land

Ayes, 6. Noes, none. Excused, 1 (Ruderman).

**SCRep. 934 (Joint) Human Services and Health on H.B. No. 1258**

The purpose and intent of this measure is to:

- (1) Allow the Policy Advisory Board for Elder Affairs to honor a non ex-officio member with an honorary kupuna title;
- (2) Require the Governor to consider the honorary title when considering the honoree's reappointment to the Board; and
- (3) Authorize the Governor to reappoint an honoree for continued terms over the honoree's lifetime.

Your Committees received testimony in support of this measure from the County of Hawaii Office on Aging, Policy Advisory Board for Elder Affairs, and one individual.

Your Committees find that current lifetime non ex-officio members of the Policy Advisory Board for Elder Affairs are not granted all of the privileges of regular membership, including the right to vote. These lifetime members are honored and respected members of the aging community and deserve to be treated as full members of the Board.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1258, H.D. 1, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Baker).

**SCRep. 935 (Joint) Tourism and Hawaiian Affairs and Technology and the Arts on H.B. No. 1089**

The purpose and intent of this measure is to designate October as Kalo Appreciation Month.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs; Association of Hawaiian Civic Clubs; Oahu Council, Association of Hawaiian Civic Clubs; and Taro Security and Purity Task Force.

Your Committees find that kalo, the Hawaiian word for taro, is a culturally significant plant to the kanaka maoli, Hawaii's indigenous people, and to the State. In 2007, the Legislature named kalo the official plant of Hawaii. This measure encourages all people of Hawaii to honor the rich culture and history of the kalo plant during the month of October.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1089, H.D. 1, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs

**SCRep. 936 Transportation and International Affairs on Gov. Msg. No. 590**

Recommending that the Senate advise and consent to the nomination of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 590 STEVEN KYONO, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Steven Kyono to possess the requisite qualifications to be nominated to the State Highway Safety Council.

Your Committee received testimony in support of Steven Kyono from the Department of Transportation, The Chamber of Commerce of Hawaii, and one individual.

Mr. Steven Kyono is the Vice President in charge of SSFM International, Inc.'s Kauai Island Office. In this role, he manages SSFM personnel and office affairs, serves as the principal point-of-contact for SSFM's Kauai clients, and provides project management

services on specific projects. He also maintains a close relationship with government agencies on the Island of Kauai and serves as a member of SSFM's government affairs group. Mr. Kyono was with the Department of Transportation, Highways Division, in Lihue, Hawaii, as District Engineer from 1991 to 2008, and from 1975 to 1984 as Civil Engineer I through IV. He was with the County of Kauai, Department of Public Works, in Lihue, Hawaii, as County Engineer from 1986 to 1990. Mr. Kyono has also worked for private engineering firms.

Your Committee notes Mr. Kyono's statement in response to the Committee's questionnaire of the three qualities that would make him stand out and benefit the State Highway Safety Council: "I would say that the three qualities that best describe me are assertive, intuitive, and practical. I believe that these qualities would benefit the Council by allowing me to have a forum in which I'm able to apply the knowledge, skills, and experience that I've gained by working as a highway engineer." Your Committee agrees with Mr. Kyono's assessment and finds that he would be a valuable asset to the Council.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Espero, Gabbard, Slom).

**SCRep. 937 Commerce and Consumer Protection on Gov. Msg. No. 614**

Recommending that the Senate advise and consent to the nomination of the following:

**STATE BOARD OF NURSING**

G.M. No. 614 THOMAS JOSLYN, for a term to expire 6-30-2017. (Term amended to 6-30-2016 by GM706)

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Thomas Joslyn to possess the requisite qualifications to be nominated to the State Board of Nursing.

Your Committee received testimony in support of the nomination of Thomas Joslyn from the Department of Commerce and Consumer Affairs and ten individuals.

Upon review of the testimony, your Committee finds that Mr. Joslyn's extensive experience, commitment to the nursing profession, and desire to contribute to his community qualify him for appointment to the State Board of Nursing. Your Committee notes that Mr. Joslyn is an Advanced Practice Registered Nurse who has spent the majority of his career in Nurse Anesthesiology, where he has worked as a Certified Registered Nurse Anesthetist for almost thirty years. Mr. Joslyn currently serves as a Staff Nurse Anesthetist at Tripler Army Medical Center and has administered over fifteen thousand anesthetics during his career. Mr. Joslyn has also been an educator for seventeen years, previously teaching anesthesia as an adjunct professor with the University of Kansas Nurse Anesthesia Education Department and currently teaching as an adjunct professor at the United States Army School of Anesthesia at Tripler Army Medical Center. Mr. Joslyn is a current board member and past President of the Hawaii Association of Nurse Anesthetists, a member of the State Board of Nursing Advanced Practice Registered Nurse Advisory Council, and a member of the Hawaii State Center for Nursing Strategic Planning Committee. Your Committee further finds that Mr. Joslyn is well qualified to serve on the State Board of Nursing and recommends his appointment to the State Board of Nursing based on his knowledge, experience, and dedication to the field of nursing and the public.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 938 (Joint) Health and Public Safety, Intergovernmental and Military Affairs on H.B. No. 363**

The purpose and intent of this measure is to make an appropriation to the Department of Health to demolish the Ewa Beach fire station and construct an energy-efficient and environmentally-sustainable emergency medical services facility at the same location.

Your Committees received testimony in support of this measure from the Department of Health and Healthcare Association of Hawaii.

Your Committees find that the relocation of Honolulu Fire Department engine twenty-four, which services Ewa Beach, could result in longer emergency response times to the Ewa Beach area. Your Committees further find that the prior location of engine twenty-four is an ideal location for an ambulance service.

Additionally, prior to the hearing on this measure, your Committees received a request for an additional appropriation for emergency medical services for the community of Makalei. Your Committees find that the Makalei area is presently without an ambulance service and that providing ambulance services is essential to providing life-saving medical response services to West Hawaii.

Your Committees have amended this measure by:

- (1) Inserting an appropriation of \$500,000 for fiscal years 2013-2014 and 2014-2015 for the establishment of an ambulance service at the Makalei fire station; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 363, H.D. 2, as

amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 363, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Baker).

Public Safety, Intergovernmental and Military Affairs

Ayes, 4. Noes, none. Excused, 1 (Baker).

**SCRep. 939 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1136**

The purpose and intent of this measure is to make an appropriation to the Department of Defense for the Civil Air Patrol.

Your Committee received testimony in support of this measure from the Department of Defense, State Civil Defense, Department of Transportation, Civil Air Patrol, West Oahu Composite Squadron Civil Air Patrol, and twenty individuals.

Your Committee finds that the Civil Air Patrol supports State Civil Defense and emergency management agencies in all of Hawaii's counties by performing vital emergency functions, which includes conducting tsunami warnings and performing search and rescue after disasters. This measure provides funding for the Civil Air Patrol to support its facilities and training for pilots and personnel.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1136, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 940 Public Safety, Intergovernmental and Military Affairs on H.B. No. 527**

The purpose and intent of this measure is to repeal the Uniform Maintenance Allowance for enlisted personnel of the Hawaii National Guard.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that modern uniforms are made of wash and wear materials that no longer require dry cleaning, which eliminates the need for professional laundering. Your Committee further finds that the numerous benefits accorded by the State to National Guard and other military members in recent years will more than cover the loss in funds should the Uniform Maintenance Allowance be repealed.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 527, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 941 Public Safety, Intergovernmental and Military Affairs on H.B. No. 33**

The purpose and intent of this measure is to make permanent the prohibition against urinating or defecating in public within the boundaries of Downtown Honolulu.

Your Committee received testimony in support of this measure from the Police Department, City and County of Honolulu and Downtown Neighborhood Board No. 13. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawaii.

Your Committee finds that in 2012, thirty-three citations were issued for urinating and defecating in public in Downtown Honolulu, an issue that continues to be a problem for the area. This measure protects the right of those who live, work, and visit downtown Honolulu to a sanitary and safe area.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 942 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1103**

The purpose and intent of this measure is to require the assessment of impact fees prior to the issuance of a water meter and collection of impact fees in full prior to or upon the issuance of a water meter.

Your Committee received testimony in support of this measure from the Department of Water, County of Kauai and Board of Water Supply, City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii.

Your Committee finds that the current timing of collection of impact fees for water meters in certain counties, such as Kauai, does not allow sufficient flexibility for planning or to account for changes that may be made up until the time the water meters are installed.

Your Committee has amended this measure by:

- (1) Deleting the purpose section and the savings clause;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1103, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1103, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 943 Public Safety, Intergovernmental and Military Affairs on H.B. No. 369**

The purpose and intent of this measure is to:

- (1) Establish a Residential Kitchen Fire Task Force to review data, insurance rating plans and methodology, financial incentives for voluntary pre-mitigation systems, and regulations regarding residential kitchen fires; and
- (2) Require the Residential Kitchen Fire Task Force to submit a report of its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, State Fire Council, and Plumbers and Fitters Union, Local 675. Your Committee received comments on this measure from the Building Industry Association.

Your Committee finds that it is in the interest of the State to enhance public safety by encouraging the voluntary installation of fire suppression systems to reduce the occurrence and severity of residential kitchen fires. This measure is necessary to establish a task force to evaluate issues and concerns regarding fire protection measures that can be taken to protect Hawaii's residents from kitchen fires, which devastate property and cause injuries or death.

Your Committee has amended this measure by:

- (1) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 369, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 369, H.D. 3, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 944 (Joint) Public Safety, Intergovernmental and Military Affairs and Tourism and Hawaiian Affairs on H.B. No. 218**

The purpose and intent of this measure is to add the Administrator of the Office of Hawaiian Affairs and a member of the public who is knowledgeable about issues relating to the criminal justice system and has substantial experience or expertise in traditional Native Hawaiian practices, to the Corrections Population Management Commission.

Your Committees received testimony in support of this measure from the Department of Public Safety, Office of Hawaiian Affairs, Community Alliance on Prisons, and three individuals.

Your Committees find that the Corrections Population Management Commission is charged with making recommendations to the Legislature and other appropriate authorities concerning a broad array of criminal justice issues. Your Committees further find that there is an overrepresentation of Native Hawaiians in the criminal justice system. This measure ensures that the voice of the Native Hawaiian community is heard when addressing criminal justice policies and programs.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Tourism and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 218, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 218, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 4. Noes, none. Excused, 1 (Green).

Tourism and Hawaiian Affairs

Ayes, 5. Noes, none. Excused, 3 (Hee, Shimabukuro, Slom).

**SCRep. 945 (Joint) Water and Land and Tourism and Hawaiian Affairs on H.B. No. 1412**

The purpose and intent of this measure is to require the Department of Land and Natural Resources to accommodate the mooring of native Hawaiian canoes owned by nonprofit entities and used for educational purposes in small boat harbors, insofar as practicable.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committees find that the traditional native Hawaiian practice of using native Hawaiian canoes needs to be preserved and perpetuated in the interests of promulgating the native Hawaiian culture. Mooring of native Hawaiian canoes in small boat harbors is a practical necessity, especially for a nonprofit entity operating native Hawaiian canoes for educational purposes.

Your Committees have amended this measure by deleting the phrase “insofar as practicable,” which may severely limit the availability of moorings.

As affirmed by the records of votes of the members of your Committees on Water and Land and Tourism and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1412, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1412, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Ihara, Slom).

Tourism and Hawaiian Affairs

Ayes, 5. Noes, none. Excused, 3 (Hee, Keith-Agaran, Slom).

**SCRep. 946 Transportation and International Affairs on H.B. No. 1059**

The purpose and intent of this measure is to protect the rights of aliens in criminal proceedings in state courts by informing the alien defendant of the possible consequences to entering a guilty plea and its impact on the alien’s admission to the United States.

Your Committee received testimony in support of this measure from the Federal Public Defender, Department of the Attorney General, Office of the State Public Defender, County of Maui Prosecuting Attorney, Honolulu Prosecuting Attorney, and two individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the current language of section 802E-2, Hawaii Revised Statutes, relating to court advisement concerning alien status, was enacted in 1988 and has not been amended since then. Your Committee further finds that a United Supreme Court case (*Padilla v. Kentucky*, 559 U.S. 356 (2010)), and a Ninth Circuit Court of Appeals case (*Nunes-Reyes v. Holder*, 646 F.3d. 684 (2011)) requires that section 802E-2, Hawaii Revised Statutes, be updated to conform to current federal court holdings. Furthermore, the current language is not consistent with Rule 11(c)(5) of the Hawaii Rules of Penal Procedure. This measure updates the current federal law and remedies those inconsistencies.

Section 802E-1, Hawaii Revised Statutes, states: “The legislature finds that in many instances involving an individual who is not a citizen of the United States charged with an offense punishable as a crime under state law, a plea of guilty or nolo contendere is entered without the defendant knowing that a conviction of such offense is grounds for deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States.”

Your Committee is concerned that there are a number of aliens who come before the criminal courts whose immigration status may be affected by the outcome of their case.

Your Committee has amended this measure by:

- (1) Repealing the existing section 802E-2, Hawaii Revised Statutes, and inserting a new section to chapter 802E, Hawaii Revised Statutes, in its place, in the interest of enhancing readability and as recommended by the Department of the Attorney General;
- (2) Inserting language in the new section requiring the advisement to be administered prior to the arraignment and plea hearing, as recommended by the Office of the Public Defender; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1059, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1059, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Dela Cruz, Solomon).

**SCRep. 947 (Joint) Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on H.B. No. 977**

The purpose and intent of this measure is to conform the Hawaii Revised Statutes relating to commercial driver licensing with the most recent federal regulations. Specifically, this measure requires a commercial learner’s permit as a pre-condition for issuing a commercial driver license and also adopts various other changes to enhance the commercial driver license program.

Your Committees received testimony in support of this measure from the Department of Transportation.

Your Committees find that the commercial learner's permit is intended to enhance the qualification of commercial motor vehicle drivers by ensuring that they obtain a commercial learner's permit before applying for a commercial driver license, therefore helping to ensure that only qualified drivers are allowed to operate commercial motor vehicles on our state highways.

According to testimony of the Department of Transportation, a state must come in substantial compliance with the federal requirements as contained in this measure as soon as practicable but not later than July 8, 2014. Failure to enact the changes could result in the loss to Hawaii of approximately \$5,500,000 (or five percent of \$109,016,036 federal-aid highway funds for the first year of non-compliance and \$10,900,000, or 10 percent, per year thereafter, based on fiscal year 2010-2011 funding.

Your Committees have amended this measure by:

- (1) Correcting a statutory cross reference in section 1 on the recommendation of the Department of Transportation;
- (2) Correcting language in section 1 to place the new material in part XIII, instead of part VIII, of chapter 286, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 977, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 977, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs  
Ayes, 7. Noes, none. Excused, 2 (Dela Cruz, Solomon).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 948 (Joint) Transportation and International Affairs and Judiciary and Labor on H.B. No. 980**

The purpose and intent of this measure is to prohibit the use of cellular phones and other mobile electronic devices while operating a vehicle, with certain exceptions, and to specifically prohibit activities such as texting, instant messaging, gaming, and emailing, which take a driver's eyes off the road, mind off the road, and hands off the wheel.

Your Committees received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, State Highway Safety Council, Property Casualty Insurers Association of America, Alliance of Automobile Manufacturers, and one individual. Your Committees received testimony in opposition to this measure from Office of the Public Defender.

Your Committees find that the task of driving requires a driver's full attention in focusing on the roadway and driving maneuvers. Any distraction that diverts a driver's attention from the primary tasks of maneuvering the vehicle and responding to critical events increases the driver's risk of being involved in a motor vehicle crash.

The new federal surface transportation bill, Moving Ahead for Progress in the 21st Century Act (MAP-21) (P.L. 112-141), passed by Congress in 2012, authorizes \$22,500,000 in federal fiscal year 2013 and \$23,100,000 in federal fiscal year 2014 to be distributed to the states that have a distracted driver state law. Hawaii is not eligible for this funding due to the absence of a statewide distracted driving statute. Although, enactment of this bill is redundant because all four counties already have enacted distracted driving statutes, which the federal government refuses to acknowledge.

Your Committees have amended this measure by:

- (1) Deleting references to suspension of license as a penalty;
- (2) Changing the effective date to July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 980, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 980, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs  
Ayes, 7; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Solomon).

Judiciary and Labor  
Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Hee).

**SCRep. 949 Human Services on H.B. No. 535**

The purpose and intent of this measure is to help address the complex problem of homelessness by authorizing the Department of Human Services, in consultation with the mayors of the applicable counties and public or private homeless assistance programs, to designate in each county, temporary nighttime parking lots to provide safe overnight parking for homeless individuals who live and sleep in their motor vehicles and would otherwise park overnight on public or private roads or property.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services, City and County of Honolulu, Hawaii Bankers Association, Hawaii Credit Union League, and two individuals. Your Committee received comments on this measure from HawaiiUSA Federal Credit Union and one individual.

Prior to holding a hearing on this measure, your Committee made available for public review a proposed S.D. 1, which deletes the contents of this measure and inserts language to:

- (1) Require the Department of Human Services, in consultation with other state and county agencies, to support a procedure for identifying locations that may be used for temporary emergency homeless shelters;
- (2) Require each county to fund government agencies and profit and non-profit organizations that want to designate and maintain their parking lots as temporary emergency shelters; and
- (3) Authorize and appropriate funds for the Department of Human Services, in consultation with the mayor of the applicable county and any interested homeless assistance programs, to designate in each county temporary nighttime parking lots to provide safe overnight parking for homeless individuals who live and sleep in their motor vehicles and who would otherwise park overnight in public or private roads or property.

Your Committee received testimony in opposition to the proposed S.D. 1 from the Department of Human Services and Department of Public Safety. Your Committee received comments on the proposed S.D. 1 from the Hawaii Medical Service Association.

Your Committee finds that homelessness continues to be one of the State's most significant and challenging social problems. The number of homeless persons in the State, estimated to be approximately six thousand on any given day, is indicative of the limited shelter space available.

Your Committee further finds that new and innovative solutions are needed to address the homelessness crisis. Oregon, for example, has adopted laws that authorize political subdivisions to allow religious institutions to offer overnight camping space for homeless persons living in vehicles. Similarly, Santa Barbara, California, has instituted a program that allows private organizations to use county-owned parking lots to provide overnight sleeping space for homeless persons with vehicles.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 535, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 535, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 950 Human Services on H.B. No. 536**

The purpose and intent of this measure is to authorize the Hawaii Public Housing Authority to not select or to terminate from state low-income housing any applicant or tenant if the applicant, tenant, or a household member owns or acquires a home within the State.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority and Homeless and Affordable Housing Institute.

Your Committee finds that under existing law, the Hawaii Public Housing Authority is not able to consider whether an applicant is a homeowner in determining eligibility of living in low-income public housing. Meanwhile, there are over ten thousand families on the waitlist for low-income public housing. By allowing the Authority to deny acceptance for or terminate the tenancy of an individual or family who owns or acquires a home, the Authority will be able to house those who truly have no other means of shelter.

During the hearing on this measure, your Committee heard testimony expressing concerns about victims of crime and hopes that the Authority will look into exempting victims of criminal activity, such as domestic abuse and sexual assault, from having to return to an unsafe environment. Your Committee finds that this issue merits further consideration and requests that your Committee on Ways and Means further examine the issue raised by testimony on this measure.

Your Committee has amended this measure by clarifying that a deceased veteran's widower shall also be given first preference when the Authority selects tenants based upon greatest need.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 536, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 536, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 951 Human Services on H.B. No. 1298**

The purpose and intent of this measure is to assist developmentally, intellectually, or physically disabled individuals in obtaining employment by providing an incentive for employers to hire these individuals. Specifically, this measure establishes a nonrefundable income tax credit for employers that hire developmentally, intellectually, or physically disabled individuals that is equal to fifty percent of the individual's qualified wages for the first six months the individual is employed.

Your Committee received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Hawaii Disability Rights Center, and Lanakila Pacific. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that Hawaii is one of the lowest ranking states in the nation in terms of employing individuals with intellectual or development disabilities. The trend is toward fully integrated employment of individuals with disabilities, which provides them with the self-esteem and gratification that comes with being a fully participating member of society. Additionally, employment contributes to their economic self-sufficiency and makes individuals with disabilities less dependent on taxpayer-funded assistance.

Your Committee is concerned about businesses that currently employ individuals with a disability. To qualify for this tax credit, some businesses may be inclined to consider terminating employees with a disability before December 31, 2013, and then rehire the terminated employees in 2014 to take advantage of the tax credit. The intent of this measure is not to cause termination of their employment, even if only to rehire them during the tax credit period. Your Committee finds that this issue raises concerns and requests that your Committee on Ways and Means further examine this issue.

Your Committee has amended this measure by:

- (1) Changing references from “developmentally, intellectually, or physically disabled individuals” to “individuals with a disability”;
- (2) Deleting language that would have required that a person be confirmed as having a disability by a non-profit organization working with disabled individuals;
- (3) Specifying that qualified wages are those wages for work tendered during the six-month period after initial hiring, to prevent the firing and re-hiring of a disabled employee every six months to reset the qualifying period; and
- (4) Specifying that this measure shall apply to taxable years beginning after December 31, 2013.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1298, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1298, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 952 Higher Education on H.B. No. 115**

The purpose and intent of this measure is to:

- (1) Establish the campus planning facility board, major repairs and replacement special fund, and major repairs and replacement fee, which is five percent of all gross revenues received by the University of Hawaii, to address the University of Hawaii’s repair and maintenance needs;
- (2) Require the following to be transferred into the major repairs and replacement special fund:
  - (A) Ten percent of the balances of all special funds of the University of Hawaii for fiscal year 2014-2015; and
  - (B) Ten percent of the balances of all special funds of the University of Hawaii for fiscal year 2015-2016;
- (3) Authorize the issuance of general obligation bonds for fiscal years 2013-2014 and 2014-2015, the revenues of which shall be deposited into the major repairs and replacement special fund; and
- (4) Appropriate funds out of the major repairs and replacement special fund to the University of Hawaii to fund repair and maintenance projects on the University’s backlog list that have been approved by the campus planning facility board, subject to certain requirements.

Your Committee received comments on this measure from the Department of Budget and Finance and University of Hawaii’s System.

Your Committee finds that in response to Act 106, Session Laws of Hawaii 2012, the University of Hawaii undertook the University of Hawaii Facility Renewal Reinvestment Study. The Study determined that the University is facing a total of over \$460,000,000 in systemwide maintenance and repair backlog.

Your Committee further finds that eighty-five thousand students use facilities at university campuses systemwide. It is essential to the future of the University of Hawaii and its students and faculty that a safe and proper learning environment be provided and maintained. This measure will give the University of Hawaii options to deal with the repair and maintenance backlog.

As this measure moves forward, your Committee requests your Committee on Ways and Means to explore the possibility of providing the University of Hawaii with a recurring source of funding to address the University’s repair and maintenance needs, which will help alleviate the current backlog.

Your Committee has amended this measure by:

- (1) Delaying the collection and transfer of the major repairs and replacement fee from July 1, 2017, to July 1, 2018;
- (2) Adding language to require the University of Hawaii to conduct a financial and statutory analysis of:
  - (A) The impact of the deduction of five percent of all gross revenues received by the University of Hawaii for deposit into the major repairs and replacement special fund; and
  - (B) All university special funds to:

- (i) Identify special funds that have either state or federal prohibitions against the transfer of ten percent from the special funds into the major repairs and replacement special fund;
  - (ii) Identify those special funds from which repair and maintenance is already funded; and
  - (iii) Examine whether the special funds will have sufficient revenues to carry out their statutory purposes after the transfer of ten percent from the special funds into the major repairs and replacement special fund;
- (3) Adding language to require the University of Hawaii to report to the Legislature its findings and recommendations, including any proposed legislation, based on the analysis described in paragraph (2);
  - (4) Delaying for one year the transfer of ten percent of all University of Hawaii special funds to the major repair and replacement special fund to the 2015-2016 and 2016-2017 fiscal years;
  - (5) Deleting the appropriation from the major repair and replacement special fund;
  - (6) Inserting an effective date of July 1, 2050, to encourage further discussion; and
  - (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 115, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 115, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Slom).

**SCRep. 953 Higher Education on H.B. No. 654**

The purpose and intent of this measure is to:

- (1) Require the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs to collaborate with the Center for Nursing to enable the Center to obtain nursing-related data;
- (2) Require the Professional and Vocational Licensing Division to provide the Center for Nursing with certain information through a memorandum of understanding; and
- (3) Request completion of a survey developed by the Center for Nursing as part of the license renewal requirements under chapter 457, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Hawaii Board of Nursing, University of Hawai'i at Manoa School of Nursing and Dental Hygiene, University of Hawai'i Maui College of Nursing Program, Hawai'i State Center for Nursing, Hawai'i Pacific Health, Hawaii Chapter of the American Organization of Nurse Executives, Hawaii Association of Professional Nurses, Hawaii Long Term Care Association, Healthcare Association of Hawaii, and thirteen individuals. Your Committee received comments on this measure from the Office of the Governor and Department of Commerce and Consumer Affairs.

Your Committee finds that effective workforce planning and policy making require better data collection and an improved information infrastructure. The Center for Nursing's surveys related to nursing programs, registered nurses, and licensed practical nurses are a valuable way to collect nursing-related data.

Your Committee has amended this measure by:

- (1) Adding language to amend the membership of the Center for Nursing Advisory Board by requiring that three members be representatives of professional organizations related to health, rather than representatives from the Hawaii Nurses' Association, as your Committee has learned that the Hawaii Nurses' Association is no longer involved in policy issues;
- (2) Inserting an effective date of July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 654, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 654, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Ige, Kidani).

**SCRep. 954 Judiciary and Labor on H.B. No. 927**

The purpose and intent of this measure is to authorize and emphasize the use of employment and training fund monies to carry out training programs for small businesses included in the State's economic development strategy.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. One individual submitted comments on this measure.

Your Committee finds that small businesses often lack staff and resources to dedicate to workforce training. This measure will place an emphasis on using monies in the employment and training fund to train and educate small business employees through the macro program, which provides grants to businesses to develop customized projects where there are critical skill shortages; employer referral program, which allows employers to register their employees for training courses given by approved providers; or volunteer

internship program, which enables job seekers, especially those receiving unemployment benefits, to receive training from businesses to gain practical experience.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 927, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 955 (Majority) Judiciary and Labor on H.B. No. 833**

The purpose and intent of this measure is to provide an emergency appropriation for fiscal biennium 2011-2013 for all collective bargaining cost items for salary increases and other wage-related costs in the arbitrated settlement for collective bargaining unit (10) and salary increases and cost adjustments for excluded counterparts.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that pursuant to the requirements under section 9 of article VII of the Hawaii State Constitution, the Governor, in Governor's Message No. 212, requested immediate consideration and passage of this measure by the Legislature to address the expected cost of the arbitration settlement for collective bargaining unit (10). This measure reflects the arbitration award received on January 10, 2013, and includes no wage reductions for the entire contract period and a 3.2 percent across-the-board increase beginning January 16, 2013.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 833, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Ihara).

**SCRep. 956 Judiciary and Labor on H.B. No. 1177**

The purpose and intent of this measure is to:

- (1) Exempt specified procurements of professional and administrative services for the Hawaii employer-union health benefits trust fund (EUTF) from the public procurement code;
- (2) Establish trust fiduciary duties for the EUTF Board of Trustees, prohibit certain transactions, and establish liabilities for breaching a fiduciary duty;
- (3) Exempt the EUTF from the requirement of employing or retaining the Attorney General for legal advice and representation and authorize the EUTF Board of Trustees to appoint or retain by contract an attorney for legal advice and representation who is independent of the attorney general, provided that the attorney has benefits experience with the federal Employee Retirement Income Security Act from the private or public sector;
- (4) Restructure the composition of the EUTF Board of Trustees by:
  - (A) Increasing the number of members of the EUTF Board of Trustees from ten to twelve members;
  - (B) Specifying collective bargaining units to be represented by each EUTF trustee;
  - (C) Specifying the public employers within the Executive Branch of the State and among the several counties to be represented by each EUTF trustee; and
  - (D) Requiring the creation of a sub-Board of Trustees to manage contributions and benefits if the exclusive representative of a collective bargaining unit negotiates a specific contribution to apply to only that bargaining unit;
- (5) Authorize the nominating or appointing authority to determine each trustee's term of office and require the Chief Justice of the Hawaii Supreme Court to fill vacancies if the appropriate appointing authority fails to do so;
- (6) Adjust the quorum requirements of the EUTF Board of Trustees for the transaction of board business and voting requirements for board actions;
- (7) Specify the basis of contributions for each different type of beneficiary for the administration of the EUTF; and
- (8) Transfer the jurisdiction over the EUTF from the Department of Budget and Finance to the Department of Human Resources Development.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Testimony in opposition to this measure was submitted by the Department of the Attorney General, Department of Budget and Finance, Department of Human Resources Development, Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund, and State Procurement Office.

Your Committee finds that benefits are an integral part of employee compensation. The Hawaii Government Employees Association testified that the EUTF is not operating as originally intended and has become a serious concern for many public employees and employers. This measure restructures and makes substantial reforms to the EUTF to eliminate several problems that are causing the EUTF to be ineffective and expensive.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1177, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 957      Judiciary and Labor on H.B. No. 922**

The purpose and intent of this measure is to increase the efficiency of the Department of Labor and Industrial Relations in resolving disputes relating to treatment plans and continued medical services in workers' compensation cases. Specifically, this measure amends section 386-21(c), Hawaii Revised Statutes, to allow, rather than require, the Director of Labor and Industrial Relations to make a decision on disputes regarding treatment plans and continued medical services without a hearing, upon the consent of both parties, until June 30, 2015.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; United Public Workers, AFSCME Local 646, AFL-CIO; International Longshore and Warehouse Union, Local 142; Hawaii State Chiropractic Association; Hawaiian Electric Co., Inc., and its subsidiaries; Work Injury Medical Association of Hawaii; and Property Casualty Insurers Association of America.

Your Committee finds that existing law requires the Director of Labor and Industrial Relations to render a decision within thirty days of the filing of a dispute regarding a proposed treatment plan or whether medical services should be continued and requires that a hearing be held for all decisions issued. Due to budgetary cuts and staff reductions in the branches of the Department of Labor and Industrial Relations that service the hearings system, it currently takes three to four months to schedule a hearing involving a treatment plan or medical services, notice the parties, conduct the hearing, and render a decision. This measure will facilitate the workers' compensation process as injured workers, insurance carriers, and employers will receive decisions more promptly and allow other cases to be scheduled sooner.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 922, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 958      Judiciary and Labor on H.B. No. 696**

The purpose and intent of this measure is to provide, for a Lieutenant Governor whose legal residence is on a neighbor island, an allowance for expenses that is separate from and in addition to the salary of the Lieutenant Governor to cover personal expenses incurred in the performance of official duties that require overnight stays within the State, but not on the island of the Lieutenant Governor's island of residence.

Your Committee received testimony in support of this measure from the Office of the Governor, Department of the Attorney General, and three individuals. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that high-ranking state officials are required to spend much of their time at the State Capitol in Honolulu. This measure ensures fairness by providing an opportunity for any person in the State, regardless of the island of the person's residence, to perform the duties of the Lieutenant Governor without the disadvantage of unfunded expenses incurred due to the performance of official duties on other islands in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 696, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 959      Judiciary and Labor on H.B. No. 919**

The purpose and intent of this measure is to assist certain target populations in becoming contributing members of the community. Specifically, this measure:

- (1) Exempts persons who have committed controlled-substance-related offenses from automatic disqualification from public employment if the position is exempt from the civil service and reasonable safeguards exist to protect employees and the public; and
- (2) Clarifies civil service exemptions for positions filled by persons with severe disabilities or by students and for positions filled through federally funded programs or similar state programs.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Department of Public Safety, Community Alliance on Prisons, and four individuals.

Your Committee finds that section 78-2.6, Hawaii Revised Statutes, prohibits the hiring of a person who has a criminal conviction for a controlled-substance-related offense within the last three years. This prohibition precludes certain former inmates, such as participants in the Going Home project, from participating in work experience training. The Going Home project on the island of Hawaii has been a successful model for transitioning prisoners back into the community prior to and after their release from prison. This measure enables former substance abuse offenders to obtain work experience or fill temporary public service employment positions, provided that reasonable safeguards are in place to protect employees and the public.

Your Committee further finds that updating and expanding civil service exemptions under section 76-16(b), Hawaii Revised Statutes, will enable the Department of Labor and Industrial Relations to assist other target populations who require more supervision and training to become productive members of the workforce.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 919, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 960      Judiciary and Labor on H.B. No. 925**

The purpose and intent of this measure is to improve the processing of unemployment insurance claims by:

- (1) Revising the minimum notice period for an unemployment insurance appeal hearing from fifteen days to twelve days before the initial hearing date; and
- (2) Authorizing a claimant or party to an appeal to elect to receive notices and appeal documents from the Employment Security Appeals Referee's Office electronically in lieu of mail.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that section 91-9.5(a), Hawaii Revised Statutes, requires that written notice of a hearing be mailed to all parties at least fifteen days prior to the hearing date, unless otherwise provided by law. This is a statutory requirement that applies to the Employment Security Appeals Referee's Office in providing notice of unemployment insurance appeal hearings. The Department of Labor and Industrial Relations testified that pursuant to the Social Security Act, procedures for appeals and hearings are required to be reasonably calculated to pay benefits promptly when due. Thus, applicable federal performance standards require that the Referee's Office complete sixty percent of its decisions within thirty days of the appeal request and eighty percent within forty-five days. Accordingly, the existing fifteen day statutory notice requirement consumes half of the thirty-day completion period. Failure of the Referee's Office to meet federal performance standards could potentially result in federal oversight of the appeals program. Furthermore, the Department testified that in implementing the same federal unemployment appeals program, other states have notice periods ranging from five to eleven days. Hawaii is the only state with a statutory notice requirement of fifteen days. This measure reduces the notice period for unemployment insurance appeals to twelve days prior to the hearing date, thereby allowing the parties to receive an earlier hearing date and appeal decision and providing the Referee's Office greater flexibility in meeting federally required performance standards.

Your Committee further finds that existing law does not specifically allow the Referee's Office to electronically provide hearing notices, decisions, and other appeal documents in lieu of notice by mail. The Department testified that the Referee's Office will shortly launch an online appeals filing, scheduling, and maintenance system. This measure permits the delivery of appeal notices and documents through a faster, more efficient, and more cost-effective means for individuals who voluntarily elect to receive notification electronically.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 925, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 961      Judiciary and Labor on H.B. No. 921**

The purpose and intent of this measure is to improve the processing of workers' compensation claim appeals by:

- (1) Authorizing the Labor and Industrial Relations Appeals Board (Appeals Board) to:
  - (A) Take appropriate action to enforce its rules and orders; and
  - (B) Impose administrative sanctions and monetary sanctions of less than \$250 for each violation to be deposited into the special compensation fund under section 386-151, Hawaii Revised Statutes; and
- (2) Allowing workers' compensation claim litigants to file electronic notices of appeal with the appellate court.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Labor and Industrial Relations Appeals Board; International Longshore and Warehouse Union, Local 142; and two individuals.

Your Committee finds that existing law does not specifically authorize the Appeals Board to issue orders or take other actions, such as the imposition of administrative or monetary sanctions, to enforce its rules or orders. The Appeals Board noted in its written testimony that other state boards and commissions, such as the Hawaii Labor Relations Board, Public Utilities Commission, and Land Use Commission, are statutorily authorized to fine or sanction a party for noncompliance. This measure empowers the Appeals Board to better enforce its rules and orders and creates greater efficiency in the processing and adjudication of workers' compensation claim appeals.

Your Committee further finds that existing law does not specifically authorize workers' compensation litigants to file electronic notices of appeal with the appellate court, which is currently available through the Judiciary Electronic Filing System. This measure assists in increasing state government efficiency and reducing the State's carbon footprint by allowing the electronic filing of workers' compensation claim appeal notices.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 921, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 962      Judiciary and Labor on H.B. No. 775**

The purpose and intent of this measure is to make an appropriation to satisfy several claims against the State, its officers, or its employees, including claims for legislative relief, judgments against the State, settlements, and other miscellaneous claims.

Your Committee received testimony in support of this measure from the Department of the Attorney General.

Your Committee finds that this measure requests a total of \$4,887,605.33 in appropriations from the general fund to satisfy twenty-one claims against the State, a total of \$2,410,000 in appropriations from the state highway fund to satisfy three claims against the State, and a total of \$150,000 in appropriations from the state harbor fund to satisfy one claim against the State. The grand total for the twenty-five claims settled in this measure as received by your Committee is \$7,447,605.33. Timely passage of this measure will minimize interest on those amounts.

Your Committee notes the written testimony submitted by Department of the Attorney General that requests the addition of five new claims that have been resolved since this measure was introduced that total \$5,197,471.21. These additions require a total of \$5,162,471.21 in appropriations from the general fund to satisfy four claims against the State and a total of \$35,000 from the state highway fund to satisfy one claim against the State.

Furthermore, the Attorney General testified that recently a settlement has been reached on a class action case that claimed that the Department of Education underpaid substitute teachers and requested that your Committee add this settlement amount to this measure. However, the Attorney General testified that whether the State is required to pay prejudgment interest on the amount of the underpayment remains an outstanding issue that the State intends to appeal. Because an appeal on this issue could take years to resolve and the interest claim continues to accrue at approximately \$2,000 per day, the Attorney General clarified that the settlement amount added to this measure of \$15,091,122.33 represents only the agreed upon amount for back wages owed by the State along with the appropriate taxes and that the State reserves the claims for prejudgment interest, attorney's fees, and other miscellaneous claims.

Because the calculation and disbursement of the substitution teacher back pay settlement amount still needs to be worked out with the Department of Education, your Committee encourages the Attorney General to update your Committee on Ways and Means on this matter in order for the settlement amount to be appropriately reflected and included in the state budget. The Attorney General does not anticipate any additional appropriations for claims against the State that will need to be added to this measure before adjournment sine die.

Your Committee has amended this measure by:

- (1) Adding six settlement claims totaling \$20,288,593.54 to this measure, as requested by the Department of the Attorney General, from the general fund and state highway fund, which increases the total amount of appropriations in this measure to \$27,736,198.87 in order to satisfy a total of thirty-one claims against the State; and
- (2) Changing the referenced "state harbor fund" to "harbor special fund" to accurately refer to the appropriate fund.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 775, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Ihara).

**SCRep. 963      Judiciary and Labor on H.B. No. 924**

The purpose and intent of this measure is to:

- (1) Require the Hawaii Labor Relations Board to provide written notice of a hearing to all parties by first class mail at least fifteen days before the date of a scheduled hearing to assist in streamlining the notification process; and
- (2) Make housekeeping amendments to the law relating to the scope of negotiations between the public employer and the exclusive representative to conform to existing law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawaii Labor Relations Board.

Your Committee finds that the Hawaii Labor Relations Board currently uses registered or certified mail to provide notice to interested parties of a scheduled hearing. The Department of Labor and Industrial Relations testified that the Hawaii Labor Relations Board spends \$3,600 a year for postage expenses. This measure requires the Board to provide notice via first class mail, which will allow the Board to realize savings of seventy-seven percent, or about \$2,200 per year, and more efficiently allocate resources. The money from the postage savings could be used by the Board to develop an electronic filing system.

Your Committee has amended this measure by deleting its contents and replacing them with language from S.B. No. 868, S.D. 1 (Regular Session 2013), which has substantially similar language except for a reference to hearings pursuant to chapter 91, Hawaii Revised Statutes, rather than chapter 89, Hawaii Revised Statutes; an effective date of July 1, 2050; and technical, nonsubstantive differences.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 924, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 924, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 964      Judiciary and Labor on H.B. No. 546**

The purpose and intent of this measure is to convene a task force in the Department of Budget and Finance to examine the unfunded liability of the Hawaii employer-union health benefits trust fund.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees; Department of Human Resources, City and County of Honolulu; Hawaii State Teachers Association; and five individuals. One individual submitted comments on this measure.

Your Committee finds that the unfunded liability of the Hawaii employer-union health benefits trust fund (EUTF) is substantial and requires collaboration and ingenuity to resolve. This measure will establish and empower a task force to address this critical issue.

Your Committee hopes that the work of the task force proposed under this measure will provide the Legislature with short- and long-term viable options of various dimensions to reduce the EUTF unfunded liability. Your Committee believes that a variety of options will assist the Legislature in developing more aggressive and effective solutions, similar to the solutions developed and enacted to reduce the unfunded liability of the Employees' Retirement System.

Your Committee has amended this measure by:

- (1) Adopting the amendment suggested by the Hawaii State Teachers Association and several members of the Hawaii State Teachers Association-Retired to:
  - (A) Delete the State's Chief Negotiator, or the Chief Negotiator's designee, as a member of the task force; and
  - (B) Add a member representing public employee retirees to the task force;
- (2) Clarifying that the unspecified appropriation to support the task force shall take effect on July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 546, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 965      Judiciary and Labor on H.B. No. 152**

The purpose and intent of this measure is to: amend section 386-21(c), Hawaii Revised Statutes, to increase the maximum liability of the employer for workers' compensation charges for medical care, services, and supplies to one hundred thirty percent of fees prescribed in the Medicare Resources Based Relative Value Scale system applicable to Hawaii.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; International Longshore and Warehouse Union, Local 142; Hawaii State AFL-CIO; Hawaii Laborers' Union; Kaiser Permanente Hawaii; Hawaii Medical Association; Healthcare Association of Hawaii; Work Injury Medical Association of Hawaii; Hawaii State Chiropractic Association; Hawaii Injured Workers Association; InVision Imaging; and three individuals. Testimony in opposition to this measure was submitted by the Department of Human Resources Development; Department of Human Resources, City and County of Honolulu; Property Casualty Insurers Association of America; Hawaiian Electric Co., Inc. and its subsidiaries; Hawaii Insurers Council; and The Chamber of Commerce of Hawaii. The Department of Commerce and Consumer Affairs submitted comments on this measure.

Your Committee finds that existing law restricts the charges for medical care, services, and supplies from exceeding one hundred ten percent of the fees prescribed in the Medicare Resource Based Relative Value Scale that are applicable to Hawaii. However, over time, the reimbursement rates of providers have failed to keep pace with the higher costs of medical care that have led some physicians to opt out of providing treatment to injured workers in the workers' compensation system. The Department of Labor and Industrial Relations indicated in written testimony that the United States Department of Labor's Office of Workers' Compensation Program Medical Fee Schedule conversion factor for Hawaii was one hundred forty three percent of Medicare in 2012, which indicates the need to allow for the charges to be increased beyond the one hundred ten percent currently allowed under law. This measure will increase the reimbursement rate to more adequately align the workers' compensation medical fee schedule with the current cost of health care.

Your Committee notes the concerns raised in the written testimony submitted by the Department of Human Resources Development that this measure may result in significant cost implications on state funds appropriated for workers' compensation. The Department testified that an across-the-board increase for services that fall under the Medicare fee schedule will drive medical costs higher and will likely require an increase in the Department's general fund appropriation under program ID HRD 102 to pay for claims under chapter 386, Hawaii Revised Statutes. The Department testified that this measure would result in an increase of \$468,000 annually, which would require an increase in general fund appropriations. Your Committee encourages your Committee on Ways and Means, should the Committee schedule this measure for a hearing, to consider the fiscal implications this measure may have on the Department of Human Resources Development and appropriately reflect this increase in the state budget.

Your Committee has amended this measure by inserting an effective date of July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 152, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 152, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 966      Judiciary and Labor on H.B. No. 436**

The purpose and intent of this measure is to clarify that the duly qualified impartial physician appointed by the Director of Labor and Industrial Relations to examine an injured employee for a workers' compensation claim is a physician whose specialty is appropriate for the injury being examined.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawaii State AFL-CIO; International Longshore and Warehouse Union, Local 142; Plumbers and Fitters Union, Local 675; Work Injury Medical Association of Hawaii; and Hawaii Medical Association. Testimony in opposition to this measure was submitted by the Department of Human Resources, City and County of Honolulu; and Property Casualty Insurers Association of America. The Department of Human Resources Development submitted comments on this measure.

Your Committee finds that existing law does not specify that a physician appointed by the Director of Labor and Industrial Relations for a workers' compensation claim must be a physician whose specialty is appropriate for the injury being examined. This measure provides that a physician knowledgeable in the injury of the claimant will examine the claimant and thereby creates greater efficiencies in the workers' compensation process.

Your Committee has amended this measure by inserting an effective date of July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 436, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 436, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Ihara).

**SCRep. 967      (Majority) Judiciary and Labor on H.B. No. 918**

The purpose and intent of this measure is to permit the Department of Labor and Industrial Relations to temporarily use employment and training fund monies to administer, manage, report, and oversee Title I programs funded under the federal Workforce Investment Act of 1998; as amended (Workforce Investment Act).

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; International Longshore and Warehouse Union, Local 142; and one individual.

Your Committee finds that programs funded under the federal Workforce Investment Act are primarily intended to provide adults, dislocated workers, youth, and other target groups with relevant training programs and intensive job counseling services to better prepare them for new careers. However, the Department of Labor and Industrial Relations testified that since 2011, the amount of funds that may be used to administer Workforce Investment Act programs has been reduced by sixty-seven percent, while the State's responsibilities regarding program management, administration, reporting, and oversight have remained the same. Without supplemental funds, the Department may be unable to fulfill all of its federally mandated responsibilities, which could potentially subject the State to disallowed costs for non-compliance, which can only be repaid by using non-federal funds, thereby increasing the State's general fund liabilities. This measure temporarily allows the Department to use employment and training fund monies to supplement the reduced funding for statewide administration and fulfill its federal responsibilities until a longer-term solution is derived.

Your Committee has amended this measure by:

- (1) Deleting the language in the effective date language regarding the repeal and reenactment of section 383-128, Hawaii Revised Statutes;
- (2) Inserting an effective date of July 1, 2013; and
- (3) Making a technical, nonsubstantive amendment for the purpose of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 918, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 918, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 968      Judiciary and Labor on H.B. No. 928**

The purpose and intent of this measure is to clarify the classification of certain funds of the Department of Labor and Industrial Relations as trust funds.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Office of the Auditor, and one individual.

Your Committee finds that Auditor Report No. 12-10 found, among other things, that certain funds administered by the Department of Labor and Industrial Relations were classified and operating inconsistently from their statutory designation. The State Auditor

recommended that the Department clarify the classification of these funds. By reclassifying certain special funds of the Department as trust funds, this measure will avoid any confusion in the proper administration of these funds.

Your Committee has amended this measure by clarifying that this measure proposes to reclassify four, not five, funds of the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 928, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 928, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Ihara).

**SCRep. 969 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1282**

The purpose and intent of this measure is to expand the scope of eligibility requirements for the Hawaii Medal of Honor to include additional service members.

Your Committee received testimony in support of this measure from the Veterans of Foreign Wars and National Association for Uniformed Services.

Your Committee finds that the awarding of the Hawaii Medal of Honor expresses the deep appreciation and gratitude of the people of Hawaii to the loved ones of members of the military who sacrificed their lives in defense of the nation and its freedom. This measure expands the eligibility requirements that allow an individual who was killed in action to receive the Hawaii Medal of Honor. Specifically, this measure allows those individuals who were killed in action while providing direct support to military operations in a combat zone, or performing under hostile fire or imminent danger if the duty performed would have qualified the individual for special military pay.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1282, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 970 Judiciary and Labor on H.B. No. 776**

The purpose and intent of this measure is to amend section 662-5, Hawaii Revised Statutes, to authorize the State, when sued in a tort action, to demand a jury trial in the same manner and to the same extent as a private individual under like circumstances.

Your Committee received testimony in support of this measure from the Department of the Attorney General. The Hawaii Association for Justice submitted written comments on this measure.

Your Committee finds that existing law provides that tort claims against the State are to be tried by the court without a jury unless the State and the individual bringing the claim agree to a jury trial. Neither party has the right to unilaterally demand a jury trial. Private individuals sued in a tort action may demand jury trials under existing law or may waive that right. However, the State is not provided the same opportunity to demand or waive a jury trial in tort actions under like circumstances because the State does not have the same rights.

A private individual, in consultation with the individual's attorney, is in the best position to determine whether the claim against the individual and the issue involved should be tried by a jury or a judge. Because the State is supposed to be sued and held liable in the same manner and to the same extent as private individuals, your Committee further finds that the State ought to have the same right to demand jury trials. This measure puts the State on equal footing with other private individuals sued in a tort action and an opportunity for consistent and equitable decisions and judgments.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 776, H.D. 2, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 971 Agriculture on H.B. No. 487**

The purpose and intent of this measure is to expand the livestock revitalization program by, among other things:

- (1) Providing subsidies for feed used in the production of goat's milk, sheep, lamb, fish, and crustaceans;
- (2) Lowering the required minimum flock or herd size necessary for a producer to qualify for the livestock subsidy;
- (3) Providing grants to qualified feed developers; and
- (4) Appropriating funds to the livestock revitalization program.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau Federation, Big Island Dairy, Maui Cattlemen's Association, Hawaii Aquaculture and Aquaponics Association, Ulupono Initiative, Petersons' Upland Farm, Maili Moa LLC, 4 Ag Hawaii, and twenty-one individuals. Your Committee received testimony in opposition to this measure from six individuals.

Prior to holding a hearing on this measure, your Committee made available for public review a proposed S.D. 1, which amended the measure by adding the contents of S.B. 753, S.D. 2, which:

- (1) Authorizes the Department of Agriculture to dispose of lands to and negotiate and enter into leases with the Agribusiness Development Corporation; and
- (2) Exempts non-agricultural park lands disposed of by the Department of Agriculture to the Agribusiness Development Corporation from section 166E-8(b)(2) and (5), Hawaii Revised Statutes, under certain conditions.

Your Committee received comments on the proposed S.D. 1 from the Agribusiness Development Corporation.

Your Committee finds that one of the biggest challenges to the livestock industry is the rising cost of feed for livestock production. Numerous dairies and egg farms have closed down in recent years due primarily to rising feed costs. Providing a subsidy for feed development and costs will revitalize Hawaii's livestock industries and help keep fresh, locally produced milk, eggs, beef, pork, poultry, sheep, goat, fish, and crustaceans available to Hawaii residents.

Your Committee further finds that maximizing the Department of Agriculture's ability to lease lands under its control to the Agribusiness Development Corporation will assist the Agribusiness Development Corporation in administering a cooperative and comprehensive agribusiness development program that, among other things, will provide farmers with land, create jobs, and reduce the State's dependence on imported foods.

Accordingly, your Committee has amended this measure by adopting the proposed S.D. 1.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 487, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 487, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (English, Slom).

**SCRep. 972 (Joint) Agriculture and Energy and Environment on H.B. No. 154**

The purpose and intent of this measure is to appropriate funds for and authorize the Chairperson of the Board of Agriculture to establish a two-year industrial hemp remediation and biofuel crop pilot program.

Your Committees received testimony in support of this measure from the Department of Agriculture, Hawaii Farmers Union United, Pacific Biodiesel Technologies, American Civil Liberties Union of Hawaii, and twenty-four individuals. Your Committees received comments on this measure from the Department of Public Safety and two individuals.

Your Committees find that agricultural operations in the past have left toxins in vast amounts of land in Hawaii. Your Committees further find that hemp is a superior phytoremediator because it grows quickly and extracts toxins from the soil without the need to remove contaminated topsoil. Industrial hemp is also an environmentally friendly and efficient feedstock for biofuel. Your Committees conclude that a hemp remediation and biofuel crop pilot program will enhance the quality of agricultural lands and increase biodiesel fuel supplies. The Department of Agriculture expressed concerns, however, regarding the necessary administrative requirements imposed by the State's Narcotics Enforcement Division and the federal Drug Enforcement Administration on Cannabis products, including hemp, and the fact that the Department of Agriculture does not have experience in obtaining a controlled substance registration or in growing hemp. Accordingly, your Committees have amended this measure by:

- (1) Authorizing the Director of the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa, rather than the Chairperson of the Board of Agriculture, to establish and direct the two-year industrial hemp remediation and biofuel crop pilot program;
- (2) Changing the expending agency of the appropriation to the University of Hawaii; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 154, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 154, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 5. Noes, none. Excused, none.

**SCRep. 973 Agriculture on H.B. No. 747**

The purpose and intent of this measure is to provide a general excise tax exemption for amounts received for the slaughter and processing of poultry and livestock produced in the State and to be consumed in the State.

Your Committee received testimony in support of this measure from Hawaii Cattlemen's Council, Inc.; Maui Cattlemen's Association; Hawaii Farm Bureau Federation; Hawaii Aquaculture and Aquaponics Association; Big Island Dairy; Palani Ranch Company; Ulupono Initiative; 4 Ag Hawaii; and four individuals. Your Committee received comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Prior to holding a hearing on this measure, your Committee made available for public review a proposed S.D. 1, which amends the measure by inserting language from:

- (1) S.B. No. 709, S.D. 1 (Regular Session 2013), which amends section 163D-17, Hawaii Revised Statutes, to leave unspecified the Agribusiness Development Corporation's limit on investments in qualified securities of any one enterprise; and
- (2) S.B. No. 754, S.D. 2 (Regular Session 2013), which makes an appropriation for an unspecified amount for the Agribusiness Development Corporation to purchase unspecified agricultural land.

Your Committee received comments on the proposed S.D. 1 from the Department of the Attorney General, Department of Taxation, Agribusiness Development Corporation, and Tax Foundation of Hawaii.

Your Committee finds that increasing the limit on investments of monies in the Hawaii agricultural development revolving fund in securities of any one enterprise, pursuant to part II of the proposed S.D. 1, would allow the Agribusiness Development Corporation more flexibility to provide monetary forms of assistance and to purchase qualified securities so that it may assist struggling farmers who lack capital to improve and modernize their facilities. Your Committee further finds that funding appropriated to the Agribusiness Development Corporation, pursuant to part III of the proposed S.D. 1, would assist the Agribusiness Development Corporation in acquiring lands recently placed for sale by Dole Food Company, Inc., to ensure that these lands are maintained for agricultural activities in perpetuity. Providing farmers access to these lands through long-term leases will allow farmers to obtain the necessary capital to expand agricultural activities and maximize farm yields.

Your Committee noted concerns, however, regarding the constitutionality of the amendments to section 237-24.3, Hawaii Revised Statutes, regarding the general excise tax.

Accordingly, your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Deleting part I of the measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 747, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 747, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (English, Slom).

**SCRep. 974 Water and Land on Gov. Msg. Nos. 591, 592, and 593**

Recommending that the Senate advise and consent to the nominations of the following:

KOKE'E STATE PARK ADVISORY COUNCIL

G.M. No. 591 CHARLES WICHMAN, JR., for a term to expire 6-30-2016;

G.M. No. 592 KATHRYN CASSEL, for a term to expire 6-30-2016; and

G.M. No. 593 WAYNE SOUZA, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Charles Wichman, Jr., Kathryn Cassel, and Wayne Souza to possess the requisite qualifications to be nominated to the Koke'e State Park Advisory Council.

CHARLES WICHMAN, JR.

Your Committee received testimony in support of the nomination of Charles Wichman, Jr., from the Department of Land and Natural Resources; University of Hawaii College of Tropical Agriculture and Human Resources, Kauai; Kauai Watershed Alliance; The Nature Conservancy; Princeville Resort; Grove Farm Company, Inc.; and six individuals.

Charles Wichman, Jr., is the Director and Chief Executive Officer of the National Tropical Botanical Garden, headquartered in Kalaheo, Kauai. For his entire adult life, Mr. Wichman has worked to preserve the precious natural and cultural resources of Hawaii, where he was born and raised. In 1999, Mr. Wichman and his wife were honored by the State Legislature for the restoration of Pi'ilanihale Heiau, the largest and one of the most sacred cultural sites in Hawaii. They subsequently developed an award winning site management plan for this sacred site.

KATHRYN CASSEL

Your Committee received testimony in support of the nomination of Kathryn Cassel from the Department of Land and Natural Resources, The Nature Conservancy, and two individuals.

Kathryn Cassel is the Founder of the Koke'e Resource Conservation Program and served as the Program Coordinator from 1998-2009. Her duties were to coordinate all aspects of program management; solicit, orient, and supervise volunteers; generate media, grant requests, and reports; manage budget and cash flow, permit requests; handle helicopter surveys; perform remote field work and program development; develop community support and solicit donations; ensure maintenance of databases and archives; plan, supervise, and coordinate activities of staff and volunteers in the field; and act as catalyst to elicit cooperation from diverse individuals and groups and to effectively cooperate with different agencies/organizations.

WAYNE SOUZA

Your Committee received testimony in support of the nomination of Wayne Souza from the Department of Land and Natural Resources, Koke'e Museum, and two individuals. Your Committee received testimony in opposition to the nominee from one individual.

Wayne Souza is a retired Park Planner and Kauai Parks District Superintendent with the Division of State Parks, Department of Land and Natural Resources, where he served from 1974 to 2009. His interests are focused on conservation biology, natural history, history (including local history), and Hawaiian culture.

Your Committee contacted Mr. Souza by conference call to respond to the testimony in opposition to his nomination. Your Committee directed questions to him, which he answered in a straight-forward manner. Your Committee is satisfied with his explanations. Furthermore, the Department of Land and Natural Resources testified that Mr. Souza makes careful and well thought out decisions that are advisory by nature, as is the Commission's duty under the law.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 591 and 592:  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ihara).

For Gov. Msg. No. 593:  
Ayes, 5. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 975 Higher Education on Gov. Msg. Nos. 538, 631, 632, 633, and 634**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

- G.M. No. 538 FREDERICK HOLSCHUH, for a term to expire 6-30-2015;
- G.M. No. 631 ALBERT KIM, for a term to expire 6-30-2015;
- G.M. No. 632 NADINE NISHIOKA, for a term to expire 6-30-2015;
- G.M. NO. 633 CLAUDE ONIZUKA, for a term to expire 6-30-2016; and
- G.M. No. 634 CHRISTOPHER WONG, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Frederick Holschuh, Albert Kim, Nadine Nishioka, Claude Onizuka, and Christopher Wong to possess the requisite qualifications to be nominated to the Hawaii Commission for National and Community Service (Commission).

FREDERICK HOLSCHUH

Your Committee received testimony in support of the nomination of Frederick Holschuh from the Governor, University of Hawai'i System, Hawaii Commission for National and Community Service, and three individuals.

Your Committee finds that Mr. Holschuh received a Bachelor's degree in Biology from Rensselaer Polytechnic Institute. He went on to receive his Doctorate of Medicine from Columbia University.

Mr. Holschuh served as an emergency physician for thirty years on the island of Hawaii, retiring in 2001. He also served on the Hawaii County Council from 2002 through 2006.

Over the years, Mr. Holschuh has been involved in a number of community and professional organizations in such wide-ranging areas as domestic violence, substance abuse, HIV/AIDS, mental health, traffic safety, emergency medical services, dental care, and elder care. He has also done medical missionary work in the People's Republic of China and Guatemala.

Mr. Holschuh has received numerous honors, including the 2002 Governor's Kilohana Award for Volunteerism.

Mr. Holschuh has dedicated his life to the care and treatment of others, and his passion for community service and helping others will further benefit the work of the Commission.

ALBERT KIM

Your Committee received testimony in support of the nomination of Albert Kim from the Governor, University of Hawai'i System, Hawaii Commission for National and Community Service, and one individual.

Your Committee finds that Mr. Kim attended both Honolulu and Kapiolani Community Colleges as well as the University of Hawaii at Manoa and is a graduate of the University of Phoenix with a Bachelor's degree in Business Administration.

Mr. Kim is the Chief Executive Officer of Orient Travel Inc., and Orient Travel Bureau Inc., and has been in the travel business for over twenty years.

Mr. Kim is active in numerous professional and community organizations, including the Korean Tourism Association of Hawaii, Korean Seniors Cultural Center, and Honolulu Hibiscus Lions Club.

Mr. Kim is a current member of the Commission, and his dedication to public service and his entrepreneurial spirit continue to make him an asset to the Commission.

NADINE NISHIOKA

Your Committee received testimony in support of the nomination of Nadine Nishioka from the Governor, University of Hawai'i System, Hawaii Commission for National and Community Service, and seven individuals.

Your Committee finds that Ms. Nishioka is a graduate of the University of Hawaii at Manoa with a Bachelor's degree in Communication and International Business.

Ms. Nishioka is currently the Director of Operations and Marketing for R&C, LLC, and has had an extensive career in communications and business management.

Ms. Nishioka is currently the Vice Chair of the Commission and has been an active volunteer for over twenty-five years with many organizations, including the Boys and Girls Club of Hawaii, Mo'ili'ili Community Center, and Manoa Neighborhood Board. In 2012, President Barack Obama recognized Ms. Nishioka as a Champion of Change for Lions Club International.

Ms. Nishioka's enthusiasm and commitment to volunteerism continue to make her an invaluable member of the Commission.

CLAUDE ONIZUKA

Your Committee received testimony in support of the nomination of Claude Onizuka from the Governor, University of Hawai'i System, Hawaii Commission for National and Community Service, and four individuals.

Your Committee finds that Mr. Onizuka is a graduate of Konawaena High School and attended Honolulu Business College.

Mr. Onizuka is a veteran of the Vietnam War and served in the United States Army and the Hawaii National Guard.

Mr. Onizuka has served as the Branch Manager for Kona Community Federal Credit Union, Owner and President of Kona International Travel Service, Vice President and Branch Manager at American Savings Bank, and Director of Community and Public Affairs for 1250 Oceanside Partners/The Club at Hokulia.

Mr. Onizuka is also involved in a number of community organizations and is the President of the Astronaut Ellison S. Onizuka Memorial Committee and Director of the Astronaut Ellison S. Onizuka Memorial Committee, Los Angeles.

Mr. Onizuka's diverse background and his dedication to inspiring future generations will assist the Commission in furthering its mission.

CHRISTOPHER WONG

Your Committee received testimony in support of the nomination of Christopher Wong from the Governor, University of Hawai'i System, Hawaii Commission for National and Community Service, and six individuals.

Your Committee finds that Mr. Wong is a graduate of Hawaii Pacific University with a Bachelor's degree in Business Administration and is currently a candidate for a Master's degree in Business Administration and Organizational Change at Hawaii Pacific University.

Mr. Wong most recently served as a Marketing and Public Relations Specialist for the Hawaiian Mission Houses Historic Site and Archives. He previously served as the District Executive of the Aloha Council for the Boy Scouts of America. Mr. Wong has extensive professional experience in management, marketing, and fundraising.

Mr. Wong currently serves on the Commission and is active in the community and volunteers with organizations such as Hawaii Special Olympics and Hawaii Food Bank. He has also served as the Chair of the Kalihi Valley Neighborhood Board No. 16; a member of the Board of Directors of the Hawaii Museums Association; and the State Coordinator for World Diabetes Day from 2007 through 2010.

Mr. Wong's active involvement in the community and emphasis on public service support his continued service on the Commission.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Tokuda, Slom).

**SCRep. 976 (Joint/Majority) Economic Development, Government Operations and Housing and Energy and Environment on H.B. No. 800**

The purpose and intent of this measure is to make an emergency appropriation in the amount of \$145,000 to the Department of Business, Economic Development, and Tourism from the energy security special fund for the purpose of staffing and supporting the Hawaii Refinery Task Force to address possible market disruptions to Hawaii's supply of motor vehicle fuel.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committees received testimony in opposition to this measure from two individuals.

Prior to the hearing on this measure, your Committees made available for public review a proposed S.D. 1, which amends the measure by changing the amount of the emergency appropriation from \$145,000 to an unspecified amount.

Your Committees find that Tesoro Hawaii will be closing its Kapolei refinery, leaving only one other refinery in the State. Your Committees agree that it is necessary to fund the Hawaii Refinery Task Force, which is charged with helping the State plan and prepare for possible changes in Hawaii's refining capacity, but find that the amount of the emergency appropriation should be changed from \$145,000 to an unspecified amount in order to facilitate further discussion on the matter.

Your Committees have amended this measure by adopting the proposed S.D. 1.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 800, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 800, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Chun Oakland, English).

Energy and Environment  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Chun Oakland).

**SCRep. 977 (Joint/Majority) Economic Development, Government Operations and Housing and Technology and the Arts on H.B. No. 726**

The purpose and intent of this measure is to strengthen the film industry in Hawaii by:

- (1) Amending the amount of the motion picture, digital media, and film production income tax credit to an unspecified amount for qualified productions in all counties;
- (2) Amending the amount of the total tax credits that may be claimed per qualified production to an unspecified amount; and
- (3) Extending the sunset date of the motion picture, digital media, and film production income tax credit from January 1, 2016, to January 1, 2023.

Your Committees received testimony in support of this measure from the Maui County Mayor. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; and Tax Foundation of Hawaii.

Prior to the hearing on this measure, your Committees made available for public review a proposed S.D. 1, which replaced the contents of this measure with S.B. No. 463, S.D. 2, which:

- (1) Extends the motion picture, digital media, and film production income tax credit from January 1, 2016, to January 1, 2023;
- (2) Repeals the credit ceiling per qualified production;
- (3) Changes the credit amount from 15 percent to an unspecified amount in a county with a population over 700,000, and from 20 percent to an unspecified amount in a county with a population of 700,000 or less;
- (4) Creates a tax credit for media infrastructure projects in West Oahu or the most populous island in a county with a population between 100,000 and 175,000, from July 1, 2013, to January 1, 2016;
- (5) Provides for recapture of the media infrastructure project tax credit under certain conditions;
- (6) Establishes the Hawaii film office special fund for management of media infrastructure project tax credits and related programs; and
- (7) Requires analysis and reporting by the Department of Taxation on the effectiveness of the media infrastructure project tax credit.

Your Committees received testimony in support of the proposed S.D. 1 from NBC Universal Media, LLC. Your Committees received testimony in opposition to the proposed S.D. 1 from the Tax Foundation of Hawaii. Your Committees received comments to the proposed S.D. 1 from the Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Department of Taxation; SAG-AFTRA Hawaii, International Alliance of Theatrical Stage Employees Mixed, Local 665; American Federation of Musicians, Local 677; and Hawaii Teamsters, Local 996.

Your Committees find that it is important to strike a careful balance between fostering the growth of the motion picture, television, and digital media industries and creating a drain on the state treasury.

Therefore, your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Reinserting the credit ceiling on qualified productions, but increasing the ceiling to \$12,000,000 per qualified production; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 726, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 726, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing

Ayes, 3. Noes, 1 (Slom). Excused, 3 (Baker, Chun Oakland, English).

Technology and the Arts

Ayes, 2. Noes, 1 (Slom). Excused, 2 (Gabbard, Tokuda).

**SCRep. 978 Economic Development, Government Operations and Housing on H.B. No. 858**

The purpose and intent of this measure is to make an appropriation in an unspecified amount for fiscal years 2013-2014 and 2014-2015 to the Hawaii Strategic Development Corporation to implement an investment program, the HI Growth Initiative, to diversify and strengthen the local economy.

Your Committee received testimony in support of this measure from the Governor; Department of Business, Economic Development, and Tourism; Hawaii Strategic Development Corporation; High Technology Development Corporation; Akamai Capital; Aku Shaper; BizGym; Blue Startups; Cardax Pharmaceuticals; Enterprise Honolulu; Hawaii Angels; Hawaii Food Industry Association; Hawaii Innovation Alliance; Hawaii Venture Capital Association; HiBEAM; Hyperspective Studios; Internet Society; Lady Ease DBS Ease Collection; The Queen's Health Systems; Startup Capital Ventures; Startup HUI; Thurstcysle Enterprises, LLC; Waikiki Aloe; What Would MacGyver Do? Productions; ZenMoney; and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Hawaii needs new strategies to develop long-term economic growth and high-wage jobs. In cooperation with the private sector, the HI Growth Initiative will help to develop high growth businesses by focusing on research commercialization, entrepreneur mentoring, and start-up capital mobilization.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 858, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Wakai).

**SCRep. 979 Economic Development, Government Operations and Housing on H.B. No. 473**

The purpose and intent of this measure is to make existing state business tax credits, general excise tax exemptions, and local incentives available to qualified Natural Energy Laboratory of Hawaii Authority research and technology park businesses and projects in the same enterprise zone.

Your Committee received testimony in support of this measure from the Natural Energy Laboratory of Hawaii Authority and one individual. Your Committee received comments on this measure from the Hawaii Strategic Development Corporation, High Technology Development Corporation, Tax Foundation of Hawaii, and one individual.

Prior to the hearing on this measure, your Committee made available for public review a proposed S.D. 1, which amends the measure by deleting its contents and replacing them with language that:

- (1) Requires the Natural Energy Laboratory of Hawaii Authority to enter into an inter-agency agreement, memorandum of agreement, or memorandum of understanding with the Hawaii Strategic Development Corporation and High Technology Innovation Corporation;
- (2) Permits the Natural Energy Laboratory of Hawaii Authority to develop, enter into, and implement inter-agency agreements with the Department of Business, Economic Development, and Tourism without the need for a memorandum of agreement or memorandum of understanding; and
- (3) Requires certain terms to be included in any contract between the Natural Energy Laboratory of Hawaii Authority and any state agencies, offices, departments, or other administrative subdivisions.

Your Committee received comments on the proposed S.D. 1 from the Hawaii Strategic Development Corporation, High Technology Development Corporation, and Natural Energy Laboratory of Hawaii Authority.

Your Committee finds that it is important to encourage the growth of the technology sector in Hawaii. The proposed S.D. 1 will increase the collaboration between the Natural Energy Laboratory of Hawaii Authority and the Department of Business, Economic Development, and Tourism and promote the efficient use of available resources. Your Committee finds, however, that current statutes already allow for cooperation between state agencies. Also, the Natural Energy Laboratory of Hawaii Authority, Hawaii Strategic Development Corporation, and High Technology Development Corporation all currently have representation on each other's boards of directors.

Therefore, your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Deleting the language that would have required the Natural Energy Laboratory of Hawaii Authority to enter into an inter-agency agreement, memorandum of agreement, or memorandum of understanding with the Hawaii Strategic Development Corporation and High Technology Innovation Corporation; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 473, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 473, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Wakai).

**SCRep. 980 (Joint) Agriculture and Energy and Environment on H.B. No. 673**

The purpose and intent of this measure is to:

- (1) Require the Department of Agriculture to post information on its website regarding restricted use pesticides in the State; and
- (2) Require the Legislative Reference Bureau to conduct a study regarding other states' pesticide reporting and registration requirements and report its findings to the Legislature.

Your Committees received testimony in support of this measure from the Hawaii Organic Farming Association, Aurora Foundation, Kauai Beekeeper's Association, Pesticide Action Network North America, and seventy-four individuals. Your Committees received testimony in opposition to this measure from Hawaii Aquaculture and Aquaponics Association; Ka'u Farm Bureau; Dole Food Company, Inc.; Dupont Pioneer; and three individuals. Your Committees received comments on this measure from the Department of Agriculture, Department of Land and Natural Resources, Legislative Reference Bureau, Hawaii Pest Control Association, and four individuals.

Your Committees find that reporting and disclosing restricted pesticide use will better inform the community and allow concerned residents to take necessary precautions against the possible harmful effects of pesticide exposure. However, your Committees also find that a report required by the Legislative Reference Bureau would be administratively burdensome and unnecessary given the federal requirements for recordkeeping in the 1990 Farm Bill and that Hawaii pesticide users must already maintain restricted use pesticide records. Your Committees also note concerns regarding the publishing of private information on its website, such as home telephone numbers and other confidential information.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the information the Department of Agriculture is required to publish on its website is the public information contained in all restricted use pesticide records, reports, or forms submitted to the Department, except those records, reports, or forms required by the Department for restricted use pesticides used for structural pest control;
- (2) Authorizing the Department of Agriculture to require persons or entities filing pesticide records, reports, or forms to furnish an additional form that is suitable for posting online in response to requests pursuant to the Uniform Information Practices Act (Modified), chapter 92F, Hawaii Revised Statutes (also referred to as UIPA); or the Freedom of Information Act, title 5 United States Code section 552 (also referred to as FOIA);
- (3) Deleting the requirement that the Legislative Reference Bureau conduct a study regarding other states' pesticide reporting and registration requirements and report its findings to the Legislature; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 673, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 673, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 981 Energy and Environment on H.B. No. 899**

The purpose and intent of this measure is to exempt the deposit beverage container special fund from the five percent central services deduction in section 36-27, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Health; County of Hawaii, Department of Environmental Management; County of Kauai, Department of Public Works; Sierra Club; and one individual.

Your Committee finds that the deposit beverage container special fund was originally exempted from the central services deduction so that the entire amount of monies collected through the deposit beverage container program could be used for redemption and program operation. In 2009, the exemption was removed to increase general fund revenues to address the shortfall the State was facing at the time. Your Committee further finds that it is necessary to reinstate the exemption from the five percent central services deduction because deposit revenues should be earmarked solely for return to consumers consistent with the intent of the original legislation and because the deduction has already significantly drained the program's reserve fund.

Your Committee has amended this measure by changing the effective date to July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 899, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 899, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 982 (Joint) Tourism and Hawaiian Affairs and Water and Land on H.B. No. 378**

The purpose and intent of this measure is to make an appropriation for the environmental impact statement associated with the planned beach nourishment project at Kaanapali Beach on Maui; provided that no funds shall be expended unless matched dollar-for-dollar with private funds.

Your Committees received testimony in support of this measure from the Hawaii Tourism Authority and Kaanapali Operations Association. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that eighty percent of Maui's beaches are eroding. Located in West Maui, Kaanapali Beach has experienced chronic severe erosion that has degraded parts of the beach and damaged shoreline infrastructure and amenities. Your Committees further find that visitors to Kaanapali Beach contribute over \$2,000,000,000 to the state and Maui county economies each year.

Your Committees have amended this measure by:

- (1) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 378, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 378, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 983 (Joint) Technology and the Arts and Public Safety, Intergovernmental and Military Affairs on H.B. No. 635**

The purpose and intent of this measure is to require:

- (1) The State and counties to approve, approve with modification, or disapprove all broadband-related permits within sixty business days, or one hundred twenty business days for a conservation district use application, of submission of an application and applicable fee;
- (2) That the application be deemed approved if no action is taken by the permitting authority within sixty business days, or one hundred twenty business days for a conservation district use application for broadband facilities; and
- (3) Public Utilities use reasonable best efforts to comply with safety and engineering standards for permitted projects.

Your Committees received testimony in support of this measure from the Public Utilities Commission; Department of Business, Economic Development, and Tourism; Office of Information Management and Technology; Department of Land and Natural Resources; Hawaiian Telcom; Oceanic Time Warner Cable; TW Telecom; Hawaiian Electric Company; and one individual.

Your Committees find that it is critical to increase Hawaii's current broadband capacity. This measure expedites the approval process for broadband-related permits while maintaining utility pole public safety standards.

Your Committees have amended this measure by:

- (1) Limiting the State and counties to sixty days and one hundred twenty days, rather than business days, to take action on applications for non-conservation district use applications and conservation district use applications, respectively, for broadband-related permits;
- (2) Requiring the State and counties to take action on use applications for broadband facilities for the protective subzones of the conservation district within ninety days of submission of an application and any applicable fees;
- (3) Clarifying that applicants shall comply with all applicable safety and engineering requirements relating to broadband-related infrastructure; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 635, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 635, H.D. 2, S.D. 1, and be referred to the Committees on Commerce and Consumer Protection and Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 984 (Joint/Majority) Economic Development, Government Operations and Housing and Technology and the Arts on H.B. No. 70**

The purpose and intent of this measure is to foster the growth of high technology industries by deleting the repeal of the High Technology Innovation Corporation, which is scheduled to take effect on June 30, 2013.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; High Technology Development Corporation; and High Technology Innovation Corporation.

Prior to the hearing on this measure, your Committees made available for public review a proposed S.D. 1, which amends the measure by:

- (1) Extending the sunset date of the High Technology Innovation Corporation from June 30, 2013, to June 30, 2018, rather than deleting the repeal of the High Technology Innovation Corporation;
- (2) Inserting language to amend the composition of the Board of Directors of the High Technology Innovation Corporation;
- (3) Inserting language to establish a workforce development training program tax credit that provides a tax credit for on-the-job training to new hires in the motion picture, television, and digital media industries;
- (4) Inserting language to extend the sunset date of the motion picture, digital media, and film production income tax credit from January 1, 2016, to January 1, 2025;
- (5) Inserting language to amend the definitions of “digital media” and “qualified production” and “qualified production costs” for the purposes of the motion picture, digital media, and film production income tax credit;
- (6) Inserting language to make an appropriation in an unspecified amount for fiscal years 2013-2014 and 2014-2015 for the implementation of the workforce development training program tax credit from the general fund;
- (7) Inserting language to establish the Public-Private Partnership Authority;
- (8) Inserting language to require the Public-Private Partnership Authority to initiate two pilot programs and limit the Public-Private Partnership Authority to the implementation of the two pilot programs; and
- (9) Inserting language to make an appropriation in an unspecified amount for fiscal years 2013-2014 and 2014-2015 to establish and fund the Public-Private Partnership Authority.

Your Committees received testimony in support of the proposed S.D. 1 from the Department of Labor and Industrial Relations; Department of Land and Natural Resources; Hawaii Strategic Development Corporation; High Technology Development Corporation; High Technology Innovation Corporation; ILWU, Local 142; Land Use Research Foundation of Hawaii; and Natural Energy Laboratory of Hawaii Authority. Your Committees received testimony in opposition to the proposed S.D. 1 from Life of the Land, Tax Foundation of Hawaii, and six individuals. Your Committees received comments on the proposed S.D. 1 from the Department of the Attorney General; Department of Business, Economic Development, and Tourism; and Department of Taxation.

Your Committees find that the High Technology Innovation Corporation is a public not-for-profit corporate body designed to facilitate the growth and development of the commercial high technology industry in Hawaii. While the Corporation currently has a voluntary moratorium on all activities, it does not cost the State money to maintain and provides the State with valuable financial leverage, operating as a vehicle to receive tax-deductible donations. Your Committees received testimony and recommendations to improve the structure and operation of the Corporation’s Board of Directors by including private industry members on the Board.

While your Committees received testimony supporting the extension of the sunset date of the motion picture, digital media, and film production tax credit, they encountered opposition to the workforce development program tax credit. During the hearing on this measure, your Committees heard testimony from the Screen Actors Guild and one studio that the training of motion picture, television, and digital media crew members are and should be governed by a collective bargaining agreement, not by statute.

Finally, your Committees find that there is great need for an agency like the Public-Private Partnership Authority, which can bridge the gap between public agencies and the private sector, provide coordination and guidance, and help ensure that underutilized land is developed in an efficient yet socially responsible manner. There were concerns from the Department of the Attorney General, however, that the proposed S.D. 1 should be clarified as to the composition of the Board of Directors of the Authority, the powers of the Authority, and the funds that are to be deposited into the general fund.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Amending the composition of the Board of Directors of the High Technology Innovation Corporation so that it consists of nine voting members; substituting the division head of the Creative Industries Division of the Department of Business, Economic Development, and Tourism for the State Film Commissioner of the Hawaii Film Office; and adding two board members from the private business sector, one to be appointed by the Speaker of the House of Representatives and one to be appointed by the President of the Senate;
- (2) Inserting language to amend section 206M-52, Hawaii Revised Statutes, to make the Executive Director and Chief Executive Office of the High Technology Development Corporation the Chairperson of the Board of Directors of the High Technology Innovation Corporation;
- (3) Inserting language to amend section 206M-55, Hawaii Revised Statutes, to provide that the Board of Directors of the High Technology Innovation Corporation shall select its president;
- (4) Inserting language to provide that the terms of the current board members of the High Technology Innovation Corporation shall expire upon enactment of the measure;

- (5) Deleting part II of the proposed S.D. 1, which would have established a workforce development training program tax credit and extended the motion picture, digital media, and film production tax credit;
- (6) Amending the membership of the Board of Directors of the Public-Private Partnership Authority to allow its ex officio members to designate a representative;
- (7) Inserting language to specify that three members of the Public-Private Partnership Authority shall constitute a quorum, and three voting members are required for board action;
- (8) Clarifying that the Public-Private Partnership Authority has the power to make and execute leases;
- (9) Clarifying that all revenues generated by the Public-Private Partnership Authority or on its behalf shall be deposited into the general fund; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 70, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 70, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 6. Noes, 1 (Thielen). Excused, none.

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 985      Tourism and Hawaiian Affairs on H.B. No. 222**

The purpose and intent of this measure is to appropriate funds for the Office of Hawaiian Affairs for the fiscal biennium beginning July 1, 2013, and ending June 30, 2015.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Kanaiolowalu, Na Pua No'eau, Association of Hawaiian Civic Clubs, and five individuals. Na Pua No'eau also submitted a petition with more than two thousand signatures in support of this measure. Your Committee received comments on this measure from one individual.

The primary purpose of appropriations to the Office of Hawaiian Affairs is to provide services and assistance to Native Hawaiians in the form of social services, legal services, educational enrichment programs, health improvement program services, and leveraged opportunities. For the upcoming fiscal biennium, the Office of Hawaiian Affairs is requesting funds for its two new areas of focus, health improvement program services and leveraged opportunities. The Office of Hawaiian Affairs is also requesting an increase in funds for its educational enrichment programs and for personnel and operating costs. Your Committee appreciates the importance of funding the foregoing programs for the benefit of Native Hawaiians.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 222, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 222, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (Hee, Kidani, Slom).

**SCRep. 986      Higher Education on H.B. No. 1071**

The purpose and intent of this measure is to authorize the Governor to request the Candidate Advisory Council for the Board of Regents of the University of Hawaii (Advisory Council) to present additional candidates for nomination to the Board of Regents of the University of Hawaii (Board of Regents) and require the Advisory Council to present the additional candidates within ninety days.

Your Committee received testimony in support of this measure from the Governor and the Regents Candidate Advisory Council for the Board of Regents.

Since the passage of Act 56, Session Laws of Hawaii 2007, to implement the amendments to article X, section 6, of the Hawaii State Constitution, your Committee finds that while the Advisory Council has nominated several outstanding appointees to the Board of Regents, a number of issues have arisen from the method of Regent selection that has hampered the work of the Advisory Council and led to questions regarding the final selection of appointees during the Senate confirmation process. The most recent example is the Senate's rejection of two of the Governor's nominees to the Board of Regents during the Regular Session of 2011.

Your Committee finds that allowing the Governor to request additional candidates for nomination to the Board of Regents will increase the Governor's ability to appoint highly qualified individuals to serve as Regents.

However, your Committee believes that the language in S.B. No. 563, S.D. 3 (Regular Session of 2013), better addresses the challenges facing the current Advisory Council. Specifically, S.B. No. 563, S.D. 3, requires the Advisory Council to provide a list of at least three candidates for each vacancy rather than a minimum of two under the current law. In addition, S.B. No. 563, S.D. 3, does not have a limitation on the number of candidates to be presented to the Governor, whereas the current law restricts the number of candidates presented to four. Your Committee believes that S.B. No. 563, S.D. 3, provides the Governor with greater flexibility in recruiting, selecting, and appointing qualified individuals to serve as Regents and effectively lead the University of Hawaii System.

As such, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 563, S.D. 3, which reconstitutes the form and processes of the Advisory Council by, among other things:

- (1) Establishing the Advisory Council and qualifications for its membership and placing it temporarily in the Office of the Governor for administrative purposes;
- (2) Describing the duties of the Advisory Council and procedures for selecting candidates to fill vacancies on the Board of Regents;
- (3) Amending the membership of the Advisory Council by increasing the number of members of the Advisory Council to be appointed by the Governor from one to five and removing the authority of various constituency groups to appoint members to the Advisory Council;
- (4) Requiring that one member of the Advisory Council be a student of the University who has been enrolled as a full-time student for at least three consecutive semesters;
- (5) Encouraging the President of the Senate, Speaker of the House of Representatives, and Governor to appoint University faculty and staff to the Advisory Council;
- (6) Requiring the Governor and the Senate to consider certain issues and take specific actions when participating in the nomination and confirmation process for the Board of Regents; and
- (7) Repealing section 304A-104.5, Hawaii Revised Statutes, relating to the Advisory Council.

Your Committee has further amended this measure by inserting an effective date of July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1071, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1071, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Ige, Tokuda).

**SCRep. 987 Health on H.B. No. 1483**

The purpose and intent of this measure is to establish a task force that shall conduct a study on the feasibility of allowing the operations of one or more regional systems of the Hawaii Health Systems Corporation, or one or more of its individual health facilities, to transition to public-private ownership status.

Your Committee received testimony in support of this measure from Hawaii Health Systems Corporation, Banner Health, Japanese Chamber of Commerce and Industry of Hawaii, and twenty-seven individuals. Your Committee received testimony in opposition to this measure from United Public Workers, Hawaii Government Employees Association, and seventeen individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Hilo Medical Center, Hawaii Island Beacon Community, Maui Memorial Medical Center, Hale Ho'ola Hamakua, and six individuals.

Your Committee finds that the Hawaii Health Systems Corporation is the fourth largest public hospital system in the nation and operates public health care facilities that provide essential safety-net hospital and long-term care services throughout the State. The Hawaii Health Systems Corporation faces continued financial challenges, necessitating the consideration of various options to improve the quality, efficiency, and availability of health care services in Hawaii. Because of the unique struggles faced by public hospitals, your Committee finds that many states have looked to public-private partnership status as a vehicle to address these issues. Your Committee finds that the exploration of operating the Hawaii Health Systems Corporation as a public-private venture is a worthy pursuit and recommends the appointment of a task force to study the issue further.

Your Committee has amended this measure by:

- (1) Changing the composition of the task force to instead consist of the Director of Health or designee; Attorney General or designee; Director of Finance or designee; Chief Executive Officer of Hawaii Health Systems Corporation or designee; a member of the corporation board of the Hawaii Health Systems Corporation; Director of the State Health Planning and Development Agency; two public sector representatives; and Dean of the John A. Burns School of Medicine or designee;
- (2) Changing the effective date to July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1483, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1483, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Baker).

**SCRep. 988 Health on H.B. No. 1130**

The purpose and intent of this measure is to improve accountability in the health care system, support clear and consistent roles for all regional systems, and create a more balanced multi-board tiered system by shifting the voting powers of the five regional Chief Executive Officers on the Hawaii Health Systems Corporation Board of Directors to community members who are appointed by the Governor.

Your Committee received testimony in support of this measure from Hawaii Health Systems Corporation, United Public Workers, and two individuals.

Your Committee finds that changes in the health care industry and implementation of national health care reform necessitate that the Hawaii Health Systems Corporation Board of Directors (Board) have the necessary flexibility and autonomy needed for community hospitals to compete and remain viable. The Board currently includes five regional Chief Executive Officers who serve as ex-officio, voting members. In light of the successful establishment of the regional system boards, the significant challenges imposed by an ever-changing and complex health care environment, the time required to serve on the Board, and the desire for additional community participation, your Committee finds it appropriate to shift the voting powers of the five regional Chief Executive Officers on the Board to the community members from each of the regional systems.

Your Committee has amended this measure by inserting language to identify the types of expertise that the Board should collectively include.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1130, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Baker).

**SCRep. 989 Health on H.B. No. 910**

The purpose and intent of this measure is to render more efficient the processes surrounding conditional release without adversely impacting defendants' rights, the provision of effective mental health services, or public safety. Specifically, this measure, among other things:

- (1) Requires all public agencies in possession of specified records of a defendant ordered to be examined regarding the defendant's fitness to proceed to provide those records to the Court;
- (2) Limits to one year the period of conditional release ordered for defendants who were charged with a petty misdemeanor, misdemeanor, or violation;
- (3) Requires the tolling of the one-year term of conditional release for defendants charged with a petty misdemeanor, misdemeanor, or violation during any period of hospitalization ordered due to noncompliance with the terms of the conditional release and during the pendency of a motion to revoke the conditional release;
- (4) Requires the period of conditional release to be terminated upon revocation of the conditional release; and
- (5) Requires the Department of Health to report to the Legislature certain information regarding defendants discharged from conditional release.

Your Committee received testimony in support of this measure from the Judiciary, State of Hawaii; Department of Health; Hawaii Disability Rights Center; and Community Alliance for Mental Health. Your Committee received testimony in opposition to this measure from the City and County of Honolulu, Department of the Prosecuting Attorney. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that conditional release means a person has been acquitted of a crime on the ground of a mental disease or disorder, excluding responsibility, but can be controlled adequately and given proper care, supervision, and treatment in the community under specified conditions. When, however, the supervising probation officer of a person on conditional release has probable cause to believe a person is in violation of the conditions of release, the officer may order a person to be hospitalized. Your Committee further finds that there is no time limit on how long a person may remain on conditional release even on misdemeanor charges, despite the fact that the same person, as a defendant found guilty in a court case, would receive a sentence or a period of probation limited to one year or less.

While it is clearly in the public interest to reduce the length of conditional release sentences to a maximum of one year, your Committee notes that there are public safety concerns that must be addressed. Specifically, your Committee notes the difficulties raised by the release of mentally ill persons who may be a danger to themselves or others. To that end, your Committee urges the Department of Public Safety and the Department of Health to collaborate in an effort to partner with private organizations to create a system of evaluation and assistance of mentally ill conditional release patients reentering society.

Your Committee has amended this measure by:

- (1) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 910, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 910, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Chun Oakland, Slom). Noes, none. Excused, none.

**SCRep. 990 Health on H.B. No. 908**

The purpose and intent of this measure is to establish the Hawaii home visiting program within the Department of Health to provide statewide hospital-based screening and home visiting services for families of newborns at risk for poor health and safety outcomes.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Early Learning, Hawaii Family Support Institute, Catholic Charities Hawaii, March of Dimes Foundation, Child and Family Service, and three individuals.

Your Committee finds that home visiting is a prevention strategy used by states and communities to improve the health and well-being of women, children, and families at risk for adverse health and safety concerns, including child abuse and neglect. Early investments in home visiting programs have been shown to reduce costs associated with foster care placements, hospitalizations, emergency room visits, unintended pregnancies, and other more costly outcomes and interventions. Your Committee finds that the establishment of the Hawaii home visiting program will position the Department of Health to participate in the federal grant program, which will bring much-needed federal funding to the State and improve the health and safety of Hawaii's families. Your Committee also notes the importance of restoring the previously budgeted amount of \$3,000,000 to the program, which will ensure the success of the program and the health and security of the State's eligible families.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 908, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 991 Health on H.B. No. 652**

The purpose and intent of this measure is to make the remote dispensary law permanent by deleting the repeal date of January 2, 2014.

Your Committee received testimony in support of this measure from the Board of Pharmacy, Hawaii Pacific Health, Waianae Coast Comprehensive Health Center, and Kaiser Permanente. Your Committee received testimony in opposition to this measure from Hawaii Community Pharmacists Association and one individual.

Your Committee finds that many individuals living in underserved or remote areas need improved access to medications and pharmacy services. Act 212, Session Laws of Hawaii 2008, sought to address these issues by permitting remote dispensing pharmacy operations.

Your Committee notes, however, that the location of remote dispensing pharmacies near retail pharmacies may create operational challenges for retail pharmacies, making it difficult for retail pharmacies to remain profitable. Your Committee further notes that it is unclear the degree to which remote dispensing pharmacies are used by health maintenance organizations throughout the State and that further inquiry is necessary.

Your Committee has amended this measure by:

- (1) Inserting language to amend Act 212, Session Laws of Hawaii 2008, sections 461- (c) and 461- (o), Hawaii Revised Statutes, to change the prohibited area of operation of any new remote dispensing pharmacy from any location within five miles of any pharmacy to any location within ten miles of any pharmacy;
- (2) Amending section 7 of Act 212, Session Laws of Hawaii 2008, to extend the repeal date to January 1, 2016, rather than make the Act permanent; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency;

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 652, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 652, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 992 (Joint) Health and Technology and the Arts on H.B. No. 651**

The purpose and intent of this measure is to amend the Uniform Controlled Substances Act in chapter 329, Hawaii Revised Statutes, by adding definitions consistent with federal law, clarifying the conditions for electronic transmittal of prescriptions, and clarifying violations of prohibited acts.

Your Committees received testimony in support of this measure from the Department of Health, Department of Public Safety, Kaiser Permanente, CVS Caremark, Hawaii Medical Association, and one individual.

Your Committees find that permitting medical practitioners to electronically prescribe controlled substances and to convey the prescription directly to the pharmacy of the patient's choice will provide practitioners with a safer, more secure, and more timely means to prescribe controlled substances. Your Committees further find that the electronic transmission of controlled substances prescriptions is safe and efficient because it eliminates issues associated with forgeries, lost prescription documents, and illegible handwriting.

As affirmed by the records of votes of the members of your Committees on Health and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 651, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chairs on behalf of the Committees.

Health  
Ayes, 4. Noes, none. Excused, 1 (Baker).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 993 Health on H.B. No. 909**

The purpose and intent of this measure is to establish a statewide, comprehensive infant mortality reduction program within the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health, Executive Office on Early Learning, American Congress of Obstetricians and Gynecologists, American Heart Association, Kapiolani Medical Center, and March of Dimes Foundation. Your Committee received testimony in opposition to this measure from Healthcare Association of Hawaii.

Your Committee finds that infant mortality in the State is an issue of serious concern. Your Committee also finds that pre-term deliveries may negatively impact infant mortality rates, but that more information is necessary before determining the best approach for addressing this issue.

Your Committee has amended this measure by:

- (1) Adding a new part establishing a task force that is to be convened by the Department of Health to collect data about the number of elective pre-term deliveries in Hawaii and whether Hawaii needs a point of care newborn screening program;
- (2) Changing the effective date to January 1, 2050; provided that parts I through IV shall take effect on January 1, 2015; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 909, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 909, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 994 (Joint) Agriculture and Judiciary and Labor on H.B. No. 749**

The purpose and intent of this measure is to promote economically competitive activities that increase Hawaii's agricultural self-sufficiency, attractiveness, and workforce opportunities by creating and appropriating funds for the Hawaii Agriculture Workforce Advisory Board within the Department of Labor and Industrial Relations.

Your Committees received testimony in support of this measure from the Department of Agriculture, Department of Labor and Industrial Relations, Hawaii Farm Bureau Federation, National Future Farmers of America Organization, and two individuals. Your Committees received comments on this measure from the Kohala Center.

Your Committees find that a robust agricultural workforce is critical to building a self-sustaining agricultural industry in Hawaii. Since the average age of farmers in Hawaii is approximately sixty years old, the State must promote and train future leaders in the agricultural sector to ensure that Hawaii will have a thriving agricultural industry in the future.

Your Committees have amended this measure by:

- (1) Clarifying that the President of the Hawaii Farm Bureau Federation, rather than a representative, shall be a member of the Hawaii Agriculture Workforce Advisory Board;
- (2) Specifying that section 26-34, Hawaii Revised Statutes, shall apply to the selection of members of the advisory board as appropriate;
- (3) Replacing the abbreviation "FFA" with "Future Farmers of America"; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 749, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 749, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Agriculture  
Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, English, Slom).  
Judiciary and Labor  
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 995 (Joint) Energy and Environment and Economic Development, Government Operations and Housing on H.B. No. 811**

The purpose and intent of this measure is to:

- (1) Improve the ease and efficiency of Energy Industry Information Reporting Act processes for reporting entities by combining all information and registration gathering functions within the Department of Business, Economic Development, and Tourism; and

- (2) Clarify the enforcement and investigatory powers of the Public Utilities Commission following the consolidation of information gathering and registration functions within the Department of Business, Economic Development, and Tourism.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and the Public Utilities Commission.

Your Committees find that the Public Utilities Commission presently administers the registration and information gathering requirements of the Energy Industry Information Reporting Act. The Department of Business, Economic Development, and Tourism also performs similar energy industry information gathering functions under other statutes and has a well-established database system. In the interest of administrative efficiency, your Committees find it beneficial and necessary to transfer the registration and information gathering functions under the Energy Industry Information Reporting Act to the Department of Business, Economic Development, and Tourism. Additionally, in light of the transfer of information gathering responsibilities proposed by this measure, your Committees find that the attendant enforcement duties should be referred to the Attorney General.

Your Committees have amended this measure by changing the effective date to July 1, 2013.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 811, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 811, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

Economic Development, Government Operations and Housing

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, English).

**SCRep. 996 Technology and the Arts on H.B. No. 358**

The purpose and intent of this measure is to:

- (1) Require both chambers of the Legislature to establish rules to enable the Legislature to receive at legislative committee hearings live oral testimony from neighbor island residents through audio or audiovisual technology;
- (2) Require each chamber to seek out agency sites that have audio or audiovisual capability that could be used for the presentation of live testimony; and
- (3) Appropriate funds to establish audiovisual systems throughout the State to enable neighbor island residents to present oral testimony at legislative committee hearings.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Office of Information Management and Technology, Common Cause Hawaii, Hawaiian Shores Community Association, and nine individuals.

Your Committee finds that traveling to Honolulu from neighbor islands to give testimony to the Legislature in person is often expensive and time consuming. This measure embraces available technology to engage and encourage neighbor island residents to participate in the legislative process.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 358, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 997 Technology and the Arts on H.B. No. 762**

The purpose and intent of this measure is to:

- (1) Designate the Department of Accounting and General Services as the entity responsible for preserving and protecting Washington Place; and
- (2) Establish the Washington Place trust fund for the preservation and protection of Washington Place.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services.

Your Committee finds that in 2012, funding for the management and operation of Washington Place was transferred to the Department of Accounting and General Services. This measure codifies the transfer and requires that all rents and fees collected for the use of Washington Place be deposited into a trust fund for the repair, maintenance, and upkeep of the facility.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 762, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 998 Human Services on H.B. No. 266**

The purpose and intent of this measure is to establish and provide appropriations for a statewide language access resource center and multilingual website pilot project to be administered by the Office of Language Access.

Your Committee received testimony in support of this measure from the Department of Human Resources Development, Hawaii Public Housing Authority, Office of Language Access, Hawaii Civil Rights Commission, Office of Language Access Advisory Committee, American Translators Association, Catholic Charities Hawaii, Congress of Visayan Organizations, Hawaii Filipino Lawyers Association, and fourteen individuals. Your Committee received comments on this measure from the Office of Information Management and Technology.

Your Committee finds that despite the inception of Hawaii's language access law and the Office of Language Access, there are still major challenges in Hawaii regarding agency compliance, such as the lack of a comprehensive and centralized system or structure in Hawaii to identify qualified language interpreters and translators and the lack of multilingual websites that can help limited English proficient persons access needed information from state agencies in their native language. Ironically, Hawaii has a dearth of competent language interpreters and translators available to assist limited English proficient individuals.

Your Committee further finds that a language access resource center will benefit agencies, interpreters, translators, and the limited English proficient population alike since it addresses the problem of supply and demand of interpreters and translators, increases and improves the number and quality of language service providers, and provides Hawaii's limited English proficient population a better means to access state and state-funded services.

Your Committee has amended this measure by:

- (1) Clarifying that the targeted limited English proficient groups for the multilingual website are the twelve largest limited English proficient groups in the State;
- (2) Inserting language to specify that the multilingual website pilot project shall end on June 30, 2017;
- (3) Inserting language to specify that the Office of Language Access shall submit a report regarding the multilingual website pilot project to the Legislature no later than twenty days prior to the convening of the 2017 Regular Session;
- (4) Clarifying the mandate to hire bilingual staff;
- (5) Inserting language to require that the multilingual website pilot project be developed in consultation with the Office of Information Management and Technology;
- (6) Inserting an appropriation amount of \$400,000 for fiscal year 2013-2014 and adding an appropriation of \$400,000 for fiscal year 2014-2015 for the establishment of the statewide language access resource center within the Office of Language Access;
- (7) Inserting an appropriation amount of \$190,000 for fiscal year 2013-2014 and adding an appropriation of \$190,000 for fiscal year 2014-2015 for the establishment of a multilingual website pilot project; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 266, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 266, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 999 Human Services on H.B. No. 529**

The purpose and intent of this measure is to require all operators of adult foster homes, assisted living facilities, expanded adult residential care homes, community care foster family homes, and developmental disabilities domiciliary homes to maintain a sufficient amount of liability insurance.

Your Committee received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Adult Foster Homecare Association of Hawaii, and one hundred-two individuals. Your Committee received comments on this measure from the Department of Human Services and three individuals.

Your Committee finds that requiring operators of care facilities to obtain and maintain liability insurance protects not only the operators, but the residents of such homes and facilities as well, and is prudent, given the ever-increasing numbers of people that reside in these homes and facilities.

Your Committee has amended this measure by:

- (1) Deleting language that would have required, under chapter 346, Hawaii Revised Statutes, assisted living facilities and expanded adult residential care homes to obtain and maintain liability insurance in a coverage amount deemed sufficient and appropriate by the Department of Human Services until July 1, 2014;
- (2) Adding language to chapter 346, Hawaii Revised Statutes, to require community care foster family homes to maintain coverage for auto liability insurance and to clarify the coverage amounts deemed sufficient and appropriate by the Department of Human Services for community care foster family homes until July 1, 2014;
- (3) Adding language to chapter 346, Hawaii Revised Statutes, that requires the Department of Human Services, or its designee, to annually verify the proof of liability insurance for both the home and for vehicles used to transport home residents for community care foster family homes until July 1, 2014;

- (4) Amending section 321-11.2(a), Hawaii Revised Statutes, to expand the definition of “adult foster home” to include a private home providing care on a twenty-four hour basis for adults with intellectual disabilities;
- (5) Deleting language in section 321-11.7(a), Hawaii Revised Statutes, that would have required adult foster care homes operating under the waiver program with the Department of Human Services and community care foster family homes to obtain and maintain liability insurance in a coverage amount deemed sufficient and appropriate by the Department until July 1, 2014;
- (6) Adding language to section 321-11.7, Hawaii Revised Statutes, to require developmental disabilities domiciliary homes to obtain and maintain liability insurance in specified coverage amounts until July 1, 2014;
- (7) Deleting language that would have exempted specified adult foster homes, adult residential care homes, assisted living facilities, expanded adult residential care homes, and developmental disabilities domiciliary homes from obtaining and maintaining liability insurance beginning on July 1, 2014;
- (8) Amending section 321-11.7(a), Hawaii Revised Statutes, to require developmental disabilities domiciliary homes to maintain liability insurance and automobile liability insurance and require the Department of Health to verify proof of the insurance until July 1, 2014;
- (9) Adding language to chapter 321, Hawaii Revised Statutes, to:
  - (A) Require adult foster homes, adult residential care homes, assisted living facilities, community care foster family homes, developmental disabilities domiciliary homes, and expanded adult residential care homes to maintain coverage for automobile liability insurance;
  - (B) Clarify the coverage amounts deemed sufficient and appropriate by the Department of Health; and
  - (C) Require the Department of Health, or its designee, to annually verify the proof of liability insurance for both the home and for vehicles used to transport home residents, beginning on July 1, 2014;
- (10) Inserting language to extend the sunset date of Act 221, Session Laws of Hawaii 2011, to July 1, 2014, and deleting the reenactment provisions, and making that section of this measure effective on June 29, 2013;
- (11) Increasing the client limit for adult foster homes to three adults with developmental or intellectual disabilities; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 529, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 529, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 1000 Commerce and Consumer Protection on H.B. No. 1202**

The purpose and intent of this measure is to clarify that:

- (1) A professional or vocational licensee who inadvertently fails to maintain licensing requirements but who subsequently corrects the failure so that there was no lapse in licensure shall not be guilty of unlicensed activity; and
- (2) A contractor who inadvertently fails to maintain licensing requirements and who subsequently corrects the failure so that there was no lapse in licensure shall not be guilty of unlicensed contracting activity.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Building Industry Association of Hawaii, General Contractors Association of Hawaii, and Subcontractors Association of Hawaii.

Your Committee finds that this measure is intended to clarify that certain professional or vocational licensees or contractors, licensed under either chapter 436B or 444, Hawaii Revised Statutes, who inadvertently fail to renew their licenses shall not be treated as unlicensed contractors after the subsequent renewal of their licenses.

Your Committee further finds that section 444-11.1, Hawaii Revised Statutes, states that the Contractors License Board cannot restore a forfeited license unless there is satisfactory proof of continuous insurance and bond coverage; however, this section also provides that a licensee who restores a license within sixty days is not required to reapply as a new applicant. An amendment to this measure is therefore necessary to conform to existing licensure requirements under chapter 444, Hawaii Revised Statutes, by clarifying that a lapse in licensure of no more than sixty days does not constitute unlicensed contracting activity.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that a contractor who inadvertently fails to maintain licensing requirements under chapter 444, Hawaii Revised Statutes, and who subsequently corrects the failure so that there was a lapse of no more than sixty days in licensure shall not be guilty of unlicensed contracting activity;
- (2) Inserting an effective date of July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1202, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1202, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Taniguchi).

**SCRep. 1001 Commerce and Consumer Protection on H.B. No. 847**

The purpose and intent of this measure is to:

- (1) Authorize the Hawaii Medical Board to summarily suspend a license and order a licensee to submit to a physical and mental examination under specific circumstances; and
- (2) Specify immunities for licensees who provide certain information to the Hawaii Medical Board.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Hawaii Medical Board, Hawaii Medical Association, and Hawaii Medical Service Association.

Your Committee finds that the Hawaii Medical Board and the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs have implemented a number of initiatives to improve investigation and handling of complaints against physicians and enhance protection of the State's healthcare consumers. One such consumer protection proceeding is the ability for a licensing authority to summarily suspend a professional license.

Your Committee further finds that this measure tailors the process for summary suspension to more appropriately address proceedings for physician licensees. This measure also ensures fairness to licensees by providing an appropriate means to appeal a Hawaii Medical Board action and provides immunity for certain situations when a licensee comes forward with information indicating a fellow licensee may be guilty of unprofessional conduct or may be impaired.

Your Committee additionally finds that the Regulated Industries Complaints Office and the Hawaii Medical Board previously reached a consensus requiring a hearing within seven business days of a request for a hearing to show cause and a hearing for disciplinary action within twenty business days of a summary suspension order. Amendments to this measure are therefore necessary to reflect the appropriate timeframe previously agreed to by the Regulated Industries Complaints Office and the Hawaii Medical Board.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the authorization in this measure to hold hearings and determine if a licensee is able to practice medicine with reasonable skill and safety to patients is an authority held solely with the Hawaii Medical Board, rather than with the Hawaii Medical Board or its delegate;
- (2) Specifying that the Hawaii Medical Board shall hold a hearing within seven business days of a request for a hearing to show cause;
- (3) Specifying that the Hawaii Medical Board shall conduct a hearing for disciplinary action against a licensee whose license has been summarily suspended within twenty business days from the effective date of the order of summary suspension; and
- (4) Inserting an effective date of July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 847, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 847, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Taniguchi, Wakai).

**SCRep. 1002 Commerce and Consumer Protection on H.B. No. 21**

The purpose and intent of this measure is to:

- (1) Amend procedures for reimbursement for common assessments by condominium associations after delinquency or foreclosures;
- (2) Authorize the collection of specified amounts for deposit into a reserve account to pay for unpaid common assessments in the event of foreclosure or unit sale or transfer; and
- (3) Specify how excess rental income received by a condominium association shall be paid to existing lien holders.

Your Committee received testimony in support of this measure from the Hawaii Bankers Association; Hawaii Financial Services Association; Hawaii Credit Union League; Mortgage Bankers Association of Hawaii; Oahuan Tower Corporation; and two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS; Community Associations Institute, Hawaii Chapter; and seven individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Kona West Association of Apartment Owners; The Hilo Lagoon Centre Association of Apartment Owners; Associa Hawaii; OLS Hotels & Resorts, LP; Castle Resorts & Hotels, Inc.; Country Club Village, Phase Two Association of Apartment Owners; and numerous individuals.

Your Committee finds that this measure is intended to assist condominium associations with the collection of unpaid common assessments by permitting an association to collect a delinquency reserve from each owner in a condominium. If an owner later becomes delinquent, an association can use that owner's delinquency reserve to pay off the owner's unpaid assessments in the event of a foreclosure of the owner's unit.

Your Committee further finds that this measure, as it was originally introduced, provided associations with an absolute unlimited priority for monthly common assessments over the lien of any mortgage. Although your Committee has heard testimony stating that this measure in its original form is preferable, your Committee notes that no other state permits an unlimited super lien for common assessments. Your Committee additionally finds that imposing such an unlimited super lien for common assessments would likely have many unintended consequences on Hawaii's mortgage market, including Hawaii condominium projects being ineligible for VA and FHA loans or Fannie Mae declining to buy Hawaii mortgage loans.

However, your Committee understands the concerns shared by condominium associations and non-defaulting unit owners and mortgagors. Your Committee finds that the costs of default in a condominium are substantially born by condominium associations and non-defaulting unit owners and mortgagors in the affected communities. Your Committee further finds that the lending industry has an interest in preserving the value of the condominium projects that make up part of the lending industry's collateral. Repairs, maintenance, security, and insurance provided by a condominium association and paid for through common assessments are essential to preserving that value.

Your Committee additionally finds that because there are legitimate but competing issues relating to common assessments, the needs of the lending industry and condominium associations and non-defaulting unit owners must be appropriately balanced when attempting to create a priority lien for common assessments. As a preliminary note, your Committee finds that Hawaii does not currently have a true six-month priority super lien. Under true super priority liens, a lender must pay an association the amount of the super lien when the lender acquires a unit in foreclosure. In comparison, section 514B-146, Hawaii Revised Statutes, requires the person who purchases a unit from the lender to pay the association.

Your Committee also finds that section 3-116 of the Uniform Common Interest Ownership Act can be used as a starting point to create a true six-month super priority lien for common assessments in Hawaii. The Uniform Common Interest Ownership Act was originally adopted by the Uniform Law Commission in 1984, with the most recent amendments adopted in 2008, and is a comprehensive act that governs the formation, management, and termination of common interest communities, including condominiums. Section 3-116 of the Uniform Common Interest Ownership Act, as appropriately modified to apply to Hawaii's condominium law, is a reasonable approach that will permit a six-month super lien for common assessments. This will provide condominium associations and non-defaulting unit owners with relief while also addressing some of the concerns of the lending industry. Amendments to this measure that incorporate certain elements of section 3-116 of the Uniform Common Interest Ownership Act are therefore necessary.

Your Committee notes that the provisions in this measure amending section 514A-90, Hawaii Revised Statutes, are unnecessary, as the proposed amendments to section 514B-146, Hawaii Revised Statutes, are sufficient. Pursuant to section 514B-22, Hawaii Revised Statutes, any amendment to part VI of chapter 514B, Hawaii Revised Statutes, which includes section 514B-146, Hawaii Revised Statutes, applies to all condominiums for events and circumstances occurring on or after July 1, 2006. Amendments to this measure are therefore necessary to remove these unnecessary provisions.

Finally, your Committee notes that although this measure authorizes the collection of a delinquency reserve from each owner in a condominium, associations already have the authority to take anticipated delinquencies into account when setting an annual budget. Furthermore, charging an additional amount to condominium owners who are already unable to pay common assessments does not adequately address the delinquency problems faced by condominiums. Your Committee therefore concludes that an amendment removing this proposed language is appropriate.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have amended section 514A-90, Hawaii Revised Statutes, as the proposed amendments to section 514B-146, Hawaii Revised Statutes, apply to chapters 514A and 514B, Hawaii Revised Statutes;
- (2) Clarifying that a board of directors of a condominium association has the authority to collect a six-month special assessment from the mortgagee or other purchaser of a condominium unit with a recorded lien for delinquent common assessments;
- (3) Deleting language that authorized an association to collect from unit owners, on a monthly basis at a rate of no more than ten percent of the regular monthly common assessments, an amount equal to twelve months of regular monthly common assessments as surety against the nonpayment of regular monthly common assessments following the foreclosure, sale, or transfer of a condominium unit;
- (4) Inserting an effective date of July 1, 2013; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 21, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 21, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 1003 (Joint) Commerce and Consumer Protection and Judiciary and Labor on H.B. No. 65**

The purpose and intent of this measure is to:

- (1) Allow beneficiaries of prescription drug benefits providers to opt out of the requirement to purchase prescription drugs from a mail-order pharmacy and alternatively purchase prescription drugs from a retail pharmacy;
- (2) Prohibit a pharmacy benefit management company from restricting a patient's choice of pharmacy from which to receive prescription medications; and
- (3) Prohibit a pharmacy benefit manager from manipulating the amounts of drug co-payments that it charges in a manner that would encourage beneficiaries to receive prescription medications through a mail-order pharmacy.

Your Committees received testimony in support of this measure from the National Community Pharmacists Association; Hawaii Community Pharmacists Association; Hawaii Food Industry Association; Times Supermarket; Walgreen Co.; Mina Pharmacy; Molokai Drugs, Inc.; and twelve individuals. Your Committees received testimony in opposition to this measure from the Department of Budget and Finance; Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees; Hawaii Medical Service Association; Kaiser Permanente Hawaii; CVS Caremark Corporation; and Express Scripts. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committees find that professional pharmacists are an important part of the health care system. Doctors and patients rely on pharmacists for effective medication management. Pharmacists can be especially important to patients with chronic conditions or complex medical needs who take multiple medications. Your Committees further find that this measure will permit Hawaii residents to utilize the services of community pharmacists, rather than requiring residents to obtain prescription medications strictly through the mail. This flexibility will ensure that patients maintain control of their choices when filling prescriptions.

Your Committees have heard the concerns that this measure may have unintended consequences, including the potential for increased prescription drug costs. Although your Committees are sympathetic to these concerns, your Committees find that there is merit to implementing a policy change, as proposed by this measure, to ensure consumer choice. Nevertheless, your Committees conclude that a five year sunset date and a reporting requirement for this measure is also appropriate. This will allow all entities affected by this measure to consider the overall impact of an opt-out requirement for prescription drug benefit plans in Hawaii, including any economic effects.

Accordingly, your Committees have amended this measure by:

- (1) Requiring affected entities to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2018;
- (2) Inserting an effective date of July 1, 2013, and a repeal date of June 30, 2018;
- (3) Amending the purpose section for clarity; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 65, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 65, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection

Judiciary and Labor

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

#### **SCRep. 1004 (Joint/Majority) Human Services and Commerce and Consumer Protection on H.B. No. 1**

The purpose and intent of this measure is to require and appropriate funds for the Director of the Executive Office on Aging to contract for the performance of a policy analysis of the policy options identified in the Long Term Care Commission's recommendations to the Legislature dated January 18, 2012, and an actuarial analysis of a proposed limited, mandatory, public long term care insurance program for the State's working population.

Your Committees received testimony in support of this measure from the Executive Office on Aging, County of Hawaii Office on Aging, Policy Board for Elder Affairs, AARP Hawaii, Faith Action for Community Equality, Hawaii Alliance for Retired Americans, Hawaii Family Caregiver Coalition, ILWU Local 142, and six individuals. Your Committees received comments on this measure from the National Association of Insurance and Financial Advisors-Hawaii and one individual.

Your Committees find that Hawaii's population is aging rapidly. In 2012, there were approximately 206,000 people over age sixty-five in Hawaii. In 2032, that number will increase by sixty-one percent to a total of 331,000. This increase in the aging population will create an increase in need for long term care. Approximately sixty-nine percent of people who turned sixty-five in 2005 will need long term care before they die.

Your Committees further find that Hawaii long term care costs are among the highest in the nation and unaffordable by most Hawaii residents, as only twelve percent of Hawaii residents over forty have a long term care insurance policy. In response to long term care issues, the Long Term Care Commission submitted its recommendations to the Legislature on January 18, 2012. The Commission recommended a limited, mandatory, public long term care insurance program for employees as a viable way to increase funding for the expanding need for long term care services, which would provide persons meeting the vesting period with a limited but meaningful benefit should they need long term care. No other option considered would raise revenue for long term care and provide coverage to the vast majority of residents.

Your Committees have amended this measure by:

- (1) Deleting language that would have required the Director of the Executive Office on Aging to contract for a policy analysis to craft details of the social insurance proposal;
- (2) Inserting language to require the Director of the Executive Office on Aging to contract for a feasibility study to design a limited, mandatory, public long term care financing program for the State;
- (3) Inserting language to specify items that may be analyzed as part of the feasibility study for a limited, mandatory, public long term care financing program;
- (4) Amending language detailing the contents of the actuarial analysis;
- (5) Requiring the feasibility study to be completed and submitted to the Director of the Executive Office on Aging by June 30, 2014, and included in the Director's report to the Legislature; and
- (6) Inserting language to include the feasibility study, along with the actuarial analysis, as the purpose of the appropriation.

Your Committees request that your Committee on Ways and Means consider inserting an appropriation amount of \$380,000 for the performance of the feasibility study and the actuarial analysis for a limited, mandatory, public long term care financing program for the State's working population.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services

Commerce and Consumer Protection

Ayes, 6. Noes, 1 (Slom). Excused, none.

**SCRep. 1005 (Joint) Health and Public Safety, Intergovernmental and Military Affairs on H.B. No. 668**

The purpose and intent of this measure is to transfer the State's medical use of marijuana program from the Department of Public Safety to the Department of Health.

Your Committees received testimony in support of this measure from the Department of Public Safety; Department of Health; American Civil Liberties Union of Hawaii; Americans for Safe Access; Community Alliance on Prisons; Drug Policy Action Group; Natural Cancer Wellness Foundation; Tree House Palace; The Religion of Jesus Church; and twenty-two individuals. Your Committees received testimony in opposition to this measure from the City and County of Honolulu, Department of the Prosecuting Attorney; City and County of Honolulu Police Department; County of Maui Police Department; and County of Hawaii Police Department. Your Committees received comments on this measure from the Department of Budget and Finance and one individual.

Your Committees find that the medical use of marijuana program is currently administered by the Department of Public Safety. Your Committees further find that given the medical nature of the program, the Department of Health is the appropriate state department to administer the program. Because of the enormity of the transfer process and the numerous, complicated issues that must be addressed during the transfer, your Committees find that it is necessary to establish a transition advisory group consisting of the Director of Health, Attorney General, and Deputy Director of Law Enforcement. The advisory group will submit recommendations to the Legislature on how to best transition the medical use of marijuana program from the Department of Public Safety to the Department of Health.

Your Committees have amended this measure by:

- (1) Adding a new section to chapter 321, Hawaii Revised Statutes, creating the medical marijuana advisory group, comprised of the Director of Health, Attorney General, and Deputy Director of Law Enforcement, and requiring the group to make transition recommendations to the Legislature by December 31, 2013;
- (2) Inserting a blank amount for the medical marijuana registration fee;
- (3) Delaying the deadline by which all rights, powers, functions, and duties of the Department of Public Safety relating to the medical use of marijuana program shall be transferred to the Department of Health to January 1, 2015;
- (4) Clarifying throughout the measure that the Department of Public Safety and Department of Health shall finalize a plan to transfer and execute the transfer of the medical use of marijuana program in accordance with the recommendations of the transition advisory group;
- (5) Changing the effective date to upon approval; and
- (6) Inserting language to repeal the Act on December 31, 2014, if the recommendations of the transition advisory group are not codified in the Hawaii Revised Statutes by December 30, 2014.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 668, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 668, H.D. 2, S.D. 1, and be referred to the Committees on Judiciary and Labor and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

Public Safety, Intergovernmental and Military Affairs

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Galuteria).

**SCRep. 1006 (Joint/Majority) Health and Technology and the Arts on S.C.R. No. 16**

The purpose and intent of this measure is to:

- (1) Request the State to support the efforts of the Hawaii Health Care Project and Hawaii Health Information Exchange to ensure that the integrated technology-based healthcare information system is developed with and maintained under a public-private partnership to include those with shared interests in providing data into and receiving data through the system;
- (2) Encourage all state agencies that collect and maintain healthcare-related data and information to cooperate with the Hawaii Health Care Project and Hawaii Health Information Exchange's effort to develop and implement the technology-based healthcare information system;
- (3) Request the Hawaii Health Care Project, in cooperation with the Hawaii Health Information Exchange, to propose a sustainability model that maintains the technology-based healthcare information system and provides for all entities that benefit from the system to fairly share in the financial responsibility to maintain that system and to submit the proposed model the Legislature; and
- (4) Urge the State to maximize efforts at applying for and receiving federal funding for the development and improvement of technology-based healthcare information systems.

Your Committees received testimony in support of this measure from the Department of Health, Department of Commerce and Consumer Affairs, Health Information Exchange, Hawaii Pacific Health, and one individual.

Your Committees find that a more coordinated and timely sharing of appropriate medical records exchanged in a secure manner will help prevent and manage obesity in Hawaii's population. This measure supports an integrated information technology system that provides an efficient means to share clinical and other healthcare-related data.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 16, as amended herein, and recommend that it be referred to the Committee on Commerce and Consumer Protection, in the form attached hereto as S.C.R. No. 16, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 2. Noes, 1 (Slom). Excused, 2 (Gabbard, Tokuda).

**SCRep. 1007 (Joint) Technology and the Arts and Commerce and Consumer Protection on H.B. No. 713**

The purpose and intent of this measure is to prohibit employers from requiring, requesting, suggesting, or causing employees and potential employees to grant access to personal account usernames or passwords, except those reasonably believed to be relevant to investigations of employee misconduct or violation of applicable law.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Civil Rights Commission, American Civil Liberties Union of Hawaii, and Prudential Financial. Your Committees received testimony in opposition to this measure from the Police Department, County of Maui; Chamber of Commerce of Hawaii; State Privacy and Security Coalition; and American Council of Life Insurers.

Your Committees find that obtaining private account log-in information for employees or potential employees can be a significant privacy intrusion and should occur only for very narrow and specific purposes. This measure is necessary to protect the rights and expectations of privacy for employees and job applicants.

Your Committees have amended this measure by:

- (1) Deleting the language that would have inserted the new statutory language proposed by this measure in part I of chapter 378, Hawaii Revised Statutes, leaving the chapter 378, Hawaii Revised Statutes, designation;
- (2) Limiting the prohibition on employers from the requiring or requesting of access to an employee or potential employee's personal account, rather than the requiring, requesting, suggesting, or causing of access, which is overbroad;
- (3) Clarifying the exceptions for when an employer may require or request access to an employee or potential employee's personal account during an investigation;
- (4) Clarifying acts that are permissible and for which employers shall not be liable under this measure;

- (5) Permitting an employer to require or request access to an employee or potential employee's personal account for the purposes of monitoring, reviewing, accessing, or blocking electronic data stored on an electronic communications device fully or partially funded by the employer or on the employer's network; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 713, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 713, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1008 (Joint) Human Services and Judiciary and Labor on H.B. No. 888**

The purpose and intent of this measure is to establish a process whereby the Hawaii Public Housing Authority may dispose of abandoned or seized property that it has acquired on state low-income housing projects.

Your Committees received testimony in support of this measure from the Hawaii Public Housing Authority.

Your Committees find that currently, when a tenant vacates the Hawaii Public Housing Authority's state low-income public housing developments, section 356D-56, Hawaii Revised Statutes, requires that the Authority retain possession of such personal articles for a period of four months after termination of occupancy prior to disposing of them at auction. While the statute authorizes the Authority to place a lien on the personal property and to recover fees relating to storage and re-possession of the articles by the former tenant, costs incurred by this process far outweigh any benefits to the public because often times such personal property is of little value.

Your Committees further find that H.B. No. 888 (Regular Session of 2013), as introduced, takes into account the realities of the situation regarding abandoned or seized property at state public housing projects.

Your Committees have amended this measure by deleting its contents and inserting language from H.B. No. 888, as introduced, which provides a more streamlined process by which the Authority may dispose of abandoned or seized property that it has acquired on state public housing projects, and have an effective date of upon approval, and further amending the measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 888, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 888, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1009 (Joint) Human Services and Judiciary and Labor on H.B. No. 1137**

The purpose and intent of this measure is to:

- (1) Clarify the appointment requirements and qualifications for child custody evaluators; and
- (2) Require the Judiciary to establish a complaint process regarding a child custody evaluator appointed by the court.

Your Committees received testimony in support of this measure from the National Association of Social Workers, Hawaii Chapter; Institute on Violence, Abuse, and Trauma at Alliant International University; and nine individuals. Your Committees received testimony in opposition to this measure from three individuals. Your Committees received comments on this measure from the Judiciary and Department of Commerce and Consumer Affairs, Professional and Vocational Licensing Division.

Your Committees find that Act 149, Session Laws of Hawaii 2008 (Act 149), requires the court to define the requirements to be a court-appointed child custody evaluator; the standards of practice, ethics, policies, and procedures required of court-appointed child custody evaluators in the performance of their duties for all courts; and the powers of the courts over child custody evaluators to effectuate the best interests of a child in a contested custody dispute. Act 149 further provides that where there is no child custody evaluator available that meets the requirements and standards, or any child custody evaluator to serve indigent parties, the court may appoint a person otherwise willing and available.

Your Committees further find that actions for divorce, separation, annulment, separate maintenance, or any other proceeding where there is at issue a dispute as to the custody of a minor child, allow the family court, during the pendency of the action, at the final hearing, or any time during the minority of the child, to make an order for the custody of the minor child as may seem necessary or proper. For this purpose, section 571-46, Hawaii Revised Statutes, allows the court to appoint a child custody evaluator to investigate and report concerning the care, welfare, and custody of any minor child of the parties, or any party to produce an expert, whose skill,

insight, knowledge, or experience is such that the person's or expert's testimony is relevant to a just and reasonable determination of what is for the best physical, mental, moral, and spiritual well-being of the child whose custody is at issue.

Your Committees also find that Act 149 needs clarification in the interests of expediting the establishment of a system of child custody evaluators in order to ensure competent evidence and a fair determination of awarding child custody.

Your Committees have amended this measure by:

- (1) Deleting language that would have allowed a person to be appointed as a child custody evaluator if a child custody evaluator with specialized knowledge and training certifies that the person has prior experience as a court custody evaluator;
- (2) Inserting language that allows a person to be appointed as a child custody evaluator if the individual has obtained education and training that meet nationally recognized competencies and standards of practice in child custody evaluation;
- (3) Deleting language that would have required the Judiciary to establish a complaint process so that parties may file a complaint regarding a child custody evaluator appointed by the court;
- (4) Inserting language requiring the Judiciary to establish a referral process to refer a party to the appropriate licensing or certifying authority upon notification by the party of an intent to file a complaint against a child custody evaluator appointed by the court;
- (5) Inserting language to require the Judiciary to submit an annual report to the Legislature regarding the number of complaints processed through the referral process;
- (6) Adding language to allow a complaint against a child custody evaluator who does not meet the qualifications proposed by this measure to be resolved through civil litigation; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1137, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1137, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1010 (Joint) Human Services and Judiciary and Labor on H.B. No. 1068**

The purpose and intent of this measure is to:

- (1) Require employers to post in a conspicuous place a poster that provides specified information relating to human trafficking and the availability and description of the National Human Trafficking Resource Center hotline; and
- (2) Establish penalties for violations of the poster requirement.

Your Committees received testimony in support of this measure from IMUAlliance, the Pacific Alliance to Stop Slavery, Outrigger Enterprises Group, MADE IN HOPE, Tahiri Association, Courage House Hawaii, and fifty-one individuals. Your Committees received testimony in opposition to this measure from the Department of Labor and Industrial Relations and Libertarian Party of Hawaii. Your Committees received comments on this measure from The Chamber of Commerce of Hawaii, Hawaii State AFL-CIO, and Healthcare Association of Hawaii.

Your Committees find that victims of human trafficking are commonly linked by poverty and a lack of opportunity and are often seeking to escape their impoverished life with the hope of finding opportunity and a brighter future in the United States, including Hawaii. Human traffickers frequently promise unsuspecting victims an opportunity to travel, at no immediate expense, for employment and housing. When these victims reach their destination, they are often forced to work in various types of jobs that range from the sex trade to virtual slave labor. By the time these individuals are rescued, if ever, their physical, mental, and psychological state have been shattered, with many becoming ill and some even losing their lives. This measure attempts to assist these victims.

Your Committees have amended this measure by:

- (1) Amending language establishing the locations in which establishments shall post information relating to human trafficking and the National Human Trafficking Resource Center hotline;
- (2) Inserting a definition for the term "establishment" to mean:
  - (A) Any entity that holds a class 5 or class 11 liquor license pursuant to section 281-31, Hawaii Revised Statutes;
  - (B) A hospital emergency room;
  - (C) A massage therapy establishment; or
  - (D) A farm operation employing five or more persons;
- (3) Adding language to allow the Department of Labor and Industrial Relations to contract with other state or county agencies for the purposes of implementing or enforcing this measure; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1068, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1068, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1011 Judiciary and Labor on H.B. No. 808**

The purpose and intent of this measure is to preserve the tax-qualified status of the Employees' Retirement System by providing that civil union partners are not entitled to spousal rights under the Employees' Retirement System where application of those spousal rights to civil union partners conflicts with the Internal Revenue Code.

Your Committee received testimony in support of this measure from the Board of Trustees of the Employees' Retirement System.

Your Committee finds that the Employees' Retirement System (ERS) is a tax-exempt, qualified retirement plan under section 401(a) of the Internal Revenue Code. If the ERS should lose its tax-exempt status, the federal tax consequences would be extremely harmful to its members, as contributions received from employee members would no longer have favorable pre-tax treatment and would instead be entirely subject to federal income tax at the time of contribution. In addition, all members would be taxed on the value of their total accrued retirement benefits at the time they vest rather than when they receive their retirement benefits.

In order to maintain its tax-qualified status, the ERS must meet the applicable Internal Revenue Code requirements in form and in operation. Although, in general, the rights and duties of members, retirees, and beneficiaries of the ERS are governed entirely by state law, where there are conflicts between state law and applicable federal law, the ERS must satisfy federal tax law or risk losing its tax-qualified status.

Certain provisions of federal tax law applicable to the ERS allow only a "spouse" of a retirement system member or retiree to receive certain rights or benefits. The federal Defense of Marriage Act of 1996 requires that when interpreting federal law, rules, regulations, and interpretations, such as the Internal Revenue Code and the regulations adopted under the Internal Revenue Code, "the word 'spouse' refers only to a person of the opposite sex who is a husband or a wife." This measure provides that civil union partners who are not spouses under federal law are not entitled to the benefits of spouses under chapter 88, Hawaii Revised Statutes, where the Internal Revenue Code governs the rights of spouses. However, civil union partners would still have the rights provided to spouses under the portions of chapter 88, Hawaii Revised Statutes, that are not restricted by the Internal Revenue Code.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 808, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1012 Judiciary and Labor on H.B. No. 321**

The purpose and intent of this measure is to expand access to voting rights by permitting voter registration on the day of an election, allowing those who register on the day of the election to vote, and establishing procedures to implement voter registration on election day.

Your Committee received testimony in support of this measure from the Office of Elections, American Civil Liberties Union of Hawaii, League of Women Voters of Hawaii, Open Law Alliance, Common Cause Hawaii, Community Alliance on Prisons, Life of the Land, Hawaii Women's Coalition, and sixteen individuals. Comments on this measure were submitted by the Office of the County Clerk, County of Kaua'i; Office of the City Clerk, City and County of Honolulu; Office of the County Clerk, County of Maui; and Office of the County Clerk, County of Hawaii.

Your Committee finds that existing law does not allow a person to vote if that person does not register by the voter registration deadline, which is the thirtieth day prior to an election. The American Civil Liberties Union of Hawaii testified that in 2012, Hawaii had the lowest voter turnout rate in the country, with only sixty-two percent of registered voters casting their ballots, and that election day registration has been shown to increase voter turnout by ten to twelve percent. This measure will assist in increasing voter registration and turnout in Hawaii.

Your Committee notes that under section 11-11, Hawaii Revised Statutes, the county clerks are responsible for voter registration and keeping the general register and precinct lists within their respective counties. Furthermore, section 15-7, Hawaii Revised Statutes, provides that absentee polling places are required to be opened at the office of the respective county clerk no later than ten working days prior to election day and all Saturdays falling within that ten-working-day time period. Your Committee further finds that allowing individuals to register to vote at absentee polling places, rather than at polling places only on election day, will provide a greater opportunity for individuals to register, thereby increasing voter turnout. Moreover, the concerns regarding establishing and implementing a process to designate and train an election official at each polling place during election day under this measure are addressed if voter registration is permitted at absentee polling places at the offices of the county clerks because the county clerks are statutorily responsible for voter registration and will not require additional voter registration training.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the contents of section 1 and replacing them with language that amends section 15-7, Hawaii Revised Statutes, to allow an individual who is eligible to vote, but has not previously registered, to register to vote by appearing in person at the absentee polling place for the county in which the individual maintains residence; and
- (2) Changing the effective date from January 1, 2100, to July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 321, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 321, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1013 Judiciary and Labor on H.B. No. 805**

The purpose and intent of this measure is to amend the Employees' Retirement System laws to comply with Internal Revenue Code requirements and vesting rules in order to maintain the system's status as a tax-qualified retirement plan.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Board of Trustees of the Employees' Retirement System.

Your Committee finds that the Employees' Retirement System (ERS) is a tax-exempt, qualified retirement plan under section 401(a) of the Internal Revenue Code. If the ERS should lose its tax-exempt status, the federal tax consequences would be extremely harmful to its members as contributions received from employee members would no longer have favorable pre-tax treatment and instead would be entirely subject to federal income tax at the time of contribution. In addition, all members would be taxed on the value of their total accrued retirement benefits at the time they vest rather than when they receive their retirement benefits.

In 2009, the ERS submitted a request to the Internal Revenue Service to review and determine whether the language of the plan, comprising the statutes and administrative rules governing the ERS, meets the federal tax qualification requirements applicable to governmental pension plans. On March 21, 2012, the Internal Revenue Service issued a favorable determination letter approving the language of the plan, but the letter was specifically conditioned on the State's adoption of proposed amendments that the Internal Revenue Service reviewed and approved as part of the determination letter process. This measure adopts these proposed statutory amendments to complete the determination letter process and enable the ERS to maintain its tax-exempt status.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 805, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 805, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1014 Judiciary and Labor on H.B. No. 1147**

The purpose and intent of this measure is to enhance the disclosure requirements of Hawaii's campaign finance laws. Specifically, this measure:

- (1) Establishes disclosure requirements for advertisements by:
  - (A) Requiring noncandidate committees that make only independent expenditures to identify certain top contributors in their advertisements, providing an exemption for any noncandidate committee if including a list of top contributors in an advertisement of short duration constitutes a hardship to the noncandidate committee;
  - (B) Providing penalties for violations; and
  - (C) Defining top contributors;
- (2) Clarifies that any person, as defined in section 11-302, Hawaii Revised Statutes, who fails to file or files a substantially defective or deficient campaign spending report is subject to monitoring and penalties including fines;
- (3) Requires the Campaign Spending Commission (Commission) to make all reports filed with the Commission publicly available on the Commission's website in a searchable database;
- (4) Amends the contribution and expenditure reporting requirements for candidates, candidate committees, and noncandidate committees by requiring noncandidate committees making only independent expenditures to certify that no expenditures have been coordinated with a candidate, candidate committee, or any agent of a candidate or candidate committee;
- (5) Clarifies the filing requirements for late contribution and late expenditure reports for candidates, candidate committees, and noncandidate committees;
- (6) Expands the information required to be included in any statement of information filed with the Commission to report electioneering communication expenditures to include the identities of the individuals who authorized the expenditure, candidates supported or opposed by the communication, and certain top contributors;
- (7) Expands the definition of "electioneering communication" to include any advertisement that is published by electronic means; and

- (8) Repeals filing requirements specific to corporations.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Campaign Spending Commission, League of Women Voters of Hawaii, Common Cause Hawaii, Americans for Democratic Action/Hawaii, Open Law Alliance, Community Alliance on Prisons, Life of the Land, and five individuals. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that disclosure is an important issue in the election process in light of the dramatic changes in policy regarding corporate contributions, as reflected in the recent decision of the United States Supreme Court in *Citizens United v. Federal Election Commission*, 130 S. Ct. 876 (2010). These policy changes have paved the way for unlimited spending by corporations and unions to influence elections. New super political action committees and other entities are established at the federal and state levels to take advantage of these new pathways for campaign money contributions. This measure strengthens the State's disclosure requirements under campaign finance laws.

Your Committee has amended this measure by:

- (1) Adopting the amendments suggested by the Department of the Attorney General to:
  - (A) Amend the language of the disclosure requirements relating to a noncandidate committee that has more than three top contributors who may be identified in an additional notice to apply to a noncandidate committee that has more than three top contributors who contributed in equal amounts; and
  - (B) Insert an effective date of November 5, 2014, to avoid amending campaign finance laws partway through an election period and allow the Campaign Spending Commission sufficient time to implement this measure if it becomes law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1147, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1147, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1015 (Majority Judiciary and Labor on H.B. No. 1481**

The purpose and intent of this measure is to:

- (1) Establish a public funding program for elections to the State Senate and State House of Representatives, beginning with the 2016 election;
- (2) Exclude candidates for the offices of Governor, Lieutenant Governor, State Senator, and State House of Representatives from access to the existing partial public financing program;
- (3) Require the Campaign Spending Commission to submit a written report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the convening of the Regular Session of 2016 regarding further statutory amendments necessary to facilitate the implementation of the public funding program for State Senate and House of Representatives elections; and
- (4) Appropriate an unspecified amount to be deposited into the Hawaii election campaign fund and expended by the Campaign Spending Commission for fiscal years 2015-2016 and 2016-2017 to prepare for the public funding of candidates in elections taking place in 2016, including staff resources.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii; Voter Owned Hawaii; Common Cause Hawaii; Open Law Alliance; Life of the Land; Sierra Club, Hawaii Chapter; and sixty-five individuals. Testimony in opposition to this measure was submitted by one individual. The Campaign Spending Commission and two individuals submitted comments on this measure.

Your Committee finds that the full voluntary public funding of election campaigns allows candidates, including incumbents, to focus on the needs of their districts and the State rather than spending a majority of their time and energy securing adequate funds to cover the costs of their campaigns. This measure will assist in increasing equity in Hawaii's election system by, among other things, establishing a comprehensive system of public financing for elections to the State Senate and State House of Representatives, beginning with the 2016 election.

While your Committee recognizes the merits of a public funding program for elections, it has serious concerns regarding the feasibility of financing such a program. Your Committee notes that language intended to amend the funding formula by distributing public funds to a certified candidate still needs to be developed. Therefore, your Committee anticipates that this language will be proposed to your Committee on Ways and Means, if that committee chooses to schedule this measure. However, your Committee does not intend to give prior concurrence unless the financial and operational feasibility of any proposed financing mechanisms are fully discussed, deliberated, and resolved. Your Committee further notes that this measure applies to the 2016 election and recognizes that this issue may be discussed further next session.

Accordingly, your Committee has amended this measure by:

- (1) Applying the public funding program to candidates for election to the State House of Representatives and deleting references under section 1 to Senate candidates and senatorial districts;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1481, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1481, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Gabbard). Noes, 1 (Slom). Excused, 1 (Shimabukuro).

**SCRep. 1016 (Joint) Judiciary and Labor and Commerce and Consumer Protection on H.B. No. 634**

The purpose and intent of this measure is to require the retention of employees who would be displaced from an employer by divestiture of a covered establishment employing one hundred or more persons to the successor employer. Specifically, this measure:

- (1) Requires the successor employer to hire all incumbent non-supervisory and non-confidential employees;
- (2) Prohibits the successor employer from requiring the incumbent employees to file employment applications to be considered for hire unless the existing files are incomplete;
- (3) Allows the successor employer to conduct pre-hire screening of the incumbent employees, including criminal conviction records checks and drug screening;
- (4) Allows the successor employer to retain less than one hundred percent of the incumbent employees if:
  - (A) The business of the successor employer is substantially dissimilar to the former employer's business; or
  - (B) The human resource needs of the successor employer are reduced;
 provided that the number of employees to be dislocated is in direct proportion to the reduction in the total human resource needs of the successor employer;
- (5) Adds a definition of "covered establishment";
- (6) Establishes penalties for an employer who is found in violation of this measure; and
- (7) Requires the Director of Labor and Industrial Relations to adopt administrative rules pursuant to chapter 91, Hawaii Revised Statutes.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations; International Longshore and Warehouse Union, Local 142; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and Hawaii State AFL-CIO. Testimony in opposition to this measure was submitted by the Retail Merchants of Hawaii; Hawaii Credit Union League; The Chamber of Commerce of Hawaii; Maui Chamber of Commerce; Tesoro Hawaii, LLC; National Federation of Independent Business Hawaii; and three individuals.

Your Committees find that the divestiture of an establishment, whether via a sale, transfer, merger, bankruptcy, takeover, or transaction, often causes heightened anxiety for the incumbent employees. This measure will provide job security for employees who are displaced during a divestiture of a covered establishment by requiring the successor employer to retain all incumbent non-supervisory and non-confidential employees, subject to certain exceptions. This measure assists in minimizing the disruption that often occurs upon divestiture. Pursuant to this measure, many workers will not be dislocated or face financial uncertainty, customers will see business continue with little disturbance, and the economy will not be impacted by increased unemployment.

Your Committees encourage the Director of Labor and Industrial Relations, in adopting administrative rules to effectuate this measure, to define "substantially dissimilar" and establish criteria to determine whether a successor employer may retain less than one hundred percent of the incumbent employees if the business of the successor employer is substantially dissimilar to the former employer's business.

Your Committees have amended this measure by:

- (1) Clarifying that the pre-hire screening executed in accordance with chapter 329B, Hawaii Revised Statutes, is for substance abuse testing, not drug screening; and
- (2) Inserting an effective date of July 1, 2013.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 634, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 634, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1017 (Joint) Economic Development, Government Operations and Housing and Higher Education on H.B. No. 560**

The purpose and intent of this measure is to authorize the Hawaii Housing Finance and Development Corporation and the Hawaii Community Development Authority to develop incentive programs for development projects that incorporate urban gardening.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and one individual.

Your Committees find that this measure will help increase the growth of urban gardens and green buildings in Hawaii. The propagation of urban gardens in Hawaii is desirable because they provide benefits such as recreation, exercise, improved diets, cultural and horticultural education, and beautification of urban core areas.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Higher Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 560, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Wakai).

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 1018 (Joint) Energy and Environment and Commerce and Consumer Protection on H.B. No. 1149**

The purpose and intent of this measure is to:

- (1) Require a wind energy facility owner to be responsible for facility decommissioning; and
- (2) Provide evidence of financial security for decommissioning, unless the owner has an existing lease or other agreement that provides for decommissioning.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs, Division of Consumer Advocacy; and thirty-one individuals. Testimony in opposition to this measure was submitted by one individual.

Your Committees find that production of wind energy on a commercial scale frequently requires significant land disturbance and large installations consisting of wind turbines, electrical substations, electrical lines, and other supporting systems. Wind energy facilities, if abandoned or not properly maintained, could pose a hazard to public health, safety, and welfare through mechanical failures, electrical hazards, or the release of hazardous substances. Abandoned or neglected wind energy facilities may also be a blight on the State's natural beauty.

Your Committees further find that other states with large-scale wind energy facilities have developed robust decommissioning regulations for windmills that are abandoned or left in disrepair. Decommissioning regulations help to ensure the health and safety of the public, especially those persons residing near the wind energy facility.

Your Committees have amended this measure by:

- (1) Adding language limiting the applicability of this measure to those wind energy facilities utilizing the renewable energy facility siting process;
- (2) Adding language to specify that county permitting agencies shall not be prevented from including decommissioning requirements as a condition for a building permit;
- (3) Requiring the owner of the land on which a wind energy facility that fails to complete decommissioning within a given time period, rather than the Energy Resources Coordinator, to complete decommissioning of that wind energy facility and making conforming amendments;
- (4) Authorizing a land owner responsible for decommissioning, as described in paragraph (3), to have access to the financial security required by this measure for the decommissioning;
- (5) Amending the effective date from July 1, 2030, to upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1149, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1149, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

Commerce and Consumer Protection  
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Taniguchi).

**SCRep. 1019 (Joint) Higher Education and Technology and the Arts on H.B. No. 1392**

The purpose and intent of this measure is to appropriate funds to support the 'Ulu'ulu: The Henry Ku'ualoha Giugni Moving Image Archive of Hawai'i.

Your Committees received testimony in support of this measure from the University of Hawai'i West O'ahu and five individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that the Moving Image Archive is the State's official archive for moving images and support the efforts of the Archive to care for, preserve, and digitize film and videotape related to the history and culture of Hawaii.

As affirmed by the records of votes of the members of your Committees on Higher Education and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1392, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1020 (Joint) Technology and the Arts and Judiciary and Labor on H.B. No. 632**

The purpose and intent of this measure is to:

- (1) Require Executive branch departments to make electronic data sets available to the public;
- (2) Require the Chief Information Officer to develop policies and procedures to implement the open data initiative; and
- (3) Appropriate funds to provide staff and other open data coordinators to implement this measure.

Your Committees received testimony in support of this measure from the Office of Information Management and Technology; Office of Information Practices; Hawaii Open Data; Common Cause Hawaii; Internet Society, Hawaii Chapter; Hyperspective Studios, Inc.; League of Women Voters; and fifteen individuals. Your Committees received testimony in opposition to this measure from the Hawaii Bankers Association.

Your Committees find that open data is a top initiative of the Chief Information Officer, as identified in the State of Hawaii Business and Information Technology/Information Resource Management Transformation Plan. Your Committees further find that open data increases public awareness and access to data created by and available from state departments and agencies, while enhancing government transparency and accountability. This measure also stimulates innovation with the development of new analyses or applications based on the unique data provided by the State.

Your Committees have amended this measure by:

- (1) Requiring the Chief Information Officer's determination of whether information should not be disclosed to be based on whether that information is protected from disclosure by law or contract or whether that information is proprietary, rather than on a balance test of the benefits of publicly available data against the need to protect certain types of information;
- (2) Inserting an appropriation amount of \$100,000 to provide open data coordinators to implement this measure and chapter 92F, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 632, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 632, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

Judiciary and Labor

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1021 Water and Land on H.B. No. 1330**

The purpose and intent of this measure is to make an appropriation for the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from The Nature Conservancy and four individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and two individuals. Your Committee received comments on this measure from one individual.

According to testimony of the Department of Land and Natural Resources, in 2009, due to economic decline, the Division of Conservation and Resources Enforcement's general fund budget was reduced from \$1,700,000 to approximately \$500,000, a reduction of about seventy percent. This resulted in the elimination of eighteen positions, reductions in funds for overtime and for current

expenses, and the elimination of funding for equipment and motor vehicle replacements. Seven more positions were abolished in July 2010. As a result, the Division was left with an operating budget of \$540,000 to patrol the lands under the Department's jurisdiction on six islands, which encompasses a geographic area from the top of the mountains to three miles out to sea. This jurisdiction encompasses nearly 1.3 million acres of state lands and 3 million acres of ocean and coastal waters, as well as 750 miles of coastline, and includes:

- (1) State parks, historic sites, forests and forest reserves, aquatic life and its sanctuaries, game management areas, public hunting areas, and natural area reserves; and
- (2) Protection of the public's safety when using natural and cultural resources under the Department's jurisdiction.

Your Committee is aware that in addition to cost-cutting measures, such as mandated furloughs and hiring freezes, a directive was issued to each division within the Department of Land and Natural Resources to reduce total cost differentials (overtime, night differentials, compensatory time, and pay adjustments) by fifty percent from the prior fiscal year.

Your Committee finds that these budgetary measures have had a devastating effect on the operations of the Division of Conservation and Resources Enforcement. Your Committee believes that the restoration of the Division's general fund budget is essential so that the Division can continue to enforce Hawaii's natural and cultural resources laws to the fullest extent possible.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1330, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Ruderman, Shimabukuro).

**SCRep. 1022 Water and Land on H.B. No. 414**

The purpose and intent of this measure is to:

- (1) Establish the Waipio Valley Advisory Commission to advise the Department of Land and Natural Resources on the development of a long-term plan for ensuring the proper stewardship, preservation, and maintenance of Waipio Valley; and
- (2) Make an appropriation for the design and construction of flood damage reduction and stream stabilization in Waipio Valley.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that Waipio Valley, on the island of Hawaii, has unique challenges to managing its water resources and community assets, particularly in balancing the traditional taro farming lifestyle of the valley with the impacts of tourism, and in balancing the natural cycles of the river in a changing environment with the need to protect the homes and farms of the valley.

Your Committee further finds that taro farmers, private landowners, and cultural practitioners have wanted a voice in decision-making for Waipio Valley for many years. They are the source of expertise regarding the valley's history, sacred places, rhythms, and cycles. They have a tremendous commitment to the prudent and wise management of resources, as well as the protection, preservation, and promulgation of the cultural heritage of Waipio Valley.

Your Committee requests the Waipio Valley Advisory Commission to consult with the Directors of the Mauna Kea Soil and Water Conservation District, which is represented on the Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 414, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Ruderman, Shimabukuro).

**SCRep. 1023 Water and Land on H.B. No. 1424**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate funds for the Department of Land and Natural Resources, in consultation with the Hawaiian Islands Land Trust, to engage in efforts to acquire the parcel of land located at Lipoa Point.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Save Honolua Coalition, The Strategy Group Inc., Hawaiian Islands Land Trust, ILWU, Aha Moku-Kaanapali, and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that Lipoa Point-Honolua on the island of Maui is one of the most iconic landmarks in Hawaii. Honolua is rich in marine resources and historical and archaeological sites and is one of the most popular recreational areas for locals and tourists alike, offering some of the best snorkeling and surfing conditions on the island of Maui. Nationally recognized as a marine preserve, it has attracted federal funding and programs for having some of the highest fish assemblage characteristics of all the Hawaiian islands. Additionally, Honolua is considered to have one of the most diverse, unique, and abundant reef formations, providing a habitat for rare coral species.

According to testimony of the Department of Land and Natural Resources, Maui Land and Pineapple Company, Inc., is a willing seller, and the Hawaiian Islands Land Trust is hiring an appraiser to provide a letter of appraisal and eventually a full appraisal of the subject property. Hawaiian Islands Land Trust intends to apply for state grant funding for the due diligence process. The Department is continuing discussions with the Hawaiian Islands Land Trust regarding the acquisition of the subject property, subject to approval of

the Board of Land and Natural Resources and Attorney General in accordance with sections 171-30 and 107-10, Hawaii Revised Statutes, respectively.

Your Committee has amended this measure by:

- (1) Inserting language to require the Department of Land and Natural Resources to ensure to the maximum extent possible that the seller of the land uses the proceeds of the sale to benefit the pension plan of retirees of the Maui Land and Pineapple Company, Inc.; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1424, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1424, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1024 Water and Land on H.B. No. 17**

The purpose and intent of this measure is to ensure public lateral access along the shoreline by extending for two years the sunset date of Act 160, Session Laws of Hawaii 2010, to June 30, 2015.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kailua Neighborhood Board, BIA Hawaii, Hawaii's Thousand Friends, The Chamber of Commerce of Hawaii, and four individuals. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation. Your Committee received comments on this measure from the State Office of Planning and Hawaii Association of REALTORS.

Your Committee finds that some landowners intentionally promote the growth of shoreline vegetation or promote vegetation along makai to mauka beach transit corridors in an attempt to increase the area of their property while decreasing coastal public trust assets.

Act 160, Session Laws of Hawaii 2010 (Act 160), requires that landowners remove human-induced, enhanced, or unmaintained vegetation interfering with such access. Act 160 protects coastal public resource assets and requires the Department of Land and Natural Resources to maintain access within beach transit corridors.

Your Committee has amended this measure by:

- (1) Inserting language to amend sections 171-58.5 and 205-44, Hawaii Revised Statutes, to:
  - (A) Except inadvertent taking of sand, dead coral or coral rubble, rocks, soil, or other marine deposits, such as inadvertent carrying away on the body, through the clothes, toys, recreational equipment, and bags, from the prohibition against removal of those deposits from seaward of the shoreline or from the shoreline area, in place of the one-gallon-per-person-per-day limit; and
  - (B) Except the exercise of traditional cultural practices and the response to a public emergency or a state or local disaster from the prohibition against removal of sand, dead coral or coral rubble, rocks, soil, or other marine deposits;
- (2) Inserting language to clarify, upon the request of the Department of Land and Natural Resources, that Act 160 is not to be construed to modify or alter any agreement of the Department of Land and Natural Resources that was in effect or executed on the effective date of Act 160; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 17, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 17, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Ruderman, Shimabukuro).

**SCRep. 1025 Water and Land on H.B. No. 1133**

The purpose and intent of this measure is to repeal chapter 171C, Hawaii Revised Statutes, the public land development corporation.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, The Interfaith Alliance Hawaii, Community Alliance on Prisons, Temple of the Spirit, Kamakani O Kohala Ohana - Kako'o, Ho'okipa Network - Kauai, Tropical Orchid Farm, Inc., KAHEA: The Hawaiian-Environmental Alliance, Americans for Democratic Action/Hawaii, The Outdoor Circle, 'Ai Pohaku- the Stone Eaters, Ohana O Kaua'i, Hawaii's Thousand Friends, Life of the Land, The League of Women Voters of Hawaii, Na Kupuna Moku O Keawe, Ocean Tourism Coalition, UNITE HERE Local 5, Kahea, Sierra Club, Surfrider Foundation, Island Breath, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, The Chamber of Commerce of Hawaii, and BIA-Hawaii.

Act 55, Session Laws of Hawaii 2011 (Act 55), codified as chapter 171C, Hawaii Revised Statutes, created the Public Land Development Corporation. Section 171C-1, Hawaii Revised Statutes, states in pertinent part:

“The purpose of this chapter is to create a vehicle and process to make optimal use of public land for the economic, environmental, and social benefit of the people of Hawaii. This chapter establishes a public corporation to administer an appropriate and culturally-sensitive public land development program. The corporation shall coordinate and administer

programs to make optimal use of public land, while ensuring that the public land is maintained for the people of Hawaii.”

Your Committee finds that Act 55 has engendered significant public concern and scrutiny due in part to the fact that projects undertaken pursuant to Act 55 are exempt from state and county laws regarding land use, zoning, and construction standards for subdivisions, development, and improvement of land. In addition, concerns have been raised regarding inadequate notice given to the public to testify on the exemption provisions. The exemptions, coupled with the manner in which Act 55 was passed, have led to distrust and uncertainty of the corporation’s intentions and development plans. Despite efforts to allay concerns, many individuals and organizations, particularly environmental and Native Hawaiian organizations, have expressed support for legislation to repeal Act 55.

Your Committee further finds that the implementation of Act 55 falls short of “ensuring that the public land is maintained for the people of Hawaii.” The intent of this measure is to ensure that the public lands of Hawaii are used and administered in an equitable and transparent manner that should not necessarily be relegated to administrative decision-making or rule making on an ad hoc basis. While the optimization of the use of public lands is a meritorious goal with the potential to significantly benefit the people of Hawaii, the means of achieving this goal requires a greater respect for existing laws and procedures and greater assurance that the corporation is the vehicle that will produce economic, environmental, and social benefit for the people of Hawaii.

Your Committee further finds that the county councils of Kauai and Maui have adopted resolutions urging the Legislature to abolish the Public Land Development Corporation by repealing chapter 171C, Hawaii Revised Statutes.

Your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 707, S.D. 2, a substantially similar measure that makes the following amendments to H.B. No. 1133, S.D. 1:

- (1) Adds a purpose section;
- (2) Makes a conforming amendment to Act 117, Session Laws of Hawaii 2012;
- (3) Adds transitional provisions relating to funding and personnel;
- (4) Changes the effective date to upon approval; and
- (5) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1133, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1133, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ruderman, Thielen). Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1026 (Joint) Higher Education and Economic Development, Government Operations and Housing on H.B. No. 71**

The purpose and intent of this measure is to require the University of Hawaii to extend the current land lease with the High Technology Development Corporation for no less than twenty-five years from the date of expiration of the existing lease.

Your Committees received testimony in support of this measure from the High Technology Development Corporation; Hawaii Strategic Development Corporation; Bill Bass & Associates, LLC; Makai Ocean Engineering, Inc.; Tapiki, LLC; HiBEAM; Hawaii Consortium for Medicine and Health; BizGym.com; Cardex Pharmaceuticals, Inc.; Labels that Talk, Ltd.; Hawaii Venture Capital Association; Hawaii Strategic Development Corporation; Global Optima, Inc.; Startup Capital Ventures; The Tea Chest; Ohana Investment Works, LLC; StartupHui, LLC; HITmethods, Inc.; InMobi; Graphic Creative; Hawai’i Innovation Alliance; Hawaii Aquaculture and Aquaponics Association; Hawai’i Advocates for Consumer Rights; SOS Tech Solutions; and nine individuals. Your Committees received testimony in opposition to this measure from the University of Hawai’i System.

Your Committees find that the High Technology Development Corporation is a state agency that was established in 1983 to facilitate the development and growth of Hawaii’s commercial high technology industry sector.

The High Technology Development Corporation developed the Manoa Innovation Center, the first and only innovation and incubation facility on Oahu that offers an array of client services, facilities, and equipment to assist new and early-stage technology companies. The Manoa Innovation Center has incubated and graduated over one hundred companies, more than eighty percent of which have become technology companies in the private sector.

Your Committees further find that the High Technology Development Corporation’s current land lease with the University of Hawaii expires in 2015.

Your Committees have amended this measure by changing the minimum term of the lease extended between the University of Hawaii and the High Technology Development Corporation from twenty-five years to ten years to allow for further discussion between the parties.

As affirmed by the records of votes of the members of your Committees on Higher Education and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 71, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 71, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 5. Noes, none. Excused, 2 (Ige, Tokuda).

Economic Development, Government Operations and Housing

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Thielen).

**SCRep. 1027 Technology and the Arts on H.B. No. 494**

The purpose and intent of this measure is to establish a pilot program for the creation of urban art on state-owned property under the direction of the State Foundation on Culture and the Arts.

Your Committee received testimony in support of this measure from the Department of Transportation and State Foundation on Culture and the Arts.

Your Committee finds that providing legitimate, state-owned venues for urban art will enrich the State's communities in many ways, including reducing graffiti by expanding opportunities for appropriate creative social expression. This measure will encourage Hawaii's youth to work on creative and constructive urban art.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 494, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1028 Technology and the Arts on H.B. No. 1209**

The purpose and intent of this measure is to:

- (1) Require the legislative broadcast program to make an audio or audiovisual recording of all public hearings and informational briefings held at the State Capitol;
- (2) Require the legislative broadcast program to maintain an archive of the recordings, to be made available to the public; and
- (3) Appropriate funds to be expended by the Legislative Reference Bureau for equipment, materials, and staff necessary to make the recordings of the public hearings and maintain the archive of the recordings.

Your Committee received testimony in support of this measure from Common Cause Hawaii and three individuals. Your Committee received comments on this measure from the Legislative Reference Bureau, Disability and Communication Access Board, and one individual.

Your Committee has amended this measure by inserting an appropriation amount of \$3,000,000 and specifying that the appropriation shall be distributed in two equal shares of \$1,500,000 to the Senate and the House of Representatives.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1209, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1209, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1029 Energy and Environment on H.B. No. 1405**

The purpose and intent of this measure is to increase transparency in power purchase contracts for renewable energy by requiring the Public Utilities Commission to include a summary of power purchase agreements, including pricing, in effect during the applicable fiscal year in its annual report to the Governor.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Public Utilities Commission; Life of the Land; Hawaii Alliance; Friends of Lana'i; Blue Planet Foundation; Indigenous Consultants; and sixteen individuals. Your Committee received comments on this measure from the Alternative Energy Committee of the Democratic Party Environmental Caucus and two individuals.

Your Committee finds that transparency in the process of purchasing renewable electricity generated from nonfossil fuel sources serves the interests of independent power producers who compete to sell energy to the energy utilities and the rate-paying public by creating an opportunity for review and oversight of the Public Utilities Commission's decision-making process. Public utilities are highly-regulated industries in the State, meaning the utilities gain no competitive advantage from keeping their costs proprietary, while there is a significant, countervailing public interest in disclosing such costs.

Your Committee has amended this measure by:

- (1) Adding a new part amending section 269-121, Hawaii Revised Statutes, to:
  - (A) Clarify that the public benefits fee shall be used to support clean energy technology, demand response technology, energy use reduction, and demand-side management infrastructure; and
  - (B) Define "clean energy technology" to mean any commercially available technology that enables the State to meet the renewable portfolio standards and energy-efficiency portfolio standards approved by the Public Utilities Commission by rule or order; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1405, H.D. 2, as amended herein, and recommends that it pass

Second Reading in the form attached hereto as H.B. No. 1405, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1030 Energy and Environment on H.B. No. 813**

The purpose and intent of this measure is to authorize the Public Utilities Commission and the Division of Consumer Advocacy to examine all documents and other information and data deemed necessary for the review of power purchase agreements submitted for review to the Public Utilities Commission and Division of Consumer Advocacy.

Your Committee received testimony in support of this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs; Public Utilities Commission; Hawaiian Electric Company, Inc.; and Friends of Lana'i. Your Committee received testimony in opposition to this measure from Solar Power Systems International, LLC; Bright Plain Renewable Energy, LLC; AES Solar Power; and First Wind. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that in recent years, the cost to produce solar photovoltaic panels and wind turbines has significantly decreased. On the mainland, power purchase agreement prices for solar and wind projects have declined as production costs decreased and efficiencies increased. However, Hawaii has not seen a similar decrease in power purchase agreement prices for solar and wind projects.

Your Committee further finds that this measure is intended to enable the Public Utilities Commission and Division of Consumer Advocacy to make the best possible decisions on power purchase agreements. However, your Committee has heard the concerns that the language in this measure is too broad and may result in adverse, unintended consequences. Your Committee concludes that an alternative approach to achieve the intent of this measure is recommended.

Accordingly, your Committee has amended this measure by:

- (1) Removing language that would have authorized the Public Utilities Commission and the Division of Consumer Advocacy to examine all documents and other information and data deemed necessary for the review of power purchase agreements submitted for review to the Public Utilities Commission and Division of Consumer Advocacy;
- (2) Inserting language to require the Department of Business, Economic Development, and Tourism to convene the temporary Power Purchase Agreement Task Force to recommend methods to ensure that power purchase agreements, whether bilaterally negotiated or through competitive bid, reflect the fairest possible price for ratepayers;
- (3) Requiring the Power Purchase Agreement Task Force to report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014;
- (4) Amending the purpose section for clarity;
- (5) Inserting an effective date of upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 813, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 813, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1031 (Joint) Energy and Environment and Health on H.B. No. 903**

The purpose and intent of this measure is to:

- (1) Improve the State's ability to control and reduce water pollution from nonpoint sources and individual wastewater systems; and
- (2) Require the director of Health to establish by rule fees to fund programs that reduce pollution from nonpoint sources and operating fees for owners of individual wastewater systems.

Your Committees received testimony in support of this measure from the Department of Health; Office of Planning; Department of Land and Natural Resources; University of Hawaii, Environmental Center; Keep the Hawaiian Islands Beautiful; International Coastal Cleanup; Sierra Club; Surfrider Foundation; Sustainable Coastlines; Bear Engineering; and five individuals. Your Committees received testimony in opposition to this measure from Puna Soil and Water Conservation District; Hawaii Crop Improvement Association; General Contractors Association; Hawaii Farm Bureau Federation; Pacific Resource Partnership; Hawaii Cattleman's Council; Maui County Farm Bureau; Hawaii Agricultural Research Center; Building Industry Association – Hawaii; Hawaii Aquaculture and Aquaponics Association; Alexander and Baldwin; Palani Ranch Company; Ulupalakua Ranch; McCandless Ranch; Ponooho Ranch; Big Island Dairy; Ka'ala Ranch; and eight individuals. Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that Hawaii's fresh, marine, and ground waters are being harmed by water pollution from many sources, including nonpoint stormwater discharges from agriculture and other lands as well as individual wastewater systems, which are facilities, including cesspools, septic systems, and aerobic treatment units, that are not connected to a sewer. Runoff from agriculture and other lands is polluted with soil, fertilizers, pesticides, and other wastes that harm state waters, coral reefs, and public recreation

with the frequently required “brownwater advisories” that follow heavy rain events. Your Committees find that the reasonable regulation of nonpoint source water pollution is essential to protecting Hawaii’s unique and fragile water resources and attendant ecosystems.

Your Committees have amended this measure by:

- (1) Clarifying its purpose section;
- (2) Excluding agricultural irrigation systems from the mandatory filing of management plan applications pursuant to this measure;
- (3) Specifying that a management plan application does not need to be filed prior to discharging any water pollutant into state waters from an individual wastewater system;
- (4) Removing the authorization for farming operations or landowners with a soil conservation plan or stormwater management plan to submit such plans for review by the Director of Health;
- (5) Removing beyond July 1, 2018, rather than until July 1, 2018; violations of any standards of performance for specific areas and types of discharges in the control of water pollution as grounds for enforcement under this measure;
- (6) Exempting farming operations from fees assessed under this measure;
- (7) Removing the definition of “standard of performance” that would have been inserted in section 342E-1, Hawaii Revised Statutes; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 903, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 903, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

Health

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Nishihara).

**SCRep. 1032 (Majority) Public Safety, Intergovernmental and Military Affairs on H.B. No. 52**

The purpose and intent of this measure is to prohibit biased-based policing by the Department of Public Safety, public safety officers, police departments, and police officers.

Your Committee received testimony in support of this measure from the Department of Public Safety; Hawaii Civil Rights Commission; Hawaii State Commission on the Status of Women; Community Alliance on Prisons; American Civil Liberties Union of Hawaii; African American Lawyers Association; Hawaii State Coalition Against Domestic Violence; Hawaii Women’s Coalition; Police Department, City and County of Honolulu; and seven individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General and eight individuals.

Your Committee finds that the practice of discrimination based on actual or perceived race, ethnicity, national origin, immigration or citizenship status, sexual orientation, gender identity, or religion has no place in law enforcement. Your Committee further finds that profiling is unjust and counterproductive and causes resentment in the targeted communities. This measure increases civil rights protections by making it a civil rights violation for state and county law enforcement agencies and agents to engage in biased-based profiling.

Your Committee has amended this measure by:

- (1) Deleting language that would have prohibited state and county law enforcement agencies and their officers from detaining an individual based on any noncriminal factor or combination of noncriminal factors, unless pursuant to court order;
- (2) Inserting language to prohibit state and county law enforcement agencies and their officers from engaging in a pattern or practice of conduct that deprives any person of rights, privileges, or immunities secured or protected by the Constitution or laws of the United States or by the Constitution or laws of Hawaii; and
- (3) Inserting an effective date of January 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 52, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 52, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Slom). Excused, 1 (Green).

**SCRep. 1033 Public Safety, Intergovernmental and Military Affairs on H.B. No. 92**

The purpose and intent of this measure is to:

- (1) Provide that the ballot of an absentee or military-overseas voter is valid even if the voter becomes ineligible to vote after casting the ballot; and
- (2) Repeal section 15-13, Hawaii Revised Statutes, which invalidates the cast ballot of an absentee voter who has died prior to the opening of the polls on election day, under certain conditions.

Your Committee received testimony in support of this measure from the Office of Elections; Ho'ākea Communications; Military Officers Association of America, Hawaii Chapter; and National Association for Uniformed Services, Hawaii Chapter.

Your Committee finds that voters who in good faith cast their ballots while eligible to vote should have their ballots counted even if they become ineligible after casting their ballots. This measure is an important recognition of the selfless service of our deployed military personnel.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 92, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 1034 (Majority) Public Safety, Intergovernmental and Military Affairs on H.B. No. 1314**

The purpose and intent of this measure is to establish a new class of liquor license for distillery pubs and require beer whose labels convey the impression that the beer was produced in Hawaii to indicate otherwise if the beer was not produced in Hawaii.

Your Committee received testimony in support of this measure from Island Distillers, Kauai Island Brewing Company, Big Island Brewhaus LLC, Maui Brewing Company, and one individual. Your Committee received testimony in opposition to this measure from the Kona Brewing Company and Capitol Consultants of Hawaii. Your Committee received comments on this measure from the Hawaii Liquor Wholesalers Association.

Your Committee finds that there is a common practice where beer breweries of Hawaiian origin manufacture beer outside of the State, then label the beer without indicating its actual origin of manufacture. Your Committee further finds that this practice causes confusion, specifically for consumers who value locally made products in order to support local businesses and to ensure quality and freshness. This measure protects manufacturing and jobs in the State.

Your Committee has amended this measure by:

- (1) Deleting the establishment of a new class of liquor license for distillery pubs;
- (2) Inserting the beer labeling requirements as a new section in part V of chapter 486, Hawaii Revised Statutes, relating to Measurement Standards, Uniform Packaging, and Labeling, rather than in chapter 148, Hawaii Revised Statutes;
- (3) Authorizing the Department of Agriculture to request, rather than require, the use of certain language on beer labels to convey the true place of production in cases where the labels tend to create the false impression that the beer was produced in Hawaii or a region of Hawaii;
- (4) Making optional the inclusion of the name of the bottler and the place where the beer was bottled or canned on beer labels bearing any Hawaiian brand name or adjective, Hawaiian word or statement, design, or device, including locations within Hawaii, for beer that is sold or distributed in the State; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1314, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1314, H.D. 1, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Green).

**SCRep. 1035 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1381**

The purpose and intent of this measure is to permit professional and vocational licensing authorities to license military veterans and the spouses of service members by endorsement or reciprocity, provided that the veteran or the nonresident spouse has obtained the equivalent of or exceeded the requirements of the licensing authority and:

- (1) The veteran has been given an honorable discharge or general discharge from active duty within two years of applying for licensure and provides sufficient documentation of discharge; or
- (2) The nonresident spouse is married to a military member in good standing who is stationed in Hawaii for at least one year.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; National Association for Uniformed Services; and Military Officers Association of America, Hawaii Chapter. Your Committee received comments on this measure from Hawaii Dental Association.

Your Committee finds that veterans who leave the military often experience delays in finding post-service employment. Your Committee further finds that individuals frequently accompany their service member spouse on military assignments. This measure simplifies and expedites the employment of trained, educated, and highly qualified veterans and military spouses.

Your Committee has amended this measure by:

- (1) Deleting section 2 and replacing it with language from S.B. No. 506, S.D. 2 (Regular Session of 2013), which clarifies and permanently establishes various requirements for licensure by endorsement and licensure by reciprocity, including expedited consideration of applications thereof, for military veterans; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1381, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1381, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 1036 (Joint) Energy and Environment and Economic Development, Government Operations and Housing on H.B. No. 450**

The purpose and intent of this measure is to require the Department of Business, Economic Development, and Tourism to establish five-year hydrogen fueling station demonstration projects in qualifying counties, with a preference for renewable sources of hydrogen.

Your Committees received testimony in support of this measure from Hawaii Energy Policy Forum; Hawaii Automobile Dealers' Association; and one individual. Your Committees received testimony in opposition to this measure from three individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism; Maui County Mayor's Office; and High Technology Development Corporation.

Your Committees find that the mass production of hydrogen fuel cell automobiles is likely to begin as early as 2015. The largest obstacle to the success of hydrogen fuel cell vehicles is presently the lack of fueling stations. Your Committees find that the establishment of hydrogen fueling station demonstration projects promote the State's interest in developing renewable sources of energy and reducing the State's dependence on foreign oil.

Your Committees have amended this measure by:

- (1) Inserting an appropriation amount of \$3,500,000; and
- (2) Changing the effective date to July 1, 2050.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 450, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 450, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

Economic Development, Government Operations and Housing  
Ayes, 6. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 1037 Economic Development, Government Operations and Housing on H.B. No. 799**

The purpose and intent of this measure is to strengthen the film, television, and media industry in Hawaii by:

- (1) Providing wage reimbursements to qualified entities who hire new employees who participate in an on-the-job workforce development training program;
- (2) Amending the definitions of "digital media," "qualified production," and "qualified production costs" for purposes of the motion picture, digital media, and film production tax credit;
- (3) Extending the sunset date of the motion picture, digital media, and film production tax credit from 2016 to 2023; and
- (4) Appropriating funds for the workforce development training program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hyperspective Studios, Inc.; ILWU, Local 142; and two individuals. Your Committee received testimony in opposition to this measure from the Tax Foundation of Hawaii. Your Committee received comments on this measure from the Department of Taxation.

Prior to the hearing on this measure, your Committee made available for public review a proposed S.D. 1, which amends the measure by removing its contents and replacing them with language:

- (1) Establishing a media infrastructure project tax credit for qualified projects in West Oahu or on the most populous island in a county with a population between 100,000 and 175,000;
- (2) Requiring reporting of information by the eligible taxpayers who claim the tax credit;
- (3) Making provisions for the recapture of the tax credit in certain circumstances; and
- (4) Requiring cost benefit analyses and annual reporting by the Department of Taxation to the Legislature.

Your Committee received testimony in support of the proposed S.D. 1 from the ILWU, Local 142. Your Committee received testimony in opposition to the proposed S.D. 1 from the Tax Foundation of Hawaii. Your Committee received comments on the proposed S.D. 1 from the Department of Business, Economic Development, and Tourism; Department of Labor and Industrial Relations; and Department of Taxation.

Your Committee finds that the film, television, and digital media industry in Hawaii can and should be strengthened. This measure will strengthen the industry by developing and expanding a locally trained industry workforce. Similar measures have proved successful in other states. Your Committee also finds that the motion picture, digital media, and film production tax credit has been successful in strengthening the industry and believes the tax credit should be extended for an additional period of five years.

Although your Committee considered an alternate method of strengthening the industry in the proposed S.D. 1, it ultimately decided to adopt the original measure as received by your Committee with the following amendments:

- (1) Inserting language clarifying the requirements for the guaranteed hiring of employees who receive on-the-job training; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 799, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 799, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Thielen, Wakai).

**SCRep. 1038 Economic Development, Government Operations and Housing on H.B. No. 1374**

The purpose and intent of this measure is to reform the state procurement process by:

- (1) Making a contractor's past performance on similar public agency projects a factor in the bid selection of contractors; and
- (2) Requiring bidders to submit information and assessments of their prior work on similar public agency projects.

Your Committee received testimony in support of this measure from the Department of Education, BIA-Hawaii, The Chamber of Commerce of Hawaii, Hawaii Regional Council of Carpenters, and Pacific Resource Partnership. Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services, Department of Transportation, and State Procurement Office. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Prior to the hearing on this measure, your Committee made available for public review a proposed S.D. 1, which amends the measure by removing its contents and inserting language prohibiting certain persons from serving as a chief procurement officer, and amending the designation of the chief procurement officer for the following state and county agencies:

- (1) Office of Hawaiian Affairs;
- (2) University of Hawaii;
- (3) Department of Education;
- (4) Hawaii Health Systems Corporation;
- (5) The Honolulu, Kauai, and Maui Boards or Departments of water supply;
- (6) The Hawaii Board of Water Supply; and
- (7) The semi-autonomous public transit agency.

Your Committee received testimony in support of the proposed S.D. 1 from the University of Hawaii, Hawaii Regional Council of Carpenters, and Pacific Resource Partnership. Your Committee received testimony in opposition to the proposed S.D. 1 from the Department of Education and the City and County of Honolulu Board of Water Supply. Your Committee received comments on the proposed S.D. 1 from the Department of Transportation, State Procurement Office, and one individual.

Upon further consideration of the original measure as received by your Committee and the proposed S.D. 1, and testimony submitted for both measures, your Committee prefers the contents of the original measure, as it finds that there is a dire need to reform the procurement process in Hawaii and ensure that taxpayer dollars are not wasted. Your Committee received testimony that some construction contractors with a history of delay, cost overruns, and violations on public projects continue to be able to secure work on public projects because too much attention is paid to finding the lowest bidder. This results in wasted taxpayer dollars, as delays or remediation work increase the final cost of the project. By requiring consideration of a contractor's past performance on similar projects in the bid selection process, this measure will help ensure that public projects are completed to specification, in a timely manner, and without cost overruns.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1374, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Thielen).

**SCRep. 1039 (Joint) Water and Land and Economic Development, Government Operations and Housing on H.B. No. 1328**

The purpose and intent of this Act is to grant the Kaho'olawe Island Reserve Commission a permanent exemption from chapter 103D, Hawaii Revised Statutes, for the procurement of food or fuel products necessary for the Commission to carry out the purposes of chapter 6K, Hawaii Revised Statutes.

Your Committees received testimony in support of this measure from Kohe Malamalama O Kanaloa Protect Kaho'olawe Fund, Protect Kaho'olawe 'Ohana, and three individuals.

Act 159, Session Laws of Hawaii 2010, provided a temporary procurement exemption to the Commission that sunsets on July 1, 2013. Your Committees find that the uniqueness of the Commission's work necessitates a procurement exemption. For example, personnel and cargo are typically transported between Maui and Kaho'olawe by boat, and helicopter transportation is used only sparingly due to its high cost. Both methods of transportation involve several variables, including the weather, mechanical functions, and personnel availability. Additionally, both methods of transportation have size and weight limitations for their cargo. The Commission's requirements for fuel products are also unique in the State, as the Commission takes delivery of and transports its own fuel supplies in multiple forms, such as bulk and barrel, which are not currently provided by the state-contracted fuel provider. Furthermore, food vendor prices change weekly, if not more frequently, and the Commission's food orders change weekly in terms of products and quantities ordered.

Purchasing flexibility under the current temporary exemption has allowed the Commission to make the most cost-effective and healthiest selections of local produce when available. Testimony of the Commission indicates that it has been able to reduce waste by purchasing smaller quantities on sale or at reduced prices, whereas purchasing from the state price list would entail larger bulk orders tailored for much larger institutions and operations.

Your Committees have amended this measure by changing the effective date to June 30, 2013.

As affirmed by the records of votes of the members of your Committees on Water and Land and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1328, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1328, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land

**SCRep. 1040 (Joint) Water and Land and Technology and the Arts on H.B. No. 1227**

The purpose and intent of this measure is to appropriate funds to the Department of Land and Natural Resources to complete planned phase I and phase II of the Iolani Palace grounds master plan.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Accounting and General Services, The Friends of Iolani Palace, and The Outdoor Circle.

Your Committees find that Iolani Palace is the only royal palace in the United States in which a reigning monarch lived, and is an icon of the State. Iolani Palace should be one of the State's most protected historical sites due to its importance to the people of Hawaii. The Palace is also a reminder of the Kingdom of Hawaii; it was constructed in 1879, making it one of the State's oldest buildings.

The Friends of Iolani Palace have long planned to restore the Iolani Palace grounds to the condition in which they existed in 1892, including through the removal of parking meters and restoring landscaping and other exterior features, in accordance with a three-phase master plan.

Your Committees have amended this measure by:

- (1) Amending the phase I appropriation language to make it an appropriation of \$225,000 for staff and supplies for maintenance of landscaped areas of Iolani Palace grounds, to be expended by the Department of Accounting and General Services;
- (2) Deleting the appropriation for initiation and completion of phase II of the Iolani Palace grounds master plan, since the testimony of the Department of Accounting and General Services indicated that the work on phase II is anticipated to be funded as a capital improvement project; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1227, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1227, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1041 (Joint) Technology and the Arts and Water and Land on H.B. No. 1396**

The purpose and intent of this measure is to appropriate funds for the planning, design, and construction of the Nisei Veterans Legacy Center and Honouliuli Internment Camp Educational Center, subject to the receipt of matching funds.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Department of Budget and Finance; University of Hawaii, West Oahu; Hawaii Civil Rights Commission; Japanese Cultural Center of Hawaii; Japanese American Citizens League, Honolulu Chapter; 422nd Veterans Club; and forty individuals.

Your Committees find that the Nisei Veterans Legacy Center and Honouliuli Internment Camp Education Center will preserve and perpetuate the legacy of Americans of Japanese ancestry who served during or lived through World War II. This measure provides research and educational programs, as well as onsite educational tours for high school students and members of the community.

Your Committees have amended this measure by:

- (1) Separating the appropriations for the Nisei Veterans Legacy Center and Honouliuli Internment Camp Educational Center;
- (2) Designating the University of Hawaii at West Oahu, rather than the Department of Land and Natural Resources, as the expending agency for the planning, design, and construction of the Nisei Veterans Legacy Center;
- (3) Amending the appropriation for the Honouliuli Internment Camp Educational Center to be an appropriation for the continuation of the work of the Honouliuli Park Site Project Advisory Group;
- (4) Requiring the University of Hawaii at West Oahu and Honouliuli Park Site Project Advisory Group to report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1396, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1396, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ruderman).

**SCRep. 1042 (Joint) Higher Education and Economic Development, Government Operations and Housing on H.B. No. 114**

The purpose and intent of this measure is to:

- (1) Require the Administrator of the State Procurement Office, rather than the President of the University of Hawaii System, to serve as the chief procurement officer for the University of Hawaii for construction contracts and professional services related to construction contracts; and
- (2) Establish the Independent Audit Committee within the Board of Regents of the University of Hawaii.

Your Committees received testimony in opposition to this measure from the University of Hawai'i System. Your Committees received comments on this measure from the State Procurement Office and the University of Hawaii Office of Internal Audit.

Your Committees find that there are concerns with oversight of the University of Hawaii's construction projects under its current chief procurement officer, the University President. In 2010, when the University of Hawaii was provided an exemption from certain parts of the procurement code, construction projects went from a design-bid method to a design-assist method. With that change came the opportunity to allow individuals to choose which firms would be part of the design teams. Your Committees believe this process led to the appearance that certain companies may have received favorable selection.

Your Committees further find that there are concerns about the Board of Regents' role in the oversight, accountability, and transparency of the University of Hawaii's fiscal and operational administration, including enterprise risk management. This measure will assist the Board of Regents in discharging its constitutional duties to ensure the responsible use of fiscal resources by the University through the establishment of an Independent Audit Committee within the Board of Regents.

Your Committees have amended this measure by:

- (1) Deleting language requiring the Administrator of the State Procurement Office, rather than the President of the University of Hawaii System, to serve as chief procurement officer for the University of Hawaii for construction contracts and professional services related to construction contracts;
- (2) Deleting language removing the Board of Regents' authority to develop internal policies and procedures for the procurement of contracts for construction and professional services furnished by licensees under chapter 464, Hawaii Revised Statutes;
- (3) Adding language requiring that until July 1, 2015, all procurements of the University of Hawaii for construction, including consultant services necessary for construction, shall be subject to the control of, and be performed by, the Department of Accounting and General Services on behalf of the University, subject to certain limitations;

- (4) Removing language exempting the Independent Audit Committee of the Board of Regents from chapter 91, Hawaii Revised Statutes, and part I of chapter 92, Hawaii Revised Statutes;
- (5) Adding language requiring the Administrator of the State Procurement Office to report to the Legislature findings or recommendations, including any proposed legislation, relating to the transparency, efficiency, and compliance of the University of Hawaii for procurement of construction contracts and construction-related consultant services contracts pursuant to chapter 103D, Hawaii Revised Statutes, and improvement, if any, in adhering to the requirements of paragraph (3); and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 114, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 114, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 5. Noes, none. Excused, 2 (Ige, Tokuda).

Economic Development, Government Operations and Housing

Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, Thielen).

**SCRep. 1043      Judiciary and Labor on H.B. No. 197**

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Judiciary for the fiscal biennium beginning July 1, 2013, and ending June 30, 2015.

Your Committee received testimony in support of this measure from the Judiciary, Mayor of the County of Hawaii, Office of the Prosecuting Attorney for the County of Hawaii, Crime Victim Compensation Commission, Hawaii State Bar Association, Hawaii Justice Foundation, Child & Family Service, Legal Aid Society of Hawaii, Zonta Club of Hilo, Hawaii Women's Coalition, Hawaii Disability Rights Center, Hawaii Access to Justice Commission, Hawaii State Coalition Against Domestic Violence, and several concerned individuals.

Your Committee received comments on this measure from the Domestic Violence Action Center.

Your Committee finds that this measure comprises the Judiciary's budget request for program appropriations and capital improvement projects to satisfy requirements set by law, improve public services, and address the needs of employees and clients of the Judiciary.

Your Committee has amended this measure by:

- (1) Increasing the program appropriation amounts for Courts of Appeal (JUD 101) to \$6,155,459 for each fiscal year;
- (2) For the First Judicial Circuit (JUD 310):
  - (A) Increasing the number of job positions to 1066.50 for each fiscal year, including a social worker IV position; and
  - (B) Increasing the program appropriation amounts to \$75,213,242 for fiscal year 2013-2014 and \$76,298,617 for fiscal year 2014-2015;
- (3) For the Second Judicial Circuit (JUD 320):
  - (A) Increasing the number of job positions to 209.00 for each fiscal year; and
  - (B) Increasing the program appropriation amounts to \$15,174,610 for fiscal year 2013-2014 and \$15,161,244 for fiscal year 2014-2015;
- (4) For the Third Judicial Circuit (JUD 330):
  - (A) Increasing the number of job positions to 228.00 for each fiscal year; and
  - (B) Increasing the program appropriation amounts to \$18,014,284 for each fiscal year;
- (5) Decreasing the program appropriation amounts for the Fifth Judicial Circuit (JUD 350) to \$6,894,905 for each fiscal year;
- (6) Decreasing the program appropriation amounts for the Judicial Selection Commission (JUD 501) to \$88,857 for each fiscal year;
- (7) For Administration (JUD 601):
  - (A) Increasing the number of job positions to 227.00 for each fiscal year;
  - (B) Changing the program appropriation amounts to \$23,298,416 for fiscal year 2013-2014 and \$23,282,956 for fiscal year 2014-2015; and
  - (C) Providing that of the program appropriation amounts:
    - (i) \$75,000 shall be expended in each fiscal year for one deputy public defender position for the veterans treatment court; and

- (ii) \$150,000 shall be expended in each fiscal year for two deputy prosecuting attorney positions for the veterans treatment court; and
- (8) Amending the capital improvement project appropriations as follows:
  - (A) Changing the total capital improvement project appropriation to \$45,500,000 for fiscal year 2013-2014 and \$44,500,000 for fiscal year 2014-2015;
  - (B) Deleting the following projects from the measure:
    - (i) Plans for a status offender shelter and juvenile services center on Oahu; and
    - (ii) Design and construction for exterior remedial improvements and exhaust monitoring and ventilation systems upgrade at Hoapili Hale on Maui; and
  - (C) Inserting appropriations for the following projects:
    - (i) New judiciary complex in Kona: \$1,000,000 for design and \$44,500,000 for construction in fiscal year 2013-2014 and \$44,500,000 for construction in fiscal year 2014-2015; and
    - (ii) New correctional facility adjacent to the new Kona judiciary complex: unspecified appropriation amounts in fiscal years 2013-2014 and 2014-2015.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 197, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 197, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1044 (Joint) Energy and Environment and Water and Land on H.B. No. 988**

The purpose and intent of this measure is to increase the environmental response, energy, and food security tax to support the operations of an environmental disaster standby and response facility to respond to oil and fuel-related disasters affecting native wildlife in the State.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii Wildlife Center, Friends of Midway Atoll National Wildlife Refuge, Friends of Hakalau Forest National Wildlife Refuge, Surety Kohala Corporation, Umemoto Cassandro Design, Rhoady Lee Architecture and Design, and twenty individuals. Your Committees received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of Land and Natural Resources, Tax Foundation of Hawaii, and one individual.

Your Committees find that Hawaii has the largest concentration of endangered and threatened species in the world, a majority of which are birds. Of more than one hundred types of endemic Hawaiian birds, more than two-thirds are already extinct, and over eighty percent of those that remain are threatened with extinction. Your Committees also find that there are more than 14,000,000 seabirds that rely on habitats in the Hawaiian archipelago.

Your Committees find that a purpose-built and operational oiled-wildlife response facility is the standard set for highly successful emergency responses, as it provides efficient, state-of-the-art wildlife care, provides control of animal and hazardous waste handling and tracking, and ensures the safety of everyone working with oiled wildlife.

Your Committees find that the environmental response revolving fund would be a more appropriate source of funding to support the operations of the environmental disaster standby and response facility.

Your Committees have amended this measure by:

- (1) Removing sections 2 through 4 of the measure regarding the establishment of the wildlife recovery and rehabilitation special fund and amendment of related sections of the Hawaii Revised Statutes addressing the environmental response, energy, and food security tax;
- (2) Inserting language to amend section 128D-2, Hawaii Revised Statutes, to add, as an authorized use of the environmental response, energy, and food security tax revenues deposited into the environmental response revolving fund, support for the operations of an environmental disaster standby and response facility in the State that shall be responsible for the recovery and rehabilitation of native wildlife that are sickened, injured, or contaminated as a result of an oil or fuel-related disaster in the State;
- (3) Amending the purpose section for consistency;
- (4) Changing the effective date to July 1, 2013; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 988, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 988, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 5. Noes, none. Excused, none.

Water and Land

Ayes, 6. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1045 (Joint) Energy and Environment and Public Safety, Intergovernmental and Military Affairs on H.B. No. 90**

The purpose and intent of this measure is to establish a temporary emergency response vehicle noise task force to determine:

- (1) The impact of the use of emergency response vehicle sirens in terms of noise and whether the use of sirens enhances the safety of first responders and the public when an emergency response vehicle responds to a call in the State; and
- (2) The relative effectiveness of the use of emergency response vehicle lights instead of the use of sirens at night when an emergency response vehicle responds to a call in the State.

Your Committees received testimony in support of this measure from Downtown Neighborhood Board No. 13 and two individuals. Your Committees received testimony in opposition to this measure from the Department of Health, City and County of Honolulu Police Department, The Queen's Health Systems, and one individual. Your Committees received comments on this measure from the State Fire Council, Kauai Fire Department, Maui Department of Public Safety, and one individual.

Your Committees find that emergency response vehicles routinely use sirens and lights in tandem when responding to emergency calls at night. Because a number of first responder stations are located in dense urban areas, the response sirens disturb residents of these neighborhoods. Your Committees find it necessary to establish a permanent emergency response vehicle noise task force to:

- (1) Evaluate the noise impacts of the use of sirens at night;
- (2) Evaluate the effectiveness of emergency responders' use of emergency lights without sirens compared to the use of lights and sirens in combination; and
- (3) Recommend rules on the appropriate use of lights and sirens by emergency response vehicles.

Your Committees have amended this measure by:

- (1) Clarifying its purpose;
- (2) Making the task force permanent;
- (3) Clarifying the purview and duties of the task force;
- (4) Changing the composition of the task force to include a more representative cross-section of stakeholders;
- (5) Requiring the task force to meet biannually, starting in 2013; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 90, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 90, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 5; Ayes with Reservations (Chun Oakland). Noes, none. Excused, none.

Public Safety, Intergovernmental and Military Affairs

Ayes, 4; Ayes with Reservations (Baker, Espero). Noes, none. Excused, 1 (Green).

**SCRep. 1046 (Joint) Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing on H.B. No. 1419**

The purpose and intent of this measure is to make an appropriation to the Pacific International Space Center for Exploration Systems (PISCES).

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawaii at Hilo; Land Use Research Foundation; and twenty individuals.

Your Committees find that PISCES is planning to develop a world-class space center in Hawaii that can facilitate the design, testing, and validation of new technologies that support robotic and human missions to space. This measure supports an economic driver for the island of Hawaii that will promote the establishment and growth of new sustainable and green industries along with associated jobs, workforce development, internships, and science, technology, engineering, and math education programs.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1419, H.D. 2, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, Thielen, Wakai).

**SCRep. 1047 Ways and Means on Gov. Msg. No. 667**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TAXATION REVIEW, 1ST TAXATION DISTRICT

G.M. No. 667 CURTIS SAIKI, for a term to expire 6-30-2017

Your Committee has reviewed the qualifications of the nominee and finds that the nominee is qualified to serve on the Board of Taxation Review, 1st Taxation District.

Your Committee received testimony in support of Curtis Saiki from the Department of Taxation.

Currently, the nominee serves as the Chairperson of the Board of Taxation Review, First Taxation District. He has served as Vice-President of the Wealth Planning Department of First Hawaiian Bank since 2008. Curtis Saiki has previously been of counsel with Cades Schutte, LLP, a senior attorney at Kobayashi, Sugita, and Goda, and a tax consultant at Price Waterhouse Coopers.

Mr. Saiki received his Bachelors of Science in accounting from Oregon State University, a Juris Doctor from the University of Oregon Law School, and Master of Laws in taxation from the University of Washington Law School.

Mr. Saiki is licensed to practice law in Hawaii and in Washington State and is a member each state's bar association. Among his numerous community activities, he has served as a Certified Public Accountant Review Course instructor, Chairman of the Taxation Section and the Probate and Estate Planning Section of the Hawaii State Bar Association, member of the Advisory Board of the Hawaii Tax Institute, and the Board of Directors for the Hawaii State Financial Services, LLC. Mr. Saiki has also authored numerous publications regarding Hawaii estate tax planning and other tax related issues.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1048 Ways and Means on Gov. Msg. No. 702**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TAXATION REVIEW, 4TH TAXATION DISTRICT (KAUAI)

G.M. No. 702 JOSE DIOGO, for a term to expire 6-30-2017

Your Committee has reviewed the resume and qualifications of the nominee and finds that the nominee is qualified to serve on the Board of Taxation Review, Fourth Taxation District (Kauai).

Your Committee received testimony in support of Jose Diogo from the Department of Taxation.

The nominee currently serves as the Chairman of the Board of Taxation, Fourth Taxation District and is nominated for a second term.

Jose Diogo is the owner and president of Diogo Appraisal Services, Inc., and has been a state licensed appraiser from October 1991 to December 2009, and a state certified appraiser since January 2008. Mr. Diogo is a member of the Appraisal Institute and served as a member of the County of Kauai Building Review Board from January 2004 to December 2009. He has been a member of the County of Kauai Board of Review since March 2011.

In addition to his professional experience, Jose Diogo has also been involved in the Kauai community, including as a soccer coach for the American Youth Soccer Organization for the under eight boys division and an assistant basketball coach.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1049 Ways and Means on H.B. No. 430**

The purpose and intent of this measure is to exempt charitable deductions from the temporary limit on the amount of itemized tax deductions claimable by certain taxpayers.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Taxation; University of Hawaii Foundation; ABC Stores; Aloha United Way; American Heart Association; The Arc of Kona; Catholic Charities Hawaii; Child & Family Service; Goodwill Industries of Hawaii, Inc.; Hawaii Arts Alliance; Hawaii Association of Independent Schools; Hawaii Community Foundation; Hawaiian Humane Society; Hawaii Substance Abuse Coalition; Ku Aloha Ola Mau; Lanakila Pacific; Maui Economic Development Board; Papakolea Community Development Corporation; PBS Hawaii; The Nature Conservancy of Hawaii; and numerous individuals.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Act 97, Session Laws of Hawaii 2011, established temporary cap amounts on itemized deductions for state income tax purposes. Your Committee finds that these cap amounts have resulted in a disincentive for taxpayers to contribute to charitable organizations and caused a significant reduction in funding for charitable organizations throughout the State. Your Committee believes that, by exempting charitable contributions from the cap amounts on itemized deductions, this measure will aid in restoring the incentive for taxpayers to make contributions to charitable organizations.

Your Committee has amended this measure by:

- (1) Clarifying the language used to exempt charitable contributions from the temporary cap amounts; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 430, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 430, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1050      Judiciary and Labor on H.B. No. 31**

The purpose and intent of this measure is to:

- (1) Add under the offense of disorderly conduct under section 711-1101, Hawaii Revised Statutes, the act of impeding or obstructing bus stop use or access by laying on a bus stop bench or across more than two seats, or sleeping on the ground within or abutting a bus stop, with the intent to alarm or cause physical inconvenience to the public; and
- (2) Establish that engaging in disorderly conduct at a bus stop for at least sixty minutes is prima facie evidence of recklessly creating a risk of physical inconvenience to a member or members of the public.

Your Committee received testimony in support of this measure from the Department of Transportation Services, City and County of Honolulu; and Downtown Neighborhood Board No. 13. Testimony in opposition to this measure was submitted by the Office of the Public Defender and one individual.

Your Committee finds that individuals who impede or obstruct bus stops create a potential hazard for disabled bus patrons and interfere with the loading and unloading of bus passengers. This type of conduct can be unpleasant or even intimidating to residents and visitors who travel by bus. This measure recognizes the physical inconvenience that this type of conduct causes and provides law enforcement officers further mechanisms of enforcement to remove an individual engaging in such conduct from bus stop areas.

Your Committee recognizes the concerns raised in the written testimony submitted by the Office of the Public Defender that the act of sleeping at or near a bus stop is not conduct or behavior that is inherently bad or unacceptable. The Office testified that under section 711-1101, Hawaii Revised Statutes, the offense of disorderly conduct involves the act of bad conduct or behavior that includes fighting, threatening, violent or tumultuous behavior, unreasonable noise, offensively coarse behavior, or abusive language, to name a few actions. The act of sleeping at or impeding access to a bus stop does not appear to align with the types of disorderly conduct specified under section 711-1101, Hawaii Revised Statutes.

Furthermore, the Office of the Public Defender raised concerns that this measure would be criminalizing homelessness, as a person sleeping at a bus stop may have refused accommodations at a shelter and may have chosen to remain on the street for various reasons. While your Committee recognizes the problems that individuals who impede access to or sleep at bus stops cause, homelessness is not and should not be a crime.

Furthermore, your Committee notes that section 711-1101(3), Hawaii Revised Statutes, establishes that disorderly conduct is a petty misdemeanor if it is the defendant's intention to cause substantial harm or serious inconvenience, or if the defendant persists in disorderly conduct after reasonable warning or request to desist; otherwise, disorderly conduct is a violation. Your Committee further finds that this subsection applies to the act of impeding access to or sleeping at a bus stop.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that makes it an offense of disorderly conduct to impede or obstruct bus stop use or access by laying on a bus stop bench or sleeping on the ground within or abutting a stop;
- (2) Deleting language which establishes that engaging in disorderly conduct at a bus stop for at least sixty minutes is prima facie evidence of recklessly creating a risk of physical inconvenience;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 31, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 31, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3; Ayes with Reservations (Gabbard). Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1051      Commerce and Consumer Protection on H.B. No. 815**

The purpose and intent of this measure is to:

- (1) Direct the Public Utilities Commission and the Division of Consumer Advocacy to consider the ownership structure and interests of an electric cooperative in determining appropriate regulations; and
- (2) Authorize the Public Utilities Commission to waive or exempt an electric cooperative from certain regulations.

Your Committee received testimony in support of this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, Public Utilities Commission, Kaua'i Island Utility Cooperative, and seven individuals. Your Committee received testimony in opposition to this measure from Konohiki Hydro Power, Blue Planet Foundation, Hawaii Solar Energy Association, and one individual. Your Committee received comments on this measure from two individuals.

Your Committee finds that chapter 269, Hawaii Revised Statutes, is structured to provide regulatory oversight of investor-owned electric utilities. Although electric utility cooperatives are member-owned and operate on a not-for-profit basis, existing law does not provide any exceptions for these cooperatives.

Your Committee further finds that the intent of this measure and its companion, S.B. No. 1045, S.D. 1, which was previously passed by the Senate, is to ensure that the regulation of electric cooperatives in Hawaii is done in a way that is most efficient, while also providing adequate safeguards for affected ratepayers within the bounds of the Public Utilities Commission's existing regulatory authority. Your Committee also finds that this measure and S.B. No. 1045, S.D. 1, do not give an electric cooperative or the Public Utilities Commission unfettered discretion to grant a waiver or exemption. Any waiver or exemption would go through a formal proceeding before the Public Utilities Commission and would include the Consumer Advocate as a party.

However, your Committee notes that this measure does not permit an electric cooperative to request a waiver or exemption from any provision in chapter 269, Hawaii Revised Statutes. Most of the regulatory requirements that are imposed on electric utilities and electric cooperatives and which give the Public Utilities Commission its regulatory authority are found in chapter 269, Hawaii Revised Statutes. Furthermore, your Committee is concerned that this measure makes the scope of the Public Utilities Commission's ability to review and issue waivers or exemptions unclear and potentially overly broad.

In comparison, your Committee finds that S.B. No. 1045, S.D. 1, contains language that permits the Public Utilities Commission to waive or exempt an electric cooperative from any or all requirements of chapter 269, Hawaii Revised Statutes, or other applicable franchises, charters, decisions, orders, rules, or any other laws. S.B. No. 1045, S.D. 1, is therefore preferable because it provides the necessary exemptions for electric utility cooperatives, while also providing adequate protection to the cooperative's members/owners.

Accordingly, your Committee has amended this measure by deleting its contents and replacing them with the contents of S.B. No. 1045, S.D. 1, a substantively similar measure which:

- (1) Directs the Public Utilities Commission and the Division of Consumer Advocacy to specifically consider the ownership structure and interests of an electric cooperative; and
- (2) Authorizes the Public Utilities Commission to waive or exempt an electric cooperative operating in the State from compliance with the provisions of chapter 269, Hawaii Revised Statutes, as well as any other applicable charters, franchises, rules, decisions, orders, or any other laws.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 815, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 815, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 1052 Commerce and Consumer Protection on H.B. No. 999**

The purpose and intent of this measure is to clarify when a Hawaii risk retention captive insurance company would qualify for credit for reinsurance on risks ceded to a reinsurer.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Willis Management (Hawaii), Hawaii Captive Insurance Council, and Artex Risk Solution, Inc.

Your Committee finds that under existing state law, a risk retention captive insurance company may take credit for reserves on risks ceded to a reinsurer; provided that the reinsurer complies with the credit for reinsurance requirements under article 4A, chapter 431, Hawaii Revised Statutes.

Your Committee further finds that this measure sets forth parameters under which risk retention groups licensed as captive insurers may take credit for reinsurance ceded to reinsurers consistent with the National Association of Insurance Commissioners' Reinsurance Guidelines for Risk Retention Groups Licensed as Captive Insurers. Adoption of these guidelines will ensure that Hawaii remains competitive as a domicile for risk retention groups licensed as captive insurance companies.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 999, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 999, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 1053 (Majority) Commerce and Consumer Protection on H.B. No. 848**

The purpose and intent of this measure is to:

- (1) Amend the definition of "small employer" in the Insurance Code for consistency with federal laws; and
- (2) Apply licensing requirements for insurance producers to health maintenance organizations and mutual benefit societies.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Hawaii Medical Service Association. Your Committee received testimony in opposition to this measure from the Hawai'i Primary Care Association and UHA Health Insurance. Your Committee received comments on this measure from the Hawai'i Health Connector Board of Directors.

Your Committee finds that the federal Patient Protection and Affordable Care Act of 2010 (Affordable Care Act) requires each state to define the size of a "small business" as one that includes either one to fifty employees or one to one hundred employees. The default definition for "small business" under the Affordable Care Act is one hundred or fewer employees. States are allowed to opt out of the federal definition of "small business" until January 1, 2016, when the default definition becomes nondiscretionary.

Your Committee further finds that small employers will be able to buy health insurance from the Hawaii health insurance exchange, known as the Hawaii Health Connector, starting in 2014. This measure reaffirms the current definition of "small employer" in the Hawaii Revised Statutes as an employer who employs between one and fifty employees. This will allow small employers an opportunity to adjust to requirements of the Affordable Care Act prior to January 1, 2016. This measure also ensures that Hawaii's insurance laws are in compliance with relevant federal health insurance laws.

Your Committee also finds that the Affordable Care Act includes or references the Public Health Service Act and the Health Insurance Portability and Accountability Act of 1996. To ensure compliance with relevant federal laws, it is necessary to insert a purpose section in this measure which specifies that the definition of "small employer" in section 431:2-201.5, Hawaii Revised Statutes, applies to the Public Health Service Act, the Health Insurance Portability and Accountability Act of 1996, and all provisions of the Affordable Care Act.

Your Committee additionally finds that the Affordable Care Act also requires states to establish their own standards for provider network adequacy. Currently, there are multiple agencies that apply network adequacy standards to health insurers. Amendments to this measure are therefore necessary to create a uniform network adequacy standard that will be applied to all health insurers doing business in Hawaii. This will assure consumers that health care provider networks and access to care will remain consistent, regardless of the type of insurance plan or program chosen.

Accordingly, your Committee has amended this measure by:

- (1) Establishing a uniform network adequacy standard that requires each managed care plan in the State to demonstrate the adequacy of its provider network to the Insurance Commissioner;
- (2) Requiring the Insurance Commissioner to provide the Hawaii Health Connector with a list of qualified health plans that meet network adequacy standards, as determined by the Commissioner;
- (3) Repealing section 432E-3, Hawaii Revised Statutes, relating to managed care plans and access to services;
- (4) Inserting a purpose section; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 848, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 848, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, 2 (Solomon, Taniguchi).

#### **SCRep. 1054 Ways and Means on H.B. No. 425**

The purpose and intent of this measure is to establish payment requirements under state law for offers in compromise that are submitted to the Department of Taxation.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that an offer in compromise, if accepted by the Department of Taxation, is an agreement between a taxpayer and the Department of Taxation that settles the taxpayer's tax liabilities for less than the full amount owed. This measure would treat offers in compromise in the same manner as federal treatment under the Internal Revenue Code, thereby conforming offers in compromise for federal and state tax payments.

Your Committee further finds that this measure will reduce the number of frivolous offers in compromise applications by requiring that offers in compromise be accompanied by:

- (1) Twenty per cent of the amount offered, in the case of a lump-sum offer in compromise; or
- (2) The first installment, in the case of a periodic payment offer in compromise.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 425, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1055 Ways and Means on H.B. No. 915**

The purpose and intent of this measure is to improve the integrity of the State unemployment insurance program in conformance with federal law.

More specifically, this measure authorizes the Department of Labor and Industrial Relations to:

- (1) Recoup certain overpayments of unemployment benefits from an employer's unemployment trust fund account;
- (2) Impose a penalty upon certain individuals who receive overpaid unemployment benefits and to recoup both the penalty amount and the overpayment from the individual's federal income tax refund;
- (3) Offset an employer's default of advance payments, contributions, or reimbursements against the employer's federal income tax refund payments; and
- (4) Use funds in the State's account in the unemployment trust fund to pay fees authorized under the Internal Revenue Code for the review of reductions relating to credits and refunds.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that this measure would conform Hawaii's employment security laws to the federal Trade Adjustment Assistance Extension Act of 2011. Federal law prohibits states from relieving charges to an employer's account when an overpayment results from the employer's failure to respond to the Department's written request for information and requires states to impose a specified minimum penalty on fraudulent overpayments. Failure to adopt the imposition of the minimum penalty may result in the State's loss of \$13,000,000 in federal grants. This measure reflects the State's commitment to participate in the federal Treasury Offset Program, enabling receipt of federal funds for integrity activities relating to unemployment insurance funds.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 915, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 1056 (Joint) Education and Health on S.R. No. 27**

The purpose and intent of this measure is to encourage the Department of Education to work with the Department of Health to develop nutritionally-sound school meal plans that give students the option of a vegetarian entrée at least once a week.

Your Committees received testimony in support of this measure from the Puna Community Medical Center and four individuals. Your Committees received comments on this measure from the Department of Education.

Your Committees find that while some public schools do provide vegetarian school lunch options, students who identify themselves as vegetarian or vegan or come from vegetarian or vegan families are at a disadvantage if no vegetarian school lunch options are available at their schools.

As this measure moves forward in the legislative process, your Committees encourage the Department of Education to look at the feasibility of providing salad bars at each public school.

As affirmed by the records of votes of the members of your Committees on Education and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 27 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 4. Noes, none. Excused, 1 (Kidani).

Health

Ayes, 3. Noes, none. Excused, 2 (Baker, Nishihara).

**SCRep. 1057 Education on S.C.R. No. 76**

The purpose and intent of this measure is to request the Board of Education to research state models and best practices on home schooled student participation in public school extracurricular activities and sports and explore the implementation of such a program in Hawaii.

Your Committee received testimony in support of this measure from the Department of Education and two individuals.

Your Committee finds that there are currently thirty-five states that allow home schooled students to participate in extracurricular activities in some way or leave the decision to allow such participation to the local school boards or individual public schools. In contrast, the Board of Education currently does not have a policy allowing home schooled students to participate in extracurricular and sports in Hawaii's public schools.

Your Committee further finds that home schooled students may benefit from participation in extracurricular activities and sports in the same manner as their public school counterparts but understands the concerns raised by various stakeholders. This measure requests that the Board of Education look at best practices and models in other states in the area of home schooled student participation in extracurricular activities and sports to determine what type of policy, if any, would work best in the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 1058 Education on S.R. No. 43**

The purpose and intent of this measure is to request the Board of Education to research state models and best practices on home schooled student participation in public school extracurricular activities and sports and explore the implementation of such a program in Hawaii.

Your Committee received testimony in support of this measure from the Department of Education and two individuals.

Your Committee finds that there are currently thirty-five states that allow home schooled students to participate in extracurricular activities in some way or leave the decision to allow such participation to the local school boards or individual public schools. In contrast, the Board of Education currently does not have a policy allowing home schooled students to participate in extracurricular and sports in Hawaii's public schools.

Your Committee further finds that home schooled students may benefit from participation in extracurricular activities and sports in the same manner as their public school counterparts but understands the concerns raised by various stakeholders. This measure requests that the Board of Education look at best practices and models in other states in the area of home schooled student participation in extracurricular activities and sports to determine what type of policy, if any, would work best in the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 43 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 1059 Education on S.C.R. No. 77**

The purpose and intent of this measure is to request the Board of Education to develop a uniform sexuality health education program for all public schools.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, Hawaii Youth Services Network, Planned Parenthood of Hawaii, Child and Family Service, and one individual. Your Committee received testimony in opposition to this measure from the Department of Education and four individuals.

Your Committee finds that sexuality health education should be taught in a uniform manner across the State's public schools to ensure that students are receiving the same information, and should take into account the appropriateness of mandating sexual health education for certain age groups, social-emotional issues relating to sexuality, training standards for teachers, review options for curricula, and sufficient monitoring and oversight of a sexuality health program.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 1060 Education on S.R. No. 44**

The purpose and intent of this measure is to request the Board of Education to develop a uniform sexuality health education program for all public schools.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women, Hawaii Youth Services Network, Planned Parenthood of Hawaii, Child and Family Service, and one individual. Your Committee received testimony in opposition to this measure from the Department of Education and four individuals.

Your Committee finds that sexuality health education should be taught in a uniform manner across the State's public schools to ensure that students are receiving the same information, and should take into account the appropriateness of mandating sexual health education for certain age groups, social-emotional issues relating to sexuality, training standards for teachers, review options for curricula, and sufficient monitoring and oversight of a sexuality health program.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 44 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 1061 (Joint) Education and Higher Education on S.C.R. No. 96**

The purpose and intent of this measure is to:

- (1) Commend the Jump Start Task Force on the creation of the Jump Start Program;
- (2) Encourage the expansion of the Jump Start Program to schools on the islands of Maui and Hawaii; and

- (3) Request the Department of Education and the University of Hawaii Community Colleges to continue their support of the Jump Start Program.

Your Committees received testimony in support of this measure from the Department of Education, Complex Area Superintendent of the Nanakuli-Waianae Schools, Honolulu Community College, Kapi'olani Community College, and Hawai'i P-20 Partnerships for Education.

Your Committees find that the Jump Start Program is a career and technical education dual credit program for Hawaii high school seniors to help meet the need for career and technical education classes in high school. The Jump Start Program has been highly successful, and your Committees hope that the program can expand so that other high school seniors whose high schools do not yet provide career and technical education opportunities can benefit from the program.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 96 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 5. Noes, none. Excused, none.

Higher Education

Ayes, 5. Noes, none. Excused, 2 (Ige, Kahele).

**SCRep. 1062 (Joint) Education and Higher Education on S.R. No. 62**

The purpose and intent of this measure is to:

- (1) Commend the Jump Start Task Force on the creation of the Jump Start Program;
- (2) Encourage the expansion of the Jump Start Program to schools on the islands of Maui and Hawaii; and
- (3) Request the Department of Education and the University of Hawaii Community Colleges to continue their support of the Jump Start Program.

Your Committees received testimony in support of this measure from the Department of Education, Complex Area Superintendent of the Nanakuli-Waianae Schools, Honolulu Community College, Kapi'olani Community College, and Hawai'i P-20 Partnerships for Education.

Your Committees find that the Jump Start Program is a career and technical education dual credit program for Hawaii high school seniors to help meet the need for career and technical education classes in high school. Signed by the Chairs on behalf of the Committees.

Education

Ayes, 5. Noes, none. Excused, none.

Higher Education

Ayes, 5. Noes, none. Excused, 2 (Ige, Kahele).

**SCRep. 1063 (Joint) Education and Economic Development, Government Operations and Housing on S.C.R. No. 190**

The purpose and intent of this measure is to request the Board of Education to:

- (1) Review its Policy No. 6701 in light of the State's efforts to renovate and build twenty-first century schools; and
- (2) Report its findings and recommendations to the Legislature.

Your Committees received testimony in support of this measure from the Department of Education and Hawaii Institute for Public Affairs.

Your Committees find that the State is exploring ways to renovate and build new schools that meet twenty-first century education standards that incorporate new strategies for school design to accommodate a wide range of learning styles, promote community interaction with the school, and allow the use of advanced technology and energy efficient systems.

Your Committees further find that the Board of Education may need to review Board Policy No. 6701, which provides acreage guidelines for elementary, intermediate, middle, and high schools, as this policy may limit the State's ability to renovate and build new schools that meet twenty-first century standards.

As affirmed by the records of votes of the members of your Committees on Education and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 190 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1065 (Joint) Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 121**

The purpose and intent of this measure is to request Hawaii's Congressional Delegation to propose amendments to the Airline Deregulation Act to exempt Hawaii from the United States' preemption of state economic regulation of interstate air transportation.

Your Committees received testimony in support of this measure from the Association of Hawaiian Civic Clubs and one individual.

The Airline Deregulation Act of 1978 amended the Federal Aviation Act to prohibit states, political subdivisions of a state, or political authority of at least two states from enacting or enforcing a law, regulation, or other provision having the force and effect of law related to the price, route, or service of an air carrier providing air transportation, including foreign air transportation, interstate air transportation, or the transportation of mail by aircraft. Alaska was specifically granted in statute an exemption from the Airline Deregulation Act under title 49 United States Code section 41713, which provides in part that, under certain circumstances, the federal preemption provisions of the Act do not apply to air transportation provided entirely in Alaska.

Your Committees find that Hawaii is unique among all the states because Hawaii is an island state in which air transportation is often the only practical form of intrastate transportation, and Hawaii residents fly frequently among the islands to conduct business, vacation, and visit family and friends.

Hawaii has only one major interisland air carrier that has no formidable competition. Therefore, regulation of intrastate air transportation, similarly to Alaska, is necessary to limit monopoly pricing and ensure service to less profitable routes.

Your Committees request that, if your Committee on Ways and Means chooses to schedule this measure for a hearing and pass it out of Committee, the title of the measure and references within the measure to interstate be amended to read intrastate.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 121 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs  
Ayes, 6; Ayes with Reservations (Slom). Noes, none. Excused, 3 (English, Kouchi, Solomon).

**SCRep. 1067 (Joint) Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 169**

The purpose and intent of this measure is to urge Hawaii's Congressional Delegation to seek and obtain additional federal aid to the State of Hawaii for the provision of educational services to migrants from the Compact of Free Association nations.

Your Committees received testimony in support of this measure from one individual. Your Committees received comments on this measure from the Department of Education.

Migrants from the Federated States of Micronesia, Republic of the Marshall Islands, and Republic of Palau are allowed to enter the State of Hawai'i under the Compact of Free Association. The Compact of Free Association provides for economic assistance (including eligibility for certain U.S. federal programs), defense of the Compact of Free Association nations, and other benefits by the United States, including educational services, in exchange for defense and certain other rights for the United States in the Compact of Free Association nations.

Many Hawaii state agencies provide a broad range of educational, health, and social services to migrants from the Compact of Free Association nations who have moved to Hawaii. The cost to the State to provide various state services to the Compact of Free Association migrants continues to increase each year.

Your Committees find that additional support from the United States government is needed to fulfill the United States' obligation to Compact of Free Association immigrants.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 169 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1069 (Joint) Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 182**

The purpose and intent of this measure is to express support for the enhanced trade and investment opportunities among member countries of the Trans-Pacific Partnership and encourage Hawai'i's Congressional delegation and other leaders to support negotiations to finalize the Partnership.

Your Committees received testimony in support of this measure from the Australian Consulate-General.

The Trans-Pacific Partnership is a proposed free trade agreement among the United States and various countries having the purpose of stimulating the economies of member nations. The nations include the United States, Australia, Brunei, Canada, Chile, Malaysia, Mexico, New Zealand, Peru, Singapore, and Vietnam. The Trans-Pacific Partnership potentially could eliminate tariff and non-tariff barriers to trade and investment among the parties.

Hawai'i is located in the middle of the Pacific Ocean between the continents of Asia, Australia, and North and South America, whose countries bordering the Pacific are part of the Pacific Rim nations. Your Committees find that the Trans-Pacific Partnership agreement will create jobs and promote job retention in the United States and consequently in Hawai'i by increasing exports in the Pacific Rim region, which represent more than forty percent of global trade.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 182, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 182, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs

**SCRep. 1071 Education on S.C.R. No. 97**

The purpose and intent of this measure is to request the Department of Education to undertake a systemwide review of its oversight, monitoring, and accountability of the operational and fiscal practices of the Department's School Food Services Branch.

Your Committee received testimony in support of this measure from the Department of Education and one individual.

Your Committee finds that during 2012, the Department of Education conducted an internal audit of its Schools Food Services Branch, finding that the Department's controls related to food services are functioning at an unacceptable level. While the Department acknowledges its shortcomings in this area, your Committee emphasizes the importance of implementing systematic changes to policies and procedures at all levels to address the concerns raised by the audit.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 97 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 1072 Education on S.R. No. 63**

The purpose and intent of this measure is to request the Department of Education to undertake a systemwide review of its oversight, monitoring, and accountability of the operational and fiscal practices of the Department's School Food Services Branch.

Your Committee received testimony in support of this measure from the Department of Education and one individual.

**SCRep. 1073 (Joint) Transportation and International Affairs and Human Services and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 108**

The purpose and intent of this measure is to urge the United States Congress to include citizens of the Freely Associated States who lawfully reside in the United States as "qualified aliens" under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 in recognizing their unique historic and ongoing sacrifices and contributions to the United States of America.

Your Committees received testimony in support of this measure from the Hawaii Civil Rights Commission, Office of Hawaiian Affairs, Health Care Association of Hawaii, Japanese American Citizens League, Nations of Micronesia Committee, Federated States of Micronesia, Republic of Marshall Islands, Kokua Kalihi Valley Health Center, Hawaii Appleseed Center, COFA Community Advocacy Network, Healthy Pacific Organization, Hawaii Disability Rights Center, SHIP-HOOPS, Hepatitis Support Network of Hawaii, Micronesian Community Network, and thirteen individuals. Your Committees received comments from two individuals.

The Freely Associated States of the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia comprise a multitude of islands, languages, and cultures throughout the Micronesian regions of the Pacific Ocean. The Compacts of Free Association between the Freely Associated States and the United States of America recognize the historic sacrifices and contributions of the citizens of the Freely Associated States to the interests of the United States of America, including the use of their island atolls for sixty-seven nuclear tests from 1946 to 1958, which subjected Marshallese people to human radiation experiments without their knowledge or their consent; and the occupation by the United States military of the island atolls to ensure control of the Pacific.

In addition to these sacrifices, the sons and daughters of the citizens of the Freely Associated States continue to lay down their lives in the interest of the United States, representing some of the highest levels of per-capita military personnel recruitment levels to the United States military compared to any other jurisdiction, including the fifty states comprising the United States of America.

Despite the rights to reside and seek economic opportunity in the United States as granted to the citizens of the Freely Associated States, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 denied citizens of the Freely Associated States who reside in the United States eligibility for numerous federal benefits, including Medicaid, Social Security Income, food stamps, housing, and other social safety nets that are accessible by other legal resident immigrants.

H.R. 912, "Restoring Medicaid for Compact of Free Association Migrants Act of 2013", in the United States House of Representatives, as introduced by United States Representative Colleen Hanabusa on February 28, 2013, amends title IV of the

Personal Responsibility and Work Opportunity Reconciliation Act of 1996 to restore Medicaid coverage for citizens of the Freely Associated States lawfully residing in the United States under the Compacts of Free Association between the Government of the United States and the Governments of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau. This measure supports efforts such as H.R. 912 to provide relief to these individuals from Hawaii's burdensome uncompensated Medicaid costs.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs, Human Services, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 108 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1075 Economic Development, Government Operations and Housing on Gov. Msg. No. 522**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION

G.M. No. 522 LEILANI PULMANO, for a term to expire 6-30-2016

Your Committee received testimony in support of Leilani Pulmano from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; and nine individuals.

Ms. Pulmano received a Bachelor of Business Administration degree from the University of Hawaii and serves as a board member of the Lahaina Restoration Foundation.

Ms. Pulmano is a large-scale development project manager with Munekiyo & Hiraga, Inc. She has worked for Maui Land and Pineapple Company, Inc., and has experience with the finance, planning, and development of residential housing projects, including mixed-use developments in West and Upcountry Maui and affordable housing projects. Your Committee finds that Ms. Pulmano's experience will provide needed guidance to staff of the Hawaii Housing Finance and Development Corporation in reviewing project applications and in setting Board policies.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Wakai).

**SCRep. 1076 Agriculture on Gov. Msg. No. 597**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF AGRICULTURE

G.M. No. 597 GLENN HONG, for a term to expire 6-30-2017

Your Committee received testimony in support of Glenn Hong from the Department of Agriculture; Hawaii Cattlemen's Council, Inc.; Maui County Farm Bureau; Hawaii Farm Bureau Federation; Young Brothers Limited; Meadow Gold Dairies; Amergent Techs; and the Maritime Group.

Mr. Hong graduated from the University of Southern California with a degree in Accounting. Mr. Hong is currently the President of Young Brothers, Limited, and Hawaiian Tug and Barge, which provides transportation services via water routes and ship-assist services to the Hawaiian islands. Mr. Hong has a wide range of professional experience including as the Controller of Hawaiian Electric Industries, Director of Financial Analysis for GTE Corporation, Audit Director of GTE Telephone Operations, and as an accountant. Mr. Hong has been involved in numerous community and business organizations during his career, including Board Chair of the Hawaii Employers Council, Executive Committee member of the Hawaii Harbors Users Group, and Advisory Board member of the University Of Hawaii Shidler School Of Business.

Mr. Hong has provided outstanding service on the Board of Agriculture for the past eight months and brings a unique and vital perspective to the Board. In only eight months, Mr. Hong has proven to be an active participant on the Board and has forged an excellent working relationship with the other Board members. Transportation of agricultural commodities is an essential component for the success of any agricultural venture in Hawaii. Mr. Hong's decades of experience in the transportation field provide key insight and perspective on the issue of transportation of agricultural commodities and provide the Board with a fuller view of all the factors and challenges our local farmers are facing. His significant business background brings additional insight to the Board on issues regarding agribusiness in Hawaii.

Mr. Hong testified that he believes water is the most critical resource for Hawaii's community and economy and is dedicated to conserving water resources and ensuring water resources are available for future generations in Hawaii. Given the foregoing, your Committee believes that Mr. Hong possesses the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Board of Agriculture.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (English, Wakai, Slom).

**SCRep. 1077 Agriculture on Gov. Msg. Nos. 503, 504, 505, and 506**

Recommending that the Senate advise and consent to the nominations of the following:

ADVISORY COMMITTEE ON PESTICIDES

G.M. No. 503 JAMES ESCHLE, for a term to expire 6-30-2016;

G.M. No. 504 JEFFREY KERMODE, for a term to expire 6-30-2016;

G.M. No. 505 JOHN MCHUGH, for a term to expire 6-30-2015; and

G.M. No. 506 ROGER BREWER, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds James Eschle, Jeffrey Kermode, John McHugh, and Roger Brewer to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Advisory Committee on Pesticides.

JAMES ESCHLE

Your Committee received testimony in support of this nominee from the Department of Agriculture and Hawaii Pest Control Association.

Dr. Eschle received his Doctorate of Philosophy in Entomology from the University of Wisconsin. He has thirteen years of experience in applied research and project management at the United States Department of Agriculture, where he focused on the biology and control of insects affecting livestock. He has significant experience as a consultant in termite control and would serve as the representative from the structural pest control industry. Dr. Eschle has also served as an expert witness in numerous litigation cases involving termite inspections and damages, has conducted hundreds of inspections for realtors, and has provided classes for pest control operators on behalf of the Hawaii Pest Control Association. Dr. Eschle's ability to process critical information and dedication to matters dealing with pesticides will provide a vital resource to the Advisory Committee on Pesticides.

JEFFREY KERMODE

Your Committee received testimony in support of this nominee from the Department of Agriculture; Hawaii Cattlemen's Council, Inc.; Maui County Farm Bureau; Hawaii Farm Bureau Federation; Alexander and Baldwin, Inc.; and Hawaiian Commercial and Sugar Company.

Mr. Kermode received his Bachelor of Arts degree in Geography with a specialization in Environmental Studies from the University of British Columbia. Mr. Kermode worked in environmental health and safety related fields for over twenty years. As a consultant, his work ranged from performing environmental site assessments to pollution prevention planning. For the past four years, Mr. Kermode has been employed as the Environmental Manager for Maui Land and Pineapple Company, where he works on pesticide related issues. Through his work, Mr. Kermode has developed a deep appreciation for the environment and agriculture in Hawaii. Mr. Kermode would serve on the committee as a representative from the sugar industry. Mr. Kermode is uniquely qualified to assess the potential impact of proposed regulations on farming interests and to also ensure that proposed regulations are protective of human health and the environment.

JOHN MCHUGH

Your Committee received testimony in support of this nominee from the Department of Agriculture; Hawaii Cattlemen's Council, Inc.; Maui County Farm Bureau; Hawaii Agriculture Research Center; BEI Hawaii; Hawaii Farm Bureau Federation; and four individuals.

Dr. McHugh graduated from the University of Hawaii with a Bachelor of Science degree in General Agriculture and a Master's degree in Horticulture. Dr. McHugh earned his Doctorate of Philosophy in Entomology from Purdue University. Dr. McHugh has significant experience in agricultural research and has published extensively in the areas of pest management and Hawaii agriculture. Dr. McHugh's broad experience includes managing Sumida Farm, Inc., where he increased the production of crops three-fold by implementing improved cultural techniques and practices. He is a general partner of Crop Care Hawaii, LLC, a company that focuses on farmer education through pesticide recertification training, crop consulting, integrated pest management, sustainable agriculture research and education, soil conservation, grant writing, and extension type activities. Dr. McHugh would serve on the committee as the representative from the Hawaii Farm Bureau Federation. Dr. McHugh's firsthand experience working with Hawaii's farmers and his experience with pests that impact Hawaii agriculture make him well qualified to serve on the Advisory Committee on Pesticides.

ROGER BREWER

Your Committee received testimony in support of this nominee from the Department of Agriculture, Department of Health, Environmental Science International, and five individuals.

Dr. Brewer earned his Bachelor's degree in Geology from the University of Alabama, Master's degree in Geology from the University of Tennessee, and Doctorate of Philosophy in Geology from the University of Alabama. He is currently a Senior Environmental Scientist with the Hawaii Department of Health. Dr. Brewer would serve on the committee as a representative from the Department of Health. His environmental experience includes regulatory compliance audits, soil and groundwater investigations, quantitative human health risk assessments, and screening-level ecological risk characterizations. He gives numerous training classes on methods to identify environmental hazards at contaminated sites and is actively involved in the continued development of state and federal environmental risk assessment programs. In addition to the Hawaii Department of Health, he has worked for the California Environmental Protection Agency and has done numerous risk assessments for companies all over the world. Dr. Brewer is a nationally recognized expert in environmental risk assessments, and his breadth of experience will be an asset to the Advisory Committee on Pesticides.

As affirmed by the records of votes of the members of your Committee on Agriculture that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (English, Wakai, Slom).

**SCRep. 1078 Economic Development, Government Operations and Housing on S.C.R. No. 41**

The purpose and intent of this measure is to extend the government contracting task force to June 30, 2013, so that it may finalize and submit its 2012 interim report to the Legislature, to include the following:

- (1) A report on the task force's study of state contracting processes;

- (2) Recommendations to standardize and simplify the state contracting process between private parties and certain state agencies; and
- (3) An evaluation of the “dashboard” demonstration project involving certain state agencies.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii and Hawaii Alliance of Nonprofit Organizations.

Your Committee finds that the task force has been meeting since the summer of 2011 and has made considerable progress. Due to the complexity of the issues it was created to address, however, the task force needs more time to resolve the issues to the satisfaction of all parties involved. Your Committee finds that with an extension, the task force plans to concentrate on higher systemic issues including contracting and payment processes; communication; technology; accountability; transparency; and education and training.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 41, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 1079 Public Safety, Intergovernmental and Military Affairs on S.R. No. 47**

The purpose and intent of this measure is to request the Hawaii State Civil Defense to conduct a study regarding what actions, if any, should be taken by the State in the interest of public safety when people refuse to leave their homes or businesses refuse to close in evacuation zones during natural disasters.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that this study will provide a closer look at the challenges faced by first responders who encounter people who refuse to leave their homes or close their businesses located in evacuation zones. This measure will provide possible solutions to these difficult situations in order to improve public safety during natural disasters.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 47 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

**SCRep. 1080 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 80**

The purpose and intent of this measure is to request the Hawaii State Civil Defense to conduct a study regarding what actions, if any, should be taken by the State in the interest of public safety when people refuse to leave their homes or businesses refuse to close in evacuation zones during natural disasters.

Your Committee received testimony in support of this measure from the Department of Defense.

Your Committee finds that this study will provide a closer look at the challenges faced by first responders who encounter people who refuse to leave their homes or close their businesses located in evacuation zones. This measure will provide possible solutions to these difficult situations in order to improve public safety during natural disasters.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 80 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

**SCRep. 1081 Public Safety, Intergovernmental and Military Affairs on S.R. No. 35**

The purpose and intent of this measure is to encourage the Department of Public Safety to seriously consider the establishment and implementation of a stand-alone reentry center in Honolulu for recovering criminal offenders, which is to include residential and day-reporting program options.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, Ohana Ho'opakele, and one individual.

Your Committee finds that inmates who are released with the support of reentry centers are more likely to be gainfully employed and less likely to recidivate as compared to inmates who are released directly into the community. Your Committee further finds that community-directed housing facilities are significantly more cost-effective than hard bed incarceration. This measure promotes the goal of the Justice Reinvestment Initiative of returning inmates from the mainland by creating additional community placement for inmates transitioning back into the community.

Your Committee has amended this measure by:

- (1) Offering reentry center placement as an option for low-risk offenders, rather than individuals serving non-violent, non-sexual sentences;
- (2) Amending the title for consistency; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 35, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 35, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Baker, Green).

**SCRep. 1082 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 67**

The purpose and intent of this measure is to encourage the Department of Public Safety to seriously consider the establishment and implementation of a stand-alone reentry center in Honolulu for recovering criminal offenders, which is to include residential and day-reporting program options.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, Ohana Ho'opakele, and one individual.

Your Committee finds that inmates who are released with the support of reentry centers are more likely to be gainfully employed and less likely to recidivate as compared to inmates who are released directly into the community. Your Committee further finds that community-directed housing facilities are significantly more cost-effective than hard bed incarceration. This measure promotes the goal of the Justice Reinvestment Initiative of returning inmates from the mainland by creating additional community placement for inmates transitioning back into the community.

Your Committee has amended this measure by:

- (1) Offering reentry center placement as an option for low-risk offenders, rather than individuals serving non-violent, non-sexual sentences;
- (2) Amending the title for consistency; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 67, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Baker, Green).

**SCRep. 1083 Public Safety, Intergovernmental and Military Affairs on S.R. No. 42**

The purpose and intent of this measure is to urge the federal government to release Roger Christie, who has been held in federal detention since July of 2010, pending his trial and subject to bail conditions.

Your Committee received testimony in support of this measure from Community Alliance on Prisons; Drug Policy Action Group; Drug Policy Forum of Hawaii; Progressive Democrats of Hawaii; Americans for Safe Access, Big Island Chapter; Libertarian Party of Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety and two individuals. Your Committee received comments on this measure from four individuals.

Your Committee finds that in July 2010, Roger Christie was arrested and charged with three federal counts of conspiring to manufacture, distribute, and possess marijuana. Your Committee further finds that Mr. Christie has no criminal history of violence. This measure calls upon federal authorities to release Mr. Christie on bail and ensure that Mr. Christie's constitutional rights to due process and a speedy trial are not violated.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 42, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.R. No. 42, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

**SCRep. 1084 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 75**

The purpose and intent of this measure is to urge the federal government to release Roger Christie, who has been held in federal detention since July of 2010, pending his trial and subject to bail conditions.

Your Committee received testimony in support of this measure from Community Alliance on Prisons; Drug Policy Action Group; Drug Policy Forum of Hawaii; Progressive Democrats of Hawaii; Americans for Safe Access, Big Island Chapter; Libertarian Party of Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Public Safety and two individuals. Your Committee received comments on this measure from four individuals.

Your Committee finds that in July 2010, Roger Christie was arrested and charged with three federal counts of conspiring to manufacture, distribute, and possess marijuana. Your Committee further finds that Mr. Christie has no criminal history of violence. This measure calls upon federal authorities to release Mr. Christie on bail and ensure that Mr. Christie's constitutional rights to due process and a speedy trial are not violated.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 75, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.C.R. No. 75, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

**SCRep. 1085 Education on S.R. No. 26**

The purpose and intent of this measure is to request the Board of Education and Department of Education to continue to collaborate with family and community organizations to establish, implement, and monitor statewide policies for family-school partnerships in Hawaii's public schools.

Your Committee received testimony in support of this measure from the Department of Education, State Council on Developmental Disabilities, Special Education Advisory Council, Family Voices of Hawai'i, Parent Teacher Student Association, Hui for Excellence in Education, Community Children's Council of Hawaii, and one individual.

Your Committee finds that in response to Senate Concurrent Resolution No. 145, Regular Session of 2011, and Senate Concurrent Resolution No. 79, Regular Session of 2012, the Department of Education and a working group comprised of family and community organizations laid the groundwork for establishing policies for family-school partnerships. This measure encourages the Board of Education and Department of Education to continue working toward the full establishment, implementation, and monitoring of the working group's policy recommendations for family-school engagement in Hawaii's public schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 26 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1086 Education on S.C.R. No. 49**

The purpose and intent of this measure is to request the Board of Education and Department of Education to continue to collaborate with family and community organizations to establish, implement, and monitor statewide policies for family-school partnerships in Hawaii's public schools.

Your Committee received testimony in support of this measure from the Department of Education, State Council on Developmental Disabilities, Special Education Advisory Council, Family Voices of Hawai'i, Parent Teacher Student Association, Hui for Excellence in Education, Community Children's Council of Hawaii, and one individual.

Your Committee finds that in response to Senate Concurrent Resolution No. 145, Regular Session of 2011, and Senate Concurrent Resolution No. 79, Regular Session of 2012, the Department of Education and a working group comprised of family and community organizations laid the groundwork for establishing policies for family-school partnerships. This measure encourages the Board of Education and Department of Education to continue working toward the full establishment, implementation, and monitoring of the working group's policy recommendations for family-school engagement in Hawaii's public schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 49 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1087 Education on S.R. No. 8**

The purpose and intent of this measure is to request the Department of Education to meet with interested parties to examine the feasibility of establishing a boxing pilot program in at least one of Hawaii's public high schools.

Your Committee received testimony in support of this measure from the State Boxing Commission of Hawaii, USA Boxing, Amateur Boxing of Hawaii, Kauai Police Activities League, and nine individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that boxing teaches children and young adults about hard work, physical fitness, dedication, and focus, all valuable skills that can be used throughout life.

Your Committee further finds that high schools in California, Colorado, Michigan, New York, and Ohio have successful boxing programs or clubs. Hawaii's students would likely benefit from having a program within the public school system.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 8 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1088 Education on S.C.R. No. 27**

The purpose and intent of this measure is to request the Department of Education to meet with interested parties to examine the feasibility of establishing a boxing pilot program in at least one of Hawaii's public high schools.

Your Committee received testimony in support of this measure from the State Boxing Commission of Hawaii, USA Boxing, Amateur Boxing of Hawaii, Kauai Police Activities League, and nine individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that boxing teaches children and young adults about hard work, physical fitness, dedication, and focus, all valuable skills that can be used throughout life.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1089 Education on S.R. No. 146**

The purpose and intent of this measure is to request the Board of Education, in consultation with the State Librarian, to explore the feasibility of activating a statewide library advisory commission.

Your Committee received testimony in support of this measure from the Hawaii State Public Library System and one individual.

Your Committee finds that stakeholder input and involvement in the identification of strategic goals and priorities for the public library system allow for greater and more diversified types of uses of library facilities that are appropriate for each community.

Your Committee further finds that section 26-12, Hawaii Revised Statutes, gives the Board of Education the authority to establish a library advisory commission in each county to sit in an advisory capacity to the Board of Education on all matters relating to public library services in its respective county. This measure requests exploration of the feasibility of convening a similar body but on a statewide level.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 146 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1090 Education on S.C.R. No. 191**

The purpose and intent of this measure is to request the Board of Education, in consultation with the State Librarian, to explore the feasibility of activating a statewide library advisory commission.

Your Committee received testimony in support of this measure from the Hawaii State Public Library System and one individual.

Your Committee finds that stakeholder input and involvement in the identification of strategic goals and priorities for the public library system allow for greater and more diversified types of uses of library facilities that are appropriate for each community.

Your Committee further finds that section 26-12, Hawaii Revised Statutes, gives the Board of Education the authority to establish a library advisory commission in each county to sit in an advisory capacity to the Board of Education on all matters relating to public library services in its respective county. This measure requests exploration of the feasibility of convening a similar body but on a statewide level.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 191 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1091 Education on S.C.R. No. 109**

The purpose and intent of this measure is to request the Department of Education to support the creation of foreign language immersion classes in public elementary schools.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Department of Education and one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that although foreign languages are offered in the State's public high schools, there are several benefits to teaching children a foreign language beginning in kindergarten. The Board of Education should explore the feasibility of establishing foreign language immersion classes starting in elementary school.

Your Committee has amended this measure by:

- (1) Requesting the Department of Education to consider, rather than support, the creation of foreign language immersion classes in public elementary schools; and

- (2) Changing its title accordingly to read: “REQUESTING THE DEPARTMENT OF EDUCATION TO CONSIDER THE CREATION OF FOREIGN LANGUAGE IMMERSION CLASSES IN PUBLIC ELEMENTARY SCHOOLS”.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 109, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 109, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1092 (Joint) Education and Tourism and Hawaiian Affairs on S.R. No. 107**

The purpose and intent of this measure is to request the Board of Education to create a coalition to address the issue of developing assessments required by the No Child Left Behind Act of 2001 in the Hawaiian language for Hawaiian language immersion students to more accurately measure their academic achievement.

Your Committees received testimony in support of this measure from the Department of Education, Office of Hawaiian Affairs, Hawaii State Teachers Association, Kamehameha Schools, and one individual.

Your Committees find that the Hawaiian language is one of the two official languages of the State and is a critical component of preserving the Hawaiian culture. Your Committees further find that the Board of Education has acknowledged that its Hawaiian language immersion program is an essential part of revitalizing and continuing the Hawaiian culture. To uphold its obligation to perpetuate the Hawaiian language, the Board and the Department of Education must provide Hawaiian language immersion program students with an assessment system that most accurately measures their academic achievement.

Your Committees note that it will be critical that the Department of Education request a waiver from the United States Department of Education from its requirement that there be only one uniform statewide assessment.

As this measure moves through the legislative process, your Committees note that there may be other persons or entities not currently identified that should receive certified copies of this measure.

Your Committees have amended this measure by:

- (1) Adding findings recognizing the efforts of the Hawaii Department of Education to develop a request for a waiver from the United States Department of Education from certain requirements of the No Child Left Behind Act of 2001;
- (2) Adding findings stressing the importance of the Hawaiian language as recognized in the Hawaii State Constitution;
- (3) Adding findings regarding the Native American Languages Act of 1990 and, among other things, the importance of Native American languages to their culture and identities;
- (4) Requesting that representatives from ‘Aha Pūnana Leo, rather than representatives from Hawaiian language immersion schools, be part of the coalition;
- (5) Adding language expressing the Legislature’s support of the Department of Education’s development of a request for a waiver to the United States Department of Education of certain requirements of the No Child Left Behind Act of 2001;
- (6) Adding language urging the United States Department of Education to approve the Hawaii Department of Education’s waiver request to allow for the most appropriate assessments and academic content standards for the Hawaiian language immersion program;
- (7) Amending its title to read: “REQUESTING THE BOARD OF EDUCATION, AS PART OF ITS DEVELOPMENT OF A COMPREHENSIVE HAWAIIAN STUDIES PROGRAM, TO CREATE A COALITION TO ADDRESS THE ISSUE OF DEVELOPING ASSESSMENTS IN THE HAWAIIAN LANGUAGE FOR HAWAIIAN LANGUAGE IMMERSION STUDENTS TO MORE ACCURATELY MEASURE THEIR ACADEMIC ACHIEVEMENT”; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Tourism and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 107, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 107, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 4. Noes, none. Excused, 1 (Ruderman).

Tourism and Hawaiian Affairs

Ayes, 6. Noes, none. Excused, 2 (Hee, Solomon).

**SCRep. 1093 (Joint) Education and Tourism and Hawaiian Affairs on S.C.R. No. 147**

The purpose and intent of this measure is to request the Board of Education to create a coalition to address the issue of developing assessments required by the No Child Left Behind Act of 2001 in the Hawaiian language for Hawaiian language immersion students to more accurately measure their academic achievement.

Your Committees received testimony in support of this measure from the Department of Education, Office of Hawaiian Affairs, Hawaii State Teachers Association, Kamehameha Schools, and one individual.

Your Committees find that the Hawaiian language is one of the two official languages of the State and is a critical component of preserving the Hawaiian culture. Your Committees further find that the Board of Education has acknowledged that its Hawaiian language immersion program is an essential part of revitalizing and continuing the Hawaiian culture. To uphold its obligation to perpetuate the Hawaiian language, the Board and the Department of Education must provide Hawaiian language immersion program students with an assessment system that most accurately measures their academic achievement.

Your Committees note that it will be critical that the Department of Education request a waiver from the United States Department of Education from its requirement that there be only one uniform statewide assessment.

As this measure moves through the legislative process, your Committees note that there may be other persons or entities not currently identified that should receive certified copies of this measure.

Your Committees have amended this measure by:

- (1) Adding findings recognizing the efforts of the Hawaii Department of Education to develop a request for a waiver from the United States Department of Education from certain requirements of the No Child Left Behind Act of 2001;
- (2) Adding findings stressing the importance of the Hawaiian language as recognized in the Hawaii State Constitution;
- (3) Adding findings regarding the Native American Languages Act of 1990 and, among other things, the importance of Native American languages to their culture and identities;
- (4) Requesting that representatives from 'Aha Pūnana Leo, rather than representatives from Hawaiian language immersion schools, be part of the coalition;
- (5) Adding language expressing the Legislature's support of the Department of Education's development of a request for a waiver to the United States Department of Education of certain requirements of the No Child Left Behind Act of 2001;
- (6) Adding language urging the United States Department of Education to approve the Hawaii Department of Education's waiver request to allow for the most appropriate assessments and academic content standards for the Hawaiian language immersion program;
- (7) Amending its title to read: "REQUESTING THE BOARD OF EDUCATION, AS PART OF ITS DEVELOPMENT OF A COMPREHENSIVE HAWAIIAN STUDIES PROGRAM, TO CREATE A COALITION TO ADDRESS THE ISSUE OF DEVELOPING ASSESSMENTS IN THE HAWAIIAN LANGUAGE FOR HAWAIIAN LANGUAGE IMMERSION STUDENTS TO MORE ACCURATELY MEASURE THEIR ACADEMIC ACHIEVEMENT"; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Tourism and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 147, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 147, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs

Ayes, 6. Noes, none. Excused, 2 (Hee, Solomon).

**SCRep. 1094 Ways and Means on H.B. No. 929**

The purpose and intent of this measure is to update the exemptions to the employment and training fund assessment to be commensurate with recent changes to the unemployment compensation fund contribution rates.

Your Committee received written testimony in support of the measure from the Department of Labor and Industrial Relations.

Your Committee finds that this measure would bring the exemptions to the employment and training fund assessment in line with the changes made to the maximum employer contribution rates to the unemployment compensation fund pursuant to Act 263, Session Laws of Hawaii 2012. This harmonization of the statutes will provide clarification as to which employers are exempt from the employment and training fund assessment.

Your Committee has amended this measure by changing the effective date to January 1, 2014, to allow application of the employment and training exemption for maximum rated employers under schedules A through H.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 929, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 929, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 1095 Ways and Means on H.B. No. 504**

The purpose and intent of this measure is to implement recommendations relating to the establishment and continuance of special and revolving funds, based upon a recent report by the Office of the Auditor, *Study of the Transfer of Non-General Funds to the General Fund*.

More specifically, this measure:

- (1) Clarifies the criteria to be used by the Auditor in analyzing proposed special or revolving funds;
- (2) Expands the Auditor's statutorily required periodic review of revolving funds and trust funds to include special funds and the funds of the Department of Transportation and the Department of Defense; and
- (3) Clarifies the criteria to be used by the Legislature in determining whether to establish or continue special or revolving funds.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, the Office of the Auditor, the Land Use Research Foundation, and one individual. Your Committee received comments on this measure from the High Technology Development Corporation and the Tax Foundation of Hawaii.

Your Committee finds that this measure will enhance the Legislature's ability to make informed decisions regarding the need to establish or continue specified special, revolving, or trust funds.

Your Committee has amended this measure by:

- (1) Conforming the criteria to be used by the Legislature in determining whether to establish or continue special funds and revolving funds consistent with the criteria to be used by the Auditor in analyzing proposed new special funds or revolving funds;
- (2) Updating the beginning years of the review schedule;
- (3) Changing the effective date to June 30, 2013; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 504, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 504, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Espero).

**SCRep. 1096 (Joint) Human Services and Commerce and Consumer Protection on S.R. No. 112**

The purpose and intent of this measure is to urge consideration of Medicaid coverage for Hawaii residents with income between one hundred thirty-three percent and two hundred percent of the federal poverty level.

Your Committees received testimony in support of this measure from the Hawaii Primary Care Association, AlohaCare, West Hawaii Community Health Center, Lanai Community Health Center, Community Alliance for Mental Health, Waikiki Health Center, and one individual. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that on July 1, 2012, individuals in Hawaii earning more than one hundred thirty-three percent of the federal poverty level were dropped from Medicaid coverage and left without health insurance. Individuals and families with incomes between one hundred thirty-three percent and two hundred percent of the federal poverty level, also known as the "gap group," are working poor and unlikely to afford the purchase of health insurance through the Hawaii Health Connector. Patients in the gap group often seek care at community health centers that provide fully integrated health care homes that include the array of preventive, medical, primary, dental, behavioral, social, and enabling services that are needed to attain favorable outcomes for patients with complex and interrelated medical and social challenges. The two predominant options for Hawaii to pursue in offering health care coverage for individuals earning more than one hundred thirty-three percent of the federal poverty level are expansion of Medicaid or the Hawaii Health Connector.

The Department of Human Services testified that by moving individuals out of the health insurance exchange and into a Medicaid expansion, the State would need \$30,900,000 per year in general funds and lose \$54,327,000 per year in federal funding.

Your Committees have amended this measure by inserting language to urge the Department of Human Services to consult with providers to find ways to bridge coverage and propose strategies to prevent "revolving doors" for support services.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 112, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 112, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1098 (Joint) Human Services and Tourism and Hawaiian Affairs on S.C.R. No. 11**

The purpose and intent of this measure is to approve the sale of the leased fee interest in 643 Papahehi Place, Honolulu, Hawaii, pursuant to section 171-64.7, Hawaii Revised Statutes.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that the home on 643 Papahehi Place, Honolulu, Hawaii, was built in 1980 as part of the Kauhale Aupuni O Kuliouou affordable for-sale development, in which all lessees had the contractual right to purchase the leased fee interest in their homes. The Hawaii Housing Finance and Development Corporation has met all statutory prerequisites to request approval of the sale of this parcel.

As affirmed by the records of votes of the members of your Committees on Human Services and Tourism and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 11 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

Tourism and Hawaiian Affairs

Ayes, 5. Noes, none. Excused, 3 (Hee, Solomon, Slom).

**SCRep. 1100 Commerce and Consumer Protection on S.R. No. 91**

The purpose and intent of this measure is to request the Insurance Commissioner to create a working group to study insurance recoupment.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Healthcare Association of Hawaii, and Hawaii Association of Health Plans.

Your Committee finds that insurance recoupment occurs when a health insurance plan pays benefits to providers and later seeks reimbursement for the benefits, after the health insurance plan determines that the benefits were paid out in error. Although health care providers in Hawaii have a time limit in which to submit claims to health insurance plans, there is no similar time limit that prevents health insurance plans from attempting to recoup funds previously paid to health care providers.

Your Committee further finds that thirty states and the District of Columbia have passed legislation limiting the time during which a health insurance plan may take money back for services that have already been provided. Time limits for insurance recoupment in these jurisdictions are between six months to sixty months, with the average time frame ranging from twelve to twenty-four months.

Your Committee additionally finds that assessing the issues surrounding insurance recoupment is paramount to maintaining a robust and sustainable health care system. The working group created by this measure would study the establishment of a time limit to initiate any recoupment and review how other states mandate recoupment. This will help to increase quality of care and reduce health care costs.

Your Committee notes that although the findings of this measure focus on Medicaid reimbursement, the relevant issues related to insurance recoupment affect all health insurance plans in Hawaii. Therefore, amendments to the findings in this measure are necessary to clarify the overall issues related to insurance recoupment, rather than focusing on insurance recoupment relative to Medicaid reimbursement.

Accordingly, your Committee has amended this measure by:

- (1) Amending the legislative findings so that they relate to insurance recoupment by health insurance plans, rather than focusing on insurance recoupment relative to Medicaid reimbursement;
- (2) Amending the membership of the working group and the list of agencies receiving a certified copy of this measure; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 91, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 91, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1101 Commerce and Consumer Protection on S.C.R. No. 129**

The purpose and intent of this measure is to request the Insurance Commissioner to create a working group to study insurance recoupment.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Healthcare Association of Hawaii, and Hawaii Association of Health Plans.

Your Committee finds that insurance recoupment occurs when a health insurance plan pays benefits to providers and later seeks reimbursement for the benefits, after the health insurance plan determines that the benefits were paid out in error. Although health care providers in Hawaii have a time limit in which to submit claims to health insurance plans, there is no similar time limit that prevents health insurance plans from attempting to recoup funds previously paid to health care providers.

Your Committee further finds that thirty states and the District of Columbia have passed legislation limiting the time during which a health insurance plan may take money back for services that have already been provided. Time limits for insurance recoupment in these jurisdictions are between six months to sixty months, with the average time frame ranging from twelve to twenty-four months.

Your Committee additionally finds that assessing the issues surrounding insurance recoupment is paramount to maintaining a robust and sustainable health care system. The working group created by this measure would study the establishment of a time limit to initiate any recoupment and review how other states mandate recoupment. As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 129, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 129, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1102 Economic Development, Government Operations and Housing on S.R. No. 131**

The purpose and intent of this measure is to urge the Department of Business, Economic Development, and Tourism to explore the possibility of retaining a new EB-5 Immigrant Investor program manager for the Hawaii Regional Center, or, in the alternative, to sell or transfer the EB-5 Immigrant Investor License.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that under the federal EB-5 Immigrant Investor program established in 1990, a Regional Center licensed by the U.S. Citizenship and Immigration Service may receive funds as a loan from foreign investors interested in obtaining a U.S. immigrant visa. The Regional Center invests the funds in new commercial enterprises that create or preserve jobs. In return, the foreign investor and his or her family receives conditional permanent residence under a U.S. EB-5 immigrant visa, which may later be adjusted to permanent status.

The Department of Business, Economic Development, and Tourism stated in written testimony that it has notified the U.S. Citizenship and Immigration Service that the Department's relationship with its present Hawaii Regional Center manager will expire in April of 2013; has inquired whether the Department must renew its Regional Center designation if it changes its program manager; and has inquired whether the Hawaii Regional Center license may be transferred or sold.

Your Committee finds that this measure can help increase the productivity of the Hawaii Regional Center and benefit the State by determining if a new program manager could increase the number of foreign investors participating in the program, reduce the Hawaii Regional Center's costs of administration, or improve on investment decisions.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 131 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 1103 Economic Development, Government Operations and Housing on S.C.R. No. 175**

The purpose and intent of this measure is to urge the Department of Business, Economic Development, and Tourism to explore the possibility of retaining a new EB-5 Immigrant Investor program manager for the Hawaii Regional Center, or, in the alternative, to sell or transfer the EB-5 Immigrant Investor License.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that under the federal EB-5 Immigrant Investor program established in 1990, a Regional Center licensed by the U.S. Citizenship and Immigration Service may receive funds as a loan from foreign investors interested in obtaining a U.S. immigrant visa. The Regional Center invests the funds in new commercial enterprises that create or preserve jobs. In return, the foreign investor and his or her family receives conditional permanent residence under a U.S. EB-5 immigrant visa, which may later be adjusted to permanent status.

The Department of Business, Economic Development, and Tourism stated in written testimony that it has notified the U.S. Citizenship and Immigration Service that the Department's relationship with its present Hawaii Regional Center manager will expire in April of 2013; has inquired whether the Department must renew its Regional Center designation if it changes its program manager; and has inquired whether the Hawaii Regional Center license may be transferred or sold.

Your Committee finds that this measure can help increase the productivity of the Hawaii Regional Center and benefit the State by determining if a new program manager could increase the number of foreign investors participating in the program, reduce the Hawaii Regional Center's costs of administration, or improve on investment decisions.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 175 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 1104 Economic Development, Government Operations and Housing on S.R. No. 135**

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to establish a committee to:

- (1) Investigate the feasibility of hosting the Olympic Games in Hawaii;
- (2) Identify a potential city within the State to host the Olympic Games;
- (3) Develop and submit a proposal to the International Olympic Committee for Hawaii to host the 2024 Olympic Games; and

- (4) Report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the 2014 Regular Session.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee notes that the Department of Business, Economic Development, and Tourism stated that it does not have the resources to conduct a study of the feasibility of hosting the Olympic games, identify a potential city within the State to host the Olympic Games, and prepare a proposal and application. The Department conservatively estimates it would require \$750,000 to fulfill this request. However, your Committee finds that hosting the Olympic Games in Hawaii may confer considerable benefits upon the State, including international prestige; increased employment; infrastructure modernization; new business opportunities; advertising revenues; and an increase in tourism. Your Committee believes that the study requested by this measure will be useful in determining the likelihood of achieving the foregoing benefits, the costs involved, and the net impact that hosting the Olympic Games would have on Hawaii's economy.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 135 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 1105 Economic Development, Government Operations and Housing on S.C.R. No. 179**

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to establish a committee to:

- (1) Investigate the feasibility of hosting the Olympic Games in Hawaii;
- (2) Identify a potential city within the State to host the Olympic Games;
- (3) Develop and submit a proposal to the International Olympic Committee for Hawaii to host the 2024 Olympic Games; and
- (4) Report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the 2014 Regular Session.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee notes that the Department of Business, Economic Development, and Tourism stated that it does not have the resources to conduct a study of the feasibility of hosting the Olympic games, identify a potential city within the State to host the Olympic Games, and prepare a proposal and application. As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 179 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 1106 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 523 and 618**

Recommending that the Senate advise and consent to the nominations of the following:

ENHANCED 911 BOARD

G.M. No. 523 RYAN FREITAS, for a term to expire 6-30-2016; and

G.M. No. 618 DAVE KAJIHIRO, for a term to expire 6-30-2015

RYAN FREITAS

Your Committee received testimony in support of Ryan Freitas from the Department of Accounting and General Services and seven individuals.

The nominee is the Director of Network Reliability of Hawaiian Telecom, Inc., and has worked in a managerial capacity for that company since 2005. Mr. Freitas has thirteen years of experience in telecommunications, including five years of experience operating 911 networks on Hawaii. Mr. Freitas has been serving as an interim Enhanced 911 board member since October of 2012. Mr. Freitas has also worked for Verizon Wireless.

Mr. Freitas received a Bachelor of Arts degree from the University of Puget Sound, and a Master of Business Administration degree from the University of Hawaii. Mr. Freitas is a member of Delta Mu Delta (National Business Honor Society), St. Louis Alumni Association, Young Business Council of Honolulu, Puget Sound Alumni Association, Easter Seals Hawaii, and American Cancer Society.

DAVE KAJIHIRO

Your Committee received testimony in support of Dave Kajihiro from the Department of Accounting and General Services and nine individuals.

The nominee has served as a police officer with the Honolulu Police Department for twenty-eight years. He is presently serving as the Department's Deputy Chief of Police for Administrative Operations. He has also supervised the Department's Telecommunications Systems Section and Information Technology Division. For the past three years, Mr. Kajihiro's duties have included the oversight of the Department's Communications Division, which serves as the primary public safety answering point for approximately seventy-eight percent of all 911 calls statewide.

Mr. Kajihiro received a Bachelor of Arts degree in Communications from the University of Hawaii at Manoa. He is also a graduate of the National Academy of the Federal Bureau of Investigation. Mr. Kajihiro has been serving as an interim member of the Enhanced 911 Board since October of 2012, and is a member of the Governor's Commission on Crime; Joint Traffic Management Center Executive Committee; Juvenile Justice Information System Committee; and Law Enforcement Information Exchange Board. He is also a member of the International Association of Chiefs of Police; Police Chiefs of Hawaii Association; and Law Enforcement Coalition.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Wakai).

**SCRep. 1107 Tourism and Hawaiian Affairs on Gov. Msg. No. 585**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

G.M. No. 585 L. RICHARD FRIED, JR., for a term to expire 6-30-2014

Your Committee received testimony in support of L. Richard Fried, Jr., from Cronin, Fried, Sekiya, Kekina & Fairbanks, Attorneys at Law; Alston, Hunt, Floyd & Ing Lawyers; Chairman of the Board of the Hawaii Tourism Authority; and one individual.

After receiving his Bachelor of Science and Juris Doctorate degrees from the University of Arizona, Mr. Fried became a distinguished and successful personal injury attorney in Hawaii. He is currently a partner at Cronin, Fried, Sekiya, Kekina & Fairbanks, Attorneys at Law, Hawaii's largest personal injury law firm. He is a retired United States Air Force Reserve Lieutenant Colonel and served as a Deputy Liaison Officer Commander for the United States Air Force Academy. He has served on the boards of numerous organizations including the Honolulu Symphony, Hawaii Theatre Center, Shriners Hospital for Children Campaign Steering Committee, the American Civil Liberties Union Lawyers Division, and numerous law organizations.

As an interim member to the Hawaii Tourism Authority Board of Directors, Mr. Fried has proven to be an active and conscientious member of the Board with significant insight and experience into issues relating to tourism. Accordingly, your Committee finds that Mr. Fried possesses the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Hawaii Tourism Authority Board of Directors.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Shimabukuro, Solomon, Slom).

**SCRep. 1108 Commerce and Consumer Protection on S.C.R. No. 28**

The purpose and intent of this measure is to request the Public Utilities Commission to report to the Legislature on the progress in implementing the recommendations of the Reliability Standards Working Group.

Your Committee received testimony in support of this measure from the Public Utilities Commission.

Your Committee finds that significant resources have been invested by the Public Utilities Commission, the Consumer Advocate, the State's electric utility companies, and other interested stakeholders to produce recommendations via the Reliability Standards Working Group to increase the penetration of variable generation on the electric grid while maintaining reliability.

Your Committee further finds that the Reliability Standards Working Group, through the Public Utilities Commission's docket process, has recently completed its work and has produced a number of work products, including recommendations on how to increase distributed generation integration and maintain system reliability. The Public Utilities Commission plans to review and implement the appropriate portions of the Reliability Standards Working Group's work product and recommendations in various Commission proceedings. This measure therefore requests the Public Utilities Commission to report to the Legislature on the progress in implementing these recommendations.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 28, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1109 (Joint/Majority) Transportation and International Affairs and Energy and Environment on S.R. No. 144**

The purpose and intent of this measure is to request the Department of Transportation to adopt rules to encourage taxis to use high efficiency vehicles, including hybrid electric vehicles, at Honolulu International Airport.

Your Committees received testimony in support of this measure from EcoCab and three individuals. Your Committees received testimony in opposition to this measure from Charley's Taxi and Limousine. Your Committees received comments on this measure from the Department of Transportation and one individual.

The State of Hawai'i and the United States Department of Energy established the Hawai'i Clean Energy Initiative, designed to accelerate the transformation of Hawai'i into one of the world's first economies based primarily on clean energy resources. The Hawai'i Clean Energy Initiative's stated goal is to achieve seventy percent clean energy by 2030, with thirty percent from efficiency measures, and forty percent from locally generated renewable sources. The Hawai'i Clean Energy Initiative recognizes that transportation accounts for more than sixty percent of the energy consumed in Hawai'i.

SustainableHNL is the first airport sustainability initiative and pilot for the airport system sustainability program of the Department of Transportation Airport Division. The Airport Division has found that ground access vehicles, including public passenger vehicles and taxis, and other forms of non-renewable fossil fuel based transportation that travel between Honolulu International Airport and the rest of Oahu account for approximately 18,182 million metric tons of carbon dioxide equivalent (mtCO<sub>2e</sub>), or 21.58 percent, of Honolulu International Airport's total emissions of carbon.

Other jurisdictions such as the City of San Francisco with 1,500 taxis have similarly found that the taxi industry is a major user of non-renewable fossil fuels and a major emitter of carbon dioxide, emitting 75,000 mtCO<sub>2e</sub> per year. In 1999, San Francisco initiated policies and regulations, including subsidies and priority at airport taxi stands, to increase the use of high efficiency vehicles by the taxi industry. San Francisco has reported that as of March 2012, ninety percent of its taxi fleet consisted of clean cabs (eighty-five percent hybrid electric vehicles and five percent compressed natural gas), resulting in an annual greenhouse gas reduction of 35,000 mtCO<sub>2e</sub>.

San Diego International Airport in 2011 launched an airport clean cab program of subsidies and priority at airport taxi stands that resulted in a thirty percent adoption rate of hybrid electric vehicles (117 hybrid electric vehicle cabs) among all cabs serving the airport in just ten months, resulting in an annual greenhouse gas reduction of 2,736 mtCO<sub>2e</sub>, with each hybrid electric vehicle producing sixty-two percent less greenhouse gas than the typical airport taxi vehicle, a 2008 Ford Crown Victoria.

Your Committees find that, given the success of other jurisdictions in reducing the emission of carbon dioxide through initiatives to increase the use of high efficiency taxis, Hawaii should strive to achieve similar reductions through incentives for the use of high efficiency vehicles as taxis.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 144, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 144, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1111 Commerce and Consumer Protection on S.R. No. 53**

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the Hawaii Psychological Association to develop draft legislation establishing, implementing, and monitoring continuing education requirements for all licensed psychologists in Hawaii.

Your Committee received testimony in support of this measure from the Board of Psychology, Hawai'i Psychological Association, and three individuals.

Your Committee finds that the field of psychology is constantly transforming and developing. In an age of ever-growing accountability, psychologists have an obligation to consumers and fellow psychologists to be current with the knowledge in their field and any applicable specialties.

Your Committee further finds that Hawaii is one of only six states that do not require continuing education requirements for psychologists. Mandating continuing education for licensed psychologists is an essential way to promote client and patient safety and support the valuable role psychologists contribute to the health care system, by requiring licensed psychologists to keep abreast of new knowledge, skills, and relevant information.

Your Committee has amended this measure by urging the Department of Commerce and Consumer Affairs and Hawaii Psychological Association to use the Professional and Vocational Licensing Division's Continuing Professional Education Guidelines Checklist as the framework for collaboration and discussion on continuing education requirements for licensed psychologists in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 53, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 53, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1112 Commerce and Consumer Protection on S.C.R. No. 87**

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the Hawaii Psychological Association to develop draft legislation establishing, implementing, and monitoring continuing education requirements for all licensed psychologists in Hawaii.

Your Committee received testimony in support of this measure from the Board of Psychology, Hawai'i Psychological Association, and three individuals.

Your Committee finds that the field of psychology is constantly transforming and developing. In an age of ever-growing accountability, psychologists have an obligation to consumers and fellow psychologists to be current with the knowledge in their field and any applicable specialties.

Your Committee has amended this measure by urging the Department of Commerce and Consumer Affairs and Hawaii Psychological Association to use the Professional and Vocational Licensing Division's Continuing Professional Education Guidelines Checklist as the framework for collaboration and discussion on continuing education requirements for licensed psychologists in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 87, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 87, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1113 Ways and Means on H.B. No. 872**

The purpose and intent of this measure is to make an emergency appropriation out of the nursing facility sustainability program special fund.

More specifically, this measure makes an emergency appropriation of \$12,000,000 out of the nursing facility sustainability program special fund for fiscal year 2012-2013, to be used for the purposes of the special fund, including reimbursement of moneys advanced from the health care payments program.

Your Committee received written comments in support of this measure from the Department of Human Services and the Healthcare Association of Hawaii.

Your Committee finds that the nursing facility sustainability program special fund was established by Act 156, Session Laws of Hawaii 2012, to help fund increasing health care costs for Medicaid enrollees in private nursing facilities. However, because of a technical omission, moneys in the special fund could not be expended as intended. Instead, moneys from the health care payments program were used to make supplemental payments to nursing facilities to prevent delay of payments to those facilities. Accordingly, your Committee finds that this emergency appropriation is necessary to reimburse the moneys advanced from the health care payments program and to continue timely supplemental payments to nursing facilities from the nursing facility sustainability program special fund for the rest of the fiscal year. This measure will prevent any disruptions in the provision of medically necessary services to Medicaid recipients.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 872, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1114 (Majority) Ways and Means on H.B. No. 868**

The purpose and intent of this measure is to eliminate the asset limit for participants in the Temporary Assistance For Needy Families program (TANF).

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Appleseed Center for Law and Economic Justice, Catholic Charities Hawaii, Community Alliance for Mental Health, Legal Aid Society of Hawaii, and one individual.

Your Committee finds that elimination of the TANF asset limit will reduce administrative burdens and will have minimal effect on caseload and benefit costs because few applicants and current recipients have substantial resources or assets.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 868, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Kahele, Thielen).

**SCRep. 1115 Ways and Means on H.B. No. 879**

The purpose and intent of this measure is to increase the sustainability of private hospitals in the State.

More specifically, this measure:

- (1) Extends the sunset date of the Hospital Sustainability Program for another year, to June 30, 2014;
- (2) Adjusts fiscal year references and the disposition of revenues from the hospital sustainability program special fund; and
- (3) Appropriates funds out of the hospital sustainability program special fund.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Pacific Health, Healthcare Association of Hawaii, and the United Public Workers.

Your Committee finds that extending the Hospital Sustainability Program will enable the Department of Human Services to continue making supplemental payments to hospitals in order to assist the hospitals in offsetting their costs of uncompensated care and thereby increasing their sustainability.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 879, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1116 Ways and Means on H.B. No. 224**

The purpose and intent of this measure is to require the Department of Education Hawaiian Language Immersion Program to develop annual assessments in the Hawaiian language.

More specifically, this measure requires the Hawaiian Immersion Language Program to develop language arts, mathematics, and science annual assessments, for students in grades three through six, who are enrolled in the program.

Your Committee received written comments in support of this measure from the Department of Education, Aha Opio No Ke Kula Kaiapuni O Anuenue, and ten individuals.

Your Committee received written comments on this measure from one individual.

Your Committee finds that the Hawaiian language is a critical component of the heritage of the State of Hawaii and that the State has an interest in perpetuating the learning of the Hawaiian language. Currently, students in the Hawaiian Language Immersion Program take mandatory assessments that are translated from English to Hawaiian. Because of the nature of translated documents, these assessments have grammatical errors and inconsistent terminology, making it difficult to determine whether the results of these assessments are accurate depictions of the students' actual knowledge. Your Committee finds that it is in the interest of the State to develop specialized assessments for the students in the Hawaiian Language Immersion Program in order to accurately gauge the students' academic progress and determine whether the students are meeting academic standards.

Your Committee has amended this measure by:

- (1) Redesignating the proposed statutory language as a new section in chapter 302A, part II, subpart A, rather than creating a new chapter;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 224, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Kahele, Kouchi, Thielen).

**SCRep. 1117 Ways and Means on H.B. No. 407**

The purpose and intent of this measure is to appropriate funds to enable the comprehensive breast and cervical cancer control program to continue to provide services.

Your Committee received written comments in support of this measure from the American Cancer Society Cancer Action Network and Hawaii Pacific Health.

Your Committee finds that the comprehensive breast and cervical control program provides invaluable services to women in the State. This measure will permit the program to continue to conduct outreach activities relating to breast and cervical cancer and provide screening and treatment as necessary for women in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 407, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 407, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1118 Ways and Means on H.B. No. 424**

The purpose and intent of this measure is to authorize the Governor to appoint commissioners of deeds to administer oaths, take acknowledgements, and take proofs of execution outside of the United States in connection with the execution of conveyance documents relating to time shares.

This measure also:

- (1) Requires commissioners of deeds to provide a written notice to each person whose signature is witnessed or acknowledged by the commissioner; and
- (2) Establishes bonding requirements, penalties, and liabilities for commissioners of deeds.

Your Committee received written comments in support of this measure from Disney Vacation Development, Inc., and SVO Pacific, Inc.

Your Committee finds that deeds of time share interests in Hawaii time share plans are required to be notarized in order to be recordable. Your Committee further finds that this requirement can be difficult to satisfy in jurisdictions outside of the United States in which notaries public are not common. Your Committee believes that, by authorizing the Governor to appoint commissioners of deeds, this measure will help streamline the process for consumers located outside of the United States who wish to purchase time share property in Hawaii.

Your Committee has amended this measure by:

- (1) Appropriating unspecified funds for expenses incurred by the Office of the Lieutenant Governor related to commissioners of deeds;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 424, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1119 Ways and Means on H.B. No. 519**

The purpose and intent of this measure is to appropriate funds to the Department of Human Services to administer Housing First programs for homeless individuals.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Appleseed Center for Law and Economic Justice, Catholic Charities Hawaii, Community Alliance for Mental Health, Partners in Care, Institute for Human Services, Inc., and one individual.

Your Committee finds that homelessness is a systemic problem in the State and that Housing First programs provide housing and support services for chronically homeless individuals. Accordingly, your Committee finds that this measure would support programs that provide services and protections to the homeless population in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 519, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 519, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1120 Ways and Means on H.B. No. 880**

The purpose and intent of this measure is to extend the Nursing Facility Sustainability Program.

More specifically, this measure:

- (1) Extends the repeal date of the Nursing Facility Sustainability Program to June 30, 2014; and
- (2) Appropriates \$12,000,000 out of the nursing facility sustainability program special fund to be used for purposes consistent with the special fund.

Your Committee received written comments in support of this measure from the Department of Human Services and the Healthcare Association of Hawaii.

Your Committee finds that the Nursing Facility Sustainability Program supports long-term care facilities in the State by leveraging available federal funding for the Department of Human Services to make supplemental payments to nursing facilities to help offset their uncompensated care costs. Extending the Nursing Facility Sustainability Program for another year ensures the availability of the services provided by long-term care facilities in the State.

Your Committee has amended this measure by providing that section 4 of the Act which appropriates moneys from the Nursing Facility Sustainability Program special fund, is effective on July 1, 2013, to coincide with the beginning of the 2013-2014 fiscal year.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 880, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 880, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1121 Ways and Means on H.B. No. 653**

The purpose and intent of this measure is to improve public health, safety, and welfare.

More specifically, this measure authorizes the issuance of special purpose revenue bonds to assist Hawaii Pacific Health with the construction or renovation of health care facilities.

Your Committee received written comments in support of this measure from Hawaii Pacific Health.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii Pacific Health provides health care services at four hospitals and forty-nine outpatient clinics and service sites throughout the State. This measure would allow Hawaii Pacific Health to continue to provide more cost-effective services to the public by expanding its facilities and purchasing additional equipment.

Your Committee has amended this measure by:

- (1) Changing the total amount of bonds authorized to be issued from an unspecified amount to \$175,000,000; and
- (2) Making technical nonsubstantive amendments for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 653, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 653, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1122 Ways and Means on H.B. No. 1375**

The purpose and intent of this measure is to require the financial assistance advisory council to assist the Department of Human Services in restructuring the welfare payment systems.

More specifically, this measure requires the financial assistance advisory council to:

- (1) Revise the welfare payment structure to incentivize recipients to seek higher paying jobs without losing welfare benefits;
- (2) Explore other possible methods to incentivize welfare recipients to achieve financial self-sufficiency; and
- (3) Submit a report of findings and recommendations to the Legislature.

Your Committee received written comments in support of this measure from the Department of Human Services and one individual.

Your Committee finds that the current welfare payment structure provides a strong disincentive for welfare recipients to seek higher paying jobs because of the fear of losing their beneficiary status, thus perpetuating their financial dependence on the welfare system. A restructuring of the current welfare payment system would enable more people to slowly gain financial independence without losing their beneficiary status and encourage recipients to strive for higher paying employment.

Your Committee has amended this measure by:

- (1) Changing the term “qualifying recipient” to “recipient” for consistency;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1375, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1375, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Sлом). Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1123 (Joint/Majority) Human Services and Commerce and Consumer Protection on S.C.R. No. 65**

The purpose and intent of this measure is to request the Auditor to assess the social and financial impacts of requiring health insurers to offer coverage for hearing aids.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board and one individual.

Your Committees find that according to the National Institutes of Health, an estimated one-third of Americans between the ages of sixty-five and seventy-five and around one-half of those older than seventy-five have some degree of hearing loss. In addition, a 2005 study by the Better Hearing Institute estimated that untreated hearing loss resulted in a loss of income per household of up to \$12,000 per year.

Your Committees further find that according to the Lions Club, the cost of a custom low- to mid-level analog or digital hearing aid begins around \$2,000 or less and around \$3,000 and higher for a high-end hearing aid. Medicare and most private insurance companies do not cover the cost of hearing aids through their base health care coverage. As a result, it is not unusual for people with hearing loss to choose not to purchase hearing aids because these expensive devices are not covered by insurance. Your Committees recognize that some plans do offer limited coverage on hearing aids, but because of the costs and frequency of hearing aid replacement, expanded coverage needs to be further investigated.

Your Committees have amended this measure by inserting the appropriate Senate Bill number referenced in the measure.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 65, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 65, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Human Services

**SCRep. 1124 (Joint) Technology and the Arts and Commerce and Consumer Protection on S.R. No. 116**

The purpose and intent of this measure is to request the Insurance Commissioner to convene a working group composed of the Insurance Commissioner and representatives from the Commission to Promote Uniform Legislation, Property Casualty Insurers Association of America, Hawaii Insurers Council, and State Farm Insurance Company to explore the use of electronic transmission of insurance notices and documents and the potential increase to Hawaii's minimum liability coverage for motor vehicle insurance.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, State Farm Mutual Automobile Insurance Company, and Property Casualty Insurers Association of America. Your Committees received testimony in opposition to this measure from the Hawaii Association for Justice and Hawaii Insurers Council.

Your Committees find that insurance notices and documents are currently required to be in writing, even though consumers increasingly show preferences for electronic access to their records in lieu of receiving paper mailings. Your Committees further find that many Hawaii residents would prefer to conduct business using electronic communications and should have the opportunity to opt in to that means of communication with their insurers.

Your Committees have amended this measure by:

- (1) Removing references to minimum liability coverage for motor vehicle insurance;
- (2) Amending the title of this measure to remove the reference to minimum liability coverage for motor vehicle insurance accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 116, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 116, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

**SCRep. 1126 (Majority) Judiciary and Labor on S.R. No. 123**

The purpose and intent of this measure is to request the Dean of the William S. Richardson School of Law at the University of Hawaii at Manoa to convene a task force to study the social, economic, and religious impacts of enacting marriage equality in Hawaii.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawaii, First Unitarian Church of Honolulu, Equality Hawaii, Japanese American Citizens League Honolulu Chapter, Young Democrats of Hawaii, IMUAlliance, Citizens for Equal Rights, Honolulu Pride, and twenty-two individuals. Testimony in opposition to this measure was submitted by the Hawaii Catholic Conference, Hawaii Family Forum, and nine individuals. The Hawaii Civil Rights Commission submitted comments on this measure.

Your Committee finds that the Hawaii Supreme Court held under *Baehr v. Miike* that the State's refusal to grant marriage licenses to same-sex couples violated the Hawaii State Constitution's prohibition against sex discrimination. Subsequently, in 1998, Hawaii voters ratified a constitutional amendment to add article I, section 23, to the Hawaii State Constitution to grant to the Legislature the power to reserve marriage to opposite-sex couples. As a result, section 572-1, Hawaii Revised Statutes, specifies that a valid marriage contract is only between a man and a woman. In 2011, the Legislature passed Act 1, Session Laws of Hawaii 2011, which established civil unions in Hawaii but made clear that it was not the Legislature's intent to revise the definition of or eligibility requirements of marriage under chapter 572, Hawaii Revised Statutes.

Your Committee recognizes that the debate regarding same-sex marriage continues as more states are enacting laws allowing for same-sex marriages or civil unions. The American Civil Liberties Union testified that there are approximately one hundred twenty thousand married same-sex couples in the United States with nine states and the District of Columbia allowing same-sex marriage. Recently, Colorado became the ninth state to allow civil unions.

Moreover, the U.S. Supreme Court has recently heard opening arguments for *United States v. Windsor* and *Hollingsworth v. Perry*. The *Windsor* case challenges the constitutionality of the federal Defense of Marriage Act, commonly known and referred to as DOMA. DOMA restricts federal marriage benefits and requires inter-state marriage recognition to only opposite-sex marriages in the United States. As a result, same-sex couples, including same-sex couples in a civil union, are excluded from approximately one thousand one hundred federal rights and benefits, including insurance benefits for government employees, Social Security survivors' benefits, immigration, and the filing of joint tax returns that are available under law to opposite-sex married couples. The *Perry* case is currently being heard by the U.S. Supreme Court on appeal from the U.S. Court of Appeals for the Ninth Circuit, which held that California's Proposition 8, a 2008 ballot initiative that amended the state constitution to allow only opposite-sex couples to marry, was unconstitutional. The U.S. Supreme Court is anticipated to make a decision on these two landmark cases by the end of June.

Your Committee also notes the concerns raised in written testimony opposing this measure. The Hawaii Catholic Conference testified that the Catholic Church teaches that marriage between one man and one woman is a sacrament and that there is no compelling state interest in granting marriage equality to same-sex relationships. Furthermore, the Hawaii Catholic Conference and an individual testified that the task force proposed by this measure does not consist of equal representation of both sides of the same-sex marriage issue. Furthermore, the same individual testified that this measure does not specifically direct the task force to seek public input and community engagement and recommended delaying the convening of a task force until the U.S. Supreme Court renders decisions for and fully reports *United States v. Windsor* and *Hollingsworth v. Perry*, these cases are analyzed in depth, and there has been sufficient opportunity to discuss the impact these two cases may have on the pending *Jackson v. Abercrombie* case.

Your Committee recognizes that there are rapid changes in the legal and social landscape across the country regarding marriage equality and that this measure will provide the Legislature an opportunity to study the issue in depth and carefully consider any potential ramifications of any changes to Hawaii law. Your Committee believes that the task force will represent a diverse group of interests and legal scholars and enable the Legislature to be prepared to address the legal realities for same-sex couples, especially after the U.S. Supreme Court issues its rulings in *Windsor* and *Perry*.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 123 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Ihara). Noes, 1 (Slom). Excused, none.

**SCRep. 1127 (Majority) Judiciary and Labor on S.C.R. No. 166**

The purpose and intent of this measure is to request the Dean of the William S. Richardson School of Law at the University of Hawaii at Manoa to convene a task force to study the social, economic, and religious impacts of enacting marriage equality in Hawaii.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawaii, First Unitarian Church of Honolulu, Equality Hawaii, Japanese American Citizens League Honolulu Chapter, Young Democrats of Hawaii, IMUAlliance, Citizens for Equal Rights, Honolulu Pride, and twenty-two individuals. Testimony in opposition to this measure was submitted by the Hawaii Catholic Conference, Hawaii Family Forum, and nine individuals. The Hawaii Civil Rights Commission submitted comments on this measure.

Your Committee finds that the Hawaii Supreme Court held under *Baehr v. Miike* that the State's refusal to grant marriage licenses to same-sex couples violated the Hawaii State Constitution's prohibition against sex discrimination. Subsequently, in 1998, Hawaii voters ratified a constitutional amendment to add article I, section 23, to the Hawaii State Constitution to grant to the Legislature the power to reserve marriage to opposite-sex couples. As a result, section 572-1, Hawaii Revised Statutes, specifies that a valid marriage contract is only between a man and a woman. In 2011, the Legislature passed Act 1, Session Laws of Hawaii 2011, which established civil unions in Hawaii but made clear that it was not the Legislature's intent to revise the definition of or eligibility requirements of marriage under chapter 572, Hawaii Revised Statutes.

Your Committee recognizes that the debate regarding same-sex marriage continues as more states are enacting laws allowing for same-sex marriages or civil unions. The American Civil Liberties Union testified that there are approximately one hundred twenty thousand married same-sex couples in the United States with nine states and the District of Columbia allowing same-sex marriage. Recently, Colorado became the ninth state to allow civil unions.

Moreover, the U.S. Supreme Court has recently heard opening arguments for *United States v. Windsor* and *Hollingsworth v. Perry*. The *Windsor* case challenges the constitutionality of the federal Defense of Marriage Act, commonly known and referred to as DOMA. DOMA restricts federal marriage benefits and requires inter-state marriage recognition to only opposite-sex marriages in the United States. As a result, same-sex couples, including same-sex couples in a civil union, are excluded from approximately one thousand one hundred federal rights and benefits, including insurance benefits for government employees, Social Security survivors' benefits, immigration, and the filing of joint tax returns that are available under law to opposite-sex married couples. The *Perry* case is currently being heard by the U.S. Supreme Court on appeal from the U.S. Court of Appeals for the Ninth Circuit, which held that California's Proposition 8, a 2008 ballot initiative that amended the state constitution to allow only opposite-sex couples to marry, was unconstitutional. The U.S. Supreme Court is anticipated to make a decision on these two landmark cases by the end of June.

Your Committee also notes the concerns raised in written testimony opposing this measure. The Hawaii Catholic Conference testified that the Catholic Church teaches that marriage between one man and one woman is a sacrament and that there is no compelling state interest in granting marriage equality to same-sex relationships. Furthermore, the Hawaii Catholic Conference and an individual testified that the task force proposed by this measure does not consist of equal representation of both sides of the same-sex marriage issue. Furthermore, the same individual testified that this measure does not specifically direct the task force to seek public input and community engagement and recommended delaying the convening of a task force until the U.S. Supreme Court renders decisions for and fully reports *United States v. Windsor* and *Hollingsworth v. Perry*, these cases are analyzed in depth, and there has been sufficient opportunity to discuss the impact these two cases may have on the pending *Jackson v. Abercrombie* case.

Your Committee recognizes that there are rapid changes in the legal and social landscape across the country regarding marriage equality and that this measure will provide the Legislature an opportunity to study the issue in depth and carefully consider any potential ramifications of any changes to Hawaii law. Your Committee believes that the task force will represent a diverse group of interests and legal scholars and enable the Legislature to be prepared to address the legal realities for same-sex couples, especially after the U.S. Supreme Court issues its rulings in *Windsor* and *Perry*.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 166 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Ihara). Noes, 1 (Slom). Excused, none.

**SCRep. 1128 Energy and Environment on S.C.R. No. 74**

The purpose and intent of this measure is to urge:

- (1) The Department of Agriculture to add the Albizia tree to its noxious weed list; and
- (2) The Invasive Species Council to develop and implement a comprehensive interagency plan for the control and eradication of Albizia on the island of Hawaii.

Your Committee received testimony in support of this measure from the County of Hawaii, Civil Defense Agency; Piihonua Community Association; Hawaiian Shores Community Association; Aloha Arborist Association; Hawaii Electric Light Company; and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that the Albizia is a fast growing tree with shallow roots, brittle wood, and a weak structure that was introduced to Hawaii in 1917. The Albizia's rapid growth rate and soil-altering roots and foliage pose a threat to lowland native forests, and falling Albizia trees and branches pose a safety hazard to homeowners, motorists, and utilities.

Your Committee has amended this measure by:

- (1) Removing the paragraph urging the Department of Agriculture to designate the Albizia as a noxious weed;
- (2) Adding a paragraph encouraging the Invasive Species Council to find partners to utilize the Albizia trees that are removed;
- (3) Adding a paragraph urging the Department of Agriculture to investigate biocontrol agents for the control of Albizia; and
- (4) Amending the title accordingly.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 74, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 74, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1129 Energy and Environment on S.R. No. 41**

The purpose and intent of this measure is to urge:

- (1) The Department of Agriculture to add the Albizia tree to its noxious weed list; and

- (2) The Invasive Species Council to develop and implement a comprehensive interagency plan for the control and eradication of Albizia on the island of Hawaii.

Your Committee received testimony in support of this measure from the County of Hawaii, Civil Defense Agency; Piihonua Community Association; Hawaiian Shores Community Association; Aloha Arborist Association; Hawaii Electric Light Company; and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

Your Committee finds that the Albizia is a fast growing tree with shallow roots, brittle wood, and a weak structure that was introduced to Hawaii in 1917. The Albizia's rapid growth rate and soil-altering roots and foliage pose a threat to lowland native forests, and falling Albizia trees and branches pose a safety hazard to homeowners, motorists, and utilities.

Your Committee has amended this measure by:

- (1) Removing the paragraph urging the Department of Agriculture to designate the Albizia as a noxious weed;
- (2) Adding a paragraph encouraging the Invasive Species Council to find partners to utilize the Albizia trees that are removed;
- (3) Adding a paragraph urging the Department of Agriculture to investigate biocontrol agents for the control of Albizia; and
- (4) Amending the title accordingly.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 41, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 41, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1130 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 200**

The purpose and intent of this measure is to urge the President of the United States and Congress to reach an agreement on an appropriations bill to address the current fiscal crisis and mitigate its negative impact on the military and the Department of Defense civilian population in Hawaii and across the nation.

Your Committee received testimony in support of this measure from Veterans of Foreign Wars, Papa Ola Lokahi, and one individual.

Your Committee finds that Hawaii plays a crucial role in the United States' security strategy for the Pacific. Your Committee further finds that in Hawaii, the military's presence is a critical component of the State's economy, with the direct and indirect impacts of defense spending estimated at more than \$14,700,000,000 and accounting for more than 102,000 jobs. This measure is necessary to encourage agreement on an appropriations bill to address the current fiscal crisis, since sequestration has had serious, adverse impacts on the military and Department of Defense civilian populations in Hawaii.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 200 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1131 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 196**

The purpose and intent of this measure is to urge the Department of Public Safety to:

- (1) Implement a fitness training regimen for State Sheriffs and Adult Corrections Officers;
- (2) Mandate all Sheriffs and Adult Corrections Officers to regularly perform in accordance with minimum fitness standards during service in public field duty; and
- (3) Annually test the physical fitness of State Sheriffs and Adult Corrections Officers.

Your Committee received testimony in support of this measure from the Department of Public Safety and one individual.

Your Committee finds that the health and fitness of State Sheriffs and Adult Corrections Officers are especially imperative for public well-being because these professionals shoulder the responsibilities of physically managing inmates with violent histories whose disruptive behavior, if inadequately restrained, could pose risks to themselves, staff, other inmates, and institutional order. This measure encourages the improvement of the recruitment process, physical fitness, pre-service and in-service training, supervisory training, and leadership development for State Sheriffs and Adult Corrections Officers.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 196 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1132 (Joint) Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs and Tourism and Hawaiian Affairs on S.R. No. 29**

The purpose and intent of this measure is to request the United States Congress to repeal Section 340 of Public Law No. 105-66 prohibiting the transfer of airport revenue to the Office of Hawaiian Affairs and to affirmatively authorize the Hawaii State Department of Transportation to transfer a portion of the airport revenues to the Office of Hawaiian Affairs.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Association of Hawaiian Civic Clubs, and one individual. Your Committees received testimony in opposition to this measure from the Department of Transportation and three individuals. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that Public Law No. 105-66 supercedes state law, resulting in a prohibition on the transfer of airport ceded lands revenues to the Office of Hawaiian Affairs. However, the Honolulu International Airport sits on ceded lands from which the lease revenue is due and owing to the Office of Hawaiian Affairs as ceded lands revenue. This measure requests that Hawaii's Congressional delegation introduce legislation to repeal section 340 of Public Law No. 105-66 to permit the transfer to airport revenue to the Office of Hawaiian Affairs.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs, Transportation and International Affairs, and Tourism and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 29, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 29, S.D. 1.

Signed by the Chairs and Senate President on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Transportation and International Affairs  
Ayes, 5. Noes, none. Excused, 4 (Gabbard, Kahele, Kouchi, Slom).

Tourism and Hawaiian Affairs  
Ayes, 6. Noes, none. Excused, 2 (Hee, Slom).

**SCRep. 1133 (Joint) Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs and Tourism and Hawaiian Affairs on S.C.R. No. 51**

The purpose and intent of this measure is to request the United States Congress to repeal Section 340 of Public Law No. 105-66 prohibiting the transfer of airport revenue to the Office of Hawaiian Affairs and to affirmatively authorize the Hawaii State Department of Transportation to transfer a portion of the airport revenues to the Office of Hawaiian Affairs.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Association of Hawaiian Civic Clubs, and one individual. Your Committees received testimony in opposition to this measure from the Department of Transportation and three individuals. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that Public Law No. 105-66 supercedes state law, resulting in a prohibition on the transfer of airport ceded lands revenues to the Office of Hawaiian Affairs. However, the Honolulu International Airport sits on ceded lands from which the lease revenue is due and owing to the Office of Hawaiian Affairs as ceded lands revenue. This measure requests that Hawaii's Congressional delegation introduce legislation to repeal section 340 of Public Law No. 105-66 to permit the transfer to airport revenue to the Office of Hawaiian Affairs.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs, Transportation and International Affairs, and Tourism and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 51, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 51, S.D. 1.

Signed by the Chairs and Senate President on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Ayes, 6. Noes, none. Excused, 2 (Hee, Slom).

**SCRep. 1134 (Majority) Public Safety, Intergovernmental and Military Affairs on S.R. No. 96**

The purpose and intent of this measure is to urge the United States Congress to enact federal legislation or propose a constitutional amendment granting full voting rights to residents of the District of Columbia.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the District of Columbia has approximately 601,723 residents who share all of the responsibilities of United States citizenship, including paying federal taxes, serving on federal juries, and defending the United States as members of the United States Armed Services, yet they are denied full representation in Congress. This measure will urge Congress to allow residents of the District of Columbia to enjoy their basic American right to representation in the body that enacts the laws that govern its citizens.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 96 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 2. Noes, 1 (Slom). Excused, 2 (Galuteria, Green).

**SCRep. 1135 (Majority) Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 135**

The purpose and intent of this measure is to urge the United States Congress to enact federal legislation or propose a constitutional amendment granting full voting rights to residents of the District of Columbia.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the District of Columbia has approximately 601,723 residents who share all of the responsibilities of United States citizenship, including paying federal taxes, serving on federal juries, and defending the United States as members of the United States Armed Services, yet they are denied full representation in Congress. This measure will urge Congress to allow residents of the District of Columbia to enjoy their basic American right to representation in the body that enacts the laws that govern its citizens.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 2. Noes, 1 (Slom). Excused, 2 (Galuteria, Green).

**SCRep. 1136 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.C.R. No. 10**

The purpose and intent of this measure is to urge Hawaii's Congressional Delegation to seek federal funding to match state funds to support public works of art honoring the late United States Senator Daniel K. Inouye and the late United States Representative Patsy T. Mink.

Your Committees received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the State Foundation on Culture and the Arts requires funding to commission a permanent, three-dimensional work of art to portray the life, vision, accomplishments, impact, and legacy of the late Senator Daniel K. Inouye and the late Representative Patsy T. Mink. This measure seeks financial support to honor the memory of the late Senator Inouye and the late Representative Mink and to use their examples of public service to inspire current and future generations.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 10, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 10, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).  
Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 1137 Commerce and Consumer Protection on S.R. No. 34**

The purpose and intent of this measure is to request collaboration among various state agencies to identify barriers relating to the practice of advanced practice registered nursing to the full extent of the nurses' education and training in the State.

Your Committee received testimony in support of this measure from the Board of Nursing, Hawai'i State Center for Nursing, University of Hawai'i at Manoa School of Nursing and Dental Hygiene, University of Hawai'i Maui College, Hawaii Long Term Care Association, Hawai'i Association of Professional Nurses, and eleven individuals. Your Committee received comments on this measure from the Department of the Attorney General and Legislative Reference Bureau.

Your Committee finds that the Legislature has previously aligned Hawaii laws with national goals requiring the utilization of primary care providers, particularly Advanced Practice Registered Nurses, to the full extent of their education and training. Advanced Practice Registered Nurses provide cost-effective, accessible, patient-centered care, including care coordination, chronic care management, and wellness and preventive care.

Your Committee further finds that the Hawaii State Center for Nursing has identified barriers in the form of obsolete language in the Hawaii Revised Statutes and Hawaii Administrative Rules that preclude or impede Advanced Practice Registered Nurses from practicing to the full extent of their education and training. This measure begins the process of removing barriers in the Hawaii Revised Statutes and Hawaii Administrative Rules to the practice of Advanced Practice Registered Nursing and underscores the fact that Advanced Practice Registered Nurses play a central role in nationwide health reform. This measure also clarifies the national goal for a transformed health system that provides wide access to essential health services, improves quality, and controls costs, which cannot be achieved without maximizing the contributions of Advanced Practice Registered Nurses.

Your Committee additionally finds that this measure requests the Department of the Attorney General to coordinate the various state agencies' positions and recommendations and prepare a draft report to submit to the Legislative Reference Bureau. Your Committee notes that this requirement may interfere with the Department of the Attorney General's role as a legal advisor to the individual agencies. Your Committee concludes that it would be more effective for the Hawaii State Center for Nursing to convene a working group composed of the various state agencies to identify Advanced Practice Registered Nursing scope of practice barriers, rather than requiring the Attorney General to obtain this information. Therefore, amendments to this measure are necessary.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the assistance and recommendations of the Department of the Attorney General and Legislative Reference Bureau will be needed to identify Advanced Practice Registered Nursing scope of practice barriers;
- (2) Requesting the Hawaii State Center for Nursing to convene a working group composed of various state agencies to identify barriers relating to the practice of Advanced Practice Registered Nurses;
- (3) Specifying the state agencies to be represented on the working group;
- (4) Specifying that the working group may enlist the assistance of the Department of the Attorney General, other state agencies, or professional groups as needed to complete its task;
- (5) Requesting the working group to transmit a draft report of the working group's findings and recommendations to the Legislative Reference Bureau by November 1, 2013, rather than requiring the Department of the Attorney General to transmit a draft report;
- (6) Amending the organizations receiving a certified copy of this measure; and
- (7) Updating its title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 34, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1138 Commerce and Consumer Protection on S.C.R. No. 66**

The purpose and intent of this measure is to request collaboration among various state agencies to identify barriers relating to the practice of advanced practice registered nursing to the full extent of the nurses' education and training in the State.

Your Committee received testimony in support of this measure from the Board of Nursing, Hawai'i State Center for Nursing, University of Hawai'i at Manoa School of Nursing and Dental Hygiene, University of Hawai'i Maui College, Hawaii Long Term Care Association, Hawai'i Association of Professional Nurses, and eleven individuals. Your Committee received comments on this measure from the Department of the Attorney General and Legislative Reference Bureau.

Your Committee finds that the Legislature has previously aligned Hawaii laws with national goals requiring the utilization of primary care providers, particularly Advanced Practice Registered Nurses, to the full extent of their education and training. Advanced Practice Registered Nurses provide cost-effective, accessible, patient-centered care, including care coordination, chronic care management, and wellness and preventive care.

Your Committee further finds that the Hawaii State Center for Nursing has identified barriers in the form of obsolete language in the Hawaii Revised Statutes and Hawaii Administrative Rules that preclude or impede Advanced Practice Registered Nurses from practicing to the full extent of their education and training. This measure begins the process of removing barriers in the Hawaii Revised Statutes and Hawaii Administrative Rules to the practice of Advanced Practice Registered Nursing and underscores the fact that Advanced Practice Registered Nurses play a central role in nationwide health reform. This measure also clarifies the national goal for a transformed health system that provides wide access to essential health services, improves quality, and controls costs, which cannot be achieved without maximizing the contributions of Advanced Practice Registered Nurses.

Your Committee additionally finds that this measure requests the Department of the Attorney General to coordinate the various state agencies' positions and recommendations and prepare a draft report to submit to the Legislative Reference Bureau. Your Committee notes that this requirement may interfere with the Department of the Attorney General's role as a legal advisor to the individual agencies. Your Committee concludes that it would be more effective for the Hawaii State Center for Nursing to convene a working group composed of the various state agencies to identify Advanced Practice Registered Nursing scope of practice barriers, rather than requiring the Attorney General to obtain this information. Therefore, amendments to this measure are necessary.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the assistance and recommendations of the Department of the Attorney General and Legislative Reference Bureau will be needed to identify Advanced Practice Registered Nursing scope of practice barriers;

- (2) Requesting the Hawaii State Center for Nursing to convene a working group composed of various state agencies to identify barriers relating to the practice of Advanced Practice Registered Nurses;

- (6) Amending the organizations receiving a certified copy of this measure; and
- (7) Updating its title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 66, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 66, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1139 (Joint) Agriculture and Commerce and Consumer Protection on S.C.R. No. 34**

The purpose and intent of this measure is to urge the Department of Agriculture to:

- (1) Implement differentiated water toll rates and charges for the Hamakua District irrigation system to promote the development and expansion of agricultural activities and processing; and
- (2) Submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014 on the status and progress of the Department's implementation of differentiated water toll rates and charges for the Hamakua District irrigation system.

Prior to the hearing on this measure, your Committees prepared and made available for public review a proposed S.D. 1 that amended this measure by deleting its contents and replacing it with language urging, among other things:

- (1) The University of Hawaii Economic Research Organization to establish an economic model, conduct an economic impact study, and submit a report on the economic impact of implementing a Genetically Modified Organisms (GMO) labeling or GMO registration requirement on consumers, the local agricultural industry, and the State's 2050 sustainability goals;
- (2) The Department of Agriculture, Department of Health, and Department of Business, Economic Development, and Tourism to research and submit a report examining whether implementing a GMO labeling or GMO registration regimen is practicable and whether such a program would adversely affect the Hawaii 2050 sustainability goals;
- (3) The Department of Agriculture to provide a report that includes detailed cost analyses on implementing GMO labeling and GMO registration regimens;
- (4) The University of Hawaii College of Tropical Agriculture and Human Resources to submit a report analyzing peer reviewed literature and studies regarding the long-term safety of GMO crops grown in Hawaii and information on farming practices in Hawaii; and
- (5) The foregoing agencies to submit an individual interim report and final report to the Legislature no later than twenty days prior to the convening of the Regular Sessions of 2014 and 2015, respectively, on the research requested in this measure.

Your Committees received testimony in support of the proposed S.D. 1 from Monsanto Co. and Ulupono Initiative. Your Committees received comments on the proposed S.D. 1 from the Department of Agriculture.

Your Committees understand that GMO labeling has garnered much debate throughout the country. While consumers have significant concerns about the safety of GMOs, the agricultural industry and the State have concerns regarding the intended and unintended effects arising from a GMO labeling mandate. Pursuing comprehensive studies and reports from the University of Hawaii and affected state agencies will ensure that the State addresses all parties' concerns in an educated and prudent manner.

Accordingly, your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Urging the Legislative Reference Bureau to provide a report to the Legislature that includes copies of legislation adopted by, or bills or ordinances under consideration by, other state legislatures over the past three years that address GMO labeling, and the outcomes of such bills;
- (2) Urging the University of Hawaii College of Tropical Agriculture and Human Resources, with the assistance of the Department of Agriculture, rather than the Department of Agriculture alone, to provide a report that includes detailed cost analyses on implementing GMO labeling and GMO registration regimens; and
- (3) Making technical, nonsubstantive amendments for the purposes of consistency and clarity.

As affirmed by the records of votes of the members of your Committees on Agriculture and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 34, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 34, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture  
Ayes, 5. Noes, none. Excused, 2 (English, Wakai).

Commerce and Consumer Protection  
Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Wakai).

**SCRep. 1140 Technology and the Arts on S.C.R. No. 141**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to:

- (1) Display all works of art in its collection;
- (2) Photograph every work of art in the Foundation's collection and make the photographs publicly available on an internet website with a description and current location on each piece of art; and
- (3) Implement an online database of every work of art by artist, date of creation, and current location.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Hawaii Open Data, and one individual.

Your Committee finds that the State Foundation on Culture and the Arts promotes, perpetuates, and preserves the arts, history, and humanities and expands the growth of cultural tourism in Hawaii. Your Committee further finds that of the approximately 6,000 pieces in the Art in Public Places Collection, about thirty-two percent of the collection is currently not on display. This measure will allow the public to enjoy and view all 6,000 pieces of art in the Collection that would otherwise be inaccessible.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 141 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1141 Technology and the Arts on S.R. No. 102**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to:

- (1) Display all works of art in its collection;
- (2) Photograph every work of art in the Foundation's collection and make the photographs publicly available on an internet website with a description and current location on each piece of art; and
- (3) Implement an online database of every work of art by artist, date of creation, and current location.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Hawaii Open Data, and one individual.

Your Committee finds that the State Foundation on Culture and the Arts promotes, perpetuates, and preserves the arts, history, and humanities and expands the growth of cultural tourism in Hawaii. Your Committee further finds that of the approximately 6,000 pieces in the Art in Public Places Collection, about thirty-two percent of the collection is currently not on display. This measure will allow the public to enjoy and view all 6,000 pieces of art in the Collection that would otherwise be inaccessible.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 102 and recommends that it be referred to the Committee on Ways and Means.

Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1142 (Joint) Education and Higher Education on S.C.R. No. 120**

The purpose and intent of this measure is to request the Board of Education and Department of Education to evaluate the comprehensive plan for teaching reading in Hawaii schools and to move forward with appropriate implementation.

Your Committees received testimony in support of this measure from the Maui Police Department, Hawaii Association of Independent Schools, Special Education Advisory Council, Hawai'i Branch of the International Dyslexia Association, Learning Disabilities Association of Hawaii, and twenty-five individuals. Your Committees received testimony in opposition to this measure from the Department of Education and the Dyslexia Tutoring Center of Hawaii, Inc. Your Committees received comments on this measure from the Hawaii Teacher Standards Board.

Your Committees find that pursuant to Senate Concurrent Resolution No. 110, Regular Session of 2010 (SCR 110), a working group was established to address dyslexia awareness and literacy instruction as they relate to teacher preparation programs, teacher licensure requirements, professional development for educators, and reading programs in public schools.

Your Committees commend the members of the dyslexia working group that came together as part of SCR 110 and dedicated countless hours toward the recommendations presented.

Continuing on the Department of Education's various efforts to address dyslexia and other literacy challenges for students in Hawaii's public schools, your Committees have amended this measure by:

- (1) Removing language relating to the Department of Education's testimony to the Education Committee of the House of Representatives on February 6, 2013;
- (2) Adding language to clarify that the Department of Education is continuing to address the working group's concerns;
- (3) Requesting the Board of Education and Department of Education to, among other things, promote greater awareness of dyslexia and evaluate methods for providing support to students with dyslexia and other literacy challenges rather than specifically evaluating, among other things, the implementation of the working group's report;
- (4) Requesting the Department to report on its efforts to provide comprehensive support services for students with dyslexia and other literacy challenges, rather than requiring the Department to provide specific data and information based on the working group's report;
- (5) Requesting the Department to include in its report:
  - (A) The number of schools with licensed reading teachers, licensed reading specialists, and licensed literary specialists, including the number of individuals in each position by grade level and subject matter;
  - (B) A discussion of best practices and complex area-based support; and
  - (C) The Department of Education's plans and capacity needs to replicate its efforts to address dyslexia and literacy challenges statewide;
- (6) Removing the Director of the Legislative Reference Bureau from the list of entities to which a certified copy of this measure will be transmitted;
- (7) Amending its title to read: "REQUESTING THE BOARD OF EDUCATION AND DEPARTMENT OF EDUCATION TO EVALUATE THE IMPLEMENTATION OF A PLAN TO PROMOTE GREATER AWARENESS OF DYSLEXIA AND PROVIDE COMPREHENSIVE SUPPORT FOR STUDENTS WITH DYSLEXIA AND OTHER LITERARY CHALLENGES"; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 120, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 120, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 5. Noes, none. Excused, none.

Higher Education

Ayes, 5. Noes, none. Excused, 2 (Ige, Kahele).

**SCRep. 1143 (Joint) Education and Water and Land on S.C.R. No. 192**

The purpose and intent of this measure is to request the Board of Education to incorporate sustainability education into the science curriculum of public schools.

Your Committees received testimony in support of this measure from the University of Hawai'i at Hilo, Office of the Mayor of the County of Hawai'i, Sustainability Hawaii Youth Leadership Initiative, The Kohala Center, and eleven individuals. Your Committees received comments on this measure from the Department of Education.

Your Committees find that the sustainable use of resources and clean energy are essential to Hawaii given its location in the middle of the Pacific Ocean.

Your Committees further find that sustainability education should be incorporated into the current courses at Hawaii's public schools so that children can learn to protect the unique character of the State and provide security for generations of residents to come. In working toward this goal, your Committees encourage the Board of Education and the Department of Education to consult with the University of Hawaii System, as the University of Hawaii West Oahu is currently developing a Bachelor's degree in sustainability.

Your Committees have amended this measure by:

- (1) Adding findings regarding the Board of Education's Policy No. 6710, relating to sustainability at Department of Education facilities;
- (2) Deleting the language requesting the Board of Education to incorporate sustainability into the science curriculum of public schools;
- (3) Requesting the Board of Education to review and modify Board Policy No. 6710 to identify ways to incorporate sustainability education and environmental stewardship at the classroom level, specifically identifying the common core and/or content areas that may incorporate such classes;
- (4) Adding language requesting that the Board of Education and Department of Education identify and encourage, as appropriate, opportunities to engage students, classes, and schools in activities including but not limited to project-based learning, mentorships, and data collection in connection with Board Policy No. 6710 at the complex area support level;

- (5) Changing its title to read: "REQUESTING THE BOARD OF EDUCATION TO REVIEW AND MODIFY BOARD POLICY NO. 6710 TO IDENTIFY WAYS TO INCORPORATE SUSTAINABILITY EDUCATION AND ENVIRONMENTAL STEWARDSHIP AT THE CLASSROOM LEVEL"; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 192, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 192, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 3. Noes, none. Excused, 2 (Ruderman, Slom).

Water and Land

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1144 (Joint) Health and Higher Education on S.R. No. 87**

The purpose and intent of this measure is to request the Department of Health and the John A. Burns School of Medicine to conduct a study on the states with Good Samaritan laws and their impact on decreasing drug overdose deaths.

Your Committees received testimony in support of this measure from the Department of Health; Chow Project; Community Alliance on Prisons; and six individuals.

Your Committees find that many people who experience a drug overdose, or who witness a friend experiencing a drug overdose, delay seeking medical assistance out of fear of prosecution. This delay often can result in serious negative medical outcomes or death for the person experiencing the overdose. Your Committees further find that medical amnesty is a life-saving policy that immunizes persons seeking medical assistance from criminal liability in order to ensure that medical attention is immediately sought for anyone experiencing a drug overdose.

Your Committees also find that medical amnesty makes medical safety paramount in situations where someone is experiencing an overdose and promotes a policy that is beneficial to people of the State.

As affirmed by the records of votes of the members of your Committees on Health and Higher Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 87 and recommend that it be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1146 (Joint) Health and Human Services on S.R. No. 110**

The purpose and intent of this measure is to request the establishment of a work group to examine the social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals.

Your Committees received testimony in support of this measure from the Governor, Department of Commerce and Consumer Affairs, West Hawaii Community Health Center, Waimanalo Health Center, and Community Alliance for Mental Health.

Your Committees find that health is affected by social determinants of health, which have considerable bearing on individual and population health, more so than genetic disposition and traditional medical care. Many people are subject to multiple determinants, or risks, such as homelessness, language barriers, abuse, unemployment, poverty, and lack of transportation at any given time, and social determinants of health complicate the ability to address individual and community health concerns and pose challenges to patients and providers in identifying, assessing, and treating health problems.

Your Committees also find that social determinants of health and other enabling services, including care coordination, often result in costlier preventable health care costs such as hospitalizations and emergency department utilization. Health care costs can be reduced with improved access to primary care services and risk adjustment for social determinants of health and other enabling services. Your Committees further find that the Medicaid, gap-group, and uninsured populations have significant socio-economic pressures, and addressing them will show measurable improvement in preventable health care costs. As a result, your Committees request the establishment of a work group to examine the social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals.

Your Committees have amended this measure by:

- (1) Adding a description of the gap-group that was created on July 1, 2012, when individuals and families with incomes between one hundred thirty-three and two hundred percent of the poverty level were dropped from Medicaid coverage;
- (2) Adding a representative from a consumer health advocacy organization to the work group;
- (3) Expressly directing the work group to examine Medicaid services and health plans; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 110, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 110, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1148 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 154**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurance coverage for tobacco use cessation treatments.

Your Committees received testimony in support of this measure from Kaiser Permanente and Hawaii Disability Rights Center.

Your Committees find that smoking is costly to employers in terms of smoking-related medical expenses and lost productivity and is the leading preventable cause of death in the United States. On average, smokers who quit will live longer and have fewer years of living with disability. Your Committees find that studies have shown that face-to-face counseling and interactive telephone counseling are more effective tobacco use cessation treatments than services that only provide educational or self-help materials, and the effectiveness of counseling services increases as the number and length of the sessions increase.

Your Committees find that employers who provide a tobacco use cessation benefit have reported an increase in the number of smokers who are willing to undergo treatment and an increase in the percentage of those who successfully quit smoking. Your Committees also find that, over time, tobacco use cessation coverage generates financial returns for employers, including:

- (1) Reduced health care costs;
- (2) Reduced absenteeism;
- (3) Increased on-the-job productivity; and
- (4) Reduced life insurance costs.

As a result, your Committees request the Auditor to assess the social and financial effects of requiring health insurance coverage for tobacco use cessation treatments.

Your Committees have amended this measure by identifying Senate Bill No. 654 as the appropriate bill to be assessed by the Auditor.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 154, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 154, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health  
Ayes, 4. Noes, none. Excused, 1 (Slom).

Commerce and Consumer Protection  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1149 Health on S.R. No. 52**

The purpose and intent of this measure is to urge all health providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waitlist.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that in 2011 at least 2,425 people in Hawaii had HIV or AIDS and that this number has increased every year since 2001 because of the effectiveness of antiretroviral therapy. Today, most people infected with HIV who use highly active antiretroviral therapy tend to die from end-stage organ disease and organ failure that result from chronic conditions rather than AIDS-associated opportunistic infections. Your Committee further finds that health care facilities on the mainland currently perform kidney and pancreas transplants on HIV-positive patients who have end-stage kidney disease and diabetes, and recent research has shown that HIV-positive patients who received a kidney transplant experienced a 94.6 percent one year survival rate and a 88.2 percent three-year survival rate, which were similar to kidney transplant recipients who were not infected with HIV and higher than kidney transplant recipients who were age sixty-five and older.

Your Committee also finds that under certain circumstances, HIV-positive patients are good candidates for organ transplantation and have positive post-transplant outcomes, and there is no reason to deny HIV-positive patients an organ transplant solely due to their HIV status. As a result, your Committee urges all health providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waitlist.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 52 and recommends that it be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1150 Health on S.C.R. No. 86**

The purpose and intent of this measure is to urge all health providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waitlist.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that in 2011 at least 2,425 people in Hawaii had HIV or AIDS and that this number has increased every year since 2001 because of the effectiveness of antiretroviral therapy. Today, most people infected with HIV who use highly active antiretroviral therapy tend to die from end-stage organ disease and organ failure that result from chronic conditions rather than AIDS-associated opportunistic infections. Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1151 Health on S.R. No. 113**

The purpose and intent of this measure is to request the Department of Health to convene a task force to establish a stroke system of care in the State.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Pacific Health, Healthcare Association of Hawaii, and American Heart Association.

Your Committee finds that stroke is the leading cause of chronic disability among adults in the State. Rapid identification, diagnosis, and treatment of stroke can improve outcomes for stroke patients. Your Committee finds that Hawaii does not presently have an adequate and effective system of statewide stroke care that emphasizes rapid assessment and triage of stroke patients. Your Committee further finds that in order to provide the best medical outcomes for Hawaii's stroke victims, it is necessary to request the Department of Health to convene a task force to establish a stroke system of care in the State.

Your Committee has amended this measure by:

- (1) Expanding the membership of the task force to include a representative of Healthcare Association of Hawaii, who is to invite chief medical officers from all hospitals with emergency departments; a representative from the Hawaii Neurological Society; a representative from the American College of Emergency Physicians, Hawaii Chapter; and any additional stakeholders identified by the task force; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 113, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 113, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1152 Health on S.C.R. No. 155**

The purpose and intent of this measure is to request the Department of Health to convene a task force to establish a stroke system of care in the State.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Pacific Health, Healthcare Association of Hawaii, and American Heart Association.

Your Committee finds that stroke is the leading cause of chronic disability among adults in the State. Rapid identification, diagnosis, and treatment of stroke can improve outcomes for stroke patients. Your Committee finds that Hawaii does not presently have an adequate and effective system of statewide stroke care that emphasizes rapid assessment and triage of stroke patients. Your Committee further finds that in order to provide the best medical outcomes for Hawaii's stroke victims, it is necessary to request the Department of Health to convene a task force to establish a stroke system of care in the State.

No. 155, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 155, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1153 Health on S.R. No. 109**

The purpose and intent of this measure is to encourage the Department of Health to establish an emergency services patient advocate program to provide assistance to and advocate on behalf of patients receiving emergency medical services and their families.

Your Committee received testimony in support of this measure from the Community Alliance for Mental Health and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that sick and vulnerable patients and their family members can become overwhelmed during a medical emergency. Many patients are unaware of their rights regarding the treatment and care they receive from their emergency room physicians. Your Committee finds that many patients or their family members may disagree with the diagnosis or treatment plan provided by their emergency room physician but feel forced to accept the treatment plan because they are unaware of how to effectively exercise their right to secure appropriate and available emergency medical care. As a result, your Committee encourages the Department of Health to establish an emergency services patient advocate program to provide assistance to and advocate on behalf of patients receiving emergency medical services and their families.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 109 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1154 Health on S.C.R. No. 150**

The purpose and intent of this measure is to encourage the Department of Health to establish an emergency services patient advocate program to provide assistance to and advocate on behalf of patients receiving emergency medical services and their families.

Your Committee received testimony in support of this measure from the Community Alliance for Mental Health and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that sick and vulnerable patients and their family members can become overwhelmed during a medical emergency. As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 150 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1155 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 57**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for survivors of traumatic brain injuries.

Your Committees received testimony in support of this measure from Kaiser Permanente and Hilo Pa'a Family to Family Health Information Center. Your Committees received comments on this measure from the Department of Health.

Your Committees find that traumatic brain injury is severe damage to the brain caused by an external force that may produce a diminished or altered state of consciousness and may result in an impairment of cognitive abilities or physical functioning. Traumatic brain injury is a leading cause of death and disability among children and young adults; however, survivors of brain injuries can lead full lives, thanks to lifesaving medical techniques and rehabilitation services. Because survivors face a long rehabilitation process that may not be covered by certain health benefit plans, your Committees find it necessary to ensure that insurers, hospital and medical service plans, and health maintenance organizations cover all forms of necessary and effective treatment for survivors of traumatic brain injuries in this State.

Your Committees have amended this measure by identifying Senate Bill No. 1227 as the appropriate bill to be assessed by the Auditor.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 57, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 57, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection

Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1156 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 52**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for medically necessary treatment of orofacial anomalies.

Your Committees received testimony in support of this measure from the State Council on Developmental Disabilities; Hawaii Dental Association; Special Education Advisory Group; and eight individuals. Your Committees received comments on this measure from the Department of Health.

Your Committees find that the rate of children in Hawaii with orofacial disorders is estimated to be one in every five hundred. The more commonly known orofacial anomalies include cleft lip or cleft palate, and three hundred fifty two babies were born with cleft lip or cleft palate in Hawaii between 1986 and 2005. Your Committees further find that orthodontics are the medically necessary treatments needed to proceed with subsequent reconstructive surgeries for these disorders.

Your Committees also find that orthodontics has been a covered medical benefit of the Hawaii Medicaid program for several years, and medically necessary orthodontics are included as an essential health benefit under pediatric oral health in the State's healthcare benefits package. Your Committees also note, however, that orthodontics are not included as a benefit of commercial health insurance. As a result, your Committees request an assessment of the social and financial effects of requiring health insurers to provide coverage for medically necessary treatment of orofacial anomalies.

Your Committees have amended this measure by:

- (1) Removing all references to sections 23-51 and 23-52, Hawaii Revised Statutes, and the specific legislative bill mandating health insurance coverage for the treatment of orofacial anomalies to be analyzed, as no such bill was introduced during the Regular Session of 2013;
- (2) Changing all references from the Auditor to the Department of Health to request the Department of Health to perform the requested assessment;
- (3) Amending the title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 52, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 52, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 4. Noes, none. Excused, 1 (Slom).

Commerce and Consumer Protection

Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1157 Human Services on S.C.R. No. 60**

The purpose and intent of this measure is to urge the Hawaii Public Housing Authority to initiate the sponsorship process for the United States Department of Housing and Urban Development "Step-Up" program to provide new employment and training programs for public housing residents and other low-income people.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority; Network Enterprises, Inc.; and one individual.

Your Committee finds that "Step-Up" is a national program developed by the United States Department of Housing and Urban Development in cooperation with the federal United States Department of Labor and the National Association of Housing and Redevelopment Offices to provide jobs and job training opportunities on Department of Housing and Urban Development assisted construction to residents of public housing and other low-income people. Public housing authorities are authorized to sponsor "Step-Up" programs, which entail organizing and administering all components of the program, and are encouraged to work with local training providers, such as non-profits, who know and administer workforce development and job training programs.

Your Committee further finds that "Step-Up" participants can earn wages that are excluded from income for rent determination purposes, and the program provides real economic opportunities and upward wage earning potential, thus enabling participants to graduate from public housing to other permanent, unsubsidized housing options, which in turn frees up units for those on waiting lists.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 60, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.C.R. No. 60, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

**SCRep. 1158 Human Services on S.C.R. No. 111**

The purpose and intent of this measure is to request the Executive Office on Aging to continue its research of the timebanking concept for Hawaii's respite system.

Your Committee received testimony in support of this measure from the Executive Office on Aging and Community Alliance for Mental Health.

Your Committee finds that respite services offer a temporary break to caregivers from their ongoing responsibility of caring for an individual of any age.

Your Committee further finds that the Executive Office on Aging recognizes that each year the State is asked to fund numerous home and community-based social service programs that support Hawaii's family caregivers and their respite needs, such as Kupuna Care. Alternative forms of currency to support increasing community needs are being explored locally, nationally, and internationally. The concept of timebanking helps transform public services by introducing a new form of currency called "time dollars". Timebanking may offer a more sustainable provision of social services and may strengthen Hawaii's communities by building on individual strengths and recognizing that everyone in our community has something to offer.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 111 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

**SCRep. 1159 Human Services on S.R. No. 77**

The purpose and intent of this measure is to request the Executive Office on Aging to continue its research of the timebanking concept for Hawaii's respite system.

Your Committee received testimony in support of this measure from the Executive Office on Aging and Community Alliance for Mental Health.

Your Committee finds that respite services offer a temporary break to caregivers from their ongoing responsibility of caring for an individual of any age.

Your Committee further finds that the Executive Office on Aging recognizes that each year the State is asked to fund numerous home and community-based social service programs that support Hawaii's family caregivers and their respite needs, such as Kupuna Care. Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

**SCRep. 1160 (Joint) Energy and Environment and Commerce and Consumer Protection on S.C.R. No. 37**

The purpose and intent of this measure is to request the Public Utilities Commission to establish a stranded cost recovery mechanism to encourage the accelerated retirement of electric utility fossil fuel electric generation plants.

Your Committees received testimony in support of this measure from Sierra Club Hawaii. Your Committees received comments on this measure from the Public Utilities Commission and the Department of Commerce and Consumer Affairs.

Your Committees find that the overall efficiency of a modern fossil fuel electric generation plant is about forty percent, meaning that sixty percent of the energy input to the system is wasted. These efficiencies, however, may be as low as thirty percent in some older plants. Your Committees further find that electric utilities may have financial difficulties in retiring these fossil fuel plants due to the fact that shutting down the plant without a plan for cost recovery of investments in that plant means that those costs usually cannot be made up. Utilities need a means of recovering stranded costs due to early retirement of power plants for the purpose of switching power source from fossil to renewable fuels. In light of this, your Committees would like more information on the factors, including stranded cost recovery, that play into the electric utilities' decision not to retire any of their oil-fired generation plants and the relative importance of those factors.

Your Committees have amended this measure by:

- (1) Deleting the language requesting the Public Utilities Commission to establish a stranded cost recovery mechanism;
- (2) Inserting language to request the Public Utilities Commission to take into consideration:
  - (A) Whether stranded costs are a significant factor in the electric utilities' failure to retire old, oil-fired generation plants; and
  - (B) Any appropriate measures that would encourage the electric utilities to retire old, oil-fired generation plants and the potential impact this would have on ratepayers; and
- (3) Changing the title of the measure accordingly; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 37, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 37, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Commerce and Consumer Protection

Ayes, 5. Noes, none. Excused, 2 (Nishihara, Taniguchi).

**SCRep. 1161 (Joint) Agriculture and Water and Land on S.C.R. No. 177**

The purpose and intent of this measure is to urge the State to purchase approximately 22,500 acres of agricultural land from Dole Food Company, Inc.

Your Committees received testimony in support of this measure from the Trust for Public Land, Dole Food Company Hawaii, and Hawaii Farm Bureau Federation.

Pursuant to the Hawaii State Constitution, the State is obligated to conserve and protect agricultural lands, promote diversified agriculture, increase agricultural self-sufficiency, and assure the availability of agriculturally suitable lands. Your Committees find that one of the principal ways the State can promote agriculture is to provide public lands at reasonable costs and with long-term leases to farmers. By purchasing agricultural land from Dole Food Company, Inc., the State will not only conserve valuable agricultural land but also provide a large inventory of land for disbursement to new and existing agricultural entrepreneurs.

As affirmed by the records of votes of the members of your Committees on Agriculture and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 177 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture

Ayes, 5. Noes, none. Excused, 2 (English, Slom).

Water and Land

Ayes, 4. Noes, none. Excused, 3 (Ihara, Ruderman, Slom).

**SCRep. 1162 (Joint) Agriculture and Water and Land on S.R. No. 133**

The purpose and intent of this measure is to urge the State to purchase approximately 22,500 acres of agricultural land from Dole Food Company, Inc.

Your Committees received testimony in support of this measure from the Trust for Public Land, Dole Food Company Hawaii, and Hawaii Farm Bureau Federation.

Pursuant to the Hawaii State Constitution, the State is obligated to conserve and protect agricultural lands, promote diversified agriculture, increase agricultural self-sufficiency, and assure the availability of agriculturally suitable lands. Your Committees find that one of the principal ways the State can promote agriculture is to provide public lands at reasonable costs and with long-term leases to farmers. Water and Land

Ayes, 4. Noes, none. Excused, 3 (Ihara, Ruderman, Slom).

**SCRep. 1163 (Joint) Agriculture and Water and Land on S.C.R. No. 122**

The purpose and intent of this measure is to urge the Department of Agriculture to implement a schedule of reduced irrigation water toll rates and charges for agricultural enterprises on the island of Hawaii that differentiates among different irrigation system areas to increase the use of irrigation water to promote the development and expansion of Hawaii-grown agricultural commodities.

Your Committees received testimony in support of this measure from 4 Ag Hawaii; Hawaii Cattlemen's Council, Inc.; Hawaii Aquaculture and Aquaponics Association; Ulupono Initiative; Kukaiau Ranch LLC; Ponohele Ranch, Ltd.; Ulupalakua Ranch; Barbed S Ranch LLC; Kahua Ranch, Ltd.; Hawaii Farm Bureau Federation; and four individuals.

Your Committees find that expanding local agricultural production is vital to the State's economic and sustainable future. Differentiating water rates on the island of Hawaii will result in reduced irrigation water toll rates and charges and promote increased agricultural, livestock, and poultry production.

Your Committees have amended this measure by:

- (1) Clarifying that the Department of Agriculture is requested to implement a schedule of reduced irrigation water toll rates and charges for the Hamakua District, in addition to the island of Hawaii;
- (2) Amending the title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 122, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 122, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 4. Noes, none. Excused, 3 (Ihara, Ruderman, Slom).

**SCRep. 1165 (Joint) Agriculture and Water and Land on S.C.R. No. 98**

The purpose and intent of this measure is to urge the Department of Agriculture, with the assistance of the Commission on Water Resource Management, to conduct a comprehensive study regarding the feasibility of a permeable surfaces tax credit and reports its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committees received testimony in support of this measure from five individuals. Your Committees received comments on this measure from the Department of Taxation.

Your Committees find that groundwater aquifers require a sufficient amount of recharge to meet the increasing demands for water. Agricultural operations that maintain a permeable land surface, allowing water to percolate down to groundwater aquifers, increase groundwater storage and the supply of water. Businesses and farmers that provide this public service should be rewarded for this service to promote the further use of this ecological practice.

Your Committees have amended this measure by:

- (1) Requesting that the University of Hawaii College of Tropical Agriculture and Human Resources, rather than the Department of Agriculture alone, spearhead the permeable surfaces tax credit study and submit a report to the Legislature;
- (2) Amending the items to be addressed by the study to also include consideration of methods of compensation other than a tax credit that may best incentivize agricultural operations to maintain permeable surfaces;
- (3) Amending the title accordingly; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 98, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 98, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture

**SCRep. 1167 Public Safety, Intergovernmental and Military Affairs on S.R. No. 79**

The purpose and intent of this measure is to request the Hawaii Paroling Authority to thoroughly consider granting parole to individuals serving sentences for Class A felonies eighteen months before the expiration of their maximum term; individuals serving sentences for Class B felonies twelve months before the expiration of their maximum term; and individuals serving sentences for Class C felonies six months before the expiration of their maximum term.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, and two individuals.

Your Committee finds that inmates who are released at the end of their maximum term with no supervision recidivate at a higher rate than inmates placed on parole. This measure is intended to provide support to long term inmates so that when these individuals are released, they may return to the community as productive, law abiding citizens.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 79 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1168 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 115**

The purpose and intent of this measure is to request the Hawaii Paroling Authority to thoroughly consider granting parole to individuals serving sentences for Class A felonies eighteen months before the expiration of their maximum term; individuals serving sentences for Class B felonies twelve months before the expiration of their maximum term; and individuals serving sentences for Class C felonies six months before the expiration of their maximum term.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, and two individuals.

Your Committee finds that inmates who are released at the end of their maximum term with no supervision recidivate at a higher rate than inmates placed on parole. This measure is intended to provide support to long term inmates so that when these individuals are released, they may return to the community as productive, law abiding citizens.

**SCRep. 1169 (Joint) Tourism and Hawaiian Affairs and Economic Development, Government Operations and Housing on S.R. No. 140**

The purpose and intent of this measure is to convene a working group to discuss and propose legislation that, in summary:

- (1) Ensures sufficient funds, as required by the Hawaii State Constitution, are provided by the State to the Department of Hawaiian Home Lands;
- (2) Generates revenues for the general fund and the Department of Hawaiian Home Lands;
- (3) Considers the costs and benefits of authorizing the creation of native Hawaiian corporate entities;
- (4) Considers vehicles for obtaining revenue that will not require up-front costs, including the appropriate use of public-private joint ventures; and
- (5) Generates revenue using lands and assets that are not Hawaiian home land trust lands.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands and the Association of Hawaiian Civic Clubs. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that due to the recent economic recession and diminishing funds in the Department of Hawaiian Home Lands and Office of Hawaiian Affairs, innovative streams of funding are necessary to secure the future of native Hawaiian programs. This measure will facilitate discussions among various agencies to identify long-term financial solutions to ensure the future of these programs. Your Committees note, however, that this discussion should take place between beneficiaries of the Hawaiian homelands trust and the Office of Hawaiian Affairs.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the statement that the State's "obligation, currently valued at \$15,000,000 per year, not only runs in perpetuity but also requires a back payment";
- (2) Changing the composition of the working group to include the Chairperson of the Sovereign Councils of the Hawaiian Homelands Assembly Executive Council; President of the Association of Hawaiian Civic Clubs; and other appropriate native Hawaiian beneficiaries and constituents, rather than the Director of Finance; Director of Business, Economic Development, and Tourism; and the Attorney General; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 140, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 140, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs

Ayes, 6. Noes, none. Excused, 2 (Hee, Solomon).

**SCRep. 1171 (Joint) Tourism and Hawaiian Affairs and Human Services on S.R. No. 142**

The purpose and intent of this measure is to urge the Department of Hawaiian Home Lands to consider building affordable rental housing that could be used for transitional, permanent, or rent-to-own housing for homeless native Hawaiians.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Association of Hawaiian Civic Clubs, Partners in Development Foundation, and Blueprint for Change.

Your Committees find that the housing supply in Hawaii is significantly less than the demand and that low- and moderate-income housing is difficult to secure and afford. Although the Department of Hawaiian Home Lands generally provides affordable homes to native Hawaiians, there are many applicants on the wait list who cannot afford the typical home. Providing affordable housing requires a comprehensive housing inventory that includes alternatives to fee simple homes.

Accordingly, your Committees have amended this measure by:

- (1) Urging the Department of Hawaiian Home Lands to consider building affordable rental housing for all native Hawaiians rather than only homeless native Hawaiians;
- (2) Amending the title for consistency; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 142, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 142, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1173 (Joint) Energy and Environment and Commerce and Consumer Protection on S.R. No. 108**

The purpose and intent of this measure is to urge Hawaii residents and businesses to comply with the Convention on International Trade in Endangered Species of Wild Fauna and Flora and not to buy or sell ivory of unknown origin that may have been illegally smuggled into the State.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Animal Rights Hawaii, Hawaiian Humane Society, Humane Society of the United States, and twenty individuals.

Your Committees find that African elephants and rhinoceroses are being hunted to extinction due to the high price of ivory. The Convention on International Trade in Endangered Species of Wild Fauna and Flora, adopted by the United States, banned the sale of African elephant ivory in 1989. Despite international and national bans, your Committees find that one-third of ivory products sold in the United States have illegal origins. Your Committees also find that compliance with the Convention on International Trade in Endangered Species of Wild Fauna and Flora as it relates to the ban on the sale of ivory products in the State will contribute to protecting African elephants and rhinoceroses from extinction.

Your Committees have amended this measure by adding a paragraph urging the various chambers of commerce of Hawaii to provide their members with copies of this measure and information about the Convention on International Trade in Endangered Species of Wild Fauna and Flora.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 108, as amended herein, and recommend that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.R. No. 108, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1175 Water and Land on S.R. No. 67**

The purpose and intent of this measure is to authorize the issuance of a non-exclusive easement covering a portion of state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as tax map key (1) 6-8-004 seaward of parcel 14. The area of the seawall comprising approximately 101 square feet has encroached on state owned submerged land prior to 1964. The owner of the subject property applied to the Land Division of the Department of Land and Natural Resources to request a grant of a fifty-five year term for a non-exclusive easement for seawall and step purposes. On December 14, 2012, under agenda item D-16, the Board of Land and Natural Resources approved the request for the term easement for seawall and step purposes.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 67 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1176 Water and Land on S.C.R. No. 101**

The purpose and intent of this measure is to authorize the issuance of a non-exclusive easement covering a portion of state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as tax map key (1) 6-8-004 seaward of parcel 14. The area of the seawall comprising approximately 101 square feet has encroached on state owned submerged land prior to 1964. Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1177 Water and Land on S.R. No. 69**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as tax map key: (1) 6-1-003:0024-0001. The character of the use of the easement is the right, privilege, and authority to use, maintain, repair, replace, and remove the existing seawall over, under, and across state-owned land. The owners of the subject property applied to the Land Division of the Department of Land and Natural Resources to request a grant of a fifty-five year term for a non-exclusive easement for seawall purposes. On January 11, 2013, under agenda item D-13, the Board of Land and Natural Resources authorized the easement request.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 69 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1178 Water and Land on S.C.R. No. 103**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as tax map key: (1) 6-1-003:0024-0001. The character of the use of the easement is the right, privilege, and authority to use, maintain, repair, replace, and remove the existing seawall over, under, and across state-owned land. The owners of the subject property applied to the Land Division of the Department of Land and Natural Resources to request a grant of a fifty-five year term for a non-exclusive easement for seawall purposes. On January 11, 2013, under agenda item D-13, the Board of Land and Natural Resources authorized the easement request.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1179 Water and Land on S.R. No. 72**

The purpose and intent of this measure is authorize the Board of Land and Natural Resources to issue a non-exclusive easement for a fifty-five year term covering that portion of state submerged lands located in Honolulu for purposes of renovation and construction of a pier, subject to limitations and conditions to be determined by the Board of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as tax map key (1) 3-6-001-021, in which a portion of the pier encroaches into the state-owned submerged land. The seaward boundary of the subject property fronts the ocean, and a pier straddles the seaward boundary of the subject property and submerged public land, which is state-owned. The owners of the property seek renovation and construction of a pier at the subject property.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 72 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1180 Water and Land on S.C.R. No. 106**

The purpose and intent of this measure is authorize the Board of Land and Natural Resources to issue a non-exclusive easement for a fifty-five year term covering that portion of state submerged lands located in Honolulu for purposes of renovation and construction of a pier, subject to limitations and conditions to be determined by the Board of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as tax map key (1) 3-6-001-021, in which a portion of the pier encroaches into the state-owned submerged land. The seaward boundary of the subject property fronts the ocean, and a pier straddles the seaward boundary of the subject property and submerged public land, which is state-owned. The owners of the property seek renovation and construction of a pier at the subject property.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1181 Water and Land on S.R. No. 71**

The purpose and intent of this measure is authorize the Board of Land and Natural Resources to issue a non-exclusive easement for a fifty-five year term covering that portion of state submerged lands located in Makaha, Waianae, Oahu, for purposes of renovation and construction of a seawall, subject to limitations and conditions to be determined by the Board of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The seaward boundary of the property fronts the ocean, and a seawall straddles the seaward boundary of the property and submerged public land, which is state-owned and identified by tax map key number (1) 8-4-005:002 seaward of parcel 2.

A portion of the seawall encroaches into the state-owned submerged land. The area of the seawall comprises approximately one hundred thirty-one square feet and comprises a portion of the state-owned submerged land. The character of use of the easement is the right, privilege, and authority to use, maintain, repair, replace, and remove the seawall over, under, and across state-owned land.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 71 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1182 Water and Land on S.C.R. No. 105**

The purpose and intent of this measure is authorize the Board of Land and Natural Resources to issue a non-exclusive easement for a fifty-five year term covering that portion of state submerged lands located in Makaha, Waianae, Oahu, for purposes of renovation and construction of a seawall, subject to limitations and conditions to be determined by the Board of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The seaward boundary of the property fronts the ocean, and a seawall straddles the seaward boundary of the property and submerged public land, which is state-owned and identified by tax map key number (1) 8-4-005:002 seaward of parcel 2.

A portion of the seawall encroaches into the state-owned submerged land. The area of the seawall comprises approximately one hundred thirty-one square feet and comprises a portion of the state-owned submerged land. The character of use of the easement is the right, privilege, and authority to use, maintain, repair, replace, and remove the seawall over, under, and across state-owned land.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 105 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1183 (Joint) Water and Land and Judiciary and Labor on S.R. No. 68**

The purpose and intent of this measure is to request the Auditor to conduct an audit of the Kapiolani Park Trust to evaluate its governance structure and identify the permissible uses of the park lands, including delineating any limitations on commercial or other inconsistent uses that may fall outside the scope of the trust's purpose or may constitute waste of the trust property.

Your Committees received testimony in support of this measure from the Kapiolani Park Preservation Society, Kapiolani Park Advisory Council, and Oahu Park Conservancy.

Your Committees find that Kapiolani Park is a popular venue for various public functions, including amateur sporting events, cultural fairs, and family gatherings that are all well attended by Hawaii residents and visitors. There is a significant public interest in maintaining the existing nature and character of Kapiolani Park through the preservation of its open space for the public's benefit in perpetuity and of the Park's historic value.

The recent proposal from the City and County of Honolulu to use land next to the Waikiki Aquarium to develop a new ocean safety substation has raised concerns of whether the proposal is a permissible use of park property under the trust instrument. A decision on the proposal as a permissible use will likely be based on whether the use of park property for an ocean safety substation demonstrates a sufficient nexus with the use and care of the park. This decision has the potential of establishing a precedent regarding how the park space may be used in the future.

Your Committees further find that defining commercial and other inconsistent uses and burdens and outlining limitations on such uses within the park should be addressed to better enable the general public, as sole beneficiary, and the members of the Honolulu City Council, as trustees, to differentiate between acceptable and non-acceptable public and private uses of Kapiolani Park and maintain transparency and accountability among the trustees and beneficiaries.

Your Committees request that the trustees of the Kapiolani Park Trust seek guidance from the courts prior to making any decisions involving usage of the Kapiolani Park land in order to ensure that any use or lease is congruent with the intended purpose of the Kapiolani Park Trust.

As affirmed by the records of votes of the members of your Committees on Water and Land and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 68 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1185 (Joint) Water and Land and Judiciary and Labor on S.R. No. 125**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources, in consultation with the Department of the Attorney General, to explore feasible options relating to liability for injury or damage sustained while mountain climbing, rock climbing, rappelling, and bouldering on public land.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources. Your Committees received comments on this measure from the Hawaii Association for Justice.

Your Committees find that there is an increasing trend in public recreation throughout the United States and Hawaii to pursue the activities of bouldering, rock climbing, mountain climbing, rappelling, and related activities that require special skills and equipment and specific geologic features with unique qualities. These climbing areas are often in remote areas, sometimes only accessible through private property. It would not be possible, feasible, or desirable for the State to erect fences, post signs, or limit access to all of the potential remote and unmanaged areas that members of the public may use to engage in climbing activities.

Your Committees further find that because of the dangers inherent in climbing activities, injuries and accidents are inevitable, and the State will continually be open to lawsuits. The preferred action is not to close off sites, prohibit access, or impose fines when the public access a prohibited area; however, there may not be much choice if the State can be sued for every injury that occurs as a result of these climbing activities.

Your Committees have amended this measure by inserting language to urge the Department of Land and Natural Resources, in consultation with the Department of the Attorney General, to examine the possibility of requiring those engaging in mountain climbing, rock climbing, rappelling, and bouldering to obtain insurance through a rock climbing organization to protect the State from liability.

As affirmed by the records of votes of the members of your Committees on Water and Land and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 125, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 125, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ruderman).

Judiciary and Labor

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1186 (Joint) Water and Land and Judiciary and Labor on S.C.R. No. 168**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources, in consultation with the Department of the Attorney General, to explore feasible options relating to liability for injury or damage sustained while mountain climbing, rock climbing, rappelling, and bouldering on public land.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources. Your Committees received comments on this measure from the Hawaii Association for Justice.

Your Committees find that there is an increasing trend in public recreation throughout the United States and Hawaii to pursue the activities of bouldering, rock climbing, mountain climbing, rappelling, and related activities that require special skills and equipment and specific geologic features with unique qualities. These climbing areas are often in remote areas, sometimes only accessible through private property. **SCRep. 1187 Water and Land on S.R. No. 70**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources and the National Oceanic and Atmospheric Administration to recognize the increasing threat that ocean vessels present to humpback whales within the Hawaiian Islands Humpback Whale National Marine Sanctuary through stronger safety, penalty, monitoring, and reporting requirements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaiian Islands Humpback Whale National Marine Sanctuary, The Humane Society of the United States, Ocean Tourism Coalition, Conservation Council for Hawaii, Outrigger Hotels, and three individuals. Your Committee received testimony in opposition to this measure from the Maui Dive Shop, Maui Trailer Boat Club, and one individual. Your Committee received comments on this measure from one individual.

The Kumulipo, the native Hawaiian chant of creation, states: “Hanau ka palaoa noho I kai” — born is the whale living in the ocean. The humpback whale, koholā, holds a sacred place within native Hawaiian history as illustrated by its inclusion in the Kumulipo. The humpback whale is also prevalent in ancient Hawaiian petroglyphs and legends that further illustrate the humpback whale’s cultural and historical importance to Hawaiians. Over sixty percent of the North Pacific humpback whales that begin their migration in the Gulf of Alaska find their way to Hawaii’s waters. The humpback whale is nationally protected by the Federal Endangered Species Act and Marine Mammal Protection Act.

In 1992, recognizing the importance of the Hawaiian Islands to the preservation of humpback whales, the United States Congress created the Hawaiian Islands Humpback Whale National Marine Sanctuary to be overseen by the National Oceanic and Atmospheric Administration (NOAA).

In 1998, the State of Hawaii entered into a Compact Agreement with NOAA for the coordinated management of the Hawaiian Islands Humpback Whale National Marine Sanctuary in order to combine resources and share expertise on the protection of the humpback whale.

In spite of the apparent efforts of the Department of Land and Natural Resources and NOAA, there still has been no formalized permanent plan of protection against vessel strikes.

Your Committee has amended this measure by:

- (1) Deleting the language requesting the Department of Land and Natural Resources and NOAA to recognize the increasing threat that ocean vessels present to humpback whales within the Hawaiian Islands Humpback Whale National Marine Sanctuary and to work toward stronger safety, penalty, monitoring, and reporting requirements;
- (2) Inserting language urging the Department of Land and Natural Resources and NOAA to collaborate to form a permanent plan to protect humpback whales from vessel strikes within the Hawaiian Islands Humpback Whale National Marine Sanctuary;
- (3) Inserting language requesting the Department of Land and Natural Resources, with the assistance of NOAA, to report to the Legislature, no later than twenty days prior to the convening of the Regular Session of 2014, a plan for the Hawaiian Islands Humpback Whale National Marine Sanctuary to address the threat from whale-vessel contacts;
- (4) Inserting language requesting the Department of Land and Natural Resources to report annually, beginning June 1, 2014, to the Legislature on confirmed whale-vessel contacts within the Hawaiian Islands Humpback Whale National Marine Sanctuary in the immediately preceding twelve months;
- (5) Clarifying the language of the whereas clauses to accurately reflect the past and ongoing activities to protect humpback whales, on the recommendation of the Department of Land and Natural Resources; and
- (6) Amending the title of the measure accordingly.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 70, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 70, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1188 Water and Land on S.C.R. No. 104**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources and the National Oceanic and Atmospheric Administration to recognize the increasing threat that ocean vessels present to humpback whales within the Hawaiian Islands Humpback Whale National Marine Sanctuary through stronger safety, penalty, monitoring, and reporting requirements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaiian Islands Humpback Whale National Marine Sanctuary, The Humane Society of the United States, Ocean Tourism Coalition, Conservation Council for Hawaii, Outrigger Hotels, and three individuals. Your Committee received testimony in opposition to this measure from the Maui Dive Shop, Maui Trailer Boat Club, and one individual. Your Committee received comments on this measure from one individual.

The Kumulipo, the native Hawaiian chant of creation, states: "Hanau ka palaoa noho i kai" — born is the whale living in the ocean. The humpback whale, koholā, holds a sacred place within native Hawaiian history as illustrated by its inclusion in the Kumulipo. - (6) Amending the title of the measure accordingly.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 104, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 104, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1189 Water and Land on S.C.R. No. 158**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Manele Bay, Lanai, for renovation of Manele Small Boat Harbor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and twenty individuals.

The subject property is identified as tax map key (2) 4-9-17:06. Coon Brothers Inc., is a Hawaii corporation that owns and operates tour boats between the islands of Maui and Lanai through three subsidiaries collectively known as Trilogy Corporation. Trilogy Corporation began conducting commercial operations from Manele Small Boat Harbor in 1973 in an area that was to become berth 24. In 1993, the Board of Land and Natural Resources and Trilogy Corporation entered into a renewable, thirty-five year lease of 18,000 square feet of undeveloped land adjacent to berth 24.

Your Committee has amended this measure by:

- (1) Inserting the tax map key number; and
- (2) Clarifying that the lease term shall run thirty-five years, rather than an extension for an additional twenty years to Boating Lease No. B-93-02, and specifying that it is to be delegated by the Chairperson of the Board of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 158, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 158, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1190 Water and Land on S.C.R. No. 126**

The purpose and intent of this measure is to authorize the issuance of a non-exclusive easement covering a portion of state submerged lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject land is identified as a portion of state submerged lands fronting the property identified as tax map key (1) 4-7-014: seaward of 010, Kaalaea, Koolaupoko, Oahu. The easement is for the use, maintenance, and repair of the existing seawall and encroachments. The applicants requested a term easement to resolve the encroachments containing filled land, seawall, and a small tile wall located makai of the boundary. On November 10, 2011, the Board of Land and Natural Resources authorized the issuance of a term, non-exclusive easement for seawall and filled land purposes to the owners of the abutting private property.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 126 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1191 Water and Land on S.C.R. No. 69**

The purpose and intent of this measure is to authorize the issuance of a fifty-five year term, non-exclusive easement covering a portion of state submerged lands at Puamana, Lahaina, Maui, for various seawall structures, a concrete groin, and revetment footings of a historic swimming pool.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property covers a portion of state submerged lands fronting the property identified as tax map key (2) 4-6-028:001 at Puamana, Lahaina, Maui. The easement is to be used for maintenance, repair, replacement, and removal of the existing seawall structures, the concrete groin, and the revetment footings of the historic swimming pool over, under, and across state-owned land.

The Puamana Community Association owns the property located at 34 Puailima Place, Lahaina, Hawaii. The seawall structures, built in the 1930s, follow along the shoreline and provide stability and necessary coastal protection for the property. The concrete groin and revetment footings represent part of a historic swimming pool that was built in the 1930s as part of a former plantation manager's residence. Portions of the seawall structures, the concrete groin, and revetment footings of the historic swimming pool encumber a total of 1,895 square feet of state submerged land. The Office of Conservation and Coastal Lands of the Department of Land and Natural Resources has determined that the structures are existing and non-conforming, in that they were constructed prior to October 1964 and prior to the subject land being designated as a conservation district.

On October 26, 2012, under agenda item D-6, the Board of Land and Natural Resources granted approval for a fifty-five year term, non-exclusive easement to the Puamana Community Association for five shoreline encroachments (identified as Easements "E-1" through "E-5" in the February 2012 Application for Request for State Lands) for the seawall structures, the concrete groin, and the revetment footings of the historic swimming pool.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 69 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1192 (Joint) Water and Land and Public Safety, Intergovernmental and Military Affairs on S.R. No. 129**

The purpose and intent of this measure is to encourage the Department of Land and Natural Resources to lease public land to the County of Hawaii and Waimea Trails and Greenways project to allow the land to be used as a trailhead and county park.

Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Waimea Trails and Greenways project and the County of Hawaii seek to acquire 17.6 acres of public land, identified as Tax Map Key 6-6-001:010 in Lalamilo to be used as a trailhead and county park. Waimea Trails and Greenways project and the County of Hawaii are extremely interested in the subject land, as it would allow the first phase of the Waimea Trails and Greenways project to connect to Kawaihae Road at two places. The subject land is currently under lease to a private party who has indicated that it would be willing to exchange the subject land for another parcel.

The trail effort was begun in 1994 as a community based Waimea Main Street Project and continues to meet every Monday to advocate for the trail. In 1995, the County of Hawaii accepted it as a project under the Department of Parks and Recreation. The Waimea Trails and Greenways project would provide an alternative mode of transportation through the town of Waimea, a safe place of recreation and exercise, and easy access and enjoyment of public lands and resources. Through community workdays and organizing volunteers from local schools and other groups, the Waimea Trails and Greenways Committee has cleared the corridor, removed fallen trees from the trail way and stream, made wood chips, and maintained the trail.

Your Committees have amended this measure by:

- (1) Deleting the language urging the Department of Land and Natural Resources to lease the land to the County of Hawaii and Waimea Trails and Greenways;
- (2) Inserting language to urge the County of Hawaii to continue negotiations with the private lessee of state land to mutually cancel the lease or, alternatively, to obtain a public easement in favor of the County to allow the County to proceed with its plans for the Waimea Trails and Greenways trailhead and county park;
- (3) Amending the title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 129, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 129, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1193 (Joint) Water and Land and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 172**

The purpose and intent of this measure is to encourage the Department of Land and Natural Resources to lease public land to the County of Hawaii and Waimea Trails and Greenways project to allow the land to be used as a trailhead and county park.

Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Waimea Trails and Greenways project and the County of Hawaii seek to acquire 17.6 acres of public land, identified as Tax Map Key 6-6-001:010 in Lalamilo to be used as a trailhead and county park. Waimea Trails and Greenways project and the County of Hawaii are extremely interested in the subject land, as it would allow the first phase of the Waimea Trails and Greenways project to connect to Kawaihae Road at two places. The subject land is currently under lease to a private party who has indicated that it would be willing to exchange the subject land for another parcel.

The trail effort was begun in 1994 as a community based Waimea Main Street Project and continues to meet every Monday to advocate for the trail. In 1995, the County of Hawaii accepted it as a project under the Department of Parks and Recreation. The Waimea Trails and Greenways project would provide an alternative mode of transportation through the town of Waimea, a safe place of recreation and exercise, and easy access and enjoyment of public lands and resources. Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1194 Higher Education on S.C.R. No. 78**

The purpose and intent of this measure is to request the Legislative Auditor to address the issues and concerns raised by the Senate Special Committee on Accountability relating to oversight and transparency of University of Hawaii's fiscal and operational administration.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the Senate Special Committee on Accountability raised a number of issues and concerns relating to, among other things, the oversight and transparency of the University of Hawaii's fiscal and operational administration, including the role of the Board of Regents, as well as the guidelines and procurement exemptions used by the University for outside legal, consulting, and public relations services.

While your Committee acknowledges that the University of Hawaii System is attempting to address these concerns through its own task group, your Committee believes that these issues are of statewide concern and that an audit of the University of Hawaii System by the Legislative Auditor is necessary. Your Committee notes that the audit is just one of eighteen recommendations made by the Senate Special Committee on Accountability.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 78, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 78, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

**SCRep. 1195 Higher Education on S.R. No. 45**

The purpose and intent of this measure is to request the Legislative Auditor to address the issues and concerns raised by the Senate Special Committee on Accountability relating to oversight and transparency of University of Hawaii's fiscal and operational administration.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the Senate Special Committee on Accountability raised a number of issues and concerns relating to, among other things, the oversight and transparency of the University of Hawaii's fiscal and operational administration, including the role of the Board of Regents, as well as the guidelines and procurement exemptions used by the University for outside legal, consulting, and public relations services.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 45, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 45, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

**SCRep. 1196 (Joint) Higher Education and Judiciary and Labor on S.C.R. No. 110**

The purpose and intent of this measure is to request the Board of Regents and the President of the University of Hawaii to give preference to local candidates when hiring for executive personnel positions at the University of Hawaii.

Your Committees received comments on this measure from the University of Hawai'i System.

Your Committees find that the University of Hawaii has a history of hiring candidates who reside from out of state to fill executive positions. Over the last twelve years, the University has paid over \$2,500,000 in contract buyouts for various executive personnel, many of whom were out-of-state hires.

Your Committees further find that there may be qualified and talented individuals who reside within our State or have strong ties to the State and could fill these executive positions but may have been overlooked because of the University's penchant for hiring individuals from out of state.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 110, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 110, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1198 Higher Education on S.C.R. No. 132**

The purpose and intent of this measure is to request the University of Hawaii at Hilo to establish a formal association with and provide sufficient funding for the RISE 21st Century After School Program.

Your Committee received testimony in support of this measure from the RISE 21st Century After School Program and three individuals.

Your Committee finds that the RISE 21st Century After School Program's mission is to serve underprivileged Native Hawaiian youth in the Hilo district. The RISE 21st Century After School Program helps to build self-confidence in these students by engaging them in culture-based learning programs.

A formal association between the RISE 21st Century After School Program and the University of Hawaii at Hilo will serve as a permanent bridge between the University and the Native Hawaiian community in Hilo. This association will provide a pathway for student participants in the RISE 21st Century After School Program to be successful in college and in life.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

**SCRep. 1199 Higher Education on S.R. No. 94**

The purpose and intent of this measure is to request the University of Hawaii at Hilo to establish a formal association with and provide sufficient funding for the RISE 21st Century After School Program.

Your Committee received testimony in support of this measure from the RISE 21st Century After School Program and three individuals.

Your Committee finds that the RISE 21st Century After School Program's mission is to serve underprivileged Native Hawaiian youth in the Hilo district. The RISE 21st Century After School Program helps to build self-confidence in these students by engaging them in culture-based learning programs.

**SCRep. 1200 (Joint) Higher Education and Commerce and Consumer Protection on S.C.R. No. 119**

The purpose and intent of this measure is to request the Auditor to conduct a study of the regulation of unaccredited degree granting institutions in the State.

Your Committees received testimony in support of this measure from the Office of Consumer Protection.

Your Committees find that Hawaii is one of a small number of states that does not license, approve, or prohibit unaccredited degree granting institutions. Such institutions are only subject to chapter 446E, Hawaii Revised Statutes, which requires institutions to disclose that they are not accredited by any nationally recognized accrediting agency listed by the United States Secretary of Education.

The Internet has caused an influx of unaccredited degree granting institutions attempting to do business in the State and has resulted in an increase in the number of complaints received by the Office of Consumer Affairs.

In order to better protect Hawaii consumers and to curb Hawaii's reputation as a state that allows for "diploma mills", your Committees believe that a sunrise analysis is necessary to evaluate the current and alternative forms of regulating unaccredited degree granting institutions.

Your Committees have amended this measure by:

- (1) Amending the title for clarity;
- (2) Requesting that the Auditor's report to the Legislature include any proposed legislation; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 119, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 119, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1202 Higher Education on S.C.R. No. 199**

The purpose and intent of this measure is to urge the Board of Regents of the University of Hawaii to establish a three-year moratorium on any increases of resident tuition.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii System is one of five public institutions in the United States with the fastest rates of increase in tuition and fees in the past five years.

Your Committee further finds that the Board of Regents recently revised its Executive Policy E6.201, which establishes tuition schedules for the academic years of 2012-2013 through 2016-2017, with year-to-year tuition increases of approximately 3.1 percent in 2012-2013, 5.5 percent in 2013-2014, and 7.5 percent in each of the academic years 2014-2015, 2015-2016, and 2016-2017.

Your Committee notes that the University of Hawaii System testified that it has adjusted the tuition schedule due, in part, to the need to address its backlog of deferred maintenance projects. It is unclear if the tuition will be further adjusted based upon the University's receipt of an appropriation during this legislative session for its deferred maintenance projects.

Your Committee has amended this measure by:

- (1) Updating the tuition information to accurately reflect the latest tuition schedules as approved by the Board of Regents;
- (2) Requesting the Board of Regents to report its findings and recommendations to the Legislature promptly upon the completion of its 2014 mid-schedule review of the tuition increases; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 199, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 199, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

**SCRep. 1203 Higher Education on S.R. No. 151**

The purpose and intent of this measure is to urge the Board of Regents of the University of Hawaii to establish a three-year moratorium on any increases of resident tuition.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii System is one of five public institutions in the United States with the fastest rates of increase in tuition and fees in the past five years.

Your Committee further finds that the Board of Regents recently revised its Executive Policy E6.201, which establishes tuition schedules for the academic years of 2012-2013 through 2016-2017, with year-to-year tuition increases of approximately 3.1 percent in 2012-2013, 5.5 percent in 2013-2014, and 7.5 percent in each of the academic years 2014-2015, 2015-2016, and 2016-2017.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

**SCRep. 1204 (Joint) Higher Education and Agriculture on S.C.R. No. 198**

The purpose and intent of this measure is to request the University of Hawaii at Hilo to conduct an outreach program, perform a needs assessment, and establish a higher education learning center in the district of Puna on the island of Hawaii.

Your Committees received testimony in support of this measure from the University of Hawai'i System, University of Hawai'i at Hilo, Malama O Puna, and six individuals.

Your Committees find that the district of Puna on the island of Hawaii is a prime location for establishing a higher education learning center that can identify educational and training needs in the district, design a business incubator approach to support job growth in the area, and focus on outreach to increase agriculture production and processed products for local markets utilizing emerging engineering programs. If successful, the higher education learning center in Puna can serve as a model for other rural areas in the State.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 198 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

Ayes, 5. Noes, none. Excused, 2 (English, Thielen).

**SCRep. 1206 (Joint) Technology and the Arts and Water and Land on S.R. No. 119**

The purpose and intent of this measure is to urge Continental Pacific, LLC (Continental Pacific), to place an immediate stay of eviction to allow residents of Kahuku Village to remain in their homes until an archaeological inventory survey can be completed for the entire project.

Your Committees received testimony in support of this measure from the Kahuku Plantation Residents Association and two individuals.

Your Committees find that the State Historic Preservation Division of the Department of Land and Natural Resources has indicated that no new permits will be granted to Continental Pacific until the developer has conducted an archaeological inventory survey for the Kahuku Village project. Your Committees further find that in the absence of a response from the Department of Land and Natural Resources, your Committees will rely on the testimony from the Kahuku Plantation Residents Association, which states that the State Historic Preservation Division has refused to enforce its own order for an archaeological inventory survey to be performed. This measure is important to ensure the protection of burial sites, since iwi were found during excavation.

Your Committees have amended this measure by changing the title to read, "URGING CONTINENTAL PACIFIC, LLC, AND THE STATE HISTORIC PRESERVATION DIVISION TO, AMONG OTHER THINGS, PLACE AN IMMEDIATE STAY OF EVICTION TO ALLOW RESIDENTS OF KAHUKU VILLAGE TO REMAIN IN THEIR HOMES UNTIL AN ARCHAEOLOGICAL INVENTORY SURVEY CAN BE COMPLETED FOR THE ENTIRE PROJECT AND ENSURE THAT THE KAHUKU VILLAGE PROJECT ADHERES TO ALL REQUIREMENTS, INCLUDING REQUIREMENTS FOR THE TREATMENT OF BURIAL REMAINS AND FOR CONDOMINIUM PROPERTY REGIMES".

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 119, as amended herein, and recommend that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.R. No. 119, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1207 (Joint) Technology and the Arts and Water and Land on S.C.R. No. 162**

The purpose and intent of this measure is to urge Continental Pacific, LLC (Continental Pacific), to place an immediate stay of eviction to allow residents of Kahuku Village to remain in their homes until an archaeological inventory survey can be completed for the entire project.

Your Committees received testimony in support of this measure from the Kahuku Plantation Residents Association and two individuals.

Your Committees find that the State Historic Preservation Division of the Department of Land and Natural Resources has indicated that no new permits will be granted to Continental Pacific until the developer has conducted an archaeological inventory survey for the Kahuku Village project. Your Committees further find that in the absence of a response from the Department of Land and Natural Resources, your Committees will rely on the testimony from the Kahuku Plantation Residents Association, which states that the State Historic Preservation Division has refused to enforce its own order for an archaeological inventory survey to be performed. This measure is important to ensure the protection of burial sites, since iwi were found during excavation.

Your Committees have amended this measure by changing the title to read, "URGING CONTINENTAL PACIFIC, LLC, AND THE STATE HISTORIC PRESERVATION DIVISION TO, AMONG OTHER THINGS, PLACE AN IMMEDIATE STAY OF EVICTION TO ALLOW RESIDENTS OF KAHUKU VILLAGE TO REMAIN IN THEIR HOMES UNTIL AN ARCHAEOLOGICAL INVENTORY SURVEY CAN BE COMPLETED FOR THE ENTIRE PROJECT AND ENSURE THAT THE KAHUKU VILLAGE PROJECT ADHERES TO ALL REQUIREMENTS, INCLUDING REQUIREMENTS FOR THE TREATMENT OF BURIAL REMAINS AND FOR CONDOMINIUM PROPERTY REGIMES".

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 162, as amended herein, and recommend that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as S.C.R. No. 162, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1208 (Joint) Tourism and Hawaiian Affairs and Technology and the Arts on S.R. No. 10**

The purpose and intent of this measure is to urge the Department of Accounting and General Services and Hawaii Tourism Authority to choose a location for, build, and operate an informational kiosk for the public in the historic district of Honolulu.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Hawaii State Foundation on Culture and the Arts, Historic Hawaii Foundation, and one individual. Your Committees received testimony in opposition to this measure from the Hawaii Tourism Authority.

Your Committees find that the historical sites in downtown Honolulu offer significant cultural and educational experiences for visitors. These sites are underappreciated, however, due to transportation difficulties in downtown Honolulu and limited marketing. An informational kiosk would provide visitors with information and guidance on the numerous sites within the historic district of Honolulu to ensure that visitors have an enriching and positive experience. Your Committees note concerns, however, regarding the feasibility of the Department of Accounting and General Services and Hawaii Tourism Authority to operate an informational kiosk.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the language urging the Department of Accounting and General Services and Hawaii Tourism Authority to choose a location for, build, and operate an informational kiosk in the Historic District of Honolulu;
- (2) Urging the Department of Accounting and General Services alone to convene a working group to choose a location for, build, and operate an informational kiosk within the Historic District of Honolulu;
- (3) Replacing references to "historic district of Honolulu" and "heart of Honolulu's historic district" with "Hawaii Capital Historic District";
- (4) Amending the title accordingly;
- (5) Requesting that the working group include representatives from the Hawaii Tourism Authority, the City and County of Honolulu, and other interested private parties;
- (6) Requesting that the Department of Accounting and General Services submit a report to the Legislature within six months of the adoption of this measure that contains the working group's plan for building, operating, and funding an informational kiosk in the Hawaii Capital Historic District; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 10, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 10, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1210 (Joint) Public Safety, Intergovernmental and Military Affairs and Human Services on S.C.R. No. 194**

The purpose and intent of this measure is to encourage the Department of Parks and Recreation of the City and County of Honolulu to seriously consider the establishment of an accessible public playground that allows visually impaired children to freely enjoy their environment and interact with their families and friends in a safe, welcoming, and developmentally enriching environment.

Your Committees received testimony in support of this measure from the Hawaii Association of the Blind and three individuals.

Your Committees find that Hawaii does not provide a playground that specifically caters to or facilitates safety and enjoyment for the blind community, even though 1.2 percent of Hawaii's population is currently eligible for Blind and Disabled Supplemental Security Income. This measure promotes inclusive playgrounds that provide opportunities for interaction between visually impaired children and sighted children, which is important for the development of social and leadership skills.

Your Committees have amended this measure by:

- (1) Encouraging the State of Hawaii, in addition to the City and County of Honolulu, to seriously consider the establishment of an accessible public playground for visually impaired children;
- (2) Amending the title accordingly to reflect that this measure is encouraging the State and the City and County of Honolulu to take action; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 194, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 194, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1212 (Joint) Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing on S.C.R. No. 195**

The purpose and intent of this measure is to:

- (1) Recognize commercial space transportation as a strategic and timely growth industry for Hawaii;
- (2) Request the State administration to take proactive, coordinated, and sustained action to fully realize the significant scientific, educational, and commercial benefits space launch operations and related aerospace enterprise can bring to the State; and
- (3) Request the State to work collaboratively and proactively with federal and municipal agencies and organizations, as well as local and overseas universities and companies, to explore and promote opportunities to initiate, expand, and diversify commercial space launch capabilities and operations in Hawaii.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Aerospace Advisory Committee; Pacific International Space Center for Exploration Systems; International Ventures Associates; and four individuals.

Your Committees find that Hawaii's strategic location and assets make the State an ideal site to support commercial space launches to equatorial and polar orbits. Your Committees further find that Hawaii has already taken important steps toward becoming a key leader in space and planetary research, as well as an incubator for innovation within the international space community. This measure supports the expansion of local transportation and communications infrastructure and the provision of new technology-based training and employment opportunities to help diversify Hawaii's economic base.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 195 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1214 (Joint) Human Services and Tourism and Hawaiian Affairs and Water and Land on S.C.R. No. 137**

The purpose and intent of this measure is to request the Coordinator on Homelessness to assemble a working group to:

- (1) Identify innovative housing solutions for homeless Native Hawaiian families;
- (2) Investigate suitable and available federal, state, county, and private land for innovative housing projects; and
- (3) Prepare a plan to develop a demonstration housing project for homeless Native Hawaiian families that can serve as a model statewide.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii Interagency Council on Homelessness, Blueprint for Change, Hawaii Appleseed Center for Law and Economic Justice, Partners in Development Foundation, and two individuals. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that homelessness is a complex and multi-faceted issue that requires planning, coordination, implementation, and funding across federal, state, county, business, local, and community lines. Native Hawaiians are disproportionately represented among Hawaii's homeless at twenty-eight percent of the homeless served. Homelessness is often a revolving door for many Native Hawaiian families because of underlying and unresolved socioeconomic problems such as unemployment, poor health, and substance abuse.

Your Committees further find that to break the cycle of homelessness and end the generational neglect of children within homeless Native Hawaiian families, it is necessary to develop innovative housing solutions that provide the families with stable housing and access to support and to strengthen services to resolve underlying problems.

Your Committees also note that the Office of Hawaiian Affairs is currently addressing homelessness among Native Hawaiians by:

- (1) Supporting Hawaiian Community Assets' work in creating a financial foundation for homeless families;
- (2) Creating \$900,000 in grant opportunities for housing;
- (3) Providing long-term stable financial support to the Department of Hawaiian Home Lands; and
- (4) Developing leveraged funding opportunities to increase reentry programs for pa'ahao.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Tourism and Hawaiian Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 137, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 137, S.D. 1.

**SCRep. 1216 Economic Development, Government Operations and Housing on S.R. No. 58**

The purpose and intent of this measure is to improve the efficiency, effectiveness, and fairness of the public procurement process for publicly funded infrastructure projects by:

- (1) Requesting the Comptroller to establish a task force composed of various interested parties to determine the impact of the Hawaii Supreme Court's opinion in *Okada Trucking Co., Ltd. v. Board of Water Supply*, 97 Hawaii 450, 40 P.3d 73 (2002) on bid protests and whether, and to what extent, bid protests filed subsequent to *Okada* have affected publicly funded infrastructure projects;
- (2) Requesting the task force to identify and analyze ways to improve the economy, efficiency, effectiveness, and impartiality of publicly funded infrastructure projects; and
- (3) Requesting the task force to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committee received testimony in support of this measure from the Department of Education; Department of Transportation; Office of Hawaiian Affairs; General Contractors Association of Hawaii; Hawaii Laborers Employers Cooperation and Education Trust; Hawaii Procurement Institute; Ralph S. Inouye Co., Ltd; S & M Sakamoto, Inc.; and Tomco Corp. Your Committee received testimony in opposition to this measure from the Electrical Contractor's Association of Hawaii; Hawaii Iron Worker's Stabilization Fund; and Plumbing & Mechanical Contractors Association of Hawaii. Your Committee received comments on this measure from the Department of Accounting and General Services and Subcontractors Association of Hawaii.

Your Committee finds that the State Procurement Code must be reviewed to address concerns that have arisen with respect to its implementation and to make any necessary improvements. This measure will reach out to the interested parties in an effort to find the right regulatory balance and maintain an efficient, effective, and impartial procurement process.

Your Committee has amended this measure by:

- (1) Amending legislative findings, including but not limited to findings related to the State Procurement Office's mission and the public procurement code;
- (2) Deleting references to *Okada* and the listing of subcontractors, and inserting references to bid preferences;
- (3) Amending the membership of the task force to be established by the Comptroller;
- (4) Deleting language requesting the task force to determine the impact of the *Okada* decision on bid protests and the impacts that the bid protests have had for public works construction projects since 2002;
- (5) Inserting language requesting the task force to study the impacts that the procurement process has had for public works construction projects as well as the existing bid preferences in relation to promoting economy, efficiency, effectiveness, and impartiality in procurement for state and county governments;
- (6) Deleting authorization for reimbursement of expenses of task force members; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 58, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 58, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (English, Wakai).

**SCRep. 1217 Economic Development, Government Operations and Housing on S.C.R. No. 92**

The purpose and intent of this measure is to improve the efficiency, effectiveness, and fairness of the public procurement process for publicly funded infrastructure projects by:

- (1) Requesting the Comptroller to establish a task force composed of various interested parties to determine the impact of the Hawaii Supreme Court's opinion in *Okada Trucking Co., Ltd. v. **SCRep. 1218 (Joint) Economic Development, Government Operations and Housing and Water and Land and Public Safety, Intergovernmental and Military Affairs on S.R. No. 117**

The purpose and intent of this measure is to facilitate the completion of state and City and County of Honolulu development projects by urging the Office of Planning to form a working group to determine if parcels owned by the State that are needed by the City and County of Honolulu to complete rail transit related projects can be exchanged for parcels owned by the City and County of Honolulu that are needed by the State to complete certain projects, including Twenty-First Century School Initiative projects.

Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources, Office of Planning, and Department of Planning and Permitting of the City and County of Honolulu.

Your Committees find that land exchanges between the State and the City and County of Honolulu could be mutually beneficial to both and could ultimately benefit the residents of the State by allowing the expeditious completion of projects desired by the public. This measure is an important step in exploring the feasibility of mutual land exchanges between the State and City and County of Honolulu and will help facilitate further dialogue between the two entities on this issue.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Water and Land, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 117, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 117, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1220 (Joint) Human Services and Commerce and Consumer Protection on S.C.R. No. 125**

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the American Association for Marriage and Family Therapy: Hawaii Division, to develop draft legislation establishing, implementing, and monitoring continuing education requirements for all licensed marriage and family therapists in Hawaii.

Your Committees received testimony in support of this measure from the American Association for Marriage and Family Therapy: Hawaii Division and five individuals. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committees find that the profession of marriage and family therapy provides critically needed services in prevention, intervention, and treatment to a broad spectrum of clients. Continuing education is essential to help marriage and family therapists maintain their professional competency and keep abreast of the latest developments in their profession. Furthermore, Hawaii is one of only three states that do not require continuing education credits as part of their licensing law for marriage and family therapists. The joint effort of the Department of Commerce and Consumer Affairs and American Association for Marriage and Family Therapy: Hawaii Division is critical in increasing and maintaining the professional competence of licensed marriage and family therapists in Hawaii through a continuing education program.

Your Committees have amended this measure by inserting language referencing the Department of Commerce and Consumer Affairs' continuing professional education guidelines checklist as the framework for further discussion.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 125, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 125, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

Commerce and Consumer Protection

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Solomon, Slom).

**SCRep. 1221 (Joint) Human Services and Commerce and Consumer Protection on S.R. No. 88**

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the American Association for Marriage and Family Therapy: Hawaii Division, to develop draft legislation establishing, implementing, and monitoring continuing education requirements for all licensed marriage and family therapists in Hawaii.

Your Committees received testimony in support of this measure from the American Association for Marriage and Family Therapy: Hawaii Division and five individuals. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committees find that the profession of marriage and family therapy provides critically needed services in prevention, intervention, and treatment to a broad spectrum of clients. Continuing education is essential to help marriage and family therapists maintain their professional competency and keep abreast of the latest developments in their profession. Furthermore, Hawaii is one of only three states that do not require continuing education credits as part of their licensing law for marriage and family therapists. The joint effort of the Department of Commerce and Consumer Affairs and American Association for Marriage and Family Therapy: Hawaii Division is critical in increasing and maintaining the professional competence of licensed marriage and family therapists in Hawaii through a continuing education program.

Your Committees have amended this measure by inserting language referencing the Department of Commerce and Consumer Affairs' continuing professional education guidelines checklist as the framework for further discussion.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 88, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 88, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

Commerce and Consumer Protection

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Solomon, Slom).

**SCRep. 1222 Judiciary and Labor on S.R. No. 66**

The purpose and intent of this measure is to urge the Governor, in making nominations and appointments to boards and commissions, to strive to achieve and maintain gender equity in the composition of state boards and commissions.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; Community Alliance on Prisons; Windward Ahupua'a Alliance; and two individuals. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that there is a lack of gender equity on boards and commissions across the State. Gender equity can vastly benefit boards and commissions by providing a more balanced perspective and minimizing biases that may occur with memberships that lack gender equity.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1223      Judiciary and Labor on S.C.R. No. 100**

The purpose and intent of this measure is to urge the Governor, in making nominations and appointments to boards and commissions, to strive to achieve and maintain gender equity in the composition of state boards and commissions.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; Community Alliance on Prisons; Windward Ahupua'a Alliance; and two individuals. Testimony in opposition to this measure was submitted by one individual.

Your Committee finds that there is a lack of gender equity on boards and commissions across the State. Gender equity can vastly benefit boards and commissions by providing a more balanced perspective and minimizing biases that may occur with memberships that lack gender equity.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1224      (Joint) Energy and Environment and Public Safety, Intergovernmental and Military Affairs on S.R. No. 5**

The purpose and intent of this measure is to encourage the United States Congress to enact federal legislation to modernize the Toxic Substances Control Act of 1976 and to strengthen chemicals management through policy reforms.

Your Committees received testimony in support of this measure from one individual. Your Committees received testimony in opposition to this measure from the American Chemistry Council.

Your Committees find that early-life exposure to toxic chemicals has been linked to chronic disease later in life. A growing body of peer-reviewed scientific evidence links exposure to toxic chemicals to many diseases and health conditions that are rising in incidence, including childhood cancers, prostate cancer, breast cancer, learning and developmental disabilities, infertility, and obesity. Your Committees further find that the federal Toxic Substances Control Act of 1976 was intended to authorize the United States Environmental Protection Agency to protect public health and the environment from toxic chemicals but has been rendered ineffective and obsolete due to legal and procedural hurdles that prevent the Environmental Protection Agency from taking quick and effective regulatory action to protect the public against well-known chemical threats.

Your Committees also find that the National Conference of State Legislatures unanimously adopted a resolution in July 2009 that articulated principles for reform of the Toxic Substances Control Act of 1976 and called on Congress to act to update the law. Your Committees also note that in August 2010 the Environmental Council of States, the national association of state environmental agency directors, unanimously adopted a resolution entitled "Reforming the Toxic Substances Control Act," which endorsed specific policy reforms. The Toxic Substances Control Act of 1976 is the only major federal environmental statute that has never been updated or reauthorized. As a result, your Committees encourage the United States Congress to enact federal legislation to modernize the Toxic Substances Control Act of 1976 and to strengthen chemicals management through policy reforms.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 5 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.  
Energy and Environment  
Ayes, 5. Noes, none. Excused, none.  
Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1225      (Joint) Energy and Environment and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 6**

The purpose and intent of this measure is to encourage the United States Congress to enact federal legislation to modernize the Toxic Substances Control Act of 1976 and to strengthen chemicals management through policy reforms.

Your Committees received testimony in support of this measure from one individual. Your Committees received testimony in opposition to this measure from the American Chemistry Council.

Your Committees find that early-life exposure to toxic chemicals has been linked to chronic disease later in life. A growing body of peer-reviewed scientific evidence links exposure to toxic chemicals to many diseases and health conditions that are rising in incidence, including childhood cancers, prostate cancer, breast cancer, learning and developmental disabilities, infertility, and obesity. Your Committees further find that the federal Toxic Substances Control Act of 1976 was intended to authorize the United States Environmental Protection Agency to protect public health and the environment from toxic chemicals but has been rendered ineffective and obsolete due to legal and procedural hurdles that prevent the Environmental Protection Agency from taking quick and effective regulatory action to protect the public against well-known chemical threats.

Your Committees also find that the National Conference of State Legislatures unanimously adopted a resolution in July 2009 that articulated principles for reform of the Toxic Substances Control Act of 1976 and called on Congress to act to update the law. Your Committees also note that in August 2010 the Environmental Council of States, the national association of state environmental agency directors, unanimously adopted a resolution entitled "Reforming the Toxic Substances Control Act," which endorsed specific policy reforms. Ayes, 5. Noes, none. Excused, none.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1226 Commerce and Consumer Protection on S.C.R. No. 84**

The purpose and intent of this measure is to request the Contractors License Board to prepare a report that evaluates each automatic specialty license issued to "A" General Engineering Contractors and "B" General Building Contractors.

Your Committee received testimony in support of this measure from the Hawaii Building and Construction Trades Council, AFL-CIO; Subcontractors Association of Hawaii; Master Sheet Metal, Inc.; Plumbing and Mechanical Contractors Association of Hawaii; Roofing Contractors Association of Hawaii; Tile Contractors Association of Hawaii; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers, Local 625; Painting and Decorating Contractors Association of Hawaii; Ironworkers Stabilization Fund; Pacific Insulation Contractors Association; Hawaii Flooring Association; Sheet Metal Contractors Association; Roofers Union Local 221; Plumbers and Fitters Union, Local 675; and Electrical Contractors Association of Hawaii. Your Committee received testimony in opposition to this measure from the Hawaii Regional Council of Carpenters. Your Committee received comments on this measure from the Contractors License Board; Building Industry Association of Hawaii; General Contractors Association of Hawaii; Hawai'i Construction Alliance; Laborers' International Union of North America, Local 368; The Pacific Resource Partnership; Royal Contracting Co., Ltd.; Hawaii Laborers-Employers Cooperation and Education Trust; Masons Union, Local 1 and Local 630; Universal Construction, Inc.; and TJR WORKS! LLC.

Your Committee finds that this measure requires the Contractors License Board to prepare a report that evaluates each automatic "C" specialty license issued to "A" General Engineering Contractors and "B" General Building Contractors. However, your Committee further finds that the Contractors License Board has not recently reviewed the criteria, requirements, and procedures for the three licensing classifications under chapter 444, Hawaii Revised Statutes, including "A" General Engineering Contractor licenses, "B" General Building Contractor licenses, and "C" specialty licenses.

Your Committee therefore concludes that it is reasonable for the Contractors License Board to assess and evaluate all licensing classifications under chapter 444, Hawaii Revised Statutes, rather than focusing solely on the automatic "C" specialty licenses issued to "A" General Engineering Contractors and "B" General Building Contractors. Reviewing all licensing classifications and the corresponding criteria, requirements, and procedures for each classification will ensure that all licensees are fairly and impartially assessed. This will also enable the Contractors License Board to thoroughly approach any necessary amendments to relevant laws or administrative rules.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Contractors License Board to conduct an assessment and prepare a report that evaluates each licensing classification under chapter 444, Hawaii Revised Statutes, rather than requiring a report that focuses only on the automatic specialty licenses issued to "A" General Engineering Contractors and "B" General Building Contractors;
- (2) Clarifying the contents of the report to be prepared by the Contractors License Board;
- (3) Requesting the Contractors License Board to look beyond the membership of the Board and actively engage other interested industry stakeholders and union representatives when preparing the assessment and report;
- (4) Requesting the Contractors License Board to transmit a draft report to the Legislative Reference Bureau no later than November 1, 2013;
- (5) Requesting the Legislative Reference Bureau to submit a final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014;
- (6) Amending the organizations receiving a certified copy of this measure;
- (7) Clarifying the findings to reflect the amended purpose of this measure; and
- (8) Amending the title for accuracy.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 84, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 84, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1227 Commerce and Consumer Protection on S.R. No. 50**

The purpose and intent of this measure is to request the Contractors License Board to prepare a report that evaluates each automatic specialty license issued to "A" General Engineering Contractors and "B" General Building Contractors.

Your Committee received testimony in support of this measure from the Hawaii Building and Construction Trades Council, AFL-CIO; Subcontractors Association of Hawaii; Master Sheet Metal, Inc.; Plumbing and Mechanical Contractors Association of Hawaii; Roofing Contractors Association of Hawaii; Tile Contractors Association of Hawaii; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers, Local 625; Painting and Decorating Contractors Association of Hawaii; Ironworkers Stabilization Fund; Pacific Insulation Contractors Association; Hawaii Flooring Association; Sheet Metal Contractors Association; Roofers Union Local 221; Plumbers and Fitters Union, Local 675; and Electrical Contractors Association of Hawaii. Your Committee received testimony in opposition to this measure from the Hawaii Regional Council of Carpenters. Your Committee received comments on this measure from the Contractors License Board; Building Industry Association of Hawaii; General Contractors Association of Hawaii; Hawai'i Construction Alliance; Laborers' International Union of North America, Local 368; The Pacific Resource Partnership; Royal Contracting Co., Ltd.; Hawaii Laborers-Employers Cooperation and Education Trust; Masons Union, Local 1 and Local 630; Universal Construction, Inc.; and TJR WORKS! LLC.

Your Committee finds that this measure requires the Contractors License Board to prepare a report that evaluates each automatic "C" specialty license issued to "A" General Engineering Contractors and "B" General Building Contractors. However, your Committee further finds that the Contractors License Board has not recently reviewed the criteria, requirements, and procedures for the three licensing classifications under chapter 444, Hawaii Revised Statutes, including "A" General Engineering Contractor licenses, "B" General Building Contractor licenses, and "C" specialty licenses.

Your Committee therefore concludes that it is reasonable for the Contractors License Board to assess and evaluate all licensing classifications under chapter 444, Hawaii Revised Statutes, rather than focusing solely on the automatic "C" specialty licenses issued to "A" General Engineering Contractors and "B" General Building Contractors. Reviewing all licensing classifications and the corresponding criteria, requirements, and procedures for each classification will ensure that all licensees are fairly and impartially assessed. - (5) Requesting the Legislative Reference Bureau to submit a final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014;
- (6) Amending the organizations receiving a certified copy of this measure;
- (7) Clarifying the findings to reflect the amended purpose of this measure; and
- (8) Amending the title for accuracy.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 50, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 50, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1228 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.C.R. No. 47**

The purpose and intent of this measure is to request the Council of the City and County of Honolulu to rename a portion of Coral Street to "Lex Brodie Street" in order to recognize a great Hawaii kama'aina, Lex Brodie.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that Lex Brodie was a revered kama'aina businessman whose years of rendering and overseeing high quality automotive services, along with his eleven years of service on the Board of Education, made him a symbol of trust among Hawaii residents. Your Committees further find that as the manager of the Dole Pineapple Company in the late 1950s, Mr. Brodie's stand on principle won him the respect and support of his workers. This measure recognizes Lex Brodie, who passed away on January 11, 2013, and his respected service to our community.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 47, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 47, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1230 (Joint) Health and Technology and the Arts on S.C.R. No. 91**

The purpose and intent of this measure is to designate one day in September 2013 as Hydrocephalus Awareness Day.

Your Committees received testimony in support of this measure from the Pediatric Hydrocephalus Foundation.

Your Committees find that Hydrocephalus occurs when excess fluid builds up in the brain, most often because of an obstruction preventing proper fluid drainage. It is estimated that one out of five hundred babies are born with this incurable condition. Your Committees also find that the State Co-Directors of the Hawaii Chapter for the Pediatric Hydrocephalus Foundation have led the effort in Hawaii to increase public awareness and information regarding Hydrocephalus in Hawaii. Your Committees wish to join representatives from the national, regional, state, and local Pediatric Hydrocephalus Foundations, along with leadership of various professional, community, and medical-based organizations, who are dedicated to increasing public awareness of Hydrocephalus and the need for support to more effectively address the effects of the disease and find cures or ways to prevent the disease.

Your Committees have amended this measure by:

- (1) Designating September 21, 2013, as Hydrocephalus Awareness Day in Hawaii and making conforming amendments; and
- (2) Amending the title accordingly.

As affirmed by the records of votes of the members of your Committees on Health and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 91, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 91, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health  
Ayes, 4. Noes, none. Excused, 1 (Slom).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1231 (Joint) Health and Technology and the Arts on S.R. No. 57**

The purpose and intent of this measure is to designate one day in September 2013 as Hydrocephalus Awareness Day.

Your Committees received testimony in support of this measure from the Pediatric Hydrocephalus Foundation.

Your Committees find that Hydrocephalus occurs when excess fluid builds up in the brain, most often because of an obstruction preventing proper fluid drainage. It is estimated that one out of five hundred babies are born with this incurable condition. Your Committees also find that the State Co-Directors of the Hawaii Chapter for the Pediatric Hydrocephalus Foundation have led the effort in Hawaii to increase public awareness and information regarding Hydrocephalus in Hawaii. Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1232 (Joint) Health and Technology and the Arts on S.C.R. No. 62**

The purpose and intent of this measure is to urge Hawaii's Congressional delegation to support continued funding for the Congressionally Directed Medical Research Program for Neurofibromatosis and encourage the renaming of the Congressionally Directed Medical Research Programs to the Daniel K. Inouye Congressionally Directed Medical Research Programs.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that neurofibromatosis is a genetically-inherited disorder in which the nerve tissue grows tumors that may be benign and may cause serious damage by compressing nerves and other tissues. Neurofibromatosis affects more than two million people worldwide and has no known cure. In 1992, under the leadership of Senator Daniel K. Inouye, Congress established the Department of Defense Congressionally Directed Medical Research Programs. Your Committees find that the Congressionally Directed Medical Research Program for Neurofibromatosis is the single largest funding source for neurofibromatosis research. In light of this fact, your Committees find it necessary to urge Hawaii's Congressional delegation to support continued funding for the Congressionally Directed Medical Research Program for Neurofibromatosis.

Your Committees have amended this measure by:

- (1) Removing language encouraging the renaming of the Congressionally Directed Medical Research Programs as the Daniel K. Inouye Congressionally Directed Medical Research Programs; and
- (2) Changing the title of this measure to remove the reference to Senator Daniel K. Inouye.

As affirmed by the records of votes of the members of your Committees on Health and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 62, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 62, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

Technology and the Arts

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 1233 (Joint) Health and Technology and the Arts on S.R. No. 32**

The purpose and intent of this measure is to urge Hawaii's Congressional delegation to support continued funding for the Congressionally Directed Medical Research Program for Neurofibromatosis and encourage the renaming of the Congressionally Directed Medical Research Programs to the Daniel K. Inouye Congressionally Directed Medical Research Programs.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that neurofibromatosis is a genetically-inherited disorder in which the nerve tissue grows tumors that may be benign and may cause serious damage by compressing nerves and other tissues. Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 1234 Tourism and Hawaiian Affairs on Gov. Msg. No. 589**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF KAUA'I AND NI'HAU

G.M. No. 589 MAUNA KEA HIGUERA TRASK, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and testimony submitted by the nominee and finds Mr. Trask to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council for the Islands of Kaua'i and Ni'ihau.

Your Committee received testimony in support of Mauna Kea Higuera Trask from the Office of Hawaiian Affairs and three individuals.

Mr. Trask graduated from Oregon State University with a degree in Anthropology. He subsequently earned his law degree at the University of Hawaii William S. Richardson School of Law. Since graduating from law school, he has worked in a variety of legal areas including criminal defense, labor, tort defense, and appellate advocacy. He has served as a public defender for the City and County of Honolulu and as a prosecuting attorney for the County of Kauai. He currently works as a Deputy County Attorney in Kauai where he advises the County on Native Hawaiian related issues.

Mr. Trask is known by his colleagues as talented, hard-working, ethical, and fair. He is well versed in historical Native Hawaiian texts and traditions and possesses a vast knowledge base on ancestral Native Hawaiian remains.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1235 Commerce and Consumer Protection on H.B. No. 79**

The purpose and intent of this measure is to change the degree requirement for Advanced Practice Registered Nurse recognition from a Master's degree in nursing to a graduate degree in nursing.

Your Committee received testimony in support of this measure from the Board of Nursing; Hawai'i State Center for Nursing; University of Hawai'i at Manoa School of Nursing and Dental Hygiene; University of Hawai'i at Hilo School of Nursing; Healthcare Association of Hawaii; Hawai'i Pacific Health; American Organization of Nurse Executives, Hawai'i Chapter; Hawai'i Association of Professional Nurses; and three individuals.

Your Committee finds that under existing state law, Advanced Practice Registered Nurses may only be recognized if they receive a Master's degree in certain nursing fields. This precludes recognition of nurses who earn a Doctor of Nursing Practice degree and other nationally recognized clinical doctorates in nursing, which directly impacts Doctor of Nursing Practice graduates of the University of Hawaii at Manoa School of Nursing and the University of Hawaii at Hilo School of Nursing. The Master's degree requirement also impedes other states' Advanced Practice Registered Nurses with clinical doctorates from practicing in the State.

Your Committee further finds that every state except Hawaii accepts a graduate degree instead of a Master's degree for Advanced Practice Registered Nurse licensure and certification. This measure will bring Hawaii into alignment with the rest of the country and with the National Council of State Boards of Nursing's consensus model for Advanced Practice Registered Nurses.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 79, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1236 Commerce and Consumer Protection on H.B. No. 651**

The purpose and intent of this measure is to amend the Uniform Controlled Substances Act in chapter 329, Hawaii Revised Statutes, by adding definitions consistent with federal law, clarifying the conditions for electronic transmittal of prescriptions, and clarifying violations of prohibited acts.

Your Committee received testimony in support of this measure from the Hawaii Medical Association, Kaiser Permanente Hawaii, Times Supermarket, CVS Caremark, Walgreen Co., and one individual.

Your Committee finds that this measure aligns Hawaii's Uniform Controlled Substances Act with federal regulations by allowing prescribers who are registered and authorized to prescribe controlled substances to electronically prescribe and electronically convey prescriptions for controlled substances listed in schedules II, III, IV, and V to a pharmacy of the patient's choice. The electronic conveyance of prescriptions from prescribers to pharmacists provides a safer, more secure, and timely means to prescribe controlled substances in addition to the traditional method of providing the patient with a handwritten prescription.

Your Committee further finds that this measure eliminates or greatly reduces forgeries, lost prescription documents, and illegible handwriting, which contribute to medication errors, wasted time, and increased frustration for patients who need these medicines.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 651, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1237 Commerce and Consumer Protection on H.B. No. 178**

The purpose and intent of this measure is to require licensed social workers to complete a minimum of fifteen credit hours of continuing education courses for the licensing renewal period beginning July 1, 2013, through June 30, 2016, and forty-five credit hours of continuing education courses during each licensing renewal period beginning July 1, 2016, and thereafter.

Your Committee received testimony in support of this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs; National Association of Social Workers, Hawai'i Chapter; Hawai'i Psychological Association; Action with Aloha, LLC; Hawai'i Women's Coalition; and three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that social workers provide critical services in prevention, intervention, and treatment to an array of clients. Your Committee further finds that Hawaii is one of only three jurisdictions in the country that do not require continuing education credits for social workers.

Your Committee additionally finds that in any profession, continuing education increases the knowledge base and the competency level of professionals. The continuing education requirements proposed by this measure therefore ensure that licensed social workers in Hawaii maintain their professional competency, keep abreast of the latest developments in their profession, and continue providing quality services for clients.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 178, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1238 Commerce and Consumer Protection on H.B. No. 369**

The purpose and intent of this measure is to establish the Residential Kitchen Fire Task Force to investigate and develop plans to address the risk of residential kitchen fires.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, State Fire Council, Kauai Fire Department, County of Maui Department of Fire and Public Safety, Hawai'i Fire Department, and Hawaii Fire Chiefs Association.

Your Committee finds that according to the National Fire Protection Association, cooking equipment-related fires are the leading cause of fire loss. This measure establishes the Residential Kitchen Fire Task Force to evaluate issues and concerns relating to residential kitchen fire safety, including reviewing data, insurance rating plans and methodology, financial incentives for voluntary pre-mitigation systems, and regulations regarding residential kitchen fires. Evaluating these fire protection measures will help protect Hawaii residents from kitchen fires, which can devastate property and cause injury or death.

Your Committee has amended this measure by inserting an effective date of July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 369, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 369, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1239 Water and Land on H.C.R. No. 46**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Lanikai, Koolaupoko, Oahu, for seawall and revetment purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

The subject property is identified as covering a portion of state submerged lands identified as tax map key (1) 4-3-005: seaward of 56, at Lanikai, Oahu, Hawaii. The 18,376 square foot property was developed with a single-family dwelling built in 1939 and a shoreline protection structure around 1953 prior to the establishment of the state land use laws. On September 13, 1968, the previous owners of the subject property and three adjoining properties obtained Shore Water Construction Permit No. 1395 issued by the Harbors Division of the Department of Transportation to construct a six- to eight-foot wide "protective stone blanket for erosion control" seaward of the existing five-foot high retaining walls.

On January 13, 2012, under agenda item D-17, the Board of Land and Natural Resources approved the request for a non-exclusive easement by the owners, James Hugh Duncan and Barbara-Jeann Duncan. On October 16, 2012, the Land Division of the Department of Land and Natural Resources confirmed acceptance by the owners of the consideration payable for the subject easement as determined by an independent appraisal dated August 27, 2012.

Your Committee has amended this measure by:

- (1) Amending the title to reflect the correct spelling of Koolaupoko;
- (2) Reflecting the proper cross-reference for the agenda item; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 46, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 46, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1240 Water and Land on H.C.R. No. 37**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, nonexclusive easement covering a portion of state submerged lands located in Kapahulu, Honolulu, Oahu, for use, maintenance, and repair of the existing seawall and steps, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Outrigger Hotels.

The subject property fronts property identified as tax map key (1) 3-1-038: seaward of 042, Kapahulu, Honolulu, Oahu. In 1959, various owners of the properties abutting Old Diamond Head Road claimed ownership of the road and received rulings in their favor from the Land Court. Upon appeal, the Hawaii Supreme Court ruled that the State owns a portion of the road that includes a seawall and steps. A survey determined that portions of the seawall and steps are on one hundred twenty-five square feet of submerged lands. On July 13, 2012, under agenda item D-10, the Board of Land and Natural Resources approved the issuance of a perpetual, nonexclusive easement.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1241 Ways and Means on H.B. No. 200**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvements budget of the executive branch for fiscal year 2013-2014 and fiscal year 2014-2015.

Your Committee received testimony in support of this measure from the Hawaii Housing and Finance Development Corporation, Department of Business, Economic Development, and Tourism (DBEDT); C.S. Wo & Sons Ltd; Kukaiau Ranch; Palani Ranch Company; Panoholo Ranch Ltd.; Goodwill Industries of Hawaii Inc.; Castle Foundation; Healthcare Association of Hawaii; and eight individuals.

Your Committee received testimony in opposition to this measure from the Hawaii State Public Library System; and one individual.

Your Committee received comments on this measure from United States Senator Mazie Hirono; Office of the Governor; Office of the Lieutenant Governor; Security and Emergency Management, Judiciary; Department of the Attorney General; Department of Budget and Finance; Department of Taxation; Department of Accounting and General Services (DAGS); Department of Agriculture; Department of Education; University of Hawaii System; Department of Commerce and Consumer Affairs (DCCA); Department of Labor and Industrial Relations (DLIR); Department of Public Safety; Department of Human Resources Development; Department of Transportation; Hawaiian Homes Commission; Department of Health; Department of Defense; Department of Human Services (DHS); Department of Land and Natural Resources; Office of Planning, DBEDT; Contractors License Board, DCCA; Regulated Industries Complaints Office, DCCA; Office of Language Access, DLIR; Hawaii Health Systems Corporation; Office of Information Practices; Office of Community Services, DLIR; Executive Office on Early Learning; Executive Office on Aging; Hawaii Civil Rights Commission; William S. Richardson School of Law; Hawaii Public Housing Authority, DHS; Public Utilities Commission; Hawaii Tourism Authority; Office of Information Management and Technology, DAGS; State Council on Developmental Disabilities; State of Hawaii Early Learning Advisory Board; Hilo Medical Center; the Mayor of the County of Hawaii; Department of the Prosecuting Attorney, City and County of Honolulu; Department of the Prosecuting Attorney, County of Maui; Prosecuting Attorney, County of Hawaii; 4 Ag Hawaii; Hawaii Family Caregiver Coalition; KCAA Preschools of Hawaii; Hyperspective Studios Inc.; Hawaii Laborers' Union; Hawaii Alliance for Community-Based Economic Development; Pacific Gateway Center; Building Industry Association Hawaii; Catholic Charities Hawaii; Kamehameha Schools' Charter School Support Department; and two hundred forty-nine individuals.

**I. INTRODUCTION**

As submitted to the Legislature prior to the start of the 2013 Regular Session, the proposed general fund portion of the executive budget exceeded the revenue forecast of the Council on Revenues on an annual basis. The state general fund financial plan relied upon a carryover balance and revenue measures that the Legislature was not certain to adopt. As would be expected of any household or business, your Committee carefully scrutinized expenses in an effort to avoid a budget that could not be supported by realistic operating revenues.

Your Committee was conservative in its approach to fiscal matters and has successfully controlled growth in the budget. About \$136,000,000 was reduced from the Governor's general fund budget request over the upcoming fiscal biennium. As the economy begins to recover, your Committee's priority is to build a solid financial base upon which the State and its citizens may prosper.

In developing a measured budget for the executive branch of government for fiscal biennium 2013-2015, your Committee continued its adherence to the following principles:

- Support the State's core functions, including programs that provide services for those most in need;
- Make strategic investments in people and programs that encourage economic growth and lower future costs; and
- Support long-term planning and accountability efforts to fundamentally change the character and delivery of government services.

Although your Committee has substantially reduced the Governor's budget request, it still provided needed resources for education, important safety net programs, environmental protection, and modernization of the State's information technology infrastructure.

Also of significance is your Committee's efforts to allow for serious consideration of measures not encompassed by the executive budget. This includes considering targeted tax relief and incentives to help those in need and to spur economic growth. It is your Committee's intent to address these issues without raising any broad-based tax.

## II. ECONOMIC OUTLOOK

While lingering concerns remain, economic data have generally been positive. Unemployment continues to decline, the housing market continues to improve, and financial markets have rallied to all-time highs. However, the effects of the federal budget sequestration, the congressional budget paralysis, and a potential European fiscal crisis are largely unknown. Sequestration is of particular concern, given its likely far-reaching impact and uncertainty on how programs, as well as the local economy, will ultimately be impacted.

The Congressional Budget Office (CBO), which produces ten-year economic forecasts for the congressional budget committees, expects economic growth to remain slow this year as gradual improvements to the economy will be offset by scheduled budgetary changes. CBO projects that the nation's real gross domestic product will grow by just 1.4 per cent this year, as measured by the change from the fourth quarter of 2012, and by 3.4 per cent next year due to improving economic factors. CBO also forecasts that the national unemployment rate will remain near 7.5 per cent through 2014 and will eventually fall to 5.5 per cent by the end of 2017.

The Federal Reserve, which is tasked with setting the United States' monetary policy, stated that they will continue to stimulate the economy and keep interest rates at exceptionally low levels until the unemployment rate falls to 6.5 per cent. Continued stimulation by the Federal Reserve, coupled with sluggish short-term growth forecasts, indicates that significant risks still exist and will continue to exist for the next couple of years.

Hawaii's economy is also experiencing positive growth, largely driven by a continued surge in the visitor industry. The Hawaii visitor industry experienced a 9.6 per cent growth in arrivals and an 18.5 per cent increase in visitor spending in 2012 compared to 2011, according to the Department of Business, Economic Development, and Tourism (DBEDT). DBEDT projects Hawaii's economy will grow by 2.6 per cent in 2013 and 2.5 per cent in 2014.

## III. GENERAL FUND REVENUE OUTLOOK

By law, the Council on Revenues (COR) reports its latest tax revenue forecast to the Governor and Legislature on June 1, September 10, January 10, and March 15 of each year. State revenues come primarily from the general excise tax and the state income tax. Similar to last year, the COR has made significant forecast changes.

At the September 6, 2012, meeting, COR lowered their forecast for fiscal year 2012-2013 tax revenue growth from 5.3 per cent to 4.9 per cent, citing the reassessment of the cost of renewable energy tax credits as the basis for the decrease. COR subsequently raised their forecast at the January 3, 2013, meeting, from 4.9 per cent to 5.1 per cent, mainly citing a strong visitor industry and expansion in the overall economy.

At the most recent meeting on March 13, 2013, COR raised their fiscal year 2012-2013 forecast from 5.1 per cent to 6.7 per cent, in addition to raising their forecasts for fiscal years 2013-2014 and 2014-2015. COR based the revisions on the strong visitor industry and growth of the economy. The latest change in COR projections adds approximately \$343,000,000 in general fund revenues to the 2012-2013 fiscal year and the 2013-2015 fiscal biennium.

Your Committee notes, however, that COR also warned of potential adverse effects from sequestration relating to the federal Budget Control Act of 2011. Moreover, your Committee prefers to take a conservative approach in its assumption of future revenue growth and the funding of new programs that will require annual resources.

## IV. REDUCING UNFUNDED LIABILITIES

Over the past several years, the State has made significant progress on addressing the unfunded liability of the Employees' Retirement System (ERS). Measures taken to address this issue include reducing benefits for new employees, increasing the contributions made by new employees, establishing disincentives for spiking of benefits, and providing additional funding for the ERS. The State is now on a course that will allow it to fully resolve this liability.

Your Committee is also committed to addressing the other major unfunded liability of the State. An appropriation of funds to prefund Other Post Employment Benefits (OPEB) and passage of the Senate's version of Senate Bill No. 946, that sets a solid framework for future payments, will demonstrate the State's commitment to fully address the unfunded liability of the Employer-Union Health Benefits Trust Fund (EUTF).

Your Committee firmly believes that paying down the State's unfunded liabilities must be a priority, and no longer left to discretion. The Senate version of Senate Bill No. 946, requires that all state and county employers pay one hundred per cent of the annual required contribution for OPEB within six years. Passage of such a measure would put the State at the leading edge of efforts dealing with this issue.

#### V. BUDGET OVERVIEW

As adjusted for governor's message items, the Governor's general fund budget request adds \$535,000,000 for fiscal year 2013-2014 and \$696,000,000 for fiscal year 2014-2015. While these are significant sums, large portions are non-discretionary in nature.

The budget request includes \$78,000,000 each year to restore previously reduced labor costs. This amount represents the five per cent reduction in compensation that state workers have endured but does not include funding of potential additional collective bargaining costs.

This cost and others, such as debt service, health premiums, retirement benefits, Medicaid, federal budget sequestration mitigation, and the State's first payments for its share of the EUTF's unfunded liability, amount to \$384,000,000 for fiscal year 2013-2014 and \$524,000,000 for fiscal year 2014-2015, or nearly three quarters of the Governor's general fund budget request.

The Senate version of the executive budget supports the payment of these costs.

The Governor also requested funds for several significant initiatives. Over the fiscal biennium, these initiatives include over \$60,000,000 for the Office of Information Management Technology, \$32,000,000 for an early learning program, and \$29,000,000 for a 1:1 digital device per student strategy. Myriad other requests were also made to restore or strengthen government services.

The House of Representatives' draft of the executive budget either did not fund or substantially reduced many of the Governor's significant initiatives. In addition, the House version of the executive budget deleted the authorization and funding for approximately one thousand positions believed to be vacant.

Unlike the House of Representatives, your Committee was able to consider COR's most recent revenue projection increase. Consequently, your Committee had more flexibility to fund a number of the Governor's initiatives that are core state functions, support programs for those in need, encourage economic growth, and lower future costs.

Your Committee did not make extensive reductions of vacant positions. Current information indicates that many of the positions were or will soon be filled. Also, funds budgeted for these positions are often used by state agencies for emergency hires and other expenses necessary to provide services.

While your Committee is aware of the practice of holding positions vacant to utilize the funds for other purposes, it does not condone such practices. Shifting of budgeted funds and development of budget details that do not accurately depict expected costs have and continue to frustrate the efforts of the Legislature. Your Committee intends to work with the House of Representative's Committee on Finance to address this issue.

#### VI. DEPARTMENT HIGHLIGHTS

##### Human Services

Your Committee has taken the sensible approach of restoring and allocating funds for programs and operations that provide needed services and generate the most social benefit among Hawaii residents. The Department of Human Services has reported that, despite growth trends in Hawaii's economy overall, many of the State's assistance programs continue to experience increased enrollment, and the demand for services has left many of the Department's divisions operating beyond capacity. The Department's Benefit, Employment, and Support Services Division programs reported a 2.8 per cent enrollment increase in Temporary Assistance for Needy Families (TANF) and Temporary Assistance for Other Needy Families (TAONF) and a 4.8 per cent enrollment increase in general assistance beneficiaries. In fiscal year 2011-2012, the Med-QUEST Division reported enrollment increases of five per cent. Your Committee understands that many of the services and resources provided by the Department constitute a critical safety net for Hawaii's most vulnerable population and is mindful of its duty to provide adequate resources for human services programs.

Homelessness in Hawaii has been a major concern in recent years. The Department's Homeless Services program has implemented a Housing First initiative to address chronic homelessness through rapid transition to housing and has sought to enhance available shelters by means of asset management and contract review. In support of the Administration's efforts and for the continued piloting of the Housing First program, your Committee has provided positions and \$2,393,952 in fiscal year 2013-2014 and \$1,128,045 in fiscal year 2014-2015 in general funds to address homelessness throughout the State.

Your Committee is committed to investing in Hawaii's youth and is mindful of the need to provide avenues of care for all children. Without proper programmatic support, outreach, and infrastructure, a child in need is more likely to experience hunger and homelessness and is statistically more likely to engage in criminal behavior. To address these concerns, your Committee has provided \$983,043 in fiscal year 2013-2014 and \$1,088,790 in fiscal year 2014-2015 to support the Voluntary Foster Care to Twenty-One project. Your Committee hopes that this program will successfully help foster children aged eighteen to twenty-one to gradually transition out of foster care and become financially stable and productive members of the community. Further, your Committee has also provided \$800,000 in general funds to expand the Youth Community Service Centers throughout the State and hopes that these facilities will continue to provide alternatives to incarceration and reduce recidivism among juvenile offenders.

Your Committee appreciates the significant impact early education can have on a child's future. Following the sunset of the Junior Kindergarten program, your Committee has examined other avenues for early learning. To this end, your Committee has provided \$4,000,000 in general funds to increase child care subsidy payments for Preschool Open Doors (POD). This program is dedicated to four year olds, the year prior to kindergarten, and affords income eligible families licensed preschool options by offering subsidies up to one hundred per cent of the cost. Your Committee provides these funds with the intent to increase POD enrollment ceilings and allow for more families to participate in education-oriented child care programs that complement the State's early education program. Your Committee intends that POD complement the early learning program also funded and described later.

Rising national health care costs lead to higher Medicaid costs to the State and inevitably reduce funding available for other priorities in Hawaii's overall fiscal plan. More than thirteen per cent of the executive branch's general fund expenditures is devoted to capitation payments, and with the expansion of coverage through the Affordable Care Act (ACA), that percentage may rise. However, your Committee understands that the high cost of health care is a national issue. Without a national solution to implement industry controls, the State must either fund the cost of care or sacrifice services. Therefore, your Committee finds that managed care payments for QUEST and QUEST Expanded Access in the state Medicaid program should be funded and appreciates the Department's efforts to thoroughly vet enrollment and capitation rate projections. In accordance with the Department's request, your Committee has provided \$43,153,802 in fiscal year 2013-2014 and \$85,828,768 in fiscal year 2014-2015 in general funds for Medicaid health care payments.

Your Committee is also aware of the need to address the increases in enrollment levels and additional coverage requirements that come under ACA. The Department has identified a number of cost drivers and projects enrollment increases of roughly 46,000 individuals as a direct result of ACA. Further, under ACA, states will be required to reimburse primary care physicians for one hundred per cent of Medicaid costs, in contrast to the sixty per cent paid by Hawaii prior to ACA. While the federal government has agreed to fund the entire forty per cent increase through fiscal year 2013-2014, thereafter the State must pay its fifty per cent share of the one hundred per cent Medicaid reimbursement to primary care physicians. In recognition of these imminent health care changes and associated costs, your Committee has provided \$20,195,448 in fiscal year 2013-2014 and \$49,203,267 in fiscal year 2014-2015 for the general fund portion of ACA related health care costs.

Your Committee acknowledges the Department's good faith efforts to restore reimbursements in acute care facilities and proactively implement seriously mentally ill client services, which would be mandated under ACA, in order to phase in additional coverage costs in the Med-QUEST Division. To this end, your Committee has provided for expenditures from the hospitals and nursing facilities sustainability special funds to supplement general and federal funds for these purposes.

Your Committee supports the Department's goals to provide timely service delivery and improve access to resources. Accordingly, your Committee has provided positions and funding throughout the Department to manage processing backlogs, restore critical personnel, and expedite the transformation and integration of information technology solutions, including \$1,500,000 in general funds and \$7,500,000 in federal funds for the Med-QUEST integrated eligibility system.

#### Health

Your Committee acknowledges the Department of Health's role in providing health care and services to protect the well-being of people in Hawaii.

Your Committee recognizes the significance of caring for our kupuna population and is mindful of the positive impact that Kupuna Care has had in serving the elderly so that they can continue to age in place. With additional support provided by the Legislature last year, Kupuna Care was able to target its most vulnerable population and provide an increased level of services. As such, your Committee has provided \$4,200,000 in general fund support to continue this effort. In addition, your Committee is aware of the need for a single, coordinated system of information and access for our elderly and disabled population. Your Committee recognizes the improvements that the Executive Office on Aging has made to our existing aging and disability resource centers in becoming fully-functional under federal standards. For example, the aging and disability center on Maui has recently become fully-functional by federal standards, with the other counties scheduled to follow shortly. Your Committee understands that the completion of this effort is dependent upon continued funding and therefore provides \$1,400,000 in general funds to support this initiative.

The Developmental Disabilities Division oversees the waiver program, which provides home and community based services to individuals with a developmental disability. Your Committee is aware of the waiver program's difficulty in meeting the state matching fund requirement for federal Medicaid funds, especially in adhering to prior lawsuit settlements, which require a reasonable pace of new admissions into the waiver program. In addition, your Committee is cognizant of the federal government's concern over this program's state funding shortage and the risk of losing Medicaid funds if the program is not supported with additional state moneys. As such, your Committee has provided \$2,683,384 in general funds for the waiver program. Further, your Committee has provided \$994,504 in general funds to the Division in order to better reflect the program's portion of costs for shared contracts with the Department of Human Services. Moreover, the Developmental Disabilities Division does not currently have an electronic health records system that meets privacy safeguard standards and reporting requirements as mandated by the Affordable Care Act. Your Committee understands that compliance with these requirements must be met by 2016 to avoid reduced federal reimbursements. Therefore, your Committee has provided \$1,580,000 in general funds in fiscal year 2013-2014 for the development and implementation of an electronic health records system that will meet federal requirements.

Your Committee understands how crucial it is to provide children with a safe, encouraging environment in which to develop, as well as to identify those children with developmental delays so that appropriate services can be provided. The Department's Early Intervention Program conducts comprehensive multi-disciplinary developmental evaluations for children and provides necessary services through community providers. Since this program was reduced during the economic downturn, it has faced a recurring deficit in serving Hawaii's special needs keiki. As such, your Committee has provided \$1,271,698 in general funds to this program to assist children with special health needs. The Home Visitation Program, formerly known as Healthy Start, provides parenting and childhood health services to ensure a positive environment for childhood growth and development. Your Committee supports the continued use of tobacco settlement special funds for this program and, therefore, has provided \$3,000,000 of those funds.

Your Committee supports efforts to improve health care coordination and increase access for all of Hawaii's residents. The Hawaii Health Information Exchange is a non-profit organization designated by the State to build the statewide health information exchange. Your Committee is cognizant that their five-year funding contract will be coming to an end, despite the vast amount of work ahead in improving Hawaii's health care information system. As such, your Committee has provided \$1,000,000 in general funds for fiscal year 2013-2014 to support the organization's efforts and in allowing them to continue their improvements for state health information technology. Your Committee has also provided positions and \$115,000 in general funds, \$61,250 in federal funds in fiscal year 2013-2014, and \$165,830 in general funds in fiscal year 2014-2015 for the Healthcare Transformation Initiative in the Office of the

Governor. This initiative will help the State implement components of the ACA, as well as identify strategies to improve the delivery of healthcare in the State.

Your Committee is aware of the increase in the portion of the cigarette tax from .0075 cents per cigarette to .0125 cents that will revert to the Department effective July 1, 2013, to perform mandated services. In view of this increase in funds, your Committee has provided \$5,300,000 for the state comprehensive trauma system, \$3,750,000 for community health centers, and \$1,300,000 for emergency ambulance services in special funds.

#### Hawaii Health Systems Corporation

Your Committee recognizes the Hawaii Health Systems Corporation's (HHSC) role as a principal health care provider to Hawaii's most vulnerable citizens and visitors, especially those on the neighbor islands. HHSC is under increasing pressure as health care costs continue to rise while federal and private reimbursement rates decline.

Hale Makemae is a program housed in Kula Hospital on Maui. It is Hawaii's only twenty-four-hour long-term care facility for severely developmentally disabled people. Due to declining federal Medicaid reimbursements, Hale Makemae has experienced operational deficiencies. In order to address this program's increasing demand, as well as their financial shortfall, your Committee has provided \$400,000 in general funds. In addition, in consideration of providing funds to maintain operations at HHSC hospitals, your Committee has provided \$1,000,000 in special funds for the operational deficit in Alii Community Care and Roselani Place.

#### University of Hawaii

The University of Hawaii system is the State's premier institution for higher education, a nationally recognized research university and a local economic driver.

Your Committee understands that the University system is experiencing unprecedented increases in enrollment; however, your Committee is concerned about the University's decision to continuously increase tuition without a clear nexus between the increases in tuition and the quality of education for students. Furthermore, your Committee remains unsettled by the University's salary determination process for its top executive and managerial staff, as well as its lack of financial transparency and accountability. Your Committee believes in the potential of the University to be an internationally recognized place of learning and sincerely hopes that bettering the educational experience for its students is the primary driver for the University's decision making.

The University of Hawaii West Oahu (UHWO) opened its new Kapolei campus in Fall 2012. Your Committee supports UHWO's goal of raising the educational and economic attainment levels in the West Oahu region. Your Committee recognizes that with the initial opening, UHWO focused on providing academic and curriculum options for incoming students. Now that the campus is operational, your Committee recognizes the need to provide support for the campus facilities in the form of maintenance, security, and special needs specialist staff and, therefore, has provided \$3,000,000 in general funds.

Your Committee recognizes the University of Hawaii Community Colleges play an indispensable role in providing post-secondary educational opportunities for those wanting to pursue higher education or specific technical skills. As such, your Committee realizes the importance of keeping community college tuitions low to provide more prospective post-secondary students with an alternative path to higher education. Your Committee also understands that unlike four-year institutions that have a larger student population, the community colleges lack the enrollment concentrations that would enable them to generate sufficient tuition revenues to meet their operational needs and, consequently, may not be as well-equipped in comparison. Therefore, your Committee has provided \$4,000,000 in general funds for the operating expenses of community colleges statewide.

The Academy for Creative Media empowers students to express their stories through multiple digital media platforms within a context of cultural and aesthetic value. In support of expansion of the Academy's film and digital media programs statewide, your Committee has provided \$2,086,371 in general funds to build capacity for workforce growth and to support the growing needs of multi-media industries. In addition, your Committee has provided \$236,203 for the Ulu' ulu: Henry Ku'ualoha Giugni Moving Image Archive of Hawaii, which preserves film and videotape related to Hawaiian history and culture.

Your Committee acknowledges the significance of Science, Technology, Engineering and Math (STEM) initiatives at the University of Hawaii. Further, your Committee supports the University's role of advancing STEM education through outreach to pre-college students. Therefore, your Committee has provided \$1,500,000 in general funds for STEM initiatives, which include supporting the Fostering Inspiration and Relevance through Science and Technology Pre-Academy. This program provides Hawaii's middle-school students in both regular education and charter schools statewide with hands-on, interactive learning opportunities across STEM subjects, which allow them to develop critical thinking skills to address real-world problems.

Your Committee is aware of the negative effect of higher tuition on university students. Your Committee believes that employing students at the university enables them to financially support their studies, while gaining valuable work experience to enhance their career prospects. Thus, your Committee has provided \$500,000 in general funds for student employees at new or expanded worksites at each University of Hawaii campus.

#### Education

Your Committee remains concerned with the Department of Education's management of state funds and resources in relation to its ability to meet the new assessments under the Common Core State Standards (CCSS), which were adopted by the Board of Education in June 2010. The new CCSS assessments are scheduled for implementation in the 2014-2015 school year.

Under Act 89, Session Laws of Hawaii 1996, the Legislature determined that the traditional centralized school system was not the best model to meet the needs of Hawaii's diverse student population. Thus, Act 89 began a systemic reform that envisioned "top-down support for bottom-up reforms" to provide individual schools with the flexibility and autonomy to develop and implement alternative administrative and instructional frameworks that would lead to better quality education and higher student performance. The Legislature's intent was to empower each school to be directly accountable for student achievement and "to put students first."

Although your Committee is encouraged by the Department's efforts to achieve the objectives of Act 89, your Committee finds that the Department is still mired in bureaucratic inertia. The Department's responses to your Committee's requests for information were reiterations of the inadequate information contained on budget forms and references to complying with the Department of Budget and Finance's budget instructions. While your Committee understands that the Department submits its budget in accordance with certain instructions, legislative review and oversight dictate that your Committee asks the mundane and practical questions to determine what will the funds be used for and whether such use is appropriate under law, rule, or policy.

Your Committee has grave concerns with the Department's ability to monitor and track its resources. Your Committee requested a breakdown by categorical program of the appropriations reported by the Department that comprise the seventy per cent of appropriations that are supposed to be expended by principals pursuant to section 302A-1301(b), Hawaii Revised Statutes. However, your Committee was informed that it will take some time to compile because such a report is not usually prepared by the Department's budget branch.

Your Committee also requested a report of all temporary positions established by the Department under section 302A-1116, Hawaii Revised Statutes, which requires that each temporary position created by the Department not exceed a one year term. The law also requires the Department to report the creation of all temporary positions to the Department of Budget and Finance. Your Committee was advised that the Department has created about a thousand temporary positions, with many continuing from year to year. However, the Department has never reported such positions to the Department of Budget and Finance since the enactment of the law in 1996. Your Committee finds these actions, or lack thereof, disturbing.

Your Committee further notes the recent audit of the Department's \$92,000,000 food services program and its findings that mirror the audit of the student transportation program:

- (1) Unclear ownership of the food purchasing and meal payment collections processes;
- (2) Lack of oversight, monitoring, and accountability of purchases;
- (3) Insufficient controls in the payment collection process;
- (4) Lack of current and comprehensive purchasing policies and procedures;
- (5) Lack of technology in menu planning, ordering, and inventory;
- (6) Systemic failure to follow internal procedures regarding the completion and retention of required forms and supporting documentation; and
- (7) Undefined methods for staffing school kitchens, thus rendering the process susceptible to manipulation.

If the Department is unable to efficiently provide such mundane and practical services as school lunches and bus transportation, the latter of which is estimated to face an \$8,000,000 shortfall in each year of the fiscal biennium, how can it instill confidence that it will efficiently manage new programs such as the 1:1 digital device per student strategy in meeting the new CCSS assessments?

Your Committee's adjustments to the Department's budget reflect these ongoing concerns.

Your Committee acknowledges that the schools will be required to meet the new assessments under the CCSS in the coming 2014-2015 school year and that, under the recently negotiated employment contract, teachers' compensation will be tied, in part, to the assessment results. However, your Committee is hard pressed in finding that the 1:1 digital device per student strategy is the best means of meeting the CCSS assessments.

The Department's plan to roll out an entirely new program with 1:1 digital devices, while having to meet new assessment standards, appears to place an enormous expectation, if not an unfair burden, upon teachers. The schedule of deploying the devices to teachers the first semester and requiring that they undergo professional development training on how to use the devices, while maintaining their normal course work and preparing for the new CCSS assessments, and then deploying the devices to students in the second semester and expecting the students to pass the CCSS assessments, appears to be overly optimistic.

Your Committee is aware that Hawaii is one of twenty-five states in the SMARTER Balanced Assessment consortium of states. Your Committee requested information on what the other states in the consortium were doing to meet the CCSS assessment requirements and was provided with information on seven states. Although all seven states had employed computers or laptops in a 1:1 initiative, none of the states had done so specifically in response to meeting the CCSS assessments as Hawaii proposes to do. It appears premature for the Department to commit such resources and staff time to an initiative that is being pursued by only a handful of states on an anecdotal basis.

Moreover, as the intent is to phase in the 1:1 digital device per student strategy, some students and their teachers will be unfairly burdened by the imposition of this new strategy while tasked with meeting the new CCSS assessments. Your Committee is concerned that this disparate burden imposed upon some students and teachers, but not others, will be unfairly reflected in the outcome of the CCSS assessments. Accordingly, it appears imprudent for the Department to compound what will already be an important and fundamental change to the State's assessments with an additional set of objectives and requirements stemming from the 1:1 digital device per student strategy.

Accordingly, your Committee has denied the Department's request for \$7,125,000 for fiscal year 2013-2014 and \$22,250,000 for fiscal year 2014-2015 for the 1:1 digital device per student strategy, and instead your Committee is providing \$5,000,000 in each fiscal year for weighted-student formula (WSF) funding in acknowledgement of costs that may be incurred to prepare students for the CCSS assessments.

As one of the fundamental precepts of Act 89, your Committee maintains that state funds are best spent at the school level under the direction of principals. Your Committee further believes that any federal impact aid funds received by the State should be used at the school level to directly benefit students. Although your Committee understands that the Department proposes to move federal impact

aid funds from the classroom to school support and replace it with general funds, your Committee would rather apply such federal dollars, in whatever amounts received, to the schools and classrooms.

To this end, your Committee has provided \$10,000,000 in federal funds for each fiscal year for WSF, \$40,000,000 in federal funds for each fiscal year for regular instruction, and \$3,600,000 in federal funds for each fiscal year for special education in regular schools. Your Committee rejects the Department's proposal to add \$45,980,154 in federal funds in fiscal year 2013-2014 and \$46,774,111 in federal funds in fiscal year 2014-2015 for various programs in the school support program. This funds ancillary services, not direct classroom instruction. Your Committee maintains use of federal impact aid funds only for school-based budgeting and special education.

Your Committee acknowledges the Department's efforts to address problems with student transportation services. Your Committee is hopeful that the Department will be able to break the cycle of tiered, non-competitive contracts, establish internal controls and accountability, and develop greater expertise and ownership within the Student Transportation Division. Your Committee, however, is mindful that the Department remains less than forthcoming with information. In the initial phases of budget development, it was revealed that there was an \$8,000,000 shortfall and that the Department planned to use federal impact aid funds currently programmed for school based budgeting to cover the shortfall. Your Committee rejects this proposal.

In order to engender operational efficiencies, your Committee proposes to cover half of the student transportation shortfall for each fiscal year with \$4,000,000 in general funds; however, your Committee will require that the Department match the funds with funds from the Department's school or state administration program accounts on a 1:1 basis.

The administration's request to increase the WSF general fund appropriation by \$12,857,918 in fiscal year 2013-2014 for enrollment growth and the reduction of \$1,897,428 in fiscal year 2014-2015 due to a change in the kindergarten entrance age only reflects the net adjustments and does not fully reflect the actual budget adjustment that should have occurred given that the Department will not be responsible for the approximately five thousand one hundred students that will no longer be enrolled in kindergarten. Accordingly, your Committee provided \$20,000,000 in fiscal year 2013-2014 and \$25,000,000 in fiscal year 2014-2015 in general funds, and reduced general fund appropriations for fiscal year 2014-2015 by \$20,366,539 to more accurately reflect the reduction for five thousand one hundred junior kindergarten students in the Department's budget requirements in WSF.

#### Early Learning

Your Committee supports early education for Hawaii's keiki and acknowledges that, with the upcoming change to the entrance age for kindergarten students, services will need to be made available for the estimated 3,472 unserved late-born four-year olds. Your Committee has provided positions and \$367,000 in general funds for the Executive Office on Early Learning. However, your Committee has concerns as to how many families of these unserved four-year olds will actually seek day care services and whether the projected service capacity can be achieved.

To this end, your Committee has provided \$1,269,200 for fiscal year 2013-2014 and \$1,653,000 for fiscal year 2014-2015 in general funds to provide for subsidies application and eligibility processing, data systems, and program evaluation. These funds will help to determine the breadth and scope of the demand for services, track the families being served, and allow an evaluation of the program in its early stages. Your Committee has also provided \$22,900,000 for fiscal year 2014-2015 in general funds for contracts for direct services for school readiness to assist families that do seek services.

#### Charter Schools

Funding for charter schools is premised on the concept of providing operating funds in an amount equal to that provided for regular education students on a per pupil basis. Your Committee has provided \$1,083,022,254 in fiscal year 2013-2014 and \$1,059,771,305 in fiscal year 2014-2015 in general funds for all regular education cost categories to the Department of Education. This amount does not include funding for special education services and adult education. The Department has projected regular education enrollments of 175,868 students for fiscal year 2013-2014 and 172,493 for fiscal year 2014-2015, which does not include the Department's projected 5,100 junior kindergarten students. This equates to a funding amount of \$6,158.15 per student for fiscal year 2013-2014 and \$6,143.85 for fiscal year 2014-2015.

Your Committee used the charter schools' projected student enrollments of 10,911 for fiscal year 2013-2014 and 11,732 for fiscal year 2014-2015 in its calculation of an appropriate funding level. This projected enrollment reflects the governor's message adjustments and the deferred opening of the Malama Honua Learning Center. Under use of this enrollment figure, the charter schools' general fund appropriations must be \$67,191,620 for fiscal year 2013-2014 and \$72,079,661 for fiscal year 2014-2015 to achieve a per pupil funding amount equal to regular education students. Thus, your Committee has adjusted the executive budget request to add \$3,142,175 in fiscal year 2013-2014 and \$7,782,053 in fiscal year 2014-2015 in general funds to achieve this end.

Projected student enrollment and comparable funding for charter school and regular education students remains an ongoing concern, given how easily the counts can fluctuate, as evidenced by the inclusion of the student-count from five new charter schools, their removal from the count, the reinstatement of two schools, and then the removal of one school due to a deferred opening. Your Committee finds that having the Director of Finance make an appropriate adjustment based upon actual student enrollment will account for any other fluctuations in student enrollment projections.

#### Libraries

Your Committee finds that services provided by public libraries reach a broad spectrum of the population and are an invaluable public resource. Further, your Committee remains mindful of the need to modernize public services to keep pace with advancements in technology. Accordingly, your Committee agrees with the executive budget request for \$300,000 in general funds to provide for the expansion of service hours and \$500,000 in general funds for the purchase of books, e-book subscriptions, and other circulatory materials.

Hawaiian Home Lands

In 1978, the following provisions were added to article XII, section 1 of the State Constitution:

The proceeds and income from Hawaiian home lands shall be used only in accordance with the terms and spirit of such Act. The legislature shall make sufficient sums available for the following purposes: (1) development of home, agriculture, farm and ranch lots; (2) home, agriculture, aquaculture, farm and ranch loans; (3) rehabilitation projects to include, but not limited to, educational, economic, political, social and cultural processes by which the general welfare and conditions of native Hawaiians are thereby improved; (4) the administration and operating budget of the department of Hawaiian home lands; in furtherance of (1), (2), (3) and (4) herein, by appropriating the same in the manner provided by law.

In 2007, *Nelson v. Young*, Civil No. 07-1-1663-08 BIA, a suit for declaratory and injunctive relief was filed in the First Circuit Court against the Director of Finance and the Hawaiian Homes Commission (Commission). The Attorney General has provided your Committee with information regarding the lawsuit. The Committee understands that plaintiffs asked the court to declare that the Commission and the Director are required to budget and request, and the Legislature is required to appropriate, "sufficient sums" to enable the Department to fulfill each of the four purposes set out in the 1978 addition to article XII, section 1 of the State Constitution. Your Committee further understands that plaintiffs also asked the court to prospectively enjoin the Commission from entering into general leases of the "available lands," and to instead require that the Commission rely solely on "sufficient sums" appropriated by the Legislature to fund its implementation of the Hawaiian Homes Commission Act, 1920, enacted by Congress (HHCA). Under the HHCA, receipts from general leases are the principal source of funding for the Department of Hawaiian Home Lands' (DHHL) homesteading and other programs.

After concluding that the political question doctrine prevented the court from judging the plaintiffs' claims, the circuit court dismissed the plaintiffs' complaint and entered judgment in favor of the Director of Finance and the Hawaiian Homes Commission. The plaintiffs appealed the judgment to the Intermediate Court of Appeals (ICA). The ICA concluded that the plaintiffs' demand for legislative funding for all four constitutionally specified purposes was not barred by the political question doctrine. It vacated the circuit court's judgment and remanded the case back to the circuit court to determine what constituted "sufficient sums." The Director of Finance petitioned the Hawaii Supreme Court to review the ICA's decision; the Hawaiian Homes Commission did not file an appeal.

The ICA's judgment was affirmed in part, and vacated in part, by the Hawaii Supreme Court. *Nelson v. Young*, 127 Haw. 185, 277 P.3d 279 (2012). The Court ruled that a court could determine what constituted "sufficient sums" for DHHL's administrative and operating expenses only, but not for the other enumerated purposes. The Court held, "[i]t is clear that the constitutional delegates intended to require appropriation of 'sufficient sums' to relieve DHHL of the burden of general leasing its lands to generate administrative and operating funds, and to that end, they identified the minimum funding necessary for such expenses." 127 Haw. at 203, 277 P.3d at 297. With respect to that amount, the Court stated, "[a]t a minimum, funding at or above the \$1,300,000 to \$1,600,000 envisioned in 1978 [presumably . . . adjusted to reflect the impact of factors such as inflation or increased collective bargaining costs] would be required." *Id.*

Your Committee further understands that the case will be remanded to the circuit court to determine what constitutes "sufficient sums" for DHHL's administrative and operating expenses, as soon as the Supreme Court rules upon the plaintiffs' counsels' motion for attorneys' fees and costs on appeal.

Your Committee does not wish to intrude upon or influence the pending court proceedings. However, your Committee recognizes that administrative and operating costs will be incurred, and that both DHHL and the Governor have included requests for general fund appropriations for DHHL's administrative and operating expenses for the 2013-2015 fiscal biennium. As such, your Committee has included \$9,632,000 in general funds for each fiscal year of the next biennium, for DHHL's administrative and operating expenses.

Accounting and General Services

One important function of the Department of Accounting and General Services is the timely production of the State's comprehensive annual financial report (CAFR). Due to publication delays that negatively impacted state bond ratings, the Department was authorized to hire a private accounting firm in fiscal year 2011-2012. However, your Committee recognizes the cost-savings and enhanced oversight that can be achieved by producing the CAFR in-house. As such, your Committee has provided positions and \$96,724 in fiscal year 2013-2014 and \$49,048 in fiscal year 2014-2015 in general funds to transition the responsibility back to the Department.

The Office of Information Management and Technology (OIMT) has laid the groundwork to transform the use of technology throughout the State. OIMT strives to make access to state government more responsive and secure while enhancing service delivery to both the public and government employees. The administration continues to promote the State's information technology infrastructure needs as a high priority. The Information Resource Management Transformation Strategic Plan has outlined the specific projects necessary to enhance security and privacy, governance, and shared services. Your Committee recognizes the need to revolutionize information technology within the State. In support of these efforts, your Committee has provided positions and \$27,341,000 in fiscal year 2013-2014 and \$27,119,110 in fiscal year 2014-2015 in general funds to launch the strategic plan.

In order to ensure the State's assets and liabilities are adequately protected, proper insurance coverage is essential. Risk is present in the delivery of all government services and is coupled with costlier litigation and complex intergovernmental risk pools. The State is challenged with unique risks and a significant scope of coverage that could affect budgetary stability and potentially catastrophic financial losses. Your Committee understands the importance of a comprehensive risk management plan and has provided \$2,700,000 in general funds for property, liability, and crime insurance coverage.

Budget and Finance

Fixed costs for debt service, the Employees' Retirement System (ERS), and health benefit payments comprise nearly one-third of the State's total general fund budget. These components require annual adjustments based upon assumptions for interest rates, payroll increases, and membership growth, which are beyond your Committee's ability to modify on a near term basis.

Your Committee recognizes that the State's positive fiscal condition is the result of financial prudence exhibited over the last two years. Your Committee is mindful of the opportunity to address the State's growing unfunded liability for Other Post-Employment Benefits (OPEB). As such, your Committee has provided \$100,000,000 in general funds each year for the 2013-2015 fiscal biennium to begin prefunding OPEB. Although your Committee is aware that these amounts are not fully reflective of the proposed thirty year amortization schedule, your Committee finds this to be a necessary step toward reducing the State's unfunded OPEB liabilities.

Your Committee also requests the Director of Finance to explore ways to assess non-general funds for the reasonable and equitable portion of the unfunded liability of retirees whose salaries were paid from the non-general funds.

Your Committee finds that paying the additional amounts of the ERS unfunded liability attributable to spiking with new general fund appropriations will not encourage state agencies to deter the activity. Thus, your Committee has provided for interdepartmental transfer of \$6,000,000 each year from state agencies to make payments for the ERS unfunded liability attributable to employees spiking their pension benefits. Your Committee has directed the Director of Finance to transfer the funds based upon an assessment.

Your Committee acknowledges the Public Utilities Commission's operational efficiencies despite its limited office space. Your Committee has provided \$3,980,000 of the Commission's revenue surplus to be reinvested in the form of office expansion and renovation for the Commission.

Public Safety

Your Committee understands that economic conditions have caused a significant rise in energy costs. Despite efforts to reduce energy usage, increases in electricity and utility rates have driven utility costs beyond the Department of Public Safety's authorized budget. Thus, to accommodate cost increases, your Committee has transferred \$3,312,295 in fiscal year 2013-2014 and \$3,491,253 in fiscal year 2014-2015 in general funds from the Department's administration program account to several facilities for rising energy and sewer costs. Outdated security and rising food costs have also adversely impacted the Department's budget. Your Committee understands the need for improved safety measures and healthy meal options. Therefore, your Committee has provided \$1,046,338 in fiscal year 2013-2014 and \$945,751 in fiscal year 2014-2015 in general funds for updated cameras, phone systems, and food services.

Your Committee recognizes the need for the visual presence of sheriff deputies in public buildings as a deterrent to potential problems. In particular, the presence of sheriff deputies to provide security in the State's courthouses is necessary to protect the public and ensure the safe and efficient operations of the Judiciary. Your Committee notes that significant safety and security threats were identified throughout public access points for several judiciary facilities. As a result, your Committee has provided positions and \$514,426 in fiscal year 2013-2014 and \$845,299 in fiscal year 2014-2015 in general funds for the provision of security in Oahu, Hawaii, and Maui courts.

Your Committee understands the importance of restoring prison services and returning inmates back to Hawaii. The Department seeks to transform the current correctional system in an effort to lower recidivism rates while providing mental health and career services. Your Committee supports the Justice Reinvestment Initiative and has provided for the transfer of \$4,337,824 in fiscal year 2013-2014 and \$7,258,243 in fiscal year 2014-2015 in general funds from non-state facilities to local facilities to reopen the Kulani Correctional Facility and facilitate the transition of inmates and services back to Hawaii.

Land and Natural Resources

The Department of Land and Natural Resources is committed to protecting, conserving, and managing Hawaii's unique and limited natural, cultural, and historic resources.

Your Committee recognizes the Department's efforts in maintaining Hawaii's most valuable assets. Hawaii's fresh water supply is not inexhaustible and is susceptible to local and global environmental changes. As such, it requires prudent management and protection. The Department launched the *Rain Follows the Forest Initiative* last year, which identifies and protects high priority watershed areas. With the Legislature's support, the Department was able to protect and maintain over one hundred sixty thousand acres of watersheds in fiscal year 2012-2013. In order to continue this initiative, your Committee has provided positions and \$3,500,000 in special funds to increase watershed protection throughout the State.

Invasive species are extremely detrimental to Hawaii's native ecosystems and natural resources. Your Committee is aware of the increase in invasive species over the past two years, including the increasing population of axis deer and fire ants on the Big Island and Maui, and the first detection of mongooses on Kauai, which previously served as a seabird refuge. Your Committee is also cognizant of the fiscal need to control invasive species now, to avoid exponentially increased costs of addressing invasive species damage in the future. Therefore, your Committee has provided \$1,000,000 in general funds to the Hawaii Invasive Species Council. These funds will be used as part of a competitive funding grant process for invasive species prevention, control, and outreach. In addition, your Committee is conscious of the growing invasive algae problem in Kaneohe Bay and the Department's recent success in combating the algae with the introduction of indigenous sea urchins. As such, your Committee has provided \$229,932 in general funds to continue the Department's Super Sucker project that removes the invasive algae from Kaneohe Bay.

Your Committee is mindful of the Department's efforts to accommodate the increase in visitors to Hawaii's State Parks, despite limited funding. Therefore, your Committee has provided \$442,000 in general funds for the State Parks Division's recurring payroll deficit and \$300,000 in general funds for rising electricity costs. Your Committee has also provided \$500,000 in fiscal year 2013-2014 and \$1,000,000 in fiscal year 2014-2015 in special funds for the State Parks Division to utilize their revenues from state park fee increases. In addition, your Committee has provided maintenance positions for the new Diamond Head Linear Park and Kauai District State Parks, to be funded with these increased fee revenues. Your Committee is aware of the Department resorting to state parks

special funds to fund required lifeguard services, at the expense of parks' repair and maintenance. Thus, your Committee has provided \$200,000 in general funds to support lifeguard services throughout the State.

Hawaii's State Historic Preservation Division works to preserve Hawaii's rare historical and cultural sites. Your Committee is cognizant of the Division's recent federal review, and the resulting corrective action plan requiring the Division to maintain a minimum staffing level, among other stipulations in order to avoid federal funding decreases. As such, your Committee has provided positions and \$122,448 in general funds to support federally required positions, as well as \$62,400 in special funds for the Division to upgrade its computer systems in compliance with federal equipment requirements.

#### Agriculture

Agriculture is an integral part of Hawaii's economy. Your Committee is aware that the Department of Agriculture's primary responsibilities are to promote agricultural sustainability and protect the State from invasive species. Your Committee is dedicated to promoting self-sufficiency, conserving resources, and preventing the introduction and proliferation of invasive species in the State.

Your Committee recognizes the need to attract farmers and ranchers to ensure a sustainable future for the State's food security. Therefore, your Committee has provided \$1,000,000 in special funds in fiscal year 2014-2015 to attract new farmers and ranchers by offering low interest rate loans and allowing for the opportunity to enhance Hawaii's locally grown food sources and reduce our dependence on imported food.

Your Committee is conscious of the threat of invasive species to the State and supports the Department's efforts to improve awareness, interception, and enforcement practices. To this end, your Committee has provided positions and \$739,995 in fiscal year 2013-2014 and \$1,109,213 in fiscal year 2014-2015 in special funds for Plant, Pest, and Bio Control Programs and \$306,112 in special funds for the Maui Plant Quarantine Inspector Positions, where federal funding was recently reduced. Further, your Committee has provided positions and \$230,808 in special funds for the Detector Dog Program in Honolulu Airport to intercept illegal invasive species.

#### Business, Economic Development, and Tourism

As a public entity, the State has the unique capacity to develop policies and strategies and make investments that promote job growth, industry development, and financial stability to the benefit of all Hawaii's citizens. Your Committee supports the Department of Business, Economic Development, and Tourism's efforts to generate long term economic stability through strategic multi-industry investments, business community outreach and development, and the maximization of federal funds.

The Department has identified key investment opportunities over the upcoming fiscal biennium that are expected to help promote and sustain positive growth trends throughout the economy. Through strategic implementations of business incubators and accelerators, international tradeshows, and partnerships with innovative industries, the Department has demonstrated Hawaii's potential as a strong productive leader in a globally-competitive market. As such, your Committee has provided funds to targeted areas that are expected to augment and maximize the Department's efforts. Among these general funded investments are: \$50,000 for the Hawaii fashion industry; \$250,000 for two international trade shows and the Small Business State Trade Export Promotion program, which will receive a federal match of \$1,000,000; \$100,000 for the operation of the Beijing and Taipei out of state offices; and \$100,000 for economic studies to track consumer trends and industry growth in Hawaii. Your Committee has also provided \$8,000,000 in general funds for the Hawaii Growth Initiative (HI Growth) as an investment in the State's long term economic stability. These funds are expected to generate one hundred per cent matching funds through private investments that will sustain the program going forward. Your Committee hopes that the Department will be able to achieve its investment goals through HI Growth and succeed in the cultivation and retention of private sector businesses and investors in the local economy.

While the tourism industry continues to grow, your Committee is aware that the State is approaching visitor capacity. However, your Committee is also cognizant of various emerging industries that have already experienced or anticipate significant growth potential. Clean energy has proven to be a primary area of growth and activity in Hawaii's economy. Still on track to achieve Hawaii's seventy per cent clean energy goal by 2030, Hawaii has already ranked among the top three states in the nation for solar water heaters and performance contracting per capita, power purchase agreements, cumulative installed photovoltaic capacity per capita, and clean energy job growth. In support of continuing these positive trends as well as to mitigate the risk of the State's tourism industry reaching a plateau, your Committee has provided \$2,405,000 in special funds and \$10,468,000 in other federal funds for clean energy initiatives and continued public private partnerships to develop advanced low emission and zero emission vehicles centered on electric drive technologies.

Your Committee is also mindful of the growing interest, support, and progress of aerospace projects and technologies and recognizes the importance of timely investment in a potentially landmark industry. To this end, and in accordance with the foresight of prior legislative bodies, your Committee has provided general funds to allow for continued operations of the Challenger Center Hawaii and Pacific International Space Center for Exploration systems in the amount of \$250,000 and \$1,112,664, respectively.

Prior year reductions to the Department's budget and personnel resources continue to inhibit the Department's ability to capitalize on investment opportunities and perform various statutorily mandated duties in a timely manner. Your Committee recognizes the need to address these operational deficiencies and has worked with the Department to restore critical positions and target strategic investments. To this end, your Committee has provided positions in various divisions to support operational efficiency and oversight throughout the Department. Your Committee expects that with these added positions, the Department can accommodate the growing private sector demand for services, such as land use petitions and film permits, and utilize additional administrative and clerical support to diminish internal inefficiencies.

#### Commerce and Consumer Affairs

Your Committee recognizes the Department of Commerce and Consumer Affairs' role in delivering consumer protection services, including consumer education outreach and commerce regulation. Your Committee is concerned about unlicensed contracting and advocates education as a way to mitigate this concern. As such, your Committee has provided \$306,461 in special funds for the Mortgage Foreclosure Dispute Resolution Program and \$140,000 in trust funds to support consumer education campaigns.

Attorney General

Your Committee is aware that the federal government has decreased the percentage of federal funds that the Department of Human Services (DHS) may use to compensate the Department of the Attorney General for representation in Title IV-E cases from thirty-one per cent to twenty-five per cent. Therefore, your Committee has provided positions and \$250,591 in general funds to the Department of the Attorney General Family Law Division to ameliorate the budgetary impact of the newly adjusted DHS reimbursement rate. To better serve the Division, your Committee recognizes that the ability to manage more Title IV-E cases requires the Family Law Division to lease a space in closer proximity to the Family Law Court in Kapolei. To this end, your Committee has provided \$145,000 in general funds for relocation costs to Kapolei.

Your Committee recognizes the importance of providing services to victims of crime. Therefore, your Committee has provided \$440,000 in fiscal year 2013-2014 and \$749,959 in fiscal year 2014-2015 in general funds to collect, compile, and disseminate timely and accurate restitution information to victims throughout the State. Your Committee is also cognizant of the fact that a substantial and disproportionate number of serious crimes are committed by repeat offenders. Your Committee wishes to assist in creating a safer community by focusing prosecution on repeat and violent offenders. In order to better protect the public from repeat offenders and to provide services and counseling to crime victims, your Committee has provided \$850,000 in general funds for the Career Criminal Prosecution Program and Victim Witness Program.

Your Committee has provided \$127,000 in fiscal year 2013-2014 and \$200,000 in fiscal year 2014-2015 in general funds for maintenance and operating costs for the Automated Fingerprint Identification System, which is essential to the operations of law enforcement.

Taxation

Your Committee understands that in order to enhance the State's tax revenue stream, it is essential to modernize the tax system. Currently, the Department of Taxation lacks the tools necessary to efficiently collect proceeds that fund important state programs. Therefore, your Committee has provided positions and \$1,788,966 in fiscal year 2013-2014 and \$4,277,600 in fiscal year 2014-2015 in general funds to expedite the modernization. This funding will improve the State's ability to effectively manage tax collection and streamline operations to ultimately improve service delivery, access, and returns processing in the State's tax system.

Transportation

Your Committee understands the significance of managing the State's public airports, commercial harbors, and highways. Your Committee has provided funds for debt service payments for both the airports special fund and harbors special fund. This will allow for modernization and refurbishment of airport and harbor facilities across the State. Your Committee has also provided \$87,000,000 in special funds in fiscal year 2014-2015 for various special repair and maintenance projects across the State's airports, harbors, and roadways.

Your Committee recognizes that airports are the primary means for travelers entering the State and that the Honolulu International Airport receives the bulk of incoming overseas travelers. Your Committee is dedicated to ensuring that the initial reception and impression of travelers passing through Hawaii's airports is positive. For this purpose, your Committee has provided thirty-two janitorial positions and \$755,153 in fiscal year 2013-2014 and \$1,510,306 in fiscal year 2014-2015 in special funds to ensure that the Honolulu International Airport is well-maintained and instills a lasting impression of aloha.

Defense

Your Committee understands the significance of identifying and preparing for potential disasters. In support of the Department of Defense's efforts to avert loss of life and destruction caused by landslides, your Committee has provided \$1,000,000 in general funds for land destabilization studies.

Your Committee is aware of the positive impact tuition assistance programs can make for Hawaii National Guard service members. As such, your Committee has provided \$100,000 in general funds to support recruitment and retention by means of reimbursing service members for post-secondary education costs.

Your Committee acknowledges the importance of caring for our veterans. Therefore, your Committee has provided five additional Veterans Services Counselors and \$474,196 in general funds to support veterans across the State.

Labor and Industrial Relations

Your Committee recognizes that prior year reductions have greatly affected the day-to-day operations of the Disability Compensation Division. Current staffing levels have limited the Division's ability to meet its duties as described in Act 206, Session Laws of Hawaii 2011, resulting in worker's compensation claim decisions taking up to four months. The Division also faces an increasing number of cases for temporary disability insurance claims. It is the priority of your Committee to reduce the growing backlog of Disability Compensation Division cases and help the Department of Labor and Industrial Relations address these pressing cases for the State. To this end, your Committee has provided positions and \$214,000 in fiscal year 2013-2014 and \$428,000 in fiscal year 2014-2015 in general funds to alleviate the backlog of disability compensation cases.

Your Committee acknowledges the important services provided by the Office of Community Services to Hawaii's vulnerable immigrant and ex-offender populations. Due to the federal budget sequestration, the Department faces significant reductions in its federal funding. Therefore, your Committee has provided \$1,056,118 in general funds for staffing and services to administer New Day Programs in the Office of Community Services and ameliorate the loss of federal funds.

Human Resources Development

Your Committee understands the need for adequate staffing to fulfill departmental responsibilities. The Department of Human Resources Development has struggled to complete timely and effective recruitment actions as a result of significant budget cuts in

prior years. Therefore, your Committee has provided positions and \$153,540 in fiscal year 2013-2014 and \$278,280 in fiscal year 2014-2015 in general funds to address these deficiencies and alleviate the vacancy backlog throughout the State.

Your Committee is aware of the rising cost and occurrence of workers' compensation claims as well as the Department of Human Resource Development's responsibility to pay such claims to injured state employees as required by state law. To this end, your Committee has provided \$457,000 in fiscal year 2013-2014 and \$545,000 in fiscal year 2014-2015 in general funds for these obligations.

#### VII. CAPITAL IMPROVEMENTS PROGRAM

Your Committee finds that the State's economic outlook continues to steadily improve. The infusion and investments made in state facilities over the past biennium has contributed to overall savings for our residents and has produced a steady increase in job creation for the construction industry as well. Investment in infrastructure and facilities is crucial for sustained economic growth and job creation. Your Committee also recognizes the need to support a sustained program that will diversify the State's economy, while streamlining government operations in a responsible way.

Your Committee finds that due to responsible fiscal policies implemented by the State over the past two years, as well as strategic investments in capital improvement program projects, your Committee took a more robust approach to the Capital Improvement Program appropriations. Accordingly, your Committee, after carefully considering the current economy along with the proposals, needs, and priorities of the administration and its departments, has provided a total of \$992,512,000 for fiscal year 2013-2014 and \$533,644,000 for fiscal year 2014-2015 for projects funded by general obligation bonds and \$3,035,850,000 in fiscal biennium 2013-2015 for projects funded by all means of financing. In comparison, the administration's proposed capital improvement program biennium budget, as amended pursuant to governor's messages, provided a total of \$827,189,000 for fiscal year 2013-2014 and \$516,448,000 for fiscal year 2014-2015 for projects funded by general obligation bonds and \$2,763,980,000 in fiscal biennium 2013-2015 for projects funded by all means of financing.

Next, your Committee crafted a capital improvement program budget that focused on funding both critical and significant capital projects that:

- (1) Upgrade and modernize information technology infrastructure, with over \$120,000,000 in funding for the Enterprise IT System and Tax Modernization program, as well as other departmental projects;
- (2) Address critical health, safety, and building code requirements with appropriations to the Department of Health, Hawaii Health Systems Corporation, and the University of Hawaii System;
- (3) Renovate and maintain existing state-owned facilities to reduce general fund expenditures in the future. To this end, your Committee proposes over \$230,000,000 to fund renovations to:
  - (A) The Department of Health's Waimano Ridge facility;
  - (B) Hawaii Health Systems Corporation's network of hospitals; and
  - (C) Hundreds of other projects for the Department of Education, University of Hawaii, Department of Land and Natural Resources, and the Department of Accounting and General Services; and
- (4) Designate appropriations for projects to address future capacity needs and economic growth. To this end, your Committee included:
  - (A) The College of Pharmacy building at University of Hawaii-Hilo, to meet the needs of a growing pharmacy program;
  - (B) Renovations and expansion of the Foreign Trade Zone facility;
  - (C) Four projects at the University of Hawaii-West Oahu campus; and
  - (D) Funding for Ewa Makai Middle School to complete the campus master plan and reduce overcrowding in schools in the Ewa plain.

Your Committee has continuing concerns for the State's transportation infrastructure, which is a vital component of the State's long-term economic viability. Investment in airports, harbors, and highways is necessary to address the continued influx of visitors, the efficient transport of goods within and without the State, and the day-to-day needs of our residents. Your Committee has demonstrated its commitment to transportation projects by appropriating, for fiscal biennium 2013-2015, \$1,200,000,000 for the Department of Transportation, including \$390,000,000 for state highways on every island.

Your Committee recognizes the great need in the State for services provided by non-governmental groups and nonprofit agencies. Therefore, your Committee has appropriated \$27,000,000 for fiscal year 2013-2014 for grants to nonprofit organizations for facilities improvements and expansion. Such assistance is vital, as these nonprofit organizations continue to provide much needed services to our residents.

In addition, your Committee provided funding for various projects within the Department of Transportation, Department of Defense, Department of Agriculture, Department of Health, Department of Education, and the University of Hawaii, among others, to ensure that matching federal, private, and other funds contributions are maximized and not lost or forfeited.

Finally, the biennium budget provides funding for various other capital projects that your Committee believes should be included at this time, but that may warrant additional discussion as the budget is further refined during the remainder of session to meet the evolving needs and priorities of the State.

#### VIII. CONCLUSION

Your Committee has adjusted the Governor's operating budget request by providing through this measure:

- (1) \$6,085,598,679 in general funds and \$11,904,318,805 in all means of financing for fiscal year 2013-2014; and
- (2) \$6,204,190,655 in general funds and \$12,152,166,440 in all means of financing for fiscal year 2014-2015.

Your Committee has also made numerous technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 200, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 200, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1242 (Majority) Ways and Means on H.B. No. 865**

The purpose and intent of this measure is to improve public school facilities and infrastructure to meet the challenges of the twenty-first century by optimizing the use of public school lands.

Specifically, this measure:

- (1) Establishes a three-year pilot program to generate revenue from use of public school lands for public purposes;
- (2) Establishes the school facilities special fund within chapter 302A, Hawaii Revised Statutes;
- (3) Requires the Lieutenant Governor to submit a report relating to the pilot program to the Legislature prior to the convening of the Regular Sessions of 2014 through 2016; and
- (4) Appropriates an unspecified sum of funds for the establishment of the pilot program.

Your Committee received written comments in support of this measure from the City and County of Honolulu, the He'e Coalition, the Hawaii Institute for Public Affairs, and the General Contractors Association of Hawaii.

Your Committee finds that underused public school lands on the State's two hundred fifty-seven school campuses are an untapped resource that could generate revenue to provide the infrastructure necessary to make classrooms, campuses, and communities suitable for the twenty-first century. Your Committee believes that the pilot program established by this measure will lay important groundwork for a statewide approach and plan to optimize the use of public school lands and to modernize public school facilities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 865, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1243 Ways and Means on H.B. No. 927**

The purpose and intent of this measure is to spur continued economic growth and employment rates throughout the State.

More specifically, this measure places an emphasis on using employment and training fund moneys to assist small businesses with training programs, in accordance with state and county economic development strategies.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and one concerned individual.

Your Committee received written comments in opposition to this measure from one concerned individual.

Your Committee finds that small businesses in Hawaii are still suffering from the ongoing impacts of the recent global recession. Small businesses are struggling to provide necessary training for their employees, which impedes the businesses' ability to remain viable and grow. This measure would provide assistance to small businesses, increase workers' employability, and further state and county economic development strategies.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 927, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (English).

**SCRep. 1244 Ways and Means on H.B. No. 925**

The purpose of this measure is to streamline the unemployment insurance appeals process.

Specifically, the measure:

- (1) Reduces the period for mailing notice of the initial hearing date for unemployment insurance appeals; and
- (2) Provides a claimant or party to an appeal with the option to receive notices and appeal documents from the Employment Security Appeals Referee's Office electronically in lieu of mail.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that section 91-9.5(a), Hawaii Revised Statutes, requires written notice of a hearing to be provided by mail at least fifteen days prior to the hearing date, unless otherwise provided by law. This measure shortens the notice period for

unemployment insurance appeals by requiring the notice to be mailed at least twelve days prior to the initial hearing date, allowing the parties to receive an earlier hearing and appeal decision. In addition, this measure will streamline and expedite the delivery of appeal notices and documents through quicker and cost-effective electronic means.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 925, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1245      Ways and Means on H.B. No. 921**

The purpose of this measure is to promote the efficient processing of workers' compensation appeals.

Specifically, this measure authorizes:

- (1) The Labor and Industrial Relations Appeals Board to take appropriate action to enforce its rules and orders, including the imposition of administrative and monetary sanctions; and
- (2) Workers' compensation litigants to file electronic notices of appeal with the appellate court.

The Department of Labor and Industrial Relations, Labor and Industrial Relations Appeals Board, and ILWU Local 142 provided written comments in support of this measure.

Your Committee finds that the Labor and Industrial Relations Appeals Board (Board) decides appeals from decisions and orders of the Director of Labor and Industrial Relations issued under the workers' compensation law and any other law for which an appeal to the Board is provided by law. This measure will enhance the Board's capabilities by providing the Board express authority to enforce its rules and orders. Further, this measure will improve the processing of the Board's decisions for judicial review by authorizing workers' compensation litigants to electronically file notices of appeal.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 921, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1246      (Majority) Ways and Means on H.B. No. 919**

The purpose and intent of this measure is to enable the State to further implement its work experience training and temporary public service employment programs.

More specifically, this measure:

- (1) Expands the exemption from the state civil service laws for temporary public service employment to include work experience training and limits the exemption to those persons entering the workforce or transitioning into other careers under specified federal or state programs; and
- (2) Exempts persons described in paragraph (1) from automatic disqualification from public employment based upon a controlled substance-related offense.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that participants who complete work experience training will be better equipped to compete for jobs, thereby reducing or eliminating reliance upon public benefits such as unemployment insurance and welfare assistance. Furthermore, because criminal offenders are less likely to return to prison if they are working, work experience training contributes toward lower recidivism rates.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 919, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1247      (Majority) Ways and Means on H.B. No. 527**

The purpose and intent of this measure is to repeal the uniform maintenance allowance for enlisted personnel.

Your Committee finds that the Legislature established the uniform maintenance allowance for enlisted personnel during the Regular Session of 1967 to assist enlisted members of the National Guard with the cost of professionally laundering their uniforms. However, this allowance is no longer necessary because most modern military uniforms are made of wash and wear fabric that does not require dry cleaning. Your Committee further finds that the numerous benefits accorded by the State to the National Guard and other military members in recent years will more than cover the loss of funds experienced by enlisted personnel upon the repeal of the uniform maintenance allowance.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 527, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Chun Oakland, Kahele, Thielen). Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1248 Commerce and Consumer Protection on H.B. No. 1314**

The purpose and intent of this measure is to authorize:

- (1) The Department of Agriculture to request the use of certain language on beer labels to convey the true place of production in cases where the labels tend to create the false impression that the beer was produced in Hawaii or a region of Hawaii; and
- (2) The inclusion of the name of the bottler and place where the beer was bottled or canned on beer labels bearing any Hawaiian brand name or adjective, Hawaiian word or statement, design, or device for beer that is sold or distributed in the State.

Your Committee received testimony in support of this measure from Maui Brewing Co.; Kauai Brewers LLC; Kaua'i Island Brewing Company, LLC; Big Island Brewhaus; and one individual. Your Committee received testimony in opposition to this measure from Kona Brewing Co. and Capitol Consultants of Hawaii, LLP.

Your Committee finds that Hawaii consumers often wish to know the origin of the food and beverages they are consuming. A beer brewer who manufactures beer outside of Hawaii, then labels the beer without indicating the actual origin of manufacture may cause confusion amongst consumers, especially for those consumers who value locally made products in order to support local businesses and ensure quality and freshness of the products.

Your Committee notes that this measure requests, but does not require, the use of certain language on beer labels to convey the true place of production and the name of the bottler and the place where the beer was bottled or canned in certain situations.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1314, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1249 Commerce and Consumer Protection on H.B. No. 811**

The purpose and intent of this measure is to:

- (1) Improve the ease and efficiency of Energy Industry Information Reporting Act processes for reporting entities by combining all information and registration gathering functions within the Department of Business, Economic Development, and Tourism; and
- (2) Clarify the enforcement and investigatory powers of the Public Utilities Commission following the consolidation of information gathering and registration functions within the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Public Utilities Commission.

Your Committee finds that the Public Utilities Commission presently administers the registration and information gathering requirements of the Energy Industry Information Reporting Act, codified as chapter 486J, Hawaii Revised Statutes. The Department of Business, Economic Development, and Tourism also performs similar energy industry information gathering functions under other statutes and has a well-established database system. This measure simplifies the registration and reporting processes for fuel distributors by merging the registration and reporting requirements of chapter 486J, Hawaii Revised Statutes, within existing reporting processes under the Department of Business, Economic Development, and Tourism.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 811, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1250 Commerce and Consumer Protection on H.B. No. 654**

The purpose and intent of this measure is to:

- (1) Require the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs to collaborate with the Center for Nursing to enable the Center to obtain nursing-related data;
- (2) Require the Professional and Vocational Licensing Division to provide the Center for Nursing with certain information through a memorandum of understanding; and
- (3) Request completion of a survey developed by the Center for Nursing as part of the license renewal requirements under chapter 457, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Board of Nursing; Hawai'i State Center for Nursing; Hawai'i Pacific Health; Hawai'i Association of Professional Nurses; American Organization of Nurse Executives, Hawai'i Chapter; and six individuals. Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that this measure requires the Professional and Vocational Licensing Division to provide nurse license contact information to the Hawaii State Center for Nursing. Your Committee further finds that the Professional and Vocational Licensing Division has agreed to include the Center for Nursing's workforce survey at the beginning and end of the online license renewal process and include a link to the Center for Nursing's survey on the Board of Nursing's web page. This will enable the Center

for Nursing to contact nurses and obtain workforce data that can be used to determine the current and future trends of the nursing workforce.

Your Committee additionally finds that effective workforce planning and policymaking require better data collection and an improved information infrastructure. The Center for Nursing's surveys related to nursing programs, registered nurses, and licensed practical nurses are a valuable way to collect nursing-related data and will ensure a more complete assessment of the nursing workforce in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 654, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1251 Ways and Means on H.B. No. 1388**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Sunrise Capital, Inc., a pathogen-free shrimp hatchery.

More specifically, this measure authorizes issuance of special purpose revenue bonds in an unspecified amount to assist Sunrise Capital, Inc., for the planning, design, and construction of a two-phase project to protect their current packing facility and relocating the packing facility and salt water well further inland.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by changing the unspecified bond amount to \$1,300,000.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1388, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1388, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1252 Ways and Means on H.B. No. 1136**

The purpose and intent of this measure is to appropriate an unspecified amount for the Hawaii Civil Air Patrol for fiscal years 2013-2015.

Your Committee received written comments in support of this measure from the Kona Composite Squadron-Hawaii Wing-Civil Air Patrol-United States Air Force Auxiliary, Civil Air Patrol-Hawaii Wing, and three individuals.

Your Committee received written comments on this measure from one individual.

Your Committee finds that this measure supports and enables the Hawaii Civil Air Patrol to continue its valuable services to the State.

Your Committee has amended this measure by changing the effective date to July 1, 2150, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1136, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1136, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1253 Ways and Means on H.B. No. 1119**

The purpose and intent of this measure is to appropriate funds for the redevelopment of the Mayor Wright Homes; provided that the funds are matched by private or federal funds.

Your Committee finds that this measure is necessary to maintain and support public housing projects in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1119, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1119, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1254 Ways and Means on H.B. No. 986**

The purpose and intent of this measure is to support foster care services in the State.

More specifically, this measure:

- (1) Requires the Department of Human Services to increase the monthly board payment from \$529 a month to an unspecified amount;
- (2) Appropriates an unspecified amount to the Department of Human Services for the purposes of funding the monthly board payment rate increase; and
- (3) Requires the Department of Human Services to submit a report to the Legislature prior to the Regular Session of 2014 and 2015 regarding the status, cost, and effect of the increased board payments.

Your Committee received written comments in support of this measure from Catholic Charities Hawaii, Hawaii Youth Services Network, and five individuals.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that that the current monthly board payment for foster care services was set in 1990 and is insufficient to cover the current, actual costs of providing care to foster children. Accordingly, your Committee believes that it is in the interest of the State to increase the monthly board payment to ensure that foster boarding home parents, group homes, and child caring institutions have sufficient funding to provide housing, utilities, clothing, and other necessities.

Your Committee has amended this measure by changing the effective date to July 1, 2051, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 986, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 986, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1255 Ways and Means on H.B. No. 518**

The purpose and intent of this measure is to facilitate and assist in the acquisition of permanent housing for qualified families and individuals.

Specifically, the measure appropriates an unspecified sum of funds for the:

- (1) State rent supplement program to obtain and maintain permanent housing for homeless working individuals or families who are ready to rent permanent housing; and
- (2) Department of Human Services to hire and train one program specialist to monitor the state rent supplement program and to enter into contracts to implement the program on a statewide basis.

Your Committee received written comments in support of this measure from the Hawaii Appleseed Center for Law and Economic Justice, Catholic Charities Hawaii, Community Alliance for Mental Health, and one individual. The Department of Human Services and Partners in Care submitted written comments on the measure.

Your Committee finds that many hardworking individuals and families remain in transitional housing programs because they cannot afford permanent, market-level housing. Your Committee believes that, by appropriating funds for the state rent supplement program, this measure will help these individuals and families to transition from temporary shelters to permanent housing.

Your Committee has amended this measure by:

- (1) Clarifying that individuals and families that work either part-time or full-time shall be eligible for the rent supplement; and
- (2) Making technical nonsubstantive amendments for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 518, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 518, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1256 Ways and Means on H.B. No. 514**

The purpose and intent of this measure is to establish, within the chapter of the Hawaii Revised Statutes relating to the Hawaii Public Housing Authority, a state tax exemption for income earned and obligations issued by public housing agencies.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee received written comments on this measure from the Hawaii Public Housing Authority and the Tax Foundation of Hawaii.

Your Committee finds that section 201H-37, Hawaii Revised Statutes, presently exempts from state taxation income earned and obligations issued by public housing agencies, pursuant to section 11 of the United States Housing Act of 1937, for the development of low-income housing projects. Your Committee also finds that this housekeeping measure establishes a state tax exemption from income earned and obligations issued by a public housing agency in the chapter of the Hawaii Revised Statutes that establishes the State's public housing authority.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 514, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 514, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1257 Commerce and Consumer Protection on H.B. No. 672**

The purpose and intent of this measure is to prohibit the sale of any tobacco product or vapor product to a minor under eighteen years of age and the purchase of any tobacco product or vapor product by a minor under eighteen years of age.

Your Committee received testimony in support of this measure from the Department of Health, Coalition for a Tobacco-Free Hawaii'i, Volcano Fine Electronic Cigarettes, and numerous individuals. Your Committee received comments on this measure from the American Cancer Society Cancer Action Network.

Your Committee finds that smoking and tobacco use remain Hawaii's and the nation's leading cause of preventable morbidity and mortality. Tobacco companies spend millions of dollars each year in Hawaii on advertising, marketing, and promotions to attract "replacement smokers." Every year, approximately 1,500 Hawaii youth become new daily smokers.

Your Committee has heard the concerns that the term "vapor product", as defined in this measure, is too narrow. "Vapor product" refers only to a noncombustible tobacco-derived product containing nicotine and is not inclusive of the electronic mechanism, which simulates smoking and delivers nicotine and other substances; the cartridge; or other components of the device. Your Committee concludes that the preferred definition is "electronic smoking device", as this broader definition covers the entire electronic product. Amendments to this measure are therefore necessary to incorporate this more appropriate definition.

Your Committee has also heard the concerns about the definition of "tobacco product" as proposed by this measure. Your Committee notes that existing statute currently contains a very broad definition of "tobacco". Attempting to narrow this definition in any shape or form may impact other statutory references and hamper enforcement efforts. Your Committee concludes that amendments to this measure are necessary to remove language that would have altered existing references to tobacco in section 709-908, Hawaii Revised Statutes.

Your Committee further finds that research has shown that preventing the display of tobacco products leads to a decrease in the number of children and youth experimenting with and becoming addicted to tobacco products. Prohibiting self-service displays where the customer has direct access to tobacco products is a realistic action to discourage tobacco company products at the point of sale in retail locations. Your Committee additionally finds that the Department of Health and the Department of the Attorney General have offered language relating to tobacco product placement. This language addresses constitutional issues associated with product placement restrictions and aligns with the restrictions under the federal Family Smoking Prevention and Tobacco Control Act of 2009. Amendments to this measure are therefore necessary to incorporate the consensus language from the Department of Health and the Department of the Attorney General.

Accordingly, your Committee has amended this measure by:

- (1) Prohibiting the sale of tobacco or electronic smoking devices to a minor under eighteen years of age and the purchase of tobacco product or electronic smoking devices by a minor under eighteen years of age, rather than prohibiting the sale or purchase of tobacco products and vapor products by minors under eighteen years of age;
- (2) Inserting a definition of "electronic smoking device";
- (3) Deleting definitions for "tobacco product" and "vapor product" and removing proposed language in section 709-908, Hawaii Revised Statutes, that would have altered references to "tobacco";
- (4) Inserting language to require retailers to sell cigarettes, smokeless tobacco, and all other tobacco products only in a direct face-to-face exchange between the retailer and consumer but permitting exceptions for retail tobacco stores, bars, or establishments where the minimum age for admission is eighteen;
- (5) Inserting an effective date of July 1, 2013; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 672, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 672, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1258 Commerce and Consumer Protection on H.B. No. 1405**

The purpose and intent of this measure is to:

- (1) Require the Public Utilities Commission to include a summary of the power purchase agreements in effect during the fiscal year in its annual report to the Governor; and
- (2) Clarify the use of the public benefits fee under section 269-121, Hawaii Revised Statutes, to support clean energy technology, demand response technology, and energy use reduction, and demand-side management infrastructure.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Public Utilities Commission; and Blue Planet Foundation. Your Committee received comments on this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs.

Your Committee finds that transparency in the process of purchasing renewable electricity generated from nonfossil fuel sources serves the interests of independent power producers who compete to sell energy to the energy utilities and the rate-paying public by creating an opportunity for review and oversight of the Public Utilities Commission's decision-making process. This measure brings consistency to the reporting and formatting of information by the Public Utilities Commission and will provide an easier way for the general public to locate and access power purchase contract information.

Your Committee further finds that this measure clarifies and expands the use of the public benefits fee, thus supporting clean energy technology, demand response technology, and energy use reduction, and demand-side management infrastructure.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1405, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1405, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1259 Ways and Means on H.B. No. 762**

The purpose and intent of this measure is to establish the Washington Place trust fund for purposes of funding the repair, maintenance, and upkeep of Washington Place.

This measure also establishes the Department of Accounting and General Services as the entity responsible for the administration and maintenance of Washington Place.

The Department of Accounting and General Services submitted written comments in support of this measure.

Your Committee finds that, under current law, any rent or revenue generated by the use of Washington Place is deposited into the general fund. This measure provides that revenue from rentals, donations, and concessions at Washington Place shall be deposited into the Washington Place trust fund to fund the repair, maintenance, and upkeep of Washington Place. Your Committee believes that this measure will assist the Department of Accounting and General Services in fulfilling its responsibilities for maintenance and upkeep of Washington Place.

Your Committee has amended this measure by limiting the corpus of the fund to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 762, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 762, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1260 Ways and Means on H.B. No. 924**

The purpose and intent of this measure is to increase the efficiency of the Hawaii Labor Relations Board.

More specifically, this measure exempts the Board from the requirement to provide notice of hearings by registered or certified mail and instead requires notice to be given by first class mail.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and the Hawaii Labor Relations Board.

Your Committee finds that requiring the Board to provide notice of hearings by first class mail instead of registered or certified mail will save the Board approximately \$2,200 per year, without significantly altering the hearing notification process. This savings will help fund the development of an electronic filing system for the Department of Labor and Industrial Relations.

Your Committee has amended this measure by clarifying that the notice requirement applies to all hearings conducted by the Board.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 924, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 924, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1261 Ways and Means on H.B. No. 1209**

The purpose and intent of this measure is to improve access to and knowledge of public hearings and informational briefings held at the State Capitol.

More specifically, this measure requires the legislative broadcast program to:

- (1) Make an audio or audiovisual recording of all public hearings and informational briefings held at the State Capitol; and

- (2) Maintain an archive of the recordings and make them available to the public.

Your Committee received written comments in support of this measure from Common Cause Hawaii and Hawaii Alliance of Nonprofit Organizations.

Your Committee received written comments on this measure from the Legislative Reference Bureau.

Your Committee finds that public access to and knowledge of legislative hearings and informational briefings promotes governmental transparency and contributes to an informed public. Your Committee believes that this measure would help increase the public's participation in government proceedings.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified sum; and
- (2) Changing the expending agency from the Legislative Reference Bureau to the House of Representatives and the Senate.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1209, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1209, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1262 Ways and Means on H.B. No. 1419**

The purpose and intent of this measure is to appropriate funds for salaries, expenses, and equipment for the Pacific International Space Center for Exploration Systems.

This measure also requires the Pacific International Space Center for Exploration Systems to submit a report to the Legislature no later than September 1, 2013.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; the University of Hawaii at Hilo; a member of the Hawaii County Council; and eighteen individuals. One individual submitted written comments on this measure.

Your Committee finds that funds for the Pacific International Space Center for Exploration Systems will help to stimulate growth of Hawaii's economy through aerospace research and other technologies that support space exploration.

Your Committee has amended this measure by making a technical nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1419, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1419, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1263 Commerce and Consumer Protection on H.B. No. 529**

The purpose and intent of this measure is to:

- (1) Require all operators of adult foster homes, assisted living facilities, adult residential care homes, expanded adult residential care homes, community care foster family homes, and developmental disabilities domiciliary homes to hold a sufficient amount of liability insurance and automobile liability insurance; and
- (2) Increase the number of adults with developmental or intellectual disabilities who can be served in an adult foster home.

Your Committee received testimony in support of this measure from the Department of Human Services, Adult Foster Homes of the Pacific, Big Island Adult Foster Home Operators, Alliance of Residential Care Administrators, Adult Foster Homecare Association of Hawaii, and numerous individuals. Your Committee received comments on this measure from the Department of Health, State Council on Developmental Disabilities, and Disability and Communication Access Board.

Your Committee finds that requiring operators of care homes to obtain and maintain liability insurance and automobile liability insurance protects the operators and the residents of these homes and facilities. Such coverage is prudent, given the ever-increasing number of people who reside in these homes and facilities.

Your Committee further finds that this measure increases the number of adults with development or intellectual disabilities who can be served in an adult foster home. Your Committee notes that the intent of certifying adult foster homes for up to two adults with developmental or intellectual disabilities was to provide a family home setting, rather than a group home setting. Increasing the number of adults moves away from that intent and toward the direction of the group home model.

However, your Committee recognizes that there may be certain situations where it would be appropriate to increase the number of adults with developmental disabilities or intellectual disabilities who can reside in an adult foster home. Rather than a blanket increase in the number of adults in these homes, your Committee concludes that it would be more appropriate to provide the Director of Health with the flexibility to waive the two adult restriction for adult foster homes on a case-by-case basis.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have increased the number of adults with developmental or intellectual disabilities who can be served in an adult foster home from two to three; and
- (2) Permitting the Director of Health to waive the two adult limit for certification of a home as an adult foster home; provided that the number of adults with developmental or intellectual disabilities in the certified home shall not exceed three adults with developmental or intellectual disabilities.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 529, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 529, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1264 Ways and Means on H.B. No. 378**

The purpose and intent of this measure is to provide an unspecified sum of matching funds for the environmental impact statement associated with the planned beach nourishment project at Kaanapali beach on the island of Maui.

Your Committee received written comments in support of this measure from Kaanapali Operations Association, Inc.

Your Committee finds that the restoration of Kaanapali beach is necessary to preserve a vital cultural, environmental, and recreational resource for residents and visitors on the island of Maui. Your Committee further finds that the cost of the environmental impact statement associated with the planned beach nourishment project at Kaanapali beach is estimated to be \$800,000. The intent of the appropriation in this measure is to match the \$400,000 that Kaanapali Operations Association, Inc., has committed towards the environmental impact statement.

Your Committee has amended this measure by clarifying that the funds shall be appropriated out of the beach restoration special fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 378, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 378, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1265 (Majority) Ways and Means on H.B. No. 385**

The purpose and intent of this measure is to implement two of the recommendations made by the Hawaii State Asset Building and Financial Education Task Force:

Specifically, this measure:

- (1) Establishes a state earned income tax credit to assist low-income workers;
- (2) Requires the Department of Human Services to offer financial education to applicants and recipients of temporary assistance for needy families; and
- (3) Appropriates funds for financial education.

Your Committee received written comments in support of this measure from Catholic Charities Hawaii; Community Alliance on Prisons; Goodwill Industries of Hawaii; Hawaii Alliance for Community-Based Economic Development; Hawaii Catholic Conference; Hawaii Women's Coalition; Kokua Kalihi Valley; National Community Tax Coalition; PHOCUSED; and two individuals. One individual submitted written comments in opposition to this measure. Your Committee received written comments on this measure from the Department of Human Services and Tax Foundation of Hawaii.

Your Committee finds that at least twenty-five states have enacted a state earned income tax credit. Establishing an earned income tax credit in Hawaii will provide an incentive for low-income households to remain in the workforce while providing them with meaningful support to escape from poverty. Your Committee further finds that offering financial education for families receiving temporary assistance for needy families will help them understand the financial concepts necessary to become self-sufficient.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 385, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 385, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1266 Ways and Means on H.B. No. 414**

The purpose and intent of this measure is to promote the proper stewardship, preservation, and maintenance of Waipio Valley on the island of Hawaii.

More specifically, this measure:

- (1) Establishes the Waipio Valley Advisory Commission within the Department of Land and Natural Resources for the development of a long-term plan that ensures the proper stewardship, preservation, and maintenance of Waipio Valley; and

- (2) Appropriates funds to the Department of Land and Natural Resources for the design and construction of flood damage reduction and stream stabilization in Waipio Valley.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs.

Your Committee finds that Waipio Valley, which traditionally served as an agricultural center on the island of Hawaii, now faces a variety of challenges, including competing land uses, visitor activities, stream water access, and flood control challenges. Your Committee believes that long-term planning is necessary to provide proper stewardship, preservation, and maintenance of the valley.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to promote continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 414, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 414, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1267 Ways and Means on H.B. No. 417**

The purpose and intent of this measure is to address the severe shortage of healthcare providers in the State.

More specifically, this measure appropriates an unspecified amount for the Interdisciplinary Hawaii Health Systems Corporation Primary Care Training Program at Hilo Medical Center.

Your Committee received written comments in support of this measure from Hawaii State Center for Nursing; Hawaii Health Systems Corporation; Hilo Medical Center; Hilo Medical Center Foundation; Hawaii Council of Mayors; Office of the Mayor-County of Hawaii; Hawaii County Council; AARP; East Hawaii Hiroshima Kenjin Kai; Hawaii Island Chamber of Commerce; Hawaii Island Family Medicine Residency; Hawaii Medical Association; Hawaii Pacific Health; Hui Malama Ola Na Oiwai; Japanese Chamber of Commerce & Industry of Hawaii; Kona-Kohala Chamber of Commerce; PCMC; Wyndham Vacation Ownership; and thirty-eight concerned individuals.

Your Committee received written comments on this measure from Hawaii Health Systems-East Hawaii Region; Hilo Medical Center Home Care; and five concerned individuals.

Your Committee finds that the State faces a severe shortage of healthcare providers. The Hawaii Health Systems Corporation Primary Care Training Program administered by Hilo Medical Center is a training model that generates interdisciplinary teams capable of caring for four times as many patients as independent practicing physicians. This measure would provide the necessary funds to expand this successful training model to other parts of the State.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 417, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 417, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1268 Ways and Means on H.B. No. 473**

The purpose and intent of this measure is to:

- (1) Permit the Natural Energy Laboratory of Hawaii Authority to develop, enter into, and implement inter-agency agreements with the Department of Business, Economic Development, and Tourism without the need for a memorandum of agreement or memorandum of understanding; and
- (2) Require certain terms to be included in any contract between the Natural Energy Laboratory of Hawaii Authority and any state agency, office, department, or other administrative subdivision.

Your Committee received written comments in support of this measure from the Natural Energy Laboratory of Hawaii Authority.

Your Committee received written comments on this measure from the Department of Taxation.

Your Committee finds that this measure will facilitate collaboration between the Natural Energy Laboratory of Hawaii Authority and the Department of Business, Economic Development, and Tourism and promote the efficient use of available resources.

Your Committee has amended this measure by:

- (1) Deleting the reference to “contracts” in the title of the proposed section and replacing the term “contract” with “inter-agency agreement” in the remainder of the proposed section; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 473, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 473, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1269 (Majority) Ways and Means on H.B. No. 800**

The purpose and intent of this measure is to appropriate an unspecified amount from the Energy Security special fund for the program on environment and energy development to support the Hawaii Refinery Task Force.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that this measure is necessary to fund and support the activities of the Hawaii Refinery Task Force.

Your Committee has amended this measure by:

- (1) Inserting \$145,000 as the amount of the appropriation; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 800, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 800, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

**SCRep. 1270 (Majority) Ways and Means on H.B. No. 673**

The purpose and intent of this measure is to better address the potential public health and environmental issues related to restricted use pesticides by requiring the Department of Agriculture to publish on its website the public information contained in all restricted use pesticide records, reports, or forms submitted to the Department.

Your Committee received written comments in support of this measure from two members of the Kauai County Council, Hawaii Oasis, Hawaii Farmer's Union United, Hawaii SEED and GMO Free Kauai, Ho'okipa Network-Kauai, Kauai Rising, Kanaka Freedom, and fifty-seven individuals. The Molokai Farm Bureau and one individual submitted written comments in opposition to this measure. The Hawaii Pest Control Association and three individuals submitted written comments.

Your Committee finds that there are concerns within the community about the effects that pesticide exposure may have on the health and wellness of community members. Your Committee believes that by requiring publication of certain information about restricted use pesticides, concerned community members will be better informed regarding the types of restricted use pesticides being used in their area, thereby enabling them to take necessary precautions against the possible harmful side effects of pesticide exposure.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 673, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 673, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

**SCRep. 1271 Ways and Means on H.B. No. 808**

The purpose and intent of this measure is to preserve the tax qualified status of the Employees' Retirement System under section 401(a) of the Internal Revenue Code of 1986.

Specifically, the bill amends the Employees' Retirement System law by:

- (1) Adding a provision to clarify that spousal terms include civil union partners and civil unions unless such recognition conflicts with the requirements of the Employees' Retirement System to be a tax-qualified plan under the Internal Revenue Code;
- (2) Adding a provision to specify that civil union partners are not entitled to the rights of spouses if they are not entitled to the rights of spouses under the Internal Revenue Code; and
- (3) Amending certain provisions of the Employees' Retirement System law to remove references to civil union partners.

Your Committee received written comments in support of this measure from the Department of Budget and Finance.

Your Committee received written comments on this measure from the Employees' Retirement System of the State of Hawaii.

Your Committee finds that this measure is necessary to preserve the tax qualified status of the Employees' Retirement System for the benefit of all members in the System.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 808, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 808, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1272 Ways and Means on H.B. No. 858**

The purpose and intent of this measure is to appropriate funds to the Hawaii Strategic Development Corporation to develop and strengthen entrepreneurialism, commercialization, and business formation for the purposes of promoting the creation of competitive high-growth companies in Hawaii.

This measure also requires the Hawaii Strategic Development Corporation to submit yearly reports to the Legislature on the annual outcomes achieved through the activities and expenditures of the HI Growth initiative.

Your Committee received comments in support of this measure from the Office of the Governor; the Department of Business, Economic Development, and Tourism; the Hawaii Strategic Development Corporation; the High Technology Development Corporation; the Hawaii Venture Capital Association; AKAMAI Capital LLC; the Hawaii Food Industry Association; the Founder Institute Hawaii Chapter; the Pacific International Center for High Technology Research; the Chamber of Commerce of Hawaii; and five individuals.

Your Committee finds that providing resources to promote an innovation infrastructure will encourage Hawaii's creative and entrepreneurial talent to remain in Hawaii and develop ideas into high growth business ventures that will contribute to diversifying the State's economy and creating jobs.

Your Committee has amended this measure by:

- (1) Codifying the requirement that the Hawaii Strategic Development Corporation submit a yearly report to the Legislature on the annual outcomes achieved through the activities and expenditures of the HI Growth Initiative; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 858, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 858, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1273 Ways and Means on H.B. No. 908**

The purpose and intent of this measure is to appropriate funds to the Department of Health to establish the Hawaii home visiting program for hospital-based screening and home visiting services for the families of newborns at risk for poor health and safety outcomes.

Your Committee received written comments in support of this measure from the Executive Office on Early Learning, Child and Family Service, Catholic Charities Hawaii, the Hawaii Family Support Institute, and the March of Dimes Foundation, Hawaii Chapter.

Your Committee finds that home visiting is a prevention strategy used by states and communities to improve the health and well-being of women, children, and families at risk for adverse developmental, health, and safety concerns. Home visiting programs have been shown to reduce costs associated with foster care placements, hospitalizations, emergency room visits, unintended pregnancies, and other more costly outcomes and interventions. Your Committee believes that this measure will help secure these benefits for Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2050, in order to promote continued discussion of the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 908, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 908, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1274 (Majority) Ways and Means on H.B. No. 914**

The purpose and intent of this measure is to establish the Hawaii Interagency Obesity Prevention Council to formulate and advise the Governor on a ten-year statewide plan to address child and adult obesity. This measure also appropriates an unspecified amount of funds to support programs to prevent child and adult obesity.

Your Committee received written comments in support of this measure from the Department of Health and Hawaii Pacific Health.

Your Committee finds that nearly one-third of Hawaii children entering kindergarten are overweight or obese. In addition, twenty-three per cent of adults in Hawaii are obese and another thirty-four per cent are overweight. Hawaii spends approximately \$470,000,000 on obesity-related health problems. Your Committee further finds that reducing obesity in the State will reduce health care spending associated with obesity-related diseases and will improve the health of Hawaii's residents.

Your Committee has amended this measure by:

- (1) Clarifying that only the Director of Health, the Director of Human Services, and the Superintendent of Education may designate a person to serve on the Hawaii Interagency Obesity Prevention Council in their stead; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 914, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 914, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, 1 (Slom). Excused, 3 (Kahele, Kouchi, Thielen).

**SCRep. 1275 Ways and Means on H.B. No. 1227**

The purpose and intent of this measure is to appropriate funds for the maintenance of landscaped areas of the Iolani Palace grounds.

One individual submitted written comments in support of this measure. The Department of Accounting and General Services submitted written comments on this measure.

Your Committee finds that the funds appropriated will assist in the maintenance of the grounds surrounding Iolani Palace, including restoring historically appropriate landscaping.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1227, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1227, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1276 Ways and Means on H.B. No. 1330**

The purpose and intent of this measure is to appropriate an unspecified amount for the Department of Land and Natural Resources Division of Conservation and Resources Enforcement.

Your Committee received written comments in support of this measure from one individual.

Your Committee finds that this measure enables the Division of Conservation and Resources Enforcement to continue its services and supports the protection of Hawaii's natural resources.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1330, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1330, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1277 Ways and Means on H.B. No. 1392**

The purpose and intent of this measure is to support the activities of the 'Ulu'ulu: The Henry Ku'ualoha Giugni Moving Image Archive of Hawai'i.

More specifically, this measure:

- (1) Appropriates an unspecified amount to the 'Ulu'ulu: The Henry Ku'ualoha Giugni Moving Image Archive of Hawai'i special fund for fiscal biennium 2013-2015; and
- (2) Authorizes an appropriation of an unspecified amount from the special fund to support the activities of the Archive.

Your Committee finds that this measure enables the 'Ulu'ulu: The Henry Ku'ualoha Giugni Moving Image Archive of Hawai'i to continue to educate individuals about the history of Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2150, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1392, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1392, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1278 Ways and Means on H.B. No. 1430**

The purpose and intent of this measure is to appropriate \$300,000 for the establishment and operation of a comprehensive service center for the deaf, hard of hearing, and deaf-blind.

Your Committee received written comments in support of this measure from the Hawaii State Public Library System-Library for the Blind and Physically Handicapped, the Community Alliance for Mental Health, and four individuals.

Your Committee received written comments on this measure from the Department of Human Services and one individual.

Your Committee finds that this measure encourages community participation and promotes individual growth for the deaf, hard of hearing, and deaf-blind population in the State.

Your Committee has amended this measure by changing the appropriation to an unspecified amount to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1430, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1430, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1279 Ways and Means on H.B. No. 1133**

The purpose and intent of this measure is to repeal chapter 171C, Hawaii Revised Statutes, relating to the Public Land Development Corporation.

This measure also:

- (1) Transfers the Public Land Development Corporation's employees and assets to the Department of Land and Natural Resources;
- (2) Deposits funds appropriated to the Department of Land and Natural Resources pursuant to Act 55, Session Laws of Hawaii 2011, into the land conservation fund; and
- (3) Deposits proceeds in the stadium facilities special fund and the school facilities special fund into the general fund.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs; two members of the Kauai County Council; Hawaii's Thousand Friends; Tropical Orchid Farm, Inc.; the Community Alliance on Prisons; the IMU Alliance; the Puna Pono Alliance; and fifty two individuals. One individual submitted written comments in opposition to the measure. One individual submitted written comments.

Your Committee finds that the community has expressed significant concerns regarding the establishment of the Public Land Development Corporation, particularly relating to the exemptions granted to the Corporation. The exemptions, coupled with the manner in which Act 55, Session Laws of Hawaii 2011, was passed, have led to distrust and uncertainty of the Corporation's intentions and development plans. Accordingly, your Committee finds that, at this time, it is in the public's best interest to repeal the legislation that established the Public Land Development Corporation.

Your Committee has amended this measure by:

- (1) Deleting the provision that transferred the Public Land Development Corporation's Executive Director, Planner, and Project-Development Specialist to the Department of Land and Natural Resources; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1133, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1133, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1280 Ways and Means on H.B. No. 899**

The purpose and intent of this measure is to restore the exemption from paying a pro rata share of central service expenses of state government for the deposit beverage container deposit special fund.

Your Committee received written comments in support of this measure from the Department of Health.

Your Committee finds that the exemption for deposit beverage container deposit revenues, which was removed by the Legislature in 2009, should be restored because these revenues are designated for redemptions to consumers.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 899, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 899, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1281 (Majority) Tourism and Hawaiian Affairs on Gov. Msg. Nos. 587 and 588**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF O'AHU

G.M. No. 587 DANNA HOLCK, for a term to expire 6-30-2016; and

G.M. No. 588 KALI FERMANTEZ, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Danna Holck and Kali Fermantez to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council for the Island of Oahu.

DANNA HOLCK

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Oahu Island Burial Council, Turtle Bay Resort, Kahuku Medical Center, Ku'iwalu, Kanalu K38, Polynesian Cultural Center, and fifteen individuals. Your Committee received testimony in opposition to this nominee from Keep the County Country, Inc.; Ko'olauloa Hawaiian Civic Club; Ilio Ulaokalani Coalition; and numerous individuals.

Ms. Holck earned a degree from the College of Travel Industry Management at the University of Hawaii. She has considerable experience in the hotel industry and has excelled in senior leadership positions at hotels and resorts across the country. After two decades away from Hawaii, she recently returned to Hawaii to become the General Manager at Turtle Bay Resort where she has already succeeded in creating a more culturally sensitive environment at the hotel and establishing a sense of cultural pride in the hotel staff. Your Committee noted concerns about the nominee's ability to make decisions regarding iwi kupuna if a conflict of interest developed between the Council and her employer. As an interim member of the Council, however, she has proven to be fair and unbiased in her capacity as a large landowner representative and has greatly assisted the Council in navigating difficult issues. As a Native Hawaiian, Ms. Holck appreciates the significance of iwi kupuna and is committed to their respectful treatment.

KALI FERMANTEZ

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources and three individuals. Your Committee received testimony in opposition to this nominee from numerous individuals.

Dr. Fermantez earned his Doctorate of Philosophy in Geography from the University of Hawaii at Manoa with a dissertation titled Re-Placing Hawaiians: Sense of Place and Identity in Wai'anae. He is currently an assistant professor at Brigham Young University in the Hawaiian and Pacific Islands Studies departments. Prior to his current position, he taught at the University of Hawaii at Hilo, University of Hawaii at Manoa, and Honolulu Community College. He is involved in various community organizations, including Ko'olauloa Hawaiian Civic Club, Na Leo Kako'o o Ko'olauloa, Kula Kaiapuni o Hau'ula, and Halau Hula Kukuna O Ka La.

Dr. Fermantez has been serving on the Island Burial Council for the Island of Oahu on an interim basis for the last few months and considers caring for the iwi kupuna a heavy responsibility. He is passionate about finding a balance between traditional culture and the modern context and looks forward to addressing these challenges further on the Council. Dr. Fermantez has dedicated his life's work to the care and perpetuation of Hawaii's culture, people, values, traditions, and history and is uniquely qualified to serve on the Island Burial Council for the Island of Oahu.

As affirmed by the records of votes of the members of your Committee on Tourism and Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 587:

Ayes, 5. Noes, 1 (Hee). Excused, 2 (Shimabukuro, Slom).

For Gov. Msg. No. 588:

Ayes, 6. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1282 (Joint) Health and Technology and the Arts on S.C.R. No. 152**

The purpose and intent of this measure is to designate October 2013 as Brain Injury Awareness Month.

Your Committees received testimony in support of this measure from the Brain Injury Association of Hawaii.

Your Committees find that brain injury is a serious, national public health epidemic affecting 5.3 million Americans, with a person sustaining a brain injury every twenty-one seconds. Each year, at least fifty thousand Americans die and eighty thousand Americans experience the onset of life-long disabilities as a result of sustaining a brain injury. To raise public awareness of this important issue, your Committees recommend the designation of October 2013 as Brain Injury Awareness Month.

Your Committees have amended this measure by:

- (1) Changing the month to be designated as Brain Injury Awareness Month to March and making conforming amendments; and
- (2) Changing the title accordingly.

As affirmed by the records of votes of the members of your Committees on Health and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 152, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 152, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Slom).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1283 (Joint) Health and Technology and the Arts on S.R. No. 111**

The purpose and intent of this measure is to designate October 2013 as Brain Injury Awareness Month.

Your Committees received testimony in support of this measure from the Brain Injury Association of Hawaii.

Your Committees find that brain injury is a serious, national public health epidemic affecting 5.3 million Americans, with a person sustaining a brain injury every twenty-one seconds. Each year, at least fifty thousand Americans die and eighty thousand Americans experience the onset of life-long disabilities as a result of sustaining a brain injury. To raise public awareness of this important issue, your Committees recommend the designation of October 2013 as Brain Injury Awareness Month.

Your Committees have amended this measure by:

- (1) Changing the month to be designated as Brain Injury Awareness Month to March and making conforming amendments; and
- (2) Changing the title accordingly.

As affirmed by the records of votes of the members of your Committees on Health and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 111, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 111, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1284 (Joint) Water and Land and Energy and Environment and Public Safety, Intergovernmental and Military Affairs on S.R. No. 136**

The purpose and intent of this measure is to request the President of the Senate to establish a working group to discuss strategies for the development and expansion of geothermal energy and technology.

Your Committees received testimony in support of this measure from Indigenous Consultants, Innovations Development Group, Pacific Resource Partnership, Hawai'i Construction Alliance, Hawaii Masons' Union Local 1 & 630, and three individuals. Your Committees received testimony in opposition to this measure from the Hawaii Island Group of the Sierra Club, Life of the Land, Gaia Yoga Gardens, and numerous individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Hawaii's natural resources, such as geothermal energy, help reduce the State's dependence on imported oil for its energy needs and make the State more self-sufficient. Geothermal energy in Hawaii has proven to be a reliable, inexhaustible energy source that is nearly emission-free and offers tremendous potential for growth and expansion.

Your Committees further find that the State needs a sound, comprehensive strategy to ensure that geothermal energy is developed in an economically feasible manner that still protects public health, the environment, and cultural rights. A working group is necessary to discuss strategies for the development and expansion of geothermal energy and technology, including geothermal energy and technology development on the island of Hawaii and the development of a geothermal energy and technology park.

Your Committees have amended this measure by:

- (1) Inserting as members of the working group:
  - (A) The Energy Program Administrator of the Hawaii State Energy Office of the Department of Business, Economic Development, and Tourism, who shall serve as Chair of the working group instead of the Chairperson of the Board of Land and Natural Resources;
  - (B) The Director of Health, or the Director's designee;
  - (C) The Director of the Hawaii County Civil Defense, or the Director's designee;
  - (D) A representative of the United States Department of Energy;
  - (E) Two representatives of the geothermal industry, to be selected by the President of the Senate;
  - (F) One member from the affected community in the County of Hawaii, to be selected by the President of the Senate;
  - (G) One representative of the Hawaii Island Labor Alliance; and
  - (H) One representative of the Center for the Study of Active Volcanoes at the University of Hawaii at Hilo, to be selected by the Chancellor of the University of Hawaii at Hilo;
- (2) Deleting as members of the working group a Native Hawaiian cultural expert, a private sector business member, and a community member of the County of Hawaii;

- (3) Adding a request that the President of the Senate make Conference Room 414 in the State Capitol building with its video conferencing capability available to the Geothermal Energy and Technology Working Group to enable Hawaii County members to participate in meetings remotely by video conferencing via computers and web cams; and
- (4) Amending the list of parties to receive certified copies according to the foregoing.

As affirmed by the records of votes of the members of your Committees on Water and Land, Energy and Environment, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 136, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 136, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 4. Noes, 1 (Ruderman). Excused, 2 (Ihara, Shimabukuro).

Energy and Environment

Ayes, 3. Noes, 1 (Ruderman). Excused, 1 (Ihara).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 1285 (Joint) Technology and the Arts and Commerce and Consumer Protection on H.B. No. 1287**

The purpose and intent of this measure is to allow businesses to scan an individual's driver's license or identification card to verify age when providing age-restricted goods or services regardless of reasonable doubt of the person being at least eighteen years of age.

Your Committees received testimony in support of this measure from the Liquor Commission, City and County of Honolulu; Hawaii Food Industry Association; and Seven-Eleven Hawaii, Inc. Your Committees received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs and one individual. Your Committees received comments on this measure from the Department of Customer Services, City and County of Honolulu.

Your Committees find that the original intent of section 487J-6(a)(2), Hawaii Revised Statutes, is to permit businesses to scan the identification of individuals purchasing age-restricted goods or services if there is a reasonable doubt that the individual is not the minimum age or older, which may be twenty-one years of age for alcohol and eighteen for various other products. Your Committees further find that the inclusion of the reference in 487J-6(a)(2), Hawaii Revised Statutes, to "eighteen years or older" is intended to not only require a business to scan the identification of an individual purchasing age-restricted goods or services if the business has a reasonable doubt that the individual is of the legal age but also to permit a business to scan the identification card based upon a reasonable doubt that the individual is of an age older than the minimum age for purchasing the age-restricted goods or services. For example, a business selling tobacco products, which is required under Food and Drug Administration regulations to verify age via photographic identification of all purchasers under twenty-seven years of age, may scan the driver's license or identification card of purchasers who appear to be under twenty-seven years of age, rather than only purchasers who appear to be under eighteen years of age.

Your Committees have amended this measure by:

- (1) Retaining the reasonable doubt requirement but clarifying that it is the business that must have the reasonable doubt of the individual having reached the minimum age required for purchasing age-restricted goods or services; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1287, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1287, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

Commerce and Consumer Protection

Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1286 (Joint) Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs on H.B. No. 471**

The purpose and intent of this measure is to reduce the negative impacts of artificial night lighting in the State by extending the existence of the Starlight Reserve Committee for an additional two years from June 30, 2013, to June 30, 2015.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; Starlight Reserve Committee; and one individual.

Your Committees find that the Starlight Reserve Committee was established in 2009 by Act 161, Session Laws of Hawaii 2009, as a temporary advisory committee to assist the Department of Business, Economic Development, and Tourism in developing a statewide starlight reserve strategy and developing legislation to implement the strategy. In 2012, the Starlight Reserve Committee made recommendations to the Legislature, and the Legislature enacted Act 287, Session Laws of Hawaii 2012, which is codified as section 201-8.5, Hawaii Revised Statutes. Section 201-8.5, which is applicable to state agencies, implements a night sky protection strategy containing limitations and requirements related to artificial night lighting.

Your Committees find that with the enactment of Act 287, Session Laws of Hawaii 2012, the temporary Starlight Reserve Committee accomplished much of its mandated duties. The Starlight Reserve Committee and the Department of Business, Economic Development, and Tourism have already had approximately one year to develop administrative rules, and your Committees believe that one additional year should be sufficient for the Starlight Reserve Committee to complete any remaining mandated duties.

Therefore, your Committees have amended this measure by shortening the extension of the Starlight Reserve Committee's existence from a two-year period to a one-year period ending on June 30, 2014.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 471, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 471, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 6. Noes, none. Excused, 1 (Thielen).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1287 Human Services on H.B. No. 1207**

The purpose and intent of this measure is to require the Department of Human Services to submit interim reports to the Legislature prior to the Regular Sessions of 2014, 2015, and 2016, and a final report to the Legislature prior to the Regular Session of 2017 on its compliance with the federal Patient Protection and Affordable Care Act of 2010 as it relates to Medicare and Medicaid.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that fraud, abuse, and waste cost state Medicaid programs an estimated \$18,000,000,000 per year on a national level. Problems of fraud, abuse, and waste within Medicaid programs have led to higher costs for each state during the critical time of actuarial rate analysis and the setting of managed care health plan contracts.

Your Committee further finds that the Department of Human Services takes program integrity seriously as well as its responsibility as stewards of taxpayers' monies. Currently, the Department is compliant with federal program integrity requirements.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the Department of Human Services to submit an interim report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014;
- (2) Adding language that clarifies that the Department include in its interim reports the Department's timelines and plans for compliance with the federal Patient Protection and Affordable Care Act of 2010 for fiscal years 2013-2014, 2014-2015, and 2015-2016;
- (3) Deleting language that would have required information for fiscal year 2012-2013 to be included in the Department's report;
- (4) Amending the information required in the Department's reports, including the Department's compliance status with various provisions of the federal Patient Protection and Affordable Care Act of 2010;
- (5) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1207, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1207, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 1288 (Joint) Human Services and Technology and the Arts on H.B. No. 1187**

The purpose and intent of this measure is to designate January as Human Trafficking Awareness Month.

Your Committees received testimony in support of this measure from the Office of Community Services, Hawaii Catholic Conference, Sex Abuse Treatment Center, Hawaii Family Forum, Pacific Alliance to Stop Slavery, IMUAlliance, and one individual. Your Committees received testimony in opposition to this measure from the Hawaii Youth Services Network. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that thousands of human beings are trafficked into the United States each year to work in the sex trade or as slave labor. These victims of human trafficking need safety and security. Providing these individuals with a safe and nurturing environment is crucial to ensuring their return to society as contributing members.

Your Committees have amended this measure by:

- (1) Adding a new part using language from H.B. No. 874 (Regular Session of 2013), as introduced, which amends the definitions of "child abuse or neglect" under section 350-1, Hawaii Revised Statutes, and "harm" under section 587A-4, Hawaii Revised

Statutes, ensuring that the Department of Human Services provides the necessary services to Hawaii's youth who are victims of sex and labor trafficking; and

- (2) Changing the effective date to July 1, 2013.

As affirmed by the records of votes of the members of your Committees on Human Services and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1187, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1187, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1289 (Joint) Human Services and Technology and the Arts on H.B. No. 530**

The purpose and intent of this measure is to designate November as "Homelessness Awareness Month" to promote public awareness of homelessness as a significant problem.

Your Committees received testimony in support of this measure from Catholic Charities Hawaii, the Hawaii Appleseed Center for Law and Economic Justice, Community Alliance for Mental Health, Papa Ola Lokahi, and three individuals.

Your Committees find that the impact of homelessness is devastating for the individuals and families who struggle to survive without permanent housing. This is a complex problem that requires greater public education to help our community move toward a viable solution. A "Homelessness Awareness Month" will draw attention to this critical issue and promote greater understanding of the challenges and needs of people experiencing homelessness.

As affirmed by the records of votes of the members of your Committees on Human Services and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 530, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1290 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1203**

The purpose and intent of this measure is to:

- (1) Amend certain eligibility requirements for appointment to Adjutant General by requiring that effective July 1, 2013, and excluding application to the sitting Adjutant General, in order to serve as the Adjutant General, an individual must hold or have held a commission of at least O-5 and served as a commissioned officer in one or more of the Armed Forces of the United States for a total of at least ten years;
- (2) Provide first preference for an Adjutant General appointee who has had at least five years of service as an active commissioned officer in the Hawaii National Guard, whether Army, Air, or both, for eligibility; and
- (3) Provide second preference for an Adjutant General appointee who has served as an active commissioned officer in the National Guard of the Armed Forces of any state or territory of the United States.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii; Hawaii Air National Guard Headquarters, 154th Wing; Office of the Senior Enlisted Leader, Hawaii National Guard; and seven individuals. Your Committee received testimony in opposition to this measure from six individuals.

Your Committee finds that Hawaii does not have substantive qualifying criteria for the Governor to use in the selection of the Adjutant General. Your Committee further finds that the key role the Adjutant General plays in the safety and security of the people of Hawaii warrants this individual to have certain experience. This measure provides qualifying criteria to assist with the selection of the Adjutant General and gives preference to candidates with direct experience in supervising or participating in the various state programs that are under the purview of the Hawaii Department of Defense.

Your Committee has amended this measure by:

- (1) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1203, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1203, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Green).

**SCRep. 1291 (Joint) Tourism and Hawaiian Affairs and Judiciary and Labor on H.B. No. 252**

The purpose and intent of this measure is to:

- (1) Require the Native Hawaiian Roll Commission, in cooperation with the Office of Hawaiian Affairs, to submit annual reports to the Governor and the Legislature on the status of the preparation of a roll of qualified Native Hawaiians, expenditures related to the Commission, and any other concerns or recommendations;
- (2) Amend the definition of “qualified Native Hawaiian” to include individuals who meet the ancestry requirements of Kamehameha Schools or of the Hawaiian registry program of the Office of Hawaiian Affairs; and
- (3) Repeal the directive in Act 195, Session Laws of Hawaii 2011, to amend the Hawaiian Homes Commission Act.

Your Committees received testimony in support of this measure from Na Koa Ikaika and one individual. Your Committees received testimony in opposition to this measure from the Native Hawaiian Roll Commission and one individual. Your Committees received comments on this measure from the Office of Hawaiian Affairs, Department of Hawaiian Home Lands, and one individual.

Your Committees find that requiring annual reports from the Native Hawaiian Roll Commission will better inform the Governor and Legislature regarding the status and expenses of the Native Hawaiian registry to facilitate informed decision making. Your Committees note, however, that requiring the Native Hawaiian Roll to be confidential would conflict with the original intent and purpose of the Native Hawaiian Roll Commission. Your Committees also find that additional language should be included in this measure to promote renewable energy in Hawaii.

Accordingly, your Committees have amended this measure by:

- (1) Deleting the requirement that the Native Hawaiian Roll remain confidential;
- (2) Replacing the reference to “the” Hawaiian registry program with “any” Hawaiian registry program of the Office of Hawaiian Affairs as it relates to a qualified Native Hawaiian;
- (3) Inserting language clarifying that all individuals already registered with the State as verified Hawaiians or Native Hawaiians through the Office of Hawaiian Affairs are included in the Native Hawaiian Roll and extending to those individuals all rights and recognitions conferred upon other members of the roll;
- (4) Inserting language to promote renewable energy in Hawaii by:
  - (A) Providing that all penalties, fees, and costs established and collected by the Department of Land and Natural Resources pursuant to chapter 182, Hawaii Revised Statutes, be deposited in the special land and development fund;
  - (B) Including geothermal resources within the definition of a renewable energy producer;
  - (C) Clarifying the permitting procedures for regulators and renewable energy developers considering geothermal development;
  - (D) Requiring the use of an area or site within the conservation district for geothermal resources development to be governed by the Board of Land and Natural Resources;
  - (E) Authorizing certain county authorities to issue geothermal resource permits to allow geothermal resources development in an agricultural, rural, or urban district if the development is not considered a permissible use under the applicable county zoning ordinances or general plan; and
  - (F) Repealing the definition of and references to “reserved lands” in chapter 182, Hawaii Revised Statutes;
- (5) Inserting an effective date of July 1, 2013; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 252, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 252, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs  
Ayes, 6. Noes, none. Excused, 2 (Solomon, Slom).

Judiciary and Labor  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1292 (Joint/Majority) Health and Judiciary and Labor on H.B. No. 399**

The purpose and intent of this measure is to:

- (1) Expand Hawaii’s existing sexuality health education law;
- (2) Allow parents and legal guardians to request that their child be excused from any part of sexuality health instruction;
- (3) Require the Department of Education to provide information on the curricula to the public; and

- (4) Require minimum education and training requirements for sexuality health education teachers.

Your Committees received testimony in support of this measure from the Democratic Party of Hawaii, Gay, Lesbian, Bisexual and Transgender Caucus; Youth Services Network; and five individuals. Your Committees received testimony in opposition to this measure from the Department of Education.

Prior to the hearing on this measure, your Committees made available a proposed S.D. 1 for public review and comment. The proposed S.D. 1 amends the measure by deleting its contents and inserting language to:

- (1) Require certain private employers employing fifty or more employees to allow employees to take paid leaves of absence of up to seven days each calendar year for bone marrow or peripheral blood stem cell donation and up to thirty days each calendar year for organ donation, under certain conditions;
- (2) Require employers to restore employees returning from leave for organ, bone marrow, or peripheral blood stem cell donation to the same or equivalent position; and
- (3) Establish a private right of action for employees seeking enforcement of the protections in this measure.

Your Committees received testimony in support of the proposed S.D. 1 from The Queen's Health Systems, United Public Workers, National Kidney Foundation, Hawaii Bone Marrow Donor Registry, Legacy of Life Hawaii, and six individuals. Your Committees received testimony in opposition to the proposed S.D. 1 from the Democratic Party of Hawaii, Gay, Lesbian, Bisexual and Transgender Caucus; and The Chamber of Commerce of Hawaii.

Your Committees find that Hawaii has the lowest rate of condom use among teens in the nation. As of 2010, Hawaii also had the seventeenth highest rate of teen pregnancy in the country. Your Committees further find that while the Department of Education has a sexuality health education policy, decisions about its implementation are left to the schools, which results in inconsistent administration and little accountability. Your Committees also find it necessary to require the Department of Education to implement statewide sexuality health education to address the State's high teen pregnancy and low condom usage rates.

Your Committees further find that private employers are not currently required to give employees paid time off for donating organs, bone marrow, or peripheral blood stem cells. Your Committees find that many people in the State who would otherwise donate these vital medical resources delay or altogether refrain from donation because they cannot take time off of work to do so. Your Committees find that legislation requiring employers to allow employees paid time off for organ, bone marrow, and peripheral blood stem cell donation is necessary to provide life-saving medical resources to benefit citizens of the State in medical need.

Your Committees have amended this measure by:

- (1) Retaining, as part I of the measure, all language of the measure except for subsection (f), which would have allowed a student to be excused from any part of sexuality health instruction upon request by a parent or legal guardian;
- (2) Inserting the contents of the proposed S.D. 1 as part II of the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 399, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 399, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1293 (Joint) Water and Land and Tourism and Hawaiian Affairs and Judiciary and Labor on H.B. No. 1268**

The purpose and intent of this measure is to expand the eligibility of potential assignees of a homestead lease to include trustees of land trusts created for the purposes of managing and holding a homestead for the benefit of the lessee and lessee's family members.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and one individual. Your Committees received testimony in opposition to this measure from two individuals.

Your Committees find that the 999-year homestead program is becoming increasingly difficult to manage because conflicts often arise between family members who may have an interest in a 999-year lease. Existing leases are unique because they can only be assigned to members of the lessee's family.

Your Committees further find that there are many difficulties associated with the 999-year lease program, which was first implemented during the early years of the Territory of Hawaii. These difficulties have resulted in great hardship for many families, including many painful family battles arising from a complex and problematic successorship. In many cases, loss of the land has been the result. This has impacted not only the families, but also their communities, various government agencies, and others who have been involved in these unfortunate situations. Because the subject properties are often deeply historic properties on which place-based traditions of the area are still practiced, the leaseholds also represent historic and cultural resources that need protection.

Your Committees believe that all state leases should be evaluated and considered for legislation similar to this measure.

Your Committees have amended this measure by:

- (1) Changing the effective date to upon approval; and

- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land, Tourism and Hawaiian Affairs, and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1268, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1268, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

Judiciary and Labor

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1294 Judiciary and Labor on H.B. No. 235**

The purpose and intent of this measure is to amend the definition of “victim” in section 706-646, Hawaii Revised Statutes, to include any duly incorporated humane society or society for the prevention of cruelty to animals, contracted by a county or the State, that impounds, holds, or receives custody of a pet animal pursuant to sections 711-1109.1, 711-1109.2, and 711-1110.5, Hawaii Revised Statutes, for the purposes of the collection of restitution, except for costs that have already been contracted and provided for by the counties or the State.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; Hawaiian Humane Society; The Humane Society of the United States; and ninety-two individuals. Testimony in opposition to this measure was submitted by the Office of the Public Defender.

Your Committee finds that in a recent decision, the Circuit Court of the First Circuit denied restitution to the Hawaiian Humane Society for their expenses incurred in caring for one hundred fifty-three dogs previously subjected to animal cruelty in the second degree. The court held that the Hawaiian Humane Society was not a government agency or a “direct victim” of the crime committed. Although the Hawaiian Humane Society assumed care of these animals and became the legal owner of all one hundred fifty-three dogs upon forfeiture proceedings, the court held that it was not the “actual owner” and was not entitled to restitution under section 706-646, Hawaii Revised Statutes. This measure provides clear language to allow any duly incorporated humane society contracted with a county or State to receive restitution for expenses incurred when caring for an animal as a result of animal forfeiture or impoundment.

Your Committee has amended this measure by:

- (1) Deleting the language that excludes costs of a duly incorporated humane society or society for the prevention of cruelty to animals that have already been contracted and provided for by the counties or the State from the recovery of victim restitution; and
- (2) Changing the effective date from September 24, 2021, to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 235, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 235, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1295 (Majority) Judiciary and Labor on H.B. No. 619**

The purpose and intent of this measure is to:

- (1) Amend the Penal Code to establish the offense of feeding a wild or feral bird as a violation for the first offense; and
- (2) Establish that a second or subsequent offense of feeding a wild or feral bird is a petty misdemeanor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and eleven individuals. Testimony in opposition to this measure was submitted by the Hawaiian Humane Society, Hawaii Island Humane Society, Wild Bird Rehab Haven, and one hundred twelve individuals. One individual submitted comments on this measure.

Prior to the hearing on this measure, your Committee made available a proposed S.D. 1 for review and comment. The proposed S.D. 1 amends this measure by deleting its contents and inserting language to:

- (1) Establish odors and filth resulting from the feeding of feral birds as a nuisance, which the Director of Health is authorized to examine and order to be abated, destroyed, removed, or prevented; and
- (2) Allow the public to report a nuisance to the Department of Health.

Your Committee received testimony in support of the proposed S.D. 1 from three individuals. Testimony in opposition to the proposed S.D. 1 was submitted by the Department of Health and Windward Ahupua'a Alliance.

Your Committee finds that the feeding of feral birds poses risks to public health. Individuals testified that the filth and odor left as a result their neighbors feeding birds in their neighborhood whether by hand or the use of birdfeeders have become a daily problem. Furthermore, the feeding of birds can attract rats to the neighborhood, which causes an additional health concern and risk. The

proposed S.D. 1 is intended to mitigate this problem by including the odors and filth resulting from a person feeding feral birds as a nuisance that the Director of Health can order to be abated or prevented.

Your Committee notes the concerns raised by the Department of Health that the proposed S.D. 1 would require additional staffing that the Department has not included in its 2013-2015 Biennium Executive Budget request and therefore may adversely affect the Department's other spending priorities. Furthermore, the Department testified that it lacks standards to determine at what point the odors of filth resulting from a person feeding feral birds becomes injurious to public health. Therefore the Department expressed concerns that the proposed S.D. 1 would be unenforceable. Your Committee further notes the Department's preference to focus its limited resources in areas that are proven to be public concerns, such as controlling the incidence of food borne illness risk factors in food establishments.

However, your Committee believes that the odor and filth that results from the feeding of birds is a health and sanitation concern that is appropriate for the Department of Health to address at this time. Your Committee appreciates the Department's willingness to work with your Committee to develop language or standards to establish the feeding of birds as a nuisance that may be examined and addressed by the Department as this measure moves through the legislative process.

Your Committee has amended this measure by adopting the proposed S.D. 1.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 619, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 619, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Gabbard). Noes, 1 (Slom). Excused, 1 (Ihara).

#### **SCRep. 1296 Judiciary and Labor on H.B. No. 622**

The purpose and intent of this measure is to amend Act 210, Session Laws of Hawaii 2008 (Act 210), as amended, more commonly known as the shield law, to:

- (1) Expand the exception to the privilege to include cases where there is substantial evidence that the information sought is material to an investigation, prosecution, or defense of a potential felony or serious crime involving the unlawful injury to individuals or animals or to any civil action;
- (2) Clarify that only those individuals who validly invoke the privilege will be shielded from fine or imprisonment; and
- (3) Repeal the sunset date of Act 210, as amended, to make the privilege permanent.

Your Committee received testimony in support of this measure from the Hawaii Shield Law Coalition, Community Alliance on Prisons, Society of Professional Journalists, Hawaii Chapter of the Society of Professional Journalists, All Hawaii News, Big Island Press Club, Honolulu Star-Advertiser, Hawaii Publishers Association, Hawaii Reporter, American Civil Liberties Union of Hawaii, and twenty-eight individuals. Testimony in opposition to this measure was submitted by one individual. The Department of the Attorney General submitted comments on this measure.

Your Committee finds that the shield law provides a limited privilege to journalists and those acting in a similar capacity against compulsory disclosure of confidential sources and unpublished information. The Hawaii Shield Coalition testified that thirty-nine states and the District of Columbia have shield laws, but Hawaii's shield law has been cited as a model for a national shield law due to its clarity and breadth of coverage.

Your Committee notes that a majority of the testimony received in support of this measure suggested adopting the language of this measure as introduced, which only repeals the sunset date of Act 210, as amended, to make the privilege permanent. Act 120, as amended by Act 113, Session Laws of Hawaii 2011 (Act 113), will sunset on June 30, 2013. The Hawaii Shield Coalition testified that pursuant to Act 113, the Judiciary Standing Committee on the Rules of Evidence recommended that the sunset date be eliminated and that Act 210 be integrated in chapter 621, Hawaii Revised Statutes. Accordingly, this measure repeals the sunset date of Act 210, as amended, to make the shield law permanent.

Your Committee further notes the concerns raised in the testimony submitted by the Department of the Attorney General. The Department testified that it does not object to making the shield law permanent only to the extent that the privilege applies to professional journalists and their sources. Beyond that, however, the Department testified that parts of Act 210 are unduly expansive and suggested four specific amendments:

- (1) Omit the provision that extends protections beyond professional journalists to non-traditional journalists and bloggers;
- (2) Add an exception for defendants in criminal cases who have a constitutional right to the information;
- (3) Omit the provision extending the privilege to unpublished information that is not reasonably likely to lead to the identification of the sources; and
- (4) Add definitions for a number of terms describing the scope of the privilege, including "news agency" and "press association".

The Department testified that these suggested amendments would remove potentially problematic aspects of the shield law and further protect confidential sources, which is the primary purpose of the privilege. After the hearing on this measure, your Committee sought input and assistance from the Department of the Attorney General, Judiciary Standing Committee on the Rules of Evidence, and American Civil Liberties Union of Hawaii to develop language to further clarify and strengthen the shield law.

The Hawaii Shield Law Coalition testified that there have been no reported problems with the shield law since its enactment five years ago and that the shield law was tested in court once in a case involving a filmmaker working on a documentary about Native

Hawaiian burial sites. However, your Committee believes that the privilege could still be potentially problematic and that the shield law merits further amendments to enable a judge to determine whether a journalist meets the standards for invoking the privilege.

Accordingly, your Committee has amended this measure by adopting the language developed with the assistance of the Department of the Attorney General and remarks from the Judiciary Standing Committee on the Rules of Evidence and American Civil Liberties Union of Hawaii that:

- (1) Amends section 1 to include language that refers to a United States Supreme Court case that held that the First Amendment of the United State Constitution does not provide members of the press with the right to withhold from a grand jury the names of confidential sources and to reflect the inclusion of additional amendments to Act 210, as amended;
- (2) Clarifies that a journalist or newscaster may invoke the privilege based on previous employment only to the extent that the information was obtained during the period of the journalist's or newscaster's previous employment;
- (3) Deletes language that extends the privilege to unpublished information that is not reasonably likely to lead to the identification of the sources;
- (4) Deletes language that extends protections beyond professional journalists to non-traditional journalists and bloggers;
- (5) Adds an exception for defendants in criminal cases who have a constitutional right to the information;
- (6) Adds definitions of "journalist", "magazine", "news agency", "newscaster", "newspaper", "press association", and "wire service"; and
- (7) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 622, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 622, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Ihara, Slom). Noes, none. Excused, none.

**SCRep. 1297 (Majority Judiciary and Labor on H.B. No. 785**

The purpose and intent of this measure is to clarify the reciprocity provision under existing law that allows the service of process issued by another state upon a Hawaii recipient. Specifically, this measure:

- (1) Clarifies that the service of process may be upon a person or business;
- (2) Clarifies that the service of process is for the production of records in the actual or constructive possession of a person or business;
- (3) Requires that the service of process is based upon a pending criminal investigation or prosecution;
- (4) Requires an issuing state to have a statute authorizing the production of records held by an out-of-state person or business; and
- (5) Requires that the service of process issued by or in another state include specified information.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu and Police Department, City and County of Honolulu.

Prior to the hearing on this measure, your Committee made available a proposed S.D. 1 for review and comment. The proposed S.D. 1 amends this measure by deleting its contents and inserting language to:

- (1) Require annual reports from the Native Hawaiian Roll Commission on the status of preparation of the roll, expenditures related to the Commission's responsibilities, and any concerns or recommendations of the Commission;
- (2) Amend the definition of "qualified Native Hawaiian" to include individuals who meet certain expanded ancestry requirements;
- (3) Establish that the Native Hawaiian Roll Commission is responsible for including in the roll all individuals already registered as Hawaiians or Native Hawaiians through the Office of Hawaiian Affairs or Department of Hawaiian Home Lands; and
- (4) Repeal the directive under Act 195, Session Laws of Hawaii 2011 (Act 195), to amend the Hawaiian Homes Commission Act to effectuate the purposes of Act 195.

Your Committee received testimony in support of the proposed S.D. 1 from the Office of Hawaiian Affairs and Native Hawaiian Roll Commission. Testimony in opposition to this measure was submitted by Na Koa Ikaika and three individuals. The Department of Hawaiian Home Lands submitted comments on this measure.

Your Committee finds that the purpose of Act 195 was to recognize Native Hawaiians as the only indigenous, aboriginal, maoli people of Hawaii and provide for and implement this recognition by means and methods to facilitate Native Hawaiian self-governance. Act 195 established the Native Hawaiian Roll Commission to be responsible for preparing and maintaining a roll of qualified Native Hawaiians and certifying that the individuals on the roll of qualified Native Hawaiians meet the definition of qualified Native Hawaiian. The proposed S.D. 1 facilitates the process for the Native Hawaiian Roll Commission to prepare the Native Hawaiian roll and certify that individuals meet the definition of qualified Native Hawaiian.

Your Committee has amended this measure by adopting the proposed S.D. 1 and amending it further by:

- (1) Adopting the amendment suggested by the Native Hawaiian Roll Commission and the Office of Hawaiian Affairs to delete the word "confidential" to describe the roll of qualified Native Hawaiians, as keeping the roll confidential would be contrary to the requirement that the Native Hawaiian Roll Commission publish a certified roll of qualified Native Hawaiians;
- (2) Adopting the amendment suggested by the Office of Hawaiian Affairs to clarify that a qualified Native Hawaiian is an individual who meets the ancestry requirements of Kamehameha Schools or any Hawaiian registry program of the Office of Hawaiian Affairs to accurately account for the Office of Hawaiian Affairs' three registry programs; and
- (3) Adopting the amendment suggested by the Department of Hawaiian Home Lands to delete the reference to individuals who are already registered with the Department of Hawaiian Home Lands from being automatically included in the roll to provide the Department's beneficiaries the choice to enroll.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 785, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 785, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Ihara). Noes, 1 (Slom). Excused, none.

**SCRep. 1298      Judiciary and Labor on H.B. No. 1132**

The purpose and intent of this measure is to:

- (1) Require state employees specified under section 84-17(c), Hawaii Revised Statutes, except for state legislators, to file a disclosure of financial interest statement with the Hawaii State Ethics Commission between January 1 and May 31 of each year; and
- (2) Require state legislators to file a disclosure of financial interest statement with the Hawaii State Ethics Commission between January 1 and January 31 of each year.

Your Committee received testimony in support of this measure from the Hawaii State Ethics Commission and Common Cause Hawaii.

Your Committee finds that existing law requires legislators to file annual financial disclosure statements by May 31 of each year, which is after the end of the regular legislative session. The annual financial disclosure statements of legislators are public records and available for inspection and duplication. By amending the filing deadline to January 31, this measure will allow the financial disclosure statements of legislators to be made available to the public earlier in the regular legislative session and allow the public to assess a legislator's actions or positions during the legislative session against the legislator's publicly disclosed financial interests.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1132, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1132, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1299      Judiciary and Labor on H.B. No. 269**

The purpose and intent of this measure is to propose an amendment to article III, section 6, of the Hawaii State Constitution by requiring candidates for the office of State Senate or House of Representatives to be residents of the district from which they seek to be elected for not less than twelve consecutive months prior to the next succeeding general election.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund, League of Women Voters of Hawaii, and one individual. Testimony in opposition to this measure was submitted by the Libertarian Party of Hawaii. Your Committee received comments on this measure from the Department of the Attorney General and American Civil Liberties Union of Hawaii.

This measure proposes a constitutional amendment to require candidates for the State Senate and State House of Representatives to be residents of the district they intend to represent for not less than twelve consecutive months prior to the next succeeding general election.

Your Committee notes the comments raised in the written testimony submitted by the Department of the Attorney General that this measure does not appear to be unconstitutional on its face. The Department testified that it is unclear why a district resident requirement of one year should be imposed on a candidate and what legitimate state interest or purpose is served by this one year district residency requirement. Furthermore, the Department testified that if a one year district residency requirement should be required of a candidate for a state senate or representative seat, then a residency requirement exception should be afforded to a candidate following reapportionment.

Accordingly, your Committee has amended this measure by adopting the language suggested by the Department of the Attorney General that:

- (1) Requires candidates for the office of State Senate or House of Representatives to remain a qualified voter of the districts from which the candidates seek to be elected for not less than twelve consecutive months prior to the next succeeding general election;
- (2) Deletes the requirement for candidates for the office of State Senate or House of Representatives to be qualified voters of the districts from which the candidates seek to be elected prior to filing nomination papers and thereafter;

- (3) Exempts a qualified voter from the district residency requirement in the year of the first general election following reapportionment but requires the person to reside in a district for not less than one month prior to the deadline for filing nomination papers and thereafter to remain a qualified voter of the district from which the person seeks to be elected;
- (4) Amends the question to be printed on the ballot to reflect the amendments made under section 2; and
- (5) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 269, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 269, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Ihara). Noes, none. Excused, 1 (Slom).

**SCRep. 1300 (Majority) Judiciary and Labor on H.B. No. 32**

The purpose and intent of this measure is to:

- (1) Require the Chief Election Officer to establish procedures to select a letter of the alphabet by lot prior to each election cycle to arrange the last names of candidates on ballots in alphabetical order beginning with the letter of the alphabet selected by lot; and
- (2) Apply this alphabet selection and alphabetical ordering requirement to elections in the next two-year election cycle following the effective date of this measure.

Your Committee received comments on this measure from the Office of Elections, Office of the County Clerk, and League of Women Voters of Hawaii.

Your Committee finds that existing law requires that the names of the candidates be placed upon the ballot for their respective offices in alphabetical order with a few exceptions. The League of Women Voters of Hawaii testified that it is well documented that being listed first on a ballot increases a candidate's total vote count from two to three percentage points depending on the candidate's party affiliation, whether it is a nonpartisan race, or whether it is a primary or general election. This measure proposes to randomly determine the arrangement of names of candidates on a ballot to assist in achieving a more equitable election.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 32, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 32, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 1301 (Joint/Majority) Judiciary and Labor and Ways and Means on H.B. No. 697**

The purpose and intent of this measure is to provide a legislative vehicle to appropriate unspecified employer contribution amounts to cover Hawaii Employer-Union Health Benefits Trust Fund health benefit plan premiums and other cost-adjustments for officers and employees of specified legislative agencies.

Your Committees received testimony in support of this measure from the Hawaii State Ethics Commission, Office of the Auditor, Legislative Reference Bureau, and Office of the Ombudsman.

Your Committees find that the legislative service agencies are excluded from collective bargaining, but that compensation and benefits for their officers and employees are tied to the collective bargaining agreements between the public employer and the exclusive representative of applicable collective bargaining units. This measure provides a legislative vehicle in the event that the public employer and the exclusive representative of the applicable collective bargaining units come to an agreement over cost items during the legislative session.

Your Committees have amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 697, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 697, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 3. Noes, 1 (Slom). Excused, 1 (Ihara).

Ways and Means

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Thielen).

**SCRep. 1302 (Joint/Majority) Judiciary and Labor and Ways and Means on H.B. No. 816**

The purpose and intent of this measure is to provide a legislative vehicle to fund pending public sector collective bargaining cost items for salary adjustment and other cost adjustments for public employees in collective bargaining unit (1) and their excluded counterparts for fiscal biennium 2013-2015.

Your Committees received testimony in support of this measure from the United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committees find that the negotiations for collective bargaining agreements for bargaining unit (1) are currently in progress. This measure provides a legislative vehicle that can be used if an agreement is reached or an arbitration award is issued prior to the end of the 2013 Regular Session.

Your Committees have amended this measure by:

- (1) Changing the title for program ID BUF 101 from “program planning, analysis, budgeting” to “departmental administration and budget division” to reflect the appropriate program ID title;
- (2) Changing the title for program ID JUD 601 from “administrative director services” to “administration” to reflect the appropriate program ID title;
- (3) Changing the program ID for funds to be appropriated for officers and employees of Hawaii Health Systems Corporation within collective bargaining unit (1) from BUF 101 and HTH 210;
- (4) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 816, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 816, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Ihara).

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Thielen).

**SCRep. 1303 (Joint/Majority) Judiciary and Labor and Ways and Means on H.B. No. 820**

The purpose and intent of this measure is to provide a legislative vehicle to fund pending public sector collective bargaining cost items for salary adjustment and other cost adjustments for public employees in collective bargaining unit (5) and their excluded counterparts for fiscal biennium 2013-2015.

Your Committees received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

Your Committees find that the negotiations for collective bargaining agreements for bargaining unit (5) are currently in progress. This measure provides a legislative vehicle that can be used if an agreement is reached or an arbitration award is issued prior to the end of the 2013 Regular Session.

Your Committees have amended this measure by:

- (1) Changing the title for program ID BUF 101 from “program planning, analysis, budgeting” to “departmental administration and budget division” to reflect the appropriate program ID title;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 820, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 820, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Thielen).

**SCRep. 1304 (Joint/Majority) Judiciary and Labor and Ways and Means on H.B. No. 822**

The purpose and intent of this measure is to provide a legislative vehicle to fund pending public sector collective bargaining cost items for salary adjustment and other cost adjustments for public employees in collective bargaining unit (7) and their excluded counterparts for fiscal biennium 2013-2015.

Your Committees received testimony in support of this measure from the Department of Budget and Finance and University of Hawaii System.

Your Committees find that the negotiations for collective bargaining agreements for bargaining unit (7) are currently in progress. This measure provides a legislative vehicle that can be used if an agreement is reached or an arbitration award is issued prior to the end of the 2013 Regular Session.

Your Committees have amended this measure by:

- (1) Changing the title for program ID BUF 101 from “program planning, analysis, budgeting” to “departmental administration and budget division” to reflect the appropriate program ID title;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 822, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 822, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Thielen).

**SCRep. 1305 (Joint/Majority) Judiciary and Labor and Ways and Means on H.B. No. 1163**

The purpose and intent of this measure is to provide a legislative vehicle to appropriate unspecified employer contribution amounts to cover Hawaii Employer-Union Health Benefits Trust Fund health benefit plan premiums for public employees in collective bargaining unit (3) and their excluded counterparts for fiscal biennium 2013-2015.

Prior to the hearing on this measure, your Committees made available a proposed S.D. 1 for review and comment. The proposed S.D. 1 amends this measure by deleting its contents and inserting language to provide a legislative vehicle to appropriate unspecified employer contribution amounts to cover Hawaii Employer-Union Health Benefits Trust Fund health benefit plan premiums for public employees in collective bargaining unit (10) and their excluded counterparts for fiscal biennium 2013-2015.

Your Committees received testimony in support of this measure from the Department of Budget and Finance and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committees find that the negotiations for collective bargaining agreements for bargaining unit (10) are currently in progress. The proposed S.D. 1 provides a legislative vehicle that can be used if an agreement is reached or an arbitration award is issued prior to the end of the 2013 Regular Session.

Your Committees have amended this measure by adopting the proposed S.D. 1 and amending it further by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1163, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1163, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1306 (Joint/Majority) Judiciary and Labor and Ways and Means on H.B. No. 1164**

The purpose and intent of this measure is to provide a legislative vehicle to appropriate unspecified employer contribution amounts to cover Hawaii Employer-Union Health Benefits Trust Fund health benefit plan premiums for public employees in collective bargaining unit (2) and their excluded counterparts for fiscal biennium 2013-2015.

Your Committees received testimony in support of this measure from the University of Hawaii System.

Prior to the hearing on this measure, your Committees made available a proposed S.D. 1 for review and comment that applies to collective bargaining unit (1) and their excluded counterparts for fiscal biennium 2013-2015. The proposed S.D. 1 amends this measure by making technical amendments, including the insertion of proper program IDs.

Your Committees received testimony in support of the proposed S.D. 1 from the United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committees find that the negotiations for collective bargaining agreements for bargaining unit (1) are currently in progress. The proposed S.D. 1 provides a legislative vehicle that can be used if an agreement is reached or an arbitration award is issued prior to the end of the 2013 Regular Session.

Your Committees have amended this measure by adopting the proposed S.D. 1 and amending it further by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1164, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1164, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1308 (Majority) Ways and Means on H.B. No. 680**

The purpose and intent of this measure is to impose a conveyance tax on the transfer or conveyance of a controlling interest of an entity with an interest in real property in the State.

Prior to the public hearing on this measure, your Committee circulated for review and comment a proposed S.D. 1.

The proposed S.D. 1 replaced the contents of the measure with provisions that, after June 30, 2014:

- (1) Impose the conveyance tax on every conveyance of an interest in real property;
- (2) Define the terms "consideration," "conveyance," "grantee," "grantor," "interest in real property," and "real property";
- (3) Define and discuss the application of the term "controlling interest";
- (4) Provide that certain conveyances shall be taxed at the lowest tax rate;
- (5) Prohibit the disclosure of a certificate of conveyance;
- (6) Provide that the computation of the conveyance tax shall conform to the United States Constitution;
- (7) Provide that the amount of the conveyance tax shall be based upon the amount of consideration paid, rather than the value of the property;
- (8) Provide that a conveyance that effectuates a mere change of identity or form of ownership or organization shall be exempt from the conveyance tax;
- (9) Provide that, if a grantor fails to pay the conveyance tax or is exempt from the conveyance tax, the grantee shall pay the conveyance tax;
- (10) Establish a presumption that all conveyances are taxable and that the value of property conveyed as consideration is determined by fair market value;
- (11) Provide that the imprinting of a seal shall not be necessary for a conveyance where no instrument evidencing the conveyance is recorded or filed with the registrar of conveyances or the assistant registrar of the land court;
- (12) Require the grantor and the grantee to file a certificate of conveyance;

- (13) Require the filing of an exemption certificate under certain circumstances; and
- (14) Provide that, under certain conditions, a certificate may be accepted even if not signed by all the grantors or all the grantees.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Appleseed Center for Law and Economic Justice.

Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii, NAIOP Hawaii, and a private individual.

Your Committee received comments on this measure from the Department of Taxation and the Tax Foundation of Hawaii.

Your Committee finds that certain transfers of entity ownership are essentially equivalent to the sale of an interest in real property. Your Committee also finds that the proposed S.D. 1 applies the conveyance tax to these conveyances in a more in-depth manner than the original measure.

Your Committee has amended the measure by deleting its contents and inserting those of the proposed S.D. 1 and has further amended the measure by:

- (1) Providing that the lowest tax rate shall apply to any document or instrument conveying real property, or any interest therein, to or from a wholly owned corporation or limited liability company;
- (2) Exempting from the conveyance tax, and requiring an exemption certificate to be filed for, the following conveyances:
  - (A) Any conveyance from a limited partner to a general partner of a limited partnership that owns an affordable rental housing project for which low-income housing tax credits have been issued under section 235-110.8 or 241-4.7, Hawaii Revised Statutes, or section 42 of the Internal Revenue Code of 1986, as amended; and
  - (B) Any conveyance that consists solely of a change in controlling interest in an entity holding an interest in realty between persons with ownership interests in the entity for a minimum of three years immediately preceding the transfer;
- (3) Replacing the term “real estate transfer tax” with “conveyance tax”;
- (4) Clarifying that certificates of conveyance may be disclosed to county officials for official county business purposes, including real property tax assessment;
- (5) Removing substantive provisions regarding the basis and rate of the conveyance tax from the definition of the term “consideration,” and leaving them more appropriately in section 247-2, Hawaii Revised Statutes;
- (6) Clarifying that the exemption for a transfer or acquisition made pursuant to a binding written contract shall apply to binding written contracts entered into prior to July 1, 2014;
- (7) Replacing certain instances of the term “value of the real property” with “amount of consideration” and making conforming amendments to further clarify that the amount of the conveyance tax is based on the amount of consideration, rather than the value of real property;
- (8) Clarifying that the presumption that all conveyances are taxable and that the value of property conveyed as consideration is determined by fair market value shall prevail until disproven;
- (9) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (10) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 680, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 680, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kouchi). Noes, 1 (Slom). Excused, 1 (English).

#### **SCRep. 1309 Ways and Means on H.B. No. 51**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds to finance project appropriations authorized by the Legislature.

In addition, this measure makes a declaration of findings, as required by article VII, section 13, of the state constitution, that the total amount of principal and interest estimated for such general obligation bonds and for all bonds authorized and unissued, and calculated for all bonds issued and outstanding, will not cause the state debt limit to be exceeded at the time of issuance.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that the capital improvement projects financed by the general obligation bonds authorized under this measure will assist the State in promoting the general welfare of the community.

Your Committee has amended this measure by:

- (1) Updating references to fiscal years, act years, report dates, and appropriation act titles;
- (2) Deleting unnecessary references to supplemental appropriation acts; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 51, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 51, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1310 Ways and Means on H.B. No. 694**

The purpose and intent of this measure is to make adjustments to the state income tax law.

More specifically, this measure:

- (1) Repeals the temporary increase in income tax rates established by Act 60, Session Laws of Hawaii 2009, one year ahead of schedule by changing the sunset date of the increased tax rates from December 31, 2015, to December 31, 2014; and
- (2) Changes income tax rates for taxable years beginning after December 31, 2014.

Your Committee received comments on this measure from the Department of Taxation.

Your Committee finds that this measure requires further consideration, given future budgetary needs.

Your Committee has amended this measure by:

- (1) Accurately reflecting the amendments made to the text of Act 60, Session Laws of Hawaii 2009, by Act 97, Session Laws of Hawaii 2011; and
- (2) Clarifying that amendments made to section 235-51(a), (b), and (c), Hawaii Revised Statutes, by this measure shall not be repealed when that section is reenacted on December 31, 2014.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 694, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 694, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1311 (Joint) Public Safety, Intergovernmental and Military Affairs and Ways and Means on H.B. No. 763**

The purpose and intent of this measure is to streamline processes associated with the State Building Code Council by:

- (1) Amending the membership of the State Building Code Council to include a member of the Department of Business, Economic Development, and Tourism and representatives of the construction industry and to remove the Comptroller;
- (2) Amending the Council's procedures for determining amendments to the State Building Code through the adoption of various codes and standards;
- (3) Removing the authority of the Council to appoint a subcommittee of members representing county building officials to recommend amendments to model codes and standards;
- (4) Requiring the Council to disseminate, at least every two years, an itemized report of substantially uniform code amendments adopted by at least three counties; and
- (5) Making revisions to the State Building Code and its implementation.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Labor and Industrial Relations; Plumbing and Mechanical Contractors Association of Hawaii; American Institute of Architects; Building Industry Association of Hawaii; General Contractors Association of Hawaii; Structural Engineers Association of Hawaii; Architectural Diagnostics Ltd.; and The Pacific Resource Partnership. Your Committees received testimony in opposition to this measure from the American Chemistry Council. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that the current composition of the State Building Code Council includes the Comptroller, four county building officials and representatives from the State Fire Council, Department of Health, Department of Labor and Industrial Relations, American Institute of Architects, and Structural Engineers Association of Hawaii. Your Committees find that representatives from the construction industry should be included on the Council because they will provide valuable input regarding the impacts of code changes on construction practice, costs, and whether materials to meet the new requirements are available in Hawaii.

Your Committees have amended this measure by:

- (1) Reinstating the Comptroller or the Comptroller's designee as the nonvoting member on the State Building Code Council;
- (2) Removing representatives from the Department of Health and Hawaii Construction Alliance as members of the Council;
- (3) Permitting one individual from either the Building Industry Association of Hawaii or the General Contractors Association of Hawaii to sit on the Council, rather than one individual from each association;
- (4) Requiring any Council members representing the Building Industry Association of Hawaii, General Contractors Association of Hawaii, and Subcontractors Association of Hawaii to have significant experience with building codes;
- (5) Raising the Council's quorum to seven voting members, rather than six voting members;

- (6) Reinstating the authority of the Council to appoint the subcommittee of county building officials, whose unanimous agreement is required for any recommended state amendments;
- (7) Requiring any recommended staggering of code and standard adoptions to be based on a review and evaluation of the utility of each model code identified in section 107-25, Hawaii Revised Statutes, when each edition is published;
- (8) Requiring compliance with the State Building Code for the design of all state building construction within one year of the adoption of substantially uniform code amendments by at least three counties, rather than within one year of the effective date of administrative rules;
- (9) Reinstating the compliance exemptions for county codes that have not adopted the State Building Code, county code amendments that are contrary to code amendments adopted by another county, and county codes allowing the exercise of indigenous Hawaiian architecture adopted in accordance with section 46-1.55, Hawaii Revised Statutes;
- (10) Inserting language authorizing the Hawaii hurricane relief fund to provide funding for the State Building Code Council for activities that are a part of a loss reduction plan that complies with the development of loss mitigation standards in accordance with section 431P-12, Hawaii Revised Statutes;
- (11) Inserting an appropriation to support the State Building Code Council's efforts to adopt a uniform set of statewide building codes and consistent standards;
- (12) Inserting an effective date of January 1, 2050, to encourage further discussion; and
- (13) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 763, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 763, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

Ways and Means  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1312 (Joint) Public Safety, Intergovernmental and Military Affairs and Health and Human Services on S.C.R. No. 193**

The purpose and intent of this measure is to create a two-year pilot program for medical or compassionate release of certain ill, disabled, and geriatric inmates who pose a low risk to public safety.

Your Committees received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, and two individuals.

Your Committees find that due to lengthy prison sentences and an aging population, correctional facilities are housing a growing number of elderly inmates who often have extensive medical needs. Your Committees further find that keeping inmates with debilitating diseases incarcerated is costly to the State and creates hardships for the inmates' families. This measure encourages the Department of Public Safety and Hawaii Paroling Authority to initiate a compassionate release program to support the growing number of ill, disabled, and geriatric inmates.

Your Committees have amended this measure by:

- (1) Extending the timeframe of the pilot program to three years, rather than two years, and delaying the reporting deadline by one year;
- (2) Amending the title accordingly to reflect the three-year timeframe of the pilot program; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs, Health, and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 193, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 193, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

Health  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Nishihara).

Human Services

**SCRep. 1314 (Joint) Human Services and Technology and the Arts on S.C.R. No. 185**

The purpose and intent of this measure is to designate October 2 of each year as the "International Day of Non-Violence" in Hawaii in honor of Mahatma Gandhi on his birth date.

Your Committees received testimony in support of this measure from nine individuals.

Your Committees find that Mahatma Gandhi believed that the way to resolve conflict is with non-violence. He urged humankind to make the herculean effort to raise themselves to the next level of human development by embracing and practicing non-violence. Observation of an international day of non-violence in Hawaii on the birth date of Mahatma Gandhi on October 2 acknowledges the great works of one of mankind's greatest peace advocates.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 185, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 185, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Human Services  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

Technology and the Arts  
Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1315 (Joint) Human Services and Technology and the Arts on S.R. No. 141**

The purpose and intent of this measure is to designate October 2 of each year as the "International Day of Non-Violence" in Hawaii in honor of Mahatma Gandhi on his birth date.

Your Committees received testimony in support of this measure from nine individuals.

Your Committees find that Mahatma Gandhi believed that the way to resolve conflict is with non-violence. He urged humankind to make the herculean effort to raise themselves to the next level of human development by embracing and practicing non-violence. Observation of an international day of non-violence in Hawaii on the birth date of Mahatma Gandhi on October 2 acknowledges the great works of one of mankind's greatest peace advocates.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 141, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 141, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 1316 (Joint) Public Safety, Intergovernmental and Military Affairs and Water and Land and Economic Development, Government Operations and Housing on S.C.R. No. 163**

The purpose and intent of this measure is to urge the City and County of Honolulu Department of Parks and Recreation to reconsider its denial to permit recreational horseback riding on Waikane Trail.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that the City and County of Honolulu Department of Parks and Recreation recently denied the request of John and Loretta Kilbey to ride their horses on the Waikane Valley Nature Preserve. Your Committees further find that the Kilbeys have enjoyed riding their horses on this nature preserve, which is located adjacent to their property, since 1980.

Your Committees urge the State and City and County of Honolulu to examine liability and insurance issues related to this measure.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs, Water and Land, and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 163 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Ihara, Shimabukuro).

Economic Development, Government Operations and Housing

Ayes, 5. Noes, none. Excused, 2 (English, Wakai).

**SCRep. 1317 (Joint) Public Safety, Intergovernmental and Military Affairs and Water and Land and Economic Development, Government Operations and Housing on S.R. No. 120**

The purpose and intent of this measure is to urge the City and County of Honolulu Department of Parks and Recreation to reconsider its denial to permit recreational horseback riding on Waikane Trail.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that the City and County of Honolulu Department of Parks and Recreation recently denied the request of John and Loretta Kilbey to ride their horses on the Waikane Valley Nature Preserve. Your Committees further find that the Kilbeys have enjoyed riding their horses on this nature preserve, which is located adjacent to their property, since 1980.

Your Committees urge the State and City and County of Honolulu to examine liability and insurance issues related to this measure.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs, Water and Land, and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 120 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

Water and Land

Ayes, 5. Noes, none. Excused, 2 (Ihara, Shimabukuro).

Economic Development, Government Operations and Housing

Ayes, 5. Noes, none. Excused, 2 (English, Wakai).

**SCRep. 1318 Water and Land on Gov. Msg. Nos. 690 and 691**

Recommending that the Senate advise and consent to the nominations of the following:

NATURAL AREA RESERVES SYSTEM COMMISSION

G.M. No. 690 CARL CHRISTENSEN, for a term to expire 6-30-2017; and

G.M. No. 691 JOHN SINTON, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Carl Christensen and John Sinton to possess the requisite qualifications to be nominated to the Natural Area Reserves System Commission.

CARL CHRISTENSEN

Your Committee received testimony in support of the nomination of Carl Christensen from the Department of Land and Natural Resources, Dean of the William S. Richardson School of Law, and seven individuals.

Carl Christensen is a graduate of the Northwestern School of Law of Lewis and Clark College, where he received a Master in Laws degree in environmental law. He received a Juris Doctorate (cum laude) from Harvard Law School, and a Doctorate of Philosophy in zoology from the University of Arizona. Mr. Christensen is currently a Legislative Researcher for the Hawaii State Senate Committee on Judiciary and Labor. He served previously as a law clerk for the Sierra Club Legal Defense Fund in Honolulu and as a law clerk for the Native Hawaiian Legal Corporation. Mr. Christensen also served as a staff attorney for the Native Hawaiian Legal Corporation for ten years. He has written extensively in professional journals concerning conservation issues.

JOHN SINTON

Your Committee received testimony in support of the nomination of John Sinton from the Department of Land and Natural Resources and three individuals.

John Sinton is a Professor in the Department of Geology and Geophysics of the University of Hawaii. He received a Bachelor's degree in Geology from the University of California at Santa Barbara; a Master's degree in Geology from the University of Oregon; and a Doctorate of Philosophy in Geology from the University of Otago, Dunedin, New Zealand. Dr. Sinton's professional expertise is in igneous petrology, volcanology, Hawaiian geology, marine geology, geochemistry of volcanic materials used in Polynesian tool making, and geochemical analysis using X-ray fluorescence.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1319 Water and Land on Gov. Msg. Nos. 692 and 693**

Recommending that the Senate advise and consent to the nominations of the following:

KAHO'OLAWE ISLAND RESERVE COMMISSION

G.M. No. 692 CHRISTOPHER BAKER, for a term to expire 6-30-2017; and

G.M. No. 693 AMBER WHITEHEAD, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Christopher Baker and Amber Whitehead to possess the requisite qualifications to be nominated to the Kaho'olawe Island Reserve Commission.

CHRISTOPHER BAKER

Your Committee received testimony in support of the nomination of Christopher Baker from the Kaho'olawe Island Reserve Commission, Protect Kaho'olawe 'Ohana, Hawai'i Inuiakea School of Hawaiian Knowledge at the University of Hawaii, and twenty-two individuals.

Christopher Baker is a Doctorate of Philosophy candidate in Linguistics at the University of Hawai'i at Manoa. He received a Masters of Arts degree in linguistics from the University of Hawaii at Manoa and a Bachelor of Arts degree in Hawaiian Language from the University of Hawaii at Manoa. He has been teaching Hawaiian language courses at the University of Hawaii at Manoa since 1996.

As noted in testimony, Mr. Baker brings to the Commission expertise in Hawaiian language and cultural traditions, as he is a noted Hawaiian language playwright and lead cultural practitioner for the makahiki ceremony on Kaho'olawe.

AMBER WHITEHEAD

Your Committee received testimony in support of the nomination of Amber Whitehead from the Kaho'olawe Island Reserve Commission, Protect Kaho'olawe 'Ohana, and twenty-one individuals.

Amber Whitehead will receive a Doctor of Philosophy degree from the University of Hawaii at Manoa Botany Department with a specialization in Ecology, Evolution and Conservation Biology. She received Bachelor of Arts degrees in Botany and Hawaiian Studies from the University of Hawaii at Manoa. Ms. Whitehead received an Environmental Protection Agency Graduate Fellowship as well as a Native Hawaiian Leadership Project Scholarship and worked with the Environmental Protection Agency's Greater Research Opportunities Program from 2003 to 2005. From 2004 to the present, she has worked as an Ecologist with the Kamehameha Schools, Land Assets Division.

Your Committee notes the following excerpt from the nominee's personal statement, "I have always had a strong passion and love for land, water, native species, and native ecosystems. I was born and raised in Pāpā, South Kona to a family with a long history of living close to the land. We subsist till today on rainwater caught from the sky, raise much of our own food, and value our intimate relationship with and knowledge of the biological resources, landforms, and weather patterns of our home."

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 692:  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ihara).

For Gov. Msg. No. 693:  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1320      Judiciary and Labor on Gov. Msg. No. 648**

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION TO PROMOTE UNIFORM LEGISLATION

G.M. No. 648    LANI EWART, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Lani Ewart to possess the requisite qualifications to be nominated to serve on the Commission to Promote Uniform Legislation.

Your Committee received testimony in support of the nomination of Lani Ewart from the Department of the Attorney General and four individuals.

Ms. Ewart earned her Bachelor of Arts degree in History from the University of Hawaii at Manoa and graduated with highest honors. She received her Doctorate of Jurisprudence from Boalt Hall School of Law, University of California at Berkeley. She is licensed to practice law in Hawaii and is admitted to practice law in California as an inactive member of the California Bar Association.

Ms. Ewart is a Partner at Goodwill Anderson Quinn & Stifel LLP, where she concentrates her practice in the area of financing, particularly in real estate secured lending, and represents lenders and borrowers in a variety of financial transactions involving term loans and revolving lines of credit. She also handles general real estate matters, including acquisitions, leases, and sales of commercial properties. She also serves as a member of various nonprofit organizations, including the Honolulu Zoo Society, Honolulu Aquarium, Diamond Head Theatre, Manoa Valley Theatre, Hawaii Theatre, Hawaii Public Radio, PBS Hawaii, Honolulu Museum of Arts, Bishop Museum, Friends of Honolulu Botanical Gardens, Hawaiian Historical Society, and Historic Hawaii Foundation.

Ms. Ewart is nominated for reappointment to the Commission to Promote Uniform Legislation and currently serves as the Chairperson of the Commission. Testimony in support of her nomination indicates that she has been a hard working, conscientious, and dedicated member during her entire tenure. She has previously served on the Executive Committee of the Uniform Law Commission, also known as the National Conference of Commissioners on Uniform State Laws, thereby raising the profile and stature of the Hawaii delegation. She has participated in drafting committees that draft proposed uniform laws for approval by the National Conference and later by the states. She has acted as a liaison between the National Conference and local interest groups and provides testimony to the Legislature on uniform laws that are being considered for enactment.

In recognition of her dedicated service to the promotion of uniform laws, Ms. Ewart was elected in 1998 to Life Membership in the National Conference. To become a Life Member, a commissioner must serve the National Conference in the voluntary drafting and review of uniform laws for at least twenty years, be recommended by the National Conference's Executive Committee, and be elected by an affirmative vote of two-thirds of the commissioners present and voting at the session at which the recommendation is made. She was the first female commissioner to be elected to Life Membership in the 106-year history of the National Conference.

Accordingly, based on the testimony submitted, your Committee finds that Lani Ewart is exceptionally qualified to continue to serve on the Commission to Promote Uniform Legislation. The nominee's professional experience will serve the Commission and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1321      (Joint) Commerce and Consumer Protection and Judiciary and Labor on H.B. No. 635**

The purpose and intent of this measure is to expedite the approval process for broadband-related permits while maintaining utility pole public safety standards by:

- (1) Requiring the State and the counties to approve, approve with modification, or disapprove all broadband-related permits within specified timeframes;
- (2) Specifying that applicants shall comply with all applicable safety and engineering requirements relating to broadband-related infrastructure; and
- (3) Ensuring that the Federal Communications Commission and the Public Utilities Commission have authority over utility pole weight capacity limits.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Public Utilities Commission; Hawaiian Electric Company, Inc.; Hawaiian Telcom; TW Telecom Inc.; and Oceanic Time Warner Cable.

Your Committees find that increased broadband capacity is critical for businesses and the growth of Hawaii's economy. This measure streamlines the current permit review process, which will encourage the timely deployment of advanced broadband services throughout the State. This measure also acknowledges that applicants for broadband-related permits must comply with safety and engineering requirements for utility poles and associated equipment that are affected by broadband-related installations and actions.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 635, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Wakai).

Judiciary and Labor  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1322 Judiciary and Labor on H.B. No. 791**

The purpose and intent of this measure is to clearly provide that directors of nonprofit corporations shall have access to the books and records of the corporations to the extent reasonably related to their duties.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Hawai'i Alliance of Nonprofit Organizations, and one individual.

Your Committee finds that at common law, directors of corporations have an absolute right of access to corporate records. Although sections of the Hawaii Revised Statutes create a judicially enforceable right for members of membership-based nonprofit corporations to inspect the books and records of the corporation, there is no comparable statutory provision that a director shall have the same reasonable access. This measure authorizes directors of nonprofit corporations to have access to corporate records for proper purposes, ensures meaningful self regulation by directors of nonprofit corporations, and allows directors to adhere to their statutory duty of care.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 791, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1323 Judiciary and Labor on H.B. No. 944**

The purpose and intent of this measure is to:

- (1) Update chapter 329, Hawaii Revised Statutes, to make it consistent with amendments in federal law on controlled substances;
- (2) Amend section 329-14, Hawaii Revised Statutes, to add new controlled substances emergency scheduled by the State pursuant to section 329-11, Hawaii Revised Statutes; and
- (3) Amend section 329-75(h), Hawaii Revised Statutes, to limit the penalty to violations of section 329-75(g), Hawaii Revised Statutes, relating to pseudoephedrine.

Your Committee received testimony in support of this measure from the Department of Public Safety and Police Department, City and County of Honolulu.

Your Committee finds that due to the growing problem of synthetic hallucinogenic substances being developed for sale to the public as "herbal incense" or "bath salts" in the State, the Department of Public Safety's Narcotics Enforcement Division, as well as the federal Drug Enforcement Administration, have attempted to protect the public by placing in schedule the ever-increasing number of synthetic cannabinoids and cathinones labeled as "not for human consumption" but sold in retail shops with the promise of powerful hallucinogenic legal highs. Last year, state and county law enforcement began discovering a new synthetic cannabinoid being sold throughout the State, UR-144 Tetramethylcyclopropanoylindole, which this measure adds to section 329-14, Hawaii Revised Statutes. This measure also amends section 329-75(h), Hawaii Revised Statutes, to limit the class C felony offense currently assigned to penalties of section 329-75(b) to (f), Hawaii Revised Statutes, which are administrative program requirements, to the purchase, receipt, or acquisition of products containing certain amounts of pseudoephedrine. Your Committee further finds that these updates to Hawaii's Uniform Controlled Substances Act are in the interest of public health and safety.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 944, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1324 (Majority) Judiciary and Labor on H.B. No. 411**

The purpose and intent of this measure is to ensure that sexual assault victims are provided information about and access to emergency contraception when receiving emergency medical care at Hawaii's hospitals.

Your Committee received testimony in support of this measure from the Department of Human Services; Department of Health; Hawaii State Commission on the Status of Women; Department of the Prosecuting Attorney, City and County of Honolulu; Mental Health America of Hawai'i; Hawaii Medical Association; Community Alliance of Prisons; Democratic Party of Hawai'i Women's Caucus; Healthy Mothers Healthy Babies Coalition of Hawaii; Zonta Club of Hilo; Domestic Violence Action Center; The Sex Abuse Treatment Center; American Academy of Pediatrics, Hawaii Chapter; Healthcare Association of Hawaii; Kaiser Permanente Hawaii; American Civil Liberties Union of Hawai'i; IMUAlliance; Planned Parenthood of Hawaii; American Congress of Obstetricians and Gynecologists, Hawaii Section; Hawai'i Women Lawyers; Hawaii Women's Coalition; League of Women Voters of Hawaii; and one hundred fifty-three individuals. Testimony in opposition to this measure was submitted by Pro-Family Hawaii, Hawaii Family Forum,

Hawaii Catholic Conference, St. Francis Healthcare System of Hawaii, and eight individuals. One individual submitted comments on this measure.

Your Committee finds that, according to a report prepared by the Department of the Attorney General, there were three hundred fifty-three reported cases of forcible rape in Hawaii in 2011. Furthermore, according to the United States Department of Justice, over half of all rapes are not reported to the police. There are an estimated thirty-two thousand rape-related pregnancies every year in the United States.

Your Committee further finds that emergency contraception is a safe and effective means of preventing pregnancy after sexual assault. Providing information about and access to emergency contraception is the most widely recognized and accepted standard of care for sexual assault victims. Therefore, your Committee finds it appropriate to require all hospitals in Hawaii to provide information about and access to all victims of sexual assault who present themselves for emergency medical treatment at Hawaii's hospitals.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 411, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, 2 (Gabbard, Slom). Excused, none.

**SCRep. 1325 Judiciary and Labor on H.B. No. 847**

The purpose and intent of this measure is to:

- (1) Authorize the Hawaii Medical Board to summarily suspend a license and order a licensee to submit to a physical and mental examination under specific circumstances;
- (2) Establish procedures for summary suspension orders, hearings, and appeals;
- (3) Establish penalties for any attempt by a licensee to continue the practice of medicine or for the practice of medicine by a licensee while the licensee's license has been summarily suspended; and
- (4) Specify immunities for licensees who provide certain information to the Hawaii Medical Board.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Hawaii Medical Board, Hawaii Medical Service Association, and Hawaii Medical Association.

Your Committee finds that the Hawaii Medical Board and the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs have implemented a number of initiatives to improve investigation and handling of complaints against physicians and enhance protection of the State's healthcare consumers. One such consumer protection proceeding is the ability for a licensing authority to summarily suspend a professional license. This measure tailors the process for summary suspension to more appropriately address proceedings for physician licensees, ensures fairness to licensees by providing an appropriate means to appeal the Hawaii Medical Board action, and provides immunity for certain situations when a licensee comes forward with information indicating a fellow licensee may be guilty of unprofessional conduct or may be impaired.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 847, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1326 Judiciary and Labor on H.B. No. 877**

The purpose and intent of this measure is to allow the Directors of Commerce and Consumer Affairs, Health, Human Services, and Labor and Industrial Relations to delegate voting authority to their designees for a specified meeting or meetings of the Hawaii Health Insurance Exchange.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Department of Commerce and Consumer Affairs, Department of Health, and Department of Human Services.

Your Committee finds that because the Hawaii Health Insurance Exchange, also known as the Hawaii Health Connector, was established as a Hawaii nonprofit corporation, more specific language is required regarding designees for the directors of state agencies who serve as ex-officio voting members of the Board of Directors of the Hawaii Health Connector. This measure provides the necessary flexibility for the directors of state agencies to voice their votes through their designees when they are unable to attend meetings of the Board of Directors, ensures that a voting quorum can be met, and facilitates the timely development and implementation of the Hawaii Health Insurance Exchange.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 877, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1327 Judiciary and Labor on H.B. No. 998**

The purpose and intent of this measure is to permanently prohibit private transfer fees by eliminating the sunset date of Act 169, Session Laws of Hawaii 2010.

Your Committee received testimony in support of this measure from the Hawaii Association of REALTORS and one individual.

Your Committee finds that private transfer fees are fees imposed by private parties, through deed restrictions or covenants, on transferees of real property in connection with future conveyances of the property. Private transfer fees may be imposed as part of a new housing development on the initial and subsequent purchasers of a property.

Your Committee further finds that if left unregulated, private transfer fees may be misused or create significant barriers to homeownership. The Legislature passed Act 169, Session Laws of Hawaii 2010, in response to concerns over private transfer fees and their potential negative impacts on homeownership and property values. Your Committee additionally finds that as of 2011, thirty-six states had either banned or placed conditions on the use of private transfer fees. Accordingly, your Committee concludes that a permanent prohibition on the use of private transfer fees in the State is appropriate.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 998, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1328 Ways and Means on H.B. No. 696**

The purpose of this measure is to provide financial support for neighbor island residents who hold the position of Lieutenant Governor.

Specifically, this measure authorizes an allowance to cover the personal expenses of a Lieutenant Governor whose legal residence is on an island other than Oahu.

Your Committee received written comments in support of this measure from the Office of the Governor and four individuals.

Your Committee finds that work demands often require the Lieutenant Governor to spend extended periods of time at the State Capitol and other locations on the island of Oahu. These duties pose unique financial challenges for officeholders whose legal residence is not on Oahu. This measure promotes fairness by mitigating the financial hardship that could otherwise deter anyone whose island of residence is other than Oahu from serving as Lieutenant Governor.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 696, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 1329 (Majority) Ways and Means on H.B. No. 1328**

The purpose and intent of this measure is to help the Kaho'olawe Island Reserve Commission fulfill its statutory mission.

More specifically, this measure makes permanent the exemption from chapter 103D, Hawaii Revised Statutes, relating to the Procurement Code, granted by Act 159, Session Laws of Hawaii 2010, for the procurement of food or fuel products necessary to carry out the purposes of chapter 6K, Hawaii Revised Statutes, relating to the Kaho'olawe Island Reserve.

Your Committee received written comments in opposition to this measure from the State Procurement Office.

Your Committee finds that the Kaho'olawe Island Reserve Commission faces unique challenges in carrying out its statutory mandate to preserve and protect the Kaho'olawe Island Reserve, including acquiring and transporting cargo, food, and fuel to the island. Your Committee finds that the additional flexibility provided by this measure is necessary and appropriate for the Kaho'olawe Island Reserve Commission to fulfill its mission under chapter 6K, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1328, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1330 Judiciary and Labor on H.B. No. 587**

The purpose and intent of this measure is to amend section 709-906, Hawaii Revised Statutes, to include persons in a dating relationship as family or household members for the purposes of prohibiting physical abuse of family or household members.

Your Committee received testimony in support of this measure from the Kauai Chamber of Commerce. Testimony in opposition to this measure was submitted by the Office of the Public Defender.

Your Committee finds that domestic violence is a public health epidemic and this measure assists in addressing this epidemic by expanding the definition of "family or household member" to include persons in a dating relationship.

Existing law requires a police officer to order a person to leave the premises for a period of separation of twenty-four hours if the police officer has reasonable grounds to believe that there is probable danger of further physical abuse or harm being inflicted by the person upon a family or household member. Your Committee further finds that this twenty-four hour no contact period is beneficial to domestic violence victims because it creates a safe period in which the victim may seek refuge in a shelter or use other safety options. A no contact order has the same effect as a temporary restraining order, but victims may use a no contact order when the courts are closed then follow up their request for a temporary restraining order using a no contact order issued by the police as justification. Thus, your Committee believes that increasing the no contact period from twenty-four to four-eight hours will provide victims a longer safe period to seek refuge or assistance.

Accordingly, your Committee has amended this measure by:

- (1) Adding language to increase from twenty-four to forty-eight hours the no contact period, during which a person is required by a police officer to stay away from a family or household member if the police officer has reasonable grounds to believe that a family or household member is in probable danger of further physical abuse or harm being inflicted by the person;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 587, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 587, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1331 Judiciary and Labor on H.B. No. 1150**

The purpose and intent of this measure is to:

- (1) Exempt an owner's agreement with an attorney to file a claim as to identified property or contest the administrator's denial of a claim from the application of section 523A-25, Hawaii Revised Statutes; provided that an owner's agreement with an attorney that provides for compensation shall not exceed twenty-five percent of the total value of the property; and
- (2) Provide an exception to the twenty-five percent limit for an owner's agreement with an attorney to maintain an action in circuit court upon approval of the court.

Your Committee received testimony in support of this measure from the Collections Law Section of the Hawaii State Bar Association.

Your Committee finds that Act 229, Session Laws of Hawaii 2012, limited compensation for the recovery of property presumed abandoned to ten percent of the total value of the property. Your Committee further finds that the majority of property held by the Department of Budget and Finance is valued at less than \$5,000. If any difficulties are encountered when attempting to release property from the Department of Budget and Finance, the cost for the claimant to hire an attorney in the majority of unclaimed property cases will increase beyond the ten percent limit rather quickly. The ten percent limit on compensation for recovery therefore creates a barrier for members of the public who wish to hire an attorney to assist with the recovery of unclaimed funds or property. By increasing the limit on compensation for attorneys to twenty-five percent of the total value of the property, this measure ensures that members of the public are still able to retain attorneys to handle the claims process, while also ensuring that attorneys' fees for this process remain at reasonable levels.

Your Committee has amended this measure by changing the effective date from July 1, 2050, to July 1, 2013.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1150, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1150, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1332 Judiciary and Labor on H.B. No. 17**

The purpose and intent of this measure is to:

- (1) Delete the "one gallon per person per day" exception to the prohibition against the removal of sand and other beach or marine deposits, except for materials inadvertently taken, and create an exemption for public emergencies and traditional cultural practices;
- (2) Clarify, upon the request of the Department of Land and Natural Resources, that Act 160, Session Laws of Hawaii 2010 (Act 160), is not to be construed to modify or alter any agreement of the Department of Land and Natural Resources that was in effect or executed on the effective date of Act 160; and
- (3) Extend the sunset date of Act 160 by two years to ensure public lateral access along the shoreline by requiring landowners to remove human-induced, enhanced, or unmaintained vegetation interfering with such access and extending the Department's enforcement duty to maintain such access.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kailua Neighborhood Board No. 31, Kuliouou/Kalani Iki Neighborhood Board No. 2, Sierra Club of Hawaii, Building Industry Association of Hawaii, Hawaii's Thousand Friends, The Chamber of Commerce of Hawaii, and twelve individuals. Testimony in opposition to this measure was submitted by the Hawaii Association of REALTORS and one individual. The Office of Planning submitted comments.

Your Committee finds that some landowners intentionally promote the growth of shoreline vegetation or promote vegetation along makai to mauka beach transit corridors in an attempt to increase the area of their property while decreasing coastal public trust assets. Act 160 requires that landowners remove human-induced, enhanced, or unmaintained vegetation interfering with such access. Act 160 protects coastal public resource assets and requires the Department of Land and Natural Resources to maintain access within beach transit corridors.

Your Committee notes that Act 160 is scheduled to sunset on June 30, 2013. The Department of Land and Natural Resources testified that it has successfully used Act 160 to compel offending landowners to cut back vegetation that inhibits lateral shoreline

access. Thus, the Department suggested that this measure be amended by making Act 160 permanent rather than extending the sunset date for an additional two years.

Your Committee further notes the suggestion raised by a testifier that the prohibition against the removal of sand and other beach or marine deposits should be clarified to apply only to naturally occurring deposits.

Your Committee has amended this measure by:

- (1) Adopting the amendment suggested by the Department of Land and Natural Resources by repealing the sunset provision of Act 160; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 17, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 17, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1333      Judiciary and Labor on H.B. No. 87**

The purpose and intent of this measure is to:

- (1) Broaden the offense of criminal trespass in the first degree to include a person who enters or remains unlawfully in or upon the premises of any public housing project after a reasonable warning or request to leave by housing authorities or a law enforcement officer;
- (2) Clarify that the warning or request to leave is not necessary between 10:00 p.m. and 5:00 a.m. at any public housing project that is closed to the public during those hours and has signs of a certain size and placement to provide sufficient notice of the closure; and
- (3) Define housing authorities.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority. Testimony in opposition to this measure was submitted by the Office of the Public Defender.

Your Committee finds that the Hawaii Public Housing Authority continues to make improvements to security measures at many of the high risk housing projects, including the addition of fences, security fences, and photo identification cards for tenants. Enacting this measure will significantly improve the ability of the Authority to ensure a secure, livable community for residents. Meanwhile, the Authority will continue to work with local law enforcement and security personnel to refine policies and procedures to effectively keep residents safe and secure.

Your Committee notes the concerns raised by the Office of the Public Defender that the misdemeanor penalty may be too severe for a person who is convicted of criminal trespass in the first degree for remaining on the premises of a public housing project. The Office testified that a person may have any number of legitimate reasons for being on the grounds of a housing project during the time the housing project is closed to the public. Although the Office suggested that the penalty for entering or remaining on a public housing project premise after hours be lowered, the Hawaii Public Housing Authority testified that the misdemeanor penalty serves as a deterrent.

Your Committee has amended this measure by:

- (1) Adding state low-income housing projects, as defined in section 356D-51, Hawaii Revised Statutes, to the types of public housing projects to which this measure applies; and
- (2) Clarifying that a person who enters or remains unlawfully on public housing project premises after hours shall be guilty of a petty misdemeanor for the first violation and a misdemeanor for a second or subsequent violation.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 87, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 87, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Ihara).

**SCRep. 1334      Judiciary and Labor on H.B. No. 423**

The purpose and intent of this measure is to repeal the sunset date of Act 120, Session Laws of Hawaii 2009, which requires transactions regarding fee simple interests in time shares to be recorded in the Bureau of Conveyances and provides a mechanism for transferring the registration from the Land Court System to the Bureau of Conveyances.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; American Resort Development Association Hawaii; SVO Pacific, Inc.; and Wyndham Vacation Ownership. The Judiciary and one individual submitted comments on this measure.

Your Committee finds that Act 120, Session Laws of Hawaii 2009, deregistered fee simple time share transactions from the Land Court system and established a procedure to move these transactions to the regular system in the Bureau of Conveyances. Your Committee further finds that the number of owners of a fee simple time share range from hundreds to thousands, with each owner holding a percentage interest in the time share property. The removal of fee simple time share transactions from the Land Court has

eliminated the need to issue a certificate of title for each fee simple time share unit for each owner, has significantly streamlined the registration process for fee simple time share interests, and has eased the backlog of recordings at the Land Court. Repealing the applicable sunset provision of Act 120, Session Laws of Hawaii 2009, as provided by this measure, will therefore permanently establish the streamlined process and ease the backlog of registering fee simple time share interests in the Land Court system.

Your Committee notes that Act 121, Session Laws of Hawaii 2012, established that deregistered land included deregistered fee time share interests, other fee time share interests, and voluntarily deregistered fee non-time share interests. Your Committee further notes the concerns raised by the Judiciary in written testimony regarding the sunset of the voluntary deregistration of non-time share fee simple interests and the current voluntary deregistration provisions. The Judiciary testified that while it supports making permanent the provisions of Act 120, Session Laws of Hawaii 2009, relating to the deregistration of fee time share interests, it would like to continue to seek improvements to the deregistration process for non-time share interests to ensure consistency.

Accordingly, your Committee has amended this measure by adopting the language suggested by the representative of SVO Pacific, Inc., that separates the voluntary deregistration of fee non-time share interests from the deregistration provisions under part II of chapter 501, Hawaii Revised Statutes, by:

- (1) Adding a purpose section to clarify the intent of this measure;
- (2) Establishing a separate process for the deregistration of registered land other than fee time share interests;
- (3) Making conforming amendments under chapter 501 and sections 634-51 and 636-3, Hawaii Revised Statutes, to appropriately reflect the separation of the deregistration of fee time share interests from the voluntary deregistration of registered land other than fee time share interests; and
- (4) Repealing the process for the deregistration of registered land other than fee time share interests on December 31, 2014.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 423, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 423, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1335 Judiciary and Labor on H.B. No. 951**

The purpose and intent of this measure is to:

- (1) Authorize the Director of Public Safety to maintain a list of independent civil process servers; and
- (2) Update various sections of the Hawaii Revised Statutes to clarify that law enforcement officers and independent civil process servers may serve certain types of legal process.

Your Committee received testimony in support of this measure from the Judiciary, Department of Public Safety, Collection Law Section of the Hawaii State Bar Association, and one individual. Your Committee received comments on this measure from the Department of the Attorney General and one individual.

Your Committee finds that there have been difficulties in identifying private process servers and obtaining their services in Hawaii. The unavailability of those services has resulted in an increased reliance on Deputy Sheriffs, who are already understaffed, to issue service of process, which causes delays for serving process.

The Collection Law Section of the Hawaii State Bar Association testified that the Department of Public Safety stopped maintaining a list of authorized private process servers due to a misinterpretation by the Department of Public Safety of Act 142, Session Laws of Hawaii 2012 (Act 142), which allows individuals authorized by the rules of the court to serve various types of civil process. As a result of Act 142, the Department testified that it stopped providing lists of eligible process servers. The Collection Law Section testified that the Department's interpretation of Act 142 has caused significant problems and confusion for the courts, attorneys, parties to lawsuits, previously listed authorized private process servers, and the general public. Therefore, your Committee further finds that, in the interest of efficiency and fairness, the Director of Public Safety should make a list of eligible process servers in the State available to the public as soon as possible. Your Committee strongly urges the Department to make the list of eligible process servers in the State available no later than thirty days after the effective date of this measure if this measure becomes law.

Your Committee has amended this measure by:

- (1) Adopting the amendments suggested by the Department of the Attorney General and Collection Law Section of the Hawaii State Bar Association to make further conforming amendments to sections 3, 4, 7, 9, 10, 12, 14, and 18 to specifically clarify that:
  - (A) The sheriff, sheriff's deputy, police officer, or independent civil process servers may serve certain types of legal process; and
  - (B) The sheriff, sheriff's deputy, or police officer may seize certain property;
- (2) Adopting the language suggested by the Department of the Attorney General to clarify that the maintenance of the list of civil independent process servers shall not create a private cause of action against the Department of Public Safety, the State, and the agencies, officers, and employees of the Department or the State;
- (3) Adopting the language suggested by the Judiciary and Collection Law Section of the Hawaii State Bar Association to reinstate the existing language under section 634-22, Hawaii Revised Statutes, relating to requiring a person specially appointed by the court to make an affidavit as a proof of service because this requirement has been long-standing in the law and court rules; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 951, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 951, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1336 Ways and Means on H.B. No. 395**

The purpose and intent of this measure is to establish the safe places for youth pilot program and to amend guidelines for courts to use in awarding custody of a minor child.

Your Committee received written comments in support of this measure from Adult Friends for Youth; Hawaii Youth Services Network; Pacific Alliance to Stop Slavery; Community Alliance for Mental Health; IMUAlliance; and sixty-seven individuals. Your Committee received written comments in opposition to part II of this measure from the Judiciary. Your Committee received written comments on this measure from the Office of Youth Services and one individual.

Your Committee finds that a safe places for youth pilot program and an appropriation to support it will help to link youth services and provide 24-hour crisis response for youth to access services needed to overcome negative influences. Your Committee further finds that, when awarding custody of a minor child, the court should be guided by a preference for awarding custody to both parents to maximize the child's physical, emotional, and meaningful contact with each parent.

Your Committee has amended this measure by:

- (1) Amending the definition of "youth" to specify individuals under the age of twenty-one;
- (2) Adding a repeal date for part I of the measure, to coincide with the termination date of the youth pilot program already established by the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 395, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 395, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1337 Ways and Means on H.B. No. 1279**

The purpose and intent of this measure is to provide matching funds for competitively bid program expenses incurred for reintegration support, job training, employment placement, and case management for incarcerated persons who are reentering the community.

Your Committee received written comments in support of this measure from seven individuals.

Your Committee finds that it is in the best interest of both the offender and the community to provide support services to the offender upon reentry into the community. Your Committee believes that the funds appropriated by this measure will assist the offender population to achieve self-sufficiency and transition to the community in a safe, responsible manner.

Your Committee has amended this measure by:

- (1) Clarifying that no funds shall be made available unless matching funds are provided by an outside entity, public or private; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1279, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1279, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Kahele, Kouchi, Thielen).

**SCRep. 1338 Ways and Means on H.B. No. 144**

The purpose and intent of this measure is to consolidate and clarify the laws relating to professional employer organizations.

More specifically, this measure:

- (1) Repeals chapter 373K, Hawaii Revised Statutes, on professional employment organizations; and
- (2) Adds provisions to chapter 373L, Hawaii Revised Statutes, on professional employer organizations, addressing, among other things, the assignment of responsibilities between the professional employer organization and the client company, definitions, registration, notifications, fees, loss of the general excise tax exemption, and letter of credit equivalents.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Maui Chamber of Commerce, Hawaii Association of Professional Employer Organizations, Hawaii Human Resources, Inc., and Tax Foundation of Hawaii.

Your Committee finds that consolidation and clarification of the statutory provisions in these chapters is necessary because effective implementation of each of them separately has been hampered by incompatible language, obscure objectives, and the lack of a common appreciation of the benefits intended or results to be realized under either of them.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 144, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 144, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (English).

**SCRep. 1339 Ways and Means on H.B. No. 1412**

The purpose and intent of this measure is to require the Department of Land and Natural Resources to accommodate the mooring of native Hawaiian canoes that are owned or leased by a nonprofit corporation, association, organization, or other duly chartered entity and operated for educational purposes.

This measure also requires any owner of a native Hawaiian canoe accommodated pursuant to this measure to submit to the Department of Land and Natural Resources an annual report describing the educational activities conducted during the previous year.

Your Committee finds that, for thousands of years, native Hawaiians traveled the Pacific Ocean in voyaging canoes. The experience of creating the canoe itself was of an educational, social, and spiritual character. Your Committee believes that, by accommodating educational native Hawaiian canoes in small boat harbors, this measure will provide enhanced opportunities to educate the public about the history and significance of native Hawaiian canoes.

Your Committee has amended this measure by:

- (1) Clarifying that mooring space shall be provided for native Hawaiian canoes that are used for educational purposes;
- (2) Providing that the owner or lessee, rather than merely the owner, of an accommodated native Hawaiian canoe shall submit the annual report to the Department of Land and Natural Resources; and
- (3) Clarifying that the annual report shall describe how the educational activities that were conducted during the previous year used, involved, or focused on the native Hawaiian canoe.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1412, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1340 Ways and Means on H.B. No. 888**

The purpose and intent of this measure is to provide the Hawaii Public Housing Authority with a streamlined process for disposing of property that has been abandoned on or seized from state low-income housing projects.

More specifically, this measure:

- (1) Repeals the present process for the disposition of abandoned property through a public auction; and
- (2) Establishes an expedited process for the disposition of both abandoned and seized property through a public auction for property that meets a certain monetary threshold value and through other appropriate means for property that does not meet the threshold value.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority.

Your Committee finds that this measure will simplify the procedures the Hawaii Public Housing Authority must follow to dispose of abandoned or seized property by reducing storage time prior to disposition and requiring publication and auction only where the estimated value of the abandoned or seized property exceeds a specified threshold. Your Committee believes this measure will reduce costs related to storage, notice, and disposition for abandoned or seized articles that are of little monetary worth.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 888, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1341 (Majority) Ways and Means on H.B. No. 747**

The purpose and intent of this measure is to:

- (1) Increase the Agribusiness Development Corporation's limit on investments in qualified securities of any one enterprise from \$500,000 to an unspecified amount; and
- (2) Appropriate funds to the Agribusiness Development Corporation to purchase agricultural land.

Your Committee received written comments in support of this measure from a private individual.

Your Committee received written comments in opposition to this measure from thirteen private individuals.

Your Committee finds that this measure will allow the Agribusiness Development Corporation greater investment flexibility by increasing the maximum allowable investment in any one enterprise. Your Committee also finds that this measure will enable the Agribusiness Development Corporation to purchase agricultural lands to promote the development and maintenance of agriculture in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 747, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Ruderman). Excused, 1 (English).

**SCRep. 1342 Ways and Means on H.B. No. 928**

The purpose and intent of this measure is to clarify that certain funds of the Department of Labor and Industrial Relations are trust funds.

More specifically, this measure renames the following funds as trust funds:

- (1) The unemployment compensation fund, established pursuant to section 383-121, Hawaii Revised Statutes;
- (2) The special compensation fund, established pursuant to section 386-151, Hawaii Revised Statutes;
- (3) The special fund for disability benefits, established pursuant to section 392-61, Hawaii Revised Statutes; and
- (4) The special premium supplementation fund, established pursuant to section 393-41, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and the Office of the Auditor.

Your Committee finds that this measure adopts the recommendations made by the Office of the Auditor regarding the classification of certain funds within the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 928, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1343 (Majority) Ways and Means on H.B. No. 918**

The purpose and intent of this measure is to increase employment, earnings, and occupational skill level of the workforce in Hawaii, and as a result, improve productivity and competitiveness of Hawaii businesses.

More specifically, this measure allows employment and training fund moneys to be used to supplement insufficient funds allocated under the federal Workforce Investment Act of 1998, Public Law 105-220, as amended, as a temporary measure from July 1, 2013, to June 30, 2014, until a long-term solution is created. This measure also clarifies that the moneys collected as part of the employment and training assessment for the purpose of paying interest assessments in 2011 are used by the employment and training fund to support workforce training activities and further the State's economic recovery.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and ILWU Local 142.

Your Committee finds that the recent reduction in federal Workforce Investment Act funding for administrative purposes has adversely affected the ability of the Department of Labor and Industrial Relations to carry out statewide administrative functions and to support local workforce systems, including programs under the federal Workforce Investment Act. Although the Department maintains the same federal responsibilities regarding program management, administration, reporting, and oversight, these responsibilities must be met with less federal financial assistance. This measure will temporarily assist the Department of Labor and Industrial Relations to fulfill its federally mandated responsibilities to provide certain workforce training programs until a long-term solution is derived.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 918, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1344 Ways and Means on H.B. No. 841**

The purpose and intent of this measure is to update the Insurance Code to streamline and improve the operations of the Insurance Division and to ensure that the Insurance Division retains its accreditation with the National Association of Insurance Commissioners.

Your Committee received written comments in support of this measure from the Insurance Commissioner.

Your Committee finds that the Insurance Division's continued accreditation with the National Association of Insurance Commissioners serves as an assurance to the public that the Insurance Division meets baseline standards of solvency regulation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 841, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1345 Ways and Means on H.B. No. 1130**

The purpose and intent of this measure is to improve accountability in the management of the Hawaii Health Systems Corporation, support clear and consistent roles for all regional systems, and create a more balanced multi-board tiered system.

More specifically, this measure increases the number of members of the Hawaii Health Systems Corporation Board of Directors from thirteen to eighteen and shifts the voting powers of the five regional chief executive officers to five community members to be appointed by the Governor.

Your Committee received written comments in support of this measure from the Hawaii Health Systems Corporation East Hawaii Regional Board and the United Public Workers.

Your Committee finds that the challenges facing the Hawaii Health Systems Corporation Board of Directors have become increasingly varied and complicated and require the expertise and assistance of a larger and more diverse Board. This measure would help to ensure a membership that possesses the knowledge and ability to address the numerous difficult issues before the Board.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1346 Ways and Means on H.B. No. 749**

The purpose and intent of this measure is to establish, within the Department of Labor and Industrial Relations, the Hawaii Agriculture Workforce Advisory Board.

The purpose of the Board is to:

- (1) Develop the next generation of the agriculture workforce in the State;
- (2) Develop partnerships with agricultural organizations and stakeholders;
- (3) Maintain and support the National Future Farmers of America Organization within the State; and
- (4) Recommend projects and programs to promote the expansion and development of the agricultural industry in the State.

This measure also appropriates an unspecified sum of funds to assist in the establishment and support of the Hawaii Agriculture Workforce Advisory Board.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and two individuals.

Your Committee finds that this measure will further the policy of the State, as expressed by the State Planning Act, to promote economically competitive activities that increase Hawaii's agricultural self-sufficiency and to increase the attractiveness and opportunities for an agricultural education and livelihood. Your Committee believes that this measure will increase Hawaii's agricultural self-sufficiency by developing the State's agricultural workforce and promoting the development of the State's agricultural industry.

Your Committee has amended this measure by:

- (1) Codifying section 2 as part of chapter 371, Hawaii Revised Statutes (Department of Labor and Industrial Relations organizational law); and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 749, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 749, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1347 Ways and Means on H.B. No. 2**

The purpose and intent of this measure is to improve the public's awareness of long-term care options.

More specifically, this measure requires and appropriates funds for the Executive Office on Aging of the Department of Health to administer a public education and awareness campaign on long-term care and obtain an independent evaluation of the campaign.

Your Committee received written comments in support of this measure from the Executive Office on Aging; Policy Advisory Board for Elderly Affairs; Executive on Aging, County of Hawaii; AARP Hawaii; Community Alliance for Mental Health; Hawaii Family Caregiver's Coalition; ILWU Local 142; and seven concerned individuals.

Your Committee received written comments in opposition to this measure from one concerned individual.

Your Committee finds that between 2007 and 2030, the population aged eighty-five and older in Hawaii will increase by almost two-thirds. This population is in greatest need of long-term care and it generally has limited or erroneous knowledge of long-term care

issues, including the types and providers of long-term care services available. This measure would educate people about the potential need for long-term care and motivate people to begin planning for that potential need.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1348 Ways and Means on H.B. No. 988**

The purpose and intent of this measure is to authorize use of the environmental response revolving fund to support the operations of an environmental disaster standby and response facility to respond to oil and fuel-related disasters affecting native wildlife in the State.

Your Committee received written comments in support of this measure from a private individual.

Your Committee received written comments in opposition to this measure from the Department of Health.

Your Committee finds that Hawaii has the largest concentration of endangered and threatened species in the world. Accordingly, it is imperative that the State be fully prepared to protect endangered and threatened animals if an oil or fuel-related disaster affecting native wildlife were to occur. Your Committee further finds that a purpose-built and operational oiled-wildlife response facility is the standard that has been set for highly successful emergency responses, as it allows for efficient, state-of-the-art wildlife care, provides for control of animal and hazardous waste handling and tracking, and ensures the safety of everyone working with oiled wildlife. Your Committee believes that this measure provides an appropriate source of funding to support the operations of the environmental disaster standby and response facility.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 988, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 988, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1349 Ways and Means on H.B. No. 218**

The purpose and intent of this measure is to increase the membership of the Corrections Population Management Commission by adding the Office of Hawaiian Affairs Administrator and a member of the public with knowledge of criminal justice and Native Hawaiian practices.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Community Alliance on Prisons, and one individual.

Your Committee finds that this measure will continue the work of the Native Hawaiian Justice Task Force, which was established by Act 170, Session Laws of Hawaii 2011, to develop strategies to reduce the disproportionate representation of Native Hawaiians in the criminal justice system. In 2012, the task force submitted the Native Hawaiian Justice Task Force Report which, among other things, recommended further study of the issue. Your Committee believes that adding the Office of Hawaiian Affairs Administrator and a member of the public with knowledge of both criminal justice and Native Hawaiian practices to the corrections population management commission will also help to address and develop solutions responsive to the needs of Native Hawaiians drawn into the criminal justice system.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making a technical nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 218, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 218, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1350 (Majority) Ways and Means on H.B. No. 833**

The purpose and intent of this measure is to make an emergency appropriation for fiscal biennium 2011-2013 for collective bargaining cost items for officers and employees in collective bargaining unit (10) and their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance; the United Public Workers, AFSCME Local 646, AFL-CIO; and one individual.

Your Committee finds that on January 10, 2013, the Department of Budget and Finance received an arbitration award reflecting a 3.2 per cent increase for officers and employees within collective bargaining unit (10), beginning January 16, 2013. Your Committee further finds the amounts appropriated in this measure reflect the arbitration award along with increases for the excluded counterparts who belong to the same compensation plans as those officers and employees within collective bargaining unit (10).

Your Committee has amended this measure by:

- (1) Specifying that the amounts appropriated are for fiscal year 2012-2013;
- (2) Clarifying that amounts appropriated for state officers and employees excluded from collective bargaining are for those who belong to the same compensation plans as those officers and employees within collective bargaining unit (10);
- (3) Correcting the program identification title for the appropriations for state employees in collective bargaining unit (10) and their excluded counterparts who are assigned to the Judiciary;
- (4) Correcting the program identification title for the appropriations for state employees in collective bargaining unit (10) and their excluded counterparts who are assigned to Hawaii Health Systems Corporation; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 833, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 833, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1351 (Majority Ways and Means on H.B. No. 656)**

The purpose and intent of this measure is to temporarily establish the health care transformation program within the Office of the Governor.

Your Committee received written comments in support of this measure from the Office of the Governor, the Community Alliance for Mental Health, Hawaii Medical Services Association, and two individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that the health care transformation program will provide the State with a means to support discussion among stakeholders that is necessary to increase administrative uniformity to improve the State's health care system.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 656, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 656, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1352 Ways and Means on H.B. No. 1424**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate the revenues derived therefrom for the Department of Land and Natural Resources to engage in efforts, in consultation with Hawaiian Islands Land Trust, to acquire the parcel of land located at Lipoa Point, identified as TMK 2-4-1-001-010-0000.

The measure also requires the Department of Land and Natural Resources, to the extent possible, to ensure that the seller of the parcel of land uses the proceeds of the sale to benefit the pension plan of retirees of the Maui Land and Pineapple Company, Inc.

Your Committee received written comments in support of this measure from Save Honolua Coalition; The Trust for Public Land; the Strategy Group, Inc.; Maui Land and Pineapple Company, Inc.; and thirty individuals. One individual submitted written comments in opposition. Two individuals submitted written comments.

Your Committee finds that, due to its iconic reputation, Honolua Bay draws countless visitors to Hawaii, which helps generate revenue by bolstering the State's tourist industry. Your Committee further finds that recent contemplation of zoning changes to the area have jeopardized the pension benefits for numerous retirees, as the parcel at Lipoa Point was pledged against a pension fund established by the retirees' former employer. Your Committee believes that this measure allows the State to explore options to preserve the area's pristine condition, while ensuring the adequate capitalization of the pension fund against which the parcel was pledged.

Your Committee has amended this measure by:

- (1) Deleting the general obligation bond authorization and appropriation;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1424, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1424, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1353 Ways and Means on H.B. No. 1149**

The purpose and intent of this measure is to protect the public against health and safety hazards and to preserve the natural beauty of Hawaii by establishing requirements for the decommissioning of wind energy facilities.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and one concerned individual.

Your Committee received written comments on this measure from the Public Utilities Commission.

Your Committee finds that abandoned and improperly maintained wind energy facilities pose a health and safety risk to the public, as well as result in a blight on the natural environment. Large scale wind energy facilities consist of large wind turbines, electrical substations, electrical lines, and other structures that when left to deteriorate may cause severe damage to life and property. This measure would improve public safety by helping to ensure safe dismantling of wind energy facilities at the end of their useful life.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1149, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1354 Ways and Means on H.B. No. 90**

The purpose and intent of this measure is to address issues regarding the use of emergency response vehicle sirens and lights.

More specifically, this measure establishes an emergency response vehicle noise task force within the Department of Health to examine the use and effectiveness of lights and sirens by emergency response vehicles.

Your Committee received written comments in support of this measure from the State Fire Council; Kauai Fire Department; and two concerned individuals.

Your Committee finds that the public has serious concerns regarding the appropriate use of sirens and lights on emergency response vehicles, including whether the sirens are audible by motorists, whether the lights are visible, and whether the sirens and lights are unnecessarily used. This measure would establish a task force to examine these issues and make recommendations on any appropriate changes to the law.

Your Committee has amended this measure by:

- (1) Making the task force permanent by codifying its establishment in the Hawaii Revised Statutes;
- (2) Providing for nomination and appointment of non-governmental members in accordance with section 26-34, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 90, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 90, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1355 Ways and Means on H.B. No. 358**

The purpose of this measure is to increase participation in the legislative process by expanding access to legislative hearings for neighbor island residents.

Specifically, this measure:

- (1) Requires both chambers of the Legislature to implement rules to enable the Legislature to receive live oral testimony from the neighbor islands through audio or audiovisual technology;
- (2) Requires each legislative chamber to identify executive agency sites or facilities that have audio and audiovisual capabilities that may be used for live oral testimony under this measure; and
- (3) Appropriates funds for the use of audiovisual technology throughout the State for the purposes of this measure.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services and thirteen individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Disability and Communication Access Board and the Office of Information Management and Technology.

Your Committee recognizes that while written testimony may be submitted to the Legislature by various electronic means, the presentation of live oral testimony requires neighbor island residents to travel to Oahu. For some, this is a cost-prohibitive option that may discourage active, in-person participation at legislative hearings. Your Committee finds that this measure will enable neighbor island residents to provide live oral testimony through the use of available technology.

Your Committee has amended this measure by:

- (1) Requiring each legislative chamber to consult with:
  - (A) The Chief Information Officer of the State, who shall ensure that the audio or audiovisual technology to be used:
    - (i) Satisfies the technical requirements of the State's existing network infrastructure;
    - (ii) Adheres to best practices;
    - (iii) Is compatible with multiple platforms; and
    - (iv) Is provided appropriate resources and support; and
  - (B) The Disability and Communication Access Board to ensure that all activities conducted pursuant to this measure comply with the requirements of the Americans with Disabilities Act;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 358, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 358, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1356 Ways and Means on H.B. No. 222**

The purpose and intent of this measure is to appropriate funds for the operating budget of the Office of Hawaiian Affairs for fiscal years 2013-2014 and 2014-2015.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and one individual.

Your Committee recognizes the significance of the services and advocacy that the Office of Hawaiian Affairs (OHA) provides its beneficiaries and acknowledges the need to ensure that OHA has sufficient resources to continue these services.

Your Committee has provided \$250,000 in general funds and \$250,000 in trust funds for 'Oiwai Television, Hawaii's first and only Native Hawaiian television station. Your Committee is cognizant of OHA's focus on educational enrichment programs in the community, especially for Native Hawaiian K-12 programs. As such, your Committee has provided \$134,430 in general funds and \$134,430 in trust funds for OHA to enhance academic services for its beneficiaries. Your Committee understands the importance of health care and making health services accessible. To this end, your Committee has provided \$750,000 in general funds and \$750,000 in trust funds for OHA's direct health services and prevention programs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 222, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 222, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Sлом). Noes, none. Excused, 1 (English).

**SCRep. 1357 Ways and Means on H.B. No. 197**

The purpose and intent of this measure is to appropriate funds for the operating and capital improvement costs of the Judiciary for fiscal years 2013-2014 and 2014-2015.

Your Committee received written comments in support of the measure from the Judiciary; the Mayor of the County of Hawaii; Prosecuting Attorney of the County of Hawaii; Hawaii Access to Justice Commission; Hawaii State Bar Association; West Hawaii Bar Association; Legal Aid Society of Hawaii; Oahu Domestic Violence Task Force; Hawaii State Coalition Against Domestic Violence; Hawaii Disability Rights Center; Hawaii Justice Foundation; The Mediation Center of the Pacific, Inc.; Boards of Directors Child and Family Service and CFS Real Property; Child and Family Service; Chaminade University; The National Crittenton Foundation; and nine individuals.

Your Committee received written comments on this measure from Domestic Violence Action Center.

In concert with the decision to restore the five per cent labor savings reduction to agencies statewide, your Committee has provided \$4,134,343 in general funds to the Judiciary to restore funds for labor costs. In addition, scheduled pay increases to judges as called for by the 2006 Commission on Salaries (the commission) were deferred. Your Committee is now able to restore judge's salaries to the amounts scheduled for fiscal year 2013-2014 by the Commission on Salaries. As such, your Committee has provided \$4,465,777 in general funds to restore judges' salaries in various Judiciary programs.

Your Committee supports collaboration between the Judiciary, Office of the Public Defender, United States Department of Veterans Affairs, Department of the Attorney General, and the Prosecuting Attorney of the City and County of Honolulu to establish the Veterans Treatment Court. This specialty court has been designed to address the unique needs of veterans entering the criminal justice system with mental illness and substance abuse issues arising from their service to our country. To advance these efforts, your Committee has provided general fund support for deputy defender, deputy prosecuting attorney, and social worker positions in the amount of \$278,352.

Your Committee is cognizant of the need to reinvest in judiciary programs that partner with private and nonprofit providers to administer assessments, treatment, counseling, and shelter services. Investments in these services reduce recidivism and corresponding incarceration costs as well as increase accessibility to court resources for domestic violence victims and drug court offenders, juvenile and adult alike. To this end, your Committee has provided \$611,204 to restore funding for purchase of service contracts in the Judiciary.

Your Committee also supports the public-private partnerships between the Judiciary and the community by means of Hawaii Children's Justice Centers (Centers). These programs bring together professionals to coordinate their activities and investigations of child abuse and neglect. Lack of professional support and neighbor island outreach for forensic specialist services at the Centers have resulted in many child victims going without timely assessment and returning to homes of abuse and neglect. In order to address these injustices, your Committee has wholly funded the Judiciary's request for positions and salary amounts to support neighbor island Children Justice Centers in the upcoming biennium.

Your Committee is aware of the high demand for legal assistance among Hawaii's vulnerable populations. The Judiciary works with the legal community to provide subsidized court services to those who cannot afford to pay on their own. Act 180, Session Laws Hawaii 2011, included a provision that would increase surcharges for various court services in calendar year 2012, so as to enhance deposits into the Indigent Legal Assistance Fund (Fund) and expand the Judiciary's capacity to provide low- and moderate income residents with additional access to legal services. However, the lack of a concurrent increase in the Fund's expenditure ceiling has resulted in the Judiciary's inability to expend the additional moneys as they were intended. To address this administrative anomaly, your Committee has authorized the special fund expenditure of an additional \$1,000,000 from the Fund.

Your Committee has also provided \$1,095,225 in general funds in support of the Judiciary's efforts to move the Juvenile Client Services Branch from Honolulu to Kapolei. It is your Committee's understanding that this relocation will enhance productivity and performance of staff, as well as improve communication and coordination between the branches of Family Court, which have already moved to Kapolei.

Further, in support of recapitalizing existing operations throughout the Judiciary, your Committee has provided positions and funding that address various circuit needs, including the community service sentencing program on Maui, legal aid services in the Hilo Court District, and overall administration of the Judiciary.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 197, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 197, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kidani).

**SCRep. 1358 Ways and Means on H.B. No. 977**

The purpose and intent of this measure is to increase highway safety by conforming state law with recent changes to federal regulations relating to commercial driver licensing.

More specifically, this measure provides for a commercial learner's permit and implements various other changes to enhance the commercial driver license program.

Your Committee finds that failure to enact these changes recommended by the Federal Motor Carrier Safety Administration could result in the loss of approximately \$5,500,000 of federal funding for the first year of non-compliance and \$10,900,000 per year thereafter.

Your Committee has amended this measure by:

- (1) Repealing the existing definition of "tank vehicle" in section 286-2, Hawaii Revised Statutes, because the term is used only with regard to commercial driver licensing and is defined by this measure for that purpose;
- (2) Clarifying that the holder of a commercial learner's permit is eligible to take a commercial driver's license skills test no earlier than the fourteenth day after obtaining the learner's permit;
- (3) Clarifying that the commercial driver license applicant may submit the results of an out-of-state skills test to the examiner of drivers for approval; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 977, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 977, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1359 Ways and Means on H.B. No. 1263**

The purpose of this measure is to protect Hawaii's agricultural crops by providing funding to maintain and improve various irrigation systems.

Specifically, this measure:

- (1) Authorizes the Director of Finance to issue general obligation bonds to finance improvements to various irrigation systems; and
- (2) Appropriates funds for the operation and maintenance of the East Kauai Irrigation System.

Your Committee received written comments in support of this measure from 4 Ag Hawaii; Hawaii Cattlemen's Council; Wong's Meat Market, Ltd.; Hawaii Farm Bureau Federation; PonoHolo Ranch, Ltd.; East Kauai Water Users' Cooperative; Kauai County Farm Bureau; Saiva Siddhanta Church; Kauai Taro Growers Association; Hawaii Aquaculture and Aquaponics Association; MCFB; and seven individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that irrigation systems are the lifelines of Hawaii's agricultural industry. This measure appropriates funds needed to maintain irrigation systems to ensure a reliable supply of water for Hawaii's agricultural crops.

Your Committee has amended this measure by deleting the provisions authorizing the issuance of general obligation bonds and related appropriations.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1263, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1263, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1360 Ways and Means on H.B. No. 1137**

The purpose of this measure is to clarify the qualifications for court-appointed child custody evaluators and enhance protections for parties who are affected by an evaluator's determinations.

Specifically, this measure:

- (1) Specifies the types of licensed individuals who may serve as court-appointed child custody evaluators and sets forth the circumstances under which unlicensed individuals may be appointed; and
- (2) Requires the Judiciary to:
  - (A) Maintain a publicly accessible registry of qualified child custody evaluators;
  - (B) Establish a process to refer complaints regarding court-appointed child custody evaluators to the appropriate licensing authority, where applicable; and
  - (C) Report annually to the Legislature regarding the number of complaints processed through the referral process.

Your Committee received written comments in support of this measure from eleven individuals.

Your Committee finds that section 571-46, Hawaii Revised Statutes, requires family courts to define the qualifications and standards of practice for court-appointed child custody evaluators. This measure clarifies who may be appointed as a child custody evaluator by specifying the qualifications for court-appointed child custody evaluators. In addition, this measure increases protections for the parties to a child custody proceeding by requiring the Judiciary to maintain a public registry of qualified evaluators and establish a referral process for complaints against evaluators.

Your Committee has amended this measure by:

- (1) Specifying that the publicly accessible registry of child custody evaluators is to be maintained on the Judiciary's website;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (3) Making technical nonsubstantive amendments for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1137, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1137, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1361 (Majority) Ways and Means on H.B. No. 1**

The purpose and intent of this measure is to study the feasibility of a long term care financing program for the State's working population.

More specifically, this measure:

- (1) Requires the Director of the Executive Office on Aging to contract for a feasibility study to design a limited, mandatory, public long term care financing program;
- (2) Requires the Director of the Executive Office on Aging to contract for the performance of an actuarial analysis by a licensed actuary;
- (3) Requires the feasibility study and the actuarial analysis to be submitted to the Director of the Executive Office on Aging by June 30, 2014;
- (4) Requires the Director of the Executive Office on Aging to submit a report of the Director's findings and recommendations, based upon the feasibility study and actuarial analysis, to the Legislature no later than twenty days prior to the Regular Session of 2015; and
- (5) Makes an appropriation of an unspecified amount for the performance of the feasibility study and the actuarial analysis.

Your Committee received written comments in support of this measure from the Executive Office on Aging, the Policy Advisory Board for Elder Affairs, AARP-Hawaii, and the ILWU Local 142.

Your Committee finds that Hawaii's rapidly aging population makes it necessary to address the need for and the cost of long term care in this State. Your Committee also finds that this measure will help to determine the feasibility and sustainability of providing a long term care program for working individuals in the State.

Your Committee has amended this measure to clarify the intent that the feasibility study and actuarial analysis must address the enumerated issues provided in the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

**SCRep. 1362 Ways and Means on H.B. No. 321**

The purpose of this measure is to increase participation in elections by facilitating voter registration.

Specifically, this measure authorizes voter registration at absentee polling places notwithstanding the expiration of the regular voter registration deadline, which is thirty days prior to the election.

Your Committee received written comments in opposition to this measure from three individuals.

Your Committee received written comments on this measure from the Hawaii Women's Coalition.

Your Committee finds that Hawaii has the lowest voter turnout rate in the nation. This measure seeks to remove barriers to voting by providing a means for voter registration notwithstanding the close of the general county register.

Your Committee has amended this measure by:

- (1) Amending the provision allowing challenges to a voter's registration under this measure pursuant to the procedures set forth in section 11-25, Hawaii Revised Statutes, to include the procedures under that section for challenging registration prior to Election Day; and
- (2) Making technical nonsubstantive amendments for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 321, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 321, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1363 Commerce and Consumer Protection on H.B. No. 398**

The purpose and intent of this measure is to:

- (1) Require child care facilities, including family child care homes, group child care centers, and group child care homes; and infant and toddler child care centers that care for children less than one year of age to develop, maintain, and implement safe sleep policies, in accordance with rules adopted by the Department of Human Services, to prevent sudden unexpected infant deaths and sudden infant death syndrome; and
- (2) Establish a task force to address issues of home and community-based facilities during the transition of services from the Department of Human Services to the Department of Health.

Your Committee received testimony in support of this measure from the March of Dimes Foundation, Hawaii Chapter; Case Management Council; Case Management Professionals, Inc.; All Island Case Management Corporation; Adult Foster Homecare Association of Hawaii; and numerous individuals. Your Committee received comments on this measure from the Department of Health and Department of Human Services.

Your Committee finds that Hawaii is one of only seven states that do not regulate sleep positions in child care centers or family child care homes. Requiring child care facilities that care for children under the age of one year to implement safe sleep policies will help prevent infant deaths caused by unsafe sleeping environments and positions.

Your Committee further finds that Act 93, Session Laws of Hawaii 2012, transfers certain programs of the Department of Human Services, relating to home and community-based case management, community care foster family homes, and adult day care, to the Department of Health on July 1, 2014. This measure establishes a task force to address the issues facing home and community-based facilities during this transition. However, your Committee has heard the concerns related to the fiscal implication and administrative burden that the task force would impose on the Department of Human Services and the Department of Health. Your Committee concludes that a working group convened by the chairs of the House and Senate Committees on Human Services is a more effective way to review these issues without unduly burdening the Department of Human Services and the Department of Health. Amendments to this measure are therefore necessary.

Accordingly, your Committee has amended this measure by:

- (1) Establishing a working group convened by the Chairs of the House and Senate Committees on Human Services, rather than a task force to review issues relating to the transition of oversight of home and community-based facilities from the Department of Human Services to the Department of Health;
- (2) Amending the membership of the working group;
- (3) Clarifying that members of the working group shall serve without compensation and shall not be considered state employees based solely upon their participation in the working group;
- (4) Making other conforming amendments related to the working group;
- (5) Inserting an effective date of July 1, 2020, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 398, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 398, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 1364 Commerce and Consumer Protection on H.B. No. 652**

The purpose and intent of this measure is to:

- (1) Prohibit new remote dispensing pharmacies from operating within ten miles of any pharmacy, excepting those remote dispensing pharmacies in operation prior to the effective date of this measure; and
- (2) Extend the repeal date of Act 212, Session Laws of Hawaii 2008, to January 1, 2016.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health, Times Supermarket, and one individual. Your Committee received comments on this measure from the Board of Pharmacy and Kaiser Permanente.

Your Committee finds that many individuals living in underserved or remote areas need improved access to medications and pharmacy services. Act 212, Session Laws of Hawaii 2008, sought to address these issues by permitting remote dispensing pharmacy operations. Your Committee further finds that remote dispensing permits a licensed pharmacist to dispense prescription medications from a location away from the responsible pharmacy, via live computer, video, and audio link with the responsible pharmacy and pharmacist-in-charge. This technology provides pharmacist oversight of the dispensation of prescription drugs, while also allowing pharmacies to serve patients in underserved or remote areas.

Your Committee additionally finds that the location of remote dispensing pharmacies near retail pharmacies may create operational challenges for retail pharmacies. This measure recognizes these challenges and prohibits new remote dispensing pharmacies from operating within ten miles of any pharmacy, except those remote dispensing pharmacies in operation prior to the effective date of this measure. This measure also extends the sunset date of Act 212, Session Laws of Hawaii 2008, until January 1, 2016.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 652, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 652, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1365 Commerce and Consumer Protection on H.B. No. 1381**

The purpose and intent of this measure is to:

- (1) Limit licensure by endorsement or reciprocity for nonresident military spouses to those spouses who are present in the State for at least one year pursuant to military orders;
- (2) Limit consideration of military service or training for licensure by endorsement or reciprocity to veterans honorably discharged within two years of application and exclude medical doctors, dentists, certified public accountants, and other licensees for which specified endorsement or reciprocity regulations exist; and
- (3) Clarify and permanently establish various requirements for licensure by endorsement and reciprocity for military veterans.

Your Committee received testimony in support of this measure from the Office of the Deputy Assistant Secretary of Defense, Military Community and Family Policy and The Chamber of Commerce of Hawaii. Your Committee received testimony in opposition to this measure from the Hawaii Dental Association. Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that many military spouses accompany their service member spouses on military duty assignments. Your Committee further finds that this measure supports efforts led by the current Presidential Administration to simplify and expedite the employment of trained, educated, and highly qualified military spouses who accompany their service member spouses on military duty assignments.

Your Committee additionally finds that when Act 248, Session Laws of Hawaii 2012 (Act 248), was enacted, the intent was to allow the licensing authorities in Hawaii to consider military education, training, or service that was equivalent to civilian education, training, or service. Your Committee notes that S.B. No. 506, S.D. 2, which was previously passed by the Senate, contains language that is intended to provide additional clarity to Act 248. S.B. No. 506, S.D. 2, is also intended to demonstrate Hawaii's continuing commitment to the nationwide effort to facilitate military veterans' transition to post-service employment, including those military veterans who are from Hawaii and wish to find post-service employment in their home state. Amendments to this measure are therefore necessary to incorporate certain language from S.B. No. 506, S.D. 2.

Accordingly, your Committee has amended this measure by:

- (1) Deleting sections 2 and 3 and replacing them with section 2 from S.B. No. 506, S.D. 2, a measure which:
  - (A) Clarifies that licensing authorities that consider relevant education, training, or service of a military veteran applicant and determine the applicant meets or exceeds the requirements for licensure in Hawaii shall accept the results of the passage of a national or regional exam accepted by statute or rule in the specific licensing area or the equivalent as determined by the licensing authority; and
  - (B) Requires a certificate or evidence satisfactory to the licensing authority of having passed a national or regional exam or the equivalent to be provided to the licensing authority;
- (2) Inserting an effective date of July 1, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1381, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1381, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

#### **SCRep. 1366 Commerce and Consumer Protection on H.B. No. 62**

The purpose and intent of this measure is to prohibit a pharmacy benefits manager from using a patient's prescription drug benefits claim information to market to that patient the services of a preferred pharmacy network that is owned by the pharmacy benefits manager, except in certain situations.

Your Committee received testimony in support of this measure from the National Community Pharmacists Association; Hawaii Community Pharmacists Association; Hawaii Food Industry Association; Walgreen Co.; Times Supermarket; and seven individuals. Your Committee received testimony in opposition to this measure from CVS Caremark Corporation and 'Ohana Health Plan. Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee finds that pharmacy benefits managers are intermediaries that negotiate services and costs between pharmaceutical companies and third party payors, such as insurance companies, businesses, and cash-paying customers.

Your Committee further finds that some pharmacy benefits managers have gone beyond using a patient's health information to process prescription claims and now use this information to directly market to that patient the services of a preferred pharmacy provider that is owned by the pharmacy benefits manager. These marketing practices include permitting call centers to repeatedly call patients and offer discounts only if a patient refills a prescription at a particular pharmacy affiliated with the pharmacy benefits manager. The implication that patients cannot fill their prescriptions at their pharmacy of choice is not in the best interests of patients and is oriented to the financial gain of the pharmacy benefits manager.

Your Committee additionally finds that the practice of pharmacy benefits managers sharing a patient's prescription claims information with their partially- or wholly-owned subsidiaries, for the purpose of marketing, without the patient's express consent is a breach of the patient's right to privacy. This right to privacy is expressed in article I, section 6, of the Hawaii State Constitution and was affirmed, as it relates to a person's medical health information, by the Hawaii Supreme Court in *Brende v. Hara*, 153 P.3d 1109 (2007).

Your Committee concludes that amendments to this measure are necessary to incorporate these personal health information protections, prohibit strict marketing contact on the part of a pharmacy benefits manager, and ensure these protections and restrictions apply to all health care providers and plans in the State. Amendments to this measure are also necessary to ensure that using a patient's medical information is acceptable for legitimate health and safety reasons or if the information is used in conformity with existing federal regulations.

Accordingly, your Committee has amended this measure by:

- (1) Adding a new section on pharmacy benefits managers, health information, and prohibited marketing practices to chapter 487J, Hawaii Revised Statutes, relating to personal information protection, rather than to chapter 481B, Hawaii Revised Statutes, relating to unfair or deceptive practices;
- (2) Deleting language that prohibited a pharmacy benefits manager from using a patient's prescription drug benefits claim information to market to that patient the services of a preferred pharmacy network that is owned by the pharmacy benefits manager, except in certain situations;
- (3) Specifying that a pharmacy benefits manager shall not use or share an individual's health information for the purpose of marketing, unless:
  - (A) Use of the information is medically necessary to the health and safety of the individual;
  - (B) Use of the information is consistent with federal regulations, if a plan is governed by those rules; or
  - (C) The individual has affirmatively opted in to the use of the information;
- (4) Specifying that a pharmacy benefits manager shall not sell or disseminate an individual's health information unless specific conditions are met;
- (5) Specifying that a pharmacy benefits manager shall not directly contact an individual for certain marketing purposes, but permitting a pharmacy benefits manager to contact an individual if an employee benefit plan, health benefits plan, or managed care plan sponsor first determines that the contact is specifically for health or safety reasons;
- (6) Specifying that this measure shall not prohibit the use of a patient's health information in conjunction with an insurer-authorized program to more effectively use prescription for health and safety reasons;
- (7) Requiring a pharmacy benefits manager to provide each individual with an opportunity to affirmatively opt in to the sale or dissemination of the individual's health information;
- (8) Inserting new definitions for "employee benefit plan", "health benefits plan", "managed care plan", "marketing", and "pharmacy benefits manager" in section 487J-1, Hawaii Revised Statutes;
- (9) Amending the purpose section of this measure for clarity;
- (10) Inserting an effective date of July 1, 2020, to encourage further discussion; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 62, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 62, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 1367      Ways and Means on H.B. No. 1147**

The purpose of this measure is to enhance the disclosure of information under the campaign finance law.

Specifically, this measure:

- (1) Requires noncandidate committees that make only independent expenditures (election expenditures without the involvement of candidates or political parties) to identify certain top contributors in their advertisements, while providing an exemption for any radio or television advertisement of such short duration that the identification of top contributors would constitute a hardship;
- (2) Requires all reports filed with the Campaign Spending Commission to be made publicly available on the Commission's website in a searchable database;
- (3) Expands the information required to be disclosed in noncandidate committee reports regarding contributions and expenditures;
- (4) Requires noncandidate committees making only independent expenditures to certify that no expenditures have been coordinated with a candidate, candidate committee, or any agent thereof;
- (5) Establishes reporting requirements for late expenditures made shortly before an election;
- (6) Expands the information required to be included in statements of information filed for electioneering communications (advertisements disseminated shortly before an election);
- (7) Broadens the definition of "electioneering communication" to include any advertisement that is published by electronic means; and

- (8) Repeals corporate campaign contribution reporting requirements that are redundant of filing requirements for noncandidate committees.

Your Committee finds that the disclosure of information concerning election campaign contributions and expenditures has assumed greater importance in light of the recent United States Supreme Court decision in *Citizens United v. Federal Election Commission*, 558 U.S. 310 (2010), allowing unlimited independent expenditures by corporations and labor unions to influence elections. This measure would expand the disclosure and transparency provisions of Hawaii's campaign finance law to keep the public informed about the true source of funds used to influence the outcome of elections.

Your Committee has amended this measure by:

- (1) Changing a reference in section 1 of the measure, regarding noncandidate committee registration and reporting, from section 11-302, Hawaii Revised Statutes, to section 11-323, Hawaii Revised Statutes, because the former section contains only definitions;
- (2) Clarifying that all expenditures contracted or paid for and to be rendered during the last three days prior to an election are to be reported in the same manner as provided under section 11-338, Hawaii Revised Statutes, for late expenditure reports by noncandidate committees;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical nonsubstantive amendments for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1147, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1147, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1368 Ways and Means on H.B. No. 1374**

The purpose and intent of this measure is to revise the public procurement code to permit past performance to be considered when awarding contracts.

More specifically, this measure:

- (1) Requires past performance on projects of similar scope for public agencies to be included among the evaluation criteria for competitive sealed bidding and among the evaluation factors for competitive sealed proposals;
- (2) Requires assessments of prior work to be included among the selection criteria for the procurement of professional services; and
- (3) Requires offerors to submit information on and assessments of prior work of similar scope for public agencies in order to establish the offerors' responsibility.

Your Committee received written comments in support of this measure from the Hawaii Regional Council of Carpenters. Your Committee received written comments in opposition to this measure from the Department of Accounting and General Services. Your Committee received written comments on this measure from the State Procurement Office and the General Contractors Association of Hawaii.

Your Committee finds that the public procurement code allows factors such as past performance to be considered, but the current administrative practice is to give little, if any, weight to poor past performance, provided that the construction contractor is the lowest bidder. Your Committee believes greater weight must be given to a contractor's past performance on public works projects to ensure that prudent decisions are made when expending precious taxpayer dollars.

Your Committee has amended this measure by:

- (1) Retaining existing statutory language that mandatory evaluation criteria for competitive sealed bidding be "objectively measurable," rather than "fair in the eyes of a reasonably objective taxpayer," and by specifying that the mandatory evaluation criteria will be used, "as applicable";
- (2) Permitting, rather than mandating, that the evaluation factors for competitive sealed proposals include applicable past performance on projects of similar scope for public agencies;
- (3) Deleting the provision that would have required offerors to submit information on and assessments of prior work of similar scope for public agencies in order to establish the offerors' responsibility; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1374, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1374, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1369 Ways and Means on H.B. No. 1483**

The purpose and intent of this measure is to establish a task force to study the feasibility of authorizing the Hawaii Health Systems Corporation, or portions of it, to transition to public-private partnership status.

Your Committee received written comments in support of this measure from Department of Budget and Finance and one individual. Your Committee received written comments in opposition to this measure from United Public Workers and eight individuals. Hawaii Health Systems Corporation East Hawaii Region and Hilo Medical Center submitted written comments on this measure.

Your Committee finds that there is conflicting information on whether transition of the Hawaii Health Systems Corporation to public-private partnership status would be beneficial for the corporation and result in an improvement in services, reduction in costs, and increase in revenue. Your Committee believes that establishing a task force to study and submit a report to the Legislature is the best approach to determine whether transitioning the Hawaii Health Systems Corporation to a public-private partnership would yield the claimed benefits.

Your Committee has amended this measure by:

- (1) Identifying the task force as the Hawaii Health Systems Corporation Transition Task Force and establishing the task force within the Department of Health for administrative purposes;
- (2) Specifying that the Governor shall appoint the two task force members representing the public sector and shall appoint the task force chair from among the members;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1483, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1483, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1370 (Majority) Ways and Means on H.B. No. 120**

The purpose and intent of this measure is to ensure a standard of quality for care facilities.

More specifically, this measure:

- (1) Requires the Department of Health to make information regarding inspections of certain care facilities available to the public on the Department's website;
- (2) Establishes a working group within the Department of Health to develop a new inspection form to be posted online;
- (3) Requires the working group to report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014; and
- (4) Makes an appropriation of an unspecified amount for each year of the fiscal biennium 2013-2015, to fund computer equipment, website and database development, and staff support, including one full-time equivalent position.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities, the State Long Term Care Ombudsman, Executive Office on Aging, the Policy Advisory Board for Elder Affairs, Hawaii Family Caregiver Coalition, the Hawaii Alliance for Retired Americans, the ILWU Local 142, and five individuals.

Your Committee received written comments in opposition to this measure from United Group of Home Operators, the Alliance of Residential Care Administrators, and twenty-four individuals.

Your Committee received written comments on this measure from the Department of Health, Healthcare Association of Hawaii, and one individual.

Your Committee finds that this measure will provide the public with greater access to information regarding the quality of care provided by, and the conditions of, care facilities and allow for more informed decision-making for those seeking such care.

Your Committee notes the clarifying information provided by the Department of Health that indicates inspections are not considered concluded until all plans of correction have been submitted by the facility and accepted by the Department of Health. The department also indicated that depending upon the number or severity of deficiencies, this process may take several weeks following the actual on-site inspection.

Your Committee has amended this measure by:

- (1) Adding language to require that a written report of all corrective actions taken by care facilities be submitted to the Department of Health and added to the online inspection report at a later time, as determined by the Department;
- (2) Amending the language establishing the working group on licensed care facilities to distinguish between the mandatory members who shall serve in the working group from the members requested to participate, and clarifying that the Director of Commerce and Consumer Affairs, Chief Information Officer of the Office of Information Management and Technology, Director of the Executive Office on Aging, and Long-Term Care Ombudsman, or their respective designees, are to serve as members of the working group;

- (3) Appointing the Director of Health as the chairperson of the working group and deleting the provision to require the working group to choose the chairperson;
- (4) Changing the dissolution date of the working group to June 30, 2014, to facilitate cooperation, input, or information that may be needed from the working group during the 2014 Regular Session;
- (5) Replacing the term "task force" with "working group," for consistency; and
- (6) Changing the full-time equivalent position to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 120, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 120, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1371 Ways and Means on H.B. No. 632**

The purpose and intent of this measure is to require executive departments to share data with the public.

Specifically, this measure:

- (1) Requires executive departments to make data sets available to the public through the State's open data portal;
- (2) Absolves the State of liability for deficient or inaccurate information contained in the data sets, except for instances involving gross negligence, willful and wanton misconduct, or intentional misconduct;
- (3) Authorizes the Chief Information Officer to license the data sets that are on the open data website to third parties to copy, display, distribute, or create derivative works; and
- (4) Requires the Chief Information Officer to establish data set policies and procedures.

Your Committee received written comments in support of this measure from the Office of Planning; Applications for Good; CyberCom, Inc.; Hawaii Open Data; Hyperspective Studios, Inc; Internet Society-Hawaii Chapter; and eight individuals. Your Committee received written comments on this measure from the Office of Information Practices and Common Cause Hawaii.

Your Committee finds that making data accessible to the public will support public-private collaboration, increase government transparency, promote civic engagement, and improve commerce.

Your Committee has amended this measure by:

- (1) Setting forth definitions of terms in a separate new section to be added to Hawaii Revised Statutes;
- (2) Amending the definition of "open data" by removing a reference to the Legislature to conform to the definition of "data" in the measure;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 632, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 632, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1372 Ways and Means on H.B. No. 775**

The purpose and intent of this measure is to appropriate funds for claims against the State, its officers, and its employees for fiscal year 2012-2013.

Your Committee received written comments in support of this measure from the Department of the Attorney General.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that this measure is necessary to fund the disposition of claims against the State, its officers, and its employees that were resolved by settlement, mediation, arbitration, or judgment.

Your Committee has amended this measure by adding three new claims to the measure as follows:

- (1) Jackson v. State of Hawaii, et al., for \$250,000;
- (2) Chang v. State of Hawaii, et al., for \$15,000; and
- (3) Eager v. State of Hawaii, et al., for \$291,078.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 775, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (English).

**SCRep. 1373      Judiciary and Labor on H.B. No. 1202**

The purpose and intent of this measure is to:

- (1) Clarify that a professional or vocational licensee who inadvertently fails to maintain licensing requirements but who subsequently corrects the failure so that there was no lapse in licensure shall not be guilty of unlicensed activity; and
- (2) Clarify that a contractor who inadvertently fails to maintain licensing requirements and who subsequently corrects the failure so that there was a lapse of no more than sixty days in licensure shall not be guilty of unlicensed contracting activity.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs and General Contractors Association of Hawaii.

Your Committee finds that this measure is intended to clarify that certain professional or vocational licensees or contractors, licensed under either chapter 436B or 444, Hawaii Revised Statutes, who inadvertently fail to renew their licenses shall not be treated as unlicensed contractors after the subsequent renewal of their licenses. This measure is also consistent with existing licensure requirements under chapter 444, Hawaii Revised Statutes, by clarifying that a lapse in licensure of no more than sixty days does not constitute unlicensed contracting activity.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1202, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1374      Judiciary and Labor on H.B. No. 21**

The purpose and intent of this measure is to:

- (1) Permit the board of directors of a condominium association to collect a six-month special assessment from the mortgagee or other purchaser of a unit with a recorded lien for delinquent common assessments; and
- (2) Specify how excess rental income received by a condominium association after a foreclosure proceeding shall be paid to existing lien holders.

Your Committee received testimony in support of this measure from three individuals. Testimony in opposition to this measure was submitted by three individuals. Your Committee received comments on this measure from the Hawaii Financial Services Association; Hawaii Bankers Association; Community Associations Institute, Hawaii Chapter; and two individuals.

Your Committee finds that this measure is intended to assist condominium associations with the collection of unpaid common assessments by permitting an association to collect a delinquency reserve from each owner in a condominium. If an owner later becomes delinquent, an association can use that owner's delinquency reserve to pay off the owner's unpaid assessments in the event of a foreclosure of the owner's unit.

Your Committee notes that the costs of default in a condominium are substantially born by condominium associations and non-defaulting unit owners and mortgagors in the affected communities. The lending industry also has an interest in preserving the value of the condominium projects that make up part of the lending industry's collateral. Repairs, maintenance, security, and insurance provided by a condominium association and paid for through common assessments are essential to preserving that value. Therefore, your Committee further finds that the needs of the lending industry, condominium associations, and non-defaulting unit owners must be appropriately balanced. This measure will provide condominium associations and non-defaulting unit owners with relief while also addressing some of the interests of the lending industry.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 21, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 21, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1375      Judiciary and Labor on H.B. No. 25**

The purpose and intent of this measure is to:

- (1) Allow a condominium association, as a junior lienholder, to commence or continue a nonjudicial foreclosure action on a property subject to a judicial foreclosure even if the lender has filed for foreclosure; and
- (2) Preserve the right of owner-occupants to require the foreclosing mortgagee to participate in the dispute resolution process in situations where an association forecloses on residential real property occupied by one or more owner-occupant mortgagors for whom the unit is and has been the person's primary residence for a continuous period of not less than two hundred days immediately preceding the date on which the notice is served and the mortgagee subsequently forecloses its lien on the same property.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs; Hawaii Council of Associations of Apartment Owners; Community Associations Institute, Hawaii

Chapter; and three individuals. Testimony in opposition to this measure was submitted by the Hawaii Financial Services Association, Hawaii Bankers Association, and one individual.

Your Committee finds that under Hawaii's existing foreclosure law, an association cannot foreclose nonjudicially if a lender is foreclosing. Even if an association has already begun a nonjudicial foreclosure before the lender begins the foreclosure, that association's nonjudicial foreclosure must be put on hold or converted to a judicial foreclosure. The judicial foreclosure process can incur significant delays, during which time a property can fall into a state of disrepair, which negatively affects neighboring properties and the community as a whole. This measure provides associations and their surrounding communities with a mechanism to mitigate the damage, neglect, and loss of revenue or value that results during the extended time that is currently required for a mortgagee to judicially foreclose on a property.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 25, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 25, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1376      Judiciary and Labor on H.B. No. 1059**

The purpose and intent of this measure is to protect the rights of aliens in criminal proceedings in state courts by informing the alien defendant of the possible consequences to entering a guilty plea and its impact on the alien's admission to the United States.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Office of the Public Defender; Department of the Prosecuting Attorney, City and County of Honolulu; and Department of the Prosecuting Attorney, County of Maui. Testimony in opposition to this measure was submitted by the Judiciary.

Your Committee finds that the existing language of section 802E-2, Hawaii Revised Statutes, relating to court advisement concerning alien status, was enacted in 1988 and has not been amended since then. Your Committee further finds that a United Supreme Court case (*Padilla v. Kentucky*, 559 U.S. 356 (2010)), and a Ninth Circuit Court of Appeals case (*Nunes-Reyes v. Holder*, 646 F.3d. 684 (2011)) requires that section 802E-2, Hawaii Revised Statutes, be updated to conform to current federal court holdings. The court advisement under section 802E-2, Hawaii Revised Statutes, does not adequately advise a defendant of the defendant's Sixth Amendment right to competent and specific advice on immigration consequences of a criminal conviction. Furthermore, the existing language is not consistent with Rule 11(c)(5) of the Hawaii Rules of Penal Procedure. This measure updates the current federal law and remedies those inconsistencies.

Your Committee notes the testimony submitted by the Office of the Public Defender that suggests that the advisement be read twice: at the defendant's arraignment and plea hearing prior to the entry of a guilty or no contest plea and prior to the commencement of trial. The Office testified that providing a warning at the arraignment and plea hearing will provide the defendant sufficient time to consult with an attorney regarding the potential impacts a conviction or deferral may have on the defendant's immigration status before entering a plea at trial.

Your Committee further notes the concerns raised in written testimony submitted by the Judiciary. At the end of the hearing on this measure, your Committee requested that the Judiciary and the Office of the Public Defender work together to develop language to address the Judiciary's concerns and establish requirements to advise a defendant twice.

Accordingly, your Committee has amended this measure by adopting the language developed by the Office of the Public Defender and Judiciary that:

- (1) Amends the new section added to chapter 802E, Hawaii Revised Statutes, to require the court to administer a specific advisement to a defendant at the commencement of the court session for arraignment and plea hearing;
- (2) Reinstates the language under section 802E-2, Hawaii Revised Statutes, and amends it further by amending the advisement the court is required to administer to the defendant prior to the commencement of trial, entry of a plea of guilty or nolo contendere, or an admission of guilt or sufficient facts;
- (3) Makes conforming amendments to section 802E-3, Hawaii Revised Statutes, to reflect the additional advisement required at the commencement of arraignment and plea hearing; and
- (4) Makes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1059, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1059, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1377      (Joint) Judiciary and Labor and Ways and Means on H.B. No. 668**

The purpose and intent of this measure is to:

- (1) Establish the medical marijuana transition advisory group to make specific recommendations on the transfer of the State's medical use of marijuana program from the Department of Public Safety to the Department of Health;
- (2) Require the medical marijuana transition advisory group to submit these specific recommendations to the Legislature no later than December 31, 2013;

- (3) Establish the medical marijuana registry revolving fund consisting of all monies derived from medical marijuana registration fees to offset the cost of the processing and issuance of a patient registry identification certificate, to fund positions authorized by the Legislature, to establish and manage a secure and confidential database, and for any other expenditures necessary to implement a medical marijuana registry program;
- (4) Transfer the medical use of marijuana program from the Department of Public Safety to the Department of Health by January 1, 2015, pursuant to the recommendations of the medical marijuana transition advisory group;
- (5) Require the Department of Public Safety and Department of Health to develop a plan, which shall include a timeline, for transferring the medical use of marijuana program from the Department of Public Safety and Department of Health based on the recommendations of the medical marijuana transition advisory group, and submit a joint report on the transfer of the medical use of marijuana program, including the plan and timeline for the transfer and the progress made, to the Legislature prior to the convening of the Regular Session of 2014; and
- (6) Require that any legislation codifying the recommendations of the medical marijuana transition advisory group be adopted by the Legislature by December 30, 2014; otherwise, require that this measure be repealed and the transfer of the medical use of marijuana program be prohibited.

Your Committees did not accept any testimony on the measure.

Your Committees find that the medical use of marijuana program is currently administered by the Department of Public Safety. Your Committees further find that given the medical nature of the program, the Department of Health is the appropriate state department to administer the program. Because of the enormity of the transfer process and the numerous, complicated issues that must be addressed during the transfer, your Committees find that it is necessary to establish a transition advisory group consisting of the Director of Health, Attorney General, and Deputy Director of Law Enforcement. The advisory group will submit recommendations to the Legislature on how to best transition the medical use of marijuana program from the Department of Public Safety to the Department of Health.

Your Committees have amended this measure by:

- (1) Inserting a medical marijuana registration fee of \$35; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 668, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 668, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Gabbard, Ihara).

Ways and Means

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1378 Ways and Means on H.B. No. 1103**

The purpose of this measure is to increase the instances in which a county may assess and collect impact fees owed to it.

More specifically, the measure provides counties with the option to assess and collect impact fees assessed and owed to it before or upon the issuance of a water meter.

Your Committee finds that under existing law, counties are only explicitly authorized to assess and collect impact fees upon or before the issuance of a building or grading permit. This measure expands that authority to include the option to assess and collect impact fees before or upon the issuance of a water meter.

Your Committee also finds that certain counties have expressed concerns that the current timing of collection of impact fees for projects does not allow sufficient flexibility. Your Committee believes that, by allowing impact fees to be assessed and collected prior to or upon issuance of a water meter, this measure affords the counties greater flexibility in planning and imposing fees and aligns state law with the current rules and procedures of the county water boards.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1103, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, 1 (English).

**SCRep. 1379 Ways and Means on H.B. No. 1264**

The purpose of this measure is to support the State's agricultural industry by enhancing the Department of Agriculture's agricultural loan program.

Specifically, this measure amends the requirements for agricultural loans that the Department of Agriculture insures, guarantees, participates in, or directly makes pursuant to chapter 155, Hawaii Revised Statutes, by:

- (1) Authorizing loans for biosecurity projects to protect the health of livestock, poultry, and humans from diseases, pests, and pathogens;

- (2) Subjecting all classes of loans that the Department of Agriculture insures, guarantees, or participates in, except for biosecurity project loans, to the same requirements regarding terms, conditions, eligibility, security, repayment, and refinancing set forth in sections 155-9 through 155-13, Hawaii Revised Statutes; and
- (3) Modifying the requirements for new farmer loans and establishing farm innovation loans to promote the development of innovative technologies and assist new farm enterprises, including by:
  - (A) Waiving the qualification of a prior credit denial for new farmer loans of up to \$100,000 for farm trainees and recent college graduates with a degree in agriculture; and
  - (B) Authorizing farm innovation loans of up to \$75,000 and requiring only one credit denial to qualify for these loans, rather than the standard two credit denials currently required for all agricultural loans, other than new farmer loans, under chapter 155, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Agriculture, Hawaii Farm Bureau Federation, and Ulupono Initiative.

Your Committee finds that the mission of the Department of Agriculture's agricultural loan program is to promote agricultural development in the State by stimulating, facilitating, and providing capital to qualified farmers and food manufacturers. This measure expands the loan program to include biosecurity projects that protect the health of poultry and livestock and ensure a safe food supply. In addition, this measure encourages the development of new farmers and new crops by increasing access to smaller loans designed to promote those purposes. Your Committee believes these provisions will protect the health of farm animals and consumers in the State. The measure also assists local agriculture by enabling farm innovation and encouraging more people to become farmers.

Your Committee has amended this measure by:

- (1) Specifying that the proposed incentives for new farmer loans of up to \$100,000 apply to graduates of farm trainee programs and persons who have graduated from college with a degree in agriculture within the five years immediately preceding the date of the loan application;
- (2) Eliminating the division of this measure into separate parts, consolidating sections, and eliminating duplicate language;
- (3) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (4) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1264, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1264, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahahele, Thielen).

**SCRep. 1380      Ways and Means on H.B. No. 546**

The purpose and intent of this measure is to establish the Hawaii Employer-Union Health Benefits Trust Fund (EUTF) task force within the Department of Budget and Finance to examine the unfunded liability of the EUTF.

This measure also appropriates funds for the task force and requires a report to the 2014 Legislature.

Prior to public decision making on the measure, a Proposed Senate Draft 2 (Proposed S.D. 2) was circulated for public review and comment.

The purpose and intent of the Proposed S.D. 2 is to add to the S.D. 1, the substance of S.B. No. 946, S.D. 1, which requires public employers to contribute annual required contributions to a separate trust fund established by the EUTF for the benefit of retirees and their beneficiaries. More specifically, S.B. No. 946, S.D. 1:

- (1) Requires the EUTF to establish a separate trust fund for public employer contributions with separate accounts for each public employer;
- (2) Requires the public employer to contribute, to the separate trust fund, the full amount of the public employer's annual OPEB liability, as determined by an actuary, commencing with fiscal year 2018-2019;
- (3) Requires the use of a portion of the general excise tax revenues to supplement deficient state public employer contribution amounts commencing with fiscal year 2018-2019;
- (4) Requires the use of a portion of the transient accommodations tax revenues to supplement deficient county public employer contribution amounts commencing with fiscal year 2018-2019;
- (5) Establishes a schedule to phase-in the annual required state public employer contribution requirement; and
- (6) Requires the Director of Finance to report to the 2014 Legislature on an implementation plan to have both the EUTF and the Employees' Retirement System (ERS) jointly share investment information and services for the benefit of the separate trust fund and to establish disbursement channels for county public employer contributions into the separate trust fund.

In addition, the Proposed S.D. 2 amends H.B. No. 546, H.D. 2, S.D. 1, by:

- (1) Increasing the size of the task force from twelve to sixteen members through the addition of four members selected by the Governor to represent county interests;

- (2) Clarifying that the private members of the task force shall be invited to participate on the task force; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

Your Committee received written comments and testimony on both the H.B. No. 546, H.D. 2, S.D. 1, that was received by your Committee and the Proposed S.D. 2 that was circulated for review and comment by your Committee.

Your Committee received written comments on H.B. No. 546, H.D. 2, S.D. 1 from the Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee received testimony in support of the Proposed S.D. 2 from the Department of Budget and Finance, the Department of Human Resources and Development, the Hawaii State Teachers Association-Retired, and one individual. Testimony in opposition to the Proposed S.D. 2 was received from the Department of Finance of the County of Hawaii and one individual. Comments were received from the Department of Human Resources of the City and County of Honolulu, the Board of Trustees of the Hawaii Employer-Union Health Benefits Trust Fund, the Tax Foundation of Hawaii, and one individual.

Your Committee believes that the State, much like what the counties have already done on the county level, must make a commitment toward pre-funding its other post-employment benefits (OPEB) plan costs for existing employees as well as contributing its full annual required contributions to pay down the existing unfunded liability attributable to its obligation to pay for existing retirees and their beneficiaries. Your Committee finds that the establishment of a task force is necessary to develop a comprehensive, well thought-out, and sustainable plan to resolve the issue of the unfunded liability of the EUTF.

After careful consideration, your Committee has adopted the Proposed S.D. 2 and has further amended it by:

- (1) Requiring the task force to also evaluate the current structure of public employers paying a percentage of health insurance policy premiums and providing recommendations for a benefits plan for prospective employees;
- (2) Requiring the Director of Finance to notify the Governor and the Legislature, in any fiscal year in which general excise tax revenues are deposited into the separate trust fund to supplement a state public employer's deficient contributions, on whether the general fund expenditure ceiling would have been exceeded if the general excise tax revenues had been legislatively appropriated;
- (3) Extending the deadline for the submission of the implementation plan regarding the joint sharing of investment information and services between the EUTF and the ERS to the Regular Session of 2015;
- (4) Appropriating unspecified amounts to the Department of Budget and Finance in fiscal biennium 2013-2015 for developing the implementation plan described in paragraph (4);
- (5) Changing the effective date to July 1, 2050, in order to facilitate continued discussion; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 546, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1381 (Majority) Ways and Means on H.B. No. 726**

The purpose and intent of this measure is to encourage the growth of the State's film and creative media industries.

The measure accomplishes this purpose by:

- (1) Amending the motion picture, digital media, and film production income tax credit by:
  - (A) Extending the sunset date of the tax credit from January 1, 2016, to January 1, 2023;
  - (B) Increasing the cap amount to \$12,000,000 per qualified production; and
  - (C) Changing the credit amount from fifteen per cent of qualified production costs to an unspecified amount in a county with a population over 700,000, and from twenty per cent of qualified production costs to an unspecified amount in a county with a population of 700,000 or less;
- (2) Establishing a tax credit for media infrastructure projects in West Oahu or the most populous island in a county with a population between 100,000 and 175,000, from July 1, 2013, to January 1, 2016;
- (3) Establishing the Hawaii film office special fund for management of media infrastructure project tax credits and related programs; and
- (4) Requiring the Department of Taxation to conduct a cost-benefit analysis and submit an annual report to the Legislature on the effectiveness of the media infrastructure project tax credit.

Your Committee received written comments in support of this measure from Island Film Group and a private individual.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism and the Tax Foundation of Hawaii.

Your Committee finds that new media infrastructure development is necessary to increase the growth of Hawaii's film industry. Your Committee believes that this measure provides an incentive for developing media infrastructure projects.

Your Committee has amended this measure by:

- (1) Extending the cutoff date to qualify for the media infrastructure project tax credit from January 1, 2016, to January 1, 2023;
- (2) Providing a definition for the term “base investment”;
- (3) Providing that the Department of Taxation shall collaborate with the Department of Business, Economic Development, and Tourism in preparing its annual report on the effectiveness of the media infrastructure project tax credit; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 726, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 726, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

**SCRep. 1382 (Majority) Ways and Means on H.B. No. 1481**

The purpose of this measure is to increase equity in election campaign financing by reducing the influence of private funding.

Specifically, this measure, among other things:

- (1) Establishes a comprehensive public funding program for elections to the state House of Representatives, beginning with the 2016 elections; and
- (2) Appropriates funds, including staff resources, for fiscal years 2015-2016 and 2016-2017 to prepare for the public funding of candidates covered by this measure during the 2016 elections.

Your Committee received written comments in support of this measure from Common Cause Hawaii and thirty-three individuals.

Your Committee received written comments on this measure from the Campaign Spending Commission and one individual.

Your Committee finds that establishing a comprehensive public funding program would focus election campaigns on constituent needs and public issues by reducing the time spent by candidates on campaign fundraising. This measure will also reengage the citizenry in the democratic process by decreasing the influence of private contributions and ensuring that more candidates have sufficient funds to run competitive campaigns.

Your Committee has amended this measure by:

- (1) Requiring election candidates seeking eligibility for public funding to raise or spend an unspecified minimum amount of seed money used to determine the viability of the candidate’s campaign;
- (2) Amending the appropriation to include funds for the Campaign Spending Commission to hire an unspecified number of temporary, full-time equivalent positions to prepare for the implementation of this measure;
- (3) Correcting a statutory reference to clarify that the existing enforcement provisions under chapter 11, part XIII, subpart I, Hawaii Revised Statutes, apply to a candidate who is certified for comprehensive public funding but accepts contributions in violation of the public funding program;
- (4) Clarifying that the public funding reporting requirements of this measure are in addition to any other reporting requirements of the campaign finance law; and
- (5) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1481, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1481, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

**SCRep. 1383 Ways and Means on H.B. No. 65**

The purpose and intent of this measure is to ensure that the beneficiary in a prescription drug benefit plan has a choice of purchasing prescription drugs from either a mail-order pharmacy or a retail pharmacy.

Your Committee received written comments in support of this measure from the Hawaii Food Industry Association, the Hawaii Medical Association, the Kauai Chamber of Commerce, Molokai Drugs Inc., Walgreens, and several individuals. Your Committee received written comments in opposition to this measure from CVS Caremark Association and the Hawaii Medical Service Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that this measure is necessary to ensure that Hawaii continues to have a robust network of pharmacies to serve and provide choices to prescription drug benefit plan beneficiaries in the State.

Your Committee has amended this measure by:

- (1) Clarifying and defining the terms used in the measure;

- (2) Authorizing a beneficiary of any prescription drug benefit plan, including one enrolled in the Hawaii Employer-Union Health Benefits Trust Fund health benefits plan, to purchase prescription drugs from any pharmacy within the pharmacy benefit manager's retail pharmacy network;
- (3) Deleting language relating to the manipulation of drug co-payment amounts;
- (4) Prohibiting prescription drug benefit plan providers from prohibiting or restricting a pharmacy benefit manager from complying with the requirements of this measure;
- (5) Deleting binding arbitration as an alternative to judicial review;
- (6) Clarifying the entities that are required to submit a report to the Legislature and the scope of their reports;
- (7) Changing the effective date to July 1, 2050, to facilitate continued discussion; and
- (8) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 65, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 65, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kidani).

**SCRep. 1384 Ways and Means on H.B. No. 805**

The purpose and intent of this measure is to amend the Employees' Retirement System laws to comply with Internal Revenue Code requirements and vesting rules in order to maintain the System's status as a tax-qualified retirement plan.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Employees' Retirement System.

Your Committee finds that, in 2009, the Employees' Retirement System submitted a request to the Internal Revenue Service to review and determine whether the language of its plan document, comprising the statutes and administrative rules governing the Employees' Retirement System, met the federal tax qualification requirements applicable to pension plans sponsored by state and local governments. Your Committee also finds that on March 21, 2012, the Employees' Retirement System received from the Internal Revenue Service a favorable determination letter approving the language of the plan document, on the condition that the State adopt certain amendments to chapter 88, Hawaii Revised Statutes. Your Committee further finds that this measure adopts the statutory amendments approved by the Internal Revenue Service, thus allowing the Employees' Retirement System to maintain its tax-exempt status.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 805, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 805, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1385 Ways and Means on H.B. No. 1396**

The purpose and intent of this measure is to support the preservation of Japanese-American history in the State.

More specifically, this measure:

- (1) Appropriates an unspecified amount to the University of Hawaii at West Oahu for the planning, design, and construction of the Nisei Veterans Legacy Center;
- (2) Requires the University of Hawaii at West Oahu to report to the 2014 Legislature on the status of the Nisei Veterans Legacy Center, including the status of public and private grants or donations;
- (3) Appropriates an unspecified amount to continue the work of the Honouliuli Park Site Advisory Group and requires the group to report to the 2014 Legislature, regarding recommendations to leverage funding for an educational resource center and the status of designating the camp site and associated sites as part of the United States National Park Service;
- (4) Conditions expenditure of all appropriations in the measure on the funds being matched by private or public grants or donations; and
- (5) Requires the Director of Finance to verify the value of any in-kind donation made for the purposes of the measure.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure supports and facilitates the design and construction of the Nisei Veterans Legacy Center and the efforts of the Honouliuli Park Site Advisory Group to continue its work to preserve the Honouliuli Internment Camp site and develop an educational center and memorial.

Your Committee has amended this measure by:

- (1) Deleting the requirement for the Director of Finance to determine the value of in-kind donations; and

- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1396, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1396, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1386 Ways and Means on H.B. No. 1298**

The purpose and intent of this measure is to establish an income tax credit for an employer that hires an individual with a disability.

The tax credit is equal to fifty per cent of the individual's qualified wages for the first six months that the individual is employed.

Your Committee received written comments in support of this measure from the Disability and Communication Access Board and the State Council on Developmental Disabilities.

Your Committee received written comments on this measure from the Department of Taxation.

Your Committee finds that the unemployment rate of people with disabilities in Hawaii is higher than the national average. Your Committee also finds that providing an incentive to hire individuals with disabilities facilitates the economic self-sufficiency of such individuals, allowing them to contribute to their communities as taxpaying citizens, establish relationships, and engage in social networking.

Your Committee has amended this measure by:

- (1) Requiring that the disabling impairment of an individual with a disability for which a tax credit is claimed be certified by a licensed physician;
- (2) Providing that the tax credit shall not be allowed for the hiring of an individual with a disability who was previously employed by the taxpayer;
- (3) Clarifying that the tax credit may be claimed for each individual with a disability that an employer hires;
- (4) Clarifying that the cap amount limits the amount of the tax credit that an employer may claim for each individual with a disability hired;
- (5) Clarifying that claims for the tax credit must be filed on or before the end of the twelfth month following the taxable year for which the credit may be claimed; and
- (6) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1298, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1298, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1387 Ways and Means on H.B. No. 1068**

The purpose and intent of this measure is to improve public awareness of services available to victims of human trafficking.

Specifically, this measure requires certain establishments to post on their premises a human trafficking poster that provides information on the National Human Trafficking Resource Center Hotline.

Your Committee received written comments in support of this measure from Courage House Hawaii, IMUAlliance, Tahiri Association, Pacific Alliance to Stop Slavery, and several individuals.

Your Committee received written comments in opposition to this measure from the Department of Labor and Industrial Relations.

Your Committee received written comments on this measure from Healthcare Association of Hawaii.

Your Committee finds that over the past three years, calls from Hawaii to the National Human Trafficking Resource Center have increased fourfold, indicating an escalation both in the amount of human trafficking taking place in the State and in state residents' awareness of human trafficking issues.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "establishment";
- (2) Adding a savings clause; and
- (3) Changing the effective date to July 1, 2050, to facilitate continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1068, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1068, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1388 Ways and Means on H.B. No. 909**

The purpose and intent of this measure is to reduce infant mortality in the State.

The measure proposes to accomplish this objective by, among other things:

- (1) Establishing a comprehensive infant mortality reduction program within the Department of Health;
- (2) Appropriating funds to the Department of Health to:
  - (A) Fund epidemiological and planning activities related to infant mortality reduction;
  - (B) Collect and analyze Hawaii-specific infant mortality data; and
  - (C) Identify social determinants of health as they relate to infant mortality; and
- (3) Establishing a task force that is to be convened by the Department of Health to collect data about the number of elective pre-term pregnancy deliveries in Hawaii and whether Hawaii needs a point-of-care newborn screening program.

Your Committee received written comments in support of this measure from the Department of Health; the Executive Office on Early Learning; and the March of Dimes Foundation, Hawaii Chapter.

Your Committee received written comments on this measure from Kapiolani Medical Center for Women & Children.

Your Committee notes concerns that many aspects of the proposed comprehensive infant mortality reduction program are duplicative of policies already in practice at birthing facilities in the State. Your Committee further notes concerns that the motivation to establish a comprehensive infant mortality reduction program may be based upon the presumption that there are an excessive number of elective pre-term deliveries in the State. Your Committee believes that, at this time, it is appropriate to focus on the collection of factual information and updated statistics necessary to determine whether the number of elective pre-term deliveries in the State poses a public health threat to allow the Legislature to make an informed determination on whether a comprehensive infant mortality reduction program should be established.

Your Committee has amended this measure by:

- (1) Deleting the contents of this measure except the provisions establishing the task force;
- (2) Adding a purpose section;
- (3) Inserting an appropriation to reimburse members of the task force for travel and other expenses; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 909, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 909, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1389 Ways and Means on H.B. No. 799**

The purpose and intent of this measure is to encourage the growth of the State's film and digital media industries.

The measure seeks to accomplish this objective by:

- (1) Establishing a workforce development training program that provides wage reimbursement for on-the-job training by entities that receive a motion picture, digital media, and film production income tax credit;
- (2) Amending the motion picture, digital media, and film production income tax credit by:
  - (A) Amending the definition of "digital media" to delete the provision that excludes Internet-only distribution from the list of authorized methods of delivery;
  - (B) Clarifying the definition of "qualified production costs"; and
  - (C) Extending the sunset date of the tax credit to January 1, 2025; and
- (3) Appropriating funds for the workforce development training program.

Your Committee received written comments in support of this measure from Island Film Group.

Your Committee received written comments in opposition to this measure from a private individual.

Your Committee received written comments on this measure from the Department of Taxation and the Department of Business, Economic Development, and Tourism.

Your Committee finds that, in recent years, the film and digital media industries of the State have demonstrated great potential to bolster both the local economy and the State's primary industry of tourism. Your Committee believes that this measure will strengthen these industries by encouraging the development of a locally-trained creative media industry workforce.

Your Committee has amended this measure by:

- (1) Clarifying that, for the purposes of the workforce development training program, it is the production, rather than the production entity, that is prequalified by the Department of Business, Economic Development, and Tourism;
- (2) Clarifying that, for the purposes of the workforce development training program, the reference to the “director” is a reference to the Director of Labor and Industrial Relations; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 799, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 799, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Keith-Agaran, Thielen). Noes, none. Excused, 1 (English).

**SCRep. 1390 Ways and Means on H.B. No. 114**

The purpose and intent of this measure is to improve public accountability at the University of Hawaii.

More specifically, this measure:

- (1) Requires all University of Hawaii procurements for construction, including consultant services, to be subject to the control of, and performed by, the Department of Accounting and General Services;
- (2) Requires the Administrator of the State Procurement Office to submit a report to the Legislature on the transparency, efficiency, and compliance of the University of Hawaii’s procurement of construction contracts and construction-related consultant services; and
- (3) Establishes an independent audit committee within the Board of Regents of the University of Hawaii.

Your Committee received written comments in opposition to this measure from two individuals.

Your Committee received written comments on this measure from the Department of Accounting and General Services, the State Procurement Office, and the Office of Internal Audit of the University of Hawaii.

Your Committee finds that the prudent and transparent management of public funds by the University of Hawaii is a matter of statewide concern.

Your Committee has amended this measure by:

- (1) Amending section 304A-2672 instead of section 304A-105, Hawaii Revised Statutes, regarding procurements, to further specify that the procurements will be supervised, rather than controlled and performed, by the Department of Accounting and General Services, and that the supervision will be for construction-related procurements other than repair and maintenance or continuing ongoing university projects;
- (2) Making a conforming amendment to section 103D-203, Hawaii Revised Statutes, to identify the chief procurement officer for procurements for construction as provided under section 304A-2672, Hawaii Revised Statutes;
- (3) Statutorily placing the independent audit committee in its own subpart in part I of chapter 304A, rather than in the existing subpart A in part I of chapter 304A, Hawaii Revised Statutes;
- (4) Clarifying provisions relating to internal audit services, whistleblower protections, and annual audits;
- (5) Appropriating funds to the Department of Accounting and General Services for additional staff positions;
- (6) Changing the effective date to July 1, 2050, to facilitate continued discussion; and
- (7) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 114, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 114, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1391 Ways and Means on H.B. No. 1071**

The purpose and intent of this measure is to reconstitute the form and processes of the entity responsible for nominating candidates who would be eligible to be appointed to serve on the Board of Regents of the University of Hawaii.

More specifically, this measure, among other things:

- (1) Repeals provisions relating to the Regents Candidate Advisory Council and establishes the Candidate Advisory Council in its place, specifies its functions and responsibilities with respect to qualifying and selecting potential candidates for nomination to the Board of Regents, and temporarily places the Advisory Council in the Office of the Governor;
- (2) Provides that Candidate Advisory Council members are appointed by the Governor, the Speaker of the House of Representatives, and the President of the Senate and specifies that the term of each member will be for the duration of the term of the member’s appointing authority;

- (3) Requires the Governor to select the chairperson of the Candidate Advisory Council; and
- (4) Specifies criteria for the Senate to consider in determining whether to confirm the Governor's nominees to the Board of Regents.

Your Committee received written comments in opposition to this measure from the Regents Candidate Advisory Council for the Board of Regents of the University of Hawaii.

Your Committee finds that the existing Regents Candidate Advisory Council for the Board of Regents of the University is responsible for providing the Governor with a list of qualified candidates from which the Governor must select a nominee to fill a vacancy on the Board of Regents. Your Committee believes that the present process of selecting Board of Regents candidates may have discouraged qualified candidates from applying for membership on the Board of Regents. This measure is necessary to ensure that the entity that qualifies and selects candidates for nomination to the Board of Regents selects qualified candidates in a comprehensive, transparent, well-balanced, and merit-based manner.

Your Committee has amended this measure by:

- (1) Specifying that the appointing authority for the student member is the Governor;
- (2) Adding provisions for holdover members and the filling of vacancies for unexpired terms;
- (3) Clarifying that each member serves for the remaining duration of the term of the member's appointing authority; and
- (4) Changing the effective date to July 1, 2050, to promote continued discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1071, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1071, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1392 (Majority) Ways and Means on H.B. No. 70**

The purpose and intent of this measure is to encourage economic growth and development in the State.

Specifically this measure:

- (1) Extends the sunset date of the High Technology Innovation Corporation from 2013 to 2018;
- (2) Changes the membership of the board of directors of the High Technology Innovation Corporation to nine voting members, including adding two board members from the private business sector, one to be appointed by the Speaker of the House of Representatives and one to be appointed by the President of the Senate;
- (3) Establishes the Executive Director and Chief Executive Officer of the High Technology Development Corporation as the chairperson of the board of directors of the High Technology Innovation Corporation;
- (4) Requires the board of directors of the High Technology Innovation Corporation to select its president;
- (5) Provides that the terms of the current board members of the High Technology Development Corporation shall expire upon enactment of the measure;
- (6) Establishes the Public-Private Partnership Authority as a public body corporate and politic and instrumentality and agency of the State to be placed within the Department of Business, Economic Development, and Tourism for administrative purposes;
- (7) Specifies the membership of the board of directors of the Public-Private Partnership Authority and requires the board to appoint an executive director;
- (8) Establishes the powers of the Public-Private Partnership Authority, and authorizes the Authority to develop plans and implement projects on behalf of other public agencies, including entering into cooperative agreements with public agencies or qualified private parties;
- (9) Authorizes the transfer of management rights of projects or properties from public agencies to the Public-Private Partnership Authority;
- (10) Requires the Public-Private Partnership Authority to submit an annual report to the Governor and the Legislature;
- (11) Requires revenues generated by or on behalf of the Public-Private Partnership Authority from public-private partnership projects and plans to be deposited into the general fund;
- (12) Following the adoption of administrative rules, requires the Public-Private Partnership Authority to initiate three pilot projects, specifically:
  - (A) A film production facility on state lands on the most populous island of a county with a population between one hundred thousand and one hundred seventy-five thousand;
  - (B) A main-street project on state lands in Wahiawa in the City and County of Honolulu; and
  - (C) One county-initiated project; and
- (13) Makes an appropriation of an unspecified amount from the general fund for the establishment and operation of the Public-Private Partnership Authority and funding of an unspecified number of staff positions.

Written comments in support of this measure were submitted by the High Technology Development Corporation, High Technology Innovation Corporation, Hawaii Strategic Development Corporation, and Masons Union Local 1 and 630.

Written comments in opposition to this measure were submitted by Tropical Orchid Farm, Inc., Unite Here Local 5, and twelve individuals.

Written comments on this measure were submitted by the Department of Business, Economic Development, and Tourism; Office of Hawaiian Affairs; Hawaii's Thousand Friends; and one individual.

Your Committee finds that the High Technology Innovation Corporation costs the State no money to operate, while providing the State with a means to facilitate growth in high-technology sectors and to receive tax deductible donations. Your Committee believes that the changes to the board of directors and leadership structure made by this measure will improve the operations of the Corporation.

Your Committee further finds that the establishment of the Public-Private Partnership Authority will facilitate cooperation between public and private entities to develop underutilized public resources. Your Committee further believes that the three pilot projects to be undertaken by the Authority will demonstrate the potential for these public-private partnerships to produce financial returns for the State. Furthermore, your Committee notes the concerns of the Office of Hawaiian Affairs and intends for the Public-Private Partnership Authority to comply with all constitutional and statutory requirements to remit a pro-rata portion of public land trust revenues to the Office of Hawaiian Affairs.

Your Committee has amended this measure by:

- (1) Clarifying that the definition of "project" includes certain actions relating to energy generation facilities;
- (2) Clarifying that the terms of all currently appointed members of the High Technology Innovation Corporation, board, not the High Technology Development Corporation, shall expire upon the effective date of this measure;
- (3) Changing the effective date of this measure to July 1, 2050, to facilitate further discussion; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 70, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 70, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Slom). Noes, 2 (Ruderman, Thielen). Excused, 2 (English, Kouchi).

**SCRep. 1393 Ways and Means on H.B. No. 109**

The purpose and intent of this measure is to require newly created, replaced, or reprinted state and county letterheads, symbols, and emblems to contain accurate, appropriate, and authentic Hawaiian names and language.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Kuakini Hawaiian Civic Club of Kona, and one individual.

Your Committee finds that the Hawaiian language is one of the official languages of the State and that this measure encourages the ethically-mandated preservation of the Hawaiian language and culture.

Your Committee has amended this measure by:

- (1) Clarifying that the requirement of using accurate, appropriate, and authentic Hawaiian names and words in state and county letterheads only applies to Hawaiian names and words that are included in the letterhead;
- (2) Requiring the Department of Accounting and General Services to develop a procedure to verify that all Hawaiian names and words included in any state or county letterhead, symbol, or emblem are in conformance with any of the Hawaiian language resources designated by this measure;
- (3) Adding three new Hawaiian language resources to be used in determining the accuracy of Hawaiian names and words;
- (4) Changing the effective date to July 1, 2050, to encourage further discussion; and
- (5) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 109, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 109, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1394 (Majority) Ways and Means on H.B. No. 115**

The purpose and intent of this measure is to address long-standing repair and maintenance needs at University of Hawaii campuses statewide.

More specifically, this measure:

- (1) Establishes the Campus Planning Facility Board, major repairs and replacement special fund, and major repairs and replacement fee to address the University of Hawaii's repair and maintenance needs;

- (2) Authorizes the issuance of general obligation bonds for fiscal years 2013-2014 and 2014-2015; and
- (3) Requires the following to be deposited into the major repairs and replacement special fund:
  - (A) Proceeds of the major repairs and replacement fee, which is five per cent of all gross revenues received by the University of Hawaii;
  - (B) Proceeds of the general obligation bonds issued for fiscal years 2013-2014 and 2014-2015;
  - (C) Ten per cent of the balances of all special funds of the University of Hawaii for fiscal years 2015-2016 and 2016-2017; and
  - (D) Appropriations, gifts, donations, and grants; and
- (4) Requires the University of Hawaii to:
  - (A) Conduct a financial and statutory review of:
    - (i) The impact of the deduction of five per cent of all gross revenues received by the University of Hawaii for deposit into the major repairs and replacement special fund; and
    - (ii) All university special funds to:
      - (a) Identify special funds that have either state or federal prohibitions against the transfer of ten per cent from the special funds into the major repairs and replacement special fund;
      - (b) Identify those special funds from which repair and maintenance projects are already funded; and
      - (c) Examine whether the special funds will have sufficient revenues to carry out their statutory purposes after the transfer of ten per cent from the special funds into the major repairs and replacement special fund; and
  - (B) Report its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the University of Hawaii currently has a backlog of deferred repair and maintenance projects totaling over \$460,000,000. Your Committee also finds that simply complying with building code and health and safety requirements across all campuses of the University of Hawaii will cost over \$38,000,000 in fiscal year 2013-2014 and an additional \$38,000,000 in fiscal year 2014-2015. These costs do not include the additional \$50,000,000 to \$60,000,000 in annual repair and maintenance costs necessary to maintain all of the university campuses. Your Committee further finds that, in order to provide and maintain a safe and proper learning environment for eighty-five thousand students and faculty of the University of Hawaii, a dedicated source of funding for necessary repair and maintenance projects must be established.

Your Committee has amended this measure by:

- (1) Changing the major repairs and replacement fee from five per cent of all gross revenues received by the University of Hawaii to an unspecified amount;
- (2) Changing the ten per cent amount required to be transferred in fiscal years 2015-2016 and 2016-2017 from the balances of each special fund of the University of Hawaii to the major repairs and replacement special fund to unspecified percentages; and
- (3) Providing that the major repairs and replacement fee shall be deducted from gross revenues and deposited into the major repairs and replacement special fund at the beginning of each fiscal quarter, rather than at the end of each fiscal year.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 115, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 115, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 1395 Ways and Means on H.B. No. 266**

The purpose and intent of this measure is to establish the statewide language access resource center and a multilingual website pilot project.

Specifically, this measure:

- (1) Requires the Office of Language Access to:
  - (A) Implement a multilingual website pilot project to explore creating a website to improve access to information on government and government-funded services for persons with limited English proficiency; and to the extent feasible, create a multilingual website for use by the public; and
  - (B) Administer a statewide language access resource center; and
- (2) Appropriates funds for the pilot project and the statewide language access resource center.

Your Committee received written comments in support of this measure from the Department of Human Resources Development; the Office of Language Access-Department of Labor and Industrial Relations; General Immigration Services, Catholic Charities

Hawaii; Congress of Visayan Organizations; Hawaii Interpreter Action Network; National Association of Judiciary Interpreters & Translators; and one individual. One individual submitted written comments in opposition to this measure. The Hawaii Civil Rights Commission submitted written comments on this measure.

Your Committee finds that many people do not take advantage of government and government-funded services solely due to their limited proficiency in English. This, in turn, prevents those people from contributing to the community and living up to their full potential. Establishing a statewide language access resource center and a multilingual website will address the lack of a comprehensive and central system to identify qualified interpreters and language translators in the State, increase the number of qualified interpreters and translators, and help individuals with limited English proficiency to access government information in their own language.

Your Committee has amended this measure by:

- (1) Providing that the listing of the qualifications and credentials of language interpreters and translators, on the roster maintained by the Office of Language Access, be based upon guidelines established by the Office in consultation with the Language Access Advisory Council;
- (2) Changing all appropriations in the measure to unspecified amounts; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 266, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 266, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 1396 Ways and Means on H.B. No. 353**

The purpose and intent of this measure is to appropriate funds to control and contain damage caused by the coffee berry borer and for research to develop new methods of preventing and treating infestations.

More specifically, this measure:

- (1) Makes an appropriation of \$500,000 out of the agricultural development and food security special fund to the United States Pacific Basin Agricultural Research Center to research and develop methods for the prevention and treatment of coffee berry borer infestations; and
- (2) Makes an appropriation of \$330,000 out of the agricultural development and food security special fund to the Coffee Berry Borer Task Force to fund efforts to control and mitigate the damage from the coffee berry borer infestation in Hawaii.

Your Committee received written comments in support of this measure from the Beautiful Edge of the World B&B and Coffee Farm; Daily Fix Coffee; Dysart Farms; Hala Tree Coffee Plantation; Hawaii Coffee Association; Hawaii Farm Bureau Federation; Hoogasian Flowers, Inc.; Kaiwi Farms; Kanalani Ohana Farm; Kona Coffee Council; Kona County Farm Bureau; Kona Coffee Farmers Association; Hawaii Farmers Union United, Kona Chapter; Kona View Coffee; Konaloha Farms; Luther Coffee Farm; Onouli Farm, LLC; Manila Extract; Makua Coffee Company; Mauka Meadows Coffee Farm; Moki's Farm; Ohana Farm Orchards; Original Hawaiian Chocolate Factory; Athena of Hawaii Coffee, LLC; Paradise Found Farm; Rancho Aloha; Smithfarms; and twenty-two private individuals.

Your Committee finds that coffee is the fourth largest agricultural crop in the State and is a highly valued commodity in Hawaii's economy. Your Committee also finds that, in recent years, the coffee berry borer, a small beetle that is harmful to coffee crops worldwide, has infested coffee crops in the Kona and South Kona regions. The coffee berry borer has the potential to spread to coffee grown in other areas of the State, thus threatening devastation to Hawaii's entire coffee industry. Your Committee believes that funding efforts to control and contain the damage caused by the coffee berry borer and to develop new methods of preventing and treating infestations are critical to ensure the survival of the coffee farms in the State.

Your Committee has amended this measure by:

- (1) Changing the amounts of the appropriations to unspecified amounts;
- (2) Changing the funding source of the appropriations from the agricultural development and food security special fund to the general revenues of the State;
- (3) Appropriating funds to the Department of Agriculture, rather than the United States Pacific Basin Agricultural Center, to research methods to prevent and treat coffee berry borer infestations and specifying that the funds shall not be expended unless matched by an unspecified amount from private or other government sources;
- (4) Appropriating funds to the University of Hawaii, rather than the Coffee Berry Borer Task Force, to fund efforts to control and mitigate the damage from coffee berry borer infestations;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (6) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 353, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 353, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Thielen).

**SCRep. 1397 Ways and Means on H.B. No. 450**

The purpose and intent of this measure is to support the creation and development of hydrogen fueling stations in the State.

More specifically, this measure:

- (1) Requires the Department of Business, Economic Development, and Tourism to establish a hydrogen fueling station demonstration project in counties with a population of not less than one hundred seventy thousand residents;
- (2) Requires the department to submit annual reports to the Legislature at least twenty days prior to the convening of the Regular Sessions of 2014 through 2018; and
- (3) Appropriates \$3,500,000 for each year of the 2013-2015 fiscal biennium to the Department of Business, Economic Development, and Tourism for the establishment of hydrogen fueling station demonstration projects.

Your Committee received written comments in support of this measure from General Motors, the Hawaii Automobile Dealers Association, and one individual.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the mass production and arrival of hydrogen fuel cell vehicles is anticipated as early as the year 2015 and that access to hydrogen fueling stations may discourage consumers in the State from purchasing these vehicles. Your Committee finds that this measure commences the process of preparing and developing the necessary fueling stations for hydrogen fuel cell vehicles and supports the State's clean energy initiative.

Your Committee has amended this measure by:

- (1) Designating the High Technology Development Corporation as the agency responsible for establishing and operating the hydrogen fueling station demonstration project;
- (2) Requiring the High Technology Development Corporation to consult with existing projects to determine the design and implementation of the demonstration project;
- (3) Clarifying that the High Technology Development Corporation shall report annually on the status of the demonstration project; and
- (4) Changing the appropriation to an unspecified amount to facilitate continuing discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 450, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 450, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Slom). Noes, none. Excused, 5 (Keith-Agaran, Kidani, Kouchi, Ruderman, Thielen).

**SCRep. 1398 (Majority) Ways and Means on H.B. No. 487**

The purpose and intent of this measure is to provide economic and other support to the State's agriculture industry:

Specifically, the measure:

- (1) Expands the livestock revitalization program by, among other things:
  - (A) Providing subsidies for feed used in the production of goat's milk, sheep, lamb, fish, and crustaceans;
  - (B) Reducing the minimum flock or herd size necessary for a producer to qualify for the livestock subsidy;
  - (C) Providing grants to qualified feed developers; and
  - (D) Appropriating funds to the livestock revitalization program; and
- (2) Facilitates leases between the Department of Agriculture and the Agribusiness Development Corporation by:
  - (A) Authorizing the Department of Agriculture to directly negotiate and enter into leases with the Agribusiness Development Corporation; and
  - (B) Exempting the Agribusiness Development Corporation from non-agricultural park lands lease qualifications.

Your Committee received written comments in support of this measure from 4 Ag Hawaii; Hawaii Cattlemen's Council, Inc.; Wong's Meat Market, Ltd.; Hawaii Farm Bureau Federation; Pono Ranch, Ltd.; Mikilua Poultry Farm, Inc.; Hawaii Aquaculture and Aquaponics Association; and four private individuals.

Your Committee received written comments in opposition to this measure from Puna Pono Alliance and ten private individuals.

Your Committee finds that, in recent years, numerous dairies and egg farms in the State have closed down, due primarily to the rising cost of feed for livestock production. Your Committee believes that providing a subsidy for feed development and costs will revitalize Hawaii's livestock industries and help the State meet its food security goals.

Your Committee also finds that the Agribusiness Development Corporation was established to make optimal use of agricultural assets for the economic, environmental, and social benefit of the people of Hawaii. Your Committee believes that facilitating leases between the Department of Agriculture and the Agribusiness Development Corporation will assist in developing the long-term productive use of public lands for agricultural purposes.

Your Committee has amended this measure by:

- (1) Amending the definition of “qualified producer” to include goat meat producers;
- (2) Amending the minimum flock or herd size requirements to qualify for the subsidy to include an unspecified number of sheep, lambs, or goats raised for meat;
- (3) Specifying that producers who qualify for the subsidy shall be reimbursed for up to:
  - (A) Fifty per cent of the feed costs for sheep, lambs, or goats raised in Hawaii and slaughtered in Hawaii for local consumption; or
  - (B) Fifty per cent of the feed costs for fish or crustaceans raised in Hawaii and processed in Hawaii for local consumption;
- (4) Specifying that costs shall not be reimbursed to a qualified producer if the reimbursement will result in an annual profit of more than:
  - (A) Eight per cent for sheep, lamb, or goat meat producers; or
  - (B) Eight per cent for fish or crustacean producers; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 487, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 487, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ruderman, Thielen). Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1399 Ways and Means on H.B. No. 560**

The purpose and intent of this measure is to authorize the Hawaii Housing Finance and Development Corporation and the Hawaii Community Development Authority to encourage the development of housing projects that incorporate urban gardening programs.

Your Committee received written comments in support of this measure from the Kohala Center-Hawaii Island School Garden Network and four individuals.

Your Committee finds that urban gardening programs will help to improve sustainability, increase food self-sufficiency, and provide those living in housing projects with life skills.

Your Committee has amended this measure by:

- (1) Codifying the enabling provisions of this measure in the respective chapters of the Hawaii Revised Statutes governing the Hawaii Housing Finance and Development Corporation and the Hawaii Community Development Authority; and
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 560, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 560, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1400 (Majority) Ways and Means on H.B. No. 634**

The purpose and intent of this measure is to maintain employment levels in the case of a divestiture by a successor employer.

More specifically, this measure provides that in the event of a divestiture of a covered establishment that employed not less than one hundred persons at any time in the preceding twelve months, the successor employer:

- (1) Shall hire all incumbent non-supervisory and non-confidential employees; provided that the successor employer may retain less than all of the incumbent employees if the business of the successor employer is substantially dissimilar to the former employer’s business or if the need for employees is less;
- (2) Shall not require incumbent employees to file employment applications with the successor employer as a prerequisite to be considered for hire, unless existing employee files are incomplete; and
- (3) May conduct pre-hire screening of the incumbent employees not prohibited by law, including criminal conviction record checks and substance abuse testing.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations; the Hawaii Government Employees Association; the Hawaii Laborers’ Union; the Hawaii State AFL-CIO; and one concerned individual.

Your Committee received written comments in opposition to this measure from the General Contractors Association of Hawaii; the Hawaii Automobile Dealers Association; Island Princess; and three concerned individuals.

Your Committee finds that the divestiture of a business often causes heightened anxiety for incumbent employees due to the lack of job security and disruptions to the local economy. This measure would provide job security to employees and minimize disruptions during a divestiture of a covered establishment by requiring the successor employer to retain all incumbent non-supervisory and non-confidential employees, subject to certain exceptions.

Your Committee has amended this measure by:

- (1) Adding an appropriation of an unspecified amount for the Department of Labor and Industrial Relations to implement this measure; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 634, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 634, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Chun Oakland, Dela Cruz, English, Espero, Kahele, Kouchi). Noes, 3 (Ruderman, Thielen, Slom). Excused, 1 (Kidani).

**SCRep. 1401 Ways and Means on H.B. No. 152**

The purpose and intent of this bill is to increase the cap on charges used by the Director of Labor and Industrial Relations to establish the workers' compensation medical fee schedule, from one hundred ten per cent to one hundred thirty per cent of the Medicare Resource Based Relative Value Scale.

Your Committee prepared and heard a proposed Senate Draft 2 (S.D. 2), which replaced the contents of the bill as received, and required the Auditor to conduct a study of the workers' compensation fee schedule.

Testimony in support of the proposed S.D. 2 was submitted by the Hawaii Insurers Council. Testimony in opposition was submitted by GEICO. Comments were received from the Department of Commerce and Consumer Affairs and the Department of Human Resources of the City and County of Honolulu.

After consideration of the testimony, your Committee has amended the measure by replacing its contents with provisions that:

- (1) Require the Auditor to assist the Director of Labor and Industrial Relations in administratively adjusting the medical fee schedule by:
  - (A) Identifying:
    - (i) Those medical or health care services or procedures for which fee adjustments are necessary to ensure that injured employees have better access to treatment; and
    - (ii) A methodology for conducting the statistically valid surveys of prevailing charges that are necessary for adjustment of the fees; and
  - (B) Recommending adjusted fees to the Director after applying the methodology;
- (2) Make available to the Director a limited opportunity to expedite the adjustment of fees identified by the Auditor; and
- (3) Require the Auditor to recommend to the Director and Legislature a formalized process for the mandatory periodic review of the adequacy of the medical fee schedule.

Your Committee finds that the administrative adjustment of fees on a case-by-case basis, depending upon need, is preferable public policy to an across-the-board increase by legislative action. Your Committee recognizes that the issue of the workers' compensation medical fee schedule is complex and believes that it does not presently have sufficient understanding of the consequences that could flow from an across-the-board increase, as contemplated by this measure as received. Accordingly, your Committee initially proposed a study by the Auditor.

However, having found the testimony of injured employees particularly persuasive, your Committee has rejected the study approach taken by the proposed S.D. 2. Rather, your Committee has determined that action, based upon careful evaluation, is necessary, rather than an Auditor's study.

Your Committee believes that the measure, as amended, establishes a substantive opportunity for the adjustment of medical or health care fees and also provides medical and health care service providers with the opportunity to participate in a fee adjustment process that is not currently available under existing law. Your Committee understands that the Director of Labor and Industrial Relations presently feels constrained in using the Director's existing authority to administratively adjust fees on a broad scale. Your Committee believes that this measure provides the assistance the Director of Labor and Industrial Relations needs to make the necessary adjustments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 152, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 152, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1402 Ways and Means on H.B. No. 536**

The purpose and intent of this measure is to prohibit the Hawaii Public Housing Authority from selecting a housing applicant if the applicant or a household member of the applicant owns or acquires a home within the State.

This measure also authorizes the Authority to terminate the tenancy of a current tenant if the tenant or a household member owns or acquires a home within the State.

In addition, this measure makes a conforming amendment to add a reference to "widower" to clarify that a widower is entitled to the same preference as presently allowed to a widow of a deceased veteran who was permanently disabled by ten per cent or more.

Your Committee finds that the Hawaii Public Housing Authority does not have the statutory authority to deny a housing application by an otherwise qualified applicant if the applicant or a household member owns a home. Similarly, existing law does not permit the Hawaii Public Housing Authority to evict a current tenant who owns or acquires a home. Your Committee believes this measure will help ensure that tenants with the greatest need are selected for, and permitted to remain in, shelter provided by the Hawaii Public Housing Authority.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 536, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 536, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 1403 (Majority) Ways and Means on H.B. No. 980**

The purpose and intent of this measure is to improve highway safety for drivers and pedestrians.

More specifically, this measure prohibits the use of cellular phones and other mobile electronic devices while operating a motor vehicle, with certain exceptions, including use:

- (1) To make 911 communications;
- (2) Of a hands-free mobile electronic device by a person over 18 years of age; and
- (3) By emergency responders, commercial fleet vehicle drivers, and licensed amateur radio operators using half-duplex two-way radios.

The prohibition established by this measure would also supersede similar county ordinances.

This measure also establishes fines for violations, including doubled fines for violators in school zones and construction areas, while providing that violators shall not be deemed traffic infractors under section 291D-2, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from AAA Hawaii; the Property Casualty Insurers Association of America; and three concerned individuals.

Your Committee received written comments in opposition to this measure from one concerned individual.

Your Committee received written comments on this measure from the Alliance of Automobile Manufacturers.

Your Committee finds that drivers distracted by the use of a cellular phone or other mobile electronic device is a rampant problem across the country, including in Hawaii. Drivers distracted by use of these electronic devices pose a risk of harm to the driver and others in the vehicle or on the road. In 2008, approximately sixteen per cent of all fatal crashes involved a distracted or inattentive driver. This measure would greatly increase safety on public highways by prohibiting the use of these distracting items.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 980, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 980, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (English).

**SCRep. 1404 (Joint) Human Services and Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 157**

The purpose and intent of this measure is to urge the State to adopt the United Nations Convention on the Rights of Persons with Disabilities and the United States Senate to ratify the Convention.

Your Committees received testimony in support of this measure from the State Council on Developmental Disabilities, United States International Council on Disabilities, Hawaii Disability Rights Center, Hawaii Institute for Human Rights, Community Alliance for Mental Health, and two individuals.

Your Committees find that the Convention on the Rights of Persons with Disabilities is an international human rights instrument of the United Nations intended to protect the rights and dignity of persons with disabilities. The Convention has served as the major

catalyst in the global movement from viewing persons with disabilities as objects of charity, medical treatment, and social protection toward viewing them as full and equal members of society, with human rights.

Your Committees have amended this measure by:

- (1) Deleting language related to the State adopting the United Nations Convention on the Rights of Persons with Disabilities;
- (2) Deleting certain findings and adding new findings about the Convention on the Rights of Persons with Disabilities and the Americans with Disabilities Act; and
- (3) Amending the title accordingly; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 157, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 157, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1406 (Majority) Commerce and Consumer Protection on S.C.R. No. 16**

The purpose and intent of this measure is to encourage the State to support the efforts of the Hawaii Health Care Project and the Hawaii Health Information Exchange to implement an integrated, technology-based healthcare information system.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Pacific Health, and Hawai'i Health Information Exchange.

Your Committee finds that a more coordinated and timely sharing of appropriate medical records exchanged in a secure manner will help prevent and manage obesity in Hawaii's population. This measure requests cooperation amongst state agencies, the Hawaii Health Care Project, and the Hawaii Health Information Exchange and supports the efforts of a public-private partnership to include those with shared interests in providing data and receiving data through the system. Your Committee further finds that these efforts will improve the efficiency of access to a patient's healthcare information, thereby improving the overall efficiency and quality of patient care in Hawaii.

Your Committee has amended this measure by:

- (1) Making a technical, nonsubstantive amendment to the title for the purposes of clarity and consistency; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 16, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Slom). Excused, 2 (Taniguchi, Wakai).

**SCRep. 1407 Commerce and Consumer Protection on S.C.R. No. 94**

The purpose and intent of this measure is to request the Professional and Vocational Licensing Division to convene a working group to consider streamlining or consolidating any of the licensing boards and commissions within the purview of the Division.

Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that the Professional and Vocational Licensing Division is responsible for forty-eight licensing areas, including twenty-five licensing boards and commissions and twenty-three licensing programs. In order to ensure the optimal use of the Division's resources and licensing fees and better address issues, concerns, and changes in the professions and vocations regulated or licensed by the State, this measure requests the Division to convene a working group to consider streamlining or consolidating any of the Division's licensing boards and commissions.

Your Committee further finds that the Office of the Auditor has the requisite skills and expertise to conduct reviews similar to the one proposed by this measure. Your Committee concludes that it would be more effective for the Auditor to conduct a review and make recommendations about streamlining and consolidating certain licensing areas, rather than requiring the Professional and Vocational Licensing Division to convene a working group on this topic. Therefore, amendments to this measure are necessary.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Auditor to conduct a review of the Professional and Vocational Licensing Division's forty-eight licensing areas and recommend whether any of the licensing boards, commissions, or programs or their administrative functions could be streamlined or consolidated, rather than requesting the Division to convene a working group;
- (2) Requesting the Auditor to work with the Licensing Administrator and the Executive Officers of the Professional and Vocational Licensing Division, seek input from certain professions and vocations, and explore how other states approach the professional and vocational licensing process;
- (3) Requesting the Auditor to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014;
- (4) Amending the list of individuals receiving a certified copy of this measure;
- (5) Clarifying the findings to reflect the amended purpose of this measure; and
- (6) Amending the title for accuracy.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 94, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 94, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1408 Commerce and Consumer Protection on S.R. No. 60**

The purpose and intent of this measure is to request the Professional and Vocational Licensing Division to convene a working group to consider streamlining or consolidating any of the licensing boards and commissions within the purview of the Division.

Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that the Professional and Vocational Licensing Division is responsible for forty-eight licensing areas, including twenty-five licensing boards and commissions and twenty-three licensing programs. In order to ensure the optimal use of the Division's resources and licensing fees and better address issues, concerns, and changes in the professions and vocations regulated or licensed by the State, this measure requests the Division to convene a working group to consider streamlining or consolidating any of the Division's licensing boards and commissions.

Your Committee further finds that the Office of the Auditor has the requisite skills and expertise to conduct reviews similar to the one proposed by this measure. Your Committee concludes that it would be more effective for the Auditor to conduct a review and make recommendations about streamlining and consolidating certain licensing areas, rather than requiring the Professional and Vocational Licensing Division to convene a working group on this topic. Therefore, amendments to this measure are necessary.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Auditor to conduct a review of the Professional and Vocational Licensing Division's forty-eight licensing areas and recommend whether any of the licensing boards, commissions, or programs or their administrative functions could be streamlined or consolidated, rather than requesting the Division to convene a working group;
- (2) Requesting the Auditor to work with the Licensing Administrator and the Executive Officers of the Professional and Vocational Licensing Division, seek input from certain professions and vocations, and explore how other states approach the professional and vocational licensing process;

- (4) Amending the list of individuals receiving a certified copy of this measure;
- (5) Clarifying the findings to reflect the amended purpose of this measure; and
- (6) Amending the title for accuracy.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 60, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 60, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 1409 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.C.R. No. 136**

The purpose and intent of this measure is to request the Mayor and Council of the City and County of Honolulu to honor "General" John Rogers for his dedicated service to his country and Hawaii.

Your Committees received testimony in support of this measure from three individuals.

Your Committees find that "General" John H. Rogers, Jr., served his country and attained the rank of Army Master Sergeant. Your Committees further find that "General" Rogers established orphanages and safe houses for American-Asian children who had been living as beggars on the streets of Vietnam. This measure encourages the placement of a plaque on the corner of Kalakaua Avenue and Kapiolani Boulevard, where on many mornings "General" Rogers waved a U.S. flag to remind others of the ideals and compassionate acts for which America stands.

Your Committees have amended this measure by:

- (1) Making technical, nonsubstantive amendments for the purposes of clarity and consistency; and
- (2) Changing the title accordingly to reflect these amendments.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 136, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 136, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 1411 Commerce and Consumer Protection on H.C.R. No. 3**

The purpose and intent of this measure is to encourage Congress and the President of the United States to re-state that the federal Uniform Controlled Substances Act, which restricts the production, possession, and use of marijuana, does not prohibit the production of industrial hemp.

Your Committee received testimony in support of this measure from Alexander & Baldwin, Inc.; Vote Hemp; Hemp Cleans; and eight individuals.

Your Committee finds that the legislative history of the federal Uniform Controlled Substances Act and its predecessor the Marijuana Tax Act of 1937 indicates that Congress never intended to prohibit the production of industrial hemp. Industrial hemp is one of the more versatile, productive, and useful fiber plants and can be utilized in the manufacturing of several different construction and building related products. Your Committee further finds that the production of industrial hemp in Hawaii may provide an economic stimulus for the local production of various building and construction materials.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 3, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 1412 Transportation and International Affairs on Gov. Msg. No. 720**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I SISTER STATE COMMITTEE

G.M. No. 720 JUSTIN MICHAEL IKAIKA ANDERSON, for a term to expire 6-30-2014

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Justin Michael Ikaika Anderson to possess the requisite qualifications to be nominated to the Hawai'i Sister State Committee.

Your Committee received testimony in support of Justin Michael Ikaika Anderson from the Department of Business, Economic Development, and Tourism; Ko'olaupoko Hawaiian Civic Club; and three individuals.

Justin Michael Ikaika Anderson is a graduate of the Kamehameha Schools, and received Bachelor's degrees in journalism and political science from the University of Hawai'i at Manoa. He currently serves as a Councilmember for the City and County of Honolulu, where he is the Floor Leader and Chair of the Planning Committee, Vice Chair of the Zoning Committee, as well as a Member of the Budget Committee, Public Infrastructure Committee, and Executive Matters Committee. Mr. Anderson served previously as a Budget Analyst for the State House Finance Committee, where he was assigned to the Departments of Transportation, Defense, Labor and Industrial Relations, and Hawaiian Home Lands. He also has experience as Assistant Committee Clerk of the House Judiciary Committee.

Your Committee notes the personal statement of the nominee, which states, "I'd like to serve on the committee so that I can assist in forging cultural and economic relationships with other cities and municipalities that would be beneficial to our state and our people." He goes on to say, "it is my hope that the committee will aid in fostering new international working relationships while building on our existing relationships." Mr. Anderson worked to form a sister city relationship with the municipality of Majuro, drafting legislation officially recognizing the relationship and coordinating the signing ceremonies in Honolulu.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, 2 (Kouchi, Solomon).

**SCRep. 1413 Commerce and Consumer Protection on Gov. Msg. No. 680**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF NURSING

G.M. No. 680 GLENDA TALL, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Glenda Tali to possess the requisite qualifications to be nominated to the State Board of Nursing.

Your Committee received testimony in support of the nomination of Glenda Tali from the Department of Commerce and Consumer Affairs, Healthcare Association of Hawaii, and eleven individuals.

Upon review of the testimony, your Committee finds that Ms. Tali's extensive experience, commitment to the nursing profession, and desire to contribute to the community qualify her for appointment to the State Board of Nursing as a licensee member. Your Committee notes that Ms. Tali has been in the health care profession for three decades, including twenty-six years as a Registered Nurse, sixteen years as a Nurse Practitioner, and twelve years as a nurse educator. Ms. Tali worked in Arizona, California, and American Samoa prior to relocating to Hawaii, where she now serves as the Campus College Chair for Nursing and Health Administration at the University of Phoenix's Hawaii campus. Ms. Tali is also active in various professional organizations, including the Healthcare Association of Hawaii; Association of Women's Health, Obstetric, and Neonatal Nurses; and Association of Healthcare Executives. Your Committee further finds that Ms. Tali is well qualified to serve on the State Board of Nursing and recommends her appointment to the State Board of Nursing based on her knowledge, experience, and dedication to the field of nursing and the public.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Wakai).

**SCRep. 1414 Commerce and Consumer Protection on Gov. Msg. No. 681**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PSYCHOLOGY

G.M. No. 681 SCOTT HASHIMOTO, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Scott Hashimoto to possess the requisite qualifications to be nominated to the Board of Psychology.

Your Committee received testimony in support of the nomination of Scott Hashimoto from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Hashimoto's experience, dedication to his profession, and proven leadership on the Board of Psychology qualify him for reappointment to the Board of Psychology as a licensee member. Your Committee notes that Dr. Hashimoto is a clinical psychologist with a background in law who has worked in a variety of practice settings. Dr. Hashimoto has been a licensed psychologist in Hawaii since 2001, and currently works for the Department of Health Child and Adolescent Mental Health Division and as an adjunct faculty instructor at Argosy University. Dr. Hashimoto is a member of the American Psychological Association, Hawaii Psychological Association, and Board of Psychology, where he currently serves as Vice-Chairperson. Your Committee further finds that Dr. Hashimoto understands the role and responsibilities of the Board of Psychology and recommends that Dr. Hashimoto be reappointed to the Board of Psychology based on his knowledge, experience, and dedication to his profession and the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Wakai).

**SCRep. 1415 Commerce and Consumer Protection on Gov. Msg. No. 682**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF BARBERING AND COSMETOLOGY

G.M. No. 682 LYNNETTE MCKAY, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Lynnette McKay to possess the requisite qualifications to be nominated to the State Board of Barbering and Cosmetology.

Your Committee received testimony in support of the nomination of Lynnette McKay from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Ms. McKay's background, experience, and desire to contribute to the community qualify her for appointment to the State Board of Barbering and Cosmetology as a licensee member. Your Committee notes that Ms. McKay has been a licensed cosmetologist in Hawaii for forty-six years and is currently an Assistant Professor of Cosmetology at Honolulu Community College. Ms. McKay is an active member of the National Cosmetology Association and the Hawaii State Cosmetology Association, where she has held several leadership positions, including past President. Your Committee further finds that Ms. McKay's extensive knowledge of the beauty industry will enable her to contribute a valuable perspective to the State Board of Barbering and Cosmetology and recommends her appointment to the Board based on her experience, commitment to her profession, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Wakai).

**SCRep. 1416 Higher Education on Gov. Msg. Nos. 703 and 704**

Recommending that the Senate advise and consent to the nominations of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 703 ART GLADSTONE, for a term to expire 6-30-2017; and

G.M. No. 704 BARBARA KOOKER, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Art Gladstone and Barbara Kooker to possess the requisite qualifications to be nominated to the Center for Nursing Advisory Board.

ART GLADSTONE

Your Committee received testimony in support of the nomination of Art Gladstone from the Hawai'i State Center for Nursing and two individuals.

Your Committee finds that Mr. Gladstone is currently the Chief Operating Officer of Straub Clinic and Hospital. He also serves as the Vice-President and Chief Nurse Executive for Hawaii Pacific Health.

Mr. Gladstone is an active volunteer and serves on various health care-related and community boards. He is a member and President of the American Organization of Nurse Executives and a member of the Board of Directors of Legacy of Life Hawaii. He has also volunteered his time with the Juvenile Diabetes Research Foundation and Arthritis Foundation.

Mr. Gladstone is a current member of the Center for Nursing Advisory Board and serves on the Continuing Education Joint Advisory Subcommittee and the Director Search Advisory Committee.

Mr. Gladstone is a leader in the health care industry and a strong advocate for the nursing profession. Mr. Gladstone's experience as a registered nurse and health care administrator will continue to benefit the Center for Nursing Advisory Board.

BARBARA KOOKER

Your Committee received testimony in support of the nomination of Barbara Kooker from the Hawai'i State Center for Nursing; American Organization of Nurse Executives, Hawai'i Chapter; and five individuals.

Ms. Kooker is currently a Nurse Researcher at The Queen's Medical Center. Ms. Kooker served previously as a Professor and Director of the University of Hawaii School of Nursing and Dental Hygiene.

Ms. Kooker also served as the Interim Dean of the School of Nursing and Dental Hygiene. While serving as Interim Dean, Ms. Kooker was instrumental in establishing the Hawai'i State Center for Nursing.

Your Committee further finds that Ms. Kooker has extensive experience in the public and private sectors. She is a distinguished and well-published clinician, researcher, and nurse educator.

Ms. Kooker is a current member of the Center for Nursing Advisory Board, and your Committee believes that her collaborative spirit and dedication to the profession of nursing continue to make her an asset to the Center for Nursing Advisory Board.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Kidani).

**SCRep. 1417 (Joint) Water and Land and Judiciary and Labor on S.C.R. No. 164**

The purpose and intent of this measure is request the Governor to establish a working group to develop a conservation action plan to explore and identify conservation alternatives for the undeveloped portions of the Turtle Bay Hotel and Resort property and surrounding lands (Property) with conservation or historic value.

Your Committees received testimony in support of this measure from the Governor, Department of Land and Natural Resources, North Shore Community Land Trust, Keep the North Shore Country, Defend Oahu Coalition, Trust for Public Lands, and numerous individuals. Your Committees received comments on this measure from Turtle Bay Resort, LLC, and one individual.

The Property under negotiation includes the unimproved and undeveloped lands adjacent to the Turtle Bay Hotel and Resort. The subject matter of this measure dates back to the latter years of the previous administration as part of an effort to purchase and protect precious natural resource lands from development. Despite two separate attempts to acquire the land, nothing has been successfully completed, and the purchase is still pending.

Your Committees believe that it remains in the public's best interest to continue efforts to conserve the undeveloped portions of the Property. During the Regular Session of 2013, the Legislature introduced S.B. No. 894, S.D. 2, to appropriate funds and authorizes the Governor, or the Governor's designee, to continue efforts to acquire certain unimproved lands surrounding the Property. If the

Governor finds that it is not feasible for the State to acquire sole interest of the Property, S.B. No. 894, S.D. 2, also authorizes the Governor to enter into a cooperative agreement or agreements, such as a conservation easement, with private or other public entities interested in conserving the undeveloped portions of the Property.

Community involvement and input on this issue reveals competing interests to the Property. On the one hand, a cogent argument can be made that the Turtle Bay Hotel and Resort is the only major economic stimulus for the area in the form of employment and future affordable housing. On the other hand, the slogan “Keep the country country” has merit, particularly when considering the potentially disruptive impact of the expansion on rural lifestyles, particularly impacts of traffic congestion and the undeniable demands on infrastructure improvements such as roads and sewers.

Your Committees remain cognizant that residents of the North Shore prefer to live in a rural environment and live there by choice rather than by circumstance. However, the North Shore represents perhaps the last bastion of developable land, which makes the North Shore the symbolic lightning rod on the issue of development and tourism, particularly considering the State’s limited industrial potential and its disproportionate reliance on tax revenues. At this point in time, it is important to explore alternatives to protect the undeveloped lands surrounding Turtle Bay and for the community to work together toward that end.

Your Committees believe that the likely parties to the negotiations will be not more than three people – one to represent the Governor, one to represent the developer, and one to represent land conservation groups. Your Committees note that the measure requests that “meetings to foster community engagement and gather community input”, rather than hearings, be held to foster community engagement and gather input. Your Committees note that since several such meetings have already been held, this is a familiar process that can engage the community for input on conservation alternatives for the Property.

As affirmed by the records of votes of the members of your Committees on Water and Land and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 164 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 6. Noes, none. Excused, 1 (Ihara).

Judiciary and Labor

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1418 (Joint) Water and Land and Judiciary and Labor on S.R. No. 121**

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1419 (Joint) Tourism and Hawaiian Affairs and Transportation and International Affairs on S.C.R. No. 83**

The purpose and intent of this measure is to recognize and support the Native Hawaiian Hospitality Association's efforts in preparing for the designation of Waikiki – Kauhale O Ho'okipa as a state and national scenic byway.

Your Committees received testimony in support of this measure from the Native Hawaiian Hospitality Association.

Your Committees appreciate the Native Hawaiian Hospitality Association's work to recognize Waikiki – Kauhale O Ho'okipa as a state and national scenic byway. Such recognition will educate the public regarding Waikiki's historical and cultural significance and help promote its special intrinsic qualities to improve visitors' experience.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 83 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Tourism and Hawaiian Affairs  
Ayes, 5. Noes, none. Excused, 3 (Hee, Solomon, Slom).

Transportation and International Affairs

**SCRep. 1421 (Joint) Tourism and Hawaiian Affairs and Transportation and International Affairs on S.C.R. No. 143**

The purpose and intent of this measure is to urge the Hawaii Tourism Authority to work with airline companies to show ocean safety videos on Hawaii-bound flights.

Your Committees received testimony in support of this measure from the Hawaii Tourism Authority, Hawaii Lifeguard Association, and four individuals.

According to the Hawaii State Department of Health, drowning has been the leading cause of fatal injury to visitors for the past twenty years. At least a dozen Hawaii visitors have been killed in accidents so far this year. Rescue personnel are frequently placed in danger when recovering injured hikers and swimmers. Your Committees find that showing recreational safety videos that educate visitors about the dangers inherent in ocean and inland activities would be a significant step toward preventing further accidental injuries and deaths.

Your Committees have amended this measure by:

- (1) Expanding the types of companies urged to show safety videos to include hotels and other companies in the visitor industry;
- (2) Expanding the scope of the safety videos to include all recreational activities rather than only ocean activities;
- (3) Amending the title for consistency; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 143, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 143, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1423 (Joint) Tourism and Hawaiian Affairs and Water and Land and Technology and the Arts on S.C.R. No. 173**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources and the State Foundation on Culture and the Arts to assist the Friends of Liliuokalani Gardens in its preparations to commemorate the centennial of the death of Queen Liliuokalani in the Queen Liliuokalani Gardens in Hilo.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Historic Hawaii Foundation, State Foundation on Culture and the Arts, Papa Ola Lokahi, and one individual. Your Committees received comments on this measure from Friends of Liliuokalani Gardens.

Liliuokalani Gardens in Hilo is a significant historical and cultural landscape, notable for its Japanese style garden landscape. Liliuokalani Gardens was made possible by Queen Liliuokalani and dedicated to her memory in 1917, the same year of her passing. A centennial celebration in the gardens Queen Liliuokalani fostered will be an especially honorable and appropriate way to commemorate Queen Liliuokalani and her significant achievements. The commemoration will also provide an opportunity to educate the public on and stimulate interest in Hawaii's history and heritage.

The Department of Land and Natural Resources and the State Foundation on Culture and the Arts requested clarification as to the assistance being requested of them. The Friends of Liliuokalani Gardens testified that the Department of Land and Natural Resources could provide necessary records and information regarding the gardens and its artifacts and also any land-use permissions that cannot be granted by the county. The State Foundation on Culture and the Arts would be vital in assisting the Friends of Liliuokalani Gardens in identifying, cleaning, and restoring historical artifacts and works of art in the gardens.

Your Committees have amended this measure by:

- (1) Clarifying that Liliuokalani Gardens contains Japanese style gardens rather than the typically smaller Japanese style "tea gardens";
- (2) Clarifying that the centennial celebration commemorates the death of Queen Liliuokalani and the establishment of the garden she fostered; and
- (3) Amending the title accordingly.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs, Water and Land, and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 173, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 173, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1425 Ways and Means on S.C.R. No. 11**

The purpose and intent of this measure is to approve the sale of the leased fee interest in 643 Papahehi Place, Honolulu, Hawaii, TMK No. 1-3-8-10-35.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Hawaii Housing Finance and Development Corporation. Your Committee received written comments on this measure from the Office of Hawaiian Affairs.

The Hawaii Housing Finance and Development Corporation desires to sell the leased fee interest in 643 Papahehi Place, Honolulu, Hawaii, to the property's current leasehold owner. Your Committee finds that this measure satisfies the requirements of section 171-64.7, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the sale of certain lands in fee simple.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1426 Ways and Means on S.C.R. No. 12**

The purpose and intent of this measure is to approve the sale of the leased fee interest in 95-011 Kuaahelani Avenue, No. 111, Mililani, Hawaii, pursuant to section 171-64.7, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Hawaii Housing Finance and Development Corporation. Your Committee received written comments on this measure from the Office of Hawaiian Affairs.

The Hawaii Housing Finance and Development Corporation desires to sell the leased fee interest in 95-011 Kuahelani Avenue, No. 111, Mililani, Hawaii, to the property's current leasehold owner. Your Committee finds that this measure satisfies the requirements of section 171-64.7, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the sale of certain lands in fee simple.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1427 Ways and Means on S.C.R. No. 20**

The purpose and intent of this measure is to submit to the Legislature for review the proposed exchange involving state land located at Nuuanu, Honolulu, Oahu, and privately owned land located at Hoaeae, Ewa, Oahu, together with all improvements thereon.

Your Committee received written comments in support of this measure from Hawaii Baptist Academy. The Office of Hawaiian Affairs submitted written comments on the measure.

At its meeting of October 24, 2008, under agenda item D-13, as amended at its meeting of August 10, 2012, under agenda item D-9, the Board of Land and Natural Resources approved in principle the proposed exchange involving state land located at Nuuanu, Honolulu, Oahu, identified as Tax Map Key (1) 2-2-22:19, and privately owned land located at Hoaeae, Ewa, Oahu, identified as Tax Map Key (1) 9-4-49:62, together with all improvements thereon. Your Committee finds that this measure satisfies the requirements of section 171-50, Hawaii Revised Statutes, which provides that any exchange of public land for private land shall be subject to disapproval by the Legislature by two-thirds vote of either the Senate or the House of Representatives, or by majority vote of both chambers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1428 Ways and Means on S.C.R. No. 41**

The purpose and intent of this measure is to extend the Government Contracting Task Force until June 30, 2013.

Your Committee finds that, pursuant to Senate Concurrent Resolution No. 40, S.D. 1, H.D. 1 (2012), the Government Contracting Task Force was requested to develop recommendations to address issues that affect procurement for goods and services purchased through nonprofit organizations, including human service nonprofit organizations that deliver pivotal goods and services to individuals, families, communities, and other small businesses. The Task Force was requested to submit a report of its findings and recommendations no later than December 31, 2012. In developing its recommendations, the Task Force was requested to:

- (1) Examine the state contracting process from the initial planning phase through service delivery, and issues relating to payment when invoices are submitted;
- (2) Identify areas that can be simplified and standardized between government agencies, the State Procurement Office, the Department of Accounting and General Services, the Department of the Attorney General, and the parties contracted to deliver services; and
- (3) Evaluate the "dashboard" demonstration project that uses designated contract areas in the Department of Health, Department of Human Services, and Department of Public Safety to test business process improvements or other approaches to streamline the contracting process, with the goal of clarifying problem areas and solutions for government agencies and the parties contracted to provide services.

Your Committee believes that, despite making considerable progress, the Government Contracting Task Force requires more time to complete the tasks set out in Senate Concurrent Resolution No. 40, S.D. 1, H.D. 1 (2012). The extension provided by this measure will allow the Task Force sufficient time to finalize its recommendations and submit its report to the Legislature.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1429 Ways and Means on S.C.R. No. 65**

The purpose and intent of this measure is to request the Auditor to conduct an assessment on the social and financial impacts of mandating coverage for hearing aids under the policies and plans of health insurers and like entities as proposed under S.B. No. 309, S.D. 1 (2013).

Your Committee received written comments in support of this measure from the Disability and Communication Access Board.

Your Committee finds that while some degree of hearing loss is common among the elderly, Medicare and most private insurers do not cover the cost of hearing aids.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 65, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1430 Ways and Means on S.C.R. No. 96**

The purpose and intent of this measure is to support and encourage the activities of the Jump Start Program.

More specifically, this measure:

- (1) Commends the Jump Start Task Force for the creation of the Jump Start program;
- (2) Encourages the expansion of the Jump Start program for schools on the islands of Maui and Hawaii; and
- (3) Requests the Department of Education and the University of Hawaii Community Colleges to continue their support of the Jump Start program.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that the Jump Start program enables high school seniors to obtain credits for their high school diploma and receive career and technical education, while concurrently earning college credit. Your Committee finds that, due to the success of the program on the islands of Oahu and Kauai, public high schools on the islands of Maui and Hawaii have expressed interest in participating in the Jump Start program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1431 Ways and Means on S.R. No. 62**

The purpose and intent of this measure is to support and encourage the activities of the Jump Start Program.

More specifically, this measure:

- (1) Commends the Jump Start Task Force for the creation of the Jump Start program;
- (2) Encourages the expansion of the Jump Start program for schools on the islands of Maui and Hawaii; and
- (3) Requests the Department of Education and the University of Hawaii Community Colleges to continue their support of the Jump Start program.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that the Jump Start program enables high school seniors to obtain credits for their high school diploma and receive career and technical education, while concurrently earning college credit. Your Committee finds that, due to the success of the program on the islands of Oahu and Kauai, public high schools on the islands of Maui and Hawaii have expressed interest in participating in the Jump Start program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 62 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1432 Ways and Means on S.C.R. No. 106**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a nonexclusive easement covering a portion of state submerged lands, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee finds that the seaward boundary of the subject property fronts the ocean and includes a pier that encroaches into state-owned submerged lands. The owners of the property seek a fifty-five-year nonexclusive easement to use, maintain, repair, replace, and remove the existing pier, in consideration for a one-time payment to be determined by independent or staff appraisal establishing a fair market rent. Your Committee also finds that this measure satisfies the requirements of section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1433 Ways and Means on S.C.R. No. 119**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the regulation of unaccredited degree granting institutions, as proposed under H.B. No. 1200, H.D. 2 (2013), including an assessment of the current and alternative forms of regulation.

Your Committee received written comments on this measure from the Office of Consumer Protection.

Your Committee finds that many employers require a degree from an accredited educational institution as a condition of employment. Furthermore, the United States Department of Education relies upon an institution's accreditation from a recognized accrediting agency to determine eligibility for certain federal funds. Nonetheless, Hawaii is one of a small number of states that does not license, approve, or prohibit unaccredited degree granting institutions. This measure requests an evaluation of proposed regulation in this area.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 119, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1434 Ways and Means on S.C.R. No. 126**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, nonexclusive easement covering a portion of state submerged lands fronting the property identified as tax map key (1) 4-7-014: seaward of 010, Kaalaea, Koolaupoko, Oahu, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee finds that the affected private property owners applied for a term, nonexclusive easement to resolve the encroachment of filled land, a seawall, and a small tile wall into state submerged lands. On November 10, 2011, the Board of Land and Natural Resources authorized the issuance of the easement to the property owners. Your Committee also finds that this measure satisfies the requirements of section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 126 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1435 Ways and Means on S.C.R. No. 133**

The purpose and intent of this measure is to request the Department of Budget and Finance to create a Task Force for Responsible Fiscal Action.

The measure requests that the task force:

- (1) Review the fiscal imbalances of state government, including but not limited to:
  - (A) Analyses of projected state expenditures;
  - (B) Analyses of projected state revenues; and
  - (C) Analyses of the current and long-term actuarial financial condition of state government;
- (2) Identify factors that affect the long-term fiscal imbalances of state government; and
- (3) Analyze potential courses of action to address factors that affect the long-term fiscal imbalance of state government.

Your Committee received testimony in support of this measure from a private individual.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that it would be prudent to take proactive measures to ensure the long-term financial health of the State. Your Committee also finds that the purpose of the task force proposed by this measure would be to plan for the long-term growth and stability of state finances by projecting revenues, expenditures, and the State's actuarial financial condition.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 133 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1436 Ways and Means on S.C.R. No. 170**

The purpose and intent of this measure is to address an apparent disparity in the application of the state general excise tax by directing the Director of Taxation to review section 237-25(c), Hawaii Revised Statutes, to determine if there is any rational basis for the apparent disparity between the application of that provision and other sections of chapter 237, Hawaii Revised Statutes.

Your Committee received testimony in opposition to this measure from the Department of Taxation.

Your Committee finds that sections 237-14, 237-14.5, 237-18, 237-21, 237-23(a)(7), and 237-23(b)(3), Hawaii Revised Statutes, allow taxpayers, under certain circumstances, to segregate, divide, allocate, apportion, or specifically classify gross proceeds so as to

apply different tax rates, or no tax at all, to determine the appropriate amount of general excise tax due. Your Committee also finds that section 237-25(c), Hawaii Revised Statutes states:

Nothing in this section shall be deemed to exempt any person engaging or continuing in a service business or calling from any part of the tax imposed upon the person for such activity, and the person shall not be entitled to deduct any amount for tangible personal property furnished in conjunction therewith even though the person separately bills or otherwise shows the amount of the gross income of the business derived from the furnishing of the property.

Your Committee further finds that section 237-25(c), Hawaii Revised Statutes, appears to contradict the aforementioned sections of chapter 237, Hawaii Revised Statutes. An evaluation by the Director of Taxation of the application of this provision will provide clarity for taxpayers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1437 Agriculture on S.C.R. No. 71**

The purpose and intent of this measure is to support efforts by non-governmental organizations to develop opportunities and solutions with local agricultural producers and value-added food processors to enhance food safety and food security practices in Hawaii.

Your Committee received testimony in support of this measure from Kohala Center, Malama O Puna, East Hawaii Community Development Corporation, and eleven individuals.

Your Committee finds that Hawaii's food safety practices will be enhanced by the FDA Food Safety Modernization Act but that local agricultural producers are struggling to bring their operations into timely compliance with the Act's requirements. Non-governmental organizations such as the East Hawaii Community Development Corporation are providing critical services to the State by assisting local farmers in meeting the new federal requirements for food safety despite limited governmental funds. Your Committee finds that this body should support the efforts of these non-governmental organizations and their significant contribution to the State's food security and sustainability.

Your Committee has amended this measure by:

- (1) Naming 4 Ag Hawaii, Kohala Center, Malama Kauai, Ulupono Initiative, and the Sustainable Living Institute of Maui as additional non-governmental agencies that are assisting local agricultural producers in complying with federal food safety requirements, rather than recognizing the efforts of only the East Hawaii Community Development Corporation;
- (2) Adding the Chairperson of the Kauai, Maui, and Hawaii County Councils and the Chairperson of the Honolulu City Council as additional recipients of certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 71, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 71, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1438 Agriculture on S.R. No. 38**

The purpose and intent of this measure is to support efforts by non-governmental organizations to develop opportunities and solutions with local agricultural producers and value-added food processors to enhance food safety and food security practices in Hawaii.

Your Committee received testimony in support of this measure from Kohala Center, Malama O Puna, East Hawaii Community Development Corporation, and eleven individuals.

Your Committee finds that Hawaii's food safety practices will be enhanced by the FDA Food Safety Modernization Act but that local agricultural producers are struggling to bring their operations into timely compliance with the Act's requirements. Non-governmental organizations such as the East Hawaii Community Development Corporation are providing critical services to the State by assisting local farmers in meeting the new federal requirements for food safety despite limited governmental funds. Your Committee finds that this body should support the efforts of these non-governmental organizations and their significant contribution to the State's food security and sustainability.

Your Committee has amended this measure by:

- (1) Naming 4 Ag Hawaii, Kohala Center, Malama Kauai, Ulupono Initiative, and the Sustainable Living Institute of Maui as additional non-governmental agencies that are assisting local agricultural producers in complying with federal food safety requirements, rather than recognizing the efforts of only the East Hawaii Community Development Corporation;
- (2) Adding the Chairperson of the Kauai, Maui, and Hawaii County Councils and the Chairperson of the Honolulu City Council as additional recipients of certified copies of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 38, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 38, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, English, Kouchi).

**SCRep. 1439 Commerce and Consumer Protection on S.C.R. No. 86**

The purpose and intent of this measure is to urge all health care providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waitlist.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in 2011 there were at least 2,425 people in Hawaii living with HIV or AIDS. Your Committee further finds that most people infected with HIV who use highly active antiretroviral therapy tend to die from end-stage organ disease and organ failure that result from chronic conditions rather than AIDS-associated opportunistic infections. In the event of organ failure, an organ transplant is often an HIV-positive person's only chance of survival.

Your Committee additionally finds that under certain circumstances, HIV-positive patients are good candidates for organ transplantation and have positive post-transplant outcomes, and there is no legitimate reason to deny HIV-positive patients an organ transplant solely due to their HIV status. Accordingly, this measure urges health care providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waiting list.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 86 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1440 Commerce and Consumer Protection on S.R. No. 52**

The purpose and intent of this measure is to urge all health care providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waitlist.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in 2011 there were at least 2,425 people in Hawaii living with HIV or AIDS. Your Committee further finds that most people infected with HIV who use highly active antiretroviral therapy tend to die from end-stage organ disease and organ failure that result from chronic conditions rather than AIDS-associated opportunistic infections. Accordingly, this measure urges health care providers in Hawaii that perform organ transplantation to consider placing HIV-positive patients who need an organ transplant on an organ transplant waiting list.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 52 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Wakai, Slom).

**SCRep. 1441 (Majority) Ways and Means on S.C.R. No. 21**

The purpose and intent of this measure is to provide legislative review of the Board of Land and Natural Resources' approval of a land exchange and sale of property, pursuant to sections 171-50 and 171-64.7, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Kunuiakea family. The Office of Hawaiian Affairs submitted written comments.

At its meeting of June 8, 2012, under agenda item D-11, the Board of Land and Natural Resources approved a land exchange and sale of property pursuant to the stipulated final judgment on title filed on April 12, 1996, and the stipulated judgment on partition filed on April 1, 1997, in *Napoleon, et al., v. State of Hawaii, et al.*, Civ. No. 92-0789, for land located at Kahananui, Molokai, Hawaii, tax map keys: (2) 5-6-06:14; (2) 5-6-06:15; (2) 5-6-03:12; (2) 5-6-03:08; and (2) 5-6-03:10. Your Committee finds that this measure satisfies the requirements of section 171-50, Hawaii Revised Statutes, which provides that any exchange of public land for private land shall be subject to disapproval by the Legislature by two-thirds vote of either the Senate or the House of Representatives, or by majority vote of both chambers. Your Committee further finds that this measure satisfies the requirements of section 171-64.7, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the sale of certain lands in fee simple.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Dela Cruz, Espero, Kahele, Keith-Agaran, Ruderman, Thielen, Tokuda). Noes, 3 (English, Kidani, Slom). Excused, 1 (Kouchi).

**SCRep. 1442 Ways and Means on S.C.R. No. 22**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, nonexclusive easement covering a portion of state submerged lands fronting the property identified as tax map key: (1) 4-7-024: seaward of 022, Kaalaea, Koolaupoko, Oahu.

Your Committee finds that the owner of a seawall at Kaalaea, Koolaupoko, Oahu, requested to resolve the encroachment of the seawall into state submerged lands. At its meeting of September 14, 2012, under agenda item D-15, the Board of Land and Natural Resources approved the grant of a fifty-five-year non-exclusive easement to resolve the encroachment. Your Committee further finds that this measure satisfies the requirements of section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1443 Ways and Means on S.C.R. No. 23**

The purpose and intent of this measure is to authorize, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources to issue a term, nonexclusive easement covering a portion of state submerged lands fronting the property identified as tax map key: (1) 4-4-037: seaward of 033, Kaneohe, Koolaupoko, Oahu.

Your Committee finds that the existing pier, seawall, and landscaped area on the subject property encroach into state submerged lands. On July 27, 2012, under agenda item D-6, the Board of Land and Natural Resources approved the grant of a fifty-five-year nonexclusive easement to resolve the encroachment. Your Committee further finds that this measure complies with section 171-53, Hawaii Revised Statutes, requiring legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1444 Ways and Means on S.C.R. No. 27**

The purpose and intent of this measure is to request the Department of Education to meet with interested parties to examine the feasibility of establishing a boxing pilot program in at least one of Hawaii's public high schools.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that while boxing provides valuable skills that can be used throughout life, such as self-defense and sportsmanship, young adults in Hawaii can currently participate in boxing only through the use of private boxing gyms and facilities, which can be costly.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 27 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1445 Ways and Means on S.R. No. 8**

The purpose and intent of this measure is to request the Department of Education to meet with interested parties to examine the feasibility of establishing a boxing pilot program in at least one of Hawaii's public high schools.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that while boxing provides valuable skills that can be used throughout life, such as self-defense, young adults in Hawaii can currently participate in boxing only through the use of private boxing gyms and facilities, which can be costly.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1446 Ways and Means on S.C.R. No. 34**

The purpose and intent of this measure is to request studies relating to the research of issues arising from the potential implementation of a genetically modified organism (GMO) labeling or right-to-know regimen.

Your Committee received written comments in support of this measure from one concerned individual.

Your Committee received written comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the issue of labeling products that contain a GMO has garnered debate around the country, including Hawaii. The two most common means for informing consumers whether a certain product contains a GMO is by placing a label on the product or requiring the producer to register the product with a state agency in an accessible online database, known as a right-to-know

regimen. Your Committee further finds that prior to implementing a GMO labeling or registration requirement or maintaining the status quo, the Legislature needs more information on the issue. To this end, this measure requests certain entities to research and report to the Legislature on various issues relating to the potential implementation of a GMO labeling or right-to-know regimen, including:

- (1) Establishment of an economic model and a study of economic impacts on consumers, the local agricultural industry, and the State's 2050 sustainability goals, by the University of Hawaii Economic Research Organization;
- (2) Examination of the practicability of implementing either regimen, including ease of enforcement and potential effects on 2050 sustainability goals, by the Department of Agriculture, in collaboration with the Departments of Health and Business, Economic Development, and Tourism;
- (3) Details on the costs of implementation, including additional personnel requirements and any necessary changes to departmental processes or procedures, by the University of Hawaii College of Tropical Agriculture and Human Resources, with the assistance of the Department of Agriculture;
- (4) Analysis of peer reviewed literature and studies regarding the long-term safety of GMO crops grown in Hawaii and information on farming practices in Hawaii by the University of Hawaii College of Tropical Agriculture and Human Resources; and
- (5) Copies of legislation adopted by, or bills or ordinances under consideration by, other state legislatures over the past three years that address GMO labeling, and the outcomes of such bills, by the Legislative Reference Bureau.

Your Committee has amended this measure by specifying that the Legislative Reference Bureau is requested to research only state level legislation, to the extent available.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 34, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1447 Ways and Means on S.C.R. No. 37**

The purpose and intent of this measure is to request the Public Utilities Commission to consider the issue of the retirement of old, oil-fired generation plants by electric utilities.

More specifically, this measure requests the Public Utilities Commission to consider:

- (1) Whether stranded costs are a significant factor in the failure by electric utilities to retire their old, oil-fired generation plants; and
- (2) Any appropriate measures that would encourage electric utilities to retire their old, oil-fired generation plants and the potential impact that this would have on ratepayers.

Your Committee received written comments on this measure from the Public Utilities Commission.

Your Committee finds that the State must find environmentally friendly alternatives to fossil fuel electric power generation. However, the early retirement of a power plant for the purpose of switching the power source from fossil fuels to renewable fuels potentially creates a stranded cost for electric utilities, which is a cost that usually cannot be recouped.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 37, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1448 Ways and Means on S.C.R. No. 49**

The purpose and intent of this measure is to support family-school partnerships in education.

More specifically, this measure requests the Board of Education and the Department of Education to:

- (1) Continue to collaborate with family and community organizations to establish, implement, and monitor statewide policy recommendations for family engagement in public schools;
- (2) Take the actions necessary to fulfill the legislative intent of Senate Concurrent Resolution No. 145, Regular Session of 2011, and Senate Concurrent Resolution No. 79, Regular Session of 2012; and
- (3) Report their findings and recommendations regarding the facilitation of family-school partnerships, including any proposed legislation and the status of the actions taken to fulfill the legislative intent of Senate Concurrent Resolution No. 145 and Senate Concurrent Resolution No. 79, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from the Department of Education and the State Council on Developmental Disabilities.

Your Committee finds that family-school partnerships in public education can help create policies, strategies, and practices that support learning and improve student achievement. Your Committee also finds that the Department of Education, in collaboration with

a working group comprised of family and community organizations, completed numerous actions in preparation for updating and implementing statewide policies for family-school partnerships. This measure will enable the Department and the working group to continue their work and fulfill the legislative intent of Senate Concurrent Resolution No. 145 (2011) and Senate Concurrent Resolution No. 79 (2012).

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 49 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1449 Ways and Means on S.R. No. 26**

The purpose and intent of this measure is to support family-school partnerships in education.

More specifically, this measure requests the Board of Education and the Department of Education to:

- (1) Continue to collaborate with family and community organizations to establish, implement, and monitor statewide policy recommendations for family engagement in public schools;
- (2) Take the actions necessary to fulfill the legislative intent of Senate Concurrent Resolution No. 145, Regular Session of 2011, and Senate Concurrent Resolution No. 79, Regular Session of 2012; and
- (3) Report their findings and recommendations regarding the facilitation of family-school partnerships, including any proposed legislation and the status of the actions taken to fulfill the legislative intent of Senate Concurrent Resolution No. 145 and Senate Concurrent Resolution No. 79, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from the Department of Education and the State Council on Developmental Disabilities.

Your Committee finds that family-school partnerships in public education can help create policies, strategies, and practices that support learning and improve student achievement. Your Committee also finds that the Department of Education, in collaboration with a working group comprised of family and community organizations, completed numerous actions in preparation for updating and implementing statewide policies for family-school partnerships. This measure will enable the Department and the working group to continue their work and fulfill the legislative intent of Senate Concurrent Resolution No. 145 (2011) and Senate Concurrent Resolution No. 79 (2012).

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 26 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1450 Ways and Means on S.C.R. No. 57**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers in Hawaii to provide coverage for therapy and services relating to treating traumatic brain injuries.

Your Committee finds that survivors of traumatic brain injuries face a long rehabilitation process, including therapies and services that may not be covered by health insurance. Senate Bill No. 1227, requiring health insurers in the State to cover therapies and services relating to traumatic brain injuries, was introduced during the 2013 Regular Session. Your Committee finds that this Concurrent Resolution, requiring the Auditor to assess the social and financial impacts of the proposed coverage mandate, meets the requirements of sections 23-51 and 23-52, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 57, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1451 Ways and Means on S.C.R. No. 74**

The purpose and intent of this measure is to address the rapid spread of Albizia trees in the State.

Specifically, this measure:

- (1) Urges the Invasive Species Council to:
  - (A) Develop and implement a comprehensive interagency plan for the control and eradication of Albizia throughout the State, starting with the island of Hawaii; and
  - (B) Find partners to utilize the Albizia trees that are removed; and
- (2) Urges the Department of Agriculture to investigate biocontrol agents for the control of Albizia.

Your Committee received written comments in support of this measure from the Hawaii Electric Light Company and three private individuals.

Your Committee finds that the Albizia tree is native to the South Pacific and was introduced to Hawaii in 1917. Albizia is a fast growing tree with shallow roots, brittle wood, and a weak structure. Your Committee also finds that, due to its rapid growth rate and soil-altering roots and foliage, Albizia poses a threat to lowland native forests. Falling Albizia trees and branches pose a safety hazard to homeowners and motorists. Albizia trees have also damaged overhead and underground utilities. Your Committee further finds that Albizia has proliferated on the island of Hawaii to the point where it has become a significant problem.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 74, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1452 Ways and Means on S.R. No. 41**

The purpose and intent of this measure is to address the rapid spread of Albizia trees in the State.

Specifically, this measure:

- (1) Urges the Invasive Species Council to:
  - (A) Develop and implement a comprehensive interagency plan for the control and eradication of Albizia throughout the State, starting with the island of Hawaii; and
  - (B) Find partners to utilize the Albizia trees that are removed; and
- (2) Urges the Department of Agriculture to investigate biocontrol agents for the control of Albizia.

Your Committee received written comments in support of this measure from the Hawaii Electric Light Company.

Your Committee finds that the Albizia tree is native to the South Pacific and was introduced to Hawaii in 1917. Albizia is a fast growing tree with shallow roots, brittle wood, and a weak structure. Your Committee also finds that, due to its rapid growth rate and soil-altering roots and foliage, Albizia poses a threat to lowland native forests. Falling Albizia trees and branches pose a safety hazard to homeowners and motorists. Albizia trees have also damaged overhead and underground utilities. Your Committee further finds that Albizia has proliferated on the island of Hawaii to the point where it has become a significant problem.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 41, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1453 Ways and Means on S.C.R. No. 76**

The purpose and intent of this measure is to encourage policies that allow home schooled students to participate in public school extracurricular activities.

More specifically, this measure requests the Board of Education to:

- (1) Research state models and best practices for home schooled students to participate in public school extracurricular activities and sports;
- (2) Explore the implementation of a program for home schooled students to participate in public school extracurricular activities and sports; and
- (3) Report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014, including any policies developed or implemented by the Board of Education that allow home schooled students to participate in public school extracurricular activities and sports and any proposed legislation.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that, currently, the Board of Education does not have a policy allowing home schooled students to participate in extracurricular activities or sports at public schools in the State. Your Committee believes that home schooled students would benefit from participating in these activities and should have the same opportunity to participate in the same manner as their public school counterparts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1454 Ways and Means on S.R. No. 43**

The purpose and intent of this measure is to encourage policies that allow home schooled students to participate in public school extracurricular activities.

More specifically, this measure requests the Board of Education to:

- (1) Research state models and best practices for home schooled students to participate in public school extracurricular activities and sports;

- (2) Explore the implementation of a program for home schooled students to participate in public school extracurricular activities and sports; and
- (3) Report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014, including any policies developed or implemented by the Board of Education that allow home schooled students to participate in public school extracurricular activities and sports and any proposed legislation.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that, currently, the Board of Education does not have a policy allowing home schooled students to participate in extracurricular activities or sports at public schools in the State. Your Committee believes that home schooled students would benefit from participating in these activities and should have the same opportunity to participate in the same manner as their public school counterparts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 43 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1455 Ways and Means on S.R. No. 145**

The purpose and intent of this measure is to request the Board of Education to review its policies on acreage guidelines for schools in light of the State's effort to renovate and build new public schools that meet twenty-first century standards.

This measure also requests the Department of Education to submit a report to the Legislature on whether the acreage guidelines of Board of Education policy 6701 and any definitions included in section 302A-1602, Hawaii Revised Statutes, should be amended to accommodate the renovation and construction of public schools for the twenty-first century.

The Department of Education submitted written comments on the measure.

Your Committee finds that review of Board of Education Policy 6701 and section 302A-1602, Hawaii Revised Statutes, and a report to the Legislature are important steps in fulfilling the State's Twenty-First Century Schools initiative to upgrade existing schools and build new schools where appropriate.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 145 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1456 Ways and Means on S.C.R. No. 190**

The purpose and intent of this measure is to request the Board of Education to review its policies on acreage guidelines for schools in light of the State's effort to renovate and build new public schools that meet twenty-first century standards.

This measure also requests the Department of Education to submit a report to the Legislature on whether the acreage guidelines of Board of Education policy 6701 and any definitions included in section 302A-1602, Hawaii Revised Statutes, should be amended to accommodate the renovation and construction of public schools for the twenty-first century.

The Department of Education submitted written comments on the measure.

Your Committee finds that review of Board of Education Policy 6701 and section 302A-1602, Hawaii Revised Statutes, and a report to the Legislature are important steps in fulfilling the State's Twenty-First Century Schools initiative to upgrade existing schools and build new schools where appropriate.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 190 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1457 Ways and Means on S.R. No. 126**

The purpose and intent of this measure is encourage federal funding for educational services to migrants from the Compact of Free Association nations.

Your Committee finds that students from the Compact of Free Association nations frequently need specialized language services that require more resources than traditional public school students to supplement their education. Your Committee also finds that additional federal support is necessary to meet the increasing costs and demand for educational services for migrant students from the Compact of Free Association nations.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 126 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1458 Ways and Means on S.C.R. No. 169**

The purpose and intent of this measure is encourage federal funding for educational services to migrants from the Compact of Free Association nations.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that students from the Compact of Free Association nations frequently need specialized language services that require more resources than traditional public school students to supplement their education. Your Committee also finds that additional federal support is necessary to meet the increasing costs and demand for educational services for migrant students from the Compact of Free Association nations.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 169 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1459 Ways and Means on S.C.R. No. 168**

The purpose of this measure is to find ways to accommodate certain outdoor activities on public land without placing government entities at undue risk of being held liable for any resulting injuries or damages.

Specifically, this measure urges the Department of Land and Natural Resources, in consultation with the Department of the Attorney General, to explore various options to address government liability for injury or damage sustained while mountain climbing, rock climbing, rappelling, or bouldering on public land.

Your Committee finds that mountain climbing, rock climbing, rappelling, bouldering, and related outdoor activities include inherent dangers that place government entities at continuous risk of legal liability for injuries or damages occurring on public land. Your Committee further finds that given the millions of acres of public land and limited government resources, it would be impracticable for the State to erect fences, post signs, or limit access to all of the potential remote and unmanaged areas that the public may use for climbing activities. This measure urges an evaluation of various options to manage government liability without resorting to site closures that would limit or prevent public access.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 168, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Keith-Agaran). Noes, none. Excused, none.

**SCRep. 1460 Ways and Means on S.R. No. 125**

The purpose of this measure is to find ways to accommodate certain outdoor activities on public land without placing government entities at undue risk of being held liable for any resulting injuries or damages.

Specifically, this measure urges the Department of Land and Natural Resources, in consultation with the Department of the Attorney General, to explore various options to address government liability for injury or damage sustained while mountain climbing, rock climbing, rappelling, or bouldering on public land.

Your Committee finds that mountain climbing, rock climbing, rappelling, bouldering, and related outdoor activities include inherent dangers that place government entities at continuous risk of legal liability for injuries or damages occurring on public land. Your Committee further finds that given the millions of acres of public land and limited government resources, it would be impracticable for the State to erect fences, post signs, or limit access to all of the potential remote and unmanaged areas that the public may use for climbing activities. This measure urges an evaluation of various options to manage government liability without resorting to site closures that would limit or prevent public access.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 125, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Keith-Agaran). Noes, none. Excused, none.

**SCRep. 1461 Ways and Means on S.C.R. No. 182**

The purpose and intent of this measure is to express support for the expected enhanced trade and investment opportunities following finalization and implementation of the regional free-trade agreement known as the Trans-Pacific Partnership.

This measure also encourages Hawaii's congressional delegation and others to support negotiations to finalize the agreement.

Your Committee finds that the proposed Trans-Pacific Partnership regional free trade agreement, currently being negotiated among the United States, Australia, Brunei, Canada, Chile, Malaysia, Mexico, New Zealand, Peru, Singapore, and Vietnam, will create jobs and promote job retention in Hawaii while increasing exports to the Pacific Rim region.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 182, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1462 Ways and Means on S.R. No. 138**

The purpose and intent of this measure is to express support for the expected enhanced trade and investment opportunities following finalization and implementation of the regional free-trade agreement known as the Trans-Pacific Partnership.

This measure also encourages Hawaii's congressional delegation and others to support negotiations to finalize the agreement.

Your Committee finds that the proposed Trans-Pacific Partnership regional free trade agreement, currently being negotiated among the United States, Australia, Brunei, Canada, Chile, Malaysia, Mexico, New Zealand, Peru, Singapore, and Vietnam, will create jobs and promote job retention in Hawaii while increasing exports to the Pacific Rim region.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 138, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1463 Ways and Means on S.R. No. 77**

The purpose and intent of this measure is to support the coordination of a statewide system of aging and caregiver support services in the State.

More specifically, this measure requests the Executive Office on Aging to:

- (1) Continue its research on timebanking as a sustainable and alternative currency system that will enhance and strengthen Hawaii's respite system; and
- (2) Submit a report on its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from the Executive Office on Aging.

Your Committee finds that alternative forms of currency to support increasing community needs for respite care services may improve many identified service gaps. Accordingly, your Committee finds that timebanking may offer a more sustainable provision of social services and that further research and investigation is needed to determine its viability.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 77 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1464 Ways and Means on S.C.R. No. 10**

The purpose and intent of this measure is to urge Hawaii's congressional delegation to seek matching federal funds for state appropriations honoring the late Senator Daniel K. Inouye and late Representative Patsy T. Mink through public works of art.

Your Committee finds that commissioning works of art to honor the legacy and contributions of the late Senator Inouye and late Representative Mink will perpetuate their legacies and inspire future generations. Urging Hawaii's congressional delegation to procure matching federal funds will help fund the expected high cost of commissioning the works of art, including the creation of permanent sculptures.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1465 Ways and Means on S.C.R. No. 26**

The purpose of this measure is to help criminal offenders transition back into the community after incarceration.

Specifically, this measure encourages the expansion and use of structured community placement programs to transition formerly incarcerated female inmates back into society, including continuance of the program administered by the Department of Public Safety.

Your Committee received written comments in support of this measure from the Community Alliance on Prisons.

Your Committee finds that community-based programs for former criminal offenders promote rehabilitation by helping individuals break the cycle of substance abuse, crime, and incarceration. Structured community placement programs offer a more integrated and seamless re-socialization and community reentry process for formerly incarcerated females adjusting to independent living and reunification with their families.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1466 Ways and Means on S.C.R. No. 69**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, nonexclusive easement covering a portion of state submerged lands fronting the property identified as tax map key: (2) 4-6-028:001 at Puamana, Lahaina, Maui.

Your Committee finds that portions of the seawall structures, the concrete groin, and revetment footings of the subject property encroach into state submerged land. On October 26, 2012, under agenda item D-6, the Board of Land and Natural Resources granted approval for a fifty-five year term, nonexclusive easement to resolve the encroachment. Your Committee further finds that this measure satisfies section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 69 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1467 Ways and Means on S.C.R. No. 78**

The purpose of this measure is to pursue solutions to improve the oversight, accountability, and transparency of the administration of the University of Hawaii System.

Specifically, this measure requests the Legislative Auditor to address the issues and concerns raised by the Senate Special Committee on Accountability relating to the University of Hawaii in 2012.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that in 2012, a Senate Special Committee on Accountability was appointed to review the oversight, accountability, and transparency of the operational and financial management of the University of Hawaii System. Subsequently, the Special Committee issued its findings and recommendations in Senate Special Committee Report No. 2, 2012, including various issues and concerns relating to the fiscal and operational administration of the University; the role and activities of the Board of Regents; and the University's procurement practices. This measure provides a vehicle for the Special Committee's recommendation that the Legislative Auditor be requested to conduct a financial and management audit of the University of Hawaii System to specifically address the issues and concerns raised in the report.

Your Committee has amended this measure by specifying that the Legislative Auditor is requested to address the issues and concerns raised in Senate Special Committee Report No. 2, 2012.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 78, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 78, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1468 Ways and Means on S.C.R. No. 105**

The purpose and intent of this measure is to authorize, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources to issue a fifty-five-year nonexclusive easement covering a portion of state submerged lands located in Makaha, Waianae, Oahu.

Your Committee finds that the subject property includes a seawall that encroaches into state submerged lands. The Board of Land and Natural Resources has agreed to resolve the encroachment by approving a fifty-five-year easement that would allow the property owner to use, maintain, repair, replace, and remove the seawall. Your Committee finds that this measure satisfies section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 105 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1469 Ways and Means on S.C.R. No. 160**

The purpose and intent of this measure is to urge the Office of Planning to establish a working group to determine which parcels of land under the ownership of the State or the City and County of Honolulu are appropriate for exchange for purposes of facilitating the completion of specific missions of the State and the County, respectively.

Your Committee received written comments on this measure from the Office of Planning and the Department of Planning and Permitting for the City and County of Honolulu.

Your Committee finds that the State owns parcels of land that the City and County of Honolulu may desire to obtain due to the parcels' proximity to several planned rail transit station centers. Similarly, the City and County of Honolulu owns land that the State may desire to obtain for the purposes of building or redeveloping public schools as part of the States Twenty-First Century School Initiative. Establishing a working group to determine appropriate parcels of land for exchange will assist the State and the County in establishing an appropriate exchange that will benefit the people of Oahu.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 160, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1470 Ways and Means on S.R. No. 117**

The purpose and intent of this measure is to urge the Office of Planning to establish a working group to determine which parcels of land under the ownership of the State or the City and County of Honolulu are appropriate for exchange for purposes of facilitating the completion of specific missions of the State and the County, respectively.

Your Committee received written comments on this measure from the Office of Planning and the Department of Planning and Permitting for the City and County of Honolulu.

Your Committee finds that the State owns parcels of land that the City and County of Honolulu may desire to obtain due to the parcels' proximity to several planned rail transit station centers. Similarly, the City and County of Honolulu owns land that the State may desire to obtain for the purposes of building or redeveloping public schools as part of the States Twenty-First Century School Initiative. Establishing a working group to determine appropriate parcels of land for exchange will assist the State and the County in establishing an appropriate exchange that will benefit the people of Oahu.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 117, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1471 Ways and Means on S.C.R. No. 200**

The purpose and intent of this measure is to urge the President and the United States Congress to reach an agreement on an appropriations bill to mitigate any negative impacts on the military and the federal Department of Defense civilian population in Hawaii and across the nation.

Your Committee finds that the military's influence on Hawaii's economy is profound, second only to the influence of tourism. Absent a federal appropriations bill, the current fiscal crisis resulting from the recent federal budget cuts under the Budget Control Act of 2011, also known as sequestration, threatens to severely impact the State, causing job losses, furloughs, and decreased investment and economic activity. Your Committee believes this measure appropriately encourages agreement on an appropriations bill to avoid the harsh effects of sequestration in the State and across the nation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 200 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1472 Ways and Means on S.C.R. No. 115**

The purpose and intent of this measure is to request the Hawaii Paroling Authority to thoroughly consider granting parole to individuals serving sentences for Class A, B, and C felonies before the expiration of their maximum term.

Your Committee received written comments in support of this measure from Community Alliance on Prisons.

Your Committee finds that the recidivism rate for inmates who serve their maximum term and are released without supervision is significantly higher than the recidivism rate for inmates who are placed on parole. Your Committee finds that the intent of this measure is to reduce recidivism by affording inmates a supervised transition, rather than simply being released from prison directly into the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 115 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1473 Ways and Means on S.R. No. 79**

The purpose and intent of this measure is to request the Hawaii Paroling Authority to thoroughly consider granting parole to individuals serving sentences for Class A, B, and C felonies before the expiration of their maximum term.

Your Committee received written comments in support of this measure from Community Alliance on Prisons.

Your Committee finds that the recidivism rate for inmates who serve their maximum term and are released without supervision is significantly higher than the recidivism rate for inmates who are placed on parole. Your Committee finds that the intent of this measure is to reduce recidivism by affording inmates a supervised transition, rather than simply being released from prison directly into the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 79 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1474 Ways and Means on S.C.R. No. 172**

The purpose and intent of this measure is to urge the County of Hawaii to continue negotiations with the private lessee of state land identified as tax map key: 6-6-001: 010, to mutually cancel the lease or, alternatively, to obtain a public easement in favor of the County to allow the County to proceed with its plans for the Waimea Trails and Greenways trailhead and county park.

Your Committee finds that Waimea Trails and Greenways and the County of Hawaii seek to acquire the subject property, as the acquisition would allow the first phase of the Waimea Trails and Greenways Project to connect to Kawaihae Road at two places. Further, the subject property is currently under lease to a private party who has indicated that it would be willing to exchange the property for another parcel. Your Committee believes that the acquisition of the subject property would provide an alternative mode of transportation through the town of Waimea, a safe place for recreation and exercise, and easy access and enjoyment of public lands and resources.

Your Committee has amended this measure by requesting the Department of Land and Natural Resources to require the County of Hawaii to indemnify the State for any costs incurred in canceling the lease.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 172, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 172, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1475 Ways and Means on S.R. No. 129**

The purpose and intent of this measure is to urge the County of Hawaii to continue negotiations with the private lessee of state land identified as tax map key: 6-6-001: 010, to mutually cancel the lease or, alternatively, to obtain a public easement in favor of the County to allow the County to proceed with its plans for the Waimea Trails and Greenways trailhead and county park.

Your Committee finds that Waimea Trails and Greenways and the County of Hawaii seek to acquire the subject property, as the acquisition would allow the first phase of the Waimea Trails and Greenways Project to connect to Kawaihae Road at two places. Further, the subject property is currently under lease to a private party who has indicated that it would be willing to exchange the property for another parcel. Your Committee believes that the acquisition of the subject property would provide an alternative mode of transportation through the town of Waimea, a safe place for recreation and exercise, and easy access and enjoyment of public lands and resources.

Your Committee has amended this measure by requesting the Department of Land and Natural Resources to require the County of Hawaii to indemnify the State for any costs incurred in canceling the lease.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 129, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 129, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1476 Ways and Means on S.C.R. No. 141**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to display all works of art in its collection and to place photographs and information of the works of art on the Internet.

Your Committee finds that approximately one quarter of the works of art owned by the State are not displayed. Your Committee also finds that some members of the public may have difficulty accessing the displayed works of art, finding information on the works of art, or ascertaining a particular work of art's current location. Your Committee believes that urging the State Foundation on Culture and the Arts to display all works of art, including by placement on the Internet, will help to fulfill the purpose of the State's purchase of art pieces by allowing more people to access the State's art collection.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 141 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1477 Ways and Means on S.R. No. 102**

The purpose and intent of this measure is to request the State Foundation on Culture and the Arts to display all works of art in its collection and to place photographs and information of the works of art on the Internet.

Your Committee finds that approximately one quarter of the works of art owned by the State are not displayed. Your Committee also finds that some members of the public may have difficulty accessing the displayed works of art, finding information on the works of art, or ascertaining a particular work of art's current location. Your Committee believes that urging the State Foundation on Culture and the Arts to display all works of art, including by placement on the Internet, will help to fulfill the purpose of the State's purchase of art pieces by allowing more people to access the State's art collection.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 102 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Sлом). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1478 Ways and Means on S.C.R. No. 194**

The purpose and intent of this measure is to encourage the establishment of a public playground that is accessible for visually-impaired children.

Your Committee finds that for visually-impaired children to play safely, playground design accommodations are necessary for their specific needs. Your Committee finds that a playground that is accessible for visually-impaired children encourages and enables these children to interact and develop social relationships with their peers in a safe, fun, and developmentally enriching environment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 194, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1479 Ways and Means on S.R. No. 148**

The purpose and intent of this measure is to encourage the establishment of a public playground that is accessible for visually-impaired children.

Your Committee finds that for visually-impaired children to play safely, playground design accommodations are necessary for their specific needs. Your Committee finds that a playground that is accessible for visually-impaired children encourages and enables these children to interact and develop social relationships with their peers in a safe, fun, and developmentally enriching environment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 148, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1480 (Majority) Ways and Means on S.C.R. No. 195**

The purpose and intent of this measure is to support the commercial space industry in Hawaii.

Specifically, this measure:

- (1) Recognizes commercial space transportation as a strategic and timely growth industry for Hawaii;
- (2) Requests the State to take actions so that Hawaii may fully benefit from space launch operations and related aerospace enterprises; and
- (3) Requests the State to conduct its aerospace efforts in a manner that is responsive to local, environmental, community, and cultural concerns.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and seven individuals.

Your Committee finds that space launch operations and related aerospace enterprises are a timely growth industry for Hawaii. Commercial space launch operations in Hawaii will create high-paying jobs, diversify the economy, and enhance existing technology-based industries. Accordingly, your Committee believes that the State should promote and advance the development of this industry in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 195 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Ruderman). Excused, 1 (Kouchi).

**SCRep. 1481 (Majority) Ways and Means on S.R. No. 149**

The purpose and intent of this measure is to support the commercial space industry in Hawaii.

Specifically, this measure:

- (1) Recognizes commercial space transportation as a strategic and timely growth industry for Hawaii;
- (2) Requests the State to take actions so that Hawaii may fully benefit from space launch operations and related aerospace enterprises; and
- (3) Requests the State to conduct its aerospace efforts in a manner that is responsive to local, environmental, community, and cultural concerns.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and seven individuals.

Your Committee finds that space launch operations and related aerospace enterprises are a timely growth industry for Hawaii. Commercial space launch operations in Hawaii will create high-paying jobs, diversify the economy, and enhance existing technology-based industries. Accordingly, your Committee believes that the State should promote and advance the development of this industry in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 149 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Ruderman). Excused, 1 (Kouchi).

**SCRep. 1482 Ways and Means on S.C.R. No. 159**

The purpose and intent of this measure is to request the Insurance Commissioner to convene a working group to explore the use of electronic transmission of insurance notices and documents.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and State Farm Mutual Automobile Insurance Company.

Your Committee finds that while Hawaii has adopted the model Uniform Electronic Transactions Act, the act does not apply to insurance documents and notices, even though consumers have indicated a preference to obtain notices and documents by electronic means.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1483 Ways and Means on S.R. No. 116**

The purpose and intent of this measure is to request the Insurance Commissioner to convene a working group to explore the use of electronic transmission of insurance notices and documents.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and State Farm Mutual Automobile Insurance Company.

Your Committee finds that while Hawaii has adopted the model Uniform Electronic Transactions Act, the act does not apply to insurance documents and notices, even though consumers have indicated a preference to obtain notices and documents by electronic means.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 116, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1484 Ways and Means on S.C.R. No. 198**

The purpose and intent of this measure is to request that steps be taken to establish a higher education learning center in Puna.

The measure requests:

- (1) The University of Hawaii at Hilo to:
  - (A) Work with the United States Pacific Basin Agricultural Research Center in establishing a higher education learning center in Puna;
  - (B) Establish an outreach program; and
  - (C) Perform a needs assessment for the higher education learning center; and
- (2) The Department of Agriculture to support and assist the University of Hawaii at Hilo in establishing a higher education learning center in Puna.

Your Committee received written comments in support of this measure from three individuals.

Your Committee finds that rural areas in the State are in need of higher education learning centers to help improve employment and entrepreneurial activities in those areas. Your Committee also finds that the district of Puna on the island of Hawaii is a prime location for establishing a higher education learning center. Such a center could identify educational and training needs in the district, design a business incubator approach to support job growth in the area, and focus on outreach to increase agriculture production and processed products for local markets utilizing emerging engineering programs. Your Committee believes that, if successful, the higher education learning center in Puna could serve as a model for other rural areas in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 198 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1485 Ways and Means on S.R. No. 150**

The purpose and intent of this measure is to request that steps be taken to establish a higher education learning center in Puna.

The measure requests:

- (1) The University of Hawaii at Hilo to:

- (A) Work with the United States Pacific Basin Agricultural Research Center in establishing a higher education learning center in Puna;
  - (B) Establish an outreach program; and
  - (C) Perform a needs assessment for the higher education learning center; and
- (2) The Department of Agriculture to support and assist the University of Hawaii at Hilo in establishing a higher education learning center in Puna.

Your Committee received written comments in support of this measure from three individuals.

Your Committee finds that rural areas in the State are in need of higher education learning centers to help improve employment and entrepreneurial activities in those areas. Your Committee also finds that the district of Puna on the island of Hawaii is a prime location for establishing a higher education learning center. Such a center could identify educational and training needs in the district, design a business incubator approach to support job growth in the area, and focus on outreach to increase agriculture production and processed products for local markets utilizing emerging engineering programs. Your Committee believes that, if successful, the higher education learning center in Puna could serve as a model for other rural areas in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 150 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1486 Ways and Means on S.C.R. No. 110**

The purpose and intent of this measure is to promote employment of local residents and reduce the costs of recruitment for certain job openings at the University of Hawaii.

More specifically, this measure requests the Board of Regents and the President of the University of Hawaii to give preference to local candidates when hiring for executive personnel positions at the University of Hawaii.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that the University of Hawaii has a history of hiring candidates who reside out of state to fill executive positions within the University. Recently, the University hired a search firm for a fee of up to \$90,000 to find a new Athletic Director. Your Committee further finds that there may be qualified and talented individuals who reside within or have strong ties to the State and could fill executive positions but have been overlooked by the University because of its penchant for hiring individuals from out of state.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1487 Ways and Means on S.R. No. 76**

The purpose and intent of this measure is to promote employment of local residents and reduce the costs of recruitment for certain job openings at the University of Hawaii.

More specifically, this measure requests the Board of Regents and the President of the University of Hawaii to give preference to local candidates when hiring for executive personnel positions at the University of Hawaii.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that the University of Hawaii has a history of hiring candidates who reside out of state to fill executive positions within the University. Recently, the University hired a search firm for a fee of up to \$90,000 to find a new Athletic Director. Your Committee further finds that there may be qualified and talented individuals who reside within or have strong ties to the State and could fill executive positions but have been overlooked by the University because of its penchant for hiring individuals from out of state.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 76, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1488 Ways and Means on S.C.R. No. 191**

The purpose and intent of this measure is to request the Board of Education, in consultation with the State Librarian, to explore the feasibility of activating a statewide library advisory commission.

This measure also requests the Board of Education to report its findings, recommendations, and proposed legislation, if any, to the Legislature prior to the convening of the 2014 Regular Session.

Your Committee finds that a statewide library advisory commission could increase and diversify usage of library facilities. Requesting the Board of Education to study and report on the feasibility of establishing a statewide library advisory commission would provide the Legislature with information necessary to determine whether to establish such a commission.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 191 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1489 Ways and Means on S.R. No. 146**

The purpose and intent of this measure is to request the Board of Education, in consultation with the State Librarian, to explore the feasibility of activating a statewide library advisory commission.

This measure also requests the Board of Education to report its findings, recommendations, and proposed legislation, if any, to the Legislature prior to the convening of the 2014 Regular Session.

Your Committee finds that a statewide library advisory commission could increase and diversify usage of library facilities. Requesting the Board of Education to study and report on the feasibility of establishing a statewide library advisory commission would provide the Legislature with information necessary to determine whether to establish such a commission.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 146 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1490 Ways and Means on S.C.R. No. 67**

The purpose and intent of this measure is to help offenders make a seamless transition from incarceration to a successful reentry into the general population.

More specifically, this measure encourages the Department of Public Safety to seriously consider the establishment and implementation of a stand-alone reentry center in Honolulu for recovering low-risk criminal offenders, which may include residential and day-reporting program options.

Your Committee received written comments in support of this measure from the Community Alliance on Prisons.

Your Committee finds that reentry centers house offenders in transitional environments while they learn to reengage with the community, find employment, and become familiar with the social services that will allow them to establish law abiding and productive lifestyles. Further, reentry centers reduce the recidivism rate and are significantly more cost-effective than hard bed incarceration.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1491 Ways and Means on S.R. No. 35**

The purpose and intent of this measure is to help persons seamlessly transition from incarceration to the general population.

More specifically, this measure encourages the Department of Public Safety to seriously consider the establishment and implementation of a stand-alone reentry center in Honolulu for recovering low-risk criminal offenders, which may include residential and day-reporting program options.

Your Committee received written comments in support of this measure from the Community Alliance on Prisons.

Your Committee finds that reentry centers house offenders in transitional environments while they learn to reengage with the community, find employment, and become familiar with the social services that will allow them to regain law-abiding and productive lifestyles. Further, reentry centers reduce the recidivism rate and are significantly more cost-effective than traditional incarceration.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 35, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1492 Ways and Means on S.C.R. No. 15**

The purpose and intent of this measure is to encourage healthy eating.

More specifically, this measure:

- (1) Requests the State to create and encourage providing nutrition guidelines for all food sold or provided on state government property, sold by vending machines or on-site vendors, or purchased and made available by government agencies for their guests at meetings;
- (2) Requests the Department of Health to establish the State Nutrition Guidelines Work Group to:

- (A) Draft model food guidelines for all state agencies;
- (B) Create a toolkit for implementing the nutrition guidelines;
- (C) Develop recommendations for implementing the guidelines in all state agencies; and
- (D) Report its findings to the 2015 Legislature.

Your Committee received written comments in support of this measure from the Department of Health and Hawaii Pacific Health.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that obesity causes higher medical costs and a lower quality of life. In Hawaii, adult obesity has doubled between 1995 and 2009, and childhood obesity has increased by thirty-eight percent between 1999 and 2009. Healthy eating is critical to reducing obesity, and the availability of healthy food choices increases people's ability to maintain a healthy weight. Your Committee also finds that the development and adoption of nutrition guidelines for state agencies would facilitate the promotion of healthy foods served at government-run facilities and functions and encourage a work environment that supports a healthy and productive workforce.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1493 Ways and Means on S.C.R. No. 18**

The purpose and intent of this measure is to urge government, non-profit, and private health care organizations to collaborate on improving the provision of obesity-related services and counseling by health care providers, as mandated under Patient Protection and Affordable Care Act guidelines.

Specifically, the measure requests the Department of Health to establish an Obesity Prevention Healthcare Reimbursement Task Force to:

- (1) Assess gaps in health care providers' ability to prevent and provide treatment for obesity-related services and counseling;
- (2) Investigate providers' reimbursement options for the provision of these services;
- (3) Educate providers about these reimbursement options;
- (4) Encourage providers' utilization of reimbursement options; and
- (5) Research how other states are implementing obesity prevention reimbursement practices.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs, Department of Health, and Hawaii Pacific Health.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that obesity is a major health and economic concern for Hawaii, which results in higher medical costs and lower quality of life. Your Committee also finds that, in 2009, over \$470,000,000 was spent on obesity-related medical expenditures in Hawaii. Unless obesity prevention and treatment services are easily accessible, such expenditures are likely to continue to increase. Your Committee further finds that passage of the federal Patient Protection and Affordable Care Act provides an opportunity to assess gaps in healthcare providers' ability to prevent and treat obesity in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1494 Ways and Means on S.C.R. No. 158**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, nonexclusive easement covering a portion of state submerged lands, identified as tax map key (2) 4-9-17:06.

Your Committee finds that in 1993, the Board of Land and Natural Resources and Trilogy Corporation entered into a renewable, thirty-five-year lease of eighteen thousand square feet of undeveloped land. Trilogy Corporation obtained the lease for the purpose of constructing a first class pavilion at Manele Small Boat Harbor to provide arriving passengers with shelter from the elements and a comfortable venue for lunch and entertainment. Your Committee also finds that this measure satisfies the requirements of section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

Your Committee has amended this measure by:

- (1) Amending the seventh WHEREAS clause to clarify that Hawaii and Trilogy Corporation's employees on Lanai would benefit from a lease of the loading dock and adjacent submerged lands and from a delegation of authority to the Chairperson of the Board of Land and Natural Resources to negotiate its additional terms; and
- (2) Amending the BE IT RESOLVED clause to clarify that the easement is authorized for a term of thirty-five years.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 158, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 158, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1495 Ways and Means on S.C.R. No. 122**

The purpose and intent of this measure is to promote the development and expansion of Hawaii-grown agricultural commodities through increased use of irrigation water.

Specifically, this measure requests the Department of Agriculture to implement a schedule of reduced irrigation water toll rates and charges for the island of Hawaii and Hamakua district that differentiates among different irrigation system areas and agricultural users for the growing of agricultural crops and the production of livestock and poultry. The measure also requests the Department of Agriculture to report to the Legislature on the implementation of a system of reduced toll rates for the island of Hawaii and Hamakua district no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from Barbed S Ranch, Hawaii Cattlemen's Council, Maui Cattlemen's Association, Ulupono Initiative, and two individuals.

Your Committee finds that the current water toll rates and charges do not take into account the levels and amounts of water that would be appropriate for the various irrigation systems on the island of Hawaii to promote increased agricultural, livestock, and poultry production, and do not make allowances for the different classes of users who use different amounts of water for agricultural production. Your Committee believes reduced and differentiated rates for water use on Hawaii island and the Hamakua district would assist in the growth and development of the local agricultural industry and result in more efficient use of water.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1496 Ways and Means on S.R. No. 85**

The purpose and intent of this measure is to promote the development and expansion of Hawaii-grown agricultural commodities through increased use of irrigation water.

Specifically, this measure requests the Department of Agriculture to implement a schedule of reduced irrigation water toll rates and charges for the island of Hawaii and Hamakua district that differentiates among different irrigation system areas and agricultural users for the growing of agricultural crops and the production of livestock and poultry. The measure also requests the Department of Agriculture to report to the Legislature on the implementation of a system of reduced toll rates for the island of Hawaii and Hamakua district no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from the Hawaii Cattlemen's Council and the Ulupono Initiative.

Your Committee finds that the current water toll rates and charges do not take into account the levels and amounts of water that would be appropriate for the various irrigation systems on the island of Hawaii to promote increased agricultural, livestock, and poultry production, and do not make allowances for the different classes of users who use different amounts of water for agricultural production. Your Committee believes reduced and differentiated rates for water use on Hawaii island and the Hamakua district would assist in the growth and development of the local agricultural industry and result in more efficient use of water.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 85, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1497 Ways and Means on S.C.R. No. 177**

The purpose of this measure is to promote agricultural activities, increase Hawaii's food security and self-sufficiency, and ensure the availability of agriculturally suitable lands.

Specifically, this measure urges the State to purchase agricultural land currently listed for sale by the Dole Food Company, Inc.

Your Committee received written comments in support of this measure from the Agribusiness Development Corporation and The Trust for Public Land.

Your Committee finds that Dole Food Company, Inc., has listed one hundred twenty three parcels for sale, totaling approximately twenty-two thousand five hundred acres. The acquisition of these parcels would significantly increase the State's inventory of available agricultural land and provide options to enhance the economic viability of Hawaii's agricultural industry.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 177 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1498 Ways and Means on S.R. No. 133**

The purpose of this measure is to promote agricultural activities, increase Hawaii's food security and self-sufficiency, and ensure the availability of agriculturally suitable lands.

Specifically, this measure urges the State to purchase agricultural land currently listed for sale by the Dole Food Company, Inc.

Your Committee received written comments in support of this measure from the Agribusiness Development Corporation and The Trust for Public Land.

Your Committee finds that Dole Food Company, Inc., has listed one hundred twenty three parcels for sale, totaling approximately twenty-two thousand five hundred acres. The acquisition of these parcels would significantly increase the State's inventory of available agricultural land and provide options to enhance the economic viability of Hawaii's agricultural industry.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 133 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 1499 Ways and Means on S.C.R. No. 66**

The purpose and intent of this measure is to request the Hawaii State Center for Nursing to convene a working group of state agencies to review relevant statutes and administrative rules and identify barriers that may impede practice by advanced practice registered nurses in Hawaii.

Your Committee received written comments in support of this measure from the Hawaii State Center for Nursing, University of Hawaii Maui College, American Association of Nurse Practitioners, Hawaii Government Employees Association, Hawaii Long Term Care Association, and four individuals.

Your Committee received written comments on this measure from the Department of Human Services, Legislative Reference Bureau, and one individual.

Your Committee finds that there is a growing shortage of medical practitioners in Hawaii. Allowing advanced practice registered nurses to practice to the full extent of their education and training may reduce this shortage of providers, particularly in rural areas of the State. However, your Committee believes that a determination should be made on whether existing statutes and departmental rules contain provisions that may serve as barriers to practice by advanced practice registered nurses. Your Committee also believes that a working group of state agencies will be able to identify these impediments and propose amendments that will enable advanced practice registered nurses to provide care to the full extent of their education and training.

Your Committee has amended this measure by requesting a copy of the working group's report also be submitted to the Governor.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 66, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 66, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1500 Ways and Means on S.R. No. 34**

The purpose and intent of this measure is to request the Hawaii State Center for Nursing to convene a working group of state agencies to review relevant statutes and administrative rules and identify barriers that may impede practice by advanced practice registered nurses in Hawaii.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association and the Hawaii Long Term Care Association.

Your Committee received written comments on this measure from Department of Human Services and the Legislative Reference Bureau.

Your Committee finds that there is a growing shortage of medical practitioners in Hawaii. Allowing advanced practice registered nurses to practice to the full extent of their education and training may reduce this shortage of providers, particularly in rural areas of the State. However, your Committee believes that a determination should be made on whether existing statutes and departmental rules contain provisions that may serve as barriers to practice by advanced practice registered nurses. Your Committee also believes that a working group of state agencies will be able to identify these impediments and propose amendments that will enable advanced practice registered nurses to provide care to the full extent of their education and training.

Your Committee has amended this measure by requesting a copy of the working group's report also be submitted to the Governor.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 34, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 34, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1501 (Joint) Economic Development, Government Operations and Housing and Agriculture and Technology and the Arts on S.C.R. No. 99**

The purpose and intent of this measure is to support local fishing traditions and seafood production in Hawaii by recognizing the week of October 6 through 13, 2013, as "Hawaii Fishing and Seafood Week", and encouraging the people of Hawaii to recognize and support fishing traditions and seafood production in Hawaii during Hawaii Fishing and Seafood Week.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Fishing Tales, Fresh Catch, Maui Cooperative Fishing Association, Pacific Island Fisheries Group, Waialua Boat Club, and numerous individuals.

Your Committees find that the Hawaii Fishing and Seafood Week, started eight years ago by the Pacific Islands Fisheries Group, is a growing and important celebration of Hawaii's unique fishing traditions and the seafood industry in the State. The week-long activities include keiki participation in an art event; a fishing tournament to benefit charity; and the Hawaii Fishing and Seafood Festival, a fundraiser that brings together Hawaii's fishing and seafood communities and involves vendors, local seafood tastings, and fishing and other demonstrations. Your Committees find that Hawaii Fishing and Seafood Week should be recognized and supported because it educates the public about the importance of responsible fishing, perpetuates Hawaii's deep-rooted fishing traditions, and promotes the growth of the seafood and culinary industries in Hawaii.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Agriculture, and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 99 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, none. Excused, 3 (Baker, English, Thielen).

Agriculture  
Ayes, 4. Noes, none. Excused, 3 (English, Kouchi, Thielen).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 1502 (Joint) Economic Development, Government Operations and Housing and Agriculture and Technology and the Arts on S.R. No. 65**

The purpose and intent of this measure is to support local fishing traditions and seafood production in Hawaii by recognizing the week of October 6 through 13, 2013, as "Hawaii Fishing and Seafood Week", and encouraging the people of Hawaii to recognize and support fishing traditions and seafood production in Hawaii during Hawaii Fishing and Seafood Week.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Fishing Tales, Fresh Catch, Maui Cooperative Fishing Association, Pacific Island Fisheries Group, Waialua Boat Club, and numerous individuals.

Your Committees find that the Hawaii Fishing and Seafood Week, started eight years ago by the Pacific Islands Fisheries Group, is a growing and important celebration of Hawaii's unique fishing traditions and the seafood industry in the State. The week-long activities include keiki participation in an art event; a fishing tournament to benefit charity; and the Hawaii Fishing and Seafood Festival, a fundraiser that brings together Hawaii's fishing and seafood communities and involves vendors, local seafood tastings, and fishing and other demonstrations. Your Committees find that Hawaii Fishing and Seafood Week should be recognized and supported because it educates the public about the importance of responsible fishing, perpetuates Hawaii's deep-rooted fishing traditions, and promotes the growth of the seafood and culinary industries in Hawaii.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Agriculture, and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 65 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Tokuda).

**SCRep. 1503 Judiciary and Labor on S.C.R. No. 60**

The purpose and intent of this measure is to urge the Hawaii Public Housing Authority to initiate the sponsorship process for the United States Department of Housing and Urban Development "Step-Up" program to provide new employment and training programs for public housing residents and other low-income people.

Your Committee received testimony in support of this measure from one individual. The Hawaii Public Housing Authority submitted comments on this measure.

Your Committee finds that "Step-Up" is a national program developed by the United States Department of Housing and Urban Development in cooperation with the United States Department of Labor and the National Association of Housing and Redevelopment Offices to provide jobs and job training opportunities on Department of Housing and Urban Development assisted construction to residents of public housing and other low-income people. Public housing authorities are authorized to sponsor "Step-Up" programs,

which entails organizing and administering all components of the program, and are encouraged to work with local training providers, such as non-profits, who know and administer workforce development and job training programs.

Your Committee further finds that “Step-Up” participants can earn wages that are excluded from income for rent determination purposes. This measure will enable the Hawaii Public Housing Authority, through the “Step-Up” program, to provide real economic opportunities and upward wage earning potential, thus enabling participants to graduate from public housing to other permanent, unsubsidized housing options, which in turn frees up units for those on waiting lists.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 60, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 60, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 1504      Judiciary and Labor on S.C.R. No. 149**

The purpose and intent of this measure is to urge Hawaii residents and businesses to comply with the Convention on International Trade in Endangered Species of Wild Fauna and Flora and not to buy or sell ivory of unknown origin that may have been illegally smuggled into the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, The Humane Society of the United States, and three individuals.

Your Committee finds that African elephants and rhinoceroses are being hunted to extinction due to the high price of ivory. The Convention on International Trade in Endangered Species (CITES) of Wild Fauna and Flora, adopted by the United States, banned the sale of African elephant ivory in 1989. Despite international and national bans, your Committee finds that one-third of ivory products sold in the United States have illegal origins.

According to an investigation conducted on behalf of Care for the Wild International in 2008, the United States is one of the world’s leading ivory markets and fails to comply with CITES regulations and its own domestic laws. Large quantities of worked ivory from China are illegally imported to the United States by individuals and through the Internet. According to that same report, in a survey of sixteen American cities between March to December 2006 and March to May 2007, almost half of the total ivory items for sale were found in New York City, followed by San Francisco and Greater Los Angeles. Honolulu had twenty-three outlets selling ivory with a minimum of 1,867 ivory items for sale.

Your Committee notes that ivory from elephant tusks are mainly used for carvings for decorative purposes, while uses for rhinoceros horns may also include medicinal purposes. Furthermore, while a rhinoceros does not need to be killed for its horn, poachers need to kill an elephant for its tusks. As such, this measure assists in protecting African elephants and rhinoceroses from extinction and ensures compliance with CITES as it relates to the ban on the sale of ivory products in the State.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 149, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 1505      Judiciary and Labor on S.R. No. 108**

The purpose and intent of this measure is to urge Hawaii residents and businesses to comply with the Convention on International Trade in Endangered Species of Wild Fauna and Flora and not to buy or sell ivory of unknown origin that may have been illegally smuggled into the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, The Humane Society of the United States, and three individuals.

Your Committee finds that African elephants and rhinoceroses are being hunted to extinction due to the high price of ivory. The Convention on International Trade in Endangered Species (CITES) of Wild Fauna and Flora, adopted by the United States, banned the sale of African elephant ivory in 1989. Despite international and national bans, your Committee finds that one-third of ivory products sold in the United States have illegal origins.

According to an investigation conducted on behalf of Care for the Wild International in 2008, the United States is one of the world’s leading ivory markets and fails to comply with CITES regulations and its own domestic laws. Large quantities of worked ivory from China are illegally imported to the United States by individuals and through the Internet. As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 108, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1506 Judiciary and Labor on S.C.R. No. 162**

The purpose and intent of this measure is to urge Continental Pacific, LLC, and the State Historic Preservation Division to:

- (1) Place an immediate stay of eviction to allow residents of Kahuku Village to remain in their homes until an archaeological inventory survey can be completed for the entire condominium project; and
- (2) Ensure that the Kahuku Village project adheres to all requirements, including requirements for the treatment of burial remains and for condominium property regimes.

Your Committee received testimony in support of this measure from four individuals. Testimony in opposition to this measure was submitted by Continental Pacific, LLC. Your Committee received comments on this measure from the Department of Land and Natural Resources and Kahuku Plantation Residents Association.

Your Committee finds that Kahuku Village V currently comprises about seventy residential homes originally built for plantation workers on the makai side of Kamehameha Highway on land formerly owned by the James Campbell Estate. In 2006, Continental Pacific, LLC (Continental Pacific), purchased Kahuku Village from the James Campbell Estate with plans to convert Kahuku Village into a condominium property regime. Additionally, necessary infrastructure improvements are planned to be completed in and around the Village, such as existing and new roadway improvements, new water lines for fire protection, replacement of existing cesspools with septic tanks, and storm run-off remediation and related drainage improvements.

Your Committee further finds that in January 2012, during construction at Kahuku Village to install a road, Continental Pacific unearthed burials in an area outside of the planned construction area that was designated by permit. The issuing of permits would have triggered an archaeological inventory survey to be conducted. However, the Department of Land and Natural Resources reported that the City and County of Honolulu Department of Planning and Permitting never notified the State Historic Preservation Division when the Department of Planning and Permitting issued the permits, as required under city law. As a result, an archaeological inventory survey was never conducted prior to the start of construction. This measure assists in remedying this problem by urging the State Historic Preservation Division to work with Continental Pacific to develop and implement an archaeological inventory survey for the entire Kahuku Village project and an appropriate burial treatment plan in an expeditious manner, among other actions.

Your Committee also finds that in February 2012, Continental Pacific initiated the process of instituting a condominium property regime that would allow for the sale of single-family residential lots to the Kahuku Village occupants, many of whom are descendants from the original Kahuku Plantation workers. To date, no single-family residential lots have been sold to Kahuku Village occupants and sixteen Kahuku Village occupants have been sent eviction notices by Continental Pacific while numerous other occupants have been forced to relocate due to construction.

In light of the unearthed burials and the absence of a completed archaeological inventory survey for the entire project, your Committee has serious concerns regarding Continental Pacific's decision to initiate the sale of single-family residential lots to Kahuku Village occupants and its decision to evict occupants due to construction. Your Committee notes that under section 514B-83, Hawaii Revised Statutes, a developer is required to submit a public report containing any facts, documents, or information that would have a material impact on the use or value of a unit or any appurtenant limited common elements or amenities of the project available for an owner's use and to promptly amend the public report to reflect any pertinent or material change, or both, in required information. The unearthing of burials or results of an archaeological inventory survey may constitute such information and facts that may have a material impact on the use or value of the project pursuant to section 514B-83, Hawaii Revised Statutes. Accordingly, this measure addresses your Committee's concerns by urging Continental Pacific to place an immediate stay of eviction to allow residents of Kahuku Village to remain in their homes until an archaeological inventory survey can be completed for the entire project and requesting Continental Pacific to consult with the Real Estate Commission to ensure that the project adheres to the statutory requirements for condominium property regimes.

Your Committee has amended this measure by adopting amendments suggested by the Kahuku Plantation Residents Association that:

- (1) Deletes language indicating the State Historic Preservation Division will not grant any new permits to Continental Pacific until the developer has conducted an archaeological inventory survey;
- (2) Adds language indicating the State Historic Preservation Division believes an archaeological inventory survey must be conducted for the project area;
- (3) Adds language revealing that burials were unearthed again within the project area on March 4, 2013;
- (4) Inserts language requesting the Real Estate Commission to submit a written report to the Legislature regarding the Kahuku Village project with respect to Continental Pacific's adherence to the statutory requirements for condominium property regimes; and
- (5) Makes technical, nonsubstantive amendments for the purpose of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 162, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 162, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1507 Judiciary and Labor on S.R. No. 119**

The purpose and intent of this measure is to urge Continental Pacific, LLC, and the State Historic Preservation Division to:

- (1) Place an immediate stay of eviction to allow residents of Kahuku Village to remain in their homes until an archaeological inventory survey can be completed for the entire condominium project; and
- (2) Ensure that the Kahuku Village project adheres to all requirements, including requirements for the treatment of burial remains and for condominium property regimes.

Your Committee received testimony in support of this measure from four individuals. Testimony in opposition to this measure was submitted by Continental Pacific, LLC. Your Committee received comments on this measure from the Department of Land and Natural Resources and Kahuku Plantation Residents Association.

Your Committee finds that Kahuku Village V currently comprises about seventy residential homes originally built for plantation workers on the makai aide of Kamehameha Highway on land formerly owned by the James Campbell Estate. In 2006, Continental Pacific, LLC (Continental Pacific), purchased Kahuku Village from the James Campbell Estate with plans to convert Kahuku Village into a condominium property regime. Additionally, necessary infrastructure improvements are planned to be completed in and around the Village, such as existing and new roadway improvements, new water lines for fire protection, replacement of existing cesspools with septic tanks, and storm run-off remediation and related drainage improvements.

Your Committee further finds that in January 2012, during construction at Kahuku Village to install a road, Continental Pacific unearthed burials in an area outside of the planned construction area that was designated by permit. The issuing of permits would have triggered an archaeological inventory survey to be conducted. However, the Department of Land and Natural Resources reported that the City and County of Honolulu Department of Planning and Permitting never notified the State Historic Preservation Division when the Department of Planning and Permitting issued the permits, as required under city law. As a result, an archaeological inventory survey was never conducted prior to the start of construction. - (5) Makes technical, nonsubstantive amendments for the purpose of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 119, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 119, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 1508 (Majority) Judiciary and Labor on S.C.R. No. 135**

The purpose and intent of this measure is to urge the United States Congress to enact federal legislation or propose a constitutional amendment granting full voting rights to residents of the District of Columbia.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the District of Columbia has approximately 601,723 residents who share all of the responsibilities of United States citizenship, including paying federal taxes, serving on federal juries, and defending the United States as members of the United States Armed Services, yet they are denied full representation in Congress. This measure will urge Congress to allow residents of the District of Columbia to enjoy their basic American right to representation in the body that enacts the laws that govern its citizens.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 1509 (Majority) Judiciary and Labor on S.R. No. 96**

The purpose and intent of this measure is to urge the United States Congress to enact federal legislation or propose a constitutional amendment granting full voting rights to residents of the District of Columbia.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the District of Columbia has approximately 601,723 residents who share all of the responsibilities of United States citizenship, including paying federal taxes, serving on federal juries, and defending the United States as members of the United States Armed Services, yet they are denied full representation in Congress. This measure will urge Congress to allow residents of the District of Columbia to enjoy their basic American right to representation in the body that enacts the laws that govern its citizens.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, none.

**SCRep. 1510 Judiciary and Labor on S.C.R. No. 124**

The purpose and intent of this measure is to request the Department of Health and the John A. Burns School of Medicine to conduct a study on states with Good Samaritan laws and their impact on decreasing drug overdose deaths.

Your Committee received testimony in support of this measure from the Department of Health, Community Alliance on Prisons, and three individuals.

Your Committee finds that many people who experience a drug overdose, or who witness a friend experiencing a drug overdose, delay seeking medical assistance out of fear of prosecution. This delay often can result in serious negative medical outcomes or death for the person experiencing the overdose. Your Committee further finds that medical amnesty is a life-saving policy that immunizes persons seeking medical assistance from criminal liability in order to ensure that medical attention is immediately sought for anyone experiencing a drug overdose. Moreover, medical amnesty makes medical safety paramount in situations where someone is experiencing an overdose and promotes a policy that is beneficial to people of the State.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 124 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1511 Judiciary and Labor on S.R. No. 87**

The purpose and intent of this measure is to request the Department of Health and the John A. Burns School of Medicine to conduct a study on states with Good Samaritan laws and their impact on decreasing drug overdose deaths.

Your Committee received testimony in support of this measure from the Department of Health, Community Alliance on Prisons, and three individuals.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 1512      Judiciary and Labor on S.C.R. No. 80**

The purpose and intent of this measure is to request the Hawaii State Civil Defense to conduct a study regarding what actions, if any, should be taken by the State in the interest of public safety when people refuse to leave their homes or businesses refuse to close in evacuation zones during natural disasters.

Your Committee received testimony in support of this measure from the Department of Defense. The Humane Society of the United States submitted comments on this measure.

Your Committee finds that this study will provide a closer look at the challenges faced by first responders who encounter people who refuse to leave their homes or close their businesses located in evacuation zones. This measure will provide possible solutions to these difficult situations in order to improve public safety during natural disasters.

Your Committee notes the comments submitted by The Humane Society of the United States regarding individuals with pets who refuse to leave evacuation zones, especially homeless individuals with pets. The Humane Society of the United States testified that evacuation shelters often do not allow pets, and as a result, many people refuse to leave their pets behind in the event of an evacuation. Thus, your Committee requests that the scope of the study also include individuals, including homeless individuals, with pets as well as homeless individuals without pets that refuse to leave evacuation zones.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 80 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1513      Judiciary and Labor on S.R. No. 47**

The purpose and intent of this measure is to request the Hawaii State Civil Defense to conduct a study regarding what actions, if any, should be taken by the State in the interest of public safety when people refuse to leave their homes or businesses refuse to close in evacuation zones during natural disasters.

Your Committee received testimony in support of this measure from the Department of Defense. The Humane Society of the United States submitted comments on this measure.

Your Committee finds that this study will provide a closer look at the challenges faced by first responders who encounter people who refuse to leave their homes or close their businesses located in evacuation zones. As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 47 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1514      Ways and Means on S.C.R. No. 64**

The purpose and intent of this measure is to request the Department of Budget and Finance and the Department of Accounting and General Services to invest special fund holdings into local financial institutions.

Your Committee received testimony in support of this measure from a private individual.

Your Committee received comments on this measure from the Department of Accounting and General Services, the Department of Budget and Finance, and the Department of Commerce and Consumer Affairs.

Your Committee finds that the recent economic downturn has reduced the propensity of many large financial institutions to lend money. Your Committee also finds that, for low- and middle-income families, access to credit is a major barrier to achieving goals such as self-sufficiency, homeownership, or increased education. Your Committee further finds that the addition of state funds as a capital base to credit unions and other local financial institutions would increase the institutions' ability to lend in small communities and provide a stimulus to the local economy.

Your Committee has amended this measure by:

- (1) Replacing all references to "special funds" with "non-general funds"; and
- (2) Amending the title of the measure accordingly.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 64, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1515 Ways and Means on S.C.R. No. 92**

The purpose and intent of this measure is to study the cost impacts of the public procurement process, including bid preferences, on public works construction projects in relation to promoting economy, efficiency, effectiveness, and impartiality in state and county procurement.

Specifically, the measure requests the Comptroller to assemble a task force of stakeholders to analyze various effects of the state procurement code, propose amendments, and report its findings to the Legislature.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, State Procurement Office, Office of Hawaiian Affairs, and the General Contractors Association of Hawaii.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that Hawaii's public procurement code has been subject to numerous statutory changes over the years, creating a complex process for public agencies to purchase goods and services.

Your Committee believes that it would be beneficial for a task force of interested parties to undertake a review of the procurement process to identify factors that may cause delays or cost increases, in order to improve the efficiency of public procurement in Hawaii.

Your Committee has amended this measure by clarifying, in the description of the public procurement process, that the Procurement Policy Board adopts rules to implement procurement law and the State Procurement Office implements the law.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 92, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 92, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1516 Ways and Means on S.R. No. 58**

The purpose and intent of this measure is to study the cost impacts of the public procurement process, including bid preferences, on public works construction projects in relation to promoting economy, efficiency, effectiveness, and impartiality in state and county procurement.

Specifically, the measure requests the Comptroller to assemble a task force of stakeholders to analyze various effects of the state procurement code, propose amendments, and report its findings to the Legislature.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, State Procurement Office, Office of Hawaiian Affairs, and the General Contractors Association of Hawaii.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that Hawaii's public procurement code has been subject to numerous statutory changes over the years, creating a complex process for public agencies to purchase goods and services.

Your Committee believes that it would be beneficial for a task force of interested parties to undertake a review of the procurement process to identify factors that may cause delays or cost increases, in order to improve the efficiency of public procurement in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 58, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 58, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1517 Ways and Means on S.C.R. No. 137**

The purpose and intent of this measure is to develop housing solutions for homeless Native Hawaiian families.

More specifically, this measure requests the:

- (1) Coordinator on Homelessness to assemble a working group to develop housing solutions, investigate suitable and available federal, state, county, and private lands for innovative housing projects, and prepare a plan to develop a demonstration housing project for homeless Native Hawaiian families; and
- (2) Working group to report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments on this measure from the Department of Hawaiian Home Lands and the Office of Hawaiian Affairs.

Your Committee finds that a disproportionate percentage of homeless in the State are Native Hawaiian individuals and families. Innovative housing solutions are necessary to provide these families with stable housing and access to support services to resolve underlying socioeconomic issues.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 137, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1518 Ways and Means on S.R. No. 98**

The purpose and intent of this measure is to develop housing solutions for homeless Native Hawaiian families.

More specifically, this measure requests the:

- (1) Coordinator on Homelessness to assemble a working group to develop housing solutions, investigate suitable and available federal, state, county, and private lands for innovative housing projects, and prepare a plan to develop a demonstration housing project for homeless Native Hawaiian families; and
- (2) Working group to report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments on this measure from the Department of Hawaiian Home Lands and the Office of Hawaiian Affairs.

Your Committee finds that a disproportionate percentage of homeless in the State are Native Hawaiian individuals and families. Innovative housing solutions are necessary to provide these families with stable housing and access to support services to resolve underlying socioeconomic issues.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 98, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1519 Ways and Means on S.C.R. No. 101**

The purpose and intent of this measure is to authorize, pursuant to section 171-53, Hawaii Revised Statutes, the issuance of a fifty-five-year nonexclusive easement covering a portion of state submerged lands for seawall and step purposes.

Your Committee finds that the successor trustee of the subject property requested an easement to resolve the encroachment of the property's seawall into state submerged lands. On December 14, 2012, under agenda item D-16, the Board of Land and Natural Resources approved the request for the easement for seawall and step purposes. Your Committee further finds that this measure satisfies section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 101 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1520 Ways and Means on S.C.R. No. 103**

The purpose and intent of this measure is to authorize, pursuant to section 171-53, Hawaii Revised Statutes, the issuance of a fifty-five-year nonexclusive easement to the owners of the abutting property identified by tax map key: (1) 6-1-003:0024-0001.

Your Committee finds that the owners of the subject property requested an easement to resolve the encroachment of the property's seawall into state submerged lands. On January 11, 2013, under agenda item D-13, the Board of Land and Natural Resources approved the request for the fifty-five-year easement. Your Committee further finds that this measure satisfies section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 103 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 1521 Ways and Means on S.C.R. No. 104**

The purpose and intent of this measure is to protect humpback whales in state waters.

More specifically, this measure requests the Department of Land and Natural Resources to:

- (1) Collaborate with the National Oceanic and Atmospheric Administration to form a plan to protect humpback whales from vessel strikes within the Hawaiian Islands Humpback Whale National Marine Sanctuary (Marine Sanctuary);
- (2) Report to the Legislature, with the assistance of the National Oceanic and Atmospheric Administration, a plan for the Marine Sanctuary to address the threat from whale-vessel contacts, no later than twenty days before the convening of the Regular Session of 2014; and

- (3) Report annually to the Legislature, beginning June 1, 2014, on confirmed whale-vessel contacts within the Marine Sanctuary in the preceding twelve months.

Your Committee finds that the humpback whale is protected by the Federal Endangered Species Act and the Marine Mammal Protection Act. Each year, approximately ten thousand humpback whales migrate to Hawaii's waters. Your Committee finds that, between the years of 1979 and 2013, there have been eighty confirmed contacts between whales and marine vessels and that these contacts cause significant harm to the whales. Accordingly, this measure encourages the creation of a permanent plan to protect humpback whales from vessel strikes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 104, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1522 Ways and Means on S.R. No. 70**

The purpose and intent of this measure is to protect humpback whales in state waters.

More specifically, this measure requests the Department of Land and Natural Resources to:

- (1) Collaborate with the National Oceanic and Atmospheric Administration to form a plan to protect humpback whales from vessel strikes within the Hawaiian Islands Humpback Whale National Marine Sanctuary (Marine Sanctuary);
- (2) Report to the Legislature, with the assistance of the National Oceanic and Atmospheric Administration, a plan for the Marine Sanctuary to address the threat from whale-vessel contacts, no later than twenty days before the convening of the Regular Session of 2014; and
- (3) Report annually to the Legislature, beginning June 1, 2014, on confirmed whale-vessel contacts within the Marine Sanctuary in the preceding twelve months.

Your Committee finds that the humpback whale is protected by the Federal Endangered Species Act and the Marine Mammal Protection Act. Each year, approximately ten thousand humpback whales migrate to Hawaii's waters. Your Committee finds that, between the years of 1979 and 2013, there have been eighty confirmed contacts between whales and marine vessels and that these contacts cause significant harm to the whales. Accordingly, this measure encourages the creation of a permanent plan to protect humpback whales from vessel strikes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 70, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 1523 Ways and Means on S.C.R. No. 111**

The purpose and intent of this measure is to support the coordination of a statewide system of aging and caregiver support services in the State.

More specifically, this measure requests the Executive Office on Aging to:

- (1) Continue its research on timebanking as a sustainable and alternative currency system that will enhance and strengthen Hawaii's respite system; and
- (2) Submit a report on its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from the Executive Office on Aging.

Your Committee finds that alternative forms of currency to support increasing community needs for respite care services improve many identified service gaps. Accordingly, your Committee finds that timebanking may offer a more sustainable provision of social services and that further research and investigation is needed to determine its viability.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 111 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1524 (Majority) Ways and Means on S.C.R. No. 121**

The purpose of this measure is to seek an exemption from federal law to ensure stable and continuing airline service throughout the State.

Specifically, this measure requests Hawaii's congressional delegation to propose amendments to the federal Airline Deregulation Act to exempt Hawaii from federal preemption of state regulation of air transportation.

Your Committee finds that the Airline Deregulation Act of 1978 was enacted to promote market competition among airlines to foster lower prices and greater efficiency, innovation, variety, and service quality. To ensure that the states would not enact laws undermining federal deregulation, the Airline Deregulation Act included a preemption provision, codified in Title 49 United States Code Section 41713(b)(1), prohibiting states and their political subdivisions from enacting or enforcing any law affecting air carrier

rates, routes, or services. However, preemption under the federal Act does not apply to air transportation provided entirely in Alaska because of a specific statutory exemption granted to Alaska. This measure requests Hawaii's congressional delegation to propose an amendment to the Airline Deregulation Act that would allow the State to limit monopoly pricing and ensure service to less profitable air routes, particularly in light of the significant use of airlines for interisland transportation and the relative lack of competition among interisland air carriers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 1525 (Majority Ways and Means on S.R. No. 84**

The purpose of this measure is to seek an exemption from federal law to ensure stable and continuing airline service throughout the State.

Specifically, this measure requests Hawaii's congressional delegation to propose amendments to the federal Airline Deregulation Act to exempt Hawaii from federal preemption of state regulation of air transportation.

Your Committee finds that the Airline Deregulation Act of 1978 was enacted to promote market competition among airlines to foster lower prices and greater efficiency, innovation, variety, and service quality. To ensure that the states would not enact laws undermining federal deregulation, the Airline Deregulation Act included a preemption provision, codified in Title 49 United States Code Section 41713(b)(1), prohibiting states and their political subdivisions from enacting or enforcing any law affecting air carrier rates, routes, or services. However, preemption under the federal Act does not apply to air transportation provided entirely in Alaska because of a specific statutory exemption granted to Alaska. This measure requests Hawaii's congressional delegation to propose an amendment to the Airline Deregulation Act that would allow the State to limit monopoly pricing and ensure service to less profitable air routes, particularly in light of the significant use of airlines for interisland transportation and the relative lack of competition among interisland air carriers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 84 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 1526 Ways and Means on S.C.R. No. 129**

The purpose and intent of this measure is to request the Insurance Commissioner to form a working group to study insurance recoupment.

Your Committee received written comments in support of this measure from one individual.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, the Department of Human Services, and one individual.

Your Committee finds that Hawaii has no laws that limit the time period in which a health insurance plan may seek recoupment for benefits that have been paid in error to a health care provider. Without such laws, the lack of a time limit on insurance recoupment results in an ongoing, open-ended liability for health care providers, which undermines their ability to build upon and plan a viable, economically feasible practice.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 129, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1527 Ways and Means on S.R. No. 91**

The purpose and intent of this measure is to request the Insurance Commissioner to form a working group to study insurance recoupment.

Your Committee received written comments in support of this measure from one individual.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, the Department of Human Services, and one individual.

Your Committee finds that Hawaii has no laws that limit the time period in which a health insurance plan may seek recoupment for benefits that have been paid in error to a health care provider. Without such laws, the lack of a time limit on insurance recoupment results in an ongoing, open-ended liability for health care providers, which undermines their ability to build upon and plan a viable, economically feasible practice.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 91, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1528 Ways and Means on S.C.R. No. 151**

The purpose and intent of this measure is to examine social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals.

More specifically, this measure requests the:

- (1) Senate President and the Speaker of the House to establish a work group to examine the social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals;
- (2) Work group to submit a preliminary report and a final report of its findings and recommendation, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014 and 2015, respectively; and
- (3) Office of the Healthcare Transformation Coordinator, in partnership with the Legislature, to assist with the work group by providing a facilitator.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Department of Health.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that social determinants such as, homelessness, language barriers, abuse, unemployment, and poverty complicate the ability to address individual and community health concerns and the ability to identify, address, and treat health problems. Accordingly, your Committee finds that identifying and analyzing the impact of these determinants is vital to addressing the needs of the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 151, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1529 Ways and Means on S.R. No. 110**

The purpose and intent of this measure is to examine social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals.

More specifically, this measure requests the:

- (1) Senate President and the Speaker of the House to establish a work group to examine the social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals;
- (2) Work group to submit a preliminary report and a final report of its findings and recommendation, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014 and 2015, respectively; and
- (3) Office of the Healthcare Transformation Coordinator, in partnership with the Legislature, to assist with the work group by providing a facilitator.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that social determinants such as homelessness, language barriers, abuse, unemployment, and poverty complicate the ability to address individual and community health concerns and the ability to identify, address, and treat health problems. Accordingly, your Committee finds that identifying and analyzing the impact of these determinants is vital to addressing the needs of the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 110, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1530 Ways and Means on S.C.R. No. 155**

The purpose and intent of this measure is to support the development of a stroke care plan system in Hawaii.

More specifically, the measure requests the:

- (1) Department of Health to convene a task force to establish a stroke system of care that includes a statewide stroke database and registry by December 31, 2015;
- (2) Task force to propose necessary legislation to support Hawaii's stroke care continuum; and
- (3) Task force to submit an initial report to the Legislature by December 31, 2013, and a final report no later than twenty days prior to the convening of the Regular Session of 2015, on the task force's actions and progress, including findings, recommendations, and any proposed legislation and funding levels, to establish a stroke system of care that includes the creation of a statewide stroke database and registry.

Your Committee received written comments in support of this measure from Hawaii Pacific Health.

Your Committee finds that strokes are the leading cause of chronic disability among adults in the State. Accordingly, your Committee finds that a stroke system of care will improve the overall care of stroke patients, increase patients' chances of survival, and decrease the incidence of long-term disabilities associated with having a stroke.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 155, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1531 Ways and Means on S.R. No. 113**

The purpose and intent of this measure is to support the development of a stroke care plan system in Hawaii.

More specifically, the measure requests the:

- (1) Department of Health to convene a task force to establish a stroke system of care that includes a statewide stroke database and registry by December 31, 2015;
- (2) Task force to propose necessary legislation to support Hawaii's stroke care continuum; and
- (3) Task force to submit an initial report to the Legislature by December 31, 2013, and a final report no later than twenty days prior to the convening of the Regular Session of 2015, on the task force's actions and progress, including findings, recommendations, and any proposed legislation and funding levels, to establish a stroke system of care that includes the creation of a statewide stroke database and registry.

Your Committee received written comments in support of this measure from Hawaii Pacific Health.

Your Committee finds that strokes are the leading cause of chronic disability among adults in the State. Accordingly, your Committee finds that a stroke system of care will improve the overall care of stroke patients, increase patients' chances of survival, and decrease the incidence of long-term disabilities associated with having a stroke.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 113, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1532 Ways and Means on S.R. No. 136**

The purpose and intent of this measure is to request the President of the Senate to establish a working group to discuss strategies for the development and expansion of geothermal energy and technology.

Your Committee received written comments in support of this measure from Indigenous Consultants, LLC. Written comments in opposition to this measure were received from two individuals. Written comments on this measure were received from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the State needs a sound, comprehensive strategy to ensure that geothermal energy is developed in an economically feasible manner that protects public health, the environment, and cultural rights.

Your Committee has amended this measure by:

- (1) Requesting the Governor, rather than the President of the Senate, to establish the working group and select the representatives of the geothermal industry and the affected community in the County of Hawaii;
- (2) Deleting the request to have the President of the Senate make a designated conference room in the State Capitol available to the working group; and
- (3) Amending the title of the measure to reflect the amended purpose.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 136, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 136, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ruderman). Noes, none. Excused, 4 (Dela Cruz, English, Tokuda, Slom).

**SCRep. 1533 Ways and Means on S.C.R. No. 132**

The purpose and intent of this measure is to request the University of Hawaii at Hilo to establish a formal association with the RISE 21<sup>st</sup> Century After School Program. In addition, the measure requests the University of Hawaii at Hilo to provide in its budget funding for the RISE program.

Your Committee received written comments in support of this measure from five individuals.

Your Committee finds that youth in the Keaukaha and Panaewa Hawaiian Homestead areas face significant challenges including exposure to drugs, alcohol, abuse, poverty, suicide, and domestic violence. A relationship between RISE and the University of Hawaii will further promote the RISE program, help offset damaging influences to Hawaiian youth, and provide those youth with the opportunity to recognize their potential for completing higher education and engaging in successful career opportunities.

Your Committee has amended this measure by:

- (1) Removing the request that the University of Hawaii at Hilo provide funding for the RISE 21<sup>st</sup> Century After School Program and making a corresponding amendment to the title; and
- (2) Clarifying the formal relationship requested to be established between RISE and the University of Hawaii at Hilo.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 132, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1534 Ways and Means on S.R. No. 94**

The purpose and intent of this measure is to request the University of Hawaii at Hilo to establish a formal association with the RISE 21<sup>st</sup> Century After School Program. In addition, the measure requests the University of Hawaii at Hilo to provide in its budget funding for the RISE program.

Your Committee received written comments in support of this measure from five individuals.

Your Committee finds that youth in the Keaukaha and Panaewa Hawaiian Homestead areas face significant challenges including exposure to drugs, alcohol, abuse, poverty, suicide, and domestic violence. A relationship between RISE and the University of Hawaii will further promote the RISE program, help offset damaging influences to Hawaiian youth, and provide those youth with the opportunity to recognize their potential for completing higher education and engaging in successful career opportunities.

Your Committee has amended this measure by:

- (1) Removing the request that the University of Hawaii at Hilo provide funding for the RISE 21<sup>st</sup> Century After School Program and making a corresponding amendment to the title; and
- (2) Clarifying the formal relationship requested to be established between RISE and the University of Hawaii at Hilo.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 94, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 94, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1535 (Majority) Ways and Means on S.C.R. No. 154**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers in Hawaii to cover tobacco use cessation treatments.

Your Committee received written comments in support of this measure from Tobacco-Free Hawaii.

Your Committee received written comments on this measure from the Department of Health.

Your Committee finds that smoking is costly to employers and the State in terms of smoking-related medical expenses and lost productivity. Your Committee further finds that smoking is the leading preventable cause of death in the United States. Tobacco use cessation treatments that include counseling are more effective at helping people stop using tobacco products than the mere provision of educational or self-help materials.

Senate Bill No. 654 (2013) mandates all individuals and group accident and health or sickness insurance policies to provide tobacco use cessation treatment coverage with no copayment, deductible, or coinsurance restrictions. Your Committee finds that this concurrent resolution is necessary to fulfill the conditions of section 23-51, Hawaii Revised Statutes, which requires a concurrent resolution to be passed to request the Auditor to submit an assessment to the Legislature of the social and financial effects of any mandated health insurance benefit.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 154, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 1536 Ways and Means on S.C.R. No. 102**

The purpose and intent of this measure is to request the Auditor to conduct an audit of the Kapiolani Park Trust to evaluate its governance structure and to identify the permissible uses of the park lands, including delineating any limitations on commercial or other inconsistent uses that may fall outside the scope of the trust's purpose or may constitute waste of the trust property.

Your Committee received written comments in support of this measure from two individuals. The City and County of Honolulu submitted written comments in opposition to the measure.

Your Committee finds that, in 1896, Kapiolani Park was established as a public charitable trust to be maintained as a free public park and recreation ground for the general public. The State has a significant interest in ensuring that the Kapiolani Park Trust is executed in a manner that is consistent with the trust's purpose. Your Committee believes that the Auditor's report requested by this

measure will better enable the general public, as sole beneficiary of the Kapiolani Park Trust, and the members of the Honolulu City Council, as trustees, to identify acceptable uses of Kapiolani Park and to maintain transparency and accountability.

Your Committee has amended this measure by deleting the eleventh, twelfth, and thirteenth WHEREAS clauses.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 102, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Chun Oakland, Dela Cruz, Tokuda).

**SCRep. 1537 Ways and Means on S.C.R. No. 29**

The purpose and intent of this measure is to urge the Department of Accounting and General Services to convene a working group to choose a location for, build, and operate an informational kiosk for the public in the Hawaii Capital Historic District.

Your Committee received written comments in opposition to this measure from the Hawaii Tourism Authority. The Department of Accounting and General Services submitted written comments.

Your Committee finds that the Hawaii Capital Historic District contains an array of unique historic sites, each pivotal to the social and political legacy of the State. These historic sites, including Iolani Palace, the State Capitol Building, and the Kamehameha Statue, are important visitor destinations for tourists and residents alike. However, your Committee also finds that, due to funding constraints and advertisement costs, many of the nonprofit foundations that support these historic sites cannot afford sufficient publicity for their exhibits and presentations. Your Committee believes that an information kiosk could assist the nonprofit foundations that support these historic sites by providing a greater public understanding of the historic trajectory of Hawaii and its significance to national and international affairs.

Your Committee has amended this measure by:

- (1) Urging the Hawaii State Foundation on Culture and the Arts, rather than the Department of Accounting and General Services, to convene the working group; and
- (2) Including the Department of Accounting and General Services among the entities that are requested to be members of the working group.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 29, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 29, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Tokuda, Slom).

**SCRep. 1538 Ways and Means on S.R. No. 10**

The purpose and intent of this measure is to urge the Department of Accounting and General Services to convene a working group to choose a location for, build, and operate an informational kiosk for the public in the Hawaii Capital Historic District.

Your Committee received written comments in opposition to this measure from the Hawaii Tourism Authority. The Department of Accounting and General Services submitted written comments.

Your Committee finds that the Hawaii Capital Historic District contains an array of unique historic sites, each pivotal to the social and political legacy of the State. These historic sites, including Iolani Palace, the State Capitol Building, and the Kamehameha Statue, are important visitor destinations for tourists and residents alike. However, your Committee also finds that, due to funding constraints and advertisement costs, many of the nonprofit foundations that support these historic sites cannot afford sufficient publicity for their exhibits and presentations. Your Committee believes that an information kiosk could assist the nonprofit foundations that support these historic sites by providing a greater public understanding of the historic trajectory of Hawaii and its significance to national and international affairs.

Your Committee has amended this measure by:

- (1) Urging the Hawaii State Foundation on Culture and the Arts, rather than the Department of Accounting and General Services, to convene the working group; and
- (2) Including the Department of Accounting and General Services among the entities that are requested to be members of the working group.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 10, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 10, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Tokuda, Slom).

**SCRep. 1539 Ways and Means on S.C.R. No. 147**

The purpose and intent of this measure is to request the Board of Education to establish a coalition to address the issue of developing Hawaiian language assessments for Hawaiian language immersion students and to submit a report to the Legislature.

This measure also urges the United States Department of Education to approve a waiver from selected No Child Left Behind requirements to allow for the most appropriate assessments and academic content standards for the Hawaii language immersion program.

Your Committee received written comments in support of this measure from the Department of Education and the Office of Hawaiian Affairs.

Your Committee finds that the translated versions of the Hawaii State Assessment for Hawaiian language immersion students contain numerous cultural and translation biases, translation inaccuracies, and inconsistent terms. Your Committee believes that establishing a coalition to address the issues relating to the translated assessments and to submit a report to the Legislature will establish a path to developing appropriate assessments written in the Hawaiian language, which will permit a more accurate assessment of immersion students' achievements and abilities.

Your Committee has amended this measure by:

- (1) Replacing the representative from 'Aha Pūnana Leo with a representative from 'Aha Kauleo as a member of the coalition; and
- (2) Clarifying that it is the State making the request for a federal waiver from certain requirements of No Child Left Behind.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 147, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 147, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1540 Ways and Means on S.R. No. 107**

The purpose and intent of this measure is to request the Board of Education to establish a coalition to address the issue of developing Hawaiian language assessments for Hawaiian language immersion students and to submit a report to the Legislature.

This measure also urges the United States Department of Education to approve a waiver from selected No Child Left Behind requirements to allow for the most appropriate assessments and academic content standards for the Hawaii language immersion program.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that the translated versions of the Hawaii State Assessment for Hawaiian language immersion students contain numerous cultural and translation biases, translation inaccuracies, and inconsistent terms. Your Committee believes that establishing a coalition to address the issues relating to the translated assessments and to submit a report to the Legislature will establish a path to developing appropriate assessments written in the Hawaiian language, which will permit a more accurate assessment of immersion students' achievements and abilities.

Your Committee has amended this measure by:

- (1) Replacing the representative from 'Aha Pūnana Leo with a representative from 'Aha Kauleo as a member of the coalition; and
- (2) Clarifying that it is the State making the request for a federal waiver from certain requirements of No Child Left Behind.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 107, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 107, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1541 Ways and Means on S.C.R. No. 199**

The purpose and intent of this measure is to urge the Board of Regents to establish a three-year moratorium on any increases in resident tuition for the University of Hawaii, effective July 1, 2014.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that the tuition and fees at the University of Hawaii have steadily increased during the past five years and at a rate much higher than the national average for other public universities. These substantial tuition increases may discourage residents from attending the University of Hawaii. Accordingly, your Committee believes that a moratorium on resident tuition increases would enable more Hawaii residents to enroll at the University and make higher education more accessible and affordable for state residents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 199, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1542 Ways and Means on S.R. No. 151**

The purpose and intent of this measure is to urge the Board of Regents to establish a three-year moratorium on any increases in resident tuition for the University of Hawaii, effective July 1, 2014.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that the tuition and fees at the University of Hawaii have steadily increased during the past five years and at a rate much higher than the national average for other public universities. These substantial tuition increases may discourage residents from attending the University of Hawaii. Accordingly, your Committee believes that a moratorium on resident tuition increases would enable more Hawaii residents to enroll at the University and make higher education more accessible and affordable for state residents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 151, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 1543 Ways and Means on S.C.R. No. 120**

The purpose and intent of this measure is to promote greater awareness of dyslexia.

More specifically, this measure requests the Board of Education and the Department of Education to:

- (1) Evaluate the following:
  - (A) The promotion of dyslexia awareness;
  - (B) Professional development available to educators to support students with dyslexia or other literacy challenges; and
  - (C) Recommended staffing options and funding required to create licensed literary specialist positions;
- (2) Collaborate with the University of Hawaii and the Hawaii Teacher Standards Board on the feasibility of licensing requirements for literary specialists;
- (3) Establish targeted complex area resources to strengthen comprehensive student support systems; and
- (4) Submit a written report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014, on the status of its efforts to provide comprehensive support services for students with dyslexia and other literacy challenges.

Your Committee received written comments in support of this measure from the Department of Education, Hawaii Branch of the International Dyslexia Association, Hawaii Learning Resource, Learning Disabilities Association of Hawaii, Straub Mililani Clinic, Special Education Advisory Council, Hawaii Association of Independent Schools, and sixteen individuals.

Your Committee received written comments on this measure from one individual.

Your Committee finds that the working group established by Senate Concurrent Resolution No. 110, Regular Session of 2010, submitted the Comprehensive Plan for Teaching Reading in Hawaii Schools, that addresses dyslexia awareness and literacy instruction. This measure addresses the issues raised by the working group, including raising dyslexia awareness and providing a comprehensive student literacy support system at every public school. Your Committee believes that this measure will enable the Department of Education to equip educators to help all of Hawaii's children learn to read.

Your Committee has amended this measure by replacing the word "literary" with "literacy" for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 120, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Tokuda, Slom).

**SCRep. 1544 (Joint) Higher Education and Health on S.C.R. No. 161**

The purpose and intent of this measure is to request the administration of the University of Hawaii System to establish and implement a tobacco-free policy for all University of Hawaii System campuses and facilities.

Your Committees received testimony in support of this measure from the Department of Health; University of Hawaii at Manoa Student Health Advisory Council; Coalition for a Tobacco-Free Hawai'i, American Heart Association; American Cancer Society Cancer Action Network; Hawaii Government Employees Association, Local 152, AFL-CIO (HGEA); and nineteen individuals.

Your Committees find that creating tobacco-free campuses is a growing trend in the United States. The American Nonsmokers' Rights Foundation reports that as of January 1, 2013, nearly eight hundred colleges and universities across the United States had adopted policies that require one hundred percent tobacco-free campuses, including all campuses in the University of California System, University of Oregon, and University of Arkansas, to name a few.

Your Committees request that the University of Hawaii System work with HGEA to address concerns regarding providing tobacco cessation education and assistance on campus.

Your Committees have amended this measure by:

- (1) Clarifying that the University of Hawaii's Executive Policy E10.102 on Tobacco Products was updated in April 2012 and making conforming amendments;
- (2) Clarifying that while the updated Executive Policy E10.102 prohibits smoking under certain circumstances, it does not make all University of Hawaii campuses tobacco-free;
- (3) Adding language to require that certified copies of this measure be sent to the Chancellors of each campus in the University of Hawaii System; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 161, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 161, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Tokuda, Slom).

Health

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1545 (Joint) Higher Education and Health on S.R. No. 118**

The purpose and intent of this measure is to request the administration of the University of Hawaii System to establish and implement a tobacco-free policy for all University of Hawaii System campuses and facilities.

Your Committees received testimony in support of this measure from the Department of Health; University of Hawaii at Manoa Student Health Advisory Council; Coalition for a Tobacco-Free Hawai'i, American Heart Association; American Cancer Society Cancer Action Network; Hawaii Government Employees Association, Local 152, AFL-CIO (HGEA); and nineteen individuals.

Your Committees find that creating tobacco-free campuses is a growing trend in the United States. The American Nonsmokers' Rights Foundation reports that as of January 1, 2013, nearly eight hundred colleges and universities across the United States had adopted policies that require one hundred percent tobacco-free campuses, including all campuses in the University of California System, University of Oregon, and University of Arkansas, to name a few.

Your Committees request that the University of Hawaii System work with HGEA to address concerns regarding providing tobacco cessation education and assistance on campus.

Your Committees have amended this measure by:

- (1) Clarifying that the University of Hawaii's Executive Policy E10.102 on Tobacco Products was updated in April 2012 and making conforming amendments;
- (2) Clarifying that while the updated Executive Policy E10.102 prohibits smoking under certain circumstances, it does not make all University of Hawaii campuses tobacco-free;
- (3) Adding language to require that certified copies of this measure be sent to the Chancellors of each campus in the University of Hawaii System; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 118, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 118, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Tokuda, Slom).

Health

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1546 (Joint) Water and Land and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 201**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to establish a task force to consider and make recommendations on the re-use of R-1 water for agricultural purposes in Central Oahu.

Your Committees received testimony in support of this measure, as introduced, from three individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Prior to the hearing on this measure, your Committees made available for public review a proposed S.D. 1, which deletes the contents of this measure, as introduced, and replaces them with language to request the Department of Land and Natural Resources to negotiate in good faith with the County of Hawaii to lease to the County of Hawaii:

- (1) Mauna Kea State Recreational Area, identified as tax map key SRA 4-4-16:03 por., located in the County of Hawaii, including land located within Mauna Kea State Recreational Area that is used for roads, streets, or highways; and
- (2) Hapuna Beach Park, identified as tax map key SRA 6-6-02:35 and 6-06-02:41 por., located in the County of Hawaii, including land located within Hapuna Beach Park that is used for roads, streets, or highways.

Your Committees received testimony in support of the proposed S.D. 1 from the Department of Land and Natural Resources, Mayor of the County of Hawai'i, and Hawai'i County Council.

Your Committees find that the County of Hawaii is an appropriate steward of the Mauna Kea State Recreational Area and Hapuna Beach Park. Leasing, rather than transferring in fee simple, the Mauna Kea State Recreational Area and Hapuna Beach Park to the

County of Hawaii ensures that the public lands are held, managed, and operated for the public's best interest, while yielding income to the County of Hawaii and the State of Hawaii.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by deleting the reference to the blank percentage of gross revenues to be deposited into the state parks special fund and replacing it with a reference to an agreed-upon percentage.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 201, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 201, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 5; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (Dela Cruz, Ihara).

Public Safety, Intergovernmental and Military Affairs

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1547 (Joint) Water and Land and Public Safety, Intergovernmental and Military Affairs on S.R. No. 48**

The purpose and intent of this measure is to request the Auditor to conduct a follow-up audit of a previous audit on the management of state boating facilities by the Department of Land and Natural Resources (DLNR) and a portion of a previous financial audit of DLNR relating to the Division of Boating and Ocean Recreation, particularly as it relates to the Ala Wai small boat harbor.

Your Committees did not receive any testimony on this measure as introduced.

Prior to the hearing on this measure, your Committees made available for public review a proposed S.D. 1, which deletes the contents of this measure, as introduced, and replaces them with language to request the Department of Land and Natural Resources to negotiate in good faith with the County of Hawaii to lease to the County of Hawaii:

- (1) Mauna Kea State Recreational Area, identified as tax map key SRA 4-4-16:03 por., located in the County of Hawaii, including land located within Mauna Kea State Recreational Area that is used for roads, streets, or highways; and
- (2) Hapuna Beach Park, identified as tax map key SRA 6-6-02:35 and 6-06-02:41 por., located in the County of Hawaii, including land located within Hapuna Beach Park that is used for roads, streets, or highways.

Your Committees received testimony in support of the proposed S.D. 1 from the Department of Land and Natural Resources, Mayor of the County of Hawai'i, and Hawai'i County Council.

Your Committees find that the County of Hawaii is an appropriate steward of the Mauna Kea State Recreational Area and Hapuna Beach Park. Leasing, rather than transferring in fee simple, the Mauna Kea State Recreational Area and Hapuna Beach Park to the County of Hawaii ensures that the public lands are held, managed, and operated for the public's best interest, while yielding income to the County of Hawaii and the State of Hawaii.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by deleting the reference to the blank percentage of gross revenues to be deposited into the State parks special fund and replacing it with a reference to an agreed-upon percentage.

As affirmed by the records of votes of the members of your Committees on Water and Land and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 48, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 48, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 5; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (Dela Cruz, Ihara).

Public Safety, Intergovernmental and Military Affairs

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1548 (Joint/Majority) Energy and Environment and Water and Land on S.C.R. No. 123**

The purpose and intent of this measure is to oppose the practice of hydraulic fracturing.

Your Committees received testimony in support of this measure from Puna Pono Alliance; Na Kupuna Moku O Keawe; Life of the Land; Malama O Puna; Hawaii Sustainable Community Alliance; Amazon Power Plus; Gaia Yoga Gardens; Gaia Yoga Nursery; Laakea Educational Programs; Laakea Community LLC; CP Group-Ka Hale Mala Bed and Breakfast; Wisdom Way Center; Radiant Health Center; Sustainable Solutions; Laakea Permaculture Community; Laakea Permaculture Education Programs; Hawaii Whole Person Healing Collective; and two hundred sixteen individuals. Your Committees received testimony in opposition to this measure from Hawaii Oasis; Indigenous Consultants; and thirty individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; and three individuals.

Your Committees find that hydraulic fracturing, known as "fracking," is a technique whereby wells are drilled into the ground and fluids are then injected into the wells to fracture the surrounding rock. Your Committees find that fracking may result in adverse environmental impacts, including:

- (1) Stress on surface water and ground water supplies from the withdrawal of large volumes of water used in drilling and hydraulic fracturing;

- (2) Contamination of underground sources of drinking water and surface waters resulting from spills, faulty well construction, or by other means related to the hydraulic fracturing process;
- (3) Adverse impacts from the discharge of waste water from hydraulic fracturing into surface waters or into underground injection wells; and
- (4) Air pollution resulting from the release of volatile organic compounds, hazardous air pollutants, and greenhouse gases from the hydraulic fracturing process.

Your Committees also note the testimony of the Department of Land and Natural Resources. Specifically, the Department testified:

The Department believes it is premature to preempt a technology that has not been investigated in the context of the Hawaii environment. The Department recommends further research and discussion among industry experts, the University of Hawaii Center for the Study of Active Volcanoes, and applicable regulatory agencies be performed before any such blanket prohibition against hydraulic fracturing is taken in Hawaii.

The Department appreciates the resolutions' intent to protect against potential adverse impacts to the environment from hydraulic fracturing operations generally associated with the oil and gas industry, and also recognizes the aim of the resolutions to protect of [sic] our State's natural resources and water supplies. Whereas, hydraulic fracturing has been utilized on a very limited basis in the geothermal industry, the Department is unaware of any proposed plans or assessment of potential sites for use of such techniques in Hawaii.

In light of this testimony, your Committees request that the Department of Land and Natural Resources, in cooperation with the University of Hawaii Center for the Study of Active Volcanoes, undertake a study of whether the use of hydraulic fracturing in Hawaii may have negative environmental impacts and submit a report of its findings to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committees have amended this measure by:

- (1) Removing language relating to geothermal systems and energy;
- (2) Changing the resolution of the measure from opposing the use of hydraulic fracturing in Hawaii to expressing concern about the use of hydraulic fracturing in Hawaii; and
- (3) Changing the title to reflect the amended resolution of this measure.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 123, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 123, S.D. 1.

Signed by the Vice Chair and Chair on behalf of the Committees.

Energy and Environment  
Ayes, 3. Noes, 1 (Slom). Excused, 1 (Ihara).

Water and Land  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Ihara).

**SCRep. 1549 (Joint/Majority) Energy and Environment and Water and Land on S.R. No. 86**

The purpose and intent of this measure is to oppose the practice of hydraulic fracturing.

Your Committees received testimony in support of this measure from Puna Pono Alliance; Na Kupuna Moku O Keawe; Life of the Land; Malama O Puna; Hawaii Sustainable Community Alliance; Amazon Power Plus; Gaia Yoga Gardens; Gaia Yoga Nursery; Laakea Educational Programs; Laakea Community LLC; CP Group-Ka Hale Mala Bed and Breakfast; Wisdom Way Center; Radiant Health Center; Sustainable Solutions; Laakea Permaculture Community; Laakea Permaculture Education Programs; Hawaii Whole Person Healing Collective; and two hundred sixteen individuals. Your Committees received testimony in opposition to this measure from Hawaii Oasis; Indigenous Consultants; and thirty individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources; Office of Hawaiian Affairs; and three individuals.

Your Committees find that hydraulic fracturing, known as "fracking," is a technique whereby wells are drilled into the ground and fluids are then injected into the wells to fracture the surrounding rock. Your Committees find that fracking may result in adverse environmental impacts, including:

- (1) Stress on surface water and ground water supplies from the withdrawal of large volumes of water used in drilling and hydraulic fracturing;

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 86, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 86, S.D. 1.

Signed by the Vice Chair and Chair on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, 1 (Slom). Excused, 1 (Ihara).

Water and Land

Ayes, 4. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Ihara).

**SCRep. 1550 Energy and Environment on Gov. Msg. No. 719**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE NATURAL ENERGY LABORATORY OF HAWAI'I AUTHORITY

G.M. No. 719 JOHN DELONG, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds John DeLong to possess the requisite qualifications to be nominated to the Board of Directors of the Natural Energy Laboratory of Hawai'i Authority (NELHA).

Your Committee received testimony in support of the nomination of Mr. DeLong from the Department of Business, Economic Development, and Tourism; High Technology Development Corporation; BioEnergy Hawaii LLC; and two individuals.

Your Committee notes that Mr. DeLong has over twenty years of executive and senior management experience at various companies. Mr. DeLong has served as President of Hawaiian Cement and West Hawaii Concrete since 2005. Additionally, Mr. DeLong has demonstrated significant dedication to public service, as evidenced by his exemplary service as Chairperson of the Board of Directors of NELHA, in addition to his service on the Board of Directors of the High Technology Development Corporation and to a wide variety of community organizations. Under Mr. DeLong's leadership, NELHA's annual revenues grew by fifty percent to over \$3,750,000 and became financially self-sufficient, no longer requiring state general funds for day-to-day operations.

Testifiers remark on Mr. DeLong's strong background in construction, private sector experience, and scientific background in chemical engineering, all of which make him an innovative leader with a deep understanding of growing businesses in Hawaii.

Your Committee finds that Mr. DeLong has been reappointed to the Board of Directors of NELHA based on his knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 1551 Energy and Environment on Gov. Msg. No. 686**

Recommending that the Senate advise and consent to the nomination of the following:

ENDANGERED SPECIES RECOVERY COMMITTEE

G.M. No. 686 JOHN HARRISON, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds John Harrison to possess the requisite qualifications to be nominated to the Endangered Species Recovery Committee.

Your Committee received testimony in support of the nomination of Mr. Harrison from the Department of Land and Natural Resources, University of Hawaii Environmental Center, and one individual.

Upon review of the testimony, your Committee finds that Mr. Harrison's professional background, experience, and dedication to serving the public qualify him for appointment to the Endangered Species Recovery Committee. Your Committee notes that Mr. Harrison has over thirty years of combined experience in the fields of biology, zoology, and environmental studies in public institutions and in private practice. Mr. Harrison served over eighteen years as the Environmental Coordinator of the University of Hawaii Environmental Center. Additionally, Mr. Harrison has demonstrated significant dedication to public service, as evidenced by his commendable service as a member of the Endangered Species Recovery Committee from 1998 to 2007. His commitment to environmental protection and advocacy is also exemplified by his years of service in a wide variety of environmental community organizations. Your Committee further finds that Mr. Harrison has been reappointed to the Endangered Species Recovery Committee based on his knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1552 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 524, 525, 619, and 715**

Recommending that the Senate advise and consent to the nominations of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

G.M. No. 524 LU ANN LANKFORD-FABORITO, for a term to expire 6-30-2016;

G.M. No. 525 MELISSIA MAE SUGAI, for a term to expire 6-30-2014;

G.M. No. 619 KAINOA DAINES, for a term to expire 6-30-2014; and

G.M. No. 715 ELMER KAAI, for a term to expire 6-30-2017

LU ANN LANFORD-FABORITO

Your Committee received testimony in support of Lu Ann Lankford-Faborito from the Department of Accounting and General Services, Association of Hawaiian Civic Clubs, King Kamehameha Celebration Commission, and five individuals. The Department of Accounting and General Services testified that section 8-5, Hawaii Revised Statutes, requires one member of the King Kamehameha Celebration Commission to be a member of the Association of Hawaiian Civic Clubs, and that Ms. Lankford-Faborito is such a member.

Ms. Lankford-Faborito is the Controller and Administrator of Latigo Construction, Inc., and Latigo Ranch, LLC. Ms. Lankford-Faborito is a volunteer with the Hawaii Food Bank, Kawaihau Church Homeless Outreach Program, Hawaii Women's Rodeo Association, Pearl Harbor Hawaiian Civic Club, and Makaha Hawaiian Civic Club. Ms. Lankford-Faborito served as the Chairperson of the 2013 Prince Kuhio Commemorative Parade and has participated in or supported the King Kamehameha Festival in various capacities for almost twenty years. She currently serves as a member of the King Kamehameha Celebration Commission.

MELISSIA MAE SUGAI

Your Committee received testimony in support of Melissa Mae Sugai from the Department of Accounting and General Services, Mayor of Kauai County, and six individuals. The Department of Accounting and General Services testified that section 8-5, Hawaii Revised Statutes, requires that one member of the King Kamehameha Celebration Commission be from the island of Kauai, and that Ms. Sugai is a resident of Kauai.

Ms. Sugai works as a Project Administrator with Unlimited Construction Services, Inc., and as a show supervisor at Smith's Tropical Paradise, where she coordinates and oversees the production of the Ethnic Cultural Show. Ms. Sugai has been a past board member of the King Kamehameha Celebration Commission and is presently serving as an interim member of the Commission. In the past, Ms. Sugai has also participated in the King Kamehameha parade as a Pa'u rider.

KAINOA DAINES

Your Committee received testimony in support of Kainoa Daines from the Department of Accounting and General Services and two individuals. The Department of Accounting and General Services testified that section 8-5, Hawaii Revised Statutes, requires that one member of the King Kamehameha Celebration Commission be a member of the Kamehameha Schools Alumni Association, and that Mr. Daines is such a member.

Mr. Daines is the Director of Sales for the Oahu Visitors Bureau and Hawaiian Cultural Advisor of the Hawaii Visitors & Convention Bureau. Mr. Daines is a member of the Native Hawaiian Hospitality Association, Hawaii Hospitality Sales & Marketing Association, Hawaii Business Travel Association, Kamehameha Schools Alumni Association, and Kamehameha Alumni Networking Association. Mr. Daines currently serves as a Vice-President of the Oahu Region of the Kamehameha Schools Alumni Association. In 2009, Mr. Daines served as Chairperson of the King Kamehameha Celebration Commission, and has served as the Chairperson of the King Kamehameha Parade for the past three years.

ELMER KAAI

Your committee received testimony in support of Elmer Kaai from the Department of Accounting and General Services, Association of Hawaiian Civic Clubs, and twelve individuals. The Department of Accounting and General Services testified that

section 8-5, Hawaii Revised Statutes, requires that one member of the King Kamehameha Celebration Commission be a member of the Royal Order of Kamehameha I, and that Mr. Kaai is such a member.

Mr. Kaai is a legislative liaison coordinator for the University of Hawaii, Manoa. Mr. Kaai has worked for the Department of Hawaiian Homes Lands, Hawaii State Legislature, and in various capacities in private law firms in Hawaii. Mr. Kaai is a member of the Royal Order of Kamehameha, Hawaiian Civic Club of Honolulu, Kuini Piolani Hawaiian Civic Club, Democratic Party of Hawaii, and Native Hawaiian Chamber of Commerce. He is currently the Chairperson of the King Kamehameha Celebration Commission.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
For Gov. Msg. Nos. 524, 525, and 619:  
Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Wakai).

For Gov. Msg. No. 715:  
Ayes, 5. Noes, none. Excused, 2 (Baker, Chun Oakland).

**SCRep. 1553 Human Services on Gov. Msg. Nos. 745 and 769**

Recommending that the Senate advise and consent to the nominations of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

G.M. No. 745 JOY MIYASAKI, for a term to expire 6-30-2017; and  
G.M. No. 769 MAEONA MENDELSON, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories and statements submitted by the nominees and finds Joy Miyasaki and Maeona Mendelson to possess the requisite qualifications to be nominated to the Policy Advisory Board for Elder Affairs.

JOY MIYASAKI

Your Committee received testimony in support of Joy Miyasaki from the Executive Office on Aging, Policy Advisory Board for Elder Affairs, Project Dana, and one individual.

Ms. Miyasaki has been practicing law for over thirty years, working primarily in the estate and tax planning area. She works with many elderly clients and observes the personal and financial issues that these individuals and their families face. Ms. Miyasaki also teaches estate planning as an adjunct faculty member at the University of Hawaii William S. Richardson School of Law and was selected as an Adjunct Professor of the Year in 2008. She holds a Bachelor of Arts degree and Juris Doctorate from Georgetown University.

Along with her many accomplishments, Ms. Miyasaki is a Fellow of the American College of Trust and Estate Counsel, a national organization of approximately 2,600 lawyers elected to membership by demonstrating the highest level of integrity, competence, and experience as trust and estate counselors. She is an Editorial Board Member of *Practical Lawyer* magazine and the current President of the Hawaii Estate Planning Council.

In the past, Ms. Miyasaki served as Chair of the Tax Section and Chair of the Probate and Estate Planning Section of the Hawaii State Bar Association. She also served as President of Hawaii Women Lawyers and President of the Board of Directors of the Hawaii Women's Legal Foundation.

Ms. Miyasaki indicated in her personal statement that she hopes to address some of the problems relating to aging in the areas of financial abuse and navigating the care system.

Your Committee finds that Ms. Miyasaki's past experiences in practicing law and education, as well as her continuing commitment to issues relating to elders, will be great assets to the Board.

MAEONA MENDELSON

Your Committee received testimony in support of Maeona Mendelson from the Executive Office on Aging, State Task Force on Alzheimer's Disease and Related Dementias, Kapiolani Community College Kupuna Education Center, Office of the Morocco Honorary Consulate, AARP Hawaii, ASN Consulting Services, and two individuals.

Dr. Mendelson is currently the Director of the Intergenerational Center at Chaminade University, whose purpose is to help create a campus where older adults are integrated into campus life as students, mentors, volunteers, and teachers. She received a Doctorate of Philosophy in Social Welfare from the University of Hawaii, a Master of Social Work from the School of Social Work at the University of Hawaii, and a Bachelor's degree from the School of International Science at American University. She also authored two articles in the Japanese journal, *Gendai no Esupuri*, and co-edited a special edition of the *Journal of Intergenerational Relationships*.

In the past, Dr. Mendelson served as the Executive Director of the Hawaii Intergenerational Network and taught as an adjunct professor at Hawaii Pacific University and the School of Social Work at the University of Hawaii. She also served as a Community Planner and Program Director for the Hawaii Community Services Council and President of AARP Hawaii.

Dr. Mendelson indicated in her personal statement that she hopes to see a shift in mindset, moving from viewing aging as a problem to a model where older people are seen as resources and an emphasis is placed on wellness, staying active, remaining or returning to work, serving others, and making good personal choices.

Your Committee finds that Dr. Mendelson's past experiences with Hawaii's aging population, as well as her continuing commitment to issues relating to elders, will be great assets to the Board.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 1554 Transportation and International Affairs on Gov. Msg. No. 790**

Recommending that the Senate advise and consent to the nomination of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 790 JOVANIE DE LA CRUZ, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jovanie de la Cruz to possess the requisite qualifications to be nominated to the State Highway Safety Council.

Your Committee received testimony in support of the nominee from the Department of Transportation, National Federation of Filipino American Associations, Filipinos for Affirmative Action, Filipino American Citizens League, United Filipino Council of Hawaii, Filipino Coalition for Solidarity, and two individuals.

Jovanie de la Cruz received a Bachelor's degree in Political Science and a Bachelor's degree in Filipino and Philippine Literature, as well as a Certificate in Law and Society from the University of Hawai'i at Manoa, where he was on the Dean's List every semester from the Fall 2006 to graduation in Spring 2010. The nominee currently teaches in the Department of Indo-Pacific Languages and Literatures at the University of Hawai'i at Manoa, where he lectures in Filipino language and culture courses. He is a language translator of Filipino and Ilokano languages, and is active in various community programs relating to Filipino culture and languages.

Your Committee notes from the testimony that Jovanie de la Cruz is thoughtful and diligent in his analysis and is deeply committed to making Hawaii a better and safer place to live. He endeavors to understand complex issues and is an effective consensus builder who is modest and unassuming.

Your Committee further notes the following excerpt from the nominee's personal statement, "Being a member of the State Highway Safety Council means that I must be an active advocate of safety for State Highway users...I would say that the three qualities that best describe me are passionate, team-player, and dedicated....My dedication to serve our great State will benefit the Council."

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Keith-Agaran, Kouchi, Slom).

**SCRep. 1555 Commerce and Consumer Protection on Gov. Msg. Nos. 721 and 724**

Recommending that the Senate advise and consent to the nominations of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 721 DENNIS SHORT, for a term to expire 6-30-2017; and

G.M. No. 724 WERNER UMBHAU, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Dennis Short and Werner Umbhau to possess the requisite qualifications to be nominated to the Motor Vehicle Industry Licensing Board.

DENNIS SHORT

Your Committee received testimony in support of the nomination of Dennis Short from the Department of Commerce and Consumer Protection and Hawaii Automobile Dealers' Association.

Upon review of the testimony, your Committee finds that Mr. Short's background, experience, and desire to contribute to the community qualify him for reappointment to the Motor Vehicle Industry Licensing Board as an industry member. Your Committee notes that Mr. Short has over forty years of experience with the automotive industry in Hawaii. Mr. Short is the President and General Manager of BMW of Honolulu and was named the Hawaii State Dealer of the Year in 2008. Mr. Short has served on the Motor Vehicle Industry Licensing Board since July 2009, and his active participation during meeting discussions and knowledge of the motor vehicle industry continue to enhance the effectiveness of the Board. Your Committee further finds that Mr. Short has been reappointed to the Motor Vehicle Industry Licensing Board based on his knowledge, experience, and commitment to upholding the integrity of the automotive industry.

WERNER UMBHAU

Your Committee received testimony in support of the nomination of Werner Umbhau from the Department of Commerce and Consumer Affairs and Hawaii Automobile Dealers' Association.

Upon review of the testimony, your Committee finds that Mr. Umbhau's knowledge, experience, and desire to serve the community qualify him for reappointment to the Motor Vehicle Industry Licensing Board as a public member. Your Committee notes that Mr. Umbhau has served on the Motor Vehicle Industry Licensing Board since April 2007, has served as the Board's Chairperson since 2009, and has attended all thirty-six board meetings since his appointment. Mr. Umbhau spent his career as a consumer banker serving the financial needs of automotive dealers and their consumer clients and understands the challenges faced by the automotive industry and the need for strong consumer protection laws. Your Committee further finds that Mr. Umbhau's ability to lead thoughtful discussions among fellow board members continues to enhance the effectiveness of the Motor Vehicle Industry Licensing Board and recommends his reappointment based on his background, experience, and desire to protect consumers and their rights.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1556 Commerce and Consumer Protection on Gov. Msg. Nos. 722 and 764**

Recommending that the Senate advise and consent to the nominations of the following:

PEST CONTROL BOARD

G.M. No. 722 ALVIN FUKUYAMA, for a term to expire 6-30-2017; and

G.M. No. 764 TERRANCE MANAGO, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Alvin Fukuyama and Terrance Manago to possess the requisite qualifications to be nominated to the Pest Control Board.

ALVIN FUKUYAMA

Your Committee received testimony in support of the nomination of Alvin Fukuyama from the Department of Commerce and Consumer Protection, Hawaii Pest Control Association, and one individual.

Upon review of the testimony, your Committee finds that Mr. Fukuyama's background, experience, and desire to serve the public qualify him for reappointment to the Pest Control Board as a licensee member. Your Committee notes that Mr. Fukuyama is the President of State Termite & Pest Control, Inc., and has been licensed as a pest control operator since 1984. Your Committee further finds that Mr. Fukuyama has been an active member of the pest control industry for many years, including serving as past President of the Hawaii Pest Control Association. Mr. Fukuyama has also been a member of the Pest Control Board since June 2007 and currently serves as the Board's Vice Chairperson. Your Committee further finds that Mr. Fukuyama has extensive knowledge of the pest control industry, proven leadership abilities, and a desire to contribute to the community, and therefore recommends his reappointment to the Pest Control Board as a licensee member.

TERRANCE MANAGO

Your Committee received testimony in support of the nomination of Terrance Manago from the Department of Commerce and Consumer Protection, Hawaii Pest Control Association, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Manago's knowledge, experience, and desire to serve the public qualify him for appointment to the Pest Control Board as a licensee member. Your Committee notes that Mr. Manago is the owner and operator of Hawaii Pest Solutions and has almost thirty years of experience in the pest control industry. Mr. Manago's extensive experience has also given him a unique perspective regarding meeting consumers' expectations and upholding the standards of the pest control industry. Your Committee further finds that Mr. Manago has been an active member of the Hawaii Pest Control Association for many years, including serving on a variety of committees within the Association and as past President. Your Committee also finds that Mr. Manago understands the role and responsibilities of board members and has been appointed to the Pest Control Board based on his extensive background, knowledge, and commitment to serving the community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1557 Commerce and Consumer Protection on Gov. Msg. No. 723**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 723 GARRETT LAU, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Garrett Lau to possess the requisite qualifications to be nominated to the Board of Pharmacy.

Your Committee received testimony in support of the nomination of Garrett Lau from the Department of Commerce and Consumer Protection, Ho'ola Lahui Hawai'i, and one individual.

Upon review of the testimony, your Committee finds that Mr. Lau's experience, commitment to the community, and proven leadership qualify him for reappointment to the Board of Pharmacy as a licensee member representing Kauai County. Your Committee notes that Mr. Lau has been a licensed pharmacist since 1995 and currently serves as the Director of Pharmacy at the Ho'ola Lahui Hawai'i pharmacy and as a pharmacist in the United States Navy Reserve Medical Service Corps. Mr. Lau is familiar with state and federal laws governing pharmacies and has experience in traditional retail pharmacy and Federally Qualified Health Center pharmacy settings. Mr. Lau has also served on the Board of Pharmacy since 2009 and has represented the Board at several National Association of Boards of Pharmacy law review sessions for Hawaii's pharmacy law exam. Your Committee further finds that Mr. Lau has a thorough understanding of the role and responsibilities of board members and recommends Mr. Lau's reappointment to the Board of Pharmacy based on his extensive experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1558 Commerce and Consumer Protection on Gov. Msg. Nos. 725 and 760**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 725 CRAIG MURAYAMA, for a term to expire 6-30-2016; and

G.M. No. 760 RICHARD SUZUKI, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Craig Murayama and Richard Suzuki to possess the requisite qualifications to be nominated to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

CRAIG MURAYAMA

Your Committee received testimony in support of the nomination of Craig Murayama from the Department of Commerce and Consumer Affairs; Mechanical Engineers of Hawaii Corporation; Ronald N.S. Ho & Associates, Inc.; and R.M. Towill Corporation.

Upon review of the testimony, your Committee finds that Mr. Murayama's professional background, experience, and desire to contribute to the community qualify him for appointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as an architect member. Your Committee notes that Mr. Murayama has over three decades of experience in the architectural field and is professionally licensed in California and Hawaii. Mr. Murayama is the Owner and Director of KYA Design Group, Inc., and has worked on a variety of significant architectural projects, including private sector and government buildings, throughout his career. Mr. Murayama is also familiar with board procedures and protocol by virtue of his prior experience serving on the Maui County Urban Design Review Board. Your Committee further finds that Mr. Murayama is well-qualified to serve on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and recommends that Mr. Murayama be appointed to the Board based on his knowledge, experience, and commitment to his profession and public service.

RICHARD SUZUKI

Your Committee received testimony in support of the nomination of Richard Suzuki from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Mr. Suzuki's professional background, experience, and dedication to public service qualify him for appointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a civil engineer member. Your Committee notes that Mr. Suzuki has been licensed in Hawaii as a civil engineer since 1969 and has held positions of responsibility with the State of Hawaii, City and County of Honolulu, and URS Corporation. Mr. Suzuki has remained active in local and national associations, including the National Council of Examiners for Engineers and Surveyors, in an effort to improve the quality of his profession. Mr. Suzuki is also familiar with board procedures and protocol by virtue of his prior experience serving on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee further finds that Mr. Suzuki is well-qualified to serve on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and recommends that Mr. Suzuki be appointed to the Board based on his knowledge, experience, and desire to contribute to his profession and his community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1559 Commerce and Consumer Protection on Gov. Msg. Nos. 761, 762, and 763**

Recommending that the Senate advise and consent to the nominations of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 761 ALDON MOCHIDA, for a term to expire 6-30-2017;

G.M. No. 762 WILLIAM KAMAI, for a term to expire 6-30-2017; and

G.M. No. 763 LES BOTELHO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Aldon Mochida, William Kamai, and Les Botelho to possess the requisite qualifications to be nominated to the Contractors License Board.

#### ALDON MOCHIDA

Your Committee received testimony in support of the nomination of Aldon Mochida from the Department of Commerce and Consumer Affairs; General Contractors Association of Hawaii; Building Industry Association of Hawaii; Hawaii Laborers-Employers Cooperation and Education Trust; The Pacific Resource Partnership; Royal Contracting Co., Ltd.; Hawai'i Construction Alliance; and Hawaii Masons Union, Local 1 and Local 630.

Upon review of the testimony, your Committee finds that Mr. Mochida's background, experience, and commitment to public service qualify him for reappointment to the Contractors License Board as a licensee member. Your Committee notes that Mr. Mochida has been in the construction industry for over three decades and has been licensed as a contractor in Hawaii since 2005. Mr. Mochida holds the general engineering and general building license classifications and was previously with the Hawaiian Dredging Construction Company until his retirement in 2005. Mr. Mochida is currently the responsible managing employee of the family-owned company he founded in 2005, Pro-Bilt Construction Company, Inc. Mr. Mochida has served as an industry member on the Contractors License Board since July 2009 and has a thorough understanding of the role and responsibilities of board members. Your Committee further finds that Mr. Mochida has been reappointed to the Contractors License Board based on his experience, knowledge of the industry, and desire to contribute to the community.

#### WILLIAM KAMAI

Your Committee received testimony in support of the nomination of William Kamai from the Department of Commerce and Consumer Affairs; General Contractors Association of Hawaii; Building Industry Association of Hawaii; Hawaii Regional Council of Carpenters; Hawaii Laborers-Employers Cooperation and Education Trust; The Pacific Resource Partnership; Royal Contracting Co., Ltd.; Hawai'i Construction Alliance; and Hawaii Masons Union, Local 1 and Local 630.

Upon review of the testimony, your Committee finds that Mr. Kamai's knowledge, background, and prior experience qualify him for reappointment to the Contractors License Board as a public member. Your Committee notes that Mr. Kamai has over thirty years of experience in the construction industry, is a member of the Hawaii Carpenters Union, and has worked for the Hawaii Regional Council of Carpenters since 2001. Mr. Kamai is a dedicated member of his community and has volunteered his time with the March of Dimes, American Cancer Society, and the Maui Mental Health Association. Mr. Kamai is familiar with board procedures and protocol by virtue of his experience serving on various boards, including the Maui County Board of Water Supply and Maui County Board of Variances and Appeals. Your Committee further finds that Mr. Kamai has served as a public member on the Contractors License Board since July 2009 and recommends his reappointment based on his background, experience, and commitment to public service.

#### LES BOTELHO

Your Committee received testimony in support of the nomination of Les Botelho from the Department of Commerce and Consumer Affairs; County of Hawai'i, Office of the Mayor; County of Hawai'i, Office of the Corporation Counsel; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Botelho's knowledge, background, and commitment to public service qualify him for appointment to the Contractors License Board as a public member. Your Committee notes that Mr. Botelho has forty years of experience in a variety of construction and construction-related positions. Mr. Botelho has worked in the public and private sectors, including twenty years of service with the County of Hawaii Department of Public Works and, more recently, as owner and supervisor of his trucking company, L & B Trucking, LLC. Mr. Botelho is active in his community and has served on the Governor's East Hawaii Advisory Board and held several positions with the Democratic Party of Hawaii, District 2. Your Committee further finds that Mr. Botelho has a thorough understanding of the role and responsibilities of board members and recommends his appointment to the Contractors License Board as a public member based on his background, experience, and dedication to serving his community.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

#### **SCRep. 1560 Commerce and Consumer Protection on Gov. Msg. No. 765**

Recommending that the Senate advise and consent to the nomination of the following:

#### REAL ESTATE COMMISSION

G.M. No. 765 LAURIE LEE, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Laurie Lee to possess the requisite qualifications to be nominated to the Real Estate Commission.

Your Committee received testimony in support of the nomination of Laurie Lee from the Department of Commerce and Consumer Affairs; Hawai'i Association of REALTORS; Dawson Dermatology, LLC; Stanford Carr Development, LLC; and four individuals.

Upon review of the testimony, your Committee finds that Ms. Lee's background, experience, and commitment to public service qualify her for appointment to the Real Estate Commission as a licensee member. Your Committee notes that Ms. Lee is a licensed Real Estate Salesperson and Real Estate Broker with over twenty years of experience in the real estate industry. Ms. Lee has been involved in many facets of real estate throughout her career, including new home sales, general brokerage sales, and project management. Ms. Lee is currently the Principal Broker of Pacific Island Realty and the exclusive Broker for Stanford Carr

Development, LLC, and also oversees four agents on the islands of Maui and Hawaii. Your Committee further finds that Ms. Lee has a thorough understanding of the role and responsibilities of board members and has been appointed to the Real Estate Commission based on her extensive experience, knowledge, and dedication to maintaining professional standards and protecting consumers in her industry.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1561 Commerce and Consumer Protection on Gov. Msg. No. 780**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 780 CARLETON WILLIAMS, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Carleton Williams to possess the requisite qualifications to be nominated to the State Board of Public Accountancy.

Your Committee received testimony in support of the nomination of Carleton Williams from the Department of Commerce and Consumer Affairs, Hawaii Society of Certified Public Accountants, American Savings Bank, Easter Seals Hawaii, Deloitte & Touche LLP, Roman Catholic Church in the State of Hawaii, Agricultural Leadership Foundation of Hawai'i, and eight individuals.

Upon review of the testimony, your Committee finds that Mr. Williams' background, experience, and commitment to serving the public qualify him for appointment to the State Board of Public Accountancy as a licensee member. Your Committee notes that Mr. Williams has been licensed as a Certified Public Accountant in Hawaii for over thirty years and currently serves as the Managing Partner of CW Associates, CPAs. Mr. Williams is committed to public service and has been an active member of several community and professional groups, including serving as past President of the Hawaii Society of Certified Public Accountants, Agricultural Leadership Foundation of Hawaii, and Easter Seals Hawaii. Mr. Williams also served on a committee that designed and implemented the peer review process for public accountancy firms in Hawaii, an experience which will be helpful to the State Board of Public Accountancy. Your Committee further finds that Mr. Williams has a thorough understanding of the role and responsibilities of board members and recommends that he be appointed to the State Board of Public Accountancy based on his knowledge, extensive experience, and dedication to community service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1562 Commerce and Consumer Protection on Gov. Msg. No. 782**

Recommending that the Senate advise and consent to the nomination of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 782 JAMES WILBURN, JR., for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds James Wilburn, Jr., to possess the requisite qualifications to be nominated to the Elevator Mechanics Licensing Board.

Your Committee received testimony in support of the nomination of James Wilburn, Jr., from the Department of Commerce and Consumer Affairs and International Union of Elevator Constructors, Local 126.

Upon review of the testimony, your Committee finds that Mr. Wilburn's background, experience, and commitment to his industry qualify him for appointment to the Elevator Mechanics Licensing Board as a licensee member. Your Committee notes that Mr. Wilburn has been a licensed elevator mechanic in Hawaii since 2001 and is currently employed at ThyssenKrupp Elevator. Mr. Wilburn previously served in the United States Air Force and the Hawaii Air National Guard and has worked on federal military bases for the past eight years. Mr. Wilburn's service as a member of the International Union of Elevator Constructors, Local 126 Executive Board is valuable experience that will enhance the effectiveness of the Elevator Mechanics Licensing Board. Your Committee further finds that Mr. Wilburn has a thorough understanding of the role and responsibilities of board members and recommends his appointment to the Elevator Mechanics Licensing Board based on his knowledge, experience, and dedication to ensuring public safety in his industry.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Wakai).

**SCRep. 1563 Education on Gov. Msg. No. 746**

Recommending that the Senate advise and consent to the nomination of the following:

EDUCATION COMMISSION OF THE STATES

G.M. No. 746 JOAN HUSTED, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Joan Husted to possess the requisite qualifications to be nominated to the Education Commission of the States.

Your Committee received testimony in support of the nomination of Joan Husted from the Governor, ILWU Local 142, and twelve individuals.

Your Committee finds that Joan Husted received a Baccalaureate of Philosophy degree from Siena Heights University. She went on to receive a Master's degree from the University of Michigan.

Ms. Husted served as a school counselor at King Intermediate School and as a district resource teacher for the Windward District of the Department of Education.

Ms. Husted also served as the Executive Director of the Hawaii State Teachers Association (HSTA) for over thirty years, retiring in December 2007. During that time, Ms. Husted served as HSTA's chief negotiator and negotiated over fifteen collective bargaining agreements, including the first statewide bargaining agreement in the United States.

Ms. Husted has also served as the Chair and a member of the State Commission on the Status of Women. She is currently a member of the Board of Directors of the Aloha United Way and PBS Hawaii. She is also a member of the Industrial Relations Research Association.

Ms. Husted testified that her long-term goal as a member of the Education Commission of the States is to help establish a stronger relationship between the Commission and education stakeholders in Hawaii so that Hawaii can make extensive use of the resources that the Commission has to offer.

Ms. Husted's diverse experience, knowledge, and background as an educator and executive make her an excellent addition to the Education Commission of the States.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

**SCRep. 1564 Education on Gov. Msg. Nos. 747, 748, 749, and 750**

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING ADVISORY BOARD

G.M. No. 747 LYNN CABATO, for a term to expire 6-30-2015;

G.M. No. 748 MAUREEN RAWLINS, for a term to expire 6-30-2014;

G.M. No. 749 KERRIE UROSEVICH, for a term to expire 6-30-2014; and

G.M. No. 750 BENJAMIN NAKI III, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Lynn Cabato, Maureen Rawlins, Kerrie Urosevich, and Benjamin Naki III to possess the requisite qualifications to be nominated to the Early Learning Advisory Board.

LYNN CABATO

Your Committee received testimony in support of the nomination of Lynn Cabato from the Executive Office on Early Learning; Honolulu Community Action Program, Inc.; and six individuals.

Your Committee finds that Ms. Cabato is a graduate of the University of Hawaii at Manoa, where she earned a Bachelor of Science degree in Human Development.

Ms. Cabato is currently the Director of the Head Start Program at Honolulu Community Action Program, Inc. (HCAP). Prior to this, she served as the Assistant Director, Program Manager, Family Services Coordinator, Teacher, and Social Service Aide for HCAP's Head Start Program.

Ms. Cabato is also a member of the National/Regional Head Start Association, Vice President of the Head Start Association of Hawaii, and a former Board Member of the Good Beginnings Alliance.

Ms. Cabato testified that in over thirty years of experience in early learning, she has seen the tremendous importance early learning plays in children's success throughout life.

Ms. Cabato also testified that one of her goals as a member of the Early Learning Advisory Council is to continue to help build the capacity of the Executive Office on Early Learning and strengthen the alignment of policies and programs between the Executive Office on Learning and the Department of Education.

Ms. Cabato's over thirty years of experience in the early learning field will be an asset to the Early Learning Advisory Council.

MAUREEN RAWLINS

Your Committee received testimony in support of the nomination of Maureen Rawlins from the Executive Office on Early Learning, Office of Hawaiian Affairs, Native Hawaiian Education Council, Hawaii Business Roundtable, Ke Kula 'O Nāwahīkalanī'ōpu'u Iki Charter School, 'Imiloa Astronomy of Hawai'i at the University of Hawai'i at Hilo, Aha Pūnana Leo, and seven individuals.

Your Committee finds that Maureen Rawlins received a Bachelor's degree in Hawaiian Studies from the University of Hawaii at Hilo. She is currently working toward earning a Master's degree in Hawaiian Language and Literature from the University of Hawaii at Hilo.

Most recently, Ms. Rawlins served as the Executive Director of 'Aha Pūnana Leo, Inc.

Ms. Rawlins is a past Chair of, and currently sits on, the Executive Council of the Native Hawaiian Education Statewide Council. She also serves on the Board of Directors of the Council for Native Hawaiian Advancement.

Ms. Rawlins has participated as a presenter, panelist, and key note speaker at numerous conferences relating to native languages. In 2011, Ms. Rawlins was the keynote speaker at the United States Department of Education's Native American Language Program.

Ms. Rawlins testified that her role on the Early Learning Advisory Council is to advise the Executive Office on Learning on the best ways to meet the educational needs of all children who participate in the State's early learning program. She noted that she is also in the unique position of being able to serve as a bridge between a statewide early learning program and the Hawaiian language immersion program.

Ms. Rawlins' tremendous expertise and experience with the Hawaiian language will provide the Early Learning Advisory Board with a unique perspective and assist the Board with addressing Hawaii's highly distinctive situation of having two official state languages and providing public education in English and the Native Hawaiian language.

KERRIE UROSEVICH

Your Committee received testimony in support of the nomination of Kerrie Urosevich from the Executive Office on Early Learning, Hui for Excellence in Education, YMCA of Honolulu, and thirteen individuals.

Your Committee finds that Kerrie Urosevich received Bachelor's degrees in Psychology and Japanese from Gustavus Adolphus College. She went on to receive a Master's degree in International Policy Studies from the Monterey Institute of International Studies, specializing in Conflict Resolution. She is currently a candidate for a Doctorate of Philosophy in Political Science at the University of Hawai'i at Manoa.

Ms. Urosevich is currently the Executive Director of Family Hui, an organization that supports families with children from birth through age five, focusing on a peer-led, neighborhood-based framework.

Ms. Urosevich has volunteered her time as a member of the Board of Directors of the Association for Conflict Resolution, Hawaii Chapter; with the Southern Poverty Law Center; and with the International Development Council, among other organizations.

Ms. Urosevich testified that her goal as a member of the Early Learning Advisory Board is to ensure that the early learning system focuses not only on serving all four years, but also on ensuring that the early learning system includes younger children. Ms. Urosevich also stressed the importance of continuing to focus on strengthening school and family partnerships.

Ms. Urosevich's educational and executive experience, with an emphasis on collaboration and public service, will serve her well as the parent representative on the Early Learning Advisory Board and in representing the diverse needs of Hawaii's families.

BENJAMIN NAKI III

Your Committee received testimony in support of the nomination of Benjamin Naki III from the Governor, Executive Office on Early Learning, Department of Health, Parents and Children Together, and seven individuals.

Your Committee finds that Mr. Naki is a graduate of Kamehameha Schools. He went on to attend Kapiolani College and the University of Hawaii, where he received a Bachelor's degree in Family Resources. He received a Master's degree in Counseling and Psychology from Chaminade University.

Mr. Naki is the Program Director for the Parents and Children Together (PACT) Early Head Start/Head Start Program (Program). Prior to this, he served as the Assistant Director of the Program, the Comprehensive Service Manager, and Family Services Coordinator. Mr. Naki has also served as a Father Facilitator for PACT's Hui Makuakane Program.

Mr. Naki volunteers much of his time with early education programs including the Head Start Association of Hawaii and the Board of Directors of the Region IX Head Start Association. He has also served as a Co-Chair for the Hawaii Coalition for Dads and as a Nurturing Families Facilitator.

Mr. Naki is also a past participant of the UCLA/Johnson & Johnson Head Start Management Fellows Program.

Mr. Naki testified that he believes the Early Learning Advisory Council should focus on establishing standards for the statewide early learning program, the recruitment of qualified early learning staff, the role of higher education, and building public and private collaborations to support the statewide early learning program.

Mr. Naki has a strong background in early education and family engagement, and these qualities will make him an excellent addition to the Early Learning Advisory Board.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
For Gov. Msg. Nos. 747, 748, and 749:  
Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

For Gov. Msg. No. 750:  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

**SCRep. 1565 Education on Gov. Msg. No. 751**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII TEACHER STANDARDS BOARD

G.M. No. 751 VOLETTA NOE NOE TOM, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Voletta Noe Noe Tom to possess the requisite qualifications to be nominated to the Hawaii Teacher Standards Board.

Your Committee received testimony in support of the nomination of Voletta Noe Noe Tom from the Governor, Hawaii Teacher Standards Board, Hawai'i P-20 Partnerships for Education, and three individuals.

Your Committee finds that Voletta Noe Noe Tom is a graduate of Kamehameha Schools. She went on to receive a Bachelor's degree in Education from the University of Hawaii at Manoa.

Ms. Tom served for over thirty years with the Department of Commerce and Consumer Affairs (DCCA) in numerous roles, including Deputy Director, Executive Officer, Licensing Administrator, and Investigator and Liaison Officer.

Upon her retirement from the DCCA, Ms. Tom served as an independent consultant to the Department of Education in its 2010 application to the United States Department of Education for the Race to the Top Grant. She continues to serve the Department of Education on a temporary basis, assisting the Department with its administrative rules process and serving as its legislative liaison during the 2013 Regular Session.

Ms. Tom currently sits as a member of the Hawaii Teacher Standards Board and testified that her goal continues to be to streamline the licensing process and make the Hawaii Teacher Standards Board self-sufficient. Ms. Tom further testified that she believes that the Hawaii Teacher Standards Board has made great strides in improving its licensing procedures, communicating with its constituents, and engaging stakeholder input and recommendations.

Ms. Tom's long and extensive background with regulating various industries will continue to provide her with a unique perspective as a member of the Hawaii Teacher Standards Board and will assist the Board in meeting its mission of licensing quality teachers in the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

**SCRep. 1566 Education on Gov. Msg. No. 779**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF EDUCATION

G.M. No. 779 BRIAN DELIMA, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Brian De Lima to possess the requisite qualifications to be nominated to the Board of Education.

Your Committee received testimony in support of the nomination of Brian De Lima from the Governor; Board of Education; Hui for Excellence in Education; Special Education Advisory Council; Keaukaha Community Association; United Public Workers, AFSCME, Local 646, AFL-CIO; ILWU Local 142; and twenty-six individuals. Your Committee received comments from one individual.

Your Committee finds that Brian De Lima is a graduate of Hilo High School and served as the Board of Education's first student member in 1972. He then went on to receive his undergraduate degree from the University of Massachusetts at Amherst and his Juris Doctorate degree from the William S. Richardson School of Law at the University of Hawaii at Manoa.

Mr. De Lima is an experienced trial attorney and a partner at the law firm of Crudele & De Lima. He served for nearly a decade as the private bar attorney for the Legal Aid Society of Hawaii in Hilo. Mr. De Lima continues to provide pro bono legal services for family law clients and participates in the Hawaii Lawyers Care Family Law Clinic. Mr. De Lima has been recognized and honored as having the highest number of pro bono hours among attorneys in Hilo.

Mr. De Lima also served three terms as a member of the Hawai'i County Council and has extensive knowledge in planning, land use development, public works, and government financing.

Mr. De Lima has been serving on the Board of Education since 2011, representing the island of Hawaii and serving as the Board's Vice Chair. He has proven himself to be extremely passionate about public education and always takes the time to examine and understand the issues before the Board of Education. Mr. De Lima believes that the Board of Education has been aggressively addressing various issues facing the Department of Education. He helped lead the effort to establish a comprehensive strategic plan that focuses on student achievement. He was also instrumental in the effort to adopt an audit plan for the Department of Education.

Mr. De Lima further testified that his goal as a member of the Board of Education is to continue to work cooperatively with the members of the Board, Department of Education, and all stakeholders to continue to improve public education in the State. Mr. De Lima also hopes that, as a parent of a special needs child, he can continue to be a voice for parents of special needs children to the Board of Education.

Mr. De Lima's professional background, community involvement, and his current service as a member of the Board of Education provide him with the skills and insight necessary to continue to be an effective member of the Board of Education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Shimabukuro, Slom).

**SCRep. 1567 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. No. 732**

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL DEFENSE ADVISORY COUNCIL

G.M. No. 732 SHELDON LEHMAN, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Sheldon Lehman to possess the requisite qualifications to be nominated to the Civil Defense Advisory Council.

Your Committee received testimony in support of the nomination of Sheldon Lehman from the Department of Defense, State of Hawaii; State Civil Defense; Civil Defense Advisory Council; Experimental Aircraft Association of Hilo, Chapter 1182; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts (IATSE) Local 665; and eighteen individuals.

As the Owner-Operator of Wendin Sheldon & Company, Mr. Lehman worked with Hawaii County Civil Defense to move homes during lava emergencies. Mr. Lehman serves as the Captain of the Hawaii County Volunteer Fire Department 5-Bravo and has completed the Hazardous Materials (HAZMAT) and other National Incident Management System (NIMS) courses. Mr. Lehman also has a broad background in supporting emergency and consequence management efforts in Hawaii.

Your Committee further finds that Mr. Lehman has a thorough understanding of the role and responsibilities of Council members and recommends Mr. Lehman's appointment to the Civil Defense Advisory Council based on his extensive experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1568 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. No. 772**

Recommending that the Senate advise and consent to the nomination of the following:

CRIME VICTIM COMPENSATION COMMISSION

G.M. No. 772 ABELINA SHAW, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Abelina Shaw to possess the requisite qualifications to be nominated to the Crime Victim Compensation Commission.

Your Committee received testimony in support of the nomination of Abelina Shaw from the Department of Public Safety, Crime Victim Compensation Commission, National Federation of Filipino American Associations, United Filipino Council of Hawaii, Filipino Coalition for Solidarity, Filipino American Citizens League, Filipinos for Affirmative Action, Advantage Health Care Provider, and seven individuals.

Ms. Shaw received her Juris Doctorate, Master of Arts in Communication, and Bachelor of Education degrees from the University of Hawaii. She currently works in private practice at the Law Office of Abelina Madrid Shaw, LLC.

Your Committee finds that Ms. Shaw is an experienced legal advocate and has served Hawaii in various capacities, including in the legislative, executive, and judicial branches of government. Additionally, Ms. Shaw has worked on many community projects relating to education, women's rights, civil rights, and non-discrimination.

Your Committee finds that Ms. Shaw has been appointed to the Crime Victim Compensation Commission based on her vast knowledge, relevant experience, and deep commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1569 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. No. 786**

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 786 PATRICIA WIELAND, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Patricia Wieland to possess the requisite qualifications to be nominated to the Advisory Board on Veterans' Services.

Your Committee received testimony in support of the nomination of Ms. Wieland from the State Office of Veterans Services and six individuals.

Ms. Wieland served twenty-one years in the United States Navy Reserve. She currently works as the Veterans Affairs Voluntary Service Manager, where she has increased the veterans' affairs volunteer team from twenty volunteers to over 250 volunteers statewide. Ms. Wieland's community service includes work with the Palehua Hale, Sacred Heart Church, and the American Legion.

Your Committee finds that over the past four years, Ms. Wieland has done an excellent job serving as the Chair of the Advisory Board on Veterans' Services. She has been successful working on issues and programs that support veterans and their families in Hawaii.

Upon review of the testimony, your Committee finds that Ms. Wieland is a fierce and tireless supporter of veterans' rights. Ms. Wieland's professional background, experience, and dedication to serving Hawaii's veterans qualify her for reappointment to the Advisory Board on Veterans' Services.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1570 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 778, 787, 788, and 789**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII AEROSPACE ADVISORY COMMITTEE

G.M. No. 778 REID NOGUCHI, for a term to expire 6-30-2015;

G.M. No. 787 STEPHEN DAY, for a term to expire 6-30-2015;

G.M. No. 788 DANIEL HANLON, for a term to expire 6-30-2015; and

G.M. No. 789 MARK SPENCE, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements by the nominees and finds Reid Noguchi, Stephen Day, Daniel Hanlon, and Mark Spence to possess the requisite qualifications to be nominated to the Hawaii Aerospace Advisory Committee.

REID NOGUCHI

Your Committee received testimony in support of the nomination of Reid Noguchi from the Department of Business, Economic Development, and Tourism and one individual.

Mr. Noguchi received a Master of Science degree and a Bachelor of Science degree in Aeronautical/Astronautical Engineering from the Massachusetts Institute of Technology.

Mr. Noguchi currently works as the General Manager for BAE Systems Electronic Systems, where he manages over \$35,000,000 in related contracts with the U.S. Navy. He has over fifteen years of applied engineering experience developing commercial communications satellites and airborne remote sensing systems for the U.S. Department of Defense.

Your Committee finds that Mr. Noguchi's diverse background as an engineer, manager, and leader qualify him for appointment to the Hawaii Aerospace Advisory Committee.

STEPHEN DAY

Your Committee received testimony in support of the nomination of Stephen Day from the Department of Business, Economic Development, and Tourism.

Mr. Day received a Master's degree from the Georgia Institute of Technology and a Bachelor's degree from Leeds University.

Mr. Day has more than thirty years of experience in sales, marketing, strategy, and general management in the space, telecommunications, information technology, chemical, textiles, and electronics industries.

Mr. Day served as the Chief Executive Officer and founder of International Ventures Associates, where he provided strategic advice and investment support for telecommunications, information technology, and software companies in the United States, Western Europe, and the Asia-Pacific region.

Your Committee finds that Mr. Day's professional skills and experience will make him an effective and valuable member of the Hawaii Aerospace Advisory Committee.

DANIEL HANLON

Your Committee received testimony in support of the nomination of Daniel Hanlon from the Department of Business, Economic Development, and Tourism; and two individuals.

Mr. Hanlon received a Master of Arts degree in Clinical Psychology from George Mason University. He received a Bachelor of Arts degree in Psychology from the University of Richmond.

Mr. Hanlon currently serves as the Director of the Federal-Civil Programs for the Raytheon Company. Mr. Hanlon's professional experience includes working for the Federal Aviation Administration for over thirty years.

Your Committee finds that Mr. Hanlon's extensive experience in aviation operations, advanced technology applications, program management, international business, strategic planning, and corporate communications qualify him for appointment to the Hawaii Aerospace Advisory Committee.

MARK SPENCE

Your Committee received testimony in support of the nomination of Mark Spence from the Department of Business, Economic Development, and Tourism; and seven individuals.

Mr. Spence currently serves as the Manager for Dispatch Operations at Hawaiian Airlines, where he pioneered new weather-related aviation technologies using satellite data to improve air transport safety and performance. Additionally, Mr. Spence has participated in numerous aviation industry and government projects.

Your Committee finds that Mr. Spence's professional skills, background, and experience make him a valuable addition to the Hawaii Aerospace Advisory Committee.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1571 Tourism and Hawaiian Affairs on Gov. Msg. No. 687**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF KAUA'I AND NI'IHAU

G.M. No. 687 BARBARA SAY, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Barbara Say to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council for the Islands of Kaua'i and Ni'ihau.

Your Committee received testimony in support of Barbara Say from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and two individuals.

Ms. Say is a respected kupuna and Hawaiian cultural practitioner who possesses expertise in state burial law, council procedures, and Hawaiian cultural practices related to burials. She has been involved in the care and protection of Hawaiian burials since before the state law on Hawaiian burials was enacted. Ms. Say was a founding member of the Kaua'i and Ni'ihau Island Burial Council and has served various terms with the council under four governors. In 1991, she traveled to Washington, D.C., to retrieve iwi kupuna on display at the Smithsonian Institution to allow for that iwi kupuna to be reinterred in Poipu, Kaua'i. Most recently, she assisted in the reinterment of iwi kupuna from the Moore property in Haena, Kaua'i. In addition to her service to the iwi kupuna, Ms. Say is an active member of the Ahahui O Ka'ahumanu Society, Hanalei Community Association, and Wai'oli Hui'ia Church.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 3 (Hee, Keith-Agaran, Shimabukuro).

**SCRep. 1572 Tourism and Hawaiian Affairs on Gov. Msg. No. 729**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL ISLAND OF O'AHU

G.M. No. 729 HINALEIMOANA WONG-KALU, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Hinaleimoana Wong-Kalu to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council for the Island of O'ahu.

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Hawaii Community Development Authority; Turtle Bay; Howard Hughes Corporation; Kuiwalu Consulting; Papa Ola Lokahi; Alexander & Baldwin, Inc.; Aukahi; Taubman Centers and CoastWood Capital Group; Stanford Carr Development, LLC; Na Koa Ikaika; Cultural Surveys Hawaii, Inc.; and thirteen individuals.

Ms. Wong-Kalu graduated from Kamehameha Schools and earned Bachelor's degrees in Hawaiian Studies and Education from the University of Hawaii at Manoa. Ms. Wong-Kalu currently serves as the Chair of the Oahu Island Burial Council and represents the Kona region. During her tenure on the Island Burial Council, she has developed an excellent rapport with state and local government officials and has mediated many contentious situations. She has also been instrumental in facilitating meaningful discussions between the Department of Land and Natural Resources and large developers on Oahu regarding iwi kupuna.

In addition to serving as the current Chair of Oahu's Island Burial Council, Ms. Wong-Kalu is currently a kumu hula and Hawaiian language instructor at Halau Lokahi Public Charter School. She also serves as a cultural consultant and volunteer for 'Iolani Palace and is on the Board of Kulia Na Mamo and the 'Ilio'ulaokalani Coalition. As is evidenced by the numerous statements submitted on her behalf, this nominee demonstrates exemplary leadership skills and is widely respected throughout the community for her cultural sensitivity and informed and active approach to decision making on the Council.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Hee, Keith-Agaran, Shimabukuro).

**SCRep. 1573 Education on H.C.R. No. 57**

The purpose and intent of this measure is to support family-school partnerships in education.

More specifically, this measure requests the Board of Education and the Department of Education to:

- (1) Continue to collaborate with family and community organizations to establish, implement, and monitor statewide policy recommendations for family engagement in public schools;
- (2) Take the actions necessary to fulfill the legislative intent of Senate Concurrent Resolution No. 145, Regular Session of 2011, and Senate Concurrent Resolution No. 79, Regular Session of 2012; and
- (3) Report their findings and recommendations regarding the facilitation of family-school partnerships, including any proposed legislation and the status of the actions taken to fulfill the legislative intent of Senate Concurrent Resolution No. 145 (2011) and Senate Concurrent Resolution No. 79 (2012), to the Legislature no later than twenty days prior to the convening of the Regular Session of 2014.

Your Committee received testimony in support of this measure from the Department of Education, State Council on Developmental Disabilities, Hui for Excellence in Education, Hilopa'a Family to Family Health Information Center, Special Education Advisory Council, and one individual.

Your Committee finds that family-school partnerships in public education can help create policies, strategies, and practices that support learning and improve student achievement. Your Committee also finds that the Department of Education, in collaboration with a working group comprised of family and community organizations, completed numerous actions in preparation for updating and implementing statewide policies for family-school partnerships. This measure will enable the Department and the working group to continue their work and fulfill the legislative intent of Senate Concurrent Resolution No. 145 (2011) and Senate Concurrent Resolution No. 79 (2012).

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 57, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1574 Education on H.C.R. No. 178**

The purpose and intent of this measure is to request the Board of Education to incorporate sustainability education into the science curriculum of public schools.

Your Committee received testimony in support of this measure from The Kohala Center, Hawai'i Island School Garden Network, Hawaii Sustainable Education Initiative, Kokua Hawaii Foundation, The Green House Hawaii, Nature Talks, and eighteen individuals. Your Committee received testimony in opposition to this measure from the Department of Education and one individual.

Your Committee finds that the sustainable use of resources and clean energy are essential to Hawaii given its location in the middle of the Pacific Ocean.

Your Committee further finds that sustainability education should be incorporated into the current courses at Hawaii's public schools so that children can learn to protect the unique character of the State and provide security for generations of residents to come.

Your Committee has amended this measure by:

- (1) Adding findings regarding the Board of Education's Policy No. 6710, relating to sustainability at Department of Education facilities;
- (2) Deleting the language requesting the Board of Education to incorporate sustainability into the science curriculum of public schools;
- (3) Requesting the Board of Education to review and modify Board Policy No. 6710 to identify ways to incorporate sustainability education and environmental stewardship at the classroom level, specifically identifying the common core and/or content areas that may incorporate such classes;
- (4) Adding language requesting that the Board of Education and Department of Education identify and encourage, as appropriate, opportunities to engage students, classes, and schools in activities including but not limited to project-based learning, mentorships, and data collection in connection with Board Policy No. 6710 at the complex area support level;
- (5) Changing its title to read, "REQUESTING THE BOARD OF EDUCATION TO REVIEW AND MODIFY BOARD POLICY NO. 6710 TO IDENTIFY WAYS TO INCORPORATE SUSTAINABILITY EDUCATION AND ENVIRONMENTAL STEWARDSHIP AT THE CLASSROOM LEVEL"; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 178, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Kidani). Noes, none. Excused, 1 (Slom).

**SCRep. 1575 Higher Education on Gov. Msg. Nos. 711, 712, 713, and 714**

Recommending that the Senate advise and consent to the nominations of the following:

UNIVERSITY OF HAWAII BOARD OF REGENTS

G.M. No. 711 EUGENE BAL III, for a term to expire 6-30-2018;

G.M. No. 712 BARRY MIZUNO, for a term to expire 6-30-2018;

G.M. No. 713 RANDOLPH MOORE, for a term to expire 6-30-2013; and

G.M. No. 714 RANDOLPH MOORE, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Eugene Bal III, Barry Mizuno, and Randolph Moore to possess the requisite qualifications to be nominated to the University of Hawaii Board of Regents.

EUGENE BAL III

Your Committee received testimony in support of the nomination of Eugene Bal III from the Governor and twenty-six individuals.

Your Committee finds that Mr. Bal is the Executive Director of the Maui High Performance Computing Center. Mr. Bal has also served in the United States Navy and has over forty years of experience in various leadership roles managing all aspects of complex scientific, technical, and engineering programs.

Mr. Bal has volunteered his time serving on the Governor's Economic Revitalization Task Force, State of Hawaii Workforce Development Council, Hawaii Community Foundation Board of Governors, Maui County Small Business Advisory Council, and the Maui Economic Development Board, among others. He has also been active with the Maui Memorial Medical Center Foundation, Maui Historical Society, and Maui County Council of the Boy Scouts of America.

Mr. Bal testified that his vision as a member of the Board of Regents is to build the reputation and credibility of the University of Hawaii through the improved performance of the entire University system, including the Board of Regents. Mr. Bal testified that in supporting this goal, there needs to be a focus on graduating students who are well prepared to be competitive in the information age, advancing the University of Hawaii as a Carnegie Institution of Higher Learning through increased research activity, growing contract and grant funding while managing tuition costs, and developing the University Affiliated Research Center to help it reach its potential.

Your Committee believes that Mr. Bal's background will provide the Board of Regents with a fresh perspective in helping the University of Hawaii System in accomplishing its mission.

BARRY MIZUNO

Your Committee received testimony in support of the nomination of Barry Mizuno from the Governor, Office of the Mayor of the County of Hawaii'i, Japanese Chamber of Commerce & Industry of Hawaii, and seventeen individuals.

Your Committee finds that Mr. Mizuno is a licensed Certified Public Accountant. He also founded BTM, LLC, an energy management consulting firm, in 2006. Prior to forming BTM, LLC, Mr. Mizuno was the Financial Manager of Puna Geothermal Venture. Mr. Mizuno fully retired in 2012.

Mr. Mizuno is an active member of the Hawaii Island community. He volunteers his time raising money for Hospice of Hilo and is involved with the Hawaii Island Economic Development Board, Japanese Chamber of Commerce & Industry of Hawaii, and W.H. Shipman, Ltd.

Mr. Mizuno testified that it is important that the University of Hawaii provide quality education at an affordable price. Mr. Mizuno also testified that the University must maintain its financial viability through thoughtful balancing of its expenses with its various revenue sources, including tuition and fees.

Mr. Mizuno has served as a member of the Board of Regents since August 2011 and serves as Chair of the Planning and Facilities Committee, Vice-Chair of the Committee on University Audits, and a member of the Committees on Community Colleges and on Budget and Finance.

As a current member of the Board of Regents, Mr. Mizuno testified that he is aware of the various concerns raised by the Senate Special Committee on Accountability in Special Committee Report No. 2, Regular Session of 2013, regarding the oversight, transparency, and accountability of the University of Hawaii System, including the Board of Regents.

Your Committee believes that the Board of Regents and the University of Hawaii System will benefit from Mr. Mizuno's continued service.

#### RANDOLPH MOORE

Your Committee received testimony in support of the nomination of Randolph Moore from the Governor, Papa Ola Lokahi, and seventeen individuals.

Your Committee finds that Mr. Moore has over thirty-five years of experience in the business world, starting at Castle & Cooke, where he was a Financial Analyst, Corporate Treasurer, Group Comptroller for Real Estate, Senior Vice President, Executive Vice President, and President of its Oceanic Properties subsidiary. Mr. Moore spent three years as the President of Molokai Ranch and twelve years as the Chief Executive Officer of Kaneohe Ranch.

After retiring from Kaneohe Ranch, Mr. Moore went on to become a teacher at Central Middle School. Thereafter, he spent over six years with the Department of Education as the Assistant Superintendent for School Facilities and Support Services.

Mr. Moore has been involved with Aloha United Way, The Chamber of Commerce of Hawaii, Hale Kipa, Hanahaouli School, and countless other community and educational organizations.

Mr. Moore testified that the role of the Board of Regents is to establish policies that will facilitate the University of Hawaii's ability to fulfill its mission, select and support the leadership necessary to move the University forward, monitor the results, make course corrections when warranted, and celebrate the University's successes.

Your Committee believes that Mr. Moore's unique background and leadership experience in the private and public sector make him an excellent addition to the Board of Regents.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 711, 713, and 714:

Ayes, 6. Noes, none. Excused, 1 (Kidani).

For Gov. Msg. No. 712:

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kidani).

#### **SCRep. 1576 Health on Gov. Msg. No. 539**

Recommending that the Senate advise and consent to the nomination of the following:

#### BOARD OF HEALTH

G.M. No. 539 DIANNE OKUMURA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Dianne Okumura to possess the requisite qualifications to be nominated to the Board of Health.

Your Committee received testimony in support of the nomination of Ms. Okumura from the Hawaii State Center for Nursing; Hawaii Long Term Care Association; Na Puuwai; Ohana Pacific; and four individuals.

Your Committee notes that Ms. Okumura retired from the Hawaii Department of Health after thirty-four years of service in a number of important capacities, including Public Health Nurse, School Health Nurse, Nurse Case Manager for the Developmentally Disabled, Perinatal Nurse Consultant, Nurse Surveyor, and, most prominently, Chief of the Office of Health Care Assurance. Ms. Okumura now relies on her impressive experience in providing consultation for long term care strategic planning and issues relating to quality of care and quality of life for the elderly and disabled populations. Additionally, Ms. Okumura has demonstrated significant dedication to public service, as evidenced by her exemplary state service as a public health nurse and health consultant, in addition to her contributions as Executive Vice President of the Hawaii Long Term Care Association and as a member of the Advanced Practice Registered Nurse Sub-Committee and the Continuing Education/Competency Joint Task Force under the Hawaii Center for Nursing.

Your Committee finds that Ms. Okumura has been appointed to the Board of Health based on her knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1577 Health on Gov. Msg. Nos. 547 and 548**

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAII SERVICE AREA BOARD

G.M. No. 547 ELIZABETH COOL, for a term to expire 6-30-2016; and

G.M. No. 548 JAMAL WASAN, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Elizabeth Cool and Jamal Wasan to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Mental Health and Substance Abuse, Hawaii Service Area Board.

ELIZABETH COOL

Your Committee received testimony in support of this nominee from the Department of Health.

Ms. Cool is an advocate for people living with mental illness and brings a unique perspective to the Board based on her own experiences involving individuals with mental illness and substance abuse issues. Ms. Cool volunteers four days a week at the West Hawaii Community Mental Health Center. Ms. Cool is passionate about improving mental health care and increasing community based services for individuals with mental illness and substance abuse issues and will serve as a consumer representative on the Board.

JAMAL WASAN

In addition to numerous military decorations, Dr. Wasan earned a Doctorate of Philosophy in Health Psychology from Walden University, a Master's degree in Clinical Psychology from St. Mary's University in San Antonio, and a Master's degree in Public Administration from the University of Oklahoma. Since completing his Master's degree in Clinical Psychology, he has held positions with the Big Island Substance Abuse Council and the Department of Veterans Affairs. He currently serves as the President and Chief Executive Officer of Lokahi Treatment Centers, where he has worked for over ten years. He is also a member of the American Psychological Association and American Counseling Association. Dr. Wasan possesses a well-grounded view of the nature and level of services required for effective mental health and substance abuse treatment and will serve as a provider representative on the Board.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1578 Health on Gov. Msg. Nos. 550, 551, and 643**

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, O'AHU SERVICE AREA BOARD

G.M. No. 550 KENNETH BRANDT, for a term to expire 6-30-2016;

G.M. No. 551 RICHARD JACKSON, for a term to expire 6-30-2016; and

G.M. No. 643 SHIRLEY DAVENPORT, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Kenneth Brandt, Richard Jackson, and Shirley Davenport to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Mental Health and Substance Abuse, Oahu Service Area Board.

KENNETH BRANDT

Your Committee received testimony in support of this nominee from the Department of Health.

Mr. Brandt received a Master's degree in Social Work from San Diego State College and is a licensed social worker in Hawaii and California. Mr. Brandt has held numerous positions with various different health care agencies serving individuals with mental illness throughout his career. Mr. Brandt is retired and currently serves as the Vice-Chair of the Mental Health and Substance Abuse, Oahu Service Area Board. He provides a wealth of experience to the Board and offers meaningful recommendations to improve the community's mental health care system.

RICHARD JACKSON

Your Committee received testimony in support of this nominee from the Department of Health and one individual.

Mr. Jackson graduated from Delta College and Central Michigan University. He currently works at the National Oceanic and Atmospheric Administration's National Weather Service. Mr. Jackson has previously served on the Board and would like to serve a fifth term because he is concerned about the continuing stigma, discrimination, and misinformation surrounding mental illness and substance abuse issues. His professional and life experiences provide a meaningful perspective to board discussions. He is especially

adept at tracking local and national legislation and current events as they relate to individuals with mental illness and substance abuse. Mr. Jackson is a fierce advocate for individuals with mental illness, and his passion for furthering the rights of individuals with disabilities will be an asset to the Board.

#### SHIRLEY DAVENPORT

Your Committee received testimony in support of this nominee from the Department of Health.

After a career in the United States Navy and the hotel industry, Ms. Davenport earned a Bachelor's degree in Psychology and a Master's degree in Social Work from the University of Hawaii and is a candidate for a Doctorate of Psychology degree at the University of the Rockies. Since graduation, Ms. Davenport spent several years as a clinician at the Waianae Coast Community Mental Health Center. She is currently a social worker for the River of Life Mission. In addition to numerous professional affiliations, Ms. Davenport is on the Board of Directors for the National Association of Mental Illness. She is determined to educate the public and reduce the disparity and stigma surrounding mental illness and addiction and is an ideal appointee to the Mental Health and Substance Abuse, Oahu Area Service Board.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 1579 Health on Gov. Msg. Nos. 555, 556, 558, 559, 560, 645, 646, and 647**

Recommending that the Senate advise and consent to the nominations of the following:

#### STATE COUNCIL ON MENTAL HEALTH

- G.M. No. 555 KATRINA LORENZO, for a term to expire 6-30-2015;
- G.M. No. 556 LOUISE CRUM, for a term to expire 6-30-2016;
- G.M. No. 558 PATRICK BROWN, for a term to expire 6-30-2016;
- G.M. No. 559 SHEILA CALCAGNO, for a term to expire 6-30-2016;
- G.M. No. 560 WANDA MARIE VORSINO, for a term to expire 6-30-2016;
- G.M. No. 645 JONATHAN HARRIS, for a term to expire 6-30-2015;
- G.M. No. 646 STEVEN SHIRAKI, for a term to expire 6-30-2015; and
- G.M. No. 647 G. NOELANI WILCOX, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Katrina Lorenzo, Louise Crum, Patrick Brown, Sheila Calcagno, Wanda Marie Vorsino, Jonathan Harris, Steven Shiraki, and G. Noelani Wilcox to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the State Council on Mental Health.

#### KATRINA LORENZO

Your Committee received testimony in support of this nominee from the Department of Health.

Ms. Lorenzo is serving on the State Council on Mental Health on an interim basis as the youth representative. Currently, she is pursuing a Bachelor's degree in Nursing at the University of Hawaii at Hilo. She has a significant amount of clinical experience as a student nurse and is involved with the Teens for Safer Communities Coalition, National Student Safety Program, and First United Protestant Church Outreach Committee. Ms. Lorenzo is nominated to fill the youth representative position on the Council.

#### LOUISE CRUM

Your Committee received testimony in support of this nominee from the Department of Health and five individuals.

Ms. Crum earned a Bachelor's degree in Social Sciences and a Master's degree in Education in Counseling and Guidance from the University of Hawaii. Ms. Crum has worked with individuals with mental illness for the past twelve years. She is currently the Mental Health Coordinator for the Mental Health Court, a program that reduces recidivism and incarceration rates of those with mental illness. Ms. Crum is passionate about improving outcomes for individuals with mental illness and seeks to facilitate interagency cooperation to ensure that individuals with mental illness receive the highest level of services. She fills the position of a state agency employee who represents the criminal justice system.

#### PATRICK BROWN

Your Committee received testimony in support of this nominee from the Department of Health.

Dr. Brown retired from the federal government after thirty years of service, mostly as a human resources manager. He has over twenty years of experience living and working with foster care youth with addiction and mental illness and co-wrote a book to assist other families struggling with the effects of mental illness and addiction. He currently serves as the Chair of the Mental Health and Substance Abuse, Oahu Service Area Board and is nominated to the State Council on Mental Health as the Oahu Area Service Board representative.

SHEILA CALCAGNO

Your Committee received testimony in support of this nominee from the Department of Health.

Ms. Calcagno is an active member of the Mental Health and Substance Abuse, Kauai Service Area Board and was elected by that Board to serve as its representative on the State Council on Mental Health. Ms. Calcagno studied Human Services and Women's Studies at the University of Hawaii at Hilo. She is an outreach worker for individuals with Human Immunodeficiency Virus and drug addiction and is a strong advocate for individuals with disabilities.

WANDA MARIE VORSINO

Your Committee received testimony in support of this nominee from the Department of Health.

Dr. Vorsino received a Master's degree in Counseling Psychology at Chaminade University of Honolulu and went on to earn a Clinical Doctorate of Psychology from Argosy University. Dr. Vorsino currently holds a position as a Forensic Clinical Psychologist at the Hawaii Youth Correctional Facility where she provides crisis counseling, substance abuse counseling, risk assessments, psychological testing, and family therapy. She previously held a position as the performance manager for the Hawaii Department of Health's Child and Adolescent Mental Health Division. Dr. Vorsino understands first-hand the necessity for a robust mental health system of care and seeks to improve access to quality mental health services in Hawaii. She is being nominated to serve as the Department of Health representative on the Council.

JONATHAN HARRIS

Your Committee received testimony in support of this nominee from the Department of Health and one individual.

Mr. Harris earned his nursing degree from Kapiolani Community College. Since then, he has worked as a registered professional nurse at various agencies including as a nurse consultant for adults and children with substance abuse and mental illness at the Office of Health Care Assurance. He has served on the council since 2009 and currently serves as the state medicaid representative and first Vice-Chair on the Council.

STEVEN SHIRAKI

Your Committee received testimony in support of this nominee from the Department of Health and three individuals.

Dr. Shiraki received a Doctor of Philosophy degree in Education from the University of Hawaii at Manoa. He worked as a certified special education teacher for fourteen years, as a Vice Principal at three elementary schools, and as an educational specialist at the district level. He currently is an Administrator in the Student Support Services Branch in the Department of Education, which is responsible for the Department's Comprehensive Student Support System. He seeks to connect children, families, and adults with appropriate and effective community-based services. Dr. Shiraki is being nominated for his second term on the Council.

G. NOELANI WILCOX

Your Committee received testimony in support of this nominee from the Department of Health.

Ms. Wilcox earned a Bachelor's and Master's degree in Nursing from the University of Hawaii at Manoa. She worked for many years with the Department of Health in the Adult Mental Health Division and the Public Health Nursing Branch. Ms. Wilcox possesses expertise in a variety of mental health areas, including co-occurring psychiatric and substance abuse disorders and crisis and emergency services. She is also intimately familiar with the child and adolescent mental health system. Ms. Wilcox is being nominated for her second term on the Council and fills the family member position.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1580 Health on Gov. Msg. Nos. 541, 542, and 543**

Recommending that the Senate advise and consent to the nominations of the following:

EMERGENCY MEDICAL SERVICE ADVISORY COMMITTEE

G.M. No. 541 DIAN GRUBER, for a term to expire 6-30-2014;

G.M. No. 542 ELIZABETH CHAR, for a term to expire 6-30-2017; and

G.M. No. 543 RALPH YAWATA, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Dian Gruber, Elizabeth Char, and Ralph Yawata to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Emergency Medical Service Advisory Committee.

DIAN GRUBER

Your Committee received testimony in support of this nominee from the Department of Health.

Ms. Gruber is a Registered Nurse and is the Manager of Ambulatory Surgery, Recovery Room, and Endoscopy at Maui Memorial Medical Center. She has significant experience working at various emergency departments, including the Memorial Medical Center in Corpus Christi, Texas; Providence Hospital in Anchorage, Alaska; West Suburban Hospital in Oak Park, Illinois; and Loyola

University Medical Center in Chicago, Illinois. She is an interim appointee to the Emergency Medical Service Advisory Committee, where her significant experience in emergency medical care has proven to be a valuable resource to the Committee.

ELIZABETH CHAR

Your Committee received testimony in support of this nominee from the Department of Health, Hawaii Fire Department, American Medical Response, and one individual.

Dr. Char earned a Bachelor's degree in Biology from the University of Hawaii and a Doctorate of Medicine degree from the University of Hawaii John A. Burns School of Medicine. She completed her residency requirements in Emergency Medicine at the University of California, Los Angeles and in General Surgery at the University of Hawaii Integrated Surgical Residency program. She currently works in the Emergency Department at the Straub Clinic and Hospital, is the Medical Director for American Medical Response on Oahu, and is a physician with the Metropolitan Medical Response System. In the past, she served as Director of the Emergency Services Department for the City and County of Honolulu and as the Director of Medical Education for the Emergency Department at The Queen's Medical Center. She is involved in numerous community activities and serves on the Board of Directors of the American College of Emergency Physicians Hawaii Chapter. She has been serving as an interim appointee to the Emergency Medical Service Advisory Committee since July 2012. Her significant experience and expertise in Emergency Medicine has already provided the Committee with valuable insight and direction, and she will be a valuable resource to the Committee moving forward.

RALPH YAWATA

Your Committee received testimony in support of this nominee from the Department of Health.

Mr. Yawata recently retired from the Hawaii County Fire Department where he served as the Battalion Chief of Emergency Medical Services (EMS) and later as the Assistant Chief of Support Services overseeing the Hawaii Fire Department's EMS Bureau. Currently, he is an auxiliary EMS instructor for Kapiolani Community College at Hawaii Community College where his primary role is conducting First Responder/Emergency Medical Responder Training certification courses. He also teaches First Aid, CPR, and AED for Hawaii Preparatory Academy and is a Safety Officer at Four Seasons Resort Hualalai. He has served as an interim appointee to the Emergency Medical Service Advisory Committee since July 2012 and provides the Committee with a wealth of knowledge, experience, and expertise on emergency response services.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1581 Health on Gov. Msg. Nos. 552, 553, and 644**

Recommending that the Senate advise and consent to the nominations of the following:

RADIOLOGIC TECHNOLOGY BOARD

G.M. No. 552 DONALD WOOD, for a term to expire 6-30-2014;

G.M. No. 553 GARY ROPERT, for a term to expire 6-30-2015; and

G.M. No. 644 LARRY CARNES, for a term to expire 6-30-2016

DONALD WOOD

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Donald Wood to possess the requisite qualifications to be nominated to the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Mr. Wood from the Department of Health.

Mr. Wood has over thirty-four years of experience as a Certified Radiologic Technologist credentialed by the American Registry of Radiologic Technologists. Your Committee further notes that Mr. Wood has ten years of experience as Director of Imaging for two separate medical organizations. Mr. Wood also has extensive experience with image Picture Acquisition Archive Communication, including Computer Radiology processing, theory, quality assurance, and operation. Finally, your Committee notes that Mr. Wood served as a Hospital Corpsman in the United States Navy, demonstrating a commendable commitment to public service. Your Committee finds that Mr. Wood has been appointed to the Radiologic Technology Board based on his knowledge, professional experience, and commitment to public service.

GARY ROPERT

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Gary Ropert to possess the requisite qualifications to be nominated to the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Mr. Ropert from the Department of Health and one individual.

Your Committee notes that Mr. Ropert has over thirty years of experience in the field of nuclear imaging, including sixteen years as the Chief Nuclear Medicine Technologist at Wahiawa General Hospital and seven years as the Director of Diagnostic Imaging at Wahiawa General Hospital. Mr. Ropert has extensive experience in the areas of medical imaging computers, healthcare information systems, computed tomography, and general radiography. Your Committee finds that Mr. Ropert has been appointed to the Radiologic Technology Board based on his knowledge, professional experience, and commitment to public service.

LARRY CARNES

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Larry Carnes to possess the requisite qualifications to be nominated to the Radiologic Technology Board.

Your Committee received testimony in support of the nomination of Mr. Carnes from the Department of Health.

Your Committee notes that Mr. Carnes has over twenty-two years of experience as a diagnostic radiologist, including time in public service and private practice. Mr. Carnes is currently a Radiologic Technologist at Castle Medical Center, where his duties include performing routine x-rays, operating c-arms in operating rooms for orthopedic surgeries, performing portable examinations in the operating room, and working in the dark room processing films. Mr. Carnes also possesses hands-on experience in preparing for and assisting with arteriograms, venograms, venous access, dialysis procedures, chest tube placement, GJ tube placement, and GI/GU tube placement. Your Committee finds that Mr. Carnes has been appointed to the Radiologic Technology Board based on his knowledge, professional experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 1582 Health on Gov. Msg. Nos. 544 and 545**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII HEALTH AUTHORITY

G.M. No. 544 LESLIE B. CHUN, for a term to expire 6-30-2016; and

G.M. No. 545 VIRGINIA PRESSLER, for a term to expire 6-30-2016

LESLIE B. CHUN

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Leslie B. Chun to possess the requisite qualifications to be nominated to the Hawai'i Health Authority.

Your Committee received testimony in support of the nomination of Mr. Chun from one individual.

Your Committee notes that Mr. Chun received a Bachelor of Arts degree from Harvard University, a Master of Business Administration degree from the University of California, Los Angeles, and a Doctor of Medicine degree from University of California, Los Angeles. From 2002 to 2005, Mr. Chun was a medical resident at Massachusetts General Hospital. From 2002 to 2011, Mr. Chun served on the faculty of Harvard Medical school, first as a Clinical Fellow, then as an Instructor in Medicine, and finally as a Clinical Instructor in Medicine. Your Committee further notes that Mr. Chun has served as a Medical Executive at Health Dialog Analytic Solutions, Partners Healthcare Newton-Wellesley Hospital, and presently at Maui Memorial Medical Center. Your Committee finds that Mr. Chun has been appointed to the Hawai'i Health Authority based on his knowledge, professional experience, and commitment to public service.

VIRGINIA PRESSLER

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Virginia Pressler to possess the requisite qualifications to be nominated to the Hawai'i Health Authority.

Your Committee received testimony in support of the nomination of Ms. Pressler from the Healthcare Association of Hawaii and Hawaii Pacific Health.

Your Committee notes that Ms. Pressler received a Bachelor of Arts degree from Cornell University, a Master of Business Administration degree from the University of Hawaii, a Master of Science degree from the University of Hawaii, and a Doctor of Medicine degree from the University of Hawaii John A. Burns School of Medicine. Ms. Pressler has over thirty-five years of experience in the field of medicine and has served over twenty years as an executive in both private practice and public service. Ms. Pressler is currently the Executive Vice President and Chief Strategic Officer for Hawaii Pacific Health.

Your Committee notes that Ms. Pressler has demonstrated significant dedication to public service, as evidenced by her exemplary service in over thirty community service organizations during the course of her career. Based on her outstanding community service, Ms. Pressler has also received numerous awards. Your Committee finds that Ms. Pressler has been appointed to the Hawai'i Health Authority based on her knowledge, professional experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1583 Health on Gov. Msg. No. 636**

Recommending that the Senate advise and consent to the nomination of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 636 KIRBY SHAW, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Kirby Shaw to possess the requisite qualifications to be nominated to the Disability and Communication Access Board.

Your Committee received testimony in support of the nomination of Mr. Shaw from the Disability and Communication Access Board and two individuals.

Your Committee notes that Mr. Shaw received a Juris Doctorate degree from the University of Hawaii William S. Richardson School of Law, and has also attained a Master's degree in Public Administration from the University of Hawaii at Manoa. Significantly, Mr. Shaw has over twenty years of experience working as staff for the Disability and Communication Access Board and its predecessor agencies, the Commission on the Handicapped and the Commission on Persons with Disabilities. Mr. Shaw rose to the position of Coordinator of the Program and Policy Development Unit, which is responsible for analyzing laws and services that impact persons with disabilities, including the Americans with Disabilities Act and the Air Carrier Access Act. Additionally, Mr. Shaw is a person with a disability whose personal experience complements his significant professional experience. Finally, Mr. Shaw has demonstrated significant dedication to public service, as evidenced by his current service as Director and Vice President of the Hawaii Disability Rights Center and past service as Director and President of the Hawaii Centers for Independent Living, as well as past service in other important community positions.

Your Committee finds that Mr. Shaw has been appointed to the Board of Health based on his knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1584 Health on Gov. Msg. Nos. 561, 734, 739, 740, 741, 744, 770, and 771**

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE HEALTH COORDINATING COUNCIL

G.M. No. 561 NORA NOMURA, for a term to expire 6-30-2014;

G.M. No. 734 WILLIAM BAILEY, for a term to expire 6-30-2017;

G.M. No. 739 CHRISTOPHER SIBLEY, for a term to expire 6-30-2017;

G.M. No. 740 JAMES WALSH, for a term to expire 6-30-2017;

G.M. No. 741 JONAGUSTINE LIM, for a term to expire 6-30-2016;

G.M. No. 744 REBECCA WARD, for a term to expire 6-30-2017;

G.M. No. 770 WENDY MORRIARTY, for a term to expire 6-30-2017; and

G.M. No. 771 JOHN BARNETT, for a term to expire 6-30-2017

NORA NOMURA

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Nora Nomura to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Ms. Nomura from the Department of Health, Department of Human Resources Development, and International Longshore and Warehouse Union, Local 142.

Your Committee notes that Ms. Nomura has over twenty-eight years of experience with the Hawaii Government Employees Association working as a Union Agent, Field Services Officer, Executive Assistant to the Director, Legislative Officer, and Deputy Executive Director. Ms. Nomura was directly responsible for overseeing contract negotiations on behalf of twenty-eight thousand union members. Ms. Nomura's other duties included contract enforcement, bargaining unit governance, training and education, legislative and political action, and community service.

Your Committee notes that Ms. Nomura has demonstrated significant dedication to public service, as evidenced by her exemplary service as a board member for Aloha United Way, the AFL-CIO, Domestic Violence Action Center, the Patsy T. Mink Commission, and the Board of Speech Pathology and Audiology. Your Committee finds that Ms. Nomura has been appointed to the Statewide Health Coordinating Council based on her knowledge, professional experience, and commitment to public service.

WILLIAM BAILEY

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds William Bailey to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Mr. Bailey from the Department of Health, Healthcare Association of Hawaii, and one individual.

Your Committee notes that Mr. Bailey has been the General Manager of American Medical Response since 2007. His duties include personnel management, business development, public relations, government relations, pre-billing oversight, accounts payable, fleet maintenance, and risk management. Mr. Bailey is responsible for the daily operation of twenty-five ambulance units, forty vehicles, and two hundred paramedics, as well as American Medical Response's Maui helicopter operations. Mr. Bailey has over thirty years of experience in emergency medical response services.

Your Committee notes that Mr. Bailey has demonstrated significant dedication to public service, as evidenced by his service on the boards of the Keiki Injury Prevention Committee, the Honolulu Sub-Area Council, the Statewide Health Coordinating Council, Oahu EMS Council, Military Assistance to Safety & Traffic, Hawaii Kids at Work, Inc., and Governor's Injury Prevention Advisory Committee. Your Committee finds that Mr. Bailey has been appointed to the Statewide Health Coordinating Council based on his knowledge, professional experience, and commitment to public service.

#### CHRISTOPHER SIBLEY

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Christopher Sibley to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Mr. Sibley from the Department of Health.

Your Committee notes that Mr. Sibley received a Bachelor of Science degree from Louisiana State University, a Master of Science degree in Finance at Louisiana State University, and a Master's degree in Business Administration from the University of San Francisco. Mr. Sibley has served since 2002 as the Business Planning Manager for Hawaii Medical Service Association, where he is responsible for gaining accreditation of the company's management trainee program. His other accomplishments include planning and implementation of emergency room electronic medical records, leading a team of over two hundred people to develop and implement a core system to replace all systems across the entire company, and co-authoring the Beacon Community Cooperative Agreement, which received \$16,100,000 in funding for Hawaii County from the federal Office of the National Coordinator for Health Information Technology.

Your Committee notes that Mr. Sibley has demonstrated significant dedication to public service, as evidenced by his exemplary service as a member of the Lyon Arboretum Association and Rotary Club of Honolulu Sunrise, American Cancer Society Relay for Life, and chair of the Windward Oahu State Health Planning and Development Agency. Your Committee finds that Mr. Sibley has been reappointed to the Statewide Health Coordinating Council based on his knowledge, professional experience, and commitment to public service.

#### JAMES WALSH

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds James Walsh to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Mr. Walsh from the Department of Health.

Your Committee notes that Mr. Walsh has thirty-four years of experience in the health care industry. Mr. Walsh served as the Clinic Administrator of the Straub Clinic and Hospital from 1975 to 1997. Mr. Walsh was also responsible for setting up and managing neighborhood clinics across Oahu, Lanai, and Hawaii. From 1997 to 2009, Mr. Walsh served as the Vice President for Provider Services and Advocacy at Hawaii Medical Service Association.

Your Committee notes that Mr. Walsh has demonstrated significant dedication to public service, as evidenced by his exemplary service setting up neighborhood clinics throughout the State. He also chaired the State Health Plan Development Committee. Your Committee finds that Mr. Walsh has been appointed to the Statewide Health Coordinating Council based on his knowledge, professional experience, and commitment to public service.

#### JONAGUSTINE LIM

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jonagustine Lim to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Mr. Lim from the Department of Health, Building Industry Association of Hawaii, Ralph S. Inouye Company, Ltd., and three individuals.

Your Committee notes that Mr. Lim received a Bachelor of Science degree in Information and Computer Science and Master of Business Administration degree from the University of Hawaii. Mr. Lim has over ten years of consulting and project management experience for government, tourism, and no-profit industries. Mr. Lim also has over fourteen years of experience in web development and application integration. Additionally, Mr. Lim has over thirteen years of experience in systems, database, and network administration.

Your Committee notes that Mr. Lim has demonstrated significant dedication to public service, as evidenced by his exemplary service as Board President of the Alliance for Drama Education and appointee to the Health Planning Council Honolulu Subarea. He has also served as a mentor and conducted training workshops for the State of Hawaii and County of Hawaii. Your Committee finds that Mr. Lim has been appointed to the Statewide Health Coordinating Council based on his knowledge, professional experience, and commitment to public service.

#### REBECCA WARD

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rebecca Ward to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Ms. Ward from the Department of Health and the American Cancer Society.

Your Committee notes that Ms. Ward is the President and Research Director at Ward Research, Inc., a market research and polling company. Ms. Ward has over thirty years of experience performing market research and moderating focus groups in Hawaii. Ms. Ward has served as the Research Director for the firm's work on The Hawaii Poll since 1997. Ms. Ward was also a Research Instructor at the Hawaii Entrepreneurship Training and Development Institute from 1979 to 1981.

Your Committee notes that Ms. Ward has demonstrated significant dedication to public service, as evidenced by her exemplary service as a member of The Chamber of Commerce of Hawaii, Honolulu Rotary Club, American Association of Public Opinion Research, Girl Scout Council of Hawaii, Aloha Council of Boy Scouts, and Statewide Health Coordinating Council. Your Committee finds that Ms. Ward has been reappointed to the Statewide Health Coordinating Council based on her knowledge, professional experience, and commitment to public service.

#### WENDY MORRIARTY

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Wendy Morriarty to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Ms. Morriarty from the Department of Health, Public Utilities Commission, and three individuals.

Your Committee notes that Ms. Morriarty received an Associate of Science degree in Nursing from Samaritan Hospital School of Nursing, a Bachelor of Science degree in Human Biology from State University of New York at Albany, and a Master in Public Health degree in Health Care Management and Organizations from University of South Florida. Ms. Morriarty has over fifteen years of experience in the health care industry, including seven years as President of Ohana Health Plan, where she is responsible for, among other things, compliance with the State of Hawaii Contract for all Medicaid health plan operations and with the Centers for Medicare & Medicaid Services for all Medicare health plan operations.

Your Committee notes that Ms. Morriarty has demonstrated significant dedication to public service, as evidenced by her exemplary service in the health care field. Your Committee finds that Ms. Morriarty has been appointed to the Statewide Health Coordinating Council based on her knowledge, professional experience, and commitment to public service.

#### JOHN BARNETT

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds John Barnett to possess the requisite qualifications to be nominated to the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination of Dr. Barnett from the Department of Health and one individual.

Your Committee notes that Dr. Barnett holds Bachelor of Arts, Master of Arts, and Doctor of Philosophy degrees. Dr. Barnett is the Principal for the Barnett Consulting Group, LLC, which offers guidance to businesses undergoing major transitions. Dr. Barnett works regularly with executives, managers, and senior leadership teams to help organizations and individuals achieve change through a positive, growth-oriented approach. Dr. Barnett also has international experience, having worked with organizations in Canada, Europe, Asia, and South America.

Your Committee notes that Dr. Barnett has demonstrated significant dedication to public service, as evidenced by his exemplary service as a board member of the Kona-Kohala Chamber of Commerce, a facilitator for health care transformation on Hawaii, and a member of the Advisory Group. Your Committee finds that Dr. Barnett has been reappointed to the Statewide Health Coordinating Council based on his knowledge, professional experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 561:

Ayes, 5. Noes, none. Excused, none.

For Gov. Msg. Nos. 734, 739, 740, 741, 744, 770, and 771:

Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 1585 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 526, 527, 528, 529, 530, 531, and 792**

Recommending that the Senate advise and consent to the nominations of the following:

#### SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 526 ANTHONY BORGE, for a term to expire 6-30-2015;

G.M. No. 527 BARBARA BENNETT, for a term to expire 6-30-2014;

G.M. No. 528 CHU LAN SHUBERT-KWOCK, for a term to expire 6-30-2016;

G.M. No. 529 HOWARD LUM, for a term to expire 6-30-2014;

G.M. No. 530 KYOKO KIMURA, for a term to expire 6-30-2016;

G.M. No. 531 LESLIE MULLENS, for a term to expire 6-30-2015; and

G.M. No. 792 CRAIG TAKAMINE, for a term to expire 6-30-2016

ANTHONY BORGE

Your Committee received testimony in support of Anthony Borge from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; AMY Air Conditioning, Inc.; BKA Builders, Inc.; Building Industry Association of Hawaii; The Chamber of Commerce of Hawaii; Gentry Homes, Ltd.; Legislative Information Services of Hawaii; The Pacific Resource Partnership; Pacific Rim Partners; and four individuals. The Department of Business, Economic Development, and Tourism and the Review Board testified that Mr. Borge has been serving as an interim member of the Review Board since December of 2012.

Mr. Borge is the General Manager of RMA Sales Company. He has also worked as a manager at Paradise Beverages, Inc.; Anheuser-Busch Sales of Hawaii, Inc.; Coca-Cola Bottling Company of Hawaii; and L.J. Elkin, Inc.

Mr. Borge is a member of the Building Industry Association of Hawaii Board of Directors, Build-PAC Hawaii, Building Owner and Manager's Association of Hawaii, and American Institute of Architects. Mr. Borge has also previously volunteered with the Hawaii Food Industry Association, Honolulu Chamber of Commerce, Honolulu Board of REALTORS, Clean Hawaii Board of Governors, and the Governor's Advisory Committee on Litter Control.

BARBARA BENNETT

Your Committee received testimony in support of Barbara Bennett from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; and one individual. The Department of Business, Economic Development, and Tourism and the Review Board testified that Ms. Bennett has been serving as an interim member of the Review Board since December of 2012. The Review Board further testified that section 201M-5, Hawaii Revised Statutes, requires the Review Board to have one member from each County; that Ms. Bennett is a resident of Kauai; and that Ms. Bennett's nomination would fulfill the Review Board's Kauai County representation requirement.

Ms. Bennett is the owner and publisher of *For Kauai* magazine. Ms. Bennett previously worked for *This Week* Publication and Kauai People Weekly Community Newspaper.

Ms. Bennett is a member of the Kauai Chamber of Commerce and the Kauai Filipino Chamber of Commerce. She has also previously volunteered with the Hawaii Visitors and Convention Bureau, Kauai Visitors Bureau, U.S. Tennis Association - Adult Tennis League Kauai, Women in Business Roundtable, Kauai People News, Garden Island Range & Food Festival, and Kauai Agricultural Initiative. Ms. Bennett has been serving on the Review Board as an interim member since December 2012.

CHU LAN SHUBERT-KWOCK

Your Committee received testimony in support of Chu Lan Shubert-Kwock from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; and Legislative Information Services of Hawaii, Inc. The Department of Business, Economic Development, and Tourism and the Review Board testified that Mr. Lum has been serving as an interim member of the Review Board since December of 2012, and has previously served as a member of the Review Board.

Ms. Shubert-Kwock is the President and owner of CLSK, Inc., dba ABC Mortgage, and Chu Lan Properties.

She is the Founder and President of the Chinatown Business & Community Association and the Association of Peoples from South East Asia Nations, and is a board member of the Organization of Chinese Americans. Ms. Shubert-Kwock has previously served as a Honolulu Liquor Commissioner.

HOWARD LUM

Your Committee received testimony in support of Howard Lum from the Department of Business, Economic Development, and Tourism and Small Business Regulatory Review Board. The Department of Business, Economic Development, and Tourism and the Review Board testified that Mr. Lum has been serving as an interim member of the Review Board since December of 2012.

Mr. Lum is the owner and Chief Executive Officer of Aloha Gourmet Products, Inc. He also worked as the President and Chief Executive Officer of Maunakea Leis and Flowers, Inc.

Mr. Lum is a member of the Chinese Chamber of Commerce, Lum Sai Ho Tong, and Buck Toy Club. He has also previously served on the Kalaeloa Commission.

KYOKO KIMURA

Your Committee received testimony in support of Kyoko Kimura from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; and three individuals. The Department of Business, Economic Development, and Tourism and the Review Board testified that Ms. Kimura has been serving as an interim member of the Review Board since December of 2012.

Ms. Kimura is the Managing Director of Beach Club Consulting, LLC, dba Aqua Hotels and Resorts. She worked in a managerial capacity with Diamond Resort Hawaii Corporation for twenty years. Ms. Kimura has also served as an interpreter for former U.S. President George Bush, Sr., and former Costa Rican President, Dr. Oscar Arias.

Ms. Kimura is the Chairperson of the Japan Hawaii Tourism Council's Airlift Committee. She is also a member of the Hawaii Employers Council, Hawaii Hotel and Lodging Association, Pacific Cancer Society, and Japanese Cultural Center of Hawaii. Ms. Kimura has previously served as a board member and Strategic Planning Chairperson of the Hawaii Tourism Authority, and with numerous Hawaii civic organizations.

LESLIE MULLENS

Your Committee received testimony in support of Leslie Mullens from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; The Pacific Resource Partnership; and fourteen individuals. The Department of

Business, Economic Development, and Tourism and the Review Board testified that Ms. Mullens has been serving as an interim member of the Review Board since December of 2012.

Ms. Mullens is the founder and President of Playbook Consulting Group. She has also worked for Cisco Systems, Inc.; Wild Hawaii Learning Adventures, Inc.; Ninth House Learning Network; and Berkley Systems, Inc.

Ms. Mullens has volunteered with the Maui Native Hawaiian Chamber of Commerce, Maui Chamber of Commerce, Maui Young Business Roundtable, Professional & Technical Consultants Association, and Rotary Club of Kahului.

#### CRAIG TAKAMINE

Your Committee received testimony in support of Craig Takamine from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; Mayor of the County of Hawaii; AMV Air Conditioning, Inc.; Building Industry Association of Hawaii; Japanese Chamber of Commerce & Industry of Hawaii; Kanoiehua Industrial Area Association; and eleven individuals. The Review Board testified that Mr. Takamine's nomination will satisfy the Review Board's statutory requirement that one member be a resident of Hawaii County.

Mr. Takamine is the owner and President of Takamine Construction, Inc., and the past owner and President of Takamine Construction, LLC. He has also worked for R. Kan Contracting, LLC, and G. Kobayashi Builders.

Mr. Takamine is a member of the Hawaii Island Contractors Association, Kanoiehua Industrial Area Association, Easter Seals Hawaii, Hawaii Island Chamber of Commerce, Japanese Chamber of Commerce and Industry of Hawaii, and Hawaii Community College Alumni Board.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 526, 527, 528, 529, 530, and 531:

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Wakai).

For Gov. Msg. No. 792:

Ayes, 5. Noes, none. Excused, 2 (Baker, English).

#### **SCRep. 1586      Agriculture on Gov. Msg. No. 768**

Recommending that the Senate advise and consent to the nomination of the following:

#### BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION

G.M. No. 768    SANDI KATO-KLUTKE, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Sandi Kato-Klutke to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Board of Directors of the Agribusiness Development Corporation.

Your Committee received testimony in support of this nominee from the Agribusiness Development Corporation; Office of the Mayor for the County of Kauai; Hawaii Farm Bureau Federation; Kauai County Farm Bureau; Fujita and Miura Public Relations, Inc.; Hawaii Lodging and Tourism Association; Kauai Economic Development Board, Inc.; NoKaOi Landscape Services, LLC; Garden Island Growers; Hawaii Tropical Fruit Growers Kauai Chapter; Coconut Coast Property Services, Inc.; BASF Plant Science; Maui County Farm Bureau; The Chamber of Commerce of Hawaii; Kauai Chamber of Commerce; and fifteen individuals.

Ms. Kato-Klutke earned a degree in banking from Kapiolani Community College and completed several semesters of accounting from Chemeketa Community College in Salem, Oregon. Throughout her extensive career, she has held numerous positions in the hospitality industry and is currently the General Manager of the Aston Islander on the Beach resort and condominium association. Ms. Kato-Klutke serves on a number of community boards and committees, including the Board of the Hawaii Lodging and Tourism Association, Kauai Farm Bureau Commodities and Government Affairs Committee, Board of the Kauai Medical Clinic, Kauai Chamber of Commerce Government Affairs Committee, and Important Agricultural Lands Stakeholder and Technical Advisory Committee for the County of Kauai. Her vast experience in the visitor industry provides her with a unique perspective on agricultural tourism, which is assuming a larger role in agricultural sustainability. In addition, Ms. Kato-Klutke is passionate about preserving and improving the water systems in Hawaii and possesses exceptional communication and leadership skills that will be an asset to the Board of the Agribusiness Development Corporation.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

#### **SCRep. 1587      Agriculture on Gov. Msg. No. 777**

Recommending that the Senate advise and consent to the nomination of the following:

#### BOARD OF AGRICULTURE

G.M. No. 777    CLARK HASHIMOTO, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Clark Hashimoto to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Board of Agriculture.

Your Committee received testimony in support of this nominee from the Department of Agriculture, Hawaii Farm Bureau Federation, Hawaiian Commercial and Sugar Company, Maui County Farm Bureau, Kauai County Farm Bureau, and one individual.

Mr. Hashimoto earned a Bachelor's degree in Agriculture Business Management from the California State Polytechnic College at San Luis Obispo. He earned sixty post baccalaureate credits from Oregon State University and the University of Hawaii at Manoa. Currently, he is the manager of Hashimoto Persimmon Farm and also a member of the Board of Agriculture. In the past, he worked as an Agriculture Specialist for the County of Maui and a County Extension Agent at the University of Hawaii, assisting farmers in increasing their quality and quantity of production. He also served on the Board of Directors for the Maui Farm for nearly ten years and on the Board of Water Supply for five years. In addition to his strong commitment to agriculture and sustainability, Mr. Hashimoto's extensive experience in farming provides a valuable perspective to the Board of Agriculture.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1588 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 620, 621, and 757**

Recommending that the Senate advise and consent to the nominations of the following:

STADIUM AUTHORITY

- G.M. No. 620 KEITH BUKOSKI, for a term to expire 6-30-2017;
- G.M. No. 621 CHARLES TOGUCHI, for a term to expire 6-30-2017; and
- G.M. No. 757 WILBERT CHEE, for a term to expire 6-30-2017

KEITH BUKOSKI

Your Committee received testimony in support of Keith Bukoski from the Department of Accounting and General Services; Stadium Authority; Plumbers and Fitters Union, Local 675; and fourteen individuals.

Mr. Bukoski is the Executive Director of the Hawaii Building and Construction Trades Council, AFL-CIO, and Principal of Hawaii Resource Management, Inc. He has worked at Mainstay Business Solutions; International Focus, LLC; Techform, LLC; Horizon Waste Services of Hawaii, dba Maui Disposal, Inc.; Roberts Hawaii, Inc.; American Hawaii Cruises; Meadow Gold Dairies; Matson Terminals, Inc.; Hyatt Regency Waikiki; and Hyatt Regency Waikoloa. Mr. Bukoski has also served as a member of the Hawaii State House of Representatives.

Mr. Bukoski was a member of the Charter School Review Panel and Maui County Board of Ethics, and volunteers with Big Brothers Big Sisters - Maui; Chozen Ji Zen Dojo; Hawaii Chamber of Commerce; Hawaiian Canoe Club; Ke Kumu Alakai Mentorship Program; Maui Chamber of Commerce; Maui Contractors Association; Maui Hotel Association; Maui United Way; Outrigger Canoe Club; Pacific Century Fellows; Rotary Club of Maui; and the Saint Louis School Policy Review Committee. Mr. Bukoski has also volunteered with the Kaneohe Christmas Lights; Kaneohe Christmas Parade; American Cancer Society; Hula Bowl Maui; Maui Music Festival; Maui County Fair; Clean Up Green Up Hawaii; NOAA Ocean Debris Clean Up Project; and the Pacific Island Athletic Alliance Letter of Intent Signing Day.

CHARLES TOGUCHI

Your Committee received testimony in support of Charles Toguchi from the Department of Accounting and General Services; Stadium Authority; Legislative Information Services of Hawaii, Inc.; Plumbers and Pipefitters Union, Local 675; and thirteen individuals.

Mr. Toguchi works as a governmental affairs consultant at the company he founded, Charles T. Toguchi & Associates. He has served as Chief of Staff of the Office of the Governor, State Superintendent of Education, Hawaii State Senator, and Hawaii State Representative. Mr. Toguchi has also worked for the Hawaii State Teachers Association, Pacific Concrete and Rock, and as an educator at Hawaii and mainland schools.

Mr. Toguchi is a member of the KEY Project, Kahaluu Lions Club, Kahaluu Methodist Church, and Vice-President and member of the Board of Directors of Challenger Center Hawaii. Mr. Toguchi has also volunteered with the Hawaii Public Schools Foundation, McDonald's Charities, Pacific Aerospace Museum, and the Aloha United Way.

WILBERT CHEE

Your Committee received testimony in support of Wilbert Chee from the Department of Accounting and General Services, Stadium Authority, and three individuals.

Mr. Chee is semi-retired and works part time as Vice-President of Marketing of the land planning and environmental service company he founded, Wil Chee-Planning, Inc., and as Vice-President of QWP, Inc. He has over 40 years of experience in the practice of land use planning, environmental sciences, architecture, and engineering, and these technical skills will enable Mr. Chee to make valuable contributions to the stadium authority.

Mr. Chee served on the Legislative Salary Commission and volunteers or has volunteered with the Cub Scouts, Boy Scouts, St. Clements Parents Association, and Mun Lun Chinese School.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 620 and 621:

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Wakai).

For Gov. Msg. No. 757:

Ayes, 5. Noes, none. Excused, 2 (Baker, English).

**SCRep. 1589 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 716 and 717**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION

G.M. No. 716 RALPH MESICK, for a term to expire 6-30-2016; and

G.M. No. 717 BETTY LOU LARSON, for a term to expire 6-30-2017

RALPH MESICK

Your Committee received testimony in support of Ralph Mesick from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Castle & Cooke Hawaii; and ten individuals. The Department of Business, Economic Development, and Tourism and Hawaii Housing Finance and Development Corporation testified that Mr. Mesick presently serves as the Chairperson of the Board of Directors of the Hawaii Housing Finance and Development Corporation.

Mr. Mesick is a Senior Vice-President of Bank of Hawaii. He has experience in the areas of commercial lending, corporate banking, real estate finance, and risk management. Mr. Mesick has also worked as a finance director and project manager for real estate development and investment companies, and worked as a police officer with the Honolulu Police Department.

Mr. Mesick also currently serves as the Chairperson of the Hawaii Community Reinvestment Corporation and on the Executive Committee of the Urban Land Institute - Hawaii. In the past, Mr. Mesick has served as a board member of the Risk Management Association; Housing Hawaii; Educational Foundation, Inc.; Kakaako Community Reinvestment Corporation; Na Keiki Mauloa; and Star of the Sea Schools.

BETTY LOU LARSON

Your Committee received testimony in support of Betty Lou Larson from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; and eight individuals. The Department of Business, Economic Development, and Tourism testified that Ms. Larson presently serves on the Board of Directors of the Hawaii Housing Finance and Development Corporation.

Ms. Larson works as a Legislative Liaison for Catholic Charities Hawaii and as a Community Housing Advocate. She has previously worked as the Housing Programs Director for Catholic Charities Hawaii.

Ms. Larson volunteers with Partners In Care, the Hawaii Catholic Conference, Catholic Charities Housing Development Corporation, and Catholic Charities Housing Development Committee. Ms. Larson has previously served on the Housing & Community Development Corporation of Hawaii Board; Rental Housing Trust Fund Advisory Commission; Hawaii Housing Development Corporation Board; Affordable Housing and Homeless Alliance Board; the City and County of Honolulu's Selection Committee for Community Development Block Grants; and Hawaii Pacific Gerontological Society.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Baker, English).

**SCRep. 1590 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 718 and 758**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII STRATEGIC DEVELOPMENT CORPORATION

G.M. No. 718 H. BRIAN MOORE, for a term to expire 6-30-2015; and

G.M. No. 758 JEFFREY TORRES, for a term to expire 6-30-2017

H. BRIAN MOORE

Your Committee received testimony in support of H. Brian Moore from the Department of Business, Economic Development, and Tourism and the Hawaii Strategic Development Corporation. The Department of Business, Economic Development, and Tourism and Hawaii Strategic Development Corporation testified that Mr. Moore is presently serving a second term as Chairperson of the Board of

Directors of the Hawaii Strategic Development Corporation. The Hawaii Strategic Development Corporation also testified that Mr. Moore presently serves as the Corporation's board member on the Board of Directors of the Natural Energy Laboratory of Hawaii Authority.

Mr. Moore works as a Senior Vice President for Real Estate Investment at Pacific Guardian Life Insurance Company, Ltd. He has also worked at Hawaiian Life Insurance Company, Ltd. and First Hawaiian Bank, and served in the U.S. Army.

Mr. Moore is or has been affiliated in the past with the Mortgage Bankers Association of Hawaii, Urban Land Institute, Honolulu Board of REALTORS, Pacific Club, FLMI Society, Life Mortgage and Real Estate Office Council, Better Business Bureau, Aloha United Way, Junior Achievement, Oahu Country Club, Beretania Tennis Club, and the University of Notre Dame Alumni Club. He brings to the Board significant financial expertise and insurance industry relationships.

#### JEFFREY TORRES

Your Committee received testimony in support of Jeffrey Torres from the Department of Business, Economic Development, and Tourism; Hawaii Strategic Development Corporation; and three individuals.

Mr. Torres is the Director of Government and Regulatory Affairs of Ohana Health Plan, Inc. He has worked as an attorney providing corporate, compliance, and risk management counsel for numerous companies on the mainland and internationally.

Mr. Torres is a member of the Health Care Compliance Association, International Association of Privacy Professionals, Society of Ethics and Corporate Compliance, and the Hawaii Healthcare Transformation Initiative. He brings to the Board extensive experience in healthcare and compliance issues.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Baker, English).

#### **SCRep. 1591 Economic Development, Government Operations and Housing on Gov. Msg. No. 759**

Recommending that the Senate advise and consent to the nomination of the following:

#### HAWAII COMMUNITY DEVELOPMENT AUTHORITY (KALAELOA DISTRICT)

G.M. No. 759 SHIRLEY SWINNEY, for a term to expire 6-30-2017

Your Committee received testimony in support of Shirley Swinney from the Department of Business, Economic Development, and Tourism and sixteen individuals. The Department of Business, Economic Development, and Tourism testified that Ms. Swinney has previously served for one year as a member of the Hawaii Community Development Authority.

Ms. Swinney is the President and Founder of the Kapolei Community Development Corporation, a non-profit organization that plans, designs, and implements initiatives by and for Kapolei homestead beneficiaries. She worked for the Hawaii State Judiciary for over thirty years as a Circuit Court and District Court Clerk, and at First Hawaiian Bank as a teller.

Ms. Swinney is a member of the Malama Learning Center, Special Olympics Hawaii, University of Hawaii West Oahu Ad Hoc Stakeholders Committee, Hoopili Task Force, and Malu'ohai Residents' Association. Ms. Swinney's past experience as a Kalaeloa member of the Hawaii Community Development Authority and her professional background will be a valuable resource to the Authority.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Baker, English).

#### **SCRep. 1592 Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 164**

The purpose and intent of this measure is to acknowledge, support, and commend the Aegis Ballistic Missile Defense System and the Ground-Based Midcourse Defense System.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii, BAE Systems, and one individual.

Your Committee finds that it is imperative that the United States complete testing the Aegis Ballistic Missile Defense System that is currently being developed on Kauai, especially in consideration of North Korea's recent successful launch of a ballistic missile capable of reaching Hawaii and the U.S. Mainland. Your Committee further finds that these defense systems are critical to Hawaii because the State serves as the home base for U.S. military operations in the Pacific region.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 164, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1593 Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 218**

The purpose and intent of this measure is to recognize and honor the ultimate sacrifice on the battlefield made by Hawaii born member of the United States military, First Lieutenant John Kuulei Kauhahao, by urging the United States Congress to award him the Congressional Medal of Honor for his acts of valor during the Vietnam War.

Your Committee received testimony in support of this measure from the Office of the Governor, State of Hawaii Department of Defense, Office of Veterans Services, and three individuals.

Your Committee finds that First Lieutenant John Kuulei Kauhahao excelled as a Hawaii National Guardsman and became a platoon leader during the Vietnam War. Your Committee further finds that when engagement was necessary, Lieutenant Kauhahao drew enemy fire upon himself so that his men could be in a better position to locate and fire on the enemies. This measure recognizes Lieutenant Kauhahao's multiple, extraordinary acts of bravery that reveal a soldier dedicated to his country and comrades, who went above and beyond to exemplify the ideals of the U.S. military.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 218, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1594 Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 60**

The purpose and intent of this measure is to request the State Department of Defense to establish a veteran women services coordinator position within the Office of Veterans Services.

Your Committee received testimony in support of this measure from the Office of Veterans Services, Hawaii Women's Military Veterans Task Force, and four individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Hawaii has approximately 11,744 women veterans. Your Committee further finds that women in the military face multiple, inter-related, and complex problems, which include a high rate of military sexual trauma, inadequate health care after reentry into the civilian life, high rates of post-traumatic stress syndrome, homelessness, and unemployment. This measure will provide support for the establishment of a veteran women services coordinator position, which will assist the Office of Veterans Services to identify and address specific needs of women veterans.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 60, H.D. 1, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 1595 (Joint) Transportation and International Affairs and Energy and Environment on H.C.R. No. 143**

The purpose and intent of this measure is to request the President of the United States and the United States Congress to exempt certain coral species in all commercial harbors in the State of Hawaii from reclassification under a proposed federal rule change.

Your Committees received testimony in support of this measure from the Department of Transportation, Matson Navigation Company, Young Brothers, Horizon Lines, and Ocean Tourism Coalition. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources, Conservation Council for Hawaii, Center for Biological Diversity, and five individuals. Your Committees received comments on this measure from one individual.

Your Committees find that Hawaii is critically dependent upon ocean transportation and commerce that occurs through the State's commercial harbors. The proposed rule for reclassification of coral species includes two species, *Montipora patula* and *Montipora flabellate*, which are the fourth and fifth most abundant coral in the waters surrounding Hawaii. This measure seeks to have these two flourishing coral species within all harbors in the State of Hawaii exempted from reclassification under the proposed rule to ensure that there are no significant impacts to harbor operations.

Your Committees have amended this measure on the recommendation of the Department of Land and Natural Resources by:

- (1) Addressing the request to the National Oceanic and Atmospheric Administration (NOAA), instead of the President of the United States and the United States Congress, since NOAA makes the rules pertaining to this measure;
- (2) Clarifying that the requested rule change is to apply to all state waters, particularly commercial harbors;
- (3) Changing the title accordingly to read:

“REQUESTING THE NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION TO EXEMPT CERTAIN CORAL SPECIES IN ALL STATE WATERS, PARTICULARLY COMMERCIAL HARBORS, FROM RECLASSIFICATION UNDER A PROPOSED FEDERAL RULE CHANGE”; and

- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 143, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 143, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs  
Ayes, 8. Noes, none. Excused, 1 (Keith-Agaran).

Energy and Environment  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 1596 (Joint) Economic Development, Government Operations and Housing and Ways and Means on H.C.R. No. 47**

The purpose and intent of this measure is to extend the government contracting task force to June 30, 2013, so that it may finalize and submit its 2012 interim report to the Legislature, to include the following:

- (1) A report on the government contracting task force's study of state contracting processes;
- (2) Recommendations to standardize and simplify the state contracting process between private parties and certain state agencies; and
- (3) An evaluation of the "dashboard" demonstration project involving certain state agencies.

Your Committees received testimony in support of this measure from the Hawaii Alliance of Nonprofit Organizations.

Your Committees find that the government contracting task force has been meeting since the summer of 2011 and has made considerable progress. Due to the complexity of the issues it was created to address, however, the government contracting task force needs more time to resolve the issues to the satisfaction of all parties involved. Your Committees further find that with an extension, the government contracting task force plans to concentrate on higher systemic issues including contracting and payment processes; communication; technology; accountability; transparency; and education and training.

Your Committees have amended this measure by:

- (1) Further extending the government contracting task force until December 31, 2013;
- (2) Extending the deadline for submission of the government contracting task force's final report to the Legislature to December 31, 2013; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 47, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 47, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 6. Noes, none. Excused, 1 (Wakai).

Ways and Means  
Ayes, 10. Noes, none. Excused, 3 (Keith-Agaran, Kouchi, Tokuda).

**SCRep. 1597 Ways and Means on H.C.R. No. 46**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, nonexclusive easement covering a portion of state submerged lands for seawall and revetment purposes.

Your Committee finds that, on January 13, 2012, under agenda item D-17, the Board of Land and Natural Resources approved the subject property owners' request for an easement to resolve the encroachment of the property's seawall and revetment into state submerged lands. Your Committee further finds that this measure satisfies section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 46, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Tokuda, Slom).

**SCRep. 1598 Ways and Means on H.C.R. No. 37**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, nonexclusive easement covering a portion of state submerged lands fronting the property identified as tax map key (1) 3-1-038: seaward of 042, Kapahulu, Honolulu, Oahu.

Your Committee finds that, on July 13, 2012, under agenda item D-10, the Board of Land and Natural Resources approved the issuance of a perpetual, nonexclusive easement to resolve the encroachment of the subject property's seawall and steps into state submerged lands. Your Committee further finds that this measure satisfies section 171-53, Hawaii Revised Statutes, which requires legislative approval by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Tokuda, Slom).

**SCRep. 1599 Commerce and Consumer Protection on H.C.R. No. 201**

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the Hawaii Psychological Association to develop draft legislation establishing, implementing, and monitoring continuing education requirements for all licensed psychologists in Hawaii.

Your Committee received testimony in support of this measure from the Board of Psychology; Hawai'i Psychological Association; National Association of Social Workers, Hawai'i Chapter; and three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the field of psychology is constantly transforming and developing. In an age of ever-growing accountability, psychologists have an obligation to consumers and fellow psychologists to be current with the knowledge in their field and any applicable specialties.

Your Committee further finds that Hawaii is one of only six states that do not require continuing education requirements for psychologists. Mandating continuing education for licensed psychologists is an essential way to promote client and patient safety and support the valuable role psychologists play in the health care system, by requiring licensed psychologists to keep abreast of new knowledge, skills, and relevant information.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 201, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Wakai).

**SCRep. 1600 (Joint) Education and Ways and Means on H.C.R. No. 119**

The purpose and intent of this measure is to request the Executive Office on Early Learning, in consultation with the Department of Budget and Finance, to conduct a study on the feasibility of using social impact bonds to fund early learning programs and services in the State.

Your Committees received testimony in support of this measure from the Executive Office on Early Learning, Hawaii Association of Independent Schools, and Good Beginnings Alliance. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that social impact bonds connect private investors with government entities to fund social programs and services with no initial outlay of taxpayer funds. Your Committees further find that the use of social impact bonds has been successful in New York City and that social impact bonds are currently being used to fund programs aimed at reducing youth recidivism rates.

Your Committees believe that further study is needed to determine whether social impact bonds are a feasible method of funding early learning programs and services in the State.

Your Committees have amended this measure by:

- (1) Requesting the Department of Budget and Finance, rather than the Executive Office on Early Learning, to conduct a study on the feasibility of using social impact bonds to fund early learning programs and services in the State;
- (2) Requesting the Department of Budget and Finance to consult with the Executive Office on Early Learning, Department of Human Services, and Department of Education when considering various issues, including the feasibility of establishing a social bond pilot program, and when submitting a report to the Legislature;
- (3) Amending the title of this measure to read: "REQUESTING THE DEPARTMENT OF BUDGET AND FINANCE TO CONDUCT A STUDY ON THE FEASIBILITY OF USING SOCIAL IMPACT BONDS TO FUND EARLY LEARNING PROGRAMS AND SERVICES IN THE STATE"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 119, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 119, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 1601 (Joint) Education and Ways and Means on H.C.R. No. 92**

The purpose and intent of this measure is to request the Department of Education to expand the Mandarin Chinese language curriculum in public high schools.

Your Committees received testimony in opposition to this measure from the Department of Education.

Your Committees find that the Department of Education's Mandarin Chinese language curriculum is not available at every public high school and that the decision as to whether Mandarin Chinese language courses are offered is made at the school level.

While your Committees understand the concerns of the Department of Education in expanding the Mandarin Chinese language curriculum by the 2015-2016 school year, as requested, your Committees believe that students statewide should have access to Mandarin Chinese language classes.

Your Committees have amended this measure by:

- (1) Removing the request that the Department of Education expand the Mandarin Chinese language curriculum by the 2015-2016 academic school year and clarifying that the Department is requested to make the Mandarin Chinese language curriculum available statewide;
- (2) Requesting that the Department of Education work with state post-secondary institutions, rather than just the University of Hawaii and the Confucius Institute of the University of Hawaii at Manoa, to expand Mandarin Chinese language offerings; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 92, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 92, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education

**SCRep. 1602 (Joint) Public Safety, Intergovernmental and Military Affairs and Ways and Means on H.C.R. No. 130**

The purpose and intent of this measure is to urge Congress to support the construction of a War in the Pacific Memorial at the Pearl Harbor Visitor Center to honor those who fought the battles of World War II in the Pacific, with a special tribute to those who sacrificed their lives in the conflicts.

Your Committees received testimony in support of this measure from the Honolulu Navy League and one individual.

Your Committees find that a War in the Pacific Memorial would recognize and honor individuals who fought in World War II battles across the Pacific, including the more than 100,000 soldiers who sacrificed their lives in the conflicts. Your Committees further find that a War in the Pacific Memorial at the Pearl Harbor Visitor Center will help educate the public about the battles in the Pacific during World War II.

Your Committees have amended this measure by:

- (1) Making technical, nonsubstantive amendments to the title; and
- (2) Making other technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 130, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 130, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

**SCRep. 1603 (Joint) Higher Education and Ways and Means on H.C.R. No. 48**

The purpose and intent of this measure is to request the University of Hawaii at Hilo to establish a task force to examine the feasibility of forming a University of Hawaii at Hilo men's volleyball team.

Your Committees received testimony in support of this measure from the University of Hawaii at Hilo and four individuals.

Your Committees find that while there are six men's and seven women's athletic teams representing the University of Hawaii at Hilo at the National Collegiate Athletic Association Division II level, the University of Hawaii at Hilo is not represented by a men's volleyball team. Your Committees believe that it is worthwhile to explore the feasibility of forming a men's volleyball team at the University of Hawaii at Hilo.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 48, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 48, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 6. Noes, none. Excused, 1 (Keith-Agaran).

Ways and Means

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, English, Keith-Agaran, Kouchi).

**SCRep. 1604 (Joint/Majority) Commerce and Consumer Protection and Ways and Means on H.C.R. No. 161**

The purpose and intent of this measure is to request the State Auditor to convene a working group to determine the scope and specific duties of the health educator profession.

Your Committees received testimony in support of this measure from the Society for Public Health Education; National Commission for Health Education Credentialing, Inc.; Coalition of National Health Education Organizations; and one individual. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that health educators enhance people's quality of life and work to improve the health status of individuals, communities, states, and the nation through primary, secondary, and tertiary prevention. According to the United States Department of Labor, the growth rate for health educators is projected to expand much faster than the national average for other occupations. Your Committees further find that it is important to address the role of health educators in Hawaii and ensure Hawaii consumers are adequately protected.

This measure requests the Auditor to convene a working group to determine the scope and specific duties of the health educator profession. However, your Committees find that it would be more appropriate to request the Chairs of the House Committee on Consumer Protection and Commerce, Senate Committee on Commerce and Consumer Protection, and House and Senate Committees on Education to convene this working group. The determination about the scope and specific duties of the health educator profession can then be used as the basis for appropriate legislation relating to a sunrise review on the licensing and regulation of health educators.

Accordingly, your Committees have amended this measure by:

- (1) Requesting the Chairs of the House Committee on Consumer Protection and Commerce, Senate Committee on Commerce and Consumer Protection, and House and Senate Committees on Education, rather than the State Auditor, to convene a working group to determine the scope and specific duties of the health educator profession;
- (2) Specifying that the determination by the working group regarding the scope and specific duties of the health educator profession is intended to be used as the basis for appropriate legislation relating to a sunrise review on the licensing and regulation of health educators;
- (3) Amending the composition of the working group;
- (4) Specifying that members of the working group shall not be considered state employees based solely upon their participation in the working group;
- (5) Clarifying the findings to reflect the amended purpose of this measure;
- (6) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency; and
- (7) Amending the title for accuracy.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 161, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 161, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection

**SCRep. 1605 (Joint) Energy and Environment and Ways and Means on H.C.R. No. 99**

The purpose and intent of this measure is to request the convening of a Legislative Task Force on Energy Security.

Your Committees received testimony in support of this measure from Aluvion Energies LLC, Hawaii State AFL-CIO, and United Steelworkers Union Local 12-591. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that in January the Tesoro Corporation announced plans to shut down its oil refinery in Kapolei, Hawaii, which will result in two hundred layoffs at the facility and is likely to impact more than two thousand jobs in the region. In response, the Governor issued Executive Order 13-01, which established the Hawaii Refinery Task Force to examine the impact of the closure of the Tesoro refinery. Your Committees find, however, that the task force was not directed to examine alternative efforts to encourage the continued use or alternative use of the Tesoro refinery.

Your Committees have amended this measure by:

- (1) Deleting the language requesting the Legislature to convene a Legislative Task Force on Energy Security and all language related to that task force;
- (2) Adding language to urge the Governor to add a representative of the United Steelworkers Local 12-591 as a member of the existing Hawaii Refinery Task Force and to request the Hawaii Refinery Task Force to examine:

- (A) Legislative, administrative, and regulatory concerns that refiners may have in deciding whether to enter the refining industry in Hawaii and recommend strategies on addressing those concerns;
- (B) The feasibility of continued use of Tesoro's refinery; and
- (C) Potential alternative, green energy uses of the refinery assets, including conversion to green diesel fuel production;
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency; and
- (4) Changing the title to appropriately reflect its contents.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 99, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 99, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 1606 (Joint) Economic Development, Government Operations and Housing and Transportation and International Affairs on H.C.R. No. 204**

The purpose and intent of this measure is to explore ways to reduce the time and expense of shipping goods from certain neighbor islands to Oahu by requesting the Director of Business, Economic Development, and Tourism to form a working group consisting of public and private stakeholders to study the issue and report its findings, recommendations, and any proposed legislation to the Legislature no later than twenty days prior to the convening of the 2014 Regular Session.

Your Committees received testimony in support of this measure from seven individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Public Utilities Commission; and Young Brothers, Ltd.

The Public Utilities Commission testified that, while it was willing to make itself available to the working group as an information resource, it would be inappropriate for the Commission to participate as a member of the working group due to possible questions of impartiality or bias on its part. The Commission therefore requested that it be removed as a member of the working group.

Your Committees are concerned that the cost of goods in remote locations of the State may be significantly higher than in more populous regions because of increased shipping costs and transit times. Your Committees find it appropriate and necessary to establish a working group involving public and private stakeholders to explore ways to address this issue. Your Committees are concerned, however, about potential questions of impartiality or bias on the part of the Public Utilities Commission that may arise if it is included as a member of the working group.

Therefore, your Committees have amended this measure by:

- (1) Removing the Public Utilities Commission from the working group membership; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 204, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 204, H.D. 1, S.D. 1.

Signed by the Chair and Majority Leader on behalf of the Committees.

Ayes, 6. Noes, none. Excused, 3 (English, Keith-Agaran, Kouchi).

**SCRep. 1607 (Joint) Tourism and Hawaiian Affairs and Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on H.C.R. No. 6**

The purpose and intent of this measure is to:

- (1) Commemorate the twentieth anniversary of the Apology Resolution, Public Law 103-150;
- (2) Recognize the progress that has been made toward reconciliation and Native Hawaiian self-governance and self-determination;
- (3) Reaffirm the State's commitment to reconciliation with the Native Hawaiian people for historical injustices;
- (4) Urge the federal government to advance reconciliation efforts with Native Hawaiians; and
- (5) Express the Legislature's support of efforts to further the self-determination and sovereignty of Native Hawaiians.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Office of the Attorney General, Hawaiian Affairs Caucus of Democratic Party of Hawaii, Papa Ola Lokahi, Association of Hawaiian Civic Clubs, and twenty-one individuals. Your Committees received testimony in opposition to this measure from Na Koa Ikaika and two individuals.

This measure marks the twentieth anniversary of the historic Apology Resolution, Public Law 103-150, issued by Congress in 1993. In the Apology Resolution, Congress officially recognized the injustices suffered by Native Hawaiians permitted by the United States and committed itself to reconciliation efforts with Native Hawaiians. Since the Apology Resolution, Hawaii has taken significant steps to support these reconciliation efforts. This measure recognizes and celebrates these efforts and urges the state and federal government to reflect on the events that led to the Apology Resolution and to continue efforts to advance Native Hawaiian self-determination and sovereignty.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, accuracy, and consistency.

As affirmed by the records of votes of the members of your Committees on Tourism and Hawaiian Affairs, Public Safety, Intergovernmental and Military Affairs, and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 6, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 6, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1608 Water and Land on H.C.R. No. 120**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to conduct a study of the state small boat harbor facility commercial permits for vessels engaged in ocean-use activities in ocean waters between Kalaeloa Point and Kaena Point that were in existence at the time of the moratorium in 2005, the uses for such permits, and the revenue generated and the current commercial vessel permits, the uses for such permits, and the revenue generated.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Act 6, Special Session Laws of Hawaii 2005 (Act 6), placed a moratorium on the issuance of new state small boat harbor facility commercial permits for vessels engaged in ocean-use activities in ocean waters between Kalaeloa Point and Kaena Point. Your Committee finds that commercial ocean recreation activities between Kalaeloa Point and Kaena Point have continued to increase since 2005, despite the moratorium.

Your Committee has amended this measure by additionally requesting that the Department of Land and Natural Resources consult with the Waianae coast community regarding the existing and future ocean-use activities.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 120, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 120, S.D. 1.

Signed by the Majority Leader on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, Ihara, Thielen).

**SCRep. 1609 Health on H.C.R. No. 33**

The purpose and intent of this measure is to request the Legislature to participate in "Light the State Capitol Blue" during a portion of the 2013 Regular Session.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawaii Prostate Cancer Coalition, and two individuals.

Your Committee finds that prostate cancer is the second most common cause of male cancer-related death in the United States. Increasing public awareness of prostate cancer is essential to prostate cancer prevention and early treatment because such awareness encourages men and families to learn about prostate cancer screening, diagnosis, and treatment options.

Your Committee has amended this measure by:

- (1) Specifying that the Department of Accounting and General Services is requested to participate in the "Light the State Capitol Blue" in April and September of 2013 and 2014;
- (2) Specifying that the Comptroller is requested to permit a banner encouraging men to speak to their physicians about prostate cancer on state capitol grounds in April and September of 2013 and 2014;
- (3) Amending the title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 33, S.D. 1.

Signed by the Majority Leader on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1610 (Joint) Energy and Environment and Public Safety, Intergovernmental and Military Affairs and Water and Land on H.C.R. No. 96**

The purpose and intent of this measure is to request the United States Department of the Interior Fish and Wildlife Service to work with affected persons and counties in establishing critical habitat designations for endangered species in the State.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Hawaii Cattlemen's Association; Kauai Cattlemen's Association; Building Industry Association-Hawaii; 4Ag Hawaii; Barbed S. Ranch; Palani Ranch, Kukaiau Ranch; McCandless Ranch; Hawaii Aquaculture and Aquaponics Association; PonoHolo Ranch Ltd.; Mikilua Poultry Farm, Inc.; Ka'ala Ranch; Ulupalakua Ranch; Alexander & Baldwin; Maui Cattle Company; and eleven individuals. Your Committees received testimony in opposition to this measure from Conservation Council for Hawaii and two individuals. Your Committees received comments on this measure from the Department of Accounting and General Services.

Your Committees find that the United States Department of the Interior Fish and Wildlife Service has recently proposed to designate 271,062 acres in Maui County as critical habitat for endangered species, which is more than twice the existing amount of critical habitat currently designated on the islands of Maui, Molokai, Lanai, and Kahoolawe. Your Committees further find that the proposed critical habitat designation has the potential to adversely impact landowners and hurt the relationship between the county and the federal government. Your Committees note that many of the ranchers and farmers who will be impacted by the proposed critical habitat designation have not been adequately notified or involved in the designation process. As such, your Committees request the United States Department of the Interior Fish and Wildlife Service to work with the affected persons and counties in establishing critical habitat designations by holding hearings on Maui regarding the proposed critical habitat designations to give all interested stakeholders an opportunity to participate in the process.

Your Committees have amended this measure by:

- (1) Inserting the word "reasonable" into the title of the measure to request the United States Department of the Interior Fish and Wildlife Service to establish "reasonable" critical habitat designations;
- (2) Clarifying that any conservation actions in this state should be implemented so as to not unreasonably impede local food production;
- (3) Deleting the language requesting the Department of the Interior Fish and Wildlife Service to perform an environmental assessment of its proposed Critical Habitat Designation and environmental impact statement, if necessary; and
- (4) Inserting language to request the United States Department of the Interior Fish and Wildlife Service to conduct hearings in the affected counties before making Critical Habitat Designations to give all interested stakeholders an opportunity to participate in the process.

As affirmed by the records of votes of the members of your Committees on Energy and Environment, Public Safety, Intergovernmental and Military Affairs, and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 96, H.D. 2, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 96, H.D. 2, S.D. 1.

Signed by the Chairs and Majority Leader on behalf of the Committees.

Energy and Environment  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 5. Noes, none. Excused, none.

Water and Land  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Ruderman).

**SCRep. 1611 (Joint) Energy and Environment and Health on H.C.R. No. 129**

The purpose and intent of this measure is to request the Director of Health to develop partnerships to address the data gap on air, surface water, and near shore effects of atrazine.

Your Committees received testimony in support of this measure from the Department of Health and three individuals. Your Committees received testimony in opposition to this measure from the Hawaii Farm Bureau and Syngenta Hawaii. Your Committees received comments on this measure from the Department of Agriculture.

Your Committees find that the toxicity of atrazine is well documented and has been shown to have adverse endocrine effects in humans, mammals, and amphibians. Your Committees further find that tests performed by the Department of Health indicate that drinking water in Hawaii, particularly in the County of Hawaii, is contaminated with measurable levels of atrazine. This measure is necessary to urge the Department of Health to take action to protect the public safety and ascertain all impact information regarding the effects of atrazine.

Your Committees have amended this measure by:

- (1) Deleting the paragraph stating that the Department of Agriculture does not test for atrazine, due to the inaccuracy of this statement; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Health that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 129, H.D. 2, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 129, H.D. 2, S.D. 1.

Signed by the Chair and Majority Leader on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 1612 (Majority) Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 10**

The purpose and intent of this measure is to request the United States Congress to propose a Constitutional amendment to overturn the United States Supreme Court holding relating to corporate independent expenditures in *Citizens United v. Federal Election Commission (Citizens United)*.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Supreme Court held in *Citizens United* that the First Amendment prohibits the government from suppressing political speech in the form of corporate independent expenditures, based on the speaker's corporate identity. Your Committee further finds that there is a clear distinction between human and corporate political speech relating to the election of public officials and campaign spending. This measure encourages Congress to propose a Constitutional amendment to prohibit corporations from using corporate treasury funds for political independent expenditures.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes for clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 10, H.D. 1, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as H.C.R. No. 10, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Slom). Excused, 1 (Green).

**SCRep. 1613 (Joint) Energy and Environment and Transportation and International Affairs on H.C.R. No. 239**

The purpose and intent of this measure is to urge the Governor to explore opportunities for foreign direct investments from the Republic of Korea for the deployment of proven renewable energy technologies such as waste-to-energy systems developed by Korean companies.

Your Committees received testimony in support of this measure from HGE Hawaii LLC, Larta Institute-Asia Pacific, and three individuals.

Your Committees find that Hawaii has some of the highest electricity rates in the nation. The State also lacks new landfill space and is almost at capacity to absorb the waste produced by its 1,400,000 residents and the estimated 8,500,000 tourists who are projected to visit the State in 2013. Your Committees further find that the Republic of Korea has demonstrated leadership in environmental stewardship and sustainable waste management in the adoption of waste-to-energy conversion technologies. Your Committees also note that there is a tremendous opportunity for the State to capitalize on the close relationship between the United States and Republic of Korea by seeking to partner with Korean companies in the renewable energy and waste-to-energy fields.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 239, and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 4; Ayes with Reservations (Ruderman). Noes, none. Excused, 1 (Ihara).

Transportation and International Affairs

Ayes, 8; Ayes with Reservations (Kouchi, Solomon). Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 1614 Technology and the Arts on H.C.R. No. 116**

The purpose and intent of this measure is to encourage the Hawaii State Foundation on Culture and the Arts to utilize the Art in Public Places Program to include more art programs for Hawaii's youth.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and eight individuals.

Your Committee finds that the Art in Public Places Program was established in part to cultivate the public appreciation of visual arts and contribute toward the development of an artistic community. Your Committee further finds that art programs for children will help

accomplish the missions of the Art in Public Places Program. This measure will afford Hawaii's children more opportunities to express their artistic talent and creativity.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 116, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1615 Technology and the Arts on H.C.R. No. 163**

The purpose and intent of this measure is to request the Hawaii State Foundation on Culture and the Arts to establish a two-year pilot program for the creation of urban art on state-owned property.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Department of Transportation, and two individuals. Your Committee received comments on this measure from the Historic Hawaii Foundation.

Your Committee finds that graffiti is a pervasive problem in many communities throughout Hawaii and can be a visual blight in neighborhoods and lower property values. Your Committee further finds that urban art, which includes graffiti and tagging, can be a form of social commentary and a vehicle of personal expression by young generations of city youth who are continuously looking for ways to have their voices heard. This measure permits the establishment of authorized outlets for urban art in order to enable appropriate creative social expression while mitigating unauthorized acts of graffiti.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 163, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1616 Health on Gov. Msg. No. 743**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 743 MARTHA TURNER, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Martha Turner to possess the requisite qualifications to be nominated to the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of the nomination of Ms. Turner from the Department of Health.

Your Committee notes that Ms. Turner has approximately forty years of experience in nursing, home health services, and nursing services management. Since 2009, Ms. Turner has served as the Manager of the Kaiser Permanente Wailuku Clinic and as the Manager of Nursing Services for the Wailuku and Maui Lani Clinics. Her duties include overseeing the operations of the medical clinic and ambulatory surgery center, including staffing oversight of forty-five physicians and seventy-nine nursing staff at the Wailuku Clinic and fifty-five nursing staff at the Maui Lani Clinic.

Your Committee notes that Ms. Turner has demonstrated significant dedication to public service, as evidenced by her exemplary service as a Registered Nurse and Manager of Nursing Services for approximately forty years. Additionally, Ms. Turner established a Home Health Agency for Kaiser Permanente on Maui. Your Committee finds that Ms. Turner has been appointed to the Health Planning Council, Tri-Isle Subarea, based on her knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1617 Health on Gov. Msg. No. 791**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, WEST O'AHU SUBAREA

G.M. No. 791 MARALYN KURSHALS, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Maralyn Kurshals to possess the requisite qualifications to be nominated to the Health Planning Council, West Oahu Subarea.

Your Committee received testimony in support of the nomination of Ms. Kurshals from the Department of Health, Waianae Coast Comprehensive Health Center, and two individuals.

Your Committee notes that Ms. Kurshals has over twenty years of experience working with children and youths with disabilities, homeless populations, and the Native Hawaiian community. Since 2007, Ms. Kurshals has worked for the Department of Health, Children and Adolescent Mental Health Division. Her duties include assisting families, social service providers, and mental health

professionals with mental health care intake and processing. Ms. Kurshals' other duties include assisting and providing mental health resources for approximately two hundred clients in predominantly low-income communities of Asian Pacific Islanders.

Your Committee notes that Ms. Kurshals has demonstrated significant dedication to public service, as evidenced by her exemplary service as President and board member for the Waianae Neighborhood Board and as a member and Chair of the Policy Committee of the Waianae Coast Comprehensive Health Center Board of Directors. Additionally, Ms. Kurshals is a member of Kapolei Toastmasters, Waianae Hawaiian Civic Club, Read Aloud, Na Keiki O KA Mo'i Canoe Club, and Women of Waianae. Your Committee finds that Ms. Kurshals has been appointed to the Health Planning Council, West Oahu Subarea, based on her knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1618 Health on Gov. Msg. No. 737**

Recommending that the Senate advise and consent to the nomination of the following:

TOBACCO PREVENTION AND CONTROL ADVISORY BOARD

G.M. No. 737 ANTHEA WANG, for a term to expire 6-30-2014

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Anthea Wang to possess the requisite qualifications to be nominated to the Tobacco Prevention and Control Advisory Board.

Your Committee received testimony in support of the nomination of Ms. Wang from Kaiser Permanente, Mountain-Pacific Quality Health Hawaii, and one individual.

Your Committee notes that Ms. Wang received a Bachelor of Science degree in Biology, a Doctorate of Medicine degree, and Master's degree in Public Health, all from the University of North Carolina. Ms. Wang has over fourteen years of experience in medicine, including leadership positions in public service and private practice. Since 2011, Ms. Wang has served as a Primary Care Physician for outpatient internal medicine, providing guidance and leadership at Kaiser Permanente. Ms. Wang previously served as Medical Director to the Med-QUEST Division of the Hawaii Department of Human Services, where she was responsible for providing clinical guidance and leadership for the division's policies and programs.

Your Committee notes that Ms. Wang has demonstrated significant dedication to public service, as evidenced by her exemplary service as board member of Mountain Pacific Quality Health and as a member of other professional groups such as the American Board of Internal Medicine, American Board of Preventative Medicine, American College of Preventive Medicine, and American College of Physicians. Additionally, Ms. Wang has also received several awards, including the Diabetes Advisory Council of North Carolina Service Award, the John Atkinson Ferrell Distinguished Resident Award, and the David Ontjes Award. Your Committee finds that Ms. Wang has been appointed to the Tobacco Prevention and Control Advisory Board based on her knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1619 Health on Gov. Msg. No. 742**

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, O'AHU SERVICE AREA BOARD

G.M. No. 742 CYNTHIA DANG, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Cynthia Dang to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, O'ahu Service Area Board.

Your Committee received testimony in support of the nomination of Ms. Dang from Kaiser Permanente, Mountain-Pacific Quality Health Hawaii, and one individual.

Your Committee notes that Ms. Dang received a Bachelor's degree in Business Administration from Chaminade University and a Doctor of Psychology degree from Argosy University. Ms. Dang presently works as a mid-level manager for Lean Pathways, a business consulting firm. Ms. Dang is responsible for managing workgroups ranging from twenty to sixty employees. Ms. Dang has experience working with various committees dealing with assessing and treating trauma, and also has experience as a program coordinator for homeless veterans.

Your Committee notes that Ms. Dang has demonstrated significant dedication to public service, as evidenced by her exemplary service as a Program Coordinator for the Homeless Veterans Initiative. Ms. Dang has also demonstrated leadership ability through her participation in the Healthy Workplace Awards Program, Continuing Education Committee, and Annual Conference on Assessing and Treating Trauma. Your Committee finds that Ms. Dang has been appointed to the Mental Health and Substance Abuse, O'ahu Service Area Board, based on her knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1620 Health on Gov. Msg. No. 736**

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, KAUAI SERVICE AREA BOARD

G.M. No. 736 KURT NAGATA, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Kurt Nagata to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, Kaua'i Service Area Board.

Your Committee received testimony in support of the nomination of Mr. Nagata from the Department of Health and one individual.

Your Committee notes that Mr. Nagata is an advocate for mental health services on Kauai. Mr. Nagata is the President of the Board of Directors of Friendship House Kauai, which is the first of six mental health Clubhouses in Hawaii. A Clubhouse is a unique, voluntary, member-driven psychosocial rehabilitation program for adults who experience the challenges of mental illness. Within a supportive environment, program participants are offered a multitude of services to improve the quality of their lives through meaningful work, positive relationships, and gainful employment. Participants can build on their strengths and abilities to acquire or improve skills needed to reach their individual goals and aspirations.

Your Committee notes that Mr. Nagata has demonstrated significant dedication to public service, as evidenced by his volunteer efforts with Friendship House and his work with the Consumer, Family, and Youth Hui. Mr. Nagata also brings his personal experience as a recovering alcoholic diagnosed with mental illness. Your Committee finds that Mr. Nagata has been appointed to the Mental Health and Substance Abuse, Kaua'i Service Area Board, based on his knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1621 Health on Gov. Msg. No. 735**

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAII SERVICE AREA BOARD

G.M. No. 735 SULMA GANDHI, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Sulma Gandhi to possess the requisite qualifications to be nominated to the Mental Health and Substance Abuse, Hawaii Service Area Board.

Your Committee received testimony in support of the nomination of Ms. Gandhi from the Department of Health; County of Hawaii, Office of the Prosecuting Attorney; and six individuals.

Your Committee notes that Ms. Gandhi received a Bachelor of Science degree in Biology, a Master's degree in Health Information Science, and is currently a Doctorate Candidate in Healthcare Management and Leadership at California Intercontinental University. Since 2012, Ms. Gandhi has served as the Director for Student Health and Wellness Programs at the University of Hawaii at Hilo. Ms. Gandhi's duties include oversight of programs that provide a system of holistic care that integrates education and prevention efforts with medical and mental health service, program, and activities. Ms. Gandhi's past experience includes six years as Health and Wellness Academy Instructor at Kamehameha Schools, two years as Clinical Director of Hospice of Hilo, and experience assisting at-risk children and families with domestic violence.

Your Committee notes that Ms. Gandhi has demonstrated significant dedication to public service, as evidenced by her exemplary service as board member for Turning Point for Families and her award for the 2009 Chamber of Commerce Athena Award for mentoring women in business, leadership, and community service. Additionally, Ms. Gandhi has assisted community organizations such as Hospice of Hilo, YWCA of Hawaii Island Teen Court, AIDS Vancouver Island Helpline, and Kelowna General Hospital. Your Committee finds that Ms. Gandhi has been appointed to the Mental Health and Substance Abuse, Hawaii Service Area Board, based on her knowledge, professional experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1622 Health on Gov. Msg. Nos. 733, 738, and 781**

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

- G.M. No. 733 MAXINE NAGAMINE, for a term to expire 6-30-2014;  
 G.M. No. 738 JENNIFER PATRICIO, for a term to expire 6-30-2017; and  
 G.M. No. 781 LESLIE TAWATA, for a term to expire 6-30-2015

MAXINE NAGAMINE

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Maxine Nagamine to possess the requisite qualifications to be nominated to the State Council on Developmental Disabilities.

Your Committee received testimony in support of the nomination of Ms. Nagamine from the State Council on Developmental Disabilities, The Arc in Hawaii, and one individual.

Your Committee notes that Dr. Nagamine received a Bachelor of Education degree, a Master's Degree in Education, and a Doctor of Philosophy degree in Educational Administration, all from the University of Hawaii. Dr. Nagamine presently has over forty years of experience as an educator, including extensive experience as an administrator and a State Education Specialist. Dr. Nagamine currently serves with the Office of Curriculum, Instruction, and Student Support, providing guidance and support through information dissemination, in-service training, visits, and conferences in all areas of Special Education, with a focus on secondary transition.

Your Committee notes that Dr. Nagamine has demonstrated significant dedication to public service, as evidenced by her exemplary service as a public sector educator for over four decades. Dr. Nagamine has also demonstrated leadership ability through her participation and attendance at meetings with community agencies, councils, and University programs. Your Committee finds that Dr. Nagamine has been appointed to the State Council on Developmental Disabilities based on her knowledge, professional experience, and commitment to public service.

JENNIFER PATRICIO

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jennifer Patricio to possess the requisite qualifications to be nominated to the State Council on Developmental Disabilities.

Your Committee received testimony in support of the nomination of Ms. Patricio from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, and one individual.

Your Committee notes that Ms. Patricio received a Bachelor of Arts degree in Political Science from California State University, Northridge, and a Juris Doctorate degree from the Thomas M. Cooley Law School. Ms. Patricio presently works as a Staff Attorney with the Hawaii Disability Rights Center where she represents clients at administrative and court hearings, advises clients on legal rights and remedies, and provides supervision to non-attorney staff. Ms. Patricio also serves Volunteer Legal Services Hawaii as a pro bono attorney performing case assessments and providing legal advice to pro se clients.

Your Committee notes that Ms. Patricio has demonstrated significant dedication to public service, as evidenced by her exemplary service as a pro bono attorney with Volunteer Legal Services Hawaii. Ms. Patricio has also demonstrated leadership during her initial four-year term on the State Council on Developmental Disabilities. Additionally, Ms. Patricio has cerebral palsy and brings her personal experience as a professional living and working with a developmental disability. Your Committee finds that Ms. Patricio has been reappointed to the State Council on Developmental Disabilities based on her knowledge, professional experience, and commitment to public service.

LESLIE TAWATA

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Leslie Tawata to possess the requisite qualifications to be nominated to the State Council on Developmental Disabilities.

Your Committee received testimony in support of the nomination of Ms. Tawata from the Department of Human Services; Department of Human Services, Med-QUEST Division; State Council on Developmental Disabilities; and one individual.

Your Committee notes that Ms. Tawata received a Bachelor of Arts degree in Psychology from the University of Southern California and a Master's degree in Public Health from the University of Hawaii. Ms. Tawata has over twenty-five years of experience with the Hawaii Department of Human Services. Ms. Tawata is the Assistant Administrator of the Med-QUEST Division of the Department of Human Services, where she is responsible for overseeing the administration and operation of the Division's programs and ensuring that the Medicaid program complies with federal and state laws, regulations, and rules. Ms. Tawata also has extensive experience with the Department of Health and the Department of Human Services working on Medicaid issues.

Your Committee notes that Ms. Tawata has demonstrated significant dedication to public service, as evidenced by her exemplary and extensive service with the Department of Human Services and the Department of Health. Your Committee finds that Ms. Tawata has been appointed to the State Council on Developmental Disabilities based on her knowledge, professional experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
 Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1623 Technology and the Arts on Gov. Msg. Nos. 773 and 785**

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 773 JULIA STEELE, for a term to expire 6-30-2015; and

G.M. No. 785 EVA ROSE WASHBURN-REPOLLO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Julia Steele and Eva Rose Washburn-Repollo to possess the requisite qualifications to be nominated to serve on the State Foundation on Culture and the Arts Commission.

JULIA STEELE

Your Committee received testimony in support of the nomination of Julia Steele from the Department of Accounting and General Services and five individuals.

Ms. Steele received a Juris Doctorate degree from Stanford Law School and a Bachelor of Arts degree in Journalism and Pacific History from the University of Hawaii at Manoa.

Ms. Steele is the Editor and Editor at Large of Hawaii's largest magazine, *Hana Hou!* In this position, Ms. Steele has conceived, developed, and written award-winning articles about creative individuals and movements in Hawaii. Ms. Steele has also worked as a Writer for Stanford University, Editor of *Pacifica* magazine, and Founding Editor of *Honolulu Weekly*.

Upon review of the testimony, your Committee finds that Ms. Steele's knowledge, background, and skills qualify her for appointment to the State Foundation on Culture and the Arts Commission.

EVA ROSE WASHBURN-REPOLLO

Your Committee received testimony in support of the nomination of Eva Rose Washburn-Repollo from the Department of Accounting and General Services, State Foundation on Culture and the Arts, National Federation of Filipino American Associations, Filipino Community Center, Congress of Visayan Organizations, Filipinos for Affirmative Action, and seven individuals.

Ms. Washburn-Repollo received a Doctor of Philosophy degree from the University of Hawaii at Manoa and Master of Science degree in Reading from Southern Connecticut State University. She received a Master of Arts degree in English and American Literature and Bachelor of Arts degree in Speech and Theater Arts from Silliman University.

Currently, Ms. Washburn-Repollo serves on the faculty of the Communication Department at Chaminade University, where her courses include Intercultural Communication, Basic Communication Arts, and Professional Presentations. Ms. Washburn-Repollo has also taught literature and language courses at the University of Hawaii at Manoa and Hawaii Pacific University.

Ms. Washburn-Repollo has written and performed in a number of performances in Hawaii and the Philippines, and has also been the producer and scriptwriter for several productions, including documentaries involving Samoan, Micronesian, and Hawaiian culture. Additionally, Ms. Washburn-Repollo has published a proliferation of articles, dramas, and a musical libretto.

Based on the testimony submitted, your Committee finds that Ms. Washburn-Repollo is exceptionally qualified to serve on the State Foundation on Culture and the Arts Commission. The nominee's background, knowledge, and skills will serve the Commission and public well.

As affirmed by the records of votes of the members of your Committee on Technology and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1624 Technology and the Arts on Gov. Msg. No. 783**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII HISTORIC PLACES REVIEW BOARD

G.M. No. 783 WILLIAM SOUZA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds William Souza to possess the requisite qualifications to be nominated to serve on the Hawaii Historic Places Review Board.

Your Committee received testimony in support of the nomination of William Souza from the Department of Land and Natural Resources and Papa Ola Lokahi.

Mr. Souza received a Bachelor of Arts degree from Chaminade University. Prior to Mr. Souza's retirement in 2005, he served as the Administrative Assistant for Hawaiian Affairs to the Chancellor of the University of Hawaii at Leeward Community College. He also served in the U.S. Army as a Medical Corpsman (E-5) Sergeant.

Mr. Souza previously served as the Chairman of the Hawaii Historical Places Review Board for one term. Recently, Mr. Souza served as a Protocol Officer and High Chief of the Royal Order of Kamehameha I for visiting diplomats and consuls assigned to Hawaii.

Based on the testimony submitted, your Committee finds that William Souza is exceptionally qualified to serve on the Hawaii Historic Places Review Board. The nominee's background, knowledge, and skills will serve the Board and the people of Hawaii well.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 1625 Economic Development, Government Operations and Housing on Gov. Msg. No. 753**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (HE'EIA DISTRICT)

G.M. No. 753 MAHEALANI CYPHER, for a term to expire 6-30-2016

Your Committee received testimony in support of Mahealani Cypher from the Department of Business, Economic Development, and Tourism; Association of Hawaiian Civic Clubs; and two individuals.

Ms. Cypher works for Native Knowledge, LLC, dba Through Hawaiian Eyes Tours. She has also worked for the Office of the City Clerk, City and County of Honolulu; Board of Water Supply; KHVH News Radio; United Press International; Hawaii State House of Representatives; Community Publications, Inc.; Unity House, Inc.; and KHON-TV2 News.

Ms. Cypher serves as a board member on the Honolulu Board of Water Supply. She has also volunteered with the Ko'olaupoko Hawaiian Civic Club, Association of Hawaiian Civic Clubs, Kako'o O'iwi, Kualoa-He'eia Hawaiian Civic Club, Oahu Council of Hawaiian Civic Clubs, Koolau Foundation, Halawa-Luluku Interpretive Development Plan Project, Kaneohe Outdoor Circle, Kaneohe Neighborhood Board, Halawa Coalition, Malama Kukuio Kane, Kaneohe Historical Society, Stop H-3 Association, Moanalua Gardens Foundation, Windward Community College Community Advisory Council, and Castle Medical Center Citizens Advisory Council.

Your Committee finds that Ms. Cypher has a diverse background and sincere commitment to the Kaneohe community and to Native Hawaiian issues, which will enable her to make significant contributions to the Authority for the benefit of the He'eia district.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Baker, English).

**SCRep. 1626 Water and Land on Gov. Msg. Nos. 688 and 689**

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 688 ERNEST MATSUMURA, for a term to expire 6-30-2017; and

G.M. No. 689 SHELDON BIGA, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Ernest Matsumura and Sheldon Biga to possess the requisite qualifications to be nominated to the Land Use Commission.

ERNEST MATSUMURA

Your Committee received testimony in support of Ernest Matsumura from the Land Use Commission and six individuals.

Ernest Matsumura received a Bachelor of Science degree from Brigham Young University in Provo, Utah. He has been the Chief Executive Officer of American Trading Co. Ltd. since 1971 and is the former owner (retired) of Designer Meats Inc. d.b.a. Miko Foods of Hawaii. He is also the President of the East Hawaii Community Development Corporation. Mr. Matsumura's experience includes Charter Director of Pacific Educational Foundation Inc. (Hawaii Jobs Corps); Past President/Director of the Kanoehua Industrial Area Association; Hawaii County Advisor for SRI International, Menlo Park, California; Chairman of the Hawaii County Private Industry Council; Chairman of the Hawaii Island New Industry Development Committee; Principal of Hawaii Job Corps Center Educational Department; Hawaii County Hospital Management Advisory Committee; Board of Director of Alu Like Inc. statewide; Region IX Business Roundtable program of the U.S. Department of Labor; and Chairman of the County of Hawaii Real Property Tax Board of Review.

Mr. Matsumura has served on the Land Use Commission on an interim basis for the past two years, and your Committee finds that Mr. Matsumura's knowledge and skills will enable him to continue representing the island of Hawaii well on the Commission.

SHELDON BIGA

Your Committee received testimony in support of Sheldon Biga from the Office of the Mayor of the County of Maui, Land Use Commission, and six individuals.

Sheldon Biga is a Lead Millwright Journey Worker, Machine Shop at Hawaiian Commercial and Sugar Company in Kahului, Maui, a position which he has held since 1977.

Mr. Biga has been serving on the Land Use Commission since June 2012. According to testimony, he has already demonstrated the willingness and capability to contribute to the Commission. Mr. Biga has worked hard to find common paths to resolve a number of difficult community issues and has been a leader in working for the betterment of his community. He has a deep seated love of his

island home of Maui, which lends important insight to the Commission. Mr. Biga's philosophy on his role with the Land Use Commission is very holistic and multi-dimensional. He sees the significance of the Commission as an opportunity to develop a balance between economic, cultural, and agricultural interests.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 688:

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

For Gov. Msg. No. 689:

Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, Slom).

**SCRep. 1627 Water and Land on Gov. Msg. Nos. 709 and 710**

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 709 DENNIS ESAKI, for a term to expire 6-30-2017; and

G.M. No. 710 CAROL TORIGOE, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Dennis Esaki and Carol Torigoe to possess the requisite qualifications to be nominated to the Land Use Commission.

DENNIS ESAKI

Your Committee received testimony in support of Dennis Esaki from the State Land Use Commission; United States Senator Brian Schatz; United States Representative Tulsi Gabbard; Mayor of the County of Kaua'i; Kauai Island Utility Cooperative; Tradewind Capital Group, Inc.; R & S Inc. dba CLS Land Surveying and Mapping; Kauai Island Finance Inc.; and ten individuals.

Dennis Esaki received a Bachelor of Science degree in Geology from the University of Hawai'i at Manoa. He is the President of Esaki Surveying & Mapping, Inc., and is a Licensed Professional Land Surveyor and Land Court Surveyor. The nominee is a partner in Kauai Farm Fuel, LLC, which processes used vegetable oil. He is the Chairman Emeritus and a Founding Director of the Kauai Island Utility Cooperative. Mr. Esaki serves as a Director of the Japanese Cultural Center of Hawaii and was on the Kokee State Park Advisory Council. As a prominent member of the Kauai community, Governor Abercrombie and Mayor Carvalho designated by proclamation Dennis Esaki Day on May 31, 2012.

Your Committee notes from the nominee's personal statement that he can bring together different factions for the common goal by working together to balance growth and respect for the land. His mission is to contribute to making the right decisions with regard to land use in Hawaii for the right reasons, resulting in preserving the land for future generations.

CAROL TORIGOE

Your Committee received testimony in support of Carol Torigoe from the State Land Use Commission; SSFM International; KYA Design Group; DFS Group, L.P.; and four individuals.

Carol Torigoe received a Bachelor of Architecture degree from the University of Hawai'i at Manoa and is a Registered Architect in Hawaii. She is a member of the American Institute of Architects. The nominee is an Adjunct Professor at the University of Hawai'i at Manoa School of Architecture, where she also played an integral part in the development of the Practicum Program and continues to participate in that program.

Ms. Torigoe has been the Chief Executive Officer of KYA Design Group since 2012. In her first year as CEO, KYA has become the first architectural firm in Hawaii, and third architectural firm internationally, to qualify for benefit corporation status. A 29-year KYA veteran, Carol Torigoe has been a key player in the company's biggest transformations. She managed the development of creative markets for KYA Design Group and oversaw the launch of a new firm under the KYA Corporation, the KYA Sustainability Studio, which is the first Global Reporting Initiative Organizational Stakeholder in Hawaii. The Corporation's portfolio synergizes a 40-year veteran and reputable architecture firm with a new, innovative think tank/sustainability consultancy service.

According to the nominee's resume, integrity, ethics, and a commitment to Hawaii are the firm's values under her leadership, and "Hawaii's people, culture, future and the social stewardship of the 'Aina, are keystones in the KYA Design Group's project approaches and in the KYA Sustainability Studio's mission."

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1628 Water and Land on Gov. Msg. Nos. 774 and 775**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON WATER RESOURCE MANAGEMENT

G.M. No. 774 KAMANAMA KALANI BEAMER, for a term to expire 6-30-2017; and

G.M. No. 775 MILTON PAVAO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Kamanamaikalani Beamer and Milton Pavao to possess the requisite qualifications to be nominated to the Commission on Water Resource Management.

#### KAMANAMAIKALANI BEAMER

Your Committee received testimony in support of Kamanamaikalani Beamer from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Dean of the University of Hawai'i at Manoa William S. Richardson School of Law, Dean of the Hawai'i inuikea School of Hawaiian Knowledge University of Hawai'i at Manoa, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, and twenty individuals.

Kamanamaikalani Beamer is a graduate of Kamehameha Schools and received an Associate's degree from Marymount College, a Bachelor's degree with a double major in Hawaiian Studies and Philosophy from the University of Hawai'i, a Master's degree and a Doctor of Philosophy degree in Geography from the University of Hawai'i at Manoa, and a First Nations Futures Institute Certificate from Stanford University. He is currently an Assistant Professor in the Hui 'Aina Momona Program, Hawai'i inuikea School of Hawaiian Knowledge and Richardson School of Law, University of Hawai'i at Manoa. He currently serves as Director of the First Nations Futures Program, and has a wealth of research and teaching experience in Hawaiian studies and related land programs. Your Committee notes his specialized skills in fluency in the Hawaiian language; lifetime of Hawaiian cultural training and practice; Hawaiian language composer and songwriter; and foundational knowledge of Hawaiian resources management principles and sustainability practices.

Your Committee notes from the nominee's personal statement that three of his strongest qualities are diplomacy, open-mindedness, and an ability to work effectively as part of a team. I am a straightforward person who acts with integrity. Throughout my career, I have managed to work with different groups and achieve collaboration while bringing together units that had previously operated in silos.

#### MILTON PAVAO

Your Committee received testimony in support of Milton Pavao from the Department of Land and Natural Resources; Department of Water Supply County of Hawaii; Department of Water Supply County of Maui; Department of Water County of Kauai; Hawaii Farm Bureau Federation; William L. Moore Planning, Inc.; Dwyer Schraff Meyer Grant & Green; Hawaii Cattlemen's Council, Inc.; Tom Nance Water Resource Engineering; Kobayashi Group, LLC; Ponoholo Ranch, Ltd.; and eleven individuals.

Milton Pavao is a licensed engineer and received a Bachelor of Science degree in civil engineering from the University of Hawaii. He was formerly with the Department of Water Supply, County of Hawaii for nearly forty years, and held various engineering positions, including Construction and Design Section Head and Manager and Chief Engineer.

Your Committee notes from the personal statement of the nominee that he perceives his role and responsibilities as a member of the Commission on Water Resource Management to be a steward of the State's water resources. He identifies his three best qualities as honesty, integrity, and transparency.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

#### **SCRep. 1629 Water and Land on Gov. Msg. No. 705**

Recommending that the Senate advise and consent to the nomination of the following:

#### BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 705 REED KISHINAMI, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Reed Kishinami to possess the requisite qualifications to be nominated to the Board of Land and Natural Resources.

Your Committee received testimony in support of the nomination of Reed Kishinami from the Department of Land and Natural Resources; Hawaii Transfer; RMG Pacific; ITC Water Management, Inc.; Hu'ehu'e Ventures, LLC; Pacific Pipe Co.; Polynesian Voyaging Society; and thirteen individuals.

Reed Kishinami received a Bachelor of Science degree in Finance from the University of Colorado. He currently serves as a Member/Owner of the Resort Management Group Companies. Mr. Kishinami previously worked for the PARCON Group; UNIFAB Industries, LLC; Takano Nakamura Landscaping, Inc.; the Hawaii Community Development Authority; Castle & Cooke Homes Hawaii; and the State House of Representatives. He currently serves on the Board of Directors of Oceania Community Health.

Your Committee notes from the nominee's testimony that he strongly feels that his diverse experience in running a local business and working for a large Hawaii conglomerate and his service on the Hawaii Community Development Authority as a Development Project Manager and Urban Planning Coordinator provide him with a very well rounded background to understand the issues and challenges facing the Department of Land and Natural Resources. He believes that a positive mindset is very critical to the overall success of any organization and that a combination of creative, cooperative, open-minded thinking can generate great synergy and extraordinary results. Mr. Kishinami hopes to encourage these basic ideals in the operation and decision making of the Board of Land

and Natural Resources. He believes the Board members are temporary stewards of Hawaii's natural resources and have a fiduciary duty to the current and future generations of Hawaii.

Testifiers in support of the nominee spoke overwhelmingly of Mr. Kishinami's integrity, hard work ethic, good heartedness, generosity, keenness of intellect, high character, straight forward and no-nonsense style, and dedication to the common good of everyone. His modesty is evident from what testifiers have said about him, and his resume and personal testimony reflect a quiet, humble personality.

As affirmed by the records of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1630 Water and Land on Gov. Msg. No. 776**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 776 JAMES GOMES, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds James Gomes to possess the requisite qualifications to be nominated to the Board of Land and Natural Resources.

Your Committee received testimony in support of James Gomes from the Department of Land and Natural Resources; Hawaii Farm Bureau Federation; Palani Ranch Company, Inc.; Ulupono Initiative; Olumau Angus Plus; Kaupo Ranch Ltd.; Parker Ranch; Haleakala Ranch Company; Maui Cattle Company; Hawaii Cattlemen's Council, Inc.; 4 Ag Hawaii; Pu'u Ohia Ranch and Livestock; Kealia Ranch; Maui Equine Veterinary Services; Hawaii Fish Company; McCandless Ranch; Maui Cattlemen's Association; Princeville Ranch; and numerous individuals.

James Gomes is the Operations Manager for Ulupalakua Ranch Ltd., a position he has held since 2003. He also served as President of the Maui Cattlemen's Association and on the Board of Directors of the Association. He is the Chairperson of the County of Maui Liquor Commission. The nominee also serves as Director of the Central Maui Soil and Water Conservation District.

Your Committee notes from the nominee's personal statement that his strongest attribute is his commitment to the land of Hawaii and his knowledge from experience to assist in dry land reforestation projects. He also hopes to assist in finding the best use of our resources and to protect them for future generations.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1631 Water and Land on Gov. Msg. No. 731**

Recommending that the Senate advise and consent to the nomination of the following:

NATURAL AREA RESERVES SYSTEM COMMISSION

G.M. No. 731 NATHAN YUEN, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Nathan Yuen to possess the requisite qualifications to be nominated to the Natural Area Reserves System Commission.

Your Committee received testimony in support of Nathan Yuen from the Department of Land and Natural Resources, Hawai'i Nature Center, Conservation Council for Hawai'i, Hawaiian Trail and Mountain Club, and thirteen individuals.

Nathan Yuen received a Bachelor of Business Administration degree with a double major in Accounting and Management Information Systems from the University of Hawai'i at Manoa, College of Business Administration. He received a Master of Business Administration degree from Hawai'i Pacific University. The nominee currently works for InSynergy Engineering, Inc., where he provides engineering services and administration support to project managers overseeing projects in Hawai'i, Guam, Japan, and other sites throughout the Pacific region.

Nathan Yuen states in his resume that he loves to hike to remote parts of the Hawaiian Islands to photograph and blog about the rarely seen native plants and animals that live there. He created the Year of the Hawaiian Forest calendar for the State of Hawai'i in 2003. He is a member of the Hawaiian Trail and Mountain Club, Sierra Club of Hawai'i, and Hawai'i Audubon Society.

Your Committee notes the following excerpt from the nominee's personal statement: "I'd like to be on the Natural Area Reserves Commission to help save rare and endangered native Hawaiian plants and animals. For the past 15 years I have been an amateur naturalist/hiker/ photographer/blogger where I have hiked to remote parts of the islands to photograph and blog about these unique creatures . . . Hawai'i is known as the extinction capitol of the world. The NARS Commission can play a big part in reversing this unenviable distinction."

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1632 Water and Land on Gov. Msg. No. 794**

Recommending that the Senate advise and consent to the nomination of the following:

KANEOHE BAY REGIONAL COUNCIL

G.M. No. 794 JUDITH LEMUS, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Judith Lemus to possess the requisite qualifications to be nominated to the Kaneohe Bay Regional Council.

Your Committee received testimony in support of Judith Lemus from the Department of Land and Natural Resources, Hawaii Institute of Marine Biology at the University of Hawai'i at Manoa, Ko'olaupoko Hawaiian Civic Club, and Paepae o He'eia.

Judith Lemus received a Bachelor of Science degree in Biology from the University of California at Los Angeles, a Master's degree in Biology from the University of California at Los Angeles, and a Doctorate of Philosophy degree in Biological Sciences from the University of Southern California. She is currently an Associate Specialist at the Hawai'i Institute of Marine Biology, University of Hawai'i at Manoa. She also served as a Marine Advisory Program Leader for the University of Southern California Sea Grant Program, as well as a Science Specialist in the Program. The nominee created and instructed a course entitled, "The Role of Marine Protected Areas in Ecosystem Based Management" at the University of Hawaii at Manoa School of Ocean and Earth Sciences and Technology.

Your Committee notes the nominee's own words from her personal statement, "Through my interaction and collaboration with colleagues, I will be able to offer perspectives on biological, chemical and physical processes and interactions that contribute to the healthy functioning of the ecosystem. Within my own work, for the past five years I have been collaborating with community organizations in Kaneohe Bay to help extend science research information to Kaneohe Bay residents."

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 1633 (Joint) Education and Ways and Means on H.C.R. No. 30**

The purpose and intent of this measure is to request the Department of Education to meet with interested parties to examine the feasibility of establishing a boxing pilot program in at least one of Hawaii's public high schools.

Your Committees received testimony in support of this measure from the Department of Education, State Boxing Commission, and six individuals.

Your Committees find that boxing teaches children and young adults about hard work, physical fitness, dedication, and focus, all valuable skills that can be used throughout life.

Your Committees further find that high schools in California, Colorado, Michigan, New York, and Ohio have successful boxing programs or clubs. Hawaii's students would likely benefit from having a program within the public school system.

As affirmed by the records of votes of the members of your Committees on Education and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 30, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Education  
Ayes, 4. Noes, none. Excused, 1 (Shimabukuro).

Ways and Means  
Ayes, 9; Ayes with Reservations (Chun Oakland, Espero). Noes, none. Excused, 4 (Dela Cruz, English, Keith-Agaran, Kouchi).

**SCRep. 1634 (Joint) Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs on H.C.R. No. 183**

The purpose and intent of this measure is to urge the President of the United States and Congress to support and pass the Filipino Veterans Family Reunification Act of 2013, which exempts the children of certain Filipino World War II veterans from the numerical limitations on immigration visas to facilitate the reunification of Filipino veterans with their families.

Your Committees received testimony in support of this measure from Catholic Charities Hawai'i, Papa Ola Hawai'i, and one individual.

Your Committees find that Filipino soldiers endured untold suffering while fighting alongside American soldiers in the Philippines during World War II. Your Committees further find that Filipino and American prisoners of war were forced to go on the infamous Bataan Death March, during which thousands of Filipino soldiers perished. Filipino soldiers who survived the war waited more than

fifty years to receive the United States citizenship they were promised, but have yet to be reunified with their children who are unable to immigrate to the United States. This measure encourages the United States government to allow these brave veterans to be reunited with their children through the Filipino Veterans Family Reunification Act of 2013.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 183, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

Transportation and International Affairs  
Ayes, 6. Noes, none. Excused, 3 (English, Keith-Agaran, Kouchi).

**SCRep. 1635 (Joint) Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs on H.C.R. No. 224**

The purpose and intent of this measure is to urge the United States Department of Homeland Security, through its United States Citizenship and Immigration Services, to examine and reevaluate its policies regarding refugee and asylee protections, including the principle of non-refoulement.

Your Committees received testimony in support of this measure from fourteen individuals.

Your Committees find that non-refoulement is a fundamental principle of international law that protects refugees and asylees from forcible removal to face persecution in their countries of origin. Your Committee further finds that the United States is legally obligated to enforce the principle of non-refoulement as it is a signatory of several international treaties and has passed the Refugee Act of 1980. This measure is important to ensure fair, equal, and compassionate treatment of refugee and asylum seekers by the United States.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 224, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

Transportation and International Affairs  
Ayes, 6. Noes, none. Excused, 3 (English, Keith-Agaran, Kouchi).

**SCRep. 1636 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 754 and 756**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (KAKA'AKO DISTRICT)

G.M. No. 754 BRIAN LEE, for a term to expire 6-30-2015; and

G.M. No. 756 LOIS MITSUNAGA, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Brian Lee and Lois Mitsunaga to possess the requisite qualifications to be nominated to the Hawaii Community Development Authority (Kakaako District).

BRIAN LEE

Your Committee received testimony in support of Brian Lee from the Department of Business, Economic Development, and Tourism; Building Industry Association of Hawaii; Castle & Cooke Hawaii; The Chamber of Commerce of Hawaii; Electrical Contractor's Association of Hawaii; Hawaii Building and Construction Trades Council, AFL-CIO; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; International Brotherhood of Electrical Workers, Local Union 1186; International Longshore and Warehouse Union; International Union of Painters and Allied trades, District Council 50; Laborers' International Union of North America, Local 368; Plumbers and Fitters, Local 675; Subcontractors Association of Hawaii; and eight individuals. The Department of Business, Economic Development, and Tourism testified that Mr. Lee is presently serving on the Hawaii Community Development Authority Kakaako District as an at-large member.

Mr. Lee is the Research & Communications Director of the International Brotherhood of Electrical Workers, Local 1186 and a media consultant. He has also worked for the Hawaii Operating Engineers Industry Stabilization Fund; Hawaii Construction Industry Association; Tokunaga Masonry, Inc.; and Edward Y. Ono Construction, Inc. Mr. Lee also worked as a finance account executive for Hawaii and New York corporations.

Mr. Lee serves on the Contractors Advisory Committee and is a member of the Aloha Society of Association Executives, Community Television Producers Association, General Contractors Association of Hawaii, Hawaii Procurement Institute, Hawaii Union Builders Educational Foundation, and Mason Contractors Association of Hawaii.

Your Committee finds that Mr. Lee's experience with the Authority and background in the areas of finance, labor, construction, and social service will continue to be a valuable asset to the Hawaii Community Development Authority Kakaako District in its planning and implementation of community development programs.

LOIS MITSUNAGA

Your Committee received testimony in support of Lois Mitsunaga from the Department of Business, Economic Development, and Tourism; Hawaii Building and Construction Trades Council, AFL-CIO; Plumbers and Fitters, Local 675; and ten individuals. The Department of Business, Economic Development, and Tourism testified that Ms. Mitsunaga is currently serving as a member on the Hawaii Community Development Authority Kakaako District.

Ms. Mitsunaga works as Treasurer and Structural Engineer at Mitsunaga & Associates, Inc. Her duties include the preparation and reporting of proposals, costs, and financial data for Hawaii and international construction projects; and the design, analysis, and management of construction projects.

Ms. Mitsunaga is a member of the Structural Engineers Association of Hawaii, American Society of Civil Engineers, and Urban Land Institute.

Your Committee finds that Ms. Mitsunaga's experience with the Authority and in with construction projects will continue to be of significant value to the Hawaii Community Development Authority Kakaako District and its planning and implementation of community development programs.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Baker, English).

**SCRep. 1637 (Joint) Human Services and Commerce and Consumer Protection on H.C.R. No. 199**

The purpose and intent of this measure is to urge the Department of Commerce and Consumer Affairs and the American Association for Marriage and Family Therapy: Hawaii Division, to develop draft legislation establishing, implementing, and monitoring continuing education requirements for all licensed marriage and family therapists in Hawaii.

Your Committees received testimony in support of this measure from the National Association of Social Workers, Hawaii Chapter; American Association for Marriage and Family Therapy, Hawaii Division; and four individuals. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committees find that the profession of marriage and family therapy provides critically needed services in prevention, intervention, and treatment to a broad spectrum of clients. Hawaii is one of only three states that do not require continuing education credits as part of their licensing law for marriage and family therapists. Continuing education is essential to help marriage and family therapists maintain their professional competency and keep abreast of the latest developments in their profession.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 199, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

Commerce and Consumer Protection

Ayes, 4. Noes, none. Excused, 3 (Solomon, Taniguchi, Wakai).

**SCRep. 1638 (Joint) Human Services and Ways and Means on H.C.R. No. 184**

The purpose and intent of this measure is to request the Auditor to conduct a comprehensive financial audit of the Department of Human Services Med-QUEST division, with emphasis on the Medicaid Program.

Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that Medicaid is the most costly program within the Department of Human Services, currently covering the healthcare needs of twenty-three percent of Hawaii's residents, which translates to approximately one in four individuals. Medicaid cost management and savings processes should accompany requests for increased budget requests; however, a lack of management processes, accurate systems of accounting, and internal controls have put Medicaid on an unsustainable track. A current audit of the Med-QUEST Division's financial processes is needed in light of the projected growth and expansive budget requests for the Medicaid Program.

As affirmed by the records of votes of the members of your Committees on Human Services and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 184, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 4. Noes, none. Excused, 1 (Green).

Ways and Means

Ayes, 10. Noes, none. Excused, 3 (English, Keith-Agaran, Kouchi).

**SCRep. 1639 Human Services on H.C.R. No. 118**

The purpose and intent of this measure is to request the Department of Human Services to prepare a progress report on detailing efforts to improve and re-engineer processing for adult protective services.

Your Committee received testimony in support of this measure from the Department of Human Services and one individual.

Your Committee finds that Adult Protective Services provides crisis intervention, including investigation and emergency services, to vulnerable adults reported to be abused, neglected, or financially exploited by others or seriously endangered due to self-neglect, without regard to income. While the Department of Human Services has limited resources and lacks additional staff and funds necessary to fully implement the expansion of the adult protective services law, the Department indicates that it is undertaking important changes to respond to the critical state of Adult Protective Services, including re-engineering processing according to best and evidence-based practices and updating data collection.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 118, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 1640 (Joint) Human Services and Ways and Means on H.C.R. No. 76**

The purpose and intent of this measure is to request the Executive Office on Aging to continue its research of the timebanking concept for Hawaii's respite system.

Your Committees received testimony in support of this measure from the Executive Office on Aging.

Your Committees find that respite services offer a temporary break to caregivers from their ongoing responsibility of caring for an individual of any age. The Executive Office on Aging recognizes that each year the State is asked to fund numerous home- and community-based social service programs that support Hawaii's family caregivers and their respite needs, such as Kupuna Care.

Your Committees further find that home- and community-based social service programs have traditionally utilized a monetary form of currency to support their service delivery. However, alternative forms of currency to support increasing community needs are being explored locally, nationally, and internationally. Timebanking is one such alternative that may offer a more sustainable provision of social services and may strengthen Hawaii's communities by building on individual strengths and recognizing that everyone in our community has something to offer.

As affirmed by the records of votes of the members of your Committees on Human Services and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 76, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 4. Noes, none. Excused, 1 (Green).

Ways and Means

Ayes, 10. Noes, none. Excused, 3 (English, Keith-Agaran, Kouchi).

**SCRep. 1641 Judiciary and Labor on Gov. Msg. Nos. 562, 563, and 564**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAI'I

G.M. No. 562 ANDREW KAHILI, for a term to expire 6-30-2014;

G.M. No. 563 PHILIP MATLAGE, for a term to expire 6-30-2013; and

G.M. No. 564 PHILIP MATLAGE, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Andrew Kahili and Philip Matlage to possess the requisite qualifications to be nominated to serve on the Board of Registration of the Island of Hawai'i.

ANDREW KAHILI

Your Committee received testimony in support of the nomination of Andrew Kahili from the Office of Elections.

Mr. Kahili is a graduate of Hilo High School. Since 1989, he has served in various roles at the YWCA of Hawai'i Island in Hilo. He currently serves as its Community Relations Events Officer where his major responsibilities include administering the daily operations of the Healthy Start and Enhanced Healthy Start programs and the YWCA of Hawai'i Island's Membership Services Department and Aquatic Program; managing all of the YWCA facilities island-wide; coordinating all public relations activities and community events; and overseeing program development and personnel development. Mr. Kahili's dedication and commitment to the YWCA is illustrated by his experience in previously serving as an Assistant Instructor, Program Instructor, and Program Director for the Hawai'i 'Opio Ho'omaikai Program; Program Manager for Family Support Services; and Program Director for the Healthy Start and Enhanced Healthy Start Programs. All of these programs are administered by the YWCA.

Mr. Kahili is nominated for an interim term to the Board of Registration of the Island of Hawai'i. In his statement submitted to your Committee, he indicated that he wishes to be a member of the Board of Registration because he simply wants to serve his Hawai'i Island community. He further indicated his commitment to maintaining high standards and being proactive in raising the bar to achieve excellence in all areas of the Board of Registration. Mr. Kahili's willingness to serve his community coupled with his extensive background in community service make him an excellent nominee to the Board of Registration of the Island of Hawai'i.

#### PHILIP MATLAGE

Your Committee received testimony in support of the nomination of Philip Matlage from the Office of Elections.

Mr. Matlage earned his Bachelor's degree in Art from California State University, Sacramento. Prior to his retirement in 2008, he served as a DMV Manager-1 at the California Department of Motor Vehicles in Sacramento, California, where he managed and supervised a unit of eight to twelve employees, reviewed motor vehicle title and registration applications, served as an expert witness in small claims and state and federal civil and criminal court proceedings, and served as a resource person for complex motor vehicle title and registration applications regarding motor vehicle safety and emissions compliance issues.

Mr. Matlage is nominated for an interim term and for reappointment to the Board of Registration of the Island of Hawai'i. He was appointed on July 25, 2012, on an interim basis and served as a board member for the 2012 primary and general elections. In his statement submitted to your Committee, he indicated that he hopes to assist the Board of Registration in protecting an individual's right to cast a ballot and determine whether ballots should be accepted provisionally within the statutory authority provided to the Board of Registration. Mr. Matlage is a committed and hardworking member who understands his role and responsibilities and strives to achieve the Board's mission.

Based on the testimony submitted, your Committee finds that Andrew Kahili and Philip Matlage are exceptionally qualified to serve on the Board of Registration of the Island of Hawai'i. The nominees' backgrounds, knowledge, and skills will serve the Board and public well.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 1642      Judiciary and Labor on Gov. Msg. No. 565**

Recommending that the Senate advise and consent to the nomination of the following:

#### BOARD OF REGISTRATION OF THE ISLAND OF O'AHU

G.M. No. 565    ALAN BURDICK, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Alan Burdick to possess the requisite qualifications to be nominated to serve on the Board of Registration of the Island of O'ahu.

Your Committee received testimony in support of the nomination of Alan Burdick from the Office of Elections and two individuals.

Mr. Burdick received his Bachelor of Arts degree from Yale University and earned his Doctorate of Jurisprudence from Boalt Hall at the University of California Berkley. While in law school, he served as the Managing Editor of the *Environmental Law Quarterly*. He currently serves as an Administrator for Research, Planning, and Resource Development in the Office of Community Services of the Department of Labor and Industrial Relations where he is responsible for helping to assure quality, compliance, and integrity of state and federal programs administered by the Office of Community Services and for the development of new programs. He has extensive legal experience as a sole practitioner and has previously served as an Associate Attorney and Of Counsel with various law firms in Hawaii. His legal experience includes complex civil litigation, insurance coverage work for insured persons and entities, and personal injury litigation.

Mr. Burdick is licensed to practice law in Hawaii, California, and Massachusetts and has federal court admissions in Hawaii, the Ninth Circuit, and the United States Supreme Court. Due to his previous experience in serving as an Attorney for the Micronesian Legal Services Corporation and as a Staff Counsel for the Commission on Future Political Status and Transition for the Government of the Federated States of Micronesia, Mr. Burdick's court admissions also include the Commonwealth of the Northern Mariana Islands, Federated States of Micronesia, and the Republic of the Marshall Islands.

Mr. Burdick's legal accomplishments include published work relating to the Constitution of the Federated States of Micronesia as well as Hawaii motor vehicle insurance law and insurance considerations in Hawaii personal injury litigation. He has served as an Adjunct Professor at the William S. Richardson School of Law at the University of Hawaii at Manoa where he taught courses on the Pacific Island legal systems with focus on conflicts between custom and modern law, land tenure, human rights issues, state formation and disintegration, and economic development and resource issues.

Mr. Burdick is nominated for an interim term to the Board of Registration of the Island of O'ahu. He was appointed on July 25, 2012, on an interim basis and served as a board member during the 2012 primary and general elections. Testimony indicates that his careful, analytical style is suited for adjudicating voter registration issues. Mr. Burdick is a committed and hardworking member who understands his role and responsibilities and strives to achieve the Board's mission.

Based on the testimony submitted, your Committee finds that Alan Burdick is exceptionally qualified to serve on the Board of Registration of the Island of O'ahu. The nominee's background, knowledge, and skills will serve the Board and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1643 Judiciary and Labor on Gov. Msg. No. 567**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLANDS OF KAUA'I AND NI'IIHAU

G.M. No. 567 ROSE KURITA, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rose Kurita to possess the requisite qualifications to be nominated to serve on the Board of Registration of the Islands of Kaua'i and Ni'ihau.

Your Committee received testimony in support of the nomination of Rose Kurita from the Office of Elections and one individual.

Ms. Kurita is a graduate of Konawaena High School and later graduated from Hilo Commercial College. Prior to her retirement in 1994, she served as the Secretary to the Dean of Instruction at Kauai Community College where her main responsibilities included providing various clerical services and supervising the student helpers and clerical workers in the office. She also previously served as an office worker and travel agent for A-Plus Travel where she handled clients and sold airline tickets for local and international destinations. She also currently serves as a musician and certified piano teacher for various organizations, including Casa di Amici where she has performed for the past eighteen years.

Ms. Kurita has extensive community service involvement, including serving as an Event and Program Coordinator for Kauai's Lokahi Giving Project, a Coordinator for the Salvation Army Thanksgiving Luncheon, a Historian for Family and Community Education, and a member of the Musician's Union. She has also served as a judge for various local pageants and talent competitions, a board member of the YWCA, and a contributing board member on her condominium association.

Ms. Kurita was appointed to the Board of Registration on July 25, 2012, on an interim basis and served as a board member during the 2012 primary and general elections. In her written statement submitted to your Committee, she indicated that she believes in an individual's right to vote and as a board member, she intends to contribute her efforts to help ensure that the voting process is executed properly.

Based on the testimony submitted, your Committee finds that Rose Kurita is exceptionally qualified to serve on the Board of Registration of the Islands of Kaua'i and Ni'ihau. The nominee's background, knowledge, and skills will serve the Board and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1644 Judiciary and Labor on Gov. Msg. Nos. 568, 726, and 727**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 568 MICHAEL OKUMOTO, for a term to expire 6-30-2016;

G.M. No. 726 KENNETH VILLABRILLE, for a term to expire 6-30-2017; and

G.M. No. 727 BRIAN MOTO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Michael Okumoto, Kenneth Villabrille, and Brian Moto to possess the requisite qualifications to be nominated to serve on the Board of Trustees of the Deferred Compensation Plan.

MICHAEL OKUMOTO

Your Committee received testimony in support of the nomination of Michael Okumoto from the Department of Human Resources Development; Board of Trustees of the Deferred Compensation Plan; Finance Department, County of Hawaii; and seven individuals.

Mr. Okumoto earned his Bachelor of Arts degree in Psychology from Coe College and received his Master of Business Administration degree from the University of Wyoming. He currently serves as the County of Hawaii Treasurer where his major duties include the cash management and investment of county funds and issuance and administration of general obligation and improvement district bonds. He previously served as a Commercial Loan Officer and Branch Manager at various Bank of Hawaii branch locations in Hilo and Kailua-Kona and on Oahu.

Mr. Okumoto is a retired Lieutenant Colonel of the Hawaii Air National Guard where he served as the Chief of Maintenance for the 201st Combat Communications Squadron. He also served in the United State Air Force as a Budget Officer at March Air Force Base in California and as a Missile Launch Officer at F.E. Warren Air Force Base in Cheyenne, Wyoming.

Mr. Okumoto has served as an interim appointee on the Board of Trustees of the Deferred Compensation Plan since July 2, 2012. Testimony in support of his nomination indicates that he has demonstrated a strong commitment to improving the Deferred Compensation Plan, diligently attended all board meetings, and faithfully fulfilled his fiduciary responsibilities to the Deferred Compensation Plan and its participants. His professional background and experience as the Treasurer of the County of Hawaii enables him to represent neighbor island interests and concerns well.

#### KENNETH VILLABRILLE

Your Committee received testimony in support of the nomination of Kenneth Villabrille from the Department of Budget and Finance, Department of Human Resources Development, Board of Trustees of the Deferred Compensation Plan, and three individuals.

Mr. Villabrille earned his Bachelor in Business Administration in Accounting from the University of Hawaii at Manoa where he also minored in Finance. He currently serves as the Central Payroll Accountant in the Accounting Division of the Department of Finance of the County of Kauai where he is responsible for providing centralized accounting and financial reporting for all county operations and preparing an action plan and recommendations in response to all audit findings. He previously served as the President of the Board of Directors of the Kauai Government Employees Federal Credit Union.

Testimony in support of Mr. Villabrille's nomination indicates that his thirty years of experience in the areas of accounting and finance will be beneficial assets for the Board of Trustees. As a Trustee from a neighbor-island county government, he will bring a fresh perspective that will help complement the diversity of backgrounds and experiences of the Trustees currently serving on the Board. His appointment will further expand the depth and broad representation of the Trustees with his background in county government, state government, accounting, and finance, and he will be an advocate for public employees' interests.

#### BRIAN MOTO

Your Committee received testimony in support of the nomination of Brian Moto from the Department of Budget and Finance, Board of Trustees of the Deferred Compensation Plan, and one individual.

Mr. Moto earned his Bachelor in Business Administration in Accounting from the University of Hawaii at Manoa and graduated with high honors. He received his Doctorate of Jurisprudence from the University of Michigan Law School. He later received his Certificate in Anglican Studies from Berkeley Divinity School in New Haven, Connecticut, and his Master of Arts in Religion from the Yale Divinity School where he graduated magna cum laude. He is licensed to practice law in Hawaii and is an inactive member of the New York State Bar Association.

Mr. Moto currently serves as the Special Assistant to the Chancellor for the Research Corporation of the University of Hawaii Maui College. His major responsibilities include assisting the Chancellor of the University of Hawaii Maui College in all aspects of the management of the College, its faculty, staff, and students, and programs and activities; assisting in matters concerning the College and its relations with the University of Hawaii System and other United States and foreign institutions of higher learning; and assisting in work relating to the University of Hawaii Foundation, Academic Senate, Chancellor's Advisory Council, University of Hawaii Maui College Executive Committee, Student Life, academic program advisory committees, and other campus organizations and committees.

Mr. Moto has extensive experience at the Department of Corporation Counsel of the County of Maui. He previously served as Corporation Counsel of the County of Maui where his major responsibilities included serving as chief legal advisor and legal representative of the County of Maui and advising and representing the Mayor, the County Council, county departments, boards and commissions, and county officers and employees in matters relating to their official duties. Prior to his appointment as Corporation Counsel, he served as First Deputy Corporation Counsel, Deputy Corporation Counsel, and Law Clerk.

Mr. Moto has extensive community involvement. He serves as President of the Maui AJA Veterans, Inc.; Trustee of the Maui Historical Society Bailey House Museum; Member of the Board of Directors of the Friends of the Children's Justice Center of Maui; Member of the Board of Directors of the Nisei Veterans Memorial Center; and President of the Board of Directors of Ebb & Flow Arts, to name a few. He serves as a Eucharistic Minister for St. John's Episcopal Church in Kula. He is also involved in organizations such as Catholic Charities Hawaii Maui Advisory Board; Mantokuji Soto Mission of Paia, Maui; Maui High School Foundation; Rotary Club of Maui; Maui Fukushima Kenjin Kai; and Maui Filipino Chamber of Commerce.

Testimony in support of Mr. Moto's nomination indicates that he has demonstrated a thorough understanding and background in government operations and has a high aptitude for investments and matters of finance. His thoroughness and analytical skills will help the Board of Trustees to be deliberative in executing the most appropriate plan designs for the benefit of the participants of the Deferred Compensation Plan.

Accordingly, based on the testimony submitted, your Committee finds that Michael Okumoto, Kenneth Villabrille, and Brian Moto are exceptionally qualified to serve on the Board of Trustees of the Deferred Compensation Plan. The nominees' professional experience will serve the Board and public well.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 1645      Judiciary and Labor on Gov. Msg. No. 569**

Recommending that the Senate advise and consent to the nomination of the following:

#### DEFENDER COUNCIL

G.M. No. 569    ALEXANDRA SCANLAN, for a term to expire 6-30-2014

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Alexandra Scanlan to possess the requisite qualifications to be nominated to serve on the Defender Council.

Your Committee received testimony in support of the nomination of Alexandra Scanlan from the Office of the Public Defender.

Ms. Scanlan earned her Bachelor of Arts degree in Sociology from the University of Hawaii at Manoa and received her Doctorate of Jurisprudence from the William S. Richardson School of Law at the University of Hawaii at Manoa. She currently is a private criminal defense attorney practicing in Honolulu with twenty years of experience in handling over a hundred jury trials in Hawaii Circuit and Family Courts, hundreds of bench trials in Hawaii District and Family Courts, writing numerous briefs, and presenting three oral arguments before the Hawaii Supreme Court.

According to testimony in support of Ms. Scanlan's nomination, her experience as a former Deputy Public Defender has allowed her to form a complete understanding of the criminal justice system and the Public Defender's essential role in that system. As a member of the Defender Council, she will assist the Office of the Public Defender in fulfilling its mission of zealous and effective representation of indigent persons charged with criminal offenses.

Your Committee finds that due to the nominee's previous experience in the criminal justice system, the State will benefit from Ms. Scanlan serving on the Defender Council. Your Committee further finds that Ms. Scanlan is eminently qualified, and her experience, knowledge, and skills will be invaluable to the Defender Council.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1646 Judiciary and Labor on Gov. Msg. Nos. 570 and 684**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

G.M. No. 570 SUNSHINE TOPPING, for a term to expire 6-30-2016; and

G.M. No. 684 CONSTANCE MITCHELL, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Sunshine Topping and Constance Mitchell to possess the requisite qualifications to be nominated to serve on the Hawai'i Workforce Development Council.

SUNSHINE TOPPING

Your Committee received testimony in support of the nomination of Sunshine Topping from the Department of Human Resources Development, Department of Labor and Industrial Relations, Department of Budget and Finance, Office of Hawaiian Affairs, and twelve individuals. Two individuals submitted comments regarding the nomination of Ms. Topping.

Ms. Topping obtained her Bachelor of Arts degree from the University of Colorado, Boulder, and was a Master's degree candidate at the University of Hawai'i at Manoa School of Social Work. She currently serves as the Director of Recruitment for Hawaiian Airlines where she is responsible for all aspects of recruitment, compensation, and workforce development for four thousand five hundred employees. Her role as Director of Recruitment requires her to plan and implement short and long term recruitment strategies to help Hawaiian Airlines meet its staffing needs.

Ms. Topping previously served as the Director of Human Resources Development where she was responsible for managing all human resources functions for the State's workforce, including managing a staff of nearly one hundred employees, extensive lobbying with the Legislature, monitoring new human resource initiatives, and planning workforce development initiatives. She also previously served as the Director of Human Resources at Sandwich Isles Communications, Director of Human Resources and Ethics for NovaSol, and Human Resources Manager at The Boeing Company. She has also been involved in the community as a member of the Executive Board of the Hawaiian Way Fund, member of Hui Makua o Kawaiaha'o, the Honolulu Advertiser Community Advisory Board, and member of the Hawaii Science and Technology Council's Workforce Development Team.

Testimony in support of Ms. Topping's nomination indicates that Ms. Topping continues to showcase her talent and professional background as a valuable contributor to organizations in Hawaii. She is well versed in the complex issues that face Hawaii's workforce and will provide a wealth of experience and insight to support Hawaii's workforce to spur economic development.

CONSTANCE MITCHELL

Your Committee received testimony in support of the nomination of Constance Mitchell from the Department of Labor and Industrial Relations.

Ms. Mitchell earned her Bachelor of Science degree in Nursing and her Master of Science in Nursing with an emphasis in Psychiatric Mental Health Nursing from the University of Hawaii at Manoa. She also matriculated in the Doctoral of Nursing Practice program for two years at the Frances Payne Bolton School of Nursing at Case Western Reserve University. She currently serves as the Executive Director of the Institute for Human Services, Inc., where she oversees the community-based, homeless services non-profit agency with an annual budget exceeding \$10,000,000 and over one hundred paid employees. She also manages an array of homeless and homeless prevention services including three service sites serving over five thousand individuals. She also currently serves as an adjunct faculty member at the University of Hawaii School of Nursing and Dental Hygiene where she teaches courses in the Advanced Practice Nurse graduate program. She previously served as the Director of Nursing of Hawaii State Hospital of the Department of

Health and as a Unit Manager for Admissions and Stabilization Units for the University of Hawaii at Manoa School of Nursing/Hawaii State Hospital/Adult Mental Health Division.

Ms. Mitchell is a recipient of various grants, recognitions, and awards including the Ho'okele Award for Non-Profit Leadership, Hawaii Community Foundation PONO Fellowship, and Pacific Business News Cades Schutte Non-Profit Leadership Award, to name a few. She has extensive community service and involvement including serving as the Policy Committee Chairperson for Mental Health America, Board member of the Mental Health Association, member of Partners in Care Continuum of Care for Homeless Services, and member of the Inter-Agency Council on Homelessness, to name a few.

Ms. Mitchell indicated in her written statement that despite her extensive experience as a health professional, her personal work experience has spanned many different business sectors, and she has gained an appreciation for organized labor unions as a state-employed clinical nurse specialist at the Hawaii State Hospital while also serving as an adjunct faculty member at the University of Hawaii. As the Executive Director of the Institute for Human Services, she has gained a deep understanding of the importance of workforce development as an essential part of the solution to homelessness. Testimony in support of her nomination indicates that her rich experience and wealth of knowledge in serving the community will be valuable assets to the Workforce Development Council.

Accordingly, based on the testimony submitted, your Committee finds that Sunshine Topping and Constance Mitchell are exceptionally qualified to serve on the Hawaii Workforce Development Council. The nominees' professional experience and community service will serve the Council and public well.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1647 Judiciary and Labor on Gov. Msg. Nos. 571, 572, and 685**

Recommending that the Senate advise and consent to the nominations of the following:

LANGUAGE ACCESS ADVISORY COUNCIL

- G.M. No. 571 LITO ASUNCION, for a term to expire 6-30-2016;
- G.M. No. 572 PATRICIA HARPSTRITE, for a term to expire 6-30-2017; and
- G.M. No. 685 MINDY EMMONS, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Lito Asuncion, Patricia Harpstrite, and Mindy Emmons to possess the requisite qualifications to be nominated to serve on the Language Access Advisory Council.

LITO ASUNCION

Your Committee received testimony in support of the nomination of Lito Asuncion from the Office of Language Access, National Federation of Filipino American Associations, Big Island Filipino Community Council, Hawaii Laborers' Union, United Filipino Council of Hawaii, Filipino American Citizens League, and four individuals.

Mr. Asuncion earned his Bachelor of Arts degree in Sociology from the University of Hawaii at Manoa. As an undergraduate, he was one of the first bilingual tutors with the University's Operation Manong program. He subsequently received his Master of Arts in Sociology and Master of Public Health degrees from the University of Hawaii at Manoa. He currently serves as a Program Specialist for the County of Kauai's Agency on Elderly Affairs where his primary responsibilities include grants management, procurement, program monitoring and evaluation, collection and analysis of service and program data, and compilation and production of reports to comply with local, state, and federal requirements. Prior to his current position, he served as a Program Planner for the County of Hawaii's Office of Aging where his major responsibilities included the development, planning, management, and evaluation of programs and services for the elderly residents of Hawaii County.

Mr. Asuncion is an active and committed participant in the community, especially in the health care and Filipino communities. He serves as a member of the American Society of Aging, Alliance of Information and Referral Systems, and Hawaii Pacific Gerontological Society, and previously served as a board member of the Hawaii Island Rural Health Association and Hospice of Hilo. He also serves as an Advisor and Co-Founder of Sariling Gawa Youth Council, Inc.; member of the University of Hawaii at Hilo Pamantasan Committee; charter member of the Hawaii Island Filipino Chamber of Commerce; past President of the Big Island Filipino Community Council; and member of the National Federation of Filipino Associations. He is fluent in English, Ilokano, and Tagalog and has served as an interpreter for court proceedings, casework, and community meetings and has assisted in translating various community service announcements, fliers, and booklets.

Mr. Asuncion previously served on the Language Access Advisory Council from 2007 to 2012. Testimony indicates that as a member, he was supportive of the programs and activities of the Office of Language Access and worked to promote language access to the Big Island. Testimony in support of the nominee also indicates that as an immigrant educated in Hawaii and a professional working at a government agency, he understands the need to provide appropriate language assistance and support and resources to service providers. He is a responsible individual who will make a positive contribution to the Language Access Advisory Council.

PATRICIA HARPSTRITE

Your Committee received testimony in support of the nomination of Patricia Harpstrite from the Office of Language Access and three individuals.

Ms. Harpstrite earned her Bachelor of Arts degree in Spanish from the University of Colorado, Boulder, and received her Master in Arts degree in Spanish from the University of Hawaii at Manoa. She is a Federally Certified Court Interpreter, Hawaii Judiciary Master Certified Interpreter, and Lionbridge Qualified Interpreter for Executive Office of Immigration Review (EOIR) immigration hearings who currently provides legal interpretation for U.S. District Court of Hawaii, Hawaii State Judiciary, and EOIR immigration hearings as well as administrative hearings and private depositions. As a legal interpreter, she provides legal translations for documents for federal and state criminal and civil cases, court forms, legal glossaries and other documents for the Hawaii Immigrant Justice Center, and private translations of civil, medical, business, academic documents, and poetry. She is a retired Professor of Spanish of Leeward Community College where she taught Beginning and Intermediate Spanish, Business Spanish, Latin American Civilization, Spanish for Native Speakers and Bilinguals, and Beginning French.

Ms. Harpstrite is an active interpreter for local and national professional organizations. She serves as the President of the Hawaii Interpreter Action Network and previously served as the Secretary, Vice-President, and President of the Hawaii Interpreters and Translators Association. She is an associate member of the American Translators Association, member of the National Association of Judiciary Interpreters and Translators, and member of the National Association of Judiciary Interpreters and Translators Advocacy Committee. Finally, she has co-authored several articles for national interpreter professional publications, including the National Association of Judiciary Interpreters and Translators' *Proteus* and the American Translators Association's *Interpreter's Voice*.

Testimony in support of the nominee indicates that Ms. Harpstrite has over fifteen years of experience interpreting and translating in Hawaii. In 1998, she became the first Hawaii resident to pass the Federal Court Interpreter Certification Examination. She subsequently earned her credential of Hawaii Judiciary Master Certified Court Interpreter. With a background as a Professor of Spanish, she has provided interpreter training for the Hawaii Judiciary's Basic Orientation Workshops and has been a presenter at numerous Hawaii Interpreter Action Network workshops as well as the Office of Language Access's 2012 Annual Conference. Thus, her experience and accomplishments will make her an excellent addition to the Language Access Advisory Council.

#### MINDY EMMONS

Your Committee received testimony in support of the nomination of Mindy Emmons from the Office of Language Access and eight individuals.

Ms. Emmons earned her Bachelor of Arts degree in Spanish and Linguistics from the University of California, Los Angeles, and her Master of Arts in Linguistics from California State University, Northridge. She also received her Certificate in Translation and Interpretation from the University of California, Santa Barbara. She is a Federally Certified Court Interpreter and serves as a Spanish interpreter for state, federal, and immigration courts. She also is a freelance translator of legal documents and an instructor for court interpreter orientation programs that are sponsored by the Hawaii Judiciary. She previously served as a full-time court interpreter in the County of Los Angeles.

Ms. Emmons is an active interpreter for local and national professional organizations, including serving as a member of the Hawaii Supreme Court Committee on Court Interpreters and Language Access. She currently serves as the President for the Hawaii Interpreter Action Network. She previously served as a Rater for the Federal Court Interpreter Certification Examination program.

Testimony in support of the nominee indicates that Ms. Emmons is an excellent interpreter and translator with high ethical standards. She is one of a select group of linguists in the nation who has been certified by the Administrative Office of the United States Courts as an interpreter for the federal judicial system and as a translator by the American Translator Association. Her credentials demonstrate her mastery in written and oral language conversation skills and she possesses the ability to apply her language skills to the civil and criminal areas. Finally she has a strong understanding of language access issues and its challenges.

Given the background, skills, and experience of the nominees, your Committee finds that all of the nominees are eminently qualified to serve on the Language Access Advisory Council.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 1648      Judiciary and Labor on Gov. Msg. Nos. 649 and 675**

Recommending that the Senate advise and consent to the nominations of the following:

#### HOISTING MACHINE OPERATORS ADVISORY BOARD

G.M. No. 649    JOAQUIN DIAZ, for a term to expire 6-30-2017; and

G.M. No. 675    DONALD GENTZLER, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Joaquin Diaz and Donald Gentzler to possess the requisite qualifications to be nominated to serve on the Hoisting Machine Operators Advisory Board.

#### JOAQUIN DIAZ

Your Committee received testimony in support of the nomination of Joaquin Diaz from the Hoisting Machine Operators Advisory Board, General Contractors Association of Hawaii, Executive Committee of the Hawaii Section of the American Industrial Hygiene Association, and eleven individuals.

Mr. Diaz earned a Bachelor of Science degree in Occupational Safety and Health from Columbia Southern University and his Master of Management degree from the University of Phoenix in Honolulu, Hawaii. He is currently a Safety Director at Hawaiian

Dredging Construction Company. His previous positions include Regional Safety Manager at Dick Pacific Construction Co., Ltd., and Safety Manager at M. Shiroma Painting. Mr. Diaz is a Certified Safety Professional, certified by the Board of Certified Safety Professionals, and a professional member of the American Society of Safety Engineers.

Mr. Diaz is an American Red Cross volunteer and served in the United States Marine Corps for nearly three years before being honorably discharged. He is highly experienced as a manager in the occupational safety and health fields. In addition to holding numerous credentials relating to occupational safety, he has also served as an OSHA Training Institute Instructor for the University of California – San Diego and Director of the Executive Committee for the local chapter of the American Industrial Hygiene Association, and has served as a member of several occupational safety-related committees.

Mr. Diaz is extremely well-qualified and possesses extensive experience with, and a depth of knowledge in, occupational safety and health issues. He is familiar with the issues facing the Hoisting Machine Operators Advisory Board and the State in terms of occupational safety. Mr. Diaz would contribute valuable insights based on experience and provide specific suggestions on ways to address and resolve various issues, which would make him an extraordinary asset to the Advisory Board.

#### DONALD GENTZLER

Your Committee received testimony in support of the nomination of Donald Gentzler from the Hoisting Machine Operators Advisory Board, General Contractors Association of Hawaii, Hawaii Construction Alliance, and one individual.

Mr. Gentzler currently serves as a Dispatcher for the Operating Engineers Local Union No. 3 and has over twenty-five years of experience as a Crane and Heavy Operator. He has experience ranging from small to large hydraulic cranes, lattice crawlers, and tower cranes. He has tirelessly dedicated his time and efforts to ensure that his coworkers are working in a safe environment. His concern for his peers in the industry and his willingness to share his experience and knowledge will be invaluable assets to the Hoisting Machine Operators Advisory Board.

Given the background, skills, and experience of the nominees, your Committee finds that Joaquin Diaz and Donald Gentzler are eminently qualified to serve on the Hoisting Machine Operators Advisory Board.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 1649     Judiciary and Labor on Gov. Msg. No. 674**

Recommending that the Senate advise and consent to the nomination of the following:

#### BOARD OF TRUSTEES OF THE EMPLOYEES' RETIREMENT SYSTEM

G.M. No. 674    COLBERT MATSUMOTO, for a term to expire 1-1-2019

Your Committee reviewed the personal history, resume, and statement submitted by the nominee and find Colbert Matsumoto to possess the requisite qualifications to be nominated to serve on the Board of Trustees of the Employees' Retirement System.

Your Committee received testimony in support of the nomination of Colbert Matsumoto from the Department of Budget and Finance, Employees' Retirement System, and one individual.

Mr. Matsumoto is a graduate of Lanai High School and obtained his Bachelor's degree from the University of San Francisco where he graduated magna cum laude. He later earned his Doctorate of Jurisprudence from the Boalt Hall School of Law, University of California at Berkeley. He currently serves as the Chairperson and Chief Executive Officer of Island Insurance Company, Ltd., a property and casualty insurance company. He also serves as the President of Tradewind Capital Group, Inc., an asset management and investment company that manages a portfolio of real estate, securities, and private equity investment assets. Lastly, he serves as a director on various corporate boards, including Central Pacific Financial Corporation; Hawaiian Host, Inc.; and Oahu Publications, Inc.

Mr. Matsumoto has been an active volunteer with various community non-profit organizations for over thirty years. He currently serves as a member of the Board of Governors of the Hawaii Community Foundation and as a Director of Enterprise Honolulu, U.S.-Japan Council, Pacific International Center for High Technology and Research, and Urasenke Foundation of Hawaii. He also serves as a member of the Board of Advisors of the Japanese American Citizens League, Honolulu Chapter.

Mr. Matsumoto is nominated for reappointment to the Board of Trustees of the Employees' Retirement System and most recently served as its Chairperson. Testimony in support of Mr. Matsumoto indicates that Mr. Matsumoto's extensive experience in business and law has provided the Board of Trustees valuable insight, knowledge, and direction as the Board has navigated through the changes and challenges of the past decade. During his tenure on the Board, he has served on the Investment Committee, Operations Committee, and Administrative Committee.

Testimony further indicates that while serving as the Board Chairperson, Mr. Matsumoto's leadership was critical in the development and passage of legislation focused on reducing the Employees' Retirement System's pension and unfunded liabilities. During his tenure, the Board introduced proposals on the moratorium on benefit enhancements, pension reform, and increased employer contributions. With the best interests of the Employees' Retirement System's members, retirees, and beneficiaries in mind, he approaches the issues facing the Employees' Retirement System with a critical, professional, compassionate, and fair perspective.

Accordingly, based on the testimony submitted, your Committee finds that Colbert Matsumoto is exceptionally qualified to continue to serve on the Board of Trustees of the Employees' Retirement System. The nominee's professional experience will serve the Board of Trustees and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1650      Judiciary and Labor on Gov. Msg. Nos. 683 and 728**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 683    JUDY KERN, for a term to expire 6-30-2017; and

G.M. No. 728    MARILYN LEE, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements of by the nominees and finds Judy Kern and Marilyn Lee to possess the requisite qualifications to be nominated to serve on the Commission on the Status of Women.

JUDY KERN

Your Committee received testimony in support of the nomination of Judy Kern from the Department of Human Services, Commission on the Status of Women, and seven individuals.

Ms. Kern earned her Bachelor of Arts degree from Lewis and Clark College. She currently serves as an Education and Training Coordinator for the Public Health Emergency Preparedness Branch of the Department of Health where her major responsibilities include the development and implementation of public health preparedness activities to achieve U.S. Centers for Disease Control and Prevention grant performance measures in Community Preparedness and Public Information and Warning. She also coordinates the Department's workforce training in the Incident Command System and compliance with the National Incident Management System. She previously served at the Department of Health as a Public Information Specialist at the Communications Office and Program Specialist at the Executive Office on Aging. Prior to working at the Department of Health, she served as the Deputy Director of Lanakila Meals on Wheels.

Ms. Kern is an active volunteer with various community organizations. She currently serves as a member of the Board of Directors of Mohala Farms. She previously served on the boards of Planned Parenthood of Hawaii, Hawaii People's Fund, and American Friends Service Committee.

Testimony in support of Ms. Kern's nomination indicates that she is passionate about human rights and has a deep understanding of local, national, and global issues related to social justice. Her professional skills and experience at the Department of Health and Lanakila Meals on Wheels coupled with her strong commitment to advancing the rights of women and girls will help the Commission to fulfill its mandate to strengthen the role of women and promote the interests of girls residing in Hawaii.

MARILYN LEE

Your Committee received testimony in support of the nomination of Marilyn Lee from the Department of Human Services, Commission on the Status of Women, Sex Abuse Treatment Center, Hawaii Laborers' Union, and five individuals. One individual submitted comments regarding the nomination.

Ms. Lee is a graduate of Syracuse University School of Nursing and worked as a nurse for almost forty years. She began her nursing career in the United States Navy where she attained the rank of full Lieutenant. For twenty-five years, she was employed at Wahiawa General Hospital where she served as the Manager of the Medical Surgical Unit and Nursing Supervisor. In 1995, she wrote and defended a certificate of need to establish the Wahiawa General Hospital Home Health Agency.

Ms. Lee served on the Neighborhood Board No. 25 for ten years and served as its Chairperson for four years. She currently serves on the Mililani Mauka Neighborhood Board No. 35 as the representative for the Mayor of the City and County of Honolulu.

Ms. Lee was elected to the Hawaii State House of Representatives in 1996 representing House District 36 for sixteen years. During her tenure at the State House of Representatives, she served multiple positions, including the Co-Chairperson of the Women's Legislative Caucus, Co-Chairperson of the Kupuna Caucus, Majority Floor Leader and Whip, Vice-Chairperson of the House Committee on Finance, and a member of several other House standing committees.

Ms. Lee has extensive community involvement including serving as a member of the Mililani Lions Club, charter member and member of the Board of Friends of the Mililani Public Library, and President and originator of the Central Oahu Caregiver Support Group. Her community activities also include Mililani Drug Free, Central Oahu Soroptimists, and American Cancer Society. For over ten years, she produced and directed "Kukui Connection", a television show on Olelo with a focus on political, community, and cultural and arts issues.

Testimony in support of Ms. Lee's nomination indicates she has extensive experience in advocating for the women and girls of Hawaii. As a former State House Representative, she tirelessly advocated for policies to benefit Hawaii's women, girls, and working families. Her skills as an administrator, educator, and nurse coupled with her strong commitment to advancing the rights of women and girls will help the Commission to fulfill its mandate to strengthen the role of women and promote the interests of girls residing in Hawaii.

Accordingly, based on the testimony submitted, your Committee finds that Judy Kern and Marilyn Lee are exceptionally qualified to serve on the Commission on the Status of Women. The nominees' professional experience will serve the Commission and public well.

As affirmed by the records of votes of the members of your Committee on Judiciary and Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1651 Judiciary and Labor on Gov. Msg. No. 766**

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL RIGHTS COMMISSION

G.M. No. 766 ARTEMIO BAXA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Artemio Baxa to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Civil Rights Commission.

Your Committee received testimony in support of this nominee from the Filipino Coalition for Solidarity, Filipino American Citizens League, National Federation of Filipino American Associations Region 12, and four individuals.

Mr. Baxa earned a Bachelor of Laws degree from Ateneo de Manila University School of Law. He went on to earn a Master's degree in Comparative Law from the University of Chicago Law School and a law degree from the William S. Richardson School of Law. He is licensed to practice law in the Philippines and Hawaii. He served for more than ten years as a Deputy Prosecuting Attorney for the County of Maui and a few years in private practice, and he also served as a Circuit Court Judge of the Second Circuit presiding over criminal and civil cases. He currently works as a Deputy Prosecuting Attorney for the County of Maui in its Appellate Division.

Even before entering law school in the United States, Mr. Baxa served his community and advocated for those most vulnerable to civil rights abuses. For several years, he worked for the Maui Economic Opportunity, Inc., an anti-poverty agency, where he served individuals being denied basic rights and entitlements. Subsequently, he worked with the University of Hawaii School of Urban and Regional Planning Program where he prepared a comprehensive Report on Filipino Immigration and Social Challenges in Maui County that was instrumental in establishing the County of Maui's Immigrant Services Program. As an experienced community activist, attorney, and judge, Mr. Baxa understands the vital role that the Commission plays in upholding federal and state civil rights laws and is committed to decreasing the backlog of cases pending before the Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1652 Technology and the Arts on Gov. Msg. Nos. 658 and 679**

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 658 JOEL GUY, for a term to expire 6-30-2017; and

G.M. No. 679 SHERMAN WARNER, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Joel Guy and Sherman Warner to possess the requisite qualifications to be nominated to serve on the State Foundation on Culture and the Arts Commission.

JOEL GUY

Your Committee received testimony in support of the nomination of Joel Guy from the Department of Accounting and General Services, State Foundation on Culture and the Arts, and two individuals.

Mr. Guy received his Communications degree from the University of Hawaii at Manoa.

Mr. Guy is the Owner of Grass Shack Productions, a multimedia production center. Previously, Mr. Guy worked for Representative Hermina Morita and as the owner of a restaurant.

Mr. Guy currently serves as Commissioner of the Kauai County Charter Review, President of Hanalei to Haena Community Association, and member of the Waipa Commercial Kitchen Advisory Council. Mr. Guy's past community service includes serving as President of the Kauai North Shore Business Council and member of Governor Abercrombie's Advisory Committee.

Upon review of the testimony, your Committee finds that Mr. Guy's professionalism, knowledge, entrepreneurial success, and experience filming documentaries qualify him for appointment to the State Foundation on Culture and the Arts Commission.

SHERMAN WARNER

Your Committee received testimony in support of the nomination of Sherman Warner from the Department of Accounting and General Services, State Foundation on Culture and the Arts, Mayor of Hawaii County, and ten individuals.

Mr. Warner received a Bachelor of Arts degree in Theatre from the University of Hawaii at Manoa.

Mr. Warner co-founded Dodger Theatre, an award-winning, non-profit theatre company. Over the past twenty years, Mr. Warner has produced more than two dozen Broadway shows. Mr. Warner has managed theaters in New York City, Las Vegas, and Cincinnati. Mr. Warner is the President of the Board of Directors of the Waimea Community Association and West Hawaii Meditation Center.

Mr. Warner expressed his belief in the importance of arts in education. Mr. Warner stated that one of his goals as a member of the State Foundation on Culture and the Arts Commission is to increase exposure to the arts for individuals and communities.

Based on the testimony submitted, your Committee finds that Mr. Warner is exceptionally qualified to serve on the State Foundation on Culture and the Arts Commission. The nominee's background, knowledge, and experience will serve the Commission and public well.

As affirmed by the records of votes of the members of your Committee on Technology and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1653 Technology and the Arts on Gov. Msg. No. 784**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I HISTORIC PLACES REVIEW BOARD

G.M. No. 784 NANCY PEACOCK, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Nancy Peacock to possess the requisite qualifications to be nominated to serve on the Hawai'i Historic Places Review Board.

Your Committee received testimony in support of the nomination of Nancy Peacock from the Department of Land and Natural Resources and five individuals.

Ms. Peacock receive a Bachelor of Architecture degree from Cornell University.

Ms. Peacock is the President and Owner of an architecture firm. She is a licensed architect in Hawaii and is a member of the American Institute of Architects (AIA). In the past, Ms. Peacock has served as the President of the AIA Hawaii State Council and the Hawaii Chapter of the American Society of Interior Designers. Ms. Peacock has received numerous awards for her work from the AIA Honolulu Chapter and the Building Industry Association.

Ms. Peacock expressed that she is excited to serve a third term as a member of the Hawai'i Historic Places Review Board. Ms. Peacock further expressed that during her past service on the Board, she immensely enjoyed the experience and appreciated the opportunity to serve the public.

Upon review of the testimony, your Committee finds that Ms. Peacock understands the importance of preserving Hawai'i's historic places. Her knowledge, background, and skills qualify her for appointment to the Hawai'i Historic Places Review Board as the architect member.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 1654 Health on Gov. Msg. Nos. 695, 696, and 697**

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 695 CONSTANCE WILLIAMS, for a term to expire 6-30-2017;

G.M. No. 696 COLIN HANLON, for a term to expire 6-30-2017; and

G.M. No. 697 CURT MORIMOTO, for a term to expire 6-30-2017

CONSTANCE WILLIAMS

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Constance Williams to possess the requisite qualifications to be nominated to the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of Constance Williams from the Department of Health.

Ms. Williams received an Associate of Science in Nursing from Mid-State Technical College, a Bachelor of Science in Nursing from West Texas A&M, and a Master of Science in Advance Public Health Nursing from the University of Hawaii at Manoa. She is a Registered Nurse in Hawaii and California.

Ms. Williams currently works for the University of Hawaii, Maui College, in Kahului, where she is responsible for designing, implementing, leading, evaluating, and revising academic and continuing education programs for nursing students. Ms. Williams is also a Staff Registered Nurse for Hawaii Pacific Health at Straub Hospital.

Your Committee finds that Ms. Williams has been appointed to the Health Planning Council, Tri-Isle Subarea based on her knowledge, professional experience, and commitment to public service.

COLIN HANLON

Your Committee has reviewed the personal history, statement, and resume submitted by the nominee and finds Colin Hanlon to possess the requisite qualifications to be nominated to the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of Colin Hanlon from the Department of Health and two individuals.

Mr. Hanlon received a Bachelor of Science in Physical Education and teacher certification from Plymouth State College in Plymouth, New Hampshire. Mr. Hanlon also has several certificates, including certificates for Research in Resource Development and the Executive Leadership Program from the Boys & Girls Club of America.

Mr. Hanlon currently serves as the Chief Professional Officer for the Boys & Girls Club of Maui, Inc., where he provides leadership and direction to ensure the effective operation and delivery of programs.

Your Committee finds that Mr. Hanlon has been appointed to the Health Planning Council, Tri-Isle Subarea based on his knowledge, professional experience, and commitment to public service.

CURT MORIMOTO

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Curt Morimoto to possess the requisite qualifications to be nominated to the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of Curt Morimoto from the Department of Health and one individual.

Mr. Morimoto received a Bachelor of Science in Biology from Seattle University in Seattle, Washington. He is a certified Emergency Medical Technician in Washington state and Hawaii. He is also a licensed Paramedic in Hawaii.

Mr. Morimoto currently serves as the Operations Manager for American Medical Response in Maui County. He previously worked for International Life Support and the City & County of Honolulu in emergency medical services.

Your Committee finds that Mr. Morimoto has been appointed to the Health Planning Council, Tri-Isle Subarea based on his knowledge, professional experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1655 Health on Gov. Msg. Nos. 698 and 699**

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, WINDWARD SUBAREA

G.M. No. 698 IRENE CARPENTER, for a term to expire 6-30-2017; and

G.M. No. 699 CHRISTOPHER SIBLEY, for a term to expire 6-30-2017

IRENE CARPENTER

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Irene Carpenter to possess the requisite qualifications to be nominated to the Health Planning Council, Windward Subarea.

Your Committee received testimony in support of Irene Carpenter from the Department of Health and the Hawaii Primary Care Association.

Ms. Carpenter received a Bachelor of Science degree in Psychology and a Master of Science degree in Counselor Education from Suffolk University.

Ms. Carpenter currently serves as the Founder and Board President of Ko'olauloa Community Health and Wellness Center. She has over thirty years of experience in health and human services programs.

Your Committee finds that Ms. Carpenter has been appointed to the Health Planning Council, Windward Subarea, based on her knowledge, professional experience, and commitment to public service.

CHRISTOPHER SIBLEY

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Christopher Sibley to possess the requisite qualifications to be nominated to the Health Planning Council, Windward Subarea.

Your Committee received testimony in support of Christopher Sibley from the Department of Health.

Mr. Sibley received Bachelor of Science and Master of Science degrees in Finance from Louisiana State University in Baton Rouge, Louisiana. He also received a Master of Business Administration degree from the University of San Francisco in San Francisco, California.

Mr. Sibley currently serves as the Business Planning Manager for the Hawaii Medical Service Association. He has over fifteen years of leadership in the full lifecycle of healthcare management, technology implementation, real estate finance, and organizational change management.

Your Committee finds that Mr. Sibley has been appointed to the Health Planning Council, Windward Subarea, based on his knowledge, professional experience, and commitment to public service

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1656 Health on Gov. Msg. No. 700**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, WEST O'AHU SUBAREA

G.M. No. 700 ANDREW ANCHETA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Andrew Ancheta to possess the requisite qualifications to be nominated to the Health Planning Council, West Oahu Subarea.

Your Committee received testimony in support of Andrew Ancheta from the Department of Health and one individual.

Mr. Ancheta received Master of Public Health and Bachelor of Arts in Zoology degrees from the University of Hawaii at Manoa. He received training as an Emergency Medical Technician from The Queen's Medical Center.

Mr. Ancheta currently works for American Medical Response as the Operations Manager for Oahu, where he oversees the Communication Center. Mr. Ancheta previously served as a Clinical Research Coordinator for Radiant Research.

Your Committee finds that Mr. Ancheta's more than twenty-five years of experience in the emergency medical services industry will be an asset to the Health Planning Council, West Oahu Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1657 Health on Gov. Msg. No. 701**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, KAUA'I SUBAREA

G.M. No. 701 TITO VILLANUEVA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Tito Villanueva to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Health Planning Council for the Kauai Subarea.

Your Committee received testimony in support of this nominee from the Department of Health and one individual.

Mr. Villanueva earned a Bachelor's degree in Business Management from the University of Phoenix and is a graduate of the Emergency Medical Technician Program at Kapiolani Community College. Prior to his career in emergency medical services, he was a Corpsman and Lead Petty Office Field Medic with the United States Navy.

For the past seventeen years, Mr. Villanueva has been an Emergency Medical Technician with American Medical Response and a part-time Fire Fighter. He is also American Medical Response's Operations Manager for the County of Kauai. He possesses numerous emergency medicine certifications, including Car Seat Safety Technician, CPR Instructor, and Community Emergency Response Team Instructor. Mr. Villanueva is also involved in many community organizations including the Filipino Chamber of Commerce, Kauai Filipino-American Jaycees, Kauai Paramedics Association, and King Kaumuali'i Elementary School PTSA. Mr. Villanueva's substantial experience and training in emergency medical services makes him an ideal candidate for the Kauai Subarea Health Planning Council.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 1658 Tourism and Hawaiian Affairs on Gov. Msg. No. 767**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF HAWAII

G.M. No. 767 ELDON PATE-KAHAKALAU, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Eldon Pate-Kahakalau to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council for the Island of Hawaii.

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, Aukahi, and three individuals.

Mr. Pate-Kahakalau earned a Bachelor's degree in Political Science from the University of Hawaii at Hilo. He went on to earn his teaching license at the Halau Wanana Indigenous Center for Higher Learning. Mr. Pate-Kahakalau is the Co-Founder and Instructor at Kanu O Ka Aina New Century Public Charter School where he teaches Hawaiian language, history, and culture. He also serves as the Director of the Waipio Valley Taro Patch Immersion program. Before opening the charter school, Mr. Pate-Kahakalau held a number of positions teaching Hawaiian studies. He is also involved in numerous community organizations, including Aha Kane Moku o Keawe, Pa Ku'i A Holo, Pu'ukohola Council of Chiefs, and Onipa'a Na Hui Kalo.

Mr. Pate-Kahakalau previously served on the Hawaii Island Burial Council as Chairperson where he successfully handled many difficult and complex cases and has served as an interim member on the Council for the past six months. Mr. Pate-Kahakalau's exceptional leadership skills and extensive experience as a Hawaiian educator and cultural practitioner will be a significant asset to the Island Burial Council for the Island of Hawaii.

As affirmed by the record of votes of the members of your Committee on Tourism and Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Keith-Agaran, Slom).

**SCRep. 1659 (Joint) Health and Commerce and Consumer Protection on H.C.R. No. 23**

The purpose and intent of this measure is to request the formation of a task force to develop recommendations for improving obesity prevention-related services and counseling in accordance with the implementation of the Patient Protection and Affordable Care Act.

Your Committees received testimony in support of this measure from the Department of Health, Department of Commerce and Consumer Affairs, Hawaii Pacific Health, Papa Ola Lokahi, and one individual. Your Committees received comments on this measure from one individual.

Your Committees find that obesity is a major health and economic concern for Hawaii and the nation, causing higher medical costs and lower quality of life. Adult obesity in Hawaii more than doubled between 1995 and 2009, and childhood obesity in Hawaii increased by thirty-eight percent between 1999 and 2009. Your Committees find that the passage of the Patient Protection and Affordable Care Act provides an opportunity to assess gaps in healthcare providers' ability to prevent and treat obesity in Hawaii, educate healthcare providers about reimbursable medical costs related to obesity prevention and treatment under the Patient Protection and Affordable Care Act, and encourage healthcare providers to provide services and counseling to overweight and obese patients.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 23, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

Commerce and Consumer Protection

Ayes, 4. Noes, none. Excused, 3 (Taniguchi, Wakai, Slom).

**SCRep. 1660 (Joint) Health and Human Services and Ways and Means on H.C.R. No. 146**

The purpose and intent of this measure is to urge the establishment of a work group to examine social determinants of health and risk adjustment for Medicaid, gap-group, and uninsured individuals.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Office of Hawaiian Affairs, Ohana Health Plan, Hawaii Primary Care Association, and Community Alliance for Mental Health.

Your Committees find that the health and well-being of an individual and community can be attributed to social determinants. The risk factors involved in these determinants are related to homelessness, abuse, unemployment, and poverty and can have a significant impact on the health outcomes that may not be resolved through traditional medical care. The convening of a work group with broad representation would be an effective means of addressing these social determinants, as any effort to combat the social determinants of health must be comprehensive.

As affirmed by the records of votes of the members of your Committees on Health and Human Services and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 146, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

## Human Services

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

## Ways and Means

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, English, Espero, Slom).

**SCRep. 1661 (Joint) Health and Ways and Means on H.C.R. No. 216**

The purpose and intent of this measure is to urge the Department of Health to convene a task force to establish a stroke system of care in the State that includes a statewide stroke database and registry by December 31, 2015, among other things, and to report to the Legislature on findings and recommendations with an initial report by December 31, 2013, and a final report before the Regular Session of 2015.

Your Committees received testimony in support of this measure from the Department of Health, American Heart Association/American Stroke Association, Stroke Center at The Queen's Medical Center, and Hawaii Pacific Health.

Your Committees find that stroke is the leading cause of chronic disability among adults in the State. Rapid identification, diagnosis, and treatment of stroke can improve outcomes for stroke patients. Hawaii needs an effective system to support the rapid assessment and triage of stroke patients and provide appropriate stroke treatment in a timely manner. A stroke system of care will improve the overall care of stroke patients, increase patients' chances of survival, and decrease the incidence of long-term disabilities associated with stroke. Such a system of care is recommended in *Hawaii's Plan for the Prevention of Heart Disease and Stroke*, issued by the Department of Health in November 2011.

As affirmed by the records of votes of the members of your Committees on Health and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 216, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
