The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.C.R. 87, which requests the Public Housing Authority to document violations of its prohibition on smoking in and around public housing.

"The long-term effects of residual contamination from the use of cigarettes, cigars or other tobacco products (thirdhand smoke) in public housing units has the potential to negatively impact the health of subsequent tenants and other residents and guests. While enforcement of smoking prohibitions is challenging, this measure requests the Hawai'i Public Housing Authority (HPHA) to maintain accountability for violators of smoking prohibitions in public housing. The HPHA is encouraged to consider any violations when evaluating whether to approve or extend a lease agreement in the future for a tenant with smoking violations.

"Your Committee on Commerce, Consumer Protection and Health finds that Section §356D-6.5 of the Hawai'i Revised Statutes supports providing smoke-free environments for families by prohibiting smoking in and around public housing projects, state low-income housing projects, and elder or elderly households. Your committee received testimony from the Hawai'i Public Housing Authority and the Department of Health in support of this resolution. Adoption of these resolutions will assist in fulfilling the goals of the statute.

"I urge my colleagues to stand with me in strong support of these measures. Residents of public housing deserve a clean, smoke-free living environment, and this pair of resolutions is a step in the right direction. Mahalo."
