## ORDER OF THE DAY

### ADVISE AND CONSENT

Stand. Com. Rep. No. 2150 (Gov. Msg. No. 667):

Senator Shimabukuro moved that Stand. Com. Rep. No. 2150 be received and placed on file, seconded by Senator Ihara and carried.

Senator Shimabukuro then moved that the Senate advise and consent to the nomination of WILLIAM J. AILA as Deputy to the Chairperson of the Department of Hawaiian Home Lands, term to expire at noon on December 5, 2022, seconded by Senator Ihara.

Senator Shimabukuro rose to speak in strong support of the nominee as follows:

"I would like to read from the testimony that was submitted by Jobie Masagatani, the chair of DHHL:

Mr. Aila has served as Deputy to the Chairman of DHHL since 2015. As part of the executive leadership team at DHHL during the first Ige Administration, Mr. Aila played an instrumental part in completing the many accomplishments achieved in the first Ige term including: securing the highest level of general funding provided to DHHL for its operating budget in the history of the program and substantial CIP resources in the last two fiscal years; completing over 700 lots of which nearly half have been awarded on Hawaii, Kauai, Maui and Oahu and the remaining lots are planned for award beginning this year; increasing the earnings from available lands; refinancing all debt resulting in a saving of over \$20 million; doubling the balance of loans to make more financing available for other beneficiaries; addressing programmatic reforms through Administrative Rules amendments; and securing approved water reservations for DHHL's foreseeable groundwater needs statewide which are significant for future development on Hawaiian home lands.

In addition, Mr. Aila shepherded through several complex issues during his time as Deputy. Most notable was the historic Mediation Agreement for the Waimea Watershed Area between Po'ai Wai Ola/West Kauai Watershed Alliance, DHHL, Kauai Island Utility Commission, Agribusiness Development Corporation, and Kekaha Agriculture Association regarding the use of water in the Waimea/Kekaha area of Kauai. This agreement and the process followed to reach this agreement provides a tangible model and approach that balances competing public, private, and trust uses for an important trust resource, water.

On the island of Hawaii, Mr. Aila was the lead DHHL senior executive working with Ms. Niniau Simmons [ . . . ] to respond expeditiously to the advancing lava flow that began in June 2014 that threatened to displace Makuu homesteaders. Procedurally and tactically this was no easy undertaking to set in place a plan to relocate expeditiously existing homesteaders in the event the flow overran Makuu.

Mr. Aila also was the lead senior executive to negotiate the alternative energy land disposition on Maui to select producer NextEra. Although the exit of NextEra out of Hawaii terminated this project, the lack

of opposition to this project when it was brought to the Hawaiian Homes Commission for final approval was a testament to the ground work undertaken by Mr. Aila. Specifically, Mr. Aila, along with DHHL staff, invested several hours in extensive discussions with the beneficiary leaders of the impacted community, Kahikinui, and several hours invested in beneficiary consultations on Maui to identify and mitigate the concerns of the beneficiary community.

Mr. Aila is a life-long resident of Wai'anae, a graduate of Wai'anae High School, and a graduate of the University of Hawaii with a Bachelor of Science degree in General Tropical Agriculture. He has served as Harbor Agent, Wai'anae Boat Harbor, Division of Boating and Ocean Recreation, Department of Land and Natural Resources, and as the Chairperson of the Board of Land and Natural Resources, which governs the department, from 2010-2014.

Mr. Aila resides with his family on a Home Lands residential award to his wife. As such he understands the how, what, and why of living and being, a Home Lands resident. It is frustration, it is gratitude.

His involvement in his community has been life-long. A very few of the groups he has helped are the National Marine Protected Areas Advisory Council, Ka'ena Point Advisory Group, Advisory Group to the US Army Garrison Hawaii, US Army Ordinance Reef Advisory Committee, Leeward Community College Wai'anae Campus- Advisory Board, Hui I Malama I Na Kupuna O Hawaii Nei, Ka Papa O Kakuhihewa, Hawaii Community Development Authority, Wai'anae Weed and Seed Task Force, Mohala I Ka Wai -- just a few. This is his service, as he has been taught by his kupuna.

"And so, members, with that being said, I urge you to support this nominee. Mahalo."

Senator Kahele rose to speak in opposition to the nominee as follows:

"Mr. President, colleagues, this has been a difficult nomination for me and one that I have deliberated on even up to just an hour ago. It's difficult for me, as a Native Hawaiian, to vote against another Native Hawaiian, but I will be voting 'no' on the nomination.

"Mr. President, I represent Hilo in this body and I'm one of four voices on Hawai'i island, where thousands of constituents are homestead families or are on the homestead wait list. I've listened carefully to the testimony; I've read hundreds of emails from my own district and the districts of others and the homestead associations across this state; I've watched over three hours of video testimony on my own, and I've had a chance to meet with the nominee; I've read testimony from across the state, and I could feel the desperation of our people. The Hawaiian Homes Commission Act, a beautiful piece of legislation championed by Prince Kūhiō, is approaching its one hundredth anniversary, and, today, we have almost 45,000 agricultural, pastoral, and residential leases on the wait list, and it grows every day. Native Hawaiians who meet the 50 percent blood quantum are dying every day. My own father, a beneficiary of the trust, passed away on the wait list.

"The nominee, Mr. Aila, is a good man. He's a good Hawaiian. He's knowledgeable and well-known in the management of harbors, of natural resources, of dedication to his community in West O'ahu. I have no problem with Mr. Aila in his field of expertise. He gave the last four years his best, and I truly believe that. But what DHHL needs today is, it needs leadership. It needs to go in a new direction. It needs to have a stronger working relationship with this body, with our body at

the federal government. It needs to know that the reason DHHL exists is to serve the beneficiaries of this state and its homestead associations, not the other way around.

"Colleagues, the well-being of our state is tied directly to the strength and well-being of its host culture, the Native Hawaiian community. Every aspect of our way of life, every arena—the economy, education, health, culture—is tied to the strength of the Native Hawaiian people and their economic and cultural prosperity. And at the center of that is the Hawaiian homes land trust, which gives our Native Hawaiian community the best hope to advance its economic self-sufficiency of Native Hawaiians. Moreover, the economic development potential for Native Hawaiians, if realized, can and will advance the economic prosperity of this state. Why is that? Because when a dollar is invested in infrastructure on Hawaiian home lands, a Hawaiian business is building a road, installing utilities, building homes, creating jobs. When a dollar is spent on the administration and operations of the trust, that's a vital job that is created, a dollar that is going in someone's pocket, food on their table, rent to a landlord, preschool tuition for their keiki, and becomes part of the spending power of the people of Hawai'i and the tax base of this state.

"Mr. President, I want to see DHHL firing on all cylinders: not just one section of the Hawaiian Homes Commission Act, every section. Send me leadership for the next four years that can move section 207, especially mercantile lands on the wait list; section 211 on community pastures; section 213 on the use of trust funds that belong to beneficiaries; section 214 on all types of loan programs we should be providing; section 219 on general assistance of technical resources; section 220 on bonds; section 221 on water reservations; section 222 on transparent reporting. I want all cylinders firing, as Prince Kūhiō intended, together, and I want a level of humanity and customer service that puts beneficiaries in their rightful place, the owners of this amazing land trust. No matter what happens today on the floor with the nominee, I am willing to work with the nominee as we move through the interim if he is confirmed by this body, but make no mistake, we need change at the Department of Hawaiian Home Lands. We need to change its course of direction, and we need to change it now. Mahalo, Mr. President."

Senator Inouye rose to speak in opposition to the nominee as follows:

"I have comments of my opposition on behalf of my homestead constituents in my district and other areas of Hawai'i island I'd like to insert into the Journal."

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President, I rise to speak in opposition to William Aila's confirmation.

"The Department of Hawaiian Home Lands manages 200,000 acres statewide for the purpose of awarding homestead lots to qualified Native Hawaiians. According to DHHL's website, the Hawaiian Homes Commission Act provides for economic self-sufficiency of the Native Hawaiian people through a government-sponsored homesteading program. However, next year marks a hundred years of the HHCA and according to the DHHL's latest figures, a little over 9,800 beneficiaries currently reside on Hawaiian Home Lands, and nearly 28,000 are still waiting for an award. We have a severe housing shortage and we need to be providing adequate housing much faster than we have in the past. Roughly half a dozen homestead associations opposed the nomination of Mr. Aila in the Hawaiian Affairs Committee, a number of them representing the Big Island. My office continues to receive phone calls and emails from constituents asking me to take a stand on the

reappointment of William Aila, as such, I hereby stand with my constituents in voting no on his reappointment.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

The Chair then stated:

“Madam Clerk, before going to the next item, I know that the presiding officer doesn’t speak during debate to influence the vote. Now that the vote has been taken, I want to say, in a very clear voice, that Senator Kahele was ready to offer comments into the Journal, and I asked him to please speak his mind this morning so that we can send a clear message about what our hopes and aspirations are for the Department of Hawaiian Home Lands. Now that we’ve confirmed the deputy, I would like to ask Senator Shimabukuro, Senator Kahele, who are on the Hawaiian Affairs committee for the Senate, for Senator Keohokalole, who is the chair of the Hawaiian Caucus, to outline some of those goals and that we communicate in a written document what we expect and what we hope to see as we look for that progress that Senator Kahele had talked about and the progress that I believe that the deputy is looking for as well. But we should be on the same page so that we can work together to accomplish these goals, not just for the beneficiaries but, as Senator Kahele so articulately put, all of us in Hawai‘i will benefit from the beneficiaries getting these kinds of improvements, so if you are willing to do that, then I thank you very much.”

I'm confident, colleagues, that Mr. Tanaka is an individual who can keep the department on track.

"With extensive experience in management and leadership spanning the sectors of airlines, hotels, facilities, safety, and security, Mr. Tanaka brings a breadth and depth of knowledge and expertise to this department. He previously served as the director of facilities at the University of Hawai'i Community Colleges. Previous to that, he was a general manager of the Hawaii Convention Center. In 2016, Mr. Tanaka oversaw the World Conservation Congress, which hosted more than 10,000 delegates from 190 countries. In addition, in 2011, he helped organize the APEC meetings, which brought together 21 countries. Those events put Hawai'i on the international stage and are proof that Mr. Tanaka can collaborate, lead, and position Hawai'i as an economic leader. He's well-qualified to serve as deputy director of DBEDT, and I look forward to working with him over the next four years."
