#### FINAL READING

S.B. No. 19, S.D. 2, H.D. 1:

Senator Baker moved that S.B. No. 19, S.D. 2, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kahele.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of S.B. 19, S.D. 2, H.D. 1, Relating to Surplus Lines. This measure amends the calculation of surplus lines insurance premium tax to tax the entirety of the premium using the rate established by state law, regardless of the location of risk. Amending this calculation will reduce regulatory burdens on local surplus lines brokers, simplify compliance procedures, increase nationwide uniformity in surplus lines taxation, and increase premium tax revenue for the State.

"This measure also repeals the authority of the Insurance Commissioner to enter into an interstate compact to collect surplus lines premium taxes. Under current law, the interstate compact, among other things, requires the State to use a method in cooperation with other states in allocating risk and computing taxes due on premiums to each state where properties, risks, or exposures are located. A very small minority of states have signed onto this interstate compact, and it is more beneficial for the State to use a system where surplus lines brokers make direct payments to the Director of Finance. Please join me in voting to support this measure. Mahalo."

Senator Baker moved that S.B. No. 549, S.D. 1, H.D. 2, having been read throughout pass Final Reading, seconded by Senator Kahele.

Senator Riviere rose to speak in opposition to the measure as follows:

"I find myself in a lonely position here, being the only one to stand up and speak against this. We should encourage healthy habits, healthy food consumption, healthy activities. But I think it's not the Legislature's business to identify what is a healthy beverage, and therefore instructing restaurants on what they may or may not sell and which order they may sell it or how they should do it—I just think this is overreach. I don't see an end to this. This is one of those cases where, this year, we say, 'Well, you can only sell eight ounces of the drink that we've

identified as healthy,' and then, next year, we'll say, 'No, in fact, you can't sell those at all.' I don't think people should be drinking sodas and unhealthy beverages, but that's up to their parents to decide; it's up to the restaurant to decide what they want to sell. I could see a day when we start counting french fries and saying, you know, 'You can have 24 french fries but not 25, and don't put too much salt on it.' I just think we get to a point where this is the sort of legislation where, at some point, it becomes too much, and so I'm going to go early on it and say I don't think we should be mandating this. Thank you."

Senator Baker rose to speak in strong support of the measure as follows:

"Colleagues, despite the previous speaker, who, I think, misunderstands the measure, this measure requires that healthy beverages be the **default** option in a children's meal purchased at a restaurant in Hawai'i. Over the past 30 years, Hawai'i has experienced an unprecedented increase in obesity and chronic conditions like type 2 diabetes, heart disease, liver disease, and tooth decay. Numerous scientific studies have identified sweetened, sugary drinks as a major contributor to the obesity epidemic, and the Centers for Disease Control and Prevention recommends decreasing sugar-sweetened beverages to prevent and reduce obesity. Requiring retail food establishments to provide a healthy default beverage as part of a children's meal encourages healthier choices when families eat outside the home. It does not say that you cannot sell them. Please join me in voting to support this important measure. Mahalo."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 549, S.D. 1, and S.B.
