

TWENTY-SIXTH DAY

Tuesday, March 8, 2022

The Senate of the Thirty-First Legislature of the State of Hawai'i, Regular Session of 2022, convened at 9:09 a.m. with the President in the Chair.

The Roll was called showing all Senators present.

At this time, the Chair stated:

"On January 19, 2022, I invoked Senate Rule 38.5 as the ongoing COVID-19 pandemic qualified as a 'catastrophic disaster,' and with high positive COVID-19 case counts and hospitalizations, there was 'good cause' for authorizing Senate members to participate in any meeting via virtual attendance until further notice.

"On March 1, 2022, Honolulu Mayor Rick Blangiardi announced that the City and County of Honolulu would end all emergency orders pertaining to the COVID-19 pandemic as of 11:59 p.m. on March 5, 2022, due to declining positive COVID-19 case counts and hospitalizations. On March 4, 2022, DAGS Comptroller Curt Otaguro announced that, due to declining positive COVID-19 case counts and COVID-19 hospitalizations, all state-maintained facilities would be open to the public from March 8, 2022.

"Therefore, while the ongoing COVID-19 pandemic continues to qualify as a 'catastrophic disaster' as defined in Senate Rule 38.5, at present there is no 'good cause' for authorizing Senate members to continue participating in any meeting of members via virtual attendance as set forth in Senate Rule 38.5 until further notice. So, the summary is, all members are required to be in-person attendance for committee meetings and floor sessions."

The President announced that he had read and approved the Journal of the Twenty-Fifth Day.

“May I do a shoutout to the students of ‘Ilima Intermediate School Activist Club? These students, with their teacher, Sarah ‘Mili’ Milianta-Laffin, supported this bill all along and this movement, as well as our friend, Nikki Yee. Their three-year journey for menstrual equity in our public schools has been an impactful social justice movement with their strong passion and persistence, which have taken them to voting today unanimously in the Senate chambers on this bill, providing with good policy, support community care, and educational equity. I had the opportunity to visit these students and Ms. Mili last year, and I am so proud to work with them on this issue. Thank you all for your hard work and dedication, ‘Ilima students and Ms. Mili. I also request adding further written comments to the Journal. Thank you, Mr. President.”

The Chair having so ordered, Senator Kidani’s additional remarks read as follows:

“SB2821 represents an important step towards educational equity. After two years of pandemic-impacted schooling, we as a community understand the impact on students when they are not able to attend school. As we work tirelessly to ensure that students can safely come to school, we cannot allow students to miss school because they do not have access to safe menstruation products. SB2821 represents a commitment by the Legislature to our students and their health and safety.

“Throughout the interim, we were blessed to have advocates in the community substantiating that our schools and students need this. The students of Ilima Intermediate School with the support of their teacher, Sarah ‘Mili’ Milianta-Laffin, the sisters of Mai Movement, Nikki Ann-Yee, Brandy-Lee Yee, and Jamie Kapana, and many other advocates have been in regular contact with my office, schools, and the DOE to ensure that any concerns or questions are addressed. Mister President, this bill could not be here, ready to cross over to the House, without their commitment.”

Senator Acasio requested that remarks in support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio’s remarks read as follows:

“I am so pleased and proud of this esteemed body to pass this much needed bill on Menstrual Equity. After three years of tireless advocacy by dedicated students, teachers, and community members across the state, I truly believe this is the year that we will finally provide our keiki with the basic necessities they need to thrive in school, and beyond. While SB2821 focuses on providing menstrual products to students free of charge, it also contributes to broader goals of destigmatizing menstruation in general, and normalizing all aspects of everyone’s bodies. In doing so, we help relieve the emotional, social, and financial burdens that many students experience around menstruation, and allow them to focus on their education and being comfortable in school and in their interactions with each other.”

The Chair having so ordered, Senator Nishihara's written remarks read as follows:

"I speak in favor of SB2269 to repeal the authorization of the Governor to negotiate for the development or expansion of private in-state correctional facilities and a prohibition for the establishment of private correctional facilities in this state. The recommendation by the committee that a prison constructed by a private entity be owned and operated by the Department of Public Safety and any contractual agreements by the Governor take into account the concerns raised by the ACLU, Community Alliance on Prisons and many others. In a review of for profit prisons, the U.S. Office of the Inspector General found that overall for-profit prisons are less safe and less secure than government run ones. There is greater oversight by in-state prisons than those in privately operated ones. It is for those reasons I support this bill."

Senator Baker requested that remarks in strong support of the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise strong support of SB2667 SD1, relating to affordable housing.

"This measure is vital for much needed affordable housing in West Maui. The Front Street Apartments in Lahaina has 142 affordable rental units. Due to a recent federal court decision resulting from a lawsuit filed on behalf of the tenants of Front Street Apartments project requires the developer and leaseholder of Front Street Apartments to keep their homes affordable through 2051. During the lawsuit, it was virtually impossible to obtain an accurate appraisal of the value of the ground lease. Without an accurate appraisal, neither condemnation by Hawaii Housing Finance and Development Corporation nor a negotiated ground lease agreement was possible.

"SB2667 SD1 will extend the deadline for Hawaii Housing Finance and Development Corporation to renegotiate an existing, or issue a new, ground lease for the Front Street

Apartments affordable housing project before the corporation's requirement to initiate condemnation proceedings is triggered by five years.

"Please join me in supporting this measure. Mahalo."

This bill will establish the Women's Corrections Implementation Commission within the Department of Public Safety to provide oversight over state correctional facilities that incarcerate women; receive and investigate complaints from incarcerated women; monitor the criminal justice's system's progress in implementing reforms and monitor programs and data that are important to ensure successful outcomes for women in the justice system. The Chair having so ordered, Senator Nishihara's written remarks read as follows:

"I speak in favor of SB 3344 which seeks to restrict the use of solitary confinement in state-operated and state-contracted correctional facilities. Although PSD noted that the term 'solitary confinement' is no longer used and there are several levels of confinement, there are concerns about ensuring the safety and well being of inmates to deal with unacceptable, disruptive, and violent behaviors displayed by some inmates. While we would acknowledge those concerns we request that the department make every effort to ensure that inmates are not mistreated and the safety and well being of offenders and the prisons staff are maintained. The tools and procedures granted by PSD should be reviewed and altered as conditions and the science behind incarceration changes. It is with the hope that what is called 'solitary confinement' is reflected in methods that are both humane and effective in correcting unsatisfactory behavior."

The Chair having so ordered, Senator Kim’s remarks read as follows:

“Rise in opposition.

“Mr. President I’d like to reiterate my remarks on a similar bill from a previous session as my comments have not changed.

“I have supported every measure that has come before us to curb the consumption of alcohol and save lives from DUIs. But this bill lowers the blood alcohol from .8 to .5.

“I must agree with some of the testimony that this measure cast too wide a net on criminalizing behavior of normally responsible drinkers.

“I didn’t realize that .5 = 3 alcoholic drinks that a 160lb.-180lb man would need to drink in 1 hour.

“But it would be 1 glass of wine for a 100lb-120lb woman like me.

“So, Mr. President, I could be charged for a DUI if I had 1 glass of wine while you could drink 2.5 glasses and not be charged.

“More accidents occur by non-drinking drivers due to speed, distractions, and texting than by a driver who has had 1 glass of wine. Any one of you could be severely punished and labeled with a DUI for having 1 drink and tested .5.”

Senator Dela Cruz moved that Stand. Com. Rep. No. 2781 be adopted and S.B. No. 2922, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Inouye.

Senator Riviere rose to speak in opposition to the measure as follows:

“The rural classification is hardly used in this state. It is used on some of the neighbor islands, but has not yet been used on this island. The purpose for ‘rural’ is to parse in between ‘agriculture’ and ‘urban.’ We have conservation, agriculture, rural, and urban classifications. Presently, rural designation allows lot sizes of a half-acre, which is about 22,000 square feet. This measure would reduce the size of the lots down to about 11,000 square feet, which is, for all intents and purposes,

more of an urban classification. So, I do not support the erosion of the rural district classification. I think we could use it more often, but lowering the lot size is not going to help our planning. Thank you.”

Senator Kanuha requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kanuha’s remarks read as follows:

“Mr. President, I rise in strong support of S.B. No. 2922, S.D. 2.

“Colleagues, with the severe housing shortage in the State of Hawai‘i, our focus has been on the development of new housing projects as well as reviewing the current permitting process. While development is a key part of the solution, we should also examine all of our options to determine policies to help increase Hawai‘i’s stock of housing units, including reviewing and updating current zoning and land-use restrictions.

“Historically, agriculture has been a default land use classification—throughout Hawai‘i Island we have seen large swathes of lava fields and other lands not-suitable zoned for agriculture, while the State Rural District—which includes just 0.3% of all lands in the State—has been severely underutilized. With the proposed statutory change to permit no more than one house per one-quarter acre on lands zoned as rural, greater utilization of the State Rural District will distinguish rural communities and subsistence farms from commercial agricultural lands, allow for better protection of productive agricultural lands, and establish more available land for housing in the State.

“Consequently, there is a need to redefine and expand the Rural District to improve land use management of existing rural settlements and infrastructure. As the measure requires the Office of Planning and Sustainable Development (OPSD) to conduct a study to refine Rural District policies and make recommendations to facilitate the reclassification of lands from the State Agricultural District to the Rural District, S.B. No. 2922, S.D.2. is the first step towards statutory changes to existing land-use policies.

“Therefore, colleagues, I urge you to support S.B. No. 2922, S.D. 2, as I firmly believe that authorizing higher population density in the Rural District will in turn increase housing supply throughout our State, as well as reduce the overall cost of housing for moderate- and low-income working class ‘ohana throughout Hawai‘i.”

A 2019 Hawaii Youth Risk Behavior Survey shows that rates are higher in neighbor island counties with high school vaping user rates exceeding thirty-five percent for Hawaii, Maui and Kauai.

"This measure will prohibit the sale or distribution in Hawaii of all flavored tobacco products, including products with menthol, and prohibit the mislabeling of products as nicotine-free by adding a new section to the Chapter 712, Hawaii Revised Statutes.

Ayes, 22. Noes, 3 (Fevella, Gabbard, Riviere).

At 9:53 a.m., the Senate stood in recess subject to the call of the Chair.

The Senate reconvened at 9:56 a.m.

At this time, the Clerk stated:

"Members, we are turning back to page 83, and we're doing a reconsideration of the Third Reading vote on Standing Committee Report No. 2868; the bill number is Senate Bill 2510, Senate Draft 2, 'Relating to Renewable Energy.'"

Stand. Com. Rep. No. 2868 (S.B. No. 2510, S.D. 2):

By unanimous consent, the Senate reconsidered its action taken on Tuesday, March 8, 2022, in passing S.B. No. 2510, S.D. 2 on Third Reading.

Senator Dela Cruz moved that Stand. Com. Rep. No. 2868 be adopted and S.B. No. 2510, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

"I want to start by acknowledging my colleagues for the much-needed interest they're taking in energy matters. We're at the point where the low-hanging fruit has pretty much been picked, and we are left with far more challenging decisions about how to meet our energy needs in ways that both avert climate disaster and decrease our dependence on imported fuels. My colleagues behind this measure are to be commended for the amount of time and energy they put into examining these issues. I also commend them for the critical thinking that they bring to that examination. Now that we are all more focused on the difficult choices that have come from weaning ourselves off fossil fuels, we have to remind ourselves of why we are doing this to begin with. It is **not** just to become less dependent on imported oil. As the first state to declare a climate emergency, we have also made the commitment to drastically reduce our carbon emissions.

"Substituting the practice of burning oil with the practice of burning wood chips or, even worse, refuse-derived fuel, does not get us to where we need to go. The fantasy that Hawai'i is going to generate enough wood resources needed to fuel biomass plants has been exposed as a fallacy through the recent PUC proceedings. The only business model that brings the cost of these schemes anywhere close to affordable, once huge swaths of standing trees already providing a valuable carbon sequestration service have been decimated here, is the continual import of outsourced materials such as refuse-derived pellets or wood chips from elsewhere in the world. As policymakers, we have come to the point where the term 'renewable' no longer serves us in our decision-making. This is especially true to the extent that this term has been co-opted and redefined by the lobbyists working for the waste-to-energy industry. Trash is not a renewable resource. Biomass is only a renewable resource if it gets replanted at the same level it is consumed, which is currently not happening anywhere on the planet. And even if that were the case, the carbon footprint required to grow, harvest, and ship and transport biomass fuels makes the overall process a huge greenhouse gas emitter.

"This bill is part of a raft of bills that aim to substitute Hawai'i's dependency on imported oil with a dependency on imported biomass and a commitment to continue generating obscene amounts of waste. Hawai'i cannot afford to do either. We must take our cue from the recent position taken by the Biden administration under the advisement of the world's foremost thinkers on the subject of energy and climate. In the recent White House publication on the *Indo-Pacific Strategy of the United States* released February 2022, it states, 'We will incentivize clean-energy technology investment and development, seek to drive energy-sector decarbonization, and foster climate-aligned infrastructure investment.' The term that is being used to guide federal energy policy is 'decarbonization.' This means no reliance on biomass, no reliance on waste. Let's work together as policymakers moving forward to follow this lead and bring Hawai'i into the 21st century. Senate Bill 2510 as currently written represents a regressive energy policy, and for this reason I cannot support it. Thank you, Mr. President."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 2868 was adopted and S.B. No. 2510, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 24; Ayes with Reservations (Ihara, Riviere, San Buenaventura). Noes, 1 (Acasio).

The Chair having so ordered, Senator Riviere's remarks read as follows:

"I oppose this measure because I think it is trying to solve a problem that does not need fixing. The age of majority for most actions is 18 years, and that includes the right to vote. Making a special exemption for the small portion of the population who are born within a specific three-month timeframe is unnecessary and creates unequal treatment of every other voter who must wait until their 18th birthday."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3008 was adopted and S.B. No. 2178, S.D. 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE II, SECTION 1, OF THE HAWAII STATE CONSTITUTION TO CHANGE THE AGE QUALIFICATION FOR VOTING IN STATE OR LOCAL ELECTIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Moriwaki rose to speak in support of the measure with reservations as follows:

"I'm in strong support of the intent of Senate Bill 2371 to establish a statewide data clearinghouse on homelessness. Only with data can we make sound decisions on programs and on funding to move the homeless to permanent housing. But I must vote 'with reservations' on Senate Draft 2 before us because it does not give us what we need: a comprehensive and coordinated homeless data clearinghouse.

"Senate Bill 2371's data clearinghouse was recommended by the attorney general and was based on months of discussion by an informal group of 14 state, county, and community agencies and service providers that we need coordinated and comprehensive information on the homeless—their needs, services and housing, and performance metrics needed to make sound decisions on ending homelessness. It also appropriated funds to begin the hard work to develop the needed data.

"Instead, Senate Draft 2 creates a 12-member working group to assess feasibility, delaying yet again the collection and analysis of much-needed data we need today. I hope these concerns will be addressed as the bill moves forward. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3032 was adopted and S.B. No. 2371, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I vote with reservations because there is nothing in this bill or the relevant statute that specifies that this tax credit is for local food production and/or for local food consumption; therefore it is unclear to me why agricultural products such as flowers or export food products—which don't contribute to our islands' food self-sufficiency—would be included in this tax credit."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3036 was adopted and S.B. No. 2435, S.D. 1, entitled:

"A BILL FOR AN ACT RELATING TO THE IMPORTANT AGRICULTURAL LAND QUALIFIED AGRICULTURAL COST TAX CREDIT," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 3085 be adopted and S.B. No. 2662, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Acasio rose to speak in opposition to the measure as follows:

"I stand to speak in opposition of Senate Bill 2662, not as originally drafted by my colleague from Wai'anae (and I also signed on as a co-introducer), but for how it was later amended. I want to acknowledge her for introducing this important and

groundbreaking legislation. I want to direct the attention of everyone here to the bill's commendable purpose, which is to keep construction materials that are reusable as construction materials out of the landfill and in the economy. If you don't understand the nexus between climate and resource consumption, please take your time to research it or at least put your faith in people who have been studying this for decades. In order to avoid a climate disaster, we must wean ourselves from fossil fuels, but we must **also** stop consuming the world's resources at the current fevered pitch.

"The whole point of Senate Bill 2662 is that a large percentage of construction debris is useful as construction material. Estimates vary, but it is well beyond 25 percent. This bill was exceptional as written. It requires those handling these materials to set aside at least 25 percent of their recovered materials for reuse and recycling; that leaves a full 75 percent for anything else, including the production of gaseous fuel. There is no need to undermine the purpose of the bill or corrupt the meaning of the word 'recycling' to allow for the production of gaseous fuel. Resource destruction is not recycling—the cycle ends when the fuel is burned. This bill was meant to make sure that anything useful as construction material stays in the economy as such.

"I would like to point out that, on the EPA website, in reference to this particular subject, it says, 'Does EPA consider burning for energy recovery to be waste minimization?' And the answer is, 'Recycling activities closely resembling conventional waste treatment activities (such as burning for energy recovery) do not constitute waste minimization.' And for this reason, I cannot support the bill as amended. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3085 was adopted and S.B. No. 2662, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO CONSTRUCTION WASTE," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Stand. Com. Rep. No. 3097 (S.B. No. 3135, S.D. 2):

Senator Dela Cruz moved that Stand. Com. Rep. No. 3097 be adopted and S.B. No. 3135, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Inouye requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"The State Historic Preservation Division has been inundated with reviews while being short staffed for far too long. SB3135 SD2 aims to relieve SHPD from its backlog of historical reviews by providing assistance with historical reviews from the Counties. This bill also establishes a third-party historical review system which will be critical in making both SHPD and the Counties more efficient at conducting historical reviews."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3097 was adopted and S.B. No. 3135, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION REVIEWS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator DeCoite requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"The bill proposes to establish expenditure requirements for funding pedestrian and bicycle infrastructure and projects; and appropriates money for grant writing positions within the Department of Transportation to pursue funding from federal sources.

"I am voting with reservations on this bill because the State Department of Transportation has said that this bill is unnecessary because it has exceeded the requirement to spend 2% of eligible federal funds on bikeway expenditures for the past 7 years and does not expect that to change.

"Mahalo"

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3114 was adopted and S.B. No. 3274, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Baker moved that Stand. Com. Rep. No. 3128 be adopted and S.B. No. 2680, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Rhoads.

Senator Baker requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Baker's remarks read as follows:

"Mr. President, I rise in strong support of SB2680 SD2, relating to health.

"SB2280 SD2 addresses two major barriers that terminally ill individuals face when seeking medical aid in dying.

"First, finding physicians willing to administer medical aid in dying is often difficult because of Hawaii's shortage of physicians, especially on the neighbor islands. Secondly, Hawaii's waiting period is the longest of all of ten medical-aid-in-dying states and the District of Columbia who have approved medical-aid in-dying.

"This measure amends the Our Care, Our Choice Act to address these two problems by authorizing advanced practice registered nurses, in addition to physicians, to practice medical aid in dying in accordance with their scope of practice and prescribing authority. It also authorizes psychiatric mental health nurse practitioners and clinic nurse specialists, in addition to psychiatrists, psychologists, and clinical social workers, to provide counseling to qualified patients. Finally, this measure reduces the mandatory waiting period between oral requests from 20 to 15 days and provides an expedited pathway for those terminally ill individuals not expected to survive the mandatory waiting period.

"Please join me in supporting this measure. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3128 was adopted and S.B. No. 2680, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Taniguchi rose to speak in support of the measure with reservations as follows:

"Mr. President, I'm fully supportive of this training; however, as stated in the testimony from the Department of Agriculture, I believe the current bill creates built-in conflict. I've spoken to our Agriculture committee chair, and I am hopeful that this bill could be improved by maybe having the University of Hawai'i at Mānoa's College of Tropical Agriculture and Human Resources do the training instead. Thank you."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3131 was adopted and S.B. No. 2960, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO FOOD SAFETY," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Mr. President, I rise in support of this measure. Though digital currency has grown in popularity, there is very little regulation of the industry. The DCIL (a collaboration between the state Division of Financial Industries and the Hawaii Technology Development Corporation) participated in a pilot program which will end this year. This bill would require a licensure program and oversight to ensure that exchanges are sound operations that will serve Hawaii customers responsibly. Thank you for the opportunity to express my support, and I encourage my colleagues to also support this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3135 was adopted and S.B. No. 3025, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO DIGITAL CURRENCY LICENSING PROGRAM," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Both the Historic Hawaii Foundation and the Society for Hawaiian Archaeology, two organizations dedicated to historic preservation and research in the archaeology of the Hawaiian Islands, opposed this bill. I look forward to further review and discussion on this bill.

Senator Fevella rose to speak in opposition to the measure as follows:

"One of the main reasons I'm voting against this bill is because the current version of this bill leaves a blank the number of miles from the shoreline for offshore wind turbines. Scott Glenn, of the Hawaii State Energy Office, recently submitted testimony supporting my position that there needs to be more discussion on this before passing a law to set a

minimum setbacks for offshore wind turbines. I understand we are all eager to go 100 percent clean energy by 2045, but we're not considering all of the environment impacts. Think about the land base or what's happening with the turbines we have onshore. Here, there are noise complaints from neighboring residents concerned regarding the impacts to view planes, loss of wildlife, and the environment that are occurring on land. Offshore wind turbines in Hawai'i waters will also hurt our fishery industry: impact them by restricting zones where they can and cannot fish.

"And then the platforms and safety concerns: I'm not sure if everybody understands how these blades are being made. We have no place to dispose of the windmill blades after 20 years. Wind turbine blades now can't be recycled. It has to go into a landfill, which we do not have and will have to ship it off island. Currently, wind turbine blades are piling up in landfills, who are searching for ways to deal with them as they reach the end of their lives.

"But what about the potential risk of displacing and altering the behavior of marine mammals, fish, and seabirds? I'm not sure if you realize how big the wind turbine platform is. The platform is bigger than this building—all the way to the House, maybe even bigger—on the platform. And why are we going to go ahead and put all this renewable energy equipment where we can see them across the street from my house, right out there on the shore. A five-miles or twelve-miles restriction should not even be considered. Going forward with this would be devastating to our land and natural resources. Devastating to our fish, marine mammals, and people who use the ocean for wildlife, and for just recreation—who will have to deal with many new restrictions.

"I know in previous Energy, Economic Development, and Tourism committee hearings, we talked about turbines. Turbines should not be considered any kind of renewable energy because it's not hundred percent renewable. What is used on turbine is oil for lubrication. You are not going to be able to use water to lubricate it. You need oil, grease (all non-portable, all nonrecyclable), all of this other stuff that comes with windmills. And now you're going to put it on the ocean?

"So let's go back in history when the Kahuku windmills caught on fire. Firefighters couldn't go out and put out the fire. Why? Because of the chemicals of those batteries. Now we want to put the same batteries with chemicals floating atop the ocean. None of these offshore wind turbines will connect to land. They'll connect to a floating vessel out on the ocean, collecting renewable energy, and then shipped to shore. We have better renewable technology that we learned from other countries and we can learn from one of our islands that Senate President is from which has no windmills. Why, when we come to our island of O'ahu, everything is on my side of the island, and then they want to do all the pilot projects on my side of the island. And then when it comes to natural resources, we forget about all the heavy fishery and the people who are out there, living off the land. If this wind turbine fall apart in the ocean, it will come to all of our shores. It will hurt the fishery on all of our shores, not just 'Ewa Beach. We are talking all the islands will pay for this cost of disposing of these batteries and blades. So thank you again, colleagues; thank you, Senate President. I'm voting 'no' on this bill because it's not a good bill. Thank you."

Senator Riviere rose to speak in support of the measure as follows:

"Our colleague from 'Ewa Beach and I are very, very much united in our concerns about wind energy. I am voting in support of this measure because I do think it would be appropriate to limit where they can be, and while the numbers are blanked out now for the minimum distance, I would

encourage that in the final form they go back to '12 miles or more offshore.' It's a separate question on whether or not we should even have wind turbines because I share much of the concerns previously described. But, if they're going to be here, they certainly should not be in our state waters, and we should not allow the federal government to impose its will against the will of the people of Hawai'i. So, if the federal government through BOEM, the Bureau of Ocean Energy Management, determines that it doesn't matter what the people of Hawai'i think—we're going to have wind energy—then we, at least, should limit where they can put them and not allow them to interconnect if they go against the wish of the people. So I support the bill to the extent it creates an appropriate and distant minimum siting. Thank you."

Senator DeCoite requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"I am voting in opposition to this bill because it does not specify how far offshore these wind turbine projects will be. It is unclear what the impacts will be on our coastal shorelines and our marine ecosystems. We need to be certain that these offshore wind turbine projects will not have a negative effect on our marine environment.

The Chair having so ordered, Senator DeCoite's remarks read as follows:

"I am voting in opposition to this bill because it would allow urban type uses on existing golf courses which are in an agricultural district. This bill would allow a wide range of activities that may include amusement activities and events such as art, music, dance festivals, and concerts that are not appropriate in an agricultural district. In addition, allowing these types of activities on golf courses may negatively impact surrounding residents and communities.

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I am voting with reservations because the purpose of this bill is to support local agricultural production in order to lessen our islands' dependency on the eighty-five percent of food that is imported into the state; however, nothing in the bill specifies that the agricultural investment program will be focused on or limited to local food production for local consumption, which means that agricultural producers who grown non-food products or who primarily export their food may unfairly or inappropriately utilize this program."

Senator Acasio requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Acasio's remarks read as follows:

"I am voting in opposition to this measure because it does not follow the recommendations of the Act 90 Working Group, and because I share the grave concerns expressed by numerous aloha 'āina allies that this measure will result in reduced protections for important watersheds and public trust uses of public lands."

Senator Inouye requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Inouye's remarks read as follows:

"In 2003, Act 90 was signed into law. This Act required certain agricultural lands managed by the Department of Land and Natural Resources be transferred to the Department of Agriculture. Unfortunately, it is now 2022 and over half of lands leased or available to be leased for ag will not be transferred to DOA pursuant to Act 90 because DLNR and the Board of Land and Natural Resources have not agreed to several land transfers.

"SB 2068 is a solution that will conclude the legislative intent of Act 90 by empowering local ranchers and agricultural lessees to strengthen local food production, food sustainability, and land stewardship.

"The state has fallen short of its goals to double food production; SB 2068 will give cattle ranchers the financial flexibility they need, and the expertise of DOA, a more suitable ag focused entity to ensure long-term viability and success of Hawaii's local ranching and food production industries.

"DLNR already has too many priorities to manage.

"Ranchers have been waiting almost 20 years to get the relief they need to support cattle production. The state claims to support agriculture but transferring these agricultural lands to DOA is a simple solution that has yet to be fully implemented.

"DLNR and DOA can work together as state agencies to meet their specific missions, but agriculture lessees need appropriate terms to thrive and these lease terms are available through DOA.

"To meet the state's goals of supporting agriculture and protecting the environment, ranchers and other farmers can and should be empowered to play a role as responsible land stewards."

The Chair having so ordered, Senator Inouye's remarks read as follows:

"SB3133 SD1 will alleviate difficult lease rent situations for commercial, industrial, and hotel lessees on State lands. These lessees often find themselves being forced into a public auction instead of having the option to enter into direct negotiation with the Department of Land and Natural Resources prior to their lease expiring. The State should not be putting valued lessees who have occupied State parcels for decades in situations where they get bid out of their own property; SB3133 provides a needed alternative solution to this dilemma."

Senator Kim requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Kim's remarks read as follows:

"Rise in support.

"In 2007 a con am was passed to create a Candidate Advisory Council to send names to the Governor for his consideration to the UH Board of Regents. In the past 15 years, we have seen that the number and quality of candidates have been diminishing. Just this year the CAC had to extend the deadline for applications since there were not a lot of candidates applying. In fact, the CAC did not have enough candidates to provide 3 nominations to the Governor for the Kauai Regent seat and thus the Senate is not able to confirm the Regent. Instead the Kauai Regent will be a hold over. They were also not able to get 3 qualified candidates for the Student Regent.

"The CAC is mandated to send at least 3 names for each vacancy to the Governor, but due to lack of qualified candidates they have sent 3 names that also appeared for other candidates. For example, if there were 3 vacancies, they should have a total of 9 names but instead it might be just 6 names as one name could appear for all three vacancies. The AG has recently provided an opinion that clarifies that names can be repeated for various seats it must be in addition to 3 different names.

"There are very few boards that have a nominating council. The other one is the Procurement Policy Board nominating committee which is also before us today SB2383 to be eliminated as well for similar reasons. The only difference is that the CAC is in the Constitution and the Procurement Policy Board nominating committee is in statute. Thus, the same support should be given to this measure as for SB2383. Mahalo."

“Rise in support of SB3269.

“My priority as Higher Education Chair has been to keep higher education for our residents affordable and accessible. To reduce student debt, and to hold our university accountable and transparent.

“While we are constantly reminded of UH’s autonomy, they do not have complete autonomy since they rely on the taxpayers for almost half of their funding. The other half are from the student tuition. The constitution also states that the Legislature can enact laws governing UH that have statewide concern. UH’s payroll is the single largest fixed expense.

“The issue of tenure is not new. Senators and Representatives before me have tried unsuccessfully to make updated and meaningful changes to the practices. Keep in mind that tenure was created to protect academic freedom for professors. And I support this right, but tenure today is embraced as an assurance of life-time employment.

“UPHA has launched attacks that this bill will eliminate tenure, but it does not. The SD1 and the current SD2 does not do that. In fact, the SD2 directs the Board of Regents to discuss and adopt the recommendations of the BOR’s Permitted Interaction Group (PIG) Task group; Direct the UH President to consult and confer with the faculty union and appropriate funds to restore UH funding to pre-pandemic levels.

“Regent Jan Sullivan-former UH Regent Chair, member and chair of the Regents Permitted Interaction Group (PIG) published an OP ED article on tenure that appeared in the Honolulu Star Advertiser, I quote:

Our Tenure Task Group was comprised of 4 Regent Board members, 4 UH administrators including a chancellor, vice chancellor, dean, and vice president, as well as the head of the faculty union. All members, with the exception of the faculty union rep., agree with the group’s recommendations (not to eliminate tenure) but to guide the future use of tenure at the university.

The group recommended that these changes occur moving forward, and that they not affect existing tenured employees.

People who are threatened by change live in a vacuum. In today’s world threats to that status quo are met with alarmist tactics aimed at getting people riled up. This has become an ugly business. I write this to lay down the facts and set aside the rhetoric to give this discussion the proper context. The people of Hawaii deserve nothing less.

“To magnify what Jan says about alarmist tactics, UPHA’s recent letter to their members they say: ‘This bill is an attempt by Sen. Kim, to interject the legislature into the constitutionally established role of the UH Board of Regents by taking away their exclusive jurisdiction over the internal structure, management and operation of the UH-thereby granting themselves as the governing body over the Board of Regents’ This is alarmist-not only is it not true-this measure was proposed by the Board of Regents PIG.

“They go on to say: ‘On the surface, the revised version of the bill appears to be benign by making minor concessions to certain classifications of UH faculty’ Now this is a true statement, but they go to say ‘This is nothing other than a veiled attempt for the Legislature to trump the authority of the Board of Regents’.

“Again, this bill is benign and directs the Board of Regents to discuss and adopt the recommendations of the BOR’s Permitted Interaction Group (PIG) Task group and restores funding.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 3207 was adopted and S.B. No. 3269, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO ACADEMIC TENURE AT THE UNIVERSITY OF HAWAII," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Ayes, 23; Ayes with Reservations (Acasio, Ihara). Noes, 2 (Rhoads, Taniguchi).

Stand. Com. Rep. No. 3210 (S.B. No. 3334, S.D. 2):

On motion by Senator Kidani, seconded by Senator Dela Cruz and carried, Stand. Com. Rep. No. 3210 was adopted and S.B. No. 3334, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT OPERATIONS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

REFERRAL OF SENATE RESOLUTIONS

- S.R. No.: Referred to:
- S.R. No. 10 Committee on Education

At this time, Senator Nishihara rose to request that remarks regarding the following measures be entered into the Journal: S.S.C.R. 2937 (Senate Bill 2269, Senate Draft 1), S.S.C.R. 3116 (Senate Bill 3295, Senate Draft 1), and S.S.C.R. 3158 (Senate Bill 3344).

Senator Baker thanked all of her colleagues for wearing purple in honor of International Women’s Day. Senator Baker commented that her female colleagues appreciated the support and wanted to say mahalo for working with them on bills that were important to women, children, mothers, and girls. Senator Baker noted that, following the Senate’s floor session, the Women’s Legislative Caucus would be participating in a brief press conference to highlight some of the measures that had passed this year that would affect and enhance the lives of women and girls in their community.

The Chair acknowledged and thanked the Women’s Caucus for their hard work.

Senator DeCoite rose to speak on a point of personal privilege as follows:

“Esteemed colleagues, I am proud to announce that on Saturday, my district had much to celebrate. At Radford High School’s soccer complex, Maui’s King Kekaulike boys soccer team defeated the Hilo Vikings in a riveting 3–1 match to claim the Division I state title at the HHSAA boys soccer state championship, coached by George Ichimaru. King Kekaulike is the first neighbor-island team to win an outright state championship and the second titleholders from Maui. The last time a Maui team won the state title in Division I was in 2018.

“At the Texaco/HHSAA 2022 wrestling championship at the Neal Blaisdell Arena, Mikah Labuanan, a freshman of Kamehameha Schools Maui, defeated a senior in the weight class of 126 pounds to get first place, and Moloka’i School’s

Austin Kaalekahi took second place in the weight class of 106 pounds. Thank you, Mr. President.”

The Chair noted that, because the Women’s Caucus would be holding a press event immediately following the Senate’s floor session, lunch provided by his office should be ready in the caucus room at 11:30 a.m. for all members of the Senate.

The Chair then announced that there would be a Senate leadership meeting in his office immediately following lunch.

ADJOURNMENT

At 10:54 a.m., on motion by Senator DeCoite, seconded by Senator Fevella and carried, the Senate adjourned until 11:30 a.m., Thursday, March 10, 2022.
