Halawa Correctional Facility continues to undergo renovations, and unforeseen delays in construction and repairs require continued housing of inmates in non-state facilities. Consequently, your Committee provides \$6,841,997 in general funds for fiscal year 2017-2018 and fiscal year 2018-2019.

Your Committee also recognizes the liability of inmate health care and has approved \$1,944,923 in general funds for Medicaid payments and \$745,527 in general funds for pharmacy costs.

With increased attention on homelessness, efforts to clean up and remove illegal homeless camping operations have also risen. Your Committee approves eight deputy sheriff positions and \$419,302 in general funds to support those efforts.

Taxation

The Senate Draft of the executive budget adjusts the Department of Taxation's appropriation for fiscal year 2018-2019 by adding \$877,098 in general funds and \$1,841,878 in non-general funds.

The Administration's request adds \$1,010,826 in general funds and \$283,368 in non-general funds in fiscal year 2018-2019.

Your Committee recognizes the Department's role in promoting and maintaining a tax system based on self-assessment and voluntary compliance to reduce the amount of outstanding taxes owed to the State. The Special Enforcement Section, which focuses on compliance, has consistently exceeded all revenue expectations and has the ability to further increase collection. Therefore, your

Committee increases the Section’s special fund ceiling to \$2,000,000 in non-general funds, allowing for six new positions and \$541,000 for the Section.

Your Committee also acknowledges that the Tax System Modernization project has demonstrated the potential to help taxpayers and the Department by speeding up processing times, ensuring greater accuracy, and securing taxpayer information. Therefore, in continuing to support the project, your Committee approves a transfer of six positions and \$900,000 in general funds from the Office of Enterprise Technology Services for the Tax System Modernization project.

Transportation

The Senate Draft of the executive budget adjusts the Department of Transportation’s appropriation for fiscal year 2018-2019 by adding \$5,750,000 in general funds and \$89,588,983 in non-general funds.

The Administration’s request adds \$91,183,649 in non-general funds in fiscal year 2018-2019.

Airports

Your Committee approves \$39,000,000 in special funds for the operating expenses of the consolidated rental car facilities at the Daniel K. Inouye International Airport and the Kahului Airport, and for the purchase of shuttle buses for the consolidated rental car facility at the Daniel K. Inouye International Airport.

Your Committee supports the Airports Division’s commitment to the Hawaii Clean Energy Initiative and approves \$10,994,788 in special funds for the purchase of clean energy vehicles for the Wiki Wiki Shuttle service at the Daniel K. Inouye International Airport.

Harbors

Your Committee supports the Harbors Modernization Project and approves \$4,159,351 in special funds for back rents owed to the Airports Division to gain land management rights for the Kapalama Container Terminal, which broke ground earlier this year.

Highways

Your Committee recognizes the importance of the state highway system and allocates \$5,500,000 in general funds for special maintenance of the highway system. For highway safety, your Committee approves \$5,000,000 in federal funds for the Motor Vehicle Safety Office.

Administration

Your Committee is aware of our aging population and the need for a transit plan for seniors and individuals with disabilities, and therefore approves \$302,925 in special funds and \$200,000 in federal funds for the update of the Statewide Coordinated Public Transit Human Services Plan.

Your Committee recognizes the need for a statewide transportation plan and allocates \$400,000 in special funds for the update of the Hawaii Statewide Transportation Master Plan.

University of Hawaii

The Senate Draft of the executive budget adjusts the University of Hawaii’s appropriation for fiscal year 2018-2019 by adding \$4,898,331 in general funds and \$3,650,410 in non-general funds.

The Administration’s request adds \$6,700,000 in general funds in fiscal year 2018-2019.

In line with the priorities outlined by the Senate President at the beginning of the 2018 Regular Session, your Committee approves \$700,000 in general funds for the Hawaii Promise program to provide scholarships for college students with financial needs and to encourage more students to attend college.

Your Committee also provides other necessary personnel and capacity needs for the University of Hawaii, including ten positions and \$1,250,000 in general funds for online learning to strengthen and expand access to education statewide.

Your Committee acknowledges critical repair and maintenance and health and safety needs for the University of Hawaii at all campuses. In an effort to eliminate the University’s deferred maintenance backlog, modernize facilities, and ensure campus environments are safe, sustainable, and supportive of modern practices in teaching, learning, and research, your Committee approves seven positions and \$1,500,000 in general funds to the University of Hawaii.

PART V. CAPITAL IMPROVEMENTS PROGRAM BUDGET

Your Committee finds an opportunity to invest in the State’s infrastructure while remaining fiscally prudent.

The Administration’s proposed capital improvement program budget totaled:

	<u>FY 2018</u>	<u>FY 2019</u>
General Obligation Bonds	\$1,027,951,000	\$669,493,000
All Means of Financing	\$2,289,745,000	\$2,192,535,000

Your Committee amends this budget to provide the following in capital improvement funds to focus on critical and significant capital projects:

	<u>FY 2018</u>	<u>FY 2019</u>
General Obligation Bonds	\$1,010,951,000	\$674,855,000
All Means of Financing	\$2,272,745,000	\$2,039,406,000

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1900, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1900, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3418 Commerce, Consumer Protection, and Health on H.B. No. 2342

The purpose and intent of this measure is to:

- (1) Expand the methods by which a consumer may request a security freeze; and
- (2) Specify that a consumer credit reporting agency shall not charge a fee for placing, lifting, or removing a security freeze on a consumer's credit report or for placing or removing a security freeze on a protected consumer's credit report or records.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; AARP Hawai'i; and five individuals. Your Committee received comments on this measure from the Consumer Data Industry Association.

Your Committee finds that recent events involving security breaches of databases containing sensitive identifying information, such as social security numbers and addresses, have shown that repositories of consumers' personal information continue to be at high risk of infiltration by identity thieves. Your Committee notes that the 2017 cybersecurity breach of consumer credit reporting agency Equifax's databases, where criminals exploited an information technology vulnerability and gained access to a trove of personal information, including social security numbers, birth dates, addresses, driver's license numbers, and credit card numbers, potentially impacted 143,000,000 American consumers, including nearly 450,000 Hawaii consumers.

Your Committee further finds that a security freeze, which prohibits a consumer credit reporting agency from releasing a consumer's credit report or any information from the report without the consumer's express authorization, is an effective way for a consumer to protect the consumer's sensitive personal information. Your Committee additionally finds that although some consumers have taken steps to protect their personal information by requesting a security freeze, many consumers have not, due to the costs and inconvenience associated with placing security freezes. According to testimony received by your Committee, a consumer who places, temporarily lifts, and then later removes a security freeze may pay \$45 in fees to the various consumer credit reporting agencies.

As the number of security breaches and cases of identity theft continue to rise, your Committee finds that Hawaii consumers should be able to more conveniently place, lift, or remove security freezes. This measure therefore eliminates the fee a consumer credit reporting agency can charge a consumer to place, lift, or remove a security freeze; removes the requirement that a consumer send proof of identity theft along with a security freeze request; and expands the methods by which a consumer may submit a security freeze request.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2018; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2342, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2342, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3419 Commerce, Consumer Protection, and Health on H.B. No. 2657

The purpose and intent of this measure is to:

- (1) Clarify and standardize the terminology used to refer to behavior analysts and the practice of applied behavior analysis; and
- (2) Broaden and clarify the exemption of licensed or credentialed practitioners practicing within their own recognized scopes of practice who are already exempt from the Behavior Analyst Law.

Your Committee received testimony in support of this measure from the Department of Health; State Council on Developmental Disabilities; Board of Psychology; Hawai'i Psychological Association; Alaka'i Na Keiki, Inc.; Aloha Behavioral Associates; Arc of Kona; and one individual. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Hawai'i Medical Service Association, Hawai'i Association for Behavior Analysis, and two individuals.

Your Committee finds that the Department of Health's Developmental Disabilities Division operates Hawaii's Medicaid Intellectual and Developmental Disabilities Home and Community-Based Services Waiver (I/DD Waiver) on behalf of the Department of Human Services, Med-QUEST Division. Your Committee notes that the provision of applied behavior analysis services in the I/DD Waiver is for adults and is most often used for people with entrenched and challenging behaviors that include self-harm and aggression toward others.

Your Committee further finds that under existing law, the broad definition of the "practice of behavior analysis" has been interpreted to mean that even simple behavior interventions, including for adults without autism, require a licensed behavior analyst. Although the number of licensed behavior analysts is growing, there is a current shortage of licensed behavior analysts in the State. This lack of workforce, coupled with the shortage of licensed behavior analysts needed to supervise registered behavior technician training hours,

has limited access to applied behavior analysis services for adults in the I/DD Waiver. Accordingly, this measure supports access to the necessary applied behavior analysis services for adults in the I/DD Waiver, while also maintaining appropriate quality assurance, participant safeguards, and participant rights.

Your Committee additionally finds that under existing law, well-qualified professionals have been unintentionally restricted from providing behavior analysis services to individuals with autism and other behavioral challenges. Such services include the well-established, two-tiered delivery model for applied behavior analysis-based autism treatment that has been routinely used in the field of psychology, in research and private practice, since the 1980s. This measure therefore clarifies psychologists' scope of practice, as it relates to behavior analysis.

Finally, your Committee has heard the concerns that existing law has unintentionally restricted the certification of assistants and behavior technicians to one certifying agency, although there are other national certifying agencies who are accredited by the American National Standards Institute or the National Commission for Certifying Agencies. Amendments to this measure to address these concerns are therefore needed.

Your Committee has amended this measure by:

- (1) Clarifying the qualified individuals who work under the direction of certain licensed practitioners and who are exempt from licensure as a behavior analyst, to include:
 - (A) Assistant behavior analysts with board certification from a national certifying agency who practice under the direction of a licensed behavior analyst or licensed psychologist;
 - (B) Behavior technicians credentialed by a nationally recognized training organization who are under the direction of a licensed behavior analyst or licensed psychologist; and
 - (C) Matriculated graduate students or post-doctoral fellows whose activities or practice is directly supervised by a licensed behavior analyst, licensed psychologist, or instructor from a nationally recognized training organization;
- (2) Clarifying that the definition of "caregiver" includes individuals who provide habilitative services, rather than rehabilitative services, in certain care settings;
- (3) Removing a restriction under existing law that prevented licensed psychologists, engaged in the practice of applied behavior analysis within the recognized scope of practice for licensed psychologists, from referring to themselves as behavior analysts; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2657, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2657, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3420 Commerce, Consumer Protection, and Health on H.B. No. 2207

The purpose and intent of this measure is to require the Board of Dental Examiners to adopt rules to establish a regulatory structure for the regulation of dental assistants in Hawaii.

Your Committee received testimony in support of this measure from the Board of Dental Examiners, Hawaii Dental Hygienists' Association, and a petition with ninety-seven names. Your Committee received comments on this measure from the Hawaii Dental Association.

Your Committee finds that dental assistants are auxiliary personnel who perform supportive dental procedures under the direct supervision, direction, evaluation, and responsibility of a licensed dentist. Your Committee further finds that Hawaii is one of only a handful of states that does not require certification of dental assistants. Training for dental assistant duties is generally done on the job by the supervising dentist or another assistant, and may vary from office to office or dentist to dentist.

According to testimony received by your Committee, several tasks routinely performed by dental assistants can pose a reasonable risk of injury to patients. As such, establishing uniform training and certification standards for dental assistants will ensure the health, safety, and well-being of Hawaii dental patients. This measure therefore requires the Board of Dental Examiners to adopt rules to establish a tiered regulatory structure for the regulation of dental assistants in Hawaii. However, your Committee has heard concerns that the tiered system proposed by this measure does not establish minimum education, training, or certification requirements for tier 1 basic dental assistants.

Your Committee notes that S.B. No. 2926, S.D. 1 (Regular Session of 2018), which was previously passed by the Senate, also proposes to regulate dental assistants in Hawaii. Your Committee concludes that the language in S.B. No. 2926, S.D. 1, is preferable because it establishes minimum requirements for all dental assistants hired on or after July 1, 2018, establishes other uniform training standards for dental assistants, and requires dental assistant certification by the Dental Assisting National Board, Inc. Your Committee notes that the Dental Assisting National Board, Inc., is a national certification board for dental assistants that currently certifies more than thirty-seven thousand dental assistants nationwide, and its certification program is accredited by the National Commission for Certifying Agencies.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 2926, S.D. 1, a measure which:

- (A) Establishes minimum requirements for all dental assistants hired on or after July 1, 2018;
 - (B) Requires dental assistants employed on or after July 1, 2018, to successfully complete the Dental Assisting National Board, Inc.'s National Entry Level Dental Assistant certification within three years of first being hired;
 - (C) Requires dental assistants with four or more years' experience to apply or register for the Dental Assisting National Board, Inc.'s Certified Dental Assistant certification; and
 - (D) Exempts dental assistants with more than ten years' experience from having to obtain a Certified Dental Assistant certification, but requires these dental assistants to hold a cardiopulmonary resuscitation certification and pass the Dental Assisting National Board, Inc.'s Infection Control examination within two years; and
- (2) Inserting an effective date of July 1, 2018.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2207, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2207, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3421 Commerce, Consumer Protection, and Health on H.B. No. 1869

The purpose and intent of this measure is to exempt from the Landlord-Tenant Code a seller of residential real property who occupies the residential real property after the transfer of the seller's ownership rights.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that in a typical real estate transaction, sellers move out of a property prior to closing, a time when the seller's ownership rights are transferred to the buyer and the buyer takes occupancy and control of the property upon the closing of escrow and the transfer of title from the seller to the buyer. However, if a seller does not or refuses to move out, the seller becomes a holdover seller.

According to testimony received by your Committee, there are times when a seller may need to extend occupancy of the property beyond the close of escrow, most commonly when a seller needs more time to move. Your Committee further finds that although there is an exclusion in the Landlord-Tenant Code for buyers who need to take early occupancy of a residential real property prior to closing, there is not a similar exclusion for holdover sellers. This measure therefore establishes a specific exemption from the Landlord-Tenant Code for holdover sellers. Your Committee notes that under this measure, a holdover seller who improperly maintains occupancy could still be removed from the residential real property, but only through an ejectment proceeding.

Your Committee has amended this measure by:

- (1) Changing its effective date to November 1, 2018; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1869, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1869, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3422 Commerce, Consumer Protection, and Health on H.B. No. 1620

The purpose and intent of this measure is to establish the Vehicle Repair Practices Task Force to study and report on motor vehicle repairs made with original equipment manufacturer parts versus aftermarket parts and the effects of the use of these parts on automobile insurance coverage and costs.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Insurers Council, National Association of Mutual Insurance Companies, Property Casualty Insurers Association of America, GEICO, and LKQ Corporation. Your Committee received testimony in opposition to this measure from the Automotive Body and Painting Association of Hawaii, Sigs Collision Center, and three individuals. Your Committee received comments on this measure from the Office of Information Practices and State Farm Mutual Automobile Insurance Company.

Your Committee finds that as the motor vehicle industry evolves, motor vehicles have become increasingly complicated. Safety features on a motor vehicle are no longer limited to impact-absorbing bumpers, safety glass, and airbags, and may now include back-up cameras, lane departure systems, automatic braking sensors, and other electronic devices located in parts of a car susceptible to crash damage. It is therefore important to ensure consumer safety when choosing a crash part to repair damage to a vehicle after a collision. This measure addresses the issues surrounding motor vehicle repairs by establishing the Vehicle Repair Practices Task Force to study and report on motor vehicle repairs made with original equipment manufacturer parts versus aftermarket parts and the effects of the use of these parts on automobile insurance coverage and costs.

Your Committee notes that the companion to this measure, S.B. No. 2243, S.D. 1, which was previously passed by the Senate, is a measure which also addresses the use of original equipment manufacturer crash parts and aftermarket crash parts, also known as like

kind and quality, crash parts. Your Committee finds that under existing law, insureds and claimants are required to pay the difference between the cost of cheaper aftermarket crash parts and the original equipment manufacturer crash parts.

According to testimony received by your Committee, although crash parts were originally cosmetic in design, for today's newer motor vehicles, many crash parts are no longer merely cosmetic and are engineered and crash tested as part of a complex safety system. The language in S.B. No. 2243, S.D. 1, is therefore preferable because it requires motor vehicle insurers to provide consumers with a choice of authorizing a repair provider to utilize a like kind and quality crash part or the original equipment manufacturer crash part; specifies that like kind and quality parts must meet certain quality and performance standards; and clarifies when a consumer will not have to pay the difference between the cost of an aftermarket crash part and an original equipment manufacturer crash part.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 2243, S.D. 1, a measure which:
 - (A) Requires insurers to provide a choice to the insured consumer of authorizing a repair provider to utilize a like kind and quality crash part or the original equipment manufacturer crash part;
 - (B) Specifies that an insured consumer who chooses the use of an original equipment manufacturer crash part that would affect the insured consumer's crash avoidance or safety systems shall not be required to pay the additional cost for repairs using that original equipment manufacturer crash part;
 - (C) Specifies that an insured consumer who chooses the use of an original equipment manufacturer crash part that would not affect the insured consumer's crash avoidance or safety systems shall pay the additional cost of the original equipment manufacturer crash part that is in excess of the equivalent like kind and quality crash part, unless original equipment manufacturer crash parts are required by the vehicle manufacturer's warranty or the use of a like kind and quality crash part would void an existing manufacturer's warranty or the insured consumer's vehicle lease agreement;
 - (D) Inserts an effective date of July 1, 2050, to encourage further discussion; and
 - (E) Inserts a sunset date of July 1, 2023;
- (2) Requiring a repair provider to disclose to an insured consumer any potential impact on a vehicle manufacturer's warranty of the use of a like kind and quality crash part, or whether any crash part that meets the vehicle manufacturer's specifications is acceptable for purposes of maintaining a vehicle manufacturer's warranty; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee notes that under existing law, motor vehicle repair dealers and motor vehicle repair mechanics must be licensed. However, neither a shop that performs cosmetic repairs nor the individuals performing cosmetic work on a vehicle need to be licensed. In light of the continuing discussions surrounding original equipment manufacturer crash parts and like kind and quality crash parts, your Committee requests the Motor Vehicle Repair Industry Board to consider whether certifying shops and individuals that perform cosmetic work on motor vehicles would be appropriate. Your Committee also requests the Motor Vehicle Repair Industry Board to examine the area of law covered by this amended measure and its impact on the area of law that is within the Board's purview.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1620, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1620, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3423 Commerce, Consumer Protection, and Health on H.B. No. 2060

The purpose and intent of this measure is to:

- (1) Remove the word "Examiners" from the State Board of Chiropractic Examiners, Board of Dental Examiners, Board of Examiners in Optometry, and Board of Veterinary Examiners; and
- (2) Rename these boards with titles that more accurately reflect their scope and duties.

Your Committee received testimony in support of this measure from the Hawaii Dental Hygienists' Association and a petition with ninety-seven names. Your Committee received testimony in opposition to this measure from the Board of Dental Examiners. Your Committee received comments on this measure from the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs.

Your Committee finds that several regulatory boards in Hawaii have the word "Examiners" in their names, although the boards no longer administer examinations. Accordingly, this measure removes the word "Examiner" from the State Board of Chiropractic Examiners, Board of Dental Examiners, Board of Examiners in Optometry, and Board of Veterinary Examiners, and renames these boards with titles that accurately reflect each board's respective scope and duties.

Your Committee has amended this measure by:

- (1) Renaming the Board of Dental Examiners as the Board of Dentistry and Oral Hygiene, rather than the Board of Dentistry and Dental Hygienists;
- (2) Ensuring consistency by specifying that any other measures passed during the Regular Session of 2018 shall be amended to conform to this measure, unless the other measures specifically amend this measure;

- (3) Changing its effective date to July 1, 2018; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2060, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2060, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3424 Commerce, Consumer Protection, and Health on H.B. No. 2149

The purpose and intent of this measure is to amend the ethics training requirement for dentists in the continuing education program to be six hours of ethics training within the previous two years.

Your Committee received testimony in support of this measure from the Board of Dental Examiners and Hawaii Dental Association.

Your Committee finds that this measure amends the ethics training requirements for dentists to six hours over the course of two years, rather than requiring three hours of ethics training each year. Your Committee notes that this measure does not change the total amount of ethics training required for dentists over a two-year period; rather, this measure provides greater flexibility for dentists to schedule and complete this training.

Your Committee has amended this measure by:

- (1) Clarifying that a dentist licensee must complete at least six hours of ethics training in the previous two years for each licensing biennium renewal period to comply with the continuing education requirements for license renewal; and
- (2) Changing its effective date to July 1, 2018.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2149, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2149, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3425 Commerce, Consumer Protection, and Health on H.B. No. 1873

The purpose and intent of this measure is to:

- (1) Require annual distribution of any policy stating that an association of apartment owners may deduct and apply portions of common expense assessments to unpaid late fees, legal fees, fines, and interest and require such policy be included in any agreement by a condominium owner that allows the association to automatically withdraw assessments from an owner's bank account; and
- (2) Require an association to disclose certain information upon demand for payment of an assessment.

Your Committee received testimony in support of this measure from Associa; Board of Directors of the Association of Apartment Owners, Country Club Village, Phase 2; and six individuals. Your Committee received testimony in opposition to this measure from the Hawaii Council of Associations of Apartment Owners, Hui 'Oia'i'o, and five individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure requires condominium associations to distribute their priority of payment policies to members on an annual basis and disclose certain information upon demand for payment of an assessment. However, your Committee has heard concerns that this measure does not address the non-essential condominium expenses, unrelated to common assessments, that a condominium owner must pay, regardless of whether the condominium owner disputes such amounts.

Your Committee notes that the companion to this measure, S.B. No. 2054, which was previously passed by your Committee, amends Hawaii's existing pay first, dispute later requirement, which specifies that owners are not permitted to withhold any assessment claimed by their association, but must first pay the disputed amounts and then exercise their right to mediation, arbitration, or small claims court. Your Committee acknowledges that condominium associations in Hawaii would be unable to function if owners were able to withhold payments of common expense assessments. Therefore, the language in S.B. No. 2054 is preferable because it makes a narrowly-tailored exception to the pay first, dispute later requirement by clarifying that common expense assessments are the only fees that must be paid prior to initiating a dispute. Under the language in S.B. No. 2054, if the unit owner contests any penalties or fines, late fees, lien filing fees, or other charges in an assessment, the unit owner may, under certain circumstances, then proceed to mediation prior to paying those charges.

Your Committee further finds that under existing law, if an association of apartment owners starts a nonjudicial foreclosure against a condominium owner and the owner pays off the delinquency or proposes a payment plan that the association accepts, the association must rescind the notice of foreclosure and not proceed. However, proposing a payment plan is not sufficient on its own to cure a default. Therefore, the language in S.B. No. 2054 is preferable, as it clarifies the process once a condominium owner and association agree on a payment plan to resolve a nonjudicial foreclosure on a condominium.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 2054, a measure which:

- (1) Clarifies the process, including payment obligations, mediation requirements, and triggers for further default, where a condominium owner and association reach a payment plan to resolve a nonjudicial foreclosure;
- (2) Establishes procedures that provide condominium owners with the right to submit disputed legal fees, penalties or fines, late fees, lien filing fees, or other charges, except for common expense assessments, to the mediation process prior to payment; and
- (3) Inserts an effective date of July 1, 2018.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1873, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1873, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3426 Labor on H.B. No. 2377

The purpose and intent of this measure is to:

- (1) Establish training options as part of vocational rehabilitation for injured employees when training for employment in another occupational field is required for the employee and as part of the employee's rehabilitation plan; and
- (2) Provide that all professional and clerical employees of the Department of Labor and Industrial Relations Rehabilitation Unit are to be administered by the Director of Labor and Industrial Relations.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, City and County of Honolulu Department of Human Resources, and ILWU Local 142.

Your Committee finds that one of the Hawaii Workers' Compensation Law's primary purposes for vocational rehabilitation is to "return the injured worker to suitable gainful employment in the active labor force as quickly as possible in a cost-effective manner." Injured employees who are no longer able to return to the employment during which the injury occurred may need additional vocational rehabilitation services to return to the workforce under different employment. This measure focuses vocational rehabilitation services on returning the injured worker back to suitable gainful employment by prioritizing the minimum amount of training required for the injured employee's employment goal, particularly on-the-job-training, which often results in employment with the employer who provides the training.

Your Committee has amended this measure by changing the effective date to upon its approval.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2377, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2377, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3427 (Majority) Labor on H.B. No. 2602

The purpose and intent of this measure is to provide three categories and twelve factors for the Department of Labor and Industrial Relations to apply to determine independent contractor status

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii; Maui Chamber of Commerce; Tropical Maui Weddings; Construction Industry of Maui; Esign and Design; Envisions Entertainments & Productions, Inc.; Maui Pops Orchestra; and six individuals. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations; Hawaii State AFL-CIO; Labor Caucus of the Democratic Party of Hawaii; SAG-AFTRA Hawaii Local; I.A.T.S.E. Local 665; American Federation of Musicians' Local 677; Hawaii Teamsters and Allied Workers Local 996; Hawaii Regional Council of Carpenters; and one individual.

Your Committee finds that independent contractors are an important part of Hawaii's business community and economy. Your Committee also finds that the existing Hawaii employment security law has been broadly interpreted when determining who qualifies as an independent contractor versus who is an employee of an employer. This measure seeks to provide greater clarity to those individuals choosing to become entrepreneurs and operate as independent contractors by setting forth in greater detail the criteria used to determine independent contractor status.

Your Committee acknowledges that proper determination of independent contractor status has been an ongoing issue and, as this measure moves forward, urges the Department of Labor and Industrial Relations to identify other state laws that may serve as models in amending this measure in a manner that will preserve compliance with federal law and the status of the state unemployment insurance program while protecting tax statuses and credits of employers.

Your Committee has amended this measure by inserting an effective date of January 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2602, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2602, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3428 Commerce, Consumer Protection, and Health on H.B. No. 1621

The purpose and intent of this measure is to prohibit a merchant from adopting a warranty policy that requires a customer to pay an additional fee to obtain a repair, replacement, or refund for goods returned pursuant to the warranty.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii.

Your Committee finds that many merchants have return policies that impose processing or administrative fees on consumers to effectuate a warranty claim on damaged or defective goods. Your Committee further finds that a consumer who purchases a damaged or defective product should be able to return it for repair, replacement, or refund without having to bear additional costs. This measure therefore prevents a merchant from adopting a warranty policy that requires a customer to pay an additional fee to obtain a repair, replacement, or refund on returned goods. However, your Committee notes that because warranty policies are different than return policies, a clarifying amendment to this measure is needed.

Your Committee additionally finds that consumers are often confused or misled by offers a franchise makes in national advertising campaigns. Furthermore, while an advertisement may state that an offer is not available in Hawaii, this disclosure is often in tiny print and does not sufficiently inform consumers that the offer is unavailable. Amendments to this measure are therefore necessary to ensure that consumers are sufficiently aware when an offer under a franchise's advertising campaign is not available in Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that a merchant is prohibited from charging a purchaser any fee, including a processing fee or an administrative fee, to repair, replace, or refund damaged or defective goods;
- (2) Requiring franchisees to disclose their non-participation in advertising campaigns of the franchise in which discounts or promotions are offered;
- (3) Specifying that franchisors are prohibited from limiting or restricting the disclosures related to non-participation in an advertising campaign; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1621, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1621, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3429 Commerce, Consumer Protection, and Health on H.B. No. 2578

The purpose and intent of this measure is to:

- (1) Establish biennial requirements of forty credit hours in specified continuing medical education programs for renewal of a physician assistant license; and
- (2) Authorize the Hawaii Medical Board to conduct random document audits to enforce compliance with the continuing medical education requirements.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, Hawaii Academy of Physician Assistants, American Academy of Physician Assistants, and eighteen individuals.

Your Committee finds that under the Hawaii Medical Board's existing administrative rules, physician assistants must maintain certification by the National Commission on Certification of Physician Assistants to be eligible for licensure renewal. However, this requirement is no longer standard amongst regulatory boards that certify or license physician assistants. Your Committee further finds that while many physician assistants choose to maintain their National Commission on Certification of Physician Assistants certification, Hawaii is one of only seventeen states that tie physician assistant license renewal to the passage of a recertification examination.

Your Committee notes that in the majority of states and the District of Columbia, physician assistants must instead complete a specified amount of continuing medical education, while decisions related to recertification are made at the practice level. This measure therefore brings the license renewal requirements of physician assistants into parity with those of Hawaii-licensed physicians and requires physician assistants to submit proof of forty hours of specified continuing medical education as a condition of their biennial renewal.

Your Committee has amended this measure by:

- (1) Clarifying that the continuing education compliance requirements shall begin with the renewal for the physician assistant licensing biennium commencing February 1, 2020, and every biennial licensing renewal thereafter;
- (2) Clarifying that the continuing education requirements for physician assistants can be met via a Category 1 continuing medical education program accredited by the American Academy of Physician Assistants;
- (3) Changing its effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2578, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2578, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3430 Commerce, Consumer Protection, and Health on H.B. No. 2208

The purpose and intent of this measure is to:

- (1) Require association health plan policies to comply with the laws of the State regardless of the association's domicile; and
- (2) Enable certain voluntary associations, including employer associations that issue association health plans, to qualify for authorization to transact insurance in the State.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Planned Parenthood Votes Northwest and Hawaii, Hawaii Medical Service Association, and Kaiser Permanente Hawai'i.

Your Committee finds that for some small employers, health insurance for employees may be purchased through an association or group of multiple small employers in an arrangement known as an association health plan. Your Committee further finds that the federal Department of Labor recently issued a proposed rule that would expand access to association health plans.

However, there are significant concerns that insurance policies sold through these types of association health plans would be subject to far fewer standards than current small group market plans. Your Committee additionally finds that under the proposed rule, association health plans would not be subject to state patient protections, including laws that provide access to emergency care, access to specialists, mandatory grievance procedures, and internal and external reviews of denied medical claims. Association health plans would also be exempt from state solvency requirements, which would put consumers at serious risk of incurring medical claims that cannot be paid by their association health plan. This measure therefore requires every association health plan issued in the State to comply with Hawaii law, regardless of the domicile of the association that has issued the policy.

Your Committee has amended this measure by:

- (1) Clarifying that the definition of "association health plan policy" means a policy sponsored by a sponsoring association, rather than issued by a voluntary sponsoring association of employers;
- (2) Inserting a definition of "sponsoring association";
- (3) Changing its effective date to July 1, 2018, and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2208, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2208, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3431 Commerce, Consumer Protection, and Health on H.B. No. 1602

The purpose and intent of this measure is to authorize a dispenser of opioid drugs to warn of the risks of addiction and death by displaying a warning label on the drug's package.

Your Committee received testimony in support of this measure from the Department of Public Safety, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Hawai'i Chapter of the American Physical Therapy Association, Walgreen Co., and Hawai'i Substance Abuse Coalition. Your Committee received comments on this measure from the Department of Health and Board of Pharmacy.

Your Committee finds that although opioid pain relievers are generally safe when taken for a short time as prescribed by a physician, they produce euphoria in addition to pain relief, and therefore are prone to misuse. Your Committee further finds that the Centers for Disease Control and Prevention formally declared an opioid epidemic in 2011, with more than 2,500,000 Americans diagnosed with an opioid-use disorder. Your Committee finds that this measure will address this epidemic by allowing health care professionals and pharmacists to include a warning label when dispensing any opioid drug.

Your Committee has heard concerns of the Board of Pharmacy, Walgreen Co., and Hawaii Substance Abuse Coalition that the proposed warning may be too large to fit on a prescription bottle. Your Committee finds that an alternate warning proposed by the Board of Pharmacy will address these concerns while still promoting the purposes of this measure.

However, your Committee also finds that stronger safeguards are needed. Your Committee finds that requiring the inclusion of a warning label is more appropriate than leaving the inclusion to the discretion of the health care professional or pharmacist. Your Committee also notes that in many cases, a patient is required to sign to pick up the patient's prescription. Your Committee finds that requiring the patient and health care professional or pharmacist to sign an appropriate acknowledgment prior to dispensing the opioid drug would further promote the purposes of this measure, and the Board of Pharmacy has provided suitable language for such an acknowledgment.

Accordingly, your Committee has amended this measure by:

- (1) Amending the proposed warning to read, "Caution: OPIOID. Risk of overdose and addiction.";
- (2) Requiring, rather than authorizing, the inclusion of the proposed warning on the drug's package;
- (3) Requiring health care professionals and pharmacists to also provide a written acknowledgment signed by the health care professional or pharmacist, and the patient or person receiving the opioid drug for the patient, prior to dispensing of the opioid drug; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1602, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1602, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3432 (Joint) Housing and Judiciary on H.B. No. 2359

The purpose and intent of this measure is to:

- (1) Prohibit public access to areas within a housing project under the jurisdiction of the Hawaii Public Housing Authority where signs are displayed that require specific compliance; and
- (2) Amend the offense of criminal trespass in the second degree to clarify the circumstances under which a person commits the offense by entering or remaining unlawfully in or upon any area of a housing project that is closed to the public.

Your Committees received testimony in support of this measure from the Hawaii Public Housing Authority and Police Department of the City and County of Honolulu.

Your Committees find that one of the greatest concerns and priorities of the Hawaii Public Housing Authority is the safety and well-being of its tenants and staff. However, there have been a number of incidents occurring on housing project properties due to the presence of uninvited individuals, including unauthorized individuals entering onto public housing property and setting up tents in the middle of the property or causing property damage, or evicted tenants returning to the property to harass or intimidate their former neighbors. These acts create conflict among the tenants as well as staff. Accordingly, this measure provides the Hawaii Public Housing Authority with a tool to address and resolve these matters.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Housing and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2359, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2359, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3433 Ways and Means on H.B. No. 1652

The purpose and intent of this measure is to abolish funds as recommended by the Auditor in Auditor's Report No. 17-10.

Specifically, this measure abolishes the:

- (1) Est/adm license and permit tobacco and cigarette special fund;
- (2) IRS refund intercept trust account;
- (3) Special enforcement section collections trust account; and
- (4) Taxes payable to counties - fuel trust accounts,

and transfers the unencumbered balances to the general fund.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the funds in this measure recommended for closure by the Auditor should be abolished. Your Committee further finds that establishing end-of-year carryover balances for various non-general funds will prevent the excess accumulation of moneys in those funds.

Your Committee has amended this measure by:

- (1) Abolishing the premium taxes paid pending appeal trust account;
- (2) Abolishing the premium supplementation trust fund;
- (3) Establishing end-of-fiscal year carryover balances in the amounts of:

- (A) \$200,000 for the reduced ignition propensity cigarette program special fund;
- (B) \$3,000,000 for the special unemployment insurance administration fund;
- (C) \$1,000,000 for the trust fund for disability benefits;
- (D) \$500,000 for the commissioner's education and training fund;
- (E) \$0 for the special drivers education fund account;
- (F) \$3,000,000 for the captive insurance administrative fund;
- (G) \$500,000 for the contractors recovery fund;
- (H) \$100,000 for the contractors education fund;
- (I) \$1,000,000 for the mortgage loan recovery fund;
- (J) \$500,000 for the real estate recovery fund;
- (K) \$1,000,000 for the real estate education fund;
- (L) \$25,000 for the trust fund for the purpose of administering fees and costs associated with the state certified arbitration program;
- (M) \$1,000,000 for the condominium education trust fund; and
- (N) \$25,000 for the mortgage foreclosure dispute resolution special fund;

and requiring, on June 30 of each fiscal year, that moneys in those funds in excess of the established amounts shall lapse to the credit of the general fund; and

- (3) Increasing the deduction for central services expenses from five percent to seven percent.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1652, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1652, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3434 Judiciary on H.B. No. 2375

The purpose and intent of this measure is to make housekeeping amendments to update statutory provisions relating to temporary disability insurance. Specifically, this measure:

- (1) Permits advanced practice registered nurses to certify an employee's disability;
- (2) Increases the penalty for employers who fail to submit timely wage and employment information;
- (3) Permits filing of an appeal of a decision on temporary disability insurance at the various statewide offices of the Department of Labor and Industrial Relations (Department);
- (4) Allows the Department to send notices of hearings electronically or via first-class mail;
- (5) Permits notice of a hearing to be posted on the Department's webpage when notice cannot be delivered; and
- (6) Allows parties to a hearing to appear in person, by telephone, or by other communication device.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and International Longshore and Warehouse Union, Local 142.

Your Committee finds that this housekeeping measure will update current processes and improve the efficiency of the temporary disability insurance program. This measure will give employees additional provider choices, especially those residing in rural areas, without sacrificing quality of care, further incentivize compliance with the temporary disability insurance provisions already provided for in law, provide for appeals of temporary disability insurance decisions at a greater variety of more convenient locations, make distribution of hearing notices more efficient, and provide more options for parties to appear at a hearing in cases in which travel to the site of the hearing could be difficult or impracticable.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2375, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

SCRep. 3435 Judiciary on H.B. No. 1650

The purpose and intent of this measure is to:

- (1) Authorize the disclosure of the disposition of an alleged child abuse or neglect investigation in a licensed group child care home or group child care center to:

- (A) Any parent or guardian of a child enrolled in the same group child care home or group child care center in which the alleged abuse or neglect took place; or
- (B) Any parent or guardian who has submitted an application to the group child care home or group child care center in which the alleged abuse or neglect took place; and
- (2) Establish a temporary working group to review laws, rules, and procedures relating to the coordination of investigations and enforcement efforts of the Child Welfare Services Branch and Child Care Licensing Program to improve safety in child care settings.

Your Committee received testimony in support of this measure from the Hawai'i State Commission on the Status of Women, The Queen's Health Systems, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and fourteen individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that Hawaii is experiencing a shortage in child care facilities, with only enough childcare seats regulated by the Department of Human Services to serve approximately twenty-four percent of children needing care in the State. Despite this shortage, many working families rely on child care facilities to ensure that their children are safe and protected. This measure will provide parents and guardians of children in child care facilities with the assurance that their child is in a safe environment and timely notice if the child care facility at which their children are enrolled or which they may be considering is the subject of an investigation. Your Committee notes, however, that Department of Human Services, Department of the Attorney General, and advocates are still working on possible further amendments to this measure with respect to the degree of disclosure, need for provider consent, and other issues.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1650, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

SCRep. 3436 Ways and Means on H.B. No. 1802

The purpose and intent of this measure is to encourage the upgrade of cesspools in the State by repealing the provision of the cesspool upgrade, conversion, or connecting income tax credit that restricts the Department of Health from certifying more than two residential large capacity cesspools as qualified cesspools.

Your Committee received written comments in support of this measure from the Department of Health and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that allowing the Department of Health to certify additional residential large capacity cesspools as qualified cesspools will increase the total number of cesspools upgraded in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1802, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

SCRep. 3437 Ways and Means on H.B. No. 2493

The purpose and intent of this measure is to remove the statutory cap on the number of exempt epidemiologist positions that the Department of Health may establish.

Your Committee received written comments in support of this measure from the Department of Health, Hawaii Public Health Institute, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that by providing the Department of Health with increased flexibility in establishing epidemiologist positions, the Department will be able to more effectively track and characterize emergent disease outbreaks that threaten public health in Hawaii.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2493, H.D. 2, and recommends that it pass Third Reading.

SCRep. 3438 (Joint) Judiciary and Ways and Means on H.B. No. 1883

The purpose and intent of this measure is to establish and appropriate funds for a two-year agricultural theft and vandalism pilot project to examine the effectiveness of prosecuting agricultural theft and vandalism cases, including theft and vandalism affecting individuals who produce agricultural products for personal or small-scale commercial use on any land, in the County of Hawaii.

Your Committees received testimony in support of this measure from the Department of Agriculture, Office of the Prosecuting Attorney of the County of Hawai'i, Hawai'i Farm Bureau, Land Use Research Foundation of Hawaii, Ulupono Initiative, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committees find that agricultural theft and vandalism are a constant worry for farmers and ranchers. Because farming and ranching activities are spread over a considerable amount of land, it is difficult for farmers, ranchers, and law enforcement to regulate

access to agricultural land or enforce laws and exclusive rights on that property, especially at night after work hours. Individuals who are not full-time farmers or ranchers but who grow food or other agricultural products for their own use or for small-scale sale are also frequently at risk during work hours when they are unable to be present at their home or garden. These difficulties put farmers, ranchers, and many other individuals at risk for acts of agricultural theft and vandalism. This measure will establish a two-year pilot project to examine the effectiveness of prosecuting agricultural theft and vandalism cases in order to gain a better understanding of the steps that can be taken to better protect farmers, ranchers, and individuals who maintain small-scale gardens and other agricultural activities.

Your Committees additionally find that further developing agricultural products in Hawaii is beneficial to improving the food self-sufficiency of the State. Increasing the ability of Hawaiian produce to enter markets outside the State will also improve local economies. Local papaya, particularly, has a flavor and texture that is highly desired, but a shelf life that is too short to export in high quantities. Many of the factors that contribute to the short shelf-life of local papaya, such as transportation of the product; treatment for fruit fly control; and handling, shipping, and storage of the product prior to distribution, could potentially be improved to increase the viability of local papaya in export markets.

Accordingly, your Committees have amended this measure by:

- (1) Inserting legislative findings relating to the quality of locally-grown papayas;
- (2) Inserting an appropriation for a blank amount to the Agribusiness Development Corporation to identify factors that affect the quality of local papayas and to develop and establish protocols to enhance the marketability of Hawaiian papayas; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1883, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1883, H.D. 2, S.D. 2.

SCRep. 3439 (Joint) Judiciary and Ways and Means on H.B. No. 2014

The purpose and intent of this measure is to:

- (1) Establish and appropriate funds for the Puuhonua Homeless Villages program to provide housing and support services to homeless individuals under a housing first paradigm;
- (2) Require the Governor to identify available state land for homeless villages;
- (3) Require the Department of Human Services, in conjunction with the Governor, to hold a public meeting prior to the establishment of a homeless village; and
- (4) Require the Department of Human Services, in conjunction with the Governor, to report to the Legislature.

Your Committees received testimony in support of this measure from the Office of the Mayor of the County of Hawai'i; IMUAlliance; Hawai'i Kai Homeless Task Force; Kona Brewing Company; and Foo W. Lim and Sons, Inc. Your Committees received comments on this measure from the Department of Land and Natural Resources, Department of Human Services, Department of Public Safety, Governor's Coordinator on Homelessness, and Catholic Charities Hawai'i.

Your Committees find that homelessness is a serious and chronic problem throughout the State. The State has used homeless shelters and transitional group homes as interim measures while attempting to place individuals and families experiencing homelessness into subsidized rentals and traditionally constructed apartments, but numerous economic, logistical, and personal constraints have resulted in a supply of subsidized rentals and traditionally-constructed apartments that is insufficient to meet the needs of homeless individuals. Your Committees further find that recent technological innovations have made it possible to construct housing units at a lower cost than what the State currently spends for unsheltered and nomadic homeless individuals and families.

Your Committees have amended this measure by:

- (1) Requiring that at least fifty percent of the manufacturing labor costs of each home in a homeless village be expended in Hawaii; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2014, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2014, H.D. 2, S.D. 2.

SCRep. 3440 (Joint) Judiciary and Ways and Means on H.B. No. 2071

The purpose and intent of this measure is to:

- (1) Establish a law enforcement standards board for the certification of county police officers, state public safety officers, and employees of the Departments of Transportation, Land and Natural Resources, Taxation, and the Attorney General with police powers;
- (2) Prohibit employment of non-certified law enforcement officers beginning on July 1, 2019;
- (3) Establish the law enforcement standards board special fund; and
- (4) Appropriate funds to defray the expenses of the Board.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Public Safety, Department of Transportation, Young Progressives Demanding Action, and two individuals. Your Committees received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committees find that consistency in recruitment and training are key for state and county law enforcement agencies. Despite this, Hawaii is the only state in the country without any state-level regulation of law enforcement officers, as regulation is left to the counties. The State also does not have minimum standards required for certifying a law enforcement officer and has no procedure for revocation of an officer's certification for serious misconduct. Your Committees find that the establishment of consistent, statewide standards for the recruitment, training, and certification of law enforcement officers, as well as a prohibition against law enforcement officers who are terminated for misconduct from being hired by another state or county law enforcement agency as a law enforcement officer, will benefit public health, safety, and welfare.

Your Committees have received testimony from the Department of the Attorney General expressing concern that the unpaid law enforcement standards board as it is described in this measure may not be sufficient to adequately establish sufficient statewide standards for law enforcement officers. The establishment of such standards will likely require additional action by the Legislature, and could necessitate the creation of additional offices or agencies, such as a state law enforcement training academy. The issues of law enforcement standards and certification require further study and evaluation to create a comprehensive and long-term solution.

Your Committees note that S.B. No. 2427, S.D. 2, H.D. 1 (Regular Session of 2018), a version of which was previously passed by the Senate, is a substantially similar measure that establishes a law enforcement working group to recommend certification and de-certification requirements for law enforcement officers and prohibits law enforcement officers who are terminated for misconduct from being hired as law enforcement officers by another state or county department, agency, or office. Your Committees conclude that the language in S.B. No. 2427, S.D. 2, H.D. 1, is preferable because it establishes a working group consisting of representatives of state and county law enforcement, human resources development, and the community, that can evaluate the issues of standards and certification and make recommendations to the Legislature without permanently establishing a permanent board that may be insufficient to comprehensively address such issues on its own.

Accordingly, your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of S.B. No. 2427, S.D. 2, H.D. 1, a substantially similar measure, which:
 - (A) Establishes a temporary law enforcement working group to recommend certification and de-certification requirements for state and county law enforcement officers who carry firearms and badges and have arrest authority;
 - (B) Prohibits law enforcement officers who are terminated for misconduct by a state or county department, agency, or office in a law enforcement capacity from being hired by another state or county law enforcement department, agency, or office unless the officer is reinstated through collective bargaining or the legal process; and
 - (C) Inserts an effective date of January 1, 2050; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2071, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2071, H.D. 2, S.D. 2.

SCRep. 3441 Judiciary on H.B. No. 1812

The purpose and intent of this measure is to:

- (1) Authorize a health care surrogate to act as a Medicaid authorized representative to assist a patient with a Medicaid application and eligibility process and in communications with the Department of Human Services; and
- (2) Specify the duties and obligations of the surrogate.

Your Committee received testimony in support of this measure from the Department of Human Services, Healthcare Association of Hawaii, Kaiser Permanente Hawai'i, The Queen's Health Systems, Aloha Nursing Rehab Center, One Kalakaua Senior Living, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that, in 2017, the Department of Human Services implemented new procedures to allow an appointed surrogate to act as a patient's authorized representative to make health care decisions relate to Medicaid, including the decision to apply for Medicaid benefits. The Department later suspended those procedures following a determination that there were other specific issues relating to state and federal surrogacy laws that needed to be addressed and clarified in order for a surrogate to act as a Medicaid authorized representative. This measure will explicitly allow a surrogate to act as a Medicaid authorized representative and ensure that a surrogate acting in such a role agrees to the federal and state laws regarding authorized representatives.

Your Committee has amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1812, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1812, H.D. 3, S.D. 2.

SCRep. 3442 Labor on S.C.R. No. 154

The purpose and intent of this measure is to urge Hawaii's congressional delegation to oppose any proposed federal right-to-work legislation.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which deletes the contents of this measure and replaces it with language requesting the Department of Labor and Industrial Relations to convene a workplace safety working group.

Your Committee received testimony in support of the proposed S.D. 1 from the Department of Labor and Industrial Relations, Hawaii State AFL-CIO, Chamber of Commerce Hawaii, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that recent statistics of incidents of workplace violence are of great concern, particularly those involving intimate partners. Your Committee finds that workplace safety must be a priority to prevent Hawaii's workers from being victimized by incidents of harassment, assault, intimidation, and violence in the workplace. Furthermore, your Committee is glad to see that all stakeholders are willing to work together to improve workplace safety in Hawaii.

Your Committee has amended this measure by adopting the proposed S.D. 1.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 154, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 154, S.D. 1.

SCRep. 3443 (Joint) Commerce, Consumer Protection, and Health and Transportation and Energy on S.C.R. No. 184

The purpose and intent of this measure is to request the Legislative Reference Bureau to study the adequacy of insurance coverage requirements for transportation network companies and transportation network company drivers.

Your Committees received testimony in support of this measure from the Hawaii Transportation Association, Charley's Taxi, and one individual. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that Act 236, Session Laws of Hawaii 2016 (Act 236), was intended to close the insurance gaps associated with transportation network companies by establishing motor vehicle insurance requirements for transportation network companies and transportation network company drivers. Although Act 236 requires the Insurance Commissioner to conduct an annual study and report to the Legislature regarding the Act's impact on personal motor vehicle insurance rates in the State, Act 236 does not require the Insurance Commissioner to study whether the insurance coverage requirements for the personal vehicles of transportation network company drivers are adequate to cover claims by those parties who may suffer injury, death, or property damage as a result of motor vehicle accidents involving transportation network companies and transportation network company drivers. This measure therefore requests the Legislative Reference Bureau to conduct a study on the adequacy of insurance coverage requirements for transportation network companies and transportation network company drivers.

However, your Committees have heard concerns that the Legislative Reference Bureau does not retain subject matter experts in the field of motor vehicle or personal injury liability insurance and accordingly, may not be able to complete the study in the limited timeframe provided by this measure without receiving an appropriation and contracting out for the services of such experts. Your Committees understand these concerns and conclude that the Insurance Commissioner is the more appropriate party to conduct this study.

Accordingly, your Committees have amended this measure by:

- (1) Requesting the Insurance Commissioner, rather than the Legislative Reference Bureau, to conduct a study on the adequacy of insurance coverage requirements for transportation network companies and transportation network company drivers;
- (2) Amending its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Transportation and Energy that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 184, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 184, S.D. 1.

SCRep. 3444 (Joint) Commerce, Consumer Protection, and Health and Transportation and Energy on S.R. No. 134

The purpose and intent of this measure is to request the Legislative Reference Bureau to study the adequacy of insurance coverage requirements for transportation network companies and transportation network company drivers.

Your Committees received testimony in support of this measure from the Hawaii Transportation Association, Charley's Taxi, and two individuals.

Your Committees find that Act 236, Session Laws of Hawaii 2016 (Act 236), was intended to close the insurance gaps associated with transportation network companies by establishing motor vehicle insurance requirements for transportation network companies and transportation network company drivers. Although Act 236 requires the Insurance Commissioner to conduct an annual study and report to the Legislature regarding the Act's impact on personal motor vehicle insurance rates in the State, Act 236 does not require the Insurance Commissioner to study whether the insurance coverage requirements for the personal vehicles of transportation network company drivers are adequate to cover claims by those parties who may suffer injury, death, or property damage as a result of motor vehicle accidents involving transportation network companies and transportation network company drivers. SCRep. 3445 (Joint) Commerce, Consumer Protection, and Health and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 141

The purpose and intent of this measure is to request the Department of Health to convene a regional cesspool modernization task force within each county of the State.

Your Committees received testimony in support of this measure from the City and County of Honolulu - Department of Environmental Services, Hawai'i Farm Bureau, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i. Your Committees received comments on this measure from the Department of Health.

Your Committees find that this measure will help the State find the best approach to cesspool replacement in each county, rather than promoting a statewide, one-size-fits-all approach. Your Committees also find that this measure will help generate solutions to the cesspool modernization problem ahead of the State's 2050 deadline for all cesspools to be upgraded, converted, or connected.

Your Committees have heard the concerns of the Department of Health that the Department does not have the staff, financial resources, or local focus to best address the purposes of this measure. Your Committees note the Department's recommendations to allow the county district health officers to take control of this project and to empower the task forces to hire third-party consultants.

Your Committees have amended this measure by:

- (1) Requesting the respective county district health officers to convene and take part in the cesspool modernization task forces, rather than a representative of the Department of Health as appointed by the Director of Health;
- (2) Amending its title accordingly;
- (3) Requesting that each task force retain a third-party consultant to conduct a study on cesspool modernization; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. SCRep. 3446 (Joint) Commerce, Consumer Protection, and Health and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 91

The purpose and intent of this measure is to request the Department of Health to convene a regional cesspool modernization task force within each county of the State.

Your Committees received testimony in support of this measure from the Hawai'i Farm Bureau Federation, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and Go Maui, Inc. Your Committees received comments on this measure from the Department of Health.

SCRep. 3447 Water and Land on S.C.R. No. 181

The purpose and intent of this measure is to request the Chairperson of the Board of Land and Natural Resources to rename the Mauna Kea Recreation Area as the Gilbert Kahele Recreation Area.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and four individuals.

Your Committee finds that for twenty-five years, Gilbert Kahele worked at Pōhakuloa Training Area and spent countless days at the then named Mauna Kea State Recreation Area advocating for its maintenance, repair, and upkeep. Through the years, due to lack of adequate funding and neglect, the Mauna Kea State Recreation Area fell into a state of disrepair, as the cabins were closed, bathrooms became inoperable, and the United States of America and State of Hawai'i flags stopped flying. In 2011, working collaboratively with former Governor Neil Abercrombie, former State Senator Malama Solomon, and former Hawai'i County Mayor William Kenoi, Senator Gilbert Kahele championed the effort to transfer management and maintenance of Mauna Kea State Recreation Area to the County of Hawai'i. Now known as the Mauna Kea Recreation Area, Senator Kahele always envisioned that the area would be a special place in the center, or "piko", of the island where families could gather, children could play, people could meet to conduct business, and visitors could experience the serenity and beauty of Mauna Kea. This measure reflects Senator Kahele's long standing relationship, service, and deep interest within the Mauna Kea Recreation Area by renaming this area in his name.

Your Committee notes that the formal transfer of title to the County of Hawai'i has not been completed, and the Mauna Kea Recreation Area is currently managed by the County via an agreement with the Department of Land and Natural Resources. Accordingly, your Committee urges the County of Hawai'i to work with the Department to design and install all appropriate signage and information to honor the late Senator Kahele pursuant to this measure.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 181 and recommends its adoption.

SCRep. 3449 (Joint) Government Operations and Ways and Means on S.C.R. No. 62

The purpose and intent of this measure is to:

- (1) Request the Auditor, in collaboration with the State Procurement Office, if necessary, to conduct a financial and management audit of the tax system modernization project of the Department of Taxation; and
- (2) Request the Auditor to submit a report of findings and recommendations of the audit to the Legislature no later than twenty days prior to the convening of the Regular Session of 2019.

Your Committees received testimony in support of this measure from one individual. Your Committees received comments on this measure from the Department of Taxation and Office of the Auditor.

Your Committees find that credible, independent oversight of certain government functions is crucial for maintaining public trust and ensuring efficient and effective government. Your Committees find that in 2015, the Department of Taxation initiated a \$60,000,000 tax system modernization project to upgrade and replace the entire technical system used by the Department to be fully completed by 2020. Your Committees further find that in 2016, the State entered into a contract with a private organization, AdvanTech, LLC (AdvanTech), to oversee the project as an independent verification and validation consultant to ensure that the tax system modernization project progressed as planned and that the systems worked as promised by the contractors. However, your Committees also find that according to a report from AdvanTech, a Department of Taxation official had requested changes be made to the report prior to full disclosure to the public diminishing the credibility of the report and leading to a termination of the contract between the State and AdvanTech.

Moreover, your Committees have significant concerns about personnel changes and decision-making in the Department of Taxation. In particular, your Committees are concerned about the Department's continued hiring of project managers for information technology projects who lack the necessary background and expertise to hold such a position. In addition, your Committees have concerns about the unexplained shifting of project management office personnel back and forth between the Department of Taxation and the Office of Enterprise Technology Services. Accordingly, your Committees find that a proper audit of the current tax system modification project should be conducted.

Your Committees have amended this measure by:

- (1) Inserting additional findings relating to personnel matters at the Department of Taxation, including the hiring of the current project manager for the tax system modification project and the shifting of project management office personnel between the Department of Taxation and the Office of Enterprise Technology Services; and
- (2) Requesting the Auditor to investigate any contractual or liability concerns stemming from the contracted vendor, AdvanTech, being asked to alter an independent, contractually-mandated report by state personnel, including which parties, if any, may be held responsible for violating the agreement and any other possible outcomes.

As affirmed by the records of votes of the members of your Committees on Government Operations and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 62, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 62, S.D. 1.

SCRep. 3450 Commerce, Consumer Protection, and Health on S.C.R. No. 183

The purpose and intent of this measure is to urge various government entities to develop, update, and introduce policies related to helicopter air tours at the state and national level.

Your Committee received testimony in support of this measure from the County of Hawai'i, Office of the Mayor; Hawaii Island Coalition Malama Pono; one individual; and a petition with one hundred ninety names.

Your Committee finds that Hawai'i Volcanoes National Park, on the island of Hawai'i, is managed by the Director of the National Park Service, which is a bureau of the United States Department of the Interior, and has more non-essential tour helicopter overflights than any other individual park in the nation. Your Committee further finds that in recent years, helicopter noise as a result of commercial air tour flights over residential areas in the east Hawai'i region of the island of Hawai'i has reached an unprecedented

level. Residents in Hāmākua, Hilo, Mountain View, Puna, Volcano, and Ka'ū have continued to raise issues of overflights, noise complaints, and safety with the state Department of Transportation, Honolulu Flight Standards District Office of the Federal Aviation Administration, and air tour helicopter operators.

Your Committee additionally finds that it has been fourteen years since the Federal Aviation Administration and National Park Service initially asked for comments on an Air Tour Management Plan Environmental Assessment and seven years since a preliminary draft Air Tour Management Plan for Hawai'i Volcanoes National Park was published. However, there is still no final Air Tour Management Plan for Hawai'i Volcanoes National Park and the only rules that govern helicopter and fixed wing air tours over the airspace of the Hawaiian islands are contained in the decade-old Hawai'i Air Tour Common Procedures Manual. This measure therefore urges various government entities to develop, update, and introduce policies related to helicopter air tours at the state and national level, including completing the Air Tour Management Plan for Hawai'i Volcanoes National Park, Haleakalā, and other designated national parks throughout the nation; updating the Hawai'i Air Tour Common Procedures Manual; and working with community stakeholders to address concerns related to noise complaints and safety issues.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183 and recommends its adoption.

SCRep. 3452 Commerce, Consumer Protection, and Health on S.C.R. No. 149

The purpose and intent of this measure is to request the Department of Labor and Industrial Relations and the University of Hawaii Center on Aging to convene a working group to review the provision of in-home care services in Hawaii, make recommendations that will improve the quality of care, and include its review and recommendations in a report to the Legislature.

Your Committee received testimony in support of this measure from the ILWU Local 142, AARP Hawai'i, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Caring Across Generations, Kupuna Caucus of the Democratic Party of Hawai'i, Hawai'i Advocates for Consumer Rights, Faith Action for Community Equity, and six individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and University of Hawai'i System.

Your Committee finds that by 2020, nearly three hundred thousand people in Hawaii will be age sixty-five or older. Your Committee also finds that most individuals who require assistance with daily activities prefer to receive care at home. Your Committee further finds that home care workers provide care for clients with highly complex needs which may require specialized training or certification to treat properly. Accordingly, your Committee finds that the State would benefit from a working group to review the provision of in-home care services in the State and make recommendations to improve the quality of care.

Your Committee has heard concerns of the Department of Labor and Industrial Relations that this measure does not fall within their purview, nor does the Department collect much of the information requested. However, your Committee finds that the Department does collect some relevant information and may have some relevant expertise and therefore should be represented in the working group. Your Committee further finds that the Executive Office on Aging is an appropriate agency to supply a representative to co-chair the requested working group.

Your Committee has amended this measure by:

- (1) Replacing as a co-chair of the working group the Department of Labor and Industrial Relations' representative with a representative of the Executive Office on Aging;
- (2) Requesting representatives of the Departments of Labor and Industrial Relations and Business, Economic Development, and Tourism to serve as members of the group;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 149, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 149, S.D. 1.

SCRep. 3453 Commerce, Consumer Protection, and Health on S.C.R. No. 117

The purpose and intent of this measure is to request the Department of Health to convene a task force to identify barriers and solutions to expanded water reuse in the State, and to request the task force to submit its findings and recommendations in a report to the Legislature.

Your Committee received testimony in support of this measure from the Department of Health, Ulupono Initiative, Hawai'i Community Foundation, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Wai Maoli Hawai'i Fresh Water Initiative, Board of Water Supply of the City and County of Honolulu, The Nature Conservancy of Hawai'i, and one individual.

Your Committee finds that decreasing rainfall, increasing evaporation from rising temperatures, and increasing demand from population growth combine to place pressure on the State's fresh water supply. Your Committee further finds that increasing the amount of water reuse in the State will alleviate pressure on the State's fresh water supply. Accordingly, your Committee finds that the State would benefit from a task force to identify barriers and solutions to expanded water reuse in the State.

Your Committee has amended this measure by:

- (1) Adding a representative from a public agency with permitting or implementation authority over wastewater to the membership of the task force; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 117, S.D. 2.

SCRep. 3454 Commerce, Consumer Protection, and Health on S.R. No. 74

The purpose and intent of this measure is to request the Department of Health to convene a task force to identify barriers and solutions to expanded water reuse in the State, and to request the task force to submit its findings and recommendations in a report to the Legislature.

Your Committee received testimony in support of this measure from the Department of Health, Ulupono Initiative, Hawai'i Community Foundation, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Wai Maoli Hawai'i Fresh Water Initiative, Board of Water Supply of the City and County of Honolulu, The Nature Conservancy of Hawai'i, and one individual.

Your Committee finds that decreasing rainfall, increasing evaporation from rising temperatures, and increasing demand from population growth combine to place pressure on the State's fresh water supply. Your Committee further finds that increasing the amount of water reuse in the State will alleviate pressure on the State's fresh water supply. Accordingly, your Committee finds that the State would benefit from a task force to identify barriers and solutions to expanded water reuse in the State.

Your Committee has amended this measure by:

- (1) Adding a representative from a public agency with permitting or implementation authority over wastewater to the membership of the task force; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 74, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 74, S.D. 2.

SCRep. 3455 Commerce, Consumer Protection, and Health on S.C.R. No. 89

The purpose and intent of this measure is to request the Department of Transportation to convene a working group to study the personal vehicle rental industry.

Your Committee received testimony in support of this measure from Enterprise Holdings. Your Committee received testimony in opposition to this measure from the Department of Transportation and Turo Inc.

Your Committee finds the evolution of the rental car industry has created new opportunities for innovative ways to rent a car. Recently, a new mode of car rental, known as peer-to-peer car sharing, has developed, wherein private individuals rent their personal vehicles to other individuals on a fee basis via a third party web-based platform. Your Committee further finds that there are no existing regulations specific to the peer-to-peer car sharing industry in Hawaii. Your Committee notes that the State has a vested interest in ensuring that consumers who participate in peer-to-peer car sharing via a third party web-based platform are protected and that vehicles available in peer-to-peer car sharing are being rented to qualified individuals, have adequate insurance coverage, and meet vehicle safety standards. This measure therefore requests the Department of Transportation to convene and chair a working group dedicated to studying this emerging industry.

Your Committee has amended this measure by:

- (1) Clarifying that the Director of Transportation is requested to convene a working group to evaluate the regulation of the peer-to-peer car sharing industry, rather than the personal vehicle rental industry, as this more accurately reflects the nomenclature associated with the industry;
- (2) Updating the findings associated with the peer-to-peer car sharing industry;
- (3) Amending the composition of the working group;
- (4) Updating its title; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 89, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 89, S.D. 2.

The purpose and intent of this measure is to request the Department of Transportation to convene a working group to study the personal vehicle rental industry.

SCRep. 3457 Commerce, Consumer Protection, and Health on S.C.R. No. 167

The purpose and intent of this measure is to request the Board of Agriculture to submit a report to the Legislature detailing a plan to improve the import permit process for all agricultural commodities.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the Plant Quarantine Branch of the Department of Agriculture is tasked with preventing the introduction and spread of harmful pests and diseases into the State by regulating domestic import, performing border inspections, and facilitating post border detection and control of agricultural pests. The Plant Quarantine Branch also administers the import permit program to control the importation of plants, insects, microorganisms, and non-domestic animals. However, concerns have been raised about the Branch's existing administrative rules and import permit process. This measure therefore requests the Board of Agriculture to develop a plan to improve its import permit process for all agricultural commodities to ensure that the process reflects current industry conditions, needs, and best practices.

Your Committee has heard concerns from the Department of Agriculture that this measure requests the Board of Agriculture to implement risk-based assessments for all import categories, which may eliminate the specificity in the review process and could impose unnecessary restrictions on certain users. Your Committee understands these concerns and notes that a general review and update of the import permit process by the Board of Agriculture may be more appropriate.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the Board of Agriculture is requested to review and update the import permit process for all agricultural commodities and submit a report to the Legislature, prior to the next legislative session, recommending any required legislative changes to the import permit process, rather than requesting the Board to submit a report to the Legislature that includes specific changes to the current import permit process;
- (2) Updating its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 167, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 167, S.D. 1.

SCRep. 3458 Commerce, Consumer Protection, and Health on S.C.R. No. 143

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism and the Applied Research Laboratory at the University of Hawai'i to convene a working group to provide advice on the development and risks of unmanned aircraft systems usage and to inform policy decisions regarding unmanned aircraft systems.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; University of Hawai'i; and one individual.

Your Committee finds that unmanned aircraft systems have significant benefits in a variety of industries, such as public safety, health, conservation, education, and entertainment. Your Committee further finds that unmanned aircraft systems usage has the potential to expand growth for businesses, encourage youth to participate in science, technology, engineering, and mathematics education, and provide access to inaccessible or unchartered areas, among other practical applications. However, more research is needed to better understand the benefits and risks of using unmanned aircraft systems throughout the State. This measure therefore establishes a working group of well-qualified individuals who can provide the State with information on technological trends, operational solutions, and emergent national regulatory trends and legal evolution, which will be beneficial to future policy decisions regarding the uses of unmanned aircraft systems in Hawaii.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 143, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Nishihara, Ruderman, Tokuda).

SCRep. 3459 Commerce, Consumer Protection, and Health on S.C.R. No. 135

The purpose and intent of this measure is to request the Board of Pharmacy to convene a working group to review the current scope of practice, licensing requirements, and continuing education requirements for pharmacists and consider whether the scope of practice and corresponding licensing requirements for pharmacists should be enhanced.

Your Committee received testimony in support of this measure from the Department of Health, Board of Pharmacy, University of Hawai'i at Hilo, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Walgreen Co., Hawaii Pharmacists Association, Hawaii Medical Service Association, and two individuals.

Your Committee finds that pharmacists are vital members of a primary health care team. Although traditionally, pharmacists' scope of practice included dispensing prescription medications, advancements in technology, increased pharmacy education, and legislatively-expanded scope of practice requirements have enabled pharmacists to have more direct access to patients. In addition to dispensing medications, pharmacists now provide immunizations, wellness screenings, routine laboratory tests, and routine drug therapy-related patient assessment procedures. Pharmacists are also often the last point of contact a patient has with a medical professional, especially for those patients with chronic conditions requiring complex medication therapies.

Your Committee further finds that pharmacists should be permitted to practice at the top of their training. Increased pharmacy services and accessibility have even greater potential to enhance delivery of public health services throughout the State. However, to ensure consumer safety and appropriate delivery of health care services, it is important for the Board of Pharmacy to convene a

working group of interested stakeholders, who can review the existing scope of practice, licensing requirements, and continuing education requirements for pharmacists and consider whether to enhance or expand these areas.

Your Committee notes that as pharmacists work collaboratively with licensed physicians, adding a physician member to the working group would be beneficial.

Accordingly, your Committee has amended this measure by:

- (1) Adding a representative from the Hawaii Medical Association to the working group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 135, S.D. 1.

Signed by the Chair on behalf of the Committee.

SCRep. 3460 Commerce, Consumer Protection, and Health on S.R. No. 94

The purpose and intent of this measure is to request the Department of Labor and Industrial Relations and the University of Hawaii Center on Aging to convene a working group to review the provision of in-home care services in Hawaii, make recommendations that will improve the quality of care, and include its review and recommendations in a report to the Legislature.

Your Committee received testimony in support of this measure from the ILWU Local 142, AARP Hawai'i, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Caring Across Generations, Faith Action for Community Equity, and six individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and University of Hawai'i System.

Your Committee finds that by 2020, nearly three hundred thousand people in Hawaii will be age sixty-five or older. Your Committee also finds that most individuals who require assistance with daily activities prefer to receive care at home. Your Committee further finds that home care workers provide care for clients with highly complex needs which may require specialized training or certification to treat properly. Accordingly, your Committee finds that the State would benefit from a working group to review the provision of in-home care services in the State and make recommendations to improve the quality of care.

Your Committee has heard concerns of the Department of Labor and Industrial Relations that this measure does not fall within their purview, nor does the Department collect much of the information requested. However, your Committee finds that the Department does collect some relevant information and may have some relevant expertise and therefore should be represented in the working group. Your Committee further finds that the Executive Office on Aging is an appropriate agency to supply a representative to co-chair the requested working group.

Your Committee has amended this measure by:

- (1) Replacing as a co-chair of the working group the Department of Labor and Industrial Relations' representative with a representative of the Executive Office on Aging;
- (2) Requesting representatives of the Departments of Labor and Industrial Relations and Business, Economic Development, and Tourism to serve as members of the group;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 94, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 94, S.D. 1.

SCRep. 3461 Judiciary on S.C.R. No. 11

The purpose and intent of this measure is to:

- (1) Urge the Department of Education, Department of Health, Department of Human Services, and Judiciary to permanently establish the Hawaii Interagency State Youth Network of Care (HISYNC);
- (2) Urge the various state entities to participate in HISYNC and the Hawaii Interagency Local Youth Network of Care (HILYNC);
- (3) Urge additional child-serving agencies that are not currently members of HISYNC to participate in HISYNC's interagency forum and send local representatives to each of the regional HILYNC committees; and
- (4) Urge HISYNC to coordinate the complex landscape of the child-serving system.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Education, Department of Health, Hawaii Youth Services Network, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that the Department of Education, Department of Health, Department of Human Services, and Judiciary are responsible for serving the multiple needs of children, youth, and families. To increase collaboration; develop a system of care for children, youth, and families; and provide representatives of children, youth, and families a forum to give recommendations and ensure that the child-serving system is responsive to the needs of children, youth, and families, these state agencies have formed HISYNC. HISYNC has implemented and supported several multi-agency initiatives to promote interagency collaboration and increase the effectiveness and efficiency of the child-serving system. This measure will officially recognize HISYNC and urge the network to continue to provide comprehensive services and additional resources for children with complex needs and their families.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, S.D. 1, and recommends its adoption.

SCRep. 3463 Judiciary on S.C.R. No. 123

The purpose and intent of this measure is to urge the National Oceanic and Atmospheric Administration to prohibit individuals from approaching within fifty feet of a Hawaiian monk seal except when providing aid to the Hawaiian monk seal.

Your Committee received testimony in support of this measure from Keiko Conservation, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Hawaiian monk seal is one of the world's most critically endangered species of marine mammal. The National Oceanic and Atmospheric Administration has reported that a number of habituated seals have become a serious safety risk to humans, or have suffered injuries as a result of human infringement and interaction. Your Committee further finds that Hawaiian monk seals are protected by the Endangered Species Act, which makes it illegal under federal law to harass the seals. To provide protection for Hawaiian monk seals from human interaction, this measure urges the National Oceanic and Atmospheric Administration to prohibit individuals from approaching within fifty feet of a Hawaiian monk seal unless the individual is a licensed professional who is qualified to provide aid to the seal.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 123, S.D. 1, and recommends its adoption.

SCRep. 3465 Commerce, Consumer Protection, and Health on S.R. No. 126

The purpose and intent of this measure is to request the Board of Agriculture to submit a report to the Legislature detailing a plan to improve the import permit process for all agricultural commodities.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Department of Agriculture.

SCRep. 3466 (Joint) Commerce, Consumer Protection, and Health and Judiciary on S.C.R. No. 129

The purpose and intent of this measure is to request the Department of Health to convene a task force to examine how a statewide use of domestic violence assessments and response protocol by emergency medical services personnel can help to strengthen the State's overall response to domestic violence.

Your Committees received testimony in support of this measure from the Department of Health, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and two individuals.

Your Committees find that emergency medical services personnel and other first responders are uniquely positioned to assess significant threats to a victim's life or personal safety, including threats of domestic violence. Your Committees further find that the data collected by emergency medical services personnel is valuable not only in helping protect victims of domestic violence, but also in preparing emergency medical services personnel and other first responders for the potential dangers associated with responding to domestic violence incidents. Your Committees also find that the work done by emergency medical services personnel is critical and time-sensitive, and that data collection in such circumstances should be performed with care. Accordingly, your Committees find that the State would benefit from a task force to examine the effect of potential statewide use of domestic violence assessments and response protocol on the State's overall response to domestic violence.

Your Committees have heard the concern of an individual testifier that the proposed task force, as currently constituted, lacks input from survivors of domestic violence. Your Committees also note that since the members of the task force are drawn from each of the State's counties, the members may find it difficult to meet in person.

Accordingly, your Committees have amended this measure by:

- (1) Requesting survivors and parents of survivors of domestic violence to serve as members of the task force at the invitation of the chair;

- (2) Requesting the task force to allow member presence and participation via teleconference, as well as in person, to encourage participation of members from neighbor islands; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 129, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 129, S.D. 1.

SCRep. 3467 Ways and Means on S.R. No. 23

The purpose and intent of this measure is to request that the State include in its list of first responders a network of organizations contracted to immediately provide food, beverages, and ice to residents during a natural disaster.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that it is vital for individuals affected by a natural disaster to have access to an adequate supply of food, beverages, and ice.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 23 and recommends its adoption.

SCRep. 3468 (Joint) Commerce, Consumer Protection, and Health and Human Services on S.C.R. No. 156

The purpose and intent of this measure is to request the Department of Health and Department of Commerce and Consumer Affairs to:

- (1) Review existing research on the impact of screen time and media consumption on children's and adolescents' physical, cognitive, and emotional health and policies implemented in other jurisdictions to address this issue; and
- (2) Submit a report of their findings and recommendations to the Legislature including a list of key points from the research, potential policies to implement, plans for future agency actions, and an explanation of the division of responsibility between the Departments of Health and Commerce and Consumer Affairs with respect to this issue.

Your Committees received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i and sixteen individuals. Your Committees received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs Office of Consumer Protection. Your Committees received comments on this measure from the Department of Health.

Your Committees find that the current levels of screen time by children and adolescents pose potential risks to the health of Hawaii's youth. Your Committees further find that existing research on screen use may provide a cost-effective guide to health policy around this issue.

Your Committees have heard the concern of the Department of Commerce and Consumer Affairs and the Department of Health that the Departments lack the resources and trained staff to handle all of the concerns raised by this measure. Your Committees find that the Department of Commerce and Consumer Affairs may not be the appropriate agency to address the concerns raised by this measure. Your Committees also find that the Department of Health's Chronic Disease Prevention and Health Promotion Division cooperates with state agencies, schools, nonprofit organizations, and members of the community to address the physical health and nutrition of children and adolescents. The Division's mission is closely aligned with the purpose and intent of this measure, but does not include developmental or psychosocial aspects of the health of children and adolescents. Your Committees find that the Division's cooperative arrangements may be useful vehicles to study the effect of screen use on the physical health and nutrition of children and adolescents. Amendments to this measure are therefore necessary to address the concerns raised by the Department of Health and to shift the focus from mental and psychosocial health to physical health and nutrition.

Your Committees have amended this measure by:

- (1) Removing references to the Department of Commerce and Consumer Affairs;
- (2) Amending the findings to highlight ties between screen use and obesity and lack of physical activity to reflect the change in focus from mental and psychosocial health to physical health and nutrition;
- (3) Requesting the Department of Health to submit its report no later than twenty days prior to the Regular Session of 2020, rather than 2019;
- (4) Amending the contents of the requested report to reflect the change in focus from mental and psychosocial health to physical health and nutrition, including preparation of a summary of findings and recommendations of a future convening of nutrition and physical activity stakeholders;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. SCRep. 3469 Ways and Means on S.C.R. No. 192

The purpose and intent of this measure is to request the Department of Accounting and General Services and its counterparts at the county level to eliminate the payroll lag for all State and county temporary and emergency employees.

Your Committee received testimony in support of this measure from one individual.

Your Committee received testimony in opposition to this measure from the Department of Accounting and General Services.

Your Committee finds that the existing payroll lag creates an unnecessary and undue hardship for temporary and emergency hires because these employees must complete a significant percentage of their work period before ever receiving a paycheck.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 192 and recommends its adoption.

SCRep. 3476 Ways and Means on S.C.R. No. 31

The purpose and intent of this measure is to request the Hawaii State Foundation on Culture and the Arts to commission a monument to President Barack Obama.

Your Committee received written comments in support of this measure from Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received comments on this measure from the Hawaii State Foundation on Culture and the Arts.

Your Committee finds that President Barack Obama was born and raised on Oahu and was the first United States president of African American ancestry, and that honoring him with a monument will both educate and inspire residents of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3477 Ways and Means on S.R. No. 15

The purpose and intent of this measure is to request the Hawaii State Foundation on Culture and the Arts to commission a monument to President Barack Obama.

Your Committee received written comments in support of this measure from Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that President Barack Obama was born and raised on Oahu and was the first United States president of African American ancestry, and that honoring him with a monument will both educate and inspire residents of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 15, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3478 Ways and Means on S.C.R. No. 137

The purpose and intent of this measure is to request the Insurance Commissioner to establish and convene an insurance modernization working group to explore and propose specific legislation to update and modernize Hawaii's property, casualty, and life insurance laws.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs, State Farm Insurance, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Hawaii Association for Justice.

Your Committee finds that a working group could provide informed recommendations to enable the Legislature to update the Insurance Code to account for technological innovations such as the Internet and smart phones.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 137, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3479 Ways and Means on S.C.R. No. 161

The purpose and intent of this measure is to urge the Governor and Director of the Hawaii Emergency Management Agency to improve Hawaii's emergency preparedness and hazard mitigation measures.

Your Committee received testimony in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii and one individual.

Your Committee finds that improving Hawaii's emergency preparedness and hazard mitigation measures will enhance the State's ability to prepare for future disasters before they occur and qualify for larger federal hazard mitigation grants in the event of a major natural disaster.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 161 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Riviere, Shimabukuro).

SCRep. 3480 Ways and Means on S.C.R. No. 76

The purpose and intent of this measure is to request the United States Congress to convene a limited national convention under Article V of the United States Constitution for the exclusive purpose of proposing an amendment to the Constitution that would limit the influence of money in the nation's electoral process.

Your Committee received written comments in support of this measure from the Wolf-PAC and forty-five individuals.

Your Committee received written comments in opposition to this measure from the Department of the Attorney General, Citizens Against an Article V Convention, Community Alliance on Prisons, Common Cause Hawaii, Hawaii Government Employees Association, Hawaii Appleseed Center for Law and Economic Justice, IMUAlliance, American Civil Liberties Union of Hawaii, ILWU Local 142, League of Women Voters of Hawaii, LGBT Caucus of the Democratic Party of Hawaii, and four individuals.

Your Committee finds that the Convention Clause of Article V of the United States Constitution provides an important means for states to initiate the adoption of constitutional amendments that are perceived to be in the national interest by significant percentages of the American population.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3481 Ways and Means on S.C.R. No. 134

The purpose and intent of this measure is to grant legislative approval to the Office of Hawaiian Affairs to sell the fee simple interest in certain parcels in Kakaako, including tax map key no. (1) 2-1-015:061, to the City and County of Honolulu.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs; the Department of Environmental Services, City and County of Honolulu; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that the sale of the fee interest in certain parcels in Kakaako, including tax map key no. (1) 2-1-015:061, is subject to section 171-64.7, Hawaii Revised Statutes, which requires the prior approval of the Legislature by concurrent resolution to sell or gift certain state lands in fee simple. Your Committee notes that the Office of Hawaiian Affairs has met all statutory prerequisites to request approval of the sale of those parcels.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 134 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (English, Harimoto, Shimabukuro).

SCRep. 3482 Ways and Means on S.C.R. No. 65

The purpose and intent of this measure is to request that the Honolulu Police Department submit a report on the costs of stationing on-campus school resource officers in intermediate and high schools on the island of Oahu.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee received written comments in opposition to this measure from the American Civil Liberties Union of Hawaii.

Your Committee finds that on-campus school resource officers may help to secure schools and prevent incidents of violence on school campuses.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 65 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3483 Ways and Means on S.C.R. No. 45

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Puamana, Lahaina, Maui, for the use, maintenance, repair, and removal of the existing seawall structures, concrete groin, and revetment footings of a historic swimming pool.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 45, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3484 Ways and Means on S.C.R. No. 49

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Honokowai, Lahaina, Maui, for the use, maintenance, repair, and removal of an existing seawall.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 49, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3485 (Majority) Ways and Means on S.C.R. No. 63

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Kahana, Lahaina, Maui, for the use, maintenance, repair, replacement, and removal of a steel sheet pile seawall and rock revetment.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and Hololani Condominium Association of Apartment Owners.

Your Committee received written comments in opposition to this measure from Hawaii Alliance for Progressive Action and four individuals.

Your Committee finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Riviere). Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3486 Ways and Means on S.C.R. No. 80

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Spreckelsville, Wailuku, Maui, for the existing seawall and boulder revetment and for the use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 80, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3487 Ways and Means on S.C.R. No. 79

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Kaanapali, Lahaina, Maui, for the existing beach walk, trench drain, sign, and public beach shower, and for the use, maintenance, repair, replacement, and removal of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 79, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3488 Ways and Means on S.C.R. No. 64

The purpose and intent of this measure is to request federal funding to provide school resource officers in every requesting intermediate and high school in the State.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from the American Civil Liberties Union of Hawaii and Hawaii Youth Services Network.

Your Committee finds that requesting federal funding to provide school resource officers to every requesting intermediate and high school will promote school safety.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3489 Ways and Means on S.C.R. No. 159

The purpose and intent of this measure is to request that the Department of Education convene a task force to recommend improvements to computer science programs at public schools.

Your Committee received written comments in support of this measure from the Department of Education and the University of Hawaii System.

Your Committee finds that improving and expanding public school computer science programs will help to increase the number of public school graduates who pursue post-secondary degrees in computer science and are ultimately employed in that field.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 159 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3490 Ways and Means on S.C.R. No. 160

The purpose and intent of this measure is to promote access to education by requesting the Department of Education to explore student aid options for students who attend a Department of Education community school for adults and opt to enroll in and complete the competency-based community school diploma program to earn a Hawaii adult community school diploma.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that because Department of Education community school for adults graduates who successfully completed the competency-based community school diploma program do not qualify for federal student aid, alternate solutions are necessary to allow these graduates the opportunity to further their education.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 160 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3491 Ways and Means on S.C.R. No. 83

The purpose and intent of this measure is to urge the Executive Office on Aging to conduct a study on the impacts of an aging population in Hawaii and submit a report to the 2019 Legislature.

The Executive Office on Aging submitted written comments on the measure.

Your Committee finds that the report requested by this measure will facilitate the development of plans and setting of policies that ensure the State is prepared for the growth of its aging population.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 83, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3492 Ways and Means on S.R. No. 51

The purpose and intent of this measure is to urge the Executive Office on Aging to conduct a study on the impacts of an aging population in Hawaii and submit a report to the 2019 Legislature.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that the report requested by this measure will facilitate the development of plans and setting of policies that ensure the State is prepared for the growth of its aging population.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 51, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3493 Ways and Means on S.C.R. No. 73

The purpose and intent of this measure is to request the United States Congress to make permanent the authority of the Native Hawaiian Health Care Improvement Act, with all of the funding resources necessary to effectuate its stated policy of raising the health status of Native Hawaiians to the highest possible health level.

Your Committee received written comments in support of this measure from the University of Hawaii System, Hawaiian Civic Club of Honolulu, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Written comments in opposition were received from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that this measure will help to provide Native Hawaiians with the same assurance given to other indigenous people in the United States with respect to federal funding for health programs and services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3494 Ways and Means on S.R. No. 44

The purpose and intent of this measure is to request the United States Congress to make permanent the authority of the Native Hawaiian Health Care Improvement Act, with all of the funding resources necessary to effectuate its stated policy of raising the health status of Native Hawaiians to the highest possible health level.

Your Committee received written comments in support of this measure from the University of Hawaii System, Hawaiian Civic Club of Honolulu, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Written comments in opposition were received from the Center for Hawaiian Sovereignty Studies.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3495 Ways and Means on S.C.R. No. 22

The purpose and intent of this measure is to request the Director of Finance to establish a working group to identify barriers to improving the State's hiring processes.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association.

Your Committee received written comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that the unemployment rate in Hawaii is the lowest in the nation and that identifying barriers within the State's hiring processes is critical to alleviating the difficulties of attracting and retaining qualified, experienced people and, in particular, addressing the shortage of employees at the mid-management level.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3496 Ways and Means on S.R. No. 12

The purpose and intent of this measure is to request the Director of Finance to establish a working group to identify barriers to improving the State's hiring processes.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association.

Your Committee finds that the unemployment rate in Hawaii is the lowest in the nation and that identifying barriers within the State's hiring processes is critical to alleviating the difficulties of attracting and retaining qualified, experienced people and, in particular, addressing the shortage of employees at the mid-management level.

SCRep. 3497 Ways and Means on S.C.R. No. 50

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study regarding designating, dissolving, or transferring certain community development districts under the Hawaii Community Development Authority.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Legislative Reference Bureau and the Department of Planning and Permitting, City and County of Honolulu.

Your Committee finds that a study is necessary to assess and analyze the existing community development districts and the potential designation of any new community development districts to ensure that the goals and purposes of the Hawaii Community Development Authority and the community development districts are met.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 50 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3498 Ways and Means on S.R. No. 22

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study regarding designating, dissolving, or transferring certain community development districts under the Hawaii Community Development Authority.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that a study is necessary to assess and analyze the existing community development districts and the potential designation of any new community development districts to ensure that the goals and purposes of the Hawaii Community Development Authority and the community development districts are met.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 22 and recommends its adoption.

SCRep. 3499 Ways and Means on S.C.R. No. 20

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to identify possible state-owned land to build a race track facility on the island of Oahu.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii and one individual.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that identifying state-owned lands and establishing public-private partnerships for the development of a race track on Oahu will facilitate economic development and benefit the state's auto racing community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Harimoto, Kahele, Shimabukuro).

SCRep. 3500 Ways and Means on S.R. No. 18

The purpose and intent of this measure is to urge the extended and proper use of the Hawaiian language by state agencies.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and two individuals.

Your Committee received written comments in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that this measure will enhance the Hawaiian language's role in maintaining the unique identity of the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 18, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3501 Ways and Means on S.C.R. No. 166

The purpose and intent of this measure is to promote consistency in the curriculum across the University of Hawaii System by requesting the University of Hawaii System to utilize and expand existing curriculum and programs across the various campuses, rather than allowing each campus to create its own curriculum and programs.

Your Committee received written comments in opposition to this measure from the University of Hawaii System.

Your Committee finds that the various campuses of the University of Hawaii System should work together to offer the best undergraduate general education core requirement programs possible for its students.

Your Committee has amended this measure by:

- (1) Clarifying that the University of Hawaii System is requested to utilize and expand existing undergraduate general education core requirement curriculum and programs across the various campuses; and
- (2) Amending the measure's title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 166, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 166, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3502 Ways and Means on S.C.R. No. 86

The purpose and intent of this measure is to request the Board of Education to redistrict the students expected to be living in the yet-to-be-completed Koa Ridge development to the Pearl City-Waipahu complex area.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that the current boundaries of the Department of Education districts will require students who will be living in the Koa Ridge development to attend Mililani Middle School. However, Mililani Middle School is not expected to have the resources to meet this additional student capacity. Your Committee further finds that redistricting Koa Ridge development students to the Pearl City-Waipahu complex area, instead of the Leilehua-Mililani-Waialua complex area, will direct those students to a middle school with sufficient capacity to accept additional students.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 86 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Harimoto, Shimabukuro).

SCRep. 3503 Ways and Means on S.C.R. No. 59

The purpose and intent of this measure is to urge the Agribusiness Development Corporation to establish a farm apprenticeship program.

Your Committee received written comments in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure will help Hawaii's agriculture industry increase self-sustainability and improve food security.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 59 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3504 Ways and Means on S.C.R. No. 92

The purpose and intent of this measure is to request that the Department of Education submit a report on unutilized, lapsed federal grant revenue for public education.

Your Committee received written comments in support of this measure from the Department of Education; Association of Hawaiian Civic Clubs; Kanu o ka Aina Learning Ohana; Na Lei Naauao; Native Hawaiian Education Council; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; the Prince Kuhio Hawaiian Civic Club; and one individual.

Your Committee finds that the report requested under this measure will facilitate a clearer understanding of all federal funds available for public education in Hawaii so that the Legislature can make informed decisions regarding the total funding of public education in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 92 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Harimoto, Kahele, Kidani).

SCRep. 3505 Ways and Means on S.C.R. No. 180

The purpose and intent of this measure is to facilitate the consumption of local produce in public schools.

Your Committee received written comments in support of this measure from the Office of the Lieutenant Governor, the Department of Agriculture, Hawaii Farm Bureau Federation, Oahu County Committee on Legislative Priorities for the Democratic Party of Hawaii, and Ulupono Initiative.

Your Committee finds that encouraging consumption of local produce in the State's public schools will benefit school children with fresher, better-tasting, and more nutritious food.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 180, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3506 Ways and Means on S.C.R. No. 168

The purpose and intent of this measure is to improve ocean safety by urging the Department of Education to implement ocean and water safety education programs for elementary school students.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that one in five persons who die from drowning are younger than fifteen years of age; therefore it is essential to introduce ocean and water safety awareness among the State's youth.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 168, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3507 Ways and Means on S.C.R. No. 85

The purpose and intent of this measure is to urge the Vice President for Budget and Finance of the University of Hawaii System to develop a plan for the redevelopment of the University of Hawaii at Manoa lower campus through a public private partnership.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that public private partnerships to redevelop the lower campus of the University of Hawaii at Manoa could help generate revenue for the school and revitalize the area with minimal capital investment by the State.

Your Committee has amended this measure by specifying that the findings and recommendations of the Vice President for Budget and Finance of the University of Hawaii System address options for public private partnership pilot projects.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 85, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 85, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3508 Ways and Means on S.C.R. No. 81

The purpose and intent of this measure is to maximize Medicaid reimbursement for support services offered to eligible students during school hours.

Your Committee received written comments in support of this measure from the Department of Education, Hawaii State Teachers Association, and Oahu County Committee on Legislative Priorities for the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee recognizes that a review of the Department of Education's effectiveness and efficiency in maximizing Medicaid reimbursements for support services to eligible students is necessary.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 81, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3509 Ways and Means on S.C.R. No. 146

The purpose and intent of this measure is to urge the Department of Land and Natural Resources, Department of Health, and City and County of Honolulu to take action to restore the Kawainui-Hamakua marsh complex and prepare plans to protect endangered waterbirds and visiting migratory waterbirds in the complex.

Your Committee received written comments in support of this measure from the Hawaiian Civic Club of Honolulu, Ku Pa'a Kailua, the Oahu County Committee on the Legislative Priorities of the Democratic Party of Hawaii, and one individual.

Your Committee received written comments in opposition to this measure from Archipelago Hawaii, Luxury Home Designs; Bali Boo Furniture Store; Beachside Lighting; Engineered Systems Inc.; GavinWood LLC; Hi Tec Construction; Hi Tec Construction Services; HC&D, LLC; Holden Hospital Supply, Inc.; Island Lawn Equipment LLC; Kailua Hawaiian Civic Club; Kapa'a Auto Body, LLC; Kapa'a Industrial; Kapa'a Industrial Park; Kapaa 1 LLC; Hika'alani; M&M Tanks, Inc.; Mobile Outboard Marine Service; Ozzy's Construction, Inc.; RNS Automotive; RNS Automotive LLC; Ron's Furniture Repairs LLC; Round Table Pizza Kailua; Sinclair Drywall, Inc.; Todd Branson Stoneworks Inc.; Tonga Trading Co., Ltd.; Tony's Autowerks; Tropical Clay Hawaii; VES Inc.; and thirty individuals.

Your Committee received written comments on this measure from the Department of Land and Natural Resources; Kawainui Marsh Environmental Education Initiative; and one individual.

Your Committee finds that taking action to restore the Kawainui-Hamakua marsh complex will protect endangered and migratory birds and archaeological sites and will help ensure the marsh complex's survival.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 146, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3510 Judiciary on H.B. No. 860

The purpose and intent of this measure is to establish quiet title action procedures for kuleana lands, including:

- (1) At the request of a defendant, court-ordered mandatory mediation to resolve the action;
- (2) At the request of defendants, court-ordered consolidation of separate actions under specified conditions;
- (3) Prohibiting the extinguishment or alienation of the defendant's access to the land for native Hawaiian cultural and traditional practices; and
- (4) Prohibiting a plaintiff from recovering costs, expenses, and attorney's fees from a defendant.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Ka Lāhui Hawai'i Political Action Committee, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and three individuals. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii and one individual.

Your Committee finds that kuleana land parcels, many of which have been passed down from original awardees through multiple generations of heirs, represent a vital legal recognition of native Hawaiian families' traditional tenure of ancestral lands. Although

quiet title actions have been a beneficial legal tool for native Hawaiian kuleana awardees to resist adverse possession claims made by large agricultural landowners, the current framework of quiet title action leaves kuleana owners vulnerable to dispossession, including through the use of complex and cost-prohibitive legal processes that effectively foreclose quiet title defendants from challenging quiet title actions and adverse possession claims. This measure will create a more equitable and timely process to resolve disputes and hardships stemming from quiet title actions filed against owners of kuleana lands.

Your Committee notes a need for native Hawaiian stakeholders to continue to work with advocacy groups and legal experts in addressing the specific circumstances relating to quiet title actions that particularly affect kuleana lands that are inhabited or actively utilized by one individual or a small group of persons. Accordingly, your Committee suggests that your Committee on Conference, if it considers this measure, examine the feasibility of establishing a working group consisting of various stakeholders to examine the complex issues associated with quiet title actions relating to kuleana lands. Your Committee further suggests that your Committee on Conference, if it examines this measure, or a future working group, consider requiring that a plaintiff in a quiet title action have a significant ownership interest in the kuleana land in question in order to bring such an action.

Your Committee has amended this measure by:

- (1) Inserting legislative findings and expressing that the intent of the Legislature is to prohibit any interpretation that would diminish or restrict native Hawaiian rights under article XII, section 7, of the Hawaii State Constitution;
- (2) Specifying that a court-ordered mandatory mediation requested by a defendant may focus on resolving the quiet title action in addition to any other preliminary issues that may need to be established as part of a partition action under chapter 668A, Hawaii Revised Statutes;
- (3) Specifying that the plaintiff in a quiet title action shall bear the costs of mediation and may only recover costs, expenses, or attorney's fees from the defendant as deemed equitable by the court;
- (4) Removing language providing that plaintiffs in quiet title actions shall neither seek nor be awarded the extinguishment or alienation of a defendant's access to lands for native Hawaiian cultural and traditional practices;
- (5) Inserting an effective date of July 1, 2035, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 860, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 860, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3511 Judiciary on H.B. No. 2318

The purpose and intent of this measure is to:

- (1) Amend the definition of "confidential personal information" for offenses against property rights;
- (2) Specify other types of confidential personal information; and
- (3) Clarify when a password constitutes confidential personal information.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaiian Civic Club of Honolulu, and one individual. Your Committee received testimony in opposition to this measure from the American Council of Life Insurers. Your Committee received comments on this measure from the Office of Information Practices, Kaiser Permanente Hawai'i, The Queen's Health Systems, Healthcare Association of Hawaii, and Hawai'i Pacific Health.

Your Committee finds that, in *State v. Pacquing*, 139 Hawaii 302, 389 P.3d 897 (2016), the Hawaii Supreme Court held that certain parts of the definition of "confidential personal information" are unconstitutionally vague. This measure is intended to address the Court's concerns by narrowing and clarifying the circumstances under which a password constitutes confidential personal information and adds several other types of information that would be considered confidential. Your Committee notes that S.B. No. 2745, S.D. 1 (Regular Session of 2018), which was previously passed by the Senate, addresses the same concerns as this measure and was recently heard and passed with amendments by the House Committee on Judiciary. Therefore, initially your Committee intended to defer this measure indefinitely, however your Committee received testimony from the Department of Hawaiian Home Lands requesting that this measure be amended to serve as a vehicle for the language of S.B. No. 2782, S.D. 1 (Regular Session of 2018).

S.B. No. 2782, S.D. 1, specifies that certain government records containing beneficiaries' personal information maintained by the Department of Hawaiian Home Lands are not required to be publicly disclosed or made open to inspection pursuant to public records requests and may be discussed during an executive meeting of the Hawaiian Homes Commission. Your Committee finds that the language of S.B. No. 2782, S.D. 1, is preferable because it protects information in which members of the public have a significant privacy interest while still allowing the Hawaiian Homes Commission to access and discuss the protected information as necessary to conduct the business of the Commission.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of S.B. No. 2782, S.D. 1, a measure that:

- (1) Specifies that certain government records containing beneficiaries' personal information maintained by the Department of Hawaiian Home Lands are not required to be publicly disclosed or made open to inspection pursuant to public records requests and may be discussed during an executive meeting of the Hawaiian Homes Commission; and

- (2) Inserts an effective date of July 1, 2050.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2318, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2318, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3512 Commerce, Consumer Protection, and Health on H.B. No. 2411

The purpose and intent of this measure is to:

- (1) Clarify the definition of growler;
- (2) Permit a class 18 small craft producer pub licensee to manufacture not more than one hundred thousand barrels of malt beverages on the licensee's premises during the license year;
- (3) Clarify that a class 14 brewpub licensee or class 18 small craft producer pub licensee may conduct certain activities at locations other than the licensee's primary manufacturing premises under certain conditions; and
- (4) Allow direct shipment of all forms of liquor, rather than just wine, by certain licensees.

Your Committee received testimony in support of this measure from the Hawaiian Craft Brewers Guild; Maui Brewing Co.; Kauai Beer Company; Kauai Island Brewing Company, LLC; Beer Lab Hawaii; Honolulu BeerWorks; Lanikai Brewing Company; REAL a gastropub; Waikiki Brewing Company; and Kona Brewing Co. Your Committee received comments on this measure from the Liquor Commission of the City and County of Honolulu.

Your Committee finds that the popularity of growlers, a type of container used to transport beer, continues to increase. Although growlers were originally made of glass, they are now made from a wider range of environmentally friendly reusable or recyclable materials. This measure reflects this change in container materials by defining growler as a recyclable or reusable container not to exceed one gallon.

Your Committee further finds that the State's craft breweries are increasing in number, through the addition of new start-up brewery businesses and the expansion of existing businesses. Breweries that have an initial or primary manufacturing premises may wish to expand to a new establishment, sometimes in another county. This measure addresses inconsistencies in existing law by allowing a satellite location, which may not be a manufacturing facility, to conduct activities such as dispensing and retail sales under the same trade name as the original licensee, under certain conditions. Your Committee notes that this measure still requires the satellite locations to be properly licensed. However, a satellite location would not be required to obtain a license to manufacture, if no manufacturing would be occurring at the second location. Rather, the second satellite location would be expected to hold a class license that reflects the business activities conducted at that location.

Your Committee additionally finds that existing law allows the direct shipment of wine. This measure achieves parity across all categories of beverage alcohol by permitting direct shipment of specified amounts of beer, spirits, and wine. Your Committee notes that start-up breweries and smaller craft breweries usually lack access to distributors who will export their beer out of the State. This measure therefore provides an opportunity for Hawaii's craft beer businesses to offer products through direct sales to new markets and a wider customer base.

Your Committee has amended this measure by:

- (1) Clarifying that a class 14 brewpub licensee or class 18 small craft producer pub licensee may conduct certain activities at satellite locations other than the licensee's primary manufacturing premises under certain conditions;
- (2) Clarifying that each licensee satellite location is under the jurisdiction of the county liquor department of the county in which the licensee satellite is located and specifying that the requirements of the liquor class for that location shall be in effect for the satellite licensed premises;
- (3) Clarifying that a class 18 small craft producer pub licensee is permitted to manufacture not more than one hundred twenty-five thousand, rather than one hundred thousand, barrels of malt beverages on the licensee's premises during the license year;
- (4) Changing its effective date to July 1, 2018; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2411, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2411, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Tokuda).

SCRep. 3513 Commerce, Consumer Protection, and Health on H.B. No. 2410

The purpose and intent of this measure is to permit brewpub and small craft producer pub licensees to allow minors, who are accompanied by a parent or legal guardian of legal drinking age, on the licensee's premises.

Your Committee received testimony in support of this measure from the Hawaiian Craft Brewers Guild; Maui Brewing Co.; Kauai Beer Company; Kauai Island Brewing Company, LLC; Beer Lab Hawaii; Honolulu BeerWorks; Lanikai Brewing Company; REAL a

gastropub; and Waikiki Brewing Company. Your Committee received comments on this measure from the Liquor Commission of the City and County of Honolulu.

Your Committee finds that brewpubs and small craft producer pubs are popular community gathering places where people can meet their family and friends. Your Committee further finds that brewpubs and small craft producer pubs are not intended to promote mass consumption of alcohol; rather, these establishments offer customers a comfortable place to taste craft beer. However, your Committee notes that although minors are allowed to be in some craft beer establishments with a parent or legal guardian of legal drinking age, this is not consistent throughout the State.

Your Committee additionally finds that breweries and brewpubs are a growing business sector in Hawaii, and restricting families from being together at a brewpub or producer pub reduces the number of customers visiting these local establishments. This measure therefore permits brewpub and small craft producer pub licensees to allow minors, accompanied by a parent or legal guardian of legal drinking age, on the licensee's premises, which will increase the ability of local residents and visitors to experience Hawaii's local breweries, expand brand recognition for these breweries, and increase the market for all Hawaii craft beer.

Your Committee has amended this measure by changing its effective date to July 1, 2018.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2410, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2410, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Nishihara, Tokuda).

SCRep. 3514 Judiciary on H.B. No. 1626

The purpose and intent of this measure is to:

- (1) Limit liability for volunteers and nonprofit organizations, nonprofit corporations, or other entities that provide volunteers, who maintain or repair cemetery grounds; and
- (2) Require the Director of Commerce and Consumer Affairs to, in consultation with the Comptroller, to develop strategies for the upkeep, repair, and maintenance of Sunset Memorial Park in Pearl City, Oahu, and report relevant findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Commerce and Consumer Affairs, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one individual.

Your Committee finds that Sunset Memorial Park in Pearl City, Oahu, has been neglected for years and has been the subject of numerous complaints related to issues surrounding the management and lack of maintenance at the cemetery. Although volunteers have expressed a strong willingness to assist with the upkeep, repair, and maintenance of Sunset Memorial Park, many are concerned about potential liability issues. Therefore, this measure is intended to encourage volunteers to maintain and repair Sunset Memorial Park without fear of liability resulting from their charitable activities.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1626, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

SCRep. 3515 Ways and Means on H.B. No. 2175

The purpose and intent of this measure is to require that certain metropolitan planning organizations' policy boards include a member of the Senate and a member of the House of Representatives, both of whom shall be residents of the applicable metropolitan planning area.

Your Committee received written comments in support of this measure from the Department of Transportation.

Your Committee finds that legislative representation on a metropolitan planning organization's policy board will provide the board with valuable legislative guidance and perspective on transportation policy decisions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2175, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (Riviere). Noes, none. Excused, 1 (Harimoto).

SCRep. 3516 Ways and Means on H.B. No. 1653

The purpose and intent of this measure is to abolish the revolving funds for correctional facility stores account and transfer any remaining unencumbered balances to the administrator/inmate activity account trust account.

Your Committee received written comments in support of this measure from the Department of Public Safety.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that since the store operations at the Halawa Correctional Facility, Waiawa Correctional Facility, and Oahu Community Correctional Facility are now maintained by Hawaii Correctional Industries, the revolving funds for correctional facility stores account is no longer needed and should be abolished.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1653, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3517 Ways and Means on H.B. No. 2389

The purpose and intent of this measure is to facilitate the transition from prison upon discharge or parole for certain committed persons.

More specifically, this measure:

- (1) Requires that a committed person receive appropriate resource referrals as a prior condition to receiving any cash furnished by the Hawaii Paroling Authority;
- (2) Specifies that the moneys furnished by the Authority for discharged or paroled individuals shall be subject to the availability of legislative appropriations authorized and allocated for that purpose; and
- (3) Prohibits the Hawaii Paroling Authority from using any moneys that are appropriated to provide for the immediate needs of a discharged or paroled individual for any other purpose.

Your Committee received written comments in support of this measure from YWCA O'ahu, Community Alliance on Prisons, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that appropriate resource referrals, in addition to a provision of moneys from the Hawaii Paroling Authority, may help to ensure that a discharged or paroled individual successfully transitions back into society.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2389, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2389, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3518 Ways and Means on H.B. No. 635

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist the Honolulu Board of Water Supply in upgrading Nuuanu reservoir #4 to meet dam safety standards, as a component of the Nuuanu hydroelectricity project.

Your Committee received written comments in support of this measure from the Board of Water Supply, One World One Water, Ulupono Initiative, Hawaii Community Foundation, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that Nuuanu reservoir #4 is an essential component of the Nuuanu hydroelectricity project, which will connect existing reservoirs in Nuuanu Valley to generate renewable hydroelectric energy, provide energy storage, and supplement usable groundwater supplies through the increase of groundwater recharge of captured stormwater.

Your Committee has amended this measure by:

- (1) Changing the date on which the authorization to issue special purpose revenue bonds shall lapse from June 30, 2022, to June 30, 2023;
- (2) Changing the date contained in the authorization provided to the Department of Budget and Finance to refund the special purpose revenue bonds authorized by this measure, to reflect the amended bond authorization lapse date; and
- (3) Making a technical nonsubstantive change for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 635, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 635, H.D. 1, S.D. 2.

SCRep. 3519 Ways and Means on H.B. No. 1830

The purpose and intent of this measure is to support the University of Hawaii's effort to create a sustainable means of financing energy efficiency and other sustainability initiatives at the university.

More specifically, this measure:

- (1) Authorizes the University of Hawaii green special fund to receive legislative appropriations;

- (2) Allows for the University of Hawaii green special fund to be used for, among other things, the planning, design, and implementation of energy efficiency, renewable energy, and energy conservation;
- (3) Authorizes the University of Hawaii to collect and transfer monetary savings realized from university energy efficiency, renewable energy, sustainability, and energy conservation projects;
- (4) Removes the requirement of legislative approval for any expenditure equal to or greater than \$167,000;
- (5) Authorizes the University of Hawaii to transfer other funds into the special fund to offset the costs and expenses associated with the university's energy efficiency, renewable energy, and energy conservation initiatives, in addition to sustainability initiatives; and
- (6) Requires legislative notification for any expenditures from the special fund.

Your Committee received written comments in support of this measure from the University of Hawaii System, Hawaii Energy, Ulupono Initiative, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one concerned individual.

Your Committee finds that making certain changes to the administration of the University of Hawaii green special fund could be beneficial to the University.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1830, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1830, H.D. 2, S.D. 2.

SCRep. 3520 Judiciary on H.B. No. 2384

The purpose and intent of this measure is to amend the Uniform Controlled Substances Act to provide flexibility and clear guidance for practitioners who prescribe, administer, or dispense certain controlled substances for patients undergoing medically managed withdrawal or detoxification treatment.

Your Committee received testimony in support of this measure from the Department of Public Safety, Drug Policy Forum of Hawaii, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that this measure will permit registered medical practitioners to prescribe drugs including buprenorphine and naloxone for "medically managed withdrawal", also known as "detoxification treatment" and "maintenance treatment". This measure mirrors federal regulations regarding the ability of qualified practitioners to prescribe controlled substances for use as a medically managed withdrawal treatment subject to specific requirements that also mirror federal law.

Your Committee has amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2384, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2384, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

SCRep. 3521 Ways and Means on H.B. No. 634

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist the Honolulu Board of Water Supply in upgrading Nuuanu reservoir #1 to meet dam safety standards, as a component of the Nuuanu hydroelectricity project.

Your Committee received written comments in support of this measure from the Board of Water Supply, One World One Water, Ulupono Initiative, Hawaii Community Foundation, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that Nuuanu reservoir #1 is an essential component of the Nuuanu hydroelectricity project, which will connect existing reservoirs in Nuuanu Valley to generate renewable hydroelectric energy, provide energy storage, and supplement usable groundwater supplies through the increase of groundwater recharge of captured stormwater.

Your Committee has amended this measure by:

- (1) Changing the date on which the authorization to issue special purpose revenue bonds shall lapse from June 30, 2022, to June 30, 2023;
- (2) Changing the date contained in the authorization provided to the Department of Budget and Finance to refund the special purpose revenue bonds authorized by this measure, to reflect the amended bond authorization lapse date; and
- (3) Making a technical nonsubstantive change for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 634, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 634, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3522 Ways and Means on H.B. No. 1669

The purpose and intent of this measure is to authorize the State to award concession contracts under the request for proposals process based upon the best value standard, to allow consideration of each offeror's potential benefit to the general public.

Your Committee received written comments in support of this measure from the State Procurement Office.

Your Committee finds that authorizing the award of state concession contracts based upon best value will allow agencies to consider a variety of factors and potential benefits in evaluating contract bids.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1669, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1669, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3523 Ways and Means on H.B. No. 1767

The purpose and intent of this measure is to:

- (1) Prohibit the operation of vehicles, except low-range, four-wheel drive vehicles, in the Waipio Valley and the Mauna Kea Science Reserve; and
- (2) Exempt the weight of disability access modifications from the determination of net weight for non-commercial vehicles for the purposes of calculating the state and county motor vehicle weight tax.

Your Committee received written comments in support of this measure from the University of Hawaii System, Office of Maunakea Management; Hawaii County Council; Canada-France-Hawaii Telescope Corporation; Hawaii Island Chamber of Commerce; and Maunakea Observatories Support Services.

Your Committee received written comments on this measure from the Department of the Attorney General and the Office of Hawaiian Affairs.

Your Committee finds that:

- (1) Limiting vehicular access to the Waipio Valley and the Mauna Kea Science Reserve to low-range, four-wheel drive vehicles will increase visitor safety and reduce road maintenance costs; and
- (2) Excluding the weight of disability access modifications from the non-commercial vehicle net weight determination for the purposes of calculating the state and county motor vehicle weight tax will remove a deterrent to making those modifications and increase access to transportation for the disabled.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1767, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1767, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3524 Ways and Means on H.B. No. 2274

The purpose and intent of this measure is to increase the availability of electric vehicle supply equipment in the State.

More specifically, this measure:

- (1) Requires that certain parking facilities built after 2016 provide electric vehicle supply equipment in one parking space per one hundred parking spaces, with the number of required electric vehicle supply equipped parking spaces increasing to two parking spaces by July 1, 2021, and then to three by July 1, 2024;
- (2) In the context of electric vehicle parking requirements, changes the term "electric vehicle charging system" to "electric vehicle supply equipment";
- (3) Authorizes the Director of Transportation to fine properties that are not in compliance with the electric vehicle parking requirements;
- (4) Establishes a working group to address the installation of electric vehicle supply equipment and the feasibility of increasing the number of charging stations at Aloha Stadium; and

(5) Requires the working group to submit a report to the Legislature.

Your Committee received written comments in support of this measure from Ulupono Initiative, Organizing for Action, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one concerned individual.

Your Committee received written comments in opposition to this measure from the Building Owners and Managers Association of Hawaii, and Hawaii Credit Union League.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism; Legislative Reference Bureau; and Department of Transportation Services of the City and County of Honolulu.

Your Committee finds that the increasing number of electric vehicles in the State necessitates parking facilities that are equipped with charging stations.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2274, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2274, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3525 Ways and Means on H.B. No. 2454

The purpose and intent of this measure is to establish a correctional industries former inmate employment pilot project to provide full-time employment with the Hawaii correctional industries program for up to five former inmates to assist them with career advancement and developing job skills.

Your Committee received written comments in support of this measure from the Department of Public Safety, Office of Hawaiian Affairs, Community Alliance on Prisons, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that providing former inmates with employment and training will help them obtain gainful long-term employment, transition back into their communities as contributing members of society, and avoid recidivism.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Public Safety specify the data to be collected and request that service providers who work directly with the former inmates enrolled in the pilot project collect and submit the data to the department; and
- (2) Making a technical nonsubstantive amendment for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2454, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2454, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3526 Water and Land on Gov. Msg. No. 542

Recommending that the Senate advise and consent to the nomination of the following:

KANE'OHE BAY REGIONAL COUNCIL

G.M. No. 542 MAURICE RADKE, for a term to expire 06-30-2021

Your Committee reviewed the personal history, resume, and statement submitted by Maurice Radke for service on the Kane'ohē Bay Regional Council.

Your Committee received testimony in support of the nomination for the reappointment of Maurice Radke from the Department of Land and Natural Resources and one individual.

Upon review of the testimony, your Committee finds that Maurice Radke's background, experience, and proven leadership on the Kane'ohē Bay Regional Council qualify him to be nominated for reappointment to the Kane'ohē Bay Regional Council as a member representing the Kane'ohē Neighborhood Board. Your Committee notes that Mr. Radke currently serves as the Chairperson of the Kane'ohē Neighborhood Board, which is a seventeen-member board that represents 50,000 residents of the greater Kane'ohē area, and serves as the State Coordinator of the Salute Military Golf Association where he provides golf instruction to post-9/11, combat wounded military veterans. Mr. Radke previously served as a Principal Senior Advisor and Subject Matter Expert for Personnel Affairs for the United States Navy Pacific Fleet Headquarters where he advised the principal military commanders on all practices, policies, development, and training for the organization's personnel.

Your Committee further notes that as a member of the Kane'ohē Bay Regional Council, Mr. Radke had direct involvement with the designation of He'eia as a National Estuarine Research Reserve and was involved with protecting Kane'ohē Bay and curtailing commercial operations at the Bay. If appointed for a second term, the nominee hopes to be involved in updating the Kane'ohē Bay Master Plan. Testimony received in support of the nominee indicate that Mr. Radke's wealth of knowledge about the Kane'ohē area and his dedication to preserving and protecting the cultural and historical resources of the area are valuable assets for the Council.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Inouye).

SCRep. 3527 Ways and Means on H.B. No. 2128

The purpose and intent of this measure is to clarify that clinical victim support services for victims of sexual violence and abuse are a mental health outpatient services benefit required to be covered under health insurance policies offered by health insurers, mutual benefit societies, fraternal benefit societies, and health maintenance organizations.

Your Committee received written comments in support of this measure from the Hawai'i State Commission on the Status of Women, Hawaii Psychological Association, Hawaii State Democratic Women's Caucus, YWCA O'ahu, Hawaii Children's Action Network, Planned Parenthood Votes Northwest and Hawaii, two employees of The Sex Abuse Treatment Center, IMUAlliance, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Filipina Advocacy Network, Hawaii Women's Coalition, Hawaii Medical Association, and five individuals.

The Insurance Commissioner of the Insurance Division of the Department of Commerce and Consumer Affairs, Board of Pharmacy, Hawaii Medical Service Association, and Kaiser Permanente submitted written comments on the measure.

Your Committee finds that this measure will help to provide greater access to mental health services for victims of sexual violence and abuse.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2128, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3528 Ways and Means on H.B. No. 2345

The purpose and intent of this measure is to clarify the powers of the Commissioner of Financial Institutions relating to money transmitters.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that this measure will enhance the ability of the Commissioner of Financial Institutions to take appropriate action for violations of the Money Transmitters Act, deter noncompliance, and protect consumers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2345, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3529 Ways and Means on H.B. No. 2114

The purpose and intent of this measure is to amend the law regarding collective bargaining in public employment.

Specifically, this measure provides that the implementation of management decisions affecting the terms and conditions of employment that are subject to collective bargaining is not precluded from collective bargaining negotiations.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association; AFL-CIO; United Public Workers; Hawaii State Teachers Association; University of Hawaii Professional Assembly; Hawaii Fire Fighters Association, Local 1463; and IMUAlliance.

Your Committee received written comments in opposition to this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; and Hawaii Health Systems Corporation.

Your Committee finds that this measure expands the scope of collective bargaining between public sector employers and the exclusive representatives of public employees.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2114, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3530 Ways and Means on H.B. No. 2418

The purpose and intent of this measure is to authorize the expenditure of \$1,500,000, which was previously appropriated by Act 49, Session Laws of Hawaii 2017, to satisfy class counsel's attorney's fees in the case of E.R.K. v. Department of Education.

Your Committee received written comments in support of this measure from the Department of the Attorney General and Department of Education.

Your Committee finds that the expenditure of \$1,500,000 for the attorney's fees is reasonable.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2418, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3531 Ways and Means on H.B. No. 1770

The purpose and intent of this measure is to appropriate funds to the Department of the Prosecuting Attorney of the City and County of Honolulu for its Career Criminal Prosecution Unit.

Your Committee received written comments in support of this measure from the Department of the Prosecuting Attorney, City and County of Honolulu; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that the funds appropriated by this measure will allow the Department of the Prosecuting Attorney of the City and County of Honolulu to continue operating its Career Criminal Prosecution Unit at its current capacity and caseload.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1770, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3532 Ways and Means on H.B. No. 1778

The purpose and intent of this measure is to improve firefighters' access to comprehensive medical coverage while addressing medical coverage for specific organs affected by diseases arising out of, and in the course of, their employment.

Your Committee received written comments in support of this measure from the State Fire Council; County of Hawaii, Mayor's Office; Hawaii Fire Department; Hawaii Fire Fighters Association, Local 1463; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

The Department of Labor and Industrial Relations submitted written comments on the measure.

Your Committee finds that this measure will help to ensure that firefighters receive proper medical treatment in a timely manner while reducing the emotional toil, financial burden, and impact of a decreased quality of life on firefighters diagnosed with cancer and their family members.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1778, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3533 Judiciary on H.B. No. 2385

The purpose and intent of this measure is to update the list of Schedule I controlled substances of the State's Uniform Controlled Substances Act and make it consistent with changes to the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that section 329-11, Hawaii Revised Statutes, provides that if a substance is added, deleted, or rescheduled under federal law, then the Department of Public Safety shall recommend to the Legislature that a corresponding change in Hawaii law be made. This measure will make the State's Uniform Controlled Substances Act, chapter 329, Hawaii Revised Statutes, consistent with changes to federal law as recommended by the Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2385, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Gabbard).

SCRep. 3534 Ways and Means on H.B. No. 2072

The purpose and intent of this measure is to amend the offense of cruelty to animals in the second degree.

Specifically, this measure:

- (1) Prohibits certain restraints and tethers that endanger a dog; and
- (2) Authorizes the court to assess fines or order community service, mental health counseling, or animal abuse prevention classes in addition to or in lieu of the penalties for the offense.

Your Committee received written comments in support of this measure from The Humane Society of the United States, Hawaii Association of Animal Welfare Agencies, Hawaiian Humane Society, Keiko Conservation, TKO Rubbish & Recycling Equipment, and seventeen individuals.

Your Committee finds that the prohibitions and penalties established by this measure will help to promote more humane treatment of dogs and other animals.

Your Committee notes the request of The Humane Society of the United States in its written comments in support of this measure with respect to deletion of the words “or in lieu of” from the following amendment to section 711-1109(4), Hawaii Revised Statutes, in section 1 of the measure: “In addition to or in lieu of any penalty authorized for a person convicted of an offense under this section, the court may assess fines, order performance of community service, require mental health counseling, or order attendance at educational classes concerning animal abuse prevention.” Your Committee respectfully requests that this amendment be considered as the measure moves forward in the legislative process.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2072, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3535 Ways and Means on H.B. No. 1725

The purpose and intent of this measure is to streamline the flow of information between employees, exclusive representatives, and employers by requiring public employees subject to collective bargaining to provide written notification to the employee’s exclusive representative to discontinue the employee’s payroll assignments within a certain time period.

Your Committee received written comments in support of this measure from the Hawaii Government Employees Association, United Public Workers, and Hawaii State Teachers Association.

Your Committee received written comments on this measure from the Department of Accounting and General Services.

Your Committee finds that this measure will ensure an efficient and streamlined flow of information between public employees, exclusive representatives, and employers by creating a systematic process and timeline for public employees to discontinue a payroll assignment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1725, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3536 Ways and Means on H.B. No. 1726

The purpose and intent of this measure is to appropriate funds for collective bargaining cost items, salary adjustments, and other cost items for public employees in collective bargaining unit (14) and their excluded counterparts for fiscal biennium 2017-2019.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Hawaii Government Employees Association, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that negotiations with collective bargaining unit (14) are currently in progress and that this measure provides a legislative vehicle to appropriate necessary funds if an agreement is reached or an arbitration decision is rendered prior to the end of the 2018 Regular Session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1726, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3537 Ways and Means on H.B. No. 2698

The purpose and intent of this measure is to appropriate moneys to honor the one hundredth anniversary of World War I with activities that commenced on April 2, 2017, and will end on November 11, 2018.

Your Committee received written comments in support of this measure from the Office of Veterans Services; American Legion Kau Tom Post 11; American Veterans Hawaii; Catholic War Veterans of the United States of America; Daughters of the American Revolution; Department of Hawaii, Veterans of Foreign Wars of the US; Hawaii Commandery of the Military Order of Foreign Wars; Hawaii Pacific University; Kanehili Cultural Hui; Military Order of the World Wars; Military Order of the World Wars, Gaylord Dillingham Chapter; National Trust for Historic Preservation; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Pacific Aviation Museum Pearl Harbor; Pacific Region AUSA; Sons of Confederate Veterans; 808 Cleanups; and thirteen individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that honoring those who served in World War I, including those from Hawaii, will promote historical education and appreciation for veterans in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2698, H.D. 3, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3538 Ways and Means on H.B. No. 2380

The purpose and intent of this measure is to:

- (1) Clarify that the leasing of fast lands and submerged lands is not restricted to the Ala Wai Small Boat Harbor; and
- (2) Recognize and address the risks of sea level rise.

More specifically, this measure:

- (1) Requires the Board of Land and Natural Resources to make a finding regarding certain sea level rise factors before leasing certain fast lands and submerged lands;
- (2) Allows for legislative authorization of leases upon a showing of extraordinary circumstances necessitating the lease; and
- (3) Repeals the fast lands and submerged lands lease requirements for the Ala Wai Small Boat Harbor.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee received written comments in opposition to this measure from one concerned individual.

Your Committee received written comments on this measure from one concerned individual.

Your Committee finds that leases of fast and submerged lands made pursuant to a request for proposals should be de-linked from the laws governing the lease of fast and submerged lands of the Ala Wai Small Boat Harbor. Further, your Committee believes that requiring the Board of Land and Natural Resources to make a finding regarding sea level rise is an appropriate way of recognizing and addressing the risks of sea level rise.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2380, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3539 Ways and Means on H.B. No. 2594

The purpose and intent of this measure is to provide funds for the Kaho'olawe Island Reserve Commission to effectively restore, preserve, and determine the appropriate uses of the Kaho'olawe Island Reserve.

Your Committee received written comments in support of this measure from the County of Maui; Kaho'olawe Island Reserve Commission; Activities of Kauai; Hawaiian Civic Club of Honolulu; Ocean Tourism Coalition; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; and twenty individuals.

Your Committee received written comments in opposition to this measure from Center for Hawaiian Sovereignty Studies and one individual.

Your Committee finds that providing funds for the Kaho'olawe Island Reserve Commission will enable it to restore, preserve, and determine the appropriate uses of the Kaho'olawe Island Reserve for the people of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amounts appropriated to unspecified amounts; and
- (2) Changing the effective date to July 1, 2050,

to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2594, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2594, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3540 Ways and Means on H.B. No. 2559

The purpose and intent of this measure is to authorize the Department of Budget and Finance to issue special purpose revenue bonds to assist Spinlaunch Inc., in the development of an electrically powered, kinetic launch system that will transport small satellites into low Earth orbit.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i and one concerned individual.

Your Committee received written comments in opposition to this measure from the Hawaii County Council, Big Island Fisheries Alliance, Hawaiian Ocean View Community, Hawaiian Ranchos Community Association, and thirty-two concerned individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and one concerned individual.

Your Committee finds that the development of a small satellite launch system in Hawaii could benefit the State's economy. Your Committee further finds that the construction of an electronically powered, kinetic launch system constitutes a project as defined in part V, Chapter 39A, Hawaii Revised Statutes, and the financing thereof is assistance to an industrial enterprise.

Your Committee has amended this measure to not specify where in the State the launch facility will be located.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2559, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2559, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Inouye, Riviere). Noes, none. Excused, 1 (Harimoto).

SCRep. 3541 Ways and Means on H.B. No. 2349

The purpose and intent of this measure is to authorize the issuance of citations for specific violations of the motor vehicle repair laws.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and the Motor Vehicle Repair Industry Board.

Your Committee finds that this measure will curb violations and ensure swift compliance by licensees, and effectively allocate agency resources.

Your Committee has amended this measure by:

- (1) Correcting a reference to the type of certificate held by a dealer; and
- (2) Making a technical nonsubstantive change for the purpose of consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2349, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2349, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3542 Ways and Means on H.B. No. 2455

The purpose and intent of this measure is to make an emergency appropriation of \$150,000 to the Department of Business, Economic Development, and Tourism for gannenmono celebrations.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that the State should provide adequate and timely funding to celebrate the one hundred fiftieth anniversary of the arrival in Hawaii of the first group of organized Japanese immigrants, known as the gannenmono.

Your Committee has amended this measure by changing the appropriation from \$150,000 to an unspecified amount to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2455, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2455, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3543 Judiciary on H.B. No. 2118

The purpose and intent of this measure is to allow a condominium board to borrow money for the installation of equipment for the health and safety of residents, in the event of a government mandate to install such equipment, without the consent of owners where at least twenty percent of owners reside outside of the United States.

Your Committee received testimony in support of this measure from the Hawaii State Fire Council, Honolulu Fire Department, Hawaii Council of Associations of Apartment Owners, Associa Hawaii, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i. Your Committee received testimony in opposition to this measure from Hui 'Oia'i'o and two individuals.

Your Committee finds that automatic fire sprinkler systems have been proven to save lives and property and protect the environment. Death rates and property loss are substantially reduced when these systems are installed and properly maintained. Your Committee has heard testimony from the Hawaii State Fire Council expressing concern that many property owners reside in foreign countries and do not respond to requests from the condominium board regarding life safety issues. This measure will empower condominium boards to borrow money for the installation of equipment for the health and safety of residents even in situations when owners residing outside of the United States cannot be contacted or are unresponsive.

Your Committee has heard testimony expressing concerns that the provisions of this measure could potentially be abused by condominium boards to the detriment of unit owners and encourages your Committee on Conference, if it examines this measure, to consider adjusting the minimum percentage of owners who reside outside the United States from twenty percent to fifty percent.

Your Committee has amended this measure by inserting an effective date of July 1, 2035, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2118, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2118, H.D. 1, S.D. 2.

SCRep. 3544 Judiciary on H.B. No. 2373

The purpose and intent of this measure is to authorize the Department of Health to disclose certain vital statistic records to Department program employees with the approval of the Department's institutional review committee.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Primary Care Association, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that individuals have a significant privacy interest in their records that are held and maintained by the Department of Health. The State and, by extension, the Department of Health has an interest in conducting research using public health statistics, but this interest must be properly balanced against the significant privacy interests of the individuals whose records are used in the research. This measure will protect the privacy interest of individuals while allowing employees of the Department of Health to use vital statistics records for the purposes of research.

Your Committee has amended this measure by:

- (1) Clarifying that the information to be disclosed by the Department of Health may only be used for approved research purposes;
- (2) Requiring that the public health purpose for the approved research that outweighs the confidentiality interest of persons identified in the record must substantially outweigh that interest in order for information to be disclosed without informed consent;
- (3) Clarifying that information disclosed for approved research may only be re-disclosed if the record has been redacted of identifying personal information;
- (4) Defining "department" to mean "Department of Health";
- (5) Inserting an effective date of July 1, 2035, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2373, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2373, H.D. 2, S.D. 1.

SCRep. 3545 Ways and Means on H.B. No. 2108

The purpose and intent of this measure is to extend the special purpose revenue bond authorization from June 30, 2018, to June 30, 2023, to assist Kaiuli Energy, LLC, with the financing of the planning, design, and construction of a seawater air conditioning district cooling facility and chilled water distribution system.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, Organizing for Action, Ulupono Initiative, and 350Hawaii.org.

Your Committee finds that extending the special purpose revenue bond authorization period to facilitate Kaiuli Energy, LLC's development of a seawater air conditioning and water chilling facility will assist that project and help to save electricity, reduce water usage, and further the State's renewable energy goals.

Your Committee has amended this measure by changing the effective date from January 28, 2045, to June 29, 2018.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2108, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2108, H.D. 1, S.D. 1.

SCRep. 3546 Ways and Means on H.B. No. 2077

The purpose and intent of this measure is establish a public employees training program to improve and enhance state employees' understanding of their job duties.

This measure also allocates one percent of collective bargaining increases to the public employees training program.

Your Committee received written comments in support of this measure from the Judiciary and Hawaii Government Employees Association.

The Department of Budget and Finance submitted written comments on this measure.

Your Committee finds that providing continuing education to state employees will afford them with opportunities to maintain the knowledge, skills, and education necessary for the highest standards of professional conduct and performance in public service.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2077, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2077, H.D. 1, S.D. 1.

SCRep. 3547 Ways and Means on H.B. No. 1627

The purpose and intent of this measure is to encourage economic equality for persons with disabilities.

Specifically, this measure:

- (1) Repeals provisions that allow persons whose earning capacity is impaired by old age or physical or mental deficiency or injury to receive wages lower than the applicable minimum wage;
- (2) Requires the Department of Labor and Industrial Relations to submit annual reports to the Legislature relating to the sustainable employment of persons currently receiving subminimum wages and efforts to provide increased employment opportunities for those persons; and
- (3) Makes an appropriation for one full-time equivalent inspection and enforcement position within the Wage Standards Division of the Department of Labor and Industrial Relations.

Your Committee received written comments in support of this measure from the State Council on Developmental Disabilities; Hawai'i State Commission on the Status of Women; the legislative coordinator and five members of the Honolulu Chapter of the National Federation of the Blind of Hawaii; International Brotherhood of Electrical Workers Local Union 1260; Hawaii State Teachers Association; AFL-CIO; IMUAlliance; Hawaii Advocates for Consumer Rights; The Kupuna Caucus of the Democratic Party of Hawaii; National Association of Blind Students; Democratic Party of Hawaii, Hawaiian Affairs Caucus; Lanakila Pacific; Young Progressives Demanding Action - Hawaii; LGBT Caucus of the Democratic Party of Hawaii; Planned Parenthood Votes Northwest and Hawaii; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; National Down Syndrome Society; Rainbow Family 808; and forty-one individuals.

Your Committee received written comments on this measure from the Department of Labor and Industrial Relations and Hawaii Disability Rights Center.

Your Committee finds that persons with disabilities have the potential to succeed in integrated, meaningful, and competitive employment settings and deserve to be paid a fair wage for doing real work.

Your Committee has amended this measure by:

- (1) Removing the appropriation for one full-time equivalent inspection and enforcement position within the Wage Standards Division of the Department of Labor and Industrial Relations; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, style, and conformance with recommended drafting conventions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1627, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1627, H.D. 1, S.D. 2.

SCRep. 3548 Ways and Means on H.B. No. 2419

The purpose and intent of this measure is to require the Department of Land and Natural Resources to create a strategic plan for the maintenance dredging of small boat harbors, channels, ramps, and other port infrastructure.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii and Ocean Tourism Coalition.

Your Committee received written comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that routine, maintenance dredging of small boat harbors and related infrastructure in the State will help to maintain those waterways and ensure that they are accessible and safe for marine vessels.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated to an unspecified amount to facilitate further discussion on this matter; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2419, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2419, H.D. 1, S.D. 2.

SCRep. 3549 Ways and Means on H.B. No. 1938

The purpose and intent of this measure is to increase the fine from not more than \$500 to not more than \$1,000 for passing or overtaking a school bus that is stopped on a state highway with its visual signals on.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that increasing the fine for passing or overtaking a school bus that is stopped on a state highway with its visual signals on will reduce these violations and improve student safety.

Your Committee has amended this measure by changing the effective date from July 1, 2050, to upon approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1938, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1938, H.D. 1, S.D. 1.

SCRep. 3550 Ways and Means on H.B. No. 2336

The purpose and intent of this measure is to authorize the State and counties to make advance payments of their required contributions to the Employees' Retirement System.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Employees' Retirement System, and one individual.

Your Committee finds that advance payments of employer contributions will serve to reduce the system's unfunded liabilities over time.

Your Committee has amended this measure by:

- (1) Specifying the part and subpart of Chapter 88, Hawaii Revised Statutes, into which the new proposed section is to be added; and
- (2) Making a technical nonsubstantive change for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2336, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2336, H.D. 1, S.D. 2.

SCRep. 3551 Commerce, Consumer Protection, and Health on H.B. No. 2530

The purpose and intent of this measure is to:

- (1) Repeal language that requires the Department of Human Services to determine the amount of liability insurance coverage required to be obtained and maintained by child care providers; and
- (2) Amend Act 161, Session Laws of Hawaii 2017 (Act 161), by extending the deadline for the Department of Human Services to submit a report to the Legislature, amending the information to be included in the report, and extending the implementation and enforcement deadline for the liability insurance requirements until July 1, 2019.

Your Committee received testimony in support of this measure from the Department of Human Services, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Oahu Family Childcare Business Association, Keiki Ohana Daycare, and one individual.

Your Committee finds that the intent of Act 161 was to strengthen minimum standards on child care and improve the health and safety of children by requiring child care providers subject to regulation by the Department of Human Services (Department) to obtain and maintain liability insurance coverage. Your Committee further finds that some child care providers indicated to the Department that they were considering no longer registering with the Department or providing child care, as a result of Act 161's insurance requirements. According to the Department, there was a twelve percent decrease in the number of homes that were regulated by the Department between December 2016 and December 2017. The Department also testified that information obtained from other states that require liability insurance coverage indicated most states only require child care providers to produce evidence of insurance, rather than establishing minimum coverage requirements within child care regulatory requirements.

Your Committee finds that this measure removes the requirement that the Department determine the amount of liability insurance coverage required for child care providers, as the Department is not the appropriate entity to determine the amount of such coverage. This measure also provides the Department with additional time to submit a report to the Legislature regarding certain implementation and enforcement requirements under Act 161.

Your Committee has amended this measure by:

- (1) Removing the requirement for child care providers to disclose to each parent or guardian applying for child care at the child care facility a summary of information for liability insurance coverage;
- (2) Changing its effective date to upon approval; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2530, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2530, H.D. 1, S.D. 1.

SCRep. 3552 Commerce, Consumer Protection, and Health on H.B. No. 2202

The purpose and intent of this measure is to specify that a duly qualified physician or duly qualified surgeon selected and paid for by an employer to perform a medical examination on an employee, relating to a work injury under workers' compensation, shall be duly qualified to treat the injury being examined, possess medical malpractice insurance, and owe the same duty of care to the injured employee as to a traditional patient.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; Hawaii Medical Association; Work Injury Medical Association of Hawaii; International Longshore and Warehouse Union, Local 142; and one individual. Your Committee received testimony in opposition to this measure from the Hawaiian Electric Company, Inc. Your Committee received comments on this measure from the Department of Labor and Industrial Relations and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that existing workers' compensation law allows an employer to have a duly qualified physician or surgeon designated and paid for by the employer to conduct an independent medical examination on an injured employee. Your Committee further finds that independent medical evaluations are a central element of the workers' compensation process. Thus, the fairness and integrity of these examinations are of paramount importance. This measure therefore establishes essential criteria for those duly qualified physicians and surgeons who conduct independent medical examinations as part of the workers' compensation system.

Your Committee has amended this measure by:

- (1) Clarifying that a physician or surgeon selected and paid for by an employer to perform a medical examination on an employee shall be duly qualified;
- (2) Clarifying that the definition of "duly qualified" includes being appropriately licensed in the State, possessing medical malpractice insurance, and owing the same duty and standard of care to the injured employee as would be owed to a traditional patient, rather than meaning a doctor whose specialty is appropriate for the injury to be examined;
- (3) Inserting an effective date of July 1, 2055, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2202, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2202, H.D. 2, S.D. 1.

SCRep. 3553 Commerce, Consumer Protection, and Health on H.B. No. 1880

The purpose and intent of this measure is to:

- (1) Extend the sunset date of Act 65, Session Laws of Hawaii 2013, which provides a limited exemption to the licensing requirements for certain individuals in situations when a public utility must retain qualified individuals to work with high voltage (six hundred volts or higher) who are not licensed in the State but are otherwise deemed qualified by the public utility; and
- (2) Require the Departments of Labor and Industrial Relations and Business, Economic Development, and Tourism to submit reports to the Legislature regarding certain activities associated with qualified high voltage electrical contractors.

Your Committee received testimony in support of this measure from the Board of Electricians and Plumbers; Chamber of Commerce Hawaii; Hawaiian Electric Company, Inc.; and Land Use Research Foundation of Hawaii. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism and International Brotherhood of Electrical Workers, Local Union No. 1186, AFL-CIO.

Your Committee finds that, other than utility electrical workers, most in-state electrical workers are only experienced in low voltage, meaning one hundred twenty to four hundred eighty volts, work that is common in most residential homes and commercial buildings. Your Committee further finds that high voltage work requires additional skills, training, and experience with related tools and equipment that are gained through a specific apprenticeship program.

Your Committee additionally finds that, due to the lack of sufficient in-state high voltage electricians, splicers, and linemen, and to address the need of an electric utility to retain the services of individuals qualified to work with high voltage power lines, Act 65, Session Laws of Hawaii 2013 (Act 65), provides a limited exemption to the licensing requirements for certain individuals in situations when an electric utility must retain qualified individuals to work with high voltage (six hundred volts or higher) who are not licensed in the State but are otherwise deemed qualified by the electric utility. However, Act 65 sunsets on June 30, 2018. This measure therefore extends the sunset date of Act 65 for five years, to June 30, 2023, which ensures that electric utilities can continue to retain the services of qualified out-of-state high voltage workers if needed, who could safely assist the utility in activities including storm restorations,

complex and specialized maintenance, and emergency restorations that could potentially impact the health and safety of the State's residents.

Your Committee has heard the concerns that the Departments of Labor and Industrial Relations and Business, Economic Development, and Tourism do not collect and do not have the current capacity to provide the specific information requested by this measure. Your Committee understands these concerns and concludes that amendments to this measure are therefore necessary.

Your Committee has amended this measure by:

- (1) Specifying that the Board of Electricians and Plumbers, rather than the Departments of Labor and Industrial Relations and Business, Economic Development, and Tourism, shall submit reports to the Legislature;
- (2) Clarifying the contents of the reports to be submitted to the Legislature by the Board of Electricians and Plumbers;
- (3) Changing its effective date to June 29, 2018; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1880, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1880, H.D. 3, S.D. 2.

SCRep. 3554 Judiciary on H.B. No. 1906

The purpose and intent of this measure is to make intentionally or knowingly causing bodily injury to certain health care workers a class C felony.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawai'i; Healthcare Association of Hawaii; United Public Workers, AFSCME, Local 646, AFL-CIO; Hawaii Government Employees Association, AFSCME, Local 152; The Queen's Health Systems; Board of Nursing; Hawaii Primary Care Association; Hawaii Medical Association; Hilo Medical Center; Hawai'i Pacific Health; Hawaii Nurses Association, Office and Professional Employees International Union, Local 50; One Kalakaua Senior Living; and seventy-four individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that violence against healthcare personnel appears to be on the rise. According to the United States Department of Labor, Bureau of Statistics, healthcare workers experience violent assaults at a rate four times higher than the national average. Your Committee further finds that, under section 707-711, Hawaii Revised Statutes, there are additional penalties for a defendant who "intentionally or knowingly causes bodily injury" to certain classes of workers, such as educational workers, employees of state-operated or state-contracted mental health facilities, firefighters, and emergency medical services providers. Although some healthcare workers fall within the category of emergency medical services providers, many do not. This measure will extend additional penalties to cover violence against all healthcare workers.

Your Committee has amended this measure by abbreviating the legislative findings.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1906, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1906, H.D. 2, S.D. 2.

SCRep. 3555 (Joint) Judiciary and Ways and Means on H.B. No. 2097

The purpose and intent of this measure is to:

- (1) Require the Attorney General to defend any civil action or proceeding against a county and any person employed by the county to provide lifeguard services at a designated state beach park under an agreement between the State and the county; and
- (2) Appropriate funds to the Department of Land and Natural Resources to contract with the counties for county lifeguard services at designated state beach parks under an agreement between the State and a county.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Office of the Mayor of the County of Hawai'i; Honolulu Emergency Services Department; Ho'omanapono Political Action Committee; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i and three individuals. Your Committees received comments on this measure from the Department of the Attorney General and Hawaii Association for Justice.

Your Committees find that the State contracts with the counties to provide lifeguards at various state beach parks. These lifeguards provide a valuable service as first responders to residents and tourists alike. Although existing law authorizes the Attorney General to defend county lifeguards posted at designated state beach parks and the respective county against lawsuits, this does not completely eliminate the risk borne by the lifeguards or the counties. This measure requires the State to more fully assume the risk of posting county lifeguards at designated state park beaches under agreements between the State and counties.

Your Committees have amended this measure by:

- (1) Abbreviating the legislative findings;

- (2) Removing redundant language;
- (3) Clarifying that the exemption from default judgement in section 662-16, Hawaii Revised Statutes, applies to all persons falling under that section of the Hawaii Revised Statutes instead of only to state employees;
- (4) Clarifying that the Department of the Attorney General is not required to defend a county from claims made against the county for the county's negligence or wrongful acts or omissions;
- (5) Inserting blank appropriation amounts in the appropriations to the Department of Land and Natural Resources to contract with the counties for county lifeguard services at designated state beach parks;
- (6) Inserting an effective date of July 1, 2035, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2097, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2097, H.D. 1, S.D. 2.

SCRep. 3556 Transportation and Energy on H.B. No. 1864

The purpose and intent of this measure is to create a tax credit for ocean thermal energy conversion research and development facilities.

Your Committee received testimony in support of this measure from Organizing for Action, Sierra Club of Hawai'i, and one individual.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which deletes the contents of this measure and inserts language to:

- (1) Amend the criteria for when a variance application may be approved for a new single-family dwelling that does not include a solar water heater system; and
- (2) Add a definition for "renewable energy technology system" to section 196-6.5, Hawaii Revised Statutes.

Your Committee received testimony in support of the proposed S.D. 1 from the Department of Business, Economic Development, and Tourism; Hawai'i Energy; Blue Planet Foundation; Ulupono Initiative; Hawaii Solar Energy Association; Our Revolution Hawaii; Distributed Energy Resources Council of Hawaii; Environmental Caucus of the Democratic Party of Hawaii; O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; Young Progressives Demanding Action; and forty individuals. Your Committee received testimony in opposition to the proposed S.D. 1 from Hawai'i Gas and Land Use Research Foundation of Hawaii.

Your Committee finds that Act 204, Session Laws of Hawaii 2008, enacted a requirement that new single-family homes be built with a solar water heater in order to lower energy costs for consumers. This requirement, known as the "solar water heater mandate", provided for a variance process for certain single-family homes. However, your Committee notes that the variance process is being misused, particularly with respect to homes using demand water heater devices as an alternative, such that it is providing benefits to unintended beneficiaries, namely developers. Thus, some housekeeping amendments to the solar water heater mandate are necessary to better protect consumers.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Adding language which clarifies that the coordinator may exercise discretion in denying any variance application deemed incomplete or insufficient to satisfy certain criteria; and
- (2) Inserting an effective date of January 1, 2100.

As affirmed by the record of votes of the members of your Committee on Transportation and Energy that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1864, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1864, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3557 (Joint) Commerce, Consumer Protection, and Health and Human Services on H.B. No. 2369

The purpose and intent of this measure is to change the composition of the Policy Advisory Board for Elder Affairs by decreasing the number of members, specifying that ex officio members are nonvoting members, and revising the list of state agencies that provide representatives to serve as ex officio members.

Your Committees received testimony in support of this measure from the Policy Advisory Board for Elder Affairs and Executive Office on Aging.

Your Committees find that the Policy Advisory Board for Elder Affairs has a large number of ex officio members, many of whom are under the age of sixty, which makes it difficult for the Board to meet quorum and satisfy the statutory requirement that a majority of Board members be over sixty years old. Your Committees further find that although ex officio members of the Board are voting members, they are sometimes unable to attend Board meetings due to their primary job responsibilities and not as familiar as other members with aging issues. This measure changes the number of members and composition of the Board to improve the efficiency of

the Board and ensure that the decisions of the Board are better informed by members with first-hand experience, knowledge, interest, and expertise in aging issues.

Your Committees have amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Human Services that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2369, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2369, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3558 (Joint) Commerce, Consumer Protection, and Health and Judiciary on H.B. No. 2414

The purpose and intent of this measure is to require the liquor commissions to streamline procedures to provide for the issuance of temporary licenses for the sale of liquor for a period not to exceed one day for fundraising events by nonprofit organizations.

Your Committees received testimony in support of this measure from the Office of the Mayor, County of Maui; two councilmembers from the Maui County Council; and Aloha Society of Association Executives. Your Committees received testimony in opposition to this measure from the Chinatown Gateway Plaza Tenant Association and two individuals. Your Committees received comments on this measure from the Liquor Commission of the City and County of Honolulu.

Your Committees find that some nonprofit organizations have faced an extremely onerous process when attempting to obtain a one-day special liquor license for a fundraising event. Your Committees further find that applying the same liquor license procedures that are required of a commercial business to nonprofit organizations is unduly burdensome in time and money to the nonprofit organizations, many of whom operate on small budgets. Accordingly, this measure provides for reduced submission requirements for the issuance of temporary liquor licenses for fundraising events by nonprofit organizations, which will streamline the temporary license process and reduce the burden on nonprofit organizations.

Your Committees have amended this measure by:

- (1) Authorizing a nonprofit organization that has been issued a temporary liquor license for a fundraising event the ability to auction off, at a live or silent auction, liquor in sealed or covered containers or services that provide liquor;
- (2) Clarifying that nonprofit organizations mean those charitable organizations recognized under state or federal law and exempt from federal taxes under section 501(c)(3) of the Internal Revenue Code;
- (3) Changing its effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2414, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2414, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3559 Commerce, Consumer Protection, and Health on H.B. No. 2257

The purpose and intent of this measure is to:

- (1) Adopt certain provisions of the Uniform Regulation of Virtual Currency Businesses Act;
- (2) Extend the Money Transmitters Act to expressly apply to persons engaged in the transmission of virtual currency; and
- (3) Require a licensee dealing with virtual currency to provide a warning to a customer prior to entering into an agreement with the customer.

Your Committee received testimony in support of this measure from USD Mint, Inc. Your Committee received testimony in opposition to this measure from Blockweather Holdings, LLC, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Commission to Promote Uniform Legislation; Coinbase, Inc.; Blackhawk Network; and one individual.

Your Committee finds that this measure combines two pathways to manage the virtual currency industry, including adopting certain provisions from the Uniform Law Commission's proposed model law, the Uniform Regulation of Virtual Currency Businesses Act (model law). The model law proposes a framework for regulating virtual currencies as a new regulatory scheme to be supervised and regulated by the Division of Financial Institutions of the Department of Commerce and Consumer Affairs. However, your Committee has heard the concerns that the model law establishes three tiers of licensure, including permitted unlicensed activity, which would leave consumers open to misconduct without regulatory recourse; contains many exemptions that create uncertainty regarding covered activities; requires reciprocity, which may result in unintended consequences, given the different licensure standards for virtual

currency among the states; and creates a new regulatory program, but does not provide any funds for staffing. Your Committee understands these concerns and notes that a different regulatory pathway for virtual currency, rather than the model act, may be more appropriate.

Your Committee further finds that this measure also extends the Money Transmitters Act to expressly apply to persons engaged in the transmission of virtual currency and provides a framework for the Division of Financial Institutions to regulate the still-emerging virtual currency industry, including establishing requirements for licensure, license renewal, examination, recordkeeping, reporting, prohibited practices, sanctions, and penalties. This measure also specifically authorizes the Division of Financial Institutions to accept like-kind virtual currency as permissible investments, which addresses the concerns raised by some virtual currency money transmitters that they are unable to hold cash and cash-like permissible investments to cover their virtual currency transactions, as currently required under the Money Transmitters Act. Your Committee concludes that extending the Money Transmitters Act to cover transmissions of virtual currency allows virtual currency companies to obtain licensure and operate in Hawaii, while also providing protections for consumers.

Your Committee has amended this measure by:

- (1) Deleting Part I of this measure, which would have adopted certain provisions of the Uniform Regulation of Virtual Currency Businesses Act;
- (2) Clarifying that the term “virtual currency” does not apply to gift certificates; store gift cards; general-use prepaid cards; or loyalty, award, or promotional gift cards;
- (3) Inserting an effective date of July 1, 2050, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2257, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2257, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3560 Judiciary on H.B. No. 1614

The purpose and intent of this measure is to automatically impose a restraining order upon parties filing for annulment, divorce, or separation to:

- (1) Preserve the financial assets of the parties and their dependents; and
- (2) Maintain the current island of residence and school of enrollment of a minor child of the parties.

Your Committee received testimony in support of this measure from the Family Law Section of the Hawaii State Bar Association and two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i State Commission on the Status of Women, Stop Abuse Campaign, and four individuals.

Your Committee finds that family court congestion can be reduced by providing for orders that automatically take effect when parties file for annulment, divorce, or separation. Automatically imposed restraining orders to preserve the financial assets of parties and their dependents will help to create a more level playing field for unrepresented parties, parties who are unfamiliar with the court system and unaware of their legal rights and obligations, and parties who have a significant disparity in finances and resources.

Your Committee notes that section 580-10, Hawaii Revised Statutes, provides for asset restraining orders on the motion of either party to a complaint. Your Committee encourages your Committee on Conference, if it considers this measure, to examine whether that provision of section 580-10, Hawaii Revised Statutes, should be repealed in light of the automatic restraining orders provided for in this measure.

Your Committee has amended this measure by:

- (1) Adding clarifying language to avoid confusion with an existing statute that already allows for asset restraining orders on the motion of either party to a complaint; and
- (2) Inserting an effective date of July 1, 2035, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1614, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1614, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3561 Ways and Means on H.B. No. 1655

The purpose and intent of this measure is to improve the collection of general excise and use taxes.

More specifically, this measure clarifies that a person who sells or assists in the sale of tangible personal property on behalf of another person and who provides customer service, processes payments, and controls the fulfillment process is the seller of the property for general excise tax and use tax purposes.

Your Committee received testimony in support of this measure from the Department of Taxation and IMUAlliance.

Your Committee received testimony in opposition to this measure from Amazon, Internet Association, Internet Coalition, CompTIA, NetChoice, and TechNet.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that establishing a mechanism for imposing and collecting general excise and use taxes on third-party sales made through a marketplace facilitator, rather than attempting to collect taxes from numerous individual marketplace sellers, would improve efficiency.

Your Committee has amended this measure by:

- (1) Adding definitions for the terms “marketplace facilitator” and “referrer”;
- (2) Establishing reporting requirements and penalties for marketplace facilitators and referrers;
- (3) Adding a severability clause; and
- (4) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1655, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1655, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3562 (Joint) Education and Commerce, Consumer Protection, and Health on H.B. No. 2271

The purpose and intent of this measure is to clarify the provisions related to behavioral analysis services to students in public schools.

Your Committees received testimony in support of this measure from the Hawai‘i Association for Behavior Analysis, Alaka‘i Na Keiki, Autism Behavior Consulting Group Hawaii, Aloha Behavioral Associates, O‘ahu County Committee on Legislative Priorities of the Democratic Party of Hawai‘i, and numerous individuals. Your Committees received comments on this measure from the Department of Education, Department of Health, Department of Commerce and Consumer Affairs, Hawaii State Teachers Association, Hawai‘i Psychological Association, Hawaii Disability Rights Center, and three individuals.

Your Committees find that behavior analysis is the scientific study of principles of learning and behavior. The practice of behavior analysis includes the empirical identification of functional relations between behavior and environmental factors, known as functional assessment and analysis, as well as the use of contextual factors, motivating operations, antecedent stimuli, positive reinforcement, and other consequences to help people develop new behaviors, increase or decrease existing behaviors, and emit behaviors under specific environmental conditions. Because of the overall benefits of behavior analysis, many students enrolled in public schools would benefit from the expansion of behavior analysis services throughout Hawaii’s public school system, including but not limited to students with autism disorders.

Your Committees have amended this measure by:

- (1) Inserting the contents of S.B. No. 2496, S.D. 1 (Regular Session of 2018), that:
 - (A) Allows adults with autism spectrum disorders to receive appropriate applied behavior analysis treatment, while simultaneously providing safeguards for consumer protection;
 - (B) Exempts from the licensure requirement for behavior analysts certain individuals who implement applied behavior analysis services or plans to adult participants in the HCBS I/DD waiver program on or before January 1, 2024, or under the direction of a licensed behavior analyst or Hawaii-licensed psychologist; and
 - (C) Updates and standardizes the terminology used to refer to behavior analysts;
- (2) Inserting the contents of S.B. No. 2925, S.D. 1 (Regular Session of 2018), that:
 - (A) Clarifies the licensing exemptions for certain individuals under certain conditions who provide behavior analysis services; and
 - (B) Requires the Department of Education to create and implement a plan to provide Medicaid billable applied behavior analysis services to all students diagnosed with autism spectrum disorder within the Department;
- (3) Inserting the contents of H.B. No. 2657, H.D. 1, S.D. 1 (Regular Session of 2018), that:
 - (A) Clarifies and standardizes the terminology used to refer to behavior analysis and the practice of applied behavior analysis; and
 - (B) Broadens the exemption of certain individuals and licensed or credentialed practitioners practicing within their own recognized scopes of practice who are exempt from chapter 465D, Hawaii Revised Statutes, the behavior analysts law; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees note that these amendments will provide your Committee on Conference with various options and tools it may need to craft a measure that will benefit students in public schools through the expansion of behavior analysis services throughout Hawaii’s public school system.

As affirmed by the records of votes of the members of your Committees on Education and Commerce, Consumer Protection, and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2271, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2271, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3563 Ways and Means on H.B. No. 1570

The purpose and intent of this measure is to require lessors of rental motor vehicles to provide an option for renters of motor vehicles to make a voluntary contribution to the Department of Land and Natural Resources to help preserve and protect Hawaii's environment.

For purposes of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure, and notified the public that your Committee would be accepting testimony on the Proposed Draft, which authorizes the Agribusiness Development Corporation to enter into contracts with private businesses to remove select municipal solid waste, glass, and food and green waste from the waste stream for use in other business sectors, provided that the contracts benefit agriculture and agriculture-related projects.

Your Committee received testimony in support of the Proposed Draft from the Hawaii Department of Agriculture, Agribusiness Development Corporation, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and the Hawaii Cattlemen's Council.

Testimony in opposition to the Proposed Draft was received from the City and County of Honolulu and League of Women Voters Hawaii.

Your Committee finds that the additional revenue source created by the H.D. 1 version of the measure will support the ability of the Department of Land and Natural Resources to carry out its mission to protect, conserve, and manage the State's limited natural resources. Accordingly, your Committee recommends passage of the H.D. 1 version of the measure rather than the Proposed Draft.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1570, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

SCRep. 3564 Ways and Means on H.B. No. 2672

The purpose and intent of this measure is to amend the low income-household renters' income tax credit.

Specifically, the measure:

- (1) Expands eligibility for the low income-household renters' income tax credit based on adjusted gross income and filing status; and
- (2) Amends the definition of "adjusted gross income" to conform to the definition in the Internal Revenue Code.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Americans for Democratic Action Hawaii, Catholic Charities Hawaii, Hawaii Alliance for Community-Based Economic Development, Hawaii Alliance for Progressive Action, Hawaii Appleseed Center for Law and Economic Justice, IMUAlliance, Hawaiian Community Assets, League of Women Voters Hawaii, LGBT Caucus of the Democratic Party of Hawaii, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, Parents And Children Together, and eleven individuals.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that expanding the eligibility for the low income-household renters' income tax credit will provide much needed financial relief to low- and moderate- income families in the State.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2672, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2672, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3565 Ways and Means on H.B. No. 1474

The purpose and intent of this measure is to amend the industrial hemp pilot program.

Specifically, the measure:

- (1) Creates an industrial hemp pilot program special fund;
- (2) Provides that agricultural land used for cultivation of industrial hemp qualify for the minimum dedication period and be assessed at the lowest percentage of fair market value; and

(3) Limits industrial hemp cultivation to licensed owners, lessees, or occupiers of land within the state agricultural land district.

For purposes of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure and notified the public that your Committee would be accepting testimony on the Proposed Draft that amends the measure by deleting the existing provisions and replaces its contents with language that appropriates moneys to the Department of Agriculture to host the 2020 State Agricultural and Rural Leaders Legislative Agricultural Chairs Summit.

Your Committee received written comments in support of the Proposed Draft from the Department of Agriculture; Hawaii Cattlemens Council; Hawaii Farm Bureau Federation; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and the Ulupono Initiative.

Your Committee received written comments in opposition to the Proposed Draft from the League of Women Voters of Hawaii.

Your Committee finds that appropriating funds to the Department of Agriculture to host the 2020 State Agricultural and Rural Leaders Legislative Agricultural Chairs Summit will promote the development of solutions to address the State's agricultural challenges.

Your Committee has amended this measure by adopting the Proposed Draft.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1474, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1474, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3566 Ways and Means on H.B. No. 2304

The purpose and intent of this measure is to establish the industrial hemp special fund within the Department of Agriculture to deposit fees and expend funds necessary for the industrial hemp pilot program.

For purposes of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure and notified the public that your Committee would be accepting testimony on the Proposed Draft, which amends the measure by deleting the existing provisions and replacing its contents with provisions to appropriate funds to the Department of Agriculture for capital improvement projects for the benefit of East Maui.

Your Committee received testimony in support of the Proposed Draft from the Department of Agriculture, Hawaii Farm Bureau Federation, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and Hawaii Cattlemen's Council,

Your Committee received testimony in opposition to the Proposed Draft from the League of Women Voters of Hawaii.

Your Committee finds that the funding provided by this measure will restore irrigation systems that have fallen into disrepair since the demise of plantation operations, thereby allowing for the continuation of agricultural operations critical for self-sufficiency and sustainability.

Your Committee has amended this measure by adopting the Proposed Draft with the following additional amendments:

- (1) Changing all amounts appropriated to unspecified sums; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

Should this measure go to Conference, your Committee respectfully requests that the Conference Committee consider appropriating the following amounts for the projects listed in this measure:

- (1) For the plans, design, and construction for irrigation and water delivery systems for agricultural enterprises and/or agricultural purposes in East Maui:
 - (A) \$1,000 for plans;
 - (B) \$1,000 for design; and
 - (C) \$1,498,000 for construction; and
- (2) For the plans, design, and construction for water systems in East Maui:
 - (A) \$500,000 for plans;
 - (B) \$500,000 for design; and
 - (C) \$2,000,000 for construction.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2304, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2304, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3567 Ways and Means on H.B. No. 207

The purpose and intent of this measure is to expand the income tax credit for low-income household renters.

For purposes of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure and notified the public that your Committee would be accepting testimony on the Proposed Draft, which deletes the existing provisions of this measure and replaces its contents with provisions to:

- (1) Increase estate taxes for Hawaii net taxable estates valued at over \$10,000,000; and
- (2) Raise the conveyance tax rates for residential investment properties with a value of at least \$2,000,000.

Your Committee received testimony in support of the H.D. 2 version from IMUAlliance, Hawaiian Community Assets, and one individual.

Your Committee received written comments on the H.D. 2 version from Catholic Charities Hawaii.

Your Committee received testimony in support of the Proposed Draft from the Hawaii Appleseed Center for Law and Economic Justice, Hawaii Alliance for Progressive Action, and eight individuals.

Your Committee received testimony in opposition to the Proposed Draft from the Kohala Coast Resort Association, Hawaii Association of REALTORS, League of Women Voters of Hawaii, and The Chamber of Commerce Hawaii.

Your Committee received comments on the Proposed Draft from the Department of Taxation, Hawaii Housing Finance and Development Corporation, Tax Foundation of Hawaii, and Faith Action for Community Equity.

Your Committee finds that this measure will provide additional revenues to the State through the taxation of high-value estates and residential investment properties.

Your Committee has amended this measure by adopting the Proposed Draft and further amending the Proposed Draft by:

- (1) Clarifying that the increased conveyance tax rates do not apply to multi-family condominium units; and
- (2) Changing the date that the increased conveyance tax rates take effect from July 1, 2018, to January 1, 2019.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 207, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 207, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3568 Ways and Means on H.B. No. 2432

The purpose and intent of this measure is to clarify the treatment of resort fees under the transient accommodations tax.

More specifically, this measure specifies that resort fees, which are any mandatory charges or surcharges imposed for the use of a transient accommodation's property, services, or amenities, are included in the gross rental proceeds amount upon which the transient accommodations tax is calculated.

For purposes of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure and notified the public that your Committee would be accepting testimony on the Proposed Draft, which amends the measure by adding provisions to:

- (1) Amend the definition of "resort fee" to include fees, regardless of whether or not they are mandatory;
- (2) Rename "transient accommodations brokers" as "transient accommodations intermediaries" and include within the definition travel agencies, tour packagers, and wholesale travel companies, thereby making these entities subject to the transient accommodations tax;
- (3) Impose the transient accommodations tax on transient accommodations intermediaries who arrange transient accommodations at noncommissioned negotiated contract rates;
- (4) Clarify that the transient accommodations tax liability shall be apportioned between an operator and transient accommodations intermediary with respect to that person's respective portion of the gross proceeds;
- (5) Clarify that fees unrelated to transient accommodations are exempt from the definition of "gross rental" or "gross rental proceeds";
- (6) Exempt from the definition of "gross rental" or "gross rental proceeds" the amount of transient accommodations taxes that are visibly passed on to the customer by a transient accommodations intermediary;
- (7) Require transient accommodations intermediaries to register with the Director of Taxation and to pay a one-time \$15 fee;
- (8) Require operators, transient accommodations intermediaries, and plan managers to register the name and physical address of each place of business in the State that is subject to the transient accommodations tax; and
- (9) Require that transient accommodations intermediaries obtain prior consent from each of their operators and plan managers prior to registering their names and physical addresses with the Director of Taxation.

Your Committee received testimony in opposition to the Proposed Draft from the Hawaii Tourism Authority; Aqua-Aston Hospitality; Kohala Coast Resort Association; Andaz Maui at Wailea Resort; Expedia, Inc.; Land Use Research Foundation of Hawaii; Maui Hotel and Lodging Association; and Hawaii Lodging and Tourism Association.

Your Committee received comments on the Proposed Draft from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that, as transactions regarding the furnishing of transient accommodations are increasingly conducted over the Internet, a disparity in the tax treatment of certain entities involved in the furnishing of transient accommodations has arisen and resulted in the State not collecting the full amount of transient accommodations taxes from certain parties.

Your Committee has amended this measure by adopting the Proposed Draft and further amending the Proposed Draft by:

- (1) Amending the definition of “resort fee” to apply only to mandatory fees; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2432, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2432, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3569 (Joint) Higher Education and Water and Land and Ways and Means on H.B. No. 1985

The purpose and intent of this measure is to require the Board of Land and Natural Resources to provide an annual report to the Legislature with information regarding the value, current zoning, and status of resource value public lands held by the Department of Natural Land and Resources.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which, among other things:

- (1) Establishes the Mauna Kea Management Authority and membership of the Authority;
- (2) Establishes and specifies duties of the Mauna Kea Candidate Advisory Council;
- (3) Limits the number of telescopes that may be authorized on Mauna Kea;
- (4) Authorizes the renegotiation of leases, subleases, easements, permits, and licenses pertaining to Mauna Kea;
- (5) Requires that revenue derived from activities on Mauna Kea be shared with the Office of Hawaiian Affairs;
- (6) Excludes Mauna Kea lands from the definition of “public lands”;
- (7) Provides for free access to Mauna Kea for traditional cultural purposes;
- (8) Establishes police powers and provides for enforcement of laws on land under the jurisdiction of the Mauna Kea Management Authority; and
- (9) Appropriates funds for the Mauna Kea Management Authority.

Your Committees received testimony in support of the proposed S.D. 1 from the Office of Hawaiian Affairs; Hawaii Regional Council of Carpenters; Ho‘omanapono Political Action Committee; Ho‘omana Pono, LLC; O‘ahu County Committee on Legislative Priorities of the Democratic Party of Hawai‘i; and numerous individuals. Your Committees received testimony in opposition to the proposed S.D. 1 from the University of Hawai‘i System; Department of Land and Natural Resources; Office of the Mayor of the County of Hawai‘i; Maunakea Observatories; BIFA; Sierra Club, Moku Loa Group; League of Women Voters Hawaii; Kona-Kohala Chamber of Commerce; PUEO; Ohana Ho‘opakele; and numerous individuals. Your Committees received comments on the proposed S.D. 1 from the Department of the Attorney General, Department of Budget and Finance, and one individual.

Your Committees find that Mauna Kea is the most significant cultural and astronomical site in the world. The summit region of Mauna Kea is a spiritual and special place of significance that is home to cultural landscapes, fragile alpine habitats, historical and archaeological treasures, as well as endemic species found nowhere else on the planet. Since 1998, four audits by the State Auditor have been critical of the management, stewardship, and protection of Mauna Kea. Although significant changes have occurred on Mauna Kea since the 1998 audit, negative experiences over the past fifty years have eroded public confidence and demonstrated the critical need for fresh leadership centered on a new organizational structure, management system, and procedures.

Your Committees further find that there is a clear need for one entity to serve as a single focal point of management, responsibility, communication, and enforcement regarding Mauna Kea. This new entity will increase the accountability of all tenants on Mauna Kea and will ensure that each tenant is aware of its obligations and responsibilities. This entity will also provide the necessary stewardship for the sustainable use of Mauna Kea and the proper generation of revenue from that use. This entity will be headquartered on the island of Hawai‘i and will be recognized by the general public and the State as the single point of contact for Mauna Kea’s summit region.

Your Committees note that S.B. No. 3090, S.D. 2, Regular Session of 2018, served as the original conduit for the establishment of the Mauna Kea Management Authority. After several statewide community presentations where members of the public were able to voice their concerns, an effort was made to ensure that the latest iteration of this proposal addressed those concerns. Therefore, your Committees have amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Including the definition of “Mauna Kea lands” within the definition of “Mauna Kea” and further clarifying lands to be included in the definition of “Mauna Kea”;
- (2) Clarifying the chief legal officer and general counsel’s powers to include responsibility for the management of leases entered into by the Mauna Kea Management Authority;
- (3) Deleting all references to the ability of the Authority to sell Mauna Kea lands;

- (4) Expanding the membership of the Mauna Kea Candidate Advisory Council to include the Board of Land and Natural Resources Hawai'i island member;
- (5) Clarifying that the Chair of the Sierra Club, Moku Loa Group, rather than the President of the Sierra Club, Hawaii Island Chapter, be appointed to the Mauna Kea Candidate Advisory Council;
- (6) Deleting language that would have required the Department of Agriculture to establish reasonable criteria for the selection of a lessee where the intended use of the land is agriculture;
- (7) Inserting language that requires that an unspecified dollar amount from all receipts collected by the Mauna Kea Management Authority or University of Hawaii as a result of lease rent, fees, penalties, commercial activities, technology transfers, monetization of intellectual properties or discoveries, and other revenue sources, pertaining to the use of Mauna Kea lands shall be allocated to the Authority's community relations division for education, grants, and community benefits for native Hawaiian children and children that come primarily from underserved, rural, and financially challenged communities on Hawaii island;
- (8) Inserting language that requires that an unspecified percentage of all receipts collected by the Mauna Kea Management Authority or University of Hawaii as a result of lease rent, fees, penalties, commercial activities, technology transfers, monetization of intellectual properties or discoveries, and other revenue sources, pertaining to the use of Mauna Kea lands shall go to the Department of Hawaiian Home Lands; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Higher Education, Water and Land, and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1985, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1985, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

SCRep. 3570 Ways and Means on H.B. No. 2204

The purpose and intent of this measure is to establish a task force to revise the welfare payment structure to encourage welfare recipients to advance in their careers while retaining their welfare benefits.

This measure also reestablishes the exit and retention bonus program, which encourages welfare recipients to terminate their welfare benefits, obtain employment, and remain out of the welfare system.

Your Committee received written comments in support of this measure from the YWCA Oahu, Catholic Charities Hawaii, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that providing incentives for welfare recipients to obtain employment and further their careers will reduce their reliance on public assistance and help those individuals become productive, contributing members of society.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2204, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2204, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3571 Ways and Means on H.B. No. 583

The purpose and intent of this measure is to appropriate moneys to the Hawaii Technology Development Corporation to pay for the Corporation's operational and administrative costs as it explores new sources of revenue.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Technology Development Corporation; Hawaii Food Industry Association; Chamber of Commerce Hawaii; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that with its lease agreement for the Manoa Innovation Center set to expire on July 1, 2018, the Hawaii Technology Development Corporation will lose a substantial source of revenue that the Corporation uses to fund half of its staff salaries and all of its discretionary program funding.

Your Committee notes that in Governor's Message No. 12, the Governor requested \$970,000 in general funds for the continuation of the Hawaii Technology Development Corporation's staff and business incubation services.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and

- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 583, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 583, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Harimoto, Kahele, Kidani).

SCRep. 3572 Ways and Means on H.B. No. 2656

The purpose and intent of this measure is to establish an income tax credit for small craft beer producers.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Chamber of Commerce Hawaii; Kauai Beer Company; Kauai Island Brewing Company; Beer Lab HI; Lanikai Brewing Company; Big Island Brewhaus; Maui Brewing Co.; Homebrew in Paradise, LLC; Broken Boundary Brewery, LLC; Waikiki Brewing Company; Hawaiian Craft Brewers Guild; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from Hawaii Partnership to Prevent Underage Drinking; Kona Brewing Company; Hawaii Alcohol Policy Alliance; and two individuals.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee notes the Department of Taxation's position that it is able to implement this measure with current applicability to taxable years beginning after December 31, 2018. This will allow the Department of Taxation sufficient time to make the necessary form and computer system changes. Your Committee further notes that, according to the Department of Business, Economic Development, and Tourism, implementation of the process to monitor and certify the tax credit, at a minimum, would cost \$50,000 on a recurring basis.

Your Committee has amended this measure by:

- (1) Clarifying that, in the case of pass-through entities, distribution and share of the tax credit shall be determined in accordance with section 704(b) of the Internal Revenue Code;
- (2) Expanding the types of liquor licenses that qualify a taxpayer to claim the tax credit; and
- (3) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2656, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2656, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10; Ayes with Reservations (Inouye). Noes, none. Excused, 1 (Harimoto).

SCRep. 3573 Ways and Means on H.B. No. 2610

The purpose and intent of this measure is to appropriate moneys to the Hawaii Technology Development Corporation to continue its manufacturing grant program.

Your Committee received written comments in support of this measure from the Hawaii Technology Development Corporation; Hawaii Fish Company; Hawaii Food Industry Association; Hyperspective Studios, Inc.; KYD, Inc.; Hawaii Coffee Company; Oceanit Laboratories, Inc.; TeleVoice 2000; Chamber of Commerce Hawaii; Hawaii Farm Bureau Federation; Maui Chamber of Commerce; Aloha Shoyu Company, Ltd.; Makai Ocean Engineering, Inc.; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Kona Brewing Company; Larry Jeffs Farms; Meadow Gold Dairies; and two representatives of Maui Brewing Company.

Your Committee finds that the Hawaii Technology Development Corporation's manufacturing grant program plays an important role in supporting manufacturing in Hawaii.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2610, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2610, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3574 Ways and Means on H.B. No. 2259

The purpose and intent of this measure is to require the Department of Land and Natural Resources to accept applications for marine event permits up to one year in advance of the date of a proposed marine event.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Written comments in opposition were received from the Consumer Technology Association, Association of Unmanned Vehicle Systems International, and NetChoice.

Your Committee finds that the measure's permitting process for marine events, including regattas, marine parades, and surfing contests, will help to improve the planning of these events as well as promote greater safety for event organizers and participants.

Your Committee has amended this measure by:

- (1) Changing the effective date from December 24, 2088, to July 1, 2018; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2259, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2259, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3575 Ways and Means on H.B. No. 2099

The purpose and intent of this measure is to appropriate moneys for the Department of Agriculture to conduct a study on the creation of ag-tech zones within the City and County of Honolulu, specifically the Kalihi-Palama, Kaka'ako, and Moanalua areas.

Your Committee received written comments in support of this measure from the University of Hawaii; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and two individuals.

Your Committee received written comments on this measure from the Department of Agriculture.

Your Committee finds that appropriating moneys to the Department of Agriculture to study the feasibility of creating ag-tech zones within the City and County of Honolulu will promote agricultural innovation on Oahu and diversify the State's agricultural systems.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2099, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2099, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3576 Ways and Means on H.B. No. 2007

The purpose and intent of this measure is to create equity among the types of aircraft in the State that are eligible for the aircraft service and maintenance facility general excise tax exemption by removing language that limits the definition of "aircraft" to craft with two or more jet engines.

Your Committee received written comments in support of this measure from Blue Hawaii Helicopters, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, SpeediShuttle Hawaii, Air Service Hawaii, and Maui Hotel & Lodging Association.

Your Committee received written comments in opposition to this measure from the Mayor of the County of Hawaii, Hawaii Island Coalition Malama Pono, and two individuals.

Your Committee received written comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, Hawaii Helicopters, and Straube's Aircraft Service, Inc.

Your Committee notes that the Department of Taxation has indicated that it would be able to administer section 237-24.9, Hawaii Revised Statutes, as revised by this measure, for taxable years beginning after December 31, 2018.

Your Committee further notes the concerns raised by the Mayor of the County of Hawaii, who opposed providing tax exemptions for helicopter tour companies. Specifically, the Mayor observed that helicopter tour companies have not indicated that this measure would contribute to industry growth by attracting new facilities to the State, nor did the companies suggest that they would use savings from the tax exemption to better accommodate residents living in tranquil rural areas affected by noise from helicopters flying over these areas.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making a technical nonsubstantive amendment to conform with recommended drafting conventions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2007, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2007, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3577 Ways and Means on H.B. No. 2729

The purpose and intent of this measure is to facilitate the safe use of cannabis for medical purposes within the State.

Your Committee received written comments in support of this measure from the Hawaii Civil Rights Commission, Drug Policy Forum of Hawaii, Hawaii Educational Association for Licensed Therapeutic Healthcare, Kush Bottles Hawaii, Maui Grown Therapies, and two individuals.

Your Committee received written comments in opposition to this measure from the General Contractors Association of Hawaii.

Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, and Department of Labor and Industrial Relations.

Your Committee believes that this measure will help qualifying patients access medical cannabis in a manner that maintains the integrity and safety of the medical cannabis distribution system established in Hawaii.

Your Committee has amended this measure by:

- (1) Correcting cross references to sections of the Hawaii Revised Statutes;
- (2) Requiring dispensaries to deny employment to any individual who has been convicted of murder in any degree; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2729, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2729, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3578 Ways and Means on H.B. No. 2161

The purpose and intent of this measure is to change the penalty that is imposed upon a vehicle inspection station for improper motor vehicle inspections from the revocation or suspension of the station's operating permit to a fine.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that revoking or suspending a vehicle inspection station's permit leads to unemployment for the employees of the station and shifts the consequences of noncompliance with inspection requirements from station owners or management to station employees, who may have little or no decision-making powers with respect to station operations.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2161, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2161, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3579 Ways and Means on H.B. No. 2601

The purpose and intent of this measure is to increase the rental motor vehicle surcharge for individuals without a valid Hawaii driver's license and use those revenues for road capacity projects to reduce traffic congestion in the county in which the rental motor vehicle is driven.

This measure also increases tour vehicle surcharges.

Your Committee received written comments in support of this measure from the Mayor of the County of Maui, Maui Metropolitan Planning Organization Policy Board, Maui Metropolitan Planning Organization, and Kihei Community Association.

Your Committee received written comments in opposition to this measure from Avis Budget Group, Enterprise Holdings, and Maui Hotel & Lodging Association.

The Department of the Attorney General, Department of Transportation, Department of Budget and Finance, Department of Taxation, Tax Foundation of Hawaii, and Maui Chamber of Commerce submitted written comments on this measure.

Your Committee finds that because users of rental motor vehicles contribute to traffic congestion, they should also contribute to projects to increase road capacity, which will help to alleviate traffic congestion and improve the experience of future visitors and the quality of life of residents.

Your Committee has amended this measure by:

- (1) Clarifying that the road capacity projects shall be for state highways and that expenditures of moneys for road capacity projects may include planning, design, and right-of-way acquisition; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2601, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2601, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3580 Ways and Means on H.B. No. 2556

The purpose and intent of this measure is to establish a program to provide financial and other assistance to Hawaii-based small businesses to optimize research and development and support commercialization activities.

Your Committee received written comments in support of this measure from Oceanit Laboratories, Inc.; Chamber of Commerce Hawaii; Navatek; Makai Ocean Engineering, Inc.; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and five individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and the Hawaii Technology Development Corporation.

Your Committee finds that this measure provides financial support for companies to accelerate commercialization of products, which in turn will create high-paying jobs and economic growth for the State.

Your Committee has amended this measure by:

- (1) Clarifying that the financial support provided by the research and development program shall be subject to available funds and for qualified Hawaii-based small businesses; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2556, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2556, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3581 Ways and Means on H.B. No. 1916

The purpose and intent of this measure is to require and appropriate moneys for the Executive Office on Aging to biennially update the state plan on Alzheimer's disease and related dementias.

Your Committee received written comments in support of this measure from Alzheimer's Association, Aloha Chapter; Manoa Cottage; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and eight individuals.

Your Committee finds that this measure will help the State's efforts to prepare for the expected increase in the number of individuals with Alzheimer's disease and related dementias.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1916, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1916, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3582 Ways and Means on H.B. No. 1958

The purpose and intent of this measure is to support the Hawaii Technology Development Corporation's Small Business Innovation Research Program.

Your Committee received written comments in support of this measure from the Hawaii Technology Development Corporation; Hyperspective Studios, Inc.; Oceanit Laboratories, Inc.; Aina Ho'okupu o Kilauea; Referentia Systems, Inc.; Hawaii Fish Company; RevaComm; Hawaii Evolutionary Development, LLC; Nest Egg Guru, Inc.; Kampachi Farms and The Ocean Stewards Institute; Marine Genetics; Nalu Scientific, LLC; Spectrum Photonics; Makai Ocean Engineering, Inc.; Hawaii Biotech, Inc; TeleVoice 2000; the Chamber of Commerce Hawaii; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Kuehnl AgroSystems, Inc.; and one concerned individual.

Your Committee finds that continued support for the Hawaii Technology Development Corporation's Small Business Innovation Research Program will help to further develop the State's technology sector.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1958, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1958, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3583 Ways and Means on H.B. No. 2332

The purpose and intent of this measure is to amend the state low-income housing tax credit.

More specifically, this measure:

- (1) Specifies that certain provisions of the Internal Revenue Code related to at-risk rules and deductions and to passive activity loss do not apply with respect to claims for the state low-income housing tax credit; and
- (2) Caps the state low-income housing tax credit at fifty percent of the federal low-income housing tax credit.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Hawaii Housing Finance and Development Corporation; InState Partners; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this measure will make the state low-income housing tax credit accessible to more taxpayers, which may assist in reducing the shortage of affordable housing in Hawaii.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2332, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2332, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3584 Ways and Means on H.B. No. 2462

The purpose and intent of this measure is to establish a general excise tax exemption for the gross proceeds arising from the sale of farm equipment and machinery to certain producers of agricultural products.

Your Committee received written comments in support of this measure from the Department of Agriculture, Hawaii Aquaculture & Aquaponics Association, Hawaii Cattlemens Council, Hawaii Farm Bureau Federation, Land Use Research Foundation of Hawaii, Maui County Farm Bureau, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and a number of individuals.

Your Committee received written comments on this measure from the Department of Taxation.

Your Committee finds that this measure will provide tax relief to certain farmers from the overall costs of purchasing farm equipment and machinery.

Your Committee has amended this measure by:

- (1) Changing its effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2462, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2462, H.D. 1, S.D. 2.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3585 Ways and Means on H.B. No. 2703

The purpose and intent of this measure is to make it easier for the people of the State to obtain housing.

Specifically, this measure:

- (1) Allocates a portion of conveyance tax revenues to the rental assistance revolving fund to subsidize rents for persons who meet certain income requirements;
- (2) Increases the income tax credit for low-income renters to an unspecified amount; and
- (3) Converts the state earned income tax credit into a refundable tax credit and changes the amount of the credit to an unspecified percentage of the federal earned income tax credit.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Americans for Democratic Action Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Catholic Charities Hawaii, LGBT Caucus of the Democratic Party of Hawaii, League of Women Voters, Hawai'i Alliance for Community-Based Economic Development, IMUAlliance, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and sixteen individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Association of REALTORS.

Your Committee received written comments on this measure from the Hawaii Housing Finance and Development Corporation, Department of Taxation, Community Alliance on Prisons, and Tax Foundation of Hawaii.

Your Committee finds that the tax code provides a mechanism to assist low-income residents secure housing without significantly impacting the State's fiscal status.

Your Committee notes the concerns expressed by the Department of Taxation that refundable tax credits often lead to improper claims and therefore create a potential for fraud, whereas nonrefundable tax credits limit the incentive for fraud because they only benefit taxpayers to the extent of their tax liability.

Your Committee has amended this measure by making a technical nonsubstantive change for the purpose of consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2703, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2703, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

SCRep. 3586 Ways and Means on H.B. No. 2238

The purpose and intent of this measure is to appropriate funds for and require the Department of Education to establish the Safe Keiki Grant program to encourage public schools to prepare for emergencies and to award funds to qualified public schools to purchase necessities to enable students to remain at school shelters for forty-eight hours in the event of an emergency.

Your Committee received written comments in support of this measure from the Department of Education, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and two individuals.

Your Committee finds that the confusion and fear caused by the recent false missile alert highlights the need to have facilities such as public schools serve as safe shelters for Hawaii's keiki during an actual emergency.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2238, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2238, H.D. 1, S.D. 1.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3587 Ways and Means on H.B. No. 2501

The purpose and intent of this measure is to codify and appropriate moneys for the Hawaii Community College Promise Program, which provides scholarships for the unmet direct cost needs of qualified students enrolled at any University of Hawaii community college campus.

Your Committee received written comments in support of this measure from the Department of Education, Kamehameha Schools, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Budget and Finance and the University of Hawaii System.

Your Committee finds that in light of the fact that moneys allocated for the Promise Program in the 2017 state budget helped provide scholarship opportunities to one thousand community college students, the permanent establishment of the program is warranted.

Your Committee has amended this measure by:

- (1) Replacing the Hawaii community college promise program special fund with a subaccount of the University's general fund; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2501, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2501, H.D. 1, S.D. 2.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3588 Ways and Means on H.B. No. 2626

The purpose and intent of this measure is to require the Department of Health to study the upgrade, conversion, or connection of cesspools statewide and create a cesspool conversion working group.

Your Committee received written comments in support of this measure from the Department of Health; City and County of Honolulu, Department of Environmental Services; County of Hawaii, Department of Environmental Management; County of Hawaii, Office of the Mayor; ILWU Local 142; and OCC Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that the contents of S.B. No. 2567, S.D. 2, H.D. 2 are a more appropriate approach to cesspool conversion and study.

Accordingly, your Committee has amended this measure by replacing its contents with the contents of S.B. No. 2567, S.D. 2, H.D. 2.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2626, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2626, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3589 Judiciary on H.B. No. 1489

The purpose and intent of this measure is to:

- (1) Prohibit discrimination on the basis of sex, including gender identity or expression, or sexual orientation, in any state educational program or activity, or in any educational program or activity that receives state financial assistance; and
- (2) Provide that any student of a state educational program or activity, or an educational program or activity that receives state financial assistance, may bring a civil action under chapter 368, Hawaii Revised Statutes, for gender discrimination.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Hawai'i State Commission on the Status of Women, University of Hawai'i System, Hawaii Women's Coalition, Amnesty International Hawaii Chapter No. 449, American Civil Liberties Union of Hawai'i, Community Alliance on Prisons, Hawaii State Teachers Association, IMUAlliance, LGBT Caucus of the Democratic Party of Hawai'i, Hawai'i State Democratic Women's Caucus, Hawaii Children's Action Network, YWCA O'ahu, Planned Parenthood Votes Northwest and Hawaii, Americans for Democratic Action, Hawaii Women Lawyers, Domestic Violence Action Center, Filipina Advocacy Network, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and twenty-five individuals. Your Committee received comments on this measure from the Department of the Attorney General and Department of Education.

Your Committee finds that the University of Hawai'i's recent climate survey report underscored the importance of a state corollary to the Patsy Mink Equal Opportunity in Education Act (Title IX), by revealing the persistence of sex discrimination, including sexual harassment and violence, on Hawai'i's campuses. Under the federal courts' interpretation of Title IX, a student who is subject to sexual harassment has no claim for relief under Title IX absent a showing of "deliberate indifference". This is the federal standard applied to the abuse of prisoners, and it is far narrower than the standard applied in sexual harassment cases in an employment setting. This measure may strengthen protections and provide additional remedies for students in Hawaii who are or who may become victims of sex discrimination and sexual harassment.

Your Committee has amended this measure by:

- (1) Adding legislative findings to state that this measure is intended to be liberally construed, that it is not preempted by federal law, and that the Hawaii Civil Rights Commission (Commission) may need to address potential inconsistencies between federal and state law in the Commission's rulemaking;
- (2) Allowing limited sex-specific programs or activities in the context of social clubs, housing assignments, and athletic team participation as provided for in rules adopted by the Commission;
- (3) Limiting the remedies available in cases of discrimination in state educational programs and activities under chapter 368, Hawaii Revised Statutes, to equitable relief, reasonable attorneys' fees, and the costs of legal action;
- (4) Clarifying language related to non-preemption of civil legal actions by individuals for compensatory or punitive damages;
- (5) Establishing a statute of limitations for bringing a complaint for discrimination in state educational programs and activities of two years from the date of an alleged unlawful act;
- (6) Defining "commission" to mean the Hawaii Civil Rights Commission;
- (7) Requiring the Commission to submit a report to the Legislature prior to the Regular Sessions of 2019 and 2020 on the Commission's proposed rules, any public outreach activities, and any proposed legislation;
- (8) Inserting an effective date of January 1, 2020; provided that the rulemaking authority and reporting requirement of the Commission shall take effect on July 1, 2018; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1489, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1489, H.D. 1, S.D. 2.

SCRep. 3590 Judiciary on H.B. No. 1768

The purpose and intent of this measure is to permit public inspection and duplication of salary ranges, rather than exact compensation, for legislative employees.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the League of Women Voters and two individuals. Your Committee received comments on this measure from the Office of Information Practices, Civil Beat Law Center for the Public Interest, and Common Cause Hawaii.

Your Committee finds that transparency and accountability in the operation of government is in the public interest. Your Committee further finds that state employees have a reasonable privacy interest in their specific financial information. This measure will balance those interests by disclosing sufficient information for taxpayers to hold the government accountable for the manner in which their taxes are spent while not disclosing the exact salaries of state employees.

Your Committee has amended this measure by:

- (1) Permitting public inspection and duplication of salary ranges, rather than exact compensation, for all state employees covered by collective bargaining units under section 89-6, Hawaii Revised Statutes, rather than only bargaining unit (8);
- (2) Clarifying that persons employed for the purposes of assisting the legislature during regular sessions only are not "legislative employees" for the purposes of public record disclosure requirements; and
- (3) Inserting an effective date of July 1, 2035, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1768, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1768, H.D. 2, S.D. 2.

SCRep. 3591 Judiciary on H.B. No. 2003

The purpose and intent of this measure is to allow a respondent who has a revoked driver's license to operate an employer's vehicle for no more than twelve hours or for the assigned specified hours of work; provided that the respondent's employer provides a sworn statement that the respondent is limited to driving for purposes of employment during the specified assigned hours of work.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that driving under the influence is a serious offense and there should be serious repercussions for driving under the influence, such as revoking a person's driver's license. However, some employees are required to drive their employer's vehicle for work and could lose their job if they are not allowed to drive a vehicle without an ignition interlock device. Persons who are required to drive an employer's vehicle for work may acquire a special permit for driving a vehicle for work purposes only, but this permit limits the amount of driving time to twelve hours per day. This measure allows permits to be issued for the specific hours worked instead of imposing an arbitrary twelve-hour limit.

Your Committee has amended this measure by inserting an effective date of July 1, 2035, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2003, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2003, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Gabbard).

SCRep. 3592 Judiciary on H.B. No. 2043

The purpose and intent of this measure is to:

- (1) Implement a sewer monitoring program that includes county inspections of sewer laterals connected to county sewers located on public or private property to detect leaks from laterals, saltwater infiltration, and inflow, after the property owner is provided written notice; and
- (2) Compel private property owners to inspect sewer laterals for leaks, saltwater infiltration, and inflow, and perform repairs as necessary.

Your Committee received testimony in support of this measure from the Department of Health, Department of Environmental Services of the City and County of Honolulu, and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that the counties have broad powers to establish and maintain sewer works as part of the counties' responsibility to provide adequate sewage service to the public. Regular inspection and repairs are included in these broad powers. Your Committee further finds that the counties' ability to maintain sewer works is impaired when sewer laterals are located on private property because the counties do not have the explicit statutory authority to inspect and repair, or require necessary repairs, of lateral sewer lines on private property that are connected to county sewers. This measure will empower counties to inspect and require necessary repairs of sewer laterals that connect to county sewers, when those laterals are located on private property, after notice is provided to the property owner.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2043, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Gabbard).

SCRep. 3593 Judiciary on H.B. No. 2215

The purpose and intent of this measure is to require the driver of a vehicle passing and overtaking a bicycle proceeding in the same direction to allow at least three feet of separation between the right side of the driver's vehicle and the left side of the bicyclist.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Transportation Services of the City and County of Honolulu, Hawaii Bicycling League, Hawai'i Public Health Institute, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Blue Planet Foundation, American Diabetes Foundation, Blue Zones Projects, Maui Bicycling League, AARP Hawaii, and seventeen individuals.

Your Committee finds that, although bicycling is a healthy activity that the State has made efforts to encourage, bicycling on roadways can be dangerous and numerous bicycling fatalities in Hawaii have resulted from bicycles being struck by passing motor vehicles. Your Committee notes that thirty-nine states and the District of Columbia have safe passing distance laws in place to reduce the number of injuries and fatalities to bicyclists and the percentage of bicyclists who feel threatened for personal safety when they ride. Enacting a safe passing distance law will be another step in promoting bicycling as a valid and safe mode of transportation as the State works to become a more bicycle-friendly place.

Your Committee notes that there are already ongoing bicycle safety measures underway in the City and County of Honolulu, such as dedicated bicycle lanes in areas of the urban core. A pilot program in the County of Kauai to evaluate the effectiveness of the proposed safe passing distance law will provide valuable insight in how to best implement the policy throughout the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language requiring the driver of a vehicle passing and overtaking a bicycle proceeding in the same direction to allow at least three feet of separation between the right side of the driver's vehicle and the left side of the bicyclist;
- (2) Inserting language establishing a two-year pilot program within a county consisting of two inhabited islands with the same substantive provisions; and
- (3) Requiring the Kauai Police Department to submit reports to the Legislature prior to the Regular Sessions of 2020 and 2021 on the implementation and results of the pilot program.

Your Committee notes that your Committee on Transportation and Energy received testimony in strong support from Kauai Path, Inc., and encourages the Kauai Police Department to collaborate with Kauai Path, Inc. on the reports to the Legislature regarding the implementation and results of the pilot program established by this measure, as amended.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2215, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2215, H.D. 1, S.D. 1.

SCRep. 3594 Judiciary on H.B. No. 2399

The purpose and intent of this measure is to amend the definition of "drug" in chapter 291E, Hawaii Revised Statutes, to include any substance that can impair the ability of a person to operate a vehicle safely.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Maui Police Department, Coalition for a Drug-Free Hawaii, Mothers Against Drunk Driving Hawaii, Hawaii Strategic Highway Safety Plan, and five individuals. Your Committee received testimony in opposition to this measure from the Drug Policy Forum of Hawai'i and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that the definition of "drug" in chapter 291E, Hawaii Revised Statutes, includes only those substances listed in schedules I through IV of chapter 329, Hawaii Revised Statutes. As a result, individuals using emerging drugs or other psychoactive chemicals that have not been added to the controlled substance schedules cannot be prosecuted under existing law as being under the influence of "drugs". This measure will clarify the definition of "drug" in chapter 291E, Hawaii Revised Statutes, to include psychoactive chemical substances that do not appear on the controlled substance schedules.

Your Committee has amended this measure by:

- (1) Abbreviating the legislative findings;
- (2) Clarifying the definition of "drug" to include any non-controlled psychoactive chemical substance, excluding caffeine or nicotine, that alters brain function and results in significant change in perception, consciousness, or behavior; and
- (3) Inserting an effective date of July 1, 2035, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2399, H.D. 1, S.D. 1.

SCRep. 3595 Judiciary on H.B. No. 2589

The purpose and intent of this measure is to authorize the Department of Transportation to designate shoulder lanes upon which motorcycles are allowed to drive under certain conditions.

Your Committee received testimony in support of this measure from the Department of Transportation; Street Bikers United Hawaii; Street Bikers United Maui; Moped Doctors, Inc.; and thirty-nine individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department and AAA Hawaii.

Your Committee finds that motorcycles have an increased risk of collision with automobiles because of their small size and difficulty to see. When collisions occur, motorcycle drivers and its passengers are at a substantially increased risk of serious injury or death because of the open and exposed nature of motorcycles. Your Committee further finds that many motorcycles rely on airflow to cool their engines and traffic congestion may result in overheating because of the stop-and-go traffic conditions. This measure will alleviate these increased risks to motorcycles and motorcycle drivers and passengers by allowing them to travel on roadway shoulders that have been designated by the Department of Transportation.

Your Committee has amended this measure by inserting an effective date of January 1, 2019, and a repeal date of June 30, 2020.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2589, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2589, H.D. 2, S.D. 1.

SCRep. 3596 Commerce, Consumer Protection, and Health on H.B. No. 2435

The purpose and intent of this measure is to amend the definition of “rates” in Hawaii’s Motor Carrier Law to clarify that, for packages that include other services, “rates” only refers to charges for the provision of transportation by motor vehicle of passengers.

Your Committee received testimony in support of this measure from the Hawaii Transportation Association; Roberts Hawaii, Inc.; and The Maritime Group, LLC.

Your Committee finds that the Public Utilities Commission (Commission) regulates all chartered, franchised, certified, and registered public utility companies operating in the State, including motor vehicle carriers. Your Committee further finds that the Commission imposes tariffs on motor vehicle carriers for rates, fares, and charges. However, under the existing definition of “rates” in the Motor Carrier Law, the tariff is applied to non-transportation services and items, such as airfare, meals, and attraction admission fare, that are often included in package deals offered by a motor vehicle carrier. This measure therefore clarifies that the passenger tariffs rates filed are for transportation services only and exclude the provision of non-transportation items and ensures that the annual fee paid to the Commission based on a motor vehicle carrier’s gross revenues excludes the amounts received for these non-transportation items.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2435, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2435, H.D. 1, S.D. 2.

SCRep. 3597 (Joint) Water and Land and Ways and Means on H.B. No. 2073

The purpose and intent of this measure is to:

- (1) Establish the Kanoelehua Industrial Area and Banyan Drive region as a redevelopment district until June 30, 2028; and
- (2) Authorize a local redevelopment agency to contract with a developer for construction of non-residential uses on public land within the redevelopment district consisting of the Kanoelehua Industrial Area and Banyan Drive region.

Your Committees received testimony in support of this measure from the O’ahu County Committee on Legislative Priorities of the Democratic Party of Hawai’i and two individuals. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources and League of Women Voters of Hawaii. Your Committees received comments on this measure from the Department of the Attorney General and Mayor of the County of Hawai’i.

Your Committees find that although the Banyan Drive region is the center of tourism in East Hawai’i of the County of Hawai’i, the region is underutilized and in disrepair. Furthermore, the Kanoelehua Industrial Area is well utilized, but the term leases of public lands that were issued in a two- or three-year period following the tsunami in 1960 are nearing expiration. Chapter 53, Hawaii Revised Statutes, authorizes a county council to create a local redevelopment agency for the county to undertake and carry out urban renewal projects and related activities authorized by law. This measure would provide redevelopment agencies the authority, subject to prior approvals by the applicable county, Governor, and Legislature, to negotiate a development agreement with a developer for commercial, business, or hotel or resort uses on public lands within a redevelopment district consisting of the Kanoelehua Industrial Area and Banyan Drive region.

Your Committees note the concerns raised by the Department of the Attorney General that the creation of a pilot redevelopment project for lands only within the Kanoelehua Industrial Area and Banyan Drive region, which are public land holdings of the Department of Land and Natural Resources, may be deemed to be special legislation and may violate article XI, section 5, of the Hawaii State Constitution. Your Committees believe that this issue merits further discussion as it moves through the legislative process.

As affirmed by the records of votes of the members of your Committees on Water and Land and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2073, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

SCRep. 3598 (Joint) Judiciary and Ways and Means on H.B. No. 2299

The purpose and intent of this measure is to facilitate the process by which the University of Hawai'i obtains approval to indemnify, defend, and hold harmless a county agency, its officers, agents, and employees for university purposes and university functions on county property.

Your Committees received testimony in support of this measure from the University of Hawai'i System.

Your Committees find that the University of Hawai'i campuses frequently use county parks and other facilities for university purposes and functions, such as physical education classes, athletic events, and graduation events. The current procedure for the University of Hawai'i to obtain approval from the Governor to indemnify a county for using a county facility for university purposes is unnecessarily burdensome. Your Committees further find that, as a semi-autonomous agency, the University of Hawai'i has its own risk management program that finances its liabilities through a combination of self-insurance and commercial insurance. This measure allows the University of Hawai'i to no longer need to engage in the lengthy and unnecessary approval process to support day-to-day operational transactions when the University uses county property, under certain conditions.

Your Committees have amended this measure by inserting an effective date of July 1, 2525, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2299, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2299, H.D. 1, S.D. 1.

SCRep. 3599 (Joint) Judiciary and Ways and Means on H.B. No. 2528

The purpose and intent of this measure is to:

- (1) Expand criminal history checks to adult relatives who provide care for a child whose family receives child care subsidies from the Department of Human Services in a regulated child care setting;
- (2) Clarify the release of investigation information to the public;
- (3) Clarify that the child care licensing program may share information and cooperate with child protective services and law enforcement on investigations; and
- (4) Clarify that the Department of Human Services may take administrative action, judicial action, or both, to enforce child care licensing provisions and increase penalties by making them apply on a daily basis.

Your Committees received testimony in support of this measure from the Department of Human Services and two individuals.

Your Committees find that parents and guardians rely on child care providers to ensure the safety and well-being of their child. However, recent events involving injuries and deaths have revealed the need for the Department of Human Services to enforce transparency measures for the safety of children in certain child care settings. Your Committees further find that the Department of Human Services already conducts comprehensive background checks of persons who receive a child care subsidy. This measure expands those checks to relatives who may also provide care for such children, increases transparency in investigations once disclosure can no longer affect the outcome of legal proceedings, and provides additional tools to the Department to enforce violations quickly and with increased penalties to more efficiently stop, deter, and prevent persons from engaging in illegal child care.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2525, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. SCRep. 3600 Ways and Means on H.B. No. 2176

The purpose and intent of this measure is to appropriate funds for alternative learning centers and alternative learning schools to provide education to juveniles involved in the justice system or at high-risk of involvement in the justice system.

Your Committee received written comments in support of this measure from the Judiciary, City and County of Honolulu Department of the Prosecuting Attorney, County of Kauai Office of the Prosecuting Attorney, Chamber of Commerce Hawaii, Adult Friends for

Youth, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, Hawaii Lodging & Tourism Association, and one individual.

Your Committee finds that alternative learning helps to divert at-risk youth away from the adult criminal justice system by providing flexible curriculum, experienced teachers, and individualized learning goals, thus maximizing each youth's chances of developing into a healthy and contributing member of society.

Your Committee has amended this measure by making a technical nonsubstantive change for the purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2176, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2176, H.D. 2, S.D. 2.

SCRep. 3601 Ways and Means on H.B. No. 2172

The purpose and intent of this measure is to foster innovation and increase revenue-generating opportunities in public higher education.

Specifically, this measure:

- (1) Establishes and appropriates funds for an Office of Strategic Partnerships at the University of Hawaii to coordinate and manage public-private partnerships; and
- (2) Establishes a five-year University of Hawaii public-private partnership pilot project to allow the University of Hawaii to enter into public-private partnerships under certain conditions.

Your Committee received written comments in support of this measure from the University of Hawaii System, Ulupono Initiative, and Ho'omanapono Political Action Committee.

Your Committee received written comments in opposition to this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee received written comments on this measure from one individual.

Your Committee finds that colleges and universities across the United States have used public-private partnerships to provide a combination of financing, construction, or ongoing maintenance for projects in student housing, physical plant infrastructure, and facility maintenance. Accordingly, facilitating public-private partnerships at the University of Hawaii may benefit the university, its students, and the State as a whole.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2172, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2172, H.D. 2, S.D. 2.

SCRep. 3602 Ways and Means on H.B. No. 2117

The purpose and intent of this measure is to limit the number of standardized tests that students must take each school year, and require the Department of Education to conduct a survey of school administrators and teachers regarding the time spent on standardized testing preparation and how this time diversion affects the quality of instruction.

Your Committee received written comments in support of this measure from the Hawaii State Teachers Association, IMUAlliance, Parents for Public Schools of Hawai'i, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from the Department of Education.

Your Committee received written comments on this measure from the Department of the Attorney General.

Your Committee finds that student achievement will be improved by: limiting the number of standardized tests that students must take every year; and studying the effects of preparation time for standardized tests on the quality of instruction.

Your Committee has amended this measure by amending the definition of "standardized test" to exclude tests that are required under the federal Every Student Succeeds Act, as described in the Hawaii Consolidated State Plan.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2117, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2117, H.D. 1, S.D. 1.

SCRep. 3603 Ways and Means on H.B. No. 2110

The purpose and intent of this measure is to encourage and facilitate the development and use of microgrids in the State through the establishment of a standard microgrid services tariff.

Your Committee received written comments in support of this measure from the Blue Planet Foundation; Distributed Energy Resources Council; Electricity Working Group Hawaii Energy Policy Forum; Hawaiian Electric Company, Inc.; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Organizing for Action; Sierra Student Coalition; Ulupono Initiative; Young Progressives Demanding Action; 350Hawaii.org; and four individuals.

Your Committee received written comments in opposition to this measure from the Kauai Island Utility Cooperative.

Your Committee received written comments on this measure from the Division of Consumer Advocacy.

Your Committee finds that supporting the development and use of microgrids in the State by establishing a microgrid services tariff will promote the generation of resilient, reliable power and support the State's energy goals.

Your Committee has amended this measure by:

- (1) Deleting language that exempted certain microgrid projects from regulation as a public utility;
- (2) Inserting language that recognizes the Natural Energy Laboratory of Hawaii Authority as having the potential to operate a microgrid and specifies that the Authority may be designated as the first microgrid demonstration project after the microgrid services tariff is established;
- (3) Clarifying that municipal utility cooperatives are not subject to the microgrid services tariff;
- (4) Changing the effective date from July 1, 2050, to July 1, 2018; and
- (5) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2110, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2110, H.D. 2, S.D. 2.

SCRep. 3604 Ways and Means on H.B. No. 2306

The purpose and intent of this measure is to amend Act 183, Session Laws of Hawaii 2017, to deposit moneys from the general revenues of the State of Hawaii into the food safety certification costs grant program special fund and to appropriate funds from that special fund for the corresponding program.

Your Committee received written comments in support of this measure from the Department of Agriculture, Ulupono Initiative, Hawaii Farm Bureau Federation, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that amendments made to Act 183, Session Laws of Hawaii 2017, by this measure will authorize the transfer of moneys necessary to fund the food safety certification costs grant program for the 2018-2019 fiscal year.

Your Committee has amended this measure by:

- (1) Clarifying that only remaining unencumbered balances in the food safety certification costs grant program special fund on June 30, 2019, shall lapse to the credit of the general fund;
- (2) Changing the amounts appropriated to unspecified amounts; and
- (3) Making a technical nonsubstantive amendment for the purpose of consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2306, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2306, H.D. 1, S.D. 2.

The purpose and intent of this measure is to require the University of Hawaii to report certain transfers of appropriated moneys and positions to the Legislature within thirty days of each transfer.

Your Committee received written comments in opposition to this measure from the University of Hawaii System.

Your Committee finds that this measure will increase fiscal transparency without impeding the university's financial flexibility.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. SCRep. 3606 Ways and Means on H.B. No. 2277

The purpose and intent of this measure is to establish a five-year pilot project within the Department of Human Services to ensure the safety and well-being of at-risk children and families in east Hawaii on Hawaii island.

Your Committee received written comments in support of this measure from the Judiciary; Department of Human Services; Office of the Mayor, County of Hawaii; two members of the Hawaii County Council; Catholic Charities Hawaii; East Hawaii Friends of Foster Families; Family Programs Hawaii; Hawaii Appleseed Center for Law & Economic Justice; Hawaii Children's Action Network; Hawaii Family Forum; Hawaii Government Employees Association; National Federation of the Blind of Hawaii; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Winners' Camp Foundation; and numerous individuals.

Your Committee received written comments on this measure from Friends of the Children's Justice Center of East Hawaii.

Your Committee finds that this measure will assist the east Hawaii Child Welfare Services Section of the Department of Human Services on Hawaii island with the unique challenges it faces in protecting vulnerable children who have been abused or neglected or who are at high risk for abuse or neglect.

Your Committee has amended this measure by:

- (1) Deleting the addition of fifteen support staff positions and the corresponding appropriation from the measure;
- (2) Clarifying that the practice of limiting the number of children supervised by each east Hawaii Child Welfare Services Section social worker to twenty or fewer shall commence no later than six months after the commencement of the pilot project;
- (3) Requiring the Department of Human Services to submit additional reports to the Legislature no later than twenty days prior to each of the Regular Sessions of 2024 and 2025;
- (4) Inserting an additional appropriation of an unspecified sum to the Judiciary for the costs of appointing additional guardians ad litem for minors and court-appointed legal counsel for parents of minors in child welfare cases in the Third Circuit;
- (5) Changing the appropriation for the pilot project from \$2,633,231 to an unspecified amount to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

Your Committee notes that the Judiciary anticipates the need for \$185,760 to cover the costs of appointing guardians ad litem and court-appointed legal counsel in child welfare cases in the next budget period. Your Committee recognizes that child welfare cases normally continue for three to four years, and that with each year that passes, the Judiciary will need additional funding to pay for guardians ad litem and court-appointed legal counsel assigned in those cases.

Your Committee also notes the observation of East Hawaii Friends of Foster Families, that, as the measure is amended, the Department of Human Services would need only \$660,000 for staffing and \$250,000 for administrative costs, or a total of \$910,000 for the implementation of the pilot project.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2277, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2277, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

SCRep. 3607 Ways and Means on H.B. No. 2249

The purpose and intent of this measure is to create and appropriate moneys for a Homeland Security and Resiliency Council, which shall identify electric grid and other critical infrastructure needs and provide recommendations for enhancing grid and critical infrastructure resiliency throughout the State.

Your Committee received written comments in support of this measure from 350Hawaii.org; Hawaiian Electric Company, Inc.; Land Use Research Foundation of Hawaii; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Organizing for Action; Ulupono Initiative; Young Brothers, Limited; and two individuals.

Your Committee received written comments on this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs.

Your Committee finds that this measure will help ensure that the State is prepared to protect residents and critical infrastructure during natural disasters and other emergencies.

Your Committee has amended this measure by:

- (1) Adding a provision that the President of the Senate and the Speaker of the House of Representatives jointly invite a representative of the regulated interisland water carrier serving all islands to serve as one of the members of the Homeland Security and Resiliency Council; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2249, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2249, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3608 Ways and Means on H.B. No. 2182

The purpose and intent of this measure is to repeal Act 33, Session Laws of Hawaii 2017, which established the Carbon Farming Task Force, and create the Greenhouse Gas Sequestration Task Force, which will examine opportunities to utilize carbon sequestration to protect public health and help align the State's clean energy and carbon sequestration goals with the State's climate goals.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; Blue Planet Foundation; Elemental Excelerator; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Organizing for Action; 350Hawaii.org; and three individuals.

Your Committee received written comments in opposition to this measure from two individuals.

Your Committee received written comments on this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Office of Planning; Hawaii Cattlemens Council; Hawaii Farm Bureau Federation; and Land Use Research Foundation of Hawaii.

Your Committee finds that creating the Greenhouse Gas Sequestration Task Force to facilitate carbon sequestration and help streamline the State's climate mitigation and adaptation efforts will assist the State in meeting its clean energy and climate goals.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$150,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2182, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2182, H.D. 2, S.D. 2.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3609 Ways and Means on H.B. No. 2178

The purpose and intent of this measure is to increase the amount of the cash or protest bond that must be posted by a party initiating a procurement award protest for a contract valued at \$1,000,000 or more.

Your Committee received written comments in support of this measure from the State Procurement Office, the Department of Accounting and General Services, the Department of Transportation, and Roberts Hawaii.

Your Committee received written comments in opposition to this measure from one concerned individual.

Your Committee received written comments on this measure from the Department of the Attorney General.

Your Committee finds that increasing the amount of a cash or protest bond that must be posted by a party initiating a procurement award protest could effectively deter the filing of frivolous protests, thus decreasing delays in the bid process for procurement contracts.

Your Committee has amended this measure by:

- (1) Changing the percentage of the estimated value of a contract that must be equaled by a cash or protest bond from five percent back to one-half percent; and
- (2) Changing the maximum required amount of a cash or protest bond from \$10,000,000 to \$25,000.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2178, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2178, H.D. 1, S.D. 2.

SCRep. 3610 Ways and Means on H.B. No. 1874

The purpose and intent of this measure is to encourage the use of alternative dispute resolution for condominium-related disputes.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs Real Estate Commission.

Your Committee finds that alternative dispute resolution is an effective and appropriate method of resolving condominium-related disputes and could benefit parties to these types of disputes.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1874, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1874, H.D. 1, S.D. 2.

SCRep. 3611 Ways and Means on H.B. No. 1718

The purpose and intent of this measure is to provide eligible taxpayers a nonrefundable income tax credit of up to \$3,000 per eligible child for certain child care costs.

Your Committee received written comments in support of this measure from the Hawaii State Commission on the Status of Women, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and one individual.

Your Committee received written comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and one individual.

Your Committee finds that it is appropriate to provide income tax relief to parents and legal guardians for the costs of child care services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1718, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3612 Ways and Means on H.B. No. 1716

The purpose and intent of this measure is to establish a youth commission within the Office of Youth Services to advise the Governor and Legislature on issues concerning the youth of the State.

Your Committee received written comments in support of this measure from the Office of Youth Services, the Community Alliance on Prisons, Parents And Children Together, IMUAlliance, Young Progressives Demanding Action - Hawaii, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one concerned individual.

Your Committee finds that increasing youth participation in public policymaking will help tailor policies to benefit future generations.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1716, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1716, H.D. 1, S.D. 1.

SCRep. 3613 Ways and Means on H.B. No. 1647

The purpose and intent of this measure is to require the Department of Human Services to compile data on employers that have large numbers of employees enrolled in public assistance programs, to help the Legislature and policymakers understand the related impacts on society, the economy, and the state budget.

Your Committee received written comments on this measure from the Department of the Attorney General, Department of Human Services, and Department of Labor and Industrial Relations.

Your Committee finds that requiring the Department of Human Services to compile data on employers that have large numbers of employees in public assistance programs in the State could lead to more informed policy-making and opportunities for cost savings for the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1647, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1647, H.D. 2, S.D. 1.

SCRep. 3614 Ways and Means on H.B. No. 1585

The purpose and intent of this measure is to appropriate funds for project-funded staff positions for the implementation of University of Hawaii capital improvement projects.

This measure also requires that certain employees of the University of Hawaii be employed under an employment contract.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that an audit and additional requirements will help to guide the University of Hawaii in management of Mauna Kea.

Your Committee has amended this measure by deleting its contents and inserting:

- (1) The contents of Senate Bill No. 757, Senate Draft 2, which requires the Auditor to conduct a financial, performance, and management audit of the University of Hawaii's activities related to Mauna Kea;
- (2) A requirement that the Board of Regents of the University of Hawaii adopt rules to regulate public and commercial activities on Mauna Kea lands;
- (3) A requirement that the University of Hawaii Office of Maunakea Management:
 - (A) Implement the management actions identified in the documents entitled Mauna Kea Comprehensive Management Plan; and Implementing and Evaluating the Comprehensive Management Plan for UH Managed Lands on Mauna Kea;
 - (B) Complete an environmental impact statement for land authorizations regarding long-term continuation of astronomy within the Mauna Kea science reserve area; and
 - (C) Secure a new master lease that extends beyond December 31, 2033, for the continued land authorization of the Mauna Kea science reserve area; and
- (4) A prohibition on all construction within the Mauna Kea science reserve area until the Governor issues a proclamation that relevant entities have complied with the requirements established by the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1585, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1585, H.D. 1, S.D. 2.

SCRep. 3615 Ways and Means on H.B. No. 1508

The purpose and intent of this measure is to provide state agencies the ability to obtain financing from the Green Energy Market Securitization Program to implement energy-efficiency measures in public buildings.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Ulupono Initiative; 350Hawaii.org; Organizing for Action; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee finds that the reduction in energy consumption encouraged by this measure will help to ensure compliance with the State's energy-efficiency portfolio standard and to control energy costs borne by taxpayers.

Your Committee has amended this measure by:

- (1) Clarifying that the energy-efficiency measures financed by state agencies pursuant to this measure are to be implemented in public buildings;
- (2) Defining "cost-effective" with respect to energy-efficiency measures that may be financed by a state agency through a loan from the green infrastructure special fund; and
- (3) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1508, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1508, H.D. 2, S.D. 2.

SCRep. 3616 Ways and Means on H.B. No. 694

The purpose and intent of this measure is to establish the Health Analytics Program within the Med-QUEST Division of the Department of Human Services.

Your Committee received written comments in support of this measure from the Department of Health, Department of Human Services, Insurance Division of the Department of Commerce and Consumer Affairs, Hawaii Employer-Union Health Benefits Trust Fund, Office of Enterprise Technology Services, State Health Planning and Development Agency, University of Hawaii System, Hawaii Medical Service Association, Hawaii Primary Care Association, and Hawaii Medical Association.

Your Committee finds that the reports and analytics generated as a result of this measure will aid efforts to improve the State's healthcare delivery system and reduce state-funded healthcare costs.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 694, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 694, H.D. 2, S.D. 1.

SCRep. 3617 Ways and Means on H.B. No. 424

The purpose and intent of this measure is to amend the laws relating to the procurement authority, governance, and financial structure of the University of Hawaii.

Specifically, this measure:

- (1) Reinstates the authority of the President of the University of Hawaii to act as the chief procurement officer of the University of Hawaii for all procurement contracts under Chapter 103D, Hawaii Revised Statutes;
- (2) Adds two faculty ex officio nonvoting members to the University of Hawaii Board of Regents;
- (3) Prohibits the University of Hawaii Board of Regents from raising tuition fees until an unspecified date; and
- (4) Requires the University of Hawaii to submit a report to the Legislature on the status of repair and maintenance costs and whether the 2018-2021 tuition increases are assisting in addressing the repair and maintenance backlog.

Your Committee received written comments in support of this measure from the State Procurement Office and Oahu County Committee Legislative Priorities Committee, Democratic Party of Hawai'i.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that faculty representation on the University of Hawaii Board of Regents would be contradictory to the values and best practices of citizen trusteeship. Your Committee further finds that temporarily suspending the Board of Regents from raising tuition fees would severely limit the ability of the University to respond to changes in the economy and that the current process for increasing tuition, which involves multiple open meetings that allow for public input, is sufficient to address concerns regarding the rising costs of tuition.

Your Committee has amended this measure by replacing its entire contents with the provisions of Senate Bill No. 2831, Senate Draft 2. As amended, this measure retains the provisions that reinstate the authority of the President of the University of Hawaii to act as the chief procurement officer of the University of Hawaii, but otherwise differs substantively from the version of this measure as received by your Committee by:

- (1) Adding the requirement that the University of Hawaii submit an annual report to the Legislature detailing a list of all capital improvement projects approved by the University of Hawaii Board of Regents, prioritized by each campus;
- (2) Deleting language that expressly provides that the reinstatement of the University President's powers as chief procurement officer shall not be applied in a manner that would be an unconstitutional impairment of an existing contract;
- (3) Deleting language that increases the composition of the University of Hawaii Board of Regents to include two faculty ex officio nonvoting members;
- (4) Deleting language that prohibits the University of Hawaii Board of Regents from raising tuition fees until an unspecified date;
- (5) Deleting language that requires the University of Hawaii Board of Regents to submit a report to the Legislature on the status of repair and maintenance costs and whether the 2018-2021 tuition increases are helping to address the repair and maintenance backlog; and
- (6) Providing that the measure will take effect on July 1, 2050, and will be repealed on June 30, 2021.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 424, H.D. 1, S.D. 2.

SCRep. 3618 Ways and Means on H.B. No. 2587

The purpose and intent of this measure is to address the county surcharge on state tax.

More specifically, this measure:

- (1) Extends by three months the period in which a county may adopt a surcharge on state tax, under certain conditions, from March 31, 2018, to June 30, 2018; and
- (2) Requires that for a county with a population equal to or less than five hundred thousand that adopts a county surcharge on state tax:
 - (A) No less than sixty percent of the surcharge revenues shall be used for transportation purposes; and
 - (B) No more than two percent of the surcharge revenues may be used on any roadway used by the general public.

Your Committee received written comments in support of this measure from the Mayor of the County of Hawaii.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this measure will provide the counties with additional time necessary to adopt county surcharge on state tax ordinances.

Your Committee has amended this measure by changing the effective date from January 1, 2100, to upon approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2587, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2587, H.D. 1, S.D. 2.

SCRep. 3619 Ways and Means on H.B. No. 2426

The purpose and intent of this measure is to authorize the issuance of general obligation bonds for the Agribusiness Development Corporation to acquire high value farm land in west Kauai.

Your Committee received written comments in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, Hawaii Farm Bureau Federation, Hartung Brothers Hawaii, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and Hawaii Cattlemens Council.

Your Committee finds that preserving agricultural lands for agricultural production will help to achieve agricultural self-sufficiency and sustainability, as well as help make west Kauai and the agriculture industry in the State more economically viable.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2426, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Harimoto, Kahele, Kidani).

SCRep. 3620 Ways and Means on H.B. No. 2105

The purpose and intent of this measure is to promote food production in the State.

More specifically, this measure makes an appropriation to the Department of Agriculture to support local food production projects.

Your Committee received written comments in support of this measure from the Hawaii Department of Agriculture; the Land Use Research Foundation of Hawaii; Ulupono Initiative; Ola Design Group LLC; Hawaii Farmers Union United; North Shore EVP; the Farm Apprentice Mentoring Program; Maui County Farm Bureau; the Oahu County Committee Legislative Priorities Committee, Democratic Party of Hawaii; and twenty-four concerned individuals.

Your Committee finds that in order to realize the State's goal of doubling local food production by 2020, it is important to provide support to local food producers.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$1,500,000 to an unspecified amount;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2105, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2105, H.D. 1, S.D. 2.

SCRep. 3621 Ways and Means on H.B. No. 2101

The purpose and intent of this measure is to appropriate moneys to the Department of Land and Natural Resources for the operational expenses and staffing costs of the Hawaii Association of Conservation Districts.

Your Committee received written comments in support of this measure from the Department of Agriculture, the Department of Land and Natural Resources, Ulupono Initiative, Hawaii Aquaculture & Aquaponics Association, Hawaii Crop Improvement Association, Hawaii Farm Bureau Federation, UpCountry Doctor, Land Use Research Foundation of Hawaii, Pulama Lanai, Local Food Coalition, K&R Enterprises, Hawaii Cattlemens Council, Maui County Farm Bureau, Hawaii Association of Conservation Districts, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Hawaii Farmers Union United, Central Maui Soil and Water Conservation District, Sanctuary of Mana Ke'a Gardens, Ulupalakua Ranch, Hawaii Coffee Association, Molokai Lanai Soil Water Conservation District, and twenty-four concerned individuals.

Your Committee finds that supporting the Hawaii Association of Conservation Districts will help protect Hawaii's economy and environment by improving farming practices, reducing erosion, conserving water and improving water quality, and fighting invasive species.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$450,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2101, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2101, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3622 Ways and Means on H.B. No. 2081

The purpose and intent of this measure is to appropriate moneys to the Department of Land and Natural Resources to provide assistance and funding to the National Wildlife Research Center of the United States Department of Agriculture to manage the population of rose-ringed parakeets on the island of Kauai.

Your Committee received written comments in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; Coordinating Group on Alien Pest Species; Hawaii Aquaculture & Aquaponics Association; Hawaii Cattlemen's Council; Hawaii Crop Improvement Association; Hawaii Farm Bureau Federation; Land Use Research Foundation of Hawaii; Maui County Farm Bureau; and thirty-five individuals.

Your Committee finds that appropriating moneys to the Department of Land and Natural Resources to support the United States Department of Agriculture's work to manage the rose-ringed parakeet population on Kauai will help prevent the destruction of crops and spread of unwanted weeds on Kauai.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$284,011 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2081, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2081, H.D. 1, S.D. 2.

SCRep. 3623 Ways and Means on H.B. No. 2051

The purpose and intent of this measure is to appropriate moneys to the Department of the Attorney General to maintain the weed and seed strategy in those communities in which the strategy is currently being implemented.

Your Committee received written comments in support of this measure from the Department of the Attorney General; James Campbell High School; Puuhale Elementary School; Waipahu High School; Gentry Homes, Ltd.; Waipahu Community Coalition; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; and thirteen concerned individuals.

Your Committee finds that since its inception, the weed and seed strategy has successfully helped to reduce crime in those communities that have implemented the strategy.

Your Committee has amended this measure by changing the appropriation into a grant issued pursuant to Chapter 42F, Hawaii Revised Statutes, to Weed and Seed Hawaii, Inc., to maintain the weed and seed program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2051, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2051, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3624 Ways and Means on H.B. No. 2041

The purpose and intent of this measure is to appropriate moneys to establish an aquaculture incubator at the Natural Energy Laboratory of Hawaii Authority in order to develop the State's aquaculture industry.

Your Committee received written comments in support of this measure from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Hawaii Strategic Development Corporation; Hawaii Technology Development Corporation; Natural Energy Laboratory of Hawaii Authority; Aquaculture Planning & Advocacy LLC; Blue Ocean Mariculture; Fresh Island Fish; Hawaii Farm Bureau Federation; Kona-Kohala Chamber of Commerce; Los Angeles Organic Farm LLC; Marine Genetics; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; The Ocean Stewards Institute; Ulupono Initiative; and three individuals.

Your Committee finds that supporting the development of an aquaculture incubator at the Natural Energy Laboratory of Hawaii Authority and participation of the Hawaii aquaculture industry in the Aquaculture America 2020 conference will develop significant commercial opportunities for the aquaculture sector.

Your Committee has amended this measure by:

- (1) Inserting the contents of H.B. No. 1960, H.D. 2, as Part II of the measure, which appropriates moneys to support the planning and participation of the Hawaii aquaculture industry in the Aquaculture America 2020 conference to be held in Honolulu; and
- (2) Designating the Department of Agriculture to be the expending agency for all appropriations in the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2041, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2041, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3625 Ways and Means on H.B. No. 2026

The purpose and intent of this measure is to require the Legislative Reference Bureau to update the 1985 study "The Feasibility of Environmental Reorganization for Hawaii" and to assess the feasibility of implementing the findings and recommendations of the Department of Environmental Protection Task Force that was convened in response to Act 293, Session Laws of Hawaii 1991.

Your Committees received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii and one individual.

Your Committee received written comments on this measure from the Legislative Reference Bureau.

Your Committee finds that environmental challenges faced by Hawaii and the world have grown significantly since the 1985 study was published and that an updated study would provide a better understanding of whether a Department of Environmental Protection should be established and what its jurisdiction should encompass.

Your Committee has amended this measure by:

- (1) Changing the amount appropriated to an unspecified sum; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2026, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2026, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3626 Ways and Means on H.B. No. 2025

The purpose and intent of this measure is to promote sustainability in public schools.

Specifically, this measure:

- (1) Authorizes the Department of Education to issue grants to establish a composting grant pilot project in Department of Education schools;
- (2) Authorizes the Department of Education to establish the composting grant pilot project working group; and
- (3) Appropriates funds to establish and implement the composting grant pilot project.

Your Committee received testimony in support of this measure from the Department of Education, Ulupono Initiative, Kainalu Elementary, Windward Zero Waste Schools, Kaohao School, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and six individuals.

Your Committee received written comments on this measure from the Department of Agriculture.

Your Committee finds that the composting grant pilot project authorized by this measure will reduce food waste in public schools while teaching students about waste diversion and agricultural science concepts.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Education shall invite a representative of its Office of School Facilities and Support Services, rather than its Facilities Branch, to join the composting grant pilot project working group; and
- (2) Making a technical nonsubstantive change for the purpose of style.

Should this measure go to Conference, your Committee respectfully requests that the Conference Committee determine an appropriate sunset date for the composting grant pilot program and composting grant pilot project working group.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2025, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2025, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3627 Ways and Means on H.B. No. 2021

The purpose and intent of this measure is to require the Department of Human Services to establish a pilot project to operate a facility to provide shelter and mental health treatment services to certain homeless individuals with severe mental illness.

Your Committee received written comments in support of this measure from the Judiciary, Hawaii Substance Abuse Coalition, Hawaii Psychological Association, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one concerned individual.

Your Committee received written comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Department of Health, and the Mayor's Office of Housing - City and County of Honolulu.

Your Committee finds that providing mental health services to homeless individuals with severe mental illness or severe co-occurring mental illness and substance use disorders could reduce chronic homelessness in the State among individuals who often reject treatment and become, or remain, chronically homeless.

Your Committee notes that the annual cost of the pilot project is anticipated to be \$600,000, but that the first year's costs will be less than the subsequent years' costs due to the time needed to procure the designated service provider, establish the shelter, and organize the legal procedures.

Your Committee has amended this measure by:

- (1) Extending the scope of the pilot project to individuals with severe mental illness or severe co-occurring mental illness and substance use disorders;
- (2) Modifying the goals of the pilot project;
- (3) Requiring the Department of Human Services to procure the services of a designated service provider for the pilot project;
- (4) Requiring:
 - (A) The Adult Protective and Community Services Branch of the Department of Human Services to petition the family court for court-ordered assisted community treatment or court-ordered guardianship; and
 - (B) A licensed physician employed by the designated service provider to petition the family court for court-ordered assisted community treatment,

for a homeless individual with severe mental illness or severe co-occurring mental illness and substance use disorders; provided that the applicable court-ordered treatments state that it is in the individual's best interest to enroll in a mental health treatment program;
- (5) Requiring the Adult Protective and Community Services Branch of the Department of Human Services to provide the requisite information and paperwork for the public guardianship of homeless individuals under the pilot project;
- (6) Allowing certain licensed physicians to place a homeless individual with severe mental illness or severe co-occurring mental illness and substance use disorders into the pilot project's shelter pursuant to a court order;
- (7) Reducing from ten to eight the number of homeless individuals with severe mental illness or severe co-occurring mental illness and substance use disorders who may receive shelter and mental health treatment at the facility at any given time;
- (8) Changing the identification documentation requirement for the receipt of shelter and treatment under the pilot project into a discretionary guideline;
- (9) Specifying that the pilot project shall end on June 30, 2021;
- (10) Requiring that the Department of Human Services submit both an interim report and a final report to the Legislature;
- (11) Requiring that the Department of Human Services enter into a memorandum of understanding with the Department of Health and the designated service provider;
- (12) Requiring the designated service provider, rather than the Department of Human Services, to locate a suitable facility to provide shelter and mental health treatment services;
- (13) Requiring that the Governor's Office ensure that data from the pilot project is entered into the Homeless Management Information System;
- (14) Establishing one 0.5 full-time equivalent (0.5 FTE) staff position in the Office of the Public Guardian;
- (15) Allowing the Department of Human Services to use the appropriation for the leasing of a facility for the pilot project and to procure any services necessary to achieve the goals of the pilot project;
- (16) Deleting the requirement that the provisions to establish the pilot project take effect upon the Department of the Attorney General's approval; and
- (17) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2021, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2021, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3628 Ways and Means on H.B. No. 2012

The purpose and intent of this measure is to allocate a portion of transient accommodations tax revenues to the Hawaii Tourism Authority for the provision of social services, in conjunction with the Hawaii Lodging and Tourism Association, to address homelessness in tourist and resort areas; provided that funds shall only be released if matched by the private sector.

Your Committee received written comments in support of this measure from the Hawaii Lodging and Tourism Association, IMUAlliance, Kohala Coast Resort Association, Land Use Research Foundation of Hawaii, Maui Hotel & Lodging Association, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Governor's Coordinator on Homelessness, Hawaii Tourism Authority, and Tax Foundation of Hawaii.

Your Committee finds that the measure provides additional resources to mitigate homelessness in areas of the State inhabited and frequented by visitors.

Your Committee notes that the Governor's Coordinator on Homelessness has requested greater clarity as this measure moves forward in the legislative process regarding how funding for homeless initiatives will be procured and contracted, including whether the intent is to support programs currently funded through the Hawaii Lodging and Tourism Association's visitor industry charity walks.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2012, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3629 Ways and Means on H.B. No. 2005

The purpose and intent of this measure is to assist the University of Hawaii in addressing deferred maintenance and capital modernization by authorizing the University of Hawaii to issue revenue bonds for the purpose of financing the construction and maintenance of qualifying capital improvement projects.

Your Committee received written comments in support of this measure from the University of Hawaii and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that the revenue bond issuance authorization would make available a strategic revenue source for the University of Hawaii to supplement limited general obligation bond funding.

Your Committee has amended this measure by:

- (1) Authorizing the University of Hawaii to issue up to \$100,000,000 in revenue bonds;
- (2) Appropriating \$100,000,000 of the revenue bond proceeds and interest earned thereon to the University of Hawaii;
- (3) Providing that the appropriation shall lapse on June 30, 2022, rather than June 30, 2020;
- (4) Deleting the requirement that the Legislature approve the issuance of revenue bonds by concurrent resolution; and
- (5) Changing the effective date from July 1, 2112, to upon approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2005, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2005, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3630 Ways and Means on H.B. No. 1895

The purpose and intent of this measure is to require the Department of Health to establish, and appropriate moneys for, two full-time equivalent positions to support the Department of Health's ability to review, certify, and recertify dialysis centers and other health care facilities under its purview.

Your Committee received written comments in support of this measure from the Department of Health; Healthcare Association of Hawaii; National Kidney Foundation of Hawaii; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee finds that the number of patients in Hawaii with chronic kidney disease is increasing. Your Committee also finds that funding additional positions within the Department of Health will improve the Department's capacity to review, certify, and recertify end stage renal dialysis facilities and other health care facilities and increase access to dialysis care in the State. Your Committee acknowledges the Department of Health's intent to seek additional funding for these positions from the appropriate federal agency.

Your Committee has amended this measure by changing the effective date to July 1, 2035, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1895, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1895, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 5 (Galuteria, Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3631 Ways and Means on H.B. No. 1926

The purpose and intent of this measure is to require the Department of Human Services to use an integrated and multigenerational approach in the delivery of services.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Primary Care Association, Parents And Children Together, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one concerned individual.

Your Committee believes that by using an integrated and multigenerational approach, the Department of Human Services will be able to more effectively provide programs and services to families and individuals.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1926, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1926, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3632 Ways and Means on H.B. No. 1941

The purpose and intent of this measure is to establish and fund one full-time equivalent world languages institutional support position within the Department of Education.

Your Committee received written comments in support of this measure from the Department of Education; Office of Language Access; Filipina Advocacy Network; Hawaii Association of Language Teachers; Hawaii Friends of Civil Rights; Hawaii State Teachers Association; HawaiiKidsCAN; Native Hawaiian Education Council; Oahu County Legislative Priorities Committee, Democratic Party of Hawaii; Tinalak Filipino Education Council; and a number of individuals.

Your Committee finds that creating a world languages institutional support position within the Department of Education is in the public interest, supports multilingualism, and will enhance student achievement.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1941, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1941, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Shimabukuro).

SCRep. 3633 Ways and Means on H.B. No. 1962

The purpose and intent of this measure is to appropriate moneys to the Department of Business, Economic Development, and Tourism to conduct an economic development study on potential opportunities for automated manufacturing in the State.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that supporting automated manufacturing initiatives will help to increase sustainability and create a viable manufacturing industry in the State.

Your Committee notes that the Department of Business, Economic Development, and Tourism has requested \$150,000 to complete the study.

Your Committee has amended this measure by:

- (1) Requiring that the Department of Business, Economic Development, and Tourism submit a final report to the Legislature in addition to its preliminary report; and
- (2) Changing the appropriation from \$150,000 to an unspecified amount to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1962, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1962, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3634 Ways and Means on H.B. No. 1969

The purpose and intent of this measure is to appropriate moneys for the Department of Agriculture, in coordination with the Office of Planning and Department of Land and Natural Resources, to prepare and periodically update a seafood management study that includes wild seafood as a viable food source.

Your Committee received written comments in support of this measure from the Hawaii Fishermen's Alliance for Conservation and Tradition, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Agriculture, Department of Land and Natural Resources, and Office of Planning.

Your Committee finds that requiring a regularly updated seafood management study, including wild seafood, will assist the State in increasing food security and food self-sufficiency.

Your Committee has amended this measure by designating the Department of Land and Natural Resources, rather than the Department of Agriculture, as the lead agency on the required study.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1969, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1969, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Kahele, Kidani, Wakai).

SCRep. 3635 Ways and Means on H.B. No. 1971

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Kunoa Cattle Company, LLC, for projects relating to an agricultural enterprise.

Your Committee received written comments in support of this measure from the Department of Agriculture; Hawaii Farm Bureau; Ulupono Initiative; Kunoa Cattle Company, LLC; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the issuance of special purpose revenue bonds under this measure is for the purpose of assisting an agricultural enterprise and will raise the State's level of agricultural self-sustainability.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1971, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3636 Ways and Means on H.B. No. 1974

The purpose and intent of this measure is to transfer moneys from the natural area reserve fund to the firefighter's contingency fund to upgrade firefighting equipment that is to be used jointly by the State and counties.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, State Fire Council, County of Maui Department of Fire & Public Safety, County of Hawaii Office of the Mayor, County of Hawaii Fire Department, Hawaii Cattlemens Council, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that transferring moneys from the natural area reserve fund into the firefighter's contingency fund to upgrade firefighting equipment will promote public safety. Your Committee further finds that the creation of a marine debris special fund will facilitate the removal of marine debris from the State's waters and shorelines.

Your Committee has amended this measure by including language from Part III of H.B. No. 2625, H.D. 2, that establishes the marine debris special fund to be used for the removal of marine debris, but not the removal of abandoned structures.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1974, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3637 Ways and Means on H.B. No. 1977

The purpose and intent of this measure is to require the Hawaii Emergency Management Agency to convene a working group composed of appropriate county, state, and federal agencies to develop strategic regional flood plans.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i and two individuals.

Your Committee received written comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the State must prepare itself for the threat of floods and flood-related disasters by ensuring that proper plans are in place to mitigate, respond to, and recover from flooding and flood-related damages.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1977, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1977, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3638 Ways and Means on H.B. No. 1984

The purpose and intent of this measure is to appropriate moneys for the Commission on Water Resource Management to provide additional guidance for updating the Hawaii Water Plan by revising the statewide framework for the plan to consider emerging issues, such as climate change.

Your Committee received written comments in support of this measure from the Board of Water Supply; Department of Land and Natural Resources; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee finds that appropriating moneys for the Commission on Water Resource Management to update the Hawaii Water Plan in order to consider emerging issues will facilitate an improved plan and promote the long-term protection of water resources in the State.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$350,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1984, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1984, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

SCRep. 3639 Ways and Means on H.B. No. 2393

The purpose and intent of this measure is to make an emergency appropriation to the Department of Public Safety for the continued temporary housing of inmates while construction is being completed at Halawa Correctional Facility.

Your Committee received written comments in support of this measure from the Department of Public Safety, the Hoomanapono Political Action Committee, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that, due to a delay in the completion of a capital improvement project at Halawa Correctional Facility, this appropriation is necessary to continue the temporary housing of two hundred forty-eight inmates in a non-state facility until the project is completed.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2393, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2393, H.D. 1, S.D. 1.

SCRep. 3640 Ways and Means on H.B. No. 2362

The purpose and intent of this measure is to exempt Department of Human Services' Administrative Appeals Hearing Officer positions from civil service.

Your Committee received written comments in support of this measure from the Department of Human Services.

Your Committee finds that by exempting the Department of Human Services' Administrative Appeals Hearing Officers from civil service, the Department will be able to attract a larger number of highly qualified legal professionals capable of handling the specialized demands of the position.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2362, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2362, H.D. 1, S.D. 1.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3641 Ways and Means on H.B. No. 2354

The purpose and intent of this measure is to provide taxpayers with an opportunity to increase their support of the Hawaii State Public Library System.

Specifically, this measure changes the amount of the authorized income tax check-off to the libraries special fund that may be designated from a person's income tax refund as follows:

- (1) For an individual taxpayer, changing the amount from \$2 to an unspecified amount; and

- (2) For taxpayers filing a joint return, changing the amount from \$4 to an unspecified amount.

Your Committee received written comments in support of this measure from the Department of Taxation; Hawaii State Public Library System; and Oahu County Legislative Priorities Committee, Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the income tax check-off box, which has generated approximately \$68,000 during each of the last three calendar years, is used to support the Hawaii State Public Library System and its programs.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2354, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2354, H.D. 1, S.D. 2.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Shimabukuro).

SCRep. 3642 Ways and Means on H.B. No. 2353

The purpose and intent of this measure is to facilitate the operations of the Hawaii State Public Library System.

More specifically, this measure:

- (1) Makes miscellaneous technical amendments to various sections of the Hawaii Revised Statutes that affect the Hawaii State Public Library System;
- (2) Renames the "Hawaii state library foundation trust fund" as the "friends of the library of Hawaii program fund"; and
- (3) Clarifies the functions of the program fund.

Your Committee received written comments in support of this measure from the Hawaii State Public Library System, Friends of the Library of Hawai'i, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that various sections of the Hawaii Revised Statutes relating to the Hawaii State Public Library System require updating and housekeeping to ensure that the system continues to efficiently and effectively provide the public with its vast services.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2353, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2353, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Harimoto, Kahele, Kidani).

SCRep. 3643 Ways and Means on H.B. No. 2341

The purpose and intent of this measure is to make changes to Act 263, Session Laws of Hawaii 2016, which established procedures on how qualified domestic relations orders are to be handled by the Employees' Retirement System.

Specifically, this measure:

- (1) Allows the Employees' Retirement System to make direct payments to spouses or former spouses of former Employees' Retirement System members with vested benefit status when the former spouse has been awarded all or a portion of Employees' Retirement System retirement benefits as ordered or decreed in a domestic relations proceeding;
- (2) Makes consistent the benefits payable to an alternate payee whether the Hawaii qualified domestic relations order is certified prior to, or after, the member, former member with vested benefit status, or retiree retires;
- (3) Delays the effective date of Act 263, Session Laws of Hawaii 2016, from July 1, 2018, to July 1, 2020; and
- (4) Makes an appropriation to implement the measure.

Your Committee received written comments in support of this measure from the Employees' Retirement System and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that a delay of the effective date of Act 263, Session Laws of Hawaii 2016, is required for the development of resources necessary to support the implementation of the law, to cover the costs of computer system modifications, and for education of members and other affected parties.

Your Committee has amended this measure by:

- (1) Specifying that the appropriation shall be for computer and office automation to support the implementation of the measure;
- (2) Designating the Department of Budget and Finance as the expending agency for the appropriation; and
- (3) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2341, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2341, H.D. 1, S.D. 2.

SCRep. 3644 Ways and Means on H.B. No. 2333

The purpose and intent of this measure is to authorize the Department of Business, Economic Development, and Tourism to deposit moneys into the Hawaii community-based economic development revolving fund that the Department receives from the repayments of loans and payments of interest or fees from certain loan programs.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Alliance for Community-Based Economic Development; Hawaii Farm Bureau Federation; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and Waianae Economic Development Council.

Your Committee finds that authorizing the Department of Business, Economic Development, and Tourism to deposit recoveries from outstanding loans from certain loan programs that are inactive into the Hawaii community-based economic development revolving fund will allow the Department to make loans and grants available to small businesses in the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2333, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2333, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 5 (Galuteria, Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3645 Ways and Means on H.B. No. 2697

The purpose and intent of this measure is to appropriate funds for and require the Office of Veterans' Services to organize, coordinate, and conduct a biennial Hawaii veterans summit.

Your Committee received written comments in support of this measure from the Department of Defense, Office of Veterans Services; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee finds that a biennial Hawaii veterans summit will enable veterans and their families and dependents to efficiently and conveniently access important services and information from any number of public and private entities at a single event.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2697, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2697, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3646 Ways and Means on H.B. No. 2694

The purpose and intent of this measure is to require the Department of Health to furnish certified copies of birth certificates to homeless individuals free of charge, provided that the individual's homeless status is verified by a homeless service provider.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Domestic Violence Action Center, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from the Department of Health.

Your Committee received written comments on this measure from the Department of Human Services and the Governor's Coordinator on Homelessness.

Your Committee finds that this measure will remove a financial burden for homeless individuals who attempt to obtain a certification of birth from the Department of Health.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2694, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2694, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3647 Ways and Means on H.B. No. 2684

The purpose and intent of this measure is to appropriate moneys to the Public Utilities Commission to hire additional motor carrier enforcement personnel.

Your Committee received written comments in support of this measure from the Hawaii Transportation Association.

Your Committee finds that the appropriation in the measure will enable the Public Utilities Commission to dedicate additional resources for the enforcement of state motor carrier laws.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2684, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3648 Ways and Means on H.B. No. 2679

The purpose and intent of this measure is to require the City and County of Honolulu to transfer various parcels of real property to the Department of Education.

This measure also authorizes the Department of Education to hold title to certain real property.

Your Committee received written comments in support of this measure from the Department of Education, Building Industry Association of Hawaii, and Hawaii State Teachers Association.

Your Committee received written comments in opposition to this measure from Aina Haina Community Association.

The Department of the Attorney General, Department of Land and Natural Resources, and Office of Hawaiian Affairs submitted written comments on this measure.

Your Committee finds that transfer of certain parcels of land from the City and County of Honolulu to the Department of Education will allow the Department to better manage the real property on which schools are located and will remove significant barriers that the Department has encountered in the past when attempting to redevelop those parcels.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2679, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2679, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3649 Ways and Means on H.B. No. 2671

The purpose and intent of this measure is to appropriate moneys to various agencies to collaboratively assist dislocated workers and address the overall availability of gainful employment on the island of Molokai.

Your Committee received written comments in support of this measure from the Office of the Governor, Department of Agriculture, University of Hawaii, County of Maui Council, County of Maui, Hawaii Crop Improvement Association, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee received written comments on this measure from the Department of Labor and Industrial Relations and the Department of Business, Economic Development, and Tourism.

Your Committee finds that it is important to the economy of the island of Molokai and the well-being of its residents to ensure that dislocated workers are made aware of and have access to gainful employment opportunities on the island.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2671, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3650 Ways and Means on H.B. No. 2613

The purpose and intent of this measure is to appropriate funds to maintain the initial staff necessary to develop and manage the He'eia Estuarine Research Reserve and its programs.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawaii System; Hawai'i Institute of Marine Biology; Aha Moku Advisory Committee; Ko'olaupoko Hawaiian Civic Club; National Estuarine Research Reserve Association; Nature Conservancy; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; and four individuals.

Your Committee finds that funding for the initial staffing of the He'eia Estuarine Research Reserve is essential for continued coastal management of the reserve.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2613, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3651 Ways and Means on H.B. No. 2607

The purpose and intent of this measure is to promote computer science education in the State.

Specifically the measure:

- (1) Requires the Department of Education to develop and implement a statewide computer science curricula plan for public students in kindergarten through twelfth grade, ensuring that each public high school offers at least one computer science course each year; and
- (2) Authorizes the Department of Education to contract or agree with other entities to develop and implement computer science teacher development programs.

Your Committee received written comments in support of this measure from the Hawaii Technology Development Corporation; Code.org; Dev League Inc.; HawaiiKidsCAN; Microsoft Corporation; OCC Legislative Priorities Committee, Democratic Party of Hawaii; and three individuals.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that promoting computer science education in the public schools through a statewide computer science curricula plan and teacher training will prepare Hawaii's public school students to be competitive in college and the modern workplace.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2607, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2607, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Shimabukuro).

SCRep. 3652 Ways and Means on H.B. No. 2659

The purpose and intent of this measure is to establish a five-year Kapolei jobs initiative pilot program that provides a tax credit for businesses that establish themselves or open new locations in the Kapolei region.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Associa; Chamber of Commerce Hawaii; Coral Crater LLC; Hawaii Construction Alliance; Hunt Companies; James Campbell Company LLC; Kapolei Chamber of Commerce; Kapolei Commons; Makaha Mangoes; National Kidney Foundation of Hawaii; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Pacific Resource Partnership; Palehua Townhouse Association; Queen's Health Systems; Urgent Care Hawaii; Waianae High School; and nine individuals.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that job growth in the Kapolei region is a matter of community and state concern that affects employers and employees alike as households continue to outgrow the number of employment opportunities in the region.

Your Committee has amended this measure by:

- (1) Deleting the provisions that establish the Kapolei jobs initiative pilot program and converting all relevant tax credit language relating to that program into the new section of Hawaii Revised Statutes establishing a Kapolei jobs initiative tax credit;
- (2) Amending the definition of "qualified business" to specify that, among other requirements, a qualified business shall provide a gross annual salary of \$73,000 or more to each of at least half of its employees at the establishment in the designated geographic area; and
- (3) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2659, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2659, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Riviere, Shimabukuro).

SCRep. 3653 Ways and Means on H.B. No. 1976

The purpose and intent of this measure is to authorize the issuance of general obligation bonds to finance capital improvements to the Waiahole Irrigation System.

Your Committee received written comments in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; Hartung Brothers Hawaii; Hawaii Cattlemens Council; Hawaii Farm Bureau Federation; HFUU; K&R Enterprises; Land Use Research Foundation of Hawaii; Larry Jefts Farms, LLC; Local Food Coalition; Maui County Farm Bureau; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and fifteen individuals.

Your Committee finds that authorizing general obligation bonds to finance capital improvements to the Waiahole Irrigation System will help to ensure water security for farmers on Oahu.

Your Committee has amended this measure by changing the effective date to upon approval, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1976, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1976, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3654 Ways and Means on H.B. No. 2144

The purpose and intent of this measure is to require that the Department of Public Safety inform inmates, prior to their release, of available assistance to secure or verify their Medicaid eligibility.

Your Committee received written comments in support of this measure from the Department of Public Safety; Office of Hawaiian Affairs; and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that requiring the Department of Public Safety to inform inmates of available assistance to secure or verify their Medicaid eligibility prior to release will improve inmates' access to health care services that inmates may need for a successful reentry into the community.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2144, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2144, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3655 Ways and Means on H.B. No. 2115

The purpose and intent of this measure is to appropriate funds for the operation of the K-12 agriculture workforce development pipeline initiative.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, Department of Agriculture, Land Use Research Foundation of Hawaii, Hawaii Aquaculture and Aquaponics Association, Hawaii Farm Bureau Federation, HFUU, Hawaii State Teachers Association, Maui County Farm Bureau, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and a number of individuals.

Your Committee finds that it is essential that the State continue to support programs that work to expand and develop the agricultural workforce.

Your Committee has amended this measure by:

- (1) Changing the amount of the appropriation for the operations of the K-12 agriculture workforce development pipeline initiative from \$200,000 to an unspecified sum;
- (2) Adding a new part II to the measure that amends Act 163, Session Laws of Hawaii 2017, by providing that the Department of Agriculture's biosecurity program shall be funded in fiscal year 2018-2019 using funds from the general fund and the pest inspection, quarantine, and eradication fund, rather than the agricultural development and food security special fund; and
- (3) Inserting an effective date of:
 - (A) June 30, 2050, for section 4; and
 - (B) July 1, 2050, for section 5,

to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2115, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2115, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Harimoto, Kahele, Kidani).

SCRep. 3656 Ways and Means on H.B. No. 2107

The purpose and intent of this measure is to establish within the Department of Land and Natural Resources a plastic pollution initiative that includes a Plastic Pollution Advisory Council.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and five individuals.

Written comments in opposition were received from two individuals.

The American Chemistry Council submitted written comments on the measure.

Your Committee finds that plastic pollution is an ever-increasing threat to the State's environment and this measure provides a step towards mitigating this threat.

Your Committee notes the concern raised by the American Chemistry Council in its written comments on this measure with respect to expanding the membership of the Plastic Pollution Advisory Council to include representatives from other industry sectors. Your Committee respectfully requests that this concern be considered as the measure moves forward in the legislative process.

Your Committee has amended this measure by:

- (1) Clarifying the membership of the Plastic Pollution Advisory Council with regard to the representatives from each county and the Hawaii Tourism Authority;
- (2) Changing the appropriation from \$150,000 to an unspecified amount;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2107, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2107, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3657 Ways and Means on H.B. No. 2106

The purpose and intent of this measure is to require the Environmental Council to adopt and maintain rules requiring that environmental assessments and environmental impact statements include consideration of sea level rise based upon the best available scientific data.

Your Committee received written comments in support of this measure from the Office of Planning, Organizing for Action, 350Hawaii.org, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, Malama O Puna, and one concerned individual.

Your Committee finds that requiring consideration of sea level rise in environmental assessments and environmental impact statements will help to ensure that land use proposals both mitigate the effects of sea level rise and adopt designs to avoid costly future renovation necessitated by environmental disruption.

Your Committee has amended this measure by:

- (1) Making a technical nonsubstantive amendment for the purposes of consistency and style; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2106, H.D. 3, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2106, H.D. 3, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3658 Ways and Means on H.B. No. 2084

The purpose and intent of this measure is to support innovative small businesses on neighbor islands.

More specifically, this measure:

- (1) Requires that the Hawaii Technology Development Corporation include in its annual report to the Legislature its efforts relating to outreach and mentorship assistance to neighbor island innovative small businesses; and
- (2) Appropriating moneys to the Hawaii Technology Development Corporation to continue the Neighbor Island Innovation Initiative.

Your Committee received written comments in support of this measure from the Hawaii Technology Development Corporation; the Office of the Mayor of the County of Hawaii; Department of Research & Development, County of Hawaii; TeleVoice 2000; Chamber of Commerce Hawaii; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one concerned individual.

Your Committee received written comments on this measure from one concerned individual.

Your Committee finds that supporting the Hawaii Technology Development Corporation's Neighbor Island Innovation Initiative will allow the program to continue to assist entrepreneurs and small businesses on the neighbor islands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2084, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3659 Ways and Means on H.B. No. 2075

The purpose and intent of this measure is to reestablish the matching grant program established by Act 159, Session Laws of Hawaii 2015, which authorized the Department of Business, Economic Development, and Tourism to provide grants to qualified businesses conducting research and development in alternative energy.

Your Committee received written comments in support of this measure from the Hawaii Technology Development Corporation; Navatek; Makai Ocean Engineering, Inc.; Chamber of Commerce Hawaii; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and five individuals.

Your Committee received written comments on this measure from Oceanit Laboratories, Inc.

Your Committee finds that the matching grant program has helped companies obtain needed funding to continue their alternative energy research and development, which helps to create high paying jobs and meet Hawaii's clean energy goals.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2075, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3660 Ways and Means on H.B. No. 2055

The purpose and intent of this measure is to appropriate moneys to the State Procurement Office for the establishment of two full-time equivalent (2.0 FTE) construction procurement specialist positions.

Your Committee received written comments in support of this measure from the State Procurement Office and the Department of Transportation.

Your Committee finds that the unique nature of construction procurement necessitates personnel specializing in that field. Accordingly, the addition of two construction procurement specialists to the State Procurement Office will allow the office to adequately review construction procurement policy and assist other agencies with complex construction procurements.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2055, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2055, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3661 Ways and Means on H.B. No. 2019

The purpose and intent of this measure is to establish a three-year homeless employment grant pilot program to assist homeless individuals with work opportunities and services.

Your Committee received written comments in support of this measure from the Governor's Coordinator on Homelessness, Hawaii Youth Services Network, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and two individuals.

Written comments on this measure were submitted by the State Procurement Office and Department of Human Services.

Your Committee finds that this program will assist homeless individuals in obtaining employment, building job skills, and ultimately gaining sustainable income to end their homelessness.

Your Committee notes that the State Procurement Office requested that, as this measure moves forward in the legislative process, further consideration be given to:

- (1) Amending section 2(b) of the measure to prohibit the Department of Human Services from procuring contracts exempt from Chapter 103D, Hawaii Revised Statutes, that extend beyond the term of the pilot program; and
- (2) If, in the administration of the pilot program, additional subcontracts for direct services, as defined in Chapter 103F, Hawaii Revised Statutes, are required, including a corresponding exemption to Chapter 103F, Hawaii Revised Statutes, and providing that the period of performance for those contracts not extend beyond the term of the pilot program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2019, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3662 Ways and Means on H.B. No. 2010

The purpose and intent of this measure is to change provisions of the law relating to tourism.

Specifically, this measure:

- (1) Renames the convention center enterprise special fund as the convention center operations and maintenance special fund;

- (2) Inserts a cap of \$6,000,000 on the convention center operations and maintenance special fund and authorizes expenditures from the fund for the salaries of Convention Center personnel;
- (3) Amends the authorized uses of the tourism special fund and caps expenditures from the fund for certain purposes;
- (4) Amends the allocation of transient accommodations tax revenue;
- (5) Authorizes the Department of Budget and Finance to cancel the reimbursable general obligation bond debt relating to the Convention Center that is owed by the Hawaii Tourism Authority; and
- (6) Makes conforming amendments.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Advocates for Consumer Rights, The Kupuna Caucus of the Democratic Party of Hawaii, and two individuals.

Your Committee received written comments in opposition to this measure from the Department of Business, Economic Development, and Tourism; Hawaii Tourism Authority; Mauna Kea Resort; Kohala Coast Resort Association; Hawaii Transportation Association; JTB Hawaii, Inc.; Kadota Liquor; Hawaii Marine Animal Response; Japan Hawaii Travel Association; Maui Pops Orchestra; OmniTrak Group Inc.; Hyatt Regency Waikiki; ILWU Local 142; Hui o Laka; Skal International Hawaii; RH Productions LLC; KYD, Inc.; Ahahui Malama I Ka Lokahi; International Festivals and Events Association; Visitor Aloha Society of Hawaii; ABC Stores; Maui Hotel & Lodging Association; Koloa Plantation Days, Inc.; Waikiki Improvement Association; Napili Kai Beach Resort; Nielsen Sports America, LLC; Hawaii Food Industry Association; Hana Arts; and nineteen individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance, University of Hawaii System, Tax Foundation of Hawaii, and one individual.

Your Committee finds that directly allocating transient accommodations tax revenue to specific agencies that work with, or are impacted by, the tourism industry will better ensure that these agencies can properly address their specific needs in an efficient and timely manner.

Your Committee has amended this measure by:

- (1) Requiring, rather than authorizing, the Department of Budget and Finance to cancel the reimbursable general obligation bond debt relating to the Convention Center that is owed by the Hawaii Tourism Authority; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2010, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2010, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3663 Ways and Means on H.B. No. 2080

The purpose and intent of this measure is to appropriate moneys for software application challenge grants in order for participants to turn the proofs of concept they create into prototypes suitable for local and state government use.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development and Tourism; Department of Commerce and Consumer Affairs; Hawaii Technology Development Corporation; Office of Enterprise Technology Services; Dev League Inc.; Elemental Excelerator; Hawaii Open Data; Transform Hawaii Government; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee finds that an appropriation to support the development of prototypes created through software application challenges could promote innovation and efficiency in government institutions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2080, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3664 Ways and Means on H.B. No. 2670

The purpose and intent of this measure is to require the Department of Agriculture to create a local healthy food incentive program that promotes the purchase of Hawaii-grown produce by beneficiaries of the Supplemental Nutrition Assistance Program.

Your Committee received written comments in support of this measure from the Department of Agriculture; Department of Health; County of Hawaii, Mayor's Office; American Heart Association; Community First; Hawaii Applesseed Center for Law & Economic Justice; Hawaii Children's Action Network; Hawaii Farm Bureau Federation; Hawaii Pacific Health; Hawaii Primary Care Association; Hawaii Public Health Institute; Kamehameha Schools; Pioneering Healthier Communities of Honolulu; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Ulupono Initiative; and nine individuals.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that requiring the Department of Agriculture to create a healthy food incentive program that promotes the purchase of Hawaii-grown produce by beneficiaries of the Supplemental Nutrition Assistance Program will promote economic growth and increase access to fresh food in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2670, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3665 Ways and Means on H.B. No. 1987

The purpose and intent of this measure is to promote better management of Hawaii's water resources by appropriating funds and requiring the Commission on Water Resource Management to contract with the United States Geological Survey to conduct a five-year study on streamflow in the State.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Board of Water Supply, Ulupono Initiative, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that as climate change affects rainfall, stream flows must be regularly studied to ascertain any detrimental impacts to habitat and surface water diversions.

Your Committee notes that the Commission on Water Resource Management requested an appropriation of \$400,000 for the purposes of this measure.

Your Committee has amended this measure by:

- (1) Clarifying that the requirement that the Commission on Water Resource Management contract with the United States Geological Survey for the streamflow study is subject to the approval of the United States Geological Survey;
- (2) Clarifying that the Commission on Water Resource Management shall submit to the Legislature:
 - (A) Preliminary reports on the streamflow study's progress no later than twenty days prior to the convening of the Regular Sessions of 2019, 2020, 2021, and 2022; and
 - (B) A final report on the streamflow study no later than twenty days prior to the convening of the Regular Session of 2023;
- (3) Changing all amounts appropriated to or to be expended by the Commission on Water Resource Management to unspecified sums; and
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1987, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1987, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3666 Ways and Means on H.B. No. 1986

The purpose and intent of this measure is to establish a carbon offset program through which revenues realized from the sale of carbon offset credits may be deposited into the forest stewardship fund or invested into projects that improve the State's water infrastructure or mitigate threats to water sustainability due to climate change.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; The Nature Conservancy; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Ulupono Initiative; and three individuals.

Your Committee received written comments on this measure from the Office of Planning, Hawaii Energy Policy Forum Fuels Working Group, and Hawaii Farm Bureau.

Your Committee finds that it is in the public interest to create a carbon offset program that would incentivize and reward the adoption and practice of, and adherence to, carbon emission reduction activities in a manner consistent with the Hawaii 2050 sustainability plan.

Your Committee has amended this measure by:

- (1) Correcting a reference to a section of the Hawaii Revised Statutes; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1986, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1986, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3667 Ways and Means on H.B. No. 1968

The purpose and intent of this measure is to appropriate moneys to the University of Hawaii College of Tropical Agriculture and Human Resources Cooperative Extension Service for additional full-time equivalent ornamental plant extension agent positions.

Your Committee received written comments in support of this measure from the Department of Agriculture; University of Hawaii; Coordinating Group on Alien Pest Species; Hawaii Crop Improvement Association; Hawaii Floriculture and Nursery Association; Hawaii Tropical Flower Council; Landscape Industry Council of Hawaii; Maui County Farm Bureau; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Orchid Growers of Hawaii; and thirty-five individuals.

Your Committee finds that appropriating moneys to the University of Hawaii College of Tropical Agriculture and Human Resources Cooperative Extension Service for additional plant extension agent positions will strengthen the State's horticultural sector.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1968, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3668 Ways and Means on H.B. No. 1943

The purpose and intent of this measure is to appropriate funds to create two permanent full-time equivalent positions within the Office of Language Access to assist in implementing the State's language access law.

Your Committee received written comments in support of this measure from the State Health Planning and Development Agency; Hawaii Civil Rights Commission; Hawaii State Judiciary; Filipina Advocacy Network; Filipino-American Historical Society of Hawaii; Hawaii Friends of Civil Rights; Hawaii Interpreter Action Network; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Tinalak Filipino Education Council; Volunteer Legal Services Hawaii; and three individuals.

Your Committee received written comments on this measure from the Office of Language Access.

Your Committee finds that authorizing and funding two full-time equivalent positions in the Office of Language Access to help implement the State's language access law will increase access to government services, programs, and activities for state residents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1943, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3669 Ways and Means on H.B. No. 1936

The purpose and intent of this measure is to improve the efficiency of the judicial system by providing that environmental courts shall not have exclusive, original jurisdiction over any proceedings relating to parking violations under certain laws and administrative rules.

Your Committee received written comments in support of this measure from the Hawaii State Judiciary, Department of Land and Natural Resources, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure will help to reduce the number of cases in environmental courts, allowing the environmental courts to focus on serious environmental cases.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1936, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3670 Ways and Means on H.B. No. 1882

The purpose and intent of this measure is to appropriate moneys to the Department of Education:

- (1) For the purchase of laptop computers or tablets for public school students; and
- (2) To fund after-school programs at certain intermediate and middle schools.

Your Committee received written comments in support of this measure from the Department of Education, Hawaii Youth Services Network, TechNet, Computing Technology Industry Association, the Hawaii State Teachers Association, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that improving classroom technology and providing after-school programs will enrich Hawaii's public schools and benefit students.

Your Committee has amended this measure by making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1882, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1882, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3671 Ways and Means on H.B. No. 1727

The purpose and intent of this measure is to establish the right of certain employees in the State to accrue and use paid sick leave.

Your Committee received written comments in support of this measure from AFL-CIO, Hawaii Government Employees Association, Hawaii State Teachers Association, ILWU Local 142, International Brotherhood of Electrical Workers Local Union 1260, and three individuals.

Your Committee received written comments in opposition to this measure from ABC Stores; Centerscale Automation Hawaii, Inc.; Chamber of Commerce Hawaii; Gyotaku Japanese Restaurants; Hawaii Credit Union League; Hawaii Food Industry Association; Hawaii Lodging & Tourism Association; Hawaii Petroleum, Inc.; Hawaii Restaurant Association; Il Gelato Hawaii; Kalapawai Market & Cafes; Kualapuu Market, Ltd.; Maui Chamber of Commerce; Maui Soda & Ice Works, Ltd.; NFIB; Outback Steakhouse; Retail Merchants of Hawaii; SHRM Hawaii; Tiki's Grill & Bar; and three individuals.

Your Committee received written comments on this measure from the Department of Labor and Industrial Relations; Hawaii State Commission on the Status of Women; Hawaii Appleseed Center for Law & Economic Justice; Hawaii Children's Action Network; IMUAlliance; ProService Hawaii; Queen's Health Systems; and YWCA Oahu.

Your Committee notes that some supporters of the measure have raised concerns that the measure is too limited in its application. More specifically, supporters have noted that the measure exempts employers with fewer than fifty employees from complying with the measure, and that employees must work four hundred eighty hours before paid sick leave benefits accrue. There is a concern that these limitations will exclude from the protections of the measure a large number of employees, including those who work full-time but do so by working at several part-time jobs. Some supporters also note that the measure would exempt employers who pay wages that are only slightly higher than the minimum wage from complying with the measure.

Your Committee acknowledges that, in contrast, some opponents of the measure, many of which are businesses of varying sizes, have raised concerns about the increased costs that the measure may create for businesses and employees. More specifically, opponents noted that labor costs are already a significant business expense, and additional labor costs combined with the impact of low unemployment make running a business even more challenging. These challenges may lead businesses to consider cutting jobs, eliminating benefits, abandoning plans for growth, raising prices, or closing altogether. Opponents express that, to avoid these outcomes, government should take steps to remove obstacles to growth, job creation, and economic stability, rather than adding costs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1727, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3672 Ways and Means on H.B. No. 1654

The purpose and intent of this measure is to abolish the office of community services special fund of the Department of Labor and Industrial Relations.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that the Auditor's Report No. 17-12 found that the office of community services special fund does not meet the criteria for continuance as a special fund and therefore recommended that the fund be eliminated and the remaining moneys be transferred to the general fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1654, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3673 Ways and Means on H.B. No. 1646

The purpose and intent of this measure is to require the Governor to temporarily fill a vacancy in the office of the United States Senator with the candidate who is elected to the office at a general election, if the candidate is not the incumbent and the incumbent vacates the office prior to the expiration of the incumbent's term of office.

Your Committee believes that it serves no useful purpose to allow the Governor to appoint anyone other than an elected candidate to fill a vacancy for the remainder of an incumbent's term of office.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1646, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3674 Ways and Means on H.B. No. 2741

The purpose and intent of this measure is to establish a working group to address reimbursement by health insurance for medical cannabis for qualifying patients.

Your Committee received testimony in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that issues surrounding the topic of insurance reimbursement for medical cannabis are extremely complex and that it is therefore prudent to establish a working group to examine these issues and make recommendations.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2741, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3675 Ways and Means on H.B. No. 2742

The purpose and intent of this measure is to improve the regulation of medical cannabis.

More specifically, the measure:

- (1) Establishes and appropriates funds for the Office of Medical Cannabis Control and Regulation, which shall be responsible for implementing the medical cannabis dispensary system and administering the medical cannabis patient registry; and
- (2) Extends from July 1, 2020, to July 1, 2025:
 - (A) The operation of interim administrative rules; and
 - (B) The applicability of civil service law,with respect to the medical cannabis dispensary system.

Your Committee received written comments in support of this measure from the Department of Health, Drug Policy Forum of Hawaii, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure will facilitate the safe provision of medical cannabis to qualifying patients in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2742, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3676 Ways and Means on H.B. No. 2745

The purpose and intent of this measure is to increase access to affordable rental housing.

More specifically, this measure:

- (1) Increases the minimum percentage of units that a rental housing project is required to maintain for low-income tenants;
- (2) Decreases the maximum income ceiling for a family or individual to be considered an eligible tenant under the Rental Assistance Program; and
- (3) Appropriates moneys to be deposited into the rental assistance revolving fund.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, the Governor's Coordinator on Homelessness, Catholic Charities Hawaii, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments in opposition to this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that increasing the availability of and strengthening eligibility standards for affordable housing will increase access to affordable housing for many low-income households.

Your Committee has amended this measure by:

- (1) Appropriating moneys out of the rental assistance revolving fund to support new rental assistance program contracts; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2745, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2745, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3677 Ways and Means on H.B. No. 2651

The purpose and intent of this measure is to establish a process to upgrade and support next generation wireless broadband infrastructure throughout the State.

This measure also establishes a permitting, application, review, and approval process for wireless service providers to install wireless facilities on State or county owned utility poles, or install associated utility poles, in the right-of-way.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; Verizon Communications; AT&T; T-Mobile USA, Inc.; CTIA; Maui Chamber of Commerce; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee received written comments in opposition to this measure from the County of Hawaii; Spectrum/Charter Communications; and Airport Concessionaires Committee.

Your Committee received written comments on this measure from the Department of Land and Natural Resources; Department of Commerce and Consumer Affairs; and County of Maui, County Council.

Your Committee finds that this measure generally strikes the right balance between the important policy goals of encouraging ongoing investment in wireless broadband technologies statewide to stimulate the technology economy and meet the demand of residents and visitors while also maintaining state and county oversight of host facilities in the right-of-way.

Your Committee, however, finds that several state agencies and a private entity have expressed concerns over the measure, which may need to be resolved should this measure proceed to a Conference Committee.

Specifically, the Airport Concessionaires Committee opposed the measure unless public airports are exempted from its provisions. The Department of Land and Natural Resources noted that any user and occupier of public trust lands will be required to apply for a land or building disposition (use and occupancy agreement) pursuant to Chapter 171, Hawaii Revised Statutes. The Department of Commerce and Consumer Affairs advised that the measure should be amended to require the extension of high-speed Internet access that can bridge the digital divide for residents in unserved and underserved areas of the State.

In addition, the Department of Transportation expressed multiple concerns. Specifically, the Department is concerned that timelines for the delivery of upgrades to poles that support wireless infrastructure need to take into account the time required for the manufacture and delivery of upgrades from the continental United States. Second, the Department predicts that the minimal fee structure will not enable the Department to recover the cost for the work, and further, the Department does not believe that it should bear the cost. Third, the Department may possibly violate the requirements of the Federal Aid program if it cannot charge and collect fair market value from the users of the Federal Aid system. Fourth, the Department believes that thirty days is an insufficient amount of time for the State to review the initial permit applications for completeness, content, and compliance with applicable standards, regulations, requirements, or practices. Fifth, the Department recommends that the measure should clarify that no work is to be allowed within a right-of-way of a state highway under the jurisdiction of the Highways Division without a permit issued pursuant to section 264-6, Hawaii Revised Statutes. Finally, the Department requests that airport properties be excluded from the measure; otherwise, the measure could impair the Airport Division's existing exclusive contract with an outside provider to provide wireless and DAS cellular-connect services at the public airports.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2651, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3678 Ways and Means on H.B. No. 2738

The purpose and intent of this measure is to improve access to healthcare for children.

More specifically, this measure:

- (1) Establishes and appropriates funds for a three-year pilot program to provide health care services to uninsured newborn children who are at least one day old and no more than thirty days old;
- (2) Establishes and appropriates funds for a three-year pilot program to provide health care coverage to qualified uninsured children who are between thirty-one days old and nineteen years old; and
- (3) Requires the Department of Human Services to report to the Legislature on the pilot programs.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Human Services.

Your Committee finds that there is a significant population of uninsured children who are not eligible for health care coverage through any state or federal program and who typically do not receive an appropriate level of medical care.

Your Committee notes the Department of Human Services' concerns that:

- (1) Additional appropriations and resources will be necessary to implement and administer the two pilot programs;
- (2) Using the estimated number of uninsured children noted in the measure, the estimated costs to be split between a health insurer and the Department will be approximately \$18,277,050 per year, of which \$9,138,525 (plus additional administrative costs for administering and overseeing the new programs) must be paid from state funds each year; further, none of these costs will be eligible for federal matching funds;
- (3) The Department is not aware of a health plan or plans that are willing to cover half of the costs of the pilot programs; and
- (4) The measure does not propose any income limitations for eligible children.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2738, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2738, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3679 Ways and Means on H.B. No. 2598

The purpose and intent of this measure is to require the Department of Labor and Industrial Relations to establish paid family leave for all workers in the State by January 1, 2020.

Your Committee received written comments in support of this measure from the Office of the Governor, Department of Human Services, Hawai'i State Commission on the Status of Women, Hawaii State Democratic Women's Caucus, AARP Hawaii, American Civil Liberties Union of Hawaii, Mental Health America of Hawaii, Hawaii Women's Coalition, Hawaii State Teachers Association, Caring Across Generations, Hawaii Public Health Institute, International Brotherhood of Electrical Workers Local Union 1260, Hawaii State AFL-CIO, Hawaii Government Employees Association, Hawaii Appleseed Center for Law & Economic Justice, Hawaii Children's Action Network, YWCA Oahu, PHOCUSED, Planned Parenthood Votes Northwest and Hawaii, Community Alliance on Prisons, IMUAlliance, American Association of University Women-Hawaii, Healthy Mothers Healthy Babies, Americans for Democratic Action Hawaii, Hawaii Women Lawyers, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and approximately thirty-three individuals.

Written comments in opposition were received from the Hawaii Transportation Association, Hawaii Food Industry Association, National Federation of Independent Business, Society for Human Resource Management-Hawaii, Il Gelato Hawaii, Maui Chamber of Commerce, Kualapuu Market Ltd., Maui Soda & Ice Works, Ltd., Chamber of Commerce Hawaii, Hawaii Restaurant Association, Gyotaku Japanese Restaurants, Larry Jefts Farms, LLC, Building Industry Association of Hawai'i, Retail Merchants of Hawaii, Centerscale Automation Hawaii Inc., Hawaii Credit Union League, and five individuals.

The Department of Labor and Industrial Relations, Legislative Reference Bureau, The Queen's Health Systems, Hawaii Lodging & Tourism Association, ProService Hawaii, General Contractors Association of Hawaii, Hawaii Pacific Health, and ILWU Local 142 submitted written comments on the measure.

Your Committee finds that this measure will benefit employees who cannot afford to take unpaid leave to care for a family member with a serious health condition.

Your Committee has amended this measure by:

- (1) Deleting language that:
 - (A) Established a paid family leave special fund and referenced the special fund;
 - (B) Required the Department of Labor and Industrial Relations to select a paid family leave model and adopt rules that establish paid family leave;
 - (C) Established a Paid Family Leave Implementation Board within the Department of Labor and Industrial Relations and required the Implementation Board to develop an analysis and implementation plan and report to the Legislature;
 - (D) Required the Legislative Reference Bureau to conduct a study, including an actuarial analysis; and
 - (E) Required the collection of payments from employers and employees by July 1, 2021;
- (2) Changing the date by which paid family leave shall be established from January 1, 2020, to January 1, 2021;
- (3) Specifying that a paid family leave program shall include an expanded temporary disability insurance program and shall begin processing payments by July 1, 2022;
- (4) Specifying that the Department of Labor and Industrial Relations shall report to the Legislature on its progress in meeting its obligations under this measure;
- (5) Changing the means of financing the appropriation to the Department of Labor and Industrial Relations to establish a paid family leave program, from the paid family leave special fund to the general fund; and
- (6) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2598, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2598, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Shimabukuro).

SCRep. 3680 Ways and Means on H.B. No. 2557

The purpose and intent of this measure is to support the Pacific International Space Center for Exploration Systems' internship and economic development programs.

Your Committee received written comments in support of this measure from the Pacific International Space Center for Exploration, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and three concerned individuals.

Your Committee received written comments in opposition to this measure from two concerned individuals.

Your Committee finds that support for the Pacific International Space Center for Exploration Systems' internship and economic development programs will enable those programs to continue to promote interest among Hawaii's youth in science, technology, engineering, and math and develop skills in those disciplines.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2557, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3681 Ways and Means on H.B. No. 2471

The purpose and intent of this measure is to protect consumers who borrow small dollar installment loans by:

- (1) Establishing requirements for small dollar installment loans, including maximum loan amounts, monthly payments and fees, a written agreement, the authorized interest rate, and the right of rescission;
- (2) Requiring small dollar lenders to be licensed by the Commissioner of Financial Institutions;
- (3) Repealing the deferred deposits law; and
- (4) Making an appropriation out of the compliance resolution fund to implement the small dollar installment loan program.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs, Catholic Charities Hawaii, Hawaiian Community Assets, Aloha United Way, Mental Health America of Hawaii, Hawaii Appleseed Center for Law and Economic Justice, H&R Block, HACBED, and five individuals.

Your Committee received written comments in opposition to this measure from Money Service Centers of Hawaii, Inc.

Your Committee received written comments on this measure from the Department of Taxation and the Office of Information Practices.

Your Committee finds that borrowers of short-term loans have not been adequately protected by the deferred deposits agreement law, which has instead placed borrowers in danger of falling into an endless debt trap. Your Committee finds that the more comprehensive regulatory structure created in this measure will ensure that borrowers of short-term loans are more adequately protected from predatory practices that may place them in severe financial peril.

Your Committee has amended this measure by:

- (1) Correcting a cross-reference in the new provision relating to the authorized interest rate;
- (2) Adding exemptions from the new licensing law for open end credit plans and tax refund anticipation loans;
- (3) Correcting a cross-reference to Truth in Lending (Regulation Z), 12 C.F.R. part 1026;
- (4) Providing for consistency in the numerous references in the measure to controlling persons, executive officers, directors, general partners, and managing members;
- (5) Linking two provisions relating to the maximum loan amount through a cross-reference;
- (6) Changing the appropriation out of the compliance resolution fund to an unspecified amount;
- (7) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (8) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2471, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2471, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3682 Ways and Means on H.B. No. 2330

The purpose and intent of this measure is to clarify the Hawaii Housing Finance and Development Corporation's authority to approve and certify for exemption from general excise and use taxes any qualified person or firm involved in the new construction or substantial rehabilitation of certain housing projects.

The measure also repeals certain application and monetary limitations on the tax exemptions and prohibits tax exemption recipients from discriminating against potential tenants because they utilize vouchers or certificates provided under Section 8 of the United States Housing Act of 1937.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development and Tourism; Department of Taxation; Hawaii Housing Finance and Development Corporation; Hawaii Public Housing Authority; Hawaii Construction Alliance; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Office of Hawaiian Affairs and Tax Foundation of Hawaii.

Your Committee finds that this measure will facilitate the availability of affordable housing by providing businesses a reasonable incentive to construct new housing or substantially rehabilitate existing housing.

Your Committee has amended this measure by:

- (1) Removing the requirement that the total weighted average of all units provided in an approved and certified project be no more than one hundred percent of the area median family income;
- (2) Changing the effective date to July 1, 2018; and
- (3) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2330, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2330, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3683 Ways and Means on H.B. No. 2305

The purpose and intent of this measure is to extend the sunset date for the pesticide subsidy program manager position and the manager position's civil service exemption to June 30, 2022, to mitigate the coffee berry borer.

Your Committee received written comments in support of this measure from the Department of Agriculture; County of Hawaii, Office of the Mayor; Land Use Research Foundation of Hawaii; Hawaii Farm Bureau; ILWU Local 142; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that the Department of Agriculture will need to retain the Department's pesticide subsidy program manager for an additional year after the program's sunset date of June 30, 2021, to process applications for subsidies of costs incurred in the final year of the program.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2305, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2305, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Harimoto).

SCRep. 3684 Ways and Means on H.B. No. 2169

The purpose and intent of this measure is to appropriate moneys to the Department of Health to support youth suicide early intervention, prevention, and education initiatives in the County of Maui.

Your Committee received written comments in support of this measure from the Office of Youth Services, Maui County Commission on Children and Youth, Hawaii Family Forum, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, U.S. Army Garrison Hawaii - Suicide Prevention Program, and one concerned individual.

Your Committee received written comments on this measure from the Department of Health.

Your Committee finds that supporting youth suicide intervention, prevention, and education initiatives in the County of Maui will help to reduce the County's high rate of youth suicide attempts.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2169, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2169, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3685 Ways and Means on H.B. No. 2746

The purpose and intent of this measure is to appropriate funds to the Office of Planning for administration and operation of the special action team on affordable rental housing.

Furthermore, this measure adds three new members to the special action team, elevates the Executive Director of the Hawaii Housing Finance and Development Corporation to co-chairperson, and adds extremely low-income and very low-income families and individuals to the target groups served by the special action team.

Your Committee received written comments in support of this measure from the Governor's Coordinator on Homelessness, Office of Planning, Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and one individual.

Your Committee finds that to successfully address homelessness, the State must develop housing solutions not only for those who are currently homeless but also for extremely low-income and very low-income families and individuals, who are at the greatest risk of becoming homeless if rents continue their sharply rising trend.

Your Committee has amended this measure by making a technical nonsubstantive change for the purpose of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2746, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2746, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3686 Ways and Means on H.B. No. 474

The purpose and intent of this measure is to appropriate moneys to the University of Hawaii at Hilo for activities, including programs and studies, related to the prevention and eradication of rat lungworm disease.

Your Committee received written comments in support of this measure from the Department of Agriculture; Department of Land and Natural Resources; County of Hawaii, Mayor's Office; Hawaii County Council; University of Hawaii System; Coordinating Group on Alien Pest Species; Hawaii Farm Bureau Federation; Hawaii Farm to School Hui; Hilo Medical Center; Ka Ohana O Na Pua; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Oahu Farm to School Network; and nine individuals.

Your Committee finds that appropriating moneys to the University of Hawaii at Hilo to perform activities, including programs and studies, related to preventing and eradicating rat lungworm disease will help to reduce rat lungworm infection in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3687 Ways and Means on H.B. No. 538

The purpose and intent of this measure is to establish a special fund to accept revenues from Medicaid administrative claiming relating to the Hawaii home and community-based services for people with intellectual and developmental disabilities waiver.

This measure also establishes a working group to examine and evaluate the application process of the Hawaii Medicaid section 1915(c) home and community-based services for people with an intellectual and developmental disabilities waiver.

Your Committee received written comments in support of this measure from the Department of Health, Department of Human Services, State Council on Developmental Disabilities, The Arc in Hawaii, Catholic Charities Hawaii, Hawaii Disability Rights Center, Full Life, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure establishes a special fund necessary to support the new federal requirements regarding the implementation of the home and community-based services for people with intellectual and developmental disabilities waiver program.

Your Committee notes that the Department of Health submitted testimony suggesting that section 5 of the measure, which requires the State Council on Developmental Disabilities to establish a working group, be deleted to align with the contents of S.B. No. 2798, the companion bill to this measure, and to focus more on the establishment of a special fund for the Medicaid waiver program. The Department of Health also noted its own efforts to convene stakeholders to address the matters assigned to the working group. The Department of Human Services submitted similar testimony also suggesting that section 5 be deleted. The Department of Human Services noted that current rules already allow for the formation of a similar working group and requested that, if the measure establishes a working group, a representative from the Med-Quest Division be named as a member. Finally, the State Council on Developmental Disabilities also submitted testimony requesting that section 5 be deleted based upon the Council's belief that federal law allows for the creation of a working group without state legislation. The State Council on Developmental Disabilities also noted that it had commitments from the Developmental Disabilities Division of the Department of Health, Hawaii Disability Rights Center, and University of Hawaii Center on Disabilities Studies to work with families and individuals with disabilities to improve the application process and access to resources for the waiver program and other services.

Your Committee has amended this measure by:

- (1) Clarifying that the term "section 1915(c)" refers to section 1915(c) of the Social Security Act;
- (2) Specifying that the individuals appointed as members of the working group due to being a parent or guardian of children with developmental disabilities may be reimbursed for reasonable expenses incurred in their duties as members of the working group; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 538, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 538, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3688 Ways and Means on H.B. No. 1270

The purpose and intent of this measure as received by your Committee is to appropriate funds for and to direct the Board of Land and Natural Resources to enter into negotiations to acquire and conduct due diligence of the property identified as Tax Map Key: (3) 6-8-001:030 Kamuela, Hawaii.

Additionally, this measure as received authorizes the issuance of general obligation bonds for the purchase of the property.

Prior to decision making on this measure, a Proposed Senate Draft 2 (Proposed S.D. 2) of this measure was circulated for public review and comment.

The purpose of the Proposed S.D. 2 is to establish and appropriate funds for the agricultural land acquisition fund, which is to be partially financed by a portion of the state environmental response, energy, and food security tax and to be administered by the Agribusiness Development Corporation to acquire, administer, maintain, and manage agricultural lands and irrigation systems to improve food security.

Your Committee received testimony in support of the Proposed S.D. 2 from the Department of Agriculture, the Agribusiness Development Corporation, the Hawaii Farm Bureau Federation, the Ulupono Initiative, the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and the Hawaii Cattlemens Council.

Your Committee received testimony in opposition to the Proposed S.D. 2 from the League of Women Voters of Hawaii.

Your Committee received comments on the Proposed S.D. 2 from the Department of Budget and Finance and the Tax Foundation of Hawaii.

Your Committee finds that, since land is a critical component in enhancing the State's food security, acquiring agricultural lands may significantly increase the available agricultural land for food production and may offer additional possibilities to boost the economic viability of the State's entire agriculture industry.

Your Committee has amended this measure as received by:

- (1) Designating the existing contents of the S.D. 1 of this measure as part I;
- (2) Changing the general obligation bond and the general fund appropriations in part I to unspecified amounts;
- (3) Incorporating the Proposed S.D. 2 as part II;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for the purposes of style and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1270, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1270, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3689 Ways and Means on H.B. No. 1624

The purpose and intent of this measure is to delay, from January 1, 2019, to January 1, 2020, the implementation of the insurance producer licensing requirements amended by Act 152, Session Laws of Hawaii 2017.

Your Committee received written comments in support of this measure from the Hawaii Insurers Council.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Commerce and Consumer Affairs, Insurance Division.

Your Committee finds that delaying the producer licensing requirements that were amended by Act 152, Session Laws of Hawaii 2017, will give the insurance industry additional time to eliminate producer-to-producer appointments and comply with the law's requirements.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1624, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3690 Ways and Means on H.B. No. 2747

The purpose and intent of this measure is to amend state law relating to individual housing accounts.

More specifically, this measure:

- (1) Changes the cap on annual contribution and deduction amounts and the aggregate cap on contribution amounts for individual housing accounts established after December 31, 2018, to unspecified amounts;
- (2) Changes the deadline for distributing the entire interest for individual housing accounts established after December 31, 2018, to an unspecified number of months after the date on which the first contribution is made;

- (3) Allows community development financial institutions to serve as trustees of individual housing accounts established after December 31, 2018; and
- (4) Requires homebuyer education as a condition of distribution of funds in individual housing accounts by trustees.

Your Committee finds that this measure improves the regulation of individual housing accounts that assist lower- and moderate-income families to save for a down payment to purchase a home.

Your Committee has amended this measure by making technical nonsubstantive amendments for the purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2747, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2747, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Harimoto, Inouye, Kahele, Shimabukuro).

SCRep. 3691 Ways and Means on H.B. No. 2748

The purpose and intent of this measure is to require, and appropriate funds to, the Hawaii Housing Finance and Development Corporation to study housing waitlists in the State and in each county to gain a better understanding of the current and future demand for and supply of affordable housing suitable for individuals with access and functional needs.

Your Committee did not receive any written comments on this measure.

Your Committee finds that a lack of data about the housing issues faced by individuals with access and functional needs hinders the State's ability to formulate strategies to assist these individuals to secure suitable and affordable housing.

Your Committee has amended this measure by making a technical nonsubstantive change for the purpose of style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2748, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2748, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 5 (Harimoto, Inouye, Kahele, Shimabukuro, Wakai).

SCRep. 3692 Ways and Means on H.B. No. 2508

The purpose and intent of this measure is to assist public charter schools with infrastructure and facility costs.

Specifically, this measure:

- (1) Allows funding for rental or lease of facilities under legislative appropriations and bond authorizations to the State Public Charter School Commission for the design, planning, construction, repair, and maintenance of public charter school improvements; and
- (2) Appropriates general funds for infrastructure costs, rental or lease assistance, and the repair and maintenance of network infrastructure for charter schools.

Your Committee received written comments in support of this measure from the State Public Charter School Commission, Office of Hawaiian Affairs, Hawaii State Teachers Association, Hawaii Public Charter School Network, Kamalani Academy, DreamHouse Ewa Beach, IMUAlliance, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, HawaiiKidsCAN, Kua O Ka La NCPSC, Kona Pacific Public Charter School, Hawaii Academy of Arts and Science, Hawaii Children's Action Network, and eleven individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that while the State Public Charter School Commission may request facilities funding in addition to its annual budget request, the amounts received in recent fiscal years have not kept pace with the cost of providing and maintaining high-quality facilities.

Your Committee has amended this measure by inserting a section indicating that repealed statutory material is bracketed and stricken and that new statutory material is underscored.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2508, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2508, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3693 Ways and Means on H.B. No. 2131

The purpose and intent of this measure is to address the manner in which sexual assault evidence collection kits are processed, stored, and tracked and to ensure that victims of sexual assault are informed of their rights under the law.

Your Committee received written comments in support of this measure from the Department of the Attorney General, Hawai'i State Commission on the Status of Women, Honolulu Police Department, Hawaii Women Lawyers, The Sex Abuse Treatment Center, Community Alliance on Prisons, Joyful Heart Foundation, Planned Parenthood Votes Northwest and Hawaii, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, YWCA Oahu, Hawaii Women's Coalition, and four individuals.

The Department of the Prosecuting Attorney of the City and County of Honolulu submitted written comments on the measure.

Your Committee finds that this measure will help ensure that sexual assault evidence collection kits are tested in a timely manner and thus enhance public safety and hold offenders accountable.

Your Committee has amended this measure by:

- (1) Defining the term "eligible" with respect to DNA analyses and profiles uploaded or entered into DNA databases;
- (2) Inserting a proviso that acknowledges the Department of the Attorney General will need an additional \$350,743 beyond the amount the Department is currently authorized to expend from the DNA registry special fund in FY 2018-2019;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

Your Committee notes that although the measure defines "DNA", the measure references "autosomal DNA". The reason for this distinction is not readily apparent. If the reference to "autosomal" is unnecessary, then for clarity, it may be preferable to delete all references to "autosomal" and amend the definition of "DNA" to provide that the term has the same meaning as in section 844D-1, Hawaii Revised Statutes. Your Committee respectfully requests that this issue be considered as the measure moves forward in the legislative process.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2131, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2131, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3694 Ways and Means on H.B. No. 1774

The purpose and intent of this measure is to facilitate the payment of court-ordered restitution to crime victims.

Your Committee received written comments in support of this measure from the Crime Victim Compensation Commission, Honolulu Prosecutor's Office, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one individual.

Written comments in opposition were received from the Community Alliance on Prisons and one individual.

The Department of the Attorney General submitted written comments on the measure.

Your Committee finds that the income withholding process established by this measure will help to enforce restitution orders issued in criminal cases.

Your Committee has amended this measure by:

- (1) Inserting a definition for "business day" that had been included in the H.D. 1 version of the measure; and
- (2) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1774, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1774, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3695 Ways and Means on H.B. No. 2753

The purpose and intent of this measure is to establish various pilot programs and initiatives to address problems encountered by homeless individuals and to reduce homelessness in the State.

Your Committee received written comments in support of this measure from the Mayor of the County of Hawaii; Aloha United Way; The Queen's Health Systems; Foo W. Lim & Sons, Inc.; Hawaii Kai Homeless Task Force; Community First; Hawaii Psychological Association; IMUAlliance; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and Pele Lani Farm LLC.

Written comments on this measure were received from the Governor's Coordinator on Homelessness, Department of Land and Natural Resources, Department of Human Services, City and County of Honolulu Mayor's Office of Housing, and Catholic Charities Hawaii.

Your Committee finds that homelessness is a complex issue with many causes. The programs and initiatives established by this measure will help to address many of the causes of homelessness and develop future programs to reduce homelessness in Hawaii.

Your Committee has amended this measure by:

- (1) Requiring the Department of Human Services' Homeless Programs Office to consult with landholding state agencies as well as homeless advocates in identifying and evaluating locations where an ohana zone may be established;
- (2) Requiring that at least fifty per cent of the manufacturing labor costs of each dwelling in an ohana zone be incurred in the State;
- (3) Deleting the requirement that the total sum of funding for the coordinated statewide homeless initiative shall be provided to the master contractor at the start of the program;
- (4) Adding a requirement that the appropriation for the coordinated statewide homeless initiative shall include fiscal accountability safeguards that address upfront payment accountability measures;
- (5) Clarifying that the matching funds provided by the Department of Health for the emergency department homeless assessment pilot program shall reimburse entities for one-half of the expenses related to the program if equally matched by the participating hospital;
- (6) Requiring that an interim report for the pre-arrest diversion pilot project shall be submitted no later than January 1, 2020, and that the final report be submitted prior to the convening of the 2021 Regular Session;
- (7) Requiring that the entities that receive funds appropriated by the measure enter relevant data into the homeless management information system; and
- (8) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2753, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2753, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Shimabukuro).

SCRep. 3696 Ways and Means on H.B. No. 2352

The purpose and intent of this measure is to include a member of the Native Hawaiian Education Council and a non-voting public university student teacher on the Hawaii Teacher Standards Board and clarify that a permit is required for unlicensed teachers serving in public schools.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs; University of Hawaii System; Hawaii Teacher Standards Board; Native Hawaiian Education Council; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee finds that adding two members to the Hawaii Teacher Standards Board and clarifying the permit requirements for unlicensed teachers in public schools will help to ensure that educators are appropriately qualified to teach in Hawaii's classrooms.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2352, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3697 Ways and Means on H.B. No. 2281

The purpose and intent of this measure is to address homelessness in the State.

Specifically, this measure:

- (1) Establishes within the Department of Human Services an Ohana Zones Program to provide housing to homeless individuals and families based on principles similar to those used in "housing first" programs and appropriates moneys for the program;
- (2) Appropriates moneys to:
 - (A) The Hawaii Public Housing Authority, for public housing improvements and to administer a Housing Homeless Children Pilot Program;
 - (B) The Department of Human Services, for the continuation of the Housing First, Rapid Rehousing, and Outreach Services programs, including funding for civil legal services, and for the Family Assessment Center; and
 - (C) The Department of Health, for the continuation of outreach, counseling, and diversion programs, including funding for the Law Enforcement Assisted Diversion Pilot Program; and
- (3) Establishes within the Department of Health an Emergency Department Homelessness Assessment Pilot Program and a Medical Respite Pilot Program, requires the Department of Health to report to the 2019 Legislature on the pilot programs, and appropriates moneys for the pilot programs.

Your Committee received written comments in support of this measure from the Governor's Coordinator on Homelessness; County of Hawaii, Mayor's Office; Hawaii Substance Abuse Coalition; The Queen's Health Systems; American Civil Liberties Union of Hawaii; Foo W. Lim & Sons, Inc.; PHOCUSED; Community Alliance on Prisons; IMUAlliance; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; Hawai'i Justice Coalition; Catholic Charities Hawaii; Hawaii Advocates for Consumer Rights; The Kupuna Caucus of the Democratic Party of Hawaii; Ohana Ho'opakele; Drug Policy Forum of Hawaii; Legal Aid Society of Hawaii; Hawaii Kai Homeless Task Force; Pele Lani Farm LLC; and five individuals.

The Department of Land and Natural Resources, Hawaii Public Housing Authority, and Mayor's Office of Housing submitted written comments on the measure.

Your Committee finds that this measure's multi-faceted approach to providing housing and supportive services to individuals and families experiencing homelessness is necessary to more effectively address one of the most challenging issues in the State.

Your Committee has amended this measure by:

- (1) Deleting language that references the establishment of the Ohana Zones Program within the Department of Human Services and specifying that the Governor shall designate an executive branch agency with expertise in construction and housing development to develop and implement the program, and making conforming amendments to the related appropriation section; and
- (2) Specifying that the designated agency that develops and implements the Ohana Zones Program shall work with the Department of Land and Natural Resources on certain specified issues if any Department of Land and Natural Resources lands are determined to be suitable for program use.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2281, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2281, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Kidani).

SCRep. 3698 Ways and Means on H.B. No. 2174

The purpose and intent of this measure is to establish the high-growth grant program to provide businesses with a proven ability to export products with assistance in expanding, improving productivity, and investing in food safety or quality control programs.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Makai Ocean Engineering, Inc.; Hawaii Farm Bureau Federation; Chamber of Commerce Hawaii; and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure will help to diversify Hawaii's economy by assisting businesses in expanding into value added production and making products that can compete in the global marketplace.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2174, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2174, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3699 Ways and Means on H.B. No. 2165

The purpose and intent of this measure is to establish and appropriate moneys for the Hawaii promise program to provide scholarships for the unmet direct cost needs of qualified students enrolled at any University of Hawaii campus, including any community college campus.

Your Committee received written comments in support of this measure from the Department of Education; the University of Hawaii System; Kamehameha Schools; Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the measure addresses a statewide concern by facilitating the State's efforts to have an educated labor force and engaged citizenry, which are essential in today's global, knowledge-based economy.

Your Committee has amended the measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2165, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2165, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3700 Ways and Means on H.B. No. 2538

The purpose and intent of this measure is to authorize the Director of Finance to issue general obligation bonds for the planning, designing, and construction of a livestock feed mill.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 2 (Proposed Draft) of this measure. The Proposed Draft amends the measure by replacing its entire contents with provisions that amend the descriptions of capital improvement projects related to a livestock feed mill and a waste stream recycling facility on Oahu in the General Appropriations Act of 2015, as amended.

Your Committee received testimony in support of the S.D. 1 version of the measure from the Department of Agriculture, Ulupono Initiative, and Hawaii Cattlemens Council.

Your Committee received testimony in support of the Proposed Draft from the Agribusiness Development Corporation, Hawaii Farm Bureau, and the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that constructing a livestock feed mill in the State will reduce livestock production costs by eliminating the high cost of importing feed.

Your Committee has amended the measure by clarifying that certain appropriations made under Act 119, Session Laws of Hawaii 2015, as amended by Act 124, Session Laws of Hawaii 2016, and Acts 29 and 49, Session Laws of Hawaii 2017, are lapsed.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2538, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2538, H.D. 1, S.D. 2.

SCRep. 3701 Ways and Means on H.B. No. 2358

The purpose and intent of this measure is to make changes to provisions of law affecting land owned by the Hawaii Public Housing Authority.

Specifically, this measure:

- (1) Excludes from the definition of "public lands" those lands set aside by the Governor to the Hawaii Public Housing Authority or lands to which the Hawaii Public Housing Authority holds title in its corporate capacity; and
- (2) Requires legislative approval of the sale or gift of lands set aside by the Governor to the Hawaii Public Housing Authority or lands to which the Hawaii Public Housing Authority holds title in its corporate capacity.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority.

Your Committee received written comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that failure to exempt those lands to which the Hawaii Public Housing Authority holds title from the definition of "public lands" may unnecessarily delay Hawaii Public Housing Authority redevelopment projects, due to the need for the Board of Land and Natural Resources to review and take action on applicable land leases.

Your Committee has amended this measure by:

- (1) Excluding from the definition of "public lands" those lands to which the Department of Education, Hawaii State Public Library System, or Hawaii Health Systems Corporation holds title; and
- (2) Requiring legislative approval for the sale or gift of lands owned by the Department of Education, Hawaii State Public Library System, or Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2358, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2358, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3702 Ways and Means on H.B. No. 2328

The purpose and intent of this measure is to make certain clarifying amendments with respect to housing law.

Specifically, the measure clarifies:

- (1) The terms and applicability of the Hawaii Housing Finance and Development Corporation's authority to exercise or transfer to a qualified nonprofit housing trust the first option to purchase affordable housing units developed with the Corporation's financing or assistance; and
- (2) That Act 159, Session Laws of Hawaii 2017 (Act 159), does not affect rights, duties, and obligations that have matured through a signed contract or disclosure by way of a preliminary offering statement filed with the Real Estate Commission before the Act's effective date.

Your Committee finds that this measure provides clarification with respect to the first option to purchase certain affordable housing units.

Your Committee notes that section 2 of the measure amends section 8 of Act 159 by repealing that section's existing language and replacing it with an entirely new provision. The measure's justification sheet (included in the original draft of the measure) and testimony from the Hawaii Housing Finance and Development Corporation and the Department of Business, Economic Development,

and Tourism submitted to the Senate Committee on Housing indicate that the new provision clarifies that Act 159 does not retroactively apply to the Corporation's housing projects developed or sold prior to Act 159's effective date. However, your Committee further notes that the proposed new language of section 8, Act 159, appears to be narrower in scope than the existing provision of section 8, Act 159, which has standard and broad language designed to prevent the inadvertent retroactive application of the provisions of an act. Hence, due to the numerous provisions and amendments that appear in Act 159, it is possible that the repeal of the existing language of section 8 may lead to unintended consequences.

Due to the extensive scope of Act 159 and the limited time frame that your Committee has had to consider this measure, it is not yet apparent what those unintended consequences might be. It may be prudent to insert the new proposed provision of section 8, Act 159, as amended by this measure, but also maintain the existing language of that section.

Your Committee respectfully requests that the Committee on Conference consider this issue further and, if necessary, consult legislative counsel or the Department of the Attorney General.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2328, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2328, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

SCRep. 3703 Ways and Means on H.B. No. 2162

The purpose and intent of this measure is to require that funding for charter school teacher incentives, bonuses, and other compensation beyond regular wages be made in a separate budget appropriation and not be expended from the charter school's facilities funding or per-pupil funds.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, State Public Charter School Commission, Waimea Middle School, Kualapuu Public Conversion Charter School, Kamaile Academy Public Charter School, Hawaii State Teachers Association, Hawaii Public Charter Schools Network, Hookakoo Corporation, Hawaii Academy of Arts and Science, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii, and five individuals.

The Department of Budget and Finance submitted written comments on this measure.

Your Committee finds that due to the small size of charter schools and the limited amount of funds allocated to each school, many charter schools cannot absorb the costs of teacher incentive payments. This measure will allow charter schools to provide their teachers with bonuses without adversely impacting funding for other charter school expenses.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2162, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2162, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Galuteria, Harimoto, Inouye, Kahele).

SCRep. 3704 Ways and Means on H.B. No. 2046

The purpose and intent of this measure is to appropriate moneys to the Department of Agriculture and the University of Hawaii to support little fire ant mitigation efforts in the State.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; the Department of Agriculture; County of Hawaii, Office of the Mayor; Hawaii County Council; the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii; Little Fire Ant HUI; Big Island Invasive Species Committee; Hawaii Farm Bureau Federation; Landscape Industry Council of Hawaii; Ka Ohana O Na Pua; Holualoa Machi Kumiai; for Hawaii Cattlemens Council; and twenty-two concerned individuals.

Your Committee finds that supporting little fire ant mitigation efforts of the Department of Agriculture and the University of Hawaii will reduce the threat to the health, economy, and agriculture of the State posed by the little fire ant.

Your Committee has amended this measure by:

- (1) Changing all appropriated amounts to unspecified sums to facilitate further discussion on the measure;
- (2) Inserting the contents of S.B. No. 2399, S.D. 2, H.D. 1, as a Part II of the measure, to, among other things, restructure the Hawaii Invasive Species Council as the Hawaii Invasive Species Authority to better coordinate invasive species mitigation and eradication initiatives; and
- (3) Changing the effective date to July 1, 2051, for sections 6, 7, and 8, and July 1, 2050, for the remainder of the Act to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2046, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2046, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

SCRep. 3705 Ways and Means on H.B. No. 1577

The purpose and intent of this measure is to establish the composting grant pilot project working group.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 2 (Proposed Draft) of this measure. The Proposed Draft:

- (1) Requires the Department of Agriculture to establish and implement a compost reimbursement pilot program to provide cost reimbursement to local farmers and ranchers for the purchase of compost;
- (2) Establishes a full-time, temporary compost reimbursement pilot program manager position within the Department;
- (3) Requires the Department to submit a report of its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022; and
- (4) Appropriates moneys to the Department for the pilot program, the program manager position, and other administrative costs of the program.

Your Committee received testimony in support of the Proposed Draft from the Department of Agriculture, Hawaii Farm Bureau, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that promoting the recycling of food waste into compost will benefit the environment by removing a major source of waste from streams and landfills and reducing greenhouse gas emissions.

Your Committee has amended this measure by:

- (1) Inserting the contents of the Proposed Draft as a Part II of the measure;
- (2) Inserting a lapsing date of June 30, 2020, for the appropriation for the compost reimbursement pilot program;
- (3) Changing the effective date to "upon approval"; and
- (4) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1577, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1577, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Harimoto, Inouye).

SCRep. 3706 Ways and Means on H.B. No. 2605

The purpose and intent of this measure is to amend various laws relating to transient accommodations.

Specifically, the measure:

- (1) Establishes a process by which the Director of Taxation may permit a transient accommodations broker to register to act as a tax collection agent with respect to transient accommodations taxes and general excise taxes for its operators and plan managers;
- (2) Provides that any violation of a county transient accommodations ordinance shall result in, at a minimum, a civil penalty of not less than \$25,000 to be levied by the county planning director;
- (3) Authorizes counties to require the disgorgement of certain profits obtained through unfair or unlawful business practices;
- (4) Authorizes counties to adopt ordinances prohibiting transient accommodations brokers from engaging in business with an operator or plan manager who is not in compliance with all state laws and county ordinances, including laws and ordinances regarding land use, taxes, and professional licenses;
- (5) Authorizes counties to adopt ordinances requiring an operator or plan manager to remove certain noncompliant advertisements within seven days of receiving a notice, a violation of which shall be subject to a civil fine of not less than \$25,000, to be levied by the county planning director of the county where the subject property is located;
- (6) Authorizes counties to adopt ordinances to amortize or phase out transient vacation rental units;
- (7) Provides that, upon the establishment by a county of a process for providing verification of compliance by an operator or plan manager with that county's land use ordinances, the State shall transfer, from the transient accommodations tax revenues, up to \$1,000,000 to each county for implementation or enforcement of those land use ordinances; and
- (8) Establishes a new chapter of the Hawaii Revised Statutes to regulate transient accommodations that, among other things:
 - (A) Prohibits a person who is acting as, or on behalf of, a transient accommodations broker from:
 - (i) Engaging in business with an operator or plan manager, including any person or entity employed, contracted, or otherwise engaged by the operator or plan manager, who is not in compliance with all state laws and county ordinances, including any laws and ordinances regarding land use, taxes, and professional licenses; or

- (ii) Employing, contracting, or otherwise engaging in business with any person or entity to manage any property of the operator or plan manager or to act as an activity provider for transients served by the operator or plan manager if the person or entity is not in compliance with all state laws and county ordinances, including any laws and ordinances regarding land use, taxes, and professional licenses; and
- (B) Prohibits a person acting as, or on behalf of, a hosting platform from providing, and collecting a fee for, booking services in connection with transient vacation rentals located in the State if those transient vacation rentals are not lawfully certified, registered, or permitted as a transient vacation rental under applicable county ordinance at the time the transient vacation rental is rented.

Your Committee received written comments in support of this measure from the Office of the Governor; Department of Taxation; Office of Hawaiian Affairs; Department of Planning and Permitting, City and County of Honolulu; Planning Department, County of Kauai; two members of the Maui County Council; American Hotel and Lodging Association; Hawaii Advocates For Consumer Rights; Hawaii Lodging and Tourism Association; Hilton Hawaii; Keep It Kailua; Kohala Coast Resort Association; Kupuna Caucus of the Democratic Party of Hawaii; Marriott Resorts Hawaii; Pacific Resource Partnership; and eight individuals.

Your Committee received written comments in opposition to this measure from Airbnb; Bridges to Paradise Rentals, Inc.; Coalition for Equal Taxation; Condominium Rentals Hawaii Expedia, Inc.; Hale Ono Loa Owners Association; Hawaii Vacation Rental Association; Kona Coast Vacations; Maui Nuts, LLC; Rental By Owner Awareness Association; Rocky Point Properties, LLC; Timberline Land Co. HI, LLC; and numerous individuals.

Your Committee received written comments on this measure from the Department of the Attorney General; Department of Budget and Finance; Hawaii Tourism Authority; Office of the Mayor, County of Hawaii; Tax Foundation of Hawaii; UNITE HERE Local 5; and four individuals.

Your Committee finds that this measure establishes a workable framework to monitor the lawful provision of transient accommodations while ensuring the collection of taxes and the promotion of fair business practices.

Your Committee has amended this measure by:

- (1) Inserting a one-time tax amnesty program for certain eligible taxpayers with respect to transient accommodations tax and general excise tax liabilities;
- (2) Replacing a requirement that a transient accommodations broker place certain information in certain advertisements with a requirement that the broker notify the operator or plan manager that such information is required in those advertisements under law;
- (3) Changing the penalties in the new chapter of the Hawaii Revised Statutes from criminal penalties to civil penalties; and
- (4) Making technical nonsubstantive changes for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2605, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2605, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

SCRep. 3707 Labor on Gov. Msg. No. 503

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR OF THE DEPARTMENT OF HUMAN RESOURCES DEVELOPMENT

G.M. No. 503 RYKER WADA, for a term to expire at noon on 12-03-2018

Your Committee reviewed the personal history, resume, and statement submitted by Ryker Wada for service as the Director of Human Resources Development.

Your Committee received testimony in support of the nomination for the appointment of Mr. Wada from the Office of the Governor; Comptroller; Department of Human Resources Development; Department of Agriculture; Department of Budget and Financing; Office of Enterprise Technology Services; Department of Labor and Industrial Relations; Department of Land and Natural Resources; Department of Transportation; United Public Workers, AFSCME, Local 646, AFL-CIO; State of Hawaii Organization of Police Officers; Hawaii State Teachers Association; and eighteen individuals.

Ryker J. Wada is currently the Interim Director of Human Resources Development. Previously, he served as the Deputy Director of Human Resources Development and as the Personnel Regional Officer of the Department of Education from February 2015 to January 2017. Mr. Wada has served, among other positions, as a managing attorney for the Legal Aid Society of Hawaii; Legislative Specialist in the Business Registration Division of the Department of Commerce and Consumer Affairs; Law Clerk at Wong Oshima, Attorneys at Law; and a staff attorney for the House of Representatives Committee on Consumer Protection and Commerce during the Regular Session of 2001. While Mr. Wada is currently an inactive member of the Hawaii State Bar Association, he was first admitted to practice law in the State in 2003. The nominee received a Juris Doctorate from the University of California, Hastings College of Law and a Bachelor of Arts in Political Science from the University of Washington.

Your Committee believes that the nominee, with over fifteen years of legal and human resources experience in the public and private sectors, possesses the qualifications to serve as the Director of Human Resources Development. More particularly, his invaluable experience in labor relations will serve him well in the numerous labor protocols overseen by the Department. Testifiers commented on Mr. Wada's intelligence and willingness to expand his knowledge, commitment to ensuring the provision of high

quality services, and approachability, including being supportive, appreciative, and genuinely concerned about the well-being of employees – qualities that will benefit the Department as it strives to fulfill its mandates.

Your Committee notes from the nominee's personal statement that his vision for the Department of Human Resources Development is to enable the Department to provide quality service with improved efficiencies, customer service, and staff support. He will accomplish this by emphasizing open communication and transparency through regular meetings with human resources and personnel officers within executive branch departments. Mr. Wada also aims to make himself available to the community via the department's website and staff. Mr. Wada's highest priority is to increase efficiencies to benefit state employees and the community-at-large.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3708 Labor on Gov. Msg. Nos. 633 and 634

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

G.M. No. 633 SHERYL NOJIMA, for a term to expire 06-30-2022; and

G.M. No. 634 SEAN KNOX, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Sheryl Nojima and Sean Knox for service on the Hawaii Workforce Development Council.

Sheryl Nojima

Your Committee received testimony in support of the nomination for the reappointment of Sheryl Nojima from the Department of Labor and Industrial Relations, Workforce Development Council, American Council of Engineering Companies of Hawaii, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Nojima's experience in engineering, background, and knowledge qualify her for reappointment to the Hawaii Workforce Development Council as a representative of the private sector, including nonprofit organizations and businesses in the State. Ms. Nojima is currently employed with the engineering firm Gray, Hong, Nojima & Associates, Inc., where she is responsible for the environmental and civil services of the firm. Ms. Nojima has a Doctorate of Philosophy and Master of Business Administration from the University of Hawaii at Manoa. Previously, Ms. Nojima was employed as a project manager with Shimabukuro, Endo & Yoshizaki, Inc.; Assistant Dean and Faculty Specialist in the College of Engineering at the University of Hawaii at Manoa; Civil Engineer V with the City and County of Honolulu's Department of Public Works; and a Project Engineer at EDP Hawaii, Inc. Your Committee finds that Ms. Nojima brings to the Council extensive expertise in engineering and the construction industry to assist the Council in meeting the current and future needs of these industry sectors.

Sean Knox

Your Committee received testimony in support of the nomination for the reappointment of Sean Knox from the Department of Labor and Industrial Relations, Workforce Development Council, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Knox's experience in employment services, background, and knowledge qualify him for reappointment to the Hawaii Workforce Development Council as a representative of the private sector, including nonprofit organizations and businesses in the State. Mr. Knox is currently employed as the President, CEO, and Partner of Hawaii Employment Services, where he matches thousands of employees with employers throughout the State, including 2,086 employees in 2017. Mr. Knox has worked with over three hundred employers in a variety of industries, including the agriculture, construction, office professional, hospitality, technical, and education sectors. Your Committee finds that Mr. Knox brings to the Council extensive expertise in job placement and employment services to assist the Department of Labor and Industrial Relations in supporting employment opportunities for employees and employers throughout the State.

As affirmed by the records of votes of the members of your Committee on Labor that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 3709 Ways and Means on S.R. No. 125

The purpose and intent of this measure is to promote consistency in the curriculum across the University of Hawaii System by requesting the University of Hawaii System to utilize and expand existing curriculum and programs across the various campuses, rather than allowing each campus to create its own curriculum and programs.

Your Committee received written comments in opposition to this measure from the University of Hawaii System.

Your Committee finds that the various campuses of the University of Hawaii System should work together to offer the best undergraduate general education core requirement programs possible for its students.

Your Committee has amended this measure by:

- (1) Clarifying that the University of Hawaii System is requested to utilize and expand existing undergraduate general education core requirement curriculum and programs across the various campuses; and
- (2) Amending the measure's title to reflect its amended purpose.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 125, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 125, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3710 Ways and Means on S.R. No. 127

The purpose and intent of this measure is to improve ocean safety by urging the Department of Education to implement ocean and water safety education programs for elementary school students.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that one in five persons who die from drowning are younger than fifteen years of age; therefore it is essential to introduce ocean and water safety awareness among the State's youth.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 127, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3711 Ways and Means on S.R. No. 53

The purpose and intent of this measure is to urge the Vice President for Budget and Finance of the University of Hawaii System to develop a plan for the redevelopment of the University of Hawaii at Manoa lower campus through a public private partnership.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the University of Hawaii System.

Your Committee finds that public private partnerships to redevelop the lower campus of the University of Hawaii at Manoa could help generate revenue for the school and revitalize the area with minimal capital investment by the State.

Your Committee has amended this measure by specifying that the findings and recommendations of the Vice President for Budget and Finance of the University of Hawaii System address options for public private partnership pilot projects.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 53, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 53, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3712 Ways and Means on S.R. No. 119

The purpose and intent of this measure is to promote access to education by requesting the Department of Education to explore student aid options for students who attend a Department of Education community school for adults and opt to enroll in and complete the competency-based community school diploma program to earn a Hawaii adult community school diploma.

Your Committee received written comments in support of this measure from the Department of Education.

Your Committee finds that because Department of Education community school for adults graduates who successfully completed the competency-based community school diploma program do not qualify for federal student aid, alternate solutions are necessary to allow these graduates the opportunity to further their education.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 119 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Shimabukuro).

SCRep. 3713 Ways and Means on S.R. No. 54

The purpose and intent of this measure is to request the Board of Education to redistrict the students expected to be living in the yet-to-be-completed Koa Ridge development to the Pearl City-Waipahu complex area.

Your Committee received written comments in support of this measure from the Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Education.

Your Committee finds that the current boundaries of the Department of Education districts will require students who will be living in the Koa Ridge development to attend Mililani Middle School. However, Mililani Middle School is not expected to have the

resources to meet this additional student capacity. Your Committee further finds that redistricting Koa Ridge development students to the Pearl City-Waipahu complex area, instead of the Leilehua-Mililani-Waialua complex area, will direct those students to a middle school with sufficient capacity to accept additional students.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 54 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Harimoto, Shimabukuro).

SCRep. 3714 Ways and Means on S.R. No. 30

The purpose and intent of this measure is to urge the Agribusiness Development Corporation to establish a farm apprenticeship program.

Your Committee received written comments in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, and Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that this measure will help Hawaii's agriculture industry increase self-sustainability and improve food security.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 30 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (English, Harimoto, Kahele, Shimabukuro).

SCRep. 3715 (Joint) Commerce, Consumer Protection, and Health and Human Services on S.R. No. 116

The purpose and intent of this measure is to request the Department of Health and Department of Commerce and Consumer Affairs to:

- (1) Review existing research on the impact of screen time and media consumption on children's and adolescents' physical, cognitive, and emotional health and policies implemented in other jurisdictions to address this issue; and
- (2) Submit a report of their findings and recommendations to the Legislature including a list of key points from the research, potential policies to implement, plans for future agency actions, and an explanation of the division of responsibility between the Departments of Health and Commerce and Consumer Affairs with respect to this issue.

Your Committees received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i and three individuals. Your Committees received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs Office of Consumer Protection. Your Committees received comments on this measure from the Department of Health.

Your Committees find that the current levels of screen time by children and adolescents pose potential risks to the health of Hawaii's youth. Your Committees further find that existing research on screen use may provide a cost-effective guide to health policy around this issue.

Your Committees have heard the concern of the Department of Commerce and Consumer Affairs and the Department of Health that the Departments lack the resources and trained staff to handle all of the concerns raised by this measure. Your Committees find that the Department of Commerce and Consumer Affairs may not be the appropriate agency to address the concerns raised by this measure. Your Committees also find that the Department of Health's Chronic Disease Prevention and Health Promotion Division cooperates with state agencies, schools, nonprofit organizations, and members of the community to address the physical health and nutrition of children and adolescents. The Division's mission is closely aligned with the purpose and intent of this measure, but does not include developmental or psychosocial aspects of the health of children and adolescents. Your Committees find that the Division's cooperative arrangements may be useful vehicles to study the effect of screen use on the physical health and nutrition of children and adolescents. Amendments to this measure are therefore necessary to address the concerns raised by the Department of Health and to shift the focus from mental and psychosocial health to physical health and nutrition.

Your Committees have amended this measure by:

- (1) Removing references to the Department of Commerce and Consumer Affairs;
- (2) Amending the findings to highlight ties between screen use and obesity and lack of physical activity to reflect the change in focus from mental and psychosocial health to physical health and nutrition;
- (3) Requesting the Department of Health to submit its report no later than twenty days prior to the Regular Session of 2020, rather than 2019;
- (4) Amending the contents of the requested report to reflect the change in focus from mental and psychosocial health to physical health and nutrition, including preparation of a summary of findings and recommendations of a future convening of nutrition and physical activity stakeholders;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce, Consumer Protection, and Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 116, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 116, S.D. 1.

Signed by the Chair and President on behalf of the Committees.

Commerce, Consumer Protection, and Health: Ayes, 5. Noes, none. Excused, 2 (Nishihara, Tokuda).

Human Services: Ayes, 3. Noes, none. Excused, 2 (Harimoto, Tokuda).

SCRep. 3716 Labor on S.R. No. 114

The purpose and intent of this measure is to urge Hawaii's congressional delegation to oppose any proposed federal right-to-work legislation.

Your Committee received testimony in support of this measure from the United Public Workers, AFSCME, Local 646, AFL-CIO; IMUAlliance; and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that federal legislation has been introduced to enact a national right-to-work law that would amend the National Labor Relations Act of 1935 and Railway Labor Act of 1926 to bar the inclusion of union security clauses in collective bargaining agreements. Your Committee further finds that right-to-work legislation limits the ability of workers in private and public sectors to successfully advocate for fair wages, benefits, and working conditions, and undermines labor organizing efforts, which have advanced civil rights, women's rights, and economic justice. Therefore, this measure urges the Hawaii congressional delegation to oppose any proposed federal right-to-work legislation.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 114 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

SCRep. 3717 Economic Development, Tourism, and Technology on Gov. Msg. Nos. 687, 688, 717, and 738

Recommending that the Senate advise and consent to the nominations of the following:

STADIUM AUTHORITY

G.M. No. 687 MICHAEL IOSUA, for a term to expire 06-30-2022;

G.M. No. 688 ROSS YAMASAKI, for a term to expire 06-30-2022;

G.M. No. 717 KEITH AMEMIYA, for a term to expire 06-30-2022; and

G.M. No. 738 HUBERT MINN, for a term to expire 06-30-2021

Your Committee reviewed the personal histories, resumes, and statements submitted by Michael Iosua, Ross Yamasaki, Keith Amemiya, and Hubert Minn for service on the Stadium Authority.

MICHAEL IOSUA

Your Committee received testimony in support of the nomination for the reappointment of Michael Iosua from the Department of Accounting and General Services, Stadium Authority, SanHi Government Strategies, Hawai'i Pacific Health, and seven individuals.

Mr. Iosua is an attorney and the Director of Government and Public Affairs for Imanaka Asato, LLLC and has also served as the Assistant Attorney General for the Government of Samoa. He is an experienced board member of the Stadium Authority having served since 2014. During his tenure as a board member, he has chaired the Audit and Internal Governance committees while leading transit-oriented development efforts with the State Legislature and Honolulu City Council. Mr. Iosua has been instrumental in the development of Aloha Stadium, played a role in the removal of deed restrictions, and contributed to major projects such as the Honolulu rapid transit project, transit-oriented development, health and safety capital improvement projects, and other issues regarding the redevelopment of Aloha Stadium. Your Committee finds that Mr. Iosua's legal background, business and budget experience, and demonstrated leadership qualify him for reappointment to the Stadium Authority.

ROSS YAMASAKI

Your Committee received testimony in support of the nomination for the reappointment of Ross Yamasaki from the Department of Accounting and General Services, Stadium Authority, and two individuals.

Mr. Yamasaki is a registered architect and an established design strategist with years of experience working on public and private projects in planning and design. He is currently the Vice President of Capitol Consultants of Hawaii. As Vice President, he is responsible for the firm's operations and development and also leads activities in the areas of sustainability, environmental quality, and green technology. Mr. Yamasaki is the current Chair of the Stadium Authority. According to testimony, Mr. Yamasaki has displayed exceptional leadership skills and has provided the necessary all-inclusive guidance to address the major challenges concerning the future of Aloha Stadium. Your Committee believes that with his experience as an architect, Chair of the Stadium Authority, and legislative experience qualify him for reappointment to the Stadium Authority.

KEITH AMEMIYA

Your Committee received testimony in support of the nomination for the reappointment of Keith Amemiya from the Department of Accounting and General Services, Stadium Authority, and SanHi Government Strategies.

Mr. Amemiya is currently the Senior Vice President of Island Holdings, Inc., where he is responsible for the company's risk management practices and also handles legal and regulatory compliance. He has extensive experience in the field of sports having served as the Executive Director of the Hawaii High School Athletic Association for nearly twelve years, where he led the Save the Sports fundraising campaign and created the two-classification state championship format. Mr. Amemiya has been a member of the Stadium Authority since 2015. He has played a significant role in the removal of deed restrictions and overseeing the development of the Honolulu Authority for Rapid Transportation Guideway and Transit Station. Your Committee finds that Mr. Amemiya's management experience, specifically in sports, and his experience with the Stadium Authority qualify him for reappointment to the Stadium Authority.

HUBERT MINN

Your Committee received testimony in support of the nomination for the appointment of Hubert Minn from the Department of Accounting and General Services, Stadium Authority, and four individuals.

Mr. Minn has an extensive background working for the City and County of Honolulu, having served as Deputy Director for the Departments of Enterprise Services and Customer Service for a combined four years and has been a member of the Board of Education, including as its Chair from 1978 to 1979. Mr. Minn also has experience in the area of sports as the Chair of the World Boxing Council and North American Boxing Federation and as an International Ring Official Judge for the World Boxing Council. Your Committee finds that Mr. Minn's vast experience in public service and professional involvement in the sport of boxing at the international level will make him a valuable asset to the Stadium Authority and qualify him for appointment.

As affirmed by the records of votes of the members of your Committee on Economic Development, Tourism, and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3718 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 608, 610, 611, 612, 613, 630, and 631

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

- G.M. No. 608 RYAN PALACIO, for a term to expire 06-30-2020;
- G.M. No. 610 PATRICIA MORRISSEY, for a term to expire 06-30-2018;
- G.M. No. 611 PATRICIA MORRISSEY, for a term to expire 06-30-2022;
- G.M. No. 612 LIZA YOGI, for a term to expire 06-30-2022;
- G.M. No. 613 MARY BROGAN, for a term to expire 06-30-2019;
- G.M. No. 630 MICHELLE PESTEL-MAGA, for a term to expire 06-30-2022; and
- G.M. No. 631 DARWIN NAGAMINE, for a term to expire 06-30-2020

Your Committee reviewed the personal histories, resumes, and statements submitted by Ryan Palacio, Patricia Morrissey, Liza Yogi, Mary Brogan, Michelle Pestel-Maga, and Darwin Nagamine for service on the State Council on Developmental Disabilities.

RYAN PALACIO

Your Committee received testimony in support of the nomination for the appointment of Ryan Palacio from the Division of Vocational Rehabilitation of the Department of Human Services, State Council on Developmental Disabilities, Friendship House, Hawaii Self-Advocacy Advisory Council, and one individual.

Upon review of the testimony, your Committee finds that Mr. Palacio's background, experience, and commitment qualify him to be nominated for appointment to the State Council on Developmental Disabilities. Your Committee notes that federal law specifically requires sixty percent of the membership of the Council to consist of individuals with developmental disabilities or their parents, guardians, or immediate relatives. Your Committee further notes that Mr. Palacio's appointment would contribute toward this requirement. Your Committee notes that Mr. Palacio currently serves as the vice chair of the Hawaii Self-Advocacy Advisory Council and understands the role and responsibility of Council membership. Your Committee finds that Mr. Palacio is an active member of the community through his participation in Friendship House and Special Olympics. Your Committee notes that Mr. Palacio is a passionate advocate on behalf of persons with developmental disabilities. Mr. Palacio indicated in his personal statement that he plans to ensure that necessary services are in place for the future.

PATRICIA MORRISSEY

Your Committee received testimony in support of the nominations for the appointment and reappointment of Patricia Morrissey from the State Council on Developmental Disabilities, Hawaii Self-Advocacy Advisory Council, Hawaii Disability Rights Center, Center on Disability Studies – College of Education, and one individual.

Upon review of the testimony, your Committee finds that Dr. Morrissey's expertise, background, and experience qualify her to be nominated for appointment and reappointment to the State Council on Developmental Disabilities as a representative of the University Centers for Excellence in Developmental Disabilities Education, Research, and Service. Your Committee finds that Dr. Morrissey currently serves as the Director of the Center on Disability Studies, College of Education, University of Hawaii. Dr. Morrissey also serves as the Chair of the United States International Council on Disabilities, where she has been a member since 2010. Your

Committee notes that Dr. Morrissey played a central role in drafting major disability legislation, demonstrating her familiarity with the law-making process. In addition, Dr. Morrissey's research background will provide the Council with the data and trends necessary to pursue federal grants and other funding. Your Committee notes that Dr. Morrissey has provided consulting services with respect to disability access to technology. In addition to her professional experience, Dr. Morrissey can effectively advocate for persons with disabilities as a person with cerebral palsy.

LIZA YOGI

Your Committee received testimony in support of the nomination for the reappointment of Liza Yogi from the State Council on Developmental Disabilities, Hawaii Self-Advocacy Advisory Council, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Yogi's background, experience, and enthusiasm qualify her to be nominated for reappointment to the State Council on Developmental Disabilities as a parent of a person with a developmental disability. Your Committee notes that, as a resident of Hawaii island, Ms. Yogi could serve as a liaison to the East Hawaii Developmental Disabilities Committee, as she already attends Committee meetings. Your Committee finds that Ms. Yogi is an original planning partner of the East Hawaii Disability Legislative Forum, which encourages discussion between community members and legislators. Your Committee finds that Ms. Yogi has valuable experience as a caregiver and collaborator within her local community who is adept at leveraging local resources. Ms. Yogi indicated in her personal statement a desire to help achieve the goals of the Council and continue to introduce new ideas to improve results. Your Committee finds that Ms. Yogi understands the role and responsibilities of Council membership.

MARY BROGAN

Your Committee received testimony in support of the nomination for the appointment of Mary Brogan from the Department of Health, Department of Human Services, State Council on Developmental Disabilities, Hawaii Self-Advocacy Advisory Council, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Brogan's education, expertise, and experience qualify her to be nominated for appointment to the State Council on Developmental Disabilities as a representative of the Department of Health. Your Committee finds that Ms. Brogan is currently employed as the Administrator of the Developmental Disabilities Division of the Department of Health. Your Committee further finds that, in Ms. Brogan's capacity as the Administrator, she would provide the Council with direct and ongoing information about the Division's programs. Your Committee finds that Ms. Brogan was instrumental in working with the MedQuest Division of the Department of Human Services to write, submit, and secure approval for a new Home and Community Based Services Waiver application and plan. Your Committee also notes that Ms. Brogan serves on the Board of Directors for the National Association of State Developmental Disabilities Directors and chairs their Research Committee, providing the Council with access to insights and research from the national level.

MICHELLE PESTEL-MAGA

Your Committee received testimony in support of the nomination for the reappointment of Michelle Pestel-Maga from the State Council on Developmental Disabilities, Hawaii Self-Advocacy Advisory Council, and five individuals.

Upon review of the testimony, your Committee finds that Ms. Pestel-Maga's experience, passion, and background qualify her to be nominated for reappointment to the State Council on Developmental Disabilities as a parent of a child with special needs. Your Committee finds that Ms. Pestel-Maga is the primary mover behind Act 213, Session Laws of Hawaii 2015, also known as Anya's Law, which required health insurance coverage for orthodontic treatment of orofacial anomalies, as well as follow-up legislation expanding the number of orthodontists eligible to perform the medically necessary orthodontic services, demonstrating her familiarity with the law-making process as well as her commitment to effective advocacy. Ms. Pestel-Maga would also bring her knowledge of the early intervention and early childhood system to the Council. In addition to serving on the State Council on Developmental Disabilities since 2016, your Committee notes that Ms. Pestel-Maga currently serves as the President of Lifetime of Smiles Hawaii and the Secretary of Family Voices Hawaii, demonstrating her community engagement and that she understands the role and responsibilities of Council membership.

DARWIN NAGAMINE

Your Committee received testimony in support of the nomination for the appointment of Darwin Nagamine from the State Council on Developmental Disabilities, Hawaii Self-Advocacy Advisory Council, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Nagamine's background, experience, and enthusiasm qualify him to be nominated for appointment to the State Council on Developmental Disabilities. Your Committee notes that federal law specifically requires sixty percent of the membership of the Council to consist of individuals with developmental disabilities or their parents, guardians, or immediate relatives. Your Committee further notes that Mr. Nagamine's appointment would contribute toward this requirement. Mr. Nagamine currently serves as a moderator at the East Hawaii Disability Legislative Forum, which encourages discussion between community members and legislators. Mr. Nagamine is also the Vice-Chair of the Hawaii Self-Advocacy Advisory Council and a member of Special Olympics, demonstrating his engagement with the community. Mr. Nagamine also attends East Hawaii Developmental Disabilities Committee meetings and understands the role and responsibilities of Council membership. Mr. Nagamine indicated in his personal statement that he hopes to make Hawaii a more inclusive and integrated home.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

STATE BOARD OF NURSING

G.M. No. 624 KAREN BOYER, for a term to expire 06-30-2022;

G.M. No. 625 JUDY KODAMA, for a term to expire 06-30-2022; and

G.M. No. 626 KATHARYN DAUB, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Karen Boyer, Judy Kodama, and Katharyn Daub for service on the State Board of Nursing.

KAREN BOYER

Your Committee received testimony in support of the nomination for the reappointment of Karen Boyer from the Department of Commerce and Consumer Affairs, Kapi'olani Community College, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Boyer's background, experience, and commitment to her profession qualify her to be nominated for reappointment to the State Board of Nursing as a licensee member. Your Committee notes that Ms. Boyer has been a Registered Nurse for over thirty-five years, has extensive experience as a nursing educator, and is currently the Nursing Department Chair at the University of Hawai'i's Kapi'olani Community College. Ms. Boyer also has experience in a variety of health care settings and roles, including prior service as a nursing instructor, call-in clinical nurse specialist, staff/charge nurse, unit manager, house supervisor, and as a women's health nurse practitioner at a community-based health center. Your Committee further finds that Ms. Boyer has been a member of the State Board of Nursing since August 2017, currently serves as a member of the Board's Education Committee, and has represented the Board at conferences of the National Council of State Boards of Nursing. Your Committee therefore recommends that Ms. Boyer be reappointed to the State Board of Nursing based on her knowledge, experience, and dedication to serving the public.

JUDY KODAMA

Your Committee received testimony in support of the nomination for the reappointment of Judy Kodama from the Department of Commerce and Consumer Affairs and four individuals.

Upon review of the testimony, your Committee finds that Ms. Kodama's background, knowledge, and proven experience on the State Board of Nursing qualify her to be nominated for reappointment to the State Board of Nursing as a licensee member representing the County of Maui. Your Committee notes that Ms. Kodama has over thirty years of experience in nursing and nursing administration, is the former Director of Nursing at Maui Memorial Medical Center, and is currently the Assistant Administrator for Maui Health System. Ms. Kodama has previously held a variety of positions in the nursing field, including as a medical surgery nurse, critical care nurse, and flight nurse. Your Committee further finds that Ms. Kodama has been a member of the State Board of Nursing since July 2015, is one of two current board members that practice in an acute care setting, and her wide range of experiences has given her a unique perspective that continues to enhance the effectiveness of the Board's deliberations. Your Committee therefore recommends that Ms. Kodama be reappointed to the State Board of Nursing based on her knowledge, experience, and dedication to serving her community.

KATHARYN DAUB

Your Committee received testimony in support of the nomination for the reappointment of Katharyn Daub from the Department of Commerce and Consumer Affairs; Bay Clinic, Inc.; and five individuals.

Upon review of the testimony, your Committee finds that Dr. Daub's knowledge, background, and experience qualify her to be nominated for reappointment to the State Board of Nursing as a licensee member representing the County of Hawaii. Your Committee notes that Dr. Daub has over thirty-four years of nursing experience, including as a registered nurse and nurse educator, and is currently a Professor of Nursing at the School of Nursing, University of Hawai'i at Hilo, where she was instrumental in the development of the School's Doctor of Nursing Practice Program. Dr. Daub has also been a member of the Board of Directors for the Bay Island Clinic, Inc., a community health center, for the past thirteen years, where she has served in a variety of leadership roles, including as the current Vice Chair. Your Committee further finds that Dr. Daub has been a member of the State Board of Nursing since July 2014 and her extensive background as a nursing educator continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Dr. Daub be reappointed to the State Board of Nursing based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 513 REG BAKER, for a term to expire 06-30-2018;

- G.M. No. 514 REG BAKER, for a term to expire 06-30-2022;
 G.M. No. 673 WILLIAM LYDGATE, for a term to expire 06-30-2018;
 G.M. No. 674 WILLIAM LYDGATE, for a term to expire 06-30-2022; and
 G.M. No. 675 MARY ALBITZ, for a term to expire 06-30-2020

Your Committee reviewed the personal histories, resumes, and statements submitted by Reg Baker, William Lydgate, and Mary Albitz for service on the Small Business Regulatory Review Board.

REG BAKER

Your Committee received testimony in support of the nominations for the appointment and reappointment of Reg Baker from the Department of Business, Economic Development, and Tourism; Small Business Regulatory Review Board; and Hawaii Technology Development Corporation.

Mr. Baker has vast experience in business spanning over twenty-five years. He is the owner of Reg Baker, CPA, LLC, and is nationally recognized as a specialist in small- and mid-sized businesses. Mr. Baker has been an interim member of the Small Business Regulatory Review Board since 2017 and has provided insight in areas such as regulatory issues and administrative rules on taxation and labor. In addition to serving on the Small Business Regulatory Review Board, Mr. Baker serves on the National Board of Directors for the Small Business Regulatory Fairness Board, and is the Chairman of Region IX of the Small Business Administration's Board of Directors. Your Committee finds that Mr. Baker is an exemplary candidate for the Small Business Regulatory Review Board given his extensive experience working with small- and medium-sized businesses.

WILLIAM LYDGATE

Your Committee received testimony in support of the nominations for the appointment and reappointment of William Lydgate from the Department of Business, Economic Development, and Tourism and Small Business Regulatory Review Board.

Mr. Lydgate is the owner and President of Steelgrass Farm, located in Kauai. Steelgrass Farm grows and harvests chocolate, coffee, vanilla, tropical fruits and flowers, and honey bees. Mr. Lydgate is an advocate of the benefits of farming sustainability and has vast experience in agriculture and land and natural resources. He is a leader in the new Hawaiian specialty chocolate industry and a pioneer of agricultural based tourism. Mr. Lydgate is also a successful public speaker, having given a Tedx Talk presentation titled "Changing the way we think about chocolate" where he discussed the health benefits of dark chocolate. Your Committee finds that Mr. Lydgate's experience running a small business in Kauai and his knowledge of the agriculture industry qualify him for appointment and reappointment to the Small Business Regulatory Review Board.

MARY ALBITZ

Your Committee received testimony in support of the nomination for the appointment of Mary Albitz from the Department of Business, Economic Development, and Tourism and Small Business Regulatory Review Board.

Ms. Albitz is the Vice President of business development at FocalPoint Business Coach and has been a member of the Rotary Club of Upcountry since 2016. She is responsible for promoting FocalPoint Business Coach in the community and one-on-one coaching of clients, among other things. Prior to working at FocalPoint Business Coach, she was the founder and Chief Executive Officer of Jigsaw Java, Inc. Ms. Albitz's experience as a small-business owner allowed her to develop relationships with leaders, such as Honolulu City Council members, and was involved with the local Chamber of Commerce and Redwood City Downtown Business Group. Your Committee finds that Ms. Albitz's experience as a small-business owner and her familiarity with the challenges that small-business owners often face qualify her for appointment to the Small Business Regulatory Review Board.

As affirmed by the records of votes of the members of your Committee on Economic Development, Tourism, and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

SCRep. 3721 Economic Development, Tourism, and Technology on Gov. Msg. Nos. 689 and 690

Recommending that the Senate advise and consent to the nominations of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

- G.M. No. 689 JANE HORIKE, for a term to expire 06-30-2021; and
 G.M. No. 690 ERNEST MATSUMURA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Jane Horike and Ernest Matsumura for service on the Community-Based Economic Development Advisory Council.

JANE HORIKE

Your Committee received testimony in support of the nomination for the appointment of Jane Horike from the Department of Business, Economic Development, and Tourism.

Ms. Horike has been working for the County of Hawaii since 2000 and currently serves as an Economic Development Specialist III in the Department of Research and Development, where her duties include planning, organizing, and conducting research, and preparing analyses to develop product promotion and industrial expansion programs. Her expertise in research allows her to identify

and develop opportunities to expand existing businesses and coordinate the promotion of new businesses. Ms. Horike is also responsible for providing grants from the County of Hawaii to non-profits for community economic development. Ms. Horike is the Hawaii Island Enterprise Zone Coordinator and works closely with the Department of Business, Economic Development, and Tourism. Ms. Horike is an interim member of the Community-Based Economic Development Advisory Council. Your Committee finds that Ms. Horike's experience as a member of the Advisory Council and years of experience working toward economic development in the State make her an exemplary candidate for the Community-Based Economic Development Advisory Council.

ERNEST MATSUMURA

Your Committee received testimony in support of the nomination for the appointment of Ernest Matsumura from the Department of Business, Economic Development, and Tourism.

Mr. Matsumura is a retired business owner with over thirty years of experience in the food industry in various fields such as sales, distribution, manufacturing, and marketing. He has roughly forty years of experience in the fields of management, leadership, and administration. Prior to his retirement, Mr. Matsumura was the Chief Executive Officer of American Trading Co., Ltd, and was the owner of Designer Meats, Inc., dba Miko Foods of Hawaii. In addition to his years of experience in business, Mr. Matsumura has dedicated his time to supporting his community and various non-profit organizations, including by serving as the President of the East Hawaii Community Development Corporation, Charter Director of the Pacific Educational Foundation, Inc. (Hawaii Job Corps), Board member of ALU LIKE, Inc., and other organizations. Your Committee finds that Mr. Matsumura's years of experience in the business sector in Hawaii and his dedication to the community qualify him to be appointed to the Community-Based Economic Development Advisory Council.

As affirmed by the records of votes of the members of your Committee on Economic Development, Tourism, and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 574 DEAN GEORGIEV, for a term to expire 06-30-2021;

G.M. No. 575 AMY TSUJI-JONES, for a term to expire 06-30-2019; and

G.M. No. 644 PHYLLIS MEIGHEN, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Dean Georgiev, Amy Tsuji-Jones, and Phyllis Meighen for service on the Disability and Communication Access Board.

DEAN GEORGIEV

Your Committee received testimony in support of the nomination for the appointment of Dean Georgiev from the Disability and Communication Access Board and three individuals.

Upon review of the testimony, your Committee finds that Mr. Georgiev's background, knowledge, and prior service as a member of the Commission on Persons with Disabilities qualify him to be nominated for appointment to the Disability and Communication Access Board in the capacity of a person with a disability. Your Committee finds that Mr. Georgiev has been employed for the past ten years by Ho'opono Services for the Blind, Department of Human Services, including currently as a Supervisor, and previously as a Rehabilitation Teacher. Your Committee notes that, as part of his employment, Mr. Georgiev provides instruction to persons who are blind, visually impaired, or deaf-blind in computer technology and develops independent living skills programs for people who are blind or have low vision. Your Committee notes that Mr. Georgiev's expertise will be a strong resource to the Board as it shifts its focus to cloud-based information access issues.

AMY TSUJI-JONES

Your Committee received testimony in support of the nomination for the appointment of Amy Tsuji-Jones from the Disability and Communications Access Board and two individuals.

Upon review of the testimony, your Committee finds that Ms. Tsuji-Jones's knowledge, background, and expertise qualify her to be nominated for appointment to the Disability and Communication Access Board in the capacity of a person with a disability. Your Committee notes that Ms. Tsuji-Jones is currently self-employed, teaching American Sign Language (ASL) classes and presenting workshops on Deaf Self-Advocacy Training among other activities. Your Committee also notes that Ms. Tsuji-Jones previously served as an ASL and Deaf Studies Lecturer at Kapiolani Community College from 1999 to 2016, and has also taught at the Hawaii School for the Deaf and Blind and Kendall Demonstration Elementary School for the Deaf in Washington, D.C. Your Committee notes that the Board plays a role in testing, credentialing, and regulating ASL interpreters, so Ms. Tsuji-Jones's expertise will be a valuable asset to the Board. Ms. Tsuji-Jones has also demonstrated her commitment to advocacy for the deaf and hard of hearing community, and has received training to serve as an Abused Deaf Women's Advocacy Services support provider and as a Deaf Self-Advocacy Trainer.

PHYLLIS MEIGHEN

Your Committee received testimony in support of the nomination for the reappointment of Phyllis Meighen from the Disability and Communication Access Board, Special Parent Information Network, and two individuals.

Upon review of the testimony, your Committee finds that Dr. Meighen's background, experience, and prior service as an interim member of the Disability and Communication Access Board qualify her to be nominated for reappointment to the Disability and Communication Access Board in the capacity of a family member of an individual with a cognitive or developmental disability, and as a representative from Kauai County. Your Committee notes that, although retired, Dr. Meighen has served as a pastor, associate pastor, and adjunct lecturer in special education. As a lecturer in special education, Dr. Meighen helped develop nationally recognized curricula for supporting the transition of youth with developmental disabilities into the workforce and larger community. Dr. Meighen also founded Winners at Work (now Abilities Unlimited), a nonprofit community-based employment service for people with significant disabilities. Dr. Meighen has been serving on the Disability and Communication Access Board since 2017 and is currently on the Advisory Committee of the Special Parent Information Network, demonstrating that she understands the role and responsibilities of Board membership.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Recommending that the Senate advise and consent to the nominations of the following:

REAL ESTATE COMMISSION

- G.M. No. 593 RUSSELL KYONO, for a term to expire 06-30-2022; and
- G.M. No. 594 JOHN LOVE, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Russell Kyono and John Love for service on the Real Estate Commission.

RUSSELL KYONO

Your Committee received testimony in support of the nomination for the appointment of Russell Kyono from the Department of Commerce and Consumer Affairs, Board of Directors of the Kaua'i Board of REALTORS, New Hope Kaua'i, and Vision Realty LLC.

Upon review of the testimony, your Committee finds that Mr. Kyono's background, experience, and commitment to public service qualify him to be nominated for appointment to the Real Estate Commission as a real estate broker member representing the County of Kauai. Your Committee notes that Mr. Kyono has been in the real estate industry for nearly forty years, where he specializes in property management as well as sales; has been licensed as a real estate salesperson since 1981 and licensed as a real estate broker since 1991; and has been the Owner and Principal Broker of Kauai Rentals & Real Estate in Lihue, Kauai, since 2010. Mr. Kyono is also an active member of his community and with his profession and has served in a variety of leadership roles with the Kaua'i Board of REALTORS, including on the Board of Directors and the Property Management Committee. Your Committee further finds that Mr. Kyono has a thorough understanding of the role and responsibilities of commission members and therefore recommends that Mr. Kyono be appointed to the Real Estate Commission based on his extensive experience, knowledge, and dedication to serving the community.

JOHN LOVE

Your Committee received testimony in support of the nomination for the appointment of John Love from the Department of Commerce and Consumer Affairs and nineteen individuals.

Upon review of the testimony, your Committee finds that Mr. Love's knowledge, background, and commitment to public service qualify him to be nominated for appointment to the Real Estate Commission as a public member representing the City and County of Honolulu. Your Committee notes that Mr. Love is an attorney and partner at Cades Schutte LLP, where he specializes in real estate law, including condominium project documentation and registrations, subdivision development, purchase and sales transactions, and commercial leasing. Mr. Love has also co-authored a chapter of the Hawaii Real Estate Law Manual, participated as a presenter and panelist at Hawaii real estate law seminars, and is an active member of the Hawaii State Bar Association, where he currently serves as the Treasurer of the Real Property and Financial Services Section. Your Committee further finds that Mr. Love's deep familiarity with Hawaii's condominium laws and the laws and regulations governing real estate brokers and salespersons will enhance the effectiveness of the Real Estate Commission and therefore recommends that Mr. Love be appointed to the Real Estate Commission based on his background, knowledge, and dedication to serving the community.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

BOARD OF PHARMACY

G.M. No. 583 ALANNA ISOBE, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Alanna Isobe for service on the Board of Pharmacy.

Your Committee received testimony in support of the nomination for the appointment of Alanna Isobe from the Department of Commerce and Consumer Affairs; Oahu County Committee, Legislative Priorities Committee of the Democratic Party of Hawaii; and four individuals.

Upon review of the testimony, your Committee finds that Ms. Isobe's knowledge, experience, and commitment to public service qualify her to be nominated for appointment to the Board of Pharmacy as a licensee member. Your Committee notes that Ms. Isobe has been a pharmacist for over twenty years; has worked in many different capacities as a community pharmacist, including as a pharmacy manager, pharmacy recruiter, and district pharmacy manager; and is currently the Pharmacy Manager for Safeway, Inc. Your Committee further finds that Ms. Isobe has been committed to the protection and promotion of public health throughout her career and since 2007, has led her company in protecting her patients against vaccine preventable diseases. Ms. Isobe has also worked with the Department of Health on various vaccination programs and was awarded the national Immunization Champion award in 2017 by the American Pharmacists Association, the highest honor in her profession for immunization practice excellence, for her efforts during the State's Hepatitis A outbreak. Your Committee additionally finds that Ms. Isobe has a thorough understanding of the role and responsibilities of board members and therefore recommends that Ms. Isobe be appointed to the Board of Pharmacy based on her experience, background, and dedication to serving her community.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

STATE BOARD OF BARBERING AND COSMETOLOGY

G.M. No. 517 AMANDA SEVERSON, for a term to expire 06-30-2021

Your Committee reviewed the personal history, resume, and statement submitted by Amanda Severson for service on the State Board of Barbering and Cosmetology.

Your Committee received testimony in support of the nomination for the appointment of Amanda Severson from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Ms. Severson's background, experience, and commitment to public service qualify her to be nominated for appointment to the State Board of Barbering and Cosmetology as a beauty operator member. Your Committee notes that Ms. Severson has been in the beauty industry for over fifteen years, has been licensed in Hawaii as a cosmetologist since 2012, and is the owner, operator, and founder of Men's Hall Haircuts & Grooming Bar in Honolulu. Ms. Severson is also dedicated to community service and has worked on a number of community outreach and service programs, including with the YWCA, American Cancer Society, and University of Hawaii. Your Committee further finds that Ms. Severson has served as an interim member of the State Board of Barbering and Cosmetology since February 2018 and has a thorough understanding of the role and responsibilities of board members. Your Committee therefore recommends that Ms. Severson be appointed to the State Board of Barbering and Cosmetology based on her knowledge, experience, and dedication to serving her industry and the community.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

STATE BOARD OF NATUROPATHIC MEDICINE

G.M. No. 582 KRISTEN COLES, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Kristen Coles for service on the State Board of Naturopathic Medicine.

Your Committee received testimony in support of the nomination for the appointment of Kristen Coles from the Department of Commerce and Consumer Affairs; Oahu County Committee, Legislative Priorities Committee of the Democratic Party of Hawai'i; and three individuals.

Upon review of the testimony, your Committee finds that Dr. Coles' background, experience, and dedication to the community qualify her to be nominated for appointment to the State Board of Naturopathic Medicine as a licensee member. Your Committee notes that Dr. Coles has been licensed in Hawaii since 2012 and is a naturopathic physician and licensed acupuncturist at the Steelsmith Natural Health Center, where she sees an average of sixty patients a week and oversees, runs, and operates an intravenous nutritional therapy clinic that specializes in chronic disease, anti-aging, and sports recovery. Dr. Cole is an active member of her profession and is a member of the American Association of Naturopathic Physicians and the Hawaii Society of Naturopathic Physicians, where she worked closely with the Legislative Committee and previously served as the Secretary of the Executive Committee. Your Committee further finds that Dr. Coles has a thorough understanding of the role and responsibilities of board members and recommends that Dr. Coles be appointed to the State Board of Naturopathic Medicine based on her knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

BOARD OF MASSAGE THERAPY

G.M. No. 519 JODIE HAGERMAN, for a term to expire 06-30-2021

Your Committee reviewed the personal history, resume, and statement submitted by Jodie Hagerman for service on the Board of Massage Therapy.

Your Committee received testimony in support of the nomination for the appointment of Jodie Hagerman from the Department of Commerce and Consumer Affairs and one individual.

Upon review of the testimony, your Committee finds that Ms. Hagerman's background and dedication to serving her community qualify her to be nominated for appointment to the Board of Massage Therapy as a public member. Your Committee notes that Ms. Hagerman is a retired attorney, licensed to practice law in California and Hawaii, whose prior experience includes working as a Staff Attorney for the Hawaii State Judiciary and as a Research Attorney for the Senate Majority Office. After her retirement, Ms. Hagerman was hired to develop, coordinate, and implement a continuing education program for Hawaii attorneys mandated by a Hawaii Supreme Court order, which gave her valuable insight into the rulemaking process. Your Committee further finds that Ms. Hagerman has been an interim member of the Board of Massage Therapy since January 2018 and has a thorough understanding of the role and responsibilities of board members, and her legal background and past work experience will be an asset to the Board. Your Committee therefore recommends that Ms. Hagerman be appointed to the Board of Massage Therapy based on her knowledge, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 524 CAROL PETITH-ZBICIAK, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Carol Petith-Zbiciak for service on the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of the nomination for the appointment of Carol Petith-Zbiciak from the State Health Planning and Development Agency and six individuals.

Upon review of the testimony, your Committee finds that Dr. Petith-Zbiciak's professional experience, knowledge, and commitment to public service qualify her for consideration for appointment to the Health Planning Council, Tri-Isle Subarea. Your Committee finds that Dr. Petith-Zbiciak is a family nurse practitioner and a tenured member of the faculty at University of Hawaii, Maui College. Your Committee notes that Dr. Petith-Zbiciak has been serving as an interim member of the Council and has a thorough understanding of the role and responsibilities of board members. Your Committee also finds that Dr. Petith-Zbiciak is active in her community, including volunteering at the annual Health Fair for the Homeless and Unsheltered and serving as a volunteer Nurse Practitioner at Maui Oral Health Center and Maui College Campus Health Center. Dr. Petith-Zbiciak also has a wide breadth of experience, including research and clinical work, home health care, and flight paramedic services, which will be valuable to the Council as it makes health-care decisions for the Tri-Isle Subarea.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HAWAI'I MEDICAL BOARD

G.M. No. 518 GERI YOUNG, for a term to expire 06-30-2021

Your Committee reviewed the personal history, resume, and statement submitted by Geri Young for service on the Hawaii Medical Board.

Your Committee received testimony in support of the nomination for the appointment of Geri Young from the Department of Commerce and Consumer Affairs, Hawai'i Pacific Health, Pu'ulu Lapa'au, and four individuals.

Upon review of the testimony, your Committee finds that Dr. Young's background, experience, and commitment to public service qualify her to be nominated for appointment to the Hawaii Medical Board as a physician member representing the County of Kaua'i. Your Committee notes that Dr. Young is a board certified pediatrician, has practiced on Kaua'i for over thirty-five years, and has served as the Chief Medical Officer for the Kaua'i Medical Clinic since 2007. Dr. Young is extremely active in her community and with her profession and serves as a member of the Kaua'i Rural Health Association; on the Quality Improvement Advisory Committee of AlohaCare; on the board of Hale 'Ōpio Kaua'i, an organization that provides residential and community programs for youth; and on the board of Pu'ulu Lapa'au, an organization that assists health care providers. Your Committee further finds that Dr. Young's extensive experience as a health care administrator in private and public health care settings, combined with her thorough medical knowledge, will bring a valuable perspective to the Hawaii Medical Board. Your Committee therefore recommends that Dr. Young be appointed to the Hawaii Medical Board based on her knowledge, background, and dedication to serving her community.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 520 LARRY IGNAS, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Larry Ignas for service on the Motor Vehicle Industry Licensing Board.

Your Committee received testimony in support of the nomination for the appointment of Larry Ignas from the Department of Commerce and Consumer Affairs; Hawaii Automobile Dealers' Association; and Oahu County Committee, Legislative Priorities Committee of the Democratic Party of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Ignas's background and commitment to serving his community qualify him to be nominated for appointment to the Motor Vehicle Industry Licensing Board as a public member. Your Committee notes that Mr. Ignas is a retired police officer who transitioned into the private security business, where he was the founder and owner of two security companies, Star Protection Agency and United Security Alarms, and gained twenty years of experience in the business of securing automobile dealerships. Mr. Ignas now serves as the General Manager of Alakea Corporate Tower. Your Committee further finds that Mr. Ignas has served as an interim member of the Motor Vehicle Industry Licensing Board since January 2018 and has a thorough understanding of the role and responsibilities of board members. Your Committee also finds that Mr. Ignas's desire to give back to his community will enhance the effectiveness of the Board and therefore recommends that Mr. Ignas be appointed to the Motor Vehicle Industry Licensing Board based on his experience, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3746 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 548, 549, and 550

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH & SUBSTANCE ABUSE, HAWAII SERVICE AREA BOARD

G.M. No. 548 CARMEN BOWMAN, for a term to expire 06-30-2020;

G.M. No. 549 CAROL MATAYOSHI, for a term to expire 06-30-2018; and

G.M. No. 550 CAROL MATAYOSHI, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Carmen Bowman and Carol Matayoshi for service on the Mental Health & Substance Abuse, Hawaii Service Area Board.

CARMEN BOWMAN

Your Committee received testimony in support of the nomination for the appointment of Carmen Bowman from the Department of Health and two individuals.

Upon review of the testimony, your Committee finds that Ms. Bowman's knowledge, background, and experience qualify her to be nominated for appointment to the Board as a service area resident and provider who is a non-state employee. Your Committee finds that Ms. Bowman is currently employed at Child and Family Services, Ohana Support Services Program of East Hawaii, as a parent partner for parents of children with developmental, emotional, and behavioral challenges, and has served in this role for nearly twenty years. Ms. Bowman is also the parent of an adult child with a developmental delay. In her capacity as a parent partner, Ms. Bowman has empowered and supported parents and families struggling with developmental disabilities, providing information and referral services. Ms. Bowman has also demonstrated her commitment to community involvement through her participation in the East Hawaii Community Children's Council. Your Committee finds that Ms. Bowman has great experience in and comprehension of the affected community, and understands the role and responsibilities of membership in the Board.

CAROL MATAYOSHI

Your Committee received testimony in support of the nominations for the appointment and reappointment of Carol Matayoshi from the Department of Health, Oahu County Committee on Legislative Priorities of the Democratic Party, and five individuals.

Upon review of the testimony, your Committee finds that Ms. Matayoshi's knowledge, background, and experience qualify her to be nominated for appointment and reappointment to the Board as a service area resident and service provider who is a non-state employee. Ms. Matayoshi is a self-employed consultant providing research, development, and grant-writing services for Going Home Hawaii, a nonprofit organization that assists people who are released from prison return to community life through appropriate employment, training, and support services. Your Committee notes that over the past twenty years, she has previously worked as a case manager, program director, and grant administrator for a plethora of programs providing a wide range of services for the homeless, victims of drug and alcohol abuse, and the mentally ill. Your Committee notes that Ms. Matayoshi has valuable experiences working directly with those in need, as well as creating, funding, and managing programs for culturally diverse populations, such as the "Nine Months: Window of Hope" program, which encouraged women to abstain from drug use during pregnancy. Ms. Matayoshi is also familiar with existing mental health services and resources and is skilled at helping those in need access these services and resources.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Ruderman, Tokuda).

SCRep. 3747 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 578, 579, 580, and 581

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

- G.M. No. 578 MAUREEN BATES, for a term to expire 06-30-2019;
- G.M. No. 579 PHILIP ANA, for a term to expire 06-30-2021;
- G.M. No. 580 MICHELLE MURALT, for a term to expire 06-30-2020; and
- G.M. No. 581 SHANA METSCH, for a term to expire 06-30-2021

Your Committee reviewed the personal histories, resumes, and statements submitted by Maureen Bates, Philip Ana, Michelle Muralt, and Shana Metsch for service on the State Council on Developmental Disabilities.

MAUREEN BATES

Your Committee received testimony in support of the nomination for the appointment of Maureen Bates from the State Council on Developmental Disabilities, Department of Human Services, Goodwill Industries of Hawaii, and one individual.

Upon review of the testimony, your Committee finds that Ms. Bates' knowledge, experience, and expertise qualify her for appointment to the State Council on Developmental Disabilities as a representative of a state agency that administers funds provided under the Rehabilitation Act of 1973. Your Committee notes that Ms. Bates currently serves as the Administrator of the Department of Human Services, Division of Vocational Rehabilitation. Ms. Bates' experience will help the Council achieve its goal of providing individuals with intellectual and developmental disabilities with increased access to and opportunities for the education, training, and support services needed to succeed in the labor market. Your Committee also notes that Ms. Bates has been a certified Rehabilitation Counselor since 2001 and is familiar with best practices for vocational rehabilitation. Ms. Bates is also personally familiar with the challenges facing developmentally disabled persons as her sibling has an intellectual disability.

PHILIP ANA

Your Committee received testimony in support of the nomination for the appointment of Philip Ana from the State Council on Developmental Disabilities, Department of Health Executive Office on Aging, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Ana's knowledge, experience, and expertise qualify him for appointment to the State Council on Developmental Disabilities as a representative of a state agency that administers funds provided under the Older Americans Act of 1965. Mr. Ana is currently employed as the Long-Term Disability Specialist for the Executive Office on Aging and will foster cooperation between the Council and the Executive Office on Aging and associated non-state actors and networks. Your Committee notes that Mr. Ana has spent the last thirty-one years as an advocate for Hawaii individuals with physical and cognitive disabilities and has demonstrated his desire to contribute to the community through his membership on the Advisory Committee for the No Wrong Door project, which aims to develop a network of agencies supporting individuals with long term service and support needs, including individuals who are elderly or disabled, to remain independent and lead meaningful lives.

MICHELLE MURALT

Your Committee received testimony in support of the nomination for the appointment of Michelle Muralt from the State Council on Developmental Disabilities, Disability and Communication Access Board, and one individual.

Upon review of the testimony, your Committee finds that Ms. Muralt's personal experience, strong commitment to the community, and history of public service qualify her for appointment to the State Council on Developmental Disabilities as an individual with a developmental disability. Ms. Muralt currently serves as the Event Chair of the Hawaii Self-Advocacy Advisory Council, which duties she discharges with articulation and enthusiasm. Ms. Muralt is an active community member and has volunteered at events for the State Council on Developmental Disabilities. As an individual with a developmental disability, Ms. Muralt views herself as the voice of other persons with developmental disabilities and seeks to represent her community and reduce bullying. Ms. Muralt also has experience with public engagement, previously serving as a contractor to assist at the Waianae Emergency Management Preparedness Fair at the Feeling Safe, Being Safe booth, explaining the program to members of the public.

SHANA METSCH

Your Committee received testimony in support of the nomination for the appointment of Shana Metsch from the State Council on Developmental Disabilities and five individuals.

Upon review of the testimony, your Committee finds that Ms. Metsch's personal experience, strong commitment to the community, and history of public service qualify her for appointment to the State Council on Developmental Disabilities as the parent of an individual with a developmental disability. Ms. Metsch has a record of public service and is an active member of the Epilepsy Foundation of Hawaii. Ms. Metsch's experience as a parent and familiarity with legal and social developments and existing bureaucracy related to disabilities and health care will help the Council address its goals relating to the provision of standardized screening, services, and supports to parents and family members of children at risk for developmental delays or with intellectual or developmental disabilities. Your Committee finds that Ms. Metsch already serves as an unofficial resource to other members of the community on Kauai, and that her service on the Council will allow her to share her knowledge with a wider audience.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has

found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

G.M. No. 554 RANDOLPH HACK, for a term to expire 06-30-2018; and

G.M. No. 555 RANDOLPH HACK, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Randolph Hack for service on the Mental Health and Substance Abuse, Oahu Service Area Board.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Randolph Hack from the Department of Health, Mental Health America of Hawaii, National Alliance on Mental Illness, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Hack's experience, knowledge, and background qualify him to be nominated for appointment and reappointment to the Mental Health and Substance Abuse, Oahu Service Area Board as a resident who is a consumer or nonprovider of mental health services. Your Committee notes that, prior to his retirement, Mr. Hack served as the Consumer Advisor in the Department of Health Adult Mental Health Division for eighteen years. Mr. Hack also served for over thirty years as an advocate for persons with mental illness with a passion for helping them achieve respect and dignity and develop their full potential. Mr. Hack served the Board of Directors of the National Alliance on Mental Illness as an advisor, member, and vice-president for over eleven years and also served on the Diamond Head Service Area Board and the State Council on Mental Health, demonstrating his thorough understanding of the role and responsibilities of board members.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HAWAII ADVISORY COMMISSION ON DRUG ABUSE AND CONTROLLED SUBSTANCES

G.M. No. 521 BRYAN WATKINS, for a term to expire 06-30-2018;

G.M. No. 522 BRYAN WATKINS, for a term to expire 06-30-2022; and

G.M. No. 523 DIANA FELTON, for a term to expire 06-30-2019

Your Committee reviewed the personal histories, resumes, and statements submitted by Bryan Watkins and Diana Felton for service on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances.

BRYAN WATKINS

Your Committee received testimony in support of the nominations for the appointment and reappointment of Bryan Watkins from the Department of Health, Oahu County Committee on Legislative Priorities of the Democratic Party of Hawaii'i, Drug Policy Forum of Hawaii, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Watkins' knowledge, background, and expertise qualify him to be nominated for appointment and reappointment to the Commission as the representative of the youth action segment of the community. Your Committee finds that Mr. Watkins is the co-owner of Clark Hatch Fitness Center, and notes the importance of physical and mental health in the prevention of drug and substance abuse. Your Committee also notes that Mr. Watkins serves on the executive committee of the Rotary Club of Honolulu, and in this capacity is actively involved in philanthropic work with an emphasis on outreach to at-risk youth. Your Committee finds that Mr. Watkins specifically helped organize the Rotary Club's "Ride So They Can Walk" campaign, whose participants collected pledges for each mile they biked, with the proceeds contributed to eradicating polio. Your Committee also finds that Mr. Watkins' strong community and business ties will be valuable resources for the Commission.

DIANA FELTON

Your Committee received testimony in support of the nomination for the appointment of Diana Felton from the Department of Health, Drug Policy Forum of Hawaii, and three individuals.

Upon review of the testimony, your Committee finds that Dr. Felton's knowledge, background, and expertise qualify her to be nominated for appointment to the Commission as the representative of the medical segment of the community. Your Committee notes that Dr. Felton is currently employed as an assistant clinical professor at the John A. Burns School of Medicine and as a board-certified emergency physician with Hawaii Emergency Physicians Associated, putting her in touch with the academic community and the front lines of the medical treatment field, especially with respect to drug and alcohol addiction. Dr. Felton is also one of the few board-certified toxicologists in Hawaii; in this capacity, she has conducted extensive research on poisoning and drug addiction. Your

Committee also notes that Dr. Felton has experience dealing with the opioid epidemic in Massachusetts and Hawaii. Dr. Felton has also worked in one of the regions with the highest heroin usage, treated thousands of overdoses, and helped families recover from drug abuse, and is eager to provide scientifically sound recommendations to prevent and treat alcohol and drug abuse in Hawaii.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 529 JOHN BARNETT, for a term to expire 06-30-2019

Your Committee reviewed the personal history, resume, and statement submitted by John Barnett for service on the Health Planning Council, Hawaii County Subarea.

Your Committee received testimony in support of the nomination for the appointment of John Barnett from the State Health Planning and Development Agency and two individuals.

Upon review of the testimony, your Committee finds that Dr. Barnett's knowledge, background, and prior experience on the Statewide Health Coordinating Council qualify him to be nominated for appointment to the Health Planning Council, Hawaii County Subarea. Your Committee notes that Dr. Barnett is currently the Principal of the Barnett Consulting Group, LLC; in this capacity, he helps organizations achieve greater effectiveness and improved results. Dr. Barnett has also demonstrated his commitment to public service as a board member of the Kona-Kohala Chamber of Commerce, and he has a thorough understanding of the role and responsibilities of Council members. Your Committee notes that Dr. Barnett also has familiarity with the health care community, as he has served as an advisor for the Mayor of the County of Hawaii's health care conference, served on the Statewide Health Coordinating Council, and assisted with the formation of the Hawaii Island Healthcare Alliance. Dr. Barnett's work with the Hawaii Island Healthcare Alliance led to strategic sharing of resources among the island's hospitals and third-party payers, resulting in lasting change.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3752 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 576 and 577

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 576 VIOLET HORVATH, for a term to expire 06-30-2022; and

G.M. No. 577 RONALD AWA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Violet Horvath and Ronald Awa for service on the Disability and Communication Access Board.

VIOLET HORVATH

Your Committee received testimony in support of the nomination for the appointment of Violet Horvath from the Disability and Communication Access Board and three individuals.

Upon review of the testimony, your Committee finds that Dr. Horvath's knowledge, background, and personal and professional experience qualify her to be nominated for appointment to the Disability and Communication Access Board as a member with a disability. Your Committee notes that Dr. Horvath is currently employed as the Director of the Pacific Disabilities Center of the Research Corporation of the University of Hawaii at Manoa. More than half of the staff at the Pacific Disabilities Center have disabilities, including Dr. Horvath, who has a mobility disability. Dr. Horvath has already worked with the Disability and Communication Access Board through the Pacific Disabilities Center with respect to the licensing and regulation of American Sign Language interpreters and the establishment of a Comprehensive Deaf Services Center. In her personal statement, Dr. Horvath indicates that she wants to bring her belief in universal design to the Board and improve access to all users by providing access to disabled users.

RONALD AWA

Your Committee received testimony in support of the nomination for the appointment of Ronald Awa from the Disability and Communication Access Board and three individuals.

Upon review of the testimony, your Committee finds that Mr. Awa's knowledge, background, and expertise qualify him to be nominated for appointment to the Disability and Communication Access Board as a member with knowledge of areas for which the Board has rulemaking authority. Specifically, Mr. Awa is currently employed as a licensed architect with Awa and Associates, and in this capacity he has helped create projects for both the public and private sector which are accessible for persons with disabilities. Mr. Awa has forty-seven years of experience in the architectural design profession, including the last thirty-two with Awa and Associates. Mr. Awa has previously served on the Disability and Communication Access Board and on a predecessor agency, the Architectural Access Committee, and has a thorough understanding of the role and responsibilities of a board member. Mr. Awa has also demonstrated his strong commitment to professional and community engagement, having served as the chair of several architectural review committees and as a member of Lions Club International, East Manoa Lions Club and the United Okinawan Association, Urasoe Shijin Kai.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE HEALTH COORDINATING COUNCIL

G.M. No. 560 JOANNE KEALOHA, for a term to expire 06-30-2021

Your Committee reviewed the personal history, resume, and statement submitted by Joanne Kealoha for service on the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination for the appointment of Joanne Kealoha from the State Health Planning and Development Agency and four individuals.

Upon review of the testimony, your Committee finds that Dr. Kealoha's professional experience, knowledge, and background qualify her to be nominated for appointment to the Statewide Health Coordinating Council. Your Committee notes that Dr. Kealoha is the Chair of Nursing and a full-time instructor at Argosy University, where she helped establish an RN-BSN program. Prior to employment at Argosy University, Dr. Kealoha served as an advanced practice registered nurse at the Hawaii Baptist Academy, Hilo Medical Center, Department of Veterans' Affairs, and Hawaii Department of Health. Dr. Kealoha also previously served as a Labor Relations Specialist for the Hawaii Nurses Association. Dr. Kealoha looks forward to bringing her breadth of experience gained from thirty-four years of service as a nurse to the Council to help meet the healthcare needs of local residents from a diverse array of backgrounds.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

SCRep. 3754 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 551 and 552

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH & SUBSTANCE ABUSE, MAUI SERVICE AREA BOARD

G.M. No. 551 TARA BERRY, for a term to expire 06-30-2020; and

G.M. No. 552 DANIELLE BERGAN, for a term to expire 06-30-2019

Your Committee reviewed the personal histories, resumes, and statements submitted by Tara Berry and Danielle Bergan for service on the Mental Health and Substance Abuse, Maui Service Area Board.

TARA BERRY

Your Committee received testimony in support of the nomination for the appointment of Tara Berry from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Berry's experience, knowledge and background qualify her to be nominated for appointment to the Mental Health and Substance Abuse, Maui Service Area Board as a non-state employee service area provider. Your Committee notes that Ms. Berry worked from 2009 to 2011 as a primary counselor for the Po'ailani Dual Diagnosis Facility and from 2001 to 2009 as a residential counselor with the Salvation Army Adult Treatment Services. Ms. Berry has unique experience as a past provider and past consumer of substance use services, and her experience and awareness of issues pertaining to the substance use community will be invaluable to the Board. Ms. Berry has also demonstrated her commitment to public service as an active volunteer with Cup of Cold Water, Aloha House, Maui Economic Opportunity, and Mental Health Kokua and Hospice and thoroughly understands the role and responsibilities of a Board member.

DANIELLE BERGAN

Your Committee received testimony in support of the nomination for the appointment of Danielle Bergan from the Department of Health and two individuals.

Upon review of the testimony, your Committee finds that Ms. Bergan's experience, passion, and background qualify her to be nominated for appointment to the Mental Health and Substance Abuse, Maui Service Area Board as a Maui service area resident who is a consumer or nonprovider of mental health services. Your Committee notes that Ms. Bergan has most recently worked as the human resources and administration manager and intake coordinator for Ka Hale A Ke Ola Homeless Resource Centers. Ms. Bergan has also served as a member of the Prevent Suicide Maui County Task Force and the Board of Directors for Mental Health America, Maui Chapter, showing that she has a thorough understanding of the role and responsibilities of a Board member. Ms. Bergan's experience as an individual who has struggled with substance use, clinical depression, and suicidal thoughts and has subsequently overcome those struggles will be a valuable resource to the Board. Ms. Bergan is passionate about helping individuals address their mental health challenges and plans to advocate for the strengthening of mental health services especially for children, in Maui County.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

G.M. No. 534 PETER DI ROCCO, for a term to expire 06-30-2018; and

G.M. No. 535 PETER DI ROCCO, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Peter Di Rocco for service on the Emergency Medical Services Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Peter Di Rocco from the Department of Health, Emergency Medical Services for Children Program, and two individuals.

Upon review of the testimony, your Committee finds that Dr. Di Rocco's experience, background, and expertise qualify him to be nominated for appointment and reappointment to the Emergency Medical Services Advisory Committee as a physician experienced in the conduct of emergency medical services and engaged in the practice of pediatrics and board-certified by the American Board of Pediatrics. Your Committee notes that Dr. Di Rocco is employed as an Assistant Professor of Pediatrics/Pediatric Emergency Medicine at the University of Hawaii John A. Burns School of Medicine and as an Emergency Physician at Kapiolani Medical Center for Women and Children. Dr. Di Rocco is board-certified in Pediatrics and Pediatric Medicine. Dr. Di Rocco also serves as the American Academy of Pediatrics Hawaii representative for pediatric disaster preparedness, as a medical officer for the Hawaii Disaster Medical Assistance Team, as a member of the Hawaii Public Health Corporate Emergency Management Committee, as a member of the Kapiolani Emerging Infectious Disease Preparedness Task Force, and as the Trauma Liaison for the Kapiolani Emergency Department. Your Committee notes that Dr. Di Rocco's expertise in pediatrics and disaster preparedness uniquely qualify him for this position.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has

found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HEALTH PLANNING COUNCIL, WEST OAHU SUBAREA

G.M. No. 525 ERIC BARSATAN, for a term to expire 06-30-2018; and

G.M. No. 526 ERIC BARSATAN, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Eric Barsatan for service on the Health Planning Council, West Oahu Subarea.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Eric Barsatan from the State Health Planning and Development Agency; Keiki Care Center of Hawaii; Aloha Habilitation Services, Inc.; The Filipino Chamber of Commerce; and one individual.

Upon review of the testimony, your Committee finds that Mr. Barsatan's experience, knowledge, and commitment to public service qualify him to be nominated for appointment to the Health Planning Council, West Oahu Subarea. Your Committee notes that Mr. Barsatan is currently employed as the Manager for Physician Liaisons, Medical Staff Services, and Physician Relations at The Queen's Medical Center, West Oahu. Your Committee also notes that Mr. Barsatan is the owner and chief instructor of Hawaii CPR Training Services, LLC and the owner and administrator of Aloha Angel Care, LLC, a care home. Mr. Barsatan has also worked for Kaiser Permanente as a Coordinator of Contingent Workers. Mr. Barsatan is familiar with the needs and concerns of health care providers and patients and is especially engaged in the West Oahu region. Mr. Barsatan is also active in the community, serving as a member of the Board of Directors of the Filipino Community Center and formerly serving as the Manager of the Office of Boards and Commissions for the State, and has a thorough understanding of the role and responsibilities of council members.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3757 Water and Land on Gov. Msg. No. 605

Recommending that the Senate advise and consent to the nomination of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 605 FREDERICK WARSHAUER, for a term to expire 06-30-2022

Your Committee reviewed, the personal history, resume, and statement submitted by Frederick Warshauer for service on the Legacy Land Conservation Commission.

Your Committee received testimony in support of the nomination for the reappointment of Frederick Warshauer from the Department of Land and Natural Resources, Moloka'i Land Trust, and one individual.

Upon review of the testimony, your Committee finds that Mr. Warshauer's experience as a field biologist, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Legacy Land Conservation Commission as a member possessing scientific qualifications as evidenced by an academic degree in wildlife or marine biology, botany, forestry, ecology, resource management, biogeography, zoology, or geology. Your Committee notes that Mr. Warshauer has worked with native plants and vegetation throughout the State over the last forty-five years and worked in various roles for federal and local government, including as a Wildlife Biologist and Botanist for the United States Fish and Wildlife Service, a Coastal Zone Management Planner for the County of Hawai'i, and Senior Research Associate for the United States Geological Survey, Pacific Islands Ecosystems Research Center.

Your Committee further notes that as a member of the Legacy Land Conservation Commission, Mr. Warshauer recently helped the staff of the Department of Land and Natural Resources plan and conduct a site visit to inspect the condition of property and resources acquired through a land acquisition grant. Testimony received in support of the nominee indicates that he is a great asset for assisting with further development and implementation of the monitoring component of the Legacy Land Conservation Program. His broad knowledge and deep experience in natural history and resource protection will continue to fill a valuable niche on the Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3758 Commerce, Consumer Protection, and Health on Gov. Msg. No. 652

Recommending that the Senate advise and consent to the nomination of the following:

PUBLIC UTILITIES COMMISSION

G.M. No. 652 JENNIFER POTTER, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Jennifer Potter for service on the Public Utilities Commission.

Your Committee received testimony in support of the nomination for the appointment of Jennifer Potter from the Office of the Governor; Department of Business, Economic Development, and Tourism; Department of Transportation; Office of Enterprise Technology Services; Public Utilities Commission; Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs; Distributed Energy Resources Council of Hawaii; Tesla; Sacramento Municipal Utility District; Elemental Excelsior; Hawaii Solar Energy Association; Gridworks; Hawai'i Energy; Haiku Design and Analysis; Sierra Club of Hawai'i; Turner Engineering Corporation; Alliance for Solar Choice; ProVision Solar, Inc.; and twenty-seven individuals.

Upon review of the testimony, your Committee finds that Ms. Potter's background, experience, and commitment to public service qualify her to be nominated for appointment to the Public Utilities Commission. Your Committee notes that Ms. Potter graduated from Southern Oregon University with a Bachelor of Arts in International Studies and Economics and holds a Master of Science in Public Policy and Management from Carnegie Mellon University, an educational background that will be extremely valuable to the Public Utilities Commission as the State moves toward its renewable energy goal. Your Committee further finds that Ms. Potter has extensive experience in the energy sector and is currently an Assistant Specialist with the University of Hawai'i at Mānoa's Hawai'i National Energy Institute, where she researches scenarios for Hawai'i's future renewable energy mix.

Prior to joining the Hawai'i National Energy Institute, Ms. Potter was a Senior Scientific Engineering Associate in the Energy Markets and Policy Group at Lawrence Berkeley National Laboratory in Berkeley, California. In that capacity, Ms. Potter served as the lead researcher on the 2025 California Demand Response Potential Study for the California Public Utilities Commission, a three-year project that investigated the technical, market, and economic potential for demand response to provide service to the bulk power system. Ms. Potter also worked at the Sacramento Municipal Utility District (SMUD) in various positions, including as Project Manager for SMUD's SmartPricing Options pilot, one of the nation's most renowned experimentally-designed demand response and time-of-use pricing pilot programs that has heavily influenced regulators throughout California, and as an Electric Analyst for the City of Roseville, California.

Your Committee additionally finds that Ms. Potter recognizes and supports the State's energy policies and goals. Ms. Potter also acknowledges the broad oversight role of the Public Utilities Commission and the regulatory responsibilities that the Commission must fulfill in support of these policies and goals. Ms. Potter indicated in her personal statement that she acknowledges that the Public Utilities Commission regulates over 1,700 public utilities and service providers that deliver electricity, water and sewage, gas, and telecommunications, as well as motor carrier and maritime transportation services. Ms. Potter, as a dedicated public servant, understands the importance of the State's regulated utilities and the far-reaching impacts Commission decisions have on these entities, residents, and visitors and is committed to working diligently to serve and protect consumers in Hawaii.

Finally, your Committee notes that Ms. Potter's utility background and research experience have uniquely prepared her for the role of Commissioner, as the current energy dockets in front of the Public Utilities Commission fall within Ms. Potter's areas of expertise, including transmission and distribution grid operations, conventional and renewable sources, distributed energy resources, integration of demand side resources, time-based pricing, and demand response.

Your Committee therefore finds that Ms. Potter's extensive skills, knowledge, and accomplishments in the emerging utility business will be an invaluable complement to the expertise of the other Commissioners and recommends that Ms. Potter be appointed to the Public Utilities Commission based on her experience, background, and dedication to serving in the public's best interest.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

SCRep. 3759 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 619, 648, and 679

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF MASSAGE THERAPY

G.M. No. 619 PAULA BEHNKEN, for a term to expire 06-30-2022;

G.M. No. 648 OLIVIA NAGASHIMA, for a term to expire 06-30-2022; and

G.M. No. 679 STEPHANIE BATH, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Paula Behnken, Olivia Nagashima, and Stephanie Bath for service on the Board of Massage Therapy.

PAULA BEHNKEN

Your Committee received testimony in support of the nomination for the reappointment of Paula Behnken from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Ms. Behnken's background, commitment to public service, and proven leadership on the Board of Massage Therapy qualify her to be nominated for reappointment to the Board of Massage Therapy as a public member. Your Committee notes that Ms. Behnken was previously employed in an administrative capacity at the Maui School of Therapeutic Massage, a position which enabled her to gain familiarity with the practice of massage therapy. Your Committee further finds that Ms. Behnken has been a member of the Board of Massage Therapy since 2015 and has assisted in the updating of the Board's administrative rules to more clearly and concisely define the scope of practice and standards of care for licensed massage therapists. Ms. Behnken also currently serves as the Vice Chair for the Board of Massage Therapy and her insights as a public member continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Ms. Behnken be reappointed to the Board of Massage Therapy based on her experience, background, and dedication to public service.

OLIVIA NAGASHIMA

Your Committee received testimony in support of the nomination for the appointment of Olivia Nagashima from the Department of Commerce and Consumer Affairs and four individuals.

Upon review of the testimony, your Committee finds that Ms. Nagashima's background, knowledge, and prior experience on the Board of Massage Therapy qualify her to be nominated for appointment to the Board of Massage Therapy as a licensee member. Your Committee notes that Ms. Nagashima has been a licensed massage therapist since 1996; is the owner, principal, and sponsoring therapist of Ko'olau Massage; and serves as department chair of the massage therapy program at Remington College – Honolulu Campus. Ms. Nagashima is also an active member and current President of the Hawaii Chapter of the American Massage Therapy Association. Your Committee further finds that Ms. Nagashima has a thorough understanding of the role and responsibilities of board members by virtue of her prior service on the Board of Massage Therapy from 2008 to 2016, where she also served as past Chair, and her extensive experience in the field of massage therapy will once again be an asset to the Board. Your Committee therefore recommends that Ms. Nagashima be appointed to the Board of Massage Therapy based on her knowledge, experience, and commitment to serving her community.

STEPHANIE BATH

Your Committee received testimony in support of the nomination for the reappointment of Stephanie Bath from the Department of Commerce and Consumer Affairs and six individuals.

Upon review of the testimony, your Committee finds that Ms. Bath's knowledge, background, and proven experience on the Board of Massage Therapy qualify her to be nominated for reappointment to the Board of Massage Therapy as a licensee member. Your Committee notes that Ms. Bath has been a licensed massage therapist since 1981 and is a licensed massage therapist in private practice in Hilo, Hawaii. Ms. Bath is also an active member of her community, including serving as a volunteer with the American Red Cross and the Hawai'i County Community Emergency Response Team Program. Your Committee further finds that Ms. Bath previously served on the Board of Massage Therapy from 1987 until 1992 and has been a current member of the Board since April 2014, where she has been assisting in proposed revisions to the Board's administrative rules. Your Committee further finds that Ms. Bath's extensive knowledge gained during her many years as a licensed massage therapist has been invaluable to the Board's discussions and therefore recommends that Ms. Bath be reappointed to the Board of Massage Therapy based on her experience, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

BOARD OF PSYCHOLOGY

G.M. No. 621 MARTY OLIPHANT, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Marty Oliphant for service on the Board of Psychology.

Your Committee received testimony in support of the nomination for the reappointment of Marty Oliphant from the Department of Commerce and Consumer Affairs and four individuals.

Upon review of the testimony, your Committee finds that Mr. Oliphant's background, knowledge, and proven experience on the Board of Psychology qualify him to be nominated for reappointment to the Board of Psychology as a public member. Your Committee notes that Mr. Oliphant is a social worker who currently serves as the Director of Kipuka Services for Lili'uokalani Trust. Mr. Oliphant previously served as the Director of Programs for HUGS (Help, Understanding, & Group Support) and as the former Executive Director of the National Association of Social Workers, Hawai'i Chapter. Mr. Oliphant is also an active member on community boards and task committees, including serving on review committees for grants and proposals, Child Welfare Services, and program evaluation teams. Your Committee further finds that Mr. Oliphant has served on the Board of Psychology since July 2014 and his commitment to embracing opportunities that enhance his knowledge of matters relating to the licensure and regulation of psychologists, such as serving on the national Mobility Program Committee for the Association of State and Provincial Psychology Boards, continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Oliphant be reappointed to the Board of Psychology based on his experience, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Recommending that the Senate advise and consent to the nomination of the following:

REAL ESTATE COMMISSION

G.M. No. 592 SEAN GINOZA, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Sean Ginoza for service on the Real Estate Commission.

Your Committee received testimony in support of the nomination for the reappointment of Sean Ginoza from the Real Estate Commission, one member of the Hawai'i County Council, and one individual.

Upon review of the testimony, your Committee finds that Mr. Ginoza's background, knowledge, and proven experience on the Real Estate Commission qualify him to be nominated for reappointment to the Real Estate Commission as a real estate broker member representing Hawaii County. Your Committee notes that Mr. Ginoza is a real estate broker with over ten years' experience in the real estate industry and is currently a Property Manager and Vice President with Ginoza Realty, Inc., in Hilo, Hawaii. Mr. Ginoza is also an active member of his profession and in his community, and is a member of the Hawai'i Island REALTORS, Hawai'i Island Chamber of Commerce, and Japanese Chamber of Commerce. Your Committee further finds that Mr. Ginoza has served on the Real Estate Commission since late 2016 and his experience as a real estate broker specializing in property management continues to be an asset to the Commission. Your Committee therefore recommends that Mr. Ginoza be reappointed to the Real Estate Commission based on his knowledge, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3762 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 573, 686, and 707

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 573 ANTHONY AKAMINE, for a term to expire 06-30-2022;

G.M. No. 686 JUSTIN TOKIOKA, for a term to expire 06-30-2019; and

G.M. No. 707 ROSANNA DANIEL-KANETAKE, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Anthony Akamine, Justin Tokioka, and Rosanna Daniel-Kanetake for service on the Disability and Communication Access Board.

ANTHONY AKAMINE

Your Committee received testimony in support of the nomination for the appointment of Anthony Akamine from the Disability and Communication Access Board, Hawaii Association of the Blind, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Akamine's background, experience, and dedication to serving the public qualify him to be nominated for appointment to the Disability and Communication Access Board as a consumer or person with a disability representing the population of individuals who are blind or have low vision. Your Committee finds that Mr. Akamine is currently employed as an Elections Specialist with the Office of Elections. In this capacity, Mr. Akamine provides guidance and education to ensure that the voting process is accessible to people with disabilities. Mr. Akamine previously served on the Disability and Communication Access Board from 1994 to 2007, and understands the role and responsibilities of board membership. Mr. Akamine is also an active member of the Hawaii Association of the Blind (HAB), and provides representation for HAB to the Oahu Metropolitan Planning Organization (OMPO), making sure that OMPO takes into account the needs of persons who are blind or have low vision.

JUSTIN TOKIOKA

Your Committee received testimony in support of the nomination for the appointment of Justin Tokioka from the Disability and Communication Access Board; Bernard Carvalho, Jr., Mayor of Kauai County; and one individual.

Upon review of the testimony, your Committee finds that Mr. Tokioka's experience, leadership, and background qualify him to be nominated for appointment to the Disability and Communication Access Board as a consumer or person with a disability representing the population of individuals who are deaf or hard of hearing. Your Committee finds that Mr. Tokioka has previously been employed by summer camps for the deaf offered through the Comprehensive Service Center's Youth Leadership Program. Your Committee finds

that Mr. Tokioka has demonstrated his commitment to advocacy for the deaf and hard of hearing population by urging the passage of Act 39, Session Laws of Hawaii 2015, which requires movie theaters to provide twice-weekly screenings of films with open captioning, and successfully challenging a youth baseball league rule which did not provide for the use of a sign-language interpreter. Your Committee also finds that Mr. Tokioka's experience requesting and using a variety of aids gives him insight into ways to improve access for persons with disabilities throughout the State.

ROSANNA DANIEL-KANETAKE

Your Committee received testimony in support of the nomination for the reappointment of Rosanna Daniel-Kanetake from the Disability and Communication Access Board and two individuals.

Upon review of the testimony, your Committee finds that Ms. Daniel-Kanetake's knowledge, experience, and background qualify her to be nominated for appointment to the Disability and Communication Access Board as a consumer or person with a disability representing the population of individuals with mobility disabilities. Your Committee finds that Ms. Daniel-Kanetake currently works as a Victim Witness Counselor for the Honolulu Prosecutor's Safe House, which provides victims of domestic abuse, sexual assault, and human trafficking with transitional housing. Your Committee further finds that Ms. Daniel-Kanetake has worked in the social services field for over twenty years, gaining experience in developing programs, working with clients with disabilities, and grant writing, which will be valuable to the Board. Your Committee finds that Ms. Daniel-Kanetake currently serves on the Disability Communication Access Board as the Chairperson of the Legislative Committee and as a member of the Executive Committee and has demonstrated that she understands the role and responsibilities of board membership.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

HAWAI'I TEACHER STANDARDS BOARD

G.M. No. 650 LESLIE MURASHIGE, for a term to expire 06-30-2022; and

G.M. No. 651 BRANDEN KAWAZOE, for a term to expire 06-30-2022

Your Committee has reviewed the personal histories, resumes, and statements submitted by Leslie Murashige and Branden Kawazoe for service on the Hawai'i Teacher Standards Board.

LESLIE MURASHIGE

Your Committee received testimony in support of the nomination for the appointment of Leslie Murashige from two individuals.

Upon review of the testimony, your Committee finds that Mr. Murashige presently provides airline consulting services and has extensive administration and management experience. His professional work experience includes President of Hawaii Island Air; Vice President and Chief Operating Officer of Lanakila Pacific; Chief Operating Officer and Vice President of Sales and Revenue Management for Hawaii Island Air, Inc.; and various managerial positions in the airline industry. In his personal statement, Mr. Murashige indicated his past accomplishments and interests related to the fiduciary responsibility of the Hawai'i Teacher Standards Board and his hopes to better understand and assist the Executive Director with expenditures and revenue forecasting. Your Committee therefore finds that Mr. Murashige's leadership experience, as well as his willingness to serve, will be great assets to the Hawai'i Teacher Standards Board.

BRANDEN KAWAZOE

Your Committee received testimony in support of the nomination for the appointment of Branden Kawazoe from two individuals.

Upon review of the testimony, your Committee finds that Mr. Kawazoe is presently a School Counselor and Head Varsity Boys Basketball Coach at Kaiser High School. He has served as the Summer Camp Director at Assets School since 2012, where he was also a physical education teacher from 2010 to 2012, and has extensive experience coaching boy's and men's basketball at many levels, including Neal Armstrong Middle School, Iolani High School, and Pacific University. In his personal statement, Mr. Kawazoe indicated that he is passionate about the education system in Hawai'i and advocates for having highly trained and effective teachers, counselors, and librarians in the education setting. Your Committee therefore finds that Mr. Kawazoe's experience working closely with students through coaching and school counseling, as well as his passion for education, will be great assets to the Hawai'i Teacher Standards Board.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

EDUCATION COMMISSION OF THE STATES

G.M. No. 660 ALAN OSHIMA, for a term to expire 06-30-2022

Your Committee has reviewed the personal history, resume, and statement submitted by Alan Oshima for service on the Education Commission of the States.

Your Committee received testimony in support of the nomination for the appointment of Alan Oshima from four individuals.

Upon review of the testimony, your Committee finds that Mr. Oshima is the President and Chief Executive Officer of the Hawaiian Electric Company. His professional work experience as an attorney, executive, and administrative professional within the electric, telecommunications, and transportation industry has garnered Mr. Oshima national recognition in the field of public utilities. Mr. Oshima has an extensive history of service with organizations and bodies devoted to the benefit of Hawaii's public schools and students, including Hawaii 3R's, Hawaii Institute of Public Affairs, and the Governor's Every Student Succeeds Act Team. In his personal statement, Mr. Oshima indicated that as a commissioner, he was able to share what he learned about other states' programs on early childhood development with the state executive branch and public school administrators and hopes to further share the Education Commission of the States benefits, data, and reports with the Hawaii education community. Your Committee therefore finds that Mr. Oshima's professional background, as well as his dedication and commitment to the interests of Hawaii's public school students, will be great assets to the Education Commission of the States.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3765 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 564

Recommending that the Senate advise and consent to the nomination of the following:

COMPACT ADMINISTRATOR FOR THE STATE COUNCIL FOR THE INTERSTATE JUVENILE SUPERVISION

G.M. No. 564 NATHAN FOO, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Nathan Foo for service as the Compact Administrator for the State Council for Interstate Juvenile Supervision.

Your Committee received testimony in support of the nomination for the appointment of Nathan Foo from the Judiciary, State of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Foo's experience and commitment to public service qualify him for appointment as Compact Administrator for the State Council for Interstate Juvenile Supervision. Your Committee notes that Mr. Foo has extensive experience of more than thirty years working as a social services manager, supervisor, court officer, and probation officer for the State's family court. Through that work, Mr. Foo has counseled, managed, and supervised many juveniles that were processed through the court system. Mr. Foo is currently the Social Services Manager for the Juvenile Client Services Branch of the Family Court of the First Circuit, where he oversees juvenile services, and for the past year has served as the Compact Administrator of the State Council for the Interstate Compact for Juveniles. Prior to his work in family court, Mr. Foo was a social worker in the Protective Services Intake Unit of the Department of Human Services' Child Protective Services. As a social worker, Mr. Foo provided counseling and support to minors in difficult family situations and victims of child abuse. Your Committee finds that Mr. Foo's vast experiences working with juveniles and his prior experience make him well-suited to serve as Compact Administrator for the State Council for Interstate Juvenile Supervision.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

COMPACT ADMINISTRATOR FOR THE STATE COUNCIL FOR INTERSTATE ADULT OFFENDER SUPERVISION

G.M. No. 565 DWIGHT SAKAI, for a term to expire 02-12-2022

Your Committee reviewed the personal history, resume, and statement submitted by Dwight Sakai for service as the Compact Administrator for the State Council for Interstate Adult Offender Supervision.

Your Committee received testimony in support of the nomination for the appointment of Dwight Sakai from the Judiciary, State of Hawai'i and three individuals.

Upon review of the testimony, your Committee finds that Mr. Sakai's experience, background, and commitment to public service qualify him for nomination as the Compact Administrator for the State Council for Interstate Adult Offender Supervision. Your Committee notes that Mr. Sakai is the Social Services Manager for the Adult Client Services Branch of the First Circuit Court, which serves the Family, District, and Circuit Court's Criminal Division of the First Circuit by providing criminal investigations, offender

supervision, driver education, community service placement, and temporary restraining order preparation for domestic violence cases, among other services. In addition, Mr. Sakai has an extensive history as a social worker, serving as a probation officer and supervisor and as a worker in the Volunteer Guardian Ad Litem Program. Moreover, Mr. Sakai is a proud graduate of the University of Hawaii at West Oahu with a bachelor of arts in social sciences, specializing in psychology. Based on his experiences and lifelong dedication to public service, your Committee finds that Mr. Sakai would be a great asset as Compact Administrator for the State Council for Interstate Adult Offender Supervision.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3767 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 642

Recommending that the Senate advise and consent to the nomination of the following:

CRIME VICTIM COMPENSATION COMMISSION

G.M. No. 642 MARTHA ROSS, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Martha Ross for service on the Crime Victim Compensation Commission.

Your Committee received testimony in support of the nomination for the reappointment of Martha Ross from the Crime Victim Compensation Commission, Sex Abuse Treatment Center, and eleven individuals.

Upon review of the testimony, your Committee finds that Ms. Ross's knowledge and prior experience qualify her for reappointment to the Crime Victim Compensation Commission. Your Committee notes that Ms. Ross has a proven record of dedication and hard work as a member of the Crime Victim Compensation Commission over the past several years. In addition, Ms. Ross is a licensed social worker who has demonstrated a commitment to the community and a deep understanding of victim advocacy with over thirty years of professional experience. She spent seventeen years at the Office of Hawaiian Affairs where she held various positions, including Deputy Administrator of Programs; Director of Planning, Research, and Evaluation; and Special Assistant to the Chief Executive Officer. Ms. Ross also worked as an Advocate and Counselor to victims and witnesses of violent crimes and established and coordinated the Victim-Witness Assistance Volunteer Program at the Department of the Prosecuting Attorney of the City and County of Honolulu. She is the Co-Founder of the Violence Prevention Consortium, a collaboration of individuals, agencies, and organizations that aim to prevent violence in homes, schools, and communities. Accordingly, your Committee finds that Ms. Ross's previous work as member of the Commission, professional background and knowledge, as well as her continuing commitment to the community and victims of crimes, will continue to be an asset to the Crime Victim Compensation Commission.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 665 JAMES TRAXLER, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by James Traxler for service on the Advisory Board on Veterans' Services.

Your Committee received testimony in support of the nomination for the reappointment of James Traxler from the Office of Veterans' Services and seven individuals.

Upon review of the testimony, your Committee finds that Mr. Traxler's knowledge and prior experience qualify him for reappointment to the Advisory Board on Veterans' Services. Your Committee notes that through his previous service on the Advisory Board on Veterans' Services, Mr. Traxler has proven to be a dedicated and hard-working member of the Board. In addition, your Committee notes that Mr. Traxler served many years with the United States Army Corps of Engineers before retiring. Following his retirement, Mr. Traxler served as the Public Works Director for Santa Fe County in New Mexico and was the sole owner of Wildcat Sewing and Sunscreens. Currently, Mr. Traxler is active in the community and lends his expertise and time to the Big Island Retired Military Association, Veterans of Foreign Wars Post Kona 12122, West Hawaii Veterans Council, and American Legion. Mr. Traxler has received numerous awards and honors, including the Legion of Merit, United States Army Bronze Star, and United States Army Meritorious Service Medal. Your Committee further finds that Mr. Traxler's demonstrated commitment to the Advisory Board on Veterans' Services, his military background, professional experience, and determination will continue to be valuable assets to the Board.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee,

has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

BOARD OF DIRECTORS OF THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS

G.M. No. 666 DENNIS GIBSON, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Dennis Gibson for service on the Board of Directors of the Pacific International Space Center for Exploration Systems.

Your Committee received testimony in support of the nomination for the appointment of Dennis Gibson from two individuals.

Upon review of the testimony, your Committee finds that Mr. Gibson's background and experience qualify him for appointment to the Board of Directors of the Pacific International Space Center for Exploration Systems. Mr. Gibson is the Senior Vice President of Booz Allen Hamilton and is responsible for providing clients with a wide range of services across all of the firm's capabilities including digital technology, cyber, advanced analytics, management consulting, engineering/science, and operations. Mr. Gibson leads the company's business in the Pacific Rim, serving clients and staff in locations throughout the Asia Pacific Region, including Guam, Singapore, Korea, Japan, and Alaska. In addition, Mr. Gibson has extensive military-related experience. He is a military veteran and has previously served as a consultant to the Army Science Board, as a member of the Executive Council of the Armed Forces Communications and Electronics Association International, and on the National Guard Bureau Wargame Team, National Guard Pathways to the Future, and Revolution in Military Affairs. Moreover, Mr. Gibson has demonstrated a continuing commitment to serving Hawaii. He is a member of the Executive Committee and Treasurer of the Hawaii Military Affairs Council. He is also a member of the Hawaii Business Roundtable and currently serves as the Chairman of CyberHawaii. Accordingly, your Committee finds that Mr. Gibson's background in business, technology services, military affairs, and community organizations would make him a great asset to the Board of Directors of the Pacific International Space Center for Exploration Systems.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HAWAII ADVISORY COUNCIL ON EMERGENCY MANAGEMENT

G.M. No. 587 RICHARD MINATOYA, for a term to expire 06-30-2022;

G.M. No. 588 GERALD SILVA, for a term to expire 06-30-2018; and

G.M. No. 589 GERALD SILVA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Richard Minatoya and Gerald Silva for service on the Hawaii Advisory Council on Emergency Management.

RICHARD MINATOYA

Your Committee received testimony in support of the nomination for the reappointment of Richard Minatoya from the Mayor, County of Maui and three individuals.

Upon review of the testimony, your Committee finds that Mr. Minatoya possesses the requisite qualifications to be reappointed to the Hawaii Advisory Council on Emergency Management. Your Committee notes that Mr. Minatoya has served on the Hawaii Advisory Council on Emergency Management for several years and has proven to be a hardworking and contributing member. He is also a Supervising Deputy Prosecuting Attorney for the County of Maui. In his current position as a division head and in his former First Deputy Prosecutor position for the County of Kauai, Mr. Minatoya has completed several Emergency Management Institute and Federal Emergency Management Agency courses. He previously served as a Kauai County Council member, where he chaired the Committee on Public Safety and Services/Intergovernmental Relations, which had jurisdiction over civil defense issues. Your Committee finds that Mr. Minatoya's exemplary service as a member of the Hawaii Advisory Council on Emergency Management, extensive involvement in county government, previous civil defense work, broad legal experience, and commitment to public service will continue to provide a valuable perspective on the Hawaii Advisory Council on Emergency Management.

GERALD SILVA

Your Committee received testimony in support of the nomination for the appointment and reappointment of Gerald Silva from four individuals.

Upon review of the testimony, your Committee finds that Mr. Silva's background, experience, and proven leadership qualify him for appointment and reappointment to the Hawaii Advisory Council on Emergency Management. Your Committee notes that Mr. Silva's

long and distinguished career includes various communications-related positions at the county and state levels, such as serving as the Deputy Director of the Department of Customer Services for the City and County of Honolulu and the Director of Communications and Special Projects for the Hawaii Tourism Authority. Mr. Silva also previously served as a member of the Cable Advisory Committee in 2004, but resigned his membership to take the position of Chief Operating Officer of 'Ōlelo Community Media (formerly 'Ōlelo Community Television), the largest community access television station in the country. As the Chief Operating Officer at 'Ōlelo, Mr. Silva did considerable research into chapter 440G, Hawaii Revised Statutes, which regulates cable communications systems in Hawaii. Mr. Silva was reappointed to the Cable Advisory Committee in 2014 and currently serves as the Committee's Oahu at-large member. Moreover, Mr. Silva has served as the President of AARP Hawaii for the past eight years, offering him a unique perspective on the needs and concerns of older members of the community. Your Committee further finds that Mr. Silva's knowledge as a communications professional would be a valuable asset and therefore recommends that Mr. Silva be reappointed to the Hawaii Advisory Council on Emergency Management based on his experience and dedication to serving his community.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

HAWAII AEROSPACE ADVISORY COMMITTEE

G.M. No. 511 BRUCE MATHEWS, for a term to expire 06-30-2021; and

G.M. No. 512 DAVID MA, for a term to expire 06-30-2019

Your Committee reviewed the personal histories, resumes, and statements submitted by Bruce Mathews and David Ma for service on the Hawaii Aerospace Advisory Committee.

BRUCE MATHEWS

Your Committee received testimony in support of the nomination for the appointment of Bruce Mathews from one individual.

Upon review of the testimony, your Committee finds that Dr. Mathews' background, experience, and proven leadership qualify him for appointment to the Hawaii Aerospace Advisory Committee. Your Committee notes that Dr. Mathews has over thirty years of experience in higher education. During that time, Dr. Mathews has been an exemplary faculty member, served in numerous leadership positions, and received a variety of honors and recognition for his outstanding work. Moreover, Dr. Mathews has an extensive background in research, including multiple international research endeavors in the Philippines and Indonesia. Since 2016, Dr. Mathews has served as the Dean and University of Hawaii at Hilo Research Office Coordinator. In addition, Dr. Mathews has a Ph.D. in agronomy and soils from the University of Florida and received his bachelor's degree from the University of Hawaii at Hilo. Accordingly, your Committee finds that Dr. Mathews' vast educational background and experience and his demonstrated commitments to research and education would be great assets to the Hawaii Aerospace Advisory Committee.

DAVID MA

Your Committee received testimony in support of the nomination for the appointment of David Ma from one individual.

Upon review of the testimony, your Committee finds that Dr. Ma's background and experience qualify him for appointment to the Hawaii Aerospace Advisory Committee. Your Committee notes that Dr. Ma has an extensive engineering background. Dr. Ma received his Ph.D. in mechanical engineering and a M.S. in electrical and computer engineering from the University of California Santa Barbara. In addition, Dr. Ma began his professional career as a structural engineer in China and later transitioned into a career as an engineering professor. Since 2017, Dr. Ma has served as the Interim Associate Dean for the College of Engineering at the University of Hawaii at Manoa. Your Committee finds that Dr. Ma's engineering background and expertise and his dedication to higher education would make him a great asset to the Hawaii Aerospace Advisory Committee.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

ISLAND BURIAL COUNCIL, ISLAND OF O'AHU

G.M. No. 671 CHARLES EHRHORN, for a term to expire 06-30-2019

Your Committee reviewed the personal history, resume, and statement submitted by Charles Ehrhorn for service on the Island Burial Council, Island of O'ahu.

Your Committee received testimony in support of the nomination for the appointment of Charles Ehrhorn from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Upon review of the testimony, your Committee finds that Mr. Ehrhorn's experience as a registered architect, comprehensive background in land and site planning and urban design, and dedication to his community qualify him to be nominated for appointment to the Island Burial Council for the island of O'ahu as a landowner and development representative. Your Committee notes that Mr. Ehrhorn is a resident of Honolulu and has previously served on the Island Burial Council for the island of O'ahu and has also served on various boards, such as the Kahuku Hospital Board of Directors, Kahuku Elderly Housing Project, and Koko Isle Homeowners Association. Mr. Ehrhorn has demonstrated leadership in roles such as the past President and Director of the Honolulu Chapter and Hawaii Council of the American Institute of Architects. He is currently a consultant with C&J Land Planning, LLC, where he provides land and site planning and design for clients such as Avalon Development, James Campbell Company, LLC, and Helbert Hastert and Fee Planners. Your Committee finds that Mr. Ehrhorn's extensive experience in land planning, including background in the care, management, and protection of ancestral Native Hawaiian burial sites, will make him a valuable asset to the Island Burial Council for the island of O'ahu.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

G.M. No. 721 SCOTT FISHER, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Scott Fisher for service on the Island Burial Council, Islands of Maui and Lāna'i.

Your Committee received testimony in support of the nomination for the reappointment of Scott Fisher from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Mr. Fisher's experience in land conservation, community service, and proven leadership qualify him to be nominated for reappointment to the Island Burial Council of the islands of Maui and Lāna'i. Your Committee notes that Mr. Fisher is a longtime resident of Kula, Maui. Mr. Fisher is a current member and served a previous term as a member and Vice Chair of the Island Burial Council for the islands of Maui and Lāna'i from 2005 to 2013, where he utilized the knowledge of the lands to serve the Council and protect iwi kupuna. He is the Associate Executive Director of Conservation and Maui Island Director for the Hawaiian Islands Land Trust. Mr. Fisher is active in the community having served on the boards of various organizations such as the Maui Historical Society, Maui Conservation Alliance, Maui Nui Resources Council, and the Waihe'e Community Association. Your Committee finds that Mr. Fisher's experience in land conservation and dedication to the community will make him a valuable asset to the Island Burial Council for the islands of Maui and Lāna'i.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

ISLAND BURIAL COUNCIL, ISLAND OF HAWAI'I

G.M. No. 672 ELDON PATE-KAHAKALAU, for a term to expire 06-30-2020; and

G.M. No. 722 KALENA BLAKEMORE, for a term to expire 06-30-2021

Your Committee reviewed the personal histories, resumes, and statements submitted by Eldon Pate-Kahakalau and Kalena Blakemore for service on the Island Burial Council, Island of Hawai'i.

ELDON PATE-KAHAKALAU

Your Committee received testimony in support of the nomination for the appointment of Eldon Pate-Kahakalau from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and one member of the Hawai'i County Council.

Upon review of the testimony, your Committee finds that Mr. Pate-Kahakalau's experience in Hawaiian culture, history, and education and his knowledge in laws relating to the treatment of iwi kupuna qualify him to be appointed to the Island Burial Council for the island of Hawai'i. Your Committee notes that Mr. Pate-Kahakalau is the co-founder and an instructor of Kanu O Ka 'Āina Charter School and has years of experience as an educator of Hawaiian studies. Mr. Pate-Kahakalau is an active participant in community services as a co-founder and leader of two organizations that provide cultural and spiritual immersion experiences to Hawaiian males. Mr. Pate-Kahakalau previously served as a member and Chair of the Island Burial Council for the island of Hawai'i from 1996 to 2004 and again from 2012 to 2017. He has contributed to the community by participating in Waipi'o Valley cultural renewal projects and in 'Aha Kāne and Ho'okuikahi at Pu'ukoholā National Park. Your Committee finds that Mr. Pate-Kahakalau is

dedicated to preserving the Hawaiian language, history, and culture by educating future generations and will be a great asset for the Island Burial Council for the island of Hawai'i.

KALENA BLAKEMORE

Your Committee received testimony in support of the nomination for the appointment of Kalena Blakemore from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Upon review of the testimony, your Committee finds that Ms. Blakemore's experience in land management and dedication to cultural and natural resources qualify her for appointment to the Island Burial Council for the island of Hawai'i. Your Committee notes that Ms. Blakemore has genealogical ties to Puna ('Ola'a), Hilo (Keaukaha), and Kohala (Kokoiki). Ms. Blakemore previously served on the Island Burial Council for the island of Hawai'i from 2013 to 2017. She is currently a Land Management Specialist at the Office of Hawaiian Affairs where she is responsible for assisting in the development and implementation of a comprehensive management plan for Wao Kele o Puna, including other relevant work with the conservation of lands. Prior to her experience as a Land Management Specialist, Ms. Blakemore worked as an archaeologist in cultural resources management at the Hawai'i Volcanoes National Park. During her time at the Hawai'i Volcanoes National Park, Ms. Blakemore identified inadvertent burials and implemented protective protocols, inventoried caves, and monitored compliance with sections 110 and 106 of the National Historic Preservation Act. Your Committee finds that Ms. Blakemore's experience with land preservation and conservation and dealing with burial sites will make her a great addition to the Island Burial Council for the island of Hawai'i.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

HAWAIIAN HOMES COMMISSION

G.M. No. 723 ZACHARY HELM, for a term to expire 06-30-2020; and

G.M. No. 740 DAVID KAAPU, for a term to expire 06-30-2021

Your Committee reviewed the personal histories, resumes, and statements submitted by Zachary Helm and David Ka'apu for service on the Hawaiian Homes Commission.

ZACHARY HELM

Your Committee received testimony in support of the nomination for the appointment of Zachary Helm from the Department of Hawaiian Home Lands; Ho'omanapono Political Action Committee; Ho'omana Pono, LLC; and one individual.

Upon review of the testimony, your Committee finds Mr. Helm's managerial experience and years of experience in public service qualify him for appointment to the Hawaiian Homes Commission. Your Committee notes that Mr. Helm has thirty years of experience working with the Department of Parks and Recreation for the County of Maui. Mr. Helm served most of his tenure at the Department of Parks and Recreation as the District Supervisor III of the Molokai District, where he was responsible for the operations and maintenance of parks and recreational facilities, equipment, and recreation programs. Mr. Helm has proven his leadership as the Deputy Director for the Department of Parks and Recreation of the County of Maui. He is also active in the community, serving on various boards such as the Kalama'ula Hawaiian Homestead Association, Friendly Isle United Way, Molokai Catholic Community Council, and Molokai Little League Association. Your Committee finds that Mr. Helm's years of experience in the public sector and his familiarity with preparing and maintaining budgets and expenditures will make him an ideal candidate for the Hawaiian Homes Commission.

DAVID KA'APU

Your Committee received testimony in support of the nomination for the reappointment of David Ka'apu from the Department of Hawaiian Home Lands; Ho'omanapono Political Action Committee; Ho'omana Pono, LLC; and one individual.

Upon review of the testimony, your Committee finds that Mr. Ka'apu's background in law and proven experience on the Hawaiian Homes Commission qualify him to be reappointed to the Hawaiian Homes Commission. Your Committee notes that Mr. Ka'apu is an attorney who specializes in quiet title; business law; wills, trusts, and general litigation; and land use. Mr. Ka'apu has been a Commissioner of the Hawaiian Homes Commission for four years, where he utilized his legal knowledge to assist the Commission to make well-informed decisions on various matters. Mr. Ka'apu has also served on a number of boards, such as the Hawaii State Bar Association, Friends of NELHA, Hawaii Community Federal Credit Union, and Agricultural Leadership Foundation of Hawaii. Your Committee finds that Mr. Ka'apu's dedication to the community and background and knowledge in law will make him an asset to the Hawaiian Homes Commission.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

- G.M. No. 714 CREIGHTON ARITA, for a term to expire 06-30-2022 (Commission name amended to Hawaii Technology Development Corporation by GM754);
- G.M. No. 715 MARTIN ZORN, for a term to expire 06-30-2018 (Commission name amended to Hawaii Technology Development Corporation by GM755); and
- G.M. No. 716 MARTIN ZORN, for a term to expire 06-30-2022(Commission name amended to Hawaii Technology Development Corporation by GM756)

Your Committee reviewed the personal histories, resumes, and statements submitted by Creighton Arita and Martin Zorn for service on the Board of Directors of the Hawaii Technology Development Corporation.

CREIGHTON ARITA

Your Committee received testimony in support of the nomination for the appointment of Creighton Arita from the Hawaii Technology Development Corporation.

Mr. Arita is the Chief Executive Officer and founder of 'ike Hawaii, a family of companies in technology and health care, and TeamPraxis, a company that aims to leverage technology to empower independent physicians to improve the quality of patient care while reducing healthcare costs. Mr. Arita has first-hand experience in building a successful technology company in Hawaii and has previously served on the Hawaii Technology Development Corporation Board of Directors, where he utilized his extensive knowledge of technology and technology business administration. Your Committee finds that Mr. Arita's intimate knowledge of the technology sector in Hawaii would make him a valuable member and qualify him to once again serve on the Board of Directors of the Hawaii Technology Development Corporation.

MARTIN ZORN

Your Committee received testimony in support of the nominations for the appointment and reappointment of Martin Zorn from the Hawaii Technology Development Corporation.

Mr. Zorn is the President and Chief Operating Officer of Kamakura Corporation, a financial risk management software company headquartered in Hawaii. Kamakura Corporation relocated from Japan to Hawaii and is a graduate of the Hawaii Technology Development Corporation incubation program at the Manoa Innovation Center. Mr. Zorn has served on numerous boards throughout his career, giving him the knowledge and experience of acting as an advisor to various organizations. He is active in the community and serves on the Boards of the Arcadia Family of Companies, Hawaii chapter of Financial Executives International, and Food Innovation Center at the University of Hawaii Maui, among other organizations. Your Committee finds that Mr. Zorn's background as a lender, investor, mentor, and coach to technology firms qualify him to be a member of the Board of Directors of the Hawaii Technology Development Corporation.

As affirmed by the records of votes of the members of your Committee on Economic Development, Tourism, and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3777 (Joint) Public Safety, Intergovernmental, and Military Affairs and Commerce, Consumer Protection, and Health on H.C.R. No. 220

The purpose and intent of this measure is to urge the United States Congress and Federal Communications Commission to codify a definition of the "public interest standard" for the broadcasting industry.

Your Committees received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities for the Democratic Party of Hawai'i.

Your Committees find that it is important that public airwaves be used to broadcast a broad range of viewpoints for the benefit of all members of the public. Your Committees also find that the Federal Communications Commission, the agency charged with governing communication policy decision-making at the federal level, has long employed the so-called "public interest standard" when regulating the broadcast industry. However, your Committees find that "public interest standard" has never been defined and has resulted in complaints that the Federal Communications Commission has relied on market forces rather than the public interest when regulating broadcasters. Your Committees find that the lack of a clear definition for the "public interest standard" has resulted in declining standards for broadcasters and that codifying a definition of the "public interest standard" would promote fairness and objectivity in broadcasting, which would greatly benefit the public.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs and Commerce, Consumer Protection, and Health that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 220, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Baker, Thielen).

Commerce, Consumer Protection, and Health: Ayes, 4. Noes, none. Excused, 3 (Chang, Espero, Ruderman).

SCRep. 3778 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 20

The purpose and intent of this measure is to urge the Mayor of the City and County of Honolulu and the Honolulu City Council to allocate more resources to the Honolulu Police Department, for the purpose of increasing visible police presence in, and active patrols of, Waianae, the North Shore, and the Downtown and Chinatown areas.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities for the Democratic Party of Hawai'i, United Chinese Society of Hawaii, and three individuals.

Your Committee finds that it is essential for government to maintain the safety of residents, business owners, workers, and patrons, as well as to protect their property and possessions and encourage commercial activity. Your Committee also finds that there was an increase in crime, particularly in assaults and thefts, in several areas of Oahu during the last quarter of 2016. Your Committee further finds that increasing the visible presence of uniformed police officers in these areas, namely Waianae, the North Shore of Oahu, Chinatown, and Downtown Honolulu, would improve public safety by deterring criminal activity as well as providing more immediate assistance to victims once a crime has been committed.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 20, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 20, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Baker, Thielen).

SCRep. 3779 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 109

The purpose and intent of this measure is to urge the President of the United States and the United States Congress to grant full veterans benefits to Filipino veterans who fought in World War II but were subsequently denied the benefits to which they were entitled.

Your Committee received testimony in support of this measure from the Office of Veterans' Services, Hawai'i Civil Rights Commission, O'ahu County Committee on Legislative Priorities for the Democratic Party of Hawai'i, and one individual.

Your Committee finds that thousands of Filipino men and women risked their lives against the invading and occupying Japanese forces and assisted our nation in its efforts to liberate the Philippines during World War II. Your Committee also finds that those Filipinos who served in the Philippine Commonwealth Army were made eligible for full United States veterans benefits for their active duty service. However, in 1946, by congressional act and upon the granting of full independence to the Philippines, these same Filipino veterans were denied eligibility for United States veterans benefits, including health care, disability pensions, and burial expenses. Your Committee finds that restoring benefits denied to Filipino veterans and fulfilling and expediting any pending claims would honor those Filipino veterans who served with our armed forces so courageously.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 109, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Baker, Thielen).

SCRep. 3780 Judiciary on Gov. Msg. No. 720

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 720 CYD HOFFELD, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Cyd Hoffeld for service on the Commission on the Status of Women.

Your Committee received testimony in support of the nomination for the reappointment of Cyd Hoffeld from the Commission on the Status of Women, one member of the Hawai'i County Council, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Hoffeld's extensive experience and institutional knowledge qualify her to be nominated for reappointment to the Commission on the Status of Women. Your Committee notes that Ms. Hoffeld is currently employed as a health promotions manager, in which capacity she promotes, maintains, and improves individual and community health. Ms. Hoffeld has previously worked as an HIV/AIDS/HEP counselor and tester, engaging clients at high risk of HIV/AIDS infection, transmission and re-infection, and as a domestic violence trainer, developing and updating training curriculum and providing trainings on domestic violence for the community and other agencies. Your Committee further notes that Ms. Hoffeld has served her community as chapter historian of the 'Ahaui Ka'ahumanu Society, and was recognized in Hawaii County Women's Hall of Fame as Woman of the Year in 2010. Your Committee finds that Ms. Hoffeld's dedication to public service and superb knowledge of the unique condition and needs of women in Hawaii will continue to be valuable assets to the Commission on the Status of Women.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Thielen).

SCRep. 3781 Judiciary on Gov. Msg. No. 641

Recommending that the Senate advise and consent to the nomination of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

G.M. No. 641 GEANINE GOMES, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Geanine Gomes for service on the King Kamehameha Celebration Commission.

Your Committee received testimony in support of the nomination for the appointment of Geanine Gomes from the Department of Accounting and General Services; Ho'omanapono Political Action Committee; Ho'omana Pono, LLC; 'Ahahui Ka'ahumanu; and nine individuals.

Upon review of the testimony, your Committee finds that Ms. Gomes's experience as an educator, history of organizing events and working with entrepreneurs, and keen sense of business and public relations qualify her to be nominated for appointment to the King Kamehameha Celebration Commission. Your Committee notes that Ms. Gomes has been a legislative aide and community liaison assisting constituents with issues between state and city departments since 2011. Your Committee further notes that under section 8-5(2), Hawaii Revised Statutes, the King Kamehameha Celebration Commission is required to have at least one member from the 'Ahahui Ka'ahumanu. Ms. Gomes is a member of this organization, and her appointment fulfills the statutory requirement for representation. Your Committee finds that Ms. Gomes's experience, perspective, and dedication to public service will be valuable assets to the King Kamehameha Celebration Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Thielen).

SCRep. 3782 Judiciary on Gov. Msg. No. 739

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAI'I

G.M. No. 739 ANDREW CHUN, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Andrew Chun for service on the Board of Registration of the Island of Hawai'i.

Your Committee received testimony in support of the nomination for the reappointment of Andrew Chun from the Chief Election Officer and one member of the County Council of the County of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Chun's business and management background, experience, and commitment to public service qualify him to be nominated for reappointment to the Board of Registration of the Island of Hawai'i. Your Committee notes that Mr. Chun is currently the senior vice president of administrative services for KTA Super Stores, where he is primarily responsible for the leadership and management of the facility, safety, and security areas of the organization, as well as being responsible for enhancing communications between the various administrative departments and store operations. Your Committee further notes that Mr. Chun was appointed as an interim appointee on August 11, 2011, and served as a Board of Registration member in the 2016 primary and general elections. Your Committee finds that Mr. Chun's managerial expertise and experience in public service will continue to be assets to the Board of Registration of the Island of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

SCRep. 3783 Judiciary on Gov. Msg. Nos. 654, 655, 656, 657, 658, and 659

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I HISTORIC PLACES REVIEW BOARD

G.M. No. 654 MATTHEW MCDERMOTT, for a term to expire 06-30-2022;

G.M. No. 655 NANCY PEACOCK, for a term to expire 06-30-2021;

G.M. No. 656 PAUL MORGAN, for a term to expire 06-30-2022;

G.M. No. 657 WILLIAM CHAPMAN, for a term to expire 06-30-2022;

G.M. No. 658 PATRICIA GRIFFIN, for a term to expire 06-30-2022; and

G.M. No. 659 ZACHARY BANTOLINA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Matthew McDermott, Nancy Peacock, Paul Morgan, William Chapman, Patricia Griffin, and Zachary Bantolina for service on the Hawai'i Historic Places Review Board.

MATTHEW MCDERMOTT

Your Committee received testimony in support of the nomination for the reappointment of Matthew McDermott from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Mr. McDermott's expertise in archaeology and experience in historic preservation qualify him to be nominated for reappointment to the Hawai'i Historic Places Review Board. Your Committee notes that Mr. McDermott currently serves as a member of the Board. Since 2004, Mr. McDermott has worked as a project manager overseeing archaeological projects for Cultural Surveys Hawaii, Inc. He has extensive knowledge of the archaeology of Hawaii, especially in the context of historic preservation. Your Committee finds that Mr. McDermott's extensive experience in the archaeology of Hawaii will continue to be a great asset to the Hawai'i Historic Places Review Board.

NANCY PEACOCK

Your Committee received testimony in support of the nomination for the appointment of Nancy Peacock from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Ms. Peacock's expertise in architecture and extensive history of involvement in the community qualify her to be nominated for appointment to the Hawai'i Historic Places Review Board. Your Committee notes that Ms. Peacock is a licensed architect in the State of Hawaii and is a member of the American Institute of Architects. In addition, Ms. Peacock is a member of Lambda Alpha Honorary Land Economics Society, and has served as a member of the City and County of Honolulu Department of Land Utilization Design Review Committee. Ms. Peacock also previously served as a member of the Hawai'i Historic Places Review Board. Your Committee finds that Ms. Peacock's professional experience in architecture and dedication to the community will be great assets to the Hawai'i Historic Places Review Board.

PAUL MORGAN

Your Committee received testimony in support of the nomination for the appointment of Paul Morgan from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Mr. Morgan's professional experience as an architect and knowledge of Hawaii's architectural history qualify him to be nominated for appointment to the Hawai'i Historic Places Review Board. Mr. Morgan has been a principal architect at Suzuki/Morgan Architects since 1991, and many of his projects have included preservation work. Your Committee notes that much of Mr. Morgan's research and many of his presentations have been in the area of Hawaii's architectural history. Your Committee finds that Mr. Morgan's experience in preservation and knowledge of architectural history in Hawaii will be great assets to the Hawai'i Historic Places Review Board.

WILLIAM CHAPMAN

Your Committee received testimony in support of the nomination for the appointment of William Chapman from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Dr. Chapman's extensive expertise in anthropology and architectural history qualify him to be nominated for appointment to the Hawai'i Historic Places Review Board. Your Committee notes that Dr. Chapman is currently a Professor and Director of the Historic Preservation Graduate Program at the University of Hawaii at Manoa. Dr. Chapman has previously worked as an architectural historian for the Division of Archeology and Historic Preservation at the Virgin Islands Planning Office. Your Committee finds that Dr. Chapman's knowledge of anthropology and experience in preservation and architectural history will be great assets to the Hawai'i Historic Places Review Board.

PATRICIA GRIFFIN

Your Committee received testimony in support of the nomination for the appointment of Patricia Griffin from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Ms. Griffin's expertise and experience in historic preservation qualify her to be nominated for appointment to the Hawai'i Historic Places Review Board. Your Committee notes that Ms. Griffin has written numerous books and articles stemming from extensive research and recording of Hawaiian history. Ms. Griffin additionally serves on the Kaua'i County Historic Preservation Review Commission, Historic Hawai'i Foundation Awards Committee, and is involved with other projects and commissions. Your Committee finds that Ms. Griffin's in-depth historical knowledge and extensive experience in historical preservation will be great assets to the Hawai'i Historic Places Review Board.

ZACHARY BANTOLINA

Your Committee received testimony in support of the nomination for the reappointment of Zachary Bantolina from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Dr. Bantolina's expertise in architecture and knowledge of native Hawaiian culture qualify him to be nominated for reappointment to the Hawai'i Historic Places Review Board. Your Committee notes that Dr. Bantolina currently serves as a member of the Board. Dr. Bantolina is a traditional practitioner and member of the Royal Order of Kamehameha, and he has held a number of positions requiring his expertise in native Hawaiian culture. Additionally, Dr. Bantolina earned a doctorate in architecture from the University of Hawaii at Manoa in 2012. Your Committee finds that Dr. Bantolina's architectural knowledge and expertise in native Hawaiian culture will continue to be great assets to the Hawai'i Historic Places Review Board.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

SCRep. 3784 Judiciary on Gov. Msg. Nos. 601, 602, 603, and 604

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 601 ALLISON WONG, for a term to expire 06-30-2022;

G.M. No. 602 KAREN POLIVKA, for a term to expire 06-30-2022;

G.M. No. 603 SUSAN BROWNE, for a term to expire 06-30-2022; and

G.M. No. 604 JANE CLEMENT, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Allison Wong, Karen Polivka, Susan Browne, and Jane Clement for service on the State Foundation on Culture and the Arts Commission.

ALLISON WONG

Your Committee received testimony in support of the nomination for the appointment of Allison Wong from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Upon review of the testimony, your Committee finds that Ms. Wong's extensive experience and history of leadership in Hawaii's premier culture and arts institutions qualify her to be nominated for appointment to the State Foundation on Culture and the Arts Commission. Your Committee notes that Ms. Wong has served as the Deputy Director of the Honolulu Museum of Art since 2011, and as the Interim Director of the museum from March 11, 2016, to January 1, 2017. Ms. Wong also has extensive experience as a curator, as a member of various community boards, and in fundraising. Your Committee further notes that Ms. Wong has curated more than ninety-five exhibitions between 1996 and 2007. Your Committee finds that Ms. Wong's leadership experience and institutional expertise will be great assets to the State Foundation on Culture and the Arts Commission.

KAREN POLIVKA

Your Committee received testimony in support of the nomination for the reappointment of Karen Polivka from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Upon review of the testimony, your Committee finds that Ms. Polivka's expertise in performing arts, knowledge and experience in arts administration, and passion for the arts qualify her to be nominated for reappointment to the State Foundation on Culture and the Arts Commission. Your Committee notes that Ms. Polivka currently serves as the Acting General Director of the Hawaii Opera Theatre and is also extensively involved in various volunteer activities. Your Committee further notes that Ms. Polivka has served on the State Foundation on Culture and the Arts Commission for the past four years and was most recently appointed to serve as chairperson of the planning and budget committee. Your Committee finds that Ms. Polivka's experience and commitment to public service will continue to be great assets to the State Foundation on Culture and the Arts Commission.

SUSAN BROWNE

Your Committee received testimony in support of the nomination for the appointment of Susan Browne from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Upon review of the testimony, your Committee finds that Ms. Browne's experience and expertise in arts education qualify her to be nominated for appointment to the State Foundation on Culture and the Arts Commission. Your Committee notes that Ms. Browne has worked as a teacher, a lecturer at the University of Hawaii at Manoa, and the Education Director for the Maui Arts and Culture Center, as well as serving on the Hawai'i ARTS FIRST Partnership. Your Committee further notes that section 9-2(b), Hawaii Revised Statutes, requires the Commission to have at least one member who is a resident of the County of Maui. Ms. Browne resides in the County of Maui, and her appointment fulfills the statutory requirement for representation. Your Committee finds that Ms. Browne's expertise and dedication to the promotion of arts education will be great assets to the State Foundation on Culture and the Arts Commission.

JANE CLEMENT

Your Committee received testimony in support of the nomination for the reappointment of Jane Clement from the Department of Accounting and General Services, State Foundation on Culture and the Arts, and one member of the County Council of the County of Hawai'i.

Upon review of the testimony, your Committee finds that Ms. Clement's administrative experience and history of leadership qualify her to be nominated for reappointment to the State Foundation on Culture and the Arts Commission. Your Committee notes that Ms. Clement works as a Community Consultant for Hawaii Electric Light, and that she is active in the Hawai'i island community. Ms. Clement has served on the State Foundation on Culture and the Arts Commission for the past four years and was most recently appointed to serve as chairperson of the grants and programs committee. Your Committee further notes that section 9-2(b), Hawaii Revised Statutes, requires the Commission to have at least one member who is a resident of the County of Hawai'i. Ms. Clement resides in the County of Hawai'i, and her reappointment to the Commission fulfills the statutory requirement for representation. Your Committee finds that Ms. Clement's administrative expertise and dedication to public service will continue to be great assets to the State Foundation on Culture and the Arts Commission.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Thielen).

SCRep. 3785 Judiciary on S.R. No. 42

The purpose and intent of this measure is to urge all policymakers and residents of the City and County of Honolulu to support the Wai'anae Sustainable Communities Plan and the preservation of 'Ōhikilolo.

Your Committee received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu, Ka Lāhui Hawai'i Political Action Committee, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Ho'omanapono Political Action Committee, and thirteen individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Wai'anae Coast is a geographical area filled with important cultural and archaeological sites, including 'Ōhikilolo. The Wai'anae Sustainable Communities Plan (Wai'anae SCP) is a long-term policy planning document that is used to guide development in a manner that best serves current and future residents and businesses of the region, while at the same time respecting the area's natural, cultural, and historical resources. Your Committee further finds that 'Ōhikilolo is outside the community growth boundary described in the Wai'anae SCP, and that the Wai'anae SCP calls for preserving all lands north of Kepuhi Point as open space and for preserving and protecting cultural sites and cultural landscapes. Your Committee additionally finds that the Honolulu City Charter mandates that the City's Land Use Ordinance and Capital Improvement Program be consistent with the Wai'anae SCP. This measure recognizes the value of the Wai'anae SCP and the importance of preserving 'Ōhikilolo as a vital part of the cultural and historical heritage of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 42, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Kim, Thielen).

SCRep. 3786 Economic Development, Tourism, and Technology on H.C.R. No. 94

The purpose and intent of this measure is to request the Information Technology Steering Committee to develop, in consultation with relevant state agencies, the State Information Technology Strategic Plan to include data goals and objectives and to consider model legislation from other states and best practices to establish a data strategy for inclusion in the Strategic Plan.

Your Committee received testimony in support of this measure from the Department of Education, Office of Planning, Office of Enterprise Technology Services, Office of Information Practices, Hawaii Government Employees Association, Kupuna Caucus of the Democratic Party of Hawaii, Hawaii Advocates for Consumer Rights, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Hawai'i Pacific Health, Transform Hawai'i Government, First Hawaiian Bank, Hawai'i Alliance of Nonprofit Organizations, and two individuals.

Your Committee finds that other states in the United States have adopted open data driven policies that require government agencies to collect and publish data, and promote data collection and sharing in the private sector. Your Committee further finds that committing the State to transforming information technology through a strategic plan will improve the government's ability to better serve the people of Hawaii and local businesses. Your Committee notes that while progress has been made with the establishment of a Chief Information Officer, no long-term strategic plan has been officially adopted. Your Committee further notes that unlike many other states, Hawaii does not have a full-time Chief Data Officer and a large portion of the State's data remain decentralized, ultimately limiting the opportunities to integrate information technology and data across the State. Your Committee believes that the creation of a long-term strategic information technology plan will improve the delivery of programs and services; maximize accountability, efficiency, and transparency; and secure and protect the data of Hawaii's residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Economic Development, Tourism, and Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 94, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 94, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Galuteria, Thielen).

SCRep. 3787 (Joint) Government Operations and Ways and Means on H.C.R. No. 28

The purpose and intent of this measure is to urge the State Capitol Management Committee to consider security improvements for the State Capitol.

Your Committees received testimony in support of this measure from the Department of Public Safety and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i. Your Committees received testimony in opposition to this measure from the Ho'omanapono Political Action Committee. Your Committees received comments on this measure from the Department of Accounting and General Services and one individual.

Your Committees find that ensuring protection for lawmakers and members of the public while at the State Capitol is critical in maintaining a strong relationship between the public and its elected officials. Your Committees also find that some elements of

security at the Capitol are lacking and could benefit from improvements. Specifically, the Capitol building does not include metal detectors or controlled access points to deter weapons and other contraband, nor does the Capitol building include adequate security measures to prevent unauthorized vehicles from entering the Capitol grounds or the rotunda. Accordingly, your Committees find that there is a need to improve security at the State Capitol building to better ensure public safety for lawmakers, staff, and the visiting public.

However, your Committees recognize that the State Capitol building is unique in its commitment to openness and accessibility to the people of Hawaii and visitors from around the world. Accordingly, your Committees want to ensure that any additional, necessary security measures do not take away from the Capitol's unique character or unnecessarily diminish the public's ability to access the building and the lawmakers therein.

In addition, your Committees are concerned about the State continuing to invest resources in Capitol security without a clear plan for how those resources will be used. Your Committees note that in the past significant funds have been spent on security measures that have proven inadequate or in some cases gone unused. Therefore, your Committees find that it is necessary for the State Capitol Management Committee to work with other appropriate agencies and departments to develop a comprehensive security plan for the State Capitol along with a budget detailing the funds necessary for implementing and maintaining the comprehensive plan.

Accordingly, your Committees have amended this measure by:

- (1) Removing all references to barriers and fencing;
- (2) Removing unnecessary language relating to visitors to the State Capitol;
- (3) Removing all references to the United States Department of Homeland Security and Secretary of Homeland Security;
- (4) Clarifying the security improvements to be considered by the State Capitol Management Committee and specifying that the improvements considered should not diminish the Capitol building's unique and valued tradition of being open, welcoming, and accessible to the people of Hawaii and visitors from around the world;
- (5) Requesting that the State Capitol Management Committee include in its report to the Legislature a comprehensive security plan for the State Capitol and a budget detailing funds necessary for implementing and maintaining the proposed security plan; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 28, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 28, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Galuteria).

Ways and Means: Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Kidani).

SCRep. 3788 Education on H.C.R. No. 236

The purpose and intent of this measure is to request that the Department of Education design and implement a curriculum in Hawaii public schools that teaches students to perform cardiopulmonary resuscitation and to identify symptoms of a stroke.

Your Committee received testimony in support of this measure from The Queen's Health Systems, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and four individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that every year, Hawaii emergency medical services teams treat nearly one thousand one hundred cases of out-of-hospital cardiac arrest, with only nine percent of these victims surviving. However, studies have found that adults suffering from an out-of-hospital cardiac arrest who received cardiopulmonary resuscitation from a bystander were more likely to survive than those who did not receive any type of cardiopulmonary resuscitation. Furthermore, thirty-nine states and the District of Columbia have passed legislation requiring cardiopulmonary resuscitation training as a high school graduation requirement and at least seventy-five percent of public high school students in the United States that are graduating this year will have learned lifesaving cardiopulmonary resuscitation in their schools.

Your Committee further finds that strokes are the fifth-leading cause of death in the United States and a major cause of severe, lifelong disability. Therefore, learning the warning signs of a stroke is essential to minimizing the consequences of this potentially life-threatening event.

This measure requests that the Department of Education provide students with these life saving skills as part of their high school education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 236, H.D. 1, and recommends its adoption.

SCRep. 3789 Ways and Means on H.C.R. No. 166

The purpose and intent of this measure is to support the final transfer of the operation and lands of the Waialeale Livestock Experiment Station from the University of Hawaii to the Agribusiness Development Corporation.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; University of Hawaii System; and Oahu County Committee on the Legislative Priorities of the Democratic Party of Hawaii.

Your Committee finds that supporting the final transfer of the operation and lands of the Waialeale Livestock Experiment Station to the Agribusiness Development Corporation will assist the agency in implementing its mandate to advance diversified agriculture in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

SCRep. 3790 Commerce, Consumer Protection, and Health on H.C.R. No. 95

The purpose and intent of this measure is to request the Hawaii Health Systems Corporation Oahu Regional Board to assess the availability of long-term care beds in the City and County of Honolulu and develop recommendations regarding the closure of Leahi Hospital, Maluhia Long-Term Care Health Center, or both.

Your Committee received testimony in support of this measure from the Kupuna Caucus of the Democratic Party of Hawai'i and Hawaii Advocates For Consumer Rights. Your Committee received testimony in opposition to this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, UPW/AFSCME Local 646 AFL-CIO, and two individuals. Your Committee received comments on this measure from the Hawai'i Government Employees Association and one individual.

Your Committee finds that the Hawaii Health Systems Corporation provides long-term care services on Oahu through Leahi Hospital and Maluhia Long-Term Care Health Center. Your Committee further finds that long-term care facilities relieve financial and capacity pressures on acute care facilities and that acute care facilities often have waitlists of patients who have recovered sufficiently to no longer need the acute level of care that a hospital provides but for whom a long-term care bed is unavailable. Your Committee further finds that the need for long-term care services is likely to grow as Hawaii's population continues to age. Your Committee also finds that closing long-term care facilities will only worsen this problem, and that the availability of long-term care facilities should be studied throughout the State.

Your Committee has amended this measure by:

- (1) Expanding its focus to include long-term care facilities on East Hawaii, West Hawaii, and Kauai;
- (2) Removing the request for the Oahu Regional Board to develop recommendations regarding potential closures of Leahi Hospital and Maluhia Long-Term Care Health Center;
- (3) Including additional information about the effect of waitlists for long-term care beds on acute care facilities, reimbursement rates for long-term care patients, and past studies done on waitlists;
- (4) Requesting the Oahu, East Hawaii, West Hawaii, and Kauai Regional Boards to assess their needs for long-term care placements and the effect of the availability of long-term care beds on wait times for acute care beds, and develop recommendations regarding the effect of the availability of long-term care beds on wait times for acute care beds;
- (5) Amending its title in accordance with its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 95, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 95, S.D. 1.

SCRep. 3791 Commerce, Consumer Protection, and Health on H.C.R. No. 140

The purpose and intent of this measure is to designate the first week of December as Cancer Screen Week and encourage citizens of Hawaii to seek appropriate cancer screenings.

Your Committee received testimony in support of this measure from the Department of Health, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Hawai'i Primary Care Association, American Cancer Society Cancer Action Network, and four individuals.

Your Committee finds that regular screenings increase the probability of early detection of certain cancers, and early detection can save lives by providing the opportunity for treatment at earlier stages, when treatment is more effective and less costly. However, current cancer screening rates in Hawaii remain below the nationally recommended Healthy People 2020 targets. Your Committee finds that a public initiative such as Cancer Screen Week will raise awareness and encourage Hawaii residents to get recommended screenings.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 140, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Chang, Espero, Ruderman).

SCRep. 3792 (Joint) Water and Land and Commerce, Consumer Protection, and Health on H.C.R. No. 86

The purpose and intent of this measure is to:

- (1) Request the Department of Health to convene a task force to identify barriers and solutions to expanded water reuse in the State; and
- (2) Request the task force to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the Regular Session of 2019.

Your Committees received testimony in support of this measure from the Department of Health, Board of Water Supply of the City and County of Honolulu, Department of Environmental Management of the County of Hawai'i, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Ulupono Initiative, Wai Maoli: Hawai'i Fresh Water Initiative, Hawai'i Community Foundation, and one individual.

Your Committees find that Hawai'i has been blessed with consistent rainfall, advantageous geology for aquifers, and high quality drinking water stores, but recent findings raise concerns about the long-term fresh water security for the State. Studies have documented troubling trends, including reduced rainfall, higher evaporation rates, and declining stream flows. Along with a projected population rise, these troubling trends generate a sense of uncertainty and urgency to safeguard the State's future water supply, and suggest that Hawai'i is entering an era of fresh water uncertainty. Increasing the amount of water reuse in the State will alleviate pressure on fresh drinking water supplies. This measure builds upon the work of Wai Maoli: Hawai'i Fresh Water Initiative, organized by the Hawai'i Community Foundation, and emphasizes that water reuse initiatives are applicable and relevant to the entire State.

Your Committees have amended this measure by:

- (1) Adding language that defines water reuse;
- (2) Adding language to emphasize that water reuse initiatives are applicable and relevant to the entire State;
- (3) Adding the Chairperson of the Board of Land and Natural Resources, a member of the Commission on Water Resource Management other than the Chairperson of the Board of Land and Natural Resources, the Chairperson of the Board of Agriculture, and a representative from a public agency with permitting or implementation authority over wastewater as members of the task force;
- (4) Adding the Chairperson of the Board of Land and Natural Resources and Chairperson of the Board of Agriculture to the list of recipients who are to receive a certified copy; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Commerce, Consumer Protection, and Health that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 86, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 86, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Inouye, Thielen).

SCRep. 3793 (Joint) Transportation and Energy and Ways and Means on H.C.R. No. 96

The purpose and intent of this measure is to keep the State's roadways clean by urging the Department of Transportation to engage in public education and outreach to reduce litter, promote participation in the Adopt-a-Highway program, and expand the Adopt-a-Highway program to county roads.

Your Committees received testimony in support of this measure from the Department of Transportation and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committees find that litter on the State's roadways not only destroy the natural beauty of the State, but also damages the environment. However, cleaning up the litter is expensive - the Department of Transportation spends over \$2 million a year on picking up litter. Your Committees further find that the Adopt-A-Highway program allows community groups and businesses to "adopt" a two mile portion of a state road or highway for at least two years, which the community group or business agrees to clean at least four times a year. This measure encourages public education and greater participation in the Adopt-A-Highway program to help keep the State's roads litter-free.

Your Committees note that some counties in other states run a separate Adopt-a-Road program that is similar to the Adopt-a-Highway program. These Adopt-a-Road programs can have different roadway adoption requirements, and usually do not have oversight from the state's Department of Transportation. This type of county-based program may warrant consideration by the counties to help keep county roadways clean.

As affirmed by the records of votes of the members of your Committees on Transportation and Energy and Ways and Means that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 96, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 7. Noes, none. Excused, 4 (English, Galuteria, Harimoto, Kahele).

SCRep. 3794 Hawaiian Affairs on H.C.R. No. 160

The purpose and intent of this measure is to:

- (1) Urge state offices, state education entities, recreational facilities, local media, private schools, the tourism industry and other businesses, and the general public to use Hawaiian names as the sole common name of Hawaii's places and geographical features;
- (2) Request that Hawaiian names be included on signage, maps, and promotional materials;
- (3) Encourage retention of the original Hawaiian meaning when translating names into languages other than English or Hawaiian; and
- (4) Encourage proper pronunciation and spelling of places and geographical features in Hawai'i.

Your Committee received testimony in support of this measure from the Department of Education, Office of Hawaiian Affairs, Office of Planning, Hawai'i Tourism Authority, Native Hawaiian Education Council, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and four individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that the Hawaiian language is the native language of the State and despite this, the Hawaiian language is beginning to lose its prominence throughout the State. Your Committee further finds that the Legislature has a unique duty to preserve Hawaiian history and culture and one means of doing so is through the promotion of the use of the Hawaiian language in government offices. Much of Hawaii's history can be conveyed through the language and in the names of places and the geographical features of the islands. Your Committee notes that Hawaiian place names are often associated with a story or hold a significant cultural meaning to Native Hawaiians. Your Committee believes that the State and counties of Hawaii must lead by example and practice proper usage of the Hawaiian language in order to successfully promote the Hawaiian language to the residents and visitors of Hawaii.

Your Committee has amended this measure by:

- (1) Additionally urging county offices and county educational entities and recreational facilities to use Hawaiian names as the sole common names for places and geographical features in Hawai'i;
- (2) Requesting that street names in all counties also include the Hawaiian place names; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 160, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 160, S.D. 1.

Signed by the Chair on behalf of the Committee.

SCRep. 3795 Agriculture and Environment on H.C.R. No. 75

The purpose and intent of this measure is to request the Department of Agriculture to establish a Kauai Invasive Species Task Force that will study the issues and impacts of invasive animals in Kauai and recommend a comprehensive plan that addresses those issues.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i and one individual. Your Committee received testimony in opposition to this measure from Animal Rights Hawai'i. Your Committee received comments on this measure from the Department of Agriculture, Department of Land and Natural Resources, and Hawai'i Farm Bureau.

Your Committee finds that the introduction of invasive species across the State is problematic for not only agriculture but also for human health, tourism, watersheds, marine resources, and native species. Addressing invasive species is a complex task due to the great range of destructive animals present in Hawaii, including feral goats, pigs, deer, wild birds, rats, mollusks, mosquitos, mongoose, fire ants, beetles, and other freshwater and marine species. Your Committee further finds that farmers who experience crop damage from non-native animals on private property may engage in the Department of Land and Natural Resources' process to obtain wildlife control permits. Under chapter 124-7, Hawaii Administrative Rules, permits may be issued for the control of game birds, game mammals, introduced wildlife, and introduced wild birds causing damage to agricultural crops. Your Committee finds that as an alternative to creating a formal task force, the Department of Agriculture, Department of Land and Natural Resources, Kauai Hunting Association, and Kauai County Farm Bureau should work together to issue control permits where needed and make recommendations to address other invasive animal issues.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have requested the Department of Agriculture to establish a Kauai Invasive Species Task Force and submit a report to the Legislature, and replacing it with language urging state agencies to collaborate with farmers and other landowners and requesting the Department of Agriculture, Department of Land and Natural Resources, Kauai Hunting Association, and Kauai County Farm Bureau, and others chosen by the four entities, to collaborate to recommend solutions to mitigate the impacts of invasive animals in Kauai;
- (2) Requesting that the collaborators respond to requests from anyone on Kauai who is impacted by invasive animals;
- (3) Requesting that the collaborators develop strategies to issue appropriate wildlife control permits or conduct other strategic population management utilizing expertise of local hunters;
- (4) Including findings that the Department of Land and Natural Resources has a permit process for the control of nuisance animals;
- (5) Amending the title to reflect the amended purpose; and

- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 75, S.D. 1.

Signed by the Chair on behalf of the Committee.

SCRep. 3796 Higher Education on Gov. Msg. Nos. 543, 544, 645, 646, and 647

Recommending that the Senate advise and consent to the nominations of the following:

CENTER FOR NURSING ADVISORY BOARD

- G.M. No. 543 KECIA KELLY, for a term to expire 06-30-2021;
G.M. No. 544 ANNE SCHARNHORST, for a term to expire 06-30-2021;
G.M. No. 645 SUSAN LEE, for a term to expire 06-30-2022;
G.M. No. 646 ELIZABETH HOBAN, for a term to expire 06-30-2022; and
G.M. No. 647 ROSE HATA, for a term to expire 06-30-2020

Your Committee reviewed the personal histories, resumes, and statements submitted by Kecia Kelly, Anne Scharnhorst, Susan Lee, Elizabeth Hoban, and Rose Hata for service on the Center for Nursing Advisory Board.

KECIA KELLY

Your Committee received testimony in support of the nomination for the appointment of Kecia Kelly from two individuals.

Upon review of the testimony, your Committee finds that Dr. Kelly is presently the Chief Nurse Executive at Kaiser Permanente Hawaii's Moanalua Medical Center and has previous work experience in the Hospital Corporation of America's Chief Nursing Officer Development Program, where she served as an Associate Chief Nursing Officer at Presbyterian St. Luke's Medical Center, Rocky Mountain Hospital for Children, and Sky Ridge Medical Center. According to the testimony, Dr. Kelly is a strong leader who is dedicated to mentoring emerging leaders, identifying opportunities for improvement and establishing achievable action plans, and expanding community partnerships to achieve shared improvements and gains. Additionally, Dr. Kelly is incredibly knowledgeable and capable of understanding the larger issues facing the nursing practice. Your Committee therefore finds that Dr. Kelly's professional experience in a variety of health care settings, as well as her strategic leadership abilities, will be great assets to the Center for Nursing Advisory Board.

ANNE SCHARNHORST

Your Committee received testimony in support of the nomination for the appointment of Anne Scharnhorst from three individuals.

Upon review of the testimony, your Committee finds that Ms. Scharnhorst is presently the Allied Health Department Chair and an Associate Professor at the University of Hawaii Maui College and has previous work experience as a Clinical Process Analyst, Staff Registered Nurse, and Admission Nurse at the University of Washington Medical Center. According to the testimony, Ms. Scharnhorst is a strong leader in nursing academia and the Maui nursing community, as she has partnered with the Hawaii State Center for Nursing on local, state, and national initiatives. In her personal statement, Ms. Scharnhorst indicated that she supports the advancement of nurses in their career paths through education and mentoring to help address the succession planning for the upcoming waves of retirement in the nursing field. Your Committee therefore finds that Ms. Scharnhorst's extensive professional experience in the field of nursing, as well as her willingness to serve, will be great assets to the Center for Nursing Advisory Board.

SUSAN LEE

Your Committee received testimony in support of the nomination for the reappointment of Susan Lee from one individual.

Upon review of the testimony, your Committee finds that Ms. Lee served as a registered nurse and Director of the Oahu Region Employee Health Office with Leahi Hospital for over fourteen years. Ms. Lee has also previously served as the Oahu Region Coordinator of the Rural Development Fund Grant with the Hawaii Health Systems Corporation and a registered nurse at St. Francis Home Care Services. According to the testimony, Ms. Lee has been a strong community advocate for ensuring awareness of new nursing competency activities requirements. Such advocacy reinforces the value and impacts of lifelong learning on her own nursing practice. In her personal statement, Ms. Lee indicated that one of her passions is encouraging the gratification of lifelong learning for relicensure to nurses throughout the State. Your Committee therefore finds that Ms. Lee's dedication to serving the public, as well as her experience in the field of nursing, will continue to be great assets to the Center for Nursing Advisory Board.

ELIZABETH HOBAN

Your Committee received testimony in support of the nomination for the reappointment of Elizabeth Hoban from the Healthcare Association of Hawaii and three individuals.

Upon review of the testimony, your Committee finds that Ms. Hoban is presently the Founder, President, and Chief Operating Officer for Prime Care Services Hawaii and has previous work experience as a staff nurse, educator, Clinical Nurse III, and Nurse Manager at The Queen's Medical Center. According to the testimony, Ms. Hoban has demonstrated a long-term commitment to improving the health and well-being of people in Hawaii throughout her career. In her personal statement, Ms. Hoban indicated that because she believes that health care is moving toward post-acute settings in the community, it is important to share her experiences with the Center for Nursing Advisory Board to raise awareness on including home health care nurses in the workforce. Your

Committee therefore finds that Ms. Hoban's extensive professional experience, as well as her dedication to public service, will continue to be great assets to the Center for Nursing Advisory Board.

ROSE HATA

Your Committee received testimony in support of the nomination for the appointment of Rose Hata from six individuals.

Upon review of the testimony, your Committee finds that Ms. Hata is presently the Director of the Queen Emma Nursing Institute at The Queen's Medical Center and has previous work experience as an Advanced Practice Registered Nurse and Clinical Nurse Specialist for Patient Care Consulting Services at The Queen's Medical Center. According to the testimony, Ms. Hata has the vision and passion that has helped The Queen's Medical Center successfully develop and expand many significant clinical programs and improvements. In her personal statement, Ms. Hata indicated that she believes that nurses are an integral workforce and key leaders of the rapidly changing health care industry and that it is critical to build a workforce that is resilient and adaptable, while also sustaining passion and excellence. Your Committee therefore finds that Ms. Hata's demonstrated leadership skills, as well as her dedication and passion to the field of nursing, will be great assets to the Center for Nursing Advisory Board.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

SCRep. 3797 Higher Education on Gov. Msg. Nos. 545, 546, and 572

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII MEDICAL EDUCATION COUNCIL

G.M. No. 545 LISA RANTZ, for a term to expire 06-30-2021;

G.M. No. 546 WILLIAM DUBBS, for a term to expire 06-30-2019; and

G.M. No. 572 TODD SETO, for a term to expire 06-30-2019

Your Committee reviewed the personal histories, resumes, and statements submitted by Lisa Rantz, William Dubbs, and Todd Seto for service on the Hawaii Medical Education Council.

LISA RANTZ

Your Committee received testimony in support of the nomination for the appointment of Lisa Rantz from one member of the Hawaii County Council and nine individuals.

Upon review of the testimony, your Committee finds that Ms. Rantz is presently the Executive Director for the Hilo Medical Center Foundation and has previous work experience as the Director of Achievement for Catapult Learning and Executive Director of the Friendly Community Outreach Center. According to the testimony, Ms. Rantz has successfully obtained and managed over \$5,000,000 in grants that support educational opportunities for socioeconomically disadvantaged students and their families in rural Hawaii. In her personal statement, Ms. Rantz indicated that she is interested in promoting graduate medical education and rural health tracks that will promote recruitment and retention of doctors in the State by identifying emerging issues nationwide as they relate to Hawaii and exploring revenue streams to keep graduate medical education programs vibrant and viable. Your Committee therefore finds that Ms. Rantz's wealth of experience and institutional knowledge, as well as her passion for graduate medical education in the State, will be great assets to the Hawaii Medical Education Council.

WILLIAM DUBBS

Your Committee received testimony in support of the nomination for the reappointment of William Dubbs from two individuals.

Upon review of the testimony, your Committee finds that Dr. Dubbs is currently the Chief of Staff at the Veterans Affairs Pacific Island Health Care System and has previous work experience as the Chief of Staff at the Jack C. Montgomery Veterans Affairs Medical Center, Director of the Cookson Hills Rural Health Clinic, and Medical Director at the Cherokee National Indian Clinic. According to the testimony, Dr. Dubbs continues to be highly committed to the care of Hawaii veterans and has been a longstanding partner with the University of Hawaii's John A. Burns School of Medicine. In his personal statement, Dr. Dubbs indicated that he is committed to ensuring that the people of Hawaii have the best medical care possible with adequate access and hopes to see growth in the health care industry through Hawaii's medical school, nursing school, and residency programs. Your Committee therefore finds that Dr. Dubbs' vast experience in medical education, as well as his willingness to serve, will continue to be great assets to the Hawaii Medical Education Council.

TODD SETO

Your Committee received testimony in support of the nomination for the appointment of Todd Seto from three individuals.

Upon review of the testimony, your Committee finds that Dr. Seto is presently the Medical Director of the Center for Outcomes Research and Evaluation and Director of Academic Affairs and Research at The Queen's Medical Center and an attending cardiologist at the Queen Emma Clinics. Dr. Seto has also previously served as the Interim Director for the Office of Research Development, Medical Director for the Clinical Trial Office, and Medical Director for the Non-Invasive Cardiology Laboratory at The Queen's Medical Center. According to the testimony, Dr. Seto's leadership and collaborative nature helps bring together various hospital and physician teams to address challenges. In his personal statement, Dr. Seto indicated that, as a member of the Hawaii Medical Education Council, he hopes to share his perspective as a passionate health care provider and medical educator. Your Committee

therefore finds that Dr. Seto's professional experience in the field of medical education, as well as his dedication to public service, will be great assets to the Hawai'i Medical Education Council.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3798 Agriculture and Environment on Gov. Msg. Nos. 684 and 691

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION

G.M. No. 684 MARGARITA HOPKINS, for a term to expire 06-30-2022; and

G.M. No. 691 YUKIO KITAGAWA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Margarita Hopkins and Yukio Kitagawa for service on the Board of Directors of the Agribusiness Development Corporation.

MARGARITA HOPKINS

Your Committee received testimony in support of the nomination for the reappointment of Margarita Hopkins from the Agribusiness Development Corporation, Department of Agriculture, Hawai'i Farm Bureau, Hawaii Fish Company Inc., Hawaii Tropical Fruit Growers, Hawaii Coffee Association, one councilmember of the County of Hawaii, and forty-five individuals.

Upon review of the testimony, your Committee finds that Ms. Hopkins' background, knowledge, and experience in agricultural development and as an agricultural economist qualify her for reappointment to the Board of Directors of the Agribusiness Development Corporation as a member representing the County of Hawaii. Ms. Hopkins recently worked as a lecturer at the College of Business and Economics and College of Agriculture, Forestry, & Natural Resources Management at the University of Hawaii at Hilo. Previously she worked as the Agriculture Disaster Assistance Coordinator assisting recovery efforts for the agriculture industry negatively affected by Hurricane Iselle. She has also worked for the County of Hawaii Department of Research and Development preparing and updating the county agricultural development plan. Ms. Hopkins also serves on numerous community boards and councils including the Diocesan Planning & Building Commission, Pacific West Area Institutional Biosafety Committee, and Big Island Resource Conservation & Development Council. She has served as a member of the Board of Directors of the Agribusiness Development Corporation since 2014. Your Committee finds that Ms. Hopkins brings to the Corporation extensive expertise in agricultural economics to assist the Corporation in meeting the current and future needs of Hawaii's agricultural sector.

YUKIO KITAGAWA

Your Committee received testimony in support of the nomination for the reappointment of Yukio Kitagawa from the Department of Agriculture, Agribusiness Development Corporation, Hawai'i Farm Bureau, Ulupono Initiative, Hawaii Fish Company Inc., Hawaii Coffee Association, and thirty-nine individuals.

Upon review of the testimony, your Committee finds that Mr. Kitagawa's experience in agriculture, background, and knowledge qualify him for reappointment to the Board of Directors of the Agribusiness Development Corporation as an at-large member. Mr. Kitagawa formerly served as the Chairperson of the Board of Agriculture from 1988 through 1994. He also previously served as Assistant Director of the University of Hawaii College of Tropical Agriculture and Human Resources Cooperative Extension Service and as Deputy Chairperson of the Board of Agriculture. Mr. Kitagawa currently serves on a number of community boards including the Hawaii Marketing Alliance, Wahiawa Hongwanji, C & C Agriculture Development Task Force, and Hawaii Agriculture Resource Center. He served as a member of the Board of Directors of the Agribusiness Development Corporation from 1999 to 2002 and again since 2014. Your Committee finds that Mr. Kitagawa brings to the Corporation extensive expertise in public service in the agriculture industry to assist the Corporation in supporting increased agriculture throughout the State.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3799 Agriculture and Environment on Gov. Msg. No. 685

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY COMMITTEE ON PESTICIDES

G.M. No. 685 JEFFREY KERMODE, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Jeffrey Kermode for service on the Advisory Committee on Pesticides.

Your Committee received testimony in support of the nomination for the reappointment of Jeffrey Kermode from the Department of Agriculture; Maui Gold Pineapple Company; Hawaii Farm Bureau; Maui County Farm Bureau; Alexander & Baldwin, Inc.; Ponoholo Ranch Limited; Hawaii Coffee Association; Hawaii Cattlemen's Council, Inc.; and twenty-three individuals.

Upon review of the testimony, your Committee finds that Mr. Kermode's background, knowledge, and experience in environmental-related fields and the sugar industry qualify him for reappointment to the Advisory Committee on Pesticides as a representative of the sugar industry. Mr. Kermode received his Bachelor of Arts degree in Geography with a specialization in Environmental Studies from the University of British Columbia. Mr. Kermode worked in environmental health and safety related fields for over twenty years. As a consultant, his work ranged from performing environmental site assessments to pollution prevention planning. For the past six years, Mr. Kermode has been employed as the Environmental Affairs' Specialist for Hawaiian Commercial & Sugar Company, where he ensures environmental compliance for all aspects of the company's agricultural activities, including pesticide use, storage, and handling. Previously he worked as the Environmental Manager for Maui Land and Pineapple Company, where he also worked on pesticide related issues. Through his work, Mr. Kermode has developed a deep appreciation for the environment and agriculture in Hawaii. He served on the Advisory Committee on Pesticides from July of 2012 to June of 2016. Mr. Kermode brings to the Committee unique qualifications to assess the potential impact of proposed regulations on farming interests and to also ensure that proposed regulations are protective of human health and the environment.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3800 Agriculture and Environment on Gov. Msg. No. 699

Recommending that the Senate advise and consent to the nomination of the following:

ENDANGERED SPECIES RECOVERY COMMITTEE

G.M. No. 699 KAWIKA WINTER, for a term to expire 06-30-2019

Your Committee reviewed the personal history, resume, and statement submitted by Kawika Winter for service on the Endangered Species Recovery Committee.

Your Committee received testimony in support of the nomination for the appointment of Kawika Winter from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kauai Endangered Seabird Recovery Project, Kauai Albatross Network, and five individuals.

Upon review of the testimony, your Committee finds that Dr. Winter's background, knowledge, and experience in Hawaiian ethnobotany qualify him for appointment to the Endangered Species Recovery Committee as a representative with a background in native Hawaiian traditional and customary practices. Dr. Winter is currently employed as the Director of the Limahuli Garden and Preserve of the National Tropical Botanical Garden, where he has improved management of the living collection and its interpretation and advanced research initiatives and conservation programs. Dr. Winter has a doctorate degree and master's degree in botany from the University of Hawaii. Dr. Winter also serves on the Senior Management Team of the National Tropical Botanical Garden, Hawai'i Conservation Alliance Steering Committee, and E Alu Pū Network Advisory Council as a representative of Kaua'i. He additionally works as Affiliate Graduate Faculty at the University of Hawaii at Manoa. Your Committee finds that Dr. Winter brings to the Committee extensive expertise in native Hawaiian plants and conservation efforts to assist the Committee in its efforts to recover Hawaii's endangered species.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Ruderman).

SCRep. 3801 Agriculture and Environment on Gov. Msg. Nos. 700, 701, 702, and 703

Recommending that the Senate advise and consent to the nominations of the following:

ENVIRONMENTAL COUNCIL

G.M. No. 700 MARY BEGIER, for a term to expire 06-30-2022;

G.M. No. 701 ROBERT PARSONS, for a term to expire 06-30-2022;

G.M. No. 702 NICOLE TUTEUR, for a term to expire 06-30-2022; and

G.M. No. 703 STEPHANIE DUNBAR-CO, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Mary Begier, Robert Parsons, Nicole Tuteur, and Stephanie Dunbar-Co for service on the Environmental Council.

MARY BEGIER

Your Committee received testimony in support of the nomination for the reappointment of Mary Begier from the Environmental Council, Office of Environmental Quality Control, one councilmember of the County of Hawai'i, and one individual.

Upon review of the testimony, your Committee finds that Ms. Begier's experience as a realtor, background, and knowledge qualify her for reappointment to the Environmental Council as a real estate representative. Ms. Begier is currently the principal broker, owner, and realtor of Mary Begier Realty. Ms. Begier belongs to a number of professional organizations, including the Honolulu Board of REALTORS, Hawaii Association of REALTORS, National Association of REALTORS, Hawaii Island REALTORS, Council of

Residential Specialists, and Council of Real Estate Brokerage Managers. Additionally, Ms. Begier serves as a member of the Junior League of Honolulu, Rotary Club of Hilo Bay, and Hawaii Island Chamber of Commerce. Ms. Begier has served as a member of the Environmental Council since 2017. Your Committee finds that Ms. Begier brings to the Council extensive expertise in real estate to assist the Council in balancing development and environmental concerns.

ROBERT PARSONS

Your Committee received testimony in support of the nomination for the reappointment of Robert Parsons from the Environmental Council and Office of Environmental Quality Control.

Upon review of the testimony, your Committee finds that Mr. Parsons' experience in eco-journalism and environmental consulting, background, and knowledge qualify him for reappointment to the Environmental Council as a representative of environmental consulting. Mr. Parsons is currently employed as the Maui County Environmental Coordinator and serves as the county liaison or representative to various conservation and environmental organizations, including Hawaii Green Growth, Maui Conservation Alliance, University of Hawaii Maui College Sustainable Science Management, West Maui Ridge to Reef, East Maui Watershed Protection, Maui Invasive Species Committee, and Maui Nui Marine Resource Council. Mr. Parsons has served on the Environmental Council since 2015. Your Committee finds that Mr. Parsons' community involvement, knowledge, and appreciation for the complexity of natural resource and environmental issues provide him with the expertise necessary to continue to serve on the Environmental Council.

NICOLE TUTEUR

Your Committee received testimony in support of the nomination for the reappointment of Nicole Tuteur from the Environmental Council, Office of Environmental Quality Control, and Office of Hawaiian Affairs.

Upon review of the testimony, your Committee finds that Ms. Tuteur's experience in law, background, and knowledge qualify her for reappointment to the Environmental Council as a representative who is an attorney. Ms. Tuteur is currently employed with Ka Huli Ao Center for Excellence in Native Hawaiian Law, where she co-teaches the Environmental Law Clinic, coordinates the Native Hawaiian Law Training Course for state and county decision-makers, and facilitates community trainings on water law and traditional and customary rights. Ms. Tuteur has served as a member of the Environmental Council since December of 2015. Your Committee finds that Ms. Tuteur's extensive expertise in water rights, climate change issues, and clean energy provide her with qualifications necessary to continue to serve on the Environmental Council.

STEPHANIE DUNBAR-CO

Your Committee received testimony in support of the nomination for the reappointment of Stephanie Dunbar-Co from the Environmental Council, Office of Environmental Quality Control, and Office of Hawaiian Affairs, The Nature Conservancy, and one individual.

Upon review of the testimony, your Committee finds that Dr. Dunbar-Co's background, knowledge, and experience in ecology, evolution, and conservation biology of Hawaiian flora qualify her for reappointment to the Environmental Council as a representative who is a sustainability coordinator. Dr. Dunbar-Co is currently employed as the East Slope Project Manager with The Nature Conservancy and led the expansion of the East Molokai Watershed Partnership. She serves as the Program Manager of Kainalu Ranch and has been a member of the Environmental Council since 2017. Based on her knowledge, experience, and commitment to public service, your Committee finds that Dr. Dunbar-Co will continue to be an asset to the Environmental Council.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Ruderman).

SCRep. 3802 Agriculture and Environment on Gov. Msg. Nos. 704, 732, and 734

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF AGRICULTURE

G.M. No. 704 JOE TANAKA, for a term to expire 06-30-2020 (term amended to 6-30-2022 by GM742);

G.M. No. 732 FREDERICK COWELL, for a term to expire 06-30-2022; and

G.M. No. 734 DIANE LEY, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Joe Tanaka, Frederick Cowell, and Diane Ley for service on the Board of Agriculture.

JOE TANAKA

Your Committee received testimony in support of the nomination for the appointment of Joe Tanaka from the Department of Agriculture and one individual.

Upon review of the testimony, your Committee finds that Mr. Tanaka's community involvement, background, and knowledge qualify him for appointment to the Board of Agriculture as an at-large representative. Mr. Tanaka is currently employed as an independent businessperson. Mr. Tanaka serves a number of community organizations, including the Maui County Department of Water Supply, Hawaii Criminal Justice Commission, Maui County Mayor's Commission on Children and Youth, Maui Visitor Bureau, and Sister State Commission. Your Committee finds that Mr. Tanaka brings to the Board extensive expertise to assist the Board in supporting agriculture throughout the State.

FREDERICK COWELL

Your Committee received testimony in support of the nomination for the appointment of Frederick Cowell from the Department of Agriculture, Hawai'i Farm Bureau, Hawaii Coffee Association, Hula Daddy Kona Coffee, Hawaii Coffee Company, and twenty-nine individuals.

Upon review of the testimony, your Committee finds that Mr. Cowell's background, knowledge, and experience in the coffee industry qualify him for appointment to the Board of Agriculture as a representative of the County of Kaua'i. Mr. Cowell is currently employed as the General Manager of the Kauai Coffee Company, LLC, where he leads all facets of the vertically integrated coffee company, including farming, processing, roasting, packaging, marketing, and retail sales. Mr. Cowell has previously worked as the Program and Site Manager of Oceanit Laboratories where he led design, development, and fielding of the upgraded Hostile Fire Detection System. Your Committee finds that Mr. Cowell brings to the Board extensive expertise in leadership and the coffee industry to assist the Board in supporting agriculture throughout the State.

DIANE LEY

Your Committee received testimony in support of the nomination for the appointment of Diane Ley from the Department of Agriculture; Research Corporation of the University of Hawaii; Office of the Mayor of the County of Hawai'i; one council member of the County of Hawai'i; Hawai'i Farm Bureau; Hawaii Floriculture and Nursery Association; Hawaii Tropical Flower Council; Orchid Growers of Hawai'i; Ulupono Initiative; Hawaii Tropical Fruit Growers; Hawaii Fish Company Inc.; Kualoa Ranch Hawaii; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Hawaii Forest Industry Association; Ka Ohana O Na Pua; Hawaii Coffee Association; and fifty individuals.

Upon review of the testimony, your Committee finds that Ms. Ley's background, knowledge, and experience in agriculture qualify her for appointment to the Board of Agriculture as a representative of the County of Hawai'i. Ms. Ley is currently employed as the Director of Research and Development of the County of Hawai'i, where she is responsible for the collection and development of research driven data necessary for managerial and legislative decision-making and program and policy development within the County of Hawai'i. Previously, Ms. Ley was employed as the State Executive Director of the United States Department of Agriculture Farm Service Agency for Hawaii and the Pacific Basin and Deputy to the Chairperson of the Board of Agriculture. Your Committee finds that Ms. Ley brings to the Board extensive expertise in government management of agribusiness to assist the Board in meeting the current and future needs of Hawai'i's agriculture sector.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3803 Labor on Gov. Msg. No. 725

Recommending that the Senate advise and consent to the nomination of the following:

LABOR AND INDUSTRIAL RELATIONS APPEALS BOARD

G.M. No. 725 MELANIE MATSUI, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Melanie Matsui for service on the Labor and Industrial Relations Appeals Board.

Your Committee received testimony in support of the nomination for the reappointment of Melanie Matsui from the Executive Officer of the Labor and Industrial Relations Appeals Board; Chamber of Commerce Hawaii; State of Hawaii Organization of Police Officers; Leong Kunihiro Benton & Brooke; Chong, Nishimoto, Sia, Nakamura & Goya; Oshima, Itomura & Fujimoto; and twenty-two individuals.

Upon review of the testimony, your Committee finds that Ms. Matsui's legal experience in labor, background, and knowledge qualify her for reappointment to the Labor and Industrial Relations Appeals Board. Ms. Matsui earned Juris Doctorate and Bachelor of Science degrees from Willamette University. She has been a Board Member of the Labor and Industrial Relations Appeals Board since September of 2008. Ms. Matsui is a former Associate of Matsui Chung Sumida & Tsuchiyama; Kessner Duca Umabayashi Bain & Matsunaga; and Leroy T. Kuwasaki, Jr., AAL, ALC; where at each firm she represented employers in workers' compensation cases before the Department of Labor and Industrial Relations' Disability Compensation Division and Labor and Industrial Relations Appeals Board. Ms. Matsui is active in the Haleiwa Jodo Mission and Haleiwa Jodo Mission Young Buddhist Association, and has previously served as a member of the Board of the Friends of the Cancer Research Center of Hawaii. Ms. Matsui is highly esteemed as a hard-working and extremely capable attorney whose expertise, intelligence, and energy will continue to be valuable assets to the Labor and Industrial Relations Appeals Board.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3804 Labor on Gov. Msg. No. 726

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I LABOR RELATIONS BOARD

G.M. No. 726 SESNITA MOEPOONO, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Sesnita Moepono for service on the Hawai'i Labor Relations Board.

Your Committee received testimony in support of the nomination for the reappointment of Sesnita Moepono from the Chair of the Hawai'i Labor Relations Board; Executive Officer of the Labor and Industrial Relations Appeals Board; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; University of Hawaii Professional Assembly; and five individuals.

Upon review of the testimony, your Committee finds that Ms. Moepono's legal experience, background, and knowledge qualify her for reappointment to the Hawai'i Labor Relations Board. Ms. Moepono has served on the Hawai'i Labor Relations Board since June 15, 2011. Previously, she worked as the Coordinator for Legislation and Litigation for the Offender Management Office of the Department of Public Safety and worked in solo private legal practice from 1998 to 2011, concentrating her practice in civil matters in the areas of contract, employment, estate planning, legislative analysis, probate, real property, and workers' compensation. In addition to her solo private practice during this period, she was involved in the public sector and legislative arena. She served as a capital improvement projects analyst with the Senate Ways and Means Committee and a staff attorney with the Senate Committee on Water and Land and the Senate Committee on Judiciary and Labor. Ms. Moepono is an active participant in the community by serving on the Kunawai Neighborhood Watch & Patrol and Downtown Business Association, and previously served on the Kupuna Caucus, the Honolulu Committee on Aging, and the Honolulu Planning Commission, among others. Your Committee finds that Ms. Moepono's extensive experience gives her a well-rounded legal background and that her knowledge and the perspectives she has gained through her work with management and labor unions make her a valuable member of the Hawai'i Labor Relations Board.

As affirmed by the record of votes of the members of your Committee on Labor that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3805 Commerce, Consumer Protection, and Health on H.C.R. No. 52

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of proposed mandated health insurance coverage for the costs of medically necessary transportation to the continental United States for qualifying patients.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Kaiser Permanente Hawaii, Hawaii Medical Service Association, Hawai'i Pacific Health, and seven individuals.

Your Committee finds that for critically ill patients, immediate treatment and care can make a difference in their survival and recovery rates. However, in certain unique cases, the medical procedure a patient needs is not available in Hawaii and is only available on the continental United States. Because time is of the essence, the only viable means of receiving this treatment is transportation by air ambulance. Your Committee additionally finds that commercial flights are not an option for these patients, who require accompaniment by trained personnel. Furthermore, the cost of transportation by air ambulance can be a significant financial burden, as these transport airlines, which have highly specialized crews and equipment, cannot operate without upfront payment to cover the high cost of the services they render.

Your Committee further finds that although Medicaid covers the cost of air ambulance transportation to the continental United States, the same coverage is not offered by other health insurance, which creates an inequity in patients' ability to access critically-needed medical treatment. This measure therefore requests the Auditor to conduct a statutorily-required impact assessment report that assesses the social and financial effects of the mandated health insurance coverage under House Bill No. 687, H.D. 2, Regular Session of 2018, which proposes to require health insurance coverage for the costs of medically necessary transportation to the continental United States for qualifying patients.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 52, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 52, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Chang, Espero, Ruderman).

SCRep. 3806 Water and Land on H.C.R. No. 34

The purpose and intent of this measure is to urge the Division of State Parks of the Department of Land and Natural Resources to:

- (1) Conduct an assessment of potentially hazardous ocean conditions at beach parks prior to undertaking access improvements that will increase state beach park use; and
- (2) Provide information about potentially hazardous conditions at state beach parks on the Division's website and in its printed materials.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one individual.

Your Committee finds that state beach park improvements, such as paved access roads, restrooms, showers, and picnic tables, tend to greatly increase the use of those parks, particularly by visitors who are less likely to go to remote beaches that are not easily accessible and have no amenities. For example, improvements made at Kua Bay on the Island of Hawai'i greatly increased the use of that beach park. However, Kua Bay can experience rip tides, strong currents, rough shore break, and other conditions that may be dangerous for first-time visitors who are not aware of or experienced enough to handle these conditions. Thus, an increase in the number of visitors contributes to an increase in the number of accidents and deaths at Kua Bay. This measure ensures that safety concerns are addressed prior to undertaking access improvements to state beach parks that will increase use and provides a mechanism to keep beachgoers better informed about the potentially hazardous conditions at state beach parks they intend to visit.

Your Committee has amended this measure by:

- (1) Adding language to clarify that Kua Bay is one example of the safety concerns that are common at state beach parks in every county;
- (2) Adding the Chief of the Emergency Medical Services and Injury Prevention System Branch of the Department of Health, the Director of the Hawaii Emergency Management Agency of the Department of Defense, and the President of the Hawaiian Lifeguard Association to the list of recipients to receive a certified copy of this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 34, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Riviere, Thielen).

SCRep. 3807 Transportation and Energy on H.C.R. No. 112

The purpose and intent of this measure is to ensure the safety of pedestrians on Haleakala Highway between Upper Kimo Drive and Ainakula Road by urging the Department of Transportation to assess the dangers of pedestrian use of the shoulder and examine the effectiveness of potential pedestrian safety measures.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that as the Kula area has grown more popular among visitors to Hawaii, pedestrian and motor vehicle traffic on Haleakala Highway has increased significantly. Your Committee notes that there are significant safety risks for pedestrians along certain parts of Haleakala Highway in Kula, as there are no sidewalks for this stretch of the highway, and the shoulder is only six inches wide. The pedestrians are put at further risk by the large number of drivers who exceed the posted speed limit of thirty miles per hour. This measure seeks to assess these risks and provide safety measures for pedestrians.

As affirmed by the record of votes of the members of your Committee on Transportation and Energy that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Harimoto).

SCRep. 3808 Transportation and Energy on H.C.R. No. 113

The purpose and intent of this measure is to request the Department of Transportation to study ways to encourage police and fire stations to have a certified child passenger safety technician available to inspect child passenger restraint systems.

Your Committee received testimony in support of this measure from the Department of Transportation and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that Hawaii's child passenger restraint law requires certain children to be properly restrained in a child passenger restraint system that meets federal motor vehicle safety standards. The child passenger restraint law also establishes punishment for failing to comply with the law. However, your Committee finds that parents who wish to have a child's safety seat or booster seat inspected to ensure that the seat meets safety standards have limited means to do so. There are only a few car seat inspection stations in the State, particularly on neighbor islands.

Your Committee believes that residents should have convenient access to safety seat or booster seat inspections, and notes that other states offer inspection services at neighborhood police and fire stations. While having inspection services provided at all police and fire stations in the State would be ideal, your Committee understands that such an approach could be infeasible. A feasibility study would allow the Legislature to determine the best way to encourage police and fire stations in the State to have a certified child passenger safety technician available to inspect child safety and booster seats.

As affirmed by the record of votes of the members of your Committee on Transportation and Energy that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 113, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (English, Harimoto).

SCRep. 3809 Government Operations on H.C.R. No. 177

The purpose and intent of this measure is to urge respective government entities at the state and national level to develop, update, and introduce policies related to helicopter air tours.

Your Committee received testimony in support of this measure from the Hawaii Island Coalition Malama Pono and five individuals. Your Committee received comments on this measure through a petition containing the names of one hundred eighty-three individuals.

Your Committee finds that Hawai'i Volcanoes National Park, on the island of Hawai'i, is managed by the Director of the National Park Service, which is a bureau of the United States Department of the Interior, and has more non-essential tour helicopter overflights than any other individual park in the nation. Your Committee further finds that in recent years, helicopter noise as a result of commercial air tour flights over residential areas in the east Hawai'i region of the island of Hawai'i has reached an unprecedented level. Residents in Hāmākua, Hilo, Mountain View, Puna, Volcano, and Ka'ū have continued to raise issues of overflights, noise complaints, and safety with the state Department of Transportation, Honolulu Flight Standards District Office of the Federal Aviation Administration, and air tour helicopter operators.

Your Committee additionally finds that it has been fourteen years since the Federal Aviation Administration and National Park Service initially asked for comments on an Air Tour Management Plan Environmental Assessment and seven years since a preliminary draft Air Tour Management Plan for Hawai'i Volcanoes National Park was published. However, there is still no final Air Tour Management Plan for Hawai'i Volcanoes National Park and the only rules that govern helicopter and fixed wing air tours over the airspace of the Hawaiian islands are contained in the decade-old Hawai'i Air Tour Common Procedures Manual. This measure therefore urges various government entities to develop, update, and introduce policies related to helicopter air tours at the state and national level, including completing the Air Tour Management Plan for Hawai'i Volcanoes National Park, Haleakalā, and other designated national parks throughout the nation; updating the Hawai'i Air Tour Common Procedures Manual; and working with community stakeholders to address concerns related to noise complaints and safety issues.

Further, your Committee notes that despite the fact that the Federal Aviation Administration has regulatory authority over air space the State could still be taking affirmative steps to address some of the many concerns relating to air tours in the State. Therefore, your Committee finds that establishing a working group to be led by the Department of Transportation and including members from the Department of Health and relevant legislative committees that could develop state-level policies and procedures for managing air tours at Hawai'i Volcanoes National Park, Haleakala, Punchbowl, and other designated locations throughout the State and coordinate communications between relevant state departments and agencies and the Federal Aviation Administration for the purposes of developing, updating, and introducing policies related to helicopter air tours would be beneficial.

Accordingly, your Committee has amended this measure by:

- (1) Adding language expressing similar concerns relating to noise and flight-safety from air tours over the densely populated Punchbowl region of Oahu, in and around Punchbowl Crater and the National Memorial Cemetery of the Pacific;
- (2) Requesting the convening of a working group to be led by the Department of Transportation to develop state-level policies and procedures for managing air tours at Hawai'i Volcanoes National Park, Haleakala, Punchbowl, and other designated locations throughout the State and to coordinate communications between relevant state departments and agencies and the Federal Aviation Administration for the purposes of developing, updating, and introducing policies related to helicopter air tours; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 177, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 177, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Galuteria).

SCRep. 3810 (Joint) Government Operations and Transportation and Energy on H.C.R. No. 130

The purpose and intent of this measure is to urge state agencies to:

- (1) Work together in planning for Hawaii's involvement in the Alliance for Coastal Technologies and Maritime Environmental Resource Center's program for the assessment and evaluation of biofouling management technologies;
- (2) Review the risks of the non-abrasive cleaning of ship hull microfouling and create processes and conditions, such as best management practices, to allow certain vessels with low-risk hull coatings or paint to apply for an in-water cleaning permit; and
- (3) Develop and implement a measurable and enforceable program to address biofouling, to launch with a voluntary compliance phase-in period by December 31, 2019, in accordance with the *Hawaii Interagency Biosecurity Plan 2017-2027*.

Your Committees received testimony in support of this measure from the Office of Planning; Department of Land and Natural Resources; Coordinating Group on Alien Pest Species; O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; and Young Brothers, Limited.

Your Committees find that the maritime industry is an important component of the State's economy. Your Committees also find biofouling, the accumulation of microorganisms, plants, algae, or animals on a wetted surface, such as the hull of a shipping vessel, is a serious vector of aquatic invasive species transfer through transpacific travel, which, if transferred and established in new ecosystems, may pose threats to the environment, human health, property, and resources. Moreover, your Committees find that the *Hawaii Interagency Biosecurity Plan 2017-2027* recognized that up to seventy-eight percent of Hawaii's non-native marine algae and invertebrate species can be attributed to vessel biofouling. Further, your Committees find that to develop and implement safe and effective measures for management of biofouling in Hawaii's harbors, a high level of coordination between various state agencies is required.

Your Committees also note that the development of plans for Hawaii's involvement in the Alliance for Coastal Technologies and Maritime Environmental Resource Center's program for the assessment and evaluation of biofouling management technologies would benefit from state agencies working alongside other interested stakeholders, including the Hawaii Harbors User Group.

Accordingly, your Committees have amended this measure by:

- (1) Urging state agencies to work together and with interested stakeholders, including the Hawaii Harbor Users Group;
- (2) Adding the Executive Director of the Hawaii Harbors User Group to the list of entities to receive a certified copy; and
- (3) Making technical, nonsubstantive changes for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Transportation and Energy that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 130, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 130, S.D. 1.

SCRep. 3811 (Joint) Government Operations and Transportation and Energy on H.C.R. No. 123

The purpose and intent of this measure is to request:

- (1) The Department of Accounting and General Services to examine projects that would reduce energy costs for state departments and agencies and report to the Legislature prior to the 2019 Regular Session;
- (2) The Office of the Auditor to examine potential energy savings costs for state departments and agencies and report to the Legislature prior to the 2019 Regular Session; and
- (3) The State Procurement Office to update and publish the Energy Savings Performance Contracting list that includes a list of all pre-qualified energy service companies (ESCOs) no later than July 1, 2018.

Your Committees received testimony in support of this measure from Ulupono Initiative, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and NORESCO. Your Committees received comments on this measure from the Department of Accounting and General Services, Office of the Auditor, and State Procurement Office.

Your Committees find that ensuring that state departments and agencies employ the latest energy efficiency measures not only supports the State's long-term viability, but also increases government efficiency. Your Committees also find that section 36-41, Hawaii Revised Statutes, codifies the requirement that government agencies "evaluate and identify for implementation energy efficiency retrofitting through performance contracting". However, your Committees find that even though the annual cost of electricity is increasing, the maintenance of state facilities is regularly being deferred, exacerbating the amount the State spends on electricity. Therefore, your Committees find that the Department of Accounting and General Services and the Office of the Auditor should examine potential energy savings costs for state departments and agencies. Further, your Committees find that the State Procurement Office should update and publish the Energy Savings Performance Contracting list that includes a list of all pre-qualified ESCOs.

Your Committees also note that the previous Energy Savings Performance Contracting list expired in early 2017 and despite significant notice that the list was set to expire and ample time since the expiration of the list, the Department of Accounting and General Services has not finalized the criteria for issuing a new solicitation for energy service companies to compile a new Energy Savings Performance Contracting list. While your Committees recognize that the Department of Accounting and General Services has been operating with reduced staffing, your Committees find that finalizing the updated Energy Savings Performance Contracting list is essential for saving the State significant money on future projects and therefore, strongly urge the Department of Accounting and General Services to complete its process in a timely fashion. However, because of these delays, your Committees recognize that the State Procurement Office will not be able to publish an updated Energy Savings Performance Contracting list by July 1, 2018.

Accordingly, your Committees have amended this measure by changing the date by which the State Procurement Office is requested to update and publish the Energy Savings Performance Contracting list that includes of all pre-qualified energy service companies to no later than December 30, 2018.

As affirmed by the records of votes of the members of your Committees on Government Operations and Transportation and Energy that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 123, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 123, S.D. 1.

SCRep. 3812 Transportation and Energy on H.C.R. No. 30

The purpose and intent of this measure is to reduce the number of bicycle riders injured by drivers and passengers negligently exiting their vehicles by urging the Department of Transportation to include the "Dutch Reach" in driver's education curricula.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Bicycling League, Peoples Advocacy for Trails Hawai'i, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one individual.

Your Committee finds that bicycling is a mode of transportation that is good for the health and good for the environment. However, careless drivers can sometimes pose a safety risk to bicyclists, even after parking their vehicles. Drivers who open their doors quickly

without being aware of their surroundings might open their doors into the path of an oncoming bicyclist, which can severely injure or kill the bicyclist. These types of accidents, known as doorings, account for up to twenty percent of the most common accidents between bicyclists and vehicles in major cities.

Your Committee further finds that the occurrence of doorings can be reduced if drivers are more cautious when they open their doors. One way to improve safety is to use the Dutch Reach, also known as the far hand method. The Dutch Reach involves using the far-side hand to open the door, which forces one's torso and head to swivel and allows for an unobstructed view backwards to watch for oncoming bicyclists and traffic. Your Committee believes that widespread use of the Dutch Reach will reduce the number of dooring accidents and improve overall bicycle safety, and urges the Dutch Reach be included in driver's education courses.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation and Energy that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 30, S.D. 1.

SCRep. 3813 Government Operations on H.C.R. No. 108

The purpose and intent of this measure is to urge the State to address the lack of language support for persons with limited English proficiency in services, programs, and activities offered by state government.

Your Committee received testimony in support of this measure from the Office of Language Access, Hawaii Friends of Civil Rights, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Filipina Advocacy Network, Volunteer Legal Services Hawai'i, Filipino American Citizens League, American Immigration Council, and four individuals.

Your Committee finds that for persons with limited English proficiency, language can be a barrier to accessing important benefits or services, understanding and exercising important rights, complying with applicable responsibilities, or understanding information. Your Committee also finds that Hawaii is home to a large number of persons with limited English proficiency who do not speak English as their primary language and self-identify as having a limited ability to read, write, speak, or understand English. Therefore, your Committee finds that the State should prioritize ensuring meaningful access to services, programs, and activities for all persons in the State. Moreover, your Committee finds that the State should promote the hiring of bilingual and multilingual persons in the State's workforce, expand the functional and active use of languages commonly spoken in the State by persons in the workforce, recognize language skills as critical workforce skills that are essential to the State, and promote workplace training, public service campaigns, and educational programs that address bias and discrimination with respect to using languages other than English. Further, your Committee finds that the State should promote study of languages other than English and an environment of aloha where the use of languages other than English in public settings is welcomed and valued.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 108, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

SCRep. 3814 Education on H.C.R. No. 198

The purpose and intent of this measure is to request that the Hawaii State Department of Education report to the Legislature on its compliance with the Patsy Mink Equal Opportunity in Education Act and the resolution agreement between the Hawaii State Department of Education and United States Department of Education Office for Civil Rights dated December 20, 2017.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i State Commission on the Status of Women, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, American Civil Liberties Union of Hawai'i, Domestic Violence Action Center, YWCA O'ahu, Planned Parenthood Votes Northwest and Hawai'i, LGBT Caucus of the Democratic Party of Hawai'i, and two individuals.

Your Committee finds that according to the United States Department of Education Office for Civil Rights, which is responsible for enforcing Title IX, the Hawaii State Department of Education is out of compliance with Title IX. Specifically, the Hawaii State Department of Education was in violation of certain Title IX requirements related to designating and providing notice of a coordinator to carry out Title IX responsibilities, developing and disseminating a notice of nondiscrimination, and providing appropriate grievance procedures to address complaints. As a result, the Hawaii State Department of Education agreed to take multiple steps and actions to come into compliance with Title IX, including committing to various reporting requirements to the United States Department of Education Office for Civil Rights.

Your Committee further finds that participation in after-school sports enhances girls' leadership skills and boosts their success in academic and collegiate achievement, making them more likely to graduate from high school and score higher on standardized tests. However, many girls throughout the State participate in public school sports using inferior sports facilities and without adequate drinking water or restrooms nearby. Therefore, it is essential that the Hawaii State Department of Education uphold the mandates required by Title IX to provide equal access to the benefits of any education program or activity that receives Federal financial assistance.

This measure seeks to ensure the Legislature is kept up to date with the Department of Education's compliance efforts with regard to Title IX.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 198, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 198, S.D. 1.

Recommending that the Senate advise and consent to the nomination of the following:

STATE PROCUREMENT OFFICE ADMINISTRATOR

G.M. No. 502 SARAH-JANE ALLEN, for a term to expire 10-03-2021

Your Committee reviewed the personal history, resume, and statement submitted by Sarah-Jane Allen for service as the State Procurement Office Administrator.

Your Committee received testimony in support of the nomination for the reappointment of Sarah-Jane Allen from the Department of Accounting and General Services; Office of Veterans' Services; Integrated Securities Technologies, Inc.; Child & Family Service; Hawaii Laborers-Employers Cooperation and Education Trust; Ulupono Initiative; Hawaii Alliance of Nonprofit Organizations; General Contractors Association of Hawaii; Alaska-Hawaii Governmental Procurement Association; and thirty-three individuals.

Upon review of the testimony, your Committee finds that Ms. Allen is currently serving as the State Procurement Office Administrator, a position she has held since November 2013. During her time as Administrator, she has proven to be a strong leader with effective communication skills and an innovative and forward-thinking vision of procurement. Under Ms. Allen's leadership, the State Procurement Office has improved and the State's procurement process has been enhanced through the updating and modernization various online tools relating to procurement, including development of the Hawaii Awards and Notice Database or HANDS system that is a one-stop shop for solicitations and award notices. Ms. Allen has also worked to improve the State Procurement Office's interactions and communications with or government agencies and departments, so that those departments and agencies might better understand their procurement duties. Moreover, in recognition that the full contract life-cycle is effected by procurement, Ms. Allen has directed the State Procurement Office toward emphasizing post-award contract management as an essential part of the procurement planning process. Further, under Ms. Allen's leadership, the State Procurement Office, has completed more than sixty compliance reviews and investigations and managed more than one hundred eighty state-wide contracts totaling more than \$1.2 billion.

In addition, Ms. Allen's extensive background in procurement and financial management has proven to be a great asset to the State Procurement Office. Ms. Allen holds a Bachelor of Commerce from the University of Southern Africa, Master of Acquisition Management from American Graduate University, and a Global Executive Master of Business Administration from George Mason University. Prior to taking over as Administrator of the State Procurement Office, Ms. Allen spent several years with the National Geospatial Intelligence Agency, most notably as the Executive Advisor to the Senior Procurement Executive, where her team managed the cross-functional initiative, Agile Acquisition. She also has fourteen years of contracting and acquisition experience, which includes time in the United States Air Force.

Accordingly, your Committee finds that Ms. Allen's demonstrated dedication to improving and innovating the State Procurement Office, continuing commitment to enhance procurement practices, accomplishments as the State Procurement Office Administrator, and her past experiences with procurement, qualify Ms. Allen for reappointment as the State Procurement Office Administrator.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

SCRep. 3816 Government Operations on Gov. Msg. Nos. 507 and 508

Recommending that the Senate advise and consent to the nominations of the following:

ENHANCED 911 BOARD

G.M. No. 507 COREY SHAFFER, for a term to expire 06-30-2018; and

G.M. No. 508 COREY SHAFFER, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Corey Shaffer for service on the Enhanced 911 Board.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Corey Shaffer from the Department of Accounting and General Services, Executive Director of the Enhanced 911 Board of Directors, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Shaffer's knowledge and prior experience qualify him for appointment and reappointment to the Enhanced 911 Board. Mr. Shaffer is a graduate of the University of Pittsburgh with a Bachelor of Science in electrical engineering and has a strong background in Radio Frequency Design and various communications protocols, including LTE, CDMA, and SIP/RTP, and internet protocol. Mr. Shaffer has been an employee of Verizon Wireless for more than a decade. For the last several years, Mr. Shaffer served as the Principal System Performance Engineer for the Hawaii Market and was

responsible for maintaining performance of the radio and local core network throughout the islands including reviewing and approving cell site designs, creating and prioritizing new projects, testing and activating new services, and troubleshooting network issues. In March 2017, Mr. Shaffer was promoted to the West Territory RAN Team providing support to engineers in the western half of the United States by conducting trials, issuing recommendations and best practices, acting as "Tier 2" support for troubleshooting network issues, and managing bug fixes and feature requests with various equipment vendors. Your Committee finds that Mr. Shaffer's considerable leadership and project management experience will be great assets to the Enhanced 911 Board.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3817 Water and Land on Gov. Msg. No. 606

Recommending that the Senate advise and consent to the nomination of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 606 KANOE WILSON, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Kanoe Wilson for service on the Legacy Land Conservation Commission.

Your Committee received testimony in support of the nomination for the reappointment of Kanoe Wilson from the Department of Land and Natural Resources, one Council Member of the Council of the County of Hawai'i, Molokai Land Trust, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Wilson's experience as an Education Program Manager at Kamehameha Schools Hawai'i, commitment to public service, and proven leadership qualify her to be nominated for reappointment to the Legacy Land Conservation Commission as a member knowledgeable about native Hawaiian culture. Your Committee notes that Ms. Wilson is a professional educator and a Hawaiian cultural practitioner with a strong passion and commitment for community-based land stewardship. She has previously served as an Education Officer at Kamehameha Schools Hawai'i, a Legacy Land Education Specialist for Kamehameha Schools' 'Āina Ulu Program, a Program Coordinator for the University of Hawai'i at Hilo's Kīpuka Native Hawaiian Student Center, and an Interpretive Park Ranger at the Hawai'i Volcanoes National Park.

Your Committee further notes that the testimony received in support of Ms. Wilson's nomination for reappointment to the Legacy Land Conservation Commission indicate that she communicates gracefully and compassionately with applicants for grants from the Legacy Land Conservation Program and helps her fellow commissioners and program staff better understand the deeper significance of the native cultural landscape and related community concerns. Ms. Wilson's knowledge and experience in 'ike Hawai'i and 'āina-based education will continue to fill a valuable niche on the Legacy Land Conservation Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3818 Water and Land on Gov. Msg. No. 653

Recommending that the Senate advise and consent to the nomination of the following:

NATURAL AREA RESERVES SYSTEM COMMISSION

G.M. No. 653 ALISON COHAN, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Alison Cohan for service on the Natural Area Reserves System Commission.

Your Committee received testimony in support of the nomination for the appointment of Alison Cohan from the Department of Land and Natural Resources, Office of Economic Development of the County of Maui, The Nature Conservancy of Hawai'i, East Maui Watershed Partnership, and one individual.

Upon review of the testimony, your Committee finds that Alison Cohan's background, experience, and proven leadership qualify her to be nominated to the Natural Area Reserves System Commission as a member possessing scientific qualifications as evidenced by an academic degree in resource management. Your Committee notes that Ms. Cohan currently serves as the Director of the Maui Nui Forest Program for The Nature Conservancy of Hawai'i to promote exemplary landscape-scale management and threat abatement and effective conservation management of The Nature Conservancy's network of preserves and landholdings in Maui County. She has demonstrated extensive leadership and field expertise in resources management through this position as well as her previous position as a field representative for the program. Ms. Cohan also has expertise in marine management focusing on monk seals and whales through her previous research positions and has been deeply engaged in large-scale conservation planning efforts through watershed partnerships and invasive species committees.

Your Committee further notes that the Hawaii State Ethics Commission was consulted on whether Ms. Cohan's employment with The Nature Conservancy of Hawai'i poses any potential conflicts of interest if she is appointed to serve as member of the Natural Area Reserves System Commission. A staff attorney at the Hawaii State Ethics Commission informed your Committee that nothing prevents the appointment. Her appointment as a member possessing scientific qualifications as evidenced by an academic degree in resource

management is a role that is separate from her employment with The Nature Conservancy. However, if Ms. Cohan is appointed to serve on the Commission, the staff attorney at the Hawaii State Ethics Commission advised that she should not take any action that involves any sum of money for The Nature Conservancy. As an employee of The Nature Conservancy, she should refrain from being involved in proposals for funding from the Board of Land and Natural Resources or in the handling of funds awarded by the Board of Land and Natural Resources to The Nature Conservancy. For other non-funding related decisions before the Natural Area Reserves System Commission involving The Nature Conservancy, or for funding to competitors of The Nature Conservancy, Ms. Cohan is urged to consult the Hawaii State Ethics Commission for further guidance. Your Committee has spoken to the nominee about these issues during phone calls on two separate occasions, and the nominee has agreed to follow all of the recommendations made by the staff attorney of the Hawaii State Ethics Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3819 Education on Gov. Msg. Nos. 694, 695, and 696

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EDUCATION

- G.M. No. 694 CATHERINE PAYNE, for a term to expire 06-30-2021;
- G.M. No. 695 DWIGHT TAKENO, for a term to expire 06-30-2021; and
- G.M. No. 696 MARGARET COX, for a term to expire 06-30-2021

Your Committee reviewed the personal histories, resumes, and statements submitted by Catherine Payne, Dwight Takeno, and Margaret Cox for service on the Board of Education.

CATHERINE PAYNE

Your Committee received testimony in support of the nomination for the appointment of Catherine Payne from the HE'E Coalition, Parents and Children Together, HawaiiKidsCAN, Adult Friends for Youth, and numerous individuals.

Upon review of the testimony, your Committee finds that Ms. Payne is presently a Commissioner and Chair of the Hawaii State Public Charter School Commission and an Educational Consultant for Ke Alaka'i Mau, LLC. Ms. Payne also has extensive work experience in the field of education, including as a mentor for the University of Hawai'i College of Education's Education Doctorate in Professional Educational Practices, principal of Governor Wallace Rider Farrington High School for fifteen years, and teacher at Nanakuli High and Intermediate School. According to the testimony, Ms. Payne possesses the knowledge of the public, charter, and university school systems in Hawaii and has served students in Hawaii with honesty, integrity, and clarity through various capacities. Ms. Payne indicated in her personal statement that she hopes to bring a voice to the Board of Education that reflects a broad and deep understanding of how schools must adjust to effectively educate children for today's world. Your Committee therefore finds that Ms. Payne's extensive career in the field of education, as well as her prior success in leading positive change in schools, will be great assets to the Board of Education.

DWIGHT TAKENO

Your Committee received testimony in support of the nomination for the appointment of Dwight Takeno from the University of Hawai'i Professional Assembly; HE'E Coalition; United Public Workers, AFSCME, Local 646, AFL-CIO; HawaiiKidsCAN; and numerous individuals.

Upon review of the testimony, your Committee finds that Mr. Takeno is presently the Director of Administrative Services for the Office of the Vice President of Research and Innovation at the University of Hawai'i System Office and has previous work experience as the Director of Collective Bargaining and Employee Relations for the University of Hawai'i System Office, Human Resources Specialist at the University of Hawai'i at Manoa, and Interim Executive Director and Chief Negotiator for the Hawai'i State Teachers Association. According to the testimony, Mr. Takeno brings important higher education and charter school perspectives to the Board of Education. Mr. Takeno indicated in his personal statement that serving on the Board of Education will allow him to give back to the education system that has allowed him and his family to live the life they enjoy, including providing opportunities to grow professionally, individually, and economically. Your Committee therefore finds that Mr. Takeno's professional experience, as well as his integrity and willingness to listen to issues and concerns with an open mind, will be great assets to the Board of Education.

MARGARET COX

Your Committee received testimony in support of the nomination for the reappointment of Margaret Cox from the HE'E Coalition, HawaiiKidsCAN, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Cox's has extensive experience as a teacher, administrator, and Board of Education member, where she was first elected to the State Board of Education in 2004 and served until 2011 when the Board transitioned to an appointed Board. Ms. Cox is currently serving on the Board with a term to expire June 30, 2018. Previously, Ms. Cox was a school principal responsible for opening King Kaunualii Elementary School in 1990 and Chiefess Kamakahelei Middle School in 2000. According to the testimony, Ms. Cox has a good understanding of the goals of the education system in the State, as she has participated in the Department of Education and Board of Education 2017-2020 Strategic Plan and Hawaii's Consolidated State Plan for the Every Student Succeeds Act. In her personal statement, Ms. Cox indicated that she brings school level experiences to policy discussions and hopes to explore ways for neighbor island teachers, parents, community members, and students to have their

voices heard. Your Committee therefore finds that Ms. Cox's experience in classroom instruction, educational administration, and education policy, as well as her dedication to public service, will be great assets to the Board of Education.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

EARLY LEARNING BOARD

- G.M. No. 661 CHERILYN SHIINOKI, for a term to expire 06-30-2018;
- G.M. No. 662 CHERILYN SHIINOKI, for a term to expire 06-30-2020;
- G.M. No. 663 ANN TOM, for a term to expire 06-30-2020;
- G.M. No. 664 EDELUISA BAGUIO-LARENA, for a term to expire 06-30-2021;
- G.M. No. 669 BENJAMIN NAKI III, for a term to expire 06-30-2019; and
- G.M. No. 670 MAUREEN RAWLINS, for a term to expire 06-30-2020

Your Committee reviewed the personal histories, resumes, and statements submitted by Cherilyn Shiinoki, Ann Tom, Edeluisa Baguio-Larena, Benjamin Naki III, and Maureen Rawlins for service on the Early Learning Board.

CHERILYN SHIINOKI

Your Committee received testimony in support of the nomination for the appointment and reappointment of Cherilyn Shiinoki from the Executive Office on Early Learning and two individuals.

Upon review of the testimony, your Committee finds that Ms. Shiinoki is presently the Executive Director for Family Hui Hawaii, which offers a peer-to-peer parenting support program, and has previous professional and volunteer experience as a Volunteer Intern for the State of Hawaii Governor's Executive Office on Early Learning; Education Specialist, Substitute Teacher, and Administrative Support at the University of Hawaii at Manoa Children's Center; and Children's Ministry Director for New Hope Diamond Head. According to testimony, Ms. Shiinoki is highly respected by her peers and has a firm understanding of the Early Learning Board's objectives, strategies, and focuses. In her personal statement, Ms. Shiinoki indicated that she hopes that the voices of families are represented on the Early Learning Board to design a sustainable early learning system in which children are healthy, valued, and successful in school and life. Your Committee therefore finds that Ms. Shiinoki's professional background, as well as her dedication to serving the public, will be great assets to the Early Learning Board.

ANN TOM

Your Committee received testimony in support of the nomination for the reappointment of Ann Tom from the Executive Office on Early Learning and four individuals.

Upon review of the testimony, your Committee finds that Ms. Tom is presently a Senior Outreach Program Specialist for the Learning to Grow Program under the University of Hawaii's Center on the Family and has previous work experience with the Center on the Family as a Project Coordinator for the Quality Care Program for Center-Based and Home-Based Child Care Providers, Senior Project Facilitator, and Project Coordinator. According to the testimony, Ms. Tom is a strong advocate for young children, particularly those in the infant and toddler stages. In her personal statement, Ms. Tom indicated that she believes that if the youngest children receive nurturing and responsive care from the beginning of their lives, many of the learning challenges in the schools could be prevented. Your Committee therefore finds that Ms. Tom's professional experience in the fields of child development, child care, and early childhood education, as well as her desire to improve child care in the State, will continue to be great assets to the Early Learning Board.

EDELUISA BAGUIO-LARENA

Your Committee received testimony in support of the nomination for the reappointment of Edeluisa Baguio-Larena from the Executive Office on Early Learning and three individuals.

Upon review of the testimony, your Committee finds that Ms. Baguio-Larena is presently the Chief Executive Officer for Maui Family Support Services, Inc., a non-profit agency serving Maui County, and has previous work experience as the Director of Early Childhood Education and Services, Program Supervisor, and Clinical Supervisor for Maui Family Support Services, Inc. According to the testimony, Ms. Baguio-Larena's expertise as a home-visiting program provider has been valuable to the Early Learning Board in the past, as she offers an important perspective that emphasizes the variety of settings and choices families pursue in support of quality early learning and care. In her personal statement, Ms. Baguio-Larena indicated that, as a member of the Early Learning Board completing her first term, she has attended all of the regular monthly board meetings and looks forward to actively participating in the finalization of the strategic plan of the Early Learning Board. Your Committee therefore finds that Ms. Baguio-Larena's professional experience, as well as her willingness to serve, will continue to be great assets to the Early Learning Board.

BENJAMIN NAKI III

Your Committee received testimony in support of the nomination for the appointment of Benjamin Naki III from the Executive Office on Early Learning, Parents and Children Together, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Naki is presently the Vice President of Early Education Programs for Parents and Children Together and has previous work experience as a Program Director, Assistant Director, Comprehensive Services Manager, Family Services Coordinator, and Father Facilitator for Parents and Children Together. According to the testimony, Mr. Naki is an accomplished leader who has a clear understanding of the needs of the community and its consumers. In his personal statement, Mr. Naki indicated that he believes his extensive experience in Head Start, Early Head Start, center-based preschool, and home visiting provides him with an overall understanding of the strengths and limitations of each model. Your Committee therefore finds that Mr. Naki's vast professional experience, as well as his steadfast commitment to the children and families of Hawaii, will be great assets to the Early Learning Board.

MAUREEN RAWLINS

Your Committee received testimony in support of the nomination for the reappointment of Maureen Rawlins from the Office of Hawaiian Affairs, Executive Office on Early Learning, a member of the Hawaii County Council, 'Aha Pūnana Leo, Native Hawaiian Education Council, and ten individuals.

Upon review of the testimony, your Committee finds that Ms. Rawlins is presently the Director of Strategic Partnerships and Collaborations for 'Aha Pūnana Leo, Inc., as well as the Co-founder and Vice President of the National Coalition of Native American Language Schools and Programs. Her previous work experience includes serving as the Executive Director of 'Aha Pūnana Leo, Inc., a position she held for eighteen years. According to the testimony, Ms. Rawlins is intimately familiar with the concerns and needs of Hawaiian language medium early learning providers. In her personal statement, Ms. Rawlins indicated that, as the representative of Hawaiian language medium early learning providers on the Early Learning Board, she has been able to ensure that the voice for Hawaiian speaking families and children are considered in decisions being made in early childhood development and care. Your Committee therefore finds that Ms. Rawlins's willingness to serve, as well as her perspective on Hawaiian medium early education, will continue to be great assets to the Early Learning Board.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

STATE BOARD OF NATUROPATHIC MEDICINE

G.M. No. 709 KATHRYN TAKETA-WONG, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Kathryn Taketa-Wong for service on the State Board of Naturopathic Medicine.

Your Committee received testimony in support of the nomination for the reappointment of Kathryn Taketa-Wong from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Dr. Taketa-Wong's knowledge, background, and proven leadership on the State Board of Naturopathic Medicine qualify her to be nominated for reappointment to the State Board of Naturopathic Medicine as a licensee member. Your Committee notes that Dr. Taketa-Wong has been licensed in Hawaii since 2011 and is a naturopathic physician and acupuncturist in her own private practice, where she focuses on autism spectrum and pediatric developmental disorders. Dr. Taketa-Wong has served on the legislative committee for the Hawaii Society of Naturopathic Physicians since 2013 and previously worked with the American Association of Naturopathic Medicine and the Oregon Association of Naturopathic Medicine on legislative issues pertaining to naturopathic medicine. Your Committee further finds that Dr. Taketa-Wong has served as a member of the State Board of Naturopathic Medicine since July 2014, currently serves as the Board's Vice Chair, and her perspective as a naturopathic physician in private practice continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Dr. Taketa-Wong be reappointed to the State Board of Naturopathic Medicine based on her background, experience, and dedication to serving the community.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HAWAI'I ADVISORY COMMISSION ON DRUG ABUSE AND CONTROLLED SUBSTANCES

G.M. No. 643 KENNETH TANO, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Kenneth Tano for service on the Hawai'i Advisory Commission on Drug Abuse and Controlled Substances.

Your Committee received testimony in support of the nomination for the appointment of Kenneth Tano from the Department of Health, Hawai'i Police Department, and one individual.

Upon review of the testimony, your Committee finds that Mr. Tano's experience, expertise, and background qualify him to be nominated for appointment to the Hawai'i Advisory Commission on Drug Abuse and Controlled Substances as a representative of the community and business affairs segment of the community. Your Committee finds that, prior to his retirement, Mr. Tano served as a major in the Honolulu Police Department, Narcotics/Vice Division. Your Committee also finds that Mr. Tano currently serves as the Hawai'i Law Enforcement Coordinator for the Western States Information Network. In this capacity, Mr. Tano shares information and cooperates with investigations on a regional level. Accordingly, your Committee finds that Mr. Tano will provide a local law enforcement presence on the Commission as well as perspectives gleaned from twenty years of regional information sharing to support criminal investigations and officer safety. Mr. Tano notes in his personal statement that his top priority is to improve methods used to identify at-risk juveniles and young adults and provide them with education and treatment.

As affirmed by the record of votes of the members of your Committee on Commerce, Consumer Protection, and Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 609 HEIDI HARGETT, for a term to expire 06-30-2020;

G.M. No. 614 CATHERINE SORENSEN, for a term to expire 06-30-2020;

G.M. No. 636 NATALIE KAMA, for a term to expire 06-30-2022; and

G.M. No. 667 RICKY SHIMOKAWA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Heidi Hargett, Catherine Sorensen, Natalie Kama, and Ricky Shimokawa for service on the State Council on Developmental Disabilities.

HEIDI HARGETT

Your Committee received testimony in support of the nomination for the appointment of Heidi Hargett from the State Council on Developmental Disabilities and The Arc of Kona.

Upon review of the testimony, your Committee finds that Ms. Hargett's experience, background, and leadership qualify her to be nominated for appointment to the Council as an individual with a developmental disability. Your Committee notes that federal law requires that sixty percent of the membership of the Council consist of individuals with developmental disabilities or their parents, relatives, or guardians, and that Ms. Hargett's appointment will help fulfill this requirement. Your Committee finds that Ms. Hargett is currently employed as a courtesy clerk at Safeway, and that she obtained employment through collaboration with The Arc of Kona, demonstrating her familiarity with services available to persons with disabilities. Your Committee also finds that Ms. Hargett serves as the Chair of the Big Island West Hawaii Self-Advocacy Advisory Council, demonstrating her understanding of the role and responsibilities of Council membership. Your Committee also finds that Ms. Hargett led a campaign to change a local bus route to accommodate the commutes of her peers, demonstrating her interest in advocacy and activism.

CATHERINE SORENSEN

Your Committee received testimony in support of the nomination for the appointment of Catherine Sorensen from the Department of Health, State Council on Developmental Disabilities, and three individuals.

Upon review of the testimony, your Committee finds that Dr. Sorensen's employment, knowledge, and expertise qualify her to be nominated for appointment to the Council as a representative of the state agency that administers funds under Title V of the Social Security Act. Your Committee finds that Dr. Sorensen currently serves as the Coordinator of the Child Abuse and Neglect Prevention Program in the Maternal and Child Health Branch, Family Health Services Division, Health Resources Administration, Department of Health. Your Committee further finds that this program addresses the needs of special populations, including violence prevention for children and adults with disabilities. Your Committee also finds that Dr. Sorensen previously served as the first Statewide Fetal Alcohol Spectrum Disorder Coordinator, and that her experience in this role will be valuable to the Council. Your Committee also finds that Dr. Sorensen has a niece and nephew with special needs, demonstrating her personal investment in the work of the Council, in addition to her professional capacity.

NATALIE KAMA

Your Committee received testimony in support of the nomination for the reappointment of Natalie Kama from the State Council on Developmental Disabilities, Aloha Psychological Services, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Kama's background, experience, and dedication to community service qualify her to be nominated for reappointment to the Council as a parent of an individual with a developmental disability. Your Committee notes that federal law requires that sixty percent of the membership of the Council consist of individuals with developmental disabilities or their parents, relatives, or guardians, and that Ms. Kama's appointment will help fulfill this requirement. Your Committee finds that Ms. Kama is currently employed as the Lead Organizer for Faith Action for Community Equity Hawaii, demonstrating her commitment to serving the public. Your Committee also finds that Ms. Kama currently serves on the Council and understands the role and responsibilities of Council membership. Your Committee notes that Ms. Kama has been involved with the Maui Disability Alliance's annual Legislative Forum, and will provide the Council with her unique perspective, not only as a Maui resident but as a Native Hawaiian. Ms. Kama notes in her personal statement that she hopes to create a Parent Advocacy Group to better assist the families of children with developmental and intellectual disabilities and navigate the maze of available resources.

RICKY SHIMOKAWA

Your Committee received testimony in support of the nomination for the reappointment of Ricky Shimokawa from the State Council on Developmental Disabilities, Department of Education, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Shimokawa's employment, experience, and background qualify him to be nominated for reappointment to the Council as a representative of the state agency that administers funds under the Individuals with Disabilities Education Act. Your Committee finds that Mr. Shimokawa is currently employed as an Educational Specialist in the Department of Education; in this position he conducts investigations regarding parent complaints about services provided to their children and works to provide equal access under the law. Your Committee further finds that Mr. Shimokawa's approximately fifteen years of employment as a Vice Principal, Special Education Teacher, and Civil Rights Compliance Specialist provide him with experience in the education field, which will be valuable to the Council. Your Committee also finds that Mr. Shimokawa serves on the Council and understands the role and responsibilities of Council membership. Mr. Shimokawa notes in his personal statement his plans to continue to ensure the Department of Education provides the necessary supports to students with disabilities.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

MOTOR VEHICLE REPAIR INDUSTRY BOARD

G.M. No. 677 KELVIN KOHATSU, for a term to expire 06-30-2018;

G.M. No. 678 KELVIN KOHATSU, for a term to expire 06-30-2022; and

G.M. No. 711 MICHAEL TETSUTANI, for a term to expire 06-30-2020

Your Committee reviewed the personal histories, resumes, and statements submitted by Kelvin Kohatsu and Michael Tetsutani for service on the Motor Vehicle Repair Industry Board.

KELVIN KOHATSU

Your Committee received testimony in support of the nomination for the appointment and reappointment of Kelvin Kohatsu from the Department of Commerce and Consumer Affairs; Hawaiian Electric Company, Inc.; and Maui Electric Co., Ltd.

Upon review of the testimony, your Committee finds that Mr. Kohatsu's background, experience, and dedication to public service qualify him to be nominated for appointment and reappointment to the Motor Vehicle Repair Industry Board as a public member. Your Committee notes that Mr. Kohatsu has worked with heavy machinery for nearly forty-five years; is currently the Director of Fleet Services for Hawaiian Electric, Maui Electric, and Hawai'i Electric Light Companies (the Companies); and has been the Fleet Administrator for Hawai'i Electric Light Company since 2002. During his career with the Companies, he has adapted to the changing needs of the transportation industry by adopting biofuel, hybrid, and electric vehicles to the Companies' fleets, an experience that will be beneficial to the Board. Your Committee further finds that Mr. Kohatsu understands the role and responsibilities of board members by virtue of his current service as a board member of the Oahu Fleet Safety Organization and Hawaii Transportation Association and prior service as the transportation chair of the County of Hawai'i Energy Advisory Commission. Your Committee therefore recommends that Mr. Kohatsu be appointed and reappointed to the Motor Vehicle Repair Industry Board based on his knowledge, experience, and commitment to serving his community.

MICHAEL TETSUTANI

Your Committee received testimony in support of the nomination for the reappointment of Michael Tetsutani from the Department of Commerce and Consumer Affairs and Hawaii Automobile Dealers' Association.

Upon review of the testimony, your Committee finds that Mr. Tetsutani's knowledge, experience, and proven leadership on the Motor Vehicle Repair Industry Board qualify him to be nominated for reappointment to the Motor Vehicle Repair Industry Board as an industry member. Your Committee notes that Mr. Tetsutani has extensive experience in the automotive industry and has been with his present company, a franchise dealership in Honolulu, since 1981. Mr. Tetsutani has worked in a variety of key positions at his company, where he is currently the Service and Parts Director and previously held positions as lot attendant, car salesman, customer relations representative, Parts Manager, and Service Advisor. Your Committee further finds that Mr. Tetsutani has been a member of the Motor Vehicle Repair Industry Board since 2012, where he is a diligent contributing member, and his extensive professional experience and knowledge of the automobile industry continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Tetsutani be reappointed to the Motor Vehicle Repair Industry Board based on his background, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3831 Housing on Gov. Msg. No. 516

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAI'I PUBLIC HOUSING AUTHORITY

G.M. No. 516 ALBERT NAHALE-A, for a term to expire 06-30-2019

Your Committee reviewed the personal history, resume, and statement submitted by Albert Nahale-a for service on the Board of Directors of the Hawai'i Public Housing Authority.

Your Committee received testimony in support of the nomination for the appointment of Albert Nahale-a from the Hawai'i Public Housing Authority. Your Committee received testimony in opposition to the nomination for the appointment of Albert Nahale-a from one individual.

Upon review of the testimony, your Committee finds that Mr. Nahale-a's experience in the public and private sectors, commitment to public service, and proven leadership qualify him to be nominated for appointment to the Board of Directors of the Hawaii Public Housing Authority as a public member representing the County of Hawai'i. Your Committee notes that Mr. Nahale-a currently serves as the Senior Director of Kamehameha Schools Hawai'i where he is responsible for fulfilling Kamehameha Schools' strategic objectives on the island of Hawai'i to advance outcomes for Native Hawaiian learners. He is also directly responsible for the team of individuals that manages all lands owned by Kamehameha Schools on the island of Hawai'i, which totals nearly 300,000 acres of agricultural and conservation lands. He previously served as the Director of Laupahoehoe Community Public Charter School where he increased student enrollment, increased external revenue sources, and catalyzed active community partnerships.

Your Committee further notes that Mr. Nahale-a has extensive experience in the public sector, including serving as the Chairperson of the Hawaiian Homes Commission where he facilitated monthly meetings for the nine commissioners, led policy initiatives, evaluated programs, and managed a \$60,000,000 annual operating budget, a \$120,000,000 annual development budget, and two hundred employees. He also previously served as an East Hawai'i Commissioner of the County of Hawai'i Charter Commission, a

Federal Title III Coordinator for Hawai'i Community College, and a Development Specialist for Federal Housing Programs for the Rural Community Assistance Corporation.

Your Committee also notes that Mr. Nahale-a's years of government and private sector experience will be extremely valuable to the Board of Directors of the Hawai'i Public Housing Authority when reviewing state government issues and legislation. Testimony received in support of the nominee indicate that if appointed, Mr. Nahale-a's work ethic and integrity will be valuable assets to the Board of Directors and he will bring a fresh perspective in developing sound and thoughtful policy decisions.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

HAWAI'I COMMUNITY DEVELOPMENT AUTHORITY

G.M. No. 724 WEI FANG, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Wei Fang for service on the Hawaii Community Development Authority.

Your Committee received testimony in support of the nomination for the reappointment of Wei Fang from the Hawaii Community Development Authority and one individual.

Upon review of the testimony, your Committee finds that Ms. Fang's experience in real estate development, commitment to public service, and proven leadership qualify her to be nominated for reappointment to the Hawaii Community Development Authority as an at-large member nominated by the Speaker of the House of Representatives. Your Committee notes that Ms. Fang currently serves as Co-Founder and Principal of Centre City Development, which is a Honolulu-based real estate development company with a focus on design-driven redevelopment of urban infill housing projects. She also currently serves as Founder and Principal of Interisland Terminal, which is a non-profit organization whose mission is to present exhibitions in contemporary art, film, and design and to advance the role of arts in innovation.

Your Committee further notes that if appointed to serve a second term on the Hawaii Community Development Authority, Ms. Fang's goals include working with her fellow board members to ensure a smooth transition for the new Executive Director; assisting the Hawaii Community Development Authority staff and leadership in strengthening the ability of the Authority to be more financially self-sustaining; collaborating with and engaging a broad cross-section of the He'eia community as the update of the He'eia master plan gets underway; and completing the transfer of Kaka'ako Makai park lands to the City and County of Honolulu in such a way as to ensure that the key features of the master plan for the Kaka'ako Waterfront Park are upheld. Testimony received in support of the nominee indicate that through her active participation, Ms. Fang has demonstrated her commitment and dedication to maintaining and enhancing the Hawaii Community Development Authority's Kaka'ako, He'eia, and Kalaeloa development districts. Her broad knowledge and experience in real estate redevelopment will continue to fill a valuable niche on the Authority.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 680 JULIE YATOGO, for a term to expire 06-30-2022; and

G.M. No. 692 SHANNON CHING, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Julie Yatogo and Shannon Ching for service on the Board of Speech Pathology and Audiology.

JULIE YATOGO

Your Committee received testimony in support of the nomination for the reappointment of Julie Yatogo from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Ms. Yatogo's background, knowledge, and proven experience on the Board of Speech Pathology and Audiology qualify her to be nominated for reappointment to the Board of Speech Pathology and Audiology as a speech pathologist member. Your Committee notes that Ms. Yatogo has been a licensed speech pathologist in Hawaii for over thirty years and has worked in a variety of practice settings, including with the Department of Education and Easter Seals Hawaii, Kauai Service Center. Ms. Yatogo is also an active member of her professional organization, the Hawaii Speech-Language-Hearing Association, where she has served in a variety of leadership positions, including two terms as President. Your Committee further finds that Ms. Yatogo has been a member of the Board of Speech Pathology and Audiology since October 2016 and the insight

she offers, based on her many years of experience and unique perspective as a speech pathologist practicing on Kauai, continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Ms. Yatogo be reappointed to the Board of Speech Pathology and Audiology based on her experience, background, and dedication to public service.

SHANNON CHING

Your Committee received testimony in support of the nomination for the reappointment of Shannon Ching from the Department of Commerce and Consumer Affairs, District 50 Hawaii Lions Club, and one individual.

Upon review of the testimony, your Committee finds that Dr. Ching's knowledge, background, and proven experience on the Board of Speech Pathology and Audiology qualify him to be nominated for reappointment to the Board of Speech Pathology and Audiology as an audiologist member. Your Committee notes that Dr. Ching has over thirty-five years' experience as an audiologist and currently has two private audiology practices, in Honolulu and Hilo. Dr. Ching has also been extensively involved with the District 50 Hawaii Lions, Lions Clubs International, for many years, including previously serving as District Governor, and was instrumental in developing and implementing the statewide Lions Hearing Screening Program for elementary school children in 2008. Your Committee further finds that Dr. Ching previously served as the Chair of the Board of Speech Pathology and Audiology from 1989 through 1992 and has been a current member of the Board since 2015 and the insight he offers, based on his many years of experience as an audiologist, continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Dr. Ching be reappointed to the Board of Speech Pathology and Audiology based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Your Committee reviewed the personal histories, resumes, and statements submitted by Milo Spindt, Melvin Kahele, and George Atta for service on the Board of Directors of the Hawaii Housing Finance and Development Corporation.

MILO SPINDT

Your Committee received testimony in support of the nomination for the reappointment of Milo Spindt from the Board of Directors of the Hawaii Housing Finance and Development Corporation and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Milo Spindt from one individual.

Upon review of the testimony, your Committee finds that Mr. Spindt's experience as a real estate salesperson, real estate broker, and property manager, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Board of Directors of the Hawaii Housing Finance and Development Corporation as a public member representing the County of Kauai. Your Committee notes that Mr. Spindt has seventeen years of experience as a real estate salesperson, property manager, and real estate broker in Hawaii, Nevada, and Washington. He currently serves full-time as a Real Estate Broker and Property Manager and part-time as an Emergency Medical Technician for American Medical Response Hawaii. He also has previous work experience as a Kauai District Land Agent for the Department of Land and Natural Resources and Founder and President of Housing For All, Inc. Mr. Spindt has demonstrated his willingness to serve the public through his past involvement in the Spokane Association of REALTORS, Nevada Association of REALTORS, Reno-Sparks Association of REALTORS, and Kauai Board of REALTORS.

Your Committee further notes that if appointed for another term on the Board of Directors of the Hawaii Housing Finance and Development Corporation, Mr. Spindt's goal is to help increase the total output of affordable housing units on Kauai and throughout the State by effective fiscal and policy management. Specifically, the nominee indicated in his personal statement that he would like to see the Hawaii Housing Finance and Development Corporation expand its role in off-site infrastructure projects that support affordable housing developments. Testimony received in support of the nominee indicate that Mr. Spindt's is well versed in the County of Kauai's land use issues and housing needs.

MELVIN KAHELE

Your Committee received testimony in support of the nomination for the reappointment of Melvin Kahele from the Board of Directors of the Hawaii Housing Finance and Development Corporation and one individual. Your Committee received testimony in opposition to the nomination for the reappointment of Melvin Kahele from one individual.

Upon review of the testimony, your Committee finds that Mr. Kahele's extensive experience in the construction industry, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Board of Directors of the Hawaii Housing Finance and Development Corporation as a public member. Your Committee notes that Mr. Kahele previously served as a legislative lobbyist for the Ironworkers Union, Local 625, Stabilization Fund and served as President for the Teamsters Union, Local 996, handling many complex contract negotiations.

Your Committee further notes the testimony received in support of the nominee that his extensive experience with the construction industry and his affiliation with the Ironworkers Union, Local 625 and the International Brotherhood of Teamsters, Local 996, will continue to provide the Board of Directors of the Hawaii Housing Finance and Development Corporation with a valuable housing development resource if appointed to a second term.

GEORGE ATTA

Your Committee received testimony in support of the nomination for the appointment of George Atta from the Board of Directors of the Hawaii Housing Finance and Development Corporation, Pūlama Lāna'i, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Atta's extensive professional experience in urban and regional planning with public agencies and as a planning consultant, commitment to public service, and proven leadership qualify him to be nominated for appointment to the Board of Directors of the Hawaii Housing Finance and Development Corporation as a public member representing the City and County of Honolulu. Your Committee notes that Mr. Atta previously served as the Director of the Department of Planning and Permitting of the City and County of Honolulu where he provided leadership, administration, and management of a county department consisting of three hundred employees in areas relating to long-range planning; building and construction; traffic and engineering; land use and development; and commercial and residential enforcement. Prior to his service with the City and County of Honolulu, he served as the Principal, Partner, and Project Manager for Group 70, now known as G70. Mr. Atta has extensive involvement and leadership experience with various professional organizations, including the American Institute of Certified Planners, the Hawaii Chapter of the United States Green Building Council, and Hawaii Association of Environmental Professionals; and community activities, including the University of Hawaii's Sea Grant Advisory Panel, the Pa'i Foundation, and the TARO Center.

Your Committee further notes that if appointed to serve on the Board of Directors of the Hawaii Housing Finance and Development Corporation, Mr. Atta has goals to simplify the rules and work on financing so that more developers can provide affordable housing, and encourage the county planning departments and the Hawaii Housing Finance and Development Corporation to work together to reduce the number of regulations required for permits to facilitate the development of affordable housing. Testimony received in support of the nominee indicate that Mr. Atta's depth of experience and expertise will be valuable assets for the Board of Directors as the Hawaii Housing Finance and Development Corporation continues its mission to facilitate and expedite the development of affordable housing statewide.

As affirmed by the records of votes of the members of your Committee on Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

SCRep. 3835 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 649, 697, and 698

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

- G.M. No. 649 GARY MIYASHIRO, for a term to expire 06-30-2022;
- G.M. No. 697 EDWARD PUNUA, for a term to expire 06-30-2022; and
- G.M. No. 698 CHRISTOPHER LEE, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Gary Miyashiro, Edward Punua, and Christopher Lee for service on the State Board of Public Accountancy.

GARY MIYASHIRO

Your Committee received testimony in support of the nomination for the reappointment of Gary Miyashiro from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Mr. Miyashiro's background, knowledge, and proven experience on the State Board of Public Accountancy qualify him to be nominated for reappointment to the State Board of Public Accountancy as a licensed and actively practicing Certified Public Accountant member. Your Committee notes that Mr. Miyashiro has been a licensed Certified Public Accountant for nearly twenty-five years, has practiced in the public and private sectors, and is currently the President of MC Group Hawaii, Inc., a local public accounting firm. Mr. Miyashiro is also a member of several professional organizations, including the Hawaii Association of Public Accounts and Hawaii Society of Certified Public Accountants, and is involved in his community, including volunteering with the Hawaii United Okinawan Association and 'Iolani School. Your Committee further finds that Mr. Miyashiro has been a member of the State Board of Public Accountancy since 2016 and the insight he offers, based on his many years of experience as a Certified Public Accountant, continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Miyashiro be reappointed to the State Board of Public Accountancy based on his knowledge, experience, and commitment to public service.

EDWARD PUNUA

Your Committee received testimony in support of the nomination for the reappointment of Edward Punua from the Department of Commerce and Consumer Affairs, Hawaii Society of Certified Public Accountants, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Punua's knowledge, background, and proven experience on the State Board of Public Accountancy qualify him to be nominated for reappointment to the State Board of Public Accountancy as a licensed and actively practicing Certified Public Accountant member. Your Committee notes that Mr. Punua has been licensed as a Certified

Public Accountant since 1998 and is the owner and principal employee of his firm, Edward L. Punua, CPA Inc., in Lihue, Kauai. Mr. Punua is also an active member of the Hawaii Society of Certified Public Accountants, where he served on the Board of Directors from 2004 through 2010 and acted as the liaison between Oahu and Kauai's certified public accountants and students in the accounting profession. Your Committee further finds that Mr. Punua has been a member of the State Board of Public Accountancy since 2014, currently serves as the Chair of the Board's Uniform CPA Examination Committee, and his perspective as a neighbor island Certified Public Accountant continues to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Punua be reappointed to the State Board of Public Accountancy based on his experience, knowledge, and dedication to serving the community.

CHRISTOPHER LEE

Your Committee received testimony in support of the nomination for the appointment of Christopher Lee from the Department of Commerce and Consumer Affairs; Aloha State Services, Ltd.; and one individual.

Upon review of the testimony, your Committee finds that Mr. Lee's background, experience, and commitment to public service qualify him to be nominated for appointment to the State Board of Public Accountancy as a licensed and actively practicing Certified Public Accountant member. Your Committee notes that Mr. Lee has nearly twenty years of experience in accounting, has been licensed as a Certified Public Accountant in Hawaii since 2003, and is currently a partner at ECA, LLP, a Certified Public Accounting Firm in Honolulu. Mr. Lee is a member of his professional organizations, the American Institute of Certified Public Accountants and Hawaii Society of Certified Public Accountants, and has had the opportunity to mentor other public accounting professionals, an experience that will be beneficial to his service on the State Board of Public Accountancy. Mr. Lee is also active in his community, including serving as Treasurer on the Executive Committee for Aloha Festivals, Inc. Your Committee further finds that Mr. Lee has a thorough understanding of the role and responsibilities of board members and therefore recommends that Mr. Lee be appointed to the State Board of Public Accountancy based on his knowledge, background, and dedication to serving his community.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3836 Commerce, Consumer Protection, and Health on Gov. Msg. Nos. 681, 682, and 683

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

- G.M. No. 681 RON IWAMOTO, for a term to expire 06-30-2022;
- G.M. No. 682 BRIAN FUJIWARA, for a term to expire 06-30-2022; and
- G.M. No. 683 BENEDICT LEE, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Ron Iwamoto, Brian Fujiwara, and Benedict Lee for service on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

RON IWAMOTO

Your Committee received testimony in support of the nomination for the reappointment of Ron Iwamoto from the Department of Commerce and Consumer Affairs; Katayama & Associates, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Mr. Iwamoto's background, experience, and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him to be nominated for reappointment to the Board as a professional engineer member. Your Committee notes that Mr. Iwamoto has been a licensed professional structural engineer since 1996 and is the owner and principal of Iwamoto & Associates, LLC, a consulting structural engineering firm he founded in 2002. Mr. Iwamoto is active in his community and in several professional organizations, including serving as past President for the Structural Engineers Association of Hawaii and the Hawaii Section of the American Society of Civil Engineers. Mr. Iwamoto was also selected as the 2018 Engineer of the Year by the Hawaii Council of Engineering Societies for his dedication, leadership, and contributions to the engineering profession. Your Committee further finds that Mr. Iwamoto has been a member of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since October 2014, currently serves as the Board's Chair, and the insights he has gained throughout his career as a structural engineer continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Iwamoto be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge, background, and commitment to public service.

BRIAN FUJIWARA

Your Committee received testimony in support of the nomination for the appointment of Brian Fujiwara from the Department of Commerce and Consumer Affairs, Palekana Permitting and Planning, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Fujiwara's experience, background, and dedication to serving his community qualify him to be nominated for appointment to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as an architect member. Your Committee notes that Mr. Fujiwara has over thirty years of experience in the field of architecture, has been a licensed architect in Hawaii since 2000, and has worked on a variety of commercial and residential projects. Mr. Fujiwara has continuously advanced in his career, progressing from draftsman to Owner and Principal of his architectural firm, BKF & Associates, LLC, in Honolulu, which he founded in 2003. Mr. Fujiwara is also active in his profession and is a member of the American Institute of Architects, Honolulu Chapter. Your Committee further finds that Mr. Fujiwara has a thorough understanding of

the role and responsibilities of board members and his professional experience in the field of architecture will be a valuable addition to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee therefore recommends that Mr. Fujiwara be appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his background, knowledge, and desire to contribute to his community.

BENEDICT LEE

Your Committee received testimony in support of the nomination for the reappointment of Benedict Lee from the Department of Commerce and Consumer Affairs and two individuals.

Upon review of the testimony, your Committee finds that Mr. Lee's background, knowledge, and proven experience on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him to be nominated for reappointment to the Board as a landscape architect member. Your Committee notes that Mr. Lee has been a landscape architect for thirty-five years and has been the Principal at his firm, Brownlie & Lee, for the past twenty-eight years. Mr. Lee has also been involved in a wide range of residential, commercial, and recreational projects in the public and private sectors over his career; is registered as a landscape architect in Hawaii, Guam, and the Commonwealth of the Northern Mariana Islands; is a certified arborist; and is a Leadership in Energy and Environmental Design accredited professional. Your Committee further finds that Mr. Lee has been a member of the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since February 2016 and his extensive experience as a landscape architect continues to be an asset to the Board. Your Committee therefore recommends that Mr. Lee be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his experience, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce, Consumer Protection, and Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3837 Water and Land on Gov. Msg. No. 730

Recommending that the Senate advise and consent to the nomination of the following:

KANE'OHE BAY REGIONAL COUNCIL

G.M. No. 730 JEFFREY KALUHIWA, for a term to expire 06-30-2020

Your Committee reviewed the personal history, resume, and statement submitted by Jeffrey Kaluhiwa for service on the Kāne'ōhe Bay Regional Council.

Your Committee received testimony in support of the nomination for the appointment of Jeffrey Kaluhiwa from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Aha Moku Advisory Committee, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Ko'olau Foundation, and Ko'olaupoko Hawaiian Civic Club.

Upon review of the testimony, your Committee finds that Mr. Kaluhiwa's experience in the traditional Native Hawaiian land management system demonstrated by his decade of work within the ahupua'a of He'eia, commitment to public service, and proven leadership qualify him to be nominated for appointment to the Kāne'ōhe Bay Regional Council as a member representing the Kāne'ōhe Bay Recreational Boating Association. Your Committee notes that Mr. Kaluhiwa is an extremely knowledgeable cultural practitioner who has lived his entire life in and around Kāne'ōhe Bay. With deep family and personal ties to Ko'olaupoko and the He'eia ahupua'a, he has a vested interest in the proper management and care of the lands and waters of Ko'olaupoko, including Kāne'ōhe Bay and its resources. As an expert fisherman (lawai'a), he knows the seasons, currents, tides, species, and other components that balance Kāne'ōhe Bay.

Your Committee further notes that if appointed to serve as a member of the Kāne'ōhe Bay Regional Council, Mr. Kaluhiwa indicated in his personal statement that he would pursue the issue of better monitoring heavy use of Ahu O Laka, commonly referred to as the Sandbar, during three-day weekends as well as illegal boating and kayak business activities that may be contrary to the design and purpose of the Kāne'ōhe Bay master plan. Testimony in support of the nominee indicate that his last decade of work within the ahupua'a of He'eia demonstrates an appreciation for and dedication to the perpetuation of Native Hawaiian traditional and customary practices in the contemporary context of sustainable resource management. The knowledge and experience he has gained from his professional work and from his kūpuna and family members make Mr. Kaluhiwa uniquely suited to serve on the Kāne'ōhe Bay Regional Council.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3838 Water and Land on Gov. Msg. No. 729

Recommending that the Senate advise and consent to the nomination of the following:

LAND USE COMMISSION

G.M. No. 729 EDMUND ACZON, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Edmund Aczon for service on the Land Use Commission.

Your Committee received testimony in support of the nomination for the reappointment of Edmund Aczon from the Agribusiness Development Corporation, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, Hawai'i Farm Bureau, Filipina Advocacy Network, and ten individuals.

Upon review of the testimony, your Committee finds that Mr. Aczon's experience in the construction industry, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Land Use Commission as a member representing the City and County of Honolulu. Your Committee notes that Mr. Aczon currently serves as the Community Relations Director and Manpower Specialist for the Hawaii Regional Council of Carpenters. He previously served as a Field Representative for the Office of the late United States Senator Daniel K. Inouye and also served as a general contractor for Aczon Construction, Ltd., and the Hawaiian Dredging Construction Company. He has extensive involvement and demonstrated leadership in various building industry associations, including the Building Industry Association of Hawaii, National Association of Homebuilders, and Hawaii Construction Industry Association. He also has extensive community activity involvement with Damien Memorial School, the Hawaii 3Rs program, the Filipino Community Center, National Federation of Filipino Americans, and Filipino Chamber of Commerce of Hawaii.

Your Committee further notes that during his first term on the Land Use Commission, Mr. Aczon served as the Chairperson of the Commission for two consecutive years and the Commission focused on transparency by revising their rules and upgrading the computer system. If appointed to serve for a second term, Mr. Aczon hopes to bring more discussion on smart growth, a balance between needs for housing and jobs, and the need to establish sustainability in Hawaii through conservation and protection of its precious, but limited resources. Mr. Aczon noted in his personal statement that in light of the Bridge 'Aina Le'a case, he believes that the Land Use Commission should take a look at its enforcement powers and how the Commission can be part of the solution to affordable housing, sustainability, and sea level rise issues. Due to Mr. Aczon's extensive experience in the construction industry, he is well versed in land use rules, policies, and procedures and understands important community and government issues included in the land use process, and will continue to fill a valuable niche on the Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3839 Judiciary on Jud. Com. No. 6

Recommending that the Senate consent to the appointment of the following:

DISTRICT COURT OF THE SECOND CIRCUIT

J.C. No. 6 KIRSTIN M. HAMMAN, for a term to expire in 6 years

Your Committee reviewed the personal history, resume, and statement submitted by Kirstin M. Hamman for service on the District Court of the Second Circuit, State of Hawaii.

Your Committee received testimony in support of the appointment of Kirstin M. Hamman from Hawaii Women Lawyers, two members of the County Council of the County of Maui, and five individuals. Your Committee received comments on the appointment of Kirstin M. Hamman from the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors (HSBA Board) found the appointee to be qualified for the position of District Court Judge, Second Circuit Court, based on established criteria for determining the qualifications of judicial and executive appointments generally utilizing the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Those Guidelines include the following criteria, which are not exclusive: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and ability to fulfill the responsibilities and duties required of the position for which the applicant has been appointed. The HSBA Board ratings system includes the categories of "qualified" and "not qualified".

Kirstin M. Hamman received her Bachelor of Arts from the University of Hawaii West Oahu and was on the Dean's List. She later received her Doctorate of Jurisprudence from the William S. Richardson School of Law where she was part of the National Moot Court Team and served as a law clerk with the Hawaii Civil Rights Commission. Since 2014, she has served as a per diem District Court Judge in the District Court of the Second Circuit while continuing her private practice as a solo practitioner.

Ms. Hamman has been a solo practitioner since 2013, and has practiced primarily in the areas of family law and special education law. She has litigated divorce, custody, and paternity matters in Family Court, and has litigated administrative due process hearings and federal court appeals under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, and Americans with Disabilities Act. As a per diem District Court Judge, Ms. Hamman has presided over district court traffic, criminal, and civil calendars. Ms. Hamman has also served as a Legislative Attorney in the Office of Council Services of Maui County, where she assisted the County Council, the Council's committees, and Council members to carry out their legislative duties; conducted legal research and writing; and reviewed and drafted legislation, contracts, committee reports, press releases, speeches, and other Council member correspondence.

Ms. Hamman has been actively involved in the legal community throughout her career, including as the secretary of the Maui County Bar Association and as a member of the Council of Parent Attorneys and Advocates. In addition, she has served as a member of the Board of Horizons' Academy of Maui.

Testimony submitted in support of Ms. Hamman's appointment commends her professionalism, expertise, and deep foundation of knowledge in her role as a legislative attorney, as well as her involvement in public service. She has been active in the community throughout her career, and has served on the Maui County Commission on Children and Youth since 2016. Several testifiers additionally noted her compassion and fairness in her service as a per diem judge.

Your Committee finds that based on the testimony submitted on her behalf, Ms. Hamman has the experience, temperament, judiciousness, and other competencies to serve as a Judge of the District Court of the Second Circuit.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.

SCRep. 3840 Higher Education on Gov. Msg. Nos. 718, 719, and 737

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

G.M. No. 718 KAI DUPONTE, for a term to expire 06-30-2019;

G.M. No. 719 JANICE BOND, for a term to expire 06-30-2020; and

G.M. No. 737 CLAUDE ONIZUKA, for a term to expire 06-30-2019

Your Committee reviewed the personal histories, resumes, and statements submitted by Kai Duponte, Janice Bond, and Claude Onizuka for service on the Hawaii Commission for National and Community Service.

KAI DUPONTE

Your Committee received testimony in support of the nomination for the reappointment of Kai Duponte from one individual.

Upon review of the testimony, your Committee finds that Ms. Duponte has served as a Practicum Coordinator and Project Director of the Hawai'i Child Welfare Education Collaboration Project for the University of Hawai'i Myron B. Thompson School of Social Work. Ms. Duponte has also previously served at Liberty Dialysis and as a Residential Services Division Administrator with Catholic Charities Family Services. Ms. Duponte has been an active member of her community, volunteering her time with the Project Kealahou Governing Council, Aloha United Way, Multiple Sclerosis Society, and Hospice Hawaii. According to the testimony, Ms. Duponte is a very valuable leader in supporting community service and volunteerism in Hawaii. In her personal statement, Ms. Duponte indicated that she believes contributing to the community is very important and hopes to continue to assist in securing adequate funding for the support programs and ensuring that adequate support is available for grantees. Your Committee therefore finds that Ms. Duponte's professional experience in social work, as well as her commitment to community service, will continue to be great assets to the Hawai'i Commission for National and Community Service.

JANICE BOND

Your Committee received testimony in support of the nomination for the reappointment of Janice Bond from four individuals.

Upon review of the testimony, your Committee finds that Ms. Bond is a retired teacher who has previously taught at Kapaa and Kauai High Schools. Since her retirement, Ms. Bond has been an active member of her community, serving as an AARP and American Cancer Society Cancer Action Network legislative advocate and being involved with the Agency on Elderly Affairs, Tobacco Trust Fund Advisory Board, Kauai March of Dimes, American Cancer Society, East Kauai Lions Club, and Visitor Aloha Society Kauai. According to the testimony, Ms. Bond is a dedicated educator and community volunteer who is willing to participate in all community efforts and has dedicated her life to the advancement of others' personal and professional development. In her personal statement, Ms. Bond indicated that her reliability, dependability, and responsiveness will continue to benefit the Hawai'i Commission for National and Community Service and she hopes to continue using her expertise in granting funds to various organizations. Therefore your Committee finds that Ms. Bond's willingness to serve, as well as her extensive experience in community volunteerism, will continue to be great assets to the Hawai'i Commission for National and Community Service.

CLAUDE ONIZUKA

Your Committee received testimony in support of the nomination for the reappointment of Claude Onizuka from one individual.

Upon review of the testimony, your Committee finds that Mr. Onizuka is retired after thirty-four years in banking and eight years in community relations, having previously served as the Branch Manager for Kona Community Federal Credit Union, Owner and President of Kona International Travel Service, and Vice President and Branch Manager at American Savings Bank. Mr. Onizuka is also a veteran of the Vietnam War and served in the United States Army and Hawaii National Guard. Mr. Onizuka has been highly active in a number of community organizations and is the President of the Astronaut Ellison S. Onizuka Memorial Committee and Director of the Astronaut Ellison S. Onizuka Memorial Committee, Los Angeles. According to the testimony, Mr. Onizuka is a valuable leader in supporting community service and volunteerism in Hawaii. In his personal statement, Mr. Onizuka indicated that he hopes to continue to be involved in acquiring and distributing funding to qualified organizations for the benefit of the people of Hawaii. Your Committee therefore finds that Mr. Onizuka's professional experience, as well as his willingness to serve, will continue to be great assets to the Hawai'i Commission for National and Community Service.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3841 Judiciary on H.C.R. No. 59

The purpose and intent of this measure is to express support for the proposed Adoptee Citizenship Act of 2018, H.R. 5233; S. 2522.

Your Committee received testimony in support of this measure from the O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Your Committee finds that the Child Citizenship Act of 2000 allows foreign-born, adopted children of American citizens to acquire American citizenship automatically. Despite having been legally adopted by American citizens and having been raised in the United States, adoptees who were eighteen years of age or older on the effective date of the Child Citizenship Act of 2000 did not automatically acquire American citizenship. The Adoptee Citizenship Act of 2018, currently pending in Congress, will provide American citizenship for these adoptees.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Kim).

SCRep. 3842 Judiciary on H.C.R. No. 214

The purpose and intent of this measure is to recognize the thirty-day period from the last Saturday in September to the last Sunday in October as Malama Pu'uloa Month.

Your Committee received testimony in support of this measure from Hui O Ho'ohonua, O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i, and one individual.

Your Committee finds that Pu'uloa is the native Hawaiian name for the area that includes present-day Pearl Harbor. The oldest human settlements on O'ahu are in the Pu'uloa area, and many sites within Pu'uloa hold great significance in Hawaiian history and culture. This measure acknowledges the importance of Pu'uloa to the people, history, and culture of Hawaii by recognizing the period from the last Saturday in September to the last Sunday in October as Malama Pu'uloa Month.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 214, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

SCRep. 3843 Water and Land on Gov. Msg. No. 728

Recommending that the Senate advise and consent to the nomination of the following:

LAND USE COMMISSION

G.M. No. 728 AARON MAHI, for a term to expire 06-30-2022 (term to expire amended to 11-21-2021 by GM757)

Your Committee reviewed the personal history, resume, and statement submitted by Aaron Mahi for service on the Land Use Commission.

Your Committee received testimony in support of the nomination for the reappointment of Aaron Mahi from the Land Use Commission, Hawaiian Civic Club of Honolulu, Ko'olau Foundation, Ko'olaupoko Hawaiian Civic Club, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Mahi's background in Hawaiian culture, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Land Use Commission as a member with substantial experience or expertise in traditional Hawaiian land usage and knowledge of cultural land practices. Your Committee notes that Mr. Mahi currently serves as the Cultural Specialist for the Mālama 'Āina Foundation where he provides information and guidance to staff regarding Hawaiian cultural values and practices in the development of the Foundation's materials and activities. He also currently serves as an Assistant Cultural Specialist for the Partners in Development Foundation where he assists the Head Cultural Specialist in assignments that apply folk practices and the value system of the Hawaiian culture. Most notably, Mr. Mahi previously served as the Bandmaster for the Royal Hawaiian Band of the City and County of Honolulu where he coordinated and conducted an average of three hundred performances and appearances worldwide and managed a \$2,500,000 budget and a staff of sixty. He also has extensive community involvement, including serving as the President of the Ko'olau Foundation, Second Vice President of the Ko'olaupoko Hawaiian Civic Club, and Senior Pastor for the Makiki Community of Christ Church.

Your Committee further notes that Mr. Mahi indicated in his personal statement that if appointed for a second term, he hopes to continue to include cultural awareness in the decision making process of the Land Use Commission. He further indicated his passion to protect the State's agricultural and preservation lands by ensuring that these lands are provided the highest priority of preservation. Testimony received in support of the nominee indicates that he is a Hawaiian cultural resource who has proven himself during his tenure on the Land Use Commission as a concerned advocate for the protection of cultural resources who possesses an understanding of the State's housing shortage and its economic impact on less fortunate members of the community. His broad knowledge of the Hawaiian culture will continue to fill a valuable niche on the Land Use Commission.

Lastly, your Committee notes that Governor's Message No. 757 amends the nomination for reappointment of Mr. Mahi by changing the term to expire on November 21, 2021, rather than on June 30, 2022, to meet any restrictions under the law.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Recommending that the Senate advise and consent to the nomination of the following:

GAME MANAGEMENT ADVISORY COMMISSION

G.M. No. 705 STANLEY RUIDAS, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Stanley Ruidas for service on the Game Management Advisory Commission.

Your Committee received testimony in support of the nomination for the reappointment of Stanley Ruidas from the Department of Land and Natural Resources and Pūlama Lānaʻi.

Upon review of the testimony, your Committee finds that Mr. Ruidas' experience as an avid hunter, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Game Management Advisory Commission as a member from the Island of Lānaʻi. Your Committee notes that Mr. Ruidas is an active licensed hunter who serves on the Lānaʻi Hunter's Focus Group, which assists landowners, Pūlama Lānaʻi, and the Department of Land and Natural Resources in the management of game management areas on the island. He has also served on the Lānaʻi Community Plan Advisory Committee and the Lānaʻi Planning Commission.

Your Committee further notes that as a member of the Game Management Advisory Commission, Mr. Ruidas was involved in addressing the issue of the aerial eradication of goats in the Waianae Mountain Range, and worked with the Division of Forestry and Wildlife of the Department of Land and Natural Resources to temporarily halt the aerial eradication and bridge a gap between the Division and hunters. If appointed to serve a second term on the Commission, Mr. Ruidas indicated in his personal statement that he would like to work on completing a game management plan on Lānaʻi to enable Pūlama Lānaʻi to enter into another term lease agreement with the State and prevent losing 30,000 acres of hunting land. Testimony received in support of the nominee indicates that he has extensive knowledge and experience in hunting, which will continue to be a valuable asset to the Commission.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Recommending that the Senate advise and consent to the nomination of the following:

LAND USE COMMISSION

G.M. No. 727 ARNOLD WONG, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Arnold Wong for service on the Land Use Commission.

Your Committee received testimony in support of the nomination for the reappointment of Arnold Wong from the Land Use Commission; International Union of Painters and Allied Trades, District Council 50; Retail Merchants of Hawaii; Hawaii State AFL-CIO; and three individuals.

Upon review of the testimony, your Committee finds that Mr. Wong's experience in the public and private sectors, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Land Use Commission as an at-large member. Your Committee notes that Mr. Wong currently serves as the Director of Government Affairs for the Ironworkers Union Stabilization Fund, Local 625. He previously served as the Government Grants Manager for The Nature Conservancy, Executive Director of the Juvenile Justice Center of the City and County of Honolulu, and Homeless Coordinator for the City and County of Honolulu. He has extensive involvement and demonstrated leadership in industry organizations and community activities, including serving as a Trustee of the Ironworkers Union Stabilization Fund, former Vice-Chairperson of the Honolulu Fire Commission, board member of the St. Francis Healthcare Foundation of Hawaii, and Head Coach of the Pac-5 Judo Team.

Your Committee further notes that Mr. Wong serves as the Chairperson of the Land Use Commission and has instituted an educational program every quarter, on different issues that affected the Commission. In his personal statement, Mr. Wong indicated his pleasure to be part of a Commission that voted on specific parcels to be designated as important agricultural lands. If appointed to serve a second term, Mr. Wong stated that he would like to create an enforcement process that is more flexible than the Commission's current option, which is to revert the land back to its original designation; establish a training program for new Commission members regarding legislation; and further facilitate the designation of more lands as important agricultural lands. Testimony submitted in support of the nominee indicates that Mr. Wong has proven himself to be an invaluable member of the Land Use Commission. He has shown leadership and a high level of understanding with regard to the key legal and economic issues facing the Commission, and is considered a balanced and effective decision-maker. His diverse background as a union representative and his work for The Nature Conservancy give him a unique perspective.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

SCRep. 3846 Higher Education on Gov. Msg. Nos. 735 and 736

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 735 EUGENE BAL III, for a term to expire 06-30-2023; and

G.M. No. 736 RANDOLPH MOORE, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Eugene Bal III and Randolph Moore for service on the Board of Regents of the University of Hawai'i.

EUGENE BAL III

Your Committee received testimony in support of the nomination for the reappointment of Eugene Bal III from the Research Corporation of the University of Hawai'i and numerous individuals.

Your Committee finds that Mr. Bal has had an extensive professional career, having previously served as the Executive Director of the Maui High Performance Computing Center, where he was responsible for all operational, technical, and administrative functions in support of the Research and Development and Test and Evaluation mission of the Department of Defense, and in various leadership roles in the United States Navy. Mr. Bal is highly active in the community and has used his knowledge for the betterment of the community by volunteering his time serving on the Governor's Economic Revitalization Task Force, State of Hawai'i Workforce Development Council, Hawai'i Community Foundation Board of Governors, Maui County Small Business Advisory Council, and the Maui Economic Development Board, among others. According to the testimony, Mr. Bal possesses a deep understanding of the issues and complexities associated with the research enterprise, which is an extremely valuable asset to the University of Hawai'i System in achieving national and international recognition. In his personal statement, Mr. Bal indicated that he is analytical and a practitioner of equity who exercises even-handed judgment, seeks input from appropriate sources, and is unafraid to make difficult decisions. Your Committee therefore finds that Mr. Bal's wealth of experience in research and work with federal agencies, the private sector, and local communities will continue to be great assets to the Board of Regents of the University of Hawai'i and its mission.

RANDOLPH MOORE

Your Committee received testimony in support of the nomination for the reappointment of Randolph Moore from the Research Corporation of the University of Hawai'i and several individuals.

Your Committee finds that Mr. Moore has had an extensive career in business, serving at Castle & Cooke, Inc., as a Financial Analyst, Treasurer, Group Controller for Real Estate, Senior Vice President, Executive Vice President, and President of Oceanic Properties. Mr. Moore has also served as the President of Molokai Ranch and Chief Executive Officer of Kaneohe Ranch. After retiring from the business world, Mr. Moore became a teacher at Central Middle School and served as the Assistant Superintendent of the Office of School Facilities and Support Services for the Department of Education. Mr. Moore is highly active in the community, having served as the Chairperson of the Hawai'i Budget and Policy Center Advisory Board and Chairperson of the Hawai'i Housing Development Corporation. Mr. Moore has also been involved with Aloha United Way, Harold K.L. Castle Foundation, and Hawai'i Community Services Council, among others. According to the testimony, Mr. Moore possesses a wealth of knowledge in valuable areas, such as education, land use and real estate, governance, and budgeting and financial management. In his personal statement, Mr. Moore shared his vision for the University of Hawai'i System as a vibrant, multi-campus university system comprised of a nationally recognized research university and regional baccalaureate institutions and community colleges that provide solid education opportunities. Your Committee therefore finds that Mr. Moore's professional background and leadership experience will continue to be great assets to the Board of Regents of the University of Hawai'i and its mission.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

SCRep. 3847 Economic Development, Tourism, and Technology on Gov. Msg. Nos. 746, 747, 748, 749, 751, and 752

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

G.M. No. 746 MICAH ALAMEDA, for a term to expire 06-30-2022;

G.M. No. 747 DAVID ARAKAWA, for a term to expire 06-30-2020;

G.M. No. 748 BENJAMIN RAFTER, for a term to expire 06-30-2022;

G.M. No. 749 FRED ATKINS, for a term to expire 06-30-2022;

G.M. No. 751 RODNEY KAM, for a term to expire 06-30-2022; and

G.M. No. 752 KYOKO KIMURA, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Micah Alameda, David Arakawa, Benjamin Rafter, Fred Atkins, Rodney Kam, and Kyoko Kimura for service on the Board of Directors of the Hawai'i Tourism Authority.

MICAH ALAMEDA

Your Committee received testimony in support of the nomination for the appointment of Micah Alameda from the Hawai'i Tourism Authority, GVS Accelerator, Young Democrats of Hawaii, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Alameda's experience in government affairs and marketing and his dedication to the community qualify him for appointment to the Board of Directors of the Hawai'i Tourism Authority. Mr. Alameda has gained years of experience working in the government, having served as a Legislative Aide for the late Senator Gilbert Kahele and as the Committee Clerk for the Senate Committee on Tourism from 2012 to 2014. Mr. Alameda then moved back to the island of Hawaii where he gained more experience in government working as a Legislative Assistant for then-Councilmember Dennis Onishi.

Mr. Alameda now serves as the Marketing Manager for Na Leo TV, where he is responsible for developing, implementing, and executing the strategic marketing plan for Na Leo TV. Your Committee finds that Mr. Alameda's experience in marketing management and government affairs will make him a great asset for the Board of Directors of the Hawai'i Tourism Authority.

DAVID ARAKAWA

Your Committee received testimony in support of the nomination for the appointment of David Arakawa from the Department of Business, Economic Development, and Tourism; Hawai'i Tourism Authority; Hawai'i Farm Bureau Federation; Maui County Farm Bureau; Hawaii Laborers-Employers Cooperation and Education Trust; O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Historic Hawaii Foundation; General Contractors Association of Hawaii; Kyoya Management Company, Ltd.; Pacific Resource Partnership; and ten individuals. Your Committee received testimony in opposition to the nomination for the appointment of David Arakawa from one individual.

Upon review of the testimony, your Committee finds that Mr. Arakawa's extensive legal background, experience in land use planning, and dedication to serving the community qualify him for appointment to the Board of Directors of the Hawai'i Tourism Authority. Mr. Arakawa is the Executive Director of the Land Use Research Foundation of Hawaii, where he has been instrumental in conducting research to provide information to decision-makers that deal with government policy, legislation, and rules and regulations relating to affordable housing, agriculture, development impact fees, and other important subject matters.

Mr. Arakawa has served on numerous advisory committees and task force such as the Managing Capacity Work Group for the Hawai'i Tourism Strategic Plan 2015-2020, State Land Use Task Force, and the Governor's Affordable Housing Barriers Task Force. Your Committee finds that Mr. Arakawa will bring to the Board of Directors of the Hawai'i Tourism Authority an extensive legal background and experience serving on a variety of advisory committees and task forces.

BENJAMIN RAFTER

Your Committee received testimony in support of the nomination for the appointment of Benjamin Rafter from the Hawai'i Tourism Authority and Hawai'i Lodging and Tourism Association.

Upon review of the testimony, your Committee finds that Mr. Rafter's experience in hospitality and as an executive in hotel management qualify him for appointment to the Board of Directors of the Hawai'i Tourism Authority. Mr. Rafter has years of experience working in hotel management, specifically as the President and Chief Executive Officer of Aqua Hospitality. Under his leadership, Aqua Hospitality grew to twenty-nine properties, creating one of the largest success stories of hotel management in Hawaii, then merged with Aston Hotels and Resorts' parent company. During that time, Mr. Rafter assumed the dual role of President of Aston Hotels and Resorts and President and Chief Executive Officer of Aqua Hospitality and was responsible for thousands of employees and over \$400,000,000 of room revenues. Your Committee finds that with Mr. Rafter's proven leadership in an executive position in the hotel industry will make him a great asset to the Board of Directors of the Hawai'i Tourism Authority.

FRED ATKINS

Your Committee received testimony in support of the nomination for the reappointment of Fred Atkins from the Hawai'i Tourism Authority.

Upon review of the testimony, your Committee finds that Mr. Atkins's proven experience serving on the Board of Directors of the Hawai'i Tourism Authority and his dedication to the community qualify him to be reappointed to the Board. Mr. Atkins is a General Partner in Kauai Kilohana Partners, which renovated and manages the Kilohana Plantation Estate. He is the former President of Hale Kea Ranch, Ltd., a company created to develop the Rockefeller Estate at Hale Kea. Mr. Atkins is currently on the Board of Directors of the Hawai'i Tourism Authority, where he used his knowledge of Kauai to efficiently address community needs after the flooding in April of 2018. He has also served as a board member of Kauai Hoe Waa, the Hawaii Visitors and Convention Bureau, and the Kauai Visitors Bureau and currently serves on the YMCA Board of Directors. Your Committee finds that Mr. Atkins will continue to be instrumental to the Board due to his proven experience on the Board and his insights into the needs of Kauai communities.

RODNEY KAM

Your Committee received testimony in support of the nomination for the reappointment of Rodney Kam from the Department of Business, Economic Development, and Tourism and Hawai'i Tourism Authority.

Upon review of the testimony, your Committee finds that Mr. Kam's experience in working closely with visitors and residents and proven experience on the Board of Directors of the Hawai'i Tourism Authority qualify him for reappointment to the Board. Mr. Kam was the Ambassador of Aloha for Quiksilver, Inc. Mr. Kam's knowledge of retail business has allowed him to serve as the Vice President of Operations for Quiksilver Retail Americas and as Vice President of Business Development Hawaii for Quiksilver, Inc.

Mr. Kam is currently serving on the Board of Directors of the Hawai'i Tourism Authority, and also on the Waikiki Business Improvement District Association, and Waikiki Business Special Improvement District Association. During his tenure on the Board of Directors of the Hawai'i Tourism Authority, Mr. Kam made significant contributions to the Legislative and Government Affairs Investigative Committees to develop and streamline Hawaii's brand as represented by its people, place, and culture. Your Committee finds that Mr. Kam's dedication to supporting businesses in Hawaii and tourism will continue to make him a great asset for the Board of Directors of the Hawai'i Tourism Authority.

KYOKO KIMURA

Your Committee received testimony in support of the nomination for the appointment of Kyoko Kimura from the Department of Business, Economic Development, and Tourism; Hawai'i Tourism Authority; Hawai'i Lodging and Tourism Association; and three individuals.

Upon review of the testimony, your Committee finds that Ms. Kimura's experience as an international liaison with Hawaii's largest tourism partner and in hotel management qualify her for appointment to the Board of Directors of the Hawai'i Tourism Authority. Ms. Kimura is the Director of Owner Relations at Aqua-Aston Hospitality, LLC, and has experience working in executive positions in the hotel industry such as the former President and General Manager of the Diamond Resort Hawaii Corporation from 1992 to 2008 and as the current Managing Director of Beach Club Consulting Company, LLC.

Ms. Kimura previously served on the Board of Directors of the Hawai'i Tourism Authority from 2003 to 2011 and currently serves as a member on the Small Business Regulatory Review Board, Strategic Committee of the Hawai'i Tourism Authority, and as the Chair of the Airlift Committee of the Japan Hawaii Tourism Council. Your Committee finds that Ms. Kimura's years of experience in the hotel industry and dedication to the community will make her a great asset for the Board of Directors of the Hawai'i Tourism Authority.

As affirmed by the records of votes of the members of your Committee on Economic Development, Tourism, and Technology that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

SCRep. 3848 (Majority) Economic Development, Tourism, and Technology on Gov. Msg. No. 750

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

G.M. No. 750 L. RICHARD FRIED, JR., for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by L. Richard Fried, Jr., for service on the Board of Directors of the Hawai'i Tourism Authority.

Your Committee received testimony in support of the nomination for the reappointment of L. Richard Fried, Jr., from the Department of Business, Economic Development, and Tourism; Hawai'i Tourism Authority; and O'ahu County Committee on Legislative Priorities of the Democratic Party of Hawai'i.

Mr. Fried received his L.L.B. and Bachelor of Science degrees from the University of Arizona. He is a founding member of the law firm of Cronin, Fried, Sekiya, Kekina & Fairbanks. Mr. Fried is nationally known in the fields of medical malpractice and aviation law. He is an active participant and contributor to the Board of Directors of the Hawai'i Tourism Authority. Mr. Fried has brought to the Board his extensive legal experience and has been serving as its Chair since 2016.

Your Committee finds that the Board of Directors (Board) is the policy-making body of the Hawai'i Tourism Authority pursuant to chapter 201B, Hawaii Revised Statutes. The Board is responsible for the number one economic driver of the State and is dedicated to increasing the economic benefits of the tourism industry for visitors and residents by marketing Hawaii as a tourist destination, thereby benefiting the residents of Hawaii. Your Committee believes that the Hawai'i Tourism Authority has the unique responsibility to not only attract visitors from around the world, but also to work with other state agencies to address the growing concerns of residents, which include overuse of state resources such as beaches, trails, and parks, and illegal vacation rentals. As the number of visitors coming to Hawaii continues to grow, so do the concerns of residents.

Your Committee has reviewed the background information and testimony submitted and finds that Mr. Fried is a nationally recognized attorney who is very skilled in his field and that his legal knowledge has assisted the Board during his tenure. However, your Committee has serious concerns regarding the transparency of the Board under Mr. Fried's leadership and questions his openness to sharing information with the Legislature.

Your Committee notes that in Mr. Fried's written response to the questionnaire, Mr. Fried emphasized the importance of transparency and open discussion. However, your Committee finds that during Mr. Fried's tenure as the Chair of the Board, access to specific information regarding the budget of the Hawai'i Tourism Authority was denied under the premise that the President and Chief Executive Officer had the authority to deny access to proprietary information with the approval of the Board. It has come to your Committee's attention that the statement was indeed false and that other members of the Board had no knowledge of this action to deny the Legislature information. Your Committee further finds that the decision to withhold information on the budget was a unilateral decision of the Chair at the time.

While Mr. Fried has expressed his apologies for such action, your Committee notes that the practice of withholding information from the Legislature continued to proceed.

Upon receipt of the budget, your Committee has found that the budget was being used for purposes other than what is stated, such as using the Convention Center funds to pay for salaries and other expenses that are normally deemed as administrative expenses. The

President of the Hawai'i Tourism Authority stated that he had received a letter of approval from the Department of the Attorney General indicating that the use of Convention Center funds to pay for salaries and other administrative expenses was permitted. When asked to review the letter of approval, your Committee was once again denied access to the letter due to attorney-client privilege. It was not until an audit was conducted on the Authority that the attorney-client privilege was waived and the letter of approval was released to your Committee for review.

These actions are concerning to your Committee as the requested information is necessary for lawmakers to make well-informed decisions regarding the Authority and to address the plethora of concerns expressed by residents of Hawaii regarding the tourism industry.

Your Committee further notes the concern that in June of 2017, during a board meeting, Mr. Fried unilaterally decided to go into an executive session for over two hours to discuss the budget, when past practice had been to make such discussions open to the public. Your Committee finds it especially concerning that the decision to go into an executive session was a unilateral decision of the Chair, and no vote was taken by the other board members to approve the executive session. In an informal written opinion from the Office of Information Practices, it was determined that an executive session was not necessary as matters such as environmental issues, visitor impact alleviation, and matters affecting the Hawaiian culture were discussed and do not require an executive session.

Your Committee has concerns regarding whether Mr. Fried will be able to maintain a transparent and open leadership over the Board given his past practices to withhold information from the Legislature and use of executive sessions regarding the budget of the Authority. Members of your Committee have discussed with Mr. Fried the concerns of the public to find a solution to the growing problems arising out of the tourism industry and do not find Mr. Fried to be committed to addressing the issues stated by the public and the Legislature.

Due to the above concerns regarding Mr. Fried, it was the recommendation of the Chair of your Committee to not advise and consent to Mr. Fried's nomination to the Board. Upon taking the vote, members of your Committee were divided, with two ayes and two nays to not advise and consent to the nomination for the reappointment of Mr. Fried. This resulted in the recommendation not being adopted by your Committee; nevertheless, the nomination will move to the Senate floor for a final vote pursuant to Senate Rule 37.

Senate Rule 37 states, "[t]he standing committee to which a nomination . . . is referred, shall report to the Senate with a recommendation to advise and consent, confirm, or reject on or before the fifty-ninth day of the session." While the recommendation to not advise and consent this nominee was not adopted by your Committee, pursuant to Senate Rule 37(5), "The final question on appointments made by the Governor which require the confirmation or consent of the Senate shall be: "Will the Senate confirm (or consent) to this appointment?"".

Signed by the Chair on behalf of the Committee.

Ayes, 2. Noes, 2 (Baker, Taniguchi). Excused, 1 (Galuteria).
