Your Committee finds that there is a shortage of affordable housing in Hawaii and that providing more affordable housing opportunities will bring stability to Hawaii's financially struggling families.

Your Committee has amended this measure by:

- (1) Changing the bond and appropriation amounts to unspecified sums;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2266, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2266, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 2673      Ways and Means on S.B. No. 2756**

The purpose and intent of this measure is to authorize issuance of special purpose revenue bonds to assist Clean Communities, LLC, in financing a project to process sewage to create fuel.

One individual submitted written comments in support of the measure. The Department of Budget and Finance submitted written comments.

Your Committee finds that this measure will assist Clean Communities, LLC, in financing the construction of a facility to process sewage into fuel.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2756, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, Keith-Agaran, Kouchi, Tokuda).

**SCRep. 2674      (Majority) Ways and Means on S.B. No. 2816**

The purpose of this measure is to appropriate \$33,500,000, for fiscal year 2014-2015, to fund employment costs for officers and employees within collective bargaining unit (7) and their excluded counterparts.

Your Committee received written comments in support of the measure from the Hawaii Government Employees Association. The Department of Budget and Finance and the University of Hawaii System submitted written comments on this measure.

Your Committee finds that this measure is necessary to fund employment costs for officers and employees within collective bargaining unit (7), along with their excluded counterparts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2816, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 2675      Ways and Means on S.B. No. 2727**

The purpose and intent of this measure is to extend the sunset date of Act 46, Session Laws of Hawaii 2012, to provide the Department of Transportation with additional time to continue negotiations, and to reach an agreement, with airport concessionaires on concession agreements that are extended or modified in exchange for revenue-enhancing improvements by the concessionaire.

Your Committee received written comments in support of this measure from the Department of Transportation; Human Services Host; Island Shoppers, Inc.; Airport Concessionaires Committee; Greeters of Hawaii, Ltd.; and Tiare Enterprises, Inc.

Act 46, Session Laws of Hawaii 2012, which expires on July 1, 2014, provides the Department of Transportation with the authority to negotiate with an airport concessionaire an extension or modification of the contract, lease, or permit in exchange for revenue-enhancing improvements made or paid by the concessionaire.

Your Committee finds that a recent Department of Transportation study documented a need for more concession space and the additional revenues that would be generated from concession improvements. The study indicated that Hawaii's public airports are lacking in concession space by as much as forty per cent and that concession revenues are not being maximized. Your Committee

believes that extending the Department of Transportation's authority to negotiate such agreements will result in a mutually beneficial outcome for the State and concessionaires.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2727, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2727, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2676 Ways and Means on S.B. No. 2295**

The purpose and intent of this measure is to appropriate moneys to the Hawaii Association of Conservation Districts to assist with its staffing and operating costs while the districts develop sustainable funding mechanisms.

Your Committee received written comments in support of this measure from the Department of Agriculture, the Department of Land and Natural Resources, the Hawaii Cattlemen's Council, the Hawaii Farm Bureau Federation, and the Maui County Farm Bureau. The Department of Health and the Waiiaka Soil and Water Conservation District submitted written comments on the measure.

Your Committee finds that Hawaii's sixteen soil and water conservation districts have worked in collaboration with partners and government agencies to improve the State's environment and economy through resource conservation and development projects and statewide high school programs. Your Committee also finds that population growth and land use changes have dramatically increased the demand for assistance the districts provide in reviewing each county's grading permits and conservation plans. Your Committee notes that a significant funding mechanism for the districts ceased at the end of 2013, and accordingly, your Committee finds that providing interim funding to enable the districts to continue operating while sustainable funding mechanisms are developed is in the public's best interest.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2295, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2295, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2677 Ways and Means on S.B. No. 2542**

The purpose and intent of this measure is to support Hawaii's goal of meeting the projected number of needed affordable housing units.

More specifically, this measure restores the allocation of conveyance tax revenues to the Rental Housing Trust Fund to fifty per cent.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Association of REALTORS, Office for Social Ministry of the Catholic Diocese of Honolulu, Partners in Care, PHOCUSED, and three individuals. Your Committee received comments on this measure from the Department of Budget and Finance and the Tax Foundation of Hawaii.

Your Committee finds that Hawaii has a definite, immediate need for affordable rental housing. Your Committee also finds that the Rental Housing Trust Fund was established to provide loans or grants for the development, pre-development, construction, acquisition, preservation, and substantial rehabilitation of rental housing units. In recognition of the need to address the shortfall in affordable rental housing units, the Legislature raised the allocation of the conveyance tax to the Rental Housing Trust Fund to fifty per cent in 2006. However, due to the economic downturn of 2008 to 2010, the allocation to the Rental Housing Trust Fund was reduced to thirty per cent. Your Committee further finds that restoring the allocation to the Rental Housing Trust Fund to fifty per cent of state conveyance tax collections will increase the amount of funds available to build affordable rental housing.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2542, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2542, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2678      Ways and Means on S.B. No. 2678**

The purpose and intent of this measure is to appropriate moneys for the Aha Moku Advisory Committee.

Your Committee received written comments in support of this measure from the Aha Moku Advisory Committee.

Your Committee finds that the Aha Moku Advisory Committee was established in 2012 to advise the Department of Land and Natural Resources on issues related to indigenous land and natural resource management techniques. Your Committee notes that the Aha Moku Advisory Committee did not receive any appropriations for fiscal year 2013-2014. Your Committee believes that making an appropriation to the Aha Moku Advisory Committee for fiscal year 2014-2015 will allow it to continue to engage Hawaiian communities and the general public in promoting the sustainability of Hawaii's natural and cultural resources.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation to an unspecified sum; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2678, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2678, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2679      Ways and Means on S.B. No. 3090**

The purpose and intent of this measure is to appropriate funds to develop shooting ranges and implement a statewide hunter education program.

Your Committee received written comments in support of this measure from the United Public Workers and two individuals. Written comments on the measure were received from the Department of Land and Natural Resources.

Your Committee finds that a statewide hunter education program and shooting range development will encourage the safe use of firearms.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3090, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3090, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ruderman). Noes, none. Excused, 1 (Thielen).

**SCRep. 2680      Ways and Means on S.B. No. 3063**

The purpose and intent of this measure is to require the Department of Land and Natural Resources to establish a temporary working group to develop an action plan to preserve natural, cultural, and historic resources in Waipio Valley and identify conservation options for the protection of these resources.

The measure also makes an appropriation for the Department of Land and Natural Resources to purchase land located in Waipio Valley.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that Waipio Valley possesses cultural, historic, and natural resources that are integral to the identity of the State. Your Committee also finds that active management of these resources is necessary to protect them against overuse, invasive species, and other threats to their continued existence. Your Committee believes that the action plan and conservation options developed and identified pursuant to this measure will help enhance public access to and permanent protection of the resources in Waipio Valley.

Your Committee has amended this measure by:

- (1) Clarifying that the Executive Director of the Agribusiness Development Corporation and the President and Chief Executive Officer of the Bernice Pauahi Bishop Museum shall be members of the working group;
- (2) Clarifying that the chairperson of the working group may add members to the working group;
- (3) Clarifying that the working group's identification of conservation options include the purchase of land in Waipio Valley;
- (4) Changing the effective date from July 1, 2014, to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3063, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3063, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Thielen).

**SCRep. 2681 (Majority) Ways and Means on S.B. No. 2743**

The purpose and intent of this measure is to use a portion of state conveyance tax revenues to replenish the Kahoolawe Rehabilitation Trust Fund to be used for the long-term rehabilitation and maintenance of the Kahoolawe Island Reserve.

Your Committee received written comments in support of this measure from the Department of Planning of the County of Maui, the Kahoolawe Island Reserve Commission, and sixteen individuals. The Department of Land and Natural Resources and the Tax Foundation of Hawaii submitted written comments on this measure.

Your Committee finds that the island of Kahoolawe is one of Hawaii's greatest treasures and the historical and cultural significance of Kahoolawe needs to be preserved and protected. Your Committee further finds that by adding an additional source of revenue, the Kahoolawe Rehabilitation Trust Fund will be adequately funded to ensure the long-term restoration and protection of the island.

Your Committee has amended this measure by:

- (1) Changing the portion of the amount of conveyance tax revenues to be paid into the Kahoolawe Rehabilitation Trust Fund from 10 per cent to an unspecified amount;
- (2) Changing the annual maximum amount of conveyance tax revenue paid into the Kahoolawe Rehabilitation Trust Fund from \$3,500,000 to an unspecified amount;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2743, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2743, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, 2 (Kidani, Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2682 (Majority) Ways and Means on S.B. No. 2842**

The purpose and intent of this measure is to make an emergency appropriation to the Department of Human Services to address the budget shortfall in the Medicaid program resulting from a delay in reimbursement.

Your Committee received written comments in support of this measure from the Department of Human Services.

Your Committee finds that the Department of Human Services provided funding and services to the Hawaii Health Connector to develop components of the health insurance exchange to be in compliance with the federal Patient Protection and Affordable Care Act with the understanding that the Hawaii Health Connector would reimburse the Department of Human Services through the Hawaii Health Connector's own federal funds. The current balance outstanding due to the Department of Human Services from the Hawaii Health Connector is \$4,854,037. Your Committee further finds that while the Department of Human Services' loaned funds are encumbered, it is unable to use these funds for its core operations. This measure will provide funds to ensure that the Department of Human Services is able to fund its core operations and continue to serve its beneficiaries.

Your Committee has amended the measure to require that any moneys received by the Department of Human Services from the Hawaii Health Connector as a reimbursement for the loaned funds will lapse to the credit of the general fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2842, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2842, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 2683 Ways and Means on S.B. No. 3064**

The purpose and intent of this measure is to amend the transition process of the Hawaii Health Systems Corporation.

More specifically, this measure:

- (1) Authorizes the Hawaii Health Systems Corporation, a regional system, or a combined regional system of two or more regional systems to transition to a nonprofit hospital corporation incorporated in Hawaii before January 1, 2000;
- (2) Requires the nonprofit hospital corporation to maintain equivalent services in acquired regions for no less than five years; and
- (3) Requires the State to continue to meet all financial obligations to public employees, including all benefits, pensions, and other financial obligations negotiated with public employees' unions before the effective date of this measure.

Your Committee received written comments in support of this measure from the Office of the Mayor of the County of Maui, Hawaii Health Systems Corporation, East Hawaii Regional Board of the Hawaii Health Systems Corporation, West Hawaii Regional Board of

the Hawaii Health Systems Corporation, Kauai Regional Board of the Hawaii Health Systems Corporation, Kona Community Hospital, Kula Hospital and Clinic, Maui Health Leaders, Maui Memorial Medical Center, Maui Memorial Medical Center Medical Staff, and three individuals. Written comments in opposition were received from the Hawaii Government Employees Association. The Department of Budget and Finance and two individuals submitted written comments on the measure.

Your Committee finds that, as currently structured, the Hawaii Health Systems Corporation is neither financially self-sufficient nor able to ensure the long-term delivery of quality health care services to the people of Hawaii, especially those on neighbor islands. Your Committee believes that this measure provides the Hawaii Health Systems Corporation with the flexibility necessary to adapt to the changing health care environment and improve the standard of care in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3064, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3064, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 2684 Ways and Means on S.B. No. 2118**

The purpose and intent of this measure is to make certain amendments related to campaign spending.

Specifically, this measure:

- (1) Requires a candidate who has agreed to limit expenditures to notify the Office of Elections, rather than the Chief Election Officer, if the candidate exceeds the expenditure limit;
- (2) Repeals a requirement that candidates notify campaign contributors when expenditure limits are exceeded, in relation to certain contributor tax deductions that are no longer available; and
- (3) Repeals a tax deduction provision related to deductions that are no longer available.

Your Committee received written comments in support of this measure from the Office of Elections. The Campaign Spending Commission submitted written comments on the measure.

Your Committee finds that the housekeeping amendments made by the measure will ensure more efficient use of the Chief Election Officer and Office of Elections' staff. In addition, deleting references to tax deductions that are no longer available to taxpayers is appropriate.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2118 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Kouchi, Ruderman).

**SCRep. 2685 Ways and Means on S.B. No. 2817**

The purpose and intent of this measure is to enhance mortgage loan originator licensing laws.

Generally, the measure:

- (1) Repeals licensing exemptions for individuals handling mortgage loans for immediate family members or their own residence;
- (2) Updates requirements for the principal place of business and branch offices of mortgage loan originator companies;
- (3) Makes the failure to satisfy initial licensing requirements a basis for denying, suspending, revoking, declining to renew, or placing conditions on a license;
- (4) Requires mortgage loan originator companies to be open for business during posted business hours at each location, and authorizing the Commissioner of Financial Institutions to conduct an examination or investigation of the company during regular business hours; and
- (5) Makes various housekeeping amendments to clarify and update licensing requirements.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the Secure and Fair Enforcement for Mortgage Licensing Act under chapter 454F, Hawaii Revised Statutes, requires the licensing of mortgage loan originators who are in the business of offering, negotiating, or handling residential mortgage loans. This measure makes various housekeeping amendments to clarify the law and ensure consistency with earlier amendments, while updating other provisions to improve enforcement and enhance consumer protections in residential mortgage transactions.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2817, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2817, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2686 Ways and Means on S.B. No. 2920**

The purpose and intent of this measure is to establish and appropriate funds for a little fire ant pilot project to research solutions for addressing the little fire ant threat in the State.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the County of Hawaii Department of Parks and Recreation, a Hawaii County Council Member, the Maui Invasive Species Committee, and the Hawaii Farm Bureau Federation. Written comments in opposition were received from the Big Island Fisheries Alliance. The Department of Agriculture submitted written comments on the measure.

Your Committee finds that the *Wasmannia auropunctata*, known as the little fire ant, threatens native biodiversity, alters tropical ecosystems, impairs human health, impedes tourism, diminishes agricultural productivity, mars horticulture sales, and accordingly ranks among the world's worst invasive species.

Your Committee further finds that the little fire ant is a primary threat to Hawaii's environment, agriculture, and economy, as well as to the health and way of life of Hawaii's people. Research is needed to assess the long-term impacts of the little fire ant in the State and to ascertain the economic and social benefit from greater public investment in prevention and control.

Your Committee has amended this measure by:

- (1) Clarifying that the County of Hawaii is authorized, but not mandated, to hire, at a minimum, one part-time caretaker II position and two part-time caretaker I positions for the pilot project;
- (2) Changing the appropriation to an unspecified amount; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2920, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2920, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2687 Ways and Means on S.B. No. 2923**

The purpose and intent of this measure is to establish a more efficient mechanism to renew and update health and medical service fees payable under the State's workers' compensation medical fee schedule.

More specifically, this measure:

- (1) Requires the Director of Labor and Industrial Relations to update the workers' compensation medical fee schedule annually;
- (2) Authorizes the Director of Labor and Industrial Relations to establish a workers' compensation medical fee ceiling that exceeds one hundred ten per cent of the fees prescribed in the Medicare Resource Based Relative Value Scale applicable to Hawaii for evaluation and management services;
- (3) Appropriates funds for fiscal year 2014-2015 for two full-time equivalent positions in the Department of Labor and Industrial Relations; and
- (4) Appropriates funds for fiscal year 2014-2015 for the Department of Labor and Industrial Relations to contract for the performance of an analysis of the impact this measure will have on workers' compensation claimants' access to appropriate treatment.

Your Committee received written comments in support of this measure from Hawaii Medical Association, ILWU Local 142, and two individuals. Written comments in opposition were received from The Chamber of Commerce of Hawaii, Hawaii Insurers Council, Hawaiian Electric Company, and Property Casualty Insurers Association of America. The Department of Human Resources Development, Department of Labor and Industrial Relations, City and County of Honolulu Department of Human Resources, and Work Injury Medical Association of Hawaii submitted written comments on the measure.

Your Committee finds that Act 97, Session Laws of Hawaii 2013, required the Auditor to assist the Director of Labor and Industrial Relations in adjusting and periodically reviewing the adequacy of the workers' compensation medical fee schedule. In Auditor's Report No. 13-10, entitled "A Report on Methodology for the Department of Labor and Industrial Relations' Workers' Compensation Medical Fee Schedule," the Auditor made several recommendations to the Legislature, including:

- (1) Authorizing the Director of Labor and Industrial Relations to establish a maximum allowable fee ceiling annually for eligible evaluation and management services;
- (2) Requiring the Department of Labor and Industrial Relations to assess the cost impact and effect on access to medical services attributable to adoption of the methodology recommended by the Auditor;
- (3) Funding department personnel resources in order to implement the methodology recommended by the Auditor; and

- (4) Providing sufficient resources to the Department of Labor and Industrial Relations to hire one or more contractors to perform ongoing analysis on the impact of adopting the methodology recommended by the Auditor.

This measure is intended to implement the recommendations made by the Auditor.

Your Committee has amended this measure by:

- (1) Specifying that the report of the Director of Labor and Industrial Relations shall include an analysis of the cost impact of the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2923, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2923, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Kouchi, Ruderman).

**SCRep. 2688 Ways and Means on S.B. No. 2924**

The purpose and intent of this measure is to increase the maximum allowable balance retained by the public utilities commission special fund at the end of each fiscal year.

Your Committee received written comments in support of this measure from the Public Utilities Commission, the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, Hawaii Energy Policy Forum, and one individual.

Your Committee finds that this measure will allow the Public Utilities Commission and the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs to fulfill their regulatory oversight duties of public utility companies and help encumber funds for contracts for specialized technical and regulatory services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2924 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 2689 Ways and Means on S.B. No. 2936**

The purpose and intent of this measure is to establish a working group to analyze the capitol district security infrastructure and develop a plan for an integrated camera surveillance system.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services.

Your Committee finds that strategically placed cameras in the capitol district will provide a safe and cost-effective method of increasing security at the state capitol, Washington Place, the Governor's residence, 'Iolani Palace, the Hawaii State Art Museum, the Hawaii State Library, the Kalanimoku and Aliiolani Hale buildings, and the first district court building.

Your Committee has amended this measure by:

- (1) Changing effective date to July 1, 2050, to encourage further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2936, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2936, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2690 Ways and Means on S.B. No. 2981**

The purpose and intent of this measure is to promote and encourage innovation and entrepreneurship by amending the Hawaii State Plan to include these ideals.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, Hawaii Strategic Development Corporation, High Technology Development Corporation, and The Chamber of Commerce Hawaii.

Your Committee finds that promoting and encouraging innovation and entrepreneurial activities will benefit the State and its economy by facilitating the creation of new businesses in Hawaii and attracting investment from outside the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2981, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2981, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2691 Ways and Means on S.B. No. 3024**

The purpose and intent of this measure is to increase financial resources to support conservation and natural resource protection programs in the State.

Specifically, the measure:

- (1) Increases from \$3,000,000 to \$10,000,000 the amount of transient accommodations tax revenues allocated for certain purposes subject to the mutual agreement of the Board of Land and Natural Resources and the Board of Directors of the Hawaii Tourism Authority, in accordance with the Hawaii Tourism Authority strategic plan; and
- (2) Allocates \$5,000,000 of the \$10,000,000 to the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the Hawaii Tourism Authority, and The Nature Conservancy. Your Committee received written comments on this measure from the Department of Budget and Finance and the Tax Foundation of Hawaii.

Your Committee finds that the Legislature enacted Act 161, Session Laws of Hawaii 2013, to, among other things, provide a consistent source of funds for Hawaii to effectively market itself in a competitive tourist industry, to maintain tourist attractions, and to enhance the visitor experience. Your Committee also finds that although Act 161 set aside a portion of transient accommodations tax revenues for this purpose, it did not provide the authority to expend these funds.

Your Committee has amended this measure by:

- (1) Specifying that the transient accommodations tax revenues shall be allocated to the special land and development fund, established under section 171-19, Hawaii Revised Statutes, to ensure that the Department of Land and Natural Resources has the authority to expend these funds;
- (2) Changing the dollar amounts of the allocations from transient accommodations tax revenues to unspecified amounts;
- (3) Clarifying that the portion of the transient accommodations tax revenues to be set aside for conservation and resources enforcement shall be allocated to the conservation and resources enforcement special fund, established pursuant to section 199-1.5, Hawaii Revised Statutes;
- (4) Authorizing allocations of transient accommodations tax revenues from the special land and development fund to the:
  - (A) Beach restoration special fund, established pursuant to section 171-156, Hawaii Revised Statutes;
  - (B) State parks special fund, established pursuant to section 184-3.4, Hawaii Revised Statutes;
  - (C) Hawaii Statewide Trail and Access Program, established pursuant to section 198D-2, Hawaii Revised Statutes; and
  - (D) Conservation and resources enforcement special fund, established pursuant to section 199-1.5, Hawaii Revised Statutes;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3024, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3024, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 2692 Ways and Means on S.B. No. 2821**

The purpose and intent of this measure is to update various provisions in the Insurance Code that are recommended by the National Association of Insurance Commissioners (NAIC) to ensure the Department of Commerce and Consumer Affairs Insurance Division maintains its NAIC accreditation.

Specifically, the measure adopts revisions to the NAIC's model laws on Credit for Reinsurance Model Act, Standard Valuation Law, Standard Nonforfeiture Law for Life Insurance, and Insurance Holding Company System Regulatory Act.

Your Committee received written comments in support of this measure from the State Insurance Commissioner of the Department of Commerce and Consumer Affairs and USAA.

Your Committee finds that the revisions in this measure are part of the NAIC's Solvency Modernization Initiative, which focuses on key issues, including capital requirements, governance and risk management, group supervision, statutory accounting and financial reporting, and reinsurance. Your Committee further finds that ensuring that the Insurance Division of the Department of Commerce and Consumer Affairs retains its accreditation with the NAIC will allow it to continue to protect consumers in this State.

Your Committee has amended this measure by:

- (1) Clarifying the formatting of section 431:5-307, Hawaii Revised Statutes, the standard valuation law, regarding the variables used in determining the calendar year statutory valuation interest rates for various types of insurance;

- (2) Changing the effective dates from July 1, 2014, and January 1, 2015 to July 1, 2050, and January 1, 2051, respectively, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2821, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2821, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 2693      Judiciary and Labor on S.B. No. 2094**

The purpose and intent of this measure is to:

- (1) Redefine the offense of computer damage in the first degree as intentionally causing or attempting to cause damage to a critical infrastructure computer;
- (2) Increase the grade of the offense of computer damage in the first degree to a class A felony;
- (3) Redefine the offense of computer damage in the second degree as knowingly causing the transmission of a program, information, code, or command, and thereby knowingly causing damage; or intentionally accessing a computer, computer system, or computer network without authorization, and thereby knowingly causing damage;
- (4) Increase the grade of the offense of computer damage in the second degree to a class B felony;
- (5) Create a new offense of computer damage in the third degree as knowingly accessing a computer, computer system, or computer network without authorization and recklessly causing damage;
- (6) Establish the offense of computer damage in the third degree as a class C felony; and
- (7) Define "critical infrastructure computer".

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; Department of the Prosecuting Attorney, County of Maui; and Office of the Prosecuting Attorney, County of Kauai.

Your Committee finds that existing computer damage offenses only apply when a perpetrator uses one computer to damage another computer, such as by hacking or transmitting a computer virus. However, greater protections are needed for critical infrastructure computers, as damage to these computers jeopardize public health, safety, and security, regardless of how the damage occurs. This measure provides a deterrent against intentionally damaging critical infrastructure computers.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2094, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Slom).

**SCRep. 2694      Judiciary and Labor on S.B. No. 2097**

The purpose and intent of this measure is to amend the definition of "pen register" to include devices that record or decode impulses that identify the numbers dialed or transmitted through cell phones and other communication devices.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; and Department of the Prosecuting Attorney, County of Maui.

Your Committee finds that the current definition of "pen register", as defined in section 803-41, Hawaii Revised Statutes, was adopted in the 1980s and still refers to numbers dialed on a landline. This measure makes the definition of "pen register" technology neutral and more applicable to current forms of communication, without changing any standards or burdens of proof that law enforcement must satisfy to obtain an order to use pen registers.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2097 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Slom).

**SCRep. 2695      Judiciary and Labor on S.B. No. 2227**

The purpose and intent of this measure is to:

- (1) Increase access to provider orders for life-sustaining treatment by updating references from "physician orders for life-sustaining treatment" to "provider orders for life-sustaining treatment" throughout chapter 327K, Hawaii Revised Statutes;
- (2) Expand health care provider signatory authority to include advanced practice registered nurses; and
- (3) Correct inconsistencies over terms used to describe who may sign a provider order for life-sustaining treatment form on behalf of a patient.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Hawaii Association of Health Plans, Kokua Mau, The Queen's Health Systems, and seven individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the use of provider orders for life-sustaining treatment, commonly referred to as POLST, is a holistic method of planning for end-of-life care with a specific set of medical orders to ensure that patients' wishes are honored. Your Committee further finds that expanding signatory authority to include advanced practice registered nurses will promote efficiency, assist with a timely completion of provider orders for life-sustaining treatment for patients, and expand access to health care professionals who may sign provider orders for life-sustaining treatment, which will be highly beneficial for individuals living in rural areas and neighbor islands.

Your Committee finds that existing law allows a patient to designate or disqualify any individual to act as a surrogate to make a health-care decision for the patient under certain conditions. Your Committee notes testimony from an individual who raised concerns that health care providers are currently creating their own written declaration of surrogate forms. As a result, your Committee urges the Department of Health to create a standard written declaration of surrogate form that conforms to section 327E-5(i), Hawaii Revised Statutes, which requires a supervising health-care provider to require a surrogate to provide a written declaration under the penalty of false swearing stating facts and circumstances reasonably sufficient to establish the claimed authority. The inclusion of this language in a standard written declaration of surrogate form increases the accountability of surrogates in making life and death decisions for patients who lack decisional capacity to provide informed consent to or refuse medical treatment.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2227 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 2696 Judiciary and Labor on S.B. No. 2329**

The purpose and intent of this measure is to authorize the examiner of drivers to waive the actual demonstration of ability to operate a motor vehicle for any person who has a valid provisional license from another state and who has completed the same requirements for a provisional license in Hawaii.

Your Committee received comments on this measure from the Department of Transportation, Department of Customer Service, City and County of Honolulu, and one individual.

Your Committee finds that every state has enacted provisional driver's license laws. This measure ensures that full faith and credit be given to other states' laws that are comparable to our own laws.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2329, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 2697 Judiciary and Labor on S.B. No. 2958**

The purpose and intent of this measure is to broaden the protections afforded under the cybersquatting laws by expanding the applicability of determining bad faith under section 481B-23, Hawaii Revised Statutes, and good faith exceptions under section 481B-24, Hawaii Revised Statutes, to individuals and business entities.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that provisions under chapter 481B, part II, Hawaii Revised Statutes, relating to civil liability for bad faith registration of a domain name, determining bad faith intent, and the good faith exception apply only to living persons, rather than to the broader definition of "persons" under chapter 481B, part II, Hawaii Revised Statutes, which includes individuals and business entities. Your Committee further finds that businesses that are victims of online bad faith registration of a domain name have no recourse under this existing chapter. Therefore, this measure changes references from "living person" to "person", thereby ensuring that individuals and business entities are protected from bad faith actors.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2958, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 2698 (Majority) Judiciary and Labor on S.B. No. 2729**

The purpose and intent of this measure is to amend the mobile electronic devices law by:

- (1) Prohibiting the operation of a motor vehicle while using a mobile electronic device held in a person's hand for making or receiving a non-emergency call, texting, or receiving a text message;
- (2) Adding exemptions to the prohibition;
- (3) Amending the penalties for violations;
- (4) Deeming a violation to be a traffic infraction; and

- (5) Making the amendments effective retroactively to May 20, 2013.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Department of Transportation and Police Department of the City and County of Honolulu. Your Committee received comments on this measure from the Judiciary and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that after the passage of Act 74, Session Laws of Hawaii 2013, which enacted the mobile electronic devices law (codified as section 291C-137, Hawaii Revised Statutes), the Legislature received numerous complaints from the public about the vagueness and ambiguity of the law and the onerous burden on violators to make a court appearance. However, it was never the intent of the Legislature that violators be forced to appear in court rather than allowed to mail in the fine without a court appearance as allowed under chapter 291D, Hawaii Revised Statutes, relating to adjudication of traffic violations. Your Committee further finds that the existing law is fraught with traps for those who use mobile electronic devices in situations that are reasonably within the realm of safe driving. This measure clarifies the mobile electronic devices law.

Your Committee has amended this measure by:

- (1) Deleting from the mobile electronic devices law the exemption for drivers searching for current traffic conditions, accidents, or alternative routes;
- (2) Changing the effective date to upon approval; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2729, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2729, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (Gabbard). Excused, 2 (Solomon, Slom).

**SCRep. 2699 Judiciary and Labor on S.B. No. 3122**

The purpose and intent of this measure is to:

- (1) Authorize residential development on certain specified parcels of land owned by the Office of Hawaiian Affairs in Kakaako;
- (2) Require applicants for residential development to hold a public hearing regarding a plan or proposal for residential development in Kakaako and consider all written and oral submissions from the hearing prior to submitting the plan or proposal to the Hawaii Community Development Authority for approval;
- (3) Require the Hawaii Community Development Authority to hold a public hearing and fully consider all written and oral submissions received at the hearings held by the applicant and the Authority prior to approving any plan or proposal for residential development;
- (4) Establish a Kakaako makai association fee and Kakaako makai special account to fund various public services and projects in Kakaako; and
- (5) Exempt the Office of Hawaiian Affairs from section 206E-12, Hawaii Revised Statutes, regarding the dedication of public facilities by developers as a condition of development in Kakaako.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Pana'ewa Hawaiian Homelands Community Association, Hawaiian Affairs Caucus, Native Hawaiian Chamber of Commerce, Iron Workers Stabilization Fund, Aha Moku Advisory Committee, Pearl Harbor Hawaiian Civic Club, Ko'olaupoko Hawaiian Civic Club, Association of Hawaiian Civic Clubs, and sixteen individuals. Your Committee received testimony in opposition to this measure from the Friends of Kewalos, Kaka'ako United, Hawaii's Thousand Friends, and eighty-one individuals. Your Committee received comments on this measure from the Department of the Attorney General and one individual.

Your Committee finds that in Act 15, Session Laws of Hawaii 2012 (Act 15), conferred to the Office of Hawaiian Affairs parcels of land in Kakaako to settle certain claims against the State. According to the Office of Hawaiian Affairs, the parcels of land located in Kakaako Makai were appraised at \$200,000,000. However, existing law prohibits residential development in the Kakaako Makai area. This law was enacted by the Legislature in 2006 in response to community concerns regarding preserving open space. The Office of Hawaiian Affairs testified that it cannot achieve its goals with these current land use restrictions. As a result, this measure exempts the Office of Hawaiian Affairs from the residential development restrictions on certain parcels located in Kakaako Makai in order for the Office of Hawaiian Affairs to realize the full value of these lands.

Your Committee notes the concerns raised in written testimony submitted by the Department of the Attorney General to your Committee and when previously heard by your Committees on Hawaiian Affairs and Economic Development, Government Operations and Housing that this measure raises constitutional concerns regarding special legislation. The Department of the Attorney General recommended that to minimize a constitutional challenge, the language in this measure should specify the parcels of lands as described under Act 15 for the Office of Hawaiian Affairs to use to fulfill its responsibilities under article XII, section 6, of the Hawaii State Constitution and chapter 10, Hawaii Revised Statutes, to better the conditions of native Hawaiians. Furthermore, the Office of Hawaiian Affairs testified that as a state agency, this measure falls under the exception provided under article XI, section 5, of the Hawaii State Constitution because Act 15 transferred lands to and for the use by the Office of Hawaiian Affairs.

Your Committee has amended this measure by:

- (1) Adopting the language suggested by the Office of Hawaiian Affairs to:

- (A) Add a purpose section to clarify that the Office of Hawaiian Affairs is a state agency with constitutional and statutory mandates, refers to Act 15, and provides a history of the settlement and conveyance of lands;
  - (B) Identify certain parcels of lands in Kakaako for residential development in the same manner as these parcels are identified under Act 15; and
  - (C) Establish a building height limitation for residential development at four hundred feet on parcels identified by tax map key 2-1-15-61 and Lot 1 of File Plan 2471 filed at the Bureau of Conveyances on February 23, 2010;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
  - (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3122, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3122, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ihara, Slom). Noes, none. Excused, 1 (Solomon).

**SCRep. 2700 Judiciary and Labor on S.B. No. 2463**

The purpose and intent of this measure is to:

- (1) Provide that the requirement for persons licensed under chapter 444, Hawaii Revised Statutes, to defend a governmental body, or its officers, employees, or agency from claims arising out of the contractor's performance under the contract shall not extend beyond the expiration of the time limitation in section 657-8, Hawaii Revised Statutes; and
- (2) Clarify that no person licensed under chapter 464, Hawaii Revised Statutes, who agrees to defend a governmental body shall be required to defend a governmental body in a lawsuit filed more than ten years beyond the owner's final acceptance of the project, rather than substantial completion of the project.

Your Committee received testimony in support of this measure from the Department of the Attorney General; State Procurement Office; Hawaii Insurers Council; American Society of Civil Engineers; American Council of Engineering Companies of Hawaii; Fukunaga & Associates, Inc.; The Limtiaco Consulting Group; Bow Engineering & Development, Inc.; Shigemura, Lau, Sakanashi, Higuchi and Associates, Inc.; Gray Hong Nojima & Associates, Inc.; Coalition of Hawaii Engineering & Architectural Professionals; ParEn, Inc. dba Park Engineering; Community Planning and Engineering, Inc.; Austin, Tsutsumi & Associates, Inc.; General Contractors Association of Hawaii; Building Industry Association-Hawaii; Subcontractors Association of Hawaii; SSFM International; and one individual. Your Committee received comments on this measure from Insurance Factors and one individual.

Your Committee finds that contracts for public works often include a duty to defend clause, requiring the contractor to defend governmental entities before the contractor's negligence or fault is determined. Public works often involve large risks due to site circumstances, public environmental concerns, and high public usage. Highways and public buildings have necessarily long service lives relative to other services procured, thereby increasing the contractor risk beyond that of other government contracts.

Your Committee further finds that duty to defend clauses in public works contracts are detrimental to design professionals and construction contractors in the long-term because such clauses negatively affect competition for contracts and innovation. While some state and county agencies recognize the negative implications and have removed the duty to defend clauses from contracts for public works, inconsistencies between agencies and departments exist. Therefore, this measure standardizes different contract conditions regarding the duty to defend clause.

Your Committee notes the formation of an informal working group composed of the General Contractors Association of Hawaii, design professionals, Department of the Attorney General, and State Procurement Office to develop language. Your Committee further notes that the language developed by this working group has received support from various stakeholders.

Accordingly, your Committee has amended this measure by adopting the language suggested by the working group to:

- (1) Amend the purpose section to provide further information regarding duty to defend clauses and the consequences these type of clauses have on licensed design professionals and construction contractors;
- (2) Clarify that beginning July 1, 2014, no contract that is entered into by any governmental body with a design professional licensed under chapter 464, Hawaii Revised Statutes, shall require the contractor to defend the governmental body, or its officers, employees, or agency from claims arising out of the contractor's performance under the contract;
- (3) Specify that the requirement for contractors licensed under chapter 444, Hawaii Revised Statutes, to defend a governmental body, or its officers, employees, or agency from claims arising out of the contractor's performance under the contract shall not extend beyond the owner's final acceptance of the project and the contractor's warranty period up to a minimum of one year after final acceptance;
- (4) Require a licensed contractor's duty to defend to also apply to claims arising out of any subcontractor's performance pursuant to the contract; and
- (5) Change the effective date from July 1, 2050, to July 1, 2014.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2463, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2463, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 2701      Judiciary and Labor on S.B. No. 2264**

The purpose and intent of this measure is to enable caregivers to provide competent post-hospital care to their loved ones, at minimal cost to taxpayers, by:

- (1) Allowing a patient the opportunity, upon entry to a hospital, to designate a caregiver;
- (2) Requiring hospitals to notify and meet with the designated caregiver to discuss the patient's plan of care; and
- (3) Requiring hospitals to instruct the designated caregiver in after-care tasks upon a patient's discharge.

Your Committee received testimony in support of this measure from the International Longshore and Warehouse Union, Local 142; AARP Hawaii; Hawaii Alliance for Retired Americans; American Cancer Society Cancer Action Network; Maui County Office on Aging; and eighteen individuals. Your Committee received testimony in opposition to this measure from the Healthcare Association of Hawaii and The Queen's Health Systems. Your Committee received comments on this measure from Hawaii Pacific Health.

Your Committee finds that there are approximately 247,000 unpaid family caregivers in Hawaii that serve as the backbone and support for Hawaii's aging residents and those with physical or cognitive limitations. These caregivers provide services that are valued annually at \$2,000,000,000. In addition, unpaid caregivers help prevent unnecessary hospital readmissions by providing adequate care for their family members and loved ones. Each year, \$17,000,000,000 in Medicare funds is spent on unnecessary hospital readmissions, and Hawaii's hospitals are subject to federal financial penalties due to excessive readmissions.

Your Committee further finds that the role of unpaid caregivers is expanding to include medical and nursing tasks that historically were only provided in hospitals and nursing homes or by home care professionals. The tasks most commonly performed by caregivers are medication management, help with assistive mobility devices, preparing food for special diets, and wound care. This measure recognizes the importance of unpaid caregivers and their need for adequate training and support.

Your Committee notes several concerns that were raised in submitted written testimony regarding mandating hospitals to provide training to caregivers. The Healthcare Association of Hawaii testified that this measure is duplicative because hospitals already have discharge policies and protocols in place that ensure that patients' family members and caregivers receive critical aftercare instructions and information for patients being discharged. However, according to AARP Hawaii, many caregivers have expressed that they received little or no training to perform critical aftercare tasks, which can be a tremendous source of stress for family caregivers. Thus, your Committee believes that while it may be duplicative to mandate hospitals under statute to provide caregiver training and support, further efforts are necessary to provide sufficient caregiving training to facilitate patient recovery.

However, your Committee is concerned that placing caregiver requirements in statute, even if these requirements are permissively phrased in the statute, may impose substantial liability on hospitals under this measure because "[g]enerally, a standard of conduct may be determined by reference to a statute". *Ono v. Applegate*, 62 Haw. 131, 137 (1980). "Even where a legislative enactment contains no express provision that its violation shall result in tort liability, and no implication to that effect, the court may, and in certain types of cases customarily will, adopt the requirements of the enactment as the standard of conduct necessary to avoid liability for negligence". *Ibid.* at p. 138. Thus, while providing immunity to the hospitals and employees against any claims that may arise from this measure, as suggested by AARP Hawaii, may assist in alleviating liability concerns, your Committee believes that it is not possible to provide hospitals with a blanket immunity.

Your Committee further notes the concerns raised by the Healthcare Association of Hawaii and The Queen's Health Systems that this measure may impose significant additional costs on private and public hospitals to meet the personnel and administration costs. Specifically, the Healthcare Association of Hawaii testified that this measure may require the Legislature to make substantial appropriations to ensure that hospitals under the Hawaii Health Systems Corporation meet their obligations under this measure. As such, while your Committee supports caregivers in their efforts to provide competent post-hospital care to their loved ones, this measure merits further discussion as it moves through the legislative process to address the concerns regarding hospital liability and potential increase in personnel and administration costs.

Accordingly, your Committee has amended this measure by:

- (1) Amending the purpose section to:
  - (A) Reflect the unique positions hospitals are in to train lay caregivers and the resulting liability concerns of hospitals that such training may impose; and
  - (B) Recognize that voluntary training of lay caregivers by hospitals helps patients and lay caregivers;
- (2) Clarifying that "caregivers" are "lay caregivers" who are designated by a patient to provide after-care to the patient and may include an individual who has a significant relationship with the patient;
- (3) Permitting, rather than requiring, hospitals to allow patients the opportunity to designate a lay caregiver;
- (4) Allowing, rather than requiring, hospitals to include the designated lay caregiver in the patient's medical record, notify the lay caregiver an unspecified number of hours prior to the patient's transfer or discharge, consult with the lay caregiver about the patient's discharge plan, and instruct the designated lay caregivers in after-care; and
- (5) Adopting language suggested by AARP Hawaii to provide immunity to hospitals and their employees that allow patients the opportunity to designate a lay caregiver.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2264, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2264, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Solomon, Slom).

**SCRep. 2702      Judiciary and Labor on S.B. No. 2730**

The purpose and intent of this measure is to establish driver's licensing reciprocity privileges between Hawaii and foreign countries under certain conditions and to repeal the current statute regarding the Driver's License Reciprocity Committee.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Customer Services, City and County of Honolulu; and one individual.

Your Committee finds that as a gateway location between East and West, Hawaii is an international gathering place where people from all over the world migrate to live, work, and attend school. Hawaii residents also migrate to other countries for the same purposes. The ability to drive is critical to the quality of life in Hawaii and in many other countries. This measure facilitates the ability to drive by providing driver's licensing reciprocity with other countries under specified conditions.

Your Committee has amended this measure by:

- (1) Adopting the language suggested by the Department of Transportation to:
  - (A) Require a nonresident operator of a vehicle, in order to qualify for reciprocity privileges, to also possess a current and valid international driving permit and driver's license when operating a vehicle on public roadways and to present both to a law enforcement officer upon request; and
  - (B) Insert an effective date of January 1, 2034, to provide time for the Department of Transportation to evaluate, draft, and hold public hearings on administrative rules; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2730, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2730, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Gabbard, Solomon, Slom).

**SCRep. 2703      Public Safety, Intergovernmental and Military Affairs on S.B. No. 2747**

The purpose and intent of this measure is to require the Department of Transportation, Department of Hawaiian Home Lands, and Department of Land and Natural Resources to submit to the counties certain information on parcels located within a subdivision.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Land and Natural Resources, Department of Hawaiian Home Lands, Department of Budget and Fiscal Services of the City and County of Honolulu, and County of Maui Department of Finance.

Your Committee finds that section 264-43, Hawaii Revised Statutes, which exempts the Department of Transportation from county subdivision ordinances in acquiring, subdividing, consolidating, maintaining, and administering the state highway system, poses problems for counties. For example, section 3.48.010(F) of the Maui County Code provides, in pertinent part, "The director [of finance] shall provide for the County maps drawn to appropriate scale, showing all parcels, blocks, lots, or other divisions of land based upon ownership, and their areas or dimensions, numbered or otherwise designated in a systematic manner for convenience of identification, valuation, and assessment." The exemption makes it difficult for Maui County to maintain accurate records of subdivision parcel ownership, since the Department of Transportation is not required to furnish any information to Maui County about parcels that may have been transferred by the Department to private owners or vice versa.

The Department of Hawaiian Home Lands and the Department of Land and Natural Resources pose similar problems as the Department of Transportation to the counties in their respective land transactions in subdivisions.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2747 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 2704      Ways and Means on S.B. No. 3035**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate the bond revenues to plan and accomplish the realignment of Kamehameha Highway mauka of Laniakea Beach on the North Shore of Oahu.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the Department of Transportation, Kamehameha Schools, and ten individuals.

Your Committee finds that realigning Kamehameha Highway would divert traffic from areas on the North Shore of Oahu that are prone to erosion and heavy pedestrian traffic, thereby alleviating traffic concerns caused by those issues.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3035, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2705 Ways and Means on S.B. No. 2345**

The purpose and intent of this measure is to support and protect the State's elder population by providing funding for the Department of Commerce and Consumer Affairs' investor and related financial education programs targeted to Hawaii's kupuna.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that there is an ongoing and growing need to educate, protect, and inform Hawaii's kupuna on how to make wise choices when investing and how to detect financial fraud. Your Committee further finds that the investor education program within the Department of Commerce and Consumer Affairs' Office of the Securities Commissioner provides valuable information to Hawaii's kupuna to protect and empower them against financial fraud and scams.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2345, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2706 Ways and Means on S.B. No. 2845**

The purpose and intent of this measure is to authorize the Director of Human Services to appoint and employ certain professional staff, not subject to chapter 76, Hawaii Revised Statutes, if the Director determines that the services to be performed are unique and essential to the execution of the functions of the state medical assistance programs.

Your Committee received written comments in support of this measure from the Department of Human Services. Written comments in opposition were received from the Hawaii Government Employees Association.

Your Committee finds that certain high level managerial and professional staff positions within the state medical assistance programs require exceptional knowledge of complex federal health care regulations, detailed technical and specialized awareness and knowledge of health care trends and different health care delivery systems, the ability to negotiate and discuss program requirements with federal partners at the Centers for Medicare and Medicaid Services, and the ability to provide skilled oversight of program activities. Your Committee also finds that state civil service system requirements make it difficult to recruit qualified individuals with the knowledge and experience required by these positions. Your Committee believes that this measure will provide the Director of Human Services with the flexibility to recruit, hire, and compensate high level managerial and professional staff to manage critical functions of the state medical assistance programs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2845, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2707 Ways and Means on S.B. No. 2813**

The purpose and intent of this measure is to allow the Employees' Retirement System to retain or dispose of real estate that it acquires by foreclosure, in enforcement of security, or in satisfaction of debts in the same manner as its other investments in interest in real property.

Your Committee received written comments in support of this measure from the Employees' Retirement System.

Your Committee finds that, under current law, the Board of Trustees of the Employees' Retirement System is required to sell all real estate, other than leasehold interests, that is acquired by foreclosure, in enforcement of security, or in satisfaction of debts within five years after acquisition unless extended by the Governor. With regard to leasehold interests acquired by foreclosure, in enforcement of security, or in satisfaction of debts, the Board is required to sell those interests within one year after acquisition unless extended by the Governor. Your Committee also finds that there are no similar requirements imposed on the Employees' Retirement System's other real estate investments. Your Committee believes that this measure will enable the Board to make long-term plans for affected properties that are necessary for the prudent management of the Employees' Retirement System's real estate portfolio.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2813 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, Kouchi, Ruderman, Tokuda).

**SCRep. 2708 Ways and Means on S.B. No. 3065**

The purpose and intent of this measure is to appropriate funds to investigate the possibility of exchanging state land for certain lands owned by Dole Food Company, Inc. and to pay for the costs of executing the exchange if appropriate state land is found.

Your Committee received written comments in support of this measure from the Trust for Public Land, Hawaii Cattlemen's Council, HARC, Sugarland Growers, Inc., and five individuals. Written comments were received from the Department of Agriculture, Agribusiness Development Corporation, and one individual.

Your Committee finds that it is necessary to protect and preserve the State's agricultural land assets to ensure that future generations have access to locally produced agricultural products. Your Committee further finds that the strengthening of the State's system of preserves, sanctuaries, and refuges is critical, and additional lands suitable for agriculture and preservation should be set aside.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3065, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2709 Ways and Means on S.B. No. 2510**

The purpose and intent of this measure is to establish a four-year irrigation water conservation best management practices pilot program that requires the Department of Accounting and General Services to implement irrigation water conservation best management practices to improve the efficiency of landscape irrigation installations at state facilities through low cost, practical measures.

The measure also:

- (1) Requires the Department of Accounting and General Services to submit a report to the Legislature; and
- (2) Appropriates an unspecified sum for the implementation of the pilot program.

Your Committee received written comments in support of the measure from the Department of Land and Natural Resources, the Department of Accounting and General Services, and one individual.

Your Committee finds that the best management practices established by the Landscape Industry Council of Hawaii were developed in close consultation with landscape professionals across the State and are recognized nationally as landscape industry standards. Your Committee believes that by implementing best management practices, this measure will help reduce wasted drinking water, reduce run-off, and optimize plant health by applying the correct amount of water.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2510, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2510, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (English, Keith-Agaran, Tokuda).

**SCRep. 2710 Ways and Means on S.B. No. 2269**

The purpose and intent of this measure is to authorize the Hawaii Public Housing Authority to enter into a work study program with the Myron B. Thompson School of Social Work at the University of Hawaii at Manoa.

Your Committee received written comments in support of this measure from the Myron B. Thompson School of Social Work at the University of Hawaii at Manoa, the Community Alliance for Mental Health, and one individual.

Your Committee finds that authorizing a partnership between the Hawaii Public Housing Authority and the Myron B. Thompson School of Social Work will create important educational opportunities for public housing residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2269, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2269, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2711 Ways and Means on S.B. No. 2968**

The purpose and intent of this measure is to establish a temporary income tax credit for hotel construction and renovation.

Your Committee received written comments in support of this measure from the Hawaii Tourism Authority, Hawaii Leeward Planning Conference, and Wyndham Vacation Ownership. Written comments in opposition were received from one individual. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that tourism is Hawaii's principal industry, with visitor expenditures estimated to be over \$15,000,000,000 in 2013. Your Committee also finds that, in order to remain competitive with other global destinations, Hawaii must revitalize its aging hotel and resort infrastructure. Your Committee believes that this measure will strengthen Hawaii's economy by encouraging hotel construction and renovation.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax credit to an unspecified amount;
- (2) Requiring that, in order to qualify for the tax credit, construction or renovation costs must be certified by the Department of Business, Economic Development, and Tourism;

- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2968, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2968, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2712 Ways and Means on S.B. No. 2742**

The purpose and intent of this measure is to establish the Pacific-Asia Institute for Resilience and Sustainability as a center for studies of environmental sustainability, global leadership, and critical community continuity.

Your Committee received written comments in support of this measure from Hawaiian Telcom. The Department of the Attorney General, the State Office of Planning, and the University of Hawaii Center for Conservation Research and Training submitted written comments on the measure.

Your Committee finds that the Pacific-Asia Institute for Resilience and Sustainability will provide research and training opportunities for future leaders to address the risks to Hawaii and the Pacific-Asia region from natural and man-made hazards and to develop solutions for sustainable economic growth.

Your Committee has amended this measure by changing its effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2742, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2742, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2713 (Majority) Ways and Means on S.B. No. 2761**

The purpose and intent of this measure is to encourage public agencies to maintain and repair roads the ownership and jurisdiction of which are in dispute as between the State and a county.

Specifically, this measure:

- (1) Establishes that no action by a state or county agency to maintain or repair a road the ownership or jurisdiction of which is in dispute shall be used to establish the agency's ownership or jurisdiction over the road;
- (2) Authorizes the State to quitclaim ownership of a road to a county; and
- (3) Authorizes the counties to adopt an additional county surcharge on state tax in order to maintain and repair roads the ownership and jurisdiction of which is in dispute and to comply with the Americans with Disabilities Act of 1990, as amended.

Your Committee received written comments in support of the measure from the Department of Transportation. Written comments on the measure were received from the Department of Taxation, Department of Land and Natural Resources, and Tax Foundation of Hawaii.

Your Committee finds that the lack of proper repair and maintenance on public roads the ownership and jurisdiction of which is in dispute as between the State and a county affects the safety of persons traveling over those roads. This measure is necessary because neither the State nor the counties are willing to maintain these roads because the maintenance could be construed as an act of ownership or jurisdiction over the roads.

Your Committee has amended this measure by:

- (1) Providing that the additional county surcharge on state tax cannot become effective unless all three counties that have not adopted the original county surcharge on state tax adopt the additional surcharge and levy the surcharge from the same date;
- (2) Appropriating funds to the Department of Taxation to assist in implementing the additional county surcharge on state tax;
- (3) Moving the new provision on road maintenance from chapter 662, Hawaii Revised Statutes, to part V of chapter 27, Hawaii Revised Statutes;
- (4) Revising the language of the repeal and reenactment of the measure to be consistent with the repeal and reenactment of Act 247, Session Laws of Hawaii 2005;
- (5) Specifying the year "2050" for provisions in the measure with an unspecified year;
- (6) Changing the effective date of the measure to July 1, 2050, to facilitate further discussion; and
- (7) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2761, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2761, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 2714      Ways and Means on S.B. No. 2419**

The purpose and intent of this measure is to require the Stadium Authority to work with certain state agencies to develop a regional plan for a sports-technology district.

The measure also requires the Stadium Authority to report to the Legislature prior to the convening of the Regular Session of 2015.

Your Committee received written comments in support of this measure from The Chamber of Commerce of Hawaii. The High Technology Development Corporation submitted written comments on the measure.

Your Committee finds that other cities have used sports and technology to foster innovation and facilitate economic growth. Your Committee believes that the development of a sports-technology district will secure investments for athletic facilities, provide jobs, and develop workforce housing.

Your Committee has amended this measure by:

- (1) Clarifying that the Stadium Authority shall work with all state agencies that own property within a one-half mile radius of the proposed Aloha Stadium rail station;
- (2) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2419, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2419, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 2715      Ways and Means on S.B. No. 2421**

The purpose and intent of this measure is to reestablish interagency working groups to address issues that remain unresolved since the termination of the interagency working groups originally established under Act 51, Session Laws of Hawaii 2004.

Your Committee received written comments in support of the measure from the Department of Accounting and General Services.

Your Committee finds that Act 51, Session Laws of Hawaii 2004, created interagency working groups to develop plans for transferring certain rights, powers, functions, duties, and resources from various state departments to the Department of Education. However, the groups ceased to exist on June 30, 2007, leaving issues unresolved between the Department of Education and two other departments, the Department of Health and the Department of Accounting and General Services.

Your Committee has amended this measure by:

- (1) Changing the appropriation amounts to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to facilitate continued discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2421, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2421, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2716      Ways and Means on S.B. No. 2483**

The purpose and intent of this measure is to provide that a condominium association may assess unpaid common fees against a purchaser, in addition to a mortgagee, who purchases a delinquent unit in a judicial or nonjudicial power of sale foreclosure and to clarify terms related to condominium association fiscal matters and liens for assessments.

Written comments in opposition to the measure were received from the Department of Taxation.

Your Committee notes that the term "other purchaser" was inadvertently left out of an amendment made in 2013 to section 514B-146(g), Hawaii Revised Statutes, and should be included in the statute. Your Committee further finds that this measure clarifies that liens for real property taxes, rather than all taxes, owed by a condominium unit owner take priority over a condominium association's assessments and related lien.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2483, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2483, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2717 Ways and Means on S.B. No. 2535**

The purpose and intent of this measure is to address homelessness.

More specifically, this measure:

- (1) Appropriates funds to the Department of Health for substance abuse treatment, mental health support services, and clean and sober housing support services;
- (2) Appropriates funds to the Department of Human Services for a rental assistance program, also known as a shallow subsidy program;
- (3) Appropriates funds to the Department of Human Services to continue administering Housing First programs for chronically homeless individuals and for the Homelessness Prevention and Rapid Re-housing program;
- (4) Appropriates matching funds to the Department of Human Services for the federal Continuum of Care permanent supportive housing programs to provide rental assistance in connection with supportive services;
- (5) Appropriates funds to the Department of Human Services for innovative temporary housing solutions related to the Homeless Assistance Working Group's findings and recommendations;
- (6) Transfers the administrative responsibility over the Homeless Assistance Working Group from the Department of Human Services to the Legislature; and
- (7) Requires the Chairpersons of the Senate and House of Representatives Committees on Human Services to convene the Homeless Assistance Working Group, rather than the Director of Human Services.

Your Committee received written comments in support of this measure from Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Office for Social Ministry of the Catholic Diocese of Honolulu, Partners In Care, PHOCUSED, and three individuals. Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that homelessness continues to be one of the State's most significant and challenging social problems. According to a recent report, fourteen thousand two hundred homeless individuals were served through shelter and outreach programs in fiscal year 2011. Of these individuals, 9,781 resided in the City and County of Honolulu. Your Committee also finds that homeless service providers estimate that six thousand homeless people in the State need shelter each night. Your Committee further finds that homelessness is a complex issue that requires continuous resources and coordinated efforts at all levels. Your Committee believes that this measure provides resources to allow the State to take a multi-faceted approach to addressing homelessness.

Your Committee has amended this measure by:

- (1) Changing the dollar amounts of all appropriations to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2535, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2535, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2718 Ways and Means on S.B. No. 2589**

The purpose and intent of this measure is to transfer law enforcement functions and authority related to harbors law enforcement from the Department of Transportation to the Department of Public Safety.

Written comments in support were submitted by the Department of Transportation.

Your Committee finds that consolidating harbor law enforcement functions in the Department of Public Safety and requiring harbor police officers to meet state sheriff qualifications will benefit the State by standardizing skill requirements and increasing professionalism.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2589, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2589, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2719 Ways and Means on S.B. No. 2644**

The purpose and intent of this measure is to appropriate funds as a grant-in-aid to the Hawaii County Fire Department to add an advanced life support ambulance/paramedic unit to serve the Puna District.

Your Committee received written comments in support of this measure from the Hawaii Health Systems Corporation, the Hawaii County Fire Department, the Hawaii County Council Member representing the Fourth Council District, and one individual.

Your Committee finds that the population of Puna has steadily increased over the past decade and is expected to reach approximately seventy-five thousand residents in fifteen years. Your Committee further finds that stationing an ambulance/paramedic unit equipped with advanced life support equipment in the Puna District will benefit the State by protecting public health and safety.

Your Committee has amended this measure by:

- (1) Deleting the language referring to the appropriation as a grant-in-aid;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2644, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2644, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2720 Ways and Means on S.B. No. 2656**

The purpose and intent of this measure is to require, and appropriate funds for, the Public Utilities Commission to conduct a proceeding to address various issues associated with modernizing Hawaii's electrical grid and to report to the Legislature.

This measure also appropriates funds for the Consumer Advocate to represent the interests of all consumers in the proceeding before the Commission.

Your Committee received written comments in support of this measure from the Public Utilities Commission, Inter-Island Solar Supply, Hawaii Solar Energy Association, Renewable Energy Action Coalition of Hawaii, Sunrun, Blue Planet Foundation; RevoluSun, Hawaii PV Coalition, Hawaii Farmers Union United Kona Chapter, Hawaiian Electric Company, SolarCity, Haiku Aina Permaculture Initiative, Kalani Educational Retreat, Sierra Club of Hawaii, and forty-five individuals. Written comments in opposition were received from one individual. The Department of Business, Economic Development, and Tourism and eleven individuals submitted written comments on the measure.

Your Committee finds that requiring the Public Utilities Commission to commence a proceeding and report its findings and recommendations to the Legislature will help to establish procedures for implementation of a modern electrical grid that will enable electric utilities to maintain a stable power supply while allowing more residents to install photovoltaic solar systems.

Your Committee has amended this measure by:

- (1) Deleting the requirement for the Public Utilities Commission to ensure access and rates under this measure through applicable rules, orders, and tariffs;
- (2) Changing the appropriations:
  - (A) From general funds to Public Utility Commission special fund moneys; and
  - (B) To unspecified amounts to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2656, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2656, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2721 (Majority) Ways and Means on S.B. No. 2731**

The purpose and intent of this measure is to establish a car-sharing vehicle surcharge tax.

Your Committee received written comments in support of this measure from the Department of Transportation, Blue Planet Foundation, Car2go, Sierra Club of Hawaii, and Ulupono Initiative. Written comments in opposition were received from EAN Holdings, LLC. The Department of Taxation, Department of Health, Office of Planning, and Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that car-sharing provides an alternative to vehicle ownership and has the potential to significantly reduce traffic congestion, greenhouse gas emissions, and transportation costs for households and businesses. Your Committee also finds that car-sharing organizations are currently subject to the rental motor vehicle surcharge tax under section 251-2, Hawaii Revised Statutes, which is imposed at a flat daily rate. Your Committee believes this is excessive, given that, unlike traditional car rentals, car-sharing usually involves renting a vehicle by the hour, rather than by the day. This measure is intended to establish a more equitable surcharge tax for car-sharing organizations.

Your Committee has amended this measure by:

- (1) Specifying that the rate of the surcharge tax shall be 50 cents per hour per rental, up to a maximum of \$3 per day;

- (2) Clarifying that a car-sharing organization is a rental motor lessor;
- (3) Deleting the requirements that:
  - (A) The average paid use period for all vehicles provided by a car-sharing organization during any calendar year is four hours or less; and
  - (B) At least sixty per cent of all vehicle rentals made by a car-sharing organization during the prior calendar year be made to residents of Hawaii;
- (4) Changing the registration fee required under section 251-3, Hawaii Revised Statutes, to an unspecified amount;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2731, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2731, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 2722 Ways and Means on S.B. No. 2399**

The purpose and intent of this measure is to establish a geriatric research and technology park to be administered by the Board of Directors of the High Technology Development Corporation.

Your Committee received written comments in support of the measure from one individual. The High Technology Development Corporation submitted written comments.

Your Committee finds that establishing an economic hub for the geriatric industry in central Oahu may attract new businesses and technologies into the area, providing jobs for central Oahu communities. Furthermore, the High Technology Development Corporation is the ideal public agency to develop a geriatric research and technology park, because it has a core competency in technology and manufacturing and has the authority to develop technology parks.

Your Committee has amended this measure by:

- (1) Adding an appropriation of an unspecified amount for the High Technology Development Corporation to develop the geriatric research and technology park;
- (2) Clarifying the name of the adult day care center referenced in the bill as "Aged to Perfection";
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2399, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2399, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Keith-Agaran, Kouchi).

**SCRep. 2723 Ways and Means on S.B. No. 2277**

The purpose and intent of this measure is to enhance government accountability with regard to the timeliness of report submissions to the Legislature.

Specifically, the measure:

- (1) Requires state agencies to provide prior written notice to the Legislature if an agency is unable to meet the deadline for submitting a report to the Legislature pursuant to law or concurrent resolution;
- (2) Authorizes the Legislature to reduce a state agency's budget if an appropriation was made to assist the agency with a report to the Legislature and the agency fails to submit the report by the deadline or fails to provide notice that the agency cannot meet the deadline; and
- (3) Requires state agencies to provide the Legislature with a detailed list of all reports due to the Legislature one week prior to the due date of the reports.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that state agencies are either required or requested to submit reports to the Legislature pursuant to statutes, budget bill provisions, concurrent resolutions, and other legislation. This measure will help ensure that the Legislature will receive timely notice of forthcoming reports and when a report deadline cannot be met.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2277, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2277, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Keith-Agaran).

**SCRep. 2724 Ways and Means on S.B. No. 2267**

The purpose and intent of this measure is to appropriate moneys for the construction of micro apartment housing units.

The Hawaii Housing Finance and Development Corporation, County of Hawaii Office of Housing and Community Development, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Partners in Care, PHOCUSED, Community Alliance for Mental Health, Living Life Source Foundation, Mental Health America of Hawaii, and one individual submitted written comments in support of this measure.

Your Committee finds that the need to expand the inventory of affordable housing is a serious issue facing the State, and that appropriating moneys for the construction of micro apartment housing units will help meet the demand for additional affordable housing options.

Your Committee has amended this measure by:

- (1) Adding a definition of “micro apartment housing unit”;
- (2) Changing the amount of the appropriation to an unspecified sum;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2267, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2267, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 2725 Ways and Means on S.B. No. 2228**

The purpose and intent of this measure is to establish and enhance existing services for the elderly.

Specifically, this measure:

- (1) Establishes and provides funding for a fall prevention and early detection coordinator;
- (2) Exempts the Alzheimer’s disease and related dementia services coordinator from certain hiring requirements;
- (3) Appropriates funds for the Alzheimer’s disease and related dementia services coordinator;
- (4) Appropriates funds for various senior care programs;
- (5) Provides funds for a long-term care education and awareness campaign;
- (6) Establishes and funds an elder justice coordinator position; and
- (7) Establishes and funds a long-term care supports and services system and resource development coordinator position.

Your Committee received written comments in support of this measure from the Policy Advisory Board for Elderly Affairs, Zonta Club of Hilo, AARP, Hawaii Alliance for Retired Americans, Catholic Charities of Hawaii, Aloha United Way, and sixty-two individuals.

Your Committee finds that the elderly in Hawaii are among the State’s most cherished resources and deserve enhanced protections and care. Your Committee further finds that this measure will help to coordinate and increase the efficiency of existing services for the elderly. Your Committee also believes that this measure will raise awareness among the general population of the need to plan for future long-term needs by purchasing long-term care plans and other services.

Your Committee has amended this measure by:

- (1) Changing all appropriations to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of style, clarity, and consistency

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2228, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2228, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (English, Keith-Agaran).

**SCRep. 2726 Ways and Means on S.B. No. 2211**

The purpose and intent of this measure is to provide opportunities for youth to access safe places, services, and guidance.

Specifically, this measure:

- (1) Requires the Office of Youth Services of the Department of Human Services to coordinate a five-year Safe Places for Youth pilot program, to coordinate a network of places where youth can be safe and obtain advice, guidance, and access to beneficial programs and services;
- (2) Establishes a Safe Places for Youth Program coordinator position and appropriates moneys for the coordinator position; and
- (3) Establishes rules for allowing minors to consent to enter the program.

Your Committee received written comments in support of the measure from the Office of Youth Services of the Department of Human Services, Partners in Care, PHOCUSED, Blueprint for Change, Hale Opio Kauai Inc., Planned Parenthood of Hawaii, and one individual. Written comments in opposition were submitted by the Hawaii Association for Justice. Written comments were submitted by the Hawaii Youth Services Network.

Your Committee finds that youth in Hawaii are vulnerable to abuse, neglect, domestic violence, bullying, substance abuse, and other threats when they do not have access to safe places and responsible mentors who can provide advice, guidance, and access to beneficial services. Youth need access to safe places where they will not fear being judged, detained, or criminalized as runaways. This measure will create a pilot program to provide the safe places, guidance, and services that many youth in Hawaii need.

Your Committee has amended this measure by:

- (1) Deleting a provision that would immunize service providers from civil and criminal liability;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2211, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2211, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 2727 Ways and Means on S.B. No. 2057**

The purpose and intent of this measure is to extend the operation of the nursing facility sustainability program for an additional year.

This measure also exempts the nursing facility sustainability program special fund from departmental administrative expenses and central services expenses assessments.

Your Committee received written comments in support of this measure from the Department of Human Services and Hawaii Primary Care Association.

Your Committee finds that the nursing facility sustainability program has successfully leveraged fees to increase reimbursements to nursing facilities. Your Committee notes that in fiscal year 2012-2013, nursing facilities were assessed \$11,535,405 in sustainability fees and received \$21,086,740 in additional reimbursement. Your Committee finds that continuing the nursing facility sustainability program for an additional year will help to continue increased federal reimbursements to nursing facilities.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2057, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2057, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2728 Ways and Means on S.B. No. 2134**

The purpose and intent of this measure is to bring Hawaii's law into compliance with the requirements of the federal Individuals with Disabilities Education Act by allowing exceptional children under the age of twenty-two years to attend public school.

Your Committee received written comments in support of this measure from the Hawaii State Teachers Association and one individual. Your Committee received written comments on this measure from one individual.

Your Committee finds that Hawaii's current law regarding the maximum age of eligibility to attend a public school in Hawaii does not comply with the federal Individuals with Disabilities Education Act. Increasing the maximum age from twenty to twenty-two years will bring Hawaii's law into compliance with the federal Individuals with Disabilities Education Act.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2134, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2134, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2729 Ways and Means on S.B. No. 2110**

The purpose and intent of this measure is to appropriate moneys to the Department of Agriculture for administrative costs related to the regulation of restricted use pesticides and for the hiring of three pesticide inspector positions, including fringe benefits.

Your Committee received written comments in support of this measure from the Kauai County Council Chair, three Kauai County Council members, PAN North America, the Pacific Alliance to Stop Slavery, and nine individuals. Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that there is increasing concern regarding the use of restricted use pesticides by major seed companies. Your Committee further finds that for the Department of Agriculture to properly address concerns regarding the use of restricted use pesticides, additional pesticide inspector positions and funding are needed.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified sum;
- (2) Adding language to clarify that the appropriation is for three full-time equivalent pesticide inspector positions;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (4) Making technical nonsubstantive amendments for the purposes of style and clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2110, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2110, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2730 Ways and Means on S.B. No. 3092**

The purpose and intent of this measure is to appropriate moneys to the University of Hawaii at Hilo to facilitate ongoing efforts to establish an international flight training center and associated aeronautical training programs.

Specifically, the measure appropriates funds for a program coordinator and technical support staff member to complete the necessary planning required for an international flight training center and for associated aeronautical training programs at the University of Hawaii at Hilo and Hawaii Community College, including any necessary planning, designing, and minor repairs to existing facilities at the Hilo International Airport's old cargo terminal for startup and classroom facilities.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, the Department of Defense, the Mayor of the County of Hawaii, a Councilmember of the County of Hawaii, the Department of Research and Development of the County of Hawaii, and four individuals.

Your Committee finds that an international flight training center and associated aeronautical training programs will meet the rising demands of the aviation industry, as well as provide more opportunities for aviation careers in Hawaii. Your Committee further finds that to effectively establish the proposed international flight training center and aeronautical training programs at the University of Hawaii at Hilo and Hawaii Community College, moneys are needed for a program coordinator and technical support staff member to conduct the necessary planning and studies.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3092, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3092, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 2731 Ways and Means on S.B. No. 3093**

The purpose and intent of this measure is to appropriate funds to the University of Hawaii at Hilo to establish staff positions within the 'Imiloa Astronomy Center and to support its memorandum of understanding with the Revealing Individual Strengths for Excellence (RISE) 21st Century After School Program.

Your Committee received written comments in support of this measure from a member of the Hawaii County Council.

Your Committee finds that RISE is a program that helps underprivileged children of Hawaiian ancestry in developing life skills, achieving academic success, and setting career goals. This measure will provide funding and positions at the 'Imiloa Astronomy Center of the University of Hawaii at Hilo to support the University of Hawaii at Hilo's memorandum of understanding with the RISE 21st Century After School Program.

Your Committee has amended this measure by:

- (1) Changing the appropriation for the University of Hawaii at Hilo from \$315,000 to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3093, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3093, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 2732 Ways and Means on S.B. No. 3095**

The purpose and intent of this measure is to ensure the safety and well-being of workers and patients at the Hawaii State Hospital.

Specifically, this measure requires the designation of a portion of the Hawaii State Hospital as a forensic facility and appropriates moneys to the Department of Health for any necessary expenses resulting from the designation.

Your Committee received written comments in support of this measure from the Department of Public Safety, the Hawaii Government Employees Association, and one individual. The Department of Health and the Hawaii Disability Rights Center submitted written comments on the measure.

Your Committee finds that there are legitimate concerns about the safety of workers and patients at the Hawaii State Hospital, due in large part to a change in patient demographics resulting from court-ordered forensic admissions. Your Committee further finds that designating a portion of the Hawaii State Hospital as a forensic facility would allow the hospital to provide forensic patients with mental health treatment services in an appropriate environment that includes higher security features.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3095, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3095, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Dela Cruz, Kahele, Kouchi).

**SCRep. 2733 Ways and Means on S.B. No. 3125**

The purpose and intent of this measure is to require the State Auditor to conduct a financial and management audit of the State Foundation on Culture and the Arts.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services.

Your Committee finds that a financial and management audit of the State Foundation on Culture and the Arts is necessary to ensure transparency and accountability. The State Foundation on Culture and the Arts is responsible for the preservation and furtherance of many of Hawaii's historical and cultural arts. Your Committee believes that the findings and recommendations of a financial and management audit will help the State Foundation on Culture and the Arts pinpoint weaknesses and areas in need of improvement so that it may fulfill its purpose and mission of promoting, perpetuating, preserving, and encouraging culture and the arts, history, and the humanities as central to the quality of life of the people of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3125, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3125, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 2734 Ways and Means on S.B. No. 2579**

The purpose and intent of this measure is to study the needs of psychiatric facility patients and develop a suitable facility.

Specifically, the measure:

- (1) Establishes a task force to study the needs of populations to be served by a new inpatient psychiatric facility and develop a coordinated interagency action plan to implement the needed services; and
- (2) Appropriates funds to address identified gaps in facilities and services by developing a suitable inpatient psychiatric facility in which services can be provided for the mentally ill who need stricter security and for inmates and detainees who need a higher level of mental health care.

Written comments in support were submitted by the Department of Health and the Community Alliance for Mental Health.

Your Committee finds that the State is facing a severe shortage of resources to effectively address the needs of individuals committed to state custody who require strict security and intensive inpatient mental health treatment. Forming a task force to study the needs of patients to be served by a new inpatient psychiatric facility, and appropriating funds to develop a suitable facility, will ensure that patients receive appropriate care and treatment in an environment that ensures the safety of patients and staff.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation shall be for the planning, design, and construction of the facility;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2579, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2579, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2735 Ways and Means on S.B. No. 2583**

The purpose and intent of this measure is to appropriate funds for an engineering assessment of a proposal to establish a laser optical communications ground station in Hawaii.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, National Aeronautics and Space Administration, Pacific International Space Center for Exploration Systems, International Ventures Associates, Shackleton Energy Company, Near Earth LLC, JAMSS America Incorporated, Ferraro Choi and Associates Ltd., and four individuals.

Your Committee finds that this measure will enhance the State's role in the field of laser communications technology, as it could be the home to the first operational laser communications station and would provide high technology job opportunities for both the public and private sectors.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified sum; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2583, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2583, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 2736 Ways and Means on S.B. No. 2585**

The purpose and intent of this measure is to encourage economic growth for the State and further develop the State's emerging aerospace sector.

Specifically, this measure:

- (1) Appropriates funds to the Pacific International Space Center for Exploration Systems to support its administrative and general tasks and strategic program initiatives; and
- (2) Authorizes the issuance of general obligation bonds to support the preliminary development of the Pacific International Space Center for Exploration Systems' research and development park.

Your Committee received written comments in support of this measure from a Hawaii County Council Member; the Pacific International Space Center for Exploration Systems; National Aeronautics and Space Administration; Ferraro Choi and Associates, Ltd.; Shackleton Energy Company, Inc.; JAMSS America, Inc.; Swamp Works at the NASA Kennedy Space Center; International

Ventures Associates; Near Earth, LLC; and five individuals. Written comments on this measure were received from the Department of Business, Economic Development, and Tourism and the University of Hawaii System.

Your Committee finds that the Pacific International Space Center for Exploration Systems has generated considerable interest in applied research and development for planetary surface systems technologies, with participation from the public and private sectors and international organizations. The Pacific International Space Center for Exploration Systems continues to explore and pursue research and development programs for planetary surface system technologies in several strategic areas, stimulate economic growth, and promote the establishment and growth of new sustainable and green industries. Your Committee believes that this measure will advance the State's leadership in the aerospace sector and promote the development of technologies that will expand and diversify economic and workforce opportunities throughout the State.

Your Committee has amended this measure by:

- (1) Changing the appropriation from general revenues to an unspecified amount;
- (2) Changing the amount of general obligation bonds to be issued and proceeds to be appropriated to unspecified amounts;
- (3) Changing the effective date from July 1, 2014, to July 1 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2585, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2585, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2737 Ways and Means on S.B. No. 2799**

The purpose and intent of this measure is to authorize the Board of Directors of the Hawaii Housing Finance and Development Corporation to set the salary of the Executive Director of the Hawaii Housing Finance and Development Corporation, not to exceed an unspecified amount.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the salary of the Executive Director of the Hawaii Housing Finance and Development Corporation should be commensurate with the salaries of other executive directors of housing finance agencies nationwide. Your Committee further finds that allowing the Board of Directors of the Hawaii Housing Finance and Development Corporation to set the salary of the Executive Director will enable it to recruit and retain a qualified Executive Director.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2799, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2799, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahale, Kouchi).

**SCRep. 2738 Ways and Means on S.B. No. 2800**

The purpose and intent of this measure is to increase the revenue bond authorization of the Hula Mae multifamily bond program to ensure the development and preservation of affordable rental housing.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; the Hawaii Housing Finance and Development Corporation; the Building Industry Association of Hawaii; and the Hawaii Association of Realtors.

Your Committee finds that the housing and loan mortgage program, familiarly known as the Hula Mae multifamily revenue bond program, has been an effective and widely used financing tool in the development and preservation of affordable rental housing. Since its inception, \$418,244,699 in bonds have been issued to assist in financing over three thousand units in the State. In 2013, there were requests for an additional \$236,284,974 in Hula Mae multifamily bonds authorizations.

Your Committee has amended this measure by:

- (1) Changing the Hula Mae multifamily revenue bond authorization from \$750,000,000 to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2800, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2800, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2739 (Majority) Ways and Means on S.B. No. 2876**

The purpose and intent of this measure is to propose an amendment to the state constitution to authorize the State to issue special purpose revenue bonds and so that the bond proceeds may be used to assist owners of dams and reservoirs in maintaining these properties.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Farm Bureau Federation, Alexander and Baldwin, and the Chamber of Commerce of Hawaii.

Your Committee finds that dams and reservoirs provide many public benefits as a potential source of irrigation for agriculture, water supply, flood control, hydropower, and other beneficial uses. Dams and reservoirs are a critical part of the State's infrastructure that must be maintained to serve and protect the public.

Your Committee has amended this measure by changing the effective date to July 1, 2050, and making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2876, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2876, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2740 Ways and Means on S.B. No. 2905**

The purpose and intent of this measure is to appropriate funds to the Office of Student Equity, Excellence, and Diversity at the University of Hawaii at Manoa to:

- (1) Fund five part-time graduate assistant and student employee (2.5 FTE) positions to conduct and disseminate research relating to Asian American and Pacific Islander students in higher education; and
- (2) Provide direct services to undergraduate and graduate students interested in diversity careers in student affairs and higher education.

Your Committee received written comments in support of this measure from the University of Hawaii System Vice President for Student Affairs, Office of Student Equity, Excellence, and Diversity at the University of Hawaii at Manoa, Filipinos for Affirmative Action, Nursing Advocates and Mentors, Inc., Filipino Coalition for Solidarity, National Federation of Filipino American Associations Region 12, and nine individuals.

Your Committee finds that research is necessary to address the underrepresentation of Asian Americans and Pacific Islanders in many higher education institutions. Your Committee further finds that providing resources to the Office of Student Equity, Excellence, and Diversity at the University of Hawaii will expand its capacity to address critical issues in higher education and support undergraduate and graduate students interested in diversity careers in student affairs and higher education.

Your Committee has amended this measure by:

- (1) Changing the effective date of this measure to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2905, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2905, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2741 Ways and Means on S.B. No. 2587**

The purpose and intent of this measure is to provide individuals with access to an alcohol- and drug-free, home-like living environment.

The measure facilitates access to residences that are in compliance with federal, state, and county requirements and minimum standards by:

- (1) Establishing a registry for clean and sober homes within the Department of Health;
- (2) Appropriating funds to establish the registry;
- (3) Amending the statute on county zoning to better align the functions of state and county jurisdictions to comply with federal law; and
- (4) Excluding clean and sober homes from the Residential Landlord-Tenant Code.

Your Committee received written comments in support of the measure from the Hawaii Substance Abuse Coalition. The Behavioral Health Administration of the Department of Health and the Office of Consumer Protection of the Department of Commerce and Consumer Affairs submitted written comments on the measure.

Your Committee finds that this measure supports the State's continued efforts to provide a stable living environment for individuals struggling with substance abuse.

Your Committee has amended this measure by:

- (1) Deleting the provisions excluding clean and sober homes from the Residential Landlord-Tenant Code;
- (2) Changing the effective dates to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2587, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2587, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2742      Ways and Means on S.B. No. 2544**

The purpose and intent of this measure is to prevent abuse of the Housing Choice Voucher program by prohibiting household members who possess vouchers from adding new members to circumvent the voucher waitlist process.

Your Committee received written comments in support of the measure from the Hawaii Public Housing Authority and Community Alliance for Mental Health.

Your Committee finds that a Housing Choice Voucher does not expire if the recipient remains eligible to receive it. Under existing law, the program also does not prohibit a Housing Choice Voucher recipient from adding new members to their household, thus allowing those new members to continue receiving benefits when the original member passes away or is no longer eligible. Your Committee further finds that this circumvents the waitlist process and results in many families having to wait longer for a voucher than necessary.

Your Committee has amended this measure by:

- (1) Providing that the voucher automatically terminates upon the death or removal from assistance of the last original family member who received the voucher;
- (2) Specifying that for households to retain a voucher in connection with the addition of a minor to the household, the addition must be by birth, adoption, or court order properly reported to the Hawaii Public Housing Authority;
- (3) Providing that the voucher remains valid until the youngest minor reaches the age of twenty-three if the youngest minor is a full-time student; and
- (4) Making technical nonsubstantive amendments for purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2544, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2544, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 2743      Ways and Means on S.B. No. 2975**

The purpose and intent of this measure is to appropriate funds for the Executive Office on Early Learning to enter into contracts with third party providers for family-child interaction learning programs.

Your Committee received written comments in support of this measure from the Department of Human Services, Executive Office on Early Learning, Hawaii Association of Independent Schools, Good Beginnings Alliance, Institute for Native Pacific Education and Culture, Hawai'i Association for the Education of Young Children, the Early Learning Advisory Board, PHOCUSED, The Chamber of Commerce of Hawaii, and eighty-nine individuals.

Your Committee finds that an equitable early childhood education is critical to the success of our children and the economic future of our State. Family-child interaction learning programs play a critical role in our State by providing a culturally-relevant educational environment for children ranging from birth through preschool. Family-child interaction learning programs not only help to provide Hawaii's keiki with the social and emotional development needed to enter kindergarten, but these programs also emphasize the critical importance of family in the early learning process.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to facilitate further discussion on this measure; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2975, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2975, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 2744 Ways and Means on S.B. No. 2885**

The purpose and intent of this measure is to authorize the Director of Public Safety to appoint, without regard to chapter 76, Hawaii Revised Statutes (civil service), the mental health branch administrator and the mental health section administrators of the Correctional Health Care Program.

Written comments in opposition were received from the Hawaii Government Employees Association.

Your Committee finds that due to the unique nature of the correctional system and the sensitive nature of mental health services, the Director of Public Safety, as the overall administrator of the Correctional Health Care Program, is in the best position to appoint a qualified mental health branch administrator and mental health section administrators.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2885, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2885, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2745 Ways and Means on S.B. No. 2441**

The purpose and intent of this measure is to establish the Resources for Enrichment, Athletics, Culture, and Health (REACH) program and provide funds for its staffing and operation.

Specifically, the measure:

- (1) Statutorily establishes within the Office of Youth Services the REACH program to provide a framework and funding for after-school programs in public middle and intermediate schools;
- (2) Establishes a revolving fund to receive fees and other moneys to be used for administering and operating the program; and
- (3) Appropriates funds for the operation of the REACH program including the hiring of one full-time equivalent (1.0 FTE) position to support the program.

Written comments in support were submitted by the Office of the Lieutenant Governor, the Office of Hawaiian Affairs, the University of Hawaii at Hilo, the Office of Youth Services of the Department of Human Services, the Hawaii Youth Services Network, Reach Out Hawaii, and Oceanic Time Warner Cable. Written comments on the measure were received from the Department of the Attorney General.

Your Committee finds that there is a clear need to provide more opportunities for youth to engage in high-quality after-school programs and activities that keep them focused on learning, counteract negative peer pressures, and make them more likely to graduate and enjoy healthy and productive futures. Establishing the Resources for Enrichment, Athletics, Culture, and Health program, and providing funds for its staffing and operation, will substantially contribute to Hawaii youth reaching these goals.

Your Committee has amended this measure by:

- (1) Specifying how the moneys in the REACH program revolving fund may be used;
- (2) Changing the amounts of the appropriations to unspecified sums;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2441, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2441, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Sлом). Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 2746 Ways and Means on S.B. No. 2436**

The purpose and intent of this measure is to establish a transit-oriented development advisory committee to advise and assist the Legislature and state agencies in:

- (1) Creating vibrant communities through public and private partnerships, and investments and incentives for key development projects near transit; and
- (2) Providing support for alternative forms of transportation, such as walking and biking.

The measure also requires the advisory committee to submit an annual report on its activities to state and county entities.

Your Committee received written comments in support of the measure from the Office of Hawaiian Affairs. The Department of Business, Economic Development, and Tourism; and the Department of Planning and Permitting of the City and County of Honolulu submitted written comments.

Your Committee finds that the careful coordination of transit and development is critical in allowing each to optimally enhance the other. Your Committee further finds that transit-oriented development presents the opportunity for the creation of transit-centered communities. Your Committee believes that the transit-oriented development advisory committee established by this measure will assist the State in creating thriving, sustainable communities close to transit.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2436, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2436, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Keith-Agaran, Kouchi).

**SCRep. 2747 Ways and Means on S.B. No. 2425**

The purpose and intent of this measure is to rename and restructure the uses and financing of the Hawaii 3R's school repair and maintenance fund.

More specifically, the measure:

- (1) Renames the Hawaii 3R's school repair and maintenance fund as the Hawaii 3R's school improvement fund;
- (2) Authorizes use of moneys in the fund for school-level improvements; and
- (3) Requires the transfer of certain moneys to the fund.

Your Committee received written comments in support of this measure from the Hawaiian Electric Company.

Your Committee finds that expanding the authorized use of the fund to include school-level improvements, and requiring the transfer of certain moneys to the fund, will clarify and expand the purpose of the fund and facilitate greater improvements to public schools.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2425, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2425, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2748 Ways and Means on S.B. No. 2533**

The purpose and intent of this measure is to appropriate moneys and issue general obligation bonds to improve the quality of existing public and affordable housing stock and increase the supply of affordable and public housing units in the State.

More specifically, the measure:

- (1) Appropriates moneys to the Hawaii Public Housing Authority to improve the existing public housing stock and increase the supply of public housing units in the State;
- (2) Authorizes the issuance of general obligation bonds for deposit into the rental housing trust fund and the dwelling unit revolving fund and appropriates moneys out of those funds for purposes of those funds;
- (3) Appropriates moneys to the Hawaii Housing Finance and Development Corporation for the construction of micro apartment housing units;
- (4) Appropriates moneys to the Department of Hawaiian Home Lands for the construction of housing for beneficiaries on Hawaiian home lands; and
- (5) Appropriates moneys to the Hawaii Housing Finance and Development Corporation to build affordable housing projects for veterans.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands, Hawaii Public Housing Authority, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, PHOCUSED, and one individual. Written comments on this measure were submitted by the Department of Budget and Finance and the Hawaii Association of REALTORS.

Your Committee finds that there is a shortage of affordable housing within the State. The increasing number of low- and moderate-income households are struggling to find affordable housing. According to the 2011 Hawaii Housing Planning Study, fifty thousand units will need to be built to meet the new demands generated by changing demographics and economic conditions. Your Committee further finds that to meet these demands, an appropriation of moneys to various housing agencies is needed.

Your Committee has amended this measure by:

- (1) Changing the appropriation amounts to unspecified sums;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2533, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2533, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Keith-Agaran).

**SCRep. 2749 Ways and Means on S.B. No. 2526**

The purpose and intent of this measure is to require the Governor, in consultation with the Department of Public Safety, to identify a proposed location for permanent headquarters for the Department of Public Safety Sheriff Division.

Your Committee received no written comments on this measure.

Your Committee finds that this measure takes a necessary step towards constructing a permanent Sheriff Division headquarters that will enable the Sheriff Division to better carry out its duties to protect the health, safety, and welfare of the people in the State.

Your Committee has amended this measure by:

- (1) Deleting the requirement that the proposed headquarters for the Sheriff Division be in a central location; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2526, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2526, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2750 Ways and Means on S.B. No. 2525**

The purpose and intent of this measure is to establish a Medicaid buy-in program, no later than July 1, 2017, to support the employment of individuals with disabilities while allowing them to retain their Medicaid benefits.

In addition, the measure appropriates \$165,000 for fiscal year 2014-2015 to the University of Hawaii Center on Disability Studies to prepare and conduct outreach and training relating to the Medicaid buy-in program.

Your Committee received written comments in support of this measure from the Hawaii State Rehabilitative Council; Hawaii Disability Rights Center; Community Alliance for Mental Health; Arc of Kona; and two individuals. Written comments were submitted by the Department of Human Services.

Your Committee finds that Hawaii is one of only five states that has not established a Medicaid buy-in program for persons with disabilities. Your Committee further finds that many Medicaid recipients find it difficult to increase their income without disqualifying themselves from Medicaid. Establishing a Medicaid buy-in program will remove disincentives for Medicaid recipients to increase their income while allowing them to pay taxes, draw less benefits overall, and provide a cost savings to the State.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2525, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2525, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 2751 Ways and Means on S.B. No. 2422**

The purpose and intent of this measure is to allow Department of Education employees to volunteer to administer auto-injectable epinephrine to students in anaphylactic shock; provided that the student's parent or guardian has provided written authorization and certain conditions are met.

The measure also appropriates funds to the Department of Education for instruction, training, and related expenses.

Your Committee received written comments in support of this measure from Walgreens. Written comments on this measure were submitted by Mylan Inc.

The measure requires that prior to any emergency administration of epinephrine via an auto-injectable vaccine can occur at a Department of Education school, the student's parent or guardian must provide the department with written certification from the student's physician or physician assistant, stating that the student has medical orders that epinephrine may be administered by a volunteer. Furthermore, any employee or agent who volunteers to administer epinephrine is required to have received instruction in the proper administration of the drug.

Your Committee finds that a high number of children suffer from some type of allergy. Some allergic reactions, such as anaphylaxis, can be life-threatening and can occur at any time. The administration of an epinephrine injection to treat life-threatening allergic reactions has become an accepted medical practice for children who suffer from major allergic reactions. Your Committee believes that allowing Department of Education employees and their agents to volunteer to administer epinephrine to students in anaphylactic shock is critical to the health and well-being of children while they are attending school.

Your Committee has amended this measure by changing the appropriation amount to an unspecified sum.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2422, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2422, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2752 Ways and Means on S.B. No. 2434**

The purpose and intent of this measure is to enhance services for the prevention and treatment of Alzheimer's disease and related dementia.

Specifically, the measure:

- (1) Specifies the duties and goals of the Alzheimer's disease and related dementia services coordinator; and
- (2) Appropriates funds for a full-time position to assist the Alzheimer's disease and related dementia services coordinator.

Your Committee received written comments in support of the measure from one individual.

Your Committee finds that approximately half of all individuals over the age of eighty-five today experience some form of memory loss. By the year 2025, it is expected that there will be 34,000 people in Hawaii, over the age of sixty-five, who are diagnosed with dementia. Your Committee finds that expanding the role of the Alzheimer's disease and related dementia services coordinator to include responsibilities for coordinating and supporting Alzheimer's disease related efforts, and providing that person with an assistant, will help to address and support individuals who suffer from memory loss diseases.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2434, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2434, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 2753 (Majority) Ways and Means on S.B. No. 3103**

The purpose and intent of this measure is to establish an E911 surcharge of 66 cents on each retail transaction of a prepaid wireless telecommunication service similar to the enhanced 911 surcharge imposed on postpaid wireless communication services.

Your Committee received written comments in support of this measure from the Department of the Attorney General, Department of Accounting and General Services, State of Hawaii Enhanced 911 Board Legislative Committee, City and County of Honolulu Police Department, the County of Maui Police Department, The Wireless Association, Verizon, and AT&T. Written comments in opposition were received from the Hawaii Food Industry Association. The Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee notes that approximately twenty per cent of all wireless consumers use a prepaid wireless service. Yet, despite the prepaid wireless service plans having access to 911 services, the enhanced 911 surcharge is not imposed on these plans. Your Committee finds that this measure will allow Hawaii to join the other thirty-six states that have adopted legislation establishing fair and equitable charges for funding the 911 emergency system.

Your Committee has amended this measure by:

- (1) Changing the prepaid wireless E911 surcharge to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3103, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3103, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 2754 Ways and Means on S.B. No. 1038**

The purpose and intent of this measure is to authorize a court to order forfeiture of all or a portion of a public employee's retirement benefits if the public employee is convicted of a felony that is related to the public employee's employment.

This measure also requires the Employees' Retirement System to comply with the court order.

Your Committee received written comments in support of this measure from the Employees' Retirement System.

Your Committee finds that state constitutional protections accorded to accrued benefits from the Employees' Retirement System are the result of a contractual relationship between the public employee and the public employer. Your Committee further finds that this contract is violated by an employment-related felony conviction, and as a result, any constitutional protections for those accrued benefits are lost.

Your Committee has amended this measure by:

- (1) Clarifying, through the placement of the new language in subpart C of part II of chapter 88, Hawaii Revised Statutes, that the forfeiture provisions apply to all three classes of membership in the Employees' Retirement System;
- (2) Clarifying that a forfeiture of retirement benefits is a civil penalty;
- (3) Removing unnecessary language relating to garnishment actions;
- (4) Conforming the scope of the Employees' Retirement System's compliance with the scope of the court's forfeiture order;
- (5) Specifying the circumstances under which a felony is "related to the employment" of a public employee;
- (6) Clarifying that this measure shall not impair or diminish benefits accrued prior to the effective date of this measure;
- (7) Exempting non-forfeitable accrued retirement benefits from this measure; and
- (8) Changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1038, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1038, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Kouchi, Ruderman).

**SCRep. 2755 Ways and Means on S.B. No. 2322**

The purpose and intent of this measure is to support maritime dependent operators who are being displaced by the Kapalama container terminal project.

More specifically, this measure:

- (1) Establishes a capital infrastructure tax credit for tenants displaced by the Kapalama container terminal project;
- (2) Allows allocations of the capital infrastructure tax credit to a partner under a partnership agreement even if the allocation does not have substantial economic effect;
- (3) Recaptures a portion of the capital infrastructure tax credit if certain conditions are not met at the close of any taxable year; and
- (4) Temporarily reestablishes the technology infrastructure renovation tax credit.

Your Committee received written comments in support of this measure from The Chamber of Commerce of Hawaii, Navatek Ltd., Pacific Marine, Pacific Shipyards International, and sixty-seven individuals. The Department of Commerce and Consumer Affairs, Department of Transportation, Tax Foundation of Hawaii, and one individual submitted written comments on the measure.

Your Committee recognizes that the Kapalama container terminal project is critical to modernizing commercial harbors and that completion of the project will ensure that harbor infrastructure will support sustained economic growth. Your Committee notes that no funds have been set aside to assist displaced maritime and waterfront dependent tenants of the Kapalama site. Your Committee finds that the displaced tenants will be relocated to various piers that have limited infrastructure, facilities, and utilities and that will require significant capital improvement to state-owned land. In light of state support provided for University of Hawaii-related tenants that have been displaced by the Kapalama container terminal project, your Committee believes that it is appropriate to also support the maritime dependent operators in Kapalama who are being displaced by the project.

Your Committee has amended this measure by:

- (1) Deleting language related to reestablishing the technology infrastructure renovation tax credit; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2322, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2322, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 2756 Ways and Means on S.B. No. 2009**

The purpose and intent of this measure is to appropriate funds to provide quality, cost-effective health care for the uninsured, newly uninsured, potential medicaid enrollees, or medicaid enrollees in the State.

Specifically, the measure appropriates funds:

- (1) To the Department of Health to provide direct health care services for the uninsured and underinsured;
- (2) To the Department of Human Services to restore basic adult dental benefits to Medicaid enrollees and to provide outreach and eligibility services for individuals and families at federally qualified health centers;
- (3) To the Department of Health and the Department of Human Services to establish health care homes; and
- (4) To the Department of Health to provide behavioral health services at federally qualified community health centers.

Your Committee received written comments in support of this measure from the Office of the Governor, State of Hawaii State Council on Developmental Disabilities, Hawaii Substance Abuse Coalition, Hana Health, Kokua Kalihi Valley Comprehensive Family Services, Lanai Community Health Center, Ho'ola Lahui Hawaii, Waimanalo Health Center, Koolauloa Health Center, Community Alliance for Mental Health, Waianae Coast Comprehensive Health Center, and one individual. The Department of Human Services, the Department of the Attorney General, the Hawaii Primary Care Association, and the Bay Clinic submitted written comments on the measure.

Your Committee finds that Community Health Centers serve uninsured, underinsured, and low-income patient populations with demographic complexities and co-morbidities. Your Committee further finds that with the implementation of the Patient Protection and Affordable Care Act, it is imperative that Community Health Centers are sufficiently funded and operational to continue providing valuable health care services to those in need.

Your Committee has amended this measure by:

- (1) Changing the references from "health care homes" to "health homes";
- (2) Clarifying that the moneys appropriated from the community health centers special fund to the Department of Health shall be transferred to the Department of Human Services to establish health homes;
- (3) Changing all of the appropriations to an unspecified amount;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2009, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2009, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2757 Ways and Means on S.B. No. 2020**

The purpose and intent of this measure is to establish an agricultural foreign-trade zone, including its boundaries, jurisdiction, and benefits.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation, Sugarland Growers, and one individual. Written comments on this measure were submitted by the Department of Business, Economic Development, and Tourism.

Your Committee finds that foreign trade zones are secure areas under the supervision of the United States Customs and Border Protection and are located in or near ports of entry. Foreign trade zones provide the benefit of allowing goods to be placed in the foreign trade zone and thus not be subject to United States duty or excise tax. Furthermore, Customs and Border Protection provides added security for the transfer of goods or merchandise in and out of the foreign trade zones. Your Committee further finds that a foreign trade zone will allow Hawaii's farmers and ranchers to fairly compete with overseas producers.

Your Committee has amended this measure by:

- (1) Recasting the language that explicitly establishes the agricultural foreign-trade zone by authorizing the Governor to do all things necessary to seek federal approval of the agricultural foreign-trade zone, to more accurately reflect the existing foreign-trade zone establishment process;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2020, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2020, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (English, Keith-Agaran).

**SCRep. 2758      Ways and Means on S.B. No. 2368**

The purpose and intent of this measure is to grant the Attorney General oversight over charitable assets, regardless of the form in which they are held.

Your Committee received written comments in support of this measure from the Department of the Attorney General and the Commission to Promote Uniform Legislation.

Your Committee finds that this measure codifies section 3 of the Model Protection of Charitable Assets Act (Act), which was adopted by the National Conference of Commissioners on Uniform State Laws. Section 3 of the Act makes clear that the Attorney General represents the public interest in the protection of charitable assets, regardless of the form in which the charitable assets are held. Section 3 also authorizes the Attorney General to enforce the proper application and use of charitable assets and to prevent the waste, diversion, or misuse of charitable assets through legal process, such as investigative subpoenas and civil actions to enjoin or to redress the misuse or misapplication of charitable assets. Your Committee also finds that most of the Act is already codified in chapters 28 and 467B, Hawaii Revised Statutes, and other sections of the Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2368, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2368, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Kouchi, Ruderman).

**SCRep. 2759      Ways and Means on S.B. No. 3034**

The purpose and intent of this measure is to appropriate \$353,176 for the restoration of the Hawaii Child Welfare Education Collaboration between the Child Welfare Services Branch of the Department of Human Services and the University of Hawaii Myron B. Thompson School of Social Work.

The University of Hawaii System, the National Association of Social Workers, and three individuals submitted written comments in support of the measure. The Department of Human Services submitted written comments.

Your Committee finds that, in the coming years, the Department of Human Services will face a critical shortage of experienced child welfare services workers and leaders. Your Committee also finds that the Hawaii Child Welfare Education Collaboration, which existed between 1998 and 2008, was a successful workforce recruitment and training program that provided a continuous stream of qualified social workers to fill vacant child welfare services positions. Your Committee believes that by restoring the Hawaii Child Welfare Education Collaboration, this measure will help build a workforce of highly qualified social workers who will increase the level of child welfare services in Hawaii and improve outcomes for Hawaii's most vulnerable children.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3034, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3034, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Keith-Agaran).

**SCRep. 2760      Ways and Means on S.B. No. 3039**

The purpose and intent of this measure is to appropriate funds to the Department of Labor and Industrial Relations for two additional labor law enforcement specialist IV positions to assist in the enforcement of Hawaii's wage and hour law on public construction projects.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, The Pacific Resource Partnership, General Contractors Association of Hawaii, Building Industry Association, and Hawaii Laborers-Employers Cooperation and Education Trust. The Department of Labor and Industrial Relations and the Department of Transportation submitted written comments on the measure.

Your Committee finds that the Department of Labor and Industrial Relations Wage Standards Division is severely understaffed, making it difficult for the Department to keep pace with the increasing demands of enforcing the wage and hour law. The addition of these staff positions will give the Department the proper resources to complete investigations and enforce prevailing wage and hour laws on public construction projects.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Changing its effective date to July 1, 2050, to facilitate further discussion on the measure

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3039, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3039, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Kidani). Noes, none. Excused, 3 (Dela Cruz, Kouchi, Ruderman).

**SCRep. 2761 Ways and Means on S.B. No. 3049**

The purpose and intent of this measure is to appropriate funds for the Department of Health to implement a radiation monitoring pilot project.

Your Committee received written comments on this measure from one individual.

Your Committee finds that there is a lingering concern about increased radiation levels reaching Hawaii due to the Fukushima nuclear disaster in 2011. The pilot project will involve monitoring radiation levels in a variety of items and posting periodic reports on the Department of Health's website from July 1, 2014 to June 30, 2019.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3049, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2762 Ways and Means on S.B. No. 3066**

The purpose and intent of this measure is to establish the Public-Private Finance Initiative as a public body corporate within the Department of Business, Economic Development and Tourism, for administrative purposes.

More specifically, this measure establishes the initiative to enter into public-private partnership agreements to develop plans and implement projects on behalf of public agencies.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services; Department of Business, Economic Development, and Tourism; Wahiawa Community Business Association; and one individual. Written comments in opposition to this measure were received from two individuals. Written comments on this measure were received from the Department of Budget and Finance.

Your Committee finds that public-private partnership agreements will enable the government to deliver infrastructure to the public and maintain it more efficiently than more traditional modes of delivery.

Your Committee has amended this measure by:

- (1) Designating the Department of Business, Economic Development, and Tourism as the successor agency for the initiative upon the initiative's termination or dissolution;
- (2) Identifying the initiative as the public agency that is responsible for the lease payments under the public-private partnership agreements;
- (3) Clarifying that the initiative shall conduct suitability tests before issuing requests for proposals;
- (4) Exempting the initiative from chapter 103D, Hawaii Revised Statutes, relating to the public procurement code, and the lease provisions in chapter 171, Hawaii Revised Statutes;
- (5) Requiring the pilot project on state lands in Wahiawa, City and County of Honolulu, to terminate not later than October 1, 2017;
- (6) Standardizing the language in provisions relating to bidders and their proposals;
- (7) Transferring placement of the provision that authorizes the retention of an independent consultant or the creation of a staff position from the new Hawaii Revised Statutes section on projects and plans (§ -5) to the new Hawaii Revised Statutes section on the establishment of the Public-Private Finance Initiative (§ -3);
- (8) Changing the appropriation from \$500,000 to an unspecified amount;
- (9) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (10) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3066, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3066, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Thielen). Noes, none. Excused, none.

**SCRep. 2763 Ways and Means on S.B. No. 3081**

The purpose and intent of this measure is to promote economic development by facilitating the interaction of local businesses with out-of-state businesses and investors.

Specifically, the measure:

- (1) Establishes an innovative business interaction program under the Hawaii Tourism Authority to increase the opportunity for interaction between innovative business investors and innovative business talent from out-of-state and in-state; and
- (2) Increases the transient accommodations tax revenues deposited into the tourism special fund to provide funds for the program.

Your Committee received written comments in support from the Hawaii Tourism Authority, Hawaii Strategic Development Corporation, and Creative Lab. Written comments in opposition were submitted by one individual. Written comments were submitted by the Department of Business, Economic Development, and Tourism, and the Tax Foundation of Hawaii.

Your Committee finds that Hawaii should emphasize and support the growth of innovative businesses and build relationships between investors and innovative talent. This measure pursues those goals by enabling the State to contract with the organizer of an annual event in Hawaii to include an element that encourages interaction between innovative business talent and potential investors.

Your Committee has amended this measure by:

- (1) Clarifying that the successor to an event organizer who assumes control of a qualifying event shall qualify for the contract;
- (2) Changing the amounts of the appropriations to unspecified sums;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3081, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3081, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 2764 (Majority) Ways and Means on S.B. No. 2836**

The purpose and intent of this measure is to make permanent the temporary provisions that require counties to issue affordable housing credits for Department of Hawaiian Home Lands housing projects.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands. Written comments in opposition to this measure were submitted by the Kauai County Housing Agency.

Your Committee finds that making the provisions for the affordable housing credits permanent will allow the Department of Hawaiian Home Lands to continue to provide incentives for private developers to construct affordable homes on Hawaiian Home Lands.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2836, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2836, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Kouchi). Excused, none.

**SCRep. 2765 Ways and Means on S.B. No. 2581**

The purpose and intent of this measure is to modify the membership and duties of the State Building Code Council, amend the State Building Code, and appropriate funds for the State Building Code Council.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Health; City and County of Honolulu Department of Planning and Permitting; Kauai Fire Department; County of Maui Department of Fire and Public Safety; Hawaii State Fire Council; General Contractors Association of Hawaii; Building Industry Association Hawaii; International Code Council; and one individual. Your Committee received written comments on this measure from the Department of Accounting and General Services and the Department of Labor and Industrial Relations.

Your Committee finds that the State Building Code Council plays an essential role in the public health and safety of Hawaii's residents, provides a forum to review and discuss national codes, and approves provisions of those codes that are appropriate for Hawaii. The State Building Code Council will benefit by including as members people from the construction industry who can offer their guidance and perspective on the building codes, as well as input on code changes that can have an impact on the cost of construction.

Since its creation in 2007, the State Building Code Council has operated without funding. Your Committee further finds that appropriate funding is critical for the Council to continue its mission.

Your Committee has amended this measure by:

- (1) Changing the appropriation to the Department of Accounting and General Services for the State Building Code Council from \$250,000 to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2581, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2581, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kahele). Noes, none. Excused, 1 (English).

**SCRep. 2766 Ways and Means on S.B. No. 2696**

The purpose and intent of this measure is to establish development restrictions for the Kakaako Community Development District in regards to proximity between buildings, height, and building orientation.

The measure also:

- (1) Requires a project eligibility review of infrastructure facilities within the District; and
- (2) Prohibits the Hawaii Community Development Authority from granting any variance, exemption, or modification to any provision of any rule or development plan relating to maximum floor area ratio within the District.

Your Committee received written comments in support of this measure from Kakaako United, Hawaii's Thousand Friends, and fourteen individuals. Your Committee received written comments in opposition to this measure from The Howard Hughes Corporation and Alexander & Baldwin, Inc. The Hawaii Community Development Authority, Kamehameha Schools, and The Chamber of Commerce of Hawaii submitted written comments.

Your Committee finds that the original vision of the Kakaako Community Development District was to establish a mixed-use district whereby commercial, residential, and public uses would coexist compatibly within the same area. Your Committee believes that the development standards established by this measure will help ensure adequate infrastructure facilities and preserve scenic views within the Kakaako Community Development District. Your Committee notes that this measure is not intended to apply to vested rights, entitlements, or plans that have already been approved.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2696, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2696, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 2767 Ways and Means on S.B. No. 3077**

The purpose and intent of this measure is to appropriate funds for a capital improvement project at Maalaea Small Boat Harbor to demolish existing wooden finger piers and steel piles along the south mole at the harbor and replace them with new aluminum framed piers and new composite plastic fingering.

Your Committee received written comments in support of this measure from the Mayor of Maui County and two Maui County Council Members. Written comments were received from the Department of Land and Natural Resources.

Your Committee finds that because Maui County is a three-island county, small boat harbors on Maui, such as the Maalaea Small Boat Harbor, serve as critical connections between the islands of Lanai, Maui, and Molokai. Your Committee further finds, therefore, that proper maintenance of the heavily-used Maalaea Small Boat Harbor is vital to ensure continued access to the harbor for residents, visitors, and commercial operators.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date from July 1, 2014 to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3077, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3077, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Thielen).

**SCRep. 2768 Ways and Means on S.B. No. 3062**

The purpose and intent of this measure is to require the Department of Transportation and the University of Hawaii to complete negotiations and execute an agreement to relocate the University of Hawaii Marine Center.

The measure also:

- (1) Provides that if an agreement is not executed by July 1, 2015, the existing lease shall be deemed terminated as a matter of law on that date; and
- (2) Requires the Department of Transportation to report to the Legislature on the progress of the negotiations and execution of an agreement.

Your Committee received written comments in support of this measure from the Department of Transportation. Written comments in opposition were received from the University of Hawaii School of Ocean and Earth Science and Technology.

Your Committee finds that the Department of Transportation has leased long term to the University of Hawaii the land on which the University of Hawaii Marine Center is located. Your Committee also finds that this land is essential to the development of the Kapalama containment terminal project and that the University and the Department have been involved in ongoing negotiations for the relocation of the Marine Center. Your Committee believes that this measure will help to expedite an amicable agreement to relocate the Marine Center and enable the Department to move forward with the development of the Kapalama containment terminal project.

Your Committee has amended this measure by:

- (1) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3062, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3062, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kidani). Noes, none. Excused, 1 (Thielen).

**SCRep. 2769 Ways and Means on S.B. No. 2677**

The purpose and intent of this measure is to make an appropriation for a grant-in-aid to Hawaii county to jointly fund improvements to the Waimea District/Regional Park.

Your Committee received written comments in support of this measure from the Office of the Mayor, County of Hawaii, the Hawaii Leeward Planning Conference, and a number of individuals.

Your Committee finds that Waimea District/Regional Park needs repairs and upgrades to its facilities. Currently, the park is not equipped to meet the high demand from persons seeking to use the facilities. Your Committee finds that joint funding from the State will assist the County of Hawaii's efforts to improve and upgrade the Waimea District/Regional Park.

Your Committee has amended this measure by:

- (1) Changing the means of financing for the construction and improvements to Waimea District/Regional Park from general revenues to general obligation bonds, and making the amount an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2677, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2677, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2770 Ways and Means on S.B. No. 3036**

The purpose and intent of this measure is to appropriate funds for the University of Hawaii Sea Grant College Program to create a North Shore Beach Management Plan covering Oahu beaches from Sunset Beach to Waimea Bay.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Department of Transportation, University of Hawaii Sea Grant Program, Surfriider Oahu Chapter, and seven individuals.

Your Committee finds that North Shore beaches from Sunset Beach to Waimea Bay are vulnerable to erosion and the effects of climate change and sea level rise. Your Committee believes that creating a beach management plan for the North Shore that engages the community to evaluate these concerns and consider innovative ways to address them will benefit the State.

Your Committee has amended this measure by:

- (1) Clarifying the components of the beach management plan;
- (2) Deleting the requirement that the plan include disaster recovery plans;
- (3) Changing the amount of the appropriation to an unspecified sum;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3036, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3036, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2771 Ways and Means on S.B. No. 2598**

The purpose and intent of this measure is to establish a Commission on African American History and Culture to recognize the significant contributions of African Americans in Hawaii and educate Hawaii's residents and visitors about the positive influence that African Americans have had on this State.

Your Committee received no written comments on this measure.

Your Committee finds that it is important that the State recognize and preserve the commendable historical and cultural contributions made by African Americans in Hawaii.

Your Committee has amended this measure by:

- (1) Adding a section appropriating an unspecified amount to be expended by the Office of the Governor for the purposes of this measure;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2598, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2598, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2772 Ways and Means on S.B. No. 2597**

The purpose and intent of this measure is to appropriate funds for the planning, design, and construction of a memorial honoring the veterans of various wars and armed conflicts.

In addition, the measure provides for replicas of the memorial on each neighbor island.

Your Committee received no written comments on this measure.

Your Committee finds that military veterans have made tremendous sacrifices for the State and country. To recognize those sacrifices, the Gulf War Memorial Task Force, pursuant to Act 139, Session Laws of Hawaii 2013, recommended a memorial be raised to veterans who served in the Persian Gulf War, Operation Desert Storm, Operation Iraqi Freedom, Operation Enduring Freedom, Operation New Dawn, Global War on Terrorism, Homeland Defense, and Operation Noble Eagle, and those who have protected our borders by land, sea, and air. Your Committee further finds that Hawaii's unique place in history and as a hub of the Pacific provides an appropriate setting for residents and visitors to express their thoughts, appreciation, and sentiments for the many veterans that have served and protected our country.

Your Committee has amended this measure by:

- (1) Changing the appropriation from general funds to general obligation bond proceeds appropriated for the same purpose;
- (2) Changing the amount of the appropriation to an unspecified sum;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2597, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2597, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2773 Ways and Means on S.B. No. 2758**

The purpose and intent of this measure is to require that interest and other earnings on the principal of the hurricane reserve trust fund be deposited into the trust fund, instead of the general fund.

The measure also provides that the diversion of funds from the general fund will sunset on June 30, 2019.

The Department of Budget and Finance, the Department of Defense, and the Department of Defense, Civil Defense Division, submitted written comments in support of this measure.

Your Committee finds that allowing earned interest and other moneys to be retained in the hurricane reserve trust fund is a proactive strategy that will help to build and maintain a substantial level of state reserves in the trust fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2758, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2774 (Majority) Ways and Means on S.B. No. 2255**

The purpose and intent of this measure is to establish the Hawaii Justice League, under the University of Hawaii, William S. Richardson School of Law, to provide law school student loan repayment for lawyers who agree to pursue public interest work in Hawaii.

Your Committee received written comments in support of this measure from the Hawaii Appleseed Center for Law and Economic Justice, the Hawaii Access to Justice Commission, the Community Alliance on Prisons, and seven individuals. The Department of Budget and Finance and the University of Hawaii, William S. Richardson School of Law submitted written comments on the measure.

Your Committee recognizes that there is a shortage of public interest lawyers in the State. Your Committee finds that the establishment of a program to provide law school student loan repayment for lawyers who agree to practice public interest work in Hawaii will attract more public interest lawyers, as well as increase the amount of pro bono services offered by lawyers. Your Committee further finds that this measure will increase access to justice and assist the Hawaii Access to Justice Commission in delivering legal services to low-income residents.

Your Committee has amended this measure by:

- (1) Changing the name of “Hawaii Justice League” to “Hawaii Justice League Program”, and clarifying references to the “Hawaii justice league loan repayment assistance program”;
- (2) Changing to an unspecified amount the percentage of a program participant’s legal training costs that are eligible for repayment each year;
- (3) Changing the appropriation from \$10,000,000 to an unspecified amount to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2255, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2255, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 2775 Ways and Means on S.B. No. 2832**

The purpose and intent of this measure is to facilitate high technology small business growth in the State.

Specifically, the measure authorizes the High Technology Development Corporation to:

- (1) Provide grants to a business in Hawaii of up to fifty per cent of a small business innovation research Phase II or III award or contract; and
- (2) Increase the maximum amount of a single transfer of funds allowed from the Hawaii capital loan revolving fund to \$500,000.

Your Committee received written comments in support of this measure from the High Technology Development Corporation, Oceanit, and The Chamber of Commerce of Hawaii.

Your Committee finds that a diversified economy is important to Hawaii’s economic long-term viability. The growth of the technology industry in Hawaii over the past ten years has contributed to diversification. Your Committee also finds that companies that develop “cutting edge” technologies rely on federal support, such as a small business innovation research program award or contract. However, technological development requires a long time frame, and as a result, more capital investment.

Your Committee has amended this measure by:

- (1) Changing the cap on any single transfer of funds from the Hawaii capital loan revolving fund from \$500,000 to an unspecified amount; and
- (2) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2832, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2832, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 2776 Ways and Means on S.B. No. 2288**

The purpose and intent of this measure is to amend or repeal various sections of chapter 302A, Hawaii Revised Statutes, that:

- (1) Have been accomplished;
- (2) Impede the Department of Education in meeting its core mission;

- (3) Fall under the authority of the Board of Education;
- (4) Are mandated by federal law; or
- (5) Are covered by another section of the Hawaii Revised Statutes, administrative rules, or Board of Education policy.

No written comments were received on this measure by your Committee.

Your Committee finds that Act 133, Session Laws of Hawaii 2012, sought to clarify or resolve conflicting or inconsistent language in different sections of the Hawaii Revised Statutes, and amended or repealed various sections of chapter 302A, Hawaii Revised Statutes. Your Committee further finds that this measure continues this effort to clarify the provisions of chapter 302A, Hawaii Revised Statutes.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2288, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2288, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2777 Ways and Means on S.B. No. 2424**

The purpose and intent of this measure is to require the Department of Education and the Department of Accounting and General Services, together with various state entities, to develop a master strategy to cool all public school facilities and conduct a comprehensive study that addresses factors such as the electrical standards needed and costs associated with furnishing and maintaining air conditioning units in all school buildings.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, Department of Accounting and General Services, Hawaii State Teachers Association, the Hui for Excellence in Education Coalition, and nineteen individuals. Written comments were submitted by two individuals.

Your Committee finds that classroom environments influence students' academic achievement. The correlation between poor scholastic performance at school and a lack of air conditioning in school buildings has been documented extensively in articles.

Your Committee further finds that many of Hawaii's school buildings were not built to accommodate machines that require substantial electrical needs. A master strategy jointly developed by different state departments and the University of Hawaii would provide the Legislature with better insight regarding the long-term costs for installing and maintaining air conditioning units in all public schools.

Your Committee has amended this measure by adding a general obligation bond authorization and appropriation section to fund efficient air conditioned classroom demonstration projects.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2424, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2424, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2778 (Majority) Ways and Means on S.B. No. 2704**

The purpose and intent of this measure is to provide that the overtime compensation for a laborer or mechanic on a public works project shall be not less than one and one-half times the laborer's or mechanic's basic hourly pay, plus the cost of fringe benefits.

The measure also requires that the overtime compensation for a laborer or mechanic on a public works project be the rate specified in a collective bargaining agreement when the basic hourly rate is based upon a collective bargaining agreement rate.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations and the Hawaii Operating Engineers Industry Stabilization Fund.

Your Committee finds that, under current law, the overtime compensation for a laborer or mechanic on a public works project is one and one-half times the laborer's or mechanic's basic hourly rate of pay, plus the cost of fringe benefits. Your Committee believes that authorizing overtime compensation to exceed one and one-half times the basic hourly rate will provide the Department of Labor and Industrial Relations more flexibility in establishing overtime compensation schedules with which public works contractors must comply. Your Committee also believes that this measure will level the playing field by requiring non-unionized contractors to provide the same overtime compensation as unionized contractors when the basic hourly rate is based upon a collective bargaining agreement.

Your Committee has amended this measure by:

- (1) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2704, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2704, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Slom). Excused, 4 (Dela Cruz, Kouchi, Ruderman, Tokuda).

**SCRep. 2779 (Majority) Ways and Means on S.B. No. 2139**

The purpose and intent of this measure is to provide the Board of Education with flexibility to determine appropriate instructional time for public school students.

Specifically, the measure:

- (1) Requires all public secondary schools to implement a school year that includes nine hundred ninety student instructional hours beginning with the 2014-2015 school year;
- (2) Repeals the requirement that all public schools implement a school year of one hundred eighty days, including one thousand eighty student instructional hours, beginning with the 2016-2018 school year; and
- (3) Amends the definition of "student instructional hours" to authorize the Board of Education, in consultation with representatives of the appropriate bargaining units, to determine how the term is to be appropriately defined.

Your Committee received written comments in support of this measure from the Hawaii Educational Policy Center. The Hui for Excellence in Education Coalition submitted written comments in opposition to this measure.

Your Committee recognizes that schools are having a difficult time meeting the current requirement of nine hundred ninety hours of student instructional time. Your Committee finds that increasing the instructional time to one thousand eighty hours would only exacerbate the problem of educators having insufficient time to plan and collaborate.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2139, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2139, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Espero, Keith-Agaran). Noes, 2 (Thielen, Slom). Excused, 1 (Dela Cruz).

**SCRep. 2780 (Majority) Ways and Means on S.B. No. 2495**

The purpose and intent of this measure is to regulate the sale, marketing, and use of electronic smoking devices.

More specifically, this measure:

- (1) Includes electronic smoking devices within the definition of "tobacco products" under chapter 245, Hawaii Revised Statutes;
- (2) Increases the license fee for persons engaged as a wholesaler or dealer of cigarettes or tobacco products, including electronic smoking devices;
- (3) Increases the retail tobacco permit fee for retailers engaged in the retail sale of cigarettes or tobacco products, including electronic smoking devices;
- (4) Establishes an excise tax on electronic smoking devices of an unspecified per cent of the wholesale price of each electronic smoking device kit, electronic smoking device nicotine cartridge, or electronic smoking device nicotine refill sold, used, or possessed by a wholesaler or dealer on or after October 1, 2014;
- (5) Amends Hawaii's anti-smoking statute to prohibit the use of electronic smoking devices in places open to the public and places of employment; and
- (6) Clarifies that the sale, distribution, or display of electronic smoking devices is restricted in the same manner as cigarettes and other tobacco products.

Your Committee received written comments in support of this measure from the Department of Human Resources Development, American Cancer Society Cancer Action Network, Coalition for a Tobacco-Free Hawaii, University of Hawaii Student Health Advisory Council, and twenty-three individuals. Written comments in opposition were received from Black Lava Vape, PC Gamerz, and twenty-one individuals. The Department of Taxation, Hawaii Food Industry Association, Tax Foundation of Hawaii, and three individuals submitted written comments on the measure.

Your Committee finds that the federal Food and Drug Administration has not yet exercised its regulatory authority over electronic smoking devices. As a result, electronic smoking devices are manufactured without regulatory oversight or quality control. Your Committee also finds that including electronic smoking devices under the existing definition of "tobacco products" in section 245-1, Hawaii Revised Statutes, makes the licensing and permitting requirements for tobacco products under chapter 245, Hawaii Revised Statutes, applicable to electronic smoking devices. Your Committee further finds that when compared to other states, Hawaii's tobacco licensing fees are among the lowest in the country.

Your Committee notes that this measure is a work in progress and further discussion is required. Your Committee also notes that, according to the state Attorney General, the subject matter of this measure would be better suited to a vehicle with a different title, such as "Relating to Tobacco."

Your Committee has amended this measure by:

- (1) Changing to an unspecified amount the license fee for persons engaged as a wholesaler or dealer of cigarettes or tobacco products, retail tobacco permit fee for retailers engaged in the retail sale of cigarettes or tobacco products, and the fee for a duplicate retail tobacco permit; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2495, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2495, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (English, Espero, Keith-Agaran). Noes, 4 (Chun Oakland, Kahele, Kidani, Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2781 Ways and Means on S.B. No. 2953**

The purpose and intent of this measure is, for geothermal resources located on land under the jurisdiction of the Department of Hawaiian Home Lands, to require twenty per cent of the royalties received by the State to be paid to the Department of Hawaiian Home Lands and twenty per cent to be paid to the county in which the geothermal resources are located.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources. Written comments in opposition were received from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that current law requires thirty per cent of all royalties received by the State from geothermal resources to be paid to the county in which the mining operations are situated. Your Committee believes that providing the Department of Hawaiian Home Lands with a percentage of the royalties from geothermal resources on land under the Department's jurisdiction will support the Department's programs, including homestead lot development, loan programs, and rehabilitation programs, as well as the administration expenses related to these programs.

Your Committee has amended this measure by:

- (1) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2953, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2953, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2782 Ways and Means on S.B. No. 2938**

The purpose and intent of this measure is to require and appropriate funds for the Department of the Attorney General to establish and operate, in collaboration with the county police departments, a statewide online firearms registration process that requires not more than two visits to the respective county police station per registration.

Your Committee received written comments in support of this measure from the Hawaii Rifle Association, the National Rifle Association, the Hawaii Hunting Association, and eighteen individuals. Written comments in opposition to the measure were received from the City and County of Honolulu Police Department, the County of Hawaii Police Department, the Chief of Police for Maui County, the Injury Prevention Advisory Committee, and one individual.

Your Committee finds that this measure will streamline the firearms registration process by reducing the number of required visits to the police station per registration.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2938, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2938, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2783 Ways and Means on S.B. No. 2916**

The purpose and intent of this measure is to ensure that the Employees' Retirement System (ERS) has timely access to employee-beneficiary information provided by a public employer.

Specifically, the measure strengthens the authority of the Employees' Retirement System to obtain needed information from the State and counties by:

- (1) Requiring, rather than authorizing, the ERS to obtain the information;
- (2) Requiring, rather than authorizing, the ERS to specify the format in which the information is to be furnished;

- (3) Requiring the departments and agencies of the State and the counties to furnish that information in the required format;
- (4) Adding, as a category of information with respect to payroll and personnel transactions that the ERS is required to obtain, changes or errors in payments that require correcting or updating;
- (5) Requiring the State or a county to pay on the first day of the fiscal year following the fiscal year in which a department or agency of the State or the county, as applicable, failed to furnish any required information, an amount equal to the employer contributions payable by the State or county during the fiscal year in which the department or agency failed to furnish the required information; and
- (6) Requiring the State or county to pay interest on the unpaid amounts if full payment is not made on the first day of the fiscal year.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Employees' Retirement System. Written comments in opposition to this measure were received from the Department of Human Resources Development and the Department of Education.

Your Committee finds that the ERS's personnel and payroll file formats are currently configured to accept corrections, adjustments, and updated information, although most public employers do not take advantage of this capability, resulting in delays in the processing of retirement benefits. This measure provides a means of addressing government agencies that are tardy in providing historical payroll-related information to the ERS.

Your Committee has amended this measure by:

- (1) Specifying that if a department or agency is noncompliant, the amount to be paid by the State or county will be relative to that department or agency;
- (2) Requiring the Department of Budget and Finance to submit an annual report to the Legislature on noncompliant departments, amounts payable for failing to furnish required information, and affected budget programs; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2916, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2916, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Kouchi, Ruderman).

**SCRep. 2784 (Majority) Ways and Means on S.B. No. 2550**

The purpose and intent of this measure is to establish a five-year pilot project of financial and managerial autonomy at the Daniel K. Inouye College of Pharmacy at the University of Hawaii at Hilo.

This measure also establishes a special fund to financially support the college.

Your Committee received written comments in support of this measure from a Hawaii County Council Member, the Japanese Chamber of Commerce and Industry, the Hawaii Health Systems Corporation, the Hawaii Island Economic Development Board, the Hawaii Island Chamber of Commerce, the College of Pharmacy Executive Committee, Kaiser Permanente, Hawaii Construction Alliance, and six individuals. Your Committee received written comments on this measure from the Department of the Attorney General, the University of Hawaii at Hilo, Friends of the Daniel K. Inouye College of Pharmacy, and one individual.

Your Committee finds that this measure proposes an innovative approach to fund the construction, maintenance, and operation of the Daniel K. Inouye College of Pharmacy that may result in cost savings to the State and establish a more efficient means of delivering public sector construction projects.

Your Committee has amended this measure by:

- (1) Adding a declaration that, pursuant to Article X, section 6, of the Hawaii State Constitution, the Legislature identifies this measure as a law of statewide concern;
- (2) Clarifying that the annual financial and management reports to the Legislature shall commence with the Regular Session of 2015 and end with the Regular Session of 2019; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2550, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2550, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2785 Ways and Means on S.B. No. 2197**

The purpose and intent of this measure is to promote greater energy security for Hawaii.

More specifically, this measure:

- (1) Establishes a renewable fuels production tax credit; and

- (2) Repeals the ethanol facility tax credit.

Your Committee received written comments in support of this measure from the Hawaii Leeward Planning Conference, Hawaii Renewable Energy Alliance, Pacific Biodiesel Technologies, and two individuals. The Department of the Attorney General, Department of Business, Economic Development, and Tourism, and Department of Taxation submitted written comments on the measure.

Your Committee finds that Hawaii is one of the most isolated land masses on Earth and imports nearly ninety per cent of its energy needs. As a result, Hawaii is extremely vulnerable to soaring prices or disruptions of its energy imports, which can hinder, cripple, or even devastate the State's economy and the well-being of its inhabitants. Your Committee believes that it is critical for Hawaii to become more energy self-sufficient and that establishing a renewable fuels production tax credit has the potential to significantly increase renewable energy growth in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax credit and related cap amounts to unspecified amounts;
- (2) Clarifying the definition of the term "qualifying renewable fuels";
- (3) Changing the requirement that renewable feedstocks be transported less than one thousand miles, from their point of origin to the production facility located within the State, to less than two thousand miles;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2197, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2197, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 2786 Ways and Means on S.B. No. 2751**

The purpose and intent of this measure is to provide government agencies with flexibility in the negotiation of concession contracts, specifically those that involve evolving media technologies.

More specifically, this measure exempts from the public concession bidding process the operation of concessions that:

- (1) Provide wireless and communication services; or
- (2) Consist solely of advertising.

Your Committee received written comments in support of this measure from the Department of Transportation and the Airport Concessionaires Committee.

Your Committee finds that the technologies used in communications and advertising evolve at a rapid pace. Requiring the operation of concessions that provide electronic communication services or consist solely of advertising to undergo the formal bidding process is often time-consuming and results in the use of obsolete or unsuitable technologies. Your Committee believes that providing flexibility in the negotiation of these concession contracts will benefit the State by enhancing efficiency and improving the level of services provided to consumers.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2751, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2751, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, none.

**SCRep. 2787 Ways and Means on S.B. No. 2518**

The purpose and intent of this measure is to authorize the State Public Charter School Commission to assess fees to cover its operating costs. The measure also makes various amendments to the charter school law for clarity and consistency.

Your Committee received written comments in support of the measure from the Hawaii State Teachers Association, State Public Charter School Commission, and Hawaii Public Charter Schools Network. The Hawaii State Ethics Commission submitted written comments in opposition to this measure. The Department of Budget and Finance and the Hawaii Educational Policy Center submitted comments.

Your Committee finds that this measure further refines the charter school law, which was recently recodified in 2012.

Your Committee has amended this measure by:

- (1) Adding vendors and contractors who provide goods or services to a charter school to the category of persons who, as a combined group, shall not comprise more than one-third of the voting members of the governing board of a charter school;

- (2) Adding vendors and contractors who provide goods or services to a charter school to the category of persons who shall not serve as the chairperson of the governing board of that charter school;
- (3) Deleting vendors and contractors who provide goods or services to a charter school from the definition of an “employee”;
- (4) Clarifying that former employees of a charter school and relatives of former employees of a charter school are included in the category of persons who, as a combined group, shall not comprise more than one-third of the voting members of the governing board of a charter school under the jurisdiction of that governing board; provided that the former employees or relatives of the former employees shall no longer be included in that category after one year has elapsed since the termination of the employees’ employment with the school;
- (5) Clarifying that former employees of a charter school and relatives of former employees of a charter school shall not serve as the chairperson of the governing board of that charter school until at least one year has elapsed since the termination of the employees’ employment with the school;
- (6) Changing the effective date to July 1, 2050, to facilitate discussion on the measure; and
- (7) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2518, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2518, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, 1 (English).

**SCRep. 2788 Ways and Means on S.B. No. 2664**

The purpose and intent of this measure is to promote renewable energy in Hawaii by:

- (1) Providing that all penalties, fees, and costs established and collected by the Department of Land and Natural Resources shall be deposited in the special land and development fund;
- (2) Including geothermal resources within the definition of a renewable energy producer; and
- (3) Clarifying the permitting procedures for regulators and renewable energy developers considering geothermal development.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; the Department of Land and Natural Resources; and Indigenous Consultants. Written comments in opposition were received by Life of the Land and four individuals.

Your Committee finds that current law does not classify geothermal resources within the definition of “renewable energy producer”. Your Committee believes that this measure will provide greater equity between geothermal resources and other renewable energy sources, thereby encouraging geothermal development and supporting the State’s energy policy directives of a diversified renewable portfolio.

Your Committee has amended this measure by:

- (1) Amending the definition of “geothermal resources” to broaden its scope;
- (2) Clarifying that the permitting process under section 182-6, Hawaii Revised Statutes, applies to geothermal resources and mineral exploration;
- (3) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2664, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2664, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Ruderman, Thielen). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2789 Ways and Means on S.B. No. 3121**

The purpose and intent of this measure is to require legislative approval of any exchange of public land for private land by majority vote of both houses of the Legislature.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs. Written comments in opposition were submitted by one individual. The Department of Land and Natural Resources submitted written comments on the measure.

Your Committee finds that current law subjects any exchange of public land for private land to disapproval by the Legislature by two-thirds vote of either the Senate or the House of Representatives. Your Committee believes that by requiring legislative approval rather than disapproval, this measure will require an affirmative action of the Legislature in order to approve any public land exchange.

Your Committee has amended this measure by:

- (1) Making a conforming amendment to section 171-50.2, Hawaii Revised Statutes, to reflect the requirement of legislative approval; and

- (2) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3121, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3121, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2790 Ways and Means on S.B. No. 2246**

The purpose and intent of this measure is to appropriate funds for claims made against the State, its officers, or employees.

Your Committee received written comments in support of this measure from the Department of the Attorney General.

Your Committee finds that this measure requests a total of \$593,650.72 in appropriations from the general fund to satisfy seven claims against the State and \$90,000 in appropriations from the state highway fund to satisfy two claims against the State. Timely passage of this measure will minimize interest on those amounts.

Your Committee has amended this measure by adding five new claims at the request of the Department of the Attorney General. The five new claims appropriate an additional \$266,879.97 from the general fund and an additional \$32,500.00 from the state highway fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2246, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2246, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Keith-Agaran, Ruderman).

**SCRep. 2791 Ways and Means on S.B. No. 2732**

The purpose and intent of this measure is to deter drivers from driving or parking vehicles in bicycle lanes or bicycle paths by increasing the minimum fine for a violation from \$35 to \$100.

Your Committee received written comments in support of this measure from the Department of Transportation.

Your Committee finds that section 291C-123, Hawaii Revised Statutes, prohibits driving or parking in a bicycle lane or bicycle path except under certain authorized circumstances as allowed pursuant to City and County of Honolulu ordinances, including the execution of a legal turn, lane change, or parking maneuver. Your Committee believes that raising the minimum fine for a violation will discourage violations of this law, thereby enhancing safety for bicyclists who use the bicycle lanes.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure;
- (2) Adding a savings clause; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2732, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2732, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 2792 Ways and Means on S.B. No. 2516**

The purpose and intent of this measure is to appropriate funds to the State Public Charter School Commission to support its facilities pilot project.

Your Committee received written comments in support of this measure from the State Public Charter School Commission, Na Wai Ola Public Charter School Governing Board, Hawaii Educational Council, and eleven individuals. The Hawaii Educational Policy Center submitted written comments on the measure.

Your Committee finds that the State Public Charter School Commission is currently implementing a pilot project for the allocation of funds to various charter schools for small-scale facilities projects, based in part, on the need and performance of the charter schools. Your Committee further finds that additional funding is needed to implement this pilot project and address the challenges of inadequate funding for facilities costs.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$1,200,000 to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2516, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2516, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2793 Ways and Means on S.B. No. 2309**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate funds for the Department of Public Safety to establish and implement a residential reentry facility and day reporting program for criminal offenders, including offenders in the work furlough program.

Your Committee received written comments in support of this measure from one individual. The Department of the Prosecuting Attorney of the City and County of Honolulu submitted written comments on the measure.

Your Committee finds that residential reentry programs are viable alternatives to imprisonment when they are appropriately designed and administered. Reentry programs help offenders effectively transition back into society and ultimately reduce the recidivism rate. Your Committee further finds that establishing a residential reentry facility will help offenders access needed social services, learn valuable job skills, participate in various educational, mental, and physical fitness programs, and prepare to reengage with the community.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$100,000 to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2309, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2309, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2794 Ways and Means on S.B. No. 2820**

The purpose and intent of this measure is to streamline and improve the operations of the Insurance Division of the Department of Commerce and Consumer Affairs, and to ensure Hawaii's compliance with the federal Patient Protection and Affordable Care Act (PPACA).

Specifically, this measure:

- (1) Prohibits the rescission of coverage under health benefit plans in most circumstances;
- (2) Requires written notice prior to rescission;
- (3) Clarifies that general casualty insurance includes accident and health or sickness insurance only as incidental or supplemental coverage;
- (4) Clarifies the Insurance Commissioner's retention requirements for tax records of surplus lines brokers and independently procured insureds;
- (5) Specifies the authority of the insurance fraud investigations branch to take appropriate action on insurance fraud complaints;
- (6) Includes long-term care insurance among the limited benefit health insurance contracts that are subject to certain requirements for accident and health or sickness insurance contracts;
- (7) Specifies that Article 11A of the Insurance Code, pertaining to business transactions with producer-controlled property or casualty insurers, is applicable to risk retention captive insurance companies;
- (8) Specifies certain rate-making requirements for managed care plans; and
- (9) Makes other amendments to conform to National Association of Insurance Commissioners model laws and the PPACA.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs. The Hawaii Substance Abuse Coalition, the Hawaii Medical Services Association, and Kaiser Permanente submitted written comments on the measure.

Your Committee finds that the State must comply with the PPACA by prohibiting the rescission of coverage in most instances and requiring written notice prior to rescission. Your Committee also finds that clarifying that companies with general casualty insurance authority can only write accident and health or sickness insurance as incidental or supplemental coverage will prevent disparities in regulation from occurring and will make Hawaii's regulations similar to those of other states. Your Committee further finds that this measure will streamline and improve the operations of the Insurance Division of the Department of Commerce and Consumer Affairs, allow its Insurance Fraud Investigations Branch to review and take appropriate action on certain complaints, and make various amendments and clarifications that will benefit the State.

Your Committee notes the concerns of various insurers regarding the provision in this measure requiring eighty percent of investment income on reserves to be applied to the rate determination and filing of a managed care plan. It is the intent of your Committee to continue working with insurers to address these concerns during the legislative process.

Your Committee has amended this measure by:

- (1) Specifying that rescissions of health benefit plan coverage based on the failure to timely pay required premiums or contributions toward coverage must comply with the PPACA;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2820, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2820, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Dela Cruz, Keith-Agaran, Kouchi).

**SCRep. 2795 (Majority) Ways and Means on S.B. No. 2922**

The purpose and intent of this measure is to lengthen the public school year from one hundred eighty to one hundred ninety days commencing with the 2015-2016 school year, and to repeal requirements for minimum student instructional hours.

Additionally, this measure appropriates funds to the Department of Education to implement this measure.

Your Committee received written comments in opposition to this measure from Hui for Excellence in Education and IMUAlliance. Written comments on this measure were received from the Hawaii State Teachers Association.

Your Committee finds that this measure promotes the goals of education without impairing the collective bargaining rights of teachers. It is your Committee's intent that the additional instructional days not replace professional development days or other non-instructional days negotiated pursuant to chapter 89, Hawaii Revised Statutes.

Your Committee has amended this measure by changing the number of days in a school year to an unspecified number to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2922, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2922, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Espero). Noes, 2 (Thielen, Slom). Excused, 1 (Dela Cruz).

**SCRep. 2796 Ways and Means on S.B. No. 2728**

The purpose and intent of this measure is to clarify that the designation of a public trail shall be as provided by law.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the Department of Transportation, and the Land Use Research Foundation of Hawaii. Written comments in opposition were received from a member of the Kauai County Council and one individual.

Your Committee finds that this measure clarifies that the designation of public trails and disputes that arise regarding public access to public trails shall be governed by state law.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2728, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2728, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2797 Ways and Means on S.B. No. 2465**

The purpose and intent of this measure is to require licensed psychologists to complete continuing education courses during each licensing renewal biennium subsequent to the first license renewal.

The Board of Psychology, Hawaii Medical Association, and the National Association of Social Workers, Hawaii Chapter, submitted written comments in support of the measure. One individual submitted written comments.

Your Committee finds that this measure will ensure that licensed psychologists will maintain their professional competency and keep abreast of the latest developments in their profession. As a result of this measure, Hawaii will no longer remain among a minority of jurisdictions that do not require continuing education for their licensed psychologists.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, in order to facilitate discussion of this measure; and

- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2465, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2465, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2798 Ways and Means on S.B. No. 2259**

The purpose and intent of this measure is to prohibit parties in the arbitration phase of public sector collective bargaining from including in their final positions any proposals that were not previously submitted in writing before impasse and about which an impasse in bargaining has not been reached.

Your Committee received written comments in support of the measure from the Hawaii Government Employees Association and the United Public Workers, AFSCME, Local 646, AFL-CIO. Written comments in opposition to the measure were received from the Department of Budget and Finance, the Office of Collective Bargaining in the Executive Office of the Governor, and the Department of Human Resources of the City and County of Honolulu.

Your Committee finds that this measure will limit the scope of matters that are subject to a public employment collective bargaining arbitration proceeding.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2259, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Thielen). Noes, none. Excused, none.

**SCRep. 2799 Ways and Means on S.B. No. 2079**

The purpose and intent of this measure is to amend the motion picture, digital media, and film production income tax credit.

More specifically, this measure:

- (1) Requires film productions to:
  - (A) Comply with all applicable federal, state, and county laws; and
  - (B) Work with the Hawaii Film Office and any appropriate state or county agency if a film production takes place on state or county property,
 in order to be eligible for the tax credit;
- (2) Prohibits qualified production costs that have been financed with state funds from qualifying for the tax credit beginning on July 1, 2014; and
- (3) Prohibits unscripted, soft-scripted, or reality television programming from qualifying for the tax credit.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Department of Land and Natural Resources. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the Department of Land and Natural Resources has, in the recent past, dealt with film productions that have engaged in production without proper permits, in violation of state laws and administrative rules. Your Committee believes that this measure will promote greater compliance with state laws and rules and will also encourage closer collaboration between production companies and the appropriate state and county agencies.

Your Committee notes that the measure prohibits “productions that are unscripted, soft-scripted, or reality television programming” from qualifying for the tax credit. While the intent of the measure is to prohibit reality television productions from qualifying for the tax credit, the broad language used in the measure may inadvertently disqualify other unscripted productions, such as documentaries. It is not the intent of the measure to preclude documentaries from qualifying for the tax credit.

Your Committee has amended this measure by:

- (1) Deleting reference to unscripted and soft-scripted productions with respect to the type of television programming that is excluded from qualifying for the motion picture, digital media, and film production income tax credit;
- (2) Replacing the requirement that film productions work with the Hawaii Film Office with a requirement that film productions secure all necessary film permit approvals with appropriate state or county film offices;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2079, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2079, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Espero). Noes, none. Excused, 1 (Kahele).

**SCRep. 2800 Ways and Means on S.B. No. 3054**

The purpose and intent of this measure is to centralize public safety facilities to enable the sharing of resources and support services by establishing a central Oahu public safety technology park.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism, the Department of Budget and Finance, and the High Technology Development Corporation.

Your Committee finds that recent natural disasters on the mainland make clear the need for the State to ensure that public safety services are adequate during times of natural disasters. Furthermore, the State's current facilities used during times of natural disasters are rapidly deteriorating and are located in inundation areas. Your Committee also finds that to be adequately prepared during times of natural disasters, a centralized public safety facility with direct access to highways and convenient proximity to hospitals and military services is needed.

Your Committee has amended this measure by:

- (1) Appropriating moneys to the High Technology Development Corporation for the establishment of the central Oahu public safety technology park;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3054, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3054, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Keith-Agaran, Kouchi).

**SCRep. 2801 Ways and Means on S.B. No. 2584**

The purpose and intent of this measure is to appropriate funds for the Pacific International Space Center for Exploration Systems' planetary sustainability technologies initiative to match funds that are expected to be appropriated by the State of California.

This measure also specifies a ceiling on the amount of the appropriation that may be expended for planetary sustainability technology demonstrations and university-based competitions.

Your Committee received written comments in support of this measure from a Hawaii County Council Member; the University of Hawaii at Hilo; the National Aeronautics and Space Administration; Ferraro Choi and Associates; Near Earth LLC; JAMSS America; Shackleton Energy Company; Pacific International Space Center for Exploration Systems; International Ventures Associates; and three individuals. The Department of Business, Economic Development, and Tourism submitted written comments on the measure.

Your Committee finds that this measure will provide funding to research living in space and on other planets that will in turn promote dual-use technologies and help to diversify economic development in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Changing the effective date to July 1, 2050, to encourage further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2584, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2584, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 2802 Ways and Means on S.B. No. 2776**

The purpose and intent of this measure is to require the Board of Directors of the High Technology Development Corporation to establish a creative film and media park.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received written comments in opposition to this measure from the Department of Land and Natural Resources. Written comments on this measure were submitted by the High Technology Development Corporation.

Your Committee finds that there is presently no centralized creative film and media park in Hawaii. The increase in the number of film production companies choosing to film in Hawaii, as well as rising interest in the film industry, has paved the way for new educational programs focusing on film and media production. Your Committee further finds that the establishment of a creative film and media park will allow Hawaii residents interested in creative film and media to explore opportunities within the film and media industry without having to leave Hawaii and will provide a substantial number of employment opportunities.

Your Committee has amended this measure by:

- (1) Inserting a new section that appropriates an unspecified sum to the High Technology Development Corporation for the establishment of a creative film and media park;

- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2776, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2776, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Keith-Agaran, Kouchi).

**SCRep. 2803 Ways and Means on S.B. No. 2809**

The purpose and intent of this measure is to align statutory language regarding utility ratemaking with widely accepted utility ratemaking principles and ratemaking practices already applied in Hawaii.

Specifically, the measure requires that, in order for a utility to qualify to earn a fair return on utility property, the property must be deemed by the Public Utilities Commission as being both “used” and “useful,” rather than one or the other.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, and the Public Utilities Commission. Written comments in opposition were received from the Hawaiian Electric Company, Inc.

Your Committee finds that this measure will align statutory language with interpretations of the “used and useful” standard made by the Hawaii Supreme Court and Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2809, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Ruderman).

**SCRep. 2804 (Majority) Ways and Means on S.B. No. 1227**

The purpose and intent of this measure is to require insurers, hospital and medical service plans, and health maintenance organizations to provide certain coverage for survivors of brain injuries.

Your Committee received written comments in support of this measure from the Hawaii Disability Rights Center and oral testimony in support from two individuals. Written comments in opposition were received from the Department of Human Services, The Chamber of Commerce of Hawaii, Hawaii Medical Service Association, and Kaiser Permanente. The Behavioral Health Administration of the Department of Health and the Department of Commerce and Consumer Affairs submitted written comments on the measure.

Your Committee finds that survivors of traumatic brain injuries face a long and difficult rehabilitation process that may not be covered by certain health benefit plans. Your Committee further finds that insurers should be required to provide coverage for traumatic brain injuries, to protect the health and well-being of the people of this State.

Your Committee has amended this measure by:

- (1) Clarifying that the coverage for post-acute transition services or community reintegration services shall include outpatient day treatment services or other post-acute care treatment services;
- (2) Requiring the Auditor, rather than the Department of Commerce and Consumer Affairs, to submit a report to the Legislature regarding the economic impact of the expanded coverage on affected insurers; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1227, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1227, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 2805 Ways and Means on S.B. No. 2423**

The purpose and intent of this measure is to allow schools and classes to participate in fundraising or charitable activities, in conjunction with organizations that are exempt from federal taxes or granted an exemption from registration, as part of a school project when the activities benefit student learning.

Your Committee received written comments in support of this measure from the Hawaii Association of Independent Schools and the Hawaii State Teachers Association. The Hawaii State Ethics Commission submitted written comments in opposition to the measure.

Your Committee finds that school projects involving fundraising or charitable activities provide opportunities for youth to apply what they have learned in the classroom to real world situations. Engaging students to work alongside staff, parents, and community members for the benefit of worthwhile causes promotes good citizenship and community awareness.

Your Committee has amended this measure by:

- (1) Changing the reference to section 467B-2.1, Hawaii Revised Statutes, to section 467B-11.5, Hawaii Revised Statutes, to indicate the proper section;
- (2) Changing its effective date to July 1, 2050, to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2423, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2423, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2806 Ways and Means on S.B. No. 2610**

The purpose and intent of this measure is to require that automated external defibrillators (AEDs) and personnel trained to use them be available at public educational facilities and sporting events.

Specifically, this measure:

- (1) Requires that, by the end of the 2015-2016 school year, AEDs be available on the campuses of all public schools and public charter schools, and all divisions and campuses of the University of Hawaii system;
- (2) Requires that athletic trainers or faculty members be trained in the use of AEDs and be present at every public school, public charter school, and University of Hawaii sporting event;
- (3) Requires that the educational institutions subject to this measure maintain and test the mandated AEDs on their campuses pursuant to manufacturers' guidelines;
- (4) Provides that an athletic trainer or faculty member who administers an AED pursuant to this measure shall be considered to be doing so without remuneration or expectation thereof;
- (5) Establishes an AED working group to develop policies, procedures, and best practices related to the use of AEDs at public schools, charter schools, and the University of Hawaii; and
- (6) Appropriates unspecified sums to the Department of Education and University of Hawaii for the purchase and maintenance of AEDs and related training.

Your Committee received written comments in support of this measure from the Hawaii State Teachers Association, AED Institute of America, Inc., and three individuals.

Your Committee finds that properly operated and maintained AEDs save lives and should be available on all public school, public charter school, and University of Hawaii campuses and at related sporting events, along with trained personnel.

Your Committee has amended this measure by:

- (1) Clarifying the structure and membership of the AED working group to be established by this measure;
- (2) Changing the amount of the appropriations to unspecified sums; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2610, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2610, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2807 Ways and Means on S.B. No. 2235**

The purpose and intent of this measure is to require each student to receive a physical examination within one year of attending seventh grade.

The Department of Health submitted written comments on this measure.

Your Committee acknowledges that the language specifying the timeframe for a student to receive a physical examination, along with the method of documentation, is a work in progress and requires further refinement. It is the intent of your Committee to provide flexibility in the requirements established by this measure so that physical examinations do not become a barrier to school attendance, while ensuring that every student undergoes a physical examination during the years of middle school.

Your Committee finds that currently, physical examinations are conducted upon initial attendance at any school for the first time in the State. Requiring students to receive an additional physical examination upon entry into seventh grade will provide a broader, systematic approach to connect children to health care providers. Your Committee further finds that an additional physical exam will also reinforce a culture of wellness and preventative health while providing an opportunity to address developmentally relevant physical and mental health issues.

Your Committee has amended this measure by specifying that proof of a completed physical examination be presented by written documentation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2235, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2235, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Keith-Agaran).

**SCRep. 2808 Ways and Means on S.B. No. 2592**

The purpose and intent of this measure is to appropriate moneys to the Department of Public Safety to establish a two-year diversion and reentry pilot project to provide an alternative to incarceration for nonviolent offenders with substance-abuse issues, by diverting them from incarceration into a coordinated system of community-based drug treatment programs and reentry support services.

Your Committee received written comments in support of this measure from the Department of Public Safety, Community Alliance on Prisons, the Hawaii Substance Abuse Coalition, and two individuals. Your Committee received written comments in opposition to this measure from the Department of the Prosecuting Attorney.

Your Committee finds that certain nonviolent drug offenders can more effectively be treated with substance-abuse treatment programs rather than incarceration. Your Committee further finds that diverting nonviolent drug offenders from incarceration into community-based drug treatment programs will produce long-term savings and a reduction in recidivism.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount to an unspecified sum;
- (2) Requiring the Department of Public Safety to report on the pilot project;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2592, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2592, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2809 Ways and Means on S.B. No. 2125**

The purpose and intent of this measure is to establish marine conservation guidelines for less populated islands in the State.

Specifically, the measure prohibits the following actions or activities within two miles of the shoreline of an island with a population of less than five hundred persons:

- (1) Taking or possessing aquatic life;
- (2) Engaging in fish feeding; and
- (3) Operating a tour boat, vessel, or jet ski, or riding a surfboard, kayak, zodiac, or other pleasure or recreational craft,

unless the person is domiciled on the island or accompanied by a person who is domiciled on the island.

Your Committee received written comments in opposition from three individuals. The Department of Land and Natural Resources submitted written comments on the measure.

Your Committee finds that the relatively recent application of Western economic and environmental philosophies, including the commercialization of fishery stocks and the disruption of ecological cycles through land development, stream diversions, pollution, overfishing, and irresponsible fishing practices, has contributed to a substantial and ongoing decline in the health of the State's nearshore ocean environment. Your Committee further finds that, over time, recreational and subsistence activities, including fishing, gathering, and leisure tours, have intersected in such a manner that necessitates state review and oversight of coastal areas. Your Committee believes that the convening of a task force to assist the Department of Land and Natural Resources in developing rules to establish a marine life conservation district would ensure greater protection of the State's ocean resources by allowing interested parties to engage in meaningful discourse.

Accordingly, your Committee has amended this measure by deleting its substantive contents and inserting language that:

- (1) Requires the Chairperson of the Board of Land and Natural Resources to convene a task force to assist the Department of Land and Natural Resources in developing rules to establish a marine life conservation district to ensure greater protection of the State's ocean resources; and
- (2) Prohibits the Department of Land and Natural Resources from adopting any rules under title 12, Hawaii Revised Statutes, relating to fishing, gathering, or ocean resources, within the coastal areas and nearshore waters of the island of Niihau prior to the task force's submittal of its final report.

Your Committee further amended the measure by:

- (1) Making conforming changes to the purpose section to reflect the new substantive provisions; and
- (2) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure.

Your Committee notes that due to anecdotal accounts of disputes between different user groups accessing the marine resources in the nearshore waters and coastal areas of Niihau, your Committee requests that the County of Kauai should provide the same level of public safety services to Niihau residents as it does for Kauai residents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2125, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2125, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Espero, Kidani, Slom). Noes, none. Excused, none.

**SCRep. 2810 Ways and Means on S.B. No. 2698**

The purpose and intent of this measure is to ensure that the Hawaii Community Development Authority follows the intent of chapter 206E, Hawaii Revised Statutes.

More specifically, this measure:

- (1) Ensures that adopted plans and rules are followed, particularly in regard to density, height, infrastructure, and low- and moderate-income housing, by statutorily establishing height and density limits in statute;
- (2) Requires that any amendment made by the Hawaii Community Development Authority to the Kakaako Community Development District Mauka and Makai Area Plans be subject to the approval of the Legislature by adoption of a concurrent resolution;
- (3) Provides for adequate community engagement in the Hawaii Community Development Authority's planning and decision-making on development projects; and
- (4) Establishes a process for contesting the Hawaii Community Development Authority's decisions.

Your Committee received written comments in support of this measure from fifteen individuals. Written comments in opposition were received from the City and County of Honolulu Department of Environmental Services and Alexander & Baldwin, Inc. The Hawaii Community Development Authority and The Chamber of Commerce of Hawaii submitted written comments on the measure.

Your Committee finds that the Hawaii Community Development Authority was established in 1976 as a public entity to determine community development programs to facilitate urban redevelopment and renewal in underutilized areas of the State. Among the major objectives of the Hawaii Community Development Authority is the development of mixed-use, mixed-income communities and the creation of housing for low- and moderate-income residents. To ensure that comprehensive and coordinated development plans were executed with and for the community, the Authority was explicitly required to engage with affected communities in community development plans and projects.

Your Committee also finds that, in the thirty-seven years since its creation, the Hawaii Community Development Authority has not met the standards for creating a mixed-use, mixed-income community. Further, with regard to development in Kakaako, the Hawaii Community Development Authority has not followed the plan adopted by the community and has, instead, liberally interpreted the requirements and amended the plan and rules without accountability or transparency, to the detriment of the community. Your Committee believes that this measure is necessary to ensure that the Hawaii Community Development Authority operates in a transparent manner.

Your Committee has amended this measure by:

- (1) Clarifying that the Hawaii Community Development Authority shall work with landowners and residents of the community in which a project is to be located to ensure adherence to community development rules established pursuant to section 206E-7, Hawaii Revised Statutes;
- (2) Correcting language to reflect the current text of the Hawaii Revised Statutes; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2698, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2698, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 2811 Ways and Means on S.B. No. 2274**

The purpose and intent of this measure is to establish a sustainable living research permit for activities that test ideas, concepts, or inventions designed to promote sustainable living.

The measure also authorizes exemption of sustainable living research sites from county codes, ordinances, rules, or permits relating to construction or building requirements, occupancy, zoning, or subdivisions that are not practicable for the specific sustainable living research site and that may inhibit the proposed research.

Your Committee received written comments in support of this measure from two members of the Haiku Aina Permaculture Initiative, the Hawaii Sustainable Community Alliance, Polestar Gardens, Botanical Dimensions, the Hedonisia Hawaii Sustainable Community, and twenty-three individuals. Written comments were received from the Department of Agriculture, the Department of Health, the Office of Planning, and one individual.

Your Committee finds that population growth and the decrease in resources has necessitated a more sustainable and environmentally appropriate way of life. Your Committee further finds that sustainable and environmentally appropriate living is presently inhibited by zoning regulations that govern conventional development. Your Committee believes that this measure will promote the Hawaii 2050 Sustainability Plan and ensure the development of innovative, responsible, and sustainable practices that are vital to Hawaii's future.

Your Committee has amended this measure by:

- (1) Amending the definition of "sustainable living research site" by transferring operative language in the definition to form a separate section relating to the requirements for a sustainable living research site and by further clarifying that the sites are subject to state laws and rules, as well as federal laws and regulations;
- (2) Adding an appropriation for the Department of Health to conduct a study of the impact on human health if the drinking water system of a sustainable living research site falls below the threshold for a public water system;
- (3) Changing the effective date from July 1, 2014, to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2274, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2274, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2812 (Majority) Ways and Means on S.B. No. 2858**

The purpose and intent of this measure is to establish an environmental information management office within the Department of Health to, among other things, promote the use of environmental information systems and new management innovations.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Department of Transportation. Written comments were received from the Department of Health - Environmental Health Administration and The Chamber of Commerce of Hawaii.

Your Committee finds that an environmental information management office has the potential to reduce the burden of the regulatory reporting process, increase accessibility and efficiency in data reporting, and facilitate effective coordination of environmental regulatory data functions.

Your Committee has amended this measure by:

- (1) Defining the term "department" to mean the Department of Health;
- (2) Replacing the term "Office of Information Management and Technology", which is not established in the Hawaii Revised Statutes, with the term "Chief Information Officer", which is established under section 27-43, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2858, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2858, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Espero). Noes, 1 (Slom). Excused, none.

**SCRep. 2813 (Majority) Ways and Means on S.B. No. 2609**

The purpose and intent of this measure is to increase the minimum wage in Hawaii to reflect increases in the cost of living and to provide workers with additional income.

Specifically, this measure:

- (1) Increases the minimum hourly wage to:
  - (A) \$8.20 starting January 1, 2015;
  - (B) \$9.15 starting January 1, 2016; and
  - (C) \$10.10 starting January 1, 2017;
- (2) Repeals the tip credit; and
- (3) Requires the Department of Labor and Industrial Relations to annually increase the minimum hourly wage, based upon the Honolulu region consumer price index for urban wage earners and clerical workers.

Your Committee received written comments in support of this measure from the Department of Human Services, the Department of Labor and Industrial Relations, a Kauai County Council Member, University of Hawaii Professional Assembly, Progressive Democrats of Hawaii, IP Xpert of Honolulu, UNITE HERE Local 5, Hawaii State Commission on the Status of Women, Democratic Party of Hawaii, SAG-AFTRA, United Public Workers Hawaii, Boilermakers L-627, Hawaii Alliance for Retired Americans, Hawaii Appleseed Center for Law and Economic Justice, League of Women Voters of Hawaii, Community Alliance on Prisons, The Pacific

Alliance to Stop Slavery, Dr. Martin Luther King Jr. Coalition Hawaii, National Association of Social Workers, Sailors Union of the Pacific, Partners in Care, Pride at Work Hawaii, Hawaii Catholic Conference, and seventy-eight individuals. Written comments in opposition were received from Keoki's Paradise, Island Princess in Honolulu, Big City Diner, Hawaii Food Industry Association, TS Restaurants Hawaii, National Federation of Independent Business Hawaii, Hula Grill Maui, Duke's Beach House Maui, The Chamber of Commerce of Hawaii, Gyotaku Japanese Restaurants, and Times Supermarket. The Executive Office of Early Learning, Chamber of Commerce for Persons with Disabilities Hawaii, Duke's Waikiki, and HealthyPacific.org submitted written comments on this measure.

Your Committee finds that the hourly minimum wage in Hawaii has not increased since 2007. Since that time, the cost of living has risen steadily, while worker purchasing power has continued to diminish. In Hawaii, the cost of living is higher than that of much of the rest of the nation, which compels many individuals to work two or more jobs to maintain a basic standard of living. Your Committee believes that providing minimum wage workers with a higher hourly pay will further the economic recovery of Hawaii and help lift Hawaii's working poor out of poverty.

Your Committee has amended this measure by:

- (1) Deleting the proposed repeal of the tip credit and changing the existing tip credit and tip credit deactivation trigger amounts to unspecified sums;
- (2) Deleting language that increases the hourly minimum wage rate, starting January 1, 2018, based upon the Honolulu region consumer price index for urban wage earners and clerical workers;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2609, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2609, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 2814 (Majority Ways and Means on S.B. No. 2827)**

The purpose and intent of this measure is to provide for a permanent means to modernize health care policy in the State.

Specifically, the measure makes permanent the temporary Health Care Transformation Program by:

- (1) Changing the name of the Health Care Transformation Program to the "Office of Health Care Transformation";
- (2) Transferring the Office of Health Care Transformation from the Office of the Governor to the State Health Planning and Development Agency in the Department of Health;
- (3) Establishing a special fund for the Office of Health Care Transformation; and
- (4) Changing the name of the State Health Planning and Development Agency to the "Hawaii Health Care Planning and Policy Authority".

Your Committee received written comments in support of this measure from the Office of the Governor, Hawaii Medical Service Association, Hawaii Health Information Exchange, Hoola Lahui Hawaii, East Hawaii Region - Hawaii Health Systems Corporation, and Hawaii Pacific Health. Written comments in opposition to this measure were received from Community Alliance for Mental Health. Written comments were submitted by the Office of Hawaiian Affairs.

Your Committee finds that pursuant to Act 224, Session Laws of Hawaii 2013, the Health Care Transformation Program will terminate on July 1, 2015. Your Committee, however, finds that establishing and funding a permanent Office of Health Care Transformation will be instrumental to the health and well-being of the State. A high-level health care transformation officer reporting to the Governor will ensure that the needs of Hawaii's patients remain a top priority for the Governor.

Your Committee has amended this measure by:

- (1) Consolidating separate provisions relating to the annual reports submitted to the Governor and the Legislature by the Health Care Transformation Officer;
- (2) Making conforming amendments to sections 323D-1, 323D-11, and the title of part II of chapter 323D, Hawaii Revised Statutes, to reflect the name change of the "State Health Planning and Development Program" to the "Hawaii Health Care Planning and Policy Program";
- (3) Clarifying that the official at the Hawaii Health Care Planning and Policy Authority who will prescribe the duties and qualifications of the transferred employees is the Administrator, rather than the Health Care Transformation Officer;
- (4) Clarifying that the appropriations, other funds, records, equipment, machines, and other material will be transferred to the Hawaii Health Care Planning and Policy Authority, rather than the Office of Health Care Transformation;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2827, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2827, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Dela Cruz, Kahele, Kidani, Thielen). Noes, 1 (Slom). Excused, 1 (Ruderman).

**SCRep. 2815 Ways and Means on S.B. No. 2884**

The purpose and intent of this measure is to amend the laws relating to the administration of parole.

Specifically, the measure:

- (1) Requires that funds disbursed to prison inmates upon discharge or parole be subject to legislative appropriation;
- (2) Prohibits the Hawaii Paroling Authority from granting early discharge to an inmate or parolee if the inmate is serving any portion of a court-ordered mandatory minimum sentence or the inmate or parolee owes restitution for an unexpired term; and
- (3) Makes discretionary the Hawaii Paroling Authority's decision to consider recommending a complete pardon to a prisoner who has been on parole for five years.

Your Committee received written comments in support of this measure from the Department of Public Safety, the Community Alliance on Prisons, and three individuals.

Your Committee finds that this measure would provide necessary clarifications to applicable statutes and include appropriate community protections.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2884, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2884, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2816 (Majority) Ways and Means on S.B. No. 2826**

The purpose and intent of this measure is to implement, upon ratification of a proposed amendment to the Hawaii State Constitution allowing the appropriation of public funds for private early childhood education programs, a statewide early childhood education program.

Your Committee received written comments in support of this measure from the Department of Human Services, the Executive Office on Early Learning, the University of Hawaii, Hawaii Association for the Education of Young Children, The Chamber of Commerce of Hawaii, Early Learning Advisory Board, Hawaii Business Roundtable, Good Beginnings Alliance, Aloha United Way, Hawaii P-20 Partnerships for Education, Hawaii Association of Independent Schools, and eighty-seven individuals.

Your Committee finds that a child's experience and surroundings during their formative years can have a lasting impact on their later success in school. Your Committee also finds that by providing a quality statewide early childhood education program, children will develop into successful adults who have a positive impact on society.

Your Committee has amended this measure by:

- (1) Defining the term "underserved children";
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2826, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2826, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 1 (Ruderman).

**SCRep. 2817 Ways and Means on S.B. No. 2663**

The purpose and intent of this measure is to establish a framework to regulate geothermal resources development through a permitting process administered by the Board of Land and Natural Resources and the appropriate county authority.

The measure also:

- (1) Includes any producer or developer of electrical or thermal energy produced by geothermal resources within the definition of "renewable energy producer" under section 171-95, Hawaii Revised Statutes, as to whom the Board of Land and Natural Resources may grant a mining lease on state lands; and

- (2) Requires penalties, fees, and costs collected pursuant to chapter 182, Hawaii Revised Statutes, to be deposited into the special land and development fund.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; the Department of Business, Economic Development, and Tourism; a Hawaii County Council Member; Indigenous Consultants, LLC; Innovations Development Group Inc.; Waimanalo Hawaiian Homes Association; and Huena Power. Written comments in opposition were received from Puna Pono Alliance. The Office of Hawaiian Affairs submitted written comments on the measure.

Your Committee finds that this measure recognizes the counties' home rule authority to regulate geothermal development within agricultural, rural, and urban districts. Your Committee believes that by authorizing the appropriate county authority to permit geothermal resource development permits, this measure restores local government oversight for the residents who will be most affected by geothermal energy facilities.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2663, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2663, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Chun Oakland, Ruderman, Thielen, Slom). Noes, none. Excused, none.

**SCRep. 2818 (Majority) Ways and Means on S.B. No. 702**

The purpose and intent of this measure is to establish, and assess against each defendant convicted of a felony or misdemeanor, the internet crimes against children fee to provide funding for law enforcement to combat internet crimes against children.

The measure also establishes a special fund for deposit of the internet crimes against children fee and other moneys to be used by the Department of the Attorney General to disburse funds to:

- (1) Provide equipment and training for law enforcement to investigate and prosecute internet crimes against children; and
- (2) Enable internet crime investigators to follow the trail of child pornography traffic to locate children in need of protection.

Your Committee received written comments in support of this measure from the Department of the Attorney General and PROTECT. The Department of Budget and Finance and the Department of Human Services submitted written comments on this measure.

Your Committee notes that a very small percentage of investigative leads related to internet crimes against children are examined every month due to limited funds, equipment, and training. Your Committee finds that imposing a fee on every defendant convicted of a felony or misdemeanor will help to establish funding for training and equipment necessary to enhance the investigation and prosecution of internet crimes against children.

Your Committee has amended this measure by:

- (1) Expanding the definition of "internet crimes against children" to include:
  - (A) Electronic enticement of a child in the first degree under section 707-756, Hawaii Revised Statutes;
  - (B) Electronic enticement of a child in the second degree under section 707-757, Hawaii Revised Statutes; and
  - (C) Promoting pornography for minors under section 712-1215, Hawaii Revised Statutes;
- (2) Changing the internet crimes against children fee to an unspecified amount;
- (3) Clarifying that moneys from the internet crimes against children special fund shall be used for the broader purpose of enabling law enforcement to investigate and prosecute internet crimes against children;
- (4) Deleting specific references to the Department of Public Safety and the Department of Human Services to permit the Department of the Attorney General greater flexibility in determining to which groups working to combat internet crimes against children the moneys in the special fund should be disbursed;
- (5) Adding an appropriation of an unspecified amount from the general revenues of the State to the internet crimes against children special fund and appropriating an unspecified amount from the internet crimes against children special fund to the Department of the Attorney General;
- (6) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (7) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 702, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 702, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 2819 (Majority) Ways and Means on S.B. No. 2768**

The purpose and intent of this measure is to improve educational opportunities for youth by making kindergarten attendance mandatory.

Specifically, this measure:

- (1) Makes kindergarten attendance mandatory for children who will be at least five years of age on July 31 of the school year;
- (2) Requires the Department of Education, in collaboration with the Executive Office on Early Learning, to develop a statewide kindergarten readiness program and a process to collect readiness assessment information and data;
- (3) Establishes an individualized kindergarten readiness assessment system within the Department of Education; and
- (4) Makes an appropriation to the Department of Education.

Your Committee received written comments in support of the measure from the University of Hawaii College of Education, the Hawaii State Teachers Association, the Hawaii Association for the Education of Young Children, the Executive Office on Early Learning, Hawaii P-20 Partnerships for Education, and one individual. Written comments were submitted by the Department of Human Services.

Your Committee finds that kindergarten attendance prepares children for elementary school by teaching fundamental reading, writing, and social development skills. Your Committee further finds that making kindergarten attendance mandatory for children who are at least five years old will help prepare them for educational achievement and continuing success.

Your Committee has amended this measure by:

- (1) Adding a section to reflect amendments to section 302A-411, Hawaii Revised Statutes, that will take effect on July 1, 2014;
- (2) Clarifying the age requirements that apply to mandatory kindergarten attendance and the process and tools used to assess individualized kindergarten readiness;
- (3) Changing the amount of the appropriation to an unspecified sum;
- (4) Changing the effective dates to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2768, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2768, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Keith-Agaran).

**SCRep. 2820 (Majority) Ways and Means on S.B. No. 2454**

The purpose and intent of this measure is to establish an agricultural genetically modified organism task force to determine whether the State should regulate the agricultural use of genetically modified organisms.

In addition, the measure:

- (1) Requires the task force to report its findings and recommendations to the Legislature prior to the convening of the Regular Session of 2016; and
- (2) Appropriates an unspecified amount for administrative costs associated with the task force.

Your Committee received written comments in support of this measure from the Department of Agriculture, Hawaii Farm Bureau Federation, and one individual. Written comments in opposition were received from a Kauai County Council Member, Eco Hostel Hawaii, GMO Free Hawaii, Ihilani Coffee & Tropicals, and forty-nine individuals.

Your Committee finds that the use of genetically modified organisms in agricultural production is a controversial issue that deserves further discussion with regard to the challenges and opportunities presented by agricultural biotechnology and the potential need for regulation by the State. Your Committee believes that the task force established by this measure will provide for a careful and comprehensive examination of the facts, issues, and law relating to the agricultural use of genetically modified organisms.

Your Committee has amended this measure by:

- (1) Administratively attaching the task force to the Department of Agriculture;
- (2) Clarifying that the presidents of the Hawaii Farm Bureau Federation and the Hawaii Farmers Union United shall be invited to serve as members of the task force;
- (3) Providing that the members of the task force shall serve without compensation, but shall be reimbursed for their actual and necessary expenses in carrying out their duties;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2454, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2454, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Ruderman). Excused, 1 (Keith-Agaran).

**SCRep. 2821 Ways and Means on S.B. No. 2605**

The purpose and intent of this measure is to appropriate funds to the Hawaii Wing of the Civil Air Patrol to support operational mission readiness activities, including facilities maintenance.

Your Committee received written comments in support of this measure from the Hawaii Wing of the Civil Air Patrol and one individual.

Your Committee finds that this measure will provide funds for the activities of the Civil Air Patrol and the repair of its aging facility.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified sum;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2605, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2605, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (English).

**SCRep. 2822 (Majority) Ways and Means on S.B. No. 3041**

The purpose and intent of this measure is to support the growing craft beverage industry in Hawaii by applying a reduced gallonage tax on draft beer and beer other than draft beer brewed or produced by a small brewery or brewpub.

Your Committee received written comments in support of this measure from Island Distillers, Inc. and Manulele Distillers, LLC. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that Hawaii's liquor taxes are among the highest in the nation, which acts as a disincentive to manufacturing in the State. Your Committee further finds that this measure is intended to support the growing craft beverage industry in Hawaii, which will help to strengthen the State's economy by creating jobs and encouraging the growth of small businesses.

Your Committee is concerned that this measure may benefit small out-of-state breweries or brewpubs, but recognizes that constitutional parameters may prevent limiting the reduced tax to local small breweries and brewpubs.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax to an unspecified amount; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3041, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3041, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Chun Oakland, Kidani). Noes, 1 (Slom). Excused, none.

**SCRep. 2823 Ways and Means on S.B. No. 2004**

The purpose and intent of this measure is to extend to June 30, 2019, the repeal date of Act 21, Special Session Laws of Hawaii 2009, which requires home care agencies to be licensed by the Department of Health.

Your Committee received written comments in support of this measure from The Chamber of Commerce of Hawaii. Written comments on this measure were received from the Environmental Health Administration of the Department of Health.

Your Committee finds that home care agencies are a critical component of elderly care because the overwhelming majority of the increasing elderly population prefer to age in their own homes. Act 21, Special Session Laws of Hawaii 2009, was enacted to protect the consumers of home care agencies, by requiring the licensing of these agencies to ensure that minimum standards are met. However, the licensing program has not yet commenced pending the adoption of administrative rules that are in the final stage of the approval process. Your Committee finds that extending the repeal date of Act 21, Special Session Laws of Hawaii 2009, would allow the home care licensing program additional time to adopt rules and begin operation.

Your Committee also finds that funding is necessary for a full-time equivalent permanent position in the Department of Health to facilitate the licensing of home care agencies in compliance with Act 21, Special Session Laws of Hawaii 2009.

Your Committee has amended this measure by:

- (1) Adding a purpose section;
- (2) Adding an unspecified appropriation to the Department of Health for the establishment of one full-time equivalent (1.00 FTE) permanent position within the Department of Health to facilitate the licensing of home care agencies; and
- (3) Changing the effective date from July 1, 2014, to June 29, 2050, and for the appropriation section, adding an effective date of July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2004, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2004, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2824 Ways and Means on S.B. No. 3083**

The purpose and intent of this measure is to appropriate funds to the Department of Education to restore resources for school athletics and to increase the number of positions authorized for school athletics.

Your Committee received written comments in support of this measure from United Public Workers Hawaii, the Hawaii State Teachers Association, and three individuals. The Office of Hawaiian Affairs submitted written comments on the measure.

Your Committee finds that school athletics are an important part of a student's education. They provide a healthy and beneficial outlet for students to develop the necessary traits and characteristics to become valuable members of society. Your Committee further finds that in order to offer students the opportunity to participate in school athletics, the necessary athletic staff positions should be filled.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$2,000,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3083, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3083, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2825 Ways and Means on S.B. No. 3099**

The purpose and intent of this measure is to provide for the conversion of certain public employee positions from exempt to civil service status.

Specifically, the measure:

- (1) Amends relevant sections of the Hawaii Revised Statutes to require the conversion of civil service positions to conform to Act 253, Session Laws of Hawaii 2000, and Act 300, Sessions Laws of Hawaii 2006; and
- (2) Requires any civil service exemption created after July 1, 2014 for a position, to expire after three years of its enactment unless affirmatively extended by the Legislature.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association. Written comments were submitted by the Department of Land and Natural Resources.

Your Committee finds that there are inequities between civil service exempt employees and civil service employees. For example, exempt employees do not receive step increases in compensation and are not protected from a reduction-in-force. The Hawaii Government Employees Association has stated that the number of voluntary conversions has been small, and therefore, the process has not been effective. This measure mandates the conversion of exempt positions to civil service positions unless the exemption is extended by the Legislature. The purpose is to ensure fair and equitable compensation and benefits for all employees.

Your Committee notes that the State Historic Preservation Division of the Department of Land and Natural Resources has already begun to convert a number of its exempt positions to civil service positions. Your Committee urges the Department of Human Resources Development to work with the Historic Preservation Division to ensure that salaries within the Division are competitive with comparable positions in the private sector or comparable federal civilian positions.

Your Committee intends that the exemption, not position, be subject to expiration, and that the position shall convert to civil service unless the exemption is extended.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3099, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2826 (Majority) Ways and Means on S.B. No. 2804**

The purpose and intent of this measure is to incentivize the implementation of energy performance contracting projects by state agencies.

Specifically, this measure provides that:

- (1) Agencies entering into energy performance contracts will continue to receive pre-retrofit budget appropriation amounts and have access to financing options;
- (2) An energy performance contract has a maximum term of twenty-five years, including the construction period; and
- (3) Agencies implementing energy performance contracts provide annual reports to the Department of Business, Economic Development, and Tourism.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services and the Department of Business, Economic Development, and Tourism. The Department of Transportation submitted written comments on the measure.

Your Committee finds that incentivizing the use of energy performance contracting by state agencies will result in improved energy efficiency and reduced operating costs for the State.

Your Committee is concerned, however, that the twenty-five year maximum term for an energy performance contract may be too long. Accordingly, if this measure is approved by the House of Representatives, your Committee intends to further review the matter.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2804, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2804, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Kahele). Excused, none.

**SCRep. 2827 Ways and Means on S.B. No. 2697**

The purpose and intent of this measure is to amend the Hawaii Community Development Authority's procedures with respect to development proposals by requiring increased public input, public notice, infrastructure studies, notice to legislators, and authorizing appeals by those adversely affected by the decisions of the Hawaii Community Development Authority.

This measure also prevents the Hawaii Community Development Authority from amending the community development plan without authorization of the Legislature.

Your Committee received written comments in support of this measure from fifteen individuals. Written comments in opposition were received from the City and County of Honolulu Department of Environmental Services, The Howard Hughes Corporation, and Alexander & Baldwin, Inc. The Department of the Attorney General and the Hawaii Community Development Authority submitted written comments on this measure.

Your Committee notes that members of the community have expressed concern over the level of public input that the Hawaii Community Development Authority accepts prior to making its decisions, as well as the Authority's responsiveness toward community concerns. Your Committee finds that this measure will increase the accountability of the Hawaii Community Development Authority, raise community engagement in the development process, and establish a more transparent process for approving development projects.

Your Committee has amended this measure by:

- (1) Clarifying the requirement that the Hawaii Community Development Authority provide various documents to all members of the Legislature; and
- (2) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2697, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2697, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 2828 Ways and Means on S.B. No. 2540**

The purpose and intent of this measure is to establish a rental deposit loan program to assist low-income, elderly, and homeless individuals and families in obtaining rental housing by providing loans for security deposit and first month's rent payments.

The measure also appropriates \$5,000,000 to establish the rental deposit loan program.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation and EAH Housing.

Your Committee finds that one of the most difficult problems faced by low-income, elderly, and homeless persons in obtaining housing is the necessity of paying a security deposit in addition to paying the first month's rent. Your Committee believes that the rental deposit loan program established by this measure will help the State's vulnerable populations obtain adequate and stable permanent rental housing.

Your Committee has amended this measure by:

- (1) Clarifying that the security deposit will be returned to the tenant when the tenant vacates the premises;
- (2) Clarifying that the staff of the nonprofit organization assigned to administer the program shall provide information to prospective tenants on relevant provisions of the Residential Landlord-Tenant Code;
- (3) Clarifying that the staff of the nonprofit organization shall be available to property owners and tenants during normal business hours to answer questions or complaints about the program;
- (4) Changing the appropriation to an unspecified amount to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2540, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2540, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2829 Ways and Means on S.B. No. 2517**

The purpose and intent of this measure is to address public charter school infrastructure needs.

Specifically, the measure:

- (1) Authorizes the State Public Charter School Commission to request the issuance of general obligation bonds to fund the design, planning, construction, repair, and maintenance of charter school facilities;
- (2) Authorizes the issuance of such bonds and appropriates the proceeds therefrom for fiscal year 2014-2015 for the purposes of this measure; and
- (3) Establishes the charter school facilities funding working group to prioritize the allocation of general obligation proceeds and requires an annual report to the Legislature on general obligation bond proceeds expenditures.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, the State Public Charter School Commission, Hawaii State Teachers Association, Kanu o ka Aina NCPCS, Hawaiian Educational Council, Hawaii Public Charter Schools Network, and thirteen individuals. Two individuals submitted written comments on this measure.

Your Committee notes that the repair, maintenance, and construction of charter school facilities must be expended from operational funds of the schools. Your Committee finds that authorizing the State Public Charter School Commission to request general obligation bonds from the Director of Finance will provide additional funding for charter schools to address facility shortcomings without expending operational funds.

Your Committee has amended this measure by:

- (1) Codifying in Chapter 302D, Hawaii Revised Statutes, relating to public charter schools, the provisions establishing the working group, the annual report, and the authority of the State Public Charter School Commission to request the issuance of general obligation bonds;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2517, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2517, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 2830 Ways and Means on S.B. No. 2977**

The purpose and intent of this measure is to create a five-year pilot project authorizing the Department of Education to contract for the design, planning, and installation of fourth generation modular design buildings to maximize resources and better meet the growing and changing needs of Hawaii's public school campuses.

This measure also appropriates funds for the Department of Education to enter into a multi-year contract pursuant to this measure.

Your Committee received no written comments on this measure.

Your Committee finds that many public schools in the State do not have facilities that are adequate to handle increased enrollment and continued growth. Your Committee believes that fourth generation modular design buildings provide flexibility in design and use, reduce construction and energy costs, and provide healthy learning environments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2977, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 2831 Ways and Means on S.B. No. 3094**

The purpose and intent of this measure is to allow each county to impose and enforce liens upon premises served for unpaid water or sewer charges after reasonable notice and after an opportunity for a hearing pursuant to chapter 91, Hawaii Revised Statutes.

In addition, this measure repeals the authority of the counties to take over from the State existing waterworks systems and sewer systems and to enlarge, develop, and improve those systems.

Written comments in opposition were received from the Hawaii Association of Realtors.

Your Committee finds that unnecessary costs and delays have prevented the counties from collecting on past due accounts for unpaid water or sewer charges. Your Committee further finds that granting each county the authority to impose and enforce liens, after giving proper notice, will provide additional revenues that the counties may direct towards needed repairs and improvements.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 3094, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 3094, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Dela Cruz, English, Keith-Agaran). Noes, none. Excused, 1 (Kouchi).

**SCRep. 2832 (Majority) Ways and Means on S.B. No. 2497**

The purpose and intent of this measure is to ensure continued tobacco regulation and enforcement of relevant tax laws.

More specifically, this measure:

- (1) Increases the annual license fee for persons engaged as a wholesaler or dealer of cigarettes or tobacco products from \$2.50 to \$250;
- (2) Increases the annual retail tobacco permit fee for retailers engaged in the retail sale of cigarettes and other tobacco products from \$20 to \$50; and
- (3) Specifies that revenue from the license and permit fees shall be used to support smoking cessation programs in the State.

Your Committee received written comments in support of this measure from the Coalition for a Tobacco-Free Hawaii and the American Cancer Society Action Network. Your Committee received written comments in opposition to this measure from the Hawaii Food Industry Association and the Hawaii Smokers Alliance. Your Committee received written comments on this measure from the Department of Taxation, Department of Health, and Department of Budget and Finance.

Your Committee finds that the annual license and permit fees imposed by the State are relatively low when compared to other states that impose similar fees. Your Committee also finds that the Hawaii Tobacco Prevention and Control Trust Fund is an appropriate mechanism to fund tobacco cessation programs in the State.

Your Committee has amended this measure by:

- (1) Changing the annual license and permit fees to unspecified amounts;
- (2) Deleting the requirement that general revenues from the license and permit fees be used to support smoking cessation programs in the State, in recognition that expenditure of general revenues is subject to specific legislative appropriation, and not earmarking by statute;
- (3) Replacing the deleted language with a requirement that revenues from the license and permit fees be deposited into the Hawaii Tobacco Prevention and Control Trust Fund to ensure that the revenues are used for tobacco prevention and control programs, as provided in section 328L-5, Hawaii Revised Statutes;
- (4) Changing the effective date to January 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 2497, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 2497, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 10; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 2833 Health on Gov. Msg. Nos. 572 and 573**

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, WEST OAHU SUBAREA

G.M. No. 572 FREDERICK SHAW, for a term to expire 6-30-2017; and

G.M. No. 573 EMELYN KIM, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Frederick Shaw and Emelyn Kim to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Health Planning Council, West Oahu Subarea.

FREDERICK SHAW

Your Committee received testimony in support of the nomination of Mr. Shaw from the Department of Health and Kaiser Permanente.

Mr. Shaw received his Master of Business Administration and Bachelor of Science degrees from California State University. Mr. Shaw currently works as a Senior Analyst of Medical Economics at Kaiser Permanente. Prior to this position, Mr. Shaw worked as a Financial Analyst for Kaiser Permanente. In addition, Mr. Shaw has worked in information technology and finance positions at AlohaCare, Hawaii Medical Service Association, and Waianae Coast Comprehensive Health Center.

Your Committee finds that Mr. Shaw has an extensive background in health care. Your Committee further finds that Mr. Shaw is active in the community and has held key positions in many organizations, especially on the Waianae Coast. Mr. Shaw expressed to your Committee that he appreciates the opportunity to make decisions that affect the health care of individuals in West Oahu as a member of the Health Planning Council, West Oahu Subarea.

EMELYN KIM

Your Committee received testimony in support of the nomination of Ms. Kim from the Department of Health, Kapiolani Community College, and Honolulu Information Service, Inc.

Ms. Kim received a Master of Science degree in Counseling with Gerontological Specialization from San Francisco State University. She received a Bachelor of Arts degree in Psychology and Undergraduate Certificate in Aging from the University of Hawaii at Manoa.

Ms. Kim currently serves as a consultant and provides services relating to individual and family group counseling and caregiver training through her own business for kupuna care. She has worked with various non-profits and has a strong background in programs and services for an aging society. In addition, Ms. Kim developed educational programs for elder care at Kapiolani Community College.

Ms. Kim expressed to your Committee that she is looking forward to learning more about the legislative process through her appointment to the Health Planning Council, West Oahu Subarea. Your Committee finds that Ms. Kim's significant experience and expertise in health care support for elders and their caregivers make her a valuable resource to the Health Planning Council, West Oahu Subarea.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2834 Health on Gov. Msg. No. 574**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 574 ELAINE SLAVINSKY, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Elaine Slavinsky to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of the nomination of Ms. Slavinsky from the Department of Health.

Ms. Slavinsky received Master's degrees in Public Health and Educational Administration from the University of Hawaii. She received a Bachelor of Arts degree in Political Science from the University of Massachusetts. Additionally, Ms. Slavinsky received an Associate's degree in Nursing from Massachusetts Bay Community College.

Ms. Slavinsky is a registered nurse and is currently working with the Maui County Office on Aging on a discharge planning contract. From 1979 to 2011, Ms. Slavinsky served in important positions with health care organizations, including Program Director for the Alzheimer's Association in Maui, Clinical Director for Hospice Maui, and Director of Nursing for Maui Memorial Medical Center.

Ms. Slavinsky's community service includes chairing the Tri-Isle Subarea Health Council, as well as serving on the Drug Free Hawaii's Speaker Bureau, Maui County Mayor's Health Council, Hawaii College of Traditional Oriental Medicine, and Disaster

Medical Assistance Team. Your Committee finds that Ms. Slavinsky's extensive knowledge, professional experience, and community service will be great assets to the Health Planning Council, Tri-Isle Subarea.

Your Committee notes that an amendment was made to correct a typographical error in the nominee's name as stated on Governor's Message No. 574.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2835 Health on Gov. Msg. No. 575**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, KAUAI SUBAREA

G.M. No. 575 KATHLEEN CLARK, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Kathleen Clark to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Health Planning Council, Kauai Subarea.

Your Committee received testimony in support of the nomination of Ms. Clark from the Department of Health; Office of the Mayor, County of Kauai; and Hawaii Pacific Health.

Ms. Clark received a Master of Business Administration degree from the University of Redlands, Bachelor of Science degree in Nursing from California State University, Bachelor of Science in Nursing Completion Program from Grand View College, and Associate's degree in Nursing from Des Moines Area Community College.

Ms. Clark currently serves as President and Chief Executive Officer of Wilcox Memorial Hospital, a seventy-one bed acute care facility in Lihue, Kauai. Prior to joining the Wilcox Memorial Hospital, Ms. Clark worked at the Riverside San Bernardino County Indian Health, Inc.; Community Hospital of Monterey Peninsula; Desert Regional Medical Center; Santa Barbara Cottage Hospital; Mercy Hospital Medical Center; and Story County Hospital.

Your Committee finds that Ms. Clark is an active community leader and shows a deep commitment to the caring and well-being of the people of Kauai. Ms. Clark serves on the Kauai Rural Health Board, Kauai Economic Development Board, Kauai Chamber of Commerce, and Kauai Filipino Chamber of Commerce.

Your Committee finds that Ms. Clark has over three decades of experience in health care. Your Committee further finds that Ms. Clark's knowledge, expertise, and experience make her a valuable resource to the Health Planning Council, Kauai Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2836 Agriculture on Gov. Msg. No. 521**

Recommending that the Senate advise and consent to the nomination of the following:

MOLOKAI IRRIGATION SYSTEM WATER USERS ADVISORY BOARD

G.M. No. 521 ROGERENE ARCE, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rogerene Arce to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Molokai Irrigation System Water Users Advisory Board.

Your Committee received testimony in support of this nominee from the Department of Agriculture; Maui County Council; Hawaii Farm Bureau Federation; Molokai Farm Bureau; College of Tropical Agriculture and Human Resources, Cooperative Extension Service at the University of Hawaii at Manoa; Monsanto; Maui County Farm Bureau; and three individuals.

Ms. Arce is a long-time resident of Molokai and holds an agricultural homestead lease from the Department of Hawaiian Home Lands where she raises livestock. She is currently a Manufacturing Technician for Monsanto and an interim member of the Molokai Irrigation System Water Users Advisory Board, representing non-homestead farmer users. Ms. Arce has a wealth of experience in the agricultural industry on Molokai. Among other jobs, she worked for several years as a Papaya Inspector and later as a Junior Extension Agent for the Hawaiian Home Lands Education Program with the University of Hawaii at Manoa, where she worked closely with subsistent growers, commercial farmers, and 4-H youth for seventeen years. She possesses a Bachelor of Science in Agriculture and has extensive knowledge and experience in farm planning, crop development, native plants, hydroponics, agroforestry, subsistence gardening, and poultry production. As a farmer, teacher, and community advocate, Ms. Arce is intimately familiar with the Molokai Irrigation System and will be an asset to the Molokai Irrigation System Water Users Advisory Board.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Wakai).

**SCRep. 2837 (Joint) Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 29**

The purpose and intent of this measure is to urge the State to take the same position as the City and County of Honolulu to develop Kapolei as the “Second City”.

Your Committees did not receive any testimony on this measure.

Your Committees find that in the early 1970s, the City and County of Honolulu’s Planning Department began a general plan revision program that focused on directing growth to Ewa. The general plan revision program culminated with the adoption of a new Oahu general plan in 1977 and designated the city of Kapolei as a “Secondary Urban Center” in order to “relieve developmental pressures in the urban fringe and rural areas”. Because such development would ideally provide relief from horrific traffic congestion and more evenly distribute the rapidly increasing population, the State, county agencies, private developers, and former Governor John Waihee began advocating for urban development in other regions of Oahu.

Your Committees further find that developing Kapolei as a “Second City” will be a prime example of state and county coordination in meeting the housing and population problems on Oahu, which will help direct future legislation toward more economic development, including jobs, housing, emerging industries, and education, to Leeward Oahu.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 29 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, English).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 2838 (Joint) Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs on S.R. No. 10**

The purpose and intent of this measure is to urge the State to take the same position as the City and County of Honolulu to develop Kapolei as the “Second City”.

Your Committees did not receive any testimony on this measure.

Your Committees find that in the early 1970s, the City and County of Honolulu’s Planning Department began a general plan revision program that focused on directing growth to Ewa. The general plan revision program culminated with the adoption of a new Oahu general plan in 1977 and designated the city of Kapolei as a “Secondary Urban Center” in order to “relieve developmental pressures in the urban fringe and rural areas”. Because such development would ideally provide relief from horrific traffic congestion and more evenly distribute the rapidly increasing population, the State, county agencies, private developers, and former Governor John Waihee began advocating for urban development in other regions of Oahu.

Your Committees further find that developing Kapolei as a “Second City” will be a prime example of state and county coordination in meeting the housing and population problems on Oahu, which will help direct future legislation toward more economic development, including jobs, housing, emerging industries, and education, to Leeward Oahu.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 10 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 5. Noes, none. Excused, 2 (Chun Oakland, English).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 2839 Agriculture on Gov. Msg. No. 522**

Recommending that the Senate advise and consent to the nomination of the following:

CHAIRPERSON, DEPARTMENT OF AGRICULTURE

G.M. No. 522 SCOTT ENRIGHT, for a term to expire 12-1-2014

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Scott Enright to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated as the Chairperson of the Board of Agriculture.

Your Committee received testimony in support of this nominee from Governor Neil Abercrombie; Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; Office of Planning; Department of Transportation; Department of Labor and Industrial Relations; Department of Accounting and General Services; Department of Budget and Finance; Department of Human Resources Development; Department of Hawaiian Home Lands; Commission on Water Resource Management;

County of Hawaii Department of Research and Development; University of Hawaii at Hilo; Agribusiness Development Corporation; Ulupono Initiative; Maui Cattle Company; 4 Ag Hawaii; Kukaiaiu Ranch, LLC; Hawaii Cattlemen's Council, Inc.; Ponoholo Ranch, Ltd.; Kualoa Ranch; Hawaii Tropical Flowers & Foliage Association, Kauai Chapter; Armstrong Produce; Syngenta Hawaii; Monsanto Co.; Meadow Gold Dairies; Sugarland Growers Inc.; KK Ranch; Paina Hawaii; Kauai County Farm Bureau; Hawaii Aquaculture & Aquaponics Association; Greenwell Farms; Hawaii Food Industry Association; Hawaii Fish Company Inc.; Hawaii Agriculture Research Center; Royal Kona Coffee Visitor Center Mill & Museum; Hawaii Coffee Association; Hawaii Farm Bureau Federation; Molokai Farm Bureau; Hawaii Food Manufacturers Association; Hawaii Coffee Growers Association; Kona Coffee Council; Kauai Island Utility Cooperative; Nalo Farms, Inc.; Hawaiian Landscape Company; Matsuda-Fukuyama Farms; Alexander & Baldwin, Inc.; Nature Conservancy; Young Brothers; Maui County Farm Bureau; Building Industry Association; DuPont Pioneer; Hashimoto Persimmon Farms; Hawaii Regional Council of Carpenters; Hawaii Green Growth; The Chamber of Commerce of Hawaii; Kalama Evans Construction, LLC; Kanalani Ohana Farm; Tea Chest; Kohala Center; Hawaii Laborers-Employers Cooperation and Education Trust; Hawaii 4-H Council; Aloha Products; RMA Sales; Coordinating Group on Alien Pest Species; Hawaii Crop Improvement Association; Hawaii Floriculture and Nursery Association; and sixty-nine individuals. Your Committee received testimony in opposition to the nominee from three individuals. Your Committee received comments from two individuals.

Mr. Enright earned a Bachelor's degree in Psychology and Philosophy from the University of Hawaii at Hilo. He went on to earn a Master of Science in Conflict Analysis and Resolution from George Mason University. Throughout his career, Mr. Enright has held a number of positions providing him with a wealth of experience in the agricultural industry in Hawaii. He served as the Orchard Superintendent for Kilauea Agronomic, managing field operations for a 500 acre guava orchard; as the Cultivation and Irrigation Superintendent for Hamakua Sugar Company, managing a 30,000 acre sugar plantation; as a Project Manager for ITC Water Management, Inc.; and as a Consultant to Cordon Technologies, LLC, planning and developing innovative agricultural techniques and conservation processes to increase food and energy independence and security on the Big Island. Since February 2012, he has served as Deputy to the Chairperson of the Board of Agriculture.

Mr. Enright has also served on a number of commissions and boards in the community, including the Community Development Plan Steering Committee for Hamakua District, Environmental Management Commission for the County of Hawaii, and Hilo-Hamakua Community Development Corporation Board, and as Chair of the Board of the Agribusiness Development Corporation. He is currently the Co-Chair of the Hawaii Invasive Species Council and the Interim Chairperson of the Board of Agriculture. Along with Mr. Enright's tremendous leadership and managerial skills, his extensive experience in sustainable agriculture and water management makes him ideally suited to be the Chairperson of the Board of Agriculture.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 2840 Health on Gov. Msg. Nos. 568 and 569**

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, MAUI SERVICE AREA BOARD

G.M. No. 568 LUCAS BRUNO, for a term to expire 6-30-2018; and

G.M. No. 569 ROBERT COLLESANO, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Lucas Bruno and Robert Collesano to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Mental Health and Substance Abuse, Maui Service Area Board.

LUCAS BRUNO

Your Committee received testimony in support of the nomination of Mr. Bruno from the Department of Health.

Your Committee notes that Mr. Bruno received a Master of Arts degree in Marriage and Family Therapy from Argosy University. He holds professional licenses for Marriage and Family Therapy and Acupuncture in Hawaii. Additionally, Mr. Bruno is certified as a Substance Abuse Counselor and Diplomate in Co-occurring Disorders by the Alcohol and Drug Abuse Division in Hawaii.

Your Committee finds that Mr. Bruno currently serves as a Psychiatric Social Worker. Prior to this position, Mr. Bruno worked as a Senior Probation Officer in the justice system. He is a member of the American Association of Marriage and Family Therapists.

Your Committee further finds that Mr. Bruno is a seasoned clinician who works closely with persons living with mental illness. Mr. Bruno understands the needs of this population and the systems that serve them, and he will be an asset to the Mental Health and Substance Abuse, Maui Service Area Board.

ROBERT COLLESANO

Your Committee received testimony in support of the nomination of Mr. Collesano from the Department of Health.

Mr. Collesano received a Bachelor of Arts degree in Sociology from Georgetown University and engaged in studies toward a Master's of Theology at St. John's College. Additionally, Mr. Collesano has certification training for computer networking and hardware repair.

Mr. Collesano has over twenty-five years of experience providing direct services to adults and adolescents with substance abuse, mental illness, and developmental delay challenges. He currently serves as the Maui County Director of Mental Health America of Hawaii. As Director, Mr. Collesano manages all aspects of the Maui branch, including working with the local advisory board,

fundraising, and coordinating with the statewide office to provide Maui with mental health and substance abuse education, advocacy, and support services.

Your Committee finds that Mr. Collesano has a passion for helping adults and children living with mental illness and substance abuse, as evidenced by his work as a case manager, counselor, supervisor, and director of programs in Florida, New York, and Hawaii. Your Committee further finds that Mr. Collesano will provide the Mental Health and Substance Abuse, Maui Service Area Board with a wealth of knowledge, experience, and expertise.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2841 Health on Gov. Msg. Nos. 570 and 571**

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE HEALTH COORDINATING COUNCIL

G.M. No. 570 THOMAS SCOTT GALLACHER, for a term to expire 6-30-2018; and

G.M. No. 571 NORA NOMURA, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Thomas Scott Gallacher and Nora Nomura to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Statewide Health Coordinating Council.

THOMAS SCOTT GALLACHER

Your Committee received testimony in support of the nomination of Dr. Gallacher from the Department of Health.

Dr. Gallacher received a Doctor of Medicine degree from the John A. Burns School of Medicine, University of Hawaii. He received a Master of Science degree in Pharmacology from the University of Hawaii and Bachelor of Science degree in Biological Sciences from the University of Southern California. Additionally, Dr. Gallacher is certified by the American Board of Internal Medicine in Critical Care, Pulmonology, and Internal Medicine.

Dr. Gallacher currently serves as the Medical Director of the Medical Intensive Care Unit at The Queen's Medical Center. In addition to his director position, Dr. Gallacher works as an Intensivist at The Queen's Medical Center, as well as an Assistant Professor of Medicine at the John A. Burns School of Medicine, University of Hawaii.

Your Committee finds that Dr. Gallacher is committed to serving the people of Hawaii, as evidenced by his most recent effort to create and support a Pulmonary Medicine Clinic on Molokai. Through his position in the Department of Medicine at The Queen's Medical Center, Dr. Gallacher is responsible for leading Native Hawaiian Health projects, which result in fewer readmissions to the hospital for Native Hawaiian patients. Dr. Gallacher's significant experience and knowledge in medical care have proven to be valuable resources to the Statewide Health Coordinating Council, and he will continue to contribute to the Council's efforts with his reappointment.

NORA NOMURA

Your Committee received testimony in support of the nomination of Ms. Nomura from the Department of Health, Mestizo Association, and Hawaii Government Employees Association.

Ms. Nomura received a Bachelor of Arts degree from the University of Hawaii at Manoa. For over thirty years, Ms. Nomura devoted her professional career to the Hawaii Government Employees Association. In 2011, Ms. Nomura retired from the Hawaii Government Employees Association as the Deputy Executive Director. While at the Hawaii Government Employees Association, Ms. Nomura provided representation for almost 28,000 union members in contract negotiation and enforcement; bargaining unit governance, training, and education; legislative and political action; and community service.

Ms. Nomura has served as a board member of the Aloha United Way, Domestic Violence Action Center, AFL-CIO, and various other state boards and commissions, including the Board of Speech Pathology and Audiology, Real Estate Commission, and Patsy T. Mink Commission. Your Committee finds that Ms. Nomura's professional experience and public service make her an ideal candidate for the Statewide Health Coordinating Council. Your Committee further finds that Ms. Nomura will greatly enhance the Statewide Health Coordinating Council's ability to engage in community initiatives and health planning.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2842 Health on Gov. Msg. No. 511**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII HEALTH SYSTEMS CORPORATION

G.M. No. 511 ANTONETTE TORRES, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Antonette Torres to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Health Systems Corporation.

Your Committee received testimony in support of the nomination of Ms. Torres from the Department of Health; Hawaii Health Systems Corporation; Kauai Region Board, Hawaii Health Systems Corporation; and three individuals.

Ms. Torres received a Bachelor of Science degree in Nursing from the University of Hawaii at Manoa.

Ms. Torres currently serves as the Public Health Nursing Director for the Kauai District Health Office of the Department of Health. In this capacity, Ms. Torres assures the service delivery of core functions of public health nursing in the areas of health and wellness, communicable diseases, school health, and emergency preparedness.

Your Committee notes that Ms. Torres is very involved in public service as a member of the Community Health Needs Assessment Steering Committee, volunteer for the Medical Reserve Corps, and lead organizer of Tropic Care Kauai. Additionally, Ms. Torres has been awarded numerous honors, including the Humanitarian Award for Health from the Kauai Rotary and Health Professional of the Year from the Kauai Filipino Chamber of Commerce.

Your Committee finds that Ms. Torres has extensive administrative and public health expertise, as well as a proven track record of strong, decisive, and visionary leadership. Ms. Torres has a passion for health care, as demonstrated through her involvement in numerous public health fairs and immunization clinics. Your Committee further finds that Ms. Torres' continued contributions as a member of the Board of Directors of the Hawaii Health Systems Corporation will serve the future of Hawaii very well.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2843 Health on Gov. Msg. No. 576**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HONOLULU SUBAREA

G.M. No. 576 LEONARDINE NELSON, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Leonardine Nelson to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Health Planning Council, Honolulu Subarea.

Your Committee received testimony in support of the nomination of Ms. Nelson from the Department of Health.

Ms. Nelson received a Master of Science degree in Healthcare Management and a Bachelor of Science degree in Business Management from California Coast University. Ms. Nelson also received an Associate of Arts degree in Liberal Arts from the University of Hawaii. In addition, Ms. Nelson received a vocational nurse license from Los Angeles Unified City Schools.

Since 1996, Ms. Nelson has served as the Director for the Medicare Quality Improvement Organization for Hawaii, Guam, America Samoa, and the Commonwealth of the Northern Mariana Islands. As Director, Ms. Nelson oversees the administration of the Medicare Quality Improvement Organization contract requirements through strategic staffing, services, and cost-effective financial management. She also works with many community stakeholders who advocate for or work with Medicare beneficiaries across Hawaii and the Pacific. In the past, Ms. Nelson held various positions in the health care industry, which include working in hospitals as the Director of Staff Development, Utilization Review Coordinator, Coding Specialist, and Staff Nurse.

Your Committee finds that Ms. Nelson has a vast knowledge of the health care system. Your Committee further finds that Ms. Nelson's expertise and experience will enable her to improve health care services through her contributions to the Health Planning Council, Honolulu Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 2844 Technology and the Arts on Gov. Msg. No. 559**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII HISTORIC PLACES REVIEW BOARD

G.M. No. 559 GEORGE CASEN, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Mr. Casen to possess the requisite qualifications to be nominated to the Hawaii Historic Places Review Board for a second term.

Your Committee received testimony in support of the nomination of Mr. Casen from the Department of Land and Natural Resources and eight individuals.

Mr. Casen has seventeen years of experience as an architectural historian, including seven years of experience as an environmental planner. He is a graduate of the State University of New York at Stony Brook and has a Master of Science in Secondary Education and History from Long Island University, New York, and a Master of Urban and Regional Planning and Graduate Certificate in Historic Preservation from the University of Hawaii at Manoa.

Mr. Casen has served on the Hawaii Historic Places Review Board since July 2011. He has attended every meeting during his appointment and remains dedicated to the preservation of significant historic sites. As an architectural historian and environmental planner, Mr. Casen brings a unique and thoughtful perspective to the Hawaii Historic Places Review Board.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 2845 Education on H.B. No. 2598**

The purpose and intent of this measure is to:

- (1) Rename the Hawaii 3R's school repair and maintenance fund as the Hawaii 3R's school improvement fund; and
- (2) Require the transfer of monies collected pursuant section 235-102.5(b), Hawaii Revised Statutes, and any other monies received in the form of grants and donations for school-level improvement and minor repairs and maintenance to the Hawaii 3R's school improvement fund.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii 3R's, and Hawaiian Electric Company.

Your Committee finds that for more than a decade, Hawaii 3R's has provided a valuable service of bringing much needed improvements to the State's public schools. Section 235-102.5(b), Hawaii Revised Statutes, enables taxpayers to elect to make donations toward the school-level minor repairs and maintenance special fund by checking off a box on their individual income tax return. When passed, the section was intended to facilitate funding for the repair and maintenance of Hawaii's public schools. This measure ensures that the monies received through the taxpayer-elected donations are transferred to Hawaii 3R's for the continued improvement of Hawaii's schools.

This measure also recognizes Hawaii 3R's changing role in building a greater sense of community around the schools it assists and allows monies to be applied to projects that facilitate a broader array of educational purposes.

Your Committee has amended this measure by inserting an effective date of July 1, 2014.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2598, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2598, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2846 Economic Development, Government Operations and Housing on H.B. No. 2626**

The purpose and intent of this measure is to establish a temporary, nonrefundable income tax credit for taxpayers who incur certain expenses for manufacturing products in Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; High Technology Development Corporation; The Chamber of Commerce of Hawaii; Hawaii Strategic Development Corporation; Hawaii Farm Bureau; Hawaii Food Industry Association; Meadow Gold Dairies; and KYD, Inc. dba K. Yamada Distributors. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that as one of the most isolated land masses on Earth, Hawaii must import approximately ninety percent of all products consumed annually. However, manufacturers in Hawaii produce goods that are in demand across the United States and around the world. Thus, developing and supporting manufacturing in Hawaii could serve two purposes. First, in-state manufacturing could reduce Hawaii's need to import consumer products. Second, Hawaii could export more products made in state, leading to greater economic development.

Your Committee further finds that providing a manufacturing tax credit would provide financial benefits to manufacturers in Hawaii, thereby increasing their growth. The tax credit would also encourage other manufacturers to begin operations in Hawaii, thereby strengthening Hawaii's economy.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 3082, S.D. 2, Regular Session of 2014, which are substantively similar, except that:
  - (A) The amount of the tax credit, as a percentage of the qualified manufacturing costs incurred during the taxable year, is blank;
  - (B) The cap on manufacturing tax credits that may be claimed per taxpayer is blank; and
  - (C) The effective date is July 1, 2050; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2626, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2626, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Thielen).

**SCRep. 2847 Economic Development, Government Operations and Housing on H.B. No. 1702**

The purpose and intent of this measure is to create a capital infrastructure tax credit for tenants displaced by the Kapalama container terminal project and banks and other financial corporations for costs related to capital investments on state land incurred due to the displacement.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii, Pacific Shipyards International, and seventy individuals. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Transportation and Tax Foundation of Hawaii.

Your Committee finds that development of a new overseas container terminal and piers at the lower Kapalama military reservation site requires improvements on fast and submerged lands associated with piers twenty-four through twenty-eight to accommodate maritime dependent operators at Kapalama who are to be evicted and displaced. The total cost for the proposed master plan at the Kapalama site is estimated to be \$243,000,000. However, none of these funds will go toward assisting displaced maritime and waterfront dependent tenants of the Kapalama site. These tenants must find ways to finance not only their move, but also significant capital improvements to state-owned land.

Your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 2322, S.D. 2, which are substantively similar, except that the measure:

- (1) Allows investors who make investments in qualified infrastructure tenants, rather than the qualified infrastructure tenants, to qualify for the capital infrastructure tax credit;
- (2) Defines "capital infrastructure costs" to mean capital expenditures, as defined in Section 263 of the Internal Revenue Code and the regulations promulgated thereunder; provided that the capital expenditures are paid or incurred in connection with the displaced tenant's move of the tenant's current active trade or business to the tenant's new location;
- (3) Recaptures an unspecified percentage of the capital infrastructure tax credit if the qualified infrastructure tenant does not meet certain conditions at the close of any taxable year;
- (4) Requires the Director of Taxation to prepare any forms that may be necessary to claim a credit under this measure; and
- (5) Has an effective date of July 1, 2050, and does not include a repeal date.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1702, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1702, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Thielen).

**SCRep. 2848 Economic Development, Government Operations and Housing on H.B. No. 2611**

The purpose and intent of this measure is to establish a State Capitol Management Committee to oversee the general operation and management of the Hawaii State Capitol and its grounds and facilities.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Public Safety, and one individual.

Your Committee finds that the facilities and grounds of the Hawaii State Capitol hold a unique and special place in the hearts of the citizens of the State. Its unique, welcoming architecture symbolizes Hawaii's spirit of Aloha and island community and is the place where the State's constitutionally established legislative process is exercised. As the Legislature occupies three-quarters of the State Capitol building and is a branch of government separate from that of the Department of Accounting and General Services, which maintains the State Capitol, your Committee finds that the Legislature should have more direct input into the operations and management of the building. Separate operations and management oversight should be established to ensure that the facilities and grounds of the Hawaii State Capitol are secure, properly maintained, and operated in a manner that meets the needs and expectations of its tenants and the general public.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2611, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2611, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Thielen).

**SCRep. 2849 Economic Development, Government Operations and Housing on H.B. No. 2253**

The purpose and intent of this measure is to:

- (1) Expand funding sources to support the Hawaii Film Studio and Office and film and digital media industry development within the Department of Business, Economic Development, and Tourism;
- (2) Repeal statutory sections relating to the Hawaii Television and Film Development Board, which has been inactive for many years and no longer serves its original purpose;
- (3) Require Hawaii film and digital media development special fund movies to be used by the Department of Business, Economic Development, and Tourism for purposes that benefit the Hawaii Film Studio and Office and the digital media industry; and
- (4) Appropriate funds into the Hawaii film and digital media development special fund and to be expended by the Department of Business, Economic Development, and Tourism.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Hawaii has the status of being a dynamic and stunning film production center and is also blessed with a vibrant and growing entertainment economy. According to the Department of Business, Economic Development, and Tourism, film production activity is on the rise and on course to increase in 2014. This rise in activity is expected to have a positive impact on the economy of Hawaii through job creation, increased tax revenues, and priceless marketing exposure for Hawaii's visitor industry on a global scale. However, the costs to support, manage, and maintain programs tasked with promoting and developing Hawaii as a film destination as well as the costs associated with maintaining the Hawaii Film Studio exceed present allocated funding. This measure provides a dedicated source of funding for this purpose.

Your Committee has amended this measure by:

- (1) Inserting, as part II of this measure, the contents of S.B. No. 2776, S.D. 2, which:
  - (A) Requires the Board of Directors of the High Technology Development Corporation to establish a creative film and media park to facilitate economic growth of the creative film and media industry by locating film and media entities in a designated geographic hub;
  - (B) Designates certain properties to be included in a creative film and media park; and
  - (C) Appropriates funds to establish the creative film and media park; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2253, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2253, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Thielen).

**SCRep. 2850 Economic Development, Government Operations and Housing on H.B. No. 2147**

The purpose and intent of this measure is to exempt the airport operation of concessions for wireless and communication services and for advertising from the public concession bidding process.

Your Committee received testimony in support of this measure from the Department of Transportation and Stadium Authority.

Your Committee finds that the rapid development of technology has altered the way in which advertising and sales are rendered. Similarly, communications technology evolves quickly to accommodate changing needs for connectivity and compatibility with personal hardware. As such, flexible procedures are needed within government contracts to ensure efficiency and best economic results.

Your Committee has amended this measure by:

- (1) Inserting language to also exempt the Stadium Authority's operation of concessions for wireless and communication services and for advertising from the public concession bidding process; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2147, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Thielen).

**SCRep. 2851 Economic Development, Government Operations and Housing on H.B. No. 2188**

The purpose and intent of this measure is to repeal the Waialua loan and subsidy program, Kikala-Keokea housing revolving fund, and Kikala-Keokea infrastructure development fund.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Housing Finance and Development Corporation.

Your Committee finds that certain funds and programs are effectively non-functional, having fulfilled their intended purpose. Any monies still remaining in programs like the Waialua loan and subsidy program, Kikala-Keokea housing revolving fund, and Kikala-Keokea infrastructure development fund would serve the State more effectively if they were deposited into an active fund or to the credit of the general fund.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2188, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, Thielen).

**SCRep. 2852 Commerce and Consumer Protection on H.B. No. 1503**

The purpose and intent of this measure is to void rental agreement provisions that allow for the eviction of a tenant who has a valid certificate for the medical use of marijuana unless:

- (1) The rental agreement allows for eviction for smoking tobacco and the medical marijuana is consumed by smoking; or
- (2) The articles of incorporation, declaration, bylaws, administrative rules, house rules, association documents, or similar documents of a condominium property regime or planned community association prohibit the medical use of marijuana.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Drug Policy Action Group, American Civil Liberties Union of Hawai'i, and seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that although this measure makes some important clarifications about the use of medical marijuana by a tenant with a valid certificate for the medical use of marijuana, it does not introduce any new rights for Hawaii tenants. Rather, this measure clarifies that if smoking tobacco is banned in a residential setting, then smoking medical marijuana is also banned. However, absent a ban on tobacco smoking, the use of medical marijuana is not banned per se under this measure.

Although your Committee has heard the concerns that this measure gives tenants with a valid certificate for the medical use of marijuana protection against eviction in any circumstances, your Committee finds that these concerns do not accurately reflect the intent of this measure. If a tenant fails to pay rent or otherwise violates a specific lease provision, this measure does not shield that tenant from an eviction process that is unrelated to the medical use of marijuana. Your Committee further finds that the use of medical marijuana by a tenant, as proposed by this measure, is not intended to supersede other provisions in a rental agreement, such as timely payment of rent.

Finally, your Committee notes that should this measure be enacted, additional time will be necessary for rental agreement forms to be updated in conformance with the requirements of this measure.

Accordingly, your Committee has amended this measure by inserting an effective date of November 1, 2014.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1503, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1503, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2853 Commerce and Consumer Protection on H.B. No. 1579**

The purpose and intent of this measure is to clarify that money judgments, orders, and decrees are valid liens against all real property, including registered property, when properly recorded in the Bureau of Conveyances.

Your Committee received testimony in support of this measure from the Collection Law Section of the Hawaii State Bar Association, Hawaii Council of Associations of Apartment Owners, Community Association Institute, and two individuals.

Your Committee finds that the current process for a judgment creditor to encumber the property of a judgment debtor that has been registered with the Land Court is complex and burdensome. This measure simplifies the process for judgment creditors to attach money judgment liens to registered property without having to amend the judgment or attach a flysheet when presenting the judgment to the Assistant Registrar of the Land Court. This streamlined process will therefore reduce confusion and save time and money for attorneys, individuals, and businesses.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1579, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2854 Commerce and Consumer Protection on H.B. No. 2275**

The purpose and intent of this measure is to amend Hawaii's Mortgage Rescue Fraud Prevention Act by:

- (1) Clarifying the definition of "distressed property consultant"; and
- (2) Specifying that only attorneys licensed to practice law in the State of Hawaii are exempt from the definition of "distressed property consultant".

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs and Hawaii Credit Union League.

Your Committee finds that mortgage rescue schemes continue to plague distressed property owners in Hawaii. The amendments in this measure pertaining to the definition of "distressed property consultant" will therefore assist the Office of Consumer Protection's enforcement of the Mortgage Rescue Fraud Prevention Act, codified as chapter 480E, Hawaii Revised Statutes, against all persons involved in a mortgage rescue scheme.

Your Committee further finds that persons who have provided services to distressed property owners have attempted to evade compliance with chapter 480E, Hawaii Revised Statutes, by claiming they are not distressed property consultants or that they fall under the chapter's attorney exemption because they are, or performed services in connection with, out-of-state attorneys. This measure makes it clear that only attorneys licensed to practice law in the State of Hawaii fall under the attorney exemption in chapter 480E, Hawaii Revised Statutes, ensures compliance with federal regulations, and ensures that all attorneys performing distressed property consulting in the State are subject to the Hawaii Rules of Professional Conduct and the jurisdiction of Hawaii's Office of Disciplinary Counsel.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2275, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2855 Commerce and Consumer Protection on H.B. No. 2513**

The purpose and intent of this measure is to require an attorney affirmation in a judicial foreclosure to be filed with the court at the time the mortgage foreclosure action is commenced.

Your Committee received testimony in support of this measure from the Hawaii Financial Services Association, Hawaii Bankers Association, Hawaii Credit Union League, and Mortgage Bankers Association of Hawaii. Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee finds that pursuant to Act 182, Session Laws of Hawaii 2012, attorneys who file judicial foreclosure complaints must submit an affirmation verifying the accuracy of the documents submitted. Your Committee further finds that this measure specifies that these attorney affirmations must be filed at the commencement of a mortgage foreclosure action. This measure conforms to existing practice and encourages compliance for attorneys who file judicial foreclosure complaints.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2513, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2856 Energy and Environment on H.B. No. 2509**

The purpose and intent of this measure is to appropriate funds to assist communities affected by discarded or abandoned tires by providing funds for programs promoting the removal of abandoned tires that have been illegally dumped from the landscape, including funding county abandoned tire removal programs.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii County Department of Environmental Management, Hawaii Automobile Dealers Association, Mikilua Valley Community Association, and four individuals.

Your Committee finds that discarded motor vehicle tires continue to blight Hawaii's neighborhoods, particularly in rural and isolated areas. With the repeal of the motor vehicle tire surcharge, the Department of Health lost a vital source of funding to promote tire recovery and prevent illegal dumping, and the subsequent personnel and operating budget cuts have made it difficult to address this critical issue.

Your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$250,000; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2509, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2509, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2857 Water and Land on S.C.R. No. 12**

The purpose and intent of this measure is to authorize the issuance of a lease and easement of certain submerged lands at Manele Bay, Lana'i, To Lana'i Resorts, LLC.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Pulama Lana'i, Manele Harbor Advisor Committee, and Trilogy Excursions.

Your Committee finds that the Legislature authorized the issuance of a similar lease and easement to Castle & Cooke, Inc., who then renamed the corporation to Lana'i Resorts, LLC, which was subsequently purchased by Larry Ellison. The initial lease and easement called for a marina to be built, but after the recent tsunami events it was determined that a marina would not be feasible in this area and a single floating dock would be more appropriate. In consideration of today's growth with Lana'i as a destination point, the Division of Boating and Ocean Recreation has determined that a floating loading dock is much needed at the harbor and could be built to withstand another tsunami of moderate impact. The Department of Land and Natural Resources stated in testimony that it also appreciates Lana'i Resorts, LLC's, commitment to maintaining the Manele Small Boat Harbor landscaping and ferry passenger waiting areas.

The Board of Land and Natural Resources voted on November 8, 2013, to authorize the termination of the lease and easements executed with Castle & Cooke Resorts, LLC, and to authorize the issuance of a new fifty-five year lease and easement by way of direct negotiation with Lana'i Resorts, LLC, of certain submerged lands and fast lands at Manele Small Boat Harbor on the island of Lana'i identified as tax map key (2) 4-9-17:06. The new lease will provide for the construction, maintenance, and use of submerged lands for the floating and loading dock and for mooring approved by the Division of Boating and Ocean Recreation.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2858 Water and Land on S.C.R. No. 13**

The purpose and intent of this measure is to approve the sale of the leased fee interest in 41-669 Inoaole Street, Waimanalo, Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that the Hawaii Housing Finance and Development Corporation is seeking legislative approval to sell the leased fee interest in 41-669 Inoaole Street to its current leasehold owner. The property at 41-669 Inoaole Street is a single family home built in 1974 as part of Hale Aupuni, a 190-unit affordable for-sale housing development. The Corporation has met all statutory prerequisites to request approval of this sale. The fair market value of the leased fee interest in 41-669 Inoaole Street was determined to be \$46,900 as of July 1, 2013, by the Corporation's appraiser, Harlin Young & Co, Ltd.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2859 Water and Land on S.C.R. No. 16**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Heeia, Koolaupoko, Oahu, for the maintenance and repair of the existing pier, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that around 2012, the Department of Land and Natural Resources worked with the owners, Bernice Bailey, Frederick Bailey, Jr., and Susan Koehler, to resolve the encroachment of a pier on state submerged lands fronting the property identified as Tax Map Key: (1) 4-6-001: seaward of 014, at Heeia, Koolaupoko, Oahu. On September 10, 2012, the Department's Office of Conservation and Coastal Lands determined the non-conforming status of the existing pier in view of the evidence shown on the aerial photo dated 1949. At its meeting of December 14, 2012, under agenda item D-13, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachment.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2860 Water and Land on S.C.R. No. 17**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Laie, Koolauloa, Oahu, for the maintenance and repair of the existing revetment and steps, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that on November 13, 2012, the Department of Land and Natural Resources, Office of Conservation and Coastal Lands indicated its support for the issuance of an easement to resolve the encroachments of a revetment and steps on state submerged lands fronting the property identified as Tax Map Key: (1) 5-5-002: seaward of 034, Laie, Koolauloa, Oahu. Around 2013, the Department worked with the owner, Bathtub Beach LLC, to resolve the encroachments.

At its meeting of May 24, 2013, under agenda item D-11, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachments.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2861 Water and Land on S.C.R. No. 18**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Niu, Honolulu, Oahu, for the maintenance and repair of the existing seawall and steps, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that around 2003, the Department of Land and Natural Resources worked with the owners, Mitch and Barbara D'Olier, to resolve the encroachments of a seawall and steps on state submerged lands fronting the property identified as Tax Map Key: (1) 3-7-002: seaward of 040, Niu, Honolulu, Oahu. On September 17, 2003, the Department's Office of Conservation and Coastal Lands determined that the seawall and steps were not conservation district violations and the Office had no objection to the issuance of an easement to resolve the encroachments. At its meeting of March 1, 2004, under agenda item D-2, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachments.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2862 Water and Land on S.C.R. No. 19**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kahaluu, Koolaupoko, Oahu, for the maintenance and repair of the existing landscaping area, concrete wall, and footing, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that around 2012, the Department of Land and Natural Resources worked with the owners, David Knox and Beverly Hoversland, to resolve the encroachments of a landscaping area, concrete wall, and footing on state submerged lands fronting the property identified as Tax Map Key: (1) 4-7-019: seaward of 078, Kahaluu, Koolaupoko, Oahu. On July 23, 2012, the Department's Office of Conservation and Coastal Lands determined that the encroachments predated the establishment of the conservation district established in 1964 and supported the issuance of an easement to resolve the encroachments. At its meeting of December 14, 2012, under agenda item D-14, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachments.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 19 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2863 Water and Land on S.C.R. No. 20**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Mokuleia, Waialua, Oahu, for the maintenance and repair of the existing seawall and concrete footing, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that around 2013, the Department of Land and Natural Resources worked with the owner, Gregory Michaels, to resolve the encroachments of an existing seawall and concrete footing on state submerged lands fronting the property identified as Tax Map Key: (1) 6-8-010: seaward of 021, Mokuleia, Waialua, Oahu. On January 24, 2013, the Department's Office of Conservation

and Coastal Lands indicated its support to the issuance of an easement to resolve the encroachments. At its meeting of May 24, 2013, under agenda item D-13, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachments.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2864 Water and Land on S.C.R. No. 21**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kualoa, Koolaupoko, Oahu, for the maintenance and repair of the existing seawall and steps, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that on July 20, 2012, the Department of Land and Natural Resources, Office of Conservation and Coastal Lands believed the owners should be offered an opportunity for the Board of Land and Natural Resources to consider a request for an easement to resolve the encroachments of a seawall and steps on state submerged lands fronting the property identified as Tax Map Key: (1) 4-9-009: seaward of 005, Kualoa, Koolaupoko, Oahu. Around 2013, the Department worked with the owner, Minatoya Real Estate, LLC, to resolve the encroachments. At its meeting of January 11, 2013, under agenda item D-11, the Board approved a grant of a 55-year non-exclusive easement to resolve the encroachments.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2865 Water and Land on S.C.R. No. 22**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Haleaha, Koolauloa, Oahu, for the maintenance and repair of the existing seawall, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources worked with the previous owner of the abutting property, Cho Gilger, to resolve the encroachment of a seawall that existed at the location before 1958 on state submerged lands fronting the property identified as Tax Map Key: (1) 5-3-006: seaward of 021, Haleaha, Koolauloa, Oahu. On June 25, 2003, the Department's Office of Conservation and Coastal Lands determined the seawall was constructed prior to the establishment of the conservation district in 1964. At its meeting of July 25, 2003, under agenda item D-12, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachment.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2866 Water and Land on S.C.R. No. 23**

The purpose and intent of this measure is to authorize the issuance of two term, non-exclusive easements covering a portion of state submerged lands at Mokuleia, Waialua, Oahu, for the maintenance and repair of the existing seawall and rock pile, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that around 2013, the Department of Land and Natural Resources worked with the owner, Sutton Family Partners, to resolve the encroachments of a seawall and rock pile on state submerged lands fronting the property identified as Tax Map Key: (1) 6-8-010: seaward of 014 and 015, Mokuleia, Waialua, Oahu. On January 24, 2013, the Department's Office of Conservation and Coastal Lands indicated its support to the issuance of two easements to resolve the encroachments. At its meeting of May 24, 2013, under agenda item D-12, the Board of Land and Natural Resources approved grants of two 55-year non-exclusive easements to resolve the encroachments.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2867 Water and Land on S.C.R. No. 24**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolauapoko, Oahu, for the maintenance and repair of the existing seawall, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that around 2001, the Department of Land and Natural Resources informed the owner, Yamashiro Investments, about the encroachment of a seawall, believed to be long established on state submerged lands, as confirmed by observations conducted by the Department, fronting the property identified as Tax Map Key: (1) 4-4-018: seaward of 069, Kaneohe, Koolauapoko, Oahu, and worked with the owner to resolve the encroachment. On September 20, 2002, the Department's Office of Conservation and Coastal Lands indicated its support for the issuance of an easement to resolve the encroachment. At its meeting of December 13, 2002, under agenda item D-9, the Board of Land and Natural Resources approved a grant of a 55-year non-exclusive easement to resolve the encroachment.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Galuteria, Ihara, Slom).

**SCRep. 2868 (Majority) Higher Education on H.B. No. 1652**

The purpose and intent of this measure is to create a five-year pilot project at the Daniel K. Inouye College of Pharmacy at the University of Hawaii at Hilo to ensure the financial self-sufficiency of the College.

Your Committee received testimony in support of this measure from the University of Hawaii at Hilo; University of Hawaii at Hilo College of Pharmacy; Office of the Mayor of the County of Hawaii; Friends of the Daniel K. Inouye College of Pharmacy; Hawai'i Island Chamber of Commerce; United Public Workers, AFSCME, Local 646, AFL-CIO; Hawai'i Island Economic Development Board; Hawai'i Construction Alliance; Walgreen Co.; Laborers' International Union of North America Local 368; and twenty-nine individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the Daniel K. Inouye College of Pharmacy at the University of Hawaii at Hilo (College of Pharmacy) should operate with financial autonomy from the University of Hawaii System. This measure allows for this autonomy by creating a five-year pilot program that requires a determination in 2018 of whether the College of Pharmacy should be continued based on whether it is able to fiscally sustain its operations.

Your Committee has amended this measure by:

- (1) Simplifying the purpose section to merely state that this measure is a law of statewide concern pursuant to article X, section 6, of the Hawaii State Constitution;
- (2) Establishing the five-year pilot plan as session law rather than codifying it in the Hawaii Revised Statutes;
- (3) Clarifying that the University of Hawaii System may, but is not required to, subsidize or provide financial assistance to the College of Pharmacy;
- (4) Removing language creating the Board of Governors of the College of Pharmacy;
- (5) Inserting language authorizing independent audits of the College of Pharmacy special fund upon the request of the Legislature;
- (6) Adding language to require the University of Hawaii at Hilo to annually report to the Legislature regarding the College of Pharmacy special fund, beginning on January 1, 2015;
- (7) Adding language to require the College of Pharmacy to submit annual financial and management reports to the Board of Regents, Governor, and Legislature no later than twenty days prior to the convening of the Regular Session of 2015 and ending with the Regular Session of 2019;
- (8) Removing language appropriating general revenues for the purposes of this measure;
- (9) Removing language authorizing the issuance of general obligation bonds for the construction of a facility to house the College of Pharmacy;
- (10) Removing language authorizing the issuance of general obligation bonds for the construction of a facility to house the College of Pharmacy, the debt service of which was required to be paid using monies from the College of Pharmacy special fund;
- (11) Removing language authorizing the Board of Regents of the University of Hawaii to issue revenue bonds to finance the costs of construction of a facility to house the College of Pharmacy;
- (12) Removing language appropriating funds out of the revenue bond proceeds to finance the costs of construction of a facility to house the College of Pharmacy;
- (13) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (14) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1652, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1652, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Slom). Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 2869 Higher Education on H.B. No. 1881**

The purpose and intent of this measure is to:

- (1) Amend the composition of the Hawaii State Center for Nursing Advisory Board (Advisory Board) by decreasing the number of voting members on the Advisory Board to nine;
- (2) Amend the membership of the Advisory Board to better facilitate the Hawaii State Center for Nursing's mission;
- (3) Clarify term limits and appointments of members to the Advisory Board; and
- (4) Amend certain powers and duties of the Advisory Board.

Your Committee received testimony in support of this measure from the University of Hawaii at Manoa School of Nursing and Dental Hygiene, Hawai'i State Center for Nursing, Blood Bank of Hawaii, American Association of Nurse Practitioners, Healthcare Association of Hawaii, and five individuals. Your Committee received comments on this measure from the Board of Nursing.

Your Committee finds that as the nursing profession transforms to meet a changing health care landscape, the ongoing process of developing a strategic plan requires the Hawaii State Center for Nursing to have an active, engaged Advisory Board with members capable of addressing workforce issues in a timely manner.

Your Committee further finds that the six labor organization positions on the Advisory Board have not been filled for many years. This has impeded the Advisory Board's ability to attain quorum for its monthly meetings and access relevant expertise. This situation has also prevented prospective candidates from sitting on the Advisory Board and sharing expertise in relevant areas such as nursing practice, research, education, administration, and financing care.

This measure will amend the composition of the Advisory Board to align itself more closely with other national nursing workforce centers and encourage collaboration of persons with the technical expertise, knowledge, and experience needed to assist the Hawaii State Center for Nursing fulfill its mission.

Your Committee notes that the Board of Nursing testified that, due to the Board of Nursing's collaborative working relationship with the Advisory Board, it is not necessary for the Board of Nursing to have a position on the Advisory Board. In addition, the Board of Nursing indicated that individuals with expertise in workforce issues would be helpful assets to the Advisory Board.

As such, your Committee has amended this measure by:

- (1) Removing the representative from the Board of Nursing as a voting member of the Advisory Board;
- (2) Increasing the number of non-nurse voting members of the Advisory Board from three to four and specifying that those members' background or experience may also include workforce or representation of hospitals and acute care hospitals in the State; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1881, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1881, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 2870 Higher Education on H.B. No. 1996**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate funds for the completion of the Maui Food Innovation Center capital improvement project at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i Community Colleges, University of Hawai'i Maui College, Hawaii Strategic Development Corporation, High Technology Development Corporation, and Hawaii Farm Bureau Federation.

Your Committee finds that the renovation and equipping of the Maui Food Innovation Center would improve the economic stability and capacity of farmers, ranchers, and fishermen; agricultural cooperatives; food entrepreneurs; existing small and mid-sized food companies; retail and food service establishments; Native Hawaiian cultural agriculture; and community food programs by providing access to research and development capabilities, food business planning, market research, quality assurance and food safety, product and process development, and other services not currently available in Maui County.

Your Committee further finds that the Maui Food Innovation Center will also build on the Maui Culinary Academy program at the University of Hawaii Maui College by providing faculty and students with opportunities for applied research, experiential learning, and workforce development and training within an expanding and evolving food industry.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1996, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 2871 Higher Education on H.B. No. 2142**

The purpose and intent of this measure is to:

- (1) Repeal the requirement that a private college or university show that it maintains profitability as a means of demonstrating financial integrity to the Department of Commerce and Consumer Affairs at the time of its application for authorization; and
- (2) Repeal section 304A-3153, Hawaii Revised Statutes, relating to procedures for complaints to the University of Hawaii concerning institutions of higher learning in the State.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and University of Hawai'i System.

Your Committee finds that Act 180, Session Laws of Hawaii 2013, identified the Department of Commerce and Consumer Affairs as the state entity that would perform the regulatory functions of authorizing post-secondary institutions and handling complaints against such institutions. Your Committee also finds that it is neither uncommon nor inappropriate for a school to have financial statements that do not reflect profitability in every year that it has been in operation. Since schools may incur a loss in any particular year but still maintain positive equity, your Committee finds that the deletion of the demonstration of profitability requirement, as proposed in this measure, is appropriate. This measure adds greater clarity to what is required of private colleges and universities with regard to demonstrating financial integrity when applying for authorization and minimizes redundancy in the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2142, and recommends that it pass Second Reading and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 2872 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. Nos. 548, 549, and 550**

Recommending that the Senate advise and consent to the nominations of the following:

CIVIL DEFENSE ADVISORY COUNCIL

- G.M. No. 548 RICHARD MINATOYA, for a term to expire 6-30-2018;  
G.M. No. 549 DOMINADOR COLOMA, for a term to expire 6-30-2018; and  
G.M. No. 550 RAYMOND JARDINE, JR., for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Richard Minatoya, Dominador Coloma, and Raymond Jardine, Jr., to possess the requisite qualifications to be nominated to the Civil Defense Advisory Council.

RICHARD MINATOYA

Your Committee received testimony in support of the nomination of Richard Minatoya from the Office of the Prosecuting Attorney of the County of Kauai and eight individuals.

Richard Minatoya currently serves on the Civil Defense Advisory Council and has proven to be a hardworking and contributing member. He is also a Supervising Deputy Prosecuting Attorney for the County of Maui. In his current position as a division head and in his former First Deputy Prosecutor position for the County of Kauai, Mr. Minatoya has completed several Emergency Management Institute and Federal Emergency Management Agency courses. He previously served as a Kauai County Council member, where he chaired the Committee on Public Safety/Intergovernmental Relations, which had jurisdiction over civil defense issues.

Mr. Minatoya received a Juris Doctor degree from and studied urban and regional planning at the University of Hawaii at Manoa. He received a Bachelor of Arts degree from the University of Southern California.

Your Committee finds that Mr. Minatoya's experience as a current member of the Civil Defense Advisory Council, extensive involvement in county government, previous civil defense work, broad legal experience, and commitment to public service will continue to provide a valuable perspective on the Civil Defense Advisory Council.

DOMINADOR COLOMA

Your Committee received testimony in support of the nomination of Dominador Coloma from four individuals.

Dominador Coloma currently serves as an interim member of the Civil Defense Advisory Council, where he consistently performs his professional and civil responsibilities. Mr. Coloma works as a United States Department of Housing and Urban Development inspector with the County of Hawaii Office of Housing and Community Development. For twenty-five years, he served the County of Hawaii as a member of the Hawaii Fire Department, retiring as the Deputy Fire Chief. Following Mr. Coloma's retirement, he served as a coordinator and instructor for the Fire Science Program at the University of Hawaii at Hilo.

Mr. Coloma received an Associate's degree in Fire Science from Hawaii Community College. He also received training in Fire Administration and Diesel Mechanics and as an Emergency Medical Technician and Helicopter Mechanic.

Your Committee finds that Mr. Coloma's experience as an interim member of the Civil Defense Advisory Council, emergency response credentials, fire science expertise, and sense of commitment will continue to benefit and add to the overall expertise of the Civil Defense Advisory Council.

RAYMOND JARDINE, JR.

Your Committee received testimony in support of the nomination of Raymond Jardine, Jr., from four individuals.

Raymond Jardine, Jr., currently serves on the Civil Defense Advisory Council and has shown dedication in his service. He is the President and Chief Executive Officer of Native Hawaiian Veterans, LLC, which focuses on services for the federal government in the areas of homeland security, counter terrorism, chemical-biological-radiological-nuclear-high yield explosives, unexploded ordnance remediation, and emergency management. Dr. Jardine retired as a Colonel from the National Guard after thirty-three years of service.

Dr. Jardine received a Doctor of Business Administration degree in Organizational Leadership from Rockville University; a Master's degree in National Strategic Studies from Army War College; a Master's degree in Organizational Management from the University of Phoenix; a Bachelor's degree in Business Management from Chaminade University; an Associate's degree in Liberal Arts from Honolulu Community College; and a Certificate in Public Administration from San Diego State University.

Your Committee finds that Dr. Jardine's experience as a member of the Civil Defense Advisory Council, emergency management and military background, business acumen, and educational achievements will continue to be beneficial to the Civil Defense Advisory Council.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2873 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. No. 551**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 551 JOYCE MATSUMORI-HOSHIJO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Joyce Matsumori-Hoshijo to possess the requisite qualifications to be nominated to the Hawaii Paroling Authority.

Your Committee received testimony in support of the nomination of Joyce Matsumori-Hoshijo from the Department of Public Safety, State Public Defender, and five individuals.

Joyce Matsumori-Hoshijo is a veteran attorney with a thorough knowledge of the State's criminal sentencing laws, as well as court proceedings. She has a private law practice, specializing in civil and criminal appeals. Ms. Matsumori-Hoshijo has twenty years of experience with the Office of the Public Defender in various trial and appellate positions, where she represented many clients before the Hawaii Paroling Authority. She received a Juris Doctor degree from the Hastings College of the Law and a Bachelor of Arts degree from the University of California, Berkeley.

Joyce Matsumori-Hoshijo currently serves as a member of the Hawaii Paroling Authority and is considered a highly qualified and senior member of the Hawaii Paroling Authority's Parole Board. Colleagues describe her as hardworking, professional, well-prepared, knowledgeable, collegial, and respectful. Your Committee believes that Ms. Matsumori-Hoshijo's experience as a current member of the Hawaii Paroling Authority, professional training and education, work experience, and thoughtful approach to decision making will continue to benefit and add to the overall expertise of the Hawaii Paroling Authority.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2874 Energy and Environment on H.B. No. 2618**

The purpose and intent of this measure is to establish an income tax credit, available as either an investment or utilization credit, for grid-connected energy storage properties with a capacity of at least one megawatt or one megawatt-hour that are installed and placed in service in the State during taxable years beginning after December 31, 2014, and before January 1, 2026.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Renewable Energy Action Coalition of Hawaii, Hawaii Solar Energy Association, Hawaii Renewable Energy Alliance, Blue Planet Foundation, Princeton Energy Group, Molokai Ranch, Hawaiian Electric Company, Sempra US Gas and Power, and two individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Public Utilities Commission; Tax Foundation of Hawaii; and Beacon Power, LLC.

Your Committee finds that energy storage is a key component of a modern, smart electrical grid and can help to maximize the use of indigenous renewable energy. Hawaii has successfully utilized a renewable energy tax credit to foster a sustainable local renewable

energy industry responsible for creating jobs, catalyzing statewide energy savings, improving our environment, and reducing greenhouse gas emissions.

Your Committee has amended this measure by:

- (1) Clarifying that the energy storage tax credit may be claimed as:
  - (A) An investment credit equal to not more than twenty percent of the basis for a grid-connected energy storage property first placed in service on or before December 31, 2020;
  - (B) An investment credit equal to not more than fifteen percent of the basis for a grid-connected energy storage property first placed in service after December 31, 2020, and on or before December 31, 2025;
  - (C) A utilization credit equal to 8 cents per kilowatt-hour of energy storage capacity for a grid-connected energy storage property first placed in service on or before December 31, 2020; or
  - (D) A utilization credit equal to 6 cents per kilowatt-hour of energy storage capacity for a grid-connected energy storage property first placed in service after December 31, 2020, and on or before December 31, 2025;
- (2) Deleting language that would have required the Department of Business, Economic Development, and Tourism to issue a certificate that identified the taxpayer type, property type, tax credit type, and refundability type to the taxpayer for each grid-connected energy storage property that qualifies for the energy storage tax credit;
- (3) Clarifying that the Department of Taxation shall submit a report to the legislature annually no later than twenty days prior to the convening of each regular session on the number of grid-connected energy storage properties that have qualified for a tax credit during the calendar year and the total cost of the tax credit to the State during the taxable year by tax credit type and refundability or nonrefundability for the most recent taxable year for which the Department has data;
- (4) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2618, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2618, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2875 Energy and Environment on H.B. No. 2426**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate funds for fiscal year 2014-2015 for the planning, design, and construction of biosecurity facilities at harbors and airports throughout the State.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Agriculture, Department of Land and Natural Resources, Oahu Invasive Species Committee, Hawaii Farm Bureau, The Nature Conservancy, and Able Freight Services, Inc. Your Committee received comments on this measure from the Airlines Committee of Hawaii.

Your Committee finds that the unchecked spread of invasive species is one of the greatest threats to Hawaii's economy, natural environment, and the health and lifestyle of its people. Invasive pests can cause millions of dollars in crop losses, the extinction of native species, the destruction of native forests, the spread of disease, and the quarantine of exported agricultural crops.

Your Committee further finds that ports of entry are the gateways through which new invasive pests make their way to the State. As a result, it is vital that Hawaii's airports and harbors are prepared with the resources, facilities, and infrastructure to properly prevent the introduction of any new invasive species.

Your Committee has amended this measure by:

- (1) Inserting a general obligation bond issuance and appropriation amount of \$1,000,000; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2426, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2426, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2876 Energy and Environment on H.B. No. 1951**

The purpose and intent of this measure is to extend the authorization of the issuance of special purpose revenue bonds to Honolulu Seawater Air Conditioning, LLC, for the purpose of design and construction of a seawater air conditioning district cooling system in downtown Honolulu, for an additional five years.

Your Committee received testimony in support of this measure from the Ulupono Initiative, The Chamber of Commerce of Hawaii, and Honolulu Seawater Air Conditioning. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the downtown Honolulu seawater air conditioning project will service approximately 14,000,000 square feet of downtown building space. In addition to the compelling environmental and renewal energy benefits associated with deep water cooling, the project is anticipated to generate close to \$250,000,000 in construction spending and more than 1,500 construction jobs from 2014 through 2016. This project will also establish Hawaii as a leading authority on the development and installation of seawater air conditioning systems throughout the Asia-Pacific region.

Your Committee has amended this measure by inserting an effective date of June 29, 2014.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1951, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1951, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2877 Energy and Environment on H.B. No. 1942**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Princeton Energy Group or a related special purpose entity with the financing and refinancing costs relating to the planning, design, and construction of a renewable energy project with energy storage technology on the island of Molokai.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Life of the Land, The Chamber of Commerce of Hawaii, Sustainable Molokai, EnerVault, Molokai Ranch, Princeton Energy Group, and one hundred thirty-four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that support for the development of renewable energy projects in Hawaii, which is geographically isolated from sources of oil, continues to be in the public interest. This is especially true given the high cost of electricity in Hawaii, particularly on the island of Molokai.

Your Committee further finds that Princeton Energy Group is engaged in the planning, design, and construction process to develop a multi-megawatt renewable energy project with energy storage technology near Kaunakakai to exclusively serve the island of Molokai. The issuance of special purpose revenue bonds and refunding special revenue bonds under this measure to assist Princeton Energy Group in the planning, design, and construction of its renewable energy project will make the development of such a project more economically feasible and provide numerous benefits.

Your Committee requests that the applicant submit to your Committee by April 11, 2014, a copy of the letter from the Department of Business, Economic Development, and Tourism stating that the agency has received and reviewed the applicant's business plan; provided that the agency is not required to give approval or render a conclusion in the letter. Furthermore, your Committee urges the applicant to do further outreach with the community to share its plans.

Your Committee has amended this measure by inserting an effective date of July 1, 2222, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1942, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1942, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2878 Agriculture on H.B. No. 502**

The purpose and intent of this measure is to:

- (1) Appropriate funds to the Department of Agriculture to create positions within the Department to monitor local food production; and
- (2) Direct the Department of Agriculture to issue a request for proposals to contract for a report with findings on the establishment of state food sufficiency baseline.

Your Committee received testimony in support of this measure from Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawaii Farmers Union United; and one individual. Your Committee received comments on this measure from the Department of Agriculture, State Procurement Office, and Land Use Research Foundation of Hawaii.

Your Committee finds that eighty-five to ninety percent of Hawaii's food is imported, making food security a significant concern. Not only is it safer for Hawaii to achieve food sustainability, but replacing just ten percent of food imports would create a total of 2,300 local jobs and keep hundreds of millions of dollars within the State's economy. If food security is going to be a priority for the State, the State must fund staff positions to monitor local food production and develop a food sufficiency baseline to measure progress.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Agriculture may, rather than shall, issue a request for proposals to contract for a report with findings on the establishment of a food sufficiency baseline; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 502, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 502, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, Thielen, Slom).

**SCRep. 2879 Agriculture on H.B. No. 2178**

The purpose and intent of this measure is to establish a program to provide grants to qualified feed developers within the Livestock Revitalization Program.

Your Committee received testimony in support of this measure from Hawaii Farmers Union United, Kona Chapter; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; Land Use Research Foundation of Hawaii; Hawaii Farm Bureau Federation; Hawaii Farmers Union United; and two individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the rising cost of feed for livestock production is one of the greatest challenges to the State's livestock industry. Hawaii farmers must pay even more for feed than those on the mainland due to the exorbitant transportation costs. Livestock feed in Hawaii can comprise as much as seventy percent of production costs. Incentivizing farmers to develop feed locally is vital to promoting a sustainable agricultural economy and keeping Hawaii's livestock industry afloat.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2178, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2178, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Wakai). Noes, none. Excused, 3 (Dela Cruz, Thielen, Slom).

**SCRep. 2880 Agriculture on H.B. No. 2009**

The purpose and intent of this measure is to:

- (1) Establish a \$300,000 minimum reserve requirement in the milk control special fund to cover contingency costs in the administration of the State's Milk Control Act; and
- (2) Include audits as a contingency cost to be covered by the reserve in the milk control special fund.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Farm Bureau Federation, and Ulupono Initiative.

Your Committee finds that the milk industry is vital to the State's economy and food security and must be safeguarded and protected in the public interest. A minimum reserve requirement will ensure the viability and protection of Hawaii's fragile dairy industry and help revitalize milk production in the State, and this measure will also ensure the availability of reserves for conducting audits related to milk control.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2009, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, Thielen, Slom).

**SCRep. 2881 Agriculture on H.B. No. 1929**

The purpose and intent of this measure is to exempt produce sold at farmers' markets for human consumption from the general excise tax.

Your Committee received testimony in support of this measure from Farm Lovers Farmers' Market; Hawaii Farmers Union United; and Hawaii Farm Bureau Federation. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Agriculture and Tax Foundation of Hawaii.

Your Committee finds that by encouraging consumers to buy produce at their local farmers' market and increasing the profit margin realized by local farmers, this measure will help increase the consumption of locally produced food, sustain our agricultural industry, and improve the State's food security.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1929, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, Thielen, Slom).

**SCRep. 2882 Agriculture on H.B. No. 2464**

The purpose and intent of this measure is to increase the amount of the important agricultural land qualified agricultural cost tax credit in certain situations.

Your Committee received testimony in support of this measure from Alexander & Baldwin, Inc.; The Chamber of Commerce Hawaii; and Hawaii Farm Bureau Federation. Your Committee received comments on this measure from the Department of Agriculture, Department of Taxation, and Tax Foundation of Hawaii.

The important agricultural land qualified agricultural cost tax credit was enacted to incentivize landowners to designate agricultural lands as important agricultural lands. Since the credit's enactment, 101,000 acres have been designated as important agricultural lands in Hawaii. Your Committee concludes that increasing the tax credit will incentivize more landowners to designate their lands as important agricultural lands, which will increase the State's agricultural sustainability.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2464, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, Thielen, Slom).

**SCRep. 2883 Hawaiian Affairs on Gov. Msg. Nos. 513, 514, and 515**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF MOLOKAI

G.M. No. 513 FRANCES COBB-ADAMS, for a term to expire 6-30-2015;

G.M. No. 514 MICHELLE PESCAIA, for a term to expire 6-30-2016; and

G.M. No. 515 EDWARD AYAU, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Frances Cobb-Adams, Michelle Pescaia, and Edward Ayau to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Island of Molokai.

FRANCES COBB-ADAMS

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Ms. Cobb-Adams earned a Bachelor's degree in Hawaiian Studies from the University of Hawaii at Manoa. Currently, she is employed as the Resource Center Manager for Kamehameha Schools working on a number of educational and cultural programs. She has also taught Hawaiian Language/Hawaiian Studies at the Molokai Education Center since 2003. Among other jobs, she worked as a Site Coordinator at Na Pua No'eau, the Center for Gifted and Talented Native Hawaiian Children, planning and coordinating natural and environmental science activities for Hawaiian students participating in the Na Pua No'eau Pathways Program.

Ms. Cobb-Adams previously served on the Island Burial Council and has expressed great interest in continuing her service. In addition to Ms. Cobb-Adam's significant professional experience, Ms. Cobb-Adam's passion for Hawaiian culture and values, especially honoring and caring for her kupuna, make Ms. Cobb-Adams an ideal candidate for the Island Burial Council, Island of Molokai.

MICHELLE PESCAIA

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Ms. Pescaia pursued a degree in Hawaiian Language from the University of Hawaii at Manoa. She has a wealth of experience in community programs that teach and develop the Hawaiian language and values. Among other jobs, she was employed as a Case Manager and Communications Director for Ho'ikaika Youth Opportunity Program; a Cultural Advisor for Ka Li'i Mamo, Mohala Ka 'Ike, Maui Community College; and a Hawaiian Immersion Preschool teacher for Punana Leo O Molokai. Most recently, she served as the Molokai Site Coordinator for Na Pua No'eau, providing opportunities for youth to develop intellectually and artistically through culturally sensitive programs, and to be active members of their community.

Ms. Pescaia has served on numerous community boards and commissions, including as a Commissioner of the Molokai Planning Commission and as the Cultural Advisor and Resource to the Kalaupapa National Historical Park. She has also previously served on the Molokai Island Burial Council. Ms. Pescaia is constantly bringing attention to iwi issues on Molokai and is passionate about educating the next generation to care for the iwi kupuna.

EDWARD AYAU

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Aha Moku Advisory Committee, Pae 'Aina Communications, and one individual.

Mr. Ayau received a Bachelor's degree in Business Management from the University of Redlands and a Juris Doctorate from the University of Colorado School of Law. He currently serves as the Acting District Supervisor for the Molokai District Office of the Department of Hawaiian Home Lands. Among other jobs, he previously served as the Project Manager for Ola Na Iwi Phase I to III where he managed a federal grant to repatriate 900 sets of iwi kupuna and moepu from museums in the United States and Scotland, and organized 38 cultural education workshops to teach Native Hawaiian communities to care for ancient burial sites. As Counsel for the Minority Staff on the United States Senate Committee on Indian Affairs, he advised Vice Chairman Senator Daniel K. Inouye on legal and policy issues relating to Hawaii, including the Native American Graves Protection and Repatriation Act. For several years, he also served as the Director of the Burial Sites Program for the Department of Land and Natural Resources Historic Preservation Division. As a Staff Attorney with the Native Hawaiian Legal Corporation, he helped draft state legislation that restored the responsibility of

oversight of ancient burial sites to Native Hawaiians. As a prolific lecturer and writer on Native Hawaiian burial rights, Mr. Ayau is an ideal candidate for the Island Burial Council, Island of Molokai.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Kidani).

**SCRep. 2884 Hawaiian Affairs on Gov. Msg. Nos. 516, 523, 524, and 525**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF MAUI AND LANAI

- G.M. No. 516 JOHANNA KAMAUNU, for a term to expire 6-30-2017;
- G.M. No. 523 IRMALEE POMROY MALY, for a term to expire 6-30-2017;
- G.M. No. 524 KAPULANI ANTONIO, for a term to expire 6-30-2016; and
- G.M. No. 525 DANE MAXWELL, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Johanna Kamaunu, Irmalee Pomroy Maly, Kapulani Antonio, and Dane Maxwell to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Islands of Maui and Lanai.

JOHANNA KAMAUNU

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and Aha Moku Advisory Committee.

Ms. Kamaunu has been an active teacher in the Department of Education's Hawaiian Studies Kupuna program for fourteen years. She has trained under many prominent kumu and has been active in iwi preservation issues, testifying at burial council meetings for the past seven years. Ms. Kamaunu strongly values the wishes of iwi descendants but also seeks balance and peaceful solutions to conflicting needs. Her thorough knowledge of Hawaiian culture and history makes Ms. Kamaunu an ideal candidate for the Island Burial Council, Islands of Maui and Lanai.

IRMALEE POMROY MALY

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Aha Moku Advisory Committee, Waimanalo Hawaiian Homes Association, and ten individuals.

Ms. Maly has served as the principal researcher and projects manager for Kumu Pono Associates LLC, which she started with her husband in 1995. As a researcher and project developer, Ms. Maly researches and documents Hawaiian traditions and history, and her company has published over one hundred Hawaiian ethnographic studies pertaining to Hawaii's communities, cultural practices, and treatment of iwi kupuna. Among other things, she is considered a community expert in site preservation plans, cultural resource management plans, and burial treatment plans. Ms. Maly's significant experience in ethnographic research and historic preservation throughout Hawaii makes her an exceptional candidate for the Island Burial Council, Islands of Maui and Lanai.

KAPULANI ANTONIO

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and six individuals.

Ms. Antonio earned a Bachelor's degree in Hawaiian Studies from the University of Hawaii at Hilo and a Master's degree in Pacific Islands Studies from the University of Hawaii at Manoa. She has served as an instructor of Hawaiian Studies for the University of Hawaii at Hilo, University of Hawaii Center Maui, and Maui Community College. She currently teaches Hawaiian history at Kamehameha Schools in Maui to seniors and, as a fluent Hawaiian language speaker, has taught Hawaiian language at Kamehameha Schools Maui. Ms. Antonio's strong foundation in Hawaiian studies and language, and her integrity and compassion for the care of the iwi kupuna make her an ideal candidate for the Island Burial Council, Islands of Maui and Lanai.

DANE MAXWELL

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Pae 'Aina Communications, Maui Ocean Center, and three individuals.

Mr. Maxwell is a Cultural Specialist/Monitor for his own business, CKM Cultural Resources, where he prepares cultural impact assessments and monitors construction projects in culturally sensitive areas. He also served as a Cultural Specialist for the Maui Ocean Center. Mr. Maxwell, along with his family, has been actively involved in historic preservation practices and protecting iwi kupuna since he was a child, and he learned proper reinterment procedures from his grandfather, Charles Kauluwehi Maxwell, Sr. He is currently providing cultural consulting and monitoring work for the Daniel K. Inouye Solar Telescope project on the summit of Haleakala. In his work, Mr. Maxwell is constantly presented with difficult situations respecting ancient burial sites. His unique perspective and significant experience in working with iwi kupuna make Mr. Maxwell ideally suited to be a member of the Island Burial Council, Islands of Maui and Lanai.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Kidani).

**SCRep. 2885 Technology and the Arts on Gov. Msg. No. 579**

Recommending that the Senate advise and consent to the nomination of the following:

CHIEF INFORMATION OFFICER OF THE OFFICE OF INFORMATION MANAGEMENT AND TECHNOLOGY

G.M. No. 579 KEONE KALI, for a term to expire 6-30-2014

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Keone Kali to possess the requisite qualifications to be nominated as the Chief Information Officer for the Office of Information Management and Technology.

Your Committee received testimony in support of the nomination of Keone Kali from the Department of Accounting and General Services, Hawaii Campaign Spending Commission, Healthcare Association of Hawaii, and thirty-five individuals.

Since October 2012, Mr. Kali has worked as a Deputy Chief Information Officer for the Office of Information Management and Technology. Mr. Kali also served for many years as the Director of Information Technology at the Pacific Disaster Center on Maui, where he modernized the Center's information technology infrastructure. Prior to returning to his home state of Hawaii, he worked in California as a Chief Information Officer and Director of Information Technology for the City of Beverly Hills. Mr. Kali received a Bachelor of Arts in Geography with emphasis in Computer Science from the University of California in Los Angeles.

Your Committee finds that Mr. Kali is admired and respected by his colleagues, as evidenced by the overwhelmingly positive testimony submitted on his behalf. He has been instrumental in successfully implementing and modernizing technology infrastructure and establishing a strong, reliable, and secure technology foundation for Hawaii. Mr. Kali has demonstrated excellent leadership skills and the ability to mobilize multiple departments and bring together differing groups to achieve focused results. He is described as a dynamic leader with the intelligence, expertise, integrity, professionalism, and determination to ensure Hawaii's success in the digital age.

Your Committee finds that Mr. Kali has excellent credentials and has demonstrated a high level of understanding of the State's technology needs and how those needs can be met. He has strong cultural ties to Hawaii and is committed to the development of the State's information technology workforce. Mr. Kali has the experience and leadership capabilities necessary to lead Hawaii in the challenging technology future.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 2886 Judiciary and Labor on Gov. Msg. No. 580**

Recommending that the Senate consent to the nomination of the following:

SUPREME COURT, STATE OF HAWAII

G.M. No. 580 MICHAEL D. WILSON, for a term to expire in ten years

Your Committee has reviewed the resume and statements submitted by the appointee and finds Michael D. Wilson to possess the requisite qualifications to be appointed to the Supreme Court, State of Hawaii.

Your Committee received testimony in support of the appointment of Judge Michael D. Wilson to the position of Associate Justice of the Supreme Court of the State of Hawaii from the Honorable Neil Abercrombie, Governor of the State of Hawaii; Retired Associate Justice James Duffy, Supreme Court of the State of Hawaii; Retired Judge Reynaldo D. Gaulty, Circuit Court of the First Circuit; Retired Judge Michael Town, Circuit Court of the First Circuit; Retired Judge Shackley F. Raffetto, Circuit Court of the Second Circuit; Sovereign Councils of the Hawaiian Homelands Assembly; Hawaii Disability Rights Center; Hawaii Friends of Civil Rights; Collection Law Section of the Hawaii State Bar Association; Hawaii Laborers-Employers Cooperation and Education Trust; and eighty-seven individuals. Your Committee received testimony in opposition to the appointment from one individual. Comments regarding the appointee were submitted by the Hawaii State Bar Association and one individual.

BACKGROUND AND EXPERIENCE

Judge Wilson obtained his Bachelor of Science degree from the University of Wisconsin at Madison where he received and maintained a tennis scholarship throughout his undergraduate studies and served as a team captain during his senior year when the tennis team placed second in the Big Ten Athletic Conference. He also served as a housefellow during his junior and senior years and provided academic counseling to approximately sixty undergraduate students. A housefellow is a resident student dormitory advisor who is selected through a competitive process based on high academic achievement and demonstrated management skills. Lastly, he was a four-year recipient of the Marion Maccarell Scott Scholarship that is awarded to students who graduated from public high schools in Hawaii and attend colleges on the mainland. He later received his Doctorate of Jurisprudence from the Antioch School of Law (now known as the University of the District of Columbia David A. Clarke School of Law). During his last semester of law school, he served as an extern for Judge Samuel P. King, Chief Judge of the United States District Court for the District of Hawaii.

Since May 2000, Judge Wilson has served as a presiding Circuit Court Judge of the Sixth Division of the First Circuit. He currently serves as the presiding judge for the Felony Drug and Mental Health Courts, which is a position he has held since 2008. The purpose of the Drug Court program is to apply current treatment methods to break the addiction cycle and contain crime because drug addiction and family abuse are commonly found to be the underlying problems for most criminal behavior. Graduates of the Drug Court program achieve a healthy self-esteem, become drug-free individuals prepared to seek employment, and learn relapse prevention skills. The Mental Health Court is a post-arraignment court that accepts judge-ordered referrals from Circuit, District, and Family Courts for the purposes of improving the court system's response to the criminalization of persons with serious mental illnesses, thereby reducing the long-term burden on the correctional, probation, parole, and court systems. The success of the court is attributed to the teamwork of the court, Adult Mental Health Division of the Department of Health, treatment facilities, Department of the Prosecuting Attorney of the City and County of Honolulu, and Office of the Public Defender. Judge Wilson's experience with the Drug Court and Mental Health Court programs have provided him with a working knowledge of the most effective judicial rehabilitative and sentencing strategies.

Furthermore, Judge Wilson is assigned the felony criminal calendar and has presided over one hundred fifty jury trials. The class of cases on his calendar include violent crimes, sex crimes, property crimes, and drug crimes. He also currently serves as a Substitute Intermediate Court of Appeals judge to preside over a broad range of cases and all phases of appeals and has written several published concurring and dissenting opinions. Judge Wilson previously served as the lead domestic violence judge from 2000 to 2002, when he presided over a high volume calendar involving approximately twenty new cases per week.

Prior to his appointment to the Circuit Court bench, Judge Wilson served as the State Consumer Advocate and, most notably, the Chairperson of the Board of Land and Natural Resources. As head of the Department of Land and Natural Resources and Chairperson of the Water Commission, he was directly responsible for the State's aquatic resources, forests and wildlife, historic preservation, public land management, state parks, and the Department's enforcement division. He traveled weekly to the neighbor islands for community meetings and department activities that allowed him to gain personal exposure to the State's unique ocean and terrestrial settings on all islands and meet the residents of each island in the State. Judge Wilson noted in his judicial application that his philosophy as Chairperson was that the Department had a profound responsibility to manage the Earth's best resources. His tenure with the Department of managing approximately six hundred employees with a budget of over \$70,000,000 allowed him to gain substantial insight and experience on issues relating to the legislative and executive branches of state government.

Of particular note, as Chairperson, Judge Wilson sat in a quasi-judicial capacity for contested case hearings and in a quasi-legislative role for regular meetings. He noted in his judicial application that the most significant proceeding during his tenure was the Waiahole contested case before the Water Commission. The primary issue of this case was the allocation of approximately twenty-seven million gallons of water per day that runs through the Waiahole Ditch on the leeward side of Oahu. The hearing involved twenty-five parties and one hundred sixty witnesses and lasted approximately six months. Judge Wilson noted that this case was an extremely rewarding experience that prepared him for complex administrative law issues.

Lastly, Judge Wilson gained a wide range of experience in the law during his fourteen years of private practice that consisted of litigation in state and federal courts. He has experience in criminal and civil jury trials and appellate practice in state and federal jurisdictions.

Judge Wilson is licensed to practice law in Hawaii and is an active participant in the legal community by serving as a board member of the Hawaii Supreme Court Attorneys and Judges Assistance Program. His public service activities include serving as a mentor for a fifteen-year-old boy who is part of the Angel Tree Community Group that provides services for children with parents who are incarcerated. For the past three years, he has also actively participated in Na Kama Kai, which is a nonprofit community group that introduces children to the ocean. Surfers, lifeguards, and other volunteers teach children between the ages of four to thirteen how to surf, paddleboard, and canoe to develop these skills while gaining a deeper appreciation and respect for the ocean and Hawaiian culture.

#### TESTIMONY IN SUPPORT

Testimony in support of Judge Wilson commends him for his integrity, moral courage, legal ability, and commitment to the community. As a lawyer, public servant, and Circuit Court judge, he has demonstrated his commitment to equal justice under the law regardless of position or social status. He has a deep and abiding respect for the law and solid understanding of the delicate separation of powers between the three branches of government. He deeply respects the division of creating policy, which is under the purview of the Legislature and applying the policy, which is the responsibility of the court. He testified that if a law is unclear as to what the Legislature intended, then it would be prudent for the court to allow the Legislature to provide further clarity. Furthermore, when asked by your Committee to interpret his role when making a decision that is based on an article of the State Constitution that lacks additional statutory guidance, Judge Wilson explained that he would first determine whether a similar or related provision of the law existed and if not, then he would consult sources that may assist in the interpretation, such as the documents of the Constitutional Convention. He further explained that there are instances, such as the decision under *Public Access Shoreline Hawaii v. Hawaii County Planning Commission*, more commonly known as the PASH decision, when the court needs to recognize an important longstanding issue and interpret the Constitution to come to a resolution.

Testifiers in support also praise Judge Wilson for his work with the Native Hawaiian community, especially during his tenure as Chairperson of the Board of Land and Natural Resources. During his tenure, he assisted the Department in making land transfers to the Department of Hawaiian Home Lands, assisted residents on Molokai in establishing community based rules for fishing based on Hawaiian cultural practices at Hoolehua Homestead for Moomomi Bay, and assisted in protecting Kawainui Marsh as a cultural site for the Hawaiian community. Furthermore, regarding his community service, testimony praised his commitment to the Angel Tree Community Group, where his dedication and impact to his mentee has been unsurpassed.

#### HAWAII STATE BAR ASSOCIATION'S RATING

Despite the overwhelming testimony in support of the appointment, your Committee notes that the Hawaii State Bar Association (HSBA) Board of Directors found the appointee to be unqualified for the position of Associate Justice of the Hawaii Supreme Court,

based on established criteria for determining the qualifications of judicial and executive appointments generally using the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Specifically, the Board uses the following criteria in its deliberations: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and responsibilities and duties required of the position for which the applicant has been nominated. The Board's rating system includes the categories of "qualified" and "not qualified".

Your Committee is deeply concerned and disappointed that the process the HSBA Board of Directors uses to make a finding of "qualified" or "unqualified" lacks the legal principles of due process and is fundamentally flawed and unfair. Following a comment period where HSBA members are solicited to confidentially share their input and past experiences regarding the appointee with the HSBA Board, the HSBA Board members review these comments and then interview the appointee. During the interview, the appointee is apprised of the nature of any negative comments so that the appointee may fairly address those concerns during the appointee's interview. After the interview, the Board members each take a separate vote to rate the appointee. The basis upon how each Board member voted is confidential and not subject to disclosure to your Committee or to the public.

Your Committee further notes that the extremely confidential nature and procedures of the process that HSBA uses to rate judicial nominees have been longstanding concerns. Because your Committee was unable to obtain from HSBA the details of the negative comments, if any, solicited by its membership; issues or concerns that the Board members had regarding the appointee, if any; or how the Board voted, your Committee asked Judge Wilson to describe the interview process he experienced with the HSBA Board. Judge Wilson explained that he was asked questions by the HSBA Board members present about his personal life, including whether he had been arrested or publically intoxicated, which he answered in the negative. Furthermore, he was asked about allegations that occurred almost fifteen years ago that were previously raised and determined by your Committee to be unfounded when Judge Wilson was appointed to the Circuit Court bench in 2000, at which time the HSBA Board found him to be "highly qualified" for the position. Your Committee and the Governor duly note these allegations but find that these allegations are unsubstantiated. As a result, Judge Wilson testified he felt he was not afforded due process because the nature of any negative comments lacked specificity, including but not limited to the date, time, place, or other specific circumstances pertaining to the allegations. As a result, the appointee could not provide any responses to the unsubstantiated allegations.

Your Committee was disappointed in the responses from the HSBA regarding the reasons for cloaking its evaluation process under a veil of secrecy. The HSBA President-Elect testified that confidentiality protects attorneys and the attorneys' clients from retribution in the event that a judge is able to determine the attorney who submitted a negative comment when HSBA solicited comments from its membership. However, your Committee is not convinced that retribution is a reason to keep certain components of an important process confidential, especially when the procedures of the American Bar Association's (ABA) Standing Committee on the Federal Judiciary, which evaluates the professional qualifications of persons nominated to the federal bench, authorize the Chairperson to appoint a second evaluator in the event that the prospective nominee is rated "unqualified" as a matter of fairness. When asked to distinguish between the HSBA's evaluation guidelines for state judges, which do not provide for a second evaluation, and evaluation guidelines for federal judges, the HSBA President-Elect reasoned that Hawaii is a small, unique state where state judges interact with attorneys and the public on a daily basis. Thus, confidentiality is necessary to protect attorneys and the public from retribution. Your Committee finds this reasoning to be unsound and disagrees. Furthermore, your Committee notes that the ABA's Standing Committee on the Federal Judiciary prepares and submits a written statement to the United States Senate Judiciary Committee explaining the ABA Committee's reasons for finding the appointee for the federal bench unqualified. This procedure is implemented despite the fact that federal district court judges also reside and interact daily with attorneys and the public within this same small, unique State.

Therefore, your Committee believes that the HSBA's qualification process for a position to serve as a jurist at every level lacks due process. This is unfortunate, especially when the HSBA represents the profession of law, which consists of upholding and defending laws and constitutional rights that guarantee due process. In fact, your Committee is further troubled by the HSBA President-Elect's testimony that although in his opinion the process is unfair, the unfairness is justified. Your Committee respectfully disagrees that such a process is justified. While your Committee recognizes that maintaining a certain level of confidentiality is necessary to encourage the appointee's peers to submit comments without the fear of reprisal or retaliation from the appointee or the appointee's supporters, the policy and procedures of the HSBA Board's process prevents your Committee from determining the weight to give the HSBA Board's finding.

Your Committee further notes that Ken Kobayashi, the Honolulu Star-Advertiser reporter assigned to the courts in 2011, wrote an article, "State bar to share evaluations", dated January 18, 2011. This article stated that HSBA had amended its rules to allow for the disclosure of the reasons for its "qualified" or "unqualified" findings for judicial nominees in the wake of the controversy over the HSBA's negative rating of Chief Justice nominee Katherine Leonard. The article further stated that the new policy would allow the HSBA President, with HSBA Board approval, to disclose the reasons for the Board's findings. After the recent confirmation hearing for Judge Wilson, your Committee inquired with the HSBA regarding this policy that was reported in January 2011. The HSBA Executive Director responded in an email that the Board minutes do not reflect Board action specifically modifying its policy that would allow the disclosure of reasons for the Board's finding that Judge Wilson is unqualified. Furthermore, after consulting with a couple of HSBA Board members who were sitting members at the time that this policy would have been adopted, the Executive Director stated that a Board member recollected that there was discussion about allowing the HSBA President to issue a statement if an appointee was deemed "unqualified". However, from her review of the Board minutes, "that proposition was never put to a vote and incorporated in the Board Policy". Your Committee finds this action unfortunate and disingenuous.

#### CONCLUSION

All of the actors in the appointment process, including the Judicial Selection Commission, HSBA, Governor, and Senate, are essential in assuring that the individual who ultimately assumes the weighty mantle of judicial responsibility has been thoroughly vetted, is qualified for the position, and possesses the requisite qualities to fairly, intelligently, and impartially interpret and apply the law that governs our society. As described in the Hawaii Revised Code of Judicial Conduct, "the judiciary plays a central role in preserving the principles of justice and the rule of law. . . . [J]udges, individually and collectively, must respect and honor the judicial office as a public trust and strive to maintain and enhance confidence in the legal system." Accordingly, your Committee takes its role in the judicial appointment process seriously.

Notwithstanding the HSBA Board's finding of Judge Wilson as "unqualified", your Committee is not aware of the basis for the HSBA Board's finding. Therefore, the unanimous vote of your Committee to recommend Judge Wilson for the Senate to consent to the appointment reflects your Committee's disappointment in the HSBA Board's judicial nominee evaluation process and concern over the reliability and credibility of the HSBA's resultant finding. Testimony from the legal community, and community advocates from Molokai, and notable individuals from the Hawaiian community reflect the nominee as being multi-faceted, which is an important quality of a jurist.

Accordingly, your Committee finds that, based on the testimony submitted on his behalf, Judge Michael D. Wilson has the experience, temperament, judiciousness, and other competencies to be an Associate Justice of the Hawaii Supreme Court, and has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for an Associate Justice of the Hawaii Supreme Court.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 2887 Energy and Environment on H.B. No. 2060**

The purpose and intent of this measure is to:

- (1) Establish a renewable fuels production tax credit to achieve greater energy security for Hawaii; and
- (2) Repeal the ethanol facility tax credit.

Your Committee received testimony in support of this measure from the Ulupono Initiative; Renewable Energy Action Coalition of Hawaii; Hawaii Renewable Energy Alliance; Pacific Biodiesel; Upcountry Mobile Mechanic Service, LLC; Maui Recycling Service; and twenty-one individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Business, Economic Development, and Tourism; Department of Taxation; and Tax Foundation of Hawaii.

Your Committee finds that Hawaii is extremely vulnerable to soaring prices or disruptions of its energy imports, which can hinder, cripple, or even devastate the State's economy and the well-being of its residents and visitors. As the most isolated land mass on Earth, Hawaii imports nearly ninety percent of its energy supply. It is critical for Hawaii to ensure greater energy security by becoming more self-sufficient in its energy supply.

Your Committee intends this measure to be a test case to show that Hawaii needs an exemption from interstate commerce laws in order to achieve greater energy security. As the most isolated land mass on Earth, Hawaii has the longest energy supply line of any state in the nation and is thus vulnerable to supply disruptions. Hawaii currently imports virtually all of its crude oil from Indonesia, which is more than 6,700 miles from Honolulu. The nearest state, California, is more than 2,500 miles from Honolulu. Having locally produced renewable fuels made from local feedstock is necessary for Hawaii to achieve greater energy security.

Your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 2197, S.D. 2, which are substantively similar, except that the measure:

- (1) Clarifies that a taxpayer is prohibited from claiming a renewable fuels production tax credit for more than five years beginning from the first taxable year in which the taxpayer begins qualifying renewable fuels production;
- (2) Establishes that the renewable fuels production tax credit shall be equal to 20 cents per one hundred fifteen thousand British thermal units of renewable fuels using the lower heating value produced and sold for distribution in Hawaii;
- (3) Establishes a cap of \$3,000,000 for the renewable fuels production tax credit that a taxpayer may claim per taxable year;
- (4) Defines "qualifying renewable fuels" to mean fuels produced within the State from renewable feedstocks transported less than two thousand miles from point of origin to the production facility located within the State; provided that the fuels shall be sold in the State as fuel; provided further that the renewable fuels meet the relevant ASTM International specifications for the particular fuel or other industry specifications for liquid or gaseous fuels;
- (5) Deletes the definitions of "renewable fuels" and "thermal units";
- (6) Requires the Department of Business, Economic Development, and Tourism to discontinue certifying renewable fuels production tax credits if the annual amount of certified credits reaches \$12,000,000; provided that in no instance shall the total amount of certified credits exceed \$12,000,000;
- (7) Does not disqualify a taxpayer from claiming a renewable fuels production tax credit if the taxpayer does not provide written notice of the taxpayer's intention to begin production of qualifying renewable fuels;
- (8) Does not disqualify a taxpayer from claiming a renewable fuels production tax credit if the taxpayer does not provide written notice to the Director of Taxation and Director of Business, Economic Development, and Tourism, within thirty days following the start of production, of the production start date and expected production for the next twelve months;
- (9) Does not disqualify a taxpayer from claiming a renewable fuels production tax credit if the taxpayer does not provide information to the Director of Business, Economic Development, and Tourism for each calendar year during the credit period on the number of British thermal units of renewable fuels produced and sold, feedstocks used for renewable fuels production, the number of employees of the facility and each employee's state of residency, and the projected number of British thermal units of renewable fuels production for the succeeding year;

- (10) Deletes language that would have prohibited a taxpayer from claiming the renewable fuels production tax credit after taxable years beginning after December 31, 2025;
- (11) Deletes language that would have allowed the Director of Taxation to audit and adjust the certification process as necessary for renewable fuels production tax credits;
- (12) Includes a severability clause;
- (13) Has an effective date of July 1, 2050; and
- (14) Includes technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2060, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2060, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2888 Commerce and Consumer Protection on H.B. No. 716**

The purpose and intent of this measure is to:

- (1) Clarify that the Board of Public Accountancy may take one or more disciplinary actions against any person for violations of public accountancy regulatory law;
- (2) Repeal the maximum amount of time for which the Board of Public Accountancy may suspend or refuse to renew a license or permit; and
- (3) Increase the amount of the administrative fine that may be imposed for any violation of public accountancy regulatory law.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Board of Public Accountancy, and Hawaii Society of Certified Public Accountants.

Your Committee finds that a state court has determined that the Board of Public Accountancy (Board) is allowed to impose only one disciplinary sanction against a public accountant licensee in a disciplinary action. The Board can therefore suspend a license but cannot also order a fine, restitution, or continuing professional education. The court's interpretation does not reflect the intent of the Board and is inconsistent with the disciplinary authority of other boards and regulatory programs. Accordingly, this measure explicitly authorizes the Board to impose one or more disciplinary actions, when appropriate, for violations of the public accountancy licensing statutes and administrative rules.

Your Committee further finds that this measure increases the maximum administrative fine that the Board may impose for a licensing violation. The current amount has not been increased since the fines were established in the 1980s and is inconsistent with fines currently imposed for violations in other professions and trades. The increased fines, as proposed by this measure, will serve as a more meaningful deterrent or sanction for egregious violations of public accountancy laws. This measure therefore benefits consumers by encouraging increased compliance by certified public accountants, public accountants, and public accounting firms with the public accountancy licensing statute and by aiding the enforcement efforts of the Regulated Industries Complaints Office.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 716, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 716, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2889 Commerce and Consumer Protection on H.B. No. 570**

The purpose and intent of this measure is to increase the fine against unlicensed contractors who commit licensing violations against elderly persons.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Contractors License Board, and Subcontractors Association of Hawaii.

Your Committee finds that many victims of unlicensed contractors suffer in some way, from losing down payments to facing the effects of poor workmanship. Elderly victims of unlicensed contractors are particularly vulnerable because they may have fewer resources. According to testimony from the Regulated Industries Complaints Office, for the last five years, the office has investigated or prosecuted at least forty-seven contracting complaints involving elderly persons. Your Committee further finds that the fine amount for unlicensed contractors who commit licensing violations against elderly persons has not increased since 1996. This measure increases that fine amount from \$10,000 to \$20,000 in an effort to more strongly deter unlicensed contracting violations against the elderly.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 570, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2890 Commerce and Consumer Protection on H.B. No. 2585**

The purpose and intent of this measure is to clarify the parties that a homeowners association can serve notice of default and intention to foreclose through publication and posting, after a hearing before a judge, in a nonjudicial foreclosure proceeding.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Collection Law Section of the Hawaii State Bar Association, Community Association Institute, and two individuals.

Your Committee finds that under section 667-92, Hawaii Revised Statutes, an association is required to serve its notice of default and intention to nonjudicially foreclose on certain parties. If an association cannot find the unit owner, it may go to court to ask for permission to serve the owner by publication and posting. However, section 667-92, Hawaii Revised Statutes, has been interpreted in some cases to not specifically allow an association to serve any other potential defendants, such as defunct lenders or long lost judgment holders, by publication and posting if these entities or individuals cannot be found. This prevents the association's nonjudicial foreclosure from going forward, and the financial and time saving benefits of the nonjudicial foreclosure process are lost.

Your Committee finds that this measure addresses this concern by allowing a judge to approve service of certain other missing defendants by publication and posting so an association's nonjudicial foreclosure can continue. In doing so, this measure also supports the intent of chapter 667, part VI, Hawaii Revised Statutes, which is to provide associations with a means to foreclose nonjudicially without having to resort to the expensive and time-consuming judicial foreclosure process.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2585, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2891 (Joint) Human Services and Health on H.B. No. 2053**

The purpose and intent of this measure is to establish and appropriate funds out of the trauma system special fund for a Fall Prevention and Early Detection Coordinator position within the Emergency Medical Services and Injury Prevention System Branch of the Department of Health.

Your Committees received testimony in support of this measure from the Department of Health, Executive Office on Aging, Hawaii Primary Care Association, International Longshore and Warehouse Union Local 142 Hawaii, Hawaii Alliance for Retired Americans, Policy Advisory Board for Elder Affairs, Zonta Club of Hilo, Child and Family Service, and two individuals.

Your Committees find that falls and fall-related injuries among older adults impose an enormous burden on individuals, society, and the State's health care system. Among the elderly in Hawaii, falls are the leading cause of fatal injuries, hospitalizations, and injuries needing emergency medical services among adults sixty-five years of age and older. Over half of adults hospitalized from a fall are discharged to a nursing facility or rehabilitation center, and many never regain full independence. Hospital costs associated with fall-related injuries average over \$65,000,000 per year. Your Committees find that falls can be prevented and a statewide approach is needed to address this significant public health issue, as the number of older adults is expected to increase over the next twenty years to more than eighteen percent of the State's population.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2053, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2053, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3; Ayes with Reservations (Taniguchi). Noes, none. Excused, 2 (Kidani, Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2892 Human Services on H.B. No. 1754**

The purpose and intent of this measure is to encourage individuals with disabilities to gain employment and improve their employment opportunities by establishing a Medicaid buy-in program.

Your Committee received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Hawaii Disability Rights Center, Hawaii Primary Care Association, Healthcare Association of Hawaii, Lanakila Pacific, and Community Alliance for Mental Health. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that employment is a key factor in self-determination and quality of life for individuals with disabilities and that encouraging employment promotes economic development in the State and the well-being of Hawaii's citizens with disabilities. Your Committee also finds that it is essential for individuals with disabilities who obtain employment to maintain their Medicaid eligibility so that they do not lose valuable medical benefits and support services. Your Committee recognizes that the Medicaid buy-in program proposed in this measure would not be operational until July 1, 2017, at the latest, yet there are individuals with disabilities currently in danger of losing their medical benefits and services if they obtain employment.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that establishes a Medicaid buy-in pilot program that must be implemented by July 1, 2015, will terminate on June 30, 2017, and will serve one hundred individuals with disabilities who are no longer eligible for Medicaid benefits because they obtained employment;
- (2) Inserting an appropriation in the amount of \$400,000 to the Department of Health for the Medicaid buy-in pilot program;
- (3) Adding language requiring the Department of Health to assist the Department of Human Services with its report to the Legislature so that the report includes an update on the Medicaid buy-in pilot program; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1754, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1754, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2893 Education on H.B. No. 2257**

The purpose and intent of this measure is to:

- (1) Increase the salary cap of the Superintendent of Education from \$150,000 to \$250,000 a year;
- (2) Require the Board of Education to consider altering the Superintendent of Education's benefits package; and
- (3) Require the Board of Education to submit a report to the Legislature each time it alters the Superintendent of Education's salary.

Your Committee received testimony in support of this measure from the Board of Education, Hui for Excellence in Education, Hawaii Business Roundtable, and Hawaii Association of Independent Schools. Your Committee received comments on this measure from one individual.

Your Committee finds that the salary of the Superintendent of Education has not been adjusted for over ten years. The Superintendent of Education's current salary is well below national norms. In addition, at least four public school principals under the Superintendent of Education currently make as much, or more, than the Superintendent. This measure adjusts the salary cap of the Superintendent of Education based upon a comprehensive review of similar positions and responsibilities for superintendents in comparable school districts in the United States and provides the Board of Education with more flexibility to establish the salary of the Superintendent of Education.

Your Committee also notes that unlike the President of the University of Hawaii, the Superintendent of Education does not receive any benefits such as a housing allowance or cost of living allowance and receives only those benefits afforded other state workers.

Your Committee has amended this measure by:

- (1) Adding language to require an annual evaluation of the Superintendent of Education based on outcomes determined by the Board of Education;
- (2) Removing language requiring the Board of Education to consider the option of altering the Superintendent of Education's benefits package;
- (3) Removing language requiring the Board of Education to submit a report to the Legislature following each instance in which it adjusts the Superintendent of Education's salary; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2257, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2257, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 2894 Education on H.B. No. 2276**

The purpose and intent of this measure is to establish a statewide early childhood education program to be administered by the Executive Office on Early Learning and implemented upon the ratification of the amendment to article X, section 1, of the Hawaii State Constitution, as proposed in S.B. No. 1084, S.D. 1, H.D. 1, C.D. 1, which was passed by the legislature in the Regular Session of 2013.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning; Department of Education; Department of Public Safety; Department of Health; University of Hawai'i System; Kualapu'u Public Conversion Charter School; Aloha United Way; Partners in Development Foundation; 'Aha Pūnana Leo; Kama'aina Kids; Hawaii Business Roundtable, Incorporated; Hawai'i Association for the Education of Young Children; Hawaii Association of Independent Schools; Ho'okako'o Corporation; Hui for Excellence in Education; Kamehameha Schools; Early Learning Advisory Board; The Chamber of Commerce of Hawaii; Democratic Party of Hawaii; Institute for Native Pacific Education and Culture; Good Beginnings Alliance; Kualapu'u Public Conversion Charter School; Hawai'i Community Foundation; The Pacific Resource Partnership; National Association of School

Psychologist, Hawaii Chapter; and one hundred ninety-six individuals. Your Committee received testimony in opposition to this measure from the Hawaii State Teachers Association, IMUAlliance, and twenty-five individuals. Your Committee received comments on this measure from the American Civil Liberties Union of Hawai'i.

Your Committee finds that high quality early learning programs that are affordable and accessible for all children are critically important for ensuring the success of Hawai'i's keiki.

Your Committee recognizes the need to form public-private partnerships to provide Hawai'i's keiki with high-quality early childhood education. Private, community-based early learning programs have been the mainstay providers for quality early education in our State for many years. This measure, which will be implemented upon the ratification of an amendment to article X, section 1, of the Hawaii State Constitution, will allow the Executive Office on Early Learning to contract with private early learning education programs. This measure, along with appropriate funding, will help provide access to quality early learning programs for eighty-five percent of four-year olds by 2018 and will assist more children in establishing a solid foundation for success in school and life.

Your Committee stresses that this measure does not implement a voucher system in any way and that any private providers who contract with the Executive Office on Early Learning will be required to follow all state and federal laws, including but not limited to the Establishment Clause of the First Amendment to the United States Constitution; article 1, section 4, of the Hawaii State Constitution; and anti-discrimination laws.

Your Committee has amended this measure by:

- (1) Making this measure effective upon its approval and upon the ratification of a constitutional amendment permitting the appropriation of public funds for private early childhood education; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2276, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2276, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 2895 Education on H.B. No. 1676**

The purpose and intent of this measure is to authorize the Executive Office on Early Learning to enter into agreements with the Department of Education and charter schools for the use of vacant or underutilized classrooms for use as public preschools.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Department of Education, Department of Health, University of Hawaii at Manoa College of Education, State Public Charter School Commission, Kualapu'u Public Conversion Charter School, Hawai'i Association for the Education of Young Children, Samuel N. and Mary Castle Foundation, Hawaii Association of Independent Schools, Hawaii Primary Care Association, Ho'okako'o Corporation, Kamehameha Schools, Early Learning Advisory Board, Castle & Cooke Hawai'i, Hui for Excellence in Education, The Chamber of Commerce of Hawai'i, Democratic Party of Hawai'i, Good Beginnings Alliance, Institute for Native Pacific Education and Culture, The Pacific Resource Partnership, Hawai'i Community Foundation, Hawaii State Teachers Association, IMUAlliance, and sixty-eight individuals.

Your Committee finds that the significant, long-term benefits realized through investments in high-quality, early learning systems have been proven through decades of research. Your Committee also finds that the Department of Education and several charter schools may have facilities and highly qualified professionals that can provide Hawai'i's children with access to public preschools. This measure will direct the Executive Office on Early Learning (Office) to enter into agreements with the Department of Education and charter schools to provide students with the opportunity to attend a public preschool and ensure greater school readiness prior to entering kindergarten. In many of our communities, public preschools will play a critical role as part of a mixed delivery system, given the lack of access to private preschool providers.

The Office has already identified thirty-two classrooms in thirty schools statewide to operate public preschool programs. These programs will be operated and supported by Department of Education teachers and staff and will serve approximately six hundred forty children.

Your Committee further finds that several charter schools have space available to operate public preschool programs.

Your Committee has amended this measure by:

- (1) Clarifying that the Office may enter into agreements with the Department of Education and charter schools for the use of available classrooms, rather than requiring the classrooms to be vacant or underutilized;
- (2) Adding language requiring the Office to enter into agreements with no more than five charter schools for the use of available classrooms for public preschool programs through June 30, 2019;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1676, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1676, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 2896 Technology and the Arts on H.B. No. 2051**

The purpose and intent of this measure is to amend the criteria for the works of art to be commissioned to commemorate the late United States Senator Daniel K. Inouye and the late United States Representative Patsy T. Mink.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Department of Accounting and General Services, and United Public Workers, AFSCME, Local 646, AFL-CIO.

Your Committee finds that the late United States Senator Daniel K. Inouye and the late United States Representative Patsy T. Mink were influential leaders in the development and history of Hawaii and therefore should be honored and remembered through works of art that portray their life, vision, accomplishments, impact, and legacy.

Your Committee notes that the companion to this measure, S.B. No. 2617, S.D. 2, Regular Session of 2014, which was previously passed by the Senate, amends the requirement that the work of art commemorating Daniel K. Inouye be permanently installed by December 17, 2014, and amends the appropriation to an unspecified amount.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. 2617, S.D. 2, a substantively similar measure, which:

- (1) Amends the criteria for the works of art to be commissioned to honor the late Senator Daniel K. Inouye and the late United States Representative Patsy T. Mink;
- (2) Deletes the requirement that the work of art portraying Senator Daniel K. Inouye be installed in time for unveiling on December 17, 2014; and
- (3) Amends the appropriation for both works of art to an unspecified amount for the 2013-2014 fiscal biennium.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2051, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2051, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 2897 Technology and the Arts on H.B. No. 2539**

The purpose and intent of this measure is to honor Saint Marianne Cope and her legacy by designating January 23 of each year as Saint Marianne Cope Day, which would not be a state holiday.

Your Committee received testimony in support of this measure from the Hawaii Catholic Conference, Hawaii Family Forum, and six individuals.

Your Committee finds that Saint Marianne Cope of Molokai was a German-born American and a member of the Sisters of Saint Francis of Syracuse, New York. She spent many years caring for patients suffering from Hansen's disease on Molokai and was presented the medal of the Royal Order of Kapiolani by King Kalakaua. On October 21, 2012, Mother Marianne was canonized as Saint Marianne Cope by His Holiness Pope Benedict XVI. Saint Marianne is only the second person, after Father Damien, who had served in Hawaii to be canonized, and she is only the eleventh American citizen to receive the Roman Catholic Church's highest honor. This measure honors Saint Marianne Cope for her charitable work, virtuous deeds, and enduring legacy in Hawaii.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2539 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 2898 Technology and the Arts on H.B. No. 2593**

The purpose and intent of this measure is to reduce graffiti through the establishment of a pilot program for the creation of urban art on state property under the direction of the State Foundation on Culture and the Arts.

Your Committee received testimony in support of this measure from the Department of Transportation, the State Foundation on Culture and the Arts, and one individual.

Your Committee finds that graffiti is a pervasive problem in many communities throughout the State, causing visual blight, resulting in unsightly scenery, and negatively impacting property values. However, graffiti is also recognized as a legitimate artistic genre. Urban art, including graffiti, is a form of social commentary and expression by youth who are continuously looking for ways to share their creative point of view. This measure seeks to reduce graffiti by providing opportunities for social expression through the establishment of a pilot program for the creation of urban art on state property under the direction of the State Foundation on Culture and the Arts.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2593, H.D. 1 and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 2899 Commerce and Consumer Protection on Gov. Msg. No. 508**

Recommending that the Senate advise and consent to the nomination of the following:

**BOARD OF DENTAL EXAMINERS**

G.M. No. 508 JANET PRIMIANO, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Janet Primiano to possess the requisite qualifications to be nominated to the Board of Dental Examiners.

Your Committee received testimony in support of the nomination of Janet Primiano from the Department of Commerce and Consumer Affairs, Kanemaru Dental Group, and five individuals.

Upon review of the testimony, your Committee finds that Ms. Primiano's background, experience, and commitment to public service qualify her for appointment to the Board of Dental Examiners as a dental hygienist member. Your Committee notes that Ms. Primiano has been licensed as a dental hygienist in Hawaii since 1980, has a Master of Public Health degree, and is an active member of the Hawaii Dental Hygienists' Association. Ms. Primiano is currently employed with the Kanemaru Dental Group and the dental practice of Mark Y. Shimao, D.D.S., Inc., and is a coordinator and examiner for Central Regional Dental Testing Services, Inc. Your Committee also notes that Ms. Primiano previously worked for the Kokua Kalihi Valley Community Health Center and the Honolulu Community Action Program, Oahu Head Start and previously served as the President of the Board of Directors for Na Lei Wili, an Area Health Education Center based on Kauai. Your Committee further finds that Ms. Primiano has served as an interim member of the Board of Dental Examiners since January 2014, has a thorough understanding of the role and responsibilities of board members by virtue of her previous service on the board from 1994 through 2002, and recommends that she be appointed to the Board of Dental Examiners based on her knowledge, experience, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2900 Commerce and Consumer Protection on Gov. Msg. No. 534**

Recommending that the Senate advise and consent to the nomination of the following:

**CONTRACTORS LICENSE BOARD**

G.M. No. 534 LEONARD LEONG, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Leonard Leong to possess the requisite qualifications to be nominated to the Contractors License Board.

Your Committee received testimony in support of the nomination of Leonard Leong from the Department of Commerce and Consumer Affairs; Hawaii Laborers-Employers Cooperation and Education Trust; Laborers' International Union of North America Local 368; General Contractors Association of Hawaii; Hawaii Regional Council of Carpenters; Building Industry Association of Hawaii; The Pacific Resource Partnership; Hawaii Operating Engineers Industry Stabilization Fund; Castle & Cooke Homes Hawaii, Inc.; D.R. Horton - Schuler Homes, LLC; EAH Housing; Self-Help Housing Corporation of Hawaii; Walter P. Thompson, Inc.; Santo Engineers, LLC; Ralph S. Inouye Co., Ltd.; B & C Trucking Co., Ltd.; Jayar Construction, Inc.; Hawaiian Dredging Construction Company, Inc.; S & M Sakamoto, Inc.; King & Neel, Inc.; Genba Hawaii, Inc.; Healy Tibbitts Builders, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Mr. Leong's professional experience, background, and commitment to public service qualify him for appointment to the Contractors License Board as a licensee member. Your Committee notes that Mr. Leong has been in the construction industry for over forty years and has maintained his general contractor's license in general engineering since 1974. Mr. Leong also holds a general building license classification and a specialty license in landscaping and is the Vice President of Royal Contracting Company Limited, where he has worked since 1970. Mr. Leong serves as a Director of the General Contractors Association of Hawaii and has served on a number of construction industry and community boards and commissions, including the Hawaii Laborers Joint Apprenticeship Committee, Hawaii Laborers Pension Fund, State One Call Advisory Commission, Honolulu Police Commission, Environmental Council, and Nuuanu Neighborhood Board. Your Committee further finds that Mr. Leong has a thorough understanding of the role and responsibilities of board members and has extensive experience that will be an asset to the Contractors License Board and recommends that Mr. Leong be appointed to the Contractors License Board based on his experience, knowledge of the profession, and desire to give back to his industry and the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2901 Commerce and Consumer Protection on Gov. Msg. Nos. 535 and 536**

Recommending that the Senate advise and consent to the nominations of the following:

**REAL ESTATE COMMISSION**

G.M. No. 535 ROWENA COBB, for a term to expire 6-30-2018; and

G.M. No. 536 NIKKI SENTER, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Rowena Cobb and Nikki Senter to possess the requisite qualifications to be nominated to the Real Estate Commission.

ROWENA COBB

Your Committee received testimony in support of the nomination of Rowena Cobb from the Real Estate Commission, Hawai'i Association of REALTORS, and twelve individuals.

Upon review of the testimony, your Committee finds that Ms. Cobb's background, experience, and proven leadership on the Real Estate Commission qualify her for reappointment to the Real Estate Commission as a broker member representing Kauai County. Your Committee notes that Ms. Cobb has been the principal broker and owner of her company, Cobb Realty, on Kauai since 1982. Ms. Cobb is actively involved with her professional organizations, including serving as past President of the Kauai Board of REALTORS, Chairperson of the Hawaii Association of REALTORS Standard Forms Committee and Government Affairs Committee, and member of the Hawaii Association of REALTORS Education Committee. Ms. Cobb is also dedicated to public service and currently serves as Director of the Koloa Community Association and Treasurer of the Kauai Food Bank. Ms. Cobb has been a member of the Real Estate Commission since 2011, currently serves as a member of the Commission's Education Committee, and has a keen knowledge of the laws and rules that affect the Commission's work. Your Committee further finds that Ms. Cobb has been a dedicated member of the Real Estate Commission and recommends that she be reappointed to the Real Estate Commission based on her knowledge, extensive experience, and commitment to public service.

NIKKI SENTER

Your Committee received testimony in support of the nomination of Nikki Senter from the Real Estate Commission, Hawai'i Association of REALTORS, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Senter's background, experience, and proven leadership on the Real Estate Commission qualify her for reappointment to the Real Estate Commission as a public member. Your Committee notes that Ms. Senter has been a real estate development attorney in Hawaii for thirteen years, and her legal practice's emphasis on residential condominiums, condominium hotels, and subdivisions has been an asset to the Real Estate Commission. Ms. Senter has been a member of the Real Estate Commission since 2011, currently serves as its Chair, and has a thorough understanding of the laws and rules that affect the Commission's work. During her time as Chair of the Real Estate Commission, the Commission finalized the draft update of chapter 99, Hawaii Administrative Rules, relating to real estate brokers and salespersons, and formed a blue ribbon panel of practitioners and stakeholders to continue the rulemaking process for chapter 107, Hawaii Administrative Rules, relating to horizontal property regimes. Your Committee further finds that Ms. Senter has been a valuable member of the Real Estate Commission and recommends that she be reappointed to the Real Estate Commission based on her professional background, knowledge, and dedication to serving the public.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2902 Commerce and Consumer Protection on Gov. Msg. No. 537**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF EXAMINERS IN OPTOMETRY

G.M. No. 537 REID SAITO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Reid Saito to possess the requisite qualifications to be nominated to the Board of Examiners in Optometry.

Your Committee received testimony in support of the nomination of Reid Saito from the Department of Commerce and Consumer Affairs and Hawaii Optometric Association.

Upon review of the testimony, your Committee finds that Dr. Saito's experience, desire to serve the community, and proven leadership on the Board of Examiners in Optometry qualify him for reappointment to the Board of Examiners in Optometry as a licensee member. Your Committee notes that Dr. Saito is an optometrist in private practice and has been licensed in Hawaii since 2000. Dr. Saito is involved with his profession and his community, serving as the immediate past President of the Hawaii Optometric Association and as a member of the East Honolulu Rotary Club. Dr. Saito has been a member of the Board of Examiners in Optometry since 2011, currently serves as the Vice Chairperson of the Board, and is able to offer invaluable insight to the Board regarding his profession. Your Committee further finds that Dr. Saito's background will continue to enhance the effectiveness of the Board of Examiners in Optometry and recommends that he be reappointed to the Board of Examiners in Optometry based on his professional experience, knowledge, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2903     Agriculture on H.B. No. 737**

The purpose and intent of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist agricultural enterprises in the State.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.; Alexander & Baldwin, Inc.; Land Use Research Foundation; Local Food Coalition; Kohala Center; and Hawaii Farm Bureau Federation. Your Committee received comments on this measure from the Department of Agriculture, Department of Budget and Finance, and State Procurement Office.

Your Committee finds that it is vital to the State's agricultural economy and food security that farmers be able to make capital investments and improvements to agricultural facilities and infrastructure. This measure provides an important source of private financing to farmers and will stimulate and increase new agricultural investments and capital improvements without affecting the State's budget.

Your Committee has amended this measure to achieve statutory efficiency and clarity by:

- (1) Deleting the contents of this measure that created a new part within chapter 39A, Hawaii Revised Statutes, which authorizes the issuance of special purpose revenue bonds to assist agricultural enterprises; and
- (2) Replacing the contents of this measure with language to amend the existing chapter 39A, part X, Hawaii Revised Statutes, relating to assisting agricultural enterprises serving important agricultural lands, to authorize the issuance of special purpose revenues bonds to assist all agricultural enterprises, rather than only those agricultural enterprises serving important agricultural lands.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 737, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 737, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, Thielen, Slom).

**SCRep. 2904     (Joint) Agriculture and Human Services on H.B. No. 2430**

The purpose and intent of this measure is to make an appropriation for the senior farmers' market nutrition program.

Your Committees received testimony in support of this measure from the Kokua Council, Hawaii Farmers Union United, Hawaii Farm Bureau Federation, and two individuals.

Your Committees find that the senior farmers' market nutrition program provides low-income seniors with vouchers to exchange for eligible foods at farmers' markets, roadside stands, and community supported agriculture programs. In 2012, this program served more than 6,500 of Hawaii's seniors. By supporting nutritional health, this program keeps Hawaii's seniors healthy and independent, while lowering the demand for medical services.

Your Committees have amended this measure by making technical amendments to update and clarify language in the purpose section.

As affirmed by the records of votes of the members of your Committees on Agriculture and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2430, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2430, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture

Ayes, 5. Noes, none. Excused, 2 (Wakai, Slom).

Human Services

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2905     (Joint) Agriculture and Economic Development, Government Operations and Housing on H.B. No. 2468**

The purpose and intent of this measure is to authorize the Department of Business, Economic Development, and Tourism, in collaboration with the Department of Agriculture, to:

- (1) Perform planning and feasibility studies for one or more quarantine inspection, quarantine treatment, deconsolidation, and consolidation facilities on the island of Hawaii; and
- (2) Perform a marketing and economic impact analysis for one or more of the facilities.

Your Committees received testimony in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Hawaii Farm Bureau Federation; Nature Conservancy; Hawaii Floriculture and Nursery Association; and one individual.

Your Committees find that the island of Hawaii is strongly oriented toward diversified agriculture that promotes Hawaii's participation in global trade and commerce. For this reason, one or more facilities is needed on the island of Hawaii for quarantine, quarantine inspection, treatment, deconsolidation, and consolidation of incoming and outgoing agricultural commodities. Such facilities are essential to an effective biosecurity strategy and the efficient movement of goods into and out of the islands.

Your Committees have amended this measure by:

- (1) Inserting the contents of S.B. No. 2020, S.D. 2, Regular Session of 2014, to establish an agricultural foreign-trade zone to assist businesses with warehouse savings, the importing and exporting of resources, manufacturing incentives, and export financing, effective July 1, 2050;
- (2) Inserting the contents of S.B. No. 2397, S.D. 2, Regular Session of 2014, to create, and appropriate funds for, an agricultural technology park under the High Technology Development Corporation, effective July 1, 2050; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Economic Development, Government Operations and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2468, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2468, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture

Ayes, 6; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (English).

**SCRep. 2906 (Joint) Agriculture and Higher Education and Energy and Environment on H.B. No. 1931**

The purpose and intent of this measure is to appropriate funds to the Department of Agriculture and the University of Hawaii to research and develop methods for the prevention and treatment of macadamia felted coccid.

Your Committees received testimony in support of this measure from the Department of Agriculture; College of Tropical Agriculture and Human Resources, University of Hawaii at Manoa; Hamakua Macadamia Nut Company; Big Island Invasive Species Committee; Hawaii Macadamia Nut Association; ILWU Local 142; Island Princess; Hawaii Cattlemen's Council, Inc.; Hawaii Farm Bureau Federation; Royal Hawaiian Orchards, LP; Edmund C. Olson Trust II; MacFarms of Hawaii, LLC; Royal Hawaiian Services, LP; and ten individuals.

Your Committees find that macadamia nuts are one of the top-grossing crops grown in Hawaii, providing hundreds of local jobs, supporting numerous local businesses, encouraging tourism, and promoting diversified agriculture. The macadamia felted coccid, found in Hawaii in 2005, has the potential to devastate the macadamia nut industry and Hawaii's agricultural economy. The macadamia felted coccid is just as much a threat to the macadamia nut industry as is the coffee berry borer to the coffee industry and must therefore be contained and controlled to sustain Hawaii's precious macadamia nut industry.

Your Committees have amended this measure by:

- (1) Inserting an appropriation amount of \$360,000 for the Department of Agriculture, in cooperation with the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa, to research and develop methods for the prevention and treatment of macadamia felted coccid;
- (2) Inserting an appropriation amount of \$735,000 for the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa, in cooperation with the Department of Agriculture, to research and develop methods for the prevention and treatment of macadamia felted coccid;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture, Higher Education, and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1931, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1931, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 2907 (Joint) Agriculture and Energy and Environment on H.B. No. 1514**

The purpose and intent of this measure is to:

- (1) Appropriate funds for the mitigation of, and education relating to, the coffee berry borer; and
- (2) Establish a pesticide subsidy program until June 30, 2019, for the purchase of pesticides containing *Beauveria bassiana* to combat the coffee berry borer.

Your Committees received testimony in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; College of Tropical Agriculture and Human Resources, University of Hawaii at Manoa; Soil Culture Consulting; K.T.L. Kona Coffee Farm; Hawaii Coffee Association; Edmund C. Olson Trust II; Royal Kona Coffee Visitor Center, Mill & Museum; Kona Coffee Farmers Association; Kona Coffee Council; MauiGrown Coffee, Inc.; Ynot Austin, Inc.; Hawaii Farm Bureau Federation; Hawaii Farmers Union United; Maui Mountain Coffee Farm; Olinda Organic Farm; Greenwell Farms; and eight individuals. Your Committees received comments on this measure from Aina Ku Hina, Pua Kea Coffee, and one individual.

Your Committees find that the coffee berry borer, a small beetle discovered in Hawaii in 2010, threatens the viability of Hawaii's entire coffee industry. If the State is going to control and contain this invasive pest, ongoing and aggressive pest-control efforts are critical. Treatment costs are a phenomenal financial burden on farmers, and some farmers have already gone out of business due to the high cost of pesticides. By educating and supporting farmers in combatting the coffee berry borer, Hawaii is safeguarding one of the premiere specialty crops that brings money and tourists into the State.

Your Committees have amended this measure by:

- (1) Authorizing the Department of Agriculture to expend up to \$50,000 to hire one temporary program specialist for the pesticide subsidy program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1514, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1514, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2908 (Joint) Agriculture and Energy and Environment on H.B. No. 2543**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to BioTork Hawaii LLC (BioTork) for the development and operation of a facility to convert agricultural crops and by-products to biofuels and high-protein feed.

Your Committees received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Hawaii Farm Bureau Federation; and BioTork Hawaii, LLC. Your Committees received comments on this measure from the Department of Budget and Finance.

The high cost of energy and livestock feed are significant barriers to food security and sustainability in Hawaii. BioTork's proposal to convert agricultural crops and byproducts such as albizia, sweet potatoes, papaya, and molasses to biofuels and high-protein feed would be a boon to Hawaii's agricultural sustainability and economy.

Your Committees request that BioTork submit to your Committees by April 11, 2014, copies of letters from the Department of Business, Economic Development, and Tourism and the Department of Budget and Finance affirming that these agencies have received and reviewed the applicant's business plan. Your Committees do not require that these letters contain approval for, or render a conclusion regarding, the applicant's business plan.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2543, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2543, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2909 Health on H.B. No. 2304**

The purpose and intent of this measure is to enable the Neurotrauma Advisory Board to function more efficiently and effectively by:

- (1) Decreasing the minimum number of board members from twenty-one to eleven in order to facilitate attaining quorum, while maintaining representation of nearly all existing parties;
- (2) Establishing quorum requirements for the Neurotrauma Advisory Board; and

- (3) Authorizing the Director of Health to appoint up to three state and county representatives whose work relates to neurotrauma to be ex officio nonvoting members of the Neurotrauma Advisory Board.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that the smaller number of members will allow the Neurotrauma Advisory Board to achieve quorum on a regular basis, which will permit the Board to function effectively and better assist the Department of Health. Your Committee further finds that permitting the Director of Health to appoint up to three state and county ex officio nonvoting members to the Neurotrauma Advisory Board will promote partnerships and collaboration toward achieving the Board's initiatives.

Your Committee has amended this measure by:

- (1) Making the measure effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2304, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2304, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2910 Health on H.B. No. 2277**

The purpose and intent of this measure is to support health care transformation by:

- (1) Changing the name of the State Health Planning and Development Agency to the Hawaii Health Care Planning and Policy Authority;
- (2) Establishing an Office of Health Care Transformation to be headed by a Health Care Transformation Officer within the Hawaii Health Care Planning and Policy Authority;
- (3) Establishing the health care transformation special fund;
- (4) Extending the health care transformation program, which is temporarily placed within the Office of the Governor, to June 30, 2017;
- (5) Requiring the Governor to submit progress reports on the health care transformation program to the Legislature no later than twenty days prior to the convening of the 2015 and 2016 Regular Sessions, and extending the Governor's submission of the final report to the Legislature on the health care transformation program to twenty days prior to the convening of the 2017 Regular Session;
- (6) Transferring the powers, duties, personnel, records, property, appropriations, funds, and other items specified in this measure of the health care transformation program temporarily placed in the Office of the Governor, to the Hawaii Health Care Planning and Policy Authority on July 1, 2017; and
- (7) Making an appropriation to carry out the functions, operations, and purposes of the health care transformation program.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Health; Office of Hawaiian Affairs; School of Nursing and Dental Hygiene, University of Hawaii at Manoa; Hawaii Health Systems Corporation; East Hawaii Region; Kaiser Permanente; Hawaii Medical Service Association; Hawaii Pacific Health; Hawaii Primary Care Association; Hawaii Association of Health Plans; Hawaii Health Information Exchange; Ho'ola Lahui Hawaii; and two individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that a long-term plan for health care transformation in Hawaii is necessary to address issues related to quality of care, access to care, and use of health information technology to improve care. Your Committee further finds that given the complexity and evolving nature of health care, it is appropriate to update the state agency tasked with health care transformation and add a new position of Healthcare Transformation Coordinator. This measure establishes the necessary framework and authority to accomplish the objectives of health care transformation in Hawaii.

Your Committee has amended this measure by:

- (1) Inserting an appropriation amount of \$752,870;
- (2) Inserting an effective date of July 1, 2014; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee encourages the Hawaii Health Care Planning and Policy Authority and Healthcare Transformation Coordinator to collaborate with members of the Hawaii Health Authority, who have considerable expertise.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2277, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2277, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2911 Health on H.B. No. 2262**

The purpose and intent of this measure is to authorize the Department of Health to disclose lists of names of persons whose deaths have been recorded by the Department to state agencies that maintain official lists of persons and are prohibited by federal law from sharing information from the lists.

Your Committee received testimony in support of this measure from the Department of Health; Department of Budget and Finance; Department of Human Services; and Hawaii Employer-Union Health Benefits Trust Fund, Department of Budget and Finance.

Your Committee finds that allowing the Department of Health to report deaths to state agencies that maintain official lists that are confidential under federal law would assist state agencies to maintain accurate lists. Your Committee further finds that accurate death validation is necessary to ensure that enrollee and dependent beneficiary data reflect updated and timely information in order to prevent the overpayment of benefits. This measure will benefit state agencies in their death validation process and data cleansing efforts.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2262, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2912 Human Services on H.B. No. 2059**

The purpose and intent of this measure is to restore the allocation of conveyance tax collections to the rental housing trust fund to fifty percent.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, Community Alliance for Mental Health, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Association of REALTORS, Hawaii Catholic Conference, Kauai Community Alliance, Partners in Care, PHOCUSED, and one individual. Your Committee received testimony in opposition to this measure from the Building Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Land and Natural Resources, Tax Foundation of Hawaii, and Chamber of Commerce Hawaii.

Your Committee finds that the rental housing trust fund is an essential funding source for the development of critically needed affordable rental housing in the State. Testimony on this measure indicates that restoring the allocation of conveyance tax collections to the rental housing trust fund to fifty percent would yield an additional \$10,800,000 per year. In light of Hawaii's steep cost of living, increased rent rates, and increased homelessness rates, your Committee finds that it is necessary to increase the amount of funds available to be leveraged to build more affordable housing.

Your Committee has amended this measure by inserting appropriation amounts of \$1.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2059, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2059, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2913 Human Services on H.B. No. 1893**

The purpose and intent of this measure is to support the American Red Cross by establishing the American Red Cross Hawaii State Chapter special fund and authorizing income tax return designations to the American Red Cross, Hawaii State Chapter.

Your Committee received testimony in support of this measure from the Hawaii State Civil Defense and American Red Cross, Hawaii State Chapter. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that the American Red Cross, Hawaii State Chapter, responds to a disaster on average every four days and performs a public service for the people of Hawaii by providing disaster response and emergency preparedness services. The American Red Cross recruits, trains, and coordinates volunteers to be on call to provide immediate relief to disaster victims. Your Committee further finds that this measure provides funding to the American Red Cross, Hawaii State Chapter, so that it can better provide in-state disaster response services and help mitigate the loss of life and property when disasters occur. Your Committee received testimony expressing concern that establishing an income tax check-off box for a non-government entity will open the door to many other private entities requesting the same.

Your Committee has amended this measure by:

- (1) Replacing the American Red Cross Hawaii State Chapter special fund with the disaster response special fund, from which funds will be transferred annually to organizations that respond to disasters and train volunteers to provide shelter and other mass care activities during major disasters;
- (2) Inserting an effective date of January 1, 2015; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1893, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1893, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 2914 Human Services on H.B. No. 1539**

The purpose and intent of this measure is to allow only original household members to retain a federal housing voucher under the Hawaii Public Housing Authority's housing choice voucher program in order to provide more opportunities for people on the waiting list to receive housing choice vouchers.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Community Alliance for Mental Health, Homeless and Affordable Housing Institute, and one individual.

Your Committee finds that the housing choice voucher program currently allows individuals who receive a housing voucher to keep the voucher or pass it along to family members or friends even when the original household members no longer live in the household. This measure requires original household members to return their voucher when all original members no longer live in the household in order to prevent family members and friends from inheriting housing vouchers and thereby circumventing the waiting list. However, this measure allows minors who were added to the household and who survive the original household member to retain the voucher until the last minor reaches the age of twenty-one. This measure also includes a provision regarding the eligibility status of legal guardians of minor household members.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1539, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1539, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2915 Human Services on H.B. No. 1576**

The purpose and intent of this measure is to address the insufficient monthly amount paid to foster care providers by increasing the monthly board rate for foster care services for children.

Your Committee received testimony in support of this measure from the Department of Human Services, Catholic Charities Hawaii, Family Programs Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Youth Services Network, and ten individuals.

Your Committee finds that the current monthly board rate for children in foster care is \$529 and that this amount is insufficient to cover the costs of care, food, housing, and other necessities for foster children. Your Committee further finds that the monthly board rate has not been increased since 1990, which has made it difficult for the State to recruit and retain foster families. Increasing the stipend for foster care will help meet the basic needs of foster children, increase the stability of foster children, and improve the matching of foster children with families of similar culture and values.

Your Committee has amended this measure by:

- (1) Removing references to group homes and child caring institutions; and
- (2) Inserting an effective date of July 1, 2014.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1576, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1576, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 2916 (Joint) Human Services and Education on H.B. No. 1756**

The purpose and intent of this measure is to establish a standardized framework for operations and provide funding for after-school programs in public middle and intermediate schools by:

- (1) Establishing the Resources for Enrichment, Athletics, Culture, and Health (R.E.A.C.H.) program within the Office of Youth Services;
- (2) Establishing a revolving fund to support the R.E.A.C.H. program; and
- (3) Appropriating funds for establishment of the program and one full-time equivalent position to support the program.

Your Committees received testimony in support of this measure from the Office of the Lieutenant Governor, Department of Education, Board of Education, Office of Hawaiian Affairs, Office of Youth Services, REACH Out Hawaii, After-School All-Stars Hawaii, Hawaii Youth Services Network, Hui for Excellence in Education, Oceanic Time Warner Cable, Maui Economic Development Board, Molokai Middle School, Waiakea Intermediate School, Washington Middle School, and eight individuals. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that providing quality after-school programming for middle school students serves to improve the lives of Hawaii's at-risk youth, reduce juvenile crime, and save taxpayers some of the significant cost that disconnected youth create for the State. Your Committees further find that middle school years are a pivotal time for children and that quality after-school programs

have been shown to set students on the right path for future education and life success. Keeping children engaged in positive after-school activities will improve school attendance, increase graduation rates, and keep children on the path toward productive futures.

Your Committees have amended this measure by:

- (1) Amending the language to establish a R.E.A.C.H. program special fund instead of a revolving fund;
- (2) Inserting language to specify uses for which the special fund monies may be expended; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1756, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1756, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

Education

Ayes, 5. Noes, none. Excused, none.

**SCRep. 2917 Human Services on H.B. No. 1889**

The purpose and intent of this measure is to establish a homeless person's bill of rights to guarantee that the rights, privacy, and property of homeless persons are protected.

Your Committee received testimony in support of this measure from the Pacific Alliance to Stop Slavery, IMUAlliance, Hawaii Guerrilla Video Hui, Ho'opae Pono Peace Project, and sixteen individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Hawaii Civil Rights Commission and one individual.

Your Committee finds that certain local ordinances have recently served to criminalize and dehumanize the State's homeless population. Your Committee finds that it is important to recognize that the protection of the law extends equally to all, even individuals who are without a home and may not be able to advocate for their own basic civil rights.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1889, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2918 Human Services on H.B. No. 2448**

The purpose and intent of this measure is to allow the Hawaii Housing Finance and Development Corporation to issue bonds to finance infrastructure development on land owned by an eligible developer whose housing project approval by the State or county requires the construction of affordable housing.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Chamber of Commerce Hawaii; and The Pacific Resource Partnership.

Your Committee finds that the lack of available land with infrastructure is a significant barrier to the State's critical need for affordable housing. Your Committee further finds that it is important and valuable to finance the infrastructure improvements necessary for affordable housing developments and that this measure provides one mechanism for financing these improvements.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2448, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Green). Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2919 Human Services on H.B. No. 2298**

The purpose and intent of this measure is to provide a child-friendly process of hearing notification to children in child protection cases to avoid children being served the summons by a law enforcement officer and to provide the child with adequate notice of a hearing.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Human Services.

Your Committee finds that existing state law requires that children in child protection cases be served with the petition and summons by a law enforcement officer. Your Committee further finds that it is less intimidating and more therapeutic for children to receive notice of the petition, the date and time of the initial hearing, and the child's right to participate in the hearing through notification by the petitioner, which is the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2298, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 2920 Human Services on H.B. No. 2251**

The purpose and intent of this measure is to increase the revenue bond authorization of the hula mae multifamily bond program to \$1,000,000,000 to ensure the development and preservation of affordable rental housing.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Building Industry Association of Hawaii; Hawaii Association of REALTORS; and Land Use Research Foundation of Hawaii.

Your Committee finds that the housing and loan mortgage program, commonly known as the hula mae multifamily revenue bond program, has been an effective financing tool in the development and preservation of affordable rental housing. Since its inception, \$418,244,699 in bonds have been issued to assist in financing over three thousand affordable units in the State. In 2013, the total dollar value of requests for hula mae multifamily financing exceeded the remaining available bond authority for the hula mae program.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2251, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2921 (Majority) Commerce and Consumer Protection on H.B. No. 2581**

The purpose and intent of this measure is to:

- (1) Establish the State Innovation Waiver Task Force to develop a plan for applying for a state innovation waiver under the federal Patient Protection and Affordable Care Act of 2010 (Affordable Care Act);
- (2) Require the State Innovation Waiver Task Force to submit an interim report to the Legislature prior to the convening of the Regular Session of 2015 and a final report prior to the convening of the Regular Session of 2016; and
- (3) Appropriate funds for the operations of the State Innovation Waiver Task Force.

Your Committee received testimony in support of this measure from the Office of the Governor, Department of Commerce and Consumer Affairs, Hawaii Medical Association, Chamber of Commerce Hawaii, Kaiser Permanente Hawaii, Hawaii Medical Service Association, and League of Women Voters of Hawaii.

Your Committee finds that the Affordable Care Act encourages states to develop innovative approaches to insuring their populations by authorizing states to apply for waivers from certain requirements of the Affordable Care Act. Your Committee further finds that Hawaii has long been at the forefront of the nation in health care and health insurance and a waiver may be in the best interests of the public. This measure convenes the State Innovation Waiver Task Force to consider strategies that will result in a universal health insurance coverage system that meets consumer and provider needs, adds value and convenience to employers, and is economically sustainable.

Your Committee additionally finds that for the State Innovation Waiver Task Force to successfully represent the interests of all persons and entities affected by the Affordable Care Act, a wide range of interested stakeholders must be included on the Task Force, such as representatives from small and large businesses, as these employers face different requirements under the Affordable Care Act, persons with expertise in health care delivery, and persons with expertise in health insurance.

Your Committee also notes that because the operations of the State Innovation Waiver Task Force will be a multi-year endeavor, it is appropriate to require a second interim report to be submitted to the Legislature prior to the convening of the Regular Session of 2016 and a final report to be submitted to the Legislature prior to the convening of the Regular Session of 2017.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying the membership on the task force, including adding a representative from the Healthcare Association of Hawaii and clarifying the necessary attributes for the members to be designated by the President of the Senate and the Speaker of the House of Representatives;
- (2) Requiring the State Innovation Waiver Task Force to submit two interim reports to the Legislature no later than twenty days prior to the convening of the Regular Sessions of 2015 and 2016 and a final report no later than twenty days prior to the convening of the Regular Session of 2017; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2581, H.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2581, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Slom). Excused, 1 (Wakai).

**SCRep. 2922 Commerce and Consumer Protection on H.B. No. 2269**

The purpose and intent of this measure is to require all managed care plans to provide health insurance premium information to the Insurance Commissioner upon request and require the Insurance Commissioner to publish the representative annual premiums of all health insurance plans.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Kaiser Permanente Hawaii, Hawaii Medical Service Association, and Hawai'i Primary Care Association.

Your Committee finds that the Insurance Commissioner is able to collect and create motor vehicle and home insurance premium comparison sheets that enable the public to shop for and compare these policies. This measure establishes similar requirements for the submission of health insurance premium information to the Insurance Commissioner and requires the Insurance Commissioner to publish representative premium information of all health insurance plans annually and electronically, such as through a premium comparison sheet for health insurance premiums.

Your Committee further finds that the federal Patient Protection and Affordable Care Act of 2010 mandates individuals to acquire health care coverage or face a penalty. The State's Prepaid Health Care Act also requires many employers to provide prepaid health care plans to certain types of employees. This measure affords individuals and small businesses the opportunity to review and compare health premiums from all health insurers, thereby helping Hawaii consumers make informed decisions when purchasing required health insurance.

Your Committee has amended this measure by inserting an effective date of July 1, 2014.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2269, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2269, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 2923 Commerce and Consumer Protection on H.B. No. 1882**

The purpose and intent of this measure is to adopt the national standard of a minimum of twenty-four months in an accredited podiatric residency prior to licensure as a podiatrist.

Your Committee received testimony in support of this measure from the Hawaii Medical Association, Hawaii Podiatric Medical Association, American Podiatric Medical Association, and eight individuals. Your Committee received comments on this measure from the Hawaii Medical Board.

Your Committee finds that in the past, podiatry residencies varied from one to three years in length. In 2011, the Council on Podiatric Medical Education formally increased the national residency standard for podiatrists to a thirty-six month residency program to provide uniform and consistent training amongst all graduating podiatric surgeons. The twenty-four month residency requirement in this measure will cover podiatrists who completed a shorter podiatry residency prior to the uniform adoption of the thirty-six month residency requirement. This measure also provides specific requirements for an applicant for a license to practice podiatric medicine in Hawaii who graduated from an approved college before January 1, 2004.

Your Committee notes that this measure is not intended to affect podiatrists currently licensed and practicing podiatric medicine in Hawaii. An amendment is therefore needed to specify that this measure is intended to clarify the licensure requirements for out-of-state podiatrists seeking initial licensure in Hawaii.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the residency and experience requirements for applicants for a license to practice podiatric medicine in Hawaii who graduated from an approved college before January 1, 2004, shall not apply to podiatrists with current, active licenses to practice podiatric medicine in Hawaii;
- (2) Inserting an effective date of January 1, 2015; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

Your Committee notes that this amended measure is intended to clarify licensure requirements for out-of-state podiatrists seeking initial licensure in Hawaii. This amended measure will not affect podiatrists currently licensed and practicing podiatric medicine in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1882, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1882, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2924 Commerce and Consumer Protection on H.B. No. 1830**

The purpose and intent of this measure is to:

- (1) Require arbitration awards, records of awards, and related supporting materials under chapter 466K, Hawaii Revised Statutes, to be public records;
- (2) Require licensed or certified real estate appraisers who are named or appointed in a submission agreement to appraise or arbitrate entered into after July 1, 2014, to record with the Bureau of Conveyances all arbitration awards; records of awards, if separately issued; and any supplementary, dissenting, or explanatory opinions on awards within ninety days of the notification of the determination of the award to the parties;
- (3) Specify that no agreement between the parties or the appraisers acting as arbitrators may preclude or deny the requirement to record an award, the record of the award, or any supplementary, dissenting, or explanatory opinions; and
- (4) Clarify that failure to comply is a violation of real estate appraiser license or certification requirements.

Your Committee received testimony in support of this measure from Citizens for Fair Valuation; Central Park Community Association; Bacon-Universal Company, Inc.; Japanese Chamber of Commerce and Industry of Hawaii; Chika Nakano Repair Shop, Inc.; Sand Island Business Association; McCully Works, Inc.; David S. De Luz, Sr. Enterprises, Inc.; Kapolei Medical Park Venture; Waiakamilo Shopping Center; Waiālae Plaza; and one individual. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii.

Your Committee finds that Act 227, Session Laws of Hawaii 2011 (Act 227), was intended to bring data, openness, and transparency to a market controlled by few landlords and very few commercial and industrial appraisers. Unfortunately, since the enactment of Act 227, many appraisers acting as arbitrators have required confidentiality clauses to be added to submission agreements, which govern arbitration between the parties. These confidentiality clauses frustrate the legislative intent of Act 227. Your Committee further finds that the development of an open market valuation process requires that these arbitration awards, records of awards, and related supporting materials must be public records.

Your Committee additionally finds that this measure does not change existing lease agreements and therefore is not in violation of the Contracts Clause of the United States Constitution. Rather, this measure requires appraisers acting as arbitrators to file arbitration reports with the Bureau of Conveyances, thereby allowing public access to data that has previously been kept solely in the hands of those who control the land.

Your Committee also finds that Act 227 requires appraisers in arbitration proceedings to certify compliance with the most current Uniform Standards of Professional Appraisal Practice (USPAP). Your Committee notes that USPAP has an exception to its confidentiality rule, which provides that an appraiser must not disclose confidential information to anyone other than “third parties as may be authorized by due process of law.” Act 227’s requirement for appraisers acting as arbitrators to report the basis of an award would therefore fall under this exception permitted by USPAP.

Your Committee has amended this measure by:

- (1) Amending the purpose section for clarity;
- (2) Inserting an effective date of upon approval; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1830, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1830, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

#### **SCRep. 2925 Commerce and Consumer Protection on H.B. No. 2045**

The purpose and intent of this measure is to provide a remedy for community associations to recover unpaid assessments for a share of common expenses up to the time of a grant or conveyance of property.

Your Committee received testimony in support of this measure from the Community Associations Institute Hawaii Chapter.

Your Committee finds that escrow companies and other interested parties are usually aware of a lien in favor of a condominium association. However, it is common for escrow companies and other interested parties to handle the sale of a non-condominium, planned community association unit and overlook the collection of the association’s unpaid assessments for the unit. Transfers of units outside of escrow, such as transfers to individual trusts, companies controlled by owners, or family members, may also result in uncured assessment debt owed to community associations. Your Committee further finds that this measure addresses these concerns by providing a remedy for community associations to recover unpaid assessments for a share of common expenses up to the time of a grant or conveyance of property. This measure also clarifies the responsibilities of a planned community association, unit owners, the buyer, and escrow officers in a voluntary conveyance and protects the interests of the planned community association and the purchasers of a unit governed by a planned community association.

Your Committee has heard the concerns about the use of the term “lot” in this measure. Your Committee notes that although “lot” is not defined under chapter 421J, Hawaii Revised Statutes, section 421J-2, Hawaii Revised Statutes, defines “unit” to mean a physical portion of the planned community designated for separate ownership or occupancy. Your Committee concludes that the definition of “unit” is sufficient to refer to an individually owned property, whether developed or undeveloped, that is part of a planned community association and finds that references to the undefined term “lot” are unnecessary and should be deleted to avoid ambiguity.

Accordingly, your Committee has amended this measure by:

- (1) Removing references to the term “lot”;
- (2) Inserting an effective date of upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2045, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2045, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 2926 Commerce and Consumer Protection on H.B. No. 2019**

The purpose and intent of this measure is to:

- (1) Allow prospective purchasers of time share interests to receive printed or electronic copies of the time share plan disclosure statement; and
- (2) Amend developer registration renewal requirements by:
  - (A) Permitting the developer to disclose either the total number of registered time share interests in each unit or the total number of points registered for sale;
  - (B) Eliminating the requirement that developers provide title insurance and title reports; and
  - (C) Eliminating the requirement that developers file a financial statement.

Your Committee received testimony in support of this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs, Wyndham Vacation Ownership, Starwood Vacation Ownership, and American Resort Development Association Hawaii.

Your Committee finds that many consumers and buyers prefer an option to receive important documents electronically. This measure modernizes Hawaii’s time share statute and enables buyers to choose whether to receive the time share disclosure statement on paper or in digital form. Your Committee further finds that this measure updates and streamlines the biennial renewal requirements for developers, thereby reducing costs and burdens for the time share industry and the Department of Commerce and Consumer Affairs. Your Committee additionally finds that this measure removes the requirement that a developer submit a financial statement with a renewal application, thus making this portion of the developer renewal process consistent with the Professional and Vocational Licensing Division’s other licensing areas.

Your Committee has amended this measure by:

- (1) Clarifying that developers must include either the total number of time share interests registered for sale in each unit or the total number of points registered for sale in each property in an application for renewal of a developer registration;
- (2) Amending the purpose section for clarity; and
- (3) Inserting an effective date of upon approval.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2019, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2019, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 2927 (Joint) Human Services and Agriculture on H.B. No. 2560**

The purpose and intent of this measure is to permit the continued operation of family child care homes in agriculturally designated districts if located in a farm dwelling constructed prior to July 1, 2014.

Your Committees received testimony in support of this measure from the County of Maui; County Council, County of Maui; Good Beginnings Alliance; People Attentive to Children; PHOCUSED; Robin’s Child Care; and twenty-two individuals. Your Committees received testimony in opposition to this measure from Hawaii’s Thousand Friends and sixteen individuals. Your Committees received comments on this measure from the Department of Agriculture and Office of Planning.

Your Committees find that family child care homes in agriculturally designated districts are often the only form of available and affordable child care in these districts. Licensed day care is scarce in rural areas around the State despite the State’s efforts to promote farming and sustainability.

Your Committees heard testimony emphasizing that family child care homes are not large day care centers because family child care homes have a legal limit of six children and must be operated in a single family dwelling. In addition, testimony on this measure indicates that many family child care homes already exist on agricultural land but current statute prevents the homes from becoming properly licensed. Your Committees find that Hawaii’s children deserve to be cared for by licensed, quality child care providers. Your Committees further find that obtaining a special use permit to operate a family child care home on agricultural land is cost-prohibitive.

Your Committees also received testimony expressing concern about allowing non-agricultural activities on agricultural land and the possibility that allowing more non-agricultural uses will cause farmers to disinvest in their farm operations in anticipation of development. Your Committees find that these issues merit further consideration but also recognize the critical need for quality child care in rural areas of Hawaii to support Hawaii's farming families.

Your Committees have amended this measure by:

- (1) Removing language that limited the permitted use of farm dwellings on agriculturally designated districts for family child care homes to only those farm dwellings constructed prior to July 1, 2014;
- (2) Inserting language to amend the definition of "family child care home" to permit care of one to six unrelated children instead of only three to six unrelated children;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2560, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2560, H.D. 2, S.D. 1, and be referred to the Committee on Public Safety, Intergovernmental and Military Affairs.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 3; Ayes with Reservations (Taniguchi). Noes, none. Excused, 2 (Kidani, Slom).

Agriculture

Ayes, 5; Ayes with Reservations (Dela Cruz, English, Kouchi, Thielen). Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 2928 (Joint) Agriculture and Energy and Environment on H.B. No. 1932**

The purpose and intent of this measure is to appropriate funds to the Department of Agriculture's biosecurity program.

Your Committees received testimony in support of this measure from the Department of Agriculture, Department of Land and Natural Resources, Department of Transportation, Nature Conservancy, Hawaii Farm Bureau Federation, Maui County Farm Bureau, and Democratic Party of Hawaii. Your Committees received comments on this measure from Able Freight.

Your Committees find that one of the greatest threats to Hawaii's economy, environment, and health is the spread of invasive species. Unfortunately, Hawaii is already experiencing the devastating effects caused by invasive species such as the little fire ant, coffee berry borer, and macadamia felted coccid. In order for the State to combat invasive species, it must make the Department of Agriculture's biosecurity program a priority and ensure that it is sufficiently funded.

Your Committees have amended this measure by:

- (1) Inserting language to authorize the Department of Agriculture to establish or participate in private-public partnerships to enhance the biosecurity program and quarantine inspection process with on-port and off-port facilities, including inspection and treatment facilities, transitional facilities, and consolidation and deconsolidation facilities;
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1932, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1932, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture

Ayes, 6. Noes, none. Excused, 1 (English).

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Ihara).

**SCRep. 2929 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2347**

The purpose and intent of this measure is to:

- (1) Clarify that all Department of Taxation criminal investigators, including those who are subject to civil service laws, have police powers; and
- (2) Provide that the civil service exemption for criminal investigators is discretionary, rather than mandatory.

Your Committee received testimony in support of this measure from the Department of Taxation and the Hawaii Government Employees Association. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that section 231-4.3, Hawaii Revised Statutes, grants police powers to only civil service exempt criminal investigators. However, the Department of Taxation's criminal investigation unit supervisor is a civil service employee. This measure clarifies that all of the Department's criminal investigators, including those who are civil service employees, have police powers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2347, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2347, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Green, Slom). Noes, none. Excused, 1 (Galuteria).

**SCRep. 2930 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2363**

The purpose and intent of this measure is to:

- (1) Require the Department of Public Safety to establish a two-year reentry pilot project with no more than one hundred offenders who are nonviolent, low-risk drug offenders and eligible for early release or parole;
- (2) Require the service providers to collect data from the pilot project and submit a status report to the Department of Public Safety every six months for evaluation of the project's effectiveness; and
- (3) Make an appropriation to support and establish the reentry pilot project.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, Kokua Council, Witt Counseling Service, The CHOW Project, Drug Policy Action Group, American Civil Liberties Union of Hawaii, and twenty-four individuals. Your Committee received comments on this measure from the Department of Public Safety and two individuals.

Your Committee finds that nonviolent, low-risk drug offenders can be effectively and safely transitioned from jail or prison back into the community through a system of community-based treatment programs. A comprehensive and coordinated range of evidence-based treatment services facilitates positive outcomes when working with nonviolent, low-risk drug offenders. The reentry pilot project will establish an alternative to incarceration by diverting nonviolent, low-risk drug offenders who are eligible for early release or parole, from incarceration into a coordinated system of community-based treatment programs, resulting in long-term savings, a reduction in the prison population, and reduction in recidivism among nonviolent drug offenders.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2363, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2363, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2931 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1024**

The purpose and intent of this measure is to encourage ocean and beach safety by extending the law providing county lifeguards with protections from liability.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of the Attorney General; State Fire Council; Honolulu Fire Department; Hawaii Council of Mayors; Kauai Fire Department; Hawaii Association for Justice; Hawaiian Lifeguard Association; Honolulu Emergency Services Department, Ocean Safety Division; Department of the Corporation Council of the City and County of Honolulu; Injury Prevention Advisory Committee; Hawaii Lodging and Tourism Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and fifteen individuals.

Your Committee finds that county lifeguards are essential to ocean and beach safety in providing protections to residents and visitors in their enjoyment of state and county beaches. Limited liability protection is necessary because some counties are unable to provide lifeguard services due to the fear of potential liability that might arise. As a result of the limited liability protection, many lives have been saved by county lifeguards. Under existing law, the limited liability protections for lifeguards, the counties, and the State against civil damages arising out of acts or omissions of lifeguards while performing lifeguard services will repeal on June 30, 2014. As a result, counties may have to discontinue lifeguarding services due to the increased liability risk and financial burden. This life-saving measure promotes and increases public safety by extending liability protections to lifeguards, the counties, and the State.

Your Committee notes that this measure, as originally introduced during the Regular Session of 2014, provides permanent liability protections to lifeguards, counties, and the State with regard to lifeguard services. The language in H.B. No. 1024, is preferable, as it permanently allows lifeguard services to be provided without fear of liability and will increase public safety for residents and visitors.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 1024, which permanently provides liability protections to lifeguards, counties, and the State against civil damages arising out of acts or omissions of lifeguards and does not include the county annual reporting requirement, but retaining the effective date of June 29, 2014.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1024, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1024, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2932 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1570**

The purpose and intent of this measure is to:

- (1) Provide protection to family or household abuse victims by specifying that the period of separation that a police officer can order under suspicion of physical abuse or harm is two business days from the day the order is issued; and
- (2) Define "business day" as any calendar day, except Saturday, Sunday, or a state holiday.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Department of the Prosecuting Attorney of the County of Maui; Department of the Prosecuting Attorney of the County of Kauai; Office of the Prosecuting Attorney of the County of Hawaii; Honolulu Police Department; Maui Police Department; and two individuals.

Your Committee finds that the intent of the forty-eight hour period of separation in cases of actual or probable family or household abuse is to keep the abuser or potential abuser away from the victim and give the victim time to get a restraining order and find a safe shelter. However, under existing law when the abuse occurs at certain times or on certain days, the victim does not receive the benefit of the forty-eight hour separation period or does not have sufficient time to obtain a restraining order or shelter because government agencies and many private organizations are closed on weekends and holidays. This measure will give abuse victims additional time to get help and legal protection by extending the period of separation that a law enforcement officer shall order under specified circumstances.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1570, H.D. 1 and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2933 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1664**

The purpose and intent of this measure is to:

- (1) Add definitions for "permanent fireworks storage building or structure" and "temporary fireworks storage building or structure"; and
- (2) Require permanent and temporary fireworks storage buildings or structures and redistribution facilities to comply with applicable county building or fire codes or nationally recognized standards.

Your Committee received testimony in support of this measure from the State Fire Council and Honolulu Fire Department. Your Committee received testimony in opposition to this measure from THY & Associates.

Your Committee finds that the potential danger or damage from the use, transportation, and storage of fireworks is so great that those activities need to be more closely monitored. This measure will promote the safety of the general public and the first responder community by restricting the storage and redistribution of fireworks to permanent and temporary fireworks storage facilities that comply with applicable county codes or nationally recognized standards.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1664, H.D. 1 and recommends that it pass Second Reading and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2934 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1858**

The purpose and intent of this measure is to protect liquor commission investigators engaged in the performance of their duties by establishing knowingly or intentionally causing bodily injury to liquor commission investigators while performing their job duties as assault in the second degree.

Your Committee received testimony in support of this measure from the Liquor Commission, City and County of Honolulu; Department of Liquor Control, County of Kauai; Hawaii Government Employees Association, AFSCME, Local 152, AFL-CIO; and two individuals.

Your Committee finds that similar to other public safety individuals, liquor commission investigators often work in environments where there is a risk of assault. As liquor commission investigators frequently work alone in alcohol-fueled environments, your Committee finds it necessary to include liquor commission investigators who are performing their job duties in the class of public safety persons protected under the offense of assault in the second degree.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1858 and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 2935 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2139**

The purpose and intent of this measure is to allow an unlimited number of members of a county council to jointly attend informational meetings or presentations without violating the Sunshine Law, under certain conditions.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from the Office of Information Practices, Common Cause Hawaii, League of Women Voters, and four individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that as elected officials, it is the job of county council members to find out how people in the community feel about policy issues and to become educated on those issues. However, under section 92-2.5(e), Hawaii Revised Statutes, if at least a number that constitutes a quorum of county council members attends any meetings or presentations open to the public, those members in attendance may be in violation of the Sunshine Law. This measure will increase communication between county council members and their constituents, while providing public protection against inadequate notice of discussions by county council members in which or by which people may be interested or affected.

Your Committee notes that the companion to this measure, S.B. No. 2962, S.D. 1, Regular Session of 2014 which previously passed Second Reading in the Senate, contains language creating a limited meeting where any number of county council members may attend a community group's meeting to discuss council business, provided that certain requirements are met.

Your Committee additionally finds that the language in S.B. No. 2962, S.D. 1, is preferable because it allows any number of county council members to hold limited meetings, yet still provides protection for the public.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 2962, S.D. 1, a substantively similar measure, which:

- (1) Describes the legislature's findings and the purpose of the measure in accordance with the amendments;
- (2) Allows any number of county council members to attend and hold a limited public meeting to discuss council business, as the guest of a board or community group holding its own meeting, through June 30, 2018;
- (3) Requires notice of the limited meeting to meet the requirements of section 92-7, Hawaii Revised Statutes;
- (4) Requires a board or community group that is subject to part I, chapter 92, Hawaii Revised Statutes, and holding a meeting that a county council is attending, to meet the requirements of part I, chapter 92, Hawaii Revised Statutes;
- (5) Restricts such limited meetings of a county council to no more than one per month for any one board or community group;
- (6) Requires all limited meetings to be held in the State;
- (7) Prohibits limited meetings from being held to circumvent part I, chapter 92, Hawaii Revised Statutes; and
- (8) Repeals on June 30, 2018.

Your Committee further amended this measure to provide that notice of a limited meeting may include an agenda.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2139, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2139, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Galuteria).

**SCRep. 2936 Hawaiian Affairs on Gov. Msg. Nos. 519, 520, and 527**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF KAUAI AND NIIHAU

G.M. No. 519 JANET BRADFORD, for a term to expire 6-30-2015;

G.M. No. 520 WAYNE HARADA, for a term to expire 6-30-2018; and

G.M. No. 527 LEIANA ROBINSON, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Janet Bradford, Wayne Harada, and Leiana Robinson to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Islands of Kauai and Ni'ihau.

JANET BRADFORD

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kauai Chamber of Commerce, and one individual.

Ms. Bradford has a Bachelor's degree in Social Sciences and Humanities from the University of Hawaii at West Oahu. She earned a Master's degree in Pacific Islands Studies from the University of Hawaii at Manoa. She currently works for the Office of Economic Development for the County of Kauai as an Administrator and as a Kahu and Cultural Practitioner with Kualu/Haupu Family Traditions. She worked previously as an Employment/Counselor Specialist and a Coordinator for the Summer Youth Employment Program for the Department of Labor and Industrial Relations and is an active member of numerous organizations in her community, including the Kauai Native Hawaiian Chamber of Commerce and the Kauai Aha Hui Kaahumanu Society. Ms. Bradford brings with

her fifty years of experience in the daily practice of Hawaiian values, beliefs, and traditions and will be an asset to the Island Burial Council, Islands of Kauai and Ni'ihau.

WAYNE HARADA

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Island Burial Council, Islands of Kauai and Ni'ihau; Island Burial Council, Island of Oahu; Hanalei Hawaiian Civic Club; Na Lei Na'auao; Limahuli Garden and Preserve; and eight individuals.

Mr. Harada studied Hawaiian Studies and Hawaiian Botany at Kauai Community College and earned his teacher certification from Halau Wanana. He is currently the Hawaiian Studies Specialist at Kanuikapono Public Charter School. He is also a Cultural Advisor and board member of the Pualani Foundation and a Cultural Instructor and Cultural Advisor for Na Pua No'eau, a program for gifted and talented Native Hawaiian children. He previously taught Hawaiian Studies at Kanuikapono Learning Center and served as the Educational Coordinator for Hanalei Watershed Hui. As an active member of his community, he provides cultural classes to the Hanalei Hawaii Civic Club and Na Pua No'eau. He also provides after-school cultural enrichment classes for at-risk Native Hawaiian students in traditional Hawaiian fishing and farming, and he is a cultural practitioner of hula. Mr. Harada's longstanding and firm commitment to the perpetuation of Native Hawaiian cultural traditions and practices will serve the Island Burial Council, Islands of Kauai and Ni'ihau, well.

LEIANA ROBINSON

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources; Office of Hawaiian Affairs; Aha Moku Advisory Committee; Island Burial Council, Islands of Kauai and Ni'ihau; Pai 'Aina Communications; and two individuals.

Ms. Robinson was born on Ni'ihau and speaks the Hawaiian language, giving her a deep and unique understanding of and appreciation for her kupuna and traditional protocols regarding the treatment of kupuna iwi. Ms. Robinson has previously served on the Island Burial Council, Islands of Kauai and Ni'ihau, and her dedication to her community and her extensive knowledge of the Ni'ihau culture makes Ms. Robinson an invaluable asset to the Island Burial Council, Islands of Kauai and Ni'ihau.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Kidani).

**SCRep. 2937 Commerce and Consumer Protection on Gov. Msg. Nos. 539 and 540**

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF CHIROPRACTIC EXAMINERS

G.M. No. 539 JAMES PLEISS, for a term to expire 6-30-2018; and

G.M. No. 540 LINA KIKUTA, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds James Pleiss and Lina Kikuta to possess the requisite qualifications to be nominated to the State Board of Chiropractic Examiners.

JAMES PLEISS

Your Committee received testimony in support of the nomination of James Pleiss from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Dr. Pleiss's experience, desire to contribute to the community, and proven leadership on the State Board of Chiropractic Examiners qualify him for reappointment to the State Board of Chiropractic Examiners as a licensee member. Your Committee notes that Dr. Pleiss is a licensed chiropractor in private practice on Maui and has been licensed in Hawaii since 1983. Dr. Pleiss is an active member of the Hawaii State Chiropractic Association, where he has served in a variety of leadership roles including two past terms as President. Dr. Pleiss is also an active member of his community, serving on the boards of directors of Maui United Way and the Rotary Club of Maui Upcountry. Dr. Pleiss has been a member of the State Board of Chiropractic Examiners since 2011 and is the Board's current Vice Chairperson. Your Committee further finds that Dr. Pleiss's many years of experience as a chiropractor continue to enhance the effectiveness of the State Board of Chiropractic Examiners and recommends that Dr. Pleiss be reappointed to the State Board of Chiropractic Examiners based on his knowledge, experience, and commitment to public service.

LINA KIKUTA

Your Committee received testimony in support of the nomination of Lina Kikuta from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Ms. Kikuta's interest in serving on the State Board of Chiropractic Examiners, desire to contribute to the community, and proven leadership on the State Board of Chiropractic Examiners qualify her for reappointment to the State Board of Chiropractic Examiners as a public member. Your Committee notes that Ms. Kikuta has served on the State Board of Chiropractic Examiners since 2011, is always prepared for matters that are on the Board's agenda, and is knowledgeable about the issues that the Board faces. Your Committee further finds that Ms. Kikuta provides the State Board of Chiropractic Examiners with valuable perspectives as a lay consumer member and has a thorough understanding of the role and

responsibilities of board members. Your Committee recommends that Ms. Kikuta be reappointed to the State Board of Chiropractic Examiners based on her background, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2938 Commerce and Consumer Protection on Gov. Msg. No. 541**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF VETERINARY EXAMINERS

G.M. No. 541 ALAN KAUFMAN, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Alan Kaufman to possess the requisite qualifications to be nominated to the Board of Veterinary Examiners.

Your Committee received testimony in support of the nomination of Alan Kaufman from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Kaufman's professional experience, desire to contribute to the community, and proven leadership on the Board of Veterinary Examiners qualify him for reappointment to the Board of Veterinary Examiners as a licensee member representing Maui County. Your Committee notes that Dr. Kaufman has been a licensed veterinarian since 1977 and has a wide range of professional experience, including training with the International Wildlife Veterinary Services and working with the National Marine Fisheries Service and National Geographic to study the underwater behavior of the Hawaiian Monk Seal. Dr. Kaufman has been a member of the Board of Veterinary Examiners since July 2011, and his veterinary practice which has emphasized caring for companion animals, horses, and farm animals has enhanced the effectiveness of the Board. Your Committee further finds that Dr. Kaufman has a thorough understanding of the role and responsibilities of board members and recommends that he be reappointed to the Board of Veterinary Examiners based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2939 Commerce and Consumer Protection on Gov. Msg. No. 542**

Recommending that the Senate advise and consent to the nomination of the following:

CABLE ADVISORY COMMITTEE

G.M. No. 542 GERALD SILVA, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Gerald Silva to possess the requisite qualifications to be nominated to the Cable Advisory Committee.

Your Committee received testimony in support of the nomination of Gerald Silva from the Department of Commerce and Consumer Affairs, 'Olelo Community Media, AARP Hawaii, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Silva's background, experience, and proven leadership on the Cable Advisory Committee qualify him for reappointment to the Cable Advisory Committee. Your Committee notes that Mr. Silva's long and distinguished career includes various communications-related positions at the county and state levels, such as serving as the Deputy Director of the Department of Customer Services for the City and County of Honolulu and the Director of Communications and Special Projects for the Hawaii Tourism Authority. Mr. Silva also previously served as a member of the Cable Advisory Committee in 2004, but resigned his membership to take the position of Chief Operating Officer of 'Olelo Community Media (formerly 'Olelo Community Television), the largest community access television station in the country. As the Chief Operating Officer at 'Olelo, Mr. Silva did considerable research into chapter 440G, Hawaii Revised Statutes, which regulates cable communications systems in Hawaii. Mr. Silva was reappointed to the Cable Advisory Committee in 2011 and currently serves as the Committee's Oahu at-large member. Your Committee further finds that Mr. Silva's knowledge as a communications professional is an invaluable asset to the Cable Advisory Committee and recommends that Mr. Silva be reappointed to the Cable Advisory Committee based on his experience and dedication to serving his community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2940 Commerce and Consumer Protection on Gov. Msg. No. 543**

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 543 ALAN NAKAMURA, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Alan Nakamura to possess the requisite qualifications to be nominated to the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination of Alan Nakamura from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Mr. Nakamura's background, desire to contribute to the community, and proven leadership on the Motor Vehicle Repair Industry Board qualify him for reappointment to the Motor Vehicle Repair Industry Board as a licensee member. Your Committee notes that Mr. Nakamura is a licensed motor vehicle mechanic who has been in the motor vehicle repair industry for over forty years. Mr. Nakamura is the Owner and President of Kaimuki Auto Repair, a family-run independent certified repair shop, and a member of the Kaimuki Business and Professional Association. Your Committee further finds that Mr. Nakamura has been a member of the Motor Vehicle Repair Industry Board since July 2011 and his active experience in the motor vehicle repair industry continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Nakamura be reappointed to the Motor Vehicle Repair Industry Board based on his background, knowledge, and commitment to serving the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2941 Commerce and Consumer Protection on Gov. Msg. No. 544**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF NURSING

G.M. No. 544 LORAIN FLEMING, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Loraine Fleming to possess the requisite qualifications to be nominated to the State Board of Nursing.

Your Committee received testimony in support of the nomination of Loraine Fleming from the Department of Commerce and Consumer Affairs, The Queen's Medical Center, Queen Emma Nursing Institute, Hawaii Association of Professional Nurses, and two individuals.

Upon review of the testimony, your Committee finds that Dr. Fleming's extensive experience, commitment to her profession, and proven leadership on the State Board of Nursing qualify her for reappointment to the State Board of Nursing as a licensee member. Your Committee notes that Dr. Fleming has been a registered nurse for over thirty-five years, a nurse practitioner for fifteen years, and has been licensed in Hawaii as an Advanced Practice Registered Nurse since 2007. Dr. Fleming currently serves as the Director of Behavioral Health Services at The Queen's Medical Center and is an Assistant Professor at Hawaii Pacific University's College of Nursing and Health Sciences. Dr. Fleming has been a member of the State Board of Nursing for the past two years, currently serves as Chair of the Board, and is active in professional organizations, including serving as President of the Hawaii Chapter of the American Psychiatric Nurses' Association. Your Committee further finds that Dr. Fleming's knowledge about nursing practice and trends makes her an invaluable asset to the State Board of Nursing and recommends Dr. Fleming's reappointment to the State Board of Nursing based on her background, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2942 Commerce and Consumer Protection on Gov. Msg. No. 545**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII HEALTH CONNECTOR

G.M. No. 545 JO ANN TSARK, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jo Ann Tsark to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Health Connector.

Your Committee received testimony in support of the nomination of Jo Ann Tsark from the Board of Directors of the Hawaii Health Connector and three individuals.

Upon review of the testimony, your Committee finds that Ms. Tsark's background, experience, and commitment to community service qualify her for appointment to the Board of Directors of the Hawaii Health Connector. Your Committee notes that Ms. Tsark has spent twenty-five years in public health, focusing on Native Hawaiian and Pacific Islander health and wellness. Ms. Tsark participated in the efforts to pass and implement the Native Hawaiian Health Care Act of 1988 and the reauthorization in 1992 and also participated in forming Papa Ola Lokahi and Na Puuwai, the Native Hawaiian Health Care System on Molokai. Ms. Tsark is currently

the Research Director for Papa Ola Lokahi and is also a founding member and current Project Director for Papa Ola Lokahi's Imi Hale – the Native Hawaiian Cancer Network program. Your Committee further finds that Ms. Tsark will bring a wealth of public health knowledge to the Board of Directors that will enable the Hawaii Health Connector to better serve the residents of Hawaii, especially Native Hawaiian, Pacific Islander, and other uninsured and under-served groups that can benefit under the full implementation of the federal Patient Protection and Affordable Care Act. Your Committee therefore recommends that Ms. Tsark be appointed to the Board of Directors of the Hawaii Health Connector based on her extensive experience, dedication to her profession, and commitment to serving the community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2943 Commerce and Consumer Protection on Gov. Msg. No. 546**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 546 EDWARD PUNUA, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Edward Punua to possess the requisite qualifications to be nominated to the State Board of Public Accountancy.

Your Committee received testimony in support of the nomination of Edward Punua from the Department of Commerce and Consumer Affairs, Hawaii Society of Certified Public Accountants, and six individuals.

Upon review of the testimony, your Committee finds that Mr. Punua's background, experience, and commitment to serving the public qualify him for appointment to the State Board of Public Accountancy as a certified public accountant member. Your Committee notes that Mr. Punua has been licensed as a certified public accountant since 1998 and is the owner and principal employee at Edward L. Punua, CPA Inc., in Lihue, Kauai. Mr. Punua is an active member of the Hawaii Society of Certified Public Accountants, where he served on the Board of Directors from 2004 through 2010 and acted as liaison between Oahu and Kauai's certified public accountants and students in the accounting profession. Your Committee further finds that Mr. Punua has a thorough understanding of the role and responsibilities of board members and will bring a valuable neighbor island perspective to the State Board of Public Accountancy. Your Committee recommends that Mr. Punua be appointed to the State Board of Public Accountancy based on his knowledge, experience, and dedication to his profession.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2944 Commerce and Consumer Protection on Gov. Msg. No. 547**

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOXING COMMISSION OF HAWAII

G.M. No. 547 BRUCE KAWANO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Bruce Kawano to possess the requisite qualifications to be nominated to the State Boxing Commission of Hawaii.

Your Committee received testimony in support of the nomination of Bruce Kawano from the Department of Commerce and Consumer Affairs, Old School Boxing, and thirty-three individuals.

Upon review of the testimony, your Committee finds that Mr. Kawano's background, commitment to serving his community, and proven experience on the State Boxing Commission of Hawaii qualify him for reappointment to the State Boxing Commission of Hawaii. Your Committee notes that Mr. Kawano has been involved with the sport of boxing since 1987 and has been coaching since 1994. Mr. Kawano is currently a volunteer boxing coach and supervisor at the Kalakaua District Park Gym, has served in many roles for the state amateur boxing program, and has served on various committees and task forces with USA Boxing. Mr. Kawano's extensive coaching background includes the USA Women's National team, five USA National Champions, three Junior Olympic National Champions, two U-19 National Champions, and fifteen Ringside World Champions. Your Committee further finds that Mr. Kawano has been a member of the State Boxing Commission of Hawaii since 2010 and his vast experience as a boxing coach is an invaluable asset to the Commission. Your Committee therefore recommends that Mr. Kawano be reappointed to the State Boxing Commission of Hawaii based on his experience, dedication to the sport of boxing, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2945 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on H.B. No. 2071**

The purpose and intent of this measure is to designate the last Sunday in September as “Gold Star Family Day” to honor family members of the men and women who gave their lives to their country while serving with the United States Armed Forces in time of war or during a period of hostilities.

Your Committees received testimony in support of this measure from the State Office of Veterans Services; The Chamber of Commerce of Hawaii; Hawaii Catholic Conference; Hawaii Family Forum; National Association for Uniformed Services, Hawaii Chapter; and four individuals.

Your Committees find that on June 23, 1936, a joint congressional resolution designated the last Sunday in September as “Gold Star Mother’s Day” to honor the mothers of men and women who gave their lives for their country while serving in the United States Armed Forces. In September 2009, President Barack Obama renamed the day as “Gold Star Mother’s and Family Day”, including family members as part of the honorees. Seven states have already enacted legislation to recognize this day. Accordingly, this measure honors the families of those United States Armed Forces members who have bravely sacrificed their lives for their country.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2071, H.D. 1 and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

Technology and the Arts  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2946 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1564**

The purpose and intent of this measure is to require the counties to obtain approval from the Office of Veterans’ Services prior to any action that may negatively impact the State’s ability to fulfill its obligation to establish and maintain veterans’ cemeteries or impair the allocation of federal funds.

Your Committee received testimony in support of this measure from the State Department of Defense Civil Defense Division; Advisory Board to the Office of Veterans’ Services; Military Officers Association of America, Hawaii Chapter; and Office of Veterans Services.

Your Committee finds that the State recognizes the sacrifices made by the men and women of the Armed Forces of the United States and continues to honor their memory by maintaining a statewide network of veterans’ cemeteries. The Office of Veterans’ Services oversees the statewide network of veterans’ cemeteries. While the counties have generally met the requirements set forth by the Office of Veterans’ Services, to ensure the allocation of federal funds, the counties must comply with all federal requirements. This measure promotes greater compliance by the counties and awareness of the potential implications of the counties’ actions on the State and the receipt of federal funds.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1564, H.D. 1 and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Espero, Green).

**SCRep. 2947 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1771**

The purpose and intent of this measure is to appropriate funds to the Department of Defense to support operational mission readiness activities of the Hawaii Wing of the Civil Air Patrol, including facilities maintenance, not funded by the National Civil Air Patrol.

Your Committee received testimony in support of this measure from the State Department of Defense Civil Defense Division; Department of Transportation; Hawaii Wing Civil Air Patrol; The Chamber of Commerce; National Association for Uniformed Services, Hawaii Chapter; and five individuals.

Your Committee finds that the Hawaii Wing of the Civil Air Patrol provides assistance with homeland security, aerospace education, cadet programs, and emergency services that include search and rescue missions, disaster relief, and tsunami warnings to coastal and remote areas. As such, the Hawaii Wing of the Civil Air Patrol is critical to the State’s emergency management agencies. This measure ensures that the Hawaii Wing of the Civil Air Patrol can continue its critical services in emergency management.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1771, H.D. 2 and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Espero, Green).

**SCRep. 2948 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2072**

The purpose and intent of this measure is to appropriate funds to establish a full-time, permanent Women’s Veterans Coordinator position in the Office of Veterans’ Services to address the specialized needs of female veterans who served on active duty for the full period they were activated and who were discharged with other than a dishonorable discharge.

Your Committee received testimony in support of this measure from the State Department of Defense Civil Defense Division; State Office of Veterans Services; Advisory Board to the Office of Veterans' Services; Military Officers Association of America, Hawaii Chapter; Hawaii State Democratic Women's Caucus; Planned Parenthood of Hawaii; Hawaii Military Women's Task Force Committee; Hawaii State Democratic Gay Lesbian Bisexual and Transgender Caucus; and three individuals.

Your Committee finds that the population of female veterans is the fastest growing group of veterans and there are more than eleven thousand female veterans residing in Hawaii. The circumstances and challenges faced by female veterans are often different from those of their male counterparts. However, veterans' benefits have traditionally been designed to address the needs of male veterans. Female veterans are in need of gender-appropriate programs, benefits, and services. This measure appropriates funds to establish a full-time, permanent Women's Veterans Coordinator position to advocate on behalf of female veterans who served on active duty for the full period they were activated.

Your Committee notes the two concerns expressed by the Hawaii Military Women's Task Force Committee and Hawaii State Democratic Gay Lesbian Bisexual and Transgender Caucus – first, male veterans are also victims of military sexual trauma, and second, female veterans are often forced out of service with a dishonorable discharge as a consequence of the sexual assault culture that exists in the military.

Accordingly, your Committee has amended this measure by:

- (1) Amending section 1 to reflect the amended purpose of this measure;
- (2) Renaming the position as the Veterans Coordinator and requiring the Veterans Coordinator to serve all veterans, with a primary focus on female veterans, who served on active duty for the full period they were activated;
- (3) Eliminating the requirement that the Veterans Coordinator only serve veterans who were discharged with other than a dishonorable discharge; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2072, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2072, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Espero, Green).

**SCRep. 2949 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2073**

The purpose and intent of this measure is to appropriate funds for the planning, design, and construction of a memorial honoring the veterans of the Persian Gulf War, Operation Desert Storm, Operation Iraqi Freedom, Operation Enduring Freedom, Operation New Dawn, Global War on Terrorism, Homeland Defense, and Operation Noble Eagle, and those who have protected our borders by land, sea, and air and for the planning, design, and construction of replicas to be located at veterans' cemeteries throughout the State.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; State Department of Defense Civil Defense Division; State Department of Defense Office of Veterans' Services; Advisory Board to the Office of Veterans' Services; Military Officers Association of America, Hawaii Chapter; Veterans of Foreign Wars of the United States, Department of Hawaii; and three individuals.

Your Committee finds that the Legislature enacted Act 139, Session Laws of Hawaii 2013, directing the development of a plan to establish a war memorial. Consequently, the Gulf War Memorial Task Force collected data and proposed site selection for the memorial. Accordingly, this measure appropriates funds to build and establish a Hawaii Gulf War Memorial and replica memorials to be located at veterans' cemeteries throughout the State, as recommended by the Gulf War Memorial Task Force.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2073, H.D. 1 and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Espero, Green).

**SCRep. 2950 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2150**

The purpose and intent of this measure is to appropriate funds to the Pacific International Space Center for Exploration Systems (PISCES) to support PISCES' Planetary Sustainability Technologies Initiative and university-based competitions, contingent on a dollar-for-dollar match from the State of California.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawaii at Hilo; National Aeronautics and Space Administration Ames Research Center; Ferraro Choi; Pacific International Space Center for Exploration Systems; Paragon Space Development Corporation; and twelve individuals.

Your Committee finds that PISCES stimulates the economic growth for the State, promoting the establishment and growth of new sustainable and green industries, associated jobs, workforce development, internships, and science, technology, engineering, and mathematics education programs.

Your Committee further finds that the State's remote geographic location and unique natural resources provide an ideal location to research, test, and validate basaltic construction modules, three-dimensional laser printing technology, renewable energy systems, and

advanced water reclamation. This measure will fund PISCES' Planetary Sustainability Technologies Initiative, securing a leadership role for the State in the maturation of these pioneering technologies and advancing the future well-being of the State.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2150, H.D. 1 and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Espero, Green).

**SCRep. 2951 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2152**

The purpose and intent of this measure is to appropriate funds to the Pacific International Space Center for Exploration Systems (PISCES) to support administrative and general tasks, strategic program initiatives, and the preliminary development of the PISCES' research and development park.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawaii Hilo; Pacific International Space Center for Exploration Systems; National Aeronautics and Space Administration Ames Research Center; Ferraro Choi; Paragon Space Development Corporation; and twelve individuals.

Your Committee finds that pursuant to Act 169, Session Laws of Hawaii 2012, and Act 273, Session Laws of Hawaii 2013, codified in chapter 201, Hawaii Revised Statutes, PISCES was established to support the development of a world-class center of excellence in Hawaii and to facilitate the design, testing, and validation of new space technologies, securing a leadership role for the State in the maturation of these pioneering technologies. Accordingly, this measure will further fund PISCES' operations, planetary sustainability technologies initiatives, and development of a research and development park.

Your Committee has amended this measure by:

- (1) Inserting a total general obligation bond issuance authorization and appropriation amount of \$10,000,000;
- (2) Amending the capital improvement project appropriation elements to planning, design, and construction and inserting amounts of \$1,000,000 for planning, \$1,000,000 for design, \$8,000,000 for construction, and \$10,000,000 for total funding; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2152, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2152, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Espero, Green).

**SCRep. 2952 Education on H.B. No. 1776**

The purpose and intent of this measure is to:

- (1) Add a dental examination to existing physical examination requirements for initial attendance of any school in the State; and
- (2) Require the Board of Education to establish a pilot program to require a physical examination for entry into seventh grade in one complex area.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hale Kipa, American Academy of Pediatrics Hawaii Chapter, and Waianae Coast Comprehensive Health Center. Your Committee received testimony in opposition to this measure from the Department of Education. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that currently, children are required to undergo a physical examination only prior to attending school in Hawaii for the first time, unless they play sports. Back-to-school checkups are often the only visit most children and teenagers have with their doctors. Requiring children to undergo a physical examination will promote greater wellness for Hawaii's school children.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 2235, S.D. 2, Regular Session of 2014, which require each student to receive a physical examination prior to attending seventh grade beginning with the 2015-2016 school year; and
- (2) Inserting an effective date of July 1, 2030, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1776, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1776, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 2953 Education on H.B. No. 1796**

The purpose and intent of this measure is to establish conditions and procedures for the use of restraint or seclusion in public schools.

Your Committee received testimony in support of this measure from the Department of Education, State Council on Developmental Disabilities, Hawaii Disability Rights Center, Hawaii Association of School Psychologists, Community Children's Council of Hawaii, Special Education Advisory Council, and six individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from Handle with Care Behavior Management System, Inc. and one individual.

Your Committee finds that this measure will promote the safety and well-being of students and school personnel by requiring the Board of Education and Department of Education to establish policies and procedures for the limited use of restraint in public schools.

Your Committee has amended this measure by:

- (1) Prohibiting the use of seclusion, chemical restraint, or mechanical restraint in public schools;
- (2) Prohibiting the use of physical restraint unless a student's behavior poses an imminent danger of property damage or physical injury to the student, school personnel, or others and only for so long as the danger persists; provided that other less intrusive interventions have failed or been determined to be inappropriate for the student;
- (3) Prohibiting the use of any physical restraint that is:
  - (A) Life threatening, including physical restraint that may restrict breathing; or
  - (B) Contraindicated based on the student's disability, health care needs, or medical or psychiatric condition, as documented in a health care directive or medical management plan, a behavior intervention plan, an individual education program, or an individualized family service plan, or plan developed pursuant to Section 504 of the Rehabilitation Act of 1973;
- (4) Clarifying that staff who use restraint must be trained and certified at least annually;
- (5) Clarifying that a mechanical restraint includes the use of devices that restrict a student's ability to communicate in the student's primary language or mode of communication;
- (6) Defining and including chemical restraint as a type of restraint;
- (7) Amending the definition of "seclusion" to mean the confinement of a student alone in a room or structure from which the student is physically denied voluntary egress;
- (8) Adding language to require the Department of Education to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Sessions of 2017, 2018, and 2019, on the Department of Education's policy and procedures on the use of restraint in public schools; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

If this measure is considered for passage by your Committee on Ways and Means, your Committee requests that your Committees on Judiciary and Labor and Ways and Means give consideration to any funding request by the Department of Education for the purposes of carrying out the purposes of this measure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1796, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1796, H.D. 2, S.D. 1, and be referred to the Committees on Judiciary and Labor and Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Slom).

**SCRep. 2954 (Joint) Education and Human Services on S.C.R. No. 41**

The purpose and intent of this measure is to request the Department of Education and Department of Human Services to assist with increasing voter registration among young adults by:

- (1) Requesting the Department of Education to provide seniors at every public school with voter registration information prior to graduation;
- (2) Requesting the Department of Human Services to provide young adults who are in young adult voluntary foster care with information on voter registration; and
- (3) Requesting the Department of Human Services to provide additional information about the voter registration process to any young adult who inquires.

Your Committees received testimony in support of this measure from the Department of Education, Department of Human Services, Office of Elections, Hawaii Youth Services Network, and one individual.

Your Committees find that this measure will provide young adults with more information regarding the voter registration process and may encourage more young adults to exercise their right to vote.

As affirmed by the records of votes of the members of your Committees on Education and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 41 and recommend that it be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Education  
Ayes, 5. Noes, none. Excused, none.

Human Services  
Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

**SCRep. 2955 (Joint) Health and Human Services on H.B. No. 2293**

The purpose and intent of this measure is to:

- (1) Continue the hospital sustainability program by extending its sunset date to June 30, 2015; and
- (2) Make an appropriation to be used for the purposes of the hospital sustainability program.

Your Committees received testimony in support of this measure from the Department of Human Services, Hawaii Primary Care Association, Healthcare Association of Hawaii, The Queen's Health Systems, and Chamber of Commerce Hawaii. Your Committees received comments on this measure from one individual.

Recognizing that Medicaid payments to hospitals were far below the actual costs of care, the Legislature created the hospital sustainability program by enacting Act 217, Session Laws of Hawaii 2012, which increases Medicaid payments to hospitals. Your Committees find that the program achieves this by assessing a fee on hospitals, using the revenue to obtain matching federal Medicaid funds, and returning a majority of the combined amount directly to hospitals. This measure will provide increased access to medical care and create more sustainable hospitals in Hawaii.

Your Committees have amended this measure by:

- (1) Amending section 36-27, Hawaii Revised Statutes, to exempt the hospital sustainability program special fund from the five percent deduction of special funds to be transferred to the general fund;
- (2) Amending section 36-30, Hawaii Revised Statutes, to update the reference to the laws establishing the hospital sustainability program special fund;
- (3) Inserting an appropriation amount of \$50,000,000;
- (4) Inserting an effective date of July 1, 2014, for the appropriation and June 29, 2014, for the rest of the measure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2293, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2293, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

Human Services  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 2956 (Joint) Health and Public Safety, Intergovernmental and Military Affairs on H.B. No. 2224**

The purpose and intent of this measure is to:

- (1) Establish a registry for clean and sober homes within the Department of Health;
- (2) Make an appropriation for the staffing and operating costs to plan, establish, and operate the registry of clean and sober homes; and
- (3) Amend the statutes on county zoning to better align functions of state and county jurisdictions with federal law.

Your Committees received testimony in support of this measure from the Department of Health; Department of Public Safety; Department of Planning and Permitting, City and County of Honolulu; Hawaii Substance Abuse Coalition; and two individuals.

Your Committees find that clean and sober homes, which are located in communities throughout the State, provide housing for individuals struggling with substance abuse, including those who may have mental health issues, as they transition from the treatment setting to life in the community. Your Committees further find that stable housing is a critical component in the continuum of substance abuse treatment and recovery.

However, neighboring residents have expressed concerns over the location and operation of clean and sober homes in their neighborhoods. In response to these concerns, the Director of Health convened the Clean and Sober Homes and Halfway Houses Task Force to explore ways to ensure that these homes are properly monitored and accountable for meeting occupancy, zoning, and permitting requirements and quality standards.

Your Committees find that this measure is a product of a two-year process during which the knowledge and expertise of public and private agencies were elicited. This measure will help residents access stable, alcohol- and drug-free living environments in residences that are in compliance with federal, state, and county requirements and minimum quality standards.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2014; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2224, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2224, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Slom).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 2957 Health on H.B. No. 2213**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist the West Maui Hospital and Medical Center Foundation, Inc., in establishing a hospital in West Maui.

Your Committee received testimony in support of this measure from the County Council, County of Maui; Office of the Mayor, County of Maui; and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that West Maui's increasing population requires the establishment of a nearby hospital to timely handle emergency situations. Your Committee further finds that critical care patients often need lifesaving treatment within a small window of time. However, the travel time from West Maui to the existing Maui Memorial Medical Center in Central Maui generally takes between forty to ninety minutes. This measure will ensure access to medical treatment in West Maui in order to protect the health, safety, and welfare of residents and visitors.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2213, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2958 Health on H.B. No. 2099**

The purpose and intent of this measure is to amend various sections of the Hawaii Revised Statutes to authorize advanced practice registered nurses to practice to the fullest extent of their training and education.

Your Committee received testimony in support of this measure from the Hawaii Board of Nursing, Hawaii State Center for Nursing, Hawaii Pacific Health, The Queen's Health Systems, Healthcare Association of Hawaii, Hawaii Island Family Medicine Residency, Disability and Communication Access Board, Kokua Kalihi Valley Comprehensive Family Services, and five individuals.

Your Committee finds that advanced practice registered nurses have the advanced education and knowledge to provide direct patient care in many settings, including hospitals, clinics, and private offices, and are recognized by state law as primary health care providers for insurance purposes. By correcting statutory references to reflect the full scope of practice of advanced practice registered nurses, this measure will enable improved access to health care services, expedite the processing of paperwork, and provide optimal care at the initial point of access for Hawaii patients, especially in rural and underserved areas.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2099, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2959 Health on H.B. No. 2052**

The purpose and intent of this measure is to:

- (1) Increase access to provider orders for life-sustaining treatment by updating references from "physician orders for life-sustaining treatment" to "provider orders for life-sustaining treatment" throughout chapter 327K, Hawaii Revised Statutes;
- (2) Expand health care provider signatory authority to include advanced practice registered nurses;
- (3) Correct inconsistencies over terms used to describe who may sign a provider order for life-sustaining treatment form on behalf of a patient; and
- (4) Require the Department of Health to adopt a sample form for provider orders for life-sustaining treatment.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii State Center for Nursing, Healthcare Association of Hawaii, Hospice Hawaii, Hawaii Island Family Residency, and four individuals. Your Committee received testimony in opposition to this measure from the Executive Office on Aging and The Queen's Health Systems. Your Committee received comments on this measure from Hawaii Pacific Health, Kokua Mau, Hawaii Medical Association, and one individual.

Your Committee finds that the use of provider orders for life-sustaining treatment, commonly referred to as POLST, is a holistic method of planning for end-of-life care with a specific set of medical orders to ensure that patients' wishes are honored. Your Committee further finds that expanding signatory authority to include advanced practice registered nurses will promote efficiency,

assist with a timely completion of POLST forms for patients, and expand access to health care professionals who may sign POLST forms, which will be highly beneficial for individuals living in rural areas and neighbor islands.

Your Committee has amended this measure by:

- (1) Changing “legally authorized representative” to “legal representative”;
- (2) Adding an agent designated through a power of attorney for health care to the definition of a legal representative;
- (3) Permitting a legal representative to execute a POLST form if the patient lacks capacity;
- (4) Removing the requirement that a POLST form be signed by the patient’s provider, in addition to the patient or the patient’s legal representative;
- (5) Removing the requirement that the Department of Health adopt a sample POLST form;
- (6) Making the measure effective upon approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2052, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2052, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2960      Tourism on H.B. No. 2170**

The purpose and intent of this measure is to provide an income tax credit for costs incurred for new hotel construction.

Your Committee received testimony in support of this measure from the Hawaii Tourism Authority, Chamber of Commerce Hawaii, Wyndham Vacation Ownership, Hawaii Regional Council on Carpenters, and UNITE HERE Local 5. Your Committee received comments on this measure from the Department of Taxation and Hawaii Tax Foundation.

Your Committee finds that one of the keys to promoting Hawaii as a visitor destination is the improvement and enhancement of the tourism product, which includes physical infrastructure. This measure provides the private sector with investment incentives to improve hotel facilities. Your Committee further finds that more hotel construction will provide an immediate boost to the economy, while also investing in Hawaii’s future economy by securing long-term revenue from the tourism industry.

Your Committee has amended this measure by:

- (1) Inserting a purpose section; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2170, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2170, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2961      (Joint) Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on H.B. No. 1667**

The purpose and intent of this measure is to exempt qualifying totally and permanently disabled veterans from paying the state motor vehicle registration fee and to require the Office of Veterans’ Services to report the number of qualifying veterans to the Legislature and Department of Taxation.

Your Committees received testimony in support of this measure from the Department of Defense; State Office of Veterans Services; Office of the Mayor of the County of Kauai; Military Officers Association of America, Hawaii Chapter; and four individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Customer Services of the City and County of Honolulu and the Tax Foundation of Hawaii.

Your Committees find that disabled veterans deserve to be rewarded for their sacrifices in the name of duty, honor, and country. The exemption provided by this measure would be a small recognition of those veterans who incurred military-related injuries and are now rated as one hundred percent disabled, who have made a significant sacrifice for their country.

Your Committees have amended this measure by:

- (1) Decreasing the exemption to one-half of the required annual vehicle registration fee, rounded up to the nearest dollar, in recognition that the State cannot afford the loss in revenue of a total exemption in these times of budgetary austerity; and
- (2) Changing the effective date to January 1, 2015, to allow necessary time for computer programming to implement this measure if enacted.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and

purpose of H.B. No. 1667, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1667, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs  
Ayes, 9. Noes, none. Excused, none.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

**SCRep. 2962 Transportation and International Affairs on H.B. No. 1706**

The purpose and intent of this measure is to deter illegal parking on bicycle lanes and bicycle paths by establishing a minimum fine of \$200 for a violation of the offense of parking a vehicle on a bicycle lane or bicycle path.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the current minimum fine of \$35 has proven insufficient to deter motorists from blocking bicycle lanes and bicycle paths. As the City and County of Honolulu continues to implement the Oahu Bike Plan and expand the number of bike paths and lanes, there will be greater anticipated use of bicycling as a viable and regular mode of travel. Obstruction of bicycle lanes and paths by motorists is a safety hazard and a danger to bicyclists and all neighborhood residents. This measure serves as a deterrent to motorists who would block bicycle lanes and paths.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1706, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Slom).

**SCRep. 2963 Transportation and International Affairs on H.B. No. 1811**

The purpose and intent of this measure is to extend the sunset date of Act 46, Session Laws of Hawaii 2012, to allow the Department of Transportation more time to culminate lease or permit negotiations and reach an agreement with airport concessionaires.

Your Committee received testimony in support of this measure from the Department of Transportation; Airport Concessionaires Committee; Greeters of Hawaii; Island Shoppers, Inc.; Tiare Enterprises, Inc.; HMSHost; and GRL Corporation.

Act 46, Session Laws of Hawaii 2012, provides the Department of Transportation with the authority and discretion to reach an agreement with an airport concessionaire to extend the term of the concession and to modify and amend terms of any concession contract, lease, or permit in exchange for revenue-enhancing improvements that are made or paid for by the concessionaire. Act 46 sunsets on July 1, 2014.

Your Committee finds that modernization and improvements at Hawaii's airport concessions have not kept pace with passenger needs and demands. A recent study by the State indicates that various areas at our public airports are lacking in concession space by as much as forty percent, and that Hawaii's public airports are not maximizing concession revenues. It is important that the Department of Transportation and concessionaires work together in achieving the improvements contemplated in an expeditious but fair and equitable manner, including amendments extending the term of a concession lease or permit at the Department of Transportation's discretion.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1811, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Slom).

**SCRep. 2964 (Joint) Higher Education and Agriculture on H.B. No. 2180**

The purpose and intent of this measure is to appropriate funds for a pilot project at the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to create new technologies for sustainable agriculture in the State through scientific research and support services.

Your Committees received testimony in support of this measure from the Department of Agriculture, University of Hawai'i at Manoa College of Tropical Agriculture and Human Resources, Hawai'i Farm Bureau Federation, and four individuals.

Your Committees find that Hawaii's agricultural industry must commit to different forms of sustainable agriculture through the use of new technologies. Incorporating agricultural practices that enhance environmental quality, make more efficient use of resources, and help sustain the economic viability of agriculture practices will create a more vibrant agricultural industry in the State.

If this measure is considered for passage by your Committee on Ways and Means, your Committees note that the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources will need \$1,000,000 for the pilot project.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2180, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education  
Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

Agriculture  
Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, English, Thielen).

**SCRep. 2965 Higher Education on H.B. No. 1654**

The purpose and intent of this measure is to establish a Campus Facility Board within the University of Hawaii to manage the funding of necessary repair and maintenance projects at University of Hawaii campuses statewide.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Hawaii Operating Engineers Industry Stabilization Fund.

Your Committee finds that the University of Hawaii System currently has a backlog of deferred repair and maintenance projects totaling over \$480,000,000. It is essential to the future of the University of Hawaii System and its students and faculty that safe and proper learning environments are provided and maintained.

Your Committee further finds that this measure will establish a means to manage the funding of necessary repair and maintenance projects and assist the University of Hawaii System in addressing the current backlog.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1654, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ige, Tokuda, Slom).

**SCRep. 2966 Higher Education on H.B. No. 1491**

The purpose and intent of this measure is to repeal the University of Hawaii's program budget exemptions.

Your Committee received testimony in opposition to this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the University of Hawaii is currently exempt from certain budgetary oversights and controls, which limits transparency and may cause difficulties in ensuring that the University of Hawaii is properly accountable for its use of public funds.

Your Committee further finds that the manner in which the University of Hawaii manages the public funds entrusted to it is a matter of statewide concern under the Legislature's purview pursuant to article X, section 6, of the Hawaii State Constitution.

Your Committee has amended this measure by:

- (1) Inserting language to require the University of Hawaii to provide written notice to the Director of Finance no less than fifteen days prior to any transfer of special fund monies between special funds and prior to any use of special fund monies for purposes outside of the statutory purpose of the special fund;
- (2) Reinstating the University of Hawaii's authority to modify or withhold planned expenditures in accordance with sections 37-36 and 37-37, Hawaii Revised Statutes;
- (3) Reinstating the University of Hawaii's authority to transfer appropriated funds and positions for the operating cost category among programs, among cost elements in a program, and between quarters without legislative approval;
- (4) Inserting language to require the University of Hawaii to provide written notice to the Director of Finance no less than fifteen days prior to any transfer of appropriated funds and positions for the operating cost category among programs, and among cost elements in a program;
- (5) Reinstating the requirement that the University of Hawaii account for each transfer in quarterly reports to the Governor and annual reports at the end of each fiscal year to the Legislature and Governor; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1491, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1491, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ige).

**SCRep. 2967 (Joint) Higher Education and Energy and Environment on H.B. No. 2620**

The purpose and intent of this measure is to require and appropriate funds for the University of Hawaii Sea Grant College Program to submit a report to the Legislature updating its 1996 report on oil spills.

Your Committees received testimony in support of this measure from the Department of Health. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that in 1996, the University of Hawaii Sea Grant College Program issued a report, "Hawaii's Readiness to Prevent and Respond to Oil Spills". The report has not been updated since it was first released.

The recent molasses spill in Honolulu Harbor highlights the need to update the report and prepare a spill prevention plan for the State. This measure requires the University of Hawaii Sea Grant College Program to submit to the Legislature an update of its 1996 report and provides the necessary resources to the Sea Grant College Program.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2014; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2620, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2620, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

Energy and Environment

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 2968 (Joint) Higher Education and Commerce and Consumer Protection on H.B. No. 2273**

The purpose and intent of this measure is to authorize the Motor Vehicle Repair Industry Board to enter into agreements with entities, educational institutions, or other organizations, as necessary, in addition to the University of Hawaii, to ensure that motor vehicle mechanics' knowledge of motor vehicle repairs are current and in line with industry standards.

Your Committees received testimony in support of this measure from the Motor Vehicle Repair Industry Board.

Your Committees find that this measure will provide the Motor Vehicle Repair Industry Board with greater flexibility to enter into agreements with a variety of organizations to ensure that motor vehicle mechanics' knowledge of motor vehicle repairs are current and in line with industry standards.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2273, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2273, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 2969 Education on H.B. No. 2576**

The purpose and intent of this measure is to:

- (1) Establish an income tax credit for contributions of money or in-kinds goods and services for the development of charter school facilities;
- (2) Establish the Hawaii charter school facility development special fund; and
- (3) Make appropriations to support charter school facilities.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Kamehameha Schools, Hawaiian Education Council, Hawaii Charter School Network, and five individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that funding for facilities at Hawaii's charter schools has been a longstanding issue that needs creative solutions. This measure will encourage donations of money and in-kind goods and services to charter schools to assist with their facilities' needs.

Your Committee has amended this measure by:

- (1) Clarifying that the amount of the tax credit shall be equal to an unspecified percentage of the value of in-kind goods and services and cash contributions to the Hawaii charter school facility development fund (special fund);
- (2) Inserting language that prohibits a taxpayer from using the same wages paid for both a deduction and a tax credit;
- (3) Clarifying that the definition of "charter schools" has the same meaning as defined in section 302D-1, Hawaii Revised Statutes (HRS), rather than section 302A-101, HRS;

- (4) Clarifying that the State Public Charter School Commission, rather than the Department of Education, is authorized to determine the necessity of expenditures from the special fund;
- (5) Clarifying that the monies in the special fund may be pledged to secure loans from private lending institutions for financially sound, rather than financially stable, charter schools, as the term "financially sound" is currently used to determine the operational viability of charter schools;
- (6) Making this measure apply to taxable years beginning after December 31, 2014;
- (7) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that in the future, the Legislature may wish to consider creating a special fund for charter schools.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2576, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2576, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2970 Education on H.B. No. 2597**

The purpose and intent of this measure is to:

- (1) Authorize, under the teacher national board certification incentive program, an additional per year bonus for teachers who maintain national current board certification and teach at a school in a focus, priority, or Superintendent's zone, or other similar designation; and
- (2) Make housekeeping amendments to the teacher national board certification incentive program.

Your Committee received testimony in support of this measure from the Department of Education and two individuals. Your Committee received comments on this measure from the Hawaii State Teachers Association.

Your Committee finds that this measure will help ensure that students in all schools are taught by highly motivated, highly qualified teachers and aligns the law with the Department of Education's current method of evaluating school performance.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2597, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2971 Education on H.B. No. 1745**

The purpose and intent of this measure is to:

- (1) Authorize the State Public Charter School Commission (Commission) to assess fees on non-state entities and individuals to help cover its operating costs;
- (2) Require that a charter applicant comply with pre-opening criteria set by the charter school authorizer before becoming an entity of the State, by entering into and executing a charter contract to open a school;
- (3) Provide that an approved charter applicant that fails to satisfactorily meet the pre-opening criteria and enter into a charter contract or withdraws its application will be required to reapply and have its charter application approved by a charter school authorizer;
- (4) Specify that legislatively appropriated funding for the Commission is independent of funding for charter schools;
- (5) Allow charter school authorizers to make and execute contracts;
- (6) Amend annual reporting requirements for charter school authorizers and the Board of Education;
- (7) Amend requirements for service on a governing board, for the conduct of meetings by a governing board, and for notice of meetings by a governing board;
- (8) Repeal the authorization for the formation of a conversion charter school by an existing Hawaiian language immersion program;
- (9) Provide for the reconstitution of governing boards of charter schools under exigent circumstances;
- (10) Allow charter school authorizers to direct a governing board and charter school to take appropriate action to immediately address serious health and safety issues that may exist at a charter school; and
- (11) Make other housekeeping and conforming amendments.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Hawaii Public Charter Schools Network, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that in 2012, the Legislature passed Act 130, Session Laws of Hawaii 2012 (Act 130), which established a new charter school law that created a solid governance structure for Hawaii's charter school system with clear lines of authority and accountability to foster improved student outcomes. As a result of Act 130, Hawaii's charter school system leapt to fourteenth place in the National Alliance for Public Charter Schools' rankings. This measure builds on the progress made by Act 130, while addressing outstanding issues and making other amendments for clarity.

Your Committee has amended this measure by:

- (1) Adding language to require pre-opening charter schools to meet pre-contracting criteria set by the charter school authorizer prior to entering into a charter contract;
- (2) Adding language to clarify that during the start-up period, a pre-opening charter school that is a conversion charter school is a separate entity of the State than the department school from which it is converting;
- (3) Adding language to clarify that pre-opening charter schools, unless otherwise exempted by the charter school authorizer:
  - (A) Shall not be entitled to receive funding under section 302D-26, 302D-28, or 302D-29, Hawaii Revised Statutes (HRS);
  - (B) Shall not employ employees other than independent contractors; and
  - (C) Shall not be subject to the performance framework requirements of section 302D-16, HRS;
- (4) Adding language to clarify that the charter contract of a pre-opening charter school is void if the charter school fails to meet pre-opening criteria within the start-up period;
- (5) Adding definitions of the terms "executive director" and "pre-opening charter school" for clarity;
- (6) Deleting language relating to required disclosures of members of the Commission;
- (7) Adding language to clarify that a charter school authorizer has the power to negotiate and execute charter contracts with approved charter applicants and existing charter schools;
- (8) Adding language to require members of a charter school authorizer, including members of the Commission, to disclose a list of all charter schools in which the member has previously been an employee, governing board member, vendor, contractor, agent, or representative;
- (9) Adding language to clarify that former charter school employees, and vendors and contractors who provide goods or services to a charter school, unless one year has passed since the conclusion of the employee's employment with the school or the vendor's or contractor's service to the school, shall not comprise more than one-third of the voting members of the governing board of a charter school;
- (10) Adding language to clarify that former charter school employees, and vendors and contractors who provide goods or services to a charter school, unless one year has passed since the conclusion of the employee's employment with the school or the vendor's or contractor's service to the school, shall not serve as the chair of the governing board of that charter school;
- (11) Deleting vendors and contractors who provide goods or services to a charter school from the definition of an "employee" for purposes of charter school governing boards;
- (12) Adding language to clarify that the performance framework within the charter contract shall also include financial and organizational performance indicators, measures, and metrics;
- (13) Amending, rather than repealing, section 302D-16(b), HRS, to clarify that annual academic performance targets are required to be set for each charter school to help track each school in meeting applicable federal, state, and authorizer expectations;
- (14) Adding language to clarify that an authorizer shall issue a performance report and charter contract renewal application guidance to any charter school whose charter contract is in its final contract year;
- (15) Adding language to clarify that charter schools, the Commission, and charter school authorizers are exempt from section 302A-1402, HRS, which requires the Director of Finance to be the custodian and disbursing officer of all federal funds received for public educational purposes;
- (16) Adding language to clarify that, for purposes of statutory delegation of authority to department heads by other state agencies, the Executive Director of the Commission is considered the department head of the Commission and charter schools unless otherwise specifically provided;
- (17) Adding language to clarify that the Commission may receive, expend, or allocate funds received from any request for facilities funding in its annual budget request;
- (18) Adding language to clarify that the Commission may support the facilities' needs of charter schools through other means besides through a request for facilities funding in its annual budget request;
- (19) Adding language giving a charter school authorizer the discretion to allow a financial review of a charter school in lieu of an independent financial audit; and
- (20) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1745, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1745, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2972 Tourism on H.B. No. 2169**

The purpose and intent of this measure is to provide:

- (1) Qualified employers with a non-refundable income tax credit for a percentage of wages paid to qualified employees for a period after completion of hotel and resort construction or renovation;
- (2) A general excise tax exemption for certain income from construction or renovation of a hotel or resort; and
- (3) A use tax exemption for property, services, and contracting subject to the general excise tax exemption described in paragraph (2).

Your Committee received testimony in support of this measure from the Hawaii Tourism Authority, Hawaii Lodging and Tourism Association, Wyndham Vacation Ownership, and Hawaii Regional Council on Carpenters. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that investing in Hawaii's infrastructure is critical to the State's ability to compete with other tourist destinations. Your Committee further finds that encouraging hotel construction and renovation will generate construction and hospitality jobs throughout the State. This measure provides incentives for investment in the future of Hawaii's tourism industry and will revitalize the State's aging hotel properties.

Your Committee notes that there may be a constitutional issue if it is determined that this measure limits contract bids to construction trade unions in Hawaii.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2169, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2973 Tourism on H.B. No. 1692**

The purpose and intent of this measure is to:

- (1) Require the Hawaii Tourism Authority's brand management plan to be a single, comprehensive document;
- (2) Require the Hawaii Tourism Authority to submit a complete and detailed report of the results of the progress of its plan toward achieving the Hawaii Tourism Authority's strategic plan goals as part of its annual report to the Governor and Legislature; and
- (3) Make housekeeping amendments to the functions and duties of the Hawaii Tourism Authority.

Your Committee received testimony in support of this measure from the Office of the Auditor and Hawaii Tourism Authority. Your Committee received comments on this measure from the Office of Information Practices and American Resort Development Association.

Your Committee finds that according to the State Auditor's 2013 report entitled "Audit of Major Contracts and Agreements of the Hawaii Tourism Authority", the Hawaii Tourism Authority's marketing plan is dispersed, unwieldy, and falls short of statutory requirements. This measure responds to the State Auditor's findings by ensuring that the Hawaii Tourism Authority's marketing plan is a single, comprehensive document and clarifying the Hawaii Tourism Authority's reporting requirements.

Your Committee has amended this measure by:

- (1) Changing references to the "tourism brand management plan" to the "tourism marketing plan";
- (2) Requiring the Hawaii Tourism Authority to perpetuate the uniqueness of the native Hawaiian culture and community, and their importance to the quality of the visitor experience, by ensuring the accurate portrayal of Hawaiian culture; supporting the Hawaiian language; supporting and nurturing cultural practitioners and cultural sites; and providing a native Hawaiian cultural education and training program for the visitor industry workforce; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1692, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1692, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2974 Human Services on H.B. No. 2478**

The purpose and intent of this measure is to encourage employers to hire individuals with disabilities by providing taxpayers who hire an individual with a disability a nonrefundable tax credit for the six-month period after the individual is initially hired.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, The Arc in Hawaii, and one individual. Your Committee received testimony in opposition to this measure

from one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Human Services, and Tax Foundation of Hawaii.

Your Committee finds that employing individuals with intellectual and developmental disabilities serves to improve the individuals' economic self-sufficiency, allow them to contribute to the community as tax-paying citizens, and provide them with the opportunity to establish relationships and social networks. Your Committee believes it is important to encourage employment of individuals with disabilities because their unemployment rate far surpasses the overall unemployment rate nationwide. Your Committee received testimony on this measure expressing concern that the tax credit is somewhat duplicative of existing statute that creates a tax credit for hiring vocational rehabilitation referrals. Concern was also raised that this measure allows an employer to claim both a deduction and a tax credit for the same amount of wages expended.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that prohibits a taxpayer from using the same wages paid to an individual with a disability for both a deduction and a tax credit;
- (2) Repealing section 235-55.91, Hawaii Revised Statutes, which provides a tax credit for taxpayers who hire vocational rehabilitation referrals; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2478, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2478, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 2975 (Joint) Public Safety, Intergovernmental and Military Affairs and Education on H.B. No. 1868**

The purpose and intent of this measure is to strengthen public safety in Hawaii by authorizing the issuance of general obligation bonds to fund the retrofitting of public school facilities so that they can also be used as emergency shelters.

Your Committees received testimony in support of this measure from the Department of Education and Disability and Communication Access Board.

Your Committees find that in the event of a natural disaster or other emergency, the State's citizens may need to evacuate to shelters that can withstand the dangers associated with such natural disasters or emergencies. The retrofitting of public school facilities to meet the standards of emergency shelters is critical to the State, especially people with disabilities and other access and functional needs, whose mobility and safety may depend largely upon the design and accessibility of emergency shelters.

Your Committees request that the Department of Education make a recommendation to the Legislature regarding an appropriation amount to fund the retrofitting of public school buildings so that they can be used as emergency shelters.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1868 and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

Education  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 2976 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.R. No. 20**

The purpose and intent of this measure is to honor the State's fallen emergency first responders and Good Samaritans by requesting the construction of a Hawaii Emergency Responder and Good Samaritan Memorial on the grounds of the State Capitol.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Maui County Paramedics Association, and nine individuals. Your Committees received comments on this measure from one individual.

Your Committees find that numerous states and municipalities have firefighter, emergency medical technician, or lifeguard memorials. Despite the various memorials in Hawaii, not all emergency first responders who have lost their lives in the line of duty are covered by these memorials. Furthermore, Good Samaritans also make the ultimate sacrifice of their lives in service to their communities. To recognize the service of these individuals, this measure honors emergency first responders and Good Samaritans who have sacrificed their lives by establishing a Hawaii Emergency Responder and Good Samaritan Memorial, at the direction of the Department of Accounting and General Services, working alongside the Hawaii Emergency Medical Services Association and other interested organizations.

Your Committees have amended this measure by:

- (1) Inserting the name of the National EMS Memorial Service's planned aeromedical memorial;
- (2) Amending the listed location of the National EMS Memorial Service's planned aeromedical memorial to Littleton, Colorado; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 20, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 20, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

Technology and the Arts  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2977 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.C.R. No. 45**

The purpose and intent of this measure is to honor the State's fallen emergency first responders and Good Samaritans by requesting the construction of a Hawaii Emergency Responder and Good Samaritan Memorial on the grounds of the State Capitol.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services, Maui County Paramedics Association, and nine individuals. Your Committees received comments on this measure from one individual.

Your Committees find that numerous states and municipalities have firefighter, emergency medical technician, or lifeguard memorials. Despite the various memorials in Hawaii, not all emergency first responders who have lost their lives in the line of duty are covered by these memorials. Furthermore, Good Samaritans also make the ultimate sacrifice of their lives in service to their communities. To recognize the service of these individuals, this measure honors emergency first responders and Good Samaritans who have sacrificed their lives by establishing a Hawaii Emergency Responder and Good Samaritan Memorial, at the direction of the Department of Accounting and General Services, working alongside the Hawaii Emergency Medical Services Association and other interested organizations.

Your Committees have amended this measure by:

- (1) Inserting the name of the National EMS Memorial Service's planned aeromedical memorial;
- (2) Amending the listed location of the National EMS Memorial Service's planned aeromedical memorial to Littleton, Colorado; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 45, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 45, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

Technology and the Arts  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 2978 Judiciary and Labor on H.B. No. 1669**

The purpose and intent of this measure is to fund additional court positions, including one permanent full-time equivalent Family Court Judge position, two permanent full-time equivalent Circuit Court Clerk II positions, and one permanent full-time equivalent Court Bailiff position in the Family Court of the First Circuit.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Family Law Section of the Hawaii State Bar Association, Domestic Violence Action Center, and nine individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Prosecuting Attorney, City and County of Honolulu.

Your Committee finds that the Hawaii Family Court lacks sufficient financial resources to meet the growing demands placed on it by the public. Family Court receives more motions and cases than any other court in the State. In 2013, the three Domestic Division Judges handled approximately four thousand divorce and custody cases, the four Juvenile Division Judges handled over two thousand one hundred juvenile and child abuse cases, and the three Special Division Judges handled eleven thousand five hundred restraining order, paternity, adoption, involuntary commitment, and guardianship hearings. As a result, in 2013, for example, the wait time for a post-decree divorce motion hearing was five months. By providing funding for an additional judge and appropriate staff complement, this measure will assist in decreasing the delays and expenses in Family Court litigation and provide judges adequate time to resolve the cases and disputes.

Your Committee notes the testimony submitted by the Department of the Prosecuting Attorney of the City and County of Honolulu that requests the funds appropriated under this measure be provided to the Family Court's Criminal Division of the First Circuit to conduct jury trials for misdemeanor domestic violence cases. The Department testified that a certain level of importance be given to domestic violence cases because many domestic violence victims are willing to proceed with prosecution but face delays and setbacks due to the backlog of cases and motions. However, your Committee agrees with the testimony from the Judiciary that domestic violence is an issue that runs through all of the divisions of Family Court, not only the Criminal Division. As such, your Committee

believes that funds should be appropriated for the benefit of the Family Court of the First Circuit as a whole, rather than for the benefit of a specified division.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1669, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 2979 Judiciary and Labor on H.B. No. 2264**

The purpose and intent of this measure is to allow the Employees' Retirement System to retain or dispose of real estate acquired by the Employees' Retirement System by foreclosure, in the enforcement of security, or in satisfaction of debts in the same manner as the System's other investments in interest in real property.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Employees' Retirement System.

Your Committee finds that existing law requires the Board of Trustees of the Employees' Retirement System to sell real estate acquired by foreclosure, in the enforcement of security, or in satisfaction of debts within five years after acquisition unless extended by the Governor. The Employees' Retirement System testified that there are no restrictions on the holding period for the other real estate investments of the System. This measure repeals the mandatory holding period for real estate acquired through foreclosure, enforcement of security, or in satisfaction of debts to allow the Board to make long-range plans for the affected property that are necessary for the prudent management of the System's real estate portfolio.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2264, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 2980 Judiciary and Labor on H.B. No. 1635**

The purpose and intent of this measure is to:

- (1) Require the salary of the Administrative Director of the Courts to be equal to the salary of the Administrative Director of the State; and
- (2) Require the salary of the Deputy Administrative Director of the Courts to be equal to ninety-five percent of the salary of the Administrative Director of the Courts.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that when the voters ratified the constitutional amendment and the Legislature passed the implementing legislation that created the Commission on Salaries, the positions of Administrative Director of the Courts and Deputy Administrative Director of the Courts were inadvertently left out. As a result, the Judiciary testified that these two positions were left without a mechanism for the review and adjustment of their salaries. This measure corrects this inadvertent omission by linking the salary of the Administrative Director of the Courts to the Executive Branch's tier 1 salary level, which is most similar in scope and function to the Judiciary's administrative officers, and thereby indirectly linking the salary of the Deputy Administrative Director of the Courts to the tier 1 salary level as well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1635, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 2981 Judiciary and Labor on H.B. No. 1634**

The purpose and intent of this measure is to clarify the scope of the Uniform Mediation Act.

Your Committee received testimony in support of this measure from the Judiciary and Commission to Promote Uniform Legislation.

Your Committee finds that the Uniform Mediation Act under chapter 658H, Hawaii Revised Statutes, does not apply to a mediation conducted by a judge who might make a ruling on a case. The Judiciary testified that in reviewing the impact of the Uniform Mediation Act on existing court rules and procedures, it found instances where a judge may be assigned to a particular case but will not issue a ruling in the case. For example, in Circuit Court, a presiding judge may enlist another judge to conduct a settlement conference in the pending court case. While these types of settlement conferences are usually not considered mediation, the Judiciary expressed concern that the broad language of the Uniform Mediation Act may include these types of settlement conferences as mediation. This measure clarifies the scope of the Uniform Mediation Act by excluding mediation conducted by a judge on a case.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1634, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 2982      Judiciary and Labor on H.B. No. 1650**

The purpose and intent of this measure is to make necessary technical corrections to Hawaii law by amending or repealing various provisions of the Hawaii Revised Statutes and the Session Laws of Hawaii to correct errors and references, clarify language, and delete obsolete or unnecessary provisions.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau.

Your Committee finds that this measure is a statutory revision measure that was prepared and submitted by the Legislative Reference Bureau pursuant to its statutory revision responsibilities under chapter 23G, Hawaii Revised Statutes. The Legislative Reference Bureau testified that all of the amendments in this measure are intended to be technical in nature to correct errors, omissions, or obsolete law and are not intended to make any substantive changes to the law.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1650, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 2983      Judiciary and Labor on H.B. No. 420**

The purpose and intent of this measure is to propose a constitutional amendment to require the Judicial Selection Commission to publicly disclose the names of all nominees to fill a vacancy in the Office of the Chief Justice, Supreme Court, Intermediate Appellate Court, Circuit Courts, or District Courts when presenting those names to the Governor or Chief Justice.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and one individual. Your Committee received testimony in opposition to this measure from the Department of the Attorney General. Your Committee received comments on this measure from the Judicial Selection Commission.

Your Committee finds that on November 15, 2011, the Judicial Selection Commission amended its rules to disclose the list of judicial nominees to the public at the same time the names are transmitted to the Governor or Chief Justice, as applicable, to appoint a justice or judge to fill a vacancy on the state bench. This measure adopts this rule change by amending the Hawaii State Constitution to explicitly require the disclosure of the names of the judicial candidates, thereby increasing the transparency of the judicial selection process.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 420, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 2984      Judiciary and Labor on H.B. No. 1780**

The purpose and intent of this measure is to fund ten permanent full-time equivalent positions within the Child Support Enforcement Agency, which is a division of the Department of the Attorney General.

Your Committee received testimony in support of this measure from the Department of the Attorney General. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that federal regulations require that each state maintain a base level amount of expenditures for its child support program. Accordingly, the Child Support Enforcement Agency requires a "maintenance of effort" of \$5,546,266 annually to meet the minimum standards necessary to carry out its statutory duties. If Hawaii does not meet this base amount of spending, additional federal funding is jeopardized. However, Hawaii is dangerously close to being unable to meet these minimum standards because of continuous funding cuts to its programs. For example, in 2012, several positions within the Child Support Enforcement Agency were abolished. This measure reestablishes ten positions for the Child Support Enforcement Agency to more efficiently deal with increasingly complex cases and help the Agency carry out its mission and meet its minimum standards for additional federal funding.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1780, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 2985      (Majority) Judiciary and Labor on H.B. No. 1958**

The purpose and intent of this measure is to:

- (1) Amend the prevailing wage law to allow for payment of overtime compensation on public works contracts to exceed time and a half; and
- (2) Establish the rate for overtime compensation as the rate specified in a collective bargaining agreement if the basic hourly rate is based on such agreement.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Operating Engineers Industry Stabilization Fund; and Hawaii Construction Alliance.

Your Committee finds that overtime compensation for public works is based on one and one-half times the laborer's or mechanic's basic hourly rate of pay plus the cost to an employer of furnishing a laborer or mechanic with fringe benefits. This measure provides flexibility in the payment of overtime to allow overtime compensation to exceed time and a half. Furthermore, this measure establishes the rate for overtime compensation as the rate specified in a collective bargaining agreement if the basic hourly rate is based on such agreement to create parity between a union contractor and non-union contractor.

Your Committee has amended this measure by:

- (1) Adopting the language suggested by the Department of Labor and Industrial Relations to specify under the definition of "overtime compensation" that if the Department determines that the prevailing wage is determined by a group represented by collective bargaining, then the overtime and any other premium rather shall be at the same rates set by the collective bargaining agreement; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1958, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1958, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, 1 (Slom). Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 2986 Judiciary and Labor on H.B. No. 2590**

The purpose and intent of this measure is to increase voter participation by allowing late voter registration at absentee polling places and on the day of election at polling precincts. Specifically, this measure:

- (1) Beginning on January 1, 2016, permits a person who is eligible, but not registered to vote, to register to vote by appearing in person ten or more days prior to the day of the election at any absentee polling place in the county associated with the person's residence or, beginning on January 1, 2018, on the day of the election at the polling place in the precinct associated with the person's residence;
- (2) Authorizes the county clerk to designate a registration clerk, who may be an election official, at each of the absentee polling places prior to the day of the election and at each of the polling places on the day of the election to process registration applications for persons not registered to vote;
- (3) Requires a late registration voter to sign an affidavit affirming the voter's qualification to vote and submit evidence of residence that is substantiated by certain types of documents;
- (4) Allows late voter registration to be challenged in accordance with section 11-25, Hawaii Revised Statutes;
- (5) Allows late voter registration to be used by a registered voter whose name cannot be found on the precinct list for the polling place associated with the voter's residence;
- (6) Requires the county clerk to add properly registered voters to the respective general county register and to mail a notice to the registered voter within thirty days of registration, which shall serve as prima facie evidence that the person is a registered voter as of the date of registration;
- (7) Appropriates an unspecified amount out of the federal funds awarded to the State from the Help America Vote Act of 2002 for fiscal year 2014-2015, for the counties to implement late voter registration, including upgrading the registration process by purchasing electronic poll books; and
- (8) Appropriates an unspecified amount from the general fund for fiscal year 2014-2015, for the counties to implement late voter registration, including upgrading the registration process by purchasing electronic poll books.

Your Committee received testimony in support of this measure from the Office of Elections, Office of Hawaiian Affairs, Americans for Democratic Action/Hawaii, Common Cause Hawaii, League of Women Voters of Hawaii, and four individuals. Your Committee received testimony in opposition to this measure from the Office of the City Clerk, City and County of Honolulu; and one individual. Your Committee received comments on this measure from the Office of the County Clerk, County of Maui; and Office of the County Clerk, County of Kauai.

Your Committee finds that Hawaii has the lowest voter turnout in the nation. According to Common Cause Hawaii, the existing voter registration favors individuals who are interested in politics and are motivated to plan far in advance to register to vote. The existing law requires eligible voters to register to vote no later than thirty days prior to the day of an election. This registration deadline is seen by eligible, but unregistered voters as a hurdle to turn out and vote. Thus, this measure assists in increasing voter turnout by allowing a person to register to vote at an absentee polling place ten or more days prior to the day of election beginning in 2016 or on the day of an election at a precinct polling place beginning in 2018.

Your Committee notes the concerns raised by the county clerks that this measure will require additional funding, staff, and training, and upgrades in its computer systems to appropriately implement this measure. Your Committee believes that these concerns merit further discussion by your Committee on Ways and Means.

Your Committee has amended this measure by adopting the language suggested by the Office of Elections to:

- (1) Require a late registration voter to submit evidence of proof of identity, rather than residence, that is substantiated by certain types of documents;
- (2) Delete the appropriation from the federal funds awarded to the State from the Help America Vote Act of 2002 for fiscal year 2014-2015 for the counties to implement late voter registration; and
- (3) Delete the repeal and reenactment of section 15-7, Hawaii Revised Statutes, to continue to allow late voter registration at absentee polling places prior to the day of election after December 31, 2017.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2590, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2590, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Gabbard, Solomon).

**SCRep. 2987 (Joint) Education and Human Services on S.C.R. No. 51**

The purpose and intent of this measure is to request:

- (1) The Department of Education to administer a youth risk behavior survey to students in grades six to twelve attending public schools, including charter schools; and
- (2) Private schools to administer a youth risk behavior survey to students in grades six to twelve.

Your Committees received testimony in support of this measure from the Department of Education, Department of Health, Hawaii Youth Services Network, Planned Parenthood of Hawaii, Hui for Excellence in Education, and one individual.

Your Committees find that more information is needed about youth behavior and health in order to assess the leading factors of death, disability, and health complications among youth and to improve health education programs.

Your Committees further find that the United States Department of Health and Human Services, Centers for Disease Control and Prevention developed the Youth Risk Behavior Surveillance System to collect data about youth behavior and health, and one vital part of the Youth Risk Behavior Surveillance System is a nationwide school-based surveying effort using the Youth Risk Behavior Survey to monitor students' health risks and behaviors. This measure will help collect important data about a large portion of Hawaii's youth.

Your Committees have amended this measure by:

- (1) Amending its title to read: "REQUESTING THE ADMINISTRATION OF THE YOUTH RISK BEHAVIOR SURVEY TO STUDENTS IN GRADES SIX TO TWELVE IN SELECT SCHOOLS.";
- (2) Clarifying that the administration of the Youth Risk Behavior Survey be administered in select public schools, including select charter schools, rather than in every school; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 51, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 51, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 5. Noes, none. Excused, none.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Green, Taniguchi).

**SCRep. 2988 (Joint/Majority) Economic Development, Government Operations and Housing and Technology and the Arts on H.B. No. 2282**

The purpose and intent of this measure is to:

- (1) Add the receipt of Phase II or III Small Business Innovation Research awards or contracts from any participating federal agency to the qualifying criteria for businesses to receive grants from the High Technology Development Corporation; and
- (2) Increase the ceiling on single transfers from the Hawaii capital loan revolving fund from \$100,000 to an unspecified amount.

Your Committees received testimony in support of this measure from the High Technology Development Corporation; Chamber of Commerce Hawaii; Spectrum Photonics, Inc.; Oceanit; and TeraSys Technologies.

Your Committees find that since 1989, the High Technology Development Corporation has been assisting Phase I Small Business Innovation Research companies that have been awarded a grant reach their commercial potential. This has proven to be successful for the business awarded the grant and the State, given that every dollar invested through this grant program has been leveraged to attract approximately \$16 in federal funds as well as commercialization funding. Expanding the scope of the grant program will allow for more companies to achieve commercialization and increase the beneficial economic impacts of this program to the State.

Your Committees have amended this measure by:

- (1) Inserting language to reestablish the High Technology Innovation Corporation, including establishing:

- (A) The purpose of the High Technology Innovation Corporation;
  - (B) The Board of Directors of the High Technology Innovation Corporation;
  - (C) Exemptions from certain state laws;
  - (D) Officers and employees of the High Technology Innovation Corporation;
  - (E) Annual reporting requirements; and
  - (F) Procedures regarding dissolution; patents, copyrights, and other rights; and contracts with state agencies;
- (2) Inserting language to change the name of the High Technology Development Corporation to the "Hawaii Technology Development Corporation"; and
  - (3) Making technical amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2282, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2282, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 3. Noes, 1 (Thielen). Excused, 3 (Baker, English, Wakai).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Tokuda, Wakai).

**SCRep. 2989 Economic Development, Government Operations and Housing on H.B. No. 2338**

The purpose and intent of this measure is to:

- (1) Clarify that the tax credit for research activities is not available for research conducted outside of the State;
- (2) Eliminate the requirement that the Department of Taxation certify all research credit claims; and
- (3) Clarify that failure of the taxpayer to submit the required survey to the Department of Business, Economic Development, and Tourism is a waiver of the right to claim the research credit.

Your Committee received testimony in support of this measure from the Department of Taxation and High Technology Development Corporation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that Act 270, Session Laws of Hawaii 2013, reenacted the Hawaii tax credit for research activities for taxable years from 2013 to 2019. Act 270 required that a cost be incurred in Hawaii in order to qualify for the tax credit. However, requiring research costs to be incurred in Hawaii does not necessarily require research to be conducted in Hawaii. For example, a contract that is negotiated and signed in Hawaii can be classified as incurred in Hawaii, even if the research conducted pursuant to the contract is performed in another state. This measure clarifies Act 270 so that any qualified research must be conducted in the State in order to qualify for the tax credit.

Your Committee further finds that this measure eliminates the requirement that the taxpayer obtain a certification from the Department of Taxation concerning its claim for the credit because the certification requirement can create a false impression that by certifying the credit, the Department has audited and validated the taxpayer's claims. Instead, this measure imposes a substantive penalty for not providing the mandatory survey from the taxpayer to the Department of Business, Economic Development, and Tourism.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (2) Making technical amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2338, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2338, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, English, Wakai).

**SCRep. 2990 Commerce and Consumer Protection on H.B. No. 2031**

The purpose and intent of this measure is to require licensed marriage and family therapists in Hawaii to complete a minimum of forty-five credit hours of continuing education courses during each licensing renewal triennium, beginning January 1, 2017.

Your Committee received testimony in support of this measure from the Marriage and Family Therapists Program of the Department of Commerce and Consumer Affairs and fifteen individuals.

Your Committee finds that Hawaii is one of only two states that do not currently require continuing education credits for licensed marriage and family therapists. Continuing education ensures that licensed marriage and family therapists have access to best practices

and innovations in the marriage and family therapy field and can continue to provide quality services to a wide array of clients. Your Committee further finds that the continuing education requirements in this measure will ensure that licensed marriage and family therapists in Hawaii maintain their professional competency and keep abreast of the latest developments in the marriage and family therapy profession.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2031, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 2991 (Joint) Human Services and Commerce and Consumer Protection on H.B. No. 2115**

The purpose and intent of this measure is to require Med-QUEST and Medicaid to cover the cost of chiropractic services, limited to twenty-four visits per calendar year.

Your Committees received testimony in support of this measure from the Hawaii Primary Care Association and Hawaii State Chiropractic Association. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that more than twenty-five states include chiropractic care in their Medicaid programs, and the Centers for Medicare and Medicaid Services list chiropractic as a pre-approved service for Medicaid. Your Committees further find that chiropractic services can help improve physical health, increase functional capacity, and prevent disabling conditions. Your Committees note that there was a significant difference between the amounts deemed necessary by the Department of Human Services and the Hawaii State Chiropractic Association, in their respective testimony, to fund the additional services proposed by this measure.

Your Committees have amended this measure by:

- (1) Substituting the term "QUEST Integration" for all references to QUEST to reflect the combination of two programs within the Department of Human Services; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2115, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2115, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Human Services

Commerce and Consumer Protection  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 2992 Human Services on H.B. No. 2243**

The purpose and intent of this measure is to allow qualified entities to request state and national fingerprint-based criminal history record checks on their applicants, employees, and volunteers who provide care for children, vulnerable adults, or individuals with disabilities, and to receive the results directly.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, and one individual.

Your Committee finds that Section 5119a of the National Child Protection Act of 1993, Public Law No. 103-209, as amended, authorizes public, private, nonprofit, or for-profit entities to submit requests for fingerprint-based criminal history record checks on their applicants, employees, and volunteers who provide care to children, vulnerable adults, or individuals with disabilities. Generally, an authorized government agency must receive the results and make the suitability determination. This measure will allow information to be provided directly to a non-government agency upon receipt of a waiver from the individual on whom the criminal history record check is being run. Your Committee finds that this measure will allow Hawaii's qualified entities to make better and faster decisions in situations that may affect the safety and well-being of Hawaii's children, the elderly, and individuals with disabilities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2243, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2243, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 2993 Human Services on H.B. No. 1841**

The purpose and intent of this measure is to provide an additional housing resource for homeless families and individuals in Hawaii by establishing the Hale Kokua program and appropriating funds for the program.

Your Committee received testimony in support of this measure from the Community Alliance for Mental Health and three individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services. Your Committee received comments on this measure from Catholic Charities Hawaii and PHOCUSED.

Your Committee finds that homelessness persists as one of the State's primary challenges, with about forty-five out of every ten thousand individuals being homeless. Your Committee further finds that the Hale Kokua program existed for over twelve years and assisted the homeless by incentivizing property owners to set aside existing rental space or separate dwelling units to rent to families or individuals classified as employed but homeless. The Hale Kokua program was repealed in 2010. Your Committee received testimony expressing concern that the Hale Kokua program as established in this measure includes onerous and detailed requirements for the Department of Human Services or a contracted vendor and would require a substantial amount of additional resources.

Your Committee has amended this measure by:

- (1) Removing the Hale Kokua program from under the housing first program and establishing it as a separate program, with its own Administrator, because the two programs are not compatible as they are designed to serve different populations;
- (2) Removing the requirement that a homeowner must set aside an existing dwelling unit for a period of five years to participate in the Hale Kokua program;
- (3) Inserting language to include in the Hale Kokua program families or individuals who have steady income from a government source;
- (4) Removing the provision exempting contracts entered into by the Department of Human Services pursuant to the Hale Kokua program from civil service and collective bargaining laws;
- (5) Inserting language requiring the Hale Kokua program to be carried out utilizing the rapid re-housing model;
- (6) Removing many of the specific duties assigned to the Department of Human Services or a contracted agency in relation to the Hale Kokua program;
- (7) Removing language that specifies how property owners would receive financial compensation for participating in the Hale Kokua program;
- (8) Amending the appropriation so that general revenues are provided directly to the Homeless Programs Office of the Department of Human Services instead of to the housing first special fund; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1841, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1841, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Kidani). Noes, none. Excused, 1 (Green).

#### **SCRep. 2994 Transportation and International Affairs on H.B. No. 1509**

The purpose and intent of this measure is to:

- (1) Repeal the current penalties for violating the law on mobile electronic devices and instead establish a minimum fine of \$250, to be deposited into the state highway fund; and
- (2) Repeal the provision that specifies a violation shall not be deemed a traffic violation, thereby making the violation eligible for expedited traffic violation adjudication procedures.

Your Committee received testimony in support of this measure from the Department of Transportation and ten individuals.

Your Committee finds that after the passage of Act 74, Session Laws of Hawaii 2013, which enacted the mobile electronic devices law (codified as section 291C-137, Hawaii Revised Statutes), the Legislature received numerous complaints from the public about the vagueness and ambiguity of the law and the onerous burden of violators having to make a court appearance. Particularly on the neighbor islands, a person is likely to have to travel many miles to appear in court and wait for the case to be called, which consumes a whole day's worth of time.

Your Committee finds that it was never the intent of the Legislature that violators be forced to appear in court rather than mail in the fine without a court appearance, as allowed under chapter 291D, Hawaii Revised Statutes, relating to adjudication of traffic violations. Your Committee further finds that the existing law is fraught with traps for those who use mobile electronic devices in situations that are within the realm of safe driving to a reasonable person.

Your Committee wishes to make clear that it is not the intent of your Committee to jeopardize federal highway funds by way of distracted driving grants. More particularly, the Code of Federal Regulations require as a qualification for receiving grant monies that there be a system of increased fines for repeat violations by drivers younger than eighteen years of age. Your Committee believes that the federal rule makes sense in light of the prevalence of cell phone use by minors while driving. Furthermore, the federal rules are silent on requiring any court appearance for a violation.

Your Committee believes that monetary penalties must be a flat amount in order for violators to be able to mail in the fine in lieu of making a court appearance, as provided in section 291D-6, Hawaii Revised Statutes, relating to mail-in procedures for adjudication of traffic infractions.

Your Committee has amended this measure by deleting its contents and inserting the contents of its companion measure, S.B. No. 2729, S.D. 2, which:

- (1) Prohibits any person from operating a motor vehicle while using a mobile electronic device by holding the device in the person's hand for the purpose of making or receiving a non-emergency call, texting, or receiving a text message, or to activate, deactivate, or initiate a function of the device;
- (2) Provides an exemption for drivers of vehicles that are at a complete stop, whether or not the engine is running, in a safe location by the side of the road out of the way of traffic;
- (3) Clarifies the definition of "operate";
- (4) Adds a definition of "texting";
- (5) Clarifies the definition of "use" or "using";
- (6) Establishes a fine of \$200, which applies to all persons but, for persons under the age of eighteen, increases to \$300 for a second offense and \$400 for a third and subsequent offense;
- (7) Establishes a fine of \$400 for a violation in a school zone or construction area; and
- (8) Specifies that a violation shall be deemed to be a traffic infraction, which allows for mail-in of the fine, rather than a court appearance.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1509, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1509, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Gabbard). Noes, none. Excused, 2 (Kouchi, Slom).

**SCRep. 2995 (Majority) Higher Education on H.B. No. 1855**

The purpose and intent of this measure is to prohibit the sale or gift of the University of Hawaii at West Oahu land acquired pursuant to Act 294, Session Laws of Hawaii 1996 (Act 294), without the prior consent of the Legislature.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Hawaii Operating Engineers Industry Stabilization Fund.

Your Committee finds that while the University of Hawaii West Oahu campus has grown and continues to grow, there remains significant acreage of land that could be used for revenue-generating purposes since the University of Hawaii System does not currently have any concrete plans for this land.

Your Committee further finds that the disposition of land with the potential for revenue generation is an issue of statewide concern.

Your Committee has amended this measure by:

- (1) Deleting language prohibiting the sale or gift of the University of Hawaii at West Oahu land acquired pursuant to Act 294 without the prior consent of the Legislature;
- (2) Adding language prohibiting the sale or gift of the University of Hawaii at West Oahu land acquired pursuant to Act 294 for a period of two years;
- (3) Adding language requiring the University of Hawaii to report to the Legislature, no later than twenty days prior to the convening of the Regular Session of 2016, its updated policy on land sales and its plan for the University of Hawaii at West Oahu land acquired pursuant to Act 294;
- (4) Making this measure effective upon its approval, with a sunset date of June 30, 2016; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1855, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1855, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3; Ayes with Reservations (Keith-Agaran). Noes, 1 (Kidani). Excused, 3 (Ige, Tokuda, Slom).

**SCRep. 2996 Energy and Environment on H.B. No. 2312**

The purpose and intent of this measure is to change the amount of the environmental response, energy, and food security tax, also known as the barrel tax, that shall be deposited into the environmental response revolving fund from 5 cents of the tax on each barrel to an unspecified amount to support environmental activities and programs.

Your Committee received testimony in support of this measure from the Department of Health; Department of Business, Economic Development, and Tourism; Hawaii Energy Policy Forum; The Nature Conservancy of Hawaii; and Hawaii's Thousand Friends. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Department of Health receives 5 cents from the \$1.05 barrel tax, levied on barrels of crude oil imported into the State. These monies are deposited into the environmental response revolving fund, which supports oil spill response and environmental clean ups. However, the environmental response revolving fund balance is dangerously low due to reduced consumption of crude oil, while the demand for hazard evaluation and response has increased in recent years due to events like the Tohoku earthquake and tsunami, Honolulu Harbor molasses spill, and several ground soil contaminations. It is essential to protect Hawaii's beaches from oil pollution and protect Hawaii's residents and visitors from contamination by harmful chemical and other hazardous material contaminants.

Your Committee has amended this measure by:

- (1) Amending language in section 1 to clarify the purpose of this measure;
- (2) Inserting language to re-establish the energy systems development special fund;
- (3) Clarifying that the Hawaii Natural Energy Institute shall administer the energy systems development special fund and may expend revenues of the special fund for certain activities;
- (4) Inserting language to require evaluations of the projects and activities funded by the energy systems development special fund;
- (5) Inserting language requiring the Hawaii Natural Energy Institute to develop a plan of action in coordination with the State Energy Resources Coordinator that are consistent with the State's energy programs;
- (6) Inserting language to extend the sunset date of the environmental response, energy, and food security tax to June 30, 2030;
- (7) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2312, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2312, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 2997 (Joint) Higher Education and Agriculture on H.B. No. 2007**

The purpose and intent of this measure is to appropriate funds to the local and immigrant farmer education program of the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources Cooperative Extension Service to support the growth and sustainability of the State's agriculture industry.

Your Committees received testimony in support of this measure from the University of Hawai'i at Manoa College of Tropical Agriculture and Human Resources, Hawai'i Farm Bureau Federation, Ulupono Initiative, and seven individuals.

Your Committees find that the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources Cooperative Extension Service has developed the local and immigrant farmer education program to provide useful, hands-on, quality extension education to Hawaii's underserved and socially disadvantaged agriculture producers. This measure will provide funding to support the continuation of this vital program.

If this measure is considered for passage by your Committee on Ways and Means, your Committees note that the local and immigrant farmer education program will need \$150,000.

Your Committees have amended this measure by inserting an effective date of July 1, 2014.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2007, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2007, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

Agriculture

Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, English, Thielen).

**SCRep. 2998 Health on H.B. No. 1880**

The purpose and intent of this measure is to:

- (1) Allow podiatric physicians who are board qualified or board certified in reconstructive rearfoot ankle surgery by the American Board of Podiatric Surgery and have completed a thirty-six-month podiatric surgical residency to perform ankle fracture surgery; and
- (2) Conform the definition of "podiatric medicine" to national standards regarding diagnosis and treatment of the foot and ankle.

Your Committee received testimony in support of this measure from the Hawaii Medical Board; Hawaii Medical Association; American Podiatric Medical Association; Surgical Associates, Inc.; Kokua Kalihi Valley Comprehensive Family Services; and several individuals.

Your Committee finds that podiatrists have become primary providers of foot and ankle surgery. Your Committee further finds that due to the physician shortage in Hawaii, many patients on neighbor islands must fly to Oahu to have surgery for ankle fractures. This measure recognizes the current standard of training and ability of podiatric physicians and helps podiatric physicians to ensure comprehensive care and services for their patients.

Your Committee has amended this measure by making the measure effective upon approval.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1880, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1880, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 2999 Health on H.B. No. 2039**

The purpose and intent of this measure is to appropriate funds to the Department of Health for the comprehensive breast and cervical cancer control program.

Your Committee received testimony in support of this measure from the Department of Health, American Cancer Society Cancer Action Network, Planned Parenthood, The Queen's Health Systems, Hawaii Medical Association, American Association of Nurse Practitioners, and one individual.

Your Committee finds that the comprehensive breast and cervical cancer control program provides valuable screening for breast and cervical cancer to women in Hawaii. Early diagnosis of breast and cervical cancer can help women seek the appropriate treatment needed, as well as identify any risk factors that may contribute to breast and cervical cancer.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2014; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2039, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2039, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3000 (Majority) Health on H.B. No. 1849**

The purpose and intent of this measure is to reduce the excise tax rate on large cigars from fifty percent of the wholesale price to the lesser of:

- (1) 50 cents for each large cigar; or
- (2) Fifty percent of the wholesale price of each large cigar.

Your Committee received testimony in support of this measure from the Hawaii Cigar Association; Cigar Association of America, Inc.; Hawaii Food Industry Association; and several individuals. Your Committee received testimony in opposition to this measure from the American Cancer Society Cancer Action Network; American Lung Association; Hawaii COPD Coalition; American Heart Association; Coalition for a Tobacco-Free Hawaii; and several individuals. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and several individuals.

Your Committee finds that it is important to create fair tax revenue standards for Hawaii's businesses, which include cigar wholesalers and dealers.

Your Committee has amended this measure by:

- (1) Inserting blank amounts for the excise tax on large cigars;
- (2) Inserting a definition of "premium cigar" into section 328J-1, Hawaii Revised Statutes;
- (3) Exempting the sale of premium cigars from the direct, face-to-face restriction in section 328J-18, Hawaii Revised Statutes; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1849, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1849, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 2; Ayes with Reservations (Chun Oakland). Noes, 1 (Baker). Excused, 2 (Nishihara, Slom).

**SCRep. 3001 (Joint) Health and Public Safety, Intergovernmental and Military Affairs on H.B. No. 2246**

The purpose and intent of this measure is to promote state compliance with federal firearm regulations by:

- (1) Providing for a court-based program for persons federally prohibited from owning a firearm based on a finding of mental illness or civil commitment whereby the persons may petition for relief from the federal firearm prohibitor; and

- (2) Requiring courts to provide information relating to involuntary civil commitments to the Hawaii Criminal Justice Data Center for use by law enforcement officials for firearms permitting or registration and for submission to the Federal Bureau of Investigation National Instant Criminal Background Check System (NICS) database for gun control purposes.

Your Committees received testimony in support of this measure from the Department of Health and Department of the Attorney General.

Your Committees find that NICS is a federal database that uses information provided by states to identify individuals who are federally prohibited from possessing a firearm. Your Committees further find that Hawaii currently does not provide information on adjudicated civil commitments to NICS because state law prohibits the disclosure of this information. This measure will promote public safety and individual rights by permitting the courts to share information with law enforcement agencies responsible for approving requests for firearm permits and registrations and contribute to the national database in order to promote gun control and public safety throughout the nation.

Your Committees note that the burden of proof to show that an individual no longer suffers from the condition that resulted in civil commitment is unclear. Under section 334-60.5, Hawaii Revised Statutes, an individual can be civilly committed only when it is determined "beyond a reasonable doubt" that the individual is mentally ill or abusing substances, and "by clear and convincing evidence" that the person is imminently dangerous to self and others. Your Committees further note that the Department of the Attorney General supports the "clear and convincing evidence" standard of proof because state law currently requires such a standard of proof when involuntarily hospitalizing a person pursuant to Hawaii's civil commitment statute.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2246, H.D. 1, and recommend that it pass Second Reading and be referred to the Committees on Judiciary and Labor and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3002 (Joint) Health and Commerce and Consumer Protection on H.B. No. 1723**

The purpose and intent of this measure is to streamline the notification process prior to the discharge of a patient civilly committed. Specifically, this measure:

- (1) Requires the administrator or attending physician of a psychiatric facility to provide notice of intent to discharge a patient or notice of the patient's admission to voluntary treatment;
- (2) Applies section 334-60.7, Hawaii Revised Statutes, to only civil commitments as a direct result of legal proceedings;
- (3) Requires the notice of intent to discharge or patient's admission to voluntary treatment to be served by mail to the appropriate prosecuting attorney and to any person entitled to receive notice at the person's last known address, unless the person waives this right in writing;
- (4) Increases from three to five days the period of time after mailing of the notice within which an objection must be filed or the administrator or attending physician shall discharge or accept the patient for voluntary inpatient treatment; and
- (5) Requires courts to conduct hearings as soon as possible, and prior to the termination of the current commitment order, to determine if the patient still meets the criteria for involuntary hospitalization.

Your Committees received testimony in support of this measure from the Department of Health; Healthcare Association of Hawaii; Department of the Prosecuting Attorney, City and County of Honolulu; The Queen's Health Systems; and one individual.

Your Committees find that patients are remaining involuntarily committed to hospitals due to the difficulty of obtaining a court hearing and order, even after the patient is ready to be discharged. Your Committees further find that while these patients remain involuntarily committed, hospitals are forced to use precious resources that could serve other patients in need. This measure streamlines the notification process prior to discharge of a patient civilly committed after initially being committed pursuant to criminal statutes, allowing for a simplified discharge process while safeguarding the right of individuals who require notification of the patients' discharge to object.

Your Committees have amended this measure by making the measure effective upon approval.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1723, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1723, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3003 Health on H.B. No. 2092**

The purpose and intent of this measure is to:

- (1) Delete the requirement that the certifying physician of a medical marijuana patient must be the primary care physician;
- (2) Clarify that the Department of Health will issue a registration card, not a certificate, to medical marijuana patients who meet the medical marijuana registration requirements; and
- (3) Specify that the Department of Health shall charge no more than \$35 per year to any medical marijuana patient who registers with the Department of Health to obtain authorization to use marijuana for medical purposes in compliance with the law.

Your Committee received testimony in support of this measure from the American Civil Liberties Union; Community Alliance on Prisons; Effective Change, LLC; Hawaii Whole Person Healing Collective; Hawaiian Standard and Green Futures; and eight individuals. Your Committee received testimony in opposition to this measure from the Police Department, City and County of Honolulu. Your Committee received comments on this measure from the Department of Health and one individual.

Your Committee finds that it is difficult for many individuals to obtain a primary care physician in Hawaii, particularly on the neighbor islands. Due to a shortage of primary care physicians in some areas, individuals who are benefitting from medical marijuana find it difficult to continue to receive a medical recommendation, as do untreated individuals who may benefit from medical marijuana. Furthermore, some insurance providers and physicians are prevented from recommending medical marijuana under federal regulations. This measure expands the number of qualified professionals who may prescribe medical marijuana in Hawaii, which will help patients across the State.

Your Committee has amended this measure by:

- (1) Amending section 329-123, Hawaii Revised Statutes, instead of section 4 of Act 178, Session Laws of Hawaii 2013;
- (2) Reinstating the requirement that the certified physician of a medical marijuana patient must be the primary care physician but also authorizing the certified physician to be a board certified pain specialist physician, ophthalmologist, oncologist, or board certified palliative care physician;
- (3) Adding a definition of primary care physician;
- (4) Deleting language specifying that the Department of Health will issue a registration card and shall charge no more than \$35 per year to any medical marijuana patient; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2092, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2092, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3004 (Joint) Human Services and Health on H.B. No. 1934**

The purpose and intent of this measure is to address homelessness by:

- (1) Appropriating funds to the Department of Health for substance abuse treatment, mental health support services, and clean and sober housing services;
- (2) Appropriating funds to the Department of Human Services for a rental assistance program, also known as a shallow subsidy program;
- (3) Appropriating funds to the Department of Human Services to continue to administer housing first programs for chronically homeless individuals and for the homelessness prevention and rapid re-housing program;
- (4) Appropriating matching funds to the Department of Human Services for the federal continuum of care permanent supportive housing programs to provide rental assistance in connection with supportive services;
- (5) Appropriating funds to the Department of Human Services for innovative temporary housing solutions related to the homeless assistance working group's findings and recommendations; and
- (6) Transferring the homeless assistance working group from the Department of Human Services to the Legislature.

Your Committees received testimony in support of this measure from Aloha United Way, Catholic Charities Hawaii, Hawaii Applesseed Center for Law and Economic Justice, Hawaii Primary Care Association, Hawaii Substance Abuse Coalition, Living Life Source Foundation, Partners in Care, PHOCUSED, and five individuals. Your Committees received comments on this measure from the Department of Human Services and Department of Health.

Your Committees find that homelessness is a complex and growing challenge in Hawaii, and that addressing the issue requires a multi-faceted approach. Your Committees recognize that stable housing is a critical component in the continuum of substance abuse treatment and recovery. In addition, it is important to assist homeless families and those in transitional housing that seek permanent rental housing by providing rent subsidies that make permanent housing affordable.

Your Committees further find that housing first programs are essential to moving chronically homeless individuals into permanent housing with wrap-around services. Your Committees also find that providing matching funds for federally funded continuum of care

permanent supportive housing programs would enable over six hundred homeless individuals with disabilities to be re-integrated into the community and maintain housing. Finally, your Committees note the value of innovative temporary housing solutions

Your Committees have amended this measure by:

- (1) Designating the expending agency for the shallow subsidy program as the Hawaii Public Housing Authority instead of the Department of Human Services;
- (2) Inserting provisions that exempt the purchase and construction of innovating housing solutions as they relate to the homeless assistance working group's findings and recommendations from the public procurement code and requiring that such housing be ready for use and fully occupied by December 1, 2014;
- (3) Designating the expending agency for the purchase and construction of innovative housing solutions as they relate to the homeless assistance working group's findings and recommendations as the Hawaii Housing Finance and Development Corporation instead of the Department of Human Services; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1934, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1934, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3005 (Joint) Human Services and Commerce and Consumer Protection on H.B. No. 2094**

The purpose and intent of this measure is to establish initial funding to begin the licensing process for home care agencies by appropriating funds to the Department of Health for one full-time equivalent (1.00 FTE) permanent position.

Your Committees received testimony in support of this measure from the Department of Health, Chamber of Commerce Hawaii, and Healthcare Association of Hawaii.

Your Committees find that many of Hawaii's elderly live alone and face declining mental and physical abilities. Home care agencies are a critical resource that provide care for the State's kupuna. Your Committees further find that it is important to safeguard this population and ensure the safety of individuals receiving care in their home, by licensing home care agencies. Your Committees received testimony from the Department of Health expressing concern that the full-time position created by this measure would be funded through special funds and should instead be funded through general revenues.

Your Committees have amended this measure by:

- (1) Removing references to using licensing fees to support the position created within the Department of Health that will facilitate the licensing of home care agencies;
- (2) Adding language to clarify that it is not the Legislature's intent that the position in the Department of Health to facilitate licensing of home care agencies be funded by monies in the office of health care assurance special fund;
- (3) Inserting a section to extend by five years the repeal date of Act 21, Special Session Laws of Hawaii 2009, which requires home care agencies to be licensed by the Department of Health;
- (4) Inserting a provision instructing the Department of Health to submit future funding requests for the permanent position that facilitates the licensing of home care agencies to the Director of Finance as part of its annual budget request;
- (5) Changing the effective date to June 29, 2050, with an effective date of July 1, 2050, for the appropriation; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2094, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2094, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3006 (Joint) Human Services and Commerce and Consumer Protection on H.B. No. 1715**

The purpose and intent of this measure is to support and protect Hawaii's kupuna by appropriating funds to the Office of the Securities Commissioner for educational outreach targeted at kupuna, based on a model similar to the Department of Commerce and

Consumer Affairs' existing investor education programs, particularly in the areas of indexed annuities, life-settlement annuities, variable annuities, and Ponzi schemes.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committees find that elderly citizens are often victimized by consumer and financial fraud such as identity theft, investment fraud, and health care fraud. Your Committees further find that there is a growing need to educate and inform consumers about financial fraud and protect seniors against financial fraud and scams. The investor education programs within the Department of Commerce and Consumer Affairs provide kupuna with education and outreach, including information about how to make wise choices when investing and how to detect financial fraud.

Your Committees have amended this measure by:

- (1) Amending the purpose of the appropriation to the operation of investor education and related financial programs targeted to kupuna, to allow the Department of Commerce and Consumer Affairs more flexibility in educating Hawaii's kupuna about fraudulent investment schemes;
- (2) Amending section 1 to reflect the amended purpose of this measure;
- (3) Inserting an appropriation amount of \$50,000; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1715, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1715, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 4. Noes, none. Excused, 1 (Green).

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3007 Human Services on H.B. No. 1504**

The purpose and intent of this measure is to clarify that all child support orders are presumed to apply on a per child basis.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that a child support order for multiple children is currently issued as one aggregate amount. Your Committee recognizes the sentiment expressed in testimony on this measure that it is onerous for parents to have to complete and submit paperwork to amend their child support order when a child turns eighteen and the number of children for which child support is owed decreases.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1504, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3008 Human Services on H.B. No. 2294**

The purpose and intent of this measure is to provide Hawaii residents with increased access to long-term care and more sustainable nursing facilities by:

- (1) Extending the nursing facility sustainability program for one year, and making corresponding amendments to the sunset of its special fund and the use of revenues to enhance the capitated rates paid to Medicaid managed care health plans; and
- (2) Appropriating funds out of the nursing facility sustainability program special fund to be used for the nursing facility sustainability program.

Your Committee received testimony in support of this measure from the Department of Human Services, Chamber of Commerce Hawaii, Hawaii Health Systems Corporation, Hawaii Long Term Care Association, and Healthcare Association of Hawaii.

Your Committee finds that funding the nursing facility sustainability program is necessary to increase the sustainability of nursing facilities, which provide a long-term safety net for the State's aging population. Your Committee received testimony on this measure indicating that, without an exemption from section 36-27, Hawaii Revised Statutes, the nursing facility sustainability program will have to pay approximately \$500,000 per year in central service expenses assessments, which inhibits the program's ability to sustain nursing facilities and improve services to Medicaid recipients.

Your Committee has amended this measure by:

- (1) Making the nursing facility sustainability program special fund statutorily exempt from central services fees assessed under section 36-27, Hawaii Revised Statutes;

- (2) Inserting an appropriation amount of \$12,000,000 to ensure that the State is able to match the maximum amount of federal funds to benefit nursing facilities statewide;
- (3) Inserting an effective date of June 29, 2014, with an effective date of July 1, 2014, for the appropriation; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2294, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2294, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3009 Human Services on H.B. No. 1740**

The purpose and intent of this measure is to support the effective implementation and provision of language access assistance services in the State by government agencies and state-funded entities by increasing the amount of funds appropriated for fiscal year 2014-2015 for the statewide Language Access Resource Center and the multilingual website pilot project.

Your Committee received testimony in support of this measure from the Hawaii Civil Rights Commission, Office of Language Access, Office of Community Services, Filipino American Citizens League, Filipino Coalition for Solidarity, Hawaii Friends of Civil Rights, and National Federation of Filipino American Associations Region 12.

Your Committee finds that the Language Access Resource Center and the multilingual website pilot project enable state and state-funded agencies to better serve Hawaii's limited English proficient population and further compliance with federal and state language access laws. Your Committee further finds that continued and appropriate funding of the Language Access Resource Center and the multilingual website pilot project is essential to their successful and effective implementation and their usefulness to the general public.

Your Committee has amended this measure by inserting the following appropriation amounts proposed by the Office of Language Access for fiscal year 2014-2015:

- (1) \$300,000 to operate the statewide Language Access Resource Center; and
- (2) \$150,000 for the multilingual website pilot project.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1740, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1740, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3010 (Joint) Education and Human Services on H.B. No. 2109**

The purpose and intent of this measure is to establish and fund an evidence-based physical-activity and nutritional-education program within the Department of Education's after-school plus program (A+ program).

Your Committees received testimony in support of this measure from the Department of Education, Department of Human Services, Hui for Excellence in Education, Kaho'omiki, Afterschool Alliance, and The SPARK Programs.

Your Committees find that for the past decade, an evidence-based physical-activity and nutritional-education program called "Fun 5" has been operating successfully in nearly all elementary schools statewide as an integral part of the A+ program. Fun 5 provides training for all A+ program group leaders, supplies manuals and playground equipment, and provides hands-on instruction for physically active games and nutritional enlightenment.

Your Committees further find that Fun 5, which for many of its participants is the only organized physical activity that they experience in a day, has shown positive results in boosting the children's level of physical activity, reducing their rate of obesity, and increasing their consumption of fruits and vegetables. These achievements are accomplished through a hands-on and enjoyable program that promotes five servings of fruits and vegetables per day and at least thirty minutes of active physical exercise five days per week.

Your Committees note that a grant-in-aid is also being explored as a means of funding the evidence-based physical-activity and nutritional-education program.

Your Committees have amended this measure by:

- (1) Establishing the evidence-based physical-activity and nutritional-education program as a five-year pilot program rather than establishing the program in statute; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Education and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2109, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2109, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Education  
Ayes, 4. Noes, none. Excused, 1 (Slom).

Human Services  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 3011 Education on H.B. No. 1971**

The purpose and intent of this measure is to authorize administrative, support, and instructional employees in charter schools to fully participate in the State's systems for certain employee benefits and additional supports and incentives offered by the Department of Education to employees in Department public schools.

Your Committee received testimony in support of this measure from Department of Education; State Public Charter School Commission; Hawaii State Teachers Association; United Public Workers, AFSCME, Local 646, AFL-CIO; and Hawaii Public Charter School Network.

Your Committee finds that this measure will provide greater parity in benefits received between administrative, support, and instructional employees in charter schools and administrative, support, and instructional employees at Department of Education public schools. However, there is concern about how the Department of Education and the State Public Charter School Commission (Commission) would fund the yearly costs of providing these benefits. For example, the Department of Education testified that it spends approximately \$2,200,000 to pay for incentives for hard-to-fill positions and the Teacher National Board Certification Incentive Program alone.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Department of Education and Commission to identify all incentives and bonuses provided to public school employees, including charter school employees, pursuant to statute, any master agreements and supplemental agreements entered into between the Department of Education and the exclusive representatives as defined in chapter 89, Hawaii Revised Statutes, and any supplemental agreements entered into pursuant to section 302D-25, Hawaii Revised Statutes, and indicate the total dollar amount and funding distribution method for each;
- (2) Requiring the Department of Education and Commission to report their findings, including recommendations on the most efficient and equitable funding distribution methods associated with the incentives and bonuses identified, to the Legislature; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1971, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1971, H.D. 2, S.D. 1, and be referred to the Committees on Judiciary and Labor and Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3012 (Joint) Education and Health on H.B. No. 1777**

The purpose and intent of this measure is to:

- (1) Authorize Department of Education employees and agents with specified training to volunteer to administer auto-injectable epinephrine to a student with anaphylaxis;
- (2) Authorize the Department of Education to make arrangements to receive injectable epinephrine supplies from manufacturers or suppliers; and
- (3) Make an appropriation to the Department of Education for instruction, training, and related expenses.

Your Committees received testimony in support of this measure from the Department of Education; Department of Health; Hawaii Association of Professional Nurses; Walgreens, Co.; Mylan, Inc.; and Hawaii Association for Justice.

Your Committees find that this measure is necessary to clarify that Department of Education employees and agents may volunteer to administer epinephrine to a student with anaphylaxis.

Your Committees further find that it is imperative that Department of Education employees and agents who volunteer to administer epinephrine to a student with anaphylaxis are given proper instruction on the administration of epinephrine.

Your Committees have amended this measure by:

- (1) Inserting language to establish a five-year pilot program within the Department of Education, in collaboration with the Department of Health, to provide auto-injectable epinephrine to any student or other individual on school premises, at school-sponsored events, or at any other time the student or individual is subject to the school's jurisdiction or supervision, whom designated school personnel believes in good faith is experiencing anaphylaxis;
- (2) Authorizing the Department of Education to maintain a stock of auto-injectable epinephrine supplies as part of the pilot project;
- (3) Providing that an authorized health care provider may prescribe auto-injectable epinephrine to a school participating in the pilot program;
- (4) Authorizing pharmacists and authorized health care providers to dispense auto-injectable epinephrine pursuant to a prescription issued under the pilot program;

- (5) Requiring training for any Department of Education employee or agent who volunteers to administer auto-injectable epinephrine under the pilot program;
- (6) Inserting language providing immunity from civil or criminal liability to any person acting in accordance with the requirements of the pilot program, with certain exceptions for gross negligence, wilful and wanton misconduct, and intentional misconduct;
- (7) Requiring the Department of Education, in collaboration with the Department of Health, to submit an annual report to the Legislature for the duration of the pilot program;
- (8) Inserting an effective date of July 1, 2030, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that there are still concerns about the liability exemptions provided in this measure and if this measure is considered for passage by your Committee on Ways and Means, your Committees recommend examining how other jurisdictions handle the issue of liability as it relates to the subject matter covered by this measure.

As affirmed by the records of votes of the members of your Committees on Education and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1777, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1777, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 4. Noes, none. Excused, 1 (Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3013 Education on H.B. No. 1675**

The purpose and intent of this measure is to:

- (1) Require all public secondary schools to implement a school year that includes nine hundred ninety student instructional hours beginning with the 2014-2015 school year;
- (2) Repeal the requirement that all public schools implement a school year of one hundred eighty days, including one thousand eighty student instructional hours, beginning with the 2016-2018 school years; and
- (3) Amend the definition of "student instructional hours" to authorize the Board of Education to define the term.

Your Committee received testimony in support of this measure from two individuals and students from Kailua High School, Kalaheo High School, and Moanalua High School. Your Committee received testimony in opposition to this measure from the Hui for Excellence in Education, IMUAlliance, and three individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that currently, to comply with the requirement that a school year include one thousand eighty student instructional hours, most secondary schools would need to add on average five minutes per class period. It is unknown at this time what benefit this limited increase would be when weighed against the increased operational costs the Department of Education would incur from such a change, including additional compensation for teachers and increases in utility costs.

Your Committee also concurs with the Department of Education's finding that the important issue that Act 167, Session Laws of Hawaii 2010, and Act 52, Session Laws of Hawaii 2011, have raised is the equity of learning time for students, especially given the fact that there has been as much as a two-month difference in time between secondary schools, and this must be balanced with a focus on quality use of time and student results.

Your Committee further finds that another pertinent issue is providing clarity on the definition of "student instructional hours". For example, some schools require students to work on projects that include a number of hours of self-directed work but require little classroom time, so such time may not be counted toward instructional hours. In addition, many students and teachers engage in afterschool activities that are instructional in nature but may not count toward instructional time because they occur outside of the classroom.

By delegating the authority to define student instructional hours to the Board of Education, schools will be provided with the requested flexibility necessary for scheduling purposes, while at the same time increasing access to those teachable moments where students learn best.

Your Committee has amended this measure by:

- (1) Inserting language to require the Board of Education to consult with the exclusive representatives of the appropriate bargaining units in defining "student instructional hours";
- (2) Making a conforming amendment by deleting the requirement for submission of a plan by the Department of Education to implement, beginning with the 2018-2019 school year, a school year of one hundred ninety days at certain schools;
- (3) Making this measure effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1675, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1675, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ruderman, Slom).

**SCRep. 3014 (Joint) Education and Hawaiian Affairs on H.B. No. 1551**

The purpose and intent of this measure is to establish the Instructional Office of Hawaiian Studies within the Department of Education for the purpose of providing instruction of public school students on Hawaiian history, culture, arts, and language.

Your Committees received testimony in support of this measure from the Board of Education, Department of Education, Office of Hawaiian Affairs, Hawaii State Teachers Association, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, 'Aha Kauleo Statewide Hawaiian Immersion Advisory Council, Ka Lei Pāpahi'o Kākuhihewa, and sixteen individuals. Your Committees received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committees received comments on this measure from the State Public Charter School Commission.

Your Committees find that article X, section 4, of the Hawaii State Constitution requires the State to promote the study of Hawaiian culture, history, and language and provide for a Hawaiian education program consisting of language, culture, and history in the State's public schools. Over the years, there have been concerns that Hawaiian education programs in the public schools are disjointed, lack appropriate oversight, and are not adequately resourced to meet the purpose and intent of article X, section 4, of the Hawaii State Constitution.

Your Committees further find that in February of 2014, the Board of Education revised Board of Education Policies 2104 and 2105, which, among other things, established the Office of Hawaiian Education within the Office of the Superintendent of Education and requires the Department of Education to allocate resources, including personnel and fiscal resources, to create and implement appropriate curricula, standards, performance assessment tools, professional development, and strategies for community engagement throughout the Department of Education.

This measure complements the Board of Education's policies and reaffirms the Legislature's commitment to ensuring the requirements of article X, section 4, of the Hawaii State Constitution are met.

Your Committees have amended this measure by:

- (1) Renaming the "Instructional Office of Hawaiian Studies" as the "Office of Hawaiian Education";
- (2) Placing the establishment of the Office of Hawaiian Education in Session Law rather than in chapter 302A, Hawaii Revised Statutes (HRS);
- (3) Adding language to require the Office of Hawaiian Education to be placed within the Office of the Superintendent of Education and to require the head of the Office of Hawaiian Education to be part of the Superintendent of Education's leadership team;
- (4) Requiring the Department of Education to allocate resources, including personnel and fiscal support, to the Office of Hawaiian Education to create and implement appropriate curricula, standards, performance assessment tools, professional development, and strategies for community engagement throughout the Department of Education, rather than requiring the Office of Hawaiian Education and Hawaiian language medium education program to have a separate line item in the budget;
- (5) Requiring the Department of Education to report to the Legislature annually on its compliance with the requirements of this measure and Board of Education Policies 2104 and 2105;
- (6) Requiring the Department of Education's report to the Legislature twenty days prior to the convening of the Regular Session of 2015 to include a statutory audit of chapter 302H, HRS, and a determination, including any proposed legislation, as to whether the Office of Hawaiian Education should be codified in chapter 302A, HRS, or chapter 302H, HRS;
- (7) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees have requested that the Department of Education provide an estimate of the operational costs of establishing and running the Office of Hawaiian Education should this measure be considered for passage by your Committee on Ways and Means.

As affirmed by the records of votes of the members of your Committees on Education and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1551, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1551, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Education

Ayes, 4. Noes, none. Excused, 1 (Slom).

Hawaiian Affairs

Ayes, 3. Noes, none. Excused, 2 (Hee, Slom).

**SCRep. 3015 Public Safety, Intergovernmental and Military Affairs on H.B. No. 1812**

The purpose and intent of this measure is to:

- (1) Require the chief of each county police department to submit an annual report to the Legislature by January 31 covering misconduct incidents that resulted in suspension or discharge of a police officer from the calendar year immediately prior to the year of the report submission;
- (2) Specify the information that each report must contain, including updated information from previous reports; and
- (3) Require the county police departments to retain the disciplinary records in accordance with their respective record retention policies or for at least eighteen months after the final report concerning that incident, whichever period is longer.

Your Committee received testimony in support of this measure from the Office of Information Practices; Society of Professional Journalists, Hawaii Chapter; Civil Beat Law Center for the Public Interest; and one individual. Your Committee received testimony in opposition to this measure from the Honolulu Police Department and State of Hawaii Organization of Police Officers.

Your Committee finds that for over a decade, the only public information available concerning final suspensions of police officers has been the annual report to the Legislature, required by section 52D-3.5, Hawaii Revised Statutes; however, these reports provide minimal detail. This measure improves the applicability of section 52D-3.5, Hawaii Revised Statutes, and creates a more informed public dialogue about the misconduct by police officers.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2030, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1812, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1812, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3016 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on H.B. No. 1647**

The purpose and intent of this measure is to appropriate funds as grants-in-aid to the Department of the Prosecuting Attorney of the City and County of Honolulu for the Career Criminal Prosecution Unit, Victim Witness Assistance Program, Veterans Treatment Court, Drug Court, and Hawaii's Opportunity Probation with Enforcement Program.

Your Committees received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Crime Victim Compensation Commission, Kailua Neighborhood Board, and eight individuals. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that the Career Criminal Prosecution Unit addresses the disproportionate amount of serious crimes committed against the public by a relatively small number of "career criminals", while the Victim Witness Assistance Program provides information, assistance, and support services to victims and witnesses of crimes. Additionally, Drug Court, Veterans Treatment Court, and Hawaii's Opportunity Probation with Enforcement Program provide critical services to the State's citizens, including minimizing recidivism. Your Committees further find that money spent on these programs is an efficient use of resources and that these programs provide the State's citizens with support services and swift and effective justice, lessen caseloads and long court delays, and reduce recidivism.

Your Committees have amended this measure by changing the expending agency for the funds appropriated for the Career Criminal Prosecution Unit, Victim Witness Assistance Program, Veterans Treatment Court, Drug Court, and Hawaii's Opportunity Probation with Enforcement Program from the Department of the Attorney General to the Department of the Prosecuting Attorney of the City and County of Honolulu.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1647, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1647, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Judiciary and Labor

Ayes, 5. Noes, none. Excused, 2 (Hee, Ihara).

**SCRep. 3017 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on H.B. No. 2333**

The purpose and intent of this measure is to:

- (1) Specify that the statewide, integrated program for the treatment of sex offenders applies only to adult offenders;
- (2) Require the statewide integrated adult sex offender treatment program to employ a best practices philosophy for the treatment of adult sex offenders;
- (3) Direct the statewide integrated adult sex offender treatment program to develop and implement standards and guidelines for the assessment, evaluation, treatment, and supervision of adult sex offenders; and

- (4) Identify the statewide integrated adult sex offender treatment program's coordinating body as the "Adult Sex Offender Management Team".

Your Committees received testimony in support of this measure from the Department of Public Safety and one individual.

Your Committees find that it is critical to use current research to treat sex offenders because sexual assaults have grave and lasting effects on the victims. Most sex offenders have many more victims than those that come forward, and steps need to be taken to interrupt the cycle of sexual assault. This measure strengthens and expands the statewide integrated adult sex offender program by employing a best practices philosophy and requiring the development and implementation of standards and guidelines for the assessment, evaluation, treatment, and supervision of adult sex offenders.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2333, H.D. 2 and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

Judiciary and Labor  
Ayes, 5. Noes, none. Excused, 2 (Hee, Ihara).

**SCRep. 3018 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on H.B. No. 2490**

The purpose and intent of this measure is to enhance the existing juvenile justice system by instituting the Hawaii Juvenile Justice Working Group's recommendations for juvenile justice reform, including:

- (1) Requiring the Executive Director of the Office of Youth Services to create a personalized reentry plan for all persons committed to the Hawaii Youth Correctional Facilities and specifying notice requirements related to the reentry plan;
- (2) Standardizing probation supervision requirements, including requiring probation officers to create an individualized case plan for each child placed on probation;
- (3) Authorizing probation officers to impose graduated sanctions for violations of the rules and terms of probation or award incentives to reward compliance with rules and terms of probation;
- (4) Establishing an earned discharge from probation program to incentivize compliance with rules and terms of probation;
- (5) Establishing a Statewide Juvenile Justice Interdepartmental Cluster to provide coordinated services to certain children under the jurisdiction of the Family Court;
- (6) Specifying factors for the Executive Director of the Office of Youth Services to consider when granting parole;
- (7) Requiring the Board of Family Court Judges to provide guidelines and procedures necessary to implement a single statewide standardized tool to conduct risk and needs assessments to help reduce the likelihood of recidivism;
- (8) Requiring the Director of the Family Court of each circuit to establish a framework to guide probation officers in exercising discretion in providing informal adjustment;
- (9) Requiring the Family Court to conduct a risk assessment for each child before disposition to assist the Family Court in making an appropriate disposition, and to inform reentry and case plans;
- (10) Authorizing the court to suspend proceedings when the risk and needs assessment indicates substance abuse or mental health needs, to allow for earlier treatment; and
- (11) Establishing a temporary Juvenile Justice Oversight Advisory Council to monitor and oversee the implementation of this measure.

Your Committees received testimony in support of this measure from the Office of the Governor; Department of the Attorney General; Judiciary, State of Hawaii; Department of Health; Department of Human Services; State Council on Mental Health; Department of Human Services, Office of Youth Services; Crime Victims Compensation Commission; Office of the Prosecuting Attorney of the County of Hawaii; Office of the Prosecuting Attorney of the County of Kauai; Community Alliance on Prisons; Hawaii Youth Services Network; Mental Health America of Hawaii; Hawaii Substance Abuse Coalition; The Salvation Army; Hawaii Friends of Justice and Civic Education; Hale Kipa, Inc.; and four individuals. Your Committees received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committees find that there is a need to improve and enhance the existing juvenile justice system, as recommended by the Hawaii Juvenile Justice Working Group. Over the last decade, the number of juvenile offenders in the State that are confined for nonviolent offenses has risen. When juvenile offenders are confined for nonviolent offenses and are placed in secure facilities, the risk of repeat offenses upon their release increases. Furthermore, critical services to reduce delinquency, including mental health and substance abuse treatment, are not sufficiently accessible to the State's youth. This measure will reform the State's juvenile justice system through targeted juvenile justice reforms, including concentrating secure bed space on serious juvenile offenders; strengthening disposition, adjustment, diversion, and services available for juvenile offenders; and establishing the Juvenile Justice Oversight Advisory Council.

Your Committees recognizes the issue of juvenile justice restitution and hopes this topic will be further discussed as this measure moves forward.

Your Committees have amended this measure by:

- (1) Clarifying that reentry plans are for persons committed to Hawaii Youth Correctional Facilities who are serving a concurrent or non-concurrent term of probation;
- (2) Deleting section 15, thereby retaining the existing statewide interdepartmental cluster that coordinates services for children with severe emotional and developmental problems; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2490, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2490, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Baker, Green).

Judiciary and Labor

**SCRep. 3019 Commerce and Consumer Protection on H.B. No. 2012**

The purpose and intent of this measure is to:

- (1) Prohibit the sale of tickets to an exhibition, game, concert, and other events at prices greater than the sum of the price printed on the ticket, any lawful taxes collected, and any reasonable charge for services and specify that any violation shall be an unfair and deceptive practice;
- (2) Specify exceptions to the ticket sales requirements for primary ticket sellers, persons selling tickets for events outside the State, and tickets offered for sale through an internet website; and
- (3) Establish the use of software to circumvent online safeguards to purchase event tickets as an unfair and deceptive practice and impose an administrative fine.

Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs; Department of Enterprise Services, City and County of Honolulu; eBay, Inc.; and A Tom Moffat Production.

Your Committee finds that although various other states have laws on ticket scalping, Hawaii only prohibits ticket scalping at boxing and mixed martial arts events. There are no existing ticket sale regulations for other events, such as exhibitions, concerts, or other athletic competitions. Your Committee further finds that when these events sell out, a secondary market of profiteers, known as scalpers, begins to profit from the scarcity of tickets, which can frustrate potential buyers who were unable to acquire tickets through primary channels. The resale of tickets far in excess of the tickets' face value hurts all parties connected with a promotion except the scalper. Furthermore, the use of illicit computer software, known as bots, to electronically circumvent the ticket buying process also impedes the public's fair access to ticket sales.

Your Committee additionally finds that this measure attempts to address some of the concerns associated with ticket sales practices and ticket scalping by prohibiting the sale of tickets at prices greater than the sum of the price printed on the ticket, any lawful taxes collected, and any reasonable charge for services. However, your Committee also finds that Hawaii consumers are at a disadvantage for event ticket sales when these ticket sales begin in a much earlier time zone. To ensure that Hawaii residents have an equitable opportunity to purchase tickets for events in Hawaii, ticket sales for these events should commence no earlier than 8:00 a.m. Hawaii Standard Time.

Your Committee has heard the concerns that the language in this measure that prohibits the use of computer software to circumvent security measures or controls on a ticket seller's website may be difficult for the Office of Consumer Protection to enforce. Discovering the identity of persons utilizing bots to illegally acquire event tickets requires the use of investigatory techniques normally used in cybercrime investigations. Accordingly, it would be more appropriate to place this anti-bot language under the computer crime portion of the State's Penal Code.

Your Committee has amended this measure by:

- (1) Moving provisions that would have established new sections under chapter 481B, Hawaii Revised Statutes, into a new part in chapter 481B, Hawaii Revised Statutes, relating to event ticket sales practices and ticket scalping;
- (2) Specifying that no ticket sales for an event in Hawaii shall commence before 8:00 a.m. Hawaii Standard Time or before the primary ticket seller commences ticket sales;
- (3) Clarifying the requirements for internet website ticket sales;
- (4) Requiring a primary ticket seller to disclose all applicable taxes and fees that may be assessed on a ticket sale on the web page or physical display that lists the price of the ticket;
- (5) Requiring a primary ticket seller to disclose the number of tickets available in a ticket sale on a publicly available website or at the venue box office;
- (6) Specifying the remedies available to consumers under the new part in chapter 481B, Hawaii Revised Statutes;

- (7) For consistency, moving the language in section 481B-15, relating to ticket brokers, fees, and cancellations, into a new section under the new part in chapter 481B, Hawaii Revised Statutes, and repealing the existing section 481B-15;
- (8) Moving provisions that would have established a new section under chapter 481B, Hawaii Revised Statutes, relating to the circumvention of online ticket purchase processes, into a new section in part IX of chapter 708, Hawaii Revised Statutes, relating to computer crime, and making a violation of this section a misdemeanor rather than an administrative fine;
- (9) Amending the purpose section; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2012, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2012, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3020 Commerce and Consumer Protection on H.B. No. 2401**

The purpose and intent of this measure is to:

- (1) Clarify the Real Estate Commission's enforcement authority by authorizing the award of attorneys' fees and, in certain cases, authorizing the Commission the discretionary power to decline to bring enforcement actions; and
- (2) Remove a condominium board's ability to close meetings and deny participation to association members.

Your Committee received testimony in support of this measure from the Committee to Protect the Rights of Condominium Associations' Members and nineteen individuals. Your Committee received testimony in opposition to this measure from the Real Estate Commission; Community Associations Institute, Hawaii Chapter; Hawai'i State Association of Parliamentarians; Hawaii First, Inc.; Hawaiiana Management Company, Ltd.; and forty-six individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that this measure expands the Real Estate Commission's enforcement authority to include provisions of the condominium law relating to the management of condominiums. However, your Committee further finds that the State's condominiums work on a system of self-governance and including an additional enforcement mechanism for the Real Estate Commission may not be necessary.

Your Committee also finds that for condominiums to continue to function as self-governing entities, as the Legislature originally intended, there must be more transparency in the actions of condominium association boards. Condominium unit owners must also be able to stay informed by obtaining copies of important condominium documents, records, and information to which they are entitled. However, this measure, as written, may not be the best method to achieve these objectives.

Your Committee notes that in subsequent discussions with interested stakeholders on this measure, it became clear to your Committee that the requirements for certain documents, records, and information to be provided to condominium unit owners were in a variety of different sections under chapter 514B, Hawaii Revised Statutes. Your Committee therefore concludes that some of the concerns condominium unit owners have expressed, relating to timely access to appropriate condominium-related documents, would be alleviated if there was one section of the Hawaii Revised Statutes that condominium unit owners, associations, boards, and managing agents could consult for reference. Under existing law, unit owners are entitled to certain documents, records, and information. These owners should not have to go to court or mediation to exercise their rights to these documents, records, and information. One section in the Hawaii Revised Statutes that clearly explains the documents, records, and information that must be released to unit owners will enable unit owners to be better informed and will better support the basic tenet of self-governance under the State's condominium law.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have authorized the recovery of attorneys' fees by the Real Estate Commission and, in certain cases, authorized the Real Estate Commission the discretionary power to decline to bring enforcement actions;
- (2) Deleting language that would have removed a condominium board's ability to close meetings and deny participation to association members;
- (3) Inserting a new section in chapter 514B, Hawaii Revised Statutes, that:
  - (A) Clarifies the documents, records, and information that must be made available to any unit owner and the unit owner's authorized agents; and
  - (B) Specifies that all documents, records, and information shall be provided to the unit owner no later than thirty days after receipt of a unit owner's written request;
- (4) Making conforming amendments to include the new section in chapter 514B, Hawaii Revised Statutes, under the Real Estate Commission's enforcement power;
- (5) Amending the purpose section for clarity; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that this amended measure does not provide unit owners with any new rights. Rather, this amended measure merely consolidates into one section the existing requirements for documents, records, and information that already must be released or provided to unit owners within thirty days.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2401, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2401, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3021 (Joint) Commerce and Consumer Protection and Health on H.B. No. 2529**

The purpose and intent of this measure is to:

- (1) Create the consumer, patient, business, and health care advisory group; health insurers advisory group; and the insurance producers advisory group to advise the Hawaii Health Connector Board of Directors;
- (2) Create the Connector legislative oversight committee to review the financial and operational plans of the Hawaii Health Connector;
- (3) Permit certified insurance agents and brokers to be compensated for enrolling individuals and employers in qualified plans through the Hawaii Health Connector;
- (4) Establish the Hawaii Health Connector federally mandated sustainability fee to support operations of the Connector and to be collected through June 30, 2018;
- (5) Require the Hawaii Health Connector Board of Directors to submit a sustainability plan to the Connector legislative oversight committee and the Insurance Commissioner;
- (6) Establish the Hawaii Health Connector sustainability special fund; and
- (7) Amend the membership of the Hawaii Health Connector Board of Directors from fifteen to ten members and change the composition of the Board.

Your Committees received testimony in support of this measure from Community Alliance for Mental Health, Hawaii Independent Insurance Agents Association, and one individual. Your Committees received testimony in opposition to this measure from the American Council of Life Insurers; MetLife, Inc.; Ironworkers Stabilization Fund; Hawaii Business League; Hawaii Medical Assurance Association; UHA Health Insurance; and one individual. Your Committees received comments on this measure from the Office of the Governor; Department of the Attorney General; Department of Commerce and Consumer Affairs; Hawai'i Health Connector; Tax Foundation of Hawaii; Hawai'i Primary Care Association; Hawaii Medical Service Association; America's Health Insurance Plans; National Association of Insurance and Financial Advisors; American Family Life Assurance Company of Columbus; Advantage Insurance Services, Inc.; AARP Hawaii; Chamber of Commerce Hawaii; and League of Women Voters of Hawaii.

Your Committees find that the federal Patient Protection and Affordable Care Act of 2010 (Affordable Care Act) mandates state health insurance exchanges to be self-sustaining beginning in January 2015. The Hawaii Health Connector's (Connector) Board of Directors (Board) is currently engaged in a sustainability planning process to reduce the annual operating expenses of the Connector and must consider numerous complex issues. The Board's goal is to find the right balance between cost cutting, complying with federal and state law, and protecting the most important services and benefits for Hawaii residents, especially with regard to the Prepaid Health Care Act. Your Committees note that the Connector is expected to provide the Legislature with an outline of a cost reduction plan within the next two to three weeks.

Your Committees additionally note the long-term value of the Connector and its goal to provide opportunities for Hawaii residents to acquire health insurance with better benefits. The Connector also has the ability to save individuals and small businesses money through the use of tax credits and subsidies. Therefore, while the Connector works toward a cost reduction strategy, your Committees find that additional steps must be taken to create a sustainable funding method for the Connector. Although this measure attempts to create a sustainable funding method by imposing an assessment based on the number of individuals covered by each insurer, your Committees find that a fee based on premiums would better accommodate cost inflation over time, rather than a fee based on covered lives.

Your Committees additionally find that this measure establishes three separate advisory groups to provide input and recommendations to the Board. However, the Board already has several mechanisms available for stakeholder engagement and public input, including a standing Consumer Advisory Committee consisting of participants from the community. As the Board already has the authority to create advisory committees, the advisory groups proposed by this measure are not necessary.

Your Committees also find that this measure permits certified insurance agents and brokers to be compensated for enrollments through the Connector. Requiring the Connector to pay for the services of agents and brokers will require this compensation to be built into the Connector's operating budget and sustainability plan. For the Connector to be sustainable, its organization and operations must be downsized, and not expanded.

Finally, your Committees note that this year will be a particularly important time for the Connector as the Connector continues to improve operations, seeks stability, contemplates options for sustainability, and adapts to evolving requirements under the Affordable Care Act. To best accomplish these objectives, the Board must be as efficient as possible. Amendments are therefore necessary to further streamline the Board.

Your Committees have amended this measure by:

- (1) Deleting language that would have established a consumer, patient business, and health care advisory group, a health care advisory group, and an insurance producers advisory group;
- (2) Amending the composition and the duties of the Connector legislative oversight committee;
- (3) Deleting language that would have permitted certified insurance agents and brokers to be compensated for enrollments through the Hawaii Health Connector;
- (4) Establishing the Hawaii health insurance exchange special fund, administered by the Department of Commerce and Consumer Affairs, to be used for the financial support of the Connector and to ensure the sustainability of the Connector;
- (5) Beginning January 1, 2015, assessing a Hawaii health insurance exchange sustainability fee of no more than .345 percent of the premiums derived from the sale of comprehensive medical insurance plans, including dental plans, in the State, to be deposited into the Hawaii health insurance exchange special fund; provided that the final amount of the sustainability fee is to be based on the sustainability plan budget request submitted to the Connector legislative oversight committee;
- (6) Specifying that funding for the Hawaii Health Connector may include appropriations from the Legislature via the Hawaii health insurance exchange sustainability fee but noting that the current two percent surcharge authorized by the Connector on plans sold through the Connector shall cease to be collected once the sustainability fee is instituted;
- (7) Requiring the Hawaii Health Connector Board of Directors to prepare and annually submit a fully documented biennial sustainability plan budget request for the Connector to the Connector legislative oversight committee;
- (8) Requiring the Legislature to annually appropriate the funds collected from the Hawaii health insurance exchange sustainability fee to the Hawaii health insurance exchange, pursuant to information received and recommendations made by the Connector legislative oversight committee;
- (9) Specifying that no more than \$15,000,000 shall be allocated to the Hawaii health insurance exchange in any calendar year, but providing that the Legislature may increase this ceiling through adoption of a subsequent budget request from the Hawaii Health connector;
- (10) Deleting language that would have established the Hawaii health connector federally mandated sustainability fee and would have authorized the Insurance Commissioner to take into account the recommendation of the Connector legislative oversight committee and assess and collect the Hawaii health connector sustainability fee based upon the number of individuals covered by each insurer or dental insurer;
- (11) Inserting language to exclude from the definition of “insurer” under chapter 435H, Hawaii Revised Statutes, limited benefit health insurance policies;
- (12) Clarifying the status of the Hawaii Health Connector as the designated health insurance exchange for the State;
- (13) Requiring the Hawaii Health Connector to submit the results of the Connector’s annual audit to the Legislature, in addition to the Insurance Commissioner;
- (14) Clarifying that all plans to generate revenue for the Hawaii Health Connector must be in compliance with federal law;
- (15) Amending the composition of the Hawaii Health Connector Board of Directors, including:
  - (A) Lowering the number of members on the Board to twelve, with a maximum of nine total voting members;
  - (B) Removing members representing insurers and dental benefit providers from the Board but permitting the Board to establish a subcommittee of representatives from all providers of health care insurance and dental benefits;
  - (C) Requiring all but one of the state agency representatives on the Board to be ex officio nonvoting members and specifying the list of state representatives from which the Governor may designate an official state representative to serve as an ex officio voting member of the Board; and
  - (D) Clarifying procedures for making appointments and filling vacancies on the Board; and
- (16) Inserting language to appropriate general revenues to the Hawaii health insurance exchange special fund;
- (17) Appropriating funds out of the Hawaii health insurance exchange special fund for the Hawaii Health Connector but requiring the general fund to be reimbursed over a five-year period for the original appropriation amount once the Hawaii health insurance exchange sustainability fee is authorized and collected and the sustainability plan is adopted;
- (18) Amending the purpose section for clarity; and
- (19) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that because this measure assesses a sustainability fee on all comprehensive medical plans in the State, more plans and individuals will be covered under the sustainability fee than under the two-percent surcharge currently levied by the Connector. The result is a much lower fee than the surcharge and a more level playing field that promotes competition, ensures equity amongst health insurance issuers, and may potentially encourage more insurers to participate in the Connector.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2529, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2529, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3022 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on H.B. No. 849**

The purpose and intent of this measure is to recodify the State's emergency management laws to conform to nationwide emergency management practices by instituting several updates, including:

- (1) Establishing the Hawaii Emergency Management Agency in the State Department of Defense with the functions and authority currently held by the State Civil Defense Agency;
- (2) Establishing the power and authority of the Director of the Hawaii Emergency Management Agency, who will be the Adjutant General, with the functions and authority currently held by the Director of Civil Defense;
- (3) Establishing the Hawaii Advisory Council on Emergency Management to confer with and advise the Governor in emergency management matters, with responsibilities currently held by the Civil Defense Advisory Council;
- (4) Establishing county emergency management agencies under each county's respective mayor's direction, with the function and authority currently held by the local organizations for civil defense;
- (5) Codifying and clarifying the mayors' authority for emergency management in their respective counties;
- (6) Establishing an Emergency Reserve Corps that shall be composed of trained specialists to support state and county emergency requirements;
- (7) Codifying the existing State Warning Point;
- (8) Codifying the existing practice that all state and county officials, officers, and employees are considered emergency workers subject to the direction of their respective state or county department director during emergencies or disasters;
- (9) Clarifying the Governor's authority for emergency management and authorizing the Governor to assume direct operational control over local emergency management functions when a state of emergency has been declared by the Governor;
- (10) Authorizing the Governor and mayors to delegate their emergency management powers consistent with current civil defense authority and practice;
- (11) Establishing how proclamations are promulgated and terminated;
- (12) Defining key emergency management terms, including "critical infrastructure", "emergency", "emergency management", "emergency management functions", and "emergency period"; and
- (13) Repealing chapters 127 and 128, Hawaii Revised Statutes, which will be obsolete with the creation of the Hawaii Emergency Management Agency.

Your Committees received testimony in support of this measure from the State Department of Defense Civil Defense Division; Department of Public Safety; Judiciary, State of Hawaii; Department of Education; Department of Business, Economic Development and Tourism; Department of Labor and Industrial Relations; Department of Transportation; Honolulu Police Department; Civil Air Patrol; American Red Cross, Hawaii State Chapter; Healthcare Association of Hawaii; and six individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committees find that the State's existing civil defense and emergency management laws were written in the 1940s and few updates have been made since then, despite the fact that conditions in Hawaii have changed dramatically and the field of emergency management has changed significantly. The State's civil defense and emergency management laws need to be updated to establish a framework for the State's emergency management partners to work together as a unified emergency management unit for emergencies and disasters. The new emergency management chapter proposed by this measure clarifies the relationship between the State and the county emergency management agencies and delineates the emergency management functions and power of the Governor and the mayors, allowing the State and counties to better prepare for and respond to emergencies and disasters.

Your Committees note the importance of the tourism industry and businesses working in collaboration with the State and counties in order to effectively prepare for, protect against, respond to, recover from, and mitigate hazards and threats posed by emergencies or disasters.

Your Committees have amended this measure by:

- (1) Adding language to clarify that an emergency reserve corps employee hired for staffing during an emergency period may receive civil service, public service, and pension and retirement compensation and benefits if statutory requirements are satisfied; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 849, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 849, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

Judiciary and Labor  
Ayes, 5. Noes, none. Excused, 2 (Hee, Ihara).

**SCRep. 3023 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on H.B. No. 2654**

The purpose and intent of this measure is ensure that victim restitution payments are uniformly collected from inmates at the rate of twenty-five percent of the total of all monies earned, new deposits, and credits to an inmate's individual account, notwithstanding any other law or court order to the contrary and applicable to victim restitution orders issued after the effective date of this measure.

Your Committees received testimony in support of this measure from the Department of Public Safety, Department of the Attorney General, Crime Victim Compensation Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawaii, Office of the Prosecuting Attorney of the County of Kauai, The Sex Abuse Treatment Center, and two individuals.

Your Committees find that when an offender is held fully accountable to their crime victims, the recidivism rate is lower than that of offenders who are not held responsible. Under existing law, victim restitution payments collected from inmates is twenty-five percent of all earnings, deposits, and credits in an inmate's individual account. However, this collection has not been uniformly applied to all inmates due to conflicting court orders and lack of enforcement. This measure will ensure that victim restitution payments are uniformly collected from inmates at the rate of twenty-five percent, regardless of the sentencing date, and the amount may not be lowered by any other existing law or court order.

Your Committees note that this measure, as originally introduced during the Regular Session of 2014, provides that a twenty-five percent deduction of an inmate's individual account applies to all inmates regardless of the date that the sentence was imposed. The language in H.B. No. 2654 is preferable because it ensures offender accountability and provides financial justice to victims by restoring the retroactive application of the amendment.

Accordingly, your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 2654, which requires victim restitution payments to be uniformly collected from inmates at the rate of twenty-five percent of the total of all monies in an inmate's individual account, notwithstanding the sentencing date and any other law or court order to the contrary; and
- (2) Inserting an effective date of July 1, 2030, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2654, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2654, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 5. Noes, none. Excused, 2 (Hee, Ihara).

**SCRep. 3024 (Joint) Public Safety, Intergovernmental and Military Affairs and Health and Human Services on H.B. No. 2074**

The purpose and intent of this measure is to address the shortage of long-term care beds and services available to qualified veterans by authorizing the issuance of general obligation bonds and appropriating funds, contingent upon the receipt of federal funds, for the construction of a 173-bed long-term care facility for veterans.

Your Committees received testimony in support of this measure from the Department of Defense State Civil Defense Division; State Office of Veterans Services; Advisory Board of the Office of Veterans' Services; The Chamber of Commerce of Hawaii; Military Officers Association of America, Hawaii Chapter; Hawaii Health Systems Corporation; Healthcare Association of Hawaii; Veterans of Foreign Wars of the United States; National Association for Uniformed Services, Hawaii Chapter; The Chamber of Commerce for Persons with Disabilities; and five individuals.

Your Committees finds that there is an increasing need for long-term care resources and services for our veterans. The State's veteran population is expected to continue to grow with the drawdown of troops in Iraq, the forthcoming pullout from Afghanistan, and more military members attaining veteran status. Even with the success of the Yukio Okutsu State Veterans Home in Hilo, a second facility is needed to address the serious shortfall of long-term care beds for veterans. This measure authorizes the issuance of general obligation bonds and appropriates funds for the construction of a second long-term care facility that will greatly expand access to quality long-term care for Hawaii's veterans.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs, Health, and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2074 and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3025 (Joint) Public Safety, Intergovernmental and Military Affairs and Commerce and Consumer Protection on H.B. No. 2365**

The purpose and intent of this measure is to authorize:

- (1) The State Fire Council to establish statewide qualifications and procedures for testing, certifying, and credentialing that conform with the adopted State Fire Code and nationally recognized standards, for individuals conducting maintenance testing of fire extinguishers, fire protection systems, and fire alarm systems;
- (2) The State Fire Council to develop, implement, and coordinate a statewide system to promote the effective use of fire and life safety resources;
- (3) County fire departments to administer the testing, certifying, and credentialing process that is established by the State Fire Council and to determine and charge reasonable certification fees; and
- (4) The State Fire Council to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, for the purposes of section 132-16, Hawaii Revised Statutes.

Your Committees received testimony in support of this measure from the State Fire Council, Honolulu Fire Department, Maui Fire Department, and one individual.

Your Committees find that fire extinguishers and fire protection and fire alarm systems require routine maintenance to ensure reliable operability when used by fire department personnel and to protect building occupants during emergency situations. Individuals that conduct maintenance testing must be licensed; however, the current exam has not been revised for several years. This measure will allow the State Fire Council to implement a statewide system, to be administered by the county fire departments who may establish and collect certification fees, to promote the effective use of fire and life safety resources and to establish statewide qualifications and standards for testing and credentialing that conform to the adopted State Fire Code and nationally recognized standards for maintenance testing of fire safety systems.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2365, H.D. 1 and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

**SCRep. 3026 (Joint) Public Safety, Intergovernmental and Military Affairs and Health on H.B. No. 1772**

The purpose and intent of this measure is to increase United States Armed Services veterans' access to quality health care by establishing a general excise tax exemption for any amounts received by a contractor of the Patient-Centered Community Care program for the actual costs or advancement to third party health care providers pursuant to a contract with the United States.

Your Committees received testimony in support of this measure from the Department of Taxation; Military Officers Association of America, Hawaii Chapter; and TriWest Healthcare Alliance Inc. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees find that the Patient-Centered Community Care program is an innovative solution to help the United States Department of Veterans Affairs' medical centers provide quality and efficient health care to veterans. This program enables the United States Department of Veterans Affairs to work with local community health care providers to give veterans access to high-quality care closer to home.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1772, H.D. 1 and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

**SCRep. 3027 Water and Land on H.B. No. 1916**

The purpose and intent of this measure is to appropriate funds to the Hawaii Association of Conservation Districts for staffing and operating costs while the districts develop sustainable funding mechanisms.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Agriculture, Department of Health, Hawaii Cattlemen's Council, Hawaii Association of Conservation Districts, Hawai'i Farm Bureau, Edmund C. Olson Trust, Sugarland Growers, Inc., Maui County Farm Bureau, South Oahu Soil & Water Conservation District, and seven individuals.

Your Committee finds that the Hawaii Association of Conservation Districts, through coordination, facilitation, and partnerships, assists government agencies in identifying and implementing culturally sensitive projects and practices to ensure the protection of Hawaii's environment. The Hawaii Association of Conservation Districts is composed of sixteen districts representing every community on all major islands of Hawaii. Each of the sixteen districts is governed by five volunteer directors and is supported by staff. The Department of Land and Natural Resources provides administration and maintains oversight authority of the soil and water conservation districts.

Your Committee further finds that agriculture in Hawaii is rapidly evolving. Many new farmers are immigrants who commonly are unfamiliar with United States laws. Educational assistance, including education about conservation measures, will be important to ensure that these new farmers and ranchers adopt good environmental stewardship as a core value while seeking economic viability.

Your Committee has amended this measure by:

- (1) On the recommendation of the Department of Land and Natural Resources, inserting an appropriation amount of \$220,000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1916, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1916, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3028 Water and Land on H.B. No. 1911**

The purpose and intent of this measure is to:

- (1) Require the Department of Land and Natural Resources to conduct a study examining the feasibility of establishing a noncommercial fishing license program; and
- (2) Appropriate funds for the Department of Land and Natural Resources to conduct the study.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the protection of aquatic resources is important for cultural, economic, and environmental reasons. Wise management of aquatic resources is necessary to ensure that these resources are available for future generations. Your Committee further finds that fishing licensing programs are an effective way to protect and conserve aquatic resources; however, the State currently requires licenses and reporting for commercial, but not noncommercial, taking of aquatic life. The implementation of a noncommercial fishing license program and the gathering of more accurate data, such as species of fish that are taken noncommercially, the amounts that are taken, and the areas of the State from which fish are taken, would allow the Department of Land and Natural Resources to more effectively manage the State's aquatic resources.

Your Committee has amended this measure, on the recommendation of the Department of Land and Natural Resources, by inserting an appropriation amount of \$25,000.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1911, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1911, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3029 Water and Land on H.B. No. 1885**

The purpose and intent of this measure is to make an appropriation to the Department of Land and Natural Resources for planning for infrastructure for the passive recreation area of Sand Island State Recreation Area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that it is imperative to not only preserve rare pockets of urban recreational spaces that serve Oahu's growing population, including Sand Island State Recreation Area, but to also enhance those areas with fundamentally safe and managed access and infrastructure. Your Committee further finds that an investment is warranted in sustainable and fundamental infrastructure such as roadway access, parking facilities, utilities, showers, and comfort stations to ensure that passive ocean recreation in the remaining undeveloped portion of Sand Island State Recreation Area remains available to the public.

Your Committee has amended this measure by:

- (1) On the recommendation of the Department of Land and Natural Resources, inserting an appropriation amount of \$1,200,000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1885, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1885, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3030 Water and Land on H.B. No. 1553**

The purpose and intent of this measure is to make appropriations for the Aha Moku Advisory Committee for:

- (1) Administrative and operational expenses; and
- (2) Community education on the administrative structure regarding the aha moku system and on natural and cultural resource management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Aha Moku Advisory Committee, and Association of Hawaiian Civic Clubs.

Your Committee finds that the funds appropriated in this measure will be truly helpful to the aha moku system. The Department of Land and Natural Resources has appropriated as part of the Administration's package the sum of \$110,000 for the operational expenses for fiscal year 2014-2015. However, that amount is for the salary of one position and some travel for the Aha Moku Advisory Committee to meet. Community outreach is critical and entails public community meetings, moku meetings, and the expenses incurred in these operations.

Your Committee has amended this measure, on the recommendation of the Department of Land and Natural Resources, by inserting appropriation amounts of:

- (1) \$75,000 for administration and operational expenses; and
- (2) \$35,000 for community education.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1553, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1553, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3031 (Majority) Water and Land on H.B. No. 1902**

The purpose and intent of this measure is to enhance and maintain public hunting opportunities by:

- (1) Requiring the Department of Land and Natural Resources to make reasonable efforts to prevent and mitigate the loss, destruction, or degradation of public hunting areas;
- (2) Requiring the Department of Land and Natural Resources to make reasonable efforts to acquire, restore, enhance, and manage public lands to replace land unavailable for hunting with land that meets specified criteria;
- (3) Requiring the Department of Land and Natural Resources to report annually to the Legislature regarding certain information about public hunting lands;
- (4) Establishing the Hunting Advisory Commission to serve in an advisory capacity to the Board of Land and Natural Resources; and
- (5) Making an appropriation to the Department of Land and Natural Resources for the administrative expenses of the Hunting Advisory Commission.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i, Hawaii Rifle Association, Kaua'i Watershed Alliance, Game Management Advisory Commission, Hawaii Sportsmen Alliance, Hui Kuahiwi, National Wild Turkey Federation, National Rifle Association, Mauna Kea Recreational Users Group, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, The Nature Conservancy, Hawaii Conservation Foundation, O'ahu Invasive Species Committee, Hawaii Audubon Society, Friends of Hakalau Forest National Wildlife Refuge, Big Island Invasive Species Committee, and ten individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the enhancement and maintenance of public hunting opportunities are of critical importance to the State. A coordinated effort involving stakeholders is needed to prevent and offset the loss, destruction, or degradation of public hunting areas on any island of the State and expeditiously find replacement land for hunting.

Section 183D-2(12), Hawaii Revised Statutes, relating to powers and duties of the Department of Land and Natural Resources in wildlife management, mandates the Department of Land and Natural Resources to preserve, protect, and promote public hunting. This measure is consistent with that statutory obligation.

Your Committee further finds that a Hawaii County referendum ballot item, relating to establishing a Game Management Advisory Commission, was adopted in the 2012 General Election. The referendum established the Game Management Advisory Commission to accomplish the following:

“advise County, State and Federal agencies on matters related to the preservation of subsistence hunting and fishing, as well as protecting traditional and cultural gathering rights. The commission may also advise County, State, and Federal

agencies on any matter affecting the taking and conservation of aquatic life and wildlife, including proposed rules, and shall communicate its findings and recommendations to these agencies. The commission shall promulgate recommendations that conserve and protect the natural and cultural resources of Hawai'i in furtherance of the self sufficiency and long-term subsistence sustainability of aquatic life and wildlife in the County.”

Also, according to a *West Hawaii Today* article of July 14, 2013, a draft game management plan was prepared for the County of Hawaii to be Hawaii's first comprehensive approach to the management of its hunting resources, which could later be applied to other counties in the State. Your Committee commends the initiative of the Mayor and County Council of Hawaii for taking such bold steps and being forward-looking, ahead of the State and the other counties.

Your Committee has amended this measure by:

- (1) Clarifying the purpose section;
- (2) Deleting language that related to net loss of public hunting areas;
- (3) Increasing the number of members of the Hunting Advisory Commission from eleven to twelve members;
- (4) Requiring the Commission to meet not less than quarterly;
- (5) Clarifying that the two members of the Department of Land and Natural Resources to be designated by the Chairperson of the Board of Land and Natural Resources shall have experience in sustainable game management principles and practices;
- (6) Adding the Executive Director of the Aha Moku Advisory Council in place of a member possessing a background in native Hawaiian traditional and customary practices;
- (7) Establishing a hunting pilot program as an undertaking of the Hunting Advisory Commission, to sunset on June 30, 2020, on the island of Hawaii to:
  - (A) Recommend public lands to be designated as public hunting areas while preserving designated watershed areas that are protected in accordance with law;
  - (B) Implement a game management plan or hunting plan after consultation with the hunting community and the appropriate county agency having jurisdiction over hunting and natural resource preservation; and
  - (C) Report to the Legislature efforts to implement the pilot program and results of the pilot program; and
- (8) Inserting an appropriation amount of \$110,000 for administrative expenses of the hunting advisory commission, to be matched by the County of Hawaii.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1902, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1902, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Ruderman). Excused, 1 (Taniguchi).

### **SCRep. 3032 (Joint) Water and Land and Hawaiian Affairs on H.B. No. 2101**

The purpose and intent of this measure is to utilize a portion of state conveyance tax revenue up to a maximum dollar amount to replenish the Kaho'olawe rehabilitation trust fund to be used for the long-term rehabilitation and maintenance of the island reserve.

Your Committees received testimony in support of this measure from the County of Maui Department of Planning, Kaho'olawe Island Reserve Commission, Office of Hawaiian Affairs, and one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, Land Use Research Foundation of Hawaii, and Tax Foundation of Hawaii.

Your Committees find that when the State accepted the return of Kaho'olawe from the United States in 1994, it clearly accepted the responsibility to preserve and manage the island reserve. The terms of this acceptance were also stated in the federally mandated Kaho'olawe Island Conveyance Commission final report to Congress in 1993: “[I]n the short term, federal funds will provide the bulk of the program support for specific soil conservation projects and related activities. In the longer term, however, state revenues will be needed to continue and enhance those activities initiated with federal funds.” This funding responsibility, therefore, belongs to the State.

Your Committees believe that as the State's population increases, it becomes even more important to protect natural, cultural, and marine resources for the benefit of all of Hawaii's people. Conveyance tax revenue is, therefore, a logical method to fund resources protection.

Your Committees have amended this measure by:

- (1) Requiring the Executive Director of the Kaho'olawe Island Reserve Commission to be hired by and serve at the pleasure of the Chairperson of the Board of Land and Natural Resources after the Department of Land and Natural Resources holds a public hearing, conducted pursuant to Department rules, on the proposed hiring;
- (2) Clarifying that the monies transferred into the Kaho'olawe rehabilitation trust fund pursuant to this measure shall be used for the long-term rehabilitation and maintenance of the island reserve;
- (3) Specifying that ten percent of the conveyance tax revenues collected in each fiscal year shall be deposited into the Kaho'olawe rehabilitation trust fund, up to a maximum amount of \$3,500,000 per fiscal year;

- (4) Requiring the Kaho'olawe Island Reserve Commission to report annually to the Legislature on the amount of deposits made into and amount and details of expenditures made from the Kaho'olawe rehabilitation trust fund;
- (5) Changing the effective date to July 1, 2014, and inserting a sunset date of June 30, 2020, or recognition of the sovereign native Hawaiian entity, whichever is sooner; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2101, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2101, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3033 (Joint) Energy and Environment and Water and Land on H.B. No. 1716**

The purpose and intent of this measure is to appropriate funds for projects undertaken in accordance with the Hawaii Invasive Species Council, including projects for invasive species prevention, control, outreach, research, and planning.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Agriculture, Office of Planning, Hawaii Invasive Species Council, Office of the Mayor of Maui County, Oahu Invasive Species Committee, Big Island Invasive Species Committee, The Nature Conservancy of Hawaii, Hawaii Green Growth, and three individuals.

Your Committees find that the invasion of Hawaii by insects, disease-bearing organisms, snakes, weeds, and other pests is the single greatest threat to Hawaii's economy and natural environment and to the health and lifestyle of Hawaii's people. Immediate action is needed to mitigate the threats and impacts of invasive species.

Your Committees further find that pests already cause millions of dollars in crop losses, the extinction of native species, the destruction of native forests, and the spread of disease, but many more harmful pests now threaten to invade Hawaii and wreak further damage. For example, a 2010 study by Shwiff, et al., found that if brown tree snakes were introduced to Hawaii, the cost to the State in lost tourism, health costs, and damage to power infrastructure could total \$2,140,000,000 per year. Stopping the influx of new pests and containing their spread are essential to Hawaii's current and future well-being.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1716, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3034 (Joint) Energy and Environment and Water and Land on H.B. No. 1714**

The purpose and intent of this measure is to:

- (1) Address climate change adaptation by tasking the Interagency Climate Adaptation Committee under the Department of Land and Natural Resources with creating sea level rise vulnerability and adaptation reports;
- (2) Task the Office of Planning with establishing and implementing strategic climate adaptation plans and a framework for addressing other climate threats and adaptation priorities based on sea level rise vulnerability and adaptation reports; and
- (3) Appropriate funds for staffing and resources related to addressing climate change adaptation.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, University of Hawaii, State Sustainability Coordinator, Hawaii Green Growth, Democratic Party of Hawaii, Surfrider Foundation, and six individuals. Your Committees received comments on this measure from the Office of Planning, Chamber of Commerce Hawaii, Land Use Research Foundation of Hawaii, and Windward Ahupua'a Alliance.

Your Committees find that climate change is the paramount challenge of this century, posing an urgent and long-term threat to the State's economy, sustainability, security, and way of life. Rising sea levels will increase coastal flooding and erosion, damaging coastal ecosystems and infrastructure and affecting agriculture, tourism, military bases, and other industries. Threats to the traditional lifestyles of indigenous communities may include destruction of coastal artifacts and structures and reduced availability of traditional food sources and subsistence fisheries, which will make it difficult for Pacific Island communities to sustain their connection with a defined place and their unique set of customs, beliefs, and languages.

Your Committees further find that beach erosion, drought, and rising temperatures are already having measurable impacts on Hawaii and are expected to accelerate in the years to come. With beaches continuing to erode, rain continuing to diminish, and sea levels projected to rise one foot by 2050 and three feet by 2100, Hawaii is highly vulnerable. The State needs to adapt to the effects of

climate change, particularly sea level rise, before these impacts grow beyond our ability to prevent the worst impacts on our economy, environment, and way of life.

Your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 2344, S.D. 1 (Regular Session of Hawaii 2014), which:
  - (A) Establishes an Interagency Sea Level Rise Vulnerability and Adaptation Committee within the Department of Land and Natural Resources;
  - (B) Requires the Interagency Sea Level Rise Vulnerability and Adaptation Committee to submit a sea level rise vulnerability and adaptation report for Hawaii through the year 2050 by December 31, 2017;
  - (C) Specifies members of the Interagency Sea Level Rise Vulnerability and Adaptation Committee;
  - (D) Specifies the formulation of the sea level rise vulnerability and adaptation report;
  - (E) Requires the Interagency Sea Level Rise and Vulnerability and Adaptation Committee to reevaluate the sea level rise vulnerability and adaptation report every five years;
  - (F) Requires the Office of Planning to conduct plans and studies and prepare reports to:
    - (i) Develop, monitor, and evaluate strategic climate adaptation plans and actionable policy recommendations addressing expected statewide climate change impacts;
    - (ii) Provide planning and policy guidance and assistance to state and county agencies regarding climate change; and
    - (iii) Publish its findings, recommendations, and progress reports on actions taken no later than December 31, 2017, and its annual report to the Governor and Legislature;
  - (G) Appropriates \$58,874 to the Office of Planning for one full-time equivalent (FTE) position and resources to carry out the purposes of this measure;
  - (H) Appropriates \$58,874 to the Department of Land and Natural Resources for staffing, including one full-time equivalent (FTE) position, and resources to carry out the purposes of this measure;
  - (I) Appropriates \$400,000 to the Department of Land and Natural Resources to research and develop a coordinated, multidisciplinary sea level rise vulnerability and adaptation report; and
  - (J) Appropriates \$50,000 to the Office of Planning to carry out the purposes of this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1714, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1714, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

Water and Land

Ayes, 6. Noes, none. Excused, 3 (Dela Cruz, Taniguchi, Slom).

**SCRep. 3035 Technology and the Arts on H.B. No. 2080**

The purpose and intent of this measure is to establish theft of any computer that may be used to store or retrieve personal information as theft in the second degree.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and seven individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that thieves often target computers and other electronic devices to gain access to private and financial information that can cause great damage to an individual. This measure broadens the offense of theft in the second degree to include theft of any computer capable of storing or retrieving personal information.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2080, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 3036 Technology and the Arts on H.B. No. 1641**

The purpose and intent of this measure is to increase the privacy rights of individuals and simplify the standards by which law enforcement is able to access certain information by:

- (1) Requiring a search warrant in order to compel disclosure to a government entity of the contents of electronic communications, regardless of whether the communications were held in storage or not, how long the communications have existed, or if the communications are classified as retrieved or unretrieved; and
- (2) Requiring a court order in order to compel disclosure to a governmental entity of non real-time, or historical, transactional records and requiring the court order to issue only if the governmental entity demonstrates probable cause that the records sought constitute a crime or are relevant to a legitimate law enforcement inquiry.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and the Mestizo Association.

Your Committee finds that users of electronic communication services and remote storage providers have various privacy rights. Existing state law requires law enforcement to obtain a court order before having access to retrieved electronic mail and electronic mail that has been held in storage for more than one hundred eighty days. Furthermore, probable cause must be shown for the issuance of a court order to access transactional records. This measure provides even greater privacy protection for individuals by requiring a search warrant for disclosure of electronic communications and streamlines the criteria that law enforcement must satisfy to access certain information, without unduly interfering with law enforcement's need to investigate criminal activity.

Your Committee has amended this measure by inserting an effective date of July 1, 2020, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1641, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1641, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 3037 (Joint) Technology and the Arts and Commerce and Consumer Protection on H.B. No. 2242**

The purpose and intent of this measure is to address issues that have arisen due to the use of new technology by making the following criminal offenses applicable to electronic or digital statements, documents, or records:

- (1) Falsifying business records;
- (2) Obtaining a government-issued identification document under false pretenses in the first degree;
- (3) Obtaining a government-issued identification document under false pretenses in the second degree;
- (4) Tampering with a government record; and
- (5) Unsworn falsification to authorities.

Your Committees received testimony in support of this measure from the Department of the Attorney General.

Your Committees find that with current technology, many transactions are handled electronically and records are often kept in electronic or digital form. In 2000, Hawaii adopted the Uniform Electronic Transactions Act, chapter 489E, Hawaii Revised Statutes, to recognize the need to establish the legal validity of electronic records, signatures, and contracts. However, criminal offenses have not been updated to take into account the prevalent use of new technology and the consequent use of new technology to commit a variety of crimes. This measure protects consumers by making relevant criminal offenses also applicable to electronic or digital statements, documents, or records.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2242, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

Commerce and Consumer Protection  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 3038 (Joint) Technology and the Arts and Commerce and Consumer Protection on H.B. No. 2666**

The purpose and intent of this measure is to extend the law allowing a business to scan an individual's driver's license or identification card to verify age when providing age-restricted goods.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Liquor Control of the County of Kauai, Department of Liquor Control of the County of Hawaii, Liquor Commission of the City and County of Honolulu, Hawaii Food Industry Association, and Seven-Eleven Hawaii, Inc. Your Committees received testimony in opposition to this measure from the Department of Customer Services of the City and County of Honolulu and American Civil Liberties Union of Hawaii.

Your Committees find that identity theft is a serious crime with lasting negative repercussions for individual victims. Information from a stolen state identification card or driver's license is a valuable source of information for identity thieves. Minimizing the exposure of an individual's protected information is critical, and imposing reasonable restrictions on the scanning of driver's licenses and state identification cards promotes the privacy interests of individuals and limits exposure of personal information. On the other

hand, businesses selling age-restricted products greatly benefit from the ability to scan the identifications of all customers for the purpose of verifying age. This measure balances the need to obtain personal information with the need to protect consumers.

Your Committees have amended this measure by:

- (1) Deleting the requirement that driver's licenses and identification cards allowed to be scanned be Hawaii licenses or identification cards, to broaden the protections provided by this measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2666, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2666, H.D. 1, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 3039 (Joint) Economic Development, Government Operations and Housing and Energy and Environment on H.B. No. 1950**

The purpose and intent of this measure is to allow the production of air conditioning from a seawater air conditioning cooling system within an area or district designated as an enterprise zone to benefit as an "eligible business activity" under the State's enterprise zones program.

Your Committees received testimony in support of this measure from the Chamber of Commerce Hawaii, Ulupono Initiative, and one individual. Your Committees received testimony in opposition to this measure from the Department of Business, Economic Development, and Tourism. Your Committees received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and one individual.

Your Committees find that seawater air conditioning district cooling systems help to reduce the State's dependence on fossil fuels and help its economy. A seawater air conditioning district cooling system can potentially reduce Hawaii's dependence on imported oil, while generating millions of dollars in construction project spending and creating a significant amount of long-term, gainful employment.

Your Committees have heard testimony expressing concerns about incorporating other clean energy technologies as eligible business activities under the State's enterprise zones program. Your Committees find that this issue raises concerns that merit further discussion and requests that your Committee on Ways and Means further examine those issues and concerns so that Hawaii can reach its energy sustainability goals by 2050.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Energy and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1950, H.D. 2, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 3040 (Joint) Economic Development, Government Operations and Housing and Judiciary and Labor on H.B. No. 2217**

The purpose and intent of this measure is to authorize and appropriate funds for the Department of Labor and Industrial Relations to establish working groups to identify high growth industries and workforce needs and to develop training programs.

Your Committees received testimony in support of this measure from the Hawaii Farm Bureau and Chamber of Commerce Hawaii. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Labor and Industrial Relations.

Your Committees find that Hawaii is the most geographically isolated archipelago in the world and has an economy that currently depends on very few and finite resources. With an economy heavily dependent on the military and tourism, developing dependable industries that will stabilize and grow the economy is vital for the State's continued development.

Your Committees further find that, to create conditions that would energize the development of new economic industries in Hawaii, a partnership consisting of educational and workforce and labor development sources would foster the private-sector confidence necessary for investors to consider developing new industries in Hawaii and ensure the hiring of residents who have been educated in these high-skill, high-wage industries. Models of coordinated, sustained, and collaborative partnerships directed toward workforce development and training rely on working groups consisting of representatives of specific targeted industries, education, and the workforce community to help identify emerging workforce trends, determine skills required, and develop education and training to produce qualified workers with the necessary skills. The relationships established through these working groups will be essential to leverage workforce development efforts within these partnerships.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2217, H.D. 2, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, none. Excused, 3 (Baker, English, Wakai).

Judiciary and Labor  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 3041 (Majority) Judiciary and Labor on H.B. No. 2413**

The purpose and intent of this measure is to include public-private partnerships under the prevailing wage law for public construction work by amending the definition of “governmental contracting agency”.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Operating Engineers Industry Stabilization Fund, Hawaii Laborers-Employers Cooperation and Education Trust, Hawaii Construction Alliance, Hawaii Regional Council of Carpenters, and The Pacific Resource Partnership.

Your Committee finds that the existing definition of “governmental contracting agency” under chapter 104, Hawaii Revised Statutes, does not specifically include public-private agreements. Public-private construction projects are public works projects that are funded and operated through a partnership of government and private-sector companies. This measure ensures that prevailing wages are paid to workers involved in public-private partnerships.

Your Committee has amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2413, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2413, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Slom). Excused, 1 (Ihara).

**SCRep. 3042 Judiciary and Labor on H.B. No. 2400**

The purpose and intent of this measure is to provide temporary disability benefits to employees who suffer disabilities caused by organ donation.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Department of Human Resources Development, The Queen’s Health Systems, and one individual.

Your Committee finds that the existing temporary disability benefits law does not cover an organ donor’s total inability to work due to an organ donation. Your Committee notes that the act of organ donation can be physically challenging and requires adequate time for recuperation. This measure will provide relief and support to recovering organ donors.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2400, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 3043 (Majority) Judiciary and Labor on H.B. No. 2038**

The purpose and intent of this measure is to establish the human trafficking victim services fund to be administered by the Department of Labor and Industrial Relations to provide support and services to human trafficking victims.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney, County of Kauai; Americans for Democratic Action/Hawaii; Hawaii Catholic Conference; The Pacific Alliance to Stop Slavery; Hawaii Family Forum; Hawaii Women’s Coalition; IMUAlliance; and twenty individuals. Your Committee received comments on this measure from the Office of Community Services of the Department of Labor and Industrial Relations and Department of Budget and Finance.

Your Committee finds that existing law does not provide a source of revenue to support and provide services to human trafficking victims. Human trafficking victims often face immediate need for access to basic and life-sustaining services, including toiletries and food. Some victims also require long-term access to stable and supportive environments, such as licensed residential treatment facilities. This measure assists in providing the necessary funding for support and services to human trafficking victims.

Your Committee has amended this measure by clarifying that the disbursement of money from the human trafficking victim services fund is required to be used for support and services to victims of trafficking crimes related to part I of chapter 712, Hawaii Revised Statutes, rather than victims of promoting prostitution in the first degree under section 712-1202, Hawaii Revised Statutes, or a severe form of trafficking as defined under title 22 United States Code section 7102; and making conforming amendments to reflect this amendment.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2038, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2038, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Slom). Excused, 1 (Ihara).

**SCRep. 3044 Judiciary and Labor on H.B. No. 1977**

The purpose and intent of this measure is to amend the collective bargaining laws to:

- (1) Require parties in arbitration to include in their final positions only those proposals that were previously submitted in writing before impasse and about which an impasse in collective bargaining has been reached; and
- (2) Authorize the arbitration panel to decide whether final positions comply with all requirements and which proposals may be considered for inclusion in the final agreement.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and University of Hawaii Professional Assembly. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance, Department of Education, Office of Collective Bargaining, and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that this measure clarifies the procedures for final positions in arbitration proceedings by requiring parties in arbitration to include in their final positions only those proposals that were previously submitted in writing before impasse and about which an impasse in collective bargaining has been reached. Furthermore, the Hawaii Government Employees Association testified that this measure creates a cost-effective dispute resolution mechanism to determine whether final positions can be included in the final agreement by authorizing the arbitration panel, rather than the Hawaii Labor Relations Board, to make such a determination.

Your Committee has amended this measure by adopting the language suggested by the Hawaii Government Employees Association to:

- (1) Delete language that requires parties in arbitration to include in their final positions only those proposals that were previously submitted in writing before impasse and about which an impasse in collective bargaining has been reached, and insert language that allows the inclusion of all further provisions in a final position if such further provisions are limited to those specific proposals that were submitted in writing to the other party and were the subject of collective bargaining between the parties up to the time of the impasse, including specific proposals that the parties have decided to include through a written mutual agreement;
- (2) Change the effective date from July 1, 2030, to July 1, 2014; and
- (3) Make technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1977, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Ihara).

**SCRep. 3045 Judiciary and Labor on H.B. No. 1974**

The purpose and intent of this measure is to implement the recommendations of Auditor's Report No. 13-10 by:

- (1) Requiring the Director of Labor and Industrial Relations to update the workers' compensation medical fee schedule annually;
- (2) Authorizing the Director of Labor and Industrial Relations to establish a maximum allowable fee ceiling that is higher than one hundred ten percent of fees prescribed in the Medicare Resource Based Relative Value Scale (Medicare fee schedule) applicable to Hawaii for Evaluation and Management (E/M) medical services;
- (3) Appropriating an unspecified amount for fiscal year 2014-2015 for the Department of Labor and Industrial Relations to contract for an analysis of the impact this measure will have on workers' compensation claimants' access to appropriate treatment;
- (4) Appropriating an unspecified amount for fiscal year 2014-2015 for two full-time equivalent positions for the Department of Labor and Industrial Relations; and
- (5) Establishing a sunset date of June 30, 2019.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Office of the Auditor; Hawaii Medical Association; International Longshore and Warehouse Union, Local 142; Work Injury Medical Association of Hawaii; Kaiser Permanente Hawaii; and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Insurers Council, Chamber of Commerce Hawaii, National Association of Mutual Insurance Companies, and Property Casualty Insurers Association of America. Your Committee received comments on this measure from the Department of Human Resources Development and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that the liability of an employer for medical care, services, and supplies is limited to charges up to one hundred ten percent of the federal Medicare fee schedule applicable to Hawaii. The Director of Labor and Industrial Relations uses the Medicare fee schedule to determine the charges for medical care and services in workers' compensation claims and is required to update the workers' compensation medical fee schedule and any additional fee schedules at least once every three years. The growing disparity between declining reimbursement rates, based on the fee schedules, and increasing health care costs for providers has resulted in fewer and fewer providers choosing to treat injured workers, especially on the neighbor islands.

Your Committee further finds that Act 97, Session Laws of Hawaii 2013, requested the Auditor to assist the Department of Labor and Industrial Relations to create a methodology to administratively adjust the State's workers' compensation medical fee schedule. The purpose of this methodology is to identify health care services for which fee adjustments are needed and provide injured employees with better access to treatment.

As a result, the Auditor made several recommendations under Auditor's Report No. 13-10 for the Department of Labor and Industrial Relations, including the adoption of a methodology that collects and analyzes transacted current procedural terminology code data and the establishment of a second maximum allowable fee ceiling that would only be applicable to E/M medical services that have been identified by stakeholders as applicable to workers' compensation cases. Furthermore, the Auditor proposed several actions for consideration by the Legislature, including empowering the Director of Labor and Industrial Relations to establish a maximum allowable fee ceiling for eligible E/M codes. This measure implements the recommendations made by the Auditor.

Your Committee notes the concerns raised in testimony regarding the link between workers' compensation medical fee schedules and automobile insurance claims established under section 431:10C-308.5, Hawaii Revised Statutes. Your Committee believes that this link merits further discussion by your Committee on Ways and Means.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 2, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Galuteria, Ihara, Shimabukuro).

**SCRep. 3046 (Majority Judiciary and Labor on H.B. No. 1973**

The purpose and intent of this measure is to provide an incentive for injured workers to return to part-time work by requiring employers to make timely payment of temporary partial disability benefits to their injured workers. Specifically, this measure:

- (1) Imposes a penalty on an employer or insurance carrier who does not pay an employee temporary partial disability benefits within fourteen calendar days after the end of the employee's customary workweek;
- (2) Requires that such penalty is due and payable to the employee without the necessity of an order or decision from the Director of Labor and Industrial Relations;
- (3) Clarifies that an employee's eligibility for temporary total or partial disability benefits shall be determined by certification from the employee's attending physician every thirty days or by an examination of the entirety of the employee's available medical records by another physician, if the employee's attending physician is not available;
- (4) Establishes that failure of the employee's attending physician to certify the dates of disability in an interim report does not automatically disqualify the employee from receiving temporary total or partial disability benefits;
- (5) Allows contemporaneous certification of disability to be waived and retroactive certification of disability to be allowed under certain conditions; and
- (6) Clarifies that the certification requirements only apply during the period that an employee's injuries have not reached medical stabilization or the employee is enrolled in the vocational rehabilitation process.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; International Longshore and Warehouse Union, Local 142; and five individuals. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development; Department of Accounting and General Services; Department of Human Resources, City and County of Honolulu; Hawaii Insurers Council; Building Industry Association of Hawaii; Chamber of Commerce Hawaii; Property Casualty Insurers Association of America; National Association of Mutual Insurance Companies; Hawaiian Electric Company, Inc.; John Mullen & Co., Inc.; and Kona-Kohala Chamber of Commerce.

Your Committee finds that existing law imposes a penalty on an employer or insurance carrier for nonpayment of temporary total disability benefits but does not impose penalties for nonpayment of temporary partial disability benefits. The Department of Labor and Industrial Relations testified that one of the underlying policies in workers' compensation is to encourage an injured employee to promptly return to work. However, existing law discourages an injured worker to return because it is uncertain whether temporary partial disability benefits will be paid in a timely manner. This measure provides an incentive for injured workers to return to part-time work by requiring employers to make timely payment of temporary partial disability benefits to their injured workers.

Your Committee has amended this measure by:

- (1) Adopting the language suggested by the Department of Labor and Industrial Relations to:
  - (A) Add to section 1 language that clarifies that although temporary total disability benefits and temporary partial disability benefits are treated differently under the law, both are deemed compensation under the workers' compensation law, and establishes that this measure attempts to provide more uniform application of workers' compensation case law and provide statutory entitlements that are due to disabled employees;
  - (B) Clarify that an employer or insurance carrier shall pay an employee temporary partial disability benefits within fourteen calendar days after the end of the employee's workweek as defined under administrative rule, rather than the customary workweek;
  - (C) Include any sanctions assessed pursuant to section 386-92(a), Hawaii Revised Statutes, to the penalty imposed on an employer or insurance carrier who fails to pay an employee temporary partial disability benefits within the required time period;

- (D) Add that a nonpayment of disability benefits is excused if the employer or insurance carrier was unable to make payment due to conditions over which the employer or insurance carrier had no control, including compliance with public employment pay periods;
  - (E) Replace "attending physician" with "primary care physician";
  - (F) Clarify that an employee's eligibility for disability benefits shall be determined by an examination of the employee's available medical records by another physician who has been involved in the employee's treatment and approved by the Director of Labor and Industrial Relations if the employee's primary care physician is not available;
  - (G) Clarify that the failure of the employee's primary care physician to certify the dates of disability in an interim report does not disqualify, rather than automatically disqualify, the employee from disability benefits;
  - (H) Clarify that contemporaneous certification of disability can be waived and retroactive certification of disability is allowed if another physician who has been involved in the employee's treatment and approved by the Director of Labor and Industrial Relations has an opportunity to examine the employee's previous medical records in the current pending claim in the case that the employee's primary care physician is not available; and
  - (I) Clarify that retroactive certification of disability may be requested only once for the entire claim and shall be made within twelve months of the date of the request; and
- (2) Changing the effective date from July 1, 2300, to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1973, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1973, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Slom). Excused, 1 (Ihara).

**SCRep. 3047 Judiciary and Labor on H.B. No. 1966**

The purpose and intent of this measure is to require the Auditor to review the current civil service exemption process and recommend procedures, guidelines, and criteria to ensure that the civil service exemption process is used appropriately and only in extraordinary circumstances. Specifically, this measure requires the Auditor to:

- (1) Work with state departments and agencies, including the Department of Human Resources Development and other interested parties, to:
  - (A) Determine the reasons state departments and agencies have circumvented the civil service exemption process; and
  - (B) Recommend modifications to streamline and update the process for modernizing and reconciling job position descriptions within state departments and agencies; and
- (2) Submit a report to the Legislature of its findings and recommendations, including proposed legislation, prior to the convening of the Regular Session of 2015.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Human Resources Development and Office of Community Services of the Department of Labor and Industrial Relations.

Your Committee finds that section 76-16(b), Hawaii Revised Statutes, allows certain exemptions from the civil service employment law. According to the *Report to the 2014 Legislature on Positions Exempted from the Civil Service as Required by Act 300, Session Laws of Hawaii 2006*, as of November 1, 2013, there were 2,894 civil service exempt employees within the State's Executive Branch. The Hawaii Government Employees Association estimated that approximately eight to nine percent of all state employees hold positions that are exempt from civil service. The Hawaii Government Employees Association testified that a two-tiered system exists within state employment that results in inequities between civil service exempt employees and civil service employees.

Your Committee further finds that the purpose of Act 253, Session Laws of Hawaii 2000, and Act 300, Session Laws of Hawaii 2006, was to reduce the number of civil service exempt employees in public service. However, since the enactment of these Acts, there have been few conversions of civil service exempt positions to civil service positions. This measure will facilitate a review, modernization, and improvement of the civil service exemption process to provide mechanisms and incentives for the retention of a high quality government workforce.

Your Committee has amended this measure by:

- (1) Adopting the suggestion made by the Department of Human Resources Development to:
  - (A) Delete language under the purpose section that relates to a correlation between civil service exemptions and lack of updated position descriptions; and
  - (B) Clarify that the Auditor shall determine the reason state departments and agencies have used, rather than circumvented, the civil service exemption process;
- (2) Deleting language that requires the Auditor to work with state departments and agencies, including the Department of Human Resources Development; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1966, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1966, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 3048 Judiciary and Labor on H.B. No. 1844**

The purpose and intent of this measure is to propose a constitutional amendment to increase the threshold value in controversy requirement for jury trials in civil cases from \$5,000 to \$10,000.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from State Farm Hawaii.

Your Committee finds that this measure reflects inflation and is intended to lessen the burden on Circuit Courts with matters not involving large sums of money. This measure is also intended to lessen the costs of a jury trial in Circuit Court, which can be much slower and more expensive than if a bench trial is held in District Court.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1844, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 3049 Judiciary and Labor on H.B. No. 1288**

The purpose and intent of this measure is to amend the order of succession to the Office of Lieutenant Governor. Specifically, this measure:

- (1) Requires that when the Office of Lieutenant Governor is vacant by reason of the Lieutenant Governor's becoming Governor, failure to qualify, removal from office, death, resignation, or otherwise, the successor, whether the President of the Senate, Speaker of the House of Representatives, or a person appointed by the Governor who is qualified to hold the Office of Lieutenant Governor, shall be of the same political party as the Governor; and
- (2) Repeals the authorization for the Attorney General, Director of Finance, Comptroller, Director of Taxation, and Director of Human Resources Development to succeed to the Office of Lieutenant Governor and instead authorizes these officers, in the order named, to temporarily exercise the powers and perform the duties of the Lieutenant Governor in the temporary absence or disablement of the Lieutenant Governor, including the powers and duties of the Office of Governor when that office is vacant or the Governor is absent or unable to exercise the powers and duties of the Office of Governor.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure clarifies the order and requirements of succession to the Office of Lieutenant Governor under certain circumstances.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1288, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 3050 Judiciary and Labor on H.B. No. 493**

The purpose and intent of this measure is to:

- (1) Establish a reporting requirement for any dog or cat captured or killed in any steel-jawed leg-hold trap, snare, conibear trap, or foot- or leg-hold trap;
- (2) Establish an animal cruelty offense for the use of snares, conibear traps, and foot- or leg-hold traps in residential areas and the use of steel-jawed leg-hold traps;
- (3) Provide an exemption for certain activities carried out by state and federal agencies; and
- (4) Establish the offense as a misdemeanor.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society and one individual.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which amends this language by deleting its contents and inserting language to establish a new chapter in the Hawaii Revised Statutes, to:

- (1) Include within the definition of "ivory products" ivory from elephants, hippopotamuses, walruses, whales, and narwhals;
- (2) Establish the offense of the unlawful sale or trade of ivory products for any person who imports, sells, offers to sell, or possesses with the intent to sell any ivory product;
- (3) Create exemptions for the sale or trade of ivory products, including antique ivory or ivory legally imported prior to 1975 if from an Asian elephant or prior to 1990 if from an African elephant; provided that the seller can demonstrate that the ivory

product meets the requirements per Director's Order No. 210 dated February 25, 2014, from the United States Fish and Wildlife Service, "Administrative Actions to Strengthen U.S. Trade Controls for Elephant Ivory, Rhinoceros Horn, and Parts and Products of Other Species Listed Under the Endangered Species Act (ESA)"; and

- (4) Allow the forfeiture of seized ivory products and provide remedies.

Your Committee received testimony in support of the proposed S.D. 1 from the Department of Land and Natural Resources, The Humane Society of the United States, Humane Society International, Natural Resource Defense Council, Oahu Society for the Prevention of Cruelty to Animals, and seventy-six individuals. Your Committee received testimony in opposition to the proposed S.D. 1 from one individual.

Your Committee finds that African elephants are nearing extinction due to the high price of ivory that is driven by an increase in consumer demand. Tusks are traded internationally and sold worldwide as carved trinkets. An investigation supported by The Humane Society of the United States and Humane Society International found that Hawaii is the third highest retailer of elephant ivory in the United States, behind California and New York.

Your Committee notes that the Legislature adopted S.C.R. No. 149, S.D. 1 (2013), which urged Hawaii residents and businesses to comply with the Convention on International Trade in Endangered Species of Wild Fauna and Flora and not buy or sell ivory of unknown origin. However, ivory of unknown origin and age continues to be sold in Hawaii. Your Committee further notes that the prohibition on the sale of ivory should not only apply to elephant ivory, but also to other animals that have ivory teeth or tusks to prevent an increase in poaching of these other species if the sale of ivory products from the African elephant is prohibited. Accordingly, the proposed S.D. 1 ensures the continued existence of African elephants and other animals that have ivory teeth or tusks by taking positive actions to enhance prospects for their survival.

The Humane Society of the United States testified that the proposed S.D. 1 is not intended to prohibit the following:

- (1) The personal or private possession of ivory products, only the sale of ivory products;
- (2) The passing down of Native Hawaiian or family heirlooms made of ivory;
- (3) Ivory products for display in museums for educational or research purposes;
- (4) Other ivory products that are permitted by the United States Fish and Wildlife Services; and
- (5) Appraisals of personally or privately possessed ivory products performed for insurance purposes.

Accordingly, your Committee has amended this measure by adopting the proposed S.D. 1 and amending it further by adopting the language suggested by The Humane Society of the United States to:

- (1) Clarify that the one of the purposes of the new chapter proposed to be added to the Hawaii Revised Statutes is to create an exemption for the sale or trade of ivory products, including antique ivory or ivory legally, rather than illegally, imported prior to a certain year depending on the species of elephant;
- (2) Clarify that the exemption to the offense of unlawful sale or trade of ivory products applies to a person selling, offering for sale, or possessing with intent to sell any ivory products or product containing ivory who possesses documentation, if the person provides such documentation to the person purchasing the ivory product, in addition to the Department of Land and Natural Resources, upon request;
- (3) Insert language to specify that the documentation regarding the ivory product being sold or traded must demonstrate that the specific ivory product was possessed or imported prior to 1972, when the Marine Mammal Protection Act was enacted, if the ivory product is walrus or whale species ivory;
- (4) Change the effective date from January 1, 2015, to July 1, 2015; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 493, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 493, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 3051 Judiciary and Labor on H.B. No. 238**

The purpose and intent of this measure is to:

- (1) Increase the per diem payments to out-of-state witnesses in criminal cases to support and encourage out-of-state witnesses to return to Hawaii to participate in the prosecution of those cases; and
- (2) Provide an additional per diem payment to witnesses who travel interisland to attend a state court and are required to stay overnight.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and the Office of the Prosecuting Attorney of the County of Kauai. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the last time the Legislature increased the per diem payment for out-of-state witnesses was in 1989. This amount is no longer sufficient for out-of-state witnesses to pay for their personal expenses, such as food and lodging, and discourages or prevents out-of-state witnesses from returning to the State to testify against offenders. Furthermore, the per diem amount for

witnesses who are required to travel to and stay overnight on another island to attend a state court proceeding is also insufficient. This measure will support and encourage out-of-state witnesses to testify and facilitate the prosecution of important criminal cases.

Your Committee has amended this measure by:

- (1) Inserting a per diem amount for out-of-state witnesses of \$204 per day; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 238, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 238, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 3052 (Joint) Technology and the Arts and Higher Education on H.B. No. 2481**

The purpose and intent of this measure is to improve the State's science and technology industries by establishing the Hawaii High Impact Center for Commercialization in the University of Hawaii's Office of the Vice President for Research and Innovation.

Your Committees received testimony in support of this measure from the University of Hawaii; Oceanit; Spectrum Photonics, Inc.; and one individual. Your Committees received comments on this measure from the Hawaii Strategic Development Corporation.

Your Committees find that to be successful in the twenty-first century global economy, the State must be a leader in science, technology development, technology transfer, and commercialization. In recent years, the State has made significant progress, but more growth is necessary to further the State's science and technology industries. This measure advances the State's successful science and technology industries through the establishment of the Hawaii High Impact Center for Commercialization in the High Technology Development Corporation.

Your Committees have amended this measure by:

- (1) Establishing the Hawaii High Impact Center for Commercialization under the High Technology Development Corporation rather than the University of Hawaii, and making conforming amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that the Hawaii Strategic Development Corporation shall provide the State with an equity share of the Hawaii High Impact Center for Commercialization's gross income, if incorporated as a nonprofit in the future.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Higher Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2481, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2481, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Higher Education

Ayes, 6. Noes, none. Excused, 1 (Ige).

**SCRep. 3053 Human Services on H.B. No. 2577**

The purpose and intent of this measure is to prohibit smoking anywhere in a public housing project, except in a designated smoking area not less than 25 feet from any building, by:

- (1) Requiring any lease, rental agreement, permit, or license to have a provision that prohibits smoking by tenants and guests anywhere in the public housing project, other than in a designated smoking area;
- (2) Making the violation of the smoking prohibition grounds for termination and eviction; and
- (3) Authorizing the Hawaii Public Housing Authority (Authority) to adopt rules for the administration of the prohibition on smoking.

Your Committee received testimony in support of this measure from the Department of Health, Coalition for a Tobacco-Free Hawaii, and two individuals. Your Committee received comments on this measure from the Hawaii Public Housing Authority and one individual.

Your Committee finds that there are many hazards caused by involuntary exposure to tobacco smoke. The United States Surgeon General has found that there is no safe level or amount of exposure to secondhand smoke. In 2006, Hawaii enacted a smoke-free workplace and public places law to protect the public from involuntary exposure to smoke in enclosed and partially-enclosed areas, but the law excludes private residences. Your Committee further finds that the United States Department of Housing and Urban Development actively supports and encourages the creation of smoke-free residential public housing properties.

Your Committee has amended this measure by:

- (1) Deleting the requirement that any lease, rental agreement, permit, or license have a provision that prohibits smoking in the public housing project and replacing it with a general smoking prohibition that forbids smoking in any public housing project, elder or elderly household, or state low-income housing project, within:
  - (A) Each individual housing unit;
  - (B) All common areas;
  - (C) Community facilities; and
  - (D) Twenty feet from each individual building of the public housing project or state low-income housing project, and from any entrance, exit, window, and ventilation intake that serves an enclosed or partially enclosed area;
- (2) Requiring that the designated smoking areas, if any, be located no less than twenty feet from any residential or other building, instead of not less than twenty-five feet from any building;
- (3) Requiring the Authority to place and maintain "No smoking" signage at all entrances and exits of the property and authorizing the Authority to display such signage at other locations;
- (4) Defining "common areas" to mean roofs, halls, sidewalks, corridors, lobbies, stairs, stairways, fire escapes, entrances and exits of the building or buildings, basements, yards, gardens, recreational facilities, parking areas, storage spaces, and other parts of the project or household normally in common use or other areas designated by the authority;
- (5) Defining "smoking" to mean inhaling, exhaling, burning, or carrying any lighted or heated tobacco product or plant product intended for inhalation in any manner or in any form;
- (6) Removing the requirement that the Authority notify the tenant in writing of noncompliance with the smoking prohibition;
- (7) Removing the explicit authority for the Authority to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, to implement the smoking prohibition;
- (8) Requiring that three violations of the smoking prohibition occur, instead of one violation, before the Authority may terminate a lease, rental agreement, permit, or license, or evict from the premises any tenant, licensee, or other occupant; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2577, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2577, H.D. 2, S.D. 1, and be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3054 (Joint) Human Services and Health on H.B. No. 1752**

The purpose and intent of this measure is to provide quality, cost-effective health care for Hawaii residents who are uninsured, newly uninsured, underinsured, potential Medicaid enrollees, or Medicaid enrollees by appropriating funds to:

- (1) Provide direct health care for the uninsured and underinsured;
- (2) Restore basic adult dental benefits to Medicaid enrollees;
- (3) Provide outreach and eligibility services, including Medicaid and Children's Health Insurance Program eligibility, for children, families, and individuals at federally qualified health centers;
- (4) Establish health care homes in Medicaid as provided in the Patient Protection and Affordable Care Act;
- (5) Establish health care homes for Medicaid enrollees at federally qualified community health centers as provided in the Patient Protection and Affordable Care Act; and
- (6) Provide behavioral health services at federally qualified community health centers.

Your Committees received testimony in support of this measure from the Office of the Governor, Department of Health, State Council on Developmental Disabilities, Hawaii Primary Care Association, Ho'ola Lahui Hawaii, Waianae Coast Comprehensive Health Center, Community Alliance for Mental Health, and one individual. Your Committees received comments on this measure from the Department of the Attorney General and Department of Human Services.

Your Committees find that community health centers serve the State's uninsured, underinsured, and low-income population, in addition to one-fourth of the State's Medicaid members, through a patient-centered delivery system. In 2012, community health centers saved the health care system \$182,000,000 by providing timely, effective care and care management that reduced unnecessary emergency room, inpatient, and specialty utilization. Your Committees further find that funding is needed to synchronize the trajectory of community health center growth with Hawaii's implementation of the federal Patient Protection and Affordable Care Act. It is in the State's interest to ensure access to primary, behavioral, dental, and preventative health care for all of its residents.

Your Committees have amended this measure by:

- (1) Adding language to clarify that the appropriation of funds to provide direct health care for uninsured and underinsured individuals is for patients at community health centers;
- (2) Substituting the phrase "health homes" for the phrase "health care homes" throughout the measure;

- (3) Clarifying that funds from the community health centers special fund be appropriated to the Department of Health then transferred to the Department of Human Services because, pursuant to section 321-1.65, Hawaii Revised Statutes, the community health centers special fund must be administered and expended by the Department of Health; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1752, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1752, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair and Majority Leader on behalf of the Committees.

Human Services

Ayes, 4. Noes, none. Excused, 1 (Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3055 (Joint) Hawaiian Affairs and Human Services and Public Safety, Intergovernmental and Military Affairs on H.B. No. 2286**

The purpose and intent of this measure is to:

- (1) Extend the sunset date of the requirement that counties issue affordable housing credits for each residential unit developed by the Department of Hawaiian Home Lands; and
- (2) Clarify that "affordable housing obligation" means the requirement imposed by a county, regardless of the date of its enactment, to develop vacant lots, single-family residences, multi-family residences, or any other type of residence for sale or rent to individuals within a specified income range.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands. Your Committees received testimony in opposition to this measure from the City and County of Honolulu, Department of Planning and Permitting; and Kauai County Housing Agency.

Your Committees find that affordable housing credits afforded the Department of Hawaiian Home Lands since the passage of Act 141, Session Laws of Hawaii 2009, have resulted in successful private-public partnerships between the Department and developers to develop homestead lots. Unfortunately, Act 141 is set to repeal in 2015. By extending the sunset date of this successful program, the Department will be able to provide more affordable housing to its beneficiaries in furtherance of its mission.

Your Committees have amended this measure by:

- (1) Inserting language to repeal the sunset date of Act 141, Session Laws of Hawaii 2009, making permanent the authorization for the counties to issue affordable housing credits to the Department of Hawaiian Home Lands; and
- (2) Repealing the sunset date of Act 98, Session Laws of Hawaii 2012, making permanent the requirement that the counties issue affordable housing credits for each residential unit developed by the Department of Hawaiian Home Lands.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs, Human Services, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2286, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2286, H.D. 3, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs

Ayes, 3. Noes, none. Excused, 2 (Hee, Slom).

Human Services

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 3056 Economic Development, Government Operations and Housing on H.B. No. 1866**

The purpose and intent of this measure is to enhance legislative and public oversight of the Hawaii Community Development Authority (Authority) by, among other things:

- (1) Providing for administrative appeal, judicial review, and intervention in the Authority's development permit application proceedings;
- (2) Amending requirements for notice, hearing, approval, and vesting of rights for developmental permits;
- (3) Amending the Authority's membership and appointment process;
- (4) Requiring the Authority's affordable housing requirements to be satisfied by reserved housing within the same district as the proposed development project and permits the Authority to accept cash in lieu of providing reserved housing;
- (5) Requiring legislative oversight of fiscal actions by the Authority;

- (6) Prohibiting the Governor from setting aside public land within community development districts to the Authority; and
- (7) Creating a height limit for buildings in Kakaako.

Your Committee received testimony in support of this measure from Hawaii's Thousand Friends, Malama Makaha, Kaka'ako United, and twenty-eight individuals. Your Committee received testimony in opposition to this measure from the Ko'olau Foundation; Chamber of Commerce Hawaii; Ko'olaupoko Hawaii Civic Club; Kāko'o 'Ōiwi; Alexander & Baldwin, Inc.; Land Use Research Foundation of Hawaii; Hunt Development Group, LLC; Hawaii Building and Construction Trades Council, AFL-CIO; Building Industry Association of Hawaii; Hawaii Laborers-Employers Corporation and Education Trust; and four individuals. Your Committee received comments on this measure from the Department of the Attorney General; Department of Business, Economic Development, and Tourism; Hawaii Community Development Authority; Kamehameha Schools; The Pacific Resource Partnership; Hawaii Regional Council of Carpenters; Hawaii Construction Alliance; and The Howard Hughes Corporation.

Your Committee finds that the Legislature established the Authority in 1976 as a public entity to plan new and innovative forms of urban redevelopment and renewal to meet certain community needs, especially the provision of low- and moderate-income housing located in residential and mixed-use areas with sufficient public facilities and services. To ensure that comprehensive and coordinated development plans were executed by and for the community, the Authority was explicitly required to engage affected communities in area development plans and projects.

Your Committee further finds that development projects that do not comply either with legislative goals or the applicable development plans established for community development districts have been permitted, sometimes on an accelerated basis. The approval processes for proposed projects also lack accountability and transparency, to the detriment of the communities affected.

Your Committee heard testimony expressing concerns about the composition of the Authority as proposed by this measure. Your Committee finds that issues related to the restoration of Authority members and the possibility of removing Authority members merit further consideration and requests that your Committee on Ways and Means further examine those issues, especially restoring key positions, such as the small business representative and Kakaako community representative.

Your Committee has amended this measure by:

- (1) Deleting language that would have established proceedings on an application for a development permit from the Authority, including procedures for intervention and judicial review;
- (2) Clarifying that the Authority shall hear, rather than consider, the request for variance, exemption, or modification at a public hearing separate from and subsequent to the hearing which the developer's proposal was presented; provided that the Authority may hear all requests applicable to a single proposal at the same separate public hearing;
- (3) Deleting language that would have required the Authority to detail the public's reaction at a public hearing to consider variances, exemptions, or modifications;
- (4) Inserting language to require the Authority to adopt rules to:
  - (A) Provide for contested case hearings with respect to decisions to be made by the Authority on a development permit application;
  - (B) Allow persons to intervene prior to a decision on a development permit application;
  - (C) Allow persons to intervene no later than twenty days from the time the application is deemed complete; and
  - (D) Allow for public testimony at hearings;
- (5) Deleting language that would have amended the membership and appointment process of the Authority and reconstituted the Authority immediately upon the effective date of this measure;
- (6) Reinstating language to allow the Authority to satisfy affordable housing requirements through reserved housing outside of the Authority's jurisdiction;
- (7) Amending language to require the Authority to post completed development permit applications on the Authority's website;
- (8) Amending language to require applicants with proposed projects valued at over \$250,000 to mail notice to residents and businesses within a three hundred foot radius of the proposed project; provided that the notice include:
  - (A) Project specifications;
  - (B) Requests for variance, exemption, or modification of a community development plan or the Authority's community development rules; and
  - (C) Procedures for intervention and a contested case hearing;
- (9) Deleting language that would have required public notice for decision-making hearings to state that any written motion to intervene shall be received within fourteen days after the publication date of the public notice;
- (10) Inserting language to establish a maximum aggregate cap of \$3,641,818 per fiscal year on receipts and revenues that may be deposited into the Hawaii community development revolving fund, with any excess above the cap to be transferred to the general fund;
- (11) Amending language to allow expenditures from any revolving fund administered by the Authority to be made by the Authority without further appropriation or allotment of the Legislature; provided that the proceeds of any revolving fund administered by the Authority shall be subject to the maximum aggregate cap;

- (12) Deleting language that would have established further requirements by the Authority when selling reserved housing;
- (13) Deleting language that would have required prior approval by the Legislature by concurrent resolution adopted by each house by at least a majority vote of the members to which that house is entitled to allow the Authority to issue special facility revenue bonds;
- (14) Deleting language that would have amended the operating and investment capital budget of the Authority for fiscal year 2014-2015;
- (15) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (16) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1866, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1866, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Baker, English).

**SCRep. 3057 (Joint) Human Services and Judiciary and Labor on H.B. No. 2489**

The purpose and intent of this measure is to support Hawaii's youth and reduce future delinquency by appropriating funds for cost-effective evidence-based practices and programs, including mental health and substance abuse treatment programs. More specifically, this measure:

- (1) Appropriates funds to the Family Court Division of the Judiciary and the Office of Youth Services; and
- (2) Authorizes the transfer of unexpended funds from the Hawaii Youth Correctional Facility budget to the Family Court Division of the Judiciary.

Your Committees received testimony in support of this measure from the Office of the Governor; The Judiciary; Department of Health; Department of Human Services; Office of Youth Services; Office of the Mayor, County of Hawaii; Office of the Mayor, County of Kauai; Life Choices Kauai; Office of the Prosecuting Attorney, County of Hawaii; Office of the Prosecuting Attorney, County of Kauai; Honolulu Police Department; Community Alliance on Prisons; Hale Kipa; Hawaii Substance Abuse Coalition; Hawaii Youth Services Network; and five individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that many youth currently placed in the Hawaii Youth Correctional Facility could be safely supervised in their communities and provided with more cost-effective treatment and programming to reduce future delinquency. Your Committees heard testimony on this measure expressing a dire need for more quality mental health and substance abuse treatment programs across the State for Hawaii's youth. In addition, testimony highlighted the economic savings for the State if more of an up-front investment is made to reduce recidivism by treating juvenile offenders' mental health and substance abuse needs.

This measure addresses at least six of the Hawaii Juvenile Justice Working Group's recommendations. Based on testimony provided by the Judiciary and Office of Youth Services, your Committees recommend that your Committee on Ways and Means insert an appropriation amount of \$5,300,000.

Your Committees have amended this measure by:

- (1) Deleting the appropriation to the Judiciary for evidence-based practices intended to reduce recidivism and improve outcomes for youth who otherwise would likely be sent to the Hawaii Youth Correctional Facility so that all appropriated funds in this measure are directed to the Office of Youth Services;
- (2) Inserting an effective date of July 1, 2014; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2489, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2489, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services  
Ayes, 4. Noes, none. Excused, 1 (Green).

Judiciary and Labor  
Ayes, 4. Noes, none. Excused, 3 (Gabbard, Ihara, Solomon).

**SCRep. 3058 (Joint) Human Services and Judiciary and Labor on H.B. No. 1588**

The purpose and intent of this measure is to clarify that the exemption from civil service laws for personnel contracted for custodial and grounds maintenance services with qualified community rehabilitation programs applies when the contracts last no more than one year and at a maximum cost of \$850,000 per contract, not \$850,000 in the aggregate of contracts held.

Your Committees received testimony in support of this measure from the Office of the Mayor, County of Maui; Department of Parks and Recreation, County of Maui; Goodwill Industries of Hawaii; Lanakila Pacific; Ka Lima O Maui; and twenty-one individuals.

Your Committees find that the exemption from civil service laws for personal service contracts for custodial and grounds maintenance programs with qualified community rehabilitation programs is meant to help individuals with disabilities engage in meaningful work through service contracts with state and county governments. Your Committees find that this measure will ensure that the number of individuals with disabilities who want to engage in meaningful work will not be limited due to interpretation of the maximum contract amount established in section 76-77, Hawaii Revised Statutes.

Your Committees have amended this measure by inserting an effective date of July 1, 2014.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1588, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1588, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Ayes, 4; Ayes with Reservations (Taniguchi). Noes, none. Excused, 1 (Green).

Judiciary and Labor

Ayes, 4. Noes, none. Excused, 3 (Gabbard, Ihara, Solomon).

**SCRep. 3059 Human Services on H.B. No. 1713**

The purpose and intent of this measure is to provide funding to support services necessary for the health and well-being of Hawaii's kupuna and require the Executive Office on Aging to conduct a public education and awareness campaign on long-term care.

Your Committee received testimony in support of this measure from the Executive Office on Aging; Department of Community Services, City and County of Honolulu; Hawaii County Office of Aging; Policy Advisory Board for Elder Affairs; AARP Hawaii; Aloha United Way; American Council of Life Insurers; Catholic Charities Hawaii; Hawaii Alliance for Retired Americans; Hawaii Family Caregiver Coalition; Hawaii Primary Care Association; International Longshore and Warehouse Union Local 142 Hawaii; PHOCUSED; Project Dana; Child and Family Service; Lanakila Pacific; Zonta Club of Hilo; and eleven individuals.

Your Committee finds that Hawaii's aging population is increasing at a rapid rate, and programs and services are needed to maintain the health and welfare of Hawaii's seniors and their caregivers. Your Committee further finds that the most successful programs for aging in place recognize and build upon integrated health and social services. Your Committee recognizes the importance of educating Hawaii's residents with information about long-term care, including the different types of long-term care and long-term care providers, the statistical risk of requiring long-term care, and the associated costs, so that residents are motivated to provide for their own or family members' long-term care needs. Your Committee heard testimony on this measure requesting clarification about the use of kupuna care funds for individuals who are eligible for Medicaid.

Your Committee has amended this measure by:

- (1) Adding language to part I to clarify that the intent of the Legislature is to allow kupuna care funds appropriated to the Department of Health to be used for long-term care services for aging individuals who are Medicaid eligible but who require services for which there are no comparable Medicaid services available; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1713, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1713, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 3060 (Joint) Health and Human Services on H.B. No. 2037**

The purpose and intent of this measure is to make an appropriation for the continued funding of Project Kealahou within the Child and Adolescent Mental Health Division of the Department of Health.

Your Committees received testimony in support of this measure from the Judiciary, State of Hawaii; Department of Health; Department of Youth Services; Hawaii Youth Services Network; YWCA of Oahu; Community Alliance on Prisons; and several individuals.

Your Committees find that Project Kealahou is a six-year, federally funded program that serves young women who have experienced significant trauma in their lives. Your Committees further find that Project Kealahou helps adolescent women by providing mentoring, peer support, and specialized therapy. This measure will ensure that Project Kealahou's critical services continue after its federal funding is phased out in October 2014.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2037, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

Human Services  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3061 (Joint) Health and Commerce and Consumer Protection on H.B. No. 611**

The purpose and intent of this measure is to:

- (1) Make it unlawful for a tanning facility owner, lessee, or operator to allow individuals under the age of eighteen to use tanning equipment that tans the skin with electromagnetic radiation; and
- (2) Make exemptions for physicians duly licensed to practice medicine who use, in the practice of medicine, medical diagnostic and therapeutic equipment that emits ultraviolet radiation, and individuals who own tanning equipment exclusively for personal, noncommercial use.

Your Committees received testimony in support of this measure from the American Cancer Society Cancer Action Network, Hawaii Dermatological Society, AIM at Melanoma, and several individuals.

Your Committees find that skin cancer is the most prevalent type of cancer in the United States, and melanoma is one of the most common forms of cancer for young adults. Your Committees further find that the risk of developing melanoma increases by seventy-five percent in individuals who have been exposed to ultraviolet radiation from indoor tanning devices. This measure will protect adolescents from the early onset of serious medical conditions related to skin cancer.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 611, H.D. 1, and recommend that it pass Second Reading and be referred to the Committees on Judiciary and Labor and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health  
Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

Commerce and Consumer Protection  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 3062 (Joint) Hawaiian Affairs and Water and Land on H.B. No. 2288**

The purpose and intent of this measure is to amend the Hawaiian Homes Commission Act to permit the Department of Hawaiian Home Lands to lease department-owned or department-controlled improvements, or space within an improvement, on Hawaiian homelands through direct negotiation, at fair market rent, and for a term of up to five years.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands.

Your Committees finds that authorizing the Department of Hawaiian Home Lands to lease buildings and warehouses on its land through direct negotiations for up to five years per lease term would allow the Department greater flexibility to generate revenue on its land. One member of your Committees expressed concerns that this measure may allow the Department of Hawaiian Home Lands to lease buildings and warehouses through direct negotiations indefinitely, so long as the lease is renewed every five years. The Department of Hawaiian Home Lands assured your Committees that the Department's intent is not to authorize long-term leases by direct negotiation. Rather, this measure will allow the Department to generate revenue in the short term until it secures a long-term tenant.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2288, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs

Water and Land  
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3063 (Joint) Tourism and Public Safety, Intergovernmental and Military Affairs on H.B. No. 1671**

The purpose and intent of this measure is to remove the current cap of \$93,000,000 on the transient accommodations tax revenues to be distributed to the counties and instead distribute 44.8 percent of transient accommodation tax revenues collected to the counties.

Your Committees received testimony in support of this measure from the Department of Finance, County of Kauai; Office of the Mayor, County of Hawaii; Office of the Mayor, County of Maui; Office of the Mayor, City and County of Honolulu; Hawaii County Council; County Council, County of Hawaii; Hawaii County Council, District 9; County Council, County of Maui; County Services Division, County of Kauai; City Council, City and County of Honolulu; Hawaii Council of Mayors; Poipu Beach Resort Association; ILWU Local 142; Hawaii Association of Vacation Rental Managers; and nine individuals. Your Committees received testimony in opposition to this measure from the Department of Budget and Finance and Department of Taxation. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees recognize the importance of county facilities and services to support and enhance the tourism industry. Your Committees further find that the counties maintain roads and parks and provide the law enforcement officers and first responders who serve residents and visitors. This measure ensures that tax revenues derived from guest visits to the different islands of Hawaii will help offset the costs of providing services that guests use while visiting the islands.

Your Committees have amended this measure by inserting a blank percentage of the transient accommodations tax revenues to be allocated to the counties.

Your Committees received oral testimony from county officials and individual county council members characterizing the intent of the Legislature as placing a “temporary” cap on the counties’ share of transient accommodations tax revenues in passing Act 61, Session Laws of Hawaii 2009, and Act 103, Session Laws of Hawaii 2011. Your Committees also received written testimony characterizing the cap as having been “imposed” on the counties. Your Committees note, however, that in placing the \$93,000,000 cap into effect in 2011, the State effectively guaranteed the counties a historically high share of revenues.

As affirmed by the records of votes of the members of your Committees on Tourism and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1671, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1671, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Tourism

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 3064 (Joint) Tourism and Water and Land on H.B. No. 2434**

The purpose and intent of this measure is to specify that the \$3,000,000 transient accommodations tax revenue amount currently allocated for expenditure pursuant to agreement between the Hawaii Tourism Authority and the Board of Land and Natural Resources for natural resources and facilities management costs related to the Hawaii Tourism Authority’s strategic plan shall be:

- (1) Deposited into the special land and development fund, rather than the general fund; and
- (2) Distributed among the beach restoration special fund, state parks special fund, trail and access program, and conservation and resources enforcement special fund.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii Tourism Authority. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees find that it is important to allocate portions of the transient accommodations tax revenue for the planning, development, management, operations, and maintenance of Hawaii’s lands and natural resources. Your Committees recognize the importance of supporting programs to enhance Hawaii’s lands and culture. This measure will fund projects to preserve the pristine beauty of Hawaii for residents and visitors.

Your Committees have amended this measure by making the measure effective upon approval.

As affirmed by the records of votes of the members of your Committees on Tourism and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2434, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2434, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Tourism

Water and Land

Ayes, 7. Noes, none. Excused, 2 (Ruderman, Taniguchi).

**SCRep. 3065 Human Services on H.B. No. 2292**

The purpose and intent of this measure is to make an emergency appropriation to the Department of Human Services to address the budget shortfall in General Support for Health Care Payments (Human Services 902) resulting from a delay in reimbursement from the Hawaii Health Connector.

Your Committee received testimony in support of this measure from the Department of Human Services and Puna Community Medical Center. Your Committee received comments on this measure from the Hawaii Health Connector.

Your Committee finds that the Department of Human Services provided funding and services to the Hawaii Health Connector to develop components of the health insurance exchange to be in compliance with the federal Patient Protection and Affordable Care Act with the understanding that the Hawaii Health Connector would reimburse the Department of Human Services through the Hawaii Health Connector’s own federal funds. Your Committee further finds that while the Department’s loaned funds are encumbered, it is unable to use these funds for its core operations. This measure will ensure that the Department is able to fund its core operations and continue to serve its beneficiaries.

Your Committee received testimony from the Department of Human Services indicating that, since the original emergency appropriation request, the Hawaii Health Connector has reimbursed the Department for some of the services and monies provided by the Department. The Department’s testimony indicates that the current balance outstanding due to the Department from the Hawaii Health Connector is \$4,854,037.

Your Committee has amended this measure by:

- (1) Adding language reflecting the services and corresponding amounts for which the Department of Human Services has recently been reimbursed;
- (2) Inserting an appropriation amount of \$4,854,037;
- (3) Making the effective date upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2292, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2292, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3066 Human Services on H.B. No. 1693**

The purpose and intent of this measure is to establish a set interest rate that the State and counties are required to pay on late payments to an operator of an adult day care facility, community care foster family home, or adult residential care home.

Your Committee received testimony in support of this measure from Adult Foster Homes of the Pacific, Big Island Adult Foster Home Operators, United Group of Home Operators, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services and one individual.

Your Committee finds that many operators of in-home care facilities rely on the State to provide on-time payment for the goods and services provided. Your Committee further finds that late payments can result in great financial hardship for care home operators, jeopardize the survival of the care home business, and compromise the quality and stability of patient care.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1693, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1693, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4; Ayes with Reservations (Kidani, Taniguchi). Noes, none. Excused, 1 (Slom).

**SCRep. 3067 Human Services on H.B. No. 1695**

The purpose and intent of this measure is to:

- (1) Increase the state supplemental payment for adult residential care homes, licensed developmental disabilities domiciliary homes, community care foster family homes, and certified adult foster homes; and
- (2) Change the percentage of the percentage of the federal poverty level upon which public assistance allowance is based.

Your Committee received testimony in support of this measure from the Adult Foster Homes of the Pacific, Big Island Adult Foster Home Operators, United Group of Home Operators, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that adult residential care homes and other domiciliary care facilities continue to fulfill an important need in the community because of the increased reliance on residential health care services and facilities for Hawaii's growing aging population. Your Committee further finds that the state supplemental payment for adult residential care homes, licensed developmental disabilities domiciliary homes, community care foster family homes, and certified adult foster homes was last increased in 2008, yet the costs of operating these facilities continue to rise.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1695, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1695, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3; Ayes with Reservations (Kidani). Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3068 (Joint) Agriculture and Judiciary and Labor on H.B. No. 748**

The purpose and intent of this measure is to propose an amendment to the Hawaii State Constitution to authorize the State to issue special purpose revenue bonds and use the proceeds from the bonds to assist agricultural enterprises.

Your Committees received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council, Inc.; Kohala Center; Alexander & Baldwin, Inc.; Local Food Coalition; Hawaii Green Growth; Hawaii Farm Bureau Federation; and Chamber of Commerce Hawaii. Your Committees received comments on this measure from the Department of Budget and Finance, Department of Agriculture, and one individual.

Your Committees find that it is vital to the State's agricultural economy and food security that farmers are able to make capital investments and improvements to agricultural facilities and infrastructure. This measure provides an important source of private

financing to farmers for such improvements and will stimulate and increase agricultural development without affecting the State's budget. This measure complements H.B. No. 737, H.D. 2, S.D. 1 (Regular Session of 2013), which authorizes the Department of Budget and Finance to issue special purpose revenue bonds to assist agricultural enterprises in the State.

As affirmed by the records of votes of the members of your Committees on Agriculture and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 748, H.D. 2, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture

Judiciary and Labor

Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3069      Agriculture on H.B. No. 2179**

The purpose and intent of this measure is to limit the toll that the Board of Agriculture may charge for water from the Lower Hamakua Ditch.

Your Committee received testimony in support of this measure from Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; and Hawaii Farm Bureau Federation. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the area served by the Lower Hamakua Ditch is prime land for ranching. The Hamakua water rate is set at a statewide level, however, and the high cost of water is deterring farmers from expanding their operations in this area despite the abundance of unused water in the region. This is exceptionally harmful to ranchers who would like to grass feed their livestock, rather than feed their livestock imported feeds, which have high transportation and fuel costs. By lowering the water rate in this area, farmers and ranchers will be incentivized to switch to grass feed to improve their bottom line and increase the State's agricultural sustainability. In addition, the State is expected to realize increased revenues from the water system because it will be selling water that is currently unused.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179, H.D. 1, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (English, Wakai, Slom).

**SCRep. 3070      (Joint) Energy and Environment and Commerce and Consumer Protection on H.B. No. 1943**

The purpose and intent of this measure is to:

- (1) Amend the Public Utilities Commission principles regarding the modernization of the electric grid;
- (2) Require the Public Utilities Commission to initiate a proceeding no later than July 1, 2014, to discuss upgrades to the Hawaii electric system for anticipated growth of customer generation; and
- (3) Appropriate funds to the Public Utilities Commission and Department of Commerce and Consumer Affairs to cover the costs of the proceeding initiated by the Commission.

Your Committees received testimony in support of this measure from the Public Utilities Commission, Kailua Neighborhood Board, Renewable Energy Action Coalition of Hawaii, Hawaii Solar Energy Association, League of Women Voters, Hawaii PV Coalition, Blue Planet Foundation, The Pacific Resource Partnership, Life of the Land, Sierra Club of Hawai'i, Sunrun, Revolusun, Hi-Power Solar, Solar Inspectors Hawaii, and fifty-nine individuals. Your Committees received testimony in opposition to this measure from Hawaiian Electric Company. Your Committees received comments on this measure from the Department of Business, Economic Development and Tourism; Division of Consumer Advocacy, Department of Commerce and Consumer Affairs; Kauai Island Utility Cooperative; Inter-Island Solar Supply; and eight individuals.

Your Committees find that the increasing deployment of customer generation in Hawaii is in the public interest, lessening Hawaii's dependence on imported oil, creating thousands of jobs, fostering billions of dollars of economic activity, and giving tens of thousands of households and businesses access to reasonably priced electricity. Customer generation will play a major role in supplying the State's future electricity needs and meeting clean energy goals. Additionally, appropriate investments in energy storage and smart grid improvements are vital to achieve Hawaii's robust clean energy goals.

Your Committees further find that technical and economic barriers are preventing Hawaii customer-generators from interconnecting to the Hawaii electric system in a timely manner. If these technical and economic barriers are not addressed, a number of undesirable scenarios may result, including irreparable loss of jobs in the nascent solar industry and an ever increasing number of Hawaii residents disconnecting from the Hawaii electric system. Several technical, policy, and economic issues need to be addressed in trying to move forward in modernizing Hawaii's electricity grid.

Your Committees have amended this measure by:

- (1) Inserting findings that, among other things, explain the need for further investments in advanced grid modernization technology because of how Hawaii's island grids are reaching significant levels of variable renewable energy that can affect the overall operation of the grid at the system level and the ability of utilities to provide safe and reliable service at the point of delivery to customers;

- (2) Amending language to require the Public Utilities Commission to balance technical, economic, environmental, and cultural considerations associated with modernization of the electric grid, based on the following principles:
- (A) Enable a diverse portfolio of renewable energy resources;
  - (B) Expand options for customers to manage their energy use;
  - (C) Maximize interconnection of distributed generation to the State's electric grid on a cost-effective basis at non-discriminatory terms and at just and reasonable rates, while maintaining the reliability of the State's electric grids, and allow such access and rates through applicable rules, orders, and tariffs as reviewed and approved by the Commission;
  - (D) Determine fair compensation for electric grid services provided to customers and for services provided to the electric grid by distributed generation customers and other non-utility service providers; and
  - (E) Maintain or enhance grid reliability and safety through modernization of the State's electric grids;
- (3) Deleting language related to requiring the Public Utilities Commission to commence a proceeding to address issues associated with the modernization of the electric grid and inserting language that:
- (A) Requires the Commission to commence regulatory actions by July 1, 2014, to address the technical, policy, and economic issues associated with the modernization of the State's electric grids; provided that the Commission may commence additional regulatory actions to resolve issues associated with grid modernization at its discretion;
  - (B) Allows regulatory actions commenced by the Commission to include forming and facilitating working groups and opening proceedings; provided that any regulatory actions shall encompass one or more procedural timelines;
  - (C) Requires the Commission to submit a final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2016 and an interim report of progress as part of its annual report submitted in January of 2015; and
  - (D) Allows the Commission and the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs to be exempt from procurement requirements in the procurement of any professional services needed to conduct any regulatory actions pursuant to this measure;
- (4) Changing the means of financing for the Public Utilities Commission to conduct regulatory actions to the Public Utilities Commission special fund and inserting an appropriation amount of \$1,000,000;
- (5) Changing the means of financing for the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs to represent the interest of the consumers in regulatory actions to the Public Utilities Commission special fund and inserting an appropriation amount of \$750,000; and
- (6) Changing the effective date to upon approval; provided that the appropriations shall take effect on July 1, 2014.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1943, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1943, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3071 Judiciary and Labor on H.B. No. 1993**

The purpose and intent of this measure is to amend section 709-906, Hawaii Revised Statutes, to establish that the offense of abuse of a family or household member is a class C felony when the physical abuse occurs in the presence of any family or household member who is less than fourteen years of age.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney, County of Kauai; Office of the Prosecuting Attorney, County of Hawaii; Department of the Prosecuting Attorney, City and County of Honolulu; Kauai Chamber of Commerce; YWCA of Kauai; The Pacific Alliance to Stop Slavery; Kauai Against Domestic Violence Taskforce; and five individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and two individuals.

Your Committee finds that research has shown that children who witness domestic violence can suffer severe emotional and developmental difficulties that are similar to those of children who are victims of direct physical and mental abuse. According to the Office of the Prosecuting Attorney of the County of Kauai, approximately twenty-three states and Puerto Rico have statutes that address the issue of children who witness domestic violence in the home, and approximately eighteen of those states have statutes that impose additional penalties on offenders who commit domestic abuse in the presence of a child.

Your Committee further finds that existing law allows the sentencing judge to consider as an aggravating factor that the offense of abuse of a family or household member was committed in the presence of a child, but this factor does not impact the penalty imposed for the commission of the offense. This measure establishes that the offense of abuse of a family or household member is a class C felony when the physical abuse occurs in the presence of a child under fourteen years of age to deter these types of domestic abuse cases.

Your Committee has amended this measure by adding the contents of S.B. No. 2025 (2014), which amend section 709-906(4), Hawaii Revised Statutes, to require a police officer to make reasonable inquiry of the victimized or potentially victimized family member and witnesses, if applicable, and order a person to leave the premises for a no-contact period of forty-eight hours, regardless of whether the police officer has reasonable grounds to believe there was physical abuse or harm inflicted or that there is probable danger of further abuse or harm.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1993, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1993, S.D. 1, and be referred to the Committee on Ways and Means.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 3072 Judiciary and Labor on H.B. No. 1814**

The purpose and intent of this measure is to clarify and provide alternative methods for the payment of wages. Specifically, this measure:

- (1) Adds definitions of “pay card” and “pay card account” to chapter 388, Hawaii Revised Statutes, relating to the payment of wages and other compensation;
- (2) Authorizes an employer to pay all wages due to the employer’s employees by:
  - (A) Direct deposit to the employee’s account at a financial institution;
  - (B) An electronic funds transfer or similar means of direct deposit to the employee’s account a financial institution under certain conditions; and
  - (C) Use of a pay card or similar means of an electronic payment card onto which an employer, or an entity on an employer’s behalf, transfers or loads the employee’s wages under certain conditions;
- (3) Clarifies that pay cards are not subject to the Money Transmitters Act under chapter 489D, Hawaii Revised Statutes, if the pay card does not permit funds to be transmitted internationally, transfers between or among users within the arrangement, or loading additional funds from non-depository sources; and
- (4) Amends section 388-5.5, Hawaii Revised Statutes, to clarify that whenever an employee receives the employee’s wages from the employee’s employer by direct deposit for which insufficient amounts are available in the bank account of the employer, the employer is liable for any resultant bank special handling fees the employee may incur.

Your Committee received testimony in support of this measure from the Hawaii Bankers Association, Americans for Democratic Action/Hawaii, Progressive Democrats of Hawaii, Hawaii Financial Services Association, and one individual. Your Committee received testimony in opposition to this measure from Chamber of Commerce Hawaii and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations; Office of Consumer Protection, Department of Commerce and Consumer Affairs; Division of Financial Institutions, Department of Commerce and Consumer Affairs; American Payroll Association; Visa, Inc.; and First Data.

Your Committee finds that the intent of chapter 388, Hawaii Revised Statutes (chapter 388), is to protect the payment of workers’ wages and other compensation, encourage employers to pay wages promptly, and reduce workers’ economic losses. Chapter 388 only addresses payment methods of cash or check convertible to cash but does not specify payment methods through direct deposits or pay cards.

Your Committee notes that the Department of Labor and Industrial Relations has long recognized the voluntary use of direct deposits as a method that satisfies the payment of wages. Under direct deposit, the employee’s wages are directly deposited into the employee’s personal bank account, which is similar to direct payment by cash or check in the hands of the employee. The Hawaii Bankers Association testified that approximately eighty-five percent of all employees in Hawaii are paid by direct deposit. This measure modernizes chapter 388 to reflect direct deposit as a current practice in the payment of wages under certain conditions.

Your Committee further notes that there is an increasing number of employers who pay their employees through the use of a payroll card or pay card. The Hawaii Bankers Association testified that approximately fourteen thousand employees receive their wages through this method of payment. The use of pay cards is a far more expedient, more convenient, and less expensive wage payment method than the receipt of a paper paycheck twice or more per month. The Hawaii Bankers Association testified that pay cards serve two groups of employees, the unbanked (employees without a bank account) and under-banked (employees with a bank account that is not used by the employee). A pay card will allow unbanked or under-banked employees to receive wages without having to cash their paper paychecks at a check cash establishment and pay a service charge. This measure provides the unbanked or under-banked workforce the benefits of electronic wage payment even though these employees do not have or rarely use their bank accounts.

Your Committee notes the concerns raised in testimony submitted by various stakeholders, including the Department of Labor and Industrial Relations, Department of Commerce and Consumer Affairs, Hawaii Bankers Association, and Hawaii Financial Services Association. Your Committee appreciates these entities developing language to address these concerns but recognizes that this measure continues to be a work in progress. Your Committee further notes that the Director of Labor and Industrial Relations recently issued a notice that the Department is suspending its policy allowing the use of payroll or debit cards until the Legislature address this policy issue. Therefore, your Committee believes the concerns regarding this measure merit further discussion as it moves through the legislative process so that employees may take advantage of the electronic payment of wages.

Accordingly, your Committee has amended this measure by adopting the language suggested by the Department of Labor and Industrial Relations, Department of Commerce and Consumer Affairs, Hawaii Bankers Association, and Hawaii Financial Services Association to:

- (1) Add a definition of “electronic transfer”;
- (2) Amend the definition of “pay card” as a prepaid card issued by a depository institution authorized to accept deposits and whose deposits are federally insured, among other requirements;
- (3) Clarify that an employer shall not pay wages dues to the employer’s employees by use of a pay card onto which an employer, or an entity on an employer’s behalf, transfers or loads the employee’s wages unless certain conditions are met, including:
  - (A) An employer shall not require an employee to use a pay card, provided that the employer does not require participation in a pay card program as a condition for hire or continual employment and the employer offers direct deposit or paper check as a payment method;
  - (B) The employee voluntarily authorizes in writing to accept payment of wages via the pay card or pay card account, which shall be indicated in a separate form with an itemized list of any fees assessed for the use of the pay card;
  - (C) The pay card is a prepaid card issued by a depository institution authorized to accept deposits and whose deposits are federally insured;
  - (D) The employee shall have the ability to withdraw the employee’s full net wages at least three times per payroll period without incurring any costs or fees;
  - (E) The employee’s pay card account shall be separate from all other employees, for the sole benefit of the named employee, and not subject to the claims of the employer’s creditors;
  - (F) The funds on a pay card shall not expire, and if the pay card account is closed for inactivity the remaining funds shall be refunded to the employee at no cost to the employee;
  - (G) The employer shall ensure that the pay card account provides one free replacement pay card per year at no cost to the employee before the pay card’s expiration date, under certain conditions; and
  - (H) At least thirty days prior to any change to the pay card program taking effect, the employer shall provide the employee written notice of any terms and conditions of the pay card account, including any changes in the itemized list of fees;
- (4) Delete references to “similar means of an electronic payment card” to ensure that pay cards are subject to Regulation E and its many consumer protections;
- (5) Delete language that made pay cards not subject to the Money Transmitters Act under chapter 489D, Hawaii Revised Statutes, because the issuance of pay cards does not involve money transmission; and
- (6) Make technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1814, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1814, H.D. 2, S.D. 1, and be referred to the Committee on Commerce and Consumer Protection.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Gabbard, Ihara, Solomon).

**SCRep. 3073      Judiciary and Labor on H.B. No. 1638**

The purpose and intent of this measure is to appropriate funds to the Judiciary for fiscal year 2014-2015.

Your Committee received testimony in support of this measure from the Judiciary, the Hawaii State Bar Association, the Office of the Mayor of the County of Hawaii, the Office of the Corporation Counsel of the County of Hawaii, the West Hawaii Bar Association, Farrell and Associates, and one individual.

Your Committee finds that the supplemental operating and capital improvement project appropriations authorized under this measure meet the Judiciary’s resource requirements for fiscal year 2014-2015.

Your Committee has amended this measure as follows:

- (1) Increasing the general fund appropriation sum proposed in the House version for JUD310 from \$77,170,459 to \$79,529,463, and increasing the corresponding position count from 1,073.50 to 1,075.50;
- (2) Restoring the special fund appropriation sum for JUD310 to \$4,002,620, which is the level appropriated under Act 133, Session Laws of Hawaii 2013;
- (3) Increasing the general fund appropriation sum for JUD320 from \$15,205,506 proposed in the House version, to \$15,239,854, and increasing the corresponding position count from 207.00 to 208.00;
- (4) Increasing the general fund appropriation sum proposed in the House version for JUD330 from \$18,287,274 to \$18,340,638, and increasing the corresponding position count from 229.00 to 231.00;
- (5) Decreasing the general fund appropriation sum proposed in the House version for JUD601 from \$24,199,032 to \$23,910,806, and increasing the corresponding position count from 208.00 to 231.00;

- (6) Deleting the proposed increase and restoring the special fund appropriation sum for JUD601 to \$7,930,290, which is the level appropriated under Act 133, Session Laws of Hawaii 2013;
- (7) Deleting the general fund proviso under JUD601, requiring \$1,000,000 to be used to pay for accrued vacation benefits;
- (8) Adding general fund provisos under JUD310 in the sums of:
  - (A) \$50,799 for a grant-in-aid to the Department of the Prosecuting Attorney of the City and County of Honolulu relating to veterans court prosecutions;
  - (B) \$107,788 for a grant-in-aid to the Department of the Prosecuting Attorney of the City and County of Honolulu for drug court prosecutions;
  - (C) \$337,244 for a grant-in-aid to the Department of the Prosecuting Attorney of the City and County of Honolulu relating to Hawaii's opportunity probation with enforcement program (HOPE); and
  - (D) \$365,000 for a statewide established temporary restraining order assistance program to support the family court system of the first circuit;
- (9) Adding a general fund proviso under JUD330 in the sum of \$53,364 to establish an exempt program attorney position within the third judicial circuit;
- (10) Adding a general fund proviso under JUD601 in the sum of \$107,640 to establish the position of an exempt special assistant to the Administrative Director of the Courts and the Chief Justice of the Hawaii Supreme Court; and
- (11) Increasing the sum for general obligation bonds and the sum for capital improvement projects for the Judiciary from \$54,015,000 proposed in the House version to \$104,015,000.

Your Committee notes that the \$50,000,000 increase in the total sum authorized for capital improvement projects has been made to fully fund the construction of the new Kona judiciary complex.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1638, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1638, H.D. 2, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

**SCRep. 3074 (Majority) Judiciary and Labor on H.B. No. 2409**

The purpose and intent of this measure is to:

- (1) Add under the offense of disorderly conduct under section 711-1101, Hawaii Revised Statutes, the act of impeding or obstructing bus stop use or access by lying down at a bus stop shelter or other bus stop structure with the intent to alarm or cause physical inconvenience to the public; and
- (2) Establish a \$50 fine for this specific offense.

Your Committee received testimony in support of this measure from the Department of Transportation Services, City and County of Honolulu; Oahu Transit Services, Inc.; and thirty-one individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, The Pacific Alliance to Stop Slavery, Kokua Council, and twenty-two individuals. Your Committee received comments on this measure from the American Civil Liberties Union of Hawaii.

Your Committee finds that individuals who impede or obstruct the use of or access to bus stops create a potential hazard for disabled bus patrons and interfere with the loading and unloading of bus passengers. This type of conduct can be unpleasant or even intimidating to residents and visitors who travel by bus. This measure recognizes the physical inconvenience that this type of conduct causes.

Your Committee recognizes the concerns raised in the written testimony submitted by the Office of the Public Defender that lying down at a bus stop shelter or other bus stop structure is not conduct or behavior that is inherently bad or unacceptable as there could be a number of reasons for a person to lie down at a bus stop other than to create a hazard or obstruction. Furthermore, the Office raised enforcement concerns as this measure specifies the act of lying down at a bus stop but does not address acts of sitting at a bus stop, which could similarly impede or obstruct bus stop use or access. Your Committee believes that these concerns merit further discussion as this measure moves through the legislative process.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2409, and recommends that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Shimabukuro). Noes, 2 (Ihara, Slom). Excused, 1 (Solomon).

**SCRep. 3075 Tourism on H.B. No. 1900**

The purpose and intent of this measure is to:

- (1) Establish a tax on annual destination club dues apportioned to the State; and
- (2) Require destination club membership plan managers to register with the Department of Taxation and keep records of annual destination club dues apportioned to the State.

Your Committee received testimony in support of this measure from McCorriston, Miller, Mukai, MacKinnon, LLP. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that destination clubs own various properties in multiple states and provide their members with the right to use or occupy the destination club's facilities in various locations. Your Committee further finds that the Hawaii Intermediate Court of Appeals recently ruled that destination clubs are not timeshare plans as defined in chapter 514E, Hawaii Revised Statutes. Accordingly, destination clubs would not be subject to the transient accommodations tax imposed upon timeshares under chapter 237D, Hawaii Revised Statutes, because state law does not subject destination clubs to the transient accommodations tax. In considering this measure, your Committee has concluded that destination clubs are a type of transient accommodation and should be taxed as such.

Accordingly, your Committee has amended this measure by imposing the transient accommodations tax on destination club plan managers based on the fair market rental value attributable to their Hawaii destination club units. More specifically, your Committee has amended this measure by:

Your Committee has amended this measure by:

- (1) Deleting the definition of "annual destination club dues apportioned to the State";
- (2) Inserting language to apply the definition of "fair market rental value" to fees attributable to destination club units and to include under that definition services included with the unit, including but not limited to laundry, transportation, and food services;
- (3) Deleting language that would have imposed a tax as a percentage of the annual destination club dues apportioned to the State and instead imposing a transient accommodations tax upon destination club plan managers for each of their Hawaii destination club units occupied during the month, at a rate of 7.25 percent on the fair market rental value; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1900, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1900, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 3076 (Joint) Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on H.B. No. 2518**

The purpose and intent of this measure is to review and update the Hawaii State Planning Act and continue efforts to develop goals and policies to guide the development of the State. Specifically, this measure requires and provides funding for the Office of Planning to, among other things, review the Hawaii State Planning Act and report to the Legislature its recommendations for updating the Hawaii State Plan to appropriately address state needs.

Your Committees received testimony in support of this measure from the Department of Defense and Office of Planning. Your Committees received comments on this measure from the Chamber of Commerce Hawaii.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which, in addition to requiring the Office of Planning to review the Hawaii State Planning Act, requires the Board of Directors of the High Technology Development Corporation to create a first responders technology campus and cyber security command center to centralize first responders and cyber security facilities to enable the sharing of resources and support services.

Your Committees received testimony in support of the proposed S.D. 1 from the Department of Defense, Office of Planning, Office of Information Management and Technology, Department of Accounting and General Services, State Fire Council, Honolulu Fire Department, Hawaii County Fire Department, Honolulu Emergency Medical Services, and Castle & Cooke Hawaii. Your Committees received comments on the proposed S.D. 1 from the Department of the Attorney General, Department of Budget and Finance, and High Technology Development Corporation.

Your Committees find that in 1978, efforts were made to improve the planning process in the State to increase the effectiveness of government and private actions, improve coordination among different agencies and levels of government, provide for wise use of Hawaii's resources, and guide the future development of the State. These efforts resulted in the enactment of the Hawaii State Planning Act, which sets forth the Hawaii State Plan. The Hawaii State Plan articulates goals and policies to guide the development of the State and establishes an integrated planning and implementation system to deliver on those policies.

Your Committees further find that according to the Office of Planning, the last review of the Hawaii State Planning Act was initiated in 1983 and completed in 1985, and resulted in the enactment of several pieces of legislation that amended the Hawaii State Planning Act. Since then, there have been significant changes in Hawaii's economic, physical, and social conditions; technology; and the global marketplace, as well as in the constraints and opportunities the State faces as it plans for the future. Thus, your Committees find that a comprehensive review of the Hawaii State Planning Act is warranted.

Your Committees have amended this measure by retaining the H.D. 1 version of this measure but inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Public Safety, Intergovernmental and Military Affairs, and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2518, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2518, H.D. 1, S.D. 1, and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3077 (Joint/Majority) Water and Land and Judiciary and Labor on H.B. No. 1823**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to provide for nonbinding mediation of disputes regarding the sale price or lease rental of public lands in transactions involving the purchase, lease, or repurchase of the public lands and the fair market rental of public lands under lease when rentals are reopened. This measure also preserves the option of binding arbitration to resolve disputes when the mediation process fails to do so.

Your Committees received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.; Ponoholo Ranch, Ltd.; Chika Nakano Repair Shop; Japanese Chamber of Commerce & Industry; McCully Works; Sand Island Business Association; Maui Cattlemen's Association; and three individuals. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committees find that mediation is an effective method of resolving disputes that should be made available to resolve disputes regarding the sale price, lease rental, or fair market rental of public lands in transactions involving the board of land and natural resources and private purchasers, owners, or leaseholders. The present statutory framework for the arbitration of such disputes is cumbersome and does not provide the parties an opportunity to work collaboratively toward mutual solutions to disputes.

Your Committees further find that mediation is typically less expensive and is a more reasonable and appropriate approach to resolving a rental dispute. A policy of transparency regarding the sharing of appraisal reports prior to mediation would help the process immensely and garner support to further the spirit of cooperation between parties.

Your Committees believe that:

- (1) The release of the initial appraisal commissioned by the Department of Land and Natural Resources to arrive at a proposed lease rent provides the lessee with the opportunity to review the report before making a decision to accept or reject the rent. This action is fair and allows the lessee to make an informed decision, which is always preferable;
- (2) While arbitration was originally envisioned as being an effective, low cost means of dispute resolution, it has evolved into a much more expensive and time consuming process. Mediation, when entered into in good faith, seems to be a reasonable and proper beginning to a disagreement and may lead to a reasonable resolution at a very low cost, which is very important to farmers and small businesses; and
- (3) The transition from a three-member panel to a single mediator provides an immediate cost savings if only by reduction in numbers.

This measure could ultimately keep farmers and ranchers on state leased lands to produce food and other agricultural products. Your Committees find that farmers and their families who have worked hard, farmed or ranched successfully, and paid their rent faithfully for many years should not lose their farms and their livelihoods simply because their leases expire and are reopened at rents that have escalated to the point of being unaffordable by most agricultural ventures.

As affirmed by the records of votes of the members of your Committees on Water and Land and Judiciary and Labor that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1823, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3078 (Joint/Majority) Water and Land and Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs on H.B. No. 193**

The purpose and intent of this measure is to provide a reasonable means by which developers may satisfy any requirements, terms, or conditions imposed by the Land Use Commission as part of the approval of a district boundary amendment.

Your Committees received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu, General Contractors Association of Hawaii, The Pacific Resource Partnership, Land Use Research Foundation of Hawaii, and Hawaii Masons' Union. Your Committees received testimony in opposition to this measure from the Land Use Commission and numerous individuals. Your Committees received comments on this measure from the Office of Planning.

Prior to a hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which:

- (1) Requires all state agencies within one-half mile of proposed rail transit stations to enter into a memorandum of understanding with each other and convene working groups together with the Honolulu Authority for Rapid Transportation to address the effects that each rail transit station will have on the surrounding workforce and housing;
- (2) Establishes a Transit-Oriented Development Advisory Committee to make recommendations about sustainable development projects close to transit; and
- (3) Includes an effective date of July 1, 2050.

Your Committees received testimony in support of the proposed S.D. 1 from the General Contractors Association of Hawaii. Your Committees received testimony in opposition to the proposed S.D. 1 from the Department of Planning and Permitting of the City and County of Honolulu and the League of Women Voters. Your Committees received comments on the proposed S.D. 1 from the Hawaii Community Development Authority and Honolulu Authority for Rapid Transportation.

Your Committees find that the State owns significant amounts of land around the proposed rail transit stations in Honolulu. It is important that these surrounding lands are analyzed for the impact that the transit stations will have on the various communities. Impacts can be best analyzed by requiring all state agencies within one-half mile of proposed rail transit stations to enter into a memorandum of understanding with each other and convening working groups together with the Honolulu Authority for Rapid Transportation to address the effects that each rail transit station will have on the surrounding workforce and housing.

Your Committees further find that the careful coordination between transit and development is critical in allowing each to optimally enhance the other. Transit-oriented development presents an opportunity not only for a project at a station, but also for a full-fledged transit-centered community. A transit corridor that offers an advantageous mix of uses can be used to integrate a number of separate activity nodes, particularly when the various uses are close together, are easily accessible, and support each other.

Your Committees note from the discussions during the hearing that the Department of Planning and Permitting will provide the Committees with a list of items, including plans for each station, projected density goals, and how these plans compliment the projections to fulfill and carryout transit-oriented development. State agencies have not come forward with requests for funding or other assistance for planned development.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Adding a new part I to clarify the purpose of this measure;
- (2) Making the Transit-Oriented Development Advisory Committee subject to the State Ethics Code; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land, Economic Development, Government Operations and Housing, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 193, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 193, H.D. 1, S.D. 1, and be referred to the Committees on Transportation and International Affairs and Ways and Means.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3079 Health on H.B. No. 2320**

The purpose and intent of this measure is to:

- (1) Establish health equity as a goal for the Department of Health; and
- (2) Require the Department to consider social determinants of health, such as the social and physical environment, health services, and structural and societal factors, in assessing health needs in the State.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Primary Care Association, and Community Alliance for Mental Health.

Your Committee finds that determinants of health are created and influenced by various factors, including economic and social conditions. Your Committee further finds that factors such as income, education, housing, employment, and access to recreation and healthy foods must be addressed to achieve greater health equity in Hawaii. This measure is a first step toward a more unified and comprehensive approach to public health policy.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 1, 2014; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2320, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2320, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Majority Leader on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3080 (Joint) Technology and the Arts and Water and Land on H.B. No. 1678**

The purpose and intent of this measure is to:

- (1) Amend the definition of "historic property" by excluding any private residence that has not been entered, or nominated by the owner of the residence for entry, onto the Hawaii Register of Historic Places; and
- (2) Exempt all residential property that has not been entered, or nominated by the owner of the residence for entry, onto the Hawaii Register of Historic Places from historic preservation review in connection with project or land use applications.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Association of REALTORS, The Pacific Resource Partnership, Chamber of Commerce Hawaii, General Contractors Association of Hawaii, Building Industry Association of Hawaii, and one individual. Your Committees received testimony in opposition to this measure from the Historic Hawaii Foundation, Hawaii Thousand Friends, Society for Hawaiian Archaeology, and eight individuals. Your Committees received comments on this measure from one individual.

Your Committees find that there is a value in preserving and developing the historic and cultural property within the State. Under existing law, "historic property" includes "any building, structure, object, district, area, or site, including heiau and underwater site, which is over fifty years old." As a result of this broad definition that assumes age is equivalent to historic importance, there are many private residences that must undergo a historic preservation review. This has led to late and outstanding regulatory reviews by the State Historic Preservation Division. This measure seeks to reduce excessive delays and allow the State Historic Preservation Division to focus on residences that are worthy to be placed on the Hawaii Register of Historic Places.

Your Committees note the Department of Land and Natural Resources' recommendations to amend the definition of "historic property" to include any property that is included in or eligible for inclusion in the Hawaii Register of Historic Places and to provide counties with a list of project types that have no potential to affect a historic property and a list that identifies the types of properties likely to be eligible for inclusion on the Hawaii Register of Historic Places.

Your Committees have amended this measure by:

- (1) Amending section 1 to reflect the amended purpose of this measure;
- (2) Amending the definition of "historic property" to mean "any building, structure, object, district, area, or site, including heiau and underwater site, that is included in or eligible for inclusion in the Hawaii register of historic places.";
- (3) Exempting from historic preservation review any residential property that is not included in or eligible for inclusion in the Hawaii Register of Historic Places or any project that has no potential to affect a historic property;
- (4) Requiring the Department of Land and Natural Resources to provide the counties with a list that identifies the types of projects that have no potential to affect a historic property, no later than October 1, 2014;
- (5) Requiring the Department of Land and Natural Resources to provide the counties with a list that identifies the types of properties likely to be eligible for inclusion in the Hawaii Register of Historic Places, no later than January 2, 2015;
- (6) Requiring the Department of Land and Natural Resources to develop a plan and proposed budget for completing a comprehensive inventory of the State's historic buildings and to submit the plan and proposed budget to the Legislature; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1678, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1678, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts  
Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Wakai).

Water and Land  
Ayes, 7; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Shimabukuro).

**SCRep. 3081 Commerce and Consumer Protection on H.B. No. 2656**

The purpose and intent of this measure is to permit condominium associations to call for the review and discharge of a managing agent hired by the association upon a majority vote by the association members.

Your Committee received testimony in support of this measure from the Legislative Action Committee of the Community Associations Institute and one individual. Your Committee received comments on this measure from the American Resort Development Association-Hawaii; Community Associations Institute, Hawaii Chapter; Hawai'i State Association of Parliamentarians; and one individual.

Your Committee finds that this measure specifies that condominium associations may call for the review and discharge of managing agents hired by the association upon a majority vote by association members. However, your Committee has heard the concerns that this requirement is cumbersome, as many associations already experience difficulties meeting quorum requirements for annual meetings. Furthermore, there are additional concerns associated with permitting association members to approve the retention and discharge of managing agents, as all other association agents and vendors are hired and discharged only by association boards.

Your Committee notes that the companion to this measure, S.B. No. 3127, S.D. 1, which was previously passed by the Senate, establishes provisions for condominium association annual meetings and quorum requirements, permits the board of an association to employ and discharge the managing agent of an association, and provides an exemption for time share plans.

Your Committee further finds that many condominium associations have been unable to conduct annual ownership meetings because of quorum requirements. The language in S.B. No. 3127, S.D. 1, is therefore preferable because it provides a mechanism to ensure that the annual meeting of a condominium association will occur each year.

Your Committee additionally finds that association boards are mandated to administer an association's property and manage those who are hired to handle the day-to-day functions of the association. The language in S.B. No. 3127, S.D. 1, is therefore preferable because it permits the board of an association, rather than the association itself, to be given the responsibility for the hiring and discharging of a managing agent.

Finally, your Committee has heard the concerns that time share projects that are owned and operated by major hospitality brands have an affiliate of the brand owner who serves as a managing agent of the condominium. If the managing agent is discharged, then a time share project will no longer be branded as a major hospitality brand resort, which could result in all of the owners of a time share project losing their rights to participate in the vacation club associated with the hospitality brand. S.B. No. 3127, S.D. 1, is therefore preferable as it contains language to address these concerns.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 3127, S.D. 1, a substantively similar measure, which:

- (1) Establishes provisions for condominium association annual meetings and quorum requirements;
- (2) Specifies that the board of an association managed by a managing agent shall have the authority to employ and terminate a managing agent, subject to a vote of a majority of the unit owners at an association meeting;
- (3) Provides an exemption from the provisions relating to the employment and termination of a managing agent for a project in which a majority of the units have been submitted to one or more vacation plans, or in which one or more units have been submitted to a vacation plan established by the developer of the project or by an affiliate of the developers; and
- (4) Includes an effective date of July 1, 2014.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2656, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2656, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3082 (Joint) Public Safety, Intergovernmental and Military Affairs and Water and Land on H.B. No. 2521**

The purpose and intent of this measure is to protect public health and safety as authorized under section 128-10.3, Hawaii Revised Statutes, by appropriating funds for fiscal year 2014-2015 to State Civil Defense to:

- (1) Cut, trim, or remove dangerous trees that pose a hazard to other properties;
- (2) Stabilize or remove unstable rock and soil hazards; and
- (3) Clean streams and waterways to mitigate or prevent flooding or other disasters.

Your Committees received testimony in support of this measure from the State Department of Defense Civil Defense Division and four individuals.

Your Committees find that State Civil Defense regularly receives requests for assistance relating to hazardous conditions. State Civil Defense has continued to mitigate hazardous situations, despite the lack of dedicated funding or increased personnel. This measure protects public health and safety by supporting proactive management of public safety threats from dangerous trees, unstable rock and soil, and waterways.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2521, H.D. 1, and recommend that it pass Second Reading and be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Water and Land  
Ayes, 6. Noes, none. Excused, 3 (Ihara, Ruderman, Taniguchi).

**SCRep. 3083 Higher Education on S.C.R. No. 128**

The purpose and intent of this measure is to request the University of Hawaii to create a task force to develop a plan to increase the number of students in science, technology, engineering, and mathematics (STEM) majors relevant to industry demands in Hawaii.

Your Committee received testimony in support of this measure from the University of Hawaii System, Hawai'i P-20 Partnerships for Education, and General Contractors Association of Hawaii.

Your Committee finds that studies are clear that STEM occupations are the pathway to economic vitality and innovation, not only in the State but in the entire country. This measure provides the first steps to the coordination and prioritization of the various statewide STEM initiatives.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 128, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 128, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ige).

**SCRep. 3084 Higher Education on S.R. No. 13**

The purpose and intent of this measure is to urge the Board of Regents of the University of Hawaii not to raise student fees to balance the budget of the University of Hawaii Athletics Department or budget deficit of any other University of Hawaii department.

Your Committee received testimony in support of this measure from the University of Hawaii System and four individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the University of Hawaii Athletics Department is facing a potential budget deficit of \$2,000,000, and there are concerns that the University may raise student fees in order to offset the Athletics Department's deficit.

Your Committee further finds that students should not be asked to shoulder the burden of making up for the budget deficit of the Athletics Department or budget deficit of any other department at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 13 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Kidani, Tokuda). Noes, none. Excused, 1 (Ige).

**SCRep. 3085 Higher Education on S.C.R. No. 38**

The purpose and intent of this measure is to urge the Board of Regents of the University of Hawaii not to raise student fees to balance the budget of the University of Hawaii Athletics Department or budget deficit of any other University of Hawaii department.

Your Committee received testimony in support of this measure from the University of Hawaii System and four individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the University of Hawaii Athletics Department is facing a potential budget deficit of \$2,000,000, and there are concerns that the University may raise student fees in order to offset the Athletics Department's deficit.

Your Committee further finds that students should not be asked to shoulder the burden of making up for the budget deficit of the Athletics Department or budget deficit of any other department at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Kidani, Tokuda). Noes, none. Excused, 1 (Ige).

**SCRep. 3086 Judiciary and Labor on H.B. No. 1604**

The purpose and intent of this measure is to require that certificates of election be delivered only after the filing of reports in accordance with sections 11-331 and 11-333, Hawaii Revised Statutes, rather than the filing of expense statements, and payment of any fine assessed by the Campaign Spending Commission.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and League of Women Voters of Hawaii.

Your Committee finds that this measure ensures that the winning candidate is in compliance with campaign spending laws prior to the issuance of a certificate of election to that candidate. Furthermore, setting the payment of any administrative fine already levied by the Campaign Spending Commission as a condition for the issuance of a certificate of election will further encourage campaign spending law compliance.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1604, H.D. 2, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Gabbard, Solomon).

**SCRep. 3087 Commerce and Consumer Protection on H.B. No. 2482**

The purpose and intent of this measure is to:

- (1) Amend the definition of “majority” or “majority of the unit owners” and make corresponding technical amendments associated with this amended definition;
- (2) Clarify that a lease rent collection system may be approved and an annual audit of an association’s financial accounts and annual unannounced cash balance verification may be waived at an association meeting by a vote of a majority of all the unit owners if the association is composed of less than twenty owners; and
- (3) Make other technical amendments to the State’s condominium law for purposes of clarity and consistency.

Your Committee received testimony in support of this measure from the Community Associations Institute, Hawaii Chapter; Hawai’i State Association of Parliamentarians; and Hawaii Council of Associations of Apartment Owners.

Your Committee finds that over time, small discrepancies and inconsistencies can appear within a statute, possibly resulting in confusion or disputes. This measure addresses certain inconsistencies and makes other clarifying amendments within chapter 514B, Hawaii Revised Statutes, relating to condominiums. Your Committee further finds that additional clarification is needed regarding cumulative voting as a method for minority representation on a condominium board of directors and with regard to filling vacancies on a board of directors. Thus, amendments to this measure are necessary.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying the process for cumulative voting for an election at a meeting;
- (2) Clarifying that directors who are appointed to fill vacancies on a board of directors must stand for election at the next annual meeting or a duly noticed special meeting;
- (3) Inserting an effective date of July 1, 2014; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2482, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2482, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3088 Technology and the Arts on H.B. No. 2573**

The purpose and intent of this measure is to establish and designate the ukulele as the official musical string instrument of the State.

Your Committee received testimony in support of this measure from the Student Network for Action and Progress and five individuals. Your Committee received testimony in opposition to this measure from the Aloha International Steel Guitar Club and twenty individuals. Your Committee received comments on this measure from three individuals.

Your Committee finds that throughout the history of Hawaii, music has played an integral part in the lives of its people. While the ukulele is a very popular instrument, the people of Hawaii, particularly the native Hawaiians, have used and continue to use a variety of musical instruments for entertainment. A musical instrument that is indigenous to the people of Hawaii and important to the native Hawaiian culture should be designated as the official state musical instrument. This measure recognizes the importance of music in the history of Hawaii and the Hawaiian lifestyle.

Your Committee has amended this measure by deleting its contents and inserting language that:

- (1) Requires Kids Voting Hawaii Inc. and the Office of Hawaiian Affairs to collaborate to solicit recommendations, including primary and secondary student recommendations, on what instrument, indigenous to the people of Hawaii and important to the native Hawaiian culture, should be designated as the official state musical instrument;
- (2) Requires Kids Voting Hawaii Inc. and the Office of Hawaiian Affairs to submit a list of recommendations for the official state musical instrument to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015;
- (3) Requires the list of recommended musical instruments to include but not be limited to the ukulele, pahu drum, steel guitar, ipu, and nose flute; and
- (4) Allows more than one musical instrument to be designated as the official state musical instrument; provided that one instrument is a kahiko instrument and one instrument is an ‘auana instrument.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2573, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2573, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Wakai).

**SCRep. 3089 Public Safety, Intergovernmental and Military Affairs on S.R. No. 7**

The purpose and intent of this measure is to name the new Central Oahu Ambulance Facility after the late Loretta Fuddy, Director of Health.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that as the Director of Health, the late Loretta Fuddy was a highly respected national figure on health services and public health administration. One of her first acts as the Director of Health was to save the Maui County Medvac helicopter from budget cuts. On December 11, 2013, that same helicopter carried her body and the survivors of a commuter plane crash off the Kalaupapa peninsula for further medical treatment. Director Fuddy was killed in the line of duty while serving some of the most abandoned and marginalized people of Hawaii. This measure honors Director Fuddy's commitment to public service and public health.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 7 and recommends that it be referred to the Committee on Technology and the Arts.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3090 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 8**

The purpose and intent of this measure is to name the new Central Oahu Ambulance Facility after the late Loretta Fuddy, Director of Health.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that as the Director of Health, the late Loretta Fuddy was a highly respected national figure on health services and public health administration. One of her first acts as the Director of Health was to save the Maui County Medvac helicopter from budget cuts. On December 11, 2013, that same helicopter carried her body and the survivors of a commuter plane crash off the Kalaupapa peninsula for further medical treatment. Director Fuddy was killed in the line of duty while serving some of the most abandoned and marginalized people of Hawaii. This measure honors Director Fuddy's commitment to public service and public health.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 8 and recommends that it be referred to the Committee on Technology and the Arts.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3091 Commerce and Consumer Protection on S.C.R. No. 31**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the licensure and regulation of herbal therapists.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs; A'ali'i Group; Mobile Native Hawaii Health, Inc.; Ka Lei Papahi 'O Kakuhihewa; and twelve individuals. Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that herbal therapy is a complementary and alternative method for improving the wellness of individuals, and as such affects public health, safety, and welfare. However, herbal therapists are not presently licensed or regulated in Hawaii. Your Committee further finds that this measure requests the Auditor to perform a sunrise review pursuant to section 26H-6, Hawaii Revised Statutes, on the licensure and regulation of herbal therapists. The Auditor's analysis would set forth the probable effects of the proposed regulatory measure, assess whether its enactment is consistent with section 26H-6, Hawaii Revised Statutes, and assess alternate forms of regulation.

Your Committee additionally finds that section 26H-6, Hawaii Revised Statutes, states that a referral to the Auditor for a sunrise review shall be by concurrent resolution that identifies a specific legislative bill to be analyzed. Although this measure identifies a specific legislative bill introduced during the Regular Session of 2013, it does not identify a specific legislative bill introduced during the Regular Session of 2014. Your Committee notes that S.B. No. 2439, introduced during the Regular Session of 2014, proposes the regulation and licensure of herbal therapists. Amendments to this measure are therefore necessary to direct the Auditor to analyze S.B. No. 2439.

Accordingly, your Committee has amended this measure by:

- (1) Inserting a reference to S.B. No. 2439, Regular Session of 2014, and making corresponding clarifying amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 31, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3092 Commerce and Consumer Protection on S.C.R. No. 34**

The purpose and intent of this measure is to request the Auditor to assess the social and financial impacts of requiring health insurers to offer coverage for hearing aids.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Disability and Communication Access Board, and five individuals.

Your Committee finds that hearing aids can help a person remain connected to others in their community. However, the cost of a hearing aid is prohibitive to the average adult. This cost may be multiplied when several individuals in one family require hearing aids. Mandating health insurance coverage for hearing aids will enhance the ability of persons who are deaf or hard of hearing to function effectively within their community in a cost effective manner.

Your Committee further finds that this measure requests the Auditor to assess the social and financial impacts of requiring health insurers to offer coverage for hearing aids, as proposed under Senate Bill No. 309, S.D. 1 (2013), pursuant to the procedural requirements under sections 23-51 and 23-52, Hawaii Revised Statutes, for legislation proposing mandatory health insurance coverage.

Your Committee additionally finds that the addition of a new mandated health insurance benefit under Hawaii law may trigger Section 1311(d)(3) of the federal Patient Protection and Affordable Care Act of 2010 (Affordable Care Act), which requires states to defray the additional cost of any benefits in excess of the essential health benefits of the state's qualified health plan. Your Committee therefore finds that the impact of the Affordable Care Act on the mandatory health insurance coverage for hearing aids, as proposed by Senate Bill No. 309, S.D. 1 (2013), should be included within the Auditor's impact assessment report.

Accordingly, your Committee has amended this measure by requesting the Auditor to include within the impact assessment report the impact of federal Patient Protection and Affordable Care Act of 2010 requirements if mandated health insurance coverage for hearing aids is implemented in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3093 Commerce and Consumer Protection on S.C.R. No. 35**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide infertility procedure coverage.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawaii and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Catholic Conference.

Your Committee finds that Hawaii has required insurance coverage for the treatment of infertility through in vitro fertilization under certain qualifying conditions since 1987. However, the existing law has a number of shortcomings, including covering only one form of assisted reproductive technology, in vitro fertilization; providing a one-time only benefit; and applying only to an insured's covered spouse. Expanding infertility procedures by requiring non-discriminatory coverage for the treatment of infertility will ensure quality of care in the diagnosis and treatment of infertility for patients in Hawaii.

Your Committee further finds that this measure requests the Auditor to assess the social and financial impacts of requiring health insurers to offer coverage for expanded infertility procedures, as proposed under S.B. No. 2909, S.D. 1 (2014), pursuant to the procedural requirements under sections 23-51 and 23-52, Hawaii Revised Statutes, for legislation proposing mandatory health insurance coverage.

Your Committee notes that the addition of a new mandated health insurance benefit under Hawaii law may trigger Section 1311(d)(3) of the federal Patient Protection and Affordable Care Act of 2010 (Affordable Care Act), which requires states to defray the additional cost of any benefits in excess of the essential health benefits of the state's qualified health plan. Your Committee therefore finds that the impact of the Affordable Care Act on expanded infertility procedures, as proposed by S.B. No. 2909, S.D. 1 (2014), as well as certain other considerations related to expanded coverage for infertility procedures, should be included in the Auditor's impact assessment report.

Accordingly, your Committee has amended this measure by:

- (1) Inserting references to S.B. No. 2909, S.D. 1, Regular Session of 2014;
- (2) Requesting the Auditor to including the following in the impact assessment report:
  - (A) A survey of other states in the country that have implemented a mandate for expanded infertility in vitro fertilization procedures and the social and financial impact of expanded infertility in vitro fertilization procedures in those states;
  - (B) Whether an expansion of infertility in vitro fertilization procedures would constitute benefits that are in excess of the essential health benefits required for health insurance coverage under the Affordable Care Act;
  - (C) Any other impacts or requirements of the Affordable Care Act if a mandate for expanded infertility in vitro fertilization procedures is enacted in Hawaii;

- (D) Research on what is being used as the standard medical definition of “reproductive age” that is best suited for in vitro fertilization procedures and the success rates for different age groups to determine coverage benefit limitations for this covered benefit, including whether different standards of infertility treatments are applied to different age groups in need of infertility treatment;
  - (E) An examination of current medically necessary standards of care used to determine what types of infertility treatment options are available at a more cost effective savings than in vitro fertilization; and
  - (F) An examination of existing technology in infertility procedures and possible future technology for infertility procedures; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 35, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3094 Commerce and Consumer Protection on S.C.R. No. 36**

The purpose and intent of this measure is to recognize and designate the Hawaii Health Information Exchange as the only fully operational, statewide health information exchange operating in Hawaii.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Commerce and Consumer Affairs; Hawai'i Health Information Exchange; Hawaii Health Information Corporation; Health Information Management and Systems Society, Hawaii-Alaska Chapter; and Kaiser Permanente Hawaii.

Your Committee finds that the purpose of the Hawaii Health Information Exchange is to improve health care delivery across Hawaii through a seamless, effective, safe, and secure health information exchange. The Hawaii Health Information Exchange currently fills a very important leadership role in carrying out the health information technology elements of health care transformation and has the potential to do much more as the State's designated nonprofit partner. Your Committee further finds that besides building technical infrastructure, the Hawaii Health Information Exchange supports the adoption and use of health information technology as the trusted, neutral source for expertise and as the convener of health care providers to discuss and align health information technology initiatives.

This measure formally recognizes and designates the Hawaii Health Information Exchange as the only fully operational statewide health information exchange in Hawaii. Such designation will encourage the continued advancement of health care transformation initiatives throughout the State, including the Hawaii Health Information Exchange and State's mutual goal of statewide real-time exchange of electronic patient data.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 36, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 36, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3095 Commerce and Consumer Protection on S.C.R. No. 46**

The purpose and intent of this measure is to request the State Auditor to conduct a sunrise review of the regulation of veterinary technicians and the practice of veterinary technology.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Board of Veterinary Examiners, Hawaii Veterinary Medical Association, and one individual.

Your Committee finds that veterinary technicians are valuable team members of the veterinary profession, where they assist veterinarians and serve other roles in the care and treatment of animals. However, veterinary technicians and the practice of veterinary technology are not presently licensed or regulated in Hawaii. Your Committee further finds that this measure requests the Auditor to perform a sunrise review pursuant to section 26H-6, Hawaii Revised Statutes, on the regulation of veterinary technicians and the practice of veterinary technology, as proposed by Senate Bill No. 2502, S.D. 1, Regular Session of 2014. The Auditor's analysis would set forth the probable effects of the proposed regulatory measure, assess whether its enactment is consistent with section 26H-6, Hawaii Revised Statutes, and assess alternate forms of regulation. Your Committee additionally finds that a sunrise review is the necessary next step toward the licensing and regulation of veterinary technicians and the practice of veterinary technology, which will improve the level of care for animals in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Wakai, Slom).

**SCRep. 3096 Health on S.C.R. No. 40**

The purpose and intent of this measure is to establish an advance health care directive working group to:

- (1) Explore strategies to ensure all adults execute an advance health care directive; and
- (2) Submit a report of its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from Hospice Hawaii.

Your Committee finds that an advance health care directive is a premade set of instructions concerning decisions about a person's medical treatment and health issues if the person is later unable to make medical decisions. Your Committee further finds that when adults have advance health care directives, there is greater certainty for hospitals and other health care facilities regarding the appropriate medical treatment of individuals consistent with their medical preferences.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3097 (Joint) Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs on H.B. No. 1770**

The purpose and intent of this measure is to honor and recognize Hawaii's residents who have served in the armed forces by allowing applicants for a driver's license or state identification card who are veterans to have their veteran status added to the information on these forms of identification.

Your Committee received testimony in support of this measure from the State Office of Veterans Services, Department of Customer Services of the City and County of Honolulu, The Chamber of Commerce, and Veterans of Foreign Wars of the United States. Your Committee received testimony in opposition to this measure from the Department of Transportation.

Your Committee finds that United States Armed Services veterans frequently carry their discharge or separation papers to prove that they are veterans. Forty-seven states have already passed some type of legislation to include veteran status on the state's driver's licenses or on a separate card. This measure honors Hawaii's veterans by allowing veterans to have their veteran status added to the front of their driver's license or state identification card.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Transportation and International Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1770, H.D. 1, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

Transportation and International Affairs

Ayes, 9. Noes, none. Excused, none.

**SCRep. 3098 Transportation and International Affairs on Gov. Msg. No. 509**

Recommending that the Senate advise and consent to the nomination of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 509 CHARLES HIRATA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Charles Hirata to possess the requisite qualifications to be nominated to the State Highway Safety Council.

Your Committee received testimony in support of the nomination of Charles Hirata from the Department of Transportation, Maui Department of the Prosecuting Attorney, Office of the Prosecuting Attorney of the County of Kaua'i, and three individuals.

Charles Hirata is retired from the Maui Police Department after more than thirty-two years of service. Mr. Hirata served in various positions of the Maui Police Department, including patrol, traffic (commander), theft, gambling, dispatch (supervisor), crime reduction unit (supervisor), and crime investigation (detective). He is a graduate of Maui Community College with Associate's degrees in Liberal Arts and Administration of Justice. Mr. Hirata also graduated from the Federal Bureau of Investigation National Academy, 205th Session, in June 2001. He has received numerous awards, including a 1996 Law Enforcement Award from Mothers Against Drunk Driving, a 2001 Hawaii State Legislature Resolution for contributions to the improvement of traffic safety, 2001 Alaka'i Award for Leadership in Traffic Safety in Hawaii, and 2007 Public Safety Award from the National Highway Traffic Safety Administration.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Slom).

**SCRep. 3099 Transportation and International Affairs on Gov. Msg. No. 510**

Recommending that the Senate advise and consent to the nomination of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 510 BYRON FUJIEDA, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Byron Fujieda to possess the requisite qualifications to be nominated to the State Highway Safety Council.

Your Committee received testimony in support of the nomination of Byron Fujieda from the Department of Transportation, Office of the Public Defender, Maui Department of the Prosecuting Attorney, County of Hawai'i Office of the Prosecuting Attorney, County of Kaua'i Office of the Prosecuting Attorney, and one individual.

Byron Fujieda is a Deputy Prosecuting Attorney with the County of Maui. He received a Juris Doctorate degree from Gonzaga University School of Law and a Bachelor of Arts degree from the University of Hawaii at Manoa. Mr. Fujieda also served as Law Clerk to the Honorable John C. Bryant, and he was a Hawaii State House Finance Committee Staff Researcher. He has extensive training and experience in prosecuting traffic and drug cases, among other prosecutorial areas.

More specifically, Mr. Fujieda's legal background, when combined with his work experiences on safety issues over the last ten years, will provide the Council with a unique blend of skillsets to further the mission and objectives of the Council.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Slom).

**SCRep. 3100 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 80**

The purpose and intent of this measure is to request the Drug Enforcement Administration to remove marijuana from federal schedule I, in recognition of the currently accepted practice in Hawaii and other states of using marijuana for medical treatment purposes.

Your Committee received testimony in support of this measure from the Department of Health, Americans for Safe Access, Community Alliance on Prisons, Drug Policy Action Group, Epilepsy Foundation of Hawaii, Hawaii Standard and Green Futures, and thirty-nine individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department. Your Committee received comments on this measure from five individuals.

Your Committee finds that under the federal Controlled Substances Act, scheduling under schedule I requires several findings, one of which is that the drug or controlled substance has no currently accepted medical use in treatment in the United States. Marijuana does not meet the criteria of a federal schedule I controlled substance because using marijuana for medical treatment purposes is authorized in Hawaii and in other states. The Drug Enforcement Administration, by enforcing an obsolete regulation that classifies marijuana as a federal schedule I controlled substance and ignoring the currently accepted medical use of marijuana in treatment that exists in Hawaii and other states, is preventing Hawaii from creating a state regulated distribution system that complies with federal law. Removing marijuana from federal schedule I will allow Hawaii to create a state regulated distribution system that will let patients purchase marijuana for medical use.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 37 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3101 Public Safety, Intergovernmental and Military Affairs on S.R. No. 37**

The purpose and intent of this measure is to request the Drug Enforcement Administration to remove marijuana from federal schedule I, in recognition of the currently accepted practice in Hawaii and other states of using marijuana for medical treatment purposes.

Your Committee received testimony in support of this measure from the Department of Health, Americans for Safe Access, Community Alliance on Prisons, Drug Policy Action Group, Epilepsy Foundation of Hawaii, Hawaii Standard and Green Futures, and thirty-nine individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department. Your Committee received comments on this measure from five individuals.

Your Committee finds that under the federal Controlled Substances Act, scheduling under schedule I requires several findings, one of which is that the drug or controlled substance has no currently accepted medical use in treatment in the United States. Marijuana does not meet the criteria of a federal schedule I controlled substance because using marijuana for medical treatment purposes is authorized in Hawaii and in other states. The Drug Enforcement Administration, by enforcing an obsolete regulation that classifies marijuana as a federal schedule I controlled substance and ignoring the currently accepted medical use of marijuana in treatment that exists in Hawaii and other states, is preventing Hawaii from creating a state regulated distribution system that complies with federal law. Removing marijuana from federal schedule I will allow Hawaii to create a state regulated distribution system that will let patients purchase marijuana for medical use.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 37 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3102      Judiciary and Labor on S.C.R. No. 110**

The purpose and intent of this measure is to request the Hawaii Labor Relations Board to conduct an investigation into the grievance arbitration process in public collective bargaining.

Your Committee received testimony in support of this measure from the Hawaii Labor Relations Board. Your Committee received testimony in opposition to this measure from the University of Hawaii Professional Assembly; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the grievance arbitration process under a public collective bargaining agreement is intended to maintain labor stability and peace during the term of a contract between public employers and employees. The grievance arbitration process should be a simplified system that provides a quick, just, and cost-effective resolution to conflicts between public employers and employees. However, the existing labor arbitration process has become dominated by the advocacy of attorneys, which has unnecessarily formalized the entire hearing process, complicated and lengthened its completion time, increased its attendant costs, and created a more adversarial environment. This measure requests the Hawaii Labor Relations Board to conduct an investigation into the grievance arbitration process in public collective bargaining to make findings and recommendations to improve labor arbitrations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 110, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Ihara).

**SCRep. 3103      Judiciary and Labor on S.R. No. 59**

The purpose and intent of this measure is to request the Hawaii Labor Relations Board to conduct an investigation into the grievance arbitration process in public collective bargaining.

Your Committee received testimony in support of this measure from the Hawaii Labor Relations Board. Your Committee received testimony in opposition to this measure from the University of Hawaii Professional Assembly; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the grievance arbitration process under a public collective bargaining agreement is intended to maintain labor stability and peace during the term of a contract between public employers and employees. The grievance arbitration process should be a simplified system that provides a quick, just, and cost-effective resolution to conflicts between public employers and employees. However, the existing labor arbitration process has become dominated by the advocacy of attorneys, which has unnecessarily formalized the entire hearing process, complicated and lengthened its completion time, increased its attendant costs, and created a more adversarial environment. This measure requests the Hawaii Labor Relations Board to conduct an investigation into the grievance arbitration process in public collective bargaining to make findings and recommendations to improve labor arbitrations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 59, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 59, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Galuteria, Ihara).

**SCRep. 3104      Hawaiian Affairs on S.C.R. No. 118**

The purpose and intent of this measure is to urge the Department of Hawaiian Home Lands to:

- (1) Submit a report to the Legislature regarding its policy to develop rental properties for occupancy by its beneficiaries; and
- (2) Ensure that its beneficiaries will not lose their place on the homestead waitlist while residing in a Department of Hawaiian Home Lands' rental.

Your Committee received testimony in support of this measure from the Association of Hawaiian Civic Clubs and Waimanalo Hawaiian Homes Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that more than 26,000 individual applicants are on the Department of Hawaiian Home Lands' waitlist. Many beneficiaries on the waitlist are low income and must first establish credit to qualify for a mortgage on a homestead lease. In addition, many beneficiaries with homestead leases are unable to pay their mortgages and are in default. Your Committee concludes that, to

alleviate the extensive beneficiary waitlist, the Department of Hawaiian Home Lands may find value in creating a transitional rental property program to house beneficiaries without permitting the beneficiaries' position on the waitlist to be jeopardized if they enter into the rental property program.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3105 (Joint) Higher Education and Judiciary and Labor on S.C.R. No. 116**

The purpose and intent of this measure is to request the Hawaii Access to Justice Commission to convene a working group to develop an educational loan repayment program for graduates of the William S. Richardson School of Law to expand opportunities for graduates to pursue public interest careers in the State that directly serve underserved communities.

Your Committees received testimony in support of this measure from the William S. Richardson School of Law, Hawai'i Access to Justice Commission, Community Alliance on Prisons, and one individual.

Your Committees find that the Hawaii Access to Justice Commission's (Commission) mission is to increase access to justice in civil matters for low- and moderate-income residents. The Commission has found that one of the reasons for the disparity in access to the judicial system is the insufficient number of attorneys in the State who choose to practice public interest law.

Your Committees further find that there are not enough new lawyers that are able to practice public interest law due to accumulated educational debt incurred, the high cost of living in Hawaii, and the low compensation for public interest work compared to other practice areas.

This measure will establish a working group to develop an educational loan program for graduates of the William S. Richardson School of Law to expand opportunities for graduates to pursue public interest careers in the State that directly serve underserved communities. In establishing such a program, Hawaii would join the federal government and twenty-six other jurisdictions nationwide that have loan repayment assistance programs to encourage lawyers to pursue public interest work.

Your Committees note that in the future, the Legislature may wish to examine whether similar loan repayment programs should be extended to other educational disciplines for which there is a need to encourage public interest work in disadvantaged and underserved areas.

Your Committees would also encourage Hawaii's congressional delegation to examine whether federal loan repayment programs could be expanded to include other disciplines as well.

As affirmed by the records of votes of the members of your Committees on Higher Education and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 116 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Higher Education  
Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 3 (Ige, Kidani, Tokuda).  
Judiciary and Labor  
Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Galuteria, Ihara).

**SCRep. 3106 (Joint) Education and Health on S.C.R. No. 126**

The purpose and intent of this measure is to encourage the Department of Education, in collaboration with the Department of Health, to develop nutritionally sound public school menu plans that give students the option of low-fat, plant-based, and high-fiber entrees as part of a school lunch meal.

Your Committees received testimony in support of this measure from the Department of Health and four individuals. Your Committees received comments on this measure from the Department of Education.

Your Committees find that many of Hawaii's children are either overweight or at risk of becoming overweight. Many children consume too much saturated fat and sodium and do not get enough fiber, whole grains, fruits, or vegetables. Since many children get half their daily calories at school, this measure will provide children the opportunity to lower the risk of becoming overweight and developing certain health conditions by providing low-fat, plant-based, and high-fiber entrees as part of school lunch meals.

As affirmed by the records of votes of the members of your Committees on Education and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 126 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.  
Education  
Ayes, 4. Noes, none. Excused, 1 (Slom).  
Health  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3107 (Joint) Human Services and Health on S.C.R. No. 79**

The purpose and intent of this measure is to prevent a one year delay in rebasing of the prospective payment system rates for intermediate care facilities for individuals with intellectual disabilities that serve Medicaid recipients by:

- (1) Requesting the Department of Human Services to perform the rebasing for the fiscal year ending June 30, 2016, to be effective July 1, 2015, and using cost reports from providers from the base year ending June 30, 2013; and
- (2) Urging the Director of Health to include sufficient funding to cover any increase in basic prospective payment system rates resulting from the rebasing in its 2015-2017 biennium budget.

Your Committees received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, The Arc in Hawaii, ARC of Maui County, Hawaii Disability Rights Center, and forty-three individuals. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that, especially due to suspended annual inflation adjustments and increased costs of workers' compensation insurance, a one year delay in rebasing of prospective payment rates would be a significant financial burden for operators of intermediate care facilities for individuals with intellectual disabilities that serve Medicaid recipients. According to section 17-1739.2-17, Hawaii Administrative Rules, the Department of Human Services is required to perform a rebasing using updated cost report data so that basic prospective payment system rates are recalculated every eight years at minimum. Your Committees received testimony from the Department of Human Services indicating a willingness to rebase the prospective payment system rates for operators of intermediate care facilities to be effective July 1, 2015, so long as the Department of Health provides the funding necessary to cover the rebasing.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 79 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services

Ayes, 4. Noes, none. Excused, 1 (Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3108 Human Services on S.C.R. No. 48**

The purpose and intent of this measure is to encourage compliance with section 26H-6, Hawaii Revised Statutes, by requesting that the Auditor conduct an analysis of the probable effects of licensing and regulating clean and sober homes as proposed in S.B. No. 2587, Regular Session of 2014.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that the Clean and Sober Homes and Halfway Houses Task Force identified a need to improve the operation of group homes. While some homes are well-run, others are overcrowded and not well-managed. Your Committee further finds that creating standards in this unregulated industry will increase the quality of service provided by the operators of clean and sober homes, increase the number of homes that maintain appropriate living conditions, provide guidance to home operators about what is expected of them, and provide consumers with a framework on what to expect from these services. Finally, your Committee finds that this measure supports the State's continued efforts to provide a stable living environment for individuals struggling with substance abuse.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 3109 (Joint) Health and Education on S.C.R. No. 76**

The purpose and intent of this measure is to:

- (1) Request the Superintendent of Education and the Director of Health to convene a working group to assess whether children in Hawaii who are deaf or severely hard of hearing and who choose the aural/oral route of communication receive proper training and support to learn spoken language skills;
- (2) Request the working group to assess whether a gap in education and health care exists for children who are deaf or severely hard of hearing such that they do not adequately receive the guidance of therapists who are trained in the field of oral speech therapy and that children are given the accommodations required by law for their schooling; and
- (3) Require the working group submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committees received testimony in support of this measure from the Department of Health, Department of Education, State Council on Developmental Disabilities, and five individuals.

Your Committees received testimony in opposition to this measure from the Aloha State Association of the Deaf.

Your Committees find that the Rehabilitation Act of 1973 protects the rights of individuals with disabilities to access programs and services that are supported by federal funds. Since public schools receive federal funds, they must provide a free education in the least restrictive environment to students with physical impairments.

Your Committees further find that for children who are seriously hard of hearing or deaf, some of the accommodations that the State is required to provide under these laws are access to least restrictive environments, including carpeted rooms and tiles on the ceiling to absorb sound, and individual education programs to establish a specific course of action for these children's education. This measure will support children in Hawaii who are hard of hearing or deaf and may not be receiving adequate educational opportunities that are legally afforded to them.

Your Committees have amended this measure by:

- (1) Removing the requirement that the working group submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 76, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 76, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

Education

Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3110 Health on S.C.R. No. 123**

The purpose and intent of this measure is to:

- (1) Encourage the Department of Health to establish a Fetal Alcohol Spectrum Disorder Interagency Coordinating Council within the Family Health Services Division to coordinate and develop fetal alcohol spectrum disorder information, education, policies, and support services; and
- (2) Require the Council to submit its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that fetal alcohol spectrum disorder is the umbrella term used to describe a range of disorders caused by prenatal alcohol exposure. Your Committee further finds that alcohol exposure during pregnancy produces the most serious neurobehavioral effects in the fetus. This measure will increase awareness about fetal alcohol spectrum disorder, expand the capacity of the State to identify at-risk women, and facilitate a statewide strategic plan addressing fetal alcohol spectrum disorder.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 123 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

**SCRep. 3111 Health on S.R. No. 65**

The purpose and intent of this measure is to:

- (1) Encourage the Department of Health to establish a Fetal Alcohol Spectrum Disorder Interagency Coordinating Council within the Family Health Services Division to coordinate and develop fetal alcohol spectrum disorder information, education, policies, and support services; and
- (2) Require the Council to submit its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that fetal alcohol spectrum disorder is the umbrella term used to describe a range of disorders caused by prenatal alcohol exposure. Your Committee further finds that alcohol exposure during pregnancy produces the most serious neurobehavioral effects in the fetus. This measure will increase awareness about fetal alcohol spectrum disorder, expand the capacity of the State to identify at-risk women, and facilitate a statewide strategic plan addressing fetal alcohol spectrum disorder.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 65 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

**SCRep. 3112 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 97**

The purpose and intent of this measure is to request the Department of Health to:

- (1) Provide food safety workshops or classes on all islands for persons with temporary food establishment permits;
- (2) Provide copies of its food safety administrative rules to consumers and interested stakeholders;
- (3) Convene a Cottage Food Business Working Group composed of representatives from the Department of Health and the cottage food industry; and
- (4) Submit a report of the Cottage Food Business Working Group's findings, recommendations, and any proposed legislation to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committees received testimony in support of this measure from the Hawaii Farm Bureau, Local Food Coalition, and two individuals. Your Committees received testimony in opposition to this measure from the Department of Health.

Your Committees find that temporary food establishment permits issued by the Department of Health for cottage food businesses are invaluable for local entrepreneurship and the establishment of a local, sustainable food industry. Your Committees further find that food safety workshops or classes available on all islands would be beneficial to home cooks who wish to grow their cottage food businesses. This measure will support public health, as well as the local food movement that has become very popular in Hawaii.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 97, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 97, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Nishihara).

Commerce and Consumer Protection

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Nishihara).

**SCRep. 3113 Health on S.R. No. 15**

The purpose and intent of this measure is to establish an advance health care directive working group to:

- (1) Explore strategies to ensure all adults execute an advance health care directive; and
- (2) Submit a report of its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from Hospice Hawaii.

Your Committee finds that an advance health care directive is a premade set of instructions concerning decisions about a person's medical treatment and health issues if the person is later unable to make medical decisions. Your Committee further finds that when adults have advance health care directives, there is greater certainty for hospitals and other health care facilities regarding the appropriate medical treatment of individuals consistent with their medical preferences.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 15 and recommends that it be referred to the Committee on Judiciary and Labor.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3114 (Joint) Transportation and International Affairs and Education on S.C.R. No. 68**

The purpose and intent of this measure is to request the Department of Transportation to maximize the use of federal funds under the safe routes to school program.

Your Committees received testimony in support of this measure from Hawai'i Pacific Health, Kauai Path, Inc., Hawaii Bicycling League, Cycle On Hawaii, and four individuals. Your Committees received testimony in opposition to this measure from the Department of Transportation. Your Committees received comments on this measure from the Department of Health.

Safe Routes to School is a federally-funded program designed to substantially improve the ability of primary and middle school students to bike and walk to and from school safely. The purpose of the safe routes to school program in Hawaii is also to promote walking and bicycling to and from school, encourage elementary and middle school aged children to be physically active, and prevent childhood obesity.

Your Committees are concerned for the safety of children and want to ensure that projects of the Department of Transportation that are located adjacent to schools include pedestrian safety and traffic calming measures. Your Committees find that the Department of Transportation may not be using federal grants to the maximum extent possible for traffic safety projects in school zones. Your Committees believe that sound public policy by the State includes using and maximizing federal funds whenever possible and therefore finds that the State should use federal funds available to supplement projects of the Department of Transportation that are adjacent to schools to enable students to safely walk and bike to and from school.

Your Committees also believe that the Hawaii safe routes to school program should be a federal-state-private entity partnership to maximize federal funding and that the Department of Transportation and Department of Education should encourage private entities to assist in funding the program.

Your Committees have amended this measure by:

- (1) Adding language to request the Department of Transportation and Department of Education to encourage private entities to assist in funding the program as a federal-state-private entity partnership to maximize federal funding;
- (2) Amending the title of the measure to read, "REQUESTING THE DEPARTMENT OF TRANSPORTATION TO MAXIMIZE THE USE OF FEDERAL FUNDS UNDER THE SAFE ROUTES TO SCHOOL PROGRAM, AND REQUESTING THE DEPARTMENT OF TRANSPORTATION AND DEPARTMENT OF EDUCATION TO ENCOURAGE PRIVATE ENTITIES TO ASSIST IN FUNDING THE PROGRAM"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 68, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 68, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs

Education

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 3115 (Joint) Transportation and International Affairs and Education on S.R. No. 33**

The purpose and intent of this measure is to request the Department of Transportation to maximize the use of federal funds under the safe routes to school program.

Your Committees received testimony in support of this measure from Hawai'i Pacific Health, Kauai Path, Inc., Hawaii Bicycling League, Cycle On Hawaii, and four individuals. Your Committees received testimony in opposition to this measure from the Department of Transportation. Your Committees received comments on this measure from the Department of Health.

Safe Routes to School is a federally-funded program designed to substantially improve the ability of primary and middle school students to bike and walk to and from school safely. The purpose of the safe routes to school program in Hawaii is also to promote walking and bicycling to and from school, encourage elementary and middle school aged children to be physically active, and prevent childhood obesity.

Your Committees are concerned for the safety of children and want to ensure that projects of the Department of Transportation that are located adjacent to schools include pedestrian safety and traffic calming measures. Your Committees find that the Department of Transportation may not be using federal grants to the maximum extent possible for traffic safety projects in school zones. Your Committees believe that sound public policy by the State includes using and maximizing federal funds whenever possible and therefore finds that the State should use federal funds available to supplement projects of the Department of Transportation that are adjacent to schools to enable students to safely walk and bike to and from school.

Your Committees also believe that the Hawaii safe routes to school program should be a federal-state-private entity partnership to maximize federal funding and that the Department of Transportation and Department of Education should encourage private entities to assist in funding the program.

Your Committees have amended this measure by:

- (1) Adding language to request the Department of Transportation and Department of Education to encourage private entities to assist in funding the program as a federal-state-private entity partnership to maximize federal funding;
- (2) Amending the title of the measure to read, "REQUESTING THE DEPARTMENT OF TRANSPORTATION TO MAXIMIZE THE USE OF FEDERAL FUNDS UNDER THE SAFE ROUTES TO SCHOOL PROGRAM, AND REQUESTING THE DEPARTMENT OF TRANSPORTATION AND DEPARTMENT OF EDUCATION TO ENCOURAGE PRIVATE ENTITIES TO ASSIST IN FUNDING THE PROGRAM"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 33, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 33, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Espero, Solomon, Slom).

Education

Ayes, 3. Noes, none. Excused, 2 (Kidani, Slom).

**SCRep. 3116 Transportation and International Affairs on S.C.R. No. 122**

The purpose and intent of this measure is to request the Department of Transportation to immediately correct the defects of the vehicle safety inspection decals, hold accountable the contractor that developed the decals, and develop protocols that will ensure quality control standards of its programs.

Your Committee received comments on this measure from the Department of Transportation.

A vehicle inspection certificate is issued for and a vehicle safety inspection decal is affixed to a vehicle that has passed a safety inspection. Your Committee finds that the current vehicle safety inspection decals that were approved for use by the Department of Transportation can easily be altered by using common items like acetone-based nail polish remover. Your Committee finds that the ability to alter vehicle safety inspection decals allows individuals to change or erase expiration dates and makes it difficult for law enforcement to enforce vehicle safety inspections. This measure requests immediate action to correct this issue.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Keith-Agaran). Noes, none. Excused, 4 (Espero, Gabbard, Solomon, Slom).

**SCRep. 3117 (Joint) Technology and the Arts and Transportation and International Affairs on S.C.R. No. 57**

The purpose and intent of this measure is to support a bid to the Council of Pacific Arts and Culture for Hawaii to host the 2020 Festival of Pacific Arts.

Your Committees received testimony in support of this measure from the Hawaii Tourism Authority, Kali'ula Foundation/Na Kini Kailua, and thirteen individuals.

Your Committees find that the Festival of Pacific Arts was established in 1972 to maintain the traditional cultural practices of the nations in Oceania and to encourage younger generations to learn from their elders and the masters of the arts. The Festival is a traveling event that allows nations in Oceania to showcase, share, and exchange their indigenous cultures and is hosted every four years by a different nation in Oceania. The Council of Pacific Arts and Culture selects the host country based on the principles of equitable opportunity, by rotating the Festival among nations that have never hosted. While Hawaii has participated in every Festival, it has never hosted the Festival. Hawaii has sizable populations from nations in Oceania, a large tourist market, and experience hosting cultural events. Hosting the Festival of Pacific Arts would also provide an economic boost to the State.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts and Transportation and International Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 57 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Slom).

Transportation and International Affairs

Ayes, 5. Noes, none. Excused, 4 (Espero, Gabbard, Solomon, Slom).

**SCRep. 3118 (Joint) Economic Development, Government Operations and Housing and Human Services on S.C.R. No. 108**

The purpose and intent of this measure is to request the High Technology Development Corporation to establish a geriatric research and technology park in central Oahu.

Your Committees received comments on this measure from the Hawaii Housing Finance and Development Corporation and High Technology Development Corporation.

Your Committees find that age is the single most important factor in understanding health status and the need and demand for health care resources. Since statehood, Hawaii's elderly population as a percentage of the total state population has increased three-fold, from roughly five percent in 1960 to fifteen percent in 2012.

Your Committees further find that Wahiawa provides one of the top senior care service programs. Aged to Perfection is an adult day care center providing elders with social activities, meals, and general supervision, drawing interns from top universities across the country, including the University of Hawaii, University of Southern California, and University of Arizona. Establishing an economic hub for the geriatric industry may attract new businesses and technologies to provide jobs for Oahu communities, including central Oahu, as well as products and services for neighboring geriatric facilities and programs.

Your Committees have amended this measure by:

- (1) Requesting that the High Technology Development Corporation establish a working group, rather than a geriatric research and technology park, with the Executive Office on Aging and Wahiawa General Hospital to establish a geriatric research and technology park in central Oahu;
- (2) Directing the working group, rather than the Board of Directors of the High Technology Development Corporation, to administer the geriatric research and technology park;
- (3) Inserting language to include an aging and disability resource center as a component of long-term care objectives for the geriatric research and technology park;
- (4) Requesting the Board of Directors of the High Technology Development Corporation to develop the geriatric research and technology park in consultation with the Executive Office on Aging, Wahiawa General Hospital, and working group, rather than the Aging and Disability Resource Center, Aged to Perfection, and the Hawaii Housing Finance and Development Corporation; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 108, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 108, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 5. Noes, none. Excused, 2 (English, Slom).

Human Services  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3119 (Joint) Economic Development, Government Operations and Housing and Human Services on S.R. No. 54**

The purpose and intent of this measure is to request the High Technology Development Corporation to establish a geriatric research and technology park in central Oahu.

Your Committees received comments on this measure from the Hawaii Housing Finance and Development Corporation and High Technology Development Corporation.

Your Committees find that age is the single most important factor in understanding health status and the need and demand for health care resources. Since statehood, Hawaii's elderly population as a percentage of the total state population has increased three-fold, from roughly five percent in 1960 to fifteen percent in 2012.

Your Committees further find that Wahiawa provides one of the top senior care service programs. Aged to Perfection is an adult day care center providing elders with social activities, meals, and general supervision, drawing interns from top universities across the country, including the University of Hawaii, University of Southern California, and University of Arizona. Establishing an economic hub for the geriatric industry may attract new businesses and technologies to provide jobs for Oahu communities, including central Oahu, as well as products and services for neighboring geriatric facilities and programs.

Your Committees have amended this measure by:

- (1) Requesting that the High Technology Development Corporation establish a working group, rather than a geriatric research and technology park, with the Executive Office on Aging and Wahiawa General Hospital to establish a geriatric research and technology park in central Oahu;
- (2) Directing the working group, rather than the Board of Directors of the High Technology Development Corporation, to administer the geriatric research and technology park;

Human Services  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3120 (Joint) Economic Development, Government Operations and Housing and Human Services on S.C.R. No. 99**

The purpose and intent of this measure is to request various government entities, private sector housing developers, and community organizations to collaborate and produce a comprehensive statewide housing plan.

Your Committees received testimony in support of this measure from the State Council on Developmental Disabilities and Hawaii Primary Care Association. Your Committees received comments on this measure from the Hawaii Housing Finance and Development Corporation, Hawaii Community Development Authority, and Building Industry Association of Hawaii.

Your Committees find that housing is a serious and immediate concern for many Hawaii residents. The lack of available land, low wage positions coupled with the high cost of living, the high cost of construction, and shortage of public funds are some of the factors that have contributed to one of the lowest rates of home ownership in the country and a strong need for affordable rental housing. Addressing Hawaii's housing needs will be a challenge because of the sheer number of units needed to meet demand and the various barriers that can prevent development and preservation of needed affordable housing. A coordinated effort between government agencies involved in housing, the private sector, and community organizations is necessary to make the most substantial and effective progress toward addressing Hawaii's housing crisis.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 99 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 5. Noes, none. Excused, 2 (English, Slom).

Human Services  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3121 Water and Land on S.R. No. 80**

The purpose and intent of this measure is to urge the Board of Land and Natural Resources to not reissue a direct lease to the University of Hawaii for the Mauna Kea Science Reserve, among other related lease matters.

Your Committee did not receive any testimony on this measure.

Prior to a hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which expresses legislative support for Hawai'i's bid to host the 2016 World Conservation Congress of the International Union for Conservation of Nature.

Your Committee received testimony in support of the proposed S.D. 1 from the Department of Land and Natural Resources, University of Hawai'i System, Hawai'i Lodging & Tourism Association, The Nature Conservancy, Pacific Marketing Corporation, Kewalo Marine Lab, Honua Consulting, National Tropical Botanical Garden, Coordinated Group on Alien Pest Species, Enterprise Honolulu, Hawaii 2016 World Conservation Congress Alliance, and six individuals.

Your Committee finds that the International Union for Conservation of Nature (IUCN) is a democratic membership union composed of more than one thousand two hundred government and non-governmental organizations and almost eleven thousand volunteer scientists in more than one hundred sixty countries. The IUCN World Conservation Congress convenes every four years. Attendees and active participants include world leaders, leaders in policy and conservation, scientists, academics, experts in alternative energy, indigenous peoples, the business community, prominent world citizens, and Nobel laureates.

Your Committee further finds that Hawai'i is a global leader in sustainability and biocultural conservation. Hawai'i actively participates with the IUCN through the leadership of Hawai'i's seven member organizations -- the Hawai'i Conservation Alliance, Bernice Pauahi Bishop Museum, National Tropical Botanical Garden, Polynesian Voyaging Society, Office of Hawaiian Affairs, Harold L. Lyon Arboretum, and Kamehameha Schools.

The Hawai'i International Union for Conservation of Nature 2016 World Conservation Congress Committee has been working for six years to bring the 2016 IUCN World Conservation Congress to Hawai'i. If the 2016 IUCN World Conservation Congress were held in Hawai'i, Hawai'i would have a priceless opportunity to display its natural and cultural diversity to the world.

Your Committee notes its concern about the funding mechanism for this Congress. Testimony indicated that passage of this measure is critically urgent as a prerequisite for final site selection scheduled in May 2014. If Hawaii is chosen, funding will be obtained primarily through federal agencies, which the State is pursuing, as well as through private entities, which Enterprise Honolulu is pursuing.

Your Committee has amended this measure by adopting the proposed S.D. 1.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 80, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 80, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Ruderman, Shimabukuro, Taniguchi).

**SCRep. 3122 Water and Land on S.C.R. No. 144**

The purpose and intent of this measure is to urge the Board of Land and Natural Resources to not reissue a direct lease to the University of Hawaii for the Mauna Kea Science Reserve, among other related lease matters.

Your Committee did not receive any testimony on this measure.

Prior to a hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which expresses legislative support for Hawai'i's bid to host the 2016 World Conservation Congress of the International Union for Conservation of Nature.

Your Committee received testimony in support of the proposed S.D. 1 from the Department of Land and Natural Resources, University of Hawai'i System, Hawai'i Lodging & Tourism Association, The Nature Conservancy, Pacific Marketing Corporation, Kewalo Marine Lab, Honua Consulting, National Tropical Botanical Garden, Coordinated Group on Alien Pest Species, Enterprise Honolulu, Hawaii 2016 World Conservation Congress Alliance, and six individuals.

Your Committee finds that the International Union for Conservation of Nature (IUCN) is a democratic membership union composed of more than one thousand two hundred government and non-governmental organizations and almost eleven thousand volunteer scientists in more than one hundred sixty countries. The IUCN World Conservation Congress convenes every four years. Attendees and active participants include world leaders, leaders in policy and conservation, scientists, academics, experts in alternative energy, indigenous peoples, the business community, prominent world citizens, and Nobel laureates.

Your Committee further finds that Hawai'i is a global leader in sustainability and biocultural conservation. Hawai'i actively participates with the IUCN through the leadership of Hawai'i's seven member organizations -- the Hawai'i Conservation Alliance, Bernice Pauahi Bishop Museum, National Tropical Botanical Garden, Polynesian Voyaging Society, Office of Hawaiian Affairs, Harold L. Lyon Arboretum, and Kamehameha Schools.

The Hawai'i International Union for Conservation of Nature 2016 World Conservation Congress Committee has been working for six years to bring the 2016 IUCN World Conservation Congress to Hawai'i. If the 2016 IUCN World Conservation Congress were held in Hawai'i, Hawai'i would have a priceless opportunity to display its natural and cultural diversity to the world.

Your Committee notes its concern about the funding mechanism for this Congress. If Hawaii is chosen, funding will be obtained primarily through federal agencies, which the State is pursuing, as well as through private entities, which Enterprise Honolulu is pursuing.

Your Committee has amended this measure by adopting the proposed S.D. 1.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 144, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 144, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Ruderman, Shimabukuro, Taniguchi).

**SCRep. 3123 Water and Land on S.C.R. No. 77**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement, covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for seawall and rock revetment purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that a seawall and rubble rock revetment encumber approximately 2,387 square feet, of which is a portion of state submerged lands seaward of Tax Map Key: (2) 3-9-012:004. On May 18, 2006, the Office of Conservation and Coastal Lands of the Department of Land and Natural Resources determined that allowing the encroachment to remain through the issuance of an easement would have no adverse impact on natural resources, including beach resources and public access. On June 10, 2010, under agenda item D-10, the Board of Land and Natural Resources granted an amended approval for a fifty-five year term, non-exclusive easement to a private trust. This measure provides legislative approval pursuant to section 171-53, Hawaii Revised Statutes, for the issuance of the easement.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 77, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Dela Cruz, Ruderman, Taniguchi).

**SCRep. 3124 (Joint) Water and Land and Hawaiian Affairs on S.R. No. 72**

The purpose and intent of this measure is to request the Department of Land and Natural Resources to designate the Royal Order of Kamehameha as the konohiki of Ka'awaloa to have oversight and management of Ka'awaloa and to formulate a master plan for Ka'awaloa.

Your Committees received testimony in support of this measure from the Office of the Kalaimoku; Office of the Ali'i 'Aimoku, Royal Order of Kamehameha I; Office of the Alii'aimoku, Moku O Kona; Royal Order of Kamehameha I Moku O Kahala, Chapter 9; and one individual. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources and Aha Moku Advisory Committee.

Your Committees find that Ka'awaloa was the vibrant village and home of Kalaniopu'u, the ruling chief of Hawaii in 1778, and it was also where Captain Cook anchored his two sailing vessels in the offshore waters of Kealahou Bay to engage and learn about life in the islands and restock food and water supplies.

The State of Hawaii provides a special designation to Iolani Palace and the Royal Mausoleum under the administration of the Division of State Parks. Ka'awaloa should be viewed as the predecessor of Iolani Palace, having been the ancient seat of governance for the ruling chief of the islands in 1778.

Your Committees further find that the Royal Order of Kamehameha, a Hawaii nonprofit entity, is broadly recognized and acknowledged throughout Hawaii as the preeminent leader, responsible for sustaining Hawaii's ancient traditions, obligations, and duties in perpetuity for all future generations. The Royal Order of Kamehameha continues to observe and preserve the ancient traditions, rituals, and customs of Hawaii's ancient leaders and understands the sensitivities, protocols, and cultural nuances that are essential to the historical and cultural underpinnings of the State of Hawaii.

Your Committees are concerned about the management aspect of Ka'awaloa. Your Committees believe it is critically important for the area to have a master plan that can be overseen by a knowledgeable entity. The Aha Moku Advisory Committee, created by section 171-4.5, Hawaii Revised Statutes, is ideal for this undertaking. Created by Act 288, Session Laws of Hawaii 2012, the Committee has made great strides in fulfilling that part of its mandate to integrate indigenous resource management practices with

western management practices in each moku, as well as to identify a comprehensive set of indigenous practices for natural resource management.

Your Committees have amended this measure by:

- (1) Adding language to request the Department of Land and Natural Resources to explore the possibility of leasing the Ka'awaloa land to the nonprofit Royal Order of Kamehameha for a nominal sum;
- (2) Adding the Aha Moku Advisory Committee to the entities that the Royal Order of Kamehameha is requested to consult in the formulation of the Master Plan;
- (3) Amending the title of the measure to read, "REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO DESIGNATE THE ROYAL ORDER OF KAMEHAMEHA AS THE KONOHIKI OF KA'AWALO A TO HAVE OVERSIGHT AND MANAGEMENT OF KA'AWALO A, TO FORMULATE A MASTER PLAN FOR KA'AWALO A, AND TO EXPLORE THE POSSIBILITY OF LEASING THE KA'AWALO A LAND TO THE NONPROFIT ROYAL ORDER OF KAMEHAMEHA"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 72, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 72, S.D. 1.

Signed by the Chair and Majority Leader on behalf of the Committees.

Water and Land

Ayes, 5; Ayes with Reservations (Ruderman). Noes, none. Excused, 4 (Dela Cruz, Galuteria, Shimabukuro, Taniguchi).

Hawaiian Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3126 (Joint) Water and Land and Hawaiian Affairs on S.R. No. 71**

The purpose and intent of this measure is to request the Kaho'olawe Island Reserve Commission (Commission) to plan for the development of its Kihei property to provide a sense of place that reflects the culture, history, and tradition of Native Hawaiians.

Your Committees received testimony in support of this measure from the Kaho'olawe Island Reserve Commission and two individuals.

Your Committees find that in 2000, the Commission prepared an environmental assessment to evaluate the potential impacts of the Commission's long-term plan for the subject property, including an office and information center, boathouse and storage facility, and native Hawaiian plant nursery. A Finding of No Significant Impact was published in May 2000, which allowed the boathouse project to proceed.

According to testimony of the Commission, the Commission envisions its Kihei site as the future gateway to Kaho'olawe, allowing both residents and visitors to learn about the Kaho'olawe Island Reserve and eventually to visit the island. The long-term plans for the site consist of a new office and information center that will house the Commission's permanent offices. The Commission's current offices are located in leased spaces in the Wailuku Industrial Area.

Your Committees believe that the proposed new office and information center should have a sense of place to reflect the culture, history, and tradition of Native Hawaiians, as the purposes for which the Kaho'olawe Island Reserve is to be used, pursuant to section 6K-3, Hawaii Revised Statutes, include the preservation and practice of all rights customarily and traditionally exercised by native Hawaiians for cultural, spiritual, and subsistence purposes, and preservation and protection of the Reserve's archaeological, historical, and environmental resources.

As affirmed by the records of votes of the members of your Committees on Water and Land and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 71 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chair and Majority Leader on behalf of the Committees.

Ayes, 3; Ayes with Reservations (Kidani). Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3127 (Joint) Water and Land and Hawaiian Affairs on S.C.R. No. 135**

The purpose and intent of this measure is to request the Kaho'olawe Island Reserve Commission (Commission) to plan for the development of its Kihei property to provide a sense of place that reflects the culture, history, and tradition of Native Hawaiians.

Your Committees received testimony in support of this measure from the Kaho'olawe Island Reserve Commission and two individuals.

Your Committees find that in 2000, the Commission prepared an environmental assessment to evaluate the potential impacts of the Commission's long-term plan for the subject property, including an office and information center, boathouse and storage facility, and native Hawaiian plant nursery. A Finding of No Significant Impact was published in May 2000, which allowed the boathouse project to proceed.

According to testimony of the Commission, the Commission envisions its Kihei site as the future gateway to Kaho'olawe, allowing both residents and visitors to learn about the Kaho'olawe Island Reserve and eventually to visit the island. The long-term plans for the site consist of a new office and information center that will house the Commission's permanent offices. The Commission's current offices are located in leased spaces in the Wailuku Industrial Area.

Your Committees believe that the proposed new office and information center should have a sense of place to reflect the culture, history, and tradition of Native Hawaiians, as the purposes for which the Kaho'olawe Island Reserve is to be used, pursuant to section 6K-3, Hawaii Revised Statutes, include the preservation and practice of all rights customarily and traditionally exercised by native Hawaiians for cultural, spiritual, and subsistence purposes, and preservation and protection of the Reserve's archaeological, historical, and environmental resources.

As affirmed by the records of votes of the members of your Committees on Water and Land and Hawaiian Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 135 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chair and Majority Leader on behalf of the Committees.

**SCRep. 3128 Water and Land on S.C.R. No. 78**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Lanikai, Koolauapoko, Oahu, for rock blanket and revetment purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that a single-family dwelling, along with a non-conforming shoreline protection structure as identified by the City and County of Honolulu Department of Planning and Permitting, was built on a certain lot in 1966, and there exists a rock blanket located seaward of the seawall and within lands designated as a conservation district. The Office of Conservation and Coastal Lands has determined that there is insufficient evidence to find whether the rock blanket was constructed prior to the adoption and administration of land use regulations for conservation districts by the Board of Land and Natural Resources in 1964.

On October 11, 2013, under agenda item D-4, the Board of Land and Natural Resources approved the request of Global Spring Management Hawaii, LLC, the owners of the lot, for a non-exclusive easement, pending the payment of an appraised fair market value for the easement. This measure provides legislative approval pursuant to section 171-53, Hawaii Revised Statutes, for the issuance of the easement.

Your Committee has amended this measure by:

- (1) Amending the title of the measure to read, "AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KAILUA, KOOLAUPOKO, OAHU, FOR ROCK BLANKET AND REVETMENT PURPOSES."; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 78, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 78, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Dela Cruz, Ruderman, Taniguchi).

**SCRep. 3129 Water and Land on S.C.R. No. 146**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Niu, Honolulu, Oahu, for the use, maintenance, repair, replacement, and removal of an existing concrete pad, ladder, steps, and rock walls and for the use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that an existing concrete pad, ladder, steps, and rock walls were placed on state submerged lands fronting property identified as Tax Map Key: (1) 3-7-002: seaward of 045, Niu, Honolulu, Oahu.

On February 14, 2014, under agenda item D-15, the Board of Land and Natural Resources approved a grant of a fifty-five year non-exclusive easement to resolve the encroachments on the subject property.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Dela Cruz, Ruderman, Taniguchi).

**SCRep. 3130 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.C.R. No. 107**

The purpose and intent of this measure is to request the Department of Accounting and General Services and Chief Information Officer to work with the High Technology Development Corporation to establish a public safety technology campus and cyber security command center.

Your Committees received testimony in support of this measure from the Department of Public Safety, Department of Accounting and General Services, Office of Information Management and Technology, City and County of Honolulu Emergency Medical Services, and one individual. Your Committees received comments on this measure from the High Technology Development Corporation.

Your Committees find that the State currently has low quality data centers that are not fulfilling the capacity, reliability, and security needs of various departments. There are over thirty data centers that are poorly secured and unmanned more than sixty-five percent of the time, exposing the State to the possibility of significant physical and cyber security breaches. Furthermore, some of these data center facilities are aging and located in inundation zones. However, the Office of Information Management and Technology has the ability to oversee the design, construction, and operation of a new secure data center that can house the State's centralized computing resources and key staff in a location away from flood and tsunami hazard zones. There are one hundred fifty acres of land for sale in central Oahu that allow for greater power reliability through the availability of electrical feeds. The establishment of a public safety

technology campus and cyber security command center in central Oahu will improve the reliability, availability, and capabilities of the State's data processing and communications infrastructure.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 107 and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Tokuda).

**SCRep. 3131 (Joint) Public Safety, Intergovernmental and Military Affairs and Technology and the Arts on S.R. No. 53**

The purpose and intent of this measure is to request the Department of Accounting and General Services and Chief Information Officer to work with the High Technology Development Corporation to establish a public safety technology campus and cyber security command center.

Your Committees received testimony in support of this measure from the Department of Public Safety, Department of Accounting and General Services, Office of Information Management and Technology, City and County of Honolulu Emergency Medical Services, and one individual. Your Committees received comments on this measure from the High Technology Development Corporation.

Your Committees find that the State currently has low quality data centers that are not fulfilling the capacity, reliability, and security needs of various departments. **SCRep. 3132 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 120**

The purpose and intent of this measure is to modernize the State's correctional facilities by requesting the Department of Public Safety to enter into a public-private partnership agreement for the planning, design, and construction of new or renovated correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of the Attorney General, Department of Land and Natural Resources, Department of Accounting and General Services, Department of Budget and Finance, Department of the Prosecuting Attorney of the City and County of Honolulu, and Laborers Union Local 368. Your Committee received testimony in opposition to this measure from Community Alliance on Prisons, Hawaii Friends of Justice and Civic Education, Ohana Ho'opakele, Malu 'Aina, and forty-three individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and one individual.

Your Committee finds that the Department of Public Safety operates seven correctional facilities in the State. These correctional facilities have not been significantly expanded since 1987, when the Halawa Medium Security Facility was opened. All seven of these facilities are in need of modernization or expansion to meet the State's correctional needs. Under existing law, the Governor may enter into and execute contracts with a private entity to construct correctional facilities to be leased or purchased for the benefit of the State. A public-private partnership agreement for the construction of new statewide correctional facilities that may include reentry centers, reporting centers, treatment centers, and halfway homes, to be owned and operated by the State and its counties, will assist the State in meeting the challenges of providing adequate inmate housing, services, and programs.

Your Committee has amended this measure by:

- (1) Amending the title to read, "URGING THE GOVERNOR TO ENTER INTO A PUBLIC-PRIVATE PARTNERSHIP AGREEMENT FOR A NEW SYSTEM OF CORRECTIONAL FACILITIES THAT MAY INCLUDE REENTRY CENTERS, REPORTING CENTERS, TREATMENT CENTERS, PRISONS, JAILS, AND HALFWAY HOMES, TO BE OWNED AND OPERATED BY THE STATE AND ITS COUNTIES";
- (2) Inserting additional language regarding the State's mainland prisoners, existing correctional facilities, prison population, and potential federal intervention to further explain the State's need for a new system of correctional facilities;

- (3) Inserting additional language that the Department of Public Safety has not provided a concrete plan to rebuild the prisons and jails in response to the burgeoning prison system crisis;
- (4) Inserting additional language that no later than July 1, 2018, the Governor is urged to achieve the goal of bringing home all of the State's prisoners that are incarcerated on the mainland;
- (5) Inserting additional language that the public-private partnership be in accordance with the Justice Reinvestment Act and that a minimum of seventy percent of the repayment costs for the new system of correctional facilities be paid for through cost savings and efficiencies;
- (6) Inserting additional language regarding the public-private partnership's duties and proposals;
- (7) Inserting additional language that no later than May 31, 2014, the relevant state departments put out a request for proposals to the prison building industry;
- (8) Inserting additional language that no later than December 31, 2014, the State select a private partner to accomplish the goal of providing Hawaii with a new system of correctional facilities; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 120, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Green, Slom). Noes, none. Excused, 1 (Galuteria).

**SCRep. 3133 Public Safety, Intergovernmental and Military Affairs on S.R. No. 63**

The purpose and intent of this measure is to modernize the State's correctional facilities by requesting the Department of Public Safety to enter into a public-private partnership agreement for the planning, design, and construction of new or renovated correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of the Attorney General, Department of Land and Natural Resources, Department of Accounting and General Services, Department of Budget and Finance, Department of the Prosecuting Attorney of the City and County of Honolulu, and Laborers Union Local 368. Your Committee received testimony in opposition to this measure from Community Alliance on Prisons, Hawaii Friends of Justice and Civic Education, Ohana Ho'opakele, Malu 'Aina, and forty-three individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and one individual.

Your Committee finds that the Department of Public Safety operates seven correctional facilities in the State. These correctional facilities have not been significantly expanded since 1987, when the Halawa Medium Security Facility was opened. All seven of these facilities are in need of modernization or expansion to meet the State's correctional needs. - (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 63, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 63, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Green, Slom). Noes, none. Excused, 1 (Galuteria).

**SCRep. 3134 (Joint) Energy and Environment and Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 74**

The purpose and intent of this measure is to request an examination of the advance disposal fee program by the Department of Health and an audit of the advance disposal fee program and the environmental management special fund by the Auditor.

Your Committees received testimony in support of this measure from the Hawaii Liquor Wholesalers Association, Wine Institute, and two individuals. Your Committees received comments on this measure from the Department of Health.

Your Committees find that the cost of recycling non-deposit glass containers exceeds the revenue that the State collects through the 1.5 cent fee imposed on each of these glass containers through the Department of Health's advance disposal fee program. The advance disposal fee is deposited into the environmental management special fund, and the counties receive approximately ninety percent of the revenue deposited into the fund and establish the amount that they pay glass recyclers for accepting recyclable glass from the counties. The counties report that they commonly exhaust the advance disposal fee revenue before the end of each fiscal year. The high cost of shipping and the relatively low revenue from scrap glass are major causes of the advance disposal fee program's deficit. Requiring that the advance disposal fee cover the entire cost of shipping scrap glass to recyclers would cause consumers to pay for shipping glass containers both to and from the State.

Your Committees further find that before requiring consumers to pay a higher disposal fee, the existing recycling program, including the use of state funds by the counties, should be examined to determine whether the advance disposal fee program is the most cost-effective way to handle recyclable glass, and how costs may be reduced.

Your Committees have amended this measure by:

- (1) Requesting the Department of Health to convene a task force or working group to examine local alternatives to shipping glass out of State, determine the feasibility and costs of such local alternatives compared to shipping the glass out of State, and recommend any changes to the advance disposal fee, rather than having the Department meet with the respective counties and other stakeholders to examine the advance disposal fee program;
- (2) Clarifying the request to the Auditor to conduct an audit of the advance disposal fee program;
- (3) Deleting language that references the environmental management special fund;
- (4) Inserting language to request that the Department of Health include certain representatives in the task force or working group;
- (5) Inserting language to request the Department of Health to submit the findings and recommendations of the task force or working group to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015;
- (6) Deleting language that requested the Auditor to include in the audit of the advance disposal fee program an examination of local alternatives to shipping glass containers out of the State for recycling, the use of glass as landfill cover or in roadway asphalt, and whether these programs would be environmentally and economically prudent alternatives;
- (7) Deleting language that requested the Auditor to confer with affected businesses in preparing the audit;
- (8) Amending the title of the measure to read, "REQUESTING THE DEPARTMENT OF HEALTH TO CONVENE A TASK FORCE OR WORKING GROUP TO EXAMINE LOCAL ALTERNATIVES TO SHIPPING GLASS OUT OF STATE, DETERMINE THE FEASIBILITY AND COSTS OF SUCH LOCAL ALTERNATIVES COMPARED TO SHIPPING THE GLASS OUT OF STATE, AND RECOMMEND ANY CHANGES TO THE ADVANCE DISPOSAL FEE AND REQUESTING THE AUDITOR TO CONDUCT AN AUDIT OF THE ADVANCE DISPOSAL FEE PROGRAM"; and
- (9) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 74, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.C.R. No. 74, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 3135 Water and Land on S.C.R. No. 56**

The purpose and intent of this measure is to authorize the issuance of a lease covering a portion of state submerged lands at Piers 24 to 26 in Honolulu Harbor, Oahu, for Pacific Shipyards International.

Your Committee received testimony in support of this measure from Pacific Marine, Navatek Ltd., and numerous individuals. Your Committee received comments on this measure from the Department of Transportation and one individual.

Your Committee finds that Pacific Shipyards International, which operates the only commercial ship repair facility in Honolulu Harbor, is being relocated by the State from Pier 41 to Piers 24 to 26. Submerged lands for property bound by Piers 24 to 26 are contemplated to be used for shipyard drydock operations and vessels under repair as part of the lease agreement.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56 and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 3 (Dela Cruz, Ruderman, Taniguchi).

**SCRep. 3136 Health on Gov. Msg. Nos. 606, 607, 608, 609, 610, 611, and 612**

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

- G.M. No. 606 PETER FRITZ, for a term to expire 6-30-2017;
- G.M. No. 607 LUCY MILLER, for a term to expire 6-30-2018;
- G.M. No. 608 BARBARA FISCHLOWITZ-LEONG, for a term to expire 6-30-2017;
- G.M. No. 609 LYNN MURAKAMI-AKATSUKA, for a term to expire 6-30-2018;
- G.M. No. 610 GLENN NAKAMURA, for a term to expire 6-30-2018;
- G.M. No. 611 MICHAEL OKAMOTO, for a term to expire 6-30-2018; and
- G.M. No. 612 ANTHONY RIECKE-GONZALES, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Peter Fritz, Lucy Miller, Barbara Fischlowitz-Leong, Lynn Murakami-Akatsuka, Glenn Nakamura, Michael Okamoto, and Anthony Riecke-Gonzales to possess the requisite qualifications to be nominated to the Disability and Communication Access Board.

PETER FRITZ

Your Committee received testimony in support of the nomination of Peter Fritz from the Disability and Communication Access Board; D'Amato and Maloney, LLC; and two individuals.

Mr. Fritz attended the Master of Laws program in taxation at the University of Miami and received a Juris Doctorate degree from New York Law School. Mr. Fritz also received a Bachelor of Science degree from Willamette University.

Mr. Fritz serves as counsel for the Assistive Technology Resource Centers of Hawaii. Additionally, Mr. Fritz has served one term on the Disability and Communication Access Board and currently serves as the Chair. According to his statement, Mr. Fritz shares the Board's mission of ensuring that people with disabilities are valued equally and participate fully in the community.

Your Committee finds that Mr. Fritz has been instrumental in raising awareness relating to open and equal access in government, including access to the Internet and digital formats. Your Committee further finds that Mr. Fritz's professional experience practicing as an attorney for over thirty years, as well as his lifelong commitment to advocating for persons with disabilities, will continue to be great assets to the Board.

LUCY MILLER

Your Committee received testimony in support of the nomination of Lucy Miller from the Disability and Communication Access Board.

Dr. Miller received a Doctor of Philosophy degree in Educational Psychology from Brigham Young University, a Master of Arts degree in Special Education Administration from California State University, Northridge, and a Bachelor of Arts degree in Political Science from the University of California, Berkeley. Dr. Miller is licensed in Marriage and Family Therapy in Hawaii and California.

Dr. Miller is an active family therapist on Kauai. She has served in many capacities on the Disability and Communication Access Board, including serving as the immediate past Vice Chair, as well as representing the deaf and hard of hearing community. Your Committee finds that Dr. Miller's background, experience, and commitment to serving individuals with disabilities qualify her for reappointment to the Disability and Communication Access Board.

BARBARA FISCHLOWITZ-LEONG

Your Committee received testimony in support of the nomination of Barbara Fischlowitz-Leong from the Disability and Communication Access Board.

Ms. Fischlowitz-Leong received a Master of Arts degree in Education from George Washington University and Bachelor of Arts degrees in English and Sociology from Elmhurst College. She also studied in the doctoral program in Education at the University of Hawaii at Manoa.

Ms. Fischlowitz-Leong currently serves as the Executive Director and Chief Executive Officer of Assistive Technology Resource Centers of Hawaii. Ms. Fischlowitz-Leong has served in many capacities on the Disability and Communication Access Board and currently serves as the Legislative Chairperson. She also served as Chair of the Board for two years, as well as serving as a member on the Executive Committee.

Your Committee finds that Ms. Fischlowitz-Leong is familiar with the full array of technological advancements that can assist individuals with disabilities to be more independent in the community. She is very involved as a strong community advocate for equal access for individuals with disabilities and supports the changing use of technology to provide access in areas such as adaptive computers, web access, reading, and daily living activities.

Your Committee finds that Ms. Fischlowitz-Leong's background, commitment to serving the community, and proven experience qualify her for reappointment to the Disability and Communication Access Board.

#### LYNN MURAKAMI-AKATSUKA

Your Committee received testimony in support of the nomination of Lynn Murakami-Akatsuka from the Disability and Communication Access Board, Community Children's Council of Hawaii, and one individual.

Ms. Murakami-Akatsuka received a Master of Public Health degree in Community Health Education and a Bachelor of Science degree in Human Development from the University of Hawaii at Manoa. She also completed graduate work in Public Health Education at the University of North Carolina at Chapel Hill.

Ms. Murakami-Akatsuka currently serves as a Planner V for the Hansen's Disease Branch of the Department of Health's Communicable Disease Division. Prior to this position, Ms. Murakami-Akatsuka served as a Planner V for the Department of Health's Developmental Disabilities Division. Ms. Murakami-Akatsuka's important roles in the Department of Health have given her a broad perspective on policy issues.

Your Committee finds that Ms. Murakami-Akatsuka has consistently supported the rights of students with disabilities and their families to a free, appropriate education and strongly advocates for policies that promote the inclusion of families of individuals with disabilities. Upon review of the testimony, your Committee finds that Ms. Murakami-Akatsuka's background, experience, and commitment qualify her for reappointment to the Disability and Communication Access Board.

#### GLENN NAKAMURA

Your Committee received testimony in support of the nomination of Glenn Nakamura from the Disability and Communication Access Board.

Mr. Nakamura attended Leeward Community College. He also received training at the California College of Dental Technicians. Mr. Nakamura served as the Hawaii Operations Manager for Grocery Outlet, Inc., and retired in 2004 following a diagnosis of muscular dystrophy.

Mr. Nakamura has been extremely active on the Disability and Communication Access Board's Standing Committee on Parking. As a person with a disability and user of accessible parking spaces, he is a strong advocate for enforcement and appropriate stall design.

According to Mr. Nakamura's statement, he is eager to work with the Disability and Communication Access Board to facilitate the State's efforts to comply with the Americans with Disabilities Act and civil rights laws. With over twenty years of management experience, as well as personal experience with relevant issues, your Committee finds that Mr. Nakamura is qualified for reappointment to the Disability and Communication Access Board.

#### MICHAEL OKAMOTO

Your Committee received testimony in support of the nomination of Michael Okamoto from the Disability and Communication Access Board.

Mr. Okamoto received a Bachelor of Architecture degree from the University of Hawaii at Manoa. He currently serves as a Principal at Next Design, LLC.

Your Committee finds that Mr. Okamoto is a licensed architect with a strong knowledge base of the Americans with Disabilities Act Accessibility Guidelines and Federal Fair Housing Accessibility Guidelines. According to Mr. Okamoto, accessibility has always been an integral part to all of his design projects.

Mr. Okamoto currently serves as Vice Chair of the Disability and Communication Access Board. With over twenty-one years of experience in architecture and planning, your Committee finds that Mr. Okamoto's background, commitment to serving his community, and proven experience qualify him for reappointment to the Disability and Communication Access Board.

#### ANTHONY RIECKE-GONZALES

Your Committee received testimony in support of the nomination of Anthony Riecke-Gonzales from the Disability and Communication Access Board.

Mr. Riecke-Gonzales attended the College of San Mateo and the University of Hawaii at Manoa. He holds a Bachelor of Architecture.

Your Committee finds that Mr. Riecke-Gonzales has been a very active member of the Disability and Communication Access Board in the dual capacity of a licensed architect and the only representative from the County of Maui. As a licensed professional architect, Mr. Riecke-Gonzales has been working in Hawaii for over twenty-five years on residential and commercial projects, from conceptual design through construction.

According to testimony, Mr. Riecke-Gonzales has brought a fresh perspective to the Disability and Communication Access Board, with real world insight into the design and construction process for state and county buildings, facilities, and sites. Your Committee therefore recommends that Mr. Riecke-Gonzales be reappointed to the Disability and Communication Access Board based on his experience, dedication, and commitment to providing access for individuals with disabilities.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3137 Hawaiian Affairs on Gov. Msg. No. 512**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 512 DOREEN GOMES, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Doreen Gomes to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination of Doreen Gomes from the Department of Hawaiian Home Lands, Waimanalo Hawaiian Homes Association, and thirty-five individuals.

Ms. Gomes received her Associate's degree in General Studies from the University of Phoenix. Among other businesses, she has worked for the Hawaiian Telephone Company, Hawaiian Telcom, and Kula Hospital. She is currently a Building Permits Router for Palekana Permitting and Planning.

Ms. Gomes has been serving on the Hawaiian Homes Commission since December as an interim appointee. She is a Hawaiian homelands lessee in Maui and has a wealth of experience in community leadership, project management, non-profit organizations, and small businesses. Ms. Gomes is President-Elect of the Maui Native Hawaiian Chamber of Commerce, a non-profit organization whose mission is to promote and sustain Hawaiian values and culture and enhance the socio-economic status of Native Hawaiians. Previously, she served on the Waiohuli Hawaiian Homesteaders Association Board, Boys & Girls Club of Maui Board, Maui County Police Commission, and Maui County Fire and Public Safety Commission. Ms. Gomes is highly respected in her community and known for her integrity, loyalty, and dedication to her community. Ms. Gomes has a keen knowledge of the concerns, challenges, and opportunities faced by homesteaders and will be an asset to the Hawaiian Homes Commission.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Kidani).

**SCRep. 3138 Hawaiian Affairs on Gov. Msg. No. 526**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF OAHU

G.M. No. 526 THOMAS SHIRAI, JR., for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Thomas Shirai, Jr., to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Island of Oahu.

Your Committee received testimony in support of the nomination of Thomas Shirai, Jr., from the Office of Hawaiian Affairs, Aukahi, and two individuals.

Mr. Shirai served in the United States Coast Guard from 1981 to 1990. For his service, he received the United States Coast Guard Medal, Commendation Medal, and Commandant's Letter of Commendation. Mr. Shirai is an active member of his community and currently serves on the North Shore Neighborhood Board 27 and as a Cultural Advisor for the Mokule'ia Community Association. He currently serves on the Ka'ena Point Advisory Group as a Cultural Delegate and previously served on the Office of Hawaiian Affairs' Native Hawaiian Historic Preservation Council; and the Island Burial Council, Island of Oahu. He is a staunch advocate for the protection of iwi kupuna and will be a valuable asset to the Island Burial Council, Island of Oahu, as the Waialua regional representative.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Kidani).

**SCRep. 3139 (Joint) Water and Land and Hawaiian Affairs on H.B. No. 1618**

The purpose and intent of this measure is to require at least one member of the Board of Land and Natural Resources, other than the member with a background in conservation and natural resources, to have demonstrated expertise in native Hawaiian traditional and customary practices.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and seven individuals.

Your Committees find that the Department of Land and Natural Resources is obligated under the Hawaii State Constitution to preserve and protect the exercise of traditional and customary native Hawaiian rights. Therefore, it would be of great value to have a member on the Board of Land and Natural Resources to have expertise in this area to provide guidance on natural resource protection and management decisions.

Your Committees have amended this measure by clarifying that the requirement for the one member to have demonstrated expertise in native Hawaiian traditional and customary practices is to ensure assistance to the Board of Land and Natural Resources to better administer the public lands and resources with respect to native Hawaiian issues and concerns, the public land trust obligations, and the recognition of native Hawaiian cultural values that are intrinsically tied to the 'aina.

As affirmed by the records of votes of the members of your Committees on Water and Land and Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1618, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1618, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

Hawaiian Affairs

Ayes, 4. Noes, none. Excused, 1 (Hee).

**SCRep. 3140 Ways and Means on H.B. No. 1700**

The purpose and intent of this measure is to adjust appropriations for the operating and capital budgets of executive branch agencies and programs.

Your Committee received testimony in support of this measure from the Office of the Governor; Office of the Lieutenant Governor; Department of Education; Department of Accounting and General Services; Department of Defense; Department of Taxation; Department of the Attorney General; Department of Commerce and Consumer Affairs; Department of Human Resources Development; University of Hawaii - Government Relations Office; Department of Transportation; Healthcare Transformation - Office of the Governor; State of Hawaii Deferred Compensation Plan Board; Hawaii State Commission on the Status of Women; Hawaii Housing Finance and Development Corporation; Office of Youth Services; Agribusiness Development Corporation; Hawaii Early Intervention Coordinating Council State of Hawaii; Land Agent - Department of Hawaiian Home Lands; Hawaii Tourism Authority; Office of Early Learning - Office of the Governor; Hawaii Public Housing Authority; Crime Victim Compensation Commission; State Public Charter School Commission; County of Kauai Office of the Prosecuting Attorney; County of Hawaii Office of the Mayor; County of Hawaii Office of the Prosecuting Attorney; the Hawaii County Councilmembers for Districts 3 and 9; County of Maui Office of the Mayor; County of Maui Department of Water Supply; City and County of Honolulu Department of the Prosecuting Attorney; Partners in Care; Hawaii Medical Association; A&B Properties Inc.; American Congress of Obstetricians and Gynecologists; The Trust for Public Land; Catholic Charities Hawaii; Hilo Medical Center Foundation; Blue Startups; PICHTR Energy Excelerator; Makai Ocean Engineering Inc.; CyberCom Inc.; Tapiki LLC; Hawaii Fish Company; Hawaii Fashion Incubator; Hawaii Consortium for Medicine and Health; Cardax Inc.; Hyperspective Studios Inc.; Kainalu Ranch; Mana'e Moku; Legal Aid Society of Hawaii; PV Tech; Terasys Technologies; Princeville Utilities Company Inc.; Tissue Genesis; Hawaii Educational Policy Center; Mauna Kea Infrared LLC; Cyanotech; Keahole Point Association; Global Optima Inc.; Hilo Medical Center; Terasys, HI Growth; University of Hawaii Professional Assembly; Leeward Housing Coalition; Japanese Chamber of Commerce and Industry; Oceanit; Hawaii Island Healthcare Alliance; Referentia Systems Incorporated; Financial Planning Hawaii; The Nature Conservancy of Hawaii; Enerdigm Ventures; Hilo Medical Center; Hawaii Island Family Medicine Residency; Hawaii Health Systems; Hilo Medical Center Medical Staff; Spectrum Photonics Inc.; Laborers' International Union of North America Local 368; Ikayzo Inc.; Dragontree Studios; Entrepreneurs Foundation of Hawaii; The Sex Abuse Treatment Center; Pas de Chocolat LLC; Renewable Ocean Energy Inc.; Oahu Army Natural Resources Program - US Army Garrison Hawaii; Ten Tomorrow; Hawaiian Cool Water LLC; 3D Innovations; Allison Izu LLC; The Cut Collective; LiveAction; Hawaii TechWorks; Labels That Talk Ltd.; Technical Research Associates Inc.; Nalukai; Hawaii Operating Engineers Industry Stabilization Fund; Island Film Group; Dev League LLC; Sudokrew LLC; Hawaii Game Management Advisory Commission; National Wild Turkey Federation; Hui for Excellence in Education; TerraSystems Inc.; SEE-RESCUE Corporation; Startup Weekend Honolulu; Slickage Studios LLC; Hawaii Green Growth; Honolulu Makerfaire; Haleakala Ranch; Ka'ono'ulu Ranch; Hawaii TechWorks; Puna Community Medical Center; Bishop Museum; Child and Family Service; YWCA of Kauai; YWCA of Hawaii Island; Ho'ola Lahui Hawai'i; High Technology Development Corporation; Hawaii Food Manufacturers Association; isisHawaii; OrienTech; Kamehameha Schools; PHOCUSED; Hawaii Association for the Education of Youth Children; Hilo Medical Center Foundation; Saturation Point; Ho'okako'o Corporation; The Chamber of Commerce Hawaii; and fifty-one individuals.

Your Committee received testimony in opposition to this measure from Aloha State Association of the Deaf and nineteen individuals.

Your Committee received comments on this measure from the Department of Budget and Finance; Department of Public Safety; Department of Business, Economic Development, and Tourism; Department of Agriculture; Department of Land and Natural Resources; Department of Hawaiian Home Lands; Department of Human Services; Department of Health; Hawaii Strategic Development Corporation; State of Hawaii Office of Planning; Executive Office on Early Learning; Public Utilities Commission; Office of Community Services; State Council on Developmental Disabilities; Hawaii Strategic Development Corporation - HI Growth Initiative; Executive Office on Aging; State Foundation on Culture and the Arts; Domestic Violence Action Center; and seventy-seven individuals.

**PART I. OVERVIEW**

Your Committee has approved a Senate Draft of the executive supplemental budget bill that reduces the operating budget request submitted by the Administration. The Senate Draft appropriates \$105,714,792 in all funds, inclusive of \$41,427,003 in general funds, for fiscal year 2014-2015. The Senate Draft also reduces the appropriation for fiscal year 2013-2014 of all funds by \$92,507,527, the bulk of which is composed of general funds. In addition, the Senate Draft amends an Administration-proposed proviso to lapse, instead of transfer, \$7,000,000 in general funds that are no longer needed for certificate of participation payments (see item 22 in section 4 of the Senate Draft, which adds a section 38.1 to Act 134, Session Laws of Hawaii 2013). The following table displays the results of your Committee’s actions.

	Fiscal Year 2013-14		Fiscal year 2014-15	
	All Funds	Gen. Funds	All Funds	Gen. Funds
Executive Supplemental Request (Including Governor’s Messages)	(53,414,636)	(53,417,636)	273,612,110	200,154,616
Senate Draft Appropriation Adjustment	(39,092,891)	(38,814,391)	(167,897,318)	(158,727,613)
Unneeded COPS Reserve Lapse (See Section 38.1)	(7,000,000)	(7,000,000)	0	0
Net Change	(99,507,527)	(99,232,027)	105,714,792	41,427,003

Your Committee emphasizes that the total general fund reduction to the supplemental budget request in fiscal years 2013-2014 and 2014-2015 exceeds \$200 million.

In the interest of full disclosure, however, your Committee notes that a portion of the \$158.7 million general fund reduction in fiscal year 2014-2015 is taken from programs that the Senate intends to fund through separate bills. A reduction has been made of \$33.5 million to the University of Hawaii for employment costs because the Senate has passed S.B. No. 2816, S.D. 1, which appropriates to the University of Hawaii the same amount for the same purpose. Reductions also have been made of supplemental requests for the Hawaii Invasive Species Council, Kupuna Care, and other senior citizens programs. The Senate has passed joint majority package bills appropriating funds for those programs (see S.B. No. 2343, S.D. 1, and S.B. No. 2346, S.D. 1, H.D. 1).

The net change of the Senate Draft results in an executive budget for fiscal biennium 2013-2015 of the following:

	Fiscal Year 2013-14		Fiscal year 2014-15	
	All Funds	Gen. Funds	All Funds	Gen. Funds
2013 Exec. Budget Act 134	11,819,318,188	6,036,556,466	11,988,000,674	6,123,494,985
Net Change Of Senate Draft	(92,507,527)	(92,232,027)	105,714,792	41,427,003
Total Appropriation	11,726,810,661	5,944,324,439	12,093,715,466	6,164,921,988

As shown in the table above, your Committee has approved an austere supplemental budget. In addition to reducing the Administration’s request for fiscal year 2014-2015, your Committee has reduced general fund appropriations for the current fiscal year 2013-2014 that are not expected to be expended by the lapse date of June 30, 2014. Your Committee has chosen to take this affirmative action to make the savings available for legislative disposition during this Regular Session. If the appropriations were simply allowed to lapse on June 30, 2014, the Legislature would not have the opportunity to place the savings in the carryover balance or a reserve fund or, if deemed necessary, to appropriate the funds in separate bills for high priority programs.

Your Committee also has changed the means of financing for \$287.1 million proposed in the supplemental budget for capital improvement projects from general funds to general obligation bond funds.

**PART II. GENERAL FUND REVENUES**

Your Committee began preparation for an austere supplemental budget long before the convening of the Regular Session of 2014.

From monitoring actual monthly tax collections, your Committee became concerned about a potential shortfall in general fund revenues in fiscal year 2013-2014. Actual general fund tax revenue collections from July to November 2013 were 0.6 per cent less than collections during the same period in the previous fiscal year. Part of the difference was attributable to the diversion of \$55 million of general excise tax revenues to replenish the hurricane reserve trust fund and the timing of transmitting the 0.5 per cent general excise tax surcharge for the rail project to the City and County of Honolulu. Nevertheless, the -0.6 per cent growth was particularly disconcerting when compared against the Council on Revenues’ September 5, 2013, projected general fund tax revenue growth of +4.1 per cent for fiscal year 2013-2014. Each percentage point equated to approximately \$50 million. Logically, the conclusion was that tax revenues would have had to accelerate substantially to meet the Council on Revenues’ then projected +4.1 per cent growth rate for fiscal year 2013-2014.

On January 7, 2014, the Council on Revenues met as required by law. At that meeting, the Council revised its projection of general fund tax revenue growth for fiscal year 2013-2014 from +4.1 per cent to +3.3 per cent. This reduced growth rate resulted in \$43.6

SENATE JOURNAL - STANDING COMMITTEE REPORTS

1296

million less in general fund tax revenues in fiscal year 2013-2014 and, due to compounding, \$49.7 million less in fiscal year 2014-2015. Coincidentally, at the same meeting, the Department of Budget and Finance reported that its estimate of general fund non-tax revenues would increase by \$46.1 million in fiscal year 2013 and \$34.6 million in fiscal year 2014-2015. This estimated non-tax revenue increase offset most of the projected tax revenue decrease. Indeed, the timing of the non-tax revenue change was fortuitous for maintaining the viability of the Administration's financial plan.

Approximately one week later, the Department of Taxation issued its preliminary statement on general fund tax revenue collections in December 2013. The department indicated that collections from July to December 2013 were 0.7 per cent less than the collections during the comparable period in the previous fiscal year.

More alarmingly, general excise and use tax collections were 2.6 per cent less than collections during the comparable period in the previous fiscal year. This lag of general excise tax revenue growth prompted the Administration to express, in the 2013 State Comprehensive Annual Financial Report (at p. 29), that:

Cumulative general fund tax revenues for the first six months of fiscal year 2014 were \$2.6 billion, a decrease of \$18.6 million from the same period last fiscal year. General excise and use tax collections, which are the largest source of revenue and a good measure of economic growth, decreased 2.6% (underscoring added).

For the next month, January 2014, the Department of Taxation's report did not show improvement. General fund tax revenues from July 2013 to January 2014 were 1.1 per cent less than revenues during the comparable period in the previous fiscal year. Moreover, general excise and use tax collections were 2.3 per cent less. Your Committee had hoped that the holiday season would have reversed and then increased the trajectory of revenue growth. That, however, did not occur.

With this fiscal backdrop, the Council on Revenues again met on March 11, 2014. As expected, the Council further reduced the projected general fund tax revenue growth rate for fiscal year 2013-2014. The magnitude of the reduction was great, from 3.3 per cent to 0.0 per cent for fiscal year 2013-2014, from 7.4 per cent to 5.5 per cent for fiscal year 2014-2015, and from 7.7 per cent to 5.0 per cent for fiscal year 2015-2016. At the same meeting, the Department of Budget and Finance reported a slight decline of its general fund non-tax revenues estimate.

Obviously, the Council on Revenues' reduced projections resulted in a major decrease of general fund revenues expected in this and the next fiscal biennium. The following table displays the differences between the Council on Revenues' projections of March 11, 2014 and January 7, 2014, and the cumulative impact.

COUNCIL ON REVENUES -- TAX REVENUES (03/11/14)							
	FY 12-13	FY 13-14	FY 14-15	FY 15-16	FY 16-17	FY 17-18	FY 18-19

DIFFERENCE	0.0	(189.5)	(302.3)	(484.9)	(502.7)	(529.9)	(564.6)
CUMULATIVE IMPACT							
FY 2013-14	NA	(189.5)	(189.5)	(189.5)	(189.5)	(189.5)	(189.5)
FY 2014-15	NA	NA	(302.3)	(302.3)	(302.3)	(302.3)	(302.3)
FY 2015-16	NA	NA	NA	(484.9)	(484.9)	(484.9)	(484.9)
FY 2016-17	NA	NA	NA	NA	(502.7)	(502.7)	(502.7)
FY 2017-18	NA	NA	NA	NA	NA	(529.9)	(529.9)
FY 2018-19	NA	NA	NA	NA	NA	NA	(564.6)
TOTAL	NA	(189.5)	(491.8)	(976.7)	(1,479.4)	(2,009.3)	(2,573.9)

When compared against the Council on Revenues' January 7, 2014, projection, the table indicates that general fund revenues now available for the state budgets are \$189.5 million less in fiscal year 2013-2014 and \$491.8 million less in fiscal year 2014-2015.

Thus, your Committee has developed this Senate Draft of the executive supplemental budget with an extra measure of its usual prudence, sense of responsibility, good judgment, and willingness to make difficult decisions among many competing demands.

Despite the cutbacks from the Administration's original supplemental budget request, your Committee is confident that this Senate Draft funds most of the higher priorities of the executive departments and, more importantly, the priorities of the Senate.

**PART III. ECONOMY**

Your Committee does not believe that the decrease of projected general fund tax revenues represents an economy in jeopardy. Your Committee agrees with both the Department of Business, Economic Development, and Tourism (DBEDT) and University of Hawaii Economic Research Organization (UHERO) that, in general, the economy will continue to grow, but at a slower pace.

DBEDT, in its Quarterly Statistical & Economic Report, 1<sup>st</sup> Quarter 2014, Executive Summary (at page 5), states:

Hawaii's economy is expected to continue positive growth at above 2.0 percent level between 2014 and 2017. Overall, the current DBEDT forecast is slightly less optimistic compared with the previous forecast.

UHERO, in its UHERO State Forecast Update, Public Summary, dated February 28, 2014, (at page 5), states:

Our projections for 2014 growth have been marked down somewhat since our last forecast -- by about half a percent for both jobs and income. Still overall economic performance this year will be better than a disappointing 2013.

**PART IV. OPERATING BUDGET**Accounting and General Services

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$1,506,229 in general funds and adding \$731,357 in non-general funds. The Administration's supplemental budget request was to add \$9,974,039 in general funds and \$652,384 in non-general funds.

Your Committee approves one position and \$87,071 in general funds for school repair and maintenance on the neighbor islands. The position will be stationed in West Hawaii to manage and maintain service level agreement performance requirements. Remaining funds will provide for two existing positions for plumbing work orders and to reduce the backlog of repairs and projects at school facilities.

Your Committee also approves \$366,846 in general funds for utilities to cover projected shortfalls at the Hawaii and Maui Central Services District Offices. Recurring increases in electricity, sewer, and water rates have caused the cost of utilities to outpace custodial budgets. This appropriation provides the necessary funding to meet escalating utility costs and prevent operational deficiencies that could impact the health and safety of the public and staff.

Your Committee also approves \$1,000,000 in general funds to replace existing Windows XP personal computers and migrate from XP to newer operating systems statewide. Because Microsoft will no longer support the Windows XP operating system, these systems are more vulnerable to viruses, malicious attacks, and electronic data losses with limited means for data recovery. The procurement of Windows 7/Windows 8 enterprise licenses will create operational efficiencies and ensure continued support for security patches, technical assistance, and software and content updates from the manufacturer.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$378,973 in special funds and \$1,000 in general funds for salaries in Information Management and Technology Services (AGS130/EG);
- (2) Adding \$200,000 in federal funds for Statewide Voter Registration System (AGS879/OA); and
- (3) Adding one position and \$92,400 in special funds for State Archives Preservation (AGS111/DA).

Agriculture

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$188,269 in general funds and \$1,431,671 in non-general funds. The Administration's supplemental budget request was to add \$4,163,080 in general funds and \$1,219,940 in non-general funds.

Your Committee also approves eight positions and \$188,269 in general funds to address concerns on pesticide use. Five positions will conduct pesticide inspections and maintain pesticide surveillance activities. Two positions will provide pesticide education services to help communities understand the requirements of pesticides regulations. One position will assist in the preparation of enforcement actions to ensure compliance with laws governing the use of pesticides. To further supplement the pesticide regulatory capability, your Committee approves \$400,000 in revolving funds for operating and maintenance costs in the Pesticides Branch.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$410,000 in interdepartmental transfer funds for positions formerly paid with Department of Transportation special funds in Animal Disease Control (AGR132/DC);
- (2) Adding \$265,000 in revolving funds for vehicles and equipment for Molokai Irrigation System in Agricultural Resource Management (AGR141/HA); and
- (3) Adding \$420,000 in revolving funds for payroll shortfall and expenditures for new land, infrastructure, and facilities in Agribusiness Development and Research (AGR161/KA).

Attorney General

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$1,544,387 in general funds and \$1,391,196 in non-general funds. The Administration's supplemental budget request was to add \$5,330,019 in general funds and \$2,126,113 in non-general funds.

Your Committee approves five positions and \$648,713 in interdepartmental transfer funds to establish deputy attorney general positions for various state departments. The deputy attorneys generals will serve the Department of Education, the Office of

Information Management Technology, the Department of Hawaiian Home Lands, the Department of Public Safety, and other departments charged with implementing the federal Patient Protection and Affordable Care Act.

Your Committee also approves \$500,000 in general funds for the litigation fund for special deputies and expert witnesses. This fund will be used to acquire services to represent the State in significant cases including, the State of Hawaii v. Matson, Kalima v. State of Hawaii, and James Dannenberg et al. v. State of Hawaii.

Your Committee also approves \$357,000 in general funds for the creation of a Major Litigation Division to manage cases with substantial cost and exposure. This unit will handle litigation that requires close attention under direct supervision from the Attorney General. The cases handled by this unit may involve policy areas that are complex, confidential, sensitive, or of an emergency nature.

Your Committee also approves one position and \$31,568 in general funds for the Internet Crimes Against Children (ICAC) Task Force. The ICAC Task Force investigates crimes that target children online and promotes public awareness of the dangers of cyber-predators.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$800,000 in other federal funds for anticipated federal awards in State Criminal Justice Information and Identification (ATG231/BC);
- (2) Adding \$200,000 in general funds for the Automated Fingerprint Identification System upgrades and lease financing in State Criminal Justice Information and Identification;
- (3) Adding two positions and \$108,212 in interdepartmental transfer funds for legal representation of the Department of Public Safety (ATG100); and
- (4) Adding one position and \$100,000 in general funds for technology upgrades (ATG100/AA).

#### Budget and Finance

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2013-2014 by reducing \$64,617,636 in general funds and, for fiscal year 2014-2015, reducing its general fund appropriation by \$31,419,389 and adding \$1,082,968 in non-general funds. The Administration's supplemental budget request reduced the department's general fund appropriation for fiscal year 2013-2014 by \$53,417,636 and adjusted the fiscal year 2014-2015 appropriation by reducing its general fund appropriation by \$25,586,719 and adding \$1,246,619 in non-general funds.

Your Committee approves \$15,185,356 in fiscal year 2013-2014 and \$15,292,859 in fiscal year 2014-2015 in general funds for pension accumulation and Social Security/Medicare payments. These appropriations provide for required retirement contributions for the State, Department of Education, and University of Hawaii.

Your Committee also approves \$64,806 in general funds for charter school collective bargaining supplemental agreements. The department did not provide this amount to charter schools because of an errant calculation. This amount was requested under EDN600. However, your Committee more appropriately places the appropriation under BUF101.

#### Business, Economic Development, and Tourism

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$4,135,000 in general funds and \$64,574,288 in non-general funds. The Administration's supplemental budget request was to add \$15,774,353 in general funds and \$64,574,288 in non-general funds.

Your Committee approves \$500,000 in special funds for the advancement and commercialization of new energy technologies in furtherance of clean energy goals set forth by sections 269-92 and 269-93, Hawaii Revised Statutes. The department identified the locally based Energy Excelsior start-up program as an ideal resource for the State to maximize cost effective investments in clean energy production and innovation. These funds will provide leverage with federal and private resources to deploy as investment capital for portfolio companies within the Energy Excelsior, through its parent non-profit, the Pacific International Center for High Technology Research.

Your Committee also approves \$50,000,000 in special funds from Green Energy Market Securitization (GEMS) bond proceeds for the purposes of the Hawaii Green Infrastructure Loan Program, in accordance with section 196-65, Hawaii Revised Statutes. The approval of these funds effectively increases the amount of GEMS bond proceeds available for deployment as green infrastructure loans to a total of \$150,000,000 in fiscal year 2014-2015. Maximum utilization of the proceeds as low-cost capital will expand the loan program to make green infrastructure installations accessible and affordable to more of Hawaii's underserved ratepayers, achieve measurable cost savings, and further Hawaii's clean energy goals.

Your Committee also approves \$3,500,000 in general funds as additional investment capital for the HI Growth Initiative Investment program, administered under the Hawaii Strategic Development Corporation (HSDC). The program blends state, private, and federal funding sources for investment strategies that promote entrepreneurial development, research commercialization, and the creation of Hawaii-based investment funds, effectuating high-wage job opportunities and partnerships with global investment communities.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$160,000 in general funds for the creative lab accelerator program in Creative Industries (BED105);
- (2) Adding \$475,000 in special funds for subject matter expertise for advancement of renewable energy projects in Environment and Energy Development (BED120);
- (3) Adding \$250,000 in special funds for subject matter expertise and technical services for Public Utilities Commission docket activities and stakeholder support in Environment and Energy Development (BED120);

- (4) Adding \$200,000 in special funds for subject matter expertise on performance contracting for state energy projects in Environment and Energy Development (BED120); and
- (5) Adding \$400,000 in general funds for economic studies in Economic Planning and Research (BED130).

#### Commerce and Consumer Affairs

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$3,779,634 in non-general funds. The Administration's supplemental budget request was to add \$95,045 in general funds and \$3,644,670 in non-general funds.

Your Committee approves \$700,000 in special funds for consultants to handle new and complex issues affecting renewable energy initiatives. Consultants will offer additional analysis intended to expedite and facilitate actions critical to Hawaii's utility regulatory efforts.

Your Committee also approves six positions and \$481,124 in special funds for oversight of health plans for the Hawaii Health Connector. Three positions will assist with reviewing premium rates and three positions will assist with reviewing the qualifications of health plans for the Hawaii Health Connector.

Your Committee also approves \$175,000 in special funds to migrate the department's e-mail system from a server-based Lotus Notes platform to a cloud-based Microsoft system. This switch is intended to standardize systems among all departments and agencies.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding two positions and \$263,796 in special funds for the Hawaii Post-Secondary Education Authorization Program (CCA107/1A);
- (2) Adding \$110,000 in trust funds to cover claims and other expenses from the mortgage loan recovery fund in the Division of Financial Institutions (CCA104/BA); and
- (3) Adding \$2,000,000 in trust funds for transfer to the Department of Labor and Industrial Relations for a capital improvement program grant awarded in 2013 to the Hawaii Public Television Foundation (CCA102/FA).

#### Defense

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$1,335,641 in general funds and \$2,477,549 in non-general funds. The Administration's supplemental budget request was to add \$1,884,484 in general funds and \$2,541,356 in non-general funds.

Your Committee approves \$629,295 in general funds and \$967,083 in federal funds for electricity in the Kalaeloa area to cover a projected shortfall. The funds will alleviate increasing electricity costs at Hawaii Army National Guard facilities. Your Committee approves \$602,346 in general funds and \$1,807,041 in federal funds for utilities and custodial services at the three new buildings on the Hawaii Air National Guard campus. Real estate and maintenance costs are anticipated to increase, including costs for grounds, refuse, custodial contract, and supplies.

Your Committee also approves two positions and \$227,200 in federal funds for the Homeland Security Office to coordinate security planning and preparedness activities with all agencies. The positions will oversee the monitoring of threats, evaluation of response exercises, and the administration of planning and preparedness grants.

Your Committee also approves \$104,000 in general funds for equipment at the Keaukaha Military Reservation Building. Since the building is scheduled for occupancy in May 2014, the furnishings will provide essential safety features and a nurturing environment for the attending cadets of the Youth Challenge Academy.

#### Education

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$35,362,656 in general funds and \$1,888,850 in non-general funds. The Administration's supplemental budget request was to add \$42,271,421 in general funds and \$1,888,850 in non-general funds.

##### *Regular Education*

Your Committee approves \$15,000,000 in general funds for the Weighted Student Formula (WSF) in School-Based Budgeting. These funds go directly to schools to provide resources for students. Your Committee reiterates its intent that all funds appropriated for the WSF be expended at the discretion of principals and that their use shall not be directed by the central office.

Your Committee also approves \$9,000,000 in general funds to account for a projected shortfall in the department's utilities budget. This funding will pay for utility shortfalls that resulted from overly optimistic energy savings assumptions for fiscal year 2014-2015 under the department's proposed Energy Efficiency and Sustainability Master Plan. Pilot installations of photovoltaic systems at a number of schools were delayed due to interconnection circuit problems that prevented Hawaiian Electric from issuing net energy metering agreements.

Your Committee also approves \$3,664,694 in general funds to provide Special Education Services to qualifying students up to age twenty-two. On August 28, 2013, the federal Ninth Circuit Court of Appeals ruled that the Individuals with Disabilities Education Act (IDEA) prohibited the State of Hawaii from limiting Special Education availability to persons age twenty and under. This funding will be used to provide a free appropriate public education for eligible students with special needs in compliance with the court ruling.

Your Committee also approves twenty-two temporary positions and \$2,000,000 in general funds to implement the Strive-Hi performance system. Strive-Hi is the foundation of Hawaii's Elementary and Secondary Education Act (ESEA) Waiver, which

replaces measurable objectives and supports of the No Child Left Behind Act (NCLB). The funds and positions appropriated will be used to form Complex Area Support Teams (CAST) that serve schools designated as Focus and Priority under the new Strive-Hi classification. Focus and Priority schools are those that struggle to meet the educational standards outlined in the State's ESEA Waiver.

Your Committee also approves \$2,000,000 in general funds for the restoration of school athletics programs. State funding for athletic programs has been significantly reduced from fiscal year 2008-2009 when \$13,337,483 was allocated for student sports. Currently, fiscal year 2014-2015 allocates \$9,193,798 for athletic programs. Because of the unique geography of Hawaii, reductions in program funding have created additional challenges for neighbor island schools as athletes must travel to compete. Funding cuts have led to smaller rosters, fewer opportunities to attend events, equipment that is worn, and a department-wide athletics staff that is reduced by forty positions. This appropriation will help restore funding to historically budgeted levels.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$600,000 in general funds for the Educator Evaluation System to survey student perception and to certify administrators in the classroom observation framework in Instructional Support (EDN200/GD);
- (2) Adding \$592,000 in general funds for the sabbatical leave program for teachers in Instructional Support (EDN200/GH); and
- (3) Adding \$579,208 in general funds for the Professional Development Management System (PDE3) annual subscription in the State Administration (EDN300/KO).

#### *Libraries*

Your Committee approves \$600,000 in general funds to support operational expenses for fiber optic connectivity at all public libraries. Through a number of Broadband Technology Opportunities Program (BTOP) Grants, the Hawaii State Public Library System has been able to complete a high speed broadband connectivity network that provides public access computing to users statewide. This appropriation will allow the Library System to purchase necessary computer equipment to complete the BTOP initiative and will fund the necessary telecommunication expenses.

Your Committee also approves \$685,000 in general funds for increased electricity costs at all Hawaii State Public Libraries. Over the last six years, rate increases have caused a shortfall in the electricity budget. While the Public Library system has managed to cover additional expenditures under its present operating budget, the costs can no longer be accommodated without negatively impacting library functions.

#### *Charter Schools*

Your Committee approves three positions, \$1,888,850 in federal funds and \$62,000 in general funds for the Public Charter Schools' federal program support staff and federal grants. Of the \$1,888,850 in federal funds received by the State Charter School Commission, \$1,379,600 will be directly transferred out to the schools. The remaining \$509,250 will be used by the Commission to provide resource teachers, fund professional development, and implement school improvement programs.

Your Committee also approves \$217,054 in general funds for per pupil funding for charter school students comparable to regular education students. This amount was calculated using general fund amounts appropriated by the Senate Draft for EDN100, EDN200, EDN300 and EDN400 for fiscal year 2014-2015 and projected student enrollment for the Department of Education and charter schools. The Charter School Commission provided your Committee with an updated projected enrollment of 10,940 students for the 2014-2015 school year. This is a decrease from the 11,350 student projection upon which the supplemental request was developed. Based on these figures, the Senate Draft of the executive supplemental budget provides an average general fund amount for each charter school and regular education student of \$6,260. This increases the average general fund amount for each student for the 2014-2015 school year from the amount of \$6,046 that was calculated during the prior Regular Session.

#### *Early Learning*

The Senate Draft approves \$5,720,208 in general funds for early learning programs under GOV100 to establish school readiness programs. Act 178, Session Laws of Hawaii 2012, repealed the junior kindergarten program and required that, beginning with the 2014-2015 school year, a child must be five years old by July 31 of the school year to attend public school kindergarten. The Department of Education estimated that this would result in approximately 5,100 late-born children being displaced from kindergarten classrooms in school year 2014-2015. This appropriation includes \$4,470,208 to allow an estimated six hundred forty children to attend pre-kindergarten classes in a statewide pilot partnership with the Department of Education. Of this appropriation, \$1,250,000 will allow an additional five hundred children to access alternative pre-school education services through contracts with family child interaction learning providers. This appropriation and an appropriation for the Preschool Open Doors program will provide early learning opportunities for approximately 2,740 children.

#### Hawaiian Home Lands

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by reducing \$146,259,466 in non-general funds. The Administration's supplemental budget request was to add \$5,387,204 in general funds and reduce \$160,976,957 in non-general funds.

Your Committee finds it prudent to wait for the outcome of pending court proceedings to determine what constitutes "sufficient sums" for the department's administrative and operating expenses. Accordingly, the Legislature has appropriated \$9,632,000 in general funds annually for the 2013-2015 fiscal biennium. As such, the findings on pages 19 and 20 in Conference Committee Report No. 105 for H.B. No. 200, H.D. 1, S.D. 1, C.D. 1 (enacted as Act 134, Session Laws of Hawaii 2013) are hereby incorporated by reference.

Your Committee notes that it has approved the reduction of \$146.2 million of the trust fund appropriation for the Department of Hawaiian Home Lands for fiscal year 2014-2015, but denied the reduction of another \$10.8 million for salaries, fringe benefits, and

other current expenses. In essence, your Committee leaves in the Senate Draft a net trust fund appropriation for fiscal year 2014-2015 of \$10.8 million for 81.00 positions and their associated current expenses. Your Committee does not intend that the \$10.8 million net trust fund appropriation be construed as a ceiling prohibiting the Department from expending trust funds above that amount for programs and projects to fulfill its duties. Your Committee finds that the Department has the authority to expend trust funds at its discretion. Your Committee does not intend to intrude into that authority, but has maintained the appropriation of trust funds for personnel in order to display legislative intent regarding the funding of the Department's personnel and other current expenses.

#### Health

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$765,959 in general funds and reducing \$1,912,412 in non-general funds. The Administration's supplemental budget request was to add \$32,549,582 in general funds and reduce \$2,439,857 in non-general funds.

Your Committee approves \$3,256,433 in general funds for the home- and community-based services waiver program administered by the department's Developmental Disabilities Division. Of this amount, \$1,183,384 will address a deficit caused by fiscal year 2011-2012 program review reductions and adjust for projected growth rates and increased service requirements mandated under the Makin Settlement Agreement. The remaining \$2,073,049 in general funds shall provide for anticipated costs that will result from the Korab, et al. v. McManaman, et al. court ruling, as interpreted by the Attorney General, which expands eligibility for waiver services to the developmentally disabled citizens of Compact of Free Association states.

Your Committee approves \$1,232,495 in general funds for Early Intervention Section purchase of services contracts. The state Early Intervention Section is a federal and state mandated program that provides services to support the development of infants and toddlers from birth to three years of age. As a result of prior year reductions-in-force, the Early Intervention Services (EIS) program increased purchase of service (POS) contract expenditures to maintain services impacted by the loss of staff. This has caused recurring deficits in the program's POS funding since fiscal year 2011-2012. The Senate Draft addresses a projected shortfall in fiscal year 2014-2015 and prevents an unlawful diminution of services that may result from insufficient funding.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Transferring thirty-nine positions, seven temporary positions, and \$2,466,158 in general funds within the Developmental Disabilities Division to implement the approved December 2011 reorganization (HTH501);
- (2) Adding \$354,504 in general funds for the State's share of intermediate care facilities in Developmental Disabilities State Match for Title XIX Programs (HTH501/CN);
- (3) Adding \$797,000 in other federal funds for upgrades to the Hawaii criminal background check system in Health Care Assurance (HTH720/MP); and
- (4) Adding \$330,000 in special funds for statewide emergency ambulance services in Emergency Medical Services (HTH730/MQ).

To support community-based programs designed to provide services for all elder persons in the State, your Committee supports appropriations through joint majority package bills, S.B. No. 2346, S.D. 1, H.D. 1/H.B. No. 1713, S.D. 1. These measures include additional funds for kupuna care services, statewide aging and disability resource centers, and the healthy aging partnership program.

#### *Hawaii Health Systems Corporation*

Your Committee approves \$4,520,000 in general funds for fiscal year 2014-2015 for the Hawaii Health Systems Corporation (HHSC). In addition to operational deficiencies and collective bargaining shortfalls, HHSC continues to experience declines in federal reimbursements for Medicaid and Medicare payments. This adjustment is intended to help mitigate the impacts of the Federal Deficit Reduction Act and budget sequestration.

#### Human Services

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$16,383,536 in general funds and \$53,251,273 in non-general funds. The Administration's supplemental budget request was to add \$42,205,825 in general funds and \$81,339,887 in non-general funds.

Your Committee approves \$1,500,000 in general funds to continue the homeless program's Housing First initiative in fiscal year 2014-2015. These funds will be used in conjunction with the Substance Abuse Mental Health Services Administration grant to allow a greater percentage of program resources to go to direct housing costs. This will provide funding for the third year of the Housing First pilot and is expected to afford transitional housing support and stability services to chronic homeless individuals throughout the State.

Your Committee approves \$5,546,076 in general funds and \$2,956,860 in federal funds to adjust monthly foster board rates to the three-tier aged-based system and funding levels cited in the United States Department of Agriculture's (USDA) report Expenditure on Children by Families. The report finds that the monthly cost of raising a child in the urban Western region averages \$576 for children 0-5; \$650 for children 6-11; and \$676 for youth 12-21 years of age. Hawaii's monthly foster care board rate is currently \$529.

Your Committee approves \$3,000,000 in general funds to accommodate the restructured co-payments under the Preschool Open Door Program and to expand the program to an additional four hundred income-eligible children. This is over and above the one thousand two hundred children contemplated by the supplemental budget request. According to the Administration's estimates, the Senate's proposed executive supplemental budget for the Preschool Open Doors program will create affordable early learning opportunities for approximately one thousand six hundred children throughout the State.

Your Committee also approves the transfer of four positions and \$9,191,840 in general funds from the Department of Health's Adult Mental Health Division to the Department of Human Services' Med Quest Division to consolidate payments and services for adults with severe and persistent mental illness (SMI) who are Medicaid eligible. The consolidation of the payment and provision of these

services under Med Quest draws an additional \$1,870,177 in federal matching funds. This will provide more resources to broaden and improve Medicaid-eligible SMI services. Further, administration under a single agency facilitates service continuity and simplifies access to service providers and case management for eligible beneficiaries.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$273,752 in general funds for utility rate increases at Kalaeloa shelters in Homeless Programs (HMS224);
- (2) Adding \$147,147 in general funds for the adult protective services best practices model in Adult and Community Care Services (HMS601);
- (3) Adding \$300,000 in general funds for the Comprehensive Services Center for the deaf, deaf-blind, and hard-of-hearing in Vocational Rehabilitation (HMS802);
- (4) Adding \$450,000 in general funds and \$3,650,000 in federal funds for the KOLEA system in General Support for Health Care Payments (HMS902);
- (5) Adding \$260,000 in general funds and \$260,000 in federal funds for an Asset Verification System for aged, blind, and disabled services in General Support for Health Care Payments (HMS902); and
- (6) Adding \$300,000 in federal funds for outreach services to families and individuals who may qualify for benefits under the Supplemental Nutrition Assistance Program (SNAP) in General Support for Self-Sufficiency Services (HMS903).

#### Labor and Industrial Relations

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$20,372 in general funds and reducing \$33,522,368 in non-general funds. The Administration's supplemental budget request was to add \$896,963 in general funds and reduce \$33,522,368 in non-general funds.

Your Committee approves two positions, \$22,065 in general funds, and \$31,341 in federal funds for the Hawaii Occupational Safety and Health program (HIOSH) to mitigate persistent staffing challenges associated with maintaining staff levels and inspection quotas of federally required benchmarks. Minimal staffing and elevated attrition rates create a constant risk for HIOSH to fall below benchmarks in the event of a vacancy. These two positions will provide the staffing and operational capacity required for HIOSH to remain in compliance with federal requirements and regain the desirable 18e status of the Occupational Safety and Health Act of 1970, to retain the program under state purview.

#### Land and Natural Resources

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$4,172,536 in general funds and \$16,447,741 in non-general funds. The Administration's supplemental budget request was to add \$13,688,226 in general funds and \$12,337,261 in non-general funds.

Your Committee approves eleven temporary positions, \$2,500,000 in general funds, and \$1,000,000 in special funds for the watershed program. These positions and funds work to manage and protect watersheds across the State to ensure long-term fresh water security. The program also reduces flooding, erosion, and damage to reefs and fisheries from runoff as forests are protected and restored.

Your Committee also approves \$4,000,000 in general funds and special funds for the State's 2016 bid to host the International Union for Conservation Nature Congress (IUCN). This is an international convention regarding sustainable resource management, climate change, and nature conservation. If awarded the bid, Honolulu will be the first city in the United States to host the IUCN.

Your Committee also approves twelve temporary positions and \$925,000 in general funds for the Community Fisheries Program. The funds will support the Maui pilot program and expand the program to Hawaii, Kauai, and Oahu. The program has shown results in reducing ocean-related violations on Maui as well as expanding community educational outreach.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$1,300,000 in special funds for information management system redesign and upgrade in Public Land Management (LNR101);
- (2) Adding \$500,000 in special funds for Kauai fire mitigation and reforestation in Forestry Resources Management and Development (LNR172/DA);
- (3) Adding \$577,000 in general funds for personal services, current operating expenses, and equipment in Conservation and Resource Enforcement (LNR405);
- (4) Adding \$1,000,000 in the special funds for Natural Resource Management Protection (LNR407/NA); and
- (5) Adding \$700,000 in special funds for park projects in Parks Administration (LNR806/FI).

The Senate Draft of the executive supplemental budget does not include \$1,000,000 in general funds for the Hawaii Invasive Species Council. Your Committee prefers to appropriate \$5,000,000 in general funds for the Council through a separate joint majority package bill, S.B. No. 2343/H.B. No. 1716.

#### Public Safety

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by reducing \$74,681 in general funds and adding \$127,116 in non-general funds. The Administration's supplemental budget request was to add \$4,099,594 in general funds and \$527,116 in non-general funds.

Your Committee approves twenty positions and \$786,718 in general funds for mental health care in correctional centers. The State was previously subject to a federal Department of Justice settlement dictating the necessary level of mental health care to be provided at Oahu Community Correctional Center. These positions will bring the remainder of the State's correctional facilities up to national standards for mental health treatment as well as reduce the State's liability in providing a minimum level of care.

Your Committee also approves twenty positions and \$519,860 in general funds for suicide and hospital watch at two correctional facilities on Oahu. These positions will provide dedicated adult correction officers to reduce suicides and provide proper security for inmate hospital visits. Dedicated hospital and suicide watch officers will significantly reduce overtime expenses incurred by the department.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$270,000 in general funds for security camera surveillance systems at Oahu, Kauai and Halawa Community Correctional Centers;
- (2) Adding \$125,000 in general funds for central building emergency exit doors in Maui Community Correctional Center (PSD406/EG);
- (3) Adding \$148,500 in general funds for replacement body armor in Sheriff's Division (PSD503/CC); and
- (4) Adding \$200,000 in special funds for the Statewide Automated Victims Information and Notification System in General Administration (PSD900/EA).

#### Taxation

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$751,280 in general funds. The Administration's supplemental budget request was to add \$1,107,028 in general funds.

Your Committee approves \$223,656 in general funds for fourteen positions in various Compliance Offices across the State. Half a year of funding for these positions is currently appropriated. This amount will provide for a full year of salary funding for the positions.

Your Committee also approves \$440,000 in general funds to pay for the costs incurred by the Attorney General's Collection Section on behalf of the department. Under the Memorandum of Understanding with the Attorney General dated May 23, 2013, the department is obligated to pay for the additional costs in order to pursue collection litigation.

#### Transportation

The Senate Draft of the executive supplemental budget adjusts the department's appropriation for fiscal year 2014-2015 by adding \$28,160,892 in non-general funds. The Administration's supplemental budget request was to add \$27,660,892 in non-general funds.

#### *Airports*

Your Committee approves \$6,000,000 in special funds for routine maintenance of the baggage handling and explosives detection system at the Honolulu International Airport and Kahului Airport. The system is required by the Transportation Security Administration (TSA). Improvements will include distribution of electrical power to the lobbies and existing outbound baggage conveyor system and additional system controls to allow TSA to automatically operate and monitor the bags from the on-screen resolution room.

Your Committee also approves \$4,000,000 in special funds for pavement-marking rehabilitation at eight airports. Maintaining the pavement markings is a requirement of the Federal Aviation Administration. Funds will provide human resources and equipment to address areas of failure.

Your Committee also approves \$7,359,000 in special funds to purchase additional Wiki Wiki buses to accommodate international passengers waiting to be transported to the United States Customs Border and Protection at Honolulu International Airport.

#### *Harbors*

Your Committee approves \$1,500,000 in special funds for Honolulu Harbor and Kalaeloa Harbor to expand the storm drain cleaning and pollution control program on Oahu and another \$1,300,000 in special funds for other expenses that may be incurred under the federal Clean Water Act.

Your Committee also approves six positions and \$733,514 in special funds in Harbors Administration to assist with existing clean water regulations. One position in the environmental section will coordinate the Storm Water Management program and ensure compliance with small municipal separate storm water permitting. Two positions in property management will manage statewide commercial harbors systems transactions and inventories. Three positions in the short-range planning unit will assist with Geographic Information System (GIS) development, environmental review compliance of capital improvement program projects, and review of legislation.

#### *Highways*

Your Committee approves \$1,000,000 in special funds to repair all restroom facilities in Aliiimoku Hale. Restrooms at the facility are over fifty years old, and remediation of unsanitary conditions is necessary to ensure the health and safety of its occupants.

Your Committee also approves \$3,300,000 in special funds to implement the Highways Division FAST Accounting System. Through a contract with Ciber, the completion of the new system will address significant limitations in the present accounting system.

Your Committee also approves \$3,000,000 in special funds to establish a national pollutant discharge elimination system and municipal separate storm water system permit for Maui District. Identified as an urbanized area since May 2013, Kahului, Maui, is under the purview of the Clean Water Act, which mandates a storm water management plan to minimize pollutant discharge.

#### University of Hawaii

The Senate Draft of the executive supplemental budget adjusts the University's appropriation for fiscal year 2014-2015 by adding \$1,000,000 in general funds and \$70,143,000 in non-general funds. The Administration's supplemental budget request was to add \$37,526,775 in general funds and \$107,669,775 in non-general funds.

Your Committee approves eighty-nine positions and \$5,000,000 in general funds for the University of Hawaii West Oahu campus to support continued enrollment growth. The campus provides access to the underserved populations in the Leeward, North Shore, and Central Oahu areas and Native Hawaiian communities. The campus has not received the general fund support it needs to operate effectively. The positions and funds are critical for the University to ensure that its students, faculty, and staff have the necessary academic, student services, and facilities support for a quality four-year baccalaureate education.

The Senate Draft of the executive supplemental budget also makes other significant adjustments, including the following:

- (1) Adding \$47,443,000 in special funds and \$9,200,000 in revolving funds for various programs in University of Hawaii, Manoa (UOH100/AA);
- (2) Adding \$9,350,000 in special funds for various programs in University of Hawaii, John A. Burns School of Medicine (UOH110/PP);
- (3) Adding \$2,000,000 in special funds for various programs in University of Hawaii, Hilo (UOH210/MM); and
- (4) Adding fifty positions funded by general funds for the University of Hawaii, Community Colleges (UOH800).

The Senate Draft of the executive supplemental budget does not include \$33,500,000 in general funds associated with collective bargaining costs of the University of Hawaii Professional Assembly (UHPA). Your Committee prefers to provide funding through a separate bill, S.B. No. 2816, S.D.1, which has passed the Senate. The additional general fund support will significantly relieve the University's reliance on tuition dollars and will help to ward off future tuition increases for university students.

#### **V. CAPITAL IMPROVEMENTS PROGRAM BUDGET**

Your Committee finds that the State's economic situation is not what was anticipated and revenues have not increased as projected, causing the State to have less funds available to sustain additional long-term debt for capital improvement projects. In the first year of the biennium, the focus was on infusing funds into the economy, to create jobs and rebuild our aging infrastructure. Investments made in state facilities over the past biennium and the current biennium have produced a steady increase in job creation for the construction industry and economic growth. However, the importance of supporting capital improvement projects that will help diversify our economy has never been greater. Your Committee also recognizes the need to streamline government operations and allocate financial resources in a manner more reflective of the current economic landscape.

Due to the current drop in projected revenues, as well as previous strategic investments in capital improvement program projects, your Committee took a more studied approach to the capital improvement program appropriations. Accordingly, your Committee, after carefully considering the current economy along with the proposals, needs, and priorities of the Administration and the departments, has provided a total of \$963,506,000 for fiscal year 2013-2014 and \$1,073,424,000 for fiscal year 2014-2015 for projects funded by general obligation bonds and \$4,245,505,000 in fiscal biennium 2013-2015 for projects funded by all means of financing. In comparison, the Administration's proposed capital improvement program biennium budget, as amended pursuant to Governor's Messages, provided a total of \$977,506,000 for fiscal year 2013-2014 and \$1,027,016,000 for fiscal year 2014-2015 for projects funded by general obligation bonds and general funds and \$4,948,908,000 in fiscal biennium 2013-2015 for projects funded by all means of financing.

Your Committee has crafted a capital improvement program budget that focused on funding both critical and significant capital projects that will accomplish the following:

- (1) Address critical health, safety, and code requirements, as well as backlogged repair and maintenance with significant appropriations for the Department of Education, Department of Human Services, Hawaii Health Systems Corporation, and the University of Hawaii System;
- (2) Upgrade and modernize information technology infrastructure, with over \$100 million for the modernization of the public assistance eligibility system, as well as other departmental projects; and
- (3) Designate appropriations for projects needed to address future capacity needs, economic growth, and emergency preparedness. To these ends, your Committee included funding for the High Technology Development Corporation facility to continue diversifying our economy with a new business incubator. Once again, your Committee included funding for the College of Pharmacy building at the University of Hawaii at Hilo, to meet the needs of a critically needed and growing pharmacy program. Finally, your Committee appropriated funds for a First Responders Technology Campus and Cyber Security Command Center, to begin the long overdue process of combining all resources in the State available for natural or man-made emergency situations.

Your Committee has serious concerns regarding the state Department of Transportation's ability to manage and maintain the State's critical infrastructure, which directly contributes to the State's long-term economic viability. Your Committee is concerned that the department has not moved projects forward in a timely manner, possibly jeopardizing the availability of much needed federal funds for investment in airports, harbors, and highways. Your Committee has demonstrated its commitment to fiscal responsibility and departmental accountability by reducing the executive supplemental budget request for the Department of Transportation by over \$500 million. Therefore, the appropriation for fiscal biennium 2013-2015 is \$1,509,430,000 for the Department of Transportation. The only

increases in appropriations address several critical airport projects, as well as making funds available for the department to complete and close-out older projects. By reducing the number of new projects funded, and funding close-out costs, your Committee is hopeful that substantial progress will be made on previously appropriated capital improvement transportation projects.

Your Committee recognizes the overwhelming need in the State for services provided by non-governmental groups and non-profit agencies. Therefore, your Committee appropriated over \$33 million for fiscal year 2014-2015 for capital improvement program grants to nonprofit organizations for facilities improvements and expansion to assist these vital organizations.

In addition, your Committee provided funding for various projects within the Department of Defense, Department of Agriculture, Department of Health, Department of Education, and the University of Hawaii, among others, to ensure that contributions of matching federal, private, and other funds may be maximized and not lost or forfeited.

Finally, the Senate Draft of the executive biennium budget provides funding for various other capital improvement program projects that your Committee believes should be included at this time, but that may warrant further discussion as the executive supplemental budget is further refined during the remainder of this Regular Session to meet the evolving needs and priorities of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1700, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1700, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3141 Ways and Means on H.B. No. 1638**

The purpose and intent of this measure is to appropriate funds for the Judiciary's operating and capital budgets for fiscal year 2014-2015.

Your Committee approves \$334,788 in general funds requested for judges' salary increases as recommended by the Commission on Salaries and authorized by the 2013 Legislature.

Your Committee also approves \$26,906 in general funds to fund the additional salary amounts for the Administrative Director and Deputy Administrative Director of the Courts. Funding provides for salary compensation levels comparable to that of other state officials whose salaries have been systematically adjusted for pay increases and changes in the cost of living over the years.

Your Committee also approves \$281,314 in general funds to upgrade the recording equipment in fourteen courtrooms at the Ronald T.Y. Moon Judiciary Complex in Kapolei. Updating the current Jefferson Audio Video System (JAVS) hardware and software is needed to maintain operations throughout the complex and improve the quality of services for members of the public and Judiciary staff.

Your Committee also approves two special duty officers and \$147,600 in general funds for the Third Circuit. This position authorization will provide dedicated special duty police officers at both the Kona Family Court and Kona Circuit Court to address the ongoing sheriff staffing problems at the facilities.

Your Committee also approves \$94,900 in general funds to replace the Children's Justice Center interview recording equipment state-wide. The highest priority of the Center is to provide a familiar and neutral facility to interview child abuse victims and crime witnesses. Thus far, the Center has interviewed over 25,000 child abuse victims, primarily victims of sexual abuse and sexual assault. It is imperative for the Center to have reliable equipment to record these types of interviews.

Additionally, your Committee finds that investment in a critically needed judicial facility for the island of Hawaii is necessary to ensure adequate services for the island's residents. Therefore, your Committee has appropriated \$90,000,000 in general obligation bonds for the new Kona Judiciary Complex.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1638, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1638, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 3142 (Joint) Health and Commerce and Consumer Protection on S.R. No. 48**

The purpose and intent of this measure is to request the Department of Health to:

- (1) Provide food safety workshops or classes on all islands for persons with temporary food establishment permits;
- (2) Provide copies of its food safety administrative rules to consumers and interested stakeholders;
- (3) Convene a Cottage Food Business Working Group composed of representatives from the Department of Health and the cottage food industry; and
- (4) Submit a report of the Cottage Food Business Working Group's findings, recommendations, and any proposed legislation to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committees received testimony in support of this measure from the Hawaii Farm Bureau, Local Food Coalition, and two individuals. Your Committees received testimony in opposition to this measure from the Department of Health.

Your Committees find that temporary food establishment permits issued by the Department of Health for cottage food businesses are invaluable for local entrepreneurship and the establishment of a local, sustainable food industry. Your Committees further find that

food safety workshops or classes available on all islands would be beneficial to home cooks who wish to grow their cottage food businesses. This measure will support public health, as well as the local food movement that has become very popular in Hawaii.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 48, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as S.R. No. 48, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Nishihara).

Commerce and Consumer Protection

Ayes, 4; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Nishihara).

**SCRep. 3143 (Joint) Hawaiian Affairs and Health on H.B. No. 1616**

The purpose and intent of this measure is to add to the Hawaii State Planning Act's objectives and policies for health the identification of social determinants of health to reduce health disparities among Native Hawaiians, other Pacific Islanders, and Filipinos.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, Office of Community Services; Office of Hawaiian Affairs; The Queen's Health Systems; Kaiser Permanente; Center for Hawaiian Sovereignty Studies; Nursing Advocates & Mentors, Inc.; Hawaii Alliance for Community-Based Economic Development; Asian American Network for Cancer Awareness, Research and Training; Kokua Kalihi Valley Comprehensive Family Services; Ho'ola Lahui Hawaii; I Ola Lahui, Inc.; Hawaii Primary Care Association; Community Alliance for Mental Health; Hawaii Appleseed Center for Law and Economic Justice; HealthyPacific.Org; Filipino American Citizens League; Foundation for the Advancement of Native Hawaiian Males; Waimanalo Health Center; Papa Ola Lokahi; National Federation of Filipino American Associations; and twenty-five individuals.

According to a 2013 report issued by the John A. Burns School of Medicine, your Committees find that Native Hawaiians, other Pacific Islanders, and Filipinos have disparate health outcomes compared to the rest of the State's population. These health disparities are correlated with social determinants of health such as housing, education, social services, and culture. By incentivizing state agencies to identify and address social determinants of health for Native Hawaiians, other Pacific Islanders, and Filipinos, this measure will improve the health and well-being of these communities while minimizing state health care costs.

Your Committees have amended this measure by:

- (1) Inserting language clarifying that the intent of this measure is to codify a commitment by the State to address the health status of Native Hawaiians and provide Native Hawaiian health care programs with necessary resources, which is consistent with the commitment made by the federal government in title 42 United States Code section 11702;
- (2) Inserting additional language into section 226-20(b), Hawaii Revised Statutes, relating to the Hawaii State Planning Act and health policy, to clarify that the State's policy on health includes prioritizing programs, services, interventions, and activities that address identified social determinants of health to improve Native Hawaiian health and well-being, consistent with federal policy codified in title 42 United States Code section 11702;
- (3) Inserting language into section 226-20(b), Hawaii Revised Statutes, relating to the Hawaii State Planning Act and health policy, to clarify that the prioritization of disproportionately affected demographic groups other than Native Hawaiians may be reviewed every ten years and revised based on the best available epidemiological and public health data;
- (4) Making the measure effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1616, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1616, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs

Ayes, 3. Noes, none. Excused, 2 (Hee, Slom).

Health

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Slom).

**SCRep. 3144 Water and Land on H.B. No. 2387**

The purpose and intent of this measure is to require that a person be eighteen years of age or older prior to obtaining or renewing a permit or being placed on a waitlist to obtain a permit to moor a vessel in a state small boat harbor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that owning and mooring a vessel in a state small boat harbor or facility requires a person to sign a contract, provide liability insurance, and pay appropriate fees, in addition to maintaining the vessel to be seaworthy while moored in a state

facility. Minors usually do not possess the financial means or experience to enter into such contracts. Thus, a person should be at least eighteen to obtain or renew a permit or be placed on a waitlist to obtain a mooring permit.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2387, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3145 Commerce and Consumer Protection on H.B. No. 1664**

The purpose and intent of this measure is to:

- (1) Add definitions for “permanent fireworks storage building or structure” and “temporary fireworks storage building or structure”; and
- (2) Require permanent and temporary fireworks storage buildings or structures where redistribution activities are performed to comply with current applicable county building or fire codes or nationally recognized standards.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council and Honolulu Fire Department.

Your Committee finds that fireworks can be extremely dangerous products not only during use, but also during transport and storage. To ensure the safety of the general public and the first responder community, this measure adds definitions for permanent and temporary consumer fireworks storage facilities based on nationally recognized standards for safety and best industry practices to protect life and property and requires permanent and temporary fireworks storage buildings to comply with applicable local codes or nationally recognized standards.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1664, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3146 Hawaiian Affairs on Gov. Msg. Nos. 517 and 518**

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF HAWAII

G.M. No. 517 FRED CACHOLA, JR., for a term to expire 6-30-2017; and

G.M. No. 518 KALENA BLAKEMORE, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Fred Cachola, Jr., and Kalena Blakemore to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Island of Hawaii.

FRED CACHOLA, JR.

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Aha Moku Advisory Committee, North Kohala Community Resource Center, and eight individuals.

Mr. Cachola received a Bachelor’s degree in Education from Iowa State Teacher’s College and a Master’s degree in Education from the University of Hawaii at Manoa. He went on to earn an Education Administration Certification for Elementary, Intermediate, and High School Administration and a Certification for Executive Management Training at the University of Hawaii at Manoa. He worked for the Department of Education for eleven years in a number of positions, including as a teacher and school principal. Subsequently, he worked for Kamehameha Schools for twenty-five years as the Director of the school’s Community/Extension Education Division where he planned, directed and supervised the work of 150 employees on eight major school programs that served more than 30,000 students throughout Hawaii. He has also served on numerous boards and commissions in the community, including the State Historic Sites Review Board, Native Hawaiian Historic Preservation Council, and Native American Advisory Group to the National Advisory Council on Historic Preservation. He is a volunteer for numerous organizations, including the Friends of Iolani Palace; Washington Place Foundation; Hawaiian Researchers ‘Ohana, Inc.; and Hui Hanai. Mr. Cachola’s impressive commitment to his community and his wealth of historic preservation experience make him a valuable asset to the Island Burial Council, Island of Hawaii, as the Kohala regional representative.

KALENA BLAKEMORE

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and four individuals.

Ms. Blakemore received a Bachelor’s degree in Anthropology from the University of Hawaii at Hilo. She served for nine years as an Archaeologist for the Cultural Resource Management Division at Hawaii Volcanoes National Park. There, she implemented protective protocols, inventoried caves, and monitored compliance with the federal National Historic Preservation Act. She also served as an intern with the State Historic Preservation Division in 2002. She is a founding member of the Volcano School of Arts and Sciences and she also participates in native plant restoration activities. Ms. Blakemore is compelled by her Hawaiian heritage to serve the iwi kupuna and will bring a unique perspective to the Island Burial Council, Island of Hawaii, as the Puna regional representative.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Kidani).

**SCRep. 3147 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 82**

The purpose and intent of this measure is to:

- (1) Recognize the forty-fifth anniversary of the Apollo 11 lunar landing at Tranquility Base by designating July 20, 2014, as “Tranquility Base Day” in Hawaii; and
- (2) Urge the United Nations Educational, Scientific and Cultural Organization (UNESCO) to include Tranquility Base and associated artifacts on the UNESCO World Heritage List.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and four individuals.

Your Committee finds that the Apollo 11 lunar landing is one of the most significant technological advancements in history, representing the first time a human stepped foot on another celestial surface. The first human landing at Tranquility Base represented the combined efforts and contributions of thousands of researchers, scientists, and engineers from many nations and states, including Hawaii. Hawaii’s important role in the Apollo program is represented by numerous facilities and programs statewide, support of the recovery of the astronauts and the command module spacecraft returning from the moon, and Hawaii’s unique geological landscape that was essential for the training of the Apollo 11 astronauts. The legacy of the Apollo 11 mission and Hawaii’s contributions is worthy of recognition and will inspire the next generation of space scientists, engineers, and entrepreneurs who will pioneer the frontiers of space.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3148 Public Safety, Intergovernmental and Military Affairs on S.R. No. 39**

The purpose and intent of this measure is to:

- (1) Recognize the forty-fifth anniversary of the Apollo 11 lunar landing at Tranquility Base by designating July 20, 2014, as “Tranquility Base Day” in Hawaii; and
- (2) Urge the United Nations Educational, Scientific and Cultural Organization (UNESCO) to include Tranquility Base and associated artifacts on the UNESCO World Heritage List.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and four individuals.

Your Committee finds that the Apollo 11 lunar landing is one of the most significant technological advancements in history, representing the first time a human stepped foot on another celestial surface. The first human landing at Tranquility Base represented the combined efforts and contributions of thousands of researchers, scientists, and engineers from many nations and states, including Hawaii. Hawaii’s important role in the Apollo program is represented by numerous facilities and programs statewide, support of the recovery of the astronauts and the command module spacecraft returning from the moon, and Hawaii’s unique geological landscape that was essential for the training of the Apollo 11 astronauts. The legacy of the Apollo 11 mission and Hawaii’s contributions is worthy of recognition and will inspire the next generation of space scientists, engineers, and entrepreneurs who will pioneer the frontiers of space.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 39 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3149 Public Safety, Intergovernmental and Military Affairs on S.C.R. No. 84**

The purpose and intent of this measure is to restore the presumption of a service connection for Agent Orange exposure to United States veterans who served in the water defined by the combat zone and in the airspace over the combat zone in Vietnam.

Your Committee received testimony in support of this measure from the Advisory Board to the Office of Veterans’ Services, Veterans of Foreign Wars of the United States, National Association for Uniformed Services, and seven individuals.

Your Committee finds that the United States Congress enacted the Agent Orange Act of 1991 (Agent Orange Act) to address the plight of veterans exposed to herbicides while serving in the Republic of Vietnam. The Agent Orange Act provides Vietnam War veterans with access to disability compensation and medical care, yet the Act does not address all herbicide exposure possibilities and denies the presumption of a service connection for herbicide-related illnesses to Vietnam War veterans who cannot furnish written documentation that they had “boots on the ground”. Agent Orange did not discriminate between soldiers on the ground and sailors on ships offshore. Personnel who served on ships in the “Blue Water Navy” in Vietnamese territorial waters were also exposed to dangerous airborne toxins. Your Committee finds that restoring the presumption of a service connection for Agent Orange exposure to all United States veterans who served in the Vietnam War will reaffirm the nation’s commitment to the well-being of all of its veterans.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 84 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3150 Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 33**

The purpose and intent of this measure is to urge the President of the United States and the Secretary of Defense to honor and recognize Armed Forces Day, Memorial Day, Veterans Day, and the anniversary of Pearl Harbor with flyovers.

Your Committee received testimony in support of this measure from the State Office of Veterans Services, The Chamber of Commerce of Hawaii, and three individuals. Your Committee received comments on this measure from the State Department of Defense.

Your Committee finds that military flyovers are a reminder that our freedom was paid for by the sacrifices and dedication of those who fought in the United States Armed Forces. Flyovers are a sign of honor, respect, and remembrance of our armed forces. This measure honors and recognizes those who served or continue to serve in the United States Armed Forces and those who lost their lives while serving in the United States Armed Forces.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33, H.D. 1 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3151 Commerce and Consumer Protection on H.B. No. 1881**

The purpose and intent of this measure is to:

- (1) Amend the composition of the Hawaii State Center for Nursing Advisory Board (Advisory Board) by decreasing the number of voting members on the Advisory Board to nine;
- (2) Amend the membership of the Advisory Board to better facilitate the Hawaii State Center for Nursing's mission;
- (3) Clarify term limits and appointments of members to the Advisory Board; and
- (4) Amend certain powers and duties of the Advisory Board.

Your Committee received testimony in support of this measure from the Board of Nursing; Hawai'i State Center for Nursing; University of Hawai'i at Manoa, School of Nursing and Dental Hygiene; Healthcare Association of Hawaii; and five individuals.

Your Committee finds that as the nursing profession transforms to meet a changing health care landscape, the ongoing process of developing a strategic plan requires the Hawaii State Center for Nursing to have an active, engaged Advisory Board with members capable of addressing workforce issues in a timely manner.

Your Committee further finds that this measure amends the composition of the Advisory Board to align itself more closely with other national nursing workforce centers and encourages collaboration of persons with the technical expertise, knowledge, and experience needed to assist the Hawaii State Center for Nursing with its mission.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1881, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3152 Commerce and Consumer Protection on H.B. No. 2142**

The purpose and intent of this measure is to:

- (1) Repeal the requirement that a private college or university show that it maintains profitability as a means of demonstrating financial integrity to the Department of Commerce and Consumer Affairs at the time of its application for authorization; and
- (2) Repeal section 304A-3153, Hawaii Revised Statutes, relating to procedures for complaints to the University of Hawaii concerning institutions of higher learning in the State.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs Hawaii Post-Secondary Education Authorization Program and University of Hawai'i System.

Your Committee finds that although it is important that schools consistently maintain positive equity in their financial statements, it is neither uncommon nor inappropriate for a school to have financial statements that do not reflect profitability in every year that it has been in operation. Since schools may incur a loss in a particular year but still maintain positive equity, your Committee further finds that the deletion of the demonstration of profitability requirement, as proposed in this measure, is appropriate.

Your Committee additionally finds that Act 180, Session Laws of Hawaii 2013, identified the Department of Commerce and Consumer Affairs as the state entity that would perform the regulatory functions of authorizing post-secondary institutions and handling complaints against such institutions. This measure adds greater clarity to what is required of private colleges and universities

with regard to demonstrating financial integrity when applying for authorization and minimizes redundancy in the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2142, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Nishihara).

**SCRep. 3153 Technology and the Arts on S.C.R. No. 88**

The purpose and intent of this measure is to approve the selection of Danny Kaleikini to be inducted into the Aloha Order of Merit.

Your Committee received testimony in support of this measure from the Hawaii Farm Bureau and two individuals.

Your Committee finds that during his long and distinguished career as an entertainer, performer, and musician, Danny Kaleikini devoted himself to the betterment of the State while embodying the concept of the Aloha Spirit, provided extraordinary service to the State, and brought honor to the State. For thirty years, he welcomed the world to the Hala Terrace at the Kahala Hilton, combining music, his Hawaiian background, humor, and the Aloha Spirit. Mr. Kaleikini has performed in establishments around the world, and former Governor John Waihee proclaimed Danny Kaleikini as Hawaii's "Ambassador of Aloha", a title shared with Duke Kahanamoku. Since his retirement in 1995, he has been actively entertaining for special occasions and has raised nearly \$450,000 for local charities.

Your Committee is in agreement that Danny Kaleikini's distinguished career and service to the State make him highly deserving of induction into the Aloha Order of Merit.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Nishihara).

**SCRep. 3154 Higher Education on Gov. Msg. Nos. 586, 587, 588, 589, and 590**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

- G.M. No. 586 STANFORD YUEN, for a term to expire 6-30-2019;
- G.M. No. 587 LEE PUTNAM, for a term to expire 6-30-2019;
- G.M. No. 588 JEFFREY PORTNOY, for a term to expire 6-30-2014;
- G.M. No. 589 JEFFREY PORTNOY, for a term to expire 6-30-2019; and
- G.M. No. 590 MICHELLE TAGORDA, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Stanford Yuen, Lee Putnam, Jeffrey Portnoy, and Michelle Tagorda to possess the requisite qualifications to be nominated to the Board of Regents of the University of Hawaii (Board of Regents).

STANFORD YUEN

Your Committee received testimony in support of the nomination of Stanford Yuen from twenty-one individuals. Your Committee received comments on the nomination of Stanford Yuen from one individual.

Your Committee finds that Mr. Yuen received his Bachelor of Science degree in Mechanical Engineering from the University of Hawaii. He earned a Master of Science degree in Industrial Engineering from the University of Southern California and a Master of Business Administration from Pepperdine University.

Mr. Yuen began his career in the aerospace industry as a Design Engineer at Boeing Aircraft. He went on to serve as a Stockbroker and Account Executive before beginning his long career as a Mechanical Engineer, Industrial Engineer, and Facilities Engineer with various branches of the federal government. Mr. Yuen also taught Engineering Economics at the University of Hawaii for many years.

During his time with the federal government, Mr. Yuen played a key role in the success of many major projects including the construction of the Ford Island Bridge, mooring of the battleship U.S.S. Missouri at Pearl Harbor, and closure of Barbers Point.

Mr. Yuen has received numerous awards and accolades, including the Hawaii Lifetime Achievement Award in Engineering, being named a Distinguished Alumni of the University of Hawaii College of Engineering, Hawaii Engineer-of-the Year, Federal Professional Employee of the Year, and the United Chinese Society's Model Citizen of the Year.

Mr. Yuen is also active in numerous professional, engineering, business, civic, cultural, education, charitable, athletic, and community organizations, serving in key leadership roles.

Your Committee finds that Mr. Yuen's extensive professional and leadership experience will make him an excellent addition to the Board of Regents.

LEE PUTNAM

Your Committee received testimony in support of the nomination of Lee Putnam from the Filipino American Citizens League; National Federation of Filipino American Associations Region 12; Filipino Coalition for Solidarity; Asian American Network for Cancer Awareness Research and Training; Nursing Advocates & Mentors, Inc.; and twenty-six individuals. Your Committee received comments on the nomination of Lee Putnam from one individual.

Your Committee finds that Dr. Putnam received her Bachelor of Arts degree from the University of Colorado. She went on to receive her Master of Arts degree from the University of Chicago and her Doctorate of Philosophy from the University of Maryland.

Dr. Putnam served as a Children's Librarian with the Chicago Public Library, Reference Librarian at the Field Museum of Natural History in Chicago, Associate Librarian at Gallaudet College, Management Intern at Rutgers University Libraries, and Consultant to the Library of Congress.

In 1980, Dr. Putnam began her career at the University of Hawaii as an Associate Librarian. She went on to serve the University of Hawaii as a Faculty Specialist, Assistant to the Senior Vice President for Academic Affairs, Interim Assistant Vice President for Academic Affairs, and a Faculty Specialist in the Office of Student Equity, Excellence, and Diversity.

Dr. Putnam has been engaged in a number of professional and community activities, including volunteering her time with the Aloha United Way, American Library Association, Hawai'i Veterans Memorial Fund, and Hawaii Services on Deafness, among other organizations.

Your Committee finds that Dr. Putnam's wide range of professional and academic experiences, as well as her commitment to the University of Hawaii, will serve her well as a member of the Board of Regents.

JEFFREY PORTNOY

Your Committee received testimony in support of the nomination of Jeffrey Portnoy from six individuals. Your Committee received comments on the nomination of Jeffrey Portnoy from two individuals.

Your Committee finds that Mr. Portnoy received his Bachelor of Arts degree from Syracuse University. He received his Juris Doctorate degree from Duke University School of Law.

Mr. Portnoy is a partner with the Cades Schutte law firm and serves as the Chair of the firm's Litigation Department and as Co-Chair of the firm's Management Committee. He has also served as an Adjunct Professor at the University of Hawaii Department of Journalism teaching courses on Media Law.

Mr. Portnoy is very active in the legal community and has served as the President of the Hawaii State Bar Association, Director of the Hawaii Supreme Court Disciplinary Board, President of the Hawaii Defense Lawyers Association, and member of the Ninth Circuit Advisory Board. He has also served as a member of the William S. Richardson School of Law Dean Search Committee.

Mr. Portnoy has been serving as an interim member of the Board of Regents for approximately four months, and your Committee finds that he will continue to be an asset to the Board of Regents.

MICHELLE TAGORDA

Your Committee received testimony in support of the nomination of Michelle Tagorda from the Hawaii State Commission on the Status of Women; Hawai'i Public Health Association; Filipino American Citizens League, Hawai'i Primary Care Association; National Federation of Filipino American Associations Region 12; Filipino Coalition for Solidarity, Nursing Advocates & Mentor, Inc.; Asian American Network for Cancer Awareness Research and Training; and twenty-three individuals. Your Committee received comments on the nomination of Michelle Tagorda from one individual.

Your Committee finds that Ms. Tagorda received a Bachelor of Science degree in Psychology and a Bachelor of Arts degree in Biology from the University of Hawaii at Manoa. She is currently a graduate student in the University of Hawaii's Master of Public Health program and is expected to graduate in May 2015.

Ms. Tagorda is currently an Undergraduate Advisor and Graduate Research Assistant at the University of Hawaii at Manoa. She is also a Program Assistant at the University of Hawaii at Manoa Office of the Vice Chancellor for Undergraduate Education. She has previously served as a Peer Advisor with the University of Hawaii at Manoa Pre-Health/Pre-Law Advising Center and as a Research Assistant on the Alcohol and Drug Abuse Division Epidemiology and Evaluation Team at the University of Hawaii at Manoa Department of Public Health Sciences.

Ms. Tagorda has received various honors for her academic achievements and is a member of the Mortar Board National Honor Society and Psi Chi Honor Society.

Your Committee finds that Ms. Tagorda will serve as the student member on the Board of Regents and will bring a fresh and unique perspective to assist the Board of Regents fulfill its mission giving due consideration to the University's student body.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Keith-Agaran, Tokuda).

**SCRep. 3155 Public Safety, Intergovernmental and Military Affairs on H.B. No. 2560**

The purpose and intent of this measure is to:

- (1) Permit the continued operation of family child care homes in agriculturally designated districts if located in a farm dwelling; and
- (2) Authorize caregivers in family child care homes to provide care for one to six, rather than three to six, children unrelated to the caregivers.

Your Committee received testimony in support of this measure from the Good Beginnings Alliance, PHOCUSED, People Attentive to Children, Hawaii Association for the Education of Young Children, and twenty-four individuals. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning, and two individuals.

Your Committee finds that licensed child care is scarce in rural areas around the State, despite the State's efforts to promote farming and sustainability, and family child care homes are often the only form of available and affordable child care in agriculturally designated districts. Existing law prevents family child care homes from becoming properly licensed, and special use permits to operate a family child care home on agricultural land are cost prohibitive. Hawaii cannot afford to lose existing licensed child care spaces, as parents will have no safe place to take their children while they go to work. Family child care homes are an integral part of the State's early care and learning system and benefit rural communities that have limited access to other programs.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2560, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2560, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 3156 Commerce and Consumer Protection on H.B. No. 2099**

The purpose and intent of this measure is to amend various sections of the Hawaii Revised Statutes to authorize advanced practice registered nurses to practice to the fullest extent of their training and education.

Your Committee received testimony in support of this measure from the Board of Nursing; Disability and Communication Access Board; Hawai'i State Center for Nursing; University of Hawai'i at Manoa, School of Nursing and Dental Hygiene; Hawaii Association of Professional Nurses; Healthcare Association of Hawaii; Hawai'i Pacific Health; Lana'i Community Health Center; American Association of Nurse Practitioners; and six individuals.

Your Committee finds that advanced practice registered nurses provide a wide variety of health care services and are recognized as participating primary health care providers for insurance purposes under the State's Insurance Code. However, certain sections within the Hawaii Revised Statutes omit advanced practice registered nurses from the definitions or designations of health care entities who may provide health care, prescribe drugs, or sign forms. These obsolete or outdated statutes create barriers to consumer access to high quality health care provided by advanced practice registered nurses. Your Committee further finds that this measure amends these obsolete or outdated statutes, thereby enabling advanced practice registered nurses to provide quality health care to patients to the full extent of their education and training.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2099, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2099, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3157 (Joint) Energy and Environment and Economic Development, Government Operations and Housing and Technology and the Arts on H.B. No. 1903**

The purpose and intent of this measure is to designate June as "Outdoor Heritage Month" to celebrate Hawaii's natural environment and recreational activities.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of the Mayor of the County of Hawaii, and ten individuals.

Your Committees find that several existing state and national initiatives celebrating the natural environment and encouraging outdoor recreation are already recognized annually during the month of June. Establishing the annual recognition of Hawaii's outdoor heritage to coincide with National Trails Day, National Fishing and Boating Week, Take Pride in America, and the annual presidential and gubernatorial proclamations of Great Outdoors Month will facilitate coordinated events celebrating the State's forests, parks, waters, and lands and will also dovetail with federal initiatives celebrating the nation's natural resources.

As affirmed by the records of votes of the members of your Committees on Energy and Environment, Economic Development, Government Operations and Housing, and Technology and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1903, H.D. 1, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.  
Energy and Environment  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

Economic Development, Government Operations and Housing  
Ayes, 5. Noes, none. Excused, 2 (Baker, Dela Cruz).

Technology and the Arts  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 3158 (Joint) Public Safety, Intergovernmental and Military Affairs and Tourism on H.B. No. 286**

The purpose and intent of this measure is to eliminate the requirement that a hotel have a kitchen and dining room, where meals are regularly prepared and served to hotel guests and other customers, to qualify for a hotel class liquor license.

Your Committees received testimony in support of this measure from the Liquor Commission of the City and County of Honolulu, Outrigger Enterprises Group, and The Chamber of Commerce of Hawaii. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that there is a trend in modern hotel practice for certain properties to forego maintaining a hotel kitchen and dining room unless needed by an established banquet business. Instead, these properties rely on separately licensed restaurants to provide meal service for hotel guests. This measure will support the State's tourism industry by conforming legal requirements to modern business practice and hospitality trends.

Your Committees have amended this measure by:

- (1) Inserting language to clarify that the purpose of this measure is to support the State's tourism industry by increasing the inventory of condominium hotel and hotel rooms in which liquor is available by eliminating the requirement that a condominium hotel or hotel have a kitchen and dining room to qualify for a liquor license; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 286, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 286, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

Tourism  
Ayes, 4. Noes, none. Excused, 1 (Ige).

**SCRep. 3159 (Joint) Agriculture and Commerce and Consumer Protection on H.B. No. 1938**

The purpose and intent of this measure is to clarify that the current standards published by the American Society for Testing and Materials (ASTM) and the Society of Automotive Engineers are adopted for use by the Measurement and Standards Branch of the Department of Agriculture, except as may be amended by rules of the Board of Agriculture.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; Chevron Products Company; MidPac Petroleum; and Aloha Petroleum, Ltd.

Your Committees find that this housekeeping measure is necessary because the Department of Agriculture's fuel specification rules have not been updated to reflect current and accurate ASTM standards regarding ethanol blending and are not consistent with federal law and other state laws and administrative rules.

The Department of Agriculture expressed concern that this measure addresses standards that are properly addressed in administrative rules, rather than by statute. Your Committees assured the Department that this measure does not preclude the Department of Agriculture from updating its administrative rules relating to measurement standards as it deems necessary.

Your Committees have amended this measure by:

- (1) Removing language clarifying that the current standards published by the ASTM and the Society of Automotive Engineers are adopted;
- (2) Inserting language to clarify that the rules adopted by the Board of Agriculture referring to ASTM D4814, relating to standard specification for automotive spark-ignition engine fuel, shall be deemed to refer to version ASTM D4814-13b adopted in 2013, as modified by the National Institute of Standards and Technology Handbook 130, part IV, subpart G, section 2.1 adopted in 2013; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1938, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1938, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Agriculture

Commerce and Consumer Protection  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 3160 Judiciary and Labor on H.B. No. 1300**

The purpose and intent of this measure is to:

- (1) Allow the settlor of a trust to designate the investment and other responsibilities to an advisor and maintain the administrative functions with the trustee;
- (2) Limit the trustee's liability for investments, transactions, and other functions over which the trustee does not exercise responsibility; and
- (3) Waive a dissenting trustee's fiduciary duty for specific transactions subject to certain limitations.

Your Committee received testimony in support of this measure from Central Pacific Bank.

Your Committee finds that existing law does not specifically authorize directed trusts in Hawaii and, as a result, estate planners and advisors recommend that their clients establish directed trusts in or move their existing trusts to other states. This measure authorizes directed trusts in Hawaii to encourage Hawaii residents to establish directed trusts in Hawaii rather than establish directed trusts or move the situs of existing trusts outside of Hawaii.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1300, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1300, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3161 (Majority) Judiciary and Labor on H.B. No. 1660**

The purpose and intent of this measure is to amend the offense of obstructing to:

- (1) Specify that a person commits the offense whether alone or with others if the person having no legal privilege to do so knowingly or recklessly provides less than one meter of space for passage on any paved public sidewalk; and
- (2) Specify that a person in a gathering commits the offense if the person refuses to obey a reasonable request or order by a law enforcement officer to move to prevent or to cease any activity that would obstruct a highway or public passage or provide less than one meter of space for passage on any paved public sidewalk.

Your Committee received testimony in support of this measure from the Department of Transportation and thirty-one individuals. Your Committee received testimony in opposition to this measure from the Pacific Alliance to Stop Slavery, Kokua Council, and twenty-three individuals. Your Committee received comments on this measure from the American Civil Liberties Union of Hawaii.

Your Committee finds that this measure includes under the offense of obstructing the act of a person knowingly or recklessly providing less than one meter of space for passage on any paved public sidewalk. However, your Committee notes the concerns raised in testimony that this measure disproportionately applies to the homeless or needy population. Your Committee further notes the testimony submitted by the Department of Transportation that the Americans with Disabilities Act (ADA) requires passage on a public sidewalk to be no less than thirty-six inches in space.

Accordingly, your Committee has amended this measure by adopting the language suggested by the Department of Transportation to delete the language regarding one meter of space for passage on any paved public sidewalk and inserting language that passage on any paved public sidewalk must be no less than thirty-six inches of space to comply with ADA requirements.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1660, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1660, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Shimabukuro). Noes, 1 (Sлом). Excused, 1 (Solomon).

**SCRep. 3162 Judiciary and Labor on H.B. No. 1750**

The purpose and intent of this measure is to:

- (1) Establish the offense of unlawful distribution of sexual representation if a person, without the consent of the person represented, intentionally or knowingly reproduces, distributes, exhibits, publishes, transmits, or otherwise disseminates a representation of a nude person or of a person engaging in sexual conduct;
- (2) Provide exceptions to the offense of unlawful distribution of sexual representation; and
- (3) Establish that the offense of unlawful distribution of sexual representation is a misdemeanor.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; Department of the Prosecuting Attorney, County of Maui; Office of the Prosecuting Attorney, County of Kauai; Police Department, County of Maui; IMUAlliance; AT&T; and three individuals.

Your Committee finds that on October 1, 2013, the Governor of California signed into law legislation that prohibits a “revenge porn” perpetrator from distributing sexually explicit pictures that were intended to be private. Since then, a number of other states have considered similar legislation. According to the IMUAlliance, advancements in cellular and internet technology have made it easy to disseminate and access intimate images, videos, and recordings that depict an individual in the nude or engaged in sexual activity. These images and recordings can be used to retaliate against the depicted individual. For the depicted individual, this dissemination can result in emotional distress, loss of personal relationships, financial losses, and other consequences. This measure addresses the concerns and ramifications of the dissemination of a representation of a nude person or of a person engaging in sexual conduct without the depicted person’s consent by making this action of dissemination a criminal offense.

Your Committee notes the written testimony submitted by the Department of the Prosecuting Attorney of the City and County of Honolulu that explains that the offense of violation of privacy in the first degree covers scenarios where the perpetrator installs or uses a device to record another person in a private place in a stage of undress or sexual activity without the depicted person’s consent. The City and County of Honolulu Prosecuting Attorney suggested that this existing law be amended to include the dissemination of a representation of a nude person or of a person engaging in sexual conduct without the depicted person’s consent.

Accordingly, your Committee has amended this measure by deleting its contents and inserting language suggested by the Department of the Prosecuting Attorney of the City and County of Honolulu to amend section 711-1110.9, Hawaii Revised Statutes, to:

- (1) Add that a person commits the offense of violation of privacy in the first degree if the person knowingly discloses an image or video of another identifiable person either in the nude or engaging in sexual contact without the consent of the depicted person with the intent to harm substantially the depicted person with respect to specified factors;
- (2) Exclude the application of the offense of violation of privacy in the first degree to images, videos, or conduct that is voluntarily disclosed in public or commercial settings; and
- (3) Specify that the offense of violation of privacy in the first degree is not to be construed to impose liability on an electronic communication service or remote computer service.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1750, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1750, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3163 (Majority) Judiciary and Labor on H.B. No. 2496**

The purpose and intent of this measure is to amend the procedures by which regular and acting members of the Hawaii Labor Relations Board are appointed by the Governor. Specifically, this measure requires the Governor to appoint:

- (1) The representative of management after first considering any names submitted by the counties, provided that each county may submit only one name;
- (2) The representative of labor from a list of three nominees submitted by mutual agreement of the exclusive representatives, provided that if less than three names are submitted, the Governor may appoint the representative of labor without being restricted to the submitted list of names; and
- (3) The representative of the public.

Your Committee received testimony in support of this measure from the University of Hawaii Professional Assembly; Hawaii Fire Fighters Association, Local 1463 IAFF, AFL-CIO; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of Budget and Finance, and Chamber of Commerce Hawaii.

Your Committee finds that existing law requires the Governor to appoint the members of the Hawaii Labor Relations Board after first considering the persons on a list of names submitted by public employers and employee organizations representing public employees to serve as members of the board. This measure specifies the procedures by which the members of the Hawaii Labor Relations Board are chosen by the Governor for appointment.

Your Committee has amended this measure by:

- (1) Adopting the language suggested by the Hawaii Government Employees Association to clarify that the Governor is required to appoint the representative of labor from a list of three nominees by mutual agreement from a majority of the exclusive representatives and delete language that allows the Governor to appoint the representative of labor if the less than three names are submitted; and
- (2) Allowing, rather than requiring, the Governor to appoint the representative of management after first considering names submitted by the counties.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2496, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2496, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Galuteria, Ihara).

**SCRep. 3164      Judiciary and Labor on H.B. No. 452**

The purpose and intent of this measure is to deem any person who knowingly publishes, distributes, or otherwise communicates false information about the time, date, place, or means of voting with the purpose of impeding, preventing, or otherwise interfering with the free exercise of the elective franchise, guilty of an election fraud.

Your Committee received testimony in support of this measure from Common Cause Hawaii and the League of Women Voters of Hawaii. Your Committee received comments on this measure from the Office of Elections.

Although there have been no reported incidences of a person knowingly communicating false information regarding the time, date, place, or means of voting to interfere with voting, your Committee finds that this measure proactively discourages such actions that would undermine the democratic process.

Your Committee has amended this measure by:

- (1) Making conforming amendments to the definition of “advertisements” under section 11-302, Hawaii Revised Statutes, and section 11-391, Hawaii Revised Statutes, to clarify that advertisements shall not contain false information about the time, date, place, or means of voting; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 452, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 452, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Solomon).

**SCRep. 3165      Judiciary and Labor on H.B. No. 2052**

The purpose and intent of this measure is to:

- (1) Increase access to provider orders for life-sustaining treatment by updating references from “physician orders for life-sustaining treatment” to “provider orders for life-sustaining treatment” throughout chapter 327K, Hawaii Revised Statutes;
- (2) Expand health care provider signatory authority to include advanced practice registered nurses; and
- (3) Correct inconsistencies over terms used to describe who may sign a provider order for life-sustaining treatment form on behalf of a patient.

Your Committee received testimony in support of this measure from the Department of Health, School of Nursing and Dental Hygiene of the University of Hawaii at Manoa, Hawaii State Center for Nursing, Healthcare Association of Hawaii, Hawaii Association of Professional Nurses, Lanai Community Health Center, Kokua Mau, American Association of Nurse Practitioners, Hospice Hawaii, Hawaii Association of Health Plans, Hawaii Medical Service Association, Hawaii Pacific Health, and nine individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the use of provider orders for life-sustaining treatment, commonly referred to as POLST, is a holistic method of planning for end-of-life care with a specific set of medical orders to ensure that patients’ wishes are honored. Your Committee further finds that expanding signatory authority to include advanced practice registered nurses will promote efficiency, assist with a timely completion of POLST forms for patients, and expand access to health care professionals who may sign POLST forms, which will be highly beneficial for individuals living in rural areas and neighbor islands.

Your Committee notes that existing law allows a patient to designate or disqualify any individual to act as a surrogate to make a health care decision for the patient under certain conditions. Your Committee notes testimony from an individual who raised concerns that health care providers are currently creating their own written declaration of surrogate forms. As a result, your Committee urges health care providers, when creating a standard written declaration of surrogate form, to include language that conforms to section 327E-5(i), Hawaii Revised Statutes. This section requires a supervising health care provider to require a surrogate to provide a written declaration under the penalty of false swearing stating facts and circumstances reasonably sufficient to establish the claimed authority. The inclusion of this language in a standard written declaration of surrogate form increases the accountability of surrogates in making life and death decisions for patients who lack decisional capacity to provide informed consent to or refuse medical treatment.

Your Committee has amended this measure by:

- (1) Changing references from “legal representative” to “legally authorized representative”; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2052, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2052, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Sлом).

**SCRep. 3166      (Majority) Judiciary and Labor on H.B. No. 33**

The purpose and intent of this measure is to make permanent the prohibition against urinating or defecating in public within the boundaries of Downtown Honolulu.

Your Committee received testimony in support of this measure from the Downtown Neighborhood Board No. 13 of the City and County of Honolulu and thirty-two individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, American Civil Liberties Union of Hawaii, Kokua Council, and seven individuals.

Your Committee finds that urinating and defecating in public frighten and offend many people and create a public health risk and hazard stemming from the human waste. As a result, many people are discouraged from patronizing establishments that are located in the Downtown Honolulu business district due to the concerns and smells associated with public urination and defecation. Your Committee notes that the prohibition against urinating or defecating in public within the boundaries of Downtown Honolulu is scheduled to sunset on December 31, 2014. This measure will make this prohibition permanent.

However, your Committee further notes the concerns raised by the Office of the Public Defender that this measure applies disproportionately to the homeless or needy population and that criminalizing public urination and defecation fails to adequately address the problem of the insufficient number of restrooms available to the public. Furthermore, the Downtown Neighborhood Board No. 13 of the City and County of Honolulu testified that a task force under the City and County of Honolulu was created to identify existing public restroom locations within the Downtown Honolulu business district and make recommendations to increase the number of public restrooms. Your Committee believes that the availability and number of public restrooms is more appropriately addressed at the county level. Thus, your Committee encourages the task force to complete its work and make appropriate recommendations for the City and County of Honolulu to implement before making the prohibition against urinating or defecating in public within the boundaries of Downtown Honolulu permanent.

Accordingly, your Committee has amended this measure by:

- (1) Extending the sunset date of Act 84, Session Laws of Hawaii 2004, as amended, from December 31, 2014, to December 31, 2016, rather than making Act 84 permanent; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 33, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Shimabukuro). Noes, 1 (Sлом). Excused, 1 (Solomon).

**SCRep. 3167      Judiciary and Labor on H.B. No. 1723**

The purpose and intent of this measure is to:

- (1) Require the attending physician, in addition to the administrator, of a psychiatric facility to provide notice of intent to discharge a patient or notice of a patient's admission to voluntary treatment;
- (2) Establish that the notice requirements under section 334-60.7, Hawaii Revised Statutes, apply only to civil commitments as a direct result of legal proceedings under chapters 704 and 706, Hawaii Revised Statutes;
- (3) Require that the notice of intent to discharge and a certificate of service be filed with the Family Court, served by mail to the person's last known address, and sent to the prosecuting attorney of the county from which the person was originally committed, by facsimile or electronically, for the sole purpose of victim notification;
- (4) Allow any person specified as entitled to receive notice to waive this right in writing with the psychiatric facility;
- (5) Increase from three days to five calendar days the period of time after mailing of the notice within which an objection must be filed or the administrator or attending physician shall discharge or accept the patient for voluntary inpatient treatment;
- (6) Require courts to conduct hearings as soon as possible, and prior to the termination of the current commitment order, to determine if the patient still meets the criteria for involuntary hospitalization;
- (7) Require a person filing an objection to notify the psychiatric facility by telephone on the date of the filing of the objection; and
- (8) Amend section 334-76, Hawaii Revised Statutes, to require an administrator of a psychiatric facility, with respect to patients committed on court order from a criminal proceeding, to send a notice of the intent to discharge or patient's admission to voluntary inpatient treatment to persons entitled to receive notice, by mail at their last known address, and to the prosecuting attorney of the county from which the person was originally committed, by facsimile or electronically.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Healthcare Association of Hawaii, The Queen's Health Systems, and one individual.

Your Committee finds that patients are remaining involuntarily committed to hospitals due to the difficulty of obtaining a court hearing and order, even after the patient is ready to be discharged. Your Committee further finds that while these patients remain involuntarily committed, hospitals are forced to use precious resources that could serve other patients in need. This measure streamlines the notification process prior to discharge of a patient civilly committed after initially being committed pursuant to criminal statutes, while safeguarding the right of individuals who require notification of the patients' discharge to object.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1723, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Sлом).

**SCRep. 3168     Judiciary and Labor on H.B. No. 716**

The purpose and intent of this measure is to:

- (1) Clarify that the Board of Public Accountancy may take one or more disciplinary actions for violations of public accountancy regulatory law;
- (2) Repeal the maximum amount of time for which the Board of Public Accountancy may suspend or refuse to renew a license or permit; and
- (3) Increase the amount of the administrative fine that may be imposed for any violation of public accountancy regulatory law.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs and Board of Public Accountancy.

Your Committee finds that a state court has determined that the Board of Public Accountancy (Board) is allowed to impose only one disciplinary sanction against a public accountant licensee in a disciplinary action. For example, the Board can suspend a license but cannot also order a fine, restitution, or continuing professional education. The court's interpretation does not reflect the intent of the Board and is inconsistent with the disciplinary authority of other boards and regulatory programs. Accordingly, this measure explicitly authorizes the Board to impose one or more disciplinary actions, when appropriate, for violations of the public accountancy licensing statutes.

Your Committee further finds that this measure increases the maximum administrative fine that the Board may impose for a licensing or permitting violation. The current amount has not been increased since the fines were established in the 1980s and is inconsistent with fines currently imposed for violations in other professions and trades. The increased fines, as proposed by this measure, will serve as a more meaningful deterrent or sanction for egregious violations of public accountancy laws. This measure therefore benefits consumers by encouraging increased compliance by certified public accountants, public accountants, and public accounting firms with the public accountancy licensing statute and by aiding the enforcement efforts of the Regulated Industries Complaints Office.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 716, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Slom).

**SCRep. 3169     Human Services on Gov. Msg. Nos. 552 and 553**

Recommending that the Senate advise and consent to the nominations of the following:

STATE REHABILITATION COUNCIL

G.M. No. 552    ARTHUR CABANILLA, for a term to expire 6-30-2017; and

G.M. No. 553    VIVIAN LANDRUM, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Arthur Cabanilla and Vivian Landrum to possess the requisite qualifications to be nominated to the State Rehabilitation Council.

ARTHUR CABANILLA

Your Committee received testimony in support of the nomination of Arthur Cabanilla from the Department of Human Services.

Mr. Cabanilla is certified as an Access Technology Specialist and is dedicated to working with individuals with disabilities. Trained and certified at the Access Technology Institute in Sacramento, California, Mr. Cabanilla owns his own business and provides training and assessment in the skills of assistive technology, teaching blind individuals the computer skills they need to successfully compete in today's job market. For the past five years, he has directed the Assistive Technology User Group, a group of disabled users of assistive technology.

Mr. Cabanilla brings to the Council his personal experience as an individual with a lifetime disability. As a blind individual, he feels that he can contribute personal insight and knowledge to areas where individuals without disabilities are unable. Mr. Cabanilla has served on several different consumer boards for the blind. His experience includes serving on the Board of Directors for the National Federation of the Blind of Hawaii, and he is currently an active member of the Ho'opono's Consumer Advisory Board and the Consumer Advisory Board for the Library of the Blind and Physically Handicapped and Dyslexic. In addition, he has been elected to the Board of Directors for the Hawaii Association of the Blind.

Testimony received by your Committee indicates that Mr. Cabanilla's focus is on encouraging people with disabilities to dream, aspire, and attain their goals within a career and employment of their choice. Mr. Cabanilla indicated in his personal statement that through his continued work on the Council, he hopes to increase the number of employed individuals who struggle with a disability, address the challenge of gainful employment for individuals with disabilities, and ensure that agencies serving the disabled community are meeting standards of quality care and service.

Your Committee finds that Mr. Cabanilla's personal background, entrepreneurial spirit, and commitment to making a difference in the lives of individuals faced with challenges like his make him a valuable asset to the State Rehabilitation Council.

VIVIAN LANDRUM

Your Committee received testimony in support of the nomination of Vivian Landrum from the Department of Human Services.

Ms. Landrum is the President and Chief Executive Officer of the Kona-Kohala Chamber of Commerce. She received a Bachelor's degree in Speech and Hearing Sciences from the University of Maryland and over the past twenty years has accumulated extensive knowledge of the business industry focusing on tourism and the promotion of the Island of Hawaii. Ms. Landrum has previously worked at the Big Island Visitors Bureau and Big Island Group, both of which serve to promote the Island of Hawaii.

Ms. Landrum has demonstrated a commitment to individuals with disabilities and related initiatives by participating in numerous meetings and forums aimed at encouraging and improving the business linkages that support the disabled community. She expressed in her personal statement her own experience of having a stepson with a learning disability who receives vocational rehabilitation services and her desire to make a positive impact on the disabled community while using her connections with the business community.

Ms. Landrum's focus is on promoting employment opportunities for individuals with disabilities to enhance their self-esteem and allow them to contribute to society. Your Committee believes that Ms. Landrum has the experience, leadership, and willingness to actively better the community. Her educational background, extensive work experience, and community participation are assets to the State Rehabilitation Council and a strong indication that Ms. Landrum will continue to improve employment opportunities and outcomes for persons with disabilities and advocate for adequate funding for related programs and services.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 3170 Human Services on Gov. Msg. Nos. 602, 603, and 604**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII PUBLIC HOUSING AUTHORITY

- G.M. No. 602 MYOUNG OH, for a term to expire 6-30-2018;
- G.M. No. 603 SHERI TANAKA, for a term to expire 6-30-2014; and
- G.M. No. 604 SHERI TANAKA, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Myoung Oh and Sheri Tanaka to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Public Housing Authority.

MYOUNG OH

Your Committee received testimony in support of the nomination of Myoung Oh from the Department of Human Services, Hawaii Public Housing Authority Board of Directors, Hawaii Public Housing Authority, Building Industry Association of Hawaii, and three individuals.

Mr. Oh has years of experience in public and community service. As the Director of Government Relations at the Hawaii Association of REALTORS and a Development Committee Member of the Hawaii Homeownership Center, he has direct knowledge of the realities of Hawaii's high-cost housing market as well as experience with families working to obtain their first home. Individuals who have worked with Mr. Oh professionally commend his professionalism, competency, and demonstrated leadership. One of Mr. Oh's goals for the Board is to improve public housing neighborhoods. He believes that taking pride in one's community and association helps to change people's attitudes about their neighborhood.

Upon review of the testimony, your Committee finds that Mr. Oh has an impressive work ethic, strong sense of integrity, and a fresh perspective that contributes to developing sound and thoughtful policy decisions. He has also been participating in meetings of the Board of Directors of the Hawaii Public Housing Authority over the past several months and has made positive contributions to discussions. Your Committee finds that Mr. Oh will continue to be a valuable asset to the Board.

SHERI TANAKA

Your Committee received testimony in support of the nomination of Sheri Tanaka from the Department of Human Services; Hawaii Public Housing Authority Board of Directors; Hawaii Public Housing Authority; Halm's Enterprises, Inc.; Island Business Management LLC; Church of Jesus Christ of Latter-Day Saints, Kaimuki Ward; Takemoto and Shimozone LLC; and eight individuals.

Ms. Tanaka earned a Juris Doctorate from Brigham Young University in Provo, Utah. She is a licensed attorney in both Hawaii and California and has her Hawaii real estate license. Ms. Tanaka's background includes an impressive list of academic achievements as well as a demonstrated commitment to her community. She is often complemented for the smile and energy she brings to a room and is described as a clear thinker, diligent, forthright, and compassionate. Ms. Tanaka has established her own law firm and has used her corporate law and litigation experience to successfully help clients remain profitable and legally compliant while balancing the interests of all parties involved.

Your Committee finds that Ms. Tanaka's legal, journalism, and real estate background qualify her for appointment to the Board of Directors of the Hawaii Public Housing Authority. Ms. Tanaka has valuable international experience and hopes to use her knowledge to bring a culturally sensitive perspective to Hawaii's housing issues. She believes that the community can significantly impact the lives of individual people, and that she will make a positive difference for Hawaii Public Housing Authority tenants by bringing people together to work toward a common goal.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

**SCRep. 3171 Health on H.C.R. No. 17**

The purpose and intent of this measure is to request the Department of Health Developmental Disabilities Division to establish a task force to review Hawaii's statutory definition of "developmental disabilities".

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, and Disability and Communication Access Board.

Your Committee finds that the definition of "developmental disabilities" in section 333F-1, Hawaii Revised Statutes, is a federal definition that was intended to be a functional or planning definition for the State to further define. Every state except Hawaii has further defined "developmental disabilities" in state statutes or regulations.

Your Committee further finds that eligibility for services provided by the Department of Health Developmental Disabilities Division is based on the statutory definition of developmental disabilities. Many people with behavioral challenges, including fetal alcohol syndrome, may not be covered by the current definition. Therefore, this measure encourages the Department of Health to review the statutory definition of "developmental disabilities" so the State may improve its support for persons with disabilities and their families.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 17, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

**SCRep. 3172 Hawaiian Affairs on Gov. Msg. No. 593**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF HAWAII

G.M. No. 593 T. KEIKIALOHA KEKIPI, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds T. Keikialoha Kekipi to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Island of Hawaii.

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources.

Mr. Kekipi is the Founder and Executive Director of Ho'oulu Lahui, a nonprofit, educational organization whose mission and goals are to perpetuate Hawaiian cultural practices and beliefs. He also serves as the President of the Kua O Ka La New Century Public Charter School Board in Puna, Hawaii. He previously served as a Project Director for various projects at the Administration for Native Americans. He also served as a member of the Island Burial Council, Island of Hawaii, in the past. Mr. Kekipi's valuable knowledge and devotion to his community and cultural heritage make him ideally suited for the Island Burial Council, Island of Hawaii.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3173 Hawaiian Affairs on Gov. Msg. No. 617**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 617 WILLIAM RICHARDSON, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and resume submitted by the nominee and finds William Richardson to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Hawaiian Homes Commission as an Oahu representative.

Your Committee has received testimony in support of this nominee from the Office of Hawaiian Affairs; Department of Hawaiian Home Lands; William S. Richardson School of Law, University of Hawaii at Manoa; Department of Business, Economic Development, and Tourism; Office of the Mayor, County of Hawaii; Sky Ohana; Oceanit; and three individuals.

Mr. Richardson earned his Bachelor's degree from the University of California, Santa Barbara, in Economics and Sociology and his Juris Doctorate from Duke University, School of Law. He is currently a general partner for Human Services Hawaii Management Partners and an Adjunct Professor at the University of Hawaii's College of Business Administration and Richardson School of Law. He also serves as a Trustee on the University of Hawaii Foundation, where he serves on the Finance Committee, which manages an

investment portfolio of more than \$300,000,000. In addition, he is the Founder and President of HiBEAM, a virtual incubator, helping build Hawaii-based companies that make a significant contribution to the local economy. As an attorney, he has practiced in securities, finance, and commercial law. Mr. Richardson's extensive business, legal, and financial experience makes him an ideal candidate for the Hawaiian Homes Commission.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3174 (Joint) Hawaiian Affairs and Transportation and International Affairs and Technology and the Arts on S.C.R. No. 71**

The purpose and intent of this measure is to urge the State and state entities to support the Hokule'a and her crew as they journey around the world.

Your Committees received testimony in support of this measure from the Hawaiian Educational Council and Association of Hawaiian Civic Clubs.

Your Committees finds that the Hokule'a is a reconstructed traditional Polynesian vessel that is rekindling pride and aspiration among Native Hawaiians and Pacific islanders. The Hokule'a is scheduled to traverse the globe using traditional Polynesian navigational techniques in 2014. During this worldwide voyage, the Hokule'a will share Native Hawaiian culture and heritage with communities around the world while raising awareness for environmental sustainability and the practice of natural resource management.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs, Transportation and International Affairs, and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 71 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs

Ayes, 4. Noes, none. Excused, 1 (Galuteria).

Transportation and International Affairs

Ayes, 5. Noes, none. Excused, 4 (Espero, Gabbard, Kouchi, Solomon).

Technology and the Arts

Ayes, 4. Noes, none. Excused, 1 (Tokuda).

**SCRep. 3175 (Joint) Hawaiian Affairs and Technology and the Arts on S.C.R. No. 47**

The purpose and intent of this measure is to recognize January 17 of every year as Ho'oku'ikahi Day, or Reconciliation Day, in honor and remembrance of the justice, reconciliation, and nonviolence of Queen Lili'uokalani.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, Pacific Justice & Reconciliation Center, Interfaith Alliance Hawaii, Koolauhui'ia Protestant Church, and four individuals. Your Committees received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committees find that designating January 17 as Ho'oku'ikahi Day, or Reconciliation Day, will remind and educate the State's residents of the historical events surrounding the 1893 illegal overthrow of Queen Lili'uokalani. Accordingly, your Committees support an annual day of reflection to commemorate the unjust overthrow of Queen Lili'uokalani and reflect on the State's commitment to achieving reconciliation as envisioned by Queen Lili'uokalani.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 47, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 47, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Slom).

Technology and the Arts

Ayes, 3. Noes, none. Excused, 2 (Tokuda, Slom).

**SCRep. 3176 (Joint) Hawaiian Affairs and Technology and the Arts on S.R. No. 21**

The purpose and intent of this measure is to recognize January 17 of every year as Ho'oku'ikahi Day, or Reconciliation Day, in honor and remembrance of the justice, reconciliation, and nonviolence of Queen Lili'uokalani.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Pacific Justice & Reconciliation Center, Association of Hawaiian Civic Clubs, Interfaith Alliance Hawaii, Koolauhui'ia Protestant Church, and twelve

individuals. Your Committees received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committees received comments on this measure from one individual.

Your Committees find that designating January 17 as Ho'oku'ikahi Day, or Reconciliation Day, will remind and educate the State's residents of the historical events surrounding the 1893 illegal overthrow of Queen Lili'uokalani. Accordingly, your Committees support an annual day of reflection to commemorate the unjust overthrow of Queen Lili'uokalani and reflect on the State's commitment to achieving reconciliation as envisioned by Queen Lili'uokalani.

**SCRep. 3177 (Joint) Hawaiian Affairs and Transportation and International Affairs and Technology and the Arts on S.C.R. No. 70**

The purpose and intent of this measure is to urge the Governor to proclaim 2014 as the Year of the Worldwide Voyage.

Your Committees received testimony in support of this measure from the Hawaiian Educational Council and Association of Hawaiian Civic Clubs.

Your Committees find that the Hokule'a is a traditional voyaging canoe that will depart on a five-year, worldwide voyage in 2014 using traditional Polynesian navigation methods. As the Hokule'a sails, it will bring together Pacific island communities and share Hawaii's heritage and culture with communities around the world. Along the way, it will teach Hawaii's children about their heritage, respect for others, and environmental sustainability.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs, Transportation and International Affairs, and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 70 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3179 (Joint) Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing on S.C.R. No. 83**

The purpose and intent of this measure is to:

- (1) Commend and support the Pacific International Space Center for Exploration Systems' (PISCES) collaborative work with the National Aeronautics and Space Administration (NASA) and private industries in the areas of basaltic concrete and additive manufacturing; and
- (2) Request the State to collaborate with PISCES, county agencies, and private industries to explore opportunities for applications of basaltic concrete and additive manufacturing to reduce Hawaii's dependence on imported concrete.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; PISCES; and three individuals.

Your Committees find that as a result of the similarity of Hawaii's volcanic dust and lava to the regolith on the surface of the moon and Mars, PISCES is assuming a global leadership role in the development of technologies that potentially will support the manufacture of concrete and other materials that may be used to construct facilities on other planetary bodies. Research and development to support innovative technologies in basalt concrete composition and delivery is an attractive and self-sustaining alternative to continued reliance on cement and bitumen imports. PISCES has entered into research and development alliances with various private industry partners and has been invited by NASA to participate in a two-to-three year NASA research program on three-dimensional additive construction using basalt regolith. PISCES has secured a leadership role for the State in the maturation of these pioneering technologies and advancing the future well-being of the State.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 83 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3181 (Joint) Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing on S.R. No. 56**

The purpose and intent of this measure is to urge the Honolulu City Council to apply for declaration of Whitmore Village in central Oahu as a state enterprise zone.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Hawaii Farm Bureau.

Your Committees find that the state enterprise zones program was established to stimulate business and industrial growth in economically disadvantaged areas of the State by providing regulatory flexibility and tax incentives. It is vital to the State's future to encourage economic growth and diversity in rural areas, such as central Oahu's Whitmore Village. The inclusion of Whitmore Village in the state enterprise zones program will allow future legislation to be directed to steer economic development, including jobs, housing, emerging industries, and education, to the leeward side of Oahu.

Your Committees have amended this measure by:

- (1) Inserting additional language regarding the inclusion of Whitmore Village in the existing Enterprise Zone No. 2 in the City and County of Honolulu;
- (2) Amending the title to read: "URGING THE HONOLULU CITY COUNCIL TO APPLY FOR INCLUSION OF WHITMORE VILLAGE IN CENTRAL OAHU IN THE EXISTING ENTERPRISE ZONE NO. 2 (MILILANI TECH PARK AND PARTS OF WAHIAWA)"; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 56, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 56, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Green).

**SCRep. 3182     Agriculture on Gov. Msg. No. 598**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF AGRICULTURE

G.M. No. 598    RICHARD HA, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Richard Ha to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Board of Agriculture.

Your Committee received testimony in support of the nomination of Richard Ha from the Department of Agriculture; Agribusiness Development Corporation; Representative Colleen W. Hanabusa, United States Congress; Office of the Mayor, County of Hawaii; Hawaii Farm Bureau Federation; Hawaii Cattlemen's Council, Inc.; Kauai Chamber of Commerce; Hamakua County Farm Bureau; Rivertop Solutions LLC; 4 Ag Hawaii; Hawaii Forest Industry Association; Mahukona Ranch; McCandless Ranch; Food Solutions Inc.; Kualoa Ranch; Ola'a Banana Co.; Hawaii Agriculture Research Center; Monsanto Company; Indigenous Consultants, LLC; Merriman's Restaurants; Hawaii Floriculture and Nursery Association; Edmund C. Olson Trust II; Kapoho Land Partnership; Hawaii Regional Council of Carpenters; Hawaii Pineapple Company LLC; Maui County Farm Bureau; Syngenta Hawaii; Island Princess; White Cloud Nursery; Sugarland Growers, Inc.; Young Brothers; Pacific Resource Partnership; Ponoholo Ranch, Ltd.; Armstrong Products; Matsuda-Fukuyama Farms, Inc.; Y. Hirayama Farm, Inc.; Building Industry Association of Hawaii; Laborers' International Union of North America, Local 368; Research Designed for Agriculture; Hawaii Crop Improvement Association; and 207 individuals. Your Committee received testimony in opposition to the nominee from Corkers' Rancho Aloha; Ho'okipa Network – Kauai; and seventeen individuals.

After serving as a United States Army Captain in the Vietnam War, Mr. Ha earned a Bachelor's degree in Accounting from the Shidler College of Business at the University of Hawaii. He is the Founder and President of Hamakua Springs Country Farms, a diversified agriculture operation consisting of 600 fee simple acres on the Hilo/Hamakua Coast where he grows bananas and hydroponic tomatoes. He is also the Founding Member and President of the Big Island Community Coalition, whose mission is to decrease electricity costs on the Big Island to assist farmers and increase the State's food security. He recently received the 2011 Distinguished Alumni Award from the University of Hawaii Alumni Association.

Mr. Ha is significantly involved in the community and has been on the board of numerous community organizations, including the Hawaii Island Economic Development Board, Keaholoa STEM Program, Boys and Girls Club of Hawaii, and the Advisory Board for the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources. He is currently a member of the Hawaii Clean Energy Steering Committee, The Kohala Center Board, and Geothermal Working Group. He is considered one of the most respected and innovative agricultural leaders in the State and is passionate about increasing the State's food security and sustainability. Richard's extensive agricultural experience, community involvement, and valuable contributions to the Board of Agriculture as a current board member make him ideally suited for reappointment to the Board of Agriculture as a Hawaii County representative.

As affirmed by the record of votes of the members of your Committee on Agriculture that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 3183 Agriculture on Gov. Msg. Nos. 555 and 556**

Recommending that the Senate advise and consent to the nominations of the following:

ADVISORY COMMITTEE ON PESTICIDES

G.M. No. 555 JASON MISAKI, for a term to expire 6-30-2017; and

G.M. No. 556 REGINALD HASEGAWA, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Jason Misaki and Reginald Hasegawa to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Advisory Committee on Pesticides.

JASON MISAKI

Your Committee received testimony in support of this nominee from the Department of Agriculture and Hawaii Cattlemen's Council, Inc. Your Committee received testimony in opposition to the nominee from two individuals.

Mr. Misaki received his Bachelor's degree from the University of Hawaii at Manoa. Since graduation, Mr. Misaki has been employed at the Department of Land and Natural Resources in a number of positions, including as a Technician and Biologist for the Wildlife Program in the Division of Forestry and Wildlife. Since 2007, he has held the position of Wildlife Program Manager in the Division of Forestry and Wildlife, Oahu Branch. Throughout his career, Mr. Misaki has gained extensive experience in analyzing the efficiency and effects of land management techniques, especially as they relate to pesticides. He also has particular expertise in investigating and mitigating the effects of pesticides and pollution on wildlife. Given his diverse experience in the Division of Forestry and Wildlife, Mr. Misaki will be an asset to the Advisory Committee on Pesticides as the Department of Land and Natural Resources' representative.

REGINALD HASEGAWA

Your Committee received testimony in support of this nominee from the Department of Agriculture; Hawaii Farm Bureau Federation; Hawaii Cattlemen's Council, Inc.; Forest Solutions, Inc.; Hawaii Agriculture Research Center; Hawaii Floriculture and Nursery Association; Bayer CropScience; Sugarland Growers Inc.; Maui County Farm Bureau; Y. Hirayama Farm, Inc.; and twenty-three individuals. Your Committee received testimony in opposition to the nominee from three individuals.

Mr. Hasegawa received a Bachelor's degree in Biology from the University of Hawaii at Hilo. After graduation, Mr. Hasegawa worked for United Agri Products as a Sales Representative, then later as an Area Manager. He currently is a Location Manager for Crop Production Services Hilo, formerly United Agri Products. He has served on the Board of Directors of the Hawaii Farm Bureau Federation for Kohala and is a member of numerous community organizations, including the Hawaii Coffee Association, Hawaii Papaya Industry Association, Hawaii Crop Improvement Association, and Hawaii Organic Farmers Association. His extensive experience in pesticide products and the agricultural industry throughout the State makes him ideally suited for the Advisory Committee on Pesticides, as a pesticide industry representative.

As affirmed by the records of votes of the members of your Committee on Agriculture that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 3184 Technology and the Arts on S.C.R. No. 8**

The purpose and intent of this measure is to request the City and County of Honolulu to name the new central Oahu ambulance facility after the late Loretta Fuddy, Director of Health.

Your Committee received testimony in support of this measure from American Medical Response and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that as the Director of Health, the late Loretta Fuddy was a highly respected national figure on health services and public health administration. One of her first acts as the Director of Health was to save the Maui County Medevac helicopter from budget cuts. On December 11, 2013, that same helicopter carried her body and the survivors of a commuter plane crash off the Kalaupapa peninsula for further medical treatment. Director Fuddy was killed in the line of duty while serving some of the most abandoned and marginalized people of Hawaii. This measure honors Director Fuddy's commitment to public service and public health.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 3185 Technology and the Arts on S.R. No. 7**

The purpose and intent of this measure is to request the City and County of Honolulu to name the new central Oahu ambulance facility after the late Loretta Fuddy, Director of Health.

Your Committee received testimony in support of this measure from American Medical Response and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that as the Director of Health, the late Loretta Fuddy was a highly respected national figure on health services and public health administration. One of her first acts as the Director of Health was to save the Maui County Medevac helicopter from budget cuts. On December 11, 2013, that same helicopter carried her body and the survivors of a commuter plane crash off the Kalaupapa peninsula for further medical treatment. Director Fuddy was killed in the line of duty while serving some of the most abandoned and marginalized people of Hawaii. This measure honors Director Fuddy's commitment to public service and public health.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 7 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 3186      Judiciary and Labor on S.C.R. No. 41**

The purpose and intent of this measure is to request the Department of Education and Department of Human Services to assist with increasing voter registration among young adults by:

- (1) Requesting the Department of Education to provide seniors at every public school with voter registration information prior to graduation;
- (2) Requesting the Department of Human Services to provide young adults who are in young adult voluntary foster care with information on voter registration; and
- (3) Requesting the Department of Human Services to provide additional information about the voter registration process to any young adult who inquires.

Your Committee received testimony in support of this measure from the Department of Human Services and Hawaii Youth Services Network.

Your Committee finds that this measure will provide young adults with more information regarding the voter registration process and may encourage more young adults to exercise their right to vote.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 3187      (Joint) Public Safety, Intergovernmental and Military Affairs and Energy and Environment on S.R. No. 79**

The purpose and intent of this measure is to urge the federal government to adopt federal policy to prohibit the introduction of non-native species, and to manage and prevent the uncontrolled proliferation of invasive species.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs and two individuals. Your Committees received testimony in opposition to this measure from the Hawaii Sportsmen Alliance, Big Island Fisheries Alliance, Good Shepard Foundation, and three individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that the proliferation of certain invasive species inflicts irreparable damage to native habitats, native ecosystems, and native species. States, organizations, agencies, and individuals are allowed to import invasive species under different state laws, with conflicting levels of permitting, monitoring, protection, management, and enforcement. Furthermore, the federal government has no single policy prohibiting or limiting the import and keeping of invasive species in the United States. The management and control of import and proliferation of invasive species would benefit from application of federal guidelines, standards, regulations, and oversight.

Your Committees have amended this measure by:

- (1) Replacing the word "non-native" with the word "invasive" throughout the measure;
- (2) Amending the title of the measure to read, "URGING THE FEDERAL GOVERNMENT TO ADOPT FEDERAL POLICY TO PROHIBIT THE INTRODUCTION OF INVASIVE SPECIES, AND TO MANAGE AND PREVENT THE UNCONTROLLED PROLIFERATION OF INVASIVE SPECIES"; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 79, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 79, S.D. 1.

Signed by the Chairs on behalf of the Committees.  
  
Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).  
  
Energy and Environment  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 3188 (Joint) Public Safety, Intergovernmental and Military Affairs and Energy and Environment on S.C.R. No. 143**

The purpose and intent of this measure is to urge the federal government to adopt federal policy to prohibit the introduction of non-native species, and to manage and prevent the uncontrolled proliferation of invasive species.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs and two individuals. Your Committees received testimony in opposition to this measure from the Hawaii Sportsmen Alliance, Big Island Fisheries Alliance, Good Shepard Foundation, and three individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that the proliferation of certain invasive species inflicts irreparable damage to native habitats, native ecosystems, and native species. States, organizations, agencies, and individuals are allowed to import invasive species under different state laws, with conflicting levels of permitting, monitoring, protection, management, and enforcement. Furthermore, the federal government has no single policy prohibiting or limiting the import and keeping of invasive species in the United States. The management and control of import and proliferation of invasive species would benefit from application of federal guidelines, standards, regulations, and oversight.

Your Committees have amended this measure by:

- (1) Replacing the word “non-native” with the word “invasive” throughout the measure;
- (2) Amending the title of the measure to read, “**URGING THE FEDERAL GOVERNMENT TO ADOPT FEDERAL POLICY TO PROHIBIT THE INTRODUCTION OF INVASIVE SPECIES, AND TO MANAGE AND PREVENT THE UNCONTROLLED PROLIFERATION OF INVASIVE SPECIES**”; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 143, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 143, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 3189 (Joint) Public Safety, Intergovernmental and Military Affairs and Energy and Environment on S.R. No. 52**

The purpose and intent of this measure is to minimize soil erosion and sediment run-off by requesting that the counties reevaluate and, if necessary, update their best management practices for construction.

Your Committees received testimony in support of this measure from Hui o Ko’olaupoko and fifteen individuals.

Your Committees find that the construction process often involves the removal of vegetation, the alteration of topography, and the covering of previously vegetated surfaces with impervious cover such as roads, driveways, and buildings. These changes to the landscape often result in the erosion of soil and sedimentation of water bodies as soil travels in water run-off. Best management practices are generally effective and involve practical methods of eliminating or reducing the discharge of pollutants from construction sites into state waters; however, the State’s nearshore waters continue to be polluted from run-off, despite existing best management practices. Your Committees therefore conclude that existing best management practices for construction need to be reevaluated and strengthened to minimize soil erosion and sediment run-off that may damage the State’s reefs and nearshore waters.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Energy and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 52 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Energy and Environment  
Ayes, 4. Noes, none. Excused, 1 (Ihara).

**SCRep. 3190 (Joint) Public Safety, Intergovernmental and Military Affairs and Energy and Environment on S.C.R. No. 104**

The purpose and intent of this measure is to minimize soil erosion and sediment run-off by requesting that the counties reevaluate and, if necessary, update their best management practices for construction.

Your Committees received testimony in support of this measure from Hui o Ko’olaupoko and fifteen individuals.

Your Committees find that the construction process often involves the removal of vegetation, the alteration of topography, and the covering of previously vegetated surfaces with impervious cover such as roads, driveways, and buildings. These changes to the landscape often result in the erosion of soil and sedimentation of water bodies as soil travels in water run-off. **SCRep. 3191 (Joint) Public Safety, Intergovernmental and Military Affairs and Commerce and Consumer Protection on S.R. No. 85**

The purpose and intent of this measure is to request Hawaii's congressional delegation to introduce legislation to establish food labeling requirement pertaining to genetically modified organisms.

Your Committees received testimony in support of this measure from the Department of Agriculture, Hawaii Crop Improvement Association, Hawaii Farmers and Ranchers United, and 1,978 "Conventional People". Your Committees received comments on this measure from the Hawaii Farm Bureau, Hawaii Food Industry Association, and Hawaii Cattlemen's Council.

Your Committees find that it is the responsibility of the United States Congress to pass laws that resolve nationwide inconsistencies in laws. However, federal law is silent on the contested issue of mandatory labeling of genetically modified foods. Hawaii's congressional delegation is requested to introduce legislation that will protect consumers by clarifying food labeling requirements pertaining to genetically modified organisms and advancing food safety, while ensuring that food remains affordable.

Your Committees have amended this measure by:

- (1) Inserting language stating that a federal legislative solution should protect consumers by eliminating confusion and advancing food safety, while ensuring that food remains affordable;
- (2) Specifying that the request made by this measure is for the clarification, rather than establishment, of food labeling requirements pertaining to genetically modified organisms;
- (3) Amending the title to read: "REQUESTING HAWAII'S CONGRESSIONAL DELEGATION TO INTRODUCE LEGISLATION TO CLARIFY FOOD LABELING REQUIREMENTS PERTAINING TO GENETICALLY MODIFIED ORGANISMS"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 85, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 85, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3193 (Joint) Energy and Environment and Water and Land on S.R. No. 34**

The purpose and intent of this measure is to endorse and support the Aloha+ Challenge to achieve ambitious targets related to clean energy, local food, natural resource management, waste reduction, smart sustainable communities, and green workforce by 2030.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; Department of Health; Department of Agriculture; Office of Hawaiian Affairs; Office of Planning; State Sustainability Coordinator; County of Kauai Office of Economic Development; Hawaii Energy Policy Forum; Hawaii Green Growth; The Nature Conservancy; Ulupono Initiative; The Sky Ohana; Enterprise Honolulu; and fifteen individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from one individual.

Your Committees find that Hawaii exemplifies the urgent need for action on the global challenge to build more sustainable economies, as Hawaii's people depend on imports for roughly 95 percent of their energy and 85 percent of their food, at an estimated annual cost of more than \$8,000,000,000.

Your Committees further find that drawing from experience from other international commitments, key elements for an Aloha+ Challenge: A Culture of Sustainability – He Nohona 'Ae'oa have been outlined, with principles and targets based on current state priorities and policies, including:

- (1) Respecting the culture, character, beauty, and history of the State's island communities;
- (2) Striking a balance between economic, social, community, and environmental priorities;
- (3) Meeting the needs of the present without compromising the ability of future generations to meet their own needs; and
- (4) Addressing the impacts of climate change and increasing climate change resilience.

Leadership and support by the Legislature is critical for the success of implementing the Aloha+ Challenge. Your Committees note that a statewide commitment to the Aloha+ Challenge should also help to promote education for sustainable development for youth and Hawaiian values.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 34, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 34, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3195 (Joint) Higher Education and Hawaiian Affairs and Health on S.R. No. 60**

The purpose and intent of this measure is to request the University of Hawaii John A. Burns School of Medicine to establish a Native Hawaiian Health Task Force.

Your Committees received testimony in support of this measure from the Department of Health, University of Hawai‘i John A. Burns School of Medicine, Office of Hawaiian Affairs, The Queen’s Health Systems, Association of Hawaiian Civic Clubs, Waimānalo Health Center, ‘Aha Kāne Foundation for the Advancement of Native Hawaiian Males, and eighteen individuals. Your Committees received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committees find that the University of Hawaii John A. Burns School of Medicine’s Department of Native Hawaiian Health recently completed a two-year study entitled “Assessment and Priorities for Health and Well-Being in Native Hawaiians and Other Pacific Peoples”. The results of this study were presented to a joint legislative committee on September 23, 2013, along with recommendations and priorities to improve the health and well-being of the State’s indigenous and Pacific Islander populations. The study also detailed successful programs that have led to reduced risk factors for diabetes, heart disease, and stroke, and these programs include weight and blood pressure management.

Your Committees further find that it is necessary to address the findings and recommendations of the Department of Native Hawaiian Health’s study by creating a task force to formulate policies and procedures to eliminate the disproportionate impact of the social determinants of health and chronic disease on all individuals, with particular focus on Native Hawaiians and other Pacific peoples. This measure requests the University of Hawaii John A. Burns School of Medicine to establish a Native Hawaiian Health Task Force to examine these issues.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education, Hawaiian Affairs, and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 60, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 60, S.D. 1.

**SCRep. 3197 Ways and Means on S.C.R. No. 118**

The purpose and intent of this measure is to request information on the Department of Hawaiian Home Lands' residential rental property development policies.

Specifically, the measure urges the Department of Hawaiian Home Lands to:

- (1) Submit a report to the Legislature regarding its policy to develop rental properties for occupancy by its beneficiaries; and
- (2) Ensure that its beneficiaries will not lose their place on the homestead waitlist while residing in a Department of Hawaiian Home Lands' rental.

Your Committee received written comments in support of this measure from the Sovereign Councils of the Hawaiian Homelands Assembly and one individual. Written comments in opposition were received from one individual. The Department of Hawaiian Home Lands submitted written comments on the measure.

Your Committee finds that, as of September 11, 2012, there were 26,550 individual applicants on the Department of Hawaiian Home Lands' waitlist for homestead leases. Many beneficiaries of the Department of Hawaiian Home Lands must first establish credit before they are able to qualify for a mortgage on a homestead lease. Your Committee also finds that, in its audit of the Department of Hawaiian Home Lands' Homestead Services Division, the Auditor reported that the Department of Hawaiian Home Lands had a significant amount of defaulted mortgage loans, with a delinquency rate of almost thirty-two percent, at the end of fiscal year 2012. Your Committee believes that the Department of Hawaiian Home Lands could increase its potential for returns by developing a rental property program for occupancy by its beneficiaries.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3198 Ways and Means on S.C.R. No. 97**

The purpose and intent of this measure is to promote safe food handling practices to protect the public health and facilitate such practices in the State's growing cottage food industry.

Specifically, this measure requests the Department of Health to:

- (1) Provide food safety workshops or classes for all persons who have temporary food establishment permits approved by the Department on all islands where such persons reside;
- (2) Provide copies of title 11, chapter 50, Hawaii Administrative Rules, relating to the Food Safety Code, to consumers and interested cottage food industry stakeholders;

- (3) Convene a cottage food business working group, composed of representatives from the Department of Health and the cottage food industry, to examine title 11, chapter 50, Hawaii Administrative Rules, to consider issues related to the cottage food industry; and
- (4) Submit a report of the working group's findings, recommendations, and any proposed legislation to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation and Local Food Coalition. Written comments in opposition were received from the Department of Health.

Your Committee finds that, in recent years, as the local food movement has become more popular, more states have focused on developing cottage food laws that allow home food businesses to exist legally. Your Committee also finds that temporary food establishment permits issued by the Department of Health allow cottage food businesses to vend products produced in a home kitchen directly to consumers at bake sales, food swaps, farm stands, or farmers' markets. Your Committee further finds that food safety workshops or classes available on all islands would be beneficial to home cooks who wish to grow their cottage food businesses. Your Committee believes that this measure will be beneficial to both public health and the state economy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 97, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3199 Ways and Means on S.C.R. No. 35**

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report of the social and financial impacts of mandating infertility procedure coverage for all individual and group accident and health or sickness insurance policies that provide pregnancy-related benefits, as provided in S.B. No. 2909, S.D. 1, of the Regular Session of 2014.

More specifically, this measure requests the Auditor to examine the impacts of mandating a benefit of three in vitro fertilization cycles or a live birth for all outpatient expenses arising from in vitro fertilization procedures performed on the insured or insured's dependent, effective July 1, 2014.

No written comments on the measure were received by your Committee.

Your Committee finds that in the nearly twenty-five years since the enactment of the law that requires coverage of in vitro fertilization, there have been substantial changes and improvements in assisted reproductive technologies that could provide couples in Hawaii with additional treatment options appropriate for their specific infertility diagnosis.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3200 Ways and Means on S.C.R. No. 34**

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report of the social and financial impacts of mandating coverage for hearing aids by health insurers and like entities, as proposed in S.B. No. 309, S.D. 1, from the Regular Session of 2013.

No written comments on this measure were received by your Committee.

Your Committee finds that mandatory health insurance coverage for hearing aids would substantially assist persons who are deaf or hard of hearing to function effectively in the community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3201 (Joint) Energy and Environment and Health on S.C.R. No. 73**

The purpose and intent of this measure is to request the Director of Health to convene a task force to study the effects of the January 2014 fuel tank leak at the Red Hill underground fuel storage facility.

Your Committees received testimony in support of this measure from the Department of Health, Board of Water Supply, and two individuals.

Your Committees find that the Red Hill underground fuel storage facility is located near Pearl Harbor and operated by the United States Navy. The facility contains twenty cylindrical tanks, each of which can hold up to 12,500,000 gallons of fuel, and continues to provide secure fuel storage for ships and aircraft of the United States Pacific Fleet and other military services.

Your Committees further find that in January of 2014, fuel operators at Red Hill discovered a discrepancy in the fuel level in one of the tanks, specifically tank number five. It has been reported that the age of the facility and the mission-critical requirements for its storage capacity combine to present a significant future risk of a moderate to large release of fuel to the underlying ground water. Your Committees therefore conclude that the effects of the January 2014 leak should be studied, strategies should be formulated to mitigate

the effects of future leaks, and recommendations should be made regarding improvements in communication in the event of future leaks.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 73 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 4. Noes, none. Excused, 1 (Ihara).

Health

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3202 Ways and Means on H.B. No. 2333**

The purpose and intent of this measure is to promote nationally recognized best practices in the statewide, integrated sex offender treatment program.

Specifically, the measure:

- (1) Broadens the scope of the program to include the development and implementation of standards and guidelines for the assessment, evaluation, treatment, and supervision of adult sex offenders; and
- (2) Designates the coordinating body of the program as the “adult sex offender management team.”

Your Committee received written comments in support of this measure from the Department of Public Safety.

Your Committee finds that the complex nature of sex crimes and the extreme emotional and physical harm they inflict on victims necessitates implementation of a statewide, integrated sex offender treatment program that is based upon nationally recognized best practices for sex offender management.

Your Committee has amended this measure by:

- (1) Making a conforming amendment to the title of chapter 353E, Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2333, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2333, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3203 Ways and Means on H.B. No. 2304**

The purpose and intent of this measure is to reduce, from twenty-one to eleven, the number of members on the neurotrauma advisory board and to authorize the Director of Health to appoint up to three ex officio state and county nonvoting members.

No comments were submitted on this measure.

Your Committee finds that the smaller number of members will allow the board to achieve a quorum on a regular basis and improve the effectiveness of the board in assisting the Department of Health to meet its legislative charge.

Your Committee notes that while this measure does not establish a transition plan for the reduction in the size of the advisory board, your Committee believes that the Governor will be able to make the determination and can report to Legislature prior to the convening of the Regular Session of 2015 explaining how this measure was implemented.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2304, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2304, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3204 (Majority) Ways and Means on H.B. No. 2276**

The purpose and intent of this measure is to establish an early childhood education program within the Early Learning System established under section 302L-2, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Human Services; the Department of Public Safety; the Executive Office on Early Learning; the Interim Executive Vice President for Academic Affairs of the University of Hawaii; Early Learning Advisory Board; The Chamber of Commerce of Hawaii; Hui for Excellence in Education; Good Beginnings

Alliance; Kamehameha Schools; Hawaii Association for Education of Young Children; Aloha United Way; Hawaii Association of Independent Schools; PHOCUSED; Aha Punana Leo; and six individuals. Written comments in opposition were received from the Hawaii State Teachers Association.

Your Committee finds that a child's environment and experiences during their formative years have a significant impact on their later success in school and in life. Research has consistently shown that children who receive a high-quality early childhood education go on to attain higher levels of education and have higher rates of graduation than children who do not receive any type of early childhood education. Furthermore, early childhood education programs provide equal access to education for children from diverse socioeconomic backgrounds.

Your Committee believes that it is critical to children's well-being that they be provided with the necessary resources and skill sets to prepare them for kindergarten. Improving children's access to early educational opportunities will also help Hawaii's educational system meet national standards to remain eligible for federal grants and subsidies. Accordingly, your Committee finds that a state early childhood education program will provide uniform access to academically enriched programs for children preparing to enter kindergarten and significant benefits for children's families and the community.

Your Committee has amended this measure by:

- (1) Inserting a definition for the term "underserved children";
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2276, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2276, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (Kouchi, Ruderman).

**SCRep. 3205 Ways and Means on H.B. No. 2273**

The purpose and intent of this measure is to broaden the range of entities, educational institutions, and organizations that may enter into agreements with the Motor Vehicle Repair Industry Board to develop and administer the certification program for motor vehicle mechanics.

Your Committee received written comments in support of this measure from the Motor Vehicle Repair Industry Board.

Your Committee finds that the present law, which requires the board to contract solely with the University of Hawaii, to develop and administer the certification program, has outlived its useful purpose and is no longer necessary. Presently, the National Institute Automotive Service Excellence has become widely accepted and recognized as the standard industry credential for motor vehicle mechanics.

Your Committee has amended this measure by:

- (1) Restoring language that authorizes the board to develop and administer a certification program;
- (2) Clarifying that the board has the flexibility to either approve or enter into a written agreement with an entity, educational institution, or other organization to design or procure the certificate or patch that is provided to persons who successfully complete the certification program;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2273, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2273, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3206 (Majority) Ways and Means on H.B. No. 2257**

The purpose and intent of this measure is to adjust the salary cap of the Superintendent of Education.

In addition, this measure subjects the Superintendent to an annual performance evaluation based on outcomes determined by the Board of Education.

Your Committee received written comments in support of this measure from the Hui for Excellence in Education and the Hawaii Association of Independent Schools.

Your Committee finds that the salary of the Superintendent of Education has not been adjusted since 2000 and that the current salary of the Superintendent of Education is well below the national average for superintendents of similarly sized school districts. An adjustment in the salary cap of the Superintendent will not only adequately compensate the Superintendent for meeting the rigorous demands of the position but will also reflect the State's commitment to the value of education. Your Committee finds that the implementation and administration of a child's education is a vital public interest and that this measure will help to attract and retain the most qualified and capable individuals for the position of Superintendent, as well as make us competitive with our mainland counterparts.

Your Committee has amended this measure by changing the salary cap of the Superintendent of Education to an unspecified amount to facilitate further discussion on the measure.

Your Committee notes that the Board of Education should continue to use evaluation criteria, especially student achievement criteria, to determine whether the Superintendent of Education deserves a raise. Your Committee recognizes that the Board of Education needs flexibility in establishing the evaluation criteria, but believes that at least one criterion should be student achievement. While it is your Committee's intent that student achievement be included as one criterion for evaluation, this intent should not be construed as limiting evaluative criteria only to student achievement.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2257, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2257, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 3207 Ways and Means on H.B. No. 2253**

The purpose and intent of this measure is to expand funding sources to support the Hawaii Film Studio, the Hawaii Film Office, and film and digital media industry development programs and initiatives within the Department of Business, Economic Development, and Tourism.

The measure also:

- (1) Repeals the Hawaii Television and Film Development Board;
- (2) Establishes a creative film and media park; and
- (3) Appropriates an unspecified sum for the establishment of a creative film and media park.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; and the University of Hawaii at West Oahu. Written comments in opposition were received from the Department of Land and Natural Resources. The High Technology Development Corporation submitted written comments on the measure.

Your Committee finds that Hawaii's film industry generates an estimated \$250,000,000 in production revenues per year, providing the State with an estimated economic impact of more than \$400,000,000 annually. Your Committee believes that this measure will provide a necessary funding mechanism for the ongoing repair and maintenance of the Hawaii Film Studio. Your Committee also believes that establishing a creative film and digital media park will facilitate economic growth of the creative film and digital media industry by locating film and digital media entities in a designated geographic hub.

Your Committee has amended this measure by:

- (1) Changing references to "media" in part II of the measure to "digital media"; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2253, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2253, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Kouchi).

**SCRep. 3208 Ways and Means on H.B. No. 2224**

The purpose and intent of this measure is to require the Department of Health to establish a voluntary clean and sober homes registry to assist persons recovering from substance abuse to have a safe, clean, and sober environment that supports their recovery.

The measure also:

- (1) Amends the county zoning statute to better align functions of state and county jurisdictions with federal law with regard to housing for persons with disabilities; and
- (2) Appropriates an unspecified amount for staffing and operating costs to plan, establish, and operate the registry of clean and sober homes.

Your Committee received written comments in support of this measure from the Department of Health and the Hawaii Substance Abuse Coalition.

Your Committee finds that clean and sober homes allow individuals to return to the community through support in an alcohol- and drug-free, home-like environment, without the rigid structure of a therapeutic living program. Your Committee further finds that neighboring residents have expressed concerns regarding the legality of the operation of clean and sober homes in their immediate vicinity and the poor conduct of some residents of the clean and sober homes. Your Committee believes that this measure will balance the needs of those requiring the support of clean and sober homes and the concerns of community members where those homes are located.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2014, to July 1, 2050, to facilitate further discussion on the measure; and

(2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2224, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2224, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Kahele).

**SCRep. 3209 Ways and Means on H.B. No. 2251**

The purpose and intent of this measure is to ensure that the Housing Loan and Mortgage Program, commonly known as the Hula Mae Multifamily Revenue Bond Program, can continue to finance the development and preservation of affordable rental housing in future years by increasing the Hula Mae Multifamily Revenue Bond Program authorization limit from \$750,000,000 to \$1,000,000,000.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the lack of affordable housing continues to be one of the State's most significant and challenging social problems and is a critical issue for many Hawaii residents. Your Committee further finds that the Housing Loan and Mortgage Program, commonly known as the Hula Mae Multifamily Revenue Bond Program, is an effective and widely used financing tool for the development and preservation of affordable rental housing. Your Committee believes that increasing the Housing Loan and Mortgage Program revenue bond authority limit will further promote the development and rehabilitation of affordable rental housing projects and offer many Hawaii homebuyers the opportunity to own their own home.

Your Committee has amended this measure by changing the proposed Hula Mae Multifamily Program revenue bond authorization limit from \$1,000,000,000 to an unspecified amount to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2251, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2251, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3210 Ways and Means on H.B. No. 2217**

The purpose and intent of this measure is to authorize the Department of Labor and Industrial Relations to establish workforce development working groups and develop training programs and to appropriate funds for this purpose.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, The Chamber of Commerce of Hawaii, the Hawaii Farm Bureau Federation, the Hawaii Primary Care Association, and one individual.

Your Committee finds that it is important for Hawaii to focus its efforts in developing training programs to support the workforce. Your Committee believes that a strong workforce is necessary to strengthen Hawaii's economy. Investing in Hawaii's human resources will bring outside development and attract foreign industries to Hawaii and ensure the continuation of these new investments through a supply of educated workers who are well-equipped to fulfill a variety of positions.

Your Committee has amended this measure by clarifying that the department's duty to include certain types of representatives on the working groups is triggered by the department exercising its authority to establish the working groups.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2217, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2217, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 3211 Ways and Means on H.B. No. 2213**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist the West Maui Hospital and Medical Center Foundation, Inc., in establishing a hospital in West Maui.

Your Committee received written comments in support of this measure from the Mayor of the County of Maui. The Department of Budget and Finance submitted written comments on the measure.

Your Committee finds that lengthy travel times between West Maui and the Maui Memorial Medical Center in Central Maui can be very critical in emergency situations. This measure will ensure that the growing population of West Maui, and other residents and visitors, have timely access to emergency medical care in West Maui.

Your Committee has amended this measure by changing a reference from "West Maui Hospital and Medical Center Foundation, Inc." to "West Maui Hospital Foundation, Inc."

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2213, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2213, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3212      Ways and Means on H.B. No. 2188**

The purpose and intent of this measure is to repeal the Waialua loan and subsidy program, Kikala-Keokea housing revolving fund, and Kikala-Keokea infrastructure development fund.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation and the Department of Land and Natural Resources.

Your Committee finds that this measure will repeal certain funds and programs that have served their intended purpose and are no longer functional or necessary. Your Committee also finds that the State will be served more effectively if any moneys remaining in the Waialua loan and subsidy program, Kikala-Keokea housing revolving fund, and Kikala-Keokea infrastructure development fund are deposited into an active fund or to the credit of the general fund of the State.

Your Committee has amended this measure by:

- (1) Changing an erroneous reference from “section 171-91.5” to “section 171-19.5”;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making a technical nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2188, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2188, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 3213      Ways and Means on H.B. No. 2115**

The purpose and intent of this measure is to require Med-QUEST and medicaid coverage for chiropractic care, limited to twenty-four visits per calendar year, and to appropriate funds to the Department of Human Services to implement the requirement.

Your Committee received written comments in support of this measure from the Hawaii State Chiropractic Association, Hawaii Primary Care Association, Klein Chiropractic Center, and twelve individuals. Your Committee received written comments on this measure from the Department of Human Services and one individual.

Your Committee finds that the State’s medicaid program already covers chiropractic care for individuals under twenty-one years of age with no limits, provided that there is medical necessity. Your Committee further finds that the need for chiropractic treatments is not unique to youth, and adults deserve the same choice and access to chiropractic care.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2115, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2115, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3214      Ways and Means on H.B. No. 2150**

The purpose and intent of this measure is to provide funding for the Pacific International Space Center for Exploration Systems’ planetary sustainability technologies initiative.

Your Committee received testimony in support of this measure from an Apollo XI Astronaut; JAMSS America Inc.; the National Aeronautics and Space Administration; the University of Hawaii at Hilo; a former Governor of Hawaii; a retired NASA officer; the Department of Business, Economic Development and Tourism; Ferraro Choi and Associates; Near Earth LLC; Paragon Space Development Corporation; Shackleton Energy Company; Pacific International Space Center for Exploration Systems; International Ventures Associates; and three individuals.

Your Committee feels that the technology supported by this measure will be beneficial to Hawaii, including technology in the areas of renewable energy, construction materials, and water reutilization. Your Committee finds that the funds will promote science, technology, engineering, and math initiatives to increase high-paying job opportunities and help to diversify the Hawaii economy.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2150, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2150, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahale, Kouchi).

**SCRep. 3215      Ways and Means on H.B. No. 2170**

The purpose and intent of this measure is to encourage new hotel construction.

More specifically, this measure establishes a nonrefundable income tax credit for costs incurred in new hotel construction.

Your Committee received written comments in support of this measure from the Hawaii Tourism Authority, Hawaii Lodging and Tourism Association, Maui Hotel and Lodging Association, and Wyndham Vacation Ownership. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that tourism is Hawaii's principal industry and contributes significantly to the state economy. Your Committee also finds that Hawaii must revitalize its aging hotel and resort infrastructure in order to remain competitive as a viable travel and tourist destination. Your Committee believes that this measure will provide an incentive for the private sector to invest in new hotel construction.

Your Committee has amended this measure by:

- (1) Authorizing unused tax credits to be carried forward;
- (2) Clarifying that the tax credit may only be claimed for new construction costs, rather than renovation costs;
- (3) Clarifying the certification process for tax credit claims; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2170, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2170, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3216 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on S.R. No. 30**

The purpose and intent of this measure is to encourage female members of the United States Senate to reform military investigatory and prosecutorial systems governing sexual assaults.

Your Committees received testimony in support of this measure from the State Office of Veterans Services, Planned Parenthood of Hawaii, and one individual.

Your Committees find that sexual assault within the military ranks is increasingly coming under scrutiny as victims and lawmakers call for action and transparency. The United States Department of Labor reports that between twenty and forty-eight percent of female veterans were sexually assaulted in the military, and more women leave the military with post-traumatic stress disorder from rape than from combat. Victims of military sexual assault express a fear of reporting due to the military chain of command's current sole decision-making power over whether a case moves forward to trial. Several female members of the United States Senate have proposed legislation that addresses sexual assault in the military, and your Committees encourage these Senators to continue their efforts to bring to fruition reforms to provide a safer environment for service members.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 30 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Judiciary and Labor

Ayes, 7; Ayes with Reservations (Gabbard, Galuteria, Hee, Ihara, Shimabukuro, Solomon, Slom). Noes, none. Excused, none.

**SCRep. 3217 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on S.C.R. No. 63**

The purpose and intent of this measure is to encourage female members of the United States Senate to reform military investigatory and prosecutorial systems governing sexual assaults.

Your Committees received testimony in support of this measure from the State Office of Veterans Services, Planned Parenthood of Hawaii, and one individual.

Your Committees find that sexual assault within the military ranks is increasingly coming under scrutiny as victims and lawmakers call for action and transparency. The United States Department of Labor reports that between twenty and forty-eight percent of female veterans were sexually assaulted in the military, and more women leave the military with post-traumatic stress disorder from rape than from combat. Victims of military sexual assault express a fear of reporting due to the military chain of command's current sole decision-making power over whether a case moves forward to trial. Several female members of the United States Senate have proposed legislation that addresses sexual assault in the military, and your Committees encourage these Senators to continue their efforts to bring to fruition reforms to provide a safer environment for service members.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 63 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Judiciary and Labor

Ayes, 7; Ayes with Reservations (Gabbard, Galuteria, Hee, Ihara, Shimabukuro, Solomon, Slom). Noes, none. Excused, none.

**SCRep. 3218 (Joint) Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor on S.C.R. No. 62**

The purpose and intent of this measure is to urge Congress to enact reforms addressing sexual harassment and assault in the United States Armed Forces.

Your Committees received testimony in support of this measure from Planned Parenthood of Hawaii and one individual.

Your Committees find that despite the “zero tolerance” sexual harassment and assault policy that has been implemented by military leadership for the past twenty-five years, frequent acts of sexual harassment and assault continue in all branches of the military. According to the Department of Defense Annual Report on Sexual Assault in the Military, in 2012 there were approximately 26,000 occurrences of rape or unwanted sexual assault in the military, yet only 3,374 of these incidents were reported. Several bills have been introduced in Congress to address the epidemic of sexual harassment and assault in the military. It is imperative that the military justice system be reformed to address sexual harassment and assault in the United States Armed Forces and to ensure the well-being of military service members.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental and Military Affairs and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 62 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Judiciary and Labor  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 3219 Ways and Means on S.C.R. No. 57**

The purpose and intent of this measure is to express the Legislature’s support for a bid to the Council of Pacific Arts and Culture for Hawaii to host the 2020 Festival of Pacific Arts.

In addition, this measure provides for the formation of an exploratory committee to submit the bid proposal.

Your Committee received written comments in support of this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that it is fitting that the State express its intention and support for hosting the 2020 Festival of Pacific Arts due to our unique island heritage and cultural values. Your Committee further finds that this bid to showcase our traditional Hawaiian culture to the world will benefit Hawaii’s economy and tourism industry.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 57 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3220 Ways and Means on S.C.R. No. 48**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise analysis of the probable effects of regulating clean and sober homes as proposed under S.B. No. 2587 from the Regular Session of 2014.

More specifically, this measure requests the Auditor to study the probable effects of implementing the recommendations of the Clean and Sober Homes and Halfway Houses task force.

No written comments were received by your Committee.

Your Committee finds that the licensing and regulation of clean and sober homes may substantially improve standards for clean and sober homes and halfway houses.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3221 Ways and Means on S.C.R. No. 20**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands for the maintenance and repair of the existing seawall and concrete footing, and for the use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that an existing seawall and concrete footing were placed on state submerged lands fronting the property identified as Tax Map Key: (1) 6-8-010: seaward of 021, Mokuleia, Waialua, Oahu. Your Committee recognizes that the current

owner has worked with the Department of Land and Natural Resources to resolve the encroachment of the existing seawall and concrete footing on state submerged lands. Your Committee further finds that the Board of Land and Natural Resources has approved the issuance of a fifty-five year, non-exclusive easement to resolve the encroachments.

Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3222 Ways and Means on S.C.R. No. 21**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kūaloa, Koolāupoko, Oahu, for the maintenance and repair of the existing seawall and steps, for the use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that an existing seawall and steps were placed on state submerged lands fronting property identified as Tax Map Key: (1) 4-9-009: seaward of 005, Kūaloa, Koolāupoko, Oahu. Your Committee recognizes that the current property owner of the property has worked with the Department of Land and Natural Resources to resolve the encroachment of the seawall and steps on state submerged land. Your Committee further finds that the Board of Land and Natural Resources approved the issuance of a fifty-five-year, non-exclusive easement to resolve the encroachments.

Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3223 Ways and Means on S.C.R. No. 24**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement for an existing seawall that was placed on state submerged lands at Kaneohe, Koolāupoko, Oahu for the maintenance and repair of the existing seawall, and for the use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the current owner of the abutting property has worked with the Department of Land and Natural Resources to resolve the encroachment of the seawall on the state submerged lands fronting the property identified as Tax Map Key: (1) 4-4-018: seaward of 069, located in Kaneohe, Koolāupoko, Oahu. Your Committee further finds that this easement is necessary to ensure the proper maintenance and repair of the existing seawall. Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3224 Ways and Means on S.C.R. No. 122**

The purpose and intent of this measure is to request the Department of Transportation to take certain actions regarding vehicle safety inspection decals.

Specifically, the measure requests the Department to correct the defects of the decals and to develop protocols that will ensure quality control standards of its programs.

The Department of Transportation submitted written comments on the measure.

Your Committee finds that the current vehicle safety inspection decals can easily be altered to change or erase expiration dates, making it difficult for law enforcement to enforce chapter 286, Hawaii Revised Statutes, which requires an annual vehicle safety inspection. Your Committee further finds that the Department of Transportation should develop or implement a procedure to ensure that quality control standards are satisfied.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3225 Ways and Means on S.C.R. No. 128**

The purpose and intent of this measure is to establish a plan to provide a highly skilled workforce to meet high technology industry demands in the State.

Specifically, the measure requests that the University of Hawaii establish a task force to:

- (1) Develop a plan to increase the number of students majoring in science, technology, engineering, and mathematics majors relevant to Hawaii industry demands;
- (2) Determine current initiatives that impact the readiness of students in the science, technology, engineering, and mathematics majors, and recommend solutions to increase student preparedness;
- (3) Explore and identify workforce trends in the science, technology, engineering, and mathematics fields; and
- (4) Request the task force to submit a report to the Legislature of its findings, recommendations, plan, and any proposed legislation.

Your Committee received written comments in support of this measure from the University of Hawaii and Hawaii P-20 Partnerships for Education.

Your Committee believes that the promotion of science, technology, engineering, and mathematics education in Hawaii lacks coordination and, as a result, efforts are often duplicated, creating many inefficiencies. Your Committee finds that a task force consisting of various stakeholders will help to address inefficiencies and increase the preparation and number of students in the fields of science, technology, engineering, and mathematics.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 128, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3226 Ways and Means on S.C.R. No. 12**

The purpose and intent of this measure is to authorize the issuance of a lease and easement of certain submerged lands at Manele Bay, Lana'i to Lana'i Resorts, LLC.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and Pulama Lanai.

Your Committee finds that a single floating and loading dock to be constructed and installed by the Division of Boating and Ocean Recreation and financed by Lana'i Resorts would provide a much needed area for commercial boating activities for Lana'i Resorts, Expeditions Ferry Service, and Trilogy Excursions. Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kidani).

**SCRep. 3227 Ways and Means on S.C.R. No. 16**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement by the Board of Land and Natural Resources covering a portion of state submerged lands at Heeia, Koolaupoko, Oahu, for the maintenance and repair of the existing pier, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Your Committee also finds that around 2012, the Department of Land and Natural Resources worked with the current owners of the abutting property to resolve the encroachment of a pier on state submerged lands fronting the property identified as Tax Map Key: (1) 4-6-001: seaward of 014, at Heeia, Koolaupoko, Oahu. On September 10, 2012, the Department's Office of Conservation and Coastal Lands determined the non-conforming status of the existing pier. At its meeting on December 14, 2012, under agenda item D-13, the Board of Land and Natural Resources approved the issuance of a fifty-five-year non-exclusive easement to resolve the encroachment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3228 Ways and Means on S.C.R. No. 19**

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands at Kahaluu, Koolaupoko, Oahu for the maintenance and repair of an existing landscaped area, concrete wall, and footing, and for the use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

The existing landscaping area, concrete wall, and footing were placed on state submerged lands fronting the property identified as Tax Map Key: (1) 4-7-019: seaward of 078, Kahaluu, Koolaupoko, Oahu, and predated the establishment of the Conservation District. Your Committee finds that, around 2012, the Department of Land and Natural Resources worked with owners of the abutting property to resolve the encroachment. Your Committee further finds that the landscaping area, concrete wall, and footing were found to be encroaching on state lands located makai of the shoreline, and this area should be considered as submerged lands. Your Committee finds that on December 14, 2012, the Board of Land and Natural Resources approved a grant of a fifty-five-year non-exclusive easement to resolve the encroachment.

Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 19 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3229 (Joint) Education and Public Safety, Intergovernmental and Military Affairs and Water and Land on S.C.R. No. 113**

The purpose and intent of this measure is to authorize the issuance of a term, nonexclusive easement for seawall purposes for the property identified as tax map key (1) 6-8-010: seaward of 014, at Mokuleia, Waialua, Oahu, Hawaii.

Your Committee on Water and Land received testimony in support of this measure from the Department of Land and Natural Resources.

Prior to the hearing on this measure, a proposed S.D.1 was prepared and made available for public review.

The proposed S.D.1 amended this measure by:

- (1) Deleting its contents;
- (2) Inserting language describing flooding issues at Kahuku High and Intermediate School (Kahuku High) and the damage caused to Kahuku High's track and field;
- (3) Inserting language requesting the Department of Education, Department of Land and Natural Resources, City and County of Honolulu, and the United States Army Corps of Engineers to convene a working group to examine possible long-term solutions to the flooding issues at Kahuku High;
- (4) Inserting language requesting that the working group include representatives from the Castle-Kahuku Complex Area and the community;
- (5) Inserting language requesting the working group to consider the possibility of relocating Kahuku High's track and field;
- (6) Inserting language requesting the Department of Education to report the working group's findings and recommendations, including any proposed legislation, an estimated timeline, and estimated costs, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015; and
- (7) Inserting language requesting copies of this measure be transmitted to the Superintendent of Education, Chairperson of the Board of Land and Natural Resources, Mayor of the City and County of Honolulu, and Commander and District Engineer of the United States Army Corps of Engineers Honolulu District.

Your Committees received testimony in support of this measure from the Department of Education, Department of Land and Natural Resources, and fifteen individuals. Your Committees also received two petitions in support of this measure with a total of seven hundred eighty-five signatures.

Your Committees find that the track and field at Kahuku High is located in a flood zone, at the lowest point in Kahuku. The flooding of Kahuku High's track and field has caused damage to the track and field's bleachers and locker rooms, among other things. Long-term solutions are necessary to ensure that the track and field are safe for use by students and the community.

Your Committees have amended this measure by adopting the language in the proposed S.D. 1.

As affirmed by the records of votes of the members of your Committees on Education, Public Safety, Intergovernmental and Military Affairs, and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 113, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 113, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Education  
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

Water and Land  
Ayes, 7. Noes, none. Excused, 2 (Dela Cruz, Ihara).

**SCRep. 3230 (Joint/Majority) Water and Land and Public Safety, Intergovernmental and Military Affairs and Ways and Means on S.C.R. No. 145**

The purpose and intent of this measure is to encourage water conservation by consumers and businesses and initiatives to incentivize and educate consumers and businesses about water conservation efforts.

Your Committees did not receive any testimony on this measure.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which urges the Department of Land and Natural Resources to affirm its commitment to make the State the lead in the conservation, management, and protection of Hawaii's natural resources and to resist efforts by the federal government to expand federal jurisdiction over Hawaii's natural resources in the designation of critical habitats, expansion of current co-manager relationships, or creation of new co-manager relationships.

Your Committees received testimony in support of the proposed S.D. 1 from two individuals. Your Committees received testimony in opposition to the proposed S.D. 1 from one individual. Your Committees received comments on the proposed S.D. 1 from the Department of Land and Natural Resources.

Your Committees find that among the most significant of Hawaii's natural resources are the upland rainforests, which are the watersheds that feed underground water systems that are tapped via wells to provide the freshwater essential for all life and the streams, forests, brush, and grasslands that support valuable and irreplaceable natural ecosystems of endemic plants, fish, and wildlife found nowhere else on Earth.

The mission of the Department of Land and Natural Resources is to enhance, protect, conserve, and manage Hawaii's unique and limited natural, cultural, and historic resources held in public trust for current and future generations of the people of Hawaii and its visitors, in partnership with others from the public and private sectors. The Department of Land and Natural Resources is responsible for managing, administering, and exercising control over public lands, water resources, certain ocean waters, navigable streams, coastal areas (except commercial harbors), minerals, and all interests therein.

Your Committees further find that the State has a partnership relationship with the federal government in the regulation of natural resources, as many federal laws affect natural resources. However, you Committees believe that the lead in the conservation, management, and protection of Hawaii's natural resources should be the State, and that as much as possible, Hawaii's laws should be the primary laws used for the conservation, management, and protection of Hawaii's natural resources.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land, Public Safety, Intergovernmental and Military Affairs, and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 145, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 145, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land

Ayes, 4. Noes, 1 (Ruderman). Excused, 4 (Dela Cruz, Galuteria, Ihara, Taniguchi).

Public Safety, Intergovernmental and Military Affairs

Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

Ways and Means

Ayes, 9. Noes, 1 (Ruderman). Excused, 3 (Dela Cruz, Espero, Tokuda).

**SCRep. 3231 (Joint/Majority) Water and Land and Public Safety, Intergovernmental and Military Affairs and Ways and Means on S.R. No. 81**

The purpose and intent of this measure is to encourage water conservation by consumers and businesses and initiatives to incentivize and educate consumers and businesses about water conservation efforts.

Your Committees did not receive any testimony on this measure.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which urges the Department of Land and Natural Resources to affirm its commitment to make the State the lead in the conservation, management, and protection of Hawaii's natural resources and to resist efforts by the federal government to expand federal jurisdiction over Hawaii's natural resources in the designation of critical habitats, expansion of current co-manager relationships, or creation of new co-manager relationships.

Your Committees received testimony in support of the proposed S.D. 1 from two individuals. Your Committees received testimony in opposition to the proposed S.D. 1 from one individual. Your Committees received comments on the proposed S.D. 1 from the Department of Land and Natural Resources.

Your Committees find that among the most significant of Hawaii's natural resources are the upland rainforests, which are the watersheds that feed underground water systems that are tapped via wells to provide the freshwater essential for all life and the streams, forests, brush, and grasslands that support valuable and irreplaceable natural ecosystems of endemic plants, fish, and wildlife found nowhere else on Earth.

The mission of the Department of Land and Natural Resources is to enhance, protect, conserve, and manage Hawaii's unique and limited natural, cultural, and historic resources held in public trust for current and future generations of the people of Hawaii and its visitors, in partnership with others from the public and private sectors. The Department of Land and Natural Resources is responsible

for managing, administering, and exercising control over public lands, water resources, certain ocean waters, navigable streams, coastal areas (except commercial harbors), minerals, and all interests therein.

Your Committees further find that the State has a partnership relationship with the federal government in the regulation of natural resources, as many federal laws affect natural resources. However, you Committees believe that the lead in the conservation, management, and protection of Hawaii's natural resources should be the State, and that as much as possible, Hawaii's laws should be the primary laws used for the conservation, management, and protection of Hawaii's natural resources.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land, Public Safety, Intergovernmental and Military Affairs, and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 81, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 81, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3232 Ways and Means on S.C.R. No. 77**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged and reclaimed (filled) lands for maintenance, repair, replacement, and removal of an existing seawall and rubble rock revetment.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that a seawall and rubble rock revetment encumber an area of approximately 2,387 square feet, a portion of which is state submerged lands. Your Committee further finds that on June 10, 2010, the Board of Land and Natural Resources granted an amended approval for a fifty-five year term, non-exclusive easement to O. Joachim Granzow and Inge J. Granzow, trustees of the O. Joachim Granzow and Inge Granzow Family Trust; Joachim Wilhelm Granzoq; and Christian Lars Granzow. Your Committee understands that the Legislature's adoption of this measure will satisfy the requirement of section 171-53, Hawaii Revised Statutes, that the Legislature provide authorization by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3233 Ways and Means on S.C.R. No. 74**

The purpose and intent of this measure is to request the Department of Health to convene a task force or working group to examine feasible alternatives to shipping glass out of state as well as recommend any changes to the advance disposal fee assessed upon importers of certain glass containers.

In addition, this measure requests the Auditor to conduct an audit of the Department of Health's advance disposal fee program, including the use of fee revenue by the respective counties and the accuracy of payments made to recyclers from fee revenues.

Your Committee received written comments in support of this measure from the Wine Institute. The Department of Health submitted written comments on the measure.

Your Committee finds that the high cost of shipping glass out of state and the rapid depletion of the advance disposal fee revenue require the State to consider new alternatives to reducing the cost of shipping glass out of state. Further, the limited market in Hawaii for scrap glass has created a dependency on out-of-state recycling centers. Your Committee further finds that an audit of the State's advance disposal fee program, with input from various stakeholders, will bring innovative and feasible proposals and alternatives to shipping glass out of state. Your Committee believes that this measure will effectively evaluate the viability of the advance disposal fee program and ensure that any increase in fees are necessary for Hawaii's glass recycling needs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 74, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3234 Ways and Means on S.C.R. No. 13**

The purpose and intent of this measure is to approve the sale of the leased fee interest in a single family home located at 41-669 Inoaole Street, Waimanalo, Hawaii.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Hawaii Housing Finance and Development Corporation. Your Committee received written comments in

opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that section 171-64.7, Hawaii Revised Statutes, requires the prior approval of the Legislature by concurrent resolution to sell certain state lands in fee simple. Your Committee also finds that the property at 41-669 Inoaole Street is a single family home built in 1974 as part of the 190-unit Hale Aupuni affordable for-sale housing development. The fair market value of the leased fee interest in 41-669 Inoaole Street was determined to be \$46,900 as of July 1, 2013. The Hawaii Housing Finance and Development Corporation is seeking legislative approval to sell the leased fee interest in 41-669 Inoaole Street to its current leasehold owner. Accordingly, your Committee finds that the Corporation has met all statutory prerequisites to request approval of the sale of this parcel.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3235 Ways and Means on S.C.R. No. 17**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering certain submerged lands.

Specifically, the measure authorizes an easement for state submerged lands fronting the property identified as Tax Map Key: (1) 5-5-002: seaward of 034, at Laie, Koolauloa, Oahu, for the maintenance and repair of the existing revetment and steps, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain the prior authorization of the Legislature by concurrent resolution in order to issue the easement. Your Committee further finds that authorizing the issuance of the easement for the specified state submerged lands would facilitate the use, maintenance, and repair of the specified revetment and steps.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3236 Ways and Means on S.C.R. No. 22**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement for an existing seawall that was placed on state submerged lands at Haleaha, Koolauloa, Oahu, for the maintenance and repair of the seawall and for the use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the previous owner of the abutting property has worked with the Department of Land and Natural Resources to resolve the encroachment of the seawall on the state submerged lands fronting the property identified as Tax Map Key: (1) 5-3-006: seaward of 021, located in Haleaha, Koolauloa, Oahu. Your Committee further finds that this easement is necessary to ensure the proper maintenance and repair of the existing seawall.

Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3237 Ways and Means on S.C.R. No. 78**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands for rock blanket and revetment purposes.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that a rock blanket encroaches on approximately eight hundred fourteen square feet of state submerged lands. Your Committee further finds that on October 11, 2013, the Board of Land and Natural Resources approved the request of Global Spring Management Hawaii LLC for a non-exclusive easement, pending the payment of an appraised fair market value for the easement. Your Committee understands that the Legislature's adoption of this measure will satisfy the requirement of section 171-53, Hawaii Revised Statutes, that the Legislature provide authorization by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 78, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3238 Ways and Means on S.C.R. No. 18**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering certain state submerged lands.

Specifically, the measure authorizes an easement for state submerged lands at Niu, Honolulu, Oahu, for the maintenance and repair of the existing seawall and steps, and for use, maintenance, and repair of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain the prior authorization of the Legislature by concurrent resolution in order to issue the easement. Your Committee further finds that authorizing the issuance of the easement for the specified state submerged lands would facilitate the use, maintenance, and repair of the specified seawall and related improvements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3239 Ways and Means on S.C.R. No. 23**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue two term, non-exclusive easements for existing seawall and rock piles that were placed on state submerged lands at Mokuleia, Waialua, Oahu for the maintenance and repair of the seawall and rock pile, and for the use, maintenance, and repair of the existing improvements thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the current owners of abutting property have worked with the Department of Land and Natural Resources to resolve the encroachment of the seawall and rock pile on the state submerged lands fronting the property in Mokuleia, Waialua, Oahu. Your Committee further finds that the easements are necessary to ensure the proper maintenance and repair of the existing seawall and rock pile.

Section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands. Accordingly, your Committee finds that this concurrent resolution is in compliance with the statutory requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 23 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3240 Ways and Means on S.C.R. No. 146**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands for the use, maintenance, repair, replacement, and removal of the existing concrete pad, ladder, steps, and rock walls; and for the use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that an existing concrete pad, ladder, steps, and rock walls encroach on state submerged lands fronting property identified as Tax Map Key: (1) 3-7-002: seaward of 045, Niu, Honolulu, Oahu. Your Committee further finds that on February 14, 2014, the Board of Land and Natural Resources approved a grant of a fifty-five year non-exclusive easement to resolve the encroachments. Your Committee understands that the Legislature's adoption of this measure will satisfy the requirement of section 171-53, Hawaii Revised Statutes, that the Legislature provide authorization by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146 and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3241 (Joint) Water and Land and Economic Development, Government Operations and Housing on S.C.R. No. 139**

The purpose and intent of this measure is to:

- (1) Request Pūlama Lāna'i to develop, in conjunction with the Department of Land and Natural Resources, Department of Business, Economic Development, and Tourism, and High Technology Development Corporation, a partnership management plan for Lana'i; and
- (2) Request Pūlama Lāna'i to submit a preliminary progress report on the progress of developing the partnership management plan to the Legislature prior to the 2015 Regular Session and a final report prior to the 2016 Regular Session.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; High Technology Development Corporation; Aha Moku Advisory Committee; and Pūlama Lānaʻi.

Your Committees find that in July 2013, Lānaʻi Resorts began doing business as Pūlama Lānaʻi. In Hawaiian, *pūlama* is “to cherish”, or “to treasure”, which expresses the deep sense of stewardship for the island and the spirit that will guide endeavors that reach far beyond the resorts of Lanaʻi. Inspired by a deep respect for the people, history, beauty, and natural resources of Lānaʻi, Pūlama Lānaʻi’s vision is to develop the island into a thriving model of sustainability. Pūlama Lānaʻi believes in the capacity of the community to collectively shape a future that will flourish in a rich diversity of minds, hearts, cultures, ideas, and expertise.

Your Committees believe that Pūlama Lānaʻi is committed to environmental, cultural, and economic prosperity across a balanced platform of conservation, preservation, education, energy, hospitality, social services, health care, business development, and community life.

The State of Hawaii has a vested interest in the proper development of Lānaʻi to fulfill the vision of Pūlama Lānaʻi. Formulating a partnership master plan is the most efficient and expedient manner of providing for the development of Lānaʻi. Your Committees find that a partnership master plan must be the result of a joint effort among Pūlama Lānaʻi, the Department of Land and Natural Resources, Department of Business, Economic Development, and Tourism, and High Technology Development Corporation, all of whom have particular interests in the development of Lanaʻi for the long-term benefit of the State.

Your Committees are particularly impressed with the oral testimony of all supporters of this measure that the supporters are truly working well together in a cooperative and collaborative fashion to bring about Pūlama Lānaʻi’s vision to develop the island into a thriving model of sustainability. Your Committees hope this can become a template for every island.

Your Committees have amended this measure by:

- (1) Changing the title to read: REQUESTING PŪLAMA LĀNAʻI TO CONTINUE TO WORK IN A COOPERATIVE PUBLIC/PRIVATE PARTNERSHIP ON THE ISLAND OF LĀNAʻI WITH THE DEPARTMENT OF LAND AND NATURAL RESOURCES, DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM, HIGH TECHNOLOGY DEVELOPMENT CORPORATION, AND LANAʻI AHA MOKU, AND REQUESTING PŪLAMA LĀNAʻI TO SUBMIT A REPORT OF THE PARTNERSHIPS TO THE LEGISLATURE PRIOR TO THE 2015 AND 2016 REGULAR SESSIONS;
- (2) Deleting the seventh and eighth whereas paragraphs and substituting one whereas paragraph which reads, “the State of Hawaii has an interest to work in a cooperative public/private partnership with Pūlama Lānaʻi to fulfill the vision of the company, the Lānaʻi community, the citizens of Hawaii, and Larry Ellison;
- (3) Deleting the first two be it resolved paragraphs and substituting two be it resolved paragraphs that:
  - (a) Request Pūlama Lānaʻi to continue to work in a cooperative public/private partnership, in conjunction with the Department of Land and Natural Resources, Department of Business, Economic Development, and Tourism, and High Technology Development Corporation; and
  - (b) Request Pūlama Lānaʻi to submit a preliminary report to the Legislature prior to the convening of the 2015 Regular Session, and a final report prior to the convening of the 2016 Regular Session, of the partnership work that has occurred between the Department of Land and Natural Resources, Department of Business, Economic Development, and Tourism, and High Technology Development Corporation, and Pūlama Lānaʻi; and
- (4) Adding Lanaʻi Aha Moku in the partnership in order to include the traditional practitioners of Lanaʻi with generational knowledge of the island’s resources into the planning process; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Economic Development, Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 139, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 139, S.D. 1.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3243 (Joint) Economic Development, Government Operations and Housing and Judiciary and Labor on S.C.R. No. 92**

The purpose and intent of this measure is to encourage state departments to conduct business with sustainable business corporations and further the promotion of sustainable corporations in Hawaii.

Your Committees received no testimony for this measure.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which requests the State Auditor to conduct a management audit of the Department of Labor and Industrial Relations.

Your Committees received testimony in opposition to the proposed S.D. 1 from ILWU Local 142. Your Committees received comments on the proposed S.D. 1 from the Department of Labor and Industrial Relations and one individual.

Your Committees find that employment reductions-in-force during the recent economic recession have severely impacted the Department of Labor and Industrial Relations' personnel resources by reducing its total number of full-time employees so much so as to have eliminated entire sections and branches within the Department, leaving some departmental responsibilities unfulfilled. Consequently, some departmental employees have had to perform additional responsibilities concurrent with their primary responsibilities and work overtime without overtime pay to fulfill departmental obligations, while other departmental employees are receiving overtime and additional pay when they are not entitled to such pay.

Your Committees further find that concerns have been raised about the management and operations of the Department of Labor and Industrial Relations, which have caused lengthy delays in processing and backlogs through the Department.

Your Committees have amended this measure by replacing its contents with the contents of the proposed S.D. 1.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Judiciary and Labor that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 92, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 92, S.D. 1.

Signed by the Chair and Majority Leader on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, none. Excused, 3 (Chun Oakland, English, Thielen).

Judiciary and Labor  
Ayes, 4. Noes, none. Excused, 3 (Gabbard, Galuteria, Ihara).

**SCRep. 3244 (Joint/Majority) Water and Land and Energy and Environment and Commerce and Consumer Protection and Ways and Means on S.C.R. No. 148**

The purpose and intent of this measure is to request the Division of State Parks to create a plan to surround every state park with fencing.

Your Committees did not receive any testimony on this measure.

Prior to hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which requests the Public Utilities Commission to issue an order in the request for proposals docket no. 2012-0092 to ensure that the power supply improvement plan (ordered in the Hu Honua docket) and due April 21, 2014, addresses the plan to integrate fifty megawatts of geothermal-derived electricity onto the Hawaiian Electric Company grid within two years of the awarding of the request for proposals and requires that Hawaiian Electric Company retire its fossil fuel plants on Hawaii island by a date certain.

Your Committees received testimony in opposition to the proposed S.D. 1 from Hawaii Electric Light Company, Life of the Land, Puna Pono Alliance, and four individuals. Your Committees received comments on the proposed S.D. 1 from the Public Utilities Commission.

Your Committees find that \$4,500,000,000 was expended to import oil into Hawaii in 2013, and the economy of the State remains highly vulnerable due to the annual export of dollars to import oil. Section 269-92, Hawaii Revised Statutes, which establishes renewable portfolio standards, and subsequent Energy Policy Directives of the State of Hawaii support the development of Hawaii's indigenous geothermal resources as a key element of the State's diversified energy approach.

The Public Utilities Commission has found that ratepayers on Hawaii Island pay approximately 42 cents per kilowatt hour, nearly four times the national rate of electricity, as the result of an existing HELCO geothermal avoided cost contract, which requires that ratepayers are charged the cost of fossil fuel rather than the cost of geothermal energy, and which the Public Utilities Commission has determined is not in the public interest. The Hawaii Geothermal Working Group studied the feasibility of geothermal development on Hawai'i Island and found that geothermal energy can be developed as the cheapest and most reliable form of base load power for Hawai'i County, and recommended that the State support the development of Hawaii's vast geothermal resources as a high priority for the State's energy and economic security.

Your Committees believe that the State and County of Hawaii's priority for geothermal energy development and integration of geothermal electricity has not substantially progressed on Hawaii Island, which has resulted for many years in electricity rates that are the highest in the State by far. Your Committees believe that this is paradoxical in that Hawaii Island has abundant geothermal energy resources that is capable of supplying a significant amount of electrical energy to meet the needs of residents and businesses. Hence, this measure seeks to move Hawaii Island away from dependence on fossil fuel and toward geothermal energy and other alternative energy sources.

Your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Changing the title to read: URGING THE PUBLIC UTILITIES COMMISSION AND THE HAWAIIAN ELECTRIC LIGHT COMPANY TO EXPEDITE THE CONCLUSION AND RESOLUTION OF REQUEST FOR PROPOSALS DOCKET NO. 2012-0092 FOR FIFTY MEGAWATTS OF GEOTHERMAL-DERIVED ELECTRICITY ON THE ISLAND OF HAWAII;
- (2) Deleting the first be it resolved paragraph;
- (3) Amending the second be it resolved paragraph to read that the Public Utilities Commission and the Hawaiian Electric Light Company are urged to expedite the conclusion and resolution of Request for Proposals Docket No. 2012-0092 for fifty megawatts of geothermal-derived electricity on the island of Hawaii;
- (4) Deleting the third be it resolved paragraph; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land, Energy and Environment, Commerce and Consumer Protection, and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 148, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 148, S.D. 1.

Signed by the Chairs and Majority Leader on behalf of the Committees.

**SCRep. 3246 Judiciary and Labor on H.B. No. 2579**

The purpose and intent of this measure is to temporarily allow compromises for workers' compensation claims reached as a result of third party liability claims or actions to be valid without the approval of the Director of Labor and Industrial Relations.

Your Committee did not receive written testimony on this measure.

Your Committee finds that the Director of Labor and Industrial Relations reviews and approves all compromises related to workers' compensation claims. This measure will assist in the reduction of the number of third party generated compromises that are pending approval by the Director and expedite the entire process of review and approval of compromises.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2579, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3247 Judiciary and Labor on H.B. No. 1846**

The purpose and intent of this measure is to increase the maximum claim amount that determines District Court jurisdictions in civil cases from \$25,000 to \$40,000.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Government Employees Insurance Company and Property Casualty Insurers Association of America.

Your Committee finds that this measure will increase the parties' and their attorneys' power to choose whether to file a civil case in District Court or Circuit Court if a claim is under \$40,000, rather than \$25,000. Parties choosing to file their civil case in District Court could save time and money due to District Court's simpler procedural system.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1846, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Galuteria).

**SCRep. 3248 Judiciary and Labor on H.B. No. 2116**

The purpose and intent of this measure is to eliminate sentences of life imprisonment without the possibility of parole for juvenile offenders. Specifically, this measure:

- (1) Amends section 706-656, Hawaii Revised Statutes, relating to imprisonment terms for first and second degree murder and attempted first and second degree murder, to:
  - (A) Apply a sentence of life imprisonment without the possibility of parole to persons eighteen years of age or over at the time of the offense who are convicted of first degree murder or first degree attempted murder; and
  - (B) Require that persons under the age of eighteen years at the time of the offense who are convicted of first degree murder or first degree attempted murder be sentenced to life imprisonment with the possibility of parole; and
- (2) Amends section 706-657, Hawaii Revised Statutes, relating to enhanced sentence for second degree murder, to apply the sentencing guidelines under this section to persons eighteen years of age or over at the time of the offense.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Office of the Public Defender, Office of the Prosecuting Attorney of the County of Kauai, American Civil Liberties Union of Hawaii, The Campaign for the Fair Sentencing of Youth, Community Alliance on Prisons, Richardson Students for the Rights of Children, Hawaii Appleseed Center for Law and Economic Justice, and one individual. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that Hawaii is one of the few states that still allow life sentences without the possibility of parole for juvenile offenders. According to The Campaign for the Fair Sentencing of Youth, approximately two thousand five hundred individuals in the United States have been sentenced to life without the possibility of parole for crimes committed as children. While international law prohibits life sentences without parole for juvenile offenders under the age of eighteen at the time the crime is committed, the United States is the only country in the world that sentences its children to a lifetime of incarceration.

Your Committee notes that in *Miller v. Alabama*, 132 S.Ct. 2455 (2012), the U.S. Supreme Court held that mandatory life sentences without parole for those under the age of eighteen at the time of their crimes violate the Eighth Amendment's prohibition on cruel and unusual punishments. The Supreme Court reasoned that children are constitutionally different from adults for purposes of sentencing, and because juveniles have diminished culpability and greater prospects for reform, they are less deserving of the most severe punishments. Thus, the Court concluded that the distinctive attributes of youth diminish the penological justifications for imposing the harshest sentences on juvenile offenders, even when they commit terrible crimes. This measure recognizes the constitutional differences relating to sentencing between juvenile and adult offenders by eliminating the sentences of life imprisonment without the possibility of parole for juvenile offenders.

Your Committee recognizes that mitigating factors may exist for cases involving a juvenile offender. The United States Supreme Court held in *Miller* that subsequent decisions have elaborated on the requirement that defendants have an opportunity to advance, and the judge or jury have a chance to assess, any mitigating factors. Therefore, for cases involving a juvenile offender, the sentencer should have the ability to consider the "mitigating qualities of youth" because "youth is more than a chronological fact", it is a time of immaturity, irresponsibility, impetuosity, and recklessness. The Supreme Court in *Miller* stated that youth is a moment and "condition of life when a person may be most susceptible to influence and to psychological damage." Accordingly, your Committee encourages the sentencing judge to take into account and consider any mitigating factors for cases involving a juvenile offender.

Your Committee further recognizes the language suggested by the advocates for this measure regarding certain factors that the sentencing judge and Hawaii Paroling Authority should consider in determining the appropriate sentence for a juvenile offender. However, your Committee notes that these factors are already included in the considerations that the Court may consider in sentencing and the Hawaii Paroling Authority may consider in determining minimum term of imprisonment. Your Committee also notes the advocates' preference for certain language under H.B. No. 2116, H.D. 1 (Regular Session of 2014).

Accordingly, your Committee has amended this measure by:

- (1) Adopting the suggestion made by the Hawaii Appleseed Center for Law and Economic Justice to insert language from H.B. No. 2116, H.D. 1 (Regular Session of 2014) that amends section 706-669, Hawaii Revised Statutes, relating to the determination of minimum terms of imprisonment, to establish a limit on the minimum term of imprisonment before a prisoner who was less than eighteen years of age at the time of the offense becomes eligible for parole;
- (2) Changing the effective date from July 1, 2050, to July 1, 2014; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2116, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2116, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Galuteria).

#### **SCRep. 3249      Judiciary and Labor on H.B. No. 1926**

The purpose and intent of this measure is to strengthen laws relating to prostitution. Specifically, this measure:

- (1) Deletes the conviction of promoting prostitution in the second degree from the class C felony offenses enumerated under the law relating to the sentencing of repeat offenders;
- (2) Adds the offenses of promoting prostitution in the first degree, promoting prostitution in the second degree, and solicitation of a minor for prostitution to the law relating to enhanced sentencing for repeat violent and sexual offenders;
- (3) Amends the definition of "sexual conduct" to include sadomasochistic abuse under the offense of prostitution;
- (4) Amends section 712-1209.1, Hawaii Revised Statutes, relating to the offense of solicitation of a minor for prostitution, to:
  - (A) Clarify that a person eighteen years of age or older commits the offense if the person offers or agrees to pay a fee to a minor or to another person who represents that person's self as a minor to engage in sexual conduct;
  - (B) Increase the minimum fine imposed on a person convicted of the offense from \$2,000 to \$5,000;
  - (C) Add that the offense of solicitation of a minor for prostitution does not apply to a law enforcement officer acting in the course and scope of duties; and
  - (D) Establish that a defendant not knowing that the minor was under the age of eighteen is not a defense;
- (5) Amends the definition of "sexual offense" in section 846E-1, Hawaii Revised Statutes, to exempt a person convicted of the offense of solicitation of a minor for prostitution from registering as a sex offender if the perpetrator was not more than two years older than the minor at the time of the offense; and
- (6) Amends section 853-4(a), Hawaii Revised Statutes, which enumerates the offenses that are ineligible for deferred acceptance of guilty pleas and nolo contendere pleas to:
  - (A) Repeal the offense of promoting prostitution in the first degree; and
  - (B) Add the offense of solicitation of a minor for prostitution.

Your Committee received testimony in support of this measure from the Hawaii State Commission on the Status of Women; Office of the Prosecuting Attorney, County of Hawaii; The Pacific Alliance to Stop Slavery; IMUAlliance; Rainbow Family 808; and fourteen individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender and

four individuals. Your Committee received comments on this measure from the Department of the Attorney General and two individuals.

Your Committee finds that in recent years, the Legislature has passed several laws combatting human trafficking in Hawaii, including enacting labor trafficking laws and increasing the penalties for the promotion and solicitation of prostitution. According to an ongoing study conducted by The Pacific Alliance to Stop Slavery and IMUAlliance, there are approximately one hundred twenty-five high risk sex trafficking establishments in Hawaii, which are predominately located on Oahu. This measure further strengthens the State's efforts in combatting sex trafficking.

Your Committee notes the concerns raised in the testimony submitted by the Office of the Public Defender regarding making the offense of solicitation of a minor for prostitution ineligible for a deferred acceptance of guilty plea and nolo contendere plea. The Office testified that if a person is required to register as a sex offender for committing the offense of solicitation of a minor for prostitution, that person should be eligible for deferred acceptance of guilty plea and nolo contendere plea because the sex offender registry laws affect the covered offender's private and professional life. While your Committee recognizes the potential ramifications of being a registered sex offender, your Committee disagrees that making a person convicted of solicitation of a minor for prostitution ineligible for deferred acceptance of guilty plea and nolo contendere plea in addition to requiring the person to register as a sex offender is overly burdensome in light of the convicted offense.

Your Committee further notes the concerns raised by The Pacific Alliance to Stop Slavery and IMUAlliance regarding the exemption provided to law enforcement officers from the offense of prostitution under section 712-1200, Hawaii Revised Statutes, if the law enforcement officers act in the course and scope of their duties. Your Committee recognizes that this exemption allows law enforcement officers to conduct undercover investigations. However, the IMUAlliance testified to incidents where law enforcement officers have abused their powers by engaging in sexual penetration in the course and scope of their duties. Your Committee also notes that this exemption has garnered extensive statewide and national media coverage. Your Committee believes that it is unnecessary for a law enforcement officer to engage in sexual intercourse in order to make an arrest for prostitution because it is the financial transaction that makes the act illegal under the offense of prostitution.

Your Committee has amended this measure by:

- (1) Amending section 712-1200, Hawaii Revised Statutes, relating to the offense of prostitution, to:
  - (A) Delete "sodomasochistic abuse" from the definition of "sexual conduct";
  - (B) Amend the exemption for law enforcement officers to clarify that law enforcement officers are not exempt if they engage in sexual penetration while acting in the course and scope of their duties; and
  - (C) Create a safe harbor provision for minors by establishing that minors will not be prosecuted for any prostitution and promoting prostitution offenses if the minor was less than eighteen years of age at the time of the offense and the prostitution offense is the minor's first and only prostitution offense;
- (2) Deleting the sex offender registration exemption for a person convicted of the offense of solicitation of a minor for prostitution if the perpetrator was not more than two years older than the minor at the time of the offense; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1926, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1926, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3250 Ways and Means on H.B. No. 2427**

The purpose and intent of this measure is to repeal the following unused or inactive non-general funds:

- (1) Animal quarantine special fund;
- (2) Donations for voter registration drive trust account;
- (3) Hawaii FYI – ICSD trust account;
- (4) Parking control revolving fund escrow account;
- (5) Returned ACH tax refunds trust account;
- (6) HDOA biocontrol foreign exploration special fund; and
- (7) Hawaii EUTF self-directed investments trust account.

For purposes of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure, and notified the public that your Committee would be accepting testimony on the Proposed Draft, which deletes the language repealing the animal quarantine special fund and inserts language to repeal the following unused or inactive non-general funds:

- (1) Captain Cook memorial fund;
- (2) Seal of quality special fund;
- (3) Infrastructure development fund;

- (4) Statewide geospatial information and data integration special fund;
- (5) Food distribution program revolving fund;
- (6) Seed distribution program revolving fund;
- (7) Center for Labor Education and Research revolving fund;
- (8) Career and technical training projects revolving fund for the University of Hawaii at Hilo;
- (9) University of Hawaii alumni special fund;
- (10) Animal research farm, Waialeale, Oahu special fund;
- (11) Office of Health Care Assurance special fund;
- (12) Public health nursing services special fund;
- (13) Hawaii organ and tissue education special fund;
- (14) Blind shop revolving and handicraft fund;
- (15) Trust fund for the State Certified Motor Vehicle Arbitration Program; and
- (16) An account controlled by the State Commission on Fatherhood.

The Proposed Draft also transfers the balance of the fee simple residential revolving fund into the general fund.

Testimony in opposition to the H.D. 1 was received from Legacy of Life Hawaii. The Department of Taxation submitted comments on the H.D. 1.

Your Committee received testimony in support of the Proposed Draft from the Department of Accounting and General Services, Department of Land and Natural Resources, and Office of the Auditor. Testimony in opposition was received from the Department of Commerce and Consumer Affairs, Department of Health, Hawaii Cattleman's Council, Legacy of Life Hawaii, and one individual. The Department of Agriculture, Department of Education, Department of Taxation, Hawaii Housing Finance and Development Corporation, and University of Hawaii submitted comments on the Proposed Draft.

Your Committee finds that this measure is intended to repeal non-general funds that have very low balances or have had no activity in recent years. However, your Committee has received testimony indicating that the seal of quality special fund, seed distribution program revolving fund, Office of Health Care Assurance special fund, Hawaii organ and tissue education special fund, and trust fund for the State Certified Motor Vehicle Arbitration Program are still active and continue to serve the purpose for which they were established.

Your Committee has amended this measure by adopting the Proposed Draft with the following further amendments:

- (1) Deleting the language to repeal the following funds:
  - (A) Seal of quality special fund;
  - (B) Seed distribution program revolving fund;
  - (C) Office of Health Care Assurance special fund;
  - (D) Hawaii organ and tissue education special fund; and
  - (E) Trust fund for the State Certified Motor Vehicle Arbitration Program; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2427, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2427, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3251 Ways and Means on H.B. No. 2507**

The purpose and intent of this measure is to provide an alternative to Hawaii becoming a member state under the Streamlined Sales and Use Tax Agreement.

More specifically, this measure authorizes the Department of Taxation to establish administrative rules for the development and simplification of procedures necessary to require businesses that have no nexus with the State to collect and remit general excise and use taxes to the State.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, The Chamber of Commerce of Hawaii, and Walgreen Co. The Department of Taxation, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii submitted comments on the measure.

Your Committee finds that the Marketplace Fairness Act of 2013 is proposed legislation pending in the United States Congress that would enable a state to collect sales and use taxes from businesses that have no nexus with the state. If enacted, the Marketplace Fairness Act would authorize states to collect these taxes by becoming member states of the Streamlined Sales and Use Tax

Agreement. Alternatively, a state that is not a member state of the Streamlined Sales and Use Tax Agreement would be authorized to collect these taxes if the state adopted and implemented certain minimum simplification requirements. Your Committee further finds that this measure proactively implements the minimum simplification requirements described in the Marketplace Fairness Act.

Your Committee has amended this measure by:

- (1) Requiring remote sellers to collect and remit use tax on remote sales into the State if the United States Congress authorizes states to require such collection;
- (2) Providing that the measure shall not be deemed to have any effect on analysis of taxpayer nexus with the State;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2507, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2507, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3252 Ways and Means on H.B. No. 1704**

The purpose and intent of this measure is to clarify the method of calculating the state tax credit for research activities.

More specifically, this measure provides that, notwithstanding contrary provisions of the Internal Revenue Code, the amount of the state tax credit for research activities shall be calculated based on all qualified research expenses for the taxable year, instead of on the increase in expenses over those incurred in past years.

The High Technology Development Corporation; The Chamber of Commerce of Hawaii; Cardax, Inc.; Oceanit Laboratories Inc.; nine individuals on behalf of Navatek, Ltd.; and sixty-six individuals provided testimony in support of this measure. The Department of Taxation provided testimony in opposition to this measure. The Tax Foundation of Hawaii and one individual provided comments.

Your Committee finds that Act 270, Session Laws of Hawaii 2013, reinstated the state tax credit for research activities. However, Act 270 deleted language from section 235-110.91, Hawaii Revised Statutes, related to the calculation of the tax credit. This measure is intended to clarify the method for calculating the tax credit. Your Committee notes that the Department of Taxation has expressed concerns that this measure will make administering the tax credit more difficult and complex and that the department may lack the personnel and resources to address this increased complexity.

Your Committee has amended this measure by:

- (1) Appropriating funds for the Department of Taxation to establish one full-time, permanent compliance specialist position to assist with the administration of the tax credit; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1704, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1704, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3253 Ways and Means on H.B. No. 1712**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds to finance capital improvement projects authorized in appropriation measures of the Executive Branch and the Judiciary.

This measure also makes a declaration of findings with respect to the authorizations for the bonds as required under the Hawaii State Constitution.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that this measure is a necessary legislative vehicle for the issuance of general obligation bonds to fund state capital improvement projects.

Your Committee has amended this measure by:

- (1) Conforming references to appropriation acts and the timing of bond issuances as appropriate for a state bond act that is passed during an even-numbered year;
- (2) Changing to unspecified amounts certain percentages that relate to debt limit exclusions; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1712, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1712, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3254      Ways and Means on H.B. No. 1737**

The purpose and intent of this measure is to charge the Office of Community Services with the responsibility to review the State's grant-in-aid process and provide resources for the office to expand state-funded immigrant resource centers.

Specifically, the measure:

- (1) Requires the Office of Community Services to review all grant-in-aid requests submitted to and granted by the Twenty-sixth Legislature; and
- (2) Makes an appropriation to support the expansion of the state-funded immigrant resource centers, contracted by the Office of Community Services with nonprofit service providers, to provide language-accessible direct information and referral services to new immigrants.

Your Committee received testimony in support of this measure from the Office of Community Services of the Department of Labor and Industrial Relations, Hawaii Educational Policy Center, Catholic Charities Hawaii, Susannah Wesley Community Center, Child and Family Service, and one individual. The Department of Budget and Finance submitted written comments on the measure.

Your Committee finds that conducting a review of grant requests submitted to and granted by the Legislature will provide useful information to assist with the process of awarding grants and to improve the process where necessary. Your Committee further finds that there is a need to expand state-funded immigrant resource centers to provide important information and services to persons in their primary language.

Your Committee has amended this measure by:

- (1) Adding an appropriation of an unspecified sum for the Office of Community Services to review grant requests and awards and report on its findings, as required by the measure, and making conforming amendments to the purpose section;
- (2) Changing references to "grants-in-aid" in section 2 of the measure to "grants" and clarifying the measure's intent to have the Office of Community Services focus its review on grants issued under chapter 42F, Hawaii Revised Statutes; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1737, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1737, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3255      Ways and Means on H.B. No. 1741**

The purpose and intent of this measure is to establish and appropriate moneys from the infrastructure capacity construction loan revolving fund to provide loans to the counties, state agencies, and private developers for infrastructure improvements to increase the capacity of infrastructure facilities.

The Department of Commerce and Consumer Affairs; the Department of Planning and Permitting; The Pacific Resource Partnership; Building Industry Association; The Chamber of Commerce of Hawaii; and the Land Use Research Foundation of Hawaii provided testimony in support of this measure. The Department of Budget and Finance and the Department of Business, Economic Development, and Tourism provided comments.

Your Committee finds that much of Hawaii's infrastructure is in serious disrepair and requires significant capital improvement investment. Your Committee further finds that orderly and planned infrastructure construction is the foundation for planned population growth and desirable communities. Furthermore, an incentivized financing program for the development of planned infrastructure capacity development will support economic development. Therefore, your Committee believes that the establishment of the infrastructure capacity construction loan revolving fund will allow for necessary upgrades to Hawaii's infrastructure, accelerate infrastructure projects that otherwise may not be brought to fruition without proper financing, and help to improve the quality of life for Hawaii's residents.

Your Committee has amended this measure by:

- (1) Adding telecommunications and broadband infrastructure to the types of infrastructure improvement projects:
  - (A) That may be financed with loans from the revolving fund; and
  - (B) For which private investors may be repaid for their investment, plus any interest, made into the revolving fund;
- (2) Adding an appropriation from the general fund for an unspecified sum to the Department of Budget and Finance for the implementation, administration, and coordination of the infrastructure capacity construction loan revolving fund;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1741, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1741, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3256 Ways and Means on H.B. No. 2000**

The purpose and intent of this measure is to amend state income tax law to conform to federal law with respect to net operating loss deductions and the election to expense certain depreciable business assets.

The Chamber of Commerce of Hawaii provided testimony in support of this measure. The Department of Taxation testified in opposition to this measure. The Tax Foundation of Hawaii and 1978 "Conventional People" provided comments.

Your Committee finds that, under current law, sections 172 (with respect to net operating loss deductions) and 179 (with respect to election to expense certain depreciable business assets) of the Internal Revenue Code are not fully operative for Hawaii income tax purposes. This measure is intended to amend state income tax law to fully conform to these Internal Revenue Code provisions.

Your Committee has amended this measure by changing the taxable years to which the measure applies to taxable years beginning after December 31, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2000, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2000, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3257 Ways and Means on H.B. No. 2371**

The purpose and intent of this measure is to reduce the tax burden on the lowest income residents of the State.

More specifically, this measure:

- (1) Amends the amount and threshold of the refundable food/excise tax credit;
- (2) Amends the amount and threshold of the income tax credit for low-income household renters;
- (3) Establishes a low-income tax credit to eliminate or reduce the state income tax liability of taxpayers who meet certain income requirements; and
- (4) Establishes a state earned income tax credit.

Your Committee received testimony in support of this measure from Aloha United Way, Catholic Charities Hawaii, Goodwill Industries of Hawaii, Inc., Hawaii Alliance for Community-Based Economic Development, Hawaii Appleseed Center for Law and Economic Justice, Hawaii State Democratic Women's Caucus, ILWU Local 142, League of Women Voters of Hawaii, Partners in Care, PHOCUSED, and four individuals. The Department of Taxation and the Tax Foundation of Hawaii submitted comments on the measure.

Your Committee finds that, among states that impose an income tax, the income threshold at which a Hawaii resident becomes subject to the state income tax is one of the lowest in the nation. Your Committee also finds that this measure will provide tax relief to low-income taxpayers by amending existing tax credits and establishing new tax credits to reduce their tax burden.

Your Committee has amended this measure by:

- (1) Changing all tax credit and threshold amounts to unspecified amounts; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2371, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2371, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3258 Judiciary and Labor on H.B. No. 2205**

The purpose and intent of this measure is to deter property crimes in the State by removing the option of a sentence of probation of five years for a conviction of habitual property crime.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; Kailua Neighborhood Board No. 31; Waimanalo Agricultural Association; and twenty-nine individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender, Community Alliance on Prisons, and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that property crimes have been a continual problem in Hawaii. Although studies have shown that the rates of offenses have decreased in recent years, the Federal Bureau of Investigation reported in 2012 that Hawaii ranked thirty-one out of fifty-two jurisdictions when it came to the amount of property crimes at a rate per one hundred thousand inhabitants. This measure will strengthen the habitual property crime statute and further deter individuals from repeatedly committing property crimes.

Your Committee notes the concerns raised by the Office of the Public Defender that eliminating the option of probation for a habitual property crime conviction could prevent a defendant from taking advantage of services offered through the Judiciary's Hawaii's Opportunity Probation with Enforcement (HOPE) Probation program, Drug Court, Mental Health Court, and Veterans Treatment Court. Your Committee strongly supports the services offered through these programs. Thus, your Committee believes that

the sentencing option of probation should be reinstated so that defendants convicted of habitual property crimes can greatly benefit from participation in these programs. In reinstating the option for probation, your Committee suggests, without the intent of limiting the court's discretion, that when sentencing a defendant for a term of probation for conviction of a habitual property crime, the court consider sentencing the defendant to the HOPE Probation program, Drug Court, Mental Health Court, and Veterans Treatment Court, if appropriate.

While your Committee recognizes that the total number of property crimes may be decreasing, a number of neighborhoods, especially those located on Oahu, still experience a high occurrence of theft. Your Committee notes the volume of written testimony submitted by neighborhood residents regarding their experience with property crimes and requesting stronger sentences for habitual property crime offenders, including mandatory minimum terms of imprisonment.

Accordingly, your Committee has amended this measure by:

- (1) Amending section 708-803, Hawaii Revised Statutes, relating to habitual property crimes, to reinstate the option of probation and establish that the sentence for a conviction of a habitual property crime shall be:
  - (A) A mandatory minimum term of one year; or
  - (B) A term of probation of five years with conditions to include but not be limited to one year of imprisonment;
- (2) Adopting the language suggested by the Department of the Prosecuting Attorney of the City and County of Honolulu to make conforming amendments to section 706-606.5, Hawaii Revised Statutes, thereby making sentencing of repeat offenders pursuant to that section inapplicable to the offenses of criminal property damage in the third degree, theft in the third degree, and misdemeanor shoplifting; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2205, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2205, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3259      Judiciary and Labor on H.B. No. 2262**

The purpose and intent of this measure is to authorize the Department of Health to disclose lists of names of persons whose deaths have been recorded by the Department to state agencies that maintain official lists of persons and are prohibited by federal law from sharing information from the lists.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Budget and Finance, and Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee finds that allowing the Department of Health to report deaths to state agencies that maintain official lists that are confidential under federal law would assist state agencies to maintain accurate lists. Your Committee further finds that accurate death validation is necessary to ensure that enrollee and dependent beneficiary data reflect updated and timely information in order to prevent the overpayment of benefits. This measure will benefit state agencies in their death validation process and data cleansing efforts.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2262, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Slom).

**SCRep. 3260      Judiciary and Labor on H.B. No. 2243**

The purpose and intent of this measure is to allow qualified entities to request state and national fingerprint-based criminal history record checks on their applicants, employees, and volunteers who provide care for children, vulnerable adults, or individuals with disabilities, and to receive the results directly.

Your Committee received testimony in support of this measure from the Department of the Attorney General and Department of Human Services.

Your Committee finds that Section 5119a of the National Child Protection Act of 1993, Public Law No. 103-209, as amended, authorizes public, private, nonprofit, or for-profit entities to submit requests for fingerprint-based criminal history record checks on their applicants, employees, and volunteers who provide care to children, vulnerable adults, or individuals with disabilities. Generally, an authorized government agency must receive the results and make the suitability determination. This measure will allow information to be provided directly to a non-governmental agency upon receipt of a waiver from the individual on whom the criminal history record check is being run. Your Committee finds that this measure will allow Hawaii's qualified entities to make better and faster decisions in situations that may affect the safety and well-being of Hawaii's children, the elderly, and individuals with disabilities.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2243, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Galuteria, Slom).

**SCRep. 3261      Judiciary and Labor on H.B. No. 1579**

The purpose and intent of this measure is to clarify that money judgments, orders, and decrees are valid liens against all real property, including registered property, when properly recorded in the Bureau of Conveyances.

Your Committee received testimony in support of this measure from the Collection Law Section of the Hawaii State Bar Association and one individual.

Your Committee finds that the current process for a judgment creditor to encumber the property of a judgment debtor that has been registered with the Land Court is complex and burdensome. This measure simplifies the process for judgment creditors to attach money judgment liens to registered property without having to amend the judgment or attach a flysheet when presenting the judgment to the Assistant Registrar of the Land Court. This streamlined process will therefore reduce confusion and save time and money for attorneys, individuals, and businesses.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1579, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Solomon, Slom).

**SCRep. 3262      Ways and Means on S.C.R. No. 31**

The purpose and intent of this measure is to require the Auditor to conduct a sunrise review of the licensure and regulation of herbal therapists.

Your Committee received testimony in support of this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs, the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, 'A'ali'i Group, and seven individuals.

Senate Bill No. 195 (2013) and Senate Bill No. 2439 (2014) both propose the licensure and regulation of herbal therapists in Hawaii. Your Committee finds that herbal therapists are involved in the health care of individuals through the use and application of herbal formulas and practices. Your Committee further finds that herbal therapists are not presently required to be licensed, certified, or regulated by the State.

Section 26H-6, Hawaii Revised Statutes, requires new measures that would subject unregulated professions to licensing or other regulatory controls to be referred to the Auditor for analysis. Accordingly, your Committee finds that an Auditor's sunrise analysis of the proposed licensure and regulation of herbal therapists will set forth the probable effects of the proposed regulatory measure, assess whether regulation is reasonably necessary to protect consumers, and assess whether alternate forms of regulation are appropriate.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3263      Ways and Means on S.C.R. No. 46**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the regulation of veterinary technicians and the practice of veterinary technology.

Your Committee received written comments in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Board of Veterinary Examiners, and Hawaii Veterinary Medical Association.

Your Committee finds that veterinary technicians and the practice of veterinary technology are not currently licensed or regulated in the State. Your Committee also finds that Senate Bill No. 2502, S.D. 1 (2014), proposes to establish requirements for the regulation of veterinary technicians and the practice of veterinary technology. Section 26H-6, Hawaii Revised Statutes, requires that new measures that would subject unregulated professions and vocations to licensing or other regulatory controls be referred to the Auditor for a sunrise review. Your Committee further finds that the requested sunrise review is a necessary step in establishing regulation of veterinary technicians and the practice of veterinary technology, which will improve the level of care of animals in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3264      Ways and Means on S.C.R. No. 56**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a lease, for a term coextensive with the term of the ground lease, for the fast lands adjacent to Pacific Shipyards covering a portion of state submerged lands.

Your Committee received written comments in support of this measure from Pacific Shipyards International; the Ship Repair Association of Hawaii; Pacific Marine; four individuals representing Navatek, Ltd.; and seventy-six individuals. Written comments in opposition to the measure were submitted by the Department of Land and Natural Resources. The Department of Transportation submitted written comments.

Your Committee finds that Pacific Shipyards International, which operates the only commercial ship repair facility in Honolulu Harbor, is being relocated by the State from Pier 41 to Piers 24 through 26. Your Committee further finds that submerged lands for

property bound by Piers 24 through 26 are contemplated to be used for shipyard drydock operations and vessels under repair as part of the lease agreement. Your Committee understands that the Legislature's adoption of this measure will satisfy the requirement of section 171-53, Hawaii Revised Statutes, that the Legislature provide authorization by concurrent resolution prior to the leasing of state submerged lands.

Your Committee has amended this measure by:

- (1) Clarifying that the measure authorizes the Department of Transportation, with the prior approval of the Board of Land and Natural Resources, to issue the lease; and
- (2) Providing that a certified copy of the measure be transmitted to the Director of Transportation, in addition to the Chairperson of the Board of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 56, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (English, Kouchi).

**SCRep. 3265 Ways and Means on S.C.R. No. 99**

The purpose and intent of this measure is to request various public and private entities to collaborate and produce a comprehensive statewide housing plan to address the housing shortage identified by the 2011 Hawaii Housing Planning Study.

The measure also requests the:

- (1) Hawaii Housing Finance and Development Corporation, the Hawaii Community Development Authority, the Hawaii Public Housing Authority, the Department of Hawaiian Home Lands, the counties, other government entities, private sector housing developers, and community organizations to brief the Legislature of their progress in June 2014 and January 2015; and
- (2) Senate Committee on Human Services; the Senate Committee on Economic Development, Government Operations and Housing; the House of Representatives Committee on Housing; and any other legislative standing committees to host informational briefings in June 2014 and January 2015 to provide the public the opportunity to hear about the ongoing plans for housing development in Hawaii.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, and State Council on Developmental Disabilities. The Hawaii Community Development Authority and the Building Industry Association of Hawaii submitted written comments.

According to the 2011 Hawaii Housing Planning Study, as many as fifty thousand new housing units need to be built by 2016 to meet the new demand generated by changing demographics and economic conditions. Your Committee finds that addressing Hawaii's housing needs will be a challenge due to the number of units needed to meet demand and the various barriers that can prevent development and preservation of needed affordable housing. Your Committee believes that this measure will facilitate a coordinated effort between government agencies, the private sector, and community organizations to make substantial and effective progress toward addressing Hawaii's housing crisis.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 99 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3266 Ways and Means on S.C.R. No. 38**

The purpose and intent of this measure is to urge the Board of Regents of the University of Hawaii not to raise student fees to balance the budget of the University of Hawaii's athletic department or the budget deficit of any other University of Hawaii department.

Your Committee received written comments in support of this measure from the University of Hawaii.

Your Committee finds that the University of Hawaii athletics department is facing a potential budget deficit of \$2,000,000, partly as a result of a shortfall in projected football ticket revenues and its inability to generate sufficient monies through fundraising. Your Committee further finds that University of Hawaii officials have publicly stated that the University may raise student fees in order to offset the athletics department's deficit, in addition to the \$50 per semester fee that students already contribute to the athletics department. Your Committee believes that students should not be asked to shoulder the burden of making up for the budget deficit of the athletics department or budget deficit of any other department of the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3267 (Majority) Ways and Means on S.C.R. No. 120**

The purpose and intent of this measure is to urge the Governor to enter into a public-private partnership agreement for the planning, design, construction, and financing of a new system of correctional facilities.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services; the Department of Budget and Finance; the Department of Public Safety; and the Department of the Prosecuting Attorney for the City and County of Honolulu.

Your Committee finds that Hawaii's aging and deteriorating correctional facilities are not equipped to accommodate the current prison population. This has caused many Hawaii prisoners to be sent to other states and resulted in major disruptions to their families and society as a whole. In order to return Hawaii prisoners that have been sent to private mainland prisons and to avoid any federal intervention, Hawaii's correctional facilities need to be upgraded with modern capabilities, such as reentry centers, reporting centers, treatment centers, prisons, jails, and halfway homes, that are to be operated by the State and its counties.

Your Committee has amended this measure by:

- (1) Changing the title and purpose of the measure to request the Governor to explore a competitively procured public-private partnership agreement for a new system of correctional facilities;
- (2) Adding language requesting the Governor to explore different public-private partnership models, including those that may involve partial public funding or joint development;
- (3) Deleting language expressing the Legislature's support for future appropriations and land or property agreements that may include sales, exchanges, leases, or any combination thereof that may be necessary for the Department of Public Safety to meet future payment obligations under the agreement;
- (4) Adding language that expresses the Legislature's support for the construction of correctional facilities statewide under a public-private partnership agreement that the Governor and the Legislature deems to be in the best interest of the State;
- (5) Requesting relevant state departments to offer to hold an informational briefing for the Senate Committees on Public Safety, Intergovernmental and Military Affairs, and Ways and Means, and the House Committees on Public Safety and Finance, at least thirty days before issuance of the request for proposals;
- (6) Deleting the requested deadlines for the State to issue a request for proposals and select a private partner to accomplish the goal of providing Hawaii with a new, state of the art, system of correctional facilities, and requesting the State to submit the selected offer to the Legislature as soon as possible;
- (7) Requesting the Governor to submit a report of any findings, recommendations, plans, and proposed legislation to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015; and
- (8) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 120, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

**SCRep. 3268 Ways and Means on S.C.R. No. 116**

The purpose and intent of this measure is to request the Hawaii Access to Justice Commission to convene a working group to develop an educational loan repayment program for William S. Richardson School of Law graduates to expand opportunities to pursue public interest careers in Hawaii for the benefit of underserved communities.

Your Committee received written comments in support of this measure from the University of Hawaii at Manoa William S. Richardson School of Law; Hawaii Access to Justice Commission; Hawaii Appleseed Center for Law and Economic Justice; Community Alliance on Prisons; and Students for Public Outreach and Civic Education - Richardson School of Law.

Your Committee finds that there is strong interest in the practice of public interest law among Hawaii lawyers, including students of the William S. Richardson School of Law. However, Hawaii's high cost of living makes it difficult for many Hawaii lawyers to endure the low compensation of public interest law careers. Your Committee further finds that an educational loan repayment program would encourage more graduates to remain in the islands and practice public interest law and reaffirm the State's commitment to ensure equal access to its courts. Your Committee believes that this measure will initiate activities to attract more lawyers to engage in public interest work and reduce the financial burdens of choosing a career in public interest law.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 116 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3269 Ways and Means on H.B. No. 2598**

The purpose and intent of this measure is to:

- (1) Rename the Hawaii 3R's school repair and maintenance fund as the Hawaii 3R's school improvement fund; and
- (2) Require the transfer of moneys collected pursuant to section 235-102.5(b), Hawaii Revised Statutes, and any other moneys received in the form of grants and donations for school-level improvement and minor repairs and maintenance to the Hawaii 3R's school improvement fund.

Your Committee received written comments in support of this measure from the Department of Education, Hawaiian Electric Company, and Hawaii 3R's.

Your Committee finds that the State's public schools need many physical improvements and that section 235-102.5(b), Hawaii Revised Statutes, enables taxpayers to make donations for school repairs and maintenance by checking a box on their individual income tax returns. These donations from taxpayers have allowed Hawaii 3R's to complete many badly-needed school improvements. This measure ensures that taxpayer donations for school repairs and maintenance are transferred to the Hawaii 3R's school improvement fund so those activities will continue. However, your Committee believes that requiring all grants or donations for school improvements and minor repairs and maintenance to be transferred to Hawaii 3R's would create a bottleneck for school or community organizations wanting to directly assist schools with their campus improvement projects.

Your Committee has amended this measure by:

- (1) Amending section 302A-1504.5, Hawaii Revised Statutes, to allow, rather than require, the Department of Education to transfer to the Hawaii 3R's school improvement fund any grants and donations for school repairs and maintenance, other than the donations received pursuant to section 235-102.5(b);
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

Your Committee believes that the amended measure will provide the Department of Education with the flexibility to transfer the grants and donations to Hawaii 3R's for the projects that would most benefit from Hawaii 3R's' involvement.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2598, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2598, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kouchi, Ruderman).

**SCRep. 3270 Ways and Means on H.B. No. 2581**

The purpose and intent of this measure is to determine innovative approaches to providing access to health care in Hawaii.

Specifically, this measure:

- (1) Establishes a state innovation waiver task force to develop a health care reform plan for Hawaii that meets requirements for obtaining a state innovation waiver under the federal Patient Protection and Affordable Care Act (PPACA);
- (2) Requires the task force to report its findings and recommendations to the Legislature; and
- (3) Makes an appropriation for the operations of the task force.

Your Committee received written comments in support of this measure from the Office of the Governor and The Chamber of Commerce Hawaii. Hawaii Medical Service Association submitted written comments on the measure.

Your Committee finds that states are allowed to apply for and receive innovation waivers from certain health reform requirements of the PPACA. To receive an innovation waiver, a state must propose an alternative approach to providing health care that is as comprehensive and affordable as the federal requirements. Your Committee finds that Hawaii has a history of innovation in providing access to health care for its population. Your Committee believes that an innovation waiver task force would continue to build upon Hawaii's past accomplishments by determining the feasibility of alternative approaches to providing health care in Hawaii's insurance market and preparing a plan and draft application for a state innovation waiver that meets the requirements of the PPACA.

Your Committee has amended this measure by making a technical amendment to reflect language found in section 1332 of the PPACA providing for applications for state innovation waivers, to take effect for health insurance plan years beginning on or after January 1, 2017.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2581, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2581, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3271 (Majority) Ways and Means on H.B. No. 2576**

The purpose and intent of this measure is to support charter schools in the State.

More specifically, this measure:

- (1) Establishes an income tax credit for contributions of money or in-kinds goods and services for the development of charter school facilities;
- (2) Establishes the Hawaii charter school facility development special fund; and
- (3) Appropriates funds to support the development of charter school facilities

Your Committee received written comments in support of this measure from the State Public Charter School Commission, Hawaii Public Charter Schools Network, Kamehameha Schools, Na Wai Ola Public Charter School Governing Board, and seven individuals. The Department of Budget and Finance, Department of Taxation, and Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that a scarcity of funding for the development and maintenance of facilities is a serious issue facing Hawaii charter schools. Your Committee also finds that start-up charter schools must pay for the cost of their facilities with already limited operational funds. Your Committee believes that this measure will provide a mechanism to fund the development of charter school facilities.

Your Committee has amended this measure by:

- (1) Clarifying that the cap amount applies to the amount of tax credits that may be claimed, rather than the value of contributions that may be claimed;
- (2) Clarifying that a taxpayer may not use the same contribution to claim both a charitable deduction and a tax credit under the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2576, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2576, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Chun Oakland).

**SCRep. 3272 Ways and Means on H.B. No. 2521**

The purpose and intent of this measure is to provide resources to mitigate hazardous conditions to protect public health and safety.

Specifically, the measure appropriates funds to the Civil Defense Division of the Department of Defense to:

- (1) Cut, trim, or remove dangerous trees that pose a hazard to other properties;
- (2) Stabilize or remove unstable rock and soil hazards; and
- (3) Clean streams and waterways to mitigate or prevent flooding or other disasters.

Your Committee received written comments in support of this measure from the Department of Defense, the Civil Defense Division of the Department of Defense, and two individuals.

Your Committee finds that this measure will help the Civil Defense Division protect public safety and mitigate hazardous situations by proactively managing threats from dangerous trees, unstable rock and soil conditions, and waterway flooding.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2521, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2521, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3273 Ways and Means on H.B. No. 2481**

The purpose and intent of this measure is to establish the Hawaii High Impact Center for Commercialization to support small businesses that are based in Hawaii.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; High Technology Development Corporation; The Chamber of Commerce of Hawaii; Spectrum Photonics; TeraSys Technologies; and Oceanit Laboratories Inc. The Hawaii Strategic Development Corporation submitted written comments on the measure.

Your Committee believes that it is vital for the State to support the advancement of technology and to encourage the growth of local businesses. Your Committee finds that the Hawaii High Impact Center for Commercialization will provide technological support to a broad range of local businesses, provide capital to support accelerated commercialization activities and business infrastructure development, and promote high-paying job opportunities in the State.

Your Committee has amended this measure by:

- (1) Broadening the scope of the accelerated commercialization activities for which the Hawaii High Impact Center for Commercialization may provide capital; and
- (2) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2481, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2481, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3274 Ways and Means on H.B. No. 2448**

The purpose and intent of this measure is to authorize the Hawaii Housing Finance and Development Corporation to issue bonds to finance the development of infrastructure on land owned by an eligible developer whose housing project approval by the State or a county requires the construction of affordable housing.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, the Hawaii Housing Finance and Development Corporation, the Chamber of Commerce of Hawaii, and the Land Use Research Foundation of Hawaii.

Your Committee finds that this measure will help address the State's critical need for affordable housing by providing an important financing mechanism to accomplish infrastructure improvements that are often necessary to support the construction of new housing.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2448, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2448, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3275 Ways and Means on H.B. No. 2434**

The purpose and intent of this measure is to increase financial resources to support conservation and natural resource protection programs in the State.

More specifically this measure specifies that the portion of transient accommodations tax revenues currently allocated for expenditure, pursuant to agreement between the Hawaii Tourism Authority and the Board of Land and Natural Resources, for natural resources and facilities management costs related to the Hawaii Tourism Authority's strategic plan shall be:

- (1) Deposited into the special land and development fund, rather than the general fund; and
- (2) Distributed among the beach restoration special fund, state parks special fund, statewide trail and access program, and conservation and resources enforcement special fund.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Tourism Authority, The Chamber of Commerce of Hawaii, and Hawaii Lodging and Tourism Association. The Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the Legislature enacted Act 161, Session Laws of Hawaii 2013, which modified the allocation of transient accommodations tax revenue to, among other things, provide a consistent source of funds for Hawaii to effectively market itself in a competitive tourist industry, to maintain tourist attractions, and to enhance the visitor experience. Your Committee also finds that although Act 161 set aside a portion of transient accommodations tax revenues for this purpose, it did not provide the authority to expend these funds.

Your Committee has amended this measure by:

- (1) Inserting language to specifically authorize allocations of transient accommodations tax revenues from the special land and development fund to the beach restoration special fund, state parks special fund, statewide trail and access program, and conservation and resources enforcement special fund; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2434, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2434, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3276 Ways and Means on H.B. No. 2611**

The purpose and intent of this measure is to establish a State Capitol Management Committee to oversee the financing and governance of the Hawaii State Capitol and its grounds and facilities.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services.

Your Committee finds that the facilities and grounds of the State Capitol hold historic significance, and the democratic processes that take place at the State Capitol often necessitate extended access to and operation of the capitol building. Your Committee believes that establishing a State Capitol Management Committee will ensure that the facilities and grounds of the State Capitol are secure, properly maintained, and operated in a manner that meets the needs and expectations of the general public.

Your Committee has amended this measure by:

- (1) Inserting an appropriation of an unspecified amount, to be expended by the Department of Accounting and General Services for the establishment and operation of the State Capitol Management Committee; and
- (2) Making a technical nonsubstantive change for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2611, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2611, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 3277 Ways and Means on H.B. No. 2286**

The purpose and intent of this measure is to make permanent the requirement that the counties issue affordable housing credits for each residential unit developed by the Department of Hawaiian Home Lands.

Specifically, the measure:

- (1) Repeals the sunset date of Act 141, Session Laws of Hawaii 2009;
- (2) Repeals the sunset date of Act 98, Session Laws of Hawaii 2012; and
- (3) Amends the definition of “affordable housing obligation” by specifying that the term means certain development requirements imposed by a county, regardless of the date of its enactment.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands. Written comments in opposition were received from the Kauai County Housing Agency.

Act 141, Session Laws of Hawaii 2009, requires the counties to issue affordable housing credits to the Department of Hawaiian Home Lands. Act 98, Session Laws of Hawaii 2012, requires the counties to issue affordable housing credits for each residential unit developed by the Department of Hawaiian Home Lands. Your Committee finds that making the provisions of Act 141 and Act 98 permanent will afford the Department of Hawaiian Home Lands greater opportunities to develop homesteads and, thus, meet its mission to return native Hawaiians to trust lands.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2014, to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2286, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2286, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 3278 Ways and Means on H.B. No. 2618**

The purpose and intent of this measure is to facilitate the use of renewable energy.

More specifically, this measure establishes an income tax credit, available as either an investment or utilization credit, for each grid-connected energy storage property that is installed and placed in service in the State during a taxable year beginning after December 31, 2014. The tax credit may be used as a nonrefundable credit for the full value of the credit, or as a refundable credit with a value of seventy per cent of the credit’s total value. The tax credit shall not be available for taxable years beginning after December 31, 2025.

Your Committee received written comments in support of this measure from the Blue Planet Foundation, Bright Energy Storage Technologies, Hawaii Renewable Energy Alliance, Hawaiian Electric Company, Renewable Energy Action Coalition of Hawaii, Sempra US Gas and Power, Ulupono Initiative, and one individual. The Department of Business, Economic Development, and Tourism, Department of Taxation, Public Utilities Commission, Beacon Power, LLC, and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the existing renewable energy technologies income tax credit has been successful in fostering a sustainable local renewable energy industry that is responsible for creating jobs, catalyzing statewide energy savings, improving our environment, and reducing greenhouse gas emissions. Your Committee believes that a similar tax credit to encourage the use of grid-connected energy storage technologies and systems will help to maximize the use of indigenous renewable energy.

Your Committee has amended this measure by:

- (1) Changing the amounts of the tax credit to unspecified amounts;
- (2) Appropriating funds to the Department of Taxation for administration of the tax credit; and
- (3) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2618, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2618, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3279 Ways and Means on H.B. No. 2620**

The purpose and intent of this measure is to require and appropriate funds for the University of Hawaii Sea Grant College Program to submit a report to the Legislature updating its 1996 report on preventing and responding to oil spills.

Your Committee received written comments in support of this measure from the Department of Health. The Department of the Attorney General submitted written comments.

Your Committee finds that the recent and highly destructive molasses spill in Honolulu Harbor has underscored the need to prepare an updated spill prevention and response plan for the State. Accordingly, this measure requires the University of Hawaii Sea Grant College Program to submit to the Legislature an update of its 1996 "Hawaii's Readiness to Prevent and Respond to Oil Spills" report and provides the necessary resources to the Sea Grant College Program.

Your Committee has amended this measure by:

- (1) Adding a provision declaring that the potentially catastrophic effects of oil spills are a matter of statewide concern and therefore under the Legislature's purview pursuant to Article X, Section 6 of the Hawaii State Constitution;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2620, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2620, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3280 Ways and Means on H.B. No. 2626**

The purpose and intent of this measure is to promote manufacturing in the State by temporarily establishing a nonrefundable income tax credit for taxpayers who incur certain expenses for manufacturing products in Hawaii.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, High Technology Development Corporation, The Chamber of Commerce of Hawaii, Hawaii Farm Bureau Federation, KYD, Inc., and Meadow Gold Dairies. The Department of Taxation, Hawaii Strategic Development Corporation, and Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that there is a need for Hawaii to develop and support its manufacturing industry. This is evidenced by the fact that Hawaii imports over ninety per cent of the products consumed in the State each year. Your Committee also finds that there is a great demand outside the State for products that are made in Hawaii. Your Committee believes that this measure will assist in the development of manufacturing in Hawaii.

Your Committee has amended this measure by:

- (1) Requiring that a taxpayer who claims the tax credit, for purchasing equipment used to manufacture tangible personal property in the State, place the equipment into service within one year after the date of purchase;
- (2) Clarifying that the tax credit may not be claimed for the purchase of equipment for which another taxpayer in the State has previously claimed the tax credit;
- (3) Excluding, from the tax credit, costs related to electricity production;
- (4) Appropriating funds to the Department of Business, Economic Development, and Tourism to administer the certification of claims for the tax credit; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2626, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2626, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3281 Ways and Means on H.B. No. 2400**

The purpose and intent of this measure is to provide temporary disability benefits to employees who are disabled due to organ donation.

Your Committee received written comments in support of this measure from the Department of Human Resources Development, Department of Labor and Industrial Relations, United Public Workers, Legacy of Life Hawaii, and two individuals.

Your Committee finds that organ donations save lives but can temporarily disable donors, who are not covered by the existing temporary disability benefits law. Accordingly, your Committee believes this measure will provide relief and support to recovering organ donors.

Your Committee has amended this measure by:

- (1) Making a conforming amendment to section 392-6, Hawaii Revised Statutes, regarding the definition of “individual in current employment”; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2400, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2400, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3282 Ways and Means on H.B. No. 2426**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate funds for the planning, design, and construction of biosecurity facilities at harbors and airports throughout the State.

Your Committee received written comments in support of this measure from the Department of Agriculture, Department of Land and Natural Resources, Department of Transportation, Hawaii Farm Bureau Federation, Hawaii Floriculture and Nursery Association, The Nature Conservancy of Hawaii, and one individual. Able Freight Services Inc. and the Airlines Committee of Hawaii submitted written comments on the measure.

Your Committee finds that invasive species are a constant threat to Hawaii’s natural environment, economy, and the health and lifestyle of its people. The introduction and proliferation of invasive pests can devastate crops and native species, spread disease, and require the quarantine of agricultural products. Your Committee further finds that Hawaii’s airports and harbors must be provided with the necessary resources, facilities, and infrastructure to prevent additional invasive species from entering Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation to an unspecified sum to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2426, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2426, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3283 Ways and Means on H.B. No. 2365**

The purpose and intent of this measure is to authorize the State Fire Council to establish statewide protocols for fire safety.

Specifically, the measure requires the State Fire Council to:

- (1) Establish statewide qualifications and procedures for testing, certifying, and credentialing individuals who conduct maintenance testing on fire extinguishers, fire protection systems, and fire alarm systems; and
- (2) Develop, implement, and coordinate a statewide system to promote the effective use of fire and life safety resources.

Your Committee received written comments in support of this measure from the Hawaii State Fire Council.

Your Committee finds that fire extinguishers, fire protection systems, and alarm systems require routine maintenance to protect building occupants under emergency conditions and to ensure reliable operability when utilized by fire department personnel. Your Committee believes that this measure will help ensure that individuals who conduct this routine maintenance meet nationally recognized minimum competency standards.

Your Committee has amended this measure by:

- (1) Changing the effective date from upon approval to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2365, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2365, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3284 Ways and Means on H.B. No. 2363**

The purpose and intent of this measure is to establish a pilot project to demonstrate the cost-effectiveness of providing a coordinated system of reentry treatment and support services to help nonviolent, low-risk drug offenders transition from jail or prison back into the community.

Your Committee received written comments in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; Hawaii Substance Abuse Coalition; and Community Alliance on Prisons. The Department of Public Safety submitted written comments on the measure.

Your Committee finds that nonviolent, low-risk drug offenders can be effectively and safely transitioned from jail or prison back into the community with the help of a comprehensive and coordinated continuum of evidence-based treatment services. Your Committee believes that this pilot project may not only help to reduce costs to the State, but may also break the costly cycle of offender drug use, crime, and incarceration by significantly reducing recidivism and providing nonviolent, low-risk drug offenders with the appropriate treatment to transition back into the community and maintain further recovery.

Your Committee has amended this measure by:

- (1) Requiring the Department of Public Safety to submit an annual report to the Legislature of its findings and recommendations, including any proposed legislation; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2363, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2363, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, none. Excused, 2 (Kahale, Kouchi).

**SCRep. 3285 Ways and Means on H.B. No. 2338**

The purpose and intent of this measure is to amend the tax credit for research activities.

More specifically, this measure:

- (1) Clarifies that the tax credit is not available for research conducted outside of the State;
- (2) Eliminates the requirement that the Department of Taxation certify all research credit claims;
- (3) Clarifies that failure of the taxpayer to submit the required survey to the Department of Business, Economic Development, and Tourism is a waiver of the right to claim the tax credit; and
- (4) Expands the information required to be submitted in the survey, by requiring the taxpayer to include the amount of tax credits claimed by the taxpayer pursuant to the tax credit for research activities.

Your Committee received written comments in support of this measure from the Department of Taxation and High Technology Development Corporation. The Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that Act 270, Session Laws of Hawaii 2013, reenacted the state tax credit for research activities. The tax credit is applicable to expenses incurred for qualified research activities after December 31, 2012, but is not available for taxable years beginning after December 31, 2019. Your Committee believes that this measure provides clarification for taxpayers seeking to claim the credit and will help to streamline administration of the tax credit.

Your Committee has amended this measure by deleting the definition of "basic research."

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2338, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2338, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3286 Ways and Means on H.B. No. 2294**

The purpose and intent of this measure is to extend the nursing facility sustainability program for an additional year and to appropriate funds from the nursing facility sustainability program special fund to assist the program in leveraging federal funds.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Health Systems Corporation, Hawaii Long Term Care Association, the Healthcare Association of Hawaii, the Hawaii Primary Care Association, and The Chamber of Commerce of Hawaii.

Your Committee finds that the nursing facility sustainability program has increased medicaid payments to nursing facilities by assessing a fee on nursing facilities, using that revenue to obtain matching federal Medicaid funds, and then returning most of those funds to the nursing facilities. Extending the nursing facility sustainability program for an additional year will allow the reimbursements to continue and will help ensure that nursing facilities in the State remain a critical part of the long-term care safety net.

Your Committee has amended this measure by:

- (1) Establishing a repeal date of December 31, 2015, for the amendments made to sections 36-27(a) and 36-30(a), Hawaii Revised Statutes, in sections 3 and 4 of the measure;
- (2) Changing the appropriation to an unspecified amount;
- (3) Changing the effective date to June 29, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2294, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2294, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3287 Ways and Means on H.B. No. 2288**

The purpose and intent of this measure is to allow the Department of Hawaiian Home Lands to lease any department-owned or -controlled improvements, or space within an improvement, on Hawaiian home lands through direct negotiations and at a fair market rent for a period of not more than five years.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Department of Hawaiian Home Lands owns many buildings and warehouses whose general leases are set to expire and that it is not feasible for the Department of Hawaiian Home Lands to enter into short-term leases for the space. Your Committee believes that this measure will allow the Department of Hawaiian Home Lands greater flexibility in generating sufficient revenue to carry out the purposes of the Hawaiian Homes Commission Act of 1920, as well as accelerate the development of Hawaiian homestead lands for the benefit of native Hawaiians.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2288, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2288, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Thielen). Noes, none. Excused, none.

**SCRep. 3288 Ways and Means on H.B. No. 1943**

The purpose and intent of this measure is to eliminate technical and economic barriers that prevent customer-generators from interconnecting to the Hawaii electric grid in a timely manner.

Specifically, this measure:

- (1) Amends the Public Utilities Commission principles regarding the modernization of the electric grid;
- (2) Requires the Public Utilities Commission to initiate regulatory actions no later than July 1, 2014, to address upgrades to the Hawaii electric system for anticipated growth of customer generation; and
- (3) Appropriates funds to the Public Utilities Commission and the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs for the costs of the regulatory actions initiated by the Commission.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism, the Public Utilities Commission - Department of Budget and Finance, Renewable Energy Action Coalition of Hawaii, Hawaii Solar Energy Association, Inter-Island Solar Supply, Sierra Club of Hawaii, Blue Planet Foundation, and one individual. Written comments in opposition were received from Hawaiian Electric Company, Inc. and one individual. The Hawaii Renewable Energy Alliance submitted written comments on the measure.

Your Committee finds that it is in the public interest to increase customer generation of electricity in Hawaii, which will decrease the State's dependency on imported oil, promote the development of clean energy sources, create jobs, foster economic development, and help address the State's future energy needs.

Your Committee further finds that removing technical and economic barriers that prevent customer-generators from interconnecting to the Hawaii electric system will prevent a loss of jobs in the solar energy industry and help the State meet its clean energy goals.

Your Committee has amended this measure by:

- (1) Changing the appropriation amounts to unspecified sums;
- (2) Clarifying that the appropriation to the Department of Commerce and Consumer Affairs shall be expended by the Division of Consumer Advocacy;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1943, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1943, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3289 Ways and Means on H.B. No. 1931**

The purpose and intent of this measure is to remediate macadamia nut felted coccid infestations.

Specifically, the measure appropriates:

- (1) \$360,000 for the Department of Agriculture; and
- (2) \$735,000 for the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa,

to research and develop methods for the prevention and treatment of macadamia felted coccid infestations.

Your Committee received written comments in support of this measure from the Department of Agriculture, the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa, the Hawaii Macadamia Nut Association, the Hawaii Farm Bureau Federation, Royal Hawaiian Services LP, the Edmund C. Olson Trust II, Royal Hawaiian Orchards LP, OK Farms LLC, and five individuals.

Your Committee finds that the uncontrolled spread of the macadamia felted coccid can cause severe damage to macadamia nut trees. Your Committee further finds that current treatment methods have been unsuccessful in suppressing infestations of this dangerous insect. Your Committee believes that the funds appropriated by this measure will assist in developing new methods to prevent the macadamia felted coccid from spreading throughout the State and causing costly damage to the macadamia nut industry.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Changing the lapsing date of the appropriations from June 30, 2017, to June 30, 2016.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1931, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1931, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3290 Ways and Means on H.B. No. 1885**

The purpose and intent of this measure is to appropriate funds to the Department of Land and Natural Resources to plan infrastructure improvements to the passive recreation area of the Sand Island State Recreation Area.

The Department of Land and Natural Resources submitted written comments in support of this measure.

Your Committee finds that pockets of urban recreational space that serve Oahu's growing population are increasingly rare and should be preserved and enhanced with safe and well-managed infrastructure. Your Committee further finds that the remaining undeveloped portion of the Sand Island State Recreation Area should be furnished with fundamental infrastructure, such as roadway access, parking facilities, utilities, showers, and comfort stations, to ensure that this area remains available and accessible for public use.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation to an unspecified sum; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1885, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1885, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 3291 Ways and Means on H.B. No. 1868**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds to retrofit public school facilities for use as emergency shelters.

Your Committee received written comments in support of this measure from the Department of Defense - Civil Defense Division, Department of Defense, Disability and Communication Access Board, Manoa Neighborhood Board, Hector H. Venegas Ent. Ltd., Manoa Disaster Preparedness Team, and one individual.

Your Committee finds that retrofitting public school facilities to meet emergency shelter standards is a necessary and critical preparation for natural disasters and other emergencies. Your Committee further finds that retrofitting these facilities is especially important for the safety of disabled persons and others whose mobility is limited or who have special needs.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1868, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1868, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahale, Kouchi).

**SCRep. 3292 Ways and Means on H.B. No. 1811**

The purpose and intent of this measure is to authorize the Department of Transportation to extend the time period that it may amend concession contracts, leases, or permits in exchange for revenue-enhancing improvements made by the concession business.

Your Committee received written comments in support of this measure from HMSHost Corporation, Hawaii; GRL Corporation; Island Shoppers, Inc.; Airport Concessionaires Committee; Greeters of Hawaii, Ltd.; and Tiare Enterprises, Inc.

Your Committee finds that Hawaii's airport concessions lack the modernization and improvements necessary to meet passenger needs and demands. Act 46, Session Laws of Hawaii 2012, authorized the Department of Transportation to negotiate and reach agreements with concessions to extend the terms of their leases or permits in exchange for revenue-enhancing improvements. Act 46 will sunset on July 1, 2014. However, the Department of Transportation and the concession businesses require additional time to review proposals and to obtain the necessary approvals. Extending the repeal date of Act 46, Sessions Laws of Hawaii 2012, will provide all parties with the additional time to properly complete their negotiations.

Your Committee has amended this measure by:

- (1) Changing the repeal date of Act 46, Session Laws of Hawaii 2012, to an unspecified date;
- (2) Changing the effective date to June 30, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1811, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1811, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Thielen). Noes, none. Excused, none.

**SCRep. 3293 Ways and Means on H.B. No. 1848**

The purpose and intent of this measure is to require all general excise tax monthly returns to be filed electronically, beginning January 1, 2015.

The measure also authorizes the Director of Taxation to assess an administrative fee on a monthly return that is filed manually.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii. The Department of Taxation, the State of Hawaii Disability and Communication Access Board, the Tax Foundation of Hawaii, and one individual provided comments on the measure.

Your Committee finds that the most efficient method of receiving tax returns is via electronic transmission, which requires significantly less resources to process than paper returns. Your Committee believes that this measure will help ensure prompt payment of general excise taxes due to the Department of Taxation.

Your Committee has amended this measure by:

- (1) Requiring monthly filers to also electronically file their annual returns;
- (2) Authorizing the Department of Taxation to waive the administrative fee for good cause shown, including disability-related causes;
- (3) Allowing taxpayers to sign documents electronically;
- (4) Reducing the threshold amount for mandatory electronic payment of taxes from \$100,000 of tax liability per taxable year to \$25,000 of tax liability per taxable year; and
- (5) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1848, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1848, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3294 Ways and Means on H.B. No. 1993**

The purpose and intent of this measure is to reduce domestic violence and to protect minors and other household members from abuse.

Specifically, the measure:

- (1) Requires police officers to make a reasonable inquiry of the family or household member upon whom the officer believes that physical abuse or harm has been inflicted, and inquire the same of any available witnesses;
- (2) Requires a police officer to order a person to leave the premises for a period of separation of forty-eight hours, regardless of whether the police officer has reasonable grounds to believe that there is probable danger of further physical abuse or harm being inflicted by one person upon a family or household member; and

- (3) Makes the commission of an act of physical abuse in the presence of a family or household member who is less than fourteen years of age a class C felony.

Your Committee received written comments in support of this measure from the County of Kauai, Office of the Prosecuting Attorney; and the County of Hawaii, Office of the Prosecuting Attorney. The City and County of Honolulu, Department of the Prosecuting Attorney submitted written comments on the measure.

Your Committee finds that domestic violence occurs at an alarming rate across the nation. The resulting physical and emotional trauma resulting from domestic violence not only affects the victims of domestic violence but also children who witness the domestic violence. Research has consistently shown that children who witness domestic violence have an increased rate of emotional, cognitive, and developmental difficulties. Your Committee believes that this measure will help deter future acts of domestic violence by family or household members and prevent the unnecessary trauma that children experience from witnessing acts of domestic violence.

Your Committee has amended this measure by:

- (1) Adding a savings clause to preserve rights and duties that matured, penalties that were incurred, and proceedings that were begun prior to the effective date;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

Your Committee notes that constitutional concerns have been expressed regarding the amendment to section 709-906(4), Hawaii Revised Statutes, that would delete language that now requires a police officer to have reasonable grounds before ordering a person to leave the premises for forty-eight hours. Accordingly, your Committee respectfully recommends that the Attorney General be consulted regarding this issue.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1993, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1993, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kahele).

**SCRep. 3295 Ways and Means on H.B. No. 1950**

The purpose and intent of this measure is to allow seawater air conditioning district cooling systems to benefit from the State's enterprise zones program by including the production of air conditioning from a seawater air conditioning cooling system within the definition of "eligible business activity."

Your Committee received written comments in support of this measure from Honolulu Seawater Air Conditioning, Ulupono Initiative, The Chamber of Commerce of Hawaii, and one individual. Written comments in opposition to the measure were received from the Department of Business, Economic Development, and Tourism. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the purpose of the State's enterprise zones program, in part, is to stimulate business in areas that would result in neighborhood revitalization. Your Committee believes that the inclusion of seawater air conditioning district cooling systems within the enterprise zones program has the potential to generate millions of dollars in construction project spending and create significant long-term employment. Your Committee further believes that this measure will encourage the development and use of energy efficient technologies and, thus, help to reduce the State's dependence on fossil fuels.

Your Committee has amended this measure by changing the effective date from July 1, 2030, to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1950, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1950, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3296 Ways and Means on H.B. No. 1966**

The purpose and intent of this measure is to require the State Auditor to report to the Legislature on the current state of the civil service exemption process and to recommend procedures, guidelines, and criteria to ensure that the exemption process is used appropriately and only in extraordinary circumstances.

Your Committee received written comments in support of this measure from the United Public Workers and the Hawaii Government Employees Association. Written comments were received from the Department of Human Resources Development.

Your Committee finds that prior legislative efforts to convert civil service exempt positions to civil service positions have resulted in only a few conversions, and further conversions are long overdue. Your Committee believes that this measure will inform the Legislature on the exemption process and ensure that the civil service exemption process is used appropriately.

Your Committee has amended this measure by:

- (1) Making conforming amendments to clarify that the scope of the measure includes the county civil service exemption processes; and

- (2) Changing the effective date to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1966, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1966, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kahele).

**SCRep. 3297 Ways and Means on H.B. No. 1951**

The purpose and intent of this measure is to extend the time within which special purpose revenue bonds may be issued for the design and construction of the seawater air conditioning district cooling system in downtown Honolulu.

Your Committee received written comments in support of this measure from Honolulu Seawater Air Conditioning, LLC, and Ulupono Initiative. The Department of Budget and Finance submitted written comments on the measure.

Your Committee finds that recent disruptions in financial markets caused Honolulu Seawater Air Conditioning, LLC, to postpone the design and construction of the seawater air conditioning district cooling system in downtown Honolulu. Honolulu Seawater Air Conditioning, LLC, expects to begin construction of the system later this year and to use all of the proceeds from the special purpose revenue bond issuance within the next three years. Your Committee finds that extending the time for the Department of Finance to authorize issuance of the special purpose revenue bonds for this project to June 28, 2019, will provide the necessary funding for this renewable energy project.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1951, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1951, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3298 Ways and Means on H.B. No. 2012**

The purpose and intent of this measure is to regulate event ticket sales practices and prohibit ticket scalping to protect Hawaii consumers.

Specifically, this measure:

- (1) Prohibits the sale of event tickets for an amount greater than the price of the ticket plus taxes and a reasonable service charge;
- (2) Establishes the earliest time that a ticket sale for an event may occur;
- (3) Establishes disclosure requirements for the sale of tickets through an internet website by a person other than the primary ticket seller; and
- (4) Prohibits the use of illicit computer software to circumvent online ticket purchase processes.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs. The City and County of Honolulu Department of Enterprise Services and eBay, Inc. submitted written comments on this measure.

Your Committee finds that the resale of event tickets in excess of the amount paid to the primary ticket seller hurts consumers, venues, and performers while only benefitting ticket scalpers. Your Committee further finds that this measure will help to protect Hawaii consumers by providing tools for authorities to investigate and prosecute illegal and unfair ticket selling practices.

Your Committee has amended this measure by:

- (1) Clarifying that ticket sales shall not commence until the later of 8:00 a.m. Hawaiian standard time or before the primary ticket seller commences ticket sales;
- (2) Expanding the internet website disclosure requirements to include non-primary ticket seller internet websites that make direct ticket sales; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2012, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2012, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3299 Ways and Means on H.B. No. 2007**

The purpose and intent of this measure is to appropriate funds to the University of Hawaii for the Local and Immigrant Farmer Education Program.

Your Committee received written comments in support of this measure from the Department of Agriculture; the University of Hawaii College of Tropical Agriculture and Human Resources; the Hawaii Farm Bureau Federation; Ulupono Initiative; Hawaii Farmers Union United; Kako'o Oiwi; and five individuals. Two individuals submitted written comments on the measure.

Your Committee finds that many producers do not have the essential tools and capabilities to successfully integrate into mainstream agriculture. The valuable agricultural knowledge and support that Cooperative Extension Service Agents provide has not only supported a revitalization of the agriculture industry but has also increased the viability and sustainability of commercial farms in Hawaii. Therefore, your Committee believes that this measure will further the Local and Immigrant Farmer Education Program's goal to assist growers in becoming self-directed, active information seekers and adopters of new research-based advances.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2007, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2007, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3300 Ways and Means on H.B. No. 2009**

The purpose and intent of this measure is to establish a minimum reserve requirement in the milk control special fund that provides funding to cover all the costs of administering the State's Milk Control Act and to require that audits be included as a contingency cost covered by the minimum reserve.

Your Committee received written comments in support of this measure from the Department of Agriculture, the Hawaii Farm Bureau Federation, and Ulupono Initiative.

Your Committee finds that the milk industry is critical to food security and self-sustainability in Hawaii. Proper oversight and adequate funding of the milk control special fund will effectively allow administration of the Milk Control Act as well as cover contingency costs, such as audits. Your Committee believes that this measure will support the local dairy industry and ensure that milk remains a source of vital nutrition to Hawaii residents.

Your Committee has amended this measure by:

- (1) Changing the minimum reserve from \$300,000 to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2009, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2009, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3301 Ways and Means on H.B. No. 1934**

The purpose and intent of this measure is to address homelessness in the State.

Specifically, the measure:

- (1) Appropriates funds to the Department of Health for substance abuse treatment, mental health support services, and clean and sober housing services;
- (2) Appropriates funds to the Hawaii Public Housing Authority for a rental assistance program, also known as a shallow subsidy program;
- (3) Appropriates funds to the Department of Human Services to continue to administer Housing First programs for chronically homeless individuals and for the homelessness prevention and rapid re-housing program;
- (4) Appropriates matching funds to the Department of Human Services for the federal continuum of care permanent supportive housing programs to provide rental assistance in connection with supportive services;
- (5) Appropriates funds to the Hawaii Housing Finance and Development Corporation for innovative housing solutions related to the homeless assistance working group's findings and recommendations; and
- (6) Transfers the homeless assistance working group from the Department of Human Services to the Legislature.

Your Committee received written comments in support of this measure from the Hawaii Substance Abuse Coalition, Catholic Charities Hawaii, United States Veterans Initiative, Hawaii Appleseed Center for Law and Economic Justice, Aloha United Way, Partners in Care, Hawaii Primary Care Association, Community Alliance for Mental Health, Catholic Diocese Office for Social Ministry, and two individuals. The Department of Health and the Department of Human Services submitted written comments on the measure.

Your Committee finds that addressing the complex and growing challenge of homelessness in Hawaii requires a multi-faceted approach that recognizes stable housing as a critical component of substance abuse treatment and recovery. Your Committee also finds that providing rent subsidies will help make permanent housing affordable for homeless families and those in transitional housing.

Your Committee further finds that innovative temporary housing solutions have value and that Housing First programs are essential to moving some of the most chronically homeless individuals into permanent housing linked with appropriate services. Your Committee believes that providing matching funds for federally funded continuum of care permanent supportive housing programs would provide housing opportunities for more than six hundred homeless individuals with disabilities.

Your Committee has amended this measure by changing the appropriation in section 4 as follows:

- (1) Deleting the appropriation for a rental assistance program, known as a shallow subsidy program, and replacing it with an unspecified appropriation for the Hawaii Public Housing Authority's rent supplement program;
- (2) Establishing a 0.75 full time equivalent (0.75 FTE) position within the Hawaii Public Housing Authority to administer the rent supplement program; and
- (3) Deleting the maximum rent subsidy limit of \$300 per month and the requirement that a household must pay a minimum of forty per cent of its adjusted gross income for rent to qualify for the subsidy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1934, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1934, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3302 Ways and Means on H.B. No. 1996**

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and appropriate funds for the completion of the Maui Food Innovation Center capital improvement project at the University of Hawaii Maui College.

Your Committee received written comments in support of this measure from the Hawaii Strategic Development Corporation, University of Hawaii Community Colleges, High Technology Development Corporation, Hawaii Farm Bureau Federation, and Maui County Farm Bureau.

Your Committee finds that renovating and equipping the Maui Food Innovation Center will help the center provide valuable research, planning, quality assurance, and food safety services to a wide range of farmers, ranchers, fishers, small and midsized businesses and other entrepreneurs, agricultural cooperatives, food establishments, and community members.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1996, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1996, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 3303 Ways and Means on H.B. No. 2293**

The purpose and intent of this measure is to increase access to medical care and make Hawaii hospitals more sustainable.

Specifically, this measure:

- (1) Continues the hospital sustainability program by extending its sunset date to June 30, 2015, and the hospital sustainability program special fund to December 31, 2015;
- (2) Makes an appropriation to be used for the purposes of the hospital sustainability program; and
- (3) Exempts the hospital sustainability program special fund from the five per cent deduction assessed upon special funds for central service expenses.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Health Systems Corporation, Healthcare Association of Hawaii, Hawaii Primary Care Association, and The Chamber of Commerce of Hawaii.

Your Committee finds that the Legislature created the hospital sustainability program by enacting Act 217, Session Laws of Hawaii 2012, to increase Medicaid payments to hospitals because the existing payments did not match the actual costs of care. Your Committee further finds that the program makes hospitals more sustainable by assessing a fee on hospitals, using the revenue to obtain matching federal medicaid funds, and returning a majority of the combined amount to the hospitals.

Your Committee believes that the hospital sustainability program should be continued and enhanced. Accordingly, this measure will extend the sunset date of the program and exempt the hospital sustainability program special fund from the five per cent deduction assessed upon special funds for central service expenses.

Your Committee has amended this measure by:

- (1) Changing the percentage of the inpatient hospital sustainability fee and the amount of the appropriation for the hospital sustainability program to an unspecified percentage and unspecified sum, respectively;

- (2) Extending the repeal date of exemptions for the hospital sustainability program special fund from assessments for central service expenses and departmental administrative expenses under sections 36-27 and 36-30, Hawaii Revised Statutes, respectively, to match the repeal date of the special fund; and
- (3) Changing the effective date to June 29, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2293, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2293, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 3304      Ways and Means on H.B. No. 2654**

The purpose and intent of this measure is to clarify the authority of the Director of Public Safety to deduct, as victim restitution, twenty-five per cent of all moneys earned, new deposits, and credits to an inmate's individual account for restitution.

Your Committee received written comments in support of this measure from the State Crime Victim Compensation Commission, the Department of the Prosecuting Attorney of the City and County of Honolulu, the Office of the Prosecuting Attorney of the County of Hawaii, and the Office of the Prosecuting Attorney of the County of Kauai. Written comments in opposition to this measure were received from the Department of Public Safety and the Department of the Attorney General.

Your Committee finds that studies have shown that when a defendant is held fully accountable to their crime victims by requiring payment of restitution, the recidivism rate is lower than for those defendants who are not held fully accountable.

Your Committee has amended this measure by:

- (1) Deleting the amendment to section 353-22.6, Hawaii Revised Statutes, which would have retroactively applied the restitution formula;
- (2) Placing the duty to impose the percentage amount of required victim restitution directly upon the court rather than on the Department of Public Safety;
- (3) Clarifying that this measure shall apply prospectively; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2654, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2654, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3305      Ways and Means on H.B. No. 2152**

The purpose and intent of this measure is to appropriate funds for the five planetary surface initiatives and to authorize the issuance of general obligation bonds for the support and development of the Pacific International Space Center for Exploration Systems' research and development park.

Your Committee received written comments in support of this measure from The National Aeronautics and Space Administration; the Department of Business, Economic Development, and Tourism; the University of Hawaii at Hilo; a former Hawaii Governor; an Apollo 11 Astronaut; a retired National Aeronautics and Space Administration officer; and JAMSS America, Inc. The Land Use Research Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that support of the planetary initiatives will help to stimulate and diversify Hawaii's economy through the research and development of alternative products for cement, robotics, resource extraction, and dust removal technologies. Your Committee further finds that the issuance of general obligation bonds to support an aerospace research and development park will accommodate demand and interest in Hawaii's landscape for the development and testing of planetary exploration technologies.

Your Committee has amended this measure by:

- (1) Changing the specific amounts of the appropriations for the planetary surface systems initiatives to unspecified amounts to facilitate further discussion;
- (2) Changing the amount of the general obligation bonds authorized to be issued and the appropriations for the planning, design, and construction of the Pacific International Space Center for Exploration Systems' research and development park to unspecified amounts; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2152, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2152, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3306 Ways and Means on H.B. No. 2180**

The purpose and intent of this measure is to appropriate funds to the University of Hawaii for the creation of a pilot project at its College of Tropical Agriculture and Human Resources, to create new technologies for sustainable agriculture in the State through scientific research and support services.

Your Committee received written comments in support of this measure from the College of Tropical Agriculture and Human Resources at the University of Hawaii; the Hawaii Farm Bureau Federation; and five individuals. The Department of Agriculture submitted written comments on the measure.

Your Committee finds that the scarcity of natural resources and threats to food security prompt the need for Hawaii to commit to using new technologies to develop different forms of sustainable agriculture. Problems such as climate change and the high cost of energy and waste management impede the development of sustainable agriculture and require farmers and agricultural producers to exhaust many of the natural resources that they depend on for agricultural production. Your Committee believes that this measure will support research on efficient methods to aid low-impact sustainable farming, including water remediation, waste water detoxification, and sustainable conversion of agricultural wastes to energy and value-added projects.

Your Committee has amended this measure by:

- (1) Specifying that the appropriated funds shall be used for phase one of a pilot project to create new technologies for sustainable agriculture in the State through scientific research and support services for an integrated agricultural system that includes development of a multi-soil-layer water remediation system, solar and biological waste water detoxification, and sustainable conversion of agricultural wastes to energy and value-added projects;
- (2) Requiring the College of Tropical Agriculture and Human Resources at the University of Hawaii to submit a report to the Legislature on its progress and findings concerning the integrated agricultural system pilot project, including any recommendations, prior to the convening of the 2015 and 2016 Regular Sessions;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2180, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2180, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3307 Ways and Means on H.B. No. 2031**

The purpose and intent of this measure is to require licensed marriage and family therapists to complete a minimum of forty-five hours of continuing education courses, including six hours in ethics courses, during each licensing renewal period, beginning in 2017.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs Marriage and Family Therapists Program, American Association for Marriage and Family Therapy, Hawaii Division, and one individual.

Your Committee finds that this measure will ensure that licensed marriage and family therapists will maintain their professional competency and keep abreast of the latest developments in their profession.

Your Committee has amended this measure by:

- (1) Clarifying the scope of application regarding licensing sanctions for false certifications of compliance with the continuing education requirements;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2031, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2031, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3308 Ways and Means on H.B. No. 2037**

The purpose and intent of this measure is to appropriate funds to the Department of Health for the continued funding of Project Kealahou.

Your Committee received written comments in support of this measure from the Department of Health; the Judiciary; Project Kealahou; Hawaii Youth Services Network; Community Alliance on Prisons; Mental Health America of Hawaii; YWCA of Oahu; and twenty-seven individuals.

Your Committee finds that Project Kealahou has proven to be an effective treatment program for young females who have experienced trauma or victimization, by providing valuable mentoring and support services to young females and their families. These services have not only helped young women cope with traumatic experiences but have also allowed other support service programs and professionals to develop similar services in their treatment plans. Your Committee further finds that an appropriation is needed to

ensure the continued success of this program and help expand the services of Project Kealahou to other areas of Oahu and the neighbor islands.

Your Committee has amended this measure by changing the effective date to July 1, 2009, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2037, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2037, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 3309 Ways and Means on H.B. No. 2039**

The purpose and intent of this measure is to appropriate funds to the Department of Health for the Comprehensive Breast and Cervical Cancer Control Program for breast and cervical cancer screening, education, treatment, and outreach services.

Your Committee received written comments in support of this measure from the Department of Health and the American Cancer Society - Cancer Action Network.

Your Committee finds that breast and cervical cancer screening is essential to a woman's health. The Comprehensive Breast and Cervical Cancer Control Program has not only helped to detect numerous invasive breast and cervical cancers for women who lack adequate insurance coverage, but has also promoted women's health by providing essential screening, diagnostic, and treatment services. Your Committee believes that this measure will further the Comprehensive Breast and Cervical Cancer Control Program's mission to provide breast and cervical cancer screening to medically underserved women and continue the program's success in working collaboratively with healthcare professionals to provide the highest quality breast and cervical cancer screening.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2039, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2039, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kahele).

**SCRep. 3310 Ways and Means on H.B. No. 2051**

The purpose and intent of this measure is to modify the criteria for the works of art commemorating the late United States Senator Daniel K. Inouye and the late United States Representative Patsy T. Mink to be commissioned pursuant to Act 281, Session Laws of Hawaii 2013.

Specifically, this measure repeals the requirements that:

- (1) The work of art commemorating Senator Inouye be three dimensional and installed in time for unveiling on the second anniversary of his death; and
- (2) The respective works of art include likenesses of Senator Inouye and Representative Mink.

This measure also amends the appropriation for both works of art for the 2013-2015 fiscal biennium and establishes the State Foundation on Culture and the Arts as the expending agency.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services.

Your Committee finds that removing unnecessary restrictions on the works of art commemorating United States Senator Daniel K. Inouye and United States Representative Patsy T. Mink will provide the State Foundation on Culture and the Arts with the freedom to select and commission the most appropriate works of art to honor their lives, visions, accomplishments, impacts, and legacies.

Your Committee has amended this measure by repealing, rather than amending, section 2(e) of Act 281, Session Laws of Hawaii 2013, since the amendments made in the measure, as received by your Committee, renders the remaining provisions in section 2(e) unnecessary.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2051, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2051, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 3311 Ways and Means on H.B. No. 2073**

The purpose and intent of this measure is to appropriate moneys to the Office of Veterans' Services for the planning, design, and construction, in consultation with the Department of Accounting and General Services, of the Hawaii Gulf War Memorial and replicas of the Hawaii Gulf War Memorial.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services; the Department of Defense, State Civil Defense; the Military Officers Association of America; and one individual.

Your Committee finds that the freedom and security that United States citizens enjoy today are the direct result of the sacrifices and continued vigilance of the United States Armed Forces over the course of our nation's history. Those sacrifices have been felt nationwide and have been recognized in Hawaii with memorials to those who fought and died in conflicts such as the Korean and Vietnam wars. Your Committee further finds that a proper memorial, such as the proposed Gulf War Memorial, will allow Hawaii residents to recognize and honor the many service members who have sacrificed for our country during recent conflicts in that part of the world.

Your Committee has amended this measure by:

- (1) Changing the means of financing for the planning, design, and construction of the Hawaii Gulf War Memorial from general revenues to general obligation bonds;
- (2) Adding a lapsing provision; and
- (3) Making a technical nonsubstantive change for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2073, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2073, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 3312 Ways and Means on H.B. No. 2074**

The purpose and intent of this measure is to authorize the Director of Finance to issue general obligation bonds, for an unspecified sum, for the purpose of partially funding the construction of a veterans long-term care facility if the federal government provides funding to assist in building the facility.

Your Committee received testimony in support of this measure from Department of Defense - State Civil Defense, Healthcare Association of Hawaii, and Military Officers Association of America.

Your Committee finds that there are more than forty-four thousand veterans in Hawaii over the age of sixty-five. Many of these veterans will or currently require long-term care. Your Committee finds that issuance of these bonds will fund the State's share of a veterans long-term care facility and will provide an economic engine to the community surrounding the facility.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2074, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2074, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3313 Ways and Means on H.B. No. 2072**

The purpose and intent of this measure is to appropriate funds to the Department of Defense for the establishment of one full-time equivalent permanent veterans coordinator position in the Office of Veterans' Services to address the various problems and needs of all veterans, with a primary focus on female veterans, who served on active duty for the full period they were activated.

Your Committee received written comments in support of this measure from the Department of Defense; the State Office of Veterans' Services; the Advisory Board to the Office of Veterans' Services; the Military Officers Association of America; and one individual.

Your Committee finds that the circumstances and challenges faced by female veterans are often different from those of their male counterparts. However, veterans' benefits have traditionally been designed to address the needs of male veterans. Furthermore, the high rate of military sexual trauma and lack of access to adequate health care upon returning from service have made clear the need for a permanent veterans coordinator position. Your Committee believes that this measure will address the needs of all veterans as well as the specific needs of female veterans and give them access to treatments and resources to allow them to successfully readjust to civilian life.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2072, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2072, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3314 (Majority) Ways and Means on H.B. No. 2059**

The purpose and intent of this measure is to amend the percentage of the conveyance tax revenue paid into the rental housing trust fund to fifty per cent after June 30, 2014.

In addition, this measure provides for an appropriation to and from the rental housing trust fund to the Hawaii Housing Finance and Development Corporation for the increase of affordable rental housing units.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation; Living Life Source Foundation; Catholic Charities Hawaii; Catholic Charities Hawaii - Office of Social Ministry; Hawaii Appleseed Center for Law and Economic Justice; Partners in Care; PHOCUSED; Community Alliance for Mental Health; Helping Hands Hawaii; Ho'omoana Foundation; and four individuals. The Department of Budget and Finance; the Department of Land and Natural Resources; The Chamber of Commerce of Hawaii; and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that there is a shortage of affordable rental housing units in the State, which has contributed to an increased rate of homelessness. This has prevented many families from receiving basic nutritional and living needs and threatened the security of low-income families at risk of being homeless. Your Committee further finds that the rental housing trust fund is not able to fund many qualified projects due to the lack of funds and that an increase in the conveyance tax percentage paid into the fund will help provide more affordable housing. Your Committee believes that this measure reflects the importance of the rental housing trust fund in addressing the growing need to provide Hawaii families with access to affordable housing.

Your Committee has amended this measure by:

- (1) Changing the percentage of the conveyance tax revenue paid into the rental housing trust fund from fifty per cent to an unspecified amount; and
- (2) Changing the appropriation amounts from \$1 to unspecified amounts to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2059, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2059, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Chun Oakland).

**SCRep. 3315 Ways and Means on H.B. No. 2370**

The purpose and intent of this measure is to amend the current state law regarding the partial payment of taxes.

More specifically, this measure requires that a partial payment of taxes be credited in equal amounts to interest, penalties, and principal.

Your Committee received testimony in support of this measure from The Chamber of Commerce of Hawaii. Your Committee received testimony in opposition to this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that, under current state law, moneys received by the Department of Taxation for the partial payment of a tax are applied first to interest, then to penalties, and then finally to principal. Your Committee also finds that allowing taxpayers to repay their tax-debt principal before penalties and interest would make it easier for them to repay their entire debt. Your Committee believes that this measure will reduce taxpayers' tax burden by enabling them to repay their taxes in a timelier manner, while also ensuring that all principal and penalties properly due to the State would still be paid in full by taxpayers along with any applicable interest.

Your Committee has amended this measure by:

- (1) Requiring that a partial payment of taxes be credited first to principal, then to interest, and then to penalties; and
- (2) Inserting a savings clause to clarify that the amendments contained in the measure will apply prospectively.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2370, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2370, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3316 Ways and Means on H.B. No. 2003**

The purpose and intent of this measure is to appropriate funds to the Department of Defense to establish a Hawaii cybersecurity, economic, education, and infrastructure security coordinator position to coordinate efforts on and recommend improvements to the State's cybersecurity and cyber resiliency.

In addition, this measure requires the cybersecurity, economic, education, and infrastructure security coordinator to define requirements for securing state, federal, and private moneys to fund cybersecurity improvements.

The Department of Defense, Hawaii State Office of Information Management and Technology, and Oceanit provided testimony in support of this measure.

Your Committee finds that coordination and collaboration is needed between government agencies, the University of Hawaii, and the private and public sector to improve cybersecurity and cyber resiliency in the State and to develop effective responses to cyber-

attacks. Innovative advancements in technology have provided new and convenient ways to store sensitive information and data in cyberspace but have also spawned new types of security threats and intrusion. Any compromise or unauthorized use of the valuable and sensitive information stored in cyberspace may significantly disrupt critical operations and render the State and its agencies vulnerable to cyber-attacks. Your Committee believes that this measure will improve cybersecurity and cyber resiliency by ensuring that any cyber threat or attack is met with a timely and coordinated response.

Your Committee has amended this measure by:

- (1) Clarifying that the cybersecurity, economic, education, and infrastructure security coordinator position is established in Chapter 128, Hawaii Revised Statutes;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2003, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2003, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

#### **SCRep. 3317 Ways and Means on H.B. No. 648**

The purpose and intent of this measure is to make a technical amendment to clarify the requirements of the annual report made by the Director of Finance for transfers of non-general funds to the general fund.

Prior to the hearing on this measure, your Committee made available a proposed S.D. 1 for review and comment. The proposed S.D. 1 amends this measure by deleting its entire contents and inserting language to repeal or reduce appropriations made in the Regular Session of 2013 that designated expending agencies do not plan to expend in fiscal year 2013-2014.

Specifically, the proposed S.D. 1 amends the following fiscal year 2013-2014 appropriations by:

- (1) Repealing the \$1,000,000 appropriation to the Department of Human Services for a rental assistance program known as the shallow subsidy program, pursuant to section 4 of Act 222, Session Laws of Hawaii 2013;
- (2) Repealing the \$150,000 appropriation to the Department of Human Services for the homelessness prevention and rapid re-housing program, pursuant to section 9 of Act 222, Session Laws of Hawaii 2013;
- (3) Reducing the \$100,000 appropriation to the Department of Human Services to \$50,000 for the construction and demonstration of innovative temporary housing solutions as they relate to the homeless assistance working group's findings and recommendations, pursuant to section 17 of Act 222, Session Laws of Hawaii 2013;
- (4) Repealing the \$185,750 appropriation to the Department of Budget and Finance to support the work of the Hawaii Employer-Union Health Benefits Trust Fund task force, pursuant to section 5 of Act 268, Session Laws of Hawaii 2013; and
- (5) Repealing the \$500,000 appropriation to the Department of Budget and Finance for a study on joint investment information and service sharing by the Employees' Retirement System and the Hawaii Employer-Union Health Benefit Trust Fund, pursuant to section 13 of Act 268, Session Laws of Hawaii 2013.

Your Committee received no testimony on H.B. No. 648, H.D. 1.

Your Committee received comments on the proposed S.D. 1 from the Department of Budget and Finance.

Your Committee finds that repealing or reducing current fiscal year appropriations that are not expected to be expended by the designated agencies is preferable to allowing the unexpended and unencumbered amounts to lapse. Your Committee recognizes that lapsed appropriations cannot be considered until after the fiscal year for which the appropriation is made expires; however, repealing or reducing appropriations allows the savings to be factored into the next fiscal year's budgetary decisions.

Your Committee further finds that the medicaid investigations recovery fund contains funds that are in excess of what is necessary for the purposes of the fund. Your Committee finds that authorizing the Director of Finance to transfer the excess funds to the general fund will allow those moneys to be considered in budgetary decisions for fiscal year 2014-2015.

Your Committee has amended this measure by adopting the proposed S.D. 1 and amending it further by:

- (1) Until June 30, 2014, authorizing the Director of Finance to transfer \$1,500,000 in excess funds from the medicaid investigations recovery fund, established pursuant to section 28-91.5, Hawaii Revised Statutes, to the general fund;
- (2) Amending the amounts appropriated in section 13 of Act 268, Session Laws of Hawaii 2013, to the Department of Budget and Finance for a study on joint investment information and service sharing by the Employees' Retirement System and the Hawaii Employer-Union Health Benefit Trust Fund from \$500,000 to \$100,000 in fiscal year 2013-2014, and from \$500,000 to \$350,000 in fiscal year 2014-2015; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 648, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 648, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Tokuda).

**SCRep. 3318 (Joint/Majority) Economic Development, Government Operations and Housing and Agriculture and Ways and Means on H.B. No. 482**

The purpose and intent of this measure is to prohibit the ability to claim expenditures for legal services under the important agricultural land qualified agricultural cost tax credit.

Your Committees received testimony in support of this measure from five individuals. Your Committees received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which, in addition to appropriating funds to acquire certain Dole Food Company, Inc., lands, establishes the Whitmore project facility revenue bond special fund into which proceeds from revenue bonds shall be deposited for purchasing certain parcels of land from Dole Food Company, Inc.

Your Committees received testimony in support of the proposed S.D. 1 from the Agribusiness Development Corporation, Hawaii Farm Bureau, and Sugarland Growers, Inc. Your Committees received testimony in opposition to the proposed S.D. 1 from the Department of Agriculture and one individual. Your Committees received comments on the proposed S.D. 1 from the Department of Budget and Finance.

Your Committees find that in order for agriculture to flourish in Hawaii and reach its full potential, land availability and long-term leases at affordable and predictable lease rental rates are critical. The acquisition of the certain parcels of land from Dole Food Company will significantly increase the acreage of available agricultural land under the State's control and will provide farmers with long-term leases that will enhance the economic viability of Hawaii's agriculture industry.

Your Committees have amended this measure by replacing its contents with the contents of the proposed S.D. 1 and inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Agriculture, and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 482, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 482, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (Baker, English).

Agriculture  
Ayes, 4. Noes, 1 (Slom). Excused, 2 (English, Kouchi).

Ways and Means  
Ayes, 9. Noes, 1 (Slom). Excused, 3 (English, Kouchi, Ruderman).

**SCRep. 3319 (Joint) Economic Development, Government Operations and Housing and Public Safety, Intergovernmental and Military Affairs and Technology and the Arts and Ways and Means on H.B. No. 1280**

The purpose and intent of this measure is to:

- (1) Require the Department of Public Safety to form a working group to define and delineate the duties and responsibilities of process servers under its jurisdiction, create a process of registration, examine licensing requirements and jurisdictional concerns of private process servers, and address other relevant issues; and
- (2) Authorize the Director of Public Safety to maintain a list of independent process servers.

Your Committees received no testimony on this measure.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which requires and appropriates funds for the Board of Directors of the High Technology Development Corporation to create a first responders technology campus and cyber security command center.

Your Committees received testimony in support of the proposed S.D. 1 from the Department of Defense, Department of Public Safety, Department of Accounting and General Services, and one individual. Your Committees received comments on the proposed S.D. 1 from the High Technology Development Corporation.

Your Committees find that the State requires a plan to relocate public safety services located within and nearby inundation zones to a centralized non-inundation zone area that will provide direct access to highways and be in convenient proximity to hospital and military services and assistance. In the event of a major disaster, critical systems could be unavailable for months, negatively impacting the lives of many tens of thousands of citizens and costing the State tens of millions of dollars in unplanned system recovery and restart costs.

Your Committees further find that the High Technology Development Corporation, in collaboration with the Department of Accounting and General Services and Chief Information Officer, has the ability to oversee the design, construction, and operation of a data center that can house the State's centralized computing resources along with key staff that support and maintain these resources.

Your Committees have amended this measure by replacing its contents with the contents of the proposed S.D. 1 and inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Public Safety, Intergovernmental and Military Affairs, Technology and the Arts, and Ways and Means that are attached to

this report, your Committees are in accord with the intent and purpose of H.B. No. 1280, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1280, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3320 Judiciary and Labor on H.B. No. 2163**

The purpose and intent of this measure is to require the court to consider frequent, continuing, and meaningful contact with each parent when awarding custody of a minor child unless the court finds that one or both parents are unable to act in the best interests of the child.

Your Committee received testimony in support of this measure from the Family Law Section of the Hawaii State Bar Association and six individuals. Your Committee received testimony in opposition to this measure from four individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure ensures the best interest of the child by requiring, rather than allowing, the court to consider frequent, continuing, and meaningful contact with each parent when awarding custody of a minor child.

Your Committee has amended this measure by:

- (1) Amending section 580-47, Hawaii Revised Statutes, to:
  - (A) Require the court to consider any necessary reduction in employment due to the needs of a dependent child and wasting of assets when ordering spousal support and maintenance; and
  - (B) Establish that in the division and distribution of property as a result of a divorce, any value given for a joint investment or asset is presumed to be a joint gift, except when assets are inherited;
- (2) Making conforming amendments to section 580-74, Hawaii Revised Statutes, to reflect the amendments made to section 580-47, Hawaii Revised Statutes;
- (3) Inserting a severability clause;
- (4) Changing the effective date from July 1, 2050, to upon approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2163, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2163, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 7. Noes, none. Excused, none.

**SCRep. 3321 Judiciary and Labor on H.B. No. 2034**

The purpose and intent of this measure is to:

- (1) Amend section 657-1.8, Hawaii Revised Statutes, to eliminate the statute of limitations for a civil action for damages arising from a sexual act that constituted or would have constituted sexual assault in the first degree, sexual assault in the second degree, or continuous sexual assault of a minor under the age of fourteen years; and
- (2) Amend section 701-108, Hawaii Revised Statutes, to remove the statute of limitations for a criminal action arising from sexual assault in the first degree, sexual assault in the second degree, and continuous sexual assault of a minor under the age of fourteen years.

Your Committee received testimony in support of this measure from the Office of the Prosecuting Attorney, County of Kauai; Office of the Prosecuting Attorney, County of Maui; Women's Caucus, Democratic Party of Hawaii; YWCA of Kauai; The Sex Abuse Treatment Center; Hawaii Women's Coalition; and sixteen individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Office of the Public Defender, and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that child sexual abuse is an epidemic that unfortunately is not adequately addressed because a vast majority of child sexual abuse victims fail to report their sexual assaults to authorities. The Sex Abuse Treatment Center testified that many children do not disclose sexual abuse immediately. Studies have estimated that between sixty to eighty percent of child sexual abuse victims withhold disclosure. Furthermore, studies examining latency in disclosure report an average delay of three to eighteen years. By eliminating the statute of limitations for civil and criminal actions for claims arising from certain sexual assault crimes, this

measure recognizes and provides the time it generally takes for victims of child sexual abuse to develop the strength and courage to report incidences of child sexual abuse.

Your Committee notes the testimony submitted by a professor from the Benjamin N. Cardozo School of Law indicating that eight states allow a civil action to be filed at any time for a child sexual abuse claim and seven states currently have pending legislation to eliminate the statute of limitations for civil child sexual abuse claims. This testimony also indicates that thirty-eight states allow the prosecution of certain child sexual abuse crimes to commence at any time.

However, your Committee notes the concerns raised by the Department of the Attorney General that eliminating the statute of limitations for the filing of a civil claim arising from certain sexual assault crimes may violate the due process clause of the state and federal constitutions. The Department testified that a claim could be brought against any person at any time, which could prevent or severely impair the alleged perpetrator's ability to defend. Your Committee further notes the testimony submitted in opposition that eliminating the statute of limitations for civil and criminal claims for certain sexual assault crimes fails to recognize that over time memories fade, evidence may be lost or expunged, and witnesses may die or be difficult to find.

Accordingly, your Committee believes that the statute of limitations should be further defined to sufficiently balance the rights of the victim and accused in child sexual abuse civil and criminal claims. Your Committee notes that according to the testimony submitted by a professor from the Benjamin N. Cardozo School of Law, four states have legislation pending that allows a victim of child sexual abuse to file a civil claim up to attaining the age of fifty-five. Your Committee believes that the statute of limitations to file a civil claim in this measure should be set accordingly for all sexual acts that constituted or would have constituted a criminal offense under part V or VI of chapter 707, Hawaii Revised Statutes. Your Committee further notes the discussion during the hearing for this measure regarding studies indicating that the human brain is not fully developed until the age of twenty-five. Accordingly, your Committee believes that the statute of limitations should toll during any time when the victim is under twenty-five years of age for certain sexual assault offenses committed when the victim is a minor.

Your Committee notes that the Legislature passed Act 68, Session Laws of Hawaii 2012 (Act 68), to extend the statute of limitations for civil actions brought by a victim of sexual offenses as a minor against the person who committed the act and establish a two-year window to allow a victim of sexual abuse to bring a cause of action if bringing such an action was barred due to the expiration of the statute of limitations that was in effect prior to April 24, 2012. Your Committee further finds that the two-year window to allow a victim of child sexual abuse to bring a cause of action that is otherwise barred will sunset on April 24, 2014, if legislative action is not taken. Accordingly, your Committee believes that extending the window for an additional five years provides additional time for a victim of child sexual abuse to come forward.

Your Committee further notes S.B. No. 2687 (Regular Session of 2014), as amended, amends section 657-1.8(b), Hawaii Revised Statutes, to change the standard used by the court to award damages against a legal entity, except for the State or counties, from a finding of gross negligence to a finding of negligence on the part of the legal entity. Your Committee believes that this measure should also reflect this standard. Despite the written testimony suggesting that this standard be effective retroactively to 2012, when Act 68 was enacted, your Committee believes that the negligence standard should be applied prospectively to avoid conflicts with pending civil actions.

Accordingly, your Committee has amended this measure by:

- (1) Amending section 657-1.8, Hawaii Revised Statutes, to:
  - (A) Delete language that eliminated the statute of limitations for a civil action for damages arising from a sexual act that constituted or would have constituted sexual assault in the first or second degree or continuous sexual assault of a minor under the age of fourteen years;
  - (B) Extend the statute of limitations for the filing of a civil action for the recovery of damages arising from the sexual abuse of the minor that constituted or would have constituted a criminal offense under part V or VI of chapter 707, Hawaii Revised Statutes, to the later of:
    - (i) The victim attaining the age of fifty-five, rather than twenty-six; or the person who committed the sexual abuse attaining the age of majority; or
    - (ii) Three years after the victim discovers or should have discovered the psychological injury or illness was caused by the sexual abuse;
  - (C) Extend the sunset date for five additional years to allow a victim of child sexual abuse to bring a civil action against the victim's abuser or an entity, except for the State or counties, if the statute of limitations for filing a civil claim has lapsed; and
  - (D) Clarify that after April 23, 2014, damages against the legal entity in a sexual assault civil action in which the statute of limitations for filing a civil claim has lapsed shall be awarded only if there is a finding of negligence on the part of the legal entity;
- (2) Amending section 701-108, Hawaii Revised Statutes, to:
  - (A) Delete language that removes the statute of limitations for a criminal action arising from sexual assault in the first or second degree and continuous sexual assault of a minor under the age of fourteen years; and
  - (B) Insert language to clarify that the statute of limitations for a criminal claim shall toll during any time that the victim is under twenty-five years of age for certain sexual assault crimes committed against the victim at the time the victim was a minor; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2034, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2034, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3322 (Joint) Judiciary and Labor and Ways and Means on H.B. No. 2248**

The purpose and intent of this measure is to provide an emergency appropriation of \$700,000 in general revenues to the Department of the Attorney General for fiscal year 2013-2014 to fund contracts to retain expert counsel, expert witnesses, and other legal services.

Your Committees received testimony in support of this measure from the Department of the Attorney General.

Your Committees find that the Department of the Attorney General anticipates incurring several major litigation expenses for the retention of expert witnesses and specialized legal counsel. These expenses include expenses for defending against an appeal of the July 11, 2013, decision validating the State's 2012 Reapportionment Plan in the United States Supreme Court; continuing to defend the State against claims for money damages in two large, one-time class action lawsuits; and investigating and assessing the possibility of filing suit to recover funds to repair and restore damage in and around Honolulu Harbor resulting from the September 2013 molasses spill. This measure will supplement the normal annual litigation budget used by the Department of the Attorney General to fund litigation expenses.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2248, H.D. 1, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 7. Noes, none. Excused, none.

Ways and Means

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Espero).

**SCRep. 3323 Judiciary and Labor on H.B. No. 2139**

The purpose and intent of this measure is to allow a county council to hold a limited meeting that is open to the public as the guest of a board or community group holding its own meeting under certain conditions. Specifically, this measure amends section 92-3.1, Hawaii Revised Statutes, relating to limited meetings, to:

- (1) Allow any number of county council members to attend and hold a limited public meeting to discuss council business, as the guest of a board or community group holding its own meeting, through June 30, 2018;
- (2) Require notice of the county council limited meeting to meet the requirements of section 92-7, Hawaii Revised Statutes, and indicate the board or community group whose meeting the council is attending, and may include an agenda;
- (3) Require a board or community group that is subject to part I, chapter 92, Hawaii Revised Statutes, and holding a meeting that a county council is attending, to meet the requirements of part I, chapter 92, Hawaii Revised Statutes;
- (4) Restrict such limited meetings of a county council to no more than one per month for any one board or community group;
- (5) Require all limited meetings to be held in the State; and
- (6) Prohibit limited meetings from being held to circumvent part I, chapter 92, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the League of Women Voters of Hawaii and two individuals. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that as elected officials, it is the job of county council members to find out how people in the community feel about policy issues and to become educated on those issues. However, under section 92-2.5(e), Hawaii Revised Statutes, if at least a number that constitutes a quorum of county council members attends any meetings or presentations open to the public, those members in attendance may be in violation of the Sunshine Law. This measure will increase communication between county council members and their constituents, while providing public protection against inadequate notice of discussions by county council members in which or by which people may be interested or affected.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2139, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ihara). Noes, none. Excused, 1 (Slom).

**SCRep. 3324 Judiciary and Labor on H.B. No. 2347**

The purpose and intent of this measure is to:

- (1) Clarify that all Department of Taxation criminal investigators, including those who are subject to civil service laws, have police powers; and
- (2) Provide that the civil service exemption for criminal investigators is discretionary, rather than mandatory.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee finds that section 231-4.3, Hawaii Revised Statutes, grants police powers to only civil service exempt criminal investigators. However, the Department of Taxation's criminal investigation unit supervisor is a civil service employee. This measure clarifies that all of the Department's criminal investigators, including those who are civil service employees, have police powers.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2347, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 3325 (Joint) Judiciary and Labor and Ways and Means on H.B. No. 1971**

The purpose and intent of this measure is to:

- (1) Authorize administrative, support, and instructional employees in charter schools to fully participate in the State's systems for certain employee benefits and additional supports and incentives that are offered by the Department of Education to employees in Department public schools;
- (2) Require the Department of Education and State Public Charter School Commission to identify all incentives and bonuses provided to public school employees, including charter school employees, pursuant to statute, any master agreements and supplemental agreements entered into between the Department of Education and the exclusive representatives as defined in chapter 89, Hawaii Revised Statutes, and any supplemental agreements entered into pursuant to section 302D-25, Hawaii Revised Statutes, and indicate the total dollar amount and funding distribution method for each;
- (3) Require the Department of Education and State Public Charter School Commission to report their findings, including recommendations on the most efficient and equitable funding distribution methods associated with the incentives and bonuses identified, to the Legislature prior to the Regular Session of 2015; and
- (4) Appropriate an unspecified sum out of general revenues to the Department of Education for fiscal year 2014-2015 for the purpose of providing additional benefits, support, and incentives to charter school employees.

Your Committees received testimony in support of this measure from the State Public Charter School Commission; Hawaii State Teachers Association; United Public Workers, AFSCME Local 646, AFL-CIO; and two individuals.

Your Committees find that this measure will provide greater parity between benefits available to administrative, support, and instructional employees in charter schools and administrative, support, and instructional employees at Department of Education public schools.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1971, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 7. Noes, none. Excused, none.

Ways and Means

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Espero).

**SCRep. 3326 (Joint) Judiciary and Labor and Ways and Means on H.B. No. 1796**

The purpose and intent of this measure is to prohibit the use of seclusion and reduce the use of restraint in public schools. Specifically, this measure:

- (1) Adds a new section to chapter 302A, Hawaii Revised Statutes, to prohibit the use of seclusion, chemical restraint, or mechanical restraint in public schools;
- (2) Adds a new section to chapter 302A, Hawaii Revised Statutes, to:
  - (A) Prohibit the use of physical restraint unless a student's behavior poses an imminent danger of property damage or physical injury to the student, school personnel, or others and only for so long as the danger persists; provided that other less intrusive interventions have failed or been determined to be inappropriate for the student;
  - (B) Prohibit the use of any physical restraint that is life threatening, including physical restraint that may restrict breathing; or contraindicated based on the student's disability, health care needs, or medical or psychiatric condition, as documented in a health care directive or medical management plan, a behavior intervention plan, an individual education program, or an individualized family service plan, or plan developed pursuant to Section 504 of the Rehabilitation Act of 1973;
  - (C) Require the Board of Education to establish policy regarding the use of restraint in public schools and the Department of Education to establish procedures to be followed after each incident involving the imposition of restraint upon a student;
  - (D) Require that all parents and legal guardians of students to receive no less than on an annual basis written information, which includes certain types of information, that is issued by the Department of Education about policies and procedures for restraint;

- (E) Require that staff and parents or legal guardians be notified of any policy or procedural changes relating to restraint;
  - (F) Require all public schools to ensure that staff who use restraint in facilities or programs are trained and certified on a periodic basis no less than on an annual basis and specify the components that the training is required to include;
  - (G) Require each complex area superintendent to direct, on at least a quarterly basis, a review of data on students at each public school who were restrained, and specify the components that the review is required to include;
  - (H) Require each public school to maintain records of its reviews of restraint data and any resulting decisions or actions regarding the use of restraint;
  - (I) Require the Department of Education to review policies and procedures on the use of restraint, specify the components the reviews is required to include, and specify the purposes for the review; and
  - (J) Define “chemical restraint”, “mechanical restraint”, “physical restraint”, “restraint”, and “seclusion”;
- (3) Amends section 302A-1114, Hawaii Revised Statutes, to clarify that no punishment of any kind may be inflicted upon any pupil except as provided for under the new section established under chapter 302A, Hawaii Revised Statutes, relating to the limited use of physical restraint, and section 703-309(2), Hawaii Revised Statutes; and
- (4) Appropriates an unspecified sum to the Department of Education for fiscal year 2014-2015, to provide resources for training and data accountability regarding the use of physical restraint in public schools.

Your Committees received testimony in support of this measure from the Department of Education, State Council on Developmental Disabilities, Special Education Advisory Council, Community Children’s Council of Hawaii, Hawaii Association of School Psychologists, and six individuals. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Crisis Prevention Institute and Handle With Care.

Your Committees finds that this measure will promote the safety and well-being of students and school personnel by requiring the Board of Education and Department of Education to establish policies and procedures for the limited use of restraint in public schools.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1796, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 7. Noes, none. Excused, none.

Ways and Means

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Espero).

**SCRep. 3327 Judiciary and Labor on H.B. No. 1503**

The purpose and intent of this measure is to void rental agreement provisions that allow for the eviction of a tenant who has a valid certificate for the medical use of marijuana unless:

- (1) The rental agreement allows for eviction for smoking tobacco and the medical marijuana is consumed by smoking; or
- (2) The articles of incorporation, declaration, bylaws, administrative rules, house rules, association documents, or similar documents of a condominium property regime or planned community association prohibit the medical use of marijuana.

Your Committee received testimony in support of this measure from the Office of Consumer Protection, Department of Commerce and Consumer Affairs; American Civil Liberties Union of Hawaii; Americans for Safe Access, Big Island Chapter; The Drug Policy Action Group; and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that although this measure makes some important clarifications about the use of medical marijuana by a tenant with a valid certificate for the medical use of marijuana, it does not introduce any new rights for Hawaii tenants. Rather, this measure clarifies that if smoking tobacco is banned in a residential setting, then smoking medical marijuana is also banned. However, absent a ban on tobacco smoking, the use of medical marijuana is not banned per se under this measure.

Your Committee notes the concerns that this measure gives tenants with a valid certificate for the medical use of marijuana protection against eviction in any circumstances. However, your Committee finds that these concerns do not accurately reflect the intent of this measure. If a tenant fails to pay rent or otherwise violates a specific lease provision, this measure does not shield that tenant from an eviction process that is unrelated to the medical use of marijuana. Your Committee further finds that the use of medical marijuana by a tenant, as proposed by this measure, is not intended to supersede other provisions in a rental agreement, such as timely payment of rent.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1503, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3328 Judiciary and Labor on H.B. No. 1641**

The purpose and intent of this measure is to increase the privacy rights of individuals and simplify the standards by which law enforcement is able to access certain information by:

- (1) Requiring a search warrant in order to compel disclosure to a government entity of the contents of electronic communications, regardless of whether the communications were held in storage or not, how long the communications have existed, or if the communications are classified as retrieved or unretrieved; and
- (2) Requiring a court order in order to compel disclosure to a governmental entity of non real-time, or historical, transactional records and requiring the court order to issue only if the governmental entity demonstrates probable cause that the records sought constitute a crime or are relevant to a legitimate law enforcement inquiry.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that users of electronic communication services and remote storage providers have various privacy rights. Existing state law requires law enforcement to obtain a court order before having access to retrieved electronic mail and electronic mail that has been held in storage for more than one hundred eighty days. Furthermore, probable cause must be shown for the issuance of a court order to access transactional records. This measure provides even greater privacy protection for individuals by requiring a search warrant for disclosure of electronic communications and streamlines the criteria that law enforcement must satisfy to access certain information, without unduly interfering with law enforcement's need to investigate criminal activity.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1641, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3329 Judiciary and Labor on H.B. No. 1812**

The purpose and intent of this measure is to:

- (1) Require the chief of each county police department to submit an annual report to the Legislature by January 31 covering misconduct incidents that resulted in suspension or discharge of a police officer from the calendar year immediately prior to the year of the report submission;
- (2) Specify the information that each report must contain, including updated information from previous reports;
- (3) Require the chief of each county police department to provide updated information in each successive annual report until the highest non-judicial grievance adjustment procedure invoked by the police officer has concluded and specify the information that each successive annual report must contain; and
- (4) Require the county police departments to retain the disciplinary records in accordance with their respective record retention policies or for at least eighteen months after the final report concerning that incident, whichever period is longer.

Your Committee received testimony in support of this measure from the Office of Information Practices and The Civil Beat Law Center for the Public Interest. Your Committee received testimony in opposition to this measure from the Police Department, City and County of Honolulu; Police Department, County of Maui; State of Hawaii Organization of Police Officers; and one individual.

Your Committee finds that for over a decade, the only public information available concerning final suspensions of police officers has been the annual report to the Legislature, required by section 52D-3.5, Hawaii Revised Statutes; however, these reports provide minimal detail. This measure improves the applicability of section 52D-3.5, Hawaii Revised Statutes, and creates a more informed public dialogue about the misconduct by police officers.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1812, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3330 Judiciary and Labor on H.B. No. 2242**

The purpose and intent of this measure is to address issues that have arisen due to the use of new technology by making the following criminal offenses applicable to electronic or digital statements, documents, or records:

- (1) Falsifying business records;
- (2) Obtaining a government-issued identification document under false pretenses in the first degree;
- (3) Obtaining a government-issued identification document under false pretenses in the second degree;
- (4) Tampering with a government record; and
- (5) Unsworn falsification to authorities.

Your Committee received testimony in support of this measure from the Department of the Attorney General and one individual.

Your Committee finds that with current technology, many transactions are handled electronically and records are often kept in electronic or digital form. In 2000, Hawaii adopted the Uniform Electronic Transactions Act, chapter 489E, Hawaii Revised Statutes, to recognize the need to establish the legal validity of electronic records, signatures, and contracts. However, criminal offenses have not been updated to take into account the prevalent use of new technology and the consequent use of new technology to commit a variety of crimes. This measure protects consumers by making relevant criminal offenses also applicable to electronic or digital statements, documents, or records.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2242, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3331 Judiciary and Labor on H.B. No. 2513**

The purpose and intent of this measure is to require an attorney affirmation in a judicial foreclosure to be filed with the court at the time the mortgage foreclosure action is commenced.

Your Committee received testimony in support of this measure from the Hawaii Financial Services Association and Hawaii Bankers Association. Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs.

Your Committee finds that pursuant to Act 182, Session Laws of Hawaii 2012, attorneys who file judicial foreclosure complaints must submit an affirmation verifying the accuracy of the documents submitted. Your Committee further finds that this measure specifies that these attorney affirmations must be filed at the commencement of a mortgage foreclosure action. This measure conforms to existing practice and encourages compliance for attorneys who file judicial foreclosure complaints.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2513, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3332 Judiciary and Labor on H.B. No. 2298**

The purpose and intent of this measure is to provide a child-friendly process of hearing notification to children in child protection cases to avoid children being served the summons by a law enforcement officer and to provide the child with adequate notice of a hearing.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, and one individual.

Your Committee finds that existing state law requires that children in child protection cases be served with the petition and summons by a law enforcement officer. Your Committee further finds that it is less intimidating and more therapeutic for children to receive notice of the petition, the date and time of the initial hearing, and the child's right to participate in the hearing through notification by the petitioner, which is the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2298, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 3333 Judiciary and Labor on H.B. No. 2275**

The purpose and intent of this measure is to amend Hawaii's Mortgage Rescue Fraud Prevention Act by:

- (1) Clarifying the definition of "distressed property consultant"; and
- (2) Specifying that only attorneys licensed to practice law in the State of Hawaii are exempt from the definition of "distressed property consultant".

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that mortgage rescue schemes continue to plague distressed property owners in Hawaii. The amendments in this measure pertaining to the definition of "distressed property consultant" will assist the Office of Consumer Protection's enforcement of the Mortgage Rescue Fraud Prevention Act, codified as chapter 480E, Hawaii Revised Statutes, against all persons involved in a mortgage rescue scheme.

Your Committee further finds that persons who have provided services to distressed property owners have attempted to evade compliance with chapter 480E, Hawaii Revised Statutes, by claiming they are not distressed property consultants or that they fall under the chapter's attorney exemption because they are, or performed services in connection with, out-of-state attorneys. This measure makes it clear that only attorneys licensed to practice law in the State of Hawaii fall under the attorney exemption, ensures compliance with federal regulations, and ensures that all attorneys performing distressed property consulting in the State are subject to the Hawaii Rules of Professional Conduct and the jurisdiction of Hawaii's Office of Disciplinary Counsel.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2275, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3334 Judiciary and Labor on H.B. No. 2666**

The purpose and intent of this measure is to:

- (1) Amend the law relating to the unlawful use of identification cards or driver's licenses by:
  - (A) Authorizing the scanning of any identification card or driver's license, rather than only a Hawaii identification card or driver's license, for certain purposes; and
  - (B) Clarifying the reasonable doubt standard for proof of age; and
- (2) Make permanent the amendments allowing a business to scan an individual's identification card or driver's license to verify age when providing age-restricted goods or services.

Your Committee received testimony in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs; Hawaii Food Industry Association; and Seven-Eleven Hawaii, Inc. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawaii. Your Committee received comments on this measure from the Department of Customer Service of the City and County of Honolulu.

Your Committee finds that identity theft is a serious crime with lasting negative repercussions for victims. Information from a stolen state identification card or driver's license is valuable for identity thieves. Minimizing the exposure of an individual's protected information is critical, and imposing reasonable restrictions on the scanning of driver's licenses and state identification cards promotes the privacy interests of individuals and limits exposure of personal information. On the other hand, businesses selling age-restricted products and services greatly benefit from the ability to scan the identifications of all customers for the purpose of verifying age. This measure balances the need to obtain personal information with the need to protect consumers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2666, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2666, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3335 (Majority) Judiciary and Labor on H.B. No. 1509**

The purpose and intent of this measure is to amend section 291C-137, Hawaii Revised Statutes, relating to mobile electronic devices to:

- (1) Clarify no person shall operate a motor vehicle while using a mobile electronic device while held in the person's hand for the purpose of making or receiving a non-emergency call, texting, or receiving a text message, or to activate, deactivate, or initiate a function of the mobile device;
- (2) Exempt from the offense drivers who are at a complete stop, whether or not the engine is running, in a safe location by the side of the road out of the way of traffic;
- (3) Clarify the definitions of "operate" and "use" or "using";
- (4) Specify that the penalty for a violation shall be a fine of \$200, or \$400 if in a school zone or construction area;
- (5) Specify that if a person is under the age of eighteen years old at the time of a second offense, the fine shall be \$300, and \$400 for the third and subsequent offenses committed while under the age of eighteen years old;
- (6) Require that collected fines be deposited in the state highway fund; and
- (7) Specify that operating a motor vehicle in the State while using a mobile device is deemed a traffic infraction.

Your Committee received testimony in support of this measure from eleven individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation; Hawaii Bicycling League; Kauai Path, Inc.; and four individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that after the passage of Act 74, Session Laws of Hawaii 2013, which enacted the mobile electronic devices law (codified as section 291C-137, Hawaii Revised Statutes), the Legislature received numerous complaints from the public about the vagueness and ambiguity of the law and the burden of violators having to make a court appearance. Your Committee notes that it was never the intent of the Legislature that violators be forced to appear in court rather than mail in the fine without a court appearance, as allowed under chapter 291D, Hawaii Revised Statutes, relating to adjudication of traffic violations. This measure specifies a violation of the mobile electronic devices law is an infraction and establishes a system of increased fines for repeat violations by drivers younger than eighteen years of age.

Your Committee has amended this measure by clarifying that the engine must be turned off in order for a driver to be exempt from the mobile electronic devices law when the vehicle is at a complete stop and in a safe location by the side of the road out of the way of traffic.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1509, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1509, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Shimabukuro). Noes, 1 (Gabbard). Excused, 1 (Slom).

**SCRep. 3336 (Joint) Judiciary and Labor and Ways and Means on H.B. No. 2246**

The purpose and intent of this measure is to promote state compliance with federal firearm regulations by:

- (1) Providing for a court-based program for persons federally prohibited from owning a firearm based on a finding of mental illness or civil commitment whereby the persons may petition for relief from the federal firearm prohibitor; and
- (2) Requiring courts to provide information relating to involuntary civil commitments to the Hawaii Criminal Justice Data Center for use by law enforcement officials for firearms permitting or registration and for submission to the Federal Bureau of Investigation National Instant Criminal Background Check System (NICS) database for gun control purposes.

Your Committees received testimony in support of this measure from the Department of the Attorney General, Hawaii Rifle Association, Hawaii members of the National Rifle Association, and twenty-two individuals. Your Committees received comments on this measure from two individuals.

Your Committees find that NICS is a federal database that uses information provided by states to identify individuals who are federally prohibited from possessing a firearm. Your Committees further find that Hawaii currently does not provide information on adjudicated civil commitments to NICS because state law prohibits the disclosure of this information. This measure will promote public safety and individual rights by permitting the courts to share information with law enforcement agencies responsible for approving requests for firearm permits and registrations and also by contributing information to the national database in order to promote gun control and public safety throughout the nation.

Your Committees have amended this measure by:

- (1) Adopting the language suggested by the Hawaii Rifle Association to change the standard of proof from clear and convincing to preponderance of the evidence for a petitioner to prove that the petitioner will not be likely to act in a manner dangerous to public safety and the granting of relief will not be contrary to public interest in order for the court to grant a petition for relief; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2246, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2246, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 7. Noes, none. Excused, none.

Ways and Means

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Espero).

**SCRep. 3337 (Joint) Judiciary and Labor and Ways and Means on H.B. No. 611**

The purpose and intent of this measure is to:

- (1) Make it unlawful for a tanning facility owner, lessee, or operator to allow individuals under the age of eighteen to use tanning equipment that tans the skin with electromagnetic radiation; and
- (2) Make exemptions for physicians duly licensed to practice medicine who use, in the practice of medicine, medical diagnostic and therapeutic equipment that emits ultraviolet radiation, and individuals who own tanning equipment exclusively for personal, noncommercial use.

Your Committees received testimony in support of this measure from the American Cancer Society Cancer Action Network, AIM at Melanoma, Dermatology Nurses' Association, and five individuals.

Your Committees find that skin cancer is the most prevalent type of cancer in the United States, and melanoma is one of the most common forms of cancer for young adults. Your Committees further find that the risk of developing melanoma increases by seventy-five percent in individuals who have been exposed to ultraviolet radiation from indoor tanning devices. This measure will protect adolescents from the early onset of serious medical conditions related to skin cancer.

Your Committees have amended this measure by:

- (1) Requiring, rather than allowing, the Director of Health to impose fines on a tanning facility owner, lessee, or operator to allow any person under the age of eighteen to use any tanning equipment; and
- (2) Inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Labor and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 611, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 611, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary and Labor

Ayes, 4. Noes, none. Excused, 3 (Galuteria, Ihara, Solomon).

Ways and Means

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Espero).

**SCRep. 3338 Judiciary and Labor on H.B. No. 1024**

The purpose and intent of this measure is to make permanent the liability protections for lifeguards, the employing counties, and the State providing lifeguard services on the beach or in the ocean, except for the gross negligence or wanton acts or omissions of the lifeguard.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Land and Natural Resources; Office of the Mayor, County of Kauai; Office of the Mayor, County of Maui; Hawaii State Fire Council; Honolulu Fire Department; Kauai Fire Department; Maui Fire Department; Kauai Chamber of Commerce; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii Lifeguard Association; and three individuals.

Your Committee finds that county lifeguards are essential to ocean and beach safety in providing protections to residents and visitors in their enjoyment of state and county beaches. Limited liability protection is necessary because some counties are unable to provide lifeguard services due to the fear of potential liability that might arise. As a result of the limited liability protection, many lives have been saved by county lifeguards. Under existing law, the limited liability protections for lifeguards, the counties, and the State against civil damages arising out of acts or omissions of lifeguards while performing lifeguard services will repeal on June 30, 2014. As a result, counties may have to discontinue lifeguarding services due to the increased liability risk and financial burden. This life-saving measure promotes and increases public safety by permanently extending liability protections to lifeguards, the counties, and the State.

Your Committee has amended this measure by:

- (1) Extending the sunset date for three more years from June 30, 2014, to June 30, 2017; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1024, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1024, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Ihara, Slom).

**SCRep. 3339 Judiciary and Labor on H.B. No. 2401**

The purpose and intent of this measure is to:

- (1) Add a new section to chapter 514B, Hawaii Revised Statutes, to:
  - (A) Consolidate the documents, records, and information that must be made available to any unit owner; and
  - (B) Specify that these documents, records, and information shall be provided to the unit owner no later than thirty days after receipt of a unit owner's written request; and
- (2) Make conforming amendments to include the new section in chapter 514B, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Real Estate Commission, and nineteen individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure serves a significant consumer protection function by clearly identifying all records available to unit owners and their timely disclosure and allowing unit owners access to information and the opportunity to participate in the self-governance process.

Your Committee has amended this measure by:

- (1) Applying the new section under chapter 514B, Hawaii Revised Statutes, relating to any documents, records, and information that are required to be made available to any unit owner to also be made available to any unit owner's authorized agent;
- (2) Deleting the provision that requires the association's most current financial statement be provided to any interested unit owner at no cost or on twenty-four-hour loan, at a convenient location designated by the board to avoid duplication and potential conflict with another similar provision under that same section;
- (3) Inserting language that clarifies that nothing in the new section under chapter 514B, Hawaii Revised Statutes, shall be construed to create any new requirements for the release of documents, records, or information; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2401, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2401, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Slom).

**SCRep. 3340 (Majority) Ways and Means on H.B. No. 2101**

The purpose and intent of this measure is to provide for the continued management of the Kaho'olawe island reserve.

More specifically, this measure:

- (1) Allocates a portion of the state conveyance tax revenues to the Kaho'olawe rehabilitation trust fund, which is to be used for the long-term rehabilitation and maintenance of the Kaho'olawe island reserve;
- (2) Requires that the Executive Director of the Kaho'olawe Island Reserve Commission be hired by and serve at the pleasure of the Chairperson of the Board of Land and Natural Resources after the Department of Land and Natural Resources holds a public hearing on the proposed hiring; and
- (3) Requires that the Kaho'olawe Island Reserve Commission report annually to the Legislature on deposits made into and expenditures made from the Kaho'olawe rehabilitation trust fund.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Kaho'olawe Island Reserve Commission, Protect Kaho'olawe 'Ohana, and thirteen individuals. Written comments in opposition were received from the Hawai'i Association of Realtors. The Department of Budget and Finance, Department of Land and Natural Resources, County of Maui Department of Planning, and Land Use Research Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the Kaho'olawe Island Reserve Commission is funded predominantly by a trust fund that was established in 1994 during the federal unexploded ordnance cleanup of Kaho'olawe. Although the federal government made considerable appropriations to the trust fund, those appropriations are currently dwindling and have not established a sustainable endowment for the long-term restoration of Kaho'olawe. Your Committee also finds that, in its audit of the Kaho'olawe rehabilitation trust fund, the Auditor reported that the trust fund would be depleted by 2016. Your Committee believes that this measure provides a funding mechanism to replenish the trust fund and provide for the long-term rehabilitation and maintenance of the Kaho'olawe island reserve.

Your Committee has amended this measure by:

- (1) Changing the amount and cap amount of the allocation of conveyance tax revenues to unspecified amounts;
- (2) Requiring that the Executive Director of the Kaho'olawe Island Reserve Commission be hired by and serve at the pleasure of the Board of Land and Natural Resources, rather than the Chairperson of the Board of Land and Natural Resources;
- (3) Clarifying that the Reserve Commission's annual report shall be submitted not later than twenty days prior to the convening of each Regular Session of the Legislature;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2101, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2101, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

#### **SCRep. 3341 Ways and Means on H.B. No. 2464**

The purpose and intent of this measure is to clarify how the important agricultural land qualified agricultural cost tax credit is to be calculated.

More specifically, this measure clarifies the maximum credit amount that may be claimed under the important agricultural land qualified agricultural cost tax credit.

Your Committee received written comments in support of this measure from Alexander & Baldwin, Inc., Castle & Cooke Hawai'i, The Chamber of Commerce of Hawaii, Hawaii Farm Bureau Federation, Land Use Research Foundation of Hawaii, and the Maui County Farm Bureau. The Department of Agriculture, Department of Taxation, and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the important agricultural land qualified agricultural cost tax credit was established by Act 233, Session Laws of Hawaii 2008, as part of a package of incentives designed to sustain and establish viable agricultural businesses on designated important agricultural lands. Your Committee also finds that the Legislature intended for the cap amount of the tax credit to be \$625,000 in the first year, \$250,000 in the second year, and \$125,000 in the third year the tax credit is claimed. However, as currently written, the cap amount of the tax credit appears to be twenty-five per cent of \$625,000 in the first year, fifteen per cent of \$250,000 in the second year, and ten per cent of \$125,000 in the third year. Your Committee believes that this measure clarifies the tax credit to reflect the Legislature's original intent.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2464, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2464, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3342 Ways and Means on H.B. No. 2518**

The purpose and intent of this measure is to review and update the Hawaii State Planning Act and continue efforts to develop goals and policies to guide the development of the State.

Specifically, this measure requires and provides funding for the Office of Planning, among other things, to review the Hawaii State Planning Act and report to the Legislature its recommendations for updating the Act to appropriately address the needs of the State.

Your Committee received written comments in support of this measure from the Office of Planning, the State Fire Council, the County of Maui Department of Fire and Public Safety, a former Hawaii governor, and Enterprise Honolulu.

Your Committee finds that the Hawaii State Planning Act was enacted in 1978 to improve the planning process and guide future development of the State. The Hawaii State Planning Act sets forth the Hawaii State Plan, which articulates goals and policies to guide the development of the State and establishes an integrated planning and implementation system regarding those goals and policies.

Your Committee notes that the last review of the Hawaii State Planning Act was initiated in 1983 and completed in 1985 and resulted in several amendments to the Hawaii State Planning Act. Since then, there have been significant changes in Hawaii's economic, physical, and social conditions; technology; and the global marketplace. The State also faces new constraints and opportunities as it plans for the future. Thus, your Committee finds that a comprehensive review of the Hawaii State Planning Act is now warranted.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2518, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3343 Ways and Means on H.B. No. 2478**

The purpose and intent of this measure is to encourage the hiring of individuals with disabilities.

More specifically, this measure:

- (1) Establishes a nonrefundable income tax credit equal to fifty per cent of the qualified wages paid to an individual with a disability during the individual's first six months of employment; and
- (2) Repeals the credit for employment of vocational rehabilitation referrals.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities. The Department of Human Services, Department of Taxation, and Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that employing individuals with intellectual and developmental disabilities provides them with a means toward achieving economic self-sufficiency, contributing to their communities, and establishing relationships and social networking. Your Committee believes that this measure will increase employment opportunities for individuals with disabilities and help to meet employers' workforce demands.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax credit to an unspecified amount;
- (2) Clarifying that the tax credit applies to each individual with a disability hired by the taxpayer;
- (3) Clarifying that the cap amount applies to tax credits claimed for all individuals with a disability hired by the taxpayer;
- (4) Disqualifying all wages paid to an individual who is determined to not be an individual with a disability;
- (5) Clarifying that wages that qualify a taxpayer to claim a tax credit under this measure may not be used to claim a deduction;
- (6) Providing that a temporary impairment shall not be considered a disability; and
- (7) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2478, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2478, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3344 Ways and Means on H.B. No. 748**

The purpose and intent of this measure is to propose an amendment to the state constitution to expand the existing authorization to issue special purpose revenue bonds to assist agricultural enterprises serving important agricultural lands to include agricultural enterprises on all types of lands.

Your Committee received written comments in support of this measure from Hawaii Green Growth, The Chamber of Commerce of Hawaii, Hawaii Farm Bureau Federation, Land Use Research Foundation of Hawaii, and Hawaii Farmers Union United. Written comments on this measure were received from the Department of Budget and Finance, the Department of Agriculture, and Alexander and Baldwin, Inc.

Your Committee finds that this measure seeks to aid Hawaii's agricultural community by supporting efforts to achieve food security and sustainability throughout the State. The special purpose revenue bonds authorized by this measure will alleviate the burden on producers and processors by offsetting the costs of transportation and replacement of aged and obsolete infrastructure, as well as address regulatory compliance issues. This measure will provide a lower cost financing mechanism to Hawaii's farmers and ranchers to carry out many critical agricultural projects that will help improve Hawaii's economy while enhancing the State's ability to be agriculturally self-sustaining.

Your Committee has amended this measure by clarifying the constitutional amendment ballot question and preamble to more accurately reflect the constitutional amendment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 748, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 748, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3345 Ways and Means on H.B. No. 2060**

The purpose and intent of this measure is to facilitate greater energy security for the State by encouraging the production of renewable fuels.

More specifically, this measure:

- (1) Establishes a nonrefundable renewable fuels production tax credit; and
- (2) Repeals the ethanol facility tax credit.

Your Committee received written comments in support of this measure from the Blue Planet Foundation, Extended Horizons, Hawaii Island Economic Development Board, Hawaii Leeward Planning Conference, Hawaii Renewable Energy Alliance, Kona Brewing Company, Pacific Biodiesel Technologies, Renewable Energy Action Coalition of Hawaii, Ulupono Initiative, and twenty-one individuals. The Department of the Attorney General, Department of Business, Economic Development, and Tourism, Department of Taxation, and Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that Hawaii is extremely vulnerable to soaring prices or disruptions of its energy imports, which can hinder, cripple, or even devastate the State's economy and the well-being of its inhabitants. Your Committee also finds that, as the most isolated land mass on Earth, Hawaii imports nearly ninety per cent of its energy needs. Your Committee believes that this measure will facilitate greater energy security for the State by ensuring that its energy supply becomes more self-sufficient.

Your Committee has amended this measure by:

- (1) Changing the cap amount and aggregate cap amounts of the tax credit to unspecified amounts;
- (2) Requiring taxpayers who claim the tax credit to complete an annual survey;
- (3) Appropriating funds to the Department of Business, Economic Development, and Tourism to administer the annual survey; and
- (4) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2060, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2060, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3346 Ways and Means on H.B. No. 2109**

The purpose and intent of this measure is to establish and appropriate funds for a five-year evidence-based physical-activity and nutritional-education pilot program within the A+ program of the Department of Education.

Your Committee received written comments in support of this measure from Hui for Excellence in Education, Kaho'omiki and Afterschool Alliance, three Kaho'omiki individuals, the Nutrition and Physical Activity Coalition, and four individuals. Written comments on the measure were received from the Department of Human Services.

Your Committee finds that this measure presents an excellent opportunity to positively affect the lives of some twenty thousand elementary school children in this State each and every year that the pilot program is in operation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2109, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3347 Ways and Means on H.B. No. 2292**

The purpose and intent of this measure is to make an emergency appropriation to the Department of Human Services to address the budget shortfall in their program ID Human Services 902, general support for health care payments, resulting from a delay in reimbursement from the Hawaii Health Connector (Connector).

Your Committee received written comments in support of this measure from the Department of Human Services.

Your Committee finds that the Department of Human Services facilitated the Connector's efforts to comply with the federal Patient Protection and Affordable Care Act by providing funding and services to the Connector to develop components of the health insurance exchange. In addition, 5.25 per cent of the Department's design, development, implementation, and operations costs of the new medicaid KOLEA on-line eligibility system are allocated to the Connector. The Department of Human Services provided these funds and services with the understanding that the Connector would reimburse the Department using federal funds that it received.

Your Committee further finds that the Connector has not yet reimbursed the Department the full amount required, thus creating a funding shortfall in the Department's medicaid program. The emergency appropriation in this measure will ensure that the Department of Human Services is able to fund its core operations and continue to serve its beneficiaries while the reimbursement from the Connector is pending.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$4,854,037 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2292, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2292, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3348 Ways and Means on H.B. No. 1752**

The purpose and intent of this measure is to provide health care to Hawaii residents that are uninsured, underinsured, potential medicaid enrollees, or medicaid enrollees.

Specifically, this measure appropriates funds:

- (1) For community health centers to provide direct health care to uninsured and underinsured patients;
- (2) To restore basic adult dental benefits to medicaid enrollees;
- (3) To provide outreach and eligibility services to children, families, and individuals at federally qualified health centers; and
- (4) To establish health homes for medicaid enrollees as provided in the federal Patient Protection and Affordable Care Act.

Your Committee received written comments in support of this measure from the Office of the Governor, the State Council on Developmental Disabilities, Ho'ola Lahui Hawaii, Lanai Community Health Center, Waianae Coast Comprehensive Health Center, Waimanalo Health Center, Hawaii Primary Care Association, Community Alliance for Mental Health, Hawaii Self-Advocacy Advisory Council, Kokua Kalihi Valley, Waikiki Health, and one individual. The Department of Human Services submitted written comments on the measure.

Your Committee believes that this measure provides a comprehensive package of funding for medical, dental, and behavioral health care in a cost-effective manner that maximizes federal matching funds. Your Committee finds that funding community health centers, behavioral services, dental providers, and health homes will provide underserved and uninsured individuals with primary and preventative health care that will reduce long-term health care costs for the State and improve the well-being of those who cannot afford health care.

Your Committee has amended this measure by clarifying in the four appropriations requiring the Department of Human Services to obtain the maximum federal matching funds, that the Department of Human Services shall obtain the maximum amount of federal matching funds for fiscal year 2014-2015 that are available for expenditure as provided in the Supplemental Appropriations Act of 2014.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1752, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1752, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3349 Ways and Means on H.B. No. 1777**

The purpose and intent of this measure is to protect the health and safety of public school students and others suffering from anaphylaxis, a life-threatening allergic reaction to certain allergens.

Specifically, the measure:

- (1) Authorizes Department of Education employees and agents with specified training to volunteer to administer auto-injectable epinephrine to a student with anaphylaxis with prior written authorization from the student's parent or guardian;
- (2) Authorizes the Department of Education to make arrangements to receive injectable epinephrine supplies from manufacturers or suppliers;

- (3) Establishes a five-year auto-injectable epinephrine pilot program within the Department of Education, in collaboration with the Department of Health, to provide auto-injectable epinephrine to any student or other individual on school premises, at school-sponsored events, or at any other time the student or individual is subject to the school's jurisdiction or supervision, when the designated school personnel believe in good faith that the student or individual is experiencing anaphylaxis;
- (4) Authorizes the Department of Education to maintain a stock of auto-injectable epinephrine supplies as part of the pilot program;
- (5) Provides that an authorized health care provider may prescribe auto-injectable epinephrine to a school participating in the pilot program;
- (6) Requires training for any Department of Education employee or agent who volunteers to administer auto-injectable epinephrine under the pilot program;
- (7) Provides immunity from civil or criminal liability to any person acting in accordance with the requirements of the pilot program, with certain exceptions for gross negligence, wilful and wanton misconduct, and intentional misconduct;
- (8) Requires the Department of Education, in collaboration with the Department of Health, to submit an annual report to the Legislature for the duration of the pilot program; and
- (9) Appropriates an unspecified amount for the Department of Education to contract for instruction, training, and related expenses required for compliance with the measure.

Your Committee received written comments in support of this measure from Mylan Inc. and Walgreens Co. The Department of Education and the Department of Health submitted written comments on the measure.

Your Committee finds that protecting the health and safety of students and others on school premises or under school jurisdiction is vital and that anaphylaxis is a serious health concern. Your Committee believes that authorizing Department of Education employees and agents, upon written authorization from a student's parent and certification from a medical professional, to administer auto-injectable epinephrine may potentially save lives.

Your Committee has amended this measure by:

- (1) Deleting section 2, establishing the five-year auto-injectable epinephrine pilot program; and
- (2) Deleting section 3, requiring annual reports to the Legislature regarding the pilot program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1777, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1777, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kouchi, Ruderman).

#### **SCRep. 3350 Commerce and Consumer Protection on H.B. No. 1814**

The purpose and intent of this measure is to:

- (1) Clarify that employers may pay wages by direct deposit under certain conditions;
- (2) Allow employers to pay wages by pay cards under certain circumstances; and
- (3) Make employers responsible for any fees incurred if an employer has insufficient funds in the employer's bank account for an electronic transfer.

Your Committee received testimony in support of this measure from the Hawaii Bankers Association. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations, Hawaii Financial Services Association, Chamber of Commerce Hawaii, and Hawaii Regional Council of Carpenters. Your Committee received comments on this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Division of Financial Institutions of the Department of Commerce and Consumer Affairs, Progressive Democrats of Hawai'i, American Payroll Association, and Visa, Inc.

Your Committee finds that the intent of chapter 388, Hawaii Revised Statutes (chapter 388), is to protect the payment of workers' wages and other compensation, encourage employers to pay wages promptly, and reduce workers' economic losses. Chapter 388 only addresses payment methods of cash or check convertible to cash but does not specify payment methods through direct deposits or pay cards.

Your Committee further finds that the Department of Labor and Industrial Relations has long recognized the voluntary use of direct deposits as a method that satisfies the payment of wages. According to testimony from the Hawaii Bankers Association, approximately eighty-five percent of all employees in Hawaii are paid by direct deposit. This measure modernizes chapter 388 to reflect direct deposit as a current practice in the payment of wages under certain conditions.

Your Committee additionally finds from testimony of the Hawaii Bankers Association that approximately fourteen thousand employees in Hawaii receive their wages through a pay card. Pay cards serve two groups of employees, the unbanked (employees without a bank account) and under-banked (employees with a bank account that is not used by the employee). A pay card allows unbanked or under-banked employees to receive wages without having to cash their paper paychecks at a check cash establishment and pay a service charge.

Your Committee also finds that numerous consumer protection concerns have been raised throughout the nation over the use of pay cards. These concerns deal primarily with the lack of regulation on the number and type of fees imposed when the pay cards are used

and a lack of transparency associated with inadequate or nonexistent disclosure of fees and conditions to unsuspecting employees who are paid via pay card. This measure provides employers with the option to pay their employees by pay cards. However, amendments to this measure are necessary to ensure additional protections for employees who voluntarily authorize the payment of their wages via a pay card.

Accordingly, your Committee has amended this measure by:

- (1) Moving provisions that established requirements for paying wages to an employee by use of a pay card from section 388-2, Hawaii Revised Statutes, into a new section in chapter 388, Hawaii Revised Statutes, relating to payment of wages by pay card, and further clarifying that an employer shall not pay wages due to an employer's employee by use of a pay card unless certain requirements are satisfied, including:
  - (A) Specifying that an employee must be given the option of receiving the employee's wages by direct deposit or paper check and the option of receiving payment by pay card before the employee selects either direct deposit or paper check;
  - (B) Clarifying that the employee's voluntary authorization of the payment of wages using a pay card shall be in writing or via electronic signature;
  - (C) Requiring the employer to provide the employee, in plain language in at least ten-point font, with a description of the employee's options for receiving wages; a disclosure of fees from the pay card; written notice that states whether third parties may assess additional fees relating to the use of the pay card; and a list of services available to the employee;
  - (D) Requiring the employer to select an issuer that offers employees a process for disputing pay card account fees that have been assessed in a manner inconsistent with the pay card fee schedule;
  - (E) Requiring the employer to honor a written request by the employee to change the method of receiving wages from a pay card to another method within two pay periods of the written request;
  - (F) Clarifying that the pay card on which the employee may receive wages will not charge for the application, initiation, transfer, loading, privilege of participation, or distribution or delivery of the initial pay card;
  - (G) Clarifying that the employee has the ability to make at least three free withdrawals from the pay card, one of which permits withdrawal of the full amount of the balance on the card at a federally insured depository institution or at that institution's affiliated automated teller machines;
  - (H) Clarifying that the employee must have the means to access balance or other account information online or via other automated system at all times and without charging a fee and the ability to close a pay card account and obtain payment of the balance remaining on the card;
  - (I) Specifying that the pay card shall not impose fees based on an employee's account balance;
  - (J) Clarifying that the one free replacement card per year must be provided to the employee at no cost at least fifteen days before the pay card's expiration date;
  - (K) Specifying that pooled pay card accounts shall be permitted; provided that each subaccount shall be for the sole and exclusive benefit of the named employee, and not subject to the claims of the employer's creditors; provided further that each employee's pay card account shall be eligible for deposit insurance on a pass through basis;
  - (L) Clarifying that a pay card account may be closed after six continuous months of inactivity and with reasonable notice to the employee;
  - (M) Requiring an employer to deposit all wages owed to an employee into the employee's pay card account on or before the employee's designated payday and specifying that the employee shall be deemed to have been paid wages owed at the time the wages are deposited and the employee has access to those wages;
  - (N) Specifying that the employer shall not be held liable for a delay of an employee's access to wages due to an error by the issuer, as long as the employer deposited the proper amount of wages into the employee's account on or before the designated payday and the employer is otherwise in compliance with the pay card requirements of the new section in chapter 388, Hawaii Revised Statutes;
  - (O) Specifying that an employer shall be liable for any wages due and not timely paid onto a pay card or other elected method of payment;
  - (P) Requiring the employer to provide twenty-one days prior notice, rather than thirty days, to any change to the pay card program, and requiring this notice to be provided in plain language in at least ten-point font; and
  - (Q) Specifying that the employer's obligation shall cease sixty days after the employer-employee relationship ends and the employee has been paid the employee's final wages;
- (2) Adding definitions for "issuer", and "pay card fee schedule";
- (3) Clarifying the definitions of "pay card" and "pay card account";
- (4) Inserting a purpose section;
- (5) Retaining the defective date of this measure but providing that the provisions of this measure applicable to pay cards shall take effect with the payroll period beginning September 1, 2014, and the provisions of this measure applicable to direct deposit and electronic transfer shall take effect upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1814, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1814, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Taniguchi).

**SCRep. 3351 Ways and Means on H.B. No. 1771**

The purpose and intent of this measure is to appropriate funds to the Department of Defense to support operational mission readiness activities of the Hawaii Wing of the Civil Air Patrol, including facilities maintenance, not funded by the National Civil Air Patrol.

Your Committee received written comments in support of this measure from the Department of Defense, Department of Defense-Civil Defense Division, Department of Transportation, Hawaii Wing Civil Air Patrol, Chamber of Commerce of Hawaii, and two individuals. Written comments in opposition were received from one individual.

Your Committee finds that the Hawaii Wing of the Civil Air Patrol is an important partner of the State's emergency management agencies and provides valuable assistance related to security, education, search and rescue missions, and training. This measure ensures that the Hawaii Wing of the Civil Air Patrol can continue these important services.

Your Committee has amended this measure by making a technical nonsubstantive amendment for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1771, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1771, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 3352 Ways and Means on H.B. No. 1740**

The purpose and intent of this measure is to amend the appropriation amounts for fiscal year 2014-2015 contained in Act 217, Session Laws of Hawaii 2013, for the establishment of the statewide Language Access Resource Center and the establishment of the multilingual website pilot project.

Your Committee received written comments in support of this measure from the Department of Health, Office of Language Access; and the Hawaii Interpreter Action Network.

Your Committee recognizes that a sizeable segment of Hawaii's population has limited English proficiency and finds that, to ensure equal access to the services of government agencies and state-funded entities, it is imperative that the statewide Language Access Resource Center and the multilingual website pilot project be fully established. Your Committee notes that the Office of Language Access has made progress towards the creation of the statewide Language Access Resource Center and the multilingual website pilot project. This measure will ensure continued progress by providing the Office of Language Access with the appropriate funding to complete these endeavors.

Your Committee has amended this measure by changing the 2014-2015 fiscal year appropriations to establish a statewide Language Access Resource Center and a multilingual website pilot project to unspecified amounts to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1740, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1740, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3353 Ways and Means on H.B. No. 1713**

The purpose and intent of this measure is to appropriate funds to support programs and services related to aging.

This measure also requires and appropriates funds for the Executive Office on Aging to conduct a public education and awareness campaign on long-term care.

Your Committee received written comments in support of this measure from the Executive Office on Aging, City and County of Honolulu Department of Community Services, Maui County Office on Aging, American Council of Life Insurers, Policy Advisory Board for Elder Affairs, Alzheimer's Association-Aloha Chapter, Hawaii Family Caregiver Coalition, ILWU Local 142, Aloha United Way, Lanakila Pacific, Hawaii Primary Care Association, PHOCUSED, Catholic Charities, Child and Family Services, Lanakila Pacific, AARP, and one individual.

Your Committee finds that this measure includes funding for important programs that support the needs of the increasing population of elderly residents in Hawaii. The funding included in this measure is essential to maintain the health and welfare of Hawaii's most vulnerable seniors and their caregivers.

Your Committee has amended this measure by correcting a reference to the name of the American Association of Retired Persons.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1713, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1713, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3354 Ways and Means on H.B. No. 1706**

The purpose and intent of this measure is to increase the minimum penalty for driving or parking a motor vehicle on a bicycle lane or path.

Your Committee received written comments in support of this measure from the City and County of Honolulu Department of Transportation Services.

Your Committee finds that motorists who park on bicycle lanes or paths are becoming an increasing and persistent problem for cyclists and law enforcement officers. Illegally obstructing a bicycle lane or path creates a safety hazard for bicyclists and neighborhood residents. Your Committee finds that fines from tickets rarely exceed the \$35 minimum or increase with subsequent offenses. Increasing the minimum fine to \$200 will provide a sufficient disincentive to illegally obstruct a bicycle lane or path and will help to keep bicycle lanes and paths clear and safe for cyclists.

Your Committee has amended this measure by:

- (1) Specifying that the changes made by this measure do not affect the rights and duties that matured, penalties that were incurred, and proceedings that were begun before the effective date;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1706, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1706, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3355 Ways and Means on H.B. No. 1702**

The purpose and intent of this measure is to support maritime dependent operators who are being displaced by the Kapalama container terminal project.

More specifically, this measure:

- (1) Establishes a nonrefundable capital infrastructure tax credit for taxpayers who invest in tenants displaced by the Kapalama container terminal project;
- (2) Allows allocations of the capital infrastructure tax credit to a partner under a partnership agreement even if the allocation does not have substantial economic effect; and
- (3) Recaptures a portion of the capital infrastructure tax credit if certain conditions are not met at the close of any taxable year.

Your Committee received written comments in support of this measure from The Chamber of Commerce of Hawaii, Pacific Marine, Pacific Shipyards International, Ship Repair Association of Hawaii, and seventy-two individuals. Written comments in opposition were received from Department of Taxation. The Department of Transportation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee recognizes that the Kapalama container terminal project is critical to modernizing commercial harbors and that completion of the project will ensure that harbor infrastructure will support sustained economic growth. Your Committee notes that no funds have been set aside to assist displaced maritime and waterfront dependent tenants of the Kapalama site. Your Committee finds that the displaced tenants will be relocated to various piers that have limited infrastructure, facilities, and utilities, which will require significant capital improvement to state-owned land. In light of state support provided for University of Hawaii-related tenants who have been displaced by the Kapalama container terminal project, your Committee believes that it is also appropriate to support the maritime dependent operators in Kapalama who are being displaced by the project.

Your Committee has amended this measure by:

- (1) Defining the term "base investment;" and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1702, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1702, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3356 Ways and Means on H.B. No. 1823**

The purpose and intent of this measure is to require nonbinding mediation in disputes regarding the fair market value or fair market rental of public lands.

The measure also specifies the procedures for binding arbitration if mediation does not resolve a dispute regarding fair market rental for the reopening of the rental to be paid on a lease.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation; David S. De Luz Sr., Enterprises, Inc.; Citizens for Fair Valuation; the Hawaii Aquaculture and Aquaponics Association; the Sand Island Business Association; and three individuals. Written comments in opposition were received from the Department of Land and Natural Resources.

Your Committee finds that mediation should be made available to resolve disputes regarding the fair market value or fair market rental of public lands in transactions involving the Board of Land and Natural Resources and private purchasers, owners, or leaseholders. Your Committee believes that this measure will encourage parties to work collaboratively toward mutual solutions in valuation disputes regarding public lands.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2020, to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1823, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1823, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Tokuda).

**SCRep. 3357 Ways and Means on H.B. No. 1692**

The purpose and intent of this measure is to adopt the recommendations made by the Auditor in Auditor Report No. 13-09 to improve the efficiency, transparency, and accountability of the Hawaii Tourism Authority.

Specifically, this measure:

- (1) Requires the tourism marketing plan to be a single, comprehensive document;
- (2) Defines the “Hawaii brand” as the programs that collectively differentiate the Hawaii experience from other destinations; and
- (3) Requires the Hawaii Tourism Authority to have a permanent, strong focus on Hawaii brand management.

Your Committee received written comments in support of this measure from the Office of the Auditor and the Hawaii Tourism Authority. The Office of Information Practices submitted written comments on this measure.

Your Committee finds that the current tourism marketing plan for Hawaii is nearly six hundred pages long and dispersed across over a dozen different documents. Requiring the Hawaii Tourism Authority to create a tourism marketing plan that is a single document, and to include that document with its report to the Legislature on the progress towards achieving the plan’s strategic goals, will increase efficiency, transparency, and accountability.

Your Committee has amended this measure by:

- (1) Clarifying that the brand management referenced in the measure is for the “Hawaii brand”;
- (2) Requiring the Hawaii Tourism Authority to include the tourism marketing plan in its annual report to the Legislature;
- (3) Authorizing the Hawaii Tourism Authority to withhold competitively sensitive information from public disclosure; and
- (4) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1692, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1692, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3358 (Majority) Ways and Means on H.B. No. 1756**

The purpose and intent of this measure is to establish a standardized framework for operations and provide funding for after-school programs in public middle and intermediate schools.

Specifically, this measure:

- (1) Establishes the Resources for Enrichment, Athletics, Culture, and Health program within the Office of Youth Services;
- (2) Establishes a special fund to support the program; and
- (3) Appropriates funds for establishment of the program and one full-time equivalent position to support the program.

Your Committee received written comments in support of this measure from the Office of the Lieutenant Governor, Department of Human Services, Office of Youth Services of the Department of Human Services, Office of Hawaiian Affairs, Mililani Middle School, Hawaii Youth Services Network, Oceanic Time Warner Cable, After-School All-Stars Hawaii, and Reach Out Hawaii.

Your Committee finds that many children are particularly vulnerable to negative influences during their middle and intermediate school years. Engaging children in quality after-school programs helps ensure that they have positive alternatives to keep them on the path toward healthy and productive futures. Your Committee believes that reaching out to at-risk youth and providing appropriate guidance supports efforts to increase graduation rates, promote healthy lifestyles, and prevent criminal activity.

Your Committee has amended this measure to comply with recommended drafting conventions and to conform to existing style guidelines for the Hawaii Revised Statutes, by deleting the acronym REACH and instead spelling out the full name of the Resources of Enrichment, Athletics, Culture, and Health program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1756, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1756, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 3359 (Majority) Ways and Means on H.B. No. 1958**

The purpose and intent of this measure is to provide flexibility in the calculation of overtime compensation for government public work construction contracts greater than \$2,000.

Specifically, the measure provides that overtime compensation for laborers and mechanics:

- (1) May exceed the current rate of one and one-half times the prevailing basic hourly rate of pay plus fringe benefits; and
- (2) Shall be at the rates specified in a collective bargaining agreement if the prevailing basic hourly rate is based on a rate set by the agreement.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, United Public Workers, Hawaii Operating Engineers Industry Stabilization Fund, and Hawaii Construction Alliance. The General Contractors Association of Hawaii submitted written comments.

Your Committee finds that overtime compensation for public works is currently based on one and one-half times the laborer's or mechanic's prevailing basic hourly rate of pay plus the employer's cost of furnishing fringe benefits. This measure provides flexibility in the payment of overtime by establishing time and a half as a floor rather than a set rate. In addition, this measure promotes parity between union contractors and non-union contractors by setting overtime compensation at the rate specified in a collective bargaining agreement if the prevailing basic hourly rate used to determine overtime compensation is based on a rate in the agreement.

Your Committee has amended this measure by making technical nonsubstantive amendments to conform a statutory cross-reference in section 444-16.5, Hawaii Revised Statutes, to a provision amended by this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1958, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1958, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 3360 Ways and Means on H.B. No. 2590**

The purpose and intent of this measure is to allow voter registration at absentee polling places beginning in 2016 and late voter registration, including on Election Day, beginning in 2018.

The measure also appropriates an unspecified amount for the counties to implement the measure, which may include upgrading the registration process by purchasing electronic poll books.

Your Committee received written comments in support of this measure from the Office of Elections, the Office of Hawaiian Affairs, Common Cause Hawaii, and the League of Women Voters of Hawaii. Written comments in opposition were received from the City and County of Honolulu Office of the City Clerk, The County of Maui Office of the County Clerk, County of Hawaii Office of the County Clerk, and County of Kauai Office of the County Clerk submitted written comments on the measure.

Your Committee finds that Hawaii has historically suffered from low voter turnout. Your Committee believes that this measure will create a more accessible voter registration process, thereby facilitating higher voter turnout rates.

Your Committee has amended this measure by:

- (1) Clarifying that persons applying for registration shall submit evidence of residency, which includes the street address of the person's residence;
- (2) Deleting references to "under oath" in regards to the signing of a self-subscribing affidavit of residency;
- (3) Changing the effective date from July 1, 2014, to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2590, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2590, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3361 (Majority) Ways and Means on H.B. No. 1652**

The purpose and intent of this measure is to establish a five-year pilot project at the Daniel K. Inouye College of Pharmacy at the University of Hawaii at Hilo under which the college will be financially and managerially autonomous.

This measure also establishes, and appropriates funds out of, a special fund for the college.

Your Committee received written comments in support of this measure from the Mayor of the County of Hawaii, the University of Hawaii at Hilo, Hawaii Health Systems Corporation, Hawaii Island Economic Development Board, Hawaii Leeward Planning Conference, Friends of the Daniel K. Inouye College of Pharmacy, Hawaii Construction Alliance, Walgreens, Japanese Chamber of Commerce and Industry, and nine individuals. Written comments in opposition to this measure were received from one individual. Written comments on the measure were received from the Department of Budget and Finance.

Your Committee finds that this measure provides a much needed avenue of funding for the college of pharmacy's facilities, which the college needs in order to maintain its accreditation.

Your Committee has amended this measure by adding language addressing the possible termination of the pilot program with regard to: student enrollment and the completion of academic programs; and the rights and obligations relating to capital improvement projects.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1652, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1652, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, 1 (Slom). Excused, none.

**SCRep. 3362 (Majority) Ways and Means on H.B. No. 1551**

The purpose and intent of this measure is to establish and appropriate funds for the Office of Hawaiian Education to provide instruction to public school students on Hawaiian history, culture, arts, and language and to oversee the constitutionally established Hawaiian education programs and the Hawaiian language medium education program.

Your Committee received written comments in support of this measure from the Board of Education, the Department of Education, the Office of Hawaiian Affairs, Hawaii State Teachers Association, Ka Lei Papahi o Kakuhihewa, and seven individuals. Written comments in opposition were received from the Center for Hawaiian Sovereignty Studies. Ahu Kauleo Hawaiian Immersion Advisory Council submitted written comments on the measure.

Your Committee finds that establishing the Office of Hawaiian Education will help to ensure that Hawaiian values, language, culture, and history provide a foundation for preparing Hawaii's public school students to succeed in college, their careers, and improving their communities.

Your Committee has amended this measure by:

- (1) Amending the purpose section to align the measure with Board of Education policies;
- (2) Removing Hawaiian art instruction from the responsibilities of the Office of Hawaiian Education; and
- (3) Placing Ka papahana kaiapuni under the direct oversight and responsibility of the Office of Hawaiian Education.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1551, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1551, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 3363 Ways and Means on H.B. No. 2169**

The purpose and intent of this measure is to provide incentives to stimulate tourism.

More specifically, this measure:

- (1) Establishes a nonrefundable income tax credit for hotel and resort owners and operators, based on a percentage of wages paid to certain new employees who are hired following the construction or renovation of a hotel or resort;
- (2) Establishes a general excise tax exemption for certain income from the construction or renovation of a hotel or resort; and
- (3) Establishes a use tax exemption for property, services, and contracting subject to the general excise tax exemption.

Your Committee received written comments in support of this measure from the Hawaii Tourism Authority, Hawaii Regional Council of Carpenters, and Wyndham Vacation Ownership. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that tourism is Hawaii's principal industry and contributes significantly to the state economy. Your Committee also finds that Hawaii must revitalize its aging hotel and resort infrastructure in order to remain competitive as a viable travel and tourist destination. Your Committee believes that this measure will provide an incentive for the private sector to invest in hotel and resort construction and renovation.

Your Committee has amended this measure by:

- (1) Deleting language that defined the term “department” to mean the Department of Business, Economic Development, and Tourism;
- (2) Copying pertinent definitions from the proposed general excise tax exemption statute to the proposed income tax credit statute;
- (3) Deleting language authorizing the Department of Business, Economic Development, and Tourism to establish a fee in connection with the certification of claims for the general excise tax exemption;
- (4) Clarifying the definition of the term “hotel facility;” and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2169, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2169, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3364 Ways and Means on H.B. No. 2282**

The purpose and intent of this measure is to support Hawaii’s technology industry.

Specifically, this measure:

- (1) Changes the name of the High Technology Development Corporation to the Hawaii Technology Development Corporation.
- (2) Authorizes the Hawaii Technology Development Corporation to provide grants to any business in Hawaii that receives a federal small business innovation research phase II or III award or contract from a participating federal agency similar to the grant qualification of businesses that have received a federal small business technology transfer program phase II or III award or contract; and
- (3) Re-establishes the High Technology Innovation Corporation to facilitate the growth and development of the commercial high technology industry in Hawaii.

Your Committee received written comments in support of this measure from Spectrum Photonics, The Chamber of Commerce of Hawaii; Terasys Technologies, and Oceanit Laboratories Inc. The Department of the Attorney General, Hawaii Strategic Development Corporation, and High Technology Development Corporation submitted written comments on the measure.

Your Committee finds that changing the name of the High Technology Development Corporation to the Hawaii Technology Development Corporation will help to more accurately reflect the corporation’s mission to work with all technology industries. Your Committee also finds that authorizing the Hawaii Technology Development Corporation to provide grants to businesses in Hawaii that have received a federal small business innovation research phase II or III award or contract, in addition to the current phase I awards or contracts, will help to provide mid- and late-stage funding for businesses that are attempting to become commercially viable.

In addition, your Committee believes that re-establishing the High Technology Innovation Corporation will help to support the efforts of the Hawaii Technology Development Corporation by providing access to additional sources of revenue not otherwise available and by increasing the flexibility to quickly and effectively respond to growth and development demands in Hawaii’s technology sector.

Your Committee has amended this measure by:

- (1) Amending the language authorizing the Hawaii Technology Development Corporation to provide grants to any business in Hawaii that receives a federal small business innovation research award or contract to mirror the language in section 206M-15(b)(2), Hawaii Revised Statutes, regarding the federal small business technology transfer program;
- (2) Authorizing the ex officio members of the High Technology Innovation Corporation board of directors to designate a representative to the board; and
- (3) Making technical nonsubstantive amendments to correct a spelling error and for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2282, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2282, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3365 Ways and Means on H.B. No. 2179**

The purpose and intent of this measure is to support the State’s agricultural industry by limiting the toll that the Board of Agriculture may charge for water from the Lower Hamakua Ditch.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation and the Ulupono Initiative. The Department of Agriculture submitted written comments on the measure.

Your Committee finds that the high cost of water is deterring farmers and ranchers from expanding their operations and increasing efficiency in the area served by the Lower Hamakua Ditch. Stabilizing the water rate in this area will provide an incentive for farmers to grow additional crops and for ranchers to grass feed their livestock instead of utilizing expensive imported feeds.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2179, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2179, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3366 Ways and Means on H.B. No. 1772**

The purpose and intent of this measure is to facilitate access to quality health care for veterans of the United States Armed Services.

More specifically, this measure clarifies that the amounts received by a contractor in payment for the costs or advancements to third party health care providers, pursuant to a contract with the United States Department of Veterans Affairs for the administration of the Patient-Centered Community Care program, are excluded from the state general excise tax.

Your Committee received written comments in support of this measure from TriWest Healthcare Alliance. The Department of Taxation and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that the Patient-Centered Community Care program is a program of the United States Department of Veterans Affairs to ensure access to high-quality, low-cost health care services for veterans. On behalf of the United States Department of Veterans Affairs, contractors make advances to third party health care providers for costs of health care services provided to veterans under the program. The United States Department of Veterans Affairs subsequently reimburses the contractor for the costs or advancements made to third party health care providers. Your Committee also finds that some uncertainty may exist as to whether the reimbursements received by the contractors are subject to the state general excise tax. Your Committee believes that this measure will eliminate any uncertainty by clarifying that the reimbursements are not subject to the state general excise tax.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1772, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1772, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3367 Ways and Means on H.B. No. 1288**

The purpose and intent of this measure is to address succession issues relating to the Office of the Lieutenant Governor.

More specifically, this measure:

- (1) Provides that the successor to the Office of the Lieutenant Governor, when the Office of the Lieutenant Governor becomes vacant, shall be a member of the same political party as the Governor;
- (2) Allows the Governor to appoint a Lieutenant Governor in the absence of an appropriate successor; and
- (3) Clarifies the order of succession when the Lieutenant Governor is temporarily absent from the State or is temporarily disabled.

Your Committee received no written comments on this measure.

Your Committee finds that the requirement that the successor to the Office of the Lieutenant Governor be of the same political party as the Governor allows for an expeditious transition of the powers and duties to the successor. Your Committee believes that this measure will provide for a more efficient execution of government services as well as ensure that policies and initiatives are not compromised upon the change in the Office of the Lieutenant Governor.

Your Committee has amended this measure by:

- (1) Reinserting existing statutory language that was inadvertently omitted;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1288, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1288, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3368 Ways and Means on H.B. No. 866**

The purpose and intent of this measure is to clarify and confirm the counties' ownership of and obligation to operate, improve, repair, maintain, and replace certain existing sewer systems servicing Hawaiian Home Lands.

The measure also requires the counties to accept dedication or license of and responsibility for sewer systems servicing Hawaiian Home Lands upon demand by the Department of Hawaiian Home Lands, subject to certain conditions.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands. Written comments in opposition to the measure were received from one individual.

Your Committee finds that sewer transmission lines and other sewerage facilities servicing lots located on Hawaiian Home Lands are or will be in need of improvement, repair, and maintenance. Your Committee believes that this measure will ensure the operation, improvement, repair, and maintenance of sewer systems servicing Hawaiian Home Lands.

Your Committee encourages the Department of Hawaiian Home Lands and the counties to explore the feasibility of cost sharing as a funding mechanism, or the provision of funds by the Department of Hawaiian Home Lands to the counties, in order to bring sewer systems into substantial compliance with relevant laws, rules, and regulations prior to a county accepting license or dedication and ownership thereof.

Your Committee has amended this measure by:

- (1) Changing the effective date from July 1, 2020, to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 866, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 866, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Kouchi).

**SCRep. 3369 Ways and Means on H.B. No. 493**

The purpose and intent of this measure is to protect African elephants and other endangered species that are hunted for their ivory.

Specifically, this measure:

- (1) Establishes the offense of the unlawful sale or trade of ivory products for any person who imports, sells, offers to sell, or possesses with the intent to sell any ivory product;
- (2) Defines "ivory products" as ivory teeth or tusks from any of the following: elephants, hippopotamuses, walruses, whales, and narwhals;
- (3) Creates exemptions for the sale or trade of certain ivory products, including antique ivory or ivory legally imported prior to 1975 if from an Asian elephant or prior to 1990 if from an African elephant; provided that the seller can demonstrate that the ivory product meets specific requirements; and
- (4) Allows the forfeiture of seized ivory products and provides penalties.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Elephants DC, Elephants NJ, Golfing for Elephants, In Defense of Animals - Elephant Protection Campaign, International Fund for Animal Welfare, Natural Resources Defense Council, Save the Elephants, South African Safari Adventures, and forty-two individuals. Written comments in opposition were received from the League of Women Voters of Hawaii. The Department of the Attorney General and one individual submitted written comments on the measure.

Your Committee finds that the international trade of ivory has driven African elephants to the brink of extinction. Your Committee further finds that an investigation supported by The Humane Society of the United States and Humane Society International found that Hawaii is the third-highest retailer of elephant ivory in the United States, behind only California and New York.

Accordingly, your Committee believes that the sale of elephant ivory should be prohibited in Hawaii, with certain limited exceptions, and that the prohibition should also extend to other endangered animals that have ivory teeth or tusks, to prevent an increase in poaching of these other species.

Your Committee has amended this measure by:

- (1) Inserting references to specific federal government definitions and qualifications for exempt antique ivory products and the types of appraisals that may be used to identify them;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 493, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 493, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3370 Ways and Means on H.B. No. 1539**

The purpose of this measure is to prevent applicants from circumventing the waiting list of the housing choice voucher program by requiring that housing choice vouchers be surrendered upon the vacancy of the last original household member or when the youngest minor of the household reaches age twenty-one.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority, Community Alliance for Mental Health, and two individuals.

Your Committee finds that some individuals circumvent the housing choice voucher program waiting list by adding new people to a household and allowing them to “inherit” a housing choice voucher. Your Committee believes that this is a misuse of the program that causes needy and deserving families to remain on the waiting list longer than appropriate and forces them to temporarily live in unsafe neighborhoods. Your Committee finds that this measure will close an existing loophole in the law and promote equity in the housing choice voucher program.

Your Committee has amended this measure by:

- (1) Authorizing a household to retain a housing choice voucher until a minor in the household reaches age twenty-three if the minor is a full-time student;
- (2) Specifying how minors may be added to a household without jeopardizing the validity of the household’s housing choice voucher status; and
- (3) Deleting the requirement that any legal guardian added to a household to care for the minor children must be eligible for participation in the housing choice voucher program, but retaining the prohibition that the legal guardian may not retain the housing choice voucher following the youngest minor reaching age twenty-one or twenty-three, as applicable.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1539, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1539, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3371 Ways and Means on H.B. No. 1564**

The purpose and intent of this measure is to require the counties to obtain approval from the Office of Veterans’ Services prior to any action that may negatively impact the State’s ability to fulfill its obligation to establish and maintain veterans’ cemeteries or impair the allocation of federal funds.

Your Committee received written comments in support of this measure from the Department of Defense, the Military Officer Association of America, and the Office of Veterans Services Advisory Board.

Your Committee finds that the State must ensure the continued allocation of federal funds for veterans cemeteries by requiring compliance by the counties with all federal requirements regarding those cemeteries. To that end, your Committee believes that the Office of Veterans’ Services, which oversees the State’s veterans cemeteries, should approve in advance any county action that may have an adverse financial impact upon the State’s fiscal obligations regarding veterans cemeteries, or that may impair or conflict with federal requirements.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1564, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1564, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 3372 Ways and Means on H.B. No. 1576**

The purpose and intent of this measure is to appropriate funds to the Department of Human Services to increase the monthly board rate for foster care services for children.

Your Committee received written comments in support of this measure from the Department of Human Services; Hawaii Youth Services Network; Family Programs Hawaii - It Takes An ‘Ohana; Family Programs Hawaii President and Chief Executive Officer; Catholic Charities Hawaii; Hawaii Appleseed Center for Law and Economic Justice; EPIC Ohana Inc.; and ten individuals.

Your Committee finds that the Department of Human Services has not raised the monthly board rate for foster care services since 1990. Foster boarding home parents provide a nurturing, healthy, and safe environment for a child’s development. Increasing the monthly board rate will not only allow foster care parents to meet the increasing costs of raising children in today’s society but will also encourage prospective foster care providers to provide foster care children with the essential family resources to ensure healthy emotional, psychological, and physical development.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1576, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1576, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3373 (Majority) Ways and Means on H.B. No. 2038**

The purpose and intent of this measure is to impose a human trafficking victim services fee upon individuals who are convicted of certain trafficking offenses and to establish a special fund for the fee.

Your Committee received written comments in support of this measure from Hawaii Family Forum, Pacific Alliance to Stop Slavery, Hawaii Catholic Conference, Ho'ola Napua, IMUAlliance, and four individuals. Your Committee received written comments in opposition to this measure from the Department of Budget and Finance.

Your Committee finds that the creation of the special fund will make it possible for human trafficking victims to receive quality services for their recovery efforts.

Your Committee has amended this measure by:

- (1) Deleting an incorrect reference to chapter 853, Hawaii Revised Statutes;
- (2) Correcting and clarifying statutory terms and references used in the measure; and
- (3) Clarifying the order of priority of payments when a defendant is ordered to make payments in addition to the human trafficking victim services fee.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2038, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2038, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 3374 Ways and Means on H.B. No. 1974**

The purpose and intent of this measure is to assist the Director of Labor and Industrial Relations in adjusting the workers' compensation medical fee schedule.

Specifically, this measure:

- (1) Requires the Director of Labor and Industrial Relations to update the workers' compensation medical fee schedule annually, rather than every three years or annually, as required;
- (2) Authorizes the Director of Labor and Industrial Relations to annually establish a maximum allowable fee ceiling in excess of one hundred ten per cent of fees prescribed in the Medicare Resource Based Relative Value Scale applicable to Hawaii;
- (3) Appropriates funds for a report to the Legislature analyzing the measure's impact on workers' compensation claimants' access to appropriate treatment; and
- (4) Appropriates funds for two positions to implement an annual review process and to support the annual fee schedule rule-making process.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations; United Public Workers; ILWU Local 142; Kaiser Permanente; Work Injury Medical Association of Hawaii; and two individuals. Written comments in opposition were received from The Chamber of Commerce of Hawaii, Hawaiian Electric Company, Inc., Hawaii Insurers Council, and Property Casualty Insurers Association of America. The Department of Human Resources Development and the Office of the Auditor submitted written comments.

Your Committee feels that the current schedule of maximum allowable fees for the medical treatment of injured workers has resulted in limiting the number of physicians willing to treat injured workers, thus preventing many injured workers from obtaining the medical treatment necessary to return to work. Your Committee finds that providing the Department of Labor and Industrial Relations the authority to increase the maximum allowable fees to physicians for the treatment of injured workers will increase access to treatment for injured workers and allow them to return to work sooner.

Your Committee has amended this measure by:

- (1) Removing the civil service exemption for the research statistician III and office assistant IV positions funded by this measure; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1974, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Dela Cruz, Kahele).

**SCRep. 3375 Ways and Means on H.B. No. 1514**

The purpose and intent of this measure is to assist the local coffee industry in mitigating the effects of the coffee berry borer.

Specifically, the measure appropriates funds for:

- (1) Education and mitigation activities to combat the coffee berry borer; and
- (2) A pesticide subsidy program to assist coffee growers with offsetting the cost of purchasing pesticides containing *Beauveria bassiana*.

Your Committee received written comments in support of this measure from the University of Hawaii College of Tropical Agriculture and Human Resources, the Department of Agriculture, the Department of Land and Natural Resources, the Hawaii Farm Bureau Federation, the Edmund C. Olson Trust II, the Hawaii Farmers Union United, the Hawaii Coffee Association, Hale Kai Lana Inc., the Hawaii Coffee Growers Association, the Kona Coffee Council, the Royal Kona Coffee Visitor Center Mill and Museum, Greenwell Farms Inc., the Kauai Coffee Company, and four individuals.

Your Committee finds that invasive species are a primary threat to Hawaii's agriculture and economy. The coffee berry borer poses a significant problem for coffee farmers in Hawaii, and the additional funds will help the Department of Agriculture in its efforts to contain the infestation.

Your Committee has amended this measure by:

- (1) Authorizing the pesticide use revolving fund to receive and expend appropriations for the pesticide subsidy program;
- (2) Redirecting the deposit of the general fund appropriation to the pesticide use revolving fund and to appropriate funds from the revolving fund for the pesticide subsidy program; and
- (3) Protecting the revolving fund expenditures for the pesticide subsidy program from a 2015 repeal and reenactment that affects the revolving fund.

Your Committee has deposited the infusion of general funds into the pesticide use revolving fund to protect the infused funds from lapsing on June 30, 2015. Your Committee feels that, since the pesticide subsidy pilot project is for a five-year period, the infused funds should be available for the entire pilot project period.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1514, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1514, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3376 Ways and Means on H.B. No. 1491**

The purpose and intent of this measure is to provide for the fiscally responsible use of state moneys.

Specifically, this measure requires the University of Hawaii to provide written notice to the Director of Finance before:

- (1) Transferring special fund moneys to another special fund or before expending special fund moneys beyond that of the statutory purpose of the special fund; and
- (2) The transfer of appropriated funds and positions for the operating cost category among programs or cost elements in a program.

Your Committee received written comments in opposition from the University of Hawaii. The Department of Budget and Finance submitted written comments on the measure.

Your Committee finds that requiring the University of Hawaii to provide notice prior to transferring money between special funds, using special fund money for purposes outside of what is statutorily authorized, or transferring appropriations between programs will increase accountability and transparency of the University's finances. Your Committee notes that this measure does not establish a penalty if the University of Hawaii fails to provide the requisite notice as required by this measure and believes that this issue should be a topic of discussion when this measure is being considered by the legislative Committee on Conference.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1491, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3377 Ways and Means on H.B. No. 737**

The purpose and intent of this measure is to statutorily implement a proposed constitutional amendment that authorizes the State to issue special purpose revenue bonds and use the proceeds from the bonds to assist agricultural enterprises.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau Federation, the Land Use Research Foundation of Hawaii, Alexander and Baldwin, Inc., and Hawaii Farmers Union United. Written comments on this measure were received from the Department of Budget and Finance, the Department of Agriculture, and the Local Food Coalition.

Your Committee finds that special purpose revenue bonds provide the private sector with access to the lower rates available in public finance capital markets. Your Committee further finds that decaying plantation-era or obsolete infrastructure, high

transportation costs, and regulatory compliance issues threaten the food security and sustainability of our State. Farmers and ranchers need access to affordable capital to implement the many projects that contribute to feeding the State's residents. If the proposed constitutional amendment authorizing the use of special purpose revenue bonds for this purpose is ratified, this measure will provide the statutory means by which agriculturalists may avail themselves of this financing mechanism.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 737, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3378 Ways and Means on H.B. No. 570**

The purpose and intent of this measure is to enhance the penalty for unlicensed contracting violations committed against the elderly, from \$10,000 to \$20,000.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Contractors License Board's Legislative Committee.

Your Committee finds that the rise in elder abuse, such as theft and fraud, has prompted the increasing need to protect the elderly from business scams and impersonators. Your Committee further finds that many victims of unlicensed contractors suffer in some way, from unrecoverable down payments to poor workmanship. However, elderly victims in particular have fewer resources and options available to them. Your Committee believes that this measure will enhance protections for elderly consumers and help uphold the integrity of the contractor profession.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 570, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3379 Ways and Means on H.B. No. 849**

The purpose and intent of this measure is to recodify the emergency management statutes by updating statutes, clarifying the relationship between the state and the county emergency management agencies, and delineating the emergency management functions and powers of the Governor and mayors.

Your Committee received written comments in support of this measure from the Department of Transportation, the Department of Defense, the Civil Defense Division of the Department of Defense, the Department of Labor and Industrial Relations, the Department of Business, Economic Development and Tourism, the Department of Agriculture, the Judiciary, the Office of the Mayor of the County of Kauai, the Hawaii County Civil Defense, the City and County of Honolulu Police Department, the Department of Emergency Management of the City and County of Honolulu, American Red Cross-Hawaii State Chapter, Healthcare Association of Hawaii, and the Civil Defense Advisory Council. Your Committee received written comments in opposition to this measure from one individual. Written comments on this measure were received from the Public Utilities Commission.

Your Committee finds that this measure represents an important step for Hawaii to become better prepared for the unexpected and provides for a more coordinated management of emergencies and disasters.

Your Committee has amended this measure by:

- (1) Clarifying the policy and purposes of the new statutory chapter on emergency management to specify that the Governor shall be responsible for the emergency management system of the State and for coordinating resources to effectively prepare for and respond to emergencies and disasters within the State;
- (2) Specifying that the Hawaii Emergency Management Agency established by this measure shall lead a comprehensive and collaborative emergency management system for the State;
- (3) Clarifying that in the event of an emergency or disaster beyond local control, the Governor may take control of the disaster or emergency incident, upon the request of the local entity;
- (4) Adding a new section to make a conforming amendment to section 321-23(c), Hawaii Revised Statutes, to delete the reference to chapter 127, Hawaii Revised Statutes, which is being repealed by this measure;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for the purposes of clarity, style, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 849, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 849, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, none. Excused, none.

**SCRep. 3380 Ways and Means on H.B. No. 1977**

The purpose and intent of this measure is to clarify what proposals can be included in a party's final position submission to a public sector collective bargaining arbitration panel.

Specifically, the measure limits the types of proposals that can be included in a public employer's and exclusive representative's final positions submitted for arbitration to the specific proposals that were previously exchanged in writing between the parties and were the subject of collective bargaining between the parties up to the time of impasse.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association and United Public Workers. Written comments in opposition were received from the Department of Budget and Finance, Office of Collective Bargaining, and the City and County of Honolulu Department of Human Resources.

Your Committee finds that the current law regarding what may be included in a party's final position for the arbitration of a collective bargaining agreement is vague and unclear. This measure clarifies that the final positions submitted by the parties shall only include those proposals previously exchanged in writing between the parties and that were the subject of collective bargaining up to the time of impasse. Your Committee believes that this measure will prevent arbitration hearings from being unnecessarily extended, contain costs, and ensure that collective bargaining is conducted in good faith.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen, Slom). Noes, none. Excused, 2 (Dela Cruz, Kahele).

**SCRep. 3381 (Majority) Ways and Means on H.B. No. 2277**

The purpose and intent of this measure is to establish and fund a permanent health care transformation program.

Specifically, this measure:

- (1) Transfers the Office of Health Care Transformation from the Office of the Governor to the State Health Planning and Development Agency of the Department of Health;
- (2) Changes the name of the State Health Planning and Development Agency to the Hawaii Health Care Planning and Policy Authority; and
- (3) Establishes a special fund for the Office of Health Care Transformation.

Your Committee received written comments in support of this measure from the Office of the Governor, Department of Health, East Hawaii Regional Chief Executive Officer of the Hawaii Health Systems Corporation, Hawaii Health Information Exchange, Ho'ola Lahui Hawaii, Hawaii Medical Service Association, Hawaii Association of Health Plans, The Queens Health Systems, Hawaii Pacific Health, Hawaii Primary Care Association, and two individuals.

Your Committee finds that the health care transformation program is temporarily placed within the Office of the Governor. Your Committee believes that establishing a permanent Office of Health Care Transformation is instrumental to the health and well-being of Hawaii's residents. Your Committee also finds that the State Health Planning and Development Agency, in its expanded role as the Hawaii Health Care Planning and Policy Authority, will be able to expand its oversight across a wider range of health care issues, thus strengthening health care delivery in Hawaii.

Your Committee has amended this measure by:

- (1) Amending other sections and a part title of chapter 323D, Hawaii Revised Statutes, for consistency or conformity with this measure;
- (2) Consolidating related provisions, deleting unnecessary or redundant language, and clarifying or correcting words, terms, and references;
- (3) Changing the appropriation for the Health Transformation Coordinator to carry out the purposes of the health care transformation program to an unspecified amount; and
- (4) Changing all effective dates to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2277, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2277, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Kidani). Noes, 1 (Slom). Excused, 1 (Dela Cruz).

**SCRep. 3382 Ways and Means on H.B. No. 1588**

The purpose and intent of this measure is to clarify that the \$850,000 ceiling for the civil service exemption on selected contracts for custodial and grounds maintenance services with qualified community rehabilitations programs shall apply on a per contract basis.

Your Committee received written comments in support of this measure from Ka Lima O Maui. United Public Workers submitted written comments in opposition to the measure.

Your Committee finds that one public sector legal entity in Hawaii has interpreted the \$850,000 ceiling of section 76-77(16), Hawaii Revised Statutes, as applying to all subject contracts while a different public sector legal entity has interpreted the ceiling as applying on a per contract basis. Your Committee finds that this measure will provide the requisite clarification that the statutory ceiling applies on a per contract basis.

Your Committee has amended this measure by:

- (1) Clarifying and improving the readability of the amended civil service exemption for custodial and grounds maintenance services by a qualified community rehabilitation program by recasting the provision as a separate paragraph under section 76-77, Hawaii Revised Statutes; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1588, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1588, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3383 Ways and Means on H.B. No. 2468**

The purpose and intent of this measure is to facilitate the growth of agriculturally related business development in the State.

Specifically, the measure:

- (1) Authorizes the Department of Business, Economic Development, and Tourism, in collaboration with the Department of Agriculture, to perform studies and analysis relating to establishing facilities on the island of Hawaii for quarantine inspection and treatment and handling incoming and outgoing agricultural commodities;
- (2) Authorizes the Governor to do all things necessary and proper to carry into effect the establishing, maintaining, and operating of an agricultural foreign-trade zone;
- (3) Establishes an agricultural technology park under the High Technology Development Corporation; and
- (4) Appropriates unspecified amounts to the Department of Business, Economic Development, and Tourism, and the High Technology Development Corporation to carry out the purposes of this measure.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; the High Technology Development Corporation; the Department of Agriculture; the Hawaii Farm Bureau Federation; Sugarland Growers, Inc.; the Big Island Invasive Species Committee; and The Nature Conservancy of Hawaii.

Your Committee finds that agriculture is and has been a major economic driver for the State. Your Committee believes that the development of a central marketing facility on the island of Hawaii for the collection, consolidation, packing, and shipping of agricultural products will facilitate the movement of agricultural commodities in, out, and throughout the State.

Your Committee has amended this measure by:

- (1) Clarifying that Part I of the measure authorizes the Department of Business, Economic Development, and Tourism to perform planning and feasibility studies for the development of one or more facilities for quarantine treatment, deconsolidation, and consolidation of imported and exported agricultural commodities on the island of Hawaii;
- (2) Replacing the contents of Part II, regarding the establishment of an agricultural foreign-trade zone, with language that authorizes the Department of Business, Economic Development, and Tourism, in collaboration with the Department of Agriculture, to perform studies and analysis relating to the implementation of designated foreign-trade zone sites and appropriates an unspecified amount therefor;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2468, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2468, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Ruderman, Thielen). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3384 Ways and Means on H.B. No. 2509**

The purpose and intent of this measure is to assist communities affected by discarded or abandoned tires.

Specifically, the measure appropriates funds for programs that promote the removal, from the landscape, of tires that have been illegally dumped, including county abandoned tire removal programs.

Your Committee received written comments in support of this measure from a member of the Hawaii County Council, the Mikilua Valley Community Association, Life of the Land, and two individuals. The Department of Health submitted written comments on the measure.

Your Committee finds that discarded and abandoned tires are a persistent problem in the State and that they pose a threat to the environment and human health. Accordingly, your Committee believes that programs promoting the removal of illegally dumped tires, including county abandoned tire removal programs, should be supported.

Your Committee has amended this measure by changing the appropriation from \$250,000 to an unspecified amount to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2509, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2509, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3385 Ways and Means on H.B. No. 1942**

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Princeton Energy Group in constructing the Ikehu Molokai Project, a renewable energy project with energy storage technology on Molokai.

Your Committee received written comments in support of this measure from the Chamber of Commerce of Hawaii, Ulupono Initiative, and Blue Planet Foundation. The Department of Budget and Finance submitted written comments.

Your Committee finds that Molokai residential electricity rates are some of the most expensive in the nation at around 46 cents per kilowatt hour. Solar and wind electricity generation on Molokai are quickly reaching production levels that cannot be handled by the existing electrical grid. The Ikehu Molokai Project will provide capacity to store excess electricity production from solar, wind, and other renewable sources, thus supporting the stabilization of the electrical grid, reducing Molokai's dependence on fossil fuels, decreasing Hawaii's carbon footprint, and reducing electricity rates for Molokai residents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1942, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3386 Ways and Means on H.B. No. 1667**

The purpose and intent of this measure is to recognize the sacrifices made by members of the United States armed services by exempting qualified disabled veterans from a portion of certain motor vehicle registration fees.

Specifically, this measure:

- (1) Exempts veterans who are rated as one hundred percent disabled due to service-related injury from paying one-half of the state motor vehicle registration fee on one of their noncommercial vehicles; and
- (2) Requires the Office of Veterans' Services to report the number of qualifying veterans to the Legislature and Department of Taxation.

Your Committee received written comments in support of this measure from the Department of Defense, the Office of Veterans' Services of the Department of Defense, the Hawaii Chapter of the Military Officers Association of America, and two individuals. The Department of Customer Services of the City and County of Honolulu and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that disabled veterans of the United States armed services should be recognized and compensated for the sacrifices they have made in defense of this nation. Your Committee believes that the limited fee exemption this measure will provide for qualified veterans who are disabled due to military-related injuries is justified.

Your Committee has amended this measure by:

- (1) Clarifying that veterans discharged for bad conduct shall not be eligible for the exemption;
- (2) Specifying that the exemption shall extend to a qualified vehicle owned, leased, or operated by a qualified veteran; and
- (3) Changing the effective date to January 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1667, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1667, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3387 Ways and Means on H.B. No. 1654**

The purpose and intent of this measure is to improve the expenditure of legislative appropriations to the University of Hawaii for repair and maintenance of its campus facilities.

Specifically, this measure establishes the campus facility board to:

- (1) Manage the legislative appropriations for repair and maintenance of the University of Hawaii campuses; and
- (2) Report expenditures of repair and maintenance appropriations to the Legislature along with remaining projects requiring repair and maintenance funding.

Your Committee received written comments in opposition to this measure from the University of Hawaii.

Your Committee finds that the University of Hawaii system has a backlog of deferred repair and maintenance exceeding \$480,000,000. Establishment of a campus facility board to evaluate and identify amounts appropriated by the Legislature for repair

and maintenance and to determine how to allocate those appropriations will help the University of Hawaii effectively address the backlog of necessary repairs on its campuses.

Your Committee has amended this measure by:

- (1) Specifying that the chairperson of the University of Hawaii Board of Regents Standing Committee on Budget and Finance and the chairperson of the University of Hawaii Board of Regents Standing Committee on Planning and Facilities shall be members of the campus facility board;
- (2) Specifying that the chairperson of the campus facility board shall be selected by and from among its members; and
- (3) Changing the effective date of the measure to July 1, 2050, to facilitate further discussion.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1654, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1654, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 3388 Ways and Means on H.B. No. 1669**

The purpose and intent of this measure is to fund additional positions in the Family Court of the First Circuit.

Specifically, this measure would fund one permanent full-time equivalent Family Court Judge position, two permanent full-time equivalent Circuit Court Clerk II positions, and one permanent full-time equivalent Court Bailiff position.

Your Committee received written comments in support of this measure from the Judiciary - Family Court of the First Circuit; Hawaii State Bar Association Family Law Section; Mitsuyama and Rebman; Kleintop, Luria and Medeiros; and two individuals. The Department of the Prosecuting Attorney of the City and County of Honolulu submitted written comments on the measure.

Your Committee finds that the Family Court of the First Circuit adjudicates more cases and motions than any other court in the State and often experiences lengthy delays for post-decree divorce motion hearings and other matters. However, this growing caseload has not been matched with sufficient resources. Your Committee believes that providing funding for an additional judge and related staff positions will help reduce the delays in family court litigation and assist in resolving cases and disputes.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1669, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1669, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3389 Ways and Means on H.B. No. 1635**

The purpose of this measure is to provide salary parity for the Administrative and Deputy Administrative Director of the Courts with their executive branch counterparts.

Specifically, the measure requires that:

- (1) The salary of the Administrative Director of the Courts be equal to the salary of the Administrative Director of the State; and
- (2) The salary of the Deputy Administrative Director of the Courts be equal to ninety-five per cent of the salary of the Administrative Director of the Courts.

Your Committee received written comments in support of this measure from the Judiciary.

Your Committee finds that in 2006, voters passed a constitutional amendment that provided for a mechanism to set the salaries of justices and judges, legislators, the governor and lieutenant governor, as well as those of the department heads or executive officers and the deputies or assistants of the executive branch. However, the amendment did not provide for a mechanism to establish the Judiciary's Administrative Director and Deputy Administrative Director of the Court's salaries. Your Committee believes that this measure will provide the appropriate mechanism to establish the salary of the Administrative Director and the Deputy Administrative Director of the Courts and conform their salaries to comparable positions within the executive branch.

Your Committee has amended this measure by:

- (1) Changing the relative amount of the Deputy Administrative Director's salary from ninety-five per cent to an unspecified percentage of the Administrative Director of the Court's salary; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1635, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1635, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 3390 Ways and Means on H.B. No. 238**

The purpose and intent of this measure is to increase per diem stipends for witnesses in certain criminal cases.

Specifically, the measure:

- (1) Increases per diem payment amounts for out-of-state witnesses in criminal cases, to support and encourage those witnesses to return to Hawaii to participate in state court proceedings; and
- (2) Provides an additional per diem payment to in-state witnesses who travel interisland and are required to stay overnight to participate in state court proceedings.

Your Committee received written comments in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, the Office of the Prosecuting Attorney of the County of Hawaii, and the Crime Victim Compensation Commission. The Department of Budget and Finance submitted written comments on the measure.

Your Committee finds that the Legislature has not increased the per diem payment for out-of-state witnesses since 1989 and that the amount is no longer sufficient to pay for food, lodging, and necessary personal expenses for witnesses who must travel to Hawaii to appear in state court proceedings. This tends to discourage and even prevent out-of-state witnesses, including crime victims, from returning to the State to testify in court proceedings. Your Committee also finds that the per diem amount for witnesses who are required to travel interisland and remain overnight to attend a state court proceeding is likewise insufficient and should be supplemented. Your Committee believes that this measure will encourage and support the testimony of witnesses who travel from out-of-state or interisland to participate in state court proceedings.

Your Committee has amended this measure by:

- (1) Changing the per diem amount for out-of-state witnesses to an unspecified sum to encourage further discussion; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 238, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 238, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3391 Ways and Means on H.B. No. 1553**

The purpose and intent of this measure is to appropriate funds to the Department of Land and Natural Resources for the administration and operational expenses of the Aha Moku Advisory Committee.

In addition, this measure provides funding for community education on the administrative structure regarding the Aha Moku System and on natural and cultural resource management.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; the Aha Moku Advisory Committee; and the Hawaiian Affairs Caucus of the Democratic Party of Hawaii.

Your Committee finds that the Aha Moku Advisory Committee has made tremendous strides in integrating indigenous resource management practices with modern management practices, as well as bringing sustainability and a new wealth of knowledge to the protection and conservation of the State's natural resources. Your Committee further finds that the Aha Moku Advisory Committee needs additional funding so that it may continue to advise the Chairperson of the Board of Land and Natural Resources on natural resource management and educate the community on the best practices regarding the Aha Moku System.

Your Committee has amended this measure by:

- (1) Changing the appropriation amounts to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1553, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1553, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3392 (Majority) Ways and Means on H.B. No. 1714**

The purpose and intent of this measure is to establish an Interagency Sea Level Rise Vulnerability and Adaptation Committee within the Department of Land and Natural Resources to develop a sea level rise vulnerability and adaptation report for Hawaii through 2050.

The measure also:

- (1) Requires the Office of Planning to develop, monitor, and evaluate statewide strategic climate adaptation plans and actionable policy recommendations; and
- (2) Appropriates funds to the Office of Planning and Department of Land and Natural Resources, respectively, for the purposes of the measure.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the State Sustainability Coordinator, the State Office of Planning, Hawaii Green Growth, The Chamber of Commerce of Hawaii, and the Land Use Research Foundation of Hawaii. The Department of Health submitted written comments.

Your Committee finds that climate change poses one of the primary challenges of this century. Your Committee further finds that beach erosion, drought, and rising temperature are already having measurable impacts on Hawaii and are expected to accelerate in the years to come. Your Committee believes that this measure will help address the effects of climate change through 2050 to protect the State's economy, health, environment, and way of life.

Your Committee has amended this measure by:

- (1) Clarifying that the Chairperson of the Board of Land and Natural Resources, or the Chairperson's designee, shall serve as the Chairperson of the Sea Level Rise Vulnerability and Adaptation Committee;
- (2) Providing that the members of the Interagency Sea Level Rise Vulnerability and Adaptation Committee shall serve without pay but shall be reimbursed for their actual and necessary expenses, including travel expenses, incurred in carrying out their duties;
- (3) Combining the appropriations to the Office of Planning in sections 4 and 7 of the measure into one section;
- (4) Clarifying that the appropriation to the Department of Land and Natural Resources in section 6 of the measure is for the Department to assist the Interagency Sea Level Rise Vulnerability and Adaptation Committee in researching and developing the sea level rise vulnerability and adaptation report; and
- (5) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1714, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1714, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kahele).

**SCRep. 3393 Ways and Means on H.B. No. 1716**

The purpose and intent of this measure is to appropriate moneys to the Department of Land and Natural Resources for the immediate protection of Hawaii's environment and economy and the health and lifestyle of its people, through the support of invasive species prevention, control, outreach, research, and planning.

Your Committee received written comments in support of this measure from the Office of Planning; the Department of Agriculture; the Department of Land and Natural Resources; the County of Maui; the Department of Transportation; the Hawaii Farm Bureau Federation; Hawaii Green Growth; Kauai Watershed Alliance; the Nature Conservancy; and two individuals.

Your Committee finds that the invasion of Hawaii by insects, disease-bearing organisms, snakes, weeds, and other pests is the single greatest threat to Hawaii's economy and natural environment and to the health and lifestyle of Hawaii's people. Your Committee further finds that the irreparable and costly damage caused by invasive species has significantly impacted agricultural producers and has threatened the innovation of sustainable practices. Your Committee believes that this measure will help protect and preserve Hawaii's fragile ecosystem and unique environment from invasive species.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1716, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3394 Ways and Means on H.B. No. 2490**

The purpose and intent of this measure is to improve and enhance Hawaii's juvenile justice system by concentrating secure bed space on the most serious juvenile offenders and by increasing interagency collaboration.

Specifically, the measure:

- (1) Requires the Director of the Office of Youth Services or the Director's designee to develop a comprehensive reentry plan for each person committed to the Hawaii Youth Correctional Facility;
- (2) Specifies supervision requirements for children placed on probation pursuant to section 571-48(1)A, Hawaii Revised Statutes, and requires that probation officers create a case plan in consultation with the child and the child's parent, legal guardian, or custodian;
- (3) Requires the Judiciary to adopt guidelines and procedures for the development and application of graduated sanctions, including presumptive sanctions for common violations and incentives for compliance with probation requirements;
- (4) Permits a child to earn discharge credits to reduce the length of the child's probation term;
- (5) Establishes a statewide juvenile justice interdepartmental cluster to provide coordinated services to certain children under the jurisdiction of the Family Court;
- (6) Specifies factors that the Director of the Office of Youth Services must consider when granting parole;

- (7) Requires the Director of the Office of Youth Services to submit an annual report to the Board of Family Court Judges and the Hawaii Juvenile Justice State Advisory Council that includes the number of persons committed to the Director of the Office of Youth Services' custody;
- (8) Requires the Board of Family Court Judges to provide guidelines and procedures necessary to implement a single statewide standardized tool to conduct risk and needs assessments and validation of the tool every five years;
- (9) Requires probation officers to complete annual training on juvenile justice or probation supervision best practices;
- (10) Requires intake officers to compile monthly reports indicating the number of cases diverted and the types of alleged offense precipitating the referral of the child to court;
- (11) Requires the Directors of the Family Courts of each circuit to establish a framework that includes criteria that probation officers shall use to guide their discretion in providing informal adjustment;
- (12) Requires the Family Court to conduct a risk and needs assessment prior to disposition, and authorizes the Family Court to suspend delinquency proceedings to obtain substance abuse or mental health treatment;
- (13) Requires a probation officer to refer the child to the Department of Health for a determination of eligibility for services if a risk and needs assessment indicates substance abuse or mental health need; and
- (14) Establishes a Juvenile Justice Oversight Advisory Council to oversee implementation of the juvenile justice reforms in this measure and issue reports necessary to evaluate its effectiveness.

Your Committee received written comments in support of this measure from the Office of the Governor; the Department of the Attorney General; the Department of Health; the Department of Human Services; the Judiciary; the Office of Youth Services; Office of the Mayor, County of Hawaii; the Office of the Prosecuting Attorney, County of Hawaii; Hawaii Substance Abuse Coalition; Hawaii Friends of Justice; Hale Kipa, Inc.; Hawaii Youth Services Network; Community Alliance on Prisons; Olomana, Inc.; and the Salvation Army, Family Intervention Services. Written comments in opposition were received from the Department of the Prosecuting Attorney, City and County of Honolulu.

Your Committee finds that critical services necessary to reduce delinquency, including mental health and substance abuse treatment, are not readily accessible to Hawaii's youth. This may permit inconsistent probation practices across the State's judicial circuits and may lead to disparate treatment of youth. Therefore, your Committee finds that there needs to be systematic coordination between the appropriate service providers and government entities to ensure that evidence-based practices and effective mental health and substance abuse treatments are being tailored to each child's specific needs. Your Committee believes that this measure will provide the effective collaboration between the Family Court, law enforcement personnel, service providers, and departmental staff necessary for Hawaii's juvenile justice system to produce positive outcomes. Furthermore, this measure will ensure individualized treatment for children to reduce recidivism and allow for a safe and effective transition back into the community.

Your Committee has amended this measure by:

- (1) Adding an appropriation for an unspecified sum to the Office of Youth Services to carry out the purposes of this measure, and allowing an unspecified sum to lapse to the credit of the general fund in the event that the Hawaii Youth Correctional Facility experiences any cost savings from the updated services and programs implemented by this measure;
- (2) Defining the term "presumptive sanctions" to mean sanctions imposed by a probation officer from a range of sanctions for the most common probation violations, as determined by the Judiciary;
- (3) Deleting substantive language from the definition of "home visit" that required the probation officer to visit the child's place of residence within forty-five days of the child's placement on probation, and instead, making this one of the requirements for probation supervision once a child is placed on probation pursuant to section 571-48(1)(A);
- (4) Establishing the requirement that each Director of the Family Court submit an annual report to the Board of Family Court Judges and the Hawaii Juvenile Justice State Advisory Council as a new section in Chapter 571, Hawaii Revised Statutes;
- (5) Adding a member from the Department of Human Services to the Juvenile Justice Oversight Advisory Council; and
- (6) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

Your Committee notes that the Office of Youth Services will provide funding to the Judiciary for purchase of service contracts for juvenile programs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2490, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2490, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3395 Ways and Means on H.B. No. 1776**

The purpose and intent of this measure is to require children to undergo a physical examination prior to attending seventh grade beginning with the 2015-2016 school year.

In addition, this measure appropriates funds to the Department of Education for any necessary costs and expenses incurred for requiring children to complete a physical examination prior to attending seventh grade.

Your Committee received written comments in support of this measure from the Department of Education, the Department of Health, Hawaii Primary Care Association, Waianae Coast Comprehensive Health Center, American Academy of Pediatrics, Hale Kipa Inc., and three individuals.

Your Committee finds that rising obesity rates and other health issues have prompted many initiatives to ensure that children are being provided with healthy food choices and receiving the appropriate amount of physical exercise. Your Committee further finds that preventive measures, such as a physical examination, can provide early detection of health-related factors that may be detrimental to a child's physical or emotional development. Your Committee believes that this measure reflects the State's commitment to ensuring the health and success of Hawaii students and recognizes the Department of Education's vital role in the health and well-being of its students while providing the essential service of educating Hawaii's youth.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1776, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3396 Ways and Means on H.B. No. 1676**

The purpose and intent of this measure is to appropriate funds to, and authorize, the Executive Office on Early Learning to enter into agreements with the Department of Education and public charter schools to use available classrooms for public preschool.

Your Committee received written comments in support of this measure from the Executive Office on Early Learning, the Department of Human Services, the Early Learning Advisory Board, The Chamber of Commerce Hawaii, Hui for Excellence in Education, Good Beginnings Alliance, the Hawaii Association for the Education of Young Children, the Hawaii Association of Independent Schools, PHOCUSED, Kamehameha Schools, the Hawaii Primary Care Association, the Hawaii State Teachers Association, and four individuals.

Your Committee finds that this measure is necessary to provide services to late-born children who cannot attend kindergarten in the 2014-2015 school year as a result of the change in the kindergarten entry age that is mandated under Act 178, Session Laws of Hawaii 2012.

Your Committee notes that House Bill No. 1700, H.D. 1, S.D. 1, the supplemental appropriations bill, appropriates \$4,470,208 for an early learning pilot program in public schools. That appropriation, along with appropriations of \$1,250,000 for a family child interaction learning program and \$3,000,000 for a preschool open doors program, are intended to serve 2,740 late-born children.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1676, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Kouchi).

**SCRep. 3397 Ways and Means on H.B. No. 1754**

The purpose and intent of this measure is to establish a medicaid buy-in program for workers with disabilities that will encourage individuals with disabilities to work while concomitantly retaining their access to medicaid.

This measure also requires the Department of Health to operate a pilot medicaid buy-in program until the Department of Humans Services implements the permanent program by July 1, 2017.

Your Committee received written comments in support of this measure from the Department of Health, the State Council on Developmental Disabilities, Community Alliance for Mental Health, Healthcare Association of Hawaii, Hawaii Primary Care Association, and one individual. The Department of Human Services submitted written comments.

Your Committee finds that Hawaii is one of only five states that has not implemented a medicaid buy-in program. Many disabled individuals have a disincentive to find employment or increased employment because doing so will cause them to lose various medicaid benefits and supports. Your Committee believes that a medicaid buy-in program will remove the disincentive to work by providing individuals with disabilities the opportunity to increase their income while maintaining health care benefits.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation for the University of Hawaii Center on Disabilities Studies for outreach and training programs be made for the medicaid buy-in pilot program for workers with disabilities;
- (2) Changing the appropriation in section 6 to an unspecified amount to facilitate further discussion; and
- (3) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1754, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1754, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 13. Noes, none. Excused, none.

**SCRep. 3398 (Majority) Ways and Means on H.B. No. 1675**

The purpose and intent of this measure is to address instructional hours of public schools.

Specifically, this measure:

- (1) Extends the requirement for all public secondary schools, excluding charter and multi-track schools, to implement a school year that includes nine hundred ninety student instructional hours for the 2014-2016 school years, to apply the requirement to all school years beginning with the 2014-2015 school year;
- (2) Repeals the requirement for the public schools to implement a school year of one hundred eighty days that includes one thousand eighty student instruction hours for elementary and secondary school grades for the 2016-2018 school years;
- (3) Repeals the requirement for the Department of Education to submit a plan, prior to the convening of the 2015 Legislature, to implement a school year of one hundred ninety days that includes one thousand one hundred forty student instructional hours beginning with the 2018-2019 school year; and
- (4) Requires the Board of Education, in consultation with the exclusive representative of the appropriate collective bargaining units, to define "student instructional hours."

Your Committee received written comments in support of this measure from the Department of Education. Written comments in opposition to this measure were received from the Hawaii State Teachers Association, the Hui for Excellence in Education, and three individuals.

Your Committee finds that the Department of Education will have difficulty meeting the graduated instructional hour and day requirements established by section 302A-251, Hawaii Revised Statutes. This measure maintains the instructional hour requirements at nine hundred fifteen hours for public elementary schools and nine hundred ninety hours for public secondary schools, excluding charter and multi-track schools. Your Committee further finds that authorizing the Board of Education to redefine "student instructional hours" in consultation with the exclusive representatives of the appropriate bargaining units will provide clarification of the definition while addressing high-quality learning opportunities.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1675, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1675, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Dela Cruz, English, Kahele, Keith-Agaran, Slom). Noes, 1 (Thielen). Excused, 2 (Kouchi, Ruderman).

**SCRep. 3399 Ways and Means on H.B. No. 2178**

The purpose and intent of this measure is to establish a program to provide grants to qualified feed developers within the Livestock Revitalization Program.

Your Committee received written comments in support of this measure from the Department of Agriculture, the Hawaii Farm Bureau Federation, and the Ulupono Initiative.

Your Committee finds that the high cost of livestock feed imported from other states presents a major challenge for Hawaii's livestock industry. Your Committee believes that providing grants to feed developers will encourage the local production of feed, which will bolster the agricultural and livestock industries and strengthen the economy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2178, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3400 Ways and Means on H.B. No. 2264**

The purpose and intent of this measure is to authorize the Employees' Retirement System to dispose of real property acquired through foreclosure, enforcement of security, or satisfaction of debt in the same manner as other investments in real property acquired through other means.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and the Employees' Retirement System.

Your Committee finds that the provisions requiring the disposition of certain real property investments within five years of acquisition were enacted when the Employees' Retirement System was prohibited from directly investing in real estate. Your Committee believes that because the Employees' Retirement System is now authorized to directly invest in real estate, the distinction regarding how the real property was acquired is no longer relevant. Repealing the restrictions on how long the Employees' Retirement System may hold certain real estate investments will eliminate an unnecessary interference with the prudent management of the investment portfolio.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2264, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Kahele, Kouchi).

**SCRep. 3401 (Majority) Ways and Means on H.B. No. 2413**

The purpose and intent of this measure is to include public-private partnerships under Hawaii's prevailing wage law for public construction work, by amending the definition of "governmental contracting agency".

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, the Hawaii Operating Engineers Industry Stabilization Fund, the Hawaii Construction Alliance, Laborers Union Local 368, the Hawaii Regional Council of Carpenters, and the Hawaii Iron Workers Stabilization Fund.

Your Committee finds that existing law does not specifically address whether public-private construction projects should be subject to the State's prevailing wage law for public works projects because the existing definition of "governmental contracting agency" under chapter 104, Hawaii Revised Statutes, does not specifically include public-private partnerships. Your Committee believes that if government resources are used in a public-private partnership, the prevailing wage law for public works projects should apply.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2413, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Kouchi).

**SCRep. 3402 Ways and Means on H.B. No. 2543**

The purpose and intent of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist BioTork Hawaii LLC in the production of a facility to convert agricultural crops and by-products to biofuels and high-protein feed.

Your Committee received written comments in support of this measure from the Department of Agriculture, the Agribusiness Development Corporation, and the Hawaii Farm Bureau Federation. The Department of Budget and Finance submitted written comments on this measure.

Your Committee finds that supporting the construction of a facility to convert crops, crop residue, and agricultural waste into biofuels, high-protein feed, and other valuable products will enhance the agricultural industry, increase energy initiatives, and promote sustainability.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2543, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 12; Ayes with Reservations (Slom). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3403 Ways and Means on H.B. No. 1745**

The purpose and intent of this measure is to make various amendments to the public charter schools law, including among other things, authorizing the State Public Charter School Commission to assess fees on non-state entities and individuals to offset its operating costs.

Your Committee received written comments in support of this measure from the State Public Charter School Commission and the Hawaii Public Charter Schools Network. Written comments in opposition to this measure were received from one individual.

Your Committee finds that this measure is necessary to further strengthen the public charter schools in the State so that they may continue to provide quality education for their students. Your Committee believes that the provisions in this measure will improve charter schools' governance and financial management.

Your Committee has amended this measure by:

- (1) Clarifying the composition of charter school governing boards; and
- (2) Correcting certain terms and cross-references.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1745, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1745, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3404 Ways and Means on H.B. No. 2597**

The purpose and intent of this measure is to improve the quality of education in Hawaii public schools.

More specifically, this measure:

- (1) Authorizes, under the teacher national board certification incentive program, an additional category under which a teacher may receive an annual bonus if the teacher maintains current national board certification and teaches at a school in a focus, priority, or Superintendent's zone; and
- (2) Deletes obsolete references in the statute governing the teacher national board certification incentive program.

Your Committee received written comments in support of this measure from the Department of Education, 1,978 "Conventional People," and one individual.

Your Committee finds that the teacher national board certification incentive program recognizes and supports public school teachers who have achieved certification by the National Board for Professional Teaching Standards. This measure aligns the incentive program with the Department of Education's current method of evaluating school performance and will help to ensure that students in all public schools are taught by highly motivated, highly qualified teachers who are fairly compensated.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2597, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2597, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3405 Ways and Means on H.B. No. 1893**

The purpose and intent of this measure is to support disaster response services in the State.

More specifically, this measure:

- (1) Establishes the disaster response special fund, the assets of which shall be transferred on an annual basis to certain organizations engaged in disaster response; and
- (2) Authorizes taxpayers to designate, on their tax return, a portion of their tax refund for deposit into the disaster response special fund.

Your Committee received written comments in support of this measure from the American Red Cross, Hawaii State Chapter. Written comments in opposition were received from the Department of Taxation and one individual. The Department of Budget and Finance and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that this measure, as currently drafted, places the disaster response special fund in chapter 127, Hawaii Revised Statutes, entitled "Disaster Relief." Your Committee notes, however, that the provisions of chapter 127, Hawaii Revised Statutes, have been indefinitely suspended and are currently superseded by chapter 128, Hawaii Revised Statutes, entitled "Civil Defense and Emergency Act." Accordingly, your Committee finds that it would be more appropriate to place the special fund in chapter 128, Hawaii Revised Statutes. Your Committee believes that the funding mechanism provided in this measure for organizations engaged in disaster response will lead to improvements in disaster response services and help mitigate the loss of life and property when disasters or civil emergencies occur.

Your Committee has amended this measure by:

- (1) Placing the disaster response special fund in chapter 128, Hawaii Revised Statutes, rather than chapter 127, Hawaii Revised Statutes;
- (2) Clarifying that the disaster response special fund shall be administered by the Adjutant General;
- (3) Clarifying the organizations to which the assets of the special fund shall be transferred;
- (4) Changing the effective date to January 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of consistency, clarity, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1893, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1893, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.  
Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3406 Ways and Means on H.B. No. 154**

The purpose and intent of this measure is to authorize the Director of the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa to establish a two-year industrial hemp remediation and biofuel crop pilot program.

Prior to the hearing on this measure, your Committee made available a proposed S.D. 2 for review and comment. The proposed S.D. 2 amends this measure by:

- (1) Adding a reference in section 1 to section 7606 of the federal Agricultural Act of 2014 authorizing institutions of higher education and state departments of agriculture to conduct industrial hemp research;
- (2) Changing all references to the "director" of the College of Tropical Agriculture and Human Resources at the University of Hawaii Manoa to the "dean";
- (3) Changing all references to "pilot program" to "research program";
- (4) Removing the requirement that the program be issued a federally controlled substance registration by the United States Department of Justice, Drug Enforcement Administration;
- (5) Changing the date to submit the final report to the Legislature from no later than twenty days prior to the convening of the 2015 Regular Session to no later than twenty days prior to the convening of the 2016 Regular Session;

- (6) Removing the requirement that the final report contain information on the best method for disposal of the different contaminants extracted from the soil by industrial hemp;
- (7) Removing the provision authorizing the adoption of rules to implement and set standards for participation in the program;
- (8) Removing the appropriation to the University of Hawaii for the program;
- (9) Changing the effective date from July 1, 2112, to July 1, 2014, and the repeal date from July 1, 2015, to July 1, 2016; and
- (10) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

Your Committee received written comments in support of H.B. No. 154, S.D. 1, from the Department of Business, Economic Development, and Tourism; the Department of Public Safety; College of Tropical Agriculture and Human Resources of the University of Hawaii at Manoa; Life of the Land; 1978 Conventional People; and twenty-four individuals. The Department of Agriculture submitted comments on this measure.

Your Committee received written comments in support of the proposed S.D. 2 from the University of Hawaii at Manoa; the Department of Business, Economic Development, and Tourism; the Department of Agriculture; and twelve individuals.

Your Committee finds that permitting the University of Hawaii to participate in industrial hemp research, as authorized by the recently enacted federal Agricultural Act of 2014, will enable researchers to develop and refine our knowledge of the benefits of industrial hemp, including its use for removing contaminants from soil through phytoremediation. In addition, the program offers the opportunity to research the viability of industrial hemp as an environmentally friendly and efficient biofuel feedstock.

Your Committee has amended this measure by adopting the proposed S.D. 2 and amending it further by:

- (1) Adding language that requires the research project to meet the requirements established by section 7606(b)(1)(B)(i) and (ii) of the federal Agricultural Act of 2014;
- (2) Defining the term “industrial hemp”;
- (3) Adding an appropriation of an unspecified amount, to be expended by the College of Tropical Agriculture and Human Resources for the industrial hemp remediation and biofuel crop research program;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of style, clarity, and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 154, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 154, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

#### **SCRep. 3407 Ways and Means on H.B. No. 2147**

The purpose and intent of this measure is to provide exemptions from the public concession bidding process for airport and Stadium Authority contracts for wireless and communication services and for advertising.

Your Committee received written comments in support of this measure from the Department of Transportation, the Stadium Authority, and the Airport Concessionaires Committee.

Your Committee finds that the rapid development and continuing evolution of communications and advertising technologies have altered the way in which communication occurs, advertising is conducted, and sales are performed. Personal hardware connectivity and compatibility requirements continue to evolve as technologies improve. Thus, government contracting for certain concessions must include flexible procedures to ensure efficiency and the most beneficial economic results.

Your Committee has amended this measure by:

- (1) Changing “wireless and communication services” references to “electronic communication services,” which includes wireless services;
- (2) Clarifying that the Stadium Authority’s exemption from the bidding process for concessions pertains to the operation of concessions providing electronic communication services and concessions consisting solely of advertising;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2147, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Kahele, Thielen, Slom). Noes, none. Excused, 1 (Kouchi).

#### **SCRep. 3408 Ways and Means on H.B. No. 1932**

The purpose and intent of this measure is to enhance the biosecurity of the State.

Specifically, this measure:

- (1) Requires the Department of Agriculture to establish or participate in private-public partnerships to enhance the biosecurity program and quarantine inspection process; and
- (2) Appropriates funds to the Department of Agriculture to enable the department to complete the implementation of the biosecurity program.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the Department of Transportation, Land Use Research Foundation of Hawaii, Oahu Invasive Species Committee, Hawaii Macadamia Nut Association, Hawaii Farm Bureau Federation, Island Princess Macadamia Nut Company, Able Freight Services Inc., Royal Hawaiian Services, Hawaii Cattlemen's Council, Inc., and seven individuals. The Department of Agriculture submitted written comments on the measure.

Your Committee finds that invasive species are one of the greatest threats to Hawaii's economy, natural environment, and the health and lifestyle of Hawaii's people. The irreparable and costly damage to Hawaii's environment and ecosystem caused by invasive plants and animals has resulted in the destruction of valuable crops and native forests. Your Committee believes that this measure will augment the Department of Agriculture's implementation of its biosecurity program by providing the necessary flexibility and funding to fully execute a comprehensive strategy to detect and eradicate invasive species.

Your Committee has amended this measure by:

- (1) Authorizing the Department of Agriculture to implement the biosecurity program with funding from other sources;
- (2) Specifying that only Department of Agriculture employees may perform actual inspections;
- (3) Specifying that the appropriation shall be used for:
  - (A) An electronic manifest system for maritime cargo inspections;
  - (B) Import replacement of high risk crops and the development of systems management to enhance pest management practices;
  - (C) Research on new generation pesticides and development of integrated pest management methods;
  - (D) Development of quarantine treatment options;
  - (E) Development and implementation of diagnostics to quickly and reliably identify new and evolving pests and diseases;
  - (F) Improvement of productivity of inspection capacity; and
  - (G) Conducting public and agriculture industry education activities; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1932, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1932, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Dela Cruz, Kouchi, Tokuda, Slom).

**SCRep. 3409 (Majority Ways and Means on H.B. No. 2053)**

The purpose and intent of this measure is to establish a Fall Prevention and Early Detection Coordinator within the Emergency Medical Services and Injury Prevention System Branch of the Department of Health to coordinate the provision of public and private fall prevention and early detection services for the elderly.

The measure also appropriates an unspecified amount from the trauma system special fund to fund the Fall Prevention and Early Detection Coordinator position.

Your Committee received written comments in support of this measure from the Department of Health, the Executive Office on Aging, the Hawaii Alliance for Retired Americans, Comforting Hands Hawaii, the Hawaii Fall Prevention Consortium, the Hawaii Primary Care Association, American Medical Response, and two individuals.

Your Committee finds that falls are the leading cause of fatal injuries and injury-related hospitalizations among the elderly in Hawaii. Your Committee recognizes that fall prevention is critical for the safety and well-being of the State's elderly residents. Accordingly, your Committee believes that this measure will promote a statewide approach to prevent injuries and detect fall occurrences among the elderly.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2053, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 1 (Slom). Excused, none.

**SCRep. 3410 Ways and Means on H.B. No. 2094**

The purpose and intent of this measure is to extend by five years the repeal date of Act 21, Special Session Laws of Hawaii 2009, which requires home care agencies to be licensed by the Department of Health.

The measure also:

- (1) Appropriates an unspecified amount to establish a permanent full-time position in the Department of Health to facilitate the licensing of home care agencies; and
- (2) Beginning with fiscal year 2015-2016, requires the Department of Health to request funding for the newly established position as part of its annual budget request to the Director of Finance.

Your Committee received written comments in support of this measure from the Department of Health, Healthcare Association of Hawaii, and The Chamber of Commerce of Hawaii.

Your Committee finds that home care is a quickly expanding component of elderly care, due in large part to the fact that a majority of the elderly population prefers to age in place. Your Committee further finds that home care enables the aging population to remain in their homes, by providing assistance with daily living activities and by providing other related in-home care. Your Committee believes that this measure will help to ensure that Hawaii's elderly population receives the highest quality care from home care providers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2094, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 2 (Dela Cruz, Kouchi).

**SCRep. 3411 (Majority) Ways and Means on H.B. No. 1671**

The purpose and intent of this measure is to change the amount of transient accommodations tax revenues allocated to the counties from \$93,000,000 to an unspecified percentage of revenues collected.

Your Committee received written comments in support of this measure from the City and County of Honolulu Office of the Mayor, the County of Hawaii Office of the Mayor, three County of Maui Council Members, two County of Hawaii Council Members, four County of Kauai Council Members, the Maui County Council, the Hawaii Council of Mayors, the Hawaii County Council, the Kauai County Council Chair, the Kauai County Council Vice Chair, two City and County of Honolulu City Council Members, the Paia Youth and Cultural Center, ILWU Local 142, the Hawaii Association of Vacation Rental Managers, and five individuals. Written comments in opposition were received from the Department of Budget and Finance. The Department of Taxation, Hawaii Lodging and Tourism Association, Maui Hotel and Lodging Association, and Tax Foundation of Hawaii submitted written comments.

Your Committee finds that this measure may increase the allocation of revenues to the counties that may be used to provide for public safety, parks, road maintenance, and visitor-related services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1671, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, 1 (Slom). Excused, 1 (Chun Oakland).

**SCRep. 3412 Ways and Means on H.B. No. 1715**

The purpose and intent of this measure is to educate Hawaii's kupuna regarding risky investments and protect them from fraud.

Specifically, this measure appropriates funds to the Department of Commerce and Consumer Affairs for educational programs targeted at kupuna and related to investments and other financial matters.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that kupuna are often targeted by unscrupulous purveyors of risky investments and fraudulent schemes. Your Committee therefore believes there is a growing need for education programs within the Department of Commerce and Consumer Affairs to educate and inform kupuna about wise investment choices and protections against financial fraud.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1715, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3413 (Majority) Ways and Means on H.B. No. 2312**

The purpose and intent of this measure is to provide resources to protect the environment and to promote renewable energy technology and its use in the State.

Specifically, the measure:

- (1) Reestablishes the energy systems development special fund, which was repealed on July 30, 2013;
- (2) Increases the amount of the environmental response, energy, and food security tax, also known as the barrel tax, to be deposited into the environmental response revolving fund; and
- (3) Extends the repeal of the various allocations of the environmental response, energy, and food security tax from June 30, 2015, to June 30, 2030.

Your Committee received written comments in support of this measure from the Public Utilities Commission, the Department of Budget and Finance, the Department of Business, Economic Development, and Tourism, Hawaii Natural Energy Institute of the University of Hawaii at Manoa, Hawaii Green Growth, Renewable Energy Action Coalition of Hawaii, The Nature Conservancy,

Hawaii Energy Policy Forum, and Big Island Invasive Species Committee. The Department of Health and the Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that reestablishing the energy systems development special fund will provide a mechanism to fund renewable energy priorities of the State, thus helping the State accomplish its goal of increased energy self-sufficiency and diversified renewable energy production.

Your Committee also finds that a portion of revenues collected from the environmental response, energy, and food security tax, levied on each barrel of crude oil imported into the State, is deposited into the environmental response revolving fund, which supports oil spill responses and environmental remediation. Your Committee further finds that the fund balance is now dangerously low due to reduced consumption of crude oil, while the demand for hazard evaluations and responses has increased in recent years due to events such as the Honolulu Harbor molasses spill.

Accordingly, your Committee believes that increasing the amount of the environmental response, energy, and food security tax to be deposited into the environmental response revolving fund is necessary to protect the State and its residents and visitors from oil pollution and similar hazards.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2312, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Chun Oakland).

**SCRep. 3414 (Majority) Ways and Means on H.B. No. 1900**

The purpose and intent of this measure is to amend the transient accommodations tax with regard to destination clubs.

More specifically, this measure:

- (1) Establishes that destination clubs shall be taxed at the same rate as resort time share vacation units; and
- (2) Requires destination club membership plan managers to register with the Department of Taxation and maintain certain records.

Your Committee received written comments in support of this measure from Exclusive Resorts. Written comments in opposition were received from the Department of Taxation. The Tax Foundation of Hawaii submitted written comments on the measure.

Your Committee finds that destination clubs own various properties in multiple states or countries. In exchange for membership dues, these clubs provide their members with the right to use or occupy the destination club's facilities in various locations. However, destination club membership does not confer an ownership interest in the destination club's facilities. Your Committee further finds that destination clubs are presently subject to the transient accommodations tax, which is codified as chapter 237D, Hawaii Revised Statutes. Your Committee believes that this measure provides clarification on how the transient accommodations tax is to be imposed on destination clubs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1900, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.  
Ayes, 11. Noes, 1 (Slom). Excused, 1 (Chun Oakland).

**SCRep. 3415 (Majority) Ways and Means on H.B. No. 1902**

The purpose and intent of this measure is to establish a Hunting Advisory Commission to advise the Board of Land and Natural Resources on proposals to enhance and maintain the quantity and quality of public hunting areas.

The measure also:

- (1) Establishes a hunting pilot program for the implementation of a game management plan or hunting plan on the island of Hawaii; and
- (2) Appropriates \$110,000 for the administrative expenses of the Hunting Advisory Commission, subject to matching funds provided by the County of Hawaii.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the County of Hawaii Office of the Mayor, the Hawaii Rifle Association, the Hawaii Sportsmen Alliance, JK Taxidermy, the Hawaii Hunting Association, the Hawaii County Game Management Advisory Commission, the National Wild Turkey Federation, the National Rifle Association, and forty-eight individuals. Written comments in opposition were received from the Kauai Watershed Alliance, the Big Island Invasive Species Committee, and seven individuals. The Office of Hawaiian Affairs, The Nature Conservancy, and five individuals submitted written comments.

Your Committee finds that the enhancement and maintenance of sustainable public hunting opportunities are of critical importance to the State and its people. Your Committee believes that this measure will facilitate a coordinated resource management effort to preserve, protect, and promote public hunting.

Your Committee has amended this measure by:

- (1) Eliminating the tourism industry representative from membership on the Hunting Advisory Commission, thereby reducing the composition of the Commission from twelve to eleven members;

- (2) Specifying that of the two Commission members from the Department of Land and Natural Resources, one member shall have experience in access or acquisition;
- (3) Specifying that of the five Commission members from the hunting community, not less than one member shall possess experience in game bird hunting and not less than one member shall possess experience in game mammal hunting;
- (4) Providing that any action taken by the Commission shall be by a simple majority of its members and that seven members shall constitute a quorum;
- (5) Providing that the Commission shall be subject to sections 26-34 (selection and terms of government board and commission members), 26-35 (administrative supervision of boards and commissions), 26-35.5 (immunity or indemnification for civil liability), and 26-36 (acting members of boards), Hawaii Revised Statutes;
- (6) Authorizing the Commission to adopt rules to carry out its duties;
- (7) Providing that the Commission shall advise the Department of Land and Natural Resources on the implementation of the hunting pilot program;
- (8) Changing the appropriation from \$110,000 to an unspecified amount;
- (9) Changing the effective date from July 1, 2014, to July 1, 2050, to facilitate further discussion on the measure; and
- (10) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1902, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1902, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Thielen). Noes, 1 (Ruderman). Excused, 1 (Tokuda).

**SCRep. 3416 Ways and Means on H.B. No. 1866**

The purpose and intent of this measure is to enhance oversight of the Hawaii Community Development Authority.

Specifically, the measure:

- (1) Prohibits the Hawaii Community Development Authority from assigning its powers and duties to any person or agency regarding variances, exemptions, or modifications relating to community development plans or rules;
- (2) Amends requirements related to public hearings, notice, and the vesting of rights for development permits;
- (3) Establishes procedures for intervention in development permit applications, including contested case hearings;
- (4) Requires applicants with proposed projects valued at \$250,000 or more to mail notice to owners and lessees within a three hundred foot radius of the proposed project;
- (5) Provides that reserved housing conveyed by the Hawaii Community Development Authority shall not be subject to legislative approval;
- (6) Authorizes the Hawaii Community Development Authority to assign the fee simple interest in Kakaako reserved housing to which it holds title;
- (7) Authorizes the Hawaii Community Development Authority to permit cash payments in lieu of providing reserved housing;
- (8) Repeals the authority of the Governor to set aside public lands within a development district to the Hawaii Community Development Authority;
- (9) Establishes a maximum aggregate cap of \$3,641,818 per fiscal year on receipts and revenues that may be deposited into the Hawaii community development revolving fund, with excess amounts transferred to the general fund;
- (10) Establishes a height limit of four hundred eighteen feet in Kakaako; and
- (11) Establishes legislative oversight of special facility revenue bond issuances by the Hawaii Community Development Authority.

Your Committee received written comments in support of this measure from Sky Ohana, U. Okada and Company Ltd., Malama Makaha, two individuals from Kakaako United, the Kakaako Makai Community Advisory Council, Friends of Kewalos, and thirty-eight individuals. Written comments in opposition were received from the Hawaii Community Development Authority, The Chamber of Commerce of Hawaii, the Koolaupoko Hawaiian Civic Club, the Land Use Research Foundation of Hawaii, the Building Industry Association of Hawaii, and one individual. The Department of the Attorney General, Alexander and Baldwin, the Howard Hughes Corporation, the Hawaii Construction Alliance, Hawaii's Thousand Friends, and two individuals submitted written comments.

Your Committee finds that the Legislature established the Hawaii Community Development Authority in 1976 as a public entity to facilitate long-range planning and implementation of improved community development. Your Committee further finds that concerns have been expressed regarding the apparent lack of public and legislative oversight of the Hawaii Community Development Authority. Your Committee believes that this measure will provide greater accountability and transparency in the Hawaii Community Development Authority's approval process for proposed projects.

Your Committee further finds that the Hawaii Community Development Authority should consider a proposed development project's impact on maintaining resources relevant to the State's economy, including public health issues such as sewers, roads, and water.

Your Committee also notes that this measure amends section 206E-7, Hawaii Revised Statutes, by providing that development rights under a master plan permit and master plan development agreement issued and approved by the Hawaii Community Development Authority are vested under the community development district rules in effect at the time of initial approval. Your Committee finds that this provision is not intended to result in the extension of development rights beyond the length of time specified in the agreement issued and approved by the Hawaii Community Development Authority.

Your Committee has amended this measure by:

- (1) Deleting the provisions of section 1 regarding public hearings, intervention, and contested case hearings, and instead, inserting related provisions into section 6;
- (2) Inserting language that amends the composition of and appointment of members to the Hawaii Community Development Authority and reconstitutes the Authority on March 1, 2015;
- (3) Requiring the Hawaii Community Development Authority, prior to approving a proposed project, to find that the proposed project is reasonable and consistent with the development rules and policies of the relevant development district, and providing criteria for the Authority's consideration;
- (4) Deleting the provisions of sections 8 and 9, which establish an annual cap for deposits of revenues into the Hawaii community development revolving fund;
- (5) Specifying that the four hundred eighteen feet height limitation applies to buildings and structures in the Kakaako Mauka area;
- (6) Changing the effective date from July 1, 2050, to July 1, 2014; and
- (7) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1866, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1866, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Thielen). Noes, none. Excused, 1 (Dela Cruz).

**SCRep. 3417 Tourism on Gov. Msg. Nos. 601, 694, 695, 696, and 697**

Recommending that the Senate advise and consent to the nominations of the following:

**BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY**

G.M. No. 601 L. RICHARD FRIED, JR., for a term to expire 6-30-2018;

G.M. No. 694 ROBERT HERKES, for a term to expire 6-30-2018;

G.M. No. 695 RANDOLPH PERREIRA, for a term to expire 6-30-2018;

G.M. No. 696 DONNA DOMINGO, for a term to expire 6-30-2018; and

G.M. No. 697 DENISE YAMAGUCHI, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds L. Richard Fried, Jr., Robert Herkes, Randolph Perreira, Donna Domingo, and Denise Yamaguchi to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Tourism Authority.

**L. RICHARD FRIED, JR.**

Your Committee received testimony in support of the nomination of L. Richard Fried, Jr., from three individuals.

Mr. Fried received Juris Doctor and Bachelor of Science degrees from the University of Arizona.

Mr. Fried is a founding member of the law firm of Cronin, Fried, Sekiya, Kekina, and Fairbanks. Mr. Fried has a national reputation in the fields of medical malpractice and aviation law. His honors and awards include the International Biographical Centre Advisory Council, as well as inclusion in Best Lawyers in America and Who's Who in American Law.

Your Committee finds that Mr. Fried has been an active participant and contributor on the Board of Directors of the Hawaii Tourism Authority during his interim appointment. Your Committee further finds that Mr. Fried's legal background, experience, and dedication qualify him for reappointment to the Board of Directors.

**ROBERT HERKES**

Your Committee received testimony in support of the nomination of Robert Herkes from the Outrigger Enterprises Group, Pacific Marketing Corporation, 1,978 "Conventional People", and seven individuals.

Mr. Herkes attended Cornell University and City College of San Francisco, graduating from the Cornell School of Hotel Administration with honors. He received an Associate of Arts degree in Hotel/Restaurant Management from the City College of San Francisco.

Mr. Herkes has been involved with the hospitality industry and hotel management for over forty years. Prior to his retirement in 2000, Mr. Herkes served as Vice President of Kamehameha Investment Corporation. Mr. Herkes has management experience with several hotels and restaurants, including the Kona Surf, Herks Tavern, and Kauai Inn.

Mr. Herkes' political experience includes serving as a member of the Hawaii State Senate and House of Representatives. Additionally, Mr. Herkes served as Chair of the Hawaii Hotel Association. Your Committee finds that Mr. Herkes is a dedicated, knowledgeable, and experienced individual who will serve Hawaii well by providing direction and support to the Hawaii Tourism Authority.

#### RANDOLPH PERREIRA

Your Committee received testimony in support of the nomination of Randolph Perreira from ILWU Local 142; AFSCME Local 152, AFL-CIO; Hawaii State AFL-CIO; The Mestizo Association; and three individuals.

Mr. Perreira received a Master of Business Administration degree in Personnel Administration from Michigan State University and a Bachelor of Arts degree in Management from the University of Notre Dame.

Mr. Perreira currently serves as the Executive Director of the Hawaii Government Employees Association. Mr. Perreira also serves as the President of Hawaii State AFL-CIO and Trustee of The Queen's Health Systems. Additionally, Mr. Perreira is a member of the Aloha United Way Board of Directors, P-20 Council for the State of Hawaii, American Judicature Society (Hawaii) Board of Directors, Industrial Relations Research Association Board, Hawaii Medical Services Association Board, and Bishop Museum Board of Directors.

Your Committee finds that Mr. Perreira's education, experience, and background qualify him for appointment to the Board of Directors of the Hawaii Tourism Authority.

#### DONNA DOMINGO

Your Committee received testimony in support of the nomination of Donna Domingo from the Hawaii Government Employees Association; AFSCME Local 152, AFL-CIO; ILWU Local 142; Hawaii State AFL-CIO; Ka'anapali Beach Hotel; and one individual.

Ms. Domingo attended Maui Community College. Since 2012, Ms. Domingo has served as the President of ILWU Local 142, a labor union with 18,000 members statewide who work primarily in the tourism industry. Prior to this position, she served as the Vice President of ILWU Local 142. Ms. Domingo also has experience working for the Aston Maui Lu Resort.

Ms. Domingo served as the Commissioner of the Maui Planning Commission from 2008 to 2013. Additionally, Ms. Domingo has served on the boards of the Liquor Adjudication Board in Maui, Pacific Century Fellow Program, and Aloha United Way.

Upon review of the testimony, your Committee finds that Ms. Domingo has an impressive work ethic, strong sense of integrity, and a fresh perspective that will contribute to the Hawaii Tourism Authority.

#### DENISE YAMAGUCHI

Your Committee received testimony in support of the nomination of Denise Yamaguchi from Hawaiian Airlines, Inc.; Young Brothers, Limited; Hawaii Lodging and Tourism Association; The Modern Honolulu; Pacific Guardian Life; Humboldt Bay Energy, LLC; Maui County Farm Bureau; Sunn Media, LLC; and several individuals.

Ms. Yamaguchi received a Master of Business Administration degree in Marketing from George Washington University and a Bachelor of Science degree in Commerce and Finance from Santa Clara University.

Ms. Yamaguchi currently serves as the Executive Director of the Hawaii Ag and Culinary Alliance. Over the past four years, Ms. Yamaguchi worked with the Hawaii Tourism Authority and major visitor industry partners on Oahu, Maui, and Hawaii to create and develop the State's premier epicurean event, the Hawaii Food and Wine Festival. Prior to this position, Ms. Yamaguchi served as the Executive Director of the Hawaii Agricultural Foundation.

Throughout her career, Ms. Yamaguchi has gained experience working as a tourism executive with several visitor industry-related companies. Ms. Yamaguchi enjoys giving back to the community by volunteering with Aloha Festivals, Fiftieth Anniversary of Statehood Commission, Girl Scouts Council of Hawaii, Hawaii Women's Political Caucus, and Japanese Cultural Center of Hawaii. Your Committee finds that Ms. Yamaguchi will be a valuable asset and contributor to the Hawaii Tourism Authority.

As affirmed by the records of votes of the members of your Committee on Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

#### **SCRep. 3418 Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 35**

The purpose and intent of this measure is to express the legislature's support of the Troop Talent Act of 2013.

Your Committee received testimony in support of this measure from the National Association for Uniformed Services, Hawaii Chapter; The Chamber of Commerce of Hawaii; The Mestizo Association; and one individual.

Your Committee finds that the transition from military to civilian life is difficult for countless veterans, leading to high unemployment rates in the veteran population. Despite many veterans leaving the military with valuable skills and training, several obstacles, including injuries, lack of civilian work experience, and license and certification issues, hinder a smooth transition from military service to civilian life. The Troop Talent Act of 2013 assists veterans in adjusting to civilian life by reestablishing the Professional Certification and Licensure Advisory Committee and ensuring that veterans and members of the United States Armed Forces are provided with proper education and training to better assist them in obtaining civilian certifications and licenses.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35, as amended herein, and recommends that it be referred to the Committee on Commerce and Consumer Protection, in the form attached hereto as H.C.R. No. 35, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 3419 Human Services on Gov. Msg. No. 701**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII PUBLIC HOUSING AUTHORITY

G.M. No. 701 GILBERT DE MOTTA, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Gilbert De Motta to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Public Housing Authority.

Your Committee received testimony in support of the nomination of Gilbert De Motta from the Department of Human Services, Department of Labor and Industrial Relations, Hawaii Public Housing Authority, Board of Directors of the Hawaii Public Housing Authority, Hawaii Regional Council of Carpenters, International Longshore and Warehouse Union Local 142 Hawaii, and two individuals. Your Committee received comments on this nomination from one individual.

Mr. De Motta is a certified tour bus driver and journeyman welder, working in those fields on the Island of Hawaii for over forty-five years. He also has an extensive history of involvement and leadership with housing development on the Island of Hawaii. Mr. De Motta was president of the Board of the Hawaii Island Community Development Corporation for fifteen years, served as the president for the Board of Jack Hall Housing Projects, and currently is serving his forty-eighth year as a member of the International Longshore and Warehouse Union Local 142 for the Island of Hawaii. He is an active community member, well regarded throughout the community, and has been recognized for his service through various acknowledgments and awards.

Your Committee finds that Mr. De Motta's experience, compassion, good judgment, and commitment to locating housing for low and moderate income individuals qualify him for appointment to the Board of Directors of the Hawaii Public Housing Authority. He has volunteered on projects such as the Kulaimanu development at Pepeekeo which produced four hundred homes, developed an organization to assist employees of the Hamakua Sugar Company secure their plantation homes following the closing of the plantation, and become the housing specialist for the International Longshore and Warehouse Union Local 142. By serving on the Board, Mr. De Motta hopes to identify more homes and land for low to moderate income individuals, improve existing low-income housing areas, and complete the Lanakila housing renovation project.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3420 Human Services on Gov. Msg. Nos. 641 and 642**

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON FATHERHOOD

G.M. No. 641 S. BRUCE BERGER, for a term to expire 6-30-2017; and

G.M. No. 642 CARL MAKINO, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds S. Bruce Berger and Carl Makino to possess the requisite qualifications to be nominated to the Commission on Fatherhood.

S. BRUCE BERGER

Your Committee received testimony in support of the nomination of S. Bruce Berger from the Department of Human Services. Your Committee received comments on the nomination of S. Bruce Berger from one individual.

Mr. Berger is a licensed mental health counselor and is certified as both a rehabilitation and substance abuse counselor. He is currently a counseling psychologist with the United States Army's Alcohol and Substance Abuse Clinic at Schofield Barracks and has over twenty years of counseling experience in Hawaii. Through his work with the United States Army's Alcohol and Substance Abuse Clinic, Mr. Berger addresses issues of alcoholism and substance abuse by providing an array of services to soldiers who are in need of services and supports, particularly soldiers who are fathers that are in need of therapy or counseling.

Your Committee finds that Mr. Berger's professional experience as well as his personal experience as a father who is familiar with the family court system make him a valuable member of the Commission on Fatherhood. Mr. Berger has worked to promote a father-friendly family court in Hawaii and bring awareness to the need for more transparency within the judicial system. He believes it is important to take an active role on the Commission, and he strives to involve community members and their talents and skills for the benefit of fathers and families. Mr. Berger indicated in his personal statement that he hopes to continue contributing to the Commission through grassroots activities that promote fatherhood and by consulting, collaborating, and helping launch a fatherhood needs assessment.

CARL MAKINO

Your Committee received testimony in support of the nomination of Carl Makino from the Department of Human Services and State Commission on Fatherhood.

Mr. Makino has an extensive education background, with degrees in psychology, education, and educational administration. Most recently Mr. Makino was a case worker with the Fatherhood Services of The Salvation Army's Family Treatment Services. In this role, he was responsible for providing services to fathers including classes for new fathers, educational and vocational counseling, domestic violence prevention training, job search assistance, relapse prevention, and assistance with entering substance abuse treatment programs. Mr. Makino has also worked as The Salvation Army's prison liaison and counseled men incarcerated in Oahu's corrections facilities.

Your Committee finds that Mr. Makino's education and counseling background, experience working with fathers, and previous position with a state board support his re-appointment to the Commission on Fatherhood. He brings over thirty years of dedicated public service and experience, along with demonstrated leadership and integrity, to the Commission. Mr. Makino indicated in his personal statement that during his current term serving on the Commission he has helped the Commission broaden its vision and formulate a strategic plan. Going forward, he hopes to see the initiatives he has started come to fruition.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3421 Agriculture on Gov. Msg. Nos. 619 and 620**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION

G.M. No. 619 KEKOA KALUHIWA, for a term to expire 6-30-2018; and

G.M. No. 620 JOAN NAMKOONG, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Kekoa Kaluhiwa and Joan Namkoong to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Board of Directors of the Agribusiness Development Corporation.

KEKOA KALUHIWA

Your Committee received testimony in support of this nominee from the Agribusiness Development Corporation; Hawaii Farm Bureau Federation; Hamakua County Farm Bureau; Hawaii Cattlemen's Council, Inc.; Ku'iwalu; Young Brothers, Ltd.; Ko'olau Foundation; Ko'olaupoko Hawaiian Civic Club; First Wind; and twelve individuals.

Mr. Kaluhiwa earned a Bachelor's degree in Political Science from the University of Washington and a Master's degree in Public Administration with an emphasis in Environmental Planning and Management Theory from the University of Hawaii at Manoa. He currently serves as the Principal for Kuano'o Communications LLC, providing clients with government and public relations strategies and services, including legislative lobbying, bill tracking, and media monitoring. He previously served as the Director of External Affairs for First Wind Energy where he served as a government, community, and media relations representative for the largest renewable energy provider in Hawaii. He has also worked for the Office of United States Senator Daniel K. Akaka as an Executive Assistant; as an Intern at the Land Assets Division of Kamehameha Schools; and as a Fellow for the United States Department of Housing and Urban Development.

Mr. Kaluhiwa is an active community member and, among other activities, serves on the Board of the Kualoa-He'eia Ecumenical Youth Project and is a Volunteer Instructor for the Hunter Education Program under the Department of Land and Natural Resources. Given Mr. Kaluhiwa's valuable leadership skills and wealth of business experience, he will be a great asset to the Board of Directors of the Agribusiness Development Corporation.

JOAN NAMKOONG

Your Committee received testimony in support of this nominee from the Agribusiness Development Corporation; Kauai Chamber of Commerce; Hawaii Farm Bureau Federation; Hawaii Cattlemen's Council, Inc.; Kukaiu Ranch, LLC; Matsuda-Fukuyama Farms, Inc.; 4 Ag Hawaii; Armstrong Produce; Sugarland Growers Inc.; and twenty-one individuals.

Ms. Namkoong, an avid supporter of local agriculture, is currently a freelance food writer with monthly columns for the Honolulu Star-Advertiser. She also serves on the board of the Hawaii Culinary Education Foundation and the Hawaii Cattle Producers Coop. In 2003, Ms. Namkoong cofounded the widely popular Kapiolani Community College Farmers' Market, which sparked the emergence of farmers' markets throughout the State. As food editor for the Honolulu Advertiser from 1994 to 2001, she reported on emerging food trends and the development of diversified agriculture, as well as many stories that supported local food crops and farmers. She is also an author of several books devoted to local foods and chefs in Hawaii. From 1976 to 1992, she owned and ran the Compleat Kitchen, the first retailer of kitchenware in Hawaii with stores in Kahala Mall and Ala Moana Center. Ms. Namkoong's valuable business experience, community advocacy, and agricultural knowledge will be an asset to the Board of Directors of the Agribusiness Development Corporation, as a Hawaii County representative.

As affirmed by the records of votes of the members of your Committee on Agriculture that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3422 Agriculture on Gov. Msg. Nos. 689 and 690**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF AGRICULTURE

G.M. No. 689 JERRY ORNELLAS, for a term to expire 6-30-2018; and

G.M. No. 690 MICHELLE GALIMBA, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Jerry Ornellas and Michelle Galimba to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Board of Agriculture.

JERRY ORNELLAS

Your Committee received testimony in support of this nominee from the Department of Agriculture; Kauai County Office of the Mayor; Hawaii Farm Bureau Federation; Kauai Chamber of Commerce; 4 Ag Hawaii; Hawaii Cattlemen's Council, Inc.; Hamakua County Farm Bureau; Kauai County Farm Bureau; Maui County Farm Bureau; Kukaiau Ranch, LLC; Hawaii Floriculture and Nursery Association; Grove Farm Company, Inc.; Hawaii Floriculture & Nursery Association; Sugarland Growers Inc.; Ulupono Initiative; Young Brothers; The Nature Conservancy; DuPont Pioneer; and thirty-one individuals.

Mr. Ornellas is a farmer with more than forty years of experience in the agricultural sector. He is the owner of Agland Management LLC, in Kauai, which produces tropical fruit for local distribution. From 1990 to 2011, he worked as an Agricultural Research Technician for the University of Hawaii College of Tropical Agriculture and Human Resources and from 1992-2002, he was a partner in Kainahola Banana Farm in Kauai. From 1972 to 1992, he managed his family agricultural land, which included ranching and diversified agriculture. Finally, from 1966 to 1971, he managed a one-hundred head dairy farm at Ornellas Dairy.

Mr. Ornellas currently serves as a member of the Board of Agriculture, and also serves on the Kauai Agricultural Advisory Committee and the Kauai Economic Development Board. He is also the President and founding member of the East Kauai Water User's Cooperative; the President of the Kauai County Farm Bureau; and on the board of the Hawaii Farm Bureau Federation. Based on Mr. Ornellas' extensive local agricultural experience, community involvement, and previous contributions to the Board of Agriculture, Mr. Ornellas is ideally suited for reappointment to the Board of Agriculture, as a Kauai County representative.

MICHELLE GALIMBA

Your Committee received testimony in support of this nominee from the Department of Agriculture; Hawaii Farm Bureau Federation; Hamakua County Farm Bureau; Maui County Farm Bureau; Hawaii Beef Producers, LLC; 4 Ag Hawaii; Sugarland Growers Inc.; Matsuda-Fukuyama Farms, Inc.; Hawaii Cattlemen's Council, Inc.; Young Brothers; Ulupono Initiative; The Nature Conservancy; and twenty-two individuals.

Ms. Galimba earned her Bachelor's degree in Asian Studies from the University of Oregon and her Master's degree and Doctor of Philosophy in Comparative Literature from the University of California at Berkeley. She is currently a rancher, co-manager, and share-holder for Kuahiwi Ranch/Kuahiwi Contractors, Inc., where she does everything from grant-writing to plumbing to specialized livestock handling. She is the Chairperson of the Hawaii Beef Industry Council and the former President of the Hawaii Cattlemen's Association, Inc. She also serves on the Ka'u Agricultural Water Steering Committee, Hawaii County 4-H Livestock Committee, Ka'u Community Development Plan Steering Committee, and as a Director of the Ka'u Farm Bureau. Ms. Galimba's extensive knowledge of water cycles, pasture and herd management, environmental and regulatory issues, and marketing and distribution, combined with her excellent communication skills makes Ms. Galimba an ideal candidate for reappointment to the Board of Agriculture.

As affirmed by the records of votes of the members of your Committee on Agriculture that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, 2 (Dela Cruz, English).

**SCRep. 3423 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. No. 621**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS

G.M. No. 621 HENK ROGERS, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Henk Rogers to possess the requisite qualifications to be nominated to the Board of Directors of the Pacific International Space Center for Exploration Systems (PISCES).

Your Committee received testimony in support of the nomination of Henk Rogers from the Department of Business, Economic Development and Tourism, and eight individuals.

Henk Rogers currently serves on the Board of Directors of PISCES and has proven to be a hardworking and contributing member. Mr. Rogers is the President and Chief Executive Officer of Blue Planet Software, an intellectual property management firm that owns and manages computer games. Mr. Rogers received a Computer Science degree from the University of Hawaii at Manoa and is perhaps best known for bringing the video game Tetris to the United States and world market. Additionally, Mr. Rogers is an advisor

to the University of Hawaii College of Engineering; serves as the Chairman of Blue Planet Foundation; and is the Executive Committee Chairman of SEE-IT, a science and technology showcase that encourages students to pursue a science, technology, engineering, and mathematics (STEM) career.

Your Committee finds that Mr. Rogers' experience as a current member of the Board of Directors of PISCES, extensive background in running technology companies, and commitment to advancing space exploration will continue to provide a valuable perspective to the Board of Directors of PISCES and inspire engineers, politicians, and members of the public to participate in the PISCES program.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Green, Slom).

**SCRep. 3424 Public Safety, Intergovernmental and Military Affairs on Gov. Msg. No. 622**

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 622 RACHEL JAMES, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Rachel James to possess the requisite qualifications to be nominated to the Advisory Board on Veterans' Services.

Your Committee received testimony in support of the nomination of Rachel James from the State Office of Veterans Services, Armed Services YMCA of Honolulu, and ten individuals.

Rachel James, a United States Navy veteran, works as a constituent services liaison for United States Congresswoman Tulsi Gabbard and as a housing and intake specialist for Catholic Charities Hawaii Supportive Services for Veteran Families Program. She works directly with homeless and at-risk veterans to secure permanent housing; collaborates with community and veteran service organizations and various government agencies; and coordinates community outreach opportunities for Congresswoman Gabbard. Ms. James is also a member of the Hawaii Women Military Veterans Task Force, a subcommittee of the Advisory Board on Veterans' Services, and the Kuleana Microlending Board. She received a Master's degree in Global Leadership and Sustainable Development-Community Development from Hawaii Pacific University; a Bachelor's degree in Business-Accounting from the University of Phoenix; and an Associate's degree in Psychology from Cochise College.

Ms. James is described as a consummate professional with a strong work ethic. Her work with veteran and community service providers provides Ms. James with perspective in addressing the concerns of the State's veterans. Your Committee finds that Ms. James' diverse background of service, commitment to veterans, and genuine passion will benefit and add to the overall expertise of the Advisory Board on Veterans' Services.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Green).

**SCRep. 3425 (Joint) Technology and the Arts and Public Safety, Intergovernmental and Military Affairs and Commerce and Consumer Protection on H.C.R. No. 32**

The purpose and intent of this measure is to urge the United States Congress, Hawaii financial institutions, and Hawaii businesses to adopt legislation, policies, and procedures to implement the use of identity theft-resistant credit cards.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii State Federal Credit Union, and Honolulu Police Department. Your Committees received comments on this measure from the Hawaii Bankers Association, Hawaii Financial Services Association, and Hawaii Credit Union League.

Your Committees find that identity theft is expected to surpass traditional theft as the leading form of property crime. Identity theft, including credit card data theft, is a serious crime that can devastate an individual's finances, credit history, and reputation. To protect consumers and reduce fraud, identity theft-resistant credit cards have been developed. Identity theft-resistant credit cards have small, digital, internal components that allow a consumer to enter a personal unlocking code that generates a unique credit card number for every transaction, making the credit card more difficult to use by thieves. Identity theft-resistant credit cards are used throughout Europe and Asia, and at least one major bank in the State is already testing identity theft-resistant credit cards.

As affirmed by the records of votes of the members of your Committees on Technology and the Arts, Public Safety, Intergovernmental and Military Affairs, and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 32, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Technology and the Arts  
Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Ihara, Tokuda).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Galuteria, Green).

Commerce and Consumer Protection  
Ayes, 3; Ayes with Reservations (Slom). Noes, none. Excused, 2 (Nishihara, Taniguchi).

**SCRep. 3426 Technology and the Arts on H.C.R. No. 167**

The purpose and intent of this measure is to establish a task force to plan and coordinate the celebration of the fiftieth anniversary of the State Foundation on Culture and the Arts.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and the State Foundation on Culture and the Arts.

Your Committee finds that the State Foundation on Culture and the Arts (Foundation) was established by the Legislature in 1965, in large part through the vision and effort of Hawaii leaders, including architect and State Planning Coordinator Alfred Preis, the Foundation's Founding Chairperson Masaru "Pundy" Yokouchi, State Senator Nadao Yoshinaga, and Governor John Burns. The mission of the Foundation is to promote, perpetuate, preserve, and encourage culture and the arts, history, and the humanities as central to the quality of life of the people of Hawaii. The establishment of a task force to plan and coordinate the Foundation's fiftieth anniversary celebration recognizes the Foundation's contributions to the arts and cultural understanding in Hawaii.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 167, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 3427 Transportation and International Affairs on S.R. No. 8**

The purpose and intent of this measure is to request the reestablishment of state-province relations of friendship between the State of Hawaii and the Province of Ilocos Norte of the Republic of the Philippines.

Your Committee did not receive any testimony on this measure.

Prior to holding a hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which urges the United States to support the Republic of China's (Taiwan) participation in the Trans-Pacific Partnership.

Your Committee received testimony in support of the proposed S.D. 1 from the Taipei Economic and Cultural Office in Honolulu and the Hawaii Chinese Association. Your Committee received testimony in opposition to the proposed S.D. 1 from six individuals. Your Committee received comments on the proposed S.D. 1 from one individual. Your Committee believes, after review of the written testimony in opposition to the proposed S.D. 1, that the opposition misinterpreted the proposed S.D. 1 to instead support trade between Taiwan and mainland China, which is not the case.

Your Committee finds that President Obama's foreign policy strategy, "Rebalancing to Asia", represents a significant shift in American foreign policy from a Middle Eastern/European focus to an East/South Asian one. The effect of "Rebalancing to Asia", among other things, is that Asia-Pacific countries must integrate into regional economic organizations. Taiwan is a full member of the World Trade Organization and the Asia Pacific Economic Cooperation. As an industrialized nation, Taiwan aspires to play a more active role in the Asia-Pacific region and to provide more contributions to the international economic community.

If Taiwan joins the Trans-Pacific Partnership (TPP), it will be the sixth largest economy in the TPP. Taiwan is ready and qualified to join TPP as a member to provide more contributions to the Asia-Pacific region. Taiwan and the United States have long enjoyed a cordial friendship based on shared common interests in promoting peace, stability, and prosperity in the Asia-Pacific region. Taiwan would share the fruits of mutual free trade as a member of the TPP, and enhance and strengthen the economic and business ties between the people of Taiwan and the United States.

Your Committee has amended this measure by adopting the proposed S.D. 1.

As affirmed by the record of votes of the members of your Committee on Transportation and International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 8, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 8, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 8. Noes, none. Excused, 1 (Kahele).

**SCRep. 3428 (Joint) Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs on H.C.R. No. 242**

The purpose and intent of this measure is to urge the Mayor and Council of the County of Maui to take necessary steps to adopt and accept jurisdiction for Nahiku Bridge in the Hana district of the County of Maui.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that the safety of residents of the Hana district of the County of Maui may be at risk because of the condition of Nahiku Bridge. The ownership of Nahiku Bridge is in dispute. The Department of Land and Natural Resources defers to the Department of Transportation, which claims that Nahiku Bridge is the responsibility of the County of Maui. The County of Maui asserts that Nahiku Bridge is part of the old Hana Highway, which the county claims is owned by the State. The lack of established jurisdictional responsibility has resulted in a corresponding lack of maintenance of Nahiku Bridge.

Your Committees believe that the matter of jurisdictional responsibility for Nahiku Bridge must be resolved to protect the safety and well-being of residents of and visitors to the Hana district.

As affirmed by the records of votes of the members of your Committees on Transportation and International Affairs and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 242, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Transportation and International Affairs  
Ayes, 8. Noes, none. Excused, 1 (Kahele).

Public Safety, Intergovernmental and Military Affairs  
Ayes, 3. Noes, none. Excused, 2 (Baker, Green).

**SCRep. 3429 Health on Gov. Msg. Nos. 653 and 654**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HEALTH SYSTEMS CORPORATION

G.M. No. 653 ANDREW GARRETT, for a term to expire 6-30-2017; and

G.M. No. 654 BRANDON STARR, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Andrew Garrett and Brandon Starr to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Health Systems Corporation.

ANDREW GARRETT

Your Committee received testimony in support of the nomination of Andrew Garrett from the Governor; Department of Health; Hawaii Primary Care Association; Hawaii Health Information Exchange; Hawaii Medical Service Association; Kaiser Permanente; Hawaii Pacific Health; Healthcare Association of Hawaii; Hawaii Electric Industries, Inc.; The Queen's Health Systems; Hawaii Health Systems Corporation; and four individuals.

Mr. Garrett received a Master of Public Administration degree and Bachelor of Arts degree in Political Science from the University of Hawaii at Manoa.

In his current position as Vice President of the Hawaii Institute for Public Affairs, Mr. Garrett provides strategic guidance and manages internal and external communications with over a hundred healthcare industry stakeholders. Mr. Garrett has also worked for Communication Pacific, Inc. and State Representative Kenneth T. Hiraki.

Upon review of the testimony, your Committee finds that Mr. Garrett has an impressive work ethic, strong sense of integrity, and a fresh perspective that contributes to developing sound healthcare policy decisions. Your Committee further finds that Mr. Garrett has developed a broad understanding of healthcare issues in Hawaii and opportunities for transformation that will provide an important perspective to the Board of Directors of the Hawaii Health Systems Corporation.

BRANDON STARR

Your Committee received testimony in support of the nomination of Brandon Starr from the Hawaii Health Systems Corporation and three individuals.

Mr. Starr received an Associates degree in Legal Studies from National Paralegal College. He is in the process of obtaining a Bachelor of Science degree in Legal Studies from National Paralegal College.

Mr. Starr currently serves as Co-owner and Director of Operations for Maui Martial Arts, LLC. He also serves as Paralegal and Office Manager for the Law Offices of Ryther L. Barbin. Additionally, Mr. Starr volunteers as a tutor for underprivileged youth.

Your Committee finds that Mr. Starr is highly motivated and has taken substantial time to research issues facing the Hawaii Health Systems Corporation. Your Committee further finds that Mr. Starr is a talented, engaged, and committed individual who will serve as an asset to the Board of Directors of the Hawaii Health Systems Corporation.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3430 Health on Gov. Msg. Nos. 657, 658, 659, 660, 661, and 662**

Recommending that the Senate advise and consent to the nominations of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 657 LYNETTE SCHAEFER, for a term to expire 6-30-2016;

G.M. No. 658 DIAN GRUBER, for a term to expire 6-30-2018;

G.M. No. 659 CHARLES GRIEP, for a term to expire 6-30-2014;

G.M. No. 660 CHARLES GRIEP, for a term to expire 6-30-2018;

G.M. No. 661 CODY BONILLA, for a term to expire 6-30-2015; and

G.M. No. 662 RONALD KURODA, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories and resumes submitted by the nominees and finds Lynette Schaefer, Dian Gruber, Charles Griep, Cody Bonilla, and Ronald Kuroda to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Emergency Medical Services Advisory Committee.

LYNETTE SCHAEFER

Your Committee received testimony in support of Lynette Schaefer from the Department of Health, American Medical Response, and eight individuals.

Ms. Schaefer received a Master of Divinity degree from the Church Divinity School of the Pacific. She received a Bachelor of Education degree from the University of Hawaii at Manoa.

Ms. Schaefer currently serves as the Maui Police Department Chaplain. Prior to this position, she served as Pastor for Grace Episcopal Church. Ms. Schaefer's community service includes work with Hospice Hawaii Molokai, Molokai Community Health Center, Hale Ho'okupa'a, Hale Laiku Shelter for Victims of Family Violence, and Molokai Humane Society.

Your Committee finds that Ms. Schaefer has served on numerous community boards and has over thirty-five years of experience with emergency medical services personnel. Your Committee further finds that Ms. Schaefer's experience and dedication will be an asset as the consumer representative for the County of Maui.

DIAN GRUBER

Your Committee received testimony in support of Dian Gruber from the Department of Health.

Ms. Gruber currently serves as Manager for Ambulatory Surgery, Recovery Room, and Endoscopy at the Maui Memorial Medical Center. Prior to this position, Ms. Gruber worked as an Emergency Room Staff Nurse at the Munson Medical Center. Additionally, she has worked in various capacities at the Loyola University Medical Center, St. Anne's Hospital, West Suburban Hospital, Providence Hospital, and Memorial Medical Center. Ms. Gruber's community service includes volunteering with Emergency Response, Disaster Relief/Survivors Care Committee, Parent Teacher Association, and Girl Scouts.

Your Committee finds that Ms. Gruber has served on the Emergency Medical Services Advisory Committee as an allied health member representing the County of Maui since July 2012. Your Committee further finds that Ms. Gruber's experience and insights from her nursing career at Maui Memorial Medical Center will continue to be valuable experience to the Emergency Medical Services Advisory Committee.

CHARLES GRIEP

Your Committee received testimony in support of Charles Griep from the Department of Health, American Medical Response, and four individuals.

Captain Griep received an Associate of Science degree in Fire Science from Honolulu Community College. Additionally, he has attended several Non-Commissioned Officer Leadership and Management Courses.

Captain Griep currently serves as Captain and Emergency Medical Technician for the Medical Section of the Honolulu Fire Department Training and Research Bureau. Prior to this position, Captain Griep worked as a Fire Fighter at the Mokulele, Pawaa, Kaimuki, and McCully Fire Stations.

In 2007, Captain Griep received the Medal of Valor from the Honolulu Fire Department. In addition, he has received the honor of being named City and County of Honolulu Employee of the Year and Honolulu Fire Department Fire Fighter of the Year. Your Committee finds that Captain Griep's knowledge and experience in fire and emergency medical services will be valuable assets to the Emergency Medical Services Advisory Committee.

CODY BONILLA

Your Committee received testimony in support of Cody Bonilla from the Department of Health, American Medical Response, and two individuals.

Mr. Bonilla received a Bachelor of Science degree in Emergency and Disaster Management from Hill University. He received certification as a Mobile Intensive Care Technician (EMT-Paramedic) from Kapiolani Community College.

Mr. Bonilla currently serves as a Mobile Intensive Care Technician, Team Leader, and Injury Prevention Coordinator for American Medical Response. In this role, Mr. Bonilla provides competent medical attention for the county of Kauai in various situations, including medical emergencies, controlled medical transports, medical standbys, and community events. Additionally, Mr. Bonilla volunteers with youth sports leagues.

Your Committee finds that Mr. Bonilla is active in a number of public service activities. Your Committee further finds that his participation, knowledge, and expertise will be an asset to the Emergency Medical Services Advisory Committee.

RONALD KURODA

Your Committee received testimony in support of Ronald Kuroda from the Department of Health, American Medical Response, and one individual.

Dr. Kuroda received a Doctor of Medicine degree from the John A. Burns School of Medicine, University of Hawaii. Dr. Kuroda received a Bachelor of Arts degree in Speech with a minor in Biology from the University of Hawaii at Manoa.

Dr. Kuroda serves as an Attending Physician of Emergency Medicine at The Queen's Medical Center and Assistant Clinical Professor for the Department of Surgery at the John A. Burns School of Medicine. Prior to these positions, Dr. Kuroda served as an Intensive Care Unit Physician and On-Call Resuscitation Team Leader at Lucerne Hospital. Dr. Kuroda is the recipient of the Clinical Faculty Teaching Award in Emergency Medicine and Society of Academic Emergency Medicine Award from the John A. Burns School of Medicine.

As the Associate Medical Director at Kapiolani Community College Department of Emergency Medical Services, Dr. Kuroda is actively involved in the education and training of Emergency Medical Services students. Your Committee finds that Dr. Kuroda will bring valuable experience and perspectives to the Emergency Medical Services Advisory Committee.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3431 Health on Gov. Msg. No. 663**

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, KAUAI SUBAREA

G.M. No. 663 ORIANNA SKOMOROCH, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Orianna Skomoroch to possess the requisite qualifications to be nominated to the Health Planning Council, Kauai Subarea.

Your Committee received testimony in support of Orianna Skomoroch from the Department of Health.

Ms. Skomoroch received a Master of Arts degree in Sociology from DePaul University, Bachelor of Arts degree from Loyola University, and Associate of Arts degree from Kendall College.

Ms. Skomoroch currently serves as the Interim Chief Executive Officer for Orrie's Executive Management Services, LLC. Prior to this position, Ms. Skomoroch served as the Kauai Regional Chief Executive Officer for Hawaii Health Systems Corporation and Administrator for Kauai Veterans Memorial Hospital and Samuel Mahelona Hospital. In addition, Ms. Skomoroch opened all three of the West Kauai Clinics in Waimea, Hanapepe, and Kalaheo.

Ms. Skomoroch is active in the community, serving on the Hale 'Opio Kauai, Inc. Board of Directors and Kauai Humane Society Board of Directors. Previously, Ms. Skomoroch served on the Kauai Primary Health Committee; American Heart Association Board of Directors; American Hospital Association, Governing Council for Long-Term Care and Rehabilitation Board of Directors; Roselani Place Assisted Living Center Board of Directors; West Kauai Community Development Corporation Board of Directors; and Kauai County Subarea Health Planning Council.

With over thirty-five years of experience in the healthcare industry, your Committee finds that Ms. Skomoroch will be a great asset to the Health Planning Council, Kauai Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3432 Health on Gov. Msg. Nos. 664, 665, 666, and 667**

Recommending that the Senate advise and consent to the nominations of the following:

RADIOLOGIC TECHNOLOGY BOARD

G.M. No. 664 JODI ANN NAKAOKA, for a term to expire 6-30-2018;

G.M. No. 665 ANITA TUUA, for a term to expire 6-30-2018;

G.M. No. 666 ANA KAUWE, for a term to expire 6-30-2017; and

G.M. No. 667 DONALD WOOD, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and personal statements submitted by the nominees and finds Jodi Ann Nakaoka, Anita Tuua, Ana Kauwe, and Donald Wood to possess the requisite qualifications to be nominated to the Radiologic Technology Board.

JODI ANN NAKAOKA

Your Committee received testimony in support of Jodi Ann Nakaoka from the Department of Health and The Mestizo Association.

Ms. Nakaoka received a Master of Education degree in Educational Psychology and Bachelor of Arts degree in Biology from the University of Hawaii at Manoa. She received an Associate of Science degree in Radiologic Technology from Kapiolani Community College.

Ms. Nakaoka currently serves as Chief Technologist for Hawaii Diagnostic Radiology Services. Prior to this position, Ms. Nakaoka served as Program Director for the Radiologic Technology Program at Kapiolani Community College. Ms. Nakaoka is certified and licensed by the American Registry of Radiologic Technologists and Hawaii.

Your Committee finds that Ms. Nakaoka has been a productive resource for the Radiologic Technology Board on which she has served since July 2011. Your Committee further finds that her experience, educational background, and teaching credentials are valuable assets to the Radiologic Technology Board.

#### ANITA TUUA

Your Committee received testimony in support of Anita Tuua from the Department of Health and The Mestizo Association.

Ms. Tuua received a Bachelor of Arts degree in Psychology from the University of Hawaii. She received an Associate of Arts degree in Liberal Arts and Associate of Science degree in Radiology Sciences from Kapiolani Community College.

Ms. Tuua currently serves as Diagnostic/Screening Mammography Technologist at Wahiawa General Hospital. Prior to this position, Ms. Tuua served as Diagnostic/Screening Mammography Technologist at Kapiolani Women's Center. Her past experience includes working for LBJ Tropical Medical Center, North Hawaii Community Hospital, Kaiser Medical Center, Kaiser Honolulu Clinic, and Pacific Health Research Institute.

Your Committee finds that Ms. Tuua has been a dedicated and productive member of the Radiologic Technology Board since July 2011. Your Committee further finds that her educational background, vast experience, and wealth of knowledge will continue to be beneficial to the Radiologic Technology Board.

#### ANA KAUWE

Your Committee received testimony in support of Ana Kauwe from the Department of Health and The Mestizo Association.

Ms. Kauwe received a Master of Business Administration degree and Bachelor of Science degree in Business Administration from the University of Phoenix, Hawaii Campus. She received an Associate of Science degree in Radiologic Technology from Kapiolani Community College.

Ms. Kauwe currently serves as Radiologic Technologist/ Mammographer at The Queen's Medical Center, where she performs diagnostic and trauma radiology, portable radiography, digital mammography, and bone densitometry. Her past professional experience includes working for Na Maka O Pu'uwai Aloha and Honolulu Sports Medical Clinic, Inc.

Your Committee finds that Ms. Kauwe's experience in radiography and mammography, as well as her educational background, will make a positive impact on the Radiologic Technology Board.

#### DONALD WOOD

Your Committee received testimony in support of Donald Wood from the Department of Health.

Mr. Wood received a Master of Health Administration from Walsingham University. He received Bachelor of Science and Associate of Science degrees in Radiologic Sciences.

With thirty-four years of experience as a credentialed ARRT Certified Radiologic Technologist, Mr. Wood specializes in the fields of medical imaging, medical technical education, and clinical and healthcare systems management. Currently, Mr. Wood is semi-retired. He was last employed as the Imaging Manager/ Director at Hawaii Medical Center West.

Your Committee finds that Mr. Wood's experience, educational background, and management credentials are valuable assets to the Radiologic Technology Board, and his reappointment will be a definite asset.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 3433 Health on Gov. Msg. Nos. 655 and 656**

Recommending that the Senate advise and consent to the nominations of the following:

#### BOARD OF HEALTH

G.M. No. 655 HEATHER HAYNES, for a term to expire 6-30-2016; and

G.M. No. 656 OPAL BUCHTHAL, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Heather Haynes and Opal Buchthal to possess the requisite qualifications to be nominated to the Board of Health.

#### HEATHER HAYNES

Your Committee received testimony in support of the nomination of Heather Haynes from the Department of Health.

Dr. Haynes received a Doctor of Medicine degree from Georgetown University School of Medicine. She received a Bachelor of Science degree in Biopsychology from the University of California at Santa Barbara. Dr. Haynes is currently pursuing a Master of Public Health degree at the University of Hawaii at Manoa.

Dr. Haynes currently serves as Medical Director for Hale Makua Health Services and the University of Hawaii's Maui Campus Health Center. She also works for the Women's Health/Breast and Cervical Cancer Control Program of Hui No Ke Ola Pono (Native Hawaiian Health Care System). Dr. Haynes is the recipient of the Wesley Oler Award for Outstanding Resident Physician and the Janet M. Glasgow Memorial Achievement Citation from the American Medical Women's Association.

Your Committee finds that Dr. Haynes has in-depth knowledge of a variety of healthcare settings and Native Hawaiian health. Your Committee further finds that her experience and background will be of great benefit to the Board of Health.

#### OPAL BUCHTHAL

Your Committee received testimony in support of the nomination of Opal Buchthal from the Department of Health.

Dr. Buchthal received a Doctor of Philosophy degree from the University of Hawaii at Manoa, Master of Science in Public Health degree from the University of California, Los Angeles, and a Bachelor of Arts degree from San Francisco State University.

Dr. Buchthal currently serves as Assistant Professor at the University of Hawaii at Manoa, where she teaches program evaluation and qualitative research with the Department of Public Health. Dr. Buchthal has experience as a researcher and program evaluator working in nutrition and physical activity, social marketing, and tobacco use.

Your Committee finds that Dr. Buchthal has a strong interest in helping communities attain food security and improve nutrition through self-help projects. Your Committee further finds that her knowledge, experience, and dedication will be great assets to the Board of Health.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

#### **SCRep. 3434 Health on Gov. Msg. Nos. 668, 669, 670, 671, 672, and 673**

Recommending that the Senate advise and consent to the nominations of the following:

#### STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

- G.M. No. 668 ALBERT PEREZ, for a term to expire 6-30-2015;
- G.M. No. 669 CAROLINE CADIRAO, for a term to expire 6-30-2018;
- G.M. No. 670 BARBARA IOLI, for a term to expire 6-30-2018;
- G.M. No. 671 MAXINE NAGAMINE, for a term to expire 6-30-2018;
- G.M. No. 672 JOANN YUEN, for a term to expire 6-30-2018; and
- G.M. No. 673 SHAYNE TOKITA, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and personal statements submitted by the nominees and finds Albert Perez, Caroline Cadirao, Barbara Ioli, Maxine Nagamine, Joann Yuen, and Shayne Tokita to possess the requisite qualifications to be nominated to the State Council on Developmental Disabilities.

#### ALBERT PEREZ

Your Committee received testimony in support of Albert Perez from the Department of Human Services; State Council on Developmental Disabilities; and Network Enterprises, Inc.

Mr. Perez currently serves as the Administrator of the Division of Vocational Rehabilitation in the Department of Human Services. He has also served as a member of the State Council on Mental Health. With over twenty years of experience in the field of vocational rehabilitation as a direct services worker, as well as a leader in various roles at the State's Vocational Rehabilitation Services, Mr. Perez has a well-rounded perspective and understanding of the challenges faced by the community.

Your Committee finds that Mr. Perez has initiated collaborative approaches with the Department of Education and Department of Health to increase employment opportunities and outcomes for individuals with developmental disabilities. Your Committee further finds that Mr. Perez's skills, expertise, and knowledge in the area of services needed to prepare for, obtain, and maintain employment for individuals with disabilities will be of great benefit to the State Council on Developmental Disabilities.

#### CAROLINE CADIRAO

Your Committee received testimony in support of Caroline Cadirao from the Executive Office on Aging, State Council on Developmental Disabilities, and The Mestizo Association.

Ms. Cadirao received a Bachelor of Arts degree in Psychology from the University of Hawaii at Manoa.

Ms. Cadirao currently serves as Grants Manager for the Executive Office on Aging in the Department of Health. In this position, Ms. Cadirao is responsible for managing the development and implementation of the systems change through the integration of the Aging and Disability Resource Center. Additionally, Ms. Cadirao assisted in the development and implementation of demonstration projects such as KUPUNA CARE, the Elder Abuse Response Services (Project Reach), and the Healthy Aging Partnership Empowering Elders.

As a representative from the Executive Office on Aging, Ms. Cadirao will assist the State Council on Developmental Disabilities in bringing together aging and disability networks to increase collaboration among agencies. Your Committee finds that Ms. Cadirao's understanding of the issues facing older adults, along with her development of the Aging and Disability Resource Center, make her a knowledgeable candidate for the State Council on Developmental Disabilities.

#### BARBARA IOLI

Your Committee received testimony in support of Barbara Ioli from the State Council on Developmental Disabilities and The Mestizo Association.

Ms. Ioli attended Leeward Community College and received a certificate from Computer Academy.

Ms. Ioli currently serves as the Co-chair for the Education Committee of the State Council on Developmental Disabilities, which helps ensure that students with developmental disabilities have quality education outcomes. Her community service includes volunteering with the Special Education Advisory Council, Special Olympics Hawaii, Leeward Community Children's Council, Hawaii Association of Parents of the Visually Impaired, and Hawaii Down Syndrome Congress.

Ms. Ioli expressed to your Committee that she intends to work toward providing competitive employment opportunities for individuals with developmental disabilities. Your Committee finds that Ms. Ioli's commitment, background, and involvement with the community will continue to assist the State Council on Developmental Disabilities in its efforts to enhance the quality of life for individuals with developmental disabilities.

#### MAXINE NAGAMINE

Your Committee received testimony in support of Maxine Nagamine from the Developmental Disabilities Division, Department of Health; State Council on Developmental Disabilities; and The Mestizo Association.

Ms. Nagamine received a Doctor of Philosophy degree in Educational Administration, Master's degree in Educational Administration, and Bachelor's degree in Secondary Science Education from the University of Hawaii at Manoa.

Currently, Ms. Nagamine serves as State Educational Specialist for the Special Education Section of the Office of Curriculum, Instruction, and Student Support. Ms. Nagamine also has experience as Acting Principal and Vice Principal of Kalani High School.

Your Committee finds that Ms. Nagamine's years of experience in education will enable her to have a positive impact on the lives of individuals with developmental disabilities. Your Committee further finds that Ms. Nagamine's commitment to principles of self-determination and community integration for individuals with disabilities are valued attributes for service on the State Council on Developmental Disabilities.

#### JOANN YUEN

Your Committee received testimony in support of Joann Yuen from the State Council on Developmental Disabilities and five individuals.

Dr. Yuen is a graduate of The National Leadership Institute on Developmental Disabilities of the University of Delaware. She received a Doctor of Education degree in Higher Education Administration and Leadership from the University of Southern California. Dr. Yuen received a Master of Arts degree in Communication from the University of Hawaii at Manoa. She received a Bachelor of Science degree in Journalism from the University of Colorado.

Dr. Yuen currently serves as Associate Specialist and Associate Director of the Center on Disability Studies and College of Education at the University of Hawaii at Manoa. She also serves as Team Facilitator and Ambassador for the ACT Early Initiative.

Your Committee finds that Dr. Yuen has assisted the State Council on Developmental Disabilities in its initiatives to enhance cultural competence and self-determination of individuals with developmental disabilities. Your Committee further finds that Dr. Yuen's knowledge of national trends and best practices in disabilities has helped the State Council on Developmental Disabilities build capacity within the service provider network to improve the service delivery system. Furthermore, Dr. Yuen's research background has provided the State Council on Developmental Disabilities with data and trends in support of pursuing Federal grants and funding.

#### SHAYNE TOKITA

Your Committee received testimony in support of Shayne Tokita from the State Council on Developmental Disabilities; CHART Rehabilitation of Hawaii, Inc.; and two individuals.

Ms. Tokita received Master of Science and Bachelor of Science degrees in Speech Pathology and Audiology from the University of Hawaii at Manoa.

Currently, Ms. Tokita works for Easter Seals Hawaii, where she serves as Clinical Supervisor in the field of speech pathology and audiology, while also providing diagnostic and therapy services. Ms. Tokita previously served on the Hawaii Early Intervention Coordinating Council and Executive Committee, Kauai Developmental Disabilities Committee, and Medically Fragile Task Force.

Your Committee finds that Ms. Tokita's background and commitment to individuals with developmental disabilities will be of great benefit to the State Council on Developmental Disabilities. Your Committee further finds that Ms. Tokita's wealth of knowledge and experience as a speech language pathologist and parent of a special needs child will assist the State Council on Developmental Disabilities to address its State Plan Goal for Children and Youth to improve access to family-centered, community-based integrated interventions and support.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Slom).

**SCRep. 3435 Judiciary and Labor on Gov. Msg. No. 532**

Recommending that the Senate advise and consent to the nomination of the following:

HOISTING MACHINE OPERATORS ADVISORY BOARD

G.M. No. 532 RICHARD LENTES III, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Richard Lentes III to possess the requisite qualifications to be nominated to serve on the Hoisting Machine Operators Advisory Board.

Your Committee received testimony in support of the nomination of Richard Lentes III from the General Contractors Association of Hawaii and six individuals.

Mr. Lentes serves as a statewide Safety Manager for Hawthorne CAT and is responsible for the company's crane policy, health and safety training, and implementation of company guidelines. As a certified crane inspector, his expertise includes the operation, maintenance, and safety of crane and other hoisting machinery. Prior to joining Hawthorne CAT, he served as a Safety Manager and Operations Assistant Manager for the thirty story and nine hundred unit condominium, Kukui Plaza. As Safety Manager, he was responsible for overseeing the overhead crane safety for lifting equipment to the garden deck of the condominium and the safety of all company personnel, including inspections, training, compliance, and investigations.

Mr. Lentes is extremely well-qualified and possesses extensive experience with and a depth of knowledge in crane operation as well as occupational safety and health issues. He is familiar with the issues facing the Hoisting Machine Operators Advisory Board and the State in terms of crane operation safety. Mr. Lentes would contribute valuable insights based on experience and provide specific suggestions on ways to address and resolve various issues, which would make him an extraordinary asset to the Advisory Board.

Given the background, skills, and experience of the nominee, your Committee finds that Richard Lentes III is eminently qualified to serve on the Hoisting Machine Operators Advisory Board.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3436 Judiciary and Labor on Gov. Msg. No. 533**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TRUSTEES OF THE EMPLOYEES' RETIREMENT SYSTEM

G.M. No. 533 JERRY RAUCKHORST, for a term to expire 1-1-2020

Your Committee reviewed the personal history, resume, and statement submitted by the nominee and finds Jerry Rauckhorst to possess the requisite qualifications to be nominated to serve on the Board of Trustees of the Employees' Retirement System.

Your Committee received testimony in support of the nomination of Jerry Rauckhorst from the Department of Budget and Finance, Employees' Retirement System, and seven individuals.

Mr. Rauckhorst received his Bachelor of Arts from The University of Akron and his Master of Science in Social Administration from the Mandel School of Applied Sciences at Case Western Reserve University. Since 1995, he has served as the President and Chief Executive Office for Catholic Charities Hawaii and is responsible for a \$27,000,000 organization that provides a broad range of services statewide to thousands of individuals annually. During his tenure at Catholic Charities Hawaii, Mr. Rauckhorst has developed and conducted a mission and values clarification process that resulted in desired changes in organizational culture; spearheaded the effort in establishing a Housing Development Corporation as a subsidiary corporation to address the agency's need to acquire residential properties for its programs and to develop affordable housing for the people the agency serves; and initiated the restructuring of the organization by integrating its three affiliate agencies into a single organization. He previously served as the Director of Catholic Charities of the Diocese of Pittsburgh, Inc., and held various management positions for the Federation of Catholic Community Services in Cleveland, Ohio.

Mr. Rauckhorst is a licensed social worker in the State of Hawaii and is certified by the Academy of Certified Social Workers National Association of Social Workers. He has extensive community involvement outside of his duties with Catholic Charities Hawaii, including the Hawaii Pops, Armed Services YMCA Board, Board of Trustees of Damien Memorial School, Treasurer of the Executive Committee of Protecting Hawaii's Ohana, Children, Under-served, Elderly, and Disabled (PHOCUSED), Board of Directors of the Hawaii Alliance of Nonprofit Organizations, member of the Hogan Entrepreneurs Advisory Board, Rotary Club of Honolulu, and Association of Weinberg Fellows. His previous professional activities and community involvement included Hawaii Employers Council Board, Entrepreneur Foundation Board, Aloha United Way, and Catholic Charities USA.

Mr. Rauckhorst is nominated for reappointment to the Board of Trustees of the Employees' Retirement System. Testimony in support of the nominee indicate that during his tenure on the Board, he has served on the Investment Committee, Administrative and Legislative Committee, Compensation Review Committee, and Audit Committee of which he serves as the Chairperson. As President and Chief Operating Officer of Catholic Charities Hawaii, he brings to the Board his fiscal management skills to complement the Board's commitment to reducing the unfunded liability of the Employees' Retirement System and ensuring its sustainability. In

addition, Mr. Rauckhorst helps guide the Audit Committee with his experience in organizational development, finance, and strategic planning.

Testimony further indicates that as a Trustee, he is fair and acutely aware of his fiduciary responsibility and although not a member of the Employees' Retirement System, he approaches each of the System's challenges personally with the goal of ensuring that present and future benefit obligations are met. As a community leader representing a significant and notable nonprofit in Hawaii, he has a keen sense of governance and management that is valuable to the Board.

Accordingly, based on the testimony submitted, your Committee finds that Jerry Rauckhorst is exceptionally qualified to continue to serve on the Board of Trustees of the Employees' Retirement System. The nominee's professional experience will serve the Board of Trustees and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3437 Judiciary and Labor on Gov. Msg. No. 599**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 599 KANOE MARGOL, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Kanoe Margol to possess the requisite qualifications to be nominated to the Board of Trustees of the Deferred Compensation Plan.

Testimony in support of the nomination of Kanoe Margol was received from the Department of Budget and Finance, Department of Human Resources Development, Deferred Compensation Plan, Employees' Retirement System, and one individual.

Ms. Margol earned her Bachelor of Arts from the University of Southern California and her Master of Business Administration in Finance and Accounting from the University of California, Berkeley. She currently serves as the Assistant Administrator for the Employees' Retirement System as the full assistant to the System's Executive Director. Her duties include assisting in formulating, planning, developing, implementing, and evaluating the goals, objectives, programs, policies, and procedures of the System; participating in the investment of the System's assets; overseeing the day-to-day operations of the System; directing the implementation of internal control systems and procedures to ensure all assets are safeguarded; reviewing proposed legislation, including cost and implementation implications, in concert with the Executive Director; and overseeing the project managers for the System's comprehensive computer system. Prior to her tenure at the Employees' Retirement System, she served in various corporate executive positions at The Queen's Health Systems. She is a Certified Public Accountant in this State and is a member of the Hawaii Society of Certified Public Accountants.

Testimony in support of the nominee indicates that Ms. Margol demonstrates a thorough understanding and has an extensive background in government operations, and has a high aptitude for investments and matters of finance. Her applied insight to governance and best practices will help the Board of Trustees of the Deferred Compensation Plan to be deliberative in executing the best possible plan designs for the benefit of its participants. Furthermore, she has over twenty years of experience in the areas of accounting and financial planning in addition to her knowledge and experience in the area of cash management and managing investment portfolios, which will all be valuable assets to the Board of Trustees of the Deferred Compensation Plan.

Accordingly, based on the testimony submitted, your Committee finds that Kanoe Margol is exceptionally qualified to serve on the Board of Trustees of the Deferred Compensation Plan. The nominee's professional experience will serve the Board and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ihara, Solomon, Slom).

**SCRep. 3438 Water and Land on Gov. Msg. No. 704**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 704 STANLEY ROEHRIG, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Stanley Roehrig to possess the requisite qualifications to be nominated to the Board of Land and Natural Resources.

Your Committee received testimony in support of the nominee from the Department of Land and Natural Resources, Department of Agriculture, Hawaii Government Employees Association, and nine individuals.

Stanley Roehrig is a private attorney with an office in Hilo. He is a graduate of Brown University and the University of Washington School of Law. Mr. Roehrig also earned a Certificate in Hawaiian Language from the University of Hawaii at Hilo. He served as Deputy Attorney General for the State of Hawaii, Deputy County Attorney for the County of Hawaii, and the first Public Defender for

the County of Hawaii. Mr. Roehrig served in the Hawaii State House of Representatives from 1969 to 1976, where he was the Chair of the Judiciary and Agriculture Committees.

Stanley Roehrig possesses a wealth of knowledge about the culture, development, and geography of the County of Hawaii, as well as issues concerning the Island of Hawaii, having been a resident of the island since 1966. Your Committee finds that Mr. Roehrig's knowledge of Hawaii law, experience in the County of Hawaii community, and interest in land and ocean issues in Hawaii will enable him to make significant contributions to the Board of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ihara, Shimabukuro, Taniguchi).

**SCRep. 3439 Education on Gov. Msg. Nos. 528, 529, 650, and 651**

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING ADVISORY BOARD

G.M. No. 528 LISA KIMURA, for a term to expire 6-30-2014;

G.M. No. 529 LISA KIMURA, for a term to expire 6-30-2016;

G.M. No. 650 ALFRED CASTLE, for a term to expire 6-30-2016; and

G.M. No. 651 M. NAMAKAOKALANI RAWLINS, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Lisa Kimura, Alfred Castle, and M. Namakaokalani Rawlins to possess the requisite qualifications to be nominated to the Early Learning Advisory Board.

LISA KIMURA

Your Committee received testimony in support of the nomination of Lisa Kimura from the Executive Office of Early Learning, Good Beginnings Alliance, Hawaii State Commission on the Status of Women, and two individuals.

Your Committee finds that Ms. Kimura received her Bachelor of Arts degree in Communications and her Master of Arts degree in Business Marketing from Hawaii Pacific University. She is currently working toward a Certificate in Parent Coaching from Seattle Pacific University's Parent Coaching Institute.

Ms. Kimura is currently the Executive Director of Healthy Mothers Healthy Babies Coalition of Hawaii. She previously served as the Director of Marketing for Aston Hotels and Resorts, the Assistant Vice President of Marketing and Communications for Aloha United Way, and Public Relations Account Executive and Account Coordinator for Sharon Serene Creative.

Ms. Kimura has previously volunteered her time with several organizations, including the March of Dimes, Volunteer Legal Services, and Alzheimer's Association. She has also served as a member on various task forces and working groups, such as the Prenatal Smoking Workgroup and Fetal Alcohol Spectrum Disorder Task Force.

Ms. Kimura's professional experience in the business and nonprofit worlds will provide her with the skills necessary to serve on the Early Learning Advisory Board and to help the Board promote early education in the State.

ALFRED CASTLE

Your Committee received testimony in support of the nomination of Alfred Castle from the Executive Office on Early Learning, Hawaii Association of Independent Schools, Good Beginnings Alliance, and four individuals.

Your Committee finds that Mr. Castle received his Bachelor of Arts degree and Master of Arts degree in History from Colorado State University.

Mr. Castle is a distinguished pioneer and member of the philanthropic community. Prior to returning to Hawaii in 1998, Mr. Castle was the Vice President and an adjunct professor of history in the California State University system. He returned to take the helm at the one-hundred-twenty-year-old Samuel N. and Mary Castle Foundation. He began an active partnership with Good Beginnings Alliance and most recently has been serving as a member of the Early Learning Council's Finance Committee.

Mr. Castle has served as a member of the Early Learning Advisory Board's predecessor, the Early Learning Council, and he brings a wealth of knowledge on early education and private foundations to the Early Learning Advisory Board.

Mr. Castle's dedication to building a high-quality, integrated, comprehensive education system in Hawaii will assist the Early Learning Advisory Board in fulfilling its mission.

M. NAMAKAOKALANI RAWLINS

Your Committee received testimony in support of the nomination of M. Namakaokalani Rawlins from the Executive Office on Early Learning; Association of Hawaiian Civic Clubs; 'Aha Pūnana Leo, Inc.; Good Beginnings Alliance; Native Hawaiian Education Council; and two individuals.

Your Committee finds that Ms. Rawlins received her Bachelor of Arts degree in Hawaiian Studies from the University of Hawaii at Hilo. She is currently working toward her Master of Arts degree in Hawaiian Language and Literature at the University of Hawaii at Hilo.

Ms. Rawlins is currently the Director of Strategic Partnerships and Collaborations at 'Aha Punana Leo, Inc., a non-profit organization devoted to the preservation and propagation of the Hawaiian language and culture. This is the oldest statewide native organization in the United States that provides education through the Language Nests and Language Survival School model. Ms. Rawlins previously served as the Director of 'Aha Punana Leo, Inc.

Ms. Rawlins has been actively involved in the promotion and preservation of the Hawaiian language for over twenty years, serving as a Hawaiian Language College Adjunct Assistant Professor and Chairperson of the Native Hawaiian Education State Council from 2007 to 2011. Ms. Rawlins has also served on the Language Access Advisory Council.

Ms. Rawlins' professional and educational background make her an asset to the Early Learning Advisory Board and to help ensure that early learning programs are taught in both of Hawaii's official state languages, English and Hawaiian.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

**SCRep. 3440 Education on Gov. Msg. No. 649**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII TEACHER STANDARDS BOARD

G.M. No. 649 TERRY HOLCK, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Terry Holck to possess the requisite qualifications to be nominated to the Hawaii Teacher Standards Board.

Your Committee received testimony in support of the nomination of Terry Holck from the Hawaii State Teachers Association and five individuals.

Your Committee finds that Ms. Holck received a Bachelor's degree in Education from the University of Hawaii at Manoa. She has served as a teacher in various Department of Education public schools as well as at Voyager Charter School. Ms. Holck has also served as an educational trainer and a mentor for teacher candidates. She is currently a Resource Teacher at the Nanakuli-Waianae Complex Area.

Ms. Holck testified that she first became interested in serving on the Hawaii Teacher Standards Board because she was concerned about the lack of response she and fellow teachers experienced when trying to get information from the Hawaii Teacher Standards Board. Since joining the Hawaii Teacher Standards Board in July 2008, Ms. Holck reported to your Committee that the Hawaii Teacher Standards Board has improved its customer service, responding to teachers within two days of an inquiry.

Ms. Holck currently serves as the Chairperson of the Hawaii Teacher Standards Board. She has also served on the Hawaii Teacher Standards Board's Teacher Standards Committee, Legislative Committee, and License Renewal Committee.

Your Committee finds that Ms. Holck's leadership qualities and commitment to education continue to make her an asset to the Hawaii Teacher Standards Board.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

**SCRep. 3441 Education on Gov. Msg. No. 530**

Recommending that the Senate advise and consent to the nomination of the following:

EDUCATION COMMISSION OF THE STATES

G.M. No. 530 J. N. MUSTO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds J. N. Musto to possess the requisite qualifications to be nominated to the Education Commission of the States.

Your Committee received testimony in support of the nomination of J. N. Musto from Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and seventeen individuals.

Your Committee finds that Mr. Musto received a Bachelor of Science degree in Biology from Hillsdale College. Mr. Musto went on to receive his Master of Arts degree and Doctorate of Philosophy from the University of Michigan.

Mr. Musto has a diverse educational employment history. He is currently the Executive Director of the University of Hawaii Professional Assembly (UHPA), a position he has held since 1980. Mr. Musto also served as a secondary school science teacher, an

Assistant Professor at Northern Michigan University, a Guest Lecturer at Hawaii Pacific University, and an Instructor at the University of Hawai'i at Manoa.

Mr. Musto belongs to several professional organizations and has served on numerous boards, commissions, and task forces, including the Panel of Mediators for the Hawaii State Judiciary's Center for Alternative Dispute Resolution, Board of Trustees for the Hawaii Employer-Union Health Benefits Trust Fund, National Education Association Higher Education Research Advisory Group, and Hawaii Council on Economic Education. He is a member of the Hawaii P-20 Council which addresses the State's educational interest from early childhood education through higher education. He also serves as a mediator with the Neighborhood Justice Center of Honolulu.

Mr. Musto testified that he views the Education Commission of the States as a very valuable clearinghouse of information on a wide variety of topics related to public and private education. Mr. Musto would like to see Hawaii become a more active participant in helping to formulate national public policy, using the Education Commission of the States. In addition, he believes Hawaii can be a model for public education reform.

By virtue of his training, experience, and knowledge, Mr. Musto continues to be well-positioned and well-prepared to assist the Education Commission of the States in its mission of developing effective policies and practices for public education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

**SCRep. 3442 Commerce and Consumer Protection on Gov. Msg. Nos. 591 and 592**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PRIVATE DETECTIVES AND GUARDS

G.M. No. 591 GARY YABUTA, for a term to expire 6-30-2018; and

G.M. No. 592 DARRYL PERRY, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Gary Yabuta and Darryl Perry to possess the requisite qualifications to be nominated to the Board of Private Detectives and Guards.

GARY YABUTA

Your Committee received testimony in support of the nomination of Gary Yabuta from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Police Chief Yabuta's background, experience, and proven leadership on the Board of Private Detectives and Guards qualify him for reappointment to the Board of Private Detectives and Guards as a chief of police member. Your Committee notes that Police Chief Yabuta has been with the Maui Police Department, the sole full-service law enforcement organization for Maui County, for over thirty years and is the Department's current Chief of Police. Your Committee further finds that Police Chief Yabuta has served on the Board of Private Detectives and Guards since September 2009, has been the Vice Chairperson of the Board since July 2012, and has a thorough understanding of the role and responsibilities of board members. Your Committee therefore recommends that Police Chief Yabuta be reappointed to the Board of Private Detectives and Guards based on his knowledge, experience, and dedication to protecting and serving the public.

DARRYL PERRY

Your Committee received testimony in support of the nomination of Darryl Perry from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Police Chief Perry's background, experience, and proven leadership on the Board of Private Detectives and Guards qualify him for reappointment to the Board of Private Detectives and Guards as a chief of police member. Your Committee notes that Police Chief Perry has almost forty years of law enforcement experience and has worked directly and indirectly with private sector security firms and individual private detectives throughout this time. Police Chief Perry retired from the Honolulu Police Department in 2002 and joined the Kauai Police Department in 2007, where he currently serves as the Chief of Police. Your Committee further finds that Police Chief Perry has served on the Board of Private Detectives and Guards since September 2009 and has a thorough understanding of the role and responsibilities of board members. Your Committee therefore recommends that Police Chief Perry be reappointed to the Board of Private Detectives and Guards based on his knowledge, experience, and commitment to public safety.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3443 Commerce and Consumer Protection on Gov. Msg. No. 600**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 600 DEMETRIO CONSTANTINO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Demetrio Constantino to possess the requisite qualifications to be nominated to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee received testimony in support of the nomination of Demetrio Constantino from the Department of Commerce and Consumer Affairs; First Pacific Builders, LLC; Wally's Flooring, LLC; and one individual.

Upon review of the testimony, your Committee finds that Mr. Constantino's desire to serve the community and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a public member. Your Committee notes that Mr. Constantino has been an electrical contractor for over fourteen years and is president of his company, DYC Electric Service, LLC. Mr. Constantino has been a member of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since July 2011 and his opinions on various Board issues from the viewpoint of a consumer continue to enhance the effectiveness of the Board. Your Committee further finds that Mr. Constantino has a thorough understanding of the role and responsibilities of board members and recommends that Mr. Constantino be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his experience and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3444 Commerce and Consumer Protection on Gov. Msg. Nos. 613, 624, and 625**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTAL EXAMINERS

G.M. No. 613 JOY SHIMABUKU, for a term to expire 6-30-2017;

G.M. No. 624 MARIANNE TIMMERMAN, for a term to expire 6-30-2015; and

G.M. No. 625 EARL HASEGAWA, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Joy Shimabuku, Marianne Timmerman, and Earl Hasegawa to possess the requisite qualifications to be nominated to the Board of Dental Examiners.

JOY SHIMABUKU

Your Committee received testimony in support of the nomination of Joy Shimabuku from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Ms. Shimabuku's background, experience, and commitment to public service qualify her for appointment to the Board of Dental Examiners as a public member. Your Committee notes that Ms. Shimabuku is a licensed cosmetologist and business owner who actively donates her time to the community, including volunteering at The Queen's Medical Center, where she provides beauty services to cancer patients, and with the American Cancer Society. Your Committee further finds that Ms. Shimabuku will bring experience to the Board of Dental Examiners by virtue of her prior service as an industry member of the Board of Barbering and Cosmetology and as a public member of the Board of Examiners in Optometry. Your Committee therefore recommends that Ms. Shimabuku be appointed to the Board of Dental Examiners based on her background, experience, and dedication to serving her community.

MARIANNE TIMMERMAN

Your Committee received testimony in support of the nomination of Marianne Timmerman from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Ms. Timmerman's knowledge, experience, and dedication to serving her community qualify her for appointment to the Board of Dental Examiners as a dental hygienist member. Your Committee notes that Ms. Timmerman has been licensed as a dental hygienist in Hawaii since 1991 and is currently employed with Dr. D. Mark Beavers, D.D.S., at his family dental practice in Kailua. Ms. Timmerman is also a member of the Hawaii Dental Hygienists' Association, where she has served in a variety of leadership roles, including as past President. Your Committee further finds that Ms. Timmerman has a thorough understanding of the role and responsibilities of board members and recommends that Ms. Timmerman be appointed to the Board of Dental Examiners based on her background, experience, and commitment to public service.

EARL HASEGAWA

Your Committee received testimony in support of the nomination of Earl Hasegawa from the Department of Commerce and Consumer Affairs, Hawaii Dental Association, and six individuals.

Upon review of the testimony, your Committee finds that Dr. Hasegawa's experience, background, and commitment to his profession qualify him for appointment to the Board of Dental Examiners as a dentist member. Your Committee notes that Dr. Hasegawa has been a licensed dentist since 1990 and is an oral and maxillofacial surgeon in private practice in Kahului, Maui. Dr. Hasegawa is a member of several professional organizations, including the American Dental Association, Hawaii Dental Association,

American Association of Oral and Maxillofacial Surgery, and Maui County Dental Association, where he served as past President. Dr. Hasegawa is also dedicated to his community and played a major role in the development of the Dental Assisting and Dental Hygiene programs at the University of Hawaii Maui College. Your Committee further finds that Dr. Hasegawa has a thorough understanding of the role and responsibilities of board members and recommends that Dr. Hasegawa be appointed to the Board of Dental Examiners based on his knowledge, experience, and dedication to community service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3445 Commerce and Consumer Protection on Gov. Msg. No. 614**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII MEDICAL BOARD

G.M. No. 614 BARRY SHITAMOTO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Barry Shitamoto to possess the requisite qualifications to be nominated to the Hawaii Medical Board.

Your Committee received testimony in support of the nomination of Barry Shitamoto from the Department of Consumer Affairs and four individuals.

Upon review of the testimony, your Committee finds that Dr. Shitamoto's background, experience, and dedication to the community qualify him for appointment to the Hawaii Medical Board as a physician member. Your Committee notes that Dr. Shitamoto has been licensed in Hawaii since 1982 and has been a staff pathologist at Maui Memorial Medical Center since 1989. Dr. Shitamoto also serves as a pathologist and director of laboratory at Clinical Laboratories of Hawaii, Inc., and as a member of the physician advisory group for the Hawaii Health Systems Corporation. Dr. Shitamoto is a member of several professional organizations, including the American Society of Clinical Pathologists, College of American Pathologists, and Hawaii Society of Pathologists, and is an active member of his community, including serving as the President of the Maui Memorial Medical Foundation, Director of Maui Visions Advisory Board, and Director of the Boy Scouts of America, Maui Council. Your Committee further finds that Dr. Shitamoto has a thorough understanding of the role and responsibilities of board members and recommends that Dr. Shitamoto be appointed to the Hawaii Medical Board based on his knowledge, experience, and commitment to serving the public.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3446 Commerce and Consumer Protection on Gov. Msg. No. 615**

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 615 WENDEE WILSON, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Wendee Wilson to possess the requisite qualifications to be nominated to the Motor Vehicle Industry Licensing Board.

Your Committee received testimony in support of the nomination of Wendee Wilson from the Department of Commerce and Consumer Affairs and five individuals.

Upon review of the testimony, your Committee finds that Ms. Wilson's experience and commitment to public service qualify her for appointment to the Motor Vehicle Industry Licensing Board as a public member. Your Committee notes that Ms. Wilson is currently a legislative office manager for the State House of Representatives and is familiar with the objectives and operations of the Motor Vehicle Industry Licensing Board and Department of Commerce and Consumer Affairs. Ms. Wilson previously served two terms as a public member of the Board of Massage Therapy, including serving as Chair until her term expired in April 2013. This experience will make her an invaluable asset to the Motor Vehicle Industry Licensing Board. Your Committee further finds that Ms. Wilson has a thorough understanding of the role and responsibilities of board members and recommends that Ms. Wilson be appointed to the Motor Vehicle Industry Licensing Board based on her knowledge, prior board experience, and dedication to serving her community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3447 Commerce and Consumer Protection on Gov. Msg. Nos. 616 and 635**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PSYCHOLOGY

G.M. No. 616 MARTY OLIPHANT, for a term to expire 6-30-2018; and

G.M. No. 635 ROSEMARY ADAM-TEREM, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Marty Oliphant and Rosemary Adam-Terem to possess the requisite qualifications to be nominated to the Board of Psychology.

MARTY OLIPHANT

Your Committee received testimony in support of the nomination of Marty Oliphant from the Department of Commerce and Consumer Affairs and six individuals.

Upon review of the testimony, your Committee finds that Mr. Oliphant's background and commitment to public service qualify him for appointment to the Board of Psychology as a public member. Your Committee notes that Mr. Oliphant is the Executive Director of the National Association of Social Workers, Hawaii Chapter. In this capacity, Mr. Oliphant has worked closely with the Department of Commerce and Consumer Affairs and has been an integral player in the regulation of social workers in the State. Mr. Oliphant has also been an active member on community boards and task committees, including serving on review committees for grants and proposals, Child Welfare Services, and program evaluation teams. This useful experience will enhance the effectiveness of the board. Your Committee further finds that Mr. Oliphant has a thorough understanding of the role and responsibilities of board members and recommends that Mr. Oliphant be appointed to the Board of Psychology based on his background, experience, and dedication to serving the community.

ROSEMARY ADAM-TEREM

Your Committee received testimony in support of the nomination of Rosemary Adam-Terem from the Department of Commerce and Consumer Affairs, Hawaii Psychological Association, and one individual.

Upon review of the testimony, your Committee finds that Dr. Adam-Terem's background, experience, and proven leadership on the Board of Psychology qualify her for reappointment to the Board of Psychology as a licensee member. Your Committee notes that Dr. Adam-Terem has been a licensed psychologist in Hawaii since 1987 and has been in private practice since 1988. Dr. Adam-Terem is an active member of the Hawaii Psychological Association, where she has served in various leadership positions and as chair of various committees, including the Continuing Education, Ethics, and Convention Committees. Dr. Adam-Terem has also served in governance and on committees at the national level in the American Psychological Association. Your Committee further finds that Dr. Adam-Terem has been a licensee member of the Board of Psychology since 2012 and has a thorough understanding of the role and responsibilities of board members. Your Committee therefore recommends that Dr. Adam-Terem be reappointed as a member of the Board of Psychology based on her extensive experience, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3448 Commerce and Consumer Protection on Gov. Msg. Nos. 626 and 627**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HURRICANE RELIEF FUND

G.M. No. 626 STAFFORD KIGUCHI, for a term to expire 6-30-2015; and

G.M. No. 627 MICHAEL HAMNETT, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Stafford Kiguchi and Michael Hamnett to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Hurricane Relief Fund.

STAFFORD KIGUCHI

Your Committee received testimony in support of the nomination of Stafford Kiguchi from the Department of Commerce and Consumer Affairs, Hawaii Financial Services Association, Hawaii Bankers Association, American Diabetes Association, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Kiguchi's background, experience, and commitment to public service qualify him for appointment to the Board of Directors of the Hawaii Hurricane Relief Fund. Your Committee notes that Mr. Kiguchi is the Executive Vice President and Manager of Government Relations and Corporate Communications for Bank of Hawaii. Mr. Kiguchi's extensive professional experience includes governmental relations, internal and external corporate communications, issues and reputation management, and crisis and risk communications. Mr. Kiguchi has also served on several professional and community associations, including the American Diabetes Association, Hawaii Chapter; Move Forward Oahu; Hawaii Bankers Association; and Public Relations Society of America, Hawaii Chapter. Your Committee further finds that Mr. Kiguchi has a thorough understanding of the role and responsibilities of board members and recommends that Mr. Kiguchi be appointed to the Board of Directors of the Hawaii Hurricane Relief Fund based on his experience, knowledge, and dedication to protecting the interests of the public.

MICHAEL HAMNETT

Your Committee received testimony in support of the nomination of Michael Hamnett from the Department of Commerce and Consumer Affairs, State Civil Defense Division of the Department of Defense, and six individuals.

Upon review of the testimony, your Committee finds that Mr. Hamnett's background, experience, and proven leadership on the Board of Directors of the Hawaii Hurricane Relief Fund qualify him for reappointment to the Board of Directors of the Hawaii Hurricane Relief Fund. Your Committee notes that Mr. Hamnett is currently the Executive Director of the Research Corporation of the University of Hawaii; has over thirty years of experience in the fields of disaster preparedness and mitigation in Hawaii and the Pacific Islands region; and has worked extensively on climate variability and change and their impacts on extreme weather events such as hurricanes. Mr. Hamnett has also worked with the Hawaii Hurricane Relief Fund since 1993, as a member and chair of the Technical Advisory Committee. Your Committee further finds that Mr. Hamnett has been on the Board of Directors of the Hawaii Hurricane Relief Fund since 2009 and currently serves as its Chair. Your Committee therefore recommends that Mr. Hamnett be reappointed to the Board of Directors of the Hawaii Hurricane Relief Fund based on his extensive experience, knowledge, and commitment to reducing the risk of catastrophic damage from future hurricanes.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3449 Commerce and Consumer Protection on Gov. Msg. Nos. 628, 629, and 630**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF MASSAGE THERAPY

G.M. No. 628 OLIVIA NAGASHIMA, for a term to expire 6-30-2018;

G.M. No. 629 STEPHANIE BATH, for a term to expire 6-30-2014; and

G.M. No. 630 STEPHANIE BATH, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Olivia Nagashima and Stephanie Bath to possess the requisite qualifications to be nominated to the Board of Massage Therapy.

OLIVIA NAGASHIMA

Your Committee received testimony in support of the nomination of Olivia Nagashima from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Ms. Nagashima's background, experience, and proven leadership on the Board of Massage Therapy qualify her for reappointment to the Board of Massage Therapy as a licensee member. Your Committee notes that Ms. Nagashima has been a licensed massage therapist since 1996; is the owner, principal, and sponsoring therapist of Koolau Massage; and is a part-time instructor at the Hawaii Healing Arts College and massage clinic coordinator at Remington College. Ms. Nagashima is also an active member of the American Massage Therapy Association, Hawaii Chapter, where she has held a variety of leadership roles, including past President. Ms. Nagashima has been a member of the Board of Massage Therapy since August 2008 and currently serves as Chair. Your Committee further finds that Ms. Nagashima has a thorough understanding of the role and responsibilities of board members and recommends that Ms. Nagashima be reappointed to the Board of Massage Therapy based on her knowledge, experience, and commitment to serving the public.

STEPHANIE BATH

Your Committee received testimony in support of the nomination of Stephanie Bath from the Department of Commerce and Consumer Affairs and eighteen individuals.

Upon review of the testimony, your Committee finds that Ms. Bath's knowledge, background, and prior experience on the Board of Massage Therapy qualify her for appointment and reappointment to the Board of Massage Therapy as a licensee member. Your Committee notes that Ms. Bath has been a licensed massage therapist in Hawaii since 1981; has maintained an active massage establishment license since 1984; and previously served as a member of the Board of Massage Therapy from 1987 until 1992. Ms. Bath is also an active member of her community, including serving as a volunteer with the American Red Cross and the Hawaii County Civil Defense Community Emergency Response Team program. Your Committee further finds that Ms. Bath has a thorough understanding of the role and responsibilities of board members and her perspective as a massage therapist from Hawaii County will enhance the effectiveness of the Board. Your Committee therefore recommends that Ms. Bath be appointed and reappointed to the Board of Massage Therapy based on her extensive experience, background, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3450 Commerce and Consumer Protection on Gov. Msg. No. 631**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 631 MARCELLA CHOCK, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Marcella Chock to possess the requisite qualifications to be nominated to the Board of Pharmacy.

Your Committee received testimony in support of the nomination of Marcella Chock from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Dr. Chock's knowledge, experience, and commitment to community service qualify her for appointment to the Board of Pharmacy as a licensee member representing the City and County of Honolulu. Your Committee notes that Dr. Chock has been a licensed pharmacist since 1989 and has worked in a variety of health care settings, with experience as a clinical staff pharmacist, pharmacy director, and medical outcomes specialist in drug research and development. Dr. Chock has been an active member of the Hawaii Pharmacists Association for many years, where she has served as a board member and officer. Your Committee further finds that Dr. Chock has a thorough understanding of the role and responsibilities of board members and will bring practical industry experience to the Board of Pharmacy by virtue of her extensive background and knowledge of federal regulations. Your Committee therefore recommends that Dr. Chock be appointed to the Board of Pharmacy based on her extensive experience, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3451 Commerce and Consumer Protection on Gov. Msg. No. 632**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHYSICAL THERAPY

G.M. No. 632 RUSSELL CHUNG, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Russell Chung to possess the requisite qualifications to be nominated to the Board of Physical Therapy.

Your Committee received testimony in support of the nomination of Russell Chung from the Department of Commerce and Consumer Affairs and four individuals.

Upon review of the testimony, your Committee finds that Mr. Chung's background and prior experience on two State boards qualify him for appointment to the Board of Physical Therapy as a public member. Your Committee notes that Mr. Chung is a landscape architect with over thirty years of experience in California and Hawaii. Mr. Chung is currently the Executive Vice-President of PBR Hawaii & Associates, Inc., a Hawaii company that focuses on landscape architecture, land planning, environmental studies, and graphic design. Mr. Chung will bring valuable experience to the Board of Physical Therapy by virtue of his previous service on the Motor Vehicle Industry Licensing Board as a public member and the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a licensee member. Your Committee further finds that Mr. Chung has a thorough understanding of the role and responsibilities of board members and recommends that Mr. Chung be appointed to the Board of Physical Therapy based on his knowledge, experience, and commitment to community service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3452 Commerce and Consumer Protection on Gov. Msg. No. 636**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 636 GARY BELCHER, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Gary Belcher to possess the requisite qualifications to be nominated to the Board of Speech Pathology and Audiology.

Your Committee received testimony in support of the nomination of Gary Belcher from the Department of Commerce and Consumer Affairs and six individuals.

Upon review of the testimony, your Committee finds that Mr. Belcher's background, experience, and desire to contribute to the community qualify him for appointment to the Board of Speech Pathology and Audiology as a public member. Your Committee notes that Mr. Belcher has worked in health education since 1977; has an excellent understanding of all levels of the health care paradigm; and is currently the Residency Program Administrator with the University of Hawaii John A. Burns School of Medicine. Your Committee further finds that Mr. Belcher has a thorough understanding of the role and responsibilities of board members and his administrative medical experience will bring an important perspective to the Board of Speech Pathology and Audiology. Your

Committee therefore recommends that Mr. Belcher be appointed to the Board of Speech Pathology and Audiology based on his knowledge, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3453 Commerce and Consumer Protection on Gov. Msg. No. 637**

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 637 ROY SASUGA, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Roy Sasuga to possess the requisite qualifications to be nominated to the Motor Vehicle Repair Industry Board.

Your Committee received testimony in support of the nomination of Roy Sasuga from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Mr. Sasuga's background, desire to contribute to the community, and proven leadership on the Motor Vehicle Repair Industry Board qualify him for reappointment to the Motor Vehicle Repair Industry Board as a public member. Your Committee notes that Mr. Sasuga spent his entire forty-year career in the property and casualty insurance industry, where he had extensive dealings with the motor vehicle repair industry. Mr. Sasuga was trained as a general adjuster, eventually became the Claims Manager for Island Insurance Company, Ltd., and finally served as Vice President of Claims Consulting Services for Atlas Insurance Agency, Inc., until his retirement. Your Committee further finds that Mr. Sasuga has been a member of the Motor Vehicle Repair Industry Board since March 2009 and his experience in the insurance industry continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Sasuga be reappointed to the Motor Vehicle Repair Industry Board based on his knowledge, experience, and commitment to giving back to his community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3454 Commerce and Consumer Protection on Gov. Msg. No. 638**

Recommending that the Senate advise and consent to the nomination of the following:

PEST CONTROL BOARD

G.M. No. 638 JONATHAN MONTALBO, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Jonathan Montalbo to possess the requisite qualifications to be nominated to the Pest Control Board.

Your Committee received testimony in support of the nomination of Jonathan Montalbo from the Department of Commerce and Consumer Affairs, Hawaii Pest Control Association, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Montalbo's background, experience, and commitment to serving the public qualify him for appointment to the Pest Control Board as a licensed pest control operator member. Your Committee notes that Mr. Montalbo has been in the pest control industry since 1998, has maintained a pest control operator's license since 2007, and is the President of Aloha Termite Kauai, Inc., in Lihue, Kauai. Mr. Montalbo is an active member of the Hawaii Pest Control Association, where he previously served as President of the Board of Directors and as the Association's Conference Chair. Your Committee further finds that Mr. Montalbo has a thorough understanding of the role and responsibilities of board members and will bring a valuable neighbor island perspective to the Pest Control Board. Your Committee therefore recommends that Mr. Montalbo be appointed to the Pest Control Board based on his knowledge, experience, and dedication to his profession.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3455 Commerce and Consumer Protection on Gov. Msg. Nos. 639 and 640**

Recommending that the Senate advise and consent to the nominations of the following:

REAL ESTATE COMMISSION

G.M. No. 639 SCOTT SHERLEY, for a term to expire 6-30-2018; and

G.M. No. 640 MICHAEL PANG, for a term to expire 6-30-2018

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Scott Sherley and Michael Pang to possess the requisite qualifications to be nominated to the Real Estate Commission.

SCOTT SHERLEY

Your Committee received testimony in support of the nomination of Scott Sherley from the Real Estate Commission; Hawai'i Association of REALTORS; and Badger Arakaki, LLLC.

Upon review of the testimony, your Committee finds that Mr. Sherley's background, experience, and proven leadership on the Real Estate Commission qualify him for reappointment to the Real Estate Commission as a real estate broker member representing Hawaii County. Your Committee notes that Mr. Sherley has been a licensed realtor in Hawaii since 1985 and is the broker in charge of ERA Pacific Properties' Hilo office. Mr. Sherley has been actively involved with his professional organizations, including serving as past President of the Hawaii Association of REALTORS. Mr. Sherley has also been involved in continuing education for Hawaii real estate licensees and has taught continuing education for his own school and other Hawaii Association of REALTOR boards. Your Committee further finds that Mr. Sherley has been a member of the Real Estate Commission since 2010 and currently serves as the Chair of the Condominium Review Committee. Your Committee therefore recommends that Mr. Sherley be reappointed to the Real Estate Commission based on his knowledge, experience, and dedication to serving the public.

MICHAEL PANG

Your Committee received testimony in support of the nomination of Michael Pang from the Department of Commerce and Consumer Affairs, First Hawaiian Realty, and fourteen individuals.

Upon review of the testimony, your Committee finds that Mr. Pang's background, experience, and commitment to serving the public qualify him for appointment to the Real Estate Commission as a real estate broker member representing the City and County of Honolulu. Your Committee notes that Mr. Pang has maintained a real estate broker's license since 1983 and has been the President and Principal Broker of his company, Monarch Properties, Inc., since 1986. Mr. Pang is actively involved with the Honolulu Board of REALTORS and Hawaii Association of REALTORS, where he has served in a variety of leadership roles and committee positions. Mr. Pang has also served as an expert witness on ethical and professional standards for realtors in court and arbitration proceedings, giving him practical industry experience that will be useful to the Real Estate Commission. Your Committee further finds that Mr. Pang has a thorough understanding of the role and responsibilities of commission members and recommends that he be appointed to the Real Estate Commission based on his experience, knowledge, and dedication to his profession.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3456 Commerce and Consumer Protection on Gov. Msg. No. 698**

Recommending that the Senate advise and consent to the nomination of the following:

CABLE ADVISORY COMMITTEE

G.M. No. 698 TIMOTHY BRYAN, for a term to expire 6-30-2015

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Timothy Bryan to possess the requisite qualifications to be nominated to the Cable Advisory Committee.

Your Committee received testimony in support of the nomination of Timothy Bryan from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Mr. Bryan's background, experience, and commitment to serving the community qualify him for appointment to the Cable Advisory Committee. Your Committee notes that Mr. Bryan has worked in various capacities in the television industry since 1976, and is currently a producer, director, and freelance cameraman for Tim O. Bryan Video Production Services in Volcano, Hawaii. As a former board member for Na Leo O Hawaii Community Access Television, Mr. Bryan was exposed to many of the issues and concerns facing public access television. This background experience will be useful to the Cable Advisory Committee. Your Committee further finds that Mr. Bryan has a thorough understanding of the role and responsibilities of committee members and will bring a valuable neighbor island perspective to the Cable Advisory Committee. Your Committee therefore recommends that Mr. Bryan be appointed to the Cable Advisory Committee based on his knowledge, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3457 Commerce and Consumer Protection on Gov. Msg. No. 699**

Recommending that the Senate advise and consent to the nomination of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 699 DANNY MATSUOKA, for a term to expire 6-30-2018 (term amended to 6-30-2017 by GM708)

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Danny Matsuoka to possess the requisite qualifications to be nominated to the Contractors License Board.

Your Committee received testimony in support of the nomination of Danny Matsuoka from the Department of Commerce and Consumer Affairs; International Brotherhood of Electrical Workers, Local Union No. 1186, AFL-CIO; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Matsuoka's background and commitment to public service qualify him for appointment to the Contractors License Board as a public member. Your Committee notes that Mr. Matsuoka has been in the construction industry for almost forty years and currently serves as the General Manager for the Kona branch of Wasa Electrical Services, Inc. Mr. Matsuoka has worked on a large variety of commercial, residential, and public works projects throughout the years, providing general industry experience that will enhance the effectiveness of the Contractors License Board. Your Committee further finds that Mr. Matsuoka has a thorough understanding of the role and responsibilities of board members and will bring a valuable neighbor island perspective to the Contractors License Board. Your Committee therefore recommends that Mr. Matsuoka be appointed to the Contractors License Board based on his experience, knowledge, and dedication to giving back to his community.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Slom).

**SCRep. 3458 (Majority) Commerce and Consumer Protection on H.C.R. No. 40**

The purpose and intent of this measure is to recognize and designate the Hawaii Health Information Exchange as the only fully operational, statewide health information exchange operating in Hawaii.

Your Committee received testimony in support of this measure from the Office of the Governor, Department of Commerce and Consumer Affairs, Department of Health, Hawai'i Health Information Exchange, Hawaii Health Information Corporation, Hawaii Medical Service Association, Kaiser Permanente Hawaii, and AARP Hawaii.

Your Committee finds that the purpose of the Hawaii Health Information Exchange is to improve health care delivery across Hawaii through a seamless, effective, safe, and secure health information exchange. The Hawaii Health Information Exchange currently fills a very important leadership role in carrying out the health information technology elements of health care transformation and has the potential to do much more as the State's designated nonprofit partner. Your Committee further finds that besides building technical infrastructure, the Hawaii Health Information Exchange supports the adoption and use of health information technology as the trusted, neutral source for expertise and as the convener of health care providers to discuss and align health information technology initiatives.

This measure formally recognizes and designates the Hawaii Health Information Exchange as the only fully operational statewide health information exchange in Hawaii. Such designation will encourage the continued advancement of health care transformation initiatives throughout the State, including the Hawaii Health Information Exchange and State's mutual goal of statewide real-time exchange of electronic patient data.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 40, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 2. Noes, 1 (Slom). Excused, 2 (Nishihara, Wakai).

**SCRep. 3459 Commerce and Consumer Protection on H.C.R. No. 66**

The purpose and intent of this measure is to request the State Auditor to conduct a sunrise review of the regulation of veterinary technicians and the practice of veterinary technology.

Your Committee received testimony in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Board of Veterinary Examiners, and Hawaii Veterinary Medical Association.

Your Committee finds that veterinary technicians are valuable team members of the veterinary profession, as they assist veterinarians and serve other roles in the care and treatment of animals. However, veterinary technicians and the practice of veterinary technology are not presently licensed or regulated in Hawaii. Your Committee further finds that this measure requests the Auditor to perform a sunrise review pursuant to section 26H-6, Hawaii Revised Statutes, on the regulation of veterinary technicians and the practice of veterinary technology, as proposed by Senate Bill No. 2502, S.D. 1, Regular Session of 2014. The Auditor's analysis would set forth the probable effects of the proposed regulatory measure, assess whether its enactment is consistent with section 26H-6, Hawaii Revised Statutes, and assess alternate forms of regulation. Your Committee additionally finds that a sunrise review is the necessary next step toward the licensing and regulation of veterinary technicians and the practice of veterinary technology, which will improve the level of care for animals in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3460 Economic Development, Government Operations and Housing on H.C.R. No. 176**

The purpose and intent of this measure is to request the State Procurement Office to conduct a study on the feasibility, necessary processes, and costs relative to requiring the consideration of past performance as a factor in awarding public contracts, including low bid contracts.

Your Committee received testimony in support of this measure from the Hawaii Construction Alliance. Your Committee received testimony in opposition to this measure from the State Procurement Office. Your Committee received comments on this measure from the General Contractors Association of Hawaii and Building Industry Association of Hawaii.

Your Committee finds that according to the State Procurement Office, debaring a contractor for poor performance is not a common practice. A contractor's past performance, if considered, is only considered during the evaluation of proposals submitted to a specific request for proposals. This raises concerns with regard to low bid construction contracts, which must be awarded to the lowest responsive bidder.

Your Committee further finds that several other jurisdictions, including the federal government, state governments, municipalities, and tribal governments, require consideration of past performance in low bid contracts. Having an opportunity to review the past performance of contractors would give the State an opportunity to avoid poor-performing contractors and enter into contracts with better-performing contractors.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 176, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Baker, Chun Oakland, English).

**SCRep. 3461 Water and Land on H.C.R. No. 14**

The purpose and intent of this measure is to authorize the issuance of a lease and easement of certain submerged lands at Manele Bay, Lana'i, to Lana'i Resorts, LLC.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Legislature authorized the issuance of a similar lease and easement to Castle & Cooke, Inc., who then renamed the corporation to Lana'i Resorts, LLC, which was subsequently purchased by Larry Ellison. The initial lease and easement called for a marina to be built, but after the recent tsunami events it was determined that a marina would not be feasible in this area and a single floating dock would be more appropriate. In consideration of today's growth with Lana'i as a destination point, the Division of Boating and Ocean Recreation has determined that a floating loading dock is much needed at the harbor and could be built to withstand another tsunami of moderate impact. The Department of Land and Natural Resources stated in testimony that it also appreciates Lana'i Resorts, LLC's commitment to maintaining the Manele Small Boat Harbor landscaping and ferry passenger waiting areas.

The Board of Land and Natural Resources voted on November 8, 2013, to authorize the termination of the lease and easements executed with Castle & Cooke Resorts, LLC, and to authorize the issuance of a new fifty-five year lease and easement by way of direct negotiation with Lana'i Resorts, LLC, of certain submerged lands and fast lands at Manele Small Boat Harbor on the island of Lana'i identified as tax map key (2) 4-9-17:06. The new lease will provide for the construction, maintenance, and use of submerged lands for the floating and loading dock and for mooring approved by the Division of Boating and Ocean Recreation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 14, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Ihara, Taniguchi, Thielen).

**SCRep. 3462 Water and Land on H.C.R. No. 136**

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement, covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for seawall and rock revetment purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that a seawall and rubble rock revetment encumber approximately 2,387 square feet, of which is a portion of state submerged lands seaward of Tax Map Key: (2) 3-9-012:004. On May 18, 2006, the Office of Conservation and Coastal Lands of the Department of Land and Natural Resources determined that allowing the encroachment to remain through the issuance of an easement would have no adverse impact on natural resources, including beach resources and public access. On June 10, 2010, under agenda item D-10, the Board of Land and Natural Resources granted an amended approval for a fifty-five year term, non-exclusive easement to a private trust. This measure provides legislative approval pursuant to section 171-53, Hawaii Revised Statutes, for the issuance of the easement.

Your Committee has amended this measure by making a technical, nonsubstantive amendment to correct a reference to the Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 136, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 136, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Ihara, Taniguchi, Thielen).

**SCRep. 3463 (Joint) Higher Education and Health and Commerce and Consumer Protection on H.C.R. No. 48**

The purpose and intent of this measure is to request the convening of a task force to develop recommendations for the establishment of a regulated statewide dispensary system for medical marijuana.

Your Committees received testimony in support of this measure from the Department of Health, University of Hawai'i at Mānoa College of Social Sciences Public Policy Center, Hawaii Medical Association, Community Alliance on Prisons, Americans for Democratic Action Hawai'i, American Civil Liberties Union of Hawai'i, The Drug Action Policy Group, Hawaiian Standards & Green Futures, and six individuals. Your Committees received testimony in opposition to this measure from the City and County of Honolulu Police Department and the Maui County Police Department. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that many of the State's 13,000 patients who qualify to use medical marijuana lack the ability to obtain medical marijuana. A regulated statewide dispensary system for medical marijuana would benefit qualifying patients. This measure would request that the task force examine, among other things, models of medical marijuana dispensary systems in other jurisdictions and make recommendations on the best course of action for the State in establishing its own medical marijuana dispensary system.

As affirmed by the records of votes of the members of your Committees on Higher Education, Health, and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 48, H.D. 2, and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

Health

Ayes, 3. Noes, none. Excused, 2 (Chun Oakland, Nishihara).

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Wakai).

**SCRep. 3464 (Joint) Economic Development, Government Operations and Housing and Technology and the Arts on H.C.R. No. 110**

The purpose and intent of this measure is to request the Director of Business, Economic Development, and Tourism to establish a working group to recommend legislation or changes to administrative rules to develop contractual obligations between the State and wireless telecommunication service providers as to the use of public lands for wireless telecommunication infrastructure.

Your Committees received testimony in support of this measure from AT&T Services, Inc. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism and Department of Land and Natural Resources.

Your Committees find that wireless telecommunication service providers must make substantial long term investments and continually upgrade hardware and software to facilitate the implementation of new technologies. State agencies independently establish protocols for the issuance of licenses, leases, and permits for wireless telecommunication services without a predefined framework, resulting in ambiguous and disparate contracts.

Your Committees further find that the current process for the awarding of concession contracts for use by wireless telecommunication service providers is unclear, inconsistent, and may take several years of negotiations.

Your Committees have amended this measure by:

- (1) Inserting language to request that the working group find ways to reduce the amount of time it takes for state agencies to process permits and provide approvals for the most modern communications technology serving the State; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Technology and the Arts that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 110, H.D. 2, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 110, H.D. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing

Technology and the Arts

Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 3465 (Joint) Health and Commerce and Consumer Protection on H.C.R. No. 100**

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report in accordance with sections 23-51 and 23-52, Hawaii Revised Statutes, of mandating health insurance coverage for medically necessary treatment of orofacial anomalies.

Your Committees received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Kaiser Permanente, Hawaii Pacific Health, and several individuals.

Your Committees find that orthodontic treatment is a part of the comprehensive treatment of orofacial anomalies, such as cleft lip and palate. Your Committees further find that health insurance does not cover payment for these services. This measure acknowledges the importance of improving access for children and youth with orofacial anomalies to medically necessary orthodontic services, which is especially important to families for whom out-of-pocket payment may cause hardship and potential delays in treatment timelines.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 100, and recommend that it be referred to the Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

Commerce and Consumer Protection

Ayes, 3. Noes, none. Excused, 2 (Taniguchi, Wakai).

**SCRep. 3466 (Joint) Health and Education on H.C.R. No. 238**

The purpose and intent of this measure is to request the Superintendent of Education and the Director of Health to form a working group to assess whether children in Hawaii who are deaf or severely hard of hearing and who choose the aural/oral route of communication receive proper training and support to learn spoken language skills.

Your Committees received testimony in support of this measure from the Department of Health, Department of Education, State Council on Developmental Disabilities, and five individuals. Your Committees received testimony in opposition to this measure from the Hawaii School for the Deaf Alumni Club and Aloha State Association of the Deaf.

Your Committees find that under federal law, the State is required to provide children who are deaf or seriously hard of hearing with access to least restrictive environments and individual education programs to establish a specific course of action for the children's education. Furthermore, evidence-based research shows that deaf and hard of hearing children who receive an early diagnosis, proper amplification, and professional intervention services from trained experts can be mainstreamed into the school system early. This measure forms a working group to assess whether a gap in education and health care exists for children with hearing impairments in Hawaii.

Your Committees have amended this measure by:

- (1) Removing the requirement that the working group submit a report of its findings and recommendations to the Legislature; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that the inclusion of \$30,000 in the supplemental budget would assist the working group to perform its necessary work.

As affirmed by the records of votes of the members of your Committees on Health and Education that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 238, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 238, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

Education

Ayes, 3. Noes, none. Excused, 2 (Kidani, Gabbard).

**SCRep. 3467 Health on H.C.R. No. 122**

The purpose and intent of this measure is to urge the Director of Health to convene a task force to assess the scope and feasibility of establishing an emergency services patient advocate program.

Your Committee received testimony in support of this measure from the Department of Health, Community Alliance for Mental Health, Healthcare Association of Hawaii, and two individuals.

Your Committee finds that patients and their families can easily become overwhelmed within the medical system, especially when emergency medical attention is necessary. Moreover, emergency room professionals have the highest rate of burnout in the health care profession. Your Committee further finds that a patient advocate program may be necessary to assist in the effective case management of patients and health care providers in emergency situations.

Your Committee has amended this measure by:

- (1) Amending the membership of the task force to include four representatives from the Subarea Health Planning Councils of the Statewide Health Coordinating Council; one representative from the Hawaii Chapter of the American College of Emergency Physicians; one representative of the Emergency Medical Services and Advisory Committee; managers of emergency departments of hospitals located in Hawaii; Healthcare Association staff; and individuals with direct experience in patient advocacy, and remove the directors of emergency rooms, or their designees, from hospitals located in Hawaii;
- (2) Removing the requirement that the task force make recommendations on how to effectively implement an emergency services patient advocate program, including a timetable for implementation;
- (3) Removing the requirement that the task force determine the costs of implementing, and the resources necessary to implement, an emergency services patient advocate program;
- (4) Requiring the task force to make recommendations on whether a statewide emergency services patient advocate program is necessary;
- (5) Requiring the task force to make recommendations on whether a statewide emergency services patient advocate program would be cost-effective;
- (6) Removing the requirement that the report to the Legislature include the task force's actions in assessing the scope and feasibility of establishing an emergency services patient advocate program; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122, H.D. 1, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 122, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3468 (Joint) Health and Human Services on H.C.R. No. 78**

The purpose and intent of this measure is to request the Department of Health to convene a family caregivers working group to examine and assess the role of caregiving for patients released from hospitals, the state of their overall circumstances, and the resources in the community needed and available to assist them.

Your Committees received testimony in support of this measure from the Department of Health; Executive Office on Aging; Office of the Mayor, County of Hawaii; Office of Aging, County of Hawaii; Hawaii Pacific Health; American Cancer Society Cancer Action Network; Hawaii Family Caregiver Coalition; Policy Advisory Board for Elder Affairs; Hawaii Alliance for Retired Americans; AARP Hawaii; and nine individuals. Your Committees received comments on this measure from The Queen's Health Systems and one individual.

Your Committees find that the role of family caregivers is expanding to include medical and nursing tasks. Your Committees further find that due to health care costs and other factors, untrained family caregivers are increasingly called upon to provide medical care. This measure will encourage hospitals, caregiver organizations, and other stakeholders to examine the role of family caregivers in Hawaii, who are essential to long-term support and service systems for patients released from hospitals.

Your Committees have amended this measure by:

- (1) Inserting additional findings;
- (2) Requiring the working group to also assess the state of current practice of caregiver designation, notification, and involvement in discharge planning;
- (2) Requiring the working group to also assess legislative and regulatory recommendations on how best to involve caregivers in patient discharge and prepare caregivers for after-care tasks;
- (3) Inviting the participation of one representative from the AARP, instead of two representatives;
- (4) Inviting the participation of family caregiver representatives from AARP Hawaii, a home health care organization, Kokua Council, American Cancer Society, Papa Ola Lokahi, an Alzheimer's Disease treatment organization, Kokua Mau, and a hospice organization;
- (5) Inviting the participation of either one representative from each Oahu hospital facility or one representative from each hospital or health care system where multiple private Oahu or neighbor island hospitals are under a single hospital or health care system;
- (6) Inviting the participation of a representative from a home health care organization, rather than specifying Home Health Care;
- (7) Inviting the participation of a representative from Hawaii's health insurance or mutual benefit society health plans, rather than specifying Ohana Health Plan;
- (8) Inviting the participation of a representative from a hospice organization, rather than specifying Hospice Hawaii;
- (9) Removing the Governor, or designee; the Chief of the Office of Healthcare Assurance, or designee; and representatives from the Healthcare Association of Hawaii member hospitals from the list of individuals invited to participate in the working group;
- (10) Designating the members of the Senate and House of Representatives as co-chairs of the working group;

- (11) Amending the title of the measure to read, "REQUESTING THE DEPARTMENT OF HEALTH TO CONVENE A FAMILY CAREGIVERS WORKING GROUP TO EXAMINE AND ASSESS THE ROLE OF CAREGIVING FOR PATIENTS RELEASED FROM HOSPITALS, THE STATE OF THEIR OVERALL CIRCUMSTANCES, AND THE RESOURCES IN THE COMMUNITY NEEDED AND AVAILABLE TO ASSIST THEM"; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 78, H.D. 1, as amended herein, and recommend that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 78, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health

Ayes, 5. Noes, none. Excused, none.

Human Services

Ayes, 3. Noes, none. Excused, 2 (Kidani, Taniguchi).

**SCRep. 3469 Health on H.C.R. No. 202**

The purpose and intent of this measure is to request the Director of Health to convene a working group to recommend ways to reduce incidents of sepsis and sepsis deaths in the State.

Your Committee received testimony in support of this measure from the Department of Health, Kaiser Permanente, and Community Alliance for Mental Health.

Your Committee finds that sepsis is a severe infection that is spread through the bloodstream and can be triggered by any kind of infection, including bacterial, viral, parasitic, and fungal infections. Since the infection can develop quickly, immediate detection and treatment are critical. Your Committee further finds that the majority of sepsis cases occur among elderly, immune-compromised, and critically ill individuals. This measure is critical for reducing incidents of sepsis, which is among the leading causes of death in the United States.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 202, H.D. 1, as amended herein, and recommends that it be referred to the Committee on Ways and Means, in the form attached hereto as H.C.R. No. 202, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3470 (Joint) Economic Development, Government Operations and Housing and Tourism on H.C.R. No. 77**

The purpose and intent of this measure is to express support for the Hawaii Food and Wine Festival and declare the Festival to be the next agricultural and culinary movement in the State.

Your Committees received testimony in support of this measure from the Hawaii Tourism Authority, Hawaii Farm Bureau, and Hawaii Ag and Culinary Alliance.

Your Committees find that the Hawaii Food and Wine Festival began in 2011 with more than eighty chefs from all over the world coming together to showcase Hawaii's incredible bounty of fresh fruits, vegetables, herbs, beef, eggs, fish, pork, coffee, honey, and more. The Festival moves Hawaii regional cuisine forward by bringing together interests in tourism, education, culture, environmentalism, and sustainability to ensure that Hawaii maintains a healthy and vibrant economy for future generations. The Festival has also put Hawaii on the world's food and wine map in a monumental way and is truly a showcase of local produce, talent, and culture.

Your Committees have amended this measure by:

- (1) Inserting language to recognize the pivotal role the Hawaii Food and Wine Festival will play in showcasing Hawaii's emerging crops, with the idea that emerging crops may be incorporated as themes that all participating chefs can promote during each festival; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing and Tourism that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 77, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 77, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development, Government Operations and Housing

Ayes, 5. Noes, none. Excused, 2 (Baker, English).

Tourism

Ayes, 3. Noes, none. Excused, 2 (Kahele, Ihara).

**SCRep. 3471 Water and Land on H.C.R. No. 170**

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to adopt rules to manage manta ray dive sites.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Ocean Wings Hawaii, Inc.; Jacks Diving Locker; and two individuals.

Your Committee finds that the manta ray night dive is a popular activity in West Hawaii, and visitors visit Hawaii Island for the purpose of participating in this activity. These dives occur at specific locations where manta rays are known to frequent. The popularity of this activity has grown over the years, and now there are many boats, kayaks, stand up paddle boarders, swimmers, divers, snorkelers, and other recreational and commercial users present at these sites at the same time, creating a potentially dangerous situation.

Your Committee further finds that if an accident occurs, it would be not only tragic but also harmful to the diving industry, and a potential liability to the State. Ensuring the safety of workers, visitors, and manta rays and ensuring a good visitor experience are in the best interest of the health and safety of the general public as well as the manta rays.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 170, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 4 (Dela Cruz, Ihara, Taniguchi, Thielen).

**SCRep. 3472 (Joint) Energy and Environment and Agriculture on H.C.R. No. 47**

The purpose and intent of this measure is to request the Hawaii Department of Agriculture and United States Department of Agriculture to take administrative actions to protect ōhia and other *Myrtaceae* family plants from the destructive rust fungus, *Puccinia psidii*.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Agriculture, Office of Hawaiian Affairs, The Nature Conservancy, Hawaii Farm Bureau, Hawaii Floriculture and Nursery Association, and Coordinating Group on Alien Pest Species.

Your Committees find that approximately eighty percent of the native forest in Hawaii is comprised of ōhia, which is an ecologically, culturally, and economically important plant species. Although the single, distinct strain of *Puccinia psidii* established in Hawaii has not severely affected ōhia, scientific analysis has shown that other strains of *Puccinia psidii* known to exist in other locations can have a particularly virulent impact on ōhia plants. A recent economic analysis revealed that the local Eucalyptus industry and nursery industry in Hawaii could be substantially damaged by the introduction of additional *Puccinia psidii* strains. If even one more genetic strain reaches Hawaii, the results could be devastating to the structure, composition, and function of native forests as well as to the horticultural and agricultural industries that involve *Myrtaceae* plants.

As affirmed by the records of votes of the members of your Committees on Energy and Environment and Agriculture that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 47, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Energy and Environment

Ayes, 3. Noes, none. Excused, 2 (Ihara, Slom).

Agriculture

Ayes, 4. Noes, none. Excused, 3 (Dela Cruz, English, Thielen).

**SCRep. 3473 Judiciary and Labor on Gov. Msg. No. 643**

Recommending that the Senate advise and consent to the nomination of the following:

**COMMISSION TO PROMOTE UNIFORM LEGISLATION**

G.M. No. 643 ELIZABETH KENT, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Elizabeth Kent to possess the requisite qualifications to be nominated to serve on the Commission to Promote Uniform Legislation.

Your Committee received testimony in support of the nomination of Elizabeth Kent from the Department of the Attorney General; Retired Associate Justice James Duffy, Supreme Court of the State of Hawaii; and six individuals.

Ms. Kent obtained a Bachelor of Arts degree, Magna Cum Laude, from the University of Colorado. She subsequently received her Doctorate of Jurisprudence from the William S. Richardson School of Law, where she served as a member of Law Review and the Moot Court Honors Board and received the Am Jur Award for Contracts. In November 2013, she retired as the Director of the Hawaii Judiciary's Center for Alternative Dispute Resolution, which was a position she held since 1996. Prior to her position as Director, she worked as a Research Analyst with the Center from 1994 to 1996. Between 2001 and 2002, she took a leave of absence from her work with the Center to serve as the Deputy Director of the Department of Human Services. She also previously served as an Associate with the law firm of Paul, Johnson, Park & Niles, concentrating her practice in all aspects of commercial litigation. Ms. Kent previously served as a lecturer at the University of Hawaii, teaching graduate and undergraduate courses in business law; as a Staff Attorney with the United States Court of Appeals for the Ninth Circuit; and as a Law Clerk for the United States Court of Appeals for the Second Circuit.

Ms. Kent is an active participant in the community, serving on the Board of Directors of the Hawaii Chapter of the Hawaii Association of Conflict Resolution, Board of Directors of the Policy Consensus Initiative, Board of Directors of the Legal Aid Society of Hawaii, Supreme Court Committee on Judicial Performance Evaluation, and Board of Directors of the Hawaii Institute for Continuing Legal Education, which she served on as President. She is the recipient of several awards, including the Mahalo Award, Lawyer as Problemsolver, and Improved Justice Award from the Mediation Center of the Pacific, Reverend King Peacemaker Award from the Church of the Crossroads, and Rhoda Lewis Award from Hawaii Women's Legal Foundation. Finally, she is the published author of alternative dispute resolution articles in various law reviews, legal publications, and periodicals.

Ms. Kent has served as a Commissioner on the Commission to Promote Uniform Legislation (Commission) since 1988 and has actively attended and participated in the meetings of the Commission and National Uniform Law Commission. She has served as a member of the National Conference's Standby Committee on a Uniform Collaborative Law Act; Study Committee on Family Law Arbitration; Study Committee on a Model Veterans Court Act; Study Committee on Firearms Information; Joint Study Committee on Harmonization of the Law of Canada, Caribbean Nations, and the United States Concerning Registration of Foreign Judgments; and Drafting Committee on a Home Foreclosure Procedures Act. She also performed research and drafting on the Home Foreclosure Procedures Act and wrote an article on the activities of the Commission for the Hawaii State Bar Association Journal.

Testimony in support of the nominee indicates that Ms. Kent is a hardworking, conscientious, and dedicated Commissioner and possesses the intellectual acumen and personable demeanor that make her highly effective in accomplishing the goals of the Commission and National Uniform Law Commission. She brings to the Commission her institutional knowledge and skills that she developed as the Director of the Center for Alternative Dispute Resolution.

Accordingly, based on the testimony submitted, your Committee finds that Elizabeth Kent is exceptionally qualified to continue to serve on the Commission to Promote Uniform Legislation. The nominee's professional experience will serve the Commission and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 3474      Judiciary and Labor on Gov. Msg. No. 644**

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 644    AMY MONK, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Amy Monk to possess the requisite qualifications to be nominated to the Commission on the Status of Women.

Your Committee received testimony in support of the nomination of Amy Monk from the Department of Human Services, Hawaii State Commission on the Status of Women, Patsy T. Mink Political Action Committee, Hawaii State Democratic Women's Caucus, Hawaii Women's Coalition, and three individuals.

Ms. Monk obtained her Bachelor of Arts in Journalism and English Literature from the University of Hawaii. She had a notable career with the Foreign Service of the United States Department of State from 1978 to 2005. As a Management Officer, she performed regional contract solicitation and negotiation in Japan, where she supervised foreign national professionals, managed Asia and Pacific embassy property, and performed crisis management and emergency planning. She previously served as a Human Resources Officer, where her duties included classifying positions, recruiting, performing personnel problem solving, negotiation, and applying federal regulation and foreign labor law. She also acted as a Political and Public Diplomacy Officer, where she analyzed and reported developments in United States-Japan bilateral relations, monitored Russian media, and produced media products for use overseas.

Ms. Monk has also performed extensive community service, serving as a Hawaii Kai Neighborhood Board member, an AARP Foundation Tax Aide, and a Board Member with Planned Parenthood of Hawaii. She also served as the Vice Chair of the Oahu County Community Democratic Party of Hawaii, as the District Chair of the Hawaii Kai Democratic Party, as a member of the Patsy T. Mink Political Action Committee, and with the Women's Caucus of the Democratic Party of Hawaii.

Testimony in support of the nominee indicates that Ms. Monk is committed to advancing the status of girls and women in Hawaii. For example, during her first term with the Commission on the Status of Women, she highlighted the serious issue of sexual violence against female students at the University of Hawaii and helped organize a working group to provide input for University campus policies on sexual assault, campus violence, and student safety. Furthermore, she met with University officials to educate them on the new reporting requirements of Title IX, the Reauthorization of the Violence Against Women Act, and the Clery Act. Ms. Monk's extensive professional foreign service experience brings an international perspective to the Commission on the Status of Women, and her community service and advocacy for issues concerning women will be valuable assets to the Commission.

Accordingly, based on the testimony submitted, your Committee finds that Amy Monk is exceptionally qualified to continue to serve on the Commission on the Status of Women. The nominee's professional experience will serve the Commission and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 3475 Judiciary and Labor on Gov. Msg. No. 645**

Recommending that the Senate advise and consent to the nomination of the following:

LABOR AND INDUSTRIAL RELATIONS APPEALS BOARD

G.M. No. 645 DANNY VASCONCELLOS, for a term to expire 6-30-2020

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Danny Vasconcellos to possess the requisite qualifications to be nominated to the Labor and Industrial Relations Appeals Board.

Your Committee received testimony in support of the nomination of Danny Vasconcellos from the Department of Labor and Industrial Relations; State of Hawaii Organization of Police Officers; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii State AFL-CIO; International Union of Elevator Constructors, Local 126; Laborers' International Union of North America, Local 368; International Brotherhood of Electrical Workers, Local Union 1357; International Longshore and Warehouse Union Local 142; Hawaii Regional Council of Carpenters; University of Hawaii Professional Assembly; Hawaii State Teachers Association; Hawaii Injured Workers Association; Work Injury Medical Association of Hawaii; Hawaii Association for Justice; Workers' Compensation Section, Hawaii Association for Justice; and sixty-three individuals.

Mr. Vasconcellos received his Bachelor's degree in Business Administration from the University of Hawaii at Manoa and subsequently obtained his Doctorate of Jurisprudence from the William S. Richardson School of Law at the University of Hawaii. He currently manages and owns a solo law practice, where he specializes in the fields of workers' compensation and labor. Prior to his solo practice, he was a Partner at Takahashi, Vasconcellos, and Covert, Attorneys at Law, where he provided legal services to clients from public and private sector unions and the non-union workforce.

Testimony in support of the nominee indicate that due to his twenty-six years of experience in workers' compensation and labor laws, Mr. Vasconcellos possesses a strong understanding and experience in workers' rights as well as the rights of employers. He has experience in working with injured workers, defense attorneys, insurance adjusters, medical professionals, insurance professionals, vocational rehabilitation professionals, and labor unions. As a labor attorney, he has handled a large variety of labor cases, including a significant number of appeals before the Labor and Industrial Relations Appeals Board, which has provided him with intimate knowledge and first-hand experience with the Board. He is characterized as a tough advocate when representing his clients but is able maintain a sense of balance that is based on an understanding of the legislative intent behind workers' compensation and labor laws.

Accordingly, based on the testimony submitted, your Committee finds that Danny Vasconcellos is exceptionally qualified to serve on the Labor and Industrial Relations Appeals Board. The nominee's professional experience will serve the Board and public well.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ihara).

**SCRep. 3476 Higher Education on Gov. Msg. No. 675**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE RESEARCH CORPORATION OF THE UNIVERSITY OF HAWAII

G.M. No. 675 DAVID DUFFY, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds David Duffy to possess the requisite qualifications to be nominated to the Board of Directors of the Research Corporation of the University of Hawaii (RCUH).

Your Committee received testimony in support of the nomination of David Duffy from six individuals.

Your Committee finds that David Duffy received his Bachelor of Arts degree in Biology from Harvard University. He went on to receive his Doctorate of Philosophy in Population Biology from Princeton University.

Dr. Duffy has been a Professor of Botany at the University of Hawaii at Manoa since 1998. He also serves as a Graduate Professor of Zoology and Graduate Professor of Ecology, Evolution, and Conservation Biology. Dr. Duffy is also the Unit Leader of the Pacific Cooperative Studies Unit and Director of the Hawaiian Pacific Island Cooperative Ecosystem Studies Unit.

Since 1998, Dr. Duffy has been awarded approximately nine hundred eighty grants and cooperative projects with state, federal, and private agencies, and these grants and cooperative projects total over \$150,000,000. He currently has over three hundred RCUH employees working on several hundred projects. Most of Dr. Duffy's projects are management driven ecological and natural resource research and monitoring projects that are of tremendous benefit to Hawaii and its natural environment.

Dr. Duffy is also active with the University of Hawaii Association of Research Investigators, which has served as an excellent sounding board for new initiatives at RCUH.

Dr. Duffy is currently the President of the University of Hawaii Professional Assembly, a position he will hold until 2015.

Your Committee finds that Dr. Duffy's tremendous amount of experience, as well as his keen understanding of the importance of research to the State's economy and the role of RCUH, will greatly benefit the Board of Directors of RCUH.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 3477 Higher Education on H.C.R. No. 12**

The purpose and intent of this measure is to request the University of Hawaii to report on the status of its Title IX of the Education Amendment Act of 1972 (Title IX) and the Violence Against Women Reauthorization Act of 2013 (VAWA) policies, procedures, staffing, and statistics.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Community Alliance on Prisons, The Sex Abuse Treatment Center, and Hawaii Women's Coalition.

Your Committee finds that this measure seeks to ensure that the University of Hawaii System is fully committed to following the tenets of Title IX and VAWA and increasing resources and strengthening the institutional infrastructure at all its campuses to more effectively address and prevent sexual violence and other forms of gender violence and discrimination.

Your Committee has amended this measure by:

- (1) Amending its title to read: "REQUESTING THE UNIVERSITY OF HAWAII TO AFFIRM ITS COMMITMENT TO UPHOLDING THE TENETS OF TITLE IX OF THE EDUCATION AMENDMENT ACT OF 1972 AND THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT 2013 AND THE UNIVERSITY OF HAWAII'S DEDICATION TO ENDING ALL FORMS OF SEXUAL VIOLENCE ON HAWAII CAMPUSES THROUGH A REPORT ON THE STATUS OF TITLE IX OF THE EDUCATION AMENDMENT ACT OF 1972 AND VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT 2013 POLICIES, PROCEDURES, STAFFING, AND STATISTICS.";
- (2) Adding each Chancellor on the Council of Chancellors of the University of Hawaii System to the list of individuals requested to receive a certified copy of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 12, H.D. 1, as amended herein, and recommends that it be referred to the Committee on Judiciary and Labor, in the form attached hereto as H.C.R. No. 12, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 3478 Hawaiian Affairs on Gov. Msg. No. 646**

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF MAUI AND LANAI

G.M. No. 646 KAHELEONALANI DUKELOW, for a term to expire 6-30-2015

Your Committee has reviewed the personal history and resume submitted by the nominee and finds Kahaieonalani Dukelow to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Island Burial Council, Islands of Maui and Lanai, as a Honuaula representative.

Your Committee received testimony in support of the nomination of Kahaieonalani Dukelow from the Department of Land and Natural Resources and one individual.

Ms. Dukelow earned her Bachelor's degree in Hawaiian Studies and her Master's degree in Teaching from the University of Hawaii at Manoa. Since then, she has taught in various capacities in many schools throughout the State, including as a seventh and eighth grade teacher at Kula Kaiapuni 'O Waiau, as a Hawaiian Studies Instructor at the University of Hawaii at Manoa, and as a Hawaiian Language Arts and Literature Teacher at Kula Kaiapuni 'O Anuenue. She is currently an Assistant Professor in Hawaiian Studies and Language at Maui Community College. She is also the Director of the Ho'okahua Student Study Center mentorship project for Hawaiian students, the Vice President of the Maui Hawaiian Language Immersion Advocacy Group, and a member of the State Department of Education's Strategic Plan for Hawaiian Language Immersion Committee. Ms. Dukelow is well-known and respected in her community as an advocate for perpetuating and preserving native Hawaiian culture and traditions and is ideally suited to serve on the Island Burial Council, Islands of Maui and Lanai.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Galuteria, Kidani).

**SCRep. 3479 Hawaiian Affairs on Gov. Msg. No. 700**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 700 DAVID KAAPU, for a term to expire 6-30-2017

Your Committee has reviewed the personal history and resume submitted by the nominee and finds David Kaapu to possess the requisite commitment, sincerity, dedication, and qualifications to be nominated to the Hawaiian Homes Commission as a West Hawaii representative.

Your Committee received testimony in support of the nomination of David Kaapu from the Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, Kuakini Hawaiian Civic Club, and seven individuals.

Mr. Kaapu earned a Bachelor's degree in Anthropology from the University of Hawaii and a Juris Doctorate from Santa Clara University. For more than twenty years, he has been a solo practitioner of law in Kailua-Kona with a focus on Business Law, Trusts and Estates, Land Use Law, Quiet Title, and general litigation. He has served on the Board of the Hawaii State Bar Association and also as the Vice President and President of the West Hawaii Bar Association. He currently serves as a Director for the Hawaii Health Systems Corporation for the West Hawaii Region and the Agricultural Leadership Foundation of Hawaii. Mr. Kaapu is a well-respected member of the community with a wealth of professional experience that will be an asset to the Hawaiian Homes Commission.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Kidani).

**SCRep. 3480 Higher Education on Gov. Msg. Nos. 676, 677, 678, 679, 680, 681, and 682**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

- G.M. No. 676 JOHN ANDERSON, for a term to expire 6-30-2017;
- G.M. No. 677 JANICE BOND, for a term to expire 6-30-2017;
- G.M. No. 678 DENNIS DUNN, for a term to expire 6-30-2017;
- G.M. No. 679 LISA DUNN, for a term to expire 6-30-2017;
- G.M. No. 680 PATRICIA MASTERS, for a term to expire 6-30-2017;
- G.M. No. 681 DARIN SHIGETA, for a term to expire 6-30-2017; and
- G.M. No. 682 CHARLOTTE TOWNSEND, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds John Anderson, Janice Bond, Dennis Dunn, Lisa Dunn, Patricia Masters, Darin Shigeta, and Charlotte Townsend to possess the requisite qualifications to be nominated to the Hawaii Commission for National and Community Service.

JOHN ANDERSON

Your Committee received testimony in support of the nomination of John Anderson from the Hawaii Commission for National and Community Service.

Your Committee finds that Dr. Anderson received a Bachelor of Arts degree in Psychology from San Francisco State University. He received a Master of Education degree in Counseling and Guidance and a Doctor of Philosophy degree in Education from the University of Hawaii at Manoa. Dr. Anderson was a school counselor with the Department of Education from 1989 until his retirement in 2010.

Dr. Anderson has volunteered in many different capacities throughout his life with organizations such as the East-West Center, University of Hawaii International Student Services program, and the Elks Club.

Dr. Anderson also has experience as a grant writer and a project manager, and his understanding of the grant process and evaluation of grant proposals will continue to assist him in his role as a Commissioner.

JANICE BOND

Your Committee received testimony in support of the nomination of Janice Bond from the Hawaii Commission for National and Community Service, County of Kauai Office of the Prosecuting Attorney, and two individuals.

Your Committee finds that Ms. Bond is a retired teacher. She taught Gifted and Talented English, speech, and journalism at Kauai and Kapaa High Schools and served as a Core Curriculum Coordinator. Since her retirement, Ms. Bond has kept active by continuing to volunteer in her community. She has served as the AARP Volunteer Team Leader for the island of Kauai, past Board member of the American Cancer Society, Arthritis Walk Volunteer Chair, East Kauai Lions Club member, and Kauai representative to the Read to Me International Foundation.

Ms. Bond currently serves on the Hawaii Commission for National and Community Service and previously served from 2005 to 2008. Ms. Bond attended the National Conference on Volunteerism in 2008. In 2009, Ms. Bond was named the Kauai Female Senior Volunteer of the Year and the Hawaii Retired Teacher Association-Kauai District/Hawaii Education Association/National Education Association Retired Teacher Volunteer of the Year.

Ms. Bond's top priority for the Hawaii Commission for National and Community Service is to encourage community service and volunteer participation in government and private programs, as well as to help promote and bring greater awareness to the Commission and its work.

Ms. Bond's enthusiasm and commitment to volunteerism make her invaluable to the Hawaii Commission for National and Community Service, and her continued service will help the Commission in fulfilling its mission.

#### DENNIS DUNN

Your Committee received testimony in support of the nomination of Dennis Dunn from the Hawaii Commission for National and Community Service.

Your Committee finds that Mr. Dunn is the Director of the Victim Witness Assistance Division of the City and County of Honolulu Department of the Prosecuting Attorney.

Mr. Dunn has an extensive history of community service. He has been a Board member of the Domestic Violence Task Force, Hawaii State Coalition Against Domestic Violence, Hawaii Supreme Court Committee on Certification of Court Interpreters, and Kailua Neighborhood Board.

Mr. Dunn is a current member of the Hawaii Commission for National and Community Service and is the past Chair of the Commission. He first served on the Commission from its inception in 1994 until 2009.

Mr. Dunn's lifelong dedication to public service and community building continue to make him a great asset to the Commission.

#### LISA DUNN

Your Committee received testimony in support of the nomination of Lisa Dunn from the Hawaii Commission for National and Community Service.

Your Committee finds that Ms. Dunn is currently an Instructor on Victims and the Criminal Justice System at Hawaii Pacific University. Ms. Dunn has previously served as the Hawaii and American Samoa Anti-Trafficking Services Project Coordinator for The Salvation Army, where she was responsible for developing, coordinating, and delivering services for human trafficking victims. She has also served as a Program Director for Child and Family Services and the Director of Operations of Waikiki Health Center. Ms. Dunn was also the Volunteer and Program Director for the Hawaiian Humane Society.

Ms. Dunn's background in human services has given her the opportunity to see the critical role that volunteers and individuals can have in delivering services to communities. Ms. Dunn has experience managing volunteers and understands what it takes to motivate individuals and promote the effective use of volunteers and community service program members.

Ms. Dunn is currently a member of the Hawaii Commission for National and Community Service, and her experience, garnered through years of working and volunteering in the non-profit community, continue to provide her with the knowledge and expertise necessary to benefit the Commission.

#### PATRICIA MASTERS

Your Committee received testimony in support of the nomination of Patricia Masters from the Hawaii Commission for National and Community Service.

Your Committee finds that Dr. Masters received her Bachelor of Arts degree and her Master of Arts degree from the University of California, Los Angeles. Dr. Masters received her Doctor of Philosophy in Political Science from the University of Hawaii at Manoa. She is currently the Associate Director of the Student Equity, Excellence, and Diversity Program at the University of Hawaii at Manoa.

Dr. Masters previously served on the Hawaii Commission for National and Community Service as the Commission's first Chair from 1994 to 1996.

Dr. Masters' current and previous experience as a member and Chair of the Hawaii Commission for National and Community Service, as well as her background in community organizing and grant writing, continues to provide her with the expertise to ensure another successful term as a Commissioner.

#### DARIN SHIGETA

Your Committee received testimony in support of the nomination of Darin Shigeta from the Hawaii Commission for National and Community Service.

Your Committee finds that Mr. Shigeta received his Bachelor of Arts degree from Claremont McKenna College. He also received a Master of Business Administration degree from the University of Hawaii at Manoa. Mr. Shigeta is currently a Business Banking Manager with Bank of Hawaii. Prior to holding that position, he was a Business Banking Officer with Bank of Hawaii.

Mr. Shigeta is the President of the Board of Directors of the Kalihi Business Foundation, where he provides input on the Foundation's activities, grant initiatives, and projects. He is also the past President of the Board of Directors of the Kalihi Business Association. Mr. Shigeta has also volunteered with the Hawaii Pacific Tennis Foundation and the Honolulu Japanese Junior Chamber of Commerce.

Mr. Shigeta has been a valuable leader in supporting volunteerism as an important way to fill the gaps in all service areas. As a member of the Hawaii Commission for National and Community Service, Mr. Shigeta brings a private sector perspective on resource allocation and prioritization, and your Committee finds that the Commission will continue to benefit from his membership.

CHARLOTTE TOWNSEND

Your Committee received testimony in support of the nomination of Charlotte Townsend from the Hawaii Commission for National and Community Service and two individuals.

Your Committee finds that Ms. Townsend is currently the Program and Policy Development Supervisor for the Disability and Communication Access Board. She is responsible for the dissemination of information on community resources for persons with disabilities and serves as a trainer and lecturer on civil rights legislation such as the Americans with Disabilities Act, Rehabilitation Act, Air Carriers Access Act, and Federal Fair Housing Act.

As a current member of the Commission, Ms. Townsend brings a wealth of knowledge on disability-related issues to help augment the Commission's efforts to be more inclusive of diverse populations, including persons with disabilities, as participants and beneficiaries of volunteer services.

Ms. Townsend is a passionate advocate for the full participation of persons with disabilities in all facets of the community, and she brings her unique perspective to the Hawaii Commission for National and Community Service.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 3481 Higher Education on Gov. Msg. Nos. 683, 684, 685, 686, and 687**

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII MEDICAL EDUCATION COUNCIL

G.M. No. 683 VICKI MCMANUS, for a term to expire 6-30-2017;

G.M. No. 684 KENNETH ROBBINS, for a term to expire 6-30-2017;

G.M. No. 685 SHARON VITOUSEK, for a term to expire 6-30-2017;

G.M. No. 686 ALLEN HIXON, for a term to expire 6-30-2017; and

G.M. No. 687 WILLIAM DUBBS, for a term to expire 6-30-2015

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Vicki McManus, Kenneth Robbins, Sharon Vitousek, Allen Hixon, and William Dubbs to possess the requisite qualifications to be nominated to the Hawaii Medical Education Council.

VICKI MCMANUS

Your Committee did not receive testimony on the nomination of Vicki McManus.

Your Committee finds that Ms. McManus received a Bachelor's degree in Food Science and Nutrition from San Francisco State University.

Ms. McManus is currently the Manager of Millberry Creek, LLC, a real estate management company that manages long-term and vacation rental properties. She is also a Partner in Palm Records, Inc., which provides business and technical support to other small businesses in the record industry. She is also a Trustee of the DeDomenico Trust, managing the Trust's real estate holdings.

As a resident of the Island of Hawaii, Ms. McManus has first-hand experience with the shortage of physicians in rural areas. Ms. McManus is a strong proponent of physician training and residency programs on the neighbor islands.

Ms. McManus' business and entrepreneurial background will continue to provide the Hawaii Medical Education Council with a perspective that is different and unique from most other Council members in the health care field.

KENNETH ROBBINS

Your Committee did not receive testimony on the nomination of Kenneth Robbins.

Your Committee finds that Dr. Robbins received a Bachelor's degree in Biology from Stanford University. He received his Medical Doctor degree from the University of California at San Diego School of Medicine.

Dr. Robbins is currently the Executive Vice President and Chief Medical Officer of Hawaii Pacific Health. Prior to his administrative career, Dr. Robbins was a full-time practicing pediatrician at Straub Clinic and Hospital. He previously held a full-time position on the Pediatric Faculty at the University of Hawaii John A. Burns School of Medicine and continues to teach pediatric residents as an Associate Clinical Professor of Pediatrics.

In his position with Hawaii Pacific Health, Dr. Robbins is directly responsible for overseeing the recruitment of physicians for Hawaii Pacific Health's hospitals and medical groups. He has been active in physician recruitment activities in Hawaii for the last ten years.

Dr. Robbins' experience and knowledge relating to physician recruitment and medical education and residency, as well as his clinical and management experience, make him an ideal member of the Hawaii Medical Education Council.

SHARON VITOUSEK

Your Committee did not receive testimony on the nomination of Sharon Vitousek.

Your Committee finds that Dr. Vitousek received a Bachelor of Arts degree in Political Science from Williams College. She received her Medical Doctor degree from the University of Hawaii John A. Burns School of Medicine.

Dr. Vitousek is the North Hawaii Outcomes Project Director for the Earl and Doris Bakken Foundation. Prior to this, Dr. Vitousek served as the Medical Director of Hawaii Health Information Corporation and as a physician in private practice. Dr. Vitousek has also served as a faculty member at the John A. Burns School of Medicine and as an Attending Physician at The Queen's Medical Center.

Dr. Vitousek is a founding board member of the North Hawaii Community Hospital, helping to obtain millions of dollars in grant monies to establish the hospital. She is also a founding board member of North Hawaii Women and Children's Services (now known as Hawaii Learning Resource), whose mission is to increase access for local students and professionals to recent advancements in identifying, assessing, and effectively supporting local students with learning differences.

Dr. Vitousek has been a community leader on the Island of Hawaii in the areas of access to medical care and addressing the physician and health provider shortage. She is a strong proponent of providing training and residency programs on the neighbor islands. Her knowledge in the area of graduate medical education in rural areas continues to make her a valuable asset to the Hawaii Medical Education Council.

ALLEN HIXON

Your Committee received testimony in support of the nomination of Allen Hixon from three individuals.

Your Committee finds that Dr. Hixon received his Bachelor of Arts degree in Sociology/Anthropology from Middlebury College. He received his Master of Arts degree in International Training from the School of International Service at American University. Dr. Hixon went on to receive his Doctor of Medicine from the University of Connecticut.

Dr. Hixon has had a long career as a medical doctor since earning his Doctor of Medicine in 1994. He is currently the Chair of the Department of Family Medicine and Community Health at the University of Hawaii John A. Burns School of Medicine. He also serves as an Associate Professor. He previously served as the Residency Director of the Family Medicine Residency Program at the University of Hawaii John A. Burns School of Medicine.

Dr. Hixon has been awarded a number of grants relating to health care and community medicine and has worked with the Legislature to provide funding to develop a statewide health care rural training network and to support the residency program at the Department of Family Medicine and Community Health at the University of Hawaii John A. Burns School of Medicine to help address the severe shortage of primary care health providers in the State.

Dr. Hixon's experience and involvement in medical education from the perspective of a health care provider and as the former Residency Director of the Family Medicine Residency Program at the University of Hawaii John A. Burns School of Medicine will make him an asset to the Hawaii Medical Education Council.

WILLIAM DUBBS

Your Committee did not receive testimony on the nomination of William Dubbs.

Your Committee finds that Dr. Dubbs received his Bachelor of Arts degree from Phillips University. He went on to receive his Master of Science degree from Oklahoma State University. He received his Doctor of Medicine from the University of Nebraska.

Dr. Dubbs began his medical career as an Intern with the Naval Hospital in San Diego, California. He went on to serve as a General Surgery Resident and Cardiothoracic Surgery Resident at the Naval Hospital in San Diego. He also served as a Fellow in Cardiothoracic Surgery at the University of California, San Diego.

Dr. Dubbs also served as a surgeon in private practice in San Diego and Oklahoma. He was also the Medical Director of the Cherokee National Indian Clinic and Director of the Cookson Hills Rural Health Clinic, both in Oklahoma.

Dr. Dubbs is currently the Chief of Staff at the Veterans Affairs Pacific Island Health Care System.

Dr. Dubbs' varied experience as a doctor with the Navy, in private practice, with Indian and rural health care, as well as with veterans, provide him with a unique perspective in helping the Hawaii Medical Education Council fulfill its mission.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Ige, Kidani, Tokuda).

**SCRep. 3482 Ways and Means on H.C.R. No. 48**

The purpose and intent of this measure is to request that the Public Policy Center in the College of Social Sciences at the University of Hawaii at Manoa convene a task force to develop recommendations for the establishment of a regulated statewide dispensary system for medical marijuana to provide qualifying patients with safe and legal access to medical marijuana.

Your Committee received written comments in support of this measure from The Mestizo Association. The Legislative Reference Bureau and the Department of the Prosecuting Attorney of the City and County of Honolulu submitted written comments on the measure.

Your Committee finds that through Act 228, Session Laws of Hawaii 2000, the Legislature established a state medical use of marijuana law to provide medical relief for seriously ill individuals in the State. Your Committee also finds that many of the State's nearly thirteen thousand qualifying patients are unable to obtain or grow their own supply of medical marijuana. Your Committee believes that a regulated statewide dispensary system for medical marijuana would benefit qualifying patients in the State by enabling them to obtain an inspected, safe supply of medical marijuana.

Your Committee has amended this measure by adding the Prosecuting Attorney of the City and County of Honolulu, or the Prosecuting Attorney's designee, to the membership of the task force.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 48, H.D. 2, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 48, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Chun Oakland, Dela Cruz, Kouchi, Tokuda, Slom).

**SCRep. 3483 Ways and Means on H.C.R. No. 136**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged and reclaimed (filled) lands for maintenance, repair, replacement, and removal of an existing seawall and rubble rock revetment.

Your Committee received no written comments on this measure.

Your Committee finds that a seawall and rubble rock revetment encumber an area of approximately 2,387 square feet on certain property located at Waiohuli-Keokea Homesteads, Kihei, Maui, a portion of which is state submerged lands. Your Committee further finds that on June 10, 2010, the Board of Land and Natural Resources granted an amended approval for a fifty-five year term, non-exclusive easement to O. Joachim Granzow and Inge J. Granzow, trustees of the O. Joachim Granzow and Inge Granzow Family Trust; Joachim Wilhelm Granzow; and Christian Lars Granzow. Your Committee finds that the adoption of this measure will satisfy the requirement of section 171-53, Hawaii Revised Statutes, providing for legislative authorization by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 136, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3484 Ways and Means on H.C.R. No. 238**

The purpose and intent of this measure is to ensure that proper training, support, and educational accommodations are available for children in Hawaii who are deaf or severely hard of hearing.

Specifically, this measure requests the Superintendent of Education and the Director of Health to convene a working group to assess whether deaf and severely hard of hearing children using aural or oral communication receive proper training, support, and educational accommodations required by federal law. This measure also requests the working group to review the:

- (1) Transition process from the Department of Health to the Department of Education for the purposes of following the progress of deaf and severely hard of hearing children;
- (2) Recruitment process for properly trained teachers;
- (3) Possibility of hiring an experienced oral speech therapy teacher to fill the gap in training during the hiring process for permanent oral therapy teachers; and
- (4) Possibility of covering the insurance cost of families who use telehealth services to receive oral speech therapy lessons.

Your Committee received written comments in support of this measure from two individuals. Written comments in opposition to this measure were received from the Hawaii School for the Deaf and the Blind Alumni Club.

Your Committee finds that proper training for very young children with hearing problems who use hearing aids or cochlear implants can help these children develop normal hearing and speaking skills. However, there may be a shortage of resources available to provide the necessary spoken language training for children with auditory problems. Your Committee finds that establishing a working group to examine whether deaf or severely hard of hearing children are receiving the proper auditory training and educational accommodations is a necessary step in fulfilling federal health care and educational requirements for children who are deaf or severely hard of hearing.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 238, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 1 (Tokuda).

**SCRep. 3485 Ways and Means on H.C.R. No. 14**

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term lease of fifty-five years and non-exclusive easement covering a portion of submerged and fast lands at Manele Bay on the island of Lanai for the construction and maintenance of a floating and loading dock, moorings, utilities, landscaping, and maintenance.

Your Committee received written comments in support of this measure from Pulama Lanai.

Your Committee finds that on November 8, 2013, the Board of Land and Natural Resources authorized the issuance of a fifty-five-year lease and easement by way of direct negotiation with Lanai Resorts, L.L.C., of certain submerged lands and fast lands at Manele Small Boat Harbor on the island of Lanai. Your Committee recognizes that, as a lessee, Lanai Resorts, L.L.C., would maintain the utilities, floating and loading dock, and related improvements; maintain Manele Small Boat Harbor landscaping along the roadways and ferry passenger waiting areas; and pay base rent plus a percentage of revenues. Your Committee further finds that the adoption of this measure will satisfy the requirement of section 171-53, Hawaii Revised Statutes, providing for legislative authorization by concurrent resolution prior to the leasing of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Chun Oakland, Dela Cruz, Kouchi, Tokuda, Slom).

**SCRep. 3486 Ways and Means on H.C.R. No. 40**

The purpose and intent of this measure is to recognize and designate the Hawaii Health Information Exchange as the only fully operational, statewide health information exchange operating in Hawaii.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs, the Healthcare Transformation Coordinator of the Office of the Governor, and the Hawaii Health Information Exchange.

Your Committee notes that the Hawaii Health Information Exchange is a nonprofit organization that was formed in 2006 by Hawaii's leading health care stakeholders to improve health care delivery across Hawaii through the seamless, effective, safe, and secure transmission of healthcare-related data. The Hawaii Health Information Exchange has utilized existing infrastructure to assist health care providers with the electronic exchange of patient health information through a secure mechanism in compliance with federal Health Insurance Portability and Accountability Act regulations.

Your Committee finds that the Hawaii Health Information Exchange, as the exclusive service provider designated to work with the State, has served as a conduit between health care providers and the State for public health reporting and has been successful in advancing and supporting health information exchange needs in Hawaii. There is a need for continuing this working relationship to sustain crucial services.

Your Committee further finds that the designation of the Hawaii Health Information Exchange as the only fully operational statewide health information exchange in Hawaii will encourage the continued advancement of health care transformation initiatives throughout the State, including the mutual goal of the Hawaii Health Information Exchange and the State to provide the real-time exchange of electronic patient data statewide.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Chun Oakland, Dela Cruz, Kouchi, Tokuda, Slom).

**SCRep. 3487 Ways and Means on H.C.R. No. 202**

The purpose and intent of this measure is to request the Director of Health to convene a working group to recommend ways to reduce incidents of sepsis and sepsis deaths in the State.

Your Committee received written comments in support of this measure from the Healthcare Association of Hawaii.

Your Committee finds that sepsis is among the leading causes of death in the United States, and preventive measures are needed immediately to address this rising health problem.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 202, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Tokuda, Slom).

**SCRep. 3488 Ways and Means on H.C.R. No. 110**

The purpose and intent of this measure is to request the Director of Business, Economic Development, and Tourism to establish a working group to develop standard contractual provisions for the use of state public lands for wireless telecommunication hardware devices.

This measure also requests the working group to explore ways to expedite the permit process for communication technology serving the State.

Your Committee received no written comments on this measure.

Your Committee finds that state agencies independently establish and develop protocols for the use of wireless telecommunication services, resulting in ambiguous and disparate contracts. Establishing a working group to establish a predefined framework for wireless telecommunication service provider contracts will increase government efficiency, establish revenue predictability for the State, reduce risk for all parties, and promote business.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 110, H.D. 2, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3489 Ways and Means on H.C.R. No. 78**

The purpose and intent of this measure is to request the Department of Health to convene a family caregivers working group to examine and assess the role of caregiving for patients released from hospitals, the state of their overall circumstances, and the resources in the community needed and available to assist them.

In addition, this measure requests that the working group examine and assess the state of the current practice of caregiver designation, notification, involvement in discharge planning, and training and make legislative and regulatory recommendations on how best to involve caregivers in patient discharge and prepare caregivers for after-care tasks.

Your Committee received written comments in support of this measure from the Healthcare Association of Hawaii and one individual.

Your Committee finds that the role of family caregivers has greatly expanded to encompass many areas of patient care that require increased expertise and skill, such as medical and nursing tasks. This has resulted in uncertainty in defining the role of hospitals in the training of caregivers as well as the availability of community resources that may assist in training family caregivers.

Your Committee believes that this measure will provide the needed insight into the role of family caregivers, hospitals, and community resources in ensuring that family caregivers are equipped with the necessary training and skills to deliver the proper services needed for a patient's continued recovery.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 78, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3490 Ways and Means on H.C.R. No. 122**

The purpose and intent of this measure is to urge the Director of Health to convene a task force to assess the scope and feasibility of establishing an emergency services patient advocate program to provide assistance to, and advocate on behalf of, patients receiving emergency medical care.

Your Committee received written comments in support of this measure from the Healthcare Association of Hawaii.

Your Committee finds that a patient advocate program may contribute to effective case management, and enhance communication among patients, family members, and health care providers, in the provision of medical services in emergency room settings.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3491 Ways and Means on H.C.R. No. 176**

The purpose and intent of this measure is to request the State Procurement Office to conduct a study on the feasibility, necessary processes, and costs of requiring the consideration of past performance as a factor in awarding public contracts.

This measure also requests the State Procurement Office to submit its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2015.

Your Committee received written comments on this measure from the General Contractors Association of Hawaii and the Building Industry Association.

Your Committee finds that for awards of public contracts, a contractor's past performance is only considered during the evaluation of proposals and not during other times of the award process. Your Committee further finds that a study regarding the proper consideration to be given to a contractor's past performance would facilitate an exploration of methods for the State to avoid awarding contracts to poor-performing contractors.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 176, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 3 (Dela Cruz, Tokuda, Slom).

**SCRep. 3492 Ways and Means on H.C.R. No. 121**

The purpose and intent of this measure is to request the Legislative Reference Bureau to study the feasibility of establishing the Office of Information Practices on a permanent basis, administratively attached to the Department of Accounting and General Services.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and the Office of Information Practices. The Legislative Reference Bureau submitted comments on the measure.

Your Committee finds that the Office of Information Practices was established by Act 262, Session Laws of Hawaii 1988. The Office of Information Practices administers the Uniform Information Practices Act, codified as chapter 92F, Hawaii Revised Statutes, which requires open access to government records, and the Sunshine Law, codified as chapter 92, Hawaii Revised Statutes, which requires open public meetings. Your Committee also finds that, currently, the Office of Information Practices is temporarily attached to the Office of the Lieutenant Governor for administrative purposes. Your Committee believes that finding an appropriate principal department to permanently attach the Office of Information Practices will facilitate stability and continuity in legal opinions and guidelines affecting state and county agencies, as well as promote independence from undue political influence.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 121, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3493 Ways and Means on H.C.R. No. 100**

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of requiring health insurers to provide coverage for medically necessary treatment of orofacial anomalies as proposed under H.B. No. 2522, which was introduced in the Regular Session of 2014.

Your Committee did not receive any written comments on this measure.

Your Committee finds that mandatory health insurance coverage for medically necessary treatment of orofacial anomalies, such as cleft lip or cleft palate, will substantially offset the financial hardship on families of children who require these treatments. Your Committee also recognizes that health insurance coverage for these treatments will reduce compromised reconstructive surgical outcomes and contribute to good health for children born with orofacial abnormalities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 100, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3494 Ways and Means on H.C.R. No. 66**

The purpose and intent of this measure is to request the Auditor, pursuant to section 26H-6, Hawaii Revised Statutes, to conduct a sunrise review of the regulation of veterinary technicians and the practice of veterinary technology, as proposed under Senate Bill No. 2502, S.D. 1 (2014).

The measure also requests the Auditor to submit findings and recommendations, including any proposed legislation, to the Legislature prior to the convening of the Regular Session of 2015.

Your Committee received written comments in support of this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, the Board of Veterinary Examiners, and the Hawaii Veterinary Medical Association.

Senate Bill No. 2502, S.D. 1 (2014), proposes to establish requirements for the regulation of veterinary technicians and the practice of veterinary technology, which are currently unregulated. Your Committee believes that the establishment of registration requirements and regulations for veterinary technicians in Hawaii would improve the level of care of animals in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 5 (Chun Oakland, Dela Cruz, Kouchi, Tokuda, Slom).

**SCRep. 3495 Health on H.C.R. No. 74**

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the establishment of a system of registered dispensaries within the Department of Health to dispense medical marijuana as proposed in H.B. No. 1587, Regular Session of 2014.

Your Committee received testimony in support of this measure from the Department of Health and American Civil Liberties Union. Your Committee received comments on this measure from the Community Alliance on Prisons and Drug Policy Action Group.

Your Committee finds that establishing a system of registered dispensaries in the State to dispense medical marijuana to qualified patients and primary caregivers is critical to enable patients to access this medicine for their debilitating medical conditions. Your Committee further finds that the regulation of medical marijuana dispensaries will not only protect qualified patients who need medical marijuana for their health care needs, but will also strengthen and ensure compliance with Hawaii's Medical Use of Marijuana Law.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 74, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Slom).

**SCRep. 3496 Education on Gov. Msg. Nos. 706 and 707**

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EDUCATION

G.M. No. 706 DONALD HORNER, for a term to expire 6-30-2017; and

G.M. No. 707 JAMES WILLIAMS, for a term to expire 6-30-2017

Your Committee has reviewed the personal histories, resumes, and statements submitted by the nominees and finds Donald Horner and James Williams to possess the requisite qualifications to be nominated to the Board of Education.

DONALD HORNER

Your Committee received testimony in support of the nomination of Donald Horner from the Board of Education; Hui for Excellence in Education; Kanu o ka 'Āina Learning 'Ōhana; Hawaii Association of Independent Schools; Friends of the Library of Hawai'i; Friends of Civil Rights; Castle & Cooke Hawai'i; Nursing Advocates & Mentors, Inc.; National Federation of Filipino American Association Region 12; Filipino American Citizens League; Filipino Coalition for Solidarity; Hawai'i Public Charter Schools Network; Hawaii Business Roundtable; The Salvation Army; and nineteen individuals. Your Committee received testimony in opposition to the nomination of Mr. Horner from Girl Fest Hawaii, Rainbow Family 808, Americans for Democratic Action Hawai'i, Hawaii Guerrilla Video Hui, Gay Lesbian and Transgender Caucus of the Democratic Party of Hawaii, and fifty-nine individuals. Your Committee received comments on the nomination of Mr. Horner from three individuals.

Your Committee finds that Mr. Horner received his undergraduate degree in business from the University of North Carolina. He went on to receive his Master of Business Administration degree from the University of Southern California and is an honors graduate of the Pacific Coast Banking School at the University of Washington. From 1972 to 1976, Mr. Horner served in the United States Navy, obtaining the rank of Lieutenant Commander.

Mr. Horner retired as the Chairman and Chief Executive Officer of First Hawaiian Bank. He joined First Hawaiian Bank as a Credit Analyst in 1978.

Mr. Horner serves on various boards, including serving as the Board Chair of the First Hawaiian Bank Foundation, Board member and Treasurer of Iolani School, and Board member Emeritus of Mid-Pacific Institute. He is the former Chair of the Governor's Economic Momentum Commission, Young Presidents' Organization of Hawaii, Hawaii Business Roundtable, and Hawaii Bankers Association.

Mr. Horner served on the State's Reinventing Government Task Force, which was established to examine the current operations and organization of state government and make recommendations on making state government more efficient.

Mr. Horner served as Vice Chair of the Department of Education's Interagency Working Group established under Act 51, Session Laws of Hawaii 2004. As part of the Working Group, Mr. Horner was instrumental in implementing important educational legislation and served on the Superintendent's Advisory Council.

Mr. Horner has served as the Chair of the Board of Education since 2011. His professional background provides him with an insight into strategic planning and personnel management.

Under the tenure of Mr. Horner, the newly appointed Board of Education has taken on a number of challenging issues, including but not limited to the adoption of more rigorous diploma requirements in Board of Education Policy 4540 that are aligned with the State's college and career readiness goals; successful implementation of Act 130, Session Laws of Hawaii 2011, which was a complete recodification of the State's charter school law; creation of the first ever joint Board of Education and Department of Education strategic plan to align the Board and Department's goals and overall vision and direction; and approval of a phase-in schedule to ensure that all Department of Education schools are accredited by 2019.

Through his leadership, the Board of Education increased public accessibility to the Board by holding over 400 stakeholder meetings statewide; holding over 169 committee and Board meetings since 2011; instituting chair office hours, which take place twice a month usually between 4:30 p.m. and 5:30 p.m. following Board meetings; and creating an independent hotline with an audit trail to provide opportunities for individuals to express their concerns anonymously.

Working with fellow Board of Education members, Mr. Horner has made it a priority to increase access to state public libraries by expanding hours of operation to include weekend hours; improve the Board of Education's student representation selection process to increase the student voice by supporting the participation of students from all forty-four high schools; approve the revision of Hawaiian education program policies to ensure that the related constitutional and statutory mandates are appropriately effected; and implement and manage the risk assessment of the Department of Education and the Board of Education's resulting audit plan, specifically creating a committee to proactively investigate and address audit-related findings.

Much of the testimony in opposition to Mr. Horner centered around his affiliation with New Hope Diamond Head as a Pastor, as well as concerns regarding public accessibility to Board of Education members and the Board's meetings. Your Committee engaged Mr. Horner in a full discussion on the issues and concerns raised, and upon completion, indications were clear that steps were continuously taken to improve the transparency and accessibility of the Board of Education. Mr. Horner reiterated that while he has never attempted to hide his religious affiliation, he made clear that he has never imposed it upon our school system through his position on the Board of Education or in Board policy.

Mr. Horner's value of education, strong financial and managerial expertise, and leadership continue to be invaluable assets to the Board of Education. Mr. Horner's background continues to provide him with the skills and experiences necessary to oversee an organization as complex and large as Hawaii's public school system.

JAMES WILLIAMS

Your Committee received testimony in support of the nomination of James Williams from the Board of Education, Hui for the Excellence in Education, Friends of the Library of Hawai'i, and three individuals.

Your Committee finds that Mr. Williams received his Bachelor of Arts degree from Drake University. From January 2010 to May 2010, Mr. Williams served as the Interim Executive Director of the Hawaii State Teachers Association where he was responsible for, among other things, directing collective bargaining contract negotiations for Hawaii's public school teachers.

From 2004 to 2009, Mr. Williams was the Administrator and Chief Executive Officer of the Hawaii Employer-Union Health Benefits Trust Fund, where he was responsible for administering benefits for approximately 180,000 state employees, retirees, and dependents.

In 1994, Mr. Williams founded the Royal State Learning Foundation (formerly Royal State Trust), a non-profit foundation focused on the transformation of Hawaii's education system. Mr. Williams also founded Voyager Public Charter School in Honolulu. He has experience dealing with all aspects of school administration, including facilities and financial needs. Mr. Williams has served as the Chair of the Voyager Charter School Local School Board and is currently the Board's Vice Chair. He is also the Chair of the Board of the Voyager School Foundation.

Mr. Williams also spent eleven years as a Social Studies teacher at Kaunakakai School and Molokai High and Intermediate School.

Mr. Williams has been a member of the Board of Education since 2011. During this time, he has served on the Board of Education's Finance and Infrastructure Committee, Student Achievement Committee, Audit Committee, and Human Resources Committee.

As the Chair of the Human Resources Committee, Mr. Williams has provided leadership in developing a strategic plan for staff success; drafting Board policies on performance, evaluation, and pay; and adopting and implementing a comprehensive evaluation process for the Superintendent of Education and State Librarian.

Mr. Williams brings a unique and varied background in education, administration, and business to the Board of Education, and he continues to contribute his high level of knowledge and professionalism to the Board of Education.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 4. Noes, none. Excused, 1 (Ruderman).

**SCRep. 3497 Water and Land on Gov. Msg. Nos. 504 and 505**

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

G.M. No. 504 AARON MAHI, for a term to expire 6-30-2014; and

G.M. No. 505 AARON MAHI, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Aaron Mahi to possess the requisite qualifications to be nominated to the Land Use Commission.

Your Committee received testimony in support of the nomination of Aaron Mahi from the Department of Business, Economic Development & Tourism; Office of Planning; Ko'olaupoko Hawaiian Civic Club; Pearl Harbor Hawaiian Civic Club; Ko'olau Foundation; and one individual.

Aaron Mahi received a Bachelor of Arts degree in Music Education from the University of Hartford. He also completed Orchestral Conducting at the University of Loma Linda. Mr. Mahi is currently an Assistant Cultural Specialist with the Partners in Development Foundation, as well as a Cultural Consultant for the Malama 'Aina Foundation. He served as the Royal Hawaiian Band Bandmaster from 1981 to 2005 and as Associate Conductor of the Honolulu Symphony Orchestra from 1989 to 1997.

Mr. Mahi's background in Hawaiian culture and the arts will provide the Land Use Commission with a unique blend of skills to further the mission and objectives of the Commission with cultural sensitivity.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 3 (Ihara, Shimabukuro, Taniguchi).

**SCRep. 3498 Water and Land on Gov. Msg. No. 702**

Recommending that the Senate advise and consent to the nomination of the following:

LAND USE COMMISSION

G.M. No. 702 EDMUND ACZON, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Edmund Aczon to possess the requisite qualifications to be nominated to the Land Use Commission.

Your Committee received testimony in support of the nominee from the Land Use Commission; Department of Business, Economic Development, and Tourism; Department of Labor and Industrial Relations; Department of Transportation; Agribusiness Development Corporation; Mayor of the County of Hawaii; Hawaii Laborers' Union; The Pacific Resource Partnership; George Hao & Associates;

ILWU LOCAL 142, Hawaii Laborers-Employers Cooperation and Education Trust; Kai Hawaii; Hawaii Operating Engineers Stabilization Trust Fund; Hawaii Regional Council of Carpenters; Royal Contracting Company; S&M Sakamoto, Inc.; United Public Workers, AFSCME, Local 646, AFL-CIO; Hawaii Masons' Union; General Contractors Association of Hawaii; Nan, Inc.; Hawaiian Dredging Construction Company Inc.; Nalo Farms; SSFM International; Imanaka Asato, LLC; Pat Lee & Associates, LLC; Nordic Construction PLC; The Filipino Community Center; Shoi Construction, Inc.; O'ahu Arts Center; and numerous individuals.

Edmund Aczon was educated in the Philippines, where he received instruction and training in construction-related fields. He is currently the Community Relations Director and Manpower Specialist at the Hawaii Regional Council of Carpenters, a position he has held since 2004. From 2003 to 2013, Mr. Aczon worked as a Field Representative for United States Senator Daniel K. Inouye. Mr. Aczon was also the President/Secretary/Treasurer of Aczon Construction, Ltd., and the owner of Aczon Construction, a masonry contractor. He is a member of and has served in various officer capacities with the Building Industry Association of Hawaii, National Association of Homebuilders, Build-PAC Hawaii, Hawaii Construction Industry Association, Hawaii Strategic Development Corporation of Hawaii, Oahu Workforce Investment Board, and other associations. Mr. Aczon is the recipient of numerous awards from local and national business and construction entities. Your Committee believes that Mr. Aczon's wealth of experience in the construction industry will enable him to deliberate and contribute to discussions regarding the complex land use issues before the Land Use Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ihara, Shimabukuro, Taniguchi).

**SCRep. 3499 Water and Land on Gov. Msg. Nos. 647 and 648**

Recommending that the Senate advise and consent to the nominations of the following:

KOKEE STATE PARK ADVISORY COUNCIL

G.M. No. 647 DAVID ALEXANDER, for a term to expire 6-30-2014; and

G.M. No. 648 DAVID ALEXANDER, for a term to expire 6-30-2018 (term amended to 6-30-2017 by GM688)

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds David Alexander to possess the requisite qualifications to be nominated to the Kokee State Park Advisory Council.

Your Committee received testimony in support of the nominee from the Department of Land and Natural Resources.

David Alexander is an Assistant at Restore, Habitat For The Humanities, located in Hanapepe, Kauai. He received a Bachelor of Science degree in Environmental Studies from the University of Vermont at Burlington, Vermont. Mr. Alexander worked for five years as a Biological Science Technician for the United States Geological Survey Biological Research Division in Koke'e, Kauai. He also worked as a Conservation Technician at the Koke'e Resource Conservation Program for seven years. Your Committee is confident that Mr. Alexander will make significant contributions to the Koke'e State Park to the Advisory Council.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ihara, Shimabukuro, Taniguchi).

**SCRep. 3500 Water and Land on Gov. Msg. No. 705**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 705 THOMAS OI, for a term to expire 6-30-2016

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Thomas Oi to possess the requisite qualifications to be nominated to the Board of Land and Natural Resources.

Your Committee received testimony in support of the nominee from the Department of Land and Natural Resources, East Kauai Soil and Water Conservation District, Hawaii Government Employees Association, and fourteen individuals.

Thomas Oi has held a State of Hawaii Professional Land Surveyor's Certificate since 1996 as well as a State Land Court License Certificate since 1997. Mr. Oi is the owner of Tommy Oi Land Surveyor LLC, in Lihue, Kauai. He also worked as a surveyor with the firm of Kutake, Portugal & Ibara, Inc., on the island of Kauai. His duties there included topography, boundary, and construction surveying. Mr. Oi served as the Kauai District Land Agent for the Department of Land and Natural Resources' Land Division for over eight years, and he worked previously as a Land Boundary Surveyor for the Department of Accounting and General Services and as a licensed Land Surveyor in the Highways Design Cadastral Engineering Section of the Department of Transportation. He is familiar with rules, regulations, and statutes concerning Land Court System surveys.

Thomas Oi possesses a wealth of knowledge about the land and natural resources on Kauai, having worked in land surveying on Kauai for many years. Your Committee finds that he will be a tremendous asset to the Board of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ihara, Shimabukuro, Taniguchi).

**SCRep. 3501 Water and Land on Gov. Msg. No. 703**

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON WATER RESOURCE MANAGEMENT

G.M. No. 703 MICHAEL BUCK, for a term to expire 6-30-2018

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Michael Buck to possess the requisite qualifications to be nominated to the Commission on Water Resource Management.

Your Committee received testimony in support of the nominee from the Department of Land and Natural Resources, Department of Health, Enterprise Honolulu, The Nature Conservancy, and six individuals. Your Committee received testimony in opposition to the nominee from one individual.

Mr. Buck holds a Master of Science degree in Forest Resource Conservation and a Certificate in Tropical Agriculture from the Institute of Food and Agricultural Sciences, University of Florida, in Gainesville. He received a Bachelor of Science degree in Resources Management, School of Environmental Sciences and Forestry, at the State University of New York, Syracuse, New York.

Mr. Buck is a farmer in Waimanalo, Oahu. He is also the Sustainable Forests Representative for the National Association of State Foresters. From 1977 to 2004, Mr. Buck served in the Department of Land and Natural Resources as a State Forester and Wildlife Director, Natural Area Reserves Coordinator and Resources Management Forester, and Resource Survey Forester for the Division of Forestry and Wildlife. The nominee played a leadership role in establishing Hawaii's Watershed Partnerships Program and developed management plans and operational capacity for Hawaii's Natural Area Reserves System. Mr. Buck is active in professional organizations dedicated to the preservation of forest and water resources, as well as community organizations.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ruderman, Shimabukuro, Taniguchi).

**SCRep. 3502 Water and Land on Gov. Msg. No. 554**

Recommending that the Senate advise and consent to the nomination of the following:

KANEOHE BAY REGIONAL COUNCIL

G.M. No. 554 MAURICE RADKE, for a term to expire 6-30-2017

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds Maurice Radke to possess the requisite qualifications to be nominated to the Kaneohe Bay Regional Council.

Your Committee received testimony in support of the nomination of Maurice Radke from the Department of Land and Natural Resources.

Maurice Radke worked for the United States Navy Pacific Fleet Headquarters, where he recruited and led eight working groups through team formation and development, brainstorming, analytical problem solving, prioritization, plans of actions, and milestones for completion to improve efficiency of the staff. The nominee also served as battle force Command Master Chief, a position in which he effectively communicated with over five thousand service members and their families by generating over one hundred news articles, creating a widely renowned family news-gram, and initiating a teleconference program that served four hundred deployed service members. Mr. Radke was also the Public Relations Chairman for the Rotary Club of Waikiki.

More specifically, Mr. Radke's background in management and marine affairs will provide the Kaneohe Bay Regional Council with a unique blend of skills to further the mission and objectives of the Kaneohe Bay Regional Council.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Ruderman, Shimabukuro, Taniguchi).

**SCRep. 3503 Technology and the Arts on H.C.R. No. 200**

The purpose and intent of this measure is to request the Department of Accounting and General Services and the State Foundation on Culture and the Arts to place a peace pole sculpture near the Katsu Goto Memorial and recognize the efforts of the community of Honoka'a, the Honoka'a Peace Committee, and the importance of commemorating Peace Day.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Your Committee finds that Hawaii designated September 21, 2006, as Peace Day to promote peace programs, improve international relations, and increase educational awareness of peace. The community of Honoka'a has recognized Peace Day since it was established and celebrates Peace Day with an annual Peace Day Parade and Festival. Peace poles are an internationally recognized symbol of the mission of Peace Day, with tens of thousands of peace poles located in nearly every country in the world. A peace pole structure located near the Katsu Goto Memorial will recognize the community of Honoka'a and the Honoka'a Peace Committee and encourage the community to continue to observe and celebrate Peace Day.

As affirmed by the record of votes of the members of your Committee on Technology and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200, and recommends that it be referred to the Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.  
Ayes, 3. Noes, none. Excused, 2 (Ihara, Tokuda).

**SCRep. 3504      Ways and Means on H.C.R. No. 140**

The purpose and intent of this measure is to request the Director of Human Services, in collaboration with providers, to rebase the basic prospective payment system rates for intermediate care facilities for individuals with intellectual disabilities that serve Medicaid recipients to be effective July 1, 2015, for the fiscal year ending June 30, 2016, by using cost reports from providers from the base year ending June 30, 2013.

In addition, this measure urges the Director of Health to include sufficient funding in its 2015-2017 biennium budget to cover any increase in basic prospective payment system rates resulting from the rebasing.

The Department of Health, the State Council on Developmental Disabilities, and The Arc in Hawaii provided testimony in support of this measure. The Department of Human Services provided comments.

Your Committee finds that current basic prospective payment system rates based on cost reports from providers for the base fiscal year ending June 30, 2005, coupled with the suspension of mandated inflation adjustments since fiscal year 2012, have resulted in inadequate and disproportionate Medicaid payments for the care of individuals with intellectual disabilities. Furthermore, section 17-1739.2-17, Hawaii Administrative Rules, requires the Department of Human Services to rebase basic prospective payment system rates using updated cost report data and at a frequency that ensures that a provider does not have its rates calculated by reference to the same base year for a period of more than eight state fiscal years. The last rebasing of the basic prospective payment system rates took effect on July 1, 2007. This measure seeks to ensure that the Department of Human Services will rebase the basic prospective payment system rates to be effective July 1, 2015, in compliance with the Hawaii Administrative Rules.

Your Committee further finds that the daily cost for intermediate care facilities for individuals with intellectual disabilities is higher than the amount that Medicaid payment rates cover and any additional delay in rebasing will heavily burden operators of intermediate care facilities for individuals with intellectual disabilities. Your Committee believes that this measure will allow for sufficient rebasing of basic prospective payment system rates to allow intermediate care facilities for individuals with intellectual disabilities to continue providing essential and critical services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 140, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 4 (Chun Oakland, Dela Cruz, Tokuda, Slom).

**SCRep. 3505      Economic Development, Government Operations and Housing on Gov. Msg. No. 693**

Recommending that the Senate advise and consent to the nomination of the following:

**BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION**

G.M. No. 693    PAUL KYNO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Paul Kyno to possess the requisite qualifications to be nominated to the Board of Directors of the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of Paul Kyno from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; and five individuals.

Mr. Kyno founded the Kauai Housing Development Corporation, a local nonprofit organization that specializes in affordable and special needs housing development. As the Executive Director of the Corporation, he was able to bring about the completion of the Lihue Theater Elderly Housing project and the Hale Kupuna housing project in Kalaheo. Mr. Kyno has served on the Hawaii Housing Finance and Development Corporation Board of Directors since 2011. He is also a member of the Kauai Board of REALTORS and Kauai Disaster Fund, and previously served as the State's representative on the Federal Home Loan Bank of Seattle's Affordable Housing Advisory Council.

Mr. Kyno indicated in his personal statement that because of his private sector experience in planning and building affordable housing, he knows what it takes to cultivate the new crop of affordable housing developments.

Your Committee finds that Mr. Kyno's past experiences, as well as his continuing commitment to affordable housing in Hawaii, will be great assets to the Board of Directors.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the

nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3506 Economic Development, Government Operations and Housing on Gov. Msg. No. 691**

Recommending that the Senate advise and consent to the nomination of the following:

STADIUM AUTHORITY

G.M. No. 691 MICHAEL IOSUA, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Michael Iosua to possess the requisite qualifications to be nominated to the Stadium Authority.

Your Committee received testimony in support of Michael Iosua from the Department of Accounting and General Services, Stadium Authority, and ten individuals.

Mr. Iosua is a practicing attorney with experience in real estate, land use, and legislative drafting. Previously, he served as Assistant Attorney General in American Samoa. He holds a Bachelor's degree in Economics from the University of Hawaii and a Master's degree in Business Administration and Juris Doctorate from Brigham Young University.

Mr. Iosua indicated in his personal statement that his desire to serve on the Stadium Authority arises from his fond memories playing at Aloha Stadium as a member of the University of Hawaii football team. He would like to see Hawaii's youth and others develop their own fond memories of Aloha Stadium as either a participant or spectator.

Your Committee finds that Mr. Iosua's past professional experiences in law and business as well as his collegiate athletic experiences will be great assets to the Stadium Authority.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3507 Economic Development, Government Operations and Housing on Gov. Msg. No. 597**

Recommending that the Senate advise and consent to the nomination of the following:

STADIUM AUTHORITY

G.M. No. 597 ROSS YAMASAKI, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Ross Yamasaki to possess the requisite qualifications to be nominated to the Stadium Authority.

Your Committee received testimony in support of Ross Yamasaki from the Department of Accounting and General Services, Stadium Authority, and seventeen individuals.

Mr. Yamasaki is currently President and Partner of KYA Sustainability Studio, a unique think tank and sustainability consultancy that provides sustainability master planning and programming, sustainable business development, and corporate social responsibility reporting for clients in the public and private sectors. As the driving force and founder behind the KYA Sustainability Studio, Mr. Yamasaki is passionate about investing in local talent and transforming perceptions of Hawaii in order to navigate the future of Hawaii's sustainable enterprise. At KYA Design Group, he has over twenty years of architectural experience and has been involved in many projects involving planning, development, design, and construction. Mr. Yamasaki also holds a Bachelor of Arts in Sociology and Master of Architecture from the University of Hawaii.

Mr. Yamasaki indicated in his personal statement that he sees an enduring need for a large scale sports and entertainment venue in Hawaii to serve both the local interests as well as those of the visitor industry. He anticipates that this challenge is one of solvency and sustainability.

Your Committee finds that Mr. Yamasaki's professional background in architecture, sustainability and marketing, community interests in sports and the visitor industry, and personal history will be great assets to the Authority.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 3508 Economic Development, Government Operations and Housing on Gov. Msg. Nos. 594, 595, and 596**

Recommending that the Senate advise and consent to the nominations of the following:

ENHANCED 911 BOARD

- G.M. No. 594 ROY IREI, for a term to expire 6-30-2016;  
 G.M. No. 595 STEVEN SCHUTTE, for a term to expire 6-30-2016; and  
 G.M. No. 596 JEFF RIEWER, for a term to expire 6-30-2016

Your Committee has reviewed the personal histories and statements submitted by the nominees and finds Roy Irei, Steven Schutte, and Jeff Riewer to possess the requisite qualifications to be nominated to the Enhanced 911 Board.

ROY IREI

Your Committee received testimony in support of Roy Irei from the Department of Accounting and General Services and seven individuals.

Mr. Irei is currently the General Manager of T-Mobile USA and responsible for all aspects of T-Mobile USA's operations in Hawaii. His accomplishments include taking the company from the third largest wireless phone company in 2001 to the number one wireless carrier in Hawaii in 2007. He also holds a Bachelor's degree in Business Administration from the University of Hawaii.

In the past, Mr. Irei served as Chairman of the Wireless Enhanced 911 Board from 2004 to 2008, which successfully launched the enhanced 911 service within eighteen months statewide.

Your Committee finds that Mr. Irei's past experiences, as well as his continuing commitment to public safety, will be great assets to the Board.

STEVEN SCHUTTE

Your Committee received testimony in support of Steven Schutte from the Department of Accounting and General Services and fourteen individuals.

Mr. Schutte is currently the Government Account Executive for Verizon Wireless and represents Hawaii government agencies and nonprofit organizations and their employees. Previously, he also served as Market Manager of T-Mobile Engineering and Operations for several years. He holds a Bachelor's degree in Speech Communications from the University of Hawaii.

In the past, Mr. Schutte served as Vice Chair of the Enhanced 911 Board from 2004 to 2005 and Chair from 2005 to 2007. During his tenure, the Board successfully launched Phase II service, which enabled public-safety answering points to view the caller's phone number and an estimated location of the caller.

Mr. Schutte indicated in his personal statement that the role of the Enhanced 911 Board is not only to provide guidelines and assistance to the public-safety answering points, but to have a fiduciary responsibility to the general public.

Your Committee finds that Mr. Schutte's past experiences will be great assets to the Board.

JEFF RIEWER

Your Committee received testimony in support of Jeff Riewer from the Department of Accounting and General Services and five individuals.

Mr. Riewer is currently the Lead Network/Sales Support Manager and Enhanced 911 Coordinator for AT&T Wireless in Hawaii and is responsible for coordinating all Enhanced 911 scheduling, call testing, and datafill between AT&T Hawaii and Hawaii public-safety answering point personnel. He has over fourteen years of experience in the wireless communications field as a Manager of Operations, Field Manager, Technical Manager, and Wireless Technician. He holds Bachelors of Science in History and Political Science from the University of Montana. He also has been attending Enhanced 911 Board meetings as a civilian volunteer for over two years.

Mr. Riewer indicated in his personal statement that he believes his background and expertise in wireless networks will bridge any gaps between wireless network providers and public-service action points in the State.

Your Committee finds that Mr. Riewer's past experiences, as well as his continuing commitment to technological advances in wireless networks, will be great assets to the Board.

As affirmed by the records of votes of the members of your Committee on Economic Development, Government Operations and Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.  
 Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 3509 Economic Development, Government Operations and Housing on Gov. Msg. No. 584**

Recommending that the Senate advise and consent to the nomination of the following:

ADMINISTRATOR OF THE STATE PROCUREMENT OFFICE

- G.M. No. 584 SARAH-JANE ALLEN, for a term to expire 10-15-2017

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Sarah-Jane Allen to possess the requisite qualifications to be nominated as Administrator of the State Procurement Office.

Your Committee received testimony in support of Sarah-Jane Allen from the Department of Business, Economic Development, and Tourism; Department of Accounting and General Services; Department of Transportation; Department of Human Services; Hawaii Housing Finance and Development Corporation; The Pacific Resource Partnership; Hawaii Construction Alliance; American Council of Engineering Companies of Hawaii; Laborers' International Union of North America Local 368; Building Industry Association of Hawaii; and forty-one individuals.

Ms. Allen is currently the Acting Administrator for the State Procurement Office, a position she has held since November 2013. During this time, she has demonstrated to be a strong leader with effective communication skills and an innovative and forward-thinking vision of procurement. During her short time as Acting Administrator, Ms. Allen has already taken the initiative to reach out to the different State agencies and jurisdictions to share their best practices for procurements. She also holds a Bachelor of Commerce from the University of Southern Africa, Master of Contracts Management from American Graduate University, and a Global Executive Master of Business Administration from George Mason University.

Ms. Allen's procurement experience includes seven years of consulting at the National Geospatial Intelligence Agency, most notably as the Executive Advisor to the Special Procurement Executive, where her team managed the cross-functional initiative, Agile Acquisition. She also has fourteen years of contracting and acquisition experience, which includes time in the United States Air Force.

Ms. Allen indicated in her personal statement that she hopes to be able to offer constructive training and mentoring to those in the State who are procuring with taxpayer's money; encourage innovative and streamlined procurements that are on time, within budget, and successful; support those who create great procurements; ensure responsible, professional, and accountable procurement in line with codes and rules; and elevate those who procure for the State by educating them and giving them the tools to procure more efficiently and effectively.

Your Committee finds that Ms. Allen's past experiences with procurement, as well as her continuing commitment to innovative procurement practices, will be great assets as Administrator of the State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 3510 Economic Development, Government Operations and Housing on Gov. Msg. No. 557**

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HIGH TECHNOLOGY DEVELOPMENT CORPORATION

G.M. No. 557 LEIGH-ANN MIYASATO, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Leigh-Ann Miyasato to possess the requisite qualifications to be nominated to the Board of Directors of the High Technology Development Corporation.

Your Committee received testimony in support of Leigh-Ann Miyasato from the High Technology Development Corporation, Hawaii Strategic Development Corporation, and twenty-seven individuals.

Ms. Miyasato is the founding President and Executive Director of the Entrepreneurs Foundation of Hawaii, a nonprofit organization whose mission is to encourage entrepreneurial companies to engage in community service and philanthropy. As Executive Director, she is responsible for member recruitment, event planning, fund development, board relations, community relations, finance, and administration. Previously, Ms. Miyasato served as Vice President of Administration and Finance for DragonBridge Capital, LLC, a merchant bank that assisted Chinese technology companies, and Executive Director of HiBEAM, an accelerator for Hawaii technology startups. She holds a Bachelor of Arts degree from Stanford University and Juris Doctorate from the University of California at Berkeley.

In the past, Ms. Miyasato has worked with entrepreneurs and businesses in the Hawaii technology sector. She is familiar with many High Technology Development Corporation tenants and clients and the Corporation's programs for entrepreneurs.

Ms. Miyasato indicated in her personal statement that she hopes to find innovative and effective ways to support entrepreneurs and to expand the technology sector in Hawaii.

Your Committee finds that Ms. Miyasato's past experiences, as well as her continuing commitment to issues related to entrepreneurs and businesses in Hawaii, will be great assets to the Board.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 3511 Economic Development, Government Operations and Housing on Gov. Msg. No. 503**

Recommending that the Senate advise and consent to the nomination of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 503 HARRIS NAKAMOTO, for a term to expire 6-30-2015

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Harris Nakamoto to possess the requisite qualifications to be nominated to the Small Business Regulatory Review Board.

Your Committee received testimony in support of Harris Nakamoto from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; Laborers' International Union of North America Local 368; ILWU Local 142; and two individuals.

Mr. Nakamoto is the Director of Labor Accounts for Kaiser Permanente and is responsible for a multitude of duties, including developing and implementing an annual strategic account management plan that targets business and membership growth serving local union health and welfare trust funds, managing overall client relationships, and actively engaging clients and consultants in meetings and events that lead to increased membership and the sale of additional benefits into the accounts. Previously, Mr. Nakamoto served as the Chief Operating Officer of 'Ohana Health Plan, a competitive Medicaid and Medicare insurance company. He also holds a Bachelor of Science from the University of Redlands and has studied abroad at Waseda University in Tokyo, Japan.

Mr. Nakamoto indicated in his personal statement that he believes his business background in owning and operating his own small business, as well as his experience in health care, will allow him to continue his work as an advocate of small business in Hawaii.

Your Committee finds that Mr. Nakamoto's past experiences, as well as his continuing commitment to issues related to small business in Hawaii, will be great assets to the Small Business Regulatory Review Board.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (English).

**SCRep. 3512 (Majority) Economic Development, Government Operations and Housing on Gov. Msg. No. 502**

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY (KAKAAKO DISTRICT)

G.M. No. 502 BRIAN TAMAMOTO, for a term to expire 6-30-2015

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Brian Tamamoto to possess the requisite qualifications to be nominated to the Hawaii Community Development Authority (Kakaako District).

Your Committee received testimony in support of Brian Tamamoto from the Hawaii Laborers-Employers Cooperation and Education Trust; Laborers' International Union of North America Local 368; Hawaii Construction Alliance; Hawaii Regional Council of Carpenters; The Pacific Resource Partnership; United Public Workers Union, AFSCME Local 646; Building Industry Association of Hawaii; ILWU Local 142; and five individuals.

Mr. Tamamoto is currently the Executive Vice President at Resort Holdings, LLC, and is responsible for oversight and asset management responsibilities for a golf course, hotel, property development, and other administrative duties. He holds a Bachelor of Arts from the University of Hawaii.

Along with his many accomplishments, Mr. Tamamoto was part of a leadership team that purchased Verizon – Hawaiian Telephone Company for \$1,200,000,000. Once the business purchase was made, he was transferred to Hawaiian Telcom and headed labor contract administration and supervised the business unit managers.

Mr. Tamamoto indicated in his personal statement that he hopes to use his range of professional experience to oversee the many rules and regulations from a broader perspective, to engage in community interaction, and to understand and be tolerant of differing opinions.

Your Committee finds that Mr. Tamamoto's past experiences, as well as his continuing commitment to issues relating to development in Kakaako, will be great assets to the Kakaako District Board.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, 1 (Thielen). Excused, 1 (English).

**SCRep. 3513 Economic Development, Government Operations and Housing on Gov. Msg. No. 623**

Recommending that the Senate advise and consent to the nomination of the following:

SMALL BUSINESS REGULATORY BOARD

G.M. No. 623 BARBARA BENNETT, for a term to expire 6-30-2018

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Barbara Bennett to possess the requisite qualifications to be nominated to the Small Business Regulatory Board.

Your Committee received testimony in support of Barbara Bennett from the Small Business Regulatory Review Board and one individual.

Ms. Bennett is currently the owner and publisher of *For Kauai Magazine*. Kauai Mayor Bernard Carvalho, Jr., proclaimed February 7, 2014, as "For Kauai Magazine Day" and stated that Ms. Bennett's newspaper "brings in-depth community articles, has a vision to support the people and businesses of Kauai by providing a quality print publication and a state-of-the-art website, and is the most read publication on Kauai." Ms. Bennett has served as a member of the Small Business Regulatory Review Board since December 2012. She has also spent over fifty years in the marketplace with a diverse background in food and beverage, agriculture, retail business, sales, publishing, and other areas.

Ms. Bennett indicated in her personal statement that she wants to continue to be a member of the Board because she knows and understands the concerns and challenges of hundreds of small business owners on Kauai.

Your Committee finds that Ms. Bennett's past experience, as well as her continuing commitment to issues related to small business in Hawaii, will be great assets to the Board.

As affirmed by the record of votes of the members of your Committee on Economic Development, Government Operations and Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 6. Noes, none. Excused, 1 (Chun Oakland).

**SCRep. 3514 Energy and Environment on Gov. Msg. No. 585**

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR OF THE OFFICE OF ENVIRONMENTAL QUALITY CONTROL

G.M. No. 585 JESSICA WOOLEY, for a term to expire 6-30-2015

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Jessica Wooley to possess the requisite qualifications to be nominated as the Director of the Office of Environmental Quality Control.

Your Committee received testimony in support of Jessica Wooley from the Department of Transportation, Coordinating Group on Alien Pest Species, Aha Moku Advisory Committee, About Face, Sierra Club of Hawaii, The Humane Society of the United States, and sixteen individuals.

Ms. Wooley is currently the State Representative of Hawaii House District 48 and Chair of the House Committee on Agriculture. During her tenure as a State Representative she has also served as Chair of the House Committee on Culture and the Arts from 2010 to 2012. She holds a Bachelor's degree in Economics from the University of California at Santa Cruz and a Master's degree in Agricultural and Resource Economics and Juris Doctorate from the Boalt Hall School of Law at the University of California at Berkeley.

Along with her many accomplishments, Ms. Wooley has served as Deputy Attorney General from 2000 to 2003, representing the Clean Water, Drinking Water, and Wastewater branches of the Department of Health. From 1998 to 2000, she served as an AmeriCorps attorney for the Legal Aid Society of Hawaii, providing legal representation to Hawaii's most vulnerable families. She has also served as a member of the Papahānaumokuākea Marine National Monument Reserve Advisory Council since 2001.

Ms. Wooley indicated in her personal statement that being the Director of the Office of Environmental Quality Control is a challenge that she must accept because she is needed. As Director, Ms. Wooley said she will do all she can to bring people together from all sides of an issue to resolve problems, work with the administration, provide clear and consistent information, promote transparency and public involvement, and ensure that the agencies receive the best advice possible.

Your Committee finds that Ms. Wooley's past experiences as a leader, as well as her continuing commitment to environmental issues, will be great assets to the Office of Environmental Quality Control.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5; Ayes with Reservations (Slom). Noes, none. Excused, none.

**SCRep. 3515 Energy and Environment on Gov. Msg. No. 652**

Recommending that the Senate advise and consent to the nomination of the following:

ENVIRONMENTAL COUNCIL

G.M. No. 652 JOSEPH SHACAT, for a term to expire 6-30-2015

Your Committee has reviewed the personal history and statement submitted by the nominee and finds Joseph Shacat to possess the requisite qualifications to be nominated to the Environmental Council.

Your Committee received testimony in support of Joseph Shacat from the Department of Health; Department of Health Compliance Assistance Office; Associated General Contractors of America; Hawaii Laborers' Union; Building Industry Association of Hawaii; Hawaii Laborers-Employers Cooperation and Education Trust; General Contractors Association of Hawaii; S & M Sakamoto, Inc.; King & Neel, Inc.; and nineteen individuals.

Mr. Shacat is currently the Environmental Compliance Manager at Grace Pacific, LLC, and is responsible for all aspects of environmental compliance at industrial and commercial facilities and construction jobsites. During his tenure at Grace Pacific, he has advocated for and accomplished systemic changes within the company to reduce emissions, minimize waste, increase recycling, improve energy efficiency, and utilize alternative resources. In the past, he has also played an active role in volunteer organizations associated with environmental quality, such as the Board of Directors for Honolulu Clean Cities, the Steering Committee for the Environmental Forum of the Associated General Contractors of America, and the Environmental Committee for the General Contractors Association of Hawaii and National Asphalt Pavement Association. He holds a Bachelor of Philosophy from Miami University and Master's degrees in Oceanography and Business Administration from the University of Hawaii.

Mr. Shacat indicated in his personal statement that he views serving on the Environmental Council as an opportunity to give back to the community and integrate his knowledge and understanding of Hawaii's environmental health with other members of the Council.

Your Committee finds that Mr. Shacat's past experiences, as well as his continuing commitment to issues related to environmental regulations that affect businesses in Hawaii, will be great assets to the Council.

As affirmed by the record of votes of the members of your Committee on Energy and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.  
Ayes, 5. Noes, none. Excused, none.

**SCRep. 3516 Ways and Means on S.R. No. 59**

The purpose and intent of this measure is to request the Hawaii Labor Relations Board to conduct an investigation on public sector collective bargaining grievance arbitrations with regard to factors including costs, the consumption of time, the types of issues, and the frequencies of appeals.

Your Committee received written comments in opposition to this measure from the United Public Workers, AFSCME, Local 646, AFL-CIO.

Your Committee finds that there is a perception that the public sector collective bargaining grievance arbitration process has become overly formalized, complicated, costly, and time-consuming. Your Committee believes that an investigation should be made to determine if the process should be simplified so as to provide a quick, just, and cost-effective resolution to conflicts between public employers and employees.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 59, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 4 (Espero, Keith-Agaran, Ruderman, Slom).

**SCRep. 3517 Ways and Means on H.C.R. No. 200**

The purpose and intent of this measure is to:

- (1) Request the Department of Accounting and General Services and the State Foundation on Culture and the Arts to place a peace pole sculpture near the Katsu Goto Memorial; and
- (2) Recognize the efforts of the community of Honoka'a and the Honoka'a Peace Committee, and the importance of commemorating Peace Day.

The Department of Accounting and General Services submitted written comments on the measure.

Your Committee finds that Act 23, Session Laws of Hawaii 2007, designated September 21 of each year as Peace Day to promote peace programs, improve international relations, and increase awareness about the need for peace. Peace Day provides an opportunity for individuals, organizations, communities, and nations to demonstrate their desire for peace. The community of Honoka'a celebrates Peace Day with an annual Peace Day Parade and Festival.

Your Committee further finds that peace poles are monuments that have become internationally recognized symbols of the ideals of Peace Day and that tens of thousands of peace poles are now located throughout the world. Creating a peace pole sculpture near the Katsu Goto Memorial in Honoka'a will recognize the efforts of the community and the Honoka'a Peace Committee to promote peace and will encourage the continued observance and celebration of Peace Day.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200, and recommends its adoption.

Signed by the Chair on behalf of the Committee.  
Ayes, 9. Noes, none. Excused, 4 (Espero, Keith-Agaran, Ruderman, Slom).

**SCRep. 3518 (Joint) Economic Development, Government Operations and Housing and Technology and the Arts and Agriculture on H.C.R. No. 92**

The purpose and intent of this measure is to support and promote the first annual Localicious Hawaii campaign in March 2014, which recognizes local restaurants that are committed to buying local while raising awareness for Hawaii Agricultural Foundation's Ag in the Classroom Veggie U Program by declaring March to be "Localicious Hawaii Month".

Your Committees received testimony in support of this measure from the Hawaii Agricultural Foundation, Hawaii Farm Bureau, Maui County Farm Bureau, and Maui School Garden Network. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the Hawaii Agricultural Foundation is launching its first annual Localicious Hawaii campaign to recognize local restaurants that are committed to buying locally grown produce while also raising funds to support future farmers in Hawaii. Of the more than sixty-five participating restaurants, each restaurant will create a dish incorporating locally grown, raised, or caught products and donate the proceeds to the Hawaii Agricultural Foundation's agricultural education programs. Localicious Hawaii will be held during the month of March to coincide with National Agricultural Day, which was recently celebrated on March 25, 2014.

As affirmed by the records of votes of the members of your Committees on Economic Development, Government Operations and Housing, Technology and the Arts, and Agriculture that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 92, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

**SCRep. 3519 Judiciary and Labor on Jud. Com. No. 3**

Recommending that the Senate consent to the nomination of the following:

**DISTRICT FAMILY COURT OF THE THIRD CIRCUIT, STATE OF HAWAII**

J.C. No. 3 HENRY T. NAKAMOTO, for a term to expire in six years

Your Committee has reviewed the resume and statements submitted by the appointee and finds Henry T. Nakamoto to possess the requisite qualifications to be appointed to the District Family Court of the Third Circuit, State of Hawaii.

Testimony in support of the appointment of Mr. Nakamoto was submitted by the Office of the Corporation Counsel, County of Hawaii; Honorable Lloyd X. Van De Car, District Court of the Third Circuit; KTA Super Stores; and thirty-nine individuals. Comments were submitted by the Board of Directors of the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors found the appointee to be qualified for the position of District Family Court Judge, Third Circuit, based on established criteria for determining the qualifications of judicial and executive appointments generally using the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Specifically, the Board uses the following criteria in its deliberations: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and ability to perform the responsibilities and duties required of the position for which the applicant has been nominated. The Board's rating system includes the categories of "qualified" and "not qualified".

Mr. Nakamoto obtained his Bachelor of Arts degree in Economics from Cornell University where he earned Dean's List honors. He later earned his Doctorate of Jurisprudence from the University of California, Hastings College of the Law where he served as the President of the Hawaii Law Caucus, a member of the Asian Pacific Law Students Association, and a Criminal Law Tutor for the Legal Education Opportunity Program.

Mr. Nakamoto currently serves as a Partner and Director at Nakamoto, Okamoto & Yamamoto in Hilo where he focuses his practice on family law, including divorces, paternity actions, custody, child support, and temporary restraining order cases; general civil litigation, including summary possession, collections, and real estate and construction litigation cases; estate planning and probate; real property transactions; and business formation. He previously served as an Associate Attorney at Goodsill Anderson Quinn & Stifel upon graduating from law school.

Mr. Nakamoto is licensed to practice law in Hawaii and is a member of the Hawaii State Bar Association where he served as a Director of the Association's Young Lawyers Division for one term and a member of the Association's Nominations Committee. Of particular note, he served as the President of the Hawaii County Bar Association. He is an active legal volunteer in the community, currently serving as a Court Annexed Arbitration Program (CAAP) arbitrator and an appointed custody evaluator and appointed master for the District Family Court of the Third Circuit. He also takes several divorce cases on a pro bono basis and drafts estate planning documents for parties referred by Volunteer Legal Services. He has drafted legal contracts for nonprofit organizations, such as the Hilo Jaycees and Waiakea Lions Club, and helped to organize and form the Pahoehoe Schools Foundation, Shudokan Judo Club, and Waiakea Pirates Athletic Club.

Testimony in support of Mr. Nakamoto's appointment indicate that he possesses the integrity, skills, and traits necessary to be an effective judge. He has extensive knowledge and experience in family law and has regularly handled contested divorce cases involving property division and child custody for over fifteen years. He moves his cases to conclusion by effectively counseling his clients to

SENATE JOURNAL - STANDING COMMITTEE REPORTS

---

work toward fair settlements or resolutions of disputed issues. He has skillfully dealt with difficult adversaries in trial and negotiations while maintaining composure and even temperament.

Accordingly, your Committee finds that, based on testimony submitted on his behalf, Henry T. Nakamoto has the experience, temperament, judiciousness, and other competencies to be a District Family Court Judge. He has a good sense of where the equities, rights, and responsibilities lie in a case, which is essential for a District Family Court Judge.

As affirmed by the record of votes of the members of your Committee on Judiciary and Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gabbard, Ihara).
