The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 763, S.D. 2. Colleagues, we've heard in the news recently about a couple of high profile cases raising concerns about the exploitation of the Hawai'i brand. On November 27, 2018, the *Star-Advertiser* reported that Michael Maeda of Honolulu and Iliana Sanchez of Los Angeles had filed a class-action lawsuit against a Delaware company, Pinnacle Foods, Inc., for false and deceptive advertising and fraudulent and unfair business practices. Pinnacle Foods sells potato chips labeled as 'Hawaiian' potato chips even though they are made in Washington State of ingredients not from Hawai'i. And as of March 2, 2019, the *Star-Advertiser* also reported that three Kona coffee farmers have filed a class action lawsuit on behalf of Kona coffee farmers in federal court in Seattle alleging that Walmart, Amazon, Costco, Safeway, Kroger, and other companies are selling fake Kona coffee.

"The question arises: how much money is our economy losing because of companies misusing the Hawai'i name but whose products have no affiliation with Hawai'i? This bill would try to put a number to that question. S.B. 763, S.D. 2 would direct DBEDT, in consultation with the Department of Agriculture, to conduct a study to assess the impacts of companies selling products in the U.S. using place-based marketing without any material ties to the state. DBEDT tells us that they have the ability to conduct the study and provide us with some data. With that data, we can then as a state look at next steps to reduce the exploitation of the Hawai'i brand and keep more of that money here in our local economy. Mahalo."

THIRD READING

MATTER DEFERRED FROM THURSDAY, FEBRUARY 28, 2019

S.B. No. 1433:

Senator Dela Cruz moved that S.B. No. 1433, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Thielen then offered the following amendment (Floor Amendment No. 2) to S.B. No. 1433:

SECTION 1. Senate Bill No. 1433, section 1, is amended by extending for nine months, rather than two years, the period in which a county may adopt an ordinance to establish a surcharge on state tax to December 31, 2019, and specifying the corresponding period in which the surcharge on state tax may begin to be levied, assessed, and collected to January 1, 2021, to read as follows:

"(c) Each county that has not established a surcharge on state tax prior to July 1, 2015, may establish the surcharge at the rates enumerated in sections 237-8.6 and 238-2.6. A county electing to establish this surcharge shall do so by ordinance; provided that:

- (1) No ordinance shall be adopted until the county has conducted a public hearing on the proposed ordinance;

(2) The ordinance shall be adopted prior to ~~March~~ December 31, 2019; and

(3) No county surcharge on state tax that may be authorized under this subsection shall be levied prior to January 1, 2019, or after December 31, 2030.

A county electing to exercise the authority granted under this subsection shall notify the director of taxation within ten days after the county has adopted a surcharge on state tax ordinance. Beginning on January 1, 2019, ~~or~~ January 1, 2020, or January 1, 2021, as applicable pursuant to sections 237-8.6 and 238-2.6, the director of taxation shall levy, assess, collect, and otherwise administer the county surcharge on state tax."

SECTION 2. Senate Bill No. 1433, section 2, is amended by amending section 237-8.6, Hawaii Revised Statutes, the general excise tax law, to specify that no surcharge on state tax may be levied prior to January 1, 2021, rather than January 1, 2022, if the surcharge was established on or after March 31, 2019, but prior to December 31, 2019, to read as follows:

"(b) Each county surcharge on state tax that may be adopted or extended pursuant to section 46-16.8 shall be levied beginning in a taxable year after the adoption of the relevant county ordinance; provided that no surcharge on state tax may be levied:

- (1) Prior to:
 - (A) January 1, 2007, if the county surcharge on state tax was established by an ordinance adopted prior to December 31, 2005;
 - (B) January 1, 2019, if the county surcharge on state tax was established by the adoption of an ordinance after June 30, 2015, but prior to June 30, 2018; ~~or~~
 - (C) January 1, 2020, if the county surcharge on state tax was established by the adoption of an ordinance on or after June 30, 2018, but prior to March 31, 2019; ~~and~~ or
 - (D) January 1, 2021, if the county surcharge on state tax was established by the adoption of an ordinance on or after March 31, 2019, but prior to December 31, 2019; and
- (2) After December 31, 2030."

SECTION 3. Senate Bill No. 1433, section 3, is amended by making the same amendment described in section 2 above to section 238-2.6, Hawaii Revised Statutes, relating to the use tax.

Senator Thielen moved that Floor Amendment No. 2 be adopted, seconded by Senator Ihara.

Senator Thielen rose to speak in support of the amendment as follows:

"Members, I was not in this body, but the Legislature in 2005 adopted a law to allow the counties to adopt an ordinance enacting a surcharge on the general excise tax within their county: for O'ahu, to be used for the rail, and for neighbor islands, to be used for other types of mass transit and infrastructure relating to mass transit. It was a temporary opening, an offer to the counties, that, under that original 2005 law, expired in December of 2005. So if the counties did not act by that December, they would not be able to enact a GET surcharge, and the GET surcharge was supposed to expire in 2022. It's been 15 years—**15 years**. If you had a baby in 2005, your child would now be 15 years old. They'd soon be off the payroll—in college, working, possibly marrying, having children. It's a long, long time.

"So, some people may wonder, why am I offering this amendment to limit the opportunity for a county to amend or apply a GET surcharge now? It's because I know, as a state, we're going to need to look at the GET additional charge

ourselves because we have a huge, looming unfunded liability that we are constitutionally obligated to honor for our retirees. We have a dire need to fill hard-to-fill positions, and we need to bring our salaries into alignment with the private sector's so that we can compete and bring more people on board to fill these vacancies to do these essential state jobs that we all want to have done for our constituents. And the worry that I have is that if we keep extending this tax 20, 21, 22 years, what's going to happen is that the counties are not going to look at it as a temporary opportunity; they're going to look at it as an entitlement, and then what do we do to meet the obligations that we have to our state employees and our constituents as a state? So, I think, I can see opening the door and extending it one last time, but I'm asking that we close that opportunity December of 2019, and if a county has not enacted it or not adjusted it by that time, then that door is closed, and then we can move forward with our planning for our state needs in the future, so I'd ask that you join me. Thank you."

The motion to adopt Floor Amendment No. 2 was put by the Chair and carried.

By unanimous consent, S.B. No. 1433, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," was placed on the calendar for Third Reading on Thursday, March 7, 2019.

THIRD READING

MATTER DEFERRED FROM FRIDAY, MARCH 1, 2019

Stand. Com. No. 814 (S.B. No. 693, S.D. 1):

Senator Rhoads moved that Stand. Com. Rep. No. 814 be adopted and S.B. No. 693, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Wakai.

Senator Thielen then offered the following amendment (Floor Amendment No. 3) to S.B. No. 693, S.D. 1:

SECTION 1. Senate Bill No. 693, S.D. 1, section 2, is amended to require any pedestrian who begins to cross the roadway, when the pedestrian-control signal is equipped with a countdown timer, to complete the crossing to a sidewalk or safety island before the countdown timer ends.

Senator Thielen moved that Floor Amendment No. 3 be adopted, seconded by Senator English.

Senator Thielen rose to speak in support of the amendment as follows:

"Most of us, when we walk downtown for lunch, we come up into Alakea Street, we see the stoplight, and it's a green light, and there is a signal for us to be able to enter the intersection, but then, all of a sudden, it changes to a countdown signal: 21 seconds remaining. And, as you often have done yourselves, or many of the other pedestrians who we see on the street, people pick up the pace; they enter the intersection; they safely cross. At the end of that 21-second countdown, there is a solid red hand that comes up, and there's 7 more seconds with that solid red hand. Then the light will turn yellow; there's another 4 seconds until the light turns red. So people who exit the intersection by the time the countdown time is done have exited well before the green light in the opposite direction comes on. What the floor amendment would do is say that if you exit the crosswalk after the countdown signal has ended, then you can be cited for violating the law, but if you enter the crosswalk, you can still cross it in time before the countdown signal finishes, then you can move forward. In either case, under the existing proposed bill or under the floor amendment, there's going to have to be enforcement. The only question is, under the existing bill, the police officer can cite you when you step into the intersection, even if it's when you've got 21 seconds to cross the street. Under the proposed floor amendment bill, the

police officer would be able to cite you when you exit the crosswalk if you have not finished crossing by the time that countdown timer is done. So I'd ask that we follow common sense and the pedestrian patterns that are already in existence, and if there's going to need to be adjustment in the signals, I think that the City and County and the State will be more motivated to make the adjustments under the floor amendment than they would under the proposed bill. Thank you."

Senator Keohokalole rose to speak in opposition to the amendment as follows:

"I'm not a traffic engineer. The reason we set speed limits a certain number, my understanding is, is because traffic engineers have studied the corridors where speed limit signs have been put in place and they've determined the minimum cruising speed necessary to avoid collisions or pedestrian accidents at intersections. My understanding is that's the reason why they make the countdown timers the way they're written. Again, I'm not a traffic engineer. We have lots of pedestrian fatalities, as all my colleagues understand. I think we should take a little bit more thoughtful approach on this. I'm not necessarily opposed to the concept because of the reality of pedestrian traffic, but not everybody can get across a crosswalk at the same speed. We have these intersections where people yield, where motorists are looking for individuals to get across the street and they're also looking at the countdown timers. I think that the public policy behind the way the law is originally written and the clarifications proposed in the current version are sound, and those are the reasons why I oppose. Thank you."

Senator Fevella rose to speak in opposition to the amendment as follows:

"Every community has a different counting. What Senator had just said, it doesn't go like that in our community. As soon as that timer stops, it turns yellow and red; it doesn't give so many seconds. In my community, as soon as that timer's done, it turns red. It doesn't give the pedestrian that extra time that maybe downtown does. Every district is different, so I feel if we're going to mandate this and have the officers enforce it, it's going to give them a hard time enforcing it because in each county or in each district the light is situated differently. Thank you."

Senator Inouye rose to speak in opposition to the amendment as follows:

"I, too, will be voting 'no' on this measure. I believe that this measure has gone on its fourth year, and it has gone to two committees, including Judiciary. I believe that the two are sufficient at this time as well, and so let's say sayonara and down with the amendment. Mahalo."

Senator Riviere rose to speak in support of the amendment as follows:

"I agree with the introducer of the amendment. I think, when you're standing there and you've got 30 feet to cross the street and it says *30 seconds*, 29, 28, and you stand there, and you could walk backward many times very safely and get across the intersection. I think the point of the law is to be safe, to be out of the intersection. I think this amendment addresses that: As long as you're out of the intersection, you're safe and you shouldn't be ticketed. So, in support. Thank you."

The motion to adopt Floor Amendment No. 3 was put by the Chair and carried, with Senators Baker, Chang, Dela Cruz, Fevella, Inouye, Keith-Agaran, Keohokalole, Kidani, and Rhoads voting "No."

Senator Thielen then moved that Stand. Com. Rep. No. 814 be received and placed on file, seconded by Senator English and carried.

By unanimous consent, S.B. No. 693, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE STATEWIDE TRAFFIC CODE," was placed on the calendar for Third Reading on Thursday, March 7, 2019.

At 9:54 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:58 a.m.

The motion to adopt Floor Amendment No. 8 was put by the Chair and carried.

"Mr. President, I rise in support of S.B.768, S.D. 1, Relating to Adolescent Mental Health Services.

"This bill is one of the policy proposals stemming from the 2018 Task Force, mandated by Act 12, Session Laws of Hawai'i 2018. This bill is about improving access to mental health services and requires as a standard of care for a mental health profession to ask the minor if the provision of services should be kept confidential from the minor's parent or guardian. The purpose of this bill is to prohibit health plans and providers from disclosing any payment or billing information for a minor's mental health services to a policyholder or other covered person if the minor received the services without the consent or participation of the minor's parent or legal guardian and to ensure that no out-of-pocket payments are assessed for minor-initiated mental health treatment or counseling services.

"Too many minors are hesitant to seek mental health services because they do not feel safe or comfortable asking for permission from a parent or guardian for such services. While the suppression of explanation of benefits is a standard practice where minor consent laws exist to preserve minors' privacy, the existing law does not explicitly prevent health plans from disclosing bill information related to minor-initiated mental health services.

"This measure guarantees a minor's privacy is maintained when the minor seeks mental health treatment. This measure will make it easier for a minor to feel comfortable asking for help and seeking mental health services. Please join me in support of S.B. 768, S.D. 1. Mahalo."

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. The qualifications for U.S. President and Vice President are qualifications for federal national office, not state office. The federal national qualifications are set by the U.S. Congress. If this bill passes, the taxpayers of Hawai'i will be stuck with a big legal bill because this new Hawai'i law will be challenged immediately in the federal courts—and Hawai'i will lose. The National Constitutional Law Center notes that there are several recent U.S. Supreme Court cases which have ruled that state legislatures cannot put restrictions on candidates for national office listed on a state election ballot."

Senator Moriwaki rose to speak in support of the measure with reservations as follows:

“I support DLNR’s updating small boat harbor permit fees based on appraisals of a state-licensed appraiser, but I am concerned about the impact on current liveaboard permittees. DLNR has not increased the liveaboard fee since 1991, so to now increase the fees based on current appraisal may double or even triple their current fees. It would cause a severe hardship for many who have no other place to live; it may even lead to their displacement, adding to our homeless numbers. While DLNR indicates they can set by rule a gradual increase, the language in S.B. 1257 currently does not allow for any deviation from the appraised value. I thus will be voting with reservations to allow further discussion in hopes of addressing the problem either before or during conference. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 730 was adopted and S.B. No. 1257, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO USE PERMITS FOR SMALL BOAT HARBOR FACILITIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Thielen rose to speak in support of the measure with reservations as follows:

“I just wanted to make clear what my reservations are. I would support increasing the pay for teachers. I think, when we try to set up a voucher or other similar programs, there’s a problem in that there’s a few people who benefit from it, but not everybody. It becomes an expense to manage and administer, and then there’s an issue, too, on how you’re going to be able to enforce it over time. So those are my only reservations, and I would ask, if it’s possible, to have my remarks repeated for SSCR740 (Senate Bill 387) and SSCR1099 (Senate Bill 114), which are similar programs. Thank you.” (The Chair so ordered.)

Senator Kidani rose to speak in support of the measure as follows:

The motion was put by the Chair and carried, Stand. Com. Rep. No. 736 was adopted and S.B. No. 226, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO SUICIDE PREVENTION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 741 be adopted and S.B. No. 409, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Ruderman rose to speak in opposition to the measure as follows:

“Colleagues, this is the only bill I plan to speak in opposition to today, so please forgive me three minutes of your time that I ask. It’s easier, a little bit, to transition our electric grid to renewables, non-fossil fuels. The transportation sector is going

to be a lot harder to do, but now we have the tools to do it with electric vehicles and hybrids. As Greta Thunberg said about her country, Sweden, ‘We’re just a small country; what can we do?’ We could say that about Hawai‘i, but Hawai‘i has a role to play in being a leader and spreading ideas around the world. We’ve seen that with hula, with surfing, with the concept of aloha, with music—we lead the world in many ways. We have a special role to play in the establishment of electric vehicles because we have shorter distances to drive; we have solar all year that we can charge our cars or get electricity to the grid without fossil fuels; we’re the richest state in the richest country. So we have a role to play, but now we’re going to put the brakes on supporting the transition. Now that two-and-a-half percent of our cars are electric vehicles and almost four percent are hybrids, we’re going to put the brakes on because road fees are more important than climate change?

“It’s been said that electric vehicles need to pay their fair share because they’re so heavy and they do damage to the roads. An electric vehicle is lighter than the average SUV; it’s much lighter than an empty pickup truck. Road damage has an exponential relationship to the weight of a vehicle: 90 percent of the damage to a road comes from the heaviest truck that goes down it that day; 9 percent comes from the second-heaviest vehicle that goes down it, and 1 percent comes from all the other vehicles put together. It’s not a good reason to do this.

“This is not about my car: I have an electric vehicle, yes; I’ve also got a pickup truck on the Big Island. I’m going to buy another electric vehicle anyway, even if you’re penalizing me for it. But it’s not about my car. I had a Nissan Leaf for three years, and when the lease was up, the new Leafs came out with double the range, so, last year, I bought my second Leaf. You might say I turned over a new leaf.

“Now, I realize that most of you folks today are not going to change your vote based on what I say today, but I’m asking you that, next time we’re faced with a decision on whether to take action on the greatest crisis facing our generation or not, that you turn over a new leaf and prioritize climate change as a matter of public policy. I ask you to hear this tiny voice from your future: ‘Daddy, Grandma, after you learned that our planet was dying from burning fossil fuels, you did everything you could to save it, didn’t you? I know you wouldn’t let my planet die after you knew how important it was. I know you did everything you could to leave me a healthy world. I know you wouldn’t put anything ahead of this, right, Mommy? Didn’t you, Daddy, Grandma?’ Thank you, Mr. President.”

Senator Inouye rose to speak in support of the measure as follows:

“Though I agree that we are changing our method of transportation throughout the state, however, the increase of \$15, I believe, is not too much of an increase considering the cost of the car. Grandma, daughter, son, wife, husband, I think, I believe, would continue to say, ‘Why are there so many potholes on our roads?’ And, just to let you know, Mr. President, my car is just a gas car; it’s five years old, and let me tell you, I paid \$1,400 because of the damages to the shocks and whatever it is, and that means that our roads need to be fixed. I believe our vehicles, our hybrids, must pay their fair share since we all seemed not to have an increase in our gas taxes these last couple of years, so I believe that \$15 is not too much of a big deal. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 741 was adopted and S.B. No. 409, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of S.B. 549, S.D. 1, Relating to Healthy Beverages for Children.

“The purpose of this bill is to promote healthy meal options for children and support parents’ efforts to feed their children nutritious food. This measure would require that the default beverage a children’s meal is served with is either water, milk, or 100 percent fruit or vegetable juice—not soda.

“Hawai‘i has experienced an unprecedented increase in obesity and chronic conditions like type 2 diabetes, heart disease, liver disease, and tooth decay. Sweetened sugary drinks have been identified by numerous scientific studies as a major contributor to the obesity epidemic, and the Centers for Disease Control and Prevention recommends decreasing sugar sweetened beverages to prevent and reduce obesity. Requiring retail food establishments to provide a healthy default beverage as part of a children’s meal encourages healthier choices when families eat outside the home.

“Please join me in support of S.B. 549, S.D. 1 and the health of our keiki. Mahalo.”

The bill prohibits the use of lay nets—nets with a minimum size of 2 inches of stretched mesh—except with DLNR permit. The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President, I rise to speak in favor of this bill. The purpose of this measure is to clarify provisions on electric vehicle charging and parking and extend the sunset date of Act 168, Session Laws of Hawai'i 2012, by three years to June 30, 2023.

"Electric vehicles are becoming more popular amongst drivers in Hawai'i due to financial incentives and the positive impact on the environment. While providing incentives to electric vehicles, electric vehicles still need to pay their fair share.

"This bill requires EVs to pay for parking when parked at a non-metered stall for more than the initial four hours in a public parking facility. This amendment has been made to address parking problems at the airport. As previously written, the Act did not address non-metered stalls and electric vehicle users are taking advantage of the free incentives. DOT continually loses significant revenue from these parking stalls when there is oftentimes a lack of parking spaces in airport parking structures.

"Support for the measure has come from the Department of Transportation, Uluopono Initiative, ChargePoint, Inc., Alliance of Automobile Manufacturers, Hawaiian Electric Company, Inc., Tesla, Blue Planet Foundation, Hawaii Automobile Dealers' Association, and numerous individuals.

"For these reasons I urge my colleagues to support this important measure in our effort to encourage early adoption of electric vehicles."

Senator Dela Cruz moved that Stand. Com. Rep. No. 858 be adopted and S.B. No. 663, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Inouye rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President, I rise to speak in favor of this bill. The intention of this measure is to increase public safety. In 2018, 117 people were killed statewide in a number of traffic accidents, 43 of them pedestrians. Photo red light systems are used throughout the world and in the United States. They have proven to be reliable, efficient and effective in identifying and deterring those who run red lights.

"Speeding and the failure to yield the right of way contribute to at least 15 percent of Hawai'i's accident rates behind 'driving under the influence (DUI).' Speeding and failure to yield the right of way may also include running red lights.

"Testimony from the Department of Transportation indicate the following: Between 2011–2016, there has been 1,616 intersection crashes resulting from red light and other traffic signal violations. These crashes resulted in deaths, numerous injuries and property damage. During calendar years 2011–

2018, a total of 13 deaths occurred from a driver disregarding a red light signal. During calendar years 2014–2018, police have issued 17,021 red light violations to motorists who disregarded the traffic signal. Because police have other priorities for calls for services, it is not possible for them to enforce the laws at every intersection. A red light camera system is an attractive alternative to better enforcement of our traffic laws.

“This measure will apply to motorists who ‘run red lights’ that are in a steady red cycle state before the vehicle enters an intersection. Vehicles that have gone through an intersection when the light is yellow but turns red while still in the intersection should not be subjected to action.

“There has been at least a 15 percent reduction in red-light running incidents reported by the Federal Highway Administration, with some localities reporting up to a 44 percent reduction.

“One of the keys to the program’s success will be for acceptance by all stakeholders. This includes government officials, local law enforcement and, most importantly, the public. The counties are going to have to make an effort to differentiate this photo enforcement program from the ill-fated ‘van cam’ speeding program that was repealed in 2002 after public outcry.

“It will be up to the state and/or county to inform the public that this new program will use automated cameras that are affixed to a stationary location near the intersection like a light or utility pole. It is also to be made clear that the program is not a ‘revenue generator’ for either the government or the hardware vendor. The counties will be the entity to implement the program.

“Support for the measure has come from the Honolulu Police Department, Hawaii Bicycling League, Mothers Against Drunk Driving (MADD), Peoples Advocacy for Trails Hawaii, Blue Zones Project, and numerous individuals. There were only three testimonies in opposition to the bill.

“For these reasons I urge my colleagues to support this important measure in our effort to increase public safety and save lives.”

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“No. If this bill were to be made law, people would be treated as guilty until they prove themselves innocent. That goes against the very foundation of our legal system. There is no guarantee that this program would create safer roads.”

Senator Gabbard rose to speak in strong support of the measure as follows:

“Colleagues, plastic is a huge problem in our oceans, our wildlife, our environment as a whole, and in human health. If you don’t want to take my word for it, I would strongly recommend that you watch the December 8th edition of *60 Minutes* on plastics; it’s an eye-opener. It was for me. So I want to give you some bad news and good news this morning. First, the bad news, and my colleagues from Hawai‘i island may take interest in this: Kamilo Point in rural Ka‘ū on Hawai‘i island was highlighted in a May 1, 2017, *Huffington Post* article as being one of the dirtiest places in the world because of plastics. Ocean Crusaders reports that there are 5.25 trillion pieces of plastic debris in the ocean; of that mass, 269,000 tons float on the surface while some 4 billion plastic microfibers per square kilometer litter the deep sea. Shoppers worldwide are using approximately 500 billion single-use plastic bags every year, and this translates to about a million bags every minute across the globe, or 150 bags a year for every person on Earth, and the number is rising. We use 500 million plastic straws every single day in the United States. I visited Greenpeace’s *Arctic Sunrise* ship when it arrived here in Hawai‘i on October 11th of 2018, after it had just left the Great Pacific Garbage Patch. Greenpeace reported that microplastic particles which make up the garbage patch now stretch for a distance twice the size of the state of Texas. The *Arctic Sunrise* also visited Kaho‘olawe and brought back an estimated two-and-a-half tons of debris, including a large amount of plastics. Coastal Care reports that 90 percent of seabirds have some plastic in their digestive tracts.

“And now for the good news: Walmart, the world’s largest retailer, announced late last month that it will eliminate non-recyclable plastic packaging in all its private label brands by 2020, impacting over 30,000 products. Our counties have been taking the lead on reducing plastics for the last several years; as of July 2015, Honolulu, Hawai‘i, Maui, and Kaua‘i have all banned plastic checkout bags. At UH, a student-initiated ban on polystyrene food containers at all campus food establishments has been in place as policy since 2012. The Hawai‘i Ocean Friendly Restaurants program launched in 2016 now includes more than 200 eateries that are certified as foam-free. Maui County became the first county in Hawai‘i to pass a ban on polystyrene foam containers in June of 2017. Hawai‘i County banned polystyrene containers in October of 2017, and this will go into effect July 1, 2019.

“So, S.B. 522, S.D. 2: This is our zero-waste bill that will move us forward in a very big way in reducing single-use plastic. Zero-waste plastic reduction plans are moving forward all over the world, including within the European Union, Ethiopia, Costa Rica, and municipalities across the United States. This bill would ban state and county agencies from selling or using single-use plastic beverage bottles, utensils, stirring sticks, polystyrene foam containers, or straws after July 1, 2021. It would ban restaurants and other food businesses from selling or using single-use plastic beverage bottles, utensils, stirring sticks, polystyrene foam containers, or straws after July 1, 2022, and it would ban any form of plastic bags after July 1, 2023. It would also set up a working group to look into the issue of eliminating single-use plastic packaging and phasing out single-use plastic beverage containers.

“Now, some of you may be concerned about, well, what are the alternatives to these items? Last summer, I think, I was at the National Conference for Environmental Legislators, and for those of you who were there with me, they passed out these [*holds up products*], and this is—you get your stainless steel chopsticks, and you get your stainless steel fork and this nice little bag, and they also passed out these straws: Not only is it a straw; it’s got the straw brush to clean your straw, right? So, for you ladies, you can just very conveniently put that in your purse; guys, stick it in your backpack or whatever. And, on the news last night, *Hawaii News Now*, there was a piece last night and it was talking about a group called Hawaii Eco Straws, and they’re in 17 cafés across O‘ahu, and they have distributed 24,000 of these types of straws for free. All they’re asking for is a donation, and what caught my eye on the piece last night on the news was, there was a little sign next to the cash register and it said, ‘This is the last straw,’ and they had a bowl of these things where you could come up and just grab your straw, grab your reusable straw, and there was a little bowl where you could put donations. I also saw a piece in South Africa where there’s a company that’s coming up with the replacement for plastic water bottles made out of hemp—hemp, hooray—and so they are working on that now, and I’m sure, in the next few years, some entrepreneur or some ‘hemprenneur,’ whichever you’d prefer, is going to come up with a replacement for these items. Also, there are replacements for the takeout containers and polystyrene containers that are made out of hemp; already, they’re in existence.

“I also wanted to mention—and some of you may have experienced—the lobbyists and young lobbyists who came to your office from SEEQS. SEEQS stands for School for Examining Essential Questions of Sustainability: a small private charter school, 180 students, established in 2013, sixth to eighth graders in Kaimukī. And they were lobbying for bills such as this bill, that we would pass it, and they touched my heart because this is the future, that young people are beginning to understand the importance of what we do here in this building regarding sustainability.

“Finally, I wanted to mention that we do have a reputation for being the first in the nation: Our hundred percent clean renewable energy by the year 2045; last year, we passed a ban on chlorpyrifos; also the ban, worldwide, first in the world, on oxybenzone and octinoxate in our sunscreen, so we have this reputation of setting the example for the world to follow, and that’s what we’re trying to do here. So, our state can once again take the lead in protecting our environment, so I am asking you to strongly support this zero-waste bill. Thank you.”

Senator Inouye rose to speak in support of the measure as follows:

“Just to make a comment of the previous speaker, and we thank him for his extensive research. I do want to make a comment on Kamilo Beach on my Big Island, just in support of our island as well. I’m very familiar with what’s happening and what has happened in the years that I’ve been raised on the Big Island. Just to let you know: Kamilo Beach is not to be entitled the dirtiest beach in our state as well because, as you all remember, due to the Fukushima earthquake and tidal wave that occurred, a lot of the trash and the currents and most of all the debris from the ocean has been heading to Ka‘ū and Kamilo Beach. Unfortunately, though, *60 Minutes* came there after and, I guess, identified Kamilo Beach as the dirtiest, probably in the world or in our state. I just want to support the notion that it wasn’t because of the trash made by residents or whatever, but we did have the trash from the Fukushima earthquake and tsunami, and I’d like to add that not only plastics occurred on that beach but tons of wrecks from the fishing boats as well. Thank you, Mr. President.”

Senator Ruderman rose to speak in support of the measure as follows:

"I agree with both of the previous speakers, but since Kamilo Beach has come up: I've sponsored several of the cleanup efforts down there, including my staff going there several times, and, yes, it's right that there was a big wave of trash after Fukushima, but every year, new trash gets deposited there from around the world, and it just happens to catch it. By the way, I also own a business that's operated 20 years while being a leader in plastic elimination, and it hasn't hurt us at all. Thank you very much."

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. Hawai'i already has strict recycling laws and small business owners would suffer from the enactment of more regulatory laws."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 884 was adopted and S.B. No. 522, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PLASTIC," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Fevella). Excused, 1 (Harimoto).

Stand. Com. Rep. No. 885 (S.B. No. 921, S.D. 2):

On motion by Senator Rhoads, seconded by Senator Dela Cruz and carried, Stand. Com. Rep. No. 885 was adopted and S.B. No. 921, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF THE ATTORNEY GENERAL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Moriwaki). Noes, none. Excused, 1 (Harimoto).

S.B. No. 415, S.D. 1:

Senator Baker moved that S.B. No. 415, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Baker rose to request that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 415 S.D. 1, Relating to Health.

"The purpose of this measure is to authorize advanced practice registered nurses to perform aspiration abortions. Many women routinely receive their well-woman care from advanced practice registered nurses (APRN) who are considered primary care providers in Hawai'i. APRNs currently perform medication abortions but are not allowed under their scope of practice to perform any surgical procedure.

"An aspiration abortion is a common procedure for surgically terminating an abortion in the first trimester. Current state law allows only physicians, surgeons or osteopathic physicians with a surgeon to perform the procedures. There is a statewide shortage of these medical practitioners, especially in rural areas. As a consequence, women in rural areas may not be able to access legal abortions in a timely manner. People on Kaua'i, Moloka'i, and Lāna'i must often travel to O'ahu or Maui for care. On the Big Island, abortion care is only provided one day per month and on Maui, one day every other week.

"A 2018 review by the National Academies of Sciences, Engineering, and Medicine concludes that advanced practice registered nurses who received proper training are just as capable of providing safe and effective abortion care as physicians and surgeons. Advanced practice registered nurses who are considered primary care providers or other non-physician providers are already able to perform aspiration abortions as well as provide well-women care in California, New York, Montana, Oregon, Vermont, and New Hampshire.

"Allowing advanced practice registered nurses in Hawai'i to perform aspiration abortions will significantly improve access to comprehensive reproductive healthcare services. I urge my colleagues to join me in supporting S.B. 415, S.D. 1."

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. I am voting NO on this measure which expands who can perform an abortion in Hawai'i.

"In committee, the last testifier, a young mother with her child in her arms, stated that the bill actually puts a pregnant woman's health at more risk by taking her out of a hospital and into a less equipped office.

"I'm also not convinced that if there are complications, a Registered Nurse will be ready to respond.

"We are already taking one life here. We should not be risking another."

The motion was put by the Chair and carried, S.B. No. 415, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21. Noes, 3 (Fevella, Gabbard, Riviere). Excused, 1 (Harimoto).

S.B. No. 1251, S.D. 1:

Senator Kahele moved that S.B. No. 1251, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. I oppose this bill because it gives too much power to the Board of Land & Natural Resources over 'ceded lands' for too long a period of time. Giving extensions for developments on our public lands for 40 years—without any periodic review process (such as every 5 or 10 years)—is like giving away the 'birth right' of Native Hawaiians and of the general public. The extensions for leases for developments on our public lands should be far shorter than 40 years—40 years, by anyone's standards, is a long, long time—much too long!"

The motion was put by the Chair and carried, S.B. No. 1251, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LEASE EXTENSIONS ON PUBLIC LAND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker moved that Stand. Com. Rep. No. 913 be adopted and S.B. No. 821, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Keohokalole rose to speak in support of the measure with reservations as follows:

“I was just going to speak briefly: I know it’s the diaper-changing bill, but just with all due respect to the introducer, I’m going to explain myself in order to avoid the appearance that I’m trying to get out of diaper-changing with my own children. I have three young kids; I’ve been changing their diapers for eight years. In fact, I changed two this morning because I pulled

the trigger too early. Colleagues, respectfully, I’ve never heard of a diaper that went unchanged because some poor parent didn’t have access to a changing station. These stations are simply matters of convenience. If we’re going to allow individuals to take responsibility for getting themselves across the street in the crosswalk on time, we ought to expect that dads can take responsibility for their equal share of diaper changes, if this is an attempt to get dads to do their fair share, which is an effort that I applaud. If it’s an attempt to prevent the spread of diaper rashes by making changing more expeditious and convenient, then I can applaud that, too. I just don’t know if this bill solves either of those problems, and if you actually look at the public accommodation law, there is a gray area when it comes to certain places of business, like grocery stores, which often allow me to take my five-year-old in the back warehouse to use the restroom in an emergency, which—most of you have had five-year-olds—often, it is an emergency situation if they have to go in a public place, and so, what I’m concerned about is businesses will prevent individuals from allowing folks to go and use the restrooms in those areas because those places are small and cumbersome to put in a diaper-changing station. I can wait to change the baby until we get back to the car, but when my five-year-old has to go, she has to go ... you know, is this bill really necessary? Thank you.”

Senator Baker rose to speak in strong support of the measure as follows:

“Notwithstanding my colleague’s reservations, equality for both males and females is enshrined in the letter of the law. Senate Bill 821, S.D. 1, requires all new and existing places of public accommodation to provide baby diaper-changing stations that are equally accessible to men and women. The accommodation means a safe, sanitary, and convenient baby diaper-changing station, deck, or table would be installed in women’s and men’s restrooms or in unisex family restrooms. Despite strides in minimizing gender roles, diaper-changing accommodations are still often omitted from men’s restrooms. Our laws need to encourage equal opportunities for men **and** women. American fathers are indeed involved in child care just as much as mothers are, and attitudes among men toward gender and family norms are increasingly egalitarian. I believe that S.B. 821 will enable men **and** women to take equal part in the daily nurture of a child, encouraging the full participation of both men and women in family life. Please join me, colleagues, in supporting this commonsense public policy. Mahalo.”

Senator Fevella rose to speak in support of the measure with reservations as follows:

“Right now, we have facilities that are family rooms; they’re already accommodating these things, and most of the men’s restrooms in most of the businesses do have it, but exactly what our previous senator said over there is that we’re going to force them to put in in certain restrooms, in certain stores and restaurants. Especially in my community, there’s one restroom that they use to hold all their equipment to clean the restroom in the restaurant. If you’re going to force them to put one of that inside, exactly what he said: They’re going to tell us only employees can use the restroom. So, instead of making something like this, as a bill and a law to chastise these small businesses and businesses, we should make it just a requirement for convenience because I’m going to tell you now, my daughter is right now ninth grade; I changed a whole heck of a lot of diapers, and I never needed one changing room. I did it inside her stroller or I went to the car or found creative ways, but just because it’s for convenience for us to be men and men to go in there and change the diapers, I have no problem in doing that, and making somebody mandate them on new and old businesses that don’t have the room, you’re going to take away the opportunity for us to use the restroom, and they’re

going to be closed to public restrooms for a lot of people, so I'm voting with reservations."

The Chair having so ordered, Senator Fevella's additional remarks read as follows:

"With Reservations. I am voting with reservations on this bill, which requires all new private businesses that sell to or service the public, such as restaurants, as well as government agencies, to provide baby diaper-changing platforms in both men's and women's restrooms or unisex restrooms (1) by June 30, 2019, for new businesses and new State government facilities and (2) by July 1, 2022, for ALL older businesses and government facilities. The purpose of the bill is a good one, which I agree with: namely to make both women and men feel that they are sharing the responsibility of diaper-changing equally.

"However, the bill needs to be improved (which is the reason I am voting with reservations): Small mom-and-pop restaurants—long-time established and new ones—those in Chinatown, 'Ewa Beach, small towns in rural O'ahu and on the Neighbor Islands will suffer: They do not have space in their one unisex restroom to put in a diaper-changing station. Under the bill, as presently written, mom-and-pop restaurants would have to prove that 'no reasonable physical option exists.' And yet they can still be sued, successfully, by anyone who feels he or she is being 'injured by [the] unlawful discriminatory practice' of the mom-and-pop small business restaurant not providing a diaper-changing table. The party claiming discrimination can be awarded \$100 and also 'reasonable attorney's fees'—which usually will involve even more than an additional \$100.

"So: This bill has to make more clear the procedures and detailed process by which a mom-and-pop small business can qualify for the exemption that 'no reasonable physical option' exists for providing a diaper-changing station—and can display a public sign that the small business has qualified for the exemption so that members of the public cannot mistakenly try to take advantage by suing the small business. There needs to be a common-sense compromise that allows women and men of the general public to feel that they are being treated equally in terms of the availability of diaper-changing tables in men's restrooms as well as women's restrooms. That common-sense compromise should also allow small mom-and-pop businesses for whom diaper-changing tables are not feasible to operate without fear of being wrongfully sued."

The Chair commented:

"Director Butay: You guys are doing a great job. I know in the men's restrooms at the airport, we do have the diaper changing stations."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 913 was adopted and S.B. No. 821, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GENDER EQUITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 915 be adopted and S.B. No. 477, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Baker rose to speak in strong support of the measure as follows:

"I rise in strong support of this measure, which was inspired by an incident that happened on Maui, and I appreciate my

colleagues' support, and I have comments I'd like to have inserted into the Journal."

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of **S.B. 477, S.D. 1**, Relating to Education. This bill allows the Department of Education to provide sexual abuse and sex trafficking prevention training to certain staff and requires DOE to make available to certain staff explanatory information about protocols that DOE has approved for providing services to victims of sexual abuse and sex trafficking.

"Minors are at risk of sexual abuse and sex trafficking, some of which could be happening at the child's home. Because they spend much of their time at school, it is important to train DOE employees on warning signs and ways to intervene. This measure will provide the resources needed to teachers and other DOE employees to protect our keiki from sexual abuse and sex trafficking in Hawai'i.

"I urge my colleagues to join me in supporting this measure. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 915 was adopted and S.B. No. 477, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"Strong support. I rise to speak in strong support of this bill that, as presently worded, proposes the first steps toward a 'pilot project' to provide shelter and mental health treatment for homeless individuals.

"As the saying goes: 'Actions speak louder than words.' That applies to homelessness and mental health. I think we should

already go far beyond the first steps proposed in the bill—which first steps our community has been talking about for years.

“Now, we should actually go ahead and implement a full-fledged and full-on State program to provide shelter and mental health treatment for homeless individuals—not just a ‘manini’—a small—pilot project.”

Senator Dela Cruz moved that Stand. Com. Rep. No. 973 be adopted and S.B. No. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Chang rose to speak in support of the measure as follows:

"In September 2018, the median price for a single family home here on O'ahu rose to \$812,500. A household has to make \$160,000 a year to afford to buy that median home. I think we can all agree: The system is broken. And S.B. 1 is a program designed to fix Hawai'i's housing shortage.

"This is not impossible. There are cities that have solved this problem, like Singapore, the direct inspiration for this bill. Singapore builds high-density residential units on government-owned land and sells 99-year leases on them for as little as 180,000 U.S. dollars. As a result, it has achieved a 90 percent homeownership rate.

"I recognize that there are many, many issues that have held up the production of affordable housing supply in Hawai'i, but many stakeholder groups have participated in drafting this measure, and their concerns are being heard. For environmentalists: no development of agricultural or conservation land, no shortcutting any environmental review processes. For taxpayers: no subsidy, no new taxes. For engineers and architects, developers, contractors, and labor: lots and lots of work for a long time to come.

"For those who fear an influx of outside investors or vacation renters: These units will only be available to Hawai'i residents who are owner-occupants and own no other real property—no outside investors, no renters of any kind. And no windfall profits, because 75 percent of all the profits from every resale go back to the State to help pay for the maintenance.

"S.B. 1 will build communities for all: young and old, rich and poor, every ethnic group, you name it, all side by side. No more income caps or first-time homebuyer requirements, no more concentrating poverty.

"Now, are there issues we still have to iron out? Of course. Getting a big project in on time and on budget is not easy; getting neighbors to buy in, getting people to accept that existing institutions will have to be redeveloped. There's a lot of work that we have to do before and after this bill passes.

"But this is more than a policy debate of pros and cons, Mr. President. This is about the future of our community. Ninety percent of my high school class went to college on the mainland, and most have not come back. For the first time since

statehood, our state has lost population not one, but two straight years, in large part due to the housing shortage. If the new generations of local people just leave, the Hawai'i we all know and love will simply cease to exist. Mr. President, let's try something bold. I believe that the future generations are worth it. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 973 was adopted and S.B. No. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Kim). Noes, none. Excused, 1 (Harimoto).

Stand. Com. Rep. No. 980 (S.B. No. 388, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 980 be adopted and S.B. No. 388, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. 'Too little – too late!' This saying comes to mind with regard to this bill—and is the reason why I am voting 'No.' This bill allows the Department of Education—only AFTER a student has been expelled—to allow parents and guardians of the student, who has already been dismissed from attending school, to then request a clinical or psycho-educational evaluation 'to uncover contributing factors' that led to the suspension.

"This is definitely 'Too little – too late!' Instead, the Department of Education should allow parents and guardians to request such a clinical or psychoeducational evaluation BEFORE the student is expelled. Indeed, such an early evaluation can reduce the number of suspensions from school."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 980 was adopted and S.B. No. 388, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23. Noes, 1 (Fevella). Excused, 1 (Harimoto).

Stand. Com. Rep. No. 984 (S.B. No. 1303, S.D. 2):

Senator Kahele moved that Stand. Com. Rep. No. 984 be adopted and S.B. No. 1303, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. Part 1 of this bill allows the Department of Education to lease for an unspecified term land formerly used for public schools and facilities. This may inadvertently include 'ceded' lands to which native Hawaiians are owed revenue. I oppose any lengthy lease of public lands."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 984 was adopted and S.B. No. 1303, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Riviere). Noes, 1 (Fevella). Excused, 1 (Harimoto).

Stand. Com. Rep. No. 985 (S.B. No. 824, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 985 be adopted and S.B. No. 824, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Thielen rose to speak in support of the measure with reservations as follows:

"I just want to take a second to explain because my reservations are not what you think they are for. About a year and a half ago, I was visiting my daughter in Washington, D.C., and my husband and we rented bikes. I had a helmet on, and we were biking pretty quick because I've biked for many, many, many, **many** years of my life, and I've been a very experienced biker. And my wheel got caught in a deep rut in the road, and I went down. I remember the wheel getting caught, and the next thing I know, I was in an ambulance. I was knocked out and had a concussion. So why wouldn't you support this bill? I do support mandatory helmets for scooter renters, but I think, if we're going to be serious about brain injuries and the cost to society of them, that we need to be taking on some harder calls in addition to the scooters and taking a look at bikes and motorcycles and people riding in the backs of pickup trucks. People think, including myself, that you can react in time to avoid a disaster, and I can tell you from my experience and talking with other people, you cannot. If I hadn't had that helmet on, I would've had much worse than a severe concussion. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"This bill was introduced due to a tragic accident that took the life of Alexis Patrice Jenkins, a young woman, after the moped she was driving collided with a truck on the island of Maui. Alexis was conceived in Maui in 1992 by Tim and Danielle Jenkins, and she was their only child. Though she had never been to Maui, she loved Hawai'i and had a little tattoo on her ankle of the Hawaiian Islands. Alexis waited 24 years for her first trip to Maui, and on August 14, 2017, she came for a vacation. On her second day, Alexis was riding a scooter without a helmet in the Wailea-Makena area of Maui and collided with a truck with no possibility of surviving this accident.

"The intention of this measure is to prohibit the operation of a moped or motor scooter leased from a rental company unless the operator is wearing a helmet, provided that the prohibition does not apply if the operator has a valid license to operate a motorcycle from any state; and prohibit the renting out of any moped or motor scooter with an aftermarket modification to its motor.

"Wearing a helmet when operating a moped or motor scooter could increase the chance of survival in the event of an accident. According to the Hawaii Injury Prevention Plan for 2012-2017, published by the Emergency Medical Services and Injury Prevention System Branch of the Department of Health, helmets can reduce the risk of death by 42 percent and reduce the risk of a head injury by 69 percent. In the state, there were 23 motor scooter and moped operator fatalities from 2016 to 2018. Of the 23 fatalities reported, 22 operators were not wearing a helmet.

"This measure will ensure the safety of residents and visitors of the state and reduce the number of fatalities by requiring certain moped and motor scooter renters to wear helmets. Support for the measure came from the Department of Transportation, Keiki Injury Prevention Coalition, O'ahu County Committee on Legislative Priorities of the Democratic

Party of Hawai'i, Meal Prep Las Vegas, Icon Tile, Lexi's Law 808, and 56 individuals. I urge my colleagues to support this measure in memory of Ms. Jenkins. It will help save lives and limit serious injury. Mahalo."

Senator Baker rose to speak in strong support of the measure as follows:

"I was remiss on the earlier bill; this is the one that was inspired by an incident in my district. I've been in touch with the family, and they are quite pleased that we are considering this measure. I would just like to ask that the eloquent words of the chair of the Transportation committee be entered into the record as if they were my own, and just make a note that the irony of this is Lexi rode her bicycle in her home state of California, where she was very familiar with the roads, and wore a helmet. She came to Hawai'i, saw the beauty of the island, and because she wasn't reminded when she rented her moped that she should also wear her helmet here, on unfamiliar roads, she did not and lost her life. I know this can be a controversial subject, and that's why we've limited it to rentals, because I think the argument is most compelling there. When people come and rent something to go out on roads with which they are unfamiliar, we need to remind them and encourage them and require them to wear a helmet. It will, in fact, save lives. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 985 was adopted and S.B. No. 824, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RENTALS OF MOPEDS AND MOTOR SCOOTERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 1000 be adopted and S.B. No. 1405, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Baker rose to request that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 1405, S.D. 2, Relating to Electronic Smoking Products.

"E-cigarette use or vaping among youth and young adults has become a national public health concern. E-cigarettes are now the most popularly used tobacco product among youth and young adults, surpassing cigarettes. While smoking rates in Hawai'i have decreased through the years, ESD use has rapidly increased, threatening significant public health gains through our Tobacco 21 law and tobacco youth access laws.

"Without regulation, e-cigarette manufacturers will continue to aggressively market their products by using young adults and celebrities as endorsers, glamorizing its use, promoting deep discounts, and offering popular local e-liquid flavors such as Kona coffee, Maui mango, and pineapple.

"The FDA has deemed ESDs as tobacco products, as this measure would do, and would tax e-liquids. This measure would also increase permit fees for retailers and wholesalers, and make illegal the shipment of e-liquid. Many kids access

vape products online, using their parent's resources and information to order them. This loophole needs to be addressed and corrected.

"It is time to regulate an industry, to collect the appropriate taxes, raise the cost of licensing and permitting fees as well as ensure that there are no longer illegal online sales.

"Please join me in support of S.B. 1405, S.D. 2. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1000 was adopted and S.B. No. 1405, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC SMOKING PRODUCTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Harimoto).

Stand. Com. Rep. No. 1006 (S.B. No. 1463, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1006 be adopted and S.B. No. 1463, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Rhoads rose to speak in support of the measure as follows:

"A carbon emissions tax is sort of the Holy Grail of carbon reduction, and it's a difficult subject because our tax system is set up, and it's never been set up before to try to address the issue of carbon. I just appreciate that you and my other colleagues are moving this bill forward and continuing the discussion because I think the timeline for when really catastrophic things are inevitable is very short—in the 10- to 12-year range—and the whole world needs to move forward quicker than we are. That's one reason I think, even though this bill is certainly a work in progress, that we have to have the discussion now because it will soon be too late. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1006 was adopted and S.B. No. 1463, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 1014 (S.B. No. 331):

Senator Rhoads moved that Stand. Com. Rep. No. 1014 be adopted and S.B. No. 331, having been read throughout, pass Third Reading, seconded by Senator Wakai.

Senator Baker rose to request that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of S.B. 331, Relating to Movie Theaters.

"Hawai'i has been a pioneer in public policy regarding access to movie entertainment for the deaf and/or hard-of-hearing community. Act 39, Session Laws of Hawai'i 2015,

required movie theater operators to provide closed captioning showings at least twice a week. The closed captioning requirement supplemented the federal Americans with Disabilities Act requirement to provide an assistive technology option.

“Unfortunately, the Legislature effectively repealed the open captioning requirement in 2017 by allowing movie theaters the option of offering a personal closed captioning system in lieu of offering showings with open movie captioning, depriving the deaf and/or hard-of-hearing community as well as other movie goers who may benefit from closed captioning of a tremendous benefit. Your Committee has heard testimony that eyewear was often broken or malfunctioning and that it is uncomfortable. In addition, it calls unnecessary attention to the users as being handicapped. The deaf and hard-of-hearing community strongly prefers open captioning to any type of eyewear, and have stated this virtually unanimously in testimony to multiple committee hearings.

“S.B. 331 addresses the discriminatory effects of communication barriers at movie theaters and seeks to restore and make permanent the requirements originally contemplated by Act 39, SLH 2015, which will enable deaf and hard of hearing consumers an equal opportunity to attend and enjoy movies in a similar manner as those who do not require open movie captioning. Please join me in support of S.B. 331, Relating to Movie Theaters.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1014 was adopted and S.B. No. 331, entitled: “A BILL FOR AN ACT RELATING TO MOVIE THEATERS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Chang, Wakai). Noes, none. Excused, 1 (Harimoto).

Stand. Com. Rep. No. 1017 (S.B. No. 1244, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 1017 be adopted and S.B. No. 1244, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Wakai.

Senator Baker rose to request that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of S.B. 1244, S.D. 2, Relating to the Sale of Tobacco Products.

“This bill clarifies that liability for illegally selling tobacco products including electronic smoking devices to a person under the age of 21 is borne by the retail entity or individual who holds a valid permit to sell tobacco products, rather than an employee. Ninety-five percent of smokers start smoking before they turn 21. Therefore, it is imperative that we do all we can to prevent the sale of tobacco products including electronic smoking devices to minors below the age of 21. Such policy can significantly reduce smoking initiation in children and teens and thus help prevent young people from an addiction to this dangerous and deadly habit.

“This bill will hold retail entities and licensees responsible for oversight of their employees and sale activities. Retailers and permittees are the ones best positioned to set the parameters for sales in their establishments. The buck starts and stops with owners and licensees to institute effective best practices in their retail locations in order to ensure that there are no sales to underage customers. Placing the responsibility with the retail entity or licensee further ensures that Tobacco 21 laws will be

upheld. I urge my colleagues to join me in supporting S.B. 1244, S.D. 2.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1017 was adopted and S.B. No. 1244, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE SALE OF TOBACCO PRODUCTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

On motion by Senator Rhoads, seconded by Senator Wakai and carried, Stand. Com. Rep. No. 1019 was adopted and S.B. No. 947, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FAMILIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Harimoto).

Stand. Com. Rep. No. 1020 (S.B. No. 621, S.D. 1):

Senator Rhoads moved that Stand. Com. Rep. No. 1020 be adopted and S.B. No. 621, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Wakai.

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“No. Any bill that infringes upon the Second Amendment right of individuals ‘to bear arms’ is one that I oppose—as I do with this bill. This bill extends the long arm of government into the privacy of our people who wish to own firearms to protect their own safety, to hunt for food for their families, and for other worthy purposes. These people, with good intentions, should NOT be required to report to the government if they have a firearm ‘lost, stolen, or destroyed.’ The government is invading the privacy of individuals and their right to bear arms whenever the government makes it mandatory for an individual to report to the authorities the ownership status of any firearm in her or his household.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1020 was adopted and S.B. No. 621, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FIREARMS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Kidani). Noes, 1 (Fevella). Excused, 1 (Harimoto).

Stand. Com. Rep. No. 1022 (S.B. No. 739, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 1022 be adopted and S.B. No. 739, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Chang rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang’s remarks read as follows:

“Ground transportation consumes roughly a third of the state’s imported fossil fuels. To reduce imported fossil fuel usage in Hawai‘i, we need to encourage people to drive less and use alternative forms of transportation. A parking cash-out program helps provide incentives for other forms of transportation. Offering commuters the option to choose either free parking or its cash value makes it clear that parking has a cost, which is the cash not taken. This would have multiple

benefits, including reduction of traffic congestion and giving employees what they really want.

“California has enacted legislation supporting a cash-out program, and research conducted afterwards found significant shifts in commuter behavior, including significant reductions in traffic.

“There are benefits to businesses as well, these include reduced costs associated with employee recruitment, onboarding, and training. A happy, healthy, stress-free employee is more likely to be a productive employee, and one of the biggest stressors for anyone is traffic. Finally, if driving is reduced, then the need for parking will be reduced as well.

“For the government, there are multiple benefits from a parking cash-out program such as user fee funding of its transportation programs, reduction of traffic congestion, and reduction of driver-related facility expenditures. Also, when a commuter does voluntarily choose taxable cash rather than a tax-exempt parking subsidy, federal and state income tax revenues increase.

“We should be supporting people to help lower their cost of living, not subsidizing driving, fossil fuel use, and traffic congestion.”

Senator Inouye rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye’s remarks read as follows:

“Mr. President, I rise to speak in favor of this bill. The intention of this is to require employers of 50 persons or more who provide a parking subsidy to employees to offer a parking cash-out program.

“CPH has found that ground transportation alone uses approximately one-third of the State’s imported fossil fuels. A parking cash-out program may help provide incentives for other forms of transportation, such as walking, bicycling, bus, rail, or carpooling, to be used.

“Testimony from the Department of Land and Natural Resources indicates that this measure is likely to reduce greenhouse gas (GHG) emissions, and help Hawai’i make progress towards its energy and climate change goals. Parking experts generally agree that parking cash-out programs increase the share of commuters who choose modes of transportation other than driving alone to work. Such programs have been known to reduce vehicle miles traveled, and to benefit low-income commuters. This measure will not only help reduce the amount of fossil fuels being used in Hawai’i, but reduce the congestion that plagues our streets by promoting the use of public transportation.

“For these reasons, I urge my colleagues to support this important measure in our effort to research and explore the idea of a parking cash-out program that would enable businesses and employers to offer cash allowances instead of parking subsidies to provide incentives for other forms of transportation that are less dependent on fossil fuels.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1022 was adopted and S.B. No. 739, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PARKING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of S.B. 1033, S.D. 2, relating to the licensure of midwives. As with all bills at this point in the 2019 session, this bill is a work in progress. Its purpose is to create a licensing regime for midwives in the state. The state auditor conducted a sunrise analysis for the licensure of midwives in 2017, which concluded that regulation of this field is needed because the nature of the services provided by midwives may endanger the public’s health and safety.

“By way of background, midwives used to be regulated in this state. In 1931, the Territorial Legislature in Act 64 required midwives to register with the Board of Health and to file birth certificates for those births at which the midwife attended. In 1941, the Territorial Legislature in Act 87 regulated midwives along with other health professions and required the Board of Health to promulgate rules which provided that it was illegal to practice as a midwife without a permit or certificate of registration from the Board of Health. The relevant report from the Senate Committee on Public Health noted that registration was necessary to safeguard health. Fast forward to March 1989: There were only five licensed midwives in Hawai’i and they were all nurses. In October 1989, there were only 10 nurse midwives in Hawai’i, and of that, only 2 were practicing midwifery. In December 1989, the auditor did a sunset evaluation and concluded that since most midwives come from nursing, additional regulation was not needed.

“The situation in Hawai’i has clearly changed in the intervening years. Registration of health professionals is no longer under the Department of Health but under the Department of Commerce and Consumer Affairs. Nurse midwives are regulated under the Board of Nursing; non-nurse and non-credentialed personnel are holding themselves out as midwives with no regulation. The number of non-nurse midwives including cultural practitioners has grown in Hawai’i, leaving the auditor to conclude that the field of midwifery needed to be regulated.

“This measure is not a prohibition on a woman’s ability to choose her preferred birth attendant. Rather, licensure will provide consumers with increased access to midwifery care from providers who are skilled professional midwives with proper training and in the event that a problem birth occurs, these professionals would have access to a hospital setting if required.

“Hawai‘i is one of 17 states that does not license or regulate midwives, leaving women in Hawai‘i with no way to know who is certified to do a community birth and who is not. This measure protects the health and safety of women and their unborn infants. Please join me in voting yes on S.B. 1033, S.D. 2. Mahalo.”

Senator Ruderman rose to speak in support of the measure with reservations as follows:

These bonds will fund the plans, design, construction, equipping, and operating of facilities for aviation and aviation-related services at Ellison Onizuka Kona International Airport at Keahole, Hawai'i.

"Testimony from Keahole FBO I LLC indicate the following: Our project is generating revenue and jobs for the State of Hawai'i in areas such as but not limited to aviation services, aviation-related services, fuel, energy, food and beverage, ground transportation, tourism, architecture, engineering, law, finance, accounting, construction, landscaping, building maintenance. Further, our development and operations will generate multimillions of dollars in revenue for the DOT and State of Hawai'i through taxes, fees, and our lease. In addition to the lease fee, the DOT will generate revenue from 2 percent of our income, \$0.04/gallon of Jet A fuel we sell, and a portion of any subleases.

"This measure applies only to Keahole FBO I LLC in order to authorize the issuance of special purpose revenue bonds to planning, designing, constructing, equipping, and operating facilities for aviation services and aviation-related services at Ellison Onizuka Kona International Airport at Keahole. For these reasons I urge my colleagues to support this important measure in our effort to assist Keahole FBO I LLC."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1071 was adopted and S.B. Senator Inouye rose to speak in support of the measure as follows:

"Mr. President, once again, I am standing here to speak in favor of our Airports Corporation bill. As you know, Mr. President, and as stated in the latest committee report, the Hawaii Airports Corporation is being established to 'assume all of the authority, powers, functions, duties, and responsibilities of the Department of Transportation related to airports and aeronautics.'

"This bill has the support of government entities including the state Department of Transportation, the Office of the Governor, Department of Public Safety, and the University of Hawai'i. Support also comes from diverse organizations, such as the Building Industry Association of Hawaii, American Council of Engineering Companies, the Airport Concessionaires Committee alongside tourist-related entities, such as the Hawai'i Lodging & Tourism Association, Kohala Coast Resort Association, Hawaiian Airlines, and a number of others, including several individuals.

"The Hawaii Airports Corporation will be an important step to improving the management, efficiency, and facilities at our airports. With a strong emphasis on commercial and customer focus, the Airports Corporation will be able to adjust to economic opportunities and market conditions through dedicated expert airport leadership. The entity will also ensure that there is management continuity and year-round decision-making consistent with best practices in the industry. For example, the State could have been more timely in the establishment of new gates for the arrival of the Airbus A380, the construction of the new hangars for Hawaiian Airlines, freight facilities at Hilo Airport, terminal upgrades and better management and maintenance of the various facilities that make up our airport communities.

"There have been concerns raised about the exemptions from the Hawaii Public Procurement Code. As written, the bill allows the Airports Corporation to establish rules and procedures in regards to procurement, provided that the corporation shall consult with the State Procurement Office prior to adopting the rules. The board of directors shall act in good faith to maintain internal policies and procedures for the timely and efficient procurement of goods and services, including planning, engineering, and construction services, to include post-award contract management and oversight procedures, that are consistent with the goals of public accountability and public procurement practices. I am confident that we can keep lines of communication open between the Legislature and the Airports Corporation.

"There have also been some concerns raised regarding the transfer of police powers to the Hawaii Airports Corporation. As this involves the state sheriff's office, Transportation Security Administration, county police departments, and private security firms, just like the procurement code, the CEO shall also act in good faith to come up with a comprehensive plan that maintains and strengthens airport security for the public and the airport communities.

"In terms of maintaining transparency, it will be the board's responsibility to uphold current and future laws that address this issue.

"For this and many other reasons, I urge my colleagues to support this bill as we move Hawai'i further into the 21st century and the next. Mahalo, Mr. President and colleagues."

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"With reservations. This bill exempts the corporation from the procurement code. However, the concern is that the corporation will write policies and adopt rules with little or no oversight or accountability, thereby leaving the airports corporation and Department of Transportation at risk and liability."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1073 was adopted and S.B. No. 666, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO AN AIRPORTS CORPORATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Thielen requested that remarks in support of the measure with reservations, as stated on an earlier measure, be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Thielen's remarks read as follows:

"I just wanted to make clear what my reservations are. I would support increasing the pay for teachers. I think, when we try to set up a voucher or other similar programs, there's a problem in that there's a few people who benefit from it, but not everybody. It becomes an expense to manage and administer, and then there's an issue, too, on how you're going to be able to enforce it over time. So those are my only reservations, and I would ask, if it's possible, to have my remarks repeated for SSCR740 (Senate Bill 387) and SSCR1099 (Senate Bill 114), which are similar programs. Thank you." (The Chair so ordered.)

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1099 was adopted and S.B. No. 114, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TEACHER HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Ruderman rose to speak in support of the measure as follows:

"Just to take a moment to explain this: You know, we've been conducting a giant experiment on ourselves and our kids these last couple decades with regards to all the screens that we carry around. All the apps and the screens themselves are addictive by design, and they've been getting better and better every year, and now we're all addicted to our screens, every single one of us. I ask my colleagues: Did anybody not look at your phone the first hour after you woke up today? Anybody not look at it in the last 10 minutes? So, that's okay for adults; we're making that choice with some sense of consciousness, but for our kids, their brains are getting wired in the first few years of their development. They're getting wired differently today than they ever have been in our history, and we don't know the results of that. So I'm thankful that we're going to begin to address this issue, and I'd ask for your support. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1104 was adopted and S.B. No. 433, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SCREEN TIME AWARENESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Fevella's remarks read as follows:

"No. I'm voting 'no' on bills aimed to impose the TAT on resort fees.

"We have a tendency at all levels of government, that when we are looking for money we always tax the tourism industry.

"I worry that if we don't watch out this may affect residents in my 'Ewa Beach district who will find their hours and tips cut and maybe even lose their jobs due to the rising cost of doing business.

"Now we hear that the City & County of Honolulu is targeting tourism again by having the hotel and resorts be the only business class in the county to have their real property taxes raised.

"That's why I say a better idea is to go after the illegal transient vacation rentals that aren't paying their taxes."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1121 was adopted and S.B. No. 714, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE TRANSIENT ACCOMMODATIONS TAX," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Senate Bill 789, S.D.2, proposes to (1) provide for increases in the minimum wage from the current \$10.10 per hour to \$12.00 per hour beginning January 1, 2020, and to \$15.00 per hour beginning January 1, 2023; and (2) establish a nonrefundable income tax credit for qualifying small businesses to offset the increase in the minimum hourly wage that employers must pay their employees. This measure is intended to strike a balance between the interests of employees and employers by increasing the minimum wage in two increments over three years, while providing a tax credit to help qualified small businesses adjust to the increased labor cost.

"Hawai'i has the lowest average wage in the nation when adjusted for the cost of living. There is a significant difference between the minimum wage and what is needed to afford basic needs in Hawai'i. The Senate has made passage of an increase

to the minimum wage a priority for this legislative session. I urge my colleagues to support Senate Bill 789, S.D.2."

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"With reservations. I vote with reservations regarding raising the minimum wage because it will only hurt small businesses in my community, such as mom-and-pop stores and restaurants. It will raise their costs and put them out of business. It will also eliminate entry-level jobs such as those at McDonald's, thus depriving our youngsters of the opportunity for their first job."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1122 was adopted and S.B. No. 789, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MINIMUM WAGE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Kidani's remarks read as follows:

"I rise to speak in support of S.B. 976, RELATING TO PUBLIC LIBRARIES. Colleagues, we passed this bill out of our chambers last session only to have the governor veto it because he doesn't believe that libraries should have the option for public-private partnerships. And so here we are again with our facilities a year older and our repair and maintenance backlog a year longer.

"If there is a misconception that it is the intention of this body to privatize the libraries and take them away, let me assure you that is not the intention of this bill. This bill gives the libraries the opportunities to partner with the private sector to look at how these community spaces can be revitalized to further the mission of the public library system. This could include having coffee shops or other retail opportunities to generate revenue for the public library system.

"We know that we cannot afford to simply spend our way out of our crumbling facilities. I hope that this body will continue to support our libraries by again offering them this tool to build 21st Century Libraries by voting in the affirmative for S.B. 976, S.D. 2. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1125 was adopted and S.B. No. 976, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LIBRARIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Mr. President and colleagues, Mayor Kim and Hawai'i County Council are already considering raising the GET this year, and in referencing this morning's Floor Amendment No. 2, demanding that counties must take action this year. Having said this, I can't subject my constituents and the Big Island residents to this; they're the most vulnerable for another increase in higher taxes. Mahalo."

Senator Kidani rose to speak in support of the measure as follows:

"I rise to speak on the merits of Senate Bill 1474, S.D. 2, Relating to Taxation. Members, we are here yet again to vote on a measure to increase funding for our public education system. We know that we have needs in our schools: We have classrooms without proper supplies, equipment, or even highly qualified teachers. We cannot continue to wait and see if more money will magically appear or rely on a growing economy to put more resources into our classrooms.

"I know there are those who speak out against any raises in the GET due to its regressive nature, but I want to remind my colleagues today that, with the exception of the one-half percent surcharge for rail, the tax rate on GET has remained at 4 percent since 1965. (Ironically, I will note, that the session act of 1965 that raised it to 4 percent was Act 155, and, five years ago, we passed Act 155, which was to build 21st-century schools, which has still not happened.) But since then, our population has doubled. Government services expanded. We have had federal mandates, but our largest general revenue tax stream, our GET, has remained at 4 percent for the state. I hope that this body will continue to support ways to fund our public education system by voting in the affirmative on this measure. Mahalo."

Senator Taniguchi rose to speak in support of the measure as follows:

"I'd like the comments of the senator from Mililani to be put into the record as my own and offer also some additional comments." (The Chair so ordered, by reference only.)

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Senate Bill 1474, S.D. 2, proposes to increase the general excise tax and use tax by 0.5 percent to benefit public education by providing a dedicated funding source for operations of the Department of Education and the University of Hawai'i. The State of Hawai'i is struggling with budget issues and the limited financial resources presently available to address the many needs of the public, including addressing the compensation of teachers and staff, and the maintenance and capital improvement program backlog. Accordingly, the Legislature needs to seriously consider the establishment of an increase in the general excise and use taxes, with the additional revenues generated to serve as a dedicated funding source for public education through the Department of Education and the University of Hawai'i. I urge my colleagues to support Senate Bill 1474, S.D. 2."

Senator Ruderman rose to speak in support of the measure as follows:

"I'm tempted to ask that the excellent comments of our Education chair be added, but I don't want the Journal to get too repetitive. But no one likes added taxes, and this is certainly not perfect, but every other effort to try to get significant more funding to teachers and schools so far has failed. We all know about the teacher crisis that we have, and that affects our next generation. So I will support any and all efforts that the teachers

themselves support to try to get more money to our teachers. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1188 was adopted and S.B. No. 1474, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Harimoto).

Stand. Com. Rep. No. 1193 (S.B. No. 33, S.D. 3):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1193 be adopted and S.B. No. 33, S.D. 3, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“Strong support. I support repeal of the annual \$35,000,000 rolling cap for the motion picture, digital media, and film production income tax credit and extending this credit to January 1, 2033. Film production in Hawai’i is a highly lucrative, but competitive, clean industry that creates much needed jobs. States that do not have a cap on tax incentives are the most attractive to film producers and Hawai’i must follow suit to remain competitive.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1193 was adopted and S.B. No. 33, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Harimoto).

Senator Dela Cruz moved that Stand. Com. Rep. No. 1194 be adopted and S.B. No. 740, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Fevella requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“I have reservations on this measure because I fear it would increase housing densities at the expense of mixed use development. Also, the impacts of increased density must take into account the ability of the area infrastructure (roads, sewers, schools) to handle greater densities.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1194 was adopted and S.B. No. 740, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO HOUSING DENSITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Kim, Moriwaki, Ruderman). Noes, 1 (Riviere). Excused, 1 (Harimoto).
