MISCELLANEOUS BUSINESS**RECONSIDERATION OF ACTIONS TAKEN**

S.B. No. 1292, S.D. 2 (H.D. 3):

Senator Wakai moved that the Senate reconsider its action taken on April 11, 2019, in disagreeing to the amendments proposed by the House to S.B. No. 1292, S.D. 2, seconded by Senator English and carried.

Senator Wakai then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1292, S.D. 2, seconded by Senator English.

Senator Wakai noted:

"Mr. President, this measure provides us much-needed revenues to deliver much-needed government services."

Senator Thielen rose to speak in opposition to the motion as follows:

"Members, I apologize in advance; it's been an emotional week, but I rise in opposition to this motion. I'd like to read an email that I received today:

Good afternoon, Senator Thielen [spelled incorrectly]. I ask that you please vote 'no' on S.B. 1292, H.D. 3, and here is why. My name is [I'll respect his privacy]. I am a retired battalion chief with the Honolulu Fire Department. I grew up in Kailua and have lived in the Waimānalo Beach lot subdivision for the last 19 years. Over the past 50 years, I've seen the illegal vacation rental industry ruin our island home by replacing local families in our residential communities with tourists. I searched the internet and walked my neighborhood, and this is what I was able to find: According to the City and County of Honolulu's property tax maps, there are 282 residential properties in the Waimānalo Beach lot subdivision. Internet searches of Airbnb, VRBO, and Google Maps showed the following: 68 illegal vacation rentals on 57 properties, 34 transient vacation units (8 of these have more than one rental on the property), 23 shared homes/B&B. Twenty percent of our neighborhood is no longer available for rent to local residents, and this is only the beginning. There are several more properties that are for sale and/or under

construction as we speak. The list price is starting at \$1,200,000—who will buy these? Local residents? I think not. These will also become illegal transient vacation units. There are more that I could not verify. This is an epidemic. If we don't put a stop to this industry, where are our children going to live? Who will rent to locals when they can rent to tourists for three or four times as much? Twenty percent of my neighborhood is already gone. This industry is driving prices up and squeezing the top of the housing market. This pushes residents who are trying to buy or rent a house down a rung, and the poorest kama'āina fall off the bottom and end up homeless or having to move away. Stop this crime so local people can afford to buy and rent here. Let's be a part of the solution, not part of the problem. I have a personal stake in this fight: My own daughter is moving to California in June because she cannot afford to rent an apartment and live her life without working three jobs. Please vote 'no' on S.B. 1292, H.D. 3. Let's not let this illegal industry have any ground to stand on here in Hawai'i.

"Twelve ninety-two started out as a Senate bill. We worked really hard on the Senate position, as we have done every year for the past three years, to have a responsible bill, to make sure that these illegal vacation rental operators could be managed, that they could not hide behind one of the internet platforms and proliferate and crowd out our neighborhoods. This gentleman is writing from Waimānalo. The neighborhood I grew up in Kailua—that was lost years ago. It's moving to Kāne'ohē; it's moving around the corner to Hawai'i Kai, and the locals who are crowded out in the neighborhoods are moving even farther into the next neighborhood and the next. If we don't manage it the way the Senate position has been solidly for the last three years, it's going to get worse and worse. There is an ability for this legislature this session to pass responsible legislation. Sitting here in the Senate is this bill, 1292. We can move to accept it, and it would hold the platforms liable for paying TAT and GET on every vacation rental unit that they book.

"At the same time, sitting in the House is House Bill 419, which the Senate amended to put in the provisions that we have fought to have passed out of this legislature for the last three years that would give the counties the ability to manage these vacation rentals, to make sure that they're operating in conformance with county laws and would stop the platforms from booking the unauthorized vacation rentals. House Bill 419, Senate Draft 2, follows almost exactly the language that was used in an ordinance in Santa Monica, California. Airbnb and HomeAway sued. They said you can't pass these kinds of regulations because we're protected by the federal Communications Decency Act. And that case went on up to the Ninth Circuit, which is the same federal circuit that governs Hawai'i, and the Ninth Circuit appellate court said the Santa Monica ordinance is legal. It is not preempted by federal law.

"So just as we are being asked to move to accept 1292, the House can move to accept House Bill 419. It doesn't have to go through any committee; it's not being governed by any particular chair or individual member. It is a bill that is sitting on the House floor, and the members can move to accept it. I don't know whether we're going to go forward with the move to accept 1292, but I know there are a lot of concerns in the Senate. Do we want to be known as a legislature that's just going to make a tax grab and act as a shield for illegal vacation rentals to continue to proliferate and take over neighborhood after neighborhood? Or do we want to be a legislature that changes the narrative, says we want to do both, making sure that vacation rentals are paying their fair share of the taxes that are due **and** we want to make sure that the counties have the ability to regulate the operations within their counties in a manner that works for the different counties around our state to

make sure that we can protect our communities and our housing for local peoples. I come from a community that would not understand me doing anything but a 'no' vote on this move to accept Senate Bill 1292, but I understand that many people are holding out hope that the House will take similar action on House Bill 419, and I think it's important that we send a very strong message to the House and to everybody who is watching here tonight. Four nineteen, Senate Draft 2, is on the floor of the house. Any member can make the motion to accept the Senate version of that bill. That will assure that our counties have the ability to regulate the vacation rentals in their districts and the platforms that are funneling the over 30,000 different units that are being operated and offered in our state. They may not be in your neighborhood yet, but 'yet' is the operative word. And if you think that this is a fiscal bonanza for the state, we've been getting less revenue per capita from tourists for the last 20 years, but that decline accelerated over the last 10 and even more over the last 5. Why? Because people can rent out a room; they can rent out a unit; they don't have to comply with permitting; they don't have to comply with restrictions, and it's cheap. So do we open the door to less and less revenue from more and more people with less and less housing for more of our residents? Or do we insist that, if we're going to pass something out of this legislature, that it be responsible and support both the counties' and the state's needs on vacation rentals? I ask, if you cannot vote 'no' on this motion, to at least step forward with reservations to send a strong signal to the House that we need them to come to the table so that we can protect our communities, our 'ohana, and our housing. Mahalo."

Senator Fevella rose to speak in opposition to the motion as follows:

"I brought this up before, and I'll bring it up again. We wanted the city and county to take lead. Tuesday, went to the city council: Councilwoman Pine, Councilman Anderson decided to come up with a bill, 89. In the bill, it says to keep the resorts resorts, and if these bed and breakfasts and these people who want to do vacation rentals need to do it in the resort area. I thought was fabulous, awesome. Went down there—sorry to my senators and Senate President; that's the reason why I wasn't in chambers—I went down there on the behalf of my community that's getting slapped, cracks, and everything that you can think of by these vacation rentals. I brought up this example before, and I'll bring it up again. 'Ewa Beach Road, 96706, guys: Please visit. Beautiful place to grow up. Plenty local families, plenty 'ohana, are getting ripped apart by these vacation rentals. Simple country home built in the '40s, maybe early '50s, was made with three bedrooms (very small, now, not like the ones you see now; very country). Fifteen vacation rental adults decide to rent 'em. Person who rented to them did not know that they were going to have 15 people there, 7 cars, bonfire. That's why I talk about making doodoo in my community, and I want it to stop. We have the sewer treatment plant; that is fine. But when you want to do that on my beaches and in my community, I get offended. That's the reason why I went to the city council, and I was so happy to see that they were trying to do something. You know, me and Councilwoman Pine and Ron Menor, sometimes we don't see eye to eye, but when they came up with something like this, I was like, finally! Finally, they're going to do something for our state, which we talked about, that they need to take the lead. And then, here we are: we're going to pass something that's going to chastise their movement. It's going to handcuff the city in doing what they said they were going to do.

"In 'Ewa Beach—I'm not sure about all the rest of the communities—but my community speaks loud to me. They do not want this; they don't want it in our community. We have a house that is being built right now, right now: 15 bedrooms, 7 bathrooms, but they're smart. They hide all the utilities, wait till the city pau pass 'em. Soon as they're gone, they know that

they're not going to get inspected again. So guess what aunty and uncle gotta live next door to; you know goin' have more than 15 people in that house. We want rest for our elderly and our seniors and our local families and our community. They deserve it! They live there all their lives. To have a transformation of a community to be tourism, that is so not native to what we do over there in 'Ewa Beach. There's a place for it, and that's Waikīkī. And that's what the council had, and when I read that, I was so happy, seriously. And then tonight, when I went to the meeting earlier, to one of the committee meetings, and they said, oh, that this was just going to go straight to the Senate floor, something I learned today. And I was very disappointed because I was going to voice myself in the committee and say how I felt about this bill and why. But we're here today, again, debating on something that we shouldn't be debating about because no neighborhood should be subject—not yours, not mine—to something that is not legal. It's not legal for us to have this. It's not something that is easy. I goin' tell you right now, five to six of those houses, Filipino booking agencies. Six of those houses, they don't live in the States. They never came to Hawai'i! They purchased that home online. These are the people that we're dealing with.

"So please, I ask you, my fellow senators, please do not vote for this bill, because it's going to hurt my community and a lot of other communities. Give my community, give my 'Ewa Beach residents, my seniors a rest from this kind of everyday weekend partying. We know it's illegal to burn stuff on the beach; DLNR says that. But they go take pallets and cardboard from the stores, and they burn 'em. 'Kay, fine, but they no clean their mess! We get turtles come over there, monk seals. Our beaches are beautiful, guys. You guys gotta come and see! You can see all of Diamond Head from 'Ewa Beach Road; beautiful, clean ocean. To have this in our community is just a stab in the heart for the people who work hard, plantation; they don't need that. We don't need that, and we're going to send a message tonight; if we vote this down, we'll send a message to them that you gotta get out those neighborhoods. That's not where you belong! Take your action to Waikīkī, the resort areas, like how it said in the council bill—resort areas, not residential. So that's my plea to you guys tonight, and I hope you guys make the decision and vote this thing down. Thank you."

Senator Dela Cruz rose to speak in support of the motion as follows:

"I share the concerns of many of the members. When the bill originally passed the Senate, it had a lot of the language that was referred to that would help with enforcement. However, this bill has \$46 million attached to it, and so the hurt that communities will also receive if we don't pass this bill is tremendous. This bill may determine if Maui Hospital is funded; right now, we've approved \$22.5 million for Maui Hospital. We just passed today a high-tech tax credit with \$5 million; it could affect that. There's \$4 million for UH athletics; there's millions of dollars in collective bargaining; there's at least \$20 million for Aloha Stadium, \$15 million for a tax credit, and there are still a lot of bills out there for education, economic development, public safety, health, and the environment. So I understand people have concerns, but it's also our duty to pass a balanced budget, and so unless members are willing to forego all the bills with the monies attached, I urge my colleagues to at least let the measure move and eventually pass so that we can have a balanced budget and fund these very needed programs. Thank you."

Senator Ruderman rose to speak in support of the motion with reservations as follows:

"I want the tax funding just as much as anybody here, and I respect the Ways and Means chair's desire to be fiscally responsible and I support his concerns. I'll be voting 'with reservations' because this bill, to me, is toxic if H.B. 419 does

not pass, and I just want to state clearly that if 419 does not pass, I'll have to vote 'no' on it tomorrow night. I hope I'm not alone. Thank you."

Senator Riviere rose to speak in opposition to the motion as follows:

"The version that we passed out of this chamber, the Senate, to the House was a well-crafted bill, as previously stated, and it's been our position. It's been our Senate position because it's an honorable bill. It does the right thing: It has enforcement and tax collection. Somewhere along the way in the other chamber, it got changed and it had taken away all the enforcement and the oversight and the mechanisms that made it a balanced bill. I think it's unreasonable that now we are being asked to take a bill that is not our position, nor did the other side even come to negotiate in good faith on the Senate versus the House position. So, to just roll over and to accept the House position, in this case, is unacceptable to me.

"I do believe that the people doing the business should pay the tax, but I do not believe that we should covet that money so much that we lose sight of the bigger picture. The bigger picture is the health and wellness of our communities. As the previous speaker from Ewa Beach mentioned, it's destroying our communities, and it's coming everywhere. It's really wreaking havoc, and it's just unacceptable that we should be so worried about getting what amounts to maybe 2 percent of the budget if this passes or doesn't pass, and if the revenues actually materialize in the amounts that are estimated because, according to most of these vacation rental people, they're already paying their taxes—so they say, the illegal activities that they're doing.

"So I think if you look at the volume of emails that we've received, the passionate opposition to this bill, 1292, there's no question which is the right side to be on if you're looking to serve the people. If your heart is with the people, I don't know we can do this without requiring enforcement and correction. This bill is going to create hardships for the counties. The county of Honolulu is on the verge of finally getting control of their policies, and this bill, I think, is going to make it that much harder for them by providing that shield and that tacit approval for what is an illegal activity, so we are now coveting taxes on illegal activity. That's wrong; we shouldn't be going there. So I think if your values are clear, decision-making is easy, and I think that going for this now, just because we have no choice, I don't think that's clear thinking. Thank you."

The Chair made the following clarification:

"Is there any discussion? If not, we have a motion to approve, and let me be clear to the members and the audience: If the motion passes, this is to put a 24-hour notice for a final vote, possibly tomorrow. Any vote being taken right now is a procedural vote in positioning the bill and not a final approval for the bill."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1292, S.D. 2, and S.B. No. 1292, S.D. 2, H.D. 3, entitled: "A BILL FOR AN ACT RELATING TO TRANSIENT ACCOMMODATIONS," was placed on the calendar for Final Reading on Friday, April 26, 2019, with Senators Chang, Gabbard, Ihara, Inouye, Kanuha, Keohokalole, Kim, Ruderman, Shimabukuro, and Taniguchi voting "Aye with Reservations" and Senators Fevella, Harimoto, Kahele, Moriwaki, Rhoads, Riviere, and Thielen voting "No."

S.B. No. 1271, S.D. 1 (H.D. 1):

Senator Dela Cruz moved that the Senate reconsider its action taken on April 11, 2019, in disagreeing to the amendments proposed by the House to S.B. No. 1271, S.D. 1, seconded by Senator Kahele and carried.

Senator Dela Cruz then moved that the Senate agree to the amendments proposed by the House to S.B. No. 1271, S.D. 1, seconded by Senator Kahele.

Senator Dela Cruz noted:

"S.B. No. 1271, S.D. 1 (H.D. 1) would allow the Department of Accounting and General Services or the Department of Taxation to offset a debt owed to any state agency against a debtor's tax refund. Both departments are also required to notify the debtors and provide certain information to the claimant agencies."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1271, S.D. 1, and S.B. No. 1271, S.D. 1, H.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAX REFUND OFFSETS," was placed on the calendar for Final Reading on Friday, April 26, 2019.

The Chair then made the following announcement:

"The decking deadline for all non-fiscal bills in conference is 11:30 p.m. tonight."
