Your Committee finds that the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia have small populations, economies, and land sizes but stretch over two million square miles of ocean. Your Committee further finds that shortly after World War II, the United States assumed administration of the islands composing these nations and that, upon granting them independence, signed Compact of Free Association (COFA) agreements with them, allowing establishment of bases and access to territorial waters of these nations to the exclusion of other nations. Your Committee additionally finds that treaties arising out of the special and unique relationship that has existed between the three COFA island nations and the United States allow island citizens to enter the United States without work permits or student visas, live, and work, and to access benefits available to United States citizens, such as driver licenses and health care. Your Committee also finds that COFA migrants make significant contributions to the economy, cultural traditions, and communities of the State, and that the COFA island families residing in this country should be treated with honor and respect in recognition of their contributions and the special and unique relationship between the COFA islands and the United States.

In addition, your Committee notes that rule 61 of the Rules of the Hawaii Senate prohibits resolutions that are "congratulatory, commemorative, or memorial" in nature and lack any substantive direction, and that the removal of language to conform with rule 61 does not indicate disagreement with the removed language.

Accordingly, your Committee has amended this measure by:

- (1) Removing nonsubstantive language expressing the recognition of the Legislature;
- (2) Requesting the Hawai'i State Foundation on Culture and the Arts to research contributions made to the State by COFA migrants and submit a report to the Legislature prior to the convening of the Regular Session of 2022; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 215, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 215, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, 1 (Fevella). Excused, none.

SCRep. 1479 (Majority) Judiciary on S.R. No. 177

The purpose and intent of this measure is to recognize the contributions of the Compact of Free Association community in the State of Hawai'i.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia have small populations, economies, and land sizes but stretch over two million square miles of ocean. Your Committee further finds that shortly after World War II, the United States assumed administration of the islands composing these nations and that, upon granting them independence, signed Compact of Free Association (COFA) agreements with them, allowing establishment of bases and access to territorial waters of these nations to the exclusion of other nations. Your Committee additionally finds that treaties arising out of the special and unique relationship that has existed between the three COFA island nations and the United States allow island citizens to enter the United States without work permits or student visas, live, and work, and to access benefits available to United States citizens, such as driver licenses and health care. Your Committee also finds that COFA migrants make significant contributions to the economy, cultural traditions, and communities of the State, and that the COFA island families residing in this country should be treated with honor and respect in recognition of their contributions and the special and unique relationship between the COFA islands and the United States.

- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 177, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 177, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, 1 (Fevella). Excused, none.

SCRep. 1480 (Joint) Energy, Economic Development, and Tourism and Human Services on S.C.R. No. 34

The purpose and intent of this measure is to request that the Department of Business, Economic Development, and Tourism and the County of Hawaii Office of Aging conduct a study on the necessity and feasibility of a senior living center in the Ka'u District.

Your Committees received testimony in support of this measure from the Hawai'i County Council and one individual. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that seventeen percent of Hawai'i's existing population consists of seniors, sixty-five years of age and older, and according to a recent report from the Centers for Disease Control and Prevention, Hawai'i has the highest life expectancy in the United States for those individuals over sixty-five years of age.

Your Committees further find that the County of Hawai'i Office of Aging is responsible for assessing the needs of the county's older adult population and is best suited, in coordination with the Executive Office of Aging and the Department of Business, Economic Development, and Tourism to conduct a study on the necessity and feasibility of a senior living center in the Ka'u District.

Your Committees also note that it is important to base the study on the most recent information and to clarify the reporting guidelines to the Legislature.

Your Committees have amended this measure by:

- (1) Requesting that data from the 2020 Decennial Census be used to provide the most recent and accurate figures for the requested study, which will be available in October 2021;
- (2) Including the Executive Office of Aging to assist in the study regarding the necessity and feasibility of a senior living center in the Ka'u District;
- (3) Requesting that the Department of Business, Economic Development, and Tourism and the Executive Office of Aging, in coordination and cooperation with the County of Hawaii Office of Aging, submit a report of its findings and recommendations to the Legislature and the County of Hawaii Office of the Mayor no later than January 1, 2022, rather than no later than July 1, 2021;

- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 34, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 34, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Riviere).

Human Services: Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 1481 (Joint) Energy, Economic Development, and Tourism and Human Services on S.R. No. 23

The purpose and intent of this measure is to request that the Department of Business, Economic Development, and Tourism and the County of Hawaii Office of Aging conduct a study on the necessity and feasibility of a senior living center in the Ka'u District.

Your Committees received testimony in support of this measure from the Hawai'i County Council.

Your Committees find that seventeen percent of Hawai'i's existing population consists of seniors, sixty-five years of age and older, and according to a recent report from the Centers for Disease Control and Prevention, Hawai'i has the highest life expectancy in the United States for those individuals over sixty-five years of age.

Your Committees further find that the County of Hawai'i Office of Aging is responsible for assessing the needs of the county's older adult population and is best suited, in coordination with the Executive Office of Aging and the Department of Business, Economic Development, and Tourism to conduct a study on the necessity and feasibility of a senior living center in the Ka'u District.

Your Committees also note that it is important to base the study on the most recent information and to clarify the reporting guidelines to the Legislature.

Your Committees have amended this measure by:

- Requesting that data from the 2020 Decennial Census be used to provide the most recent and accurate figures for the requested study, which will be available in October 2021;
- (2) Including the Executive Office of Aging to assist in the study regarding the necessity and feasibility of a senior living center in the Ka'u District;
- (3) Requesting that the Department of Business, Economic Development, and Tourism and the Executive Office of Aging, in coordination and cooperation with the County of Hawaii Office of Aging, submit a report of its findings and recommendations to the Legislature and the County of Hawaii Office of the Mayor no later than January 1, 2022, rather than no later than July 1, 2021;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 23, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 23, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Riviere).

Human Services: Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 1482 Labor, Culture and the Arts on S.C.R. No. 97

The purpose and intent of this measure is to request a task force to be convened to:

- Assess the feasibility of establishing a Hawaii retirement savings program for private sector employees in the State without
 access to employer-sponsored retirement plans;
- (2) Review the implications of the federal Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, P.L. 116-94, which was enacted on December 20, 2019; and
- (3) Draft the following, if a statewide retirement savings program for private sector employees is deemed feasible for Hawaii:
 - (A) An implementation plan that recommends the best model for Hawaii;
 - (B) An administrative framework to provide initial start-up of the program, oversight over the program, a timeline for establishing and implementing the program, and the proposed start-up costs for the program; and
 - (C) A general marketing and outreach framework to encourage small business and employee participation.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; AARP Hawai'i; Bandt, LLC dba Burgers on Bishop; Common Cause Hawaii; Gaylord's ARCH; Gochi Grill LLC; Hawai'i Budget & Policy Center; Hawaii Family Caregiver Coalition; Hawaii' Public Health Institute; National Conference on Public Employee Retirement Systems; Oililua ElderCare, Inc.; and nine individuals. Your Committee received testimony in opposition to this measure from the American Council of Life Insurers. Your Committee received comments on this measure from the National Association of Insurance and Financial Advisors.

Your Committee finds that the decrease in unionization and increase in independent contingent employment relationships have contributed to the erosion of retirement income security, resulting in the State having many individuals without access to an employer-sponsored retirement plan. Individuals without a retirement plan are at a higher risk of not having sufficient retirement income to cover their basic expenses during retirement and are also more likely to turn to means-tested government programs that strain state and federal budgets during a time of increasing pressure on government finances.

Your Committee finds that individuals who have access to workplace retirement plans through payroll deduction are much more likely to participate and make steady contributions to build retirement savings, as they are incentivized by mechanisms incorporated into such plans, including employer matching and automatic enrollment with default contribution rates. However, as evidenced in testimony submitted, many small businesses in Hawaii are experiencing hardship in implementing employer-sponsored retirement plans for their employees.

Your Committee believes that providing private sector employees in the State who do not have access to workplace retirement plans with an option to participate in a state-wide retirement savings program with payroll deduction features is a reliable way to promote retirement savings needed for a secure retirement, improve employees' financial security, and reduce wealth disparity in society. Your Committee further finds that other states, including California, Illinois, and Oregon have implemented a retirement savings program that covers private sector employees who do not otherwise have access to an employer-sponsored retirement savings plan.

As groundwork to establish a Hawaii retirement savings program, your Committee finds it prudent to have a task force assess the feasibility of establishing the program, review the implication of relevant federal laws, and determine the best model for Hawaii. Your Committee notes testimony from the National Association of Insurance and Financial Advisors requesting that an investment or financial advisor in the private sector retirement planning field be included as a member of the task force.

Your Committee has amended this measure by:

- (1) Including as a member of the task force, one member who is an investment or financial advisor with professional knowledge and experience in private sector retirement planning to be selected by the President of the Senate; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 97, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 97, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1483 Labor, Culture and the Arts on S.R. No. 76

The purpose and intent of this measure is to request a task force to be convened to:

- (1) Assess the feasibility of establishing a Hawaii retirement savings program for private sector employees in the State without access to employer-sponsored retirement plans;
- (2) Review the implications of the federal Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, P.L. 116-94, which was enacted on December 20, 2019; and
- (3) Draft the following, if a statewide retirement savings program for private sector employees is deemed feasible for Hawaii:
 - (A) An implementation plan that recommends the best model for Hawaii;
 - (B) An administrative framework to provide initial start-up of the program, oversight over the program, a timeline for establishing and implementing the program, and the proposed start-up costs for the program; and
 - (C) A general marketing and outreach framework to encourage small business and employee participation.

Your Committee received testimony in support of this measure from the AARP Hawai'i; Bandt, LLC dba Burgers on Bishop; Common Cause Hawaii; Gaylord's ARCH; Gochi Grill LLC; Hawai'i Budget & Policy Center; Hawaii Family Caregiver Coalition; Hawai'i Public Health Institute; National Conference on Public Employee Retirement Systems; and ten individuals. Your Committee received comments on this measure from the National Association of Insurance and Financial Advisors.

Your Committee finds that the decrease in unionization and increase in independent contingent employment relationships have contributed to the erosion of retirement income security, resulting in the State having many individuals without access to an employer-sponsored retirement plan. Individuals without a retirement plan are at a higher risk of not having sufficient retirement income to cover their basic expenses during retirement and are also more likely to turn to means-tested government programs that strain state and federal budgets during a time of increasing pressure on government finances.

Your Committee finds that individuals who have access to workplace retirement plans through payroll deduction are much more likely to participate and make steady contributions to build retirement savings, as they are incentivized by mechanisms incorporated into such plans, including employer matching and automatic enrollment with default contribution rates. However, as evidenced in testimony submitted, many small businesses in Hawaii are experiencing hardship in implementing employer-sponsored retirement plans for their employees.

Your Committee believes that providing private sector employees in the State who do not have access to workplace retirement plans with an option to participate in a state-wide retirement savings program with payroll deduction features is a reliable way to promote retirement savings needed for a secure retirement, improve employees' financial security, and reduce wealth disparity in society. Your Committee further finds that other states, including California, Illinois, and Oregon have implemented a retirement savings program that covers private sector employees who do not otherwise have access to an employer-sponsored retirement savings plan.

As groundwork to establish a Hawaii retirement savings program, your Committee finds it prudent to have a task force assess the feasibility of establishing the program, review the implication of relevant federal laws, and determine the best model for Hawaii. Your Committee notes testimony from the National Association of Insurance and Financial Advisors requesting that an investment or financial advisor in the private sector retirement planning field be included as a member of the task force.

Your Committee has amended this measure by:

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 76, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 76, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1484 Labor, Culture and the Arts on S.C.R. No. 98

The purpose and intent of this measure is to request the Director of Labor and Industrial Relations to convene a sixteen-member paid family leave task force to study, design, and develop a paid family leave pilot program with coverage limited to certain employers and employees to be established and implemented by the Department of Labor and Industrial Relations (DLIR) as a trial program that could eventually be expanded to cover all public and private sector workers in the State.

Your Committee received testimony in support of this measure from AAUW of Hawaii; Americans for Democratic Action Hawai'i; Breastfeeding Hawaii; Hawai'i Children's Action Network Speaks!; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Public Health Institute Obesity Prevention Task Force; Ma'i Movement Hawai'i; and Planned Parenthood Votes Northwest and Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Chamber of Commerce Hawaii, and Society for Human Resource Management Hawaii.

Your Committee finds that existing federal and state laws that require covered employers to allow eligible employees leave of absence for family caregiving purposes (family leave), such as to care for a family member with a serious health condition or to bond with a new child, do not require the leave to be paid leave. The need for family leave in Hawaii is expected to increase as the percentage of residents aged sixty-five years and older is projected to rise from 14.5 percent in 2010, to 22.6 percent in 2030. However, a majority of Hawaii's workforce cannot afford to take unpaid family leave due to financial constraints.

The Legislature has considered various measures over numerous sessions to establish a framework by which paid family leave can be provided to the Hawaii workforce. In 2018, it ordered the Legislative Reference Bureau (LRB) to analyze the impacts of establishing a paid family leave program in Hawaii to enable the Legislature to choose a model or framework that is most suitable for Hawaii. The LRB study, issued in December 2019, projected the costs and staffing required to establish and maintain a paid family leave system in Hawaii under three social insurance models. Your Committee believes that the next step towards establishment of a state-wide paid family leave program is to have a task force study, design, and develop a pilot program with limited coverage to be implemented by DLIR that could eventually be expanded to the entire State.

Your Committee notes testimony from the Society for Human Resource Management Hawaii suggesting that a human resource professional be a member of the paid family leave task force. Your Committee recommends that one of the task force members who represents business organizations or small business organizations be a human resource professional. Your Committee also notes DLIR's testimony stating that it will require five dedicated personnel, i.e., the chairperson, temporary disability insurance specialist, a labor law enforcement specialist, and two clerical staff, to support the task force, whose total compensation will surpass \$300,000. Your Committee will seek an appropriation to fund the paid family leave task force, including compensation for DLIR's dedicated personnel, in the budget bill.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 98 and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1485 Labor, Culture and the Arts on S.C.R. No. 164

The purpose and intent of this measure is to urge the United States Congress and the President of the United States to enact the Protecting the Right to Organize Act of 2019, H.R. 2474, 116th Cong., 2d Sess. (2019-2020) (PRO Act of 2019) as expeditiously as possible.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State AFL-CIO; Hawaii Workers Center; International Brotherhood of Electrical Workers Local 1260; International Brotherhood of Electrical Workers Local Union No. 1186; International Longshore & Warehouse Union Local 142; International Union of Painters and Allied Trades, District Council 50; LGBT Caucus of the Democratic Party of Hawaii; Musicians' Association of Hawaii, Local 677, American Federation of Musicians, Building Corporation; Plumbers and Fitters United Association, Local 675; Pride at Work Hawaii; Rainbow Family 808.com Inc.; United Public Workers, AFSCME Local 646, AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Associated Builders and Contractors, Hawaii Chanter.

Your Committee finds that from 1980 to 2014, wages for the bottom half of income earners in the United States grew by one percent, while wages for the top one percent of income earners grew by two-hundred five percent as a result of policy and court

decisions that have stripped workers of the power to stand together and bargain for fairer wages, meaningful benefits, and proper working conditions. Your Committee further finds that unionized workers earn over thirteen percent more than comparable nonunionized workers and receive fairer wages, better benefits, and have better working conditions. However, special-interest attacks on state and federal labor laws have eroded union membership among workers from thirty-three percent in 1956 to just ten percent in 2018. Your Committee also finds that on February 6, 2020, the United States House of Representatives passed the PRO Act of 2019, which protects the basic rights of workers to join a union by empowering workers to exercise their right to organize, holding employers accountable for violating workers' rights, and securing free, fair, and safe union elections. Your Committee finds that the enactment of the PRO Act of 2019 is crucial in restoring a healthy balance between the rights of labor and management and raising the standard-of-living of the working class in the United States.

Your Committee has amended this measure by:

- (1) Replacing the United States Congress with the United States Senate since the United States House of Representatives has already passed the PRO Act of 2019; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 164, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 164, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

SCRep. 1486 Labor, Culture and the Arts on S.R. No. 129

The purpose and intent of this measure is to urge the United States Congress and the President of the United States to enact the Protecting the Right to Organize Act of 2019, H.R. 2474, 116th Cong., 2d Sess. (2019-2020) (PRO Act of 2019) as expeditiously as possible.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State AFL-CIO; Hawaii Workers Center; International Brotherhood of Electrical Workers Local 1260; International Brotherhood of Electrical Workers Local Union No. 1186; International Longshore & Warehouse Union Local 142; International Union of Painters and Allied Trades, District Council 50; LGBT Caucus of the Democratic Party of Hawaii; Plumbers and Fitters United Association, Local 675; Pride at Work Hawaii; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Associated Builders and Contractors, Hawaii Chapter.

Your Committee finds that from 1980 to 2014, wages for the bottom half of income earners in the United States grew by one percent, while wages for the top one percent of income earners grew by two-hundred five percent as a result of policy and court decisions that have stripped workers of the power to stand together and bargain for fairer wages, meaningful benefits, and proper working conditions. Your Committee further finds that unionized workers earn over thirteen percent more than comparable nonunionized workers and receive fairer wages, better benefits, and have better working conditions. However, special-interest attacks on state and federal labor laws have eroded union membership among workers from thirty-three percent in 1956 to just ten percent in 2018. Your Committee also finds that on February 6, 2020, the United States House of Representatives passed the PRO Act of 2019, which protects the basic rights of workers to join a union by empowering workers to exercise their right to organize, holding employers accountable for violating workers' rights, and securing free, fair, and safe union elections. Your Committee finds that the enactment of the PRO Act of 2019 is crucial in restoring a healthy balance between the rights of labor and management and raising the standard-of-living of the working class in the United States.

Your Committee has amended this measure by:

- (1) Replacing the United States Congress with the United States Senate since the United States House of Representatives has already passed the PRO Act of 2019; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 129, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 129, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

SCRep. 1487 Labor, Culture and the Arts on S.C.R. No. 236

The purpose and intent of this measure is to urge the President of the United States and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in the City and County of Honolulu, Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority and Hawaii Automobile Dealers Association.

Your Committee finds that the Asia-Pacific Economic Cooperation (APEC) is a regional economic forum established in 1989, that aims to create greater prosperity for the people of the region by promoting balanced, inclusive, sustainable, innovative and secure growth and by accelerating regional economic integration. Your Committee further finds that APEC's twenty-one member economies that generally surround the Pacific Ocean, represent over forty percent of the world's population and over fifty percent of the world's trade. Every year, one of the twenty-one APEC members plays host to APEC meetings (Summit) and serves as the APEC Chair. The host economy for the APEC Summit is responsible for chairing various meetings, including the annual Economic Leaders' Meeting,

selected ministerial meetings, senior officials' meetings, the APEC Business Advisory Council, and the APEC Study Centers Consortium.

Your Committee finds that Hawaii is renowned not only for its hospitality grounded in the spirit of Aloha, natural beauty, and mild weather, but also for its diverse ethnicities and consensus building among multiple cultures. It is situated at the intersection of the twenty-one members of APEC and has experience successfully hosting and accommodating numerous international conferences, including the 2011 APEC Summit and the World Conservation Congress of the International Union for Conservation of Nature in 2016. Thus, Hawaii is an ideal location to hold APEC Summits. Having the City and County of Honolulu host the 2023 APEC Summit will expose Hawaii again to the tremendous opportunity to establish positive and long-lasting relationships with the attending APEC member economies and their people, including thousands of diplomats, support staff, and media members from around the world, while boosting Hawaii's entire economy.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 236, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 236, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1488 Labor, Culture and the Arts on S.R. No. 196

The purpose and intent of this measure is to urge the President of the United States and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in the City and County of Honolulu, Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority and Hawaii Automobile Dealers Association.

Your Committee finds that the Asia-Pacific Economic Cooperation (APEC) is a regional economic forum established in 1989, that aims to create greater prosperity for the people of the region by promoting balanced, inclusive, sustainable, innovative and secure growth and by accelerating regional economic integration. Your Committee further finds that APEC's twenty-one member economies that generally surround the Pacific Ocean, represent over forty percent of the world's population and over fifty percent of the world's trade. Every year, one of the twenty-one APEC members plays host to APEC meetings (Summit) and serves as the APEC Chair. The host economy for the APEC Summit is responsible for chairing various meetings, including the annual Economic Leaders' Meeting, selected ministerial meetings, senior officials' meetings, the APEC Business Advisory Council, and the APEC Study Centers Consortium.

Your Committee finds that Hawaii is renowned not only for its hospitality grounded in the spirit of Aloha, natural beauty, and mild weather, but also for its diverse ethnicities and consensus building among multiple cultures. It is situated at the intersection of the twenty-one members of APEC and has experience successfully hosting and accommodating numerous international conferences, including the 2011 APEC Summit and the World Conservation Congress of the International Union for Conservation of Nature in 2016. Thus, Hawaii is an ideal location to hold APEC Summits. Having the City and County of Honolulu host the 2023 APEC Summit will expose Hawaii again to the tremendous opportunity to establish positive and long-lasting relationships with the attending APEC member economies and their people, including thousands of diplomats, support staff, and media members from around the world, while boosting Hawaii's entire economy.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 196, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 196, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1489 Labor, Culture and the Arts on S.C.R. No. 241

The purpose and intent of this measure is to request the Hawaii Sister-State Committee (Sister-State Committee) to evaluate and develop recommendations for the initiation of a sister-state relationship between the State of Hawaii and the Prefecture of Yamaguchi, Japan, which is a prefecture situated in Japan's Chugoku region on the southwest side of Honshu Island with a population of approximately one million four hundred thousand.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Honolulu Yamaguchi Kenjinkai.

Your Committee finds that Hawaii has developed and maintained a rich heritage of international relations and cultural exchanges since the days of the Hawaiian monarchy in the nineteenth century. Hawaii has an abiding interest in developing goodwill, friendship, and economic relations between the people of Hawaii and the people of many nations and continues to actively seek opportunities to expand its international ties. The Legislature instituted its first sister-state relationship in 1981, with the Prefecture of Fukuoka, Japan. Hawaii has since established sister-state relationships with various states and provinces throughout the globe as a means of asserting and promoting the State's active participation in international matters. As of today, the State maintains sister-state relationships with eighteen states and provinces, including five of Japan's forty-seven prefectures.

According to the Department of Business, Economic Development, and Tourism (DBEDT), most successful sister relationships are established when there is commonality between Hawaii and the sister, primarily from geographical, historical, cultural, or economic standpoints; there are active and interested support groups, such as Chambers of Commerce or cultural and civic associations; there are economic benefits for both sisters, such as increased numbers of visitors or enhanced investment or marketing opportunities; close ties have been established between educational institutions of the two potential sisters, including both student and faculty exchanges; and there is a clear, strong governmental interest in not only forming, but maintaining the relationship.

Your Committee finds that Hawaii and the people of Yamaguchi share a long history and strong bond, beginning with the immigration of 10,424 contract laborers to Hawaii between 1885 and 1894 as *kanyaku imin* (government-sponsored immigrants) pursuant to the Hawaiian-Japanese Labor Convention of 1886. Since then, there have been continuous cultural exchanges between the people of Hawaii and Yamaguchi. According to the Honolulu Yamaguchi Kenjinkai, Hawaii has a total of five Yamaguchi kenjinkais on the islands of Oahu, Maui, Kauai, and the Big Island. Over the years, the kenjinkais have held numerous events, and the prefectural government of Yamaguchi has participated in each of the significant events by sending delegations, often including the Governors themselves, to join in the celebrations. Most recently, Governor Tsugumasa Muraoka visited Honolulu in 2018 to celebrate the sixtieth anniversary of the founding of the Honolulu Yamaguchi Kenjinkai and to participate in the 150th anniversary of the arrival of the first Japanese immigrants to Hawaii, called the Gannenmono. Governor Muraoka supports the establishment of a sister-state relationship between Hawaii and Yamaguchi.

At the community-level, in addition to various tour groups from Yamaguchi visiting Hawaii each year and the Kauai Community College's academic exchange program with Yamaguchi University, a fisheries high school in Yamaguchi has a tradition of sending its students on a four-thousand-five-hundred-mile educational voyage across the Pacific Ocean aboard their ship, the Kaiyu Maru, to conduct its annual fisheries training off the coast of Hawaii. The students stop in Honolulu for a few days of rest and recuperation, during which they meet and socialize with members of the Honolulu Yamaguchi Kenjinkai by hosting receptions on the Kaiyu Maru and attending a picnic hosted by the kenjinkai. The Kaiyu Maru also brings onboard gifts from the Yamaguchi prefectural government, including prefectural products, that the kenjinkai distributes at its annual Honolulu Festival booth.

Your Committee finds that the sister-state relationship proposed by this measure will be highly beneficial in expanding tourism, strengthening cultural bonds, and advancing common goals of international peace and brotherhood. Your Committee further finds that the Sister-State Committee met on March 15, 2021, to review the Hawaii-Yamaguchi Sister-State application that was submitted by the Honolulu Yamaguchi Kenjinkai, and by a unanimous vote, approved to recommend the establishment of a sister-state relationship with Yamaguchi.

Your Committee has amended this measure by deleting its contents and replacing it with language, including an amended title, that establishes a sister-state relationship with Yamaguchi, by concurrent resolution, the next step as required by section 229-3, Hawaii Revised Statutes

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 241, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 241, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

SCRep. 1490 Labor, Culture and the Arts on S.C.R. No. 242

The purpose and intent of this measure is to request that a creative resurgence task force be convened to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Alliance for Arts Education dba Hawai'i Arts Alliance; and one individual. Your Committee received comments on this measure from the State Foundation on Culture and the Arts.

Your Committee finds that before the coronavirus disease 2019 (COVID-19) pandemic, Hawaii had a thriving creative sector. With the support of the Department of Business, Economic Development, and Tourism's (DBEDT) Creative Industries Division in workforce development, infrastructure, and access to capital, Hawaii's creative sector had developed business acumen and ability structure to export its intellectual property. In 2019, the fifty-three thousand individuals and small businesses forming Hawaii's creative economy had contributed \$4,000,000,000,000 to the State's gross domestic product.

Your Committee further finds that the devastating impact of the COVID-19 pandemic, including significant decrease in visitors to Hawaii, cancellation of various events, and closure of public forums have disproportionately affected the nation's and Hawaii's creative economy. With students, educators, and artists being unable to gather, perform, hold art and cultural events, or pursue their studies, creativity in society and educational institutions diminished as well, leading to significant losses in arts education and the humanities.

Your Committee notes that multiple measures proposing to support the State's creative economy have been considered by the Legislature during recent sessions. Your Committee is hopeful that including a wide variety of members on the task force will help to regain that momentum and lead to a rapid formulation of an effective measure to achieve the objective of building and fostering creativity and innovation in Hawaii through the arts, culture, and humanities.

Your Committee notes testimony from DBEDT that its Director be included as a member of the task force. Your Committee also notes the request from the State Foundation on Culture and the Arts to include the Director of Labor and Industrial Relations and Director of Taxation as well.

Your Committee has amended this measure by:

(1) Amending the composition of the task force by:

- (A) Eliminating the Executive Director of The Pōpolo Project and Hawaii Strategy Lab pursuant to their request, member of the Senate, and member of the House of Representatives; and
- (B) Including the Director of Business, Economic Development, and Tourism; Director of Labor and Industrial Relations; and Director of Taxation; and
- (2) Amending the list of recipients of copies of the resolution to reflect the changes in the task force membership; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee requests that the Director of Business, Economic Development, and Tourism initially convene the task force, and thereafter have the task force members select its chairperson and vice chairperson from among its members, as provided in this measure.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 242, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 242, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1491 Labor, Culture and the Arts on S.R. No. 201

The purpose and intent of this measure is to request that a creative resurgence task force be convened to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Alliance for Arts Education dba Hawai'i Arts Alliance; and two individuals. Your Committee received comments on this measure from the State Foundation on Culture and the Arts.

Your Committee finds that before the coronavirus disease 2019 (COVID-19) pandemic, Hawaii had a thriving creative sector. With the support of the Department of Business, Economic Development, and Tourism's (DBEDT) Creative Industries Division in workforce development, infrastructure, and access to capital, Hawaii's creative sector had developed business acumen and ability structure to export its intellectual property. In 2019, the fifty-three thousand individuals and small businesses forming Hawaii's creative economy had contributed \$4,000,000,000,000 to the State's gross domestic product.

Your Committee further finds that the devastating impact of the COVID-19 pandemic, including significant decrease in visitors to Hawaii, cancellation of various events, and closure of public forums have disproportionately affected the nation's and Hawaii's creative economy. With students, educators, and artists being unable to gather, perform, hold art and cultural events, or pursue their studies, creativity in society and educational institutions diminished as well, leading to significant losses in arts education and the humanities.

Your Committee notes that multiple measures proposing to support the State's creative economy have been considered by the Legislature during recent sessions. Your Committee is hopeful that including a wide variety of members on the task force will help to regain that momentum and lead to a rapid formulation of an effective measure to achieve the objective of building and fostering creativity and innovation in Hawaii through the arts, culture, and humanities.

Your Committee notes testimony from DBEDT that its Director be included as a member of the task force. Your Committee also notes the request from the State Foundation on Culture and the Arts to include the Director of Labor and Industrial Relations and Director of Taxation as well.

Your Committee has amended this measure by:

- (1) Amending the composition of the task force by:
 - (A) Eliminating the Executive Director of The Pōpolo Project and Hawaii Strategy Lab pursuant to their request, member of the Senate, and member of the House of Representatives; and
 - (B) Including the Director of Business, Economic Development, and Tourism; Director of Labor and Industrial Relations; and Director of Taxation; and

Your Committee requests that the Director of Business, Economic Development, and Tourism initially convene the task force, and thereafter have the task force members select its chairperson and vice chairperson from among its members, as provided in this measure

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 201, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 201, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1492 (Joint) Labor, Culture and the Arts and Energy, Economic Development, and Tourism on S.C.R. No. 243

The purpose and intent of this measure is to request the Legislative Reference Bureau (LRB) to conduct a study to create a statutory definition of creative workers and provide recommendations on the structure by which transient accommodations tax revenues may be used to support creative workers.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; State Foundation on Culture and the Arts; and Hawai'i Alliance for Arts Education dba Hawai'i Arts Alliance. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that creative work is generally understood as a tangible manifestation of creative effort, including fine artwork (sculpture, paintings, drawing, sketching), performance art, dance, writing (literature), filmmaking, and compositions, with a degree of arbitrariness such that it is improbable that two persons would independently create the same work. People from all over the world who visit Hawaii have historically enjoyed the unique work produced by creative workers, including but not limited to painters, sculptors, ceramicists, writers, poets, photographers, film makers, visual artists, singers, composers, musicians, lyricists, choreographers, dancers, actors, and other performing artists. Your Committees also find that the significant decrease in the number of tourists in Hawaii due to the coronavirus disease 2019 pandemic has had a substantial impact on the livelihood of creative workers. This measure serves as groundwork for the Legislature to establish measures to support the creative workers in Hawaii.

Your Committees note the LRB's concerns regarding the tasks it is being asked to perform in this measure. First, the LRB states that it has no expertise or experience in matters relating to transient accommodations tax, tourism, or creative arts. Second, the LRB raises the lack of parameters needed for it to produce a meaningful report, including explicit guidance on the definition of "creative workers" from which the LRB can create a statutory definition and policy determinations as to the extent the "support" of creative workers should be prioritized over other concerns.

Your Committees have amended this measure by:

- (1) Deleting references to utilization of transient accommodations tax revenues to assist creative workers;
- (2) Providing non-statutory general definitions of "creative work" and "creative workers" as guidance to the LRB; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Labor, Culture and the Arts and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 243, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 243, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Labor, Culture and the Arts: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Wakai).

SCRep. 1493 (Joint) Labor, Culture and the Arts and Energy, Economic Development, and Tourism on S.R. No. 202

The purpose and intent of this measure is to request the Legislative Reference Bureau (LRB) to conduct a study to create a statutory definition of creative workers and provide recommendations on the structure by which transient accommodations tax revenues may be used to support creative workers.

Your Committees did not receive any testimony on this measure.

Your Committees find that creative work is generally understood as a tangible manifestation of creative effort, including fine artwork (sculpture, paintings, drawing, sketching), performance art, dance, writing (literature), filmmaking, and compositions, with a degree of arbitrariness such that it is improbable that two persons would independently create the same work. People from all over the world who visit Hawaii have historically enjoyed the unique work produced by creative workers, including but not limited to painters, sculptors, ceramicists, writers, poets, photographers, film makers, visual artists, singers, composers, musicians, lyricists, choreographers, dancers, actors, and other performing artists. Your Committees also find that the significant decrease in the number of tourists in Hawaii due to the coronavirus disease 2019 pandemic has had a substantial impact on the livelihood of creative workers. This measure serves as groundwork for the Legislature to establish measures to support the creative workers in Hawaii.

Your Committees note the LRB's concerns regarding the tasks it is being asked to perform in this measure. First, the LRB states that it has no expertise or experience in matters relating to transient accommodations tax, tourism, or creative arts. Second, the LRB raises the lack of parameters needed for it to produce a meaningful report, including explicit guidance on the definition of "creative workers" from which the LRB can create a statutory definition and policy determinations as to the extent the "support" of creative workers should be prioritized over other concerns.

Your Committees have amended this measure by:

- (1) Deleting references to utilization of transient accommodations tax revenues to assist creative workers;
- (2) Providing non-statutory general definitions of "creative work" and "creative workers" as guidance to the LRB; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Labor, Culture and the Arts and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 202, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 202, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Labor, Culture and the Arts: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Wakai).

SCRep. 1494 (Joint) Transportation and Water and Land on S.C.R. No. 190

The purpose and intent of this measure is to:

- (1) Request the Department of Transportation and community stakeholders to improve the Maunalua-Makapuu State Scenic Byway; and
- (2) Develop a plan to consolidate management along the Kaiwi Coast Scenic Shoreline.

Your Committees received testimony in support of this measure from the Department of Transportation, Livable Hawaii Kai Hui, Hawaii Bicycling League, and five individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources and two individuals.

Your Committees find that the Kaiwi coast scenic shoreline is a beautiful stretch of undeveloped land in east Oahu that is host to the Maunalua-Makapuu Scenic Byway. There is concern that without proper management, this area will face increasing challenges. Your Committees find that it is in the best interests of the people of Hawaii to engage the community to protect this sensitive area and preserve its natural beauty.

Your Committees have amended this measure by:

- (1) Changing the organizational structure from a task force to a working group;
- (2) Adjusting the composition of the working group;
- (3) Amending its title in accordance with its amended purpose;
- (4) Adding a sunset provision to dissolve the working group on July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 190, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 190, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

SCRep. 1495 (Joint) Transportation and Water and Land on S.R. No. 155

The purpose and intent of this measure is to:

- (1) Request the Department of Transportation and community stakeholders to improve the Maunalua-Makapuu State Scenic Byway; and
- (2) Develop a plan to consolidate management along the Kaiwi Coast Scenic Shoreline.

Your Committees received testimony in support of this measure from the Department of Transportation. Your Committees received comments on this measure from the Department of Land and Natural Resources and one individual.

Your Committees find that the Kaiwi coast scenic shoreline is a beautiful stretch of undeveloped land in east Oahu that is host to the Maunalua-Makapuu Scenic Byway. There is concern that without proper management, this area will face increasing challenges. Your Committees find that it is in the best interests of the people of Hawaii to engage the community to protect this sensitive area and preserve its natural beauty.

Your Committees have amended this measure by:

- (1) Changing the organizational structure from a task force to a working group;
- (2) Adjusting the composition of the working group;
- (3) Amending its title in accordance with its amended purpose;
- (4) Adding a sunset provision to dissolve the working group on July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 155, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 155, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

SCRep. 1496 Ways and Means on S.C.R. No. 5

The purpose and intent of this measure is to recognize the importance of data governance and to assess and modernize procedures for collecting, retaining, and sharing detailed and disaggregated data, including data that disaggregates Native Hawaiians from other Pacific Islanders, in pandemic response recovery efforts.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaiian Affairs Caucus of the Department of Public Health, Office of Enterprise Technology Services, Spoehr Foundation, Hawaii Friends of Civil Rights, Hawaii Coalition for Immigrant Rights, Medical-Legal Partnership, Hawaii Children's Action Network Speaks!, Hawaii Appleseed Center for Law and Economic Justice, The Queen's Health Systems, and numerous individuals.

Your Committee finds that improving data governance will help the State develop data-driven, fact-based, and well-tailored policies and interventions to address the unique needs of Hawaii's Native Hawaiian and Pacific Islander communities.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 5 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1497 Ways and Means on S.C.R. No. 10

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Kaalawai, Honolulu, Oahu, for the maintenance and repair of the existing seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in the disposition of state submerged lands. The Board has identified portions of a seawall fronting the property identified as Tax Map Key: (1) 3-1-041:025, Kaalawai, Honolulu, Oahu, as encroaching upon state submerged lands.

Your Committee further finds that, on April 13, 2018, under agenda item D-7, the Board of Land and Natural Resources approved a grant of a fifty-five-year non-exclusive easement to resolve the seawall encroachment. Your Committee notes that the term of the easement shall run with the land and shall inure to the benefit of the abutting real property.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1498 Ways and Means on S.C.R. No. 11

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

Specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Waimanalo, Koolaupoko, Oahu, for the maintenance and repair of the existing pier, seawall, and steps, and for the use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in the disposition of state submerged lands. The Board has identified that the entire pier and portions of a seawall and steps fronting the properties identified as Tax Map Keys: (1) 4-1-001:011 and (1) 4-1-001:013, as encroaching upon state submerged lands. The current owner of the abutting property has worked with the Department of Land and Natural Resources to convert the existing pier revocable permit to a long-term easement, as the pier and portions of seawall and steps are located on state submerged lands. Your Committee further finds that this measure expresses the requisite legislative approval required by section 171-53, Hawaii Revised Statutes, so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 11, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1499 Ways and Means on S.C.R. No. 12

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (2) 3-9-005:001, for the existing rubble rock revetment, rock wall, and two concrete stairways, and for the use, maintenance, repair, replacement, and removal of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, authorizes the Board of Land and Natural Resources to lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. At the location in question, a rubble rock revetment, a rock wall, and two concrete stairways were originally built in 1980 in the government beach reserve. However, a portion of the improvements are located on state submerged lands. Your Committee finds that the removal of the rubble rock revetment would place one of the condominium buildings under immediate threat of erosion, and removal of the stairs could hinder public access. Your Committee further finds that encroaching structures will prevent shoreline erosion and mitigate inland flooding associated with large wave and storm events.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1500 Ways and Means on S.C.R. No. 13

The purpose and intent of this measure is to authorize the issuance of a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunalua, on the island of Oahu, for the use, repair, and maintenance of an existing storm drain.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee notes that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution to lease state lands. Your Committee finds that the Department of Land and Natural Resources has approved a request to grant a perpetual non-exclusive easement for a 174-square foot portion of state submerged lands fronting the property identified as Tax Map Key: (1) 3-9-027:007 at Maunalua, Honolulu, Oahu, for the use, repair, and maintenance of the existing storm drain constructed thereon.

Accordingly, your Committee finds that the storm drain use, repair, and maintenance facilitated by this measure will not interfere with beach access and will serve the public interest by mitigating surface runoff. Your Committee further finds that this measure expresses the requisite legislative approval to permit an easement to be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1501 Ways and Means on S.C.R. No. 16

The purpose and intent of this measure is to authorize the issuance of term, non-exclusive easements covering a portion of state submerged lands at Waiohuli-Keokea (Kihei), Wailuku, Maui, for the existing seawall, and for the use, maintenance, and repair of the existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Board of Land and Natural Resources has identified portions of a seawall fronting the property identified as Tax Map Key: (2) 3-9-011:008 as encroaching upon state submerged lands. In its meetings on August 25, 2017, and October 12, 2018, the Board approved the grant of sixty-five year, non-exclusive easements to resolve these encroachments. Your Committee also finds that these easements are necessary for the use, repair, and maintenance of the existing seawall. Your Committee further finds that this measure expresses the requisite legislative approval required by section 171-53, Hawaii Revised Statutes, so that an easement may be issued for use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 16, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1502 Ways and Means on S.C.R. No. 100

The purpose and intent of this measure is to promote greater gender equity in the public school system with regard to menstruation and menstrual hygiene.

More specifically, this measure requests that:

- (1) The Department of Education provide free menstrual products to students on all public school campuses in the State;
- (2) The Board of Education include criteria relevant to gender equity in the evaluation tool of the Superintendent; and
- (3) The Hawaii youth risk behavior survey include specific questions regarding menstrual equity and access to menstrual products.

Your Committee received written comments in support of this measure from the Hawaii State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, American Association of University Women of Hawaii, Hawaii State Teachers Association, Neighborhood Place of Puna, Mai Movement Hawaii, Hawaii Women's Coalition, and numerous individuals.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Department of Education provides students with free hygiene products such as toilet paper and hand soap in restrooms in order to maintain a healthy school environment, but does not provide free menstrual products. Your Committee notes that in the 2019-2020 school year, the Department of Education considered forty-seven percent of its public school students to be "economically disadvantaged" and further notes that a 2020 Aloha United Way report states that sixty percent of families in the State are struggling to meet basic needs due to the economic impact of the coronavirus disease 2019 pandemic. Your Committee further finds that lack of access to affordable menstrual products contributes to student absenteeism and tardiness. Accordingly, your Committee believes that the requests made in this measure are worthy of consideration and may help to improve gender equity on public school campuses and encourage more consistent school attendance.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1503 Ways and Means on S.R. No. 77

The purpose and intent of this measure is to promote greater gender equity in the public school system with regard to menstruation and menstrual hygiene.

More specifically, this measure requests that:

- (1) The Department of Education provide free menstrual products to students on all public school campuses in the State;
- (2) The Board of Education include criteria relevant to gender equity in the evaluation tool of the Superintendent; and
- (3) The Hawaii youth risk behavior survey include specific questions regarding menstrual equity and access to menstrual products.

Your Committee received written comments in support of this measure from the Hawaii State Teachers Association, American Association of University Women of Hawaii, Planned Parenthood Votes Northwest and Hawaii, I Support The Girls - Hawaii, and four individuals.

Your Committee finds that the Department of Education provides students with free hygiene products such as toilet paper and hand soap in restrooms in order to maintain a healthy school environment, but does not provide free menstrual products. Your Committee notes that in the 2019-2020 school year, the Department of Education considered forty-seven percent of its public school students to be "economically disadvantaged" and further notes that a 2020 Aloha United Way report states that sixty percent of families in the State are struggling to meet basic needs due to the economic impact of the coronavirus disease 2019 pandemic. Your Committee further finds that lack of access to affordable menstrual products contributes to student absenteeism and tardiness. Accordingly, your Committee believes that the requests made in this measure are worthy of consideration and may help to improve gender equity on public school campuses and encourage more consistent school attendance.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 77 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1504 Ways and Means on S.C.R. No. 113

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a certain portion of state submerged lands in Kapaa, Kauai.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; Oceanit Laboratories, Inc.; and two individuals.

Your Committee notes that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution to lease state submerged lands.

Your Committee finds that authorizing the Board of Land and Natural Resources to grant an easement for the portion of state submerged lands fronting the property identified as Tax Map Key: (4) 4-3-009: seaward of 041 will allow for the construction of a sandbag groin to hinder the littoral drift occurring at, and continued erosion of, Kuhio beach in Kapaa, Kauai.

Your Committee has amended this measure by:

- (1) Correcting references to "Tax Map Key: (4) 4-3-009: seaward of 50" and "Tax Map Key: (4) 4-3-009:50" to read "Tax Map Key: (4) 4-3-009: seaward of 41" and "Tax Map Key: (4)4-3-009:041", respectively; and
- (2) Inserting an account of the action taken by the Board of Land and Natural Resources at the March 25, 2021, meeting to approve the issuance of a revocable permit for the subject area.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 113, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 113, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1505 Ways and Means on S.C.R. No. 211

The purpose and intent of this measure is to urge the Department of Human Resources Development and the Department of Education to establish and offer a qualified Roth contribution program to their retirement plan participants.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments on this measure from the Department of Human Resources Development.

Your Committee finds that all retirement plans currently offered to state employees are traditional retirement plans that deduct contributions from the employee's pre-tax income, and therefore reduce the employee's taxable income and federal and state tax burden for that current year. However, all future distributions, including capital gains in the account, are treated as taxable income at the time of withdrawal.

Your Committee also finds that section 402A of the Internal Revenue Code allows certain employer retirement plans to have a qualified Roth contribution program, under which plan participants may designate some or all of their retirement contributions as designated Roth contributions and have them placed into their designated Roth accounts. Unlike traditional pre-tax retirement

contributions, an employee's designated Roth contribution is included in the employee's gross income in the year the contribution is made, while qualified distributions from the designated Roth account, including capital gains in the account, are not treated as taxable income at the time of withdrawal.

Your Committee further finds that the option of a designated Roth account will benefit many plan participants, especially employees whose retirement distributions will not occur until decades later, as the exclusion from taxable income of distributions from and capital gains accumulated in a designated Roth account may result in greater tax savings than the amount of tax that would be saved by making pre-tax contributions into a traditional retirement plan.

Your Committee has amended this measure by changing the program implementation date from July 1, 2022, to July 1, 2023.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 211, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 211, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1506 Ways and Means on S.R. No. 174

The purpose and intent of this measure is to urge the Department of Human Resources Development and the Department of Education to establish and offer a qualified Roth contribution program to their retirement plan participants.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments on this measure from the Department of Human Resources Development.

Your Committee finds that all retirement plans currently offered to state employees are traditional retirement plans that deduct contributions from the employee's pre-tax income, and therefore reduce the employee's taxable income and federal and state tax burden for that current year. However, all future distributions, including capital gains in the account, are treated as taxable income at the time of withdrawal.

Your Committee also finds that section 402A of the Internal Revenue Code allows certain employer retirement plans to have a qualified Roth contribution program, under which plan participants may designate some or all of their retirement contributions as designated Roth contributions and have them placed into their designated Roth accounts. Unlike traditional pre-tax retirement contributions, an employee's designated Roth contribution is included in the employee's gross income in the year the contribution is made, while qualified distributions from the designated Roth account, including capital gains in the account, are not treated as taxable income at the time of withdrawal.

Your Committee further finds that the option of a designated Roth account will benefit many plan participants, especially employees whose retirement distributions will not occur until decades later, as the exclusion from taxable income of distributions from and capital gains accumulated in a designated Roth account may result in greater tax savings than the amount of tax that would be saved by making pre-tax contributions into a traditional retirement plan.

Your Committee has amended this measure by changing the program implementation date from July 1, 2022, to July 1, 2023.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 174, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 174, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1507 Ways and Means on S.C.R. No. 14

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a certain portion of state submerged lands at Kaneohe, Koolaupoko, Oahu.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee notes that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands.

Your Committee finds that portions of the existing storm drain fronting the property identified as Tax Map Key: (1) 4-4-021:038, Kaneohe, Koolaupoko, Oahu, were placed on state submerged lands. Your Committee further finds that, on August 23, 2013, under agenda item D-10, the Board of Land and Natural Resources approved a grant of a perpetual non-exclusive easement to resolve the storm drain encroachment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 14 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1508 Ways and Means on S.C.R. No. 15

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a certain portion of state submerged lands located in Lahaina, Maui.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands.

Your Committee also finds that portions of the existing walkway fronting the property identified as Tax Map Keys: (2) 4-3-002:026, 027, & 028, Napili 2 and 3, Lahaina, Maui, are located on state submerged lands. Your Committee further finds that, on June 28, 2019, under agenda item D-7, the Board of Land and Natural Resources approved a grant of a term, non-exclusive easement to resolve the walkway encroachment. Your Committee notes that the term of this easement is to run with the land and inure to the benefit of the abutting real property and to be coterminous with the term of the Grant of Non-Exclusive Easement No. S-5998, dated October 25, 2010.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 15, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1509 Ways and Means on S.C.R. No. 17

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a certain portion of state submerged lands at Waiohuli-Keokea Homesteads in Kihei, Maui.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Board of Land and Natural Resources has identified portions of a seawall, rock revetment, and concrete steps fronting the property identified as Tax Map Key: (2) 3-9-012:003 as encroaching on state submerged lands.

Your Committee also finds that according to the Department of Land and Natural Resources' Office of Conservation and Coastal Lands, removal of the subject "seawall may destabilize seawalls and revetments at adjacent properties, potentially threatening upland structures", while allowing for the subject seawall to remain intact will "have no discernable effect on beach and recreational resources". Accordingly, your Committee believes that it is appropriate to authorize the Board of Land and Natural Resources to issue the term, non-exclusive easement for the existing seawall, rock revetment, and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon. Your Committee further finds that this measure expresses the requisite legislative approval required by section 171-53, Hawaii Revised Statutes, so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1510 Ways and Means on S.C.R. No. 18

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Waiohuli-Keokea Homesteads and Beach Lots, Kihei, Maui, for the maintenance and repair of the existing seawall and rock revetment, and for the use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in the disposition of state submerged lands. The Board has identified portions of a seawall and rock revetment fronting the property identified as Tax Map Key: (1) 3-9-010:006, as encroaching upon state submerged lands. The previous owners of the abutting property have worked with the Department of Land and Natural Resources to resolve the encroachment and have paid the fair market value of \$71,100 for the easement. Your Committee further finds that this measure expresses the requisite legislative approval to permit an easement to be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1511 Ways and Means on S.C.R. No. 19

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Maunalua, on the island of Oahu, for the use, repair, and maintenance of an existing seawall.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Board of Land and Natural Resources has identified portions of a seawall fronting the property identified as Tax Map Key: (1) 3-9-016:036, Maunalua, Honolulu, Hawaii, as encroaching on state submerged lands. Further, your Committee finds that the seawall encroachment onto state lands is minimal and that removal of the encroachment could threaten the integrity of the seawall and cause land loss and runoff onto adjoining properties. Accordingly, your Committee finds that the issuance of a term, non-exclusive easement would allow for the repair and maintenance of the seawall. Your Committee also finds that this measure expresses the requisite legislative approval required by section 171-53, Hawaii Revised Statutes, for the disposition of state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 19 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1512 Ways and Means on S.C.R. No. 87

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting the property identified as Tax Map Key: (2) 2-6-010:017, Kuau, Hamakuapoko, Maui, for the existing seawall and concrete steps, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and Sea and Believe, LLC.

Your Committee notes that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands.

Your Committee finds that portions of the existing seawall and concrete steps fronting the property identified as Tax Map Key: (2) 2-6-010:017, Kuau, Hamakuapoko, Maui, are located on state submerged lands. Your Committee also finds that, on September 11, 2020, under agenda item D-4, the Board of Land and Natural Resources approved a grant of a fifty-five-year non-exclusive easement to resolve the seawall and concrete steps encroachment.

Your Committee further finds that this measure expresses the requisite legislative approval required by section 171-53, Hawaii Revised Statutes, so that an easement may be issued for those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1513 Ways and Means on S.C.R. No. 102

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering portions of state submerged lands seaward of Tax Map Key: (1) 3-9-002: seaward of Kalanianaole Highway near the bridge at Maunalua, Oahu, Hawaii, for the construction and maintenance of a rock groin to slow the rate of sediment deposition into the entrance channel of the Hawaii Kai Marina.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, authorizes the Board of Land and Natural Resources to lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee also finds that the Board, subject to certain conditions, approved the issuance of a perpetual, non-exclusive easement to the Hawaii Kai Marina Community Association for the replacement of an existing deteriorating sandbag groin with a new, larger, and permanent rock rubble mound revetment and groin. Your Committee believes that the easement is necessary to allow the construction and maintenance of a rock groin to reduce the rate of sediment deposition in the entrance channel of the Hawaii Kai Marina.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1514 Ways and Means on S.C.R. No. 141

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Wailea, on the island of Maui, for the use, repair, and maintenance of an existing stairway.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee notes that section 171-53, Hawaii Revised Statutes, requires the prior approval of the Governor and prior authorization of the Legislature by concurrent resolution for the disposition of state submerged lands.

Your Committee finds that portions of the existing beach access stairway fronting the property identified as Tax Map Key: (2) 2-1-008: seaward of 069, Wailea, Maui, are located on state submerged lands. Your Committee further finds that, on January 22, 2021, under agenda item D-5, the Board of Land and Natural Resources approved the issuance of a twenty-five-year term, non-exclusive easement to resolve the beach access stairway encroachment.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 141, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1515 (Majority) Water and Land on S.C.R. No. 207

The purpose and intent of this measure is to request the review and approval of an action taken by the Board of Land and Natural Resources on a land exchange of the land owned by Parker Land Trust identified as Tax May Key: (3) 6-7-002:062 and the State of Hawaii for state land identified as Tax Map Key: (3) 6-7-003:020, Waikoloa, Waimea, South Kohala, Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-50, Hawaii Revised Statutes, the Board of Land and Natural Resources may execute a land exchange of public land for private land with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee notes that this measure also was transmitted to the Office of Hawaiian Affairs pursuant to section 171-50, Hawaii Revised Statutes, and the Office of Hawaiian Affairs did not oppose the land exchange.

Your Committee further finds that at its meeting of August 28, 2020, under agenda item D-3, the Board of Land and Natural Resources, in principle, approved a land exchange between the State of Hawaii and Parker Land Trust. The proposed land exchange conveys an approximately 0.5368 acre of vacant and unencumbered state land at Waikoloa, Hawaii, valued at \$19,400, in exchange for an approximately 0.3420 acre of vacant private land owned by Parker Land Trust, valued at \$250,000. Your Committee concludes that this land exchange will benefit the public as it will facilitate the construction of a United States Post Office and resolve an access issue with Ala Ohia Road.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 207 and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, 1 (Fevella). Excused, none.

SCRep. 1516 Judiciary on H.B. No. 199

The purpose and intent of this measure is to:

- Repeal the requirement that election proclamations contain a statement of the time and places where an election is to be held;
- (2) Specify that the County Clerk, not the Chief Election Officer, shall issue an election proclamation listing information on voter service centers and places of deposit.

Your Committee received testimony in support of this measure from the Office of Elections, Common Cause Hawaii, LGBT Caucus of the Democratic Party of Hawaiii, and eight individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that since the establishment of vote-by-mail throughout the State, many of the procedural requirements for the conduct of elections are out of date. Because elections now take place over a longer period of time during which voters may submit ballots via the mail or in person at a place of deposit or voter service center, a statement of the time and place in which an election is to be held is no longer relevant to voters. Your Committee further finds that specifying that the County Clerk, not the Chief Election Officer, shall issue election proclamations related to voter service centers and places of deposit will ensure timelier issuance and dissemination of information to voters because the county clerks are charged with establishing the centers and places of deposit.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 199, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1517 (Majority) Judiciary on H.B. No. 891

The purpose and intent of this measure is to regulate the sale and use of electric guns and cartridges.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Honolulu Police Department, Hawai'i Police Department, and Kaua'i Police Department. Your Committee received testimony in opposition to this measure from the Hawai'i Firearms Coalition and ten individuals.

Your Committee finds that the United States Supreme Court decision in *Caetano v. Massachusetts*, 136 S. Ct. 1027 (2016), which overruled a decision of the Massachusetts Supreme Judicial Court, has raised questions regarding the constitutionality of bans on electric guns. Your Committee further finds that a pending lawsuit in the United Stated District Court for the District of Hawaii is seeking a declaratory judgment and injunction to invalidate Hawaii's electric gun ban. This measure repeals the ban on electric guns and replaces it with regulations and rules on the use, storage, transfer, disposal, and purchase of electric guns and electric projectile guns. Your Committee additionally finds that this measure is necessary to ensure public safety and prevent the purchase, possession, and use of electric guns by the public from becoming completely unregulated and uncontrolled in any way.

Your Committee has amended this measure by:

- (1) Making the regulations on the sale and use of electric guns and cartridges applicable after December 31, 2021;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 891, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 891, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Acasio). Noes, 1 (Fevella). Excused, 2 (Gabbard, Keohokalole).

SCRep. 1518 Judiciary on H.B. No. 416

The purpose and intent of this measure is to prohibit:

- (1) Specified trolleys, trolleys with swivels, pulleys, cables, or running lines designed to attach a dog to two stationary objects in a configuration that endangers the dog, including by depriving the dog of sustenance;
- (2) Tethering or restraining a dog under the age of six months unless the dog is engaged in an activity supervised by its owner or an agent of its owner;
- (3) Tethering or restraining a dog with a tow or log chain; and
- (4) Tethering or restraining a dog with a choke collar, pinch collar, or prong collar unless the dog is engaged in an activity supervised by its owner or an agent of its owner.

Your Committee received testimony in support of this measure from the Humane Society of the United States, Hawaiian Humane Society, Healthy Pets United, Animal Rights Hawai'i, Domestic Violence Hurts Animals and People, Pono Advocacy, Animal Interfaith Alliance in Britain, and forty-one individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that tethering a dog in manners that cause injuries; preventing access to food, water, or shelter; or isolating an animal from opportunities to bond with their human families adversely affects the health and safety of dogs and can lead to further aggressive behavior. Your Committee further finds that vagueness in existing law makes it difficult for law enforcement officers to take action before an improperly tethered or restrained dog has suffered serious injury or death. This measure establishes clear guidelines for dog owners and law enforcement officers on what legally constitutes proper tethering.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 416, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 416, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1519 Judiciary on H.B. No. 352

The purpose and intent of this measure is to:

- Clarify that the secondhand dealers law applies to secondhand dealers' operation of an automated recycling kiosk that only
 accepts handheld electronic devices for recycling; and
- (2) Specify the retention requirements for secondhand dealers that operate an automated recycling kiosk.

Your Committee received testimony in support of this measure from ecoATM-Gazelle and Retail Merchants of Hawaii. Your Committee received testimony in opposition to this measure from the Hawaii Pawnbrokers Association and Kamaaina Loan.

Your Committee finds that electronic waste kiosks, or automated recycling kiosks, provide a resource for consumers to sell their old cell phones, which are then collected and recycled or refurbished. Automated recycling kiosks have modernized electronic waste recycling and have diverted more than seven million pounds of electronic waste from local landfills across the country. Your Committee further finds that every other state in the country has adopted legislation to recognize the use of automated recycling kiosks. This measure enables automated recycling kiosks to operate in Hawai'i and requires secure storage of items off-site during the extended holding period.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 352, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1520 Judiciary on Gov. Msg. No. 520

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLANDS OF MAUI, MOLOKA'I, LANA'I, AND KAHO'OLAWE

G.M. No. 520 KECIA SAKUGAWA, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Kecia Sakugawa for service on the Board of Registration of the Islands of Maui, Moloka'i, Lāna'i, and Kaho'olawe.

Your Committee did not receive any testimony on the nomination for the reappointment of Kecia Sakugawa.

Your Committee finds that the Boards of Registration hear and decide appeals that arise from voter challenges or a county clerk's decision regarding voter registration, and they are vital to the transparency and integrity of the State's elections. Your Committee notes that Kecia Sakugawa has substantial experience as a social worker and case manager, in addition to experience and training in other areas of community involvement and public service, and is currently a member of the Board of Registration of the Islands of Maui, Moloka'i, Lāna'i, and Kaho'olawe. Your Committee further finds that her commitment to ensuring fairness in the process of registering and counting votes will continue to be an asset to the Board.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1521 Commerce and Consumer Protection on H.B. No. 223

The purpose and intent of this measure is to require massage therapy licensees to complete twelve hours of continuing education within the two-year period preceding the license renewal date beginning July 1, 2022, of which two hours shall include first aid, cardiopulmonary resuscitation, or emergency related courses.

Your Committee received testimony in support of this measure from the Board of Massage Therapy, American Massage Therapy Association – Hawaii Chapter, and one individual.

Your Committee finds that Hawaii residents should be assured that they are being treated by qualified professionals who have studied the most current trends and best practices in the industry and are qualified to respond in cases of emergency. Your Committee notes that forty other states require continuing education for the renewal of massage therapy licenses, and this measure will elevate the massage therapy profession in Hawaii to the highest standards of quality and safety.

Your Committee notes the concerns raised in testimony that the commencement date of July 1, 2022, may be too early and that more time is requested to provide ample notice to affected licensees and enable licensees to complete the continuing education requirements contemplated by this measure. Accordingly, amendments to this measure are necessary to address this concern.

Your Committee has amended this measure by:

- (1) Clarifying that the continuing education requirements shall be applicable to the renewal for the licensing biennium commencing on July 1, 2024;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 223, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 223, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1522 Commerce and Consumer Protection on H.B. No. 599

The purpose and intent of this measure is to:

- (1) Clarify that planned community associations may conduct meetings remotely consistent with the Hawaii Nonprofit Corporations Act; and
- (2) Authorize condominium associations to conduct electronic meetings and electronic, machine, or mail voting in a state of emergency or local state of emergency, or any meeting noticed during such emergencies and for which the applicable emergency has since expired.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians Legislative Committee, Community Associations Institute Hawaii Legislative Action Committee, Palehua Townhouse Association, Associa, Honolulu Tower AOAO, Hawaii Council of Associations of Apartment Owners, and six individuals.

Your Committee finds that, due to coronavirus disease 2019 pandemic restrictions and social distancing requirements, it has been difficult, if not impossible, for many associations to hold annual meetings. Your Committee notes this measure reflects consensus language between stakeholders to clarify that planned community associations may hold meetings remotely; enable condominium associations to hold electronic meetings and use electronic, machine, and mail voting for annual and special association meetings during any period in which there is a state of emergency or local state of emergency; and allow condominium associations to hold electronic meetings when there is no state of emergency if otherwise authorized by the association's governing documents. This measure will therefore lend associations greater flexibility to continue to conduct their important business when face-to-face meetings are not possible or during other states of emergency.

Your Committee has amended this measure by:

- (1) Clarifying the notice requirements for regular, annual, and special planned community association meetings;
- (2) Inserting language clarifying certain conflicting provisions in section 541B-121, Hawaii Revised Statutes;
- (3) Inserting an effective date of January 1, 2022; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 599, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 599, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 1523 Commerce and Consumer Protection on H.B. No. 561

The purpose and intent of this measure is to:

- (1) Require the Public Utilities Commission to determine whether analysis of the effect of the State's reliance on fossil fuels is necessary for proceedings involving water, wastewater, or telecommunications providers on an individual basis; and
- (2) Provide that the analysis is not required for an electric or a gas utility's routine system replacements or determinations that do not pertain to capital improvements or operations.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawai'i Gas, Environmental Caucus of the Democratic Party of Hawai'i, Land Use Research Foundation of Hawaii, Hawaiian Electric Company, Hawaii Clean Power Alliance, and two individuals. Your Committee received testimony in opposition to this measure from Earthjustice; Pele Lani Farm, LLC; Climate Protectors Hawai'i; and twenty-five individuals. Your Committee received comments on this measure from Life of the Land, Hawaii Forest Stewards, Kauai Women's Caucus, and eleven individuals.

Your Committee finds that fossil fuels can negatively impact the environment and its price volatility can further negatively impact consumers. It is therefore important to examine the impacts of fossil fuels used by utilities, including water, wastewater, and telecommunications providers. This measure provides clarity regarding the types of proceedings before the Public Utilities Commission (Commission) that will require additional procedural steps, such as extensive greenhouse gas analyses, and will further improve administrative processes by exempting certain routine applications from these analyses.

Your Committee notes the concerns raised in testimony that this measure, in its current form, only addresses the analysis relating to fossil fuels and does not address the equally harmful effects of biomass. Your Committee finds that it is important for the Commission to analyze biomass emissions if biomass is contemplated for electricity generation in projects within the purview of the Commission. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committee has amended this measure by:

- (1) Updating section 1 to reflect its amended purpose;
- (2) Clarifying that, in making determinations of the reasonableness of the costs pertaining to fossil fuel or biomass sourced electricity or gas utility system capital improvements and operations, the Commission shall explicitly consider the effect of the State's reliance on fossil fuels and biomass on certain factors;
- (3) Clarifying that the Commission's analysis shall not be required for a utility's routine system replacements or determinations that do not pertain to capital improvements or operations; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 561, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 561, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1524 Commerce and Consumer Protection on H.B. No. 302

The purpose and intent of this measure is to:

- (1) Authorize advanced practice registered nurses to order and certify home health care for Medicare beneficiaries;
- (2) Authorize advanced practice registered nurses to certify whether a person is totally disabled under the state income tax code;
- (3) Authorize advanced practice registered nurses to make capacity determinations; and
- (4) Add advanced practice registered nurses as primary providers in advance mental health care directives.

Your Committee received testimony in support of this measure from the Board of Nursing, Hawaii Substance Abuse Coalition, The Queen's Health Systems, Hawaii American Nurses Association, Hawaii'i Psychological Association, Hawaii'i State Center for Nursing, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Healthcare Association of Hawaii, and Prime Care Services Hawaii.

Your Committee finds that advanced practice registered nurses (APRNs) are recognized as primary care providers who may practice independently based on their practice specialty, including psychiatric mental health. Existing law authorizes APRNs to sign, certify, and endorse all documents relating to health care within their scope of practice in caring for their patients. APRNs further play a significant role in providing care to underserved communities and underinsured patients. This measure removes barriers in existing law to enable APRNs to exercise their full scope of practice and expands access to important healthcare services for Hawaii residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 302, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 302, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1525 Commerce and Consumer Protection on H.B. No. 471

The purpose and intent of this measure is to make permanent the regulation of behavior analysts.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Education, Department of Health, Hawaii State Teachers Association, Council of Autism Service Providers, Hawaii Association for Behavior Analysis, Hawaii Disability Rights Center, BAYADA Behavioral Analysis, Together For Our Keiki, and twenty-one individuals.

Your Committee finds that, since Hawaii enacted its regulatory and licensing structure for the practice of applied behavior analysis, nearly five hundred behavior analysts have been licensed and over one thousand five hundred registered behavior technicians have been credentialed under their supervision in the State. As a result, several thousand keiki and other individuals have received access to applied behavior analysis services. Your Committee further notes the Auditor's Sunset Evaluation Report, dated December 2020, which supports the continued regulation of the applied behavior analysis profession. This measure will continue the regulation of the practice of behavior analysis to protect consumers from unqualified practitioners and unprofessional conduct and will ensure high quality services for those who require them.

Your Committee notes the concerns raised in testimony that this measure's effective date may create an unintentional lapse in regulation, as the regulatory program for behavior analysts is currently scheduled to repeal on June 30, 2021, under existing law. Therefore, an amendment to this measure is necessary to address this concern.

Your Committee has amended this measure by inserting an effective date of June 29, 2021.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 471, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 471, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1526 Commerce and Consumer Protection on H.B. No. 264

The purpose and intent of this measure is to:

- (1) Establish requirements and permitting procedures for transportation network companies operating in the State; and
- (2) Make permanent insurance requirements for transportation network companies and transportation network drivers.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii Insurers Council; Uber Technologies, Inc.; and one individual. Your Committee received testimony in opposition to this measure from Robert's Hawaii, Inc. and Hawaii Transportation Association.

Your Committee finds that, under existing law, transportation network company driver screening and other important operating requirements are mandated only for the City and County of Honolulu, not for all islands across the State. This measure incorporates consensus language between stakeholders to enable the Department of Transportation to issue permits and conduct annual audits to increase public safety and ensure transportation network companies and their drivers are properly regulated uniformly across the State.

Your Committee has amended this measure by:

- (1) Clarifying that all permit fees collected by the Director of Transportation shall be deposited into the State Highway Fund established by section 248-9. Hawaii Revised Statutes;
- (2) Inserting an effective date of July 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 264, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 264, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1527 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. Nos. 664 and 665

Recommending that the Senate advise and consent to the nominations of the following:

LAW ENFORCEMENT STANDARDS BOARD

G.M. No. 664 SAMUEL JELSMA, for a term to expire 06-30-2024; and

G.M. No. 665 HARRY KUBOJIRI, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Samuel Jelsma and Harry Kubojiri for service on the Law Enforcement Standards Board.

SAMUEL JELSMA

Your Committee received testimony in support of the nomination for the appointment of Samuel Jelsma from the County of Hawai'i Police Department and County of Maui Police Department.

Upon review of the testimony, your Committee finds that Mr. Jelsma's experience, background, and commitment to public service qualify him to be nominated for appointment to the Law Enforcement Standards Board. Your Committee notes that Mr. Jelsma has accumulated over twenty-nine years of experience in law enforcement services with the Hawaii County Police Department. Mr. Jelsma has held various ranks in the Hawaii County Police Department, including Major, Captain, and Lieutenant. Mr. Jelsma is currently serving as the Assistant Police Chief of the Hawaii County Police Department's Administrative Bureau. According to testimony, Mr. Jelsma is said to have the highest moral character. Your Committee further notes that Mr. Jelsma is currently retired from the Hawaii Army National Guard with the rank of First Sergeant and has over twenty-one years of credited military service. Your Committee therefore recommends that Mr. Jelsma be appointed to the Law Enforcement Standards Board based on his knowledge, experience, and commitment to public service.

HARRY KUBOJIRI

Your Committee received testimony in support of the nomination for the appointment of Harry Kubojiri from the County of Hawai'i Police Department and County of Maui Police Department.

Upon review of the testimony, your Committee finds that Mr. Kubojiri's experience, background, and commitment to public service qualify him to be nominated for appointment to the Law Enforcement Standards Board. Your Committee notes that Mr. Kubojiri has over thirty-seven years of professional law enforcement experience. His most recent position was at the Hawaii County Police Department where he served as the Police Chief for eight years. During the course of Mr. Kubojiri's career, he has gained broad experiences and extensive knowledge about the administrative procedures of law enforcement in the State. Your Committee further notes that Mr. Kubojiri is an active member in professional and community organizations having served on the Joint Terrorism Task Force, International Association Chiefs of Police, and Governor's Committee on Crime. Your Committee therefore recommends that Mr. Kubojiri be appointed to the Law Enforcement Standards Board based on his knowledge, experience, and commitment to public service

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1528 Ways and Means on H.B. No. 189

The purpose and intent of this measure is to authorize the Chief Justice of the Hawaii Supreme Court to designate circuit court judges, retired intermediate appellate judges, or retired supreme court justices to temporarily fill vacancies on the Intermediate Court of Appeals.

Your Committee received written comments in support of this measure from the Judiciary; Appellate Section of the Hawaii State Bar Association; civil practitioners, including former presidents of the Hawaii State Bar Association; and one individual.

Your Committee finds that the authorization provided by this measure would allow the Intermediate Court of Appeals to maintain its full complement of six judges to more efficiently address the court's heavy case load.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 189, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1529 Ways and Means on H.B. No. 631

The purpose of this measure to is to accommodate within the justice system certain traffic violators who are facing financial hardship.

More specifically, the measure:

- Authorizes courts to adjust, based on a person's ability to pay, the amount owed or installments to be paid by a person who
 violates certain traffic offenses;
- (2) Amends the ratio of imprisonment term to contumacious nonpayment, from a maximum of one day for each \$25 of a fee or fine, to a maximum of one day for each \$250 of a fee or fine; and
- (3) Increases the amount of credit given to a person committed for contumacious nonpayment, from \$25 per day to \$250 per day.

Your Committee received written comments in support of this measure from the Office of the Public Defender, Neighborhood Place of Puna, Community Alliance on Prisons, and three individuals.

Your Committee received written comments on this measure from the Department of the Prosecuting Attorney, City and County of Honolulu.

Your Committee finds that the Financial Hardship Task Force, among other matters, made several recommendations for improving the processing of certain traffic offense to address individuals facing financial hardship. Your Committee notes that this measure implements a number of the recommendations made by the task force.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 631, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1530 Ways and Means on H.B. No. 1115

The purpose and intent of this measure is to require that moneys received from civil litigation in which the State is a party shall be deposited into the emergency and budget reserve fund, unless required to be deposited elsewhere.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that due to the ongoing economic impact of the coronavirus disease 2019 pandemic, moneys from the emergency and budget reserve fund were transferred out of the fund causing the fund balance to decrease from \$378,237,160 on June 30, 2019, to \$58,880,670 on June 30, 2020. Accordingly, your Committee finds that authorizing the deposit of certain moneys received by the State through civil litigation will help to replenish the emergency and budget reserve fund.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1115, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Shimabukuro, Taniguchi, Wakai).

SCRep. 1531 Judiciary on Jud. Com. No. 35

Recommending that the Senate consent to the appointment of the following:

DISTRICT FAMILY COURT OF THE THIRD CIRCUIT

J.C. No. 35 JEFFREY W. NG, for a term to expire in 6 years

Your Committee reviewed the personal history, resume, and statement submitted by Jeffrey W. Ng for appointment to the District Family Court of the Third Circuit, State of Hawaii.

Your Committee received testimony in support of the appointment of Jeffrey W. Ng from the State Public Defender, Big Island Junior Golf Association, the Honorable Barbara T. Takase-retired, the Honorable Derrick H.M. Chan-retired, the Honorable Michael A. Town-retired, and forty-six individuals. Your Committee received comments on the appointment of Jeffrey W. Ng from the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors found the appointee to be qualified for the position of District Family Court Judge of the Third Circuit based on established criteria for determining the qualifications of judicial appointments generally using the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Specifically, the Board uses the following criteria in its deliberations: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and ability to perform the responsibilities and duties required of the position for which the applicant has been appointed. The Board's rating system includes the categories of "qualified" and "not qualified".

Mr. Ng received his Bachelor of Arts degree in Economics from the University of Michigan. He later received his Doctor of Jurisprudence from the William S. Richardson School of Law, after which he served as a law clerk for the Honorable Derrick H.M. Chan on the First Circuit Court of the State of Hawaii.

Since 2012, Mr. Ng has worked as Supervising Attorney for the Hilo Office in the Office of the Public Defender. Prior to taking that position, he served as a deputy public defender in the Office of the Public Defender in Honolulu since 2003. His current duties primarily include defending clients in bench and jury trials; researching, drafting, and arguing substantive motions; and providing advice and counsel to clients. In his practice, he has handled complex cases involving mental health and emotional disturbance issues and novel questions of court procedure, among other issues.

Mr. Ng has been involved in the legal community throughout his career, having served as both President and Vice-President of the Hawaii County Bar Association. He is an apprentice mediator at Ku'ikahi Mediation Center, and has been a member of the Hawaii' Access to Justice Foundation's Committee on Initiatives to Enhance Civil Justice. In addition, he has served as an assistant baseball coach in the Andrews Athletic Association and Chairperson of the Hawaii County Bar Association's Annual Scholarship Golf Tournament.

Testimony submitted in support of Mr. Ng's appointment commend his professionalism, integrity, and legal knowledge. During his tenure at the Office of the Public Defender, he has demonstrated a capacity to treat each individual with dignity, respect, and compassion. Numerous testifiers praised his deep commitment to ensuring fair and equitable access to justice for his clients, regardless of their background or status.

Your Committee finds that, based on the testimony submitted on his behalf, responses to questions asked by the members of your Committee, and your Committee's review of information about him and his qualifications, Jeffrey W. Ng has the experience,

temperament, and other competencies to be a District Family Court Judge of the Third Circuit, and he has the legal expertise, integrity, and demeanor to fully and faithfully discharge the duties associated with that judicial office.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Keohokalole, Kim, Fevella). Noes, none. Excused, none.

SCRep. 1532 Ways and Means on H.B. No. 765

The purpose and intent of this measure is to appropriate moneys to the Hawaii Emergency Management Agency for the acquisition of mobile communications, water, and power services capabilities that may be deployed to each county as needed.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that recent disasters and other incidents throughout the State, including flooding, volcanic eruptions, fires, and the coronavirus disease 2019 pandemic, exemplify the State's need for mobile emergency response communications, power, and water services.

Your Committee has amended this measure by changing the effective date to July 1, 2051, to facilitate further discussion on the

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 765, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 765, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1533 Ways and Means on H.B. No. 776

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Pueo Development, LLC, in building a master planned community on Hawaiian Home Lands.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands; Pueo Development, LLC; Waimanalo Hawaiian Homes Association; Waiohuli Hawaiian Homesteaders Association, Inc.; and five individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the special purpose revenue bonds authorized by this measure will support the development of low- and moderate-income housing, rental housing units, elderly care units, alternative energy systems, agriculture, and infrastructure.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 776, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 776, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1534 Ways and Means on H.B. No. 835

The purpose and intent of this measure is to appropriate moneys for the ongoing operations of the Hawaii National Guard Youth Challenge Program.

Your Committee received written comments in support of this measure from the Judiciary; Office of the Prosecuting Attorney of the County of Hawaii; Aina University; Family Tree Project, LLP; Frederick A. Nitta, M.D., Inc.; Hilo Y's Men and Women's Club; Hoola Na Pua; and numerous individuals.

Your Committee finds that appropriating moneys for the ongoing operations of the Hawaii National Guard Youth Challenge Program will allow for the continued provision of services to ensure that certain "at promise" youth are diverted from the juvenile justice system and learn structural and educational values and skills.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 835, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 835, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1535 Ways and Means on H.B. No. 941

The purpose and intent of this measure is to permit the Public Utilities Commission to use electronic filing processes and require that these processes comply with various federal laws and regulations to ensure equal access for individuals with disabilities.

Your Committee received written comments in support of this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs; Public Utilities Commission; Hawaiian Electric Company, Inc.; and one individual.

Your Committee finds that due to the coronavirus disease 2019 pandemic, the Public Utilities Commission has temporarily altered its filing processes to, among other things, only require the filing of electronic copies instead of filing both hard copies and electronic copies. Your Committee also finds that this measure will allow the Public Utilities Commission to modernize its filing practices on a permanent basis.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 941, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 941, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1536 Ways and Means on H.B. No. 943

The purpose and intent of this measure is to establish regulatory oversight of nondepository trust companies, which includes the framework for the Department of Commerce and Consumer Affairs to assess annual fees to offset the costs of regulations.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that nondepository trust companies operate much like the trust departments of banks but do not accept deposits or offer loans. Your Committee further finds that this measure will allow qualified nondepository trust companies to serve as fiduciaries that help to administer and manage the assets of a growing number of consumers who need assistance with asset management but do not qualify for the wealth management services provided by banks and large investment firms.

Your Committee has amended this measure by:

- (1) Making an appropriation out of the compliance resolution fund for fiscal years 2021-2022 and 2022-2023 to clarify the authority of the Division of Financial Institutions of the Department of Commerce and Consumer Affairs to expend \$4,000 of the fees collected pursuant to this measure to administer the nondepository trust company program created by the measure; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 943, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 943, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1537 Ways and Means on H.B. No. 1132

The purpose and intent of this measure is to authorize the issuance of general obligation bonds, the proceeds of which shall be appropriated into and out of the rental housing revolving fund for phase I of the construction of a senior affordable housing project.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority, AARP Hawaii, Hawaiian Humane Society, Catholic Charities Hawaii, Partners in Care, and four individuals.

Your Committee finds that the senior affordable housing project funded by this measure will help address the affordable housing crisis in the State, generate jobs, and help support local businesses.

Your Committee has amended this measure by:

- (1) Changing the amounts of the general obligation bonds authorized and the moneys appropriated to unspecified sums; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1132, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1132, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1538 Ways and Means on H.B. No. 79

The purpose and intent of this measure is to increase homeownership opportunities for residents of the State.

Specifically, this measure:

- (1) Establishes an affordable homeownership revolving fund, to be administered by the Hawaii Housing Finance and Development Corporation, to provide loans to nonprofit community development financial institutions and nonprofit housing development organizations for the development of affordable homeownership housing projects; and
- (2) Appropriates funds from the affordable homeownership revolving fund to facilitate loans for the development of affordable for-sale housing projects.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation; Maui Chamber of Commerce; HOPE Services Hawaii; Hawaii Habitat for Humanity Association, Inc.; Hawaii Community Foundation; and three individuals.

The Department of Budget and Finance submitted written comments on the measure.

Your Committee finds that the loan funding provided by this measure will help to ease the State's affordable housing crisis by increasing the availability of affordable owner-occupied housing to meet demand.

Your Committee has amended this measure by:

- (1) Deleting the specific amounts appropriated and leaving them unspecified to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 79, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 79, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1539 Ways and Means on H.B. No. 286

The purpose and intent of this measure is to facilitate the gathering of more accurate data regarding real estate investment trusts.

More specifically, this measure authorizes the Department of Taxation to require real estate investment trusts to notify the Department of their presence within the State and to annually report assets and revenues generated.

Your Committee received written comments in support of this measure from the Department of Taxation, Americans for Democratic Action, Democratic Party of Hawaii Education Caucus, Faith Action for Community Equity, Hawaii Children's Action Network Speaks!, Hawaii State Teachers Association, Imua Alliance, League of Women Voters of Hawaii, and seven individuals.

Your Committee received written comments in opposition to this measure from the Securities Industry Association of Hawaii.

Your Committee received written comments on this measure from Alexander and Baldwin; Douglas Emmett; NAIOP Hawaii; Nareit Hawaii; Park Hotels and Resorts, Inc.; and Tax Foundation of Hawaii.

Your Committee finds that real estate investment trusts play a significant role in Hawaii's economy. However, your Committee also finds that assets of and revenues generated by real estate investment trusts may not have been reported to and accurately recorded by the State. Your Committee believes that, as Hawaii faces major budget shortfalls this year and for several years to come, it is imperative that all business entities provide accurate reporting to the Department of Taxation of their assets and generated revenues.

Your Committee has amended this measure by:

- (1) Clarifying that the measure shall apply to taxable years beginning after December 31, 2021; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 286, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 286, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1540 Ways and Means on H.B. No. 606

The purpose and intent of this measure is to authorize the issuance of general obligation bonds, the proceeds of which are to be deposited into the dwelling unit revolving fund and rental housing revolving fund.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation, AARP Hawaii, Hawaiian Humane Society, Catholic Charities Hawaii, Partners in Care, Neighborhood Place of Puna, and two individuals.

Your Committee finds that the funds provided by this measure will support the construction of affordable rental housing, help reduce homelessness, and help address the State's affordable housing crisis.

Your Committee has amended this measure by changing the amounts of the general obligation bonds authorized to unspecified sums to facilitate further discussion on this measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 606, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 606, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1541 Ways and Means on H.B. No. 683

The purpose and intent of this measure is to establish the sustainable aviation fuel program to provide matching grants to small businesses developing products related to sustainable aviation fuel or commercial aviation greenhouse gas reduction.

Your Committee received written comments in support of this measure from the Hawaii State Energy Office, Airlines for America, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawaii, Imua Alliance, and eight individuals.

Your Committee received written comments on this measure from the Hawaii Technology Development Corporation and Office of Planning.

Your Committee finds that establishing a sustainable aviation fuel program will help to reduce greenhouse gas emissions and potentially create a new, valuable industry in the State.

Your Committee has amended this measure by:

- (1) Inserting a definition of the term "small business," which shall have the same meaning as in section 201M-1, Hawaii Revised Statutes:
- (2) Clarifying the definition of the term "sustainable aviation fuel" to include a reference to renewable aviation turbine fuel derived from organic sources, as described in section 269-91, Hawaii Revised Statutes; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 683, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 683, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1542 (Majority) Judiciary on H.B. No. 1029

The purpose and intent of this measure is to repeal Act 15, Special Session Laws of Hawaii 2009.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that Act 15, Special Session Laws of Hawaii 2009 (Act 15), in part, establishes a Living Park Planning Council to develop a master plan for each state living park that will provide the framework, proposed rules, measurements for success, and planning process to ensure that the living park achieves its purpose and goals. Your Committee further finds that, after ten years, over eighty meetings, and the retention of a private planning contractor, there has been no progress made on the Ahupua'a 'O Kahana State Park master plan and there has been no further discussion to establish a master plan nor to convene the Living Park Planning Council.

Although the Living Park Planning Council structure has not been proven to be productive, your Committee notes that Act 15 established an eviction moratorium and authorized the Department of Land and Natural Resources to issue long-term residential leases in addition to establishing the Living Park Planning Council. Because the title of this measure is specifically limited to living park planning councils, your Committee finds that repealing Act 15 in its entirety would bring this measure into conflict with the requirement under article 3, section 14, of the Hawaii State Constitution, that "[each] law shall embrace but one subject, which shall be expressed in its title".

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that repeals Act 15 in its entirety;
- (2) Amending Act 15 by:
 - (A) Repealing sections that establish the Living Park Planning Council; and
 - (B) Authorizing the Department of Land and Natural Resources to oversee development and implementation of a master plan for the Kahana community; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1029, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1029, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Fevella). Noes, 1 (Acasio). Excused, none.

SCRep. 1543 Judiciary on H.B. No. 391

The purpose and intent of this measure is to establish a process for the early termination of a rental agreement for certain active duty servicemembers who receive military orders to vacate civilian housing and move into on-post government quarters or die while serving on active duty.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that a servicemember who becomes divorced, no longer has dependents, or does not have physical custody of children may lose their housing allowance. In such an event, the servicemember is required to move into barracks, regardless of any valid lease to which they are a party. Your Committee further finds that this measure will help to ensure that servicemembers will not have to face evictions or serious financial hardship if they are no longer eligible for a basic housing allowance and need to terminate a residential lease for off-post housing.

Your Committee has amended this measure by:

- (1) Clarifying that the written notice of early termination of a rental agreement is required to be accompanied by written proof that a servicemember tenant's request to maintain their housing allowance has been denied and either a copy of official military orders or a written verification signed by the servicemember tenant's commanding officer;
- (2) Inserting an effective date of November 1, 2021; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 391, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 391, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 1544 Ways and Means on H.B. No. 871

The purpose and intent of this measure is to establish an agricultural enterprise program within the Department of Agriculture to promote and support diversified agriculture and increase the State's agricultural self-sufficiency.

Specifically, this measure:

- Authorizes the Department of Agriculture or its lessees to plan, design, construct, operate, manage, maintain, repair, demolish, and remove infrastructure and improvements on any lands under the Department's jurisdiction to support and promote agriculture;
- (2) Requires the Department of Agriculture to administer an agricultural enterprise program to manage, under rules adopted by the Board of Agriculture, qualifying agricultural enterprise lands and agricultural enterprises transferred from the Department of Land and Natural Resources; and
- (3) Establishes the agricultural enterprise special fund.

Your Committee received written comments in support of this measure from the Department of Agriculture; University of Hawaii; Hawaii Farm Bureau; Hawaii Aquaculture and Aquaponics Association; East Oahu County Farm Bureau; Larry Jefts Farms, LLC; Hawaii Food+Policy Internship Program; Hawaii Cattlemen's Council; Local Food Coalition; Land Use Research Foundation of Hawaii; Ulupono Initiative; Kalera, Inc.; Hawaii Crop Improvement Association; AG Matters, LLC; and eight individuals.

Your Committee finds that the agriculture industry must adapt to rapid developments in agricultural technology and methodology in order to meet the food sustainability goals of the State. Your Committee further finds that the flexibility provided by this measure to the Department of Agriculture in its disposition of public lands will help to modernize the industry by allowing and promoting innovative approaches that optimize productivity; supporting and promoting agriculture through various means including farmers markets, food hubs, and processing facilities; and fostering agricultural education and training.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 871, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1545 Ways and Means on H.B. No. 434

The purpose and intent of this measure is to help ensure the safe operation of tour aircraft.

Specifically, this measure requires the Director of Transportation to adopt administrative rules that require applicants for tour aircraft operations permits to:

- (1) Have commercial general liability insurance coverage of not less than \$10,000,000; and
- (2) Provide a report to the Department of Transportation of each tour operation that occurred during the duration of the expiring permit.

Your Committee received written comments in support of this measure from the Oahu Tour Helicopter Safety and Noise Inter-Action Group and one individual.

Your Committee received written comments in opposition to this measure from the Aircraft Owners and Pilots Association, Hawaii Helicopter Association, Helicopter Association International, and Jack Harter Helicopters.

Your Committee finds that this measure will help to minimize the number of future helicopter and small aircraft accidents and mitigate the potential losses resulting from these accidents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 434, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1546 Ways and Means on H.B. No. 525

The purpose and intent of this measure is to authorize the construction of teacher housing on any public school campus.

Specifically, this measure:

- (1) Requires the Department of Education to partner with the Hawaii Public Housing Authority, Hawaii Housing Finance and Development Corporation, and School Facilities Agency for any teacher housing facility that the Department of Education may construct on a public school campus; and
- (2) Sets out eligibility requirements for the rental of on-campus teacher housing units to public school teachers.

Your Committee received written comments in support of this measure from the Department of Education, Hawaii Public Housing Authority, Hawaii Housing Finance and Development Corporation, Hawaii State Teachers Association, and two individuals.

The Hawaii Government Employees Association submitted written comments on the measure.

Your Committee finds that the construction of on-campus housing facilities authorized by this measure will help the State to recruit and retain more public school teachers by significantly reducing their housing costs, especially in geographically isolated and high-priced residential rental locations.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 525, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1547 Judiciary on Gov. Msg. No. 713

Recommending that the Senate advise and consent to the nomination of the following:

CIVIL RIGHTS COMMISSION

G.M. No. 713 WILLIAM PUETTE, for a term to expire 06-30-2025

Your Committee has reviewed the personal history, curriculum vitae, and statement submitted by the nominee and finds William Puette, Ph.D, to possess the requisite qualifications to be nominated for reappointment to the Hawai'i Civil Rights Commission.

Your Committee received testimony in support of the nomination for the reappointment of William Puette from the Hawai'i Civil Rights Commission; Democratic Party of Hawai'i; Hawaii State AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; and two individuals.

Upon review of the testimony, your Committee finds that Dr. Puette brings a wealth of experience and expertise to the Hawai'i Civil Rights Commission, as well as an impressive record of demonstrated commitment to civil rights for the people of the State. Your Committee notes that Dr. Puette has been a Commissioner since 2019, and that his background in labor education and as a professional parliamentarian have added valuable perspective to the work of the Commission. Additionally, Dr. Puette is a faculty member at the University of Hawai'i West O'ahu Center for Labor Education and Research, and the principles of fairness and equity permeate his work at that institution. Your Committee further finds that Dr. Puette's experience, professionalism, and commitment to advancing civil rights for the people of the State will continue to be great assets to the Hawai'i Civil Rights Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1548 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 546

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 546 ROXANNE BRUHN, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Roxanne Bruhn for service on the Advisory Board on Veterans' Services.

Your Committee received testimony in support of the nomination for the appointment of Roxanne Bruhn from the State Office of Veterans Services, State Advisory Board on Veterans' Services, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Bruhn's background and passion for advocating on behalf of the veteran population qualify her to be nominated for appointment to the Advisory Board on Veterans' Services. Your Committee further finds that Ms. Bruhn has over thirty-one years of distinguished service in the United State Air Force. Your Committee notes that Ms. Bruhn was an invaluable member of the State Office of Veterans Services as a staunch advocate for veterans. Your Committee

also notes that while on the Hawaii Women's Military Veterans Task Force as Vice-Chair in 2012, the task force developed a viable charter, established a web page for women veterans, and participated in several key-note events that highlighted women in the military and veterans. Your Committee therefore recommends that Ms. Bruhn be appointed to the Advisory Board on Veterans' Services based on her knowledge, leadership, integrity, and dedication.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1549 Hawaiian Affairs on Gov. Msg. No. 576

Recommending that the Senate advise and consent to the nomination of the following:

HAWAIIAN HOMES COMMISSION

G.M. No. 576 DAVID KAAPU, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by David Kaapu for service on the Hawaiian Homes Commission.

Your Committee received testimony in support of the nomination for the reappointment of David Kaapu from the Department of Hawaiian Home Lands, two Commissioners of the Hawaiian Homes Commission, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Kaapu's background in law and extensive experience on the Hawaiian Homes Commission qualify him to be reappointed to the Hawaiian Homes Commission. Your Committee notes that Mr. Kaapu is an attorney who specializes in quiet title, business law, estate planning, general litigation, and land use. Mr. Kaapu has been a Commissioner of the Hawaiian Homes Commission for seven years and currently serves as the Vice Chairman for the Commission, where he utilizes his legal knowledge to assist the Commission to make well-informed decisions on various matters. Mr. Kaapu has also conducted contested case hearings and drafted findings of facts and conclusions of law when the Chairman has been conflicted for contested case hearings. His experiences serving on permitted interaction committees, including his current membership on the Pastoral Committee, Investment Committee, and the King's Landing Committee provides necessary institutional knowledge key to the operation of the Hawaiian Homes Commission.

Mr. Kaapu has also served on a number of boards, including the Hawaii State Bar Association, West Hawaii Bar Association, Friends of NELHA, Hawaii Community Federal Credit Union, and Agricultural Leadership Foundation of Hawaii. Your Committee finds that Mr. Kaapu's dedication to the community and background and knowledge in law will continue to make him an asset to the Hawaiian Homes Commission.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, 1 (Ihara).

SCRep. 1550 (Majority) Hawaiian Affairs on Gov. Msg. Nos. 577 and 578

HAWAIIAN HOMES COMMISSION

G.M. No. 577 MICHAEL KALEIKINI, for a term to expire 06-30-2025; and

G.M. No. 578 DENNIS NEVES, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Michael Kaleikini and Dennis Neves for service on the Hawaiian Homes Commission.

MICHAEL KALEIKINI

Your Committee received testimony in support of the nomination for the appointment of Michael Kaleikini from the Department of Hawaiian Home Lands, Panaewa Hawaiian Home Lands Community Association, two Commissioners of the Hawaiian Homes Commission, and one individual. Your Committee received testimony in opposition to the nomination for the reappointment from fifteen individuals.

Upon review of the testimony, your Committee finds that Michael Kaleikini possesses a background in plant operations, community engagement, administration, and business development, has experience on the Hawaiian Homes Commission, and is dedicated to serving the public. Your Committee notes that Mr. Kaleikini has had over twenty-eight years of experience in geothermal power plant operations and business development. Mr. Kaleikini is currently the Senior Director of Hawaii Affairs at Puna Geothermal Venture, an Ormat company.

While your Committee commends Mr. Kaleikini for his willingness to serve and acknowledges his extensive experience in business management, the Committee noted concerns that Mr. Kaleikini may seek to advance business interests at the expense of Hawaiian Homes Commission Act beneficiary interests and has concerns about his lack of proactive community engagement. Additionally, homestead associations across East Hawaii established an open community application and selection process for the East Hawaii Hawaiian Homes Commissioner seat, in which Mr. Kaleikini did not participate.

Due to the above concerns regarding Mr. Kaleikini, the members of your Committee were equally divided upon taking the vote on the Chair's recommendation to advise and consent to Mr. Kaleikini's nomination for appointment to the Hawaiian Homes Commission. This resulted in the recommendation not being adopted by your Committee; nevertheless, the nomination will move to the Senate floor for a final vote pursuant to Senate Rule 37.

DENNIS NEVES

Your Committee received testimony in support of the nomination for the appointment of Dennis Neves from the Department of Hawaiian Home Lands, two Commissioners from the Hawaiian Homes Commission, and five individuals. Your Committee received testimony in opposition to the nomination for the reappointment from two individuals.

Upon review of the testimony, your Committee finds that Mr. Neves' background, experience, and current service on the Commission qualify him for nomination for reappointment to the Hawaiian Homes Commission as a representative of the County of Kauai. Mr. Neves' career at San Francisco International Airport reflects continuing and increasing responsibilities and his final position as Terminal Systems Manager involved project management and contracting responsibilities. After his return to Hawaii, Mr. Neves held the position of Airport District Manager for Kauai Airports where he coordinated airport daily activities with the Transportation Security Administration, United States Department of Agriculture, and Federal Aviation Administration. Mr. Neves held that position until his retirement and is now a homesteader who lives in Anahola, Kauai.

Your Committee finds that Mr. Neves possesses a vast experience with executive and operational management, federal rules and standards, budget development and control, personnel education and development, dispute resolution, and project management. Furthermore, your Committee finds that Mr. Neves' experience of moving away from Hawaii for work for several years before returning is common in the Hawaiian community and Mr. Neves represents those with a similar experience on the Commission. Mr. Neves' homestead insights and his commitment to serve the people and purpose of the Hawaiian Homes Commission are admirable in his current role as a Commissioner.

Upon taking the vote, members of your Committee were divided, with two ayes and two nays on the Chair's recommendation to advise and consent to the nomination of the reappointment of Mr. Neves to the Hawaiian Homes Commission. This resulted in the recommendation not being adopted by your Committee; nevertheless, the nomination will move to the Senate floor for a final vote pursuant to Senate Rule 37.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, lack a majority of votes to recommend that the Senate either advise and consent or not advise and consent to the nominations and return the nominations to the full Senate for consideration in accordance with Senate Rule 37(3), which states: "The final question on nominations made by the Governor shall be: "Will the Senate advise and consent to this nomination?"".

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 577: Ayes, 2; Ayes with Reservations (Shimabukuro). Noes, 2 (Acasio, Fevella). Excused, 1 (Ihara).

For Gov. Msg. No. 578: Ayes, 2. Noes, 2 (Acasio, Fevella). Excused, 1 (Ihara).

SCRep. 1551 Ways and Means on H.B. No. 53

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and make constitutionally-required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that in accordance with Article VII, section 13, of the Hawaii State Constitution, the total amount of principal and interest estimated for the general obligation bonds authorized under this measure and for all bonds authorized and unissued and calculated for all bonds issued and outstanding, will not cause the debt limit to be exceeded at the time of issuance.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 53, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 53, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Inouye, Shimabukuro, Taniguchi, Wakai).

SCRep. 1552 Ways and Means on H.B. No. 54

The purpose and intent of this measure is to appropriate funds for deposit into the emergency and budget reserve fund established pursuant to section 328L-3, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Kauai Watershed Alliance and Ben Dyre Family Limited Partnership.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that due to the ongoing economic impact of the coronavirus disease 2019 pandemic, moneys from the emergency and budget reserve fund were transferred out of the fund, causing the fund balance to decrease from \$378,237,160 on June 30, 2019, to \$58,880,670 on June 30, 2020. Accordingly, your Committee finds that appropriating moneys from the general fund will help to replenish the balance of the emergency and budget reserve fund.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 54, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 54, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1553 Ways and Means on H.B. No. 200

The purpose and intent of this measure is to appropriate funds for the operating costs of the executive branch for the fiscal biennium beginning July 1, 2021, and ending June 30, 2023.

Your Committee received testimony in support of this measure from the Office of Information Practices; Department of Commerce and Consumer Affairs; Executive Office on Aging; Executive Office on Early Learning; Land Use Commission; Hawaii Green Infrastructure Authority; Office of Community Services; Department of Accounting and General Services; Hawaii State Public Library System; Office of Planning; Hawaii Housing Finance and Development Corporation; Department of the Prosecuting Attorney of the City and County of Honolulu; University of Hawaii-University Budget Office; Hawaii State Commission on the Status of Women; Catholic Charities Hawaii; Partners In Care; Hawaii Technology Development Corporation; Policy Advisory Board for Elder Affairs, The Kauai Watershed Alliance; Bricklayers Union, Local 1; Hawaii Friends for Civil Rights; Early Learning Board; Hawaii Health Systems Corporation; Hawaii Coalition for Immigrant Rights; Hawaii Children's Action Network Speaks!; University of Hawaii; Early Childhood Action Strategy; Ben Dyre Family Limited Partnership; Women's Coalition; National Association of Crime Victim Com; Americans for Democratic Action; Kauai Watershed Alliance; Special Education Advisory Council; and two individuals.

Your Committee received testimony in opposition to this measure from the Workforce Development Council; McKinley Community School for Adults; Hoisting Machine Operators Advisory Board; Department of Taxation; Workforce Development Council; State Career and Technical Education Office; Department of Public Safety; Stadium Authority; State Health Planning and Development Agency; Office of the Public Defender; Department of Defense; Hawaii Tourism Authority; Department of Education; County of Maui, Office of Economic Development and Member of the Workforce Development Council; Briant808 LLC; Nordic PCL Construction, Inc.; The Trust for Public Land; Mothers Against Drunk Driving; Work for Warriors Hawaii; Hawaii Carpenters Apprenticeship and Training Fund; Hawaii Laborers' Union Local 368; HiEmployment and WDC; Honolulu Joint Apprenticeship and Training Committee for the Plumbing & Pipefitting Industry PAMCAH-UA Local 675 Training Fund; Responsive Caregivers of Hawaii; Arc of Kona; Full Life; O Ke Kai Kau Lapaau; Crime Victim Compensation Commission; Hawaii Autism Foundation; State Council on Developmental Disabilities; Elder Care 808; National Down Syndrome Society; Immersive Wellness Medicine; DD Council; K.E.L.I.I. Foundation; WIOA Youth Services Program Maui; MCSA Farrington; Career and Technical Education; and forty-seven individuals.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations; John A. Burns School of Medicine; Department of Education; Department of Budget and Finance; Department of Business, Economic Development, and Tourism; Office of the Governor; Department of Human Resources Development; Department of Health; Hawaii State Public Charter School Commission; Hawaii Public Housing Authority; Department of the Attorney General; Department of Hawaiian Home Lands; Division of Vocational Rehabilitation; Office of Enterprise Technology Services; Hawaii State Energy Office; Department of Transportation; Hawaii Public Utilities Commission; Department of Land and Natural Resources; Department of Human Services; Hawaii Department of Agriculture; Waipahu High School Early College; Maui County Department of the Prosecuting Attorney; County of Kauai Office of the Prosecuting Attorney; Hawaii Laborers and Employers Cooperation and Education Trust Fund; Hawaii Construction Alliance; Pacific Resource Partnership; Hawaii Regional Council of Carpenters; Conservation Council for Hawaii Authority; Grassroot Institute of Hawaii; Natural Energy Laboratory of Hawaii; Hawaii Community Development Authority; Maui Health System; Goodwill Industries of Hawaii, Inc.; Sex Abuse Treatment Center; Hope Services Hawaii; The Nature Conservancy Hawaii; American Association of University Women of Hawaii; Hawaii Pacific Health; Ohana Pacific Management Company; PHOCUSED; 501c3 Partners; Hawaii State Coalition Against Domestic Violence; United Public Workers, AFSCME Local 646 UPW; State Foundation on Culture and the Arts; Hunt Companies – Hawaii; and eleven individuals.

PART I. OVERVIEW

This measure, as received, includes:

- (1) The base budget from Act 9, Session Laws of Hawaii (SLH) 2020;
- (2) The addition of previously appropriated collective bargaining amounts in prior acts;
- (3) The adjustment amounts necessary to fulfill the Employees' Retirement System, Employer-Union Health Benefits Trust Fund, debt service, and Medicaid requirements for the 2021-2023 biennium; and
- (4) The reduction of non-recurring amounts identified in the 2020 and 2021 executive budget worksheets issued by the Legislature.

Your Committee has amended this measure to include:

- (1) The approved executive requests for trade-offs, transfers, changes to means of financing, conversions of positions from temporary to permanent, ceiling increases or decreases, and reductions;
- (2) Additional funding for priority budget requests;
- (3) Additional American Rescue Plan Act of 2021 funds totaling \$1,600,000,000,000; and
- (4) The State of Hawaii fund allocation to meet the federal Maintenance of Effort requirement.

	Fiscal Year 2021-2022		Fiscal Year 2022-2023	
	All Funds	General Funds	All Funds	General Funds
Executive Budget Act 9, SLH 2020	\$15,340,887,786	\$7,733,565,519	\$15,672,211,865	\$8,026,960,067
Executive Budget Request	\$15,416,743,597	\$7,685,972,117	\$15,521,316,276	\$7,798,266,153
Net Change in Senate Draft	\$989,159,753	\$278,042,127	\$1,060,476,212	\$228,984,944
Total Appropriation	\$16,405,903,350	\$7,964,014,244	\$16,581,792,488	\$8,027,251,097

PART II. GENERAL FUND REVENUES AND ECONOMY

The Council on Revenues increased its general fund tax revenue projection at both its January 2021 and March 2021 meetings.

When the Council met, their forecast assumed the passage of the \$1.9 trillion Federal stimulus bill (the American Rescue Plan Act of 2021). The Council's forecast also assumed that Hawaii's economy will continue to open up steadily without significant regulatory restrictions and shutdowns affecting businesses and individuals, and that travel restrictions will continue to become more relaxed and visitor arrival numbers will return to relatively normal levels in the near future.

The Council's fiscal year 2021 forecast considered and discussed the fiscal impacts of the delay in the income tax filing deadline from April 2020 to July 2020, which resulted in a shift of approximately \$308 million from fiscal year 2020 to fiscal year 2021 and the adverse impact on tax collections due to businesses affected by the 2020 pandemic shutdown and restrictions. The Council acknowledged that economic activity continues its upward trajectory since the last shutdown in September 2020. In addition, the Council discussed the impacts of the American Rescue Plan Act of 2021 that it expected to be passed in March 2021 and the taxation of benefits received from Unemployment Insurance and the Pandemic Unemployment Assistance (PUA) program.

The Council acknowledged that the coronavirus disease 2019 (COVID-19) continues to represent a serious risk to public health and the State's economy. Future tax revenues are highly dependent on the trajectory of the virus, new variants, the availability and efficacy of vaccines, rapid low-cost testing, and the state, county, and federal governments' ability to manage health risks while at the same time supporting economic activities. Given the prominent role of tourism in Hawaii's economy, the number of visitors to the State will have major impacts on the economy and tax collections. The Council recognized that international visitor arrivals may lag domestic visitor arrivals since certain other countries are behind the United States in their vaccination programs.

The new forecasts for the state general fund tax revenues for fiscal year 2021 through fiscal year 2027 are shown in the table below.

General Fund Tax Revenues

Fiscal Year	Amount (in Thousands of Dollars)	Growth From Previous Year
2021	\$6,527,438	-2.5%
2022	\$6,788,536	4.0%
2023	\$7,060,077	4.0%
2024	\$7,342,480	4.0%
2025	\$7,599,467	3.5%
2026	\$7,865,448	3.5%
2027	\$8,140,739	3.5%

PART III. COMMITTEE'S PRIORITIES

Your Committee has worked diligently to create a responsible financial plan that includes a budget that continues to fund critical services and programs. The Senate's approach to balancing the budget included considering the Council on Revenues' General Fund Forecast, allocating federal funds received from the American Rescue Plan Act, implementing revenue enhancers, sweeping excess special funds to the general fund, and strategic restructuring, reductions and cuts, and finally covering costs for Senate priorities.

Your Committee had the daunting task of balancing the state budget with the inclusion of \$1,600,000,000 allocated to the State through the American Rescue Plan Act of 2021 (ARPA). Numerous federal requirements, restrictions, and limitations were placed on how ARPA funds could be spent by the states. With limited guidance from the Department of Budget and Finance and the federal government, determining the most appropriate use of the money was very difficult. The Maintenance of Effort (MOE) requirement presented the greatest challenge for drafting a balanced budget.

Your Committee worked diligently to meet the proportional maintenance of effort funding requirements established under ARPA. Many hours were spent to ascertain accurate appropriations to the University of Hawaii, Department of Education, and all other state departments. The federal maintenance of effort requirements mandate the State to provide proportional funding in fiscal years 2022 and 2023 to elementary and secondary education, and higher education as compared to the overall state budget averaged over fiscal years 2017, 2018, and 2019. According to the Department of Budget and Finance, this averaged proportional allocation is 6.69 percent and 23.35 percent for higher education and lower education, respectively. Higher education encompasses the University of Hawaii, while lower education comprises the Department of Education minus libraries and early learning programs. The State faced economic hardships engendered by the COVID-19 pandemic. While there have been cuts across all departments in the previous fiscal biennium, the Department of Education took disproportionate cuts. This year's base appropriations for the Department of Education started

nearly 2 percent short of meeting the MOE, equal to approximately \$150,000,000. In this time of economic instability, the State is in no position to jeopardize federal support, and we present a budget that meets the MOE.

Your Committee believes it is important to limit the growth of government and reduce duplicative services. Where applicable, government agencies should be working with each other to provide services to Hawaii's residents. With that in mind, and incorporating each department's executive budget requests, your Committee reduced vacant positions and eliminated or consolidated departments or programs to align with the State's goals and priorities and achieve greater effectiveness and efficiencies.

Your Committee understands that there are many competing needs that the State must address. Your Committee recognizes the State's role in overseeing and managing a range of services for our kupuna; addressing issues surrounding homelessness; investing in the development of affordable housing; funding kindergarten through grade twelve education, early college programs, and the Hawaii Promise program; and scaling alternative education and trauma informed care programs statewide.

PART IV. OPERATING BUDGET

Accounting and General Services

The Senate Draft of the executive budget for the Department of Agriculture appropriates \$103,833,316 in fiscal year 2022 and \$102,906,61 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$83,766,125 in fiscal year 2022 and \$83,766,125 in fiscal year 2023 in non-general funds, of which \$741,288 in fiscal year 2022 and \$741,288 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- * Restore 1.5 permanent Staff Attorneys and \$153,967 for the Office of Information Practices;
- * Consolidate AGS130 and AGS131 Office of Enterprise Technology Services for efficiency and resource alignment;
- * Convert the funding of ten temporary positions and \$955,512 to special funds;
- Add \$550,000 in fiscal year 2022 and fiscal year 2023 for an insurance program for state risk management and insurance administration (ARPA);
- * Restore \$629,777 in fiscal year 2022 and \$259,554 in fiscal year 2023 for the Office of Elections Voting System;
- * Add \$287,000 in fiscal year 2022 for the 2021 reapportionment for the Office of Elections;
- * Deny the Aloha Stadium request for \$2,887,200 in fiscal year 2022 for operating costs and a structural assessment;
- Add five permanent positions and \$836,550 each year for information technology modernization for the unemployment insurance system, disability compensation, financial management, child and family welfare, behavioral health, and state employee benefits system; and
- Fund past performance database with \$80,000 in fiscal year 2022 and \$84,000 in fiscal year 2023 through trade-off funds from the State Procurement Office.

Agriculture

The Senate Draft of the executive budget for the Department of Agriculture appropriates \$12,580,622 in fiscal year 2022 and \$11,780,622 in fiscal year 2023 in general funds and \$41,017,050 in fiscal year 2022 and \$40,493,852 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- * Add \$800,000 ceiling increase for water infrastructure loans;
- * Reduce \$225,000 from Queen Bee Program;
- Add \$180,799 ceiling increase for agriculture resource management;
- * Add \$140,000 for one permanent Quality Assurance Administrator;
- * Add \$50,000 for the Hemp Licensing Program;
- * Add \$26,803 in fiscal year 2022 and \$53,605 in fiscal year 2023 for one temporary general accounting clerk;
- * Reduce \$500,000 for agriculture innovation projects;
- * Add \$600,000 in fiscal year 2022 and \$500,000 in fiscal year 2023 for pesticide disposal; and
- Add \$800,000 to start the Pesticide Disposal Program.

Attorney General

The Senate Draft of the executive budget for the Office of the Attorney General appropriates \$29,563,823 in fiscal year 2022 and \$29,541,823 in fiscal year 2023 in general funds and \$65,758,456 in fiscal year 2022 and \$65,870,706 in fiscal year 2023 in non-general funds.

- * Reduce \$870,000 from the Litigation Fund;
- Add \$870,000 for the Complex Litigation Fraud and Compliance Unit;

- * Restore \$1,800,000 for the Career Criminal and Victim Witness Program;
- * Restore \$714,000 for the Sex Abuse Treatment Center;
- Reduce \$22,000 in fiscal year 2022 and \$44,000 in fiscal year 2023 for building lease payments; and
- * Reduce \$400,000 for the Automated Fingerprint Information System yearly loan payment.

Business, Economic Development, and Tourism

The Senate Draft of the executive budget for the Department of Business, Economic Development, and Tourism appropriates \$13,077,044 in fiscal year 2022 and \$13,129,464 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$244,029,392 in fiscal year 2022 and \$244,029,392 in fiscal year 2023 in non-general funds, of which \$48,140,000 in fiscal year 2022 and \$48,140,000 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- * Reduce \$950,000 in fiscal year 2022 and in fiscal year 2023 for Strategic Marketing and Support;
- * Restore \$66,231 in fiscal year 2022 and \$132,462 in fiscal year 2023 for Statewide Land Use Management;
- * Reduce \$541,795 in fiscal year 2022 and \$615,103 in fiscal year 2023 for the State Energy Office;
- Change the means of financing from general funds to the Hawaii Community Development Revolving Fund for the Hawaii Community Development Authority;
- Reduce \$27,357,559 in special funds for the Hawaii Tourism Authority and change the means of financing for the remaining \$48,140,000 (ARPA);
- Transfer out \$550,000 in general funds from the Department of Business, Economic Development, and Tourism to the University
 of Hawaii for the Pacific International Space Center for Exploration System Program;
- * Transfer seven permanent positions and \$711,893 from Statewide Land Use Management to Statewide Planning and Coordination;
- * Transfer four permanent positions and \$245,200 from the Office of Environmental Quality Control to Statewide Planning and Coordination;
- * Transfer ten permanent positions and funds from Research and Statistics to Economic Planning and Research; and
- * Reduce six temporary positions and \$283,229 in special funds from the Natural Energy Laboratory of Hawaii Authority.

Budget and Finance

The Senate Draft of the executive budget for the Department of Budget and Finance appropriates \$3,092,005,164 in fiscal year 2022 and \$3,127,743,775 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$582,738,077 in fiscal year 2022 and \$575,960,535 in fiscal year 2023 in non-general funds, of which \$161,366,792 in fiscal year 2022 and \$154,525,250 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- * Restore \$626,000 subsidy to Bishop Museum (ARPA);
- Adds \$720,000 in fiscal year 2022 and \$240,000 in fiscal year 2023 for Iolani Palace (ARPA);
- Add one permanent budget analyst, one permanent accountant, and \$137,436 to monitor general obligation bond compliance;
- Add \$200,000 in fiscal year 2022 and fiscal year 2023 for a pharmacy benefits consultant for the Hawaii Employer Union Trust Fund;
- Add \$93,248,158 in fiscal year 2022 and \$122,625,227 in fiscal year 2023 for debt service;
- * Reduce \$9,076,579 in each fiscal year for retirement benefits;
- Add \$24,700,000 for health premium payments;
- Pay Annual Required Contribution/Other Post-Employment Benefits Prefunding in the amounts of \$378,368,000 in fiscal year 2022 and \$338,079,000 in fiscal year 2023; and
- * Add \$160,020,792 in fiscal year 2022 and \$153,659,250 in fiscal year 2023 for payment of working capital (ARPA).

Commerce and Consumer Affairs

The Senate Draft of the executive budget for the Department of Commerce and Consumer Affairs appropriates \$94,921,564 in fiscal year 2022 and \$92,097,564 in fiscal year 2023 in non-general funds.

- Increase the ceiling by \$700,000 in fiscal year 2022 and \$1,050,000 in fiscal year 2023 for the King Kalakaua Building repairs and maintenance;
- Increase the ceiling by \$3,500,000 in fiscal year 2022 and \$500,000 in fiscal year 2023 for the Business Registration Information Management/Registration Documents Processing Management System;

- * Increase the ceiling by \$100,000 for the VxRAIL Server for University of Hawaii Data Center;
- Increase the ceiling by \$175,000 in fiscal year 2022 and \$46,000 in fiscal year 2023 for core switch/firewall replacement for cybersecurity and protection of Department of Commerce and Consumer Affairs cloud assets; and
- * Increase the ceiling by \$125,000 for a server for data integration across divisions and departments.

Defense

The Senate Draft of the executive budget for the Department of Defense appropriates \$22,083,210 in fiscal year 2022 and \$19,833,210 in fiscal year 2023 in general funds and \$84,028,504 in fiscal year 2022 and \$84,028,504 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- * Restore 40.75 temporary positions and \$2,939,511 for the Hilo Youth Challenge Academy;
- * Add three permanent positions for the Kaneohe Burial Team;
- * Restore three permanent positions for the Kaneohe Burial Team;
- * Add \$329,096 for seven temporary positions for the Lava Project;
- * Create new program ID (DEF116) for Hawaii Army and Air National Guard;
- * Create new program ID (DEF118) for Hawaii Emergency Management Agency; and
- * Reduce \$2,250,000 in fiscal year 2022 and \$4,500,000 in fiscal year 2023 from the Major Disaster Fund.

Education

The Senate Draft of the executive budget for the Department of Education appropriates \$1,752,980,401 in fiscal year 2022 and \$1,769,550,001 in fiscal year 2023 in general funds and \$319,577,751 in fiscal year 2022 and \$319,577,751 in fiscal year 2023 in non-general funds.

- Eliminate the Office of Strategy, Innovation, and Performance and the Office of Information Technology Services to decentralize administrative support services to Complex Areas;
- * Add seven permanent positions and \$611,450 for Papahana O Kaiona Alternative Learning Programs;
- Add \$468,424 for teacher improvement services;
- * Add \$250,000 in fiscal year 2022 for proof-of-concept High Core Program;
- * Add \$5,000,000 for overtime for teachers to provide tutoring;
- * Add \$1,000,000 for the Farm-to-School Program expansion;
- Add \$3,000,000 for Alternative Learning Centers;
- Add \$5,000,000 for a teacher rental housing subsidy;
- Add \$1,000,000 in fiscal year 2023 for the School Facilities Agency;
- Add \$39,719,565 in fiscal year 2022 and \$47,719,5665 in fiscal year 2023 to fully restore and supplement funds for Indexed Complex Area Allocation;
- * Adds \$22,347,872 to partially restore defunded positions from Act 9, SLH 2020, for the weighted student formula;
- * Add \$1,500,000 for kindergarten through grade twelve programming at libraries;
- * Add \$5,124,000 in fiscal year 2023 for repairs and maintenance;
- * Add \$400,000 for trauma-informed care services statewide;
- * Restore \$11,226,819 from program review reductions for the weighted student formula;
- * Restore \$315,883 from program review reductions for special education;
- * Add \$304,400 in fiscal year 2022 for equipment and furniture for the Cyber Security Academy;
- Restore \$6,352,023 and two permanent and four temporary positions from program review reductions for Instructional Support;
- * Restore \$5,239,467 and 16.5 permanent and one temporary positions from program review reductions for State Administration;
- * Restore \$17,890,819 and ten permanent and two temporary positions from program review reductions for School Support;
- * Restore \$38,393 from program review reductions for School Community Services; and
- * Transfer in \$325,241 from the Department of Business, Economic Development, and Tourism for the Challenger Center.

Charter Schools

The Senate Draft of the executive budget for the Department of Education – Charter Schools appropriates \$107,226,561 in fiscal year 2022 and \$107,226,561 in fiscal year 2023 in general funds and \$6,842,000 in fiscal year 2022 and \$6,842,000 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- * Restore \$14,417,942 from program review reductions for Charter Schools; and
- * Add \$2,641,925 and three permanent positions for the Charter Schools Commission and Administration.

Early Learning

The Senate Draft of the executive budget for the Department of Education – Early Learning appropriates \$5,712,451 in fiscal year 2022 and \$5,712,451 in fiscal year 2023 in general funds and \$125,628 in fiscal year 2022 and \$125,628 in fiscal year 2023 in non-general funds.

Highlights are as follows:

* Add \$249,239 for Early Learning Teachers.

Public Libraries

The Senate Draft of the executive budget for the Department of Education – Public Libraries appropriates \$34,983,198 in fiscal year 2022 and \$34,983,198 in fiscal year 2023 in general funds and \$5,365,244 in fiscal year 2022 and \$5,365,244 in fiscal year 2023 in non-general funds.

Highlights are as follows:

* Restore \$3,545,809 in fiscal year 2022 and \$3,565,809 in fiscal year 2023 from program review reductions for Public Libraries.

Governor

The Senate Draft of the executive budget for the Office of the Governor appropriates \$3,925,852 in fiscal year 2022 and \$3,165,208 in fiscal year 2023 in general funds.

Highlights are as follows:

- * Reduce \$55,000 for equipment;
- * Reduce \$225,150 and two permanent vacant positions;
- * Add \$53,000 in fiscal year 2022 for the Washington Place 175th Anniversary; and
- * Reduce \$707,466 and two permanent and six temporary positions for fiscal year 2023.

Hawaiian Home Lands

The Senate Draft of the executive budget for the Department of Hawaiian Home Lands appropriates \$15,083,544 in fiscal year 2022 and \$15,083,544 in fiscal year 2023 in general funds and \$38,883,770 in fiscal year 2022 and \$38,883,770 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- Add \$7,000,000 ceiling increase for Native American Housing Assistance and Self Determination Act of 1996 Federal Funds –
 planning and development for Hawaiian Homesteads;
- * Reduce \$844,800 and fourteen permanent vacant positions; and
- * Reduce nineteen defunded positions.

<u>Health</u>

The Senate Draft of the executive budget for the Department of Health appropriates \$546,250,562 in fiscal year 2022 and \$545,950,562 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$1,373,239,566 in fiscal year 2022 and \$1,358,022,733 in fiscal year 2023 in non-general funds, of which \$140,130,096 in fiscal year 2022 and \$122,389,165 in fiscal year 2023 are ARPA funds.

- * Restore \$2,754,693 for tuberculosis and AIDS services;
- * Add \$35,906,000 for Hawaii Healthcare Systems Corporation operating subsidy (ARPA);
- * Add \$11,585,000 for Maui Health Systems operating subsidy (ARPA);
- Provide \$10,486,266 in funds to staff the new forensic building at the Hawaii State Hospital (ARPA);
- * Restore \$7,329,231 in fiscal year 2022 and fiscal year 2023 for Tobacco Prevention Programs;
- * Add \$9,887,137 for Emergency Medical Services (ARPA);
- * Add \$3,200,000 in special funds for Intellectual and Development Disabilities;

- * Restore \$2,687,824 in funding for Kupuna Care and Aging Disability Resource Center;
- * Restore four permanent positions and \$152,856 to preserve the Office of Language Access; and
- * Merger of the Food Safety and Drug Branch to Food Safety Branch.

Human Resources Development

The Senate Draft of the executive budget for the Department of Human Resources Development appropriates \$20,299,778 in fiscal year 2022 and \$20,352,353 in fiscal year 2023 in general funds and \$5,866,134 in fiscal year 2022 and \$5,866,134 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- * Add \$222,144 for two permanent personnel program administrators in workforce attraction;
- * Reduce \$64,000 and one permanent position for the Fellowship Program;
- Add \$257,775 in fiscal year 2022 and \$526,250 in fiscal year 2023 for workers' compensation claims;
- * Add \$225,000 in fiscal year 2022 for unemployment insurance benefits for state employees;
- * Add one permanent human resource specialist for supporting services; and
- * Add \$72,420 for Learning Management Systems upgrades.

Human Services

The Senate Draft of the executive budget for the Department of Human Services appropriates \$1,308,501,321 in fiscal year 2022 and \$1,329,193,217 in fiscal year 2023 in general funds. The Senate also appropriates \$2,698,356,065 in fiscal year 2022 and \$2,736,921,101 in fiscal year 2023 in non-general funds, of which \$18,971,808 in fiscal year 2022 and \$14,574,808 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- * Add \$5,400,000 in fiscal year 2022 for general assistance payments (ARPA);
- * Add \$750,000 in fiscal year 2022 and fiscal year 2023 for state rent supplement vouchers (ARPA);
- Increase the federal fund ceiling by \$16,433,850 in fiscal year 2022 and \$16,429,850 in fiscal year 2023 for rental assistance services:
- Add \$10,800,000 in fiscal year 2022 and fiscal year 2023 for homeless services (ARPA);
- * Restore six permanent positions and \$298,339 for the rental subsidy program;
- * Restore \$6,960,000 in both fiscal years for Preschool Open Doors;
- * Add \$12,374,692 in fiscal year 2022 and \$34,069,588 in fiscal year 2023 for Medicaid payments;
- Restore \$832,000 in fiscal year 2022 and fiscal year 2023 for In-Community Youth Programs and contract services (ARPA);
- Restore \$520,000 in fiscal year 2022 and fiscal year 2023 for mental health services at the Hawaii Youth Correctional Facility (ARPA);
- * Restore \$134,000 in fiscal year 2022 and \$1,137,000 in fiscal year 2023 for KOLEA maintenance and operations (ARPA); and
- * Restore \$6,333,798 for Temporary Assistance for Needy Families client services contracts.

Labor and Industrial Relations

The Senate Draft of the executive budget for the Department of Labor and Industrial Relations appropriates \$16,794,330 in fiscal year 2022 and \$16,794,330 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$855,400,481 in fiscal year 2022 and \$912,355,171 in fiscal year 2023 in non-general funds, of which \$399,141,552 in fiscal year 2022 and \$456,096,242 in fiscal year 2023 are ARPA funds.

- * Restore \$315,242 and six permanent positions for the Civil Rights Commission;
- Transfer \$1,165,559 federal funds and twelve permanent positions from the Employment Security Appeals Referees Office to Unemployment Compensation;
- * Restore \$1,043,780, one permanent position, and four temporary positions for the Office of Community Services;
- Add \$431,937 in fiscal year 2022 and fiscal year 2023 for the Disability Compensation Division's technology modernization maintenance (ARPA);
- Add \$13,153,920 for fiscal year 2022 and \$10,000,000 for fiscal year 2023 for the Unemployment Insurance Interest Payable (ARPA);
- * Add \$312,445,695 in fiscal year 2022 and \$407,554,305 in fiscal year 2023 for the new unemployment insurance loan (ARPA);

- * Add \$70,000,000 in fiscal year 2022 and \$35,000,000 in fiscal year 2023 for the new unemployment insurance call center (ARPA);
- * Transfer seven permanent positions, \$500,636 in general funds, and \$6,500,000 in federal funds from the Workforce Development Council to the Workforce Development Division;
- Reduce four temporary positions and \$233,844 in special funds from workforce development; and
- * Reduce fourteen defunded permanent positions for the Disability Compensation Division.

Land and Natural Resources

The Senate Draft of the executive budget for the Department of Land and Natural Resources appropriates \$66,865,872 in fiscal year 2022 and \$61,547,851 in fiscal year 2023 in general funds and \$117,002,542 in fiscal year 2022 and \$99,342,593 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- * Restore 8.5 permanent positions (engineers) and \$674,974 for the Water and Land Development Division;
- * Restore \$3,110,946 in fiscal year 2022 for the Native Resources and Fire Protection Program;
- * Add \$1,459,440 for thirty previously defunded positions for Conservation and Resources Enforcement;
- Add \$2,231,420 for thirty-three permanent enforcement officers, six permanent administrative support positions, and two
 permanent education and program specialists for Conservation and Resource Enforcement;
- Add \$41,676 in fiscal year 2022 and \$83,352 in fiscal year 2023 and one permanent position for the Ocean-Based Recreation Division;
- * Change the means of financing for \$976,161 from general funds to county funds for lifeguard contracts;
- * Add \$480,000 for lifeguard contracts for Kua Bay;
- * Restore \$868,106 for lifeguard contracts for Hapuna Beach;
- * Add \$875,000 for fiscal year 2022 for rapid ohia death response;
- * Reduce two permanent and four temporary defunded positions for natural area reserves and watershed management; and
- * Convert thirteen positions from temporary to permanent for forest and outdoor recreation.

Lieutenant Governor

The Senate Draft of the executive budget for the Office of the Lieutenant Governor appropriates \$955,793 in fiscal year 2022 and \$955,793 in fiscal year 2023 in general funds.

Highlights are as follows:

Reduce three temporary vacant positions.

Public Safety

The Senate Draft of the executive budget for the Department of Public Safety appropriates \$252,043,103 in fiscal year 2022 and \$251,744,479 in fiscal year 2023 in general funds and \$22,045,956 in fiscal year 2022 and \$22,045,956 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- Reduce \$1,738,985 and twenty-three permanent positions in fiscal year 2022 for the Hookipa Cottage for the Women's Community Correctional Center;
- * Reduce fifteen permanent positions and \$504,540 for unestablished sheriff positions;
- * Add \$676,222 in fiscal year 2022 for the Crime Victim Compensation Program;
- Reduce \$702,372 for the Federal Detention Center inmate housing; and
- * Add \$330,000 for the Hawaii Correctional System Oversight Commission.

Taxation

The Senate Draft of the executive budget for the Department of Taxation appropriates \$25,653,227 in fiscal year 2022 and \$22,414,395 in fiscal year 2023 in general funds and \$3,561,698 in fiscal year 2022 and \$3,561,698 in fiscal year 2023 in non-general funds.

- Restore eight permanent positions and \$196,686 for fiscal year 2022 and \$393,372 for fiscal year 2023 to reorganize the Kauai Compliance District Office;
- * Reduce one hundred seventy-six long term vacant positions across the department;
- Reorganize the Quality Control Office to reflect the current operational structure;

- * Add six permanent positions to correct previous legislative error listing them as temporary;
- * Add \$3,033,832 for maintenance of the tax system modernization; and
- * Adds \$227,500 for fiscal year 2022 and \$22,500 for fiscal year 2023 for the Tax Review Commission.

Transportation

The Senate Draft of the executive budget for the Department of Transportation appropriates \$1,064,208,753 in fiscal year 2022 and \$1,152,199,801 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- * Deny the consolidation of the Harbors Division into one Program ID;
- * Reduce twenty-two permanent vacant positions and \$1,807,917 in special funds from Harbors Administration; and
- * Add \$1,150,440 in special funds to the Daniel K. Inouye International Airport.

University of Hawaii

The Senate Draft of the executive budget for the University of Hawaii appropriates \$531,841,060 in fiscal year 2022 and \$535,907,813 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$735,250,747 in fiscal year 2022 and \$707,281,530 in fiscal year 2023 in non-general funds, of which \$31,502,464 in fiscal year 2022 and \$3,533,247 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- Transfer seven permanent positions and \$485,376 from University of Hawaii at Manoa to University of Hawaii Systemwide Support to consolidate human resources offices;
- * Deny transfer of six permanent positions and \$322,242 from University of Hawaii Systemwide Support to the University of Hawaii at Manoa; University of Hawaii at Hilo; University of Hawaii, West Oahu campus; University of Hawaii, Kauai Community College; and University of Hawaii Maui College;
- Transfer University of Hawaii Auxiliary Enterprises Special Fund ceiling of \$2,200,000 from University of Hawaii at Manoa to University of Hawaii Systemwide Support;
- * Create new program ID (UOH115) for the Cancer Center and transfer \$3,098,055 from the University of Hawaii at Manoa;
- * Add \$3,000,000 for the University of Hawaii Cancer Center;
- Transfer \$550,000 in general funds from the Department of Business, Economic Development, and Tourism to the University of Hawaii for the Pacific International Space Center for Exploration System Program;
- * Add two permanent positions and \$164,394 for computer science pathways through early college;
- * Add \$12,880,000 in fiscal year 2022 and \$16,946,753 in fiscal year 2023 in general funds and \$15,600,000 in fiscal year 2022 and \$3,533,247 in fiscal year 2023 in American Rescue Plan Act funds for University of Hawaii at Manoa to restore program review reductions (ARPA);
- * Add \$2,400,000 in fiscal year 2022 for the John A. Burns School of Medicine to restore program review reductions (ARPA);
- Add \$2,600,000 for University of Hawaii at Manoa athletics;
- Add \$400,000 for University of Hawaii at Hilo athletics;
- Add \$4,560,000 in fiscal year 2022 for the University of Hawaii at Hilo to restore program review reductions (ARPA);
- Add \$2,160,000 in fiscal year 2022 for the University of Hawaii, West Oahu campus to restore program review reductions (ARPA);
- * Add \$6,782,464 in fiscal year 2022 for University of Hawaii Systemwide Support to restore program review reductions (ARPA);
- Restore \$23,000,000 from program review reductions for the University of Hawaii Community Colleges;
- Add \$1,300,000 for the Hawaii Promise Program;
- Add \$7,500,000 for workforce preparation and non-credit support;
- Add \$1,000,000 for the Next Step Programs;
- * Add \$2,000,000 for student employment expansion;
- * Add \$1,000,000 for workforce program modernization;
- * Add \$4,200,000 for campus information technology equipment upgrades to support effective online instruction; and
- Add \$6,000,000 for routine heating, ventilation, and air conditioning maintenance for improved air quality and circulation.

PART V. CAPITAL IMPROVEMENTS PROGRAM BUDGET

Your Committee finds an opportunity to invest in the State's infrastructure while remaining fiscally prudent.

The Administration requested a capital improvement budget that totaled:

ADMINISTRATION	FY 2022	FY 2023
General Obligation Bonds	\$679,393,000	\$512,128,000
All Means of Financing	\$1,236,328,000	\$1,116,254,000

Your Committee has amended this budget to appropriate the following in capital improvement funds:

SENATE	FY 2022	FY 2023
General Obligation Bonds	\$698,594,000	\$364,422,000
American Rescue Plan Act Funds	\$96,581,000	\$16,207,000
All Means of Financing	\$1,402,538,000	\$999,905,000

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 200, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 200, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Shimabukuro).

SCRep. 1554 Ways and Means on H.B. No. 149

The purpose and intent of this measure is to clarify that cards issued by a county for the purposes of paying transit fares, county fees, and other uses as authorized by an applicable county ordinance are not subject to the State's unfair and deceptive practices statutes related to gift certificates.

Your Committee received written comments in support of this measure from the Department of Transportation Services of the City and County of Honolulu and one individual.

Your Committee finds that many large cities, including the City and County of Honolulu, have adopted the use of smart cards to pay for public transit fares. Your Committee also finds that these smart cards may be used in the future to pay for on-street parking, permits, and registration fees. Your Committee believes that clarifying that these types of cards are exempt from the State's unfair and deceptive practices laws relating to gift certificates will support the counties' adoption and administration of smart card programs.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 149, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1555 Government Operations on Gov. Msg. Nos. 522 and 523

Recommending that the Senate advise and consent to the nominations of the following:

ENHANCED 911 BOARD

G.M. No. 522 JEFFREY RIEWER, for a term to expire 06-30-2022; and

G.M. No. 523 CLYDE HOLOKAI, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Jeffrey Riewer and Clyde Holokai for service on the Enhanced 911 Board.

JEFFERY RIEWER

Your Committee received testimony in support of the nomination for the reappointment of Jeffery Riewer from the Enhanced 911 Board, Maui Police Department, and four individuals.

Upon review of the testimony, your Committee finds that Jeffery Riewer's experience, knowledge, and dedication to service qualify him for reappointment to the Enhanced 911 Board as a member from a wireless communication service provider, pursuant to paragraph 138-2(a)(2), Hawaii Revised Statutes. Your Committee notes that Mr. Riewer has over twenty years of knowledge and experience in wireless communications. Mr. Riewer is currently the Lead Network/Sales Support Manager, Principle Technical Engineer, and Enhanced 911 Coordinator for AT&T Mobility Hawaii. Your Committee further finds that Mr. Riewer has served on the Enhanced 911 Board since 2014 and is currently the chair of its Education subcommittee. Mr. Riewer's experience and knowledge will continue to be assets to the Enhanced 911 Board. Your Committee therefore recommends that Jeffery Riewer be reappointed to the Enhanced 911 Board based on his experience, knowledge, and commitment to public service.

CLYDE HOLOKAI

Your Committee received testimony in support of the nomination for the appointment of Clyde Holokai from the Maui Police Department and three individuals.

Upon review of the testimony, your Committee finds that Clyde Holokai's background and desire to serve his community qualify him to be appointed to the Enhanced 911 Board as the public safety answering point representative from Maui. Your Committee notes that Mr. Holokai has been in law enforcement for over twenty-seven years. Mr. Holokai is currently the Assistant Chief of the Maui Police Department's Support Services Bureau. Previously, Mr. Holokai was the Captain of the Criminal Investigations Division, Captain of the Kihei Patrol District, and Captain of the Technical Services Section, all within the Maui Police Department. Your

Committee finds that Mr. Holokai has a thorough understanding of the role and responsibilities of board members and his extensive experience in public safety will continue to enhance the effectiveness of the Enhanced 911 Board. Your Committee therefore recommends that Clyde Holokai be appointed to the Enhanced 911 Board based on his knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Government Operations that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. For Gov. Msg. No. 522: Ayes, 4. Noes, none. Excused, 1 (Fevella). For Gov. Msg. No. 523: Ayes, 5. Noes, none. Excused, none.

SCRep. 1556 Ways and Means on H.B. No. 133

The purpose and intent of this measure is to increase the capital gains tax threshold from 7.25 percent to nine percent.

Your Committee received testimony in support of this measure from Hawaii Children's Action Network Speaks!, Americans for Democratic Action, Young Progressives Demanding Action, Planned Parenthood Votes Northwest and Hawaii, League of Women Voters Hawaii, Hawaii Budget and Policy Center, Foresight/Policy Analysis, Advocacy Coalition, Imua Alliance, Democratic Party of Hawaii Education Caucus, PHOCUSED, Hawaii State Teachers Association, Democratic Party of Hawaii Labor Caucus, Hawaii Alliance for Progressive Action, Neighborhood Place of Puna, and numerous individuals.

Your Committee received testimony in opposition to this measure from Chamber of Commerce Hawaii and seven individuals.

Your Committee received written comments on this measure from the Department of Taxation, Hawaii Association of Realtors, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that increasing the capital gains tax threshold for individuals and corporations will create additional revenue for the State to help address houselessness, domestic violence, mental illness, and other issues that have been exacerbated by the coronavirus disease 2019 pandemic.

Your Committee has amended this measure by:

- Amending section 235-71.5, Hawaii Revised Statutes, to increase the capital gains tax threshold for corporations from four percent to five percent; and
- (2) Changing the effective date to July 1, 2021.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 133, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 133, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee. Ayes, 8. Noes, none. Excused, 3 (Shimabukuro, Taniguchi, Wakai).

SCRep. 1557 Ways and Means on H.B. No. 1324

The purpose and intent of this measure is to provide rent relief grants under certain circumstances for owners of properties classified as commercial, hotel and resort, or industrial under county real property tax classifications.

More specifically, this measure:

- (1) Establishes a commercial rent relief grant program with eligibility requirements and application procedures;
- (2) Provides the Department of Business, Economic Development, and Tourism with the authority to audit or investigate any grant application;
- (3) Provides that fraudulent applications or grant awards shall be deemed a violation of section 661-21, Hawaii Revised Statutes;
- (4) Requires that the grant program have priority in the distribution of federal funds received by the State; and
- (5) Appropriates moneys for the program.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii; Hawaii Association of REALTORS; Hawaii Island Economic Development Board; Hawaii Leeward Planning Conference; Eggs 'N Things Hawaii, Inc.; Hawaii Farm Bureau; Island Business Management, LLC; NAIOP; Retail Merchants of Hawaii; Hawaii Restaurant Association; The Kahala Hotel and Resort; Hawaii Food Industry Association; Suzuki Properties, LLC; BOMA Hawaii; Hawaii Lodging and Tourism Association; Blue Ginger; Maui Chamber of Commerce; and four individuals.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; and Department of Budget and Finance.

Your Committee finds that the coronavirus disease 2019 pandemic has had a devastating impact on the local economy. Businesses in the State have faced mounting losses in revenue while incurring substantial expenses during mandated closure periods. Your Committee also finds that the commercial rent relief grant program established by this measure will help small businesses recover from the pandemic and continue to contribute to the local economy and employ Hawaii's residents.

Your Committee has amended this measure to prohibit any property owner that receives a rent relief grant from evicting or taking any other retributive action against a commercial or industrial tenant for the nonpayment of rent that is forgiven pursuant to the rent relief grant program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1324, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1324, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1558 (Majority) Judiciary on H.B. No. 31

The purpose and intent of this measure is to raise the maximum age of minors for which safe storage of firearms is required from sixteen to eighteen years.

Your Committee received testimony in support of this measure from the Keiki Injury Prevention Coalition and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Firearms Coalition, National Rifle Association, and twenty-one individuals. Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that an estimated four million six hundred thousand children and adolescents in the United States live in homes with at least one unsecured firearm and that the presence of unsecured firearms in the home increases the risk of unintentional and intentional shootings. Furthermore, the United States Secret Service and the United States Department of Education report that in sixty-eight percent of deadly school shootings, the attacker obtained the firearm from the attacker's home or that of a relative. In adolescents were stored in the residence of the victim, a relative, or a friend. This measure raises the age for which safe storage of firearms is required in a home to prevent minors from having access to firearms and possibly causing injury to themselves or others.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 31, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 2 (Gabbard, Fevella). Excused, none.

SCRep. 1559 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 1366

The purpose and intent of this measure is to:

- (1) Amend the class C felony offense of manufacturing, purchasing, or obtaining firearm parts to assemble a firearm having no serial number to also prohibit possession of those firearm parts; and
- (2) Amend Act 74, Session Laws of Hawaii 2020, to repeal language that specified the prospective application of that Act.

Your Committees received testimony in support of this measure from the Honolulu Police Department, Hawai'i Police Department, Democratic Party of Hawai'i, Church of the Crossroads, and twenty-two individuals. Your Committees received testimony in opposition to this measure from the National Rifle Association of America, Pu'uloa Rifle and Pistol Club, Hawai'i Firearms Coalition, and eighty-one individuals.

Your Committees find that firearms that are assembled without serial numbers or other identification markings, known as "ghost guns", are extremely difficult to track and pose a significant obstacle to law enforcement. Your Committees further find that Act 74, Regular Session of Hawaii 2020 (Act 74), established the class C felony offense of manufacturing, purchasing, or obtaining firearm parts to assemble ghost guns. Your Committees additionally find that law enforcement agencies have reported that persons found to be in possession of ghost guns have claimed that their actions do not violate the law because the parts used to assemble the firearm were acquired before the effective date of Act 74. This measure will make possession of these parts a class C felony.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1366, H.D. 1, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 4. Noes, 3 (Gabbard, Kim, Fevella). Excused, none.

Ways and Means: Ayes, 9. Noes, 1 (Fevella). Excused, 1 (Moriwaki).

SCRep. 1560 (Joint) Judiciary and Ways and Means on H.B. No. 570

The purpose and intent of this measure is to:

- (1) Expand the time period in which a civil action for childhood sexual abuse may be initiated;
- (2) Extend the period during which a victim of childhood sexual abuse may bring an otherwise time-barred action against the victim's abuser or a legal entity having a duty of care;
- (3) Allow recovery of treble damages in certain circumstances; and
- (4) Provide for training on trauma-informed response.

Your Committees received testimony in support of this measure from the Democratic Party of Hawai'i; LGBT Caucus of the Democratic Party of Hawai'i; Sex Abuse Treatment Center; Talbert Law, LLLC; CHILD USA; CHILD USAdvocacy; Planned

Parenthood Alliance Advocates; Rainbow Family 808; AAUW of Hawai'i; and three individuals. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Department of the Attorney General and one individual.

Your Committees find that child sexual abuse is a serious and ongoing threat to the safety, health, and wellbeing of children and young people. Survivors of child sexual abuse frequently suffer profound consequences throughout adulthood, and many do not disclose their abuse until later in life. Children who are the targets of sexual abuse can blame themselves or be prevented from reporting the abuse due to intense feelings of fear, disbelief, anger, helplessness, betrayal, and anxiety; incapacity to understand what happened or express their complaint due to their stage of cognitive development; or be afraid of retaliation or the potential negative impact on their family if the abuser was a family member or an individual in a position of influence or power. Your Committees further find that some studies have estimated that between sixty percent and eighty percent of child sexual abuse survivors withhold disclosure, and that the average delay in disclosure is approximately twenty years after the abuse occurred. Extending the period of time for a person to bring a civil cause of action seeking damages for an injury or condition arising from alleged sexual abuse when the person was a minor will ensure that more survivors of child sexual abuse are afforded a realistic and fair opportunity to seek justice.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 570, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 570, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 7. Noes, none. Excused, none. Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1561 Ways and Means on H.B. No. 58

The purpose and intent of this measure is to reallocate conveyance tax revenues to facilitate, among other things, the conservation of land and the development of rental housing in the State.

Specifically, the measure:

- Temporarily reallocates conveyance tax revenues for purposes of paying the principal and interest of general obligation bonds;
- (2) Authorizes the issuance of general obligation bonds to be appropriated into and out of the land conservation fund and rental housing revolving fund.

Prior to the hearing on this measure, your Committee prepared and made available for public review a proposed S.D. 1, which amends the H.D. 1 by:

- (1) Changing the estate tax exclusion to \$3,500,000;
- (2) Suspending numerous general excise tax and use tax exemptions;
- (3) Providing a grandfathering provision from the suspension of general excise and use tax exemptions;
- (4) Requiring information reporting for all general excise and use tax exemptions and exclusions; and
- (5) Amending the conveyance tax rates.

Your Committee received testimony in support of the proposed S.D. 1 from the Young Progressives Demanding Action, LGBT Caucus of the Democratic Party of Hawaii, PHOCUSED, Hawaii Children's Action Network Speaks!, Imua Alliance, Democratic Party of Hawaii Education Caucus, Americans for Democratic Action, Hawaii State Teachers Association, Hawaii Budget and Policy Center, and numerous individuals.

Your Committee received testimony in opposition to the proposed S.D. 1 from the Department of Business, Economic Development, and Tourism; Office of Economic Revitalization; Ke Ao Halii; Matson Navigation Company, Inc.; Aloha Vision Consultants; Hawaii Association of REALTORS; HPBS, Inc.; Hawaii Harbors Users Group; Young Brothers; Conservation Council for Hawaii; NAIOP Hawaii; Chamber of Commerce Hawaii; Livable Hawaii Kai Hui; and numerous individuals.

Your Committee received comments on the proposed S.D. 1 from the Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Hawaii Technology Development Corporation; Tax Foundation of Hawaii; Stanford Carr Development, LLC; Grassroot Institute of Hawaii; and two individuals.

Your Committee finds that this measure will help make the State's tax structure more equitable and will generate funds to support critical services.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending it by:

- (1) Removing two proposed general excise tax exemptions relating to the Enterprise Zone Program, as suggested in testimony from the Department of Business, Economic Development, and Tourism;
- (2) Removing four proposed general excise tax exemptions relating to interisland shipping, cargo, tugboat and towage services, and maritime-related services, as suggested in testimony from Matson Navigation Company, Inc.;
- (3) Making the amended exclusion amount of Hawaii's estate tax applicable for decedents dying or taxable transfers occurring after June 30, 2021; and
- (4) Changing the effective date to January 1, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 58, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 58, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1562 Ways and Means on H.B. No. 321

The purpose and intent of this measure is to adjust the allocation of transient accommodations tax revenues.

More specifically, this measure:

- (1) Repeals the allocation of excess transient accommodations tax revenues:
 - (A) To the Turtle Bay Conservation Easement Special Fund;
 - (B) For the development and implementation of initiatives to take advantage of expanded visa programs and increased travel opportunities for international visitors to Hawaii;
 - (C) For the operation of a Hawaiian Center and the Museum of Hawaiian Music and Dance;
 - (D) To the Tourism Special Fund for a safety and security budget;
 - (E) To the counties;
 - (F) To supplement deficient county public employer contribution amounts; and
 - (G) To the Special Land and Development Fund;
- (2) Makes the allocations to the Convention Center Enterprise Special Fund and Tourism Special Fund unspecified amounts; and
- (3) Repeals obsolete references regarding the disposition of transient accommodations tax revenues.

Prior to decision making on this measure, your Committee made available for public review a Proposed S.D. 1 of this measure. The Proposed S.D. 1 deletes the existing provisions of this measure and replaces its contents with provisions to:

- (1) Repeal the allocation of transient accommodations tax revenues to the counties; and
- (2) Authorize each county to impose a county surcharge on the transient accommodations tax.

Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu, Maui County Mayor's Office, Hawaii State Association of Counties, Fairmont Orchid, Hawaii Lodging and Tourism Association, Kohala Coast Resort Association, and Kona-Kohala Chamber of Commerce.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Hawaii Tourism Authority, Grassroot Institute of Hawaii, and Tax Foundation of Hawaii.

Your Committee finds that, as a result of the coronavirus disease 2019 (COVID-19) pandemic and related mitigation measures, Hawaii has experienced a significant decrease in visitor arrivals that has resulted in an extreme loss in revenues from the State's collection of transient accommodations tax. Your Committee also finds that, according to the Department of Business, Economic Development, and Tourism, transient accommodations tax revenues decreased by \$103,300,000 or 68.6 percent, in the second quarter of 2020 compared to the same quarter of 2019. As a result of this decrease in revenues, your Committee believes that transient accommodations tax allocations should be adjusted. Your Committee finds that this measure repeals the allocation of transient accommodations tax revenues to the counties, while providing the counties with a mechanism to replace the lost revenues.

Your Committee has amended this measure by adopting the Proposed S.D. 1 and further amending the Proposed S.D. 1 by:

- (1) Changing the date by which a county may adopt an ordinance to establish a county surcharge on transient accommodations tax from December 31, 2023, to July 1, 2022;
- (2) Providing that the Department of Taxation shall begin to levy the county surcharge on transient accommodations tax on January 1, 2023;
- (3) Clarifying that the county surcharge on transient accommodations tax shall not apply to written contracts entered into before January 1, 2022; and
- (4) Deleting an unnecessary provision regarding fiscal year taxpayers and the taxable year in which the county surcharge on transient accommodations tax becomes effective.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 321, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 321, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Shimabukuro, Taniguchi, Wakai).

SCRep. 1563 Ways and Means on H.B. No. 1041

The purpose and intent of this measure is to conform state income tax law and estate and generation—skipping transfer tax law to the Internal Revenue Code of 1986, as amended as of December 31, 2020.

Your Committee received testimony in support of this measure from the Department of Taxation and one individual.

Your Committee received comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee recognizes that this administrative measure serves as legislation to comply with sections 235-2.5(c) and 236E-4(c), Hawaii Revised Statutes, which require the Department of Taxation to submit to the Legislature for each Regular Session legislation to adopt the Internal Revenue Code as it exists on the December 31 preceding the Regular Session. The purpose is to conform relevant state tax laws to those changes made to the federal Internal Revenue Code during the past year, to the extent that those changes are appropriate for the State.

Your Committee has amended this measure by:

- (1) Specifying that certain provisions in the federal Internal Revenue Code of 1986, as amended, relating to exclusions from income, disaster tax relief, and retirements plans shall be operative for the purposes of state income tax law;
- (2) Changing the effective date to make the measure effective upon its approval; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1041, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1041, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Shimabukuro, Taniguchi, Wakai).

SCRep. 1564 Ways and Means on H.B. No. 1298

The purpose and intent of this measure is to transfer excess moneys from various funds to the general fund.

For the purpose of a public hearing, your Committee circulated a proposed S.D. 1 (Proposed Draft) of the measure and notified the public that your Committee would be accepting testimony on the Proposed Draft, which:

- (1) Adds the following funds to the measure and authorizes transfer of the following amounts to the general fund:
 - (A) S-351-G-COVID19 RESPONSE: \$7,000,000;
 - (B) S-309-H-STATE HEALTH PLANNING AND DEV.: \$400,000;
 - (C) S-311-H-TRAUMA SYSTEM: \$5,000,000;
 - (D) S-319-H-ELECTRONIC DEVICE RECYCLING: \$1,000,000;
 - (E) S-331-H-EARLY INTERVENTION: \$1,000,000;
 - (F) S-334-H-DISABILITY AND COMM ACCESS BOARD: \$3,000,000; and
 - (G) S-340-H-ENVIRONMENTAL HTH PGM ENHANCE: \$6,000,000; and
- (2) Clarifies that the amounts to be transferred are indicated in dollars.

Your Committee received testimony in support of the Proposed Draft from the Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; and University of Hawaii.

Your Committee received testimony in opposition to the Proposed Draft from the Department of Education, Department of Agriculture, Disability and Communication Access Board, State Health Planning and Development Agency, Office of Enterprise Technology Services, The Queen's Health Systems, Hawaii Pacific Health, Wilcox Medical Center, Hawaii Coffee Association, and one individual.

Your Committee received comments on the Proposed Draft from the Department of the Attorney General, Department of Public Safety, Department of Labor and Industrial Relations, Department of Human Services, Department of Health, Department of Taxation, Hawaii State Energy Office, Hawaii Public Utilities Commission, Hawaii Farm Bureau, and Hawaii Cattlemen's Council.

Your Committee finds that the funds listed in this measure contain moneys in excess of what is necessary for the purposes of each of those funds and that the excess amounts should be transferred to the general fund.

Your Committee has amended this measure by adopting the Proposed Draft and further amending the measure by deleting the following funds:

- (1) S-333-M-INFORMATION MGMT & TECHNOLOGY SVCS;
- (2) S-301-A-AGRICULTURAL LOAN RESERVE FUND;
- (3) S-304-A-PEST INSPECTION, QUARANTINE & ERADICATION FUND;
- (4) S-305-A-NON-AGRICULTURAL PARK LANDS SPECIAL FUND;
- (5) S-308-A-SEAL OF QUALITY SPECIAL FUND;
- (6) S-310-A-AQUACULTURE LOAN RESERVE FUND;
- (7) S-319-A-GENERAL ADMINISTRATION FOR AGRICULTURE;

- (8) S-321-A-AGR DEV/FOOD SECURITY ADD;
- (9) S-331-A-AGRICULTURAL DEVELOPMENT & FOOD SECURITY;
- (10) S-333-A-AGR DEV/FOOD SECURITY PI;
- (11) S-335-A-AGR DEV/FOOD SECURITY ARM;
- (12) S-337-A-AGRIBUSINESS DEVELOPMENT & RESEARCH;
- (13) S-354-A-HAWAII WATER INFRASTRUCTURE SPEC FUND;
- (14) S-325-E-USE OF SCHOOL FACILITIES FUND;
- (15) S-314-H-NEUROTRAMA SPECIAL FUND;
- (16) S-315-H-ENVIRONMENTAL HEALTH ADMINISTRATION;
- (17) S-322-H-NOISE, RADIATION, & INDOOR AIR QUALITY SF;
- (18) S-323-H-ASBESTOS & LEAD ABATEMENT SPECIAL FUND;
- (19) S-368-K-NURSING FACILITY SUSTAINABILITY SP FUND;
- (20) S-372-K-NURSING FACILITY SUSTAINABILITY SP FUND; and
- (21) S-382-K-NURSING FACILITY SUSTAINABILITY PROG SF.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1298, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1298, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1565 Ways and Means on H.B. No. 1299

The purpose and intent of this measure is to repeal, abolish, or reclassify various non-general funds and transfer the balance of each repealed or abolished fund to the general fund.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; and Department of Land and Natural Resources.

Your Committee received testimony in opposition to this measure from the Judiciary, Department of Hawaiian Home Lands, Department of Agriculture, University of Hawaii, Healthcare Association of Hawaii, Hawaii Food Industry Association, Chamber of Commerce Hawaii, Hawaii Restaurant Association Educational Foundation, Hawaii Tropical Fruit Growers, The Queen's Health Systems, Hawaii Sheep and Goat Association, Hawaii Export Nursery Association, Hawaii Coffee Association, and one individual.

Your Committee received comments on this measure from the Department of the Attorney General, Department of Public Safety, Department of Human Services, Department of Labor and Industrial Relations, Department of Transportation, Department of Education, Department of Health, Hawaii State Energy Office, Hawaii Public Utilities Commission, Center for Hawaiian Sovereignty Studies, Hawaii Farm Bureau, Hawaii Floriculture and Nursery Association, Hawaii Tropical Flower Council, Orchid Growers of Hawaii, and Hawaii Cattlemen's Council.

Your Committee finds that repealing or abolishing various non-general funds will promote government transparency and efficiency.

Your Committee has amended this measure by:

- (1) Repealing the definition of "water infrastructure special fund" in section 155-31, Hawaii Revised Statutes;
- (2) Amending section 155-33(2), Hawaii Revised Statutes, to repeal a reference to the water infrastructure special fund; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1299, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1299, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1566 Ways and Means on H.B. No. 80

The purpose and intent of this measure is to amend the State's low-income housing tax credit.

- (1) Allows the low-income housing tax credit to be allocated in any manner agreed to by the parties, regardless of whether an individual or entity receiving an allocation is deemed to be a partner or member for federal income tax purposes;
- (2) Allows individuals or entities to be admitted to a partnership or limited liability company after the end of the taxable year, but before the individual or entity files its tax return;

- (3) Requires claims for the tax credit to include an Internal Revenue Service Form 8609;
- (4) Provides that for taxable years after December 31, 2020:
 - (A) Certain federal provisions relating to the installment method, at-risk rules, and passive activity loss rules shall not be operative;
 - (B) All allocations to partners or members of their distributive shares of income, loss, and deductions under state income tax law shall be made in accordance with the written agreement of the partners or members;
 - (C) The total amount of state credits allocated for a qualified low-income building shall not exceed fifty percent of the total amount of federal tax credits allocated to the building for the ten-year federal credit period; and
 - (D) The deductions and expenses claimed by all Hawaii taxpayers on Hawaii income tax returns shall not exceed the deductions and expenses claimed by all taxpayers on federal returns;

provided that the foregoing shall not apply to any building that ceases to serve low-income households in accordance with federal and state low-income housing tax credit programs; and

(5) Extends the sunset date of Act 129, Session Laws of Hawaii 2016, from December 31, 2021, to December 31, 2027.

Your Committee received testimony in support of this measure from Bank of Hawaii; Dowling Company, Inc.; Hunt Companies-Hawaii and Hunt Capital Partners, LLC; Maui Chamber of Commerce; Stanford Carr Development, LLC; and Sugar Creek Capital.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Tax Foundation of Hawaii, and one individual.

Your Committee believes that partners or members of a partnership or limited liability company should be able to decide how to allocate any low-income housing tax credits earned during a taxable year. Your Committee recognizes that, because the State's low-income housing tax credit law incorporates the federal tax provisions that relate to at-risk rules and passive activity loss rules, the state tax credit attracts a limited scope of investors. Accordingly, your Committee believes that by specifying that the state tax credit shall not be subject to federal tax provisions, the scope of taxpayers who will use the tax credit will increase and thus spur investment in subsidized housing for low-income residents.

Your Committee has amended this measure by:

- (1) Specifying that the low-income housing tax credit may be allocated by a partnership or limited liability company in any manner agreed to by the partners or members, so long as each individual or entity that receives an allocation of the credit is deemed to be a partner or member pursuant to applicable state law;
- (2) Deleting language allowing an individual or entity to be admitted to a partnership after the end of the taxable year, but before the individual or entity files a tax return;
- (3) Specifying that it is not the intent of the measure to jeopardize the receipt of federal funds; and
- (4) Changing the effective date to July 1, 2051, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 80, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 80, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Taniguchi). Noes, none. Excused, 1 (Shimabukuro).

Rep. 1567 (Joint) Labor, Culture and the Arts and Ways and Means on H.B. No. 468

The purpose and intent of this measure is to remove Medicare Part B reimbursement for spouses of employee-beneficiaries hired on or after July 1, 2021.

Your Committees did not receive any testimony on this measure.

Prior to the hearing on this measure, your Committees posted and made available for public review a proposed S.D. 1, which amends this measure by replacing its contents with that of S.B. No. 1087, S.D.1 (Regular Session of 2021), which was previously passed by the Senate, and temporarily suspends the requirement for public employers to make annual required contributions to the Hawaii Employer-Union Health Benefits Trust Fund through fiscal year 2024-2025.

Your Committees received testimony in support of the proposed S.D. 1 from the Department of Budget and Finance and City and County of Honolulu Department of Budget and Fiscal Services. Your Committees received comments on the proposed S.D. 1 from the Hawaii Employer-Union Health Benefits Trust Fund and Grassroot Institute of Hawaii.

Your Committees find that the Hawaii Employer-Union Health Benefits Trust Fund (EUTF) is a state agency that provides eligible state and county employees and retirees and their eligible dependents with health and life insurance benefits. EUTF receives monthly contributions known as "pay-as-you go" premiums from state and county employers that are used towards the payment of costs for the beneficiaries' health benefit and group life insurance plans.

In 2013, to reduce EUTF's substantial amount of unfunded liability, the Legislature passed Act 268, Sessions Laws of Hawaii 2013, which required EUTF to establish a separate trust fund entitled the Other Post-Employment Benefits (OPEB) Trust, into which the public employers must pay annual required contributions, to pre-fund the OPEB plan costs for existing employees and pay down EUTF's existing unfunded liability. The amount of annual required contribution is determined by EUTF, and beginning fiscal year 2018-2019, public employers were required to pay an amount sufficient to fully cover the "normal cost", which is the OPEB cost

attributable to the current year of service and the "amortization payment", which is a catch-up payment for past service costs to fund the unfunded actuarial accrued liability over the next thirty years.

In July 2020, to address the \$2.3 billion budget shortfall caused by the coronavirus disease 2019 (COVID-19) pandemic, the Governor suspended the State's required payment of the annual contributions to EUTF for the fiscal year ending June 30, 2021. As a result, for fiscal year 2020-2021, the state and county contributions will be limited to their share of the monthly "pay-as-you-go" premiums and claims expenses. The proposed S.D.1 of this measure extends this suspension for four more years, until fiscal year 2024-2025.

Your Committees find that extending this temporary suspension of annual required contributions is one of the cornerstones of the Governor's approach to balancing the general fund financial plan. According to the Department of Budget and Finance, the four-year suspension will reduce the State's fixed costs by \$1,434,439,000, and will provide the State and other public employers with the flexibility to address budgetary shortfalls while the economy recovers from the impact of the COVID-19 pandemic.

Your Committees also recognize the negative impacts of the elongated suspension of the annual required contribution payments. Prefunding of the OPEB is a sound, long-term budget policy that hedges against the risk of EUTF's annual current benefits payments outpacing its revenues. Prefunding also allows the investment earnings from the funds to be used in the future for payment of retiree premiums. The suspension of contributions will delay the public employers from reaching a full-funded status of their OPEB funds unless payments are accelerated after the suspension is repealed. According to projections by EUTF, the proposed S.D. 1 will increase EUTF's unfunded liability, resulting in a net increase of \$4,100,000,000 in the State's required payments for fiscal years 2026 to 2055. Your Committees find it crucial that measures be taken to offset this increase, and believes the elimination of the state and county employers' obligation to reimburse Medicare Part B premiums to spouses of future EUTF employee-beneficiaries, as proposed in this measure, which is estimated to save the State \$1,200,000,000 over the next thirty years, to be a plausible option.

Accordingly, your Committees have amended this measure by adopting the proposed S.D. 1 and further amending it by:

- (1) Inserting a new part that requires EUTF to:
 - (A) Examine and assess possible means to offset the future increase in the State's annual required contributions resulting from the extended suspension of payment until fiscal year 2024-2025, including the assessment of the negative and positive impacts of amending section 87A-23, Hawaii Revised Statutes, as proposed in H.B. No. 468, H.D. I (Regular Session of 2021); and
 - (B) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Labor, Culture and the Arts and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 468, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 468, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Labor, Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Ihara).

Ways and Means: Ayes, 11. Noes, none. Excused, none.

SCRep. 1568 (Joint) Agriculture and Environment and Water and Land and Government Operations and Judiciary and Ways and Means on H.B. No. 1318

The purpose and intent of this measure is to:

- (1) Establish the Environmental Advisory Council with the composition, functions, and duties similar to the Environmental Council under sections 341-6 and 343-6, Hawaii Revised Statutes and;
- Transfer the rights, powers, employees, appropriations, and other personal property from the Office of Environmental Quality Control to the Office of Planning; and
- Amend the ability for an applicant to appeal nonacceptance of an environmental impact statement from the Environmental Council to the Environmental Advisory Council.

Your Committees received testimony in support of this measure from the State Environmental Council, Office of Planning, and Office of Environmental Quality Control. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that achieving an abundant and sustainable future for Hawaii will require re-envisioning the State's institutional framework to better integrate sustainability principles into the organizational structure of state government, especially in planning, land use, environmental, and economic development programs. Further, it is in the public interest to transfer the Office of Environmental Quality Control and the Environmental Council to the Office of Planning to improve the coordination of these related planning functions to allow state government to work more efficiently to achieve the State's long-term environmental quality goals for a more abundant future for the people of Hawaii.

Your Committees find that the statutory duty of the Environmental Council is to monitor the progress of the state, county, and federal agencies in achieving the State's environmental goals and policies. The Environmental Council consists of up to fifteen members that are appointed to ensure a broad and balanced representation of environmental protection and sustainable development. The fifteen-member makeup of the Environmental Council is optimal to ensure a holistic approach to balance environmental protection and sustainable development. Further, your Committees note that the Environmental Council recently updated title 11, chapter 200, Hawaii Administrative Rules, relating to environmental impact statements. In the process of updating the administrative rules, it was

found that the current membership from various backgrounds contributed to lively, productive discussions to comprehensively change rules. Therefore, your Committees find that reducing the number of members on the Environmental Council could risk the loss of important perspectives on matters concerning ecological and environmental quality. In addition, your Committees find that the Environmental Council consists of five subcommittees. To properly task these subcommittees, the Environmental Council suggested that the membership of the Council remain at fifteen members.

Your Committees note concerns that members of the Environmental Council that are appointed should ensure that the optimal quality of the environment is maintained through a balanced representation of environmentally pertinent interests, such as natural and social sciences, educational and research institutions with environmental competence, sustainable business practices, land conservation and stewardship, pollution prevention, and waste reduction.

Your Committees further find that the Environmental Council does not have its own budget and relies on volunteers to complete its annual report. While your Committees note the testimony of the State Environmental Council that it should not be held to the requirement to produce an annual report if it no longer serves its intended purpose and seeks to spend its efforts in other roles, such as community outreach and developing guidance on rules regarding environmental impact statements, your Committees find that the Office of Planning must prepare an annual report for the Legislature and therefore can include the Environmental Council's report as a part of their annual submission.

Additionally, your Committees find that under section 343-5(e), Hawaii Revised Statutes, appeals for a non-acceptance determination on its final environmental impact statement can be appealed directly to the Environmental Council. The Environmental Council testified that it is not proficient to function as a quasi-judicial body due to a lack of resources, equipment, and staffing, and because determination of the sufficiency of an environmental impact statement properly lies with technical experts at relevant agencies reviewing these documents. While the Environmental Council is responsible for promulgating the administrative rules under chapter 343, Hawaii Revised Statutes, the determination of the sufficiency of an environmental impact statement properly lies with the technical experts at the relevant agencies in reviewing those documents.

Although your Committees have heard concerns as to whether applicants can properly exhaust administrative remedies if non-acceptance of final environmental impact statements are directly appealed to the Environmental Court, because the determination of findings of fact and conclusions of law lie with the accepting agency tasked with reviewing technical documents, these applicants can affirmatively exhaust these remedies. Further, your Committees find that the current process of appealing nonacceptance of final environmental impact statements creates a differing standard of review for applicants who utilize this process before appealing their case to the Environmental Court, leading to potential due process issues.

Your Committees have amended this measure by:

- (1) Requiring the Office of Planning to include the Environmental Council's annual report and recommendations in the Office of Planning's annual report to the Legislature;
- (2) Restoring section 341-2, Hawaii Revised Statutes, and amending the definitions of "council", "director", and "office"; and repealing the definitions of "center" and "university";
- (3) Providing that the Office of Planning shall consult with affected agencies and the Environmental Advisory Council prior to adopting, amending, or repealing necessary rules;
- (4) Repealing language that requires rules promulgated by the Office of Planning to prescribe procedures to appeal the nonacceptance of an environmental impact statement to the Environmental Council;
- (5) Providing that all rules and other material adopted or developed by the Department Of Health, Environmental Council, or the Office of Environmental Quality Control to implement provisions of the Hawaii Revised Statutes that are reenacted or made applicable to the Office of Planning by this measure shall remain in full force and effect until amended or repealed by the Office of Planning pursuant to chapter 91, Hawaii Revised Statutes;
- (6) Amending section 1 to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment, Water and Land, Government Operations, Judiciary, and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1318, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1318, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

SCRep. 1569 Judiciary on H.B. No. 459

The purpose and intent of this measure is to add a permanent disqualification for a holder of a commercial driver's license or commercial learner's permit who is convicted of a felony involving a severe form of trafficking in persons.

Your Committee received testimony in support of this measure from the Hawaii Transportation Association and two individuals.

Your Committee finds that on July 23, 2019, the Federal Motor Carrier Safety Administration of the United States Department of Transportation issued a final rule that amends title 49 Code of Federal Regulations parts 383 and 384. The amendments made by the

final rule took effect on September 23, 2019. Under the final rule, drivers who are convicted of a felony involving a severe form of trafficking in persons, as defined in title 22 United States Code section 7102(11), while operating a commercial motor vehicle for which a commercial driver's license or commercial learner's permit is required, are permanently banned from holding the license or permit without the possibility of reinstatement. The Federal Motor Carrier Safety Administration's final rule also requires states to come into substantial compliance with the federal Act within three years of the final rule's effective date. This measure brings the State into substantial compliance with these federal regulations.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 459, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee. Ayes, 7. Noes, none. Excused, none.

SCRep. 1570 Judiciary on H.B. No. 1086

The purpose and intent of this measure is to:

- (1) Provide veterinarians who provide emergency care to an animal, immunity from civil liability in the absence of gross negligence;
- (2) Provide veterinarians who render emergency treatment when there is no veterinarian-client-patient relationship, immunity from civil liability in the absence of gross negligence; and
- (3) Require veterinarians to report events of animal injury, death, or abuse to law enforcement where there is reasonable cause to believe that it relates to dogfighting or animal abuse and provide veterinarians immunity from civil liability for making the reports.

Your Committee received testimony in support of this measure from the Hawaii Board of Veterinary Medicine; Hawaiian Humane Society; Hawaii Veterinary Medical Association, Inc.; Pono Advocacy, LLC; Hawaii Association of Animal Welfare Agencies; Animal Rights Hawaii'; and forty-four individuals.

Your Committee finds that, under existing law, if an animal is taken to a veterinarian with non-life threatening injuries and there is no owner present nor a preexisting veterinarian-client-patient relationship, the veterinarian is only permitted to provide pain medications and antibiotics for a certain number of days, depending on whether the animal is microchipped. In some situations, veterinarians must wait to perform important surgeries or other essential procedures to provide animals with necessary relief. Accordingly, this measure allows a veterinarian to be a "good Samaritan" and provide emergency care outside of a preexisting veterinarian-client-patient relationship, while also protecting the veterinarian from civil liability when assisting an animal in need during an emergency. This measure also provides justified guidance to practicing veterinarians on reporting acts of animal abuse, cruelty, and staged fighting, similar to the laws in place in over twenty other states in the country. Reporting such events to law enforcement is beneficial to the community at large, as multiple studies have shown a link between perpetrators of animal abuse and domestic or child abuse, and other acts of violence. This measure is therefore important to help advance these significant public interests

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1086, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee. Ayes, 7. Noes, none. Excused, none.

SCRep. 1571 Judiciary on H.B. No. 1017

The purpose and intent of this measure is to repeal section 188-58.5, Hawaii Revised Statutes, which prohibits the taking or killing of female spiny lobsters, Kona crabs, and Samoan crabs.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Cates International, Inc.; Everything Fish, Inc.; and seven individuals.

Your Committee finds that existing state law prohibiting the taking or killing of female spiny lobsters, Kona crabs, and Samoan crabs was enacted in 2006 based on the best scientific information available at that time. Since then, information concerning Kona crabs has grown to the point where management measures for this species should be updated, as recent benchmark assessments have concluded that Kona crab populations are very healthy. Other studies have also suggested that the prohibition on the taking or killing of female spiny lobsters could potentially create a sex ratio and size imbalance that may inhibit successful reproduction. Your committee further finds that the Department of Land and Natural Resources can accomplish species management measures through the administrative rule-making process, which provides ample opportunity for public input and collection of scientific information. Accordingly, this measure repeals these unnecessary prohibitions and supports the Department of Land and Natural Resources' ability to adopt more appropriate administrative rules as information becomes available concerning these species.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1017, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee. Ayes, 7. Noes, none. Excused, none.

SCRep. 1572 (Majority) Judiciary on H.B. No. 756

The purpose and intent of this measure is to:

- (1) Require that one of the at-large positions on the Board of Agriculture be the Chairperson of the Hawaiian Homes Commission;
- (2) Provide that the Chairperson of the Hawaiian Homes Commission shall not serve on the Board of Agriculture until the expiration of a current at-large member's term.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Office of Hawaiian Affairs.

Your Committee finds that the Department of Agriculture supports, enhances, promotes, and protects the State's agriculture and aquaculture industries. The Hawaiian Homes Commission Act authorizes the Department of Hawaiian Home Lands to lease agricultural lands or lands used for aquaculture purposes. As the State looks to increase food security across the State, the interests of agricultural homestead lessees should be represented on the Board of Agriculture. This measure requires one of the at-large members of the Board of Agriculture to be filled by the Chairperson of the Hawaiian Homes Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 756, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Acasio). Noes, 1 (Fevella). Excused, none.

SCRep. 1573 (Majority) Judiciary on H.B. No. 1030

The purpose and intent of this measure is to repeal the Aquatic Life Committee and Wildlife Advisory Committee and make conforming amendments.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Department of Land and Natural Resources (DLNR) has implemented its fiscal program review to reduce its expenditures, prioritize its functions and activities, and streamline its primary programs due to anticipated budget reductions resulting from the impacts of the coronavirus disease 2019 pandemic. Accordingly, DLNR has determined that the Aquatic Life and Wildlife Advisory Committees have rarely convened, have not been needed, and are outdated. Your Committee notes that there is sufficient representation on the Animal Species Advisory Commission to carry out the duties of these committees, and DLNR remains able to administratively convene a similar advisory committee if it deems necessary. This measure will therefore assist DLNR in its efforts to improve efficiency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1030, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Acasio). Excused, none.

SCRep. 1574 (Majority) Judiciary on H.B. No. 1031

The purpose and intent of this measure is to reduce the number of members on the Hawaii Historic Places Review Board.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Hawaii Historic Places Review Board's (HHPRB) principal duties are to list places in the Hawaii Register of Historic Places and to recommend nomination of places to the National Register of Historic Places. Existing state law requires the HHPRB to consist of ten members to carry out these duties. However, the HHPRB has had the full complement of its ten statutory members for approximately twelve months out of the last seven years. Moreover, the HHPRB currently has two vacancies and two additional members will reach the end of their second term in the coming months. Due to existing quorum and voting requirements, all appointed members must be present and any motion to list a property to the historic registers requires a unanimous yes vote. Accordingly, this measure reduces the HHPRB from ten to seven members to ease the current recruitment difficulties, reduce the potential for the HHPRB to be unable to meet and conduct business due to lack of quorum, and addresses the problem of positive listing decisions requiring a unanimous yes vote. Your Committee further notes that this measure does not alter the qualifications required for the five expert members and meets the federal requirements established in the National Historic Preservation Act.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1031, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 2 (Acasio, Fevella). Excused, none.

SCRep. 1575 Judiciary on H.B. No. 663

The purpose and intent of this measure is to amend how the members of the Game Management Advisory Commission (GMAC) are appointed.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the GMAC advises the Department of Land and Natural Resources on policies regarding the management, protection, and promotion of public hunting in Hawaii. This measure requires that members appointed to the GMAC be selected from a list of names submitted by the President of the Senate and the Speaker of the House, providing the Legislature with a broader level of involvement in the development of the GMAC.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 663, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 1576 Judiciary on H.B. No. 940

The purpose and intent of this measure is to:

- (1) Mandate reporting of suspected financial exploitation of elders and vulnerable adults in relation to securities;
- (2) Provide immunity for good faith reporting; and
- (3) Authorize the delay of disbursements and transactions in situations of suspected financial exploitation.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Maui Police Department, Securities Industry and Financial Markets Association, National Association of Insurance and Financial Advisors Hawaii, Securities Industry Association of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that financial exploitation of elders is the fastest growing form of elder abuse and can result in devastating consequences for victims, including fear, loss of independence, reduced quality of life, and even death. Your Committee further finds that this measure is based on a securities model act from 2016 that has since been enacted in more than two-dozen states across the country and addresses existing privacy rules and concerns about potential legal exposure and liability that may make it difficult for securities professionals to contact regulators and other government authorities to report suspected financial exploitation. This measure enables financial institutions and the State to work together in preventing, identifying, and addressing cases of financial abuse to combat this growing threat to Hawaii's elders and vulnerable adults.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 940, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 1577 Judiciary on H.B. No. 975

The purpose and intent of this measure is to add immunity from civil and criminal liability for individuals who provide information or assistance in child abuse investigations.

Your Committee received testimony in support of this measure from the Department of Human Services and Hawai'i Psychological Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Family Advocacy Team.

Your Committee finds that the federal Child Abuse and Prevention Act (CAPTA) provides federal funding and guidance to states in support of prevention, assessment, investigation, prosecution, and treatment activities for child abuse and neglect. As amended by the federal Victims of Child Abuse Act Reauthorization Act of 2018 (2018 Reauthorization Act), CAPTA provides immunity from civil and criminal liability for individuals who provide information or assistance in child abuse investigations.

Your Committee further finds that CAPTA, as amended by the 2018 Reauthorization Act, requires the states to be in compliance with the immunity amendments as a condition for receipt of federal funds. The U.S. Department of Health and Human Services' Administration for Children and Families has set a deadline of June 30, 2021, for Hawai'i to be compliant with this requirement. Your Committee finds that this measure will bring the State into compliance with CAPTA prior to the deadline and ensure the State's eligibility for receipt of future federal funds.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 975, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1578 Judiciary on H.B. No. 1032

The purpose and intent of this measure is to update the Uniform Controlled Substances Act, chapter 329, Hawaii Revised Statutes, to reflect recent amendments in the federal controlled substances law, as required by section 329-11, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that existing state law requires the Department of Public Safety to recommend that the Legislature make corresponding changes to state law, or to make an emergency scheduling action, if a controlled substance is added, deleted, or rescheduled under federal law. Accordingly, the Department of Public Safety temporarily designated several substances as controlled substances in 2020 to correspond to several similar changes made by the United States Drug Enforcement Administration to the federal controlled substances schedules. Thus, to avoid nullification of these temporary designations, this measure makes permanent those temporary designations to conform state law to federal law. This measure further aligns the State with recent federal action to remove certain approved cannabidiol drugs from controlled substances regulation, including any future generic equivalents, which have been used to treat seizure disorders in children.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1032, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1579 (Majority) Judiciary on H.B. No. 1096

The purpose and intent of this measure is to require the Department of Health to convene a task force to recommend amendments to the Hawaii Revised Statutes to update existing parentage laws that reflect outdated, cisheteronormative concepts of families, parenthood, and parental rights.

Your Committee received testimony in support of this measure from the Department of Health, Rainbow Family 808, Planned Parenthood Votes Northwest and Hawai'i, LGBT Caucus of the Democratic Party of Hawai'i, AF3IRM Hawai'i, Hawai'i Women's Coalition, Associated Students of the University of Hawai'i at Mānoa, American Civil Liberties Union of Hawai'i, Hawai'i Women Lawyers, Ma'i Movement Hawai'i, and forty individuals. Your Committee received testimony in opposition to this measure from five individuals. Your Committee received comments on this measure from the Adoption Circle of Hawai'i.

Your Committee finds that existing parentage laws reflect outdated, cisheteronormative concepts of families, parenthood, and parental rights. Under existing law, only male partners of birthing people are afforded the option to volunteer themselves as the other legal parent and establish parenthood on a birth certificate. As a result, non-male LGBTQ+ parents are subject to a "queer parent penalty". That is, female, non-binary, and queer partners are forced to undergo extreme financial and emotional burdens to obtain an adoption decree for legal recognition as their child's parent. This measure convenes a working group to recommend amendments to the Hawaii Revised Statutes to update existing paternity laws to reflect modern concepts of family, parenthood, and parental rights.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1096, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Fevella). Noes, 1 (Gabbard). Excused, none.

SCRep. 1580 Ways and Means on H.B. No. 78

The purpose and intent of this measure is to allow public utilities to build high-voltage electric transmission systems without first receiving approval from the Public Utilities Commission if certain conditions are met.

Your Committee received written comments in support of this measure from the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Electric Company.

Your Committee finds that this measure will help to streamline the Public Utilities Commission's regulatory process while allowing the Commission to maintain appropriate oversight of public utility operations and investments.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 78, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1581 (Majority) Ways and Means on H.B. No. 357

The purpose and intent of this measure is to include any claim against the State founded upon article I, section 20, of the Hawaii State Constitution among other claims that are subject to the two-year statute of limitations.

Your Committee received written comments in support of this measure from the Department of Transportation, Department of the Attorney General, Department of Land and Natural Resources, and one individual.

Your Committee recognizes that in *DW Aina Le'a Dev., LLC v. State Land Use Comm'n,* 148 Haw. 396, 477 P.3d 836, 837 (2020), the Hawaii Supreme Court ruled that the statute of limitations for a regulatory taking is six years, pursuant to the State's "catch-all" statute of limitations under section 657-1(4), Hawaii Revised Statutes. Your Committee finds that the explicit establishment of a two-year statute of limitations applicable to all inverse condemnation actions against the State will clarify the timeframe within which a plaintiff is required to file a claim for this type of action against the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 357, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Fevella). Excused, none.

SCRep. 1582 (Majority) Judiciary on H.B. No. 1028

The purpose and intent of this measure is to repeal section 171-8.5, Hawaii Revised Statutes, establishing the Koke'e State Park Advisory Council.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Koke'e State Park Advisory Council is tasked with reviewing and assisting in updating, revising, and implementing the Koke'e State Park Master Plan; advising and assisting in the management of the Koke'e recreational cabin leases; enhancing community education and cultural awareness of Koke'e State Park; and participating in the protection and preservation of Koke'e State Park's natural and cultural resources. Your Committee further finds that the Koke'e State Park Advisory Council's work led to the development and completion of the Koke'e/Waimea Canyon Final Master Plan and Environmental Impact Statement in 2015. Your Committee finds, however, that the Koke'e State Park Advisory Council has not met in over five years nor has it been populated with necessary members.

Your Committee additionally finds that the implementation of the Koke'e/Waimea Canyon Final Master Plan can take years, if not decades, and requires consultation and community collaboration to have a successful outcome. Community advisory groups and other

organizations are more flexible than legislatively appointed groups and are equally able to develop long-term relationships with the Division of State Parks. Because the Koke'e State Park Advisory Council has completed the plan it was created to develop and because the implementation of that plan is more appropriately undertaken by other bodies, this measure repeals the statutory establishment of the Koke'e State Park Advisory Council.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1028, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1028, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, 2 (Acasio, Fevella). Excused, none.

SCRep. 1583 (Majority) Judiciary on H.B. No. 608

The purpose and intent of this measure is to:

- (1) Require the Board of Education to hold no less than six community forums annually, with at least one forum in each county;
- (2) Require the Board to include an open forum for public comments on non-agenda items;
- (3) Require a report to the Legislature on implementing open forums; and
- (4) Eliminate the Superintendent of Education as a voting member constituting the public employer for the purpose of negotiating a collective bargaining agreement with personnel of the Department of Education.

Your Committee received testimony in support of this measure from Americans for Democratic Action. Your Committee received testimony in opposition to this measure from the Department of Education and League of Women Voters. Your Committee received comments on this measure from the Board of Education and Office of Information Practices.

Your Committee finds that community meetings improve the public's access to the Board of Education and provide the Board with more information to assist in its decision-making and priority setting. Your Committee further finds that the Board should receive public input at its noticed regular public meetings and by reaching out to the public through community meetings. This measure seeks to increase communication between the community-at-large and the Board of Education.

Your Committee notes that, because part II of this measure eliminates the Superintendent of Education as a voting member constituting the public employer for the purpose of negotiating a collective bargaining agreement and the title of this measure is "RELATING TO THE BOARD OF EDUCATION", this measure may be in conflict with the requirement under article 3, section 14, of the Hawaii State Constitution, that "[each] law shall embrace but one subject, which shall be expressed in its title". Your Committee encourages further discussion on this issue as this measure proceeds through the legislative process.

Your Committee has amended this measure by:

- (1) Clarifying that community forums are not subject to the requirements of chapter 92, Hawaii Revised Statutes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 608, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 608, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, 1 (Acasio). Excused, none.

SCRep. 1584 Judiciary on H.B. No. 1036

The purpose and intent of this measure is to authorize the Department of Public Safety to maintain a list of independent civil process servers and amend several statutes to allow process servers to serve specific types of legal documents.

Your Committee received testimony in support of this measure from the Judiciary, Department of Public Safety, Hawai'i State Bar Association, and Collection Law Section of the Hawai'i State Bar Association.

Your Committee finds that Act 116, Session Laws of Hawaii 2013 (Act 116), as amended by Act 101, Session Laws of Hawaii 2015, sunset on June 30, 2020. The sunsetting resulted in a repeal of numerous sections of the Hawaii Revised Statutes, which removed express language authorizing process servers to serve specific types of legal documents. This measure will reimplement the substantive provisions of Act 116 to ensure the efficiency and fairness of the service of process in Hawaii'i.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1036, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1036, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 1585 Judiciary on H.B. No. 991

The purpose and intent of this measure is to:

- (1) Authorize the Department of Health to disclose vital statistics records for public health and law enforcement purposes; and
- (2) Update eligibility requirements for access to confidential vital statistics records.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Health, and Honolulu Police Department. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Information Practices and Civil Beat Law Center for the Public Interest.

Your Committee finds that the appropriate sharing of vital records is in the public interest, particularly to facilitate research to help define unique issues in the State. This measure will allow the Department of Health greater discretion to disclose vital records in certain circumstances for legitimate government and research functions. Your Committee notes, however, that a mechanism already exists for law enforcement agencies to access vital records in the course of an investigation in appropriate circumstances. Although the intention of your Committee is not to restrict access by law enforcement to vital records when necessary, your Committee finds that the existing provisions are sufficient to meet law enforcement's need to access vital records and has established safeguards that your Committee finds favorable.

Your Committee has amended this measure by:

- (1) Deleting language authorizing the Department of Health to disclose vital statistics records for law enforcement purposes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 991, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 991, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 1586 Judiciary on H.B. No. 1237

The purpose and intent of this measure is to clarify that the effective period of a temporary restraining order, protective order, or injunction for a minor may extend to a reasonable date after the minor has reached the age of eighteen.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Hawai'i Youth Services Network, Domestic Violence Action Center, and one individual.

Your Committee finds that temporary restraining orders, protective orders, and injunctions against harassment for a minor typically expire when the minor reaches the age of majority because there is ambiguity regarding whether the courts have the authority to issue these orders for a period that extends beyond the date when a minor turns eighteen years of age. Your Committee further finds that the formerly protected individual is then forced to return to court and refile the order or injunction, which places an additional burden on the individual requiring protection, could cause a gap in the legal protection, and increases the workload of the Judiciary. This measure eliminates the automatic termination of the order or injunction and permits the extension of the order's or injunction's effective period, thereby ensuring the protection of individuals in the State.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1237, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1237, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1587 Judiciary on H.B. No. 171

The purpose and intent of this measure is to change the state of mind required for section 486M-7, Hawaii Revised Statutes, penalties to intentionally or knowingly.

Your Committee received testimony in support of this measure from the Office of the Public Defender and Honolulu Police Department. Your Committee received testimony in opposition to this measure from the Hawai'i Pawnbrokers Association and two individuals. Your Committee received comments on this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that pawnbrokers and secondhand dealers are required to maintain certain records and make them available to law enforcement to deter the purchase of stolen goods. Stolen property is often sold as secondhand items under the guise of legitimate business transactions. Your Committee further finds that recent efforts to bring dealers into compliance have been frustrated by the high state of mind standard, and that violations of the pawnbrokers and secondhand dealers law requires proof that a person knowingly purchased stolen property. This is a high bar that is typically only satisfied through a confession. Your Committee finds that this measure is necessary to deter the movement of stolen property through legitimate business channels.

Your Committee has amended this measure by:

(1) Changing the state of mind requirement to intentionally, knowingly, or recklessly; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 171, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 171, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 1588 Judiciary on H.B. No. 125

The purpose and intent of this measure is to establish the Uniform Employee and Student Online Privacy Protection Act that protects from employers and educational institutions, online accounts maintained by employees, unpaid interns, independent contractors, prospective employees, students, prospective students, and parents or legal guardians of students under the age of eighteen years.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Civil Rights Commission, and Commission to Promote Uniform Legislation. Your Committee received testimony in opposition to this measure from the American Council of Life Insurers.

Your Committee finds that privacy is a growing concern as social media use rises and employers increasingly ask current and prospective employees to grant the employer access to social media accounts. Likewise, many educational institutions seek to examine the social media presence of current and prospective students. Your Committee further finds that employers and educational institutions have the power to coerce access to non-public information of prospective and current employees and students' personal online accounts. Allowing access to non-public online information to those who have leverage over a person's education and livelihood may lead to discrimination, self-censorship, and the chilling of free expression. This measure protects employee and student online account information from the demands of employers and educational institutions while ensuring that employers and educational institutions are able to address non-compliance with laws and regulations that directly impact them.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 125, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 125, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1589 (Joint) Judiciary and Commerce and Consumer Protection on H.B. No. 1088

The purpose and intent of this measure is to ban the import for profit, sale, and offer for sale of any cosmetic in the State if the final product or any component of the final product was developed or manufactured using animal testing performed on or after January 1, 2024

Your Committees received testimony in support of this measure from the Department of Health, Humane Society of the United States, Hawaiian Humane Society, Ao Organics Hawaii, O'o Hawaii, Pure Mana Hawaii, Cruelty Free International, The Body Shop, Down to Earth, Animal Rights Initiative, Aloha Animal Advocates, and ten individuals.

Your Committees find that animals have been used to test cosmetic products for over fifty years. Your Committees further find that this practice has been widely condemned as cruel and unnecessary, and that it is now banned in numerous jurisdictions, including California, Nevada, Illinois, Israel, Norway, India, Switzerland, and the European Union. This measure establishes a prohibition on the sale of cosmetic products in the State that have been tested on animals.

Your Committees have amended this measure by:

- Requiring a manufacturer to disclose testing data for the prosecuting attorney's review upon the determination of a reasonable likelihood that a violation has been committed;
- (2) Consolidating language providing exemptions to the animal testing prohibition into a single statutory subsection; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1088, H.D. 3, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1088, H.D. 3, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Commerce and Consumer Protection: Ayes, 7. Noes, none. Excused, none.

SCRep. 1590 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 247

The purpose and intent of this measure is to amend certain land subdivision and condominium property regime laws related to agricultural land, as recommended pursuant to Act 278, Session Laws of Hawaii 2019, to ensure condominium property regime projects within the agricultural district are used for agricultural purposes.

Your Committees received testimony in support of this measure from the Department of Agriculture, Office of Planning, Real Estate Commission, City and County of Honolulu Department of Planning and Permitting, Hawai'i Farm Bureau, Ulupono Initiative, and two

individuals. Your Committees received testimony in opposition to this measure from Island Banana Bread; We Are One Ministries; Mala O Ka Pono, LLC; fifty-two individuals; and a petition signed by over one thousand individuals.

Your Committees find that Act 278, Session Laws of Hawaii 2019 (Act 278), required the Office of Planning, in consultation with a number of other state agencies, to conduct a study of land subdivision and condominium property regime laws as they relate to agricultural land on Oahu and how these laws interact with certain City and County of Honolulu zoning ordinances. The goals of the stakeholder group convened pursuant to Act 278 were to keep suitable agricultural lands for agriculture; support farmers and farming; keep agricultural lands affordable for farming; enable long-term access to agricultural lands for farmers; and minimize the subdivision of and the creation of condominium property regimes on productive agricultural lands except for bona fide agricultural reasons. This measure reflects consensus language recommended by the stakeholders pursuant to Act 278 to establish statewide amendments to existing law to ensure that agricultural lands are used primarily for productive agricultural purposes and allow greater county enforcement.

Your Committees note the concerns raised in testimony that this measure, as currently drafted, unreasonably restricts small family-operated farms and may have the unintended consequence of impeding the creation of affordable housing options, particularly on the neighbor islands where most residents live on agricultural land. Therefore, amendments to this measure are necessary to address these concerns.

Your Committees have amended this measure by:

- (1) Clarifying that the required verified statement concerning the applicant's assessment and county comments regarding the availability of supportive infrastructure, potential impact on governmental plans and resources, sensitive environmental resources, and any other requirements pursuant to county ordinances and rules, shall apply only for projects containing greater than five units; and
- (2) Inserting an effective date of July 1, 2021.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 247, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 247, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Kidani, Shimabukuro, Wakai).

SCRep. 1591 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1062

The purpose and intent of this measure is to:

- (1) Clarify the validity period for a commercial learner's permit; and
- (2) Add a requirement for certain commercial driver's license applicants to complete an entry-level driver training course before taking other required tests for licensure to comply with federal regulations.

Your Committees received testimony in support of this measure from the Department of Transportation.

Your Committees find that, effective February 7, 2022, the Federal Motor Carrier Safety Administration will require states to comply with federal entry-level driver training regulations for certain first-time commercial driver's license applicants. Failure to comply with the federal mandate could result in millions of dollars being withheld from the federal Highway Trust Fund that would otherwise be appropriated to the State. Your Committees further note that approximately two-thirds of all states have already implemented this requirement. In light of the exceptional penalties that would be assessed against the State for failure to comply, this measure is important to bring parity with federal law and to ensure the State continues its eligibility to receive the full amounts apportioned to it from the federal Highway Trust Fund.

Your Committees have amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1062, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1062, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Shimabukuro, Wakai).

SCRep. 1592 Ways and Means on H.B. No. 224

The purpose and intent of this measure is to amend certain statutory provisions relating to the State Health Planning and Development Agency.

- (1) Makes the Department of Health alternatively responsible for the Agency's duties;
- (2) Requires the Agency or Department of Health to update the state health services and facilities plan every five years;

- (3) Transfers moneys in excess of \$2,000,000 in the state health planning and development special fund to the general fund at the end of each fiscal year;
- (4) Imposes an administrative penalty of an unspecified sum for each seven-day period during which a person violates or fails to act in compliance with an approved certificate of need granted by the Agency;
- (5) Exempts psychiatric services, special treatment facilities, and chronic renal dialysis services from the certificate of need requirements; and
- (6) Appropriates unspecified sums of moneys from the state health planning and development special fund to fund positions within the Agency.

Your Committee received written comments in support of this measure from the Department of Health, Institute for Justice, The Queen's Health Systems, Ohana Pacific Management Company, Hawaii Pacific Health, Satellite Healthcare, and U.S. Renal Care.

Your Committee received written comments in opposition to this measure from Liberty Dialysis Hawaii and eight individuals.

Your Committee received comments on this measure from the State Health Planning and Development Agency, Hawaii Substance Abuse Coalition, Hawaii Medical Service Association, Healthcare Association of Hawaii, and Hawaii Government Employees Association

Your Committee recognizes that the Governor has proposed to minimize costs by transferring the State Health Planning and Development Agency's role of administering the Certificate of Need program to the Department of Health. However, your Committee believes that alternative means should be implemented to meet the Governor's cost-saving goals because the Certificate of Need program, as administered by the Agency, is essential to ensure access to health care and the continued viability of the health care system.

Your Committee has amended this measure by:

- (1) Setting out specific definitions of the terms "psychiatric services", "special treatment facility", and "chronic renal dialysis services" for the purposes of exemptions from the certificate of need process; and
- (2) Specifying that the exemption from the certificate of need process for chronic renal dialysis services applies to those services provided in Oahu regional government hospitals.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 224, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1593 Ways and Means on H.B. No. 485

The purpose and intent of this measure is to increase the amount of the rental motor vehicle surcharge tax.

Your Committee received written comments in support of this measure from one individual.

Written comments in opposition were received from the Hawaii Lodging and Tourism Association, Avis Budget Group, Castle Hospitality Group, and Enterprise Holdings.

The Department of Taxation and Grassroot Institute of Hawaii submitted written comments on the measure.

Your Committee finds that increasing the rental motor vehicle surcharge tax by a modest amount will help to offset the many impacts of tourism and rental motor vehicle use in the State.

Your Committee has amended this measure by:

- (1) Changing the amount of the rental motor vehicle surcharge tax from an unspecified amount to \$5.25 per day; and
- (2) Changing the effective date to January 1, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 485, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 485, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Inouye, Wakai). Noes, none. Excused, none.

SCRep. 1594 Ways and Means on H.B. No. 572

The purpose and intent of this measure is to restructure the leadership of the Hawaii Emergency Management Agency.

- (1) Establishes the Hawaii Emergency Management Agency as an agency administratively attached to the Department of Defense;
- Requires that the Administrator of Emergency Management serve as the Director of the Hawaii Emergency Management Agency; and
- (3) Requires the Administrator of Emergency Management to be appointed by the Governor without the advice and consent of the Senate.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments in opposition to this measure from the Department of the Attorney General and one individual.

Your Committee received written comments on this measure from the Hawaii Emergency Management Agency.

Your Committee finds that placing the Hawaii Emergency Management Agency within the Department of Defense for administrative purposes only will comply with the requirement established by Article V, section 6, of the Hawaii State Constitution, that permanent agencies be placed within a principal department.

Your Committee has amended this measure by:

- (1) Making a conforming amendment to section 26-21, Hawaii Revised Statutes, to specify that the Adjutant General shall not be the director of the Hawaii Emergency Management Agency;
- (2) Specifying that the Hawaii Emergency Management Agency shall be placed within the Department of Defense for administrative purposes only; and
- (3) Changing the effective date to July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 572, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 572, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1595 Ways and Means on H.B. No. 753

The purpose and intent of this measure is to amend the State's school impact fee law:

More specifically, this measure:

- (1) Exempts housing developed by the Department of Hawaiian Home Lands from school impact fees for three years;
- (2) Authorizes construction cost component impact fees to be used to improve or renovate existing structures for school use; and
- (3) Repeals a requirement that an expenditure plan for all collected impact fees be incorporated into the Department of Education's annual budget process.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Department of Hawaiian Home Lands, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, and one individual.

Your Committee received written comments in opposition to this measure from Land Use Research Foundation of Hawaii.

Your Committee received written comments on this measure from the Department of Education and Tax Foundation of Hawaii.

Your Committee finds that exempting housing developed by the Department of Hawaiian Home Lands from school impact fees will help make more housing available for beneficiaries of the Department of Hawaiian Home Lands.

Your Committee has amended this measure by:

- Repealing a statutory prohibition against expending construction cost component impact fees for portable or temporary facilities; and
- (2) Changing the effective date to:
 - (A) Make the measure effective upon its approval; and
 - (B) Provide that section 302A-1603(b), Hawaii Revised Statutes, upon its repeal, shall be reenacted in the form in which it read before the effective date of the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 753, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 753, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1596 Ways and Means on H.B. No. 767

The purpose and intent of this measure is to increase the efficiency of the Hawaii Farm to School Program, provide healthier food choices served in public schools, and support local agriculture.

- (1) Transfers the Hawaii Farm to School Program and Farm to School Coordinator from the Department of Agriculture to the Department of Education;
- (2) Establishes a goal that, by the year 2030, thirty percent of the food served in public schools shall consist of locally sourced products; and

(3) Requires the Department of Education to submit annual reports on the progress of meeting the goal.

Your Committee received written comments in support of this measure from the Department of Education, Hawaii Primary Care Association, Hawaii Farm Bureau, Local Food Coalition, Hawaii Cattlemen's Council, Land Use Research Foundation of Hawaii, Hawaii Alliance for Progressive Action, Hawaii Farm to School Hui, Hawaii Public Health Institute, Obesity Prevention Task Force, Ulupono Initiative, Climate Protectors Hawaii, 350Hawaii, Blue Zones Project, Ka Ohana O Na Pua, and ten individuals.

Your Committee received written comments on this measure from the Department of Agriculture.

Your Committee finds that supporting the Farm to School Program and increasing the amount of locally sourced food served in public schools will help to promote healthy eating habits in children while also supporting local agriculture.

Your Committee intends that the Department of Education need not satisfy the thirty percent goal established by this measure during any year prior to 2030. However, your Committee hopes that the Department of Education will annually increase the percentage of locally sourced foods served in public schools, which will reassure this Committee and the public that, by the year 2030, thirty per cent of the food served in public schools will consist of locally sourced products.

Your Committee has amended this measure by:

- (1) Specifying that the percentages shall be calculated based upon the total cost of the food;
- (2) Changing the effective date to July 1, 2021; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 767, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 767, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1597 Ways and Means on H.B. No. 775

The purpose and intent of this measure is to rename the Kahului Airport Access Road as the Mayor Elmer F. Cravalho Way.

Your Committee received written comments in support of this measure from the Department of Transportation and six individuals.

Your Committee finds that renaming Kahului Airport Access Road after former Maui County Mayor Elmer F. Cravalho is an appropriate way to honor and remember Mayor Cravalho's contributions to Maui and the State.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 775, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 775, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

SCRep. 1598 Ways and Means on H.B. No. 869

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Luana Kai A Life Plan Community, a Hawaii not-for-profit corporation, with developing and operating a continuing care retirement community.

Your Committee received written comments in support of this measure from Luana Kai A Life Plan Community and one individual.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that the special purpose revenue bonds authorized by this measure will help Luana Kai A Life Plan Community to provide continuing care retirement housing options to more of the State's underserved seniors.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 869, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 869, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1599 (Majority) Ways and Means on H.B. No. 902

The purpose and intent of this measure is to facilitate the development of affordable housing by the Hawaii Housing Finance and Development Corporation.

- (1) Exempts lands set aside by the Governor to the Hawaii Housing Finance and Development Corporation, and lands leased to the Hawaii Housing Finance and Development Corporation by any state department or agency, from classification as public lands:
- (2) Requires that the sale or gift of those lands be subject to prior legislative approval; and
- (3) Requires that lands leased or set aside to the Hawaii Housing Finance and Development Corporation and that are no longer needed for housing, finance, or development be returned to the state department or agency that leased or approved the setaside of the lands.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Housing Finance and Development Corporation; Department of Planning and Permitting of the City and County of Honolulu; Land Use Research Foundation of Hawaii; Hawaii Construction Alliance; Hawaii Laborers & Employers Cooperation and Education Trust Fund; Mutual Housing Association of Hawaii; and three individuals.

Your Committee received written comments in opposition to this measure from the Office of Hawaiian Affairs, Aina Momona, Hawaii Alliance for Progressive Action, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, Ilioulaokalani Coalition, Ka Lahui Hawaii Political Action Committee, Kupuna for the Moopuna, Native Hawaiian Legal Corporation, and more than one hundred individuals.

Your Committee finds that this measure will help to facilitate the development of affordable housing on state lands by streamlining the process for approving that development on lands under the control of the Hawaii Housing Finance and Development Corporation.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 902, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 902, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 10. Noes, 1 (Fevella). Excused, none.

SCRep. 1600 Ways and Means on H.B. No. 921

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (7), which consists of the faculty of the University of Hawaii and the community college system, along with their excluded counterparts.

Your Committee received written comments in support of this measure from Department of Budget and Finance, University of Hawaii, and University of Hawaii Professional Assembly.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (7) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 921, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 921, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1601 Ways and Means on H.B. No. 961

The purpose and intent of this measure is to streamline the professional licensing process for active duty military spouses who hold licenses in other jurisdictions and to make military dependents exempt from residency requirements for state employment.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs, Department of Human Resources Development, State of Hawaii Department of Defense, Chamber of Commerce Hawaii, and six individuals.

Your Committee received written comments on this measure from one individual.

Your Committee finds that this measure will create opportunities for military families to seek employment, while adding to the State's pool of qualified and experienced candidates for employment.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 961, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 961, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1602 Ways and Means on H.B. No. 1023

The purpose and intent of this measure is to establish and require that all nonresidents over fifteen years of age, except military members and dependents, who fish for, take, or catch marine life in the State for noncommercial or recreational purposes obtain a nonresident recreational marine fishing license.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Malama Pupukea-Waimea, Kuaaina Ulu Auamo, Hawaii Reef and Ocean Coalition, Clean the Pacific, and three individuals.

Your Committee finds that the licensing system established by this measure will help fund marine fishery management in the State and educate nonresidents on Hawaii's fishing regulations.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1023, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1023, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1603 Ways and Means on H.B. No. 1142

The purpose and intent of this measure is to provide funding for the electric vehicle charging system rebate program.

More specifically, this measure:

- Decreases the allocations of revenues generated by the environmental response, energy, and food security tax on each barrel of
 petroleum product that shall be deposited into the energy security special fund and energy systems development special fund;
- (2) Requires that 3 cents of the tax on each barrel of petroleum product be deposited into the public utilities commission special fund for the electric vehicle charging system rebate program; and
- (3) Establishes an electric vehicle charging system subaccount within the public utilities commission special fund, to be expended by the Public Utilities Commission to fund the electric vehicle charging system rebate program.

Your Committee received written comments in support of this measure from Aloha Charge, Big Island Electric Vehicle Association, Blue Planet Foundation, Climate Protectors Hawaii, Environmental Caucus of the Democratic Party of Hawaii, Faith Action Environmental Justice Task Force, Hawaii Electric Vehicle Association, Hawaiian Electric Company, Kauai Climate Action Coalition, KauaiEV, Think BIG, Ulupono Initiative, and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance, Hawaii State Energy Office, Public Utilities Commission, Alliance for Automotive Innovation, Hawaii Energy, Maui Chamber of Commerce, and Tax Foundation of Hawaii.

Your Committee finds that providing a dedicated source of funding for the electric vehicle charging system rebate program will help to improve the State's electric vehicle charging infrastructure, increase electric vehicle adoption, and reduce greenhouse gas emissions.

Your Committee has amended this measure by:

- Clarifying that an allocation of the revenues generated by the environmental response, energy, and food security tax shall be
 directly deposited into the electric vehicle charging system subaccount of the public utilities commission special fund; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1142, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1142, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 11. Noes, none. Excused, none.

SCRep. 1604 (Majority) Ways and Means on H.B. No. 1174

The purpose and intent of this measure is to amend state income tax credits.

- (1) Amends the motion picture, digital media, and film production income tax credit by:
 - (A) Requiring the Department of Business, Economic Development, and Tourism to publish on its website the names of the qualified productions and the amount of the tax credits certified per qualified production per filing year;

- (B) Allowing excess tax credit amounts to be carried over and applied to a taxpayer's income tax liability in subsequent taxable years;
- (C) Repealing the requirement that a taxpayer provide evidence when making any claim for products or services acquired or rendered outside of this State that reasonable efforts were unsuccessful to secure and use comparable products or services within this State;
- (D) Extending the repeal date of the tax credit from January 1, 2026, to January 1, 2033; and
- (E) Extending the date by which a taxpayer may claim excess tax credits from December 31, 2025, to December 31, 2026;
 and
- (2) Amending the renewable energy technologies income tax credit by:
 - (A) Reducing the cap amounts of the tax credit for renewable energy systems installed and placed in service in the State; and
 - (B) Retaining the current cap amount for community-based renewable energy projects on commercial property.

Your Committee received written comments in support of this measure from Tritium3 and two individuals.

Your Committee received written comments in opposition to this measure from the Honolulu Film Office; 350Hawaii; Blue Planet Foundation; Climate Protectors Hawaii; Environmental Caucus of the Democratic Party of Hawaii; Hawaii Solar Energy Association; Inter-Island Solar Supply; Kauai Climate Action Coalition; KauaiEV; Motion Picture Association, Inc.; Our Revolution Hawaii; ProVision Solar; Sierra Club of Hawaii; Tesla; and numerous individuals.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Hawaii Energy; Hawaiian Electric Company; Island Film Group; Kauai Island Utility Cooperative; Kauai Women's Caucus; Tax Foundation of Hawaii; Ulupono Initiative; and three individuals.

Your Committee finds that the motion picture, digital media, and film production income tax credit, codified as section 235-17, Hawaii Revised Statutes, is a competitive production tax credit program that has attracted significant annual investment in the State's economy. Your Committee also finds that this measure would amend the renewable energy technologies income tax credit by reducing the applicable cap amounts allowed to qualified taxpayers by fifty percent. Further, your Committee notes the serious economic challenges faced by the State due to the ongoing coronavirus disease 2019 pandemic.

Your Committee has amended this measure by:

- (1) Changing the motion picture, digital media, and film production income tax credit from a refundable tax credit to a nonrefundable tax credit;
- (2) Restoring the requirement that a taxpayer provide evidence, when making any claim under the motion picture, digital media, and film production income tax credit for products or services acquired or rendered outside of this State, that reasonable efforts were unsuccessful to secure and use comparable products or services within this State;
- (3) Extending to December 31, 2032, the date by which a taxpayer may claim excess motion picture, digital media, and film production income tax credits;
- (4) Clarifying that the amendments to the renewable energy technologies income tax credit shall apply to renewable energy technology systems installed and placed in service after December 31, 2021; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1174, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1174, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Taniguchi). Noes, 1 (Fevella). Excused, none.

SCRep. 1605 Ways and Means on H.B. No. 1280

The purpose and intent of this measure is to transfer operational authority over the Makai Research Pier to the Natural Energy Laboratory of Hawaii.

More specifically, this measure:

- (1) Transfers the Makai Research Pier from the University of Hawaii to the Natural Energy Laboratory of Hawaii Authority; and
- (2) Authorizes the Director of Finance to issue general obligation bonds for the Natural Energy Laboratory of Hawaii Authority to repair and upgrade the Makai Research Pier.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, University of Hawaii, Makai Ocean Engineering, and Natural Energy Laboratory of Hawaii Authority.

Your Committee finds that this measure will allow for the continued use of the Makai Research Pier for valuable ocean research activities.

Your Committee has amended this measure by making a technical nonsubstantive amendment for purposes of clarity and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1280, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1280, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1606 Ways and Means on H.B. No. 1291

The purpose and intent of this measure is to empower students with disabilities to continue their education beyond high school.

Specifically, this measure authorizes the award of scholarships under the Hawaii State Scholars Program to applicants who:

- (1) Graduated from a public high school in the State with a cumulative grade point average of 3.0; and
- (2) Qualified for and received special education services for three or more years during enrollment in grades seven through twelve.

Your Committee received written comments in support of this measure from the University of Hawaii, Special Education Advisory Council, Speducator Project, and twelve individuals.

Your Committee finds that students with disabilities constitute approximately ten percent of the public school population. Your Committee further finds that offering opportunities to these students to secure scholarships under the Hawaii State Scholars Program will provide both an incentive and a lifeline for students in financial need.

Your Committee has amended this measure by amending the eligibility requirements to include applicants who:

- (1) Have received a diploma from a public high school in the State with a cumulative grade point average of 3.0; and
- (2) Provide evidence that the student qualified for and received special education services for two or more years during enrollment in grades nine through twelve.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1291, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1291, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1607 Ways and Means on H.B. No. 1352

The purpose and intent of this measure is to require the Office of Planning to submit to the Legislature a report on the lands within the State that are leased to the federal government or under federal government control.

More specifically, this measure requires the Office of Planning to submit to the Legislature a report containing:

- (1) An inventory of the lands within the State that are leased to, or under the control of, the federal government;
- (2) The known contaminants or environmental hazards discovered on, or associated with, the inventoried lands;
- (3) Any necessary remediation and restoration efforts for the inventoried lands;
- (4) Possible alternative uses of the inventoried lands; and
- (5) The Office of Planning's findings and recommendations.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Office of Planning, Environmental Caucus of the Democratic Party of Hawaii, Hawaii Reef and Ocean Coalition, Sierra Club of Hawaii, and numerous individuals.

Your Committee finds that proactively addressing the remediation, restoration, and potential alternative uses of lands that may eventually be returned to the State will inform the State about the conditions of those lands.

Your Committee has amended this measure by:

- (1) Clarifying that the Office of Planning is required to seek input from all executive branch departments and agencies and the Office of Hawaiian Affairs on remediation and restoration needs and proposed alternative uses for lands within the State that are leased to the federal government or under federal government control;
- (2) Clarifying that the Department of Land and Natural Resources and Department of Health are required to submit to the Office of Planning, no later than the dates to be determined by the Office of Planning, reports containing certain information that the Office of Planning is required to include in its report to the Legislature; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1352, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1352, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1608 (Joint) Judiciary and Ways and Means on H.B. No. 334

The purpose and intent of this measure is to:

- (1) Establish a state drug and alcohol toxicology testing laboratory special fund, to be administered by the Department of Health;
- (2) Deposit into the special fund fines imposed on offenders convicted of certain offenses involving operation of a vehicle under the influence of an intoxicant; and
- (3) Require expenditure reports to the Legislature.

Your Committees received testimony in support of this measure from the Department of Health, Department of Transportation, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui; Office of the Prosecuting Attorney of the County of Kaua'i, Honolulu Police Department, Hawai'i Police Department, Maui Police Department, Hawai'i Chapter of Mothers Against Drunk Driving, and Hawai'i Strategic Highway Safety Plan. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that highway safety in Hawai'i is compromised by intoxicated drivers who continue to jeopardize the safety of all road users. Although the police continue their efforts to make the roads safer by arresting those individuals suspected of driving while impaired, prosecuting these cases can be hampered when test results are not available in time for the respective hearings and also by expensive court costs. Your Committees further find that presently, the testing of blood and urine samples obtained for the purpose of prosecuting cases involving the operation of a motor vehicle under the influence of an intoxicant is largely performed by private out-of-state laboratories, which takes a considerable amount of time to complete, and can lead to test results not being timely provided for trial resulting in a case dismissal. This measure establishes a special fund to sustain a drug and alcohol laboratory in the State.

Your Committees have amended this measure by:

- (1) Changing its effective date to May 6, 2137; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 334, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 334, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 7; Ayes with Reservations (Kim). Noes, none. Excused, none. Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1609 (Joint) Judiciary and Ways and Means on H.B. No. 601

The purpose and intent of this measure is to amend the statewide traffic code to allow for the county chiefs of police to designate county employees to issue citations for traffic violations.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board, County of Kaua'i, National Tropical Botanical Garden, and one individual. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committees find that a shortage of police officers has been reported in every county of the State. Your Committees further find that because the Highway Division, unlike the Airport and Highway Divisions of the Department of Transportation, has no enforcement branch, it is forced to rely on county police departments to enforce traffic and safety violations. For this reason, enforcement of special no stopping, standing, or parking zones throughout the State is very limited. To address this critical shortage of personnel capable of enforcing these provisions, this measure will provide additional persons with the authority to issue traffic citations, thereby improving traffic safety in the State.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 601, H.D. 2, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 601, H.D. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Acasio, Kim). Noes, none. Excused, none.

Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Inouye, Moriwaki).

SCRep. 1610 (Joint) Judiciary and Ways and Means on H.B. No. 1009

The purpose and intent of this measure is to:

- (1) Amend the additional fines and costs for destroying or harvesting trees or tree products, including koa, on state forest reserves
- (2) Establish penalties for any person who violates vehicular parking or traffic movement rules adopted by the Department of Land and Natural Resources under forest reserves, water development, and zoning laws;
- (3) Authorize the State to pursue civil legal action and criminal action against a person violating laws and rules pertaining to forest reserves, water development, and zoning;
- (4) Establish criminal penalties for violations of all forest reserves laws or rules; and

(5) Repeal the general penalty provision for violations of certain forestry and wildlife, recreation areas, and fire protection laws

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committees find that the current value of koa and other forest products, such as Hawaiian sandalwood, far exceeds the current dollar amount of the administrative fine of up to \$10,000 per koa tree and \$2,000 for all other tree or plants destroyed or harvested on state lands. Your Committees further find that the costs associated with enforcement, as well as with restoration or replacement of the habitat and damages to public land and natural resources are not balanced by the fines and other enforcement options currently available to the Department of Land and Natural Resources. This measure not only streamlines offenses and penalties within statutes regarding forest reserves, but also allows the Department of Land and Natural Resources to more consistently and effectively enforce administrative rules and protect, preserve, and enhance the State's natural resources.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1009, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1009, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

Ways and Means: Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (English, Moriwaki).

SCRep. 1611 (Joint) Judiciary and Ways and Means on H.B. No. 1020

The purpose and intent of this measure is to:

- (1) Authorize the Board of Land and Natural Resources (BLNR) to temporarily adopt, amend, and repeal certain natural resource rules by formal action at a public meeting if BLNR finds that such adoption, amendment, or repeal is necessary to implement effective and adaptive management measures in response to rapidly changing resource conditions;
- (2) Require legislative and BLNR approval prior to the renewed adoption, amendment, and repeal of certain natural resource rule by formal action at a public meeting; and
- (3) Require the Department of Land and Natural Resources to report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023 on actions and findings regarding the authority created by this measure.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Kuaʻāina Ulu 'Auamo, and Moana Ohana. Your Committees received comments on this measure from Hawaii Fishermen's Alliance for Conservation and Tradition, Inc.

Your Committees find that the Department of Land and Natural Resources is responsible for managing and administering the aquatic and terrestrial wildlife resources of the State. These natural resources are impacted by a variety of environmental and anthropogenic factors, some of which may change rapidly and frequently, and to effectively manage these natural resources, the Department needs the flexibility to quickly and efficiently implement temporary adaptive management measures that are based on the best available scientific information. Your Committees further find that although the administrative rule-making process prescribed by chapter 91, Hawaii Revised Statutes, serves the important function of providing opportunity for public review and input, it is not designed for implementation of adaptive management measures in response to rapidly changing resource conditions. This measure will enable the Department of Land and Natural Resources to quickly implement certain temporary adaptive management measures, while also providing opportunity for public review and input.

Your Committees have amended this measure by inserting an effective date of October 1, 2021.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1020, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1020, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

SCRep. 1612 (Joint) Judiciary and Ways and Means on H.B. No. 72

The purpose and intent of this measure is to:

- (1) Establish a framework for the regulation of electric foot scooters by the State and counties;
- (2) Amend definitions of "moped" to exclude electric foot scooters; and
- (3) Retain personal injury protection benefits for any individual sustaining injuries while using or operating an electric foot

Your Committees received testimony in support of this measure from the Department of Transportation, Hawai'i State Energy Office, Honolulu Police Department, Spin, Helbiz, and one individual. Your Committees received comments on this measure from one individual.

Your Committees find that shared micromobility vehicles, including bicycles, e-bikes, and electric foot scooters, are more frequently becoming part of multimodal transportation systems. Your Committees further find that although electric foot scooters are

becoming increasingly common, they are not adequately regulated under existing law. Your Committees additionally find that electric foot scooters are vehicles but are not bicycles, and that applying bicycle regulations to electric foot scooters is not optimal. This measure establishes a framework for the regulation of electric foot scooters by the State and counties and amends the definitions of "moped" to exclude electric foot scooters.

Your Committees have amended this measure by:

- (1) Clarifying that foot-powered scooters with no motors are not included within the definition of "electric foot scooters";
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 72, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 72, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.
Judiciary: Ayes, 7. Noes, none. Excused, none.
Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1613 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 477

The purpose and intent of this measure is to:

- (1) Authorize the Department of Health to allow a licensed dispensary to purchase up to three thousand grams of medical cannabis or manufactured cannabis products from another licensed dispensary to ensure ongoing qualifying patient access;
- (2) Increase the allowable number of production centers and retail dispensing locations per dispensary license;
- (3) Place certain limits on where qualifying patients can obtain medical cannabis or manufactured cannabis products after December 31, 2021;
- (4) Authorize the Department of Health to set fee structures for the submission of applications for each additional production center and retail dispensing location and for dispensary-to-dispensary sales;
- (5) Permit inspections of registered grow sites by the Department of Health or law enforcement to verify compliance with cannabis plant limits for cultivation by qualifying patients; and
- (6) Limit dispensary-to-dispensary sales to those located on the same island, as long as federal law prohibits the transportation of medical cannabis over a body of water.

Your Committees received testimony in support of this measure from Maui Grown Therapies; Aloha Green Holdings, Inc.; Big Island Grown Dispensaries; Hawai'i Cannabis Industry Association; Green Aloha; Hawaiian Ethos; Forian BioTrack; and two individuals. Your Committees received testimony in opposition to this measure from Complementary and Alternative Medicine on Oahu, Patients Without Time, Cannabis Society of Hawai'i, Hawai'i Cannabis Union, and twenty-seven individuals. Your Committees received comments on this measure from the Department of Health, Akamai Cannabis Clinic, and two individuals.

Your Committees find that as the State's medical cannabis dispensary system continues to develop, clarifying amendments are necessary to ensure smooth administration of the medical cannabis dispensary law and resolve issues that have arisen under existing law. This measure will enhance the State's medical cannabis dispensary program by strengthening patient access, improving product controls and safety, and refining the administration of the program.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 477, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 477, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 6. Noes, 1 (Acasio). Excused, none. Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1614 Judiciary on H.B. No. 381

The purpose and intent of this measure is to:

- (1) Codify the definition of "assistance animal" in the administrative rules;
- (2) Clarify the type of verification an individual may provide to substantiate a reasonable accommodation request for a specific assistance animal; and
- (3) Specify that possession of a vest or other distinguishing animal garment, tag, or registration document commonly purchased online and purporting to identify an animal as a service animal or assistance animal does not constitute valid verification of a disability-related need for an assistance animal.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Hawai'i Association of REALTORS, Associa, and one individual. Your Committee received comments on this measure from the Disability and Communication Access Board.

Your Committee finds that under the federal and state fair housing laws, landlords may allow "assistance animals" in rental properties that otherwise do not allow pets. For landlords seeking to follow the fair housing laws, this can create problems discerning between a legitimate request from a person with a disability and those from persons who simply wish to keep a pet in their rental unit. This measure provides clarification that assistance animals are animals that are needed to perform disability-related work, services, or tasks for the benefit of a person with a disability or provide emotional support that alleviates one or more identified symptoms or effects of a person's disability.

Your Committee has amended this measure by:

- Removing language specifying the types of verification that a person engaged in a real estate transaction may request if an assistance animal does not readily appear to qualify as a service animal; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 381, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 381, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 7. Noes, none. Excused, none.

SCRep. 1615 (Joint) Judiciary and Ways and Means on H.B. No. 929

The purpose and intent of this measure is to clarify benefits to alternate payees, advisory review determinations of Hawaii domestic relations orders, and the priority of multiple orders.

Your Committees received testimony in support of this measure from the Board of Trustees of the Employees Retirement System.

Your Committees find that on July 1, 2020, the Employees' Retirement System (ERS) began processing Hawaii domestic relations orders to allow the System to make direct payments to alternate payees. Your Committees further find that this measure is necessary for the ERS to implement the process of qualification, approval, and application of Hawaii domestic relations orders. This measure specifies, among other things, that the ERS may release information that a member is entitled to receive an alternate payee pursuant to a complaint for divorce or divorce decree and the manner in which the ERS will prioritize multiple orders.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 929, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 7. Noes, none. Excused, none. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (English, Moriwaki).

SCRep. 1616 Judiciary on H.B. No. 1253

The purpose and intent of this measure is to:

- (1) Prohibit employers, with certain exemptions, from requiring employees and prospective employees to download to their personal communication device, a mobile application that enables the employee's location to be tracked or the employee's personal information to be revealed, as a condition of employment or continued employment;
- (2) Prohibit employers from terminating, discharging, or otherwise discriminating against an employee for refusing to download or refusing to consent to download the mobile application to the employee's personal communication device; or opposing any forbidden practice or filing a complaint, testifying, or assisting in any proceeding concerning an unlawful practice;
- (3) Allow a person who alleges a violation to bring a civil action for injunctive relief, actual damages, or both; and
- (4) Set fines.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and one individual. Your Committee received testimony in opposition to this measure from the Maui Chamber of Commerce, Retail Merchants of Hawai'i, and Chamber of Commerce Hawai'i. Your Committee received comments on this measure from the Society for Human Resource Management.

Your Committee finds that in response to the coronavirus disease 2019 (COVID-19) pandemic, applications for mobile phones have been promoted as a means to track the whereabouts of individuals who may have been exposed to someone testing positive for the virus. Your Committee further finds that although tracking individuals who may have been exposed to COVID-19 can be a very effective tool in fighting the spread of the virus, the capabilities of these applications prompt privacy concerns and anxiety over potential misuse of the location information. Your Committee additionally finds that while mobile phone users may voluntarily agree to be tracked, the privacy concerns dictate against making the downloading of mobile applications to an employee's personal mobile phones a condition of employment.

Your Committee notes that further consideration may be necessary regarding whether employee consent to downloading a mobile application to the employee's personal device should be given in writing and whether the employee should be able to rescind consent, as well as whether a requirement is needed that the employer have a written policy on how the information that is tracked or saved by the application will be used by the employer and how the information will be protected from unauthorized disclosure or hacking.

Consideration may also be necessary regarding whether the Attorney General should be authorized to bring a lawsuit on its initiative to enforce the requirements of this measure, including through a class action if necessary.

Consideration may also be merited on the question of how information regarding the requirements of this measure should best be communicated to employers and other members of the public, and whether the Department of Labor and Industrial Relations should post that information on its website.

Your Committee further notes concern about whether the fine that may be imposed on an employer pursuant to this measure should be deposited into the general fund.

Your Committee finds that these considerations and concerns may merit further discussion as this measure proceeds through the legislative process or in future legislative sessions.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1253, H.D. 3, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, none. Excused, 1 (Lee).

SCRep. 1617 Labor, Culture and the Arts on Gov. Msg. No. 714

Recommending that the Senate advise and consent to the nomination of the following:

HOISTING MACHINE OPERATORS ADVISORY BOARD

G.M. No. 714 JACHRYSTAL FIERO, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Jachrystal Fiero for service on the Hoisting Machine Operators Advisory Board (Board).

Your Committee received testimony in support of the nomination for the appointment of Mr. Fiero from five individuals.

Your Committee finds that the Board was created in 1998 pursuant to section 396-19, Hawaii Revised Statutes, to adopt administrative rules for the certification of hoisting machine operators in Hawaii. The Board is charged with the responsibility to establish minimum standards to assure that construction tower and crane operators across the islands operate hoisting machines in a uniformly safe and lawful manner.

Upon review of the testimony and Mr. Fiero's qualifications, your Committee finds that Mr. Fiero's thirty years of professional experience and background in the crane and rigging industry qualify him to be nominated for appointment to the Board. Mr. Fiero has been a certified crane operator for twenty-five years and holds a commercial driver's license. Mr. Fiero is currently the owner and operator of Haku Crane & Rigging, LLC, a company he founded in 1997, that offers operated and bare rental boom truck service and rough terrain, hydraulic truck crane, heavy duty flatbed and forklift service. As the owner and operator, Mr. Fiero's duties include overseeing project execution, phase progress, workmanship and team performance to achieve timely completion of service work; assessing, optimizing, and elevating operations to meet current and expected demands; and enhancing operational performance by developing effective business strategies, systems, and procedures. Prior to establishing Haku Crane & Rigging, LLC, Mr. Fiero was employed as a mobile crane operator with Tow Board Services & Management, Inc. from 1990 to 1996. As a mobile crane operator, Mr. Fiero's duties included the operation of various service cranes, barges, hammers, workboats, crane mounts and external hire service cranes; streamlining of operational efficiencies for the safe operation of mobile hydraulic cranes and barge cranes; and inspections of boom trucks and cranes to reduce hazards and risks.

Your Committee believes that Jachrystal Fiero's extensive knowledge and experience in the crane and rigging industry will be valuable assets to the Board.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Chang, Ihara).

SCRep. 1618 Labor, Culture and the Arts on Gov. Msg. Nos. 592 and 593

Recommending that the Senate advise and consent to the nominations of the following:

HOISTING MACHINE OPERATORS ADVISORY BOARD

G.M. No. 592 DONALD BAILEY, for a term to expire 06-30-2025; and

G.M. No. 593 THOMAS JACOBS, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Donald "Doc" Bailey and Thomas Jacobs for service on the Hoisting Machine Operators Advisory Board (Board).

DONALD "DOC" BAILEY

Your Committee received testimony in support of the nomination for the reappointment of Donald "Doc" Bailey from five individuals.

Upon review of the testimony and Mr. Bailey's qualifications, your Committee finds that Mr. Bailey has been serving as a member of the Board since 2018. Mr. Bailey currently serves as the President of Doc Bailey Cranes & Equipment of Hawaii, Inc. and the President and Chief Executive Officer of Doc Bailey Construction Equipment, Inc. which has offices in California, Nevada, and Guam. Mr. Bailey has over thirty-six years of experience in servicing and operating cranes, including thirty years of experience as a certified crane inspector and in crane maintenance with welding, fabrication, design, and repair. Your Committee notes that testimony attests to

Mr. Bailey's experience in the implementation of rules governing operation of cranes in California and Nevada with robust crane oversight programs, and that such experience is especially important to the Board now, as it begins to expand the oversight of construction crane operators in Hawaii pursuant to federal regulations.

Your Committee believes that Donald "Doc" Bailey's extensive expertise in crane maintenance and operation as well as his experience and knowledge in implementation of crane oversight programs will continue to be valuable assets to the Board.

THOMAS JACOBS

Your Committee received testimony in support of the nomination for the appointment of Thomas Jacobs from three individuals.

Upon review of the testimony and Mr. Jacobs' qualifications, your Committee finds that Mr. Jacobs' twenty-six years of professional experience and background in construction safety throughout all phases of construction and his extensive knowledge in working with cranes as part of his job qualify him to be nominated for appointment to the Board.

Your Committee notes that Mr. Jacobs has held numerous safety-related positions with numerous general contractors. He is currently the Environment, Safety, and Health Project Manager at Layton Construction Company, LLC. His previous positions include the Director of Safety and Health at Dorvin D Leis Co., Inc.; Project Health Safety and Environment Manager at Nordic PCL Construction, Inc.; and Senior Safety Administrator at Hawaiian Dredging Construction Company. Your Committee also notes that Mr. Jacobs holds various safety-related certificates, including but not limited to certificates as a Construction Health and Safety Technician, Occupational Health and Safety Technologist, and Medic First Aid/CPR Instructor. Mr. Jacobs has also conducted numerous safety trainings, including but not limited to, the Occupational Safety and Health Administration ten- and thirty-hour certification training, scaffolding safety, powered industrial truck safety, excavation and trenching safety, and aerial lift platform safety.

Your Committee believes that Thomas Jacobs' extensive knowledge and experience in construction safety throughout all phases of construction as well as his extensive knowledge in working with cranes will be valuable assets to the Board.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 1619 Labor, Culture and the Arts on Gov. Msg. Nos. 559 and 560

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 559 KEN KITAMURA, for a term to expire 06-30-2021; and

G.M. No. 560 KEN KITAMURA, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Ken Kitamura for service on the Board of Trustees of the Deferred Compensation Plan (Board).

Your Committee received testimony in support of the nomination for the appointment and reappointment of Mr. Kitamura from the Deferred Compensation Plan and Department of Human Resources Development.

Your Committee finds that Mr. Kitamura has been serving on the Board as an interim employee member since July 2020, and has also served as an ex-officio member from 2018 to 2019, as a designee of the Director of the Department of Budget and Finance. Your Committee notes that Mr. Kitamura has over three decades of experience within the state government serving in various positions. He has been serving as the Business Management Officer of the Department of Human Services, Fiscal Management Office since January 2014. From February 2018 to January 2019, he also served as the Deputy Director of the Department of Budget and Finance. Before that, Mr. Kitamura served as an Administrative Services Officer, Business Manager, and Program Budget Analyst of the Department of Business, Economic Development, and Tourism; Business Services Officer of the Office of the Lieutenant Governor; Legislative Aide in the Office of a Honolulu Councilmember; Special Projects Manager and Budget Supervisor of the Senate Ways and Means Committee; Associate Auditor of the Office of the Legislative Auditor; and Analyst of the Senate President's Office.

Your Committee further notes that Mr. Kitamura earned a Bachelor of Arts degree in Government from Chaminade University of Honolulu and a Master's degree in Public Administration from the University of Hawaii at Manoa.

Your Committee finds that Mr. Kitamura's education, extensive record in public service, deep understanding of government budgetary functions and fiscal management, and current and previous service on the Board as an employee member and ex-officio member will continue to be tremendous assets to the Board and the participants of the Deferred Compensation Plan.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1620 Labor, Culture and the Arts on Gov. Msg. Nos. 669, 670, and 671

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 669 RONALD MICHIOKA, for a term to expire 06-30-2025;

G.M. No. 670 SKYE CORREA, for a term to expire 06-30-2025; and

G.M. No. 671 NALANI BRUN, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Ronald Michioka, Skye Correa, and Nalani Brun, for service on the State Foundation on Culture and the Arts Commission (Commission).

RONALD MICHIOKA

Your Committee received testimony in support of the nomination for the reappointment of Ronald Michioka from the State Foundation on Culture and the Arts.

Upon review of the testimony and Mr. Michioka's qualifications, your Committee finds that Mr. Michioka holds a Bachelor of Fine Arts degree in sculpture from the University of Hawaii at Manoa, where he was a candidate for a Master of Fine Arts in sculpture. From 1979 through 1985, Mr. Michioka served as a Cataloguer and Curator for the Art in Public Places Program administered by the State Foundation on Culture and the Arts. He also served as a Visual Arts Consultant for many years, advising the foundation on purchase of art for the state art collection. Your Commission notes that in addition to his expertise and passion for the arts, Mr. Michioka has a successful legal career. He obtained his Juris Doctor degree from the University of California, Hastings College of the Law and is currently a partner at Chong, Nishimoto, Sia, Nakamura & Goya, L.L.L.P. During his legal career, Mr. Michioka has handled various matters involving artists and museums on issues such as breach of contracts and violation of copyright.

Your Committee finds that Mr. Michioka has been serving as a member of the Commission for the past four years and that his expertise and considerable experience as an artist, Cataloguer, Curator, Visual Arts Consultant, and lawyer will continue to be great assets to the Commission.

SKYE CORREA

Your Committee received testimony in support of the nomination for the appointment of Skye Correa from the State Foundation on Culture and the Arts.

Upon review of the testimony and Mr. Correa's qualifications, your Committee finds that Mr. Correa's expertise and experience in education, community outreach, exhibit design, and curatorial innovation qualify him to be nominated for appointment to the Commission. Your Committee notes that Mr. Correa currently serves as a Curator with the Smithsonian Asian Pacific American Center, Smithsonian Institution, which is a migratory museum established to enrich the American Story with the voices of Asian Pacific Americans by bringing history, art, and culture through innovative community-focused experiences. Your Committee notes that Mr. Correa obtained various degrees from the University of Hawaii at Manoa, including a Master's degree in Education Technology; Master's degree in Library and Information Science; and a Bachelor of Arts degree from the Kamakakūokalani Center for Hawaiian Studies, and is expected to graduate in 2022 as a Doctor of Philosophy (PhD) in Learning Design and Technology with focus on Cultural Education via Immersive Environments. Your Committee notes that Mr. Correa's previous professional experiences include positions such as Manager with the Papahānaumokuākea Marine National Monument, Office of Marine National Sanctuaries; Information Technology Specialist with the Edwin H. Mookini Library, University of Hawai'i at Hilo; and Exhibits Manager and Interim Facilities Manager with the 'Imiloa Astronomy Center of Hawaii, University of Hawai'i at Hilo.

Section 9-2(b), Hawaii Revised Statutes, requires the Commission to have as members, at least one resident from each of the counties of Hawaii, Kauai, and Maui. Mr. Correa will serve on the Commission as a resident of the County of Hawaii. Your Committee finds that Mr. Correa's solid background in Hawaiian history, information research, educational foundations, outreach technology pedagogy, and event and programmatic curation will be valuable assets to the Commission.

NALANI BRUN

Your Committee received testimony in support of the nomination for the reappointment of Nalani Brun from the State Foundation on Culture and the Arts.

Upon review of the testimony and Ms. Brun's qualifications, your Committee finds that Ms. Brun has over forty-five years of experience in the entertainment and visitor industry as well as over twenty-seven years of service as a government employee. Ms. Brun is currently the Director of the County of Kauai Office of Economic Development. Her previous positions with the County of Kauai include Economic Development Specialist for Tourism and Program Administrative Officer. Ms. Brun's professional focus is on recovery of culture, maintaining relationships with cultural organizations and organizing festivals and events. Ms. Brun is also a professional vocalist and dancer who has been performing hula and other dances and songs of the Pacific region in the visitor industry. Her prior experience also includes being a fitness instructor working primarily with Native Hawaiians.

Your Committee finds that Ms. Brun has been serving as a member of the Commission as a resident of the County of Kauai for the past four years, and that her knowledge and experience in the visitor industry, her passion for dance, music, and culture, as well as her commitment to public service will continue to be valuable assets to the Commission.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 1621 Ways and Means on H.B. No. 95

The purpose and intent of this measure is to authorize the issuance of special number plates to commemorate the beauty of, and observe the importance of protecting, the State's natural resources.

More specifically, this measure:

- (1) Authorizes the Director of Finance of each county to issue special number plates for use on motor vehicles to commemorate the beauty of the State's natural resources and observe the importance of preserving those resources;
- (2) Requires the Chairperson of the Board of Land and Natural Resources to design the special number plates, based on certain guidelines;
- (3) Requires the Director of Finance of each county to charge a special number plate fee and fundraising fee, and authorizes the Director to charge an additional fundraising fee; and
- (4) Provides that the revenue generated by the fundraising fees shall be deposited into the Conservation and Resources Enforcement Special Fund.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Malama Pupukea-Waimea, and two individuals.

Your Committee finds that charging fees for the issuance of special number plates will provide an effective and appropriate source of dedicated funding for the Department of Land and Natural Resources Division of Conservation and Resources Enforcement.

Your Committee has amended this measure by changing the effective date to July 1, 2051, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 95, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 95, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1622 Ways and Means on H.B. No. 325

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (1), which consists of nonsupervisory employees in blue collar positions, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance; University of Hawaii; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (1) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 325, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1623 Ways and Means on H.B. No. 326

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (10), which consists of institutional, health, and correctional workers, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance; University of Hawaii; Hawaii Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (10) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 326, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1624 Ways and Means on H.B. No. 712

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (2), which consists of supervisory employees in blue collar positions, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, University of Hawaii, Hawaii Health Systems Corporation, and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (2) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 712, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1625 Ways and Means on H.B. No. 713

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (3), which consists of nonsupervisory employees in white collar positions, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, University of Hawaii, Hawaii Health Systems Corporation, and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (3) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 713, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1626 Ways and Means on H.B. No. 714

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (4), which consists of supervisory employees in white collar positions, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, University of Hawaii, Hawaii Health Systems Corporation, and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (4) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 714, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1627 Ways and Means on H.B. No. 715

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (6), which consists of educational officers and other personnel of the Department of Education under the same pay schedule, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (6) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

Your Committee has amended this measure by making a technical nonsubstantive amendment for the purpose of consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 715, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 715, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1628 Ways and Means on H.B. No. 716

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (8), which consists of personnel of the University of Hawaii and the community college system other than faculty, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, University of Hawaii, and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (8) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 716, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 716, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1629 Ways and Means on H.B. No. 1127

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (14), which consists of state law enforcement officers along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (14) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1127, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1127, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1630 Ways and Means on H.B. No. 1126

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (13), which consists of professional and scientific employees who cannot be included in any of the other bargaining units, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Hawaii Health Systems Corporation, and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (13) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1126, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1631 Ways and Means on H.B. No. 1125

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (9), which consists of registered professional nurses, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, University of Hawaii, Hawaii Health Systems Corporation, and Hawaii Government Employees Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (9) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process

will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1125, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1632 Ways and Means on H.B. No. 1043

The purpose and intent of this measure is to facilitate the administration of the transient accommodations tax.

More specifically, the measure:

- (1) Provides that any taxpayer who receives gross rental proceeds shall pay the tax;
- (2) Replaces certain references to "operator and plan manager" with "taxpayer" or "person";
- (3) Clarifies that a certificate of registration is required for persons advertising transient accommodations;
- (4) Eliminates the misdemeanor criminal penalty for failing to register and replaces it with a monetary fine structure;
- (5) Applies the personal liability provision under the general excise tax law to the transient accommodations tax; and
- (6) Repeals provisions establishing the office of the taxation district in which the taxes arose or the office of the first taxation district in Honolulu as the recipients of periodic returns.

Your Committee received written comments in support of this measure from the Department of Taxation.

Your Committee received written comments on this measure from the Tax Foundation of Hawaii and one individual.

Your Committee finds that the transient accommodations tax provides the State with necessary revenues. Your Committee further finds that statutory language requires clarification to ensure effective enforcement and administration of the tax.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1043, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1043, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1633 Ways and Means on H.B. No. 1297

The purpose and intent of this measure is to ensure the transparent accounting and expenditure of non-general funds.

Specifically, the measure:

- Requires each department to submit program measures, cost elements, and accounting reports for all non-general funds to the Legislature by October 1 of each year;
- (2) Specifies that the cigarette tax revenues shall be deposited to the credit of the cancer research special fund only until July 1, 2041, and that those moneys be used only for capital expenditures;
- (3) Provides that certain special funds be subject to deductions for central service expenses;
- (4) Statutorily establishes the cancer research center of Hawaii and establishes lines of reporting and other administrative provisions relating to the cancer research center of Hawaii;
- (5) Prohibits certain uses of the tuition and fees special fund and research and training revolving funds; and
- (6) Amends from semi-annually to annually the reporting requirement for the Hawaii cancer research special fund.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments in opposition to this measure from the University of Hawaii, Department of Land and Natural Resources, Hawaii Tourism Authority, American Cancer Society Cancer Action Network, UH Cancer Center, and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance, Department of Taxation, Department of Defense, Department of Human Services, Department of Education, Tax Foundation of Hawaii, Hawaii Pacific Health, and Wilcox Medical Center.

Your Committee finds that section 36-27, Hawaii Revised Statutes, requires the Director of Finance to deduct five percent of all receipts of most special funds for the purpose of defraying the prorated estimate of central service expenses of government in relation to all special funds, unless exempted by that section. Your Committee further finds that eliminating this exemption for certain funds will help to address the State's budget shortfall due to the coronavirus disease 2019 pandemic.

Your Committee has amended this measure by:

- (1) Requiring that annual reports regarding non-general funds be submitted to the Legislature no later than November 1, instead of October 1, of each year;
- (2) Correcting the text of section 36-27(a), Hawaii Revised Statutes, to correspond to the printed version of the Hawaii Revised Statutes;
- (3) Changing the effective date from July 1, 2050, to July 1, 2021; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1297, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1297, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 11. Noes, none. Excused, none.

SCRep. 1634 (Joint) Ways and Means and Judiciary on H.B. No. 1102

The purpose and intent of this measure is to prohibit the release of balloons that have been inflated with a gas that is lighter than air.

Your Committees received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, Clean The Pacific, The Humane Society of the United States, Center for Biological Diversity, Surfrider Foundation, and five individuals.

Your Committees find that this measure will help to reduce the release of balloons filled with lighter-than-air gases, which often land in the ocean and are consumed by and cause harm to birds, turtles, fish, and other marine animals.

Your Committees have amended this measure by changing the effective date to January 1, 2023.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1102, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1102, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro). Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1635 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 1059

The purpose and intent of this measure is to repeal obsolete or unnecessary statutory provisions relating to the transportation improvement special fund, Kewalo Basin use permits, and maintenance of the Department of Transportation's fire boat.

Prior to decision making on this measure, your Committees made available for public review a proposed S.D. 1 of this measure. The proposed S.D. 1:

- (1) Repeals sections 264-19, 266-2.3, and 266-22, Hawaii Revised Statutes;
- (2) Amends Act 1, section 18, Special Session Laws of Hawaii 2017, to grant voting rights to the members of the Board of Directors of the Honolulu Authority for Rapid Transportation who are appointed by the President of the Senate or the Speaker of the House of Representatives; and
- (3) Changes the effective date to January 1, 2050.

Your Committees received written comments in support of this measure from the Department of Transportation, Hawaii Building and Construction Trades Council, Hawaii Iron Workers Stabilization Fund, International Brotherhood of Electrical Workers Local Union 1186, Ironworkers Union Local 625, and two individuals.

Your Committees received written comments in opposition to this measure from the League of Women Voters of Hawaii.

Your Committees find that granting voting rights to the members of the Board of Directors of the Honolulu Authority for Rapid Transportation who are appointed by the President of the Senate or Speaker of the House of Representatives will enable the Board to operate more efficiently and effectively.

Your Committees have amended this measure by replacing its contents with the contents of the proposed draft of H.B. No. 1059, S.D. 1, which was circulated prior to your Committee's decision making on this measure.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1059, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1059, S.D. 1.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (English, Moriwaki). Judiciary: Ayes, 6. Noes, 1 (Kim). Excused, none.

SCRep. 1636 (Joint) Ways and Means and Judiciary on H.B. No. 1004

The purpose and intent of this measure is to facilitate the administration of the boiler and elevator safety law.

More specifically, the measure:

- (1) Authorizes the Director of Labor and Industrial Relations to prohibit the operation of pressure retaining items, amusement rides, and elevators and kindred equipment if inspection fees or fines are not timely paid;
- (2) Replaces the statutory boiler and elevator fee schedule and with a requirement that the Director of Labor and Industrial Relations prescribe the fees; and
- (3) Replaces certain terms throughout chapter 397, Hawaii Revised Statutes.

Your Committees received written comments in support of this measure from the Department of Labor and Industrial Relations.

Your Committees recognize that the Department of Labor and Industrial Relations lacks sufficient resources to timely perform inspections of elevators and other equipment subject to the boiler and elevator safety law. Your Committees also recognize that the fee schedules under the law are outdated and unnecessary. Your Committees believe that by authorizing the Department to prohibit the operation of pressure retaining items, amusement rides, and elevators and other equipment if fees and fines are not timely paid, and by authorizing the Director of Labor and Industrial Relations to establish fees by the adoption of administrative rules, the Department will be able to better administer the boiler and elevator safety law.

Your Committees have amended this measure by:

- Authorizing, rather than requiring, the Department of Labor and Industrial Relations to rescind certain restrictive orders under certain circumstances;
- (2) Clarifying that a restrictive order may be rescinded when an owner, user, or contractor either has complied with the order by taking corrective action or has paid all fees and fines imposed by the Department;
- (3) Specifying that the Director of Labor and Industrial Relations shall prescribe fees by rules adopted pursuant to chapter 91, Hawaii Revised Statutes; and
- (4) Amending section 397-10, Hawaii Revised Statutes, to conform with other provisions of this measure.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1004, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1004, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1637 (Joint) Ways and Means and Judiciary on H.B. No. 954

The purpose and intent of this measure is to convert certain positions within the Hawaii Emergency Management Agency from civil service status to exempt status.

More specifically, this measure extends exempt status to the executive officer, public information officer, civil defense administrative officer, branch chiefs, and emergency operations center state warning point personnel.

Your Committees received written comments in support of this measure from the Hawaii Emergency Management Agency and Hawaii State Energy Office.

Your Committees received written comments in opposition to this measure from one individual.

Your Committees find that exempting key positions from civil service status will help the Hawaii Emergency Management Agency create a more responsive, flexible, and aggressive hiring system to recruit and retain experienced emergency management professionals. Your Committees note that the exempt status extended to certain Hawaii Emergency Management Agency personnel in this measure is normally reserved for management positions.

Your Committees have amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 954, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 954, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Shimabukuro).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1638 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 930

The purpose and intent of this measure is to ensure that the Employees' Retirement System is not disadvantaged as a competitive investor

More specifically, this measure exempts the Employees' Retirement System from disclosure of certain types of alternative investment fund information pursuant to the Uniform Information Practices Act.

Your Committees received written comments in support of this measure from the Employees' Retirement System.

Your Committees received written comments in opposition to this measure from UNITE HERE Local 5 and one individual.

Your Committees received written comments on this measure from the Office of Information Practices.

Your Committees find that requiring the Employees' Retirement System to disclose certain investment intelligence would put the Employees' Retirement System at a disadvantage as a competitive investor because competing investors would be able to acquire and use that information at no cost. Your Committees further find that the Employees' Retirement System currently publishes non-confidential aggregate performance data for the entire system investment portfolio in its "Hawaii ERS Quarterly Performance Report", as well as monthly statements of investments.

Your Committees have amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 930, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 930, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Shimabukuro). Judiciary: Ayes, 6. Noes, 1 (Acasio). Excused, none.

SCRep. 1639 (Joint) Ways and Means and Judiciary on H.B. No. 817

The purpose and intent of this measure is to encourage the production and use of local agricultural products.

Specifically, this measure:

- (1) Requires and establishes benchmarks for each state department to ensure that a certain percentage of the produce purchased by that department consists of fresh local agricultural products or local value-added, processed, agricultural, or food products; and
- (2) Requires each department to report to the Legislature on that department's progress toward meeting these benchmarks.

Your Committees received written comments in support of this measure from the Department of Education, Ulupono Initiative, Hawaii Farm Bureau, Blue Zones Project, Kamehameha Schools, Hawaii Farm to School Hui, Hawaii Public Health Institute, Obesity Prevention Task Force, Land Use Research Foundation of Hawaii, Hawaii Cattlemen's Council, and one individual.

Your Committees find that this measure will help to ensure that state moneys used for the procurement of produce remain within the State and directly support the local businesses that generate local produce and food products.

Your Committees have amended this measure by changing the effective date to upon the measure's approval.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 817, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 817, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Shimabukuro). Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1640 (Joint) Ways and Means and Judiciary on H.B. No. 573

The purpose and intent of this measure is to strengthen the State's emergency response and recovery protocols.

Specifically, the measure:

- (1) Establishes the Joint Legislative Emergency Response and Recovery Committee to make recommendations to the Legislature on matters relating to the emergency response of the State;
- (2) Allows the Joint Legislative Emergency Response and Recovery Committee, under certain specified conditions, to convene when the Legislature is not in session; and
- (3) Authorizes the Legislature to convene in a special session, in accordance with the State Constitution, to act on the recommendations of the Joint Legislative Emergency Response and Recovery Committee.

Your Committees received written comments in opposition to this measure from one individual.

Your Committees received written comments on this measure from the Department of Budget and Finance and Department of Human Services.

Your Committees find that the establishment of a joint legislative committee having information-gathering, fact-finding, and advisory functions with respect to the State's emergency response and allocation of federal relief funding will facilitate a more coordinated and timely response to future emergencies, while also providing flexibility and discretion to the joint legislative committee and Legislature in deciding to convene.

Your Committees have amended this measure by:

- (1) Specifying that the Joint Legislative Emergency Response and Recovery Committee may convene when the Legislature is not in session if the amount of emergency funds provided to the State by the financial relief package passed by the United States Congress exceeds \$25,000,000; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 573, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 573, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Shimabukuro). Judiciary: Ayes, 7; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 1641 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 502

The purpose and intent of this measure is to authorize the counties to adopt ordinances that allow up to one dwelling per quarter acre in rural districts.

Your Committees received written comments in support of this measure from the Hawaii Association of REALTORS.

Your Committees received written comments in opposition to this measure from two individuals.

Your Committees received written comments on this measure from the Hawaii Department of Agriculture.

Your Committees find that this measure will help address the State's critical housing shortage by providing counties with the flexibility to permit denser zoning in rural areas.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive edits for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 502, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 502, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 9; Ayes with Reservations (Taniguchi). Noes, none. Excused, 2 (Moriwaki, Shimabukuro). Judiciary: Ayes, 6. Noes, 1 (Acasio). Excused, none.

SCRep. 1642 (Joint) Judiciary and Ways and Means on H.B. No. 465

The purpose and intent of this measure is to:

- (1) Require the representative of labor on the Hawaii Labor Relations Board (HLRB) to be a person whose name has been chosen by the exclusive representatives of the collective bargaining units through a process determined by a simple majority of exclusive representatives and submitted to the Governor for appointment with the advice and consent of the Senate;
- (2) Allow a simple majority of the exclusive representatives of the collective bargaining units who recommended the nominee to transmit the nominee's name directly to the Senate for confirmation if the Governor fails to do so within twenty days after their submission of the nominee's name to the Governor; and
- (3) Allow a simple majority of the exclusive representatives of the collective bargaining units to remove, via a written request to the Governor, the representative of labor from the HLRB during the member's term.

Your Committees received testimony in support of this measure from the Hawai'i State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committees received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committees received comments on this measure from the Hawai'i Labor Relations Board.

Your Committees find that that the HLRB is a quasi-judicial board with jurisdiction over state public sector collective bargaining; state private sector collective bargaining; and cases pertaining to state occupational safety and health citations and whistleblower discrimination claims. The HLRB consists of three members — the Chair, who is the representative of the public, one member who is a representative of management, and another member who is a representative of labor. All three HLRB members are appointed to six-year terms by the Governor. Under existing law, the representative of management is appointed by the Governor, who must first consider the names submitted by each county. The representative of labor is appointed by the Governor from a list of three nominees submitted by mutual agreement from a majority of the exclusive representatives of the collective bargaining units. The Governor's selection for HLRB Chair is not limited to names submitted by other parties. This measure will require the Governor to appoint with the advice and consent of the Senate, the one individual chosen by the exclusive representatives of the collective bargaining units. This measure also gives the exclusive representatives of the collective bargaining units. This measure also gives the exclusive representatives of the collective bargaining units. This measure also gives the exclusive representatives of the collective bargaining units. The Governor, the HLRB member representing labor if they determine, by simple majority, that the HLRB member representing labor is not effective during the member's term.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 465, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Fevella). Noes, none. Excused, none.

Ways and Means: Ayes, 10; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Moriwaki).

SCRep. 1643 (Joint) Judiciary and Ways and Means on H.B. No. 1018

The purpose and intent of this measure is to authorize the Department of Land and Natural Resources (DLNR) to adopt rules to establish a lay net permit for the use or possession of lay nets, including reasonable permit fees and provisions for revocation, suspension, and withholding of permits for noncompliance with lay net rules.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, The Nature Conservancy, Hawai'i Reef and Ocean Coalition, Clean the Pacific, Center for Biological Diversity, For the Fishes, and four individuals.

Your Committees find that despite detailed lay net rules implemented by DLNR, including lay net registration and identification requirements and restrictions on lay net dimensions, mesh size, soak time, time of day, frequency between sets, water depth, and location, the illegal and irresponsible use of lay nets continues with adverse impacts to both fishery resources and protected species. Your Committees further find that lay net violations are primarily fishery-related infractions that DLNR investigates. Your Committees additionally find that the establishment of a lay net permit system will allow DLNR to more effectively regulate the use of these devices and enforce those regulations against noncompliance. This measure will authorize DLNR to adopt rules to establish a lay net permit for the use or possession of lay nets, including reasonable permit fees and provisions for revocation, suspension, and withholding of permits for noncompliance with lay net rules.

Your Committees have amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1018, H.D. 2, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1018, H.D. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Judiciary: Ayes, 7. Noes, none. Excused, none.
Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1644 (Joint) Judiciary and Ways and Means on H.B. No. 722

The purpose and intent of this measure is to:

- (1) Establish a statewide coordinator and program overseen by the Department of the Attorney General to provide services and assistance to commercially sexually exploited children and victims of human trafficking;
- (2) Require the Attorney General to submit annual reports to the Legislature; and
- (3) Require the children's justice program to coordinate the investigation and case management of child human trafficking cases, including cases involving the commercial sexual exploitation of children.

Your Committees received testimony in support of this measure from the Judiciary, Department of Human Services, Department of the Attorney General, Department of Health, Office of Hawaiian Affairs, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawai'i, Honolulu Police Department, Parents And Children Together, Imua Alliance, and one individual. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find children, particularly foster, runaway, LGBTQ+, immigrant, and undocumented children and children suffering from mental illnesses and substance abuse issues, are vulnerable to sex trafficking and commercial sexual exploitation. Your Committees further find that victims are often lured into sex trafficking through emotional manipulation and control, force, fraud, or threats, and that sexually exploited children most often do not have the ability or resources to escape and start a new life. Your Committees additionally find that, although the Department of Human Services has received an increasing number of calls on its hotline for witnesses or victims of child sex trafficking, because child sex trafficking is covert, it is difficult to accurately measure the scope of the problem, and exploited youth may not identify themselves as victims.

Your Committees have amended this measure by:

- (1) Inserting an effective date of May 6, 2137, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 722, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 722, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 7. Noes, none. Excused, none. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (English, Moriwaki).

SCRep. 1645 Judiciary on H.B. No. 282

The purpose and intent of this measure is to expand the circumstances where a minor may consent to no cost emergency shelter and related services to include cases where the provider is coordinating with child welfare services.

Your Committee received testimony in support of this measure from the Department of Human Services; Governor's Coordinator on Homelessness; Hawai'i State AFL-CIO; LGBT Caucus of the Democratic Party of Hawai'i; Rainbow Family 808; Hawaii Youth

Services Network; Partners in Care, Oahu's Continuum of Care; Pride at Work - Hawai'i; Catholic Charities Hawai'i; and five individuals.

Your Committee finds that youth experiencing homelessness in the State is a growing issue that needs to be addressed separately from adult and family homelessness. Your Committee further finds that programs that provide services to youths can currently only provide shelter to those eighteen years of age and older. Your Committee additionally finds that there is also a population of unaccompanied youth who avoid shelter services for fear of being placed into the foster care system or into a placement that they do not want to be in. As a result, homeless youth are left without a safe space to sleep at night and many often partner with older adults and end up in unlawful, exploitive situations. This measure seeks to increase access to emergency shelter for homeless youth by expanding the circumstances under which a minor may consent to no cost emergency shelter.

Your Committee has amended this measure by:

- (1) Expanding the sunset date to apply to the entire measure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 282, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 282, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1646 (Joint) Judiciary and Ways and Means on H.B. No. 136

The purpose and intent of this measure is to make applicable to limited liability companies, provisions related to the transfer of liquor licenses and the denial of liquor licenses.

Your Committees received testimony in support of this measure from the Liquor Commission of the City and County of Honolulu.

Your Committees find that there are inconsistencies under existing law regarding changes in the principals of entities that hold a liquor license. Certain housekeeping amendments are needed to ensure these provisions are internally consistent and to conform state liquor law to modern business practices. This measure removes inconsistencies regarding changes in the principals of the entity holding the liquor license and allows limited liability companies to be treated the same as a corporation.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 136, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Inouye, Kanuha, Moriwaki).

SCRep. 1647 (Joint) Judiciary and Ways and Means on H.B. No. 345

The purpose and intent of this measure is to mandate appointment of a guardian to represent the best interests of a mentally ill individual in assisted community treatment proceedings.

Your Committees received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Institute for Human Services, Inc.; Hawai'i Substance Abuse Coalition; 'Ohana Health Plan; and eight individuals. Your Committees received testimony in opposition to this measure from the Judiciary. Your Committees received comments on this measure from the Department of the Attorney General, Office of the Public Defender, and Hawai'i Disability Rights Center

Your Committees find that the Assisted Community Treatment process (ACT) established in 2013 provides individuals with severe mental illness who are unlikely to live safely in the community without available supervision with necessary medical treatment and medication when it is in the individual's best interest. ACT presents appropriate individuals with an opportunity to receive on-going treatment in the least restrictive setting and serves as a vital alternative to repeat emergency interventions as their primary course of treatment. However, many mentally ill individuals are not ordered to obtain treatment through ACT. Existing law does not require a guardian ad litem to be appointed to represent the individual with severe mental illness for whom an ACT petition is sought. Your Committees further find that the mandatory appointment of a guardian ad litem will improve the ACT process by providing an advocate for the concerned individual's needs and interest. Your Committees note that while the prior Committees expressed the intent to remove the requirement that the Office of the Public Defender be appointed to represent subjects of ACT petitions, not all necessary amendments were made.

Your Committees have amended this measure by:

- Mandating the appointment of a guardian ad litem rather than the Public Guardian to represent the best interests of a mentally ill individual in ACT proceedings unless the court determines the existence of a guardian;
- (2) Eliminating the requirement that the Office of the Public Defender participate in ACT proceedings on behalf of the subject of a petition;
- (3) Making conforming amendments;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 345, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 345, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 7. Noes, none. Excused, none. Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1648 (Joint) Judiciary and Ways and Means on H.B. No. 670

The purpose and intent of this measure is to:

- (1) Authorize a court to order the forfeiture of one-half of the Employees' Retirement System (ERS) benefits of an ERS member, former member, or retirant upon conviction of the individual for a felony related to the State or county employment of the individual;
- (2) Authorize designated beneficiaries to receive the reduced ERS benefits to which the member, former member or retirant would be entitled under this section upon the death of the member, former member, or retirant; and
- (3) Prohibit designated beneficiaries convicted of a felony under the same set of circumstances as the member, former member, or retirant who was subject to forfeiture of ERS benefits from receiving benefits.

Your Committees received testimony in support of this measure from the Hawaii State Ethics Commission, Employees' Retirement System, Common Cause Hawaii, and eight individuals.

Your Committees find that public officers and employees are responsible for upholding the public's trust in government and democracy, and that the public's belief in government and democracy becomes strained when public officers and employees participate in misconduct in their employment, while maintaining the benefits of their employment. Existing law requires an employee of the State or county who is convicted of a felony to have their employment terminated; however, the employee is still entitled to receive benefits from the ERS. Your Committees further find that public employees who have been convicted of a felony that is directly related to the employee's position or duties ultimately lose the trust of the public by misusing their position, and therefore, should no longer be eligible to receive their full benefits resulting from their employment with the State or county.

Your Committees also note concerns raised in the public hearing on this measure about whether this measure should also apply to misdemeanors relating to money theft or corruption, and find that these concerns merit further consideration by the Legislature.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 670, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 670, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 7. Noes, none. Excused, none. Ways and Means: Ayes, 9. Noes, none. Excused, 2 (English, Moriwaki).

SCRep. 1649 (Joint) Judiciary and Ways and Means on H.B. No. 1016

The purpose and intent of this measure is to:

- (1) Authorize the Department of Land and Natural Resources to establish rules and fees for the issuance of a commercial marine vessel license;
- (2) Provide that a single valid commercial marine vessel license satisfies the licensure requirement for all persons aboard the licensed vessel;
- (3) Require any person who provides fishing charter services to obtain a commercial marine license;
- (4) Allow marine charter fishing vessels to obtain commercial marine vessel licenses; and
- (5) Require the Department of Land and Natural Resources to submit a report to the Legislature regarding the status of its administrative rules establishing a new commercial marine vessel license category.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; United Fishing Agency; and three individuals.

Your Committees find that currently, each individual on a fishing vessel must have their own commercial marine license to participate in a commercial fishing trip. Your Committees further find that this requirement can be unduly burdensome on small scale, boat-based commercial fishers and those who provide vessel-based commercial fishing charter services, especially in situations in which part-time crew members are needed for a trip or when visitors are invited on board. This measure allows for a single commercial marine vessel license to cover all individuals aboard a commercial marine vessel which will help clarify who is responsible for submitting catch reports for the vessel.

Your Committees have amended this measure by:

- Specifying that a vessel used for or engaged in the taking of marine life for commercial purposes that is on a trip of seventytwo hours or less may obtain a commercial marine vessel license;
- (2) Inserting an effective date of May 6, 2137, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1016, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1016, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

Ways and Means: Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (English, Moriwaki).

SCRep. 1650 (Joint) Judiciary and Ways and Means on H.B. No. 553

The purpose and intent of this measure is to:

- (1) Establish the offense of intentionally and knowingly capturing, entangling, or killing a shark in state marine waters, and provide penalties and fines;
- (2) Provide certain exemptions; and
- (3) Allow the Department of Land and Natural Resources to establish rules to achieve certain objectives.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Animal Rights Hawaii, Save the Sea Turtles International, Moana 'Ohana, Hawaii' Reef and Ocean Coalition, Clean the Pacific, The Humane Society of the United States, Center for Biological Diversity, Pacific Whale Foundation, Keiko Conservation, a petition signed by sixteen organizations, and fifty-one individuals. Your Committees received testimony in opposition to this measure from the Native Hawaiian Gathering Rights Association; Hawaii Fishermen's Alliance for Conservation and Tradition, Inc; and sixteen individuals. Your Committees received comments on this measure from the Hawaii' Institute of Marine Biology.

Your Committees find that sharks are extremely important to ocean ecosystems because they keep the ecosystem balanced, regulate populations of other marine life, and ensure healthy fish stock and reefs. Your Committees further find that article XI, section 1, of the Hawaii State Constitution provides that the State "shall conserve and protect Hawai'i's natural beauty and all natural resources". This measure will provide protection for sharks by establishing and expanding prohibitions against intentionally or knowingly capturing or killing them.

Your Committees have amended this measure by:

- (1) Removing references to subsistence fishing from the purpose section;
- (2) Changing the required state of mind for the offense to intentionally or knowingly;
- (3) Clarifying the exemption for acts of self defense or defense of another;
- (4) Clarifying that the rulemaking authority of the Department of Land and Natural Resources is not limited to the listed policy goals:
- (5) Clarifying that the incidental capture and release of sharks is not criminalized; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 553, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 553, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1651 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 103

The purpose and intent of this measure is to:

- (1) Clarify that the powers granted for emergency purposes shall not be inconsistent with the Hawaii State Constitution;
- (2) Provide parameters for the duration of suspension of laws and require justification for the suspension;
- (3) Require approval of the Legislature by concurrent resolution to extend to a date certain, or deny the extension of, a proclamation of a state of emergency timely requested by the Governor beyond sixty days of its issuance, unless the Legislature fails to take action, in which case the state of emergency is automatically extended for sixty days; and
- (4) Allow the authorization of the issuance of a separate proclamation arising from the same emergency or disaster as a previous proclamation that expired, upon request of the Governor and adoption of a concurrent resolution by the Legislature.

Your Committees received testimony in support of this measure from the Civil Beat Law Center for the Public Interest; League of Women Voters of Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and two individuals. Your Committees received testimony in opposition to this measure from the Hawaii Emergency Management Agency, Maui Chamber of Commerce, and two individuals. Your Committees received comments on this measure from Common Cause Hawaii and Grassroot Institute of Hawaii.

Your Committees find that to address the coronavirus disease 2019 (COVID-19) pandemic, the Governor declared a state of emergency on March 4, 2020, and has since issued 17 supplemental proclamations extending the state of emergency and other

restrictions. Your Committees further find that concerns have been raised regarding the prolonged suspension of sunshine laws and open record laws during the COVID-19 pandemic, and that more checks and balances with regard to the extension of emergency proclamations are required to ensure the welfare of the residents of the State.

Your Committees note concerns regarding the meaning of "expeditious and efficient execution" as used pertaining to the scope and duration of an emergency proclamation, as well as the potential procedure for situations in which the Legislature is not in session and urgent action is needed. Your Committees find that these concerns may merit further consideration as this measure proceeds through the legislative process.

Your Committees have amended this measure by:

- (1) Removing specific references to chapters 92 and 92F, Hawaii Revised Statutes, in language requiring the Governor or Mayor to specify reasons for the suspension of a law;
- (2) Inserting an effective date of May 6, 2137, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 103, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 103, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Judiciary: Ayes, 4. Noes, 2 (Kim, Fevella). Excused, 1 (Lee). Ways and Means: Ayes, 10. Noes, 1 (Fevella). Excused, none.

SCRep. 1652 (Joint) Judiciary and Ways and Means on H.B. No. 310

The purpose and intent of this measure is to require assessment of patients who are subject to emergency hospitalization, diagnosed with a mental illness or severe substance use disorder, and found to be lacking decisional capacity to determine if a surrogate or guardian needs to be appointed to make appropriate health care decisions for the patient.

Your Committees received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu; Hina Mauka; Hawai'i Psychological Association; The Institute for Human Services, Inc.; and five individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Office of the Public Defender, Hawai'i Disability Rights Center, and The Queen's Health Systems.

Your Committees find that many persons suffering from serious mental illness do not receive timely and appropriate care or treatment because emergency response procedures in the State generally do not permit involuntary emergency hospitalization except in very narrow circumstances. Your Committees further find that these procedures often result in a cycle of crisis response and short-term emergency treatment, after which the person receives no further care. This measure will increase the likelihood that persons suffering from serious mental illness or severe substance abuse will receive timely and appropriate care and treatment, whether when brought to an emergency department for evaluation, hospitalized in a psychiatric facility under an emergency hospitalization or involuntary commitment order, or while being considered for assisted community treatment, by requiring the assessment of certain patients subject to emergency hospitalization to determine if a surrogate or guardian should be appointed to make appropriate health care decisions for the patient.

Your Committees note that for certain types of mental illness, inability to recognize one's own illness is a classic symptom and that without involuntary treatment, it may not be possible for such an individual to receive any treatment until the person has seriously hurt themself or someone else.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 310, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Fevella). Noes, none. Excused, none.

Ways and Means: Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (Inouye, Moriwaki).

SCRep. 1653 (Joint) Judiciary and Ways and Means on H.B. No. 333

The purpose and intent of this measure is to:

- (1) Authorize peer-to-peer car-sharing and establishes regulations thereof; and
- (2) Establish the peer-to-peer car-sharing surcharge tax on the operator of the peer-to-peer program.

Your Committees received testimony in support of this measure from the Department of Transportation and Enterprise Holdings. Your Committees received comments on this measure from the Department of Taxation; Office of Consumer Protection; Department of Commerce and Consumer Affairs Insurance Division; Tax Foundation of Hawai'i; Turo, Inc.; Hawai'i Association for Justice; Avail; and Grassroot Institute of Hawai'i.

Your Committees find that peer-to-peer car-sharing programs provide an alternative form of transportation for persons who do not own a car, nor wish to use public transportation. Your Committees further find that due to the recent development of peer-to-peer car sharing as an industry, uniform protections and safety standards for peer-to-peer car sharing do not yet exist. This measure will ensure that consumer protections are established with respect to the operation of a peer-to-peer car-sharing program.

Your Committees have amended this measure by:

- (1) Expanding the definition of "car-sharing termination time" to include situations in which a shared car:
 - (A) Is returned prior to the expiration of the car-sharing period;
 - (B) Cannot legally or safely be operated; and
 - (C) Is the subject of a safety recall;
- (2) Clarifying various definitions;
- (3) Requiring motor vehicle group insurances policies purchased by a peer-to-peer car-sharing program to be from an insurer authorized to transact insurance in the State;
- (4) Specifying that an insurer may exclude coverage and the duty to defend or indemnify a claim under a shared car owner's motor vehicle insurance policy except when coverage is required;
- (5) Requiring peer-to-peer car-sharing programs to collect records relating to the car-sharing program agreement and to disclose those records to the shared-car owner, shared-car driver, insurers, and law enforcement and other government agencies under certain circumstances;
- (6) Deleting the exemption from vicarious liability for peer-to-peer car-sharing programs;
- (7) Requiring clear disclosure of all costs, fees, and other terms associated with a car-sharing program agreement to a shared car driver before the execution of the agreement;
- (8) Requiring shared car owners and shared car drivers to acknowledge notice of certain disclosures;
- (9) Requiring peer-to-peer car-sharing programs to indemnify and hold harmless shared car owners and shared car drivers for damage to or theft of equipment during a car sharing period;
- (10) Allowing shared car owners and shared car drivers to seek indemnity for any loss or damage that occurs as a result of equipment installed on or in a vehicle by the peer-to-peer car-sharing program;
- (11) Prohibiting peer-to-peer car sharing programs and shared car owners from requiring an advance deposit from a shared car driver;
- (12) Prohibiting peer-to-peer-car sharing programs and shared car owners from charging a shared car driver more than the cost to repair damage or the actual cash value of a car if the vehicle cannot be repaired, once liability for damages is agreed to by the shared car driver or established by law;
- (13) Requiring peer-to-peer car-sharing programs to:
 - (A) Verify that any repairs related to safety recalls have been completed for each vehicle prior to each car-sharing start time;
 - (B) Notify shared car drivers of any safety recall affecting a shared car so that the car may be removed from use until repairs can be completed; and
 - (C) Not make a vehicle available for car-sharing if the vehicle is subject to a safety recall and repairs have not been completed;
- (14) Requiring a shared car owner to notify the peer-to-peer car-sharing program within forty-eight hours of receipt of a safety recall;
- (15) Requiring peer-to-peer car-sharing programs to enter into agreements with the Airports Division of the Department of Transportation before operating at any airport in the State and comply with all rules of the Airport Division;
- (16) Providing that any person who violates a provision of the peer-to-peer car-sharing chapter shall be deemed to have engaged in an unfair or deceptive act or practice in the conduct of trade or commerce;
- (17) Requiring monies collected through the peer-to-peer car-sharing surcharge tax to be deposited into the state highway fund; and
- (18) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 333, H.D. 3, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 333, H.D. 3, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1654 Judiciary on H.B. No. 887

The purpose and intent of this measure is to:

- Create a separate commercial sexual exploitation offense for those who provide anything of value to engage in sexual conduct with another;
- (2) Add sex trafficking to offenses that can be prosecuted at any time;
- (3) Create strict liability for the crime of sex trafficking where the victim is a minor;

- (4) Change the name of the offense of solicitation of a minor for prostitution to commercial sexual exploitation of a minor;
- (5) Increase the grade of offense of commercial sexual exploitation of a minor to a class B felony; and
- (6) Expand the types of compensation for purposes of commercial sexual exploitation offenses to include "anything of value".

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, Imua Alliance, CHILD USA, CHILD USAdvocacy and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Hawaii State Commission on the Status of Women.

Your Committee finds that sex trafficking is an ever-evolving criminal enterprise in which traffickers and exploiters find various means to sexually exploit the most vulnerable in our community. Your Committee further finds that protecting victims from sexual exploitation and holding offenders accountable is difficult given the disparity in power between the victims and perpetrators, and that amending Hawaii's sex trafficking laws to better reflect the current reality and challenges will improve outcomes for trafficking victims and survivors.

Your Committee notes concerns relating to the limited exemption for law enforcement officers from certain sexual exploitation offenses in the course and scope of duties during undercover operations, and requests the Department of the Attorney General, Departments and Offices of the Prosecuting Attorney for each county, and all law enforcement agencies in the State to review their policies on sting operations and provide information to the Legislature prior to the Regular Session of 2022 regarding any reason why sexual contact that is not initiated by an officer should be allowed, especially in the case of minors, and whether allowing sexual contact results in convictions of sex traffickers.

Your Committee additionally finds that a good faith exemption to prosecution for persons in need of help or medical assistance is an idea worthy of further consideration, but any such exemption will require careful crafting.

Your Committee has amended this measure by:

- (1) Amending the purpose section to better reflect the contents of the measure;
- (2) Removing extraneous language relating to the class of offense of commercial sexual exploitation;
- (3) Removing sexual contact initiated by a law enforcement officer from exemptions from commercial sexual exploitation and prostitution-related offenses for law enforcement officers in the course and scope of their duties, and specifying that the exemption only applies when the law enforcement officer is engaged in undercover operations;
- (4) Deleting the good faith exemption in the offense of commercial sexual exploitation for persons seeking law enforcement assistance or medical assistance;
- (5) Clarifying that a person may be prosecuted for profiting from prostitution or sex trafficking even if a person does not directly participate in the offense from which they profit;
- (6) Including offering to provide anything of value to a law enforcement officer who represents themself as a minor in exchange for sexual conduct within the offense of commercial sexual exploitation of a minor;
- (7) Making it effective upon its approval; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 887, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 887, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 6; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, 1 (Lee).

SCRep. 1655 Ways and Means on H.B. No. 925

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (11), which consists of firefighters, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii Fire Fighters Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (11) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 925, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1656 Ways and Means on H.B. No. 1276

The purpose and intent of this measure is to provide the Department of Land and Natural Resources with the flexibility necessary to effectively manage the state park system.

More specifically, this measure:

- (1) Authorizes the Board of Land and Natural Resources to adopt, amend, and repeal administrative fee schedules for the Division of State Parks by formal board action at public meetings rather than through administrative rulemaking; and
- (2) Appropriates moneys from the state parks special fund for the administration of the state parks program.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Tourism Authority, and Hui Makaainana o Makana.

Your Committee finds that this measure will allow the Department of Land and Natural Resources to practice adaptive management by adjusting the fee structure for state parks seasonally or in response to changing circumstances or economic conditions.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1276, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1657 Ways and Means on H.B. No. 824

The purpose and intent of this measure is to require any express carrier company, certain common or contract carriers, or any other person that transports liquor from outside the State for delivery in the State, to prepare and file a monthly report with the liquor commission or liquor control adjudication board of each county.

Your Committee received written comments in support of this measure from the Hawaii Liquor Wholesalers Association.

Your Committee received written comments in opposition to this measure from the Hawaii Transportation Association.

Your Committee finds that the monthly report required by this measure will help to prevent illegal shipments of liquor that hurt Hawaii's economy and result in a loss of income and employment for the State's residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 824, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 824, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 1658 Ways and Means on H.B. No. 834

The purpose and intent of this measure is to require that the Department of Land and Natural Resources collaborate with the County of Hawaii to conduct site surveys to identify the most suitable locations for black cinder cone quarries on the island of Hawaii.

Your Committee received written comments in support of this measure from the University of Hawaii College of Tropical Agriculture and Human Resources, Hawaii Farm Bureau, Hawaii Floriculture and Nursery Association, Orchid Growers of Hawaii, and Hawaii Tropical Flower Council.

Your Committee received written comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that this measure will help provide to agricultural businesses in the State reliable access to black cinder media, which is essential for plant breeding, container grown plants, and landscaping.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 834, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 834, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 1659 Ways and Means on H.B. No. 863

The purpose and intent of this measure is to authorize the issuance of general obligation bonds for the forest stewardship program to build and expand the facilities of state tree nurseries.

Your Committee received written comments in support of this measure from the University of Hawaii, Department of Land and Natural Resources, 350 Hawaii, Environmental Caucus of the Democratic Party of Hawaii, Climate Protectors of Hawaii, and two individuals.

Your Committee finds that the tree nursery improvements supported by this measure will allow the Department of Land and Natural Resources to scale up tree production to help meet the State's sustainability, agriculture, watershed, and carbon neutrality goals.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 863, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 863, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1660 Ways and Means on H.B. No. 1019

The purpose and intent of this measure is to establish the ocean stewardship special fund and ocean stewardship user fee.

More specifically, this measure:

- (1) Establishes the ocean stewardship special fund;
- Requires that twenty percent of certain funds collected and deposited into the ocean stewardship special fund be payable to the Office of Hawaiian Affairs as ceded lands revenues;
- (3) Establishes an ocean stewardship user fee to be assessed on passengers and users of certain vessels;
- (4) Provides that the ocean stewardship special fund shall be abolished on June 30, 2030; and
- (5) Delays collection of the ocean stewardship user fee until January 1, 2024.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, the Office of Hawaiian Affairs, Clean The Pacific, Hawaii Reef and Ocean Coalition, Kauhako Ohana Association, Kuaaina Ulu Auamo, Malama Pupukea-Waimea, Ocean Tourism Coalition, The Nature Conservancy Hawaii, and five individuals.

Your Committee received written comments on this measure from Pacific Whale Foundation.

Your Committee finds that assessing a nominal ocean stewardship user fee will provide revenue to help make the State's reefs healthier and restore fisheries.

Your Committee has amended this measure by:

- (1) Clarifying that twenty percent of certain gross revenues collected and deposited into the ocean stewardship special fund shall be payable to the Office of Hawaiian Affairs as ceded lands revenues;
- (2) Requiring that any ocean stewardship user fees collected after June 30, 2030, be deposited into the general fund;
- (3) Clarifying that the statutory provision establishing the ocean stewardship special fund shall be repealed on June 30, 2030; and
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1019, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1019, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1661 Ways and Means on H.B. No. 1130

The purpose and intent of this measure is to require the Office of Planning to hire a contractor to identify and assess alternative financing, project delivery, and cost recovery mechanisms to recapture the State's investment in transit-oriented development infrastructure.

More specifically, this measure:

- (1) Requires the Office of Planning to hire a contractor to consult with various entities to:
 - (A) Identify and assess alternative financing, project delivery, and cost recovery mechanisms for the State to recapture its upfront investment in transit-oriented development infrastructure;
 - (B) Apply and make recommendations for the implementation of financing, cost recovery, and project delivery tools to one transit-oriented development site in each county; and
 - (C) Analyze barriers to, and strategies for, implementing alternative financing, project delivery, and cost recovery mechanisms for transit-oriented developments; and
- (2) Authorizes the Director of Finance to issue general obligation bonds for the Office of Planning to hire the contractor.

Your Committee received written comments in support of this measure from the Hawaii Interagency Council for Transit-Oriented Development, Office of Planning, and Building Industry Association of Hawaii.

Your Committee finds that this measure will facilitate effective strategies for financing and developing infrastructure necessary to serve transit-oriented developments.

Your Committee has amended this measure by:

- (1) Clarifying that the contractor hired pursuant to this measure shall propose specific financing, cost recovery, and project delivery tools to be implemented at one transit-oriented development site in each county as a pilot project;
- (2) Correcting the title of a state official from "Chief of Staff of the Office of the Governor" to the "Administrative Director of the Office of the Governor"; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1130, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1662 Ways and Means on H.B. No. 1149

The purpose and intent of this measure is to streamline the manner in which the State handles certain land use and planning matters.

More specifically, this measure administratively attaches the Land Use Commission to the Office of Planning.

Your Committee received written comments in support of this measure from the Office of Planning, Land Use Commission, and Democratic Party of Hawaii.

Your Committee finds that this measure will improve the coordination of the related functions of the Land Use Commission and Office of Planning. Your Committee also finds that this improved coordination will help the State achieve its long-term sustainability and climate change goals.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2021; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1149, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 1663 Ways and Means on H.B. No. 1176

The purpose and intent of this measure is to establish a Green Jobs Youth Corps Program.

More specifically, this measure:

- (1) Designates the Department of Land and Natural Resources to administer or enter into agreements to administer a green jobs youth corps program to provide temporary work and training in natural resource management, agriculture, conservation, renewable energy, or other sustainability professions;
- (2) Requires the Department of Land and Natural Resources to submit a report on its progress in implementing the program; and
- (3) Appropriates funds for the program.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; two members of the Hawaii County Council; Kuaaina Ulu Auamo; Beyond Organic Consulting, Inc.; Kupu; Hawaii Fish Company Inc.; Hawaii SEED; The Nature Conservancy Hawaii; Re-use Hawaii; KAEHU; Hawaii's Thousand Friends; Young Democrats of Hawaii; HPM Building Supply; Beach Environmental Awareness Campaign Hawaii; Bishop Museum; Touching the Earth; and nineteen individuals.

Your Committee finds that a green jobs youth corps program will help to address the employment displacement impacts of the coronavirus disease 2019 pandemic while supporting economic diversification and green sector industries.

Your Committee hopes that in the future, the Green Jobs Youth Corps Program will expand its scope of focus beyond careers in the field of conservation and to individuals under thirty years of age while also attempting to diversify Hawaii's economy.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1176, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1176, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1664 Ways and Means on H.B. No. 1284

The purpose and intent of this measure is to require certain health insurance providers to provide administrative data to the Department of Human Services health analytics program.

More specifically, this measure:

- (1) Requires:
 - (A) Health insurance providers that provide health benefits plans funded by the Hawaii employer-union health benefits trust fund, the state Medicaid agency, or both;
 - (B) Health insurance providers that provide Medicare Advantage (Medicare part C) health benefits plans; and
 - (C) Other health insurance providers, upon request,

to provide certain administrative data to the Department of Human Services health analytics program;

- Authorizes the health analytics program to contract with entities for the analysis of all-claims, all-payer administrative data collected pursuant to this measure;
- (3) Requires the health analytics program to develop and update an annual plan for the analysis, maintenance, and publication of all-claims, all-payer administrative data collected pursuant to this measure;
- (4) Prohibits the re-identification of subjects of protected health information from the all-claims, all-payer administrative data;
- (5) Prohibits the disclosure of all-claims, all-payer administrative data containing personal identifiers;
- (6) Authorizes the health analytics program or its designee to acquire federal Medicare data sets specific to the State and made available to the states, and requires all public agencies possessing these data sets to share the data with the health analytics program or its designee at no additional cost to the health analytics program or its designee; and
- (7) Requires the health analytics program to submit an annual report to the Legislature.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Employer-Union Health Benefits Trust Fund, and Health Committee of the Democratic Party of Hawaii.

Your Committee finds that the all-claims, all-payer database and data center is a vital source of information used by several state departments and agencies for program planning. Your Committee recognizes that the Department of Human Services has noted that a steering committee has been convened to oversee and provide direction for the database and data center. Your Committee believes that due to the importance of the database and the data center, it is appropriate to codify in statute the establishment of the steering committee.

Accordingly, your Committee has amended this measure by:

- Deleting its contents and inserting language that provides for the establishment of an all-claims, all-payer data center steering committee to oversee and provide direction for the all-claims, all-payer database and data center; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1284, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1284, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1665 Ways and Means on H.B. No. 1296

The purpose and intent of this measure is to amend the use of tobacco litigation settlement moneys:

More specifically, this measure:

- (1) Repeals the deposit of tobacco litigation settlement moneys to the Hawaii tobacco prevention and control trust fund;
- Establishes that the transfer of tobacco litigation settlement moneys to the university revenue-undertakings fund shall cease on July 1, 2033;
- (3) Repeals the Hawaii tobacco prevention and control trust fund;
- (4) Transfers any unencumbered balances in the Hawaii tobacco prevention and control trust fund to the general fund; and
- (5) Appropriates general funds to the Department of Health for tobacco use prevention and control.

Your Committee received written comments in support of this measure from the Hawaii Smokers Alliance and ten individuals.

Your Committee received written comments in opposition to this measure from the Department of Health; University of Hawaii Student Health Advisory Council; Lanai Community Health Center; Hawaii Substance Abuse Coalition; I Ola Lahui; HIPHI Youth Council; We Are One, Inc.; American Heart Association; Get Fit Kauai; Waimanalo Health Center; Kapiolani Medical Center-Pediatric and Women's Services; Hawaii Primary Care Association; Hawaii Medical Association; Kapiolani Smokefree Families; Hawaii Public Health Institute; Tobacco-Free Kids Action Fund; American Cancer Society Cancer Action Network; Hawaii COPD Coalition; Hawaii Community Foundation; AlohaCare; Adventist Health Castle; Hamakua-Kohala Health; Blue Zones Project; Pioneering Healthier Communities of Honolulu; and numerous individuals.

Your Committee received written comments on this measure from the University of Hawaii.

Your Committee finds that existing law provides that tobacco settlement moneys not deposited into a specific fund shall be deposited into the general fund. Thus, repealing this measure's requirement that a portion of the tobacco litigation settlement moneys be deposited into the Hawaii tobacco prevention and control trust fund will cause general fund revenues to increase. Your Committee further finds that increasing general fund revenues will provide greater flexibility for funding a broader range of programs that address tobacco use prevention and control than those that are currently authorized.

Your Committee has amended this measure by:

- (1) Delaying the repeal of the Hawaii tobacco prevention and control trust fund to June 30, 2025;
- (2) Repealing, effective June 30, 2025, the statutory requirement for the tobacco prevention and control advisory board to advise on the administration of the Hawaii tobacco prevention and control trust fund;
- (3) Prohibiting any contract for the management of Hawaii tobacco prevention and control trust fund moneys from extending beyond June 30, 2025;
- (4) Transferring to the general fund on June 30, 2025, any unencumbered balances remaining in the Hawaii tobacco prevention and control trust fund;
- (5) Deleting an appropriation from the general fund to the Department of Health for tobacco prevention and control; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1296, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1296, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Moriwaki, Taniguchi, Fevella). Noes, none. Excused, none.

SCRep. 1666 Ways and Means on H.B. No. 1322

The purpose and intent of this measure is to establish the trauma-informed care task force.

More specifically, this measure:

- (1) Establishes the trauma-informed care task force within the Department of Health; and
- (2) Requires the task force to develop and make recommendations for trauma-informed care in the State and submit a report to the Legislature.

Your Committee received written comments in support of this measure from the Department of Health, Department of Human Services, Executive Office on Early Learning, University of Hawaii, Early Childhood Action Strategy, Hawaii Children's Action Network Speaks!, Hawaii Community Foundation, Hawaii Pacific Health, Hawaii Primary Care Association, Hawaii Youth Services Network, HawaiiKidsCAN, Kamehameha Schools, Kinai Eha, and six individuals.

Your Committee finds that the coronavirus disease 2019 pandemic may cause long-term negative impacts to the mental health of children and other youth. Accordingly, your Committee believes that it is necessary and appropriate to begin statewide coordination and collaboration efforts to address these and other adverse childhood events.

Your Committee has amended this measure by:

- (1) Clarifying that membership on the trauma-informed care task force may include the designees of only certain members;
- (2) Clarifying that the member of the Judiciary and the faculty member of the University of Hawaii John A. Burns School of Medicine are to be appointed to the trauma-informed care task force by the Chief Justice of the Supreme Court and the Dean of the University of Hawaii John A. Burns School of Medicine, respectively;
- (3) Deleting a reference to the "Department of Native Hawaiian Health" to enable any faculty member within the University of Hawaii John A. Burns School of Medicine with expertise in the field of trauma-informed care to be considered for membership on the trauma-informed care task force; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1322, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1322, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (English).

SCRep. 1667 Ways and Means on H.B. No. 1333

The purpose and intent of this measure is to require the Hawaii State Energy Office, in consultation with the Department of Health, to conduct a study on clean energy product disposal and recycling.

More specifically, this measure:

Requires the Hawaii State Energy Office, in consultation with the Department of Health, to conduct a comprehensive study to
determine the best practices for disposal and recycling of discarded clean energy products;

- (2) Specifies the required topics to be addressed in the comprehensive study;
- (3) Requires the Hawaii State Energy Office to submit interim and final reports to the Legislature; and
- (4) Appropriates moneys to the Department of Business, Economic Development, and Tourism for the Hawaii State Energy Office to conduct the comprehensive study.

Your Committee received written comments in support of this measure from the Environmental Caucus of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Hawaii State Energy Office.

Your Committee finds that older clean energy products will soon reach the end of their respective useful commercial lifespans and require disposal. Accordingly, your Committee believes that the comprehensive study required by this measure is both appropriate and timely.

Your Committee has amended this measure by:

- (1) Correctly referencing the name of an entity as "the International Renewable Energy Agency"; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1333, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1333, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1668 (Majority) Ways and Means on H.B. No. 1348

The purpose and intent of this measure is to provide the necessary powers, appropriations, and guidance to ensure optimal development of the Stadium Development District as intended and established by Act 268, Session Laws of Hawaii 2019.

Specifically, this measure:

- (1) Establishes a stadium development special fund and provides for the abolition of the existing stadium special fund;
- (2) Revises the general development guidance policies for the stadium development district and the roles of the Stadium Authority and the Hawaii Community Development Authority in the development of the district;
- (3) Broadens the powers and duties of the Stadium Authority;
- (4) Exempts land to which the Stadium Authority holds title from the definition of "public lands";
- (5) Amends the membership of the Stadium Authority;
- (6) Amends the general obligation bond authorization made by Act 268, Session Laws of Hawaii 2019; and
- (7) Provides that financial disclosures by members of the Stadium Authority shall be public records.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services; Stadium Authority; Hawaii Community Development Authority; University of Hawaii; Hawaii Construction Alliance; Bricklayers Union, Local 1; Pacific Resource Partnership; and two individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Government Employees Association.

Your Committee received written comments on this measure from the Department of Budget and Finance; League of Women Voters; Hawaii Operating Engineers Industry Stabilization Fund; and United Public Workers, AFSCME Local 646.

Your Committee finds that this measure clarifies the roles and responsibilities of all agencies involved in the development of the Stadium Development District and provides a basis to advance the progress of the Stadium Development District.

Your Committee has amended this measure by:

- (1) Providing that the President of the University of Hawaii System, or the President's designee, shall serve as an ex officio, voting member of the Stadium Authority;
- (2) On the recommendation of the Department of Accounting and General Services, clarifying that the Stadium Authority may delegate the implementation of capital improvement projects authorized pursuant to Act 268, Session Laws of Hawaii 2019, with the approval of the Governor;
- (3) Changing the effective date to July 1, 2021; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1348, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1348, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Fevella). Excused, none.

SCRep. 1669 (Majority) Ways and Means on H.B. No. 1377

The purpose and intent of this measure is to establish the electronic citation program.

More specifically, this measure:

- (1) Establishes an electronic citation surcharge of \$2 that shall be charged to persons who receive certain traffic, misdemeanor, or other citations;
- (2) Establishes the electronic citation program within the Judiciary;
- (3) Establishes an electronic citation special fund; and
- (4) Appropriates moneys to the Judiciary for start-up costs associated with the electronic citation program.

Your Committee received written comments in support of this measure from the Department of Transportation, Judiciary, Department of the Prosecuting Attorney of the County of Maui, Hawaii Police Department, Honolulu Police Department, Maui Police Department, and Office of the Prosecuting Attorney of the County of Kauai.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that establishing and implementing an electronic citation program will help to resolve handwriting legibility issues associated with physical citations, eliminate the need to collect and scan paper citations, and decrease delays in traffic case initiation and a motorist's ability to pay applicable fines and fees online. Further, your Committee believes that it is necessary to increase the electronic citation surcharge amount from \$2 to \$5 to ensure that the electronic citation program is self-sustaining.

Your Committee has amended this measure by:

- (1) Increasing the electronic citation surcharge amount from \$2 to \$5;
- (2) Replacing a reference to "county police departments" with a reference to "law enforcement agencies" to require that moneys in the electronic citation special fund be distributed by the Judiciary to the respective law enforcement agencies and clerk of the court; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1377, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1377, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, 1 (Fevella). Excused, 1 (English).

SCRep. 1670 (Joint) Government Operations and Judiciary and Ways and Means on H.B. No. 882

The purpose and intent of this measure is to:

- (1) Require purchasing agencies to make a written determination that the amount of a contracting action for purchases of health and human services is fair and reasonable;
- (2) Amend the selection process and composition of the Procurement Policy Board;
- (3) Amend the circumstances for when treatment services may be purchased and the procedure to purchase such service;
- (4) Increase the small purchase threshold; and
- (5) Repeal the establishment of the Community Council on Purchase of Health and Human Services.

Your Committees received testimony in support of this measure from the State Procurement Office. Your Committees received comments on this measure from Protecting Hawaii's Ohana, Children, Under Served, Elderly, and Disabled.

Prior to decision making on this measure, your Committees made available for public review a proposed S.D. 2, which amends this measure by adding the contents of S.B. No. 1329, S.D. 2, (Regular Session of 2021), as part II, which requires the Chief Procurement Officer to expeditiously resolve any protest and creates time limits to resolve protests to the awards of competitive sealed proposal contracts and procurements of professional services.

Your Committees received testimony in support of the proposed S.D. 2 from the Department of Transportation; State Procurement Office; Hawaii Substance Abuse Coalition; and Nan, Inc. Your Committees received testimony in opposition to the proposed S.D. 2 from the Department of Human Services. Your Committees received comments on the proposed S.D. 2 from the Department of Accounting and General Services, Catholic Charities Hawai'i, General Contractors Association of Hawaii, and Hawai'i Alliance of Nonprofit Organizations.

Your Committees find that the Community Council on Purchase of Health and Human Services (Council) has not met since 2010. Your Committees further find that the Council was valuable and necessary when it was established, but since that time, the focus of health and human services procurements has changed. Therefore, it is appropriate to repeal the establishment of the Council.

After testimony and discussion, your Committees recognize that the State Procurement Office has had difficulty in obtaining members for the Procurement Policy Board (Board). Your Committees further recognize the value of requiring at least one Board member to have significant experience in construction procurement so that the Board can adequately represent the interests for which it was created.

Your Committees additionally find that the timely review and resolution of bid protests reduces the costs and facilitates the execution of state-awarded projects, especially contracts on major construction and other crucial infrastructure enhancements. Your Committees note that existing statutes and administrative rules on procurement protests require a resolution from the procuring department or agency within forty-five days and therefore concludes that seventy-five calendar days, with an extension of forty-five calendar days for extenuating circumstances, is a sufficient period of time for review.

Accordingly, your Committees have amended this measure by adopting the proposed S.D. 2 and further amending the measure by:

- (1) Requiring that at least one member of the Board have significant experience in the field of procurement relating to construction;
- (2) Streamlining the nominating process of the Board by eliminating the nominating committee and requiring the Governor to appoint qualifying members;
- (3) Requiring the Chief Procurement Officer or designee to respond to protests to the award of construction projects valued at or over \$3,000,000 that are awarded pursuant to section 103D-302 or 103D-303 and not resolved by mutual agreement, within seventy-five calendar days;
- (4) Increasing the number of additional days for the Chief Procurement Officer or designee to respond to protests to the award of construction projects valued at or over \$3,000,000 that are awarded pursuant to section 103D-302 or 103D-303, in cases of extenuating circumstances, from thirty to forty-five calendar days; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations, Judiciary, and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 882, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 882, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 5. Noes, none. Excused, none.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 11. Noes, none. Excused, none.

SCRep. 1671 (Majority) Ways and Means on H.B. No. 73

The purpose and intent of this measure is to amend the definition of "emergency worker" in section 707-700, Hawaii Revised Statutes, to include telecommunications dispatchers.

Your Committee received written comments in support of this measure from the Maui Police Department, Hawaii Police Department, Honolulu Fire Department, Honolulu Police Department, Hawaii Fire Department, a member of the E911 Board, the Hawaii Government Employees Association, and sixteen individuals.

Your Committee received written comments in opposition to this measure from the Office of the Public Defender.

Your Committee received written comments on this measure from the Department of Health and one individual.

Your Committee recognizes that section 707-712.7, Hawaii Revised Statutes, elevates to a class B felony an assault against an emergency worker during an emergency period. Your Committee finds that, due to the vital role of telecommunications dispatchers in assisting the public during emergencies, classifying these persons as emergency workers would provide telecommunications dispatchers the same enhanced protection that other emergency workers have under the law.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 73, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Fevella). Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1672 Ways and Means on H.B. No. 550

The purpose and intent of this measure is to increase energy efficiency in state facilities.

More specifically, this measure:

- (1) Requires certain state facilities to implement energy-efficient measures by 2025, at the latest;
- (2) Requires the Hawaii Natural Energy Institute to collect utility bills and energy usage data for state-owned facilities and to make that information available to the public;
- (3) Establishes a goal to reduce electricity consumption in state facilities by twenty-five percent compared to 2005 energy consumption; and
- (4) Requires that new state buildings be designed to be energy efficient.

Your Committee received written comments in support of this measure from the Hawaii Natural Energy Institute, Hawaii State Energy Office, Chamber of Commerce Hawaii, Hawaii Energy, Democratic Party of Hawaii, Blue Planet Foundation, Ulupono Initiative, Climate Protectors Hawaii, 350Hawaii, U.S. Green Building Council, Environmental Caucus of the Democratic Party of Hawaii, Clean The Pacific, and five individuals.

Your Committee received written comments on this measure from the Department of Education and Department of Accounting and General Services.

Your Committee finds that requiring that energy efficiency measures be implemented in state facilities will help to reduce the taxpayer burden, create clean energy jobs, reduce greenhouse gas emissions, and lead by example to encourage private industry to implement similar environmentally conscious policies.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 550, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1673 Ways and Means on H.B. No. 33

The purpose and intent of this measure is to amend the Information Technology Steering Committee's composition and the terms of the committee's members.

More specifically, this measure:

- (1) Amends the terms of the members of the Information Technology Steering Committee;
- (2) Amends the composition of the Information Technology Steering Committee; and
- (3) Requires the Chief Information Officer to present an annual report of the Office of Enterprise Technology Services to the Information Technology Steering Committee for public comment prior to submitting the report to the Governor and Legislature.

Your Committee received written comments in support of this measure from the Department of Education, Office of Enterprise Technology Services, Transform Hawaii Government, and one individual.

Your Committee finds that the sudden and rapid shift to remote work resulting from the coronavirus disease 2019 pandemic has reinforced the State's critical need for the Information Technology Steering Committee to continue assisting with the State's technological and digital transformation efforts. However, your Committee further finds that the rapidly changing technological landscape and the State's sudden and increased reliance on information technology has caused unexpected challenges for the State's information technology leaders. Accordingly, your Committee believes that amending the membership terms and composition of the Information Technology Steering Committee is appropriate.

Your Committee has amended this measure by:

- (1) Clarifying that the Chief Information Office shall submit its annual report to the Governor and Legislature after presenting the report to the Information Technology Steering Committee; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 33, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1674 Ways and Means on H.B. No. 119

The purpose and intent of this measure is to amend Act 43, Session Laws of Hawaii 2019, to replace E Ola Mau Na Leo O Kekaha with Kaunalewa as the entity authorized to receive the special purpose revenue bonds issued to assist with the financing, acquisition, remediation, construction, and development of the old Kekaha Sugar Mill.

Your Committee received written comments in support of this measure from a member of the Kauai County Council.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure is necessary for the improvement of the old Kekaha Sugar Mill. Your Committee also finds that the proposed improvements to the old Kekaha Sugar Mill will facilitate the revitalization of the Kekaha community and support Kauai's agricultural industry.

Your Committee has amended this measure by:

- (1) Changing the special purpose revenue bond authorization amount to an unspecified sum;
- (2) Amending Section 5 of Act 43, Session Laws of Hawaii 2019, to extend from June 30, 2024, to June 30, 2026, the date by which the special purpose revenue bonds authorization shall lapse;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 119, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 119, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1675 Ways and Means on H.B. No. 237

The purpose and intent of this measure is to appropriate funds to mitigate and control the two-lined spittlebug.

Your Committee received written comments in support of this measure from the Hawaii Department of Agriculture; University of Hawaii College of Tropical Agriculture and Human Resources; Ponoholo Ranch Limited; Hawaii Cattlemen's Council; Maui Cattlemen's Association; Larry Jefts Farms, LLC; Local Food Coalition; Maui Chamber of Commerce; Hawaii Farm Bureau; Rocker G. Livestock; Haleakala Ranch; Land Use Research Foundation of Hawaii; Ulupono Initiative; and six individuals.

Your Committee received written comments on this measure from the Big Island Invasive Species Committee.

Your Committee finds that the mitigation and control efforts supported by this measure will help reduce the negative impacts of the two-lined spittlebug on the State's agriculture, environment, and economy.

Your Committee has amended this measure by:

- (1) Changing the estimated value of the State's livestock industry to an unspecified sum;
- (2) Changing the appropriation amount to an unspecified sum; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 237, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 237, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1676 (Joint) Ways and Means and Commerce and Consumer Protection on H.B. No. 311

The purpose and intent of this measure is to facilitate the administration of the nursing facility sustainability program.

More specifically, the measure:

- (1) Extends the nursing facility sustainability program through June 30, 2024;
- (2) Extends from thirty days to sixty days the period after the end of each month by which payment of the nursing facility sustainability fee is due;
- (3) Establishes that the nursing facility sustainability fee limit is 5.5 percent of overall net patient service revenue;
- (4) Repeals the \$20 per resident daily fee limit;
- (5) Permits certain facilities to pay a reduced daily fee in comparison to other participating facilities; and
- (6) Appropriates moneys from the nursing facility sustainability program special fund.

Your Committees received written comments in support of this measure from the Department of Human Services, Hawaii Primary Care Association, Healthcare Association of Hawaii, and The Queen's Health Systems.

Your Committees find that the nursing facility sustainability program has assisted the State in strengthening its long-term care system in Hawaii. Your Committees recognize that nursing facilities face many challenges due to the coronavirus disease 2019 (COVID-19) pandemic. Your Committees also find that provider fees, which are collected from specific categories of health care providers, may be imposed on different classes of health care services, including inpatient and outpatient hospital and nursing facility services. Accordingly, your Committees find that action must be taken to ensure that nursing facilities in the State have the means to continue to serve Medicaid recipients and under-insured or uninsured patients.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 311, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 311, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Shimabukuro, Wakai).

Commerce and Consumer Protection: Ayes, 7. Noes, none. Excused, none.

SCRep. 1677 Ways and Means on H.B. No. 474

The purpose and intent of this measure is to facilitate the administration of the hospital sustainability program.

More specifically, the measure:

- (1) Extends the hospital sustainability program through June 30, 2024;
- (2) Increases the proportion of moneys in the hospital sustainability program special fund that shall be used to match federal Medicaid funds from eighty-eight percent to ninety percent;

- (3) Authorizes moneys from the hospital sustainability program special fund to be used to match federal Medicaid funds, with the combined total to fund Medicaid services including supportive housing, behavioral health care, vaccinations, preventive health care, primary care, and home and community-based services;
- (4) Provides that the aggregate net benefit for private hospitals shall not be less than the aggregate net benefit provided by the hospital sustainability program for fiscal year 2021;
- (5) Increases the maximum hospital sustainability fee from four percent to five and one-half percent of a hospital's net patient service revenue;
- (6) Repeals the exemption from hospital sustainability fees that is currently afforded to children's hospitals and psychiatric hospitals;
- (7) Provides that inpatient and outpatient services at certain private hospitals may be assessed at a different rate than at other private hospitals;
- (8) Extends the due date for payment of the hospital sustainability fee from the thirtieth day to the sixtieth day after the end of each calendar month; and
- (9) Specifies that certain moneys shall be distributed pursuant to requirements of the hospital sustainability program special fund.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Primary Care Association, Kaiser Permanente Hawaii, Healthcare Association of Hawaii, The Queen's Health Systems, and Hawaii Pacific Health.

Your Committee finds that the hospital sustainability program has assisted the State in strengthening the healthcare system in Hawaii. Your Committee recognizes that hospitals face many challenges due to the coronavirus disease 2019 (COVID-19) pandemic. Your Committee notes that provider fees collected from hospitals can facilitate increases in Medicaid payments without imposing burdens on the State's budget and will assist hospitals to continue to serve uninsured and underinsured patients.

Your Committee has amended this measure by:

- (1) Changing the appropriation of moneys from the hospital sustainability program special fund from \$325,000,000 to an unspecified amount;
- (2) Changing the effective date to June 29, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 474, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1678 (Majority) Ways and Means on H.B. No. 499

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to extend certain commercial, industrial, resort, mixed-use, or government leases that have not been sold or assigned within the last ten years for lessees who commit to making substantial improvements to the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources; Prince Kuhio Plaza; Pacific Resource Partnership; Stanford Carr Development, LLC; and two individuals.

Your Committee received written comments in opposition to this measure from the Office of Hawaiian Affairs, Hawaiian Affairs Caucus of the Democratic Party of Hawaii, Aloha Aina Party, Kupuna for the Moopuna, Native Hawaiian Legal Corporation, Ka Lahui Hawaii Komike Kalaiaina, Hawaii Alliance for Progressive Action, E Ola Kakou Hawaii, Waimanalo Civic Club, and numerous individuals

Your Committee finds that this measure will allow the State to retain long-term lessees who are committed to maintaining and improving public lands.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 499, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 499, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Fevella). Excused, none.

SCRep. 1679 Ways and Means on H.B. No. 526

The purpose and intent of this measure is to increase efficiency and cost-effectiveness in public procurement.

More specifically, this measure:

- (1) Defines "past performance" with regard to contractors;
- (2) Requires procurement officers to consider specific factors, including past performance, when available;
- (3) Requires the State Procurement Office to establish and administer a past performance database; and
- (4) Appropriates moneys for the development, implementation, and training of certain procurement resources tools, including a past performance guide and past performance database.

Your Committee received written comments in support of this measure from the Department of Transportation.

Your Committee received written comments in opposition to this measure from the General Contractors Association of Hawaii.

Your Committee received written comments on this measure from the Department of Accounting and General Services and State Procurement Office.

Your Committee finds that, in the procurement process, considering a contractor's past performance and creating and maintaining a past performance database will help to address issues of repeated inefficiencies and substandard work.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 526, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 526, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1680 Ways and Means on H.B. No. 723

The purpose and intent of this measure is to address the demand for essential supplies to confront the coronavirus disease 2019 (COVID-19) pandemic.

Specifically, this measure amends Act 9, section 30, Session Laws of Hawaii 2020, to broaden the authorized use of federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act) moneys to include the purchase and distribution of personal protective equipment and industrial hygiene products to state departments and attached agencies.

Your Committee received written comments in support of this measure from the Department of Education, Department of Defense, State Procurement Office, Hawaii Emergency Management Agency, Hawaii Office of Community Services, Hawaii Health Systems Corporation, and Hawaii Primary Care Association.

Your Committee finds that as the COVID-19 pandemic continues, demand remains high for personal protective equipment and industrial hygiene supplies.

Your Committee has amended this measure by:

- (1) Appropriating an unspecified sum of general funds for fiscal year 2021-2022 for the purchase of personal protective equipment and industrial hygiene supplies, instead of amending the appropriation of emergency and budget reserve fund moneys in Act 9, Session Laws of Hawaii 2020; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 723, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 723, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Taniguchi).

SCRep. 1681 Judiciary on H.B. No. 1021

The purpose and intent of this measure is to authorize the Department of Land and Natural Resources to enter into the Interstate Wildlife Violator Compact or similar agreement for mutual assistance in the enforcement of wildlife laws.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Humane Society of the United States, Hawaiian Humane Society, Friends of Hanauma Bay, Hawaiia Reef and Oceanic Coalition, For the Fishes, and two individuals.

Your Committee finds that the Interstate Wildlife Violator Compact is a multistate agreement that promotes enforcement of hunting, fishing, trapping, and other wildlife-related regulations across jurisdictions by establishing a reciprocal process that enables local law enforcement to take enforcement action against nonresident wildlife law violators who can therefore be treated as state residents for enforcement purposes. Your Committee further finds that violation of wildlife laws interferes with the management of wildlife resources and may endanger the safety of persons and property.

Your Committee additionally finds that the Interstate Wildlife Violator Compact was created to promote compliance with the laws, regulations, ordinances, resolutions, and administrative rules that relate to the management of wildlife resources in the respective member states. Your Committee also finds that forty-eight states have passed legislation needed to join the Interstate Wildlife Violator Compact. This measure will enhance Hawaii's ability to protect and manage its wildlife resources by authorizing the Department of Land and Natural Resources to enter into the Interstate Wildlife Violator Compact or a similar agreement.

Your Committee notes that this measure includes language granting immunity from civil liability for employees acting in the course and scope of their employment when enforcing the agreement. This is unnecessary as existing state law would generally apply in situations where an employee acting in the course and scope of employment causes injury or damages.

Your Committee has amended this measure by:

- (1) Deleting unnecessary language that would grant employees of the Department of Land and Natural Resources immunity, representation for defense, and indemnification from civil liability for damages resulting from an act or omission in administering or enforcing the Interstate Wildlife Violator Compact; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1021, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1021, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 1682 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 77

The purpose and intent of this measure is to exempt the sale of the leased fee interest in certain affordable leasehold developments by the Hawaii Housing Finance and Development Corporation from legislative approval.

Your Committees received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committees received testimony in opposition to this measure from Kūpuna for the Moʻopuna. Your Committees received comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that the process of obtaining legislative approval of the sale of the leased fee interest in state-owned land is a costly and burdensome process that can take over a full calendar year to be approved. This measure applies only to individual condominium units and house lots that are in developments built several decades ago. Your Committees note that this measure will require the Hawaii Housing Finance and Development Corporation to provide certain documentation to the Office of Hawaiian Affairs at least three months in advance of the sale. Accordingly, your Committees find that the units and lots should be exempt from legislative approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 77, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5; Ayes with Reservations (Kim). Noes, 2 (Acasio, Fevella). Excused, none.

Ways and Means: Ayes, 9. Noes, 1 (Fevella). Excused, 1 (Moriwaki).

SCRep. 1683 Ways and Means on H.B. No. 1283

The purpose and intent of this measure is to require the employers of first responders to develop and provide dementia training for first responders.

More specifically, this measure:

- (1) Requires the employers of first responders to develop and provide dementia training for first responders, at no cost to the first responders;
- (2) Enumerates the required dementia training subject areas; and
- (3) Authorizes the Executive Office on Aging to set the standards and frequency for the dementia training and coordinate with all entities responsible for the services provided by first responders for the provision of the dementia training.

Your Committee received written comments in support of this measure from AARP Hawaii and ten individuals.

Your Committee received written comments in opposition to this measure from the Honolulu Police Department.

Your Committee received written comments on this measure from the Executive Office on Aging.

Your Committee finds that an estimated twenty-nine thousand persons in the State who are sixty-five years of age and older have been diagnosed as having Alzheimer's disease, with that number expected to reach thirty-five thousand by 2025. Accordingly, your Committee believes that it is appropriate and necessary for first responder personnel to be trained in interacting with persons having Alzheimer's disease and related types of dementia.

Your Committee has amended this measure by:

- Conforming the new material established in Section 2 of the measure with Part XVIII of Chapter 321, Hawaii Revised Statutes, by:
 - (A) Replacing the term "first responders" with the term "first responder personnel"; and
 - (B) Deleting the definition of "first responders";
- Permitting, rather than requiring, the employers of first responder personnel to obtain dementia training for first responder personnel;

- (3) Deleting a provision authorizing the Executive Office on Aging to set the standards and frequency for dementia training;
- (4) Clarifying that the Executive Office on Aging may coordinate the dementia training schedules and standards with all public and private entities and agencies responsible for services provided by first responder personnel;
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1283, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1283, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1684 Ways and Means on H.B. No. 919

The purpose and intent of this measure is to appropriate or authorize funds for fiscal biennium 2021-2023 for collective bargaining cost items for the members of collective bargaining unit (5), which consists of teachers and other personnel of the Department of Education under the same pay schedule, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

Your Committee finds that negotiations between the exclusive representative of collective bargaining unit (5) and the public employer are ongoing. Your Committee further finds that allowing this measure to continue to advance through the legislative process will provide a vehicle to appropriate or authorize funds if an agreement is reached or an arbitration award is issued before the end of the current legislative session.

Your Committee has amended this measure by making a technical nonsubstantive amendment for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 919, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 919, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Shimabukuro).

SCRep. 1685 (Joint) Ways and Means and Judiciary on H.B. No. 826

The purpose and intent of this measure is to provide additional resources to the Department of the Attorney General to protect the public from the damages caused by using products that contain nicotine.

More specifically, this measure:

- (1) Authorizes the use of moneys in the tobacco enforcement special fund for all functions of the Department of the Attorney General;
- Expands the functions of the Electronic Smoking Device Retailer Registration Unit to include enforcement of laws that regulate the sale of electronic smoking devices;
- (3) Prohibits retailers from selling flavored tobacco products, mislabeling e-liquids containing nicotine, and selling tobacco products other than through in-person retail sales; and
- (4) Expands the definition of "tobacco product" to include e-liquid products and electronic smoking devices.

Your Committees received written comments in support of this measure from the Department of Health, Hawaii Primary Care Association, Hawaii State Teachers Association, Independent Schools, Hawaii Public Health Institute, Hawaii COPD Coalition, Adventist Health Castle, Hawaii Dental Association, Blue Zones Project, and twenty-one individuals.

Your Committees received written comments in opposition to this measure from the Attorney General; Hawaii Smokers Alliance; American Cancer Society Cancer Action Network; American Heart Association; Cigar Association of America, Inc.; AlohaCare; Retail Merchants of Hawaii, and eleven individuals.

Your Committees received written comments on this measure from the Department of Taxation, Department of Budget and Finance, Black Lava Vape, and Tobacco-Free Kids Action Fund.

Your Committees find that abolishing the Electronic Smoking Device Retailer Registration Unit will help to streamline the registration process for retailers who engage in the sale of electronic smoking devices and will help to reduce unnecessary government expenditures.

Your Committees have amended this measure by:

- (1) Deleting provisions that expanded the purposes for which moneys in the tobacco enforcement special fund may be used;
- (2) Abolishing the Electronic Smoking Device Retailer Registration Unit;
- (3) Clarifying that fines for the second or subsequent offenses for selling certain tobacco products shall be assessed only if the second or subsequent offense is committed within an unspecified time period after the first offense; and

(4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 826, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 826, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, none.

Judiciary: Ayes, 6; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, 1 (Lee).

SCRep. 1686 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 469

The purpose and intent of this measure is to address the management of certain non-agricultural park lands under the control of the Department of Land and Natural Resources.

Specifically, this measure:

- (1) Establishes a mechanism for the transfer of certain non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture;
- (2) Requires the Department of Land and Natural Resources and Department of Agriculture to meet every five years to determine additional lands that may be appropriate for transfer;
- (3) Requires the Department of Land and Natural Resources to report to the Legislature on its meetings with the Department of Agriculture; and
- (4) Authorizes the Board of Land and Natural Resources to amend and extend existing pasture or industrial leases and to issue new pasture or industrial leases by negotiation.

Your Committees received written comments in support of this measure from the Hawaii Aquaculture and Aquaponics Association and one individual.

Your Committees received written comments in opposition to this measure from Kapapala Ranch, Hawaii Meats LLC, Rocker G Livestock, and the Land Use Research Foundation of Hawaii.

Your Committees received written comments on this measure from the Department of Agriculture; Department of Land and Natural Resources; Local Food Coalition; Ulupono Initiative; Ulupalakua Ranch; Hawaii Cattlemen's Council; Larry Jefts Farms, LLC; Hawaii Farm Bureau; and Ponoholo Ranch Limited.

Your Committees find that many state pasture lessees have requested the Department of Land and Natural Resources to transfer their leases to the Department of Agriculture for management. Your Committees further find that the Department of Land and Natural Resources has not acted on some of these requests because of the high natural resource value of certain pasture lands, their proximity to forest reserves, or their importance in providing access to other public lands for hunting or public recreation purposes.

Your Committees have amended this measure by:

- (1) Amending provisions regarding the transfer and management of non-agricultural park lands to:
 - (A) Provide that the Department of Land and Natural Resources and Department of Agriculture shall identify by mutual agreement non-agricultural park lands under the jurisdiction of the Department of Land and Natural Resources and in agricultural use that should remain under the jurisdiction of the Department of Land and Natural Resources;
 - (B) Require that all other non-agricultural park lands under the jurisdiction of the Department of Land and Natural Resources that are in agricultural use and are not identified pursuant to subparagraph (A) be placed under the jurisdiction of the Department of Agriculture;
 - (C) Remove language requiring the transfer of non-agricultural park lands no later than December 31, 2023; and
 - (D) Require mutual agreement of the Department of Land and Natural Resources and Department of Agriculture on the determination of lands that may be appropriate for the Department of Land and Natural Resources to transfer to the Department of Agriculture beginning in the 2021-2022 fiscal year and no less than every fifth fiscal year thereafter;
- (2) Removing a provision that requires the Department of Land and Natural Resources to report to the Legislature on the rezoning of non-agricultural park lands that are not in use for the public purpose for which the lands were leased;
- (3) Removing provisions affecting the amendment and extension of industrial leases or the issuance of new industrial leases;
- (4) Removing provisions that would have amended compensation provisions for capital improvements to lands leased for intensive agricultural or pasture uses and limited the ability for the Department of Land and Natural Resources to withdraw land based on the increase of a lessee's cost of production;
- (5) Requiring, rather than authorizing, the Board of Land and Natural Resources to apply a lower rate of return on a pasture lease if warranted, after consideration of the public purpose served by the lease, use restrictions under the lease, and any obligation of the lessee to provide conservation or stewardship services; and
- (6) Making technical nonsubstantive changes for purposes of consistency, clarity, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 469, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 469, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, none.

Judiciary: Ayes, 5; Ayes with Reservations (Kim). Noes, 1 (Acasio). Excused, 1 (Lee).

SCRep. 1687 (Joint) Ways and Means and Judiciary on H.B. No. 313

The purpose and intent of this measure is to expand the use of funding received through the physician workforce assessment project to help the State recruit and retain qualified physicians.

More specifically, this measure:

- Repeals the requirement that no less than fifty percent of the assessment fees deposited into the John A. Burns School of Medicine special fund be used for purposes identified by the Hawaii Medical Education Council;
- (2) Repeals the monetary cap on expenditures from the John A. Burns School of Medicine special fund; and
- (3) Authorizes the John A. Burns School of Medicine to provide loan repayments to physicians who commit to working in medically underserved areas of the State and to provide scholarships for qualifying medical students.

Your Committees received written comments in support of this measure from the Department of Labor and Industrial Relations, Hawaii State Rural Health Association, Hawaii Pacific Health, Hawaii Primary Care Association, The Queen's Health Systems, University of Hawaii, and Hawaii Medical Association.

Your Committees received written comments on this measure from the Hawaii Medical Board.

Your Committees find that the loan repayments and scholarships facilitated by this measure will provide incentives for future physicians to practice in Hawaii.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 313, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Moriwaki, Shimabukuro, Fevella).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1688 (Joint) Ways and Means and Judiciary on H.B. No. 513

The purpose and intent of this measure is to dissolve the State Capitol Management Committee that was established pursuant to Act 97, Session Laws of Hawaii 2014, for the purpose of overseeing and managing the State Capitol and its grounds and facilities.

Your Committees received written comments in support of this measure from the Department of Accounting and General Services.

Your Committees find that the State Capitol Management Committee has not convened subsequent to September 2018, the date of the most recent meeting for which there is a record of published minutes. Your Committees further find that, since that time, the Department of Accounting and General Services has continued to operate and maintain the State Capitol through ongoing projects and operations, including deferred maintenance projects. Your Committees note that the measure specifies that all policies and procedures established by the management committee shall remain in full force and effect until amended or repealed by the Department of Accounting and General Services, Governor, Senate, or House of Representatives, as applicable. Your Committees believe that the dissolution of the management committee will allow time and resources to be more effectively directed toward other efforts that require attention.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 513, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 9; Ayes with Reservations (Taniguchi, Fevella). Noes, none. Excused, 2 (Moriwaki, Shimabukuro). Judiciary: Ayes, 7; Ayes with Reservations (Kim, Fevella). Noes, none. Excused, none.

SCRep. 1689 (Joint) Ways and Means and Judiciary on H.B. No. 1067

The purpose and intent of this measure is to allow the President of the University of Hawaii to continue to act as the University's chief procurement officer for all procurement contracts under Chapter 103D, Hawaii Revised Statutes.

Specifically, this measure extends the sunset provision in Act 42, Session Laws of Hawaii 2018, from June 30, 2021, to June 30, 2024.

Your Committees received written comments in support of this measure from the University of Hawaii, Hawaii Construction Alliance, Hawaii Laborers & Employers Cooperation and Education Trust Fund, Hawaii Laborers' Union Local 368, and General Contractors Association of Hawaii

Your Committees received written comments on this measure from Pacific Resource Partnership.

Your Committees find that Act 42, Session Laws of Hawaii 2018, which was enacted to allow the University of Hawaii to fully administer its own procurement, is scheduled to be repealed on June 30, 2021. Your Committees further find that this measure would extend that repeal date and allow the President of the University of Hawaii to act as the chief procurement officer for all procurements made by the University until June 30, 2024.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1067, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1690 (Joint) Ways and Means and Judiciary on H.B. No. 244

The purpose and intent of this measure is to clarify the data requirements for land recordation by the Bureau of Conveyances regarding land other than fee simple time share interests deregistered by the Land Court.

More specifically, the measure requires the inclusion of a plan of the parcel or parcels sought to be deregistered that includes a map and description prepared by a licensed professional surveyor, in accordance with specified statutory requirements.

Your Committees received written comments in support of this measure from the Hawaii Land Surveyors Association, Wes Thomas Associates, and ten individuals.

Your Committees find that the inclusion of additional parcel information, as required by this measure, will establish a clear standard for the mapping and describing of designated lands and thus help to ensure the overall accuracy of land deregistrations processed by the Bureau of Conveyances.

Your Committees have amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 244, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 244, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Moriwaki, Shimabukuro, Fevella).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1691 (Joint) Ways and Means and Judiciary on H.B. No. 1081

The purpose and intent of this measure is to require the Department of Transportation to maintain, and each county's transportation department to create and maintain, a priority list of sidewalk installation and pedestrian improvement projects.

Your Committees received written comments in support of this measure from the Department of Transportation, the Democratic Party of Hawaii, and two individuals.

Your Committees find that this measure will help to improve the State's pedestrian network and the general safety and efficiency of the State's transportation infrastructure.

Your Committees have amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1081, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1081, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 1692 (Joint) Ways and Means and Judiciary on H.B. No. 1192

The purpose and intent of this measure is to establish a small dollar installment loan program that offers appropriate consumer protections.

More specifically, this measure:

- (1) Establishes a framework and licensing system for an installment loan program; and
- $(2) \quad \text{Repeals the statutory authorization for deferred deposit transactions in the State on January 1, 2022.}$

Your Committees received written comments in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committees received written comments in opposition to this measure from Dollar Financial Group.

Your Committees received written comments on this measure from the Hawaii Financial Services Association.

Your Committees find that consumer protections provided by this measure will ensure that borrowers may obtain loans on reasonable terms, avoid harmful lending practices, and meet basic living expenses.

Your Committees have amended this measure by:

(1) Amending the definition of "interest", as suggested in testimony from the Department of Commerce and Consumer Affairs, so that the definition is consistent with the definition used in other states that regulate similar installment loan businesses;

- (2) Including clarifying language regarding the annual renewal fees for installment lenders, as also suggested in testimony from the Department of Commerce and Consumer Affairs;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1192, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1192, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

Judiciary: Ayes, 7; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 1693 (Joint) Ways and Means and Judiciary on H.B. No. 1281

The purpose and intent of this measure is to facilitate the provision of emergency medical services within a county having a population of five hundred thousand or more.

More specifically, the measure:

- (1) Establishes, beginning on July 1, 2021, a three-year transfer of certain duties, functions, and powers relating to emergency medical services for the City and County of Honolulu from the Department of Health to the City and County of Honolulu;
- (2) Appropriates general funds to the City and County of Honolulu for emergency medical services for fiscal years 2021-2022 and 2022-2023:
- (3) Appropriates moneys in the emergency medical services special fund to the City and County of Honolulu for fiscal years 2021-2022 and 2022-2023; and
- (4) Phases out funding from general revenues for emergency medical services in the City and County of Honolulu before July 1, 2024.

Your Committees received written comments in support of this measure from the Department of Health and Hawaii Medical Service Association.

Your Committees received written comments on this measure from the Emergency Services Department, City and County of Honolulu; and United Public Workers, AFSCME Local 646.

Your Committees find that under current practice, the counties negotiate most of the costs for emergency medical services and the State pays those costs, which now exceed \$100,000,000 statewide. Accordingly, your Committees find it appropriate for the State to pursue a cost-sharing model, between the State and each county having a population of five hundred thousand or more, for emergency medical services.

Your Committees have amended this measure by:

- (1) Clarifying that individuals acting as dispatchers in the State as of the effective date of the measure shall obtain emergency medical dispatch certification by July 1, 2026, and shall maintain certification thereafter;
- (2) Amending section 321-234(b), Hawaii Revised Statutes, to codify the annual fiscal year distribution of \$3,500,000 from the emergency medical services special fund to a county operating a county emergency medical services system established pursuant to the measure, effective July 1, 2021;
- (3) Clarifying the timing of and correcting a reference to the duration of the transition of certain rights, powers, functions, and duties from the Department of Health to the City and County of Honolulu;
- (4) Clarifying the amounts, distribution, and purpose of funds allocated to the City and County of Honolulu for the purposes of the foregoing transition; and
- (5) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1281, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1281, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8; Ayes with Reservations (Fevella). Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro). Judiciary: Ayes, 7; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 1694 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 1311

The purpose and intent of this measure is to repeal the deadline for the completion of the Leialii affordable housing project.

More specifically, this measure:

 Amends Act 98, Session Laws of Hawaii 2019, to repeal the 2022 deadline for the completion of the Leialii affordable housing project and the April 30, 2020, deadline for the project to obtain necessary land use entitlements; and (2) Clarifies that the developer of the Keawe Street apartments housing project is responsible for all costs associated with the archaeological inventory survey for the footprint of the housing project, but not responsible for the cost of the archaeological inventory survey for the entire Villages of Leialii master planned community.

Your Committees received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation, Maui County Mayor's Office, a member of the Maui County Council, and Neighborhood Place of Puna.

Your Committees find that Act 98, Session Laws of Hawaii 2019, requires that the Leialii affordable housing project be completed by 2022. However, your Committees also find that the Hawaii Housing Finance and Development Corporation was recently made aware that a new archaeological inventory survey is required for the entire Villages of the Leialii Master Planned Community, thus delaying the completion of the Leialii affordable housing project beyond 2022. Accordingly, your Committees believe that this measure is necessary to ensure the eventual completion of the Leialii affordable housing project.

Your Committees have amended this measure by:

- (1) Deleting a reference in the purpose section to a provision that would specifically allow the Hawaii Housing Finance and Development Corporation to address Chapter 6E, Hawaii Revised Statutes, relating to historic preservation, to reflect that this substantive provision was deleted from the measure by a prior committee;
- (2) Changing the appropriation from \$37,000,000 to an unspecified amount to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1311, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1311, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 9. Noes, 1 (Fevella). Excused, 1 (English). Judiciary: Ayes, 6. Noes, 1 (Fevella). Excused, none.

SCRep. 1695 Ways and Means on H.B. No. 204

The purpose and intent of this measure is to appropriate funds for the operating expenses of the Office of Hawaiian Affairs (OHA).

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 2, which amends this measure by:

- Inserting trust fund and position ceiling amounts for the Office of Hawaiian Affairs' Office of the Trustees, Administration, and Beneficiary Advocacy operating budgets for fiscal years 2021-2022 and 2022-2023;
- (2) Inserting a general fund amount of \$2,054,000 for the Beneficiary Advocacy operating budget for fiscal years 2021-2022 and 2022-2023:
- (3) Inserting an appropriation amount of \$500,000 in general funds for fiscal year 2021-2022 and the same sum for fiscal year 2022-2023 for Office of Hawaiian Affairs beneficiaries for occupancy ready housing needs;
- (4) Inserting an appropriation amount of \$415,000 in general funds and \$415,000 in trust funds for fiscal year 2021-2022 and the same sums for fiscal year 2022-2023 for referral services and case management to at-risk Office of Hawaiian Affairs beneficiaries for financial assistance to improve stability during emergency situations;
- (5) Inserting an appropriation amount of \$615,000 in general funds and \$615,000 in trust funds for fiscal year 2021-2022 and the same sums for fiscal year 2022-2023 for educational improvement programs for native Hawaiian students; and
- (6) Inserting an appropriation amount of \$524,400 in general funds and \$524,400 in trust funds for fiscal year 2021-2022 and the same sums for fiscal year 2022-2023 to provide for legal services and legal representation to Office of Hawaiian Affairs beneficiaries.

Your Committee received testimony in support of the proposed S.D. 2 from the Office of Hawaiian Affairs.

Your Committee finds that the Office of Hawaiian Affairs is a semi-autonomous state agency, established by article XII, section 4 and article XI, section 5, of the Hawaii State Constitution and chapter 10, Hawaii Revised Statutes, that is responsible for improving the well-being of native Hawaiians. This measure appropriates funds for the Office of Hawaiian Affairs' operating budget in support of plans for the upcoming biennium and is vital to fulfilling the mandates of the Office of Hawaiian Affairs.

Your Committee has amended this measure by adopting the proposed S.D. 2 and further amending this measure by:

- (1) Increasing the general fund amount for the Beneficiary Advocacy operating budget for fiscal years 2021-2022 and 2022-2023 from \$2,054,000 to \$2,254,000;
- (2) Amending section 8 of Act 37, Session Laws of Hawaii 2019, to provide that general funds appropriated to the Office of Hawaiian Affairs for fiscal year 2020-2021 by part II of Act 37 shall not be released until after the CLA OHA & LLCs Contract and Disbursement Review Report, dated December 4, 2019, is received by the Legislature, retroactive to June 30, 2021.
- (3) Providing that the general funds appropriated to the Office of Hawaiian Affairs for fiscal year 2020-2021 by part II of Act 37, Session Laws of Hawaii 2019, shall not lapse until June 30, 2022, retroactive to June 30, 2021;

- (4) Appropriating \$200,000 of the general funds appropriated to OHA175 for fiscal year 2021-2022 for the Office of Hawaiian Affairs to conduct or contract for a follow-up contract and disbursement review of the CLA – OHA & LLCs Contract and Disbursement Review – Report, dated December 4, 2019; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 204, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 204, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1696 Ways and Means on H.B. No. 185

The purpose and intent of this measure is to appropriate funds for the Judiciary for the fiscal biennium beginning July 1, 2021, and ending June 30, 2023.

Your Committee received testimony in support of this measure from the Judiciary; Office of the Public Defender; Hawai'i State Bar Association; Kauai Bar Association; Hawai'i County Bar Association; Family Law Section of the Hawai'i State Bar Association; Appellate Section of the Hawai'i State Bar Association; Environment, Energy, and Resources Section of the Hawai'i State Bar Association; McKeon Sheldon Mehling, LLLC; and two individuals.

Your Committee finds that the appropriations made by this measure are intended to assist the Judiciary in its efforts to fulfill its constitutional and statutory duties for the 2021-2023 fiscal biennium.

Your Committee further finds that the Judiciary requested a capital improvement budget that totaled:

JUDICIARY	FY 2022	FY 2023
General Obligation Bonds	\$22,016,000	\$18,605,000

Your Committee has amended the budget to appropriate the following in capital improvement funds:

SENATE	FY 2022	FY 2023
General Obligation Bonds	\$14,726,000	\$2,200,000
American Rescue Plan Funds	\$1,520,000	\$2,520,000
All Means of Financing	\$16,246,000	\$4,720,000

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 185, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 185, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1697 Ways and Means on H.B. No. 243

The purpose and intent of this measure is to improve the State's adaptation to climate change and sea level rise.

More specifically, this measure:

- (1) Requires each state department to:
 - (A) Identify existing and planned facilities that are vulnerable to sea level rise, flooding impacts, and natural hazards;
 - (B) Assess a range of options for mitigating impacts of sea level rise to existing and planned facilities;
 - (C) Establish within each executive department staff level points of contact having relevant experience to build internal capacity and work with staff from the Office of Planning and Hawaii Climate Change Mitigation and Adaptation Commission to improve interagency coordination for sea level rise adaptation, flooding, and resilience; and
 - (D) Submit annual reports to the Governor, Legislature, Office of Planning, and Hawaii Climate Change Mitigation and Adaptation Commission regarding the vulnerability and adaptation assessments for its facilities and progress made toward implementing sea level rise and disaster resiliency considerations; and
- (2) Establishes planning and implementing considerations, policies, and practices related to disaster resilience and climate adaptation as a function of statewide concern.

Your Committee received written comments in support of this measure from the Hawaii Climate Change Mitigation and Adaptation Commission, Sierra Club of Hawaii, Hawaii Reef Ocean Coalition, and five individuals.

Your Committee received written comments on this measure from the Office of Planning.

Your Committee finds that state agencies having operational responsibilities over state facilities must plan, coordinate, and act to adapt to climate change and sea level rise and to ensure the State's sustainable and resilient future.

Your Committee has amended this measure by:

(1) Requiring the Office of Planning, in coordination with each state agency having operational responsibilities over state facilities, to: identify existing and planned facilities that are vulnerable to sea level rise, flooding impacts, and natural hazards; assess a range of options to mitigate the impacts of sea level rise to those facilities; and submit annual reports regarding

vulnerability and mitigation assessments for those facilities and the progress made in implementing sea level rise adaptation in future plans, programs, and capital improvement needs and decisions;

- (2) Removing provisions requiring state departments to establish staff level points of contact having relevant experience to build internal capacity and work with staff from the Office of Planning and Hawaii Climate Change Mitigation and Adaptation Commission to improve interagency coordination for sea level rise adaptation, flooding, and resilience; and
- (3) Amending the Hawaii State Planning Act to include sustainable development, climate change adaptation, and sea level rise adaptation as objectives for facility systems.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 243, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 243, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1698 Ways and Means on H.B. No. 424

The purpose and intent of this measure is to reduce the State's carbon footprint.

More specifically, this measure requires all state agencies to adopt a preference for an electric vehicle or hybrid vehicle when renting a motor vehicle for a state employee to conduct official government business.

Your Committee received written comments in support of this measure from the Hawaii State Energy Office, Office of Economic Development of the County of Kauai, Hawaii Electric Vehicle Association, Big Island EV Association, Sustainable Energy Hawaii, Hawaiian Electric Company, Climate Protectors Hawaii'i, 350Hawaii, Our Revolution Hawaii, and two individuals.

Your Committee received written comments on this measure from Enterprise Holdings.

Your Committee finds that electric vehicles will play an increasingly important role in Hawaii's clean energy future and in meeting the goals set for the State for reducing greenhouse gas emissions. Your Committee further finds that electric vehicles benefit air quality by eliminating exhaust emissions from vehicles powered by internal combustion engines fueled by gasoline or diesel fuel.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 424, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Taniguchi).

SCRep. 1699 Ways and Means on H.B. No. 515

The purpose and intent of this measure is to require the Auditor to audit the Department of Education's School Food Services Branch to determine the amount of local produce that is currently purchased and served to students.

Your Committee received testimony in support of this measure from two individuals.

Prior to the hearing on this measure, your Committee made available for public review a proposed Senate Draft No. 2 (Proposed Draft) of this measure. The Proposed Draft amends the measure by:

- (1) Designating the existing substantive provisions of the measure as part I;
- (2) Inserting a new part II to the measure, which incorporates the substantive provisions of S.B. No. 76, S.D. 2, which, with respect to the position of the Superintendent of Education:
 - (A) Requires the Board of Education to prioritize for the position those candidates having a minimum qualification of ten years of employment in a department of education, including no less than five years serving as a principal or in a higher-level position; and
 - (B) Specifies that a working understanding of the State's tri-level systems of educational administration shall be a desired qualification for a candidate for the position; and
- (3) Making technical amendments.

Your Committee received testimony in support of part I of the Proposed Draft from the Hawaii Farm Bureau and Ulupono Initiative.

Your Committee received testimony in opposition to the Proposed Draft from the Board of Education.

Your Committee received comments on the Proposed Draft from the Department of Education.

Your Committee finds that more locally sourced foods should be served in the Department of Education's school meal programs. Your Committee believes that requiring the Auditor to determine a baseline will assist the Department in achieving this goal.

Your Committee also finds that because Hawaii has a statewide public education system, unlike other states, the Department of Education should be led by an official having relevant qualifications and experience within tri-level systems of educational administration.

Your Committee has amended this measure by adopting the Proposed Draft and making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 515, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 515, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1700 Ways and Means on H.B. No. 546

The purpose and intent of this measure is to amend the organizational structure of the Department of Education.

More specifically, this measure:

- (1) Requires public school complex area superintendents to report directly to the Superintendent of Education; and
- (2) Appropriates funds for the Department of Education.

Your Committee received written comments in support of this measure from one individual.

Your Committee received written comments in opposition to this measure from the Hawaii Government Employees Association.

Your Committee received written comments on this measure from the Department of Education and one individual.

Your Committee finds that this measure will streamline communication between complex area superintendents and the Superintendent of Education.

Your Committee has amended this measure by adding a new part that redistributes certain moneys and positions that are subject to budget and position reductions made to the Department of Education in the General Appropriations Act. Specifically, these amendments statutorily establish a reorganization, which is informed by a 2015 organizational chart by the Department of Education, to redeploy:

- (1) Of the fifty-five permanent full-time equivalent (55.0 FTE) positions and eight temporary full-time equivalent (8.0 FTE) positions being eliminated from the Office of Strategy, Innovation, and Performance, thirty-seven permanent full-time equivalent (37.0 FTE) positions and four temporary full-time equivalent (4.0 FTE) positions are redeployed pursuant to part II of this measure;
- (2) Of the one hundred sixty-one permanent full-time equivalent (161.0 FTE) positions and one temporary full-time equivalent (1.0 FTE) position being eliminated from the Office of Information Technology Services, one hundred forty-three full-time equivalent (143.0 FTE) positions are redeployed pursuant to part II of this measure; and
- (3) Of the nineteen permanent full-time equivalent (19.0 FTE) equity specialist II positions from the Civil Rights Compliance Branch of the Office of Talent Management, nineteen permanent full-time equivalent (19.0 FTE) equity specialist II positions are redeployed pursuant to part II of this measure.

Your Committee notes that the following organizational chart graphically depicts how the affected positions will be deployed under the reorganization*:

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 546, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

SCRep. 1701 Ways and Means on H.B. No. 558

The purpose and intent of this measure is to strengthen the Hawaii Green Infrastructure Authority's ability to support investment in clean energy technology by providing low-cost loan financing to eligible public, private, and nonprofit borrowers for clean energy investments or other authorized uses.

More specifically, the measure:

- (1) Creates within the Hawaii green infrastructure special fund the clean energy and energy efficiency revolving loan fund to be administered by the Hawaii Green Infrastructure Authority;
- (2) Expands the purpose of the \$50,000,000 revolving sub-fund extant within the Hawaii green infrastructure special fund to allow state agencies to finance the purchase of clean energy equipment under existing power purchase agreements and obtain electric vehicles and electric vehicle charging systems;
- (3) Repeals the building energy efficiency revolving loan fund; and
- (4) Appropriates unspecified amounts from the clean energy and energy efficiency revolving loan fund to make loans for clean energy investments or other authorized uses.

Your Committee received written comments in support of this measure from the Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Office of Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; Office of Economic Development of the County of Kauai; Environmental Caucus of the Democratic Party of Hawaii; Blue Planet Foundation; Climate Protectors Hawaii; 350Hawaii; Sustainable Energy Hawaii; Hawaii EV Association; Big Island EV Association; and three individuals.

^{*} The chart is identified as "ATTACHMENT A" to this section.

Your Committee received written comments on this measure from the Hawaii Public Utilities Commission; Department of Budget and Finance; and Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs.

Your Committee finds that the creation of a clean energy and energy efficiency revolving loan fund program provides a means for state agencies, among other public and private entities, to obtain affordable financing for the implementation of clean energy technologies. Your Committee further finds that implementation and expansion of clean energy technology use will allow these agencies to realize cost savings on utility expenses, thereby advancing the State's clean energy and sustainability goals while coping with budgetary constraints stemming from the coronavirus disease 2019 pandemic and resulting economic harm.

Your Committee has amended this measure by:

- Clarifying that the Hawaii Green Infrastructure Authority shall administer the clean energy and energy efficiency revolving loan fund as a revolving line of credit;
- (2) Requiring, rather than authorizing, the Hawaii Green Infrastructure Authority to conduct certain enumerated activities in the performance of its duty to administer the clean energy and energy efficiency revolving loan fund, and specifying that in doing so, the Authority shall effectuate the purposes of Part IV of Chapter 196, Hawaii Revised Statutes, which pertains to green infrastructure loans:
- (3) Clarifying that green infrastructure loans may be used to finance any of, as opposed to all of, the following: options to purchase solar photovoltaic systems and other clean energy equipment; the purchase or lease of electric vehicles; and the installation of electric vehicle charging systems;
- (4) Moving the substance of the definitions of "limited liability company", "option to purchase", and "special purpose entity" from the measure's definitional section to other substantive provisions of the measure; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 558, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 558, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 10. Noes, none. Excused, 1 (Taniguchi).

SCRep. 1702 Ways and Means on H.B. No. 541

The purpose and intent of this measure is to improve the delivery, funding, and evaluation of health care in the State.

More specifically, the measure, as received by your Committee:

- (1) Establishes a working group within the Department of Health to identify gaps in services, coordinate funding sources, and establish and identify outcome measures for behavioral health, substance abuse, and homelessness; and
- (2) Requires the working group to submit a report to the 2022 Legislature.

For the purposes of a public hearing, your Committee circulated a proposed S.D. 2 (Proposed Draft) of the measure, and notified the public that your Committee would be accepting testimony on the Proposed Draft, which includes all of the provisions of the S.D. 1 and contains the following additional provisions:

- (1) Appropriates \$4,780,880 on an emergency basis for payroll and other expenses to address the budget shortfall affecting the state comprehensive emergency medical services system; and
- (2) Requires the Department of Commerce and Consumer Affairs to create an additional licensure category for emergency medical technicians certified by the National Registry of Emergency Medical Technicians at a higher level of practice than emergency medical responders but who do not provide emergency ambulance services.

Your Committee received testimony in support of the Proposed Draft from the Department of Health, State Fire Council, Honolulu Fire Department, Maui Fire Department, Maui County Paramedics Association, AMR, Hawaii Substance Abuse Coalition, The Salvation Army, American Medical Response Kauai, and numerous individuals.

Your Committee received testimony in opposition to the Proposed Draft from two individuals.

Your Committee received comments on the Proposed Draft from the Department of Human Services, Office of Hawaiian Affairs, Department of the Attorney General, Hawaii Medical Board, Catholic Charities Hawaii, PHOCUSED, and two individuals.

Your Committee finds that the additional licensure category addressed in Part III of the measure recognizes that emergency personnel such as firefighters are not tasked with providing emergency transportation but are qualified to assist patients at the site of the emergency as well as in the ambulance during the transport of critical patients to medical facilities.

Your Committee notes that there were discussions regarding the additional licensure category, and the Hawaii Medical Board suggested that instead of being required to establish a new license, the Department of Commerce and Consumer Affairs should be required to examine the possibility of creating a new licensure category, including issues relating to scope of practice, qualifications for licensure, and necessary personnel and funding. However, your Committee believes that establishing an additional licensure category will better align the actual scope of practice of the State's emergency responders with national standards as set by the National Registry of Emergency Medical Technicians, which is the main certifying organization for emergency responders in most states.

Your Committee has amended this measure by adopting the Proposed Draft with the following further amendments:

- (1) Clarifying that the services referenced in Part I of the measure are services to persons experiencing behavioral health or substance abuse conditions, and resultant consequences, including homelessness;
- (2) Clarifying that the additional category for emergency medical technicians in Part III of the measure refers to a "certification" instead of a "license," to more accurately reflect the language of Title 16, Chapter 85, Subchapter 7, Hawaii Administrative Rules:
- (3) Making a technical amendment to the description of the membership of the working group to more accurately reflect the organizational structure of the Office of Hawaiian Affairs;
- (4) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 541, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 541, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1703 Ways and Means on H.B. No. 552

The purpose and intent of this measure is to promote the use of renewable energies and green infrastructure in the State.

More specifically, this measure:

- (1) Establishes procurement policy requirements for medium- and heavy-duty motor vehicles;
- (2) Establishes clean ground transportation goals;
- (3) Authorizes state and county agencies to include trees and plants having lifespans longer than twenty years as a part of the agencies' capital improvement projects;
- (4) Requires the Department of Accounting and General Services to require that all new light-duty passenger vehicles purchased for the State's vehicle fleets be zero-emission vehicles;
- (5) Permits the Department of Accounting and General Services to authorize an exemption to this requirement for the procurement of new fleet vehicles if certain conditions are met;
- (6) Amends certain definitions in Chapter 37, Hawaii Revised Statutes, relating to the executive budget to allow for the inclusion of costs related to green infrastructure in capital improvement costs;
- (7) Establishes clean ground transportation goals relating to the procurement of light-duty motor vehicles;
- (8) Provides for electric vehicle charging and clean ground transportation goals in the State's planning and budget preparation and program implementation goals; and
- (9) Requires the Chief Energy Officer to lead efforts to incorporate energy efficiency, renewable energy, energy resilience, and clean transportation to reduce costs and achieve clean energy goals across all public facilities.

Your Committee received written comments in support of this measure from the Hawaii State Energy Office, Office of Planning, 350Hawaii, Alliance for Automotive Innovation, Big Island EV Association, Blue Planet Foundation, Climate Protectors Hawaii, Democratic Party of Hawaii, Environmental Caucus of the Democratic Party, Hawaii EV Association, KauaiEV, Sustainable Energy Hawaii, Ulupono Initiative, and eight individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and State Procurement Office.

Your Committee finds that this measure will help to reduce greenhouse gas emissions through the reduction of energy use, adoption of policies that emphasize the use of renewable energy, and control of air pollution throughout the State's government and industries.

Your Committee has amended this measure by:

- Deleting a provision that added a new section to Chapter 103D, Hawaii Revised Statutes, to establish requirements for the
 procurement of medium- and heavy-duty motor vehicles that are separate from the procurement requirements related to lightduty motor vehicles;
- (2) Replacing a reference to the term "State's energy goals" with "State's decarbonization and sustainability goals" as those terms relate to each state and county agency's ability to include certain trees and plants as part of the agency's capital improvement projects;
- (3) Amending the definition of "green infrastructure" in section 37-62, Hawaii Revised Statutes, to clarify that the term includes measures that use plant, tree, or soil systems; permeable pavement or other permeable surfaces or substrates; stormwater harvest and reuse; or landscaping to store, infiltrate, or evapotranspirate water; and
- (4) Amending section 103D-412, Hawaii Revised Statutes, to:
 - (A) Increase the scope of the section to include medium- and heavy-duty motor vehicles;

- (B) Delete a provision requiring agencies purchasing or leasing light-, medium-, and heavy-duty motor vehicles to meet certain clean ground transportation goals;
- (C) Repeal electric vehicles and fuel cell electric vehicles from the list of priority vehicles; and
- (D) Add zero-emission vehicles to the list of priority vehicles;
- (5) Updating and inserting various definitions in sections 26-6 and 103D-412, Hawaii Revised Statutes, to conform to federal regulations; and
- (6) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 552, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 552, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 10. Noes, none. Excused, 1 (Taniguchi).

SCRep. 1704 Ways and Means on H.B. No. 613

The purpose and intent of this measure is to make an emergency appropriation to offset certain education-related budget reductions.

More specifically, this measure:

- (1) Appropriates moneys out of the Elementary and Secondary School Emergency Relief Fund moneys received from the federal government pursuant to the Coronavirus Aid, Relief, and Economic Security Act and the Coronavirus Response and Relief Supplemental Appropriations Act, 2021, for fiscal years 2020-2021, 2021-2022, and 2022-2023 to offset any budget reductions that are identified or proposed by the Department of Education and Governor and that would result in the reduction of certain personnel;
- (2) Prohibits the use of any appropriated moneys for any purposes not authorized in this measure;
- (3) Requires the Board of Education and Superintendent of Education to certify in writing that:
 - (A) The Board, Superintendent, and Department of Education agree to certain conditions; and
 - (B) The moneys shall only be expended for salaries and wages of certain Department of Education officers and employees;
- (4) Exempts the appropriated moneys from section 37-41.5, Hawaii Revised Statutes, which permits the Department of Education to retain up to five percent of any appropriation.

Your Committee received written comments in support of this measure from the Hawaii State Teachers Association, HE'E Coalition, and two individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Government Employees Association.

Your Committee received written comments on this measure from the Board of Education, Department of Budget and Finance, and Department of Education.

Your Committee finds that classroom teachers and school staff have considerable influence and impact on the lives of students, and that students significantly benefit from quality in classroom instruction. Your Committee believes that the appropriations made in this measure are necessary to maintain quality instruction at the school level.

Your Committee has amended this measure by:

- (1) Correcting a reference to sections 315 and 317 of the Coronavirus Response and Relief Supplemental Appropriations Act, 2021;
- (2) Deleting a provision that addressed the date by which moneys appropriated pursuant to part II of this measure shall lapse, in order to clarify that any unencumbered moneys appropriated for fiscal year 2020-2021 shall lapse on June 30, 2021;
- (3) Changing the appropriations for fiscal years 2021-2022 and 2022-2023 from \$104,175,932 to an unspecified amount;
- (4) Clarifying that the Department of Education employees whose salaries and wages shall be paid by the moneys appropriated pursuant to part III of this measure are limited to those employees who are employed at the school level in the classroom;
- (5) Changing the effective date for part II of the measure to May 1, 2050, to facilitate further discussion on the measure; and
- (6) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 613, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 613, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 10. Noes, none. Excused, 1 (English).

SCRep. 1705 Ways and Means on H.B. No. 766

The purpose and intent of this measure is to authorize the Department of Transportation to assess, impose, levy, and collect impact fees for capital costs relating to the development of state highway improvements if the department determines that certain privately-owned roadways are a substantial danger to public health and safety.

Prior to the hearing on this measure, your Committee prepared and made available for public review a proposed S.D. 2, which amends the S.D. 1 by replacing its content with provisions that amend Act 30, Session Laws of Hawaii 2020, to increase the funding appropriated from the state highway fund to establish the photo red light imaging detector systems pilot program.

Your Committee received written comments in support of the S.D. 1 from one individual.

Your Committee received written comments in support of the Proposed Draft from the Department of Transportation.

Your Committee finds that the photo red light imaging detector systems supported by this measure will help reduce motor vehicle accidents and fatalities by identifying and deterring drivers who run red lights.

Your Committee has amended this measure by adopting the proposed S.D. 2 and further amending it by:

- Changing the sums appropriated out of the state highway fund and photo red light imaging detector systems special fund from \$2,000,000 for fiscal year 2021-2022, to:
 - (A) \$2,000,000 for fiscal year 2020-2021;
 - (B) \$400,000 for fiscal year 2021-2022; and
 - (C) \$400,000 for fiscal year 2022-2023;
- (2) Requiring the Department of Transportation to expend \$112,602 in fiscal years 2021-2022, 2022-2023, and 2023-2024, rather than fiscal years 2020-2021 and 2021-2022;
- (3) Providing that the amounts appropriated for fiscal year 2020-2021 for the photo red light detector systems pilot program that are unexpended and unencumbered on June 30, 2022, shall lapse to the credit of the photo red light imaging detector systems special fund; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 766, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 766, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1706 (Joint/Majority) Ways and Means and Judiciary on H.B. No. 1022

The purpose and intent of this measure is to facilitate the timely enforcement of laws and rules intended to protect and conserve the State's natural resources.

More specifically, the measure:

- (1) Allows officers of the Division of Conservation and Resources Enforcement, Department of Land and Natural Resources, upon reasonable belief that a person is or was recently engaged in hunting or fishing, to briefly detain that person as necessary to review any relevant licenses, permits, or related documents and inspect any wildlife or aquatic life in that person's possession:
- (2) Specifies conditions under which the detentions and inspections may take place; and
- (3) Specifies applicable administrative fines for violations.

Your Committees received written comments in support of this measure from the Department of Land and Natural Resources, Kuaaina Ulu Auamo, The Nature Conservancy Hawaii, Ohana Association, Malama Pupukea-Waimea, Hawaii Reef and Ocean Coalition, Clean The Pacific, Center for Biological Diversity, Surfrider Foundation, and six individuals.

Your Committees received written comments in opposition to this measure from one individual.

Your Committees received written comments on this measure from the Office of Hawaiian Affairs and one individual.

Your Committees note that the brief detentions and administrative inspections authorized by this measure are limited in purpose and scope and must adhere to certain specified conditions, such as close proximity in time and place to the taking of game or aquatic resources. Your Committees further note that the measure limits penalties to only civil administrative fines and that a cited individual would be afforded due process throughout the citation and appeal process, according to written comments received from the Department of Land and Natural Resources. Your Committees find that the State has a special interest in enforcing laws and rules that help to protect and conserve the State's unique combination of wildlife, aquatic life, and other natural resources. Further, your Committees find that providing Department of Land and Natural Resources enforcement officers with the ability to conduct inspections with greater immediacy than currently authorized under state law will increase the likelihood that illicitly obtained wildlife and aquatic life may survive a return to the natural environment, if feasible, or be recovered for economic value.

Your Committees have amended this measure by:

- Clarifying that applicable administrative fines may be imposed on individuals who refuse to comply with inspection requests
 made by conservation and resources enforcement officers, and are to be imposed in addition to any other applicable penalties;
- (2) Specifying that the administrative fines shall not apply to persons engaged in the proper and lawful exercise of traditional and customary Native Hawaiian rights for subsistence, religious, or cultural purposes;
- (3) Providing that items, natural resources, or other evidence obtained through an administrative inspection may be used to pursue any civil and administrative penalties that are authorized by law; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1022, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1022, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees. Ways and Means: Ayes, 8. Noes, 1 (Fevella). Excused, 2 (Moriwaki, Shimabukuro). Judiciary: Ayes, 5. Noes, 2 (Acasio, Fevella). Excused, none.

SCRep. 1707 Ways and Means on H.B. No. 1191

The purpose and intent of this measure is to establish a broadband infrastructure grant program to provide broadband access to unserved and partially served areas in the State.

Your Committee received written comments in support of this measure from the Department of Health; Department of Transportation; Department of Business, Economic Development, and Tourism; Mayor's Office for the County of Maui; AARP Hawaii; Hawaii Primary Care Association; AlohaCare; Maui Chamber of Commerce; Hawaii Office of Community Services; Democratic Party of Hawaii; and Charter Communications.

Your Committee received written comments on this measure from the Department of Budget and Finance, Office of Information Practices, and Hawaiian Telcom.

Your Committee finds that the coronavirus disease 2019 pandemic has highlighted the need for equitable access to high-speed broadband services. The grant program supported by this measure will benefit students and teachers engaged in remote learning; workers performing their duties remotely; health professionals and patients, including kupuna, who rely on telemedicine; and others in unserved or underserved communities.

Your Committee has amended this measure by:

- (1) Adding a definition for "underserved area" and substituting "underserved areas" for the reference in the measure to "areas that are partially served";
- (2) Specifying that eligible applicants are required to commit to paying a minimum of eighty percent of the total project cost out of the applicant's own funds if the State's portion of the total project cost is derived from general funds or general obligation bonds, but not if the State's portion was provided by the federal government;
- (3) Specifying that when reviewing applications, the Department of Business, Economic Development, and Tourism, upon request, shall treat commercially sensitive information as confidential as suggested in testimony from the Office of Information Practices:
- (4) Requiring applicants to certify that no other federal or state program provides funding that is available to the applicant for the project;
- (5) Specifying that the proceeds from the general obligation bonds shall be deposited into the Hawaii broadband infrastructure fund:
- (6) Appropriating an unspecified sum from the Hawaii broadband infrastructure fund for the broadband infrastructure grant program; and
- (7) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1191, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1191, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 9. Noes, none. Excused, 2 (Moriwaki, Taniguchi).

SCRep. 1708 Ways and Means on H.B. No. 1362

The purpose and intent of this measure is to facilitate the provision of early childhood education.

More specifically, the measure:

- (1) Establishes the Hawaii early childhood educator stipend program to address the shortage of early childhood educators;
- Repeals the prohibition against the Department of Education establishing private partnership funded prekindergarten classrooms;

- (3) Beginning with the 2024 school year, changes the cutoff date from July 31 to December 31 by which a child must be at least five years of age to be enrolled in kindergarten;
- (4) Provides that each early learning program and preschool program may use available classrooms for public preschool programs statewide:
- (5) Requires the application of a uniform assessment for public and charter school kindergarten students;
- (6) Gives priority for entering the preschool open doors program to children who miss the cutoff date to enter kindergarten;
- (7) Extends certain dates relating to, and effective dates for implementation of, Act 46, Session Laws of Hawaii 2020;
- (8) Authorizes educational data to be shared using an existing data system; and
- (9) Appropriates moneys for one full-time equivalent (1.0 FTE) position to coordinate, staff, and facilitate the implementation of Act 46, Session Laws of Hawaii 2020.

Your Committee received written comments in support of this measure from the Board of Education, Executive Office on Early Learning, State Council on Developmental Disabilities, Early Learning Board, Hawaii Association of School Psychologists, HE'E Coalition, Early Childhood Action Strategy, Hawaii Children's Action Network Speaks!, and seventeen individuals.

Your Committee received written comments on this measure from the Department of Education, Department of Human Services, Kamehameha Schools, Hawaii Association for the Education of Young Children, and one individual.

Your Committee finds that workers in the early childhood education field face a number of challenges, including low wages. As a result, the recruitment and retention of those workers can be difficult. Your Committee believes that it is appropriate for the State to support individuals who pursue careers in early childhood education, which will help the State meet its goal of increasing access to early learning programs.

Your Committee has amended this measure by:

- (1) Authorizing the Department of Education to directly accept private funding for the purpose of establishing public prekindergarten programs; provided that:
 - (A) The Department shall comply with section 302L-7, Hawaii Revised Statutes; and
 - (B) The Department, the Executive Office on Early Learning, and the person providing the private funding shall sign a memorandum of agreement or understanding;
- (2) Deleting language that changes the cutoff date from July 31 to December 31 by which a child must be at least five years of age to be enrolled in kindergarten;
- (3) Replacing a reference to Hawaii P-20 Partnerships for Education with a reference to "an organization whose mission is to strengthen the education pipeline from early childhood through postsecondary education and training with data-informed decision making, advocacy, and policy coordination;"
- (4) Deleting a requirement that the Department of Human Services and the Executive Office on Early Learning submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;
- (5) Including the Executive Office on Early Learning among the state agencies that are required to share data through the statewide longitudinal data system;
- (6) Clarifying that certain moneys appropriated from the Hawaiian early learning trust fund shall not be made available to a program if the program is not licensed by the Department of Human Services;
- (7) Requiring certain child care centers within the University of Hawaii at Hilo to be licensed by the Department of Human Services by an unspecified date;
- (8) Changing the proposed new effective date of section 8 of Act 46, Session Laws of Hawaii 2020, from July 1, 2023, to the approval date for that Act; and
- (9) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1362, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1362, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

SCRep. 1709 (Joint) Ways and Means and Judiciary on H.B. No. 1376

The purpose and intent of this measure is to amend the Landlord-Tenant Code to address the eviction moratorium implemented in response to the coronavirus disease 2019 (COVID-19) pandemic.

More specifically, this measure:

- (1) Extends from five days to fifteen days the required period for a notice of termination of a lease agreement for failure to pay rent;
- (2) Requires landlords to include certain content in the fifteen calendar-day notice;

- (3) Requires landlords to provide the fifteen calendar-day notice to mediation centers that offer free mediation for residential landlord-tenant disputes;
- (4) Delays the date by which a landlord may file a summary proceeding for possession if the tenant schedules or attempts to schedule mediation;
- Establishes the required content of a summary possession complaint;
- (6) Authorizes the court to order a separate mediation under certain circumstances; and
- (7) Limits the circumstances in which a landlord may exercise certain remedies depending on the amount of rent due.

Your Committees received written comments in support of this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Hawaii Housing Finance and Development Corporation, Catholic Charities Hawaii, Hawaii Association of REALTORS, Legal Aid Society of Hawaii, and one individual.

Your Committees received written comments in opposition to this measure from one individual.

Your Committees received written comments on this measure from the Office of Hawaiian Affairs.

Your Committees find that this measure will help landlords and tenants to reach a mutually beneficial resolution of rent arrearages and mitigate the number of evictions caused by the COVID-19 pandemic.

Your Committees have amended this measure by:

- Inserting a provision to require courts, upon receipt of a written application, to expunge and seal records of eviction judgments
 for failure to pay rent that are entered against residential tenants during the one-year period following the expiration of the
 governor's final eviction moratorium;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1376, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1376, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (English, Moriwaki, Shimabukuro).

Judiciary: Ayes, 7; Ayes with Reservations (Kim). Noes, none. Excused, none.

SCRep. 1710 Ways and Means on H.B. No. 774

The purpose and intent of this measure is to establish a Pulehunui Community Development District and Pulehunui Community Development Authority to redevelop, renovate, and improve public lands in Pulehunui, Maui.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands, Department of Land and Natural Resources, Department of Public Safety, and Hawaii Community Development Authority.

Your Committee finds that public lands may be developed and improved more efficiently by entities comprising residents, business owners, and public officials having close connections with the specific community development districts.

Your Committee has amended this measure by:

- (1) Amending the composition and duties of the Hawaii Community Development Authority;
- (2) Establishing Community Development District Authority Boards to govern each of the community development districts;
- (3) Reassigning certain powers and duties from the Hawaii Community Development Authority to the Community Development District Authority Boards; and
- (4) Deleting, as redundant, the provisions of the measure that establish Pulehunui as an autonomous community development

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 774, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 774, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Taniguchi). Noes, none. Excused, 1 (English).

SCRep. 1711 (Joint/Majority) Ways and Means and Commerce and Consumer Protection on H.B. No. 862

The purpose and intent of this measure is to:

- Abolish the Office of Aerospace Development, Aerospace Advisory Committee, and the Hawaii Unmanned Aerial Systems
 Test Site Advisory Board;
- (2) Specify that the Pacific International Space Center for Exploration Systems shall be administratively attached to the University of Hawaii at Hilo Imiloa rather than the Department of Business, Economic Development, and Tourism;

- (3) Transfer the administration of the Challenger Center Hawaii Program from the Office of Aerospace Development to the Department of Education for administrative purposes;
- (4) Transfer all appropriations for the Challenger Center Hawaii Program from the Office of Aerospace Development to the Department of Education; and
- (5) Specify that the Executive Director of the Pacific International Space Center for Exploration Systems shall oversee and manage the Unmanned Aircraft Systems Program.

Your Committees received testimony in support of this measure from the Department of Education, University of Hawai'i System, Challenger Center Hawaii, Pacific International Space Center for Exploration Systems, Canada-France-Hawaii Telescope Corporation, Sustainable Energy Hawai'i, Smarter Building Systems LLC, and eleven individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Prior to hearing this measure, your Committees made available for public review a proposed S.D. 2 of this measure. The proposed S.D. 2, in addition to the original contents of this measure:

- (1) Clarifies the holdover provision for board members of the Hawaii Tourism Authority;
- (2) Requires that the 3.5 percent cap on spending from the tourism special fund include all governance and employment expenses and organization-wide costs as administrative expenses and repeals the requirement that at least \$1,000,000 shall be used for areas frequented by visitors;
- (3) Repeals the allocation from the Transient Accommodations Tax to the tourism special fund and tourism emergency special fund;
- (4) Repeals the Hawaii Tourism Authority's authorization to establish an advisory group;
- (5) Requires state and local boards to develop written conflict of interest policies;
- (6) Requires the Governor to fix the compensation for the Hawaii Workforce Development Council's Executive Director;
- (7) Requires the Department of Labor and Industrial Relations to provide support staff to the Hawaii Workforce Development Council:
- (8) Transfers the Hawaii Workforce Development Council to the Department of Labor and Industrial Relations; and
- (9) Clarifies the employment of professional staff by the Public Utilities Commission.

Your Committees received testimony in support of this measure from the Department of Education, University of Hawai'i System, Pacific International Space Center for Exploration Systems, Canada-France-Hawaii Telescope Corporation, Public Utilities Commission, The Success Factory, Sustainable Energy Hawai'i, and thirteen individuals. Your Committees received testimony in opposition to this measure from the Hawai'i Tourism Authority; King Kamehameha Celebration Commission; Hawai'i County Council; Oahu Economic Development Board; Hawai'i Council for the Association of Hawaiian Civic Clubs; Council for Native Hawaiian Advancement; Native Hawaiian Chamber of Commerce; Waimea Hawaiian Civic Club; Omnitrak; 'Īlio'ulaokalani Coalition; Hawaii Civic Club of Honolulu; Kona-Kohala Chamber of Commerce; Hawai'i Island Chamber of Commerce; Waikiki Improvement Association; Ke One O Kākuhihewa, Chamber of Commerce Hawaii; Maui Chamber of Commerce; Kaua'i Chamber; Hawai'i Lodging and Tourism Association; Hawai'i Forest Industry Association; Lāna'i Culture and Heritage Center, Halau Mohala Ilima; KL Felicitas Foundation; Kauluakalana, Kohala Coast Resort Association; 'Aha Pūnana Leo; International Festivals and Events Association; Hui 'Oihana, Hawai'i Island Native Hawaiian Chamber of Commerce; Kanu Hawaii; Hika'alani; Awaiaulu; Kanaeokana Kula Hawai'i Network; 'Āina Aloha Economic Futures; Mauna Kea Resort; Special Events Hawaii; Marketing Management, Inc.; The Nature Conservancy Hawai'i; Fairmont Orchid, Hawai'i; Coral Reef Alliance; The Kohala Center; Ka Lāhui Hawai'i Kōmike Kalai aina; Honolulu Festival Foundation; Hookipa Specialists, LLC; Aukahi Cultural Consulting; Kapuahi LLC; and one hundred and sixty-five individuals. Your Committees received comments on this measure from the Department of Budget and Finance, Workforce Development Council, Office of Hawaiian Affairs, County of Kauai Office of Economic Development, Omnitrak, and six individuals.

Your Committees find that Hawaii plays an important role in the development of the aerospace industry and given the current economic situation in the State, it is critical for the State to consider reallocating its limited resources by eliminating, reorganizing, and consolidating certain state agencies. While recognizing the need to reallocate resources, your Committees also recognize the vital role that the Pacific International Space Center for Exploration plays in facilitating aerospace economic development projects, workforce development, and outreach programs.

Your Committees also recognize that the Challenger Center Hawaii Program adds value to the State's education system. The Challenger Center Hawaii Program is a once-in-a-lifetime experience that offers middle-school students the opportunity to apply both critical and creative thinking in a real-world collaborative space exploration scenario. Through this program, students are immersed in a fully-integrated Science, Technology, Engineering, and Mathematics (STEM) experience based on core concepts that enhance their aptitude in a wide variety of foundational life skills, which serves as a springboard for students to embark in STEM careers.

Your Committees also find that in light of the changes and challenges presented by the coronavirus disease (COVID-19) pandemic, it is necessary to streamline state government operations. Your Committees find that it is important to promote greater flexibility, responsiveness, transparency, and accountability in how the government interfaces with and responds to the local and visitor communities. Your Committees recognize that this measure will not only improve government efficiency, but allow the State to embrace new and diverse opportunities to promote and manage tourism as Hawaii continues to recover from the devasting effects of COVID-19 on the State's economy and community.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the Pacific International Space Center for Exploration Systems is placed within the University of Hawaii at Hilo, rather than specifically within Imiloa;
- (2) Transferring the existing Hawaiian Culture functions from the Hawaii Tourism Authority to the State Foundation on Culture and the Arts:
- (3) Specifying that the mission and responsibilities of the State Foundation on Culture and the Arts is to perpetuate the uniqueness of the native Hawaiian culture and community and their importance to the quality of life for the people of Hawaii, by ensuring that:
 - (A) Hawaiian culture is accurately portrayed;
 - (B) Hawaiian language is supported and normalized as both an official language of the State as well as the foundation of the host culture;
 - (C) Hawaiian cultural practitioners and cultural sites that give value to Hawaii's heritage are supported, nurtured, and engaged in sustaining the quality of life for the people of Hawaii; and
 - (D) A native Hawaiian cultural education and training program is provided for the general public, State employees, and contractors;
- (4) Transferring three permanent full-time equivalent Hawaiian cultural positions to the State Foundation of Culture and Arts from the Hawaii Tourism Authority to help fulfill the Foundation's mission;
- (5) Appropriating \$3,700,000 from the general fund to cover the existing grant programs perpetuating Hawaiian culture;
- (6) Appropriating \$350,000 to cover the salaries for the three Hawaiian cultural positions;
- (7) Appropriating \$4,000,000 from the general fund to the Hawaii Tourism Authority's budget for promotion, development, and coordination of sports-related activities and events;
- (8) Requiring the Hawaii Tourism Authority and its contractors to collaborate with the State Foundation on Culture and the Arts as a resource to assist with Hawaii Tourism Authority's efforts in ensuring cultural sensitivity in its marketing to the visitor industry; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 862, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 862, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 7. Noes, 1 (Fevella). Excused, 3 (Kanuha, Kidani, Shimabukuro).

Commerce and Consumer Protection: Ayes, 6. Noes, 1 (Fevella). Excused, none.

SCRep. 1712 Transportation on H.C.R. No. 97

The purpose and intent of this measure is to request the formation of a task force for the management of North Road.

Your Committee received testimony in support of this measure from one member of the Honolulu City Council and five individuals. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that deferred maintenance and upkeep of North Road in Ewa Beach is a serious concern for residents. Three separate entities own various portions of the road and all of them should work together to manage the road. This measure requests that the stakeholders form a task force to solve the management issue of North Road.

Your Committee has amended this measure by substituting the City and County of Honolulu for the Department of Transportation as the entity requested to organize the task force meetings.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 97, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 97, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 1713 Transportation on H.C.R. No. 180

The purpose and intent of this measure is to urge the Department of Transportation, Mayor of the City and County of Honolulu, and Honolulu City Council to reroute Farrington Highway in accordance with the 1998 Makaha Beach Park Master Plan.

Your Committee received testimony in support of this measure from Free Access Coalition and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in 1998 the City and County of Honolulu developed a master plan for Makaha Beach Park that proposed to reroute Farrington Highway further inland and away from the beach, as well as expanding the beach park with new picnic areas, fields, and restroom facilities. However, the 1998 Makaha Beach Park Master Plan was never executed due to a lack of funds.

Your Committee further finds that Farrington Highway is the only transportation route to travel south in the Makaha area and the urgency to repair the Makaha Bridge has been a public safety concern for Waianae residents for many years. This measure urges the

Department of Transportation, the Mayor of the City and County of Honolulu, and the Honolulu City Council to implement the 1998 Makaha Beach Park Master Plan.

Your Committee has amended this measure by:

- (1) Adding new information from the Department of Transportation on their recently announced modified bridge replacement plan;
- (2) Urging the City and County of Honolulu to update the 1998 Makaha Beach Master Plan;
- (3) Urging the Oahu Metropolitan Planning Organization to keep the Farrington Highway Makaha Beach Realignment Feasibility Study on their Overall Work Program for fiscal year 2022; and
- (4) Urging the Department of Transportation to use best practices and all methods available to mitigate traffic congestion during construction.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 180, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 1714 Agriculture and Environment on H.C.R. No. 119

The purpose and intent of this measure is to urge the Department of Agriculture, Department of Health, Department of Land and Natural Resources, and University of Hawaii to develop and implement a mosquito control program that uses *Wolbachia* bacteria to reduce mosquito population levels throughout the State.

Your Committee received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Hawai'i Farm Bureau, The Nature Conservancy Hawai'i, and American Bird Conservancy. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that mosquito-borne diseases, including the Zika virus, West Nile virus, Chikungunya virus, dengue fever, and avian malaria, are spread through the bite of an infected mosquito and that the control of mosquito populations throughout Hawaii is therefore necessary to protect the health and well-being of the State's residents and animals. Your Committee further finds that *Wolbachia* is a naturally occurring bacteria present in a high percentage of all insects and has been used successfully around the world in suppressing populations of pest mosquitoes.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 119, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 119, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Fevella).

SCRep. 1715 Education on H.C.R. No. 68

The purpose and intent of this measure is to request the Department of Education to create a landscape management plan with goals to increase tree canopies on public school grounds, document existing inventory and talent, and identify additional resources required to implement and sustain the plan.

Your Committee received testimony in support of this measure from the Trees for Honolulu's Future; Climate Protectors Hawaii; Okahara and Associates, Inc.; and six individuals.

Your Committee finds that the increase in temperature and number of hot days per year make it difficult for students to learn at school. Increasing the tree canopy on school grounds will enable students to continue to play, learn, and gather outside, even as the temperature rises. Trees on school campuses will also absorb storm water, clean the air, beautify campuses, and help the counties and State reach environmental goals. An abundance of trees on school campuses would help cool each campus and provide a multitude of learning opportunities, including learning the role trees play in the overall health of the ecosystem, cultural uses of indigenous trees, tree propagation and care, commercial uses of trees, and participation in community programs that promote tree planting. This measure will create a plan to increase tree canopies on school campuses, which will provide students with a cooler, more beautiful, and healthier learning space.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68, and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 1716 Health on H.C.R. No. 59

The purpose and intent of this measure is to recognize and support ongoing efforts by state agencies and private organizations to implement the "Hep Free 2030" statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Health & Harm Reduction Center, Hep Free Hawai'i, Hawaii Island HIV/AIDS Foundation, Hawai'i Public Health Association, and twenty individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that approximately sixty-three thousand people in Hawaii are living with viral hepatitis types B or C, and many persons may be unaware that they are infected. On July 28, 2020, the United States Senators for Hawaii, Lieutenant Governor, and the Harm Reduction Services Branch of the Department of Health issued "Hep Free 2030", a ten-year statewide strategy to help eliminate viral hepatitis types A, B, and C in Hawaii. This measure recognizes and supports the ongoing efforts to implement the Hep Free 2030 statewide strategy and requests the House Committee on Health, Human Services, and Homelessness and Senate Committee on Health to convene joint informational briefings to assess the progress of the Hep Free 2030 statewide strategy implementation and to receive any proposed legislation that the Executive Director of Hep Free Hawaii may submit for the Regular Session of 2022.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59, H.D. 1, and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, none. Excused, none.

SCRep. 1717 Health on H.C.R. No. 132

The purpose and intent of this measure is to request the Department of Health to submit a request to the Drug Enforcement Administration for an exception to regulations and a petition to initiate proceedings for federal rulemaking to clarify that the state-authorized use of medical cannabis does not violate the federal Controlled Substances Act.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that Act 228, Session Laws of Hawaii 2000, authorizes the use of medical marijuana to treat debilitating medical conditions, including cancer, glaucoma, human immunodeficiency virus, acquired immune deficiency syndrome, and other chronic or debilitating diseases. However, federal law expressly prohibits the use of marijuana, despite the evidence of the benefits of using medical cannabis. Your Committee finds that this lack of uniformity between state and federal laws has repercussions for medical cannabis patients and the State's medical cannabis dispensaries, including loss of employment, discrimination in child custody hearings, eligibility for federally subsidized housing, and others. This measure requests the Department of Health to submit a request to the Drug Enforcement Administration for an exception to marijuana regulations.

Your Committee finds that the intent of the measure would be better served by incorporating a broader request. Therefore, your Committee has amended this measure by:

- (1) Removing each provision that:
 - (A) Requests a written acknowledgement from the Drug Enforcement Agency that the inclusion of marijuana as a controlled substance in Schedule I of the federal Controlled Substances Act does not apply to the non-prescription use of cannabis under Hawaii's medical cannabis registry and medical cannabis dispensary programs; and
 - (B) Offers proposed language for adoption into Title 21 Code of Federal Regulations;
- (2) Replacing the request for the Department of Health to submit a request for an exception to regulations and a petition to initiate proceedings for federal rulemaking, with a request that the Department of Health apply to the Drug Enforcement Administration's Office of Diversion Control for an exception under Title 21 Code of Federal Regulations section 1307.03, and request formal written acknowledgment that the listing of marihuana, marihuana extract, and tetrahydrocannabinols as controlled substances in federal Schedule I does not apply to the protected activities in the Hawaii Revised Statutes;
- (3) Amending the title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 132, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary, in the form attached hereto as H.C.R. No. 132, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Moriwaki). Noes, none. Excused, none.

SCRep. 1718 Education on Gov. Msg. Nos. 548, 549, 550, 551, 552, 553, 554, and 555

Recommending that the Senate advise and consent to the nominations of the following:

SCHOOL FACILITIES BOARD

G.M. No. 548 LAJUAINE SUISO, for a term to expire 06-30-2021;
G.M. No. 549 LAJUAINE SUISO, for a term to expire 06-30-2025;
G.M. No. 550 CHAD FARIAS, for a term to expire 06-30-2024;
G.M. No. 551 ALAN OSHIMA, for a term to expire 06-30-2021;
G.M. No. 552 ALAN OSHIMA, for a term to expire 06-30-2025;

- G.M. No. 553 BETTINA MEHNERT, for a term to expire 06-30-2024;
- G.M. No. 554 HAROLD EDWARDS, for a term to expire 06-30-2021; and
- G.M. No. 555 HAROLD EDWARDS, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by LaJuaine Suiso, Chad Farias, Alan Oshima, Bettina Mehnert, and Harold Edwards for service on the School Facilities Board.

LAJUAINE SUISO

Your Committee received testimony in support of the nominations for the appointment and reappointment of LaJuaine Suiso from the Governor; Department of Business, Economic Development, and Tourism; Department of Transportation; and three individuals.

Upon review of the testimony, your Committee finds that Ms. Suiso's expertise, experience, and belief in and commitment to the community and education make her a valuable asset to the School Facilities Board. Ms. Suiso has devoted more than two decades to education in various roles including as a teacher, career consultant, and program director. Ms. Suiso has dedicated herself to creating more opportunities for students in the community she grew up in and continues to live. Your Committee further finds that Ms. Suiso developed Seariders Productions as a creative outlet for students at Waianae high school, which introduced a multitude of students to the world of multi-media. As a result of Ms. Suiso's efforts, Seariders Productions developed state of the art studio facilities and has received numerous awards. Ms. Suiso has also contributed to many organizations with different areas of concentrations that have made an impact throughout the State. Your Committee therefore recommends that Ms. Suiso be appointed to the School Facilities Board based on her knowledge, vision, commitment, and dedication to education.

CHAD FARIAS

Your Committee received testimony in support of the nomination for the appointment of Chad Farias from the Governor, Department of Education, Department of Transportation, Honoka'a Elementary School, Ka'u High and Pahala Elementary School, and fourteen individuals.

Upon review of the testimony, your Committee finds that Mr. Farias' decision-making skills, experience, fresh perspective, and commitment make him a valuable asset to the School Facilities Board. Mr. Farias has twenty-eight years of experience working in various roles in education including as a teacher, counselor, activities coordinator, vice-principal, principal, athletics coach, and complex area superintendent. As the Complex Area Superintendent for Ka'u, Kea'au, and Pohoa, Mr. Farias implemented the State Strategic Plan and brought stability through natural disasters and continued operation of schools in that complex area. Mr. Farias also volunteered to be the Complex Area Superintendent for Hilo and Waiakea while he was the Complex Area Superintendent for Ka'u, Kea'au, and Pohoa, and successfully managed the two complexes simultaneously. Your Committee therefore recommends that Ms. Farias be appointed to the School Facilities Board based on his positive mindset, knowledge, experience, and dedication to the keiki.

ALAN OSHIMA

Your Committee received testimony in support of the nominations for the appointment and reappointment of Alan Oshima from the Governor; Department of Business, Economic Development, and Tourism; Department of Transportation; and six individuals.

Upon review of the testimony, your Committee finds that Mr. Oshima's professional background, as well as his dedication and commitment to the interests of Hawaii's public school students, make him a valuable asset to the School Facilities Board. Mr. Oshima retired as the President and Chief Executive Officer of the Hawaiian Electric Company. Your Committee further finds that Mr. Oshima has an extensive history of service with organizations and bodies devoted to the benefit of Hawaii's public schools and students, including Hawaii 3Rs, Hawaii Institute of Public Affairs, and the Governor's Every Student Succeeds Act Team. Mr. Oshima has been recognized by numerous professional and community organizations for his leadership and volunteerism. Your Committee therefore recommends that Mr. Oshima be appointed to the School Facilities Board based on his professional background, as well as his dedication and commitment to the interests of Hawaii's public school students.

BETTINA MEHNERT

Your Committee received testimony in support of the nomination for the appointment of Bettina Mehnert from the Governor; Department of Transportation; Architects Hawaii Ltd.; and three individuals.

Upon review of the testimony, your Committee finds that Ms. Mehnert's education, experience, vision, and leadership skills make her a valuable asset to the School Facilities Board. Ms. Mehnert is the President and Chief Executive Officer of Architects Hawaii Ltd. and is a visionary and leader in the evolution and innovation in Hawaii's architectural sector. Ms. Mehnert blends information technology solutions, firm culture, client cultivation, and community service as inseparable filaments of professional leadership. Taking community service beyond the annual donation and fundraiser template, Ms. Mehnert instituted a one percent pro bono program by which her architectural firm annually donates one percent of its billable hours to a worthy project. Your Committee therefore recommends that Ms. Mehnert be appointed to the School Facilities Board based on her strong leadership history, creative and innovative thinking, and commitment to the community.

HAROLD EDWARDS

Your Committee received testimony in support of the nominations for the appointment and reappointment of Harold Edwards from the Governor and Department of Transportation.

Upon review of the testimony, your Committee finds that Mr. Edwards' education, experience, and commitment to the community make him a valuable asset to the School Facilities Board. Mr. Edwards is the President and Chief Executive Officer of ITC Water Management, Inc., which is involved with design-build water infrastructure construction. Mr. Edwards was a senior vice president at Moloka'i Properties, Ltd. for twelve years and was responsible for real estate activities, which included planning, entitlement, design,

construction, sale, and warranty. As a Development Director for the Hawaii Community Development Authority, Mr. Edwards implemented the Authority's affordable housing development program. Your Committee therefore recommends that Mr. Edwards be appointed to the School Facilities Board based on his development experience, expertise in water systems, ability to manage projects and meet goals, and strong leadership skills.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 548, 549, 550, 553, 554, and 555: Ayes, 5. Noes, none. Excused, none.

For Gov. Msg. Nos. 551 and 552: Ayes, 5; Ayes with Reservations (Dela Cruz). Noes, none. Excused, none.

SCRep. 1719 Labor, Culture and the Arts on H.C.R. No. 44

The purpose and intent of this measure is to urge the President of the United States and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in Honolulu, Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, Hawaii Automobile Dealers Association, one member of the Hawai'i County Council, and one individual.

Your Committee finds that the Asia-Pacific Economic Cooperation (APEC) is a regional economic forum established in 1989, that aims to create greater prosperity for the people of the region by promoting balanced, inclusive, sustainable, innovative and secure growth and by accelerating regional economic integration. Your Committee further finds that APEC's twenty-one member economies that generally surround the Pacific Ocean, represent over forty percent of the world's population and over fifty percent of the world's trade. Every year, one of the twenty-one APEC members plays host to APEC meetings (Summit) and serves as the APEC Chair. The host economy for the APEC Summit is responsible for chairing various meetings, including the annual Economic Leaders' Meeting, selected ministerial meetings, senior officials' meetings, the APEC Business Advisory Council, and the APEC Study Centers Consortium.

Your Committee finds that this measure focuses more on the benefits a hosting economy of an APEC Summit receives rather than the basis on which the President of the United States and APEC should hold the 2023 APEC Summit in Honolulu, Hawaii. Your Committee notes that the companion to this measure, S.C.R. No. 236, S.D. 1, establishes the reasons why Hawaii is the ideal location to hold APEC Summits. Therefore, your Committee finds that the language in S.C.R. No. 236, S.D. 1, is preferable.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting that of S.C.R. No. 236, S.D. 1;
- (2) Adding the Secretary of State of the United States and Secretary of the Treasury of the United States as recipients of certified copies of the concurrent resolution; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 44, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 44, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1720 Labor, Culture and the Arts on H.C.R. No. 104

The purpose and intent of this measure is to request the Director of Labor and Industrial Relations to convene a task force to study, design, and develop a Paid Family Leave Pilot Program with coverage limited to certain employers and employees, to be established and implemented by the Department of Labor and Industrial Relations (DLIR) as a trial program that could eventually be expanded to cover all public and private sector workers in the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; AAUW of Hawaii; Americans for Democratic Action Hawaii; Breastfeeding Hawaii; Common Cause Hawaii; Hawaii Children's Action Network Speaks!; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Planned Parenthood Votes Northwest and Hawaii; and Rainbow Family 808.com Inc. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Chamber of Commerce Hawaii, and Society for Human Resource Management Hawaii.

Your Committee finds that family leave provided under existing federal and state laws are mainly unpaid, and as of March 2018, only seventeen percent of workers in the United States had access to paid family leave through their employers. Your Committee further finds that the need for family leave in Hawaii is expected to increase as the percentage of residents aged sixty-five years and older is projected to rise from 17.1 percent in 2016, to 22.6 percent in 2030. However, due to financial constraints, a majority of Hawaii's workforce cannot afford to take unpaid family leave for family caregiving purposes.

Your Committee further finds that the Legislature has considered various measures over numerous sessions to establish a framework by which paid family leave can be provided to the Hawaii workforce, and in 2018, ordered the Legislative Reference Bureau to analyze the impacts of establishing a paid family leave program in Hawaii to enable the Legislature to choose a model or framework that is most suitable for Hawaii. In December 2019, the Legislative Reference Bureau issued its Paid Family Leave Program Impact Study, which projected the costs and staffing required to establish and maintain a paid family leave system in Hawaii under three social insurance models. Your Committee believes that the next step towards establishment of a state-wide paid family leave program is to

have a task force study, design, and develop a pilot program with limited coverage to be implemented by DLIR that could eventually be expanded to the entire State.

Your Committee notes DLIR's testimony recommending that the measure identify the goal and objectives of the Paid Family Leave Pilot Program rather than having the task force develop them among competing interests. DLIR also requested that the Director of Labor and Industrial Relations or the director's designee be designated as the chairperson of the task force.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying that the Paid Family Leave Pilot Program to be studied, designed, and developed by the task force:
 - (A) Limit coverage to the employers and employees in the County of Kauai; and
 - (B) Be modeled after and similar to the paid leave program established under the Hawaii Temporary Disability Insurance Law, chapter 392, Hawaii Revised Statutes;
- (2) Amending the composition of the task force and requesting the Director of Labor and Industrial Relations or the Director's designee to serve as its chairperson;
- (3) Clarifying that the task force is requested to commence its work upon the appointment of a simple majority of its members; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 104, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1721 (Joint) Hawaiian Affairs and Water and Land on H.C.R. No. 76

The purpose and intent of this measure is to request the Department of Land and Natural Resources to convene a working group to assess the status of Act 14, Special Session Laws of Hawaii 1995.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, Sovereign Council of Hawaiian Homestead Associations, and one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources, and Office of Planning.

Your Committees find that the Legislature passed Act 14, Special Session Laws of Hawaii 1995 (Act 14), to provide for a full settlement of all land claims made on behalf of the Hawaiian Home Lands Trust against the State between August 1, 1959, and July 1, 1988, established the Hawaiian Homes Lands Trust Fund, and required the State to make twenty annual deposits of \$30,000,000 or their discounted equivalent into the Fund for purposes of furthering the Hawaiian Homes Commission Act of 1920, as amended. Over twenty-five years have passed since the enactment of Act 14; yet, the need for affordable housing for beneficiaries of the Hawaiian Homes Commission Act of 1920 remains great. Further, the existing status of Act 14 and whether its mandates to provide for a settlement of all state land claims is unknown. Therefore, a working group is requested to convene to examine the requirements of Act 14 and evaluate whether the outstanding claims have been completed.

Your Committees heard concerns from the Department of Hawaiian Home Lands that they are listed as a party to a suit alleging that the State has violated the Hawaiian Homes Commission Act by using the Mauna Kea Access Road without compensation. Despite these concerns, the initiation of a land exchange to remedy uncompensated use of Hawaiian home lands for state roads and highways is among one of the many purposes outlined under Act 14. Even if the Department of Hawaiian Home Lands is prohibited from disclosing any information to the working group related to the litigation due to attorney-client privilege, the Department of Hawaiian Home Lands may still participate as a member of the working group to evaluate the outstanding claims under Act 14.

Your Committees have amended this measure by:

- (1) Inserting additional background on the history of Act 14 and past breaches of trust of the Hawaiian Homes Commission Act;
- (2) Including findings of the authorization of the transfer of 16,518 acres of state land to the Department of Hawaiian Home Lands to restore the corpus to its original estimated acreage;
- (3) Clarifying the three parties to the Hawaiian Homes Commission Act as reflected in 43 Code of Federal Regulations Parts 47 and 48;
- (4) Acknowledging that the Legislature continues to have concerns regarding outstanding issues related to Act 14; claims made pursuant to chapter 673, Hawaii Revised Statutes, which arose after July 1, 1988; and the outstanding status of certain elements of claims, such as the land exchange to remedy uncompensated use of Hawaiian home lands for state roads and highways; and
- (5) Amending the working group membership to include a representative from the United States Department of the Interior, or their designee; the Attorney General, or their designee; chairperson of the Hawaiian Homes Commission or their designee; chairperson of the Board of Land and Natural Resources, or their designee; and a representative from a federally defined regional homestead association deemed necessary by the Department of Hawaiian Home Lands;
- (6) Requesting that the chairperson of the Hawaiian Homes Commission and the chairperson of the Board of Land and Natural Resources serve as the co-chairs or the working group;

- (7) Amending one of the elements of the scope of the working group to identify the steps necessary to finalize outstanding claims related to Act 14;
- (8) Including claims pursuant to chapter 673, Hawaii Revised Statutes, which arose after July 1, 1988 as an element for the working group to consider in its scope of business;
- (9) Providing that the working group be dissolved on June 30, 2022;
- (10) Amending the title in accordance with its amended purpose; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 76, as amended herein, and recommend that it be referred to your Committee on Judiciary, in the form attached hereto as H.C.R. No. 76, S.D. 1.

Signed by the Vice President and President on behalf of the Committees. Hawaiian Affairs: Ayes, 4. Noes, none. Excused, 1 (Fevella). Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

SCRep. 1722 Water and Land on H.C.R. No. 16

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kaalawai, Honolulu, Oahu, for the existing seawall constructed thereon, and the use, repair, and maintenance of the existing seawall.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that at its meeting on April 13, 2018, under agenda item D-7, the BLNR, subject to conditions, approved a grant of a fifty-five-year non-exclusive easement to resolve the seawall encroachment of two hundred and fourteen square feet. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 16, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee. Ayes, 5. Noes, none. Excused, none.

SCRep. 1723 Water and Land on H.C.R. No. 17

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waimanalo, Koolaupoko, Oahu, for the existing pier, seawall, and steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that at its meeting on January 13, 2017, under agenda item D-14, the BLNR, subject to conditions, approved a grant of a fifty-five-year non-exclusive easement to resolve the pier encroachment of seven hundred sixteen square feet. Your Committee also finds that at its meeting on April 12, 2019, under agenda item D-8, the BLNR, subject to conditions, approved to amend the total encroachment area to 2,818 square feet and to add seawall and steps as part of the characters of use to the non-exclusive easement approved in 2017. Your Committee concludes that the amendment of the easement is necessary for the use, repair, and maintenance of the existing pier, seawall, and steps.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17, H.D. 1, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee. Ayes, 5. Noes, none. Excused, none.

SCRep. 1724 Water and Land on H.C.R. No. 18

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kamaole, Kula, Maui, for the existing rubble rock revetment, rock wall, and two concrete stairways, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that, on March 10, 2011, under agenda item D-4, the BLNR, subject to conditions, approved a grant of a fifty-five-year non-exclusive easement to resolve the encroachment of roughly half of the 18,668 square feet of state

submerged lands fronting the property identified as Tax Map Key: (2) 3-9-005:001, Kamaole, Kula, Maui. Your Committee concludes that the easement is necessary for the use, maintenance, repair, replacement, and removal of the existing rubble rock revetment, rock wall, and two concrete stairways.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 18, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1725 Water and Land on H.C.R. No. 19

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunalua, Honolulu, Oahu, for the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on March 23, 2007, under agenda item D-5, BLNR approved a request for a grant of a perpetual non-exclusive easement to resolve the storm drain encroachment of one hundred seventy-four square feet. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing storm drain.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 19, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1726 Water and Land on H.C.R. No. 20

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolaupoko, Oahu, for the existing storm drain, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on August 23, 2013, under agenda item D-10, the BLNR, subject to conditions, approved a grant of a perpetual non-exclusive easement to resolve the storm drain encroachment of six hundred seventy-nine square feet. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing storm drain.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 20, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1727 Water and Land on H.C.R. No. 21

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Napili 2 and 3, Lahaina, Maui, for the existing walkway, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that in its meeting on June 28, 2019, under agenda item D-7, the BLNR, subject to conditions, approved a grant of a term, non-exclusive easement to resolve the one hundred forty-two square foot encroachment of the existing walkway. Your Committee notes that the term of this easement is to run with the land and inure to the benefit of the abutting real property and to be coterminous with the term of the Grant of Non-Exclusive Easement No. S-5998, dated October 25, 2010. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing walkway.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 21, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 21, S.D. 1.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1728 Water and Land on H.C.R. No. 22

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea, Wailuku, Maui, for the existing seawall, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that in its meetings on August 25, 2017, under agenda item D-9, as amended, and October 12, 2018, under agenda item D-5, the BLNR, subject to conditions, approved the grants of sixty-five-year non-exclusive easements of the additional portions of the seawall on state submerged lands, to resolve the approximately nine hundred twenty-eight square feet of seawall encroachments. Your Committee notes that the term of these additional easements is to run with the land and inure to the benefit of the abutting real property. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 22, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 22, H.D. 1, S.D. 1.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1729 Water and Land on H.C.R. No. 23

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads, Kihei, Maui, for the existing seawall, rock revetment, and concrete steps, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that, on June 9, 2017, under agenda item D-9, the BLNR, subject to conditions, approved a grant of a fifty-five year non-exclusive easement to resolve the seawall and rock revetment encroachment of approximately six hundred eleven to six hundred fifty square feet. Your Committee also finds that at its meeting on April 26, 2019, under agenda item D-6, the BLNR, subject to conditions, approved to add a portion of the concrete steps and amend the total encroachment area from six hundred fifty square feet to six hundred sixty-eight square feet. Your Committee concludes that the amendment of the easement is necessary for the use, repair, and maintenance of the existing seawall, rock revetment, and concrete steps.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1730 Water and Land on H.C.R. No. 24

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Waiohuli-Keokea Homesteads and Beach Lots, Kihei, Maui, for the existing seawall and rock revetment, and for the use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that at its meeting on July 11, 2014, under agenda item D-3, the BLNR, subject to conditions, approved a grant of a fifty-five-year non-exclusive easement to resolve the seawall and rock revetment encroachment of 1,260 square feet, more or less. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall and rock revetment.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1731 Water and Land on H.C.R. No. 25

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Maunalua, Honolulu, Oahu, for the existing seawall, and for use, repair, and maintenance of the existing improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that in its meeting on July 10, 2020, under agenda item D-5, the BLNR, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the one hundred thirty-eight square foot seawall encroachment. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1732 Water and Land on H.C.R. No. 49

The purpose and intent of this measure is to authorize the Department of Transportation, with the prior approval of the Board of Land and Natural Resources, to issue a lease covering a portion of state submerged lands at Pier 27 in Honolulu Harbor, Oahu, to Atlantis Submarines Hawaii, LLC.

Your Committee received testimony in support of this measure from the Department of Transportation and Atlantis Submarines Hawaii, LLC.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. According to testimony received by your Committee, the Department of Transportation intends to issue a new thirty-five-year lease to be approved by the Board of Land and Natural Resources for the approximately 26,876 square feet of state submerged lands identified in this measure. Currently, Atlantis employs floating docks on the submerged lands to maintain its submarines and recharge their batteries. Your Committee concludes that the lease of these submerged lands is necessary to support the full relocation of Atlantis's repair and maintenance facility from Pier 41 to Pier 27 as part of the Honolulu Harbor Master Plan.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 49, H.D. 1, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1733 Water and Land on H.C.R. No. 70

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to lease a portion of state submerged lands at Kaneohe Bay, Kaneohe, Oahu, at public auction for recreational boat pier purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee finds that at its meeting on January 8, 2021, under agenda item J-2, the BLNR, subject to conditions, approved a grant of a fifty-five year lease of approximately 3.3648 acres of submerged lands seaward of Tax Map Key: (1)4-4-022:032, Kaneohe Bay, Kaneohe, Oahu, for non-commercial boat pier purposes, by public auction. Your Committee concludes that the lease is necessary for the use, repair, and maintenance of the existing pier.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1734 Water and Land on H.C.R. No. 89

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Wailea, Maui, for beach access stairway purposes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that at its meeting on January 22, 2021, under agenda item D-5, the BLNR, subject to conditions, approved the issuance of a twenty-five-year term, non-exclusive easement to the Association of Apartment Owners of Wailea Elua for beach access stairway purposes. Your Committee concludes that the easement is necessary for continued public access for beach and offshore recreational activities at Ulua Beach.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 89, H.D. 1, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1735 Water and Land on H.C.R. No. 103

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a perpetual, non-exclusive easement covering a portion of state submerged lands at Maunalua, Oahu, for the construction and maintenance of a rock rubble mound revetment and groin.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that at its meeting on June 12, 2020, under agenda item D-7, the BLNR, subject to conditions, approved the issuance of a perpetual, non-exclusive easement to the Hawaii Kai Marina Community Association for the replacement of the existing deteriorating sandbag groin with a new, larger, and permanent rock rubble mound revetment and groin. Your Committee concludes that the easement is necessary for the construction and maintenance of a rock groin to slow the rate of sediment deposition in the entrance channel of the Hawaii Kai Marina.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 103, H.D. 1, and recommends that it be referred to your Committee on Ways and Means.

Signed by the President on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1736 Water and Land on H.C.R. No. 166

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands at Kapaa, Kawaihau, Kauai, for the construction of a sandbag groin and for the use, repair, and maintenance of the improvements constructed thereon.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources (BLNR) may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that at its meeting on March 25, 2021, under agenda item D-3, the BLNR, subject to certain conditions, approved the grant of a twenty-five-year, non-exclusive easement of 1,764 square feet for the replacement of an existing sandbag barrier with a sandbag groin. Your Committee concludes that the easement is necessary for the construction of the sandbag groin to slow littoral drift and the erosion of Kuhio Beach in Kapaa, Kauai.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 2, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 166, H.D. 2, S.D. 1.

Signed by the President on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1737 Water and Land on H.C.R. No. 163

The purpose and intent of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for their existing use of water from Wai'oli Stream via direct negotiation, upon completion of the environmental impact statement process.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Wai'oli Valley Taro Hui, Hanalei Watershed Hui, National Tropical Botanical Garden, one member of the Kaua'i County Council, and twenty-four individuals.

Your Committee finds that the Wai'oli Valley Taro Hui (Hui) has been working diligently to maintain and perpetuate the historic mānowai (traditional instream diversion structure) and 'auwai (irrigation ditch) in Wai'oli, Kaua'i and its finite natural and cultural resources. Your Committee further finds that subjecting the Hui to competition at a public auction for a water lease is concerning, due to their limited financial resources. This measure would allow the Hui to negotiate directly with the Board of Land and Natural Resources for a water lease that would promote its traditional practice of lo'i kalo (taro cultivation) and expand community-based, cultural and agricultural education.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 163, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Judiciary, in the form attached hereto as H.C.R. No. 163, H.D. 1, S.D. 1.

Signed by the President on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1738 Hawaiian Affairs on H.C.R. No. 11

The purpose and intent of this measure is to request the Hawaii State Commission on the Status of Women (Commission) to convene a task force to conduct a study on missing and murdered Native Hawaiian women and girls and to submit a report on the study to the Legislature.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Office of Hawaiian Affairs, Hawai'i State Commission on the Status of Women, Planned Parenthood Votes Northwest and Hawaii, Hawaii Children's Action Network Speaks!, Ma'i Movement Hawai'i, and five individuals.

Your Committee finds that missing and murdered native women is a human rights crisis that disproportionately affects indigenous peoples in the United States and Canada, notably those in Native American communities. A corresponding mass movement in the United States and Canada has worked to raise awareness of missing and native women and girls. In the United States, one in three native women is sexually assaulted during her life and sixty-seven percent of these assaults are perpetuated by non-natives.

Your Committee further finds that there are concerns about the high rate of sexual violence against Native Hawaiian women. Native Hawaiians represent the largest ethnic group among sex abuse victims and Native Hawaiian girls are over-represented among juvenile runaways. Until 2019, there was no comprehensive data on the prevalence of sex trafficking victimization among Native Hawaiians or the sex market in Hawaii. In 2019, the Commission reported that current over-representation of Native Hawaiian women and girls in sex trafficking may directly be linked to vulnerabilities exclusive to the Hawaiian community, such as land dispossession, exposure to sexual violence, hypersexualization, incarceration, cultural dislocation, intergenerational trauma, mental and emotional distress, racism, poverty, and ongoing inequities. Seventy-seven percent of twenty-two sex trafficking victims were Native Hawaiian and one hundred percent identified as women. Of three hundred sixty-three willing participants, twenty-seven percent of participants surveyed were identified as having been sexually trafficked, with sixty-four percent of trafficking victims trafficked before the age of eighteen.

The potential prevalence of sex trafficking, sexual exploitation, and sexual abuse of Native Hawaiians heightens concerns that Native Hawaiians, and particularly Native Hawaiian women and girls may be at a higher risk of being murdered or gone missing. More data is needed to understand and address the social and systemic contexts of violence against Native Hawaiian women and girls, including their murder or disappearance.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, H.D. 1, as amended herein, and recommends that it be referred to your Committees on Judiciary and Ways and Means, in the form attached hereto as H.C.R. No. 11, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 1739 Transportation on H.C.R. No. 78

The purpose and intent of this measure is to request the Department of Transportation Services for the City and County of Honolulu to conduct a traffic safety analysis regarding the implementation of traffic calming systems along certain streets in the Waipahu area of Oahu.

Your Committee received testimony in support of this measure from Hawaii Bicycling League.

Your Committee finds that speeding is a significant safety issue for the residents of the State. The National Highway Safety Administration found that speeding was a factor in forty-four percent of all traffic fatalities in Hawaii in 2018. Therefore, it is in the public's interest for the Department of Transportation Services for the City and County of Honolulu to conduct a study regarding the feasibility of implementing traffic calming devices, such as raised crosswalks, speed bumps, and roundabouts to deter speeding and manage the flow of traffic.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 78, and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 1740 Transportation on H.C.R. No. 37

The purpose and intent of this measure is to request the Department of Transportation and Department of Public Works of the County of Kauai to conduct a study to identify and make recommendations to alleviate traffic congestion at certain intersections along Kaumualii Highway in the County of Kauai.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Kaumualii Highway in the County of Kauai is a vital transportation route for residents and visitors. It is located close to some of the area's largest employers as well as connects some of the most populous cities in the county. Consequently, traffic congestion has become a major problem at certain intersections along the highway. This traffic congestion has a negative impact on the quality of life for residents of Kauai. Your Committee finds that the importance of the highway and the negative impact that traffic congestion has on residents necessitates a study to identify and make recommendations for ways to alleviate the traffic issues.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 37, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 1741 Transportation on H.C.R. No. 81

The purpose and intent of this measure is to urge the appropriate authorities to take every action necessary to address the safety risks and community disruption from tour helicopter and small aircraft operations.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that tour helicopter and small aircraft operations constitute a significant risk to passengers and residents on the ground. Over the past five years tour helicopters and small aircraft operations in Hawaii accounted for nearly seventeen percent of the nation-wide accidents that prompted investigations by the National Transportation Safety Board. In one ten-month period spanning 2019 to 2020, twenty-three lives were lost in four separate tour helicopter or small aircraft accidents on Oahu and Kauai. Therefore, it is imperative that the United States Congress, Federal Aviation Administration, and the Hawaii Department of Transportation take every action necessary to address the safety risks from insufficient regulation of tour helicopters and small aircraft operations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 81, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 81, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (English).

SCRep. 1742 Commerce and Consumer Protection on H.C.R. No. 45

The purpose and intent of this measure is to urge the United States Congress to grant additional authority to the Federal Communications Commission to stop unwanted and illegal robocalls.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that robocalls are unsolicited prerecorded telemarketing calls made with the use of a computerized autodialer. Spoofing calls are telephone calls conducted with a deliberately falsified caller identification to disguise the identity of the number of the caller. Each year, United States consumers receive billions of robocalls, spoofing calls, and robocalls that employ spoofing technology. Your Committee further finds that the recent increase in the occurrence of robocalls has caused major consumer issues, as robocalls are often nefarious attempts to defraud consumers, typically older and vulnerable adults. Accordingly, heightened oversight and federal regulatory authority are urged to protect consumers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 45, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 45, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, none. Excused, 1 (Nishihara).

SCRep. 1743 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 35

The purpose and intent of this measure is to urge the United States military to clean up munitions and explosives of concern in Hawaii under the Military Munitions Response Program.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Malu 'Aina, Ka Ohana O Na Pua, Hawai'i Peace and Justice, and three individuals.

Your Committee finds that certain areas of the Hawaiian Islands were used for military training exercises that resulted in large quantities of munitions and explosives being deposited in the ground. The Military Munitions Response Program provides a focused program to address the challenges presented at munitions response sites. Part of Bellows Air Force Base was previously used as an urban warfare training facility and is contaminated and unsuitable for use if the land is returned to the State. This measure urges the clean up of munitions and explosives on land formerly used for military training purposes, including Bellows Air Force Base, so that the land may be restored to allow residents of surrounding communities the ability to enjoy and make productive use of the land.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 35, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (English, Fevella).

SCRep. 1744 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 171

The purpose and intent of this measure is to urge the Department of Public Safety to recognize the value of culture-based rehabilitation activities in the State's correctional system.

Your Committee received testimony in support of this measure from the Department of Public Safety, Office of Hawaiian Affairs, Koʻolauloa Hawaiian Civil Club, and fourteen individuals.

Your Committee finds that studies have shown that the criminal justice system disproportionately impacts Native Hawaiians and that proactive policies and oversight are needed to alter that pattern. Your Committee further finds that Native Hawaiian cultural practices and programs, can serve as tools for inmates to reclaim their dignity and reassert their connection to a sense of identity, and that culture-based rehabilitation activities should be encouraged and their value recognized. This measure encourages the Department of Public Safety to implement culture-based rehabilitation activities in the State's correctional system as a means to help alleviate the disproportionate burden of the criminal justice system on the Native Hawaiian community and provide for true healing and lasting rehabilitation

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 171, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (English, Fevella).

SCRep. 1745 Energy, Economic Development, and Tourism on H.C.R. No. 137

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to compile a short list of Fortune 500 companies that could potentially relocate to the State.

Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the effects of the coronavirus disease (COVID-19) pandemic and resulting job loss in the tourism sector of the economy demonstrates the urgent need for business diversification in the State. Given the advances in technology and the way business is conducted in the modern age, there are many reasons for a company to relocate to Hawaii than ever before.

Your Committee further recognizes that identifying Fortune 500 companies that could potentially relocate to the State is an important step in finding solutions to overcome the negative impacts that COVID-19 has had on the State's economy as these companies are uniquely positioned to help spur economic recovery and jumpstart growth across the State.

Your Committee further finds that it is necessary to clarify that the businesses on the short list should exclude certain companies for which relocations would be imprudent or impracticable, but the short list should also include multi-national corporations that could potentially serve as a cornerstone for strengthening our local communities and revitalizing the State's economy by providing high-quality jobs and increasing employment rates and wages across the State.

Accordingly, your Committee has amended this measure by:

- (1) Adding multi-national corporations to the short list of potential businesses that could relocate to the State;
- (2) Excluding natural resource companies, non-renewable energy companies, and impracticable manufacturing companies from the short list of Fortune 500 companies that could potentially relocate to the State;
- (3) Amending the title to reflect the measure's amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 137, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1746 Energy, Economic Development, and Tourism on H.C.R. No. 161

The purpose and intent of this measure is to support and adopt the goals set forth in the Digital Equity Declaration that was adopted by the Broadband Hui.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Education; Office of Hawaiian Affairs; Hawaii Workforce Development Council; University of Hawaii, John A. Burns School of Medicine; Department of Hawaiian Home Lands; Hawaii State Public Library System; Hawaii Community College; Oahu Economic Development Board; Kamehameha Schools; Hawaii Association of Independent Schools; Hawaii Foodbank; Aloha Care; Oʻahu County Democrats Digital Equity Committee; Hawaii Island Economic Development Board; Hawaii Dialogix Telecom; Hawaii Leeward Planning Conference; Economic Development Alliance of Hawaii; Hawaii Literacy, Inc.; Transform Hawaiii Government; Hawaiii Primary Care Association; Waipahu Safe Haven Immigrant Resource Center; Auamo Collaborative; Crystal Clear Communications; HawaiiKidsCAN; Maui Economic Opportunity, Inc.; KEY Project; LearningBond; Pacific International Center for High Technology Research; Code.org; Nakapuna Foundation; Tangent Systems; Skog Rasmussen LLC; Hawaiian Electric Company; Hawaii Consumers; Papa Ola Lōkahi; Michaels Management; and nineteen individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that digital equity is the condition in which all Hawaii residents have the information technology capacity needed to participate fully in society, the democratic process, and the economy; including civics, social, and cultural activities; employment; lifelong learning; and access to essential services. Your Committee further finds that digital inequity has been a pressing community issue for many years, separating those individuals in rural communities and socio-economically disadvantaged circumstances from the rest of society through a lack of adequate broadband infrastructure, internet-capable devices, affordable broadband service, and technological knowledge. The Digital Equity Declaration establishes goals to reduce and overcome the digital inequity in the State and this measure acknowledges and supports the Declaration.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 161, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1747 Energy, Economic Development, and Tourism on H.C.R. No. 84

The purpose and intent of this measure is to request that the Hawaii Community Foundation convene a working group to develop a public-private partnership model to prepare for Hawaii's post-pandemic recovery.

Your Committee received comments on this measure from the Legislative Reference Bureau and the Hawaii Community Foundation.

Your Committee finds that the COVID-19 pandemic has impacted Hawaii's communities and economy in unprecedented ways and that public, private, and non-profit organizations must work together to provide necessary assistance to address the complex and wide range of responses needed across the State. Your Committee further finds that multi-sector approaches during the pandemic led to significant and lasting results. This measure commits to collaborative and long-term engagement of multiple sectors of the community to develop strategies and macro-level models that the public and private sectors can embrace.

Your Committee also finds that amendments are necessary to clarify that the role of the Legislative Reference Bureau should be to work in collaboration with the Hawaii Community Foundation by conducting research, drafting proposed legislation, and assisting with the preparation of the report to support the working group's efforts to develop a public-private partnership model.

Accordingly, your Committee has amended this measure by:

- Clarifying that the Hawaii Community Foundation and the Legislative Reference Bureau are requested to conduct research, draft proposed legislation, and assist with the preparation of the report to the Legislature; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 84, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 84, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1748 Hawaiian Affairs on H.C.R. No. 189

The purpose and intent of this measure is to urge the international and domestic reparation of Native Hawaiian art, cultural items, and iwi kupuna.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Kawaihapai Ohana, and four

Your Committee finds that the black-market trade of historic and cultural items constitutes one of the most persistent illegal trades in the world. Your Committee further finds that Native Hawaiian art, cultural items, iwi kupuna, and other historic artifacts, including the approximately five thousand items determined to be missing from 'Iolani Palace, have been subject to illegal theft and transfer out of the State. Further, thousands of iwi kūpuna, moepū, and culturally significant items remain in museum collections around the world. This measure seeks to address the loss of these important historical and cultural artifacts by urging the international and domestic repatriation of these items.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 189, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 189, H.D. 1, S.D. 1.

Signed by the President on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1749 Agriculture and Environment on H.C.R. No. 27

The purpose and intent of this measure is to urge the Department of Health's Environmental Management Division to ensure that destinations to which the State's recyclable waste is transported for out-of-state processing abide by the environmental standards as outlined by the Basel Convention.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Food Industry Association, American Chemistry Council, and one individual.

Your Committee finds that the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and Their Disposal (Basel Convention) is a multilateral environmental agreement that establishes standards for the transboundary movement of hazardous waste and solid waste, including notice to and written confirmation from the receiving country prior to export, and seeks to protect human health and the environment from the adverse effects of hazardous wastes. The end-of-life processing for recyclable plastics and waste in many of the countries in which Hawaii's recyclable waste ultimately arrives are handled in a manner that is harmful to human health and local environments. Thereby, your Committee finds that it is necessary to ensure that the destinations to which the State's recyclable waste is transported for out-of-state processing abides by the environmental standards outlined in the Basel Convention.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 27, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 27, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (Nishihara, Fevella).

SCRep. 1750 Labor, Culture and the Arts on H.C.R. No. 169

The purpose and intent of this measure is to urge the Department of Labor and Industrial Relations to convene a working group to improve access to government services for immigrants and increase immigrant opportunities to make civic and economic contributions to the community.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Office of Community Services; Office of Language Access; Hawai'i Coalition for Immigrant Rights; Interagency Council for Immigrant and Refugee Services, Inc.; Ethnic Education Hawai'i; Goodwill Hawaii; Hawaii Foodbank, Inc.; Hawai'i Friends of Civil Rights; and three individuals.

Your Committee finds that Hawaii's history, with its sugar and pineapple industries being reliant on immigrant laborers from Asia and the Pacific region, is inextricably interlinked with immigration. The immigrant population continues to be crucial for the State, and according to an April 2018 report titled "Hawaii's Working Population: An Analysis by Industry 2012-2016" issued by the Department of Business, Economic Development, and Tourism (DBEDT), twenty-two percent of Hawaii's working population during the 2012-2016 period were born in foreign countries. According to an April 2016 DBEDT report titled "Non-English Speaking Population in Hawaii", during the 2002-2014 period, 25.3 percent of people in the State aged five years and older spoke a language other than English at home, of which 18.9 percent spoke English "not well" or "not at all." The report found that due to lack of proficiency in English, earnings of non-English speakers were ten to thirty-four percent lower than that of English-only speakers, despite having the same education, experience, race, gender, and similar occupations. The report also noted that language deficiency impedes efficient delivery of public services, and thus, in 2000, a federal executive order was signed to require federal agencies to identify the need for services to those with limited English proficiency (LEP) and develop and implement a system to provide meaningful access to language assistance services.

Your Committee finds that in 1985, the Legislature established the Office of Community Services (OCS) as an agency administratively-attached to the Department of Labor and Industrial Services to assist disadvantaged persons, refugees, and immigrants to overcome workforce barriers to economic self-sufficiency through an array of community-based programs and services. Your Committee notes OCS's testimony regarding its various programs, its progress, and constraints due to budgetary limitations. Your Committee also notes concerns raised in testimony regarding the State's inability to properly serve the LEP communities during the coronavirus disease 2019 pandemic, and repeated citations by the U.S. Department of Justice and federal courts regarding the State's failure to ensure meaningful access to services by LEP persons. Your Committee believes this measure will assist OCS in obtaining the necessary information and input to enable the State's immigrant community better access to government services.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 169, and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1751 Higher Education on Gov. Msg. No. 778

Recommending that the Senate advise and consent to the nomination of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 778 ARTHUR SAMPAGA, JR., for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Arthur Sampaga, Jr., for service on the Center for Nursing Advisory Board.

Your Committee received testimony in support of the nomination for the reappointment of Mr. Sampaga from the Hawai'i State Center for Nursing.

Upon review of the testimony and Mr. Sampaga's qualifications, your Committee finds that Mr. Sampaga is a registered nurse in the State of Hawaii. He earned a Master of Science in Nursing degree with Nursing Management and Organizational Leadership Specialization from Grantham University; Bachelor of Science in Nursing degree from the University of Hawaii at Hilo; Associate in Science degree in Nursing from Hawaii Community College; Emergency Medical Technician Certificate of Competence from Kapiolani Community College; and Certificate of Achievement in Practical Nursing from Hawaii Community College. Your

Committee notes that Mr. Sampaga has been serving on the Center for Nursing Advisory Board since 2019 and is being nominated for reappointment as a member who is a nursing executive.

Mr. Sampaga is currently the Chief Nursing Officer and Assistant Administrator at the Hilo Medical Center where he is responsible for preparing Nursing Director reports; strategic planning, quality and safety control, staffing, budgeting, and financial planning; staff development through clinical education; community relations and inter department activities; ensuring regulatory compliance and preparing for surveys by review agencies. His responsibilities also include serving as HMC's Emergency Management Director and Incident Commander.

According to the Center for Nursing, Mr. Sampaga has been a longstanding partner of the Center, working to expand its projects and programs to the island of Hawaii, which resulted in improved engagement by other neighbor islands. For example, Mr. Sampaga has led the initiative to bring the Center's evidence-based practice program to Hilo. He also assisted the Hawai'i Nurse Residency Program Collaborative in negotiating programmatic advancements to improve access to their programs by neighbor island nurses and introduce specialty transition-to-practice programs for the first time in the State on a widespread basis. Due to this initiative, two in every five nurse residents and preceptor pairs are employed by a neighbor island facility. This is an incredible improvement in equity and access to professional development services for nurses across the State.

Your Committee finds that Arthur Sampaga, Jr.'s professional experience and knowledge as a registered nurse, HMC's Chief Nursing Officer and Assistant Administrator, service in the Hawaii Army National Guard Medical Command, leadership, and commitment to the professional development of nurses in Hawaii will continue to be valuable assets for the Board.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1752 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 547

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII ADVISORY COUNCIL ON EMERGENCY MANAGEMENT

G.M. No. 547 GLENDA STREUFERT, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Glenda Streufert for service on the Hawaii Advisory Council on Emergency Management.

Your Committee received testimony in support of the nomination for the appointment of Glenda Streufert from the Hawaii Emergency Management Agency.

Upon review of the testimony, your Committee finds that Dr. Streufert's knowledge, experience, and many accomplishments qualify her to be nominated to the Hawaii Advisory Council on Emergency Management. Your Committee further finds that Dr. Streufert has over forty-five years in various positions relating to psychology or the military. Notably, Dr. Streufert was previously the Director and Manager for the Kauai County Civil Defense Agency until becoming a member of the Kauai County Planning Commission from 2015 to the present. Your Committee also notes that Dr. Streufert has served in numerous leadership roles throughout her career on the local and federal levels and has also been involved in many community activities over the years and is the author of numerous articles and published works in both English and German. Your Committee therefore recommends that Dr. Streufert be appointed to the Hawaii Advisory Council on Emergency Management based on her knowledge, experience, leadership, and dedication to the public.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1753 Labor, Culture and the Arts on Gov. Msg. Nos. 524, 692, 693, and 706

Recommending that the Senate advise and consent to the nominations of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

G.M. No. 524 SHELLEY PE'A, for a term to expire 06-30-2024;

G.M. No. 692 TREVOR DAINES, for a term to expire 06-30-2025;

G.M. No. 693 KEHAULANI KEANAAINA, for a term to expire 06-30-2025; and

G.M. No. 706 DESIREE CRUZ, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Shelley Pe'a, Trevor Daines, Kehaulani Keanaaina, and Desiree Cruz for service on the King Kamehameha Celebration Commission (Commission).

Your Committee notes that the Commission was established pursuant to section 8-5, Hawaii Revised Statutes, to manage all arrangements for the celebration of King Kamehameha I Day that is generally observed throughout the State on June 11 each year, and support any other events as it may approve to commemorate the memory of King Kamehameha I.

Section 8-5(a), Hawaii Revised Statutes, requires the Commission to have fifteen members who are appointed by the Governor, with one member representing each of the following organizations or islands:

- (1) Royal Order of Kamehameha I;
- (2) 'Ahahui Ka'ahumanu;
- (3) Hale O Na Ali'i O Hawai'i 'Ahahui Po'o;
- (4) Daughters and Sons of Hawaiian Warriors Mamakakaua;
- (5) Kamehameha Schools Alumni Association;
- (6) Association of Hawaiian Civic Clubs;
- (7) Waimanalo Hawaiian Homes Association;
- (8) Daughters of Hawaii;
- (9) Kapahulu Music Club;
- (10) Papakolea Community Association;
- (11) Island of Kaua'i;
- (12) Island of Lana'i;
- (13) Island of Maui;
- (14) Island of Moloka'i; and
- (15) Island of Hawai'i.

Under the statute, each organization must maintain a certificate of good standing issued by the Department of Commerce and Consumer Affairs and an active membership list. Each organization may recommend for appointment to the Commission, an individual capable of providing administrative guidance regarding knowledge of Hawaiian culture, history and protocols, legal issues, business, accounting, marketing, philanthropy, or public relations. The statute also requires that members who represent the islands to be a resident of the island they represent and be able to and provide the Commission with administrative guidance on issues pertaining to law, business, accounting, marketing, philanthropy, or public relations.

SHELLEY PE'A

Your Committee received testimony in support of the nomination for the reappointment of Shelley Pe'a from the Commission.

Upon review of the testimony and Ms. Pe'a's qualifications, your Committee finds that Ms. Pe'a has been employed by Kamehameha Schools as its Ho'okahua – Cultural Specialist II since January 2014. Ms. Pe'a has a Master of Education degree from Chaminade University of Honolulu and a Bachelor's degree in Elementary Education from Brigham Young University - Hawai'i. Prior to her employment with Kamehameha Schools, Ms. Pe'a was a teacher at Ke Kula 'o Samuel M. Kamakau, Laboratory Public Charter School in Kaneohe, Hawaii for over thirteen years. Ms. Pe'a has also volunteered for over ten years at the King Kamehameha and Aloha Festivals parades.

Your Committee notes that Ms. Pe'a has been serving on the Commission since 2017 as a representative of the Association of Hawaiian Civic Clubs and if reappointed, will serve in the same capacity. As of March 12, 2021, the organization maintains a certificate of good standing with the Department of Commerce and Consumer Affairs.

Your Committee finds that Shelley Pe'a's experience and knowledge in education, Hawaiian culture, and community service will continue to be valuable assets to the Commission.

TREVOR DAINES

Your Committee received testimony in support of the nomination for the reappointment of Trevor Daines from the Commission and Royal Order of Kamehameha I, Hawai'i Chapter.

Upon review of the testimony and Mr. Daines' qualifications, your Committee finds that Mr. Daines is currently the Director of Culture and Product Development for the Hawaii Visitors and Convention Bureau (HVCB), a nonprofit organization whose sole purpose is to promote the Hawaii islands throughout North America. Mr. Daines' previous work experiences include Director of Sales with the Oahu Visitors Bureau and Cultural Advisor for the HVCB. Mr. Daines also has an extensive history of community service. He currently serves as an Officer of the Royal Order of Kamehameha I and as a member of the Hawaiian Civic Club of Honolulu, and has served in the past as a board member of the Native Hawaiian Hospitality Association; board member of the Friends of 'Iolani Palace; President of the Hospitality Sales and Marketing Association, Hawai'i Chapter; and board member of the Hawai'i Business Travel Association.

Your Committee notes that Mr. Daines served on the Commission from 2007 to 2011, during which he was its Chairperson for the final two years. He was reappointed to the Commission in 2017 and has been serving as its Chairperson since then. Mr. Daines serves on the Commission as a representative of the Royal Order of Kamehameha I, and if reappointed, will continue to serve in the same capacity. As of March 12, 2021, the organization maintains a certificate of good standing with the Department of Commerce and Consumer Affairs

Your Committee finds that Trevor Daines' experience and knowledge in Hawaiian culture, leadership skills, and strong commitment to public service will continue to be valuable assets to the Commission.

KEHAULANI KEANAAINA

Your Committee received testimony in support of the nomination for the appointment of Kehaulani Keanaaina from the Commission and Daughters of Hawai'i.

Upon review of the testimony and Ms. Keanaaina's qualifications, your Committee finds that Ms. Keanaaina's professional expertise and knowledge in generating and curating business through networking and prospecting qualify her to be nominated for appointment to the Commission. Ms. Keanaaina has been a licensed realtor with Wailea Realty Corporation dba Windermere Real Estate in Kailua-Kona since 2018. As a licensed realtor, Ms. Keanaaina analyzes market trends, conditions, and activities to accurately

advise clients and develop competitive market proposals. Her previous positions include General Manager, Operational Manager, Specialty Sales Assistant Store Manager, and Sales Specialist with The Home Depot in Oregon. Your Committee notes that Ms. Keanaaina has a Bachelor of Science degree in Housing Studies from Oregon State University.

If appointed to the Commission, Ms. Keanaaina will serve as a member representing the Daughters of Hawai'i. As of March 12, 2021, the organization maintains a certificate of good standing with the Department of Commerce and Consumer Affairs.

Your Committee finds that Kehaulani Keanaaina's expertise and knowledge in analyzing market trends and generating and curating business through networking and prospecting will be valuable assets to the Commission.

DESIREE CRUZ

Your Committee received testimony in support of the nomination for the reappointment of Desiree Cruz from the Commission.

Upon review of the testimony and Ms. Cruz's qualifications, your Committee finds that Ms. Cruz is currently the owner and director of Desiree Models and Talent, where she provides promotional and management services to entertainers and cultural practitioners in Hawaii, sales and marketing services for the hospitality and visitor industry, and coordinates public and corporate events. Ms. Cruz has previously served as a staff member for the East Hawaii District Office in the Department of Hawaiian Home Lands, Senior Community Outreach Specialist for the Native Hawaiian Roll Commission, Sales Specialist with the Big Island Visitors Bureau, and Prublic Relations Specialist with the County of Hawai'i Mayor's Office. Her community services include serving as a board member of the Hilo Community Players, board member of the Volcano Art Center, Program Coordinator with the Hula Arts at Kilauea, and President of the Pauka'a Community Association.

Your Committee notes that Ms. Cruz currently serves on the Commission as a representative of the Island of Hawai'i, and if reappointed, will continue to serve in the same capacity.

Your Committee finds that Desiree Cruz's experience and knowledge in business, sales and marketing, the hospitality and visitor industry, promotional and management services, and government services will continue to be valuable assets to the Commission.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1754 Water and Land on Gov. Msg. Nos. 562 and 563

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON WATER RESOURCE MANAGEMENT

G.M. No. 562 PAUL MEYER, for a term to expire 06-30-2025; and

G.M. No. 563 AURORA KAGAWA-VIVIANI, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Paul Meyer and Aurora Kagawa-Viviani for service on the Commission on Water Resource Management.

PAUL MEYER

Your Committee received testimony in support of the nomination for the reappointment of Paul Meyer from the Department of Land and Natural Resources, Commission on Water Resource Management, Haleakala Ranch, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Meyer's professional experience, proven leadership, and commitment to public service qualify him for consideration for reappointment to the Commission on Water Resource Management. Your Committee notes that Mr. Meyer was the Deputy Director of the Department of Water Supply of the County of Maui from 2010 to 2017. Your Committee further notes that Mr. Meyer was also the Executive Vice President of Finance and Administration for Maui Land and Pineapple, Inc. for twenty-three years, where he managed the company's watershed conservation efforts, along with its private and semi-private surface water systems, irrigation systems, and punawais (springs). Your Committee further finds that Mr. Meyer has served on the Commission on Water Resource Management since 2017 and his thorough understanding of the roles and responsibilities of its members continues to enhance the effectiveness of the Commission on Water Resource Management. His extensive and substantial water conservation and water resource management experience will continue to be assets to the Commission on Water Resource Management. Your Committee therefore recommends that Paul Meyer be reappointed to the Commission on Water Resource Management based on his experience, knowledge, and commitment to public service.

AURORA KAGAWA-VIVIANI

Your Committee received testimony in support of the nomination for the appointment of Aurora Kagawa-Viviani from the Department of Land and Natural Resources, Commission on Water Resource Management, Office of Hawaiian Affairs, Kuaʻāina Ulu ʻAuamo, ʻĀina Aloha Economic Futures, Sierra Club of Hawaiʻi, Prince Kūhiō Hawaiian Civic Club, Ke One O Kākuhihewa, and twenty-three individuals.

Upon review of the testimony, your Committee finds that Dr. Kagawa-Viviani's background and desire to serve the public qualify her to be appointed to the Commission on Water Resource Management as a member with substantial expertise in traditional Hawaiian water resource management techniques and riparian usage, pursuant to section 174C-7, Hawaii Revised Statutes. Dr. Kagawa-Viviani is currently a Postdoctoral Researcher and Lecturer at the University of Hawaii at Manoa Department of Geography and Environment, where she teaches a course titled "Water and Society". Your Committee notes that Dr. Kagawa-Viviani earned a Doctorate from the University of Hawaii at Manoa in Geography and Environment; a Master of Science from the University of Hawaii at Manoa in

Botany with a specialization in Ecology, Evolution, and Conservation Biology; and a Bachelor of Science from the Massachusetts Institute of Technology in Environmental Engineering. Your Committee further notes that Dr. Kagawa-Viviani's thesis was regarding the variation in species and stand level water use for native forest and non-native timber plantation in Hōnaunau, Hawaii. Dr. Kagawa-Viviani is an active member in professional organizations, such as the American Geophysical Union. Your Committee further finds that Dr. Kagawa-Viviani has an understanding of the role and responsibilities of board members and her extensive experience in tropical vegetation and indigenous ecohydrology will enhance the effectiveness of the Commission on Water Resource Management. Your Committee therefore recommends that Aurora Kagawa-Viviani be appointed to the Commission on Water Resource Management based on her knowledge, background, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1755 Water and Land on Gov. Msg. Nos. 564 and 565

Recommending that the Senate advise and consent to the nominations of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 564 BERYL BLAICH, for a term to expire 06-30-2025; and

G.M. No. 565 CHRISTIANE LUCAS, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Beryl Blaich and Christiane Lucas for service on the Legacy Land Conservation Commission.

BERYL BLAICH

Your Committee received testimony in support of the nomination for the reappointment of Beryl Blaich from the Department of Land and Natural Resources, one member of the State House of Representatives, one member of the Kaua'i County Council, The Trust for Public Land, and five individuals.

Upon review of the testimony, your Committee finds that Ms. Blaich's experience and dedication to serving the public qualify her for reappointment to the Legacy Land Conservation Commission as a member possessing scientific qualifications as evidenced by an academic degree in wildlife or marine biology, botany, forestry, ecology, resource management, biogeography, zoology, or geology, pursuant to section 173A-2.4, Hawaii Revised Statutes. Your Committee further finds that Ms. Blaich earned her Master's degree from the University of Hawaii in Urban and Regional Planning, an interdisciplinary program that encompasses subjects such as community planning, environmental planning and sustainability, historic preservation, land use development, and resource management. Your Committee notes that Ms. Blaich is an active member in professional and community organizations, including service on the Kauai Island Council of the Hawaiian Islands Land Trust since 2011, and the Board of Directors for the Mānoa Valley Cultural Heritage Foundation and Kuali'i Foundation and Mālama Māhā'ulepū since 1996 and 2014, respectively. Your Committee also finds that Ms. Blaich has served on the Legacy Land Conservation Commission since 2019, and her thorough understanding of the roles and responsibilities of its members continues to enhance the effectiveness of the Legacy Land Conservation Commission. Your Committee therefore recommends that Beryl Blaich be reappointed to the Legacy Land Conservation Commission based on her knowledge, experience, and desire to contribute to the community.

CHRISTIANE LUCAS

Your Committee received testimony in support of the nomination for the reappointment of Christiane Lucas from the Department of Land and Natural Resources, The Trust for Public Land, Hui o Hoʻohonua, Maunalua Fishpond Heritage Center, and eight individuals. Your Committee received comments on the nomination for the reappointment of Christiane Lucas from one individual.

Upon review of the testimony, your Committee finds that Ms. Lucas' experience and dedication to serving the public qualify her for reappointment to the Legacy Land Conservation Commission as a member of an environmental organization organized in the State, pursuant to section 173A-2.4, Hawaii Revised Statutes. Ms. Lucas is currently the Program Manager of the Takai Transition Center Network for Hawaii 3Rs and a Legislative Aide for State Representative Gregg Takayama. Your Committee further notes that Ms. Lucas has a thorough understanding of the roles and responsibilities of board members as she has served on the Legacy Land Conservation Commission since 2019. Your Committee further finds that Ms. Lucas has served on the Board of Directors for the Maunalua Fishpond Heritage Center since 2007. Ms. Lucas' experience and knowledge will continue to be assets to the Legacy Land Conservation Commission. Your Committee therefore recommends that Christiane Lucas be reappointed to the Legacy Land Conservation Commission based on her experience and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1756 Water and Land on Gov. Msg. Nos. 528, 529, and 530

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

- G.M. No. 528 NANCY CABRAL, for a term to expire 06-30-2025;
- G.M. No. 529 DAN GIOVANNI, for a term to expire 06-30-2025; and
- G.M. No. 530 GARY OKUDA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Nancy Cabral, Dan Giovanni, and Gary Okuda for service on the Land Use Commission.

NANCY CABRAL

Your Committee received testimony in support of the nomination for the reappointment of Nancy Cabral from the Land Use Commission, Ashford & Wriston, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Cabral's professional experience, background, and proven leadership on the Land Use Commission qualify her for consideration for reappointment to the Land Use Commission as a member from Hawaii County, pursuant to section 205-1, Hawaii Revised Statutes. Your Committee notes that Ms. Cabral has been a real estate agent since 1979. She is not only the owner of both Coldwell Banker Day-Lum Properties and Day-Lum Rentals and Management, Inc., the largest property management company on Hawaii Island, but also was appointed as a property manager for the Third Circuit Court. Your Committee further notes that Ms. Cabral has a thorough understanding of the role and responsibilities of board members as she has served on the Board of Directors for both the Ku'ikahi Mediation Center and Hawaii Public Housing Authority and is currently a Vice Chair of the Land Use Commission. Your Committee further finds that Ms. Cabral has served on the Land Use Commission since 2015, and her service continues to enhance the effectiveness of the Land Use Commission. Your Committee therefore recommends that Nancy Cabral be reappointed to the Land Use Commission based on her knowledge on housing in Hawaii, diverse experience, and desire to contribute to the community.

DAN GIOVANNI

Your Committee received testimony in support of the nomination for the reappointment of Dan Giovanni from the Land Use Commission, Mayor of the County of Kaua'i, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Giovanni's professional experience, background, and commitment to public service qualify him for consideration for reappointment to the Land Use Commission as a member from Kauai County, pursuant to section 205-1, Hawaii Revised Statutes. Your Committee notes that Mr. Giovanni has been an independent contractor since 2015, offering consulting services to the electric power industry. Previously, Mr. Giovanni was the Senior Vice President of Operations at Hawaiian Electric Company, Inc. Your Committee further notes that Mr. Giovanni has a thorough understanding of the role and responsibilities of board members as he has served on the Board of Directors for Enterprise Honolulu and currently, is not only on the Board of Directors for the Hawaii Chapter of the American Red Cross, but also the President of the Kaua'i Humane Society Board of Directors. Your Committee further finds that Mr. Giovanni's extensive experience in architecture, engineering, and electric utilities will continue to enhance the effectiveness of the Land Use Commission, especially on matters regarding utility-scale energy projects on agricultural lands. Your Committee therefore recommends that Dan Giovanni be reappointed to the Land Use Commission based on his background, knowledge in renewable energy, and desire to contribute to the community.

GARY OKUDA

Your Committee received testimony in support of the nomination for the reappointment of Gary Okuda from the Land Use Commission, Sierra Club of Hawai'i, Ashford & Wriston, and twenty-four individuals.

Upon review of the testimony, your Committee finds that Mr. Okuda's background as an attorney and dedication to public service qualify him for consideration for reappointment to the Land Use Commission as an at-large member. Your Committee notes that Mr. Okuda has practiced law in Hawaii for forty years, including the areas of property and land use law in private practice. Your Committee further finds that Mr. Okuda has served on the Land Use Commission since 2016, and his thorough understanding of the roles and responsibilities of its members continues to enhance the effectiveness of the Land Use Commission. Mr. Okuda's courtroom experience and legal knowledge will continue to be assets to the Land Use Commission. Your Committee therefore recommends that Gary Okuda be reappointed to the Land Use Commission based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1757 (Majority) Agriculture and Environment on Gov. Msg. Nos. 508, 509, and 510

Recommending that the Senate advise and consent to the nominations of the following:

ADVISORY COMMITTEE ON PESTICIDES

- G.M. No. 508 CYNTHIA REZENTES, for a term to expire 06-30-2023;
- G.M. No. 509 MATT LYUM, for a term to expire 06-30-2021; and
- G.M. No. 510 MATT LYUM, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Cynthia Rezentes and Matt Lyum for service on the Advisory Committee on Pesticides.

CYNTHIA REZENTES

Your Committee received testimony in support of the nomination for the reappointment of Cynthia Rezentes from the Department of Agriculture; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; and five individuals. Your Committee received testimony in opposition to the nomination for the reappointment from two individuals.

Upon review of the testimony, your Committee finds that Ms. Rezentes' background, experience, and dedication to public service qualify her for appointment to the Advisory Committee on Pesticides. Your Committee notes that Ms. Rezentes has served on the Committee since her appointment in 2017, where she has been integral in decision-making measures, such as the amendments to the regulation of pesticides and the addition of several pesticides, including clorpyrifos, to the list of state restricted pesticides. As a member of the Committee and the National Environmental Justice Advisory Committee, Ms. Rezentes has collaborated with various individuals in the academic, farming, corporate, and tribal arenas to understand the larger extent of effects of various pesticides in the environment.

Ms. Rezentes has diverse experience in the community, serving in multiple roles throughout the State, including the Nānākuli-Ma'ili Neighborhood Board No. 36, Waianae Coast Neighborhood Board No. 24, O'ahu Resource Conservation and Development Council, Ka Papa o Kakuhihewa Council, O'ahu Island Land Trust, Hawaiian Islands Land Trust, Mohala I Ka Wai, and Kealahou West O'ahu. Based on her knowledge, experience, and commitment to public service, your Committee finds that Ms. Rezentes will continue to be an asset to the Advisory Committee on Pesticides.

MATT LYUM

Your Committee received testimony in support of the nomination for the appointment and reappointment of Matt Lyum from the Department of Agriculture; Larry Jefts Farms, LLC; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau. Inc.: and one individual.

Upon review of the testimony, your Committee finds that Mr. Lyum's background, experience, and dedication to public service qualify him for appointment to the Advisory Committee on Pesticides. Your Committee notes that Mr. Lyum has experience in the landscaping sector, including founding his own business, Performance Landscape, in 2002, an organization of over one hundred employees, all of whom are trained in Environmental Protection Agency Pesticide handler and worker protocols. Through Performance Landscape, Mr. Lyum maintains a restricted use pesticides (RUP) license and possesses a license to manufacture Filtrexx siltsoxx, which provides that he is properly trained on the proper use, handling, storage, and effect of pesticides. He previously served as the Chair of the Landscape Industry Council of Hawaii's Pesticide Certification Committee. Mr. Lyum's knowledge of pesticide regulations, use, and safety will be an asset to the Committee in its deliberations to assist the Department of Agriculture in developing or revising its rules to effectuate the purpose of chapter 149, Hawaii Revised Statutes.

Further, Mr. Lyum possesses additional professional experiences in aquaculture, organic waste management and recycling, and erosion control. He possesses a Bachelor of Science in Fisheries Biology from the University of Washington, providing him an understanding of chemicals and runoff on the environment. He is the former President of Waikalua Loko Fishpond Preservation and managed a compositing and renewable energy company for ten years. Your Committee further finds that based on his experience, knowledge, and desire to contribute to the community, Mr. Lyum will continue to be an asset to the Advisory Committee on Pesticides as a landscaping representative.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 508: Ayes, 3; Ayes with Reservations (Acasio). Noes, 1 (Fevella). Excused, 1 (Nishihara).

For Gov. Msg. Nos. 509 and 510: Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 1758 Agriculture and Environment on Gov. Msg. Nos. 511 and 728

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF AGRICULTURE

G.M. No. 511 EN YOUNG, for a term to expire 06-30-2025; and

G.M. No. 728 RANDOLPH CABRAL, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by En Young and Randolph Cabral for service on the Board of Agriculture.

EN YOUNG

Your Committee received testimony in support of the nomination for the reappointment of En Young from the Department of Agriculture; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative LLC; Hawai'i Farm Bureau; and one individual.

Upon review of the testimony, your Committee finds that Mr. Young's background, experience, and dedication to public service qualify him for reappointment to the Board of Agriculture. Your Committee finds that Mr. Young grew up in South Kona in what was the largest macadamia nut orchard in the world, giving him exposure to the agricultural field at a young age. Your Committee notes that he currently serves as the principal of Ke'ei Consulting, LLC dedicated to the improvement of food systems in the private and non-profit sectors, including advising on food safety and produce processing, non-profit program development, land use and supply chain development, workforce development and training, and farmer engagement and contract structure. Mr. Young was previously hired as the Executive Director of The Food Basket, Inc. and as a contract, performance, and evaluation administrator of the Office of

Community Services, where he supervised the U.S. Department of Agriculture Emergency Food Program and the Senior Farmer's Market Nutrition Program. At The Food Basket, Mr. Young connected the demand created by the underfed with the supply excesses of local farms, allowing the State to create a model for incentivizing the consumption of fresh produce at all socioeconomic levels. Mr. Young has also previously served as the General Manager of Sensei Holdings, Inc., where he built a team to staff a modern hydroponic farm on Lanai. This experience allowed Mr. Young to train local workers in innovative agricultural skills, reexamine land use priorities, and consistently produce high quality farm products.

Your Committee further finds that Mr. Young serves as the Immediate Past Chair of the Hawaii Alliance of Non-Profit Organizations and previously served as the Director of the Hawaiii Public Health Institute, Director of the Hawaiii Public Housing Authority, Treasurer of the Hawaiii Economic Opportunity Council, and Founding Member of the Hawaiii Island Food Alliance. Your Committee notes that Mr. Young has served on the Board of Agriculture since 2020. Your Committee further notes that Mr. Young has a thorough understanding of the roles and responsibilities of board members and his background and perspective, especially in new agricultural technologies, will enhance the effectiveness of the Board of Agriculture. Your Committee therefore recommends that Mr. Young be reappointed to the Board of Agriculture based on his knowledge, background, and dedication to public service.

RANDOLPH CABRAL

Your Committee received testimony in support of the nomination for the reappointment of Randolph Cabral from the Department of Agriculture; Agribusiness Development Corporation; Ponoholo Ranch Limited; Hawaii Aquaculture & Aquaponics Association; Larry Jefts Farms, LLC; Saiva Siddhanta Church; Mulkern Landscaping & Nursery; Hawaii Farm Bureau; Hawaii Cattlemen's Council, Inc.; McCandless Ranch; W.T. Haraguchi Farm, Inc.; Hikiola Cooperative; Molokai Farm Bureau; Ulupono Initiative LLC; Ag Matters; and twenty individuals.

Upon review of the testimony, your Committee finds that Mr. Cabral's background, experience, and dedication to public service qualify him for reappointment to the Board of Agriculture.

Your Committee notes that Mr. Cabral previously worked as the Senior Vice-President of Royal Hawaiian Orchards where he provided operational oversight of six thousand acres of macadamia orchards and two hundred employees for more than thirty years. Mr. Cabral's diverse professional background also includes experience in vegetable crops, sugar, and livestock production. He currently operates a small ranch on Hawaii Island, and serves as the President of the Hawai'i Farm Bureau. He also serves as a member of the Agricultural Leadership Foundation of Hawai'i, Hawaii Macadamia Nut Association, Hawaii Cattlemen's Association, Puna and Hawaii Association of Conservation Districts, and is a founding member of Kino'ole Farmers Market and Moa'ula Water Cooperative. Mr. Cabral has served on the Board of Agriculture since 2017. These experiences demonstrate that Mr. Cabral has various farming and ranching experiences in both large- and small-scale agricultural positions and knowledge in the operations of conventional, organic, and emerging technologies. Mr. Cabral brings outstanding leadership and stability to farming organizations.

Mr. Cabral has also served on non-agriculture related boards demonstrating his commitment to his community, including Crime Stoppers, Hawaii Island United Way, and the University of Hawaii Hilo Agriculture Advisory Board. Your Committee finds that in response to the COVID-19 pandemic, Mr. Cabral helped to coordinate the BRIDGES program on the island of Hawaii to feed tens of thousands of needy local families, while paying local producers for their fresh products. Mr. Cabral also assisted farmers on the island of Hawaii after the 2018 Kilauea eruptions. Based on his knowledge of Hawaii's diverse agricultural industries, experience, and commitment to public service, your Committee finds that Mr. Cabral will continue to be an asset to the Board of Agriculture.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 1759 Agriculture and Environment on Gov. Msg. Nos. 634 and 635

Recommending that the Senate advise and consent to the nominations of the following:

ENVIRONMENTAL COUNCIL

G.M. No. 634 THERESITA KINNAMAN, for a term to expire 06-30-2024; and

G.M. No. 635 DAWN HEGGER-NORDBLOM, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Theresita Kinnaman and Dawn Hegger-Nordblom for service on the Environmental Council.

THERESITA KINNAMAN

Your Committee received testimony in support of the nomination for the reappointment of Theresita Kinnaman from the State Environmental Council and one individual.

Upon review of the testimony, your Committee finds that Ms. Kinnaman's background, experience, and dedication to public service as an advocate for community needs and conservation qualify her for reappointment to the Environmental Council. Ms. Kinnaman has served on the Environmental Council since 2017, where she has provided important perspective from and representation for neighbor islands. During her tenure, Ms. Kinnaman testified and participated in numerous state and county hearings to advocate for natural and cultural environmental protections and worked with fellow members of the Environmental Council to promulgate new rules for environmental impact statements.

Your Committee notes that Ms. Kinnaman is Secretary of the cultural non-profit organization Hui Malama o Kāneiolouma and has served on the County of Kauai Open Space Commission, National Tropical Botanical Gardens Lāwa'i Kai Resource Advisory

Committee, and Koloa Community Association Board of Directors, where she has worked with community groups to balance the management of cultural and natural resources with desires to see areas used for conservation research, education, and appropriate recreation. Your Committee finds that Ms. Kinnaman has the experience, knowledge, and desire to contribute to the community and will continue to be an asset to the Environmental Council.

DAWN HEGGER-NORDBLOM

Your Committee received testimony in support of the nomination for the reappointment of Dawn Hegger-Nordblom from the State Environmental Council and four individuals.

Upon review of the testimony, your Committee finds that Ms. Hegger-Nordblom's background, experience, and dedication to public service as an advocate for community needs and conservation qualify her for reappointment to the Environmental Council. Ms. Hegger-Nordblom has served on the Environmental Council as an interim appointee since November 2020. She has extensive experience as a planner working with federal, state, and local agencies in the private sector and as a former state employee, which has provided valuable contributions to the Environmental Council's discussions and roles. She has assisted in streamlining the administrative rules under the Environmental Council's purview and seeks to work with professionals and community members through quarterly education sessions on chapter 343, Hawaii Revised Statutes.

Ms. Hegger-Nordblom owns Ke Kai Planning LLC, an urban planning, permitting, and consulting service, through which she has familiarity with the National Environmental Policy Act, Hawaii Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, Clean Water Act, and Clean Air Act. She has experience working with the Department of Defense, Department of Land and Natural Resources' Office of Conservation and Coastal Lands, City and County of Honolulu's Authority for Rapid Transit, and Hawaii National Guard and she has reviewed numerous environmental assessments and environmental impact statements. She has also worked with neighbor island communities in processing enforcement cases in Haena, Kauai, delivering additional farm dwelling agreement applications in Kailua-Kona, Hawaii, and preparing permitting procedures for the Olowalu Farm Project in Lahaina, Maui. She also possesses strengths in community planning, marine and terrestrial environments, and climate change, which is critical in ensuring the State meets its ambitious climate goals. Based on her knowledge, experience, and commitment to public service, your Committee finds that Ms. Hegger-Nordblom will continue to be an asset to the Environmental Council

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 1760 Agriculture and Environment on Gov. Msg. No. 512

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION

G.M. No. 512 GLENN HONG, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Glenn Hong for service on the Board of Directors of the Agribusiness Development Corporation.

Your Committee received testimony in support of the nomination for the appointment of Glenn Hong from the Department of Agriculture; Agribusiness Development Corporation; Matson; Larry Jefts Farms, LLC; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; Hawaii Farm Bureau; The Maritime Group; Scott E. Enright Company LLC; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Hong's background, experience, and dedication to public service qualify him for appointment to the Board of Directors of the Agribusiness Development Corporation. Your Committee finds that Mr. Hong formerly served two terms on the Board of Agriculture. Mr. Hong's service on the Board of Agriculture provides him an understanding of the Department of Agriculture and Agribusiness Development Corporation's roles in promoting commercial agriculture growth. During his tenure, Mr. Hong developed an understanding of the need to move toward greater food security in agriculture, especially considering Hawaii's geographic location and prior history as a self-sufficient society. Mr. Hong is dedicated to building a robust agricultural industry based on product diversity, and entrepreneurship, supportive of employment growth, agricultural land preservation, watershed protection, and broad-based community development.

Your Committee finds that Mr. Hong has previously offered his professional experience and background in fiscal administration, governmental relations, strategic planning, employment initiatives, resource allocation, and the maritime and transportation industries. These experiences have broadened his ability to ask pertinent questions, identify potential options, and guide organizations toward desired outcomes. As the former President of Young Brothers Limited, an inter-island cargo common carrier, Mr. Hong provided incentives for Hawaii's local farmers and ranchers with discounted agricultural rates and implemented responsible management practices to prevent the interisland movement of invasive species. Under his leadership, Young Brothers has undergone fleet modernization initiatives to meet statewide cargo needs.

According to testimony, Mr. Hong consistently demonstrates his commitment to teamwork, takes initiative, possesses strong analytical skills, and remains committed to his principles with the highest degree of ethics and diplomacy. His experience with small businesses, marketing, and management will contribute significantly to the Board of Directors of the Agribusiness Development Corporation's efficiency and ability to concentrate on critical issues.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 1761 Agriculture and Environment on Gov. Msg. No. 687

Recommending that the Senate advise and consent to the nomination of the following:

ENDANGERED SPECIES RECOVERY COMMITTEE

G.M. No. 687 LISA SPAIN, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Lisa Spain for service on the Endangered Species Recovery Committee.

Your Committee received testimony in support of the nomination for the reappointment of Lisa Spain from the Department of Land and Natural Resources and seven individuals.

Upon review of the testimony, your Committee finds that Ms. Spain's background, experience, and dedication to public service qualify her for reappointment to the Endangered Species Recovery Committee. Ms. Spain has served on the Endangered Species Recovery Committee since 2018, where she has been tasked with reviewing safe harbor agreements, habitat conservation plans, and incidental take licenses under chapter 195, Hawaii Revised Statutes.

Your Committee notes that Ms. Spain has spent the last twenty-four years committed to conservation in Hawaii. She holds a Bachelor's degree and Master's degree in Zoology with a focus on Ecology, Evolution, and Conservation Biology and an Executive Master of Business Administration degree, providing a combination of natural resource experience with administrative knowledge. She currently serves as the Deputy Director of the Imiloa Astronomy Center at the University of Hawaii at Hilo. As the former administrator of the Department of Land and Natural Resources' Division of Forestry and Wildlife, Ms. Spain has a significant working knowledge of the State's regulatory and permitting processes, especially with respect to endangered species issues, watershed protection, and environmental assessments. In that role, she participated in the Federal-State Joint Task Force on National Endangered Species Act Policy.

Your Committee finds that Ms. Spain is active in her community and has previously served on a number of boards and commissions, including the University of Hawaii Mauna Kea Management Board, Bishop Museum Business Plan Task Force, National Endangered Species Joint Task Force, and Friends of Hakalau Forest National Wildlife Refuge Endowment Committee. Your Committee finds that Ms. Spain's administrative background, motivation to protect and conserve the natural resources of Hawaii, knowledge, experience, and commitment to public service will continue to be an asset to the Endangered Species Recovery Committee. Your Committee therefore recommends that Ms. Spain be reappointed to the Endangered Species Recovery Committee based on her knowledge, leadership, integrity, and dedication.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 1762 Agriculture and Environment on Gov. Msg. Nos. 752 and 753

Recommending that the Senate advise and consent to the nominations of the following:

MOLOKAI IRRIGATION SYSTEM WATER USERS ADVISORY BOARD

G.M. No. 752 NATHANIEL OSWALD, for a term to expire 06-30-2025; and

G.M. No. 753 FAITH TUIPULOTU, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Nathaniel Oswald and Faith Tuipulotu for service on the Molokai Irrigation System Water Users Advisory Board.

NATHANIEL OSWALD

Your Committee received testimony in support of the nomination for the appointment of Nathaniel Oswald from the Department of Agriculture; Larry Jefts Farms, LLC; Hawai'i Farm Bureau; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Oswald's background, experience, and dedication to public service qualify him for appointment to the Molokai Irrigation System Water Users Advisory Board. Mr. Oswald currently owns Oswald Nursery Management, LLC and is the President of the Molokai County Farm Bureau. He previously was a production manager and research associate for Monsanto on Molokai, where he was responsible for daily operations and row crop nursey management, directly supervised all field crews, and gained knowledge in crop expectations and multi-season seed production. As an active farmer and user of the Molokai Irrigation System, Mr. Oswald is familiar with the needs and concerns of both users and the system and seeks to explore ways to maintain sustainable access to water. Therefore, your Committee finds that Mr. Oswald has the experience, knowledge, and desire to contribute to the community and will be an asset to the Molokai Irrigation System Water Users Advisory Board as the representative for the Molokai County Farm Bureau.

FAITH TUIPULOTU

Your Committee received testimony in support of the nomination for the reappointment of Faith Tuipulotu from the Department of Agriculture, Kalama'ula Mauka Homestead Association, one member of the House of Representatives, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Tuipulotu's background, experience, and dedication to public service qualify her for appointment to the Molokai Irrigation System Water Users Advisory Board. Ms. Tuipulotu is a third-generation farmer on Molokai, President of the Molokai Homestead Farmers Alliance, and works with the University of Hawaii's College of Tropical Agriculture's Cooperative Extension Service assisting farmers with land preparation and crop production. She also owns Tuipulotu Organics LLC where she delivers papayas, butternut squash, and bun long taro. She is an Organic Inspector for the Hawaii Organic Farming Association and offers organic certification services to farmers throughout the State. Ms. Tuipulotu sees it as her duty to encourage future generations to learn about farming and assist the State in achieving its goals in doubling local food production. Therefore, your Committee finds that Ms. Tuipulotu has the experience, knowledge, and desire to contribute to the community and will be an asset to the Molokai Irrigation System Water Users Advisory Board as the representative for the Molokai-Lanai Soil and Water Conservation District.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Nishihara, Fevella).

SCRep. 1763 Energy, Economic Development, and Tourism on Gov. Msg. No. 666

Recommending that the Senate advise and consent to the nomination of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT AD VISORY COUNCIL

G.M. No. 666 TEENA RASMUSSEN, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Teena Rasmussen for service on the Community-Based Economic Development (CBED) Advisory Council.

Your Committee received testimony in support of the nomination for the appointment of Teena Rasmussen from the Department of Business, Economic Development, and Tourism.

Upon review of the testimony, your Committee finds that Ms. Rasmussen's background and experience qualify her for appointment to the CBED Advisory Council. Demonstrating her business acumen, Ms. Rasmussen founded and operated a floral agriculture company on Maui, which under her leadership, grew to become the largest lei flower farm in the State. Additionally, Ms. Rasmussen has an established history serving on various business-related commissions and councils. She served as the Director of the Office of Economic Development for Maui County, a position she held for eight years. During that time, she oversaw a portfolio of \$80 million. Additionally, Ms. Rasmussen served on the Small Business Administration Advisory Council, the Governor's Small Business Advisory Council, the Maui County Salary Commission, and the Maui Economic Development Board. In light of her cumulative decades of service in these positions, your Committee finds her to be qualified and recommends Teena Rasmussen for appointment to CBED Advisory Council.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1764 Energy, Economic Development, and Tourism on Gov. Msg. No. 527

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII GREEN INFRASTRUCTURE AUTHORITY

G.M. No. 527 RICHARD WALLSGROVE, for a term to expire 06-30-2022

Your Committee reviewed the personal history, resume, and statement submitted by Richard Wallsgrove for service on the Hawaii Green Infrastructure Authority (HGIA).

Your Committee received testimony in support of the nomination for the appointment of Richard Wallsgrove from the Hawaii Green Infrastructure Authority; Hawaii State Energy Office; Department of Business, Economic Development, and Tourism; Hawaii Solar Energy Association; Hawaiian Electric Company; Blue Planet Foundation; and four individuals.

Upon review of the testimony, your Committee finds that Mr. Wallsgrove's background, experience, and dedication to clean energy qualify him for appointment to the HGIA. Mr. Wallsgrove has an impressive academic history, having received his Bachelor of Science degree from the University of California at Berkeley, Master's degree from the University of Hawaii at Manoa, and Juris Doctor degree from the William S. Richardson School of Law. Mr. Wallsgrove has a commitment to clean energy with many academic publications to his credit on subjects like solar energy, water resources, climate change, and wave power generation. He has worked as the policy director for Blue Planet Foundation, where he directed policy initiatives for clean energy advocacy. Currently, he is an assistant professor of law at the William S. Richardson School of Law, teaching courses on clean energy law. Your Committee therefore recommends that Richard Wallsgrove be appointed to the HGIA based on his extensive experience, knowledge, and willingness to serve the public.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has

found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1765 Ways and Means on Gov. Msg. No. 750

Recommending that the Senate advise and consent to the nomination of the following:

TAX REVIEW COMMISSION

G.M. No. 750 WINSTON WONG, for a term to expire upon completion of the Tax Review Commission's duties or dissolution of the Tax Review Commission

Your Committee reviewed the personal statements and resume submitted by Winston Wong for service on the Tax Review Commission.

Your Committee received testimony in support of the nomination of Winston Wong from the Department of Taxation and six individuals.

Upon review of the testimony and the nominee's qualifications, your Committee recognizes that Mr. Wong has significant experience in the fields of taxation, accounting, and law, currently serves as Vice President of the Hawaii State Bar Association's Tax Section, and is a well-respected and highly-regarded member of Hawaii's legal community.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1766 Energy, Economic Development, and Tourism on Gov. Msg. No. 667

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS

G.M. No. 667 DAVID DE LUZ JR, for a term to expire 06-30-2025

Your Committee reviewed the personal history and resume submitted by David De Luz, Jr. for service on the board of directors of the Pacific International Space Center for Exploration Systems.

Your Committee received testimony in support of the nomination for the appointment of David De Luz, Jr. from the Pacific International Space Center for Exploration Systems.

Upon review of the testimony, your Committee finds that Mr. De Luz's background and experience qualify him for appointment to the board of directors of the Pacific International Space Center for Exploration Systems. Mr. De Luz is a well respected member of the Hilo community and his ideas and vision for boosting the economic recovery of the State will lend valuable insights to the Board. Born and raised in East Hawaii, Mr. De Luz received his degree in business administration from Creighton University and since 1986 has been working in the family business, David S. De Luz Sr. Enterprises, Inc., which operates Big Island Toyota, De Luz Chevrolet, Kukaiau Ranch, and Hawaii Beef Producers. Your Committee notes that Mr. De Luz has an established history serving the Big Island community on various boards and commissions, including Junior Achievement of Hawaii; Rotary Club of Hilo Bay; Boy Scouts of America, Aloha Council/Big Island; Crime Stoppers, East Hawaii Community FCU; County of Hawaii Department of Water Supply; and County of Hawaii Workforce Development Board, among many other local organizations. His commitment and dedication to the Big Island community and his reputation as a prominent member of the East Hawaii business community will be valuable assets to the board and therefore your Committee recommends that Mr. De Luz be appointed to the Board of Directors of the Pacific International Space Center for Exploration Systems.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1767 (Joint) Agriculture and Environment and Water and Land on H.C.R. No. 69

The purpose and intent of this measure is to request the Department of Land and Natural Resources to submit a petition to list the pueo as a threatened or endangered species under the Endangered Species Act.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawaii College of Tropical Agriculture and Human Resources, Kawaihapai Ohana, Hawaii's Thousand Friends, and three individuals.

Your Committees find that the pueo is a species endemic to Hawaii and an aumakua of Hawaiian families. Under the federal definitions, a species is listed as either an endangered or threatened species depending on its status and the degree of threat it faces. The Department of Land and Natural Resources has listed the population of pueo on Oahu as endangered with extensive loss of habitat due to wide-ranging cattle pasturage, conversion of large tracts of undeveloped land to residential and commercial uses, the

introduction of mammalian predators, and the trampling of nests by cattle. Due to its wide range and cryptic nature, no comprehensive population estimates have been conducted and relatively little information is available about the biology, habitat needs, limiting factors, or distribution of the pueo. Therefore, a listing petition would prioritize research and inventory on understanding population trends, distribution, genetics, and threat assessment in support of a federal listing determination.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 69, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 69, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

SCRep. 1768 Water and Land on H.C.R. No. 96

The purpose and intent of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu, in conjunction with the United States Army Corps of Engineers and Department of Environmental Services of the City and County of Honolulu, to:

- (1) Immediately clean the drainage canals and streams in Kaneohe and Kailua; and
- (2) Develop recommended cleaning schedules for drainage canals and streams and regularly clean the drainage canals and streams in Kaneohe and Kailua based on this schedule.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that keeping the streams and drainage systems clear of debris and sediments in the City and County of Honolulu is in the public interest.

Upon request of the introducer of this measure, your Committee has amended this measure by urging the City and County of Honolulu to also clean and regularly maintain the streams of Waimanalo.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 96, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1769 (Joint) Transportation and Commerce and Consumer Protection on H.C.R. No. 95

The purpose and intent of this measure is to urge Hawaii helicopter companies to avoid conducting non-emergency flights over residential neighborhoods.

Your Committees received testimony in support of this measure from the Kawaihapai Ohana and four individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that commercial helicopters flying over residential neighborhoods negatively impact the quality of life of residents and present unnecessary safety risks to those on the ground beneath the flight path. In 2019, a commercial helicopter crashed in Kailua, Oahu, killing three people and closing Oneawa Street for hours as the wreckage was cleared. Your Committees note that there is no valid reason why commercial helicopters should fly over residential neighborhoods except in cases of emergencies. Therefore, this measure urges Hawaii commercial helicopter companies to stop flights over residential neighborhoods.

As affirmed by the records of votes of the members of your Committees on Transportation and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 95, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 4. Noes, none. Excused, 1 (English).

Commerce and Consumer Protection: Ayes, 7. Noes, none. Excused, none.

SCRep. 1770 Ways and Means on Gov. Msg. No. 502

Recommending that the Senate advise and consent to the nomination of the following:

DIRECTOR OF THE DEPARTMENT OF TAXATION

G.M. No. 502 ISAAC CHOY, for a term to expire at noon on 12-05-2022

Your Committee reviewed the personal history, resume, and statement submitted by Isaac Choy for service as Director of Taxation.

Your Committee received testimony in support of the nomination for the appointment of Isaac Choy from the Governor; Department of Labor and Industrial Relations; Department of Public Safety; Department of Defense; Department of Accounting and General Services; Department of Business, Economic Development, and Tourism; Department of Budget and Finance; Department of Land and Natural Resources; Department of Transportation; Department of Agriculture; Department of Human Resources Development; Department of Human Services; Office of Enterprise Technology Services; an administrative appeals officer in the Department of Taxation; a member of the House of Representatives; the Hawaii State Energy Office; Hawaii Society of CPAs; Hawaii Primary Care Association; Hawaii Association of Public Accountants; Roberts Hawaii; and numerous individuals.

Your Committee notes that Mr. Choy currently serves as the Interim Director of Taxation. Your Committee recognizes that Mr. Choy is a licensed Certified Public Accountant and for many years ran his own full-service public accounting firm. He also represented District 23 in the Hawaii State House of Representatives for ten years, serving as the chairperson or member of a wide range of committees. He also acted as Controller of Koolauloa Health Center and served in the United States Marine Corps. Mr. Choy is also the Chair of the Tax Review Commission, a former President of the Hawaii Association of Public Accountants, and former a member of the University of Hawaii School of Accountancy Advisory Board. Your Committee believes that as the State's residents recover from the coronavirus disease 2019 (COVID-19) pandemic, Mr. Choy's expertise and extensive knowledge of government and business will be of great assistance to the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1771 (Joint) Health and Human Services and Education on H.C.R. No. 162

The purpose and intent of this measure is to request that the Department of Human Services; Department of Health, via the Behavioral Risk Factor Surveillance System; and Department of Education, via the Youth Risk Behavior Surveillance System, collect information on the sex, sexual orientation, gender identity, and gender expression of respondents, including respondents who are under the supervision of the courts and the Hawaii Youth Correctional Facility.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs, LGBT Caucus of the Democratic Party of Hawaii, Hawaii Youth Services Network, LGBTQ+ Rainbow Alliance, Planned Parenthood Alliance Advocates, Pride at Work - Hawaii, Rainbow Family 808, The Trevor Project, and seven individuals. Your Committees received comments on this measure from the Department of Human Services and Department of Health.

Your Committees find that lesbian, gay, bisexual, transgender, queer or questioning and intersex (LGBTQI) youth, particularly LGBTQI youth of color, face discrimination and stigma that leads to criminalization and increased interactions with law enforcement and the criminal justice system. Your Committees further find that LGBTQI youth of color and transgender and non-conforming youth are particularly overrepresented in the juvenile and criminal justice systems. Data collected on sexual orientation, gender identity, gender expression, and intersex variation intersects with statewide anti-discrimination work and could inform decision-making processes, such as identifying the possible disproportionate impact of the criminal justice system and evaluating the efficacy of work done to alleviate obstacles unique to LGBTQI youth populations. This measure requests the Departments of Human Services, Health, and Education to collect information on the sex, sexual orientation, gender identity, and gender expression of respondents, including respondents who are under the supervision of the courts and the Hawaii Youth Correctional Facility.

Your Committees recognize the testimony of the Department of Health, which explained that the Behavior Risk Factor Surveillance System and the Youth Risk Behavior Survey do not collect data on people under the supervision of the courts and the Hawaii Youth Correctional Facility. Therefore, this measure as written would not effectively obtain the requested information. Accordingly, your Committees have amended this measure by:

- (1) Removing the references to the Behavior Risk Factor Surveillance System and Youth Risk Behavior Surveillance System;
- (2) Requesting the Departments of Public Safety and Human Services to work with the Departments of Health and Education and the Judiciary to submit a plan to account for gender identity with respect to incarcerated and court-involved youth;
- (3) Requesting the departments to work with the Sexual and Gender Minority Workgroup to address the incidence of LGBTQI youth in the juvenile and criminal justice systems;
- (4) Amending the measure's title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health, Human Services, and Education that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 162, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 162, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees. Health: Ayes, 5. Noes, none. Excused, none.

Human Services: Ayes, 5. Noes, none. Excused, none.

Education: Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 1772 (Joint) Health and Commerce and Consumer Protection on H.C.R. No. 123

The purpose and intent of this measure is to request that the Board of Nursing and Hawaii Medical Board convene a working group to determine the gaps in access to health care and the potential role advanced practice registered nurses may play in addressing these gaps.

Your Committees received testimony in support of this measure from AlohaCare and The Queen's Health Systems. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the University of Hawai's System, Board of Nursing, Hawaii Medical Board, and Hawai's State Center for Nursing.

Your Committees find that there is a physician shortage in the State that often leaves rural communities with challenges to health care access. Your Committees further find that the Legislature is considering legislation to expand the scope of practice for advanced practice registered nurses and physician assistants; however, there is a need to clearly define the differences between physicians,

advanced practice registered nurses, and physician assistants and what each profession's scope of practice in Hawaii should be. This measure requests the convening of a working group to determine how advanced practice registered nurses could increase access to health care throughout the State.

Your Committees recognize the testimonies of the Board of Nursing and Hawaii Medical Board, both of which expressed preference for the language contained in H.C.R. No. 124 but which was not set for hearing. Therefore, your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of H.C.R. No. 124, H.D. 1, a substantially similar measure which requests the Legislative Reference Bureau to conduct an analysis of advanced practice registered nurses and physician assistants;
- Replacing the Legislative Reference Bureau with the University of Hawaii School of Nursing & Dentistry as the agency to conduct the analysis;
- (3) Amending its title to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 123, H.D. 1, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 123, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 5. Noes, none. Excused, none.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (Riviere).

SCRep. 1773 Ways and Means on H.C.R. No. 44

The purpose and intent of this measure is to urge President Joseph R. Biden, Jr., and the Asia-Pacific Economic Cooperation to hold the 2023 Asia-Pacific Economic Cooperation Summit in the City and County of Honolulu.

Your Committee received written comments in support of this measure from the Hawaii Tourism Authority.

Your Committee finds that holding the Asia-Pacific Economic Cooperation Summit in Honolulu would bring numerous attendees, support staff, and accompanying media to the State and help boost the economy as the State works to recover from the effects of the coronavirus disease 2019 pandemic.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 44, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1774 Ways and Means on H.C.R. No. 59

The purpose and intent of this measure is to recognize and support ongoing collaborative efforts by state agencies and private organizations to implement the "Hep Free 2030" statewide strategy to eliminate viral hepatitis types A, B, and C in Hawaii.

More specifically, this measure requests that the House Committee on Health, Human Services, and Homelessness, and Senate Committee on Health, convene two joint informational briefings after the completion of the Regular Session of 2021, but before the commencement of the Regular Session of 2022, to:

- (1) Assess the status of, and progress made toward, implementation of the "Hep Free 2030" statewide strategy; and
- (2) Receive proposed legislation that the Executive Director of Hep Free Hawaii is urged to submit for the Legislature to consider during the Regular Session of 2022.

Your Committee received written comments in support of this measure from Hep Free Hawaii; Hawaii Health and Harm Reduction Center; Hawaii Learning Groups, LLC; and fifteen individuals.

Your Committee finds that state agencies and private organizations are engaged in multiple measures aimed at eliminating and reducing viral hepatitis in the State, especially among underserved and at-risk communities. Your Committee further finds that continued coordination and ongoing efforts are needed to further implement the "Hep Free 2030" statewide strategy, and that the joint informational briefings requested by this measure are an important component of this collaborative endeavor to improve public health.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1775 Ways and Means on H.C.R. No. 97

The purpose and intent of this measure is to request the convening of a North Road management task force to make recommendations on safety improvements for, and unified management of, North Road, in Ewa Beach on the island of Oahu.

Your Committee received written comments in support of this measure from the Department of Transportation.

Your Committee finds that illegal dumping, homeless encampments, abandoned cars, poor maintenance, and safety issues plague North Road. Accordingly, your Committee believes that it is appropriate to convene a task force to address the management of, and safety issues associated with, North Road.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 97, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1776 Ways and Means on H.C.R. No. 104

The purpose and intent of this measure is to request that the Director of Labor and Industrial Relations convene a task force to study, design, and develop a paid family leave pilot program to cover employers and employees in the County of Kauai and that could eventually be expanded to cover all public and private sector workers in the State.

More specifically, this measure requests that the task force:

- (1) Commence its work upon the appointment of a simple majority of its members;
- (2) Recommend the basic structure of a paid family leave pilot program;
- (3) Examine impacts and estimated costs of establishing and implementing the pilot program;
- (4) Examine opportunities and challenges of expanding the pilot program to the State's entire workforce; and
- (5) Report its findings and recommendations to the Legislature no later than twenty days prior to the convening of the Regular Session of 20202.

Your Committee received written comments in support of this measure from the Office of Hawaiian Affairs, Department of Labor and Industrial Relations, Planned Parenthood Alliance Advocates - Hawaii, AAUW of Hawaii, Hawaii Children's Action Network Speaks!, and Breastfeeding Hawaii.

Your Committee finds that most workers will need to take time off from work at some point in their lives to care for a family member. Your Committee also finds that due to financial constraints, a majority of Hawaii's workforce cannot afford to take unpaid leave for family caregiving purposes. Your Committee believes that convening a task force to develop an expandable paid family leave pilot program is a first step toward addressing these issues and alleviating a hardship that affects many of Hawaii's workers.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1777 Ways and Means on H.C.R. No. 166

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Kapaa, Kawaihau, Kauai, for the construction of a sandbag groin and for use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in disposition of state submerged lands. The Board has approved the issuance of a revocable permit for a shoreline protection structure, beach nourishment activities, and installation of the sandbag groin on state submerged lands identified as Tax Map Key: (4) 4-3-009: seaward of 041. The association of apartment owners for a property located near the permit area has worked with the Department of Land and Natural Resources to obtain a long-term non-exclusive easement for the sandbag groin. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 2, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1778 (Joint) Public Safety, Intergovernmental, and Military Affairs and Health on H.C.R. No. 91

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency to convene a resiliency health disaster task force to develop a coordinated statewide resiliency health disaster plan.

Your Committees received testimony in support of this measure from one individual. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Hawai'i Emergency Management Agency.

You Committees find that Hawaii is vulnerable to a wide range of economic, social, and environmental hazards that threaten the health, safety, and well-being of its people. Many of these challenges disproportionately impact low-income communities and small businesses, who are often not prepared for such events. This measure will create a task force to develop a coordinated statewide

resiliency health disaster plan that will help ensure that local residents and businesses are prepared for the impact of future health-related disasters.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs and Health that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 91, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (English, Fevella).

Health: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1779 Ways and Means on H.C.R. No. 24

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Waiohuli-Keokea Homesteads and Beach Lots, Kihei, Maui, for the existing seawall and rock revetment, and for use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in disposition of state submerged lands. The Board has identified portions of an existing seawall and rock revetment fronting the property identified as Tax Map Key: (2) 3-9-010:006 as encroaching upon state submerged lands. The current owner of the abutting property has worked with the Department of Land and Natural Resources to obtain a long-term non-exclusive easement, as the seawall and rock revetment are located on state submerged lands. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1780 Ways and Means on H.C.R. No. 25

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Maunalua, Honolulu, Oahu, for the existing seawall and for use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in disposition of state submerged lands. The Board has identified portions of an existing seawall fronting the property identified as Tax Map Key: (1) 3-9-016:036 as encroaching upon state submerged lands. The current owner of the abutting property has worked with the Department of Land and Natural Resources to obtain a long-term non-exclusive easement, as the seawall is located on state submerged lands. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1781 Ways and Means on H.C.R. No. 49

The purpose and intent of this measure is to authorize the issuance of a lease for state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to lease the state submerged lands fronting the property bound by Pier 27 in Honolulu Harbor for a repair and maintenance facility.

Your Committee received written comments in support of this measure from the Department of Transportation and Atlantis Submarines Hawaii, LLC.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in disposition of state submerged lands. In 2014, to make way for the Kapalama Container Terminal, the Department of Transportation relocated the facility operated by Atlantis Submarines Hawaii, LLC (Atlantis), from Pier 41 to Pier 27, identified as Tax Map Key: (1) 1-5-038:78 (portion). Atlantis has worked with the Department of Land and Natural Resources to obtain a long-term lease for the use of Pier 27. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 49, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1782 Ways and Means on H.C.R. No. 68

The purpose and intent of this measure is to request the Department of Education to create a landscape management plan.

More specifically, the measure requests that the Department:

- (1) Develop a plan to increase tree canopies on public school grounds;
- (2) Document existing inventory and talent; and
- (3) Identify additional resources that are required to implement and sustain the plan.

Your Committee received written comments in support of this measure from Climate Protectors Hawaii.

Your Committee finds that increasing tree canopies on school campuses will provide heat abatement, offer learning opportunities, mitigate greenhouse gas emissions, and help advance the State's environmental goals.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1783 Ways and Means on H.C.R. No. 70

The purpose and intent of this measure is to authorize the lease of state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to lease a portion of state submerged lands seaward of the property located in Kaneohe Bay, Kaneohe, Oahu, for recreational boat pier purposes.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in disposition of state submerged lands. The Board of Land and Natural Resources seeks to lease submerged lands seaward of Tax Map Key: (1) 4-4-022:032 for recreational boat pier purposes, subject to the terms, covenants, and conditions set forth in the lease. Your Committee further finds that this measure expresses the requisite legislative approval so that the Board of Land and Natural Resources may lease those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1784 Ways and Means on H.C.R. No. 89

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

More specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located at 3600 Wailea Alanui Drive, Kihei, Maui, for a stairway.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in disposition of state submerged lands. The Board has identified portions of a stairway fronting the property identified as Tax Map Key: (2) 2-1-008: seaward of 069 at Wailea, Maui, as encroaching upon state submerged lands. The current owner of the abutting property has worked with the Department of Land and Natural Resources to obtain a long-term non-exclusive easement, as the stairway is located on state submerged lands. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 89, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1785 Judiciary on H.C.R. No. 5

The purpose and intent of this measure is to establish a Joint Committee on Judicial Selection

Your Committee received testimony in support of this measure from the Judicial Selection Commission Steering Committee and one individual. Your Committee received comments on this measure from the Judiciary, Judicial Selection Commission, Legislative Reference Bureau, Hawai'i Women Lawyers, and American Judicature Society.

Your Committee finds that the Judicial Selection Commission was proposed by the 1978 Constitutional Convention as a method of selecting judges based solely on their qualifications and not on political patronage. Your Committee further finds that the intent was to create a merit-based selection process to assure the public that only the candidates best qualified for a vacancy would be considered for judicial appointment. Your Committee additionally finds that, to keep deliberations confidential, the rules of the Judicial Selection

Commission provide, in perpetuity, blanket confidentiality for information relating to the identity of any applicant, information received from or about current or former applicants and petitioners, and any communications among or votes by commissioners that have transpired in the course of their deliberations on any subject. Your Committee additionally finds that, to preserve the State's merit-based selection process, it is critical that the public has a clear understanding of the thorough process utilized by the Judicial Selection Commission in selecting and retaining judges and justices.

Your Committee notes the testimony of the Legislative Reference Bureau and requests that the Joint Committee on Judicial Selection adhere to the deadline of October 1, 2021, should the Committee wish to use the resources of the Legislative Reference Bureau

Your Committee has amended this measure by:

- (1) Reducing the number of members of the Joint Committee on Judicial Selection appointed by the Speaker of the House of Representatives and the President of the Senate to one each;
- (2) Requesting that one member of the Committee be appointed by Hawai'i Women Lawyers;
- (3) Requesting that the Committee work with the Judicial Selection Commission to improve recruitment in terms of quantity of applicants, in addition to qualifications of applicants;
- (4) Requesting the report of the Committee to be submitted to the Legislature no less than forty days prior to the convening of the Regular Session of 2022; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 5, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 5, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, none. Excused, 2 (Kim, Lee).

SCRep. 1786 Judiciary on H.C.R. No. 154

The purpose and intent of this measure is to condemn all forms of anti-Asian sentiment as related to COVID-19 and urge greater investment in federal, state, and local resources to develop and support community-wide solutions.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Hawai'i Health and Harm Reduction Center, Common Cause Hawai'i, Rainbow Family 808, Planned Parenthood Alliance Advocates, Hawai'i Friends of Civil Rights, Imua Alliance, Democratic Party of Hawai'i Education Caucus, and fourteen individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that a long and well-documented history of anti-Asian sentiment, going back to the nineteenth century, exists in the United States. Your Committee further finds that a spike in anti-Asian sentiment has occurred since the beginning of the coronavirus disease 2019 (COVID-19) pandemic. Anti-Asian terminology and rhetoric related to COVID-19 has perpetuated stigmas and resulted in Asian Americans being harassed, assaulted, and scapegoated. Your Committee additionally finds that anti-Pacific Islander sentiment also has a long history in the State, and that discriminatory incidents against Pacific-Islanders have also increased.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Civil Rights Division of the United States Department of Justice to identify and analyze incidents based on anti-Asian and anti-Pacific Islander sentiments, including disproportionate numbers of homicides of Pacific Islanders by law enforcement, and inform the Legislature of the Division's findings at the earliest opportunity;
- (2) Amending its title in accordance with its amended purpose;
- (3) Providing for certified copies to be sent to the United States Attorney General, United States Attorney assigned to Hawai'i, members of Hawai'i's congressional delegation, and Chairperson of the Hawai'i Civil Rights Commission; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 154, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 154, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, none. Excused, 2 (Kim, Lee).

SCRep. 1787 Judiciary on H.C.R. No. 11

The purpose and intent of this measure is to request the Hawai'i State Commission on the Status of Women to convene a task force to study missing and murdered Native Hawaiian women and girls.

Your Committee received testimony in support of this measure from the Judiciary, Department of Health, Hawai'i Children's Action Network Speaks!, and Planned Parenthood Alliance Advocates – Hawai'i.

Your Committee finds that missing and murdered native women is a human rights crisis that disproportionately affects indigenous peoples in the United States and Canada, notably those in Native American communities. Your Committee further finds that there are concerns about the high rate of sexual violence against Native Hawaiian women. Native Hawaiians represent the largest ethnic group among sex abuse victims and Native Hawaiian girls are over-represented among juvenile runaways, but until recently no

comprehensive data on the prevalence of sex trafficking victimization among Native Hawaiians was available. This measure requests the Hawaiii State Commission on the Status of Women to convene a task force to gather and analyze further information relating to this crisis.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, none. Excused, 2 (Acasio, Gabbard).

SCRep. 1788 Judiciary on H.C.R. No. 76

The purpose and intent of this measure is to request the establishment of a working group to assess the status of Act 14, Special Session Laws of Hawaii 1995, and the Hawaiian Homes Commission Act of 1920, as amended.

Your Committee received testimony in support of this measure from the Sovereign Council of Hawaiian Homestead Associations. Your Committee received testimony in opposition to this measure from the Department of Hawaiian Home Lands. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Legislature passed Act 14, Special Session Laws of Hawaii 1995 (Act 14), to provide for a full settlement of all land claims made on behalf of the Hawaiian Home Lands Trust against the State between August 1, 1959, and July 1, 1988, established the Hawaiian Homes Lands Trust Fund, and required the State to make twenty annual deposits of \$30,000,000 or their discounted equivalent into the Fund for purposes of resolving the State's obligations under the Hawaiian Homes Commission Act of 1920, as amended. Your Committee further finds that over twenty-five years have passed since the enactment of Act 14, and that despite the assurances of fulfilling homestead obligations to Hawaiian Homes Commission Act (HHCA) beneficiaries, the need for affordable housing for beneficiaries remains great. More than two thousand native Hawaiian beneficiaries have died while on the Hawaiian homes waiting list for a home land lease, and twenty-eight thousand beneficiaries currently remain on the list, causing HHCA beneficiaries to languish. Your Committee additionally finds that the existing status of Act 14 and whether its mandates to provide for a settlement of all state land claims is unknown. This measure requests the establishment of a working group to assess the status of the State's obligations pursuant to Act 14.

Your Committee has amended this measure by:

- (1) Amending the working group membership to add the Chairperson of the Sovereign Council of Hawaiian Homestead Associations or the chairperson's designee and any other member deemed necessary by the working group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 76, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 76, S.D. 2.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, none. Excused, 1 (Gabbard).

SCRep. 1789 Judiciary on H.C.R. No. 132

The purpose and intent of this measure is to request the Department of Health to apply to the Drug Enforcement Administration's Office of Diversion Control for an exception under Title 21 Code of Federal Regulations section 1307.03, and request formal written acknowledgement that the listing of marihuana, marihuana extract, and tetrahydrocannabinols as controlled substances in Federal Schedule I does not apply to the protected activities in the Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from Akamai Cannabis Clinic and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Act 228, Session Laws of Hawaii 2000, authorizes the use of medical cannabis to treat debilitating medical conditions, including cancer, glaucoma, human immunodeficiency virus, acquired immune deficiency syndrome, and other chronic or debilitating diseases. Your Committee further finds that because federal law prohibits the use of cannabis, including the use of medical cannabis, there is a lack of clarity between State and federal cannabis laws that has significant repercussions for medical cannabis patients and the State's medical cannabis dispensaries. Title 21 Code of Federal Regulations section 1307.03 allows the Department of the Drug Enforcement Administration to grant exceptions to certain federal regulations. This measure requests the Department of Health to submit a request to the Drug Enforcement Administration for an exception to marihuana regulations pursuant to Title 21 Code of Federal Regulations section 1307.03.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 132, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 6. Noes, none. Excused, 1 (Gabbard).

SCRep. 1790 Judiciary on H.C.R. No. 163

The purpose and intent of this measure is to request the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui for the Hui's existing use of water from Wai'oli stream via direct negotiation, upon its completion of requirements pursuant to chapter 343, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Mayor of the County of Kauai, Hanalei Watershed Hui, Huliauapa'a, Wai'oli Valley Taro Hui, Hawaiian Islands Land Trust, Hanalei Hawaiian Civic Club, and twenty-six individuals.

Your Committee finds that the traditional cultural practice of lo'i kalo cultivation in Wai'oli Valley has thrived since at least the fifteenth century, and is a vital Native Hawaiian cultural resource. The traditional lo'i kalo irrigation system is an indigenous surface water system that has long been used to connect flowing water to kalo fields. Your Committee further finds that the unprecedented floods of 2018 destroyed the historic mānowai (traditional instream diversion structure) in Wai'oli, Kaua'i, and severely damaged the 'auwai (irrigation ditch), thereby impacting water flow to ancient lo'i kalo and reducing Wai'oli Valley Taro Hui's ability to restore it fields and feed its community. Your Committee additionally finds that during the disaster recovery and repair efforts, the Wai'oli Valley Taro Hui was informed that its traditional lo'i kalo irrigation system, including the mānowai and 'auwai, was located on state conservation land, thus requiring a water lease. This measure requests the Board of Land and Natural Resources to enter into a long-term water lease with the Wai'oli Valley Taro Hui.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 163, H.D. 1, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1791 Judiciary on H.C.R. No. 112

The purpose and intent of this measure is to declare racism as a public health crisis.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, University of Hawaii John A. Burns School of Medicine, Community Alliance on Prisons, Hawaii Health and Harm Reduction Center, Rainbow Family 808, Young Progressives Demanding Action, Planned Parenthood Alliance Advocates, Spoehr Foundation, American Heart Association, Hawaii Public Health Association, YWCA O'ahu, Waimānalo Health Center, Hawaii Pacific University College of Health and Society, Imua Alliance, Democratic Party of Hawaii Education Caucus, Hawaii Children's Action Network Speaks!, Hawaii Public Health Institute, Hawaii Appleseed Center for Law and Economic Justice, Papa Ola Lōkahi, and thirty-five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Common Cause Hawaii and one individual.

Your Committee finds that racism is the belief, theory, or doctrine that a certain race of people is inherently superior to people from other racial groups, race is therefore a fundamental determinant of human traits and capacities, and racial differences produce an inherent superiority of a particular race. Your Committee further finds that racism's influence on public health has been recognized by the World Health Organization, Centers for Disease Control and Prevention, Department of Health, Judiciary, Hawai'i State Commission on the Status of Women, Papa Ola Lōkahi, 'Ahahui o Nā Kauka, American Civil Liberties Union of Hawai'i, and many others. Your Committee additionally finds that to best accomplish the Hawai'i State Planning Act's objective of the "elimination of health disparities by identifying and addressing social determinants of health", institutionalized racism and racist policies must be dismantled.

Your Committee has amended this measure by:

- (1) Recognizing the importance of operationalizing antiracist practices and policies through educational opportunities, training, and continued learning with national networks of government working to achieve racial equity and advance opportunities for all:
- (2) Expressing a commitment to understanding and addressing systemic racism;
- (3) Expanding contextual information on the impacts of individual, institutional, structural, and systemic racism; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 112, S.D. 1.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, none. Excused, 2 (Kim, Lee).

SCRep. 1792 Education on H.C.R. No. 178

The purpose and intent of this measure is to request the Department of Education to provide free menstrual products to students on all Hawaii public school campuses.

Your Committee received testimony in support of this measure from the American Association of University Women of Hawaii, Hawai'i State Commission on the Status of Women, and six individuals.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which deletes the contents of the measure and inserts language to request the convening of a working group to discuss the role of the authorizer, its relationship with charter schools, the accountability for the use of public funds, and whether legislation is required to effectuate any desired changes.

Your Committee received testimony in support of the proposed S.D. 1 from the State Public Charter School Commission.

Your Committee finds that the Hawaii State Public Charter School Commission has faced questions on the role of the authorizer and its relationship with charter schools. There is a need to clarify the purpose and intent of charter school authorizers. Your Committee

also notes that the need for transparency and accountability for the use of public funds must be balanced with the authority for the charter school to educate our keiki. This measure will convene a Charter School Authorizers Working Group to address these problems.

Your Committee has amended this measure by adopting the proposed SD1.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 178, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1793 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 606

Recommending that the Senate advise and consent to the nomination of the following:

CRIME VICTIM COMPENSATION COMMISSION

G.M. No. 606 MARI BELLINGER, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Mari Bellinger for service on the Crime Victim Compensation Commission.

Your Committee received testimony in support of the nomination for the appointment of Mari Bellinger from the Crime Victim Compensation Commission, Department of Public Safety, and one individual.

Upon review of the testimony, your Committee finds that Ms. Bellinger's knowledge, experience, and compassionate advocacy for crime victims qualify her to be nominated for appointment to the Crime Victim Compensation Commission. Your Committee further finds that Ms. Bellinger has dedicated nearly thirty years to assisting crime victims, including previously acting as a Commissioner and Chair of the Crime Victim Compensation Commission after serving over thirty years as a Victim/Witness at the City and County of Honolulu, Department of the Prosecuting Attorney. Your Committee notes that Ms. Bellinger has specialized expertise in the provision of services to underserved victim populations and in the treatment of sexual assault and domestic violence abuse survivors with Post-Traumatic Stress Disorder, which are special areas of concern for the Crime Victim Compensation Commission. Your Committee therefore recommends that Ms. Bellinger be appointed to the Crime Victim Compensation Commission based on her background, training, expertise, and commitment.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1794 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 798, 799, 800, 801, and 802

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

G.M. No. 798 KEITH DOWNING, for a term to expire 06-30-2022;

G.M. No. 799 DAVID ARAKAWA, for a term to expire 06-30-2024;

G.M. No. 800 DYLAN CHING, for a term to expire 06-30-2024;

G.M. No. 801 SIGMUND ZANE, for a term to expire 06-30-2024; and

G.M. No. 802 SHERRY MENOR-MCNAMARA, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Keith Downing, David Arakawa, Dylan Ching, Sigmund Zane, and Sherry Menor-McNamara for nomination to the Board of Directors of the Hawaii Tourism Authority.

KEITH DOWNING

Your Committee received testimony in support of the nomination for the appointment of Keith Downing from the Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Friends of Kewalos; and five individuals.

Upon review of the testimony, your Committee finds that Mr. Downing's knowledge, experience, and desire to serve qualify him to be appointed to the Board of Directors of the Hawaii Tourism Authority as a director at-large. Born and raised in Honolulu, Mr. Downing is an expert waterman and respected big-wave rider. Mr. Downing graduated with a degree in commercial art from California College of the Arts and designed logos for surf industry giants Quiksilver and O'Neill. Currently, Mr. Downing, along with his sister, run the family-owned business, Downing Hawaii, which is also Hawaii's oldest surf shop. Mr. Downing's long-term involvement with the non-profit group, Surfing Education Association, shows his dedication to the preservation of Hawaii's coral reefs, waves, and beaches. Your Committee further finds that Mr. Downing has served as a member of the State Board of Land and Natural Resources from 2015 to 2019. He understands the role and responsibilities of board members and the insight he offers based on his experience will further enhance the efforts of the Board of Directors of the Hawaii Tourism Authority. Therefore, your Committee recommends that Mr. Downing be appointed to the Board of Directors of the Hawaii Tourism Authority based on his background, experience, and desire to serve the public.

DAVID ARAKAWA

Your Committee received testimony in support of the nomination for the reappointment of David Arakawa from the Department of Agriculture; Department of Business, Economic Development, and Tourism; Office of Planning; Hawaii State Energy Office; Hawaii Housing Finance and Development Corporation; Matson Navigation Company, Inc.; Hawaii Farm Bureau; Hawaii Laborers-Employers Cooperation and Education Trust Fund; Pacific Resource Partnership; Hawaii Cattlemen's Council, Inc.; Chamber of Commerce Hawaii; Hawaiian Airlines; Ponohono Ranch Limited; and twenty-eight individuals.

Upon review of the testimony, your Committee finds that Mr. Arakawa's knowledge, experience, and commitment to public service qualify him to be reappointed to the Board of Directors of the Hawaii Tourism Authority as a director at-large. Raised in Honolulu, Mr. Arakawa currently serves as Executive Director of the Land Use Research Foundation of Hawaii, a private, nonprofit research and trade association whose members include major Hawaii landowners, developers, resort operators, and a utility company. He graduated from the University of Hawaii at Manoa and earned his law degree from the William S. Richardson School of Law. An attorney by trade, Mr. Arakawa has previously served as the Senior Vice President, General Counsel, and Corporate Secretary for Hawaiian Airlines. He has been appointed to various state and local advisory committees and task forces, such as the Managing Capacity Work Group for the Hawaii Tourism Authority Strategic Plan, 2015-2020. Your Committee further finds that Mr. Arakawa has served as a member on the Board of Directors of the Hawaii Tourism Authority since 2018, and is the current Chair of the Audit Committee, Vice Chair of the Legislative Committee, Vice Chair of the Budget and Finance Committee, and member of the Administration Committee. He has a thorough understanding of the role and responsibilities of board members and his extensive experience in land use, resort development, and employment and administrative law will continue to enhance the effectiveness of the Board of Directors of the Hawaii Tourism Authority. Therefore, your Committee recommends that Mr. Arakawa be reappointed to the Board of Directors of the Hawaii Tourism Authority based on his background, experience, and commitment to public service and his industry.

DYLAN CHING

Your Committee received testimony in support of the nomination for the appointment of Dylan Ching from the Department of Business, Economic Development, and Tourism; Hawai'i Lodging & Tourism Association; and six individuals.

Upon review of the testimony, your Committee finds that Mr. Ching's knowledge, experience, and dedication to public service qualify him to be appointed to the Board of Directors of the Hawaii Tourism Authority as a director at-large. Raised in Hawaii, Mr. Ching is currently the Vice President of Operations for TS Restaurants on Oahu and Kauai since 2019, where he oversees the operations, financial health, personnel, and community outreach for Duke's Waikiki, Hula Grill Waikiki, Keoki's Paradise in Poipu, and Duke's Kauai. He is also involved in a number of civic and community activities, such as the Waikiki Community Center Board, Waikiki Beach Special Improvement District Association Board, Tommy Holmes Foundation Board, Waikiki Business Improvement Board, Bishop Museum Association Council Board, and Boys and Girls Club of Hawaii Corporate Board. Your Committee further finds that Mr. Ching has a thorough understanding of the role and responsibilities of board members and his extensive experience in the service and hospitality industry will enhance the effectiveness of the Board of Directors of the Hawaii Tourism Authority. Therefore, your Committee recommends that Mr. Ching be appointed to the Board of Directors of the Hawaii Tourism Authority based on his background, experience, and dedication to public service.

SIGMUND ZANE

Your Committee received testimony in support of the nomination for the appointment of Sigmund Zane from the Department of Business, Economic Development, and Tourism and Hawaiian Airlines.

Upon review of the testimony, your Committee finds that Mr. Zane's knowledge, experience, and desire to serve qualify him to be appointed to the Board of Directors of the Hawaii Tourism Authority. Mr. Zane was raised in Honolulu and attended the University of Hawaii at Hilo. In 1985, he and his wife opened Sig Zane Designs, a clothing store with the mission to educate and share their knowledge of Hawaiian culture. Today, Sig Zane Designs is a globally recognized brand known for its thoughtful, hand-cut designs, and plant prints. In addition to his experience as a small business owner, Mr. Zane is also known as a native Hawaiian cultural practitioner and artist. Your Committee further finds that Mr. Zane understands the role and responsibilities of board members and his unique knowledge in native Hawaiian values and experience in local manufacturing and retail will enhance the effectiveness of the Board of Directors of the Hawaii Tourism Authority. Therefore, your Committee recommends that Mr. Zane be appointed to the Board of Directors of the Hawaii Tourism Authority based on his background, experience, and desire to serve the public.

SHERRY MENOR-MCNAMARA

Your Committee received testimony in support of the nomination for the reappointment of Sherry Menor-McNamara from the Department of Business, Economic Development, and Tourism; Chamber of Commerce Hawaii; Matson Navigation Company, Inc.; Diamond Bakery Co., Ltd.; Holomua Consulting Group LLC; Hawai'i Farm Bureau; Honolulu Japanese Chamber of Commerce; Hawai'i Lodging & Tourism Association; Kauai Filipino Chamber of Commerce; Hawaii Food Industry Association; Hawaiian Airlines; Kona-Kohala Chamber of Commerce; Kaua'i Chamber of Commerce; and five individuals.

Upon review of the testimony, your Committee finds that Ms. Menor-McNamara's knowledge, experience, and commitment to public service qualify her to be reappointed to the Board of Directors of the Hawaii Tourism Authority. Ms. Menor-McNamara earned a Juris Doctorate from the University of Hawaii, William S. Richardson School of Law; a Master's degree in business administration from the University of Hawaii at Manoa; a Master's degree in public administration and policy from the University of Southern California; and a Bachelor of Arts degree in political science from the University of California at Los Angeles. She also earned a certificate from the Harvard Kennedy School's Executive Education Program. Since 2013, Ms. Menor-McNamara has been the President and Chief Executive Officer of the Chamber of Commerce Hawaii. Ms. Menor-McNamara is also an active member in various professional and community organizations, including the Board of Trustees for Queen's Health Systems, Board of Directors for Girls Scouts Hawaii, and Board of Directors of the FILCom Center. Your Committee further notes that she has served on the Board of Directors of the Hawaii Tourism Authority since 2017. Your Committee further finds that Ms. Menor McNamara has a thorough understanding of the role and responsibilities of board members and her extensive experience will continue to enhance the effectiveness of the Board of Directors of the Hawaii Tourism Authority. Therefore, your Committee recommends that Ms. Menor-

McNamara be reappointed to the Board of Directors of the Hawaii Tourism Authority based on her background, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1795 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 759 and 760

Recommending that the Senate advise and consent to the nominations of the following:

STADIUM AUTHORITY

G.M. No. 759 MICHAEL IMANAKA, for a term to expire 06-30-2025; and

G.M. No. 760 BRENNON MORIOKA, for a term to expire 06-30-2025

Your Committee has reviewed the personal histories and resumes submitted by Michael Imanaka and Brennon Morioka for service on the Stadium Authority.

MICHAEL IMANAKA

Your Committee received testimony in support of the appointment of Michael Imanaka from the Stadium Authority and six individuals

Upon review of the testimony, your Committee finds that Mr. Imanaka's experience in real estate qualify him for appointment to the Stadium Authority. Your Committee notes that Mr. Imanaka has worked on several different large-scale real estate development projects in Hawaii while working for Avalon Development and Kamehameha Schools. Additionally, Mr. Imanaka has experience in real estate brokerage, which will be an asset to the Stadium Authority as they address very challenging and complex decisions involving the development and leasing of the New Aloha Stadium Entertainment District. Your Committee therefore recommends that Mr. Imanaka be appointed to the Stadium Authority.

BRENNON MORIOKA

Your Committee received testimony in support of the nomination of Brennon Morioka from the Stadium Authority, Office of the Mayor of the City and County of Honolulu, General Contractors Association of Hawaii, Castle & Cooke Hawai'i and fourteen individuals.

Upon review of the testimony, your Committee finds that Dr. Morioka's professional engineering background and wealth of knowledge and experience in both the private and public sectors of business qualify him for appointment to the Stadium Authority. Dr. Morioka received his Bachelor's and Master's degree in civil engineering from the University of California at Berkeley and his Doctorate of Philosophy in civil engineering from the University of Hawaii at Manoa, where he currently works as the Dean of the College of Engineering. His professional experience includes significant involvement in leading major multi-billion-dollar projects across Hawaii. Dr. Morioka's experience in public service includes service as the Director of Transportation for the State of Hawaii. Based on his educational background and extensive engineering experience, your Committee recommends that Dr. Morioka be appointed to the Stadium Authority.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1796 Higher Education on Gov. Msg. Nos. 806, 807, 808, and 809

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I MEDICAL EDUCATION COUNCIL

G.M. No. 806 JUDY KOVELL, for a term to expire 06-30-2023;

G.M. No. 807 ROBERT HONG, for a term to expire 06-30-2021;

G.M. No. 808 ROBERT HONG, for a term to expire 06-30-2025; and

G.M. No. 809 MARY ANN ANTONELLI, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Judy Kovell, Robert Hong, and Mary Ann Antonelli for service on the Hawai'i Medical Education Council.

JUDY KOVELL

Your Committee received testimony in support of the nomination for the appointment of Judy Kovell from the University of Hawaii John A. Burns School of Medicine.

Upon review of the testimony and her qualifications, your Committee finds that Dr. Kovell's current positions as the Designated Institutional Official and Director of Medical Education/Graduate Medical Education at the Tripler Army Medical Center qualifies her to be appointed to the Hawai'i Medical Education Council as one of the three members representing a hospital at which accredited graduate medical education programs are conducted. Your Committee finds that Dr. Kovell is board certified in psychiatry and neurology and has twenty-five years of active service in the armed forces, of which sixteen were in high level leadership positions, including Chief of Inpatient Psychiatry at Tripler Army Medical Center. Your Committee notes Dr. Kovell's commitment to medical education as evidenced by her service as the Program Director and Associate Program Director for the Tripler Army Medical Center's General Psychiatry Residency program since 2013, during which she was designated Faculty of the Year for Excellence in Teaching and Mentoring in 2014 and 2015. Your Committee also notes Dr. Kovell's service as a member of the Medical Advisory Board from 2018 to 2021. Your Committee therefore recommends that Dr. Kovell be appointed to the Hawai'i Medical Education Council based on her leadership experiences, passion for medical education, and commitment to serve the people of Hawaii and the Pacific region.

ROBERT HONG

Your Committee received testimony in support of the nomination for the appointment and reappointment of Robert Hong from the University of Hawaii John A. Burns School of Medicine.

Upon review of the testimony and his qualifications, your Committee finds that Dr. Hong's over thirty years of practice in cardiovascular medicine, over thirty years of teaching at the University of Hawaii John A. Burns School of Medicine, and his years of experience as the former Medical Director at The Queen's Medical Center, qualify him to be appointed and reappointed to the Hawai'i Medical Education Council as one of the members representing the health professions community. Your Committee finds that Dr. Hong, who entered the private practice of cardiovascular medicine in 1987, currently serves as a cardiologist at the University of Hawaii Health Partners; Professor of Medicine at the University of Hawaii John A. Burns School of Medicine; and Vice Chair for Clinical Affairs of the school's Department of Medicine. Since 1989, Dr. Hong has been training many physicians who practice in the State, and has received numerous awards for excellence in teaching and administration. Your Committee also notes that Dr. Hong served as the Medical Director of The Queen's Medical Center's Heart Physician Practice from 2009 to 2016, and the center's Cardiovascular Invasive and Interventional Services group from 2018 until he joined the University of Hawaii Faculty Practice program in 2019. Your Committee finds that Dr. Hong has the experiences needed to understand the intricacies of graduate medical education and the importance of training a sustainable workforce for Hawaii. He is also well equipped to provide the Council with direct knowledge on how to build and navigate medical fellowship programs and systems and has interest in developing systems of inter-professional practice teams. Your Committee therefore recommends that Dr. Hong be appointed and reappointed to the Hawai'i Medical Education Council based on his leadership skills, commitment to medical education in Hawaii, and experience and knowledge in medical administration.

MARY ANN ANTONELLI

Your Committee received testimony in support of the nomination for the reappointment of Mary Ann Antonelli from the University of Hawaii John A. Burns School of Medicine and one individual.

Upon review of the testimony and her qualifications, your Committee finds that Dr. Antonelli's current position as the Associate Chief of Staff for Education at the Veteran's Affairs Pacific Islands Health Care System, fifty years of experience in medical education, and over twenty years of experience in high-level leadership positions qualify her to be appointed to the Hawai'i Medical Education Council as the member representing the federal health sector. Your Committee finds that Dr. Antonelli began teaching in 1971, and has since held academic positions at various institutions, including Tripler Army Medical Center, West Virginia University School of Medicine, and the University of Hawaii John A. Burns School of Medicine. Your Committee notes that Dr. Antonelli was certified in internal medicine in 1974 and has since served in various positions at various hospitals, including as a Rheumatologist at Tripler Army Medical Center and the Veteran's Affairs Medical Center Clinic in Honolulu, Hawaii. Dr. Antonelli continues to serve in numerous academic and medical positions, including as a Clinical Professor of Medicine and Director of Women in Biomedical Science at the University of Hawaii John A. Burns School of Medicine, the Chief of Rheumatology at the University of Hawaii's Department of Medicine, and Chief of Staff for Education at the Veteran's Affairs Pacific Islands Health Care System. Your Committee finds that Dr. Antonelli's career in medical education for over fifty years illustrates her dedication and commitment to educating future generations in the medical industry, and therefore, recommends that she be appointed to the Hawai'i Medical Education Council.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

SCRep. 1797 Higher Education on Gov. Msg. Nos. 573, 574, and 575

Recommending that the Senate advise and consent to the nominations of the following:

WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)

G.M. No. 573 DAVID LASSNER, for a term to expire 06-30-2022;

G.M. No. 574 JOHN MORTON, for a term to expire 06-30-2024; and

G.M. No. 575 COLLEEN SATHRE, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by David Lassner, John Morton, and Colleen Sathre for service on the Western Interstate Commission for Higher Education (WICHE).

DAVID LASSNER

Your Committee received testimony in support of the nomination for the reappointment of David Lassner from WICHE and one individual.

Upon review of the testimony and his qualifications, your Committee finds that Dr. Lassner's over forty years of service with the University of Hawaii, including as its President since 2013, qualify him to be reappointed to WICHE. Your Committee notes testimony that Dr. Lassner has been a member of WICHE for a total of six years, and as its current Vice Chair and member of its Executive Committee, he has been providing guidance and valuable input on matters of importance to Hawaii and the western region. Your Committee further notes that with his professional background in information technology and communications, Dr. Lassner has been a valuable asset to WICHE as it grapples with the effects of the coronavirus disease 2019 pandemic to best support students in their academic and professional endeavors. Your Committee also finds that as the President of the University of Hawaii, Dr. Lassner is best situated to consider suggestions that WICHE may have for the institution. Your Committee therefore recommends the reappointment of Dr. Lassner to WICHE based on his commitment to higher education, professional experience in policy and leadership at the University of Hawaii, and professional experience and knowledge in information technology and communication.

JOHN MORTON

Your Committee received testimony in support of the nomination for the appointment of John Morton from WICHE and one individual

Upon review of the testimony and his qualifications, your Committee finds that Dr. Morton's over fifty years of service with the University of Hawaii System until his retirement in 2019, including a total of thirty-five years as the former Vice President for Community Colleges and Provost/Chancellor at Kapiolani Community College, qualify him to be appointed to WICHE. Your Committee notes that Dr. Morton led the community colleges through some of the most challenging and transformative years, including increasing access to higher education by decreasing the cost of attending college and launching of the Hawaii Promise scholarship program. Dr. Morton also participated in the Western Alliance of Community College Academic Leaders, where he worked with the community colleges and technical schools in the western region and the State's governing boards. Your Committee also notes Dr. Morton's extensive experience in serving on various boards, including his current membership in the Assets School Board of Trustees, for which he previously served as chair, and the Pacific Asian Affairs Council. Your Committee therefore recommends the appointment of Dr. Morton to WICHE based on his extensive experience and knowledge in the administration of community colleges, dedication to increasing access to higher education for Hawaii's workforce, experience working with WICHE, and proven leadership on various boards.

COLLEEN SATHRE

Your Committee received testimony in support of the nomination for the reappointment of Colleen Sathre from WICHE and one individual.

Upon review of the testimony and her qualifications, your Committee finds that Dr. Sathre's forty-four years of extensive experience in contributing to the University of Hawaii's policy and planning decisions in various positions, including as its Vice President Emeritus since 2004, qualify her to be reappointed to WICHE. Your Committee notes that Dr. Sathre has been serving on WICHE for more than five years and is currently a member of its Policy Research and Analysis Committee and Nominating Committee. Your Committee also notes that Dr. Sathre has spent her entire career in public service and has shared her expertise as a higher education planning consultant with institutions other than the University of Hawaii, including the Consortium of Pacific Education. Your Committee further notes testimony attesting to Dr. Sathre's first-hand knowledge on WICHE's need for creative and thoughtful solutions to address the difficult issues it faces and her ability to identify, articulate, and implement strategic initiatives at scale. Your Committee therefore recommends appointment of Dr. Sathre to WICHE based on her extensive experience and knowledge in academic policy and planning, commitment to public service through education, and ability to formulate effective plans to assist WICHE in addressing the educational challenges and opportunities in the region.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Wakai).

SCRep. 1798 Higher Education on Gov. Msg. Nos. 616, 617, 618, 619, and 620

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I MEDICAL EDUCATION COUNCIL

- G.M. No. 616 LESLIE CHUN, for a term to expire 06-30-2025;
 G.M. No. 617 NICOLE APOLIONA, for a term to expire 06-30-2021;
 G.M. No. 618 NICOLE APOLIONA, for a term to expire 06-30-2025;
- G.M. No. 619 LINDA ROSEN-DEBOLD, for a term to expire 06-30-2023; and
- G.M. No. 620 LISA RANTZ, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Leslie Chun, Nicole Apoliona, Linda Rosen-Debold, and Lisa Rantz for service on the Hawai'i Medical Education Council.

LESLIE CHUN

Your Committee received testimony in support of the nomination for the appointment of Leslie Chun from the University of Hawaii John A. Burns School of Medicine and one individual.

Upon review of the testimony and his qualifications, your Committee finds that Dr. Chun's current position as the Chief Executive Officer of the Hawai'i Pacific Health Medical Group qualifies him to be appointed to the Hawai'i Medical Education Council as one of the three members representing a hospital at which accredited graduate medical education programs are conducted. Your Committee finds that prior to his current position, Dr. Chun served as the Chief Quality Officer, Chief Medical and Quality Officer/Vice President of Medical Affairs at The Queen's Medical Center, during which he led the collaboration with John Hopkins University to accelerate improvements in quality and safety. Your Committee also notes Dr. Chun's strong commitment to medical education as evidenced by his appointment as an Assistant Clinical Professor with the University of Hawaii John A. Burns School of Medicine's Department of Medicine since 2015, his role in launching The Queen's Medical Center's Advanced Quality Training Program, and teaching residents at The Queen Emma Clinic for the underserved during his time at The Queen's Medical Center. Your Committee therefore recommends that Dr. Chun be appointed to the Hawai'i Medical Education Council based on his professional expertise and knowledge in the management of medical centers and quality control of medical services and strong commitment to medical education.

NICOLE APOLIONA

Your Committee received testimony in support of the nomination for the appointment and reappointment of Nicole Apoliona from the University of Hawaii John A. Burns School of Medicine and three individuals.

Upon review of the testimony and her qualifications, your Committee finds that Dr. Apoliona has been serving on the Hawai'i Medical Education Council as an interim member since September 2020, and that her twenty-four years of experience as a family practice physician and thirteen years of experience as the Medical Director of Kula Hospital and Clinic, a critical access hospital that is a part of the Maui Health System, qualify her to be appointed and reappointed to the Council as one of the members representing the health professions community. Your Committee finds that as Medical Director of a hospital on Maui, Dr. Apoliona has been exposed to challenges in recruiting and retaining physicians and has therefore been a constant advocate for addressing physician workforce shortage in rural areas through a system-wide, community-engaged approach. Your Committee also notes Dr. Apoliona's strong commitment to medical education, as evidenced by her appointment as an Assistant Clinical Professor at the University of Hawaii John A. Burns School of Medicine's Department of Family Medicine and Community Health since October 2013, where she trains and encourages medical students to pursue further training and career in rural areas of Hawaii. Your Committee therefore recommends that Dr. Apoliona be appointed and reappointed to the Hawai'i Medical Education Council based on her unique perspective as an actively practicing physician on Maui, understanding of the issue of physician workforce shortage on the neighbor islands, and commitment to medical education.

LINDA ROSEN-DEBOLD

Your Committee received testimony in support of the nomination for the appointment of Linda Rosen-Debold from the University of Hawaii John A. Burns School of Medicine, Board of Directors of the Hawaii Health Systems Corporation, East Hawaii Region of Hawaii Health Systems Corporation, and one individual.

Upon review of the testimony and her qualifications, your Committee finds that Dr. Rosen-Debold's over thirty years of experience in the medical field and over fifteen years of experience in high-level leadership positions in the public medical sector qualify her to be appointed to the Hawai'i Medical Education Council as one of the members representing the health professions community. Your Committee notes that in addition to being a pediatrician since 1985, Dr. Rosen-Debold also holds a Master of Public Health degree. Dr. Rosen-Debold currently serves as the President and Chief Executive Officer of Hawaii Health Systems Corporation, a public corporation that serves as a safety net for neighbor island acute care and long-term care in the State. Prior to her current position, Dr. Rosen-Debold served for fifteen years with the Department of Health in various executive positions. Your Committee also notes Dr. Rosen-Debold's strong commitment to medical education, as evidenced by her various faculty appointments at the University of Hawaii John A. Burns School of Medicine since 1987, including her current position as an Associate Clinical Professor of Pediatrics and Surgery. Your Committee therefore recommends that Dr. Rosen-Debold be appointed to the Hawaii'i Medical Education Council based on her clinical health care background combined with experience in health care system-development, extensive experience in the medical field and public medical sector and commitment to medical education.

LISA RANTZ

Your Committee received testimony in support of the nomination for the reappointment of Lisa Rantz from the University of Hawaii John A. Burns School of Medicine; Board of Directors of the Hawaii Health Systems Corporation; East Hawaii Region of Hawaii Health Systems Corporation; Community First, Inc.; Floral Construction and Development Company, Inc.; Hawaii Island Chamber of Commerce; Hawaii Physician Shortage Crisis Task Force; Hawaii Radiologic Society; and thirty-one individuals.

Upon review of the testimony and Ms. Rantz's qualifications, your Committee finds that Ms. Rantz has been serving on the Hawai'i Medical Education Council since 2017 as a member of the general public, and if reappointed, will continue to serve in the same capacity. Your Committee finds that Ms. Rantz is currently the Executive Director of the Hilo Medical Center Foundation, which initiates projects that enhance health care and services at the Hilo Medical Center, including its Pre-Health Career Corps Program that establishes a health care workforce on the island of Hawaii. Your Committee notes that Ms. Rantz has successfully obtained and managed over \$5,000,000 in grants that support educational opportunities for socioeconomically disadvantaged students and their families in rural Hawaii. Ms. Rantz also led efforts to obtain a federal Health Professions Shortage Designation for the counties of Hawaii, Maui, and Kauai, and parts of Oahu, which provided rural medical practices access to loan repayment programs and ten percent quarterly bonuses for Medicare and Medicaid direct-billed services, enabling some practices to continue operations. Your Committee also notes Ms. Rantz's extensive history of community service, including serving as the President of the Hawaii State Rural Health Association since 2019. Your Committee therefore recommends that Dr. Rosen-Debold be reappointed to the Hawaii'i Medical Education Council based on her wealth of experience and knowledge in working with local communities to meet the medical needs of

the people of Hawaii, commitment to promoting medical education, and dedication to the enhancement of health care throughout the

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1799 Labor, Culture and the Arts on Gov. Msg. No. 804

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I SISTER STATE COMMITTEE

G.M. No. 804 EDUARDO TOPENIO JR., for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Eduardo Topenio Jr. for service on the Hawai'i Sister State Committee (Sister State Committee).

Your Committee received testimony in support of the nomination for the reappointment of Mr. Topenio from the Department of Business, Economic Development, and Tourism.

Upon review of the testimony and Mr. Topenio's qualifications, your Committee finds that Mr. Topenio has been serving on the Sister State Committee since 2014. Mr. Topenio is currently the Administrative Assistant to the County Clerk, County of Kauai, a position he has held since January 2012. He also served as Deputy County Clerk from May 2010 to January 2012. Prior to his employment with the County of Kauai, Mr. Topenio spent ten years in the tourism and hospitality industry on Kauai as a Banquet Manager at the Princeville Hotel. Your Committee further finds that Mr. Topenio has extensive experience in community service. He speaks Ilocano and has volunteered his time in numerous community organizations on Kauai, including the Kauai Filipino Chamber of Commerce, for which he previously served as President; Kauai Hospice, for which he has been serving as a volunteer for over fifteen years; and Kapaa Rotary, for which he has been serving as a volunteer for over ten years.

Your Committee notes that Hawaii's sister-state relationship with the Republic of the Philippines is among the strongest, with five of the State's eighteen sister-state relationships being with provinces thereof.

Your Committee finds that Eduardo Topenio Jr.'s understanding and knowledge on the local government of Kauai and Kauai's Filipino community, his fluency in Ilocano, experience in tourism and hospitality, and commitment to the enhancement of Hawaii's sister-state relationships with the Republic of the Philippines, will continue to be valuable assets to the Sister State Committee.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 1800 Labor, Culture and the Arts on Gov. Msg. Nos. 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, and 605

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

- G.M. No. 594 CHARLES SHIMA, for a term to expire 06-30-2023; G.M. No. 595 JASON BRAND, for a term to expire 06-30-2024;
- G.M. No. 596 KIRA HIGA, for a term to expire 06-30-2024;
- G.M. No. 597 IAN KITAJIMA, for a term to expire 06-30-2023;
- G.M. No. 598 BRIAN TATSUMURA, for a term to expire 06-30-2023;
- G.M. No. 599 CARY MIYASHIRO, for a term to expire 06-30-2021;
- G.M. No. 600 CARY MIYASHIRO, for a term to expire 06-30-2025;
- G.M. No. 601 KEN LOUI, for a term to expire 06-30-2024;
- G.M. No. 602 APRIL CHUN ACQUAVELLA, for a term to expire 06-30-2024;
- G.M. No. 603 BRIAN LEE, for a term to expire 06-30-2024;
- G.M. No. 604 JASON BRADSHAW, for a term to expire 06-30-2021; and
- G.M. No. 605 JASON BRADSHAW, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Charles Shima, Jason Brand, Kira Higa, Ian Kitajima, Brian Tatsumura, Cary Miyashiro, Ken Loui, April Chun Acquavella, Brian Lee, and Jason Bradshaw for service on the Hawaii Workforce Development Council (Council).

CHARLES SHIMA

Your Committee received testimony in support of the nomination for the reappointment of Charles Shima from the Council, Plumbers and Fitters United Association (UA) Local 675, Plumbing and Mechanical Contractors Association of Hawaii, and one individual.

Upon review of the testimony and Mr. Shima's qualifications, your Committee finds that Mr. Shima served on the Council from 2016 to 2019. Section 202-001(a)(4), Hawaii Revised Statutes, and title 29 United States Code section 3111(b)(1)(C)(ii) require the Council to have members who represent the workforce within the State, including representatives of labor organizations, apprenticeship programs, and employment and training organizations. Mr. Shima previously served on the Council as one of the workforce/labor members, and if reappointed, will serve in the same capacity. During his time on the Council, Mr. Shima was an active member of the Military and Veterans Affairs Committee. Your Committee finds that Mr. Shima has close to thirty years of experience in the plumbing and mechanical trades in which he began as a licensed plumber after graduating from the Plumbers and Fitters UA Local 675's Apprenticeship Program. He was an instructor for the program for twenty-three years, a UA Certified Instructor for fifteen years, and became the programs' Training Coordinator in 2015. As Training Coordinator, Mr. Shima manages all operations of the Apprenticeship Program, including the oversight of approximately six hundred apprentices throughout the State. Your Committee notes the Council's testimony stating that assistance from Mr. Shima, with his vast experience in the construction industry representing the plumbers and pipefitters, is needed to help identify the barriers associated with better preparation and positioning of local labor to fill positions.

Your Committee finds that Mr. Shima's extensive experience in the plumbing and mechanical trade, construction industry, and his proven leadership will be valuable assets to the Council.

JASON BRAND

Your Committee received testimony in support of the nomination for the appointment of Jason Brand from the Council, American Savings Bank, Kunia Country Farms LLC, Ulupono Initiative, and one individual.

Upon review of the testimony and Mr. Brand's qualifications, your Committee finds Mr. Brand's professional experience and background in development and management of sustainable farming operations, production of derivative products, as well as knowledge in global finance, qualify him to be nominated for appointment to the Council. Section 202-001(a)(3), Hawaii Revised Statutes, and title 29 United States Code section 3111(b)(1)(C)(i) require the Council to have members who represent the businesses in the State, including business owners and business executives. If appointed, Mr. Brand will serve as one of the Council's business executive members. Your Committee notes that Mr. Brand is currently the President of Brand Industrial Group Inc. (BIG), a Hawaii corporation established in 2010. Mr. Brand and BIG holds active equity positions in eight ventures in Hawaii in industries such as sustainable farming, aquaculture, craft distillery, digital media, digital payments, pro-gaming, and film production. Mr. Brand is the co-founder and active manager of multiple companies in Hawaii, including Kunia Country Farms, LLC, a major supplier of aquaponic lettuce in the State; Manulele Farms, LLC, a sugar cane farming company; and Manulele Distillers, LLC dba Ko Hana Distillers that produces Ko Hana Hawaiian Agricole Rum, a high-end rum produced from freshly pressed cane juice. Before moving to Hawaii in 2008, Mr. Brand retired as the President of Merrill Lynch Asia, overseeing a multi-billion-dollar business with over five thousand employees, operating across many cultures, languages, and countries. Your Committee notes that Mr. Brand graduated from Cornell University and received his chartered financial analyst designation in 1997.

Your Committee also notes that Mr. Brand, utilizing his experiences in finance and agriculture, currently chairs the USDA Advisory Committee on Beginning Farmers and Ranchers under the Secretary of Agriculture. He also serves as the President of the Hawaii Foundation for Agriculture Research. Your Committee notes the Council's testimony regarding Mr. Brand's service on the Council as an interim member and its intent to create an Agriculture Committee under his leadership to address matters such as sustainable farming and aquaculture, agriculture modernization, and economic opportunities.

Your Committee finds that Mr. Brand's knowledge and experience in entrepreneurship, finance, management, and agriculture, and his commitment to Hawaii will continue to be valuable assets to the Council.

KIRA HIGA

Your Committee received testimony in support of the nomination for the appointment of Kira Higa from the Council; Brown and Brown Pacific Insurance Services, Inc.; Hawaiian Telcom, Inc.; Patsy T. Mink Center for Business and Leadership, Women's Business Center; and seventeen individuals.

Upon review of the testimony and Ms. Higa's qualifications, your Committee finds that Ms. Higa's professional experience and background in human resources management and workforce development strategies and tactics qualify her to be nominated for appointment to the Council as one of its business executive members. Your Committee notes that Ms. Higa has more than a decade of experience in the telecommunication and technology sector, with the majority of such time spent in progressively responsible roles in the field of human resources (HR). She is currently the Director of HR for Hawaiian Telcom, Inc., and is responsible for duties such as effectively designing, implementing, and executing HR programs and initiatives throughout the company; directing the day-to-day operations of the HR department; and plans, directs, and carries out policies relating to all phases of personnel activity. Ms. Higa held various positions within the company since 2009, including Senior HR Manager, Senior Manager - Benefits, Labor Relations Manager, Benefits Coordinator, and Wholesale Collections Analyst. Ms. Higa was also employed as a Trustee Secretary by the Office of Hawaiian Affairs from 2005 to 2009. Your Committee notes that Ms. Higa graduated magna cum laude from Concordia University with a Bachelor of Arts degree in Behavioral Science – Psychology and minor in Business Administration. Your Committee notes the Council's testimony regarding its intent to have Ms. Higa serve on its Employer Engagement Committee and share her knowledge and experience in training and upskilling workers, and successful employee-employer business practices.

Your Committee finds that the breadth and depth of Ms. Higa's experience and knowledge in human resources management, workforce development strategies and tactics, effective communication, and proven leadership skills will be valuable assets to the Council.

IAN KITAJIMA

Your Committee received testimony in support of the nomination for the reappointment of Ian Kitajima from the Council; Oceanit Laboratories, Inc.; HawaiiKidsCAN, and two individuals.

Upon review of the testimony and Mr. Kitajima's qualifications, your Committee finds that Mr. Kitajima has been the Director/Tech Sherpa at Oceanit Laboratories, Inc. since June 2001. In that position, he is responsible for leading the company into new areas of business, such as energy, nano technology, and robotics; innovative recruitment of talented engineers and scientists; and implementation of new ways of thinking, such as design thinking. Mr. Kitajima has also been co-hosting Geek Beat on Hawaii News Now since August 2018. Prior to his current position, Mr. Kitajima was also a founding member of Hoana Medical, Inc., IBIS Networks, Inc., and Nanopoint, Inc. Your Committee notes that Mr. Kitajima received his Bachelor of Business Administration from the University of Hawaii with a dual major in Marketing and International Business. Your Committee also notes that Mr. Kitajima has been serving on the Council since 2017, and according to testimony of the Council, Mr. Kitajima has been a very active member. He has taken leadership as a member of the Executive Committee, has been co-chairing the Youth Services Committee, and sharing his design thinking and strategic approaches during recent economically challenging times.

Your Committee finds that Mr. Kitajima's professional experience, knowledge, and background in technology development, start-up entrepreneurship, and public-private partnerships will continue to be valuable assets for the Council.

BRIAN TATSUMURA

Your Committee received testimony in support of the nomination for the reappointment of Brian Tatsumura from the Council and two individuals.

Upon review of the testimony and Mr. Tatsumura's qualifications, your Committee finds Mr. Tatsumura has over four decades of experience in the retail industry in Hawaii, starting as a Stockperson at Nordstrom, Inc. and working his way up to his final position as Store Manager. Mr. Tatsumura currently works as a consultant at Briant808 LLC, a company he established in August 2017. Mr. Tatsumura has an extensive history of community involvement. He has been on the Board of Directors of the Public Schools of Hawaii Foundation since 2008, and has previously served as a board member of the American Red Cross Hawaii Chapter; board member of the Chamber of Commerce Hawaii and chair of its Workforce Development Education Council; chair of the Ala Moana Center Merchants Association Board of Directors; member of Retail Merchants of Hawaii, Inc.'s board and its Executive Committee; and board member of the Aloha United Way. Your Committee also notes that Mr. Tatsumura has been serving on the Council since 2016. According to the Council, Mr. Tatsumura has been an active board member, serving as the Vice Chair of the Employer Engagement Committee.

Your Committee finds that Mr. Tatsumura's experience and knowledge of the retailing and merchandising industry in Hawaii, which is one of the State's largest industries, and his keen customer service orientation and perspective will continue to be valuable assets to the Council.

CARY MIYASHIRO

Your Committee received testimony in support of the nomination for the appointment and reappointment of Cary Miyashiro from the Council and eight individuals.

Upon review of the testimony and Mr. Miyashiro's qualifications, your Committee finds that Mr. Miyashiro's professional experience and background in helping Hawaii's students, young adults, and individuals with disabilities to enter the workforce qualify him to be nominated for appointment to the Council as one of its business executive members. Mr. Miyashiro has been a Community Outreach Representative for the HawaiiUSA Federal Credit Union (Credit Union) since January 1990. Your Committee notes that prior to his current position, Mr. Miyashiro co-owned The Sports Villa from 1982 to 1996 and worked in automotive retail sales at Pflueger Lincoln-Mercury Honda, Aloha Motors, Inc., and Airport Volkswagen.

Your Committee finds that Mr. Miyashiro, as the Community Outreach Representative of the Credit Union, has been developing working relationships with the Department of Education (DOE) and various schools and educational institutions in order to create transition pathways for students to eventually enter the workforce and become contributing members of society. In 1994, Mr. Miyashiro established the Academy of Finance program in Hawaii in partnership with Waipahu High School. Mr. Miyashiro also supported the creation of student-operated credit unions by fourth graders at Island Pacific Academy and at Campbell High School to provide opportunities for the students to understand financial literacy and gain real-life work experience. Your Committee notes the Council's testimony stating that Mr. Miyashiro has been instrumental in the development of a pilot project at Kapolei High School to build business partnerships to assist individuals with disabilities to enter the workforce. Mr. Miyashiro also contributed to the development of customer service standards for the Workforce Development Diploma Program which is a key component of DOE's Hawaii Workforce Pathway System, designed to meet the needs of those students entering the workforce with job entry that does not require a high school diploma. Mr. Miyashiro has an extensive history of community involvement. He has been serving on the DOE's Career and Technical Education Advisory Committee for the past sixteen years, and chairs the Adult and Community Education Advisory Council, which provides advice to the Board of Education on DOE's adult and community education programs. Mr. Miyashiro also chairs the School Community Councils at Kapolei High School and McKinley Community School for Adults; and is a member of School Community Councils at Honouliuli Middle School, Central Middle School, Waikele Elementary School, Waimalu Elementary School, Pauoa Elementary School, and Hokulani Elementary School.

Your Committee finds that Mr. Miyashiro's proven wealth of experience and knowledge in assisting and preparing Hawaii's students, young adults, and individuals with disabilities to enter the workforce align well with the work of the Council and will be valuable assets to the Council.

KEN LOUI

Your Committee received testimony in support of the nomination for the appointment of Ken Loui from the Council and five individuals.

Upon review of the testimony and Mr. Loui's qualifications, your Committee finds that Mr. Loui's professional experience and background in construction project management and business development and management qualify him to be nominated for appointment to the Council as one of its business executive members. Your Committee notes that Mr. Loui has over thirty years of experience in construction project management and engineering, technical research, design, business management, and business development. He is currently the Vice President and Group Manager at Pacific Marine and Supply Inc., with direct oversight of two operating companies, Pacific Shipyards International, LLC and HSI Mechanical, Inc. In that position, Mr. Loui's duties include providing strategic leadership and planning; recruiting, selecting, and training individuals for senior management positions; and developing and fostering positive relationships with industry professionals. Mr. Loui's previous work history includes President and Principal Responsible Managing Employee (RME) of GSI Pacific Inc.; Principal RME and Senior Project Manager at Parsons Corporation's Hawaii office; Chief Engineer at Unitek Solvent Services, Inc.; Engineering Manager at Unit Process Company's Hawaii office; Project Manager at HSI Mechanical, Inc.; and Space Systems Engineer with the United States Air Force Phillips Laboratory. Your Committee notes that Mr. Loui holds Bachelor of Science degrees in Nuclear Engineering and Mechanical Engineering from Northwestern University, and a Master of Science degree in Mechanical Engineering from the University of Hawaii.

Your Committee finds that Mr. Loui's experience has provided him with a thorough understanding of the knowledge and skills needed for workers in Hawaii's construction and marine industries. Furthermore, according to the Council, Mr. Loui also spent time in Germany, where he learned first-hand how well-planned and implemented trade-related training programs are essential to the success of a nation's economy and society.

Your Committee finds that Mr. Loui's experience and knowledge in construction project management and business development and management, and his understanding of the needs and benefits of a well-trained and educated workforce will be valuable assets to the Council.

APRIL CHUN ACQUAVELLA

Your Committee received testimony in support of the nomination for the appointment of April Chun Acquavella from the Council, Department of Labor and Industrial Relations Workforce Development Division, Hawaii Carpenters Apprenticeship and Training Fund, YouthBuild Waimanalo, and four individuals.

Upon review of the testimony and Ms. Acquavella's qualifications, your Committee finds that Ms. Acquavella's professional experience and background in the skilled trades, administering and teaching at apprenticeship programs, and preparing Hawaii's youth to enter the workforce qualify her to be nominated for appointment to the Council as one of its workforce/labor members. Ms. Acquavella is currently a Training Coordinator with the Hawaii Carpenters Apprenticeship and Training Fund (Fund). In that position, Ms. Acquavella administers the registered apprenticeship programs. In addition to working with current apprentices, Ms. Acquavella also focuses on recruitment of apprentices by working closely with state and federal agencies, including the Department of Labor and Industrial Relations Workforce Development Division, Department of Education (DOE), University of Hawaii System Community Colleges, and other career building organizations such as YouthBuild Waimanalo and the Youth Challenge Academy. Ms. Acquavella also administers the Fund's Career Connections program in partnership with the DOE to bring a work-ready curriculum to local high schools and organizing hands-on experiences with the Fund's summer internship program. Prior to her current position, Ms. Acquavella taught math and print reading within the Fund's apprenticeship program, as well as design and advertising courses as a lecturer for the Apprenticeship Program and Communication Arts Department at the University of Hawaii Honolulu Community College (HCC). Ms. Acquavella's marketing and design expertise was developed through two decades as a designer and art director with companies in Hawaii and California.

Your Committee notes that Ms. Acquavella obtained a Bachelor of Business Administration degree in Marketing with distinction from the University of Hawaii. An interest in the building industry led her to return to school after twenty years and in 2016, she earned an Associate of Applied Science degree in Carpentry Technology with Honors from HCC. She graduated from HCC as valedictorian and continues to work with the college to provide opportunities for graduates to continue their education and work towards a journeyworkers' certificate. Your Committee also notes the Council's testimony regarding its intent to have Ms. Acquavella serve on its Youth Services Committee to develop more programs and opportunities for Hawaii's youth.

Your Committee finds that Ms. Acquavella's experience and knowledge in preparing young adults to enter the workforce and increasing awareness of the skilled trades by active engagement through apprenticeship programs, career fairs, and speaking engagements will be valuable assets to the Council.

BRIAN LEE

Your Committee received testimony in support of the nomination for the reappointment of Brian Lee from the Council; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO, and one individual.

Upon review of the testimony and Mr. Lee's qualifications, your Committee finds that Mr. Lee is currently the Executive Director at the Hawaii Laborers and Employers Cooperation and Education Trust Fund, which is a partnership between the five thousand statewide members of the Hawaii Laborers Union, Local 368, and over two hundred fifty signatory union contractors. Mr. Lee has previously served in various leadership roles for labor organizations in Hawaii, including the International Brotherhood of Electrical Workers, Hawaii Operating Engineers, and Hawaii Construction Industry Association. Having served on the Oahu Workforce Development Board, Mr. Lee also has a strong understanding of the public workforce in Hawaii. Your Committee finds that Mr. Lee has been serving on the Council since the summer of 2018, initially as an interim appointee until 2019 when he was officially appointed as a member. Your Committee notes the Council's testimony regarding Mr. Lee as a very active member. Mr. Lee serves as a member of the Executive Committee and chairs the Performance Measures and Accountability Committee. Under Mr. Lee's leadership, the Performance Measures and Accountability Committee will be conducting statewide evaluations of training providers and service providers, along with training of training providers.

Your Committee finds that Mr. Lee's comprehensive understanding of the needs of the State's workforce, experience and ability to work with both labor and management sides of employment, and his knowledge of collective bargaining, union, and non-union issues will continue to be valuable assets to the Council.

JASON BRADSHAW

Your Committee received testimony in support of the nomination for the appointment and reappointment of Jason Bradshaw from the Council; Hawaii Iron Workers' Stabilization Fund; Hawaii State Teachers Association; Hawaii Teamsters and Allied Workers Local 996; I.A.T.S.E. Local 665; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers Union, AFL-CIO, Local Union #625; International Longshore and Warehouse Union Local 142; International Organization of Masters, Mates and Pilots; United Food and Commercial Workers Union, Local 480; and five individuals.

Upon review of the testimony and Mr. Bradshaw's qualifications, your Committee finds that Mr. Bradshaw's professional experience and background in advocating for labor opportunities and workforce development qualify him to be nominated for appointment to the Council as one of its workforce/labor members. Your Committee finds that Mr. Bradshaw is currently a Legislative Representative with the International Longshore and Warehouse Union Local 142 (ILWU). Your Committee notes the Council's testimony regarding the instrumental role the ILWU played after the closure of the Hawaiian Commercial and Sugar Company in 2016, in helping the displaced workers by securing additional federal funds through the U.S. Department of Labor's Trade Adjustment Assistance for Workers Program. Prior to his current position, Mr. Bradshaw served as the Political Director with the Hawaii's State AFL-CIO, as a Staff Assistant with United States Senator Daniel K. Inouye, and as an Intern with United States Senator Daniel K. Akaka. Your Committee notes that Mr. Bradshaw obtained his Bachelor of Science degree in Political Science with a focus in Economy and Politics from Northern Arizona University. Mr. Bradshaw's other community involvement includes chairing the Labor Caucus and being a member of the State Central Committee of the Democratic Party of Hawai'i, and being a board member of the Labor Education Advisory Council and the AFL-CIO Executive Board.

Your Committee finds that Mr. Bradshaw's experience in advocating for labor opportunities and workforce development as well as the knowledge he obtained during his time in the public and private sectors, labor industry, and service as Congressional staff will be valuable assets to the Council.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1801 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. Nos. 792 and 793

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 792 MILTON KOTSUBO, for a term to expire 06-30-2022; and

G.M. No. 793 CAROL MATAYOSHI, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Milton Kotsubo and Carol Matayoshi for service on the Hawaii Paroling Authority.

MILTON KOTSUBO

Your Committee received testimony in support of the nomination for the appointment of Milton Kotsubo from the Department of Public Safety and five individuals.

Upon review of the testimony, your Committee finds that Mr. Kotsubo's experience, background, and commitment to public service qualify him for appointment to the Hawaii Paroling Authority. Your Committee notes that Mr. Kotsubo has over forty years of experience with Hawaii's offender population. He earned a Master's degree in social work and a Bachelor of Arts degree in psychology from the University of Hawaii at Manoa. Mr. Kotsubo has a diverse social work background and has gained broad experience and in-depth knowledge about the public safety and judiciary system. While employed by the Department of Public Safety from 1983 to 2014, he held various positions, ranging from direct case management with prisoners to supervision of the Intake Service Division. Your Committee further notes that Mr. Kotsubo has been nominated to serve on various professional and governmental bodies, such as the Criminal Pretrial Task Force and the Correctional Program Checklist Subcommittee of the Interagency Council on Intermediate Sanctions. Your Committee further finds that Mr. Kotsubo understands the roles and responsibilities of board members and that his extensive experience will enhance the effectiveness of the Hawaii Paroling Authority. Your Committee therefore recommends that Milton Kotsubo be appointed to the Hawaii Paroling Authority based on his knowledge, experience, and commitment to public service.

CAROL MATAYOSHI

Your Committee received testimony in support of the nomination for the appointment of Carol Matayoshi from the Department of Public Safety, Hawaii Paroling Authority, and four individuals.

Upon review of the testimony, your Committee finds that Ms. Matayoshi's experience, background, and commitment to public service qualify her for appointment to the Hawaii Paroling Authority. Your Committee notes that Ms. Matayoshi has over twenty-four years of experience with Hawaii's chronically homeless population, many of whom suffer from severe and persistent mental illness and/or substance abuse disorders. She earned a Master of Arts degree in forensic psychology from Argosy University and a Bachelor of Arts degree in psychology from the University of Hawaii at Hilo. Ms. Matayoshi has created, funded, and managed a plethora of programs that provide a wide range of services for culturally diverse populations. Your Committee further notes that she has served in professional and community organizations, including Ka Hui Laulima and Hawai'i Island Going Home Consortium. Your Committee further finds that Ms. Matayoshi has served on the State Council on Mental Health since 2018 and thoroughly understands the roles and responsibilities of board members. Her knowledge of reintegration practices and experience as a case manager, program director,

and grant administrator will enhance the effectiveness of the Hawaii Paroling Authority. Your Committee therefore recommends that Carol Matayoshi be appointed to the Hawaii Paroling Authority based on her knowledge, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1802 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 712

Recommending that the Senate advise and consent to the nomination of the following:

COMPACT ADMINISTRATOR FOR THE INTERSTATE COMMISSION FOR ADULT OFFENDER SUPERVISION

G.M. No. 712 BROOK MAMIZUKA, for a term to expire 03-04-2025

Your Committee reviewed the personal history, resume, and statement submitted by Brook Mamizuka for service as the Compact Administrator for the Interstate Commission for Adult Offender Supervision.

Your Committee received testimony in support of the nomination for the appointment of Brook Mamizuka from the Judiciary and Hawaii Paroling Authority. Your Committee received testimony in opposition to the nomination for the appointment of Brook Mamizuka from two individuals.

Upon review of the testimony, your Committee finds that Brook Mamizuka's compassion, experience, and knowledge in the field of interstate adult supervision qualify her to be nominated for appointment as the Compact Administrator for the Interstate Commission for Adult Offender Supervision. Your Committee further finds that Ms. Mamizuka is currently the Social Services Manager for the Adult Client Service Branch of the First Circuit, which provides probation and probation-related services for the District, Family, and Circuit Courts. Ms. Mamizuka is also currently serving as Hawaii's Deputy Compact Administrator for the Hawaii Council for Interstate Adult Offender Supervision. Your Committee notes that testimony states that under Ms. Mamizuka's leadership and management, Hawaii will continue to fulfill its responsibilities to promote public safety, protect the rights of victims, control movement of offenders, provide for effective tracking of offenders, and engage in the supervision and rehabilitation of offenders. Your Committee therefore recommends that Ms. Mamizuka be appointed as the Compact Administrator for the Interstate Commission for Adult Offender Supervision based on her background, compassion, and professionalism.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1803 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 803

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 803 BRIDGET KOMINE, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Bridget Komine for service on the Advisory Board on Veteran's Services.

Your Committee received testimony in support of the nomination for the reappointment of Bridget Komine from five individuals.

Upon review of the testimony, your Committee finds that Ms. Komine's experience, background, and commitment to promoting and supporting veteran issues qualify her to be reappointed to the Advisory Board on Veterans' Services as a voting member who is a female veteran and resides in the City and County of Honolulu. Your Committee notes that Ms. Komine has served in the United States Air Force and Hawaii Air National Guard for over thirty years and retired as a Chief Master Sergeant. She has been the Assistant Director of the United States Department of Labor, Veterans Employment and Training Service, for Hawaii and Guam since 2012. Your Committee further notes that Ms. Komine is also an active member in professional and governmental bodies, such as the Hawai'i Women Military Veterans Task Force and State Veterans Summit Planning Committee. Your Committee further finds that she has served on the Advisory Board on Veteran's Services since 2016 and was recently unanimously elected as the chairperson of the Board. Ms. Komine has a thorough understanding of the role and responsibilities of board members, and her past military service and specialized knowledge of veteran services will continue to be assets to the Advisory Board on Veterans' Services. Your Committee therefore recommends that Bridget Komine be reappointed to the Advisory Board on Veterans' Services based on her experience, knowledge, and commitment to promoting and supporting veteran issues.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (English, Fevella).

SCRep. 1804 Higher Education on Gov. Msg. Nos. 697 and 698

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE RESEARCH CORPORATION OF THE UNIVERSITY OF HAWAII

G.M. No. 697 DAVID KARL, for a term to expire 06-30-2025; and

G.M. No. 698 KEN HAYASHIDA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by David Karl and Ken Hayashida for service on the Board of Directors of the Research Corporation of the University of Hawaii.

DAVID KARL

Your Committee received testimony in support of the nomination for the reappointment of David Karl from the Research Corporation of the University of Hawaii.

Upon review of the testimony and his qualifications, your Committee finds that Dr. Karl's status as the Professor of Oceanography at the University's School of Ocean and Earth Science and Technology, a position he has held since 1987, qualifies him to be reappointed to the Board of Directors of the Research Corporation of the University of Hawaii, as a member who is a University research faculty member. Your Committee finds that Dr. Karl is a renowned researcher, whose work has won international respect and acclaim. Since being granted tenure at the University of Hawaii in 1982, Dr. Karl has been the principal investigator on more than eighty grants with more than \$100,000,000 in funding and is consistently listed as the University's top fifty principal investigators. Your Committee further finds that between seeking funding and managing research projects, Dr. Karl volunteers on various boards, including serving as Co-Director of the Center for Microbial Oceanography: Research and Education and Co-Director of Simons Collaboration on Ocean Processes and Ecology. Your Committee therefore recommends that Dr. Karl be reappointed to the Board of Directors of the Research Corporation of the University of Hawaii based on his institutional knowledge and perspective as a renowned researcher at the University of Hawaii, leadership skills, and thorough understanding of the role and responsibilities of a board member.

KEN HAYASHIDA

Your Committee received testimony in support of the nomination for the reappointment of Ken Hayashida from the Research Corporation of the University of Hawaii and two individuals.

Upon review of the testimony and his qualifications, your Committee finds that Mr. Hayashida's status as the President and Principal Structural Engineer at KAI Hawaii, Inc., a structural engineering firm that he founded in 1995, qualifies him to be reappointed to the Board of Directors of the Research Corporation of the University of Hawaii as a member representing the business sector. Mr. Hayashida is a civil engineer with a Master of Science degree in civil engineering from Stanford University. He has thirty-five years of experience in designing highways, bridges, various facilities, and renewable energy projects, including the High Technology Development Corporation Office Facility, Waianae Coast Comprehensive Health Center, and University of Hawaii at Manoa's Hawaii Hall Renovation. Under Mr. Hayashida's direction, KAI Hawaii, Inc., which was a one-person business, has become a leading structural engineering firm with more than forty full-time employees, and was awarded NAIOP Hawaii's Engineering Firm of the Year in 2019. Your Committee further notes Mr. Hayashida's commitment to community service, evidenced by his service on various boards and committees, including his current service as a board member for the Engineering Alumni Association of the University of Hawaii. Your Committee believes that Mr. Hayashida's business acumen, extensive experience and knowledge in civil and structural engineering, and commitment to community service will continue to be valuable assets to the Board of Directors of the Research Corporation of the University of Hawaii, and therefore recommends his reappointment.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Wakai).

SCRep. 1805 Higher Education on Gov. Msg. Nos. 716, 717, 718, 719, 720, 721, 776, and 777

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

- G.M. No. 716 ANNE MARIE MATSUZAKI, for a term to expire 06-30-2024. (Term amended to 6-30-2023 by GM822);
- G.M. No. 717 ELWYN WATKINS, for a term to expire 06-30-2021;
- G.M. No. 718 ELWYN WATKINS, for a term to expire 06-30-2025. (Term amended to 6-30-2024 by GM818);
- G.M. No. 719 GORDON KAI, for a term to expire 06-30-2024. (Term amended to 6-30-2023 by GM820);
- G.M. No. 720 JOY KONO, for a term to expire 06-30-2024. (Term amended to 6-30-2023 by GM819);
- G.M. No. 721 GAIL MAKUAKANE-LUNDIN, for a term to expire 06-30-2024. (Term amended to 6-30-2023 by GM821);
- G.M. No. 776 ALAN CLINTON, for a term to expire 06-30-2021; and

G.M. No. 777 ALAN CLINTON, for a term to expire 06-30-2025. (Term amended to 6-30-2024 by GM817)

Your Committee reviewed the personal histories, resumes, and statements submitted by Anne Marie Matsuzaki, Elwyn Watkins, Gordon Kai, Joy Kono, Gail Makuakane-Lundin, and Alan Clinton for service on Hawaii Commission for National and Community Service.

ANNE MARIE MATSUZAKI

Your Committee did not receive any testimony on the nomination for the appointment of Anne Marie Matsuzaki.

Upon review of Ms. Matsuzaki's qualifications, your Committee finds that Ms. Matsuzaki's current status as an Education Program Specialist at Kamehameha Schools engaged in two community-based programs - the 'Āina Ulu Community Partnership program and the Nā Mamo Mahi'ai Initiative program, qualify her to be appointed to the Hawaii Commission for National and Community Service as a member representing community-based agencies or community-based organizations within the State. Ms. Matsuzaki has a Master of Education degree in Teaching and has served in the education sector for twenty-seven years, including eight years as an educator with the Department of Education. Her professional expertise is in developing and managing education programs and developing culturally grounded professional networks in various sectors in the State. For the 'Āina Ulu Community Partnership program, Ms. Matsuzaki developed and currently manages a portfolio of \$3,000,000 in formal land and program agreements between Native Hawaiian and Hawaiian-serving non-profit organizations and the University of Hawaii, to deliver eco-cultural education and currently manages an annual portfolio of approximately \$500,000 in agricultural education and new farmer training. Your Committee believes Ms. Matsuzaki's ability to develop working relationships with various individuals and organizations statewide, and her professional expertise and knowledge of developing and managing various education programs will be a valuable asset to the Hawaii Commission for National and Community Service, and therefore, recommends her appointment.

ELWYN WATKINS

Your Committee received testimony in support of the nomination for the appointment and reappointment of Elwyn Watkins from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO (HGEA), and six individuals.

Upon review of the testimony and his qualifications, your Committee finds that Mr. Watkins' over two decades of membership in the HGEA, fifteen years of experience as a bargaining unit representative, and service on the bargaining unit's executive board for two terms qualify him to be appointed to the Hawaii Commission for National and Community Service as a member representing local labor organizations in the State. Your Committee finds that Mr. Watkins has been an employee of the University of Hawaii since 2000 and is currently the Building and Security Systems Engineer at the Facilities Management Office of the University of Hawaii John A. Burns School of Medicine. He has been a HGEA representative for Bargaining Unit 08 (BU08), consisting of non-faculty personnel of the University of Hawaii and the community college system since 2006, and served in various leadership roles, including Director of the BU08 Executive Board from 2015 to 2019, Chairperson of the Committees on Recreation and Community Action, and Chair of the Manoa Agency Council. Your Committee recommends that Mr. Watkins be appointed and reappointed to the Hawaii Commission for National and Community Service based on his extensive experience as an employee of the University of Hawaii, experience and knowledge as a member and board member of BU08, and his proven leadership skills.

GORDON KAI

Your Committee did not receive any testimony on the nomination for the appointment of Gordon Kai.

Upon review of his qualifications, your Committee finds that Mr. Kai's professional expertise and knowledge in Hawaii's visitor's industry, Native Hawaiian culture and art, and arts education qualify him to be appointed to the Hawaii Commission for National and Community Service. Mr. Kai is a master of Native Hawaiian arts, who creates objects used daily by his community in fishing, farming, making kapa, pounding poi, and practicing hula and martial arts. Mr. Kai has been the recipient of various awards, and his work is featured in the collections of Kamehameha Schools and the Bishop Museum in Hawaii, the Peabody-Essex Museum in Massachusetts, and the Captain Cook Museum in England. Your Committee further finds that Mr. Kai has been sharing his knowledge and experiences with people for over forty years through workshops, lectures, exhibitions and artist demonstrations at various schools, hotels, and organizations. After working in the visitor industry for four decades, Mr. Kai is now retired; however, he continues to serve his community as President of the Aha Kane, a nonprofit organization created to strengthen the Native Hawaiian community. Your Committee recommends that Mr. Kai be appointed to the Hawaii Commission for National and Community Service based on his expertise and knowledge in Hawaii's visitor's industry, Native Hawaiian culture and art, and arts education.

<u>JOY KONO</u>

Your Committee received testimony in support of the nomination for the appointment of Joy Kono from the Hawai'i Farm Bureau and one individual.

Upon review of the testimony and her qualifications, your Committee finds that Ms. Kono's professional expertise and knowledge in managing a large number of staff, working collaboratively with others to address challenges, and restructuring of organizations to increase efficiencies qualify her to be appointed to the Commission. Ms. Kono has a Master of Business Administration degree from Santa Clara University and has held various positions at Kamehameha Schools since 2002. She is currently the Senior Director of Education Support Services and Group Operations, managing sixty-one staff members to support the school's statewide education systems in admissions, financial aid, scholarships, and ancestry verification. Ms. Kono also acts as the point of contact for all education programs and manages a budget of \$65,000,000 for programs and operations. Ms. Kono's key achievements include restructuring her department's operations to increase efficiencies, which resulted in significant staff reduction. Your Committee also motes Ms. Kono's ability to work on a wide variety of policy issues concerning the needs, challenges, and opportunities faced by farmers across the State, based on her experience as the Vice President and Treasurer of the Hawai'i Farm Bureau, Chair and Board member of the Hawaii Agricultural Leadership Program, and Co-Chair of the Hawaii State Farm Fair. Your Committee believes Ms. Kono's experience and knowledge in organizational management, collaborative problem solving, restructuring of operations to

increase efficiencies, and background in working with various agricultural organizations will be valuable assets to the Hawaii Commission for National and Community Service, and therefore, recommends her appointment.

GAIL MAKUAKANE-LUNDIN

Your Committee did not receive any testimony on the nomination for the appointment of Gail Makuakane-Lundin.

Upon review of her qualifications, your Committee finds that Ms. Makuakane-Lundin's expertise and knowledge in developing Native Hawaiian-related higher education programs and garnering and managing federal grants therefor qualify her to be appointed to the Hawaii Commission for National and Community Service. Ms. Makuakane-Lundin has held various positions at the University of Hawaii at Hilo (UH Hilo) since 1984 and is currently the Principal Investigator and Program Director of its Title III Native Hawaiian-Serving Institution Grants and the Director of Kipuka Native Hawaiian Student Center. Aside from her employment with UH Hilo, Ms. Makuakane-Lundin also served as Petty Officer Second Class, Yeoman with the United States Coast Guard from 1982 to 2000. Ms. Makuakane-Lundin has an extensive background in developing Native Hawaiian-serving programs for UH Hilo and garnering and managing millions of dollars in grants from the U.S. Department of Education therefor, including the 2020-2025 Title III Native Hawaiian-Serving Institutions Five-Year Development Grant (\$2.2 million); 2019-2024 Title III Native Hawaiian Serving Institutions Five-Year Cooperative Grant (\$2.2 million); and 2015-2021 Title III Native Hawaiian Serving Institutions Five-Year Cooperative Grant (\$3.9 million). Ms. Makuakane-Lundin has received various awards acknowledging her contributions, including the 2016 UH Hilo Pūlama 'Ike Award and 2013 Native Hawaiian Education Association Educator of the Year Award. Your Committee also notes Ms. Makuakane-Lundin's strong commitment to community service, as evidenced by her current membership in the Hale O Nā Ali'i Halau Kalākaua, Hawaii Public Health Association, Hilo Jaycees, and Hilo Hawaiian Civic Club. Your Committee recommends appointment of Ms. Makuakane-Lundin to the Hawaii Commission for National and Community Service based on her expertise and knowledge in developing Native Hawaiian-related higher education programs, garnering and managing federal grants, and commitment to community service.

ALAN CLINTON

Your Committee received testimony in support of the nomination for the appointment and reappointment of Alan Clinton from the Office of the Mayor of the County of Kauai; County of Kauai Department of Planning; County of Kauai Police Department Patrol Service Bureau; Kauai Habitat for Humanity, Inc.; and eleven individuals.

Upon review of the testimony and his qualifications, your Committee finds that Mr. Clinton's current status as the Disaster Assistance Recovery, Mitigation, and GIS Officer of the County of Kauai Emergency Management Agency (KEMA) and his previous positions at municipal government qualify him to be appointed to the Hawaii Commission for National and Community Service, as a member representing county governments. Mr. Clinton has a Master of Science degree in Geography and Bachelor of Science degree in Natural Resources & Environmental Science. From 2017 to 2018, Mr. Clinton was a Development Plan Project Assistant with the County of Kauai Planning Department Long Range Division working on updating Kauai's General Plan, which sets forth the county's long-range land use policies. According to testimony, Mr. Clinton played an integral role in community engagement and dialog concerning the county's land use policies. Thereafter, Mr. Clinton left Hawaii to earn a Master of City and Regional Planning degree from Ohio State University, during which he continued to serve as a government employee as a Graduate Intern with the City of Columbus Department of Technology GIS Division. In January 2020, Mr. Clinton returned to Kauai and began work in his current position at the KEMA. Your Committee notes numerous testimonies attesting to Mr. Clinton's invaluable service during the coronavirus disease 2019 pandemic in multiple capacities, including his tireless efforts in developing applications and online forms as the county navigated through various travel and quarantine policies. Your Committee also notes Mr. Clinton's strong commitment to volunteer work as evidenced by his service with AmeriCorps National's Kauai Habitat for Humanity. Your Committee believes that Mr. Clinton's professional experience and knowledge in disaster recovery, mitigation, and technology; ability to collaborate with others under stress; and strong commitment to public serve will be valuable assets to the Hawaii Commission for National and Community Service, and therefore, recommends his appointment and reappointment.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Wakai).

SCRep. 1806 Higher Education on Gov. Msg. Nos. 785, 786, and 787

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAI'I

G.M. No. 785 WILLIAM HANING III, for a term to expire 06-30-2026;

G.M. No. 786 DIANE PALOMA, for a term to expire 06-30-2026; and

G.M. No. 787 WAYNE HIGAKI, for a term to expire 06-30-2026

Your Committee has reviewed the resumes submitted by William Haning III, Diane Paloma, and Wayne Higaki for service on the Board of Regents of the University of Hawai'i (Board of Regents).

WILLIAM HANING III

Your Committee Received testimony in support of the nomination for the appointment of William Haning III from eighteen individuals.

Upon review of the testimony and his qualifications, your Committee finds that Dr. Haning's professional experience and knowledge as a retired tenured Professor of Psychiatry at the University of Hawaii John A. Burns School of Medicine (JABSOM), commitment to medical education in Hawaii, and residency in the City and County of Honolulu qualify him to be appointed to the Board of Regents as a member representing the City and County of Honolulu. Dr. Haning obtained his medical license in Hawaii in 1977 and is certified in Addiction Medicine, Addiction Psychiatry, and General Psychiatry. Dr. Haning began teaching at JABSOM in 1989, was granted tenure as Professor in Psychiatry in 2009, and retired from professorship in 2017. He currently serves as a staff physician at The Queen's Medical Center and as Program Director for the Addiction Psychiatry Residency Program and Addiction Medicine Fellowship Program at Hawaii'i Residency Programs, Inc., a nonprofit corporation sponsored by JABSOM. Dr. Haning has also been serving in various branches of the armed forces and is currently an affiliate faculty and staff at Tripler Army Medical Center's Department of Psychiatry and the Professional Services Liaison officer for Hawaii with the United States Navy. Your Committee therefore recommends the appointment of Dr. Haning to the Board of Regents based on his extensive knowledge and expertise as a practicing psychiatrist, his experience as a tenured professor at JABSOM, and his commitment and dedication to medical education in Hawaii.

DIANE PALOMA

Your Committee Received testimony in support of the nomination for the appointment of Diane Paloma from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Lodging & Tourism Association; Ke One O Kākuhihewa; Office of Hawaiian Affairs; University of Hawaii Professional Assembly; one member of Hawaii's Congressional delegation; one member of the House of Representatives; and twenty-seven individuals.

Upon review of the testimony and her qualifications, your Committee finds that Dr. Paloma's professional experience and knowledge in Hawaii's health care sector, management skills, and residency in the City and County of Honolulu qualify her to be appointed to the Board of Regents as a member representing the City and County of Honolulu. Dr. Paloma is a graduate of Kamehameha Schools, and received her Doctor in Philosophy degree with specialization in Health Care Administration from Capella University School of Public Service Leadership and a Master of Business Administration degree with an emphasis in Management from the University of Hawaii College of Business Administration. As the first Chief Executive Officer of King Lunalilo Trust and Lunalilo Home, Dr. Paloma has been overseeing investments, home operations, residential and respite care, adult day care, and mealsto-go programs for Hawaii's senior citizens since 2017. Prior to her current position, Dr. Paloma held various positions in the health care sector, including as the Director of The Queen's Health Systems Native Hawaiian Health Program that she established. Your Committee notes that Dr. Paloma is also familiar with the University of Hawaii System through her previous service as the Director of Management Affairs at JABSOM's Department of Native Hawaiian Health and volunteer work as a member of the Kapiolani Community College Chancellor Search Advisory Committee and adjunct faculty at the University of Hawaii at Manoa Myron P. Thompson School of Social Work and Social Welfare. Your Committee further notes Dr. Paloma's commitment to her community, as evidenced by her service on various boards, such as the University of Hawaii Foundation and Asian & Pacific Islander American Health Forum Board of Directors. Your Committee believes Dr. Paloma's commitment to improve the health and well-being of the people of Hawaii, Hawaiian values cultivated at Kamehameha Schools, familiarity with the University of Hawaii System, and management skills will be valuable assets to the Board of Regents, and therefore, recommends her appointment.

WAYNE HIGAKI

Your Committee received testimony in support of the nomination for the reappointment of Wayne Higaki from five members of the Board of Regents of the University of Hawaii and nine individuals.

Upon review of the testimony and his qualifications, your Committee finds that Mr. Higaki's professional expertise in the administration and business development of a hospital; financial, personnel, and quality management skills; program development skills; and residency on the Island of Hawaii qualify him to be reappointed to the Board of Regents as a member representing the County of Hawaii. Your Committee finds that Mr. Higaki received his Associate of Science degree in Radiologic Technology from Kapiolani Community College. After serving with numerous hospitals in California for over a decade, Mr. Higaki returned to Hawaii in 1996, and began serving at The Queen's Health Systems North Hawaii Community Hospital. Mr. Higaki has served at the hospital in various positions, including as Director of Project and Business Development, Vice President of Public Affairs, and Chief Development Officer. He now serves as the Assistant Administrator of Fund Development and Support Services, a position he has held since 2016. Your Committee notes Mr. Higaki's commitment to community service as evidenced by his participation on the Mayor's Health Sustainability Task Force. Your Committee also notes that Mr. Higaki has been serving on the Board of Regents since 2015. Your Committee received numerous testimonies from existing members of the Board of Regents attesting to the value Mr. Higaki brings, including diversity and depth of experience based on his private sector background as a health care administrator, understanding of the complexities associated with the diverse nature of the University's three campuses and seven community colleges, and strategic thinking. In addition to the testimonies, the members' confidence in Mr. Higaki's leadership is evidenced by their selecting him as their Vice Chair in 2018 and 2019. Mr. Higaki has also served in other leadership positions, such as the Chair and Vice Chair of multiple committees. He currently serves as the Vice Chair of the Committee on Planning and Facilities that oversees the University of Hawaii's capital improvement projects, maintenance and repair, and risk management. Based on the foregoing, your Committee recommends that Mr. Higaki be reappointed to the Board of Regents of the University of Hawaii.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 5. Noes, none. Excused, none.

SCRep. 1807 Human Services on Gov. Msg. Nos. 672, 674, and 677

Recommending that the Senate advise and consent to the nominations of the following:

STATE REHABILITATION COUNCIL

G.M. No. 672 TIRA KAMAKA, for a term to expire 06-30-2024;

G.M. No. 674 MERIAH NICHOLS, for a term to expire 06-30-2024; and

G.M. No. 677 JEFFREY HEDRICK, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Tira Kamaka, Meriah Nichols, and Jeffrey Hedrick for service on the State Rehabilitation Council (Council).

TIRA KAMAKA

Your Committee received testimony in support of the nomination of Tira Kamaka from the Department of Human Services, Division of Vocational Services and The Arc of Kona.

Upon review of the testimony and Ms. Kamaka's qualifications, your Committee finds that Ms. Kamaka is currently employed at Arc of Kona, where she has worked since 2016, serving as the Vice President of Program Services since 2019 and in that role, Ms. Kamaka oversees all programs and services provided by the agency and is responsible for the overall professional operations and delivery of Medicaid Waiver Home and Community Based service provision at all Arc of Kona locations island-wide. Ms. Kamaka identifies emerging opportunities and strategic leverage points and evaluates the efficiency and effectiveness of programs to provide ongoing feedback. Your Committee also finds that Ms. Kamaka leads efforts to research, identify, and develop grant and contract funding sources to support existing and potential programs in the field of disabilities.

Your Committee therefore finds that Ms. Kamaka's experience and knowledge of the issues addressed by the Council will be valuable assets and recommends Tira Kamaka for service to the State Rehabilitation Council.

MERIAH NICHOLS

Your Committee received testimony in support of the nomination of Meriah Nichols from the Department of Human Services, Division of Vocational Rehabilitation.

Upon review of the testimony and Ms. Nichols' qualifications, your Committee finds that Ms. Nichols is a career counselor with fifteen years of counseling experience focusing on students and clients with barriers to education and employment. Ms. Nichols is a professional post-secondary teacher and trainer, adept at working with adult students from diverse socioeconomic and multicultural backgrounds. Your Committee finds that Ms. Nichols is an effective writer and problem solver, as evidenced by the grants received from state and city governments to fund career development programs.

Further, your Committee finds that Ms. Nichols has provided career counseling for returning, non-traditional, and veteran students of the University of California at Berkeley with and without disabilities who faced barriers to continued education and employment. She has monitored and evaluated students' career related needs and readiness, and provided and coordinated appropriate interventions, resources, and recommendations. Your Committee also finds that Ms. Nichols was employed as an independent career development specialist with the California State Department of Rehabilitation, from 2010 to 2018. Prior to that she was a career counselor and program coordinator at the University of California at Berkeley, from 2003 to 2010.

Your Committee therefore finds that Ms. Nichols' experience and knowledge of the issues addressed by the Council will be valuable assets and recommends Meriah Nichols for service to the State Rehabilitation Council.

JEFFREY HEDRICK

Your Committee received testimony in support of the nomination of Jeffry Hedrick from the Department of Human Services, Division of Vocational Rehabilitation.

Upon review of the testimony and Mr. Hedrick's qualifications, your Committee finds that since 2018, Mr. Hedrick has served as the Executive Director at the Naval Supply Systems Command Fleet Logistics Center in Pearl Harbor, which provides the highest quality supply and support services to its customers. Mr. Hedrick is an expert in equal employment opportunity compliance and a member of the Command Resiliency Team, designed to meet federal goals for hiring persons with disabilities. Your Committee also finds that Mr. Hedrick is an advocate for hiring persons with disabilities and created the highly successful Vocational Rehabilitation Hiring Program so that Division of Vocational Rehabilitation participants can be hired into the federal government. Mr. Hedrick has worked hard to convince managers to hire persons with disabilities, install automatic doors, and has learned vast amounts about accommodation technology.

Your Committee finds that Mr. Hedrick's leadership, experience, knowledge of the issues addressed by the Council, and expertise and dedication to employing persons with disabilities will be an asset and therefore recommends Jeffrey Hedrick for service to the State Rehabilitation Council.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 1808 Human Services on Gov. Msg. Nos. 810, 811, and 812

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON FATHERHOOD

G.M. No. 810 DANIEL KITTREDGE, for a term to expire 06-30-2025;

G.M. No. 811 ALLEN CARDINES, JR., for a term to expire 06-30-2025; and

G.M. No. 812 JEFF ESMOND, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Daniel Kittredge, Allen Cardines, Jr., and Jeff Esmond for service on the Hawaii State Commission on Fatherhood (Commission).

DANIEL KITTREDGE

Your Committee received no testimony for this nomination.

Upon review of Mr. Kittredge's qualifications, your Committee finds that Mr. Kittredge is a father of three children ranging in ages from five to eighteen, and currently the water plants superintendent in the operations division of the Kauai County Department of Water, where he has worked for more than eight years. Mr. Kittredge previously worked at Earthworks Pacific, Inc., also in Lihue. Mr. Kittredge served as Kauai County Commissioner for the Hawaii State Commission on Fatherhood, from July 2015 through June 2020. He has also served on the Kauai Fatherhood Council and as a coach and referee for youth soccer in Waimea.

Your Committee finds that Mr. Kittredge's experience and knowledge of the issues addressed by the Commission will be valuable assets and therefore recommends Daniel Kittredge for service to the Commission on Fatherhood.

ALLEN CARDINES, JR.

Your Committee received testimony in support of this nomination from one member of the Senate; one member of the House of Representatives; P.A.R.E.N.T.S., Inc.; and one individual.

Upon review of the testimony and Mr. Cardines' qualifications, your Committee finds that Mr. Cardines grew up in Nanakuli, where he has served as senior pastor of a church for the past seventeen years. Mr. Cardines currently serves on the Commission on Fatherhood, where his efforts have impressed many and where he has built an extensive collaborative network of various church, community, public, and private entities in supporting his many worthy endeavors building healthy relationship inside and outside the family unit. He continues to work with other community leaders to create a safe community of healthy relationships within families so children should not live in fear in their own home.

Your Committee finds that Mr. Cardines and his colleagues work with police and other community leaders to strengthen families, empower and grow vibrant communities, limit bullying and suicides in schools, implement evidence-based restorative justice practices, and create excitement around parenting classes. Your Committee also finds that the nominee wants to serve on this Commission to partner with other men and organizations to promote safe and healthy relationships, families, and communities by emphasizing the important role fathers play in making this a reality in the lives of their children.

Accordingly, your Committee finds that Mr. Cardines' experience and knowledge of the issues addressed by the Commission will be valuable assets and recommends Allen Cardines. Jr. for service to the Commission on Fatherhood.

JEFF ESMOND

Your Committee received testimony in support of this nomination from Kāne'ohe Elementary School and two individuals.

Upon review of the testimony and Mr. Esmond's qualifications, your Committee finds that Mr. Esmond is the owner and president of Hawaii 5500 LLC, a financial and welfare plan services company since 2017. Your Committee also finds that Mr. Esmond works in a dynamic and demanding field that requires critical thinking and problem solving to work within the limits of government compliance, financial demands of the client, and provisions of the plan document. Mr. Esmond's work requires strong attention to detail and high sensitivity to confidential data. Prior to his current position, Mr. Esmond consulted on financial and retirement services for three companies.

Your Committee finds that Mr. Esmond is involved in several ongoing community activities, most centered around providing guidance in his community for parents, teachers, and fathers. Over the past six years, he helped with, led, and/or coordinated initiatives such as Eating a Rainbow, where families learned to prepare and eat simple, healthy meals; Halloween Treat Donation Drive, where students were encouraged to limit the amount of Halloween candy they consume by donating their uneaten, excess candy to partners at Marine Corp Base Hawai'i; and Blue Zones, where Kāne'ohe Elementary School revised its wellness policies to become a Blue Zones school.

Your Committee finds that Mr. Esmond's experience and knowledge of the issues addressed by the Commission will be valuable assets and therefore recommends Jeff Esmond for service to the Commission on Fatherhood.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 1809 Education on Gov. Msg. Nos. 788, 789, 790, and 791

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII TEACHER STANDARDS BOARD

G.M. No. 788 DAVELYN HAN, for a term to expire 06-30-2025;

G.M. No. 789 GLEN MIYASATO, for a term to expire 06-30-2022;

G.M. No. 790 KATINA SOARES, for a term to expire 06-30-2022; and

G.M. No. 791 JONATHAN GILLENTINE, for a term to expire 06-30-2023

Your Committee has reviewed the personal histories, resumes, and statements submitted by Davelyn Han, Glen Miyasato, Katina Soares, and Jonathan Gillentine for service on the Hawaii Teacher Standards Board (HTSB).

DAVELYN HAN

Your Committee received testimony in support of the nomination for the appointment of Davelyn Han from the HTSB and five individuals.

Upon review of the testimony, your Committee finds that Ms. Han's background in education qualify her for appointment to the HTSB. Ms. Han received her Bachelor's degree in elementary education and Master's degree in educational technology from the University of Hawaii at Manoa. Additionally, Ms. Han has a background in Hawaiian language and currently works as a teacher in a Hawaiian language immersion program at a public conversion charter school. Your Committee notes that Ms. Han currently serves the HTSB as its Legislative Committee Chairperson. Her perspectives on charter schools, neighbor island classroom teaching, and Hawaiian language immersion have been a valuable resource for the HTSB and your Committee therefore recommends Davelyn Han for appointment to the HTSB.

GLEN MIYASATO

Your Committee received testimony in support of the nomination for the appointment of Glen Miyasato from the HTSB and two individuals

Upon review of the testimony, your Committee finds that Mr. Miyasato's background in teaching and education administration qualify him for appointment to the HTSB. Mr. Miyasato received his Bachelor's degree in education and Master's degree in education from the University of Hawaii at Manoa. Mr. Miyasato has a wealth of experience as a teacher, having taught at the middle school and high school levels for nearly twenty-five years. Additionally, Mr. Miyasato has a background in administration with nearly a decade's worth of experience as a Principal. His experience in teaching and administration will be very beneficial to the HTSB. Therefore, your Committee recommends Glen Miyasato for appointment to the HTSB.

KATINA SOARES

Your Committee received testimony in support of the nomination for the appointment of Katina Soares from the HTSB, Department of Education, and twelve individuals.

Upon review of the testimony, your Committee finds that Dr. Soares' background in education and counseling qualify her for appointment to the HTSB. Dr. Soares received her Bachelor's degree in psychology from Judson College, Master's degree in education school counseling from Liberty University, and Doctor of Philosophy degree from Walden University. Dr. Soares has spent more than a decade working in education administration as a principal or vice principal on the islands of Molokai and Maui. Additionally, she has more than seven years of experience working as a school counselor, including serving as the counseling department chair at Molokai High School. Dr. Soares' experience in administration, counseling, and on neighbor island schools will be a valuable addition to the HTSB. Therefore, your Committee recommends Katina Soares for appointment to the HTSB.

JONATHAN GILLENTINE

Your Committee received testimony in support of the nomination for the appointment of Jonathan Gillentine from the HTSB and nine individuals.

Upon review of the testimony, your Committee finds that Mr. Gillentine's background in education qualifies him for appointment to the HTSB. Dr. Gillentine received his Bachelor's degree, Master's degree in education, and Doctor of Philosophy in education from the University of Hawaii at Manoa. He has nearly forty years of teaching experience, including teaching at the elementary school, high school, community college, and university levels. Additionally, Dr. Gillentine was inducted into the National Teachers Hall of Fame in 2017. Your Committee also notes that Dr. Gillentine previously served on the HTSB, including serving for four years as the HTSB Chair. His proven track record of excellence in teaching as well as his previous service on the HTSB qualify him for appointment and your Committee therefore recommends Jonathan Gillentine for appointment to the HTSB.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 1810 Education on Gov. Msg. No. 794

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF EDUCATION

G.M. No. 794 WILLIAM ARAKAKI, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by William Arakaki for service on the Board of Education.

Your Committee received testimony in support of the nomination for the appointment of William Arakaki from one member of the House of Representatives, Kaua'i County Office of the Mayor, three members of the Kaua'i County Council, HawaiiKidsCAN, Grove Farm, and twenty-three individuals. Your Committee received testimony in opposition to the nomination for the appointment of William Arakaki from three individuals.

Upon review of the testimony, your Committee finds that Mr. Arakaki's experience, background, and commitment to public service qualifies him for appointment to the Board of Education. Your Committee further finds that Mr. Arakaki has over forty years of experience in various positions either teaching, coaching, or as an administrator for the Department of Education. Mr. Arakaki later became the Kauai Complex Area Superintendent and held that position for thirteen years. Your Committee notes that Mr. Arakaki, although retired, has continued to remain committed to lending his expertise in education for the betterment of youth and giving back to the community. Your Committee further notes that Mr. Arakaki's institutional knowledge, collaborative skills, and willingness to serve others will be assets to the Board of Education. Your Committee therefore recommends that Mr. Arakaki be appointed to the Board of Education based on his extensive work experience, compassion, and dedication to education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Kim). Noes, none. Excused, 1 (Dela Cruz).

SCRep. 1811 Education on Gov. Msg. Nos. 626, 627, 628, and 629

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING BOARD

G.M. No. 626 LEILANI AU, for a term to expire 06-30-2022;

G.M. No. 627 MELODIE VEGA, for a term to expire 06-30-2023;

G.M. No. 628 JUSTINA ACEVEDO-CROSS, for a term to expire 06-30-2022; and

G.M. No. 629 CHERILYN SHIINOKI, for a term to expire 06-30-2022

Your Committee reviewed the personal histories, resumes, and statements submitted by Leilani Au, Melodie Vega, Justina Acevedo-Cross, and Cherilyn Shiinoki for service on the Early Learning Board.

LEILANI AU

Your Committee received testimony in support of the nomination for the appointment of Leilani Au from the Executive Office on Early Learning and one member of the Early Learning Board.

Upon review of the testimony, your Committee finds that Ms. Au's background, experience, and dedication to early childhood education qualify her for appointment to the Early Learning Board. Your Committee finds that Ms. Au is presently the Director of the University of Hawaii at Manoa's Children Center, where she balances the ongoing needs of high quality education between two to five years of age, affordable child care, and providing professional development of the early learning workforce. Ms. Au has dedicated thirty-five years to the field of early learning as an Early Childhood Specialist, Early Childhood Department Lecturer, and Professional and Career Education for Early Childhood (PACE) Trainer. Additionally, Ms. Au's professional background as an Early Childhood Department Lecturer and Professional and Career Education for Early Childhood Trainer at Honolulu Community College allows her to understand the unique and varied needs of center-based childcare providers.

As a current member of the Early Learning Board, Ms. Au represents a critical voice in decision-making in providing updates about the status of private childcare providers during the coronavirus 2019 (COVID-19) pandemic. Therefore, your Committee finds that Leilani Au has the experience, knowledge, and desire to contribute to the community and will continue to be an asset to the Early Learning Board.

MELODIE VEGA

Your Committee received testimony in support of the nomination for the appointment of Melodie Vega from the Executive Office on Early Learning, one member of the Early Learning Board, and one individual.

Upon review of the testimony, your Committee finds that Ms. Vega's background, experience, and dedication to early childhood education qualify her for appointment to the Early Learning Board. Your Committee finds that Ms. Vega is currently the Director of Early Childhood Education Programs for the Family Child Interaction Learning (FCIL) program of Keiki O Ka 'Āina, a non-profit organization dedicated to educating children, strengthening families, enhancing communities, perpetuating Native Hawaiian culture, and is a key member in the 'Eleu network, a statewide group of FCIL providers. Ms. Vega has been a key planner in the FCIL's online learning program developed in response to the COVID-19 pandemic. Ms. Vega has dedicated thirty-three years to the field of early learning as a Program Manager for the School Readiness Program for the Executive Office on Early Learning, Project Manager for Hawaii Careers with Young Children Workforce and Professional Development Systems Building, and an educational and management consultant

As a current interim member of the Early Learning Board, Ms. Vega is a part of the Workforce Equity Subcommittee, where she shares her insights about the FCIL programs, relationship to community values, and the importance of family-child relationships and emphasizes the needs and expectations of the workforce in early childhood settings in Hawaii relating, guiding the subcommittee's study plans. Therefore, your Committee finds that Melodie Vega has the experience, knowledge, and desire to contribute to the community and will continue to be an asset to the Early Learning Board.

JUSTINA ACEVEDO-CROSS

Your Committee received testimony in support of the nomination for the reappointment of Justina Acevedo-Cross from the Executive Office on Early Learning and one member of the Early Learning Board.

Upon review of the testimony, your Committee finds that Ms. Acevedo-Cross' background, experience, and dedication to early childhood education qualify her for reappointment to the Early Learning Board. Your Committee finds that Ms. Acevedo-Cross is presently the Program Director for the Hawaii Community Foundation, leading the Promising Minds initiative to strengthen healthy development of all children from birth to age five, where she focuses on early learning, education, community development, economic security, and workforce development issues. She has previously served as Program Officer for The David and Lucile Packard Foundation and Communications Manager, Interim Policy Manager, and Consultant at the Women's Initiative for Self Employment. She hopes to catalyze policy development around the whole child so that early learning activities include foundational components that affect a child's ability to learn about health and feeling safe.

As a current member of the Early Learning Board, Ms. Acevedo-Cross serves on the Finance Subcommittee and the Executive Office on Early Learning Director Search Subcommittee, where she is engaged in the study of early educator qualifications, pay equity, and strategies to build early learning workforce capacity. Your Committee therefore finds that Justina Acevedo-Cross's understanding of child development, as well as her willingness to serve, will be great assets to the Early Learning Board.

CHERILYN SHIINOKI

Your Committee received testimony in support of the nomination for the appointment of Cherilyn Shiinoki from the Executive Office on Early Learning, one member of the Early Learning Board, and one individual.

Upon review of the testimony, your Committee finds that Ms. Shiinoki's background, experience, and dedication to early childhood education qualify her for appointment to the Early Learning Board. Your Committee finds that Ms. Shiinoki is presently the Executive Director for Family Hui Hawaii, which offers a peer-to-peer parenting support program, and has previous professional and volunteer experience as a volunteer intern for the State of Hawaii Governor's Executive Office on Early Learning; education specialist, substitute teacher, and administrative support at the University of Hawaii at Manoa Children's Center; and Children's Ministry Director for New Hope Diamond Head. In her personal statement, Ms. Shiinoki indicated that she hopes that her seventeen years of early childhood education as a parent informs the voices of families are represented on the Early Learning Board to design a sustainable early learning system in which children are healthy, valued, and successful in school and life.

As a current member of the Early Learning Board, Ms. Shiinoki possesses a firm understanding of the Early Learning Board's objectives, strategies, and focuses an understanding of child development and advocates for expanding the Executive Office of Early Learning's system building role to service more infants and toddlers. Therefore, your Committee finds that Cherilyn Shiinoki has the experience, knowledge, and desire to contribute to the community and will continue to be an asset to the Early Learning Board.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 1812 Commerce and Consumer Protection on Gov. Msg. Nos. 761 and 762

Recommending that the Senate advise and consent to the nominations of the following:

REAL ESTATE COMMISSION

G.M. No. 761 AUDREY ABE, for a term to expire 06-30-2025; and

G.M. No. 762 JENNIFER ANDREWS, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Audrey Abe and Jennifer Andrews for service on the Real Estate Commission.

AUDREY ABE

Your Committee received testimony in support of the nomination for the appointment of Audrey Abe from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Ms. Abe's experience, background, and commitment to public service qualify her for appointment to the Real Estate Commission as a licensee member. Your Committee notes that Ms. Abe has been a licensed real estate broker in Hawaii since 2020 and has owned Abe Consulting Group, LLC since 1992, which provides consulting services for real estate acquisitions. Ms. Abe is also a licensed certified public accountant and certified general appraiser. Ms. Abe has performed real estate appraisals for nearly thirty years, assisting clients such as the Department of Land and Natural Resources, the federal government, and major lending institutions. Your Committee further notes that Ms. Abe has served on a number of professional and community organizations, including the Aloha Stadium Authority, Hawaii Housing Finance and Development Corporation, and Hawaii State Board of Taxation Review, and has a thorough understanding of the roles and responsibilities of board members. Your Committee finds that Ms. Abe's diverse professional experience will offer a unique perspective to the Real Estate Commission. Your Committee therefore recommends that Ms. Abe be appointed to the Real Estate Commission based on her knowledge, experience, and commitment to public service.

JENNIFER ANDREWS

Your Committee received testimony in support of the nomination for the appointment of Jennifer Andrews from the Department of Commerce and Consumer Affairs; Hawai'i Association of REALTORS; Honolulu Board of REALTORS; SanHi Government Strategies; The Gentry Companies Locations, LLC; and First Hawaii Title Corporation.

Upon review of the testimony, your Committee finds that Ms. Andrews' background, knowledge, and dedication to serving the public qualify her to be appointed to the Real Estate Commission as a licensee member. Your Committee notes that Ms. Andrews has been licensed as a real estate broker since 2005 and is currently a principal at Keller Williams Honolulu, where she directly supervises brokers, conducts training, and assists agents with contract review and negotiations. Prior to that, Ms. Andrews was a project sales agent for Gentry Homes, Ltd. and served in managerial positions at Coldwell Banker Pacific Properties. Your Committee finds that Ms. Andrews has served as a member on a number of professional organizations, including the National Association of Realtors, City and County of Honolulu Real Property Tax Appeal Review Board, and Building Industry Association of Hawaii. Ms. Andrews has a thorough understanding of the role and responsibilities of board members and her extensive experience in real estate will continue to enhance the effectiveness of the Real Estate Commission. Your Committee therefore recommends that Ms. Andrews be appointed to the Real Estate Commission based on her knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1813 Commerce and Consumer Protection on Gov. Msg. Nos. 773, 774, and 775

Recommending that the Senate advise and consent to the nominations of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 773 JERRY NISHEK, for a term to expire 06-30-2025;

G.M. No. 774 JOSEPH O'DONNELL, for a term to expire 06-30-2025; and

G.M. No. 775 CLYDE HAYASHI, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Jerry Nishek, Joseph O'Donnell, and Clyde Hayashi for service on the Contractors License Board.

JERRY NISHEK

Your Committee received testimony in support of the nomination for the appointment of Jerry Nishek from the Department of Commerce and Consumer Affairs; Contractors Association of Kaua'i; Pacific Blue Construction, LLC; and one individual.

Upon review of the testimony, your Committee finds that Mr. Nishek's background and dedication to serving the public qualify him to be appointed to the Contractors License Board as a licensed general contractor member from Kauai. Your Committee notes that Mr. Nishek has been a licensed landscape contractor in Hawaii for forty years and a licensed general contractor for twenty-five years. Mr. Nishek has worked with Kauai Nursery & Landscaping, Inc. since 1979 where he currently serves as the general manager and corporate treasurer. Mr. Nishek is also knowledgeable in general building and general engineering and has considerable experience with both small and large contracting projects that require coordination with multiple trade contractors. Your Committee further notes that Mr. Nishek has served as a member of numerous professional and community organizations and has a thorough understanding of the role and responsibilities of board members. Mr. Nishek's extensive experience in contracting will continue to enhance the effectiveness of the Contractors License Board. Your Committee therefore recommends that Mr. Nishek be appointed to the Contractors License Board based on his knowledge, background, and dedication to public service.

JOSEPH O'DONNELL

Your Committee received testimony in support of the nomination for the reappointment of Joseph O'Donnell from the Contractors License Board and Torkildson, Katz, Hetherington, Harris & Knorek, Attorneys at Law.

Upon review of the testimony, your Committee finds that Mr. O'Donnell's experience, knowledge, and proven leadership on the Contractors License Board qualify him for reappointment to the Board as a public member. Your Committee notes that Mr. O'Donnell has been employed by the Ironworkers Union Local 625 for over thirty years and is currently the financial secretary, treasurer, and business manager. Mr. O'Donnell also serves as the Trustee of the Hawaii Ironworkers Structural Pension Plan and the Hawaii Ironworkers Administration Office. Your Committee further notes that Mr. O'Donnell has an extensive history of public service and currently serves as Chair of the City and County of Honolulu Liquor Commission and as a member of the Hawaii Occupational Safety and Health Advisory Committee. Your Committee finds that Mr. O'Donnell has served on the Contractors License Board since 2019 and his experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Mr. O'Donnell be reappointed to the Contractors License Board based on his experience, knowledge, and commitment to public service.

CLYDE HAYASHI

Your Committee received testimony in support of the nomination for the reappointment of Clyde Hayashi from the Contractors License Board, Prince Kūhiō Hawaiian Civic Club, and International Longshore & Warehouse Union Local 142.

Upon review of the testimony, your Committee finds that Mr. Hayashi's experience, knowledge, and proven leadership on the Contractors License Board qualify him for reappointment to the Board as a public member. Your Committee notes that Mr. Hayashi has over thirty years of experience in labor unions and government relations and is currently employed by the Hawaii Ironworkers'

Stabilization Fund in government affairs. Previously, Mr. Hayashi served as the State Community Services Liaison for the American Federation of Labor & Congress of Industrial Organizations/Aloha United Way Partnership for ten years. Mr. Hayashi also worked for ten years as a boilermaker apprentice and a boilermaker mechanic in Pearl Harbor Naval Shipyard. Your Committee further finds that Mr. Hayashi has served on the Contractors License Board since 2019 and his unique experience with shipyard trades, the construction industry, health and human services community, labor unions, and government relations will continue to be assets to the Board. Your Committee therefore recommends that Mr. Hayashi be reappointed to the Contractors License Board based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1814 Commerce and Consumer Protection on Gov. Msg. Nos. 781 and 782

Recommending that the Senate advise and consent to the nominations of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 781 EVAN FONG, for a term to expire 06-30-2025; and

G.M. No. 782 ALLEN MARTIN, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Evan Fong and Allen Martin for service on the Elevator Mechanics Licensing Board.

EVAN FONG

Your Committee received testimony in support of the nomination for the reappointment of Evan Fong from the Elevators Mechanics Licensing Board and two individuals.

Upon review of the testimony, your Committee finds that Mr. Fong's experience, background, and commitment to public service qualify him for reappointment to the Elevator Mechanics Licensing Board as a licensed elevator mechanic member. Your Committee notes that Mr. Fong has over fifteen years of experience as an elevator mechanic and has been a licensed elevator mechanic in Hawaii since 2010. Mr. Fong is currently a Regional Director of the National Elevators Industry Education Program, which conducts education and training for elevator apprentices throughout the country. Your Committee further notes that Mr. Fong is an active member in the International Union of Elevator Constructors, Local 126, where he has held various positions and currently serves as Vice President. Your Committee further finds that Mr. Fong has served as a member of the Elevator Mechanics Licensing Board since 2019 and was recently elected to serve as Vice Chair. Mr. Fong has a thorough understanding of the roles and responsibilities of board members, and his knowledge and expertise will continue to be assets to the Elevator Mechanics Licensing Board. Your Committee therefore recommends that Mr. Fong be reappointed to the Elevator Mechanics Licensing Board based on his knowledge, experience, and commitment to public service.

ALLEN MARTIN

Your Committee received testimony in support of the nomination for the appointment of Allen Martin from the Department of Commerce and Consumer Affairs.

Upon review of the testimony, your Committee finds that Mr. Martin's background and desire to serve his community qualify him for appointment to the Elevator Mechanics Licensing Board as a public member not connected or associated with the elevator or building industry. Your Committee notes that Mr. Martin is a veteran of the United States Coast Guard and a retired business owner of over thirty years. Mr. Martin also previously worked in carpentry and automotive repair and has experience in advertising, customer sales, and support. Your Committee further notes that Mr. Martin's diverse background and interest in serving his community will provide an insightful perspective on the Elevator Mechanics Licensing Board. Your Committee further finds that Mr. Martin has a thorough understanding of the roles and responsibilities of board members and Mr. Martin's service will greatly enhance the effectiveness of the Elevator Mechanics Licensing Board. Your Committee therefore recommends that Mr. Martin be appointed to the Elevator Mechanics Licensing Board based on his background and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1815 Commerce and Consumer Protection on Gov. Msg. No. 729

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DENTISTRY

G.M. No. 729 KATHERINE FUKUSHIMA, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Katherine Fukushima for service on the Board of Dentistry.

Your Committee received testimony in support of the nomination for the appointment of Katherine Fukushima from the Department of Commerce and Consumer Affairs, Hawaii Dental Service, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Fukushima's background and dedication to serving the public qualify her to be appointed to the Board of Dentistry as a licensed dental hygienist member. Your Committee notes that Ms. Fukushima has over thirty-two years of experience in different areas of the dental industry. Ms. Fukushima has been licensed as a registered dental hygienist in Hawaii since 1992 and is currently working as a registered dental hygienist at Kahala Smiles Professionals, LLC. Your Committee further notes that Ms. Fukushima has served in a number of roles in support of her professional community, including as a member of the Hawaii Dental Hygienists' Association, an examiner for state board examinations, and a liaison for the dental hygiene student externship program for the University of Hawaii at Manoa. Your Committee finds that Ms. Fukushima has a thorough understanding of the role and responsibilities of board members and her extensive experience in the dental field will continue to enhance the effectiveness of the Board of Dentistry. Your Committee therefore recommends that Ms. Fukushima be appointed to the Board of Dentistry based on her knowledge, background, and dedication to public.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1816 Commerce and Consumer Protection on Gov. Msg. No. 780

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 780 DAVID KAMAKEA III, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by David Kamakea III for service on the Board of Electricians and Plumbers.

Your Committee received testimony in support of the nomination for the appointment of David Kamakea III from the Department of Commerce and Consumer Affairs; Plumbers and Fitters UA, Local 675; HSI Mechanical, Inc.; and Bergeman Group.

Upon review of the testimony, your Committee finds that Mr. Kamakea's background and dedication to serving the public qualify him to be appointed to the Board of Electricians and Plumbers as a licensed plumber member. Your Committee notes that Mr. Kamakea has been licensed as a journeyman plumber since 1998 and a licensed contractor since 2018. Mr. Kamakea has nearly thirty years of experience in the plumbing and pipefitting industries and currently works as a plumbing and pipefitter superintendent for HSI Mechanical, Inc. Previously, Mr. Kamakea was a foreman for the power and industrial division of Hawaiian Dredging Construction Company, Inc. and served as an assistant training coordinator for the Plumbers and Fitters UA, Local 675. Your Committee finds that Mr. Kamakea has a thorough understanding of the role and responsibilities of board members and his extensive experience will enhance the effectiveness of the Board of Electricians and Plumbers. Your Committee therefore recommends that Mr. Kamakea be appointed to the Board of Electricians and Plumbers based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1817 Commerce and Consumer Protection on Gov. Msg. No. 733

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 733 RANDALL BALL, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Randall Ball for service on the Motor Vehicle Industry Licensing Board.

Your Committee received testimony in support of the nomination for the appointment of Randall Ball from the Department of Commerce and Consumer Affairs, Meharry Medical College, and one individual.

Upon review of the testimony, your Committee finds that Dr. Ball's background and dedication to serving the public qualify him to be appointed to the Motor Vehicle Industry Licensing Board as a public member not connected with the industry. Your Committee notes that Dr. Ball is a retired colonel of the United States Army Dental Corps, specializing in pediatric dentistry. Over the course of his thirty-year career, Dr. Ball held distinguished academic and administrative appointments both nationally and internationally. Your Committee further notes that Dr. Ball has served as an active member in a number of professional organizations, including as president and program director of a dental society in Seoul and various positions within the Federal Services Academy of Pediatric Dentistry. Dr. Ball has also provided consulting services to dental treatment facilities around the world, taught and mentored at various dental schools, and engaged in years of community services for dental needs. Your Committee finds that Dr. Ball has a thorough understanding of the role and responsibilities of board members and his unique background will enhance the effectiveness of Motor Vehicle Industry Licensing Board. Your Committee therefore recommends that Dr. Ball be appointed to the Motor Vehicle Industry Licensing Board based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1818 Commerce and Consumer Protection on Gov. Msg. No. 722

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHARMACY

G.M. No. 722 MARK BROWN, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Mark Brown for service on the Board of Pharmacy.

Your Committee received testimony in support of the nomination for the appointment of Mark Brown from the Board of Pharmacy and three individuals

Upon review of the testimony, your Committee finds that Mr. Brown's experience, knowledge, and commitment to public service qualify him for appointment to the Board of Pharmacy as a licensee member from Maui county. Your Committee notes that Mr. Brown has been a licensed pharmacist in Hawaii since 1996 and has over twenty-five years of experience in pharmacology. Mr. Brown has been the pharmacy operations manager and a consultant pharmacist for PharMerica in Wailuku since 1998, where he manages long-term care pharmacies, oversees daily operations, and reviews the drug regimens of hundreds of long-term care patients. Mr. Brown is also the head pharmacist for the Hawaii Disaster Medical Assistance Team and has been deployed on numerous occasions both nationally and internationally to train and respond to natural disasters. Your Committee further finds that Mr. Brown is an active member in many community and professional organizations and previously served on the Board of Pharmacy from 2005 to 2013, including serving as Chair and Vice-Chair. Your Committee therefore recommends that Mr. Brown be appointed to the Board of Pharmacy based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1819 Commerce and Consumer Protection on Gov. Msg. Nos. 723 and 724

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 723 LORNA HU, for a term to expire 06-30-2025; and

G.M. No. 724 BRIAN CHEN, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Lorna Hu and Brian Chen for service on the Board of Speech Pathology and Audiology.

LORNA HU

Your Committee received testimony in support of the nomination for the reappointment of Lorna Hu from Board of Speech Pathology and Audiology.

Upon review of the testimony, your Committee finds that Ms. Hu's experience, knowledge, and proven leadership on the Board of Speech Pathology and Audiology qualify her for reappointment to the Board as a licensee member. Your Committee notes that Ms. Hu has been licensed as a speech pathologist in Hawaii since 1986 and has over thirty years of professional practice experience in all areas of speech pathology. Ms. Hu is currently the lead pediatric speech-language pathologist at Tripler Army Medical Center's neuro-developmental multidisciplinary clinic. Ms. Hu also actively contributes to her professional community through her volunteerism and serves as a mentor and clinical student supervisor for various universities and as a consultant to medical students and educational staff. Your Committee further finds that Ms. Hu has served on the Board of Speech Pathology and Audiology since 2017 and prior to that, served as a member of the Department of Commerce and Consumer Affairs' Regulated Industries Complaints Office's Speech Language and Audiology Advisory Committee for nearly twenty years. Your Committee therefore recommends that Ms. Hu be reappointed to the Board of Speech Pathology and Audiology based on her experience, knowledge, and commitment to public service.

BRIAN CHEN

Your Committee received testimony in support of the nomination for the reappointment of Brian Chen from the Board of Speech Pathology and Audiology and three individuals.

Upon review of the testimony, your Committee finds that Dr. Chen's knowledge, background, and proven leadership on the Board of Speech Pathology and Audiology qualify him for reappointment to the Board as a public member who is licensed to practice medicine in this State and certified by the American Board of Otolaryngology. Your Committee notes that Dr. Chen is a major in the Medical Corps of the United States Army, is currently stationed at the Tripler Army Medical Center where he serves as an attending surgeon, and has been a licensed physician in Hawaii since 2018. Dr. Chen completed his clinical fellowship for neurotology and skull base surgery at the House Ear Clinic in Los Angeles, California, and his otolaryngology and head and neck surgery residency at

Madigan Army Medical Center in Tacoma, Washington. Dr. Chen has undertaken several roles at Tripler Army Medical Center, including Assistant Chief of Otolaryngology, Medical Director of Audiology Services, and Director of the Cochlear Implant Program. Your Committee further finds that Dr. Chen has served on the Board of Speech Pathology and Audiology since 2020 and Dr. Chen's experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Dr. Chen be reappointed to the Board of Speech Pathology and Audiology based on his background, experience, and dedication to serving the public.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1820 Commerce and Consumer Protection on Gov. Msg. Nos. 725 and 726

Recommending that the Senate advise and consent to the nominations of the following:

HAWAI'I BOARD OF VETERINARY MEDICINE

G.M. No. 725 LEIANNE LEE LOY, for a term to expire 06-30-2023; and

G.M. No. 726 CRAIG NISHIMOTO, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Leianne Lee Loy and Craig Nishimoto for service on the Hawaii Board of Veterinary Medicine.

LEIANNE LEE LOY

Your Committee received testimony in support of the nomination for the reappointment of Leianne Lee Loy from the Hawaii Board of Veterinary Medicine.

Upon review of the testimony, your Committee finds that Dr. Lee Loy's experience, knowledge, and proven leadership on the Hawaii Board of Veterinary Medicine qualify her for reappointment to the Board as a licensee member from the City and County of Honolulu. Your Committee notes that Dr. Lee Loy has been licensed as a veterinarian in Hawaii since 1997. Dr. Lee Loy worked as the medical director and associate veterinarian for Veterinary Centers of America University Animal Hospital for nearly twenty years and is currently an associate veterinarian for Hawaii Kai Veterinary Clinic and relief veterinarian for Li'i Leihua Veterinary Care. Your Committee further finds that Dr. Lee Loy is an active member in a number of professional organizations and has held various roles in the American Veterinary Medical Association and Hawaii Veterinary Medical Association. Dr. Lee Loy has served on the Hawaii Board of Veterinary Medicine since 2016 and her experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Dr. Lee Loy be reappointed to the Hawaii Board of Veterinary Medicine based on her experience, knowledge, and commitment to public service.

CRAIG NISHIMOTO

Your Committee received testimony in support of the nomination for the reappointment of Craig Nishimoto from the Hawaii Board of Veterinary Medicine and one individual.

Upon review of the testimony, your Committee finds that Dr. Nishimoto's knowledge, background, and proven leadership on the Hawaii Board of Veterinary Medicine qualify him for reappointment to the Board as a licensee member representing Kauai County. Your Committee notes that Dr. Nishimoto has been licensed as a veterinarian in Hawaii since 1984. Dr. Nishimoto is a small animal veterinarian and has owned Paradise Animal Clinic in Kalaheo for thirty-two years. Dr. Nishimoto has also actively served as a member of a number of professional and community organizations, including president of the Hawaii Veterinary Medical Association, member of the board of directors for the Kauai Humane Society, and board member and treasurer for the Rotary Club of Poipu Beach Community Foundation. Your Committee further finds that Dr. Nishimoto has served on the Hawaii Board of Veterinary Medicine since 2018 and currently serves as Chair of the Board. Dr. Nishimoto's experience and knowledge will continue to be assets to the Hawaii Board of Veterinary Medicine. Your Committee therefore recommends that Dr. Nishimoto be reappointed to the Hawaii Board of Veterinary Medicine based on his background, experience, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1821 Commerce and Consumer Protection on Gov. Msg. Nos. 730, 731, and 732

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 730 CLAYTON PANG, for a term to expire 06-30-2025;

G.M. No. 731 JOEL KUROKAWA, for a term to expire 06-30-2024; and

G.M. No. 732 KEN OTA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Clayton Pang, Joel Kurokawa, and Ken Ota for service on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

CLAYTON PANG

Your Committee received testimony in support of the nomination for the reappointment of Clayton Pang from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; Electech Hawaii, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Mr. Pang's experience, knowledge, and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board as a licensee member. Your Committee notes that Mr. Pang has nearly fifty years of experience in electrical engineering and has been licensed as a professional electrical engineer in Hawaii since 1976. Mr. Pang is currently the president and principal electrical engineer of Electech Hawaii, Inc. Your Committee further notes that Mr. Pang is a member of many professional and community organizations and has served on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since 2019, and represents the Board at regional and national conferences and serves on the Board's Rules Committee. Mr. Pang's experience and knowledge will continue to be assets to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee therefore recommends that Mr. Pang be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his experience, knowledge, and commitment to public service.

JOEL KUROKAWA

Your Committee received testimony in support of the nomination for the appointment of Joel Kurokawa from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; University of Hawai'i at Manoa; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Kurokawa's background and dedication to serving the public qualify him to be appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects as a licensee member. Your Committee notes that Mr. Kurokawa has been licensed as a landscape architect in Hawaii since 2002. Mr. Kurokawa has over thirty-five years of professional experience in Hawaii, California, and Japan, and currently owns and operates an established firm with a diverse portfolio of projects. Your Committee further notes that Mr. Kurokawa is an active member of his profession and community and is an elected member of the Board of Directors for the Council of Landscape Architecture Registration Boards, which administers the Landscape Architect Registration Examination. Mr. Kurokawa has served who prior consecutive terms on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and his extensive experience in landscape architecture will continue to enhance the effectiveness of the Board. Your Committee therefore recommends that Mr. Kurokawa be appointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge, background, and dedication to public service.

KEN OTA

Your Committee received testimony in support of the nomination for the reappointment of Ken Ota from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and one individual.

Upon review of the testimony, your Committee finds that Mr. Ota's experience, knowledge, and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board as a public member. Your Committee notes that Mr. Ota is currently employed with Pacific Pipe Co., and prior to that, worked with ISI Hawaii Water Solutions for nearly twenty years. Your Committee further finds that Mr. Ota is an active participant in his community and currently serves as a board member of the A&B Sugar Museum, Trustee of the American Water Works Association, and previously served on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects from 2002 to 2009, including serving as the former Chair and Vice-Chair of the Board. Most recently, Mr. Ota has served on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since 2017 and Mr. Ota's experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Mr. Ota be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his background, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1822 Commerce and Consumer Protection on Gov. Msg. Nos. 735 and 772

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 735 JON ARBLES, for a term to expire 06-30-2024; and

G.M. No. 772 MARK HUNSAKER, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Jon Arbles and Mark Hunsaker for service on the State Board of Public Accountancy.

JON ARBLES

Your Committee received testimony in support of the nomination for the appointment of Jon Arbles from the Department of Commerce and Consumer Affairs; Hawaii Association of Public Accountants; Taketa, Iwata, Hara & Associates, LLC; and three individuals.

Upon review of the testimony, your Committee finds that Mr. Arbles' background and dedication to serving the public qualify him to be appointed to the State Board of Public Accountancy as a licensee member. Your Committee notes that Mr. Arbles has been licensed as a certified public accountant since 2017. Mr. Arbles is currently an audit manager for Taketa, Iwata, Hara & Associates. Previously, Mr. Arbles was a new market tax credit and finance advisor at TiLeaf Group, Inc. for four years, and a financial manager for Washington Mutual Bank/Chase Bank for seven years. Your Committee further notes that Mr. Arbles is an active member in a number of professional and community organizations, including the American Institute of Certified Public Accountants, Hawaii Association of Public Accountants, Hawaii Society of Certified Accountants, and Hawaii Community College Advisory Council's accounting program. Your Committee finds that Mr. Arbles has a thorough understanding of the role and responsibilities of board members and his experience will continue to enhance the effectiveness of the State Board of Public Accountancy. Your Committee therefore recommends that Mr. Arbles be appointed to the State Board of Public Accountancy based on his knowledge, background, and dedication to public service.

MARK HUNSAKER

Your Committee received testimony in support of the nomination for the appointment of Mark Hunsaker from the State Board of Public Accountancy; Mediated Solutions of Hawaii, LLC; and one individual.

Upon review of the testimony, your Committee finds that Mr. Hunsaker's experience, knowledge, and commitment to serving the public qualify him to be appointed to the State Board of Public Accountancy as a licensee member. Your Committee notes that Mr. Hunsaker over forty-five years of experience in public accountancy across the United States and its territories and has been licensed as a certified public accountant in Hawaii since 1986. Mr. Hunsaker is currently the Director of Bowen Hunsaker, Certified Public Accountants and Bowen Hunsaker Consulting, Inc. Mr. Hunsaker also works as a licutenant colonel and a command pilot for the United States Air Force Auxiliary. Your Committee further notes that Mr. Hunsaker has served on numerous professional boards and organizations, in addition to two prior terms on the State Board of Public Accountancy where he served in various roles, including as Chair and Vice-Chair of multiple committees. Your Committee finds that Mr. Hunsaker has a thorough understanding of the role and responsibilities of board members and his extensive experience will continue to enhance the effectiveness of the State Board of Public Accountancy. Your Committee therefore recommends that Mr. Hunsaker be appointed to the State Board of Public Accountancy based on his background, experience, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1823 Ways and Means on Gov. Msg. No. 566

Recommending that the Senate advise and consent to the nomination of the following:

CHAIRPERSON OF THE BOARD OF TAXATION REVIEW, 1ST TAXATION DISTRICT (OAHU)

G.M. No. 566 GLENN SAKUDA, for a term to expire 06-30-2025

Your Committee reviewed the personal statement and resume submitted by Glenn Sakuda for service as the Chairperson of the Board of Taxation Review, First Taxation District (Oahu).

Your Committee received testimony in support of the nomination of Glenn Sakuda from the Department of Taxation and two individuals.

Upon review of the testimony and the nominee's qualifications, your Committee recognizes that Mr. Sakuda earned a Bachelor of Business Administration degree in Accounting and a Juris Doctor degree from the University of Washington School of Law. With his extensive experience as a certified public accountant and as a licensed attorney, he has earned recognition among accountants and taxation attorneys. Your Committee further recognizes that Mr. Sakuda is currently serving quite ably as a member of the Board of Taxation Review, First Taxation District.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (English, Inouye, Shimabukuro).

SCRep. 1824 Housing on Gov. Msg. No. 556

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAI'I PUBLIC HOUSING AUTHORITY

G.M. No. 556 GEORGE DEMELLO, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by George DeMello for service on the board of directors of the Hawaii Public Housing Authority (HPHA).

Your Committee received testimony in support of the nomination for the appointment of George DeMello from HPHA.

Upon review of the testimony, your Committee finds that Mr. DeMello's background, experience, and dedication to public service qualify him for appointment to the Board of Directors for HPHA. Mr. DeMello has an extensive work history in the retail and service industries. The HPHA board benefits when its members come from a variety of different backgrounds and life experiences.

Additionally, Mr. DeMello has served on the HPHA board for the past five years as well as serving many years on the HPHA's Resident Advisory Board. Mr. DeMello's appointment would continue to give public housing tenants a voice on the HPHA. In these roles, Mr. DeMello has repeatedly demonstrated his commitment to the work that HPHA performs and his contributions have been invaluable. Your Committee notes that as a result of his previous service, Mr. DeMello has a thorough understanding of the role and responsibilities of board members. Your Committee therefore recommends that George DeMello be appointed to the board of directors of the HPHA based on his knowledge, professional experience, and commitment to furthering HPHA's mission.

Finally, your Committee takes this opportunity to note its dissatisfaction with the worsening housing shortage in Hawaii. The State is obligated to "[e]ffectively accommodate the housing needs of Hawaii's people" under the Hawaii State Planning Act, section 226-19(b)(1), Hawaii Revised Statutes. Despite this statutory obligation, and despite its mission to "provide Hawaii' residents with affordable housing and shelter without discrimination," HPHA has not articulated a plan to provide sufficient affordable housing in Hawaii to meet the demand and reverse the population exodus from the State. While your Committee feels that Mr. DeMello is well-qualified and your Committee fully supports his appointment, it is imperative for the HPHA board to understand the urgency of the ongoing housing crisis. Your Committee expects to see progress from the state housing agencies, particularly HPHA, on providing sufficient affordable housing to the people of Hawaii and expects future nominees for board vacancies to come equipped with plans to remedy the housing crisis in the State.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1825 Housing on Gov. Msg. Nos. 526 and 668

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION

G.M. No. 526 DONN MENDE, for a term to expire 06-30-2025; and

G.M. No. 668 SEAN SASAKI, for a term to expire 06-30-2024

Your Committee has reviewed the personal histories, resumes, and statements submitted by Donn Mende and Sean Sasaki for service on the Board of Directors of the Hawaii Housing Finance and Development Corporation (HHFDC).

DONN MENDE

Your Committee received testimony in support of the nomination for the reappointment of Donn Mende from the HHFDC, EAH Housing, Takamine Construction, Michaels Organization, and one individual.

Upon review of the testimony, your Committee finds that with over twenty years of experience in the finance and banking industry, Mr. Mende is well-qualified to serve on the board of directors of HHFDC. Mr. Mende has worked for several of Hawaii's largest lending institutions and currently serves as the lending manager at HFS Federal Credit Union. He can rely on his years of experience in finance to make valuable contributions to the board. Mr. Mende also has a substantial record of service to the community as a board member of several nonprofit organizations and governmental bodies. Your Committee notes that Mr. Mende currently serves as the chair of HHFDC and his previous experience on the board gives him a thorough understanding of the roles and responsibilities of board members and that he will continue to be an asset.

SEAN SASAKI

Your Committee received testimony in support of the nomination for the appointment of Sean Sasaki from HHFDC, EAH Housing, and one individual.

Upon review of the testimony, your Committee finds that Mr. Sasaki's experience in project management and project controls qualify him for appointment to the board of directors of HHFDC. Your Committee notes that Mr. Sasaki has over twenty years of experience in these roles, working at every level of the project lifecycle from initial proposal to closeout. His experience will bring a diverse perspective and valuable insight to the board in reviewing affordable housing projects applying for HHFDC financing. Your Committee also notes that Mr. Sasaki has a background in engineering and believes that this experience will be a benefit to the board.

Finally, your Committee would like to take this opportunity to note its dissatisfaction with the worsening housing shortage in Hawaii. The State is obligated to "[e]ffectively accommodate the housing needs of Hawaii's people" under the Hawaii State Planning Act, section 226-19(b)(1), Hawaii Revised Statutes. Despite this statutory obligation, and despite its mission as the State's housing development agency, HHFDC has not articulated a plan to end the housing shortage, to produce enough housing to meet demand, to bring down home prices, or to reverse the population exodus from the State. While your Committee feels that these nominees to the board are well-qualified and fully supports their appointment, it is imperative for the HHFDC board to understand the urgency of the ongoing housing crisis. Your Committee expects to see progress from the state housing agencies, particularly HHFDC, on providing sufficient affordable housing to the people of Hawaii and expects future nominees to fill board vacancies to come equipped with plans on remedying the housing shortage in the State.

As affirmed by the records of votes of the members of your Committee on Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1826 Hawaiian Affairs on Gov. Msg. No. 766

Recommending that the Senate advise and consent to the nomination of the following:

ISLAND BURIAL COUNCIL, ISLAND OF MOLOKAI

G.M. No. 766 KEOMAILANI HIRATA, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Keomailani Hirata for service on the Island Burial Council for the Island of Molokai.

Your Committee received testimony in support of the nomination for the appointment of Keomailani Hirata from the Department of Land and Natural Resources and the Office of Hawaiian Affairs.

Upon review of the testimony, your Committee finds that Ms. Hirata's background, experience, and dedication to public service qualify her for appointment to the Island Burial Council of the island of Molokai as the East Molokai regional representative. Ms. Hirata describes herself as a *keiki o ka 'āina* and a *kupa 'āina* of Molokai. Her family comes from 'Aha'ino, Molokai and she was raised on their kuleana lands. Ms. Hirata is well-versed as a cultural practitioner of burials and Native Hawaiian arts following the path of her parents who served as board members of the Island Burial Council in the 1990s. Ms. Hirata has also been trained in the cultural protocols for caring for iwi kūpuna and her family has hosted cultural trainings to wrap kapa for iwi kūpuna before reinterring them back to their resting place.

Ms. Hirata has a Bachelor of Arts degree in Hawaiian Studies from Hawaii Pacific University and received specialty training in cultural and historical trauma informed care and the National Preservation Act. She has assisted her family through lengthy litigation to protect their kuleana lands and burials and conducted extensive research during her high school years at the Bureau of Conveyances and Hawaii State Archives, which included translating documents from 'ōlelo Hawaii into English. Your Committee finds that Ms. Hirata will be an asset to the Island Burial Council for the island of Molokai as a representative for the region of east Molokai based on her experience, knowledge of the profession, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 1827 Hawaiian Affairs on Gov. Msg. Nos. 739 and 740

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF HAWAII

G.M. No. 739 KALENA BLAKEMORE, for a term to expire 06-30-2025; and

G.M. No. 740 RANDALL HIGA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Kalena Blakemore and Randall Higa for service on the Island Burial Council, Island of Hawaii.

KALENA BLAKEMORE

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and one individual.

Currently, Ms. Blakemore serves as a Legacy Land Management Specialist for the Wao Kele o Puna Forest Reserve for the Office of Hawaiian Affairs, where she oversees developing, coordinating, and implementing legacy land acquisitions, management plans, scopes of work, and policy. She represents the Office of Hawaiian Affairs on the Hawaii Volcanoes National Park, Kupuna Council for Section 106 Consultation. Ms. Blakemore is also the Vice Chair of the Hawaii Island Burial Council, where she has served as a member for the past six years.

Ms. Blakemore received a Bachelor's degree in Anthropology from the University of Hawaii at Hilo. She served for nine years as an Archaeologist for the Cultural Resource Management Division at Hawaii Volcanoes National Park where she implemented protective protocols, inventoried caves, and monitored compliance with the federal National Historic Preservation Act. She also served as an intern with the State Historic Preservation Division in 2002. She is a founding member of the Volcano School of Arts and Sciences and also participates in native plant restoration activities.

Your Committee finds that Ms. Blakemore is compelled by her Hawaiian heritage to serve the iwi kupuna and will continue to bring a unique perspective and kuleana to the Hawaii Island Burial Council as the Puna regional representative.

RANDALL HIGA

Your Committee received testimony in support of this nominee from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Mr. Higa has served as an interim member of the Island Burial Council, Island of Hawaii, since late 2018 and was confirmed as a member of the Island Burial Council for the Island of Hawaii in 2019. Although originally from Oahu, Mr. Higa has made his home in the Hamakua moku and has genealogical ties to Liloa of Waipio. Your Committee finds that Mr. Higa has dedicated his life to his community, with a career in education and the Honolulu Fire Department, where he retired as a Captain. He has also spent years

preserving the natural beauty of Hawaii and local community gathering places by participating in beach and park cleanups and performing volunteer park maintenance.

Your Committee further finds that Mr. Higa has a history of working to preserve historic sites by performing restoration work on multiple walls, fishponds, and other historic sites, including working on projects involving Hawaiian dry stack wall renovation at Puu Kohola Heiau, Kalaupapa, and at the Kaloko-Honokohau Fishpond. Mr. Higa also has extensive experience as a member of the Royal Order of Kamehameha. Mr. Higa not only preserves Hawaii's past but has also been a notable advocate for broadening the appeal of traditional Hawaiian arts to younger generations by serving on the Board of Directors of several canoe clubs. Mr. Higa has been certified as a domestic mediator with the West Hawaii Mediation Center, Neighbor, LLC. Mr. Higa's knowledge and perspective, combined with his interest in preserving Hawaii's past, will assist with the deliberations of the Council and your Committee finds that Randall Higa's experience and knowledge will continue to be valuable assets to the Council.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1828 Hawaiian Affairs on Gov. Msg. Nos. 767, 768, 769, and 770

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF KAUAI AND NIIHAU

G.M. No. 767 WAYNE HARADA, for a term to expire 06-30-2022;

G.M. No. 768 SANDRA QUINSAAT, for a term to expire 06-30-2024;

G.M. No. 769 SHERRI-LEE CUMMINGS YOKOTAKE, for a term to expire 06-30-2021; and

G.M. No. 770 SHERRI-LEE CUMMINGS YOKOTAKE, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Wayne Harada, Sandra Quinsaat, and Sherri-Lee Cummings Yokotake for the Island Burial Council, islands of Kauai and Niihau.

WAYNE HARADA

Your Committee received testimony in support of the nomination for the appointment of Wayne Harada from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and one individual.

Upon review of the testimony, your Committee finds that Mr. Harada's professional experience, background, and commitment to public service qualify him for appointment to the Island Burial Councils, islands of Kauai and Niihau as the representative for the geographic region of Waimea/Na Pali. Mr. Harada is a former member, previously serving two terms on the Island Burial Council, islands of Kauai and Niihau. While on the Council, Mr. Harada was able to work with other members to meet deadlines in a timely manner and assist community members with iwi kūpuna issues with cultural sensitivity. As a reflection of his strong genealogical ties, Mr. Harada believes that he has gained the respect and trust of many Native Hawaiian elders of north Kauai, who have provided him with oral histories and knowledge of indigenous burial practices and protocol.

Mr. Harada's family is from the Halelea moku and Wainiha ahupuaa and he descends from the Kanialama and Haumea lines from Maui and Kauai. He served as an educational coordinator for the Hanalei Watershed Hui, and as a cultural specialist for various educational programs on Kauai, including the Nā Pua No'eau and Pualani Foundation. He is the current Hawaiian cultural specialist for the Kanuikapono Public Charter School in Anahola. As an educator, Mr. Harada seeks to teach ike kuuna, hula, and chants to students to carry on the legacy of their ancestors. He also engages in traditional and customary Native Hawaiian practices of hula as a dancer with Hālau Ha'a Hula o Kekauilani Nā Pua Hala o Kailua, fishing and farming, developing courses in self-sustainability, and as a member of Hui Maka'āinana o Makana to restore kalo patches in Haena State Park. Therefore, your Committee finds that Mr. Harada has a thorough understanding of the role and responsibilities of board members and will be an asset to the Island Burial Council, islands of Kauai and Niihau, based on his knowledge, experience, and desire to contribute to the community.

SANDRA QUINSAAT

Your Committee received testimony in support of the nomination for the appointment of Sandra Quinsaat from the Department of Land and Natural Resources, Office of Hawaiian Affairs, and one individual.

Upon review of the testimony, your Committee finds that Ms. Quinsaat's professional experience, background, and commitment to public service qualify her for reappointment to the Island Burial Council, islands of Kauai and Niihau as the representative for the geographic region of Koloa. Your Committee notes that Ms. Quinsaat previously served on the Island Burial Council, islands of Kauai and Niihau, from 2004 to 2012, and your Committee finds that Ms. Quinsaat has a thorough understanding of the role and responsibilities of board members.

Your Committee finds that Ms. Quinsaat was involved with the application of Hawaii laws regarding disposition of human skeletal remains when such remains were discovered at the Grand Hyatt Kauai Resort and Spa where she currently works as a Project Manager, and at other properties such as The Point at Poipu, Marriott Waiohai, and Sheraton Kauai Resort. Ms. Quinsaat performs reinterment of iwi kūpuna with traditional Hawaiian protocol, where she seeks the advice and respect of kūpuna. These are critical attributes for council members whose primary purpose is to serve the best interests of kūpuna and surviving families and descendants. Ms. Quinsaat has been a strong voice for kūpuna in Koloa for many years.

Ms. Quinsaat also maintains strong connections with the community and seeks to protect cultural traditions. She currently serves on the Protocol Committees at the Hyatt and with Nā Kalai Wa'a o Kaua'i and dances hula with Hula Hālau Na Hui o Kamakaokalani. Your Committee therefore finds that Ms. Quinsaat will be an asset to the Island Burial Council, islands of Kauai and Niihau, based on her knowledge, professional experience, and commitment to her community.

SHERRI-LEE CUMMINGS YOKOTAKE

Your Committee received testimony in support of the nomination for the appointment and reappointment of Sherri-Lee Cummings Yokotake from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Upon review of the testimony, your Committee finds that Ms. Cummings Yokotake's professional experience, background, and commitment to public service qualify her for appointment and reappointment to the Island Burial Council, islands of Kauai and Niihau as the representative for the geographic region of Hanalei. Ms. Cummings Yokotake's maternal genealogical ties are to Kauai and Niihau. Ms. Cummings Yokotake has served as the Vice President of the Hanalei Hawaiian Civic Club, director of the Council for Native Hawaiian Advancement Directors of Native Rights for the Sovereign Council of Hawaiian Homestead Associations, and Vice President of the Anahola Hawaiian Homes Association. In several of these roles, Ms. Cummings Yokotake worked on matters involving legislative policies and resolutions with impacts on the Native Hawaiian community which allowed her to advocate at the state and federal levels.

Additionally, Ms. Cummings Yokotake is a founder of a Native Hawaiian organization, Mālama Anahola, and owner of LYC Construction Company for the past seven years. As a former contractor and land developer, Ms. Cummings Yokotake was involved in due diligence related to the inadvertent discovery of iwi kūpuna on projects her company worked on. In this capacity, she developed cultural mitigation plans prior to the start of all projects with high likelihoods of encountering significant findings, including unmarked ancestral burials. These efforts allowed her company to mitigate inadvertent discovery of iwi kūpuna. Ms. Cumming Yokotake's understanding of land development and construction issues and commitment to kuleana have allowed her to be an appropriate advisor for burial issues in Anahola. Your Committee finds that Ms. Cummings Yokotake will be an asset to the Island Burial Council, islands of Kauai and Niihau, based on her knowledge, professional experience, and commitment to her community.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 1829 Hawaiian Affairs on Gov. Msg. Nos. 741, 742, 743, 744, and 745

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLAND OF OAHU

G.M. No. 741 CHARLES MITCHELL, for a term to expire 06-30-2023;

G.M. No. 742 NORMAN CACERES, for a term to expire 06-30-2024;

G.M. No. 743 NANEA LO, for a term to expire 06-30-2024;

G.M. No. 744 DIANE FITZSIMMONS, for a term to expire 06-30-2024; and

G.M. No. 745 WILLIAM MILLS, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Charles Mitchell, Norman Caceres, Nanea Lo, Diane Fitzsimmons, and William Mills for service on the Oahu Island Burial Council.

CHARLES MITCHELL

Your Committee received testimony in support of the nomination for the reappointment of Charles Mitchell from the Office of Hawaiian Affairs, Department of Land and Natural Resources, and one individual.

Your Committee finds that Mr. Mitchell is a practicing Cultural Anthropologist who has been involved with preserving iwi kupuna since he was a child and has demonstrated his dedication to preserving iwi kupuna throughout his life. For the past five years, Mr. Mitchell has served on the Island Burial Council for the island of Oahu as its Vice Chair, representing the geographic region of Waianae. His knowledge, experience, and kuleana have been valuable assets to the Oahu Island Burial Council. Mr. Mitchell has a Bachelor's degree in Anthropology with an emphasis on Archaeology from the University of Hawaii at Hilo, and a Master's degree in Applied Indigenous Knowledge from Te Wāṇanga O Aotearoa Universities, Hamilton, New Zealand. Subsequently, Mr. Mitchell personally assisted with the preparation of iwi kupuna and moepu, worked on the long-term preservation plan for portions of a trail located in West Hawaii Veteran's Cemetery, conducted the archaeological inventory survey for a seventy-one acre parcel in Kawela, drafted several burial treatment plans, and conducted cultural assessments. Mr. Mitchell's lifetime of cultural and archaeological experience, combined with his experience working with various communities, will allow him to continue his significant contributions to the Oahu Island Burial Council and its work as a representative of the geographic region of Kona.

NORMAN CACERES

Your Committee received testimony in support of the nomination for the reappointment of Norman Caceres from the Department of Land and Natural Resources and two individuals.

Upon review of the testimony, your Committee finds that Mr. Caceres's professional experience and background qualify him for reappointment to the Island Burial Council, Island of Oahu, representing the geographic region of Ewa. Mr. Caceres has served on the

Oahu Island Burial Council for the Ewa District for the past five years. While on the council, Mr. Caceres has demonstrated a deep sense of cultural sensitivity concerning iwi kupuna and regularly dedicates time to attend consultation meetings with developers.

Mr. Caceres has a Bachelor's degree in Communication from the University of Hawaii at Hilo where he learned Hawaiian language, chants, and religious protocol. Part of his academic curriculum included archaeology field work and anthropology. Mr. Caceres is also currently employed by Oiwi Cultural Resources as a Cultural Monitor Assistant Manager and is a haumana of Mālama Iwi Kūpuna. Your Committee finds that in these positions and as a recognized lineal cultural descendant, he has worked on facilitating proper treatment and protection of human skeletal remains. Mr. Caceres' understanding of development issues in the construction industry in conjunction with his knowledge of the historic preservation review process has enriched his experience on the Island Burial Council where many decisions revolve around development, construction, and archaeology. As such, he has obtained the requisite knowledge and experience in Native Hawaiian traditional, cultural, and historic properties necessary to the Council's operations. Your Committee further finds that Mr. Caceres's experience in working with iwi kupuna will continue to be an asset to the Oahu Island Burial Council.

NANEA LO

Your Committee received testimony in support of the nomination for the appointment of Nanea Lo from the Department of Land and Natural Resources, Planned Parenthood Votes Northwest and Hawaii, and twenty-nine individuals.

Your Committee finds that Ms. Lo is from Papakolea, Oahu and currently lives in the Kapolei Kaupea Hawaiian Homes homestead. Ms. Lo has a Bachelor of Art's in Interdisciplinary Studies, Urban and Regional Planning from the University of Hawaii at Manoa and is currently working on her Master's degree in the same subject matter. She is currently a member of the 'Ahahui Siwila Hawai'i o Kapolei, which has enabled her to gain experience in burial issues as the club is involved in caring for the Kalaeloa Heritage Park where Native Hawaiian human skeletal remains exist. Ms. Lo is engaged in Native Hawaiian initiatives as a former Policy and Public Health Analyst with the National Indian Health Board, Graduate Research Assistant with Hui 'Āina Pilipili, Hawaii Asia-Pacific Affairs Leadership Scholar, and Peace Scholar. These experiences have given her training in the areas of land management, cultural studies, Hawaiian history, and repatriation. Your Committee finds that Nanea Lo's experience and knowledge will be valuable assets to the Oahu Island Burial Council.

DIANE FITZSIMMONS

Your Committee received testimony in support of the nomination for the appointment of Diane Fitzsimmons from the Department of Land and Natural Resources, Association of Hawaiian Civic Clubs, Ke One o Kākuhihewa, and six individuals.

Your Committee finds that Ms. Fitzsimmons has cultural and genealogical ties to the Waialua moku. She is currently a member of the Waialua Hawaiian Civic Club and the moku director for the Kākuhihewa Hawaiian Civic Club, where she advocates for positions important for Native Hawaiian members. In this role, she participates in the protection and preservation care of iwi kupuna at Pu'uiki Cemetery and in Pupukea. Ms. Fitzsimmons has also participated as a community member with the University of Hawaii's School of Archaeology North Shore Field School. Ms. Fitzsimmons has experience dealing with burial issues, attending Island Burial Council meetings over the past three years as a recognized descendant of human skeletal remains located at Kawaiaha'o Church. She has been vigilant in ensuring that construction does not disturb inadvertent finds and has reported concerns to the State Historic Preservation Division. Your Committee therefore finds that Ms. Fitzsimmons' dedication to preserving iwi kupuna, and her experience and knowledge qualify her for appointment to the Oahu Island Burial Council, representing the geographic region of Waialua.

WILLIAM MILLS

Your Committee received testimony in support of the nomination for the reappointment of William Mills from the Office of Hawaiian Affairs, Department of Land and Natural Resources, and three individuals.

Mr. Mills has served on the Oahu Island Burial Council since 2018. After graduating with a Hawaiian Language degree and Master's degree in Public Administration from the University of Hawaii, Mr. Mills focused his career on Hawaiian issues in the public sector. Over the course of his career, Mr. Mills worked at the Office of Hawaiian Affairs, Office of the State Auditor, Department of Land and Natural Resources Historic Preservation Division, and Department of Hawaiian Home Lands where he gained invaluable experience in administrative affairs. Of note is Mr. Mills' role at the State Historic Preservation Division, where he managed all burial cases on the islands of Oahu and Hawaii and built a strong foundation in burials and historic preservation during his tenure. Mr. Mills' lifelong commitment to cultural and natural resources preservation and extensive experience with government resources and procedures will be valuable assets to the Oahu Burial Council.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1830 (Majority) Hawaiian Affairs on Gov. Msg. Nos. 746, 747, 748, and 749

Recommending that the Senate advise and consent to the nominations of the following:

ISLAND BURIAL COUNCIL, ISLANDS OF MAUI AND LANA'I

G.M. No. 746 KAHELEONOLANI DUKELOW, for a term to expire 06-30-2023;

G.M. No. 747 DANE MAXWELL, for a term to expire 06-30-2025;

G.M. No. 748 KYLE NAKANELUA, for a term to expire 06-30-2025; and

G.M. No. 749 EVERETT DOWLING, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Kaheleonolani Dukelow, Dane Maxwell, Kyle Nakanelua, and Everett Dowling for service on the Island Burial Councils, islands of Maui and Lanai.

KAHELEONOLANI DUKELOW

Your Committee received testimony in support of the nomination for the reappointment of Kaheleonolani Dukelow from the Office of Hawaiian Affairs, Department of Land and Natural Resources, and three individuals.

Your Committee finds that Ms. Dukelow has been serving as a representative for the Honuaula region on the Island Burial Council, islands of Maui and Lanai for the last seven years. She has demonstrated a deep dedication to the preservation and perpetuation of Hawaiian culture. Ms. Dukelow is an instructor in Hawaiian studies and olelo Hawaii at the University of Hawaii Maui College and previously taught at the Department of Education Kula Kaiapuni program. She has dedicated her life to supporting educational programs, encouraging a thriving Hawaiian culture and language, and building character, identity, pride, and spirit among keiki and haumana. Ms. Dukelow contributes avidly to Hawaiian education advocacy groups, including Nā Leo Kākoʻo o Maui and 'Āha Kauleo, and has developed Hawaiian cultural and Hawaiian language medium curriculum for various community foundations, college-preparatory and college courses, and Hawaiian language immersion programs. Accordingly, Ms. Dukelow has exemplified passion for perpetuating and preserving native Hawaiian culture that is unsurpassed. Your Committee finds that Ms. Dukelow's valuable insight and expertise will continue to be valuable assets to the Island Burial Council, islands of Maui and Lanai.

DANE MAXWELL

Your Committee received testimony in support of the nomination for the reappointment of Dane Maxwell from the Office of Hawaiian Affairs, Department of Land and Natural Resources, and one individual.

Your Committee finds that Mr. Maxwell has been serving as a representative on the Island Burial Council, islands of Maui and Lanai for the last seven years, and currently serves as its chairperson. Mr. Maxwell possesses training and experience with historic preservation issues since his early youth and he and his family carry a legacy of cultural and historic preservation for the island of Maui. Born in Wailuku, Maui, Mr. Maxwell traces his dedication to the protection of burials to his memories of witnessing his grandfather and his colleagues re-inter iwi at Honokohau. Mr. Maxwell trained in the proper re-interment protocol, becoming an ordained kahu and cultural specialist. As the owner of CKM Cultural Resources, he has assisted major developers with creating burial treatment plans and cultural impact statements, gaining expertise on state and federal laws related to this purpose.

Your Committee also finds that Mr. Maxwell is dedicated to the preservation of the Hawaiian culture, having attended a Hawaiian language immersion school and learned hula at his halau, Pukalani Hula Hale. Through his longstanding commitment to represent his kupuna and iwi practices, your Committee finds that Mr. Maxwell's experience, kuleana, and knowledge will continue to be valuable assets to the Island Burial Council, islands of Maui and Lanai.

KYLE NAKANELUA

Your Committee received testimony in support of the nomination for the reappointment of Kyle Nakanelua from the Office of Hawaiian Affairs, Department of Land and Natural Resources, and two individuals.

Your Committee finds that Mr. Nakanelua has been serving as a representative for the Hana region on the Island Burial Council, islands of Maui and Lanai for the last two years. His knowledge reflects his ability to remain calm, think logically and rationally, and treat all with respect. He is a graduate of traditional Hawaii esoteric knowledge, fluent in the Hawaiian language, and serves as a private contractor in the areas of traditional Hawaiian rites, rituals, and protocols.

Mr. Nakanelua and his family have deep lineal connections to Hana. In working on his family's farm and having received the oral traditions and ancestral knowledge of their ahupuaa, he has felt kuleana to contribute to the thoughtful management and protection of iwi kūpuna. Mr. Nakanelua has worked as a cultural consultant for the State Department of Transportation – Airports Division, where he specialized in educating clients about Native Hawaiian cultural traditions, spiritual customs, and protocols. Further, Mr. Nakanelua has practiced cultural preservation with several community organizations, serving as the Operations Officer of the Royal Order of Kamehameha, the Pinhanakalani and Haleki'i Heiau Restoration Committee, and Pu'uokoholā Heiau National Historic Site Advisory Committee. Your Committee finds that Mr. Nakanelua's connections, experiences, and activities will continue to be valuable assets to the Maui and Lanai Island Burial Council.

EVERETT DOWLING

Your Committee received testimony in support of the nomination for the appointment of Everett Dowling from the Department of Land and Natural Resources, Hawaii Community Foundation, and one individual.

Your Committee finds that Mr. Dowling previously served on the Island Burial Council, islands of Maui and Lanai in the 1990s. Mr. Dowling owns the Dowling Company that has developed four Department of Hawaiian Home Lands homesteads, is currently in the process of building another homestead, in that capacity he has a reputation for producing homesteads on time and on budget. Mr. Dowling has demonstrated sensitivity to cultural issues at every point in the development process and is passionate about supporting Native Hawaiian homeownership. Mr. Dowling contributed to the Native Hawaiian community when his company built and leased to Kamehameha Schools at a rate of \$1 per year its interim Maui Campus while the infrastructure for its new Maui campus was being constructed. He also donated twenty acres of Palauea Cultural Preserve to the Office of Hawaiian Affairs. Your Committee finds that Mr. Dowling's experience and knowledge will be valuable assets to the Island Burial Council, islands of Maui and Lanai.

As affirmed by the records of votes of the members of your Committee on Hawaiian Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. Nos. 746, 747, and 748: Ayes, 5. Noes, none. Excused, none.

For Gov. Msg. No. 749: Ayes, 4; Ayes with Reservations (Acasio). Noes, 1 (Fevella). Excused, none.

SCRep. 1831 Judiciary on Gov. Msg. No. 805

Recommending that the Senate advise and consent to the nomination of the following:

DEFENDER COUNCIL

G.M. No. 805 DAVID HAYAKAWA, for a term to expire 06-30-2022

Your Committee has reviewed the personal history, resume, and statement submitted by the nominee and finds David Hayakawa to possess the requisite qualifications to be nominated for appointment to the Defender Council.

Your Committee received testimony in support of the nomination for the appointment of David Hayakawa from the Governor; Office of the Public Defender, Hawai'i Association of Criminal Defense Attorneys; Hudson Law, LLLC; and forty-six individuals.

Upon review of the testimony, your Committee finds that Mr. Hayakawa's extensive experience in the field of criminal defense, expertise in the criminal justice system, and familiarity with every level of the Hawaii Judiciary qualify him to be nominated for appointment to the Defender Council. Your Committee notes that Mr. Hayakawa has been practicing criminal defense law for over thirty years, including twelve years as a deputy public defender, and has been named a Top-Rated Criminal Defense Attorney in Honolulu in addition to many other honors and accolades, including Lawyer of the Year for Criminal Defense-General Practice. Additionally, Mr. Hayakawa continues to volunteer his time to assist the Office of the Public Defender by serving as a mentor to young deputy public defenders. Mr. Hayakawa is also actively engaged in the legal community. He has served as Dean of the Hawaii State Bar Association's Trial Academy since 2014, as well as the co-chairperson of the Supreme Court of the State of Hawaii's Rule 1.14 Professionalism Course Committee. Your Committee further finds that Mr. Hayakawa's legal expertise, experience in the practice of criminal law, and commitment to serving the community will be great assets to the Defender Council.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Lee).

SCRep. 1832 Education on Gov. Msg. Nos. 796 and 797

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING BOARD

G.M. No. 796 MARI UEHARA, for a term to expire 06-30-2023; and

G.M. No. 797 ERIN HENDERSON LACERDO, for a term to expire 06-30-2025. (Term amended to 6-30-2024 by GM825)

Your Committee reviewed the personal histories, resumes, and statements submitted by Mari Uehara and Erin Henderson Lacerdo for service on the Early Learning Board.

MARI UEHARA

Your Committee received testimony in support of the nomination for the reappointment of Mari Uehara from the Executive Office on Early Learning; Early Learning Board; and American Academy of Pediatrics, Hawai'i Chapter.

Upon review of the testimony, your Committee finds that Dr. Uehara's experience as a board-certified developmental behavioral pediatrician, expertise in child development, and commitment to public service qualify her for reappointment to the Early Learning Board as a voting member who represents the Hawai'i Chapter of the American Academy of Pediatrics. Your Committee notes that Dr. Uehara has practiced as a pediatrician in Japan since 1989 and obtained her Hawaii medical license in 1999. She has been a Clinical Assistant Professor at the University of Hawaii at Manoa, John A. Burns School of Medicine since 2003. Your Committee further notes that Dr. Uehara has been an active member on various professional and governmental bodies, including the Hawaii Early Intervention Coordinating Council. Your Committee further finds that Dr. Uehara has served on the Early Learning Board since 2017 and that she has a thorough understanding of the role and responsibilities of its members. Her experience as a pediatrician and expertise in early development and child education will continue to enhance the effectiveness of the Early Learning Board. Your Committee therefore recommends that Mari Uehara be reappointed to the Early Learning Board based on her experience, expertise, and commitment to public service.

ERIN HENDERSON LACERDO

Your Committee received testimony in support of the nomination for the appointment of Erin Henderson Lacerdo from the Department of Health, Executive Office on Early Learning, Early Learning Board, Puakalehua Early Learning Consortium, and three individuals

Upon review of the testimony, your Committee finds that Ms. Henderson Lacerdo's background, experience, and desire to serve the public qualify her to be appointed to the Early Learning Board as a voting member who represents home-visiting program providers. Your Committee notes that Ms. Henderson Lacerdo has worked in the field of early childhood for twelve years. She has been a certified child-parent psychotherapy clinician since 2019 and licensed in Hawaii as a clinical social worker since 2017. Your Committee further notes that Ms. Henderson Lacerdo is currently the Statewide Program Director of Keiki O Ka Aina's He Lei Piko Home Visiting Program. She is also a mentor for the Infant Mental Health Fellows Program and a certified infant family specialist with the Council for Professional Recognition. Your Committee further finds that Ms. Henderson Lacerdo has served on the Steering

Committee of the Puakalehua Early Learning Consortium for North and West Hawaii since 2019 and that she understands the role and responsibilities of board members. Her extensive experience and connection with the Hawaii Home Visiting Network will enhance the effectiveness of the Early Learning Board. Your Committee therefore recommends that Erin Henderson Lacerdo be appointed to the Early Learning Board based on her background, experience, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 1833 Health on Gov. Msg. Nos. 580, 581, 582, 583, 584, 585, and 586

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

- $G.M.\ No.\ 580 \quad PHILIP\,ANA, for a term to expire 06-30-2025;$
- G.M. No. 581 KIRIKO TAKAHASHI, for a term to expire 06-20-2022 (expiration date amended to 6-30-2022 by GM662);
- G.M. No. 582 MELISSA GIBO, for a term to expire 06-30-2024;
- G.M. No. 583 AMARA COON, for a term to expire 06-30-2024;
- G.M. No. 584 BATHEY FONG, for a term to expire 06-30-2024;
- G.M. No. 585 MICHELLE MURALT, for a term to expire 06-30-2024; and
- G.M. No. 586 DARWIN NAGAMINE, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Philip Ana, Kiriko Takahashi, Melissa Gibo, Amara Coon, Bathey Fong, Michelle Muralt, and Darwin Nagamine for service on the State Council on Developmental Disabilities.

Section 333E-4, Hawaii Revised Statutes, provides that members of the State Council on Developmental Disabilities shall include members of organizations that administer funds provided under federal law relating to individuals with disabilities, and that at least sixty percent of the members be individuals with developmental disabilities, or the parents, guardians, or immediate relatives of individuals with developmental disabilities.

PHILIP ANA

Your Committee received testimony in support of the nomination for the appointment of Philip Ana from State Council on Developmental Disabilities, Executive Office on Aging, and one individual.

Upon review of the testimony, your Committee finds that Mr. Ana has over thirty-five years of experience working for and with disabled and aging communities. He is currently a long term disability specialist in the Executive Office on Aging, and prior to that, Mr. Ana was an independent living specialist for the Hawaii Centers for Independent Living, where he served as outreach director, interim executive, deputy director, and Oahu care coordinator from 1989 to 2012. Mr. Ana earned his Bachelor's degree in human development from the University of Hawaii at Manoa. His appointment to the council fulfills the federal requirement for a representative from an organization that administers funds provided by the Older Americans Act of 1965. Your Committee notes that Mr. Ana's experience will allow him to assist the Council in addressing the development of policies for home and community-based approaches that cut across the aging and disabled populations. Your Committee therefore recommends that Mr. Ana be appointed to the State Council on Developmental Disabilities based on his knowledge, experience, and commitment to the aging and disabled communities.

KIRIKO TAKAHASHI

Your Committee received testimony in support of the nomination for the appointment of Kiriko Takahashi from the State Council on Developmental Disabilities, and sixteen individuals.

Upon review of the testimony, your Committee finds that Dr. Takahashi is the Interim Director of the Center on Disabilities Study at the University of Hawaii at Manoa and has worked in the field of disability studies for over twenty years. She previously served as an associate specialist at the Center on Disabilities Studies, project associate professor at the University of Tokyo, and disability specialist at Northwestern University. She earned her Doctor of Philosophy in education from the University of Hawaii at Manoa, Master's degree in learning disabilities from Northwestern University, and Bachelor's degree in speech and sociology from Northwestern University. Dr. Takahashi's appointment to the State Council on Developmental Disabilities would fulfill the federal requirement for a representative of the University Centers for Excellence in Developmental Disabilities Education, Research, and Service. Your Committee notes that Dr. Takahashi's expertise will keep the Council informed and updated on the best practices within the disability field at the state and federal levels. Your Committee therefore recommends that Dr. Takahashi be appointed to the State Council on Developmental Disabilities based on her experience, extensive knowledge in developmental research, and commitment to education.

MELISSA GIBO

Your Committee received testimony in support of the nomination for the appointment of Melissa Gibo from the State Council on Developmental Disabilities, Catholic Charities Hawai'i, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Gibo has worked within the disability field since 2003 and is currently the Director of Organizational Effectiveness for Catholic Charities Hawai'i. Prior to that, she served as Catholic Charities'

Program Director of Developmental Disabilities Waiver Services. In this position, she supervised the provision of developmental disabilities Medicaid waiver services. Ms. Gibo earned her Master's degree in social work from the University of Hawaii at Manoa and her Bachelor's degree in psychology and sociology from the University of Hawaii at Hilo. Her appointment to the State Council on Developmental Disabilities would fulfill the federal requirement for a representative of a non-profit organization concerned with services to individuals with developmental disabilities. Your Committee therefore recommends that Ms. Gibo be appointed to the State Council on Developmental Disabilities based on her experience in the field of developmental disabilities, commitment to better the lives of people with developmental disabilities, and constant pursuit to bring best practices to the groups that work with this population.

AMARA COON

Your Committee received testimony in support of the nomination for the appointment of Amanda Coon from the State Council on Developmental Disabilities and two individuals.

Upon review of the testimony, your Committee finds that Ms. Coon has an extensive background in community involvement and volunteerism. For three years, she assisted a hair salon on Kauai with arranging inventory, organizing work areas, and maintaining the business space. Ms. Coon is highly active in the community, participating in Special Olympics and being recognized as the Athlete of the Year as well as providing educational services to those unfamiliar with the event. Ms. Coon's appointment to the State Council on Disabilities would fulfill the federal requirement for representatives of individuals with disabilities. Your Committee also notes that Ms. Coon has attended multiple State Council on Developmental Disabilities meetings, and as a resident of Kauai, her perspective is indispensable to developing and implementing the Council's upcoming five-year state plan. Testifiers describe Ms. Coon as cheerful, engaging, caring, helpful, and hard working. Your Committee therefore recommends that Ms. Coon be appointed to the State Council on Developmental Disabilities based on her active participation in the community and dedication to public service.

BATHEY FONG

Your Committee received testimony in support of the nomination for the reappointment of Bathey Fong from the State Council on Developmental Disabilities and one individual.

Upon review of the testimony, your Committee finds that Ms. Fong is currently a member of the State Council on Developmental Disabilities and an assistant at the University of Hawaii Department of Disability Studies. She is also the President of the Hawaii Self Advocate Advisory Council, which teaches people with developmental disabilities to self-advocate and create change that will lead to their independence. In this capacity, Ms. Fong trains others to become educators for the Feeling Safe, Being Safe program. Ms. Fong's reappointment to the State Council on Developmental Disabilities would fulfill the federal requirement for representatives of individuals with developmental disabilities. Your Committee notes that Ms. Fong's perspective as a self-advocate is indispensable to developing and implementing the Council's upcoming five-year state plan. Testifiers describe Ms. Fong as hard working and a lifelong learner. Your Committee therefore recommends that Ms. Fong be reappointed to the State Council on Developmental Disabilities based on her active advocacy in the community on behalf of those with developmental disabilities.

MICHELLE MURALT

Your Committee received testimony in support of the nomination for the reappointment of Michelle Muralt from State Council on Developmental Disabilities and one individual.

Upon review of the testimony, your Committee finds that Ms. Muralt is currently a member of the State Council on Developmental Disabilities. She is also a member of the Hawaii Self-Advocacy Council where she has served as a trainer for the Feeling Safe Being Safe program and participated in the Oahu Community Emergency Preparedness Fair educating others on how to prepare a personal "Go Kit". Ms. Muralt's appointment to the State Council on Developmental Disabilities would fulfill the federal requirement for representatives of individuals with disabilities. Your Committee notes that her perspective as a self-advocate is indispensable to developing and implementing the Council's upcoming five-year state plan. Testifiers describe Ms. Muralt as a loyal volunteer. Your Committee therefore recommends that Ms. Muralt be reappointed to the State Council on Developmental Disabilities based on her active participation in the community on behalf of the developmental disability community.

DARWIN NAGAMINE

Your Committee received testimony in support of the nomination for the reappointment of Darwin Nagamine from the State Council on Developmental Disabilities and one individual.

Upon review of the testimony, your Committee finds that Mr. Nagamine is currently a member of the State Council on Developmental Disabilities, a member of the Hawaii Self-Advocacy Advisory Council, and a member of the East Hawaii Developmental Disabilities Committee. He is an active participant in the East Hawaii Disability Legislative Forum and has been the emcee and panel moderator who provides an opportunity for East Hawaii legislators to answer community questions. Mr. Nagamine has also served as co-chair of the Developmental Disabilities Council Transition and Employee committee. Mr. Nagamine's reappointment to the State Council on Developmental Disabilities would fulfill the federal requirement for representatives of individuals with developmental disabilities. Your Committee also finds that his perspective as a self-advocate as well as a legislative advocate is indispensable to developing and implementing the Council's upcoming five-year state plan. Your Committee therefore recommends that Mr. Nagamine be reappointed to the State Council on Developmental Disabilities based on his active participation in the community, legislative advocacy, and commitment to those with developmental disabilities.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1834 Health on Gov. Msg. No. 631

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF CERTIFICATION OF OPERATING PERSONNEL IN WASTEWATER TREATMENT PLANTS

G.M. No. 631 KEVIN NAKAMURA, for a term to expire 06-20-2024 (expiration date amended to 6-30-2024 by GM660)

Your Committee reviewed the personal history, resume, and statement submitted by Kevin Nakamura for service on the Board of Certification of Operating Personnel in Wastewater Treatment Plants.

Your Committee received testimony in support of the nomination for the appointment of Kevin Nakamura from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Nakamura's background, experience, and dedication to public service qualify him for appointment to the Board of Certification of Operating Personnel in Wastewater Treatment Plants. Mr. Nakamura currently works as an Operations Superintendent for Aqua Engineers at the Schofield Barracks Wastewater Treatment Plant where he is responsible for the overall management of the wastewater system, including the wastewater treatment plant, tributary pump stations, and collection system for the Schofield Barracks Military Base and Wheeler Army Airfield. He also previously served as a Wastewater Region Superintendent for the City and County of Honolulu's Department of Environmental Services, Wastewater Treatment Plant Supervisor IV, and Wastewater Treatment Plant Operator, where he was in charge of compliance with the facility's National Pollutant Discharge Elimination System permit, operations management, project prioritization, and capital improvement projects related to the facility. He has twenty-four years of wastewater experience and holds a Grade 4 wastewater treatment plant operator certification in the State. Therefore, your Committee finds that Mr. Nakamura has the experience, knowledge, and desire to contribute to the community and will be an asset to the Board of Certification of Operating Personnel in Wastewater Treatment Plants.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1835 Health on Gov. Msg. No. 640

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 640 CAROL PETITH-ZBICIAK, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Carol Petith-Zbiciak for service on the Health Planning Council, Tri-Isle Subarea.

Your Committee received testimony in support of the nomination for the appointment of Carol Petith-Zbiciak from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Dr. Petith-Zbiciak's background, experience, and dedication to public service qualify her for reappointment to the Health Planning Council, Tri-Isle Subarea. She is currently a retired nursing faculty member at the University of Hawaii Maui College and a family nurse practitioner with clinical experience in women's and pediatric health care at the Maui Community College Health Center. As a nurse, she has developed a patient care philosophy that focuses on universal access to evidence-based health care, provided in the motivational interviewing style, with an emphasis on health promotion, including the poor and the underserved. Dr. Petith-Zbiciak obtained her Masters in Nursing and Doctorate in Nursing Practice from the University of Hawaii at Manoa, where her academic studies focused on better meeting the health care services needed of homeless persons on Maui, increasing access to primary care services, reducing unnecessary emergency department visits, decreasing acute care hospital lengths of stay, and reducing costs. Dr. Petith-Zbiciak holds an advanced practice registered nurse Rx 405 certification and is a member of various professional organizations, such as the American Academy of Nurse Practitioners, American Nurses Association, Emergency Nurses Association, and Infusion Nurses Society. Therefore, your Committee recommends that based upon her experience, knowledge, and desire to contribute to the community, that Dr. Petith-Zbiciak be appointed to the Health Planning Council, Tri-Isle Subarea.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1836 Health on Gov. Msg. No. 755

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII HEALTH SYSTEMS CORPORATION

G.M. No. 755 KURT AKAMINE, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Kurt Akamine for service on the Board of Directors of the Hawaii Health Systems Corporation.

Your Committee received testimony in support of the nomination for the appointment of Kurt Akamine from Hawaii Health Systems Corporation, Hawaii Health Systems Corporation Kauai Region, Grove Farm, and one individual.

Upon review of the testimony, your Committee finds that Mr. Akamine's experience in the health care industry, commitment to public service, and dedication to the health and wellness of the community qualify him for appointment to the Board of Directors of the Hawaii Health Systems Corporation. Mr. Akamine is the Vice President of Ohana Pacific Management Company, the parent company of Garden Isle Rehabilitation and Healthcare Center where, prior to becoming Vice President, he served as an administrator for thirteen years. Your Committee notes that Mr. Akamine's volunteer service includes serving as a past Board Chair for the Hawaii Health Systems Corporation Kauai region, Vice Chair for the Hawaii Long Term Care Association, and as a statewide review board member of the State Health Planning and Development Agency. Mr. Akamine earned his Bachelor of Arts degree from the University of Hawaii at Management Agency.

Your Committee further finds that Mr. Akamine's appointment satisfies the requirement that a representative reside on the island of Kauai. Mr. Akamine indicated in his personal statement that he has a strong sense of responsibility towards the island of Kauai and looks forward to carrying out the duties and responsibilities of a board member. Your Committee therefore recommends that Mr. Akamine be appointed to the Board of Directors of the Hawaii Health Systems Corporation based on his experience in the health care industry and commitment to the health and wellness of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1837 Health on Gov. Msg. Nos. 641 and 642

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, WEST OAHU SUBAREA

G.M. No. 641 CAMONIA GRAHAM-TUTT, for a term to expire 06-30-2024; and

G.M. No. 642 BEVERLY INOCENCIO, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Camonia Graham-Tutt and Beverly Inocencio for service on the Health Planning Council, West Oahu Subarea.

CAMONIA GRAHAM-TUTT

Your Committee received testimony in support of the nomination for the appointment of Camonia Graham-Tutt from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Dr. Graham-Tutt's experience in the field of health education, commitment to public service, and dedication to educating the community in health and wellness, qualify her for appointment to the Health Planning Council West Oahu Subarea. Dr. Graham-Tutt is currently an assistant professor at the University of Hawaii-West Oahu and previously worked as a junior/senior researcher at the University of Hawaii Cancer Center where she developed health education programming for school-based settings. Your Committee notes that Dr. Graham-Tutt has been highly active professionally and as a member of the community. She is part of the Presidential Emerging Leaders Program at the University of Hawaii System, a member of the Board of Directors of the Hawaii Public Health Association, organizer of the Undergraduate Student Research Symposium at UH-West Oahu, and board secretary for the Susan G. Komen for the Cure, Hawaii Affiliate, among others. Dr. Graham-Tutt earned her Bachelor of Science in health science education and Master of Science in education from Baylor University, and Doctor of Philosophy in sociology from Howard University.

Your Committee therefore recommends that Dr. Graham-Tutt be appointed to the Health Planning Council, West Oahu Subarea based on her experience in health education and her commitment to improving the health and wellness of the community.

BEVERLY INOCENCIO

Your Committee received testimony in support of the nomination for the reappointment of Beverly Inocencio from the State Health Planning and Development Agency, The Queen's Health Systems, and four individuals.

Upon review of the testimony, your Committee finds that Dr. Inocencio's experience in the field of nursing, commitment to public service, and dedication to the health and wellness of the community qualify her for reappointment to the Health Planning Council, West Oahu Subarea. Dr. Inocencio is an acute care nurse practitioner at the Queen's Medical Center, was the High Reliability Organization/Safety and Joint Commission Officer at the United States Army Health Clinic at Schofield Barracks, and an adjunct faculty at the University of Hawaii School of Nursing. Your Committee notes that Dr. Inocencio has also contributed to a number of medical publications and is a member of several professional organizations and honor societies. She currently serves on the Health Planning Council, West Oahu Subarea, and therefore is familiar with the Council's work. Dr. Inocencio earned her Bachelor of Science in nursing from the University of San Francisco, Master of Arts in health services management from Webster University, Master of Science in Nursing from the University of Hawaii at Manoa, Doctor of Nursing Practice from the University of Texas Health Sciences Center, and Post-Master Certificates from Hawaii Pacific University and the University of Texas Health Sciences Center.

Your Committee therefore recommends that Dr. Inocencio be appointed to the Health Planning Council, West Oahu Subarea based on her experience in the nursing profession and her commitment the health and wellness of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1838 Health on Gov. Msg. Nos. 763, 764, and 765

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

G.M. No. 763 NIKKI KEPOO, for a term to expire 06-30-2025;

G.M. No. 764 SUMMER KOZAI, for a term to expire 06-30-2025; and

G.M. No. 765 MARIE KIMMEY, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Nikki Kepoo, Summer Kozai, and Marie Kimmey for service on the Disability and Communication Access Board.

NIKKI KEPOO

Your Committee received testimony in support of the nomination for the reappointment of Nikki Kepoo from the Disability and Communication Access Board and one individual.

Upon review of the testimony, your Committee finds that Ms. Kepoo's experience as a parent of child who is deaf, commitment to public service, and dedication to language equality for children with special needs qualify her for reappointment to the Disability and Communication Access Board. Ms. Kepoo is currently the vice chairperson of the Disability and Communication Access Board and serves on its Executive Committee. Your Committee notes that Ms. Kepoo was instrumental in providing guidance in updating title 11, chapter 218, Hawaii Administrative Rules, entitled "Communication Access Services for Persons who are Deaf, Hard of Hearing, and Deaf-Blind". Ms. Kepoo has also been an advocate for the Language Equality and Acquisition for Deaf Kids initiative, a grassroots organization whose mission is to work towards kindergarten readiness for deaf and hard-of-hearing children by promoting access to both American Sign Language and English.

Your Committee further finds that Ms. Kepoo's reappointment to the Disability and Communication Access Board fulfills the requirement that a representative be a parent of a person with disabilities. Your Committee therefore recommends that Ms. Kepoo be reappointed to the Disability and Communication Access Board based on her experience in advocating for children with special needs and her commitment to equity for persons with disabilities.

SUMMER KOZAI

Your Committee received testimony in support of the nomination for the reappointment of Summer Kozai from the Disability and Communication Access Board and one individual.

Upon review of the testimony, your Committee finds that Ms. Kozai's experience as a person living with a mobility disability, commitment to public service, and dedication to the well-being and equal access for persons with disabilities qualify her for reappointment to the Disability and Communication Access Board. Ms. Kozai is an auditor for the federal government and a handler for her service dog, Trooper. Ms. Kozai currently serves on the Disability and Communication Access Board and is the chairperson of its Standing Committee on Parking. Your Committee notes that Ms. Kozai was instrumental in amending title 11, chapter 219, Hawaii Administrative Rules, entitled "Parking for Persons with Disabilities". Ms. Kozai earned her Bachelor of Arts degree in accounting and finance from Pacific University and Master of Science degree in accounting and business administration from Northeastern University.

Your Committee further finds that Ms. Kozai's reappointment to the Disability and Communication Access Board fulfills the requirement that a representative be a person living with a disability. Your Committee therefore recommends that Ms. Kozai be appointed to the Disability and Communication Access Board based on her experience as a person living with mobility disability and her commitment to ensuring equal access and a high quality of life for persons living with disabilities.

MARIE KIMMEY

Your Committee received testimony in support of the nomination for the reappointment of Marie Kimmey from the Disability and Communication Access Board.

Upon review of the testimony, your Committee finds that Ms. Kimmey's experience as an architect with knowledge of the Americans with Disabilities Act Accessibility Guidelines and commitment to public service qualify her for reappointment to the Disability and Communication Access Board. Ms. Kimmey is the principal architect for Kimmey Unabia Architects, Ltd. Ms. Kimmey has over fifty years of experience in the field of architecture. Ms. Kimmey currently serves on the Disability and Communication Access Board as the chairperson of its Standing Committee on Facility Access and is a member of the Board's Executive Committee. Your Committee notes that Ms. Kimmey has been involved in design projects for government entities that required knowledge of the Americans with Disability Act Accessibility Guidelines. Ms. Kimmey earned her Bachelor of Architecture degree from the University of Michigan.

Your Committee further finds that Ms. Kimmey's reappointment to the Disability and Communication Access Board fulfills the requirement that a representative be knowledgeable in areas for which the board has rulemaking authority. Your Committee therefore recommends that Ms. Kimmey be reappointed to the Disability and Communication Access Board based on her experience in architecture and her commitment to ensuring accessibility for persons with disabilities.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1839 Health on Gov. Msg. Nos. 587, 588, 589, 590, and 591

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON MENTAL HEALTH

- $G.M.\ No.\ 587 \quad \ JENNIFER\ RENFRO, for a term to expire\ 06-30-2023;$
- G.M. No. 588 DINA KOYANAGI, for a term to expire 06-30-2023;
- G.M. No. 589 ANTONINO BENINATO, for a term to expire 06-30-2024;
- G.M. No. 590 KATHERINE AUMER, for a term to expire 06-30-2021; and
- G.M. No. 591 KATHERINE AUMER, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Jennifer Renfro, Dina Koyanagi, Antonino Beninato, and Katherine Aumer for service on the State Council on Mental Health.

JENNIFER RENFRO

Your Committee received testimony in support of the nomination for the appointment of Jennifer Renfro from the Department of Health

Upon review of the testimony, your Committee finds that Ms. Renfro's experience as an educator, commitment to public service, and demonstrated leadership abilities qualify her for appointment to the State Council on Mental Health. Your Committee notes that Ms. Renfro is currently the Administrator for the Student Support Section within the Department of Education that provides leadership and support to schools, focusing on preventive and developmentally-appropriate support and services, including interventions and strategies to address behavioral and academic needs. Prior to her current position, Ms. Renfro served over twenty-six years as a teacher, counselor, and campus administrator in multiple school districts and at the elementary, middle, and high school levels. She has also served in multiple leadership positions, ranging from District Committee Member for Dropout Prevention to Early College Start Campus Coordinator. Ms. Renfro earned her Bachelor's degree in elementary education from Stephen F. Austin State University and Master's degree in educational leadership from Lamar University.

Your Committee further finds that Ms. Renfro's appointment to the State Council on Mental Health fulfills the requirement under state and federal law for a representative from a principal state agency with respect to education. Your Committee therefore recommends that Ms. Renfro be appointed to the State Council on Mental Health based on her experience in education and her commitment to the future success of students.

DINA KOYANAGI

Your Committee received testimony in support of the nomination for the appointment of Dina Koyanagi from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Koyanagi's experience as a social worker, commitment to public service, and dedication to the well-being of children qualify her for appointment to the State Council on Mental Health. Your Committee notes that Ms. Koyanagi is currently a Section 1 administrator for Oahu Child Welfare Services in the Department of Human Services. Your Committee further notes that Ms. Koyanagi has worked for Child Protective Services and Child Welfare Services in the Department of Human Services for her entire thirty-year career. Due to her outstanding work, Ms. Koyanagi was awarded the National Association of Social Worker's Family and Child Welfare Social Worker of the Year in 1997. She also serves as a practicum instructor for students pursuing a Master's degree in social work. Ms. Koyanagi earned her Bachelor's degree in sociology and Master's degree in social work from the University of Hawaii at Manoa.

Your Committee further finds that Ms. Koyanagi's appointment to the State Council on Mental Health fulfills the requirement under state and federal law for a representative from the principal state agency with respect to social services. Your Committee therefore recommends that Ms. Koyanagi be appointed to the State Council on Mental Health based on her experience in social work and her commitment to protecting vulnerable children and supporting families in need of assistance.

ANTONINO BENINATO

Your Committee received testimony in support of the nomination for the appointment of Antonino Beninato from the Department of Health.

Upon review of the testimony, your Committee finds that Mr. Beninato's experience as a habilitation technician, commitment to public service, and commitment to exploring opportunities to connect with youths about topics related to mental health qualify him for appointment to the State Council on Mental Health. Mr. Beninato is currently a habilitation technician with Bayada, a home health care agency, in which he aids clients with disabilities to live safely at home and participate in their communities. Prior to that, Mr. Beninato served as a line cook at Hula Grill Waikiki. Your Committee notes that Mr. Beninato has volunteered with various charitable organizations, including the Oahu American Society for the Prevention of Cruelty to Animals, Manoa Summer Fun, and the University of Hawaii at Manoa lo'i patch clean up. Mr. Beninato earned his Bachelor's degree in psychology from the University of Hawaii at Manoa.

Your Committee further finds that Mr. Beninato's appointment to the State Council on Mental Health fulfills the requirement under both state and federal law for a representative who is a student or youth advocate. Your Committee therefore recommends that Mr. Beninato be appointed to the State Council on Mental Health based on his experience in working with persons with disabilities and his commitment to serving the community.

KATHERINE AUMER

Your Committee received testimony in support of the nominations for the appointment and reappointment of Katherine Aumer from the Department of Health.

Upon review of the testimony, your Committee finds that Dr. Aumer's experience as a professor of psychology, commitment to public service, and expertise in the field of psychology qualify her for appointment to the State Council on Mental Health. Dr. Aumer is currently an assistant professor of psychology at the University of Hawai'i, West Oahu. Prior to her current position, Dr. Aumer taught psychology at the collegiate level for over ten years. Your Committee notes that Dr. Aumer's work has been published in multiple books, textbooks, and journals. Further, Dr. Aumer also serves on the Graduate Curriculum Committee for and is a College of Liberal Arts Senator for Hawaii Pacific University. Dr. Aumer earned her Bachelor's degree in psychology from the University of Iowa and her Doctor of Philosophy in psychology from the University of Texas at Austin.

Your Committee further finds that Dr. Aumer's appointment to the State Council on Mental Health fulfills the requirement under both state and federal law for family members of adults or children whom the State Council on Mental Health aim to serve. Your Committee therefore recommends that Dr. Aumer be appointed and reappointed to the State Council on Mental Health based on her experience as an educator and her commitment to communities with behavioral health needs.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1840 Health on Gov. Msg. Nos. 632, 633, 754, 756, and 757

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HEALTH SYSTEMS CORPORATION

G.M. No. 632 JANE DIERENFIELD, for a term to expire 06-30-2021;

G.M. No. 633 JANE DIERENFIELD, for a term to expire 06-30-2025;

G.M. No. 754 DONNA MCCLEARY, for a term to expire 06-30-2025;

G.M. No. 756 KEVAN WONG, for a term to expire 06-30-2025; and

G.M. No. 757 DOUGLASS ADAMS, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Jane Dierenfield, Donna McCleary, Kevan Wong, and Douglass Adams for service on the Board of Directors of the Hawaii Health Systems Corporation.

JANE DIERENFIELD

Your Committee received testimony in support of the nominations for the appointment and reappointment of Jane Dierenfield from the Hawaii Health Systems Corporation.

Upon review of the testimony, your Committee finds that Ms. Dierenfield is a registered nurse who established and currently works for the Kona Ambulatory Surgery Center. She was previously a registered nurse for Kona Hospital and North Hawaii Community Hospital. Ms. Dierenfield was also a faculty member for the University of Hawaii Hilo School of Nursing. She obtained her Associate's degree in nursing and history from Pasadena City College, her Bachelor of Science in nursing from the University of Phoenix, and is currently enrolled in a Masters of Nursing program at the University of Hawaii. Ms. Dierenfield has dedicated her ife's work in healthcare to the West Hawaii community. She currently sits on the West Hawaii Regional Board of the Hawaii Health Systems Corporation. Your Committee therefore recommends that Ms. Dierenfield be appointed and reappointed to the Board of Directors of the Hawaii Health Systems Corporation based on her experience in nursing and her commitment to serving the West Hawaii region.

DONNA MCCLEARY

Your Committee received testimony in support of the nomination for the reappointment of Donna McCleary from the Hawaii Health Systems Corporation.

Upon review of the testimony, your Committee finds that Dr. McCleary is a retired pediatrician who served at the Wailuku Kaiser Clinic and Maui Memorial Hospital for thirty-seven years. Dr. McCleary is currently on the Hawaii Health Systems Corporation Board of Directors. In addition to her clinical practice, Dr. McCleary served in various leadership positions both with the Hawaii Permanente Medical Group and in the larger medical community. During this time, Dr. McCleary aided in expanding the Maui Kaiser delivery system, creating the physician component of the Kaiser delivery system in Kona, Hilo, and Waimea, and serving as medical director of Kaiser Med-QUEST. After retirement, Dr. McCleary continued serving on the board of directors of Hospice Maui and Hale Makua. She has also volunteered for the Maui Medical Response Team. She earned her medical degree from the Medical College of Pennsylvania and completed a pediatric residency at the Sinai Hospital in Baltimore, Maryland. Dr. McCleary indicated in her personal statement that her vision for the Hawaii Health Systems Corporation is to make medical and health care available to those communities not fully served by the private sector, primarily on the neighbor islands.

Your Committee therefore recommends that Dr. McCleary be reappointed to the Board of Directors of Hawaii Health Systems Corporation based on her extensive experience in health care, as well as her commitment to ensuring that underserved communities receive quality and affordable health care.

KEVAN WONG

Your Committee received testimony in support of the nomination for the appointment of Kevan Wong from the Hawaii Health Systems Corporation; Hawaii Health Systems Corporation, Oahu Region; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Wong is an attorney with the City and County of Honolulu, Office of the Managing Director. He currently serves on the Board of Directors of the Hawaii Health Systems Corporation. Previously, Mr. Wong served in various roles for the Hawaii State Legislature. He earned his Juris Doctorate from the University of Hawaii William S. Richardson School of Law and his Bachelor's degree in business administration management from Concordia University Irvine. Mr. Wong has keen interest in farm to school meal programs and can assist the Hawaii Health Systems Corporation to improve its food service efforts and his knowledge of county and state government operations offer valuable insight. Mr. Wong stated that his vision for the Hawaii Health Systems Corporation is to support the growing need for long term care services for Hawaii's most vulnerable kupuna.

Your Committee therefore recommends that Mr. Wong be appointed to the Board of Directors of Hawaii Health Systems Corporation based on his experience as a public servant as well as his commitment to community service.

DOUGLASS ADAMS

Your Committee received testimony in support of the nomination for the reappointment of Douglass Adams from the Hawaii Health Systems Corporation.

Upon review of the testimony, your Committee finds that Mr. Adams is an attorney who currently serves as the vice-chairman and director of W.H. Shipman, Ltd. Mr. Adams is also a serving member of the Board of Directors of the Hawaii Health Systems Corporation. Mr. Adams previously worked as an attorney in the private sector and as the vice president and chief financial officer for Sunrise Aloha, LLC. Prior to his career as an attorney, Mr. Adams had a distinguished career serving in the United States Army, retiring as a Lieutenant Colonel. During his time on the Board of Directors of the Hawaii Health Systems Corporation, Mr. Adams has assisted by navigating issues such as compliance, liability, and risk management. As Chair of Hawaii Health Systems Corporation Board's Finance and Information Systems committee, Mr. Adams provides leadership in the financial oversight of Hawaii Health Systems Corporation's financial planning, reporting, and monitoring internal controls. Mr. Adams indicated in his personal statement that he appreciates working with like-minded community servants on behalf of health care professionals. Your Committee therefore recommends that Mr. Adams be reappointed to the Board of Directors of the Hawaii Health Systems Corporation based on his experience as an attorney and prior service on the Board of Directors, as well as his commitment to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1841 Health on Gov. Msg. Nos. 636, 637, 709, 710, and 711

Recommending that the Senate advise and consent to the nominations of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

```
G.M. No. 636 KYLE PERRY, for a term to expire 06-30-2021;
G.M. No. 637 KYLE PERRY, for a term to expire 06-30-2025;
G.M. No. 709 SEAN COVANT, for a term to expire 06-30-2023;
G.M. No. 710 MICHAEL HAYASHI, for a term to expire 06-30-2024; and
```

G.M. No. 711 JACOB MINEI, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Kyle Perry, Sean Covant, Michael Hayashi, and Jacob Minei for service on the Emergency Medical Services Advisory Committee.

KYLE PERRY

Your Committee received testimony in support of the nominations for the appointment and reappointment of Kyle Perry from the Department of Health and The Queen's Medical Center.

Upon review of the testimony, your Committee finds that Dr. Perry's experience as an emergency room physician and commitment to public service and patient health and safety qualify him for appointment to the Emergency Medical Services Advisory Committee. Dr. Perry is currently an emergency medical physician with The Queen's Medical Center and the medical director for LifeSave KūPono, an aeromedical transport service. Dr. Perry also serves as an emergency medicine trauma liaison and an advanced trauma life support instructor for The Queen's Medical Center, and as an expert witness for the City and County of Honolulu. Your Committee notes that Dr. Perry also directs simulations of medical and trauma cases for paramedic students and teaches medical students at the University of Hawaii John A. Burns School of Medicine. Dr. Perry earned his Medical degree from Wayne State University School of Medicine and completed his residency at Detroit Medical Center/Wayne State University.

Your Committee further finds that Dr. Perry's reappointment to the Emergency Medical Services Advisory Committee fulfills the requirement for a representative who is a physician experienced in the conduct and delivery of emergency medical services who is also board-certified by the American Board of Emergency Medicine. Your Committee therefore recommends that Dr. Perry be reappointed to the Emergency Medical Services Advisory Committee based on his experience in emergency medicine and his commitment to the health and safety of the community.

SEAN COVANT

Your Committee received testimony in support of the nomination for the appointment of Sean Covant from the Department of Health

Upon review of the testimony, your Committee finds that Dr. Covant's experience as an emergency medicine physician and commitment to public service and patient health and safety qualify him for appointment to the Emergency Medical Services Advisory Committee. Dr. Covant is currently the medical director for the City & County of Honolulu Emergency Medical Services and a practicing emergency physician at multiple community hospitals on Oahu, Kauai, and Molokai. Prior to his current position, Dr. Covant served as an attending physician in Dallas, Texas, and as a professor of emergency medicine. Your Committee notes that Dr. Covant is also a veteran of the United States Navy and was a contributing author for a book about best practices in emergency care. Dr. Covant earned his Doctor of Osteopathy degree from New York College of Osteopathic Medicine and completed his residency at Maimonides Medical Center and a fellowship at the University of Texas Southwestern Medical Center.

Your Committee further finds that Dr. Covant's appointment to the Emergency Medical Services Advisory Committee fulfills the state requirement for a representative who is a physician experienced in the conduct and delivery of emergency medical services. Your Committee therefore recommends that Dr. Covant be appointed to the Emergency Medical Services Advisory Committee based on his experience in emergency medicine and his commitment to the health and safety of the community.

MICHAEL HAYASHI

Your Committee received testimony in support of the nomination for the reappointment of Michael Hayashi from the Department of Health

Upon review of the testimony, your Committee finds that Dr. Hayashi's experience as a board certified surgical intensivist and commitment to public service and patient health and safety qualify him for appointment to the Emergency Medical Services Advisory Committee. Dr. Hayashi is currently a member of the Emergency Medical Services Advisory Committee, the state trauma medical director, and a board certified surgical intensivist practicing at The Queen's Medical Center. Prior to his current positions, Dr. Hayashi served as a surgical intensivist for the University Clinical, Education and Research Associates (now University Health Partners of Hawaii) and a clinical professor at the University of Hawaii Department of Surgery. Your Committee notes that Dr. Hayashi is also a consultant to the Trauma Systems Committee, the chair of the Oahu Regional Trauma Advisory Committee, and a member of the Hawaii Trauma Advisory Committee. Dr. Hayashi earned his Medical degree from the University of Hawaii John A. Burns School of Medicine; completed his residency at the University of California, Irvine Department of Surgery; and completed his fellowship at the University of Hawaii Department of Surgery.

Your Committee further finds that Dr. Hayashi's appointment to the Emergency Medical Services Advisory Committee fulfills the state requirement that a representative be a physician experienced in the conduct and delivery of emergency medical services. Your Committee therefore recommends that Dr. Hayashi be appointed to the Emergency Medical Services Advisory Committee based on his experience in emergency medicine and his commitment to the health and safety of the community.

JACOB MINEI

Your Committee received testimony in support of the nomination for the appointment of Jacob Minei from the Department of Health

Upon review of the testimony, your Committee finds that Mr. Minei's experience as a firefighter, commitment to public service, and dedication to the health and safety of the community qualify him for appointment to the Emergency Medical Services Advisory Committee. Mr. Minei is currently a firefighter for the Kauai Fire Department. Your Committee notes that Mr. Minei is certified as a hazardous material awareness/operations technician and as a nationally registered emergency medical technician. Furthermore, Mr. Minei is the program coordinator for Stop the Bleed, an organization dedicated to making communities more resilient by better preparing the public to save the lives of those suffering from bleeding injury.

Your Committee further finds that Mr. Minei's appointment to the Emergency Medical Services Advisory Committee fulfills the state requirement that a representative be from an allied health profession related to emergency medical services. Your Committee therefore recommends Mr. Minei be appointed to the Emergency Medical Services Advisory Committee based on his experience emergency response and his commitment the health and safety of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1842 Health on Gov. Msg. Nos. 638, 695, 696, and 708

Recommending that the Senate advise and consent to the nominations of the following:

G.M. No. 696 DIANA FELTON, for a term to expire 06-30-2025; and

G.M. No. 708 GREGORY TJAPKES, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Adam Gratz, Erika Vargas, Diana Felton, and Gregory Tjapkes for service on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances.

ADAM GRATZ

Your Committee received testimony in support of the nomination for the appointment of Adam Gratz from the Department of Health.

Upon review of the testimony, your Committee finds that Dr. Gratz' background and proven leadership qualify him for appointment to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances. Dr. Gratz is a primary care physician in private practice who has served rural communities on Hawaii island for over fifteen years. He earned a Doctor of Osteopathy from Touro University in California, with an emphasis in neuromuscular-skeletal medicine. In addition, for more than a decade, Dr. Gratz has served as a health care consultant to a number of medical and technology-driven startups, bringing broad expertise to medical logistic and design challenges, and has also provided health care consulting to the Hawaii Medical Service Association to implement rural telehealth care delivery based on video chats and house calls. He is the owner of Mobile Doc, LLC, which conducts house calls for patients who need pain management and end of life care, and for those requiring medication-assisted treatment for opioids. Most recently, in 2020 when the coronavirus disease 2019 pandemic began, Dr. Gratz served as the site medical lead for a Project Baselines initiative to start drive-through testing sites in California. Your Committee therefore recommends that Dr. Gratz be appointed to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances based on his experience as a primary care physician and dedication to public service.

ERIKA VARGAS

Your Committee received testimony in support of the nomination for the appointment of Erika Vargas from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Vargas' experience, knowledge, and dedication to public service qualify her for appointment to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances. Ms. Vargas is the Manager of Adult Services at Hina Mauka, overseeing the operations of residential and outpatient services for patients with alcohol and substance use disorders, and where she also previously served as a clinical team leader and an intake coordinator. She received her Master in Social Work from Boston University. Besides her passion for promoting the social work profession, your Committee finds that she has a strong interest in community involvement, is active with the Aiea Community Association, served in a Latino re-entry program where she provided cultural services to reduce recidivism of offenders in recovery, and collected and analyzed data on homeless injection drug users in Puerto Rico. The appointment of Ms. Vargas will ensure representation of the community and business affairs segment in Commission deliberations. Your Committee therefore recommends that Ms. Vargas be appointed to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances based on her experience as a social worker and dedication to public service.

DIANA FELTON

Your Committee received testimony in support of the nomination for the appointment of Diana Felton from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Dr. Felton is currently the State Toxicologist with the Hawaii Department of Health Hazard Evaluation and Emergency Response Office, which is a division of the Hawaii Department of Health aimed at protecting human health and the environment from threats related to hazardous substances. Dr. Felton is board certified in Medical Toxicology and Emergency Medicine. She received her Bachelor's degree from the University of California, Berkeley, attended medical school at the University of California, Davis and completed her emergency medicine residency at Beth Israel Deaconess Medical Center in Boston, Massachusetts. She also completed her fellowship training at the Harvard Medical Toxicology Fellowship at Boston Children's Hospital and the Massachusetts and Rhode Island Poison Control Center. Your Committee notes that Dr. Felton is a proven leader and works with many state and community partners on issues such as childhood lead poisoning prevention, safe fish consumption, air pollution risks, pesticides, and other environmental health hazards. She also collaborates on poisoning prevention with the Hawaii Poison Center and has also served as a member of the Hawaii Advisory Committee on Drug Abuse and Controlled Substances since 2017. Your Committee therefore recommends that Dr. Felton be appointed to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances based on her experience as a physician in the field of toxicology and dedication to public service.

GREGORY TJAPKES

Your Committee received testimony in support of the nomination for the appointment of Gregory Tjapkes from the Department of Health, Hina Mauka, and Hawaii Youth Services Network.

Upon review of the testimony, your Committee finds that Mr. Tjapkes experience, knowledge, and dedication to public service qualify him for appointment to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances. Mr. Tjapkes is the Executive Director of the Coalition for a Drug-Free Hawaii, which serves Hawaii's children, families, and communities with programs that strengthen health, wellness, and resilience against drug and alcohol abuse. He has extensive experience working with disadvantaged communities and addressing difficult social issues. In particular, he specializes in substance abuse and with disadvantaged youth. Your Committee notes that Mr. Tjapkes is active in the community and is a proven leader, serving on a number of boards, including the advisory board of the Hawaii Partnership to Prevent Underage Drinking, Prevention Workgroup for the Hawaii Opioid Initiative, Hawaii Youth Services Network, and Hawaii Substance Abuse Coalition. Mr. Tjapkes earned a Master of Public

Administration from Grand Valley State University and a Bachelor's degree in psychology from Calvin College. He also completed the Weinberg Fellows Program in 2018. Your Committee therefore recommends that Mr. Tjapkes be appointed to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances based on his experience in the field of drug prevention and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1843 Health on Gov. Msg. Nos. 648, 650, 651, and 652

Recommending that the Senate advise and consent to the nominations of the following:

LANGUAGE ACCESS ADVISORY COUNCIL

- G.M. No. 648 CARI UESUGI, for a term to expire 06-30-2024;
- G.M. No. 650 MARIA ARSUAGA, for a term to expire 06-30-2025;
- G.M. No. 651 TERRINA WONG, for a term to expire 06-30-2022; and
- G.M. No. 652 VALENTINA YAROVAYA, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Cari Uesugi, Maria Arsuaga, Terrina Wong, and Valentina Yarovaya for service on the Language Access Advisory Council.

CARI UESUGI

Your Committee received testimony in support of the nomination for the reappointment of Cari Uesugi from the Department of Human Services, Office of Language Access, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Uesugi's experience in the field of social work, commitment to public service and dedication to assisting others in navigating state systems qualify her for reappointment to the Language Access Advisory Council. Ms. Uesugi is currently the Limited English Proficiency project manager and coordinator for the Department of Human Services. She has over thirty years of experience as a social worker in diverse communities. Your Committee notes that Ms. Uesugi is currently serving on the Language Access Advisory Council and is familiar with the Council's work. Ms. Uesugi earned her Bachelor of Science degree in human development from the University of Hawaii at Manoa and Master's degree in counseling, marriage, and family therapy from the University of Phoenix.

Your Committee further finds that Ms. Uesugi's reappointment to the Language Access Advisory Council fulfills the requirement that a representative be from the state government. Ms. Uesugi indicated in her personal statement that she could contribute to the Office of Language Access' continuing efforts to provide oversight and central coordination to state agencies, as well as technical assistance to state and covered entities. Your Committee therefore recommends that Ms. Uesugi be reappointed to the Language Access Advisory Council based on her experience in the field of social work and her commitment to assisting others in navigating state systems.

MARIA ARSUAGA

Your Committee received testimony in support of the nomination for the reappointment of Maria Arsuaga from the Office of Language Access and three individuals.

Upon review of the testimony, your Committee finds that Ms. Arsuaga's experience as a Spanish language translator and interpreter, commitment to public service, and dedication to the professionalism of translators qualify her for reappointment to the Language Access Advisory Council. Ms. Arsuaga is currently a federally certified Spanish interpreter and a member of the National Association of Judicial Interpreters and Translators. Ms. Arsuaga has more than twenty years of experience in the interpreting and translating profession and has provided language services in financial, medical, and legal settings, among others. She has interpreted live televised debates, news events, and diplomatic summits for multiple United States presidents, senators, and foreign politicians. Your Committee notes that Ms. Arsuaga is currently serving on the Language Access Advisory Council and is familiar with the Council's work. Ms. Arsuaga earned her Bachelor of Arts degree in romance languages and Bachelor of Music degree in voice and opera performance from Oberlin College, certificate in English-Spanish translation from New York University, and certificate for court translation and interpretation from the University of Arizona.

Your Committee further finds that Ms. Arsuaga's reappointment to the Language Access Advisory Council fulfills the requirement that a representative be from a professional interpreter's organization. Ms. Arsuaga indicated in her personal statement that she hopes to guide the Office of Language Access on practical, technical, and ethical matters involving the use of interpretation and written translations for limited English proficient individuals. Your Committee therefore recommends that Ms. Arsuaga be reappointed to the Language Access Advisory Council based on her experience in language translation and her commitment translation and interpretation professionalism.

TERRINA WONG

Your Committee received testimony in support of the nomination for the reappointment of Terrina Wong from the Office of Language Access, Hawai'i Coalition for Immigrant Rights, and Kalihi Palama Health Center.

Upon review of the testimony, your Committee finds that Ms. Wong's experience in the field of immigration services, commitment to public service, and dedication to the well-being of vulnerable immigrants qualify her for reappointment to the Language Access

Advisory Council. Ms. Wong is currently the Interim Deputy Director and Director of Immigration Services at Pacific Gateway Center, a nonprofit organization whose goal is to empower low-income residents, immigrants, refugees, and other vulnerable populations to achieve self-sufficiency through skill-building and access to opportunities while respecting cultural heritages. In her position as Director of Immigration Services, Ms. Wong works with clients who have limited English proficiency. Additionally, Ms. Wong received the Spark of Hope Award of the Interfaith Alliance of Hawaii for her work with disenfranchised communities. Your Committee notes that Ms. Wong is currently serving as the Interim Chair of the Language Access Advisory Council and is familiar with the Council's work. Ms. Wong earned her Bachelor of Arts degree in French from Mills College and Master of Arts degree in education from the University of Hawaii at Manoa.

Your Committee further finds that Ms. Wong's appointment to the Language Access Advisory Council fulfills the requirement that a representative be from a bilingual referral service or program. Ms. Wong indicated in her personal statement that her priorities for the Language Access Advisory Council would be to ensure access to services by building capacity in language access in the State, ensuring advocacy and equity at all levels, and developing ways to acquire data for effective decision-making. Your Committee therefore recommends that Ms. Wong be reappointed to the Language Access Advisory Council based on her experience in immigration services and her commitment to aiding disenfranchised communities.

VALENTINA YAROVAYA

Your Committee received testimony in support of the nomination for the reappointment of Valentina Yarovaya from the Office of Language Access.

Upon review of the testimony, your Committee finds that Ms. Yarovaya's experience as a special education teacher, commitment to public service, and dedication to language education qualify her for reappointment to the Language Access Advisory Council. Ms. Yarovaya is a retired special education teacher who taught total communication classes for deaf and hard of hearing students as well as special education classes. Ms. Yarovaya has years of experience teaching children and adults with disabilities and promoting the accessibility guidelines of the Americans with Disabilities Act. Your Committee notes that Ms. Yarovaya is currently serving on Language Access Advisory Council as an at large member and is familiar with the Council's work. Ms. Yarovaya earned her Master of Science degree in special education from Adelphi University and completed a Bilingual Advanced Certificate Program in special Education from Touro College.

Your Committee further finds that Ms. Yarovaya's reappointment to the Language Access Advisory Council fulfills the requirement that a representative be a member-at-large. Ms. Yarovaya indicated in her personal statement that her goal for the Language Access Advisory Council is to improve access for limited English-speaking persons and assist anyone in the community who needs services and language resources. Your Committee therefore recommends that Ms. Yarovaya be reappointed to the Language Access Advisory Council based on her experience in language education and her commitment to meeting the needs of limited English-speaking persons.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1844 Health on Gov. Msg. Nos. 653 and 658

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, OAHU SERVICE AREA BOARD

G.M. No. 653 RICHARD JACKSON, for a term to expire 06-30-2024; and

G.M. No. 658 JACQUELYN ESSER, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Richard Jackson and Jacquelyn Esser for service on the Mental Health and Substance Abuse, Oahu Service Area Board.

RICHARD JACKSON

Your Committee received testimony in support of the nomination for the appointment of Richard Jackson from the Behavioral Health Administration.

Upon review of the testimony, your Committee finds that Mr. Jackson's experience in volunteer work, commitment to public service, and dedication to the well-being and health of people living with mental illness qualify him for appointment to the Mental Health and Substance Abuse, Oahu Service Area Board. Your Committee notes that Mr. Jackson is passionate about volunteering in his community. For example, he volunteered with National Oceanic and Atmospheric Administration's National Weather Service Pacific Region Headquarters before being hired as an employee, retiring with twenty-five years of service. During that time, he dedicated years of service as a volunteer with CrimeStoppers Honolulu. Currently, Mr. Jackson volunteers with the Hawaii Air Force Association at Joint Base Pearl Harbor Hickam.

Your Committee further finds that Mr. Jackson meets the requirement that a representative be a mental health service recipient. Your Committee therefore recommends that Mr. Jackson be appointed to the Mental Health and Substance Abuse, Oahu Service Area Board based on his experience in volunteerism and his commitment to the health and well-being of those living with mental illness.

JACOUELYN ESSER

Your Committee received testimony in support of the nomination for the appointment of Jacquelyn Esser from the Behavioral Health Administration, Hawai'i Health & Harm Reduction Center, and four individuals.

Upon review of the testimony, your Committee finds that Ms. Esser's experience as a public defender, commitment to public service, and dedication to the health and well-being for those living with mental illness qualify her for appointment to the Mental Health and Substance Abuse, Oahu Service Area Board. Ms. Esser is currently a public defender whose clients often live with a mental illness or substance use disorder. Your Committee notes that Ms. Esser recently ran for the office of Honolulu Prosecuting Attorney on a platform that emphasized the importance of addressing mental illness and substance abuse as public health issues instead of criminal justice issues. Ms. Esser earned her Bachelor of Business Administration and Juris Doctorate from the University of Hawaii at Manoa.

Your Committee further finds that Ms. Esser meets the requirement that a representative be a family member of a mental health service recipient. Your Committee therefore recommends that Ms. Esser be appointed to the Mental Health and Substance Abuse, Oahu Service Area Board based on her experience as a public defender and her commitment to the health and well-being of those living with mental illness.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1845 Health on Gov. Msg. Nos. 643 and 644

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAI'I SERVICE AREA BOARD

G.M. No. 643 ALYSA LAVOIE, for a term to expire 06-30-2023; and

G.M. No. 644 JOHN BETLACH, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Alysa Lavoie and John Betlach for service on the Mental Health and Substance Abuse, Hawai'i Service Area Board.

ALYSA LAVOIE

Your Committee received testimony in support of the nomination for the appointment of Alysa Lavoie from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Lavoie's experience in the field of social work, commitment to public service, and dedication to the health and wellness of those living with mental health or substance abuse issues qualify her for appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board. Ms. Lavoie is an experienced behavioral health program manager working with the West Hawaii Community Health Center to implement community-based behavioral health related programs and services. Ms. Lavoie has professional experience as a facilitator and member of various committees such as the Mayor's Homeless Task Force, Keiki Coalition, and the Hawaii Primary Care Association. Your Committee notes that Ms. Lavoie also volunteers to assist with homeless outreach efforts in her community. Ms. Lavoie earned her Bachelor of Arts in psychology from Keene State College and Masters in Social Work from the University of Hawaii at Manoa.

Your Committee further finds that Ms. Lavoie's appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board fulfills the requirement that representatives be service area residents who are consumers or nonproviders of mental health services. Your Committee therefore recommends that Ms. Lavoie be appointed to the Mental Health and Substance Abuse, Hawai'i Service Area Board based on her experience in social work and her commitment to helping those with mental health or substance abuse issues.

JOHN BETLACH

Your Committee received testimony in support of the nomination for the appointment of John Betlach from the Department of

Upon review of the testimony, your Committee finds that Mr. Betlach's experience as a clinical professional, commitment to public service, and dedication to the health and wellness of those living with mental health or substance abuse issues qualify him for appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board. Mr. Betlach is an experienced clinical professional having provided direct care, treatment, intervention, case management, and counseling in both inpatient and outpatient settings. Your Committee notes that Mr. Betlach has a commitment to volunteering, having previously worked with the disability committee for Hawaii county, Kona Theater Preservation Society, and the Institute for Family Enrichment. Mr. Betlach earned his Bachelor of Arts in Psychology from San Francisco State University.

Your Committee further finds that Mr. Betlach's appointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board fulfills the requirement that a representative be a mental health stakeholder or community member. Your Committee therefore recommends that Mr. Betlach be appointed to the Mental Health and Substance Abuse, Hawai'i Service Area Board based on his experience as a clinical professional and his commitment to community service.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1846 Health on Gov. Msg. No. 561

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, HONOLULU SUBAREA

G.M. No. 561 TORI CARAPELHO, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Tori Carapelho for service on the Health Planning Council, Honolulu Subarea.

Your Committee received testimony in support of the nomination for the appointment of Tori Carapelho from the State Health Planning and Development Agency, Hawaii Medical Service Association, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Carapelho's experience in the health care industry, commitment to public service, and dedication to the health and wellness of the community qualify her for appointment to the Health Planning Council, Honolulu Subarea. Ms. Carapelho is currently president and Chief Executive Officer of Navian Hawaii (formerly Hospice Hawaii) after serving as its Director of Marketing Development and Chief Strategy Officer. Prior to joining Hospice Hawaii, Ms. Carapelho served as vice president for business development for Hawaii Pacific Entertainment, account manager for Destination Marketing Hawaii, and account manager for KHON-2 Television. Your Committee notes that Ms. Carapelho serves as a member of the board of directors of Kokua Mau, member of the hospice leadership committee of the Healthcare Association of Hawaii, member of the council of states of the National Hospice & Palliative Care Association, member of the steering committee of Ad Up Hawaii, and treasurer of the American Advertising Federation-D13. Ms. Carapelho earned her Bachelor of Arts in communication from the University of Hawaii at Manoa and Master's degree in business administration at Hawaii Pacific University.

Your Committee therefore recommends that Ms. Carapelho be appointed to the Health Planning Council, Honolulu Subarea based on her experience in the health care industry and commitment to the health and wellness of the community.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1847 Health on Gov. Msg. No. 579

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF CERTIFICATION OF PUBLIC WATER SYSTEM OPERATORS

G.M. No. 579 JAMES LANDGRAF, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by James Landgraf for service on the Board of Certification of Public Water System Operators.

Your Committee received testimony in support of the nomination for the appointment of James Landgraf from the Department of Health and two individuals.

Upon review of the testimony, your Committee finds that Mr. Landgraf's experience in the field of water systems operations, commitment to public service, and dedication to providing safe and clean drinking water qualify him for appointment to the Board of Certification of Public Water System Operators. Mr. Landgraf is currently employed by the County of Maui Department of Water Supply and JN Construction Inc., both of which provide services in maintaining drinking water systems and treatment plants. At the County of Maui, Mr. Landgraf is responsible for the daily operations of the most complex surface water treatment facilities in the State. Your Committee notes that Mr. Landgraf possesses both a Water Treatment Plant Operator and Distribution System Operator certification at the highest grade level of 4. Mr. Landgraf earned his Associate of Science in heavy equipment repair from Honolulu Community College and attended Washington State University where he studied Civil Engineering.

Your Committee further finds that Mr. Landgraf meets the requirement that a representative be an individual who is duly qualified in the fields of sanitary engineering or public water system operation. Your Committee therefore recommends that Mr. Landgraf be appointed to the Board of Certification of Public Water System Operators based on his experience in water sanitation and commitment to providing safe and clean water to the community.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1848 Health on Gov. Msg. No. 639

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, KAUAI SUBAREA

G.M. No. 639 NICHOLAS PANANGANAN, for a term to expire 06-20-2022 (expiration date amended to 6-30-2022 by GM661)

Your Committee reviewed the personal history, resume, and statement submitted by Nicholas Pananganan for service on the Health Planning Council, Kauai Subarea.

Your Committee received testimony in support of the nomination for the appointment of Mr. Pananganan from the State Health Planning and Development Agency; Health Planning Council, Kauai Subarea; Waimea High School; Kauai Fire Department; and one individual.

Upon review of the testimony, your Committee finds that Mr. Pananganan's experience working in emergency services, commitment to public service, and dedication to the health and wellness of the community qualify him for appointment to the Health Planning Council, Kauai Subarea. Mr. Pananganan is currently the Kauai Fire Department Emergency Medical Services program director and has various certifications as a hazardous materials technician, National Registry EMT, and CPR/Basic Life Support instructor from the American Heart Association. Your Committee notes that Mr. Pananganan serves his community as a self-defense instructor, jiu-jitsu instructor, basketball coach, American Youth Soccer Organization soccer coach, Kauai Interscholastic Federation wrestling and bowling coach, and Waimea High School Health Academy guest instructor and speaker. Mr. Pananganan earned his Associate in Arts from the University of Hawaii-Kauai Community College.

Your Committee therefore recommends that Mr. Pananganan be appointed to the Health Planning Council, Kauai Subarea based on his experience working in emergency services and commitment to the health and wellness of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1849 Health on Gov. Msg. No. 646

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, MAUI SERVICE AREA BOARD

G.M. No. 646 TARA REED, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Tara Reed for service on the Mental Health and Substance Abuse, Maui Service Area Board.

Your Committee received testimony in support of the nomination for the reappointment of Tara Reed from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Reed's experience, knowledge, and desire to serve qualify her to be nominated for reappointment to the Mental Health and Substance Abuse, Maui Service Area Board as a service area resident who is a consumer or non-provider of mental health services. Ms. Reed earned her Bachelor's degree in social work from the University of Hawaii at Manoa and has completed substantial course work towards a Master's degree in forensic psychology from Argosy University. Previously, she has worked as a primary counselor for the Po'ailani Dual Diagnosis Facility from 2009 to 2011 and as a residential counselor with the Salvation Army Adult Treatment Services from 2001 to 2009. Your Committee further finds that Ms. Reed has served on the Mental Health and Substance Abuse, Maui Service Area Board since 2018 and that she has a thorough understanding of the roles and responsibilities of its members. Your Committee notes that Ms. Reed has unique experience as a past provider and past consumer of substance use services and that her experience and awareness of issues pertaining to the substance use community continues to enhance the effectiveness of the Mental Health and Substance Abuse, Maui Service Area Board. Your Committee therefore recommends that Tara Reed be reappointed to the Mental Health and Substance Abuse, Maui Service Area Board based on her experience, knowledge, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1850 Health on Gov. Msg. No. 647

Recommending that the Senate advise and consent to the nomination of the following:

HEALTH PLANNING COUNCIL, WINDWARD OAHU SUBAREA

G.M. No. 647 JUDY FOMIN, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Judy Fomin for service on the Health Planning Council, Windward Oahu Subarea.

Your Committee received testimony in support of the nomination for the reappointment of Judy Fomin from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Ms. Fomin's experience working with victims of domestic violence, commitment to public service, and dedication to the health and wellness of the community qualify her for reappointment to the Health Planning Council, Windward Oahu Subarea. Ms. Fomin worked in the field of domestic violence for several years, first as a volunteer with the San Mateo Battered Women's Center, then as the Shelter Director where she established criteria for employees, volunteers, and residents of the shelter. Your Committee notes that Ms. Fomin has been an active member of the community, serving as Vice President and then President of the Sunset Beach Community Association. Ms. Fomin earned her Master of Science degree in psychology from John F. Kennedy University.

Your Committee notes that Ms. Fomin currently serves on the Health Planning Council, Windward Oahu Subarea and therefore is familiar with its work. Your Committee therefore recommends that Ms. Fomin be reappointed to the Health Planning Council, Windward Oahu Subarea based on her experience working with victims of domestic violence and commitment to the health and wellness of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1851 Health on Gov. Msg. No. 707

Recommending that the Senate advise and consent to the nomination of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

G.M. No. 707 RICKI TABOR, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Ricki Tabor for service on the Policy Advisory Board for Elder Affairs.

Your Committee received testimony in support of the nomination for the appointment of Ricki Tabor from the Executive Office on Aging; Alzheimer's Association, Aloha Chapter; and nine individuals.

Upon review of the testimony, your Committee finds that Mr. Tabor's experience in the field of mental health, commitment to public service, and dedication to serving vulnerable populations qualify him for appointment to the Policy Advisory Board for Elder Affairs. Mr. Tabor is currently the community development director for Generations Magazine, a Hawaii publication that serves as a resource for the State's kupuna. Prior to his current position, Mr. Tabor worked in the mental health field at the Kaneohe Medical Clinic, as a counselor at the Hale Kipa Youth Shelter, a Parent Counselor at a group home for individuals with developmental disabilities with Responsive Caregivers of Hawaii, and as a Family Counselor at a vocational program for autistic adults at the Special Education Center of Hawaii. Your Committee notes that Mr. Tabor is an active volunteer and member in various community organizations and advocacy groups, including: Club 100, Alzheimer's Association, Kupuna Caucus, Compassion and Choice, and Palama Settlement. Mr. Tabor earned his Bachelor of Arts in psychology from Chaminade University and Master of Science in counseling psychology from the University of Oregon.

Your Committee further finds that Mr. Tabor meets the requirement that a representative be selected on the basis of their interests and knowledge in and their ability to make contributions to the solution of problems related to aging. Your Committee therefore recommends that Mr. Tabor be appointed to the Policy Advisory Board for Elder Affairs based on his knowledge in the mental health field, extensive work experience in serving vulnerable populations, and dedication to contributing to community organizations advocacy groups.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1852 Health on Gov. Msg. No. 813

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII HEALTH SYSTEMS CORPORATION

G.M. No. 813 LESLIE KIMURA, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Leslie Kimura for service on the Board of Directors of the Hawaii Health Systems Corporation.

Your Committee received testimony in support of the nomination for the appointment of Leslie Kimura from the Hawaii Health Systems Corporation, Hawaii Health Systems Corporation East Hawaii Region, University of Hawaiii System, Community First, KTA Super Stores, and nine individuals.

Upon review of the testimony, your Committee finds that Ms. Kimura's experience as a business leader, commitment to public service and dedication to the health and wellness of underserved communities qualify her for appointment to the Board of Directors of the Hawaii Health Systems Corporation. Ms. Kimura is currently the Executive Director of the 'Imiloa Astronomy Center. In this position, Ms. Kimura has prioritized bringing the history, cultural values, and the important perspective of Kānaka Maoli into the forefront of innovation in astronomy education and space exploration. Your Committee notes that Ms. Kimura is a leader in the community, having held Executive positions on the Japanese Chamber of Commerce, Hawaii Island Chamber of Commerce, Big Island Visitors Bureau, Hawaii Island Workforce and Economic Development 'Ohana, University of Hawaii at Hilo Alumni Relations, and 'Aha Pūnana Leo. Ms. Kimura earned her Bachelor of Arts degree in Hawaiian Studies and Master of Arts in Hawaiian Language and Literature from the University of Hawaii at Hilo and is currently a doctoral candidate at the University of Hawaii at Hilo.

Your Committee further finds that Ms. Kimura meets the requirement that a representative reside in the Eastern section of Hawaii County. Ms. Kimura indicated in her personal statement that her vision for the Board of Directors of the Hawaii Health Systems Corporation is to ensure that each region operates to fulfill their missions in serving all, but especially those that may not be able to

afford health care. Your Committee therefore recommends that Ms. Kimura be appointed to the Board of Directors of the Hawaii Health Systems Corporation based on her experience and leadership in the community and commitment to the health and wellness of underserved communities.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1853 Health on Gov. Msg. Nos. 654 and 655

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, KAUAI SERVICE AREA BOARD

G.M. No. 654 ANGELA UECHI, for a term to expire 06-30-2024; and

G.M. No. 655 KEVIN MYRICK, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Angela Uechi and Kevin Myrick for service on the Mental Health and Substance Abuse, Kauai Service Area Board.

ANGELA UECHI

Your Committee received testimony in support of the nomination for the appointment of Angela Uechi from the Behavioral Health Administration.

Upon review of the testimony, your Committee finds that Ms. Uechi's experience working in the field of mental health, commitment to public service, and dedication to the health and well-being of those with mental illness qualify her for appointment to the Mental Health and Substance Abuse, Kauai Service Area Board. Ms. Uechi is employed by Mental Health Kokua as a Relief Resident Assistant and is also employed as a personal assistant. Your Committee notes that Ms. Uechi has been a member of Friendship House clubhouse for almost ten years and has served as a member of the Friendship House Board of Directors. Ms. Uechi earned her Bachelor of Arts in linguistics from California State University.

Your Committee further finds that Ms. Uechi meets the requirement that a representative be a recipient of mental health services. Your Committee therefore recommends that Ms. Uechi be appointed to the Mental Health and Substance Abuse, Kauai Service Area Board based on her experience in the field of mental health and commitment to the health and well-being of those living with mental illness.

KEVIN MYRICK

Your Committee received testimony in support of the nomination for the appointment of Kevin Myrick from the Behavioral Health Administration.

Upon review of the testimony, your Committee finds that Mr. Myrick's experience in the field of health care, commitment to public service, and dedication to the health and well-being of those with mental illness qualify him for appointment to the Mental Health and Substance Abuse, Kauai Service Area Board. Mr. Myrick is a health care professional and advocate for mental health service recipients. Your Committee notes that he has over ten years of experience in nursing management and over twenty-four years of clinical nursing experience. Mr. Myrick earned his Associate's degree in nursing from the University of the State of New York and Bachelor of Science and Master of Science in health care management from Excelsior College.

Your Committee further finds that Mr. Myrick meets the requirement that a representative be a service area provider. Your Committee therefore recommends that Mr. Myrick be appointed to the Mental Health and Substance Abuse, Kauai Service Area Board based on his experience in health care and commitment to the health and well-being of those living with mental illness.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1854 Health on Gov. Msg. Nos. 701, 702, 703, 704, and 705

Recommending that the Senate advise and consent to the nominations of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

G.M. No. 701 BEVERLY GOTELLI, for a term to expire 06-30-2025;

G.M. No. 702 STEPHEN LUNG, for a term to expire 06-30-2025;

G.M. No. 703 RAELENE TENNO, for a term to expire 06-30-2025;

G.M. No. 704 KEALOHAKU'UALOHAKU'UPOKI'I BALAZ, for a term to expire 06-30-2024; and

G.M. No. 705 LESLIE TANOUE, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Beverly Gotelli, Stephen Lung, Raelene Tenno, Kealohakuʻualohakuʻupokiʻi Balaz, and Leslie Tanoue for service on the Policy Advisory Board for Elder Affairs.

BEVERLY GOTELLI

Your Committee received testimony in support of the nomination for the reappointment of Beverly Gotelli from the Executive Office on Aging and two individuals.

Upon review of the testimony, your Committee finds that Ms. Gotelli's experience as teacher, commitment to public service, and dedication to the well-being of the elderly and retired community qualify her for reappointment to the Policy Advisory Board for Elder Affairs. Ms. Gotelli is a retired teacher with twenty-nine years of service with the Department of Education. Your Committee notes that, in her retirement, Ms. Gotelli currently serves as the President of the Hawaii State Teachers Association-Retired, which has a membership of almost six thousand members, and is committed to promoting the health and well-being of retired teachers. She also volunteers with the Kauai Museum and Kauai Historical Society and is a member of a quilt guild that makes hand-made quilts to donate to charitable organizations. Ms. Gotelli earned her Bachelor of Science degree from Chaminade University.

Your Committee further finds that Ms. Gotelli's appointment to the Policy Advisory Board for Elder Affairs fulfills the requirement that a representative be from the island of Kauai. Your Committee therefore recommends that Ms. Gotelli be appointed to the Policy Advisory Board for Elder Affairs based on her experience in teaching and her commitment to the well-being of elderly and retired individuals.

STEPHEN LUNG

Your Committee received testimony in support of the nomination for the appointment of Stephen Lung from the Executive Office on Aging.

Upon review of the testimony, your Committee finds that Mr. Lung's experience in the insurance industry, commitment to public service, and dedication to the well-being of the elderly and retired community, qualify him for appointment to the Policy Advisory Board for Elder Affairs. Mr. Lung is a retired insurance industry executive, having worked for Hawaii Medical Service Association for thirty-eight years. Your Committee notes that Mr. Lung has been an active and dedicated volunteer with the Hawaii State Health Insurance Assistance Program for many years. Your Committee also notes that Mr. Lung has been a crucial component to the Hawaii State Health Insurance Assistance Program's growth by providing necessary feedback and suggestions and acting as a lead trainer for volunteers. Mr. Lung earned his Bachelor's degree in business from the University of Hawaii at Manoa.

Your Committee further finds that Mr. Lung meets the requirement that representatives be able to make contributions to the solution of problems relating to aging. Your Committee therefore recommends that Mr. Lung be appointed to the Policy Advisory Board for Elder Affairs based on his experience in the insurance industry and his commitment to the well-being of the elderly and retired community.

RAELENE TENNO

Your Committee received testimony in support of the nomination for the appointment of Raelene Tenno from the Executive Office on Aging, Hawaii Council of Community Associations, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Tenno's experience in the housing industry, commitment to public service, and dedication to the well-being of condominium residents, qualify her for appointment to the Policy Advisory Board for Elder Affairs. Ms. Tenno is currently a mortgage loan originator and mortgage loan instructor. Your Committee notes that Ms. Tenno has served for twenty-eight years on the Board of Directors for the Hawaii Council of Community Associations, an organization that serves to educate Hawaii condo board members of their duties and responsibilities. Recently, Ms. Tenno has co-hosted a YouTube educational show for the Hawaii Council of Community Associations, which has focused on "aging in place" in order to provide condo boards with guidance so that they can provide a safe and healthy environment for seniors living in their buildings. Ms. Tenno earned her Associate of Arts degree in Fashion Design from the Fashion Institute of Design and Merchandising in Los Angeles, California.

Your Committee further finds that Ms. Tenno meets the requirement that representatives be able to make contributions to the solution of problems relating to aging. Your Committee therefore recommends that Ms. Tenno be appointed to the Policy Advisory Board for Elder Affairs based on her experience in the housing industry and her commitment to the health of elderly condominium residents.

KEALOHAKU'UALOHAKU'UPOKI'I BALAZ

Your Committee received testimony in support of the nomination for the appointment of Kealohaku'ualohaku'upoki'i Balaz from the Executive Office on Aging and Aloha 'Āina Party.

Upon review of the testimony, your Committee finds that Dr. Balaz's experience in the health care industry, commitment to public service, and dedication to the health and well-being of the elderly community qualify her for appointment to the Policy Advisory Board for Elder Affairs. Dr. Balaz is currently the Interim Executive Director at the Lunalilo Nursing Home and the Grace Project, Coordinator for Kokua Kalihi Valley Health Center, and an adjunct faculty member at Chaminade University. She facilitates the Resources Enhancing Alzheimer's Caregiver Health program and is also a master trainer for the Savvy Caregiver program for caregivers. Prior to her current positions, Dr. Balaz served as a registered nurse and nurse practitioner at various medical facilities. Your Committee notes that Dr. Balaz has given many presentations on dementia and aging, and was spotlighted by the Chamber of Commerce, Hawaii Business Magazine, and the Alzheimer's Association. Dr. Balaz earned her Bachelor's degree in nursing from the University of Hawaii at Manoa, Master of Science in Nursing Education from Oklahoma University, Doctor of Nursing Practice as a family nurse practitioner from the University of Hawaii at Hilo, and Executive Master of Business Education from the Shidler College of Business.

Your Committee further finds that Dr. Balaz meets the requirement that representatives be able to make contributions to the solution of problems relating to aging. Your Committee therefore recommends that Dr. Balaz be appointed to the Policy Advisory Board for

Elder Affairs based on her experience in health care and her commitment to the health and well-being of those living with dementia and the aging community.

LESLIE TANOUE

Your Committee received testimony in support of the nomination for the appointment of Leslie Tanoue from the Executive Office on Aging.

Upon review of the testimony, your Committee finds that Ms. Tanoue's experience working in the field of aging, commitment to public service, and dedication to the well-being of the elderly and retired community, qualify her for appointment to the Policy Advisory Board for Elder Affairs. Ms. Tanoue is currently the Director of the Kumu Kahi Department at Alu Like, Inc. where she directs the planning, implementation, and evaluation of the elderly services department. Prior to her current position, Ms. Tanoue served in various capacities with Alu Like, Inc., in which she developed and managed programs for elderly adults in the State. Your Committee notes that Ms. Tanoue is also a member of the Ha Kupuna Advisory Community and the Hawaii Healthy Aging Partnership, both of which are dedicated to improving the health and increasing the life expectancies of the State's kupuna. Ms. Tanoue earned her Bachelor's degree in family resources with an emphasis in gerontology, an Advanced Certificate in Gerontology, and a Master's degree in public health in health services administration & planning from the University of Hawaii at Manoa.

Your Committee further finds that Ms. Tanoue meets the requirement that representatives be able to make contributions to the solution of problems relating to aging. Your Committee therefore recommends that Ms. Tanoue be appointed to the Policy Advisory Board for Elder Affairs based on her experience in gerontology and her commitment to the health and well-being of the elderly community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 1855 Water and Land on Gov. Msg. No. 682

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 682 VERNON CHAR, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Vernon Char for service on the Board of Land and Natural Resources.

Your Committee received testimony in support of the nomination for reappointment of Vernon Char from the Department of Land and Natural Resources and Ponoholo Ranch Limited.

Upon review of the testimony, your Committee finds that Vernon Char's experience, background, and commitment to public service qualify him for reappointment to the Board of Land and Natural Resources as a member at large. Mr. Char has been a practicing attorney in Hawaii since 1959 after graduating from Harvard Law School. Your Committee further notes that Mr. Char has over twenty-five years of experience serving on governmental boards and commissions. Mr. Char was one of the founders and the first President of the University of Hawaii Alumni Association. He served as a member of the Hawaii Tourism Authority from 2003 to 2011, Chairperson of the State Bicentennial Commission for the U.S. Constitution from 1986 to 1991, and the first Chairperson of the State Ethics Commission from 1968 to 1975. Your Committee further finds that Mr. Char has served as a member of the Board of Land and Natural Resources since 2019 and has a thorough understanding of the roles and responsibilities of its members. His experience and knowledge will continue to be assets to the Board of Land and Natural Resources. Your Committee therefore recommends that Vernon Char be reappointed to the Board of Land and Natural Resources based on his experience, knowledge, and desire to contribute to the community.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Misalucha, Riviere).

SCRep. 1856 Water and Land on Gov. Msg. Nos. 699 and 700

Recommending that the Senate advise and consent to the nominations of the following:

NATURAL AREA RESERVES SYSTEM COMMISSION

G.M. No. 699 NORINE HAYES, for a term to expire 06-30-2025; and

G.M. No. 700 THORNE ABBOTT, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Norine Hayes and Thorne Abbott for service on the Natural Area Reserves System Commission.

NORINE HAYES

Your Committee received testimony in support of the nomination for the reappointment of Norine Hayes from the Department of Land and Natural Resources and seven individuals.

Upon review of the testimony, your Committee finds that Norine Hayes's professional experience, background, and desire to serve her community qualify her for consideration for reappointment to the Natural Area Reserves System Commission as a member that possesses scientific qualifications as evidenced by an academic degree in zoology. Your Committee notes that Ms. Hayes has been the Malacology Curator for the Bernice Pauahi Bishop Museum since 2015 and a Research Collaborator with the Smithsonian Institution's U.S. National Museum of Natural History since 2011. She has also been a reviewer for publications such as the Wilson Journal of Ornithology, Journal of Parasitology, and the American Malacological Bulletin since 2011. Your Committee further notes that Ms. Hayes is also an active member in various professional organizations, including the American Malacological Society and American Association for the Advancement of Science. Ms. Hayes has served as a member of the Natural Area Reserves System Commission since 2017 and her knowledge and experience continue to enhance the effectiveness of the Natural Area Reserves System Commission. Your Committee therefore recommends that Norine Hayes be reappointed to the Natural Area Reserves System Commission based on her experience, knowledge, and commitment to public service.

THORNE ABBOTT

Your Committee received testimony in support of the nomination for the appointment of Thorne Abbott from the Department of Land and Natural Resources and five individuals.

Upon review of the testimony, your Committee finds that Thorne Abbott's professional experience, background, and desire to serve his community qualify him for consideration for appointment to the Natural Area Reserves System Commission as a member that possesses scientific qualifications as evidenced by an academic degree in ecology and marine biology. Mr. Abbott received a Doctorate in Urban and Regional Planning from the University of Hawaii; a Post-Master Certificate in Coastal Planning from the University of Maryland; a Master of Science in Environmental Science from James Cook University, Australia; and a Bachelor of Arts in Environmental Studies from West Virginia University. Your Committee notes that Mr. Abbott's experience in environmental consulting spans over twenty years, with expertise in coastal planning and familiarity with Hawaii land use laws and regulations. Your Committee further finds that Mr. Abbott has served as a member of the Legacy Land Conservation Commission from 2012 to 2019 and has a thorough understanding of the role and responsibilities of board members. Your Committee therefore recommends that Thorne Abbott be appointed to the Natural Area Reserves System Commission based on his experience, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Misalucha, Riviere).

SCRep. 1857 Water and Land on Gov. Msg. Nos. 736, 737, and 738

Recommending that the Senate advise and consent to the nominations of the following:

GAME MANAGEMENT ADVISORY COMMISSION

G.M. No. 736 NICOLAI BARCA, for a term to expire 06-30-2023;

G.M. No. 737 JASON SANBORN, for a term to expire 06-30-2024; and

G.M. No. 738 JOHN TERRY, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Nicolai Barca, Jason Sanborn, and John Terry for service on the Game Management Advisory Commission.

NICOLAI BARCA

Your Committee received testimony in support of the nomination for the appointment of Nicolai Barca from the Department of Land and Natural Resources. Your Committee received testimony in opposition to the nomination for the appointment of Nicolai Barca from The Humane Society of the United States, Animal Rights Hawai'i, and one individual. Your Committee received comments on the nomination for the appointment of Nicolai Barca from Pono Advocacy.

Upon review of the testimony, your Committee finds that Nicolai Barca's background and dedication to serving the public qualify him to be appointed to the Game Management Advisory Commission as a member representing the county of Kauai, licensed as a hunter in the State, with leadership experience in working directly with local hunter or shooting organizations. Your Committee notes that Mr. Barca has been with the Kauai Program of The Nature Conservancy for the last thirteen years and he has been the Field Coordinator for this program since 2016. Your Committee further notes that Mr. Barca is also an active member in professional and community organizations, such as the Na Ala Hele Kauai Advisory Council. Your Committee finds that Mr. Barca has a thorough understanding of the role and responsibilities of board members and his extensive experience in tropical forest ecosystem and agroforestry management, along with his interests in hunting, fishing, and conservation, will enhance the effectiveness of the Game Management Advisory Commission. Your Committee therefore recommends that Nicolai Barca be appointed to the Game Management Advisory Commission based on his knowledge, background, and dedication to public service.

JASON SANBORN

Your Committee received testimony in support of the nomination for the appointment of Jason Sanborn from the Department of Land and Natural Resources. Your Committee received testimony in opposition to the nomination for the appointment of Jason

Sanborn from The Humane Society of the United States, Animal Rights Hawai'i, and one individual. Your Committee received comments on the nomination for the appointment of Jason Sanborn from Pono Advocacy.

Upon review of the testimony, your Committee finds that Jason Sanborn's background and desire to serve his community qualify him to be appointed to the Game Management Advisory Commission as a member representing East Hawaii, licensed as a hunter in the State, with leadership experience in working directly with local hunter or shooting organizations. Your Committee notes that Mr. Sanborn is the President and founder of Sanborn General Contracting Inc. Before his career in construction, Mr. Sanborn served in the Hawaii Army National Guard, where he graduated at the top of his class. Your Committee further notes that when he was in high school, Mr. Sanborn was part of the rodeo team, making it to the National High School Rodeo Championships in 1996. Your Committee finds that Mr. Sanborn has a thorough understanding of the role and responsibilities of board members and his experience in subsistence hunting will enhance the effectiveness of the Game Management Advisory Commission. Your Committee therefore recommends that Jason Sanborn be appointed to the Game Management Advisory Commission based on his knowledge, background, and desire to contribute to the community.

JOHN TERRY

Your Committee received testimony in support of the nomination for the appointment of John Terry from the Department of Land and Natural Resources. Your Committee received testimony in opposition to the nomination for the appointment of John Terry from The Humane Society of the United States, Animal Rights Hawai'i, and one individual. Your Committee received comments on the nomination for the appointment of John Terry from Pono Advocacy.

Upon review of the testimony, your Committee finds that John Terry's background and dedication to serving the public qualify him to be appointed to the Game Management Advisory Commission as a member representing the City and County of Honolulu, licensed as a hunter in the State, with leadership experience in working directly with local hunter or shooting organizations. Your Committee notes that Mr. Terry is currently a Retreat Coordinator for the Campus Ministry at Saint Louis School. Previously, he was a booking agent for a family-owned charter fishing business in Kewalo Basin from 2009 to 2012. Your Committee finds that Mr. Terry has a thorough understanding of the role and responsibilities of board members and his experience in resource management and education will enhance the effectiveness of the Game Management Advisory Commission. Your Committee therefore recommends that John Terry be appointed to the Game Management Advisory Commission based on his knowledge, background, and desire to contribute to the community.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Misalucha, Riviere).

SCRep. 1858 Water and Land on Gov. Msg. Nos. 683, 684, and 685

Recommending that the Senate advise and consent to the nominations of the following:

KAHOOLAWE ISLAND RESERVE COMMISSION

G.M. No. 683 MICHELLE PESCAIA, for a term to expire 06-30-2025;

G.M. No. 684 ANELA EVANS, for a term to expire 06-30-2024; and

G.M. No. 685 BENTON PANG, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Michelle Pescaia, Anela Evans, and Benton Pang for service on the Kahoʻolawe Island Reserve Commission.

MICHELLE PESCAIA

Your Committee received testimony in support of the nomination for the reappointment of Michelle Pescaia from the Kahoʻolawe Island Reserve Commission, Hawaii State Aha Moku, Protect Kahoʻolawe ʻOhana, and thirteen individuals.

Upon review of the testimony, your Committee finds that Michelle Pescaia's professional experience, background, and desire to serve her community qualify her for consideration for reappointment to the Kahoʻolawe Island Reserve Commission as a member from a list provided by the Protect Kahoʻolawe 'Ohana. Ms. Pescaia has been an Interpretive Park Ranger at the Kalaupapa National Historical Park since March 2014. Your Committee notes that Ms. Pescaia has a wealth of experience in community programs that teach and develop the Hawaiian language and values. Your Committee further notes that Ms. Pescaia was an active member in professional and community organizations, including the Molokai Island Burial Council from 2009 to 2012, and 2014 to 2018. Your Committee further finds that Ms. Pescaia has served as a member of the Kahoʻolawe Island Reserve Commission since August 2019, and her knowledge and experience continues to enhance the effectiveness of the Kahoʻolawe Island Reserve Commission. Your Committee therefore recommends that Michelle Pescaia be reappointed to the Kahoʻolawe Island Reserve Commission based on her background, knowledge, and desire to contribute to the community.

ANELA EVANS

Your Committee received testimony in support of the nomination for the appointment of Anela Evans from the Kahoʻolawe Island Reserve Commission, Hawaii State Aha Moku, Protect Kahoʻolawe ʻOhana, and twelve individuals.

Upon review of the testimony, your Committee finds that Anela Evans' background and desire to serve her community qualify her to be appointed to the Kaho'olawe Island Reserve Commission as a member from a list provided by the Protect Kaho'olawe 'Ohana. Your Committee notes that Ms. Evans is currently the Cultural Practitioner at the Four Seasons Resort on Lāna'i. Previously, she was an assistant manager for the Culture and Historic Preservation Division at Pūlama Lāna'i. She was also the Volunteer Coordinator for

the Kahoʻolawe Island Reserve Commission from September 2013 to September 2015. Your Committee finds that Ms. Evans has a thorough understanding of the role and responsibilities of board members and her experience, knowledge of the Hawaiian culture, and dedication to public service will enhance the effectiveness of the Kahoʻolawe Island Reserve Commission. Your Committee therefore recommends that Anela Evans be appointed to the Kahoʻolawe Island Reserve Commission based on her knowledge, background, and dedication to public service.

BENTON PANG

Your Committee received testimony in support of the nomination for the appointment of Benton Pang from the Kahoʻolawe Island Reserve Commission, Hawaii State Aha Moku, Protect Kahoʻolawe ʻOhana, Association of Hawaiian Civil Clubs, and twelve individuals.

Upon review of the testimony, your Committee finds that Benton Pang's background and desire to serve his community qualify his to be appointed to the Kaho'olawe Island Reserve Commission as a member from a list provided by a native Hawaiian organization. Your Committee notes that Dr. Pang is currently an Invasive Species Team Manager for the U.S. Fish and Wildlife Service. He has been working for the U.S. Fish and Wildlife Service since 1999. Previously, Dr. Pang was a Natural Resources Manager for Parsons-UXB, a joint venture company that was contracted to remove unexploded ordnance on Kaho'olawe Island. Your Committee further notes that Dr. Pang is an active member in professional and community organizations, including the Papahānaumokuākea Native Hawaiian Cultural Working Group. Your Committee finds that Dr. Pang has a thorough understanding of the role and responsibilities of board members and his extensive background in botany, ethnobotany, and ecological restoration will enhance the effectiveness of the Kaho'olawe Island Reserve Commission. Your Committee therefore recommends that Benton Pang be appointed to the Kaho'olawe Island Reserve Commission based on his knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1859 Water and Land on Gov. Msg. Nos. 686, 715, and 771

Recommending that the Senate advise and consent to the nominations of the following:

KANE'OHE BAY REGIONAL COUNCIL

G.M. No. 686 LETANI PELTIER, for a term to expire 06-30-2023;

G.M. No. 715 JOSEPH PICKARD, for a term to expire 06-30-2025; and

G.M. No. 771 CLIFFORD LOO, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Letani Peltier, Joseph Pickard, and Clifford Loo for service on the Kane'ohe Bay Regional Council.

LETANI PELTIER

Your Committee received testimony in support of the nomination for the appointment of Letani Peltier from the Department of Land and Natural Resources, Hawaii State Aha Moku, Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, Koʻolaupoko Hawaiian Civic Club, and fifteen individuals.

Upon review of the testimony, your Committee finds that Letani Peltier's background and desire to serve qualify him to be appointed to the Kane'ohe Bay Regional Council as a voting member representing the Office of Hawaiian Affairs. Your Committee notes that Mr. Peltier has been a public policy advocate for the Office of Hawaiian Affairs since December 2020. Previously, he was a public policy intern for the Office of Hawaiian Affairs during the 2016 and 2017 legislative sessions. Your Committee further notes that Mr. Peltier is an active member in professional and community organizations, including the Native Hawaiian Bar Association and Kane'ohe Neighborhood Board. Your Committee finds that Mr. Peltier has a thorough understanding of the role and responsibilities of board members and his experience in native Hawaiian law will enhance the effectiveness of the Kane'ohe Bay Regional Council. Your Committee therefore recommends that Letani Peltier be appointed to the Kane'ohe Bay Regional Council based on his knowledge, background, and dedication to public service.

JOSEPH PICKARD

Your Committee received testimony in support of the nomination for the appointment of Joseph Pickard from the Department of Land and Natural Resources, Hawaii State Aha Moku, Koʻolaupoko Hawaiian Civic Club, and three individuals.

Upon review of the testimony, your Committee finds that Joseph Pickard's background and dedication to serving the public qualify him to be appointed to the Kane'ohe Bay Regional Council as a voting member representing the Kaneohe Bay Commercial Operators Association. Your Committee notes that Mr. Pickard has been a local business owner since 1989. He is the founder and Chairman Emeritus of the Native Hawaiian Community Development Corporation, which was founded to support science, technology, engineering, and math education and career opportunities for native Hawaiians. Mr. Pickard is also currently the President of SeaHawaii, Inc., an ocean recreation, transport, and apparel company; Environet, Inc., an environmental engineering and remediation service company; and Community Planning & Engineering, Inc., a civil engineering firm. Your Committee finds that Mr. Pickard was one of the founding members of the Kane'ohe Bay Regional Council and has previously served on the Kane'ohe Bay Regional Council from 2008 to 2012. He has a thorough understanding of the role and responsibilities of board members and his extensive experience as a commercial operator on Kaneohe Bay and as a former member of the Kane'ohe Bay Regional Council will enhance the effectiveness

of the Kane'ohe Bay Regional Council. Your Committee therefore recommends that Joseph Pickard be appointed to the Kane'ohe Bay Regional Council based on his knowledge, background, and desire to contribute to the community.

CLIFFORD LOO

Your Committee received testimony in support of the nomination for the reappointment of Clifford Loo from the Department of Land and Natural Resources, Hawaii State Aha Moku, Office of Hawaiian Affairs, Association of Hawaiian Civic Clubs, Koʻolaupoko Hawaiian Civic Club, and three individuals.

Upon review of the testimony, your Committee finds that Clifford Loo's experience, knowledge, and proven leadership on the Kane'ohe Bay Regional Council qualify him for reappointment to the Kane'ohe Bay Regional Council as a voting member, representing the Kahalu'u Neighborhood Board. Your Committee notes that Mr. Loo retired in 2004 and has been a member of the Kahalu'u Neighborhood Board for over nine years. Your Committee further finds that Mr. Loo has served on the Kane'ohe Bay Regional Council since 2017. His experience and knowledge will continue to be assets to the Kane'ohe Bay Regional Council. Your Committee therefore recommends that Clifford Loo be reappointed to the Kane'ohe Bay Regional Council based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 1860 Water and Land on H.C.R. No. 30

The purpose and intent of this measure is to request the Department of Land and Natural Resources to establish a community advisory committee for Polihale State Park on the island of Kauai.

Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Polihale State Park is a remote, multi-mile stretch of beach with one unimproved dirt road for access. Your Committee further finds that Polihale State Park has a recent history of illicit and destructive uses, including that of reckless driving through the dunes and other areas of the park that contain Hawaiian burial sites or critically endangered plants. This measure seeks to increase capacity to educate the public on the rules of the Hawaii State Park System, including proper visitor behavior, and achieve an appropriate balance between recreation and stewardship of the sensitive cultural and natural resources of Polihale State Park.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1861 Water and Land on H.C.R. No. 47

The purpose and intent of this measure is to encourage the City and County of Honolulu to plan for the necessary improvement and revitalization of Hans L'Orange Park in Waipahu, Oahu.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the City and County of Honolulu has appropriated \$8,000,000 for improvements to the baseball field, parking lot, comfort station, and drainage at the Hans L'Orange Park in the Waipahu Heritage District. Your Committee further finds that the final design plans for these improvements are scheduled to be approved and put out to bid by the end of 2021. Your Committee notes that improvements to other areas of Hans L'Orange Park, such as its playgrounds, basketball court, and pedestrian walkways, are necessary for its continued use and enjoyment, especially as the centennial anniversary of this historic park is approaching.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 47, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1862 Water and Land on H.C.R. No. 66

The purpose and intent of this measure is to request the review and approval of an action taken by the Board of Land and Natural Resources on a land exchange between the Parker Land Trust and the State of Hawaii for state land owned at Waikoloa, Waimea, South Kohala, Hawaii.

Your Committee received testimony in support of this measure from the Department of Natural Resources and a member of the Hawai'i County Council. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that, pursuant to section 171-50, Hawaii Revised Statutes, the Board of Land and Natural Resources may execute a land exchange of public land for private land with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee notes that this measure was also transmitted to the Office of Hawaiian Affairs pursuant to section 171-50, Hawaii Revised Statutes, and the Office of Hawaiian Affairs did not oppose the land exchange.

Your Committee further finds that at its meeting of August 28, 2020, under agenda item D-3, the Board of Land and Natural Resources, in principle, approved a land exchange between the State of Hawaii and Parker Land Trust. The proposed land exchange conveys an approximately 0.5368 acre of vacant and unencumbered state land at Waikoloa, Hawaii, valued at \$19,400, in exchange for an approximately 0.3420 acre of vacant private land owned by Parker Land Trust, valued at \$250,000. Your Committee concludes that this land exchange will benefit the public as it will facilitate the construction of a United States Post Office and resolve an access issue affecting the construction of a portion of Ala Ohia Road.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66, and recommends its adoption.

Signed by the Chair on behalf of the Committee. Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 1863 Water and Land on H.C.R. No. 102

The purpose and intent of this measure is to request the Office of Planning, in collaboration with the Department of Land and Natural Resources, University of Hawaii, Hawaii Emergency Management Agency, Department of Transportation, and the appropriate county planning departments and county emergency management agencies to develop a plan to establish a state geological survey in Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Office of Planning. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that Hawaii is the only state in the nation without a geological survey and one of only two states that have never received federal funds to perform geological surveys. Your Committee further finds that establishing a state geological survey in Hawaii would organize the State's mapping capability, allow the State to compete for federal funds to complete geological mapping projects, and provide a broader range of geological information for the public and state decision-makers to use in watershed management and hazard mitigation.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 102, H.D. 2, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 1864 Water and Land on H.C.R. No. 147

The purpose and intent of this measure is to request that a working group be convened to make recommendations on flood mitigation at the intersection of East Manoa Road and Oahu Avenue.

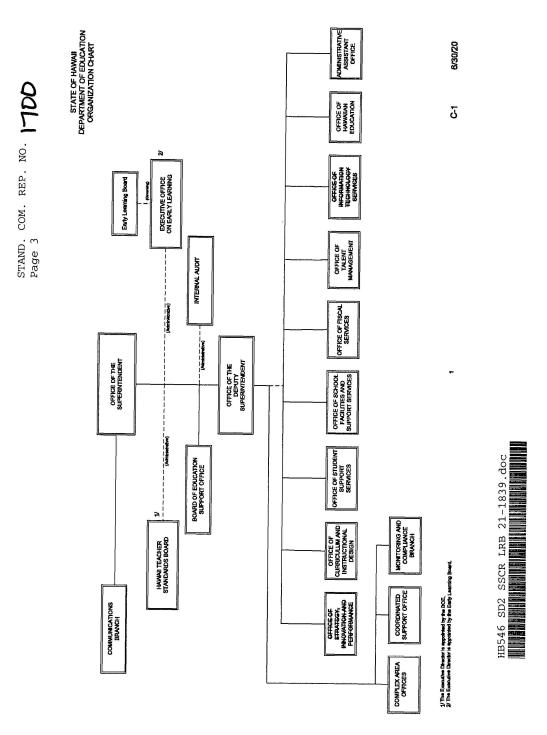

Your Committee received testimony in support of this measure from twelve individuals.

Your Committee finds that the intersection of East Manoa Road and Oahu Avenue is the primary ingress and egress to and from Manoa Valley. Your Committee further finds that the frequent flooding of this intersection has occurred for over sixty years and remains a hazard to pedestrians, motorists, including emergency and public safety vehicles, and residents of the area. This measure seeks to facilitate dialogue between the community and elected officials of Manoa to explore flood mitigation solutions at this intersection.

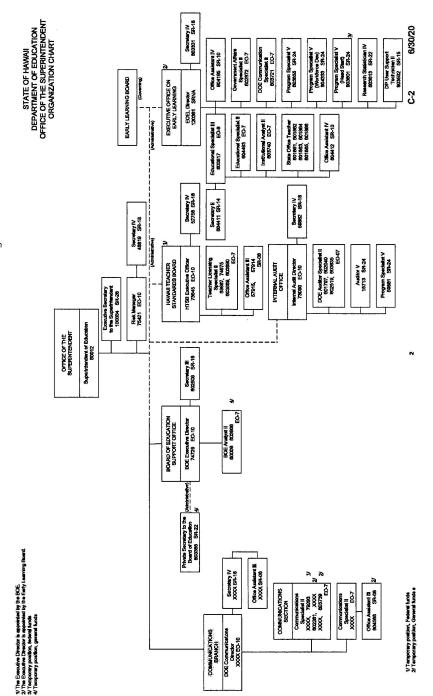

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 147, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

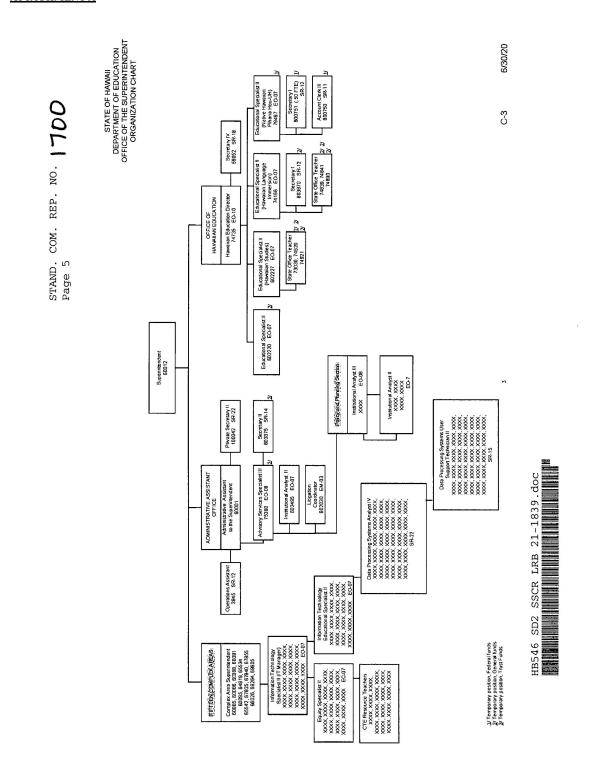

Ayes, 5. Noes, none. Excused, none.
