The Chair then made the following comments:

“First and foremost, to the Clerk and the Sergeant-at-Arms staff: As we have now reconvened in the chamber today, you have done an outstanding job in preparing the chamber, each of our offices, and the committee hearing rooms to try to ensure that each member and the staff and anyone from the public who is coming to the building can do so in a way that safeguards and protects everybody’s health, and so I really want you to know, on behalf of the members, how much we appreciate all of the work that you have done.

“Second, with the threats that have gone across our country, I just want to thank all of the different agencies who have worked together to ensure that everyone who came to work at the Capitol since the weekend, anybody who has business to transact, could get here and could do it in a safe way. And, as much as I appreciate all of the efforts of our law enforcement community, DAGS, and others, I really want to congratulate the people of Hawai‘i. I was confident, when interviewed by the press, that the people of Hawai‘i have continued to express their First Amendment rights, but they’ve done so in a way that is respectful and in a way that has been peaceful and in a way that reflects the aloha spirit, which embodies each and every one of us here in Hawai‘i, and I am so proud of the way the people of Hawai‘i conduct their business.

“Normally, this is when I give the remarks of the President, but as I’ve watched the info briefings that have been held, there have been very little details from the administration, and so I will reserve comments with the rest of the Senate after next Monday, when the governor delivers the State of the State address and hopefully fills in some of the blanks to the questions that each of you have been asking every day at the hearings, and we can lay out a more coherent plan of where we think we’re taking this state.

“But, on this first day, I would like to officially welcome Senators Misalucha, Lee, San Buenaventura, and Senator Acasio, who was just named yesterday and rushed to the

Capitol, did an excellent job in having to handle the gavel on her first day here. I think with the new additions that we will have an opportunity to create that better and brighter future for Hawai'i, for our nation. And on this auspicious day, where we no longer say 'President-elect Biden' but simply 'President Biden,' and the historic election of Vice President Harris as a woman, a woman of color, and a woman of Asian ancestry, and the barriers that have been broken down, it also pleases me to report that, with nine women, this is a new record for women who comprise the body of the Senate. And it is also because of that perspective and not just the new members, I firmly believe that we will create that better, brighter future for Hawai'i, so good luck to each and every one of the members. Thank you to all of our staff for everything you have done, including the staff of each of the members, SMA, LRB, Accounting, and Journal—I'm going to miss somebody, so, everybody, thank you."

"Under Senate Rule 92, the Senate pin shall only be worn by current or past members of this body. And, every time we do this, I always make sure to thank former Senate President Donna Kim. It was under her leadership that she had the pin and the rule created, and we appreciate her creating such a special recognition.

"At this time, I would like to invite Senators Acasio, Lee, and San Buenaventura to come to the rostrum to receive their Senate pins."

Senators Acasio, Lee, and San Buenaventura then proceeded to the rostrum, where they were presented with the Senate pin by Senate President Kouchi.

## THIRD DAY

Friday, January 22, 2021

The Senate of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2021, convened at 11:37 a.m. with the President in the Chair.

The Roll was called showing all Senators present, with Senators Chang, Gabbard, Ihara, Rhoads, and Taniguchi present and participating via videoconference.

At this time, the Chair commended Senator Chang on the young intern from his office, Ms. Charla Teves, who had presented a Moment of Contemplation prior to the Senate's floor session. The Chair recalled that Ms. Teves had appeared before the Committee on Energy and Environment years ago when Senator Gabbard was the chair, and that it was good to see that she was still active and had not lost her passion for making a difference in Hawai'i and still had faith and belief in our democratic system. The Chair then praised her for being an excellent role model and a fantastic young woman.

The President announced that he had read and approved the Journal of the Second Day.

At this time, Senator Gabbard extended happy birthday wishes to Senator Rhoads on his upcoming birthday that weekend.

The Chair then made the following announcements:

“Today is the unlimited bill introduction deadline as well as the last day to submit non-administrative package bills. Please submit all bills to the Clerk’s office by 5:00 p.m. this evening.

“After today, bill limits will be in effect for the duration of the bill introduction period. You may file up to five bills each on Monday, Tuesday, and Wednesday of next week.

“The Senate session on Monday, January 25, will convene at 9:30 a.m., after which we will meet in a virtual joint session with the House to receive the Governor’s State of the State address at 10:00 a.m.

“As we are still trying to practice safe social distancing and be conscious of best health practices, the governor will be doing his State of the State address virtually. The Speaker and I will be in the House Chamber, appropriately distanced. He will gavel in, introduce the governor, and, as is customarily done, I will adjourn the meeting. You will all have the link so you will be able to view the governor’s message; we are not asking all members of the House and Senate to congregate in the House Chamber and create a potential super spreader situation.”

The Chair made the following announcements:

“The five bills per day limit is in effect for the remainder of the bill introduction period, and the deadline to submit bills to the Clerk’s office is 5:00 p.m. each day.

“Immediately following our floor session today, the governor will be giving his State of the State address.”

At 9:40 a.m., on motion by Senator Keohokalole, seconded by Senator Fevella and carried, the Senate stood in recess subject to the call of the Chair to meet in Joint Session with the House of Representatives, in accordance with House Concurrent Resolution No. 2, to receive the Governor's State of the State Address.

### JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2021, was called to order at 10:00 a.m. by the Honorable Scott K. Saiki, Speaker of the House of Representatives.

The Speaker stated:

"The Senate President and I extend our warmest aloha and welcome to the Governor of the State of Hawai'i, the Honorable David Y. Ige."

Governor Ige presented the State of the State Address remotely from the Governor's Executive Chambers Ceremonial Room as follows:

"Thank you, Speaker Saiki, President Kouchi, members of the Legislature, and everyone who is joining us virtually today. Good morning and aloha.

"Twelve months ago, we met in the House Chambers planning for what we thought would be a very bright and promising year. State revenues were at a high of \$8 billion, our unemployment rate was the lowest in the nation, and we had our best credit rating ever from the bond market. Literally overnight, our expectations were crushed by the coronavirus pandemic.

"With your help, Hawai'i moved quickly. On February 28th, the Hawai'i State Laboratories was among the first in the nation to begin testing for the coronavirus. On March 25th, we implemented a statewide stay-at-home order. And on March 26th, we imposed a 14-day quarantine for travelers—again, one of the first in the nation. But the virus was not to be denied. On March 31st, we recorded our first fatality.

"With so much to deal with, where do we begin? In spite of it all, I believe we begin with hope. Hope because there are safe and effective vaccines being distributed and more on the horizon. Hope because we have a president who believes in science and who has real empathy for the millions of Americans affected by this disease. Hope because all around us, there are everyday heroes.

"Alofa Nua ran a small tire shop on O'ahu with his wife, Tanya, working seven days a week. He was young, healthy, and full of life. Last March, he began feeling ill and developed a fever. That's when he got tested for COVID-19. He thought it was just the flu, but he was wrong. A week after being admitted to the hospital, he began to have trouble breathing. The doctors at Queen's told him they would have to put him on a ventilator. In his words, they put him to sleep in March and he woke up in May. He was in the hospital for seven and a half weeks. During his stay, his heart stopped twice, his lungs collapsed, and his body was constantly fighting one infection after another. By all accounts, he should not be with us here today. But he is because of his own resilience and the love and support of his family.

"More importantly, Alofa is a survivor because of the dedication, professionalism, and sincere concern of his medical caregivers, who refused to let him lose his battle with the virus. They are the true heroes of Hawai'i. And there are many others, including our first responders and essential workers, who go to work every day, despite this deadly pandemic.

"Here in Hawai'i, we have always counted on each other in good times and bad. Our past is filled with moments like this. We were at our best when we were looking out for each other, when we didn't let others, or the times, tear us apart. This is who we are; this is who we've always been. And so we shoulder this mantle of shared responsibility for ourselves and for each other. We have a choice of letting this pandemic dictate our destiny or working together to create a brighter tomorrow. I ask you to join me in determining a new path to the future.

"It was a year that changed life as we knew it. More significantly, it was a time when we lost so many: family members, friends, coworkers, and neighbors. Our thoughts and prayers are with their families at this moment.

"That's why our most important responsibility right now is to protect the health and well-being of everyone in Hawai'i. That means having accurate and reliable and timely information. It means having an effective testing system to identify outbreaks, and a comprehensive contact tracing network. It means having the resources to isolate those with the virus and to provide the medical care they need. We will continue to take the tough actions necessary to keep our community safe, including the Safe Travels program and the airport screening. Hawai'i was amongst the first to demand pre-travel testing and quarantine procedures. That's one of the reasons we lead the nation with the lowest COVID infection and death rates. We are also implementing a comprehensive strategy for the distribution of vaccines in every county. We are getting vaccine to people where they live and where they are able to receive it. And we will be working with the Biden administration to expedite the distribution of vaccines to everyone.

"My thanks to the Hawaii National Guard and the private hospitals, who played such a large role in assisting us in so many areas. I would also like to thank Mayors Derek Kawakami and Mike Victorino—and former mayors Harry Kim and Kirk Caldwell—for their support and cooperation during this crisis. And I am grateful to Mayors Mitch Roth and Rick Blangiardi for stepping in to continue this work.

"Finally, protecting everyone's health means staying the course because we are far from being out of the woods. As I noted earlier, this responsibility is one that is shared by all. We must all continue to follow the three Ws: WEAR a mask, WASH your hands, and WATCH your distance. And to those I would add, get vaccinated when it's your turn. And I thank you for your personal sacrifices during this difficult time.

"Our families' economic well-being means protecting our families' health is only part of taking care of their overall well-being. Our families are struggling just to survive. We went from having the lowest unemployment rate to having one of the highest in just a few weeks. That's why we've paid out more than \$4 billion in unemployment benefits during the pandemic, and that's why distributing the federal CARES Act funds was a priority.

"We are grateful for the assistance of the Senate and the House—especially Senator Donovan Dela Cruz and Representative Sylvia Luke—in helping us direct these monies to those who needed them, including:

- \$75 million in restaurant cards for the unemployed,
- \$25 million to small businesses for new products and markets,
- \$3 million to support the commercial fishing industry,
- \$61 million for PPE for business and educational institutions,
- \$10 million for local PPE manufacturing,
- \$15 million for childcare providers,
- \$31 million for computers and connectivity for our students,

- \$14 million to bring in nurses and healthcare workers, and
- \$5 million for food assistance.

“We’ve also spent more than \$71 million in housing assistance to about 13,700 households who would have otherwise faced eviction. This program was cited by *Forbes* magazine as a model for the nation in getting rent checks to landlords faster than any other state.

“Moreover, the pandemic underscored why having a steady supply of affordable housing is so important for our families’ well-being. We achieved our initial goal of building 10,000 new homes by 2020, but we need to do more. I’m setting a new goal of 3,000 more units by the end of 2022.

“We also want to make lands available to build affordable leasehold homes, particularly around the rail line. As I outlined last year, if we can reduce the cost of land, we can dramatically lower the cost of affordable housing in Hawai‘i. I will be asking you to consider a bill to do just that. More importantly, the initiative would keep this supply of housing affordable forever.

“We also want to invest more in capital improvement projects, adding infrastructure and roads that will allow us to develop more homes. To that end, I’m asking my administration to take a sweeping look at how we generate more affordable housing—from financing through construction. There are at least four agencies involved in housing that could benefit from better coordination and economies of scale.

“In fact, construction has been one of the bright spots during this pandemic. We expect to see investments of \$1.1 billion in state capital improvement projects. Federal transportation projects, such as airports, harbors, and highways, will add another \$1.1 billion. And the private sector is expected to contribute another \$10 billion and thousands of jobs to help restart our economy.

“Also critical to our families’ well-being is the continuing education of their children. Transforming an entire public education system during a pandemic is no small feat. We started this school year with teachers and students embracing online learning. Our schools were provided guidelines on how and when to transition to blended learning and when they can safely return to the classroom. Those decisions are being made by the individual schools. This ties in with our ongoing efforts to move the DOE into a more school-based system. We want principals and educators—those most familiar with staff, students, and their community—to be empowered to design schools of innovation that best meet their needs.

“Last year, the Legislature established a School Facilities Agency to bring our aging school buildings into the 21st century. Even before the pandemic, the new agency was viewed as an exciting new initiative which will also provide jobs and economic opportunities for Hawai‘i. The School Facilities Agency is a first step in maximizing school lands by building teacher housing, childcare facilities, after-school centers, and other uses that are compatible with school facilities. It’s also part of a larger recovery plan, which I will get to shortly.

“Building new schools also means jobs and is an integral part of our recovery and resiliency efforts. Working with all stakeholders, we plan to aggressively move forward on three pilot projects to serve as a model for the schools of the future.

“During this pandemic, we’ve been forced to not only rethink the classroom but to take instruction beyond its walls. We’ve had to ask teachers to look for other ways to teach, and we’ve had to ask parents and students to take a more active role in their own education. If the pandemic has taught us anything, it has shown us that it does take an entire village to educate a child. In addition, the University of Hawai‘i is also combining distance and in-person learning for its 50,000 students across all

campuses statewide. They are doing this while continuing to maintain a research engine generating more than \$400 million for our economy.

“At a time when government is being asked to be all things to all people, every state is facing historic revenue shortfalls, and so, from the beginning of this crisis, we’ve been monitoring its impact on the state’s finances and taking action. These actions have included reducing the current budget by \$402 million, transferring \$345 million from our rainy day fund, and eliminating \$350 million from state programs. For the first time in our state’s history, we borrowed \$750 million to help make payroll.

“In spite of these significant measures, we are still projecting that revenues will not fully recover to pre-pandemic levels until 2024. Even with the most generous of federal assistance, it is a staggering deficit. But there are things we can do to reduce the pain. Government will have to tighten its belt, our citizens will be asked to do more with less, and we will all need to help each other. Unlike past years, our main budget initiative will be to find ways to cover the historic shortfalls. There are many paths toward that end. I know that there will be disagreements on how we get there, and no one has all the answers. But I know the best answers lie in the ones we arrive at together—not in spite of each other, but because of each other. More than ever, we need to lean on that collective effort to manage this fiscal crisis.

“I might add that the latest report from the state’s Council on Revenues projects our economy will outperform the earlier dire predictions. The council now expects the state to generate nearly \$6.3 billion in tax revenues for this fiscal year. That’s why we were able to adjust the DOE’s proposed reductions and now have about \$123 million more to restore to our classrooms. In a sea of bad news, that is good news indeed. In the meantime, we still have to find ways to revive our economy and do so as quickly as possible. There is no silver bullet, and it will take time and perseverance.

“The struggle for businesses to stay afloat during this pandemic has been daunting at best. Because of this, the state is planning to cover the interest payments on the \$700 million DLIR loan on behalf of employers. That amounts to over \$165 million that our businesses would otherwise have to make up over the next six years.

“Hawai‘i has been amongst the hardest hit states in terms of job losses and economic activity. More than 580,500 Hawai‘i workers filed unemployment claims last year. Moreover, in the face of a life-threatening virus, where is the sweet spot between ensuring the health of everyone and keeping the economy going? When the CDC is telling everyone not to travel, how do we sustain our hotels and all those small businesses who depend on our visitors? The struggle to find that answer has been apparent. The problem is a complex one. It calls for flexibility and a willingness to turn on a dime. That is not something that government has been good at; it is something that we must get better at.

“Last spring, in response to COVID-19, we launched a 14-day quarantine for travelers, something that the federal government is now looking to emulate with travel to the U.S. The quarantine was devastating to our visitor industry, but it was one of the most important tools to stem the pandemic through the summer and fall, when the nation’s infection rate rose exponentially. More importantly, it kept our families safe, and, in the end, I believe it also saved our reputation as a healthy visitor destination. I believe the key to reviving our economy remains tied to the health of our community, no matter how slow and frustrating the process may be at times.

“The pandemic also exposed our local economy for what it is: very dependent on tourism. To make the state less vulnerable

to sudden and unexpected changes, we must diversify. We've been here before. In the 1970s, agriculture by itself couldn't relieve us of our addiction to tourism. Neither will technology in the 21st century—not by itself. But it can be used to support a multi-pronged approach toward greater diversification even as we move to get tourism back on its feet. I will continue to promote technology to help diversify our economy.

“In addition, the pandemic has accelerated economic trends that were already underway. They include the rise of remote work and the demand for digital skills. These trends and the intervention of the pandemic show clearly where the future is. We must invest in our digital economy to be a player in that future. More importantly, the pivot to a digital economy will serve as a foundation for our economic resilience. It will help us to better weather future disruptions, no matter the makeup of our economic engine. In a digital economy, it doesn't matter where your workstation is located. In a digital economy, Hawai'i's workforce can compete globally, contributing to higher wages and a higher quality of life. More importantly, we can keep our kama'āina here to reverse the brain drain because, in a digital economy, our children won't have to move to the mainland to secure good jobs.

“But to do that, we will need to provide the right environment. Every government, business, and nonprofit organization must embrace digital technology to thrive. We need to develop a clear vision for a more diversified and sustainable economy that is compatible with our culture and way of life, and that vision must be based on solid economic analysis. A post-COVID Hawai'i cannot be Hawai'i as it used to be. That's why, in the wake of the pandemic, I'm calling for the creation of a program of action to not just reboot but to upgrade our economy—to create a Hawai'i 2.0, if you will. I've asked the Senate President and Speaker to work with me, as well as business, labor, and community leaders, to develop this program of action for Hawai'i's future. I've reached out to the Hawaii Business Roundtable, the Hawai'i Executive Conference, the Chamber of Commerce Hawaii, and the Hawai'i Community Foundation to convene stakeholders and communities from across the state. I've also sought the counsel of Governors Ariyoshi, Waihe'e, Cayetano, Lingle, and Abercrombie for their thoughts on economic recovery. I've asked all of them for recommendations by April, which will be folded into specific actions by the third quarter of this year. The Legislature will then have an opportunity to act upon these initiatives in their 2022 session.

“The pandemic brought our economy to a screeching halt, but it could also be an opportunity to reassess our path forward. Opportunity takes on many disguises. Sometimes, it only waits for us to recognize it. A critical part of reprogramming our economy is also the creation of a healthy statewide broadband network. During the pandemic, the importance of broadband to everything that we do was made all too real. All of us dramatically increased online activities, such as online learning, telework, telehealth, and workforce development and training. At the same time, a broadband hui, made up of more than 200 local stakeholders, met to find a path through the pandemic to the future. Their long-term goal aligns with the state's in developing a broadband infrastructure that is accessible and equitable for all. My thanks to the members of the hui and the state's broadband officer, Burt Lum, and many others for their collective efforts to increase our connectivity both during and after the pandemic.

“I can assure you that broadband will be a priority for the state in the coming years. I've directed Ed Sniffen, DOT deputy director of highways, to accelerate his pilot project to connect rural communities to broadband service. He will be leveraging federal funds and state and private sector resources. The project will focus on Puna and Ka'u, Hāna, Nānākuli, Wai'anae,

Waimānalo, Kalihi, and Kapa'a. I'm also directing my cabinet to implement projects to connect rural and underserved communities in similar projects.

“Clearly, the pandemic has highlighted the digital inequity in Hawai'i. Part of our task is to make sure that a student in Nānākuli can access an online lesson plan as easily as a student in Kāhala and that, in a digital Hawai'i, everyone is connected. Likewise, with an FCC grant, we will support a telehealth initiative to connect low-income patients with high medical risks to healthcare providers. The Department of Hawaiian Home Lands will receive at least \$30 million in federal funds to benefit Native Hawaiians. In addition, my legislative package includes this year a bill to create a Broadband and Digital Equity Office to oversee these efforts. This office will also enable us to identify and secure Hawai'i's share of \$7 billion in new federal funds for broadband infrastructure and digital equity programs. The pandemic has made it painfully clear that life in the future will be **all** about being connected.

“Finally, my friends, we are at a historic crossroad because of the pandemic and because of new leadership in Washington, D.C. The latter is a source of rising hope and great expectations. Seventy-five years ago, our parents endured a global war that cast one of the darkest shadows over the free world. Their response was historic. It became their most enduring legacy to all of us. Today, we have a chance to pay it forward.

“This public health crisis has forced us to look down a different road, but it has not been determined where that road will end. That has always remained in our hands. The pandemic has not forced us to change; that, we must do on our own to address the challenges we face. But our strength lies in something deeper than those superficial changes. It lies in who we have always been as a people. Hawai'i is all of us poured into this vessel: a pot that doesn't melt away our differences but highlights them, and emphatically and proudly emphasizes them. That is our strength.

“Hawai'i is John Burns and Dan Inouye, Barack Obama, Nona Beamer, 'Iolani Luahine, Chinn Ho, Benny Agbayani, Michelle Wie, Marcus Mariota, and Kolten Wong. Hawai'i is the hundreds of small family businesses that make up the real backbone of our economy. It is Kalākaua Avenue and Kalihi Street on O'ahu, Front Street and Main Street on Maui, Ali'i Drive and Kino'ole Street on Hawai'i island, and Kūhiō Highway that stretches from Kapa'a to Hā'ena on Kaua'i. It's watching your son playing Little League baseball and your daughter scoring that soccer goal. It's the smell of a thousand lei at graduation and the swell of pride from beaming parents. And it's quiet moments, away from the rush of activities, when you get to savor life at its fullest—when you think to yourself: This is what it's all about. This makes it all worthwhile. Because we are here. We are Hawai'i.

“In these dark times, with the pandemic knocking us back on our heels, it is not enough to occasionally show aloha. We must have aloha for each other at all times. We all have jobs to do—you, me, and everyone in Hawai'i—to lift ourselves and each other back up into the sunlight. Let us not waste another moment. Join with me in meeting this challenge. Thank you and aloha.”

Senate President Ronald D. Kouchi then rose and stated:

“Thank you, Governor Ige. The Speaker and I, along with the members of the House of Representatives and the State Senate, stand ready to work with you to achieve the goals that you have outlined. In the area specifically of broadband, I just want to assure those in our community that on March 25th, when everything was shut down, a group called the Broadband Hui called their first meeting. I happened to attend that meeting, and on the Zoom call, there were 15 people. This meeting has grown

to have over 60 participants every Wednesday morning at 9 a.m. The members are made up of state legislators, state administrative leaders, private sector leaders, and the nonprofit community. Our community has already rallied to start putting the plans in place to advance us in the broadband and technology area, and they have been waiting for the necessary funds to execute the plan, and I share the governor's optimism that with the new leadership in Washington, D.C., we will create those partnerships to lead Hawai'i back out of the current situation we're in and into prosperity. Again, thank you, Governor, and on behalf of the Speaker and me, this joint session of the Legislature is adjourned."

At 10:31 a.m., President Kouchi declared the Joint Session adjourned.

#### **ADJOURNMENT**

At 10:31 a.m., the Senate adjourned until 9:30 a.m., Wednesday, January 27, 2021.

At this time, Senator San Buenaventura rose to speak on a point of personal privilege as follows:

“I stand in great sorrow to announce the death of former Hawai‘i Island Mayor Billy Kenoi. He was a much-loved constituent of mine; a fellow colleague; someone who, through adversity, especially through his physical illness, has commanded great popularity on my island. He is the only mayor, as far as I know, who finished the grueling county Ironman in Hawai‘i County. I would like to ask for a point of personal privilege that this Senate adjourn on a rising vote, in honor of our late Hawai‘i Island Mayor Billy Kenoi. Thank you.”

Senator Kanuha rose to request that remarks be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kanuha’s remarks read as follows:

“Mr. President and Colleagues, yesterday our State lost a beloved father, husband, friend, brother and ambassador of aloha – Mayor William ‘Billy’ Punapaia‘alaikahala Kenoi. Billy will be remembered throughout our great State and around the world for his effervescent personality and unique ability to connect with people from all walks of life. However, for those of us who knew him personally, it was Billy’s fierce loyalty and boundless aloha that will live forever in our hearts.

“During my terms as Councilman from District 7 on the Hawai‘i County Council, I worked closely with the Kenoi Administration – collaboratively and tirelessly – to improve the health and well-being of residents on Hawai‘i Island. It was a formidable experience as Mayor Kenoi and I began building a friendship on trust, dedication, and public service which translated into programs and policies that made a positive impact on West Hawai‘i. For example, during the Kenoi Administration, we banned the sale of tobacco products to anyone under the age of 21 – one of the first health policies of its kind in the United States. Furthermore, the policy we created in West Hawai‘i prompted the State to pass similar legislation and later became the first state in the United States to ban the sale of tobacco products to anyone under the age of 21. Also, we worked closely with national and statewide health organizations to bring the Blue Zones Project to West Hawai‘i to encourage healthier lifestyles for residents and visitors alike. Together, we invested in parks, playgrounds, bike lanes and walking paths to provide safe spaces for exercise and other outdoor activities. A lasting memory for residents of Big Island was Mayor Kenoi – in full stride – accomplishing the

impossible by completing the Ane Keohokālole Highway, the first highway built by Hawai'i County since statehood in 1959.

"There is a saying that politics can be worthwhile, but it is often cold and lonely in the arena costing years, if not decades, to build trust and find common ground. To this regard, I find myself among the most fortunate – never once finding myself alone in the arena as I always had Billy – with his endless mentorship and guidance became like a big brother to me. Today, it is with a heavy and grateful heart that I bid farewell to a man who has cared so much for me and everyone who was fortunate to cross his path

"I am truly going to miss this once-in-a-lifetime individual. To my brother Billy—mahalo for always being you: warm, kind, selfless and inspiring. Sending all of my aloha to Billy's wife—Takako, his children —sons, Liam and Justin, daughter Mahina and the rest of the Kenoi 'Ohana. Mahalo Billy for your dedication, service and priceless friendship. I will never forget you. A hui hou."

Senator Acasio rose to speak on a point of personal privilege as follows:

"My thoughts and prayers are with former Mayor Kenoi's family and friends who, as anyone who knew him can attest, number in the thousands. Billy, as he was fondly known, leaves behind him a legacy of improvements that will have Hawai'i island residents and visitors enjoying themselves at county parks and beaches for decades to come. Mahalo, Billy, for your inspiration, your infectious sense of humor, and endless amounts of aloha. We will forever miss having you and your charisma in the surf lineup as well. Hilo mourns a well-loved leader, public servant, and dear friend. Thank you."

Senator English rose to request that the 2021 Senate Legislative Program be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, the 2021 Senate Legislative Program is identified as "**ATTACHMENT A**" to the Journal of this day.

Senator Kim requested that remarks be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kim's remarks read as follows:

"IN MEMORY OF WILLIAM 'BILLY' PUNAPAIA'ALA KENOI

"Mr. President, I rise to a point of personal privilege.

"The people of Hawai'i have lost an exemplary leader, a compassionate and dedicated public servant, and a friend in the passing of William 'Billy' Punapaia'ala Kenoi. My deepest condolences and prayers go out to his wife Takako, daughter Mahina, sons Justin and Liam, and the whole 'ohana.

"As Mayor of the County of Hawai'i, Billy always put his people and our community before himself. His humble beginnings guided him even when he reached the pinnacle of Hawai'i County politics, where he served with a can-do attitude and a heart full of aloha. Billy was a gifted orator and had a natural talent for bringing people together to take on the most pressing issues facing our communities. He was determined and driven but knew when to cut the tension with a joke.

"As a friend, Billy was one of the most down to earth and thoughtful human beings I have been blessed to have known. His life, leadership and his memorable speeches have positively impacted me and all of Hawai'i. I cannot help but smile when I think about all the stories Billy shared and how he always made me laugh till my stomach ached.

"Many talk about Billy's keynote speeches, and my favorite is his speech at the 2014 Hawai'i Tourism Authority Conference I call his 'How Can' Defense speech. I even made my son watch it. He had the audience in stitches while getting his message across. He asked 'What is Aloha?...How much is just right?...How do we make Hawai'i a nice place to visit?' He answered, 'We have to make Hawai'i a nice place to live. But Hawai'i, being in the middle of the Pacific, have a carrying capacity...What is that number? We have to figure that out before we repeatedly exceed it and have a different Hawai'i. This beautiful, special place is not just for us...It is our kuleana and responsibility to make sure we hand it off the same way.' He closes this speech with his 'how can' defense and you have to watch it on YouTube to find out what it is.

"He was so inspirational, thoughtful, and funny. We mourn his loss but his message, thoughts, and encouragement will live on. Aloha Billy!"

The Chair then delivered the following remarks:

"There have been a lot of posts since the passing of former Mayor Kenoi of his Hawai'i Pacific University commencement speech. I've heard him speak as a member of Mayor Kim's cabinet on drug prevention programs and share his story. I've heard him talk to the Chamber and numerous business and professional groups and certainly testifying here at the Legislature in all of those settings. But the story I most fondly remember about Billy's oratory skills was at the mayors' annual prayer breakfast in front of a packed ballroom at the Hilton Hawaiian Village. Pastors and church leaders and civic leaders from across the state filled the room. They had a printed program, and they had something for each mayor to say or to do. Our former mayor, Bernard Carvalho, was a good singer, loved to sing, so he would sing the doxology, and they would pick scriptures for each mayor to read, and they had a message that they were trying to convey to the crowd. And when they called Mayor Kenoi to the stage to read his assigned—and I stress the word *assigned*—scripture, he took the mic and said, 'I really don't like what you picked, and I certainly am not gonna read this, but I am gonna choose to share with you this morning one of my favorite scriptures,' which was Ephesians 6:10–18, which spoke to the armor of God, and how he was preparing to gird for the battle ahead to move Hawai'i forward. But little did we realize he was really talking about how he was preparing himself for the battle that was awaiting him. And I still can see him in my mind's eye delivering those remarks with such passion, which let me know why he was able to fight as hard as he did for as long as he did and with the dignity that he carried himself with throughout the battle that he faced. I certainly join my colleagues in extending our sympathy and condolences to Takako and the rest of the Kenoi 'ohana and the greater Hawai'i 'ohana who has lost a treasured friend.

"And when I was informed yesterday of his passing, the other thing I thought about when I watched the HPU speech is how he easily he could speak in pidgin and then sound like the most educated professor in the world, and how easy he was with people, and so I would like to conclude with the last stanza from the poem 'If,' by Rudyard Kipling:

If you can talk with crowds and keep your virtue,  
Or walk with Kings—nor lose the common touch,  
If neither foes nor loving friends can hurt you,  
If all men count with you, but none too much;  
If you can fill the unforgiving minute  
With sixty seconds' worth of distance run,  
Yours is the Earth and everything that's in it,  
And—which is more—you'll be a Man, my son!

And now you've inherited the spiritual peace that you so richly deserve."

The Chair then made the following announcements:

“Today is the last day for bill introduction. The limit is five bills per member and the deadline is 5:00 p.m. this afternoon.

“The Joint Session to receive the Chief Justice’s State of the Judiciary address will convene at 10:00 a.m. in the Senate Chamber. Please watch the address on the Senate YouTube channel.”

At 9:47 a.m., on motion by Senator Keohokalole, seconded by Senator Fevella and carried, the Senate stood in recess subject to the call of the Chair, on a rising vote to observe a moment of silence for former Mayor of Hawai’i County Billy Kenoi, to meet in Joint Session with the House of Representatives, in accordance with Senate Concurrent Resolution No. 1, to receive the Chief Justice’s State of the Judiciary Address.

### JOINT SESSION

The Joint Session of the Senate and the House of Representatives of the Thirty-First Legislature of the State of Hawai’i, Regular Session of 2021, was called to order at 10:01 a.m. by the Honorable Ronald D. Kouchi, President of the Senate.

The President stated:

“At this time, House Speaker Saiki and I extend our warmest aloha and welcome to the Chief Justice of the Hawai’i Supreme Court, the Honorable Mark E. Recktenwald.”

Chief Justice Recktenwald presented the State of the Judiciary Address remotely from Ali’iolani Hale as follows:

“President Kouchi, Speaker Saiki, members of the Senate and House, and everyone watching remotely: Good morning and aloha. To the President and Speaker and all of the legislators, thank you for this opportunity and for your ongoing support. Since I last addressed you, we opened the state-of-the-art Keahuolū Courthouse in Kona. At this time, I’d like to acknowledge the passing of Mayor Billy Kenoi, who was a strong supporter of that project, and extend my sympathy and aloha to his wife and family.

“Now, as we look ahead, we’re excited about the development of the new Wahiawā Civic Center, which will house our Wahiawā District Court. We’re grateful to the Legislature for making these much-needed investments in our justice system. To Governor Ige and Lieutenant Governor Green, thank you for your abiding support and that of your team. Time and again during the COVID-19 pandemic, we’ve relied on the expertise and assistance of the executive branch to protect everyone in our courthouses, and we deeply appreciate it. On behalf of the Judiciary, our hearts go out to all those who have lost loved ones or suffered other hardships due to the pandemic. Thank you to all of the healthcare workers and frontline responders, who’ve worked tirelessly to keep us all safe.

“The pandemic has forced us all to face challenges that we never could have expected a year ago. While the pandemic seemed to bring our society to a halt, the conflicts that our courts resolved didn’t go on lockdown. Indeed, some, such as domestic violence and sexual exploitation, have likely intensified. So, we’ve had to craft new ways to provide justice safely. Courts are traditionally places where many people, sometimes hundreds, come together in person. Obviously, that couldn’t continue, so we turned to technology to hold court hearings remotely. As a result, we have reinvented the way justice is administered. This transformation has made us more accessible to the public, and will undoubtedly shape the way we do business in the future.

“At the same time, we cannot let the pandemic derail the vital work of improving our justice system, and building public trust and confidence in the courts. The deaths of George Floyd, Breonna Taylor, Ahmaud Arbery, and so many others were stark reminders of the urgent work that remains to ensure that our system truly provides justice for all. And recent events at our nation’s capitol have made abundantly clear the importance of the rule of law to our democracy. The courts provide a forum where even the most divisive and bitter disputes can be resolved with fairness and respect. I’m proud of the efforts of our judges and staff to keep this cornerstone of democracy functioning even in these difficult times. And I’m pleased to share with you today the pressing challenges we face during the pandemic and how the Judiciary adapted and innovated to sustain our programs. I will also share how we’ll navigate the road that lies ahead, from continuing the critical work of building trust in our courts to our plan for administering justice with more limited resources.

“As the realities of the pandemic became clear, we shifted as many of our in-court proceedings as possible onto remote platforms. We’ve gone from essentially no use of Zoom or Webex in March to conducting more than 128,000 cases on those platforms statewide between August and December. This progress has been a true bright spot; for example, we’ve seen court appearances increase in our online traffic infraction hearings. Many people welcome the convenience of appearing remotely rather than coming into a brick-and-mortar courthouse. We are, in effect, creating the courts of the future, courts that are more responsive to the needs of a community accustomed to doing business online. Clearly, remote proceedings will be a significant part of our operations even after the pandemic.

“These courts of the future are also more transparent. Since the pandemic began, the Hawai’i Supreme Court has conducted 17 oral arguments remotely. It can be difficult for members of the public to come to our courthouse in downtown Honolulu, but remote technology made the court more accessible. In one case from Maui, close to 500 people tuned in to oral argument, giving the community most directly affected increased access to the process. This is true beyond the supreme court, too; in many courtrooms across the state, trials and other court proceedings are now accessible to the public via videoconferencing platforms.

“That said, some of our work cannot be done remotely. Most notably, criminal defendants have the constitutional right to be present in the courtroom and confront the witnesses against them during trial. We suspended jury trials at the beginning of the pandemic because they require bringing many people together: jurors, parties, witnesses, attorneys, the judge, and staff. Restarting jury trials has been critical since large backlogs developed while they were suspended. On O’ahu alone, more than 2,200 criminal jury trials are pending. Defendants have the right to a speedy trial and can seek outright dismissal of the case as a remedy if that right is violated, and victims should not have to wait interminably for justice to be done. Our judges and staff have measured courtrooms to ensure social distancing, required masks and air purifiers, built clear barriers, held walk-throughs with representatives of the Department of Health, and brought together stakeholders for mock trial proceedings. We have now restarted jury trials across the state, beginning in November on the neighbor islands. So far, we’ve completed 13 on O’ahu and one each on Maui and the Big Island. The right to a jury trial is fundamental to our democracy, and I deeply appreciate the hundreds of prospective jurors who answered the call. It is our highest priority to keep those who serve safe, and we will absolutely pause if we are not confident that we can do so.

“As we face these unprecedented challenges, the Hawaii State Bar Association has been with us every step of the way.

I'd like to extend my thanks to the HSBA for their critical contributions to the Judiciary's pandemic response, and particularly to 2020 president Greg Frey and executive director Pat Mau-Shimizu. My deepest gratitude also goes to all of the Judiciary 'ohana—our judges, court staff, and administrators—who've worked tirelessly over the past 10 months to ensure we can keep the community safe and maintain our essential services, even when COVID-19 has hit close to home. I thank every single Judiciary employee, who have been nothing short of extraordinary. And a special mahalo to our chief judges: Mark Browning (who was recognized as Jurist of the Year), Lisa Ginoza, Randal Valenciano, Rick Bissen, and Bob Kim. All have been unwavering and resilient leaders.

"In the face of the pandemic, we've also continued to serve the public by adapting our existing programs in inventive new ways; I'd like to share some examples of that innovation. We restarted our Community Outreach Court remotely and expanded it to a new location at Villages of Ma'ili. The court provides individuals charged with nonviolent, low-level crimes the opportunity to perform community service in lieu of paying fines and fees. Many participants are experiencing homelessness, and the program provides needed services that help give them a fresh start. We're grateful to our partners—the prosecutor's office, the public defender, and other community groups—and excited to resume this program. I'd like to share now the thoughts of Emanuel Prichett, one of the 230 graduates:

*[video clip]* First of all, I was homeless for about a few years, slept in my car, driving on a license that was expired and continually getting tickets during that time. Community Outreach Court gave me an opportunity to clear those tickets up. I was able to obtain a very good job with the City and County as a bus driver, and without the help of Community Outreach Court, I don't think I would be in the place where I'm at right now. Currently, I've lived in my same residence for the past three years. I have a steady job, my bills are paid, my insurance on my car is paid, and I feel great, so Community Outreach Court was the one that made it happen for me. Thank you very much.

Thank you, Emanuel. Clearly, the program has impacted his life in profound ways.

"We also helped ensure that the digital divide wouldn't be a barrier to justice. Many people don't have access to the internet or other tools needed to participate in court hearings remotely. We've taken huge strides to ensure access to our virtual courtrooms by, for example, creating a guide to online access and a map of free Wi-Fi hotspots, and opening a remote hearing kiosk in the Supreme Court Law Library.

"We also kept our access to justice efforts vibrant. Our six self-help centers across the state provide free legal information to those who cannot afford an attorney in civil cases. After briefly closing during the early days of the pandemic, the self-help centers reopened remotely and have served more than 1,400 people since May at little to no cost to the public. Mahalo to the Access to Justice Commission and its chair, Judge Joseph Cardoza, the Legal Aid Society of Hawai'i, the Hawaii State Bar Association, and, most importantly, the attorney volunteers for their dedication to access to justice.

"And we increased treatment options for those in the criminal justice system with mental health challenges. In November of 2019, the Judiciary partnered with Governor Ige and the Department of Health to host a mental health summit that brought together national experts and local stakeholders. That collaboration led to the passage of Act 26, which directs nonviolent defendants who are charged with petty misdemeanors into appropriate community-based treatment.

Rather than take up scarce bed space at the Hawai'i State Hospital, these individuals can now be treated more effectively, more humanely, and more efficiently. In short, the Judiciary has stayed committed to initiatives that streamline processes, make courts more accessible, and improve outcomes.

"An effective court system requires public confidence, and we have worked hard in recent years to increase civic understanding about the role of the courts. One signature example is the Courts in the Community program, which brings Supreme Court oral argument in actual cases to high schools across the state. We've reached more than 5,000 students statewide since 2012, most recently at Waipahu High School in November of 2019. Seeing is believing, and Courts in the Community helps make the protections of the legal system real to young people. We're looking forward to restarting the program.

"Another critical initiative is the newly formed Commission to Promote and Advance Civic Education. The PACE Commission will serve as the catalyst for civic education throughout the state and increase understanding and respect for the institutions of our democracy. Mahalo to Chief Judge Lisa Ginoza and attorney Ted Pettit for spearheading this effort, as well as the American Judicature Society and its chair, Larry Okinaga, for their tireless advocacy in support of the commission.

"In order to build trust in the justice system, we must acknowledge and address systemic inequities, and we have redoubled our efforts in the Judiciary to ensure the Judiciary lives up to the promise of equal justice for all. Hawai'i is far from immune from the racial inequity that spurred this summer's protests across the country and at home. We've already taken some important steps: by reforming bail and other aspects of our criminal justice system that may have disproportionate impacts, by training our judges and judiciary staff on how to recognize and address implicit bias, and by increasing access to our civil justice system. Moreover, the newly created Criminal Justice Research Institute will leverage data to identify inequity within the criminal justice system.

"It's clear there's a lot of work to do and that this will be a long and sometimes difficult conversation, but it's one that we must have. Earlier this month, our Committee on Equality and Access to the Courts sponsored a virtual panel discussion on racial equity, and the response was astounding: almost 400 people attended. I thank the committee and, in particular, Willie Bagasol, Judges Rebecca Copeland and Sandra Simms, and Justice Sabrina McKenna for their leadership. There are four more events scheduled in the coming weeks. We are listening to those who have bravely raised their voices to fight for a more equitable future, and we are committed to heeding the call to action.

"Like everyone in Hawai'i, the courts have had to accomplish more with fewer resources during the economic upheaval caused by the pandemic. And, at the same time, other impacts of the pandemic are manifesting in our courtrooms. Last year, our district courts on O'ahu received more than 60,000 criminal citations for violations of pandemic emergency orders. To put that in context, we had only 20,000 criminal citations in first circuit district court the prior year. Each emergency order violation is a full misdemeanor carrying a possible sentence of up to a year in prison, and each defendant is entitled to a jury trial if requested. We are working with lawmakers and other stakeholders on legislation that will provide more flexible options to law enforcement.

"The strain of the pandemic is also profoundly affecting Hawai'i's families. The Domestic Violence Action Center reports a 652 percent increase in client contacts for the six-month period from April to September of 2020 when compared

to the prior year. Moreover, there are approximately 800 pending jury trials in Honolulu's domestic violence criminal division. And of course, new cases are coming in every week. Survivors of domestic violence deserve timely justice and accountability. Waiting years to get a resolution is unacceptable. Delay in these cases puts lives at risk, and reducing the services that we provide to prevent future abuse only worsens the harm.

"As another example, the economic strife caused by the pandemic, in tandem with increased isolation and closure of schools, have created conditions in which, tragically, sexual violence and trafficking can flourish. Indeed, local nonprofit Imua Alliance, an anti-trafficking organization, reported a fivefold increase in their monthly calls during the pandemic. The courts see the devastating effects of commercial sexual exploitation in many ways. Too often, survivors of trafficking or sexual violence end up in the courtroom as defendants themselves. This is one reason why alternative and treatment-based programs are so essential. We must address the underlying causes of criminal conduct to truly do justice. For example, some participants in our Girls Court, a program for teenage girls involved in the juvenile justice system, are themselves survivors of sexual exploitation. Some face different challenges, like drug use or family instability, but all of the girls benefit from a holistic program, rooted in teamwork and support, that centers around the specific needs of young women. The Women's Legislative Caucus has been an important voice in this and other initiatives, and we're proud to continue to collaborate with its members. I'd like to share with you a video from one of our Girls Court graduates, who found a promising path forward through the program:

*[video clip]* Girls Court is important to me because it made me be the person I am today. It made me have dreams; it made me have goals. Before Girls Court, I was doing drugs, I was going in and out of facilities, I was misbehaving, I wasn't following laws, but once when I got into Girls Court, they gave me support groups, they gave me a beautiful team that just always checked up on me, they never gave up on me the way that my family gave up on me. Being in Girls Court, it's like a whole second family to me. They built me up; they got me to where I am today. Now I'm a graduate of high school, I have goals of wanting to go into the military, a whole bunch of just wonderful things for my life, so if I didn't join Girls Court, I wouldn't be the person that I am today, so I hope this video helps Girls Court because Girls Court is amazing.

I thank this young woman for sharing her story.

"In our district civil courtrooms, we're facing a coming surge of residential eviction cases when the moratorium on evictions expires. We've been working with the mediation centers and other groups to have alternative dispute resolution options in place to keep those cases out of the courts and, if possible, to keep people in their homes.

"In our criminal courtrooms, the restart of jury trials has been essential to working through the backlog of cases, but we simply cannot conduct as many jury trials as we could before the pandemic, particularly here on O'ahu, given the space limitations in our courtrooms. With our current budget restraints, renting larger spaces is cost-prohibitive. As a result, trials on O'ahu involving the most serious criminal offenses—for example, homicide cases that require a larger jury pool or cases involving more than one defendant—have so far been unable to move forward. We're grateful to our government partners for their assistance. Both Governor Ige and former mayor Caldwell approved CARES Act funds for our use, the Department of Defense provided National Guard assistance at judiciary facilities, and the Department of Health has been an

invaluable resource. That said, we are facing these challenges with significantly reduced resources. At the end of the last fiscal year, our entire budget was reduced by 5.3 percent. In the current fiscal year, our entire budget was reduced by 8.6 percent. We fully understand the need for these reductions. We appreciate the Legislature's deferral of a portion into the current fiscal year, and thank Ways and Means Chair Dela Cruz and Finance Chair Luke for their leadership. Nevertheless, we've had to make some very difficult decisions. We've curtailed court operations in some locations, such as closing the courtroom in South Kohala; not filled vacant positions of experienced staff retirees; as well as delayed the filling of several judicial vacancies. Our current workforce has shrunk by 6.5 percent in a little over a year. We've also had to reduce funding by more than \$3 million statewide for programs that help some of the most vulnerable members of the community, such as services for victims of domestic violence, and other programs that help keep our community safe, including substance use testing and mental health services for criminal defendants.

"The Judiciary, as the third branch of government, currently accounts for less than 2 percent of the overall state budget. And, over the past decade, our share has decreased. In short, we were already a lean operation before the pandemic hit and are even more so now. We have embraced the need to rethink government operations and have become more nimble and efficient as a result. While we know the road ahead is difficult, we respectfully request an operating budget that remains steady, with no increases but no further reductions, and a capital improvements budget that allocates modest resources toward shovel-ready projects that will stimulate the economy and keep our buildings safe.

"Although courts first and foremost decide cases, our essential work goes far deeper. Drug Court, for instance, uses an intensive team approach to help defendants overcome substance abuse. There is nothing quite like the feeling of accomplishment that graduates of the Drug Court experience when they successfully complete the program. You'll hear about families that have come back together, once-repeat offenders who are now gainfully employed and reconciled with their loved ones. Steven Tyler of the band Aerosmith is a big supporter of Maui Drug Court, and put it like this in a virtual congratulations to a graduate from Moloka'i:

*[video clip] [blowing into conch]* Aloha, Sadie Starkey, Moloka'i Drug Court: Congratulations! Four years and—what's it say?—and four months. You know, today's the first day of the rest of your life, and I just want to tell you that sometimes—most times—for me, getting sober (which I have many times, been to different rehabs), getting off the drugs is one thing, but then living life, living life after that and getting jiggy and getting real again and doing the lessons you learned in Drug Court, that's the hardest thing that's gonna come at you. Remember, you're out there and you're doing drugs, death, jail, insanity is your only choice. You gotta stay sober, think aloha, and congratulations, Sadie! *[throws kiss]*

Word to the wise from Steven: Get jiggy with treatment courts.

"Eliminating these programs will make our community less safe because the data shows that treatment courts significantly reduce recidivism, and eliminating treatment courts will cost more in the long run. One study showed that the criminal justice system ultimately saves \$3.36 for every dollar spent on drug courts like ours. In short, treatment courts aren't just effective, they're a good investment.

“I hope the examples I’ve shared with you illustrate that we deliver services essential to the health, safety, and functioning of our community, and to the well-being of our children and families. We’re on the front lines of the response to the pandemic, delivering core services that keep people safe and society functioning so we can recover economically. With 2,200 criminal jury trials pending on O’ahu alone and many hundreds more on the neighbor islands, it is imperative that we have the resources we need to fulfill the obligation of a speedy trial. Indeed, the demand for our services will only increase as criminal trials return to full speed, emergency order citation cases make their way through the system, eviction matters resume, and as other impacts of the pandemic, such as increases in domestic violence and sex trafficking, become even more evident.

“There is perhaps no principle more treasured in a free society than the tenet of ‘equal justice for all,’ and a fair and impartial court system is the lifeblood of that ideal. But, earlier this month, the attack on the nation’s capitol served as a painful reminder that we cannot take democracy for granted and that we must continually work to fulfill the ideals of our nation. I’m proud to lead a judiciary that has committed steadfastly to the pursuit of equal justice for all in its truest and richest sense. That requires facing past inequity, listening and learning, and doing the hard work to improve. This work is both the right thing to do, and it’s imperative to earning the faith and trust of those whom we serve. The challenges of this past year have made this much clear: The fair and impartial administration of justice is more important than ever to our democracy and to the very fabric of our community. The Judiciary’s ability to fulfill that critical mission has been tested, but I’m extremely proud that, through innovation and determination, we have continued to provide essential services that keep us all safe and on the road to recovery. I am deeply grateful for the support of the Legislature and the executive branch as we work together to serve the people of Hawai‘i. I’m acutely aware that there are more challenges to come, but I am confident that we can meet those challenges and forge a judiciary that will be even more accessible and responsive to the needs of our community long after the pandemic has ended. Mahalo.”

Speaker Scott K. Saiki then rose and stated:

“Thank you, Chief Justice, for your report on the state of the judiciary. Senate President Kouchi and I know that you, Chief Justice, and the entire Judiciary team have been under considerable pressure to adapt to pandemic conditions. We appreciate your work and the work of the entire Judiciary team, all of the judges and all of the employees, for your commitment and hard work over the past year. I also want everybody to know and understand that the Legislature has the utmost respect for Chief Justice Recktenwald. We have seen him work throughout this pandemic. We know that he is an honorable judge and leader of the Judiciary, and we look forward to working with him and his team throughout this pandemic and going forward.”

At 10:28 a.m., Speaker Saiki declared the Joint Session adjourned.

2021 SENATE LEGISLATIVE PROGRAM

We, the Hawai'i State Senate are dedicated to the protection and sustainability of our people, communities, natural resources, and economic prosperity. To this end, we are committed to advancing the 17 United Nations Sustainable Development Goals as a framework to achieve a prosperous and sustainable Hawai'i.

Hawai'i has established itself as a global leader in addressing sustainability and climate change challenges. The Senate's prioritization of the 17 Sustainable Development Goals over the past three years has led to policy changes and fostered partnerships between government and various organizations to promote and enhance a coherent statewide policy for sustainable development. In 2020, the Coronavirus 2019 (COVID-19) pandemic heightened these development goals, by shedding light on key areas that must be addressed to further our sustainable development goals and create a more resilient Hawai'i. We will continue to work with organizations and the public in Hawai'i to recover from the effects of the pandemic and remain on the path to sustainable development.

At this time, Senator Keohokalole spoke on a point of personal privilege as follows:

“On Friday, I noticed that some of the first hearings before the Senate were noticed and opened up, and so upon viewing the Capitol website and going through the hearings list for this week, I was surprised and delighted to see the YouTube links alongside so many of those proceedings, which is the beginning of our legislative effort to stream and archive Senate

proceedings live and then archive on YouTube in perpetuity, which is, in my mind, the first time that all Senate proceedings will be available to be viewed by any member of the public and are archived for future reference by any member of the public, which I think is an incredibly significant step on the part of the Senate. I'd like to thank you very much for your leadership on this over the last nine months, and I really would like to express my gratitude to all of the staff in the Legislature, particularly the Clerk's office and the IT office, for all of their really hard work making this happen. I think it's very impressive, and I'm really proud that we are able to offer this to the public. Thank you."

The Chair responded:

"Thank you, and while I appreciate your kind words about my efforts, it's really when you came to the Senate and you had a discussion about how we could be more effective in communicating, and educated us in the tool that we would have on YouTube and Facebook, and so it's through your educating us and working with our IT department and the Clerk's office that we are here, and we continue to strive to reach out to the public in the best way we can. We appreciate all the good ideas that have come forward from each member of the body and from our really outstanding support staff that we have."

At this time, the Chair made the following remarks:

“Last night, or early this morning, we did have a problem with the server going down. It was related to a certificate for security that had expired. Although we had downloaded the new certificate for the next period of protection, we had that response that there was a security breach. We are not the only agency who had experienced a similar problem with installing the new one with the old one expiring. We were back up and running a little before 8:30 a.m.; hopefully, everyone from the public who was trying to get in, submit their testimony, or testify virtually was able to do so. While it’s something beyond our control at this point, I still would like to apologize to the public for the inconvenience it may have caused, but reiterate when we announced that we were going to be able to go virtual and take virtual testimony and allow members to participate remotely that there were going to be some bumps along the road and that those bumps would be used as learning experiences to make sure that we do it better and not as an excuse for us to revert, to go back to written testimony only. So I want to assure

---

the public and the members who pushed so hard for virtual participation that we are learning from what happened, and we are going to continue to work to be better, and we will make sure that the virtual participation is going to be available to the general public and to each and every one of the members as it would be needed.”

**ORDER OF THE DAY**

**THIRD READING**

S.B. No. 294, S.D. 1:

Senator Rhoads moved that S.B. No. 294, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of the measure as follows:

“For those of you or those of the listening audience who are not familiar with civil asset forfeiture, the current procedure is that if the police suspect you of a crime, they can grab your assets and forfeit them, eventually take them away, without you even being charged with a crime. So this bill makes two important changes. It allows for the police to still continue to grab potential criminals’ assets if they believe that there has been part of a criminal enterprise, but it forbids them from forfeiting, the actual final step of selling them and taking the proceeds from them, until someone has been convicted of a felony. The other important change it makes is that, currently, when a forfeiture takes place and the money is gotten, it goes to the police departments. This will change that so that, beyond the administration of the program, any excess funds will go to the general fund. So it doesn’t take away the tool for cracking down on crime by trying to interrupt the financial flows, but it does take away the possibility that you can have your property taken from you without being convicted of a felony. Thank you, Mr. President.”

Senator San Buenaventura rose to speak in support of the measure as follows:

“I really do appreciate the introducer introducing this bill. I just want to point out, according to the 2018 attorney general’s audit of the civil asset forfeiture program, currently, the monies that are being forfeited, that are being acquired, are basically going into some kind of black box because they have really bad accounting principles in place. And the other thing, too, is that according to the auditor, neighbor islands, especially my island, Hawai’i County, disproportionately and illegally have had assets forfeited. Twenty-six percent of the assets that were acquired were not associated with any crime and where the petitions were dismissed, and when they were dismissed, it took

them **five years** before they returned the assets. So even Child Support Enforcement Agency, even people who relied upon those assets, didn’t get any satisfaction until over five years later. So this bill is long overdue, and I was sorry the governor vetoed my bill on the same issue, and I appreciate the Senate and the introducers moving it forward. Thank you.”

The motion was put by the Chair and carried, S.B. No. 294, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO PROPERTY FORFEITURE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 159 (Jud. Com. No. 9):

Senator Rhoads moved that Stand. Com. Rep. No. 159 be received and placed on file, seconded by Senator Keohokalole and carried.

Senator Rhoads then moved that the Senate advise and consent to the nomination of CHRISTOPHER M. DUNN to the District Court of the Second Circuit, term to expire in 6 years, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of the nominee as follows:

"Christopher Dunn has spent the past 18 years as a trial attorney on Maui, representing private clients and court-appointed clients in district, family, and circuit courts and in administrative proceedings. Throughout the course of his practice, he has served as counsel in numerous cases that have presented novel or challenging legal issues. During the confirmation process, he spoke strongly of his commitment to public service, including spending a significant portion of his criminal defense work representing indigent clients.

"Like me, Mr. Dunn is a graduate of the George Washington University Law School. During his time there, he served as an intern at the Office of the Federal Public Defenders in Washington, D.C. He received his undergraduate degree from Skidmore College in New York. Immediately after law school, he practiced in Massachusetts before moving to Maui in 2002.

"All of the testimony submitted was in support of Mr. Dunn's appointment to the district court. In particular, testifiers commended his legal expertise, genuine concern for his clients, outstanding professional demeanor, and an ability to build strong working relationships with judges, court clerks and staff, and opposing counsel.

"After having reviewed the testimony and other materials submitted on his appointment and having examined the appointee in a hearing, your Judiciary committee finds that Christopher Martin Dunn is well-qualified to serve as a district court judge of the Second Circuit, and recommends that the Senate consent to the appointment. Mahalo."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Rhoads introduced Judge Christopher Dunn, who wished to acknowledge the support of his spouse, Pualani, and their three children, Claire Mahealani, Oliver-Keahi, and Dylan-Kaiwa; his parents, Paula and Jeff; and his sister Maura.

At 11:41 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:42 a.m.

Stand. Com. Rep. No. 160 (Jud. Com. No. 10):

Senator Rhoads moved that Stand. Com. Rep. No. 160 be received and placed on file, seconded by Senator Keohokalole and carried.

Senator Rhoads then moved that the Senate advise and consent to the nomination of JAMES R. ROUSE to the District Family Court of the Second Circuit, term to expire in 6 years, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of the nominee as follows:

“James Rouse has devoted his legal career to public service for the State of Hawai‘i. For the past three years, he has served as a deputy attorney general, representing state agencies such as the Departments of Human Services, Health, Education, and the Office of the Public Guardian in child protection, adult protection, truancy, and involuntary commitment matters. Prior to being a deputy attorney general, he worked as a deputy public defender for almost 15 years, and intermittently worked in private practice.

“Mr. Rouse has been active in the legal community, including serving on the Maui County Bar Association Board of Directors and as a judge in mock trial competitions. Mr. Rouse received his law degree from Golden Gate University and his undergraduate degree in political science from Chico State University.

“All of the testimony submitted was in support of Mr. Rouse’s appointment to the district family court. In particular, testifiers noted his legal expertise as well as his professional and compassionate disposition. Numerous testifiers praised his respectful candor, integrity, and profound care for the most vulnerable members of the community.

“After having reviewed the testimony and other materials submitted on this appointment and having examined the appointee in a hearing, your Judiciary committee finds that James Robert Rouse is well-qualified to serve as a district family court judge of the Second Circuit, and recommends that the Senate consent to the appointment. Mahalo.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, the Chair made the following comments:

“Before recognizing you, Senator Rhoads, I didn’t want to get chided by Senator Ihara for trying to influence the vote. I simply wanted to say that I personally really enjoyed meeting Christopher Dunn and James Rouse. Their enthusiasm and passion for wanting to serve really came across, and I thought that James was going to ensure my vote because I only saw him and his wife initially, and I told him how envious I was of his grandchildren, but he decided to flaunt it in my face, anyway.”

Senator Rhoads then introduced Judge James Rouse, who wished to acknowledge the support of his wife, Mona Rouse; his stepson Tyler Stevenson and Tyler’s wife, Robin; his two grandchildren Kua and Lili Stevenson; his mother, Marcia Rouse, and her partner, Cliff; and his siblings Tom, Kristy, and Peggy and their spouses.

Senator Baker moved that S.B. No. 162, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to speak in strong support of the measure as follows:

“I believe, this is one of the more important measures we’ll be considering this year given the times that we’re in. This measure addresses retaliatory evictions under the Residential Landlord-Tenant Code, and specifies damages that will be recoverable by a tenant subjected to an unlawful, retaliatory eviction, and it would be equal to two months’ rent. We hope that this won’t have to be used, but we think it’s important to have it on the books, and I ask all my colleagues to join me in voting up on this measure. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 162, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE LANDLORD-TENANT CODE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

## ORDER OF THE DAY

### THIRD READING

S.B. No. 540, S.D. 1:

Senator Rhoads moved that S.B. No. 540, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of the measure as follows:

"At this point, the emergency management chapter, chapter 127A, only allows for misdemeanor offenses no matter what the crime, whatever the action taken that was not appropriate. This bill will allow for the governor and the mayors, in emergency orders during emergency situations, to designate what they view as lesser crimes and attach lesser penalties to them. They can take, for example, the mask-wearing violation, and they could designate that as an infraction, and it will be treated almost identically to a traffic ticket. So I think it's important we move this forward. The court system was inundated with misdemeanor charges over the last year, and it's not a good way to enforce what are generally viewed as important in the sense of, you don't want COVID to spread, but do we really want to put somebody in jail for a year because they didn't wear their mask? I urge my colleagues to move this forward. Mahalo."

### ORDER OF THE DAY

#### THIRD READING

S.B. No. 1092, S.D. 1:

Senator Dela Cruz moved that S.B. No. 1092, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

"The Legislature could and, I believe, should have raised the conveyance tax last year to address needs we're facing now. Protecting profit margins of those wealthy enough to be shopping for property in a recession is not more important than our environment or housing those in need."

The motion was put by the Chair and carried, S.B. No. 1092, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DISPOSITION OF TAXES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Fevella, Ihara, Kim). Noes, 1 (Acasio).

S.B. No. 1240, S.D. 1:

Senator Dela Cruz moved that S.B. No. 1240, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in support of the measure with reservations as follows:

"I believe the language is too vague in this bill. I would like to ensure that those tax exclusions pertaining to individuals that were listed in the act will also be conformed with not just those tax exclusions that only benefit businesses."

The motion was put by the Chair and carried, S.B. No. 1240, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TAX CONFORMITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio). Noes, none.

S.B. No. 65, S.D. 1:

Senator Baker moved that S.B. No. 65, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of SB65 SD1, Relating to Intoxicating Liquor.

"Due to the COVID-19 pandemic and the governmental responses to contain the spread of COVID-19 by closing bars, clubs and in-person dining, craft beer manufacturers and local liquor producers have lost income due to reduced sales. Wholesalers have shown little interest in expanding distribution opportunities for local, small craft breweries, especially for markets outside of Hawaii. It is therefore necessary to allow brewpubs, small craft producer pubs, and other alcohol manufacturers to obtain direct shipper permits, as smaller producers usually do not have access to distributors or wholesalers that adequately represent the unique aspects of craft beer and alcohol made in Hawaii.

"The State of Hawaii stands to gain additional tax revenue from this legislation. Direct to consumer shipping offers opportunities for Hawaii's craft beer and liquor manufacturers to increase their production to meet the demand for increased sales. This in turn increases beer excise and gallonage taxes, adding to alcohol tax revenue for the State of Hawaii. Reciprocity created through this legislation facilitates market expansion into other states for Hawaii manufacturers. Direct shipping provides tax revenue to the State of Hawaii, with payment by beer and other liquor producers for product they may ship directly into our state.

"Direct to consumer shipping is critical to the survival of breweries due to the COVID-19 pandemic. Direct shipment of wine is already allowed and adding language to export craft beer and other liquor to other states and direct shipping between the islands can be accomplished using a similar process to what is already in place for wine. This measure will allow manufacturers in Hawaii to access customers through direct shipping to help meet the current needs for those businesses struggling through the financial challenges brought upon by COVID-19.

"Please join me in support of SB65 SD1. Mahalo."

The motion was put by the Chair and carried, S.B. No. 65, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO INTOXICATING LIQUOR," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 610, S.D. 1:

Senator Baker moved that S.B. No. 610, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB610, Relating to Boards and Commissions.

“This measure prohibits public members from being engaged in the occupation that the board regulates, from being associated with a member of the occupation that the board or commission regulates that association of results in a material conflict of interest, or having a direct financial interest in the occupation that the board regulates.

“The role of a public member on a licensing board is to represent the public interest. The presence of a well-informed public member brings several advantages to regulation. A public member reduces the potential for board decisions that favor the industry over the public and the potential for decisions that illegitimately favor one faction of an industry over another, encourages public participation in government decision-making, enhances the public’s confidence and trust, and strengthens the board’s credibility in its decision-making and advocacy.

“Please join me in support of SB610 SD1. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 610, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO BOARDS AND COMMISSIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 784, S.D. 1:

Senator Baker moved that S.B. No. 784, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB784 SD1, Relating to Association Governance.

“The COVID-19 pandemic has prevented many, if not most, of the condominium associations whose annual meetings were scheduled after March 16, 2020, from having their annual meetings, due to the prohibition on socially gathering in large numbers and a result of the Governor’s emergency proclamation. The COVID-19 pandemic has further established the need for common interest communities to have flexibility regarding meetings. This measure is important to enable these communities to efficiently conduct their business during pandemics and other emergency situations.

“The need to have flexibility regarding meetings is evident considering the current pandemic. As the state legislature has experienced, electronic meetings have kept us connected and allowed important work to continue despite the restriction on physically gathering in large numbers. Most association bylaws were written when videoconferencing did not exist and now that we have the option for electronic meetings it is necessary to allow all boards to conduct their meetings and elections electronically.

“Please join me in support of SB784 SD1. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 784, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ASSOCIATION GOVERNANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 799, S.D. 1:

Senator Baker moved that S.B. No. 799, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB799 SD1, Relating to Condominiums.

“Because there is a lack of affordable housing options for Hawaii residents, there is a need for more policies to promote owner-occupancy and new condominium developments to increase the housing pool for Hawaii residents.

“This measure amends condominium laws regarding sales to owner-occupants inapplicable to time share units and increased the minimum number of residential units in a condominium project that must be offered for sale to prospective owner-occupants in the thirty-day period following the initial date of sale of the condominium from fifty percent to sixty-seven percent. These amendments will encourage developers to promote owner-occupied units and allow more residents to affordably live in Hawaii.

“Please join me in support of SB799 SD1. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 799, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CONDOMINIUMS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 402 be adopted and S.B. No. 29, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in support of the measure with reservations as follows:

“I believe this constitutional amendment leads the public to believe our problem is one of production when it is actually about who we are selling housing supply to. When it comes to managing population growth, locals are leaving Hawai’i because we are too busy selling our current housing production to out-of-state investors who leave their dwellings empty, and locals cannot outbid them with their low wages. Mahalo.”

Senator Kim rose to speak in support of the measure with reservations as follows:

“My concern is that we’re putting a plan in the constitution and yet, this is something that we should be able to do. We have enough tools in the Legislature. If we feel that the administration is not putting together a housing plan or it’s directing us to do a plan, I’m not sure why we would put it into the constitution. We have the budget; we have confirmation powers to have and encourage this kind of planning, and so I don’t think it’s appropriate that we put it into the constitution.

“I also have a concern that the language of the bill says, ‘the demand’: We have to plan for the demand, yet demand changes, and so I’m not sure at what point we could be sued by the public if, in fact, the plan does not meet any demand, so for those reasons ...

“And it does have a defective date on it, and so, therefore, I’m voting ‘with reservations,’ and if it comes back, I may have

to vote 'no' on it. And it's not because I'm against housing—certainly, that's not it. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 402 was adopted and S.B. No. 29, S.D. 2, entitled: “A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE IX, SECTION 6, OF THE HAWAII STATE CONSTITUTION, TO REQUIRE THE STATE AND ITS POLITICAL SUBDIVISIONS TO PLAN TO PRODUCE ENOUGH HOUSING TO MEET DEMAND IN THEIR MANAGEMENT OF POPULATION GROWTH,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi moved that H.B. No. 1278, H.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Rhoads spoke in support of the measure with reservations as follows:

“I understand the need to hold the schedules at temporarily below where they would normally go under the statutory scheme. I'm concerned that we are keeping them down too long because once they do go up, they're going to stay at schedule H indefinitely because we have such a huge hole, so I'm voting 'yes with reservations,' but I worry about the long-term consequences of not starting to raise the rates. Mahalo.”

The motion was put by the Chair and carried, H.B. No. 1278, H.D. 1, entitled: “A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 573 be adopted and S.B. No. 1412, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

“My reading, according to Budget and Finance, public benefit includes utilities, healthcare facilities, and schools. The tax exemption for the local investor allows the developer to pay them a lower interest rate; basically, the savings trickle up to the corporate developer and pads their profit margin. I do realize that there is discussion and conversation about creating jobs and such, but it just becomes a little bit vague in the terminology when you look at budget and finance. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 573 was adopted and S.B. No. 1412, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS FOR THE HONOKEA SURF VILLAGE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 577 be adopted and S.B. No. 935, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

“Space tourism is not diversifying our tourism-dependent economy. Instead of creating an infrastructure for escape pods for the world’s wealthiest polluters, we should invest every cent and every effort into saving **this** planet and our islands and our people. Particularly, space launch facilities come with heavy environmental impact. A similar idea was proposed two miles outside of Senate District 1 recently and it had tremendous opposition. The State is setting itself up to experience opposition similar to the opposition to TMT. Mahalo.”

Senator San Buenaventura rose to speak in support of the measure as follows:

“I just want to make sure that PISCES, when there is the transfer to the aerospace department, will still be allowed to do the basalt pavers, basalt rebar, and these innovative products that have nothing to do with space. With that concern, I still stand in strong support. Thank you.”

Senator Wakai spoke in support of the measure as follows:

“We talk about diversification of our economy, and oftentimes we look at Hawai’i and our proximity in the middle of the ocean as a detriment, and we often talk about the price of paradise, and I’m always a believer that we should try and change that discussion to global and should be global leaders in, and aerospace is one of those areas. Although I differ from the opinion of the senator from the Big Island, District 1, in this bill, as Senator San Buenaventura said, we’re talking about basalt. If man ultimately one day does colonize the moon, we’re going to practice it on the Big Island, and that just a few days ago was a glorifying moment for humankind when NASA sent a rover to Mars. There’s so much opportunity in the aerospace sector, and Hawai’i should be the global leader in that area, so this bill helps to create a clear direction in our efforts to capture this market, so it goes far beyond launching satellites into space. I hope that my colleagues will be supportive of this particular measure.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 577 was adopted and S.B. No. 935, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO AEROSPACE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio rose to speak in opposition to the measure as follows:

“Coffee borer beetle did not pop up overnight, nor did the coffee leaf rust. These pests are a result of decades worth of mismanagement, both in terms of soil depletion and the introduction of green coffee beans used for blending that harbor such pests. The question we are faced with now is how to handle this crisis. What we have learned by looking closely at the situation is that there are a significant number of coffee farms that are owned by one party and managed by another. It is not entirely clear what rights the farm owners, many of them who actually live on their farms, have when it comes to deciding whether or not these pesticides will be used.

“Senate Bill 855 mandates the State to request an exemption from the EPA to use a chemical that is not currently approved for use on coffee, a chemical that has not undergone the

necessary tests to prove that it is safe or effective for this application. It also mandates the State to pay for this pesticide. In doing so, Senate Bill 855 puts the State in the middle of a legal quagmire that is already brewing. How will the farmers who own the coffee fields they turned over to a third-party manager protect their property, themselves, their children, their pets, and their land from exposure to a chemical that has not been approved by the EPA for use in coffee? Clearly, lawsuits that arise from this problem will include the State, which, as the deepest pockets in the proceedings, will suffer the greatest consequence. This is not to mention Priaxor's unknown effect on bees and known toxic effects on our soils and aquatic life via the watershed. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 584 was adopted and S.B. No. 855, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COFFEE PEST CONTROL," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

## ORDER OF THE DAY

Senator Nishihara then moved that the Senate advise and consent to the nomination of GENE DEMELLO JR to the Hawaii Paroling Authority, term to expire June 30, 2024, seconded by Senator English.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 607 (Gov. Msg. No. 507):

Senator Nishihara moved that Stand. Com. Rep. No. 607 be received and placed on file, seconded by Senator English and carried.

Senator Nishihara then moved that the Senate advise and consent to the nomination of MAX OTANI as Director of the Department of Public Safety, term to expire at noon on December 5, 2022, seconded by Senator English.

Senator Nishihara rose to speak in strong support of the nominee as follows:

"Max has spent over 30 years working for the criminal justice field and has held various positions throughout his career ranging from probation officer; parole supervisor; field service branch administrator; paroles and pardons administrator; field branch administrator; manager, Oahu Intake Service Center; deputy director of corrections; division administrator, Intake Service Center; and a member of the Hawaii Paroling Authority. He retired from the PSD in 2016 and enjoyed retirement until he was selected to be a member of the Hawaii Paroling Authority in 2019. His tenure on the parole board made him realize how much he truly missed doing the work with the offender population and how rewarding this work can be, so on December 1, 2020, he was appointed to fill the position of director of Public Safety, and mentioned that ... to say it's been challenging is an understatement, as we all could see in the news. His work performance and experience has given out hard-working knowledge of evidence-based practices and firsthand insights into how policies and practices affect offenders re-entering our communities. That background has served to shape his focus as a director in the areas of re-entry and the goal of increasing inmates' successful reintegration into their community and reducing recidivism. He's considered a fair person, a logical person who makes decisions, and wants to collaborate with others with a strong desire to improve the correctional system. In my workings with Max, when he represented the governor at neighborhood board meetings, I found him to be an easy person to talk to and very open and very honest. Anyway, so I ask for all of your support in supporting me in his confirmation to be the director of Public Safety. Thank you."

Senator Inouye rose to speak in support of the nominee as follows:

"I have comments I'd like to insert into the Journal as well, and just to add that I'm happy that another Big Islander, a Hilo boy, has been appointed. He is the second Big Island person, and from Hilo, to serve in that position as well. Mahalo."

The Chair having so ordered, Senator Inouye's additional remarks read as follows:

"I am in support of and urge my fellow colleagues to confirm Mr. Max Otani. He is a Hilo native, which I know of him and his family very well. Mr. Otani's well rounded qualities, values and experience will be a contribution as a leader with excellent communication skills, professionalism and stability to the department."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

#### MISCELLANEOUS COMMUNICATION

The following communication (Misc. Com. No. 1) was read by the Clerk and was placed on file:

Misc. Com. No. 1, from the Honorable Ronald D. Kouchi, President of the Senate, and the Honorable Scott K. Saiki, Speaker of the House of Representatives, dated March 3, 2021, transmitting a legislative communication amending the 2021 Legislative Timetable to change the Budget Decking deadline from March 15 to March 22, 2021, and to change the Budget Crossover deadline from March 17 to March 24, 2021.

At this time, Senator Moriwaki, Chair of the Committee on Government Operations, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 1350.

Senator Moriwaki noted:

“The proposed draft addresses recommendations from the 2011 Reapportionment Commission. It was just brought to our attention that certain recommendations of the 2011 Reapportionment Commission should be addressed by the Legislature to clarify and improve the process for future commissions. Due to the pandemic, time to address all concerns is not on our side. In February 2021, the U.S. Census Bureau announced that the census results to the states will most likely be delayed as much as six months, which will significantly delay the work of the 2021 commission. To best prepare under this curtailed timeframe, this measure addresses the major recommendations of the 2011 commission, which should assist the 2021 commission; and provide adequate time for candidates intending to run for office, and ensure voters that they have proper representation. Due to the upcoming single referral deadline, your committee is requesting this waiver to hear this measure.”

The Chair granted the waiver.

Senator Moriwaki announced that the Committee on Government Operations and the Committee on Ways and Means and the Committee on Judiciary would be holding a public hearing on a proposed draft for S.B. No. 1350 that afternoon at 4:00 p.m. in Conference Room 016 and via videoconference.

Senator Dela Cruz, Chair of the Committee on Ways and Means, requested a waiver of the notice requirement pursuant to Senate Rule 21 for S.B. No. 276 and S.B. No. 1091, S.D. 1.

Senator Dela Cruz noted:

“Your committee is requesting these waivers to meet the single referral deadline.”

The Chair granted the waiver.

Senator Dela Cruz announced that the Committee on Ways and Means would be holding a public hearing on S.B. No. 276 that afternoon at 1:50 p.m. and a decision making meeting on S.B. No. 1091, S.D. 1 at 1:45 p.m. in Conference Room 211 and via videoconference.

#### THIRD READING

S.B. No. 1102:

Senator Baker moved that S.B. No. 1102, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB1102, Relating to Mixed Martial Arts.

"The mixed martial arts industry in Hawaii is not only producing world renowned fighters but is proving to be an industry that will continue to contribute to Hawaii's economy for many years. Unfortunately, current limitations in the Hawaii Revised Statutes prevents this industry from flourishing.

"Currently, fighters are paid with cashier's or certified checks; however, most events are held on Saturdays and it is common to see last minute changes to the fight card. For example, a fighter may not make the weight requirements to fight or got injured during training. Due to these changes, it is difficult for promoters to get new checks issued as most financial institutions are closed on Saturdays.

"This Administration bill will allow promoters to make necessary fight card changes while still complying with the requirements of state law by allowing mixed martial arts promoters to pay fighters with cash.

"Please join me in support of SB1102. Mahalo."

The motion was put by the Chair and carried, S.B. No. 1102, entitled: "A BILL FOR AN ACT RELATING TO MIXED MARTIAL ARTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (Fevella).

S.B. No. 1103:

Senator Baker moved that S.B. No. 1103, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB1103, Relating to the Peer Review Oversight Committee.

"This Governor's Package measure will clarify the role of Board of Public Accountancy in selecting members to serve on the Board's Peer Review Oversight Committee. The Board's Peer Review Oversight Committee monitors sponsoring organizations to ensure that peer reviews are conducted in accordance with agency standards.

"This measure will remove the requirement that a prospective member's firm has a rating of pass or an unmodified opinion from its last peer review and replaces it with broader discretion on the part of the Board in selecting members for the PROC. Because the accountancy profession's standards of review change frequently, the Board's Peer Review Oversight Committee duties will increase substantially. The amendments in this measure will provide the Board of Public Accountancy the flexibility and discretion to select appropriate members who have the proficiency to serve on the Board's Peer Review Oversight Committee.

"Please join me in support of SB1103. Mahalo."

The motion was put by the Chair and carried, S.B. No. 1103, entitled: "A BILL FOR AN ACT RELATING TO THE PEER REVIEW OVERSIGHT COMMITTEE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB1150 SD1, Relating to Skilled Nursing Facility Licensing.

"Organizations such as The Joint Commission accredits and certifies skilled nursing facilities. The Department of Health notes that the requirements of the Joint Commission are more stringent than Hawaii's administrative rules and are updated more frequently as well.

"This Governor's package measure will authorize the Department of Health to recognize organizations that can provide accreditation and certification reviews of a facility's compliance with licensing inspections. This will further the Department's oversight responsibilities, while also allowing the Office of Healthcare Assurance to redeploy staffing resources to other investigations and surveys. The ability to better utilize staff resources will be extremely helpful especially during these times of limited resources.

"Please join me in support of SB1150 SD1. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 617 was adopted and S.B. No. 1150, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO SKILLED NURSING FACILITY LICENSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB615 SD1, Relating to Rentals of Mopeds and Motor Scooters.

"Between 2016 and 2018, there were twenty-three motor scooter and moped operator fatalities. Twenty-two of the 23 were not wearing helmets. Wearing a helmet while operating these motorized cycles can significantly decrease fatalities and serious injuries.

"According to the Hawaii Injury Prevention Plan for 2012-2017, published by the Department of Health and the Emergency Services and Injury Prevention System Branch, properly worn helmets can reduce the risk of death by 42% and reduce head injury by 69% in the event of a crash. The measure before us acknowledges that wearing a helmet can be a significant factor in helping to reduce fatalities or the severity of injuries in accidents on Hawai'i's roadways. Accordingly, this measure requires all moped and motor scooter rental companies to ensure the rider wears a safety helmet supplied either by the rental company or by the renter prior to operating the moped or motor scooter. The measure also prohibits the rental of any moped or motor scooter with aftermarket modifications.

"This measure can help save lives. Please join me in voting to support SB615, SD1. Mahalo."

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB599 SD1, Relating to Massage Therapists.

"SB599 adds additional requirements to massage therapist licensees that will further public health and safety in the State of Hawaii. One of these new requirements is adding additional hours of continuing education for massage therapy licensees.

“The 2-hour requirement for licensees to take first aid and/or emergency-related courses will protect the safety of customers as well as the licensee. Continuing education is very important as standards and methodologies evolve over time as new information updates safety standards. These requirements will also ensure that Hawaii’s licensing requirements are in alignment with national trends.

“Please join me in support of SB599 SD1. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 620 was adopted and S.B. No. 599, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO MASSAGE THERAPISTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB340, Relating to Agricultural Lands.

“It in the State’s interest to ensure that agricultural lands are being used for agricultural purposes. To do so requires improvements in enforcement mechanisms to ensure that agricultural activities are in fact conducted on these important lands. The Office of Planning recommended that certain land subdivision and condominium property regime laws related to agricultural land be amended to enhance enforcement. The Office of Planning collaborated with a broad Stakeholders Group to develop a report, submitted to the Legislature, with the goals of supporting farmers and farming and also keeping agriculture lands affordable.

“This measure also allows meaningful county input in the condominium property regime process involving agricultural lands to ensure the availability of necessary supportive infrastructure and to identify and mitigate any potential negative impacts to environmentally or culturally significant resources.

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB838 SD1, Relating to Services for Kupuna.

“The coronavirus pandemic has contributed to increased stress and isolation for many kupuna and increased the burden on caregivers, whose duties have dramatically increased as a result. To help mitigate these burdens, the Kupuna Caregivers Program needs flexibility and more options to better assist kupuna and their caregivers.

“This measure will provide the additional, flexibility to the Kupuna Caregivers Program to address the current situation and going forward as this program matures. The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB1192 SD1, Relating to The Electronic Prescription Accountability System.

“Opioids are the leading cause of overdose and overdose death. It is important for the Legislature to enact policies to address and prevent opioid misuse and over-prescribing. Requiring that a pharmacist-prescribed opioid antagonist be reported to the State’s Electronic Prescription Accountability System will help improve the efficiency for reporting and collecting data to prevent opioid overdose. This measure aligns with and supports the goals of the Hawaii Opioid Initiative.

“Act 255, Session Laws of Hawaii 2019, allows pharmacists to issue prescriptions for opioid antagonists, thereby increasing access to lifesaving drugs. The Electronic Prescription Accountability System acts as a prescription drug monitoring system and is a useful tool to reduce the risk of substance abuse and addiction and helps prevent unintended drug interactions.

“Efforts to track dispensing and distribution of opioid antagonists are currently decentralized. This measure will require pharmacists to report opioid antagonist prescriptions to the EPAS, thereby improving efficiency for reporting and collecting data to prevent opioid overdose.

“Please join me in support of SB1192 SD1. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 625 was adopted and S.B. No. 1192, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ELECTRONIC PRESCRIPTION ACCOUNTABILITY SYSTEM,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

“The practice of medicine is no longer limited to the treatment of disease and now includes telehealth, medical imaging, as well as preventing mental and physical diseases, conditions, injuries, and other ailments. Expanding this scope of conduct will assist the Department of Commerce and Consumer Affairs in their enforcement responsibilities by providing tangible grounds on which to evaluate physician compliance with licensure laws.

“The definition of the practice of medicine has not been amended since 2008. This measure appropriately updates the definition and brings it into parity with the current practice of medicine, thereby providing uniformity between medical doctors and osteopathic doctors.

“The broader definition will encompass more activities that fall in line with the current practice of medicine.

“Please join me in support of SB324 SD1. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 626 was adopted and S.B. No. 324, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE PRACTICE OF MEDICINE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 627 (S.B. No. 348, S.D. 1):

Senator Baker moved that Stand. Com. Rep. No. 627 be adopted and S.B. No. 348, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB348 SD1, Relating to Bottled Water.

“Existing state law expressly prohibits carbonated soft drink, juice, and beer manufacturers in Hawaii from using the same equipment to can noncarbonated drinking water. This is based

on an outdated and superseded FDA rule. Hawaii is currently the only State that requires water bottles or cans be filled on a dedicated filling line.

“This measure repeals the existing restriction that unnecessarily limits local beverage companies that manufacture other products from providing noncarbonated water in recyclable aluminum cans to consumers as an alternative to single-use plastic water bottles. Not only will this help in reducing single-use plastic, it will allow local businesses to expand into new, more sustainable products as well as encourage economic growth.

“Please join me in support of SB348 SD1. Mahalo.”

Senator Gabbard spoke in strong support of the measure as follows:

“Colleagues, we continually hear and are acutely aware of the damage that plastics are causing to marine life, human health, or our environment. The truth is, things are getting worse! In this legislation before us, we have a simple change in law that can have a big impact on the amount of plastic bottled water that we go through each year. Companies here in our state, such as Ball Corporation and Maui Brewing Company, would like to bottle water in aluminum cans, but right now, that’s cost-prohibitive. That’s because we are the only state that has an archaic law that expressly prohibits carbonated soft drinks, juice, and beer operations from using the same equipment to can non-carbonated bottled water. This bill would repeal the requirement that non-carbonated bottled water be bottled in or through lines or equipment through which only water is passed. It would save companies \$3 million to \$5 million, and, unlike plastic bottles, 100 percent of the aluminum can is recyclable. So S.B. 348, S.D. 1 will allow our state to continue to be a leader in reducing plastic pollution in our islands, so I ask for your support of this bill. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 627 was adopted and S.B. No. 348, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO BOTTLED WATER,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB193 SD1, Relating to Equitable Gender Representation of Corporate Boards.

"As mentioned in the preamble of this bill, the inclusion of individuals of all genders on boards of directors of publicly held corporations will boost the State's economy; improve opportunities for all individuals in the workplace; protect Hawaii taxpayers, shareholders, and retirees. Although there are numerous apparent benefits, change is slow.

"Currently, women only hold 20% of corporate board positions. This is an increase from 15% in 2016 due to a model

legislation that was signed into law in California 2018. Similarly, SB193 SD1 requires public held domestic corporations to include individuals of all genders among the directors of their corporate boards. Change can happen if we take proactive action.

"Please join me in support of gender diversity in corporations by supporting SB193 SD1."

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of SB 345 SD2.

"Colleagues, modern cosmetic safety testing standards and practices no longer require using animals. New testing methods are also more reliable, effective and efficient. California was the first state to ban the sale of cosmetics tested on animals and it took effect on January 1, 2020, and was joined by Nevada, Virginia, and Illinois. In 2013, the US's largest trading partner, the EU, ended the importation and sale of cosmetics tested on animals. Today, more than 30 countries have banned cosmetic animal testing.

"SB 345 would simply formally align Hawai'i with this national trend, which is supported by the Personal Care Products Council, representing more than 600 cosmetic companies and manufacturers worldwide. This bill would prohibit manufacturers from selling cosmetic products in the State that are tested on animals beginning January 1, 2022. Please note that this bill:

- Does NOT prohibit any medical or other research testing using animals, only testing for cosmetics;
- Does NOT impact retailers; all existing products/stock are grandfathered into the bill. This only deals with future cosmetic ingredients which is the responsibility of cosmetic manufacturers, who fully support this legislation.

"Please support SB 345 SD2. Mahalo."

The Chair having so ordered, Senator Moriwaki's remarks read as follows:

"To provide prompt and effective services, government has need to acquire goods and services in a more cost-effective and less cumbersome way utilizing technological advancements. SB1035 does this by allowing the procurement office to implement a procurement automation system creating a virtual marketplace for procurement statewide. The administration of the system would also be self-funded by charging a user fee. During these challenging economic times, it is necessary for the State to investigate and employ new and innovative ways of maintaining and improving state services and infrastructure, while ensuring the prudent and cost-effective expenditure of public moneys. The state procurement office is responsible for the solicitation, award, and administration of hundreds of individual multi-agency contracts and agreements. In fiscal year 2018-2019, these contracts saved the State of Hawaii and its political subdivisions approximately \$19,000,000 in goods and services, plus savings in personnel, purchasing, and subject matter expert hours, compared to what these agencies would have likely paid without these contracts in place. Mahalo."

Senator Dela Cruz moved that Stand. Com. Rep. No. 803 be adopted and S.B. No. 1307, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Moriwaki requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Moriwaki's remarks read as follows:

"The covid pandemic made it abundantly clear that our major public services relied not only on legacy information technology systems but redundant and inefficient business systems that required expertise and staff development in addition to the technology infrastructure. SB1307 aims to transform systems and support people, operations, and technological infrastructure to address the rapidly changing needs of our residents and of technology. This bill establishes an information technology modernization program management office to provide guidance and support to major information technology projects that serve our residents. Modernization of the State's information technology program is critical to providing effective services to residents, running government efficiently, and rebooting and upgrading the economy. The recent coronavirus disease 2019 pandemic has highlighted the extraordinary negative societal impact of having key state programs that rely on outdated technology and the tremendous benefits of modern information technology infrastructure. Multiple crucial state information technology modernization programs are currently in progress, including replacement of information technology systems for unemployment insurance, disability compensation, financial management, child and family welfare, behavioral health, and state employee benefits. Independent verification and validation reports on state information technology modernization projects consistently note that these projects are at risk because the State does not dedicate sufficient personnel nor the resources to train technical and business staff to continually upgrade and modernize its services and technologies. This results in an over-reliance on contractors, cost over-runs, schedule delays, inadequate performance, and user resistance to adoption. To ensure that investment in these projects leads to the realization of essential outcomes and supports departments and agencies in a nimble and flexible manner, this measure focuses on developing an office with specialized staff dedicated to work with departments on major technology systems from development to implementation as it modernizes its systems."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 803 was adopted and S.B. No. 1307, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION TECHNOLOGY PROJECTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Gabbard requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of SB 338 SD2.

"Colleagues, food hubs are centrally located facilities with a business management structure that facilitates the aggregation, storage, processing, distribution, and marketing of locally grown produce, and are an integral missing piece of agricultural infrastructure required to sustain the efforts to double local food production. There are now 11 food hubs across the state: four food hubs on O'ahu, four on Hawai'i Island, two on Maui and one on Moloka'i that are providing jobs, representing hundreds of small to medium sized farms, serving thousands of customers and producing over \$10.1 million in annual gross income.

"This bill would establish a 5-year food hub pilot program under HDOA. The bill would allow the awarding of grant funding to qualified applicants for the construction of critical infrastructure to establish and expand food hubs in each of the counties. Food hubs allow our local farmers to hui together and scale-up production to help us produce more food here locally and allow more farmers to succeed.

"Please join me in supporting SB 338 SD2. Mahalo."

The Chair having so ordered, Senator Moriwaki's remarks read as follows:

"This bill is a women's legislative caucus priority as it became clear during the pandemic that many women could effectively work remotely and care for dependents. According to the United States Department of Labor, women left the job market at four times the rate of men in September 2020. Between August and September 2020, 865,000 women dropped out of the United States workforce compared to 211,000 men. This measure would help to address the added care burden shouldered by women in Hawaii by making it easier to telework. It thus directs the Department of Human Resources Development to convene a working group of stakeholders to update and create policies and procedures relating to telework and alternative work schedules to address the caregiving responsibilities and other needs of state employees and submit a report on its proposed telework and alternative work schedule policies and procedures, including any recommendations on proposed legislation or specific budget requests, to the 2022 Legislature. It requires departments to adopt Department of Human Resources Development policies that permit state employees to telework while caregiving during the COVID-19 pandemic. Mahalo."

SECTION 1. Senate Bill No. 792, section 7, is amended by amending page 3, line 3, to read as follows:

"SECTION 7. This Act shall take effect on July 1, 2050."

Senator Lee moved that Floor Amendment No. 1 be adopted, seconded by Senator Rhoads.

Senator Lee rose to speak in support of the amendment as follows:

"Thank you, Mr. President. This simply adds a defective date to the bill for further discussion."

The motion to adopt Floor Amendment No. 1 was put by the Chair and carried.

Senator Lee then moved that Stand. Com. Rep. No. 660 be received and placed on file, seconded by Senator Rhoads and carried.

"We're going to take a vote on this bill, but in the referral process, we should have included Ways and Means. If this bill

does come back from the House, we will be sure to include Ways and Means.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 664 was adopted and S.B. No. 232, entitled: “A BILL FOR AN ACT RELATING TO LITTERING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 722 be adopted and S.B. No. 607, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Baker then offered the following amendment (Floor Amendment No. 2) to S.B. No. 607, S.D. 2:

SECTION 1. Senate Bill No. 607, S.D. 2, section 1, is amended as follows:

1. By amending page 2, lines 3 through 8 to read:

“The legislature further finds that on September 21, 2020, the state historic preservation division notified the Hawaii housing finance and development corporation that it would require a new archaeological inventory survey (AIS) for the entire villages of Leialii master planned community of which the Keawe street apartments affordable housing project is a small part.”

2. By amending page 3, lines 6 through 8 to read:

“(2) Specifying that the developer of the Keawe street apartments housing project shall be responsible for all associated costs of the AIS for the footprint of the Keawe street apartments housing project but shall not be responsible for the cost of the AIS for the entire Villages of Leialii master planned community.”

SECTION 2. Senate Bill No. 607, S.D. 2, section 3, is amended by amending page 4, lines 1 through 9 to read as follows:

“SECTION 3. The developer of the Keawe street apartments affordable housing project shall be responsible for all associated costs of the archaeological inventory survey for the footprint of the Keawe street apartments affordable housing project but shall not be responsible for the cost of the AIS for the entire Villages of Leialii master planned community.”

Senator Baker moved that Floor Amendment No. 2 be adopted, seconded by Senator Rhoads.

Senator Baker rose to speak in support of the amendment as follows:

“Due to my inartful explanation to the chair of the committee, an amendment is needed because we do not want to exempt either the entire Villages of Leiali'i or Keawe Street Apartments from 6E. We merely wanted to make sure that the part of the AIS (archaeological inventory survey) is done on all of that, but for purposes of the project creating the Keawe Street Apartments, it's a small footprint, and that the Keawe Street Apartments project should only have to pay for the AIS under its footprint. That's what this amendment does. Mahalo.”

The motion to adopt Floor Amendment No. 2 was put by the Chair and carried.

Senator Baker then moved that Stand. Com. Rep. No. 722 be received and placed on file, seconded by Senator Rhoads.

Senator Acasio rose to request that her reservations be noted on S.B. No. 607, S.D. 2, and the Chair so ordered.

The Senate reconvened at 10:00 a.m.

At this time, the Chair directed the Clerk to read several bills that were to be deferred until Thursday, March 11, 2021, before proceeding with Third Reading of bills on the Ordinary Calendar.

Senator Dela Cruz rose to speak on a point of personal privilege as follows:

“The current draft of the American Rescue Plan, H.R. 1319, includes restrictions on the use of funds being provided to the state. Specifically, the funds may not be used to reduce taxes directly or indirectly between March 3, 2021, and the last day of the fiscal year in which all funds received have been spent or returned. In discussion with the Department of Budget and Finance, they are concerned that the aforementioned measures may be in violation of the funding restrictions. The deferral would provide time for responses to be provided on inquiries the Committee on Ways and Means has made in checking if the aforementioned bills would violate the restrictions included in the American Rescue Plan bill. Thank you.”

The Chair then thanked Senator Dela Cruz and his staff for diligently tracking those measures.

Stand. Com. Rep. No. 718 (S.B. No. 946, S.D. 2):

**MATTERS DEFERRED FROM**  
**FRIDAY, MARCH 5, 2021**

Stand. Com. Rep. No. 659 (S.B. No. 754):

Senator Rhoads moved that Stand. Com. Rep. No. 659 be adopted and S.B. No. 754, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Kim rose to speak in opposition to the measure as follows:

"I want to note that I have supported every measure that has come before us to curb the consumption of alcohol and save lives from DUIs, but this bill lowers the blood alcohol from 0.08 to 0.05. I have to agree with some of the testimony that this measure casts too wide a net on criminalizing behavior of normally responsible drinkers. I didn't realize that 0.05 equals three alcoholic drinks for a 160- to 180-pound man, and he would need to drink that in an hour. But one glass of wine for a woman who weighs between 100 to 120—probably somebody like me; I'm not going to tell you where I fall in that range—but it would mean that I would only need to drink one glass of wine, and I would have a 0.05. So I could be in a sobriety check with you, Mr. President, as well as myself driving; if we got stopped, if I blew (and if I didn't blow, then I would have my license taken away for two years), and if I blew and I had a 0.05, then I would be charged with a DUI, whereas you, who've had two to three drinks, may not because of our weight. You know, Mr. President, more accidents occur by non-drinking drivers due to speed, distraction, texting, than by a driver who's had one glass of wine. So any one of you could be severely punished and labeled with DUI for having one drink and testing 0.05, and that's the reason why I'm voting 'no' on this measure, Mr. President. Thank you."

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"I am in OPPOSITION to this measure

"We are turning our law-abiding citizens into criminals by adding more restrictions upon their lives. It is not necessary to lower the blood alcohol concentration for DUI and we should be condemning excessive drinkers not social drinkers."

Senator Lee rose to speak in support of the measure as follows:

"I appreciate the comments from some of our colleagues. Just to note, the United States is an outlier; nearly every other modern Western country in the world has a 0.05 threshold for blood alcohol, including Japan, Canada, all of Europe, and so forth, including the State of Utah, which actually took this step just a couple years ago, and the result of that is a 70 percent

reduction—seven zero percent reduction—in alcohol-related fatalities. Thank you very much."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 659 was adopted and S.B. No. 754, entitled: "A BILL FOR AN ACT RELATING TO OPERATING A VEHICLE WHILE INTOXICATED," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 35, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE RESIDENTIAL LANDLORD-TENANT CODE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 742 (S.B. No. 676, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 742 be adopted and S.B. No. 676, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Taniguchi rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Taniguchi's remarks read as follows:

"Mr. President, I rise in support of Senate Bill 676, Senate Draft 1.

"The purpose and intent of this measure is to increase the minimum wage for certain employees from the current \$10.10 per hour to \$12.00 per hour beginning July 1, 2022.

"The measure was heard by the Committee on Labor, Culture and the Arts, then the Committees on Ways and Means and Judiciary. The committee findings noted that a vast majority of credible studies conclude that higher minimum wages appreciably boost workers' earnings with little or no effect on employment. A 2018 study by the U.S. Census Bureau found that raising the minimum wage benefits a large majority of low-income workers by putting them on the path to higher earnings in the long term and decreasing income inequality.

"The committee findings also noted that currently, there is a significant difference between the minimum wage and what is needed to afford basic needs in Hawaii. Hawaii has the lowest average wage in the nation when adjusted for the cost of living. This measure will therefore increase the minimum wage which will raise the quality of life for Hawaii residents, reduce poverty, and increase economic activity.

"Your Committee on Labor, Culture and the Arts acknowledges the significant number of testimonies received which asked that this measure be amended to incrementally increase the minimum wage to \$17.00 per hour by 2026, based on reports issued by the Department of Business, Economic Development, and Tourism. The committee also acknowledges the concerns expressed by some testifiers on the effect an increase in the minimum wage may have on small businesses in Hawaii that are barely surviving the unprecedented disruption caused by the coronavirus disease 2019 (COVID-19) pandemic.

"Hawaii's minimum wage was last increased on January 1, 2018 by 85 cents to \$10.10 per hour. The proposed increase to \$12.00 per hour beginning on July 1, 2022 – while still

insufficient -- is a meaningful step in the right direction for many of our lowest paid workers.

“Thank you, Mr. President.”

Senator Riviere rose to speak in opposition to the measure as follows:

“I think, due to the pandemic, this is the wrong year to be doing this. In any other normal year, I would not oppose this, but due to the circumstances that we are presently in, I cannot support this at this time. Thank you.”

Senator Acasio rose to speak in support of the measure with reservations as follows:

“In 2019, a supermajority on this Senate floor voted to raise the minimum wage to \$15 by 2023. A lot has happened since then: a worldwide pandemic and a recession. One thing we learned is that all of those families described in the ALICE report who were living paycheck to paycheck before COVID had no savings to get them through the hard times, and they were living on credit, taking on debt with unpaid interest compounding.

“A livable wage is the first line of defense for many families. The opportunity to earn a living wage is the first safety net we can offer them. This is about the ability to feed one’s own family, pay rent on time, and save a little something for the next disaster that strikes your family, our community, or our planet. Sadly, the \$12 per hour being proposed will not be a livable wage. I would like to see the chamber support a \$17-an-hour increase by 2026 or in further discussions.

“In November last year, Florida citizens voted to raise their minimum wage to \$15 per hour for the entire state. They experienced the same pandemic and similar recession, and they are an overwhelmingly Republican state. Additionally, 26 states across the nation are raising their minimum wages. I agree with the Hawaii State Teachers Association when they state in their testimony that research shows higher wages are good for business also, as it helps to promote spending right back into local businesses, leading to a positive ripple effect through our economy.

“Mr. President, I know many of our colleagues felt a sense of frustration with our counterparts in the House when they failed to raise the minimum wage in 2019, but I would beg folks to consider not compromising values when real lives, real families, are counting on us to continue the important work left unfinished in 2019. Mahalo.”

Senator Fevella rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella’s remarks read as follows:

“I am in SUPPORT w/ RESERVATION to this measure

“Pre-COVID our hardworking Hawai’i residents were living paycheck to paycheck and were working additional jobs to make more of a livable income. During COVID most of our residents were now unemployed and suffering trying to make ends meet because no one was hiring. NOW our State has opened, and most residents are back to work but the minimum wage of \$12 per hour isn’t enough. If we increase wages, then more money will be invested into the economy and people can live more comfortable without taking on additional jobs just to make ends meet. The minimum wage should be more than our livable wage and One Job Should Be Enough”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 742 was adopted and S.B. No. 676, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE MINIMUM

WAGE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Acasio, Fevella, Gabbard, Ihara, Kim, Misalucha). Noes, 2 (Riviere, Wakai).

### THIRD READING

S.B. No. 1096, S.D. 1:

Senator Baker moved that S.B. No. 1096, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB1096 SD1, Relating to Insurance.

“This Governor’s package bill has numerous administrative amendments to Hawaii’s insurance code. These amendments are necessary to enhance consumer protections for the residents of the State of Hawaii.

“This measure provides insurance consumers in the state with regulatory standards pertaining to contractual relations between public adjuster and policyholders. It also establishes standards for limited lines producers and hold them to standards consistent with those of other producers and mandates electronic filing of surplus lines reports and payment of surplus lines premium taxes.

“Please join me in support of SB1096 SD1. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 1096, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO INSURANCE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio). Noes, none.

Stand. Com. Rep. No. 637 (S.B. No. 502, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 637 be adopted and S.B. No. 502, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Gabbard requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Gabbard’s remarks read as follows:

“Mr. President, I rise in strong support of SB 502 SD2.

“Colleagues, I worked with attorney and environmentalist Maya van Rossum of Delaware Riverkeeper Network on this Green Amendment legislation. In 2013, Maya had a major legal victory against fracking around the Delaware River watershed. This court case revived Pennsylvania’s long-ignored Constitutional Environmental Rights Amendment, empowering it to protect the people’s right to pure water, clean air, and a healthy environment.

“Currently, Pennsylvania (1971) and Montana (1971) are the only states with a constitutional Green Amendment. However, support for the constitutional right to a clean environment is gaining momentum in other states as well, as other Legislatures are beginning to recognize the power in including such basic, but strong legal language in a state constitution’s bill of rights. Likening rights of religious expression and speech to those of clean air and water, Green Amendments serve to emphasize environmental health and safety as being part of our basic civil

liberties. SB 502 would amend our state constitution to guarantee all individuals the right to have a clean and healthy environment. Putting environmental rights on equal footing with other fundamental political rights and noting them as inalienable can allow for a high level of legal defensibility. If this bill passes, this question would be on the 2022 ballot for the Green amendment: ‘Shall the Constitution of the State of Hawai‘i be amended to provide that each person has a right to a clean and healthy environment, including pure water, clean air, and healthy ecosystems, and to the preservation of the natural, cultural, scenic and healthful qualities of the environment?’

“Please join me in supporting this important bill. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 637 was adopted and S.B. No. 502, S.D. 2, entitled: “A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE I OF THE CONSTITUTION OF THE STATE OF HAWAII TO GUARANTEE ALL INDIVIDUALS THE RIGHT TO HAVE A CLEAN AND HEALTHY ENVIRONMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Fevella, Inouye, Keohokalole, Kidani, Kim, Moriwaki, Nishihara, Riviere, San Buenaventura). Noes, none.

Stand. Com. Rep. No. 638 (S.B. No. 998, S.D. 1):

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, Stand. Com. Rep. No. 638 was adopted and S.B. No. 998, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE HONOLULU AUTHORITY FOR RAPID TRANSPORTATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Moriwaki, Riviere). Noes, 1 (Kim).

Stand. Com. Rep. No. 639 (S.B. No. 132, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 639 be adopted and S.B. No. 132, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of SB132 SD2, Relating to Water Pollution.

“Hawai‘i’s marine ecosystem has more than 7,000 known species of marine plants and animals. 1,250 of them can only be found in Hawaii. Act 14, Session Laws of Hawaii 2018 which prohibited the sale and distribution of sunscreen containing oxybenzone and octinoxate in the State. Octocrylene and avobenzone are other common sunscreen chemicals that have also been shown to cause harm to marine life and human health.

“In order to preserve our marine ecosystem, this measure will ban the sale, offer of sale or distribution in the State of any sunscreen that contains avobenzone or octocrylene, or both, without a prescription issued by a licensed healthcare provider beginning on January 1, 2023.

“The environmental contamination of octocrylene is a daily occurrence, as swimmers and beachgoers apply sunscreens containing these chemicals before swimming in the ocean waters. Evolving science around the world clearly demonstrates that these abundant and pervasive reef toxins irreversibly interfere with the life cycles of Hawai‘i’s marine ecosystem.

Long-term exposure to avobenzone and octocrylene has been found to be lethal for some organisms living in freshwater environments. These additional regulations are necessary to ensure these chemicals are kept out of our marine environment.

“Please join me in support of SB132 SD2. Mahalo.”

Senator Chang requested that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang’s remarks read as follows:

“SB132 bans the sale, offer for sale, or distribution in the State of any sunscreen that contains avobenzone or octocrylene, or both, without a prescription issued by a licensed healthcare provider.

“Coral reefs are one of the State’s most important resources. They provide critical natural protection against coastal erosion and sea level rise. They underpin tourism, our primary economic engine. And they are intrinsic to Hawaiian culture and fundamental to the fabric of our local communities. Therefore, it is critical to eliminate as many established threats to coral reefs as possible.

“We must carefully evaluate the evidence to see whether the active ingredients avobenzone and octocrylene do in fact harm our coral reefs. Avobenzone and octocrylene are two important components in most sunscreens and are two of the few transparent active ingredients approved by the Food and Drug Administration (FDA). Their UV-filtering properties have been well-established by the FDA and the American Cancer Institute (ACI). What is not established is the toxicity of the disputed substances to coral reefs.

“As of 2021, there have only been 9 studies that have been conducted on UV-filter toxicity. Of these studies only four have attempted to demonstrate a dose-response relationship where toxic effects increase as UV filter concentrations increase. In the case of avobenzone the lowest concentration that caused a significant reduction in photosynthetic yields was **516 µg/L**.

“However, the highest concentration of avobenzone measured globally at near-reef waters was only **0.7 µg/L**. This is a difference of more than **700 times**, therefore it is extremely unlikely that concentrations of avobenzone have been contributing to coral reef bleaching. Similarly, it had been determined that octocrylene levels in Hawaii near-reef waters would have to rise by **13,000 times** to reduce photosynthesis yields in coral. These studies have concluded that more research must be conducted on UV-filtering substances and their possible toxicity. Like the scientific community, this legislature must exercise due diligence instead of rash action.

“For residents of our State, which enjoys year round sunshine and has one of the highest UV indexes in the nation, the removal of these UV-filters would be disastrous to our public health. The American Cancer Society has warned that melanoma will be one of the leading causes of new cancer cases in Hawaii.

“Pick up any sunscreen available in a drugstore in our state. Chances are, it will contain either avobenzone or octocrylene. Sunscreen use is already far too inconsistent in Hawaii, both among local residents and visitors alike. Banning these ingredients will further stigmatize sunscreen as harmful, reducing their use, and therefore increasing the incidence of skin cancers. Are we prepared to accept the public health consequences of a significant increase in skin cancer rates in Hawaii?

“While the goal of this bill is laudable, I cannot support the banning of substances on the mere *suspicion* that they may be

harmful to our coral reefs. It is a rash action based on uncertain scientific evidence and it removes essential chemical components that have economic and public health benefits to our residents. I understand the desire to protect our coral reefs from threats. But we can protect them by targeting *established* threats to coral such as land-based runoff and human activity.”

Senator Nishihara rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Nishihara’s remarks read as follows:

“I rise to voice my reservations to SB132, SSCR639, Related to Water Pollution. The bill while having a number of proponents in support of the measure, also had a fair number of others calling for caution and consideration over its passage. What struck me was the importance of sunscreen and the high incidence of melanoma and the incidence of mortality from skin cancer even with broad-spectrum sunscreens. While the proponents calling for the banning of a number of products that included: oxybenzone, avobenzone, octocrylene, homosalate, octisalate and octinoxate, the FDA called for more information and studies to ascertain the safety and efficacy of these products. The U.S. Environmental Protection Agency was asked to conduct a Comprehensive Study as directed by the U.S. Congress who directed the National Academy of Sciences to evaluate the latest science available on the correlation between coral reefs and sunscreens and the potential public health impact of limiting access to sunscreens. This study would conclude in 2022. It would be comprehensive, rigorous, and scientifically unbiased. It is the kind of data we as legislators should expect in making decisions of the efficacy of sunscreens and the impacts to our coral reefs.

“I thank my colleagues and reflect with thoughtful consideration to this bill.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 639 was adopted and S.B. No. 132, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO WATER POLLUTION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 640 (S.B. No. 57, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 640 be adopted and S.B. No. 57, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of SB57 SD2, Relating to Vehicle Inspections.

“The reconstructed vehicle inspection program on Oahu is an outdated section of the statute that only applies to Oahu. The original purpose of the reconstructed vehicle program was to ensure that modifications to motor vehicles do not result in degradation of highway safety. The reconstructed vehicle inspection program is not required on the neighbor islands and in those counties reconstructed vehicle owners need to pass the periodic motor vehicle inspection program to register vehicles. This program should also work for Oahu. The Department of Transportation noted in testimony that available crash data does not indicate that reconstructed vehicles are a safety problem on Hawaii roads.

“This measure codifies the process by which vehicle inspectors obtain and renew their certification and the penalties for improper inspections. The repeal of section 286-85 of the Hawaii Revised Statute will remove an outdated law that has not been amended since the 1980s.

“Please join me in support of SB57 SD2. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 640 was adopted and S.B. No. 57, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO VEHICLE INSPECTIONS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 642 (S.B. No. 251, S.D. 2):

Senator Baker moved that Stand. Com. Rep. No. 642 be adopted and S.B. No. 251, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Chang.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of SB251 SD2, Relating to Transportation Network Companies.

“A transportation network company uses a digital network or software application service to connect passengers to transportation network company drivers. In recent years the use of transportation network companies such as Uber and Lyft have become a popular option for transportation for residents and tourists in the state of Hawaii. It is in the best interest of our state that statewide regulation of transportation network companies remains in Hawaii Statute.

“SB251 SD2 provides the legislature options to help continue to regulate this popular form of transportation. Part I of this measure enacts statewide regulation of transportation network companies by establishing requirements and permitting procedures for transportation network companies operating in Hawaii. Part II of this measure makes permanent Act 236, Session Law 2016 permanent. Act 263 established insurance requirements for transportation network companies to protect their drivers and passengers. This is an important provision because the personal auto policy carried by transportation network company drivers did not provide coverage for this type of commercial activity.

“The use of transportation network companies will continue to grow. As of 2021, forty-six states across the country have passed comprehensive rideshare legislation. Hawaii legislation is needed to address this industry to ensure the continued protection and safety of both drivers and customers.

“Please join me in support of SB251 SD2. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 642 was adopted and S.B. No. 251, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TRANSPORTATION NETWORK COMPANIES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 649 be adopted and S.B. No. 866, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Acasio rose to speak in support of the measure with reservations as follows:

"The original version of this measure reserved affordable housing for those earning a hundred percent of AMI (average median income) and less. A couple with each earning \$15 an hour would be the max. However, the subsequent drafts had removed that income limit and so, as written currently, the fees and tax exemptions can go to any income level. This is not right, to give these tax breaks to a person who earns over \$100,000. Mahalo."

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"My concern about this seemingly innocuous bill that supports childhood sexual abuse victims is that there was no testimony, that our last extension of statute of limitations has actually prevented people from filing suit, and my concern is the increase in cost to our nonprofits with no seeming benefits to child abuse victims. Thank you."

The motion was put by the Chair and carried, S.B. No. 163, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CHILDHOOD SEXUAL ABUSE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

S.B. No. 307, S.D. 1:

Senator Rhoads moved that S.B. No. 307, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Fevella rose to speak in opposition to the measure as follows:

"Senate Bill 307, Senate Draft 1: If you read the bill, section 1 says, 'The legislature finds that the State has some of the strongest gun safety laws in the nation, and in 2019 Hawai'i received an A-minus rating from the Giffords Law Center to Prevent Gun Violence.' Additionally, we have the third lowest number of gun deaths in the State of Hawai'i."

"The reason why I'm in opposition: In our own state constitution, same wording in Article I, section 17, and I read our constitution. I'm not going to read the whole thing; I'm just going to read the part that is actually necessary. A lot of guys getting confused on 'a well regulated militia.' 'Well regulated militia' is something that they had put in back in the day, it was an organized—not just a bunch of people that was going to go out there and buy guns and go ahead and raise heck in the community—but for the free state, the right of the people to keep and bear arms. What lot of people don't realize is that the right of the people and with the right of the people. When we going forward and making these kinds of amendments and changing things around on top of the caliber and the weapons that people possess here in Hawai'i. I understand a lot of people are afraid or thinking that we are going to be the mainland. Again, this is not the mainland. I don't know if any of you guys ever tried getting you guys' permit. Even out of the pandemic, it's six months to a year to get your rifle or your pistol registered, so it's not that easy to go ahead. We're restricting law-abiding citizens, and then law-abiding citizens who had collected over the years certain weapons that they probably use for target practice and recreation, that we're going to ban them, and then now, if they don't turn them in or give it up, you're going to make law-abiding citizens criminals under this bill because it doesn't say '2050'—it says 'upon approval.' So, again, this is my strong opposition to this bill because it infringes on our rights to bear arms. Thank you."

Senator Acasio rose to speak in opposition to the measure as follows:

"On the matter of this issue, I would refer my colleagues to the Giffords Law Center to Prevent Gun Violence. This well-regarded institution tracks data related to gun violence, and makes that data available to policymakers nationwide as a way to help us make decisions. Hawai'i's A-minus rating, when it comes to the strictest of its gun laws, puts only two states ahead of us. One of these states has barely less deaths per capita than Hawai'i, and the other has nearly twice the number. While there's no evidence to show that Hawai'i would have been safer with the passage of these laws, the negative impact on law-abiding citizens who did everything asked of them to register and own these weapons is clear. They would become criminals overnight. They would be required to give up their weapons, and there was no plan to compensate them for any loss. At a time when everyone supports the need for common-sense gun legislation, which I do as well, that common sense has to work both ways. Mahalo."

Senator Keohokalole rose to speak in support of the measure as follows:

"I would just like to note that this bill prohibits .50-caliber weapons. A .50-caliber bullet, upon contact, hits with so much energy that it causes cavitation in the surrounding tissue, and what that means is, it hits with so much force that the compression and expansion of the surrounding tissue of the strike area explodes. We're not talking about target-practice

weapons; we're not talking about weapons for hunting because if you hit a pig with this thing, it will explode. If you hit an axis deer with this thing, it will explode, and if you hit a human being with a .50-caliber bullet, that person will likely explode. So while the Second Amendment does allow for the right for individual citizens to keep and bear arms, the Supreme Court of the United States has also said there are limits to that right, and I fail to see how individual citizens owning firepower of this magnitude furthers the public interest. Thank you."

Senator Rhoads spoke in support of the measure as follows:

"Could I just first adopt the words of the previous speaker as my own? I would also just go on to say that the Giffords Center was mentioned before; that's where the idea for this bill came from, the Giffords Center. They strongly oppose .50-caliber long guns and rifles and pistols in civilian hands. What a .50-caliber rifle is good for is killing people from very long range, and it's not a hunting rifle because of what the previous speaker mentioned, but also because it's just too heavy to lug around. It's not a good self-defense weapon because if you shoot it in your house, even if you hit your target, the bullet will go through—if you have neighbors within a mile, it'll probably go through their wall and through one of them and through another wall. And finally, just pure and simple, it's a weapon of war; it's not something that's covered by the Second Amendment. Mahalo."

Senator Acasio rose to speak in support of the measure with reservations as follows:

"I'm in support of using interactive conference technology as an option. However, the concern is with unintentional disenfranchising of those who don't have computer access from due process and contested case participation. I would encourage, as the conversation continues on this measure, to include language that allows for things to the nature of public remote sites or the like, especially for outer island and rural areas, to mitigate possible disenfranchisement or equity of access issues. "My 'no' vote is in understanding that we need funding for mental health efforts in crime prevention and justice reform policy, recovery, rehabilitation, education, housing, and Kupuna Care. A disproportionate percentage of Hawaiians and Pacific Islanders are in prison, and we need to focus our funds on all of those things instead of creating more prisons. Mahalo."

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"We need to support farmers. Extending terms of imprisonment without helping farmers with fencing, with preventing theft, is insufficient, and for those reasons, I stand with reservations."

Senator Acasio rose to speak in opposition to the measure as follows:

"Again, our criminal justice system needs to be reformed. This is not the time to double down on a broken system, with extended prison sentences. There was very limited data in the testimony presented showing that longer prison sentences on ag lands is an effective deterrent. Also, no clarification if certain groups are or will be targeted for this crime over others: for example, homeless or Native Hawaiian population. Mahalo."

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"I am in OPPOSITION to this measure"

"We have laws in place for those caught trespassing on Agriculture lands. This bill will subject our law-abiding citizens who were caught unknowingly on agricultural lands to possibly be penalized and subjected to a more serious crime of a felony. You will also need to prove the intent of the crime on agricultural lands."

Senator Rhoads moved that Stand. Com. Rep. No. 733 be adopted and S.B. No. 1313, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Acasio rose to speak in opposition to the measure as follows:

"Currently, the northern largemouth bass is not listed as a species approved for importation and is prohibited from importation to the state. Statutorily placing the northern largemouth bass on the list of conditionally approved animals would set a dangerous precedent by dispensing with and bypassing the scientific review that is essential as a first line of defense against the introduction of harmful invasive species to Hawai'i. Placement on the list is appropriate only after rigorous review of the potential for harm that has been conducted and appropriate conditions for proposed use have been determined

and imposed. So, to be clear, I am not voting against the importation of largemouth bass itself; I am voting against skipping the intentional review and permit process. This species is known to be invasive in other parts of the world, and with unrestricted importation, it could also be a pathway for new pests and disease associated with these species to establish themselves in the state. This is mostly coming from Department of Agriculture's testimony. Mahalo."

Senator Dela Cruz rose to speak in support of the measure as follows:

"I'd just like to note that the current species listed in the bill is already here. It's in Lake Wilson, where the pilot project is described in the bill, and what the community would like is a new batch of bass so that the existing population stops inbreeding. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 733 was adopted and S.B. No. 1313, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SPORT FISH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

No. 1243, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE PHASEOUT OF PRIVATE CORRECTIONAL FACILITIES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Kim, Moriwaki). Noes, 1 (Riviere).

Stand. Com. Rep. No. 736 (S.B. No. 40, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 736 be adopted and S.B. No. 40, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Chang requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang's remarks read as follows:

"SB40 is a bill that exempts from income restrictions for-sale housing projects that are built for qualified residents, who will be owner-occupants in perpetuity, and who own no other property.

"The housing market in Hawaii has failed its residents. The extremely high housing prices combined with the fact that a large population of our residents are asset-limited, income-constrained employed (ALICE) indicates that the State's priority should be to increase the supply of housing to as many residents as possible.

"Traditional public housing policy in this country has always aimed to provide housing for the poorest among us. After decades of income-restricted housing policy, our housing shortage is more severe than ever today. The answer cannot be limited to helping the neediest alone. Access to housing is a basic human right, one that should be available equally for all of Hawaii's residents, rich or poor, just like public schools, public highways, public transportation, and public parks.

"This bill is a creative alternative to traditional housing policy. It eliminates income restrictions on public housing and opens up the supply of available housing to more of our residents. It benefits residents who own no other properties,

who normally would not be able to access housing with income restrictions.

"If this bill passes, it could create an avenue to large scale new housing supply that will be available to all local residents. As the demand for high end owner-occupancy units is met, developers will naturally migrate to lower end owner-occupancy units.

"Perhaps the most widespread fear in our community about new housing construction is that it opens Hawai'i to real estate speculation by wealthy overseas investors. Let me be clear: this bill will make speculation impossible. The requirements that those using this exemption be owner-occupants and own no other real property ensure that these units will never become investment vehicles. This bill will benefit our State residents just trying to enjoy a safe, stable, and affordable life in the community in which they contribute. For this reason, I absolutely support this bill."

Senator Acasio rose to speak in support of the measure with reservations as follows:

"The public defender, prosecutor, and HPD all said the language was too vague and overly broad, though I do support the intent. Any disagreement or immature decision could be a reason to arrest and a 30-day jail time. I would like to acknowledge that I also co-introduced this measure and still support the intent, but the testimony was very informative. Mahalo."

Senator Acasio then rose to speak on a point of personal privilege as follows:

"Sorry, I actually spoke on the wrong measure. I just wanted to make note for the record that, when I was speaking about the public defenders and jailtime, it was actually for the next page. My apologies, so for Senate Bill 40, S.D. 2, I have a 'no' vote if that's okay."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 736 was adopted and S.B. No. 40, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Fevella, Kim, Riviere, San Buenaventura). Noes, 1 (Acasio).

S.B. No. 82, S.D. 2:

On motion by Senator Moriwaki, seconded by Senator Dela Cruz and carried, S.B. No. 82, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT OPERATION AND POLICY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

S.B. No. 301, S.D. 1:

Senator Rhoads moved that S.B. No. 301, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Fevella rose to speak in opposition to the measure as follows:

"The reason why I rise in opposition to this bill: I have learned a lot since I got here to the capitol about gun rights and guns and the capacity and these other words that tend to be used in some of the hearings, especially words like *high capacity*, *high volume*, *high impact*. Unless you own a gun, unless you try to get a gun, or you know people who have guns, then you would know the high responsibility that they have. People who own .50-caliber pistols are not going to whip it out—like you

said, it's very heavy—but they use them, and they do use them in their shooting range, We don't want to take away their right, but then, for whatever reason, we have this bill: In the beginning, it talks about expanding the ban on pistol capacity clips. That was already passed—cannot have more than 10 rounds. Then it goes on, saying now any firearm is ban—so that means, now, every single person who uses a firearm is ban for recreation and hunting uses, especially the rifles, not the pistols, because that's already banned. We have companies right now that are going to lose a lot of money in their inventory, every single person who has a capacity clip over 10 rounds for hunting or for target practice or for whatever use that they use them for on their personal protection or their personal reason.

“So, the reason why I bring this up is because I know a 30-round clip—majority of the rifles that are sold today comes with a 30-round clip, and those clips are not cheap. So, going forward, again, here we are in the State of Hawai'i that has very low, very few high-capacity or high-volume bullets. The criminals are not going to stop having these clips, but the law-abiding citizen who goes out to the firing range, instead of carrying two clips, which is 60 rounds, they are going to have to carry six clips, 10 rounds. Then it costs more for each clip. Then you are going to say, ‘We are going to put a blocker in it.’ Who's going to pay for the blocker? We have millions and millions of people who probably have these clips on this island, and now we are going to make criminals out of them because a majority of them are not going to modify the rounds in their clip because it's going to cost them more money. So an average clip, cost \$22, times that by five. We understand the pistol ban because you can conceal them, and high capacity, understandable. But then you are talking about those who go out to the range, even under the pandemic, right? Bullets were already hard to find, hard to get; you are going to tell the person now, instead of coming with two clips, you are going to have to have more. When are we going to stop, here in this building, restricting law-abiding citizens the right to bear arms? You already want to change the size of the bullet, but when are we going to stop telling them, now, you only can have so many bullets? Now you cannot buy this bullet? Are we going to keep restricting until we can say, in Hawai'i, we have no more guns?”

“Anybody who lives on the neighbor island go hunting with family and friends. I just had the best time visiting my family in Hilo on Hawai'i island, on the lower part of Mauna Kea. My cousins all registered online to get their hunting license. They went out there, and they went out to hunt. They did not take what they needed to take, because they were already afraid. Now here we are, teaching our generation how to go ahead and go out there and survive. You all know about the carbine rifle; the carbine was something used in World War II by many individuals and hunters on the neighbor islands, including Kaua'i. The reason I bring that up is because that rifle that my brother-in-law inherited from his father and his grandfather were from Kaua'i. That was the first time I have ever seen anybody hunt the way they did for survival. The clip came with 30 rounds. I am not referring to anyone coming around with 200-round clip, but is there a point where we are going to tell people what they can and cannot do? Because if that's the case, then I would like to ban all SUVs, because SUVs can kill, too! The same with those who throw knives: I would like to ban knives, high-capacity knives, but I like throwing knives. Where is it going to stop? The bullets don't kill people; people kill people. Are we going to be afraid and start locking ourselves up? If that's the case, then tell the sheriffs they can all leave! At the Airport, tell everybody with guns to leave, because they cannot protect us at the airport. There would be false sense of protection. And we cannot even take care of our family and put food on the table because you are going to restrict us, and costing us more and more. So, I do not know if you have firearms, but restricting the amount of bullets in the rifle, I do

not know. This is my opposition, and please, I ask you to support and say no to this ongoing gun restrictions in Hawai'i. Thank you.”

Senator Rhoads spoke in support of the measure as follows:

“There is a certain arbitrariness about picking 10; there's no magic in 10. But there does need to be a line somewhere, and for almost three decades now, the line for pistols has been 10, and the line in other states that have had high-capacity magazine bans, the number has been 10. But you can buy—I just looked it up a couple days ago in my firearm news—you can buy a 60-round clip that fits in the AR-15 style of rifle for 70 bucks, and the high-capacity clips are the accessory of choice for mass shooters, and if you look at all the big mass shooters in the last—well, not all of them—the majority of them have large-capacity magazines. So the inconvenience of having to reload once in a while pales in comparison to the inconvenience of getting shot by somebody who's on a shooting rampage who has a 60-round—and 60 rounds aren't the biggest ones, but if they have a 60- or 100-round clip, that seems like a very small price to pay to me for minimizing the damage from the next mass shooting. Mahalo.”

Senator Kidani rose to speak in opposition to the measure as follows:

“This bill seeks to outlaw semi-automatic rifles and shotguns and rifle magazines able to hold more than 10 rounds. This is the most common and most popular that is used in the islands by thousands of law-abiding citizens who will, overnight, turn into felons if this bill is passed. There are currently two lawsuits in the Ninth Circuit challenging a similar law banning large-capacity magazines. S.B. 301 should be deferred, if not removed from consideration, until this case is resolved, as the Ninth Circuit has issued a temporary injunction stopping California's magazine ban. I might add that the testimony by Honolulu Police Department and the Maui PD did not testify in support of this bill. Thank you, Mr. President.”

The motion was put by the Chair and carried, S.B. No. 301, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO FIREARMS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

S.B. No. 159, S.D. 1:

Senator Rhoads moved that S.B. No. 159, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“Until we actually have automatic de-registration, I don't think we should pass automatic voter registration. Most of the complaints at the last election from my constituents were all of these ballots that were going to residents who had already moved or who had died. I am for inclusivity, but we should have a way to prevent people from voting more than once in more than one district. Thank you.”

Senator Rhoads spoke in support of the measure as follows:

“Now that we've had a successful rollout of the all-mail-in voting, I think automatic voter registration when you get a new driver's license or renew your driver's license or get a new state ID or renew your state ID is a perfect fit because now, unless you specifically decline or you're not eligible, you will be automatically registered to vote, and your address will be updated as well, which will take care of some of the concerns raised by the previous speaker. Voting will never be easier; you

can register simply by doing things that you would normally do, anyway, and then the ballot will show up in the mail, and if we pass this, I think we have done just about everything we can do from a structural side to make voting easy and accessible for everyone. Mahalo.”

Senator Fevella rose to speak in support of the measure with reservations as follows:

“I understand the intent of this going forward, but we have a lot of people in Hawai‘i that’s not going to opt out if they don’t have the chance to opt out. They should make it to have—if you’re going to do this, you should make them opt in to register. You make them opt out, somebody’s going to register who never registered to vote for 50 years because of their stance of thinking that Hawai‘i is not their state, and that’s Hawai‘i had overthrown the Hawaiian kingdom, and then now, when they go get their license, if they don’t check the box or they don’t pay attention to the box, they’re going to be registered to vote. And I think that would be a big violation to some of our families who feel strong that the State of Hawai‘i was overthrown and the kingdom was taken away from the people, so I think this bill has a lot of flaws unless we can get it to opt in to register to vote, not opt out. Thank you.”

The motion was put by the Chair and carried, S.B. No. 159, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO VOTING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

S.B. No. 829, S.D. 1:

Senator Rhoads moved that S.B. No. 829, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB829 SD1, Relating to Abuse of Family or Household Members.

“COVID-19 has been a stressful time for many. With economic hardships and members of the family forced to be quarantined at home, there are many stressors on families. Such stressors have increased the number of cases of domestic abuse specifically abuse directed towards women and children. In these times, measures such as SB829 SD1 are critical to help deter acts of violence in the home.

“This measure adds coercive control between a family or household members to the offense of abuse of family or household members as petty misdemeanor as defined in HRS 586-1. Coercive control means a pattern of threatening, humiliating or intimidating actions, which may include assaults, or other abuse that is used to harm, punish or frighten an individual.

“According to a report by the National Intimate Partner Violence and Sexual Violence Survey, 43.5% of women and 41.6% of men in Hawaii have experienced some form of psychological aggression in their lifetime. Abuse exists and happens. Further legislation is needed to address all forms abuse and prevent all forms of abuse.

“Please join me in support of SB829 SD1. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 829, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO ABUSE OF FAMILY OR HOUSEHOLD MEMBERS,” having

S.B. No. 826, S.D. 1:

Senator Rhoads moved that S.B. No. 826, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB826 SD1, Relating to Sex Offenders.

“This Women’s Legislative Caucus bill aims to address the trauma of sexual assault survivors by prioritizing their peace and safety. The long-lasting effects of sexual assault such as fear, anxiety, depression and shame may be increased if the victim were to encounter the offender, and this can be debilitating. Many survivors feel powerless simply knowing their offender lives nearby, for them and for those who may be unaware of where their offender resides having this residential restriction in place could decrease the feeling of living in a state of hypervigilance and chronic stress and instead promote feelings of security.

“By prohibiting the offender from living within 2,000 feet of the victim or the victim’s immediate family members this will create a small safety zone for the victim. Due to the stressors of the COVID19 pandemic, abuse is on the rise in Hawaii and the effects this will have on our communities is yet to be seen. By taking this step in distancing perpetrators from survivors we will be protecting survivors while providing opportunities for healing.

“Please join me in support of SB826 SD1. Mahalo.”

Senator Acasio rose to speak in support of the measure with reservations as follows:

“I believe it is overly harsh to charge a caterer, waiter, or cocktail server with the offense of promoting gambling in the first degree just because they prepared food and served a drink at a private party where gambling was taking place. Mahalo.”

The motion was put by the Chair and carried, S.B. No. 1342, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“I understand the author’s intent in drafting the S.B. 1350, S.D. 1. I do have concerns about counting permanent residents to include temporary residents, like students and military, and, specifically, I believe Hawai’i Island may end up losing one Senate district. For those reasons, I stand with reservations.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 765 was adopted and S.B. No. 1091, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO STATE FUNDS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Riviere rose to speak in support of the measure with reservations as follows:

“I’m not opposed to creating added penalties for highly intoxicated people; I think that’s appropriate. I do worry that some of this might be a little bit too much, though: 10 days in jail mandatory, and some of the other provisions might be too much, so I hope that will be looked at as it goes forward. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 767 was adopted and S.B. Senator Moriwaki requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Moriwaki’s remarks read as follows:

“In a time when the state faces unprecedented challenges with the impacts of the covid pandemic and resulting budget deficits, it is opportune to assess government missions, functions and budgets to meet the new needs within our resources. Section 37-70, HRS, requires such regular performance reviews but it has not been conducted since 2007. This bill would establish a state government realignment commission to periodically review – at least once every ten years-- the state executive branch departments, divisions, and agencies, including functions and services, and submit its findings and recommendations to the Legislature. There is a need to modernize state government to reflect the current generation of Hawaii residents, as recent studies have shown a lack of public support for government in the State. Furthermore, the current structure of government presents challenges to effective and efficient governing at all levels. The needs of society have changed drastically, with greater emphasis on modernization, transparency, and accountability, and these needs should be reflected in the functions and services provided by state government; and ensure that they continue on a regular basis as provided in SB246. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 768 was adopted and S.B. No. 246, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO GOVERNMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Riviere rose to speak in opposition to the measure as follows:

“I did take the time to read the measure fairly carefully, and it’s pre-committing us to things that are going to cost us later. Maryland is another legislature that considered it, and their fiscal notes point out that, while it may have general fund obligations going forward, it could get very expensive in the

future. I recognize that any future legislature would have to approve any payouts to this, but ... I think it's a nice idea; we all want to cure cancer and we want to support that, but I don't think it would be prudent to jump into this, and it would be much better to wait and see what comes of it later, so, in opposition. Thank you."

Senator Acasio rose to speak in opposition to the measure as follows:

"Please insert the previous senator's comments as my own, and I also have a 'no' vote. The federal government already has the CDC and the NIH to do this work, and we should not enter into these interstate compacts that are difficult to get out of. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 770 was adopted and S.B. Senator Acasio rose to speak in support of the measure with reservations as follows:

"The Natural Energy Laboratory of Hawaii Authority testified that it does not want the responsibility to repair, upgrade, manage contracts related to the pier, even if it came with five million, so forcing this transfer does not seem like a wise investment and not the best use of state-limited funds given the current economy. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 774 was adopted and S.B. No. 962, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio rose to speak in opposition to the measure as follows:

"Private developers can already build non-subsidized housing, so my question is, why would they need a state agency to help house people who need public housing to help them build housing that someone earning more than a hundred thousand a year could afford on their own? Mahalo."

Senator Acasio rose to speak in opposition to the measure as follows:

“There needs to be more opportunities for public input and review. This bill only allows for public comment after the deal has already been negotiated. The Department of Land and Natural Resources opposes this bill, stating, ‘The bill usurps the authority of the Land Board by bestowing upon the Governor the sole authority to execute land exchanges pursuant to this measure. As the Board conducts its decision making in an open, sun-shined meeting, this would drastically reduce transparency and public accountability for actions that significantly impact the public land trust.’ Mahalo.”

Senator Dela Cruz moved that Stand. Com. Rep. No. 804 be adopted and S.B. No. 1323, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

“The supreme court has already upheld the constitutional mandate that this legislature has to raise and allocate sufficient funding to allow the Department of Hawaiian Home Lands to

fulfill its mission. Until we deliver on this obligation, this legislature should not expect DHHL to participate in a misinformation campaign that the waitlist is due to mismanagement, not the result of decades of this body violating our constitutional mandate to provide them with adequate funding. Mahalo.”

Senator Keohokalole rose to speak in support of the measure as follows:

“Mr. President, in 2002, the Department of Hawaiian Home Lands published its strategic plan, and one of the primary stated goals of that plan was management of the Department of Hawaiian Home Lands inventory. Nowhere in the plan is there a mention of eliminating the Department of Hawaiian Home Lands waitlist, so if a strategic plan does not identify within the plan the targeted goal of eliminating the Department of Hawaiian Home Lands waitlist, then there’s no guidance for the Legislature to consider because there’s no actual plan articulated. I think, through the years of discussion that we’ve had while I’ve been a member of the Legislature, it’s become clear that, in order to actually meaningfully address the obligations that are constitutionally required of the Legislature and the department, there needs to be some sort of meaningful discussion through this planning process on how actually those objectives are met. And barring any articulation of how we get from there to here, the commission will continue to go about its business in the way it has so far, which is management of the lands that they have and no actual meaningful consideration of a plan and the resources necessary to fulfill the objectives laid out by the previous speaker. So I ask my colleagues to support this measure. Thank you.”

Senator Acasio rose to speak in rebuttal as follows:

“Given the consideration of the previous speaker, I would like to actually change to ‘with reservations,’ but withholding my comments are still very pertinent. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 804 was adopted and S.B. No. 1323, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF HAWAIIAN HOME LANDS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, Fevella). Noes, none.

Stand. Com. Rep. No. 805 (S.B. No. 1337, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 805 be adopted and S.B. No. 1337, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, this bill will allow two-thirds of the residents on any given block to vote to increase density or increase their zoning. They can only increase; they cannot decrease. These are residents who bought into a subdivision knowing the zoning or bought into planned communities because they wanted to have single-family dwellings there or whatever that current zoning they bought into. Now, the bill states, ‘The zoning power granted herein shall be exercised by ordinance which may relate to: (1) The areas within which agriculture, forestry, industry, trade, and business may be conducted; (2) The areas in which residential uses may be regulated or prohibited; (3) The areas bordering natural watercourses, channels, and streams, in which trades or industries, filling or dumping, erection of structures, and the location of buildings may be prohibited or restricted,’ and there are many others that I did not list. So, it’s broad.

However, the very last line of the measure says, 'Neither this section nor any other law, county ordinance, or rule shall prohibit the use of land for the block-level upzoning program pursuant to section 46- ; provided that the land is located within an urban district as classified by the state land use commission.'

"So what is the classification of 'urban'? It is defined—the Land Use Commission classifies 'urban district' as 'generally includes lands characterized by city-like concentrations of people, structures, and services. This District also includes vacant areas for future development. Jurisdiction of this district lies primarily with the respective counties,' so if the land is zoned residential, industrial, resort, mixed-use—any zoning by the county—generally, it is considered urban. Also, 'generally, lot sizes and uses permitted in the district area are established by the respective county through ordinances or rules.' So the counties could do this if they so wanted. So I also looked up the map [*holds up map*], and, for Honolulu, anything in blue and red is considered to be urban, and so these are the areas in which, again, you'll pit neighbor against neighbor, block against block, because any given block, residents can vote two-thirds against the other one-third to upzone. You could have a block that is primarily owned by one very rich landowner who could then decide that they're going to upzone that area, and so I think this is too broad. I know it has a defective date; however, I think this is a very dangerous bill, and it does not protect our residents in all the planned communities. Thank you."

The Chair thanked Senator Kim for providing him with a copy of the Kaua'i map.

Senator Riviere rose to speak in opposition to the measure as follows:

"This just blows a hole in all planning. The counties work hard to have a general plan. On this island in particular we have eight development and sustainable community plans that the communities all weigh in on what they would like their neighborhoods to look like, their districts, and whatnot. And this just would allow a particular block of people to just override all of the planning and common interest of the area, so I do believe this bill goes much too far in addition to what the previous speaker said. Thank you."

Senator Fevella rose to speak in opposition to the measure as follows:

"I just want to thank Senator Kim for educating me on this whole thing. The thing is, in my community, we're already suffering for overdevelopment and so forth. This is going to give an open ticket or check to have these guys with money to continue to buy up and make everything harder for the existing. In my community right now, we're getting squeezed out, and thanks that we passed the bill to restrict vacation rentals and all that, so we're getting those guys kinda selling those houses, but the inventory's gonna be very vague if we decide to let this kind of stuff continue on in the district that is suffering already, with people trying to make ends meet. Thank you."

Senator Chang requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang's remarks read as follows:

"SB1337 authorizes counties to establish an upzoning program to allow nearby homeowners in urban areas to vote to increase the housing density for their respective block.

"We can all agree that Hawaii suffers from an acute housing shortage. Increasing density in existing communities will create more housing, facilitate greater economic output, decrease transportation costs, and increase engagement among community members.

"Jurisdictions like Minneapolis and Oregon have rezoned themselves to permit three or four dwellings on every single family lot. This approach ignores the unique local needs of each community by applying a blanket approach, and has been criticized as removing home rule from county and city authorities.

"SB1337 offers a more balanced approach. It recognizes the value of home rule and unique local circumstances by bringing the level of control down from the state or the county to the block. These are the neighbors who are most directly impacted by any changes to their own zoning. Decisions would no longer be made by distant bureaucrats or elected officials, but actual neighbors.

"It is a permissive bill, rather than a mandate. Counties are free to adopt the block upzoning approach if they wish.

"SB1337 is an innovative approach to housing construction that could enhance local control of communities while also ameliorating our severe housing shortage. I ask my colleagues to join me in supporting this concept."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 805 was adopted and S.B. No. 1337, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING DENSITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Chang's remarks read as follows:

"Our state has been in a severe housing shortage for generations. I intend to end the housing shortage and enable every generation of local people to afford a high quality home in Hawaii. ALOHA Homes is the plan to do so.

"I am grateful for the support and assistance of HHFDC, which I've worked hand in hand with to strengthen this bill this year. The SD1 of this measure includes the amendments it

proposed. We have also worked with many stakeholders over the years

“This program is nuanced and based on research into several state-administered housing programs from around the world, most notably Singapore and Hong Kong.

“I appreciate the Senate’s continued commitment to hearing this bill. In my capacity as both a legislator and Chair of the Senate Committee on Housing, I intend to continue working with my colleagues in both houses, departmental stakeholders, and our broader community to build a path forward for this program—and our state’s housing needs. Senator Baker moved that Stand. Com. Rep. No. 829 be adopted and S.B. No. 969, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of SB969 SD2, Relating to Animal Fur Products.

“In Hawaii, there is little regulation and oversight of the fur trade industries. Recent reports note that around 100 million animals are killed every year for their fur. The fur industry also causes major environmental pollution. The dying process uses toxic chemicals like formaldehyde and chromium.

“Along with the concerns regarding animal welfare, there are many concerns with the industry’s risks to public health. As mentioned in much of the submitted testimony to CPN, reports from mink fur farms abroad revealed dangerous links between the fur industry and the spread of SARS-CoV-2 to humans. This is due to the use of fur farms where undomesticated animals spend their entire lives in cramped cages.

“SB969 SD2 seeks to create a new section in the Hawaii Revised Statutes that would ban the sale of fur and help Hawaii contribute to the growing number of jurisdictions banning fur trade. Modeled after Hawaii’s ban of oxybenzone and octinoxate sunscreen, this measure’s new statute will prohibit the manufacture for sale and importation in the State of Hawaii.

“Please join me in support of SB969 SD2. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 829 was adopted and S.B. No. 969, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ANIMAL FUR PRODUCTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 833 be adopted and S.B. No. 742, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Fevella rose to speak in opposition to the measure as follows:

“The reason why I rise in opposition to this bill is just we having a conflict of understanding what Hawai’i and our policemen in Hawai’i is about. Everything that we refer to is what’s happening and reacting and being reacting of what’s happening in the mainland. Our police brutality and our police way of going forward; they already have mission; they already have internal affairs. Here we are, being Big Brother from the State, want to oversee and have them report to us legislatively when they already have these provisions in there. And the reason why it’s mind-boggling for me because we go again, in 2016, Washington, D.C. Council unanimously passed the Neighborhood Engagement Achieve Results. See, again, we comparing ourself to the mainland. We do not have—and we thank God we do not have—brothers and sisters in blue that go over and beyond the scope of their job. But we know we have problems, but to have a bill like this, to have another agency—I don’t even know who the author of the bill was. Did they even talk to the chief of police? Well, I do. I talk to the people in blue, and they’re having a hard time going forward because they feel we, as legislators, the State, is overstepping to me and overstepping our bounds and always trying to chastise what’s happening in the county and what’s happening in the police department here locally. Like I said, colleagues, we’re not the mainland; we don’t have that kind of outrageous abuse because if I see an officer doing that—and you guys know that I agree to disagree with them all the time. I not saying they right all the time, but for have a bill like this, to continue to chastise, second-guessing their job, here in Hawai’i, is very sad, so I’m asking you guys in opposition to this bill. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 833 was adopted and S.B. No. 742, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO POLICING,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 835 (S.B. No. 839, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 835 be adopted and S.B. No. 839, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB839 SD2, Relating to Health.

"SB839 SD2 addresses two major barriers that terminally ill individuals face when seeking medical aid in dying.

"First, finding physicians willing to administer medical aid in dying is often difficult because of Hawaii's shortage of physicians, especially on the neighbor islands. Second, Hawaii's waiting period is the longest of all of ten medical-aid-in-dying states and the District of Columbia. In local healthcare systems, at least 21 eligible patients who wanted the option of medical aid in dying died during the mandatory waiting period.

"This measure amends the Our Care, Our Choice Act to address these two problems by authorizing advanced practice registered nurses, in addition to physicians, to practice medical aid in dying in accordance with their scope of practice and prescribing authority. It also authorizes psychiatric mental health nurse practitioners and clinic nurse specialists, in addition to psychiatrists, psychologists, and clinical social workers, to provide counseling to qualified patients. Finally, this measure reduces the mandatory waiting period between oral requests from 20 to 15 days and provides an expedited pathway for those terminally ill individuals not expected to survive the mandatory waiting period.

"Please join me in supporting SB839 SD2. Mahalo."

Senator Fevella rose to request that remarks in opposition to the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Fevella's remarks read as follows:

"I am in OPPOSITION to this measure

"I've always been a strong advocate in protecting our rights to live and it should be on God's timing. Authorized physicians, registered nurses or etc. caring for those on their death beds should be giving more love, care and making our patients comfortable instead of ending their lives."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 835 was adopted and S.B. No. 839, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 842 (S.B. No. 191, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 842 be adopted and S.B. No. 191, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB191 SD2, Relating to Condominiums.

"In 2019, Act 282, Session Laws of Hawaii expressed the legislative intent that condo associations have authority to use a nonjudicial foreclosure process when owners default on their financial obligations to their fellow owners. Courts have cast doubt on previous legislative action and have insisted that 'power of sale' language must be contained within the governing documents of a condominium association before this process may be used.

"This measure will allow for condominium associations to amend governing documents to clear up and confirm the right of homeowner associations to conduct nonjudicial foreclosures. This will allow associations to reduce loss to associations of apartment owners by defaulting owners.

"Please join me in supporting SB191 SD2. Mahalo."

Senator Acasio rose to speak in support of the measure with reservations as follows:

"It seems, just in the discussion as it goes further, this bill gives too much power to condo boards to take the home of an individual owner, possibly a kupuna, who may not have the money, for example, to pay increased association fees because they are on a limited income. It may allow a condo association to violate their original binding contract entered into when the condo was purchased by the individual owner. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 842 was adopted and S.B. No. 191, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 844 be adopted and S.B. No. 619, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Baker rose to request that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB619 SD2, relating to advanced practice registered nurses.

"This measure allows qualified advanced practice registered nurses (APRNs) that hold an accredited national certification in advanced practice registered nurse psychiatric specialization to conduct fitness to proceed examinations in criminal proceedings in some circumstances.

"APRNs are a vital part of Hawaii's healthcare workforce, and they are authorized to practice as primary care providers. Allowing APRNs with special qualifications to conduct fitness to proceed examinations will provide courts with greater flexibility and efficiency. This will improve patient access to medical care and services by specifying the circumstances under which APRNs may participate in the fitness to proceed process in criminal cases.

"Please join me in supporting SB619 SD2. Mahalo."

Senator Acasio rose to speak in opposition to the measure as follows:

“The Judiciary’s testimony deferred to the expertise of the Department of Health to determine whether advanced practice registered nurses should be authorized to make the determination of their psychiatric patient’s fitness to proceed to trial, and the Department of Health said ‘no’ and opposed the bill. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 844 was adopted and S.B. No. 619, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ADVANCED PRACTICE REGISTERED NURSES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 857 be adopted and S.B. No. 12, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Riviere rose to speak in support of the measure with reservations as follows:

“I’m not sure that this is probably the right thing to do, and I’m not sure it would have any practical effect. This measure would change the law to say it is our policy to effectively provide housing, to ‘the State **shall** effectively provide housing,’ and I don’t think it has any practical effect on the results or the desire to get there, and I think you can only create problems later on when some litigious person comes forward and says that we’re not doing what the law says. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 857 was adopted and S.B. No. 12, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO HOUSING OBJECTIVES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Riviere). Noes, none.

Stand. Com. Rep. No. 860 (S.B. No. 137, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 860 be adopted and S.B. No. 137, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

“Affordable housing should require purchasers to earn no more than a hundred percent of average median income. Tasking the Land Use Commission to process these amendments without enforcement authority allows promises of affordable housing construction to go undelivered. Since 1980, more than 25 percent of the housing authority by the LUC has not yet been built. On O’ahu alone, 23,000 units approved by the LUC have not been constructed. Many of those units are affordable housing or workforce housing units. This measure is also too vague in that it mentions that the land must contain a minimum amount of affordable housing units but does not say what that amount is. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 860 was adopted and S.B. No. 137, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LAND USE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 21; Ayes with Reservations (Ihara, Moriwaki). Noes, 4 (Acasio, Fevella, Gabbard, Riviere).

Stand. Com. Rep. No. 867 (S.B. No. 788, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 867 be adopted and S.B. No. 788, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in support of the measure with reservations as follows:

“Although this bill creates a past performance database of state contractors, past performance evaluations are not required for the award of competitive sealed proposals. My fear is that the state contractor with the poorest past performance evaluations will continue to be awarded the competitive sealed proposal contracts because he or she keeps his or her bid artificially low. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 867 was adopted and S.B. No. 788, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO PROCUREMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 881 (S.B. No. 732, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 881 be adopted and S.B. No. 732, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“I understand the authors’ intent on introducing Senate Bill 732, but it doesn’t take into account that the Behavioral Health Administration only started implementing the interactive crisis management in October 2019, so whatever data that is going to be acquired by the study is going to be not very helpful at all. So, for those reasons, I stand with reservations. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 881 was adopted and S.B. No. 732, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE NON-VIOLENT RESPONSE TEAM PILOT PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 897 be adopted and S.B. No. 1033, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Fevella rose to speak in opposition to the measure as follows:

"The reason for emergency appropriations, I can understand that, but over the years, the stadium, for far as I know, never did ever come to us in letting us know what is the money that they use for special events, especially like graduation. I know that Campbell High School, since the school has been as big it is, been using the stadium, and they're being charged \$37,000 every time they use it. So I just want to know what the Stadium Authority does with that funding over the years on the deterioration of our stadium, and actual use of the money that we giving them. So now we're going to appropriate some more money to them so that they can fix the stadium so we can have events and football games there, but, to me, I don't see and never seen yet accountability on the money that they do for special events that they have at the stadium. Far as I know, I didn't see anything; I could be corrected, but \$37,000, one high school—that's a lot of maintenance and fixing up they can do with that kind of money. So, again, we just throwing good money into bad, so that's the reason why I'm in opposition. Thank you."

Senator Wakai rose to speak in support of the measure as follows:

"I just wanted to clarify that this appropriation—at one time is \$1.5 million—is not to rehab and fix the stadium. It's for the operations of the stadium, and if you were to go to the Stadium Authority board meetings, you would know that, by the end of this month, they're going to run out of all their money and essentially could imperil the opportunity for graduations, drive-by concerts, and light shows and other things that might happen at the stadium, but I think this is a worthy appropriation. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 897 was adopted and S.B. No. 1033, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO MAKING AN EMERGENCY APPROPRIATION TO THE STADIUM AUTHORITY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Acasio). Noes, 1 (Fevella).

Stand. Com. Rep. No. 906 (S.B. No. 23, S.D. 1):

On motion by Senator Baker, seconded by Senator Dela Cruz and carried, Stand. Com. Rep. No. 906 was adopted and S.B. No. 23, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE RENTAL INDUSTRY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Inouye).

Stand. Com. Rep. No. 914 (S.B. No. 1237, S.D. 2):

On motion by Senator Dela Cruz, seconded by Senator Keith-Agaran and carried, Stand. Com. Rep. No. 914 was adopted and S.B. No. 1237, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Acasio, Ihara, Taniguchi). Noes, 2 (Gabbard, Lee).

Stand. Com. Rep. No. 916 (S.B. No. 1297, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 916 be adopted and S.B. No. 1297, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Baker rose to speak in strong support of the measure as follows:

"This measure will greatly assist an opportunity in my district to expand coffee on some of the agricultural lands that have been fallow for a significant amount of time. This will not only bring in revenue, but it will assist in helping to further agriculture in our area. It's an industry that is thriving, and if any of you have had an opportunity to have MauiGrown coffee, you'll know that it's very tasty as well. I have some additional remarks in support of this measure I'd like to have included. Mahalo."

The Chair having so ordered, Senator Baker's additional remarks read as follows:

"Mr. President, I rise in support of SB1297 SD1, Relating to Issuance of Special Purpose Revenue Bonds to Assist MauiGrown Coffee Inc.

"The authorization of a special purpose revenue bond will help MauiGrown Coffee, Inc. It will allow the coffee farm and mill to expand in Puukoolii, Maui. This will help protect the crops against coffee berry borers, coffee leaf rust, and other devastating plant diseases.

"Please join me in supporting SB1297 SD1. Mahalo."

Senator Acasio rose to speak in support of the measure with reservations as follows:

"My reservations stem from a one-page fact sheet produced by Budget and Finance about special purpose revenue bonds. The special purpose revenue funding mechanism has been used for projects with a public benefit, including utilities, healthcare facilities, and certain educational and early childhood education facilities. I would like to note that, especially with the pandemic, we see a lot of food insecurity, and, yes, we need to support our agriculture, but I would like to note that coffee is not a food crop. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 916 was adopted and S.B. No. 1297, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST MAUIGROWN COFFEE, INC.," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, Fevella). Noes, none.

Stand. Com. Rep. No. 919 (S.B. No. 229, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 919 be adopted and S.B. No. 229, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in support of the measure with reservations as follows:

“My reservation is regarding the redundancy of requiring the state auditor to report to the Legislature data from each department that this bill already requires each department to report directly to the Legislature 20 days earlier. The worst-case scenario is that the state auditor has only 20 days to track down the data from each department when they fail to provide the data directly to the Legislature, and when departments refuse to comply, the state auditor will get blamed for not issuing a subpoena for missing records from the department sooner—again, records that were already mandated by law to be reported directly to the Legislature. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 919 was adopted and S.B. No. 229, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE OFFICE OF THE AUDITOR,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, Fevella). Noes, none.

Stand. Com. Rep. No. 924 (S.B. No. 645, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 924 be adopted and S.B. No. 645, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, this is not in disrespect to our Maui representatives or senators, but as a note, this measure is another extension, and I think we’ve had two or three extensions for the county councils to be able to utilize the increase for the GE tax. Maui had every opportunity to do it; they consistently do not, and I don’t know how many times we have to extend it. The last time, we were told that was the last time we’re going to give them an opportunity to do that. Again, there’s no guarantee they’re going to do it, so I don’t know how many times we have to keep extending this to them because we continue to do this and nobody’s going to believe us when we say you have a certain time limit because we’ll continue to just allow it, so I hope we don’t continue to do this. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 924 was adopted and S.B. No. 645, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Fevella, Moriwaki, San Buenaventura). Noes, 2 (Kim, Riviere).

Stand. Com. Rep. No. 927 (S.B. No. 666, S.D. 2):

On motion by Senator Dela Cruz, seconded by Senator Keith-Agaran and carried, Stand. Com. Rep. No. 927 was adopted and S.B. No. 666, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Fevella).

Stand. Com. Rep. No. 928 (S.B. No. 1122, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 928 be adopted and S.B. No. 1122, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator Keohokalole rose to speak in support of the measure as follows:

“Mr. President, I know that this bill has generated a certain amount of controversy from the county boards departments of water supply. I would just like to point out, in conversations that I’ve had with them over the past week, that there is no publicly available accounting of unallocated water credits on any water system in the State of Hawai‘i. There are noted worries in the testimony about credit banking, and the question I pose is, how do we know now whether credits are being banked by developers if there is no publicly available accounting of unallocated water credits on any water system in the State of Hawai‘i? This is a disturbing lack of transparency in the distribution of water for things like housing development. So, if a nonprofit housing developer were to acquire a parcel of land on any of the islands to develop affordable housing, the current process requires that developer to ask their respective county department of water supply whether there is water available for their lot for development. If the answer is ‘yes,’ they get the water credit. If the answer is ‘no,’ they are required to pay to develop the source. This seems fair, except, again, there is no actual way to check to make sure the determination of the agency is correct. Not having transparency on an issue as important as water is deeply problematic.

“I’d also like to speak briefly about the arguments related to this bill’s imposition on the home rule of county management. Currently, HRS 54-12, a state law, requires a member of the state Department of Transportation to sit on the Maui, Kaua‘i, and O‘ahu departments of water supply, and HRS 54-52, a special section for Hawai‘i County, outlines the membership of the Hawai‘i County Department of Water Supply—this is a state law—as follows: four members must be from Hilo, one member must be from Hāmākua, one member must be from Kohala, one from Kona, one from Ka‘ū, and one from Puna. No one in my seven years in the Legislature has come to ask us to amend those mandates because they are restrictive impositions by the State Legislature on county home rule.

“I stand in support of this bill because I think that this whole framework is problematic, taking into account, again, our constitutional mandate to allow the Department of Hawaiian Home Lands to produce housing for their beneficiaries. I ask my colleagues to support it. Thank you.”

Senator Inouye rose to speak in opposition to the measure as follows:

“I also want to note that, on behalf of Hawai‘i County, they have nearly 600 unused water service laterals on DHHL properties on Hawai‘i island, and they have not used it as well. Thank you.”

Senator Shimabukuro spoke in support of the measure as follows:

“I’d like to adopt the words of the senator from Kāne‘ohe as if they were my own. I just have additional comments for the Journal for this governor’s package bill.”

The Chair having so ordered, Senator Shimabukuro’s additional remarks read as follows:

“I speak to you today in SUPPORT of S.B. 1122, which will provide protections for the Department of Hawaiian Home Lands’ water rights. S.B. 1122 seeks to address the longstanding concerns of DHHL’s water rights being overlooked during decision making processes. Ultimately, this bill was born from challenges experienced by DHHL in attempting to secure water for existing and future homesteads. Designating appropriate representation for the interests of current and future DHHL beneficiaries on county boards of water supply will further

ensure DHHL's water rights are preserved. I urge my colleagues to support S.B. 1122, S.D. 2."

Senator Acasio rose to speak in support of the measure as follows:

"Mr. President, please insert the comments of the senator from Kāne'ohe as my own in the Journal. Thank you." (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, Stand. Com. Rep. No. 928 was adopted and S.B. No. 1122, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE COUNTY BOARDS OF WATER SUPPLY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (English, Fevella, Ihara, Kanuha, Keith-Agaran, Kim, Moriwaki, Riviere, Taniguchi). Noes, 2 (Gabbard, Inouye).

Stand. Com. Rep. No. 929 (S.B. No. 1334, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 929 be adopted and S.B. No. 1334, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Moriwaki rose to speak in opposition to the measure as follows:

"We support OHA's opportunities to help Native Hawaiians, but Senate Bill 1334 would allow OHA to build 400-foot luxury residential towers on its Kaka'ako shoreline parcels. 2012's Act 15 did not allow for OHA luxury residential towers then, nor could it bind future legislatures; no entitlement exists to undo what is specifically prohibited by law and what would betray the community's trust. In 2006, we passed Act 317, prohibiting the HCDA from approving any plan or proposal for any residential development in the Kaka'ako district makai of Ala Moana Boulevard and between Kewalo Basin and the Foreign-Trade Zone. The act followed strong public opposition to Governor Lingle's HCDA deciding then that A&B could build 400-foot luxury residential high-rises on the makai shoreline. The Legislature acted to protect 'our unique and fragile environment and to properly manage our natural resources for use and enjoyment by our residents.' It also adopted H.C.R. 30, Senate Draft 1, urging HCDA to convene a working group to put in place a Kaka'ako Makai plan that would demonstrate the State's 'commitment to withhold its valuable lands from development for short-term gains and for the long-term good of residents and future generations.'

"HCDA's planners interviewed over 130 stakeholder organizations and individuals. Its advisory group drafted a master plan and 14 principles to guide the development of Kaka'ako Makai. OHA and over a hundred other government, private, and community organizations and individuals were part of this five-year process. This master plan was unanimously approved by HCDA in April 2011, and this [holds up document] is the plan established in 2011, and this Kaka'ako Makai plan said that Kaka'ako Makai would be a gathering place where community and culture converge, meshing with the shoreline's open space and natural scenic beauty. It was to be a safe zone, welcoming all; enriching cultural, recreational, educational public uses; and preserving the shoreline's sense of place, Hawaiian cultural values, and our island lifestyle. When OHA took the makai parcels in settlement a year later, it knew, or should have known, this plan, as well as the legal restriction on residential building, including 400-foot luxury towers. Kaka'ako Makai is the last open space along Honolulu's south shore. Today, by law, it belongs to all of us. Certainly, it's not meant for luxury high-rise units to be filled by offshore investors.

"Today, we have the opportunity to ask OHA to do what we asked UH and DLNR to do in decommissioning telescopes or the Hawaiian Homes Commission on gaming: Return to HCDA, the Kaka'ako Makai planners, and other stakeholders and work to preserve the best of our south shore lands. 'Righteousness' means being stewards of our precious assets. Working together with OHA's strong, new leadership, we can do better for future generations than to build luxury 400-foot residential towers on our open shoreline. Your 'no' vote will send a message that stewardship of our land and people is far, far more important than the short-term revenue gain. Mahalo."

Senator Shimabukuro spoke in support of the measure as follows:

"Governor Abercrombie is pushing for this bill because he knows the history of it. In 2012, OHA was given a take-it-or-leave-it ultimatum by the Legislature, with verbal assurances that they could come back and get the necessary entitlements. OHA came back in 2014 only to be denied. It is time we stop breaking promises to Hawaiians, and stop taking what is rightfully theirs. I have further additional written comments for the Journal."

The Chair having so ordered, Senator Shimabukuro's additional remarks read as follows:

"Another area of concern with SB 1334 are the environmental implications that will be affected as these properties are near the ocean. OHA has identified ten design features to minimize future risks due to climate change and sea-level rise as well as incorporate mitigation measures into commercial and residential development. They aim to be a model for managing the effects of climate change and address the housing needs for Native Hawaiians.

"The increased revenue given to OHA will allow them to fund critical programs and services for their beneficiaries as well as steward our legacy lands. They envision integrated, mixed-use projects that create a Hawaiian sense of place, incorporate culture, commerce, and draw our communities to this revitalized urban Honolulu area. Loosening the restriction from 200 feet to 400 feet will create more land available and provide potential housing for Hawaiian beneficiaries, kupuna housing, student/faculty housing, etc. Maximizing the benefits of these parcels will contribute to the well-being of Hawaii for the next generations to come and advance the principle of indigenous self-determination first envisioned when OHA was established.

"A major impediment to achieving economic security for local people is the lack of access to affordable housing, which includes Native Hawaiians. SB1334 SD1 would allow the Office of Hawaiian Affairs to better meet the range of housing needs of Native Hawaiians and the broader public on their Kaka'ako Makai parcels. Further, passage of this bill will enable a host of development scenarios allowing Kaka'ako Makai to be a place that families and communities can live and thrive. Development of this land needs a mixed use combination of both housing and commercial and recreational space in order to succeed. The passage of this bill would help to increase the parity between Kaka'ako Makai and its mauka neighbors. I urge my colleagues to support SB 1334 SD2."

Senator Kidani rose to speak in support of the measure as follows:

"Senate Bill 1334 will lift the current restriction against residential development for six of OHA's ten parcels. Not all are on shoreline, and they are certainly not going to be luxury units like what is across the street. This will raise the building height limit for two of the ten properties, with the ability to consider options to meet a range of housing needs. This bill is about fairness for Native Hawaiians. The current residential

prohibition in Kaka'ako Makai is a unique law—not an administrative rule or county ordinance, but a state law. Senate Bill 1334 would create parity for OHA with these mauka landowners.

“Act 15, Session Laws of Hawai'i 2012, conveyed to OHA 10 parcels in Kaka'ako Makai, valued at \$200 million, to resolve a longstanding dispute between OHA and the State of Hawai'i. During that same 2012 session, while legislators proposed separate legislation to give OHA the right to develop, that bill was unfortunately not passed at the time, but if you will look at the committee report from the Committee on Judiciary and Labor and Ways and Means, they did express ‘concerns about the fairness of this proposed settlement,’ and recognized that property values of Kaka'ako Makai parcels ‘could be enhanced by certain entitlements that, while not specifically provided for in this measure, could be obtained at a future date.’ That was written in the committee report. Colleagues, please be fair when it comes to Native Hawaiian rights and land use. Mahalo.”

Senator Kim rose to speak in opposition to the measure as follows:

“Again, Mr. President, Senate Bill 1334 proposes to repeal the longstanding protective statute that was enacted to preclude residential development in Kaka'ako Makai to ensure that the shoreline area will remain open and accessible to all. This bill is not about preserving views for buildings on the mauka side of Ala Moana Boulevard. I know OHA is concerned about increasing the revenue opportunities to fund critical programs and services for our beneficiaries as well as stewards of legacy lands, but they can do this with commercial activity, such as a Hawaiian cultural waterfront Pike's Market, like in Seattle, or Fisherman's Wharf, like in San Francisco. It is sad that here in Hawai'i, with all of our waterfront, we do not have this kind of waterfront activity and economic development.

“When we passed Act 15 into law, and other legislators have referred to this, the residential restrictions on the parcels we conveyed to OHA were not lifted. And while the committee report from the Committee on Judiciary and Labor—and it was just said by the previous speaker—did recognize that the property values of Kaka'ako Makai parcels ‘could be enhanced by certain entitlements that, while not specifically provided for in this measure, could be obtained at a future date.’ The optimum word is ‘could be obtained.’ There was no promise, no guarantee, and no assurances. In 2014, the Legislature did not grant this waiver. Historically, between 2007 and 2011, the HCDA conducted a community-based master planning process for Kaka'ako Makai. The process included preparation of an overall vision, program, alternatives, and a preferred conceptual master plan supported by 14 guiding principles. This is a good example of why our community does not trust government. For approximately five years, the community participated in this master planning. It was adopted, and now this measure confirms the public's mistrust of government as one piece of legislation, no matter how noteworthy, violates the plan. It says that there's no predictability or stability of following the rules. Now, if this were happening in my district or happening in your district, would you be voting for this?

“I want to quote what Governor Ariyoshi said. ‘If one exception is made, it could be difficult to deny others. We are not against all development,’ he says. ‘We understand the people need housing, but ask yourselves: Is this the right place? We need to preserve for the people what little oceanfront we have left, not only in Kaka'ako Makai, but the entire state. We support smart development that puts emphasis on people first over profits. In closing,’ he says, ‘the Kaka'ako Makai master plan, along with the law, has protected this land from becoming another Waikiki to ensure that this last public oceanfront land in Honolulu will be preserved for the enjoyment for all of the

people of Hawai'i. It is too late for Waikiki, but not too late for Kaka'ako Makai.’

“Mr. President, when A&B wanted to develop, the people fought against it. When I met with OHA, I asked them, if you did not own this land, and if a mainland developer wanted this waiver, would you support it? I doubt it. Remember, OHA will not necessarily be the developer. They will hire a private developer, and there is no restriction against them selling these parcels. And so, for those reasons, I will vote ‘no.’ Thank you.”

Senator Keohokalole rose to speak in support of the measure as follows:

“I ask my colleagues for a little latitude because I'm going to make controversial statements, and I don't plan to speak after this. First, the attorney general has stated that these lands, these Kaka'ako Makai lands that OHA owns, are Native Hawaiian trust assets. They are not public lands. They are Native Hawaiian trust fund lands that must be administered by the board of the Office of Hawaiian Affairs pursuant to their fiduciary responsibilities, so if we decide not to let this bill proceed, then OHA should consider monetizing this trust fund asset in accordance with their fiduciary responsibility to manage trust assets to their highest and best use.

“Secondly, I want to acknowledge that, 15 years ago, the community came together to fight a really bad proposal in Kaka'ako Makai. They deserve credit for that. I'd like to note that the luxury housing across the street, I think, is shameful, especially taking into account the need for housing and the crisis situation that we have in this state.

“But the reason I support this bill is because we need housing for our residents, and I think we should do it there, in the urban core, near the jobs, infrastructure, and the rail line. And just for consistency, I have supported the construction of senior housing in Kane'ohe to criticism, and I have supported the construction of affordable housing right in the middle of Kailua, near jobs, transit, and infrastructure, to really significant criticism because I think that we need housing for our people because it's a crisis, and I think that's a controversy that we should be discussing and debating here openly. So the question is, if we're not going to build housing here, in this urban area, and we're not going to build housing in planned communities, as noted earlier, which are bursting at the seams on the island of O'ahu, and we're not going to build on ag land, and we're not going to build in the rural areas, because we're going to keep country country, and we're not going to build in the conservation areas, then where? Always somewhere else. And I note that the reservations and the opposition of community members and individuals on every specific project that I've seen since I've been in office have all been noteworthy, but it's always ‘somewhere else.’ And to speak to credibility, from my experience, we have no credibility in this body or in the state to the young families who constantly check Craigslist for rentals in my district, and can't see any whole-home rental offerings on the Windward side for under \$3,500 a month, or the young families who are trying to figure out a way to put together a down payment on a \$900,000 offering, of which, at any given point, there are less than 200 for sale on the island of O'ahu.

“So, 15 years ago, it was the right thing to do; I can agree to that. But, today, with a projected 65,000-unit housing shortage, it may still be the right thing to do, but I don't think it's the equitable, fair, or just thing to do, or to just keep saying ‘build somewhere else.’ This, in general, has been our housing policy for the last 25 years. And we see the impacts: multiple-year population decline in Hawai'i, and we're not losing snowbirds. Mark Zuckerberg is not crying about housing prices. These are my classmates, my friends, my family who are leaving. They are leaving because they have nowhere to go. I remember when I first ran for office in 2014, I spoke to a senior couple in

Kāne'ohe, and they lamented to me, really, about how hurt they were that the only time they ever saw their grandkids were on the holidays when they came back to visit. This is a couple who played by the rules; they worked hard their whole life, paid their taxes, and the benefit they get in their golden years is to not see their family because they moved away. Few of our social issues in Hawai'i are not connected to the housing shortage. We know this. We know homelessness is. We know economic competitiveness and talent development is. The WAM chair speaks about the brain drain all the time, and it's related to the cost of housing and the availability of housing. Right now, we are short police, teachers, and doctors—fundamental roles in our society. We cannot staff them, and when we ask them why they leave, it's because they cannot afford housing. There are many other reasons, and the conversion of intended affordable housing units to luxury or unaffordable housing, I already talked about. I support being aggressive to address those problems. That's why I support many of the innovative ideas and sometimes controversial ideas of the Housing chair.

"But, mainly, if we choose not to pursue this bill and bills like this, then we should be honest with our kids, the 12,000 of them who graduate from high school in Hawai'i every year, and we should be honest to our young families. This place can and should be a place for housing, and we should figure out how to make sure local people actually live here. It's been done in other areas, and it's actually been done in places in Kaka'ako, but let's be honest. Let's be honest about our housing policy over the last 25 years. The net result is that in Hawai'i, we have the equivalent of a one-child policy. We have not prepared a place for our children. So when we talk about preserving this area as a gathering place for the next generation ... and I surf there. I bodyboarded at Kewalos when I was in college, high school, because I used to work across the street in a restaurant job, and I was a Wall rat in Waikīkī when I was in high school. When we talk about preserving this place as a gathering place for the next generation, who exactly are we preserving it for? The rich are already there, and we have not prepared a place for our children, so, again, I think we should just be clear with our kids. If we are serious about this, then we should consider this bill, and if we are not, then we should tell them the truth: that it's in their best interest to leave, because 12,000 of them a year graduate from high school, and we have built, over the last 25 years, nothing near the number of units to accommodate that growth. And so, for that reason, I ask my colleagues to support this bill. Thank you."

Senator Riviere rose to speak in opposition to the measure as follows:

"Act 15 of 2012 is very clear: It says again and again and again that, by conveying these acres of land at this agreed-upon value, this extinguishes all claims past and present to that date of June 30, 2012. It's unequivocal that it resolved the issues. So what is at stake now, what is being considered, is should we give additional value to OHA? Well, that's one thing to debate. I guess if we did that, there's ongoing claims, and I am generally in support of OHA. On many, many issues, I'm generally there to support them; on this one, I can't. I cannot because the community was very strong, and the vision was made, and the decisions were made by this legislature to not allow residential housing in there. Notwithstanding the impassioned speech of the previous speaker, there's no assurance that any residential development on this land is going to be for affordable, for local people. We've blown it, in my opinion, in Kaka'ako in general. We built tons and tons of rich-guy condos, high-rises. We didn't meet the need of affordable housing. So whose fault is that? There's fault to go around there. I don't think we had any obligation to build fancy penthouses for wealthy people from other places, so we've missed that opportunity. There's nothing in this legislation that would change the course of that. I mean,

we've got even more valuable land, potentially, if we were to build high-rise residential on Kaka'ako Makai.

"Identifying two parcels for one landowner through this bill is, in my opinion, I think it's probably pretty clear—that's special legislation. It's not of general applicability, so I think we have a constitutional question at stake here. Kamehameha Schools owns the land, generally, in between these two parcels. Why are they not allowed to build taller buildings to realize additional revenues? There are so many concerns with this, and I would note also that in the testimony in 2012—I went back and read the testimony—the attorney for OHA said he appreciated and OHA appreciated the efforts to give added value to it, but that wasn't necessary; the conveyance of the land was what was important. There's also testimony in there from the consultant who worked for many years with the Office of Hawaiian Affairs to identify real estate that might be of value, and he said this was the highest-rated land that they could identify.

"Finally, I would think that the value has not dropped in the last nine years. I don't think the value in Kaka'ako is plummeting, so the opportunities are still there for the Office of Hawaiian Affairs to do what's right by existing and understood parameters. They've got the resources to do it, to execute a vision, and I really believe they need to work more collaboratively with HCDA and the Kaka'ako development area to devise a plan. This is not the time to grant them this approval, so I stand in opposition. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"Mr. President, may I ask that the comments from the senator of Kāne'ohe be entered in the Journal as if they were mine? Mahalo." (The Chair so ordered, by reference only.)

Senator Acasio rose to speak in support of the measure as follows:

"OHA is underfunded and forced to develop their parcels in Kaka'ako to generate revenue for their beneficiaries. Putting OHA in a position to raise revenue for themselves and then prohibiting them from developing underscores the implicit bias in this double standard.

"However, while I'm still in support, I have additional thoughts. There are many Native Hawaiians experiencing homelessness in Kaka'ako and elsewhere who would not directly benefit from residential development, necessarily, and who would, in fact, be displaced from the land in order for OHA to develop their parcels. In that case, I would hope that there is a plan for that displacement. Additionally, most Native Hawaiians could not afford to pay the exorbitant costs of living in Kaka'ako, no matter if the apartment is deemed affordable or not. I would like to see the State find ways to fund OHA without putting them in a position to compromise the needs of their beneficiaries. Mahalo."

Senator Fevella rose to speak in support of the measure as follows:

"I was going forward, I had a lot of mixed feelings about this bill. I am confident with the new leadership of OHA, going forward, we can make amends for what the previous speaker has said about our houseless families in Kaka'ako. Going forward, that should be a priority in not only developing that land, but incorporating the people and our families who are living on the street today. As I went forward, I had a lot of mixed feelings, like I said, because I don't trust OHA, like a lot of people out there, because of the previous administration, but I have confidence, going forward, that OHA can do right by the people and by the beneficiaries, especially the families who live in the area, and I thank you for this opportunity."

Senator Kim rose to speak in rebuttal as follows:

“I’d like to just state that I agree we do have a housing shortage. I agree that it is a serious one, and I agree with the senator from Kāne’ohe, but what I don’t agree with is that we’re placing all of these problems that we have had for decades on this little waterfront property that, in fact, the community has had years and years of participation in order to keep this area open. We have a lot of areas in Kaka’ako along Ke’eaumoku Street, we have housing coming up, and they are not all affordable, and whose fault is that? I mean, we appoint the HCDA and confirm them—the governor appoints, we confirm them—and yet, we’ve allowed all of these units to go up and they’re not affordable, so to say that this particular bill will solve all of our housing problems or is going to provide all of these units, and that’s the reason we should support it, I think it somehow doesn’t compute for me, so, with that sense, it is not because we are against affordable housing. We can put it in different places, and we need to regulate it better and not necessarily put it on our coastline and put it on our waterfront. Thank you.”

Senator Moriwaki rose to speak in rebuttal as follows:

“I just would like to respond to the previous speakers in support. I don’t think that we’re saying that OHA does not have the right to build. I think, in representing the area and seeing the hundreds of hours that people put into making sure that we have a shoreline that everyone can enjoy—because it’s not just the Kaka’ako residents who enjoy that area—that it really is about us, and, if nothing else, if this body is going to step in and make law when the community has other processes, and they’ve worked hard to do this, and they came together (and OHA was part of that), why not have them go back and work together and work on a plan that will be just and right, not only for OHA, but for the rest of us, for the rest of the community? And that’s all I ask. This bill says, no, you’re just going to make a law and usurp laws that were already in place for many, many years of working together, so all this will do is allow for people to come in and say, you know, ‘this is right now, and I need housing now,’ and not allow for people to voice their opinions, to come together, and find a way that is really right for everyone, so I ask you to think about your vote. Thank you.”

Senator Chang spoke in support of the measure as follows:

“I’d like to adopt the remarks of the senator from Kāne’ohe as if they were my own. (The Chair so ordered, by reference only.) And I have further written comments in support. As the senator from Kāne’ohe mentioned in his impassioned and highly persuasive floor speech, housing does have to go somewhere, and I’d like to commend the colleagues of ours who have stood up in favor of specific sites for housing, and I’d like to encourage all of those members today who are in support of affordable housing, though not at this site, to submit their measures, their legislation, to specifically site housing in other specific locations. As the Housing committee chair, I stand very open to hearing those resolutions and bills, either this session or next session or in future sessions. Thank you, Mr. President.”

The Chair having so ordered, Senator Chang’s additional remarks read as follows:

“SB1334 is a bill that allows the raising of the building height limit for two of the six parcels owned by the Office of Hawaiian Affairs (OHA) in the Kaka’ako Makai area to four hundred feet. Furthermore, it lifts the restriction against residential development for any residential developments by OHA or third parties to which OHA conveys the parcels.

“**I strongly support this bill.** Hawaii’s housing shortage is the most severe in the nation. Housing prices have continued to go up even as residents struggle through the worst economic crisis in generations. The median price of a single-family home

on Oahu is now over \$900,000. Simple economics tells us that if we want to reduce housing prices, we have to increase the supply of housing. This bill will do just that.

“It enables OHA to unlock the potential of their Kaka’ako Makai lands. OHA’s goal is to use integrated, mixed-use projects to create a Hawaiian sense of place that incorporates culture and commerce, and entices the community. Housing is necessary to achieve this. Ultimately, Kaka’ako Makai must be a place where families and communities can thrive.

“Furthermore, this bill is not just about housing, it is about fairness for Native Hawaiians. The current residential prohibition in Kaka’ako Makai is a state law that essentially prevents OHA from developing residential properties, despite other landowners next to them being able to. This bill will give OHA the same rights that their neighbors enjoy.

“This legislature should recall that the parcels were conveyed to OHA to settle a debt owed to the Native Hawaiian people. Lands that are supposedly worth \$200 million remain largely dormant with empty parking lots and rundown buildings. Giving OHA the right to residential development will allow for a revitalization of this area and enable OHA to unlock the true potential of their lands.

“**I strongly support this bill.** The 2012 Legislature gave a check to OHA to settle the State’s debt to the Native Hawaiian people. Yet this check is marked ‘insufficient funds’, because of a restriction that we chose to not address at the time of the passage of the settlement. It is time to let OHA cash this check. It is time to give them the right to develop residential properties on these lands. It is time for my colleagues to join with me and support this bill.”

Senator Kidani rose to speak in rebuttal as follows:

“I appreciate the previous speaker’s comments about the many hundreds of hours that people have spent discussing in the neighborhood, but I would like to remind everyone of the hundreds of days, months, and years that the Hawaiians have been waiting for their lands. We’ve put Hawaiian lands in Hawaiian hands, but we’ve taken the right for them to live and work there and to build there. I think it’s time for us to stop and think about this, and let’s move on and pass this bill. Mahalo.”

The Chair then commented:

“I’d like to thank the members for a healthy debate. I know Les tells me I can say nothing to influence the vote one way or the other from here; I just would say I believe, on the committee report, I was a conferee on the conveyance, and have found this debate bringing back many memories of serving on that conference committee.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 929 was adopted and S.B. No. 1334, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19; Ayes with Reservations (Lee). Noes, 6 (Ihara, Kim, Misalucha, Moriwaki, Riviere, Taniguchi).

Stand. Com. Rep. No. 930 (S.B. No. 767, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 930 be adopted and S.B. No. 767, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Inouye rose to speak in opposition to the measure as follows:

“Unlike medical marijuana, the legalization of recreational marijuana, even in a highly regulated form, will introduce us to

new problems and unintended consequences. Let me share some of the administrative and enforcement issues.

- The state attorney general's office has noted concerns regarding the legal amount an individual can have in possession versus the amount of plants that an individual may be allowed to be grown on property for personal use.
- 'Personal use' would not stop some users from selling cannabis to other users, including minors.
- While cannabis retailers will be legally set up to do business, there is no guarantee that individuals will stop selling marijuana to other individuals on the open market, as it is today.
- The burden of regulating cannabis establishments will fall onto the Department of Taxation, of which they have no experience in this area.
- Law enforcement will be unable to enforce some or all parts of the proposed cannabis law.
- While the proposed statute prohibits the use of cannabis in public parks and places that serve alcohol, enforcement will be difficult.

"Let me share some of the social and other unintended consequences.

- Legalizing recreational cannabis would be devastating our children and other communities.
- Since the 2013 legalization of marijuana in Colorado, that state is in the top 10 of states with the most drug use problems.
- Legalization of recreational marijuana has contributed to higher rents. Drug dealers and distributors have moved into many neighborhoods. They offer to pay landlords higher rents and often squeeze working-class tenants out of their homes.
- This will make Hawai'i's housing crisis worse.
- Legalized recreational marijuana is not family-friendly.
- Marijuana is a very potent drug with THC levels between 20 to 30 percent. Compare that to how it was 20 to 30 years ago, at 2 to 3 percent.
- Marijuana is a 'gateway drug' that leads children to trying other drugs.
- Marijuana use has contributed to permanent loss of brain abilities.

"These are some of the reasons why legalizing recreational marijuana is not a good idea. I ask my colleagues to oppose this measure. Mahalo, Mr. President."

Senator Acasio rose to speak in support of the measure with reservations as follows:

"I'm just concerned that deferring this payment would increase liability of net payments by \$4.1 billion. We will be forcing future taxpayers to pick up this debt when we should be closing tax loopholes for the wealthy today. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 933 was adopted and S.B. No. 1087, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYER-UNION HEALTH BENEFITS TRUST FUND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio rose to speak in opposition to the measure as follows:

"Environmental safeguards in section 401, water quality certification, are in place for a reason. Removing these safeguards is a step backward for environmental safety, especially in both known and potentially degraded and toxic beaches or coastlines. Specifically, I think of Hilo Bay in that regard. Mahalo."

Senator Rhoads moved that Stand. Com. Rep. No. 938 be adopted and S.B. No. 1147, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Baker rose to speak in strong support of the measure as follows:

"E-cigarettes and electronic smoking devices are commonly used by Hawaii's schoolkids. We know the risks of youth tobacco use. Exposing the body to harmful effects during a time of crucial development is not something we should wish on our young people, but we also know now that it puts kids at greater risk of COVID-19. Reports have shown that Hawai'i has some of the worst e-cigarette use rates in the country. We need to take action now to curb this issue.

"This measure will increase fees for wholesaler permits and licenses, which will then shift the cost burden to the purchaser. One of the best ways to prevent kids from buying e-cigarettes is raising prices. Right now, e-cigarettes are not taxed in the same

way as other tobacco products. That means that it's cheaper to buy e-cigarettes, which is one of the reasons why user rates are so high. I believe we must pass this measure to ensure that our kids are deterred from buying e-cigarettes; it's a matter of their health and their continued development. Please join me in support of Senate Bill 1147, Senate Draft 2. Mahalo."

Senator Rhoads spoke in support of the measure as follows:

"E-cigarettes are basically a way to get started on tobacco products, and, at this point in the pandemic, in the United States, we're up to about 525,000 deaths from COVID. Every year—every year—for years and years and years, decades, there's been roughly 440,000 tobacco deaths in the United States. Tobacco is a huge public health problem. If we could curb tobacco use by a few percent every year, society in general would save billions and billions of dollars. And just in case you think that because you're not a smoker that those numbers don't really apply to you, 40,000 of the 440,000 deaths a year from tobacco use are secondhand smoke. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 938 was adopted and S.B. No. 1147, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO PRODUCTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 940 be adopted and S.B. No. 932, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Acasio rose to speak in support of the measure with reservations as follows:

"My concern with this measure has to do with removing the Public Utilities Commission oversight of \$50 million in projects. New language in section 2 states, 'Funds deposited into the clean energy and energy efficiency revolving loan fund shall not be under the jurisdiction of, nor be subject to approval by the [public utilities] commission.' I'm concerned about this, even though the rest I support. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 940 was adopted and S.B. Senator Rhoads moved that Stand. Com. Rep. No. 943 be adopted and S.B. No. 789, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Acasio rose to speak in support of the measure with reservations as follows:

"Procurement Office states, 'If the method is absent of full competition, it contradicts the purpose of the [Procurement] Code. Public procurement's primary objective is to provide everyone equal opportunity to compete for government contracts, to prevent favoritism, collusion, or fraud in awarding of contracts. To legislate that any one entity should be exempt from compliance with both HRS chapter 103D and 103F conveys a sense of disproportionate equality in the law's application.' Current amendment limits exemption to 'as is practicable under the circumstances,' which is extremely vague and puts a lot of discretion on one person with politicized implications. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 943 was adopted and S.B. No. 789, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Fevella rose to speak in opposition to the measure as follows:

"The reason for my opposition is that, later on in the bill, it's amended, going back, saying 'limited gaming.' Again, we are here are using this as an economical engine for Department of Hawaiian Home Lands to go into looking to, again, the controversy of limited gaming facilities on Hawaiian home lands. Other potential revenue-generating ... This bill came out, I understand that they were trying to generate money, get the Department of Health to give them a license for dispensary on the property, and we still had a lot of opposition. Not just with Native Hawaiians, but non-Native Hawaiians, but then, in this bill, at the end, we're putting in, again, as an economical generating for Hawaiians; we're talking about limited gaming again. So, if that was the case, we should've just taken the vote when we were in committee so we could get this thing over with. We had over 40,000 opposition to limited gaming on the petition that was online—40,000. And then, here we are, fourth quarter, adding it to Senate Bill 86, S.D. 3. We've already saw the opposition and large opposition that we had. Going forward with this bill, I think, would be just useless. Thank you."

Senator Shimabukuro spoke in support of the measure as follows:

"I just want to clarify that the section dealing with limited gaming is just to talk about a study, and so it's just a study being conducted between now and next session where DHHL would do beneficiary consultation to see if limited gaming or medical marijuana dispensary or other forms of revenue generation is something they want to propose to us next year. And I have additional written comments in support of this bill."

The Chair having so ordered, Senator Shimabukuro's additional remarks read as follows:

"Much like the various bills heard in the Legislature this session regarding casinos and lotteries, I believe we must continue to have conversations on alternative methods on how we can generate revenues that will ultimately benefit Native Hawaiians and their homelands. S.B. 86, S.D. 3 is a further example of this idea, expanding the medical cannabis dispensary program administered by DOH on Hawaiian Home

Lands with revenues generated to go towards development of Hawaiian Home Lands. The waitlist for homesteads continues to grow each day and we still do not have a reliable source of revenue that will provide reliable and consistent funding that will go towards developments that will house our Native Hawaiian community. This bill is also about self determination for Native Hawaiians to use their agricultural land as they please to have the option to take advantage of the rapidly growing medical cannabis industry. I urge my colleagues to support S.B. 86, S.D. 3.”

Senator Acasio rose to speak in opposition to the measure as follows:

“Please insert to the Journal the comments from the senator from ‘Ewa as my own. Mahalo.”

Senator Fevella rose to speak in rebuttal as follows:

“I understand what the bill says about going out and doing a study on this. The reason why it’s concerning is because, again, consultation for beneficiaries is 3 to 7 percent or less, even the time of the pandemic, and this is also said by Deputy Gomes that the consultation doesn’t get out to every single person on the list and even on homestead, so to have a beneficiary consultation, even in the future, on something already that a majority of the people on homestead and the beneficiaries signed the petition and was in opposition—going forward and doing this study, again, it would be not necessary. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 945 was adopted and S.B. No. 86, S.D. 3, entitled: “A BILL FOR AN ACT RELATING TO HAWAIIAN AFFAIRS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 19; Ayes with Reservations (Ihara, Misalucha, Riviere). Noes, 4 (Acasio, Fevella, Kim, Moriwaki). Excused, 2 (Dela Cruz, Shimabukuro).

Stand. Com. Rep. No. 946 (S.B. No. 243, S.D. 2):

Senator Keith-Agaran moved that Stand. Com. Rep. No. 946 be adopted and S.B. No. 243, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Acasio rose to speak in support of the measure with reservations as follows:

“I support the intent of this measure; all of the testimony in support strongly urged the Hawaii State Energy Office to take the lead in developing a strategic plan instead of Hawai‘i Natural Energy Institute, including testimony from Hawai‘i Natural Energy Institute.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 946 was adopted and S.B. No. 243, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, 2 (Dela Cruz, Shimabukuro).

Stand. Com. Rep. No. 947 (S.B. No. 257, S.D. 2):

Senator Keith-Agaran moved that Stand. Com. Rep. No. 947 be adopted and S.B. No. 257, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator English.

Senator Rhoads spoke in support of the measure with reservations as follows:

“I’m concerned that, when someone has a lease for a really long time, that it becomes—even though technically it’s not a sale, the longer the lease is, the more and more it looks like a sale. And the flipside of that is that the businesses or the people

who had those leases for a long time start to feel like they own the land when, in fact, they don’t. The ceded land part of it makes it even worse; I would feel the same if it were simply public land, but when there’s ceded land involved, I think it makes it even more difficult. I believe there needs to be a process when leases expire, these long-term, 65-year leases expire, for other bidders to come in and say, ‘Here’s what I would do if you would give me this lease for this period of time.’ Thank you.”

Senator Fevella rose to speak in opposition to the measure as follows:

“As it was stated previously, when is it going to be enough on extensions? We have a lot of lease, even now; I’ll give you an example: Ka Makana Ali‘i. After 65 years, do we really think that Ka Makana Ali‘i is going to turn that back over to Hawaiian Homes? That’s what it says in here, that when the lease runs out, it needs to get out, and I totally agree: These guys making these long-term leases, non-Hawaiians making these long-term leases, take ownership and think they own the property and continue to go on, waiting legislatively and governor, by governor, keep on deteriorating the ceded land and the public land for our people of Hawai‘i. We’re already talking about that we don’t have enough land for put people on properties, but then we keep continuing to renew and renew some of these leases, and I think we should take a stand on the Senate floor and say, ‘Enough is enough with these extensions.’ Thank you.”

Senator Acasio rose to speak in opposition to the measure as follows:

“Please insert into the Journal the previous speaker’s comments as my own, and I also would like to say: Leases of public lands must include a meaningful chance for the public to weigh in prior to any extension approvals or denials of public lands. Mahalo.”

Senator Inouye rose to speak in support of the measure as follows:

“This measure includes TMKs, and these TMKs are on Hawaiian home lands, and these are commercial uses, so the benefit will be going back to our Hawaiian home lands and its beneficiaries. Mahalo.”

Senator Fevella rose to speak in rebuttal as follows:

“We understand that, but, going forward, we know that the leases and the lease extensions and the leases not really benefiting the people of Hawai‘i because the leases are dirt cheap, very cheap, and not profitable to help the Hawaiians to put Hawaiians on land. Right now, Ka Makana Ali‘i gives only \$5 million a year on a land that they make three to five times the amount. During the pandemic, nobody in Ka Makana Ali‘i had a break in their rent. And when they say, Tyler Gomes said, that they were getting hard time pay their lease, none of the people there had a break. Three stores closed because they couldn’t afford it during the pandemic. So, making good choices and having good lease rent to benefit the Hawaiian people, that I can see, but going forward with this kind of dirt-cheap lease—solar farms, all that land: \$200,000 a year. Two hundred thousand! You can make five to ten times that amount on that property, so, again, we need to choose and be very careful when we giving people 65-year leases. Thank you.”

Senator Inouye rose to speak in rebuttal as follows:

“Mr. President, just for clarification, if you notice the TMKs, it also has a zip code: 96720 is in Hilo, Hawai‘i. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 947 was adopted and S.B. No. 257, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO LEASE

**ORDER OF THE DAY**

**THIRD READING**

**MATTERS DEFERRED FROM TUESDAY, MARCH 9, 2021**

Stand. Com. Rep. No. 718 (S.B. No. 946, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 718 be adopted and S.B. No. 946, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Dela Cruz rose to speak in support of the measure as follows:

“If I can just have my remarks to all deferred matters relating to tax relief? I noted on my floor remarks this past Tuesday the American Rescue Plan includes restrictions on the use of funds being provided to the state. Specifically, funds may not be used to reduce taxes directly or indirectly. Ultimately, consideration on balancing how to provide relief to our working families and not run afoul of federal restrictions will be determined on guidance the U.S. Treasury provides on the American Rescue Plan Act, which has yet to be published. At this point in time, the guidance we are receiving is that if legislation would result in a decrease in tax revenues, then there needs to be legislation, a tax package, that would offset the decrease as to not run afoul of the restrictions included in the American Rescue Plan Act. If we pass and enact legislation that results in a net tax decrease, the state will forego the equivalent amount of federal aid from the state fiscal relief fund in the law. Our staff is in contact with and is contacting our congressional delegation, Leader Schumer’s office, and the U.S. Treasury for guidance. To avoid jeopardizing Hawai‘i’s share of the American Rescue Plan Act, these bills may be deferred at a later time. Thank you.”

**RE-REFERRAL OF A SENATE RESOLUTION**

The Chair re-referred the following Senate resolution that was offered:

- S.R. No.: Re-referred to:  
S.R. No. 12 Committee on Agriculture and Environment

At this time, Senator Taniguchi rose to speak on a point of personal privilege as follows:

“Mr. President, I would like to request that the Senate adjourn today on a rising vote and observe a moment of silence in commemoration of the 10th anniversary of the Great East Japan earthquake and tsunami. The Great East Japan earthquake and tsunami took place on March 11, 2011. It was a magnitude 9.1 and the most powerful earthquake ever recorded in Japan. The earthquake triggered a powerful tsunami that reached over 130 feet. The tsunami caused three reactors in the Fukushima Daiichi Nuclear Power Plant to melt down. It killed nearly 20,000 people, and 2,500 people are still missing. Today, thousands of people have not returned to their homes in the area

for various reasons, including high radiation. Through this moment of silence, I hope we can convey our deepest condolences to all those affected by this tragic event. Thank you.”

Senator Keohokalole spoke on a point of personal privilege as follows:

“Today also marks the one-year anniversary of the World Health Organization designation of COVID-19 as a pandemic, and I’d also like to request a moment of silence on behalf of the more than 2.6 million individuals globally who’ve lost their lives, including more than 500,000 Americans. Thank you.”

**ADJOURNMENT**

At 11:48 a.m., on motion by Senator Keohokalole, seconded by Senator Fevella and carried, the Senate adjourned until 11:30 a.m., Friday, March 12, 2021, on a rising vote, observing a moment of silence in commemoration of the tenth anniversary of the Great East Japan Earthquake and Tsunami, as well as a moment of silence in commemoration of the one-year anniversary of the World Health Organization’s designation of COVID-19 as a global pandemic.

#### ORDER OF THE DAY

#### ADVISE AND CONSENT

Stand. Com. Rep. No. 975 (Gov. Msg. No. 503):

Senator San Buenaventura moved that Stand. Com. Rep. No. 975 be received and placed on file, seconded by Senator Ihara and carried.

Senator San Buenaventura then moved that the Senate advise and consent to the nomination of CATHERINE BETTS as Director of the Department of Human Services, term to expire at noon on December 5, 2022, seconded by Senator Ihara.

Senator San Buenaventura rose to speak in strong support of the nominee as follows:

“Colleagues, I urge you to join me and support the nomination of Cathy Betts to continue as director of the Department of Human Services. In the wake of disasters such as the COVID-19 pandemic, the work of DHS becomes especially important, and I am confident that the department will continue to dutifully serve its mission under Director Betts’s leadership. While the demands of the position are great, I believe that Director Betts possesses the passion, determination, and work ethic to uphold the fine reputation that DHS has earned under her predecessor.

“From a young age, Director Betts was inspired to help those in need after seeing firsthand the consequences of what happens when vulnerable members of our community fail to get the support they deserve, especially in her position in the Commission on the Status of Women. Director Betts’s work with DHS started in 2008 as a deputy attorney general, where she represented DHS and Department of Health in child welfare cases and involuntary commitment proceedings. In 2017, she was appointed as deputy director of DHS, under Director Pankaj Bhanot, in managing and overseeing operations for the department, including all policy and budget decisions. When Director Bhanot retired in the middle of the pandemic, Ms. Betts was able to step into his shoes without a hiccup. Despite a huge rise in SNAP and Med-QUEST applications, DHS was able to handle the huge influx without complaints.

“Prior to joining DHS, Director Betts has also served, again, as the executive director of the Hawai‘i State Commission on the Status of Women. Her legal experience included a private practice as a partner of Betts & Wood, in the fields of immigration and family law; as an associate attorney for Greg Ryan; as deputy attorney general for the Department of the Attorney General; as well as a law clerk for the Honorable Derrick Chan and the Honorable Marcia Waldorf. She was also a community outreach and educator for the Sex Abuse Treatment Center at Kapi‘olani Medical Center for Women & Children.

“In closing, with Director Betts’s extensive experience and passion for serving others, I trust that she will meet the high expectations set by those who came before her, and I urge my colleagues to join me and support her nomination. Thank you.”

Senator Fevella spoke in support of the nominee as follows:

“I had her visit not once but twice, having intense conversations with her, having the confidence. On her previous director, we had lot of talks, too, and having the confidence that, like our previous speaker just said, in having her go ahead and just step in and go pretty much 100 percent forward, was awesome. Just knowing her compassion and her love for her job, I have a lot of confidence, and colleagues say the same thing, you guys, that she would do a great, great service, and is one of the few interviews that I had that I was very proud to know that we have somebody with the compassion that she has. As her former boss and me used to say, you know, you gotta love the job, and she does, and I can see that, and I appreciate that, and, like I said, I ask everybody to nominate and advise and consent because she’s a pretty good person. Thank you.”

Senator Baker rose to speak in strong support of the nominee as follows:

“I’ve had an opportunity to work with her on a number of women’s issues, and I know that her expertise, compassion, and care will serve her well in the Department of Human Services. I would like to ask that the words of the senator from Hawai‘i island be inserted into the Journal as if they were my own. Mahalo.” (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator San Buenaventura introduced Director Catherine Betts, who was present and participating via videoconference along with her husband, Aubrey, and their sons Orion and Bodhi.

The Chair then made the following comments:

“Madam Clerk, before taking the next item on the agenda, I do want to say to Cathy, when she sent me a communication when she was heading the Commission on the Status of Women, in the salutation, I forgot if it said ‘J.D.’ or ‘Esquire,’ and I realized she was an attorney. I had urged her back then to apply to the Judicial Selection Commission, and I really thought that she would be a fantastic judge as we were trying to encourage more women to the bench. But I want to tell you this morning, Cathy, I am so incredibly grateful that you completely ignored and disregarded my suggestion, and during this time of the pandemic, the job that you have done as both deputy and as director at DHS has been incredible. And while I still hope, someday, I may get to vote to confirm you as a judge, you have done an incredible job in servicing the people of Hawai‘i and the balance of your family, and as we had a contemplator talk about the incredible difference women are making, as a Filipino woman, you continue to be a role model for young women of

Filipino ancestry to know that there is no limit to what they can achieve, so congratulations.”

Stand. Com. Rep. No. 976 (Gov. Msg. No. 504):

Senator Taniguchi moved that Stand. Com. Rep. No. 976 be received and placed on file, seconded by Senator Ihara and carried.

Senator Taniguchi then moved that the Senate advise and consent to the nomination of ANNE PERREIRA-EUSTAQUIO as Director of the Department of Labor and Industrial Relations, term to expire at noon on December 5, 2022, seconded by Senator Ihara.

Senator Taniguchi rose to speak in support of the nominee as follows:

“Your Committee on Labor, Culture and the Arts held a public hearing on February 3 to consider the appointment of Anne Perreira-Eustaquio. She is currently the acting director of Labor and Industrial Relations. Prior to that, she served as the department’s deputy director, unemployment insurance administrator, unemployment insurance program development officer, and in a variety of other positions in a distinguished career in public service. She holds a bachelor of business administration degree in accounting and a master’s degree in business administration from Chaminade University of Honolulu. Ms. Perreira-Eustaquio’s background, experience, and dedication to serving the public, especially in addressing the extraordinary challenges brought on by the COVID-19 pandemic, qualify her to be appointed as director of Labor and Industrial Relations. I urge the Senate to advise and consent to the appointment. Thank you.”

Senator Moriwaki rose to speak in support of the nominee as follows:

“I have many constituents who are unemployed in the visitor industry and allied services, and I have worked firsthand with the director. Anne has been wonderful. I do want to say that she has supported individuals—I see her working seven days a week with her staff as well as addressing individual complaints. We on the COVID committee saw what she walked into to take over the acting directorship. Anne has done a really good job given the circumstances of an aging computer system as well as the hundreds of thousands that were unexpectedly coming to her door, so I strongly support her nomination.”

Senator Fevella spoke in strong support of the nominee as follows:

“It was a privilege and honor to meet her at the convention center, showing how organized and how quickly she responded to the State of Hawai‘i in trying to get everybody paid. And I learned a lot going there and knowing how much attempted, and not only attempted, but fraud, that was coming in that she had to have a whole room with great, great people in there, trying to get things moving as fast as she could to get people paid, and then, not only that, just having the opening of her having a great dialogue with my staff, especially my office manager, Elizabeth, and just working with them in trying to expedite and trying to work and go through the whole process of explaining to people why things are taking so long and having the patience to explain to the staff not only upstairs but downstairs how to talk to our community and our people who are waiting desperately for their money, so I applaud her for all that she does and doing, and I strongly support her nomination. Thank you.”

Senator Inouye spoke in support of the nominee as follows:

“I’m so proud of our Hilo girl who’s accomplished a lot. She’s been there in the division for so many years, and we’re just so proud of her, and I’d like to add, Mr. Chair, that the words of the chair of Labor be included into the Journal as if

they were mine as well. Thank you.” (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Taniguchi introduced Director Anne Perreira-Eustaquio, who was present and participating via videoconference.

The Chair extended his thanks to Director Perreira-Eustaquio for her service.

Stand. Com. Rep. No. 977 (Gov. Msg. No. 505):

Senator Taniguchi moved that Stand. Com. Rep. No. 977 be received and placed on file, seconded by Senator Ihara and carried.

Senator Taniguchi then moved that the Senate advise and consent to the nomination of JOANN VIDINHAR as Deputy Director of the Department of Labor and Industrial Relations, term to expire at noon on December 5, 2022, seconded by Senator Ihara.

Senator Taniguchi rose to speak in support of the nominee as follows:

“Your Committee on Labor, Culture and the Arts held a public hearing on February 3 to consider the appointment of JoAnn Vidinhar. She has been serving as acting deputy director since September 2020. Prior to that, she served as the administrator for the department’s Disability Compensation Division. Ms. Vidinhar has previously served in a variety of public positions, including a number in Washington state. Her background, experience, and dedication to public service qualify her to be appointed as deputy director of Labor and Industrial Relations. I urge the Senate to advise and consent to the appointment. Thank you.”

Senator Fevella spoke in strong support of the nominee as follows:

“Like I said, just having somebody to complement the leadership of her role, she fits in it real quickly and great. I refer everything sometimes to superheroes because I like superheroes, and I just think of them as our unsung superheroes as being similar to Batman and Robin because Batman and Robin don’t get any credit as much as Superman and all the other superheroes, but I think they’re just as great as superheroes and going forward and doing the great things for our state and our community, and I applaud them, and I thank her for her service. Thank you, Senate President.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Taniguchi introduced Deputy Director JoAnn Vidinhar, who was present and participating via videoconference.

The Chair extended his thanks to Deputy Director Vidinhar for her service.

**RE-REFERRAL OF SENATE CONCURRENT RESOLUTIONS**

The Chair re-referred the following Senate concurrent resolutions that were offered:

- S.C.R. No.: Re-referred to:
- S.C.R. No. 71 Committee on Public Safety, Intergovernmental, and Military Affairs, then to the Committee on Judiciary
- S.C.R. No. 78 Jointly to the Committee on Government Operations and the Committee on Water and Land

**RE-REFERRAL OF SENATE RESOLUTIONS**

The Chair re-referred the following Senate resolutions that were offered:

- S.R. No.: Re-referred to:
- S.R. No. 16 Committee on Human Services
- S.R. No. 42 Committee on Judiciary

At this time, Senator Baker announced that the Women’s Legislative Caucus would be sponsoring its 22nd annual Easter Basket donation drive and encouraged the members to participate by making donations to organizations such as the Domestic Violence Action Center, The Institute for Human Services, Parents and Children Together, and The Salvation Army, or by assembling an Easter basket of new household or hygiene items for delivery on March 31 following the House’s floor session.

The Chair made the following announcement:

“Today is the last day for the introduction of Senate concurrent resolutions and Senate resolutions. The deadline is 4:30 p.m. this afternoon.”

The Chair then remarked:

“The second announcement is simply that this is a great way to end this week. I echo Senator English’s comments about the hardworking people in the state departments. The rain has been devastating from one end of the island chain to the other, with the most recent devastation and closing of the road to Hanalei on my island of Kaua’i, and to all of those in the community who have rallied to help their fellow citizens who have been impacted and have sustained damage because of the rains and flooding. We extend our heartfelt gratitude for your kindness and being large of heart. And on Friday, with the sun out, at least here on O’ahu—I hear it’s still raining on Kaua’i—what a great way to end, with three incredible women this morning who have gone out of their way to service every single resident of this state. And it’s not about party because it was refreshing to hear Senator Fevella, the lone Republican, speak highly on behalf of each one of the three women who were before us, and we have worked in a bipartisan way to deliver the best service we can for the people of this state. I am incredibly proud of everything that you are doing, my colleagues, here, and certainly the three women who we confirmed this morning.”

Senator Keohokalole then moved that the Senate advise and consent to the nomination of ELIZABETH CHAR as Director of the Department of Health, term to expire at noon on December 5, 2022, seconded by Senator Baker.

Senator Keohokalole spoke in strong support of the nominee as follows:

"Colleagues, we consider today Dr. Elizabeth Char for confirmation as director of the Department of Health. Dr. Char is an emergency physician by training, and a graduate of the University of Hawai'i at Mānoa John A. Burns School of Medicine. After completing residency training in California, she returned to Hawai'i to practice emergency medicine at Queen's Medical Center. Her work in emergency medicine also led her to serve as the medical director for AMR Hawaii, the Honolulu and Kaua'i fire departments, O'ahu EMS, and the Emergency Services Department of the City and County of Honolulu. Since 1998, she has also been an assistant clinical professor in JABSOM's surgery department, and was formerly a staff lecturer at Kapi'olani Community College.

"Dr. Char is a dedicated and knowledgeable public servant who is ideally suited to lead the Department of Health during these trying times. She has a proven track record of team leadership in the medical community and an ideal blend of medical and administrative expertise spanning both public and private sectors. Dr. Char's entire professional career has focused on helping others through the practice of medicine, specifically emergency medicine, where the patient requires immediate critical intervention. Colleagues, in September of last year, our entire state was in need of immediate medical intervention as we were experiencing a second shutdown on O'ahu and the largest spike in cases from the pandemic to date. Dr. Char responded to the call to serve and stepped in as interim director of the Department of Health amidst the most challenging period of the greatest public health crisis in a hundred years. Since then, she oversaw the department's pandemic efforts, including testing, contact tracing, isolation and quarantine, vaccination, and other disease outbreaks and public health programs, which affect the welfare of our state. Thanks to her and her Department of Health team, Hawai'i has the lowest infection rate in the nation. Her leadership is critical as we continue our ongoing efforts to fight COVID-19.

"Dr. Char is well-qualified and has shown a steadfast dedication and tireless commitment to her role as director. Her collaborative approach to leadership and willingness to seek involvement from government agencies and private members of the healthcare community in developing programs and policies since her appointment has brought direction and clarity to the department. It's been a pleasure working with her closely, and I ask for your support in confirming her as director of the Department of Health. Mahalo."

Senator Baker rose to speak in support of the nominee as follows:

“I, too, join the chair of the Health committee in supporting Elizabeth Char as the director of Health and in asking all my colleagues to support her. She has been not only an amazing advocate for the health needs in our community, but she has the temperament and the background to do a really solid leadership role that the Department of Health needs. I’m pleased to join with Chair Keohokalole and others in asking all of our colleagues to join me in voting to confirm Dr. Elizabeth Char. Mahalo.”

The Chair then offered the following comments:

“I’d just like to offer one comment and try not to get in too much trouble. Senator Dela Cruz, I wanted to thank you. Ironically, it’s almost a year to the day when we were unable to get answers to questions from a medical professional in what would be best practices for us going forward as we had a close contact of a positive. We were looking for policies and procedures, and you arranged for Dr. Char, who was not part of the Hawai’i state government, to come to the capitol, and 22 or 23 of us met in my conference room and were able to ask her questions and get direct answers. I appreciate how quickly you put that together to assist us and how readily available Dr. Char has been and has continued to be, no matter what capacity that she has held, so I find it ironic that we’re here almost a year to the day of that interaction with Dr. Char.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At this time, Senator Keohokalole introduced Dr. Elizabeth Char, newly confirmed director of the Department of Health, who was present and participating via videoconference.

The Chair extended additional congratulations to Dr. Char.

H.D. 1
- H.B. No. 1096, Committee on Health, then to the Committee  
H.D. 2 on Judiciary

At this time, Senator Moriwaki rose to speak on a point of personal privilege as follows:

“I really appreciated the robust debate last week on Senate Bill 1334. It has surfaced, I think, some of the history on the 2005 protest of the community against the high-rise that was to be built by Alexander & Baldwin, and again in 2014, when they protested the prohibition against building. They have come out again, and they are outside as our guests on the steps near Father Damien, and, again, to foist their protest against taking over the shoreline with high-rise condominiums. It is not merely the Kaka’ako residents; I saw many, from keiki to kūpuna today, and they are from, maybe, your district as well, but it is to continue the legacy of keeping our shorelines open for future generations. So I welcome you to go out and meet some of them. They’re downstairs in the rotunda until 12:15. Thank you, Mr. President.”

The Chair then announced that there would be a leadership meeting in his office immediately following adjournment.

At this time, Senator Kidani rose to speak on a point of personal privilege as follows:

“Members, each year, the chairs of the Education committees celebrate Education Week by inviting honorees to the State Capitol to be recognized during floor presentations and education-related events. This week marks our 2021 Education Week, where the Hawai‘i State Legislature usually recognizes outstanding leadership, teaching, and student accomplishments.

“Because of COVID-19 health and safety guidelines, however, we are unable to have floor presentations or host educators and students in our Senate chamber. Instead, the House and Senate are celebrating by mailing joint certificates, our 2021 program book, and a small makana to each awardee. We pay homage to these students, teachers, counselors, and school administrators who have gone above and beyond in the past year to ensure the education for future generations in Hawai‘i—their contributions to our community are truly invaluable.

“Colleagues, while we are missing our traditional Education Week festivities and the opportunity to personally congratulate these deserving honorees, we are thrilled to celebrate the extraordinary achievements of these awardees in new ways. The tremendous challenges of the past year have demonstrated the incredible dedication, determination, and resilience of our education community, and we are so proud to celebrate them. A copy of our Education Week brochure should be on each of your desks. Congratulations and mahalo nui to all of our honorees for your passion, innovation, and inspiration. Mr. President, I would also like to add remarks into the Senate Journal to ensure that the 2021 Education Week recipients are rightfully recognized. Mahalo.”

The Chair having so ordered, Senator Kidani’s additional remarks read as follows:

“We would first like to recognize outstanding students; these four incredible young people who have shown leadership outside of the classroom. The 2020 Prudential Spirit of Community Awards program honors middle and high school students for their volunteer work within the community.

“**Sascha Pakravan** is a Junior at Punahou School (Class of 2022) and a Prudential Spirit of the Community Award state honoree. Sascha’s deep love for Hawai‘i and passion for reading prompted him to address illiteracy throughout our islands. His

nonprofit organization, Words4, creates read-aloud videos for children to enjoy and facilitates high school students mentoring elementary students in reading.

“I would also like to recognize **Brennan Yamaguchi**, a 6th grade student at Maryknoll School. He has worked towards raising epilepsy awareness for the past five years in support of his good friend with epilepsy. Brennan has organized epilepsy seizure awareness games with his baseball team, given an educational presentation to his fellow classmates, and has sold lemonade to raise money for epilepsy research. Brennan has also worked with state Senator Wakai to create ‘Brennan’s Bill,’ which would require employees to provide information at worksites and public spaces on how to assist an individual having a seizure. Brennan will be receiving the Presidential Service Award from the Office of the White House for his service hours. Brennan has also played on two baseball teams, Maryknoll CSAL basketball, a community basketball league, and a community football league. He has also received grants from the Mayor’s Office for Culture and the Arts for ikebana pieces he displayed and created at Honolulu Hale and Linekona Art Center.

“Our next honoree is **Karli Barbeiro-Thornsbery**. Karli is a Prudential Spirit of Community Awards finalist and student at Hawai‘i Technology Academy. Karli was selected to participate in a six-week program called ‘Girls Talk Back,’ where she was able to meet a cohort of young women to learn peace-building & community organization. Alongside eight other members in the cohort and under the guidance of mentor Ivey Cruz, Karli helped co-found ‘Mālama Us Hawai‘i,’ an upcoming non-profit supporting and advocating for mental health awareness. So far, Mālama Us Hawai‘i has engaged with the community using an Instagram campaign seeking to educate users with coping mechanisms and helpful facts. Mālama Us Hawai‘i also hosted a showcase event titled ‘The Mālama Us Well Being Mana’o,’ which garnered over 60 attendees and shared knowledge and resources on mental health.

“I would next like to recognize **Olivia Rose Kennedy**, a 7th grade student from Saint Anthony School in Kailua and a Prudential Spirit of Community Award finalist. Olivia Rose has been volunteering in her community from age 8 when she baked and sold cupcakes to support the Children’s Justice center of O‘ahu. She has since expanded her volunteer work to raising funds for Kapi‘olani Medical Center neonatal intensive care unit (N.I.C.U.) the Ronald McDonald house, and the Domestic Violence Action Center. She also serves as a junior board member for Kidz For A Cause, an organization of kids in philanthropy volunteering their time to help kids in need. Additionally, Olivia Rose is an altar server at her church and vice president of her student council.

“I would also like to recognize two students who were awarded the 2021 United State Senate Youth Program delegates. The program mission aims to instill knowledge and interest of the American political process in student delegates and affirm their lifelong commitment to public service. Each year only two delegates are selected to represent their state in the national Senate Youth Program.

“**Hollie Rader** is a senior at Waipahu High School who serves as a member of the Hawai‘i State Student Council, a member of the Leeward District Student Council, Key Club division lieutenant governor and co-treasurer of the Spanish National Honor Society. She helps to spread the aloha spirit through suicide prevention outreach, environmental clean-ups, positivity posters, making face masks, creating birthday cards for the homeless and supporting blood drive campaigns and mental health awareness initiatives.

“**Ashley Valois** is a senior at Waipahu High School who serves as the secretary of the Student Council and is a member

of the National Honor Society. She has helped to improve student life by initiating new clubs and charring events. Ashley and her mother immigrated to Hawai'i when she was 5 years old to join her father, and through the challenges of the immigrant experience, she developed a passion for understanding immigration law and the economic disadvantages faced by minority groups. As a result, Ashley sought out ways to get involved, including bringing Model United Nations to her public high school—an activity predominantly reserved for private schools in Hawai'i. The opportunity has allowed her to further her passion for change, learn about international law and help her community.

“The incredible challenges brought on by the pandemic affected every aspect of our education community. Principals, teachers, administrators and staff demonstrated tremendous resilience as they shifted their curriculums online and adapted to the changing times with the help of modern technology. This incredible group of people went above and beyond to help our next generation excel and to support them through the difficulties they faced. We are enormously grateful for their commitment to their students and their dedication to the pursuit of knowledge. With that being said, I am proud to acknowledge the National Blue Ribbons Schools. These schools were selected by the U.S. Department of Education for their overall academic excellence or their progress in closing achievement gaps among student subgroups.

“The first school I would like to recognize is **E.B. de Silva Elementary**, led by **Principal Dennis R. O'Brien**. **E.B. de Silva Elementary** exceeded statewide averages in English language arts and math by over 21 percentage points in the selection year. The Hilo school was previously recognized as a National Blue Ribbon School in 2014, with a student body of 487 students. The school attributes its academic success in part to their integration of social emotional programs into the learning environments, such as **E.B. de Silva Elementary's** Hale program, which is based on the Nā Hopena A'o (HĀ) values to increase inclusivity and unity within the school community. Through this program, each hale includes a variety of students, teachers and school faculty from all grades and departments to create a greater sense of belonging to the school and to expand their sense of belonging to their community.

“Our next National Blue Ribbon School is **Liholiho Elementary**, led by **Principal Christina Small**, who exceeded statewide averages in English language arts and math by over 17 percentage points. The Honolulu school population of 454 students is distinguished by diversity, including over 17 different ethnicities and with one fourth of its students identifying as English learners. **Liholiho Elementary** was previously recognized as a National Blue Ribbon School in 2004 and again in 2011, attributing its academic success to strengthening instructional delivery across curricula by integrating literacy skills with high-impact thinking. They also note the importance of social emotional strategies, the integration of art across subjects, and the use of ‘learning pit’ strategies where learners find multiple solutions to challenging problems as key elements to their students’ success.

“Our final National Blue Ribbon School is **Waikiki Elementary**, led by **Principal Bonnie Tabor**, who exceeded statewide averages in English language arts and math by over 21 percentage points. Their ethnically diverse student body includes one quarter English Learner participants amongst its 584 students. The school was previously recognized as a National Blue Ribbon in 2007 and 2013, noting the impact of its mindful culture, infuses Habits of Mind to teach students behaviors such as flexible thinking, empathetic listening, problem solving and persistence into its curriculum. The teachers of Waikiki Elementary also integrate a broad range of art, science and technology instructional approaches into their

curriculum, coupled with project-based learning opportunities and resource classes in digital media, physical education, creative movement, art, music and sustainability.

“Colleagues, each session we have the great opportunity to recognize teaching excellence in our public schools. Our teachers are some of the most selfless people in our community; the time and effort that they put to make sure that our keiki are safe, educated, and thriving surely make them altruistic human beings. I would like to first say ‘thank you’ to all teachers for their dedication to our keiki.

“We would like to honor the Hawai'i State Teacher of the Year and Complex Teachers of the Year. The Hawai'i State Department of Education selects from over 11,000 educators to determine one Teacher of the Year and 15 Complex Teachers of the Year and one Charter School Teacher of the Year.

“**Ms. Elaine Higa** is the literary resource teacher and the Ka'ū-Kea'au-Pāhoa Complex Area Teacher of the Year. Elaine mentors and guides teachers through professional learning so that they can further assist and guide struggling students toward success. An example of complex area initiatives she has participated in is the Challenge 5 program, which encourages students to strive for fewer than five absences during the school year. "School faculty plays a significant role in student success with more than what is taught in the classroom. School counselors are the unsung heroes of academia; helping students with issues much more than just academics. Counselors are there for students to receive guidance, advice, and even inspiration. This is the reason that **Mr. Jon Morikawa** is the Department of Education's Counselor of the Year.

"A DOE veteran of over 30 years, counselor **Jon Morikawa** has demonstrated his leadership through initiatives at Ka'ala Elementary School including social emotional learning (SEL) efforts, 'Kids Time' weekly collaborations for teachers to address student concerns and needs, as well as rewarding positive student behavior. Those weekly collaborations with teachers and administrators allowed them to create important action plans for students struggling academically or behaviorally to seek creative pathways for student success. Jon also established an attendance committee to improve school-wide attendance at Ka'ala Elementary School and spearheads the Leilehua-Mililani-Waiālua Complex Area's 'Challenge Five' initiative to encourage students to improve school attendance. Thank you so much to **Jon Morikawa** for his commitment to our keiki and the inspiring impact you have had on their lives.

"I would also like to recognize principal **Ray Pikelnny** of Wai'anae Elementary School, the 2020 Masayuki Tokioka Excellence in School Leadership award winner. Under her leadership, the school and community have undergone a positive shift in operation and attitude for the past three years. She often tells her staff their jobs involve more than just teaching; they can potentially have a life-altering impact on students and their families. With that mindset in place and several innovative programs in practice, the school has made tremendous strides in creating positive and nurturing relationships among teachers, students and the community. Congratulations to **Ray Pikelnny** for her outstanding leadership and his recognition as 2020 Masayuki Tokioka Excellence in School Leadership award winner!

"Our final honorees are the 2020 LifeSmarts Award winners, all of whom hail from Waipahu High School. The the 16th Annual LifeSmarts Consumer Education Competition is a gameshow-style competition that tests students on their knowledge of personal finance, health and safety, the environment, technology, and consumer rights and responsibilities. The LifeSmarts program, run by the National Consumers League, is sponsored in Hawai'i by the Department of Commerce and Consumer Affairs, Office of the Securities Commissioner, in partnership with the Hawai'i Credit Union League. We offer our congratulations to team the 1st place

winners, team 2 members **Harvey Picar, Ashley Valois, Destiny Shishido, Marvin Arevalo and Vianne Acdal** as well as coach **Cindy Takara** on their victory the 16th Annual LifeSmarts Consumer Education Competition and best wishes in the National LifeSmarts competition!

“Also demonstrating impressive knowledge and earning a strong second place finish in the LifeSmarts competition are the Team 1 students from Waipahu High School. We send our heartfelt congratulations to coach **Cindy Takara’s** Team 1 members: **Reyan Lee, Elizabeth Talioaga, Grace Chinen, Jan Apollo and Sagan Kurose.**

“A testament to the tremendous work of Waipahu High School’s students and their dedication to their LifeSmarts competition preparations, the third place winners were also led by coach **Cindy Takara.** I’d like to acknowledge the hard work of the Team 17 members of Waipahu High School in the 2020 LifeSmarts competition, students **Jane Pascual, Chantelle Nartatez, Naomi Fu and Neriz Galactic.**

“I would like to say congratulations to all the inspiring students, teachers and staff who recognized throughout Education Week 2021. In addition, I hope everyone stays safe and healthy through the continued challenges of the pandemic. We have seen the true measure of leadership during this time, and none so clear as the impact we have seen in education. Our students and educators have been resilient and committed despite the many changes and challenges they have faced, and they have continued to persevere. It is nothing short of inspiring and deserving of praise.”

"I'm very much in support of the clean energy initiatives and the reforms that we're taking in our daily work here and every year. #### ORDER OF THE DAY

#### RE-REFERRAL OF HOUSE BILLS

The Chair re-referred the following House bills that were received:

H.B. No.: Re-referred to:

H.B. No. 296, Committee on Judiciary  
H.D. 1

H.B. No. 546, Committee on Education, then to the  
H.D. 2 Committee on Ways and Means

H.B. No. 882, Jointly to the Committee on Health and the  
H.D. 1 Committee on Human Services, then jointly to the Committee on Government Operations and the Committee on Judiciary and the Committee on Ways and Means

At this time, Senator Kidani, Chair of the Committee on Education, requested a waiver of the notice requirement pursuant to Senate Rule 21 for H.B. No. 608, H.D. 2.

Senator Kidani noted:

"The Committee on Education would like to insert a proposed S.D. 1 to continue the discussion around asserting the Board of Education's position as a policy-making entity for public education. The proposed S.D. 1 eliminates the superintendent's vote in collective bargaining but does not alter the governor or Board of Education votes. Thank you."

The Chair granted the waiver.

Senator Kidani then announced that the Committee on Education would be holding a public hearing on H.B. No. 608, H.D. 2, Proposed S.D. 1 that afternoon at 3:15 p.m. in Conference Room 229 and via videoconference.

Senator Baker rose to call the members' attention to the fact that it was "Equal Pay Day," because it takes women until March 24th to catch up to what their male colleagues made the year prior—except, of course, on the Senate floor. Senator Baker remarked that it's unacceptable, and that they could help fix this by raising the minimum wage and holding employers accountable for gender discrimination. Senator Baker then noted for the record that their colleague, Senator Brian Taniguchi, tried to do just that, and it died in the House of Representatives.

The Chair then made the following announcement:

"The deadline to file standing committee reports on House bills that need to pass Second Reading and move laterally to the final Senate committee is 9:00 p.m. this evening."

The Chair continued with the following remarks:

"The second, on a point of personal privilege, is simply to announce for the record here: Two years ago, we hosted Assemblymember Rob Bonta on our floor. He was visiting Hawai'i, and he was recognized as the first Filipino elected to the California Assembly. It was announced this morning that he is the new attorney general for the State of California, succeeding Attorney General Becerra, who has been named to the Biden cabinet, so I would like to extend, on behalf of the Hawai'i State Senate, our congratulations to Rob Bonta and his new appointment. I have not Googled it yet, but I assume he is the first of Filipino ancestry to be named attorney general for the State of California."

Senator Taniguchi rose on a point of personal privilege to share that there would be a CSG-West meeting on Zoom that afternoon at 1:00 p.m.

By unanimous consent, H.B. No. 671, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO THE CODE OF ETHICS," was placed on the calendar for Third Reading on Wednesday, March 31, 2021.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of HB576 HD3, Relating to Health Care.

"This measure authorizes advanced practice registered nurses to perform medication or aspiration abortions. Under Hawaii's current abortion law, only physicians can provide medication or aspiration abortion care. In the State of Hawaii, only a few physicians choose to provide these services creating a gap in access to this type of care.

"Aspiration abortions take place in the first trimester. Advanced practice registered nurses already provide similar procedures and this measure can help provide more access to aspiration abortions. These well qualified APRNs working in our state can help provide more access to care if this measure passes.

"This bill is about access to women's healthcare. Many women who reside on neighbor islands must fly to Oahu to receive these services. Due to COVID-19 interisland travel restrictions, many women on the neighbor islands do not have access to a physician that would perform a medication or aspiration abortion. Just to receive this service, women would need to schedule, pay for a flight and risk being exposed to COVID-19. Last year, made it clear that more access is needed.

"Please join me in support of HB576 HD3. Mahalo."

The motion was put by the Chair and carried, H.B. No. 576, H.D. 3, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Moriwaki requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Moriwaki's remarks read as follows:

"Mr. President, this is a measure that the Legislative Kupuna Caucus introduced in order to help our seniors who are victims of crime by lowering the age at which enhanced penalties apply for crimes against seniors from sixty-two years of age to sixty

years of age and making crimes against a senior's person or property applicable if the perpetrator knows or should know the senior victim's age. Members and stakeholders of the Kupuna Caucus have supported this measure's introduction over the last three sessions along with county level law enforcement agencies and we are pleased to see it has come this far.

"The rate of crimes targeting seniors in the State has increased in recent years. Senior citizens are especially vulnerable to long-term physical, emotional, and financial harm from criminal acts, and there is lack of adequate protection against exploitation of senior citizens under existing law. There is no universally recognized age of a 'senior'; government and non-government entities recognize various ages at which a person becomes a 'senior'. For example, the American Association of Retired Persons considers seniors to be age fifty or above.

"The age of efficacy throughout this measure is consistently set at sixty because it is neither the lowest nor highest commonly recognized age at which a person becomes a senior. The Kupuna Caucus agreed on age sixty for enhanced penalties. Lowering the age from sixty-two to sixty does not diminish the increased vulnerability to crime that older seniors bear as people, generally, become more vulnerable with advancing age. Rather, it is meant to deter perpetrators from targeting seniors because of their vulnerable age and to broaden the class to include more people who may have such age-related vulnerability.

"This measure will serve to protect our seniors as a deterrent to crimes against those sixty years and older and to insure that offenders who target seniors over sixty are prosecuted appropriately."

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"When we increase the protected class from 62 to 60, we basically diminish the crimes against seniors, like an 80-year-old who cannot fight against himself, and equate it with a crime against a 60-year-old who can, especially, and for those reasons, I stand with reservations. Thank you."

The motion was put by the Chair and carried, H.B. No. 490, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMES AGAINST SENIORS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, San Buenaventura). Noes, none.

H.B. No. 1107, H.D. 1, S.D. 1:

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, H.B. No. 1107, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO COMPUTER CRIME," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio). Noes, none.

H.B. No. 741, H.D. 2, S.D. 1:

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, H.B. No. 741, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ETHICS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 156:

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, H.B. No. 156, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL CONTROL SERVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

H.B. No. 566, H.D. 1, S.D. 1:

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, H.B. No. 566, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ABUSE OF FAMILY OR HOUSEHOLD MEMBERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Fevella). Noes, 1 (Acasio).

H.B. No. 1326, H.D. 1, S.D. 1:

On motion by Senator Rhoads, seconded by Senator Keohokalole and carried, H.B. No. 1326, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC VIOLENCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

At this time, Senator Kidani noted that the month of April is recognized as the Month of the Military Child, underscoring the important role military children play in the armed forces community, and that the Military Interstate Children's Compact Commission, Joint Venture Education Forum, and other organizations, nonprofits, and schools acknowledge it as a time to applaud military families and their children for the daily sacrifices they make and the challenges they overcome. Senator Kidani observed that, in the military, the color purple symbolizes joint service operations, as a combination of Army green, Marine Corps red, and blue for the Navy, Air Force, and Coast Guard, and, as such, it is a fitting tribute to honor military children from all branches. Senator Kidani announced that throughout the month of April, schools will be encouraged to plan special events to honor military children; administrators and principals will be asked to incorporate the themes of the month into their everyday duties and responsibilities; and businesses, organizations, elected officials, and the entire community will be encouraged to show their support for military children by acknowledging them in their meetings, newsletters, and other creative ways. Senator Kidani then asked her colleagues to join her in supporting these efforts by wearing purple on April 21 for Purple Up Day, dedicated to recognizing and honoring our beloved military keiki.

The Chair then acknowledged Senator Baker for the impressive display of Easter basket donations that she helped spearhead on the Senate side with her colleagues in the House, and thanked her for a fantastic job on behalf of the Senate. The Chair then wished everyone a happy Easter weekend. The Chair then observed that those who had been in the Senate for more than two years had heard him, on more than one occasion,

express his envy to colleagues who have the incredible opportunity to be grandparents and lament his lot in life of not being given the opportunity to be a grandparent. The Chair then shared that he was pleased to announce that on Saturday, his son, Egan Kouchi, would be marrying Sarah Kern, an intermediate school teacher on Kaua'i, and that he hoped it would be a step closer in his journey to being a grandparent.

HARRY KUBOJIRI, term to expire June 30, 2024 (Gov. Msg. No. 665),

seconded by Senator English.

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

Stand. Com. Rep. No. 1531 (Jud. Com. No. 35):

Senator Rhoads moved that Stand. Com. Rep. No. 1531 be received and placed on file, seconded by Senator Keohokalole and carried.

Senator Rhoads then moved that the Senate consent to the appointment of JEFFREY W. NG to the District Family Court of the Third Circuit, term to expire in 6 years, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of Jud. Com. No. 35 as follows:

“Jeffrey Ng has spent the past 18 years as a deputy public defender with the state’s Office of the Public Defender, initially as part of the Honolulu office and, since 2012, at the Hilo office. Since last March, he’s been a supervising attorney for the Hilo office, managing eight attorneys and several other staff. Throughout the course of his practice, he has represented criminal defendants on a wide range of cases, including complex cases involving mental health and emotional disturbance issues, and novel questions of court procedure.

“Mr. Ng is a graduate of our own William S. Richardson School of Law. Immediately after law school, he clerked for the Honorable Derrick Chan, then a circuit court judge in the First Circuit here on O’ahu. Mr. Ng received his undergraduate degree from the University of Michigan. He has been actively involved in the legal community, including serving as both president and vice president of the Hawaii County Bar Association. He is also an apprentice mediator at Ku’ikahi Mediation Center on Hawai’i island and a member of the Hawai’i Access to Justice Foundation’s Committee on Initiatives to Enhance Civil Justice.

“All the testimony submitted was in support of Mr. Ng’s appointment to the district family court, including from former supervisors and retired judges before whom he had appeared. In particular, testifiers commended his professionalism, integrity, and legal knowledge.

“After having reviewed the testimony and other materials submitted on this appointment, and having examined the appointee in a hearing, your Judiciary committee finds that Jeffrey W. Ng is qualified to serve as a district family court judge in the Third Circuit, and recommends that the Senate consent to the appointment. Mahalo.”

Senator San Buenaventura rose to speak in support of Jud. Com. No. 35 with reservations as follows:

“It should not be enough to be a good lawyer or a good person to be a judge. The community where the judge sits should be considered. The position for which the judge is chosen should also be considered.

“The position for which Jeffrey Ng is being nominated is in the community in which I practice law and in a court where I have personally been in front. I know the handful of practitioners, and they have reached out to me confidentially; some of them were disappointed that, in a small rural community where there are people representing themselves, the chief justice chose someone who does not know civil family law—a position which ethics would require him to take because his public defender status conflicts him out of criminal cases.

“Now, as a family law practitioner, the fact of the matter is, we as lawmakers have failed to put in the books civil family law on how we divide property, and it is a specialty that few have, and you need to practice in order to know. I got a text recently from a foster parent in Hilo who said that his foster family has had six different judges—no continuity—so a new judge, by necessity, will rely on the word of an overworked social worker because they have no knowledge of the history of the case.

“Now, I have nothing against Jeffrey Ng. He is excellent at what he does, so I will be voting ‘yes,’ but I am disappointed that the East Hawai’i community, which will have two family court judges, will have two judges who have no practical knowledge of civil family law, even though both have had a wealth of knowledge of criminal law, and I would like to note that out of all of the supporting testimony, no one who practices civil family law in East Hawai’i wrote in support of his nomination. So until these criminal law judges learn the law, the

people who represent themselves—the pro se people, in custody and divorces—will have decision-makers who do not know the law, and for that, I’m disappointed, but I will be voting ‘yes with reservations.’”

Senator Fevella rose to speak in support of Jud. Com. No. 35 with reservations as follows:

“For Judicial Communication 35, I had a great conversation with him, and in that conversation, I said that I had some colleagues that is going to very much criticize, just to look at his six-year post, and I said this more than once to him because he’s a young man, and I know he’s very ambitious, but exactly what my colleague said, we need somebody that’s there that’s not only going to be able to keep learning the law but staying there for the six years. And, when we had the Judiciary committee, he could not really answer the committee if he’s going to stay there for the six-year duration, so that’s the concerns that I have, and I will be voting ‘with reservations.’ Thank you, Senate President.”

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Fevella, Kim, San Buenaventura). Noes, none.

At this time, Senator Rhoads introduced Judge Jeffrey W. Ng, who was present and participating via videoconference along with his wife, Jennifer, and their son, Ryder, and their daughter, Riley.

“It is in the public interest and concern that the practice of massage therapy be held to the highest standards of quality and safety. HB223 HD1 SD1 does this by adding to the requirements of renewal of massage therapy licenses. Some of these requirements are to complete 12 hours of continuing education for massage therapy licensees within a two-year period preceding a renewal date. Two hours must include first aid and/or emergency-related courses that will protect the safety of customers as well as licensee.

“Continuing education is very important as standards and methodologies evolve over time as new information updates safety standards. These requirements ensure that Hawaii’s licensing requirements are in alignment with national trends and consumers are receiving the best possible protections.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of HB599 HD1 SD1, Relating to Association Governance.

"The COVID-19 pandemic restrictions and social distancing requirements have prevented many, if not all, of the condominium associations from having their annual meetings if those meetings were scheduled after March 16, 2020. The COVID-19 pandemic has further established the need for common interest communities to have flexibility regarding meetings. This measure is important to enable these communities to efficiently conduct their business during pandemics and other emergency situations.

"The need to have flexibility regarding meetings is evident considering the current pandemic. As the state legislature has experienced, electronic meetings have kept us connected and allowed important work to continue despite the restriction on physically gathering in large numbers. Most association bylaws were written when videoconferencing did not exist and now that we have the option for electronic meetings it is necessary to allow all boards to conduct their meetings and elections electronically.

"Please join me in support of HB599 HD1 SD1. Mahalo."

The motion was put by the Chair and carried, H.B. No. 599, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO ASSOCIATION GOVERNANCE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Shimabukuro moved that Stand. Com. Rep. No. 1550 be received and placed on file, seconded by Senator Keohokalole and carried.

The Chair stated:

The Chair will now entertain motions to advise and consent to these nominations.”

Senator Shimabukuro moved that the Senate advise and consent to the nomination of MICHAEL KALEIKINI to the Hawaiian Homes Commission, term to expire on June 30, 2025, in accordance with Gov. Msg. No. 577, seconded by Senator Keohokalole.

Senator Shimabukuro spoke in support of the nominee as follows:

“Colleagues, I wish to share excerpts of a recent email from a Keaukaha community leader:

I’m Patrick L. Kahawaiolaa a native Hawaiian as defined and I’m a lessee of Hawaiian Home Lands in East Hawaii and because of Covid-19 I’ve been trying to keep up with the issue that are pertinent to native Hawaiians in East Hawaii and an issue with connectivity it’s a challenge to keep up with the hearings that affects us.

I was trying to follow through on the Governor’s proposal to continue the appointment of an West Hawaii DHHL Commissioner Mr. David Kaapu and the East Hawaii DHHL Commissioner Mr. Mike Kaleikini. I found out there was not a favorable decision out of the Committee on Hawaiian Affairs for East Hawaii Commissioner Mike Kaleikini moving forward to the full Senate soon.

I would want to submit my SUPPORT for Mike Kaleikini with Reservations and my reasons are as follows:

To represent the beneficiaries properly in my opinion one needs to have lived in, worked in, or at least be involved with those communities He is being ask to represent.. When Mike Kaleikini was first asked to represent East Hawaii, we were without one for over a year. Although he admitted to us in one of our pre Covid meetings that he didn’t keep up with issues on Hawaiian Home lands, he was willing to see what he could do and help. He was transparent then. In the short time and then Covid hit and his votes for issues affecting us since that, has not been detrimental to the native Hawaiian community in East Hawaii. His last vote on the Commission was to support the Department’s Extension of the Defer Mortgage payments because of Covid till June 2021. That action will Help beneficiaries going forward.

For the aforementioned reasons I will support Mike Kaleikini BECAUSE the alternative we may be

without again a Representative for East Hawaii and I’m not prepared to see this again.

I truly would like to see this body to HELP & ASSIST native Hawaiians begin a Process whereby before names for Any Commissioner can be confirmed we be allow to Submit or vett Names BEFORE they are sent to the Governor and/or the Senate to Confirm.

This are my reasons I’m asking for a favorable out come for his confirmation.

‘Owau Patrick L. Kahawaiolaa

“Mahalo.”

Senator Acasio rose to speak in opposition to the nominee as follows:

“Mr. President, I rise today in opposition of G.M. 577, nomination for Hawaiian Homes commissioner, East Hawai’i, to stand in support and echo the majority of beneficiary voices in East Hawai’i that know they deserve better. The community is clear, prevalent, and consistent in their desire to have voice on the commission who represents them in this vital fiduciary role. The community is clear they want someone qualified, engaged, connected, consistent, who represents East Hawai’i beneficiary needs and concerns. Like the senator from Nānākuli mentioned, they do want voice in who is chosen to represent them. There is legitimate concern that East Hawai’i will be unrepresented on the commission should this nominee not be confirmed, and yet there are multiple highly qualified, dedicated individuals within the community who have widespread support who are ready to serve and put in the extra effort it takes to fulfill this kuleana.

“The nominee’s original confirmation just a bit over a year ago drew strong opposition as well. Today, he comes to the body with no recommendation from the Hawaiian Affairs committee. During the hearing that led to this unfavorable recommendation, the nominee was unable to apprise committee members regarding the challenges faced by many East Hawai’i homesteaders. Testimony for this nomination is overwhelmingly in opposition. The primary reason given is that this nominee does not reflect the voice of the constituency he has a duty to represent in East Hawai’i, and that he is not qualified and knowledgeable about HHCA to serve in such a vital capacity as commissioner. It is important to note that even the supportive testimony, including that from the department, was devoid of adequate and sufficient evidence that the candidate possesses the requisite experience and qualifications.

“An affirmative vote on this nomination today would perpetuate a double standard that has compromised the effectiveness of the commission since its inception. This body would never consent to a judicial nominee who did not possess the basic qualifications and capacity to effectively execute the duties of the office for which he or she is being nominated. And if such a nominee failed to meet a minimum proficiency standard within his or her first year, this body would not reconfirm that nominee. This holds true for other prominent boards and commissions, and it should hold true for Hawaiian Homes Commission as well.

“So, I urge this body to work to raise the standard that would allow Hawaiian Homes commissioners to effectively carry out the extremely important duties entrusted to them. For this reason, I will be voting ‘no’ on G.M. 577. Mahalo.”

Senator Fevella rose to speak in opposition to the nominee as follows:

“One of the main reasons I am in strong opposition is because when I voted ‘no,’ and I explained to Mike at that time,

I told him what we needed because there has been no Hawaiian Homes Commissioner representation for over a year. At the Hawaiian Homes Commission, I've seen qualified applicants all of whom deserved to be on this commission but was denied and not even considered by William Aila. Moving forward, I had asked Mike, if he could meet with the Native Hawaiian community and beneficiaries, but as soon as he got elected, he did no such thing. As a commissioner you need to be involved and meet the community; to feel what the community's feeling because he's not a beneficiary. Time after time, we as Legislators would always talk about the priorities and the uprising of the beneficiaries to get them off the list but we need a commissioner who really cares, instead we rubber-stamp things and approve somebody like this to be a commissioner. We need someone who cares and is very important to the Hawai'i community. We had no representation for one whole year while Mike was the commissioner and now he's back to be reconfirmed again.

"My fellow colleagues, if we continue to have the Hawaiian people trust us here in this building, doing things and fighting for them like we say we do, not only behind closed doors but in the open, we need to set today straight. The Hawaiian community didn't confirm, or push him through, because there were an overwhelming opposition to this confirmation. Furthermore, his position in business and economics on the island is controversial to the Hawaiian people, one of them: geothermal. He works for that. He pushes it, same like the solar farms in Nānākūli. He thinks it's great! We cannot stop putting money before our people, and that's what's happening. We have our rubber-stamper that stamps anything that William Aila wants, and that's what he does. That's why he was chosen by William Aila going forward.

"Colleagues, I want you to remember this: When we were voting down Jobie and Aila—as a team, we were voting them down—then we decided they were going to separate. I told some of my colleagues here today, exactly what is going to happen when Aila gets in: He was going to hire Jobie. Well, today, colleagues, I'm telling you, if we continue to go this way, this man and his commissioners who support him and he support them, it's going to be the downfall of our Hawaiian people, so I'm asking you, my colleagues, to vote him down on this Senate floor today to give the people of Hawai'i a voice. Thank you."

Senator San Buenaventura rose to speak in support of the nominee with reservations as follows:

"When I saw the lack of support from the committee, I looked at the testimony as to why there was lack of support, and I noticed—although my colleague from Senate District 1 was correct, it was overwhelmingly in opposition—the one that did support Mr. Kaleikini was an East Hawai'i homesteader, and a number of the opposition were not East Hawai'i homesteaders. So I took it upon myself to actually poll the East Hawai'i homesteaders because I noticed the very vocal East Hawai'i homesteaders, like Uncle Pat, who the chair's email quoted, was not one of the testifiers, and this person, if you've ever met him, is very vocal and will tell you what it is in every setting that he is in. So when I did this poll in my community, it was split 50/50. And basically what my colleague from 'Ewa Beach has stated, those who were in opposition basically voiced exactly what my colleague from 'Ewa Beach stated. He did not have the empathy, but I told them we need to separate the geothermal aspect because we need to see whether or not he actually represents our East Hawai'i homesteaders regardless of his ties with geothermal. When you do the separation, we're still 50/50 because of the lack of empathy and the lack of his knowledge of the Hawaiian Homes Commission Act. However—and this is a big however—the ones who did support him with reservations, like our chair has stated, have noted the absence of

representation for over a year before Mr. Kaleikini was in, and because the statute does not require our governor to appoint somebody, I am going to support him with reservations, and I'd like our colleagues to realize that these are volunteer positions in a very highly volatile atmosphere, and it's difficult to get people to step up, and for that, he's willing to step up, and for those reasons, I'm voting 'with reservations,' but I support him."

Senator Kim rose to speak in opposition to the nominee as follows:

"I'm rising because I want to explain my vote. I don't think it's easy to vote against a nominee, but I recall distinctly, a year ago, when his name came up for a nomination, there was controversy at that time. Similar concerns were raised at that time, and I believe we ended up giving him the benefit of the doubt, voting in favor of support to be in this position. And so it bothers me tremendously to hear that he's had a whole year to prove himself or to make up for those concerns that were raised, and yet, in that year, he didn't bother to learn the HCC Act; he hasn't gone to the different communities. He certainly did not display the fact that he really wants to serve. I think it's a bad precedent for us to support someone and pass someone through only because we're afraid that the position will remain empty. Is that going to happen for the Board of Regents? Is that going to happen for the Board of Education? I mean, we should not be settling for less, and we should be urging the governor and doing all that we can to ensure that the governor will do his duty and appoint people to these positions and appoint qualified people. So, for those reasons, I will not be supporting this nominee. Thank you."

The motion was put by the Chair and carried on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of HB561 HD2 SD2, Relating to Energy.

"Hawaii's clean energy goals require the State to look for ways to reduce reliance on fossil fuels that can negatively impact the environment. HB561 HD2 SD2 provides clarity towards types of proceedings before the Public Utilities Commission that requires the Commission to determine whether analysis of the effect of State's reliance on fossil fuels

is necessary for proceedings involving water, wastewater, or telecommunication providers on an individual basis. The removal of this the requirement for the Commission to conduct certain analyses when these analyses are not relevant to decisions at hand, will allow the Commission to utilize their resources more efficiently.

“Also, it is important for the Public Utilities Commission to analyze biomass emission if biomass is contemplated for electric generation in projects within the Public Utilities Commission’s purview. The amended SD2 version seeks to address these issues.

“Mahalo and please join me in support of HB561 HD2 SD2.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1523 was adopted and H.B. No. 561, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ENERGY,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in support of HB302 HD1 SD2, Relating to Advanced Practice Registered Nurses.

“HB302 HD1 SD2 authorizes advanced practice registered nurses (APRNs) to order and certify home health care for Medical patients, authorized APRNs to certify whether a person is totally disabled under the income tax code, authorized APRNs to make capacity determinations and add APRNs with psychiatric specializations as primary providers in advanced mental health care directives.

“Currently, the Hawaii Revised Statutes recognizes APRNs as primary care providers and through this measure APRNs will no longer have to refer their patients to another primary care provider and will be able to make the capacity determination themselves. The removal of existing barriers will allow APRNs to work in their established scope of practice and allow patients to have greater access to healthcare. Because over 25% of Hawaii’s APRNs work in underserved areas, this will greatly benefit rural areas and the neighbor islands.

“Mahalo and please join me in support of HB302 HD1 SD2.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1524 was adopted and H.B. No. 302, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO ADVANCED PRACTICE REGISTERED NURSES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Session laws of Hawaii 2015 (Act 199), enacted a regulatory structure for behavior analysts. This measure will make permanent the regulation of behavior analysts and will allow the continued protections and regulations in the State of Hawaii. In December 2020, the Auditor released Report No. 20-20: ‘Sunset Evaluation: Regulation of Behavior Analysts’ and supported the continued regulations of the applied behavior analysis profession.

“Not only will this regulatory structure provide protections and regulations but also allows licensed profession providing services to be eligible for insurance reimbursement. The services behavior analysts provide to the State of Hawaii is invaluable resource in providing key mental health care for both adults and keiki who benefit from Licensed Behavior Analysts’ services.

“Please join me in support of HB471 HD1 SD2. Mahalo.”

Senator Baker rose to speak in support of the amendment as follows:

“When the committees passed this measure out, we gave too broad a definition for what could disqualify someone from being an Uber or a Lyft driver by saying ‘any misdemeanor’. This amendment clarifies that it applies to any potential driver convicted of a misdemeanor specifically relating to driving, acts of violence, or sexual offenses will be disqualified. H.B. No. 200, H.D. 1, S.D. 1:

Senator Dela Cruz moved that H.B. No. 200, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Dela Cruz rose to speak in support of the measure as follows:

“Mr. President, I’d like to begin by thanking the Senate subject-matter committee chairs for their leadership and for assisting the Ways and Means committee in addressing our state’s extreme fiscal challenges that resulted from the pandemic. This has truly been a group effort. Your dedication and diligent efforts to identify opportunities for strategic additions, restorations, restructurings, reductions, and cuts across the 20 state departments were instrumental. Your recommendations to the Ways and Means committee have made it possible for the Senate to pass an executive budget that creates a leaner, more efficient state government; addresses the needs of our most vulnerable residents; and stabilizes essential services and programs as we make our way out of this fiscal storm from 2020. The economic effects of the pandemic focused many conversations on our current spending practices and the prudent use of resources as we face growing expenditures and abrupt decline in revenues. Decisions were made to reduce decades-old base budget programs, eliminate organizational structures that have failed to evolve to meet our state’s priorities, and cut numerous positions that have increased year over year. With that in mind, I’d like to thank the subject-matter chairs for the countless hours spent meeting with departments on restructuring, as well as scrutinizing and asking critical questions on hundreds of budget requests. Your good work is reflected in the Senate draft.

“The Senate approached the Senate draft with an intent to address the biennium budget with fiscal responsibility and restraint. The budget shores up our current state obligations while ensuring a solid financial future in the case the state is faced with another unforeseen economic upheaval. Due to the Council on Revenues, several tax enhancers, and transferring money from the special funds to the general fund, the Senate puts forth a draft that is \$278,042,127 higher than the executive budget for fiscal year ’22 and \$228,984,944 higher for fiscal year 2023. We are grateful for the federal infusion of the \$1.6 billion, which enabled the Senate to meet the tremendous

need for resources to address COVID-19-related emergencies; stabilizing small businesses and nonprofits; industries such as tourism, travel, and hospitality; and to close the large funding gaps in education, health care, and housing.

“The Senate’s approach to balancing the budget consisted of six well-defined strategies that were implemented in concert: Strike a balance between meeting current and emergent needs of the state while ensuring that we will not create any additional financial burdens for future generations. Our first strategy mentioned earlier was to work closely with the committee chairs on strategic restructuring, reductions, and cuts. Our second strategy folded in the Council on Revenues’ general fund forecast to help set a base for anticipated revenues over the biennium. Our third strategy was to allocate federal funds received from the American Rescue Plan Act and appropriate to operational areas that were severely impacted by the governor’s budget reductions. Our fourth strategy was to develop revenue enhancers that would provide vehicles to generate additional dollars in ways that make sense and would not adversely impact the residents of Hawai’i. Our fifth strategy consisted of sweeping over \$100 million in excess special funds to the general fund. And, last, our strategy was to cover costs for Senate priorities.

“Your committee had the daunting task of balancing the state budget with the inclusion of \$1.6 billion allocated through ARPA. Numerous federal requirements, restrictions, and limitations were placed on how ARPA funds could be spent by the states. With limited guidance from the Department of Budget and Finance and the federal government, determining the most appropriate use of the money was very difficult. The maintenance of effort (MOE) requirement presented the greatest challenge for drafting a balanced budget. The committee worked diligently to meet the proportional maintenance of effort funding requirement established under ARPA. Many hours were spent to ascertain accurate appropriations to the University of Hawai’i, Department of Education, and all other state departments. The federal maintenance of effort requirements mandate that the state provide proportional funding in fiscal years ’22 and ’23 to elementary and secondary education and higher education as compared to the overall state budget averaged over fiscal years ’17, ’18, and ’19. According to the Department of Budget and Finance, this average proportional allocation is 6.69 percent and 23.35 percent for higher education and lower education, respectively. Higher education encompasses the University of Hawai’i while lower education comprises the Department of Education minus libraries and early learning programs. The state faced economic hardships endangered by the COVID-19 pandemic. While there have been many cuts across all departments in the previous fiscal biennium, the Department of Education took disproportionate cuts. This year’s base appropriations to the DOE started nearly 2 percent short of meeting the MOE, which is approximately \$150 million. The executive budget failed to meet the federal MOE requirement in this time of economic instability. The state is in no position to jeopardize federal support by falling short of the required appropriations. We are proud to present a budget that meets the maintenance of effort requirement, thus ensuring the state’s \$1.6 billion ARPA allocation.

“The Senate draft includes the following priorities:

- Supporting programs and services for agriculture, which included the pesticide disposal program, and provide ceiling increases for the water infrastructure loans and agriculture resource management;
- Funding to support our state museums, ‘Iolani Palace and Bishop Museum, and allocating ARPA funds to HTA to help sustain our visitor industry and economy;

- Supporting Hawai'i's learners and education systems by adding funding to alternative learning, teacher rental subsidies, statewide trauma-informed care services, and K-12 programming for libraries;
- For higher education, funding was added to UH Mānoa, the UH Cancer Center, Early College, JABSOM, UH Mānoa and Hilo athletics, and the Hawai'i Promise Program;
- Funds were restored for special education, libraries, instructional support, school support, school community services, charter schools, and the DOE Weighted Student Formula;
- For higher education, funds were restored for UH Hilo, UH West O'ahu, UH Systemwide Support, and the UH community colleges;
- Funding to protect natural resources by restoring funds for the Water and Land Development Division and the Native Resources and Fire Protection Program, and adding funds for the Conservation and Resources Enforcement division to help combat rapid 'ōhi'a death;
- Supporting the health and wellbeing of Hawai'i's families by providing funding for critical human services programs, such as the General Assistance Program, homeless services, Preschool Open Doors, Medicaid payments, and the state Rent Supplement Program, and in community youth programs;
- Provide funding for critical programs such as Crime Victim Compensation program, Career Criminal and Victim Witness Program, and the Sex Abuse Treatment Center.

"In conclusion, I'd like to thank the members for their hard work, and I'd like to thank and acknowledge everyone's efforts, time, and dedication as well as the efforts and hard work of the vice chair and his team for putting together the CIP budget. Lastly, I'd like to thank the Ways and Means budget staff for their hard work and extended hours in helping shape the Senate draft: committee clerk Dane Wicker; budget chief Stacy Ferreira; budget analysts Janos, Colin, Brent, Nikki, Wayne, and Christly; and legislative assistant David Cho. Thank you. Thank you, Mr. President."

Senator San Buenaventura rose to speak in strong support of the measure as follows:

"I really want to mahalo our Ways and Means chair and vice chair and his staff. This is a humanitarian budget. In a time of economic crisis caused by the pandemic, he still found enough money to keep the homeless programs going, adding \$750,000 to rental subsidy to prevent people from being homeless, also helping working families with \$6.9 million in Preschool Open Doors, \$2.68 million in Kupuna Care, and various other budget cuts that were initially proposed that were restored. Thank you so much."

Senator Kim rose to speak in support of the measure as follows:

"I especially want to thank the budget chair, vice chair, and the budget staff. I think this has been one of the more inclusive times that I can remember on the budget, having met with the budget chair on subject-matter inclusion and deletions from the budget, and also even for the CIP. So I really want to thank them for being transparent and for working with the chairs on these measures. Thank you so much."

Senator Moriwaki rose to speak in support of the measure as follows:

"Mr. President, I, too, want to lend my strong support to the chair and vice chair. This has been a hard session with the lack of funds, and he has been very inclusive; all the chairs have been working really hard to see where we can reorganize,

restructure, as well as find funds that may be used in other places that are more needy. The staff worked tirelessly, and I can attest to their working long hours, so I do commend the chair and vice chair and the committee. Thank you so much."

Senator Acasio rose to speak in support of the measure as follows:

"I just really wanted to commend and mahalo everyone for putting in the effort. This is a complicated process, understood, and that we are still able to put a lot of important pieces into this that will really help and support our community. But what I'm really rising also is to commend this body for previously passing Senate Bill 56, Relating to Revenue Generation, and it's unfortunate that it didn't continue with our colleagues in the House. Therefore, we wouldn't perhaps be forced to put so many cuts into this budget as it is, but I really would like to just commend this body for having the courage to—this revenue-generating bill would have increased the personal income tax for high earners, increased the tax on capital gains, increased the corporate income tax in establishing a single corporate income tax rate. It would have also suspended the application of certain general excise use tax exemptions and increased conveyance taxes for the sale of properties valued over a million, which, right now, currently, with our real estate boom, is not necessarily majority local purchasers. So, I just wanted, again, to mahalo you for your courage in that and then also thank everyone for their efforts in doing what they can regardless of that revenue generation. Mahalo."

Senator Kidani rose to speak in support of the measure as follows:

"Thank you, Mr. President. I, too, would like to congratulate the Senate chair of Ways and Means as well as his vice chair and the magnificent staff for what they did. We started this year with doom and gloom, not knowing where we were going to be, and even with the federal funds that came down, the maintenance of effort that they had to follow was very stringent. I just admire the hard work and the demands that were placed on the WAM chair, Senator Dela Cruz, and his vice chair as well as their staff for being diligent and working the long hours that they did, and I truly, truly support the efforts that they gave me to make my education budget as complete as we could, so mahalo."

Senator Fevella rose to speak in strong support of the measure as follows:

"I thank our chair and vice chair and their staff. We know how hard they worked. It was like the previous senator from the Big Island saying, they took a bold move and explaining. Sometimes I have a lot of questions, and Senator Dela Cruz is always happy to accommodate so I can explain to my community that we're not trying to put everybody in the welfare house—that was really actually trying to help everybody. But, unfortunately, it did die; it didn't go through at the House, and it's so unfortunate that people didn't understand the complexity of the bill, but I thank the chair and the vice chair for this budget and for really thinking about the people of Hawai'i going forward, and, again, thank you for trying to do something for the people, the little guys out there. Thank you. God bless."

The Chair then made the following remarks:

"I would say, briefly: It's not just this budget, to Chair Dela Cruz and Vice Chair Keith-Agaran. It's been a year and an abrupt recess and then coming back, and we've never depended so much on federal money as the influence it has on how the state budget is shaped like we have in this last 12 months. And we've asked the staff who's been here for the 12-month period to come into the building at work and put their own personal health and safety at risk to get the job done for the people of the State of Hawai'i. We came back after the abrupt recess and then

had a planned recess, and we were back here again, and so the work has been continuous by the Ways and Means committee and each of you who have been chairing committees and the due diligence that you have been doing throughout the pandemic in trying to meet the needs of the subject-matter area you serve. It truly frustrates me to be referred to as a part-time legislator when I know that each and every one of you have worked so hard over the last 12 months, and that's every year in the interim, to do the research that you need to do so that you can do the best job for your constituents and the purview that you represent.

"I have had advocates meet with me on a regular basis, passionately tell me why their mission cannot be cut because their service is so critical, and I admire the passion and commitment of each and every one of them, and then I try to explain the revenue situation we have and the tough choices that need to be made. And I'm sure the Ways and Means chairman heard the same passion from each subject-matter chair about why theirs could not be cut and why their mission was so important, so I appreciate the passion you brought, and then I appreciate the way in which the Ways and Means chair and vice chair went about putting together a total package to try and address everything, so my thanks to you, again, to the Ways and Means staff, for the unprecedented conditions that you've had to deal with while performing an incredibly difficult task.

"And I would also like to say to all of the support agencies how much I appreciate the work that they have done. As president, after each crossing vote and the final vote, I visit each office to tell all of the support staff how much I appreciate their efforts to get us to where we are, and with the social distancing and best practices that have been in place, I've not been able to visit them this session, and this is an opportunity to thank them as well."

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of HB 553 CDI. Colleagues, 11 years ago this body enacted a landmark law, which has since become a global initiative, to prohibit the finning of sharks and the sale of shark fins and fin products—a cruel practice that drives the massive scale killing of these important apex predators. Unfortunately, that effort did not extend to protecting whole sharks from commercial exploitation or intentional killing.

“This bill adds those important protections given:

- Local reef shark populations have seen declines in their population by upwards of 90%.
- Globally 71% of shark populations have declined, with 3/4 of shark species facing potential extinction.

“Today, we have the opportunity to move forward legislation to extend protections to the sacred *mano, aumakua* to many native Hawaiian families, by prohibiting the intentional killing of sharks for sport or commercial purposes, or for the killing for their jaws, teeth and other parts. The bill will prohibit knowingly capturing or killing any shark within state marine waters with clear, necessary exemptions such as: Ensuring that fishers are not subject to penalties for the accidental catch and release of a shark, and that important shark behavior research continues. It’s time we take this next step to protect these animals who are critical to our oceans’ health and resiliency, for generations to come. Mahalo.”

The Chair having so ordered, Senator Kidani’s remarks read as follows:

“Colleagues, many of you have heard the frustrations from your constituents about their struggles with the DOE. Many of these concerns existed before the pandemic, only to be exacerbated over the last year. HB546, in tandem with the budget, is an attempt to realign the focus of our education system to increase direct support to our schools and complex areas.

“We know that despite recent Federal assistance, we are still having to make cutbacks. The strategic additions of staff and personnel down to the complex area level are intended to ensure that schools have the resources and staff needed to bring our students safely back to school, ensure learning loss can be addressed, and give flexibility to complex areas to meet their schools most urgent needs.

“As we enter into conference negotiations with the House, I strongly encourage all of you to reach out to your schools and complex area superintendents and let them know that the Senate, through HB546 and the Senate Draft of the budget, continues to fight to provide them with additional resources to educate our keiki.

“I urge you all to vote in the affirmative for HB546.”

"Mr. President, I rise in strong support of HB 570 HD2 SD1, relating to sexual abuse of minors.

"This measure provides survivors of childhood sexual abuse additional time to bring forward legal actions against their abusers and provides for training on trauma-informed responses within the legal system. This measure was supported by the Women's Legislative Caucus as a supplement to the official package.

"The sad reality is that child sexual abuse is prevalent. Children may delay disclosing abuse for many reasons and can often face re-traumatization when they do tell someone. Expanding the time-period for bringing forward legal actions for child sexual abuse will give more survivors the opportunity

to seek justice, and when they do so, it's imperative that they are met with compassionate, trauma-informed responses.

"Please join me in supporting this measure. Mahalo."

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"What HB 1030 HD2 SD1 does is repeal the Aquatic Life Committee and Wildlife Advisory Committees, both of whom have rarely convened, proven to be un-needed and as such, deemed outdated.

"Throughout the entire process of this bill's life so far, only the DLNR testified on HB 1030, always in favor of the repeal. Furthermore, DLNR stated that there is sufficient representation on the Animal Species Advisory Commission to carry out the duties of the two committees.

"For this reason, I urge your vote in the affirmative on HB 1030."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1573 was adopted and H.B. No. 1030, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE AQUATIC LIFE AND WILDLIFE ADVISORY COMMITTEES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"Members, the reason to vote in support for HB 1031 is that the reduction of membership from 10 to 7 on the Hawaii Historic Places Review Board (HHPRB) will assure that there will be sufficient members present at board meetings when new requirements will MANDATE a unanimous 'yes' vote to carry a motion.

"HHPRB has had a full complement of 10 members for approximately 12 months in the last seven years. The board has two vacancies and two more members are at the end of their second term in a few months. Recruitment has become a problem according to testimony received from DLNR.

"A reduction of membership from 10 to 7 will ease the recruitment problem as well as the requirement of having 6 member present to form a quorum in order to conduct business down to four.

"Members supporting HB 1031 will not alter the requirements for having five expert members and will still meet the federal requirements as established in the national historic preservation act."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1574 was adopted and H.B. No. 1031, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HISTORIC PLACES REVIEW BOARD," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"HB 663 HD1 SD1 amends HRS Section 183D-4.5 to allow the President of the Senate and the Speaker of the House to provide a list of nine names each to the Governor when he (or she) has to make a selection to fill vacancies in the Game Management Advisory Commission.

“This new amendment to the current statute will provide the Legislature ‘a broader level of involvement in activities for the development of the GMAC’.

“That broader level of involvement will allow us to have more of a say as to who we can recommend from within our communities to be on the board.

“For this reason, I urge your support on HB 663 HD1 SD1.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1575 was adopted and H.B. No. 663, H.D. 1, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE GAME MANAGEMENT ADVISORY COMMISSION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Inouye’s remarks read as follows:

“Mr. President,

“House Bill 1028 SD1 proposes to repeal the Koke’e State Park Advisory Council.

“As noted in the bill’s purpose clause, the Koke’e State Park Advisory Council completed its task of reviewing and assisting in the updating Koke’e and Waimea Canyon State Parks Master Plan in 2014.

“Since their work was completed, the Dept. of Land and Natural Resources has not met for over five years.

“The implementation of the master plan will take years if not decades to fulfill. This task will be best left to ‘community advisory groups organizations with more flexibility than the legislatively appointed groups and are equally able to develop long-term relationships with the Division of State Parks.’

“In other words, we’ll let the people get a chance to implement the future of these parks with the guidance of the master plan in hand. This will be a good thing.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1582 was adopted and H.B. No. 1028, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE KOKE’E STATE PARK ADVISORY COUNCIL,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Inouye rose to speak in support of the measure as follows:

"This facilitates the development process for affordable housing by HHFDC. I have comments I'd like to add into the Journal. Mahalo."

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"HB 902 HD1 SD2 facilitates the development process for affordable housing by the Hawaii Housing Finance and Development Corporation by reducing the number of approvals required from DLNR.

"As stated by HHFDC, 'affordable housing gives people a place to live in their communities and the stability required to achieve financial independence, often serving as a critical component in breaking poverty cycles.'

"This bill also requires any lands leased or set aside to HHFDC by any department or agency of the State that are no longer needed for housing, finance, or development shall be returned to the originating department or agency of the State that leased or approved the set aside of the lands.

"For this reason, I urge your support on HB 902 HD1 SD2"

Senator Baker requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of HB961 HD1 SD1, Relating to Military Dependents.

"Under existing law, state employees must sign a declaration within thirty days of their employment start date affirming that they are a resident of the State of Hawaii. Due to the nature of military service, it may be in the best interests of civilian

dependents of military servicemembers to maintain their residency in their 'home' state for various reasons. HB961 HD1 SD1 exempts dependents of military service members from state residency requirements for government employment if the military service member is in Hawaii on bona fide military orders.

"Professional licenses that require unique qualifications or other licensing requirements specific to Hawaii were purposely excluded in this Senate draft to safeguard the public's health, safety, and welfare. The professions in this measure have national professional standards. The exempt licensees must meet the minimum education requirements, applicable work experience and clinical supervision requirements, have worked and be certified in another state for at least one year, have a license in another state in good standing and passed the examination requirements of another state. Some of the professional licenses selected in this measure will help fill the numerous vacancies of positions across the state such as the state's shortage of mental health service professionals and physicians.

"Please join me in support of HB961 HD1 SD1. Mahalo."

Senator Acasio rose to speak in opposition to the measure as follows:

"Currently, the federal Military Spouses Residency Relief Act already grants both spouses a waiver on state income tax. The problem with this current measure is that it allows military members and their spouses to secure state jobs, which means they would get the benefits of collecting a paycheck here without paying taxes. This puts an unfair financial burden on Hawai'i residents at a time when we can ill afford it. Hawai'i's dependence on military spending often skews our sensibilities when it comes to these matters; Department of Defense refusal to pay some \$300 million per year in underpaid Impact Aid to the DOE is a prime example. So, I just would like to see that this bill not be another one of those examples. Mahalo."

Senator Baker rose to speak in support of the measure as follows:

"I think there may be some misunderstanding about the purpose of this measure. While it exempts military service members from state residency requirement in order for them to obtain a license, all of our professional and vocational licenses require unique qualifications or other licensing requirements that were specific to Hawai'i were purposely excluded because we didn't want to create any additional barriers but also recognizing that many of our professions have professional standards that are uniform across the country, and we have shortages in many of these categories. And so, that is one reason that, after many years of my opposition to this measure, I've seen, in working with DCCA and others, the value that allowing our military spouses to be able to continue to use their license, their skill in a variety of professions. There are so many folks who work in beauty shops, who work in some of the other licensing professions that we have compacts, and so it really doesn't make sense for us to discriminate against them when they can be productive members in our community while their spouses are serving in the military. I think it really makes good sense because the licenses that we have selected in this measure will help fill numerous vacancies of positions across the state as the state shortage of mental health service professionals, physicians, nurses, and others are going lacking. Mahalo."

Senator Inouye rose to speak in support of the measure as follows:

"I'd like the comments from the senator of Maui be entered into the Journal as if it was mine. Mahalo." (The Chair so ordered, by reference only.)

Senator Nishihara rose to speak in support of the measure as follows:

“I support the comments of the previous speaker; I’d like to have the comments from the senator from Maui be inserted as they were my own.” (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1601 was adopted and H.B. No. 961, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO MILITARY DEPENDENTS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Acasio).

Stand. Com. Rep. No. 1604 (H.B. No. 1174, H.D. 1, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1604 be adopted and H.B. No. 1174, H.D. 1, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Chang requested that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang’s remarks read as follows:

“HB1174 amends the motion picture, digital media and film production income tax credit and reduces the cap amounts of the renewable energy technologies income tax credit.

“My reservations on this bill stem from its second part. I understand that the legislature must make tough decisions in addressing budget shortfalls. However, such decisions cannot be made at the expense of jobs and sustainability.

“The current solar tax credit makes installing solar systems on homes and businesses more affordable. Furthermore, it lowers everyone’s electric bill, it supports thousands of local solar jobs in our communities, and it provides tax revenue to the State.

“Our solar industry provides Hawai‘i the much needed diversification for its economy, and enables our transition to a more sustainable future. 70% of solar companies in Hawai‘i are locally owned. They employ 4,000 installers, contractors, sales representatives, and many others with good paying sustainability careers. For every megawatt of residential solar power installed, 38.7 jobs are created. The proposed cuts that cleave the current caps in half is an asinine attempt at addressing our budget shortfalls.

“This bill would endanger local jobs and the local solar industry at a critical time when we are recovering from the pandemic. If anything, this legislature should be expanding the tax credit to further grow our solar industry and give residents a greater incentive to transition to greener technologies. For these reasons, I have reservations on this bill.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1604 was adopted and H.B. No. 1174, H.D. 1, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO TAXATION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 1613 (H.B. No. 477, H.D. 2, S.D. 2):

Senator Rhoads moved that Stand. Com. Rep. No. 1613 be adopted and H.B. No. 477, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker’s remarks read as follows:

“Mr. President, I rise in strong support of HB477 HD2 SD2 SD1, Relating to Cannabis.

“Currently, qualified patients have limited access to convenient and safe dispensaries. Due to the physical distance and cost, many qualified patients choose closer unregulated options. As a result, the state has a thriving illicit cannabis market. These products are unregulated, and there is no safety oversight to protect consumers. Some of these dangers include a lack of product testing, accountability to qualified patients and oversight by the Department of Health.

“By passing this bill, the cannabis dispensary program will be able to give more access to patients through additional dispensing locations per license, improve safety requirements, and help smooth the administration process. This will also allow dispensaries to further serve more patients and provide patients with them more options for their health care. Qualified patients deserve both protections and access to safe, tested and regulated medical cannabis.

“Please join me in support of HB477 HD2 SD2. Mahalo.”

Senator Riviere rose to speak in support of the measure with reservations as follows:

“I’m concerned about the repeal or basically the elimination of many, many, many cannabis medical cards that are going to potentially be wiped out by this measure, and I hope that can be fixed at some point. Thank you.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“Thank you. When the medical cannabis dispensary bill was discussed in this chamber as well as in the lower chamber, I remember that we were going to have a timeline of increasing dispensary licenses, and that hasn’t occurred. What is happening with H.B. 477, which I’m in support because it means more retail locations, but it is continuing the monopolization of the eight dispensary licensees instead of increasing competition by increasing dispensary licenses and hopefully production licenses separate from dispensary licenses later on. We are moving in the wrong direction, and for those reasons—because it is against the very reason why we started

the dispensary licenses to begin with—I stand with reservations.”

The Chair then made the following comments:

“Senator Baker, before I recognize you, I just wanted to let Senator San Buenaventura and the rest of the members know: I don’t actually award any gold stars for any performances on the floor, but if I did, Senator San Buenaventura, by virtue of you working ‘the lower chamber’ into your floor remarks, you would have received one.”

Senator Baker rose in rebuttal and stated:

“I would just like to remind all the members that, under federal law, cannabis cultivation, cannabis use, and cannabis dispensing is illegal, so we have had to craft our laws very carefully to make sure that we don’t invite that kind of scrutiny and that kind of action by the feds to what we’re trying to do because we believe, as a body and as a state, that medical cannabis has a place in helping so many folks who are unable to get relief from conventional medications and without the kind of side effects that one would have from using opioids. So yes this is a measured approach, but I think it will actually allow more access to patients by providing some additional dispensing locations per license, it will improve safety requirements, and help smooth the administrative process that is necessary to make sure that we continue to have this product available in our state, so I ask all my colleagues to join me in supporting this measure. Mahalo.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1613 was adopted and H.B. No. 477, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CANNABIS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Kim, Misalucha, Riviere, San Buenaventura). Noes, 2 (Acasio, Moriwaki).

At 10:52 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 11:01 a.m.

Stand. Com. Rep. No. 1633 (H.B. No. 1297, H.D. 2, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1633 be adopted and H.B. No. 1297, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Baker rose to speak in support of the measure with reservations as follows:

“When this measure was heard in subject matter, I voted ‘no,’ but I think it’s important to acknowledge the work that the WAM chair did to try to make it better. Having been a WAM chair in my tenure in the Legislature, I know how daunting that task can be. But I’m also a cancer survivor, and while there’s lots of research done on cancers that affect folks who look like me, there’s not a lot of research that’s done on cancers that affect the mix of populations and cultures and ethnicities that we have in Hawai’i, and that’s, to me, one of the main reasons that we need to continue to support the cancer center, the school of medicine. These kinds of activities—they are not a waste of money; they are actually contributing to the better health and the betterment of all of our people here in Hawai’i. We have some of the highest rates of cancer in any place in the United States, and we need to have all of our good minds, the minds that we can attract to come to work with us to make sure that we can find new cures, new procedures, new activities that are going to diminish the impact that cancer has on the population here in Hawai’i.

“So I want to just acknowledge the work that the WAM chair did to make this bill a little more palatable to somebody like me, but understanding what he’s up against in terms of looking at the deficit that we have because we haven’t had a lot of visitors in our state, and we don’t have the resources that can be spent everywhere, but I appreciate his efforts on this bill, and I wanted to take the time to acknowledge it. Mahalo.”

Senator Chang requested that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Chang’s remarks read as follows:

“I am concerned about this bill’s proposed reorganization of the UH Cancer Center’s management. Particularly, I object to the merging of JABSOM and the UH Cancer Center’s administrative services and infrastructure teams. The testimony from the faculty of the Cancer center has stated that such reorganization critically jeopardizes their chance to renew NCI designation. I am inclined to believe the researchers who manage the daily operations of the center.

“In 2015, then Acting Director Hedges attempted to fold the Cancer Center’s fiscal office under JABSOM’s operations. The results were disastrous. Conflicts began between fiscal office staff, some faculty members were unable to get reconciliations in a timely manner for their grant accounts, and all of this culminated in the departure of several skilled staffers. Later that year, NCI refused to award competitively scored grants totaling more than \$2 million.

“I am concerned about this bill’s addition of unnecessary red tape to our already overburdened administrative systems. There is no good reason to require yet another annual report to fill out or reorganize an already effective administrative system like the UH Manoa’s Cancer Center.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1633 was adopted and H.B. No. 1297, H.D. 2, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO STATE FINANCES,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 1635 (H.B. No. 1059, S.D. 1):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1635 be adopted and H.B. No. 1059, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, when we passed this measure to include representatives from the Senate and the House to sit on HART, the intent was to oversee so they can report back to the Legislature. As of this point, I’m not even sure if our representatives have, in fact, reported back. I’m not even sure if our representatives attend these meetings, but I know that HART has a problem with quorum.

“I think this bill is going to come back to haunt us. The whole purpose is that this is a county project, and when we put representatives on the board to vote on measures like HART, I’m not sure if they’re going to be voting to represent this body, they’re going to be voting to represent themselves, or represent someone else. It worries me that that project is so flawed and there are so many problems that it’s going to come back to haunt us in the sense that we acquiesced to whatever vote it is that we voted in support of some of the measures that we may not be as a body in support. And so, it’ll be really difficult, I

think, to have these representatives representing us, sitting on the board, and voting on measures that could, in fact, obligate us to fund more and more of the rail project. So for those reasons, I will be voting 'no.' Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"Yes, Mr. President and members, please remember the issues that are before us at the board in these last several years. Just to remind ourselves: the State is the biggest contributor to the financial being of the HART project, and we don't have much say right now because it seems like it's under the control of the City. However, again, the financial contributions that we're contributing are so important, and we should have the President and the Speaker's appointees at least communicate with the Speaker and the President, as well as to the Legislature. So it seems like we're left out in the dark, and I believe that we, the Legislature, should have at least a reporting from our representatives as well. Mahalo."

Senator Kim rose in rebuttal and stated:

"Mr. President, short rebuttal. In fact, I don't know if it's a rebuttal because I agree with the previous speaker. I agree that this is an important project. I agree that we have funding in it; we have skin in the game, and they were supposed to come back to report to us, and they have not reported back to us, so now we're giving them a vote? I agree that we should have a say, but how do we have a say? Do we pass a resolution before they vote on measures? How do we actually have a say on how these people who are being appointed—and they're not even confirmed by us but are being appointed—to this board to vote on these measures? I agree: Let's have them report but take out the voting, which is what they're supposed to do. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1635 was adopted and H.B. No. 1059, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Acasio, Moriwaki, Taniguchi). Noes, 2 (Kim, Riviere).

Stand. Com. Rep. No. 1638 (H.B. No. 930, H.D. 1, S.D. 2):

On motion by Senator Dela Cruz, seconded by Senator Rhoads and carried, Stand. Com. Rep. No. 1638 was adopted and H.B. No. 930, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYEES' RETIREMENT SYSTEM INVESTMENTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, 1 (Acasio).

Stand. Com. Rep. No. 1641 (H.B. No. 502, H.D. 2, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1641 be adopted and H.B. No. 502, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Riviere rose to speak in opposition to the measure as follows:

"There are four land classifications in the State of Hawai'i: There's conservation, agriculture, rural, and urban. While there is little land presently in the rural classification, it calls presently for a minimum lot size of half-acre. That would be probably appropriate for a rural designation; if you're going to save agricultural lands and you're going to save rural areas, that half-acre is probably about right. This measure, however, would reduce the minimum lot size to quarter-acre, which is just not much more than 10,000 square feet. In other words, it's about R5 in the urban classification. So, this measure's going to blur

the difference between rural and urban, and while it's not been used a lot in previous years for the rural designation and it's not used on this island, I don't see the good of making this change. For those who would argue that this is all about affordable housing, frankly, I would scoff at that because 10,000 square feet is not doing anything for affordable housing, so I think this is a misguided bill. I'm not sure why it's moving at this time, and for those reasons, I am in strong opposition to this one. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"Mr. President, this illustrates a creative approach to facilitate counties—and I'm saying counties manage their own land designations—with the flexibility to permit denser zoning in rural areas by allowing additional dwellings on each quarter-acre of land in the rural districts, provided that these dwellings are consistent—and I say 'are consistent'—with the county's general and community development plans. So it depends on the mayor and the counties to see if it fits with their plans as well, and for this reason, I urge your support on H.B. 502, Senate Draft 2. Mahalo, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1641 was adopted and H.B. No. 502, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RURAL DISTRICTS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads spoke in opposition to the measure as follows:

"Here are a few of the organizations that are opposed to this bill: the Department of Health, Lāna'i Community Health Center, Hawaii Substance Abuse Coalition, I Ola Lāhui, American Heart Association, Get Fit Kaua'i, Waimānalo Health Center, Kapi'olani Medical Center – Pediatric and Women's Services, Hawai'i Primary Care Association, Hawaii Medical Association, Kapi'olani Smokefree Families, Hawai'i Public Health Institute, Tobacco-Free Kids Action Fund, American Cancer Action Network, Hawaii COPD Coalition, AlohaCare,

Adventist Health Castle, Hāmākua-Kohala Health, and the Blue Zones Project.

"On the other side of the ledger, the tobacco industry will be thrilled if this bill passes. This is the same tobacco industry whose business model depends on addicting people to a product that kills 440,000 people a year in the United States alone and 1,400 people a year in Hawai'i. By comparison, COVID has killed 561,000 people so far and 471 in Hawai'i. And, by the way, smokers are more susceptible to serious complications from COVID.

"Tobacco industry executives don't care whether their customers live or die. In fact, the industry spent \$9 billion in 2018 on advertising and over \$28 million on lobbying in 2019 to ensure that more people will start smoking, many thousands of whom will eventually die from the habit. These are ruthless people who apparently care only for the profits they are making from other people's misery and death.

"Hawai'i has the fifth lowest adult smoking rate in the country. Let's not backtrack on that solid record. Please vote 'no' on this bill."

Senator Baker rose to speak in opposition to the measure as follows:

"Thank you, Mr. President. I also rise in opposition to Standing Committee Report 1665, and would ask that the remarks from the previous speaker, the chair of the Judiciary committee, be inserted into the record as if they were my own." (The Chair so ordered, by reference only.)

Senator Dela Cruz rose to speak in support of the measure as follows:

"This measure proposes to repeal the Hawai'i Tobacco Prevention and Control Trust Fund on June 30, 2025, and transfer the encumbered balances to the general fund. The encumbered balance of \$50 million will be transferred to the general fund. Although H.B. 1296 transfers the encumbered balance, the Senate included \$7.3 million for fiscal year '22 and the same amount for fiscal year '23 in this year's budget to continue tobacco prevention programs, which are funded by the trust fund. By funding these programs through the general fund, it adds them to the base budget of the Department of Health. In putting together a balanced budget to stabilize the state's six-year financial plan, we must consider passing this measure along with other revenue enhancers. Your Committee on Ways and Means worked diligently to ensure that all revenue enhancers do not affect the working families of the State of Hawai'i during these uncertain times. I ask my colleagues to join me in support of this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1665 was adopted and H.B. No. 1296, H.D. 1, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 1671 be adopted and H.B. No. 73, H.D. 2, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"When we increase the penalties for emergency workers, it's because their job requires physical interaction with potentially dangerous patients, so I'm in favor of this bill that allows for on-scene communication dispatchers who will also have the potential physical interaction. I am, however, with reservations when it becomes over-broad by the definition of 'otherwise on the field,' and when you look at the definition of 'on the field,' it's basically anywhere outside of the office, which means a communications dispatcher working at home could potentially have an assault. A domestic violence incident of a communications dispatcher in the home would then have the increased penalty that's usually reserved for emergency workers, and for those reasons, I stand in support with reservations."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1671 was adopted and H.B. No. 73, H.D. 2, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY WORKERS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 1678 (H.B. No. 499, H.D. 2, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 1678 be adopted and H.B. No. 499, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Inouye rose to speak in support of the measure as follows:

"Mr. President, we have all received emails regarding this measure, Relating to Lease Extensions on Public Land. H.B. 499 refers to existing lessees and, more important, those with leases soon to expire on DHHL and DLNR lands, and we're not talking about sale of those lands. These are existing commercial and industrial properties that are being paid for by current lessees generating revenue that is sorely needed for the benefit of the Department of Hawaiian Home Lands and its beneficiaries as well as economic benefits to the state. DHHL is supportive of this measure, and they also see this as an opportunity for development on lands not suitable—and I quote, 'not suitable'—for housing and the benefit development for TOD sites.

"Leased lands such as those at the Prince Kuhio mall in Hilo where the lease is soon to expire—and let me also add that many leases that are to expire in our KIAA lands that has been debated in this building for the last 15 years is soon to expire—is one of the largest financial contributors to DHHL. The businesses on the leased lands employ many people from the homesteads located near the mall, as well as others living in East Hawai'i. They include retail clerks, store managers, and many other positions at businesses such as Ross, Safeway, Walmart, Target, as well as locally owned small businesses and eateries located at the Prince Kuhio mall and the adjacent DHHL properties.

"This entire land area was developed in the 1970s, when the east side of the Big Island had the highest unemployment and, at that time, let me add, I was on the Hawai'i island planning commission. The addition of the newer businesses helped lessen the impact and the ripple effects of the shutdown of the sugar industry in the 1970s, which was once the largest employer of my island.

"Supporting land lease extensions ensures that businesses can thrive to provide communities with continued employment and economic stimulus not only on Hawai'i island but throughout the state where lease extensions are required. For these reasons, members, may I ask for your vote for H.B. 499, House Draft 2, Senate Draft 2. Mahalo, Mr. President and members."

Senator Fevella rose to speak in opposition to the measure as follows:

"The reason why I rise in opposition to these lease extensions, the opportunities for Native Hawaiians and Hawaiians—I'm not taking away, telling you to shut down all the stores—but the opportunity that present itself when you knew you took a lease 65 years ago and Hawaiian Home Lands should've had a process in finding other people to put in bids or putting people who want to get in there and getting to be on top of the lease, and then, we talk about Hawaiian Homes saying whether they can build or it's good enough to build—who gives them, when those guys go out there and make the decision that this land you cannot build on, that land you can build on, none of them have any degrees in that! So I'm not saying that we should cancel the lease and break down the buildings, but give opportunities to Hawaiian families or Hawaiian communities to get more involved. When they had take this lease in the '70s, yes, it did help the neighbor islands in getting these things done, but, again, it still belongs to the Hawaiian people. Yes, it does help some of the people of Hawai'i over there, but that money, the \$365 million that Hawaiian Homes now, that is pennies, what they're getting per whatever lease that they're having up there. Same like that lease with Ka Makana Ali'i—65 years from now, they're still paying \$5 million a year! Is that fair, really, to the people on the beneficiaries, on the homestead list? No! But we gotta figure this out. We cannot keep extending,

extending, extending; before you know it, Hawaiians gon' be extinct! They're not going to even know what land belongs to them or what was previously theirs. So, again, to keep the identity and identification of the Hawaiian people, we should not continue to extend leases because it's a feel-good and a need in a sense of telling me because of jobs. We not telling you for make everybody get fired, but we gotta give opportunities to another family or somebody else who wants to pick up the lease, but that should be an opportunity for Hawaiian Homes to do that and do that properly. Thank you."

Senator Inouye rose in rebuttal and stated:

"Just to continue, Mr. President, the measure does call for 40-year leases. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1678 was adopted and H.B. No. 499, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO LEASE EXTENSIONS ON PUBLIC LAND," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 1682 (H.B. No. 77, H.D. 1, S.D. 1):

Senator Rhoads moved that Stand. Com. Rep. No. 1682 be adopted and H.B. No. 77, H.D. 1, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"As you know, Hawaii is suffering from a severe shortage of 'affordable housing'. The exemption from the definition of 'public lands' as proposed by HB 77 SD1 will streamline the development of affordable housing by reducing the number of approvals required from the Dept. of Land and Natural Resources as affordable housing projects move forward.

"Mr. President let me further note that costly approval process now in place is burdensome and can take a full year to approve. Additionally, HB 77 SD1 only applies to individual condominium units and house lots that were built several decades ago.

"I urge this body's full support on HB 77."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1682 was adopted and H.B. No. 77, H.D. 1, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO LANDS CONTROLLED BY THE STATE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 1685 be adopted and H.B. No. 826, H.D. 2, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Baker rose to speak in strong support of the measure as follows:

"Among other provisions, this measure bans the sale of flavored tobacco products and expands the definition of tobacco products to include e-liquid and electronic smoking devices. Colleagues, Hawai'i has the highest rate of usage of e-cigarettes among middle school students and the second-highest rate of usage among high school students in the nation. Vaping and flavored tobacco products attract children and get them hooked on smoking at a very early age. We need to take action to protect the health and safety of our kids; this measure will help us do that. I ask all my colleagues to join me in supporting this measure. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1685 was adopted and H.B. No. 826, H.D. 2, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC SMOKING DEVICES," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President,

"The intent of HB 469 HD1 SD2 is to establish a means for the transfer of certain non— agricultural park lands from the DLNR to DOA pursuant to Act 90, (2003), and Chapter 166E, HRS by;

- Requiring DLNR and DOA to meet and identify the non—agricultural park lands that should be rezoned as those in the conservation district.
- Requiring unidentified non—agricultural park lands under the jurisdiction of the DLNR to be placed under DOA jurisdiction.
- Requiring the DLNR and DOA to meet every 5 years to discuss transferring remaining lands. Requires the DLNR to report to the Legislature.
- Requiring the DOA to inquire about any easements needed by DLNR before offering a lease.
- Authorizes the Board of Land and Natural Resources to amend and extend existing pasture leases and to issue new pasture leases by negotiation in furtherance of public purposes that the DLNR and DOA are responsible for promoting.

◦ The Board may consider key characteristics of public lands most likely to benefit from the negotiation of pasture leases, food production and natural resource conservation and stewardship that will serve to achieve the identified public purposes.

◦ The Board may set the rent for pasture leases to a value that incentivizes or otherwise promotes ranching operations compatible with the public purposes.

This will authorize BLNR to amend and extend existing pasture or industrial leases and consider key characteristics of public lands most likely to benefit from the negotiation of pasture leases, food production and natural resource conservation and stewardship that will serve to achieve the identified public purposes

"For this reason, I urge your support on HB 469 HD1 SD2"

#### STANDING COMMITTEE REPORT

Senator Shimabukuro, for the Committee on Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1738) recommending that H.C.R. No. 11, H.D. 1, as amended in S.D. 1, be referred to the Committee on Judiciary and the Committee on Ways and Means.

On motion by Senator Keohokalole, seconded by Senator Fevella and carried, the report of the Committee was adopted and H.C.R. No. 11, H.D. 1, S.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING THE HAWAII STATE COMMISSION ON THE STATUS OF WOMEN TO CONVENE A TASK FORCE TO STUDY MISSING AND MURDERED NATIVE HAWAIIAN WOMEN AND GIRLS,” was referred to the Committee on Judiciary and the Committee on Ways and Means.

At this time, Senator Taniguchi informed the members that the first virtual Art at the Capitol event would be held over the following three days, premiering short videos of 42 legislators talking about the public artwork in their offices and the role that public art plays in our society. Senator Taniguchi noted that the event would not have been possible without the efforts of the State Foundation on Culture and the Arts; his office manager, Poni Daines; and Orig Media, which did the bulk of the filming. Senator Taniguchi further noted that eight offices did their own video filming, and that they tried to incorporate comments from the artists of the pieces in the offices. Senator Taniguchi then announced that the videos would be posted on Facebook and YouTube by order of floors, with second floor offices the following day, third floor offices on Thursday, and fourth floor offices on Friday.

Senator Kim rose to speak on a point of personal privilege as follows:

“Mr. President, I’d like to request that we be given the names of our representatives who have been appointed to HART and the attendance records since they’ve been on the board. Thank you.”

The Chair announced that there would be a leadership meeting immediately following adjournment.

The Chair then made the following comments:

“I take to heart what I learned from Senator Ihara years ago, that I’m not to advocate from the rostrum, and I didn’t weigh in on the vote about military spouses. I understand the larger philosophical discussion about what is appropriate in the defense of our country and that that is a larger discussion nationally, not just here locally. But I want to be clear in voting ‘yes.’ To support the spouse of an individual who chose to put the uniform on to defend the freedom that I and the rest of us enjoy, and not to treat them with the respect for the sacrifice that their family member is making and, more importantly, the sacrifice that that spouse is making if their loved one is deployed, I think is minimally what we should be doing to acknowledge our gratitude and our thanks for the service that the whole family has committed to. I’d be remiss if I did not express why I voted ‘yes’ on that particular bill, to let the men and women of the country who are wearing the uniform and are stationed here in Hawai‘i know how thankful I am for their choice to be of service.”

“The members may recall that this bill is the one that allows the mayors and the governor, when they declare an emergency, to apply penalties less than the misdemeanor that’s current law. I’m recommending that we accept the changes because there’s only one substantive one: It changes ‘authorize’ instead of ‘require’ that the notice of the infraction be sent to the person’s electronic email address, so, in this bill, any violations of the emergency orders can be dealt with by infractions that just entail a fine, and that’s the only substantive change. The observant will notice that the H.D. is much longer than the S.D. 1 was; it’s all a giant technical amendment, and it doesn’t change the meaning or intent of the bill. Mahalo.”

**AGREE/DISAGREE**

**MATTER DEFERRED FROM  
TUESDAY, APRIL 13, 2021**

Senator San Buenaventura moved that the Senate agree to the amendments proposed by the House to S.B. No. 1127, S.D. 1, seconded by Senator Keohokalole.

Senator San Buenaventura noted:

“Colleagues, you may have heard in the news last month that Department of Human Services has had to cut general assistance benefits from \$388 to \$260 for the poorest of the poor due to an increase in applications caused by the pandemic. GA benefits are temporary payments for the gap group who have suddenly lost their source of income but do not qualify for SSI, UI, nor PUA benefits nor any other source of income. This group of 5,000-plus recipients that has been increased by about 10, 15 percent since the pandemic has had to make do with only \$260 per month. By fast-tracking this emergency appropriation, we can again provide this modicum of \$388 for temporary relief by the next payment of July, so, colleagues, I request that you pass this amendment. Thank you.”

#### FINAL READING

S.B. No. 540, S.D. 1, H.D. 2:

Senator Rhoads moved that S.B. No. 540, S.D. 1, H.D. 2, having been read throughout, pass Final Reading, seconded by Senator Keohokalole.

Senator Rhoads spoke in support of the measure as follows:

"As most people are aware at this point, if you violate the emergency rules that we've had in effect for about a year now, the standard and only punishment is, the only crime that you commit is a misdemeanor. This bill will make it so that other lesser offenses can be designated in emergency proclamations, including infractions that will look and be adjudicated just like traffic tickets. So, I'm hopeful this will be a more useful tool for enforcing, especially things like masking rules, which are still important—the pandemic is not over, and not everyone is vaccinated, and so it is still very important that we follow these rules. But having fines as opposed to a potential year in jail, I believe, will be a much more effective way of accomplishing that task. Mahalo."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 540, S.D. 1, and S.B. No. 540, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY RULES,"

Ayes, 24. Noes, none. Excused, 1 (English).

S.B. No. 651, S.D. 1, H.D. 1:

Senator Lee moved that S.B. No. 651, S.D. 1, H.D. 1, having been read throughout, pass Final Reading, seconded by Senator Keohokalole.

Senator Keith-Agaran requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President. I strongly support S.B. No. 651, SD1, HD1.

"Renaming the Kahului Airport Access Road, the gateway to our island, after Maui Mayor Elmer Franklin Cravalho is a plainly modest honor for arguably the most consequential public figure for Maui County in the twentieth century.

"Elmer Cravalho, an astute visionary, contributed immeasurably to the success and growth of the State of Hawaii and his home of Maui Nui. Whether you agreed with him and strongly support him, or was a critic of his policies and ideas, and he had many of both, no other local elected official played as significant a part in the development of modern Maui. But throughout his public life, he remained focused and conscious of the need for economic opportunities for the students and the children and grandchildren of those kids that he taught in Maui schools before entering elected office.

"In 1954, Mayor Cravalho rose to prominence during the Hawaii Democratic Party 'revolution' as leader of the Maui Democratic Party committee. Elected to the Territorial House of Representatives in 1955, he served as Vice Speaker, then Finance committee chair, and then Speaker of House from 1959 to 1967. As Speaker, he had the honor of receiving the message from then-Delegate John A. Burns (in Washington, D.C.) relaying the news that the U.S. Congress approved statehood for Hawaii—a moment captured in one of the iconic photographs of that day.

"In 1966, Cravalho returned home to win the chair of the Maui Board of Supervisors when Eddie Tam died. In 1968, when a Charter amendment created the current structure of County government, Cravalho became the first Mayor of Maui County.

"Maui's booming post-statehood economy undoubtedly owes much from Cravalho's vision, intelligence and doggedness. He worked to diversify Maui's economy from its plantation base and was instrumental in developing a vibrant visitor industry that branded Maui County as different from Waikiki and other parts of the State. As part of that effort, he directed Maui's resort growth the West and South while encouraging home ownership opportunities for local residents from the old plantation camps and mill towns into new communities in the central part of the island.

"Upon leaving elected office, Mayor Cravalho continued his public service through community organizations such as the Kula Community Federal Credit Union and noteworthy service on the Board of Water Supply and various advisory committees. He also continued to be a mentor and advisor for numerous community-minded residents.

"To honor his many accomplishments, I strongly support this relatively small recognition of a giant in Maui's modern history. Renaming this road as Mayor Elmer F. Cravalho Way will be a fitting memorial for a great man."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 651, S.D. 1, and S.B. "I just want to add in that I really appreciate this chamber fast-tracking this bill because, as soon as it lands on the governor's desk, we are going to be able to afford, as of the May payment, which is next month's payment, to be able to help the poorest of the poor, so thank you very much for this chamber for allowing me to do this. Thank you."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1127, S.D. 1, and S.B. No. 1127, S.D. 1, H.D. 2, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE DEPARTMENT OF HUMAN SERVICES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 24. Noes, none. Excused, 1 (English).

Senator Inouye moved that S.B. No. 1166, S.D. 2, H.D. 2, having been read throughout, pass Final Reading, seconded by Senator Keohokalole.

Senator Acasio rose to speak in opposition to the measure as follows:

"The language in this bill is vague and the timing is rushed. Addressing the issues of liabilities that come with expired leases is something we must do, but the matter needs careful consideration. Given the testimony in opposition, it's clear that more consideration is due. The impact demolition activities have on the environment is something that was given no consideration with regards to this bill. The potential these activities offer as a source of wealth for the underemployed was also not considered. As an example, an organization in Baltimore called Second Chance that started with \$400,000 and 4 employees a decade ago has grown into a multimillion dollar enterprise with an \$11 million budget and 240 employees just by managing demolition projects. A bill that addresses the cost of demolition must also address its potential benefits; this one does not. No consideration was given to other options for managing this issue other than allowing developers to capitalize on highball estimates that could be for masked wastefulness.

"It's clear that this bill is an attempt to make up for the capricious manner in which the State awarded these leases in the first place, but it is equally capricious. Past failures to require lessees to remove old and unwanted improvements are no excuse for depriving OHA and DHHL beneficiaries of their share of future lease payments. Under this measure, neither OHA or DHHL has any input or role in negotiating rent waivers or reductions, which may impact their respective shares of lease revenues for two decades at a time. It is not clear how the value of the demolition activities or improvements will be determined. If they are being exchanged for money rightfully due the State, they should be subject to the same bidding process that prevents fraud and abuse on State contracts. Under this bill, rent reductions or lease waivers will be up to 20 years, which may approach or exceed the useful life of certain types of infrastructure that would be installed by said leases. In such cases, the full benefit of such infrastructure would be realized by lessees with little to no equity left for the State to have justified its reduction or waiver of lease rent.

"While this measure may assist in certain developments in my district, it applies to all DLNR lands throughout the state—lands in your districts as well. Before voting 'yes' on this measure, each of us should have a much clearer understanding of the impacts it will have. I encourage my colleagues to vote with me in opposition to this bill so that we can put in the necessary careful consideration next session. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"On behalf of the Water and Land committee and Ways and Means, the purpose and the intent of this measure is to authorize BLNR to approve rental payment reductions or waivers for leases when the lessee must incur substantial demolition costs or infrastructure improvement costs in order to utilize the leased premises. The committees find that the reduction or the waiver or the lease rental payments authorized by this measure will provide a greater incentive for developers to invest in the redevelopment of public land or provide the necessary infrastructure to facilitate further development of unimproved public land. Just to add, Mr. President: Banyan Drive is one of the areas that it would help, but in Senate District 1, we've already seen the damages and the lease coming up or the demise of a lease with regards to Uncle Billy's Hotel, and it's already been claimed and the DLNR already has put that particular property that's in abeyance of uninhabited facilities, and so there's a demolition that needs to occur as well. This measure will help in one particular instance, and I'm sure there's many other areas that's involved throughout the state as well, including Kaua'i. Mahalo."

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.B. No. 1166, S.D. 2, and S.B. No. 1166, S.D. 2, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RENTALS FOR PUBLIC LAND LEASES," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 22; Ayes with Reservations (Ihara). Noes, 2 (Acasio, Fevella). Excused, 1 (English).

“Mr. President, please also note my reservations for 1792, H.C.R. 178. Predominant reason for that is just because it seemed like the testimony in the last hearing—I believe it was eight out of nine—addressed the original resolution on menstrual equity and only one testimony spoke to the current language in this resolution, which is about the Charter School Commission, and it’s actually **from** the actual Charter School Commission, so it doesn’t seem like there was much input or public awareness on this change. Mahalo.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“Reservations on H.C.R. 178, and just on a technicality: the report title doesn’t match the content. I do support the prior resolution as well as the current resolution. I just want to make sure that the public is aware of what it is we are passing. Thank you.”

Senator Kidani rose to speak on a point of personal privilege as follows:

“Just to note for 1792, H.C.R. 178: The menstrual equity resolution was S.C.R. 100, which was also heard and passed in the House, and we needed a resolution by which we could take care of the issues for the charter school authorizer. Thank you.”

On motion by Senator Keohokalole, seconded by Senator Fevella and carried, the report of the Committee was adopted and H.C.R. No. 178, S.D. 1, entitled: “HOUSE CONCURRENT RESOLUTION REQUESTING THE CONVENING OF A WORKING GROUP TO DISCUSS THE ROLE OF THE AUTHORIZER, ITS RELATIONSHIP WITH CHARTER SCHOOLS, THE ACCOUNTABILITY FOR THE USE OF PUBLIC FUNDS, AND WHETHER OR NOT LEGISLATION IS REQUIRED TO EFFECTUATE ANY DESIRED CHANGES,” was adopted, with Senators Acasio and San Buenaventura voting “Aye with Reservations.”

“Your committee especially looks forward to Director Choy's submittal of a plan to eliminate the State contracting out the tax modernization and instead building capacity within his department, which will save the State millions of dollars. Senator Keohokalole offered the following amendment (Floor Amendment No. 6) to H.C.R. No. 123, H.D. 1, S.D. 1:

House Concurrent Resolution No. 123, HD1, SD1, is amended by deleting all references to "physician assistants" throughout the measure and to amend its title and contents to read:

"REQUESTING THE UNIVERSITY OF HAWAII SCHOOL OF NURSING AND DENTAL HYGIENE TO CONDUCT AN ANALYSIS OF ADVANCED PRACTICE REGISTERED NURSES."

WHEREAS, the Legislature recognizes that there is a physician shortage in the State, which often leaves rural communities with challenges to health care access; and

WHEREAS, the Legislature is currently looking at different legislation to expand the scope of practice for advanced practice registered nurses; and

WHEREAS, according to the Hawaii State Center for Nursing, since 2009, the Legislature has passed twenty-two laws related to the scope of practice of advanced practice registered nurses; and

WHEREAS, the 2021 Legislature has or is considering five measures related to expanding the scope of practice for advanced practice registered nurses in a variety of ways in Hawaii; and

WHEREAS, it is challenging to expand the scope of practice for advanced practice registered nurses without a holistic view of what their scope of practice could and should be in Hawaii; and

WHEREAS, there is a need to make clear distinctions to understand the differences between physicians and advanced practice registered nurses and what both profession's scope of practice in Hawaii should be; now, therefore,

BE IT RESOLVED by the House of Representatives of the Thirty-first Legislature of the State of Hawaii, Regular Session of 2021, the Senate concurring, that the University of Hawaii School of Nursing and Dental Hygiene is requested to conduct an analysis of advanced practice registered nurses; and

BE IT FURTHER RESOLVED that in its analysis, the University of Hawaii School of Nursing and Dental Hygiene is requested to include the following:

- (1) The full scope of practice for advanced practice registered nurses based on national professional guidelines;
- (2) The distinctions between the educational training and scope of practice between physicians and advanced practice registered nurses;
- (3) An examination of potential scope of practice limitations for advanced practice registered nurses in the Hawaii Administrative Rules; and
- (4) A comparative study of how Hawaii differs from other states regarding the scope of practice for advanced practice registered nurses; and

BE IT FURTHER RESOLVED that the University of Hawaii School of Nursing and Dental Hygiene is requested to submit a report of its findings to the Legislature no later than twenty days prior to the Regular Session of 2022; and

BE IT FURTHER RESOLVED that certified copies of this Concurrent Resolution be transmitted to the Governor, Lieutenant Governor, and Dean of the University of Hawaii School of Nursing and Dental Hygiene.

Senator Keohokalole moved that Floor Amendment No. 6 be adopted, seconded by Senator Baker.

Senator Keohokalole rose to speak in support of the amendment as follows:

"Mr. President, H.C.R. 123 requests the University of Hawai'i School of Nursing and Dental Hygiene to conduct an analysis of advanced practice registered nurses. Due to an inadvertent mistake on my part, the resolution also included in the scope of the analysis physician assistants, which was not our intention in the Health committee, so this floor amendment corrects that omission, and I thank my colleagues for their patience."

The motion to adopt Floor Amendment No. 6 was put by the Chair and carried.

Senator Keohokalole then moved that Stand. Com. Rep. No. 1772 be received and placed on file, seconded by Senator Baker and carried.

seconded by Senator Kidani.

Senator Kim rose to speak in support of the nominees as follows:

“Your Committee on Higher Education heard from the three nominees, and recommends the confirmation of William Haning, Diane Paloma, and Wayne Higaki to the Board of Regents.

“William Haning is a graduate of Princeton University and the John A. Burns School of Medicine at the University of Hawai'i. A tenured professor of psychiatry, he retired as director of undergraduate medical education for the school in 2017 and was designated professor emeritus in 2018. At his confirmation hearing, Dr. Haning spoke candidly about his motivation for applying to the Board of Regents at his age: ‘One looks for ways to be of use.’ He is nationally well-known and respected for his work in medicine, yet also humble and a good listener. Dr. Haning recognizes systemic difficulties that the Legislature has in appointing people who look good on paper but don't end up holding themselves accountable. He addressed this by affirming his commitment to his word, as it would be meaningless without the intent to follow through. Dr. Haning is qualified to serve and would be a unique addition to the board given his record of service, wisdom, honesty, energy, and humor. (And he does say online that he is the undeserving spouse of the remarkable Dr. Libby Char.)

“Diane Paloma's career includes experience from the John A. Burns School of Medicine, the Queen's Health Systems as director of Native Hawaiian Health, and currently the first CEO

of Lunalilo Home Trust. Dr. Paloma is well-educated, having earned her PhD in healthcare administration as well as MBA, which will be essential for sitting on the board, tasked with managing our state's largest university. At her confirmation hearing, Dr. Paloma made her intentions clear to seek out and investigate issues by visiting and speaking with students and faculty at their respective campuses and to proactively improve the university.

“Wayne Higaki has served in multiple different positions, including as Board of Regents vice chair and committee chair. He is one of two regents from Hawai'i island with experience on the issues of TMT and Maunakea, and is an ex-officio member of the Maunakea Management Board. His roots are in North Hawai'i, where he served the healthcare needs of his community. His background as a former healthcare administrator while serving his first term on the Board of Regents has been beneficial not only for Hawai'i island but for the state. At his confirmation hearing, Mr. Higaki agreed that he will take it upon himself to raise questions on difficult issues of tenure, faculty teaching hours, and student housing on the Board of Regents meetings.

“Mr. President, members of the Senate, before us are three uniquely qualified citizens who have volunteered to serve on the Board of Regents. These nominees have been approved by your Committee on Higher Education. I recommend that all members confirm their nominations. Thank you.”

“On your note of Earth Day, Senator Gabbard, I had the opportunity to attend a ceremony by the Ala Wai Elementary School students. They had—I believe it was called ‘genki balls’ or ‘mud balls.’ They made 600 of them with natural material, which, when tossed into the Ala Wai, will eat the bacteria or harmful products that are in the water, and Aliamanu Intermediate School students made 400 of these. Four or five of their students with their teacher attended at Ala Wai, and they threw a thousand of these into the Ala Wai this morning, hoping to help clean the Ala Wai Canal, and so they are doing their commitment, and it was nice to see all of these young students—the whole third grade, the pre-K, and a few of the intermediate students—participate.”

The Chair then announced:

“The decking deadline for all non-fiscal bills in conference is 11:30 p.m. tonight.”

Senator Kim requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kim's remarks read as follows:

"Mr. President, I rise in support of SCR 201

"This resolution came about as response to UHPA's concerns and a compromise to SB 1328 relating to Tenure at the University of Hawaii and SB1394 relating to Univ. of Hawaii Research faculty salary. Working with UHPA, both SB 1328 & SB 1394 were deferred and SCR 201 was introduced and passed instead.

"This resolution calls upon the UH administration, UH Board of Regents and UHPA to convene a task force to examine and assess the University of Hawaii tenure system for researchers and other non-instructional faculty and compensation structure of faculty engaged in activities supported by extramural funding and grants in comparison to peer institutions across the US and propose the best practices that could be implemented by the University of Hawaii.

"Tenure has been instrumental in assuring academic freedom in higher education. It was established and meant to allow faculty to teach freely, in line with the search for truth, no matter how controversial the subject matter without fear of being fired.

"This resolution does not address tenure for instructional faculty. It is directed at non-instructional faculty.

"Few, if any, colleges in the United States or the UH's peer universities, grant tenure to researchers. Other institutions require researchers to attract extramural research grants to cover 40 percent to 80 percent of their salaries and benefits. Instead, the UH pays its research staff from general funds. UHPA claims that this could jeopardize Hawaii's R1 status, which is false because most, if not all, R1 institutions do not tenure researchers. Additionally, UH has been using tuition dollars paid by students to supplement research that is not related to their instruction.

"A report of the task force including any proposed legislation to be submitted to the Legislature no later than 20 days prior to the convening of the 2022 legislative session.

#### FINAL READING

Conf. Com. Rep. No. 180 (H.B. No. 200, H.D. 1, S.D. 1, C.D. 1):

Senator Dela Cruz moved that Conf. Com. Rep. No. 180 be adopted and H.B. No. 200, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Keith-Agaran.

Senator Dela Cruz rose to speak in support of the measure as follows:

"I'd like to begin by thanking the Ways and Means vice chair, the senator from Central Maui; the Finance chair and Finance vice chair; Senate and House leadership; and the Senate and House subject-matter chairs for their blood and courageous leadership in addressing our state's extreme fiscal challenges.

"House Bill 200 is the culmination of many hours of dedication and diligent efforts by Hawai'i's legislative body to identify opportunities for strategic additions, restorations, restructuring, reductions, and cuts across all 20 state departments. We believe that we have an executive budget that creates a leaner, more effective state government; addresses the needs of our most vulnerable residents; and stabilizes essential services and programs as we make our way out of the fiscal storm of 2020. The House and Senate approached the conference draft with the intent to address the biennium budget with fiscal responsibility and restraint. House Bill 200 shores up our current state obligations while ensuring a solid financial future in the case the state is faced with another unforeseen economic upheaval.

"The House and Senate had the daunting task of balancing the state budget with the inclusion of the \$1.6 billion allocated to the state through the American Rescue Plan Act of 2021, also referred to as ARPA. With limited guidance from the Department of Budget and Finance and the federal government, determining the most appropriate use of the money was very difficult. The maintenance of effort requirement presented the greatest challenge while drafting a balanced budget. Your conference committee worked diligently to meet the proportional maintenance of effort funding requirements established under ARPA. We are proud to present a budget that meets the maintenance of effort requirement, thus ensuring the state's \$1.6 billion ARPA allocation.

"The legislative draft of the state budget includes funding for supporting programs and services for agriculture, which included starting the pesticide disposal program and providing funds for programs in agricultural development and foods security; funding to support our state museums, 'Iolani Palace and Bishop Museum, and allocating ARPA funds to the Hawai'i Tourism Authority to help sustain our visitor industry and economy; supporting Hawai'i's learners and education systems

by adding funding for alternative learning, teacher rental subsidies, a statewide trauma, and K-12 programming. For higher education, funding was added for the UH Mānoa Early College, JABSOM, athletics, and the Promise Program. Funds were restored for special education, libraries, instructional support, school support, school community services, charter schools, and the DOE weighted student formula. Funding to protect our natural resources were also restored: the Water and Land Development Division and the Native Resources and Fire Protection Program—now we have added resources for them, as well as the Conservation and Resources Enforcement Division. Supporting health and wellbeing of Hawai'i's families by providing funding for critical human services, such as the General Assistance program, homeless services, Preschool Open Doors, Medicaid payments, the state Rental Supplement Program, and in-community youth programs, as well as funding for critical programs such as Crime Victim Compensation program, Career Criminal Victim Witness Program, and the Sex Abuse Treatment Center.\*

"It is also important to the committee to continuously evaluate the structure of government and identify efficiencies and reduce duplication. Where applicable, government agencies should be working with each other to provide services to our residents. With that in mind, and incorporating each department's executive budget request, the budget reduced vacant positions; changed means of financing for certain programs; restructured, eliminated, or consolidated departments and programs to align with the state's goals and priorities. The conference draft includes consolidating the Land Use Commission, the Office of Environmental Quality Control, and the Office of Planning into a new budget program titled Office of Planning and Sustainable Development. The draft transfers permanent positions from the Department of Labor and Industrial Relations Research & Statistics Office to the Department of Business, Economic Development, and Tourism's Economic Planning and Research to consolidate research and statistics functions. It also transfers permanent and temporary positions from the Hawai'i Tourism Authority Tourism Research Office to DBEDT to consolidate research functions; creates new program IDs; and transfers personnel and funds to the Hawaii Army and Hawaii Air National Guard and Hawaii Emergency Management Agency; transfers the Department of Education's Office of Information Technology Services from state administration to school support; creates new program IDs and transfers UH Cancer Center from UH Mānoa to UH Cancer Center; transfers and consolidates permanent positions, federal funds, and general funds from the Workforce Development Council to the Workforce Development Division to retain the positions while consolidating the duties into a single office; converts positions and programs funded by the Agricultural Development and Food Security Special Fund and the Agricultural Loan Reserve Fund to general funds; and, to hold the ADC accountable, converts temporary positions in from the Agricultural Development Revolving Fund to general fund.

"I really want to thank the leadership; I want to thank the members, and I want to thank the Finance chair for all of your hard work and many, many hours. This has probably been the most challenging session with the limited timeframe, with the amount of limitations, with the amount of restrictions, with the economic challenges, and if it wasn't for all of your hard work, I don't think we could do this, and we did it together, so thank you."

Senator Keith-Agaran rose to speak in support of the measure as follows:

"I also want to thank all my colleagues as well as the chair of the Ways and Means committee, our good senator from Wahiawā, for the hard work that he and his staff did on the budget on the operating side, and for all of the information and support they provided to my office for the capital budget. I want to thank also my colleague in the House who, as usual, negotiated to the best extent that he could on the priorities that they identified to the extent they identified priorities. I want to thank the members in our body who identified the important projects that will enhance the lives of the people in their communities, and I'm hoping that we were able to put enough of those projects in here to continue the one area where the State can really directly affect the economy, and that is in the public works budget. With that, I also finally would be remiss in not thanking the members of my staff, who, especially during the conference, which was, as the Ways and Means capital mentioned, fairly short, to reach a compromise on the capital budget, so let me thank my office manager, Susan; Danielle, from my office; and Robert, who did the capital budget; as well as my session staff, Pam and Jimmy. Thank you, Mr. President."

The Chair then extended additional thanks to those who had been mentioned for their great work.

The motion was put by the Chair and carried, Conf. Com. Rep. No. 180 was adopted and H.B. No. 200, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25. Noes, none.

At 10:19 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:22 a.m.

Conf. Com. Rep. No. 160 (H.B. No. 613, H.D. 2, S.D. 2, C.D. 1):

Senator Kidani moved that Conf. Com. Rep. No. 160 be adopted and H.B. No. 613, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Dela Cruz.

Senator Kidani then offered the following amendment (Floor Amendment No. 7) to H.B. No. 613, H.D. 2, S.D. 2, C.D. 1:

SECTION 1. House Bill No. 613, H.D. 2, S.D. 2, C.D. 1, is amended by replacing section 3, page 14, lines 11 through 16, with the following:

"(13) The sum of \$29,700,000 or so much thereof as may be necessary for fiscal year 2021-2022 shall be expended for the purpose of educator workforce stabilization to retain teachers; provided that moneys appropriated shall be used for a one-time stabilization payment of \$2,200 for each full-time and half-time teacher; and"

SECTION 2. House Bill No. 613, H.D. 2, S.D. 2, C.D. 1, is amended by replacing section 3, page 14, line 17, through page 15, line 18, with the following:

"(14) The sum of \$6,360,000 or so much thereof as may be necessary for fiscal year 2021-2022 shall be expended within four complex areas; Kauai; Maui (Molokai); Hawaii island (Honokaa-Kealakehe, Kohala, Konawaena); and Leilehua-Mililani-Waialua for the purpose of a pilot greenhouse(s) for sustainability and agriculture training, including robotics and other agricultural technology training; provided that, as much as possible, the

greenhouse(s) shall be adjacent to agricultural production centers and develop capacity for future farming and farmers; and”

Senator Kidani moved that Floor Amendment No. 7 be adopted, seconded by Senator Kim.

Senator Kidani rose to speak in support of the amendment as follows:

“The floor amendment being offered for House Bill 613 amends the language on pages 14 and 15. Section 13 on page 14 clarifies that full-time and half-time teachers would qualify for the workforce stabilization payment. The amendment in section 14 allows for greater flexibility for the Department of Education to find an appropriate location for the pilot greenhouse programs to promote sustainable agriculture and STEM and CTE training for our students within a complex area rather than a specific school. Mahalo.”

At 10:25 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:25 a.m.

The motion to adopt Floor Amendment No. 7 was then put by the Chair and carried.

Senator Kidani then moved that Conf. Com. Rep. No. 160 be received and placed on file, seconded by Senator Kim and carried.

By unanimous consent, H.B. No. 613, H.D. 2, S.D. 2, C.D. 2, entitled: “A BILL FOR AN ACT RELATING TO EDUCATION,” was placed on the calendar for Final Reading on Thursday, April 29, 2021.

Conf. Com. Rep. No. 175 (H.B. No. 499, H.D. 2, S.D. 2, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 175 be adopted and H.B. No. 499, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Keith-Agaran.

Senator Fevella rose and stated:

“Mr. President, I wish to make a floor amendment on H.B. No. 499, C.D. 1.”

The Chair inquired:

“Is there a second?”

Senator Ihara stated:

“I wasn’t planning to do this, but I will second the motion to give respect to our lone minority member, as I did with Senator Sлом a number of years ago that some senators may recall. Thank you.”

The Chair then called for a recess to distribute copies of the floor amendment to the members.

At 10:27 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:34 a.m.

Senator Fevella offered the following amendment (Floor Amendment No. 8) to H.B. No. 499, H.D. 2, S.D. 2, C.D. 1:

SECTION 1. House Bill No. 499, H.D. 2, S.D. 2, C.D. 1, section 1, is amended by amending lines 1 to 6, on page 2, to read as follows:

“The purpose of this Act is to authorize the board of land and natural resources to extend commercial, industrial, resort, mixed-use, or government leases, other than those to which the

department of Hawaiian home lands or the University of Hawaii is a party, that have not been sold or assigned within the last ten years, for lessees who commit to substantial improvement to the existing improvements.”

SECTION 2. House Bill No. 499, H.D. 2, S.D. 2, C.D. 1, section 2, is amended by amending the definition of “government use” in subsection (f) of section 171- , Hawaii Revised Statutes, on page 5, lines 10 to 14, to read as follows:

““Government use” means a development undertaken under a lease held by any agency or department of the State or its political subdivisions other than the department of Hawaiian home lands, the University of Hawaii, or any department, agency, or administratively attached entity of the University of Hawaii system.”

Senator Fevella moved that Floor Amendment No. 8 be adopted, seconded by Senator Acasio.

Senator Fevella rose to speak in support of the amendment as follows:

“Colleagues, H.B. 499, C.D. 1 is a bill that will have devastating effects on the management of our public lands by allowing individuals to lease these important lands for almost 100 years without the general public an opportunity to lease these lands.

“But what is even more terrifying in this bill is what the bill will do to thousands of acres of Hawaiian Homes trust lands that were set aside for Native Hawaiians for homesteading because of the current language in this bill, which amends Chapter 171 of the Hawai‘i Revised Statutes, does not prohibit this language to the lands managed by the Department of Hawaiian Home Lands like this bill has included for the University of Hawai‘i.

“As a Native Hawaiian, and as anyone in this chambers who is Native Hawaiian, and anyone in the chamber who cares at all about Native Hawaiians, I can tell you that Prince Kūhiō, 100 years after the passing of the Hawaiian Homes Commission Act, would be embarrassed and ashamed of this bill and what this bill attempts to pass today.

“Now, some of you might not have any idea of what I am talking about; some of you might think that this bill only affects lands that are under the Board of Land and Natural Resources, but that is not the case. The reason is that Chapter 171 governs all agencies that lease public lands unless they are exempt. The Department of Hawaiian Home Lands, as a state agency, through the Hawaiian Homes Commission, must follow Chapter 171 when leasing trust lands. By passing this bill, we will be allowing the opportunity for current lessees, those who are not beneficiaries and in many cases not Native Hawaiian, to extend their leases, which they have already been leasing for over 65 years, to another 40 years.

“By not restricting DHHL from this bill like we have done for the University of Hawai‘i, this bill will violate the Hawaiian Homes Commission Act and is unconstitutional based on the federal law that replaced state law.

“Section 204 of the Hawaiian Homes Commission Act is crystal clear, and since many of you may not be familiar with this, I would like to read it to you:

**§204. Control by department of “available lands,” return to board of land and natural resources, when; other lands, use of.** (a) Upon the passage of this Act, all available lands shall immediately assume the status of Hawaiian home lands and be under the control of the department to be used and disposed of in accordance with the provisions of this Act, except that: . . .

In the management of any retained available lands not required for leasing under section 207(a), the department may dispose of those lands or any improvements thereon to the public, including native Hawaiians, on the same terms, conditions, restrictions, and uses applicable to the disposition of public lands in chapter 171, Hawaii Revised Statutes; provided that the department may not sell or dispose of such lands in fee simple except as authorized under section 205 of this Act; provided further that the department is expressly authorized to negotiate, prior to negotiations with the general public, the disposition of Hawaiian home lands or any improvements thereon to a native Hawaiian, or organization or association owned or controlled by native Hawaiians, for commercial, industrial, or other business purposes, in accordance with the procedures set forth in chapter 171, Hawaii Revised Statutes.

In summary, the DHHL is prohibited from extending general leases if those lands are not required for leasing for Hawaiian homesteads. With 28,000 people on the homestead list, every acre of Hawaiian Homes trust lands must be considered for homestead leasing before general leasing is allowed, especially general leases to non-Native Hawaiian beneficiaries.

“Now, you may wonder how many leases this bill would apply to, so let me tell you how many leases would be allowed to extend their leases under this bill, island by island:

- Hawai‘i island: 72 leases, 740 acres;
- Kaua‘i island: 6 leases, 72 acres;
- Moloka‘i: 5 leases, 1,762 acres;
- O‘ahu: 39 leases, 248 acres.

Colleagues, that is about 3,000 acres being leased, and less than 1 percent are Native Hawaiian. This information can be found in the DHHL 2020 Annual Report.

“I request support for my amendment to exclude DHHL from the amendment to HRS 171. I also would like to note that the reason the University of Hawai‘i is excluded from this bill is one reason: Mauna Kea. The university’s lease on Mauna Kea expires in 2033, and everyone in this building knows that if the University of Hawai‘i was not excluded from this bill, that we would have thousands of angry constituents here at the Capitol protesting this bill. But what has been also conveniently not discussed in this bill is what the bill has potential to do for government leases also under the jurisdiction of BLNR.

“Pōhakuloa, Mākua Valley, Kōke‘e: All of these leases will expire in 2029, and this bill would also open the door for the federal government to extend their leases for another 40 years.

“Colleagues, this is a **bad** bill. At the very least, we should adopt my proposed floor amendment since this bill violates Hawaiian Homes Commission Act, and, if not, we should vote this bill down and return it to the conference committee.

“Senate President and members, colleagues, friends, family: I read this thing word for word because, this morning I came in here with a very heavy heart, with a lot of emails, a lot of calls, from not only my constituents that are Hawaiian but my non-constituents that are not Hawaiian. This bill is very bad for our community because, when I went to committee hearings, and we wanted to extend Prince Kuhio Mall’s extension, the Hawaiian Homes book here talked about it, and I didn’t read that much about it until I read this. Their lease is until 9/30/2042, so, colleagues, why are we in the rush to pass this bill when most of the leases that are coming up, even this one, are way, way, way far away, and we have other leases that are coming up, again, not giving an opportunity to Native Hawaiians to do businesses? So there’s a lot more in the book I

was going to read, but because time doesn’t permit, I’m not going to, but we have always said that we are here to provide not only for everyone but for Native Hawaiians to prosper in businesses, but today, we have a bill before us that is going to prevent that for another hundred years. So, colleagues, I ask you, please, if you can support my floor amendment, I appreciate it. Again, thank you, Senate President; thank you, guys.”

Senator Inouye rose to speak in opposition to the amendment as follows:

“It’s unfortunate that this amendment is not coming from any of the conference chairs. I ask, colleagues, that you join me in voting against the amendment before us to H.B. 499, Conference Draft 1. Mahalo, Mr. President; mahalo, colleagues.”

Senator Acasio rose to speak in support of the amendment as follows:

“Please insert into the Journal the senator from ‘Ewa’s voice as if it was my own. Thank you.” (The Chair so ordered, by reference only.)

At 10:47 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 10:47 a.m.

At this time, Senator Fevella rose to request a Roll Call vote, and the Chair so ordered.

The motion to adopt Floor Amendment No. 8 was then put by the Chair and failed to carry, Roll Call vote having been requested, on the following showing of Ayes and Noes:

Ayes, 5; Ayes with Reservations (Ihara, San Buenaventura). Noes, 20 (Baker, Chang, Dela Cruz, English, Gabbard, Inouye, Kanuha, Keith-Agaran, Keohokalole, Kidani, Kim, Kouchi, Lee, Misalucha, Moriwaki, Nishihara, Rhoads, Shimabukuro, Taniguchi, Wakai.)

Senator Inouye moved that Conf. Com. Rep. No. 175 be adopted and H.B. No. 499, H.D. 2, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Keith-Agaran.

Senator Inouye rose to speak in strong support of the measure as follows:

“At its core, H.B. 499, C.D. 1, applies to current leases used for commercial, industrial, resort, residential, mixed-use, or government purposes. It authorizes BLNR to extend the current leases for another 40 years provided that the lessees make substantial improvements to their properties. This means that the burden of improving lease properties lies on the lessee, many of whom are willing to make the investment in exchange for lease extensions. This is not a bill to deny benefits for beneficiaries. It is a bill about jobs, economic stability, opportunity and sustainability, vitality, and community improvement. Mr. President, I have an extensive speech prepared; I would like to enter this into the record into the Journal. Mahalo.”

The Chair having so ordered, Senator Inouye’s additional remarks read as follows:

“The Department of Hawaiian Home Lands has thousands of acres of land holdings set aside for specific purposes. 128,721 (63%) acres are set aside for General Agriculture, conservation, and as a ‘special district’ which do not include commercial and industrial leases.

“Hawaiian Homes pastoral lands consists of 43,739 acres (21.5%) that are used for ranching and grazing. More than

16,000 acres (8.4%) are used for supplemental and subsistence agriculture.

“So far, 9,508 acres (4.67%) of Hawaiian Home lands are used for residential purposes. Many acres are undeveloped and need critical infrastructure installed or upgraded. And yes, many Hawaiian families are still on the rolls to get leases to not only residential lots and dwellings, but also to some of the ag lands including pastoral.

“There are only 1,144 acres (0.56%) in commercial usage. Industrial usage amounts to 1,676 acres (0.82%). In terms of percentage, only 1.38% of DHHL lands are set aside for commercial and industrial use.

“Most of the commercial use lessees pay a lot of rent to the DHHL, which can be used to upgrade infrastructure for Hawaiian Home residential and agricultural lands.

“Now that many of the commercial and industrial leases are up for renewal, it is up to the DHHL as well as other title holders of public lands to negotiate a mutually agreeable lease rate upon renewal.

“Mr. President and colleagues, lease renewals present the DHHL and other title holders of public lands a means to negotiate a new rate for each lessee. That in turn could mean more funding for Hawaiian Homes programs and settlement of more Hawaiian people on to the lands and homes they deserve.

“Commercial lessees use their properties to conduct operations that benefit their communities as well as their ‘bottom line’. They naturally want to maintain and improve their places of conducting commerce to better serve the public. They will invest their own funds to make this happen.

“These revenue generating entities and many others like them throughout the state of Hawaii, operate on ‘public lands’. They provide their communities with valuable goods and services. They provide employment for all those seeking a job. In bringing people together, they can often become the focal point of a community.

“For example, on the Big Island of Hawaii, we have the Prince Kuhio Mall and adjacent properties in Hilo. They are the home to several firms that support East Hawaii, such as Macy’s, Longs Drugs, First Hawaiian Bank and the Prince Kuhio Megaplex. Locally owned small businesses also operate from the property including Hawaiian Island Creations, Enjoy Comics, Zippy’s, Kuhio Grill, Maui Tacos, Makai Veterinary Clinic, and TILT to name a few. The Prince Kuhio Mall complex has become a gathering place for many community events and is a major employer in the area.

“Lessee Michael Miyahira testified: ‘A lessee who already has a viable enterprise established on leased lands is, by a general definition of “viable”, is probably employing people, buying supplies and services from others, paying lease rents and real property taxes (or share of), and paying general excise and income taxes. In other words, providing an economic benefit to our community.’

“Allowing commercial leases on public lands also creates opportunities for local entrepreneurs. There are several firms owned and operated by Native Hawaiians.

“In the area of housing, we have developers who want to come into certain properties to create affordable rentals for the Native Hawaiian Community. Developer Stanford Carr is one such person. He is proposing to build an apartment complex in Honolulu that will provide affordable housing for the Native Hawaiian Community. It will also include retail space and community facilities. Another developer in Kona is building affordable rentals for the Hawaiian community with the opportunity to purchase in 15 years.

“The result is more construction jobs and opportunities to create new places for people to live and work. We cannot deny the fact that we all need a place to live and work.

“Mr. President, one thing that the opponents to HB 499 don’t get. The bill specifically excludes the University of Hawaii in section Funder ‘Government use’. In that section the bill on page 5, it states, and I quote:

- “Government use” means a development undertaken under a lease held by any agency or department of the State or its political subdivisions other than the University of Hawaii or any department, agency, or administratively attached entity of the University of Hawaii system.”

“This means Mr. President, that none of the lease rent issues facing the University of Hawaii system and the properties which they manage on Mauna Kea or Haleakala are part of this bill.

“We must not forget that government entities do provide us with services and employment, and as such are major contributors to our economy.

“Surely, this bill is not perfect. I am sure Mr. President, that we can resolve other matters brought up by the opponents through public meetings, reasonable communication, and future legislation regarding large scale lease rent renewals.

“In this time of the ongoing COVID-19 pandemic, we need to be supportive of entities engaging in commerce, lodging, housing, industry and the government to help us crawl out of the year-long slump impacting the economy. Our communities whether they be in Ewa Beach, Honolulu, the North Shore, Kauai, Maui, Molokai, Kona, Kawaihae, Waimea, Kohala, Hamakua, Hilo, Waiakea, Pana’ewa, Puna or Ka’u need to be receptive to the needs of commercial and industrial sectors. They are the ones at the front lines building our economy, providing us the jobs and opportunities to better not only ourselves but also our communities. This is what HB 499 CDI is all about.

“Mr. President, colleagues, we all stand to benefit by allowing current lessees to extend their lease rents. The revenue renegotiated leases generates for DHHL and other public land title holders will further help fund all of their programs. The commercial and industrial entities are willing to contribute their fair share of lease rent in order to continue all of their operations, which I must say once again, are good for their communities, whether it be in Ewa Beach or Waiakea – Hilo. For this reason, I strongly ask that you vote in favor of House Bill 499 Conference Draft 1.

“Thank you.”

Senator Fevella rose to speak in strong opposition to the measure as follows:

“What I had said earlier, we’re talking about lease and commercial land, but, again, are we putting it out so Native Hawaiians can put out the bid for this lease and commercial land? No. We want to have improvements on hotels and resorts that’s going to be millionaires that’s going to put in the money and then, pretty much for 20 to 30 years, have free lease rent because they made improvements on the property that they should have made improvements on prior. So, again, that’s why I stand in strong opposition because we’re giving millionaires free lease to Hawaiian land. Thank you.”

Senator Kidani rose to speak in support of the measure as follows:

“I did not attend the hearings, but in reading the testimony, I did not see any from Department of Hawaiian Home Lands. I

did, however, read testimony that the developer of one of the projects on Department of Hawaiian Home Lands at the Bowl-O-Drome could use this bill because, in order to finance the project for low-housing rentals for our Hawaiians, they would need at least a 75-year lease on the property. Thank you, Mr. President.”

Senator Fevella rose in rebuttal and stated:

“Yes, I understand that Hawaiian Homes is not in opposition to this bill, and if you guys read more into this bill, you guys are going to know why: because what we had voted down previously with the casino bill, this is just a door of opening it up, and that’s what the reason why they’re not in opposition, because they’re having benefits on the side. I’m talking about the Native Hawaiian people that’s not going to benefit: the guys who have companies; they can put in bids, can put in stuff, can do development. They have plenty Hawaiians today who can do all those things, what Senator Kidani just said. Thank you.”

Senator Acasio rose to speak in opposition to the measure as follows:

“We all come to the floor having heard the concerns about the length of leases and how it will impact public interest, specifically Native Hawaiians, but there is another equal if not greater concern here: House Bill 499 seeks to grant BLNR the authority to extend leases on land over which it has no jurisdiction. The Hawaiian Homes Commission Act of 1920 specifically states that homestead lands are not public lands. BLNR does not have the authority to negotiate leases for DHHL lands, yet proponents of this bill maintain that somehow the language in this measure can give BLNR the right to do that. H.B. 499 will amend Chapter 171. Chapter 171 governs the use of public lands. DHHL is not public lands. Under the Hawaiian Homes Commission Act, Section 206, ‘the powers and duties of the governor and the board of land and natural resources, in respect to lands of the State shall not—I repeat—shall not extend to lands having the status of Hawaiian home lands.’ The architects of this bill think they can give BLNR the power to extend leases on DHHL land by including a definition of ‘government use’ as a development undertaken under a lease held by any agency or department of the State. Somehow they decided it was important to exempt the University of Hawai‘i or any department, agency, or administratively attached entity of the University of Hawai‘i System. Why the University of Hawai‘i? Why not DHHL? There is also an argument being made that DHHL follows DLNR standards when it comes to commercial leases, that somehow this makes House Bill 499 okay.

“The legal difficulties I am citing now, the many phone calls in opposition and testimonials, as you may or may not have read, tell us all that more consideration is due. As the senator from ‘Ewa stated, there’s no rush for this as the Prince Kuhio Plaza lease agreement is not up until into the 2040s. The long-term extension of leases, including some leases being extended over a hundred years, has an effective sale of these lands and predetermines these lands for commercial purposes in perpetuity. There have been years and years of litigation regarding these lands. For example, *Office of Hawaiian Affairs v. Housing and Community Development Corporation of Hawaii*: A settlement was obtained in which plaintiffs gave up their right to pursue litigation in reliance that two-thirds of the legislators must agree to the sale of ceded land from the public land trust. This bill effectively nullifies this settlement agreement by transferring these lands to BLNR without the two-thirds legislative approval originally agreed upon.

“Interestingly, and very telling, there is a complete void of testimony from DHHL in all of this. All year, as a member on the Hawaiian Affairs caucus, I have witnessed DHHL comment, oppose, or support on every single measure that even remotely

relates to their duties and purview. Given the hundreds of testimonies in opposition to this measure from all walks of life, not one comment from Department of Hawaiian Home Lands.

“This bill is poorly written and poorly conceived. There is no immediate need for its passage, and I urge my colleagues to join me in voting against it. Please allow time to give us all time to consider its implications fully. Thank you, Mr. President.”

Senator Riviere rose to speak in opposition to the measure as follows:

“My opposition is basically on the process and the fiduciary that the State has. The State, as the manager of these lands, has leased out various lands for economic purposes and uses, and that’s all well and good, and I fully understand the complications as the lease draws toward a conclusion and the tenant wishes to rehabilitate the property, revitalize it, and reinvest in it, and they are constricted by the shortening lease. Fundamentally, the lease is meant to expire down to a zero value; that’s the whole purpose of the lease as opposed to a sale, is that anyone going into the lease understands that, as you get closer to the termination, your rights will evaporate just as a leased car or property. So, my objection is that we should rather encourage reopenings of the lease, so when we get to that end of the period when property tenants wish to recapitalize and rehabilitate, it is, after all, State land, State-managed land, and so I think the State should look after its interest and consider a reopening of the lease to allow any other potential tenants to compete. That would give us better value for our property. I understand that circumstances may be that nobody would compete and then you could then do the lease, but you would have kind of a consistent process for it, and it is for those reasons, then, that I think a reopening of the lease would be preferable to granting people just to continue to stay in there.

“And, finally, I would note that some decades ago, there were similar discussions regarding leasehold properties for residential tenants where we ended up forcing the landowners to sell the land, and if it comes to a point in some future date where people feel like they own the land, maybe there will be efforts to force the sale of land, so I just think that we should maintain the leasing process and reopen when appropriate. So, for those reasons, I’m in opposition to this. Thank you.”

Senator Gabbard requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of SB 345 CD1.

"Historically, animals have been used in painful tests to demonstrate that cosmetics are effective and safe to use. Yet transferring the results of animal tests to humans has proven to be problematic and misleading in many cases. Instead, safety can be assured by using approved tests that do not use animals, and by sticking to the many combinations of existing ingredients that have already been established as safe for human use. Non-animal testing methods spare significant numbers of animals from pain, distress, and death. And crucially, non-animal testing methods have higher relevance for humans compared to tests in animals, and thus ensure better protection of human health.

"This bill will prohibit cosmetic manufacturers from selling in the state any cosmetic product involving new animal testing beginning on January 1, 2022. Passage of this bill will make our state one of just 6 states (including California, Illinois, Nevada, Virginia and Maryland) in passing a such a law. In passing the bill, we'll join over 40 countries around the world that have restricted animal testing for cosmetics in recent years.

"We were one of the first states to introduce legislation of this type, having brought forth a bill three years ago. As such, it played an integral part in bringing stakeholders to the table including cosmetic companies, consumers, and animal advocates, to forge agreements and find common ground to ensure that animals are not needlessly harmed for the sake of cosmetics. As a result, this bill has the support of the cosmetics industry association, consumers and animal protection organizations. Crucially, the agreements reached in discussing this bill have been incorporated into federal legislation – the Humane Cosmetics Act. States often serve as a testing ground for new ideas that are later adopted nationwide. Passage of SB 345 will create even more momentum for federal action to ensure animals are no longer harmed for the sake of cosmetics anywhere.

"Ending animal testing for cosmetics is an issue that unites people across generations and political affiliations. A 2019 SurveyUSA poll revealed that nearly 8 out of 10 poll respondents said that they would support a law that would prohibit animal testing for cosmetics. I urge you to join me in supporting this important legislation. Mahalo."

Senator Baker requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in support of HB1192 CD1, Relating to Consumer Protection.

"This measure establishes a framework for providing a new, viable installment loan financial product that adequately protect consumers. Payday loans leave many consumers trapped in never-ending and unsustainable cycles of debt. Payday lenders structure those loans with unrealistically short repayment terms, unaffordable payments, and excessive fees, resulting in long-term, high-cost debt and great harm to the consumer. Pew Charitable Trusts reported that the average Hawai'i payday borrower incurs \$529 in fees to borrow \$300 over five months. Research also shows that this amount is nearly three times higher than what the same lenders charge similarly situated consumers in other states.

"Overall, payday lending disproportionately affects low-income individuals, specifically individuals living paycheck to paycheck. Due to COVID-19, many Hawai'i residents have been living paycheck to paycheck, making them more likely to fall victim to this debt structure. HB1192 CD1 is both timely and critical to protect borrowers in Hawaii from predatory practices.

"Please join me in supporting this important and much needed measure HB1192 CD1. Mahalo."

Senator Keith-Agaran requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I stand in support of SB 474 SD1 HD2 CD1.

"This measure amends Section 508D-15, Hawaii Revised Statutes, requiring mandatory seller disclosures in real property transactions to identify properties lying within the sea level rise exposure area, officially designated by the Hawaii Climate Change Mitigation and Adaptation Commission.

"Mr. President, the legislature recognizes that climate change poses immediate and long-term threats to the state, affecting not only our coastline makeup but the economy and our residents' way of life. The state's numerous oceanfront properties are the most vulnerable, subject to erosion, flooding, storms and tsunamis, and the like.

"The Hawaii Climate Change Mitigation and Adaptation Commission, established in 2017 through Act 32, projects that the sea level will rise to a destructive level within the expected lifespan of most existing and new development. In December 2017, the Commission accepted the Hawaii Sea Level Rise Report and accompanying Hawaii Sea Level Rise Viewer. Along with the Report, a newly issued guidance (Guidance for Using the Sea Level Rise Exposure Area in Local Planning and Permitting Decisions, Oct 2020) and updated Viewer provide maps of a Sea Level Rise Exposure Area (SLR-XA) incorporating models of passive flooding, shoreline erosion, and annual high wave run-up with 3.2 feet of sea level rise. The Commission also estimates that with a 3.2 meter sea level rise, 28 miles of coastline will become impassible, displacing 20,000 residents from 6,500 structures subject to chronic flooding.

"Real estate transaction play an important role in the economy of our islands, and properties along our shoreline areas are among the most coveted. Effective disclosures are essential as government agencies are called upon to plan with climate change impacts in mind. As the value of vulnerable oceanfront property will likely be affected by future sea level rise, disclosing to buyers the hazards and risks they are assuming in purchasing oceanfront property, in the spirit of

transparency and disclosure, supports informed decision making by buyers and government agencies.

"For these reasons, Mr. President, I urge my colleagues to support this bill."

Senator Gabbard requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of SB 348 CD1.

"Colleagues, this legislation is truly a win-win. It will create a positive impact in supporting local businesses and our overall economy, while also providing a local solution to a challenging environmental problem. Currently, we're the only state that restricts beverage manufacturers who want to put drinking water in aluminum cans from using the same filling lines they use for other beverages such as carbonated soft drinks, juices and beer. SB 348 removes this constraint. Beverage businesses in our state who want to expand into aluminum cans will be able to do so. Manufacturing of aluminum beverage cans will also increase as a result of passage. The result – the opportunity to create more jobs.

"Putting drinking water into cans is safe and passage of SB 348 will not jeopardize health and safety of consumers. Using antimicrobial agents such as ozone in the filling process eliminates the potential for microbiological contamination when water is filled in aluminum cans on the same lines as other beverages.

"This bill will also help address the impact of plastic pollution in our islands. Aluminum cans are infinitely recyclable with 75% of the aluminum ever produced still in use today. Putting water in aluminum cans offers consumers a sustainable alternative to single use plastic. In summary, this bill is good for both our economy and our environment. Please join me in supporting SB 348. Mahalo."

Senator Gabbard requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Mr. President, I rise in strong support of HB 553 CD1.

"Colleagues, 11 years ago this body enacted a landmark law, which has since become a global initiative, to prohibit the finning of sharks and the sale of shark fins and fin products—a cruel practice that drives the massive scale killing of these important apex predators. Unfortunately, that effort did not extend to protecting whole sharks from commercial exploitation or intentional killing. This bill adds those important protections given:

- Local reef shark populations have seen declines in their population by upwards of 90%.
- Globally 71% of shark populations have declined, with 3/4 of shark species facing potential extinction.

"Today, we have the opportunity to move forward legislation to extend protections to the sacred mano, aumakua to many native Hawaiian families, by prohibiting the intentional killing of sharks for sport or commercial purposes, or for the killing for their jaws, teeth and other parts. The bill will prohibit knowingly capturing or killing any shark within state marine waters with clear, necessary exemptions such as: Ensuring that

fishers are not subject to penalties for the accidental catch and release of a shark, and that important shark behavior research continues. It's time we take this next step to protect these animals who are critical to our oceans' health and resiliency, for generations to come. Mahalo."

Senator Keith-Agaran requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I stand in support of HB 485 HD1 SD1 CD1.

“This measure amends Section 251-2, Hawaii Revised Statutes, by incrementally increasing the rental motor vehicle surcharge tax by \$0.50 each year, from January 1, 2022 to December 31, 2027.

“Hawaii residents daily experience the growing challenges facing our state highways and bridges. We pay for repair and maintenance, like other states, from a state highway fund largely comprised of gas taxes. The traditional sources of the highway fund have not been adequate to handle expansion projects as well as keep up with necessary repair and maintenance.

“The funds from this rental car surcharge is another source for the state highway fund and will be available for critical transportation projects that improve safety, mitigate traffic, and enhance the overall quality of life for all motorists, pedestrians, bicyclists, and transit users.

“Colleagues, as we are all aware, the COVID-19 pandemic has significantly impacted Hawaii’s tourism. The number of rental cars on our roads will increase as the visitor industry recovers but we presently have an opportunity to properly plan for improving the quality of our local roads. As the state is already seeing an earlier than anticipated uptick in tourism, we will soon see more cars on the road and therefore more wear and tear into our state’s highways, roads, and bridges.

“On Maui, where tax revenues from rental cars rivals and at times out-strips the City and County of Honolulu, we know visitors make up a large proportion of public highway users. We understand the fairness of hiking the rental motor vehicle surcharge to increase revenue for necessary highway capital projects as an appropriate way to share the financial burden with visitors as well as residents.

“The legislature increased the rental motor vehicle surcharge tax from \$3 to \$5 in Act 174 (2019). The 2019 fee increase did not deter visitors, and I expect the yearly \$0.50 hike laid out in HB 485 HD1 SD1 CD1 is unlikely to steer future tourists away.

“These increases over time will increase our highway fund capability to not just maintain our state highways and bridges but to pursue long planned and expected expansion projects such as the next stages of the Lahaina Bypass, a Paia Bypass and even additional lanes for Puunene Avenue. As the federal government considers a bill to repair and improve our nation’s infrastructure, any funds provided to the State will require a local investment match. These increases will help make sure a local match is available.

“Working with the rental car companies, we also exempted from the rental motor vehicle surcharge tax persons whose rental vehicles have been stolen and are unrecovered or will not be repaired due to total loss. For these reasons, Mr. President, I urge my colleagues to support this bill.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

"I'm going to be voting 'with reservations' because the whole idea behind implied consent law is that we could not force a blood test, so this bill basically forces a blood test and so there is no reason to have both implied consent as well as the search warrant requirement. For those reasons, reservations."

Senator Acasio rose to speak in opposition to the measure as follows:

"I just would like to note that under Hawaii Revised Statutes 291E-11 and 291E-15, once a police officer informs a person suspected of drunk driving about his or her rights under the implied consent law and once that person refuses to submit to testing, the police are bound to respect that refusal. This bill allows the police to ignore a person's objection to the invasion of his or her body and can authorize the police to forcibly extract blood in any case and whenever they feel like it. On Maui, for example, four police officers handcuffed a nonconsenting suspect to a chair and conducted a painful wristlock maneuver in order to extract the blood from his veins. Our state constitution expressly protects the privacy rights of Hawai'i's people. We need to continue to strengthen our constitutional rights, protect both the public and on-duty officers, and promote decency between public and the police. Mahalo."

Senator San Buenaventura rose and stated:

"I'd like to change my vote to a 'no' vote. Thank you."

Senator Inouye rose to speak in support of the measure as follows:

"This is a bill that aims to make life of commercial fishermen a little easier, and, Mr. President, I have comments that I'd like to enter into the Journal. Mahalo."

The Chair having so ordered, Senator Inouye's additional remarks read as follows:

"This bill will only require one commercial marine vessel fishing license need to be required for all persons aboard that vessel.

"This replaces the requirement of having each person on a commercial vessel to be licensed. With the new measure, only the captain of the vessel needs to be licensed instead of each and every crew member or visitor.

"It is especially helpful for those small operators to host visitors or customers on their vessel and allow them to fish in addition the license holder who may already be on board.

"Furthermore, the bill outlines requirements that licensees must fulfill like filing an annual report with the Dept. of Land & Natural resources. It also requires any person providing charter services to obtain a commercial marine license and authorizes the DLNR to establish rules and fees for obtaining a license.

"This is a good bill since it will lessen the burden on license holders and applicants. Mr. President and members, I urge that you vote 'Aye' on this bill.

"Thank you."

Senator Baker rose to speak in strong support of the measure as follows:

"I rise in strong support of Senate Bill 615, Senate Draft 1, Conference Draft 1, Relating to Rentals of Mopeds and Motor Scooters, also known as Lexi's Law. In 2017, 24-year-old Lexi died in a tragic scooter accident while on vacation on Maui. On the day of her accident, she rented a scooter in the Kihei area of Maui, which happens to be in my district. While riding back to drop off her scooter, she collided with a white work truck and was killed almost instantly.

"From 2016 to 2018, there were 23 motor scooter and moped operator fatalities in our state; 22 of the 23 were not wearing helmets. Wearing a helmet while operating these motorized cycles significantly decreases fatalities and serious injuries. According to the Department of Health's Hawaii Injury Prevention Plan, properly worn helmets prevent deaths and brain injuries. In the event of a crash, helmets reduce the risk of death by 42 percent, and they reduce the risk of a head injury by 69 percent.

"Senate Bill 615, Conference Draft 1, strengthens helmet safety laws as they relate to rented mopeds and motor scooters. Accordingly, this measure requires all moped and motor scooter rental companies to ensure that a rider wears a safety helmet supplied by either the rental company or the renter prior to operating the moped or motor scooter. If this measure had been in effect at the time that this young 24-year-old rented her motor scooter, she might still be with us today. The measure also prohibits the rental of any moped or motor scooter with an after-market modification. This measure will definitely help save lives. Please join me in supporting this very important piece of legislation. Mahalo."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 67 was adopted and S.B. No. 615, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO RENTALS OF MOPEDS AND MOTOR SCOOTERS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Conf. Com. Rep. No. 72 be adopted and S.B. No. 726, H.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Lee.

Senator Fevella rose to speak in opposition to the measure as follows:

"We have HPD and also a lot of law enforcement is against this. I know there's a lot of stuff that's been going on with police officers and things of that nature, but if you look at the time that you want them to say, 'police,' and then count 30 seconds, the person in the house, if they're in danger to the police officer or people around, will have more than enough time to either get their weapon, prepare themselves for the police entering, or getting rid of the evidence. You know, you guys had this in testimony in the committee, so I'm just saying, colleagues, for the safety of our law enforcement, our brothers and sisters in blue, that this bill will be endangering their lives and others. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 72 was adopted and S.B. No. 726, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO POLICING," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Keith-Agaran requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of SB639 SD1 HD1 CD1, which prohibits our state courts of appeal from affirming, modifying, reversing or vacating a matter on grounds other than those raised by the parties to a case unless certain procedures are followed.

"It has long been a valuable precept of our legal system and court practice that judges only decide cases based on the evidence and arguments that are actually put before them by adversarial parties. Decisions not based on grounds put forth by the parties to a case are 'sua sponte' declarations of judges. In effect, they have substituted their own views and arguments for

the positions espoused by counsel for each side during a case. In an appellate case in particular, this practice can result in denial of due process to litigants, as they may not have had the opportunity to directly address a trial court issue or practice that the appellate court has apparently decided on its own to raise and resolve.

“This measure does explicitly allow for an appellate court to raise an issue ‘sua sponte,’ but only if the court allows both parties to brief the court on the new issue. In the event that such an opportunity is not afforded, any party to the case may petition for a rehearing on the matter.

“This is not a novel requirement. California has required this procedure since 1986. California government code section 68081 is very similar to what is proposed by this bill. California’s statute has been in effect for over three decades, and its appellate courts have applied the statute without problem. See, e.g., Adoption of Alexander S., 750 P.2d 778, 783 (Cal. 1988). I believe our judiciary is just as capable.

“In summary, the opportunity to brief such issues as proposed in this measure, will sufficiently protect litigants’ rights. See Blumberg Assocs. Worldwide, Inc. v. Brown & Brown of Connecticut, 84 A.3d 840, 867-68 (Conn. 2014) (no reason why ‘reviewing court should be precluded from raising issues involving plain error or constitutional error sua sponte, as long as court provides an opportunity for the parties to be heard by way of supplemental briefing . . .’). This measure also will make clear the remedy available if the appellate court fails to provide the parties with the opportunity to submit supplemental briefs

“Mr. President, I trust that this measure will provide a clear, simple framework for the appellate courts in our state allow all parties to be heard on all issues of importance in a case, and thereby afford due process to all litigants. I encourage my colleagues to also support this measure.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 73 was adopted and S.B. No. 639, S.D. 1, H.D. 1, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO COURTS OF APPEAL,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, this bill would put on a mandatory \$5 fee in addition to all citations. Whether or not you decide to do this electronically, you will be required to pay the extra \$5, and for those individuals who do not have computers or do not have electronic capability, I am really not sure how they would deal with this. These fees are already very high, and it should include the cost for any kind of electronics as well, and so, for those reasons and for my constituents who may be hit with this additional \$5, I will be voting ‘no.’”

Senator San Buenaventura rose to speak in opposition to the measure as follows:

“Throughout this session, whenever an agency like the PUC or Taxation wanted electronic types of filing, their testimony has always been that it’s cheaper to do it, so my question is, why is it we’re charging more? And especially for parking

citations, where it’s like a 50 percent increase—seems to me it’s too high a tax. For those reasons, I’m voting ‘no.’”

Senator Fevella rose to speak in opposition to the measure as follows:

“Thank you, Senate President. I’m also voting in opposition to this bill, and I want to insert comments into the Journal from the senator from Kalihi. Thank you.” (The Chair so ordered, by reference only.)

The motion was put by the Chair and failed to carry, Conf. Com. Rep. No. 77 was not adopted and H.B. No. 1377, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO CITATIONS,” having been read throughout, failed to pass Final Reading on the following showing of Ayes and Noes:

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye’s remarks read as follows:

“Mr. President, I rise in support of HB1022 CD1.

“Mr. President, the State of Hawaii has a responsibility to protect its precious natural resources. Without the witnessing of an individual improperly extracting natural resources, enforcement of relevant laws is very difficult, if not impossible. HB1022 CD1 allows enforcement officers to more easily prevent illegal hunting and fishing takes, which will in turn result in the better protection of our State’s finite resources. Thank you.”

The motion was put by the Chair and carried, Conf. Com. Rep. No. 80 was adopted and H.B. No. 1022, H.D. 1, S.D. 2, C.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE TAKING OF NATURAL RESOURCES,” having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Senator Keith-Agaran requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure.

"I would like to specifically state my support for Part III and Part IV of this measure, which will extend the sunset dates of Act 38, Session Laws of Hawaii 2017, and Act 39, Session Laws of Hawaii 2017, respectively, for two years until June 30, 2024.

"Mr. President, these two parts of this bill allow for the University of Hawaii to continue to remain active in promoting innovation and research by engaging in technology transfer activities that commercialize its research products. These efforts will leverage the University's intellectual property assets to create a dynamic and more diverse workforce in the state and to promote economic health.

"Part III of this measure exempts the University of Hawaii from certain constraining provisions in the State Ethics Code, which, though well intentioned and valuable in general application, preclude the University from effectively engaging in technology transfer activities in a similar manner to many of its peer mainland research university institutions. That said, the exemptions are granted with strict conditions concerning appropriate handling of potential conflicts of interest between persons, entities, or employees and the University of Hawaii itself. The University is required to implement a regulatory framework and research compliance program and policies that are approved by the Board of Regents, and to also file annually a disclosure and conflict of interest management plan with the State Ethics Commission.

"Part IV of this measure provides clear statutory authority under Chapter 304A, Hawaii Revised Statutes, for the University of Hawaii to proceed with technology transfer activities to private persons or entities under the same strict conditions and framework as provided by exemption in the State Ethics Code.

"Again, these two parts of this measure are currently in legal effect based on Act 38 and Act 39, Session Laws of Hawaii 2017. Their potential value to our state has been touted over the last several years since passage of those two laws. Extending their legal effect until at least June 30, 2024 is wise and necessary and affords the legislature the opportunity to continue monitoring of the progress made by the University in more directly expanding the economic diversity of our islands in a transparent and open way.

"Thank you for the opportunity to express my support, and I encourage my colleagues to also support this measure."

Senator Keith-Agaran requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I stand in support of SB 630 SD1 HD1 CD1.

"This measure is about fairness. It amends Section 657-5.5, Hawaii Revised Statutes, by removing the presumption that child support judgments are considered paid and discharged when a child turns thirty-three years old, or when the latest period provided in Section 657-5, Hawaii Revised Statutes, expires, whichever is later, and establishes that every judgment for child support is enforceable until paid in full.

"Mr. President, the extensive costs associated with raising a child, without the child support that should be paid legally and morally to the custodial parent, do not simply disappear when a child turns thirty-three. In fact, the expiration of child support judgments is yet another incentive for parents in arrears to avoid making payments.

"The reality is that childrearing costs are borne primarily by one of the parents and only intensified by unpaid child support obligations. Making this amendment would ease some of the unjust financial burden placed on parents who are the sole caretakers of their child or children, and send an important message to scofflaws who simply are not living up to their obligations to support their children.

"For these reasons, Mr. President, I urge my colleagues to support this bill."

"Mr. President, climate change is one of the biggest crises of our time. The State of Hawaii has a responsibility to be nimble in its response to this global problem. Senator Riviere rose to speak in opposition to the measure as follows:

"This is an awkward one to oppose because nobody can support or condone drunk driving and excessive drunk driving, highly intoxicated. My opposition is related to the class B felony. I think it's criminalizing it to a degree that's no longer—it becomes too punitive and not necessarily going to ... I don't know. I don't think it's going to achieve the goals, and it's going to put more people in prison for a longer period of time when they need substance-abuse treatment more than they need jailtime, so for that reason, I'll be in opposition. Thank you."

Senator Kim rose to speak in support of the measure as follows:

"Mr. President, for as long as I have been in elective office, I have heard complaints about our procurement process, about how long it takes, how it adds to the cost of projects and doing business in Hawai'i, and the protestor is always blamed for this. For decades, we've been trying to reform procurement, and this bill will have a huge impact in doing so. It addresses the only entities in the procurement process that don't have time limits and have been responsible for months of delays. The procurement officer, or PO, and its department is responsible for putting out the bid and knowing the bid specs better than the bidders. Thus, the PO is much more knowledgeable to be able to see if any of the bidders' protest contains issues that are valid. Despite this, the bidder has only five days after the award is made to figure out the errors and file a protest, but the PO, currently, has unlimited days to address the protest. HRS 103D-701 requires the aggrieved party, the bidder, to submit to the procurement officer within five days. HAR 3-126-42 requires the protestor to file an appeal with DCCA Office of Administrative Hearings within seven days after the decision from the PO. HRS 103D-709: Hearing officer must issue a decision from the time the appeal is filed within 45 days. And HRS 103D-710: Circuit court must issue a decision no later

than 30 days from the filing of the application for judicial review.

“This measure puts a 75-days with a 45-day extension time limits on the PO to resolve the protest, and this is still a much longer timeframe than any of the time constraints the law currently places on the contractor, on DCCA, and the courts. Additionally, the bill also places a 1 percent of the project cost bond requirement on the protestor. If the protestor prevails and the PO is wrong in the award, the protestor gets his bond back, but if the protestor does not prevail, he’s penalized and loses the 1 percent, which could be hundreds of thousands of dollars that goes to the general fund. Note there is no consequence for the PO or the department. This bill is limited to construction contracts and all airport contracts, and one of the main arguments made in favor of the airport authority proposal in the past was procurement, and I’ve heard from the airport vendors that, with this measure, they will no longer need to have an airport authority.

“Mr. President, this is just the start of procurement reforms we need to make. I commend the GVO chair from Kaka’ako for taking on such a huge challenge in her first year as GVO chair. Thank you, Mr. President.”

The Chair commented:

“Before calling the vote, I want to acknowledge the previous GVO chair, Senator Kim, and the current GVO chair, Senator Moriwaki. I am in receipt of your communication indicating this is a first step and that this is a matter that should be further studied in the interim. I’ll be circulating your communication to leadership, and you should get an approval to undertake the task of reviewing the Procurement Code shortly.”

Senator Riviere rose to speak in opposition to the measure as follows:

“My opposition is regarding the conveyance taxes. While it’s easy to say, ‘Let’s take that money from all the rich people and

their rich houses,' I would remind my colleagues that the conveyance tax was created to fund the Bureau of Conveyances. It was originally one-tenth of 1 percent of sales price, and the purpose was to basically pay for that important recording division. In recent years, it's become a cash cow, and every year, we come back and we take more and more and more, and it's completely unrelated to the original purpose of that tax, and for that reason, I just can't support taking more just because we can. Thank you."

"Mr. President, I rise in support of House Bill 469 CD1.

"The land transfer content of HB 469 as well as its amended House and Senate drafts at best got a mixed reaction from the stakeholders. In the end we got opposing viewpoints in terms of keeping lands with the Dept. of Land & Natural Resources or transferring them to the Dept. of Agriculture to ensure that they can be used for cattle ranching.

"To further discussion on land transfers, your Senate Committee on Water and Land as well as the House Water and Land committee came up with a compromise bill that will study these issues over the interim.

"The bill was changed to create a working group to dwell deeper into the land transference issues keeping in mind that the recommendations must confirm to the tenets outlined in Act 90, Session Laws of 2003, and Chapter 166E of the Hawaii Revised Statutes.

"It is hoped that the working group can make recommendations that will satisfy all parties involved with these issues including the DLNR, DOA and those in the ranching community.

"For this reason, Mr. President and members, I urge you to vote in favor of HB 469 CD1."

Conf. Com. Rep. No. 112 (H.B. No. 834, H.D. 1, S.D. 1, C.D. 1):

Senator Inouye moved that Conf. Com. Rep. No. 112 be adopted and H.B. No. 834, H.D. 1, S.D. 1, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kanuha.

Senator Inouye requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"Mr. President, I speak in favor of this bill.

"The purpose of House Bill 834 CD1 is to require the Department of Land and Natural Resources in collaboration

with the County of Hawaii, to conduct site surveys to identify the most suitable locations for black cinder cone quarries.

"If you are a floral gardener or farmer, you know that cinders are a critical component in which many flowers can be grown. Black cinder cone material is favored much more than red cinders by commercial farmers. For many years, nematode free cinders were mined from the 1960 Kapoho lava flows.

"Nematodes are destructive pests which damage and reduce yields of floral crops. So that means, cinders have to be nematode free in order for farmers to export their flowers.

"The floriculture industry needs to identify new sources of black cinder, which is why this bill was introduced.

"Mr. President and colleagues, I urge your support for HB 834 CD1. Our farmers will thank us for it and flowers as you know, bring beauty and joy to our lives!"

The motion was put by the Chair and carried, Conf. Com. Rep. No. 112 was adopted and H.B. No. 834, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO A BLACK CINDER CONE QUARRY SITE SURVEY," passed Final Reading on the following showing of Ayes and Noes:

Senator Kim rose to speak in support of the measure with reservations as follows:

“Mr. President, my reservations are not on the merit of the contents of the bill but rather on the process. As we all know, this Senate bill was gutted and replaced with a subject that was not discussed in any bill this session. It was gutted and replaced on the House floor on Third Reading and returned to us for agree/disagree. According to Senate Rule 23, if a bill contains any significant or substantial amendment and the public has not been provided with an opportunity to submit testimony on the significant amendment, it must have a public hearing. This rule was adopted by this body to prevent gut-and-replace maneuvers like this.

“The public and especially watchdogs like Common Cause, League of Women Voters, Civil Beat, *Honolulu Advertiser* have admonished this practice. We have even been sued and have a pending lawsuit before the judiciary over a gut-and-replace measure that was less egregious than this bill. Yet where is Common Cause? Where is the League of Women Voters, Civil Beat, Gary Hooser? In fact, every article I read this past weekend on this bill, nothing was even mentioned in the articles that this was a blatant gut-and-replace.

“I raise this because I was instrumental in including Rule 23 in our Senate Rules. I have voted against gut-and-replace bills in the past, and, to be consistent, I should vote ‘no’ on this one as well, except, because it is our pay raises, it would be misconstrued. It is obvious that our legislative watchdogs are only interested in gut-and-replace when it suits their interests. Thank you.”

Senator Keohokalole rose to speak in support of the measure as follows:

“I was going to give a speech, but the prior senator’s was better. I would just like to note that, if the ends are so significant that they justify the means, then let’s be transparent about the means. And with that, I support the bill. Thank you.”

Senator Moriwaki rose to speak in strong support of the measure as follows:

“Your conference committee on 1350 worked with our House counterparts to find agreement on this bill. Part I of the measure defers the planned salary increases for the executive, judicial, and legislative branches for an additional 18 months until December 31, 2022, delaying our scheduled pay raises until January 1, 2023. It represents yet another delay in the salary increases recommended by the commission on salaries in 2019, but it is a decision that comes at a time when we all suffer through the impacts of the COVID-19 pandemic.

“Mr. President, with Part II, your conference committee restored the original bill’s reapportionment provisions. The Hawaii State 2011 Reapportionment Commission, in its final report, recommended needed reapportionment improvements, including clarification of the definition of ‘permanent resident’ and streamlining the public notice of proposed, revised, and final reapportionment plans. Once the Senate heard that the U.S. Census data report to the states would be delayed by six months or more, we drafted the original bill to address the needed reapportionment changes. After the House removed the reapportionment language, your Senate members worked to restore the deleted language. This conference draft now incorporates the commission’s recommendations. It only removes non-permanent residents from the total population of the state as counted by the U.S. Census Bureau. It uses a short-form public notice that significantly reduces costs while also making available to the public the commission’s actions, the reapportionment plan, and other related documents. And because of the delayed census results, this bill also moves the date for nomination paper availability from February to March

for the 2022 election only. As importantly, it provides the funding needed for the 2021 Reapportionment Commission to do its work.

“Mr. President, I wish to commend the work of Senate conferees Rhoads, Wakai, and Lee and Ways and Means chair Dela Cruz. Together, the conferees ensured the needed reapportionment changes, including an appropriation for the Reapportionment Commission’s functioning. They were all restored to the original Senate bill. After negotiations, the House agreed. Colleagues, despite your concerns about Part I, we now have the bill we need. I urge you to support Senate Bill 1350, Conference Draft 1. Mahalo. And, Mr. President, I also have additional remarks I’d like to add to my remarks here. Thank you.”

The Chair having so ordered, Senator Moriwaki’s additional remarks read as follows:

“Part I of this measure defers the planned salary increases for the executive, judicial and legislative branches of government for an additional eighteen months until December 31, 2022 – delaying our scheduled pay raises until January 1, 2023.

“Your committee believes that the economic downturn resulting from the COVID-19 pandemic affects so many across our state that deferment of these salaries, including our own, is the appropriate course of action at this time. It would save our state funds that will be used for more pressing problems of our economically challenged residents.”

Senator Nishihara rose to speak in support of the measure with reservations as follows:

“I’d like to have the comments of the senator from Salt Lake be entered into the Journal as if they were my own.” (The Chair so ordered, by reference only.)

Senator Keohokalole rose to speak in support of the measure as follows:

“I neglected to enter the comments of the senator from Salt Lake as if they were my own, and I just would like to add one brief remark. In the two weeks since Part I of this bill was inserted, which is the pay deferral section, the plaintiffs of the gut-and-replace lawsuit, the Civil Beat Law Center for the Public Interest, the League of Women Voters, and Common Cause, as noted prior, have said nothing about the use of gut-and-replace here, and it is my belief that that tacit acceptance of this bill should render their lawsuit moot, and their appeal should be withdrawn, and we should not utilize any further taxpayer money to argue this matter before the Supreme Court. Thank you.”

Senator Kim rose to speak on a point of personal privilege as follows:

“Just a correction: I believe the senator from Salt Lake sits over there—I am the senator from Kalihi and Moanalua. Thank you.”

The Chair commented:

“Before calling for the vote, I do have one more editorial comment to mention since it wasn’t brought up. Two weeks ago, on a Saturday, the *Star-Advertiser* wrote an editorial urging the Senate to adopt this bill. That was the intent of the article; that was all that the editorial had to say: Do the right thing, Senate—vote for the bill. Yet, the authors of the editorial chose to write that the bill was amended on April 7th in the Finance committee, and whether it was a mistake or it was done intentionally to imply that it was amended, it was heard before it got to the full floor of the House, we’ll never know. But I do know that those are the words that were written to give the

impression that the bill was amended and not amended on the floor of the House in a gut-and-replace. They did not post a draft and did not get a hearing. I immediately pulled out my cell phone, went to the Legislature's website, and checked bill status for Senate Bill 1350, and it simply said, 'Passed Finance unamended on April 7th.' So I leave everyone to judge how and why that was put in when the accurate information was so readily available on the Legislature's website as to the status of the bill, but it's disappointing journalism and reporting to say the least."

Senator Dela Cruz rose to speak in support of the measure as follows:

"Mr. President, if I could just ask that the words of the senators from Kalihi, Kaka'ako, Kāne'ohe, and Kaua'i be entered into the Journal as if they were my own?" (The Chair so ordered, by reference only.)

The motion was put by the Chair and carried, Conf. Com. Rep. No. 159 was adopted and S.B. No. 1350, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE GOVERNMENT," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 25; Ayes with Reservations (Acasio, English, Fevella, Kidani, Kim, Misalucha, Nishihara, San Buenaventura, Taniguchi). Noes, none.

Conf. Com. Rep. No. 169 (H.B. No. 1296, H.D. 1, S.D. 2, C.D. 1):

Senator Keohokalole moved that Conf. Com. Rep. No. 169 be adopted and H.B. No. 1296, H.D. 1, S.D. 2, C.D. 1, having been read throughout, pass Final Reading, seconded by Senator Kim.

Senator Baker rose to speak in opposition to the measure as follows:

"I rise with strong concerns about this measure. I oppose sections of House Bill 1296, Relating to State Funds, because it repeals the Hawaii Tobacco Prevention and Control Trust Fund and transfers the money to the general fund. As a former WAM chair, I can certainly appreciate the fiscal difficulties that the state faces in the wake of this pandemic. But this repeal doesn't take place until 2025, four years from now, so I'm not sure why we're doing it now. For two decades, the trust fund has been the primary source of funding for tobacco prevention, education, and cessation efforts in Hawai'i, and supports over 20 local organizations. Losing these programs will be detrimental to Hawai'i's public health. As the Coalition for Tobacco-Free Hawai'i states, each year, 1,400 people die from tobacco use or exposure in Hawai'i, and the state pays \$536 million in health care because of tobacco smoking. Transferring the tobacco fund money to the general fund will not solve these problems; they will not solve our fiscal problems. There are many long-term costs and harms to repealing the trust fund, and, therefore, I respectfully have to oppose this measure and would urge others to join me. Mahalo."

Senator Rhoads rose to speak in opposition to the measure as follows:

"Could I just join the previous speaker and treat the previous speaker's remarks as my own, please?" (The Chair so ordered, by reference only.)

Senator Dela Cruz rose to speak in support of the measure as follows:

"When the Finance chair and myself met with the attorney general, the Budget department, the Department of Health, they explained to us that, over time, spending will exceed the revenues that are generated from the trust fund. The reason why

it's being repealed in 2025 is because the contracts don't end until 2025. This is a suspension of additional funds going into the trust fund, and at such time, the Legislature can appropriate the needed funds to continue the programs. There will not be a disruption in programs; this bill will allow the programs to continue as they currently are. I hear the senators' concerns, which is why, in the S.D. 1, we did have \$7.3 million in the general fund in the base budget to pay for these programs. Based on what happened in the conference committee, those funds are no longer needed because there are monies in the trust funds that will continue to pay for these programs for the time being. Thank you."

The motion was put by the Chair and carried, Conf. Com. Rep. No. 169 was adopted and H.B. No. 1296, H.D. 1, S.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," having been read throughout, passed Final Reading on the following showing of Ayes and Noes:

Ayes, 21; Ayes with Reservations (Chang, Fevella, Ihara, Misalucha, Moriwaki, Nishihara, San Buenaventura, Shimabukuro). Noes, 4 (Acasio, Baker, Rhoads, Taniguchi).

#### MISCELLANEOUS BUSINESS

##### RECONSIDERATION OF ACTIONS TAKEN

S.C.R. No. 26, S.D. 1 (H.D. 1):

Senator Moriwaki moved that the Senate reconsider its action taken on April 20, 2021, in disagreeing to the amendments proposed by the House to S.C.R. No. 26, S.D. 1, seconded by Senator Keohokalole and carried.

Senator Moriwaki then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 26, S.D. 1, seconded by Senator Keohokalole.

Senator Moriwaki noted:

“This resolution urges the empowerment of young women by recognizing October 11th as the International Day of the Girl. The Senate version would have this day as an annual recognition in perpetuity; however, the House amended it to only apply to October 11, 2021. Mr. President, there are no hard and fast rules that resolutions can only be for a one-time action, however, Senate Rule 88 provides that the *Mason’s Manual of Legislative Procedure*, 2010 edition, where not inconsistent with the rules and practices of the Senate, shall govern. While *Mason’s* does not mandate that a resolution may only be for one-time action, it does provide the guidance that, generally, a resolution does not prescribe a continuing rule of conduct for government. This is why we agree with the House amendment and move to reconsider.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 26, S.D. 1, and S.C.R. No. 26, S.D. 1, H.D. 1, entitled: “SENATE CONCURRENT RESOLUTION URGING THE EMPOWERMENT OF YOUNG WOMEN BY RECOGNIZING OCTOBER 11, 2021, AS THE INTERNATIONAL DAY OF THE GIRL,” was placed on the calendar for Final Adoption on Thursday, April 29, 2021.

Senator San Buenaventura noted:

Senator Taniguchi then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 164, S.D. 1, seconded by Senator Keohokalole.

Senator Taniguchi noted:

“The House amendments to S.C.R. 164—this is the Protecting the Right to Organize Act—updated legislative references to include action taken by the U.S. House of Representatives on March 9, 2021, and made other technical, nonsubstantive changes.

“These amendments to both S.C.R. 164 and S.C.R. 242 are acceptable to your Committee on Labor, Culture and the Arts.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 164, S.D. 1, and S.C.R. No. 164, S.D. 1, H.D. 1, entitled: “SENATE CONCURRENT RESOLUTION URGING THE UNITED STATES SENATE AND PRESIDENT OF THE UNITED STATES TO ENACT THE PROTECTING THE RIGHT TO ORGANIZE ACT AS EXPEDITIOUSLY AS POSSIBLE,” was placed on the calendar for Final Adoption on Thursday, April 29, 2021.

Senator Lee then moved that the Senate agree to the amendments proposed by the House to S.C.R. No. 190, S.D. 1, seconded by Senator Keohokalole.

Senator Lee noted:

“The amendments made by the House to this particular measure were technical, friendly amendments, so it’s the recommendation of your committee that we proceed.”

The motion was put by the Chair and carried, the Senate agreed to the amendments proposed by the House to S.C.R. No. 190, S.D. 1, and S.C.R. #### SENATE RESOLUTIONS

The following resolutions (S.R. Nos. 223 and 224) were read by the Clerk and were disposed of as follows:

S.R. No. 223 "SENATE RESOLUTION REGARDING COMPLETION OF THE WORK OF THE THIRTY-FIRST LEGISLATURE, REGULAR SESSION OF 2021, SUBSEQUENT TO THE ADJOURNMENT THEREOF."

Offered by: Senators English, Fevella.

On motion by Senator Keohokalole, seconded by Senator Fevella, S.R. No. 223 was adopted.

S.R. No. 224 "SENATE RESOLUTION INFORMING THE HOUSE AND GOVERNOR THAT THE SENATE IS READY TO ADJOURN SINE DIE."

Offered by: Senators English, Fevella.

On motion by Senator Keohokalole, seconded by Senator Fevella, S.R. No. 224 was adopted.

At this time, Roth Puahala of Senate President Kouchi's office proceeded with an oli and a gift presentation to Senator English.

Senator Keith-Agaran rose to speak on a point of personal privilege as follows:

"On behalf of all your colleagues and especially your two colleagues from Maui—and knowing full well that, in the course of the 21 years you've spent here in this body, you have actually represented almost every part of our county because you've been the senator from every district during your time here—we have a certificate to present to you that cannot capture all of what you have done and what you have meant to the County of Maui, to your communities, your home community of Hāna, your home in East Maui, your constituents on Lāna'i and Moloka'i, and to all of the friends that you have made over

the years, colleagues that you've had on the county council, all the things that you've done that you're responsible for, good and bad: nonpartisan elections on Maui, the ag subdivision law that got a little bit more control on Maui of the use of ag lands for gentleman estates, all the work that you've done on Hawaiian issues here during the time you've been here, all the advice that you've always provided to us when we needed it on Native Hawaiian and cultural issues, the passion that you've always shown for your community, and for the people of Maui County. It's my honor to provide this certificate—which has been signed by all of your colleagues, sponsored by Senator Baker and myself. Thank you, Mr. President.”

Senator Kim rose to speak on a point of personal privilege as follows:

“Mr. President, 21 years ago, a young councilman from Maui, a young councilwoman from Honolulu, I believe our representative from Wahiawā, were elected to this body. We were the freshman class that came in in 2000, and, as long as I can remember, this councilman who was elected as senator, when we were asked what it is we would want to do or what kind of positions we wanted to do, he said he wanted to be in leadership, and he has held true to that. Throughout his 21 years, he has always been or almost always been in leadership. It was a pivotal time when we got in: The organization of the Senate was up for grabs. The Senate had had joint chairs at the time for Ways and Means and for Consumer Protection and for the A-bracket committees. It was something that I did not agree with, and because of the change that we made in leadership, the three of us were pivotal in that vote because it was so close, that we did not get joint committee chairs because it was so chaotic at the time. But I have enjoyed serving my time with my colleague, my friend. We shared a lot because we were both on the city councils at the time; home rule was an issue, and so, Kalani, we're going to really miss you, and we wish you the best, so aloha.”

Senator Misalucha rose to speak on a point of personal privilege as follows:

“Aloha. Tough act to follow. Good luck, Kalani.

“Senate President, colleagues, when the 31st legislative session started this year, I confess that I was filled with some trepidation, but, today, at the end of this session, after a steep learning curve, after working shoulder to shoulder with you, colleagues, I have to state without exception and without an iota of a doubt that I have newfound respect for the legislative process and the valiant men and women who carry it through. I found a chamber with dedicated senators and staff who have their heart in the right place, who consider the role as a sacred duty, and who toil in labor for the communities they serve. Mahalo to the Senate leadership, to the committee chairs, and to you esteemed members for your guidance, your mentorship, and your fine example. We may not always see eye to eye on issues, but there was always mutual respect and honor.

“I commend my staff—my legislative director Richard Mizusawa, office manager Ami Sueyoshi, legislative aide and communications director Bernie Caalim, legislative aide Landon Li, and our interns Ryden Iwamoto and Isaiah Burch—for their unwavering support. Thank you for a memorable session, but there's work that needs to be done, and I'd like to believe, though, that the best is yet to come. Mahalo.”

Senator Fevella rose to speak on a point of personal privilege as follows:

“You know, it's very sad. I've been here about three sessions. When I first got here, the first senator's office that reached out to me and their whole staff was Senator Kalani English. He always had an open hand, open door, open everything that I needed, not knowing the friendship and the brotherhood that we

would have in the few years to come. Yes, I am—and I was—still am new, but it's so sad for me and my family that we talk about him a lot during holidays because he lives on the island where my dad was born and raised, in the community where we talk about plantation and family and 'ohana, and talking to him and some of his staff just reminds me of how special his presence here in these chambers and this building because of his upbringing and what he brings to the table. So, when I went home, I didn't call my dad and tell my dad that he was stepping down, he was retiring. Soon as I went into my dad's room and I sat down on the recliner, he said, 'Eh, I never know he was da kine.' You know, he was very concerned, and so is our family as we continue to pray for his health and longevity. Whatever God has made a way and a path for him, we wish him the most, most blessing and great health and great luck going forward in whatever endeavors you do, Kalani, and I love you, and I thank you for being that friend to me when I first came here, and same like the rest of my colleagues here in this chamber. Over the years, we agree or disagree, but at the end of the day, people like Senator Baker, I feel that our relationship got closer over the first time I was here. I can tell because when we first went in the committee hearings in the beginning, it wasn't that great, but now I really feel that she kinda warmed up to me, so we're friends, and I gon' tell you guys why: because not once, not twice, two days in a row, she called me her favorite Republican senator. Going forward, I love each and every one of you guys; I wish you guys the best. I'll see you guys next session. Again, love and aloha, God bless.”

Senator Baker rose to speak on a point of personal privilege as follows:

“Well, Mr. President, colleagues, I guess it's only appropriate that I follow my favorite Republican senator to make some remarks about my favorite senator from East Maui. Kalani has been an integral part of the trio representing Maui in the Senate. For a long time. I has been a joy to not only get to know him better, learn about his roots, and gain some knowledge that I didn't have about Hawai'i but, more importantly, to think about all of the wonderful things that he did for not only Maui County and his district but for all of us here. He helped us with our communications; he helped us understand some of the nuances of legislation that those of us who don't have the koko would not understand, but, more importantly, he reached out to all of us to share his knowledge and his wisdom and his kindness and gentleness that I think all of us can learn from and benefit from as well. And so, Kalani, it's been an honor and a privilege to be your colleague, to be your friend, and I'm gonna miss the hell out of that. We've had some wonderful times together, and I know that if we get stuck, you're just a phone call away, and I know your phone's gonna be ringing a lot. Thank you, Kalani. Good health, stay well, aloha.”

Senator Lee rose to speak on a point of personal privilege as follows:

“I absolutely did not intend to follow the good senator from Maui, but I do want to say goodbye to two people today. The first has been the rock on which everything I've been able to do on behalf of our community in the Legislature, both in the House and now in the Senate, was built upon, and that is my longtime staffer, Arwyn Jackson, who is, I'm sure, watching right now. She's departing to go do bigger and better things because she has the capability to do significantly more than work in my office, but everything that I've been able to accomplish—big, small, and all the failures along the way—were made possible by ... and I'm gonna miss her. I owe a great deal of debt to the folks in the office who serve, and she's one of them.

“The second person, of course, is our good senator from Maui, for whom I do not have a long relationship with as many folks who've been here long before me, but I do know his work

because he's done some incredible stuff on climate and energy and the things that I also share a great passion for, and if ever there's anyone who deserves the credit and will go down in history for it, it will be him. So with that, my aloha to you, and best wishes."

Senator Kanuha rose to speak on a point of personal privilege as follows:

"First, I did want to also thank my staff – Tonga Hopoi, Iokepa Command and Marlene Sai – for their hard work this Session, and the last two Sessions they have been with me. I wanted to also wish a happy birthday to my Office Manager, Tonga Hopoi. It's her birthday today and she is working hard to make sure we can finish off Session on a good point so 'happy birthday, Tonga.' I also wanted to say mahalo to Senator English. Kalani, I definitely going to miss you. Mahalo for your leadership, for your friendship and truly want to wish you health and happiness for your future endeavors. Thank you for being there from the very beginning—since I got elected to the Senate. Again, mahalo."

Senator Moriwaki rose to speak on a point of personal privilege as follows:

"I, too, want to congratulate and say my mahalo to Kalani, Senator English. We've been working way back; I think I was reminded with Senator Lee that we started working on the clean energy front way long ago, and it was Kalani who really brought home the Paris Accord and having us really focus in on sustainability, which was really a blip—not even a blip—on the screen for the state, so I really mahalo you for all you've done."

"I do want to say also mahalo to the rest of the colleagues. This was the first time I chaired a committee, and it's **hard work**. I thought it would be easy with GVO, but thanks to my vice chair Dela Cruz, I think we got a lot accomplished, and it was because of all of you and working hard and being at the wheel, I think, of working with not only ourselves and our colleagues and the community but also with the House, and it is hard work to make a bill come to pass, so, again, thank you all for your support, and I appreciate all the work with all of you. Thank you, mahalo."

Senator Gabbard rose to speak on a point of personal privilege as follows:

"Mr. President, colleagues, we would be remiss if we did not wish a happy birthday, manuia lou aso fanau, belatedly, to our freshman senator from Hawai'i island. Her birthday was on Monday, but we had a recess day, so, please give her a hand. And also, I want to remind you there is a piece of toffee for you, each of you, on your desks. I know some of you might forget it, and I know the Sergeant-at-Arms already have their eyes on it, in case you do forget it. Unfortunately, I was not able to do the hemp thing. I tried a couple more batches; it's not right, so you'll have to wait for next session. And third, Kalani got a very big bag of toffee, so don't eat it all at one time, brah, 'cause you're gonna get sick, okay? Mahalo."

The Chair commented:

"Senator Gabbard, on behalf of all of the members, thank you for the toffee. You can see that there are several with lack of self-control or discipline as the toffee is no longer sitting on the top of their nameplate. And, to the Sergeant-at-Arms, I can only instruct you that Senators Chang and Shimabukuro are not present in their chairs, so whatever happens to their toffee, I certainly didn't see anything."

Senator Kidani rose to speak on a point of personal privilege as follows:

"I think Senators Chang and Shimabukuro said I could have their toffee."

"I'd like to first thank my committee clerk, Scott Fuji. You may know how difficult the Education committee can be, and I'm not the easiest person to work for. I'd also like to thank the rest of my staff: Danicia Honda, Jade Snow, Felicity Teruya, and Kate Ozawa."

"Mr. President, I wanted to take this opportunity to tell our good senator from East Maui that this is not the last you've seen of us because I'm putting in a request right now with our WAM chair for the next tour that we do for WAM site visits to let us see the good things that our senator from East Maui has done on Maui, and I would love to visit you. And I promise never again to complain about my drive from Mililani because every time I say that, you always give me this stink eye, and I know how long and how early you have to leave so you can get a flight to get here on time. But I will tell you, sitting here next to you the last several years has been my pleasure, and I wish you all the best, Kalani, and I hope whoever fills the seat will have as many good jokes as you have had over the years. If not, I will be calling you to ask you for your joke of the day. Mr. President, with aloha to Senator Kalani English—all of our best from all of your colleagues. Aloha."

The Chair presented the following remarks:

"As a councilmember, we found out in the 1990s that Avery Chumbley was canoed to the North Shore of Kaua'i, and coming to the capitol was the first opportunity I had to meet and begin a relationship with Senator English. We quickly bonded because some of his family on Kaua'i were very close friends of mine, and through that common bond of family and friends, like it so often happens in Hawai'i, a friendship was born. I had the opportunity to serve with him as fellow councilmembers and, finally, for the last 11 years, as colleagues here in the Senate."

"I did inform several national organizations of his retirement and forwarded the press release, and the kind regards, best wishes, and prayers have been pouring in from all over the country, but, like all of you, I got to know the international relationships and the international reach that Senator English has had and the difference that he's made not just in Hawai'i or across the United States but literally across the globe."

"I'm trying to keep myself together, so I talked privately to Senator English already, but I will share simply one sentiment that I told him. When I came here, he was already an identified friend, but as we've attended conferences together, often with the speaker of my house, Joy, in attendance, and the relationship that she forged with Senator English as well, I told him we leave today not as friends but as family. And it's been an honor and a pleasure to serve with you, Senator English."

Senator English rose to present the following remarks:

"Thank you, Mr. President. I'm trying not to cry, and you almost got me there."

"Colleagues, I want to thank you for the greatest honor of my life, which is being part of this very special body. Ron is correct: At the end of the day, it's our relations that count; it's our friendships that count, and really, really deep down, it's our ability to trust in each other's work. That's what our committees do when I think about it. We ask a chair to take on a topic—health—and you become like a doctorate in that field, and you help guide the issues on health, and we rely on your abilities to bring a bill to the floor that we all can trust in your work and vote on."

"So this body has been a part of my life for—you know, I've had 20 years here as a senator but many years before that as a staff member, and I was thinking about it yesterday, walking around the building, that I literally grew up in this building. It's been a major part of my life, and it's been something that has been the beacon for me throughout my entire life, and that

doesn't change. I thought about this yesterday: Roles change; things are transitory, but you all, I trust in you all to carry on the work and to carry on all of the things that we need to do to make Hawai'i better.

"I'd like to thank my staff, especially my staff. Auntie Libby has been with me for 20 years—Auntie Libby Suyat—and she's retiring with me today. Sharon Lum Ho has been with me for 15 years. Cissy Gulick, and Cissy's my cousin—you've been with me about 10, 15, right? Alan Teixeira: Alan has been with me 10 years, a few years out and then back. And I want to introduce one special person up here before I talk about my other staff members: Leona Nomura is here, and she came down from Maui. So, I just want to explain something that, you know, in my life, I've had my parents pass, my grandparents passed, everyone has passed, and Leona has become my mother. She's the one person, she ran my campaigns, and I can say it like this: A campaign manager who does not want to do paperwork. Think about that. But she got the votes. But we all need someone that goes home and says, you know, 'Why did you wear that shirt?' or 'Go clean your room,' or 'Go clean your house,' or things like that. But Leona is my mom and has become that person who takes care of me, who gives me that nurturing, and who gives me that love that I need, so I wanted to thank Leona for everything. She called and said, 'I'm coming down,' and I said, 'I'm so happy that you're coming to join me,' so Leona.

"You know, I've had other staff members that you may see around here. Jennifer, who's in the Clerk's office, started in my office, and I forget how many years you worked with me. Six? Five? Something like that, yeah? Jacob Aki, as you all know, is our Communications director. He worked with me for five years before becoming the Senate Communications person. The point that I'm making here is that, let's all of us invest in our young people, invest our time and our energy to train them and pass on the knowledge that we all have gained here because if we don't do that, we'll have a rough time in the future, but if we do, we'll have really good people succeeding us. I almost forgot one very important person who worked in my office: Representative Mele Carroll. She came with me from the Maui County Council and came with me to the Senate, worked for me for a number of years here, and then ran to become a representative herself. There are so many other staff members that I would like to thank, and instead of naming them all, I'm just going to say thank you to all of the people in the back who make the place work. You all know who you are, from the Clerk's office to SMA to Tia and the printshop and Sergeant-at-Arms and all of the support agencies: thank you. Your work is so important to all of us, and I really appreciate your years of work.

"Now, I'm going to just be a few more minutes. I want to just reminisce a little bit about what it was when we came here, when Donna and I entered the place, and what it's become because, really, the way we measure things is, you know, did it get better, but really, sometimes, we should measure what's called the delta, the amount of change that happened. In that regard, I give the Senate an A-plus. When I came here, we had one fax machine. I remember when we installed the first fax machine. Everything was heavy on paper. We had very, very antiquated committee report systems. In the old days, every member had to sign the committee report. You think it's hard finding a chair now, try finding all six members or all five members, and then, sometimes, I think maybe Avery did it once or twice, but we'd lose the bill. It would end up behind a desk somewhere, and we modernized that. We took that system and said, why do we do this? So now we have voting in the committees. We vote in the committees; the chair does the ministerial act of certifying that vote, but it took us a long time to get there. We went paperless, cut out tons and tons of paper. Then, we are now leading the way in telecommunications. So look at that delta; look at the change that we have created and

the things we have done. I look forward to the Senate leading the way in all of these technologies. I'm relying on Jarrett; I'm relying on Dru; I'm relying on all the young guys and all of us and everyone else to bring us into this new age of using the technology.

"So, to my constituents, to the people on Moloka'i, Lāna'i, Upcountry, East Maui, Hāna: Thank you. Thank you for your confidence in my abilities, for working with me in these past 25 years, and for understanding that we have a very unique district. I look forward to having some time to heal, some time at home, some time to regenerate, and some time to write. And then, hopefully, after that, after I'm rejuvenated, I can start participating in public life again. But, for now, I just want to say thank you to this incredible district of mine. The people are absolutely outstanding; absolutely wonderful; crazy, as you can imagine, which is what happens in rural areas; but at the end of the day, we all come together, and that was shown during this pandemic. Some of the most rural and remote areas came together, and I was astounded to see people distributing food, people helping other people, people giving extra that they had to someone who didn't. This is the Hawai'i that I like to remember, and that's the Hawai'i that I see the greatest hope in.

"Finally, to all of you: Thank you for being my friends, for being my family, and for understanding and wanting to learn and wanting to visit this incredible district. In speaking with the WAM chair and others, at some point, you'll go to Kalaupapa, one of the most special parts of my district, then come to Hāna, then come to see all of these exquisite places, and I encourage you all to go. Here's why: When the issues come before you, when we have a bill relating to Kalaupapa—and we have four more patients left, but we owe them the greatest respect and dignity and the support that they need. When you have a bill coming before you about why we need to preserve the bridges to Hāna, after you go on those bridges, you'll understand why. There's a couple I go over very quickly because I think they're going to fall in at any time.

"And then, to my two colleagues from Maui: Wow, what a team. What a team. The three of us, what a team. We gelled so well. We have a basic understanding that what's good for Maui County, all of our islands, is good for all of us. And we worked that angle, and we worked and we stuck together, and people know, you all know, that our votes are in sync. If we decide we're going to go one way, three of us will follow that. So thank you, Roz; thank you for being a teacher and a mentor. Gil, thank you for being such a good friend, teaching me to analyze things very, very succinctly and seeing the other point of view.

"And now, Mr. President, for you: Yes, we're family. Late at night, you and I have talked about this, where we're both retired, sitting on our rocking chairs in 20 years, talking about what we did back in that year. Well, so I'll be sitting in Hāna, planting, getting ready for you to come visit me when you retire. But thank you. Thank you. I think this team that came together in the last few years has been extraordinary, and the reason it's extraordinary is that we relied on everyone's talents. We pulled people's talents and said, okay, this is what you want to do; let's go for it; do it. That's the difference. We find the talent; we move it ahead, and we support it.

"So, with that, thank you, everyone. I so look forward to seeing you when you come to visit in Hāna and come to visit the other areas, but I also look forward to seeing you as a friend and an individual basis and we meet outside of this very sacred space as friends and as family. Thank you."

Senate President Kouchi then addressed the members of the Senate as follows:

"Thank you, Senator English. I was thinking what to say in conclusion before we adjourn and, listening to your remarks, I

realized that discussing the individual bills is not what's important today. I think that the committee chairs have done a good job as the bills have moved through discussing the specificity or details in the bills and letting the people of Hawai'i know the good work that they've accomplished.

"Instead, I would say to each and every staff member for the individual senators, not everybody got up today, but you know just how appreciative your boss is of the work that you all do, and on behalf of the members, I'd just like to say to our own personal staff, thank you very much for your dedication, hard work, and commitment. I know I've said thank you before, but, again, to all of the support staff, and I'm not going to start naming—I did that once and left somebody out and got in trouble—but I want each and every one of you to know how much we appreciate what you did. I have talked about the unprecedented conditions that everyone has endured and how they still showed up and got the work done. At the risk of running into trouble, to highlight one of Senator English's points about the technology aspect, to the IT team and everybody who worked with them to allow the public participation and the member participation in the way that we did: thank you. Your hard work helps us look incredibly good to the public, but we could not do it without you.

"In Senator English's remarks about the team coming together, all it made me think about, simply, was that we're in a business where we need our constituents to choose us over somebody else to represent them, and it's not easy to ask the people in your district to vote for you and to say that I would be the best person to be here, yet every election, that's what we do. And the best way to succeed in getting your constituents' support is to run to the first available camera that you see and take credit for something, whether you did it or not, so that they believe back home you did it for them, and they will vote for you; to run to the reporter so that it's your picture on the front page of the newspaper with the headline about having gotten these things for your district so you can get elected. I cannot begin to tell you how proud I am of the way that each of you went about doing your job during COVID. Nobody ran to the cameras; nobody ran to the reporters to make headlines. What you did was get together to find ways to solve problems and ensure the health and safety of our community, and now we're trying to find ways to revitalize the economy and get people back to work, to find affordable housing opportunities; the homelessness challenge is still there. But as you work across the aisle with your House colleagues, if you talk across each other in the press, you start rationalizing and you start protecting hardened positions, and you leave no room for compromise. But when you start out by listening to what your counterpart is interested in, and then you share your ideas, and you work in a respectful way, it's amazing what you can accomplish, and that is reflected in the work that was done here during the session. I appreciate the humility with which you went about getting the job done and putting the people first and not getting yourself in the headlines first, and to that, I really commend you and want to congratulate all of you.

"I would simply close with a saying I've said before that my pastor likes to say: 'As human beings, we're not designed to see eye to eye. We're created unique and different, but if we truly look heart to heart, that is where we find the answers and the solutions,' and you did an incredible job this past session in looking to your heart, looking to the heart of the person across from you, and looking to the heart of the people across this state to find those great decisions. So thank you very much; it's been an honor and a privilege to be able to serve as President of such an outstanding group of individuals."

"EXECUTIVE CHAMBERS  
HONOLULU  
June 23, 2021

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 200

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget."

The purpose of this bill is to appropriate funds for the operating and capital improvement program budgets of the Executive Branch for fiscal years 2021-2022 and 2022-2023.

While the bill as a whole has merit, I object to the following appropriations for the reasons indicated:

1. The \$345,000 appropriation for fiscal year 2021-2022 and the \$345,000 appropriation for fiscal year 2022-2023, both funded from moneys from the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, to be used for a medical cannabis public education campaign, designated in section 3, item E-6, page 23, on line 26, of the bill. I note that federal funds cannot be used by the medical cannabis program, because cannabis remains illegal under federal law.

2. The \$134,000 appropriation for fiscal year 2021-2022 and the \$1,137,000 appropriation for fiscal year 2022-2023, both funded from moneys from ARPA, to be used as matching funds by the Department of Human Services for satisfying the federal matching funds requirements, designated in section 3, item F-27, on page 32, line 8, of the bill. According to the federal guidance regarding the spending of ARPA moneys, such funds cannot be used to satisfy the nonfederal matching requirements.

3. The \$160,020,792 appropriation for fiscal year 2021-2022 and the \$153,659,250 appropriation for fiscal year 2022-2023, both funded from moneys from ARPA, to be used for debt service payments, designated in section 3, item K-17, on page 48, line 17, of the bill. According to the federal guidance regarding the spending of ARPA moneys, such funds cannot be used for the payment of debt service.

Section 16 of Article III of the State Constitution provides that, "[e]xcept for items appropriated to be expended by the judicial and legislative branches, the governor may veto any specific item or items in any bill which appropriates money for specific purposes by striking out or reducing the same." Because of the foregoing objections, I have taken the following actions pursuant to my line item veto authority:

1. Stricken out the \$345,000 appropriation made from ARPA moneys for fiscal year 2021-2022 to be used for a medical cannabis public education campaign (on page 23, line 26) and changed it to \$0.

2. Stricken out the \$345,000 appropriation made from ARPA moneys for fiscal year 2022-2023 to be used for a medical cannabis public education campaign (on page 23, line 26) and changed it to \$0.

3. Stricken out the \$134,000 appropriation made from ARPA moneys for fiscal year 2021-2022 to be used as matching funds by the Department of Human Services for satisfying the federal matching funds requirements (on page 32, line 8) and changed it to \$0.

4. Stricken out the \$1,137,000 appropriation made from ARPA moneys for fiscal year 2022-2023 to be used as matching funds by the Department of Human Services for satisfying the federal matching funds requirements (on page 32, line 8) and changed it to \$0.

5. Stricken out the \$160,020,792 appropriation made from ARPA moneys for fiscal year 2021-2022 to be used for the payment of debt service (on page 48, line 17) and changed it to \$0.

6. Stricken out the \$153,659,250 appropriation made from ARPA moneys for fiscal year 2022-2023 to be used for the payment of debt service (on page 48, line 17) and changed it to \$0.

For the foregoing reasons, I am returning House Bill No. 200 with the appropriations made from ARPA moneys for fiscal years 2021-2022 and 2022-2023 totaling \$315,641,042, stricken from the bill.

Respectfully,  
/s/ David Y. Ige  
DAVID Y. IGE  
Governor of Hawai'i"

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 53

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 53, entitled "A Bill for an Act Relating to State Bonds."

The purpose of this bill is to authorize the issuance of general obligation bonds by the State. Further, this bill declares the Legislature's findings with respect to this bond authorization as required by Section 13 of Article VII of the Hawaii State Constitution.

This bill is objectionable because there is insufficient funding for the debt service on the amount of general obligation bonds proposed by this bill and the associated general obligation bond declaration, which renders them invalid.

House Bill No. 54, entitled "A Bill for an Act Relating to the State Budget," and House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget," the General Appropriations Act of 2021, approved as Act 88, both appropriate moneys from the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, § 9901, 135 Stat. 4, 223 (2021), for debt service payments for fiscal years 2021-2022 and 2022-2023. However, according to the federal guidance regarding the spending of ARPA moneys, such funds cannot be used for the payment of debt service. Consequently, general funds must be substituted for the ARPA moneys to pay debt service.

To correct this situation, in my statement of objections to House Bill No. 54, I stated that the appropriation of general funds must be made for fiscal year 2021-2022 for the payment of debt service in the amount of \$238,944,470. In addition, I stated that the appropriation of general funds must be made for fiscal year 2022-2023 for the payment of debt service in the amount of \$257,446,927. If those general fund appropriations are not made to provide for debt service payments, then this bill is objectionable because the State would not be able to issue the general obligation bonds authorized by this bill due to the insufficient funding for the debt service payments. If the Legislature is able to meet my objections with respect to debt service in House Bill No. 54, I would likely no longer have objections to this bill, however, to allow sufficient time to correct the errors in House Bill No. 54, the effective date of this bill is objectionable because the funding for this bill is contingent on the corrections to House Bill No. 54. To correct that situation, the effective date of this bill would have to be delayed to provide sufficient time to ensure House Bill No. 54 is enacted prior to this bill being enacted.

For the foregoing reasons, I am returning House Bill No. 53 without my approval.

Respectfully,

/s/ David Y. Ige  
DAVID Y. IGE  
Governor of Hawai'i"

**Gov. Msg. No. 1278**, dated July 6, 2021, transmitting the Governor's statement of objections to House Bill No. 54, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 54

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 54, entitled "A Bill for an Act Relating to the State Budget."

The purposes of this bill are to:

1. Appropriate \$250,000,000 in general funds for fiscal year 2020-2021 to be deposited into the Emergency and Budget Reserve Fund;

2. Appropriate \$390,000,000 in general funds for fiscal year 2020-2021 for the actuarially required contribution for other post-employment benefits;

3. Amend House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget," the General Appropriations Act of 2021, approved as Act 88, to:

(a) Appropriate \$78,923,678 in general funds for fiscal year 2021-2022 for debt service payments;

(b) Appropriate \$103,787,677 in moneys from the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) under the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, § 9901, 135 Stat. 4, 223 (2021), for fiscal year 2022-2023 for debt service payments; and

(c) Make the bill effective upon its approval; provided that the deposit into the Emergency and Budget Reserve Fund and appropriation for other post-employment benefits take effect retroactively on June 30, 2021.

**This bill is objectionable for the following reasons:**

Funding for Debt Service

This bill is objectionable because the moneys from the SLFRF cannot be used for the payment of debt service, and as a result, the bill understates the amount of moneys necessary for the payment of debt service for fiscal years 2021-2022 and 2022-2023. The payment of debt service is a primary obligation of the State required by law. The amounts required to pay the debt service are \$238,944,470 for fiscal year 2021-2022 and \$257,446,927 for fiscal year 2022-2023. The bill amends House Bill No. 200 by adding an appropriation of \$78,923,678 from general funds for debt service payments for fiscal year 2021-2022 and an appropriation of \$103,787,677 for debt service payments from the SLFRF for fiscal year 2022-2023.

House Bill No. 200 provided the balances of the total amounts due for each fiscal year for debt service payments, \$160,020,792 for fiscal year 2021-2022 and \$153,659,250 for fiscal year 2022-2023. However, I needed to line-item veto

those appropriations for debt service payments in House Bill No. 200 because both of those items were funded by moneys from the funds established under the ARPA. The use of SLFRF for debt service payment is prohibited by the final interim rules on the SLFRF, issued by the United States Treasury (Treasury) on May 1, 2021 (codified at 31 C.F.R. 35.6) (the day after the session ended), and there are no other funds established under the ARPA that the State is allowed to use for debt service payments. Consequently, general funds must be substituted for the appropriations from the ARPA to pay debt service in the correct amounts of \$238,944,470 (\$78,923,678 + \$160,020,792) for fiscal year 2021-2022 and \$257,446,927 (\$103,787,677 + \$153,659,250) for fiscal year 2022-2023. It would be appropriate to amend this bill to rectify the improper use of SLFRF funds appropriated in the bill, by adding the correct amount of general funds necessary for debt service payments to meet the State's obligations.

Notably, the lack of sufficient funding for debt service payments has consequences beyond this bill. In addition to the State's inability to satisfy its debt service payment obligations, the deficiency in funding hinders the State from satisfying the bond authorization requirements of House Bill No. 53, entitled "A Bill for an Act Relating to State Bonds," and thus from issuing general obligation bonds to fund various capital improvement projects that are authorized in House Bill No. 200 and House Bill No. 185, entitled "A Bill for an Act Relating to the Judiciary," the Judiciary Appropriations Act of 2021. If these bond authorization requirements are unmet, the State cannot issue general obligation bonds and the capital improvement projects cannot commence. Therefore, it is critical to appropriate general funds for the debt service payments for fiscal years 2021-2022 and 2022-2023.

In addition to my objections to the lack of sufficient appropriation of general funds and the appropriation of ARPA funds to pay for debt service, I also object to other instances where no appropriation has been made and/or where the ARPA funds that have been appropriated are inconsistent with the final interim rules published after the session had ended, and some clarifying action is needed to maintain the uninterrupted operation of important State functions.

Funding for the Major Disaster Fund

This bill is objectionable because it did not include funding for the Major Disaster Fund when it amended House Bill No. 200. The Major Disaster Fund is a statutorily established fund in the Department of Defense to provide initial funding to respond to emergencies and disasters in Hawai'i. I believe that not having funding will have a major detrimental impact on the Department of Defense's ability to respond to emergency situations when people's lives and properties are at stake. It would be imprudent for the Department of Defense not to have immediate access to funds to address a crisis. Waiting for identification of surplus funds and delays in securing those funds could jeopardize fast response to emergency situations. At minimum, funding for the Major Disaster Fund should include a general fund appropriation of \$5,000,000 for fiscal year 2021-2022 and \$5,000,000 for fiscal year 2022-2023 to insure moneys are readily available to meet this critical need.

Funding for Essential Programs and Services

Additionally, there were objectionable appropriations of federal ARPA funds in several other bills for which a general fund appropriation would be more appropriate."

Effective date

The effective date upon approval for part II of the bill, which amends House Bill No. 200, is objectionable because those amendments should be effective on June 30, 2021 to avoid gaps in funding.

In summary, my objections to this bill are that (1) it understates the amount of moneys necessary for the payment of debt service for fiscal years 2021-2022 and 2022-2023, (2) it improperly appropriates ARPA funds for the payment of debt service, and (3) it fails to fund other essential programs or services of the State. It is my hope that the Legislature will amend this bill to meet my objections as it is authorized to do by section 16 of article III of the Constitution of the State of Hawai'i, and that it will make the amendments retroactive to June 30, 2021, to avoid gaps in funding.

For the foregoing reasons, I am returning House Bill No. 54 without my approval.

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 58

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 58, entitled "A Bill for an Act Relating to State Funds."

The purposes of this bill are to temporarily suspend certain general excise and use tax exemptions for the period January 1, 2022, through December 31, 2023, and to increase, effective on January 1, 2022, the conveyance taxes for the sale of non-commercial properties valued at \$4,000,000 or greater. The intent was to generate more revenues for state services.

This bill is objectionable because the increase in conveyance tax rates for non-commercial properties will have significant unintended consequences on the development of affordable rental housing and other transactions. The bill did not define commercial properties and adopts the definition applicable in each county, which is problematic and could have negative inadvertent consequences for family-owned businesses, agriculture, industrial, public service, preservation and conservation projects.

Projects with community benefit that will be adversely affected by this increase in conveyance tax include, for example: Castle and Cooke's plan to gift 16 acres of land valued at \$16 million for the relocation of Wahiawa General Hospital; a pending proposal preserve 380 units of existing affordable rental apartments in Chinatown; a plan to purchase 87 acres of former Dole plantation lands in Waialua for affordable housing; and a pending proposal to preserve and renovate 143 affordable rental apartments in Waipahu.

Further, the generation of more revenues for state services in the manner proposed by this bill is no longer necessary. Hawaii's fiscal situation has improved dramatically from the time that the fiscal biennium 2021-2023 Executive Biennium Budget and Financial Plan was presented to the Legislature in December 2020. Since then, the Council on Revenues met three times and increased its general fund revenue projections for

fiscal years 2020-2021 through 2026-2027 by a total of \$6.1 billion over this seven-year period. In addition, the Coronavirus Response and Relief Supplemental Appropriations Act of 2020 and the American Rescue Plan Act of 2021 provide substantial federal funding to address a range of pandemic-related state costs, including almost \$600 million for the Department of Education and \$1.64 billion of general-purpose funding to mitigate state revenue losses and increased COVID-related expenses. Circumstances have changed so much that there is no longer the pressing need for the extraordinary revenue actions proposed in this bill.

For the foregoing reasons, I am returning House Bill No. 58 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 338, entitled "A Bill for an Act Relating to the Judiciary."

The purpose of this bill is to require an appellate court to hold a hearing when a party to an appellate court proceeding files a motion to disqualify or recuse a judge or justice on the basis on a possible conflict of interest.

This bill is objectionable in part because parties to cases pending before the Intermediate Court of Appeals (ICA) and the Hawaii Supreme Court can already file motions to disqualify judges of the ICA or justices of the Supreme Court and nothing precludes litigants from requesting a hearing. In addition, requiring an appellate court to provide for a hearing for every motion to disqualify would limit its ability to reject spurious claims, slowing down the appellate process.

For the foregoing reasons, I am returning House Bill No. 338 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 465, entitled "A Bill for an Act Relating to Collective Bargaining."

The purpose of this bill is to amend section 89-5, Hawaii Revised Statutes, to change the manner in which the representative of labor is appointed to the Hawaii Labor Relations Board (HLRB) and a means for removal of that representative if the exclusive representatives determine that the representative does not demonstrate the necessary ability to serve.

This bill is objectionable because there is concern that the summary removal process provided in this bill may jeopardize the HLRB's ability to make neutral and unbiased decisions. Because of the nature of the duties HLRB members perform, each HLRB member must remain neutral in the face of the facts and the law while earnestly representing their respective constituencies (labor, the employer, and the public). Historically, unanimous agreement among HLRB members has not been commonplace and there exist internal processes for resolving disagreements. The HLRB should be able to exercise these processes rather than allowing the exclusive representatives to remove HLRB members. I believe that the HLRB is currently able to maintain its present degree of independence and neutrality precisely because its members are protected from being summarily removed merely for political reasons or because of parties' assumption that they were entitled to a preordained outcome.

For the foregoing reasons, I am returning House Bill No. 465 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 515

Honorable Members

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 515, entitled "A Bill for an Act Relating to the Department of Education."

The purpose of part I of this bill is to require the Auditor to audit the Department of Education's School Food Services Branch to determine the amount of local produce that is being purchased and served to students and to identify the sources of the purchased produce. The purpose of part II of this bill is to require that the Board of Education prioritize for the Superintendent of Education position candidates who have the minimum qualification of ten years of employment in a department of education, including no less than five years

serving as a principal or in a higher-level position, and a desired qualification of having a working understanding of the State's tri-level system of educational administration.

This bill is objectionable because the Department of Education's School Food Services branch is already conducting its own system-wide audit of local produce purchased and served in school cafeterias. Requiring the State Auditor to conduct another audit would be a duplication of effort and is unnecessary. The administration fully supports increasing the amount of local produce served in schools as demonstrated by the signing of HB767. Through the Aina Pono program, DOE is increasing local food in student meals as well as connecting our keiki with the 'āina through their food, using products from the local agricultural community. The 'Aina Pono program was created to combine the Farm to School Initiative with our other educational programs, including 'Aina Pono Harvest of the Month, test kitchens, meal programs, menu planning, health and food education, nutrition, and school gardens.

Regarding part II, the Board of Education (Board) is the primary government entity charged with determining educational policy and appointing the Superintendent of Education. Part II effectively usurps the Board's discretion over hiring, thereby interfering with the Board's statutory obligation to appoint the Superintendent, and may have an unintended consequence of limiting the supply of future candidates for the position.

For the foregoing reasons, I am returning House Bill No. 515 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 546

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 546, entitled "A Bill for an Act Relating to Education."

The purposes of this bill are to: (1) require Complex Area Superintendents to report directly to the Superintendent of Education (Superintendent); (2) require the Department of Education (DOE)'s Office of Information Technology Services to submit a report to the Legislature pertaining to the restructuring requirements in the next biennium set forth in the bill; and (3) require the DOE's Office of Strategy, Innovation, and Performance to submit a report to the Legislature pertaining to the restructuring requirements in the next biennium set forth in the bill.

This bill is objectionable because it circumvents the statutory control and authority of the Board of Education to determine the organizational structure of the department. The structural change in staff reporting at the DOE that this bill prescribes may prevent the Superintendent from effectively conducting the

Superintendent's core job functions by overburdening the Superintendent with the additional responsibility of supervising the work of 15 Complex Area Superintendents. The primary role of the Superintendent is to oversee the planning, organizing, and directing of system-wide programming, financing, and personnel. The existing organizational structure allows the Superintendent to focus on the overall strategic planning and vision for the DOE. Currently, Complex Area Superintendents report to the Deputy Superintendent, who is charged with overseeing academic and educator development and is better positioned to oversee the work of Complex Area Superintendents.

Additionally, this bill would make a significant alteration to organizational reporting structure within the DOE through statute. Writing this change into state law may make it difficult for the DOE to make future changes in reporting structure without first receiving legislative approval. This would significantly hinder DOE's ability to aptly develop a dynamic organizational structure that best serves the needs of students, administrators, and other school functions.

Furthermore, the organization of each department is established via detailed organizational charts, which are comprised of multiple levels of organizational units. These organizational structures are developed based on public-service needs, budget restraints, and sound administrative practices and are periodically revised to address changing circumstances. Initiating reorganizations through the legislative process largely ignores all of these multifaceted considerations.

For the foregoing reasons, I am returning House Bill No. 546 without my approval.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 572, entitled "A Bill for an Act Relating to the Hawaii Emergency Management Agency."

The purposes of this bill are to place the Hawai'i Emergency Management Agency (HI-EMA) within the Department of Defense (Department) for administrative purposes only, make the Administrator of emergency management the Director of the HI-EMA, require the Administrator to report directly to the Governor, and require the Governor to appoint the Administrator of the HI-EMA.

This bill is objectionable because the timing of the implementation does not give the State, nor the Department, enough time to fully assess other potential alternative organizational structures for the HI-EMA and to determine the ramifications of the administrative attachment of the HI-EMA

to the Department, particularly during the ongoing COVID-19 public health emergency operation.

Furthermore, in times of emergency HI-EMA works in conjunction with the Hawai'i National Guard. Having a separate chain of command to address an emerging health or safety emergency will complicate the response, possibly jeopardizing public safety.

Revisiting this effort next year with more inputs from the agencies impacted by these structural changes would allow for greater review of various options for reorganization that may result in greater efficiencies than the current plan outlined in the bill.

For the foregoing reasons, I am returning House Bill No. 572 without my approval.

#### STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 613

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 613, entitled "A Bill for an Act Relating to Education."

The purposes of this bill are to: (1) appropriate moneys from the Elementary and Secondary School Emergency Relief Fund established by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136, received by the State for the Department of Education (DOE) to fund certain education related items; (2) appropriate moneys from the Coronavirus Response and Relief Supplemental Appropriations Act, 2021, Public Law 116-260, received by the State for the DOE to fund certain education related items; (3) appropriate moneys from the American Rescue Plan Elementary and Secondary School Emergency Relief (ESSER) Fund established by the American Rescue Plan Act of 2021 (ARPA), Public Law 117-2; and (4) delay pay increases for all superintendents granted by the Board of Education until Department heads receive raises set forth in the most recent salary recommendations by the Commission on Salaries.

This bill is objectionable because appropriations made in this bill do not comply with federal guidance for spending and put the state at risk of being in violation of federal rules. According to guidance issued by the United States Department of Education, state legislatures do not have the ability to limit a local education agency's use of funds appropriated through the

CARES Act or ARPA.<sup>1</sup> For federal purposes, DOE is considered both a State Education Agency, as well as a Local Education Agency. The proscriptive limits on spending for each service category outlined in the bill effectively limit DOE's ability to allocate funds in violation of the federal guidance.

Additionally, the federal government requires a Local Education Agency using ARPA funds to develop a spending plan that incorporates "meaningful consultation" with community stakeholders, including teachers, principals, students, school staff, unions, civil rights organizations, English learners, and various other groups. 86 Fed. Reg. 21195, 21195. The spending plan outlined in this bill was developed during conference committee and it does not appear that any meaningful community consultation occurred. This lack of a transparent and open consultation process puts the State and DOE at risk of being in violation of federal guidance. Violation of federal rules could result in the State being required to return such funds.

For the foregoing reasons, I am returning House Bill No. 613 without my approval.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 774, entitled "A Bill for an Act Relating to Development Districts."

The purposes of this bill are to: (1) establish the Pulehunui community development district in the County of Maui to redevelop, renovate, and improve public lands in Pulehunui, Maui; (2) amend the composition of the Hawaii Community Development Authority (HCDA) to add the Director of the Office of Planning or the director's respective designee as an *ex officio*, voting member of the HCDA and the community development district authority boards and two at-large members with expertise in urban planning, infrastructure, or financing; (3) require that the terms of the Director of Finance, Director of Transportation, and the Director of the Office of Planning, or their respective designees, run concurrently with their respective official terms of office; (4) establish new separate community development district authority boards to oversee the existing Kaka'ako, Kalaeloa, and He'eia community development districts and the new Pulehunui community development district; and (5) amend the scope of the HCDA's exclusive powers including: (a) requiring the mutual consent of the HCDA and the appropriate community development district authority board prior to any sale or encumbrance of any real property or other financial assets or physical assets of the HCDA; (b) prohibiting the HCDA's transfer of any additional debts or liabilities or superior debts to any community development district authority board that would negatively impact the holders of bond notes; (c) adopting and revising bylaws relating to the internal management and organization of the HCDA and the community development district authority boards; and (d) adopting rules relating to the approval of reserved housing developed outside of a community development district.

This bill is objectionable because it establishes four new community development district authority boards but does not place these new boards within one of the principal departments. Section 6 of article V of the Hawaii State Constitution requires that "[a]ll executive and administrative offices, departments and instrumentalities of the state government and their respective powers and duties shall be allocated by law among and within not more than twenty principal departments in such manner as to group the same according to common purposes and related functions." of the organizational placement requirement of section 6 of article V of the Hawai'i State Constitution.

Additionally, there are concerns about the prescribed requirements of more than one of the district authority boards. A lack of eligible nominees has the potential to hinder progress of the board.

This bill is also objectionable because it incorrectly lists Tax Map Key (TMK) number "2-3-8-009-038" as part of the new Pulehunui community development district. This TMK number refers to a privately-owned, residential-zoned parcel.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 862

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 862, entitled "A Bill for an Act Relating to State Government."

The purposes of this bill are to effect a number of changes to the Pacific International Space Center for Exploration Systems (PISCES); the Transient Accommodations Tax (TAT); and the Hawaii Tourism Authority (HTA). Specifically, this bill:

1. Transfers PISCES from the Department of Business, Economic Development, and Tourism (DBEDT) and places it within the University of Hawaii at Hilo for administrative purposes only, and transfers the balance of moneys in its special fund accordingly;
2. Abolishes the Office of Aerospace Development, the Aerospace Advisory Committee, and the Unmanned Aerial Systems Test Site Advisory Board within DBEDT and transfers the Challenger Center Program and its funds held in the Office of Aerospace Development to the Department of Education;
3. Repeals TAT funding for the counties, the Tourism Special Fund (within HTA), the Special Land and Development Fund, the State Parks Fund, and the trails and access program (all within the Department of Land and Natural Resources), reverting to the general fund amounts that otherwise would have been funded;
4. Authorizes the counties to establish their own TAT charge with a cap of three percent of all gross rental value taxable thereunder;
5. Amends TAT funding of the Hawaii Convention Center Enterprise Special Fund from \$16.5 million to \$11 million, but maintains the Tourism Emergency Fund at \$5 million;

6. Repeals HTA's Tourism Special Fund (TSF), along with conforming amendments repealing funding reliant on, or wording in other statutes referring to, the TSF (including certain Central Services expense payment exemptions, the Turtle Bay Conservation Easement special fund, and HTA CEO and employee salaries);
7. Repeals HTA's market development-related research authority;
8. Repeals HTA's exemption from chapter 103D (the procurement code), Hawaii Revised Statutes (HRS); and
9. Appropriates \$60 million in moneys from the Coronavirus State and Local Recovery Funds (SLFRF) under the American Rescue Plan Act of 2021 (ARPA) (see comments below) for HTA for fiscal year 2021-2022, to be expended by DBEDT.

This bill is objectionable because it ends dedicated funding from TAT for HTA and substantially reduces funding for the Hawaii Convention Center (HCC) at a time when both need current funding levels to be maintained and fails to appropriate sufficient and suitable fundings for the operation of HTA and HCC.

A second, equally important objection is a repeal of HTA's special fund as well as its portion of the TAT, replaced by significantly lower, one-time SLFRF funding. It not only undermines the purpose of the TAT (to provide dedicated funding from visitors to mitigate their impacts on the community), but it also hinders HTA's current efforts in destination management to strike a more sustainable balance between needed tourism revenue and tourism's community impacts. The lack of a special fund appropriation for the operation of HTA in this bill or in House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget," the General Appropriations Act of 2021, approved as Act 88, is objectionable because the SLFRF funds appropriation cannot and does not take the place of an appropriation of special funds. The recent Treasury rules define the SLFRF funds as federal grants, subjecting them to federal grant requirements that include extensive reporting requirements and adherence to strict procurement procedures. These federal requirements would hinder and prove inefficient for HTA operations, including its ability to participate in cooperative advertising with the tourism industry domestically and internationally and to conduct its grant and other discretionary funding programs for numerous sponsored events, including community events like the Merrie Monarch Festival.

A special fund appropriation for HTA operations is necessary for HTA to respond to shifting circumstances as the State emerges from the restrictions imposed by COVID-19. The repeal of special funds for HTA operations in this bill is objectionable because the operation of the HTA in this critical time of recovery offers an opportunity to reinvent the tourism industry in Hawai'i and requires the appropriations from its special fund, rather than the restrictive SLFRF funds. Although the numbers of domestic visitors have rebounded much faster than anticipated, international visitors still account for only a small percentage of pre-COVID-19 levels. HTA needs to help Hawai'i re-capture its share of international visitors as health conditions improve abroad. Like convention visitors, international visitors are vital to developing a more sustainable tourist industry based on quality, not quantity, of visitors. HTA needs to have the flexibility the special fund appropriations provide to continue its efforts to rebrand the industry and make it more sustainable. Accordingly, repeal of HTA's special fund at this critical time is ill-advised. It also is unclear if the SLFRF funds can be used to support an appeal to foreign markets.

The cuts to HCC funding in this bill will restrict its ability to attract additional events to the State and fulfill its mission. Inadequate funding is objectionable because it does not provide complete support for a robust schedule to maximize an HCC calendar of activities. Without the special funds appropriation, the HCC is unable to book conventions beyond the scope that the amount of the SLFRF funds appropriation accommodates. With the easing of COVID-19 restrictions domestically and in Canada and Europe, there is increased demand to hold conventions in Hawai'i. Re-establishing convention activity in Hawai'i is vital to developing a more sustainable tourist industry based on quality, not quantity, of visitors. Therefore, the cuts to HCC funding are objectionable. In addition, at minimum, the HCC operation would need an appropriation of \$54,069,594 out of the convention center enterprise special fund for fiscal year 2021-2022 and the same sum for fiscal year 2022-2023.

Furthermore, the repeal of HTA's special fund and cuts in appropriations for both HTA and HCC were predicated in part on dire revenue forecasts that have since been revised upward and have thus relieved much of the pressure to repeal special funds and restrict funding to the very enterprises that will generate future revenue for the State. The year-to-year funding contemplated in this bill and House Bill No. 200 as related to the fundings for HTA and HCC would not allow long-term planning, multi-year contract savings for the operations of HTA and HCC, and execution of a strategic plan.

The bill is also objectionable because it repeals HTA's procurement exemption. Sustaining HTA's current exemption from the Hawaii Procurement Code (chapter 103D, HRS) is essential to continue to provide the flexibility necessary for HTA to respond timely and quickly to the complex contracting requirements encountered by HTA every day. The operation of HTA, particularly during this challenging time, is reliant on its ability to contract rapidly and efficiently with an increasing variety of contractors throughout the world, who provide unique services, cultural events and other opportunities in a competitive world market. The Hawaii Procurement Code is ill-adapted to the exigencies of today's tourism market, and the procurement protocols already in place at HTA provide many of the same legal protections without the administrative and logistical delay.

The bill also is objectionable because it fails to cite to chapter 231, HRS, and the authorities for the administration of taxes provided therein. Without reference to chapter 231, HRS, the county directors of finance are unable to, among other things, (1) impose penalties under sections 231-34 to 231-41, HRS, for violations such as failure to file returns and failure to pay tax; (2) impose interest on underpaid amounts under section 231-39, HRS; and (3) subpoena records under section 231-7, HRS. Moreover, while the bill seeks to provide authority to the counties to levy, assess, and collect transient accommodations tax upon adoption of a county ordinance and in accordance with section 46- , HRS, the bill also provides that the tax shall be levied, assessed, and collected as provided in "this section." By failing to reference the "chapter," and limiting the counties' authority for the administration of the tax to "this section," it does not appear that the counties will be able to administer the tax because the new section created by the bill does not provide for how the new county transient accommodation tax is to be levied, assessed, and collected.

This bill is also objectionable because it is inefficient to create an entirely new set of tax collection systems for each county. Additionally, if dedicated funding from the TAT to the counties is to be preserved, this bill creates a gap for counties from existing TAT resources while new systems are being implemented. Previously, the Legislature has granted the State the authority to assist the counties with tax collection

administration, for example, with county surcharges. The Legislature did not grant the State this authority in this bill.

This bill is also objectionable because there is no funding for PISCES in House Bill No. 200. PISCES is an on-going program to help diversify Hawaii's economy through applied research, workforce development, and economic development initiatives in the space exploration field. Funding PISCES will ensure continued emphasis in this high potential field.

Additionally, there is no provision to transfer contracts, equipment, and other essential functions from DBEDT to the University of Hawaii – Hilo for PISCES.

This bill is also objectionable because the funding for the Challenger Center Program in House Bill No. 200 changes the means of funding to unspecified federal funds. It is the Department of Education's (DOE) understanding that the source of federal funds for the Challenger Center Program is federal Elementary and Secondary School Emergency Relief Funds (ESSER). According to guidance issued by the United States Department of Education, state legislatures do not have the ability to limit a local education agency's use of funds appropriated through the CARES Act or ARPA.<sup>1</sup> For federal purposes, the DOE is considered both a State Education Agency, as well as a Local Education Agency.

For the foregoing reasons, I am returning House Bill No. 862 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1284, entitled "A Bill for an Act Relating to the Department of Human Services."

The purpose of this bill is to establish within the Department of Human Services (DHS) an "all-claims, all-payer data center steering committee" to "oversee and provide direction for the all-claims, all-payer database and data center within the health analytics program established in section 346-421," Hawaii Revised Statutes, composed of one member from the DHS and six members from other agencies.

This bill is objectionable because another multi-agency steering committee already exists in the State Health Planning and Development Agency, which is almost identical in its composition and responsibilities to the committee proposed in the bill. The existing multi-agency steering committee is actively carrying out its duties. This bill also lacks clarity regarding the relationship between the steering committee established in this bill and the administrator of the DHS's Health Analytics Program, a position established by section 346-421(a), HRS, as it is ambiguous regarding which entity has superceding authority over the all-claims, all-payer database and data center.

For the foregoing reasons, I am returning House Bill No. 1284 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1296

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1296, entitled "A Bill for an Act Relating to State Funds."

The purposes of this bill are to: (1) repeal the Hawaii tobacco prevention and control trust fund (Trust Fund) and transfer any balance of the Trust Fund to the general fund on June 30, 2025; repeal the allocation of 26 percent of the Hawaii tobacco settlement special fund (Special Fund) to the university revenue undertakings fund on July 1, 2033; set a cap of \$4,300,000, on the Special Fund; require that the management contract for the Trust Fund not extend beyond June 30, 2025; and require the Department of Health to provide an annual report to the Legislature before the regular sessions of 2022, 2023, 2024, 2025, and 2026 on Trust Fund expenditures; (2) make an emergency appropriation of \$4,780,880 for fiscal year 2020-2021 for the state comprehensive emergency medical services system; (3) appropriate \$577,466 for fiscal years 2021-2022 and 2022-2023 for two full-time equivalent (FTE) permanent and five FTE temporary positions in the Office of the Governor; (4) require state departments to reimburse the State for fringe benefit costs of special-funded employees; (5) prohibit any expenditure of cigarette tax moneys in the Hawaii cancer research special fund for research and operating expenses; (6) repeal the deposit of any cigarette tax money into the cancer research special fund on July 1, 2041; (7) and repeal the deposit of cigarette tax moneys into the emergency medical services special fund on July 1, 2021; (8) establish a threat assessment program within the Hawaii State Fusion Center of the Office of Homeland Security within the State Department of Defense; and (9) appropriate \$132,972 for fiscal years 2021-2022 and 2022-2023 for one FTE permanent administrative assistant position in the Department of Human Resources Development.

This bill is objectionable because by repealing the Trust Fund, the bill would eliminate the dedicated, long-term funding arrangement for tobacco prevention programs. The Trust Fund uses payments being made by tobacco companies pursuant to the Tobacco Master Settlement Agreement to develop and fund programs to prevent tobacco uptake and to cease tobacco use. Defunding a dedicated revenue source for tobacco prevention and cessation programs creates uncertainty about the continuity of those programs and their ability to achieve their intended outcomes. Any significant reduction in these programs or services will likely result in negative public health impacts and significantly higher health care costs in future years. Over the last twenty years, these programs have helped prevent youth from initiating smoking, have reduced the number of residents who smoke, and have reduced tobacco-use-related healthcare expenditures by over one billion dollars.

Additionally, the bill would eliminate the University of Hawaii (UH) Cancer Center's ability to conduct cancer research and cancer center operations with cigarette tax moneys, significantly increasing costs for the UH to maintain its existing operation and programs.

Notably, recent improvements in the State's current fiscal situation and forecasted tax revenues appear to eliminate the need for this bill.

For the foregoing reasons, I am returning House Bill No. 1296 without my approval.

**Gov. Msg. No. 1292**, dated July 6, 2021, transmitting the Governor's statement of objections to House Bill No. 1299, H.D. 1, S.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO NON-GENERAL FUNDS," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1299

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1299, entitled "A Bill for an Act Relating to Non-General Funds."

The purposes of this bill are to repeal, abolish, or amend various non-general funds and accounts and to transfer the unencumbered balances remaining in such funds and accounts to the general fund.

This bill is objectionable because there are several provisions that pose constitutional, operational, or legal issues. They are: (1) the repeal of the Milk Control Special Fund; (2) the reclassification of the Hawaiian Home Receipts Fund from a trust fund to a trust account; (3) the abolishment of the National Mortgage Settlement Trust Account; (4) the repeal of the Hawaii Technology Loan Revolving Fund; (5) the repeal of the Judiciary's Probation Services Special Fund; (6) the repeal of University of Hawaii's Community Service Special Fund; (7) the repeal of the Private Trade, Vocational, and Technical School Licensure Special Fund; (8) the repeal of the Hawaii Water Infrastructure Special Fund; and (9) the repeal of the Agricultural Development and Food Security Special Fund.

(1) The Milk Control Special Fund provides a source of funding for the regulatory oversight of the milk industry in Hawai'i. It is funded by the license fees collected for its activities, which fees are deposited into the Milk Control Special Fund. Accordingly, the transfer of those regulatory fees may be subject to challenge under Hawaii Insurers Council v. Lingle, 120 Hawai'i 51, 201 P.3d 564 (2008). In that case, the Hawai'i Supreme Court opined that transferring "legitimate regulatory fees" from an insurance special fund into the State's general fund violated the separation of powers doctrine because administrative fees and assessments imposed by an administrative agency can only be used for the purposes of providing services to the persons or entities paying such fees. Any other use of the fees would constitute a tax, which can only be imposed by a Legislature. The Court adopted a three-pronged test to determine whether any assessment was a regulatory fee and therefore was probably not transferable to the general fund. The test asks (1) whether a regulatory agency assesses the fee, (2) whether the agency places the money in a special fund, and (3) whether the assessment "is expended for general public purposes or [instead] used for the regulation or benefit of the parties on whom the assessment is imposed." Id. at 66, 201 P.3d at 579.

In this instance, the Department of Agriculture is the regulatory agency that assesses the fee, the subject moneys are

placed in a special fund, and the assessment is used for the regulation of the parties on whom the assessment is imposed. Thus, I believe the moneys in the Milk Control Special Fund constitute regulatory fees that cannot be transferred to the general fund pursuant to Hawaii Insurers Council v. Lingle.

(2) The reclassification of the Hawaiian Home Receipts Fund from a trust fund to a trust account is contrary to the express provisions of section 213(d) of the Hawaiian Homes Commission Act, 1920. Section 213(d) reads as follows:

(d) There are established in the treasury of the State four trust funds, to be known respectively as the Hawaiian home operating fund, the Hawaiian home receipts fund, the Hawaiian home trust fund, and the native Hawaiian rehabilitation fund and one special fund to be known as the Hawaiian home administration account. (Emphases added.)

(3) Section 62 of this bill abolishes the National Mortgage Settlement Trust Account, which was administratively established in 2012 based on a consent judgment that was filed along with 48 other states in U.S. District Court for the District of Columbia, and lapses the unencumbered balance to the general fund. This Trust Account was established pursuant to a court order and the termination of the Trust Account may subject the State to sanctions because the purposes for which the Trust Account was established are still continuing.

(4) The repeal of the Hawaii Technology Revolving Loan Fund conflicts with H.B. 1191 Relating to Broadband Service Infrastructure, which retasks and renames this same fund to the Hawaii Broadband Infrastructure Fund.

(5) The repeal of the Judiciary's Probation Services Special Fund defunds positions and services for the Judiciary's statewide assessment database, which the Probation Program uses to supervise offenders, and eliminates the funding source for the Interstate Compact Offender System Coordinator position, which is responsible for compliance with federal rules for the tracking of offenders leaving and entering the State from Compact of Free Association states.

(6) The repeal of University of Hawaii's Community Services Special Fund eliminates the funding source for the University's non-credit Outreach College programs, which include the Substitute Teacher Course and conversational language courses, among others.

(7) The repeal of the Private Trade, Vocational, and Technical School Licensure Special Fund defunds a 0.50 FTE permanent positions and administrative/operational costs used for the protection of consumers from deceptive educational practices.

For the foregoing reasons, I am returning House Bill No. 1299 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 140, entitled "A Bill for an Act Relating to Community Development."

The purpose of this bill is to establish the transit-oriented development zone improvement board to develop and implement a transit-oriented development zone improvement program to foster community development by strategically investing in public facilities.

This bill is objectionable because the bill does not provide for placement of the transit-oriented development zone improvement board within a principal department. Pursuant to Section 6 of Article V of the Hawai'i State Constitution, the transit-oriented development zone improvement board must be placed within a principal department. Consequently, this bill would establish the new board in violation of the organizational placement requirement of Section 6 of Article V of the Hawai'i State Constitution.

The purpose of this bill is to establish a new Hawaii Impaired Driving Council in the Department of Transportation to address and develop strategies for reducing impaired driving in Hawai'i.

This bill is objectionable because it creates a new council that duplicates efforts already underway by the Hawai'i Drug and Alcohol Intoxicated Driving group convened by the Department of Transportation. The group has been in operation for several years and focuses on driving behavior, programs, and enacting laws dealing with drinking and driving to save lives on Hawai'i's roadways.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 263, entitled "A Bill for an Act Relating to Economic Development."

The purposes of this bill are to establish a "Hawaii Made" program in the Department of Business, Economic Development, and Tourism (DBEDT) and to appropriate \$150,000 for the "Hawaii Made" program out of the American Rescue Plan Act of 2021 (ARPA), Pub. L. No. 117-2, § 9901, 135 Stat. 4, 223 (2021). This bill further adds Hawaii-made product labeling requirements under the jurisdiction of DBEDT that are almost identical to Hawaii-made product labeling requirements under the jurisdiction of the Department of Agriculture (DOA).

This bill is objectionable because the labeling requirements would result in duplicative jurisdiction over the same labeling regulation between DBEDT and DOA. Moreover, while DOA has statutory means of enforcement, DBEDT has none and would have no means to enforce these labeling requirements.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 404, entitled "A Bill for an Act Relating to Electioneering Communications."

The purposes of this bill are to (1) exempt candidates and candidate committees from having to file electioneering communication statements of information; (2) reduce the aggregate amount that can be spent on electioneering communications before a statement of information must be filed from \$2,000 to \$1,000; (3) reduce the electioneering communications reporting requirement to just one statement of information to be filed upon meeting the \$1,000 in aggregate

spending; (4) revise the definition of "electioneering communication" to include any advertisement sent by mail, rather than just by bulk mail; and (5) clarify that an electioneering communication does not include communication that is an actual expenditure.

This bill is objectionable because it exempts candidate and candidate committees from the heightened twenty-four-hour reporting requirements, resulting in less information being provided to the public prior to election day. Furthermore, for noncandidate committees, the bill reduces the annual electioneering communication reporting requirement to just one report to be filed upon meeting the \$1,000 in aggregate spending threshold and any spending beyond the initial \$1,000 will not have to be reported, resulting in less information being provided to the public prior to election day.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 589, entitled "A Bill for an Act Relating to the University of Hawai'i."

This bill includes provisions that impact the University of Hawaii (UH) Cancer Center by: (1) establishing the University of Hawaii (UH) Cancer Center in statute as the "Cancer Research Center of Hawaii" (CRCH); (2) requiring the Director of the CRCH to be appointed by the Board of Regents (BOR) upon recommendation of the Provost of UH-Manoa and with the concurrence of the UH President; (3) requiring the CRCH to be administratively affiliated with the John A. Burns School of Medicine (JABSOM); (4) requiring funds expended from the Tuition and Fees special fund or Research and Training revolving fund for JABSOM or the CRCH to be used for educational or research and research-related purposes only; and (5) requiring UH to develop a plan for JABSOM and the CRCH to achieve greater operational efficiencies. Also, while this bill extends the sunset date of Act 38, Session Laws of Hawaii (SLH) 2017, exempting UH's technology transfer activities from certain provisions of the State Ethics Code, to June 30, 2024, it prohibits technology transfer activities in which UH employees have a conflict of interest. It similarly extends the sunset date of Act 39, SLH 2017, establishing UH's Innovation and Commercialization Initiative Program (ICIP), to June 30, 2024, but prohibits program activities in which UH employees have a conflict of interest.

This bill is objectionable because the prohibitions on certain technology transfer activities and program activities in parts III and IV of the bill may impair existing UH contracts, in violation of the Contract Clause of the United States Constitution, which

prohibits states from passing laws that impair the obligations of contracts. Such prohibitions may also intrude upon the BOR's exclusive jurisdiction over the internal structure, management, and operation of UH because the bill does not identify parts III and IV as statewide concerns, in violation of section 6 of article X of the Hawai'i State Constitution.

In addition, by codifying the UH Cancer Center into law and setting organizational reporting into statute, the bill limits UH's flexibility to make changes to the structure in the future. While there may be cost savings as a result of merging the administrative functions of the Cancer Center and Medical School, such organizational changes should be made in consultation with the leadership of the respective institutions and UH Manoa leadership.

For the foregoing reasons, I am returning Senate Bill No. 589 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 639, entitled "A Bill for an Act Relating to Courts of Appeal."

The purpose of this bill is to amend chapter 602, Hawaii Revised Statutes by adding new sections designated "[s]ua sponte decisions" that would prohibit the appellate courts, when acting on a matter on appeal, from affirming, modifying, reversing, or vacating a matter on grounds other than those raised by the parties unless the parties are provided the opportunity to brief the court. If an appellate court fails to give the parties the opportunity to submit supplemental briefing, a rehearing shall be ordered upon timely petition of any party.

This bill is objectionable in part because the concerns raised by this bill have been addressed by the judiciary. The Supreme Court of Hawai'i has proposed an amendment to the Hawai'i Rules of Appellate Procedure to address the concerns raised by this bill and is currently seeking public comment on the proposal.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 807

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 807, entitled "A Bill for an Act Relating to Education."

The purposes of this bill are to: (1) require each Department of Education school's academic plan to include the following: a clear accounting of all resources that will be allocated to address and achieve each measurable outcome; the school's priority improvement strategies and measures to determine progress; student growth indicators; information about programs intended to address social and economic conditions that adversely impact student learning; a breakdown of certain teacher vacancy data; average class sizes for all regular education, special education, and content based English language learning classes; and teacher workforce experience metrics; and (2) require the Department of Education to submit an annual report on the school academic and financial plans to the Board of Education and the Legislature.

This bill is objectionable because schools are already required to create academic and financial plans, and the new measurements specified by this bill may not add value for schools any more than the current measurements. Specifically, the option to use the National Assessment of Education Progress (NAEP), which uses random samples of schools throughout the system every other year, does not provide an accurate assessment of results at the individual school level. It may also be difficult to report data consistently across all schools if the Legislature is requiring an "authentic assessment," as defined in the bill. Measurements will likely differ from school to school, making system-wide reporting problematic. Furthermore, this bill adds additional requirements for data analysis, while the resources were reduced in House Bill No. 200, entitled "A Bill for an Act Relating to the State Budget," the General Appropriations Act of 2021, approved as Act 88.

For the foregoing reasons, I am returning Senate Bill No. 807 without my approval.

**Gov. Msg. No. 1300**, dated July 6, 2021, transmitting the Governor's statement of objections to Senate Bill No. 811, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF EDUCATION," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 811

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 811, entitled "A Bill for an Act Relating to the Department of Education."

The purpose of this bill is to require the Department of Education (DOE) to publish a weekly report on the DOE's website identifying schools that have reported positive COVID-19 cases.

This bill is objectionable because the DOE and the Department of Health have already established protocols to report cases, notify contacts, and prevent transmission in schools. This bill may also increase the potential for individuals to be identified, harassed, or discriminated against if weekly reporting is required. As written, this bill possesses a high potential for privacy violations, particularly in smaller communities. An increase in bullying, harassment or social isolation can have negative impacts on a student's educational outcomes. Instances of bullying and harassment are likely under reported, as students may be hesitant to make official complaints to school administrators. This bill could significantly increase the potential for harassment at a time when students should be allowed to focus on getting back to in person learning and their own academic achievement. Additionally, reporting of positive cases may lead to disruption and anxiety among members of the school community, hindering the ability of school administrators to conduct normal school business.

For the foregoing reasons, I am returning Senate Bill No. 811 without my approval.

Respectfully,  
/s/ David Y. Ige

**Gov. Msg. No. 1301**, dated July 6, 2021, transmitting the Governor's statement of objections to Senate Bill No. 1387, S.D. 1, H.D. 2, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO MICROCHIP IDENTIFICATION," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1387

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1387, entitled "A Bill for an Act Relating to Microchip Identification."

The purpose of this bill is to require dog and cat owners to microchip their pets and update the ownership information when pets are transferred between owners.

This bill is objectionable because the proposed new statutory section includes an exemption for a "designated population management program." That term is not defined in any statute or rule and there is no agency or entity responsible for creating such a designation. The bill will also introduce conflict and confusion with county ordinances that already define "ownership" and identification requirements, such as the microchipping requirements of the City and County of Honolulu and the County of Kaua'i.

For the foregoing reasons, I am returning Senate Bill No. 1387 without my approval.

Respectfully,

/s/ David Y. Ige

**Gov. Msg. No. 1302**, dated July 6, 2021, transmitting the Governor's statement of objections to Senate Bill No. 1409, S.D. 2, H.D. 1, C.D. 1, entitled: "A BILL FOR AN ACT RELATING TO TRAINING IN NATIVE HAWAIIAN RIGHTS," which was returned without approval and reads as follows:

"EXECUTIVE CHAMBERS  
HONOLULU  
July 6, 2021

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1409

Honorable Members  
Thirty-First Legislature  
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1409, entitled "A Bill for an Act Relating to Training in Native Hawaiian Rights."

The purpose of this bill is to prohibit newly appointed or reappointed members of certain State councils, boards, and commissions from serving if the member has not completed the Native Hawaiian rights training course required by section 10-42, Hawaii Revised Statutes (HRS). This bill further requires the Office of Hawaiian Affairs to record the training course and make the recording available to those who were unable to attend.

This bill is objectionable because it imposes punitive measures on volunteer members of several boards. The vast majority of board members impacted by this bill have already completed a Native Hawaiian rights training course offered by the University of Hawaii. A review of records of forty-three board and commission members across the five boards and commissions within the Department of Land and Natural Resources (not including new or retired members or vacancies, and including two who took the class before section 10-42, HRS, became law) revealed that only two individuals had not yet completed the training. In-person course offerings have been limited to once or twice a year, which may impact quorum requirements. Any gaps in training can be covered by more in-person course offerings and online course offerings, where the members can take the class on their own schedule, including workdays and weekends, rather than only on set days.

Additionally, my Administration supports providing board members with the flexibility to choose from more than one provider of Native Hawaiian rights training.

For the foregoing reasons, I am returning Senate Bill No. 1409 without my approval.

Respectfully,

/s/ David Y. Ige

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB499 HD2 SD2 CD1

Pursuant to Section 16 of Article III of the State Constitution, HB499 HD2 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO LEASE EXTENSIONS ON PUBLIC LAND" became law without my signature.

This bill authorizes the board of land and natural resources to extend certain leases of public lands for commercial, industrial, resort, mixed-use, or government use upon approval of a proposed development agreement to make substantial improvements to the existing improvements.

Since most of Department of Land and Natural Resources' (DLNR) lands are for forest protection, state parks, or other natural resource protection, it is estimated that the lands under DLNR that could benefit from the extension bill make up less than 1% of the State lands (1.3 million acres) under the jurisdiction of the DLNR.

Lands that are subject to Hawaii Revised Statutes (HRS) chapter 171, include those under DLNR and lands under the Department of Hawaiian Home Lands (DHHL) that are not needed for homestead leases.

Neither military leases nor any properties of the University of Hawai'i can be extended under HB499.

Public lands are generally used for public trust purposes including: support of public schools; betterment of the conditions of native Hawaiians; development of farm and home ownership on as widespread a basis as possible; making of public improvements; and provision of lands for public use.

Some public trust lands are better suited as commercial properties, which earn revenue for the State. HB499 provides stability for both the State and the community by providing a dependable source of income for the State to use for public trust purposes.

Leases can only be extended if the lessee agrees to make substantial improvements equal to or exceeding 30 percent of the market value of the existing improvements. The Administration bill introduced on this topic had a higher threshold of a 50 percent of fair market value of existing improvements.

For the foregoing reasons, I have allowed HB499 HD2 SD2 CD1 to become law as Act 236, Session Laws of Hawaii 2021, on July 6, 2021, without my signature.

Sincerely,

I would note my concerns about possible unintended consequences for the industry of a fixed increment surcharge tax increase for multiple consecutive years into the future. (3) The presence of a quorum and the final vote of each member who is present at the decision-making meeting of a standing committee shall be recorded by the chair or by a member of the committee designated by the chair. This record shall be attached to and shall be a part of the report of the standing committee.

(3) At the written request of a majority of the members of the committee, the chair shall schedule a bill for public hearing.

(4) If a bill:

(A) Has been referred to more than one standing committee and at least one committee hearing is required for passage of the bill out of the Senate;

(B) Contains any significant or substantial amendment made by a committee other than the last standing committee to which the bill has been referred; and

(C) The public has not been provided with an opportunity to submit testimony on the significant or substantial amendment;

then, prior to reporting the bill out of the last standing committee, the last standing committee to which the bill was referred shall hold a public hearing to provide the public with the opportunity to testify on the bill.

**Rule 24 Committee Reports.**

(1) The leadership committees as may be appointed by the President and Standing Committees shall report from time to time upon all matters referred to them.

(2) Special Committees shall report upon matters referred to them within the time permitted in the appointment of the Special Committee unless further time is given by vote of the Senate.

**Rule 25 Committees: Fact-finding and Content of Reports.**

(1) Whenever any matter shall be referred to a committee it shall be the duty of the committee to make diligent inquiry into all of the facts and circumstances connected with the matter. If necessary, witnesses shall be summoned or subpoenaed, and everything shall be done to bring all facts pertaining to the matter before the Senate in accordance with the provisions of Chapter 21 of the Hawai'i Revised Statutes. The President may exercise such powers authorized under Chapter 21, relating to the issuance of subpoenas, and the President, committee chair and other duly delegated members of the Senate may exercise such powers authorized under Chapter 21 aforesaid, relating to the administering of oaths, and the compelling of witnesses who have been subpoenaed to testify. All committee meetings held on matters referred to it by the Senate shall be open to the public unless otherwise ordered by the Senate or otherwise provided by these Rules.

(2) The report of the committee shall state findings of fact and conclusions based thereon, together with a distinct recommendation as to the disposal of that matter. A report recommending a measure for passage shall clearly state the legislative intent and purpose of the measure.

(3) The report shall also include the identity of organizations or titles of individuals representing organizations who submitted testimony on legislation for, against or comments only on the measure. A summary of any individual or individuals who submit testimony as private citizens shall also be provided.

(4) A report upon a bill shall state clearly the amendments, if any, proposed. If a substitute bill for one or more referred to the committee shall be reported, such substitute bill shall agree with the subject of the bill or bills referred to the committee.

(5) The committee shall report whenever a majority of the members present at the decision-making meeting duly constituted with a quorum is in favor of reporting the bill or resolution out of the committee. The report, after being made available, for review by the members of the committee, and after subsequent revisions thereto, if any, shall be the final report of the committee. The final report of the committee shall be attested to by the signature of the chair on behalf of the members of the committee. The action of the committee on the bill or resolution or any amendments thereto, if any, and the final vote of each member of the committee recorded by the chair or the chair's designee at a decision-making meeting shall not be changed in the review of the report, unless the change is made at an open decision-making meeting conducted with a quorum of the committee present. The minority of the members present at any decision-making meeting duly constituted with a quorum may report.

**Rule 26 Committee of the Whole.**

(1) The Senate from time to time may resolve itself into a Committee of the Whole. ##### **Rule 42 Order of Business: Order of the Day.**

- (1) All floor votes on legislation will be posted on the order of the day.

##### **Rule 44 Order of Business: Questions on Priority.**

All questions relating to the priority of business to be acted upon shall be decided without debate.

#### PART V. BILLS

##### **Rule 45 Bills: Introduction.**

Any bill may be introduced on the report of the committee or by any member, except appropriation bills subject to the next paragraph, and except short form bills which may only be introduced by the majority leader or the minority leader after appropriate consultation with committee chairs and other members of the Senate.

The Executive Budget, Judiciary Budget, Legislative Budget, General Appropriations Bill, Supplemental Appropriations Bill, Office of Hawaiian Affairs Budget, and bills for criminal injuries compensation, for claims against the State and for funding of collective bargaining agreements may be introduced only by the President. Each member may introduce only one bill appropriating money for capital improvements projects in the member's district. The majority leaders and the minority leader shall develop a policy governing introduction by individual members of bills intended to appropriate money or to authorize the issuance of state bonds.

Bills, which shall carry over from a regular session in an odd-numbered year to the next regular session, shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the Senate at the end of the odd-numbered year session and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawai'i Revised Statutes or Session Laws of Hawai'i, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and stricken and any new matter added to the section or subsection shall be underscored. However, a Supplemental Appropriations Bill need not conform to this rule, nor an amending bill where the intent and effect of the amending bill can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses or items to be amended need be set forth as the President may allow. The President may allow additional exceptions to this rule.

**Rule 46 Bills: Referral to Committee.**

(1) Upon introduction, all bills shall be numbered by the Clerk in numerical sequence, shall bear an identification as a Senate Bill, and shall pass first reading.

(2) The majority research office shall make recommendations to the majority leadership on the referral of each such bill to appropriate Leadership or Standing Committees.

(3) Each such bill shall be referred by members of the majority leadership appointed by the President, to one or more appropriate Leadership or Standing Committees for consideration.

(4) Any referral may be reconsidered by the President upon written request of any chair who is aggrieved by the referral made within three working days. The President shall decide the request for reconsideration within a reasonable time, which decision shall be final. No request for reconsideration shall be considered if the timing of the request would have the effect of killing a bill or resolution.

(5) Any proposed senate draft that makes major amendments or wholesale changes that could affect the referral of the bill shall be submitted to the President for review and if the President deems it appropriate, the bill may be re-referred as determined by the President. The President's determination of any proposed re-referral shall be made within twenty-four hours of receipt of the proposed senate draft.

(6) Each Leadership and Standing Committee shall consider the bills and other matters referred to it as expeditiously as may be possible.

**Rule 47 Bills: Required Readings.**

No bill shall pass the Senate unless it shall have passed three readings in the Senate on separate days. The President shall give notice in each instance whether it be the first, second or third reading.

**Rule 48 Bills: First Reading.**

(1) The first reading of a bill shall be for information. If opposition be made to it, the question shall be: "Shall this bill be rejected?" which question may be debated. But no one shall speak more than once upon such question, except the introducer of the bill, who may close the debate.

(2) If the question to reject be negative, the bill shall go to its second reading without question.

**Rule 49 Bills: Second Reading.**

A bill upon its second reading may be read by its title only. It then shall be subject to a motion to commit. If it is not referred to a Leadership Committee, Standing Committee, or Special Committee, but is ordered to be considered in Committee of the Whole, a day for such consideration shall be determined by the chair of such committee. When the bill is reported from committee it shall take its place in the order of business for future consideration.

**Rule 50 Bills: Third Reading.**

(1) No bill shall pass third or final reading in the Senate unless copies of the bill in the form to be passed have been made available to the members of the Senate for at least 48 hours. Form to be passed means the form in which a bill is to be (a) passed on third reading in the Senate, (b) concurred to by the Senate after amendments have been made by the House, or (c) passed by the Senate after a Conference Committee has agreed upon it.

(2) A bill on its third or final reading may be read by its title only. Upon the final passage of any bill, the Ayes and Noes shall be called. Such passage shall require the affirmative vote of a majority of all the members of the Senate and the Ayes and Noes shall be entered on the Journal.

(3) All bills, except on first reading, shall be identified by title on the Order of the Day before consideration by the members unless waived by the President.

**Rule 51 Bills: Property of Senate.**

All bills introduced in the Senate shall be deemed the property of the Senate and under its control unless they shall become law, subject however to the right of the House of Representatives to amend or to refuse to agree with the bills.

Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the Senate in an odd-numbered session, it shall pass at least one reading in the Senate in the next regular session upon its return to the Senate from the House.

**Rule 52 Bills: Recall from Committee.**

Twenty days after a bill has been referred to a committee, the same may be recalled from such committee by the affirmative vote of one-third of the members of the Senate.

**Rule 53 Matters Tabled.**

When a bill or resolution or other matter has been laid upon the table, it shall not thereafter be taken from the table and be considered or restored to a place upon the calendar of the Senate without the consent of a majority.

**Rule 54 Bills: Amendments.**

(1) All amendments proposed to any bill shall be in writing, unless otherwise ordered by the Senate, and shall be sent to the Clerk's desk to be filed with the bill.

(2) The fundamental purpose of any amendment to a bill shall be germane to the fundamental purpose of the bill.

(3) The Clerk shall prepare and distribute copies of any proposed floor amendment to each member of the Senate present.

(4) A floor amendment shall be deemed pending only after its proponent has been recognized by the President and its adoption has been properly moved and seconded.

(5) A floor amendment that relates to a different subject, is intended to accomplish a different purpose, incorporates any other bill pending before the Senate, or would alter the nature of the bill as reported, is not germane and shall not be considered by the Senate.

(6) An amendment to a floor amendment that is not germane to both the floor amendment and the bill as reported shall not be considered by the Senate.

**Rule 55 Bills: Certification.**

When a bill is passed it shall be certified by the Clerk who shall note the day of its passage in the journal along with a record of the ayes and noes.

**Rule 56 Bills: Received from House of Representatives.**

Whenever a House bill which has passed Third Reading in the House of Representatives shall be certified to the Senate for its action, such bill shall be read three times before final passage, in accordance with the provision of the rules for the passage of bills introduced in the Senate.

**Rule 57 Bills: Transmittal to House of Representatives.**

When a bill originating in the Senate shall have passed its third reading, or when a bill originating in the House which has been received from the House shall have been amended, or when a carry-over bill from an odd-numbered year originating in the House passes its third reading in the Senate in an even-numbered year session, such bill or such amended bill shall immediately be certified by the President and Clerk and sent to the House of Representatives for its consideration.

**Rule 58 Bills: Correction of Errors.**

When a bill has passed both the Senate and the House of Representatives and an error in it is discovered prior to its having received the approval of the Governor, the bill may be returned by Concurrent Resolution to the house last considering the bill for proper correction.

**Rule 59 Bills: Order of Consideration.**

(1) The Clerk shall ensure that bills that have passed first reading are made immediately available. When the bills have been made available to the members of the Senate, the Majority Leadership, appointed by the President, shall refer the bills to the various committees. When the committees have considered the bills and reported on them, the committees shall return the bills to the Clerk, and the Clerk shall place the bills in the Second Reading File. The Senate shall consider the bills in the order in which they appear in the Second Reading File.

(2) The Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their reference to committee or the date of the committee report on them. The Clerk shall place them on the Third Reading File in the order in which they passed second reading and the Senate shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the Third Reading File.

**Rule 60 Bills: Special Order of Consideration.**

All bills and other matters set for consideration on particular dates, shall be arranged in the order of the several votes making such assignments. A list shall be made of such special orders, and when the time for consideration arrives, such bills and other matters shall be considered in the order of assignment. If an adjournment shall be had before all of such special orders are disposed of, the remainder shall go over and come under the head of unfinished business on the following day, unless otherwise ordered.

**PART VI. RESOLUTIONS; MOTIONS****Rule 61 Resolutions and Motions: Form.**

All resolutions shall be typewritten, dated and signed by the introducer, otherwise they shall not be considered. The Senate shall not introduce any congratulatory, commemorative or memorial resolution but shall express the sentiment contained in such resolutions by means of a suitable certificate. Motions and amendments may be verbal but shall be reduced to writing if requested by the President, and shall be read from the desk if so ordered.

**Rule 62 Motions: Disposition.**

After a motion is stated or read by the President, it shall be deemed to be in the possession of the Senate, and shall be disposed of by vote of the Senate; however, it may be withdrawn by the mover at any time before an amendment has been adopted or before the decision on the motion if not amended.

**Rule 63 Motions Applicable to Pending Matters.**

Whenever any bill or resolution or other matter shall be under discussion, the only motions relative thereto shall be:

- (1) To lay upon the table,
- (2) To postpone to a certain time,
- (3) To postpone indefinitely,
- (4) To commit or recommit, and
- (5) To amend, which motions shall have precedence in the order named.

The first two motions shall be decided without debate and shall be put as soon as made.

A motion to recommit will require a floor vote.

When any of the motions shall be decided in the negative, they shall not be revived the same day relative to the main question under discussion. If all are negative as aforesaid, the only remaining question shall be as to the adoption of the bill, resolution or other main question.

**Rule 64 Matters Postponed Indefinitely.**

When a question is postponed indefinitely, the question shall not be acted upon again during the session in which it was introduced.

**Rule 65 Motion for Previous Question.**

The object of the motion for the previous question is to cut off debate. It shall always be in order. It shall require a three-fifths vote to carry it.

Whenever the motion shall be carried, the author of the resolution or introducer of the bill under discussion shall be permitted to close the debate, after which the main question, subject to Rule 63, shall be put. The author or introducer may delegate to another such right to close.

**Rule 66 Motion for Reconsideration.**

(1) When a motion has been once made and carried in the affirmative or negative, it shall not be in order for any member who voted on the side that did not prevail to move for a reconsideration thereof; but any member who voted on the prevailing side may move to reconsider it on the same or the succeeding day of session, or, with the consent of the Senate, on any subsequent day and such motion shall take precedence of all other questions, except a motion to adjourn.

(2) When a motion for reconsideration has been decided by vote, that vote shall not be reconsidered.

(3) When a bill or resolution or other matter upon which a vote has been taken shall have gone out of the possession of the Senate, and shall have been transmitted to the House of Representatives, a motion to reconsider shall be deemed to include a request to the House to return the same. If not complied with by the House, then the vote on the motion to reconsider shall be set aside. If such motion shall pass, the Clerk shall promptly communicate to the House the request for return of the matter to be reconsidered.

**PART VII. PETITIONS AND COMMUNICATIONS****Rule 67 Petitions, Memorials, and Miscellaneous Communications.**

- (1) Any person may petition the Senate. Petitions and other memorials, except as provided in Rule 61, shall be in writing, signed by the petitioners.
- (2) All petitions, memorials and other papers addressed to the Senate or to the President and members shall be presented to the Senate by the Clerk.
- (3) A brief statement of the contents of such petitions, memorials or other papers shall be made orally by the Clerk.
- (4) Every such petition, memorial or other paper shall be ordered filed or referred to a committee, as of course, by the President, unless such action is objected to by a member at the time such petition, memorial or other paper is presented.
- (5) No such petition, memorial or other paper shall be debated on the day it is presented, except with the consent of the Senate.

**PART VIII. ORDER; DEBATE; VOTING****Rule 68 Questions of Order.**

- (1) A question of order may be raised at any stage of the proceedings, except during the calling of the roll when the Ayes and Noes are called for. Unless submitted to the Senate, such questions shall be decided without debate by the presiding officer, subject to an appeal to the Senate. Laying such appeal on the table shall be held as sustaining the ruling of the presiding officer.
- (2) Any question of order may be submitted to the Senate for its decision.

**Rule 69 Debate: General Limitation.**

No member shall speak more than twice, unless such member be the mover of the matter pending, in which case such member shall not be permitted to speak in reply until every member choosing to speak shall have spoken.

**Rule 70 Voting: Methods.**

There shall be five methods of ascertaining the decision of the Senate upon any matter.

- (1) First, by voice; Second, by raising of hands; Third, by rising; Fourth, by call of the roll of the members and a record of the Clerk of the vote of each; and Fifth, by unanimous consent.
- (2) Whenever the Senate is ready to vote on any question, the President shall rise, and after stating the question, shall request all those in favor of the affirmative of the question to vote "Aye." The President then shall call upon all voting in the negative of the question to vote "No." The President then shall announce the result to the Senate.
- (3) If any member shall doubt the result, as announced, the President again shall state the question and call upon the members to vote either by rising in their places, and they shall remain standing until counted, or by raising their hands and the result again shall be announced.
- (4) The President shall, when one-fifth of the members present so request, and may, when one member so requests, allow a roll-call vote. Clerk shall call the roll of the members of the Senate. Each member, when called, shall vote in a clear loud voice, "Aye," if voting in the affirmative, or "No," if voting in the negative. The Clerk shall record each vote and such record shall become a part of the Journal of the Senate. The President shall announce the results as above set forth.
- (5) With the unanimous consent of the Senate, the President may direct the Clerk to record an "Aye" vote for each member of the Senate. If there is no objection, the Clerk shall so record the vote. If there is objection, the President shall ask for the names of the members voting "No" and order the Clerk to record no votes for them.

**Rule 71 Voting: Rights of Members.**

- (1) No member, on any account, shall refrain from voting unless excused by the President. A member voting "with reservations" shall be counted as a favorable vote. A member may vote "Kanalua" the first time the member's name is called by the Clerk on any vote, but if the member votes "Kanalua" on the next call of the member's name, the member's vote shall be recorded as "Aye."
- (2) The President may excuse a member who has a monetary interest in the question, or whose right to a seat in the Senate will be affected by the question, or whose official conduct is involved in the question. If a member thinks there may be a personal interest in the question, the member shall rise and disclose the interest to the President. The President then shall rule whether the member has a conflict of interest. If so, the member shall be excused from voting.
- (3) Whenever the Ayes and Noes are called, no one, without unanimous consent, shall be permitted to explain a vote.
- (4) After the announcement by the President of the result, no one shall be allowed to vote or to change a vote.

**PART IX. DECORUM; DISCLOSURES; PEER REVIEW; PUNISHMENT****Rule 72 Misconduct; Procedure; Peer Review.**

No member of the Senate shall be subject to a charge for misconduct, disorderly behavior, or neglect of duty unless the person making the charge shall have first given notice of the charge to the President and to the member being charged.

Upon receipt of the charge, the President shall attempt to resolve the matter in an administrative proceeding. If the matter cannot be resolved administratively, the President may appoint a Special Committee to be chaired by the Vice-President or such other member as the President may designate to investigate, hear and report upon the conduct of the member charged for misconduct, disorderly behavior or neglect of duty. Any member so charged shall be informed in writing of the specific charge or charges made against the member and have opportunity to present evidence and be heard in the member's own defense before the Special Committee. Following its investigation and hearing, the Special Committee shall file its report with the President setting forth its findings and recommendations.

If the committee recommends dismissal of the charge or charges, the President may dismiss the charges without further hearing, or the President may present the report of the committee to the Senate for its consideration. The Senate, by a majority vote, may dismiss the charge or charges against the member without a hearing.

If there is no dismissal of the charge or charges, or if the committee recommends censure, suspension or expulsion, the President shall present the report of the committee to the Senate for its consideration and decision. The member who is charged, shall be informed in writing of the presentation of the charge or charges of the committee report to the Senate and be given an opportunity to be heard in the member's own defense. **Rule 75 Decorum: Person Called to Order While Speaking.**

**Rule 76 Decorum: Presence in Senate.**

**Rule 78 Decorum: Disorderly Conduct in Session.**

(2) Members should not lend the prestige of public office to advance the private interests of themselves or others; nor should members convey or permit others to convey the impression that they are in a special position to unduly influence pending public business before them.

(3) Members should treat their fellow Senate members, staff, and the general public with respect and courtesy, regardless of political or religious beliefs, race, ethnicity, sex, sexual orientation, or physical disability.

(4) The legislative duties of members as prescribed by law and these Rules should take precedence over all of their other business or professional activities. Members should freely and willingly accept certain restrictions on their business activities and professional conduct that might be considered burdensome by an ordinary private citizen, and should perform the duties of elected office impartially and diligently. To the greatest extent reasonably possible, members should:

- (A) Refrain from allowing family, social, business, or other relationships to unduly influence the member's legislative conduct or judgment.
- (B) Refrain from showing bias or prejudice, including but not limited to bias or prejudice based on political or religious beliefs, race, ethnicity, sex, sexual orientation, or physical disability, in the performance of their official duties.
- (C) Exercise patience, tolerance and courtesy to all those with whom they deal with in an official capacity, and require staff and others subject to their direction and control to maintain similar standards of conduct, fidelity, and diligence inherent in public service.
- (D) Exercise the power of appointment impartially and on the basis of merit, refraining from making unnecessary appointments and approving compensation of appointees beyond the fair value of services rendered.
- (E) Afford to every person who wishes to participate in the legislative process the opportunity to be heard according to established procedures.
- (F) Consider at all times whether their conduct would create in reasonable minds the perception that their ability to carry out legislative responsibilities with integrity and independence is either questionable or impaired.
- (G) Refrain from using, or permitting the use of, the privileges and prestige of their public office to derive undue personal, professional, or financial benefits for themselves, members of their families, or others with whom they maintain personal, business, or professional relationships.
- (H) Refrain from engaging in financial and business dealings that involve them in frequent transactions, or continuing business or professional relationships, with those persons likely to derive benefits from public financial matters either pending or already deliberated and voted upon by the Senate, to the extent that such conduct may reasonably be perceived as personal exploitation of their public office.

**Rule 82 Decorum: Solicitation Prohibited.**

An officer or employee of the Senate shall not solicit subscriptions, for any purpose, from any other officer or employee thereof, nor from any Senator. Nor shall any person be permitted to solicit or receive subscriptions or contributions for any purpose on the floor or in the lobby of the Senate or in any Senate office.

**Rule 83 Disclosures.**

Each member shall file with the Ethics Commission of the State of Hawai'i, a disclosure of the member's private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in such financial interests.

If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall disclose orally such interest to the Senate before voting. The member then shall immediately make the written disclosure required by law and the Rules of the Senate.

Any member who has filed a disclosure as required by this Rule need not make a further oral disclosure on the Senate floor of any interest so filed.

**Rule 84 Violating Confidence.**

If any matter covered in Rule 35 or 36 shall be disclosed by any Senator, the Senator shall be liable to censure, or, by a two-thirds vote, to suspension or expulsion from the Senate. If an officer or other person authorized to hear such matter shall disclose the matter, such officer shall be dismissed and such other person shall be liable to punishment for contempt comparable to the punishment provided for by Article III, Section 18 of the Hawai'i State Constitution and in the manner as therein prescribed.

**Rule 85 Conflicts of Interest.**

(1) No member shall vote on any legislation if the member has a direct financial interest in the legislation, unless the member is part of the class of people affected by the official action based upon the member's profession, trade or business; provided that this rule shall not apply to votes on the recommendations of a committee when a member has disclosed a potential conflict. For the purposes of this rule, a "direct financial interest" means that the legislation affects the legislator's personal business, property, or financial interest.

(2) If a member is uncertain as to whether a conflict of interest exists, the member may request a ruling from the President by giving notice and disclosing the direct financial interest to the President prior to voting. When making a determination in cases where a portion of a measure may place a member in a conflict of interest, the President shall give due consideration to the context of that portion as it relates to the overall purpose of the measure. If the President determines that a conflict exists, the President shall excuse the member from voting.

**PART X. QUESTIONS TO STATE OFFICERS****Rule 86 Questions to State Officers.**

Any member of the Senate may ask any question of any state officer relating to the officer's respective department by reducing such questions to writing, over the member's signature, reading the same before the Senate, and furnishing the officer with a copy of such written question. Any officer questioned shall reply to such question upon the following day, unless the Senate shall grant a definite extension of time for replying.

**PART XI. AMENDMENT, SUSPENSION AND INTERPRETATION OF RULES****Rule 87 Amendments; Suspension; Violations.**

(1) No rule of the Senate shall be amended or rescinded nor shall any new rule be adopted, without one day's notice of such change. Any such action shall require a majority vote of the members of the Senate.

(2) Any rule may be suspended for a particular purpose upon a majority vote of the members of the Senate.

(3) Any violation of these Rules shall be referred to the President for appropriate action.

**Rule 88 Parliamentary Procedure.**

Mason's Manual of Legislative Procedures, 2010 edition, where not inconsistent with the Rules and practices of the Senate, shall govern.

**PART XII. MISCELLANEOUS POWER****Rule 89 Legal Action.**

Except in legal proceedings where the Senate of the State of Hawaii is named as a defendant, the President shall obtain written consent of a majority of the members to which the Senate is entitled prior to undertaking any affirmative legal action taken on behalf of the Senate, such as the filing of a lawsuit or amicus curiae brief or intervening as a party to a lawsuit.

**Rule 90 Administrative and Financial Manuals.**

The Senate shall adopt by majority vote an administrative and financial manual of guides, the purpose of which is to establish uniformity in administrative practices and to ensure compliance with Senate policies.

**Rule 91 Decorum; Disrespectful Conduct During Session by Non-member.**

If, during any session of the Senate, any non-member should behave in a disrespectful or disorderly manner the non-member shall be subject to arrest and removal from the Senate Chamber by the Sergeant-at-Arms or by any other law enforcement officer of the State, as directed by the Sergeant-at-Arms. Any removal of a non-member by the Sergeant-at-Arms and its personnel shall be restricted to removal of the non-member from the Senate Chamber and through non-physical means, whenever possible. Once a non-member is removed from the Senate Chamber, the Sergeant-at-Arms shall relinquish control of the non-member to the Department of Public Safety or other law enforcement officers of the State.

For the punishment of a non-member, the provisions of Article III, Section 18, of the Hawai'i State Constitution or section 710-1078, Hawai'i Revised Statutes, pursuant to Act 204, Session Laws of Hawai'i 2012, shall govern.

- (3) The Senate pin presented under this Rule shall only be worn by current or past members to whom it was presented.
- (4) The Senate pin shall not be presented to an individual or representative acting on behalf of any current or past member.

(5) If the Senate pin presented under this Rule is lost, destroyed, or rendered unfit for use without fault or neglect on the part of the current or past member to whom it was furnished, the President may replace the Senate pin upon request.

**Rule 93 Committee on the Declared State of Emergency.**

When a state of emergency has been declared by the Governor, the President may appoint a Committee on the Declared State of Emergency which shall investigate or conduct informational briefings on matters relating to the State's emergency response. The committee shall be composed of not less than five members, unless otherwise ordered by the President, who shall appoint a chairperson from among the members. The committee shall include a member or members of the minority party.

Any member of the committee may ask any question of any state officer appearing before the committee relating to the officer's respective department, the department's role in the emergency, and its emergency response. Any member of the committee may also submit written inquiries by reducing the member's questions to writing, over the member's signature, reading the same before the committee, and providing the officer with a copy of such written questions.
