Senator Rhoads rose to speak in support of the amendment as follows:

“The bill as currently drafted requires the governor to make a temporary appointment to fill the vacancy in a U.S. House seat until a special election can be held. The temporary-appointment language conflicts with the U.S. Constitution, which does not allow U.S. House members to be appointed even on an interim basis, and thus the language should be removed from the bill.”

The current bill, as written, has a clean date, but a defective date of July 1, 2050, is needed so that the bill can go to conference for further deliberation.”

Senator Harimoto rose to speak in opposition to the measure as follows:

"I just wanted to briefly explain my reasons for opposing this bill. This bill calls for adding a teacher to the Board of Education and the teacher union will appoint that teacher. So I wanted to say on the record that I really appreciated the teachers' viewpoints on the board. When I served on the Board of Education, we were blessed to have retired teachers on the board. Their perspectives were very valuable—as well as retired principals. But where I have a problem is that this bill proposes to have what is in essence a union representative on the board. I think it's different to have just a teacher on the board, but this bill calls for the union to appoint the teacher who, in essence, becomes a union representative. And while I appreciate and respect the unions, I just think it is a huge conflict to have what is in essence an employee sitting on the management board. And I understand fully it's a non-voting position, but, still, this person would be included in sensitive discussions about things like collective bargaining salaries, personnel matters, and, even if excluded from voting, I think the discussion may be skewed. So, again, I just wanted to briefly explain my opposition. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1871 was adopted and H.B. No. 615, H.D. 3, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE BOARD OF EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. Based on recent media reports, the City and County of Honolulu's Office of the Auditor may be initiating a forensic audit of HART and the federal government is also investigating HART. The Legislature should not interfere with a federal investigation."

Senator Thielen rose to speak in support of the measure as follows:

"Colleagues, when we passed Act 1, part of the agreement was that there would be an audit of the rail expenditures and to make sure that the state tax dollars that were flowing to that project, that there would be some cost containment measures. The audit that was conducted by the state auditor was not completed, so what this bill does is it asks for the auditor to complete just that portion of the audit that was not completed under Act 1. The attorney general did help with drafting the language to assure that there would be no interference with any investigation that's being done at the federal level, and I know there's been some folks who have said an audit isn't necessary because the city council has passed a resolution to do an audit. I'd just like to read briefly: The city council resolution asks HART to audit itself. It doesn't conduct an audit on behalf of the city. So I would ask for your support so that we can complete the job that we asked to be done under Act 1. Thank you."

The motion was put by the Chair and carried, H.B. No. 118, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Fevella's remarks read as follows:

"WR. I am voting with reservations because there are a number of students who are on geographical exceptions attending a public high school outside of their residence. Automatic voter registration is a concern."

H.B. No. 712, H.D. 1:

Senator Rhoads moved that H.B. No. 712, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Gabbard.

Senator Keohokalole rose to speak in opposition to the measure as follows:

"I support the state utilizing its sovereign prerogative to set the terms of office for president and for vice president. Where I have a disagreement with the content of this bill and the fact that it has a clean date is extending those requirements down to the governor, the lieutenant governor, and the mayor. Our constituents are not satisfied perennially with the quality of the candidates put forward, and I think this will have a chilling effect on those individuals as we move forward. I think it's a slippery slope, so, respectfully, I oppose this bill."

Senator Kim rose to speak in opposition to the measure as follows:

"Mr. President, this bill requires that candidates for president, vice president, governor, lieutenant governor, or mayor to disclose their federal income tax returns to be listed on a general-election ballot. And while I'm not opposed and would certainly love to see the tax returns, especially of our president, what's troubling me about this measure—and I agree with the previous speaker—is that not only is it a chilling effect, but it makes us all-powerful because what it goes on to say: It prohibits electors from voting for candidates for president, vice president, if those candidates have not disclosed their federal tax returns, including the mayor and the governor, and what it does is it makes us determine who our voters can vote for. We're in essence either saying a candidate will be able to be on the ballot or not, and you, voters, you don't have a choice because they didn't turn in their returns. The voters should make that decision on whether or not they believe that that candidate should get their vote if they do not turn in their returns. For those reasons, I will be voting 'no.'"

Senator Thielen rose to speak in opposition to the measure as follows:

"I just want to have my remarks on the record because I know I'm going to be asked about this bill. Similar to the senator from Kāne'ohe, I do support the state exercising its sovereign rights about who may be placed on the ballot for the

presidential elections, but I do think it is also going too far for the other provisions. But I want to point out that we do have a state law that requires certain ethical and financial standards of our governor, and we have a bill going through this session that would apply higher standards to the governor and also apply those to the mayors for the four counties, so I think we have adequately addressed this issue for our local representation. Thank you."

Senator Fevella rose to speak in opposition to the measure as follows:

"I agree with my previous colleagues who spoke against this bill, and I also have additional comments that I want to insert into the Journal."

The Chair having so ordered, Senator Fevella's remarks read as follows:

"This bill will waste taxpayers' money in trying to keep the names of candidates for U.S. President and Vice President off the Hawai'i ballot if they do not disclose their income tax returns. The State of Hawai'i will be sued immediately for trying to impose a State requirement on a federal election. According to most constitutional law experts, the State would lose the lawsuit because only the U.S. Constitution and the U.S. Congress can impose ballot-qualifications requirements for President and Vice President."

Senator Rhoads rose to speak in support of the measure as follows:

"Section 1 of Article II of the U.S. Constitution says, and I quote, 'Each state shall appoint, in such manner as the legislature thereof may direct, a number of electors.' The U.S. Constitution gives us wide latitude on how we choose the electors or how we instruct them to vote, and I think that we're not overstepping our bounds with this measure. Mahalo."

The motion was put by the Chair and H.B. No. 712, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," having been read throughout, failed to pass Third Reading on the following showing of Ayes and Noes:

Ayes, 10; Ayes with Reservations (Ruderman, Taniguchi). Noes, 15 (Chang, Dela Cruz, English, Fevella, Ihara, Inouye, Kanuha, Keohokalole, Kidani, Kim, Moriwaki, Riviere, Shimabukuro, Thielen, Wakai).

H.B. No. 307, S.D. 1:

Senator Wakai moved that H.B. No. 307, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Baker.

Senator Fevella rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"WR. By defining renewable energy so broadly, this bill includes windmills as sources eligible for income tax credits. Unfortunately, windmills often ruin the landscape and near shore ocean they are placed in."

Senator Ruderman rose to speak in opposition to the measure as follows:

"When we heard this bill in your joint committee, no one testified in favor of it, and there was no one present to explain the very curious phrase that was the original purpose of this bill, adding a non-specified renewable energy to our list. We passed it anyway. The vague, unexplained portion is still there, and it's essentially been interpreted as giving a renewable tax credit to

Hu Honua to cut down trees and burn them for 30 years. To make a bad bill worse, we also added a part that reduces our renewable energy tax credits. Now, we've been told we have 10 to 12 years to act on climate change and we're going to bring our tax credits to zero in about 5 years. I think that it's magical thinking to think that climate change will be solved by somebody else while we do nothing. It's financially irresponsible to think that \$80 million a year is an expenditure we can't afford as compared to the disaster of climate change. It's been said that renewable tax credits are to jumpstart an industry, and, while that's true, this isn't any old industry. This is an industry that can save our planet. I also think that it's suicidal. Nothing in this bill is needed or helpful. I won't repeat my Greta Thunberg quotes that you folks are probably tired of, but I will remind you of this voice from your future that's saying, 'Mom, Dad, after you knew that burning carbon was killing the planet, did you do everything you could to save it?' So we have one part giving a renewable tax credit, which I liken to being on the *Titanic* and hoisting a 'mission accomplished' banner and standing in front of it and bragging about it. The other part is standing on the deck of the *Titanic*, pointing toward the big white thing in the distance, saying, 'Captain, can you get closer to that as quickly as you can, please?' Thank you."

Senator Wakai rose to speak in support of the measure as follows:

"Members, I'm a huge fan of getting to 100 percent renewable energy; I strongly support creating clean and advanced energy industries and jobs throughout our state. I also strongly believe that solar and wind credits were a good idea to help us catalyze our ambitious goals. Hawai'i is now at nearly 30 percent renewables and climbing, and we have a 35 percent tax credit that has no sunset and absolutely no limit. I believe that the fundamental purpose of tax credits is to subsidize a behavior or technology to a level where customers and consumers choose it over the status quo. Once a technology or behavior is cheap enough to make economic sense on its own merits, I believe there is no longer a need to incent that choice. In fact, continued government subsidies and influence may hamper further innovation. The National Renewable Energy Laboratory statistics on inflation-adjusted costs on solar between 2010 and 2018 show that residential solar costs have decreased by 63 percent. For solar utility, that cost has dropped by 77 percent. Because our electricity prices are highest in the nation, solar installed at businesses and homes pays for itself incredibly fast. Homeowners and business who invest in solar today can already see a system buyback in just a few years. A 2016 study by Makena Coffman and UHERO found that the internal rate of return for solar in a typical household was 16 percent without a tax credit, and a whopping 25 percent with a credit. Solar is already the best investment you can make; no one needs to be incentivized to make that investment. We lost \$86 million in taxes in 2017 to incentivize the installation of distributed solar. The state has been so successful at promoting rooftop solar that the utility is now complaining that there is too much for their grid to handle—it's actually destabilizing the electric power system. A different way of stating this is that *all* taxpayers are paying for *some* taxpayers to get solar, and *all* ratepayers are paying for an upgrade to the grid to support those lucky taxpayers. This is nonsensical.

"H.B. 307 proposes to double the tax credit to \$700 for residents of multi-family homes, which are largely low- and moderate-income families. It leaves the existing tax credit cap and percentages untouched until 2024. We have aligned this timeline to the next round of large procurements that coincide with the retirement of O'ahu's coal plant, thus ensuring the push to 40 percent renewables by 2030 will be on track. From 2024 through 2029, the credit then would step down to 20 percent from the current 35 percent for residential, commercial systems, but not multi-families. All of these tax credits on solar would

expire in 2029. With this proposal, we would be able to more clearly project the revenue lost from the credit and potentially explore leveraging the tax savings to newer, more expensive technologies, like electric vehicles, energy storage; those technologies actually do need some subsidization in the future. The path we are now on is a path with unlimited, unrefundable tax credits that have no sunset for technology that does not need public support. It wastes both taxpayer and ratepayer money; it weakens the competitiveness of our solar industry and is preventing innovation in other advanced grid technologies. Solar is but one of the 100 percent renewable energy future. I urge you to support House Bill 307 and let us all work on promoting the rest of our clean energy portfolio. Thank you, Mr. President."

Senator Gabbard rose to speak in opposition to the measure as follows:

"Mr. President, colleagues, I agree with the senator from Hawai'i island about the 100 percent RPS goal that we have. I'm concerned about capping the renewable energy technology tax credit at \$2,500 in 2024. It's also unclear to me what renewable energy technologies this bill is intending to add to our renewable-energy definition; there were no examples that were given. And, finally, seawater air conditioning is an energy-efficiency measure and not renewable energy in terms of adding that technology to the renewable energy technologies tax credit. Mahalo."

The motion was put by the Chair and carried, H.B. No. 307, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. I am opposed to this measure because I believe a Gun Violence Prevention Center will be inherently biased against Hawai'i's law abiding gun owners who already labor under the most restrictive gun laws in the nation."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1903 was adopted and H.B. No. 1541, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO GUN VIOLENCE PREVENTION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. I oppose this bill because of my concern that history will repeat itself. The site of the Aloha Stadium was originally public housing, and those people were displaced. This bill does not prevent the same thing from happening again."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1904 was adopted and H.B. No. 1586, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE STRUCTURE OF GOVERNMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. Our brave men and women who have made the commitment to protect our communities as police officers should have their privacy protected. Publicly disclosing an officer's name adds absolutely nothing to the multi-layered disciplinary procedures and protocols that are already in place which holds each and every officer responsible for his/her actions under the highest scrutiny."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1906 was adopted and H.B. No. 285, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. Public Charter Schools are already enforced and monitored by the Public School Commission at the Legislature's direction. This bill will create unnecessary hardships for charter schools. According to testimony submitted, a requirement for an annual audit would be approximately \$13,000/year."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1913 was adopted and H.B. No. 622, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC CHARTER SCHOOLS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"WR. While this bill has good intentions in trying to encourage transparency in advertising in political campaigns, I vote with reservations because the bill also has a chilling effect on groups and individuals opposing a candidate. The bill, by requiring that they identify themselves and also file a public report with the Campaign Spending Commission, discourages them from even doing such advertising at all because of fear of retaliation from the candidate they oppose."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1915 was adopted and H.B. No. 627, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN FINANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. This bill shows favoritism towards companies such as Lyft and Uber and bias against taxi drivers. Rates and fares can fluctuate greatly within a given day, as opposed to the set fare structure that taxi and PUC regulated operators must follow and must seek approval to increase."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1924 was adopted and H.B. No. 1093, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION NETWORK COMPANIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"WR. I am worried for the small local businesses that may have trouble paying minimum wage to their employees. I believe pay should be commensurate with experience."

Senator Ruderman rose to speak in support of the measure with reservations as follows:

"I trust this is a conversation still in progress. I don't support the two-tier or, in this case, three-tier structure, and I don't support calling \$12 an hour a reasonable action. I hope we come out with \$15 or \$17 an hour, a minimum wage pure and simple, rising at the rate of a dollar a year. That's what businesses in our society need. Thank you."

Senator Taniguchi rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"House Bill 1191, S.D. 2, proposes to (1) increase the minimum wage from the current \$10.10 per hour to \$12.00 per hour beginning January 1, 2020, and to \$15.00 per hour beginning January 1, 2023; (2) establish a nonrefundable income tax credit for qualifying small businesses to offset the increase in the minimum hourly wage that employers must pay their employees; and (3) require the State to pay its full-time employees a wage at the rate of not less than \$17.00 per hour beginning on the effective date of the measure. The last element is an addition to the above Senate position sent to the House of Representatives in Senate Bill 789, S.D. 2 at First Crossover.

"This measure is intended to strike a balance between the interests of employees and employers by increasing the minimum wage in two increments over three years, while providing a tax credit to help qualified small businesses adjust to the increased labor cost. Hawai'i has the lowest average wage in the nation when adjusted for the cost of living. There is a significant difference between the minimum wage and what is needed to afford basic needs in Hawai'i. The Senate has made passage of an increase to the minimum wage a priority for this legislative session.

"The House of Representatives proposes to increase the minimum wage rate annually from January 1, 2020, through January 1, 2024; and provide lower minimum wage rates for employees who receive employer-sponsored health benefits under the Hawaii Prepaid Health Care Act.

"Resolution of these differences, and the consideration of several amendments suggested by the Department of Taxation in its testimony to the Committee on Ways and Means, must be addressed by the Committee on Conference expected to be convened on House Bill 1191.

"I urge my colleagues to support the passage of House Bill 1191, S.D. 2 so that work on the measure may continue in conference committee. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1926 was adopted and H.B. No. 1191, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MINIMUM WAGE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"WR. Although this version of the bill keeps the O'ahu Regional Healthcare Board intact for at least five years, I am voting aye with reservations. The original bill completely incorporated the O'ahu Board into the Hawaii Health Systems Corporation. This version offers O'ahu greater representation, but I remain concerned about the prospects for O'ahu's long-term care facilities, Leahi and Maluhia Hospitals."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1933 was adopted and H.B. No. 1539, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HEALTH SYSTEMS CORPORATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"NO. I am opposed to this measure. It is aimed at groups who voluntarily service moorings at Maui's Molokini Islet. However, allowing construction by unregulated groups sets a bad precedent and is opposed by both building industry trade groups and construction unions."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1936 was adopted and H.B. No. 838, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO

Senator Fevella rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“WR. I voted with reservations because this bill about green infrastructure relies on the theory of climate change, which while accepted by many, is still subject to more research and verification.”

Senator Riviere rose to speak in opposition to the measure as follows:

“The Supreme Court is not the first court to handle cases in just about every case. A few years ago, we moved that contested cases go directly to the Supreme Court. That was in order to expedite some of the more controversial measures, I believe, but the contested cases build a record that is, I believe, a little different standard than what’s handled in regular courts. The judiciary itself has testified that they would prefer that contested cases be referred to the Environmental Court for first pass for adjudication and that they should not just go straight to the Supreme Court, which is not really a trial court so much as a review, and reviews appellates and other broader questions. So, for those reasons, I am in opposition. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2006 was adopted and H.B. No. 1261, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATED TO JUDICIAL PROCEEDINGS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Harimoto rose to speak in opposition to the measure as follows:

“This bill has two parts. Part II is the ALOHA homes, which I have some concerns, but I’m really voting ‘no’ based on my objection to Part I. Part I is where it would mandate that the counties cannot do inclusionary zoning. This really is about county home rule. I think those of us who have served on county councils understand the need for the counties to have a certain amount of flexibility in making their own decisions, so I’m just really concerned that I don’t see a real justification that the state now should step in and tell the counties that they cannot do inclusionary zoning. Some counties may find it an important tool for the counties to have in their toolkit when they look at affordable housing, so I think we should give the counties flexibility to do inclusionary zoning to attack the problem of affordable housing if they so choose. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2053 was adopted and H.B. No. 820, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HOUSING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Moriwaki rose to speak in opposition to the measure as follows:

“We all agree our university’s graduate student assistants should not have to experience abusive, discriminatory, or hostile conditions at any time. If this occurs, redress should come from the university administration. The solution is not by forming an employee bargaining unit under Chapter 89 that covers public employees. It is clear that graduate student assistants are students, *not* employees. Graduate students are first and foremost here to learn and earn their degrees. Of approximately 4,100 graduate students, 30 percent are successful in getting a graduate student assistantship. They are learning the craft in teaching, research, or other academic or administrative areas in these positions. The university’s executive policy is clear that graduate student assistants are receiving a form of financial assistance with a stipend and tuition waiver, not wages or salaries earned by employees. While I agree that our graduate student assistants must be treated fairly and provided with adequate stipends and benefits, their complaints must be addressed by the university administration and faculty supervisors. If we pass this bill, we will be intruding into the university’s academic and operational management of its programs. I believe the university administration should address these issues; therefore, I will be voting ‘no’ on this measure. Thank you, Mr. President.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2058 was adopted and H.B. No. 1274, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO

The Chair having so ordered, Senator Fevella’s remarks read as follows:

While this bill helps keep much needed nursing facilities in business by allowing these facilities to increase their fees, I am concerned that too much of the increase in fees will be passed along to the individuals who, because of poor health, find that they have no choice but to use these facilities.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2060 was adopted and H.B. No. 1449, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE NURSING FACILITY SUSTAINABILITY PROGRAM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“WR. This bill is grounded in the theory of climate change. While many people believe this theory as indicated by the Paris Agreement on Climate Change, the theory has yet to be proved with more verification.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2065 was adopted and H.B. No. 1558, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO SUSTAINABILITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:
