- (2) Prohibit using geographic origins of coffee in labeling or advertising for roasted or instant coffee that contains less than a certain percentage of coffee by weight from that geographic origin, phased in to a minimum of fifty-one percent after July 1, 2024;
- (3) Prohibit use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown in Hawaii; and
- (4) Appropriate moneys for the pesticide subsidy program and for one full-time equivalent position to conduct inspections.

Your Committees received testimony in support of this measure from the Department of Agriculture; three members of the Hawai'i County Council; Hawai'i Farmers Union United; Kona Coffee Farmers Association; Absolute Palate, LLC; Kauai Coffee Company; Hawaii Coffee Association; Cyanotech Corporation; Lions Gate Farms; Hawaii Coffee Growers Association; Kokoleka Lani Farms; Ka'u Coffee Growers Cooperative; Kauai Women's Caucus; The Four Sens, LLC; Huahua Farm; Rancho Aloha; Life of the Land; Kona Earth, LLC; Hawai'i Alliance for Progressive Action; Hawaii's Thousand Friends; Kona-Kohala Chamber of Commerce; South Kona Estate; LavaRock Farm; Chamber of Sustainable Commerce; and thirty-three individuals. Your Committees received testimony in opposition to this measure from Aloha Hills Kona Coffee, LLC; Cancino Family Farm; Hawaii Restaurant Association; Kona Coffee Council; Hawaii Food Industry Association; Hawaii Coffee Company; Retail Merchants of Hawaii; and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that coffee is one of Hawaii's most valuable agricultural crops. However, existing labeling requirements allow products containing as little as ten percent Hawaii-grown coffee to be advertised as Kona, Maui, or Kau coffee. The low threshold for products to be labeled with Hawaii's geographic names damages the reputation of Hawaii's coffee industry and reduces the revenues of the State's coffee producers. This measure establishes additional labeling requirements for coffee products to ensure that the products' advertising more appropriately reflects their origins. However, your Committees further find that the economic impacts of changes to the labeling requirements are unclear. Without more information on the economic impacts, there is a risk of unintended consequences for Hawaii's coffee growers and the State's economy.

Accordingly, your Committees have amended this measure by:

- (1) Removing the proposed changes to existing coffee labeling requirements;
- (2) Requiring the Department of Budget and Finance to conduct a study of the economic impacts of the proposed coffee labeling requirements; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1517, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1517, H.D. 2, S.D. 1, and be referred to your Committees on Commerce and Consumer Protection and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Acasio, Rhoads, Fevella). Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 3472 (Joint) Agriculture and Environment and Government Operations on H.B. No. 1526

The purpose and intent of this measure is to:

- (1) Require each county to incorporate into its next integrated solid waste management plan revision a plan to divert all organic waste produced within the county by facilities generating more than a certain amount of organic waste per year; and
- (2) Appropriate funds to reimburse the counties for incorporation of the new requirement into their plan revisions.

Your Committees received testimony in support of this measure from the Department of Health, one member of the Hawai'i County Council, Hawai'i Alliance for Progressive Action, Kauai Women's Caucus, Climate Protectors of Hawai'i, and sixteen individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the production of waste in Hawaii poses a significant problem for the State. Importantly, waste requires the State to devote scarce land to the creation of new landfills and contributes to the expansion of existing landfills. However, organic waste can be used for other purposes, thereby reducing the amount of waste sent to landfills. This measure requires each county to incorporate plans for the management of organic waste into its next integrated solid waste management plan.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1526, H.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3473 (Joint) Agriculture and Environment and Government Operations on H.B. No. 1568

The purpose and intent of this measure is to:

- (1) Change the law requiring all state departments to ensure that a certain percentage of food purchased consists of fresh, local agricultural products or local value-added, processed, agricultural, or food products to apply only to the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii System; and
- (2) Require each of those departments and the University of Hawaii System to report to the Legislature on its progress toward meeting these benchmarks and clarifies the information to be reported.

Your Committees received testimony in support of this measure from the Department of Health; University of Hawai'i System; Hawai'i Farm Bureau; Hawaii Food Industry Association; Hawaii Food+ Policy; Ulupono Initiative; Hawai'i Alliance for Progressive Action; Kauai Women's Caucus; Hawai'i Primary Care Association; Kanalani Ohana Farm; Hawaii Cattlemen's Council, Inc.; and seventeen individuals. Your Committees received comments on this measure from the Department of Public Safety and one individual.

Your Committees find that the State can support Hawaii's food security and local food production by purchasing food from local food producers. Notably, the Departments of Education, Health, Public Safety, and Defense, along with the University of Hawaii System, are the largest purchasers of food among the State's departments and agency. Accordingly, requirements for the State to purchase local food should focus on those departments and the University of Hawaii System. This measure limits the requirement for state departments and agencies to purchase local food to the Departments of Education, Health, Public Safety, and Defense, and the University of Hawaii System.

Your Committees have amended this measure by:

- (1) Removing amendments to Act 176, Session Laws of Hawaii, 2021, and inserting the same language from the proposed amendments into a new purpose section;

- (2) Excluding certain purchases within the University of Hawaii System from the local food purchasing requirement;
- (3) Requiring each department to prioritize contracts with vendors that use locally sourced food products; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1568, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1568, H.D. 2, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3474 (Joint/Majority) Agriculture and Environment and Government Operations and Energy, Economic Development, and Tourism on H.B. No. 1640

The purpose and intent of this measure is to:

- (1) Change the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act;
- (2) Establish electronic device manufacturer recycling goals and record keeping and reporting requirements for manufacturers and collectors;
- (3) Require collectors to register with the Department of Health;
- (4) Expand the recycling and collection requirements of televisions to all electronic devices; and
- (5) Require the electronic device recycling and recovery program to include, among other things, a description of the methods for the convenient collection of electronic devices.

Your Committees received testimony in support of this measure from the Department of Health, Department of Environmental Management of the County of Maui, Department of Environmental Management of the County of Hawai'i, Mr. K's Recycle and Redemption Center, Koko Kai Foods LLC, and twenty individuals. Your Committees received testimony in opposition to this measure from the Retail Merchants of Hawaii and Consumer Technology Association.

Your Committees find that recycling is a crucial component of the State's sustainability goals. It is essential that the State's recycling requirements reflect the conditions and types of waste produced in Hawaii. This measure, as received by your Committees, changes the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act and establishes additional requirements to the recycling and reporting of electronic device waste. However, your Committees find that the long-term effects of electronic device recycling requirements are unknown.

Accordingly, your Committees have amended this measure by:

- (1) Removing requirements regarding electronic device recycling goals and record keeping;
- (2) Establishing a working group to study the effects of electronic device recycling requirements; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment, Government Operations, and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1640, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1640, H.D. 2, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4; Ayes with Reservations (Rhoads). Noes, 1 (Acasio). Excused, none.

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 3475 (Joint/Majority) Agriculture and Environment and Energy, Economic Development, and Tourism on H.B. No. 1682

The purpose and intent of this measure is to authorize the issuance of special purpose revenue bonds to assist Next Level Solutions Group Inc. in developing a waste-to-energy facility.

Your Committees received testimony in support of this measure from Next Level Solutions Group Inc. Your Committees received testimony in opposition to this measure from Zero Waste O'ahu, Kauai Women's Caucus, and six individuals. Your Committees received comments on this measure from the Department of Budget and Finance and Climate Protectors Hawai'i.

Your Committees find that the lack of land in Hawaii suitable for use as landfills presents a significant problem for the State. Additionally, the existing landfills produce toxic emissions that are harmful to human health and the environment. Waste-to-energy technology can greatly benefit Hawaii by reducing the State's reliance on landfills. This measure authorizes the issuance of special purpose revenue bonds to assist Next Level Solutions Group Inc. in developing waste-to-energy technology to reduce the need for landfills in Hawaii.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1682, H.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 3; Ayes with Reservations (Nishihara). Noes, 2 (Acasio, Fevella). Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, 1 (Fevella). Excused, none.

SCRep. 3476 (Joint) Agriculture and Environment and Energy, Economic Development, and Tourism on H.B. No. 1800

The purpose and intent of this measure is to:

- (1) Establish a goal for the statewide greenhouse gas emissions limit to be at least fifty percent below 2005 levels by 2030;
- (2) Require the Hawaii State Energy Office to conduct a study to determine Hawaii's pathway to decarbonization and identify challenges, opportunities, and actions that will be needed to achieve those goals; and
- (3) Appropriate funds out of the Energy Security Special Fund for the study.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office, Department of Health, Hawaii Climate Change Mitigation & Adaptation Commission, Department of Environmental Management of the County of Maui, one member of the Hawai'i County Council, Climate Protectors Hawai'i, Sierra Club of Hawai'i, Kauai Women's Caucus, Hawaii Association for Marine Education and Research, Skyline Hawaii, Blue Planet Foundation, Clean Future Team at the Center for Tomorrow's Leaders Program, Imua Alliance, Hawaii Electric Vehicle Association, KauaiEV, Our Revolution Hawaii, U.S. Green Building Council, and forty-one individuals. Your Committees received testimony in opposition to this measure from three individuals. Your Committees received comments on this measure from the Public Utilities Commission, Hawaiian Electric Company, NAIOP Hawaii, Big Island Electric Vehicle Association, 350Hawaii.org, and one individual,

Your Committees find that climate change poses an immediate and long-term threat to Hawaii's economy, public health, natural resources, environment, and way of life. Although the State has adopted many goals and targets for climate change mitigation, additional action is needed to support a fully decarbonized economy. Accordingly, this measure requires a study to identify challenges, opportunities, and actions that will be needed to achieve decarbonization goals.

Your Committees have amended this measure by:

- (1) Clarifying the purpose of this measure;
- (2) Removing the goal for the statewide greenhouse gas emissions limit to be at least fifty percent below 2005 levels by 2030;
- (3) Requiring the Hawaii Natural Energy Institute to conduct the study in place of the Hawaii State Energy Office;
- (4) Clarifying the requirements of the study; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1800, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1800, H.D. 2, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 3477 Agriculture and Environment on H.B. No. 1992

The purpose and intent of this measure is to:

- (1) Permit composting and co-composting operations in agricultural districts, under certain conditions; and
- (2) Establish and appropriate funds for an Environmental Health Specialist IV position in the Solid and Hazardous Waste Branch of the Department of Health.

Your Committee received testimony in support of this measure from the Department of Agriculture, Maui County Department of Environmental Management, Hawai'i County Department of Environmental Management, Kauai Climate Action Coalition, Kauai Women's Caucus, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Alliance for Progressive Action, West Maui Green Cycle, Zero Waste Maui, Environmental Caucus of the Democratic Party of Hawai'i, Our Revolution Hawaii, and thirty individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, and Hawai'i Farm Bureau.

Your Committee finds that allowing composting in agricultural districts will facilitate the production of local organic material that farmers can use to improve soil health, increase drought resistance, and reduce the need for supplemental water and fertilizer. However, composting is not currently permitted in agricultural districts, significantly hindering efforts to use organic material to improve crop yields. This measure permits composting and co-composting in agricultural districts under certain conditions to promote better use and management of organic waste materials.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1992, H.D. 3, and recommends that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Rhoads, Fevella).

SCRep. 3478 (Joint/Majority) Agriculture and Environment and Water and Land on H.B. No. 2084

The purpose and intent of this measure is to:

- (1) Allow landowners and lessees of important agricultural lands to apply to the counties to develop, construct, and maintain farm cluster housing on the lands for rent to farmers and farm employees who actively and currently farm on the land, subject to certain exemptions; and
- (2) Remove restrictions on farm dwellings on important agricultural lands that are stricter than that for farm dwellings within agricultural districts.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; Office of Planning and Sustainable Development; Department of Planning and Permitting of the City and County of Honolulu; Hawai'i Farm Bureau; Maui Chamber of Commerce; and one individual. Your Committees received testimony in opposition to this measure from the Makahanaloa Fishing Association and one individual.

Your Committees find that Act 233, Session Laws of Hawaii 2008 (Act 233), established incentives to promote agricultural productivity on the State's important agricultural lands. One incentive included in Act 233 was a provision that allowed landowners to develop, construct, and maintain farm dwellings and employee housing under certain conditions. Although the provision was intended as an incentive, it inadvertently imposed more restrictive standards on farm dwellings than the existing requirements. Given the importance of affordable housing for farmers and farm workers, it is necessary for the State to allow for greater development of farm dwellings on important agricultural lands. This measure allows landowners and lessees of important agricultural lands to develop, construct, and maintain farm housing, provided they receive approval from the county in which the important agricultural lands are located.

Your Committees have amended this measure by deleting language that would have exempted counties that impose less restrictive requirements for farm cluster housing.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2084, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2084, H.D. 3, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.
Agriculture and Environment: Ayes, 4; Ayes with Reservations (Acasio). Noes, 1 (Fevella). Excused, none.
Water and Land: Ayes, 4. Noes, 1 (Fevella). Excused, none.

SCRep. 3479 (Joint) Agriculture and Environment and Energy, Economic Development, and Tourism on H.B. No. 1642

The purpose and intent of this measure is to require deposit beverage distributors that sell, offer for sale, or distribute deposit beverage containers in the State to meet minimum postconsumer recycled content requirements.

Your Committees received testimony in support of this measure from the Department of Health, one member of the Hawai'i County Council, Climate Protectors Hawai'i, Hawai'i Reef and Ocean Coalition, and two individuals. Your Committees received testimony in opposition to this measure from the Hawaii Food Industry Association. Your Committees received comments on this measure from the American Beverage Association.

Your Committees find that minimum postconsumer recycled content requirements for deposit beverage containers are needed to reduce waste, transition the State toward a circular economy, and encourage interest in recycling among deposit beverage distributors. Additionally, a minimum postconsumer recycled content requirement will divert waste from landfills. This measure establishes minimum postconsumer recycled content requirements for deposit beverage containers to support the State's sustainability goals.

Your Committees have amended this measure by inserting a blank appropriation for the Department of Health to fund additional positions for the enforcement of deposit beverage recycling requirements.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1642, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1642, H.D. 2, S.D. 1, and be referred to your Committee on Commerce and Consumer Protection.

Signed by the Chairs on behalf of the Committees.
Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.
Energy, Economic Development, and Tourism: Ayes, 5; Ayes with Reservations (Misalucha, Riviere). Noes, none. Excused, none.

SCRep. 3480 (Joint) Hawaiian Affairs and Water and Land on H.B. No. 2135

The purpose and intent of this measure is to allow the Department of Hawaiian Home Lands to assume historic preservation review of the effect of any proposed state project for lands under its jurisdiction under certain conditions and subject to certain exceptions for state projects affecting properties listed or nominated for inclusion in the Hawaii register of historic places or the national register of historic places or located in a designated historic district.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Aha Moku, and Department of Land and Natural Resources. Your Committees received testimony in opposition to this measure from the Historic Hawai'i Foundation.

Your Committees find that currently, the Department of Hawaiian Home Lands, prior to any proposed project relating to lands under its jurisdiction, is required to consult with the Department of Land and Natural Resources regarding the effect of the project upon historic property or a burial site. For the sake of efficiency and the greater preservation of historic sites, this measure allows the Department of Hawaiian Home Lands to directly assume historic preservation review of proposed projects relating to lands under its jurisdiction.

Your Committees note that section 6E-43, Hawaii Revised Statutes, pertains to historic burials and historic burial sites themselves. This measure pertains to section 6E-8, Hawaii Revised Statutes, which refers to the review of state projects. Issues regarding the actual burial processes, inadvertent discovery of burial grounds, and burial councils are not affected by this measure.

Your Committees note that the companion to this measure, S.B. No. 3103, S.D. 1 (Regular Session of 2022), which was previously passed by the Senate, is a substantially similar measure that also allows the Department of Hawaiian Home Lands to assume historic preservation review of the effect of any proposed project for lands under its jurisdiction, except for projects affecting properties listed or nominated for inclusion in the Hawaii register of historic places or the national register of historic places. Your Committees conclude that the language in S.B. No. 3103, S.D. 1, is preferable because it contains a more streamlined process to enable the Department of Hawaiian Home Lands to assume review of the effect of any proposed project on historic properties or burial sites for lands under its jurisdiction.

Accordingly, your Committees have amended this measure by deleting its contents, inserting the contents of S.B. No. 3103, S.D. 1., and further amending it to remove the sunset date.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water and Land that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2135, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2135, H.D. 2, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 4; Ayes with Reservations (Acasio). Noes, none. Excused, 1 (Fevella).

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

SCRep. 3481 (Joint) Hawaiian Affairs and Agriculture and Environment on H.B. No. 1179

The purpose and intent of this measure is to establish and appropriate funds for a pilot program within the Aina Mauna legacy program of the Department of Hawaiian Home Lands to remove and harvest gorse from Mauna Kea and develop it as a marketable product to expand economic opportunities for Native Hawaiians.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Aha Moku, Hawai'i Forest Industry Association, and two individuals. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that gorse is a plant invasive species native to western Europe originally introduced as food for sheep. Gorse is difficult to remove and is detrimental to native habitats. There exists a need for greater economic opportunities for Native Hawaiians and therefore, the purpose of this measure is to establish a pilot program to remove and harvest gorse from Mauna Kea and develop it as a marketable product to expand economic opportunities for Native Hawaiians.

Your Committees note concerns that the method of gorse removal likely to be used will not lead to the eventual eradication of the invasive species due to seeds spreading despite the plant being consumed by animals. Additionally, there are concerns that this measure proposes a method to assist the Native Hawaiian people without gathering the voices of the Kanaka Maoli first.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1179, H.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 4. Noes, none. Excused, 1 (Ihara).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3482 (Joint) Hawaiian Affairs and Labor, Culture and the Arts on H.B. No. 2475

The purpose and intent of this measure is to establish July 31 of each year as La Hoihoi Ea.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committees received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committees received comments on this measure from the City and County of Honolulu Department of Human Resources.

Your Committees find that it is important for the people of Hawaii to learn about its culture and history. King Kamehameha III established La Hoihoi Ea in 1843 as the first national holiday in the Hawaiian Kingdom in celebration of the restoration of the Hawaiian Kingdom following illegal British control. The purpose of this measure is to establish July 31 of each year as La Hoihoi Ea to recognize the accomplishments of King Kamehameha III and honor upstanding members of the Hawaiian community.

Your Committees have amended this measure by inserting an effective date of July 1, 2050, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Labor, Culture and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2475, H.D. 1, as amended herein,

and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2475, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
 Hawaiian Affairs: Ayes, 4. Noes, none. Excused, 1 (Ihara).
 Labor, Culture and the Arts: Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 3483 (Joint) Hawaiian Affairs and Higher Education on H.B. No. 2491

The purpose and intent of this measure is to:

- (1) Require all letterheads of the State and counties to include consistent Hawaiian names, spelling, and punctuation;
- (2) Require certain state officials to prominently display a Hawaiian language translation of the name of their respective office or department at least once on the main page of their official website and in the letterhead of their stationery; and
- (3) Require the University of Hawaii to compile a full list of all dialects and other variations in the Hawaiian language currently in use and submit a report of its findings to the Legislature.

Your Committees received testimony in support of this measure from the Hawai'i Civil Rights Commission, State of Hawaii Office of Planning and Sustainable Development, Kaulana 'aina a Mahiku A'o Mai, Center for Hawaiian Sovereignty Studies, University of Hawai'i System, and seven individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from one individual.

Your Committees find that the Hawaiian language is Hawaii's indigenous language as well as the original language of Hawaii's executive, judicial, and legislative branches. Despite political, economic, and social pressures and changes, the Hawaiian language community has been maintained. In order to further revitalize the language and improve the learning experience of those new to the language, this measure will standardize the spelling and punctuation of Hawaiian names and words in certain documents prepared by state or county agencies or officials for the primary purposes of consistency and uniformity.

Your Committees have amended this measure by:

- (1) Inserting findings to clarify that it is intended to provide equal support and standing for both native speakers and second language speakers of Hawaiian languages;
- (2) Amending the list of sources with which the Hawaiian names and words used in the letterhead are to be in conformance;
- (3) Clarifying that if there is a conflict between words used by native speakers and second language speakers in a document covered by this measure, two versions of the document may be made available to the public upon request if the affected department has sufficient resources to do so;
- (4) Deleting language that would have required certain government officials and departments to display a Hawaiian translation of the name of their respective office or department on the main page of their official website;
- (5) Deleting language that would have required the University of Hawaii to compile a full list of all dialects and other variations in the Hawaiian language currently in use; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Higher Education that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2491, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2491, H.D. 2, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
 Hawaiian Affairs: Ayes, 5; Ayes with Reservations (Keohokalole). Noes, none. Excused, none.
 Higher Education: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Kidani).

SCRep. 3484 (Joint) Water and Land and Government Operations on H.B. No. 1432

The purpose and intent of this measure is to:

- (1) Increase the maximum term of a concession;
- (2) Exempt concessions for beach or ocean-related recreational services from sealed bid requirements, with certain conditions;
- (3) Provide that a county director of parks and recreation has sole discretion to designate which county parks are environmentally, culturally, historically, or operationally unique for purposes of determining whether a concession at the park is exempt from the sealed bid requirements; and
- (4) Expand the exemption for concessions at county zoos, botanic gardens, or county parks that are designated by the respective county director of parks and recreation, in the director's sole discretion, as environmentally, culturally, historically, or operationally unique; provided that the concessions are awarded to responsible offerors whose proposals are the most advantageous, rather than solely to certain nonprofit corporations.

Your Committees received testimony in support of this measure from the Department of Enterprise Services of the City and County of Honolulu. Your Committees received testimony in opposition to this measure from the Palekaiko Beachboys Club.

Your Committees find that, while public leases may be granted for up to sixty-five years, concession contracts may not exceed fifteen years, making it difficult for agencies to find concessionaires who are willing to invest in the necessary capital improvements to

provide satisfactory concession services to visitors and residents of the State. Notably, it is challenging for potential concessionaires to generate sufficient revenues to support operations while amortizing the concessions' construction and other costs at the current lease and contract length of fifteen years. This measure promotes a more efficient concessions bidding process by increasing the maximum length of concession contracts and establishing and expanding exemptions for certain types of concessions.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1432, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1432, H.D. 1, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3485 (Joint) Water and Land and Government Operations on H.B. No. 1436

The purpose and intent of this measure is to expand the authority of the counties to transfer development rights to address areas at risk of sea level rise, coastal erosion, storm surge, or flooding.

Your Committees received testimony in support of this measure from the Office of Planning and Sustainable Development; one member from the Maui County Council; City and County of Honolulu Department of Planning and Permitting; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency.

Your Committees find that all governmental entities must proactively plan, coordinate, and act to adapt to climate change and sea level rise to ensure the State's sustainable and resilient future. Your Committees note that an existing mechanism to transfer development rights currently assists the City and County of Honolulu Department of Planning and Permitting with the preservation of historic properties. Accordingly, expanding the authority of the counties to regulate the transfer of development rights could help the counties better manage vulnerable coastal, low-lying, and other areas that are at-risk from the effects of sea level rise, coastal erosion, storm surge, or flooding.

According to testimony received from the City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency, this measure would not only provide an economically feasible option for property owners to mitigate risk and relocate from existing and increasingly hazardous location, but will also facilitate growth in areas that are more appropriate for development.

Your Committees have amended this measure by:

- (1) Clarifying:
 - (A) That a purpose of the comprehensive planning program is to protect from development lands that are vulnerable to impacts and hazards associated with sea level rise, coastal erosion, storm surge, or flooding; and
 - (B) Language related to the transfer of development rights from lands vulnerable or adversely affected by sea level rise, coastal erosion, storm surge, or flooding;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1436, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1436, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3486 (Joint) Water and Land and Government Operations on H.B. No. 2034

The purpose and intent of this measure is to amend the membership of the Hawaii Community Development Authority by:

- (1) Removing the county council as the nominating authority for the community development district representatives;
- (2) Removing one at-large member;
- (3) Reducing the number of district resident representatives; and
- (4) Making the Director of Planning and Permitting of each county a voting, rather than a nonvoting, member.

Your Committees received testimony in support of this measure from the Hawaii Community Development Authority. Your Committees received testimony in opposition to this measure from two individuals.

Your Committees find that under existing law, the Honolulu City Council has nominating authority for three members of the Hawaii Community Development Authority, who represent the Kaakaako, Kalaeloa, and Heeia community development districts. Your

Committees further find that this nominating authority is more appropriately placed within the offices of the President of the Senate and Speaker of the House of Representatives as the Hawaii Community Development Authority is a state agency. Accordingly, this measure removes the Honolulu City Council's nomination authority and places it within more appropriate offices.

Your Committees have amended this measure by making it effective on July 1, 2022.

As affirmed by the records of votes of the members of your Committees on Water and Land and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2034, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2034, H.D. 2, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3487 (Joint) Water and Land and Government Operations on H.B. No. 2332

The purpose and intent of this measure is to allow the granting of easements on public lands to be exempt from formal subdivision process and approval requirements, including requirements for surveying and formalizing easements.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Aquaculture and Aquaponics Association, and one individual. Your Committees received testimony in opposition to this measure from the Hawaii Land Surveyors Association and two individuals. Your Committees received comments on this measure from the Department of Agriculture and Department of Planning and Permitting of the City and County of Honolulu.

Your Committees find that pursuant to Act 90, Session Laws of Hawaii 2003 (Act 90), both the Department of Land and Natural Resources and Department of Agriculture agreed to the transfer of non-agricultural park lands. Currently, some public agencies experience difficulties in obtaining various types of easements resulting from subdivision approval requirements for easements and a costly, time-consuming process to survey and map the affected area. As some lands eligible for transfer under Act 90 are undeveloped, facilitating the jurisdictional transfer may allow for further utilization of state lands.

However, your Committees also note the concerns of the Hawaii Land Surveyors Association regarding easement exemptions. This measure, as drafted, would exempt all easements granted over public lands from formal county subdivision review which would further complicate use and development rights on public lands. Further, your Committees note the importance of facilitating the transfer of undeveloped state lands between the Department of Land and Natural Resources and Department of Agriculture for jurisdictional purposes. To promote the transfer of undeveloped lands between the Department of Land and Natural Resources and Department of Agriculture, limiting exemptions would allow for greater utilization of state lands.

Accordingly, your Committees have amended this measure by limiting the exemption of easements granted over public lands from formal county subdivision process and approval requirements to those affecting the transfer of undeveloped public lands between the Department of Land and Natural Resources and Department of Agriculture, pursuant to Act 90, Session Laws of Hawaii 2003.

As affirmed by the records of votes of the members of your Committees on Water and Land and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2332, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2332, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3488 (Joint) Energy, Economic Development, and Tourism and Agriculture and Environment on H.B. No. 2088

The purpose and intent of this measure is to:

- (1) Establish an at- or below-market interest loan program and authorize property assessed financing for environmental, economic recovery, and economic diversification projects and initiatives;
- (2) Establish the Environmental and Economic Development Revolving Loan Fund; and
- (3) Appropriate and authorize funds to provide loans or other financial assistance to eligible property owners and for other purposes allowed by the Hawaii Green Infrastructure Authority (HGIA), including implementation costs.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Health; Department of Hawaiian Home Lands; Hawaii Green Infrastructure Authority; City and County of Honolulu Office of Climate Change, Sustainability, and Resiliency; Hawai'i Reef and Ocean Coalition; Maui Chamber of Commerce; Petros PACE Finance; Hawaii Solar Energy Association; Zero Waste Kauai; Nuveen Green Capital; Center for Biological Diversity; Surfrider Foundation – Hawai'i Region; Holu Hou Energy; C-PACE Alliance; and three individuals. Your Committees received testimony in opposition to this measure from Mortgage Bankers Association of Hawaii and Hawaii Credit Union League. Your Committees received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Public Utilities Commission, Department of Commerce and Consumer Affairs Division of Consumer Advocacy, Tax Foundation of Hawaii, Hawaii Financial Services Association, Hawaii Banker's Association, and one individual.

Your Committees find that, although the coronavirus disease 2019 pandemic demonstrated the importance of ensuring the health of our people and economy, it is equally important to invest resources sufficient to ensure Hawaii's environmental health. Your Committees further find that there is a compelling interest for state government to provide non-traditional financing options to assist certain property owners to voluntarily undertake projects for the upgrade, conversion, or connection to municipal or private wastewater

systems, installation of energy conservation, or renewable energy retrofits because properties that are not protected from harmful environmental health hazards contribute to the overall environmental health burdens affecting the State.

During the hearing, HGIA and local stakeholders, including the Hawaii Bankers Association, Hawaii Financial Services Association, and representatives of commercial property assessed clean energy (PACE) programs, residential PACE programs, and local banks, confirmed that they met and agreed on three amendments to propose to your Committees, which are as follows:

- (1) Limiting the scope of the measure to apply only to commercial properties;
- (2) Strengthening the language to allow each existing mortgage holder or servicer the sole and absolute discretion to withhold lender consent for the property owner to enter into a property assessed financing assessment contract; and
- (3) Expanding the definition of a property assessed financing lender to automatically include the members of the Hawaii Bankers Association and Hawaii Financial Services Association.

According to testimony received by your Committees, HGIA also requests a further amendment to allow non-ad valorem special tax assessments to be billed and collected on stand-alone tax bills so that the counties will not be burdened by additional work and will not require additional resources to upgrade its billing systems to accommodate this special tax assessment.

Accordingly, your Committees have amended this measure by:

- (1) Inserting language to:
 - (A) Allow the non-ad valorem special tax assessment to be billed and collected on a stand-alone tax bill;
 - (B) Allow existing mortgage holders of the benefitted or improved commercial property the discretion to withhold lender consent; and
 - (C) Include financial institutions defined under section 412:1-109, Hawaii Revised Statutes, relating to the Code of Financial Institutions, to the definition of a commercial property assessed financing lender;
- (2) Removing language that:
 - (A) Relates to the assessed financing of residential property to narrow the scope of the measure to commercial property;
 - (B) Establishes the Environmental and Economic Development Revolving Loan Fund; and
 - (C) Appropriates and authorizes funds to provide loans or other financial assistance to eligible property owners and for other purposes allowed by HGIA, including implementation costs;
- (3) Making conforming amendments to the remaining references to property to refer only to commercial property;
- (4) Expanding the definition of commercial property;
- (5) Inserting a severability clause;
- (6) Amending section 1 to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2088, H.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2088, H.D. 3, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Rhoads). Noes, none. Excused, none.

SCRep. 3489 (Joint) Higher Education and Agriculture and Environment on H.B. No. 1711

The purpose and intent of this measure is to appropriate funds to the University of Hawaii to support three additional full-time (3.0 FTE) positions at the College of Tropical Agriculture and Human Resources Kauai Research and Extension Station.

Your Committees received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Hawai'i Farm Bureau; Land Use Research Foundation of Hawaii; Hawaii Crop Improvement Association; Hawaii Floriculture and Nursery Association; Mulkern Landscaping & Nursery; Hawaii Cattlemen's Council, Inc.; Ulupono Initiative; Maui County Farm Bureau; and four individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the College of Tropical Agriculture and Human Resources (CTAHR) provides important outreach and education, including programs that have benefited farmers and ranchers across the State. On Kauai, CTAHR has only one Active Research and Extension Station (KARES), which facilitates a number of critical greenhouse-based research and extension projects. Before recent events, KARES had five full-time staff who maintained and supported all active research and extension plot allocations at the Kauai station. They are now down to only two employees, which poses significant harm to the continuity of agriculture extension and research efforts on Kauai, especially in the areas of ranching and animal husbandry. This measure will help ensure vital assistance to support agricultural stakeholders who rely on a number of CTAHR programs for success of their operations.

Your Committees respectfully request that your Committee on Ways and Means to consider the purpose of the appropriation and whether the moneys should be appropriated to restore funding for unfunded positions, for new positions to support the College of Tropical Agriculture and Human Resources, or both.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1711, H.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Higher Education: Ayes, 4. Noes, none. Excused, 1 (Wakai).
Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

SCRep. 3490 (Joint) Higher Education and Agriculture and Environment on H.B. No. 1844

The purpose and intent of this measure is to appropriate funds to the University of Hawaii for the College of Tropical Agriculture and Human Resources to establish one full-time (1.0 FTE) Agriculture Education Coordinator position.

Your Committees received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Department of Education; Hawai'i Farm Bureau; Local Food Coalition; Hawai'i Farm to School Hui; Hawaii Public Health Institute; Hawaii Floriculture and Nursery Association; Center for Getting Things Started; Grow Some Good; Hawaii Cattlemen's Council, Inc.; Hawai'i Alliance for Progressive Action; Hawai'i Youth Food Council; and eight individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that the average age of farmers in Hawaii is sixty years, and the State does not have a farming workforce large enough for the expansion of cultivated agricultural lands and food production. One primary cause of the shortage of new farmers in Hawaii in the past several decades has been the decline in support for agriculture education from state government, including training for agriculture teachers. The lack of support for agriculture education has resulted in insufficient interest in pursuing the fields of agriculture and natural resource management among Hawaii's youth. This measure is therefore necessary to advance agriculture career awareness, exploration, preparation, and training in schools to sustain Hawaii's workforce and contribute to increasing agricultural production and resiliency.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1844, H.D. 2, and recommend that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.
Higher Education: Ayes, 4. Noes, none. Excused, 1 (Wakai).
Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

SCRep. 3491 (Joint) Agriculture and Environment and Energy, Economic Development, and Tourism on H.B. No. 2399

The purpose and intent of this measure is to:

- (1) Establish an Extended Producer Responsibility Program;
- (2) Require certain producers of fast-moving consumer goods to register with the Department of Health and pay an annual fee based on the amount of packaging volume the covered producer places on the market each calendar year;
- (3) Provide for the deposit of fees into an Extended Producer Responsibility Special Fund;
- (4) Provide for the expenditure of moneys from the Extended Producer Responsibility Special Fund for the creation of a report that assesses the resources needed to reduce the volume of packaging waste sent to landfills or power plants that burn municipal solid waste as a fuel by fifty percent and eighty percent by dates to be determined by rule; and
- (5) Appropriate moneys.

Your Committees received testimony in support of this measure from the Department of Health; Hawaii State Energy Office; City and County of Honolulu Department of Environmental Services; Hawai'i County Department of Environmental Management; Maui County Department of Environmental Management; one member of the Hawai'i County Council; Institute for Local Self-Reliance; Recycle Hawaii; Hawai'i Alliance for Progressive Action; Sustainable Kohala; 808 Sweets; Aloha Baskets and Balloons; Artful Cups By Lola; Attainable Sustainable, LLC; Aunt Sue's Sugar Shack; Auntie Lucinda's Bakery; Big Island Empanadas; Big Island Grindz; Creative Mae Studio; Eclectic Virgo; Grace Flowers Hawaii; Hana Hou; Hana Hou Recycling; Hilo Food Hub; Hilo Town Market; Into the Realms; In Harmony Hawaii LLC; Island Motion Wear; Island Naturals Markets; Kamuela Gourmet; Koko Kai Foods LLC; Kolohe By Nature; Kuke Pule 'Ai; Lotus Garden Hilo; Mother Felter Creations; NAP Glass; Neapolitan Pizza; Orig Media; Palace Grounds Cafe; Pop Culture Artisan Pops; Precision Palms LLC; Simply Homesteady; The Locavore Store; Upcycle Hawaii; Volcano Mushrooms; Volcano Precious Plastics; Whatta Waffle; Wild HeArtist; XLR8HI; Vespucci Collective; Zero Waste Kauai; Hawaiian Ethos; Center for Biological Diversity; Loved by the Sun; Our Revolution Hawaii; Kokua Diaper LLC; Hawai'i Wildlife Fund; Apollo Kauai; Kupuna for the Mo'opuna; 350Hawaii.org; Pacific Whale Foundation; Chamber of Sustainable Commerce; Hilo Downtown Improvement Association; Seed.World; Sea Hugger; Upstream; Climate Protectors Hawai'i; Hawai'i Reef and Ocean Coalition; Big Island Reef Keepers Hui; Kauai Women's Caucus; Association of Home Appliance Manufacturers; Surfriider Foundation; Recycle Hawai'i; Zero Waste O'ahu; Zero Waste Hawai'i Island; and eighty-three individuals. Your Committees received testimony in opposition to this measure from the Odom Corporation; Consumer Healthcare Products Association; Hawai'i Farm Bureau; ABC Stores; American Institute for Packaging and the Environment; American Chemistry Council; FCH Enterprises; Paradise Beverages; Hawaii Crop Improvement Association; CropLife America; Meadow Gold Dairies Hawaii; Island Plastic Bags, Inc.; Island Grown Foods, Inc.; Hawai'i Restaurant Association; Breezeway Consulting LLC; Hawaii Food Industry Association; Wine Institute; American Beverage Association; Chamber of Commerce Hawaii; Retail Merchants of Hawaii; and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance; Animal Health Institute; Urban Ore, Inc.; and one individual.

Your Committees find that the production of waste in Hawaii threatens human health and the environment. To mitigate such damage, the State strives to promote the public policy of reducing the production of waste. Extended producer responsibility policies

are designed to transfer some of the costs associated with waste management to the entities that produce the waste. This measure establishes an Extended Producer Responsibility Program to transfer some of the costs for waste management from taxpayers to waste producers.

Your Committees have amended this measure by:

- (1) Providing that this measure shall not apply to materials used in certain products regulated by federal law; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2399, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2399, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Rhoads). Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.

SCRep. 3492 (Joint) Human Services and Health on H.B. No. 2293

The purpose and intent of this measure is to establish the Prevent Suicide Hawaii Task Force (Task Force) to develop annual recommendations to the Legislature with the goal of reducing suicide by twenty-five percent by 2025.

Your Committees received testimony in support of this measure from the Department of Education, Department of Health, University of Hawai'i System, Prevent Suicide Hawai'i Taskforce, Department of Public Safety, Hawaii Substance Abuse Coalition, Hawaii Psychiatric Association, Mental Health America of Hawai'i, Samaritan Counseling Center Hawaii, Hawai'i Primary Care Association, Hawai'i Health & Harm Reduction Center, Hawai'i Alliance for Progressive Action, and two individuals.

Your Committees find that in Hawaii, suicide accounts for twenty-five percent of all fatal injuries. According to the Department of Health, the percentage of teenagers in the State who plan to attempt suicide and the percentage of teenagers who die by suicide are among the highest in the nation. Your Committees further find that the Task Force convened in 1999 and is the largest and longest-standing grassroots collaborative focused on suicide prevention. This measure codifies the existing Task Force, thereby recognizing its importance to the State.

Your Committees acknowledge the testimony of the Task Force, which proposes amendments to the measure that would use preferred language regarding suicide and consolidate the Task Force's membership.

Therefore, your Committees have amended this measure by:

- (1) Removing the phrase "commit suicide" and replacing it throughout with "die by suicide";
- (2) Consolidating the representatives from each branch of the military into one representative from the Joint Military Suicide Prevention Taskforce;
- (3) Consolidating the named representatives from the Hawaii Chapter of the American Foundation for Suicide Prevention into one representative from the Hawaii Chapter as a whole;
- (4) Updating section 1 to provide more recent statistical data; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2293, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2293, H.D. 1, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 5. Noes, none. Excused, none.

Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

SCRep. 3493 (Joint) Human Services and Housing on H.B. No. 2512

The purpose and intent of this measure is to:

- (1) Expand the statutory exemptions granted to the Ohana Zones Pilot Program contracts;
- (2) Extend the sunset date of the Ohana Zones Pilot Program for three years until June 30, 2026; and
- (3) Appropriate funds for the Ohana Zones Pilot Program, for purposes including expenses relating to staffing, facility construction, provision of services, and administrative costs.

Your Committees received testimony in support of this measure from the Kaua'i County Housing Agency, Partners in Care, Hawai'i Appleseed Center for Law & Economic Justice, Catholic Charities Hawai'i, AARP Hawai'i, Planning for Community LLC, and eleven individuals. Your Committees received testimony in opposition to this measure from the Governor's Coordinator on Homelessness, Department of Human Services, and Department of Land and Natural Resources. Your Committees received comments on this measure from the Department of the Attorney General, Department of Defense – Hawai'i Emergency Management Agency, Department of Budget and Finance, and Hawai'i Association of REALTORS.

Your Committees find that Act 209, Session Laws of Hawaii 2018, established the Ohana Zones Pilot Program to provide temporary housing and services to homeless individuals and families based on principles similar to the Housing-First program. "Ohana Zones" is a place that has a program to address basic needs of individuals experiencing homelessness, and where wrap-around services, social and health care services, transportation, and other services may be offered with the goals of alleviating poverty and transitioning individuals experiencing homelessness into affordable housing.

To meet its goal of improving the health and well-being of individuals experiencing homelessness and providing individuals experiencing homelessness with needed services, the Ohana Zones Pilot Program is authorized to provide at each Ohana Zone Site, secure dwelling spaces, medical and social support services, and transportation to appointments related to medical care or supportive services that are not available onsite. To enable expeditious development of Ohana Zones, existing law exempts contracts entered into pursuant to the Ohana Zones Pilot Program from the requirements of the Hawaii Public Procurement Code, chapter 103D, Hawaii Revised Statutes, and state law that governs purchase of health and human services, pursuant to chapter 103F, Hawaii Revised Statutes.

Your Committees also find that due to the uncertain nature of the Ohana Zones Pilot Program's costs and benefits, the Legislature made the program temporary and imposed a sunset date of June 30, 2021, which was extended in 2019 to June 30, 2023. Your Committees believe that further extension of this sunset date and the expansion of statutory exemptions for the Ohana Zones Pilot Program contracts in this measure are critical for the State to address its rate of homelessness, which continues to stand as one of the highest in the nation.

Where Ohana Zones projects are meant to be temporary shelters into which the homeless on the street are provided shelter, temporary exemption status provided in this measure is needed.

Your Committees note multiple testimonies raising concerns over the breadth of regulatory exemptions granted to the Ohana Zones Pilot Program contracts under this measure; specifically, exemptions from Hawaii Revised Statutes that govern Public Procurement (chapter 103D), Wages and Hours of Employees on Public Works (chapter 104), Management and Disposition of Public Lands (chapter 171), and Social Services (chapter 346), as well as sections in chapter 46, with which compliance is required for the State and counties to participate in the National Flood Insurance Program, and could jeopardize the availability of federal flood insurance policies and federal disaster assistance.

Your Committees understand that some Ohana Zone programs like Oahu's HONU have assessment centers within the program that provide referral and wrap around services. Your Committees believe that the establishment of homeless triage centers, which supplement the assessment centers, is also essential for Hawaii to serve the needs of people experiencing homelessness. "Triage center" for the purpose of this measure means crisis assessment and management. The triage, or more appropriately, Crisis Assessment and Management program is meant to supplement, not supplant existing services.

Accordingly, your Committees have amended this measure by:

- (1) Amending section 1 by deleting chapters 103D, 104, 171, and 346, Hawaii Revised Statutes, and excluding sections 46-1.5(5)(B), 46-88(c)(5), and 46-88(j), Hawaii Revised Statutes, from the list of statutory exemptions granted to the Ohana Zones Pilot Program contracts;
- (2) Clarifying that no contract entered into pursuant to the Ohana Zones Pilot Program or structures constructed thereunder shall be exempt from county, state, or federal flood plain management development standards, or statutes, codes, ordinances, rules, or regulations with which compliance is required under the National Flood Insurance Program;
- (3) Establishing a five-year Homeless Triage Center Pilot Program administered by the Department of Human Services to operate homeless triage centers that serve as crisis assessment and management centers that provide temporary shelter and referral services for homeless individuals with serious mental illness, chronic medical conditions, or chronic substance abuse;
- (4) Appropriating \$2,500,000 for the establishment, implementation, and administration of the Homeless Triage Center Pilot program, including funding for one full-time equivalent (1.0 FTE) planner or specialist position; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Housing that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2512, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2512, H.D. 2, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chair and President on behalf of the Committees.

Human Services: Ayes, 3; Ayes with Reservations (Acasio, Ihara). Noes, none. Excused, 2 (Misalucha, Fevella).

Housing: Ayes, 3; Ayes with Reservations (Rhoads). Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3494 (Joint) Transportation and Commerce and Consumer Protection on H.B. No. 1971

The purpose and intent of this measure is to:

- (1) Authorize and regulate peer-to-peer car-sharing, including establishing insurance requirements;
- (2) Impose the general excise tax and rental motor vehicle surcharge tax on peer-to-peer car-sharing programs; and
- (3) Require those persons engaging or continuing in a peer-to-peer car-sharing program to register with the Department of Taxation.

Your Committees received testimony in support of this measure from the Department of Taxation, Hawaii Insurers Council, Enterprise Holdings, American Property Casualty Insurance Association, GEICO, Maui Metropolitan Planning Organization, and the Hawaii Association for Justice. Your Committees received testimony in opposition to this measure from the Department of Commerce

and Consumer Affairs' Offices of Consumer Protection. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs Insurance Division, Tax Foundation of Hawaii, Getaround, and Turo.

Your Committees find that establishment of regulations and clarification of tax rules are necessary for peer-to-peer car-sharing programs. This measure establishes requirements and clarifies taxation laws for peer-to-peer car-sharing programs.

Your Committees note that existing law empowers the Department of Transportation Airports Division to establish policies and rules governing use and access to the airports' premises. Peer-to-peer car-sharing programs should be subject to such rules when operating at airports.

Your Committees have amended this measure by:

- (1) Removing insurance provisions governing peer-to-peer car-sharing;
- (2) Clarifying that both the shared car owner and peer-to-peer car-sharing program are responsible for ensuring cars with recalls are not in circulation;
- (3) Clarifying that the peer-to-peer car-sharing program shall be subject to the rental vehicle surcharge tax; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Commerce and Consumer Protection that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1971, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1971, H.D. 2, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, 2 (San Buenaventura, Fevella).

SCRep. 3495 (Joint) Energy, Economic Development, and Tourism and Labor, Culture and the Arts on H.B. No. 2448

The purpose and intent of this measure is to:

- (1) Require the Department of Business, Economic Development, and Tourism (DBEDT) to establish and maintain a statewide data hub to collect employer and employee data;
- (2) Authorize DBEDT to determine the type of employer and employee data to collect, the functions of the statewide data hub, and access and document retention policies for the data; and
- (3) Appropriate funds for the design, installation, population, and management of a statewide data hub.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Office of Enterprise Technology Services. Your Committees received testimony in opposition to this measure from the Hawaii Food Industry Association, Retail Merchants of Hawaii, and one individual. Your Committees received comments on this measure from the Department of Budget and Finance and Chamber of Commerce Hawaii.

Your Committees find that DBEDT currently does not have the authority to collect and analyze employer data related to industry and occupational wages by county or other employment conditions and practices. Your Committees further find that this type of data is vital to the effective operation of several programs within the purview of DBEDT. Your Committees recognize the concerns of testifiers in opposition regarding the broad language in the measure relating to the employer and employee data to be collected.

Accordingly, your Committees have amended this measure by:

- (1) Specifying that the employer and employee data to be collected by DBEDT is limited to the information and data that is available to the Department of Labor and Industrial Relations pursuant to section 371-11, Hawaii Revised Statutes, regarding research, statistics, and the duty of employers to keep certain records; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Labor, Culture and the Arts that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2448, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2448, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.

Labor, Culture and the Arts: Ayes, 5. Noes, none. Excused, none.

SCRep. 3496 (Joint) Higher Education and Agriculture and Environment on H.B. No. 2305

The purpose and intent of this measure is to appropriate funds to the University of Hawaii for the College of Tropical Agriculture and Human Resources to study diseases affecting the production of ornamental red ginger on Oahu and the neighbor islands and to develop mitigation strategies for any identified diseases.

Your Committees received testimony in support of this measure from the Department of Agriculture; University of Hawai'i System; Hawai'i Farm Bureau; Land Use Research Foundation of Hawaii; Hawaii Crop Improvement Association; East Oahu County Farm Bureau; Hawaii Floriculture and Nursery Association; Mulkern Landscaping & Nursery; Hawaii Tropical Flowers and Foliage Association; Maui County Farm Bureau; and three individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that *alpinia purpurata*, known as ornamental red ginger or flowering ginger, is an herbaceous, perennial plant with bright red or pink floral bracts and inconspicuous white flowers that is popular for tropical landscape designs as well as floral displays. The plant is native to the Pacific Basin and was introduced to Hawaii, where it became naturalized sometime prior to 1930.

Your Committees also find that during recent years, ornamental red ginger growers on Oahu have been reporting outbreaks of diseases causing severe dieback that threaten their livelihood. Reports of crop decline, which originally started in the Kahaluu area of Oahu have spread to surrounding areas, raising concerns over the spread of pathogens. According to the University of Hawaii, the College of Tropical Agriculture and Human Resources and Department of Agriculture were able to identify the presence of various viruses and pathogens that are infecting ornamental ginger. This measure will allow funding for further research on infectious plant diseases to ensure that appropriate measures can be developed and implemented to mitigate or prevent further negative impacts on Hawaii's agriculture, environment, and economy.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2305, H.D. 1, and recommend that it pass Second Reading and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Higher Education: Ayes, 4; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Wakai).

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 3497 Education on H.B. No. 1941

The purpose and intent of this measure is to require the Department of Education to establish grant programs to provide funds for the planning and implementation of community schools through a two-year pilot program.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii State Teachers Association, Hawaii Children's Action Network Speaks!, Mahiku A'o Mai, Democratic Party of Hawai'i Education Caucus, Early Childhood Action Strategy, Hawai'i Afterschool Alliance, and one individual.

Your Committee finds that community schools can be a critical educational resource in the State. These schools understand the unique challenges facing their communities, which results in educational experiences that are tailored to the actual needs of the surrounding community. As noted in testimony, these schools also help organize and deploy existing community resources, serving as a beacon for self-improvement, prosperity, and hope. Your Committee further finds, however, that community schools have not yet fully realized their potential as an educational resource in the State. Accordingly, this measure will strengthen communities statewide by establishing a pilot grant program to promote the development and expansion of community schools.

Your Committee has amended this measure by:

- (1) Replacing references to "sustainable community schools" with "community schools";
- (2) Clarifying the definition of "applicant";
- (3) Inserting definitions for "eligible school" and "school leadership team" based on language from the body of the measure;
- (4) Inserting a definition for "pillars of community schools";
- (5) Inserting a new section to clarify the types of grants awardable under the pilot program and maximum funding amounts;
- (6) Clarifying the term of planning grants and implementation grants and extending the term of the pilot program from two to five years;
- (7) Replacing references to "request for proposal" with "application process";
- (8) Streamlining and clarifying the application requirements for planning grants;
- (9) Inserting maximum funding amounts for planning grants and implementation grants;
- (10) Clarifying submission, content, and timing requirements for community school plans;
- (11) Requiring the school leadership team to issue recommendations on a quarterly basis;
- (12) Replacing references to "operational grant" with "implementation grant";
- (13) Clarifying the entity responsible for hiring coordinator and director positions;
- (14) Deleting the requirement to implement certain federal funding and services;
- (15) Clarifying allowable uses of the implementation grant;
- (16) Streamlining and clarifying application requirements for implementation grants;
- (17) Streamlining and clarifying reporting requirements, and clarifying the identity of entities responsible for submission and approval of reports;
- (18) Streamlining and clarifying evaluation criteria for pilot program;
- (19) Inserting an appropriation of unspecified funds for purposes of funding the pilot program and grants;
- (20) Inserting a repeal date of June 30, 2027; and
- (21) Making technical, nonsubstantive amendments for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1941, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1941, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3498 Education on H.B. No. 1942

The purpose and intent of this measure is to require the Department of Education to establish a tiered student bus fare rate system to include free bus passes for students and households that qualify for free or reduced lunch under the free and reduced price lunch program.

Your Committee received testimony in support of this measure from Mahiku A'o Mai. Your Committee received comments on this measure from the Department of Education and Department of Budget and Finance.

Your Committee finds that the Department of Education provides critical student transportation services, particularly for students who lack other transportation options or face hardship in obtaining transportation to school due to economic difficulty. Your Committee further finds that a student who qualifies for free lunch under the free and reduced price lunch program is eligible for a free bus pass. However, free bus passes do not extend to students who qualify for reduced lunch under the program. Accordingly, this measure expands access to student transportation services by establishing a tiered student bus fare system to allow for comparable bus fare rates for students and households that qualify for reduced lunch under the free and reduced price lunch program.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1942, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1942, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3499 (Joint) Water and Land and Government Operations on H.B. No. 1672

The purpose and intent of this measure is to expand the purpose and rationale for which counties may create special improvement districts to include:

- (1) Environmental research, restoration, and maintenance; and
- (2) Natural hazard mitigation to improve environmental conditions and provide community benefits.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i System, Sierra Club of Hawai'i, and Waikiki Beach Special Improvement District Association. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Hawai'i Emergency Management Agency.

Your Committees find that existing law allows counties to create special improvement districts to provide supplemental financial support for purposes of restoring or promoting business activity; however, the needs and demands of these districts has grown to include the management or mitigation of environmental conditions that impact natural resources. As threats to environmental ecosystems continue to increase, including coastal hazards, frequent severe storms and drought, sea level rise, groundwater inundations, and coastal erosion, it is necessary to broaden the counties' authority to create special improvement districts. Therefore, this measure allows the counties to establish special improvement districts for environmental protection and preservation, natural resource management, and natural hazard mitigation.

Your Committees have amended this measure by:

- (1) Clarifying that the purposes of creating a special improvement project district include but are not limited to providing, financing, and coordinating federal, state, and county efforts to further the district's goals;
- (2) Inserting an effective date of July 1, 2022; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1672, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1672, H.D. 1, S.D. 1, and be referred to your Committees on Judiciary and Ways and Means.

Signed by the Chairs on behalf of the Committees.
Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Fevella).
Government Operations: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3500 (Joint) Water and Land and Agriculture and Environment on H.B. No. 1658

The purpose and intent of this measure is to authorize the Department of Agriculture, prior to the transfer of non-agricultural park lands, to request information from the Department of Land and Natural Resources related to the establishment of necessary and reasonable easements upon the land.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Department of Agriculture; Hawai'i Farm Bureau; Local Food Coalition; Hawaii Cattleman's Council, Inc.; Hilo Fish Company; and one individual. Your Committees received comments on this measure from the Land Use Research Foundation of Hawaii, Ulupono Initiative, and one individual.

Your Committees find that Act 90, Session Laws of Hawaii 2003 (Act 90), was enacted to transfer certain non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture. In 2021, the Act 90 Working Group, established by Act 139, Session Laws of Hawaii 2021, determined that lands under the Department of Land and Natural Resources used for the primary purpose of agricultural production should be transferred to the Department of Agriculture following the conditions and procedures set out by Act 90, Session Laws of Hawaii 2003. Despite its intent to foster collaborative working relationships between the Department of Land and Natural Resources, Department of Agriculture, and lessees of multi-use agricultural lands, lengthy transfer processes have stalled the transfer of lands utilized for the primary purpose of agricultural production.

Your Committees have amended this measure by:

- (1) Exempting easements granted over public lands affecting the transfer of undeveloped public lands between the Department of Land and Natural Resources and the Department of Agriculture, pursuant to Act 90, from formal county subdivision process and approval requirements;
- (2) Requiring the Department of Agriculture to accept the transfer of and manage certain qualifying encumbered non-conservation, non-agricultural park lands, including pasture leases;
- (3) Providing that designated conservation lands not in current agricultural use shall remain under the Department of Land and Natural Resources;
- (4) Requiring the Department of Agriculture, prior to offering a lease, to inquire with the Department of Land and Natural Resources regarding any easements required for access to landlocked forest reserves or other assets on the lands subject to the lease;
- (5) Requiring a lessee to develop a conservation program and plan if conservation resources exist on the land;
- (6) Requiring approval from the Board of Land and Natural Resources and the Board of Agriculture before removing pasture lands for reforestation, or other public purposes;
- (7) Inserting a savings clause;
- (8) Amending section 1 to reflect its amended purpose; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1658, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1658, H.D. 1, S.D. 1, and be referred to your Committees on Ways and Means and Judiciary.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 3501 (Joint) Water and Land and Agriculture and Environment on H.B. No. 1768

The purpose and intent of this measure is to exempt the instream use of water for:

- (1) Traditional and customary kalo cultivation practices; and
- (2) Commercial kalo cultivation conducted in a manner consistent with traditional and customary Native Hawaiian practices from the existing process for disposition of water rights.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands, Hawaii State Aha Moku, Office of Hawaiian Affairs, one member of the Hawai'i County Council, one member of the Kaua'i County Council, County of Kaua'i Office of the Mayor, Restore the Commons, Center for Biological Diversity, Kua'āina Ulu 'Auamo, Hanalei Watershed Hui, Sierra Club of Hawai'i, Hawaiian Affairs Caucus of the Democratic Party of Hawai'i, Kanaeokana Network, 'Ai Pohaku – The Stone Eaters, Wai'oli Valley Taro Hui, Earthjustice, Papa Ola Lōkahi, Waipā Foundation, Hanalei Hawaiian Civic Club, Hui o Nā Wai 'Ehā, Hawai'i Alliance for Progressive Action, Hawaiian Islands Land Trust, 'Ahahui o nā Kauka – Association of Native Hawaiian Physicians, Council for Native Hawaiian Advancement, and twenty-seven individuals. Your Committees received testimony in opposition to this measure from Makahanaloa Fishing Association.

Your Committees find that for nearly two thousand years, Native Hawaiians have been farming successfully on lands throughout the State without adversely impacting the land. As a significant cultural and traditional practice, Native Hawaiian farming practices serve as a key tradition that also benefits the quality of life for Hawaii's residents. While the State has a fiduciary duty to assure the preservation and enhancement of water for various public interests, some regulatory actions disrupt protected cultural rights and traditions of Native Hawaiians.

However, your Committees have heard the concerns of many testifiers, including Hui o Nā Wai 'Ehā, that this measure as drafted should confirm and uphold existing water rights. According to Hui o Nā Wai 'Ehā, protections of traditional, customary, and kuleana rights, including rights to access traditional water course or auwai, support kalo farmers across the State. Some kalo farmers have waited over twenty years to have priority rights recognized. The gap in recognition has led to delays or deprivation of water rights access. To preserve traditional Native Hawaiian cultural rights while also providing clean, safe, and protected water to the people of

Hawaii, amendments to this measure are therefore necessary to provide further justice for kalo farmers to exercise traditional, customary, and kuleana water rights.

Your Committees have amended this measure by:

- (1) Deleting language that would have exempted commercial kalo cultivation conducted in a manner consistent with traditional and customary Native Hawaiian practices from the existing process for disposition of water rights;
- (2) Clarifying that the powers and duties of the Commission on Water Resource Management to determine appurtenant water rights include the specification of the water course or the means of access and delivery entitled to by that right;
- (3) Clarifying that nothing in chapter 174C, part IV, Hawaii Revised Statutes, shall be construed to deny the exercise of an appurtenant right, including the use, access, delivery, and quality of water, by the holder thereof at any time;
- (4) Clarifying that the appurtenant water rights of kuleana and taro lands, include but are not limited to the rights of use, access, delivery, and quality of water;
- (5) Inserting a severability clause;
- (6) Amending section 1 to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1768, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1768, H.D. 2, S.D. 1, and be referred to your Committee on Judiciary.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

SCRep. 3502 (Joint) Water and Land and Agriculture and Environment on H.B. No. 1872

The purpose and intent of this measure is to:

- (1) Require the Department of Land and Natural Resources to recognize that game mammals and game birds provide a food source;
- (2) Require the Department of Land and Natural Resources to recognize that striking an appropriate balance between the management of game mammal and game bird populations and sustainability of their natural habitats to reduce negative impacts to important watershed areas is a priority;
- (3) Require the Department of Land and Natural Resources to recognize that the State's unique relationship with the ocean requires careful consideration and management of land and ocean activities that prioritize the public trust responsibilities of the State; and
- (4) Require each department, office, or agency of the State to update its rules and policies to integrate the local hunting and fishing industries into any food security or sustainability strategies that department, office, or agency employs.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Farm Bureau; Good Shepherd Foundation; Hawaii Sportsmen's Alliance; Wailoa River and Reeds Bay Boater and User Association Inc.; Hawaii Cattlemen's Council, Inc.; Hawaii Firearms Coalition; Hawai'i Forest Industry Association; Hawaii County Game Management Advisory Commission; Native Hawaiian Gathering Rights Association; and six individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that it is important to balance the management of game populations with the sustainability of their natural habitats to reduce negative impacts to significant watershed areas. Hunting game mammals and birds is an accepted generational practice that helps many local families and individuals supplement their food supply. If game and bird populations are left unmanaged, they can contribute to environmental degradation to both farmland and the natural environment. However, game mammals are also a first line of defense against wildfires that can destroy native trees and cause the growth of additional invasive plants. This measure will help guide the Department of Land and Natural Resources to balance hunting with the management of healthy ecosystems.

Your Committees have amended this measure by:

- (1) Deleting language that would have required the Department of Land and Natural Resources to recognize that adverse effects to the environment are sufficiently minimized or offset through native ecosystem protections; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Agriculture and Environment that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1872, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1872, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5; Ayes with Reservations (Riviere, Fevella). Noes, none. Excused, none.

Agriculture and Environment: Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 3503 (Joint) Water and Land and Energy, Economic Development, and Tourism on H.B. No. 1788

The purpose and intent of this measure is to:

- (1) Establish the Waiakea Peninsula Redevelopment District and Redevelopment and Planning Committee for the redevelopment of public lands on the Waiakea peninsula;
- (2) Establish the Waiakea Peninsula Redevelopment District Revolving Fund; and
- (3) Appropriate funds.

Your Committees received testimony in support of this measure from the Hawai'i Primary Care Association. Your Committees received testimony in opposition to this measure from the Department of Land and Natural Resources, League of Women Voters of Hawaii, and three individuals. Your Committees received comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committees find that the County of Hawaii has faced considerable challenges in diversifying its local economy, despite public lands on the Waiakea Peninsula holding significant potential for reasoned and strategic development due to its close proximity to hotels and sections of Hilo Bay. This measure is intended to promote redevelopment of the Waiakea Peninsula area and would establish a committee to act as the policy-making body for the redevelopment district.

Your Committees note the concerns raised in testimony that this measure, as currently written, adds unnecessary administrative burdens, designates the Waiakea Peninsula Redevelopment District on public lands and excludes important infrastructure components, and complicates the Department of Land and Natural Resources' funding sources regarding lease revenues, among other items. Amendments to this measure are therefore necessary to address these concerns.

Accordingly, your Committees have amended this measure by:

- (1) Substituting the Redevelopment and Planning Committee for the Waiakea Peninsula Redevelopment District with a working group to serve as an advisory body to the Board of Land and Natural Resources and to:
 - (A) Assess the challenges to and desired outcomes for redevelopment; and
 - (B) Make findings and recommendations for proposed redevelopment to the Board of Land and Natural Resources for consideration in an open meeting in accordance with chapter 92, Hawaii Revised Statutes;
- (2) Requiring the working group to consist of the following members:
 - (A) The Chairperson of the Board of Land and Natural Resources, or the Chairperson's designee;
 - (B) The Administrator of the Land Division of the Department of Land and Natural Resources, or the Administrator's designee;
 - (C) The Director of the Office of Planning and Sustainability, or the Director's designee;
 - (D) The Chairperson of the Senate Committee on Water and Land, or the Chairperson's designee;
 - (E) The Chairperson of the House of Representatives Committee on Water and Land, or the Chairperson's designee; and
 - (F) The Director of Planning of the County of Hawaii, or the Director's designee;
- (3) Clarifying that the working group shall conduct its work through meetings, informational briefings, and consultation with Department of Land and Natural Resources' lessees, interested community members and organizations, and persons who have expressed an interest in redevelopment projects in the Waiakea Peninsula Redevelopment District;
- (4) Requiring the Department of Land and Natural Resources to provide any necessary administrative support to the working group;
- (5) Deleting language that would have established the powers and duties of the Redevelopment and Planning Committee;
- (6) Clarifying that the working group shall prepare, or cause to be prepared through one or more planning departments or consultants procured through the department, a redevelopment plan for the Waiakea Peninsula Redevelopment District, which may include certain criteria;
- (7) Deleting language that would have required the redevelopment plan to include areas principally for processing, construction, deconstruction, manufacturing, transportation, wholesaling, storage, and similar industrial activities, and the required parceling of land into minimum size areas related to specific uses;
- (8) Clarifying that the Board of Land and Natural Resources may withdraw dormant or underutilized public land under existing public auction or directly negotiated leases for other priority needs or purposes under certain circumstances, which shall apply retroactively to all existing leases;
- (9) Requiring the working group to submit the redevelopment plan to the Board of Land and Natural Resources for approval and requiring the Board, rather than the Redevelopment and Planning Committee, to hold a public hearing on the proposed redevelopment plan;
- (10) Clarifying that the Board of Land and Natural Resources shall submit a preliminary report to the Legislature of its findings and recommendations, including any proposed legislation, no later than twenty days prior to the convening of the Regular Session of 2024;
- (11) Deleting language that would have regulated leases renewed or reissued by the Redevelopment and Planning Committee;

- (12) Deleting language that would have established the Waiakea Peninsula Redevelopment District Revolving Fund;
- (13) Deleting Sections 3 through 7 of the measure;
- (14) Inserting language appropriating an unspecified amount of general funds to the Department of Land and Natural Resources for the establishment and operations of the Waiakea Peninsula Redevelopment District Working Group;
- (15) Deleting the repeal date of June 30, 2032;
- (16) Amending Section 1 of the measure to reflect its amended purpose; and
- (17) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees further note the questions raised in the hearing on this measure concerning whether the Waiakea Peninsula Redevelopment District Working Group should terminate after a certain date, or continue in perpetuity, and whether the Board of Land and Natural Resources should submit subsequent reports, or a final report in 2026, to the Legislature. Your Committees find that these issues merit further consideration and request that your Committee on Ways and Means examine those issues and concerns further.

As affirmed by the records of votes of the members of your Committees on Water and Land and Energy, Economic Development, and Tourism that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1788, H.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1788, H.D. 2, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.

SCRep. 3504 Energy, Economic Development, and Tourism on H.B. No. 2256

The purpose and intent of this measure is to:

- (1) Establish a Department of Environmental Protection on July 1, 2026;
- (2) Create a Department of Environmental Protection Working Group (Working Group) to address the logistics required for the State to establish a Department of Environmental Protection; and
- (3) Require the Working Group to submit a report to the Legislature prior to the 2025 Regular Session.

Your Committee received testimony in support of this measure from the State Environmental Advisory Council, City and County of Honolulu Board of Water Supply, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Rotary Club of Hanalei Bay, WAI: Wastewater Alternatives & Innovations, Hawaii Association for Marine Education and Research, Coral Reef Alliance, and five individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the Department of Health, Hawaii State Energy Office, and Office of Planning and Sustainable Development.

Your Committee finds that the State's current environmental protection functions are scattered across various executive departments and agencies. Your Committee believes that the establishment of an executive-level Department of Environmental Protection would allow the State to better manage and develop its projects that are dedicated to implement the environmental policy goals enacted by the Legislature.

Your Committee has amended this measure by:

- (1) Removing language regarding the Department of Environmental Protection Working Group;
- (2) Creating:
 - (A) The position of Director of Environmental Protection; and
 - (B) A Board of Environmental Protection to which the Director of Environmental Protection shall report;
- (3) Directing the Department of Environmental Protection to manage energy and develop projects that protect the environment of the State;
- (4) Transferring the Hawaii State Energy Office into a division within the Department of Environmental Protection; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2256, H.D. 1, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.B. No. 2256, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Riviere, Fevella). Noes, none. Excused, none.

SCRep. 3505 Higher Education on H.B. No. 2024

The purpose and intent of this measure is to:

- (1) Establish the Mauna Kea Stewardship Authority as the sole authority for management of state-managed lands on Mauna Kea;

- (2) Require the Authority to develop a single plan that dictates the management of land uses; human activities, uses, and access; stewardship; education; research; disposition; and overall operations;
- (3) Require the Authority to develop a framework to limit astronomy development on Mauna Kea;
- (4) Allow the Authority to prohibit certain commercial use and activities on Mauna Kea;
- (5) Require an application and fee for all recreational users of Mauna Kea;
- (6) Establish the Mauna Kea Management Special Fund;
- (7) Repeal the Mauna Kea Lands Management Special Fund; and
- (8) Appropriate funds.

Your Committee received testimony in support of this measure from ‘Āina Aloha Economic Futures Initiative, Hawaiian Civic Club of Hilo, Protect Kaho‘olawe ‘Ōhana, ‘Ahahui o nā Kauka, Kamehameha Schools, Hawai‘i Alliance for Progressive Action, and twenty-three individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, University of Hawai‘i System, University of Hawai‘i Board of Regents, Kona-Kohala Chamber of Commerce, Hawaii Island Economic Development Board, Mauna Kea Hui, Hawai‘i Island Chamber of Commerce, Center for Hawaiian Sovereignty Studies, Hawaii Business Roundtable Incorporated, Pana‘ewa Hawaiian Home Lands Community Association, and one hundred thirty-seven individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Budget and Finance, Office of Hawaiian Affairs, Maunakea Observatories, and one individual.

Your Committee finds that Mauna Kea is a place that holds significant cultural value and scientific potential. However, the management of Mauna Kea has evolved into a divisive issue, in part from the University of Hawai‘i’s “snail pace” in addressing the management deficiencies and lack of community engagement. When initial protests began against the construction of telescopes on Mauna Kea, the University of Hawai‘i Board of Regents became paralyzed rather than developing a sense of urgency. The University of Hawai‘i failed to adopt administrative rules governing public and commercial activities to ensure effective management and enforcement for the protection and preservation of the natural and cultural resources. Concerns raised throughout Hawai‘i’s communities focused on the lack of confidence within the University of Hawai‘i’s leadership to continue its management of Mauna Kea. In 2019, the University of Hawai‘i Board of Regents adopted Resolution 19-03, which provided the President of the University of Hawai‘i with a framework and deadlines to address ongoing issues on Mauna Kea. As future activities on Mauna Kea affect various communities across the State, addressing the management of Mauna Kea is a matter of statewide concern.

In 2021, the House of Representatives convened a working group to develop recommendations for a governance and management structure for Mauna Kea, pursuant to House Resolution No.33, House Draft 1, Regular Session of 2021. The Mauna Kea Working Group was tasked with the development of recommendations, elaborating on the findings of the Independent Evaluation of the Implementation of the Mauna Kea Comprehensive Management Plan, and determined a new governance and management structure for Mauna Kea that collaboratively engages with all stakeholders, particularly the Native Hawaiian community.

Despite the work completed by the Mauna Kea Working Group to address the management of the Mauna, your Committee notes that this measure, as drafted, may not allow a newly created authority to manage Mauna Kea, envisioned by the Mauna Kea Working Group, without financially overburdening the taxpayers. In addition, your Committee recognizes that the needs of the University of Hawai‘i’s astronomy program must also be met. To address the myriad of stakeholders regarding Mauna Kea, a gradual transition, transformation, and change in a sustainable way will require constant review and accountability to ensure effective management.

As the proposed Mauna Kea Stewardship and Oversight Authority will be a new board, your Committee encourages the Authority to strive to be a financially self-sustaining body. As your Committee notes, mitigation of financially overburdening taxpayers is of utmost importance.

Your Committee also notes the concerns from the Department of the Attorney General and constituents regarding the race-based criteria for the proposed Mauna Kea Stewardship Authority membership and the usage of the name “Mauna a Wākea.” Creating selection criteria for board members based on race or ethnicity may pose legal challenges and inadvertently prohibit qualified candidates who are interested in serving on the Authority. To address the concerns of the Attorney General and community members, your Committee recommends the removal of race-based criteria in this measure and reverting all instances of “Mauna a Wākea” to “Mauna Kea”. Your Committee also recommends that the Senate committees whose purview are higher education and water and land lead the advise and consent hearings to confirm qualified community members to serve on the Authority.

To recognize the importance of science and astronomy research on Mauna Kea, your Committee notes that, to fulfill the University of Hawai‘i’s astronomy program needs, the University shall receive at least seven percent, and up to fifteen percent, of total viewing time at telescopes situated on Mauna Kea.

Finally, your Committee further notes the concerns regarding the membership of the University of Hawai‘i, Hilo Chancellor as an ex officio nonvoting member of the Mauna Kea Stewardship and Oversight Authority. As the University of Hawai‘i, Hilo Chancellor has been remotely working away from Hawai‘i since June 2021, your Committee raised concerns that the Chancellor may not fully understand the issues regarding the management of Mauna Kea or attend meetings that are vital to the Authority’s success. As the University of Hawai‘i, Hilo, will play a major role with the new Mauna Kea Stewardship and Oversight Authority, it is imperative that the Chancellor be present to ensure the enactment of the Authority’s mission.

Your Committee has amended this measure by:

- (1) Changing references from “Mauna a Wākea” to “Mauna Kea” throughout the measure;
- (2) Changing the name of the proposed authority to the Mauna Kea Stewardship and Oversight Authority (Authority) as the principal authority for the management of state-managed lands above the 9,200 feet elevation line on Mauna Kea, in conjunction with the Department of Land and Natural Resources;

- (3) Changing the composition of the Authority to include eleven voting members, with the Chancellor of the University of Hawaii, Hilo serving as an ex officio nonvoting member;
- (4) Establishing term lengths of three years and term limits of not more than four partial or full terms for Authority members;
- (5) Requiring the Authority to be financially self-sustaining by the first year following the three-year transitional period;
- (6) Limiting administrative expenses to five percent of the Authority's budget;
- (7) Deleting certain provisions to increase flexibility for the Authority to develop a workable management plan;
- (8) Requiring the timely decommissioning of the California Institute of Technology (Caltech) Submillimeter Telescope and the University of Hawaii, Hilo Hōkūke'a Teaching Telescope;
- (9) Providing that certain renewal of lease terms and other leases that result in terms that exceed sixty-five years require approval by supermajority vote of Authority members;
- (10) Requiring the Authority to allow the University of Hawaii a certain amount of viewing time at the telescopes;
- (11) Requiring annual reports to the Legislature, beginning with the Regular Session of 2024;
- (12) Removing the section that would have excluded Mauna Kea lands from the definition of "public lands";
- (13) Requiring the Auditor to conduct a performance and financial audit of the Authority and submit a report to the Legislature before the convening of the Regular Session of 2029;
- (14) Requiring the University of Hawaii Board of Regents and President to exercise their management authority under chapter 304A, Hawaii Revised Statutes, only to the extent necessary to assist the transition of management to the Mauna Kea Stewardship and Oversight Authority;
- (15) Requiring the University of Hawaii to continue equitably funding the Authority;
- (16) Inserting an appropriation of \$12,000,000 for startup costs for the Authority;
- (17) Inserting a blank appropriation for one full-time equivalent (1.0 FTE) executive assistant position, who shall also serve as secretary to the Authority, and who shall be exempt from chapter 76, Hawaii Revised Statutes, to support the Authority;
- (18) Amending section 1 to reflect its amended purpose;
- (19) Requiring the University of Hawaii, Hilo to provide supports to the transition;
- (20) Providing that, if the Auditor's report finds that the Authority is unfit to continue its stewardship and oversight roles, then the management of Mauna Kea lands reverts back to the University of Hawaii Board of Regents and President;
- (21) Amending section 1 to reflect its amended purpose;
- (22) Making it effective on January 1, 2055, to encourage further discussion; and
- (23) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2024, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2024, H.D. 1, S.D. 1, and be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Wakai). Noes, none. Excused, none.

SCRep. 3506 (Joint) Energy, Economic Development, and Tourism and Government Operations on H.B. No. 1785

The purpose and intent of this measure is to require the Legislative Reference Bureau to conduct a study that identifies and analyzes alternative tourism governance systems and to submit a report to the Legislature of potential tourism governance options for its consideration.

Your Committees received testimony in support of this measure from the Hawaii Tourism Authority, Maui Chamber of Commerce, and two individuals.

Your Committees received testimony in opposition to this measure from one individual.

Your Committees received comments on this measure from the Department of Budget and Finance, Legislative Reference Bureau, and State Procurement Office.

Your Committees recognize the significance of tourism to the State's economy but are also cognizant of the strain that tourism places on our daily lives and infrastructure. Further, your Committees share the long-standing concern that the Hawaii Tourism Authority's 2020 adopted destination management strategic plan will face the same fate as its 2005-15 strategic plan, which lacked a formal system and failed to achieve lasting results.

To ensure a lasting achievement of the destination management plan with its four major "pillars," your Committees believe that establishing those goals and objectives in statute and aligning the Hawaii Tourism Authority's organizational structure would enhance the authority's ability to execute the governance recommendations resulting from the governance study.

Your Committees believe the following amendments will align the Hawaii Tourism Authority's current mission with its destination management action plans, facilitate the execution of its plans more quickly and effectively, and improve the Authority's accountability:

- (1) Utilizing part III of SB No. 106, which defines destination management objectives, and placing that language into the measure;
- (2) Establishing an organizational structure that broadens the Hawaii's Tourism Authority's functions beyond branding and culture by adding the other destination management functions – community and environment - to ensure the organizational objectives are aligned with the organizational structure;
- (3) Aligning appropriations to the authority with objectives, functions, and actions, by providing five funding mechanisms to allow the Hawaii Tourism Authority to execute its four pillars and also meet administrative expenses. The appropriations, in addition to the necessary administrative budget, are as follows:
 - (A) Hawaiian Culture - \$12,903,800;
 - (B) Natural Resources - \$7,652,500;
 - (C) Community - \$16,436,783; and
 - (D) Branding - \$15,322,500.

Your Committees note that the total Hawaii Tourism Authority budget proposed in this measure totals \$60,000,000, which is what the Hawaii Tourism Authority Board has approved. In contrast, the House of Representatives budget has \$1;

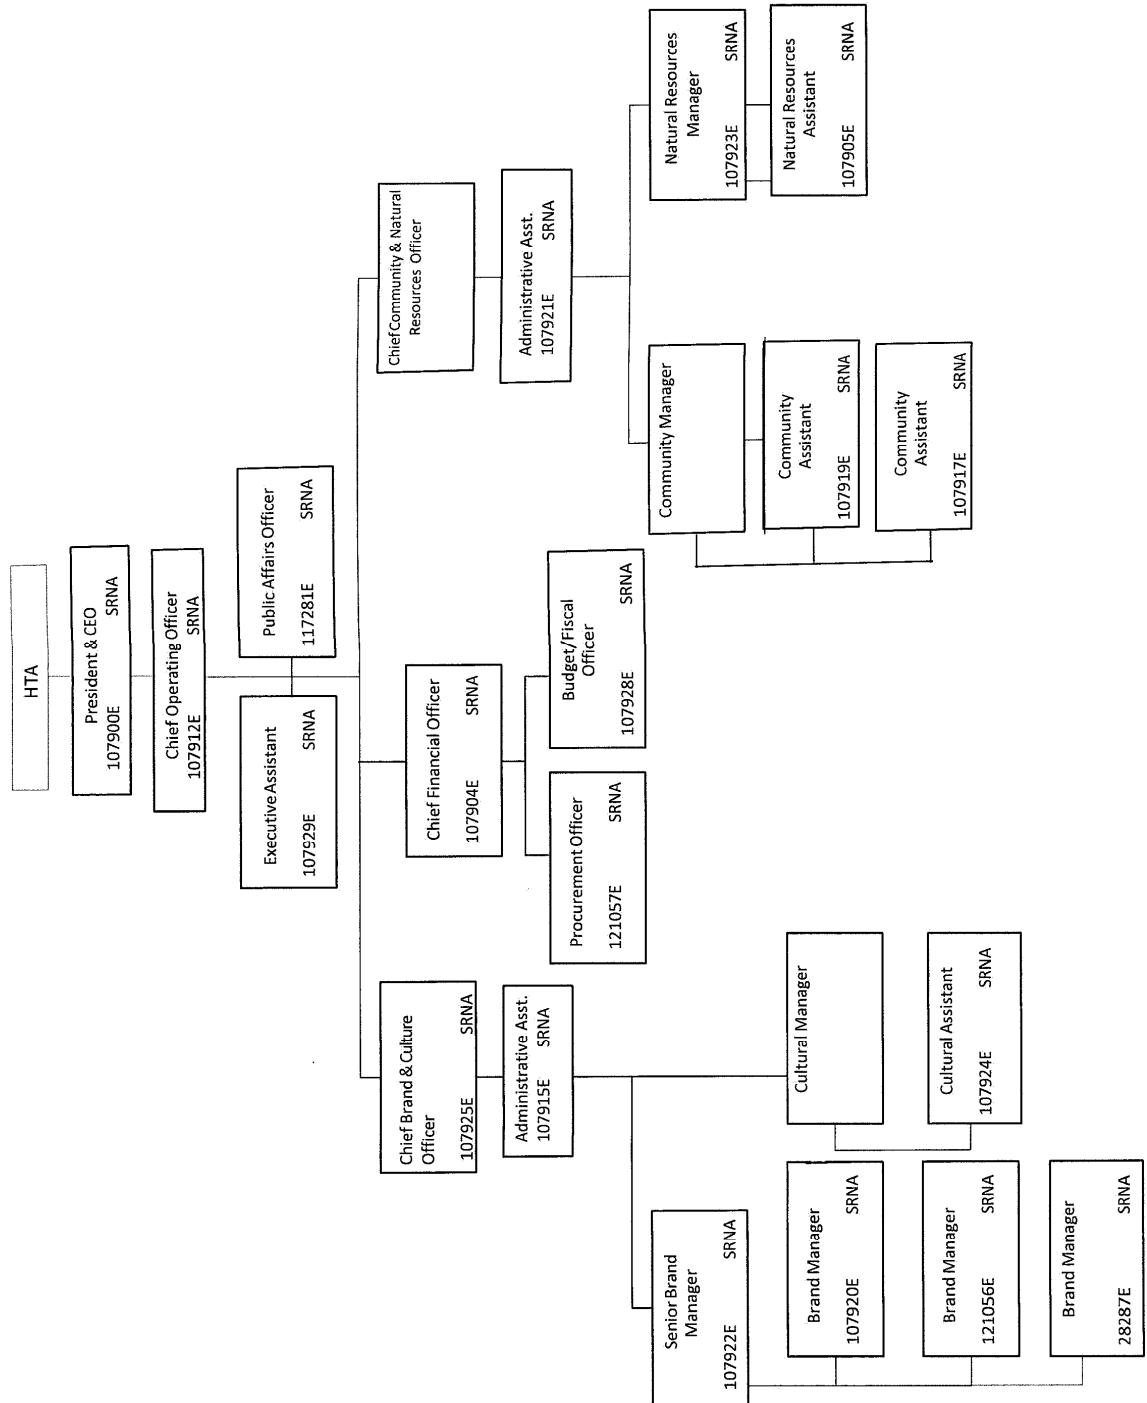

- (4) Prohibiting any contractor hired to address one pillar from engaging in responsibilities for multiple pillars. For example, a branding contractor cannot perform work in the community or cultural pillars when that is not their area of expertise; and
- (5) Requiring that all branding contracts be performance based.

In summary, your Committees find that part I of this measure will better achieve the expected study results of alternative tourism governance options. While your Committees look forward to the results of the required study in 2025, your Committees believe that, in the meantime, these amendments will conform the statute to the destination management action plans and enable the authority to continue to act on its destination management action plans. Further, the revamping of the Hawaii Tourism Authority will clearly be set up to support the four pillars. Your Committees also find that adding \$60,000,000 will assist the Hawaii Tourism Authority to execute its responsibilities in this new direction.

Accordingly, your Committees have amended this measure by:

- (1) Establishing in statute the four core functions under which the Hawaii Tourism Authority shall operate programs;
- (2) Requiring the Hawaii Tourism Authority to perform actions specified in the Authority's destination management action plans;
- (3) Prohibiting the Authority from contracting with entities for services or programs that fall within more than one of the four core functions;
- (4) Requiring all branding contracts to be performance-based;
- (5) Requiring the organization of the Hawaii Tourism Authority to reflect the four core functions, and establishing applicable positions; and
- (6) Appropriating moneys to the Hawaii Tourism Authority.

Your Committees note that the following organizational chart, reflecting a focus on the four "pillars" or core functions of the Hawaii Tourism Authority, graphically depicts your Committees' intended organizational structure of the Hawaii Tourism Authority, as contemplated under this measure:

Your Committees note that all existing employees will be retained, but that some of the positions will be redescribed.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1785, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 1785, H.D. 1, S.D. 1, and be referred to your Committees on Labor, Culture and the Arts and Ways and Means.

Signed by the Chairs on behalf of the Committees.
 Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Fevella).
 Government Operations: Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3507 Health on Gov. Msg. Nos. 532 and 533

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, WEST OAHU SUBAREA

G.M. No. 532 PAUL ROEDER, for a term to expire 06-30-2023; and

G.M. No. 533 MAE PATRICIA LA CHICA, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Paul Roeder and Mae Patricia La Chica for service on the Health Planning Council, West Oahu Subarea.

PAUL ROEDER

Your Committee received testimony in support of the nomination for the appointment of Paul Roeder from the State Health Planning and Development Agency, Kaiser Permanente Hawaii, and one individual.

Upon review of the testimony, your Committee finds that Mr. Roeder's experience as a health care analyst and consultant, commitment to public service, and analytical skill set qualify him for appointment to the Health Planning Council, West Oahu Subarea. Mr. Roeder is currently a Senior Consultant with Kaiser Permanente. Prior to that, Mr. Roeder served as a Lead Consultant and Senior Analyst with Kaiser Permanente and a Research Associate with the Naval Postgraduate School. Your Committee notes that Mr. Roeder has over eight years of experience in health care, six of which have focused on local health topics. His educational background is in statistics, economics, and optimization theory, and he also possesses two years of legal training. Mr. Roeder earned a Bachelor's degree in Economics and Statistics and a Master's of Science in Statistics from California State University.

Mr. Roeder indicated in his personal statement that he is eager to help his community and to take challenging health questions facing the State such as health care provider shortages, an aging population with increased care requirements, as well as exploring and addressing social determinants of health such as housing and economic uncertainty. Mr. Roeder has served on the Health Planning Council, West Oahu Subarea, as an intern member since September 2021 and is familiar with the duties and responsibilities of members.

Your Committee therefore recommends that Paul Roeder be appointed to the Health Planning Council, West Oahu Subarea based on his experience in health care analysis and commitment to improving the health of the community.

MAE PATRICIA LA CHICA

Your Committee received testimony in support of the nomination for the appointment of Mae Patricia La Chica from the State Health Planning and Developmental Agency, AlohaCare, American Heart Association, Hawaii Children's Action Network Speaks!, Hawai'i Public Health Institute, and five individuals.

Upon review of the testimony, your Committee finds that Ms. La Chica's experience as a public health advocate, commitment to public service, and passion for improving the health of the community, qualify her for appointment to the Health Planning Council, West Oahu Subarea. Ms. La Chica is currently the Executive Director of the Office of Housing for the City and County of Honolulu. Prior to that, Ms. La Chica served as community and government relations manager for AlohaCare, Policy and Advocacy Director for the Hawai'i Public Health Institute, and a policy analyst for the Governor. Your Committee notes that Ms. La Chica has authored key sections of the Hawaii State Health Care Innovation Plan and has co-authored several articles regarding public health. Ms. La Chica earned a Bachelor's degree in Communications from Ateneo de Manila University and a Master's in Public Administration from the University of San Francisco.

Ms. La Chica indicated in her personal statement that her work in public health, health care, and social services has given her the relevant experience necessary to serve effectively on the Health Planning Council, West Oahu Subarea, and advocate for the health needs of Central and West Oahu. Your Committee notes that Ms. La Chica has served on the Health Planning Council, West Oahu Subarea as an interim member since August 2021 and therefore is familiar with the duties and responsibilities of the Council.

Your Committee therefore recommends that Mae Patricia La Chica be appointed to the Health Planning Council, West Oahu Subarea based on her experience in public health and commitment to the health and well-being of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
 Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3508 Health on Gov. Msg. Nos. 604, 605, 606, 607, 608, 609, 610, 611, 612, and 613

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 604 MICHELLE ARAKAWA, for a term to expire 06-30-2026;

G.M. No. 605 KIRIKO TAKAHASHI, for a term to expire 06-30-2026;

G.M. No. 606 JANE PREECE, for a term to expire 06-30-2025;

- G.M. No. 607 KEVIN BARDSLEY-MARCIAL, for a term to expire 06-30-2022;
- G.M. No. 608 KEVIN BARDSLEY-MARCIAL, for a term to expire 06-30-2026;
- G.M. No. 609 HO'OPI'OOKALANI BALAZ, for a term to expire 06-30-2024;
- G.M. No. 610 SHANA METSCH, for a term to expire 06-30-2025;
- G.M. No. 611 HOWARD GREENBERG, for a term to expire 06-30-2026;
- G.M. No. 612 REINALYN TERRADO, for a term to expire 06-30-2022; and
- G.M. No. 613 REINALYN TERRADO, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Michelle Arakawa, Kiriko Takahashi, Jane Preece, Kevin Bardsley-Marcial, Ho'opi'ookalani Balaz, Shana Metsch, Howard Greenberg, and Reinalyn Terrado for service on the State Council on Developmental Disabilities.

MICHELLE ARAKAWA

Your Committee received testimony in support of the nomination for the reappointment of Michelle Arakawa from the State Council on Developmental Disabilities.

Upon review of the testimony, your Committee finds that Ms. Arakawa's experience as an educator, commitment to public service, and passion for assisting students with special needs, qualify her for reappointment to the State Council on Developmental Disabilities. Ms. Arakawa is currently an Educational Specialist with the Department of Education. Prior to that, Ms. Arakawa served as Student Services Coordinator, Special Education Department Chair, and a special education teacher, all at Kailua Intermediate School. Ms. Arakawa earned a Bachelor's degree in English from the University of Hawai'i at Manoa and a Master's of Arts in Education from Chaminade University.

Your Committee further finds that because she represents the Department of Education, Ms. Arakawa's service on State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that a member be a representative of a state entity that administers funds provided under federal law relating to individuals with disabilities. Your Committee notes that Ms. Arakawa currently serves on the State Council on Developmental Disabilities and therefore is already familiar with its work.

Your Committee therefore recommends that Michelle Arakawa be reappointed to the State Council on Developmental Disabilities based on her experience in special education and commitment to improving the lives of persons with developmental disabilities.

KIRIKO TAKAHASHI

Your Committee received testimony in support of the nomination for the reappointment of Kiriko Takahashi from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, University of Hawai'i Center on Disability Studies, and seven individuals.

Upon review of the testimony, your Committee finds that Dr. Takahashi's experience as an expert on persons with disabilities, commitment to public service, and passion for improving the lives of persons with disabilities, qualify her for reappointment to the State Council on Developmental Disabilities. Dr. Takahashi currently serves as the Interim Director of and Associate Specialist at the Center on Disabilities at the University of Hawai'i at Manoa, Director of the Pacific Basin University Center for Developmental Disabilities, and Project Associate Professor at the Research Center for Advanced Science and Technology of the University of Tokyo. Prior to that, Dr. Takahashi served as an assistant specialist, junior specialist, and product specialist for the Center on Disability Studies. Furthermore, she has also co-authored numerous articles published in academic journals regarding students with developmental disabilities. Dr. Takahashi earned a Bachelor's degree in Sociology and Speech and a Master's in Arts in Learning Disabilities from Northwestern University, and a Doctor of Philosophy from the University of Hawai'i at Manoa.

Your Committee further finds that Dr. Takahashi's service on the State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that a member be a representative of the University Centers from Excellence in Developmental Disabilities, Education, Research, and Service. Your Committee notes that Dr. Takahashi currently serves on the State Council on Developmental Disabilities and therefore is already familiar with its work.

Your Committee therefore recommends that Kiriko Takahashi be reappointed to the State Council on Developmental Disabilities based on her experience in developmental disabilities research and commitment to improving the lives of persons with developmental disabilities.

JANE PREECE

Your Committee received testimony in support of the nomination for the appointment of Jane Preece from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, and one individual.

Upon review of the testimony, your Committee finds that Ms. Preece's experience as an attorney for the rights of persons with developmental disabilities, commitment to public service, and passion for improving the lives of persons with developmental disabilities, qualify her for appointment to the State Council on Developmental Disabilities. Ms. Preece is currently a staff attorney for the Hawaii Disability Right Center. Prior to that, Ms. Preece worked at the Hawaii Office of Disciplinary Counsel and maintained a solo family law litigation practice. Your Committee notes that Ms. Preece has over thirty years of legal experience; has published numerous articles in Family Law News, a publication of the Family Law Section of the State Bar of California; and was named Family Law Attorney of the Year by the Legal Aid Association of California. Ms. Preece earned a Bachelor's degree in Economics from the University of California, Berkeley, and a Juris Doctorate from the University of California, Hastings College of the Law.

Your Committee further finds that Ms. Preece's service on State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that a member be a representative of the state protection and advocacy system. Your Committee notes that Ms. Preece currently serves as an interim member on the State Council on Developmental Disabilities and therefore is already familiar with its work.

Your Committee therefore recommends that Jane Preece be appointed to the State Council on Developmental Disabilities based on her experience in legal advocacy for persons with disabilities and commitment to improving the lives of persons with developmental disabilities.

KEVIN BARDSLEY-MARCIAL

Your Committee received testimony in support of the nomination for the appointment and reappointment of Kevin Bardsley-Marcial from the State Council on Developmental Disabilities, Hawaii Self Advocacy Advisory Council, and one individual.

Upon review of the testimony, your Committee finds that Mr. Bardsley-Marcial's experience as a director for a non-profit organization serving people with developmental disabilities, commitment to public service, and passion for improving the lives of persons with developmental disabilities, qualify him for appointment and reappointment to the State Council on Developmental Disabilities. Mr. Bardsley-Marcial is currently the Director of Intellectual Disability Services for Goodwill Industries of Hawai'i and a consultant for Balanced ABA, an organization that provides applied behavior analysis. Prior to that, Mr. Bardsley-Marcial served as a consultant for Full Life, a non-profit dedicated to serving those with developmental disabilities, and was the community liaison and held various positions with BAYADA Home Care, a non-profit organization serving individuals with a variety of behavioral health needs. Your Committee notes that Mr. Bardsley-Marcial has also served on the Hawai'i Best Buddies Advisory Board, and is a member of the West Honolulu Children's Community Council. Mr. Bardsley-Marcial earned a Bachelor's degree in Political Science and Psychology from the University of Hawai'i at Manoa, and a Master's of Arts in Education from the University of Phoenix.

Your Committee further finds that Mr. Bardsley-Marcial's service on State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that a member be a representative of a local, non-governmental agency. Your Committee notes that Mr. Bardsley-Marcial currently serves on the State Council on Developmental Disabilities and therefore is already familiar with the its work.

Your Committee therefore recommends that Kevin Bardsley-Marcial be appointed and reappointed to the State Council on Developmental Disabilities based on his experience in working with non-profit organizations dedicated to individuals with disabilities and commitment to improving the lives of persons with developmental disabilities.

HO'OPI'OOKALANI BALAZ

Your Committee received testimony in support of the nomination for the appointment of Ho'opi'ookalani Balaz from the State Council on Developmental Disabilities, Hawaii Self Advocacy Advisory Council, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Balaz's experience as an active member of various organizations serving individuals with developmental disabilities, commitment to public service, and passion for improving the lives of persons with developmental disabilities, qualify him for appointment to the State Council on Developmental Disabilities. Mr. Balaz is currently a trainer for Feeling Safe, Being Safe Emergency Preparedness, an initiative designed to help individuals with disabilities be prepared in an emergency. Your Committee notes that Mr. Balaz has also volunteered for the Alzheimer's Association Walk, Best Buddies Hawaii Friendship Jam, and Special Olympics Hawaii. He also serves the community by being a Hawaii Self-Advocacy Council officer, Best Buddies Hawaii board member and ambassador, Toastmasters Hawaii member, Tammy Evrard Counseling member, and participant in the Special Olympics Hawaii. Mr. Balaz earned a high school diploma from Leilehua High School.

Your Committee further finds that section 333E-4, Hawaii Revised Statutes, requires that the State Council on Developmental Disabilities have not less than sixty percent of its membership consist of individuals with developmental disabilities. Mr. Balaz's appointment helps fulfill this requirement. Mr. Balaz indicated in his personal statement that his goal for being a representative of the State Council on Developmental Disabilities is to help people with developmental disabilities have a better future in this world. Your Committee notes that Mr. Balaz currently serves as an interim member of the State Council on Developmental Disabilities and therefore is already familiar with its work.

Your Committee therefore recommends that Ho'opi'ookalani Balaz be appointed to the State Council on Developmental Disabilities based on his experience in serving various organizations dedicated to persons with developmental disabilities and commitment to improving the lives of persons with developmental disabilities.

SHANA METSCH

Your Committee received testimony in support of the nomination for the appointment of Shana Metsch from the State Council on Developmental Disabilities.

Upon review of the testimony, your Committee finds that Ms. Metsch's experience as a mother of a child with developmental disabilities, commitment to public service, and passion for improving the lives of persons with developmental disabilities, qualify her for appointment to the State Council on Developmental Disabilities. Ms. Metsch has over a decade of experience advocating and participating in community outreach focused on supporting disabled community members. In her advocacy, Ms. Metsch helps the disabled community evaluate their patient care for effectiveness and works with support networks and the Legislature to assure that disabled community members have the support needed for their Medicaid and health plans. Ms. Metsch also has extensive knowledge and working experience with the Department of Health, Department of Human Services, and Hawaii Insurance Division of the Department of Commerce and Consumer Affairs.

Your Committee further finds that Ms. Metsch's service on State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that certain members be parents of individuals with developmental disabilities.

Your Committee notes that Ms. Metsch currently serves on the State Council on Developmental Disabilities and therefore is already familiar with its work.

Your Committee therefore recommends that Shana Metsch be appointed to the State Council on Developmental Disabilities based on his experience as a mother of a child with developmental disabilities and commitment to improving the lives of persons with developmental disabilities.

HOWARD GREENBERG

Your Committee received testimony in support of the nomination for the appointment of Howard Greenberg from the State Council on Developmental Disabilities.

Upon review of the testimony, your Committee finds that Mr. Greenberg's experience as a father of a child with developmental disabilities, commitment to public service, and passion for improving the lives of persons with developmental disabilities, qualify him for appointment to the State Council on Developmental Disabilities. Mr. Greenberg is currently the President of Autism Management Service, Inc., an organization that provides autism related services. Your Committee notes that Mr. Greenberg is also the founder and President of the Maui Autism Center Foundation, a non-profit organization established to help people with developmental disabilities. Mr. Greenberg earned a Bachelor's degree in Psychology from Florida State University and a Master's of Education from Arizona State University.

Your Committee further finds that Mr. Greenberg's service on State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that certain members be parents of individuals with developmental disabilities.

Your Committee therefore recommends that Howard Greenberg be appointed to the State Council on Developmental Disabilities based on his experience as a father of a child with developmental disabilities and commitment to improving the lives of persons with developmental disabilities.

REINALYN TERRADO

Your Committee received testimony in support of the nomination for the appointment and reappointment of Reinalyn Terrado from the State Council on Developmental Disabilities and one individual.

Upon review of the testimony, your Committee finds that Ms. Terrado's experience as a mother of a child with developmental disabilities, commitment to public service, and passion for improving the lives of persons with developmental disabilities, qualify her for appointment and reappointment to the State Council on Developmental Disabilities. Ms. Terrado is currently a parent consultant for the Leadership in Disabilities and Achievement of Hawaii, an organization dedicated to ensuring children with disabilities receive a proper public education. Prior to that, Ms. Terrado served as an outreach advocate for the Hawaii Disability Rights Center. Your Committee notes that Ms. Terrado has volunteered with several advocacy organizations, including the Hawaii Early Intervention Coordinating Council and the special needs ministry of One Love Ministries, and is a published author. Ms. Terrado earned a Bachelor's degree in Journalism from the University of the Philippines Diliman and a Master's of Divinity and Arts from Pacific Rim Christian University.

Your Committee further finds that Ms. Terrado's service on State Council on Developmental Disabilities fulfills the requirement pursuant to section 333E-4, Hawaii Revised Statutes, that certain members be parents of individuals with developmental disabilities.

Your Committee therefore recommends that Reinalyn Terrado be appointed and reappointed to the State Council on Developmental Disabilities based on her experience as a mother of a child with developmental disabilities and commitment to improving the lives of persons with developmental disabilities.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3509 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 614, 615, 616, 617, 618, 619, 620, and 621

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII TECHNOLOGY DEVELOPMENT CORPORATION

- G.M. No. 614 CRAIG NAKANISHI, for a term to expire 06-30-2022;
- G.M. No. 615 CRAIG NAKANISHI, for a term to expire 06-30-2026;
- G.M. No. 616 SANDRA FUJIYAMA, for a term to expire 06-30-2023;
- G.M. No. 617 EDWARD BARNABAS, for a term to expire 06-30-2022;
- G.M. No. 618 EDWARD BARNABAS, for a term to expire 06-30-2026;
- G.M. No. 619 BERNICE GLENN, for a term to expire 06-30-2023;
- G.M. No. 620 VINCENT KIMURA, for a term to expire 06-30-2024; and
- G.M. No. 621 RICK VOLNER JR., for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Craig Nakanishi, Sandra Fujiyama, Edward Barnabas, Bernice Glenn, Vincent Kimura, and Rick Volner Jr. for service on the Hawaii Technology Development Corporation.

CRAIG NAKANISHI

Your Committee received testimony in support of the nominations for the appointment and reappointment of Craig Nakanishi from the Rotary Club of Honolulu and four individuals.

Upon review of the testimony, your Committee finds that Mr. Nakanishi's experience, knowledge, and dedication in serving on the Hawaii Technology Development Corporation qualify him for appointment and reappointment to the Hawaii Technology Development Corporation as a member nominated by the President of the Senate, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that Mr. Nakanishi has practiced law in Hawaii for over thirty years, focusing on energy, public utilities, and business and real property transactions. Your Committee notes that Mr. Nakanishi has been a partner at Cades Schutte LLP since 2015, where he currently chairs both the Energy and Public Utilities practice group and the Digital Media, Internet and Information Technology practice group. Your Committee further finds that Mr. Nakanishi is a current member of the Hawaii Technology Development Corporation and served on the Board of Directors of the High Technology Development Corporation from 2008 to 2015 and on the Board of Directors of the Hawaii Strategic Development Corporation from 2016 to 2019. His experience and knowledge will continue to be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Craig Nakanishi be appointed and reappointed to the Hawaii Technology Development Corporation based on his experience, knowledge, and commitment to public service.

SANDRA FUJIYAMA

Your Committee received testimony in support of the nomination for the appointment of Sandra Fujiyama from four individuals.

Upon review of the testimony, your Committee finds that Ms. Fujiyama's experience, knowledge, and willingness to serve qualify her for appointment to the Hawaii Technology Development Corporation as a member nominated by the President of the Senate, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that Ms. Fujiyama has been the Executive Director of the Pacific Asian Center for Entrepreneurship at the University of Hawaii at Manoa's Shidler College of Business since October 2021. Prior to being named the Executive Director of the Pacific Asian Center for Entrepreneurship late last year, Ms. Fujiyama was appointed as the Innovation and Business Development Officer of the University of Hawaii at Manoa's Office of Innovation and Commercialization in 2018. Your Committee notes that Ms. Fujiyama graduated with a Bachelor of Science in Biochemistry from the University of California, Los Angeles and a Juris Doctorate from the University of California, Los Angeles School of Law. She practiced as an attorney in California and Hawaii for over fifteen years, focusing on the areas of intellectual property, patent, trademark, technology, and biotechnology. Your Committee further finds that Ms. Fujiyama is a member and the secretary on the Board of Directors for the Entrepreneurs Foundation of Hawai'i, a nonprofit organization that helps local startup companies create community impact that scales with their business. She has a thorough understanding of the role and responsibilities of board members and her experience and knowledge in innovation and intellectual property will be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Sandra Fujiyama be appointed to the Hawaii Technology Development Corporation based on her experience, knowledge, and desire to serve the public.

EDWARD BARNABAS

Your Committee received testimony in support of the nominations for the appointment and reappointment of Edward Barnabas from ten individuals.

Upon review of the testimony, your Committee finds that Mr. Barnabas's experience, knowledge, and willingness to serve qualify him for appointment and reappointment to the Hawaii Technology Development Corporation as a member nominated by the Speaker of the House of Representatives, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that Mr. Barnabas is currently a Principal/Director of Booz Allen Hamilton's Indo-Pacific Strategic Innovation Group. He graduated with a Bachelor of Arts in Political Science from the University of Maryland at College Park and a Master's in Business Administration from the University of Maryland, Robert H. Smith School of Business. Your Committee notes that Mr. Barnabas has over twenty years of experience of project management in the technology sector with a focus on capacity building, client delivery, and business development. According to testimony received by your Committee, Mr. Barnabas is actively involved with a wide range of local organizations, institutions, and companies, including but not limited to CyberHawaii, Hawaii Defense Alliance, and Hawai'i Executive Collaborative. Your Committee further finds that Mr. Barnabas has an understanding of the role and responsibilities of board members and that his experience and knowledge will be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Edward Barnabas be appointed and reappointed to the Hawaii Technology Development Corporation based on his experience, knowledge, and commitment to public service.

BERNICE GLENN

Your Committee received testimony in support of the nomination for the appointment of Bernice Glenn from six individuals.

Upon review of the testimony, your Committee finds that Ms. Glenn's experience, knowledge, and willingness to serve qualify her for appointment to the Hawaii Technology Development Corporation as a member nominated by the Speaker of the House of Representatives, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that prior to becoming a senior advisor for Pacific Strategy, Ms. Glenn was a managing member of Inovi Group LLC, which provided management, scientific, and technical consulting services. Your Committee notes that Ms. Glenn graduated with a Bachelor of Arts in East Asian Studies from Princeton University and has over thirty years of experience as a senior manager in areas, including defense technology acquisition and strategic human resource development. Your Committee further finds that Ms. Glenn was appointed to the Board of Directors of the High Technology Development Corporation in 2012. She has an understanding of the role and responsibilities of board members and her illustrious background, particularly with the military, will be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Bernice Glenn be appointed to the Hawaii Technology Development Corporation based on her experience, knowledge, and desire to serve the public.

VINCENT KIMURA

Your Committee received testimony in support of the nomination for the appointment of Vincent Kimura from seven individuals.

Upon review of the testimony, your Committee finds that Mr. Kimura's experience, knowledge, and willingness to serve qualify him for appointment to the Hawaii Technology Development Corporation as a member nominated by the Speaker of the House of Representatives, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that, in addition to being the Director of Programs and Partnerships of the University of Hawaii at Manoa's Office of Innovation and Commercialization, Mr. Kimura is the former Chief Executive Officer and lead founder of Smart Yields, Inc., an agricultural technology cooperative that provides a data analytics platform that offers crop protection alerts and real-time monitoring, especially for small- to medium-sized independent farms. Your Committee notes that Mr. Kimura graduated with a Bachelor of Science in Environmental Science from Oregon State University and a Master of Business Administration in Global Management from Arizona State University's Thunderbird School of Global Management. He has twenty-five years of leadership experience in national and international complex, data-driven projects and is active in a number of community organizations, including Hawaii Farmers Union United, Purple Maia, and the Urban Land Institute. Your Committee further finds that Mr. Kimura has an understanding of the role and responsibilities of board members and that his experience and knowledge, especially in marketing and fund development, will be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Vincent Kimura be appointed to the Hawaii Technology Development Corporation based on his experience, knowledge, and desire to serve the public.

RICK VOLNER JR.

Your Committee received testimony in support of the nomination for the appointment of Rick Volner Jr. from one individual.

Upon review of the testimony, your Committee finds that Mr. Volner's experience, knowledge, and willingness to serve qualify him for appointment to the Hawaii Technology Development Corporation as a member from the economic development board of Maui County, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that Mr. Volner is the Vice President of Maui Operations & Environmental, Health, & Safety of HC&D, LLC, a local manufacturer of ready-mix concrete, sized basaltic aggregates, and precast concrete products. Your Committee notes that he has a Bachelor of Science in Mechanical Engineering from the University of Hawaii at Manoa and over twenty years of experience in agricultural operations and management. Your Committee further finds that Mr. Volner actively serves in a wide range of local organizations, including as a board member for the Hawaii Agriculture Research Center, Hawaii Foundation for Agricultural Research, Maui Chamber of Commerce, Maui Economic Development Board, and Boys and Girls Clubs of Maui. Your Committee further notes that he has a thorough understanding of the role and responsibilities of board members and his experience and knowledge will be assets to the Hawaii Technology Development Corporation, especially regarding its value-added agriculture manufacturing programs. Your Committee therefore recommends that Rick Volner Jr. be appointed to the Hawaii Technology Development Corporation based on his experience, knowledge, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 3510 Ways and Means on S.C.R. No. 3

The purpose and intent of this measure is to expand an easement for state submerged lands.

Specifically, this measure authorizes the Board of Land and Natural Resources to add a portion of state submerged lands to a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Wailupe, Honolulu, Oahu, for the maintenance and repair of the existing seawall, and for the use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in the disposition of state submerged lands. The Board has identified portions of a seawall fronting the property identified as Tax Map Key: (1) 3-6-003:015, as encroaching upon state submerged lands, but not resolved by the existing easement that resolves other portions of that seawall. The grantees of the abutting property have worked with the Department of Land and Natural Resources to increase the area of the easement, including the payment of \$1,240. Your Committee further finds that this measure expresses the requisite legislative approval so that the additional portion of the encroaching seawall may be added to the easement for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 3, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Taniguchi, Wakai).

SCRep. 3511 Ways and Means on S.C.R. No. 4

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

Specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Kahaluu, Koolaupoko, Oahu, for the maintenance and repair of the existing seawall, steps, and filled land, and for the use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in the disposition of state submerged lands. The Board has identified portions of a

seawall, steps, and filled land fronting the property identified as Tax Map Key: (1) 4-7-001:006, as encroaching upon state submerged lands. The current owner of the abutting property has worked with the Department of Land and Natural Resources to obtain a long-term easement, as the existing seawall, steps, and filled land are located on state submerged lands. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 4, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Taniguchi, Wakai).

SCRep. 3512 Ways and Means on S.C.R. No. 5

The purpose and intent of this measure is to authorize the issuance of an easement for state submerged lands.

Specifically, this measure authorizes the Board of Land and Natural Resources to issue a term, non-exclusive easement covering a portion of state submerged lands fronting property located in Kaneohe, Koolaupoko, Oahu, for the maintenance and repair of the existing pier and portions of an existing house, rock wall, and landscape area and for the use, repair, and maintenance of the existing improvements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain authorization from the Legislature to engage in the disposition of state submerged lands. The Board has identified a pier and portions of a house, rock wall, and landscape area fronting property identified as Tax Map Key: (1) 4-4-016:016, as encroaching upon state submerged lands. The current owner of the abutting property has worked with the Department of Land and Natural Resources to obtain a non-exclusive easement, as the pier and portions of the house, rock wall, and landscape area are located on state submerged lands. Your Committee further finds that this measure expresses the requisite legislative approval so that an easement may be issued for the use of those state submerged lands.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 5, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Taniguchi, Wakai).

SCRep. 3513 Ways and Means on H.B. No. 2392

The purpose and intent of this measure is to make an emergency appropriation to the Department of Health for coronavirus disease 2019 (COVID-19) pandemic mitigation, including vaccinations, supply distribution, testing, monitoring, reporting, and related staffing.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Department of Health, Hawaii Medical Service Association, and Hawaii Primary Care Association.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that the emergency appropriation made in this measure will allow the Department of Health to continue providing COVID-19 community testing services through March 31, 2022, and will reimburse the Department for already-provided testing and medical surge staffing.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2392, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Taniguchi, Wakai).

SCRep. 3514 Commerce and Consumer Protection on S.C.R. No. 61

The purpose and intent of this measure is to request the Auditor to conduct an assessment, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, of the social and financial effects of mandating health insurance coverage for hearing aids, as proposed in S.B. No. 2439, S.D. 1 (2022).

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Kaiser Permanente Hawaii, and two individuals.

Your Committee finds that the inability of many residents to pay for medically necessary hearing aids can negatively impact the education, health, and quality of life for children and adults who experience hearing loss. While some health insurance plans provide partial coverage for hearing aids, the amount of coverage may be low and inconsistent, leaving patients with large copayment obligations. Your Committee notes that the Auditor, pursuant to Report No. 14-10, analyzed S.B. No. 309, S.D. 1 (2014), which would have mandated health insurance coverage for hearing aids, and determined that S.B. No. 309, S.D. 1 (2014), not be enacted as written, noting that it lacked certain coverage parameters, such as the frequency for replacement or costs covered by insurers for hearing aids. Your Committee notes that S.B. No. 2439, S.D. 2 (2022), identifies specific coverage parameters and would require health insurers, mutual benefit societies, and health maintenance organizations to provide coverage for hearing aids, subject to a minimum benefit of \$1,500 per hearing-impaired ear every thirty-six months. Accordingly, amendments to this measure are necessary to request the Auditor to analyze the specific coverage parameters identified in S.B. No. 2439, S.D. 2 (2022), and provide any update to Report No. 14-10, to assess both the social and financial effects of requiring coverage.

Your Committee has amended this measure by:

- (1) Requesting the Auditor, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, to analyze S.B. No. 2439, S.D. 2 (2022), which proposes a minimum benefit of \$1,500 per hearing impaired ear every thirty-six months;
- (2) Acknowledging the procedural history of the Auditor's Report No. 14-10 and requesting the Auditor to prepare an update to the Legislature in its report assessing S.B. No. 2439, S.D. 2 (2022); and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 61, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as S.C.R. No. 61, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3515 Commerce and Consumer Protection on S.C.R. No. 62

The purpose and intent of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawai'i and Planned Parenthood Alliance Advocates – Hawai'i.

Your Committee finds that recent federal attacks on health care rights, especially reproductive health care rights, has heightened the importance of codifying into state law certain provisions of the Affordable Care Act's no-cost preventative service coverage requirements. Accordingly, House Bill No. 249, introduced in the Regular Session of 2021, would establish the Reproductive Health Equity Act to fortify health benefits and safeguard equitable access to abortion care, expand coverage of critical cost-saving preventative services, and ensure that all people in the State can access these important services, regardless of gender, gender identity, or sexual orientation. Your Committee further notes that section 23-51, Hawaii Revised Statutes, requires that, before any legislative measure mandating health insurance coverage can be considered, there shall be concurrent resolutions passed requesting the Auditor to conduct an assessment of the social and financial effects of the proposed mandated coverage. This measure is therefore necessary to advance consideration of House Bill No. 249 (2021) and to support continued access to comprehensive sexual and reproductive health care without discrimination.

Your Committee has amended this measure by:

- (1) Inserting language requesting the Auditor to determine whether the proposed mandated benefits in House Bill No. 249 (2021) are in excess of the essential health benefits under the Affordable Care Act, thus requiring the State to defray such costs;
- (2) Inserting language requesting the Auditor to research whether mandating the full range of reproductive health services, at no cost-share, is in violation of section 1303 of the Affordable Care Act; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 62, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as S.C.R. No. 62, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3516 Commerce and Consumer Protection on H.B. No. 2111

The purpose and intent of this measure is to:

- (1) Amend the limited lines producer licenses to include all aspects of travel insurance;
- (2) Remove references to outdated and obsolete limited lines product offerings;
- (3) Exclude dental insurers and dental service corporations as third-party administrators;
- (4) Increase the surety bond requirement and require renewal certificates and audited financial statements in the annual reports of third-party administrators; and
- (5) Adopt the National Association of Insurance Commissioners' revised Suitability in Annuity Transactions Model Regulation provisions.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; National Association of Insurance and Financial Advisors; American Council of Life Insurers; American Insurance Group, Inc.; and Hawaii Independent Insurance Agents Association. Your Committee received comments on this measure from Hawaii-Western Management Group.

Your Committee finds that existing state laws concerning limited lines producer licenses do not cover general travel insurance products, such as trip interruption or cancellation, damages to accommodations or rental vehicles, emergency evacuations, or repatriation of remains, which can create potential confusion for consumers. This measure covers the gaps in limited lines product offerings and removes existing products that are outdated and obsolete.

Your Committee further finds that the National Association of Insurance Commissioners recently adopted a revised model regulation that more clearly defines a producer's responsibility to act in the best interest of the consumer when making a recommendation of an annuity and requires insurers to establish and maintain a system to supervise recommendations. This measure

adopts these provisions to ensure that the insurance needs and financial objectives of consumers are effectively considered and to provide additional consumer protections.

Your Committee has amended this measure by:

- (1) Requiring certain third-party administrator licensees to maintain a surety bond of at least \$100,000 for subsequent annual report filings;
- (2) Clarifying that a producer who is authorized to sell annuity products on or before December 31, 2022, shall complete by July 1, 2023, a one-time training course on annuity products meeting certain requirements, including a new four-credit training course approved by the Insurance Commissioner after December 31, 2022;
- (3) Clarifying that a producer who obtains certain annuity products lines of authority after December 31, 2022, shall not engage in the sale of annuities until the producer has completed training meeting certain requirements;
- (4) Amending section 1 to clarify its intended purpose;
- (5) Inserting an effective date of July 1, 2022; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2111, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2111, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Nishihara).

SCRep. 3517 Commerce and Consumer Protection on H.B. No. 2112

The purpose and intent of this measure is to amend the provisions in the insurance code relating to bilateral agreements on insurance and reinsurance for consistency with the agreements between the United States and European Union and the United States and United Kingdom.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Insurers Council, Hawaii Medical Service Association, American Council of Life Insurers, Hawaii Independent Insurance Agents Association, Reinsurance Association of America, and American Property Casualty Insurance Association.

Your Committee finds that, in 2019, the National Association of Insurance Commissioners adopted amendments to its Credit for Reinsurance Model Law to make its provisions consistent with the requirements of federally negotiated bilateral agreements, or “covered agreements”, between the United States and the European Union and the United States and the United Kingdom. Failure by the states to establish a reinsurance modernization framework and collateral reforms, and to implement reinsurance collateral provisions of the covered agreements, will subject states to federal preemption in this area. This measure is necessary to align the State’s accounting for reinsurance with the other forty-nine states and maintain the State’s accreditation with the National Association of Insurance Commissioners. This measure will further ensure that the State’s Insurance Commissioner has the information necessary to regulate the ability and willingness of reinsurers to pay claims as they become due.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2112, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2112, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Nishihara).

SCRep. 3518 Health on S.C.R. No. 213

The purpose and intent of this measure is to request the Department of Health to restore funding for certain substance use disorder treatment agencies for the fiscal years 2022-2023 and 2023-2024 for residential, outpatient, and adolescent school-based services.

Your Committee received testimony in support of this measure from the Department of Health; The Salvation Army; Hina Mauka; Po’ailani, Inc.; and three individuals.

Your Committee finds that studies indicate that residential treatment programs have proven to be the most effective treatment for patients suffering from chronic and severe substance use disorders and that there are very limited alternative interventions that could meet this special population’s needs. Your Committee further finds that substance abuse treatment programs in schools can provide important interventions for youths, thereby strengthening families, and empowering communities. There are several adult treatment and school-based adolescent services for persons suffering from substance use disorders in the State that formerly received funding from the Department of Health but whose funding was lost due to the Department’s budget cuts. These adult treatment and school-based adolescent services include Hina Mauka (The Alcoholic Rehabilitation Services of Hawaii); The Salvation Army Addiction Treatment Services; The Salvation Army Family Treatment Services; Po’ailani, Inc.; and Aloha House, Malama Family Recovery Center, and Maui Youth & Family Services. Your Committee finds that these services achieved excellent outcomes and are critical to

improving access to care for youth and adults with substance use disorders. This measure requests the Department of Health to restore funding to these organizations and programs for fiscal years 2022-2023 and 2023-2024.

Your Committee has amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 213, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as S.C.R. No. 213, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3519 Health on S.R. No. 206

The purpose and intent of this measure is to request the Department of Health to restore funding for certain substance use disorder treatment agencies for the fiscal years 2022-2023 and 2023-2024 for residential, outpatient, and adolescent school-based services.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that studies indicate that residential treatment programs have proven to be the most effective treatment for patients suffering from chronic and severe substance use disorders and that there are very limited alternative interventions that could meet this special population's needs. Your Committee further finds that substance abuse treatment programs in schools can provide important interventions for youths, thereby strengthening families, and empowering communities. There are several adult treatment and school-based adolescent services for persons suffering from substance use disorders in the State that formerly received funding from the Department of Health but whose funding was lost due to the Department's budget cuts. These adult treatment and school-based adolescent services include Hina Mauka (The Alcoholic Rehabilitation Services of Hawaii); The Salvation Army Addiction Treatment Services; The Salvation Army Family Treatment Services; Po'ailani, Inc.; and Aloha House, Malama Family Recovery Center, and Maui Youth & Family Services. Your Committee finds that these services achieved excellent outcomes and are critical to improving access to care for youth and adults with substance use disorders. This measure requests the Department of Health to restore funding to these organizations and programs for fiscal years 2022-2023 and 2023-2024.

Your Committee has amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 206, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as S.R. No. 206, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3520 Human Services on S.C.R. No. 222

The purpose and intent of this measure is to request the Department of Public Safety, Office of Youth Services, and Department of Budget and Finance to convene a task force to recommend how to create an efficient funding mechanism to allow the Office of Youth Services to generate income to support its vocational programs.

Your Committee received testimony in support of this measure from the Office of Youth Services. Your Committee received comments on this measure from the Department of Public Safety and Opportunity Youth Action Hui.

Your Committee finds that the Office of Youth Services offers various programs and services for at-risk youth, including vocational programs designed to prevent delinquency and reduce recidivism, that have resulted in successfully diverting many youths from delinquency to rehabilitation programs. Your Committee further finds that the Office of Youth Services currently does not generate sufficient funds to maintain a sustainable funding mechanism, such as a revolving fund, for its vocational programs. The task force requested to be established pursuant to this measure will develop recommendations to enable the Office of Youth Services to create a sustainable funding mechanism to support and expand its vocational programs, which will lead to further reduce recidivism and prevent delinquency for youths in the State.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 222 and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Misalucha, Fevella).

SCRep. 3521 Human Services on S.R. No. 215

The purpose and intent of this measure is to request the Department of Public Safety, Office of Youth Services, and Department of Budget and Finance to convene a task force to recommend how to create an efficient funding mechanism to allow the Office of Youth Services to generate income to support its vocational programs.

Your Committee received testimony in support of this measure from the Office of Youth Services. Your Committee received comments on this measure from the Department of Public Safety and Opportunity Youth Action Hui.

Your Committee finds that the Office of Youth Services offers various programs and services for at-risk youth, including vocational programs designed to prevent delinquency and reduce recidivism, that have resulted in successfully diverting many youths from delinquency to rehabilitation programs. Your Committee further finds that the Office of Youth Services currently does not generate sufficient funds to maintain a sustainable funding mechanism, such as a revolving fund, for its vocational programs. The task force requested to be established pursuant to this measure will develop recommendations to enable the Office of Youth Services to create a sustainable funding mechanism to support and expand its vocational programs, which will lead to further reduce recidivism and prevent delinquency for youths in the State.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 215 and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Misalucha, Fevella).

SCRep. 3522 Education on S.C.R. No. 13

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on the feasibility of the State establishing a universal, no-cost pre-kindergarten program.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Early Learning Board, Legislative Reference Bureau, Executive Office on Early Learning, and Early Childhood Action Strategy.

Your Committee finds that early learning programs provide a wide spectrum of benefits to children and society at-large. Your Committee further finds, however, that for many, program tuition is cost-prohibitive. Your Committee additionally finds that a handful of states have expanded access to early learning benefits to all children through a universal, no-cost pre-kindergarten program. Accordingly, this measure requests the Legislative Reference Bureau to study the feasibility of a universal, no-cost pre-kindergarten program.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 3523 Education on S.R. No. 7

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on the feasibility of the State establishing a universal, no-cost pre-kindergarten program.

Your Committee received comments on this measure from Early Childhood Action Strategy.

Your Committee finds that early learning programs provide a wide spectrum of benefits to children and society at-large. Your Committee further finds, however, that for many, program tuition is cost-prohibitive. Your Committee additionally finds that a handful of states have expanded access to early learning benefits to all children through a universal, no-cost pre-kindergarten program. Accordingly, this measure requests the Legislative Reference Bureau to study the feasibility of a universal, no-cost pre-kindergarten program.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 7 and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 3524 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 88

The purpose and intent of this measure is to urge:

- (1) The allocation of additional resources to increase police presence on the Waianae Coast; and
- (2) The creation of a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and one individual.

Your Committee finds that the entire west side of Oahu, including Ewa, Kapolei, Nanakuli, and Waianae, is growing in population. Additionally, a new police station opened in Waianae in May 2016. Your Committee believes that increased staffing and resources for the Waianae Coast Community Policing team are warranted and needed to serve the growing Waianae area and adequately manage the new police station. Your Committee further finds that of the crimes reported, District 8, which includes Ewa, Kapolei, and the Waianae Coast, had the highest number of murders and aggravated assaults on Oahu in 2020. Your Committee believes that increasing the visible presence of uniformed police officers would improve public safety by deterring criminal activity and providing more immediate assistance to victims once a crime has been committed. This measure will improve public safety by urging the Honolulu Police Department to allocate additional resources to increase police presence on the Waianae Coast and to create a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee has amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as S.C.R. No. 88, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3525 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 78

The purpose and intent of this measure is to urge:

- (1) The allocation of additional resources to increase police presence on the Waianae Coast; and
- (2) The creation of a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and one individual.

Your Committee finds that the entire west side of Oahu, including Ewa, Kapolei, Nanakuli, and Waianae, is growing in population. Additionally, a new police station opened in Waianae in May 2016. Your Committee believes that increased staffing and resources for the Waianae Coast Community Policing team are warranted and needed to serve the growing Waianae area and adequately manage the new police station. Your Committee further finds that of the crimes reported, District 8, which includes Ewa, Kapolei, and the Waianae Coast, had the highest number of murders and aggravated assaults on Oahu in 2020. Your Committee believes that increasing the visible presence of uniformed police officers would improve public safety by deterring criminal activity and providing more immediate assistance to victims once a crime has been committed. This measure will improve public safety by urging the Honolulu Police Department to allocate additional resources to increase police presence on the Waianae Coast and to create a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee has amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 78, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as S.R. No. 78, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3526 Health on S.C.R. No. 82

The purpose and intent of this measure is to request the Auditor to conduct a performance audit of the Hawaii Information Portal which includes an assessment of the procedures used by the Department of Health and Hawaii State Hospital relating to the Hawaii Information Portal.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and seventeen individuals. Your Committee received comments on this measure from the Department of Health and Office of the Auditor.

Your Committee finds that in October 2016, the State initiated a state payroll system modernization project known as the Hawaii Information Portal which was completed in January 2019. However, the Legislature has received numerous reports of complications related to the State's transition to this new system, including incorrectly calculated work hours, overtime hours, and leave time. Your Committee finds that the Office of the Ombudsman has investigated and substantiated at least one formal complaint against the Hawaii State Hospital and Department of Health relating to the Hawaii Information Portal. Therefore, this measure requires the Auditor to conduct a performance audit of the Hawaii Information Portal, particularly as it relates to the Department of Health and Hawaii State Hospital, to ensure that state workers receive their earned pay and benefits.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3527 Health on S.C.R. No. 100

The purpose and intent of this measure is to request the Department of Health to convene a therapeutic psilocybin working group to examine the medicinal and therapeutic effects of psilocybin and develop a long-term strategic plan to ensure the availability of medicinal psilocybin or psilocybin-based products that are safe, accessible, and affordable for eligible adult patients.

Your Committee received testimony in support of this measure from the Clarity Project; Heroic Hearts Project; Drug Policy Forum of Hawai'i, Inc.; Hawai'i Health & Harm Reduction Center; Malama Mushrooms; and twenty-two individuals. Your Committee

received testimony in opposition to this measure from the Department of Health, Hawaii Psychiatric Medical Association, and American Psychiatric Association.

Your Committee finds that psilocybin is a naturally-occurring chemical compound found in certain species of mushrooms that can activate serotonin receptors in the brain. Your Committee further finds that studies conducted by nationally and internationally recognized medical institutions indicate that psilocybin has shown efficacy, tolerability, and safety in the treatment of a variety of mental health conditions, including addiction, depression, anxiety disorders, and end-of-life psychological distress. Given the State's shortage of mental health professionals, novel, innovative, and safe solutions to treat its residents should be considered. This measure requests the Department of Health to establish a therapeutic psilocybin working group to examine existing laws regarding the therapeutic use of psilocybin and develop a long-term plan to ensure the availability of medicinal psilocybin for eligible patients.

Your Committee acknowledges the testimony of the Department of Health and medical professional organizations, which raised concerns that the studies demonstrating psilocybin's safety are small and controlled, and that the Food and Drug Administration has not yet approved psilocybin, a schedule I drug, for any medical condition.

Therefore, your Committee has amended this measure by:

- (1) Requesting the working group to develop a long-term plan to enable the availability of medicinal psilocybin, should Food and Drug Administration approval be obtained for its use; and
- (2) Amending its title accordingly.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 100, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Moriwaki, Fevella). Noes, none. Excused, none.

SCRep. 3528 Health on S.R. No. 88

The purpose and intent of this measure is to request the Department of Health to convene a therapeutic psilocybin working group to examine the medicinal and therapeutic effects of psilocybin and develop a long-term strategic plan to ensure the availability of medicinal psilocybin or psilocybin-based products that are safe, accessible, and affordable for eligible adult patients.

Your Committee received testimony in opposition to this measure from the Department of Health and Hawaii Psychiatric Medical Association.

Your Committee finds that psilocybin is a naturally-occurring chemical compound found in certain species of mushrooms that can activate serotonin receptors in the brain. Your Committee further finds that studies conducted by nationally and internationally recognized medical institutions indicate that psilocybin has shown efficacy, tolerability, and safety in the treatment of a variety of mental health conditions, including addiction, depression, anxiety disorders, and end-of-life psychological distress. Your Committee acknowledges the testimony of the Department of Health and medical professional organizations, which raised concerns that the studies demonstrating psilocybin's safety are small and controlled, and that the Food and Drug Administration has not yet approved psilocybin, a schedule I drug, for any medical condition.

Therefore, your Committee has amended this measure by:

- (1) Requesting the working group to develop a long-term plan to enable the availability of medicinal psilocybin, should Food and Drug Administration approval be obtained for its use; and
- (2) Amending its title accordingly.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 88, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 88, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Moriwaki, Fevella). Noes, none. Excused, none.

SCRep. 3529 (Joint) Health and Human Services on S.C.R. No. 42

The purpose and intent of this measure is to urge the Hawaii Health Systems Corporation to expand the Kau Rural Health Clinic to improve access to urgent care and outpatient behavioral health services.

Your Committees received testimony in support of this measure from one member of the Hawai'i County Council.

Your Committees find that individuals with pre-existing mental health conditions may be particularly vulnerable in an emergency. Your Committees further find that rural health clinics help to address the inadequate number of physicians available to serve Medicare beneficiaries in rural areas and increase the availability of primary and preventative health services furnished by rural health clinic practitioners. This measure urges the Hawaii Health Systems Corporation to expand the Kau Rural Health Clinic to improve access to urgent care and outpatient behavioral health services.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 42 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
 Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).
 Human Services: Ayes, 5. Noes, none. Excused, none.

SCRep. 3530 (Joint) Health and Human Services on S.R. No. 37

The purpose and intent of this measure is to urge the Hawaii Health Systems Corporation to expand the Kau Rural Health Clinic to improve access to urgent care and outpatient behavioral health services.

Your Committees did not receive any testimony on this measure.

Your Committees find that individuals with pre-existing mental health conditions may be particularly vulnerable in an emergency. Your Committees further find that rural health clinics help to address the inadequate number of physicians available to serve Medicare beneficiaries in rural areas and increase the availability of primary and preventative health services furnished by rural health clinic practitioners. This measure urges the Hawaii Health Systems Corporation to expand the Kau Rural Health Clinic to improve access to urgent care and outpatient behavioral health services.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 37 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
 Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).
 Human Services: Ayes, 5. Noes, none. Excused, none.

SCRep. 3531 Health on S.C.R. No. 183

The purpose and intent of this measure is to request the Department of Health to conduct a study to assess the health care needs of the residents of Ocean View on the island of Hawaii, including:

- (1) Identifying the health care needs of the residents of Ocean View;
- (2) Identifying existing health care resources and services currently available to the residents of Ocean View;
- (3) Identifying unmet and inadequately-served health care needs of the residents of Ocean View, and further identifying the potential sources or causes of these gaps and deficiencies, to the extent the same can be determined;
- (4) Identifying and quantifying patterns of disease, if any, in the Ocean View population;
- (5) Identifying the number of residents of Ocean View who are beneficiaries or recipients of the Compact of Free Association, as ratified and amended, between the Federated States of Micronesia and United States; and
- (6) Providing policy, operational, and any other pertinent recommendations to address the unmet or inadequately-served health care needs of the residents of Ocean View, and prioritize these recommendations according to relative severity and urgency of the health care need at issue.

Your Committee received testimony in support of this measure from the Aloha Lokahi Association and Ka'u Rural Health Community Association, Inc. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the Ocean View region on the island of Hawaii, is one of the fastest-growing areas in the United States, with the 2010 United States Census reporting a population of 4,437, up from 2,178 as reported by the 2000 United States Census. Despite the growing community, the lack of health care infrastructure has not been addressed, as there are no health care facilities in Ocean View and the nearest hospitals are in Kona and Kau, both a lengthy drive away. Your Committee further finds that before any action is taken to address the health care needs of the Ocean View community, it is prudent to first gather information about the health care needs of the community residing there. This measure requests the Department of Health to gather pertinent information about the health care needs of the Ocean View community.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
 Ayes, 5. Noes, none. Excused, none.

SCRep. 3532 Health on S.R. No. 176

The purpose and intent of this measure is to request the Department of Health to conduct a study to assess the health care needs of the residents of Ocean View on the island of Hawaii, including:

- (1) Identifying the health care needs of the residents of Ocean View;
- (2) Identifying existing health care resources and services currently available to the residents of Ocean View;
- (3) Identifying unmet and inadequately-served health care needs of the residents of Ocean View, and further identifying the potential sources or causes of these gaps and deficiencies, to the extent the same can be determined;
- (4) Identifying and quantifying patterns of disease, if any, in the Ocean View population;
- (5) Identifying the number of residents of Ocean View who are beneficiaries or recipients of the Compact of Free Association, as ratified and amended, between the Federated States of Micronesia and United States; and

This measure requests the Department of Health to gather pertinent information about the health care needs of the Ocean View community.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 176 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3533 (Joint) Health and Agriculture and Environment on S.C.R. No. 75

The purpose and intent of this measure is to request the Department of Health to prioritize enforcement with penalties of water pollution control regulations in rural areas where there are existing reports of runoff.

Your Committees did not receive any testimony on this measure.

Your Committees find that groundwater resulting from extreme rainfall can become polluted with silt, debris, and other pollutants, which often washes into coastal areas and damages marine reefs. Your Committees further find that Molokai's southern reef, which is the longest continuous fringing reef in the United States, has suffered extensive damage from runoff pollution in recent years, and such damage has been especially common in areas where owners of large tracts of land conduct activities that destabilize the soil. This measure seeks to address these problems by way of greater enforcement efforts by the Department of Health.

As affirmed by the records of votes of the members of your Committees on Health and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 75 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 3. Noes, none. Excused, 2 (Moriwaki, San Buenaventura).

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

SCRep. 3534 (Joint) Health and Agriculture and Environment on S.R. No. 68

The purpose and intent of this measure is to request the Department of Health to prioritize enforcement with penalties of water pollution control regulations in rural areas where there are existing reports of runoff.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that groundwater resulting from extreme rainfall can become polluted with silt, debris, and other pollutants, which often washes into coastal areas and damages marine reefs. Your Committees further find that Molokai's southern reef, which is the longest continuous fringing reef in the United States, has suffered extensive damage from runoff pollution in recent years, and such damage has been especially common in areas where owners of large tracts of land conduct activities that destabilize the soil. Signed by the Chairs on behalf of the Committees.

Health: Ayes, 3. Noes, none. Excused, 2 (Moriwaki, San Buenaventura).

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

SCRep. 3535 (Joint) Health and Human Services on S.C.R. No. 130

The purpose and intent of this measure is to request the Department of Health and Department of Human Services to jointly develop and adopt all rules, policies, and plan amendments necessary to ensure that the State Medicaid program covers medically-needed services, including applied behavior analysis services, for individuals aged twenty-one and older with neurodevelopmental disorders, including autism spectrum disorder.

Your Committees received testimony in support of this measure from the Hawai'i Association of Behavior Analysis, Autism Speaks Inc., and eight individuals. Your Committees received comments on this measure from the Department of Health and Department of Human Services.

Your Committees find that neurodevelopmental disorders are disabilities associated primarily with the functioning of the neurological system and brain. Your Committees further find that treatments for individuals with developmental disabilities, such as applied behavior analysis, can improve their physical and mental development. Medicaid covers treatments for individuals with neurodevelopmental disorders for persons under the age of twenty-one; however, there are reports of individuals with autism spectrum disorder and other neurodevelopmental disorders who are aged twenty-one and older being denied Med-QUEST coverage for medically-needed autism services, including applied behavior analysis services. Therefore, this measure requests the Department of

Health and Department of Human Services to develop all rules, policies, and amendments necessary to ensure that Medicaid covers treatment for neurodevelopmental disorders for persons aged twenty-one and older.

Your Committees acknowledge the testimony of the Department of Health, which noted that research regarding applied behavior analysis for persons with developmental disabilities aged twenty-one and older be reviewed before rules, policies, and amendments are promulgated.

Therefore, your Committees have amended this measure by:

- (1) Requesting the Department of Health and Department of Human Services to review any research regarding applied behavior analysis for persons with developmental disabilities aged twenty-one and older; and
- (2) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 130, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 130, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

Human Services: Ayes, 5. Noes, none. Excused, none.

SCRep. 3536 (Joint) Health and Human Services on S.R. No. 114

The purpose and intent of this measure is to request the Department of Health and Department of Human Services to jointly develop and adopt all rules, policies, and plan amendments necessary to ensure that the State Medicaid program covers medically-needed services, including applied behavior analysis services, for individuals aged twenty-one and older with neurodevelopmental disorders, including autism spectrum disorder.

Your Committees received testimony in support of this measure from Autism Speaks Inc. Your Committees received comments on this measure from the Department of Health and Department of Human Services.

Your Committees find that neurodevelopmental disorders are disabilities associated primarily with the functioning of the neurological system and brain. Your Committees further find that treatments for individuals with developmental disabilities, such as applied behavior analysis, can improve their physical and mental development. Medicaid covers treatments for individuals with neurodevelopmental disorders for persons under the age of twenty-one; however, there are reports of individuals with autism spectrum disorder and other neurodevelopmental disorders who are aged twenty-one and older being denied Med-QUEST coverage for medically-needed autism services, including applied behavior analysis services. Therefore, this measure requests the Department of Health and Department of Human Services to develop all rules, policies, and amendments necessary to ensure that Medicaid covers treatment for neurodevelopmental disorders for persons aged twenty-one and older.

Your Committees acknowledge the testimony of the Department of Health, which noted that research regarding applied behavior analysis for persons with developmental disabilities aged twenty-one and older be reviewed before rules, policies, and amendments are promulgated.

Therefore, your Committees have amended this measure by:

- (1) Requesting the Department of Health and Department of Human Services to review any research regarding applied behavior analysis for persons with developmental disabilities aged twenty-one and older; and
- (2) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 114, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 114, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

Human Services: Ayes, 5. Noes, none. Excused, none.

SCRep. 3537 (Joint) Health and Human Services on S.C.R. No. 124

The purpose and intent of this measure is to urge the Department of Health and Department of Human Services to work with the YMCA of Honolulu to support the mental wellness of the State's youth.

Your Committees received testimony in support of this measure from the YMCA of Honolulu and two individuals. Your Committees received comments on this measure from the Department of Health and Department of Human Services.

Your Committees find that the coronavirus disease 2019 pandemic has negatively impacted the State's youth, preventing them from meeting important social and developmental milestones and stripping them of healthy coping mechanisms, such as socializing with friends. Recent national surveys of young people have shown alarming increases in the prevalence of certain mental health challenges, such as depression and anxiety. Your Committees also find that the YMCA of Honolulu has a proven track record of success in working with youth and can provide a community-based approach to support youth at various points in their mental wellness pathway. Therefore, this measure urges the Department of Health and Department of Human Services to work with the YMCA of Honolulu to support the mental wellness of the State's youth.

Your Committees have amended this measure by:

- (1) Requesting the Department of Health and Department of Human Services to work with community partners, including the YMCA, to support the mental wellness of the State's youth; and
- (2) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Health and Human Services that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 124, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 124, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Health: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).
Human Services: Ayes, 5. Noes, none. Excused, none.

SCRep. 3538 Education on S.C.R. No. 216

The purpose and intent of this measure is to request the Department of Education to assess whether and to what extent the Department's existing child sexual abuse curriculum and training programs align with the requirements of Erin's Law.

Your Committee received testimony in support of this measure from the Department of Education, Hawaii Youth Services Network, Parents And Children Together, and the Sex Abuse Treatment Center of Hawaii.

Your Committee finds that Erin's Law is an Illinois state law that has been adopted in a majority of states. Your Committee further finds that Erin's Law requires public schools to implement a prevention-oriented child sexual abuse program that teaches age appropriate techniques for children to recognize sexual abuse and to tell a trusted adult. Your Committee additionally finds that while the Department of Education presently provides curricula and training programs related to preventing, recognizing, and responding to instances of child sexual abuse, it is unclear whether and to what extent the existing curriculum and programs align with the requirements of Erin's Law. Accordingly, this measure will promote awareness and prevention of child sexual abuse by requesting the Department to review and assess its current offerings in light of the prevention-oriented approach under Erin's Law.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 216 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3539 Education on S.R. No. 209

The purpose and intent of this measure is to request the Department of Education to assess whether and to what extent the Department's existing child sexual abuse curriculum and training programs align with the requirements of Erin's Law.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Erin's Law is an Illinois state law that has been adopted in a majority of states. Your Committee further finds that Erin's Law requires public schools to implement a prevention-oriented child sexual abuse program that teaches age appropriate techniques for children to recognize sexual abuse and to tell a trusted adult. Your Committee additionally finds that while the Department of Education presently provides curricula and training programs related to preventing, recognizing, and responding to instances of child sexual abuse, it is unclear whether and to what extent the existing curriculum and programs align with the requirements of Erin's Law. Accordingly, this measure will promote awareness and prevention of child sexual abuse by requesting the Department to review and assess its current offerings in light of the prevention-oriented approach under Erin's Law.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 209 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3540 Education on S.C.R. No. 28

The purpose and intent of this measure is to request the Department of Education to establish programs and educational opportunities to increase media literacy and promote digital citizenship.

Your Committee received testimony in support of this measure from the Department of Education and one individual.

Your Committee finds that media literacy is a necessary skill that allows all citizens to access, analyze, and evaluate information; create messages; and act using a variety of forms of communication. Your Committee further finds that media literacy and digital citizenship are critical topics for education as students across the country increasingly rely on digital devices due in large part to the coronavirus disease 2019 pandemic and the resulting forced transition to digital learning. Your Committee additionally finds that students use technology to play, learn, and communicate at school and home, and need to learn how to use technology responsibly and to make sound judgments when navigating the digital world. Accordingly, this measure will help prepare students to live and work in a digital world by requesting the Department of Education to establish media literacy and digital citizenship programs and curricula.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 28 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3541 Education on S.R. No. 22

The purpose and intent of this measure is to request the Department of Education to establish programs and educational opportunities to increase media literacy and promote digital citizenship.

Your Committee did not receive any testimony on this measure.

Your Committee finds that media literacy is a necessary skill that allows all citizens to access, analyze, and evaluate information; create messages; and act using a variety of forms of communication. Your Committee further finds that media literacy and digital citizenship are critical topics for education as students across the country increasingly rely on digital devices due in large part to the coronavirus disease 2019 pandemic and the resulting forced transition to digital learning. Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3542 Education on S.C.R. No. 171

The purpose and intent of this measure is to urge the Department of Education and State Public Charter School Commission to prioritize the hiring of dedicated staff for each school campus to manage federal school meal programs, including the National School Lunch Program, and to seek any related federal funding.

Your Committee received comments on this measure from the Department of Education.

Your Committee finds that access to school meals are an important part of a child's health and well-being. Your Committee further finds that federal meal assistance programs are not being fully utilized, particularly in rural areas, due in part to a lack of necessary staffing to administer and operate the programs. Accordingly, this measure promotes access to school meals by requesting the Department of Education and State Public Charter School Commission to prioritize staffing to administer and operate school meal programs and to seek federal funding for such staffing to the fullest extent possible.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 171 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3543 Education on S.R. No. 163

The purpose and intent of this measure is to urge the Department of Education and State Public Charter School Commission to prioritize the hiring of dedicated staff for each school campus to manage federal school meal programs, including the National School Lunch Program, and to seek any related federal funding.

Your Committee did not receive any testimony on this measure.

Your Committee finds that access to school meals are an important part of a child's health and well-being. Your Committee further finds that federal meal assistance programs are not being fully utilized, particularly in rural areas, due in part to a lack of necessary staffing to administer and operate the programs. Accordingly, this measure promotes access to school meals by requesting the Department of Education and State Public Charter School Commission to prioritize staffing to administer and operate school meal programs and to seek federal funding for such staffing to the fullest extent possible.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 163 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3544 Education on S.C.R. No. 217

The purpose and intent of this measure is to request the Early Learning Board to prepare a report containing a road map, including proposed legislation, for the implementation of Act 46, Session Laws of Hawaii 2020 (Act 46).

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Early Childhood Action Strategy, and Hawaii Community Foundation. Your Committee received comments on this measure from Children's Action Network Speaks! and the Early Learning Board.

Your Committee finds that providing every child with access to early learning opportunities supports positive outcomes in academics, promotes emotional well-being, and establishes for each child a strong foundation for a lifetime of success. Your Committee further finds that approximately 34,500 children aged three or four years reside in the State. Only fifty percent of those children, however, have access to early learning options.

Your Committee additionally finds that one of the purposes of Act 46 is to build the infrastructure and develop resources necessary to serve one hundred percent of all otherwise unserved children who are three to four years of age, or will not be at least five years of age on or before July 31 of the current school year, with access to early learning by the year 2032. Accordingly, this measure promotes

access to early learning by requesting the Early Learning Board to assess the progress of implementing Act 46 and develop a plan for continued implementation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 217, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 217, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3545 Education on S.R. No. 210

The purpose and intent of this measure is to request the Early Learning Board to prepare a report containing a road map, including proposed legislation, for the implementation of Act 46, Session Laws of Hawaii 2020 (Act 46).

Your Committee received testimony in support of this measure from the Executive Office on Early Learning and Early Childhood Action Strategy. Your Committee received comments on this measure from Children's Action Network Speaks!.

Your Committee finds that providing every child with access to early learning opportunities supports positive outcomes in academics, promotes emotional well-being, and establishes for each child a strong foundation for a lifetime of success. Your Committee further finds that approximately 34,500 children aged three or four years reside in the State. Only fifty percent of those children, however, have access to early learning options.

Your Committee additionally finds that one of the purposes of Act 46 is to build the infrastructure and develop resources necessary to serve one hundred percent of all otherwise unserved children who are three to four years of age, or will not be at least five years of age on or before July 31 of the current school year, with access to early learning by the year 2032. Accordingly, this measure promotes access to early learning by requesting the Early Learning Board to assess the progress of implementing Act 46 and develop a plan for continued implementation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 210, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 210, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3546 Education on S.C.R. No. 131

The purpose and intent of this measure is to request the Department of Education to develop a social studies course for high school students to learn about Filipino history, culture, and identity, and take certain related actions.

Your Committee received testimony in support of this measure from Hawai'i Friends of Civil Rights, Tinalak Filipino Education Council, and twenty-eight individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that Filipinos are the largest Asian ethnic and non-white group in Hawaii, at more than twenty-five per cent of the population, and have had a long presence and cultural footprint in the State. Your Committee further finds that despite being the largest ethnic group in the Hawaii education system, there is inadequate Filipino representation in staffing and course offerings.

Your Committee additionally finds that when students are represented, they feel a stronger ethnic pride and identity, and are more empowered to positively contribute to their communities. Accordingly, this measure promotes Filipino cultural awareness and empowerment by requesting the Department of Education to develop curricula and take other actions.

Your Committee notes the incredible amount of community support for this measure, and strongly urges the Department of Education to expand the request of this measure to include all ethnic groups and cultures, so that all students can feel represented in the education system.

Your Committee has amended this measure by:

- (1) Requesting the Department of Education to develop, instead of implement, the subject curricula;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 131, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 131, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3547 Education on S.R. No. 115

The purpose and intent of this measure is to request the Department of Education to develop a social studies course for high school students to learn about Filipino history, culture, and identity, and take certain related actions.

Your Committee received testimony in support of this measure from the Tinalak Filipino Education Council, Hawai'i Friends of Civil Rights, and twenty-nine individuals.

Your Committee finds that Filipinos are the largest Asian ethnic and non-white group in Hawaii, at more than twenty-five per cent of the population, and have had a long presence and cultural footprint in the State. Your Committee further finds that despite being the largest ethnic group in the Hawaii education system, there is inadequate Filipino representation in staffing and course offerings.

Your Committee additionally finds that when students are represented, they feel a stronger ethnic pride and identity, and are more empowered to positively contribute to their communities. Accordingly, this measure promotes Filipino cultural awareness and empowerment by requesting the Department of Education to develop curricula and take other actions.

Your Committee notes the incredible amount of community support for this measure, and strongly urges the Department of Education to expand the request of this measure to include all ethnic groups and cultures, so that all students can feel represented in the education system.

Your Committee has amended this measure by:

- (1) Requesting the Department of Education to develop, instead of implement, the subject curricula;
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 115, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 115, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3548 Education on S.C.R. No. 34

The purpose and intent of this measure is to request the Early Learning Board to evaluate and report to the Legislature on the Board's composition and charter, and to develop a strategic plan.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Early Childhood Action Strategy, and Early Learning Board.

Your Committee has amended this measure by clarifying the measure's recipients.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 34, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 3549 Education on S.R. No. 30

The purpose and intent of this measure is to request the Early Learning Board to evaluate and report to the Legislature on the Board's composition and charter, and to develop a strategic plan.

Your Committee received testimony in support of this measure from Early Childhood Action Strategy.

Your Committee has amended this measure by clarifying the measure's recipients.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 30, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 30, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 3550 Education on S.C.R. No. 63

The purpose and intent of this measure is to request the Department of Education to name the new Kihei High School in honor of the late United States Congresswoman Patsy T. Mink.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, and three individuals.

Your Committee finds that Congresswoman Patsy T. Mink was a barrier-breaker and dedicated champion of equality. During her tenure in the U.S. House of Representatives, Congresswoman Patsy T. Mink worked tirelessly for the fundamental rights of and equity for women, children, immigrants, and other disenfranchised people, especially in education.

Your Committee further finds that the Department of Education is in the process of building a new high school in Kihei to serve South Maui families, located a short distance from where Congresswoman Patsy T. Mink herself attended high school. Your Committee believes that, given her extraordinary dedication to advocating for educational equity and the overall well-being of children, there would be no better way to honor the legacy of Congresswoman Patsy T. Mink than to have an educational institution in her birthplace bear her name. Accordingly, this measure requests the Department of Education to name the new Kihei High School in her honor.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 63, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 63, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 3551 Education on S.R. No. 58

The purpose and intent of this measure is to request the Department of Education to name the new Kihei High School in honor of the late United States Congresswoman Patsy T. Mink.

Your Committee finds that Congresswoman Patsy T. Mink was a barrier-breaker and dedicated champion of equality. During her tenure in the U.S. House of Representatives, Congresswoman Patsy T. Mink than to have an educational institution in her birthplace bear her name. Accordingly, this measure requests the Department of Education to name the new Kihei High School in her honor.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 58, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 58, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 3552 Education on S.C.R. No. 226

The purpose and intent of this measure is to request the Department of Education to develop and implement a civil rights curriculum through which students in all public elementary, middle, intermediate, and high schools will be able to take courses offering fact-based information on civil rights and the Civil Rights Movement.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the Civil Rights Movement was pivotal in addressing pervasive social and institutional inequities in the United States. Your Committee further finds that it is essential for students in the State to learn about and understand the importance of the Civil Rights Movement. Accordingly, this measure promotes productive civic engagement by requesting the Department of Education to develop and implement civil rights curricula.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 226 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3553 Education on S.R. No. 219

The purpose and intent of this measure is to request the Department of Education to develop and implement a civil rights curriculum through which students in all public elementary, middle, intermediate, and high schools will be able to take courses offering fact-based information on civil rights and the Civil Rights Movement.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that the Civil Rights Movement was pivotal in addressing pervasive social and institutional inequities in the United States. Your Committee further finds that it is essential for students in the State to learn about and understand the importance of the Civil Rights Movement. Accordingly, this measure promotes productive civic engagement by requesting the Department of Education to develop and implement civil rights curricula.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kanuha).

SCRep. 3554 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 622, 727, 728, and 729

Recommending that the Senate advise and consent to the nominations of the following:

COMMUNITY-BASED ECONOMIC DEVELOPMENT ADVISORY COUNCIL

- G.M. No. 622 JANE HORIKE, for a term to expire 06-30-2025;
G.M. No. 727 COLLEEN MCALUNEY, for a term to expire 06-30-2025;
G.M. No. 728 ROBERTA MELTON, for a term to expire 06-30-2022; and
G.M. No. 729 ROBERTA MELTON, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Jane Horike, Colleen McAluney, and Roberta Melton for service on the Community-based Economic Development Advisory Council.

JANE HORIKE

Your Committee received testimony in support of the nomination for the reappointment of Jane Horike from the Department of Business, Economic Development, and Tourism.

Upon review of the testimony, your Committee finds that Ms. Horike's experience, knowledge, and dedication in serving on the Community-based Economic Development Advisory Council qualify her for reappointment to the Community-based Economic Development Advisory Council as representative of the County of Hawaii, pursuant to 201D-5, Hawaii Revised Statutes. Your Committee finds that Ms. Horike retired last year from the Hawaii County Department of Research and Development as an Economic Development Specialist III. Ms. Horike has spent over four decades serving the communities of the County of Hawaii and has extensive experience in domestic and foreign market analysis, business promotion and expansion, and funding and technical assistance. Your Committee notes that Ms. Horike remains involved with the Hawaii Island community, including her recent work with Hui Ho'olako for Hawaiian Initiatives, a nonprofit that is working to produce cattle feed made from seaweed grown at the Natural Energy Laboratory of Hawaii Authority and developing an animal feed mill using agricultural waste and noxious weeds. Your Committee further finds that she has served on the Community-based Economic Development Advisory Council since 2018. Her experience and knowledge will continue to be assets to the Community-based Economic Development Advisory Council. Your Committee therefore recommends that Jane Horike be reappointed to the Community-based Economic Development Advisory Council based on her experience, knowledge, and commitment to public service.

COLLEEN MCALUNEY

Your Committee received testimony in support of the nomination for the appointment of Colleen McAluney from the Department of Business, Economic Development, and Tourism.

Upon review of the testimony, your Committee finds that Ms. McAluney's experience and willingness to serve on the Community-based Economic Development Advisory Council qualify her for reappointment to the Community-based Economic Development Advisory Council as representative of the City and County of Honolulu, pursuant to section 210D-5, Hawaii Revised Statutes. Your Committee finds that Ms. McAluney is currently the Director of the Patsy T. Mink Center for Business and Leadership (MCBL) at the YWCA O'ahu. Your Committee notes that she graduated with a Bachelor's degree in Business Administration from Pepperdine University. According to testimony received by your Committee, in her seven years at MCBL, Ms. McAluney has spearheaded and revamped its signature programs to meet the needs of today's rapidly evolving entrepreneurial landscape. Your Committee further finds that she has an understanding of the role and responsibilities of board members and that her experience in and insights about local small business issues, especially in retail management, will be assets to the Community-based Economic Development Advisory Council. Your Committee therefore recommends that Colleen McAluney be appointed to the Community-based Economic Development Advisory Council based on her experience and desire to serve the public.

ROBERTA MELTON

Your Committee received testimony in support of the nominations for the appointment and reappointment of Roberta Melton from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to the nominations for the appointment and reappointment of Roberta Melton from one individual.

Upon review of the testimony, your Committee finds that Ms. Melton's experience, knowledge, and willingness to serve on the Community-based Economic Development Advisory Council qualify her for appointment and reappointment to the Community-based Economic Development Advisory Council as a representative of County of Kauai, pursuant to section 210D-5, Hawaii Revised Statutes. Your Committee finds that Ms. Melton is the Director of the Hawaii Small Business Development Center – Kauai. According to testimony during the hearing, Ms. Melton has spent the last three years working with a variety of small businesses on Kauai, including those in agriculture, manufacturing, retail, and high technology. Your Committee notes that her prior positions include Director for the Kauai County Office of Economic Development and Executive Director and Chief Executive Officer of the Hawaii Technology Development Corporation. Her experience and knowledge as a financial reviewer and economic development expert will be assets to the Community-based Economic Development Advisory Council. Your Committee therefore recommends that Roberta Melton be appointed and reappointed to the Community-based Economic Development Advisory Council based on her experience, knowledge, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has

found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 622: Ayes, 4. Noes, none. Excused, 1 (Riviere).

For Gov. Msg. Nos. 727, 728, and 729: Ayes, 3. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3555 Health on Gov. Msg. Nos. 538, 541, 542, 543, and 544

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON MENTAL HEALTH

G.M. No. 538 TARA REED, for a term to expire 06-30-2025;

G.M. No. 541 KATHLEEN MERRIAM, for a term to expire 06-30-2024;

G.M. No. 542 LEA DIAS, for a term to expire 06-30-2023;

G.M. No. 543 SAMUEL RICE, for a term to expire 06-30-2023; and

G.M. No. 544 CHRISTOPHER KNIGHTSBRIDGE, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Tara Reed, Kathleen Merriam, Lea Dias, Samuel Rice, and Christopher Knightsbridge for service on the State Council on Mental Health.

TARA REED

Your Committee received testimony in support of the nomination for the appointment of Tara Reed from the Department of Health and two individuals.

Upon review of the testimony, your Committee finds that Ms. Reed's experience as a mental health counselor, commitment to public service, and passion for helping persons experiencing mental health and substance abuse challenges, qualify her for appointment to the State Council on Mental Health. Ms. Reed has worked as a primary counselor and group therapy facilitator for Po'ailani, Inc. and as a case manager for the Salvation Army Adult Treatment Services. Your Committee notes that Ms. Reed currently serves on the Maui Service Area Board on Mental Health. Ms. Reed earned a Bachelor's degree in Social Work from the University of Hawai'i at Manoa School of Social Work and has complete Master's level course work in Forensic Psychology from Argosy University. Her appointment to the State Council on Mental Health would fulfill the requirement for a community member who is a non-state employee, in accordance with section 334-11, Hawaii Revised Statutes. Your Committee therefore recommends that Tara Reed be appointed to the State Council on Mental Health based on her experience in counseling and commitment to helping persons with mental health and substance abuse challenges.

KATHLEEN MERRIAM

Your Committee received testimony in support of the nomination for the appointment of Kathleen Merriam from the Department of Health, Community Empowerment Resources, Hina Mauka, and four individuals.

Upon review of the testimony, your Committee finds that Ms. Merriam's experience in the field of mental health, commitment to public service, and passion for helping persons experiencing mental health and substance abuse challenges, qualify her for appointment to the State Council on Mental Health. Ms. Merriam is currently a Mental Health Supervisor for the Windward Oahu Treatment Service Section for the Adult Mental Health Division of the Department of Health. Prior to that, Ms. Merriam served as a Case Manager and Psychosocial Rehabilitation Coordinator, both for the Adult Mental Health Division. Your Committee notes that Ms. Merriam is also an advisor for the National Alliance for Mental Illness, and a member of both the National Association of Social Workers and Statewide Suicide Prevention Task Force. Ms. Merriam earned a Bachelor's degree in Psychology, with a concentration in Mental Health Services, from Western Washington University, and a Master's of Social Work from the University of Hawaii. Your Committee further finds that Ms. Merriam's service on the State Council on Mental Health fulfills the requirement of section 334-10, Hawaii Revised Statutes, that a member be a representative of a principal state agency with respect to mental health. Your Committee therefore recommends that Kathleen Merriam be appointed to the State Council on Mental Health based on her experience working with the Adult Mental Health Services Division and commitment to helping persons with mental health and substance abuse challenges.

LEA DIAS

Your Committee received testimony in support of the nomination for the appointment of Lea Dias from the Department of Health and Department of Human Services.

Upon review of the testimony, your Committee finds that Ms. Dias's experience in the field of vocational rehabilitation, commitment to public service, and passion for helping persons experiencing mental health and substance abuse challenges, qualify her for appointment to the State Council on Mental Health. Ms. Dias is currently the Branch Administrator for Ho'opono Services for the Blind Branch of the Department of Human Services' Vocational Rehabilitation and Services for the Blind Division. Ms. Dias has served in the Vocational Rehabilitation and Services for the Blind Division for over thirty years, starting as a Vocational Rehabilitation Specialist and moving up through positions such as Counseling Section Supervisor and Adjustment Section Supervisor, to her current position as Branch Administrator. Your Committee notes that Ms. Dias has also served as the President for the National Council of State Agencies for the Blind and is National Board Member for the National Blindness Professional Certification Board. Ms. Dias earned a Master's of Education in Rehabilitation Counseling from the University of Hawaii at Manoa. Your Committee further finds that Ms. Dias' service on the State Council on Mental Health fulfills the requirement of section 334-10, Hawaii Revised Statutes, that a member be a representative of a principal state agency with respect vocational rehabilitation. Your Committee therefore recommends

that Lea Dias be appointed to the State Council on Mental Health based on her experience in the field of vocational rehabilitation and commitment to helping persons with mental health and substance abuse challenges.

SAMUEL RICE

Your Committee received testimony in support of the nomination for the appointment of Samuel Rice from Department of Health and Department of Human Services.

Upon review of the testimony, your Committee finds that Mr. Rice's experience in the field of social work, commitment to public service, and passion for helping persons experiencing mental health and substance abuse challenges, qualify him for appointment to the State Council on Mental Health. Mr. Rice is currently the Assistant Program Development Administrator for the Department of Human Services' Adult Protective and Community Services, Branch Social Services Division. Prior to that, Mr. Rice served as a Supervisor for the Adult/Juvenile Community Service and Restitution Unit for the Court of the First Circuit of the Judiciary, and has over twenty years of experience working in the social services field. Your Committee notes that Mr. Rice has participated in numerous training programs in the field of social work, including topics such as workplace discrimination and accommodations, care for persons with dementia, civil rights awareness, and preventing sexual assault. Your Committee further finds that Mr. Rice's service on the State Council on Mental Health fulfills the requirement of section 334-10, Hawaii Revised Statutes, that a member be a representative of a principal state agency with respect social services. Your Committee therefore recommends that Samuel Rice be appointed to the State Council on Mental Health based on his experience in the field of social services and commitment to helping persons with mental health and substance abuse challenges.

CHRISTOPHER KNIGHTSBRIDGE

Your Committee received testimony in support of the nomination for the reappointment of Christopher Knightsbridge from the Department of Health and two individuals.

Upon review of the testimony, your Committee finds that Mr. Knightsbridge's experience with mental health counseling and treatment, commitment to public service, and passion for helping persons experiencing mental health and substance abuse challenges, qualify him for reappointment to the State Council on Mental Health. Mr. Knightsbridge is currently a doctoral student in Clinical Psychology at California Southern University. He has been a diagnostic practicum student for the I Ola Lahui Rural Hawaii Behavioral Health Program and was a guest lecturer for the Hawaii School of Professional Psychology. Your Committee notes that Mr. Knightsbridge also currently serves on the Colombia Southern University Psychology Advisory Board, Hawaii Psychological Convention Committee, and Hawaii Psychological Association Political Action Committee. Mr. Knightsbridge earned a Master of Arts from the Hawaii School of Professional Psychology at Argosy University Hawaii. Your Committee further finds that Mr. Knightsbridge's reappointment could fulfill the requirement of section 334-10, Hawaii Revised Statutes, that a member be an adult who has a lived experience of serious mental illness and is receiving, or who has received, mental health services. Your Committee notes that Mr. Knightsbridge currently serves as the First Vice President of the State Council on Mental Health and therefore is already familiar with the its work. Your Committee therefore recommends that Christopher Knightsbridge be reappointed to the State Council on Mental Health based on his experience in mental health counseling and commitment to helping persons with mental health and substance abuse challenges.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3556 Judiciary on H.B. No. 1692

The purpose and intent of this measure is to change the fines imposed for mobile electronic device violations.

Your Committee received testimony in support of this measure from the Department of Transportation, AAA Hawaii, and one individual.

Your Committee finds that Fatality Analysis Reporting System statistics indicate that almost twenty-five percent of Hawai'i's one hundred eight traffic fatalities involved distracted drivers in 2019. Distracted driving is a significant threat, responsible for over three thousand fatalities each year nationwide. This measure will deter drivers from using their cell phones while driving, which will reduce motor vehicle fatalities and injuries on Hawai'i's roadways.

Your Committee has amended this measure by:

- (1) Inserting a fine of \$300 for mobile electronic device violations; and
- (2) Increasing the fine to \$400 for mobile electronic violations in a school zone or construction area.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1692, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1692, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Lee).

SCRep. 3557 Commerce and Consumer Protection on H.B. No. 2115

The purpose and intent of this measure is to authorize the Commissioner of Financial Institutions to modify or waive requirements relating to mortgage servicers in chapter 454M, Hawaii Revised Statutes, to implement changes and improvements made to NMLS.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that NMLS is a multi-state mortgage licensing platform developed and maintained by the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators. NMLS has undergone recent technological improvements, allowing companies and state regulators to navigate the licensing and examination process more efficiently. Hawaii remains one of the few states that has not adopted the modern processes made available by NMLS, including for example, the ability to file surety bonds electronically to eliminate administrative burdens and reduce delays that can typically result from physical transfer and mailing requirements. Accordingly, this measure will allow the Commissioner of Financial Institutions to implement modernized processes through NMLS as technology improves to streamline the licensing process for mortgage servicers and benefit consumers who engage with mortgage servicers.

Your Committee has amended this measure by inserting an effective date of July 1, 2022.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2115, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2115, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Nishihara).

SCRep. 3558 Commerce and Consumer Protection on H.B. No. 2272

The purpose and intent of this measure is to:

- (1) Specify that a condominium declaration may be amended by vote or written consent of unit owners representing at least sixty-seven percent of the common interest, unless the unit owners amend the declaration to require a higher percentage;
- (2) Require a developer's public report to include annual reserve contributions based on a reserve study; and
- (3) Clarify time and date requirements for:
 - (A) Petitions to amend bylaws and calls for special meetings;
 - (B) Electronic, machine, and mail voting during periods of emergency;
 - (C) The time frame for approval of minutes; and
 - (D) Board meeting participation.

Your Committee received testimony in support of this measure from the Hawai'i State Association of Parliamentarians Legislative Committee; Community Associations Institute; Associa; Porter McGuire Kiakona, LLP; Hawai'i Council of Community Associations; Palehua Townhouse Association; Honolulu Tower AOA; CCV2 Board; Hawai'i Insurers Council; and three individuals. Your Committee received testimony in opposition to this measure from ARDA Hawaii. Your Committee received comments on this measure from Hui 'Oia'i'o and three individuals.

Your Committee finds that remote meeting technology and internet-based electronic election programs have benefited the community association industry, resulting in increased owner participation, accessibility, efficiency, and decreased likelihood of human error. Utilizing these technologies post-pandemic will provide continued opportunities for more owner participation and will ultimately continue to improve the community association industry. Your Committee further finds that, due to a number of concerns raised in testimony, amendments to this measure are necessary to, among other things, address the potential of fraud and abuse with electronic voting technologies and to incorporate stakeholder language to add safeguards and minimize risks when utilizing these technologies.

Your Committee has amended this measure by:

- (1) Deleting language that would have allowed unit owners to require a vote of greater than sixty-seven percent to amend the condominium declaration;
- (2) Inserting language amending section 514B-121(b), Hawaii Revised Statutes, to clarify that:
 - (A) Electronic voting devices shall be isolated from any connection to an external network, including the Internet, or shall use a form of encryption comparable to that used for secured Internet web browsers; and
 - (B) The board of directors shall establish reasonable procedures to provide for the integrity of the unit owners' votes, including the availability of a printed audit trail containing a reference number or Internet address of the electronic voting devices;
- (3) Clarifying that electronic meetings and electronic, machine, or mail voting may be authorized by the board of directors in its sole discretion:
 - (A) For any electronic, machine, or mail voting for which notice of voting has been sent; provided that the electronic, machine, or mail voting deadline is within sixty days of the date the notice was first sent; and
 - (B) Whenever approved in advance by written consent of a majority of unit owners or majority vote at an association meeting;
- (4) Specifying that the association shall implement reasonable measures to verify that each person permitted to vote is a member of the association or proxy of a member;

- (5) Clarifying that a board of directors shall notify owners of any rules established concerning owner participation in any deliberation or discussion at board meetings, and that a board may make the rules available to owners on an association website;
- (6) Re-inserting language from the original version of this measure to require that the reserve study shall be performed by an independent, certified reserve study preparer who shall not be affiliated with the managing agent of the association and requiring that the reserve study be prepared or updated at least every three years;
- (7) Inserting an effective date of January 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2272, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2272, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Nishihara).

SCRep. 3559 Judiciary on H.B. No. 2213

The purpose and intent of this measure is to establish the misdemeanor offense of theft of mail.

Your Committee received testimony in support of this measure from the Department of the Attorney General and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the ongoing coronavirus disease 2019 pandemic has changed the way many families rely on delivery services. There has been a major increase in the amount of online orders being placed, and subsequently fulfilled by shipping items through the mail. Most packages sent through the mail are left outside the door at their intended destination if there is no mail receptacle large enough for the package on site. Your Committee further finds that reports of mail theft are on the rise. When mail carriers leave packages by doors or in otherwise unsecured mail receptacles, the packages are susceptible to theft, leading to frustration from senders and intended recipients. This measure will provide necessary protection to the property of the State's residents.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2213, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2213, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3560 Judiciary on H.B. No. 1486

The purpose and intent of this measure is to amend the offense of theft in the first degree to specifically include theft of a motor vehicle or motorcycle.

Your Committee received testimony in support of this measure from the County of Hawai'i Office of the Prosecuting Attorney, Mayor of the County of Hawai'i, three members of the Hawai'i County Council, Honolulu Police Department, and fourteen individuals. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that most motor vehicle thefts are currently prosecuted under the Hawaii Penal Code offenses of unauthorized control of a propelled vehicle or theft in the second degree, for property the value of which exceeds \$750. Both of these offenses are class C felonies, with a maximum penalty of up to \$10,000 and five years of imprisonment. Your Committee further finds that growing concerns over motor vehicle theft have led to the public's desire for stiffer penalties. This measure will elevate the offense of theft of a motor vehicle to a class B felony, with a maximum penalty of up to \$25,000 and ten years of imprisonment.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1486, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1486, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5; Ayes with Reservations (Acasio). Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3561 Judiciary on H.B. No. 1455

The purpose and intent of this measure is to amend the offense of robbery in the first degree to include a person committing theft or non-consensual taking of a motor vehicle while being armed with an electric gun.

Your Committee received testimony in support of this measure from the Honolulu Police Department and two individuals.

Your Committee finds that the Hawaii Penal Code does not adequately address potential situations in which offenders will utilize electric guns to facilitate crimes. Electric guns can cause severe pain and completely incapacitate a person. Criminals will begin to use these devices against others to facilitate crimes as electric guns become more prevalent in the community. This measure aims to deter the use of an electric gun during the course of committing theft or non-consensual taking of a motor vehicle.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1455, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1455, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Acasio). Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3562 Agriculture and Environment on S.C.R. No. 57

The purpose and intent of this measure is to request the Governor to endorse the New Plastics Economy Global Commitment and the Office of Planning and Sustainable Development to set targets to fulfill the New Plastics Economy Global Commitment.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i, 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawai'i, Restore the Commons, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that the wasteful use of plastics threatens the health of Hawaii's residents and environment. Many plastics are designed for single-use and sixty percent of all plastic products produced since 1950 have eventually ended up in landfills. Hawaii is particularly vulnerable to the effects of plastic pollution, making it imperative for the State to take action to reduce the production of plastic waste. Accordingly, this measure requests the Governor to endorse the New Plastics Economy Global Commitment and the Office of Planning and Sustainable Development to set targets to fulfill the New Plastics Economy Global Commitment.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 57, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 57, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 3563 Agriculture and Environment on S.R. No. 52

The purpose and intent of this measure is to request the Governor to endorse the New Plastics Economy Global Commitment and the Office of Planning and Sustainable Development to set targets to fulfill the New Plastics Economy Global Commitment.

Your Committee received testimony in support of this measure from the Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, and one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that the wasteful use of plastics threatens the health of Hawaii's residents and environment. Many plastics are designed for single-use and sixty percent of all plastic products produced since 1950 have eventually ended up in landfills. Hawaii is particularly vulnerable to the effects of plastic pollution, making it imperative for the State to take action to reduce the production of plastic waste. Accordingly, this measure requests the Governor to endorse the New Plastics Economy Global Commitment and the Office of Planning and Sustainable Development to set targets to fulfill the New Plastics Economy Global Commitment.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 52, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 52, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 3564 Agriculture and Environment on S.C.R. No. 67

The purpose and intent of this measure is to request the Department of Agriculture to submit a report on pesticide inspections conducted within the past five years and to strengthen statewide enforcement of restricted use pesticide violations.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition, Free Access Coalition, Green Party Hawai'i, Hawai'i Alliance for Progressive Action, and sixteen individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that failure to abide by pesticide use instructions poses significant risks to public health and the environment. Despite the threats posed by pesticide misuse, it remains a significant problem in the State. This measure requests the Department of Agriculture to submit a report on pesticide inspections conducted within the past five years and strengthen statewide enforcement of restricted use pesticide violations to mitigate the risk of pesticide misuse in Hawaii.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 67 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 3565 Agriculture and Environment on S.R. No. 61

The purpose and intent of this measure is to request the Department of Agriculture to submit a report on pesticide inspections conducted within the past five years and to strengthen statewide enforcement of restricted use pesticide violations.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition, Hawai'i Alliance for Progressive Action, Green Party Hawai'i, and nine individuals. Your Committee received comments on this measure from the Department of Agriculture and one individual.

Your Committee finds that failure to abide by pesticide use instructions poses significant risks to public health and the environment. Despite the threats posed by pesticide misuse, it remains a significant problem in the State. This measure requests the Department of Agriculture to submit a report on pesticide inspections conducted within the past five years and strengthen statewide enforcement of restricted use pesticide violations to mitigate the risk of pesticide misuse in Hawaii.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 61 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Nishihara).

SCRep. 3566 Agriculture and Environment on S.C.R. No. 76

The purpose and intent of this measure is to request the Board of Agriculture to prohibit unapproved residential use of farm dwellings in agricultural parks.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that agricultural parks are crucial to the State's agricultural industry and are intended for agricultural use. Residential use of farm dwellings in agricultural parks can produce unwanted noise, dust, and other nuisances that disrupt nearby communities. This measure requests the Board of Agriculture to prohibit unapproved residential use of farm dwellings in agricultural parks to reduce the amount of unwanted noise, dust, and other nuisances.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 76 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 3567 Agriculture and Environment on S.R. No. 69

The purpose and intent of this measure is to request the Board of Agriculture to prohibit unapproved residential use of farm dwellings in agricultural parks.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that agricultural parks are crucial to the State's agricultural industry and are intended for agricultural use. Residential use of farm dwellings in agricultural parks can produce unwanted noise, dust, and other nuisances that disrupt nearby communities. This measure requests the Board of Agriculture to prohibit unapproved residential use of farm dwellings in agricultural parks to reduce the amount of unwanted noise, dust, and other nuisances.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 69 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 3568 Agriculture and Environment on S.C.R. No. 169

The purpose and intent of this measure is to request the Department of Agriculture to develop and implement a process to certify privately-owned and operated plant quarantine facilities.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawaii Coffee Association.

Your Committee finds that coffee leaf rust is a devastating fungal pathogen that poses a significant danger to Hawaii's coffee industry. While replacing existing coffee plants with rust-resistant varieties imported from overseas is a promising long-term solution to the threat posed by coffee leaf rust, the lack of adequate plant quarantine capacity limits its viability. This measure requests the Department of Agriculture to develop and implement a process to certify privately-owned and operated plant quarantine facilities, which will significantly expand the State's capacity to import rust-resistant coffee plants.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 169 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5; Ayes with Reservations (Acasio, Rhoads). Noes, none. Excused, none.

SCRep. 3569 Agriculture and Environment on S.R. No. 161

The purpose and intent of this measure is to request the Department of Agriculture to develop and implement a process to certify privately-owned and operated plant quarantine facilities.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawaii Coffee Association.

Your Committee finds that coffee leaf rust is a devastating fungal pathogen that poses a significant danger to Hawaii's coffee industry. While replacing existing coffee plants with rust-resistant varieties imported from overseas is a promising long-term solution to the threat posed by coffee leaf rust, the lack of adequate plant quarantine capacity limits its viability. This measure requests the Department of Agriculture to develop and implement a process to certify privately-owned and operated plant quarantine facilities, which will significantly expand the State's capacity to import rust-resistant coffee plants.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 161 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Acasio, Rhoads). Noes, none. Excused, none.

SCRep. 3570 Agriculture and Environment on S.C.R. No. 172

The purpose and intent of this measure is to request the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Coffee Association, and one individual.

Your Committee finds that rapid detection and elimination of invasive species will save the State and its taxpayers money over the long-term. Responsibility for detecting and eliminating invasive species falls on the Plant Quarantine Branch of the Department of Agriculture. Currently, the Plant Quarantine Branch lacks sufficient capacity to respond to the State's needs. This measure requests the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 172 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3571 Agriculture and Environment on S.R. No. 165

The purpose and intent of this measure is to request the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawaii Coffee Association, and one individual.

Your Committee finds that rapid detection and elimination of invasive species will save the State and its taxpayers money over the long-term. Responsibility for detecting and eliminating invasive species falls on the Plant Quarantine Branch of the Department of Agriculture. Currently, the Plant Quarantine Branch lacks sufficient capacity to respond to the State's needs. This measure requests the Department of Agriculture to expand quarantine facilities administered by the Plant Quarantine Branch.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 165 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3572 Agriculture and Environment on S.C.R. No. 233

The purpose and intent of this measure is to encourage the City and County of Honolulu to expand and improve services as the Waianae Convenience Center.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i.

Your Committee finds that the Waianae Convenience Center, which is operated by the Department of Environmental Services Refuse Division of the City and County of Honolulu, is the only refuse center located on the west side of Oahu. Notably, the Convenience Center is the only site in the area for residents to legally dispose of bulky items and other waste. Because of the Center's limited capacity, residents report extreme wait times to dispose of bulky items and other waste. Long wait times at the Center create traffic congestion in the area and provide incentives for residents to dispose of bulky items and other waste illegally. Accordingly, this measure encourages the City and County of Honolulu to expand and improve services at the Waianae Convenience Center.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 233 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3573 Agriculture and Environment on S.R. No. 134

The purpose and intent of this measure is to encourage the City and County of Honolulu to expand and improve services as the Waianae Convenience Center.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i.

Your Committee finds that the Waianae Convenience Center, which is operated by the Department of Environmental Services Refuse Division of the City and County of Honolulu, is the only refuse center located on the west side of Oahu. Notably, the Convenience Center is the only site in the area for residents to legally dispose of bulky items and other waste. Because of the Center's limited capacity, residents report extreme wait times to dispose of bulky items and other waste. Long wait times at the Center create traffic congestion in the area and provide incentives for residents to dispose of bulky items and other waste illegally. Accordingly, this measure encourages the City and County of Honolulu to expand and improve services at the Waianae Convenience Center.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 134 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3574 Agriculture and Environment on S.C.R. No. 243

The purpose and intent of this measure is to engage, endorse, accept, and adopt the New York Declaration on Forests to achieve the United Nations Paris Agreement and the 2030 Agenda for Sustainable Development.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Climate Protectors Hawai'i, 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that Hawaii is often recognized as a global leader in sustainability and climate change adaptation. Hawaii's forests are particularly important to the State's sustainability goals and leadership in climate change adaptation. In addition to their importance to the State's sustainability goals and climate change adaptation, Hawaii's forests significantly improve the quality of life for residents and visitors. This measure engages, endorses, accepts, and adopts the New York Declaration on Forests to support the State's efforts regarding the United Nations Paris Agreement and the 2030 Agenda for Sustainable Development, specifically Sustainable Development Goal 15, Life on Land.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 243 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 3575 Health on S.C.R. No. 33

The purpose and intent of this measure is to request the Blood Bank of Hawaii to immediately adopt the Food and Drug Administration's updated guidance, which shortens or eliminates the deferral period for certain blood donors.

Your Committee received testimony in support of this measure from Blood Bank of Hawaii and one individual.

Your Committee finds that due to fears of the coronavirus disease 2019 (COVID-19) pandemic, blood bank donations decreased substantially in 2021, resulting in an historic blood inventory shortage in the State. Your Committee further finds that the federal Food and Drug Administration (FDA) is the government agency that determines blood donor eligibility requirements. Due to the national shortage of blood donations during the COVID-19 pandemic, the FDA revised its blood donor eligibility guidance for several categories of blood donors, which shortened or eliminated completely the deferral period, or the amount of time these donors must wait before donating blood. However, the Blood Bank of Hawaii has yet to adopt any of the FDA's updated guidance. Therefore, this measure requests the Blood Bank of Hawaii to immediately adopt the FDA's updated guidance.

Your Committee has amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 33, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 33, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3576 Health on S.R. No. 28

The purpose and intent of this measure is to request the Blood Bank of Hawaii to immediately adopt the Food and Drug Administration's updated guidance, which shortens or eliminates the deferral period for certain blood donors.

Your Committee received testimony in support of this measure from Blood Bank of Hawaii and one individual.

Your Committee finds that due to fears of the coronavirus disease 2019 (COVID-19) pandemic, blood bank donations decreased substantially in 2021, resulting in an historic blood inventory shortage in the State. Your Committee further finds that the federal Food and Drug Administration (FDA) is the government agency that determines blood donor eligibility requirements. Due to the national shortage of blood donations during the COVID-19 pandemic, the FDA revised its blood donor eligibility guidance for several categories of blood donors, which shortened or eliminated completely the deferral period, or the amount of time these donors must wait before donating blood. However, the Blood Bank of Hawaii has yet to adopt any of the FDA's updated guidance. Therefore, this measure requests the Blood Bank of Hawaii to immediately adopt the FDA's updated guidance.

Your Committee has amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 28, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 28, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3577 Health on S.C.R. No. 197

The purpose and intent of this measure is to request the Department of Health to develop protocols for hospitals in the State to improve the treatment of patients contemplating suicide.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from Kahi Mohala.

Your Committee finds that suicide is the second leading cause of death among fifteen to thirty-four year olds and the tenth leading cause of death overall in the United States. Your Committee further finds that health care organizations have a unique opportunity to help prevent suicide, since people at risk of suicide are often seen in health care settings and the majority of those who die by suicide were seen by a professional in the year prior to their death, yet were not diagnosed with a mental health disorder. Care for people with suicide risk is highly variable, and gaps in care for individuals at risk of suicide exist. A study to develop recommendations is needed to close those gaps. This measure requests the Department of Health to develop protocols for hospitals in the State to improve the treatment of patients contemplating suicide.

Your Committee has amended this measure by:

- (1) Requesting the Department of Health to develop protocols to improve the treatment of patients contemplating suicide in consultation with hospitals in the State, including Kahi Mohala; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 197, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 197, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3578 Health on S.R. No. 190

The purpose and intent of this measure is to request the Department of Health to develop protocols for hospitals in the State to improve the treatment of patients contemplating suicide.

Your Committee received comments on this measure from Kahi Mohala.

Your Committee finds that suicide is the second leading cause of death among fifteen to thirty-four year olds and the tenth leading cause of death overall in the United States. Your Committee further finds that health care organizations have a unique opportunity to help prevent suicide, since people at risk of suicide are often seen in health care settings and the majority of those who die by suicide were seen by a professional in the year prior to their death, yet were not diagnosed with a mental health disorder. Care for people with suicide risk is highly variable, and gaps in care for individuals at risk of suicide exist. A study to develop recommendations is needed to close those gaps. This measure requests the Department of Health to develop protocols for hospitals in the State to improve the treatment of patients contemplating suicide.

Your Committee has amended this measure by:

- (1) Requesting the Department of Health to develop protocols to improve the treatment of patients contemplating suicide in consultation with hospitals in the State, including Kahi Mohala; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 190, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 190, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3579 (Majority) Health on S.C.R. No. 206

The purpose and intent of this measure is to urge Hawaii's congressional delegation to strongly support the Women's Health Protection Act of 2021.

Your Committee received testimony in support of this measure from Planned Parenthood Alliance Advocates. Your Committee received testimony in opposition to this measure from Hawaii Family Forum and three individuals.

Your Committee finds that the United States is experiencing a rise in the number of legal attacks on constitutionally protected reproductive rights, which include two United States Supreme Court cases that challenge the constitutionality of abortion legislation in

Texas and Mississippi. Your Committee further finds that the Women's Health Protection Act of 2021, H.R. No. 3755, 117th Congress, protects a person's ability to determine whether to continue or end a pregnancy, and to protect a health care provider's ability to provide abortion services. This measure urges Hawaii's congressional delegation to strongly support the Women's Health Protection Act of 2021.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 206 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Fevella). Excused, none.

SCRep. 3580 (Majority) Health on S.R. No. 199

The purpose and intent of this measure is to urge Hawaii's congressional delegation to strongly support the Women's Health Protection Act of 2021.

Your Committee received testimony in opposition to this measure from Hawaii Family Forum and two individuals.

Your Committee finds that the United States is experiencing a rise in the number of legal attacks on constitutionally protected reproductive rights, which include two United States Supreme Court cases that challenge the constitutionality of abortion legislation in Texas and Mississippi. Your Committee further finds that the Women's Health Protection Act of 2021, H.R. No. 3755, 117th Congress, protects a person's ability to determine whether to continue or end a pregnancy, and to protect a health care provider's ability to provide abortion services. This measure urges Hawaii's congressional delegation to strongly support the Women's Health Protection Act of 2021.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 199 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Fevella). Excused, none.

SCRep. 3581 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 725, 726, and 730

Recommending that the Senate advise and consent to the nominations of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 725 JAMES LEE, for a term to expire 06-30-2024;

G.M. No. 726 SANFORD MORIOKA, for a term to expire 06-30-2023; and

G.M. No. 730 WILLIAM LYDGATE, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by James Lee, Sanford Morioka, and William Lydgate for service on the Small Business Regulatory Review Board.

JAMES LEE

Your Committee received testimony in support of the nomination for the reappointment of James Lee from the Small Business Regulatory Review Board and Department of Business, Economic Development, and Tourism.

Upon review of the testimony, your Committee finds that Mr. Lee's experience and dedication in serving on the Small Business Regulatory Review Board qualify him for reappointment to the Board as a member nominated by the Speaker of the House of Representatives, pursuant to section 201M-5, Hawaii Revised Statutes. Mr. Lee is a resident of Hilo, Hawaii and has been the Director of Development for W.H. Shipman, Ltd., a real property corporation, since 2005. Your Committee notes that Mr. Lee has a Bachelor of Arts degree in Business Administration from Chaminade University and over thirty years of real estate management and development experience. Your Committee further notes that Mr. Lee remains involved with various organizations, including the Hawaii County Fire Commission, Hawai'i Island Chamber of Commerce, Hawaii Leeward Planning Conference, and Land Asset and Management Committee of the Roman Catholic Church in the State of Hawaii. Your Committee further finds that he has been a member of the Small Business Regulatory Review Board since 2019 and his experience and knowledge will continue to be assets to the Small Business Regulatory Review Board. Your Committee therefore recommends that James Lee be reappointed to the Small Business Regulatory Review Board based on his experience and commitment to public service.

SANFORD MORIOKA

Your Committee received testimony in support of the nomination for the appointment of Sanford Morioka from the Department of Business, Economic Development, and Tourism and one individual.

Upon review of the testimony, your Committee finds that Mr. Morioka's experience and willingness to serve on the Small Business Regulatory Review Board qualify him for appointment to the Board as a member nominated by the Speaker of the House of Representatives, pursuant to section 201M-5, Hawaii Revised Statutes. Mr. Morioka is a resident of Honolulu, Hawaii and is currently the President of Edwards Enterprises, Inc., the largest locally-owned commercial printing company in the State. Your Committee notes that he has a Bachelor of Arts in Business Administration from the University of Portland and over thirty years in the printing industry. Your Committee further notes that Mr. Morioka has an extensive history of community service and currently serves on the Board of Directors for nonprofits such as Palama Settlement and Honolulu Japanese Chamber of Commerce. Your Committee further finds that he has a thorough understanding of the role and responsibilities of board members. His experience will be assets to the Small Business Regulatory Review Board. Your Committee therefore recommends that Sanford Morioka be appointed to the Small Business Regulatory Review Board based on his experience and commitment to public service.

WILLIAM LYDGATE

Your Committee received testimony in support of the nomination for the reappointment of William Lydgate from the Small Business Regulatory Review Board and Department of Business, Economic Development, and Tourism.

Upon review of the testimony, your Committee finds that Mr. Lydgate's experience, knowledge, and dedication in serving on the Small Business Regulatory Review Board qualify him for reappointment to the Board as a member representing the county of Kauai, pursuant to section 201M-5, Hawaii Revised Statutes. Mr. Lydgate is a resident of Kapaa, Hawaii and is the owner and President of Lydgate Farms, a small-scale farming company known for its production of specialty chocolates and educational farm tours, since 2016. Your Committee notes that he is a fifth-generation descendant of Lydgates on Kauai, and has a Master's degree in Music from the Berklee College of Music – Valencia campus. Your Committee further finds that he has been a member of the Small Business Regulatory Review Board since 2018 and his experience and unique insights into the agricultural industry, farming sustainability, the community of Kauai, and small businesses will continue to be assets to the Small Business Regulatory Review Board. Your Committee therefore recommends that William Lydgate be reappointed to the Small Business Regulatory Review Board based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3582 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 7

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for the areas within lava zones 1, 2, 3, 4, and 6.

Your Committee received testimony in support of this measure from four members of the Hawai'i County Council. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency.

Your Committee finds that on April 19, 2021, the United States Geological Survey, Hawaiian Volcano Observatory, and County of Hawaii Civil Defense provided a brief to the Hawaii Island Legislative Delegation regarding the probability of an eruption at Mauna Loa, where it was identified that there is no current evacuation plan in place specifically for lava zones 1, 2, 3, 4, and 6. Your Committee believes that the imminent threat of Mauna Loa and Kilauea volcanic eruptions to Hawaii Island warrants the Hawaii Emergency Management Agency to expeditiously collaborate with the County of Hawaii to prepare for a potential volcanic eruption. This measure will protect the residents of Hawaii Island by requesting the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for lava zones 1, 2, 3, 4, and 6.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 7 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3583 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 2

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for the areas within lava zones 1, 2, 3, 4, and 6.

Your Committee received testimony in support of this measure from four members of the Hawai'i County Council. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency.

Your Committee finds that on April 19, 2021, the United States Geological Survey, Hawaiian Volcano Observatory, and County of Hawaii Civil Defense provided a brief to the Hawaii Island Legislative Delegation regarding the probability of an eruption at Mauna Loa, where it was identified that there is no current evacuation plan in place specifically for lava zones 1, 2, 3, 4, and 6. Your Committee believes that the imminent threat of Mauna Loa and Kilauea volcanic eruptions to Hawaii Island warrants the Hawaii Emergency Management Agency to expeditiously collaborate with the County of Hawaii to prepare for a potential volcanic eruption. This measure will protect the residents of Hawaii Island by requesting the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for lava zones 1, 2, 3, 4, and 6.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 2 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3584 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 18

The purpose and intent of this measure is to request that the Governor create a Citizen Advisory Council on Federal Affairs.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board and one individual.

Your Committee finds that federal agencies are major employers in Hawaii, employing postal workers, airport security agents, airport customs agents, correctional officers, law enforcement officers, and others. Additionally, the United States Military has a large presence in Hawaii, employing almost twenty thousand civilians and owning or controlling approximately one hundred fifty thousand acres of state land. However, citizens of the State rarely have an opportunity to provide federal agencies and the military with their

perspectives on environmental matters, emergency planning, hiring practices, housing, and other issues that directly affect the residents' health and well-being. This measure will allow for more coordination and inclusive discussions between the federal government, state and county governments, and local communities by requesting the Governor to create a Citizen Advisory Council on Federal Affairs.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3585 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 12

The purpose and intent of this measure is to request that the Governor create a Citizen Advisory Council on Federal Affairs.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board.

Your Committee finds that federal agencies are major employers in Hawaii, employing postal workers, airport security agents, airport customs agents, correctional officers, law enforcement officers, and others. Additionally, the United States Military has a large presence in Hawaii, employing almost twenty thousand civilians and owning or controlling approximately one hundred fifty thousand acres of state land. However, citizens of the State rarely have an opportunity to provide federal agencies and the military with their perspectives on environmental matters, emergency planning, hiring practices, housing, and other issues that directly affect the residents' health and well-being. This measure will allow for more coordination and inclusive discussions between the federal government, state and county governments, and local communities by requesting the Governor to create a Citizen Advisory Council on Federal Affairs.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 12 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3586 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 37

The purpose and intent of this measure is to express support for the naming of a United States Navy surface combatant ship after fireman second class and Congressional Medal of Honor recipient Telesforo Trinidad.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that multiple members of Congress, including Representative Ed Case of Hawaii and Representative Sara Jacobs of California, signed a letter to the Acting Secretary of the Navy in strong support of naming a Navy surface combatant ship after United States Navy Fireman Second Class Telesforo Trinidad, who received the Congressional Medal of Honor in 1915. Trinidad earned the Medal of Honor for showing extraordinary heroism in the line of duty in response to boiler explosions aboard the USS San Diego that occurred when the ship was in the Gulf of California on January 21, 1915; more specifically, Trinidad brought two crewmembers to safety despite being physically injured by the explosions. Additionally, one hundred seven years later, Trinidad continues to hold the distinction of being the only Asian American and only Filipino American in the United States Navy to have received a Medal of Honor. Your Committee believes that the naming of a Navy ship in honor of Trinidad would demonstrate the Navy's leadership and commitment to diversity, equality, and inclusion amid current racial tensions and unwarranted violence against Asian Americans and Pacific Islanders nationwide.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 37, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 37, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3587 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 32

The purpose and intent of this measure is to express support for the naming of a United States Navy surface combatant ship after fireman second class and Congressional Medal of Honor recipient Telesforo Trinidad.

Your Committee received testimony in support of this measure from one member of Hawaii's congressional delegation and two individuals.

Your Committee finds that multiple members of Congress, including Representative Ed Case of Hawaii and Representative Sara Jacobs of California, signed a letter to the Acting Secretary of the Navy in strong support of naming a Navy surface combatant ship after United States Navy Fireman Second Class Telesforo Trinidad, who received the Congressional Medal of Honor in 1915. Trinidad earned the Medal of Honor for showing extraordinary heroism in the line of duty in response to boiler explosions aboard the USS San Diego that occurred when the ship was in the Gulf of California on January 21, 1915; more specifically, Trinidad brought two crewmembers to safety despite being physically injured by the explosions. Additionally, one hundred seven years later, Trinidad continues to hold the distinction of being the only Asian American and only Filipino American in the United States Navy to have received a Medal of Honor. Your Committee believes that the naming of a Navy ship in honor of Trinidad would demonstrate the Navy's leadership and commitment to diversity, equality, and inclusion amid current racial tensions and unwarranted violence against Asian Americans and Pacific Islanders nationwide.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 32, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 32, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3588 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 85

The purpose and intent of this measure is to request the Honolulu Police Department to utilize geographic information system mapping to establish a comprehensive and detailed map of complaints and incidents on Oahu related to illegal fireworks use.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board.

Your Committee finds that illegal fireworks use, particularly illegal aerial or display fireworks, bombs, or other explosive devices that sound like fireworks, continue to be an ongoing problem in the State. Your Committee believes that greater enforcement and detection of illegal fireworks are essential in combating the illegal fireworks problem, which is oftentimes hampered by inadequate resources. This measure will aid the Honolulu Police Department in its enforcement of the State's Fireworks Control Law and serve as a deterrent to illegal fireworks use by requesting the Honolulu Police Department to utilize geographic information system mapping to establish a comprehensive and detailed map of complaints and incidents on Oahu related to illegal fireworks use.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 85 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3589 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 49

The purpose and intent of this measure is to urge the City and County of Honolulu to establish a police station in Leeward Oahu.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers, Ka Makana at Hoakalei Community Association, Associa Hawaii, and four individuals.

Your Committee finds that a significant percentage of Oahu's population resides in Leeward Oahu, which includes the communities of Waipahu, Ewa, and Nanakuli, to the coast of Maili, Waianae, and Makaha. Additionally, according to statistics from the 2020 State of Hawaii Data Book, populations in the Leeward Oahu communities rose between 2015 and 2019. Your Committee further finds that law enforcement in District 8, which includes the communities of Ewa, Ewa Beach, West Loch, Barbers Point, Kapolei, Makakilo, Campbell Industrial park, Honokai Hale, Ko Olina, Nanakuli, Maili, Waianae, Makaha, Makua, and Kaena, responds to an array of calls that include assaults, burglaries, drug and alcohol violations, homicides, motor vehicle theft, sex crimes, vandalism, and disturbing the peace. Furthermore, business owners in Kapolei, Honolulu, and other areas have become victims of a rash of thefts and burglaries, and police officers are also responding to a greater number of incidents involving persons who are homeless. This measure will promote public safety by urging the City and County of Honolulu to establish a police station in Leeward Oahu to provide enhanced police services and improved law enforcement response for Leeward Oahu communities.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 49 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3590 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 44

The purpose and intent of this measure is to urge the City and County of Honolulu to establish a police station in Leeward Oahu.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and two individuals.

Your Committee finds that a significant percentage of Oahu's population resides in Leeward Oahu, which includes the communities of Waipahu, Ewa, and Nanakuli, to the coast of Maili, Waianae, and Makaha. Additionally, according to statistics from the 2020 State of Hawaii Data Book, populations in the Leeward Oahu communities rose between 2015 and 2019. Your Committee further finds that law enforcement in District 8, which includes the communities of Ewa, Ewa Beach, West Loch, Barbers Point, Kapolei, Makakilo, Campbell Industrial park, Honokai Hale, Ko Olina, Nanakuli, Maili, Waianae, Makaha, Makua, and Kaena, responds to an array of calls that include assaults, burglaries, drug and alcohol violations, homicides, motor vehicle theft, sex crimes, vandalism, and disturbing the peace. As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 44 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3591 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 157

The purpose and intent of this measure is to request the Hawaii Police Department to:

- (1) Prioritize an increased police presence in Ocean View; and
- (2) Collaborate with the Department of Accounting and General Services to conduct a feasibility study on locating a police substation in Hawaiian Ocean View Estates.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, State of Hawaii Organization of Police Officers, Ocean View Community Association, Aloha Animal Advocates, and two individuals. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that Hawaiian Ocean View Estates in Hawaii County is one of the fastest-growing subdivisions in the United States. However, this population growth has resulted in a corresponding rise in crime, with many residents reporting concerns as diverse as illegal dumping, abandoned vehicles, property crime, and feral dog attacks. Your Committee further finds that the distance between police department facilities on Hawaii Island has resulted in lengthy response times for police service in Hawaiian Ocean View Estates. This measure will promote the safety of the residents of Hawaiian Ocean View Estates by requesting the Hawaii Police Department to prioritize an increased police presence in Ocean View and collaborate with the Department of Accounting and General Services to conduct a feasibility study on locating a police substation in Hawaiian Ocean View Estates.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 157 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3592 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 150

The purpose and intent of this measure is to request the Hawaii Police Department to:

- (1) Prioritize an increased police presence in Ocean View; and
- (2) Collaborate with the Department of Accounting and General Services to conduct a feasibility study on locating a police substation in Hawaiian Ocean View Estates.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, State of Hawaii Organization of Police Officers, Ocean View Community Association, Aloha Animal Advocates, and two individuals. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that Hawaiian Ocean View Estates in Hawaii County is one of the fastest-growing subdivisions in the United States. However, this population growth has resulted in a corresponding rise in crime, with many residents reporting concerns as diverse as illegal dumping, abandoned vehicles, property crime, and feral dog attacks. Your Committee further finds that the distance between police department facilities on Hawaii Island has resulted in lengthy response times for police service in Hawaiian Ocean View Estates. This measure will promote the safety of the residents of Hawaiian Ocean View Estates by requesting the Hawaii Police Department to prioritize an increased police presence in Ocean View and collaborate with the Department of Accounting and General Services to conduct a feasibility study on locating a police substation in Hawaiian Ocean View Estates.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 150 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3593 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 163

The purpose and intent of this measure is to request the Department of Accounting and General Services to fund the establishment of one full-time equivalent program director position, one full-time staff member position, and costs necessary to establish a full-time State Building Code Council Office.

Your Committee received testimony in support of this measure from Stanford Carr Development, LLC. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that the State Building Code Council was established by Act 82, Session Laws of Hawaii 2007, to create and implement a uniform set of statewide building codes applicable to all construction in the State, which is now known as the Hawaii State Building Codes. However, since its creation, the State Building Code Council has struggled with limited funding and insufficient staffing. This measure will enable the State Building Code Council to update and adopt commercial and residential codes to meet the intent of Act 82, Session Laws of Hawaii 2007, by requesting the Department of Accounting and General Services to provide funding and permanent staff to the State Building Code Council.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 163 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3594 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 155

The purpose and intent of this measure is to request the Department of Accounting and General Services to fund the establishment of one full-time equivalent program director position, one full-time staff member position, and costs necessary to establish a full-time State Building Code Council Office.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that the State Building Code Council was established by Act 82, Session Laws of Hawaii 2007, to create and implement a uniform set of statewide building codes applicable to all construction in the State, which is now known as the Hawaii State Building Codes. However, since its creation, the State Building Code Council has struggled with limited funding and insufficient staffing. This measure will enable the State Building Code Council to update and adopt commercial and residential codes to meet the intent of Act 82, Session Laws of Hawaii 2007, by requesting the Department of Accounting and General Services to provide funding and permanent staff to the State Building Code Council.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 155 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3595 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 174

The purpose and intent of this measure is to support the County of Hawaii's efforts to pursue United States Army Corps of Engineers Continuing Authorities program funding for the restoration of Kahaluu Bay on Hawaii Island.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council and Kohala Center.

Your Committee finds that the Kahaluu Beach and Bay Park is the most popular visitor destination in west Hawaii Island, hosting 400,000 users a year due to ease of access and marine life diversity. However, the Kahaluu Beach Park and Bay facilities are eroding from storm surges and sea-level rise while the marine life is threatened by both human interactions through trampling, sunscreen exposure, and waste disposal and by ocean acidification, ocean heating, and other climate change effects. Your Committee believes that the pursuit of United States Army Corps of Engineers' Continuing Authorities Program funding is critical to the restoration of Kahaluu Beach and Bay Park on Hawaii Island. This measure will protect the Kahaluu Beach and Bay Park by supporting the County of Hawaii's efforts to pursue United States Army Corps of Engineers Continuing Authorities program funding for the restoration of Kahaluu Bay on Hawaii Island.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 174 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3596 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 167

The purpose and intent of this measure is to support the County of Hawaii's efforts to pursue United States Army Corps of Engineers Continuing Authorities program funding for the restoration of Kahaluu Bay on Hawaii Island.

Your Committee received testimony in support of this measure from two members of the Hawai'i County Council and Kohala Center.

Your Committee finds that the Kahaluu Beach and Bay Park is the most popular visitor destination in west Hawaii Island, hosting 400,000 users a year due to ease of access and marine life diversity. However, the Kahaluu Beach Park and Bay facilities are eroding from storm surges and sea-level rise while the marine life is threatened by both human interactions through trampling, sunscreen exposure, and waste disposal and by ocean acidification, ocean heating, and other climate change effects. As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 167 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3597 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 196

The purpose and intent of this measure is to urge the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with humane societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and to other animals in public areas.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals.

Your Committee finds that dog bites are among the top reasons for emergency room visits, ranking higher than injuries occurring on motorcycles, to pedestrians, and from gunshots. Furthermore, dog bites potentially pose a serious danger not only to humans but also

to other pet animals. An attack by an unleashed dog on a leashed dog can easily result in serious injury or death to the leashed animal, as well as potentially serious injury and emotional distress to any person attempting to prevent or disengage the attacking animal from causing harm. This measure will increase public confidence in enforcement of existing animal control laws and make public areas safer by urging the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with humane societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and other animals in public areas.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 196 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3598 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 189

The purpose and intent of this measure is to urge the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with humane societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and to other animals in public areas.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that dog bites are among the top reasons for emergency room visits, ranking higher than injuries occurring on motorcycles, to pedestrians, and from gunshots. An attack by an unleashed dog on a leashed dog can easily result in serious injury or death to the leashed animal, as well as potentially serious injury and emotional distress to any person attempting to prevent or disengage the attacking animal from causing harm. This measure will increase public confidence in enforcement of existing animal control laws and make public areas safer by urging the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with humane societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and other animals in public areas.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 189 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3599 Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 200

The purpose and intent of this measure is to request the Secretary of the Army to convey Dillingham Airfield to the State of Hawaii.

Your Committee received testimony in support of this measure from the Ko'olau Foundation, Save Dillingham Airfield, and fifteen individuals.

Your Committee finds that Dillingham Airfield is recognized around the world as a premier location for skydiving and gliding and is the most heavily used drop zone in the United States. Your Committee further finds that the National Defense Authorization Act for Fiscal Year 1991, Section 2831, Public Law 101-510, required the Secretary of the Army to convey eighty-seven acres of land to the State of Hawaii, which includes a portion of the western end of Dillingham Airfield and adjacent shoreline, locally known as Army Beach. However, the land transfer has not yet been completed, but remains authorized and is pending disposition. Your Committee believes that the eighty-seven acres of airfield and beach property are valuable assets that rightfully belong to the State of Hawaii. This measure will benefit the State and local communities by requesting the Chairperson of the Board of Land and Natural Resources to work with the Secretary of the Army to convey Dillingham Airfield to the State of Hawaii.

Your Committee has amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 200, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 200, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3600 Public Safety, Intergovernmental, and Military Affairs on S.R. No. 193

The purpose and intent of this measure is to request the Secretary of the Army to convey Dillingham Airfield to the State of Hawaii.

Your Committee received testimony in support of this measure from the Ko'olau Foundation, Save Dillingham Airfield, Hawaiian Astronomical Society, and fourteen individuals.

Your Committee finds that Dillingham Airfield is recognized around the world as a premier location for skydiving and gliding and is the most heavily used drop zone in the United States. Your Committee further finds that the National Defense Authorization Act for Fiscal Year 1991, Section 2831, Public Law 101-510, required the Secretary of the Army to convey eighty-seven acres of land to the State of Hawaii, which includes a portion of the western end of Dillingham Airfield and adjacent shoreline, locally known as Army Beach. However, the land transfer has not yet been completed, but remains authorized and is pending disposition. Your Committee believes that the eighty-seven acres of airfield and beach property are valuable assets that rightfully belong to the State of Hawaii. This

measure will benefit the State and local communities by requesting the Chairperson of the Board of Land and Natural Resources to work with the Secretary of the Army to convey Dillingham Airfield to the State of Hawaii.

Your Committee has amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 193, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 193, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (DeCoite).

SCRep. 3601 (Joint) Health and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 208

The purpose and intent of this measure is to urge the United States Congress and Hawaii's congressional delegation to support legislation establishing Medicare for All.

Your Committees received testimony in support of this measure from the American Cancer Society Cancer Action Network, Democratic Party of Hawai'i Health Committee, and one individual.

Your Committees find that the coronavirus disease 2019 pandemic led to record levels of unemployment and the loss of employer-sponsored health insurance for hundreds of thousands of Hawaii's workers. Your Committees further find that people often delay needed medical treatments due to an inability to pay for health care costs, which further jeopardizes the health of those individuals. Under a single-payer health care system, non-medical expenses nationwide could be reduced to approximately six to eight percent of total health care costs, saving more than one trillion dollars. Therefore, this measure urges the United States Congress, including Hawaii's congressional delegation, to support legislation establishing Medicare for All.

Your Committees have amended this measure by:

- (1) Amending its title; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 208, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 208, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Health: Ayes, 5. Noes, none. Excused, none.
Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3602 (Joint) Health and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 201

The purpose and intent of this measure is to urge the United States Congress and Hawaii's congressional delegation to support legislation establishing Medicare for All.

Your Committees received testimony in support of this measure from the American Cancer Society Cancer Action Network, Democratic Party of Hawai'i Health Committee, and one individual. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the coronavirus disease 2019 pandemic led to record levels of unemployment and the loss of employer-sponsored health insurance for hundreds of thousands of Hawaii's workers. Your Committees further find that people often delay needed medical treatments due to an inability to pay for health care costs, which further jeopardizes the health of those individuals. As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 201, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 201, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Health: Ayes, 5. Noes, none. Excused, none.
Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3603 (Joint) Health and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 221

The purpose and intent of this measure is to request the Auditor to conduct a study on the relationship between current prices of and access to medical cannabis and the volume of illicit cannabis sales in the State.

Your Committees received testimony in support of this measure from Akamai Cannabis Consulting. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Office of the Auditor.

Your Committees find that since the passage of Act 241, Session Laws of 2015, which established a regulated statewide medical cannabis dispensary system, licensed medical cannabis dispensaries have averaged only a thirty-one percent market share of the State's registered medical cannabis patients. The remaining sixty-nine percent of registered medical cannabis patients, equating to more than twenty thousand patients, other purchase medical cannabis from the illicit market or obtain cannabis by growing it themselves. Your Committees find that this disparity could be partially attributed to the lack of access to licensed dispensaries, as existing law authorizes a maximum of sixteen licensed retail dispensing locations across the State. Another contributing factor could be the price of medical cannabis from a licensed dispensary as compared to cannabis from the illicit market. This measure requests the Auditor to conduct a study on the relationship between current prices of and access to medical cannabis and the volume of illicit cannabis sales in the State.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 221 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 5. Noes, none. Excused, none.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3604 (Joint) Health and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 214

The purpose and intent of this measure is to request the Auditor to conduct a study on the relationship between current prices of and access to medical cannabis and the volume of illicit cannabis sales in the State.

Your Committees received testimony in support of this measure from Akamai Cannabis Consulting. Your Committees received comments on this measure from the Office of the Auditor.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 214 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 5. Noes, none. Excused, none.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3605 Transportation on S.C.R. No. 167

The purpose and intent of this measure is to urge the Department of Transportation to convene an Intergovernmental Task Force to assist the County of Hawaii in the establishment and certification of a metropolitan planning organization.

Your Committee received comments on this measure from the Department of Transportation and County of Hawai'i Mass Transit Agency.

Your Committee finds that metropolitan planning organizations are agreements between the Governor and local governments that represent at least seventy-five percent of the affected population. The Department of Transportation has the responsibility to support statewide transportation goals with the help of respective counties, but there are only two established metropolitan planning organizations in Hawaii. Therefore, this measure urges the Department of Transportation to convene an Intergovernmental Task Force to assist the County of Hawaii to establish and certify a metropolitan planning organization.

Your Committee has amended this measure by:

- (1) Clarifying findings to better reflect the process for establishment of a metropolitan planning organization;
- (2) Clarifying that the Department of Transportation is urged to convene an Intergovernmental Task Force to recommend policy and provide guidance to assist the County of Hawaii in establishing and forming a metropolitan planning organization or a regional transportation planning organization if the County of Hawaii does not meet the population threshold, according to the 2020 census, for a metropolitan planning organization;
- (3) Including the Directors of the Mass Transit Agency and Planning and Public Works of the County of Hawaii as recipients of this measure; and
- (4) Amending its title accordingly.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 167, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 167, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 3606 Transportation on S.R. No. 159

The purpose and intent of this measure is to urge the Department of Transportation to convene an Intergovernmental Task Force to assist the County of Hawaii in the establishment and certification of a metropolitan planning organization.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the County of Hawai'i Mass Transit Agency.

Your Committee finds that metropolitan planning organizations are agreements between the Governor and local governments that represent at least seventy-five percent of the affected population. The Department of Transportation has the responsibility to support statewide transportation goals with the help of respective counties, but there are only two established metropolitan planning organizations in Hawaii. Therefore, this measure urges the Department of Transportation to convene an Intergovernmental Task Force to assist the County of Hawaii to establish and certify a metropolitan planning organization.

Your Committee has amended this measure by:

- (1) Clarifying findings to better reflect the process for establishment of a metropolitan planning organization;
- (2) Clarifying that the Department of Transportation is urged to convene an Intergovernmental Task Force to recommend policy and provide guidance to assist the County of Hawaii in establishing and forming a metropolitan planning organization or a regional transportation planning organization if the County of Hawaii does not meet the population threshold, according to the 2020 census, for a metropolitan planning organization;
- (3) Including the Directors of the Mass Transit Agency and Planning and Public Works of the County of Hawaii as recipients of this measure; and
- (4) Amending its title accordingly.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 159, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 159, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 3607 Transportation on S.C.R. No. 193

The purpose and intent of this measure is to request the Department of Transportation to develop a plan for the cost-effective disposition of the safe travels thermal screening and tracing camera equipment and other related operations.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that in response to the Safe Travels Screening Program, \$27,000,000 in thermal screening and tracing camera equipment was installed at the State's five major airports. The Safe Travels Program terminated on March 25, 2022, and the equipment maintenance contract will terminate on June 30, 2022. To continue to have access to these useful and costly systems, the Department of Transportation Airports Division is requested to develop a preliminary draft thermal screening and tracing camera repurpose plan for its five major airports.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 3608 Transportation on S.R. No. 186

The purpose and intent of this measure is to request the Department of Transportation to develop a plan for the cost-effective disposition of the safe travels thermal screening and tracing camera equipment and other related operations.

Your Committee did not receive any testimony on this measure.

Your Committee finds that in response to the Safe Travels Screening Program, \$27,000,000 in thermal screening and tracing camera equipment was installed at the State's five major airports. The Safe Travels Program terminated on March 25, 2022, and the equipment maintenance contract will terminate on June 30, 2022. To continue to have access to these useful and costly systems, the Department of Transportation Airports Division is requested to develop a preliminary draft thermal screening and tracing camera repurpose plan for its five major airports.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 186 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 3609 Housing on S.C.R. No. 162

The purpose and intent of this measure is to request the Governor to order executive agencies to review and revise their policies and rules to prohibit discrimination in rental transactions and advertisements for rental transactions based on source of income or participation in housing assistance programs.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii Public Housing Authority, Hawai'i Civil Rights Commission, Governor's Coordinator on Homelessness, and two individuals.

Your Committee finds that Honolulu is one of the largest cities in the United States that does not prohibit source of income discrimination in rental transactions. Source of income discrimination often exacerbates the challenges low-income families face when searching for affordable housing by preventing low-income individuals with housing vouchers from being considered as tenants. Studies show that policies designed to prevent housing discrimination by income source make applicants with housing vouchers twelve percent more likely to find housing. Additionally, sixteen states and the District of Columbia already prohibit income source discrimination. This measure requests the Governor to order executive agencies to adopt policies to prohibit income source discrimination.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 162 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3610 Housing on S.R. No. 154

The purpose and intent of this measure is to request the Governor to order executive agencies to review and revise their policies and rules to prohibit discrimination in rental transactions and advertisements for rental transactions based on source of income or participation in housing assistance programs.

Your Committee received comments on this measure from the Hawaii Public Housing Authority, Hawai'i Civil Rights Commission, and Governor's Coordinator on Homelessness.

Your Committee finds that Honolulu is one of the largest cities in the United States that does not prohibit source of income discrimination in rental transactions. Source of income discrimination often exacerbates the challenges low-income families face when searching for affordable housing by preventing low-income individuals with housing vouchers from being considered as tenants. Studies show that policies designed to prevent housing discrimination by income source make applicants with housing vouchers twelve percent more likely to find housing. Additionally, sixteen states and the District of Columbia already prohibit income source discrimination. This measure requests the Governor to order executive agencies to adopt policies to prohibit income source discrimination.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 154 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3611 Housing on S.C.R. No. 161

The purpose and intent of this measure is to request the Hawaii Housing Finance and Development Corporation to convene a task force on affordable housing permitting and to conduct a study of county ordinance on housing finance and development.

Your Committee received comments on this measure from the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation.

Your Committee finds that Hawaii is facing an unprecedented housing shortage that has resulted in insufficient affordable housing for the State's residents. Many county ordinances and rules impose significant barriers to affordable housing development in the State. To address those barriers, it is necessary to obtain greater information on county-level ordinances and rules that may hinder the development of affordable housing. This measure requests the Hawaii Housing Finance and Development Corporation to convene a task force and conduct a study on affordable housing permitting and county ordinances on housing finance and development. However, your Committee also notes that, according to testimony submitted by the Hawaii Housing Finance and Development Corporation, the requested task force and study will cost an estimated \$250,000.

Your Committee has amended this measure by extending the deadline for the Hawaii Housing Finance and Development Corporation to complete the requested report by one year to 2024.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 161, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 161, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3612 Housing on S.R. No. 153

The purpose and intent of this measure is to request the Hawaii Housing Finance and Development Corporation to convene a task force on affordable housing permitting and to conduct a study of county ordinance on housing finance and development.

Your Committee received comments on this measure from the Hawaii Public Housing Authority and Hawaii Housing Finance and Development Corporation.

Your Committee finds that Hawaii is facing an unprecedented housing shortage that has resulted in insufficient affordable housing for the State's residents. Many county ordinances and rules impose significant barriers to affordable housing development in the State. To address those barriers, it is necessary to obtain greater information on county-level ordinances and rules that may hinder the development of affordable housing. This measure requests the Hawaii Housing Finance and Development Corporation to convene a task force and conduct a study on affordable housing permitting and county ordinances on housing finance and development. However, your Committee also notes that, according to testimony submitted by the Hawaii Housing Finance and Development Corporation, the requested task force and study will cost an estimated \$250,000.

Your Committee has amended this measure by extending the deadline for the Hawaii Housing Finance and Development Corporation to complete the requested report by one year to 2024.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 153, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 153, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3613 (Joint) Health and Transportation on S.C.R. No. 194

The purpose and intent of this measure is to request the Department of Health to examine issues and barriers to enforcement of restrictions to reduce noise pollution, including the possibility of funding commercial rebates or similar incentive funding to support the transition to quieter operations by zero-emission mopeds and small off-road equipment.

Your Committees received testimony in support of this measure from Climate Protectors Hawai'i and six individuals.

Your Committees find that small engines, such as those in mopeds and lawn and garden equipment, are significant contributors to noise pollution that affect the peace, tranquility, and quality of life in both suburban and rural areas across the State. Efforts to control noise pollution emitting from small engines have been codified in chapter 342F, Hawaii Revised Statutes, and in chapter 11-46, Hawaii Administrative Rules, while section 46-17, Hawaii Revised Statutes, authorizes any county to adopt ordinances regulating noise. However, the mobile and dispersed nature of small engines make them difficult to regulate. This measure requests the Department of Health to examine the issues and barriers to enforcing noise pollution regulations.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 194, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 194, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Health: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).
Transportation: Ayes, 5. Noes, none. Excused, none.

SCRep. 3614 (Joint) Health and Transportation on S.R. No. 187

The purpose and intent of this measure is to request the Department of Health to examine issues and barriers to enforcement of restrictions to reduce noise pollution, including the possibility of funding commercial rebates or similar incentive funding to support the transition to quieter operations by zero-emission mopeds and small off-road equipment.

Your Committees received testimony in support of this measure from Climate Protectors Hawai'i and four individuals.

Your Committees find that small engines, such as those in mopeds and lawn and garden equipment, are significant contributors to noise pollution that affect the peace, tranquility, and quality of life in both suburban and rural areas across the State. Efforts to control noise pollution emitting from small engines have been codified in chapter 342F, Hawaii Revised Statutes, and in chapter 11-46, Hawaii Administrative Rules, while section 46-17, Hawaii Revised Statutes, authorizes any county to adopt ordinances regulating noise. However, the mobile and dispersed nature of small engines make them difficult to regulate. This measure requests the Department of Health to examine the issues and barriers to enforcing noise pollution regulations.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 187, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 187, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Health: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).
Transportation: Ayes, 5. Noes, none. Excused, none.

SCRep. 3615 Human Services on S.C.R. No. 181

The purpose and intent of this measure is to request the County of Hawai'i to conduct a feasibility study on the creation of a Marshallese Community Center in Hawaiian Ocean View Estates.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council.

Your Committee finds the effects of the United States' nuclear testing in the central Pacific from 1946 to 1958, including in and above the Marshall Islands, now known as the Republic of the Marshall Islands, resulted in numerous inhabitants being forced to relocate to other countries. This Marshallese diaspora includes the approximately fourteen hundred migrants who currently reside in Hawaiian Ocean View Estates in the County of Hawai'i. Your Committee further finds that the coronavirus disease 2019 (COVID-19) pandemic has exacerbated the public health crisis for Pacific Islanders, including lack of access to health care and disparities in other social determinants of health, resulting in non-Hawaiian Pacific Islanders making up more than a quarter of COVID-19 cases, despite comprising just four percent of the State's population. This measure will allow policy makers to obtain necessary information pertaining to the feasibility of creating a Marshallese Community Center in Hawaiian Ocean View Estates to assist the Marshallese community by providing various services, including group activities, public information and assistance, social support, and perpetuation of culture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 181, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 181, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3616 Human Services on S.R. No. 174

The purpose and intent of this measure is to request the County of Hawai'i to conduct a feasibility study on the creation of a Marshallese Community Center in Hawaiian Ocean View Estates.

Your Committee did not receive any testimony on this measure.

Your Committee finds the effects of the United States' nuclear testing in the central Pacific from 1946 to 1958, including in and above the Marshall Islands, now known as the Republic of the Marshall Islands, resulted in numerous inhabitants being forced to relocate to other countries. This Marshallese diaspora includes the approximately fourteen hundred migrants who currently reside in Hawaiian Ocean View Estates in the County of Hawai'i. Your Committee further finds that the coronavirus disease 2019 (COVID-19) pandemic has exacerbated the public health crisis for Pacific Islanders, including lack of access to health care and disparities in other social determinants of health, resulting in non-Hawaiian Pacific Islanders making up more than a quarter of COVID-19 cases, despite comprising just four percent of the State's population. This measure will allow policy makers to obtain necessary information pertaining to the feasibility of creating a Marshallese Community Center in Hawaiian Ocean View Estates to assist the Marshallese community by providing various services, including group activities, public information and assistance, social support, and perpetuation of culture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 174, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 174, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3617 (Joint) Public Safety, Intergovernmental, and Military Affairs and Transportation on S.C.R. No. 84

The purpose and intent of this measure is to request the Auditor to conduct an audit of harbor inspection procedures of state departments and federal agencies for shipping containers to prevent the importation of illegal fireworks into the State.

Your Committees received testimony in support of this measure from one individual. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Office of the Auditor.

Your Committees find that the lack of sufficient cargo inspections increases the opportunity for illegal fireworks to enter the State. Furthermore, the Illegal Fireworks Task Force, established by Act 170, Session Laws of Hawaii 2010, recommended in its January 2011 report an increase in random inspections for illegal fireworks by expanding the inspection authority for state departments and focusing cargo inspections to make the inspections more manageable. This measure will allow the State to determine any necessary changes to inspection procedures at state harbors that would reduce the volume of illegal fireworks being imported into the State by requesting the Auditor to conduct an audit of harbor inspection procedures of state departments and federal agencies for shipping containers to prevent the importation of illegal fireworks into the State.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 84 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).
Transportation: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3618 Health on Gov. Msg. No. 536

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, KAUAI SERVICE AREA BOARD

G.M. No. 536 MAILE MURRAY, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Maile Murray for service on the Mental Health and Substance Abuse, Kauai Service Area Board.

Your Committee received testimony in support of the nomination for the appointment of Maile Murray from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Murray's experience in the field of substance abuse, commitment to public service, and dedication to improving the lives of those living with substance abuse issues, qualify her for appointment to the Mental Health and Substance Abuse, Kauai Service Area Board. Ms. Murray was born and raised on Kauai and has worked as a health care professional in the field of substance abuse for over twenty years. In her current role as a full-time Substance Abuse Counselor with the Kauai Drug Court of the State of Hawaii Judiciary, she conducts assessments, facilitates groups, and coordinates treatment for individuals participating in the Drug Court program. Ms. Murray has also previously worked as a Social Services Assistant for the Garden Isle Rehabilitation and Healthcare Center, and as a Clinical Supervisor for the Hina Mauka Teen CARE Program. She is also certified as a Substance Abuse Professional by the National Association for Addiction Professionals and holds certificates in Substance Abuse Counseling and as a Prevention Specialist. Ms. Murray earned a Bachelor's degree in Public Administration with a focus in Criminal Justice from the University of Hawaii, West Oahu. Your Committee further finds that Ms. Murray's service on Mental Health and Substance Abuse, Kauai Service Area Board would fulfill the requirement of section 334-11, Hawaii Revised Statutes, that the Board includes a service area provider. Your Committee therefore recommends that Maile Murray be appointed to the Mental Health and Substance Abuse, Kauai Service Area Board based on her experience in the field of substance abuse and commitment to improving the lives of those living with substance abuse issues.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3619 Health on Gov. Msg. Nos. 534 and 535

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAI'I SERVICE AREA BOARD

G.M. No. 534 DIANA SANCHEZ, for a term to expire 06-30-2022; and

G.M. No. 535 DIANA SANCHEZ, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Diana Sanchez for service on the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Your Committee received testimony in support of the nomination for the appointment and reappointment of Diana Sanchez from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Sanchez's experience as a mother of a child with a mental illness, commitment to public service, and dedication to improving the lives of those living with mental illness, qualify her for appointment and reappointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board. Ms. Sanchez is a mother who has provided over twenty years of direct care and support to her adult son who was diagnosed with a serious mental illness. Although she has been retired for several years, Ms. Sanchez has remained active in her community pursuing projects that she is passionate about. As an active volunteer with the Hawaii National Alliance for Mental Illness (NAMI), she facilitates the monthly NAMI Family Support Group and presents at NAMI signature classes for Family-to-Family and Family and Friends. Ms. Sanchez has worked with other NAMI Hawaii members to develop a pilot project for Assisted Community Treatment. Your Committee further finds that section 334-11, Hawaii Revised Statutes, requires that one member be a service area resident who is a consumer or non-provider of mental health services. Ms. Sanchez's service on Mental Health and Substance Abuse, Hawai'i Service Area Board would fulfill this requirement. Your Committee therefore recommends that Diana Sanchez be appointed and reappointed to the Mental Health and Substance Abuse, Hawai'i Service Area Board based on her experience caring for a family member with a mental illness and commitment to improving the lives of those living with mental illness.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3620 Health on Gov. Msg. Nos. 528, 529, 530, and 531

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, TRI-ISLE SUBAREA

G.M. No. 528 DONNA BUTTERFIELD, for a term to expire 06-30-2022;

G.M. No. 529 DONNA BUTTERFIELD, for a term to expire 06-30-2026;

G.M. No. 530 EDELUIA BAGUIO-LARENA, for a term to expire 06-30-2024; and

G.M. No. 531 KATHLEEN HAGAN, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Donna Butterfield, Edeluisa Baguio-Larena, and Kathleen Hagan for service on the Health Planning Council, Tri-Isle Subarea.

DONNA BUTTERFIELD

Your Committee received testimony in support of the nomination for the appointment and reappointment of Donna Butterfield from the State Health Planning and Development Agency and two individuals.

Upon review of the testimony, your Committee finds that Ms. Butterfield's experience in promoting healthy lifestyles, commitment to public service, and dedication to improving the health of the community, qualify her for appointment and reappointment to the Health Planning Council, Tri-Isle Subarea. Ms. Butterfield is a realtor on the island of Maui. She is currently a volunteer member on the Member Services Committee of the Realtors Association of Maui where she developed a program to promote healthy lifestyles. She worked for Marriott for several years, creating menus, managing school foodservice, counseling students and staff, and teaching nutrition workshops. Ms. Butterfield earned a Bachelor's degree in Nutrition and Food Management from Oregon State University and she has served on the Health Planning Council, Tri-Isle Subarea as an interim member since November 2021. Your Committee therefore recommends that Donna Butterfield be appointed and reappointed to the Health Planning Council, Tri-Isle Subarea based on her experience in teaching others about healthy lifestyles and commitment to improving the health of the community.

EDELUIA BAGUIO-LARENA

Your Committee received testimony in support of the nomination for the appointment of Edeluisa Baguio-Larena from the State Health Planning and Development Agency.

Upon review of the testimony, your Committee finds that Ms. Baguio-Larena's experience in the field of early childhood development and education, commitment to public service, and dedication to improving the health of the community, qualify her for appointment to the Health Planning Council, Tri-Isle Subarea. Ms. Baguio-Larena has over twenty years of experience in early childhood development and education. She is currently the Chief Executive Officer of the Maui Family Support Services, Inc., a community-based organization whose mission is to promote healthy family functioning by providing support services that build on family strengths. Ms. Baguio-Larena is affiliated with several public service entities, including the State of Hawaii Early Learning Board and the Early Childhood Comprehensive System Collaborative Improvement and Innovation Network Maui Impact Community Team. Ms. Baguio-Larena is also a core member of the Ho'oiikaika Partnership and a steering committee member of the Child Welfare Services Maui County Advisory Council Islands of Hope, and as such, is familiar with the roles and responsibilities of council members. Your Committee therefore recommends that Edeluisa Baguio-Larena be appointed to the Health Planning Council, Tri-Isle Subarea based on her experience in the field of early childhood development and commitment to improving the health of the community.

KATHLEEN HAGAN

Your Committee received testimony in support of the nomination for the reappointment of Kathleen Hagan from the State Health Planning and Development Agency, Hawai'i Public Health Institute, and one individual.

Upon review of the testimony, your Committee finds that Ms. Hagan's experience in the field of nursing, commitment to public service, and dedication to improving the health of the community, qualify her for reappointment to the Health Planning Council, Tri-Isle Subarea. Ms. Hagan is a Nursing Professor at the University of Hawaii, Maui College (UHMC), School of Nursing, serving in several leadership positions. Ms. Hagan is also the Program Coordinator for the UHMC Nursing program and a Nurse Practitioner at the UHMC Campus Health Center. Ms. Hagan has a background in health care programming and research, and her interests include health education, prevention, and environmental protection. She serves as the co-advisor and volunteer of the Health Occupations Students of America, is a member of the Campus Curriculum Committee, and continues to serve in multiple public interest groups, including the Coalition for a Tobacco-Free Hawaii and the Healthy Eating + Active Living Coalition. In 2017, she received the 'A'a Award for outstanding personal contribution of volunteer time from the Hawaii Public Health Institute and was a participant in the 2019-2020 Cohort of the President's Emerging Leader's Program. Ms. Hagan earned a Master of Science in Nursing and a Bachelor of Arts in Human Biology from the University of California, San Francisco. Your Committee notes that Ms. Hagan currently serves on the Health Planning Council, Tri-Isle Subarea and therefore is already familiar with its work. Your Committee therefore recommends that Kathleen Hagan be reappointed to the Health Planning Council, Tri-Isle Subarea based on her experience in nursing and commitment to improving the health of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3621 Health on Gov. Msg. Nos. 526 and 527

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, HONOLULU SUBAREA

G.M. No. 526 CHARLENE TAKENO, for a term to expire 06-30-2024; and

G.M. No. 527 WESLEY SUMIDA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Charlene Takeno and Wesley Sumida for service on the Health Planning Council, Honolulu Subarea.

CHARLENE TAKENO

Your Committee received testimony in support of the nomination for the appointment of Charlene Takeno from the State Health Planning and Development Agency, Parents And Children Together, and four individuals.

Upon review of the testimony, your Committee finds that Ms. Takeno's experience in the field of community development, commitment to public service, and dedication to improving the health of the community, qualify her for appointment to the Health Planning Council, Honolulu Subarea. Ms. Takeno is currently the Community Developer at Parents And Children Together, a community-based social service agency that promotes meaningful and healthy relationships between parents and children, through an array of social services. As the Community Developer, Ms. Takeno leads and facilitates initiatives that promote community impact and self-determination to build strong and engaged community and local community leaders. Prior to this, Ms. Takeno served as the Program Director at the Hawaii State Judiciary Children's Justice Center of Oahu, the Program Analyst for the High Intensity Drug Trafficking Area, and the Coordinator at the Hawaii State Department of the Attorney General Missing Child Center-Hawaii. Ms. Takeno earned a Master of Education with emphasis on Instructional Design from the University of Hawaii at Manoa and a Bachelor's degree in Journalism from the University of Massachusetts at Amherst. Your Committee notes that Ms. Takeno has served as an interim member of the Health Planning Council, Honolulu Subarea, since July 2021, and is already familiar with its work. Your Committee therefore recommends that Charlene Takeno be appointed to the Health Planning Council, Honolulu Subarea based on her experience in community development and commitment to improving the health of the community.

WESLEY SUMIDA

Your Committee received testimony in support of the nomination for the reappointment of Wesley Sumida from the State Health Planning and Development Agency, and two individuals.

Upon review of the testimony, your Committee finds that Dr. Sumida's experience in the field of pharmacy, commitment to public service, and dedication to improving the health of the community, qualify him for reappointment to the Health Planning Council, Honolulu Subarea. Dr. Sumida is currently an Associate Professor at the University of Hawaii at Hilo, Daniel K. Inouye College of Pharmacy. He previously served as an Adjunct Assistance Professor at the John A. Burns Schools of Medicine and faculty at Lau Ola Native Hawaiian Health Clinic. Prior to his academic career, he worked at Kaiser Permanente for approximately twenty-two years in various pharmaceutical positions, culminating in the Director of Inpatient Pharmacy. He also was a pharmacist at Harborview Medical Center in Seattle, Washington. Dr. Sumida is active in the community, having volunteered for various coronavirus disease 2019 vaccination clinics, health screenings, and provided education throughout the State. He currently serves on the Board of Directors for the Hawaii Pharmacists Association and is a member of the American Society of Health System Pharmacists, American College of Clinical Pharmacy, and American Association of Colleges of Pharmacy. Dr. Sumida has earned numerous awards throughout his career, including the Faculty Service Award at the Daniel K. Inouye College of Pharmacy, the Pharmacy Leadership Award from the Hawaii Pharmacists Association, and the Kaiser Permanente Exceptional Contribution Award. Dr. Sumida has a Doctor of Pharmacy and a Bachelor of Science in Pharmacy from the University of Washington, School of Pharmacy. Your Committee notes that Mr. Sumida currently serves on the Health Planning Council, Honolulu Subarea, has been Council Chair since 2019, and therefore is already familiar with the its work. Your Committee therefore recommends that Wesley Sumida be reappointed to the Health Planning Council, Honolulu Subarea based on his experience in pharmacy and commitment to improving the health of the community.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3622 Health on Gov. Msg. Nos. 520, 521, 522, 523, 524, and 525

Recommending that the Senate advise and consent to the nominations of the following:

EMERGENCY MEDICAL SERVICES ADVISORY COMMITTEE

- G.M. No. 520 DARREN ROSARIO, for a term to expire 06-30-2025;
- G.M. No. 521 MAREN ANKA, for a term to expire 06-30-2022;
- G.M. No. 522 MAREN ANKA, for a term to expire 06-30-2026;
- G.M. No. 523 MAX MATIAS, for a term to expire 06-30-2025;
- G.M. No. 524 STACEY OHO, for a term to expire 06-30-2024; and
- G.M. No. 525 CODY BONILLA, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Darren Rosario, Maren Anka, Max Matias, Stacey Oho, and Cody Bonilla for service on the Emergency Medical Services Advisory Committee.

DARREN ROSARIO

Your Committee received testimony in support of the nomination for the appointment of Darren Rosario from the Department of Health; County of Hawai'i Fire Department; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and American Medical Response.

Upon review of the testimony, your Committee finds that Mr. Rosario's experience as a fire fighter, commitment to public service, and dedication to ensuring the health and safety of the community, qualify him for appointment to the Emergency Medical Services Advisory Committee. Mr. Rosario is a retired Chief of the County of Hawai'i Fire Department. Prior to that, Mr. Rosario served as a fire fighter, and as a certified emergency medical technician and mobile intensive care technician. Your Committee notes that Mr. Rosario completed Emergency Medical Technician Training at and received an Associate's Degree as a Mobile Intensive Care Technician from Kapiolani Community College. He also earned an Associate's Degree in Fire Science from Honolulu Community College and completed the Executive Fire Officer Program from the National Fire Academy. Your Committee further finds that section 321-225, Hawaii Revised Statutes, requires that four members be consumers of health care who have no connection with or relationship to the health care system of the State. Mr. Rosario's service on the Emergency Medical Services Advisory Committee would fulfill this requirement. Your Committee therefore recommends that Darren Rosario be appointed to the Emergency Medical Services Advisory Committee based on his experience in emergency service response and commitment to public health and safety.

MAREN ANKA

Your Committee received testimony in support of the nomination for the appointment and reappointment of Maren Anka from the Department of Health, American Medical Response, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Anka's experience as an emergency responder, commitment to public service, and dedication to ensuring the health and safety of the community, qualify her for appointment and reappointment to the Emergency Medical Services Advisory Committee. Ms. Anka is a paramedic and a Health and Safety Officer with American Medical Response - Maui County. She is also one of a select group of paramedics that actively staffs the Maui medical evacuation helicopter stations. Your Committee notes that Ms. Anka serves as an adjunct Emergency Medical Services instructor at Kapiolani Community College and is a Senior Diving Guide with Extended Horizons in Lahaina. Your Committee further finds that Ms. Anka's service on the Emergency Medical Services Advisory Committee would fulfill the requirement of section 321-225, Hawaii Revised Statutes, that a member be a representative of allied health professions related to emergency medical services. Your Committee therefore recommends that Maren Anka be appointed and reappointed to the Emergency Medical Services Advisory Committee based on her experience in emergency service response and commitment to public health and safety.

MAX MATIAS

Your Committee received testimony in support of the nomination for the appointment of Max Matias from the Department of Health; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; American Medical Response; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Matias' experience in the field of emergency response, commitment to public service, and dedication to ensuring the health and safety of the community, qualify him for appointment to the Emergency Medical Services Advisory Committee. Mr. Matias currently oversees the fire personnel and facility at the Ellison Onizuka Kona International Airport and the Aircraft Rescue and Firefighter Regional Training Center on the island of Hawaii. Mr. Matias also has over twenty-two years of service as both a firefighter and Emergency Medical Technician on the island of Kauai, and is a lecturer at Hawaii Community College in the field of Fire Science. Mr. Matias attend Kapiolani Community College where he studied Emergency Medical Services. Your Committee further finds that Mr. Matias' service on the Emergency Medical Services Advisory Committee would fulfill the requirement of section 321-225, Hawaii Revised Statutes, that a member be a representative of allied health professions related to emergency medical services. Your Committee therefore recommends that Max Matias be appointed to the Emergency Medical Services Advisory Committee based on his experience in emergency service response and commitment to public health and safety.

STACEY OHO

Your Committee received testimony in support of the nomination for the appointment of Stacey Oho from the Department of Health, Kauai Paramedics Association, American Medical Response, and ten individuals.

Upon review of the testimony, your Committee finds that Mr. Oho's experience in the field of emergency medical services, commitment to public service, and dedication to ensuring the health and safety of the community, qualify him for appointment to the Emergency Medical Services Advisory Committee. Mr. Oho is an Emergency Medical Services (EMS) healthcare instructor who holds current instructor certifications in Basic Life Support, Advanced Life Support, Pediatric Advanced Life Support, Prehospital Trauma Life Support, Advanced Medical Life Support, Emergency Pediatric Care, and Advanced Hazmat Life Support. Mr. Oho also serves as an Assistant Professor with the Kapiolani Community College EMS Department as their lead Mobile Intensive Care Technician instructor. Additionally, he is a practicing paramedic with American Medical Response-Kauai County. Your Committee further finds that Mr. Oho's service on the Emergency Medical Services Advisory Committee would fulfill the requirement of section 321-225, Hawaii Revised Statutes, that a member be a mobile intensive care technician or emergency medical technician engaged in the practice of pre-hospital emergency medical service representing the City and County of Honolulu. Your Committee therefore recommends that Stacey Oho be appointed to the Emergency Medical Services Advisory Committee based on his experience in emergency medical services and commitment to public health and safety.

CODY BONILLA

Your Committee received testimony in support of the nomination for the appointment of Cody Bonilla from the Department of Health, Kauai Paramedics Association, American Medical Response, and one individual.

Upon review of the testimony, your Committee finds that Mr. Bonilla's experience in the field of emergency medical services, commitment to public service, and dedication to ensuring the health and safety of the community, qualify him for appointment to the Emergency Medical Services Advisory Committee. Mr. Bonilla is currently a licensed Paramedic with American Medical Response - Kauai County, serving as their Operations Supervisor. Mr. Bonilla has also served on the Kauai Paramedic Association as both its President and Vice President and holds certifications as a State of Hawaii Mobile Intensive Care Technician and National Registry Paramedic. Your Committee further finds that Mr. Bonilla's service on the Emergency Medical Services Advisory Committee would fulfill the requirement of section 321-225, Hawaii Revised Statutes, that a member be a mobile intensive care technician or emergency

medical technician engaged in the practice of pre-hospital emergency medical service representing the County of Kauai. Your Committee notes that Mr. Bonilla currently serves as a holdover member on the Emergency Medical Services Advisory Committee and therefore is already familiar with the its work. Your Committee therefore recommends that Cody Bonilla be appointed to the Emergency Medical Services Advisory Committee based on his experience in emergency medical services and commitment to public health and safety.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Moriwaki, Fevella).

SCRep. 3623 Judiciary on H.B. No. 2180

The purpose and intent of this measure is to repeal sections 266-2.3, Hawaii Revised Statutes, relating to the Kewalo Basin use permit, and 266-22 Hawaii Revised Statutes, relating to maintenance of a fire boat, which have become obsolete or unnecessary.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that sections 266-2.3, Hawaii Revised Statutes, and 266-22, Hawaii Revised Statutes, are obsolete or unnecessary. The purpose of this measure is to repeal these sections.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2180, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6; Ayes with Reservations (Acasio, Kim, Fevella). Noes, none. Excused, 1 (Lee).

SCRep. 3624 Judiciary on H.B. No. 1411

The purpose and intent of this measure is to:

- (1) Require that the transferee's and transferor's address be provided on the certificate of ownership when the title to a motor vehicle is transferred;
- (2) Clarify that the signature of the transferee and signature of the transferor each serve as an attestation by that respective party as to the validity of the information on the certificate of ownership; and
- (3) Impose a fine on a party who provides false or fraudulent information.

Your Committee received testimony in support of this measure from the Hawaii Council of Mayors, two members of the Kaua'i County Council, County of Maui Department of Environmental Management, Hawai'i State Association of Counties, Maui Metropolitan Planning Organization Policy Board, Ainaloa Association, and seven individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that more than eight thousand vehicles are abandoned in Hawai'i every year. In 2019, four thousand seven hundred abandoned vehicles were reported on Oahu, one thousand eight hundred abandoned vehicles were reported on Maui, 1,620 abandoned vehicles were reported on Hawai'i island, and nine hundred abandoned vehicles were reported on Kauai. These abandoned vehicles are an eyesore in communities, harmful to the environment, and a financial burden to the counties. Your Committee further finds that, as a result of fraud occurring at the vehicle title transfer level, there is an ongoing issue with locating the proper owner of a vehicle that has been abandoned. This measure will more accurately track motor vehicle ownership.

Your Committee has amended this measure by:

- (1) Clarifying that any person who provides false or fraudulent information under section 286-52(a), Hawaii Revised Statutes, shall be fined no less than \$500 and no more than \$1,000;
- (2) Making it effective on July 1, 2023; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1411, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1411, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Lee).

SCRep. 3625 Judiciary on H.B. No. 1761

The purpose and intent of this measure is to authorize the issuance of limited purpose identification cards for certain residents.

Your Committee received testimony in support of this measure from the Department of Public Safety; City and County of Honolulu, Department of Customer Services; County of Hawai'i Finance Department; Hawai'i Friends of Civil Rights; Community Alliance on Prisons; Hawai'i Coalition for Immigrant Rights; American Civil Liberties Union of Hawai'i; and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that in 2015, the Legislature authorized the issuance of limited purpose driver's licenses, limited purpose provisional driver's licenses, and limited purpose instruction permits to individuals who otherwise satisfy the requirements for a

driver's license, provisional driver's license, or instruction permit except for the individual's inability or refusal to provide satisfactory proof of authorized presence in the United States under the federal REAL ID Act. Your Committee further finds that the State does not similarly provide residents who do not drive and are unable to meet the requirements for a REAL ID-compliant identification card with the ability to access state-issued identification. This issue impacts several demographic groups, including young adults, elderly persons, houseless persons, undocumented immigrants, and lawfully present non-immigrants. Authorizing the issuance of limited purpose identification cards will improve access to places, and other benefits for residents of the State, including marginalized or disadvantaged residents.

Your Committee has amended this measure by:

- (1) Specifying that the limited purpose identification card shall on its reverse bear the phrase, "This identification card is issued only for state identification purposes. It does not establish eligibility for employment, voter registration, or public benefits"; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1761, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1761, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Lee).

SCRep. 3626 Judiciary on H.B. No. 2026

The purpose and intent of this measure is to:

- (1) Define "board business" and "informal gatherings";
- (2) Allow a board to prepare and circulate amongst members a statement on a position previously adopted for purposes of submission to the Legislature, under certain circumstances;
- (3) Outline when board packets must be available to interested persons; and
- (4) Apply sunshine law to all adjudicatory functions concerning land use.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Common Cause Hawaii, League of Women Voters of Hawaii, Civil Beat Law Center for the Public Interest, Hawaii Chapter of the Society of Professional Journalists, Hawai'i State Association of Counties, and eight individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Office of Information Practices, Hawai'i Tourism Authority, and one individual.

Your Committee finds that part I of chapter 92, Hawaii Revised Statutes, the State's sunshine law, provides critical assurances to the public that decision-making by formal decision-making bodies in Hawai'i is transparent and includes the opportunity for public input. Meaningful engagement with a board by the public assists with the formation and conduct of public policy and helps with decision-making that is in the best interest of the public. However, as with every law, there is an opportunity to improve the understanding and compliance of the law as it operates in practice. Your Committee further finds that, in order for the public to provide meaningful written and oral testimony at a board meeting, the public must be allowed to review and inspect the same material provided to the boards in a timely manner, and before testimony submittal deadlines. This measure will strengthen understanding of, and public participation in, the administrative proceedings and process of boards.

Your Committee has amended this measure by:

- (1) Removing language that applied the sunshine law to all adjudicatory functions concerning land use;
- (2) Clarifying that at the time the board packet is distributed to the board members, but no later than forty-eight hours before the meeting time, the board shall also make the board packet available for public inspection in the board's office;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2026, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2026, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3627 Judiciary on H.B. No. 2069

The purpose and intent of this measure is to establish procedures for the custody, inventory, and care of protocol gifts received by members of either house of the Legislature or state employees.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, State Comptroller, and Common Cause Hawaii.

Your Committee finds that, from time to time, state officials and employees accept protocol gifts on behalf of the State, or a political body of the State, from foreign officials, federal officers, or state officials from other states. These gifts may symbolize goodwill and strengthen national and international relationships. Your Committee further finds that existing law does not provide adequate guidance

or procedures regarding the custody, inventory, and care of protocol gifts. Accordingly, your Committee finds that the rules and guidance provided by this measure will promote government transparency and accountability, while preserving objects of historical significance.

Your Committee notes that the definition of “employee” is provided for in the State Ethics Code where the protocol gift requirement is being established by this measure. An employee for the purposes of the State Ethics Code includes any nominated, appointed, or elected officer or employee of the State, including members of boards, commissions, and committees, and employees under contract to the State or of the constitutional convention, but excludes legislators, delegates to the constitutional convention, justices and judges. Since legislators are specifically excluded, this measure refers to legislators and employees. Justices and judges are covered by their own code of conduct.

Your Committee has amended this measure by:

- (1) Clarifying that the procedures for the custody, inventory, and care of protocol gifts apply to employees as defined in section 84-3, Hawaii Revised Statutes;
- (2) Specifying that a legislator or employee shall report to the state archives any protocol gift received by the legislator or employee immediately upon receipt;
- (3) Specifying that the recipient of a protocol gift shall transfer to the State Archives any protocol gift within a reasonable time, as determined by the State Archives; provided that the transfer is not later than the end of the recipient’s time of office or employment;
- (4) Specifying that protocol gifts shall be excluded from the reporting requirement provided in section 84-11.5, Hawaii Revised Statutes; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2069, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2069, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3628 Human Services on S.C.R. No. 10

The purpose and intent of this measure is to request the Department of Human Services to:

- (1) Review the existing payment model for Medicaid reimbursement for patients who require nursing home-level of care in the community;
- (2) Study the feasibility of increasing the Medicaid reimbursement rate for Community Care Foster Family Home (CCFFH) and Expanded Adult Residential Care Home (E-ARCH) care providers; and
- (3) Determine the overall effect of increasing the Medicaid reimbursement rates for CCFFH and E-ARCH care providers.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that it is in the State’s best interest to ensure the overall health, well-being, and quality of life of our kupuna. However, due to the lack of beds in CCFFHs and E-ARCHs available for Medicaid beneficiaries, many kupuna, including those whose sole source of income is from social security, are left with no accessible options for stable, long-term care. The study requested under this measure will provide policy makers with the necessary information to determine whether it is feasible to increase the Medicare reimbursements rates for CCFFH and E-ARCH care providers to enable them to increase the number of beds available to Medicaid beneficiaries.

Your Committee notes the testimony of the Department of Human Services stating that its Med-QUEST Division is currently considering a feasibility study of rate increases as part of a Home and Community Based Services (HCBS) financial plan in response to a section of the American Rescue Plan Act that seeks to strengthen, enhance, and expand HCBS. The Department also states that rate increases are likely needed for not only CCFFHs and E-ARCHs but may also, other types of HCBS providers and services.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Human Services to include other types of HCBS in its feasibility study and determination;
- (2) Amending its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 10, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 10, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3629 Human Services on S.R. No. 4

The purpose and intent of this measure is to request the Department of Human Services to:

- (1) Review the existing payment model for Medicaid reimbursement for patients who require nursing home-level of care in the community;
- (2) Study the feasibility of increasing the Medicaid reimbursement rate for Community Care Foster Family Home (CCFFH) and Expanded Adult Residential Care Home (E-ARCH) care providers; and
- (3) Determine the overall effect of increasing the Medicaid reimbursement rates for CCFFH and E-ARCH care providers.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that it is in the State's best interest to ensure the overall health, well-being, and quality of life of our kupuna. However, due to the lack of beds in CCFFHs and E-ARCHs available for Medicaid beneficiaries, many kupuna, including those whose sole source of income is from social security, are left with no accessible options for stable, long-term care. The study requested under this measure will provide policy makers with the necessary information to determine whether it is feasible to increase the Medicare reimbursements rates for CCFFH and E-ARCH care providers to enable them to increase the number of beds available to Medicaid beneficiaries.

Your Committee notes the testimony of the Department of Human Services stating that its Med-QUEST Division is currently considering a feasibility study of rate increases as part of a Home and Community Based Services (HCBS) financial plan in response to a section of the American Rescue Plan Act that seeks to strengthen, enhance, and expand HCBS. The Department also states that rate increases are likely needed for not only CCFFHs and E-ARCHs but may also, other types of HCBS providers and services.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Human Services to include other types of HCBS in its feasibility study and determination;
- (2) Amending its title; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 4, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 4, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3630 Human Services on S.C.R. No. 223

The purpose and intent of this measure is to urge the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for children who are survivors of sex trafficking.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the number of victims that were subject to commercial sexual exploitation have increased significantly over recent years. Your Committee also finds, however, that the State does not have the sufficient number of facilities to serve as emergency shelters for child survivors of sex trafficking. This measure aims to address this void by maintaining an emergency shelter that can address the imminent and specific needs of child survivors of sex trafficking and provide them with protection and a coordinated continuum of care at a centralized location.

Your Committee has amended this measure by:

- (1) Amending its title to conform to its purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 223, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 223, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3631 Human Services on S.R. No. 216

The purpose and intent of this measure is to urge the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for children who are survivors of sex trafficking.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the number of victims that were subject to commercial sexual exploitation have increased significantly over recent years. Your Committee also finds, however, that the State does not have the sufficient number of facilities to serve as emergency shelters for child survivors of sex trafficking. This measure aims to address this void by maintaining an emergency shelter that can address the imminent and specific needs of child survivors of sex trafficking and provide them with protection and a coordinated continuum of care at a centralized location.

Your Committee has amended this measure by:

- (1) Amending its title to conform to its purpose; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 216, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 216, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3632 Human Services on S.C.R. No. 180

The purpose and intent of this measure is to urge the Department of Human Services to designate two full-time equivalent (2.0 FTE) employees to assist Compact of Free Association migrants to enroll in Medicaid, including establishing and implementing an outreach program to inform the Compact of Free Association community in Hawaii of the eligibility criteria and enrollment process.

Your Committee received testimony in support of this measure from the COFA Alliance National Network. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the United States has international treaty agreements, known as the Compacts of Free Association, with three island nations in the Pacific--the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau--collectively known as the Freely Associated States. Your Committee further finds that citizens of the Freely Associated States are given broad migration privileges to the United States and its jurisdictions as "Compact of Free Association migrants". Compact of Free Association migrants, upon entry into the United States, are given a "non-immigrant" immigration status without an expiration date, and therefore, can freely enter, exit, reside, and work indefinitely in the United States and its jurisdictions.

Your Committee also finds that the Consolidated Appropriations Act, 2021, P.L. 116-260, restored Medicaid eligibility to Compact of Free Association migrants, which had been previously eliminated for the most part by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193. This measure will ensure that Compact of Free Association migrants in Hawaii are informed of the restoration of their Medicaid eligibility and provided with assistance in the enrollment process to receive available Medicaid coverage and services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 180 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3633 (Joint) Human Services and Energy, Economic Development, and Tourism on S.C.R. No. 153

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism; Executive Office on Aging; and County of Hawaii Office of Aging to conduct a study on the necessity and feasibility of establishing a Senior Living Center in the Ka'ū district in the County of Hawai'i.

Your Committees received testimony in support of this measure from one member of the Hawai'i County Council, Ocean View Community Association, and one individual. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism and Executive Office on Aging.

Your Committees find that ensuring access to necessary support services is essential in maintaining the well-being and quality of life of our kupuna. Your Committees also find that many residents in Ka'ū face cultural, financial, and geographical barriers that prevent them from accessing various services. The report requested in this measure will allow policy makers to determine the needs of the elderly residents in the Ka'ū district and whether establishment of a senior living center is necessary and feasible to address them.

Your Committees note the testimony of the Executive Office on Aging, stating that it does not have the expertise or funding to conduct a feasibility study requested in this measure.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the Department of Business, Economic Development, and Tourism, is requested to conduct the study, in coordination and cooperation with the Executive Office on Aging and County of Hawai'i Office of Aging;
- (2) Amending its title to reflect this clarification; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 153, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 153, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Human Services: Ayes, 5. Noes, none. Excused, none.
Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Lee).

SCRep. 3634 (Joint) Human Services and Energy, Economic Development, and Tourism on S.R. No. 146

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism; Executive Office on Aging; and County of Hawaii Office of Aging to conduct a study on the necessity and feasibility of establishing a Senior Living Center in the Ka'ū district in the County of Hawai'i.

Your Committees received testimony in support of this measure from the Ocean View Community Association. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism and the Executive Office on Aging.

Your Committees find that ensuring access to necessary support services is essential in maintaining the well-being and quality of life of our kupuna. Your Committees also find that many residents in Ka'ū face cultural, financial, and geographical barriers that prevent them from accessing various services. The report requested in this measure will allow policy makers to determine the needs of the elderly residents in the Ka'ū district and whether establishment of a senior living center is necessary and feasible to address them.

Your Committees note the testimony of the Executive Office on Aging, stating that it does not have the expertise or funding to conduct a feasibility study requested in this measure.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the Department of Business, Economic Development, and Tourism, is requested to conduct the study, in coordination and cooperation with the Executive Office on Aging and County of Hawai'i Office of Aging;
- (2) Amending its title to reflect this clarification; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 146, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 146, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Lee).

SCRep. 3635 Transportation on S.C.R. No. 136

The purpose and intent of this measure is to request that the Department of Transportation create safe routes for senior citizens living in housing units, rentals, hotels, condominiums, and residential places statewide.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that independent living capabilities for Hawaii's senior population is an integral component for health, longevity, and quality of life. Many senior citizens have reduced physical abilities and thus require various assistive mobility devices and are more susceptible to trips and falls due to elevation changes in walkways and other hazardous conditions. Therefore, the purpose of this resolution is to request that the Department of Transportation create pedestrian-safe routes and pathways that lead to and from places of residence in such a manner that adheres to the unique needs of the senior citizen population.

Your Committee has amended this measure by:

- (1) Adding that the Department of Transportation is requested to work with elected legislators from each community to create a proposed list of pedestrian projects and prioritize their construction while incorporating statewide transportation plans, regional transportation plans, and funding opportunities as may be necessary for their construction;
- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 136, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 136, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3636 Transportation on S.R. No. 120

The purpose and intent of this measure is to request that the Department of Transportation create safe routes for senior citizens living in housing units, rentals, hotels, condominiums, and residential places statewide.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that independent living capabilities for Hawaii's senior population is an integral component for health, longevity, and quality of life. (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 120, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 120, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3637 Transportation on S.C.R. No. 145

The purpose and intent of this measure is to request that the State of Hawaii support the development and deployment of zero emissions interisland transportation.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, REGENT, Hawaii Think Tank, Hawaii Center for Advanced Transportation Technologies, and ZeroAvia. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that Hawaii has adopted laws and set goals to achieve a carbon negative economy by 2045. Hawaii is ideally suited to adopt new zero emissions sea and air transportation for interisland travel due to the relatively short distance between destinations. The adoption of such technology can mean significant long-term savings on the cost of travel, fuel, and commodities for Hawaii residents and visitors. Therefore, the purpose of this resolution is to encourage the State of Hawaii to support the development and deployment of zero emissions interisland travel technologies.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 145 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3638 Transportation on S.R. No. 129

The purpose and intent of this measure is to request that the State of Hawaii support the development and deployment of zero emissions interisland transportation.

Your Committee received testimony in support of this measure from ZeroAvia.

Your Committee finds that Hawaii has adopted laws and set goals to achieve a carbon negative economy by 2045. Hawaii is ideally suited to adopt new zero emissions sea and air transportation for interisland travel due to the relatively short distance between destinations. The adoption of such technology can mean significant long-term savings on the cost of travel, fuel, and commodities for Hawaii residents and visitors. As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 129 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3639 Higher Education on S.C.R. No. 132

The purpose and intent of this measure is to request the University of Hawaii to report on the Pamantasan Council's systemwide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from University of Hawaii Pamantasan Council, Tinalak Filipino Education Council, Hawaii Friends of Civil Rights, Sariling Gawa Youth Council, and thirteen individuals.

Your Committee finds that Filipinos represent one-quarter of Hawaii's population, the second largest ethnic group in the State, the largest ethnicity in public schools, the third largest in community colleges, and the fourth largest at four-year campuses. However, Filipino students continue to be underrepresented at the undergraduate level and significantly underrepresented in graduate and professional degree programs. Additionally, Filipino faculty, who have also provided leadership and service to the State and Filipino community, are also underrepresented at all University of Hawaii campuses as many faculty members serve in temporary positions while critical, permanent faculty positions remain unfilled.

Your Committee further finds that throughout the University of Hawaii campuses, there are few Filipino-related courses such as Philippine languages, Philippine studies, and Filipinos in Hawaii that are offered. While the University of Hawaii received funding for two full-time equivalent (2.0 FTE) positions to support the Pamantasan Council and its activities at the University of Hawaii through Act 266, Session Laws of Hawaii 2019, the onset of the coronavirus disease 2019 pandemic prevented the disbursement of funds. Addressing the lack of representation of Filipino students, faculty, and staff may provide the University of Hawaii System with information to increase representation; courses on Philippine languages, culture, and history; and the status of Filipinos at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3640 Higher Education on S.R. No. 116

The purpose and intent of this measure is to request the University of Hawaii to report on the Pamantasan Council's systemwide efforts to improve the status of Filipinos at the University of Hawaii.

Your Committee received testimony in support of this measure from University of Hawaii Pamantasan Council, Tinalak Filipino Education Council, Hawaii Friends of Civil Rights, Sariling Gawa Youth Council, and twelve individuals.

Your Committee finds that Filipinos represent one-quarter of Hawaii's population, the second largest ethnic group in the State, the largest ethnicity in public schools, the third largest in community colleges, and the fourth largest at four-year campuses. However, Filipino students continue to be underrepresented at the undergraduate level and significantly underrepresented in graduate and professional degree programs. Additionally, Filipino faculty, who have also provided leadership and service to the State and Filipino community, are also underrepresented at all University of Hawaii campuses as many faculty members serve in temporary positions while critical, permanent faculty positions remain unfilled.

Addressing the lack of representation of Filipino students, faculty, and staff may provide the University of Hawaii System with information to increase representation; courses on Philippine languages, culture, and history; and the status of Filipinos at the University of Hawaii.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 116 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3641 Higher Education on S.C.R. No. 182

The purpose and intent of this measure is to request the University of Hawaii to:

- (1) Establish culturally appropriate curriculum to train community health workers; and
- (2) Incorporate distance learning for neighbor island students.

Your Committee received testimony in support of this measure from Hawai'i Public Health Institute. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from University of Hawai'i System.

Your Committee finds that for more than twenty years, community health workers have improved the quality of life for residents in the State by providing a critical service to connect disadvantaged populations with culturally appropriate health care resources. While over two thousand community health workers actively engage with local communities through community-based organizations, local health care facilities, clinics, and hospitals, there is an imminent need to recognize the work and contributions of community health workers in the State.

Your Committee further finds that the University of Hawaii System offers a community health worker curriculum. Currently, the University of Hawaii System offers community health worker courses or certificates at Kapiolani Community College, University of Hawaii – Maui College, and Windward Community College. Since 2019, University of Hawaii Community Colleges have awarded one hundred nineteen certificates of competence for community health workers, in addition to other students who have taken courses in the community health worker pathway. With the onset of the coronavirus disease 2019 (COVID-19) pandemic, Kapiolani Community College contracted with the Department of Health to train more than one hundred community health workers to address community needs, of which twenty-five percent of community health workers trained were from the neighbor islands.

Your Committee also notes that the expansion of community health worker pathways has expanded opportunities for Hawaii's people. Previously, community health worker pathways were limited to in-person instruction, limiting the educational opportunities of residents on the neighbor islands interested in that career pathway. To provide greater access for students across the State, Kapiolani Community College and University of Hawaii – Maui College offer fully online pathways that allow students to complete community health worker programs. With expanded access to community health worker programs, the State can address critical shortages in health care professions, which were further exacerbated by the COVID-19 pandemic.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 182, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 182, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3642 Higher Education on S.R. No. 175

The purpose and intent of this measure is to request the University of Hawaii to:

- (1) Establish culturally appropriate curriculum to train community health workers; and
- (2) Incorporate distance learning for neighbor island students.

Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that for more than twenty years, community health workers have improved the quality of life for residents in the State by providing a critical service to connect disadvantaged populations with culturally appropriate health care resources. While over two thousand community health workers actively engage with local communities through community-based organizations, local health care facilities, clinics, and hospitals, there is an imminent need to recognize the work and contributions of community health workers in the State.

Your Committee further finds that the University of Hawaii System offers a community health worker curriculum. Currently, the University of Hawaii System offers community health worker courses or certificates at Kapiolani Community College, University of Hawaii – Maui College, and Windward Community College. Since 2019, University of Hawaii Community Colleges have awarded one hundred nineteen certificates of competence for community health workers, in addition to other students who have taken courses in the community health worker pathway. With the onset of the coronavirus disease 2019 (COVID-19) pandemic, Kapiolani Community College contracted with the Department of Health to train more than one hundred community health workers to address community needs, of which twenty-five percent of community health workers trained were from the neighbor islands.

Your Committee also notes that the expansion of community health worker pathways has expanded opportunities for Hawai'i's people. Previously, community health worker pathways were limited to in-person instruction, limiting the educational opportunities of residents on the neighbor islands interested in that career pathway. To provide greater access for students across the State, Kapiolani Community College and University of Hawaii – Maui College offer fully online pathways that allow students to complete community health worker programs. With expanded access to community health worker programs, the State can address critical shortages in health care professions, which were further exacerbated by the COVID-19 pandemic.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 175, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 175, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3643 Higher Education on S.C.R. No. 35

The purpose and intent of this measure is to request the University of Hawaii – West Oahu to reopen their partnership with the University of Hawaii at Hilo to provide a pre-nursing pathway for students.

Your Committee received comments on this measure from the University of Hawai'i System and Hawai'i State Center for Nursing.

Your Committee finds that in the fall of 2015, the University of Hawaii – West Oahu partnered with the University of Hawaii at Hilo to launch the Ike Maui Ola program, an innovative new pathway for students interested in pursuing a career in nursing. However, the program was canceled in 2017, which limited nursing pathways for students residing in central and west Oahu. While students located in central and west Oahu may attend Leeward Community College for the associate's in nursing degree program, students who wish to continue their education at the bachelor's degree level must attend institutions located in urban Honolulu such as the University of Hawaii at Manoa. The long commute from central and west Oahu to Manoa may inhibit some students from pursuing their educational and professional goals. Additionally, the onset of the coronavirus disease 2019 (COVID-19) pandemic highlighted the State's significant nurse shortage, and more nurses would have likely been trained and available during the COVID-19 pandemic to assist communities in central and west Oahu. As Hawaii continues to recover from the nursing shortage and the COVID-19 pandemic, providing greater access to nursing education may motivate more students residing outside of urban Honolulu to pursue careers in nursing.

Your Committee has amended this measure by:

- (1) Inserting language that requests the University of Hawaii – West Oahu to establish a nursing program or seek other partners to develop a nursing program at the West Oahu campus;
- (2) Amending its title; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 35, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3644 Higher Education on S.R. No. 29

The purpose and intent of this measure is to request the University of Hawaii – West Oahu to reopen their partnership with the University of Hawaii at Hilo to provide a pre-nursing pathway for students.

Your Committee received comments on this measure from the University of Hawai'i System and Hawai'i State Center for Nursing.

Your Committee finds that in the fall of 2015, the University of Hawaii – West Oahu partnered with the University of Hawaii at Hilo to launch the Ike Maui Ola program, an innovative new pathway for students interested in pursuing a career in nursing. However, the program was canceled in 2017, which limited nursing pathways for students residing in central and west Oahu. While students located

in central and west Oahu may attend Leeward Community College for the associate's in nursing degree program, students who wish to continue their education at the bachelor's degree level must attend institutions located in urban Honolulu such as the University of Hawaii at Manoa. The long commute from central and west Oahu to Manoa may inhibit some students from pursuing their educational and professional goals. - (1) Inserting language that requests the University of Hawaii – West Oahu to establish a nursing program or seek other partners to develop a nursing program at the West Oahu campus;
- (2) Amending its title; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 29, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 29, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3645 Higher Education on S.C.R. No. 215

The purpose and intent of this measure is to request the University of Hawaii to:

- (1) Investigate and address the feasibility and accessibility of a nursing program at Honolulu Community College; and
- (2) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which amends this measure by:

- (1) Inserting findings regarding current workforce needs, including shortages of workers in agriculture and health care-related fields; faculty shortages, decreased funding, and limited educational opportunities; and the State's responsibility to offer interdisciplinary and supplemental educational and learning opportunities to support regional economic needs and local industries;
- (2) Inserting findings on college and career readiness workforce development training programs supported by Hawaii P-20, including history of the P-20 Partnership, programs supported by P-20 Partnership, and potential partners to further educational and workforce career readiness programs; and
- (3) Inserting findings on recent leadership issues at the University of Hawaii College of Tropical Agriculture and Human Resources, including decreased funding and opportunities for the Molecular Biosciences and Biotechnology program, de-emphasis of hands-on learning, failure to review probationary faculty positions in a holistic manner for College faculty, and allegations against the Dean of the College relating to a lack of leadership; and
- (4) Requesting the Auditor to:
 - (A) Conduct a performance audit of the University of Hawaii College of Tropical Agriculture and Human Resources, including an assessment of the College's leadership and administration;
 - (B) Conduct a performance audit of all state college and career readiness workforce development training programs, including a discussion of each program's offered services, performance metrics, and recent outcomes, efforts to coordinate with other state workforce development programs, and overall alignment with statewide plans; and
 - (C) Submit a report of each performance audit, including the Auditor's findings and recommendations, and any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023;
- (5) Adding the Auditor, Comptroller, Chairperson of the Board of Education, Director of Labor and Industrial Relations, Chairperson of the Workforce Development Council, Chairperson of the Board of Regents of the University of Hawaii, Dean of the University of Hawaii College of Tropical Agriculture and Human Resources, Executive Director of the Hawaii Government Employees Association, and State Director of United Public Workers to the list of recipients of certified copies;
- (6) Amending its title in accordance with its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committee received comments on the proposed S.D. 1 from the University of Hawai'i System.

Your Committee finds that if Hawaii is to meet regional workforce demands and the needs of regional industries, developing an educated, well-trained workforce is paramount to Hawaii's economic success. Currently, the State is experiencing a shortage of workers across all sectors, including agriculture and health care-related fields, as faculty shortages, decreased funding, and limited educational opportunities inhibit the education and training of the next generation of Hawaii's workforce. Additionally, the lack of training programs in fields such as health care, including nursing and allied health, career readiness and workforce development

training, and practicum and internship opportunities within agricultural fields such as molecular biosciences and biotechnology, limit the State's potential to diversify, develop, and expand its current workforce. This measure seeks to examine the State's career readiness workforce development to ensure Hawaii's people have access to needed programs for professional development and success.

Your Committee has amended this measure by adopting the proposed S.D. 1 and further amending the measure by:

- (1) Requesting various state government entities to take certain actions to effectively leverage educational resources in the State to ensure career readiness workforce development;
- (2) Requesting the University of Hawaii to:
 - (A) Examine the feasibility of offering a nursing program, allied health program, or both at Honolulu Community College, or in coordination with the other University of Hawaii Community Colleges, to meet regional workforce needs;
 - (B) Identify University of Hawaii workforce development training programs, including P-20, that prepare residents for employment in Hawaii; actions to improve alignment of programs with state and county workforce development and University of Hawaii strategic plans; and key performance metrics for University of Hawaii's workforce development training programs, including but not limited to alignment to statewide energy and food security goals pursuant to section 269-92, Hawaii Revised Statutes, and Act 151, Session Laws of Hawaii 2019, regional economic opportunities as described in the Hawaii Statewide Comprehensive Economic Development Strategy; facilities; and coordination to existing workforce development training programs both within the University of Hawaii System and across the State; and
 - (C) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023;
- (3) Requesting the Legislative Reference Bureau, instead of the Auditor, to:
 - (A) Identify cooperative extension agencies similar to the University of Hawaii College of Tropical Agriculture and Human Resources across the nation; and
 - (B) Submit a report evaluating the University of Hawaii College of Tropical Agriculture and Human Resources and its leadership, including the Legislative Reference Bureau's comparative analysis of the University of Hawaii College of Tropical Agriculture and Human Resources to similar cooperative extension agencies across the nation, and recommendations to better align the mission of the University of Hawaii College of Tropical Agriculture and Human Resources with statewide food security goals pursuant to Act 151, Session Laws of Hawaii 2019, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023;
- (4) Removing the Auditor from the list of recipients of certified copies;
- (5) Adding the Director of the Legislative Reference Bureau to the list of recipients of certified copies; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 215, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 215, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3646 Higher Education on S.R. No. 208

The purpose and intent of this measure is to request the University of Hawaii to:

- (1) Investigate and address the feasibility and accessibility of a nursing program at Honolulu Community College; and
- (2) Submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Prior to the hearing on this measure, your Committee posted and made available for public review a proposed S.D. 1, which amends this measure by:

- (1) Inserting findings regarding current workforce needs, including shortages of workers in agriculture and health care-related fields; faculty shortages, decreased funding, and limited educational opportunities; and the State's responsibility to offer interdisciplinary and supplemental educational and learning opportunities to support regional economic needs and local industries;
- (2) Inserting findings on college and career readiness workforce development training programs supported by Hawaii P-20, including history of the P-20 Partnership, programs supported by P-20 Partnership, and potential partners to further educational and workforce career readiness programs; and
- (3) Inserting findings on recent leadership issues at the University of Hawaii College of Tropical Agriculture and Human Resources, including decreased funding and opportunities for the Molecular Biosciences and Biotechnology program, de-emphasis of hands-on learning, failure to review probationary faculty positions in a holistic manner for College faculty, and allegations against the Dean of the College relating to a lack of leadership; and
- (4) Requesting the Auditor to:

- (A) Conduct a performance audit of the University of Hawaii College of Tropical Agriculture and Human Resources, including an assessment of the College's leadership and administration;

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 208, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 208, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Wakai).

SCRep. 3647 (Joint) Hawaiian Affairs and Health on S.C.R. No. 240

The purpose and intent of this measure is to request the adoption of a state policy assuring that savings realized by the State through the extension of federal medical assistance percentage payments of one hundred percent for Native Hawaiian health care systems is used to address health disparities experienced by Hawaiian communities.

Your Committees received testimony in support of this measure from Hawai'i Primary Care Association, Hāmākua-Kohala Health, Waimānalo Health Center, and two individuals. Your Committees received comments on this measure from the Department of Human Services, Waianae Coast Comprehensive Health Center, and Papa Ola Lōkahi.

Your Committees find that Papa Ola Lōkahi is a Hawaii nonprofit corporation concerned with improving Native Hawaiian cultural, physical, mental, and spiritual health. They work with AHARO Hawaii which is a Hawaii nonprofit corporation and a consortium of other Hawaii nonprofit corporations which are federally qualified community health centers that contribute to the health and well-being of Native Hawaiians. There are currently disparities in health care experienced by Native Hawaiians, and AHARO has been designated to receive funds from the American Rescue Plan Act which will pay one hundred percent of the cost of Medicaid services provided at Native Hawaiian Health Centers. This measure requests executive departments to review their policies and ensure that AHARO can provide proper care and the funds are used to address Hawaiian health disparities.

Your Committees have amended this measure by:

- (1) Clarifying that the federal government will pay one hundred percent of Medicaid services at Native Hawaiian Health Centers for eight fiscal quarters, under the American Rescue Plan Act; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 240, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 240, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 4. Noes, none. Excused, 1 (Ihara).

Health: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 3648 (Joint) Hawaiian Affairs and Health on S.R. No. 141

The purpose and intent of this measure is to request the adoption of a state policy assuring that savings realized by the State through the extension of federal medical assistance percentage payments of one hundred percent for Native Hawaiian health care systems is used to address health disparities experienced by Hawaiian communities.

Your Committees received testimony in support of this measure from Hawai'i Primary Care Association, Hāmākua-Kohala Health, Waimānalo Health Center, and one individual. Your Committees received comments on this measure from the Department of Human Services, Waianae Coast Comprehensive Health Center, and Papa Ola Lōkahi.

Your Committees find that Papa Ola Lōkahi is a Hawaii nonprofit corporation concerned with improving Native Hawaiian cultural, physical, mental, and spiritual health. They work with AHARO Hawaii which is a Hawaii nonprofit corporation and a consortium of other Hawaii nonprofit corporations which are federally qualified community health centers that contribute to the health and well-being of Native Hawaiians. There are currently disparities in health care experienced by Native Hawaiians, and AHARO has been designated to receive funds from the American Rescue Plan Act which will pay one hundred percent of the cost of Medicaid services provided at Native Hawaiian Health Centers. This measure requests executive departments to review their policies and ensure that AHARO can provide proper care and the funds are used to address Hawaiian health disparities.

Your Committees have amended this measure by:

- (1) Clarifying that the federal government will pay one hundred percent of Medicaid services at Native Hawaiian Health Centers for eight fiscal quarters, under the American Rescue Plan Act; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 141, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 141, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 4. Noes, none. Excused, 1 (Moriwaki).

SCRep. 3649 (Joint) Hawaiian Affairs and Water and Land on S.C.R. No. 159

The purpose and intent of this measure is to request that the Office of Planning and Sustainable Development develop a plan to include a specific role for the Native Hawaiian community in the coastal zone management plan.

Your Committees received testimony in support of this measure from the Hawaii State Aha Moku. Your Committees received comments on this measure from the Office of Planning and Sustainable Development.

Your Committees find that past failure to integrate Native Hawaiian cultural practices has resulted in the loss and destruction of many important cultural resources and has interfered with the exercise of Native Hawaiian culture. Some rules and regulations regarding land and natural resources are created without consultation or compensation to Native Hawaiian beneficiaries. Therefore, the purpose of this measure is to request the Office of Planning and Sustainable Development to develop a consultation implementation plan to ensure the voices of the Hawaiian people are heard.

Your Committees note the testimony of the Office of Planning and Sustainable Development that 'ike kupuna are already included in planning practices for the Coastal Zone Management program. Therefore, the office feels that the goals of this resolution will be met without formal legislation for the development of a separate planning process which the Coastal Zone Management program does not have the current capacity to address.

Your Committees have amended this measure by:

- (1) Adding the Hawaii State Aha Moku as a partner; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 159, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 159, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 4. Noes, none. Excused, 1 (Ihara).

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Riviere).

SCRep. 3650 (Joint) Hawaiian Affairs and Water and Land on S.R. No. 164

The purpose and intent of this measure is to request that the Office of Planning and Sustainable Development develop a plan to include a specific role for the Native Hawaiian community in the coastal zone management plan.

Your Committees received testimony in support of this measure from the Hawaii State Aha Moku and three individuals. Your Committees received comments on this measure from the Office of Planning and Sustainable Development.

Your Committees find that past failure to integrate Native Hawaiian cultural practices has resulted in the loss and destruction of many important cultural resources and has interfered with the exercise of Native Hawaiian culture. Some rules and regulations regarding land and natural resources are created without consultation or compensation to Native Hawaiian beneficiaries. Therefore, the purpose of this measure is to request the Office of Planning and Sustainable Development to develop a consultation implementation plan to ensure the voices of the Hawaiian people are heard.

Your Committees note the testimony of the Office of Planning and Sustainable Development that 'ike kupuna are already included in planning practices for the Coastal Zone Management program. Therefore, the office feels that the goals of this resolution will be met without formal legislation for the development of a separate planning process which the Coastal Zone Management program does not have the current capacity to address.

Your Committees have amended this measure by:

- (1) Adding the Hawaii State Aha Moku as a partner; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 164, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 164, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 4. Noes, none. Excused, 1 (Ihara).

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Riviere).

SCRep. 3651 Hawaiian Affairs on S.C.R. No. 125

The purpose and intent of this measure is to request the Department of Hawaiian Home Lands to establish a working group to return Crown Lands to Native Hawaiians.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Environmental Caucus of the Democratic Party of Hawai'i, and five individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies and one individual.

Your Committee finds that in 1993, the United States Congress passed Public Law 103-150 (Apology Resolution) confirming the illegal actions of United States agents resulting in the overthrow of the monarchy of Hawaii in violation of treaties between the United States and the sovereign Kingdom of Hawaii. The Apology Resolution confirms that 1,800,000 acres of Crown and Government Lands were thereafter ceded to the United States without consent of or compensation to the Native Hawaiian people. The purpose of this measure is to request the Department of Hawaiian Home Lands to establish a working group to return Crown Lands to Native Hawaiians.

Your Committee has amended this measure by:

- (1) Replacing the Department of Hawaiian Home Lands with Ka Huli Ao Center for Excellence in Native Hawaiian Law as the entity requested to establish the working group;
- (2) Amending its title accordingly; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 125, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 125, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3652 Hawaiian Affairs on S.R. No. 110

The purpose and intent of this measure is to request the Department of Hawaiian Home Lands to establish a working group to return Crown Lands to Native Hawaiians.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Environmental Caucus of the Democratic Party of Hawai'i, and four individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies and one individual.

Your Committee finds that in 1993, the United States Congress passed Public Law 103-150 (Apology Resolution) confirming the illegal actions of United States agents resulting in the overthrow of the monarchy of Hawaii in violation of treaties between the United States and the sovereign Kingdom of Hawaii. The Apology Resolution confirms that 1,800,000 acres of Crown and Government Lands were thereafter ceded to the United States without consent of or compensation to the Native Hawaiian people. The purpose of this measure is to request the Department of Hawaiian Home Lands to establish a working group to return Crown Lands to Native Hawaiians.

Your Committee has amended this measure by:

- (1) Replacing the Department of Hawaiian Home Lands with Ka Huli Ao Center for Excellence in Native Hawaiian Law as the entity requested to establish the working group;
- (2) Amending its title accordingly; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 110, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 110, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3653 (Joint) Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 91

The purpose and intent of this measure is to urge the United States to satisfy its obligations to the Department of Hawaiian Home Lands and the Hawaiian Home Lands Trust under the Hawaiian Home Lands Recovery Act.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands.

Your Committees find that in 1921, Congress enacted the Hawaiian Homes Commission Act which set aside 203,000 acres of former crown and government lands for a homestead program with the specific purpose of revitalizing and rehabilitating the Native Hawaiian community. In 1995, Congress enacted the Hawaiian Home Lands Recovery Act to authorize the transfer of certain federal lands to the Department of Hawaiian Home Lands to provide for a full settlement of claims against the United States for its taking and continued use of land set aside for the implementation of the Hawaiian Homes Commission Act. To this day, lands continue to be transferred in a manner inconsistent with the Hawaiian Home Lands Recovery Act. This resolution urges the United States to satisfy its obligations in a timely manner.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 91, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 91, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).
Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3654 (Joint) Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 81

The purpose and intent of this measure is to urge the United States to satisfy its obligations to the Department of Hawaiian Home Lands and the Hawaiian Home Lands Trust under the Hawaiian Home Lands Recovery Act.

Your Committees received testimony in support of this measure from the Department of Hawaiian Home Lands and one individual.

Your Committees find that in 1921, Congress enacted the Hawaiian Homes Commission Act which set aside 203,000 acres of former crown and government lands for a homestead program with the specific purpose of revitalizing and rehabilitating the Native Hawaiian community. In 1995, Congress enacted the Hawaiian Home Lands Recovery Act to authorize the transfer of certain federal lands to the Department of Hawaiian Home Lands to provide for a full settlement of claims against the United States for its taking and continued use of land set aside for the implementation of the Hawaiian Homes Commission Act. To this day, lands continue to be transferred in a manner inconsistent with the Hawaiian Home Lands Recovery Act. SCRep. 3655 (Joint) Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 92

The purpose and intent of this measure is to urge the President of the United States to issue a directive ordering federal agencies to report disaggregated Native Hawaiian and Pacific Islander data in compliance with the Office of Management and Budget Statistical Policy Directive No. 15.

Your Committees received testimony in support of this measure from the Hawaii Youth Services Network, 'Āinahau o Kaleponi Hawaiian Civic Club, Ke One O Kākuhihewa, and the Council for Native Hawaiian Advancement.

Your Committees find that racial and ethnic data play a critical role in identifying disparities, monitoring programs for civil rights compliance, informing policy development, and guiding funding priorities. Numerous data reports at the local, state, and federal level continue to fail to report disaggregated Native Hawaiian data. Furthermore, numerous federal agencies fail to utilize a Native Hawaiian and Pacific Islander category when reporting data from critical surveys. The purpose of this resolution is to urge the President of the United States to issue a presidential directive ordering federal agencies to report disaggregated Native Hawaiian and Pacific Islander data in compliance with the Office of Management and Budget Statistical Policy Directive No. 15.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 92 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3656 (Joint) Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 82

The purpose and intent of this measure is to urge the President of the United States to issue a directive ordering federal agencies to report disaggregated Native Hawaiian and Pacific Islander data in compliance with the Office of Management and Budget Statistical Policy Directive No. 15.

Your Committees received testimony in support of this measure from 'Āinahau o Kaleponi Hawaiian Civic Club, Ke One O Kākuhihewa, 'Ahahui o nā Kauka, Papa Ola Lōkahi, Spoehr Foundation, and one individual. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that racial and ethnic data play a critical role in identifying disparities, monitoring programs for civil rights compliance, informing policy development, and guiding funding priorities. Numerous data reports at the local, state, and federal level continue to fail to report disaggregated Native Hawaiian data. Furthermore, numerous federal agencies fail to utilize a Native Hawaiian and Pacific Islander category when reporting data from critical surveys. SCRep. 3657 (Joint) Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 93

The purpose and intent of this measure is to urge the United States government to support co-stewardship of wahi kūpuna with the Native Hawaiian community with regards to lands under federal, state, and local government authority.

Your Committees received testimony in support of this measure from one individual.

Your Committees find that the preservation, protection, and stewardship of land, watersheds, ocean resources, and significant cultural sites is of the highest importance to Hawaiian culture. Wahi kūpuna are ancestral, physical locations significant to the Native Hawaiian community as strongholds of culture and knowledge. However, wahi kūpuna are disproportionately underfunded within the private and public sectors of Hawaii. The purpose of this resolution is to urge the United States government to support the co-stewardship of wahi kūpuna with the Native Hawaiian community with regard to lands under government authority.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 93 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3658 (Joint) Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 83

The purpose and intent of this measure is to urge the United States government to support co-stewardship of wahi kūpuna with the Native Hawaiian community with regards to lands under federal, state, and local government authority.

Your Committee did not receive any testimony on this measure.

Your Committees find that the preservation, protection, and stewardship of land, watersheds, ocean resources, and significant cultural sites is of the highest importance to Hawaiian culture. Wahi kūpuna are ancestral, physical locations significant to the Native Hawaiian community as strongholds of culture and knowledge. However, wahi kūpuna are disproportionately underfunded within the private and public sectors of Hawaii. The purpose of this resolution is to urge the United States government to support the co-stewardship of wahi kūpuna with the Native Hawaiian community with regard to lands under government authority.

As affirmed by the records of votes of the members of your Committees on Hawaiian Affairs and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 83 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Hawaiian Affairs: Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3659 (Joint) Human Services and Health on S.C.R. No. 151

The purpose and intent of this measure is to urge the Department of Health's Child and Adolescent Mental Health Division to conduct a feasibility study on the establishment of a Community Mental Health Center Office, also known as a Family Guidance Center Office, in the Ka'ū district in the County of Hawaii.

Your Committees received testimony in support of this measure from one member of the Hawai'i County Council. Your Committees received comments on this measure from the Department of Health.

Your Committees find that the Department of Health's Child and Adolescent Mental Health Division manages Community Mental Health Centers, also known as Family Guidance Centers, that provide Hawaii's children and youth who have serious emotional or behavioral challenges access to essential intensive mental health services. On the island of Hawaii, there are two Family Guidance Centers--the East Hawaii Family Guidance Center in Hilo; and the West Hawaii Family Guidance Center that operates two offices, one each in Waimea and Kona. The West Hawaii Family Guidance Center's Kona office has been closed for some time as the lease for a new premises is being finalized, and as a result, the Waimea office currently serves the entire western region of the island of Hawaii. Your Committees further find that many residents in the Ka'ū District on the south side of the island of Hawaii, which is located approximately one hundred miles from Waimea, face cultural, financial, and geographical barriers that prevent them from accessing health services. This measure will help determine the feasibility of establishing a Family Guidance Center office in the Ka'ū district to serve the needs of the children and youth who reside in the southern region of the County of Hawaii.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 151 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 5. Noes, none. Excused, none.

Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

SCRep. 3660 (Joint) Human Services and Health on S.R. No. 144

The purpose and intent of this measure is to urge the Department of Health's Child and Adolescent Mental Health Division to conduct a feasibility study on the establishment of a Community Mental Health Center Office, also known as a Family Guidance Center Office, in the Ka'ū district in the County of Hawaii.

Your Committees did not receive any testimony on this measure.

Your Committees find that the Department of Health's Child and Adolescent Mental Health Division manages Community Mental Health Centers, also known as Family Guidance Centers, that provide Hawaii's children and youth who have serious emotional or behavioral challenges access to essential intensive mental health services. On the island of Hawaii, there are two Family Guidance Centers--the East Hawaii Family Guidance Center in Hilo; and the West Hawaii Family Guidance Center that operates two offices, one each in Waimea and Kona. As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 144 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 5. Noes, none. Excused, none.

Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

SCRep. 3661 Human Services on S.R. No. 173

The purpose and intent of this measure is to urge the Department of Human Services to designate two full-time equivalent (2.0 FTE) employees to assist Compact of Free Association migrants to enroll in Medicaid, including establishing and implementing an outreach program to inform the Compact of Free Association community in Hawaii of the eligibility criteria and enrollment process.

Your Committee received testimony in support of this measure from the COFA Alliance National Network. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the United States has international treaty agreements, known as the Compacts of Free Association, with three island nations in the Pacific--the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau--collectively known as the Freely Associated States. Your Committee further finds that citizens of the Freely Associated States are given broad migration privileges to the United States and its jurisdictions as "Compact of Free Association migrants". Compact of Free Association migrants, upon entry into the United States, are given a "non-immigrant" immigration status without an expiration date, and therefore, can freely enter, exit, reside, and work indefinitely in the United States and its jurisdictions.

Your Committee also finds that the Consolidated Appropriations Act, 2021, P.L. 116-260, restored Medicaid eligibility to Compact of Free Association migrants, which had been previously eliminated for the most part by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, P.L. 104-193. This measure will ensure that Compact of Free Association migrants in Hawaii are informed of the restoration of their Medicaid eligibility and provided with assistance in the enrollment process to receive available Medicaid coverage and services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 173 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3662 (Joint) Human Services and Health on S.C.R. No. 154

The purpose and intent of this measure is to request the Hawaii Health Systems Corporation to partner with the Ka'ū Rural Health Community Association, Inc., to conduct a needs assessment to determine the demand for and access to urgent care and outpatient behavioral health services in the Ka'ū district of the County of Hawaii.

Your Committees received testimony in support of this measure from one member of the Hawai'i County Council.

Your Committees find that residents of the Ka'ū district in the southern region of the island of Hawaii face cultural, financial, and geographical barriers that prevent them from accessing health services. Your Committees further find that the Hawaii Health Systems Corporation, which serves as a "safety net" for neighbor island acute care and long-term care, operates Ka'ū Hospital and Rural Health Clinic, a twenty-one-bed critical access hospital providing both acute and long-term care, including twenty-four-hour emergency services and a family practice medical clinic. Your Committees believe that by partnering with Ka'ū Rural Health Community Association, Inc., a non-profit organization whose mission is to preserve access to quality health care in rural communities in the Ka'ū district, the Hawaii Health Systems Corporation will be able to provide the Legislature with relevant and accurate information needed to determine the demand for and available access to urgent care and outpatient behavioral health services in the Ka'ū district.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 154, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 154, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Human Services: Ayes, 5. Noes, none. Excused, none.
Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

SCRep. 3663 (Joint) Human Services and Health on S.R. No. 147

The purpose and intent of this measure is to request the Hawaii Health Systems Corporation to partner with the Ka'ū Rural Health Community Association, Inc., to conduct a needs assessment to determine the demand for and access to urgent care and outpatient behavioral health services in the Ka'ū district of the County of Hawaii.

Your Committees did not receive any testimony on this measure.

Your Committees find that residents of the Ka'ū district in the southern region of the island of Hawaii face cultural, financial, and geographical barriers that prevent them from accessing health services. Your Committees further find that the Hawaii Health Systems Corporation, which serves as a "safety net" for neighbor island acute care and long-term care, operates Ka'ū Hospital and Rural Health Clinic, a twenty-one-bed critical access hospital providing both acute and long-term care, including twenty-four-hour emergency services and a family practice medical clinic. Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Health that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 147, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 147, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Human Services: Ayes, 5. Noes, none. Excused, none.
Health: Ayes, 3. Noes, none. Excused, 2 (Baker, Moriwaki).

SCRep. 3664 (Joint) Transportation and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 144

The purpose and intent of this measure is to request that the Department of Transportation convene a working group and various committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report.

Your Committees received testimony in support of this measure from the Department of Transportation and the Hawaii Harbor Users Group.

Your Committees find that the Water Carriers Working Group convened in 2020 and issued its final report at the end of 2021. The working group found that Hawaii's communities are highly dependent on imported goods which consist of eighty percent of consumed goods. Furthermore, the working group reported that shipping markup of the goods are approximately 7.5 percent of the cost of the goods. There are no general cargo transport subsidies to offset this cost in Hawaii. Therefore, the purpose of this resolution is to request the Department of Transportation to convene a working group and various committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report.

Your Committees have amended this measure by:

- (1) Replacing references to a federal waterborne cargo subsidies program with federal waterborne cargo funding;
- (2) Adding a representative from the Hawaii Harbor Users Group to the working group;
- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 144, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 144, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Transportation: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).
Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3665 (Joint) Transportation and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 128

The purpose and intent of this measure is to request that the Department of Transportation convene a working group and various committees to create and recommend federal, state, and county subsidies for the transport of waterborne cargo consistent with the findings and recommendations of the Water Carriers Working Group's final report.

Your Committees received testimony in support of this measure from the Hawaii Harbor Users Group.

Your Committees find that the Water Carriers Working Group convened in 2020 and issued its final report at the end of 2021. The working group found that Hawaii's communities are highly dependent on imported goods which consist of eighty percent of consumed goods. - (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Transportation and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 128, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 128, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Transportation: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).
Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3666 (Joint) Higher Education and Energy, Economic Development, and Tourism on S.C.R. No. 214

The purpose and intent of this measure is to request the University of Hawaii to establish a reliable, independent, and transparent methodology to assess effects of radio frequency emissions generated by wireless antenna sites.

Your Committees received testimony in support of this measure from Safe Dynamics, Inc.; Beneventure Partners, LLC; and two individuals. Your Committees received testimony in opposition to this measure from Crown Castle. Your Committees received comments on this measure from one individual.

Your Committees find that Act 49, Session Laws of Hawaii 2018 (Act 49), established a policy framework to foster the installation of a robust, reliable, and technologically advanced broadband infrastructure throughout the State. 5G, fifth-generation wireless technology, would allow for faster and higher-capacity transmissions to support significant data loads generated by smart devices, the Internet, robots, artificial intelligence, driverless cars, and other machine-to-machine connections. Currently, Hawaii has over four thousand wireless antenna sites, many of which accommodate multiple wireless carriers. Deployment of 5G would deliver faster and more reliable communications across the State, but faces concerns, especially in the current era with misinformation and public skepticism of 5G technology. Ensuring consistent and compliant Federal Communications Commission regulations may allow Hawaii to ensure safe growth in new wireless technologies.

As affirmed by the records of votes of the members of your Committees on Higher Education and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 214 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Higher Education: Ayes, 4. Noes, none. Excused, 1 (Keith-Agaran).

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Lee).

SCRep. 3667 (Joint) Higher Education and Energy, Economic Development, and Tourism on S.R. No. 207

The purpose and intent of this measure is to request the University of Hawaii to establish a reliable, independent, and transparent methodology to assess effects of radio frequency emissions generated by wireless antenna sites.

Your Committee received testimony in support of this measure from Schlack Ito; and one individual. Your Committee received testimony in opposition to this measure from Crown Castle.

Your Committees find that Act 49, Session Laws of Hawaii 2018 (Act 49), established a policy framework to foster the installation of a robust, reliable, and technologically advanced broadband infrastructure throughout the State. 5G, fifth-generation wireless technology, would allow for faster and higher-capacity transmissions to support significant data loads generated by smart devices, the Internet, robots, artificial intelligence, driverless cars, and other machine-to-machine connections. Higher Education: Ayes, 4. Noes, none. Excused, 1 (Keith-Agaran).

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Lee).

SCRep. 3668 Water and Land on S.C.R. No. 199

The purpose and intent of this measure is to request the Office of Planning and Sustainable Development, in consultation with the Department of Land and Natural Resources Forestry and Wildlife Division and Commission on Water Resource Management, to conduct a study of Waiahole Stream that:

- (1) Identifies jurisdictional obstacles to coordinated stream maintenance; and
- (2) Offers recommendations to improve stream maintenance and flood hazard mitigation policies.

Your Committee received testimony in support of this measure from the Ko'olau Foundation and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Commission on Water Resource Management, and Office of Planning and Sustainable Development.

Your Committee finds that stream maintenance and flood hazard mitigation are important issues facing the Waiahole Valley community. The Waiahole Stream plays a critical role in the ecological, socioeconomic, and material well-being of the communities of Waiahole Valley. Currently, state and City and County of Honolulu laws exist specifically to address stream maintenance, which if followed would alleviate some challenges from flooding due to debris blockage of stream channels. However, jurisdictional and landowner challenges impede efforts to engage in proactive stream maintenance that may prevent destructive, significant flood hazards. To navigate jurisdictional challenges, while protecting the Waiahole Valley community from flood hazards, a collaborative, multi-agency study may provide solutions to ensure the safety of Waiahole Valley residents.

Your Committee has amended this measure by:

- (1) Adding the City and County of Honolulu as a consulting agency for the study;
- (2) Amending its title accordingly; and

- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 199, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 199, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3669 Water and Land on S.R. No. 192

The purpose and intent of this measure is to request the Office of Planning and Sustainable Development, in consultation with the Department of Land and Natural Resources Forestry and Wildlife Division and Commission on Water Resource Management, to conduct a study of Waiahole Stream that:

- (1) Identifies jurisdictional obstacles to coordinated stream maintenance; and
- (2) Offers recommendations to improve stream maintenance and flood hazard mitigation policies.

Your Committee received testimony in support of this measure from the Ko'olau Foundation. Your Committee received comments on this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development.

Your Committee finds that stream maintenance and flood hazard mitigation are important issues facing the Waiahole Valley community. The Waiahole Stream plays a critical role in the ecological, socioeconomic, and material well-being of the communities of Waiahole Valley. Currently, state and City and County of Honolulu laws exist specifically to address stream maintenance, which if followed would alleviate some challenges from flooding due to debris blockage of stream channels. However, jurisdictional and landowner challenges impede efforts to engage in proactive stream maintenance that may prevent destructive, significant flood hazards. To navigate jurisdictional challenges, while protecting the Waiahole Valley community from flood hazards, a collaborative, multi-agency study may provide solutions to ensure the safety of Waiahole Valley residents.

Your Committee has amended this measure by:

- (1) Adding the City and County of Honolulu as a consulting agency for the study;
- (2) Amending its title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 192, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 192, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3670 Water and Land on S.C.R. No. 203

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to develop programs to recapture, retain, and share the cultural and environmental knowledge of limu kala.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kua'āina Ulu 'Auamo, The Marine Science Learning Center at Wai'anae High School, Malama Pūpūkea-Waimea, and four individuals.

Your Committee finds that limu is an important component of a healthy and productive reef ecosystem; the base of the marine food chain; a key indicator of the health and resilience of an ahupuaa; and a critical part of many marine life habitats, especially limu kala. Four endemic species are currently found in Hawaii: *S. echniocarpum*, *S. hawaiiensis*, *S. obtusifolium*, and *S. polyphyllum*. Limu kala is a seasonally abundant and commonly found in many intertidal and subtidal habitats, including tidepools and reef flats in areas with moderate to high wave action. Limu is used as a vitamin-, mineral-, and fiber-rich food source, in traditional medicine, and cultural ceremonies. Your Committee further finds that much of limu-based cultural knowledge has been lost over many generations due to a lack of understanding and awareness of the significance of limu. This lack of knowledge hinders work and efforts to increase the State's population of nearshore fish. Learning, retaining, and sharing cultural and environmental knowledge about limu will benefit nearshore fisheries and all residents of the State for many generations.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 203 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3671 Water and Land on S.R. No. 196

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to develop programs to recapture, retain, and share the cultural and environmental knowledge of limu kala.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Kua'āina Ulu 'Auamo, Malama Pūpūkea-Waimea, and two individuals.

Your Committee finds that limu is an important component of a healthy and productive reef ecosystem; the base of the marine food chain; a key indicator of the health and resilience of an ahupuaa; and a critical part of many marine life habitats, especially limu kala. Four endemic species are currently found in Hawaii: *S. echniocarpum*, *S. hawaiiensis*, *S. obtusifolium*, and *S. polyphyllum*. Limu kala

is a seasonally abundant and commonly found in many intertidal and subtidal habitats, including tidepools and reef flats in areas with moderate to high wave action. Limu is used as a vitamin-, mineral-, and fiber-rich food source, in traditional medicine, and cultural ceremonies. Your Committee further finds that much of limu-based cultural knowledge has been lost over many generations due to a lack of understanding and awareness of the significance of limu. This lack of knowledge hinders work and efforts to increase the State's population of nearshore fish. Learning, retaining, and sharing cultural and environmental knowledge about limu will benefit nearshore fisheries and all residents of the State for many generations.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 196 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3672 Water and Land on S.C.R. No. 204

The purpose and intent of this measure is to request the Department of Planning and Permitting of the City and County of Honolulu to publish on its website all decisions regarding waivers and variances.

Your Committee received testimony in support of this measure from the Kahuku Community Association, CountryTalkStory.com, 'Āina Haina Community Association, Hawaii's Thousand Friends, and five individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that the decisions rendered by the Department of Planning and Permitting of the City and County of Honolulu impact communities and the quality of life of residents. Currently, the Director of Planning and Permitting of the City and County of Honolulu has the authority to provide exceptions to building and land use requirements. The current process for granting or denial of waivers and variances lacks transparency as documents pertaining to those decisions are not easily accessible to members of the public. The Department of Planning and Permitting oversees functions critical to ensuring public safety and comprehensive land use planning such as enforcement of zoning, building, electrical, housing, plumbing, and energy codes; administration of the Land Use Ordinance; preparation of the Oahu General Plan; transit-oriented development; and development and sustainable community plans. In light of the March 2021 indictment of five current or former Department of Planning and Permitting employees for allegedly accepting bribes to fast track permits and provide other special treatment, your Committee further finds that maintaining the public's trust is paramount to the Department of Planning and Permitting and success of new developments.

Your Committee has amended this measure by adding the Executive Officer of the Public Utilities Commission to the list of recipients of certified copies.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 204, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 204, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3673 Water and Land on S.R. No. 197

The purpose and intent of this measure is to request the Department of Planning and Permitting of the City and County of Honolulu to publish on its website all decisions regarding waivers and variances.

Your Committee received testimony in support of this measure from Kahuku Community Association, Hawaii's Thousand Friends, and four individuals.

Your Committee finds that the decisions rendered by the Department of Planning and Permitting of the City and County of Honolulu impact communities and the quality of life of residents. Currently, the Director of Planning and Permitting of the City and County of Honolulu has the authority to provide exceptions to building and land use requirements. The current process for granting or denial of waivers and variances lacks transparency as documents pertaining to those decisions are not easily accessible to members of the public. Your Committee has amended this measure by adding the Executive Officer of the Public Utilities Commission to the list of recipients of certified copies.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 197, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 197, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3674 Water and Land on S.C.R. No. 205

The purpose and intent of this measure is to request the Legislative Reference Bureau, in consultation with the Department of Land and Natural Resources Division of Boating and Ocean Recreation and the Kaneohe Bay Regional Council, to conduct a study on

Kaneohe Bay to quantify the amount of non-permitted commercial activity that is operating in violation of the Kaneohe Bay Master Plan.

Your Committee received testimony in support of this measure from Ko'olaupoko Hawaiian Civic Club. Your Committee received comments on this measure from the Department of Land and Natural Resources and Legislative Reference Bureau.

Your Committee finds that the Kaneohe Bay Master Plan was developed pursuant to Act 208, Session Laws of Hawaii 1990, to establish a framework for the sustainable management of Kaneohe Bay's natural resources while accommodating a variety of uses. The vision set forth by the Kaneohe Bay Master Plan continues to center on the preservation and protection of Kaneohe Bay's natural resources for the continued enjoyment of Hawaii's people. However, limits on commercial activity have been exceeded by other activities not previously envisioned, and by new technologies that support their proliferation. Recent expanded commercial activity include non-permitted or non-compliant boat excursions from Heeiea Kea Small Boat Harbor and pre-positioned kayak rentals at Heeiea State Park that are advertised, coordinated, and paid online. To strike a balance between the preservation and protection of Kaneohe Bay's natural resources and commercial activities, further research may allow key stakeholders to uphold the original purpose of the Kaneohe Bay Master Plan.

Your Committee has amended this measure by:

- (1) Requesting the Department of Land and Natural Resources Division of Boating and Ocean Recreation, rather than the Legislative Reference Bureau, to conduct the study;
- (2) Amending its title accordingly; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 205, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 205, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3675 Water and Land on S.R. No. 198

The purpose and intent of this measure is to request the Legislative Reference Bureau, in consultation with the Department of Land and Natural Resources Division of Boating and Ocean Recreation and the Kaneohe Bay Regional Council, to conduct a study on Kaneohe Bay to quantify the amount of non-permitted commercial activity that is operating in violation of the Kaneohe Bay Master Plan.

Your Committee received testimony in support of this measure from Ko'olaupoko Hawaiian Civic Club and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Legislative Reference Bureau.

Your Committee finds that the Kaneohe Bay Master Plan was developed pursuant to Act 208, Session Laws of Hawaii 1990, to establish a framework for the sustainable management of Kaneohe Bay's natural resources while accommodating a variety of uses. The vision set forth by the Kaneohe Bay Master Plan continues to center on the preservation and protection of Kaneohe Bay's natural resources for the continued enjoyment of Hawaii's people. However, limits on commercial activity have been exceeded by other activities not previously envisioned, and by new technologies that support their proliferation. Recent expanded commercial activity include non-permitted or non-compliant boat excursions from Heeiea Kea Small Boat Harbor and pre-positioned kayak rentals at Heeiea State Park that are advertised, coordinated, and paid online. To strike a balance between the preservation and protection of Kaneohe Bay's natural resources and commercial activities, further research may allow key stakeholders to uphold the original purpose of the Kaneohe Bay Master Plan.

Your Committee has amended this measure by:

- (1) Requesting the Department of Land and Natural Resources Division of Boating and Ocean Recreation, rather than the Legislative Reference Bureau, to conduct the study;
- (2) Amending its title accordingly; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 198, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 198, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3676 Energy, Economic Development, and Tourism on S.C.R. No. 22

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the "Made in Hawaii" and "Hawaii Made" brands and prepare a plan to encourage and enforce the use of those brands.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that Act 2, Special Session Laws of Hawaii 2021, created the "Hawaii Made" program and appropriated \$150,000 out of the funds received by the State from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901) to the

Department of Business, Economic Development and Tourism (DBEDT) to promote the “Hawaii Made” brand. According to testimony received by your Committee, because the request for proposal (RFP) for services to conduct a study and to develop the “Hawaii Made” brand that DBEDT issued in January 2022 did not yield any response, a revised RFP was issued in March 2022, with a response due date in April. During the hearing, DBEDT confirmed that should there be no responses to the revised RFP, it may have to issue a third RFP with a revised scope of work that does not include the development of the “Hawaii Made” brand and, instead, work with the Hawaii Tourism Authority, who will be issuing an RPF for destination brand marketing and management services, to develop the “Hawaii Made” brand.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3677 Energy, Economic Development, and Tourism on S.R. No. 16

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the “Made in Hawaii” and “Hawaii Made” brands and prepare a plan to encourage and enforce the use of those brands.

Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that Act 2, Special Session Laws of Hawaii 2021, created the “Hawaii Made” program and appropriated \$150,000 out of the funds received by the State from the American Rescue Plan Act of 2021, Public Law 117-2 (Section 9901) to the Department of Business, Economic Development and Tourism (DBEDT) to promote the “Hawaii Made” brand. According to testimony received by your Committee, because the request for proposal (RFP) for services to conduct a study and to develop the “Hawaii Made” brand that DBEDT issued in January 2022 did not yield any response, a revised RFP was issued in March 2022, with a response due date in April. During the hearing, DBEDT confirmed that should there be no responses to the revised RFP, it may have to issue a third RFP with a revised scope of work that does not include the development of the “Hawaii Made” brand and, instead, work with the Hawaii Tourism Authority, who will be issuing an RPF for destination brand marketing and management services, to develop the “Hawaii Made” brand.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 16 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3678 Water and Land on S.C.R. No. 176

The purpose and intent of this measure is to support the Department of Land and Natural Resources Division of Boating and Ocean Recreation’s efforts to execute its improvement masterplan for the Honokohau Small Boat Harbor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, two members of the Hawai‘i County Council, Blue Ocean Mariculture, Hawai‘i Fishing and Boating Association, Wee Guys Fishing Tournament, Atlantis Submarines Kona, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Department of Land and Natural Resources Division of Boating and Ocean Recreation is responsible for administering the State’s small boat harbor and ocean recreation management programs. Honokohau Small Boat Harbor, under the stewardship of the Division of Boating and Ocean Recreation, has become a significant gathering place for the West Hawaii community. The Honokohau Small Boat Harbor sustains two hundred local businesses, making it the largest single contributor to West Hawaii’s gross domestic product (GDP), generating \$2 million directly to the State annually and over \$100 million to Hawaii’s GDP.

Your Committee further finds that in August 2018, the Division of Boating and Ocean Recreation formed a working group composed of harbor and recreational users, commercial operators, key legislators, and representatives from government to discuss potential uses and revenue generating strategies for vacant lands at the Honokohau Small Boat Harbor. Currently, the Honokohau Small Boat Harbor Working Group remains as an important resource to the vast community of harbor users while also providing guidance to the Division of Boating and Ocean Recreation to develop its improvement masterplan. As the Honokohau Small Boat Harbor provides a strong sense of place, support for the local ocean economy, perpetuation of cultural heritage, protection of the health and vitality of the nearshore ecosystem, preparation for the impacts of climate change, and support for the advancement of scientific research, the Honokohau Small Boat Harbor improvement masterplan should be implemented to address both current, immediate needs and future, long-term expansion.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 176 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3679 Water and Land on S.R. No. 169

The purpose and intent of this measure is to support the Department of Land and Natural Resources Division of Boating and Ocean Recreation’s efforts to execute its improvement masterplan for the Honokohau Small Boat Harbor.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, two members of the Hawai‘i County Council, Hawai‘i Fishing and Boating Association, and one individual.

Your Committee finds that the Department of Land and Natural Resources Division of Boating and Ocean Recreation is responsible for administering the State's small boat harbor and ocean recreation management programs. Honokohau Small Boat Harbor, under the stewardship of the Division of Boating and Ocean Recreation, has become a significant gathering place for the West Hawaii community. The Honokohau Small Boat Harbor sustains two hundred local businesses, making it the largest single contributor to West Hawaii's gross domestic product (GDP), generating \$2 million directly to the State annually and over \$100 million to Hawaii's GDP.

Your Committee further finds that in August 2018, the Division of Boating and Ocean Recreation formed a working group composed of harbor and recreational users, commercial operators, key legislators, and representatives from government to discuss potential uses and revenue generating strategies for vacant lands at the Honokohau Small Boat Harbor. Currently, the Honokohau Small Boat Harbor Working Group remains as an important resource to the vast community of harbor users while also providing guidance to the Division of Boating and Ocean Recreation to develop its improvement masterplan. As the Honokohau Small Boat Harbor provides a strong sense of place, support for the local ocean economy, perpetuation of cultural heritage, protection of the health and vitality of the nearshore ecosystem, preparation for the impacts of climate change, and support for the advancement of scientific research, the Honokohau Small Boat Harbor improvement masterplan should be implemented to address both current, immediate needs and future, long-term expansion.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 169 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3680 Judiciary on S.C.R. No. 8

The purpose and intent of this measure is to ratify a proposed amendment to the Constitution of the United States giving the Congress of the United States power to limit, regulate, and prohibit the labor of persons under eighteen years of age.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, University of San Diego School of Law's Children's Advocacy Institute, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that House Joint Resolution 184, approved by the Sixty-Eighth Congress in 1924, proposed an amendment to the United States Constitution to give Congress the power to regulate child labor. Your Committee further finds that the proposal to amend the Constitution is still outstanding because Congress did not set a time limit for its ratification by the states, and that Hawaii is one of several states that have no record of taking action on the proposed amendment. Your Committee also finds that federal regulation of child labor is now provided under the Fair Labor Standards Act of 1938, as amended; however, by ratifying the proposed amendment, the Legislature would demonstrate the State's stance on the issue.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3681 Judiciary on S.C.R. No. 26

The purpose and intent of this measure is to urge the United States Congress to enact legislation to address the rise in illegal text messages.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and two individuals.

Your Committee finds that text messages are a new method for criminals to scam consumers. It has been reported that existing spam apps are not effective at filtering text messages. Text messaging is effective for scammers because the text messages can be designated to appear harmless and allow scammers to trick consumers into giving out personal information without realizing it is happening. Once scammers obtain a consumer's personal information, they can transfer money out of bank accounts, use the consumer's identity, or sell the consumer's information to a third-party. Text messaging is also a preferred method for criminals to gain complete control over a person's phone. This measure aims to help prevent criminals from using text messages to scam consumers.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 26 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3682 Judiciary on S.R. No. 20

The purpose and intent of this measure is to urge the United States Congress to enact legislation to address the rise in illegal text messages.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that text messages are a new method for criminals to scam consumers. It has been reported that existing spam apps are not effective at filtering text messages. Text messaging is effective for scammers because the text messages can be designated to appear harmless and allow scammers to trick consumers into giving out personal information without realizing it is happening. Once scammers obtain a consumer's personal information, they can transfer money out of bank accounts, use the consumer's identity, or sell the consumer's information to a third-party. Text messaging is also a preferred method for criminals to gain complete control over a person's phone. This measure aims to help prevent criminals from using text messages to scam consumers.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3683 Judiciary on S.C.R. No. 110

The purpose and intent of this measure is to strongly urge the Supreme Court of the United States to adopt a code of ethics similar to the code of conduct for United States judges.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that in *Caperton v. A. T. Massey Coal Co.*, 556 U.S. 868 (2009), Justice Kennedy, writing for the court, stated that, “[judicial] codes of conduct serve to maintain the integrity of the judiciary and the rule of law”. The code of conduct for United States judges is a set of ethical principles and guidelines adopted by the Judicial Conference of the United States and includes specific rules about ethics, integrity, and appearances of impropriety relating to outside business and political activities and the acceptance of gifts. The Judicial Conference which promulgated the code of conduct does not have the authority to bind the Supreme Court of the United States. Therefore, the nine justices of the Supreme Court of the United States are not bound by any code of conduct. This measure will urge the Supreme Court of the United States to adopt a code of conduct, which will promote openness, transparency, and trust in the judicial system.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3684 Judiciary on S.R. No. 97

The purpose and intent of this measure is to strongly urge the Supreme Court of the United States to adopt a code of ethics similar to the code of conduct for United States judges.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that in *Caperton v. A. T. Massey Coal Co.*, 556 U.S. 868 (2009), Justice Kennedy, writing for the court, stated that, “[judicial] codes of conduct serve to maintain the integrity of the judiciary and the rule of law”. The code of conduct for United States judges is a set of ethical principles and guidelines adopted by the Judicial Conference of the United States and includes specific rules about ethics, integrity, and appearances of impropriety relating to outside business and political activities and the acceptance of gifts. The Judicial Conference which promulgated the code of conduct does not have the authority to bind the Supreme Court of the United States. This measure will urge the Supreme Court of the United States to adopt a code of conduct, which will promote openness, transparency, and trust in the judicial system.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 97 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3685 Judiciary on S.C.R. No. 195

The purpose and intent of this measure is to urge the members of the United States Congress to enact federal legislation granting statehood to the people of Washington, D.C.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawaii; Common Cause Hawaii; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; United Public Workers, AFSCME Local 646, AFL-CIO; Rainbow Family 808; and Americans for Democratic Action Hawai‘i. Your Committee received testimony in opposition to this measure from three individuals.

Your Committee finds that residents of the District of Columbia share all the responsibilities of United States citizenship, including paying more federal taxes than residents of twenty-two states, service on federal juries, and defending the United States as members of the United States Armed Forces in every war since the War for Independence. Despite these facts, residents of the District of Columbia are denied full representation in Congress. The residents of the District of Columbia do not enjoy the full democracy, equality, and citizenship enjoyed by residents of the fifty states. This measure will promote providing the citizens of Washington D.C. the equal rights of self-governance and citizenship as enjoyed by all other American citizens.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 195 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3686 Judiciary on H.B. No. 1810

The purpose and intent of this measure is to:

- (1) Define what constitutes a quorum for the Environmental Advisory Council; and

(2) Specify the number of votes required to make any action of the Environmental Advisory Council valid.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development.

Your Committee finds that there have been many instances where the Environmental Advisory Council has not had its full complement of fifteen members, due to term expirations. The minimum number of board members required for quorum is eight members. In some instances, meetings have had to be cancelled because of the inability to meet the quorum count. This measure will specify what constitutes a quorum, which will allow the Environmental Advisory Council to function more efficiently.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1810, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1810, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Lee).

SCRep. 3687 (Majority) Judiciary on H.B. No. 2074

The purpose and intent of this measure is to clarify that a defendant, being sentenced for an offense that was committed while serving a sentence of imprisonment on a separate unrelated felony conviction, cannot be given credit for a period of presentence detention that took place while the defendant was also serving the sentence of imprisonment for the separate unrelated felony conviction.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, and Department of Public Safety. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the Hawaii Supreme Court's holding in *State v. Abihai* disregards the intent of the Legislature when it enacted section 706-671(3), Hawaii Revised Statutes, in 2012. In *State v. Abihai*, the Hawaii Supreme Court held that the plain language in section 706-671(3), Hawaii Revised Statutes, did not eliminate the defendant's entitlement to pre-sentence detention credit pursuant to the language outlined in section 706-671(1), Hawaii Revised Statutes. However, when the Legislature codified section 706-671(3), Hawaii Revised Statutes, during the 2012 Legislative Session, it indicated its intent in the Senate Committee on Judiciary and Labor's committee report, stating that the purpose and intent of the measure was to clarify that a defendant will not earn credit for time served for a subsequent crime while the defendant is serving an imprisonment sentence for a separate, unrelated offense. This measure will clarify and solidify the legislative intent of section 706-671(3), Hawaii Revised Statutes, and ensure that convicted offenders do not benefit from effectively shortened sentences if they commit new crimes while incarcerated.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2074, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2074, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6; Ayes with Reservations (Fevella). Noes, 1 (Acasio). Excused, none.

SCRep. 3688 Water and Land on S.C.R. No. 119

The purpose and intent of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kauai, as "Paulaula".

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Ke One O Kākuhihewa – O'ahu Council of the Association of Hawaiian Civic Clubs, Kaumuali'i Hawaiian Civic Club, and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that Paulaula is the traditional place name for the eastern bank at the mouth of the Waimea River, and Paulaula was the location of the royal compound of Kaumualii, the alii ai moku of Kauai. In 1815, the Russian-American Company sent Georg Anton Schaffer, a medical physician, to Kauai to retrieve the Company's trade ship Bering's lost cargo, receive payment for the cargo, and salvage any remaining pieces from the Bering. In 1816, Kaumualii and Schaffer entered into a secret treaty, which provided for the construction of forts on the island of Kauai, including one in Paulaula. In 1816, Schaffer began construction of a stronghold in Paulaula, to be named "Fort Elisabeth", after the consort of Emperor Alexander I. In 1817, the fort at Paulaula, constructed largely from a Hawaiian labor force, and with rocks from Waimea River's east bank, was completed. However, Kaumualii and Schaffer's agreement was short-lived, and Schaffer was driven away by Kaumualii's people in 1818.

Your Committee additionally finds that following Schaffer's departure, Kaumualii, and later his descendants, occupied the Waimea fort, which was utilized as an administrative center, prison, and burial ground. The Hawaiian government completed the fort and used the structure until 1864, when it was abandoned. Since abandonment of the fort at Paulaula, numerous names have been given to this enclosure, including "Paulaula", "Fort Elisabeth", and "stone fort", reflecting its cultural significance and multicultural history.

Your Committee further finds that in 1972, the State acquired the seventeen-acre property encompassing the fort structure for the purpose of preserving the site. The fort site, administered as the Russian Fort Elisabeth Historical Park, was designated as a National Historic Landmark in 1962 and listed on the Hawaii Register of Historic Places in 1981. In 2018, an informal working group,

composed of representatives from various cultural and historical organizations on Kauai, government agencies, and the Russian-American community, formed to discuss the future of the site. Representatives from Kauai's community believe that the name "Paulaula" should be restored to honor the name of the site and to ensure that the moolelo of this wahi pana is shared and the aina that cares for the iwi kupuna is honored.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 119 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3689 Water and Land on S.R. No. 106

The purpose and intent of this measure is to urge the Board of Land and Natural Resources to rename the Russian Fort Elisabeth State Historical Park in Waimea, Kauai, as "Paulaula".

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Ke One O Kākuhihea – O'ahu Council for the Association of Hawaiian Civic Clubs, and three individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that Paulaula is the traditional place name for the eastern bank at the mouth of the Waimea River, and Paulaula was the location of the royal compound of Kaumualii, the alii ai moku of Kauai. In 1815, the Russian-American Company sent Georg Anton Schaffer, a medical physician, to Kauai to retrieve the Company's trade ship Bering's lost cargo, receive payment for the cargo, and salvage any remaining pieces from the Bering. In 1816, Kaumualii and Schaffer entered into a secret treaty, which provided for the construction of forts on the island of Kauai, including one in Paulaula. In 1816, Schaffer began construction of a stronghold in Paulaula, to be named "Fort Elisabeth", after the consort of Emperor Alexander I. In 1817, the fort at Paulaula, constructed largely from a Hawaiian labor force, and with rocks from Waimea River's east bank, was completed. However, Kaumualii and Schaffer's agreement was short-lived, and Schaffer was driven away by Kaumualii's people in 1818.

Your Committee additionally finds that following Schaffer's departure, Kaumualii, and later his descendants, occupied the Waimea fort, which was utilized as an administrative center, prison, and burial ground. The Hawaiian government completed the fort and used the structure until 1864, when it was abandoned. Since abandonment of the fort at Paulaula, numerous names have been given to this enclosure, including "Paulaula", "Fort Elisabeth", and "stone fort", reflecting its cultural significance and multicultural history.

Your Committee further finds that in 1972, the State acquired the seventeen-acre property encompassing the fort structure for the purpose of preserving the site. The fort site, administered as the Russian Fort Elisabeth Historical Park, was designated as a National Historic Landmark in 1962 and listed on the Hawaii Register of Historic Places in 1981. In 2018, an informal working group, composed of representatives from various cultural and historical organizations on Kauai, government agencies, and the Russian-American community, formed to discuss the future of the site. Representatives from Kauai's community believe that the name "Paulaula" should be restored to honor the name of the site and to ensure that the moolelo of this wahi pana is shared and the aina that cares for the iwi kupuna is honored.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3690 Commerce and Consumer Protection on S.C.R. No. 228

The purpose and intent of this measure is to request the Auditor to conduct a sunrise analysis on mandating health insurance coverage for annual mental health screenings.

Your Committee did not receive any testimony on this measure.

Your Committee finds that eighteen percent of adults in the United States experience mental illness or disorder, and that almost half of those individuals do not receive mental health treatment for their mental illness. Properly identifying and screening for mental illness could help reduce the health care costs and lost wages attributed to untreated mental illness every year. Senate Bill No. 728, Regular Session of 2021 (S.B. No. 728), would require health insurers and similar entities that provide coverage for health care to provide coverage for annual mental health screenings. This measure requests the Auditor to conduct a social and financial impact assessment of the proposed mandated coverage in S.B. No. 728, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, to further efforts to support the mental health of residents in the State.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 228 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3691 Commerce and Consumer Protection on S.C.R. No. 229

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of mandating health insurance coverage for annual mental health wellness examinations.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawaii. Your Committee received comments on this measure from the Office of the Auditor.

Your Committee finds that nearly one in five Americans experience a mental illness or disorder each year and that less than half of those experiencing a mental illness or disorder receive mental health services. Properly identifying and screening for mental illness could help reduce the health care costs and lost wages attributed to untreated mental illness every year. Senate Bill No. 728, Regular Session of 2021 (S.B. No. 728) and S.B. No. 2467, S.D. 2, Regular Session of 2022 (S.B. No. 2467), would require health insurers and similar entities that provide coverage for health care to provide coverage for annual mental health screenings. This measure requests the Auditor to conduct a social and financial impact assessment of the proposed mandated coverage in S.B. No. 728 and S.B. No. 2467, pursuant to sections 23-51 and 23-52, Hawaii Revised Statutes, to further efforts to support the mental health of residents in the State.

Your Committee has amended this measure by:

- (1) Specifying S.B. No. 728 and S.B. No. 2467 as the measures requested to be analyzed by the Auditor;
- (2) Inserting language requesting the Auditor to define “mental health wellness examination” to allow health insurers to determine coverage requirements;
- (3) Requesting the Auditor to include in the impact assessment report a survey of other states in the United States that have implemented a mandate for annual mental health wellness examination benefits and to examine the resulting social and financial impact in those states; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 229, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 229, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3692 Commerce and Consumer Protection on S.C.R. No. 152

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of mandating health insurance coverage for oocyte cryopreservation.

Your Committee received testimony in support of this measure from Kaiser Permanente Hawaii.

Your Committee finds that women who undergo certain procedures, such as chemotherapy or surgeries, or who are at risk of premature ovarian failure or ovarian disease, have a high risk of infertility. Existing law does not require health insurers to cover costs associated with oocyte cryopreservation, or egg freezing. Your Committee further finds that access to sexual and reproductive health care is critical for the health and well-being of all families and that residents should be able to plan their families in ways that are best and appropriate for them without discrimination. This measure requests the Auditor to conduct a review and prepare a report assessing both the social and financial effects of the proposed mandated coverage in Senate Bill No. 2917, S.D. 2, Regular Session of 2022, which would include oocyte cryopreservation procedure coverage.

Your Committee has amended this measure by:

- (1) Inserting language requesting the Auditor to include in the impact assessment report a survey of other states in the United States that have implemented a mandate for oocyte cryopreservation benefits and to examine what the social and financial impact has been in these states;
- (2) Requesting the Auditor to research the standard medical definition of “reproductive age” and to examine the success rates for the different age groups to determine coverage benefit limitations for this proposed covered benefit, including an examination of whether different standards of infertility treatments are applied to different age groups in need of infertility treatments;
- (3) Requesting the Auditor to research whether any expansion of infertility in vitro fertilization procedures constitutes benefits that are in excess of the essential health benefits, thus requiring the State to defray such costs;
- (4) Requesting the Auditor to examine current medically necessary standards of care used to determine what types of infertility treatment options are available, particularly ones that result in greater cost-effective savings than in vitro fertilization, which may be best suited for individuals in need of infertility procedures, and to examine the existing technology in infertility procedures and possible future technology; and
- (5) Requesting the Auditor to research certain legal issues surrounding the rights and entitlements with respect to the frozen eggs, including contract remedies and storage and disposition of the cryopreserved material, and to consider:
 - (A) How long should the eggs be preserved;
 - (B) When and how should the eggs be destroyed;
 - (C) Whether the eggs may be used for providing instruction in assisted reproduction procedures or other research if the woman decides not to use them;
 - (D) What will happen to the eggs if the donor dies; and
 - (E) What will happen to the eggs if the donor and her spouse separate; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 152, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 152, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3693 Commerce and Consumer Protection on S.C.R. No. 38

The purpose and intent of this measure is to request public utilities to provide a fifty percent rate discount to retired senior citizens.

Your Committee received testimony in support of this measure from Rainbow Family 808. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy and Public Utilities Commission.

Your Committee finds that many retired seniors live on fixed incomes and rising utility costs can be highly burdensome. However, your Committee notes the concerns raised in testimony that, in addition to enforcement concerns, any discount rate shifts costs to other ratepayers and would result in cross-subsidization that could have unintended consequences, such as adversely affecting low- to moderate-income customers, resulting in utility bills becoming even less affordable. Accordingly, amendments to this measure are necessary to address these concerns.

Your Committee has amended this measure by:

- (1) Inserting findings acknowledging that low-income customers, in addition to retired senior citizens, may struggle to afford utility services due to widening gaps between costs and income;
- (2) Inserting findings acknowledging that public utilities offering discounted rates to any one customer group may shift costs to other ratepayers, making utility bills even less affordable;
- (3) Deleting language that would have requested public utilities to provide a fifty percent rate discount to retired senior citizens;
- (4) Inserting language requesting that the Public Utilities Commission investigate measures to benefit vulnerable customers, including low-income and retired customers, and to identify funding sources to support social policy objectives that would prevent the shifting of costs to other ratepayers;
- (5) Deleting language that would have requested the Public Utilities Commission to assess certain actions taken by public utilities and to provide certified copies of this measure to certain public utilities;
- (6) Amending its title to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 38, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 38, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3694 Commerce and Consumer Protection on S.R. No. 33

The purpose and intent of this measure is to request public utilities to provide a fifty percent rate discount to retired senior citizens.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy and Public Utilities Commission.

Your Committee finds that many retired seniors live on fixed incomes and rising utility costs can be highly burdensome. However, your Committee notes the concerns raised in testimony that, in addition to enforcement concerns, any discount rate shifts costs to other ratepayers and would result in cross-subsidization that could have unintended consequences, such as adversely affecting low- to moderate-income customers, resulting in utility bills becoming even less affordable. Accordingly, amendments to this measure are necessary to address these concerns.

Your Committee has amended this measure by:

- (1) Inserting findings acknowledging that low-income customers, in addition to retired senior citizens, may struggle to afford utility services due to widening gaps between costs and income;
- (2) Inserting findings acknowledging that public utilities offering discounted rates to any one customer group may shift costs to other ratepayers, making utility bills even less affordable;
- (3) Deleting language that would have requested public utilities to provide a fifty percent rate discount to retired senior citizens;
- (4) Inserting language requesting that the Public Utilities Commission investigate measures to benefit vulnerable customers, including low-income and retired customers, and to identify funding sources to support social policy objectives that would prevent the shifting of costs to other ratepayers;
- (5) Deleting language that would have requested the Public Utilities Commission to assess certain actions taken by public utilities and to provide certified copies of this measure to certain public utilities;
- (6) Amending its title to reflect its amended purpose; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 33, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 33, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3695 Commerce and Consumer Protection on S.C.R. No. 156

The purpose and intent of this measure is to request the Department of Commerce and Consumer Affairs to convene a task force to provide recommendations for a pilot program that grants prescriptive authority to qualified psychologists in the counties of Kaua'i, Maui, and Hawai'i.

Your Committee received testimony in support of this measure from the Office of the Mayor for the County of Kaua'i. Your Committee received testimony in opposition to this measure from the Hawai'i Psychiatric Medical Association and two individuals. Your Committee received comments on this measure from the Hawai'i Board of Psychology and Hawaii Medical Association.

Your Committee finds that recent physician workforce assessments continue to reflect significant shortages of doctors throughout the State, especially in rural communities. The lack of access to appropriate mental health treatment can lead to devastating consequences, including suicide, which is the number one injury-related cause of death among Hawai'i residents. Your Committee further notes that in recent years, a number of other states have adopted legislation authorizing prescriptive authority for advanced trained psychologists as a means of addressing necessary treatment for mental health patients and have had success with this practice. This measure will help satisfy demands for psychological services, especially in rural areas, by expanding access to psychiatric medication support services in a safe manner. Additionally, according to testimony submitted by the Hawaii Board of Psychology, a pilot program is not necessary, and the Board is prepared to establish regulations authorizing prescriptive authority that will protect the consuming public. Accordingly, amendments to this measure are necessary to advance the establishment of prescriptive authority for certain psychologists.

Your Committee has amended this measure by:

- (1) Inserting findings acknowledging that other states have adopted legislation authorizing prescriptive authority for advanced trained psychologists;
- (2) Deleting language requesting the Department of Commerce and Consumer Affairs to convene a task force to provide recommendations for a pilot program that grants prescriptive authority to qualified psychologists in the counties of Kaua'i, Maui, and Hawai'i;
- (3) Inserting language requesting the Department of Commerce and Consumer Affairs' Division of Professional and Vocational Licensing, with the assistance of the Board of Psychology, to convene a task force to develop legislation granting prescriptive authority to qualified psychologists practicing in the State of Hawai'i;
- (4) Inserting language requesting that the task force include:
 - (A) Members representing other prescribing professionals who are amenable to the possibility of prescriptive authority for appropriately trained psychologists; and
 - (B) Psychologists licensed in the State;
- (5) Requesting that the task force:
 - (A) Review and evaluate laws from other states where psychologists have been granted prescriptive authority, including their subsequent experiences and patient outcomes;
 - (B) Consider any additional conditions or necessary training that would be required to grant prescriptive authority to psychologists practicing in Hawai'i;
 - (C) Determine whether the University of Hawai'i currently has the personnel to provide the advanced training necessary for psychologists to be granted prescriptive authority; and
 - (D) Develop appropriate legislation that would grant prescriptive authority to appropriately trained psychologists in Hawai'i;
- (6) Amending its title accordingly; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 156, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 156, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3696 Commerce and Consumer Protection on S.R. No. 149

The purpose and intent of this measure is to request the Department of Commerce and Consumer Affairs to convene a task force to provide recommendations for a pilot program that grants prescriptive authority to qualified psychologists in the counties of Kaua'i, Maui, and Hawai'i.

Your Committee received testimony in support of this measure from the Office of the Mayor for the County of Kaua'i. Your Committee received testimony in opposition to this measure from the Hawai'i Psychiatric Medical Association and one individual. Your Committee received comments on this measure from the Hawai'i Board of Psychology.

Your Committee finds that recent physician workforce assessments continue to reflect significant shortages of doctors throughout the State, especially in rural communities. The lack of access to appropriate mental health treatment can lead to devastating consequences, including suicide, which is the number one injury-related cause of death among Hawai'i residents. Your Committee further notes that in recent years, a number of other states have adopted legislation authorizing prescriptive authority for advanced trained psychologists as a means of addressing necessary treatment for mental health patients and have had success with this practice. This measure will help satisfy demands for psychological services, especially in rural areas, by expanding access to psychiatric medication support services in a safe manner. Additionally, according to testimony submitted by the Hawaii Board of Psychology, a pilot program is not necessary, and the Board is prepared to establish regulations authorizing prescriptive authority that will protect the consuming public. Accordingly, amendments to this measure are necessary to advance the establishment of prescriptive authority for certain psychologists.

Your Committee has amended this measure by:

- (1) Inserting findings acknowledging that other states have adopted legislation authorizing prescriptive authority for advanced trained psychologists;
- (2) Deleting language requesting the Department of Commerce and Consumer Affairs to convene a task force to provide recommendations for a pilot program that grants prescriptive authority to qualified psychologists in the counties of Kaua'i, Maui, and Hawai'i;
- (3) Inserting language requesting the Department of Commerce and Consumer Affairs' Division of Professional and Vocational Licensing, with the assistance of the Board of Psychology, to convene a task force to develop legislation granting prescriptive authority to qualified psychologists practicing in the State of Hawai'i;
- (4) Inserting language requesting that the task force include:
 - (A) Members representing other prescribing professionals who are amenable to the possibility of prescriptive authority for appropriately trained psychologists; and
 - (B) Psychologists licensed in the State;
- (5) Requesting that the task force:

- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 149, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 149, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3697 Commerce and Consumer Protection on S.C.R. No. 242

The purpose and intent of this measure is to request the Public Utilities Commission, in collaboration with the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, to convene a working group to create a Hawaii Low Income Home Energy Assistance Program to assist low-income households with paying for their home energy.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, and Hawaiian Electric Company. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that the federal Low Income Home Energy Assistance Program was created to provide qualifying households with assistance to pay for their utility bills, but the number of households receiving assistance ultimately depends on the federal funds allocated to the State for the year. Often times, those receiving assistance under the program make up only a fraction of the households that are facing energy insecurity and possible service disconnection. This measure requests the convening of a working group to create a Hawaii Low Income Home Energy Assistance Program as an additional source of funds to provide assistance for those experiencing economic hardships and energy insecurity.

Your Committee has amended this measure by:

- (1) Clarifying that the members of the working group include one representative from the Department of Human Services' Division of Benefit, Employment and Support Services, and a representative from the Department of Labor and Industrial Relations' Office of Community Services;
- (2) Updating the list of persons to receive certified copies of this measure accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 242, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 242, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3698 Commerce and Consumer Protection on S.R. No. 133

The purpose and intent of this measure is to request the Public Utilities Commission, in collaboration with the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, to convene a working group to create a Hawaii Low Income Home Energy Assistance Program to assist low-income households with paying for their home energy.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii State Energy Office, and Hawaiian Electric Company. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that the federal Low Income Home Energy Assistance Program was created to provide qualifying households with assistance to pay for their utility bills, but the number of households receiving assistance ultimately depends on the federal funds allocated to the State for the year. Often times, those receiving assistance under the program make up only a fraction of the households that are facing energy insecurity and possible service disconnection. This measure requests the convening of a working group to create a Hawaii Low Income Home Energy Assistance Program as an additional source of funds to provide assistance for those experiencing economic hardships and energy insecurity.

Your Committee has amended this measure by:

- (1) Clarifying that the members of the working group include one representative from the Department of Human Services' Division of Benefit, Employment and Support Services, and a representative from the Department of Labor and Industrial Relations' Office of Community Services;
- (2) Updating the list of persons to receive certified copies of this measure accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 133, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 133, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3699 Commerce and Consumer Protection on S.C.R. No. 120

The purpose and intent of this measure is to request the Public Utilities Commission to develop an efficient and streamlined process for reviewing electric utilities' requests to provide "middle mile" broadband services in support of expanding broadband services for Hawaii residents in underserved and unserved areas.

Your Committee received testimony in support of this measure from Hawaiian Electric Company. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, Public Utilities Commission, Hawaiian Telcom, and Crown Castle.

Your Committee finds that there remain a number of underserved and unserved communities in the State that lack sufficient broadband facilities. Digital accessibility has become even more essential as a result of the coronavirus disease 2019 pandemic. Further, electric utility telecommunication is increasingly important to operate electric grid safety and reliability, and maximizing an electric utility's infrastructure for broadband deployment is a growing national trend. While electric utilities are currently capable and authorized to continue to provide middle mile broadband infrastructure, this measure establishes strong public policy support and clear recognition of electric utilities' valuable role in broadband expansion, and acknowledges the need for an efficient regulatory oversight process to serve this public purpose and provide safeguards to avoid potential market-power abuses and cross-subsidization between regulated and unregulated activities.

Your Committee has amended this measure by:

- (1) Inserting findings acknowledging the Infrastructure Investment and Jobs Act, which includes funding to expand middle mile infrastructure to unserved and underserved areas, and that electric utilities do not currently see barriers to entering the middle mile telecommunications market but are concerned over the length of time needed for its approvals as competitive federal broadband funding becomes available;
- (2) Requesting the Public Utilities Commission to consider whether a standardized application that requires electric utility companies to file more than sufficient information to facilitate a streamlined and efficient review process is warranted, rather than requiring regulators to rely on a discovery process to address concerns;

- (3) Requesting that the Public Utilities Commission ensure that a level playing field and appropriate levels of competition in the telecommunications infrastructure industry is maintained;
- (4) Amending its title accordingly; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 120, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3700 Commerce and Consumer Protection on S.R. No. 107

The purpose and intent of this measure is to request the Public Utilities Commission to develop an efficient and streamlined process for reviewing electric utilities' requests to provide "middle mile" broadband services in support of expanding broadband services for Hawaii residents in underserved and unserved areas.

Your Committee received testimony in support of this measure from Hawaiian Electric Company. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, Public Utilities Commission, and Hawaiian Telcom.

Your Committee finds that there remain a number of underserved and unserved communities in the State that lack sufficient broadband facilities. Digital accessibility has become even more essential as a result of the coronavirus disease 2019 pandemic. Further, electric utility telecommunication is increasingly important to operate electric grid safety and reliability, and maximizing an electric utility's infrastructure for broadband deployment is a growing national trend. While electric utilities are currently capable and authorized to continue to provide middle mile broadband infrastructure, this measure establishes strong public policy support and clear recognition of electric utilities' valuable role in broadband expansion, and acknowledges the need for an efficient regulatory oversight process to serve this public purpose and provide safeguards to avoid potential market-power abuses and cross-subsidization between regulated and unregulated activities.

Your Committee has amended this measure by:

- (1) Inserting findings acknowledging the Infrastructure Investment and Jobs Act, which includes funding to expand middle mile infrastructure to unserved and underserved areas, and that electric utilities do not currently see barriers to entering the middle mile telecommunications market but are concerned over the length of time needed for its approvals as competitive federal broadband funding becomes available;

- (4) Amending its title accordingly; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 107, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 107, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3701 Energy, Economic Development, and Tourism on S.C.R. No. 12

The purpose and intent of this measure is to urge the Hawaii Broadband and Digital Equity Office to prioritize access to broadband services in rural areas throughout the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Disability and Communication Access Board; Common Cause Hawaii; Charter Communications; Broadband Hui; and one individual.

Your Committee finds that although broadband coverage in the State is widespread, it is critical to bridge the digital divide in the State through improving access to broadband services for Hawaii's residents, consumers, and businesses, especially those in rural communities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 12, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 12, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3702 Energy, Economic Development, and Tourism on S.R. No. 6

The purpose and intent of this measure is to urge the Hawaii Broadband and Digital Equity Office to prioritize access to broadband services in rural areas throughout the State.

Your Committee received testimony in support of this measure from Department of Business, Economic Development, and Tourism; Disability and Communication Access Board; Common Cause Hawaii; Charter Communications; and Broadband Hui.

Your Committee finds that although broadband coverage in the State is widespread, it is critical to bridge the digital divide in the State through improving access to broadband services for Hawaii's residents, consumers, and businesses, especially those in rural communities.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 6, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 6, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3703 (Joint) Commerce and Consumer Protection and Energy, Economic Development, and Tourism on S.C.R. No. 48

The purpose and intent of this measure is to request the Public Utilities Commission to consider efforts to mitigate high energy burdens for low- and moderate-income customers and investigate how to integrate considerations of energy equity and justice across its work.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy, Public Utilities Commission, and Hawaiian Electric Company. Your Committees received comments on this measure from the Hawaii State Energy Office.

Your Committees find that low-income households spend a larger percentage of their income on home energy costs, making them vulnerable to energy insecurity. While some households may receive utility bill payment assistance through certain federal programs, these programs are only temporary and can still leave many low- and moderate-income households susceptible to disconnection. Your Committees further find that certain communities, especially those in economically-challenged areas, have shouldered the burden of hosting large renewable energy projects. Additionally, due to Hawaii's low homeownership rate, vulnerable households do not have the same abilities as more affluent customers to take advantage of certain programs and technologies.

Your Committees acknowledge the past and ongoing work of the Public Utilities Commission to offset burdens placed on low- and moderate-income communities and to innovate programs to reduce costs to customers. Accordingly, this measure is not intended to duplicate, but rather to continue these efforts and focus the need for integration of energy equity and justice in the ongoing and future work of the Public Utilities Commission to further support and develop reasonable measures to lessen the burden of energy costs on low- and moderate-income customer groups.

Your Committees have amended this measure by:

- (1) Adding findings acknowledging the past and ongoing work of the Public Utilities Commission, specifically Docket No. 2019-0323, which addresses rate design for all customers, and provides proposed approaches to address consideration for relief for low- and moderate-income customers;
- (2) Adding findings clarifying that current circumstances necessitate an explicit focus on energy and climate justice and energy equity in the ongoing and future work of the Public Utilities Commission to ensure that the benefits and burdens of energy infrastructure development in the face of climate change are equitably distributed and that relief options are available for low- and moderate-income customers;
- (3) Requesting the Public Utilities Commission to consult with the Division of Consumer Advocacy to obtain any necessary input in furtherance of the items requested to be examined by this measure;
- (4) Adding the Executive Director of the Division of Consumer Advocacy as a recipient of a certified copy of this measure;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 48, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 48, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (Fevella).
Energy, Economic Development, and Tourism: Ayes, 3. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3704 Government Operations on S.C.R. No. 20

The purpose and intent of this measure is to encourage all counties of the State to coordinate their efforts to create a special number plate design for motor vehicles to commemorate the accomplishments of Carissa Kainani Moore.

Your Committee received testimony in support of this measure from the Outrigger Duke Kahanamoku Foundation and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that surfing debuted as an Olympic sport at the Tokyo 2020 Summer Olympics. Carissa Kainani Moore surfed her way with power and grace to Olympic gold, becoming the first female gold medalist in Olympic surfing history. Your Committee further finds that Ms. Moore has represented Hawaii admirably out of the ocean as well, using her platform to support local surf clubs, speak out against sexism and body-shaming, and bring attention to eating disorders. As noted in testimony, she is a welcomed ambassador of the Aloha Spirit, in a time of sore need. Accordingly, this measure seeks to perpetuate the Aloha Spirit by commemorating the accomplishments of Carissa Kainani Moore.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3705 Government Operations on S.R. No. 14

The purpose and intent of this measure is to encourage all counties of the State to coordinate their efforts to create a special number plate design for motor vehicles to commemorate the accomplishments of Carissa Kainani Moore.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that surfing debuted as an Olympic sport at the Tokyo 2020 Summer Olympics. Carissa Kainani Moore surfed her way with power and grace to Olympic gold, becoming the first female gold medalist in Olympic surfing history. Your Committee further finds that Ms. Moore has represented Hawaii admirably out of the ocean as well, using her platform to support local surf clubs, speak out against sexism and body-shaming, and bring attention to eating disorders. As noted in testimony, she is a welcomed ambassador of the Aloha Spirit, in a time of sore need. Accordingly, this measure seeks to perpetuate the Aloha Spirit by commemorating the accomplishments of Carissa Kainani Moore.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 14 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3706 Government Operations on S.C.R. No. 27

The purpose and intent of this measure is to request the Office of Enterprise Technology Services to conduct a feasibility study on the development of a statewide interagency system for filing and maintaining documents required of individuals and organizations accessing government services online.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology Services, Chamber of Commerce Hawaii, Hawai'i Health & Harm Reduction Center, Hawai'i Alliance of Nonprofit Organizations, Hawai'i Children's Action Network Speaks!, Transform Hawai'i Government, AARP Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that many government services and programs are now provided online. These online programs and services often require the input of personal information or the upload of documentation in order to access and utilize the services and programs. Your Committee further finds that oftentimes the same information and documentation must be input and uploaded numerous times. This inefficiency wastes time, causes user frustration, and likely contributes to less utilization of online services than would be the case if the process were streamlined. Accordingly, this measure promotes government efficiency by requesting the Office of Enterprise Technology Services to study the feasibility of implementing a statewide interagency system for the filing and maintenance of information and documents required to access and utilize online government services and programs.

Your Committee has amended this measure by:

- (1) Clarifying the information to be included in the feasibility study; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 27, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 27, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3707 Government Operations on S.R. No. 21

The purpose and intent of this measure is to request the Office of Enterprise Technology Services to conduct a feasibility study on the development of a statewide interagency system for filing and maintaining documents required of individuals and organizations accessing government services online.

Your Committee received testimony in support of this measure from the Office of Enterprise Technology, Chamber of Commerce Hawaii, Hawai'i Health and Harm Reduction Center, Hawai'i Alliance of Nonprofit Organizations, Hawaii Children's Action Network Speaks!, AARP Hawai'i, Transform Hawai'i Government and one individual.

Your Committee finds that many government services and programs are now provided online. These online programs and services often require the input of personal information or the upload of documentation in order to access and utilize the services and programs. Your Committee further finds that oftentimes the same information and documentation must be input and uploaded numerous times. This inefficiency wastes time, causes user frustration, and likely contributes to less utilization of online services than would be the case if the process were streamlined. Accordingly, this measure promotes government efficiency by requesting the Office of Enterprise Technology Services to study the feasibility of implementing a statewide interagency system for the filing and maintenance of information and documents required to access and utilize online government services and programs.

Your Committee has amended this measure by:

- (1) Clarifying the information to be included in the feasibility study; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 21, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 21, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3708 (Joint) Government Operations and Agriculture and Environment on S.C.R. No. 107

The purpose and intent of this measure is to urge the State and all counties to adopt the Global Pact to achieve the United Nations Paris Agreement and the 2030 Development Agenda, and to specifically adopt the United Nations sustainable development goals, numbers 13 through 17.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Forest Industry Association, Wild Kids, and two individuals.

Your Committees find that Hawaii, as an island state, will acutely experience the effects of climate change and must continue to be a leader in climate change mitigation.

Your Committees recognize that in September 2015, the United Nations General Assembly adopted the historic "Transforming our world: the 2030 Agenda for Sustainable Development" (2030 Development Agenda), which is a comprehensive, compassionate, creative, and courageous plan of action to end poverty, protect the planet, and ensure that all people enjoy peace and prosperity. The 2030 Development Agenda includes seventeen sustainable development goals, one hundred sixty-nine targets, and two hundred thirty indicators upon which general agreement has been reached to measure, monitor, and mobilize to achieve these goals and targets. Your Committees additionally find that goals 13 through 17 of the United Nations sustainable development goals are vital to protecting the State's land and people and should be adopted as local policy and governing principles for local government entities and other organizations.

Your Committees further find that the Global Pact for the Environment (Global Pact) is an initiative led by the hosts of the United Nations Framework Convention on Climate Change in Paris to address the fragmented nature and inconsistent implementation of international environmental law by enumerating fundamental climate change principles in one legally binding framework for current and future generations for equity and equality. Your Committees believe that the Global Pact will serve as a cornerstone in international human rights and environmental law and create a more coherent global environmental governance.

Accordingly, this measure promotes sustainable development and encourages continued statewide efforts to tackle the effects of climate change by urging the State and all counties to adopt and embrace the Global Pact and the United Nations sustainable development goals numbered 13 through 17.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 107 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3709 (Joint) Government Operations and Agriculture and Environment on S.R. No. 94

The purpose and intent of this measure is to urge the State and all counties to adopt the Global Pact to achieve the United Nations Paris Agreement and the 2030 Development Agenda, and to specifically adopt the United Nations sustainable development goals, numbers 13 through 17.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Forest Industry Association, and two individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that Hawaii, as an island state, will acutely experience the effects of climate change and must continue to be a leader in climate change mitigation.

Your Committees recognize that in September 2015, the United Nations General Assembly adopted the historic “Transforming our world: the 2030 Agenda for Sustainable Development” (2030 Development Agenda), which is a comprehensive, compassionate, creative, and courageous plan of action to end poverty, protect the planet, and ensure that all people enjoy peace and prosperity. The 2030 Development Agenda includes seventeen sustainable development goals, one hundred sixty-nine targets, and two hundred thirty indicators upon which general agreement has been reached to measure, monitor, and mobilize to achieve these goals and targets. Your Committees additionally find that goals 13 through 17 of the United Nations sustainable development goals are vital to protecting the State’s land and people and should be adopted as local policy and governing principles for local government entities and other organizations.

Your Committees further find that the Global Pact for the Environment (Global Pact) is an initiative led by the hosts of the United Nations Framework Convention on Climate Change in Paris to address the fragmented nature and inconsistent implementation of international environmental law by enumerating fundamental climate change principles in one legally binding framework for current and future generations for equity and equality. Your Committees believe that the Global Pact will serve as a cornerstone in international human rights and environmental law and create a more coherent global environmental governance.

Accordingly, this measure promotes sustainable development and encourages continued statewide efforts to tackle the effects of climate change by urging the State and all counties to adopt and embrace the Global Pact and the United Nations sustainable development goals numbered 13 through 17.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 94 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3710 (Joint) Commerce and Consumer Protection and Energy, Economic Development, and Tourism on S.R. No. 43

The purpose and intent of this measure is to request the Public Utilities Commission to consider efforts to mitigate high energy burdens for low- and moderate-income customers and investigate how to integrate considerations of energy equity and justice across its work.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs’ Division of Consumer Advocacy, Public Utilities Commission, and Hawaiian Electric Company.

Your Committees find that low-income households spend a larger percentage of their income on home energy costs, making them vulnerable to energy insecurity. While some households may receive utility bill payment assistance through certain federal programs, these programs are only temporary and can still leave many low- and moderate-income households susceptible to disconnection. Your Committees further find that certain communities, especially those in economically-challenged areas, have shouldered the burden of hosting large renewable energy projects. Additionally, due to Hawaii’s low homeownership rate, vulnerable households do not have the same abilities as more affluent customers to take advantage of certain programs and technologies.

Your Committees acknowledge the past and ongoing work of the Public Utilities Commission to offset burdens placed on low- and moderate-income communities and to innovate programs to reduce costs to customers. Accordingly, this measure is not intended to duplicate, but rather to continue these efforts and focus the need for integration of energy equity and justice in the ongoing and future work of the Public Utilities Commission to further support and develop reasonable measures to lessen the burden of energy costs on low- and moderate-income customer groups.

Your Committees have amended this measure by:

- (1) Adding findings acknowledging the past and ongoing work of the Public Utilities Commission, specifically Docket No. 2019-0323, which addresses rate design for all customers, and provides proposed approaches to address consideration for relief for low- and moderate-income customers;
- (2) Adding findings clarifying that current circumstances necessitate an explicit focus on energy and climate justice and energy equity in the ongoing and future work of the Public Utilities Commission to ensure that the benefits and burdens of energy infrastructure development in the face of climate change are equitably distributed and that relief options are available for low- and moderate-income customers;
- (3) Requesting the Public Utilities Commission to consult with the Division of Consumer Advocacy to obtain any necessary input in furtherance of the items requested to be examined by this measure;
- (4) Adding the Executive Director of the Division of Consumer Advocacy as a recipient of a certified copy of this measure;
- (5) Amending its title to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 43, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 43, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (Fevella).

Energy, Economic Development, and Tourism: Ayes, 3. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3711 (Joint) Energy, Economic Development, and Tourism and Transportation on S.C.R. No. 103

The purpose and intent of this measure is to request the Hawaii State Energy Office to convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes, rules, and other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office; Climate Protectors Hawai'i; Ulupono Initiative; Hawaiian Electric Company, Inc.; Alliance for Automotive Innovation; Hawai'i Automobile Dealer's Association; and one individual. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy and Public Utilities Commission.

Your Committees find that, with the growing popularity of electric and other alternative fuel vehicles, the lack of available zero-emission fueling stations inhibits the use of these vehicles. Your Committees recognize that most of the State's existing multi-dwelling units might have very difficult challenges to retrofit their common areas, parking garages, and parking stalls to allow for the installation of electric vehicle charging stations. This measure is essential to facilitate consumer access to electric vehicle charging stations, increase use of electric vehicles, and decrease the State's reliance on fossil fuels.

Your Committees have amended this measure by:

- (1) Adding to the list of requested working group members:
 - (A) A representative from the Hawaiian Electric Company, Inc.; and
 - (B) An additional representative from the electric vehicle charging station industry; and
- (2) Requesting that the Working Group also examine alternatives to retrofitting multi-unit dwellings that still ensure convenient access to electric vehicle charging systems;
- (3) Allowing the Working Group to invite other representatives from relevant industries to participate on the working group as necessary; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 103, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 103, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 5; Ayes with Reservations (Fevella). Noes, none. Excused, none.

Transportation: Ayes, 3; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (DeCoite, Shimabukuro).

SCRep. 3712 (Joint) Energy, Economic Development, and Tourism and Transportation on S.R. No. 91

The purpose and intent of this measure is to request the Hawaii State Energy Office to convene a working group to examine issues and barriers to the installation of electric vehicle charging systems in multi-unit dwellings and make recommendations regarding changes to statutes, rules, and other guidance to help clarify and facilitate the installation of electric vehicle charging systems in multi-unit dwellings.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office; Climate Protectors Hawai'i; Hawaiian Electric Company, Inc.; Alliance for Automotive Innovation; and Hawai'i Automobile Dealer's Association. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs' Division of Consumer Advocacy and Public Utilities Commission.

SCRep. 3713 Human Services on S.C.R. No. 102

The purpose and intent of this measure is to request:

- (1) The Office of the Auditor to conduct a performance audit of the Child Welfare Services Branch of the Department of Human Services; and
- (2) To have the performance audit include the examination of:
 - (A) The policies, procedures, and processes of the Child Welfare Services Branch to protect the safety and well-being of children in their own homes and in out-of-home placements, including foster care, guardianship, and adoption; and
 - (B) The recruitment and retention of social workers and other staff at the Child Welfare Services Branch.

Your Committee received testimony in support of this measure from the Waimanalo Neighborhood Board and seven individuals. Your Committee received testimony in opposition to this measure from the Department of Human Services, Hawaii Family Advocacy Team, and one individual.

Your Committee finds that the Child Welfare Services Branch of the Department of Human Services is responsible for protecting the well-being of the children of Hawaii, including children who are wards of the State and children who have allegedly been neglected or abused. Your Committee finds, however, that during recent years, there have been incidences where the Child Welfare Services Branch failed to fulfill its responsibility, resulting in the fatality of children. Your Committee also finds that the Child Welfare Services Branch has failed to pass all three reviews conducted by the United States Department of Health and Human Services' Administration for Children and Families in 2003, 2009, and 2017.

Your Committee further finds that House Concurrent Resolution No. 165, Regular Session of Hawaii 2010, requested the Auditor to conduct a program audit of the efficiency and effectiveness of the Child Welfare Services Branch in processing and investigating complaints of child abuse and neglect, and the misuse of child support; however, this request was declined by the Auditor on the ground that such audit would be duplicative of the federal review being conducted by the National Resource Center for Child Protective Services. Your Committee finds that this matter has not been revisited or assessed by the Auditor, including whether the Child Welfare Services Branch implemented a second Program Improvement Plan to avert a penalty pursuant to the federal review.

Your Committee has amended this measure by:

- (1) Inserting the following clauses:

WHEREAS, House Concurrent Resolution No. 165, Regular Session of Hawaii 2010, sought to request from the Auditor a program audit on the efficiency and effectiveness of the Child Welfare Services Branch in processing and investigating complaints but the Auditor by letter dated May 6, 2013, failed to conduct such audit as being problematic and duplicative of federal review by the National Resource Center for Child Protective Services, which conducts on-site visits; and

WHEREAS, the Auditor's letter failed to be updated after the 2010 federal requirement for the Child Welfare Services Branch to implement a second Program Improvement Plan to avert a penalty; nor did it conduct an assessment on the triage procedure required by the federal Child Abuse Prevention and Treatment Act that was reauthorized by the Keeping Children and Families Safe Act of 2003;
- (2) Deleting the request to the Office of the Auditor "to conduct a performance audit of the Child Welfare Services Branch of the Department of Human Services," and replacing it with "to update its Child Welfare Services Branch assessment standard pursuant to House Concurrent Resolution No. 165, Regular Session of Hawaii 2010, to include the second Program Improvement Plan required by the United States Department of Health and Human Services in 2010";
- (3) Deleting the requested content of the performance audit and replacing it with "the triage procedure required by the federal Child Abuse Prevention and Treatment Act that was reauthorized by the Keeping Children and Families Safe Act of 2003";
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 102, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 102, S.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3714 Human Services on S.R. No. 90

The purpose and intent of this measure is to request:

- (1) The Office of the Auditor to conduct a performance audit of the Child Welfare Services Branch of the Department of Human Services; and
- (2) To have the performance audit include the examination of:
 - (A) The policies, procedures, and processes of the Child Welfare Services Branch to protect the safety and well-being of children in their own homes and in out-of-home placements, including foster care, guardianship, and adoption; and

(B) The recruitment and retention of social workers and other staff at the Child Welfare Services Branch.

Your Committee received testimony in opposition to this measure from the Department of Human Services and Hawaii Family Advocacy Team.

Your Committee finds that the Child Welfare Services Branch of the Department of Human Services is responsible for protecting the well-being of the children of Hawaii, including children who are wards of the State and children who have allegedly been neglected or abused. Your Committee finds, however, that during recent years, there have been incidences where the Child Welfare Services Branch failed to fulfill its responsibility, resulting in the fatality of children. Your Committee also finds that the Child Welfare Services Branch has failed to pass all three reviews conducted by the United States Department of Health and Human Services' Administration for Children and Families in 2003, 2009, and 2017.

Your Committee further finds that House Concurrent Resolution No. 165, Regular Session of Hawaii 2010, requested the Auditor to conduct a program audit of the efficiency and effectiveness of the Child Welfare Services Branch in processing and investigating complaints of child abuse and neglect, and the misuse of child support; however, this request was declined by the Auditor on the ground that such audit would be duplicative of the federal review being conducted by the National Resource Center for Child Protective Services. Your Committee finds that this matter has not been revisited or assessed by the Auditor, including whether the Child Welfare Services Branch implemented a second Program Improvement Plan to avert a penalty pursuant to the federal review.

Your Committee has amended this measure by:

(1) Inserting the following clauses:

WHEREAS, House Concurrent Resolution No. 165, Regular Session of Hawaii 2010, sought to request from the Auditor a program audit on the efficiency and effectiveness of the Child Welfare Services Branch in processing and investigating complaints but the Auditor by letter dated May 6, 2013, failed to conduct such audit as being problematic and duplicative of federal review by the National Resource Center for Child Protective Services, which conducts on-site visits; and

WHEREAS, the Auditor's letter failed to be updated after the 2010 federal requirement for the Child Welfare Services Branch to implement a second Program Improvement Plan to avert a penalty; nor did it conduct an assessment on the triage procedure required by the federal Child Abuse Prevention and Treatment Act that was reauthorized by the Keeping Children and Families Safe Act of 2003;

- (2) Deleting the request to the Office of the Auditor "to conduct a performance audit of the Child Welfare Services Branch of the Department of Human Services," and replacing it with "to update its Child Welfare Services Branch assessment standard pursuant to House Concurrent Resolution No. 165, Regular Session of Hawaii 2010, to include the second Program Improvement Plan required by the United States Department of Health and Human Services in 2010";
- (3) Deleting the requested content of the performance audit and replacing it with "the triage procedure required by the federal Child Abuse Prevention and Treatment Act that was reauthorized by the Keeping Children and Families Safe Act of 2003";
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 90, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 90, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3715 (Joint) Water and Land and Housing on S.C.R. No. 232

The purpose and intent of this measure is to request the Office of Planning and Sustainable Development to convene a multi-agency working group to make recommendations for planning, coordinating, and implementing the objectives and policies for housing in the Hawaii State Planning Act.

Your Committees received comments on this measure from the Office of Planning and Sustainable Development, Hawaii Public Housing Authority, and Office of Information Practices.

Your Committees find that the Hawaii State Plan's objectives and policies for housing as outlined in section 226-19, Hawaii Revised Statutes, provides that planning for housing shall be directed toward providing greater opportunities for Hawaii's people to secure reasonably priced, safe, sanitary, and livable homes located in suitable environments that accommodate the needs of families and individuals through collaboration and cooperation between government, nonprofit, and for-profit developers to ensure the availability of more rental and for-sale affordable housing. As Hawaii's population has grown and evolve, the Hawaii State Plan, as it relates to affordable housing, was amended by Act 82, Session Laws of Hawaii 2017, to meet the housing needs of a broad range of income levels. Currently, the Office of Planning and Sustainable Development, Hawaii Housing Finance and Development Corporation, Hawaii Community Development Authority, and Hawaii Public Housing Authority collaborate to coordinate the provision of housing to the extent allowed by constrained resources of urban-designated land, capital, subsidies, incentives, and market demands. However, as Hawaii's affordable housing crisis grows, further collaboration by necessary state agencies is needed to provide housing for Hawaii's people.

Your Committees note that while the Office of Planning and Sustainable Development supports the multi-agency working group, the Office of Planning and Sustainable Development currently lacks the necessary funding to fill one full-time equivalent (1.0 FTE) position needed to support the effort to plan, assess, and develop recommendations for attaining the housing objectives and policies in the Hawaii State Planning Act.

Your Committees have amended this measure by:

- (1) Deleting the exemption from chapter 92, Hawaii Revised Statutes, for the working group; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Water and Land and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 232, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 232, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Misalucha).

Housing: Ayes, 5. Noes, none. Excused, none.

SCRep. 3716 (Joint) Energy, Economic Development, and Tourism and Housing on S.C.R. No. 210

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to submit a report to the Legislature on the barriers to creating affordable housing in the State.

Your Committees received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that the affordability of housing is influenced by various factors including demand, supply, mortgage rates, construction costs, income, population growth, and public housing policies. Your Committees recognize that housing affordability is a very important issue in the State. This measure will ensure that the proper agencies will pursue this issue and provide the Legislature with recommendations to address the barriers to creating affordable housing in the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 210, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 210, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Housing: Ayes, 3. Noes, none. Excused, 2 (Kanuha, Fevella).

SCRep. 3717 (Joint) Energy, Economic Development, and Tourism and Housing on S.R. No. 203

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to submit a report to the Legislature on the barriers to creating affordable housing in the State.

Your Committees received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that the affordability of housing is influenced by various factors including demand, supply, mortgage rates, construction costs, income, population growth, and public housing policies. Your Committees recognize that housing affordability is a very important issue in the State. This measure will ensure that the proper agencies will pursue this issue and provide the Legislature with recommendations to address the barriers to creating affordable housing in the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Housing that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 203, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 203, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Housing: Ayes, 3. Noes, none. Excused, 2 (Kanuha, Fevella).

SCRep. 3718 Energy, Economic Development, and Tourism on S.C.R. No. 21

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the economic impacts of domestic out-of-state students.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Guild Consulting; and one individual.

Your Committee finds that out-of-state students have a discernable impact on the economy of the State. However, your Committee recognizes that only data on international students has been collected and analyzed. Studying the economic impact of Hawaii's domestic out-of-state students would provide a better understanding of education services as an industry within the State. Your Committee further finds that due to the scope of the study requested, additional time is needed to conduct a comprehensive study and analysis on the economic impact of domestic out-of-state students in Hawaii.

Your Committee has amended this measure by:

- (1) Extending the deadline of the report to the Legislature to September 1, 2023; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 21, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 21, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3719 Energy, Economic Development, and Tourism on S.R. No. 15

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism to conduct a study on the economic impacts of domestic out-of-state students.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that out-of-state students have a discernable impact on the economy of the State. However, your Committee recognizes that only data on international students has been collected and analyzed. Studying the economic impact of Hawaii's domestic out-of-state students would provide a better understanding of education services as an industry within the State. Your Committee further finds that due to the scope of the study requested, additional time is needed to conduct a comprehensive study and analysis on the economic impact of domestic out-of-state students in Hawaii.

Your Committee has amended this measure by:

- (1) Extending the deadline of the report to the Legislature to September 1, 2023; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 15, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 15, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3720 (Joint) Human Services and Education on S.C.R. No. 1

The purpose and intent of this measure is to urge the Department of Education to develop and implement an affirmative action program, to the extent permitted by law, designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions, as teachers of visually impaired students.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board, National Federation of the Blind of Hawaii, Hawaii State Committee of Blind Vendors, and ten individuals. Your Committees received comments on this measure from the Department of Human Services and Academy for Certification of Vision Rehabilitation and Education Professionals.

Your Committees find that for decades, the methods and principles of Structured Discovery Cane Travel have empowered blind children and adults across the United States, assisting them to build confidence and feelings of self-respect as they move safely from place to place. Your Committees find however, that until recently, the Department of Education has only enlisted as orientation and mobility instructors for blind students, individuals who are credentialed as Certified Orientation and Mobility Specialists (COMS) by the Academy for Certification of Vision Rehabilitation and Education Professionals. The COMS teaching method includes a variety of instructional strategies, including vision-centered orientation and mobility services, and does not focus on Structured Discovery Cane Travel. Of these two recognized training methods, adherents to the structured discovery approach emphasize employing blind instructors, which leads to increased employment opportunities at the Department of Education for qualified blind persons. By urging the Department of Education to develop and implement an affirmative action program to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and teachers of visually impaired students, this measure will not only provide more opportunities for blind instructors in the workforce, but also provide a powerful example to students with a disability that their disability need not be a barrier for employment.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Education that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 1, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Human Services: Ayes, 3. Noes, none. Excused, 2 (Acasio, Ihara).
Education: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kim).

SCRep. 3721 (Joint) Human Services and Education on S.R. No. 5

The purpose and intent of this measure is to urge the Department of Education to develop and implement an affirmative action program, to the extent permitted by law, designed to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and in other positions, as teachers of visually impaired students.

Your Committees received testimony in support of this measure from the Disability and Communication Access Board, National Federation of the Blind of Hawaii, Hawaii State Committee of Blind Vendors, and ten individuals. Your Committees received comments on this measure from the Department of Human Services and Academy for Certification of Vision Rehabilitation and Education Professionals.

Your Committees find that for decades, the methods and principles of Structured Discovery Cane Travel have empowered blind children and adults across the United States, assisting them to build confidence and feelings of self-respect as they move safely from place to place. Your Committees find however, that until recently, the Department of Education has only enlisted as orientation and mobility instructors for blind students, individuals who are credentialed as Certified Orientation and Mobility Specialists (COMS) by the Academy for Certification of Vision Rehabilitation and Education Professionals. The COMS teaching method includes a variety of instructional strategies, including vision-centered orientation and mobility services, and does not focus on Structured Discovery Cane Travel. Of these two recognized training methods, adherents to the structured discovery approach emphasize employing blind instructors, which leads to increased employment opportunities at the Department of Education for qualified blind persons. By urging the Department of Education to develop and implement an affirmative action program to recruit and employ qualified blind professionals to serve as orientation and mobility instructors and teachers of visually impaired students, this measure will not only provide more opportunities for blind instructors in the workforce, but also provide a powerful example to students with a disability that their disability need not be a barrier for employment.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Education that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 5, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 5, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Human Services: Ayes, 3. Noes, none. Excused, 2 (Acasio, Ihara).
Education: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kim).

SCRep. 3722 Education on S.C.R. No. 168

The purpose and intent of this measure is to:

- (1) Request the School Facilities Authority to adopt and publish administrative rules in accordance with chapter 91, Hawaii Revised Statutes, as necessary to implement Act 72, Session Laws of Hawaii 2020, as amended (Act 72), by no later than July 1, 2023; and
- (2) Request the Governor to submit a report documenting the process by which the School Facilities Authority purchases real property and executes capital improvement project contracts to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that, presently, there are no administrative rules to implement Act 72. Your Committee further finds that the lack of administrative rules can hamper the operations of the School Facilities Authority. For example, there is currently a lack of clarity regarding the process by which the School Facilities Authority purchases real property and executes capital improvement project contracts. Accordingly, this measure promotes the sound operation of the School Facilities Authority by encouraging the development of administrative rules regarding the same.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 168 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3723 Education on S.R. No. 160

The purpose and intent of this measure is to:

- (1) Request the School Facilities Authority to adopt and publish administrative rules in accordance with chapter 91, Hawaii Revised Statutes, as necessary to implement Act 72, Session Laws of Hawaii 2020, as amended (Act 72), by no later than July 1, 2023; and
- (2) Request the Governor to submit a report documenting the process by which the School Facilities Authority purchases real property and executes capital improvement project contracts to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committee received comments on this measure from the School Facilities Authority.

Your Committee finds that, presently, there are no administrative rules to implement Act 72. Your Committee further finds that the lack of administrative rules can hamper the operations of the School Facilities Authority. For example, there is currently a lack of clarity regarding the process by which the School Facilities Authority purchases real property and executes capital improvement project contracts. Accordingly, this measure promotes the sound operation of the School Facilities Authority by encouraging the development of administrative rules regarding the same.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 160 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3724 Judiciary on S.C.R. No. 185

The purpose and intent of this measure is to:

- (1) Strongly and forcefully denounce the Russian Federation and its President Vladimir Putin for the blatant targeting of civilians by the Russian military and the destruction of civilian infrastructure, which makes evacuating civilians from the warzone even more difficult;
- (2) Urge the United States Congress to take concrete actions to help with the refugee crisis facing Ukraine and its European neighbors by increasing material support to refugees, both those internally displaced, such as those who have fled to the relatively safe western part of Ukraine, and those who have fled the country, by sending monetary support and supplies to Ukraine and its neighbors who have accepted large numbers of refugees; and
- (3) Urge the President and Congress of the United States to take an active role in assisting the crisis by raising the U.S. Refugee Admissions and Refugee Resettlement Ceilings, making a stronger effort at resettling more Ukrainian refugees into the United States, and allocating more funding in order to support those efforts.

Your Committee received testimony in support of this measure from the Office of Community Services. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Russian invasion of Ukraine has prompted two million Ukrainians to flee the country as of March 8, 2022, and the number has grown even higher as Russia continues its siege tactics of indiscriminately bombing cities. According to the United Nations High Commissioner for Refugees, as of March 8, 2022, Poland has received 1,204,403 refugees, Hungary has received 191,348 refugees, Romania has received 143,000 refugees, Slovakia has received 140,745 refugees, the Czech Republic has received more than one hundred thousand refugees, and Moldova has received 82,762 refugees, with other countries receiving fewer refugees. This measure will urge the United States to do more to help the Ukrainian government and countries housing refugees as soon as possible.

Your Committee has amended this measure by:

- (1) Replacing the term “refugees” with “internally displaced people” when referring to people displaced within Ukraine;
- (2) Specifying that according to the UN Refugee Agency, as of March 31, 2022, Poland has received 2,384,814 refugees, Romania has received 623,627, Moldova received 390,187 refugees, Hungary has received 374,535 refugees, and Slovakia has received 292,039 refugees;
- (3) Specifying that although United States President Biden has stated that the United States will accept one hundred thousand refugees, the United States needs to do more to help the refugee crises as countries like Poland, Romania, and Moldova are taking in a disproportionate amount of Ukrainian refugees compared to the rest of the world; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 185, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3725 Judiciary on S.R. No. 178

The purpose and intent of this measure is to:

- (1) Strongly and forcefully denounce the Russian Federation and its President Vladimir Putin for the blatant targeting of civilians by the Russian military and the destruction of civilian infrastructure, which makes evacuating civilians from the warzone even more difficult;
- (2) Urge the United States Congress to take concrete actions to help with the refugee crisis facing Ukraine and its European neighbors by increasing material support to refugees, both those internally displaced, such as those who have fled to the relatively safe western part of Ukraine, and those who have fled the country, by sending monetary support and supplies to Ukraine and its neighbors who have accepted large numbers of refugees; and
- (3) Urge the President and Congress of the United States to take an active role in assisting the crisis by raising the U.S. Refugee Admissions and Refugee Resettlement Ceilings, making a stronger effort at resettling more Ukrainian refugees into the United States, and allocating more funding in order to support those efforts.

Your Committee did not receive any testimony on this measure.

Your Committee finds that the Russian invasion of Ukraine has prompted two million Ukrainians to flee the country as of March 8, 2022, and the number has grown even higher as Russia continues its siege tactics of indiscriminately bombing cities. According to the United Nations High Commissioner for Refugees, as of March 8, 2022, Poland has received 1,204,403 refugees, Hungary has received 191,348 refugees, Romania has received 143,000 refugees, Slovakia has received 140,745 refugees, the Czech Republic has received more than one hundred thousand refugees, and Moldova has received 82,762 refugees, with other countries receiving fewer refugees. This measure will urge the United States to do more to help the Ukrainian government and countries housing refugees as soon as possible.

Your Committee has amended this measure by:

- (1) Replacing the term “refugees” with “internally displaced people” when referring to people displaced within Ukraine;
- (2) Specifying that according to the UN Refugee Agency, as of March 31, 2022, Poland has received 2,384,814 refugees, Romania has received 623,627, Moldova received 390,187 refugees, Hungary has received 374,535 refugees, and Slovakia has received 292,039 refugees;
- (3) Specifying that although United States President Biden has stated that the United States will accept one hundred thousand refugees, the United States needs to do more to help the refugee crises as countries like Poland, Romania, and Moldova are taking in a disproportionate amount of Ukrainian refugees compared to the rest of the world; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 178, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 178, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3726 (Joint) Energy, Economic Development, and Tourism and Government Operations on S.C.R. No. 164

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism and Department of Accounting and General Services to conduct a cost analysis study regarding consolidating west Hawaii state offices into one complex.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that conducting a cost study analysis would be beneficial in determining whether the consolidation of the state offices in west Hawaii would be more convenient, cost effective, and efficient.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 164, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 164, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.
Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Gabbard).

SCRep. 3727 (Joint) Energy, Economic Development, and Tourism and Government Operations on S.R. No. 156

The purpose and intent of this measure is to request the Department of Business, Economic Development, and Tourism and Department of Accounting and General Services to conduct a cost analysis study regarding consolidating west Hawaii state offices into one complex.

Your Committees received testimony in support of this measure from the Department of Accounting and General Services. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committees find that conducting a cost study analysis would be beneficial in determining whether the consolidation of the state offices in west Hawaii would be more convenient, cost effective, and efficient.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 156, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 156, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.
Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Gabbard).

SCRep. 3728 (Joint) Energy, Economic Development, and Tourism and Government Operations on S.C.R. No. 99

The purpose and intent of this measure is to request the Legislative Reference Bureau to update a study on the feasibility of undergrounding the State’s utility facilities.

Your Committees received testimony in support of this measure from the Department of Transportation. Your Committees received comments on this measure from the Legislative Reference Bureau and the Hawaii State Energy Office.

Your Committees find that undergrounding, or placing existing and proposed overhead utility facilities underground, would help the State preserve, protect, and enhance view planes and scenic resources for residents, visitors, and filmgoers worldwide. According to testimony from the Legislative Reference Bureau, its 1999 report on the feasibility of undergrounding the State’s utility facilities does not need to be updated and that eight out of the nine recommendations provided in the report have yet to be implemented by the Public Utilities Commission.

Accordingly, your Committees have amended this measure by:

- (1) Amending the contents of the measure to request that the Public Utilities Commission:
 - (A) Adopt the recommendations for undergrounding the State's utility facilities as outlined in the 1999 Legislative Reference Bureau report entitled "Undergrounding Public Utility Lines"; and
 - (B) Submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023 that addresses its reasons for not adopting each recommendation for undergrounding the State's utility facilities as outlined in the 1999 Legislative Reference Bureau report entitled "Undergrounding Public Utility Lines";
- (2) Amending its title to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 99, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 99, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 5. Noes, none. Excused, none.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Gabbard).

SCRep. 3729 (Joint) Housing and Water and Land on S.C.R. No. 178

The purpose and intent of this measure is to request the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract its review of proposed state projects affecting historic properties to third-party consultants if the projects involve the development of affordable housing.

Your Committees received comments on this measure from the Hawaii Housing Finance and Development Corporation and Department of Land and Natural Resources.

Your Committees find that, as the need for affordable housing in Hawaii continues to grow, it is increasingly challenging for the State to efficiently respond to the permitting requirements for affordable housing development. Contracting the review of proposed state projects on privately-owned historic property will help the Department of Land and Natural Resources more effectively respond to the affordable housing needs of the State. This measure requests the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract its review of proposed state projects affecting historic properties to third-party consultants if the projects involve the development of affordable housing. Your Committees further find, however, that contracting with third-party consultants would require the appropriation of additional funds to the Department of Land and Natural Resources.

Your Committees have amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Housing and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 178, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 178, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Misalucha).

SCRep. 3730 (Joint) Housing and Water and Land on S.R. No. 171

The purpose and intent of this measure is to request the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract its review of proposed state projects affecting historic properties to third-party consultants if the projects involve the development of affordable housing.

Your Committees received comments on this measure from the Hawaii Housing Finance and Development Corporation and Department of Land and Natural Resources.

Your Committees find that, as the need for affordable housing in Hawaii continues to grow, it is increasingly challenging for the State to efficiently respond to the permitting requirements for affordable housing development. Contracting the review of proposed state projects on privately-owned historic property will help the Department of Land and Natural Resources more effectively respond to the affordable housing needs of the State. This measure requests the Department of Land and Natural Resources, through the State Historic Preservation Division, to contract its review of proposed state projects affecting historic properties to third-party consultants if the projects involve the development of affordable housing. Your Committees further find, however, that contracting with third-party consultants would require the appropriation of additional funds to the Department of Land and Natural Resources.

Your Committees have amended this measure by:

- (1) Amending its title accordingly; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Housing and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 171, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 171, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Housing: Ayes, 5. Noes, none. Excused, none.
 Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Misalucha).

SCRep. 3731 Government Operations on S.C.R. No. 41

The purpose and intent of this measure is to request the Hawaii Broadband and Digital Equity Office to conduct a data mapping study to identify geographically underserved and unserved areas in the State that lack quality broadband connectivity, and report the results of the study to the Legislature.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, and State Executive Office on Aging. Your Committee received comments on this measure from Charter Communications and Hawaiian Telcom.

Your Committee finds that residents across the State, particularly in rural areas, have historically experienced disruption in broadband internet service, dropped calls, and dead areas. Your Committee further finds that the State has the responsibility to provide equitable access to broadband internet and service for residents as opportunities continue to arise in the areas of teleworking, distance learning, and telehealth. Accordingly, this measure promotes broadband equity by requesting the Hawaii Broadband and Digital Equity Office to gather the data necessary to identify areas that lack quality access to broadband internet service.

Your Committee has amended this measure by:

- (1) Defining the terms “underserved” and “unserved” by reference to certain federal law;
- (2) Clarifying the nature and scope of the action requested of the Hawaii Broadband and Digital Equity Office;
- (3) Deleting the request to expend funds from the budget of the Hawaii Tourism Authority;
- (4) Adding the heads of Charter Communications and Hawaiian Telcom as recipients of this measure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 41, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 41, S.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3732 Government Operations on S.R. No. 36

The purpose and intent of this measure is to request the Hawaii Broadband and Digital Equity Office to conduct a data mapping study to identify geographically underserved and unserved areas in the State that lack quality broadband connectivity, and report the results of the study to the Legislature.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism, and State Executive Office on Aging. Your Committee received comments on this measure from Charter Communications and Hawaiian Telcom.

Your Committee finds that residents across the State, particularly in rural areas, have historically experienced disruption in broadband internet service, dropped calls, and dead areas. Your Committee further finds that the State has the responsibility to provide equitable access to broadband internet and service for residents as opportunities continue to arise in the areas of teleworking, distance learning, and telehealth. Accordingly, this measure promotes broadband equity by requesting the Hawaii Broadband and Digital Equity Office to gather the data necessary to identify areas that lack quality access to broadband internet service.

Your Committee has amended this measure by:

- (1) Defining the terms “underserved” and “unserved” by reference to certain federal law;
- (2) Clarifying the nature and scope of the action requested of the Hawaii Broadband and Digital Equity Office;
- (3) Deleting the request to expend funds from the budget of the Hawaii Tourism Authority;
- (4) Adding the heads of Charter Communications and Hawaiian Telcom as recipients of this measure; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 36, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 36, S.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3733 (Joint) Commerce and Consumer Protection and Housing on S.C.R. No. 220

The purpose and intent of this measure is to convene a working group on the governance of housing subdivisions in the Puna District, Hawaii County.

Your Committees received testimony in support of this measure from the Community Associations Institute and two individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that Puna is one of the fastest growing subdivisions in the State, particularly Hawaiian Paradise Park. Pre-statehood associations of owners who took it upon themselves to unify efforts to collect fees to maintain roads lack the necessary authority, governance, and oversight to protect its members from potential abuse, as reported in recent news articles highlighting the neighborhood disputes that have sometimes escalated to physical altercations. To ensure the funds contributed by the nearly ten thousand residents in the Puna area are properly managed and that members of private subdivisions are properly trained in parliamentary procedures, this measure requests a working group be convened to, among other things, establish the necessary framework and rules for the governance of these subdivisions.

Your Committees have amended this measure by:

- (1) Specifying that the working group include a member of the Senate representing the Puna District, who is requested to serve as co-chair of the working group;
- (2) Including a member of the Hawaii County Council to serve as a member of the working group, to be selected by the member of the Senate representing the Puna District, who is also requested to serve as co-chair; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 220, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 220, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, 2 (Riviere, Fevella).

Housing: Ayes, 3. Noes, none. Excused, 2 (Rhoads, Fevella).

SCRep. 3734 (Joint) Government Operations and Housing on S.C.R. No. 231

The purpose and intent of this measure is to urge the counties to produce land use plans that account for housing production and demand.

Your Committees received testimony in support of this measure from one individual. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Grassroot Institute of Hawaii.

Your Committees find that the State is currently in a housing crisis that will require an additional fifty—seven thousand affordable housing units by 2025 in order to meet long—term housing demands, particularly on Oahu. Your Committees further find, however, that despite this projected acute housing shortage, there has been a lack of measurable progress at the county level to enact policies that will stimulate housing production to meet projected demand. Accordingly, this measure promotes the development of affordable housing across the State by urging the counties to assess current housing needs and supply, and to take action to remove barriers to housing development.

Your Committees have amended this measure by:

- (1) Requesting the counties to also identify and remove barriers to housing development in their respective jurisdictions; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Housing that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 231, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 231, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Gabbard).

Housing: Ayes, 4. Noes, none. Excused, 1 (Rhoads).

SCRep. 3735 (Joint) Commerce and Consumer Protection and Health on S.C.R. No. 241

The purpose and intent of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committees received testimony in support of this measure from Alliance for Fertility Preservation, Hawaii Society of Clinical Oncology, Association for Clinical Oncology, and Kaiser Permanente Hawaii. Your Committees received comments on this measure from Hawaii Medical Service Association and Hawaii Association of Health Plans.

Your Committees find that hundreds of Hawaii residents are diagnosed with cancer each year while still in their reproductive years (under age forty-five). Despite high survival rates, many treatments can have permanent effects on patients' reproductive systems and can lead to infertility. Senate Bill No. 3308, introduced in the Regular Session of 2022, would require Hawaii insurance companies to include, as a benefit, fertility preservation procedures for men and women of reproductive age who have been diagnosed with cancer and whose cancer treatment may adversely affect their fertility. Pursuant to the requirements of sections 23-51 and 23-52, Hawaii Revised Statutes, this measure requests the Auditor to prepare and submit a report to the Legislature that assesses both the social and financial effects of the proposed mandated coverage in Senate Bill No. 3308 (2022).

Your Committees have amended this measure by:

- (1) Inserting language requesting the Auditor to include in the impact assessment report a survey of other states in the United States that have implemented a mandate for cryopreservation benefits for those diagnosed with cancer and to examine what the social and financial impact has been in those states;

- (2) Requesting the Auditor to research whether the proposed cryopreservation coverage for those diagnosed with cancer constitutes benefits that are in excess of the essential health benefits, thus requiring the State to defray such costs;
- (3) Requesting the Auditor to research the standard medical definition of "reproductive age" and to examine the success rates for the different age groups to determine coverage benefit limitations, including an examination of whether different standards of infertility treatments are applied to different age groups for those diagnosed with cancer;
- (4) Requesting the Auditor to research public and private entities that provide the proposed coverage for cryopreservation procedures for those diagnosed with cancer and to determine standards of coverage, including what, if any, cost limitations are placed on this coverage benefit;
- (5) Requesting the Auditor to examine current medically necessary standards of care used to determine what types of infertility treatment options are available, at a more cost-effective savings than the proposed cryopreservation procedures, which may be best suited for individuals diagnosed with cancer, and to examine the existing technology in infertility procedures and possible future technology;
- (6) Requesting the Auditor to examine current scientific studies and current medical literature relating to the efficacy of the proposed cryopreservation procedures for those diagnosed with cancer;
- (7) Requesting the Auditor to examine whether the scope of coverage for those "diagnosed with a cancer that may, or whose treatment may, adversely affect the fertility of the insured" is limited to medically necessary fertility preservation treatments for "iatrogenic infertility", meaning an impairment of fertility by surgery, radiation, chemotherapy, or other medical treatment affecting reproductive organs or processes;
- (8) Requesting the Auditor to research certain ethical and legal issues surrounding the rights and entitlements with respect to the cryopreserved material; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 241, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 241, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (San Buenaventura).

Health: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3736 (Joint) Water and Land and Government Operations on S.R. No. 24

The purpose and intent of this measure is to request the Auditor to conduct an audit of the Department of Land and Natural Resources' State Historic Preservation Division.

Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that the Department of Land and Natural Resources State Historic Preservation Division serves to protect and preserve historic properties significant to Hawaii's history through several program areas. The State Historic Preservation Division is tasked with many responsibilities such as protection and preservation of historic properties, burial regulation, Hawaii and National Registers, and compliance with the National Historic Preservation Act. The Division has also faced challenges with insufficient staffing and funding. Despite the lack of resources, the Division has digitized approximately forty percent of its reports and project review documents, and the Division also developed and launched the Hawaii Cultural Resources Information System (HICRIS) to initially automate project submittals. With full implementation of HICRIS, the Division will have the ability to process, track, and respond more efficiently to both project reviews and information requests, which will improve decision-making in project planning and review. However, without the resources necessary to carry out its mission, the Division has experienced significant delays in its ability to meet those mission objectives. As the State Historic Preservation Division has a responsibility to protect and preserve Hawaii's historic identity, findings from a report by the Auditor may provide further guidance on internal challenges faced by the State Historic Preservation Division.

As affirmed by the records of votes of the members of your Committees on Water and Land and Government Operations that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 24 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Water and Land: Ayes, 3. Noes, none. Excused, 2 (Keith-Agaran, Misalucha).

Government Operations: Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3737 Transportation on S.C.R. No. 96

The purpose and intent of this measure is to request the Department of Transportation to increase local funding for metropolitan planning organizations and to pursue further funding opportunities under the Federal Bipartisan Infrastructure Law.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the cost of building and maintaining infrastructure is one of the costliest annual expenses to the State. The new Federal Bipartisan Infrastructure Law will provide opportunities for federal funding. Metropolitan Planning Organizations are an important part of the process of obtaining federal funding but are traditionally understaffed in Hawaii compared to Metropolitan Planning Organizations in other states. Therefore, the purpose of this measure is to request that the Department of Transportation increase funding for Metropolitan Planning Organizations so that they may more effectively pursue federal funding for infrastructure.

Your Committee has amended this measure by:

- (1) Adding a request for annual Oahu Metropolitan Planning Organization briefings to the Legislature, including how projects planned and underway achieve state ground transportation goals;
- (2) Clarifying that the Oahu Metropolitan Planning Organization is requested to submit annual briefings to the legislature on projects in the Oahu regional transportation plan; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 96, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 96, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3738 Transportation on S.R. No. 86

The purpose and intent of this measure is to request the Department of Transportation to increase local funding for metropolitan planning organizations and to pursue further funding opportunities under the Federal Bipartisan Infrastructure Law.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the cost of building and maintaining infrastructure is one of the costliest annual expenses to the State. The new Federal Bipartisan Infrastructure Law will provide opportunities for federal funding. Metropolitan Planning Organizations are an important part of the process of obtaining federal funding but are traditionally understaffed in Hawaii compared to Metropolitan Planning Organizations in other states. Therefore, the purpose of this measure is to request that the Department of Transportation increase funding for Metropolitan Planning Organizations so that they may more effectively pursue federal funding for infrastructure.

Your Committee has amended this measure by:

- (1) Adding a request for annual Oahu Metropolitan Planning Organization briefings to the Legislature, including how projects planned and underway achieve state ground transportation goals;
- (2) Clarifying that the Oahu Metropolitan Planning Organization is requested to submit annual briefings to the legislature on projects in the Oahu regional transportation plan; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 86, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 86, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3739 Transportation on S.C.R. No. 55

The purpose and intent of this measure is to request the Department of Transportation to convene a task force to conduct a feasibility study on alternate emergency access routes and a second bridge to serve the Hanalei, Waipa, and Ha'ena communities.

Your Committee received testimony in support of this measure from the Department of Transportation and Hanalei Business Community. Your Committee received testimony in opposition to this measure from the Historic Hawaii Foundation. Your Committee received comments on this measure from the Office of the Mayor of the County of Kaua'i.

Your Committee finds that in Kauai County, flooding and landslides are especially dangerous for Hanalei and surrounding communities due to the lack of alternate routes into and out of the area. To further public safety, this resolution requests the convening of a task force to conduct a feasibility study of alternate emergency access routes for the Hanalei, Waipa, and Ha'ena communities.

Your Committee has amended this measure by:

- (1) Removing references to the feasibility of a second bridge;
- (2) Adding the Hanalei to Ha'ena Community Association and Hanalei Roads Committee as working group members;
- (3) Adding the President of the Hanalei to Ha'ena Community Association and President of the Hanalei Roads Committee as recipients of certified copies of this resolution;
- (4) Amending its title accordingly; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 55, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3740 Transportation on S.R. No. 50

The purpose and intent of this measure is to request the Department of Transportation to convene a task force to conduct a feasibility study on alternate emergency access routes and a second bridge to serve the Hanalei, Waipa, and Ha'ena communities.

Your Committee received testimony in support of this measure from the Kauai Taro Growers Association and one individual. Your Committee received testimony in opposition to this measure from the Historic Hawaii Foundation, Hui Hoomalu i ka Aina, Hanalei-to-Ha'ena Community Association, and one individual. Your Committee received comments on this measure from the Office of the Mayor of the County of Kaua'i.

Your Committee finds that in Kauai County, flooding and landslides are especially dangerous for Hanalei and surrounding communities due to the lack of alternate routes into and out of the area. To further public safety, this resolution requests the convening of a task force to conduct a feasibility study of alternate emergency access routes for the Hanalei, Waipa, and Ha'ena communities.

Your Committee has amended this measure by:

- (1) Removing references to the feasibility of a second bridge;
- (2) Adding the Hanalei to Ha'ena Community Association and Hanalei Roads Committee as working group members;
- (3) Adding the President of the Hanalei to Ha'ena Community Association and President of the Hanalei Roads Committee as recipients of certified copies of this resolution;
- (4) Amending its title accordingly; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 50, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 50, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3741 Water and Land on Gov. Msg. Nos. 683 and 686

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 683 AIMEE BARNES, for a term to expire 06-30-2025; and

G.M. No. 686 WESLEY YOON, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Aimee Barnes and Wesley Yoon for service on the Board of Land and Natural Resources.

AIMEE BARNES

Your Committee received testimony in support of the nomination for the appointment of Aimee Barnes from the Department of Land and Natural Resources, Hawaii State Energy Office, Hawaii State Aha Moku, Women Organizing for Change in Agriculture and Natural Resource Management, Hawaii Energy, Surfrider Foundation Hawai'i Region, Polipoli Farms, and eighteen individuals. Your Committee received comments on the nomination for the appointment of Aimee Barnes from the Sierra Club of Hawai'i.

Upon review of the testimony, your Committee finds that Ms. Barnes' experience, background, and commitment to public service qualify her for appointment to the Board of Land and Natural Resources as the member from the City and County of Honolulu. Your Committee finds that Ms. Barnes serves as the principal of Hua Nani Partners, a consulting practice that advises major policy and nonprofit and philanthropic organizations on climate change, including the California-China Climate Institute at the University of California, Berkeley; United States Climate Alliance; Hawaii State Energy Office; and Climate Leadership Initiative. Ms. Barnes has over twenty years of experience working on climate change issues in California, Hawaii, and internationally and is a nationally recognized expert on climate change. Your Committee further finds that Ms. Barnes' specific knowledge on the impacts of climate change on agriculture and natural resources will be an asset to the Board of Land and Natural Resources to serve the needs of Hawai'i's communities. Your Committee therefore recommends that Aimee Barnes be appointed to the Board of Land and Natural Resources based on her experience, knowledge, and commitment to public service.

WESLEY YOON

Your Committee received testimony in support of the nomination for the reappointment of Wesley Yoon from the Department of Land and Natural Resources and Hawaii State Aha Moku. Your Committee received comments on the nomination for the reappointment of Wesley Yoon from Sierra Club of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Yoon's experience, background, and commitment to public service qualify him for reappointment to the Board of Land and Natural Resources as an at-large member. Your Committee finds that Mr. Yoon currently serves as the Vice President of Operations, Planning, and Program Management of the Bishop Museum, a role in which Mr. Yoon is responsible for the daily operations of the Museum's fourteen-acre campus, institution-wide planning, and external relations. Mr. Yoon also has previous professional experience with the Office of Hawaiian Affairs as a Land and Property Manager, and as the Director of Cultural Affairs for The Festival Companies. Your Committee further finds that Mr. Yoon has previously served on the Office of Hawaiian Affairs Native Hawaiian Historic Preservation Council and the State Legacy Land Conservation Commission. Your Committee notes that Mr. Yoon has served on the Board of Land and Natural Resources since 2019 and his

background in cultural resources, land acquisition, and historic preservation are an asset to the Board of Land and Natural Resources. Your Committee therefore recommends that Wesley Yoon be reappointed to the Board of Land and Natural Resources based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Keith-Agaran).

SCRep. 3742 Water and Land on Gov. Msg. Nos. 684, 685, and 687

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF LAND AND NATURAL RESOURCES

G.M. No. 684 DOREEN CANTO, for a term to expire 06-30-2025;

G.M. No. 685 RILEY SMITH, for a term to expire 06-30-2026; and

G.M. No. 687 KAREN ONO, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Doreen Canto, Riley Smith, and Karen Ono for service on the Board of Land and Natural Resources.

DOREEN CANTO

Your Committee received testimony in support of the nomination for the appointment of Doreen Canto from the Department of Land and Natural Resources; Hawaii State Aha Moku; Ocean Tourism Coalition; Maui County Farm Bureau; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Aukai Pacific LLC; and nine individuals. Your Committee received testimony in opposition to the nomination for the appointment of Doreen Canto from two individuals. Your Committee received comments on the nomination for the appointment of Doreen Canto from the Sierra Club of Hawai'i.

Upon review of the testimony, your Committee finds that Ms. Canto's experience, knowledge, community service, and proven leadership to serve the communities of Maui County qualify her for appointment to the Board of Land and Natural Resources as the member representing Maui County. Ms. Canto currently serves Kula Community Association as President. Your Committee notes that Ms. Canto is an active member of the Maui community, and she has previously served as Past President of Maui Native Hawaiian Chamber of Commerce, Maui Commissioner for the Department of Hawaiian Home Lands, and President of Waiohuli Hawaiian Homesteaders Association. Your Committee further finds that Ms. Canto's experience and knowledge of natural and cultural resources of Hawaii, including Native Hawaiian traditional practices and natural resource policy provide crucial insight to the Board of Land and Natural Resources. Your Committee notes that Ms. Canto has been serving on the Board of Land and Natural Resources in an interim capacity since July 2021. Your Committee therefore recommends that Doreen Canto be appointed to the Board of Land and Natural Resources based on her experience, knowledge, and commitment to public service.

RILEY SMITH

Your Committee received testimony in support of the nomination for the appointment of Riley Smith from one member of Hawaii's congressional delegation; Department of Land and Natural Resources; Department of Transportation; Hawaii State Aha Moku; Office of the Mayor of the County of Hawai'i; one member of the Hawai'i County Council; Department of Water Supply of the County of Hawai'i; Ponoholo Ranch Limited; Kohala Coast Resort Association; Kia'iwai Service, LLC; Lāna'i Community Health Center; Akinaka & Associates, Ltd.; Hui 'Oihana – Hawai'i Island Native Hawaiian Chamber of Commerce; Hawaii Operating Engineers Industry Stabilization Fund; Kona-Kohala Chamber of Commerce; Hawaii Cattlemen's Council, Inc.; KAI Hawaii, Inc.; Ku'iwalu; KTA Super Stores; Ho'okele Strategies LLC; Hawaii Island Economic Development Board; Hawaii Leeward Planning Conference; and sixty-four individuals. Your Committee received testimony in opposition to the nomination for the appointment of Riley Smith from Kūpuna for the Mo'opuna and thirteen individuals. Your Committee received comments on the nomination for the appointment of Riley Smith from the Sierra Club of Hawai'i.

Upon review of the testimony, your Committee finds that Mr. Smith's experience, knowledge, and proven leadership to serve the communities of Hawaii County qualify him for appointment to the Board of Land and Natural Resources as the member representing Hawaii County. Mr. Smith currently serves as President and Chief Executive Officer of Lanihau Properties, LLC, and has been a licensed professional engineer in Hawaii since 1980. Your Committee notes that Mr. Smith is an active member of the Hawaii Island community, where he currently serves as a member of the Commission on Water Resource Management Nominating Committee, Kailua Village Design Commission, Kona Water Roundtable, Executive Committee for the Hawaii Leeward Planning Conference, and as Chairperson of Na Ala Hele Advisory Council, Hawaii Island. Your Committee further finds that Mr. Smith's extensive community experience in water resources and land use, in addition to his professional experience in engineering and land management, will be an asset to the Board of Land and Natural Resources. Your Committee therefore recommends that Riley Smith be appointed to the Board of Land and Natural Resources based on his experience, knowledge, and commitment to public service.

KAREN ONO

Your Committee received testimony in support of the nomination for the appointment of Karen Ono from the Department of Land and Natural Resources, one member of the House of Representatives, one member of the Kaua'i County Council, Hawaii State Aha Moku, Hawai'i Association of REALTORS, Contractors Association of Kaua'i, PAL Kauai – Permanently Affordable Living, and twelve individuals. Your Committee received testimony in opposition to the nomination for the appointment of Karen Ono from three individuals. Your Committee received comments on the nomination for the appointment of Karen Ono from the Sierra Club of Hawai'i.

Upon review of the testimony, your Committee finds that Ms. Ono's experience, knowledge, and proven leadership to serve the communities of Kauai County qualifies her for appointment to the Board of Land and Natural Resources as the member representing Kauai County. Ms. Ono served as Association Executive for the Kauai Board of REALTORS for over forty years. Your Committee notes that Ms. Ono also served on the Government Affairs Committee for the Kauai Board of REALTORS as a member representative at various industry events and hosted the annual County Council Candidate Political Forums. In her capacity with the Kauai Board of REALTORS, Ms. Ono trained realtors, government officials, and community members in affordable housing, sea level rise impacts, hunting and fishing access, and Hawaiian land title pathways. Ms. Ono also has prior experience as a representative of the Kauai Board of REALTORS Association to the Kauai Business Council and the Rice Street Business Association, and service as a member of the Kauai County Tax Review Board and the Kauai Public Access, Open Space Commission. Accordingly, Ms. Ono has a thorough, extensive understanding of the roles and responsibilities of the Board and Land and Natural Resources' members. Your Committee therefore recommends that Karen Ono be appointed to the Board of Land and Natural Resources based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3743 Ways and Means on H.B. No. 1801

The purpose and intent of this measure is to improve the energy efficiency of state facilities.

Specifically, the measure:

- (1) Requires state facilities, with the exception of smaller facilities, to implement cost-effective energy efficiency measures;
- (2) Directs the Hawaii State Energy Office to collect all state-owned facilities' utility bill and energy usage data and make this data publicly available;
- (3) Provides that certain agencies that perform energy efficiency retrofitting may continue to receive a certain amount of budget appropriations for energy expenditures; and
- (4) Beginning July 1, 2023, where feasible and cost-effective, requires the design of all new state building construction to maximize energy and water efficiency and energy generation potential, and the use of building materials that minimize the project's carbon footprint.

Your Committee received written comments in support of this measure from the Hawaii State Energy Office, Hawaii Energy, Hawaii Association for Marine Education and Research, Blue Planet Foundation, Ulupono Initiative, 350Hawaii, Climate Protectors Hawaii, Elemental Excelerator, and twenty-two individuals.

Your Committee received written comments on this measure from the Department of Accounting and General Services and one individual.

Your Committee finds that improving energy efficiency is the most cost-effective way to reduce energy usage and is vital for maximizing near-term savings and the long-term energy performance of state buildings.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1801, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Misalucha, Wakai).

SCRep. 3744 Ways and Means on H.B. No. 2255

The purpose and intent of this measure is to amend energy efficiency standards for state buildings and facilities to reduce the demand for and costs associated with energy consumption.

Specifically, this measure requires state agencies to:

- (1) Use public benefits fee administrator rebates to reduce purchase and installation costs of energy efficient equipment; and
- (2) Prioritize the use of appliances that meet the standards required to qualify for public benefits fee administrator rebates.

Your Committee received written comments in support of this measure from the Hawaii State Energy Office, Hawaii Energy, Green Building Initiative, and one individual.

Your Committee finds that requiring both existing and new state facilities to prioritize purchasing energy-efficient products and use incentives and rebates to reduce energy consumption and manage utility costs will help to achieve the State's clean energy goals.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2255, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Misalucha).

SCRep. 3745 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1681

The purpose and intent of this measure is to:

- (1) Establish requirements and permitting procedures for transportation network companies operating in the State; and
- (2) Make permanent insurance requirements for transportation network companies and transportation network company drivers.

Your Committees received testimony in support of this measure from the Department of Transportation; Hawaii Insurers Council; Lyft; and Uber Technologies, Inc.

Your Committees find that statewide regulation of transportation network companies will ensure that residents and visitors have enhanced access to important transportation options, while also ensuring uniform consumer protection throughout the State. Your Committees further find that making insurance requirements permanent for transportation network companies is appropriate and a continuation of protection for consumers.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1681, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3746 Judiciary on H.B. No. 1789

The purpose and intent of this measure is to:

- (1) Require the representative of labor on the Hawaii Labor Relations Board to be a person whose name has been selected by a simple majority of the exclusive representatives of the collective bargaining units and submitted to the Governor for appointment; and
- (2) Require the Governor to submit the name of the nominee to the Senate for advice and consent no later than twenty days after exclusive representatives' submittal of the nominee's name to the Governor, and if the Governor fails to do so, requires the exclusive representatives who recommended the nominee to transmit the nominee's name directly to the Senate for confirmation.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; State of Hawaii Organization of Police Officers; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining.

Your Committee finds that the Hawaii Labor Relations Board is composed of three members: a representative of labor, a representative of management, and the Chairperson who shall represent the public interest. Under existing law, the representative of labor is appointed by the Governor from a list of three nominees submitted by a majority of the exclusive representatives and must be confirmed by the Senate; however, the Governor also appoints both the representative of management and the Chairperson. Since decisions and rulings by the Hawaii Labor Relations Board directly impact every unionized state and county government employee in Hawai'i, it is fair and reasonable to allow the exclusive representatives the right to collectively nominate the representative of labor. This measure will ensure that the exclusive representatives' collective voice is strengthened.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1789, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3747 Judiciary on H.B. No. 2495

The purpose and intent of this measure is to prohibit an employer from entering into or requiring an employee to enter into a nondisclosure agreement pertaining to sexual harassment or sexual assault occurring in the workplace, at work-related events, between employees, or between the employer and an employee.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Civil Rights Commission, Hawai'i State Commission on the Status of Women, AAUW of Hawaii, Hawaii State Democratic Women's Caucus, Hawai'i Women Lawyers, and two individuals.

Your Committee finds that while the current statute specifically prohibits requiring nondisclosure agreements as a condition of employment, it does not prohibit other nondisclosure agreements, whether during employment or post-employment. Even without an express exception for confidential settlement agreements, the narrow focus of the statutory prohibition as a condition of employment does not cover nondisclosure agreements in settlement agreements. This measure further prohibits an employer from entering into a nondisclosure agreement that prevents the employee from disclosing or discussing sexual harassment or assault related to the workplace, expanding the prohibition beyond simply preventing an employer from requiring non-disclosure as a condition of employment.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2495, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3748 Judiciary on H.B. No. 1743

The purpose and intent of this measure is to define “pool” to mean a watertight artificial structure containing a body of water that does not exchange water with any other body of water, either naturally or mechanically, used for swimming, diving, recreational bathing, or therapy by humans.

Your Committee received testimony in support of this measure from the Department of Health and one individual.

Your Committee finds that public swimming pools are currently regulated under the Hawaii Administrative Rules, which require established turnover rates and disinfectant residuals to ensure that proper filtering of the water is occurring at all times during use by the public. Your Committee further finds that man-made lagoons and pools, such as the Natatorium, cannot meet these requirements and do not meet nationally recognized definitions of a “public swimming pool”. Therefore, alternative public health standards for other public recreational waters, such as beaches, should be applied to these structures instead, particularly if the owner of the structure intends to use the ocean or ocean venue for swimming. This measure clarifies the definition of “pool” so that certain structures such as man-made lagoons and pools do not fall under the regulation of “pools”.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1743, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3749 Judiciary on H.B. No. 2006

The purpose and intent of this measure is to:

- (1) Require, for emergency permits to install sandbags, that the Board of Land and Natural Resources include as a condition on the emergency permit a requirement for the attachment of identifying information, including the permittee’s contact information and the permit number, to the sandbag; and
- (2) Require the Board of Land and Natural Resources to specify the form and manner in which the identifying information is to be attached to the sandbag.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that temporary erosion control devices with sandbag “burritos,” which are large tubes of sand wrapped in fabric, have been authorized on a temporary emergency basis to address coastal erosion pursuant to chapter 13-5, Hawaii Administrative Rules, which allows the Chairperson of the Board of Land and Natural Resources to issue emergency permits when there is an imminent threat to public health or safety. This has been an important tool when addressing short-term emergencies such as floods, landslides, tsunamis, and storms. There have been reports of torn bags and debris washed up on the beach that have not been authorized by the Board of Land and Natural Resources for use in the shoreline area. The addition of identifying information to sandbags utilized for erosion control will allow for greater enforcement and accountability.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2006, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 3750 Judiciary on H.B. No. 2514

The purpose and intent of this measure is to prohibit the operation of underground storage tanks with a capacity greater than one hundred thousand gallons, beginning July 1, 2023.

Your Committee received testimony in support of this measure from the Department of Health; Honolulu Board of Water Supply; Sierra Club of Hawai‘i; Hawai‘i Alliance for Community-Based Economic Development; Council for Native Hawaiian Advancement; Shimanchu Wai Protectors-Ukwanshin Kabudan; ‘Ahaui o nā Kauka; Native Hawaiian & Pacific Islander COVID-19 Hawai‘i Response, Recovery, and Resilience Team; Hawai‘i Public Health Institute; 350Hawaii.org; Livable Hawaii Kai Hui; Hawai‘i Alliance for Progressive Action; and twenty-six individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that for years, advocates and organizations have warned about the need to protect the State’s drinking water from contamination due to the Red Hill Fuel Tank facility that sits only one hundred feet above the aquifer that supplies water to over four hundred thousand people, from Halawa to Hawai‘i Kai. The Red Hill facility has a long history of leaking fuel into the surrounding environment and has already contaminated Oahu’s primary drinking water aquifer. Your Committee believes that ending operations of the Red Hill facility immediately and preventing future large underground storage tanks from being constructed is necessary to guarantee the safety of the State’s residents. This measure will ensure that the State’s fresh water aquifers remain safe and free from fuel contamination by prohibiting the operation of underground storage tanks with a capacity greater than one hundred thousand gallons, beginning July 1, 2023.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2514, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3751 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1619

The purpose and intent of this measure is to establish peer-to-peer car-sharing insurance requirements.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Transportation, Hawaii Insurers Council, Hawaii Association for Justice, and American Property Casualty Insurance Association. Your Committees received testimony in opposition to this measure from Passenger Car Rental and four individuals. Your Committees received comments on this measure from Turo, Inc; Getaround; and two individuals.

Your Committees find that peer-to-peer car-sharing programs, which are not rental car businesses, allow for vehicle owners to share their vehicles with others through online platforms. Your Committees further find that peer-to-peer car-sharing programs do not currently have established requirements for insurance coverage. Your Committees additionally find that it is in the public interest to establish requirements for peer-to-peer car-sharing programs regarding mandatory insurance coverage.

Your Committees have amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1619, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1619, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3752 Commerce and Consumer Protection on H.B. No. 1988

The purpose and intent of this measure is to:

- (1) Prohibit the sale, import, harvest, or export of coral products, with certain exceptions; and
- (2) Require the Department of Land and Natural Resources to amend its administrative rules accordingly no later than December 31, 2024.

Your Committee received testimony in support of this measure from Coral Reef Alliance, Environmental Caucus of the Democratic Party of Hawai'i, Moana Ohana, Legacy Reef Foundation, Clean the Pacific, Hawai'i Reef and Ocean Coalition, Big Island "Reef Keepers" Hui, Center for Biological Diversity, Maui Divers of Hawai'i, For the Fishes, Conservation Council for Hawai'i, Kai Palaoa, Sierra Club of Hawai'i Moku Lua Group, Kalanihale, Friends of Hanauma Bay, Haereticus Environmental Laboratory, Fair Wind Charters, Ocean Defenders Alliance – Hawai'i, and nine individuals. Your Committee received testimony in opposition to this measure from Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of the Attorney General, and Maui Divers Jewelry.

Your Committee finds that the commercial use of coral contributes to the decline and degradation of the State's coral reefs and is disrespectful to native Hawaiian cultural values, traditions, and practices, especially regarding black coral. Coral reefs, which are the foundation of the State's marine ecosystem, are already facing unprecedented stressors, including acidification, warming oceans, overfishing, and pollution. The archaic trade in coral products is not compatible with principles of sustainability and this measure will further support efforts to protect Hawaii's coral reefs.

Your Committee notes the concerns raised in testimony that this measure, as currently drafted, may exclude non-state entities from harvesting corals under Special Activity Permits issued by the Department of Land and Natural Resources for certain non-commercial scientific, management, educational, or propagation purposes. Accordingly, amendments to this measure are necessary to address this concern and to resolve certain potential constitutional challenges.

Your Committee has amended this measure by:

- (1) Clarifying that it shall be unlawful for any person to import into, export from, sell in, harvest from, or offer for sale in the State any coral product, provided that the coral product is an endangered species native to Hawaii;
- (2) Clarifying this restriction shall not apply to:
 - (A) The import into, export from, sale in, or offer for sale in the State of any coral product for certain purposes;
 - (B) The harvest of coral products pursuant to a special activity permit for non-commercial harvesting purposes; and
 - (C) Coral products expressly authorized by federal law or federal permit;
- (3) Inserting an effective date of July 1, 2022; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1988, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1988, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3753 Commerce and Consumer Protection on H.B. No. 2089

The purpose and intent of this measure is to:

- (1) Amend the definition of “renewable portfolio standard” to more accurately reflect the percentage of renewable electrical energy generated in the State;
- (2) Expand the events or circumstances that are beyond an electric utility company’s reasonable control to include non-renewable energy generated by electric generation facilities where the electric utility does not have direct control or ownership; and
- (3) Require electric utility companies to track and annually report data and trends on customer retention and attrition to further inform the calculation of the renewable portfolio standards.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Public Utilities Commission; Hawai‘i State Energy Office; Hawaiian Electric Company; Ulupono Initiative; 350Hawaii.org; Climate Protectors Hawai‘i; and two individuals.

Your Committee finds that the State is statutorily required to establish a one hundred percent renewable portfolio standard by December 31, 2045, with the intent to transition the State away from imported fuels and toward renewable local resources that provide a secure source of affordable energy. Your Committee further finds that the Legislature has also established a zero emissions clean economy target to sequester more atmospheric carbon and greenhouse gases than emitted within the State as quickly as practicable, but no later than 2045. Your Committee additionally finds that current calculations of the renewable portfolio standard do not accurately reflect the progress made by the State or the steps required to meet the State’s renewable portfolio goals. This measure will change the renewable portfolio standard to be based on generation, rather than sales, to ensure that a one hundred percent renewable portfolio standard is achieved as intended.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2089, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2089, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3754 Commerce and Consumer Protection on H.B. No. 2280

The purpose and intent of this measure is to specify that planned community associations cannot prohibit or unreasonably restrict the use of a member’s enclosed yard area for personal agriculture.

Your Committee received testimony in support of this measure from Associa and three individuals. Your Committee received testimony in opposition to this measure from the Community Associations Institute Legislative Action Committee and three individuals.

Your Committee finds that the home cultivation of food can contribute to sustainability and can promote health and food security. Accordingly, this measure would allow members of planned community associations to use their enclosed yard spaces for personal agriculture purposes. Your Committee notes the concerns raised in testimony that this measure, as currently drafted, may lead to disputes on covenants enforcement and some definitions may be considered vague relating to “reasonable restrictions”. Amendments to this measure are therefore necessary to address these concerns, but it is the clear intent and understanding of your Committee that this measure, as amended, will not grant associations the authority to restrict personal agriculture on property that is properly zoned for agricultural use.

Your Committee has amended this measure by:

- (1) Clarifying that no association shall prohibit or unreasonably restrict the use of a unit owner’s enclosed yard area for personal agriculture, provided that the use is not in violation of the association’s existing master landscape plan or other restrictive covenants applicable to the unit;
- (2) Amending the definition of “personal agriculture” to mean a use of land where an individual cultivates lawful edible plant crops for personal use or donation;
- (3) Amending the definition of “reasonable restrictions” to mean restrictions that are reasonably necessary to protect neighbor unit owners or residents’ use and enjoyment of their property and do not unreasonably increase the cost of engaging in personal agriculture or unreasonably decrease its efficiency; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2280, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2280, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3755 Commerce and Consumer Protection on H.B. No. 2340

The purpose and intent of this measure is to amend the definition of “address” in the Uniform Controlled Substances Act, chapter 329, Hawaii Revised Statutes, to make post office boxes and rural and highway contract route boxes permissible for a prescription to be considered valid, on the condition that a physical address is readily accessible.

Your Committee received testimony in support of this measure from Kaiser Permanente and three individuals. Your Committee received comments on this measure from the Board of Pharmacy.

Your Committee finds that the number of prescriptions pharmacists receive with post office box addresses is significant, particularly on the neighbor islands. Your Committee further finds that, under existing law, if a controlled substance prescription has a post office box address, pharmacists are required to verify a patient's identification, note the identification number on the prescription, and change the address to a physical location, such as a street address, tax map key, or description of the physical location. Your Committee additionally finds permitting post office box and rural and highway contract route box addresses to be used as an option for prescriptions, as long as the physical location where an individual resides is on file, would reduce an unnecessary administrative burden on pharmacists and allow them to better focus on the needs of patients.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2340, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2340, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3756 Judiciary on H.B. No. 1567

The purpose and intent of this measure is to:

- (1) Eliminate the use of monetary bail and require defendants to be released on their own recognizance for traffic offenses, violations, nonviolent petty misdemeanor offenses, or nonviolent misdemeanor offenses; and
- (2) Allow defendants the option to participate in a bail report interview via videoconference.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Common Cause Hawaii, Community Alliance on Prisons, Hawai'i Alliance for Progressive Action, Americans for Democratic Action Hawai'i, Faith Action for Community Equity, Trinity United Methodist Church, League of Women Voters Hawaii, Imua Alliance, Bail Reform Project, and sixty-nine individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Retail Merchants of Hawaii, and State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Judiciary, Department of Public Safety, American Civil Liberties Union of Hawai'i, Hawaii Substance Abuse Coalition, and one individual.

Your Committee finds that almost half of the people in the Oahu Community Correctional Center are there because they cannot afford bail. From April 1 to September 30, 2021, pretrial detainees at Oahu Community Correctional Center cost the State, on average, \$113,000 per day. Your Committee further finds that the use of money bail is often justified on the grounds that it makes us safer by keeping dangerous people in jail. However, a report from the 2018 Criminal Pretrial Task Force, chaired by Hawaii Circuit Judge Rom A. Trader found that "there is virtually no correlation between the setting of a particular bail amount and whether the defendant will commit further crime or engage in violent behavior when released from custody". Your Committee believes that money bail is a poor method of assessing and managing a defendant's risks to the community. This measure will provide better equality within the justice system by eliminating the use of monetary bail and requiring that defendants be released on their own recognizance for certain offenses, and allowing defendants the option to participate in a bail report interview via videoconference.

Your Committee has heard the testimony of the Department of the Prosecuting Attorney of the City and County of Honolulu expressing concerns that this measure fails to account for time between the date of the offense and the date the individual is arraigned on the original case, which can range from a few days to a few weeks for petty misdemeanor and misdemeanor cases. Your Committee notes the suggestion of the Department of the Prosecuting Attorney of the City and County of Honolulu to amend this measure to address this issue.

Your Committee has amended this measure by:

- (1) Restoring language that requires the court to release defendants arrested, charged, and held for nonviolent class C felony offenses;
- (2) Requiring the Director of Public Safety to release a defendant if the defendant is unable to post bail in the amount of \$99 or less;
- (3) Amending section 1 to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1567, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1567, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3757 Judiciary on H.B. No. 1891

The purpose and intent of this measure is to enact the Uniform Recognition and Enforcement of Canadian Domestic-Violence Protection Orders Act.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Laws and Domestic Violence Action Center. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee finds that the Uniform Recognition and Enforcement of Canadian Domestic-Violence Protection Orders Act was developed by the Uniform Law Commission with input from judges and practicing lawyers from both the United States and Canada. Your Committee further finds that to date, the Act has been enacted in seven states, including California, Nevada, and Washington. This measure will protect Canadian travelers who have domestic violence protection orders while they are visiting Hawai'i by providing clear rules for judicial enforcement of Canadian protection orders.

Your Committee has amended this measure by:

- (1) Granting law enforcement officers the same immunity from liability for the enforcement of Canadian domestic-violence protection orders as they would receive for the enforcement of domestic protection orders;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1891, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1891, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3758 (Majority) Ways and Means on H.B. No. 1705

The purpose and intent of this measure is to authorize the Department of Agriculture to extend the agricultural park lease of any lessee holding a lease that has a remaining term of fifteen years or less; provided that the leased land is twenty-five acres or less and located in a county having a population of less than five hundred thousand.

Your Committee received written comments in support of this measure from the Land Use Research Foundation of Hawaii, Hawaii Floriculture and Nursery Association, Hawaii Farm Bureau, and five individuals.

Your Committee received written comments in opposition to this measure from the Department of Agriculture.

Your Committee finds that authorizing the Department of Agriculture to permit lessees of certain agricultural park lands to extend their leases will facilitate those lessees' ability to contribute to food production in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1705, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1705, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 1 (Fevella). Excused, 2 (Misalucha, Wakai).

SCRep. 3759 Ways and Means on H.B. No. 2088

The purpose and intent of this measure is to facilitate the financing of wastewater, clean energy, or other qualifying improvements for commercial properties.

Specifically, the measure:

- (1) Establishes a commercial property assessed financing program; and
- (2) Authorizes property assessed financing for commercial properties.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Hawaii Reef and Ocean Coalition; Nuveen Green Capital; Hawaii Bankers Association; Petros PACE Finance, LLC; PACENation; C-PACE Alliance; WAI: Wastewater Alternatives & Innovations; CORAL (Coral Reef Alliance); Elemental Excelsator; and Maui Chamber of Commerce.

Your Committee received written comments on this measure from the Hawaii Public Utilities Commission, City and County of Honolulu, Tax Foundation of Hawaii, and Hawaii Financial Services Association.

Your Committee finds that to make wastewater, clean energy, or other qualifying commercial property improvements more affordable, the State should create a financial assistance program so that commercial property owners are more willing to voluntarily finance these improvements.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2088, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2088, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (Misalucha, Wakai).

SCRep. 3760 Ways and Means on H.B. No. 2218

The purpose and intent of this measure is to designate runway 8R-26L at the Daniel K. Inouye International Airport as the “Frank T. Okimoto Reef Runway”.

Your Committee received written comments in support of this measure from three individuals.

Your Committee finds that the designation of runway 8R-26L at the Daniel K. Inouye International Airport as the “Frank T. Okimoto Reef Runway” is an appropriate tribute to Frank T. Okimoto, the project engineer for the runway.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2218, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2218, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Misalucha).

SCRep. 3761 Ways and Means on H.B. No. 2491

The purpose and intent of this measure is to require all letterheads of the State and counties to use and spell Hawaiian words and names consistently, including the consistent use of kahakō and ‘okina diacritical marks.

Your Committee received written comments in support of this measure from the Hawaii Civil Rights Commission, University of Hawaii at Hilo, Center for Hawaiian Sovereignty Studies, and three individuals.

Your Committee finds that this measure will help government agencies promote to the public the proper meaning, spelling, and pronunciation of words in the Hawaiian language.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2491, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2491, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Misalucha).

SCRep. 3762 Judiciary on H.B. No. 1412

The purpose and intent of this measure is to:

- (1) Require the counties to provide a minimum distance a vehicle must be moved within a specified timeframe after a vehicle is initially inspected for abandonment to avoid an official classification of abandonment; and
- (2) Require that, before a vehicle can be classified as being abandoned, notice be provided that the vehicle must be moved the specified distance within the specified timeframe or be subject to removal.

Your Committee received testimony in support of this measure from the County of Maui Department of Environmental Management, County of Hawai‘i Department of Environmental Management, one member of the Kaua‘i County Council, one member of the Maui County Council, Hawai‘i State Association of Counties, Hawaii Council of Mayors, and eight individuals.

Your Committee finds that abandoned vehicles continue to overrun neighborhoods across the State. The prevalence of abandoned vehicles on public streets has created widespread environmental issues, as well as unsafe and unhealthy conditions for Hawai‘i residents. Your Committee further finds that existing law is silent regarding the distance a vehicle must be moved in order to no longer be classified as abandoned. This loophole can create problems in the disposition of an abandoned vehicle if a vehicle that was once deemed abandoned can no longer be classified as abandoned if it merely moves an inch or two from the location where it was deemed abandoned. This measure will make it clear as to how far a vehicle must be moved and when it must be moved in order to no longer be classified as abandoned.

Your Committee has amended this measure by inserting an effective date of July 30, 2075, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1412, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3763 Judiciary on H.B. No. 1894

The purpose and intent of this measure is to accommodate the use of both traditional Native Hawaiian burial practices and environmentally-friendly burial practices by including water cremation in the treatment and disposal of human remains.

Your Committee received testimony in support of this measure from the Council for Native Hawaiian Advancement; Fischer & Associates, LLC; Ken Ordenstein Funerals; and fourteen individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that, traditionally, Native Hawaiian burial practices were undertaken by the steaming of the deceased's body in an imu until the flesh could be easily removed from the bones, which were then wrapped and returned to the family of the deceased. For over a century, Native Hawaiians have had no culturally appropriate way to bury their loved ones other than a full body burial in a casket in a plot of earth or by flame cremation with ashes and bone fragments. Water cremation is a water-based dissolution process for human remains that uses alkaline chemicals, heat, agitation, and pressure to gently accelerate natural decomposition. The liquid is considered a sterile wastewater, with no remaining DNA and is discharged with the permission of the local wastewater treatment authority, in accordance with federal, state, and local laws. There are also significant environmental benefits in comparison to traditional flame cremation. This measure, therefore, provides Native Hawaiians and consumers in Hawai'i with an option for burial that is culturally appropriate, clean, and environmentally responsible.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1894, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1894, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 3764 Judiciary on H.B. No. 1339

The purpose and intent of this measure is to establish requirements for institution of and causes for impeachment of the Governor or Lieutenant Governor.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that currently there is no process provided for in the Hawaii Revised Statutes for the impeachment of the Governor or Lieutenant Governor in the Hawaii Revised Statutes for cases when high crimes and misdemeanors are committed. The process by which a Governor or Lieutenant Governor may be removed from office should be clearly articulated and transparent. This measure provides for that process.

Your Committee notes that federal case law and its application should be considered for guidance on the definition of "high crimes and misdemeanors."

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1339, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3765 Judiciary on H.B. No. 2416

The purpose and intent of this measure is to:

- (1) Require nonprofit organizations to disclose the name and address of donors who donate an aggregate of more than \$100, with certain exceptions; and
- (2) Add definitions.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Sierra Club of Hawai'i, Hawai'i Children's Action Network Speaks!, and one individual. Your Committee received comments on this measure from the Department of the Attorney General, Campaign Spending Commission, Common Cause Hawaii, and American Civil Liberties Union of Hawai'i.

Your Committee finds that the State's existing campaign finance laws fail to reveal the true source of dark money campaign spending. Dark money campaign spending occurs when an organization, such as a nonprofit organization, raises funds through donations, then uses the donations on campaign expenditures in an attempt to influence elections. It is dark money because there is a lack of transparency on who is trying to influence an election. This measure will enhance existing campaign spending disclosure requirements to ensure that the true source of campaign spending is disclosed to the electorate.

Your Committee has amended this measure by:

- (1) Increasing the threshold amount that requires that nonprofit organizations file a report of each donor making a donation from more than \$100 in the aggregate during an election period, to more than \$10,000;

- (2) Incorporating the amendments proposed by the Campaign Spending Commission as follows:
- (A) Restoring statement of information requirements for electioneering communications expenditures made by noncandidate committees and organizations other than noncandidate committees;
 - (B) Deleting language that would have required each statement of information to contain the name and address of the top three donors donating an aggregate of more than \$100 in the preceding twelve-month period, excluding the donor's name or address if the donor has not provided consent;
 - (C) Clarifying that if the expenditures were made by a nonprofit organization, the statement of information shall contain the amount and date of the deposit of each donation received and the name and address of each donor making a donation aggregating more than \$10,000 during an election period, which was not previously reported, excluding a donor's name or address if the donor has not provided consent; and
 - (D) Clarifying that "disclosure date" means, for every calendar year, the first date during the calendar year on which an electioneering communication is made, and the date on which any subsequent electioneering communication is made; provided that the person making the electioneering communication has made expenditures for electioneering communications of more than \$2,000 in the aggregate; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2416, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2416, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3766 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 2

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the certification and regulation of community health workers.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Department of Health, Hawai'i Public Health Institute, Hawai'i Primary Care Association, and two individuals. Your Committees received comments on this measure from the Office of the Auditor and Hawai'i Community Health Worker Association.

Your Committees find that persons who hold themselves out as community health workers are not presently required to be licensed, certified, registered, or otherwise regulated by the State. Your Committees further find that increasing the number of community health workers and standardizing their qualifications and required training will help rural communities receive access to adequate, timely, and life-saving health care services. Furthermore, establishing certification for community health workers may also enable their services to be reimbursable under private and public health insurance plans.

Your Committees find that S.B. No. 2882, introduced during the Regular Session of 2022, proposes the certification and regulation of community health workers. Section 26H-6, Hawaii Revised Statutes, requires new measures subjecting unregulated professions and vocations to licensing or other regulatory controls to be referred to the Auditor for analysis. This measure requests the Auditor to analyze the proposed certification and regulation of community health workers in accordance with section 26H-6, Hawaii Revised Statutes.

Your Committees have amended this measure by:

- (1) Identifying Senate Bill No. 2882, Regular Session of 2022, as the measure that would subject community health workers to licensing or other regulatory controls for the Auditor to analyze;
- (2) Requesting the Auditor to, in preparing the sunrise review of the certification and regulation of community health workers, solicit and incorporate input from current community health workers in the State and consider the potential cost burdens to community health workers resulting from the certification and regulation of community health workers; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 2, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Health: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).
Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3767 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 122

The purpose and intent of this measure is to request the Auditor to conduct a sunrise review of the licensure of school psychologists.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Department of Education. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Board of Psychology.

Your Committees find that persons who hold themselves out as school psychologists are not presently required to undergo any formal credentialing by the State. Senate Bill No. 1274, introduced during the Regular Session of 2021, proposes the regulation and licensure of school psychologists. Section 26H-6, Hawaii Revised Statutes, requires new measures subjecting unregulated professions

and vocations to licensing or other regulatory controls to be referred, via concurrent resolution, to the Auditor for analysis. This measure requests the Auditor to analyze the proposed licensure of school psychologists in accordance with section 26H-6, Hawaii Revised Statutes.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 122, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 122, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3768 (Joint) Health and Commerce and Consumer Protection on S.C.R. No. 123

The purpose and intent of this measure is to request the Auditor to conduct a social and financial assessment of the mandatory health insurance coverage for early access breast cancer screening proposed by Senate Bill No. 827, S.D. 2, Regular Session of 2021.

Your Committees received testimony in support of this measure from the University of Hawai'i System; Hawaii Medical Association; 'Ahaui o nā Kauka – Association of Native Hawaii Physicians; CHI Lifestyle Medical Center, LLC; Hawaii Chapter of the American College of Emergency Physicians; Hawaii Radiological Society; Hawaii Society of Clinical Oncology; and seven individuals. Your Committees received comments on this measure from the Department of Health.

Your Committees find that section 23-51, Hawaii Revised Statutes, requires that “[b]efore any legislative measure that mandates health insurance coverage for specific health services, specific diseases, or certain providers of health care services as part of individual or group health insurance policies, can be considered, there shall be concurrent resolutions passed requesting the auditor to prepare and submit to the legislature a report that assesses both the social and financial effects of the proposed mandated coverage”. Senate Bill No. 827, S.D. 2, introduced in the Regular Session of 2021, proposed to expand existing mandated breast cancer screening health insurance coverage. This measure requests the Auditor to conduct a social and financial assessment of the mandatory health insurance coverage for early access breast cancer screening proposed by Senate Bill No. 827, S.D. 2, in accordance with section 23-51, Hawaii Revised Statutes.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Health and Commerce and Consumer Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 123, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 123, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Health: Ayes, 4. Noes, none. Excused, 1 (San Buenaventura).

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (San Buenaventura).

SCRep. 3769 (Joint) Energy, Economic Development, and Tourism and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 94

The purpose and intent of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Hawaii Technology Development Corporation; Hawaii Green Infrastructure Authority; Natural Energy Laboratory of Hawaii; University of Hawai'i System's Hawaii Natural Energy Institute; Department of Commerce and Consumer Affairs' Division of Consumer Advocacy; Public Utilities Commission; Hawaiian Electric Company, Inc.; and Hawaii Gas.

Your Committees find that the request for the establishment of a permanent presence in Hawaii proposed by this measure would give the United States Department of Energy (Energy Department) some discretion as to the nature of that permanent presence in the State. It could take a variety of forms, including but not limited to establishing an Energy Department office, national lab, research center, or field site. During the hearing, the Hawaii State Energy Office noted that the Energy Department currently has a callout to hire one thousand new employees across the country; it is unclear whether the Energy Department has the existing office space or the ability for all of these new hires to work remotely; and the Energy Department could be currently looking for space to establish a physical office. Your Committees note that the establishment of an Energy Department office in Hawaii could improve the placed-based results of various clean energy programs, increase federal funding, and attract highly-skilled workers to the State. Your Committees further note that in addition to providing copies of this resolution to the congressional delegation, the Legislature should also enlist their support on this matter.

Your Committees have amended this measure making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 94, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 94, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 3. Noes, none. Excused, 2 (Riviere, Fevella).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Riviere, Fevella).

SCRep. 3770 (Joint) Energy, Economic Development, and Tourism and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 84

The purpose and intent of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Hawaii Technology Development Corporation; Hawaii Green Infrastructure Authority; Natural Energy Laboratory of Hawaii; University of Hawai'i System's Hawaii Natural Energy Institute; Department of Commerce and Consumer Affairs' Division of Consumer Advocacy; Public Utilities Commission; Hawaiian Electric Company, Inc.; and Hawaii Gas.

Your Committees find that the request for the establishment of a permanent presence in Hawaii proposed by this measure would give the United States Department of Energy (Energy Department) some discretion as to the nature of that permanent presence in the State. It could take a variety of forms, including but not limited to establishing an Energy Department office, national lab, research center, or field site. During the hearing, the Hawaii State Energy Office noted that the Energy Department currently has a callout to hire one thousand new employees across the country; it is unclear whether the Energy Department has the existing office space or the ability for all of these new hires to work remotely; and the Energy Department could be currently looking for space to establish a physical office. Your Committees note that the establishment of an Energy Department office in Hawaii could improve the placed-based results of various clean energy programs, increase federal funding, and attract highly-skilled workers to the State. Your Committees further note that in addition to providing copies of this resolution to the congressional delegation, the Legislature should also enlist their support on this matter.

Your Committees have amended this measure making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy, Economic Development, and Tourism and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 84, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 84, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy, Economic Development, and Tourism: Ayes, 3. Noes, none. Excused, 2 (Riviere, Fevella).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 3. Noes, none. Excused, 2 (Riviere, Fevella).

SCRep. 3771 Transportation on S.C.R. No. 137

The purpose and intent of this measure is to:

- (1) Request that the Department of Transportation take all necessary steps to expedite work on the Maipalaoa Bridge in Maili, Oahu;
- (2) Request improved traffic signal support on the Waianae Coast; and
- (3) Urge various entities to work together to immediately open the section of the Waianae Coast Emergency Access Road System extending from Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee received testimony in support of this measure from the Department of Transportation and two individuals.

Your Committee finds that gridlock traffic is a serious problem for Leeward motorists. Maipalaoa Bridge was last reconstructed in 1970, is severely compromised due to deterioration, and is currently under reconstruction. The Waianae Coast Emergency Access Road System is currently a closed emergency roadway that could significantly improve traffic congestion were it to be opened on a more permanent basis. Furthermore, Honolulu's Joint Traffic Management Center can manage traffic flow conditions if all of Waianae's vital traffic signals are connected. The purpose of this measure is to ameliorate Leeward gridlocks through a combination of various changes including the expediting of the Maipalaoa Bridge reconstruction, opening of the Waianae Coast Emergency Access Road System, and streamlining of Waianae's traffic signal system.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 137 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Inouye).

SCRep. 3772 Transportation on S.R. No. 121

The purpose and intent of this measure is to:

- (1) Request that the Department of Transportation take all necessary steps to expedite work on the Maipalaoa Bridge in Maili, Oahu;
- (2) Request improved traffic signal support on the Waianae Coast; and
- (3) Urge various entities to work together to immediately open the section of the Waianae Coast Emergency Access Road System extending from Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Waianae's vital traffic signals are connected. The purpose of this measure is to ameliorate Leeward gridlocks through a combination of various changes including the expediting of the Maipalaoa Bridge reconstruction, opening of the Waianae Coast Emergency Access Road System, and streamlining of Waianae's traffic signal system.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Inouye).

SCRep. 3773 Transportation on S.C.R. No. 142

The purpose and intent of this measure is to urge the Department of Transportation to establish a safe routes to school advisory group to develop a comprehensive statewide safe routes to school strategic plan.

Your Committee received testimony in support of this measure from the Department of Education, Aloha Care, Ulupono Initiative, Hawai'i Public Health Institute, American Heart Association, and three individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that transforming Hawaii's surface transportation systems and infrastructure to enable students to safely and comfortably walk and bike to school is critical to public health and safety. However, due to decades of motor vehicle centered planning and development, there are formidable barriers to safe commuting that result in significant danger to students and others. Because every child deserves to be able to walk, roll, bike, or bus to school in a safe way, this resolution urges the Department of Transportation to develop a comprehensive statewide safe routes to school strategic plan.

Your Committee has amended this measure by:

- (1) Replacing the physical activity and nutrition coordinator and the school wellness coordinator in the advisory group with a Director of Health designee having expertise on state physical activity strategies and a Director of Health designee having expertise on state school health strategies;
- (2) Adding one member of the Senate and one member of the House of Representatives to the advisory group;
- (3) Clarifying that the advisory group may elect its own chair;
- (4) Clarifying that the advisory group has the ability to invite other members;
- (5) Adding a representatives from Aloha Care as a member of the advisory group;
- (6) Replacing the Department of Transportation with the Governor of Hawaii as the entity requested to establish the Safe Routes to School Advisory Group;
- (7) Replacing the Safe Routes to School Coordinator with the Chairperson as the entity who shall invite other representatives to be members;
- (8) Clarifying that the Senate and House of Representatives members are to be from the respective standing committees with jurisdiction over transportation;
- (9) Amending its title accordingly; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 142, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 142, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 3774 Transportation on S.R. No. 126

The purpose and intent of this measure is to urge the Department of Transportation to establish a safe routes to school advisory group to develop a comprehensive statewide safe routes to school strategic plan.

Your Committee received testimony in support of this measure from AlohaCare, Hawai'i Public Health institute, and two individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that transforming Hawaii's surface transportation systems and infrastructure to enable students to safely and comfortably walk and bike to school is critical to public health and safety. However, due to decades of motor vehicle centered planning and development, there are formidable barriers to safe commuting that result in significant danger to students and others. As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 126, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 126, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 3775 Transportation on S.C.R. No. 143

The purpose and intent of this measure is to request the Department of Transportation to name the Mokulele bike path after former State Representative Joseph "Joey" W. Bertram III in recognition and celebration of his life and role in the development of the Maui Veterans Highway Bike Route.

Your Committee received testimony in support of this measure from the Kihei Community Association and two individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation.

Your Committee finds that Joseph "Joey" W. Bertram III was a dedicated public servant, having served as a member of the State House of Representatives. He was a strong advocate for greenways, open spaces, bikeways, and improved public transportation while also supporting the rights of workers. Two of Bertram's most significant achievements were the Maui Veterans Highway Bike Route and the Kihei Greenway Bike Path which is currently in design for its phase three of construction from Waipuilani Road to Kaonoulu Street. To honor his commitment and dedication, this resolution requests to name the Mokulele Bike Path after Joseph "Joey" W. Bertram III.

Your Committee notes that questions were raised regarding the meaning behind the current name of the Mokulele Bike Path and your Committee hopes to receive information that addresses this concern as this measure moves forward.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 143 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Inouye).

SCRep. 3776 Transportation on S.R. No. 127

The purpose and intent of this measure is to request the Department of Transportation to name the Mokulele bike path after former State Representative Joseph "Joey" W. Bertram III in recognition and celebration of his life and role in the development of the Maui Veterans Highway Bike Route.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that Joseph "Joey" W. Bertram III was a dedicated public servant, having served as a member of the State House of Representatives. He was a strong advocate for greenways, open spaces, bikeways, and improved public transportation while also supporting the rights of workers. Two of Bertram's most significant achievements were the Maui Veterans Highway Bike Route and the Kihei Greenway Bike Path which is currently in design for its phase three of construction from Waipuilani Road to Kaonoulu Street. To honor his commitment and dedication, this resolution requests to name the Mokulele Bike Path after Joseph "Joey" W. Bertram III.

Your Committee notes that questions were raised regarding the meaning behind the current name of the Mokulele Bike Path and your Committee hopes to receive information that addresses this concern as this measure moves forward.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 127 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Inouye).

SCRep. 3777 Ways and Means on S.C.R. No. 13

The purpose and intent of this measure is to request that the Legislative Reference Bureau conduct a study, and submit a report to the Legislature, on the feasibility of the State establishing a universal no-cost pre-kindergarten program.

Your Committee received written comments in support of this measure from the Executive Office on Early Learning.

Your Committee received written comments on this measure from the Early Learning Board, Legislative Reference Bureau, and Early Childhood Action Strategy.

Your Committee finds that a statewide, universal, no-cost pre-kindergarten program may help to ensure that each child in the State receives equal and equitable access to early learning education. However, your Committee believes that it is appropriate to study the feasibility of establishing a statewide, universal, no-cost pre-kindergarten program before implementation of such a program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 13 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3778 Ways and Means on S.R. No. 7

The purpose and intent of this measure is to request that the Legislative Reference Bureau conduct a study, and submit a report to the Legislature, on the feasibility of the State establishing a universal no-cost pre-kindergarten program.

Your Committee received written comments on this measure from the Executive Office on Early Learning and Early Childhood Action Strategy.

Your Committee finds that a statewide, universal, no-cost pre-kindergarten program may help to ensure that each child in the State receives equal and equitable access to early learning education. However, your Committee believes that it is appropriate to study the feasibility of establishing a statewide, universal, no-cost pre-kindergarten program before implementation of such a program.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 7 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3779 Ways and Means on S.C.R. No. 62

The purpose and intent of this measure is to provide for the assessment of the social and financial effects of the mandatory health insurance coverage for sexual and reproductive health care services proposed by House Bill No. 249, Regular Session of 2021.

More specifically, this measure requests that the Auditor:

- (1) Conduct a social and financial assessment of House Bill No. 249, Regular Session of 2021;
- (2) Determine whether the proposed mandated benefits provided for in House Bill No. 249, Regular Session of 2021, exceed the essential health benefits under the federal Affordable Care Act;
- (3) Research whether mandating the full range of reproductive health services at no cost-share violates section 1303 of the federal Affordable Care Act; and
- (4) Submit a report to the Legislature.

Your Committee received written comments in support of this measure from Planned Parenthood Alliance Advocates.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Office of the Auditor.

Your Committee notes that pursuant to section 23-51, Hawaii Revised Statutes, before certain legislative measures mandating health insurance coverage may be considered, a Concurrent Resolution shall be adopted requesting the Auditor to conduct a report assessing the social and financial effects of the proposed mandated coverage. Accordingly, your Committee finds that this measure will ensure compliance with this statutory requirement.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 62, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3780 Ways and Means on S.C.R. No. 64

The purpose and intent of this measure is to authorize the Board of Land and Natural Resources to issue a term, non-exclusive easement to Napili Bay and Beach Foundation, Inc., for a portion of certain state submerged lands and a portion of beach access stairs constructed on these lands.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and Napili Bay and Beach Foundation, Inc.

Your Committee notes that pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources is required to receive prior approval of the Governor and prior authorization of the Legislature by concurrent resolution before leasing certain state submerged lands and lands beneath tidal waters. Accordingly, your Committee finds that this measure will ensure that the Board of Land and Natural Resources' issuance of a term, non-exclusive easement to Napili Bay and Beach Foundation, Inc., for a portion of certain state submerged lands complies with this statutory requirement.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3781 Ways and Means on S.C.R. No. 88

The purpose and intent of this measure is to reduce crime in Waianae.

More specifically, this measure urges the Honolulu Police Department to:

- (1) Allocate additional resources to increase police presence on the Waianae Coast on the island of Oahu; and
- (2) Create a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee received written comments in support of this measure from the State of Hawaii Organization of Police Officers and three individuals.

Your Committee finds that concern regarding recent increases in the frequency and severity of criminal activity in the Waianae area has prompted local residents and business owners to call for a greater police presence in the area. Your Committee believes that increasing the visible presence of uniformed police officers in the Waianae area would improve public safety by deterring criminal activity, expediting police response, and providing more immediate assistance to crime victims.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3782 Ways and Means on S.R. No. 78

The purpose and intent of this measure is to reduce crime in Waianae.

More specifically, this measure urges the Honolulu Police Department to:

- (1) Allocate additional resources to increase police presence on the Waianae Coast on the island of Oahu; and
- (2) Create a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee received written comments in support of this measure from three individuals.

Your Committee finds that concern regarding recent increases in the frequency and severity of criminal activity in the Waianae area has prompted local residents and business owners to call for a greater police presence in the area. Your Committee believes that increasing the visible presence of uniformed police officers in the Waianae area would improve public safety by deterring criminal activity, expediting police response, and providing more immediate assistance to crime victims.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 78, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3783 Ways and Means on S.C.R. No. 222

The purpose and intent of this measure is to request the Department of Public Safety, Office of Youth Services, and Department of Budget and Finance to convene a task force to recommend how to create an efficient funding mechanism for the Office of Youth Services.

Your Committee received written comments in support of this measure from the Office of Youth Services and Stonewall Caucus of the Democratic Party of Hawaii.

Your Committee received written comments on this measure from the Department of Public Safety and Opportunity Youth Action Hui.

Your Committee finds that the Office of Youth Services seeks to engage in economic enterprise selling high-quality, local, and sustainable goods. Your Committee believes that the expertise of the Department of Public Safety and the Department of Budget and Finance will assist the Office of Youth Services in further developing their economic enterprise plans to provide youth with practical experience and job skills, and to create an efficient funding mechanism that will provide a long-term cost savings to the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 222 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3784 Ways and Means on S.R. No. 215

The purpose and intent of this measure is to request that the Office of Youth Services, Department of Public Safety, and Department of Budget and Finance convene a task force to recommend methods for creating an efficient funding mechanism for the Office of Youth Services to generate income to support the Office's vocational programs.

Your Committee received written comments on this measure from Opportunity Youth Action Hui.

Your Committee finds that the Office of Youth Services seeks to engage in economic enterprise selling high-quality, local, and sustainable goods. Your Committee believes that the expertise of the Department of Public Safety and the Department of Budget and Finance will assist the Office of Youth Services in further developing their economic enterprise plans to provide youth with practical experience and job skills, and to create an efficient funding mechanism that will provide a long-term cost savings to the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 215 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3785 (Joint) Transportation and Judiciary on S.C.R. No. 109

The purpose and intent of this measure is to request the establishment of a task force to explore the feasibility of restoring or changing historical placenames on streets.

Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that many locations in America are named after racist and negative figures from American history. In the continental United States, many cities, municipalities, and states have changed the names of streets that were named after these racist historical figures. In Hawaii, some streets are named after those who overthrew the monarchy and suppressed the use of the Hawaiian language and culture. Furthermore, some Hawaiian street names were changed to replace their original Hawaiian language names with more generic language. Therefore, the purpose of this measure is to request the formation of a task force to examine the feasibility of appropriately renaming streets.

As affirmed by the records of votes of the members of your Committees on Transportation and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 109 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Transportation: Ayes, 4. Noes, none. Excused, 1 (Inouye).
Judiciary: Ayes, 5. Noes, none. Excused, 2 (Gabbard, Kim).

SCRep. 3786 (Joint) Transportation and Judiciary on S.R. No. 96

The purpose and intent of this measure is to request the establishment of a task force to explore the feasibility of restoring or changing historical placenames on streets.

Your Committees did not receive any testimony on this measure.

Your Committees find that many locations in America are named after racist and negative figures from American history. In the continental United States, many cities, municipalities, and states have changed the names of streets that were named after these racist historical figures. In Hawaii, some streets are named after those who overthrew the monarchy and suppressed the use of the Hawaiian language and culture. Furthermore, some Hawaiian street names were changed to replace their original Hawaiian language names with more generic language. Therefore, the purpose of this measure is to request the formation of a task force to examine the feasibility of appropriately renaming streets.

As affirmed by the records of votes of the members of your Committees on Transportation and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 96 and recommend its adoption.

Transportation: Ayes, 4. Noes, none. Excused, 1 (Inouye).
Judiciary: Ayes, 5. Noes, none. Excused, 2 (Gabbard, Kim).

SCRep. 3787 Agriculture and Environment on S.C.R. No. 106

The purpose and intent of this measure is to request the Governor to optimize the use of federal funds for climate resilience and equity and to convene a task force to coordinate the use of federal funds.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i, Sierra Club of Hawai'i, U.S. Green Building Council, and one individual.

Your Committee finds that climate change has already increased the frequency and intensity of extreme weather events that pose a significant threat to Hawaii and its residents. Without public action, the damage and costs of climate change will continue to grow. However, the State can mitigate the adverse effects of climate change by enhancing its climate resiliency. By optimizing the use of federal funds for climate resilience and equity, the State can preempt many of the negative outcomes that will result from climate change. This measure requests the Governor to optimize the use of federal funds for climate resilience and equity and to convene a task force to coordinate the use of federal funds.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3788 Agriculture and Environment on S.R. No. 93

The purpose and intent of this measure is to request the Governor to optimize the use of federal funds for climate resilience and equity and to convene a task force to coordinate the use of federal funds.

Your Committee received testimony in support of this measure from Climate Protectors Hawai'i, Sierra Club of Hawai'i, and U.S. Green Building Council. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that climate change has already increased the frequency and intensity of extreme weather events that pose a significant threat to Hawaii and its residents. Without public action, the damage and costs of climate change will continue to grow. However, the State can mitigate the adverse effects of climate change by enhancing its climate resiliency. By optimizing the use of federal funds for climate resilience and equity, the State can preempt many of the negative outcomes that will result from climate change. This measure requests the Governor to optimize the use of federal funds for climate resilience and equity and to convene a task force to coordinate the use of federal funds.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 93 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3789 (Joint) Agriculture and Environment and Transportation on S.C.R. No. 146

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on green transportation and public infrastructure.

Your Committees received testimony in support of this measure from the Department of Transportation, Trees for Honolulu's Future, and one individual. Your Committees received comments on this measure from the Legislative Reference Bureau.

Your Committees find that taxpayers repeatedly identify transportation infrastructure as one of the most significant and deserving recipients of state funds. Given the increasing threats from climate change, it is essential that future infrastructure development incorporates sustainable design concepts. Sustainable design concepts have numerous benefits, including decreased urban temperatures, reduced carbon emissions, improved air quality, and greater water replenishment. To ensure effective and efficient implementation of sustainable design concepts in the State, it is crucial to obtain information on the implementation of sustainable design concepts in other United States and international jurisdictions. This measure requests the Legislative Reference Bureau to conduct a study on green transportation and public infrastructure to promote effective and efficient implementation of sustainable design concepts in Hawaii.

Your Committees have amended this measure by:

- (1) Replacing the Legislative Reference Bureau with a task force to be convened by the Director of Transportation to study green transportation and public infrastructure; and
- (2) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 146, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 146, S.D. 1.

Signed by the Chairs on behalf of the Committees.
Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).
Transportation: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3790 (Joint) Agriculture and Environment and Transportation on S.R. No. 130

The purpose and intent of this measure is to request the Legislative Reference Bureau to conduct a study on green transportation and public infrastructure.

Your Committees received testimony in support of this measure from Trees for Honolulu's Future. Your Committees received testimony in opposition to this measure from two individuals.

Your Committees find that taxpayers repeatedly identify transportation infrastructure as one of the most significant and deserving recipients of state funds. Given the increasing threats from climate change, it is essential that future infrastructure development incorporates sustainable design concepts. Sustainable design concepts have numerous benefits, including decreased urban temperatures, reduced carbon emissions, improved air quality, and greater water replenishment. To ensure effective and efficient implementation of sustainable design concepts in the State, it is crucial to obtain information on the implementation of sustainable design concepts in other United States and international jurisdictions. Your Committees have amended this measure by:

- (1) Replacing the Legislative Reference Bureau with a task force to be convened by the Director of Transportation to study green transportation and public infrastructure; and
- (2) Amending its title accordingly.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Transportation that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 130, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 130, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Transportation: Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3791 (Joint) Agriculture and Environment and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 90

The purpose and intent of this measure is to urge Marine Corps Base Hawaii to upgrade the capacity of its sewage treatment plant and redundancy of the components to ensure that final effluent quality is in compliance with state permitting requirements.

Your Committees received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition and one individual.

Your Committees find that Marine Corps Base Hawaii discharges two million gallons of treated wastewater into Kailua Bay each day. To protect the water quality in Kailua Bay and the health of swimmers, paddlers, divers, and surfers, Marine Corps Base Hawaii must comply with final effluent bacteria limitations set forth by the Department of Health through the issuance of a National Pollutant Discharge Eliminations System permit. This measure urges Marine Corps Base Hawaii to upgrade the capacity and redundancy of its sewage treatment plant to ensure that final effluent quality is in compliance with state permitting requirements.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 90 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Acasio).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3792 (Joint) Agriculture and Environment and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 80

The purpose and intent of this measure is to urge Marine Corps Base Hawaii to upgrade the capacity of its sewage treatment plant and redundancy of the components to ensure that final effluent quality is in compliance with state permitting requirements.

Your Committees received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition and one individual.

Your Committees find that Marine Corps Base Hawaii discharges two million gallons of treated wastewater into Kailua Bay each day. To protect the water quality in Kailua Bay and the health of swimmers, paddlers, divers, and surfers, Marine Corps Base Hawaii must comply with final effluent bacteria limitations set forth by the Department of Health through the issuance of a National Pollutant Discharge Eliminations System permit. Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Acasio).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3793 (Joint) Agriculture and Environment and Energy, Economic Development, and Tourism on S.C.R. No. 140

The purpose and intent of this measure is to urge the State Sustainability Coordinator to work with the State and county film offices to develop protocols to ensure that film and television productions in Hawaii utilize sustainable practices.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Pride At Work - Hawai'i; SAG-AFTRA Hawaii Local; IATSE Local 665; Hawai'i Nurses' Association - OPEIU Local 50; Hawaii State AFL-CIO; and eight individuals. Your Committees received comments on this measure from the Honolulu Film Office.

Your Committees find that television and film production programs are among Hawaii's most important industries. However, television and film productions that do not emphasize sustainable practices contribute negatively to the environment. A growing number of advocates in the global entertainment industry recognize the need for more sustainable practices and have called for a reduction and eventual ban of single-use plastics, which are among the most significant causes of environmental damage from television and film productions. This measure urges the State Sustainability Coordinator to work with the State and county film offices to develop protocols to ensure that film and television productions in Hawaii utilize sustainable practices.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 140, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 140, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 3794 (Joint) Agriculture and Environment and Energy, Economic Development, and Tourism on S.R. No. 124

The purpose and intent of this measure is to urge the State Sustainability Coordinator to work with the State and county film offices to develop protocols to ensure that film and television productions in Hawaii utilize sustainable practices.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Hawaii State AFL-CIO; and one individual. Your Committee received comments on this measure from Honolulu Film Office.

Your Committees find that television and film production programs are among Hawaii's most important industries. As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Energy, Economic Development, and Tourism that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 124, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 124, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 5. Noes, none. Excused, none.

Energy, Economic Development, and Tourism: Ayes, 4. Noes, none. Excused, 1 (Riviere).

SCRep. 3795 (Joint) Agriculture and Environment and Judiciary on S.C.R. No. 244

The purpose and intent of this measure is to engage, endorse, accept, and adopt the Aarhus Convention to achieve the goals of the United Nations' Paris Agreement, 2030 Agenda for Sustainable Development, and Universal Declaration of Human Rights.

Your Committees received testimony in support of this measure from Americans for Democratic Action Hawai'i, Community And Relationship Exchange Services, and three individuals. Your Committees received testimony in opposition to this measure from two individuals.

Your Committees find that Hawaii is a global leader in promoting human rights to create a culture of democracy, rule of law, and protection of the planet. Your Committees further find that democracy, rule of law, and protection of the planet are embodied in the Aarhus Convention, which promotes access to environmental information, public participation in decision making, and accountability. This measure engages, endorses, accepts, and adopts the Aarhus Convention to achieve the goals of the United Nations' Paris Agreement, 2030 Agenda for Sustainable Development, and Universal Declaration of Human Rights.

As affirmed by the records of votes of the members of your Committees on Agriculture and Environment and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 244 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Judiciary: Ayes, 4. Noes, none. Excused, 3 (Keohokalole, Kim, Fevella).

SCRep. 3796 Hawaiian Affairs on S.C.R. No. 121

The purpose and intent of this measure is to request that the counties and the State work with Huamakahikina and Kumu Hula to establish policies protecting hula.

Your Committee received testimony in support of this measure from Waimea Hawaiian Civic Club, Huamakahikina, and three individuals.

Your Committee finds that hula is a centuries-old dance form with a rich and important cultural and spiritual background. However, the increasing exposure of Hawaii in popular media among other factors has led to the misrepresentation and exploitation of hula, including spreading incorrect choreography, designs, and proper names. There is currently insufficient acknowledgment of Kumu Hula in the professional labor market and insufficient protection for hula intellectual property rights. Therefore, the purpose of this measure is to request that the counties and government of Hawaii work with Huamakahikina and Kumu Hula to establish new policies to protect hula and requisition increased resources, including public funding and facilities, to ensure the protection of hula to allow it to continue and flourish.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 3797 Hawaiian Affairs on S.R. No. 108

The purpose and intent of this measure is to request that the counties and the State work with Huamakahikina and Kumu Hula to establish policies protecting hula.

Your Committee did not receive any testimony on this measure.

Your Committee finds that hula is a centuries-old dance form with a rich and important cultural and spiritual background. However, the increasing exposure of Hawaii in popular media among other factors has led to the misrepresentation and exploitation of hula, including spreading incorrect choreography, designs, and proper names. There is currently insufficient acknowledgment of Kumu Hula in the professional labor market and insufficient protection for hula intellectual property rights. Therefore, the purpose of this measure is to request that the counties and government of Hawaii work with Huamakahikina and Kumu Hula to establish new policies to protect hula and requisition increased resources, including public funding and facilities, to ensure the protection of hula to allow it to continue and flourish.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 108 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 3798 Government Operations on S.C.R. No. 192

The purpose and intent of this measure is to request the Office of Information Practices to convene a working group to develop a consensus on language for a new exception to the Uniform Information Practices Act (Modified), chapter 92F, Hawaii Revised Statutes (UIPA), for agency records that are deliberative and pre-decisional which reasonably balances the public's interest in disclosure against the potential harm to the agency's ability to fully consider and make sound and informed decisions.

Your Committee received testimony in support of this measure from the Office of Information Practices, Department of Transportation, Department of Hawaiian Home Lands, Department of Defense, University of Hawai'i System, Department of Commerce and Consumer Affairs, Department of Taxation, Common Cause Hawaii, and Society of Professional Journalists Hawaii Chapter. Your Committee received comments on this measure from the Department of Agriculture, The Civil Beat Law Center for the Public Interest, Grassroot Institute of Hawaii, and League of Women Voters of Hawaii.

Your Committee finds that in order to reach sound decisions on the various questions that come before them, agencies in some instances need their employees and officers to fully and frankly discuss proposed policies or tentative decisions at an internal level, outside the glare of publicity, and with the freedom to express views or editorial changes that may not be incorporated into the final decision. Your Committee recognizes that this pre-decisional shield must be tempered by transparency. Your Committee further finds that jurisdictions across the country utilize a wide spectrum of approaches to transparency for agency deliberations. Accordingly, this measure promotes sound and transparent decision-making by requesting the Office of Information Practices to convene a working group to build consensus language for a new UIPA exception for agency records that are deliberative and pre-decisional that reasonably balances the public's interest in disclosure against the potential harm to the agency's ability to fully consider and make sound and informed decisions.

Your Committee notes that the testimony of Common Cause Hawaii, Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, and the Department of Transportation expressed willingness to participate in the working group. Your Committee therefore recommends the Office of Information Practices consider the inclusion of these groups in the working group.

Your Committee has amended this measure by:

- (1) Clarifying one of the working group's goals in response to concerns regarding the importance of the public's interest in transparency and disclosure;
- (2) Amending the title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 192, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 192, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3799 Government Operations on S.R. No. 185

The purpose and intent of this measure is to request the Office of Information Practices to convene a working group to develop a consensus on language for a new exception to the Uniform Information Practices Act (Modified), chapter 92F, Hawaii Revised Statutes (UIPA), for agency records that are deliberative and pre-decisional which reasonably balances the public's interest in disclosure against the potential harm to the agency's ability to fully consider and make sound and informed decisions.

Your Committee received testimony in support of this measure from the Office of Information Practices, Department of Transportation, Department of Hawaiian Home Lands, Department of Defense, University of Hawai'i System, Department of Commerce and Consumer Affairs, Department of Taxation, Common Cause Hawaii, and Society of Professional Journalists Hawaii Chapter. Your Committee received comments on this measure from the Department of Agriculture, The Civil Beat Law Center for the Public Interest, Grassroot Institute of Hawaii, and League of Women Voters of Hawaii.

Your Committee finds that in order to reach sound decisions on the various questions that come before them, agencies in some instances need their employees and officers to fully and frankly discuss proposed policies or tentative decisions at an internal level, outside the glare of publicity, and with the freedom to express views or editorial changes that may not be incorporated into the final decision. Your Committee recognizes that this pre-decisional shield must be tempered by transparency. Your Committee further finds that jurisdictions across the country utilize a wide spectrum of approaches to transparency for agency deliberations. Accordingly, this measure promotes sound and transparent decision-making by requesting the Office of Information Practices to convene a working group to build consensus language for a new UIPA exception for agency records that are deliberative and pre-decisional that reasonably

balances the public's interest in disclosure against the potential harm to the agency's ability to fully consider and make sound and informed decisions.

Your Committee notes that the testimony of Common Cause Hawaii, Civil Beat Law Center for the Public Interest, League of Women Voters of Hawaii, and the Department of Transportation expressed willingness to participate in the working group. Your Committee therefore recommends the Office of Information Practices consider the inclusion of these groups in the working group.

Your Committee has amended this measure by:

- (1) Clarifying one of the working group's goals in response to concerns regarding the importance of the public's interest in transparency and disclosure;
- (2) Amending the title accordingly; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 185, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 185, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Gabbard, Fevella).

SCRep. 3800 (Joint) Government Operations and Agriculture and Environment on S.C.R. No. 108

The purpose and intent of this measure is to:

- (1) Affirm the State's ongoing commitment to the goals of the Paris Climate Agreement, United Nations Sustainable Development Goals, and greenhouse gas emissions reduction targets as called for by the Intergovernmental Panel on Climate Change;
- (2) Pledge to meet the State's proportionate greenhouse gas reductions under the Paris Climate Agreement;
- (3) Request the State and each county to formally endorse the call for a Fossil Fuel Non-Proliferation Treaty; and
- (4) Urge the U.S. government to support the initiative for a Fossil Fuel Non-Proliferation Treaty.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office, Hawai'i Institute for Human Rights, Climate Protectors Hawai'i, 350Hawaii.org, Hawai'i Forest Industry Association, and three individuals.

Your Committees recognize the scientific consensus that human activities are primarily responsible for accelerating global climate change, and that the climate crisis represents one of the preeminent threats to global civilization. Changes in the State's climate are already being felt, as evidenced by rising sea levels, coastal inundation, ocean warming as well as coral bleaching, heightened risk of wild fires, and increasing severe storms.

Your Committees further find that the Paris Climate Agreement and Glasgow Climate Pact made important progress in the fight against climate change. But more is needed. Your Committees note that a new global initiative is underway calling for a Fossil Fuel Non-Proliferation Treaty, which would end new fossil fuel exploration and expansion, phase-out existing production in line with the global commitment to limit warming to 1.5 degrees Celsius, and accelerate equitable transition plans.

Accordingly, this measure encourages rapid and equitable action to combat the climate crisis by urging the nation, State, and counties of Hawaii to endorse the Fossil Fuel Non-Proliferation Treaty and continue efforts to accelerate the transition to clean energy.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 108, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 108, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3801 (Joint) Government Operations and Agriculture and Environment on S.R. No. 95

The purpose and intent of this measure is to:

- (1) Affirm the State's ongoing commitment to the goals of the Paris Climate Agreement, United Nations Sustainable Development Goals, and greenhouse gas emissions reduction targets as called for by the Intergovernmental Panel on Climate Change;
- (2) Pledge to meet the State's proportionate greenhouse gas reductions under the Paris Climate Agreement;
- (3) Request the State and each county to formally endorse the call for a Fossil Fuel Non-Proliferation Treaty; and
- (4) Urge the U.S. government to support the initiative for a Fossil Fuel Non-Proliferation Treaty.

Your Committees received testimony in support of this measure from the Hawaii State Energy Office, 350Hawaii.org, and three individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees recognize the scientific consensus that human activities are primarily responsible for accelerating global climate change, and that the climate crisis represents one of the preeminent threats to global civilization. Changes in the State's climate are

already being felt, as evidenced by rising sea levels, coastal inundation, ocean warming as well as coral bleaching, heightened risk of wild fires, and increasing severe storms.

Your Committees further find that the Paris Climate Agreement and Glasgow Climate Pact made important progress in the fight against climate change. But more is needed. Your Committees note that a new global initiative is underway calling for a Fossil Fuel Non-Proliferation Treaty, which would end new fossil fuel exploration and expansion, phase-out existing production in line with the global commitment to limit warming to 1.5 degrees Celsius, and accelerate equitable transition plans.

Accordingly, this measure encourages rapid and equitable action to combat the climate crisis by urging the nation, State, and counties of Hawaii to endorse the Fossil Fuel Non-Proliferation Treaty and continue efforts to accelerate the transition to clean energy.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Government Operations and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 95, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 95, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3802 (Joint) Government Operations and Public Safety, Intergovernmental, and Military Affairs on S.C.R. No. 79

The purpose and intent of this measure is to urge all the counties to recognize emergency services dispatchers as first responders.

Your Committees received testimony in support of this measure from the Hawaii Department of Defense; Honolulu Police Department; State of Hawaii Organization of Police Officers; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and thirty-nine individuals.

Your Committees recognize that there is simply no rational basis to not classify 911 emergency services dispatchers as first responders. Your Committees find that 911 emergency services dispatchers are a critical part of the public safety system and play a critical role in emergency response. Your Committees further find that these dispatchers deal with immensely stressful, dynamic, and life-and-death situations on a daily basis. Their duties involve rapid information-gathering and split-second decision-making that affect the safety and well-being of the public, as well as field responders. Accordingly, this measure acknowledges the monumental and integral public safety role served by 911 emergency services dispatchers by urging all the counties to recognize emergency services dispatchers, who receive, dispatch, and respond to 911 calls, texts, and other requests, as first responders in their respective jurisdictions.

As affirmed by the records of votes of the members of your Committees on Government Operations and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 79 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Gabbard).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3803 (Joint) Government Operations and Public Safety, Intergovernmental, and Military Affairs on S.R. No. 72

The purpose and intent of this measure is to urge all the counties to recognize emergency services dispatchers as first responders.

Your Committees received testimony in support of this measure from the Honolulu Police Department; State of Hawaii Organization of Police Officer;, Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and thirty-six individuals.

Your Committees recognize that there is simply no rational basis to not classify 911 emergency services dispatchers as first responders. Your Committees find that 911 emergency services dispatchers are a critical part of the public safety system and play a critical role in emergency response. Your Committees further find that these dispatchers deal with immensely stressful, dynamic, and life-and-death situations on a daily basis. Their duties involve rapid information-gathering and split-second decision-making that affect the safety and well-being of the public, as well as field responders. Accordingly, this measure acknowledges the monumental and integral public safety role served by 911 emergency services dispatchers by urging all the counties to recognize emergency services dispatchers, who receive, dispatch, and respond to 911 calls, texts, and other requests, as first responders in their respective jurisdictions.

As affirmed by the records of votes of the members of your Committees on Government Operations and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 72 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Gabbard).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

SCRep. 3804 Ways and Means on S.C.R. No. 213

The purpose and intent of this measure is to request the Department of Health to restore funding to certain substance use disorder treatment organizations that provide services for residential, outpatient, and adult and adolescent school-based programs in fiscal years 2022-2023 and 2023-2024.

More specifically, this measure requests that funding be restored for:

- (1) Adult and adolescent school-based treatment services offered by Hina Mauka (The Alcoholic Rehabilitation Services of Hawaii);
- (2) Adult services offered by The Salvation Army Addiction Treatment Services;
- (3) Adult and children services provided by The Salvation Army Family Treatment Services;
- (4) Subsidization of reduced rates for services provided by Poailani, Inc., and the above-mentioned agencies; and
- (5) School-based services provided by Aloha House, Malama Family Recovery Center, and Maui Youth and Family Services.

Your Committee received written comments in support of this measure from Hina Mauka; Poailani, Inc.; The Salvation Army, Hawaiian and Pacific Islands Division; and one individual.

Your Committee finds that studies indicate that residential treatment programs are most effective for patients suffering from chronic and severe substance use disorders and that there are rare alternative interventions that could meet this special population's needs. Your Committee also finds that substance abuse treatment programs in schools can offer the expertise for providing special interventions for youths, strengthening families, and empowering communities. Your Committee further finds that, due to a loss of funding, many successful treatment programs have had to limit access to their needed services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 213, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3805 Ways and Means on S.R. No. 206

The purpose and intent of this measure is to request the Department of Health to restore funding to certain substance use disorder treatment organizations that provide services for residential, outpatient, and adult and adolescent school-based programs in fiscal years 2022-2023 and 2023-2024.

More specifically, this measure requests that funding be restored for:

- (1) Adult and adolescent school-based treatment services offered by Hina Mauka (The Alcoholic Rehabilitation Services of Hawaii);
- (2) Adult services offered by The Salvation Army Addiction Treatment Services;
- (3) Adult and children services provided by The Salvation Army Family Treatment Services;
- (4) Subsidization of reduced rates for services provided by Poailani, Inc., and the above-mentioned agencies; and
- (5) School-based services provided by Aloha House, Malama Family Recovery Center, and Maui Youth and Family Services.

Your Committee received written comments in support of this measure from Poailani, Inc.

Your Committee finds that studies indicate that residential treatment programs are most effective for patients suffering from chronic and severe substance use disorders and that there are rare alternative interventions that could meet this special population's needs. Your Committee also finds that substance abuse treatment programs in schools can offer the expertise for providing special interventions for youths, strengthening families, and empowering communities. Your Committee further finds that, due to a loss of funding, many successful treatment programs have had to limit access to their needed services.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 206, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3806 (Joint) Public Safety, Intergovernmental, and Military Affairs and Water and Land on S.C.R. No. 19

The purpose and intent of this measure is to request that the joint base Pearl Harbor-Hickam and the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources collaborate to establish a recreational area in the east loch of Pearl Harbor.

Your Committees received testimony in support of this measure from one member of the Pearl City Neighborhood Board and one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Pearl Harbor's east loch is a major visual feature and potential recreational asset for the Aiea-Pearl City region. Your Committees believe that having a recreational area at Pearl Harbor's east loch for the public to enjoy boating and other watercraft activities will benefit the well-being of Hawaii residents. This measure will support the Aiea-Pearl City region and the general public by requesting that the joint base Pearl Harbor-Hickam and the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources collaborate to establish a recreational area in the east loch of Pearl Harbor.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 19, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 19, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

SCRep. 3807 (Joint) Public Safety, Intergovernmental, and Military Affairs and Water and Land on S.R. No. 13

The purpose and intent of this measure is to request that the joint base Pearl Harbor-Hickam and the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources collaborate to establish a recreational area in the east loch of Pearl Harbor.

Your Committees received testimony in support of this measure from two individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that Pearl Harbor's east loch is a major visual feature and potential recreational asset for the Aiea-Pearl City region. Your Committees believe that having a recreational area at Pearl Harbor's east loch for the public to enjoy boating and other watercraft activities will benefit the well-being of Hawaii residents. This measure will support the Aiea-Pearl City region and the general public by requesting that the joint base Pearl Harbor-Hickam and the Division of Boating and Ocean Recreation of the Department of Land and Natural Resources collaborate to establish a recreational area in the east loch of Pearl Harbor.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs and Water and Land that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 13, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 13, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

SCRep. 3808 (Joint) Public Safety, Intergovernmental, and Military Affairs and Water and Land and Agriculture and Environment on S.C.R. No. 201

The purpose and intent of this measure is to urge the United States Army Corps of Engineers to work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in state waters.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Reef and Ocean Coalition and two individuals. Your Committees received testimony in opposition to this measure from American Marine Corporation.

Your Committees find that coral reefs are vital to the health of the fragile coastal ecosystem that has sustained the people of Hawaii from time immemorial. In order to ensure that important coastal resources such as coral reefs can continue to support the people of Hawaii, the Department of Land and Natural Resources has set up extensive preventative and mitigating measures in the form of administrative, criminal, and civil penalties for the destruction of corals and live rock. This measure will recognize the importance the State of Hawaii has placed on its coastal resources, especially its coral reefs, by urging the United States Army Corps of Engineers to work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in state waters.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs, Water and Land, and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 201 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3809 (Joint) Public Safety, Intergovernmental, and Military Affairs and Water and Land and Agriculture and Environment on S.R. No. 194

The purpose and intent of this measure is to urge the United States Army Corps of Engineers to work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in state waters.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Reef and Ocean Coalition, and For the Fishes. Your Committees received testimony in opposition to this measure from American Marine Corporation.

Your Committees find that coral reefs are vital to the health of the fragile coastal ecosystem that has sustained the people of Hawaii from time immemorial. In order to ensure that important coastal resources such as coral reefs can continue to support the people of Hawaii, the Department of Land and Natural Resources has set up extensive preventative and mitigating measures in the form of administrative, criminal, and civil penalties for the destruction of corals and live rock. This measure will recognize the importance the State of Hawaii has placed on its coastal resources, especially its coral reefs, by urging the United States Army Corps of Engineers to

work with the Department of Land and Natural Resources to mitigate negative impacts to corals and other important coral reef resources while dredging in state waters.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs, Water and Land, and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 194 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 5. Noes, none. Excused, none.

Water and Land: Ayes, 5. Noes, none. Excused, none.

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3810 Labor, Culture and the Arts on S.C.R. No. 24

The purpose and intent of this measure is to recognize April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii.

Your Committee received testimony in support of this measure from Kanu Hawaii and one individual.

Your Committee finds that many public agencies and private organizations in small towns, rural counties, and even the largest cities, would not be able to function without the services provided by volunteers. Volunteers not only provide valuable support to communities in times of need, but also strengthen the foundation of neighborhoods and communities, as volunteerism magnifies one's ability to contribute to the greater good and creates social momentum that increases their desire to engage fully with the community. Your Committee also acknowledges that the selfless dedication of services by volunteers in the country has been essential, especially while the nation confronted and continues to recover from the disturbances caused by the coronavirus disease 2019 pandemic.

Your Committee further finds that in 1974, the United States, through presidential proclamation, designated the third week of April as National Volunteer Week to support, extend, and enhance the vital and valuable services offered by volunteers, and that the State of Hawaii recognized and participated in National Volunteer Week in 2020 and 2021. This measure recognizes April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii, to honor volunteers in the community and encourage participation in service projects and community engagement throughout the week.

Your Committee has amended this measure by:

- (1) Amending its title to read "Recognizing April 17 through April 23, 2022, as Volunteer Week Hawaii throughout the State";
- (2) Including the mayors of the four counties of the State of Hawaii as additional recipients of its certified copies; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 24, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 24, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3811 Labor, Culture and the Arts on S.R. No. 18

The purpose and intent of this measure is to recognize April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii.

Your Committee received testimony in support of this measure from Kanu Hawaii and one individual.

Your Committee finds that many public agencies and private organizations in small towns, rural counties, and even the largest cities, would not be able to function without the services provided by volunteers. Volunteers not only provide valuable support to communities in times of need, but also strengthen the foundation of neighborhoods and communities, as volunteerism magnifies one's ability to contribute to the greater good and creates social momentum that increases their desire to engage fully with the community. Your Committee also acknowledges that the selfless dedication of services by volunteers in the country has been essential, especially while the nation confronted and continues to recover from the disturbances caused by the coronavirus disease 2019 pandemic.

Your Committee further finds that in 1974, the United States, through presidential proclamation, designated the third week of April as National Volunteer Week to support, extend, and enhance the vital and valuable services offered by volunteers, and that the State of Hawaii recognized and participated in National Volunteer Week in 2020 and 2021. This measure recognizes April 17 through April 23, 2022, as Volunteer Week in the State of Hawaii, to honor volunteers in the community and encourage participation in service projects and community engagement throughout the week.

Your Committee has amended this measure by:

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 18, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 18, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3812 Labor, Culture and the Arts on S.C.R. No. 25

The purpose and intent of this measure is to recognize October 3 through October 7, 2022, as Digital Inclusion Week in the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Broadband Hui.

Your Committee finds that the disruptions caused by the coronavirus disease 2019 pandemic shifted the means by which people perform work and receive education and essential services from in-person to online, thereby emphasizing the importance of having reliable, affordable internet connectivity. Your Committee further finds that many rural, agricultural, and lower-income communities in the State lack access to reliable and affordable broadband due to the lack of infrastructure; discrimination in investment in delivering technology and technology-related services to specific areas or populations; or barriers derived from socioeconomic status, education, literacy, language, or disabilities. This measure recognizes October 3 through October 7, 2022, as Digital Inclusion Week in the State to raise awareness of the need for digital equity and to promote digital inclusion.

Your Committee has amended this measure by:

- (1) Including the Strategic Broadband Coordinator of the Hawaii Broadband and Digital Equity Office as an additional recipient of its certified copies; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 25, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 25, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3813 Labor, Culture and the Arts on S.R. No. 19

The purpose and intent of this measure is to recognize October 3 through October 7, 2022, as Digital Inclusion Week in the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and Broadband Hui.

Your Committee finds that the disruptions caused by the coronavirus disease 2019 pandemic shifted the means by which people perform work and receive education and essential services from in-person to online, thereby emphasizing the importance of having reliable, affordable internet connectivity. Your Committee further finds that many rural, agricultural, and lower-income communities in the State lack access to reliable and affordable broadband due to the lack of infrastructure; discrimination in investment in delivering technology and technology-related services to specific areas or populations; or barriers derived from socioeconomic status, education, literacy, language, or disabilities. As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 19, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 19, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3814 Labor, Culture and the Arts on S.C.R. No. 53

The purpose and intent of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Rainbow Family 808, Hawai'i Children's Action Network Speaks!, Early Childhood Action Strategy, and three individuals.

Your Committee finds that early childhood is a critical development period for an individual, and therefore, it is critical that young children receive consistent care and nurturing from early childhood educators who are skilled, educated, competent, and appropriately compensated. Your Committee finds however, due to racist and sexist beliefs that child care services do not deserve appropriate compensation because the work is largely performed by women of color, the average wage of child care workers in Hawaii is currently less than \$30,000 a year. By designating the month of September 2022 as Child Care Provider Appreciation Month, this measure acknowledges the importance of child care, especially during early childhood, and the critical role child care providers play in the development of children in Hawaii, and encourages all policy makers, community organizations, and residents in Hawaii to do the same.

Your Committee has amended this measure by:

- (1) Including the Director of Health and Superintendent of Education as additional recipients of its certified copies; and

- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 53, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 53, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3815 Labor, Culture and the Arts on S.R. No. 48

The purpose and intent of this measure is to designate the month of September 2022 as Child Care Provider Appreciation Month.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Hawai'i Children's Action Network Speaks!, Early Childhood Action Strategy, and two individuals.

Your Committee finds that early childhood is a critical development period for an individual, and therefore, it is critical that young children receive consistent care and nurturing from early childhood educators who are skilled, educated, competent, and appropriately compensated. Your Committee finds however, due to racist and sexist beliefs that child care services do not deserve appropriate compensation because the work is largely performed by women of color, the average wage of child care workers in Hawaii is currently less than \$30,000 a year. Your Committee has amended this measure by:

- (1) Including the Director of Health and Superintendent of Education as additional recipients of its certified copies; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 48, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 48, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3816 Labor, Culture and the Arts on S.C.R. No. 72

The purpose and intent of this measure is to establish a sister-state relationship between the State of Hawaii and the Autonomous Region of Madeira, Portugal.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Região Autónoma da Madeira, Governo Regional, Direção Regional das Comunidades e Cooperação Externa; Região Autónoma da Madeira, Governo Regional, Secretaria Regional de Turismo e Cultura; Honorary Consul of Portugal in Hawaii; The Municipal Assembly of Funchal; Luso-American Development Foundation; Funchal Commercial and Industrial Association – Madeira Chamber of Commerce and Industry; Engnho Novo da Madeira; Pukiki Bar; and eighty-eight individuals.

Your Committee finds that Hawaii has developed and maintained a rich heritage of international relations and cultural exchanges since the days of the Hawaiian monarchy in the nineteenth century. Hawaii has an abiding interest in developing goodwill, friendship, and economic relations between the people of Hawaii and the people of many nations and continues to actively seek opportunities to expand its international ties. Since establishing its first sister-state relationship in 1981, Hawaii has formed sister-state relationships with nineteen various states and provinces throughout the globe as a means of asserting and promoting the State's active participation in international matters. As of today, the State maintains sister-state relationships with nineteen states and provinces.

Your Committee recognizes that most successful sister-state relationships are established when there is commonality between Hawaii and the sister state, primarily from geographical, historical, cultural, or economic standpoints, and there is a clear, strong governmental interest in not only forming, but maintaining the relationship.

Your Committee finds that Hawaii and the Autonomous Region of Madeira share a long history and strong bond, beginning with the arrival of one hundred eighty Madeiran contract laborers in Honolulu Harbor on September 30, 1878, followed by approximately eight thousand Madeiran immigrants during the subsequent three decades. Madeira's culture, introduced to Hawaii by the Madeiran immigrants, became integral parts of the lives, tradition, and culture of the people in Hawaii, including braguinha, which became the 'ukulele; linguica, which became known as Portuguese sausage; and their skills as cattlemen, whose traditions shaped Hawaii's paniolo. In terms of geographic and economic standpoints, Hawaii and Madeira share the fact that they are both archipelagos of volcanic origin with tourism being one of their main economic drivers. Furthermore, according to Madeira's Regional Director of the Communities and External Cooperation, Madeira is at times called the "Atlantic Hawaii", due to its fabulous surf spots and big waves. Your Committee also notes multiple testimonies of government officials, private businesses, and individuals in Hawaii and Madeira, expressing excitement and strong support for the establishment and maintenance of this sister-state relationship.

Your Committee finds that the sister-state relationship proposed by this measure will be highly beneficial in expanding tourism, strengthening cultural bonds, and advancing common goals of international peace and fellowship. Your Committee further finds that the Hawaii Sister-State Committee met on November 16, 2021, and approved a formal recommendation that a sister-state relationship be established with the Autonomous Region of Madeira.

Your Committee notes that Hawaii currently has a sister-state relationship with the Autonomous Region of the Azores in Portugal that was established in 1982, which, according to the Department of Business, Economic Development, and Tourism, has not been

active in recent years. Your Committee hopes that the establishment of the Hawaii-Madeira sister-state relationship will reinvigorate Hawaii's relationship with the Azores, leading to a strengthened bond among all three states.

Your Committee has amended this measure by:

- (1) Inserting additional information pertaining to the Autonomous Region of Madeira; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 72, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 72, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3817 Labor, Culture and the Arts on S.C.R. No. 83

The purpose and intent of this measure is to request the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and the Hawaii State Public Library System to collaborate to establish a Hawaii State Poet Laureate Program.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Hawai'i Council for the Humanities, and eight individuals.

Your Committee finds that the State of Hawaii is committed to the preservation and advancement of culture, the arts, history, and the humanities, especially literature and music. Your Committee further finds that poetry and storytelling are rich cultural traditions built into the everyday lives of the people of Hawaii. Your Committee believes that poetry brings heart and soul to all sectors of society--it promotes the love of writing in children, brings peace and respite for the ill and wounded, can be used to commemorate and honor significant life events, and instills pride and connection to cultures and places. The power of poetry, through the blending of multicultural voices, languages, and traditions in a manner that encourages dialogue, pride, and understanding, also builds and strengthens connections within and among our diverse communities and with the world. The Hawaii State Poet Laureate Program that is requested to be established under this measure will encourage the people of Hawaii to further value, embrace, and promote its tradition of poetry and contribute to Hawaii's vibrant, multicultural creative community through the power of writing, reading, and spoken words.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 83 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3818 Labor, Culture and the Arts on S.R. No. 75

The purpose and intent of this measure is to request the Hawaii Council for the Humanities, State Foundation on Culture and the Arts, and the Hawaii State Public Library System to collaborate to establish a Hawaii State Poet Laureate Program.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts and one individual.

Your Committee finds that the State of Hawaii is committed to the preservation and advancement of culture, the arts, history, and the humanities, especially literature and music. Your Committee further finds that poetry and storytelling are rich cultural traditions built into the everyday lives of the people of Hawaii. Your Committee believes that poetry brings heart and soul to all sectors of society--it promotes the love of writing in children, brings peace and respite for the ill and wounded, can be used to commemorate and honor significant life events, and instills pride and connection to cultures and places. The power of poetry, through the blending of multicultural voices, languages, and traditions in a manner that encourages dialogue, pride, and understanding, also builds and strengthens connections within and among our diverse communities and with the world. The Hawaii State Poet Laureate Program that is requested to be established under this measure will encourage the people of Hawaii to further value, embrace, and promote its tradition of poetry and contribute to Hawaii's vibrant, multicultural creative community through the power of writing, reading, and spoken words.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 75 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3819 Labor, Culture and the Arts on S.C.R. No. 118

The purpose and intent of this measure is to extend the requested dissolution date of the Creative Resurgence Task Force that was convened pursuant to Senate Concurrent Resolution No. 242, S.D. 1, H.D. 1, Regular Session of 2021, from June 30, 2022, to the date the task force submits its report to the Legislature or June 30, 2024, whichever occurs later.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and State Foundation on Culture and the Arts.

Your Committee finds that in response to the coronavirus disease 2019 (COVID-19) pandemic's disproportionately devastating impact on Hawaii's creative economy, the Legislature in 2021 adopted Senate Concurrent Resolution No. 242, S.D. 1, H.D. 1, Regular Session of 2021, which requested the convening of a Creative Resurgence Task Force to build and foster creativity and innovation through the arts, culture, and humanities in the State. Specifically, the task force was requested to:

- (1) Examine and determine measures that can be implemented to:
 - (A) Protect the tax-exempt status of creative and cultural nonprofit organizations;
 - (B) Support tax policies that increase charitable support for the creative sector;
 - (C) Repeal the monetary cap on charitable donation deductions from the state income tax;
 - (D) Increase the people's access to the arts, creative sector, and humanities through education, training, and workforce opportunities; and
 - (E) Advance and diversify the creative economy;
- (2) Identify policies that specifically support and enable the creative economy to thrive;
- (3) Establish policies and programs that can be implemented by the Department of Labor and Industrial Relations to assist qualified creative sector workers in obtaining employment opportunities, training, and unemployment insurance benefits;
- (4) Submit a report describing the progress made by the task force and its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022; and
- (5) Dissolve on June 30, 2022.

Your Committee further finds that due to unforeseen circumstances, the task force, although being able to convene and meet, has not been able to complete these requests. This measure will allow the task force to continue its work of examining and determining measures and establishing policies and programs to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee has amended this measure by:

- (1) Changing the requested dissolution date of the Creative Resurgence Task Force to June 30, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 118, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 118, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3820 Labor, Culture and the Arts on S.R. No. 105

The purpose and intent of this measure is to extend the requested dissolution date of the Creative Resurgence Task Force that was convened pursuant to Senate Concurrent Resolution No. 242, S.D. 1, H.D. 1, Regular Session of 2021, from June 30, 2022, to the date the task force submits its report to the Legislature or June 30, 2024, whichever occurs later.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism and State Foundation on Culture and the Arts.

Your Committee finds that in response to the coronavirus disease 2019 (COVID-19) pandemic's disproportionately devastating impact on Hawaii's creative economy, the Legislature in 2021 adopted Senate Concurrent Resolution No. 242, S.D. 1, H.D. 1, Regular Session of 2021, which requested the convening of a Creative Resurgence Task Force to build and foster creativity and innovation through the arts, culture, and humanities in the State. Specifically, the task force was requested to:

- (1) Examine and determine measures that can be implemented to:
 - (A) Protect the tax-exempt status of creative and cultural nonprofit organizations;
 - (B) Support tax policies that increase charitable support for the creative sector;
 - (C) Repeal the monetary cap on charitable donation deductions from the state income tax;
 - (D) Increase the people's access to the arts, creative sector, and humanities through education, training, and workforce opportunities; and
 - (E) Advance and diversify the creative economy;
- (2) Identify policies that specifically support and enable the creative economy to thrive;
- (3) Establish policies and programs that can be implemented by the Department of Labor and Industrial Relations to assist qualified creative sector workers in obtaining employment opportunities, training, and unemployment insurance benefits;
- (4) Submit a report describing the progress made by the task force and its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2022; and
- (5) Dissolve on June 30, 2022.

Your Committee further finds that due to unforeseen circumstances, the task force, although being able to convene and meet, has not been able to complete these requests. This measure will allow the task force to continue its work of examining and determining measures and establishing policies and programs to build and foster creativity and innovation through the arts, culture, and humanities in the State.

Your Committee has amended this measure by:

- (1) Changing the requested dissolution date of the Creative Resurgence Task Force to June 30, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 105, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 105, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3821 Labor, Culture and the Arts on S.C.R. No. 179

The purpose and intent of this measure is to designate March 10 as Enewetak Atoll (Marshall Islands) Liberation Day.

Your Committee received testimony in support of this measure from the Mani im Ejmour Alliance.

Your Committee finds that Enewetak Atoll is a large coral atoll in the Marshall Islands, now known as the Republic of the Marshall Islands. Your Committee further finds that the people of the Marshall Islands, including Enewetak Atoll, experience numerous challenges today connected to the nuclear testing conducted by the United States government in and above the islands from 1946 to 1958, such as being displaced from their ancestral lands because of lingering contamination. Your Committee also finds that many displaced citizens of Enewetak Atoll moved to and settled in Hawaiian Ocean View Estates on the island of Hawaii.

Your Committee finds that the people of Enewetak Atoll, which had been mandated to the Empire of Japan by the League of Nations after World War I, celebrate March 10, 1944, as Liberation Day, commemorating the defeat of Japanese forces by the United States military during World War II, and that the festivities of Liberation Day have become one of the most important and enjoyable events on Enewetak Atoll. This measure designates March 10 as Enewetak Atoll (Marshall Islands) Liberation Day in honor and remembrance of the people of Enewetak Atoll and the community of their descendants in Hawaii.

Your Committee has amended this measure by:

- (1) Deleting detailed explanations of the nuclear testing performed by the United States government in the Marshall Islands;
- (2) Clarifying that the designation of March 10 as Enewetak Atoll (Marshall Islands) Liberation Day is in honor and remembrance of the people of Enewetak Atoll and the community of their descendants in Hawaii; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 179, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 179, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3822 Labor, Culture and the Arts on S.R. No. 172

The purpose and intent of this measure is to designate March 10 as Enewetak Atoll (Marshall Islands) Liberation Day.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that Enewetak Atoll is a large coral atoll in the Marshall Islands, now known as the Republic of the Marshall Islands. Your Committee further finds that the people of the Marshall Islands, including Enewetak Atoll, experience numerous challenges today connected to the nuclear testing conducted by the United States government in and above the islands from 1946 to 1958, such as being displaced from their ancestral lands because of lingering contamination. Your Committee also finds that many displaced citizens of Enewetak Atoll moved to and settled in Hawaiian Ocean View Estates on the island of Hawaii.

Your Committee finds that the people of Enewetak Atoll, which had been mandated to the Empire of Japan by the League of Nations after World War I, celebrate March 10, 1944, as Liberation Day, commemorating the defeat of Japanese forces by the United States military during World War II, and that the festivities of Liberation Day have become one of the most important and enjoyable events on Enewetak Atoll. This measure designates March 10 as Enewetak Atoll (Marshall Islands) Liberation Day in honor and remembrance of the people of Enewetak Atoll and the community of their descendants in Hawaii.

Your Committee has amended this measure by:

- (1) Deleting detailed explanations of the nuclear testing performed by the United States government in the Marshall Islands;

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 172, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 172, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3823 Labor, Culture and the Arts on S.C.R. No. 212

The purpose and intent of this measure is to request the Governor to establish a Hawaii Commission on the United States Semiquincentennial by Executive Order.

Your Committee received testimony in support of this measure from the United States Semiquincentennial Commission; Hawaii Society, Sons of the American Revolution; Association of the United States Army Hawaii Chapter; and three individuals.

Your Committee finds that July 4, 2026, marks the 250th Anniversary of the signing of the Declaration of Independence and the founding of the United States of America. Your Committee further finds that the United States Semiquincentennial Commission Act of 2016, P.L. 114-196, created the United States Semiquincentennial Commission to provide for the observance and commemoration of this momentous occasion and that eighteen states have created their own commissions to join in the United States Semiquincentennial Commission's efforts to mark this historical milestone. Your Committee believes that it is appropriate for the State to create a Hawaii Commission on the United States Semiquincentennial to plan and coordinate commemorations and observances of this nationwide celebration.

Your Committee has amended this measure by:

- (1) Including the Chairman of the United States Semiquincentennial Commission and Executive Director of the United States Semiquincentennial Commission as additional recipients of its certified copies; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 212, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 212, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3824 Labor, Culture and the Arts on S.R. No. 205

The purpose and intent of this measure is to request the Governor to establish a Hawaii Commission on the United States Semiquincentennial by Executive Order.

Your Committee received testimony in support of this measure from the United States Semiquincentennial Commission; Hawaii Society, Sons of the American Revolution; Association of the United States Army Hawaii Chapter; and five individuals.

Your Committee finds that July 4, 2026, marks the 250th Anniversary of the signing of the Declaration of Independence and the founding of the United States of America. Your Committee further finds that the United States Semiquincentennial Commission Act of 2016, P.L. 114-196, created the United States Semiquincentennial Commission to provide for the observance and commemoration of this momentous occasion and that eighteen states have created their own commissions to join in the United States Semiquincentennial Commission's efforts to mark this historical milestone. Your Committee believes that it is appropriate for the State to create a Hawaii Commission on the United States Semiquincentennial to plan and coordinate commemorations and observances of this nationwide celebration.

Your Committee has amended this measure by:

- (1) Including the Chairman of the United States Semiquincentennial Commission and Executive Director of the United States Semiquincentennial Commission as additional recipients of its certified copies; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 205, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 205, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

SCRep. 3825 (Joint) Human Services and Judiciary on S.C.R. No. 225

The purpose and intent of this measure is to:

- (1) Request the Department of Human Services to develop lesbian, gay, bisexual, transgender, queer, plus (LGBTQ+) specific training guidelines for state agencies that serve and assist survivors of intimate partner violence;
- (2) Request the Department of Human Services to obtain input for the training guidelines from relevant advocates and professionals; and
- (3) Request state agencies that serve and assist survivors of intimate partner violence to receive and implement the training guidelines developed by the Department of Human Services to better address the needs of LGBTQ+ survivors.

Your Committees received testimony in support of this measure from Rainbow Family 808 and four individuals. Your Committees received comments on this measure from the Department of Human Services and Department of Health.

Your Committees find that LGBTQ+ individuals experience intimate partner violence at a higher rate than heterosexual individuals. According to the "Hawai'i Sexual and Gender Minority Health Report" issued in 2017, lesbian, gay, bisexual, and questioning youth were approximately twice as likely to have experienced dating violence as their heterosexual peers. According to the "Hawai'i Sexual and Gender Minority Health Report" issued in 2018, fifty percent of transgender youth in Hawaii had reported "being raped or

assaulted by a romantic partner". Furthermore, LGBTQ+ individuals may have fewer resources to escape the harmful relationship due to families and communities who reject them. In addition, LGBTQ+ individuals are less likely to report the violence or seek assistance due to barriers that are LGBTQ+ specific, such as social stigma that comes with being a sexual and gender minority and well-meaning but misinformed service providers who try to assist them in heterosexist ways that are harmful to LGBTQ+ individuals. This measure will help state agencies that serve and assist survivors of intimate partner violence to better understand and attend to the unique circumstances and needs of LGBTQ+ individuals.

Your Committees have amended this measure by:

- (1) Amending its title for clarity; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 225, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 225, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Human Services: Ayes, 5. Noes, none. Excused, none.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Kim).

SCRep. 3826 (Joint) Human Services and Judiciary on S.R. No. 218

The purpose and intent of this measure is to:

- (1) Request the Department of Human Services to develop lesbian, gay, bisexual, transgender, queer, plus (LGBTQ+) specific training guidelines for state agencies that serve and assist survivors of intimate partner violence;
- (2) Request the Department of Human Services to obtain input for the training guidelines from relevant advocates and professionals; and
- (3) Request state agencies that serve and assist survivors of intimate partner violence to receive and implement the training guidelines developed by the Department of Human Services to better address the needs of LGBTQ+ survivors.

Your Committees received testimony in support of this measure from one individual. Your Committees received comments on this measure from the Department of Human Services and Department of Health.

Your Committees find that LGBTQ+ individuals experience intimate partner violence at a higher rate than heterosexual individuals. According to the "Hawai'i Sexual and Gender Minority Health Report" issued in 2017, lesbian, gay, bisexual, and questioning youth were approximately twice as likely to have experienced dating violence as their heterosexual peers. According to the "Hawai'i Sexual and Gender Minority Health Report" issued in 2018, fifty percent of transgender youth in Hawaii had reported "being raped or assaulted by a romantic partner". Furthermore, LGBTQ+ individuals may have fewer resources to escape the harmful relationship due to families and communities who reject them. In addition, LGBTQ+ individuals are less likely to report the violence or seek assistance due to barriers that are LGBTQ+ specific, such as social stigma that comes with being a sexual and gender minority and well-meaning but misinformed service providers who try to assist them in heterosexist ways that are harmful to LGBTQ+ individuals. This measure will help state agencies that serve and assist survivors of intimate partner violence to better understand and attend to the unique circumstances and needs of LGBTQ+ individuals.

Your Committees have amended this measure by:

- (1) Amending its title for clarity; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 218, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 218, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Human Services: Ayes, 5. Noes, none. Excused, none.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Kim).

SCRep. 3827 (Joint) Human Services and Judiciary on S.C.R. No. 133

The purpose and intent of this measure is to:

- (1) Urge the State Commission on the Status of Women to work with the Domestic Violence Action Center, the Filipino Chamber of Commerce Hawai'i, and other chambers of commerce of Hawaii, as appropriate, to develop and implement an outreach program aimed at informing domestic violence victims of various sources of assistance; and
- (2) Request the State Commission on the Status of Women to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committees received testimony in support of this measure from the State Commission on the Status of Women, Domestic Violence Action Center, Hawai'i Friends of Civil Rights, Filipino Association of University Women, Hawai'i Coalition for Immigrant Rights, Hawai'i State Coalition Against Domestic Violence, and nine individuals.

Your Committees find that Filipino women are much more likely to be fatal victims of domestic violence compared to Native Hawaiian and Japanese women relative to their proportions in the population, and comprise nearly one-third (28.9%) of all fatal

domestic violence victims in Hawai'i. Your Committees also find that nearly ten percent of domestic violence victims in Hawaii speak Filipino as their first language. This measure seeks to address the issue of domestic abuse by urging the State Commission on the Status of Women to work with other entities to develop and implement an outreach program to notify domestic violence victims on various sources by which they can receive help, including placement of posters and signage in various languages in discreet areas.

Your Committees note the testimony of the Hawai'i State Commission on the Status of Women indicating the possibility of socio-cultural factors in the Filipino community, in particular, that contribute to the overrepresentation of Filipino women in domestic abuse victims.

Your Committees also note the testimony of the Hawai'i State Coalition Against Domestic Violence requesting that this measure be amended to allow the establishment of a task force that includes the Department of Health, Hawaii Immigrant Justice Center, The Legal Clinic, and the Hawaii State Coalition Against Domestic Violence, in addition to the State Commission on the Status of Women, Domestic Violence Action Center, and the Filipino Chamber of Commerce.

Accordingly, your Committees have amended this measure by:

- (1) Urging the State Commission on the Status of Women to establish a task force with representatives from the Domestic Violence Action Center, Filipino Chamber of Commerce, Department of Health, Hawaii Immigrant Justice Center – Legal Aid Society of Hawai'i, The Legal Clinic, and Hawai'i State Coalition Against Domestic Violence, to develop and implement an outreach program aimed at informing domestic violence victims of available sources of assistance, including placement of posters and signage in various languages in discreet areas;
- (2) Requesting the State Commission on the Status of Women to submit a report of the task force's progress in the development and implementation of the outreach program, findings and recommendations, and proposed legislation if any, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;
- (3) Amending the list of recipients of certified copies of this measure;
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees further note the testimony of the Hawaii State Coalition Against Domestic Violence raising concerns over the lack of resources to implement the outreach program requested under this measure. Your Committees request that the outreach program be implemented within the resources that are available.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 133, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 133, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Human Services: Ayes, 5. Noes, none. Excused, none.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Kim).

SCRep. 3828 (Joint) Human Services and Judiciary on S.R. No. 117

The purpose and intent of this measure is to:

- (1) Urge the State Commission on the Status of Women to work with the Domestic Violence Action Center, the Filipino Chamber of Commerce Hawai'i, and other chambers of commerce of Hawaii, as appropriate, to develop and implement an outreach program aimed at informing domestic violence victims of various sources of assistance; and
- (2) Request the State Commission on the Status of Women to submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2023.

Your Committees received testimony in support of this measure from the State Commission on the Status of Women, Hawai'i Friends of Civil Rights, Filipino Association of University Women, and five individuals.

Your Committees find that Filipino women are much more likely to be fatal victims of domestic violence compared to Native Hawaiian and Japanese women relative to their proportions in the population, and comprise nearly one-third (28.9%) of all fatal domestic violence victims in Hawai'i. Your Committees also find that nearly ten percent of domestic violence victims in Hawaii speak Filipino as their first language. This measure seeks to address the issue of domestic abuse by urging the State Commission on the Status of Women to work with other entities to develop and implement an outreach program to notify domestic violence victims on various sources by which they can receive help, including placement of posters and signage in various languages in discreet areas.

Your Committees note the testimony of the Hawai'i State Commission on the Status of Women indicating the possibility of socio-cultural factors in the Filipino community, in particular, that contribute to the overrepresentation of Filipino women in domestic abuse victims.

Your Committees also note the testimony of the Hawai'i State Coalition Against Domestic Violence requesting that this measure be amended to allow the establishment of a task force that includes the Department of Health, Hawaii Immigrant Justice Center, The Legal Clinic, and the Hawaii State Coalition Against Domestic Violence, in addition to the State Commission on the Status of Women, Domestic Violence Action Center, and the Filipino Chamber of Commerce.

Accordingly, your Committees have amended this measure by:

- (1) Urging the State Commission on the Status of Women to establish a task force with representatives from the Domestic Violence Action Center, Filipino Chamber of Commerce, Department of Health, Hawaii Immigrant Justice Center – Legal Aid Society of Hawai'i, The Legal Clinic, and Hawai'i State Coalition Against Domestic Violence, to develop and implement an

outreach program aimed at informing domestic violence victims of available sources of assistance, including placement of posters and signage in various languages in discreet areas;

- (2) Requesting the State Commission on the Status of Women to submit a report of the task force's progress in the development and implementation of the outreach program, findings and recommendations, and proposed legislation if any, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2024;
- (3) Amending the list of recipients of certified copies of this measure;
- (4) Amending its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

Your Committees further note the testimony of the Hawaii State Coalition Against Domestic Violence raising concerns over the lack of resources to implement the outreach program requested under this measure. Your Committees request that the outreach program be implemented within the resources that are available.

As affirmed by the records of votes of the members of your Committees on Human Services and Judiciary that are attached to this report, your Committees concur with the intent and purpose of S.R. No. 117, as amended herein, and recommend its adoption in the form attached hereto as S.R. No. 117, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Human Services: Ayes, 5. Noes, none. Excused, none.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Kim).

SCRep. 3829 Transportation on S.C.R. No. 148

The purpose and intent of this measure is to request the convening of a task force to address how the State can lower the cost of transportation in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Ulupono Initiative, Hawaii Bicycling League, and Hawaii Children's Action Networks Speaks!. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that Hawaii transportation costs have risen twenty-three percent in the last twelve months, ranging from \$8,000-\$13,000 per individual. Insurance, maintenance, and gas prices contribute to these amounts and the lack of sufficient safe pedestrian and bike infrastructure means that many families require a separate motor vehicle per person. Therefore, this measure requests the convening of a task force to evaluate how the State can lower the cost of transportation.

Your Committee has amended this measure by:

- (1) Updating findings relating to the Bureau of Labor Statistics report;
- (2) Clarifying that the focus of the task force should be on issues within the jurisdiction of the Department of Transportation;
- (3) Adding the Chief Energy Officer and representatives of the Hawaii Appleseed Center for Law and Economic Justice, AlohaCare, and the Hawaii Children's Action Network Speaks! to the membership of the task force;
- (4) Replacing mention of statistics regarding non-drivers with language describing the economic benefits of electric vehicles and electric public transportation;
- (5) Adding the evaluation of current Department of Transportation priorities, processes, and outcomes as a task force requested duty;
- (6) Amending its title accordingly; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 148, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 148, S.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3830 Transportation on S.R. No. 132

The purpose and intent of this measure is to request the convening of a task force to address how the State can lower the cost of transportation in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Hawaii Bicycling League, and Hawaii Children's Action Networks Speaks! Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that Hawaii transportation costs have risen twenty-three percent in the last twelve months, ranging from \$8,000-\$13,000 per individual. Insurance, maintenance, and gas prices contribute to these amounts and the lack of sufficient safe pedestrian and bike infrastructure means that many families require a separate motor vehicle per person. Therefore, this measure requests the convening of a task force to evaluate how the State can lower the cost of transportation.

Your Committee has amended this measure by:

- (1) Updating findings relating to the Bureau of Labor Statistics report;
- (2) Clarifying that the focus of the task force should be on issues within the jurisdiction of the Department of Transportation;
- (3) Adding the Chief Energy Officer and representatives of the Hawaii Appleseed Center for Law and Economic Justice, AlohaCare, and the Hawaii Children's Action Network Speaks! to the membership of the task force;
- (4) Removing a member of the House of Representatives from the membership of the task force;
- (5) Replacing mention of statistics regarding non-drivers with language describing the economic benefits of electric vehicles and electric public transportation;
- (6) Adding the evaluation of current Department of Transportation priorities, processes, and outcomes as a task force requested duty;
- (7) Amending its title accordingly; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 132, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 132, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (DeCoite, Fevella).

SCRep. 3831 Transportation on S.C.R. No. 138

The purpose and intent of this measure is to request that the Department of Transportation establish a zero emissions ground transportation working group.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 1 of this measure. The proposed S.D. 1 urges the City and County of Honolulu to celebrate the fiftieth anniversary of the Lanikai Bikeway and recognize the efforts of Ted Rodgers and Cynthia Thielen who led the efforts to establish it.

Your Committee received testimony in support of the Proposed S.D. 1 from the Lanikai Association and three individuals.

Your Committee finds that the Lanikai Bikeway was created in response to a near-fatal incident when the tire of a student's bicycle hit a rock which caused her to fall into the roadway, nearly being hit by an oncoming vehicle. At the time, two-way vehicle traffic along Lanikai's narrow roadways left inadequate space for the growing number of bikers in the area. Cynthia Thielen led a group of concerned parents to propose a dedicated bikeway and new traffic configurations in Lanikai. With the support of the Lanikai Association's President, Ted Rodgers, and two-hundred and sixty-two petition signers, plans to build the Lanikai Bikeway were approved. The purpose of this measure is to request the honoring of Cynthia Thielen and Ted Rodgers on the fiftieth anniversary of the Lanikai Bikeway.

Your Committee has amended this measure by adopting the Proposed S.D. 1 and further amending this measure by:

- (1) Amending its title accordingly; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 138, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Inouye).

SCRep. 3832 Transportation on S.R. No. 122

The purpose and intent of this measure is to request that the Department of Transportation establish a zero emissions ground transportation working group.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 1 of this measure. The proposed S.D. 1 urges the City and County of Honolulu to celebrate the fiftieth anniversary of the Lanikai Bikeway and recognize the efforts of Ted Rodgers and Cynthia Thielen who led the efforts to establish it.

Your Committee received testimony in support of the Proposed S.D. 1 from the Lanikai Association and two individuals.

Your Committee finds that the Lanikai Bikeway was created in response to a near-fatal incident when the tire of a student's bicycle hit a rock which caused her to fall into the roadway, nearly being hit by an oncoming vehicle. At the time, two-way vehicle traffic along Lanikai's narrow roadways left inadequate space for the growing number of bikers in the area. Cynthia Thielen led a group of concerned parents to propose a dedicated bikeway and new traffic configurations in Lanikai. With the support of the Lanikai Association's President, Ted Rodgers, and two-hundred and sixty-two petition signers, plans to build the Lanikai Bikeway were approved. The purpose of this measure is to request the honoring of Cynthia Thielen and Ted Rodgers on the fiftieth anniversary of the Lanikai Bikeway.

Your Committee has amended this measure by adopting the Proposed S.D. 1 and further amending this measure by:

- (1) Amending its title accordingly; and

(2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 122, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 122, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Inouye).

SCRep. 3833 Higher Education on Gov. Msg. No. 588

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I MEDICAL EDUCATION COUNCIL

G.M. No. 588 COLLEEN INOUYE BAUM, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Colleen Inouye Baum for service on the Hawai'i Medical Education Council.

Your Committee received testimony in support of the nomination for the appointment of Colleen Inouye Baum from the University of Hawai'i System.

Upon review of the testimony, your Committee finds that Dr. Inouye Baum's experience, knowledge, and dedication qualify her for appointment to the Hawai'i Medical Education Council. Dr. Inouye Baum holds a medical degree with a specialization in obstetrics and gynecology, and she has operated a solo private medical practice since 1985. In addition, Dr. Inouye Baum has been board certified since 1988, and she has also been certified for focused practice in pediatric and adolescent gynecology. Your Committee notes that Dr. Inouye Baum has been an active member of the medical community, serving as active staff in obstetrics and gynecology at Maui Memorial Medical Center for over thirty-five years and as an assistant clinical professor at the University of Hawaii John A. Burns School of Medicine. Your Committee further finds that Dr. Inouye Baum currently serves as a member of the American Association for Physician Leadership Board and has previously served on the Maui County Healthcare Partnership Leadership Committee for Hawaii Medical Service Association, Maui Memorial Medical Center Foundation Board of Directors, and Maui Childbirth Education Association Board of Directors. Your Committee additionally finds that Dr. Inouye Baum has extensive experience in medical education through her service as Co-Director of John A. Burns School of Medicine Maui Memorial Medical Center rotations and Director of Maui Memorial Medical Center's OB/GYN residencies. Your Committee notes that Dr. Inouye Baum's appointment would fulfill the requirement that a member of the Council be a representative of the health professions community, pursuant to section 304A-1703, Hawaii Revised Statutes. Your Committee therefore recommends that Colleen Inouye Baum be appointed to the Hawai'i Medical Education Council based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3834 Higher Education on Gov. Msg. No. 589

Recommending that the Senate advise and consent to the nomination of the following:

WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION (WICHE)

G.M. No. 589 DAVID LASSNER, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by David Lassner for service on the Western Interstate Commission for Higher Education (WICHE).

Your Committee received testimony in support of the nomination for the reappointment of David Lassner from the Western Interstate Commission for Higher Education and one individual.

Upon review of the testimony, your Committee finds that Dr. Lassner's experience, knowledge, and dedication in serving on the Western Interstate Commission for Higher Education qualify him for reappointment to the Western Interstate Commission for Higher Education as a commissioner for Hawaii. Your Committee finds that Dr. Lassner has served Hawaii's higher education community for over forty years, serving in multiple roles within the University of Hawaii's information technology department, including as the University's Director of Information Technology, Chief Information Officer, and Vice President for Information Technology. Dr. Lassner currently serves as President of the University of Hawaii System, a role he has held since 2013, leading all public higher education in Hawaii, including seven community colleges and three universities located across the State. Your Committee notes that Dr. Lassner is a current commissioner of the Western Interstate Commission for Higher Education and serves as the vice chairperson of the Commission. Additionally, Dr. Lassner currently serves as a member of the East-West Center Board of Governors and as board chairperson of the National Association of System Heads. Dr. Lassner's experience and knowledge will continue to be assets to the Western Interstate Commission for Higher Education. Your Committee therefore recommends that David Lassner be reappointed to the Western Interstate Commission for Higher Education based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Higher Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3835 Higher Education on Gov. Msg. Nos. 648, 649, 650, and 651

Recommending that the Senate advise and consent to the nominations of the following:

CENTER FOR NURSING ADVISORY BOARD

G.M. No. 648 GLORIA FERNANDEZ, for a term to expire 06-30-2026;

G.M. No. 649 ANNE SCHARNHORST, for a term to expire 06-30-2025;

G.M. No. 650 RHOBERTA HALEY, for a term to expire 06-30-2024; and

G.M. No. 651 LINDA BEECHINOR, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Gloria Fernandez, Anne Scharnhorst, Rhoberta Haley, and Linda Beechinor.

GLORIA FERNANDEZ

Your Committee received testimony in support of the nomination for the appointment of Gloria Fernandez from the Department of Health, University of Hawai'i System, Hawai'i State Center for Nursing, and seven individuals.

Upon review of the testimony, your Committee finds that Dr. Fernandez's experience, knowledge, and desire to serve as a member of the Center for Nursing Advisory Board qualify her for appointment to the Center for Nursing Advisory Board as a nurse affiliated with a nurse collective bargaining organization, pursuant to section 304A-1404, Hawaii Revised Statutes. Your Committee finds that Dr. Fernandez has served the State in the field of public health nursing for twenty years, and she currently serves as Quality Assurance Coordinator for the Department of Health and as a board certified advanced public health nurse. Dr. Fernandez holds a Doctorate of Nursing Practice, and her research and professional goals focus on reducing health inequities in Hawaii's communities and expansion of evidence-based practices for public health nurses in the State. Your Committee notes that Dr. Fernandez currently serves as a board member for the Waianae Coast Early Childhood Services Board of Directors and the Academy of Health and Sciences Advisory Board for the Academy of Health and Sciences within Waipahu High School. Your Committee notes that Dr. Fernandez has an understanding of the roles and responsibilities of board members and that her experience and knowledge in public health nursing will be assets to the Center for Nursing Advisory Board. Your Committee therefore recommends that Gloria Fernandez be appointed to the Center for Nursing Advisory Board based on her experience, knowledge, and willingness to serve the public.

ANNE SCHARNHORST

Your Committee received testimony in support of the nomination for the reappointment of Anne Scharnhorst from the University of Hawai'i System and Hawai'i State Center for Nursing.

Upon review of the testimony, your Committee finds that Dr. Scharnhorst's experience, knowledge, and desire to continue her service to the Center for Nursing Advisory Board qualify her for reappointment to the Center for Nursing Advisory Board as a doctorally-prepared nurse educator or researcher, pursuant to section 304A-1404, Hawaii Revised Statutes. Your Committee finds that Dr. Scharnhorst has served as a nursing educator at the University of Hawaii for fifteen years, and she currently serves as a Professor and Department Chair within the Allied Health Department of the University of Hawaii – Maui College. In her role as a faculty member at the University of Hawaii – Maui College, Dr. Scharnhorst was instrumental in establishing a licensed practicing nurse pathway to meet community health needs. Dr. Scharnhorst holds a Doctorate of Nursing Practice and is a registered nurse. Your Committee additionally finds that Dr. Scharnhorst also serves as a board member of Maui Nurses Scholarship Foundation and as a member of the Academic Council for the State of Hawaii Academic Progression in Nursing and the University of Hawaii – Maui College's Budget Committee and Community Needs and Workforce Development Committee. Your Committee further finds that Dr. Scharnhorst was nominated to the Center for Nursing Advisory Board as a doctorally-prepared nurse educator in 2017. Her experience and knowledge will continue to be assets to the Center for Nursing Advisory Board. Your Committee therefore recommends Anne Scharnhorst be reappointed to the Center for Nursing Advisory Board based on her experience, knowledge, and commitment to public service.

RHOBERTA HALEY

Your Committee received testimony in support of the nomination for the appointment of Rhoberta Haley from the University of Hawai'i System, Hawai'i State Center for Nursing, and three individuals.

Upon review of the testimony, your Committee finds that Dr. Haley's experience, knowledge, and desire to serve the Center for Nursing Advisory Board qualify her for appointment to the Center for Nursing Advisory Board as a doctorally-prepared nurse educator or researcher, pursuant to section 304A-1404, Hawaii Revised Statutes. Dr. Haley has served in the field of nursing education for thirty years, and she currently serves as Dean and Professor of the School of Nursing and Health Professions at Chaminade University. Dr. Haley holds a Doctorate in Nursing, is a licensed registered nurse, and has extensive experience in nursing education, curriculum development, consulting, and clinical practice experience. Your Committee further finds that Dr. Haley has held key roles in the development and administration of nursing education from undergraduate bachelor's of nursing programs to doctor of nursing practice, educating a generation of nurses across the United States. Dr. Haley also serves the nursing community as a member of the Commission on Collegiate Nursing Education and has previously served as a member of the Finance Committee of the American Association of Colleges of Nursing and as a member of the Nursing Knowledge International Board of Directors for Sigma Theta Tau International Nursing Honor Society. Your Committee further finds that Dr. Haley's experience and knowledge in nursing education will be assets to the Center for Nursing Advisory Board. Your Committee therefore recommends Rhoberta Haley be appointed to the Center for Nursing Advisory Board based on her experience, knowledge, and commitment to public service.

LINDA BEECHINOR

Your Committee received testimony in support of the nomination for the appointment of Linda Beechinor from the University of Hawai'i System and Hawai'i State Center for Nursing.

Upon review of the testimony, your Committee finds that Dr. Beechinor's experience, knowledge, and desire to serve the Center for Nursing Advisory Board qualify her for appointment to the Center for Nursing Advisory Board as member with a background in finance, pursuant to section 304A-1404, Hawaii Revised Statutes. Dr. Beechinor has served as an advanced practice registered nurse and nursing educator for over forty years. She holds a Doctorate of Nursing Practice, and holds credentials as an advanced practice registered nurse and family nurse practitioner under the American Nurses Credentialing Center. Your Committee notes that Dr. Beechinor led the efforts to re-establish the American Nurses Association chapter in Hawaii. To re-establish the chapter, Dr. Beechinor was involved with increasing Hawaii nurse membership in the national professional nursing association, developed a board, and facilitated a commitment from Hawaii nurses to subsequently join a Hawaii chapter. In addition to her role in re-establishing the Hawaii chapter, Dr. Beechinor also served her community during the coronavirus disease 2019 pandemic as a contact tracer for the Department of Health and as a nursing educator through a solo consulting service for foreign-educated nurses who wish to serve in American health care institutions. Your Committee further finds that Dr. Beechinor's experience and knowledge in nursing education will be assets to the Center for Nursing Advisory Board. Your Committee therefore recommends Linda Beechinor be appointed to the Center for Nursing Advisory Board based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3836 Hawaiian Affairs on H.C.R. No. 130

The purpose and intent of this measure is to offer an apology to the Native Hawaiian people for the effective prohibition in Hawaii schools of the instructional use of the Hawaiian language from 1896 to 1986.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Ke One O Kākuhihewa, 'Aha Kauleo, and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that 'Ōlelo Hawaii has been the native language of Hawaii's indigenous people for more than two thousand years. Especially from 1795 to 1893, during the time of the Hawaiian Kingdom, the Hawaiian language thrived. By 1834, indigenous Hawaiians obtained a ninety-five percent literacy rate. By the 1840s, the Hawaiian language was advanced enough to support judiciary law, law enforcement, health systems, public systems for education, science, trade, and the arts. However, three years after the overthrow of the Kingdom of Hawaii in 1893, laws were enacted that suppressed 'Ōlelo Hawaii resulting in its effective exclusion from Hawaii's public schools for ninety years. The purpose of this measure is to offer an apology to the Native Hawaiian people for the effective prohibition in Hawaii schools of the instructional use of 'Ōlelo Hawaii from 1896 to 1986.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Ihara).

SCRep. 3837 Judiciary on H.B. No. 1475

The purpose and intent of this measure is to require state legislators and employees to complete mandatory ethics training courses every four years, subject to certain requirements.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission, Common Cause Hawaii, Green Party Hawai'i, Hawai'i Alliance for Progressive Action, and five individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that requiring all state legislators and employees to be aware of and knowledgeable about the state ethics code is in the best interests of the State. State legislators and employees need strong and uncompromising ethics to ensure trust in the state government. This measure will ensure that state legislators and employees are aware of current ethics laws and will increase the public's confidence in state government.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1475, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3838 Judiciary on H.B. No. 2113

The purpose and intent of this measure is to minimize regulatory burden and eliminate redundancy by permitting money transmitter applicants to submit to either a state or federal criminal history record check, rather than both.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs Division of Financial Institutions.

Your Committee finds that existing law requires each key individual of a money transmitter to submit to a state and federal criminal background review. Hawai'i became a reporter to the national criminal background database approximately seven years ago and since then, in the State's review of parallel state and federal criminal background checks, no discrepancies on disqualifying crimes have been found. The Nationwide Multistate Licensing System and Registry provides information-sharing among state regulators to enhance consumer protection and is a cloud-based system that gives state agencies up-to-date criminal history records from the Federal Bureau of Investigations. Accordingly, this measure will allow an applicant to only submit to a federal criminal background check, which will eliminate unnecessary regulatory burden and streamline the review of applicants.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2113, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 3839 Ways and Means on H.B. No. 1806

The purpose and intent of this measure is to amend the statutory requirement for the upgrade or conversion of certain cesspools before January 1, 2050.

Specifically, the measure replaces the requirement that cesspools be upgraded or converted to septic systems or aerobic treatment unit systems with a requirement that cesspools be upgraded or converted to wastewater systems approved by the Director of Health.

Your Committee received written comments in support of this measure from the Department of Health, a member of the Hawaii County Council, Hawaii Reef and Ocean Coalition, WAI: Wastewater Alternatives and Innovations, CORAL (Coral Reef Alliance), Elemental Excelerator, and one individual.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that this measure will clarify the requirement to convert or upgrade cesspools to a wastewater system approved by the Director of Health instead of a "septic system or aerobic treatment unit system," and thus facilitate the conversion or upgrade of cesspools statewide by January 1, 2050.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1806, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9; Ayes with Reservations (Fevella). Noes, none. Excused, 2 (Misalucha, Wakai).

SCRep. 3840 Ways and Means on H.B. No. 2466

The purpose and intent of this measure is to establish a new general excise tax exemption to support taro production and consumption.

More specifically, the measure exempts from the general excise tax, with certain exceptions, the gross proceeds or income arising from the sale of any:

- (1) Product derived from the cultivation and production of unprocessed taro; or
- (2) Value-added product whose primary ingredient is taro or taro leaf.

Your Committee received written comments in support of this measure from Food+Policy Internship, Hawaii Alliance for Progressive Action, Hawaii Farm Bureau, Ka Ohana O Na Pua, Malu Aina, Na Kupuna Moku O Keawe, and numerous individuals.

Your Committee received written comments in opposition to this measure from the Department of Taxation.

Your Committee received written comments on this measure from the Department of Agriculture, Department of Budget and Finance, Department of the Attorney General, and Tax Foundation of Hawaii.

Your Committee finds that by reducing the tax burden on taro farmers, the general excise tax exemption created by this measure will help to create stronger economic incentives for new taro farmers, improve the livelihoods of existing taro farmers, and reduce the cost of poi for consumers in the State.

Your Committee notes that in its written comments in opposition to this measure, the Department of Taxation requested that, if a functional effective date is inserted into the measure, the new general excise tax exemption be made effective on January 1, 2023, rather than for taxable years beginning after December 31, 2021. The Department explained that using a specific date instead of a taxable year will both ensure that no taxpayer has a competitive advantage based on the taxpayer's tax year and provide the Department with sufficient time to complete the form and system changes that are necessary to properly administer this new general excise tax exemption.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2466, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3841 Ways and Means on H.B. No. 1953

The purpose and intent of this measure is to provide the Department of Transportation with the flexibility to provide relief to concessionaires facing hardships due to a reduction in business volume.

Your Committee received written comments in support of this measure from the Department of Transportation and Airport Concessionaires Committee.

Your Committee received written comments on this measure from the Airlines Committee of Hawaii.

Your Committee finds that this measure provides the Department of Transportation with the flexibility and discretion to provide relief to concessionaires, including concessionaires on a holdover or revocable permit, who are struggling during an economic crisis.

Your Committee has amended this measure by making the measure effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1953, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1953, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Misalucha, Wakai).

SCRep. 3842 Ways and Means on H.B. No. 2119

The purpose and intent of this measure is to replace the existing Emergency Management Assistance Compact with a new Emergency Management Assistance Compact.

Your Committee received written comments in support of this measure from the Hawaii Emergency Management Agency and Hawaii State Energy Office.

Your Committee received written comments in opposition to this measure from Hawaii Association for Justice.

Your Committee finds that this measure will update and better align the State's emergency management practices with those of other jurisdictions throughout the United States.

Your Committee has amended this measure by:

- (1) Deleting provisions that designate the Adjutant General as:
 - (A) The legally designated state official having assigned responsibility for emergency management for the State; and
 - (B) The authorized representative of the State who may request assistance of another party state; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2119, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2119, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Misalucha, Wakai).

SCRep. 3843 Ways and Means on H.B. No. 2240

The purpose and intent of this measure is to establish a financing option to help address and manage the unfunded actuarial accrued liabilities of the Hawaii Employer-Union Health Benefits Trust Fund.

Specifically, this measure:

- (1) Authorizes the Director of Finance to issue general obligation bonds to pay or prepay the State's other post-employment benefits liability; and
- (2) Requires that the outstanding debt created by the issuance of the general obligation bonds to pay or prepay the State's other post-employment benefits liability be considered when calculating the annual required contribution by the public employer.

Your Committee received written comments in support of this measure from the Department of Budget and Finance, Hawaii Government Employees Association, and one individual.

Your Committee finds that authorizing the State to issue general obligation bonds at a low interest rate and then invest the revenues from those bonds to earn interest at a higher rate will help to generate revenue to reduce future funding requirements and taxpayer burdens associated with the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee has amended this measure by:

- (1) Specifying that the annual required contribution amount shall be the greater of the new calculation added by the measure or the existing method of calculation;
- (2) Making sections 1, 3, and 4 of the measure effective upon its approval; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2240, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2240, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Misalucha).

SCRep. 3844 Judiciary on H.B. No. 1903

The purpose and intent of this measure is to require first responders to record in the incident report for each water rescue event the type of snorkel and mask, if any, worn by the person who was rescued or recovered.

Your Committee received testimony in support of this measure from Mālama Pūpūkea-Waimea, Maui Adventure Group Inc., Friends of Hanauma Bay, and forty-six individuals.

Your Committee finds that full-face masks may pose a greater risk of drowning than traditional two-piece masks and snorkels. Furthermore, often, in the moment of an in-water emergency, whatever mask a victim was wearing is tossed aside as resuscitation measures are taking place and there is no documentation of gear type. This lack of data hinders the State's ability to accurately evaluate the dangers different types of snorkels and masks pose. This measure will allow the State to assess the risk of certain equipment and ultimately take action to inform and protect the thousands of people who snorkel throughout Hawai'i each day by requiring first responders to record in the incident report for each water rescue event the type of snorkel and mask, if any, worn by the person who was rescued or recovered.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1903, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1903, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3845 Agriculture and Environment on H.B. No. 2147

The purpose and intent of this measure is to reinstate the Department of Health's authority to permit federal municipal solid waste landfills.

Your Committee received testimony in support of this measure from the Department of Health and County of Hawai'i Department of Environmental Management.

Your Committee finds that Act 73, Session Laws of Hawaii 2020 (Act 73), removed the Department of Health's authority to permit federal municipal solid waste landfills, which placed the State in non-compliance with federal regulations regarding the permitting of solid waste management facilities. Additionally, without a state permitting program, landfills in the State may be subject to federal regulations that do not take the soil conditions in Hawaii into consideration. This measure reinstates the Department of Health's authority to permit federal municipal solid waste landfills.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2147, H.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3846 Judiciary on H.B. No. 2337

The purpose and intent of this measure is to clarify the definitions of "drug", "substance", and "substance abuse" for the purposes of violations for operating a vehicle under the influence of an intoxicant.

Your Committee received testimony in support of this measure from the Department of Transportation, Honolulu Police Department, Mothers Against Drunk Driving Hawaii, and AAA Hawai'i. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the current definition of "drug" in chapter 291E, Hawaii Revised Statutes, is defined as any controlled substance listed in schedules I through IV in chapter 329, Hawaii Revised Statutes. This definition limits law enforcement and prosecutors from keeping roads safe from impaired drivers because many substances that are being abused are not listed as schedules I through IV drugs, such as kava, kratom, toluene, certain muscle relaxants, and over-the-counter cough syrup. These substances all have the capability to impair drivers, despite not being listed as schedules I through IV in chapter 329, Hawaii Revised Statutes. This measure will protect the public from impaired drivers by clarifying the definitions of "drug", "substance", and "substance abuse" for the purposes of operating a vehicle under the influence of an intoxicant violations.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2337, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2337, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 3847 Judiciary on H.B. No. 2197

The purpose and intent of this measure is to:

- (1) Amend the offenses of promoting gambling in the first and second degree to a class B felony and class C felony, respectively; and

- (2) Exclude the offenses of promoting gambling in the first and second degree from qualifying for deferred acceptance of guilty plea or nolo contendere plea.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i and two individuals. Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that violent activity in and around illegal gambling houses has increased in recent years, with reports of armed robberies, stabbings, and shootings becoming more common place. Your Committee further finds that in addition to violent crimes, illegal gambling houses are known for being drug and sex trafficking establishments. This measure will guard the safety and welfare of the State's citizens, particularly in residential neighborhoods, by strengthening existing laws relating to the promotion of gambling.

Your Committee has amended this measure by:

- (1) Changing the requisite state of mind for promoting gambling in the first degree to recklessness;
- (2) Changing the requisite state of mind for promoting gambling in the second degree to criminal negligence;
- (3) Removing language that would have excluded the offenses of promoting gambling in the first and second degree from qualifying for deferred acceptance of guilty plea or nolo contendere plea;
- (4) Excluding simple gambling from the definition of advance gambling activity;
- (5) Amending section 1 to reflect its amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2197, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2197, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Acasio). Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3848 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1575

The purpose and intent of this measure is to:

- (1) Expand the scope of practice for physician assistants; and
- (2) Require a sampling of medical records that includes certain amounts of controlled substance prescriptions, rather than all medical records, to be reviewed when physician assistants prescribe controlled substances.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, Disability and Communication Access Board, Hawaii Medical Board, Hawai'i Academy of Physician Assistants, Hawai'i Pacific Health, Occupational Therapy Association of Hawaii, Kaiser Permanente, The Queen's Health Systems, Hawaii Medical Association, and three individuals.

Your Committees find that there is a shortage of licensed physicians in the State. Your Committees further find that physician assistants are highly trained health care professionals authorized to serve as primary care providers and that broadening the scope of practice for physician assistants can therefore help address the State's shortage of licensed physicians. This measure lowers restrictions on physician assistants' practice and better aligns the scope of practice for state-licensed physician assistants with national practices.

Your Committees have amended this measure by:

- (1) Changing the effective date to July 1, 2022; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1575, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1575, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3849 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1980

The purpose and intent of this measure is to:

- (1) Require Medicaid, health insurers, mutual benefit societies, and health maintenance organizations to cover services provided through telehealth by way of an interactive telecommunications system; and
- (2) Define "interactive telecommunications system" to match the 2022 Medicare Physician Fee Schedule final rule.

Your Committees received testimony in support of this measure from the Hawai'i State Council on Developmental Disabilities, University of Hawai'i System, Disability and Communication Access Board, Hawai'i Medical Association, Hawai'i Pacific Health, The Queen's Health Systems, AARP Hawai'i, Hawai'i Primary Care Association, Hawai'i Family Caregiver Coalition, Hawai'i Psychological Association, National Association of Social Workers – Hawai'i, Hawaiian Islands Association for Marriage and Family

Therapy, Healthcare Association of Hawai'i, Hawai'i Psychiatric Medical Association, Hawai'i Self Advocacy Advisory Council, and three individuals. Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, Hawai'i Medical Service Association, and Hawai'i Association of Health Plans.

Your Committees find that the use and expansion of telehealth services and technology in the State has increased access to and reduced delays in receiving health care, particularly in rural and federally designed health professional shortage areas. Patients with behavioral health issues are especially vulnerable and frequently require immediate attention. The inability of behavioral health and other patients to access the Internet presents an even greater barrier to much needed health care. Your Committees further note that Medicare and Medicaid pay equally for telephonic and telehealth services. This measure recognizes the importance of telephonic services, especially in rural areas, and conforms state laws concerning telehealth to recent Medicaid rule changes permitting audio-only communication technology in certain circumstances for the purposes of diagnosis, evaluation, or treatment of a mental health disorder to a patient at their home.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 1, 2022, and a repeal date of July 1, 2027; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1980, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1980, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3850 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1644

The purpose and intent of this measure is to ban the manufacture, sale, or distribution for sale or use of wraps and liners, plates, food boats, pizza boxes, and firefighting foams that contain perfluoroalkyl and polyfluoroalkyl substances.

Your Committees received testimony in support of this measure from Climate Protectors Hawai'i and four individuals. Your Committees received testimony in opposition to this measure from Par Hawaii and one individual. Your Committees received comments on this measure from the Department of Health, Hawai'i Restaurant Association, Island Energy, and American Chemistry Council.

Your Committees find that perfluoroalkyl and polyfluoroalkyl substances, or "PFAS", are "forever chemicals" that persist in the environment and have even been detected in drinking water. PFAS are commonly used in food packaging materials to repel water and grease. When humans ingest foods packaged in materials containing PFAS, PFAS can accumulate in the body, leading to adverse health outcomes. Because other effective and safer options have become affordable, the use of PFAS has become unnecessary. This measure bans PFAS to protect the environment and human health from their detrimental and toxic effects.

Your Committees note the concerns raised in testimony that a complete ban on the use of PFAS would restrict the ability to utilize highly effective firefighting foams containing PFAS in exigent circumstances and may compromise public health and safety in the event certain fires cannot otherwise be extinguished effectively and in a timely manner using other products. Therefore, amendments to this measure are necessary to limit the prohibition on the use of firefighting foams containing PFAS specifically for testing and training purposes to reduce the unnecessary release and exposure to PFAS, but allow for the continued use of these foams in the event they are necessary for the effective suppression of certain fires, such as petroleum fires.

Your Committees have amended this measure by:

- (1) Clarifying that, beginning July 1, 2024, it shall be unlawful for any person or state or county department or agency to discharge or otherwise use for training or testing purposes class B firefighting foam that contains intentionally introduced PFAS chemicals;
- (2) Clarifying that, beginning July 1, 2024, it shall be unlawful to manufacture, sell, offer for sale, distribute for sale, or distribute for training or testing purposes in the State any class B firefighting foam that contains intentionally introduced PFAS chemicals; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1644, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1644, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3851 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1635

The purpose and intent of this measure is to:

- (1) Establish the Rural Health Task Force within the Department of Health to prepare and develop solutions and make recommendations on registered nurse recruitment and retention in rural areas of Maui, Molokai, and Lanai; and
- (2) Require the Rural Health Task Force to submit a report of its findings, recommendations, and any proposed legislation to the Legislature prior to the Regular Session of 2023.

Your Committees received testimony in support of this measure from Hana Health; Lana'i Community Health Center; The Queens Health Systems; Hawai'i Primary Care Association; Molokai Ohana Health Care, Inc., dba Molokai Community Health Center; Maui Chamber of Commerce; and Liberty Dialysis – Hawai'i. Your Committees received testimony in opposition to this measure from the Department of Health.

Your Committees find that, since 2019, the State has experienced more than nine hundred nurses leaving the workforce due to the pandemic, costs of living, and the lack of affordable housing. This shortage has especially impacted rural communities. Depending on traveling nurses is not always practical and can result in over-working an already small pool of nurses. Maui's rural areas in particular are faced with unique challenges in attracting and retaining registered nurses, yet these places are often ones that require consistent and well-skilled nurses the most. Nurses for clinics, hospitals, and specialty settings are critically needed to maintain public health in rural communities. This measure will help develop tangible action steps to assist with recruitment and retention of registered nurses in East Maui, Lanai, and Molokai.

Your Committees note the concerns raised by the Department of Health in its testimony that it is not the appropriate department to house the Rural Health Task Force established by this measure. Accordingly, amendments to this measure are necessary to address this concern.

Your Committees have amended this measure by:

- (1) Requiring the Rural Health Task Force to be established within the Center for Nursing for administrative purposes, rather than the Department of Health;
- (2) Replacing the Director of Health with the Chairperson of the Advisory Board for the Center for Nursing to serve as chairperson of the Rural Health Task Force;
- (3) Requiring that, to inform the assessment required by this measure, the Center for Nursing engage professionals from the University of Hawaii Maui College nursing program, as well as Maui Health Systems and Kaiser Permanente, for input on the plans, solutions, and recommendations developed by the Rural Health Task Force;
- (4) Clarifying that the Rural Health Task Force shall submit a preliminary report of its findings and recommendations, including any proposed legislation, to the Legislature prior to the Regular Session of 2023, and a final report to the Legislature prior to the Regular Session of 2024;
- (5) Clarifying that the Rural Health Task Force shall cease to exist on July 1, 2024;
- (6) Making it effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1635, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1635, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3852 Judiciary on H.B. No. 2169

The purpose and intent of this measure is to clarify that the Department of Public Safety's role is to work with the Department of Transportation and county examiners of drivers to assist inmates in procuring civil identification cards necessary to transition into the workforce, access social services, and secure housing, rather than issue civil identification cards.

Your Committee received testimony in support of this measure from the Department of Public Safety, Community Alliance on Prisons, Hawaii Substance Abuse Coalition, and seven individuals. Your Committee received testimony in opposition to this measure from the American Civil Liberties Union of Hawai'i and eleven individuals. Your Committee received comments on this measure from Common Cause Hawaii and one individual.

Your Committee finds that identification cards are an essential part of reentry to access need services because many services are not possible without proper identification, including medical and behavioral health services, employment, and even housing. People leaving prisons and jails with government identification may be able to more quickly access vital services and support, while those without such identification will likely face significant barriers to successful reentry. This measure will aid inmates reentering the community by clarifying that the Department of Public Safety's role is to work with the Department of Transportation and county examiners of drivers to assist inmates in procuring civil identification cards necessary to transition into the workforce, access social services, and secure housing, rather than issue civil identification cards.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 30, 2075, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2169, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2169, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3853 Judiciary on H.B. No. 2422

The purpose and intent of this measure is to clarify that a family court is required to impose a sentence for domestic violence intervention, with or without probation, for violations of restraining orders, orders for protection, and abuse of family or household members.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and one individual. Your Committee received testimony in opposition to this measure from the Office of the Public Defender.

Your Committee finds that the Hawaii Supreme Court erred when it misinterpreted section 586-4(e), Hawaii Revised Statutes, and held that domestic violence intervention may only be ordered as a condition of probation. Your Committee believes that domestic violence intervention is an important part of addressing the root causes of domestic violence, as it includes both anger management and domestic violence treatment. This measure highlights the importance of domestic violence intervention and clarifies legislative intent by specifying that a family court is required to impose a sentence for domestic violence intervention, with or without probation, for violations of restraining orders, orders for protection, and abuse of family or household members.

Your Committee has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2422, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2422, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Gabbard). Noes, none. Excused, none.

SCRep. 3854 Judiciary on H.B. No. 1991

The purpose and intent of this measure is to:

- (1) Prohibit, in counties with a population of five hundred thousand or more, the sale of a bicycle that is reported as stolen and listed on a publicly available online stolen item database;
- (2) Require the police department in counties with a population of five hundred thousand or more to establish the publicly available online stolen bicycle database; and
- (3) Update the recordkeeping and retention requirements for businesses that purchase previously owned articles.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the theft of a bicycle is the loss of valuable property and the loss of an important means of transportation. Additionally, bicycle thefts further impact the State's sustainability goals of reducing carbon emissions and utilizing low carbon transportation as residents are inhibited in investing in and using bicycles for transportation. Your Committee further finds that reducing resale opportunities for stolen items is one way to decrease the motivation to steal them. Your Committee believes that the creation of a publicly available database of stolen bicycle serial and emblem numbers would help deter the theft of bicycles and the resale of stolen bicycles. This measure will deter the theft of personal items.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1991, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1991, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3855 (Joint/Majority) Commerce and Consumer Protection and Judiciary on H.B. No. 1823

The purpose and intent of this measure is to:

- (1) Authorize advanced practice registered nurses and physician assistants to practice medical aid in dying or provide counseling to a qualified patient;
- (2) Require a prescribing provider to conduct an initial visit in-person;
- (3) Amend the mandatory waiting period between oral requests and the provision of a prescription; and
- (4) Prohibit the disclosure, discovery, or compelled production of information collected or retained pursuant to incidental or routine communication between the Department of Health and qualified patients or providers.

Your Committees received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Compassion & Choices, Hawai'i Pacific Health, Aloha Care, Hawai'i Society of Clinical Oncology, Hawai'i Association of Professional Nurses, Hawaiian Islands Association for Marriage and Family Therapy, National Association of Social Workers – Hawai'i, and twenty-nine individuals. Your Committees received testimony in opposition to this measure from St. Michael the Archangel Church, Hawai'i Family Forum, and five individuals. Your Committees received comments on this measure from the Department of Health, Hawai'i Medical Board, Board of Nursing, Hawai'i State Center for Nursing, Hawai'i Association for Justice, Hawai'i Medical Association, Hawai'i Association of Nurse Anesthetists, Hawai'i Psychiatric Medical Association, and four individuals.

Your Committees find that the Our Care, Our Choice Act was implemented to provide peace of mind to terminally ill patients in the State. However, a subsequent report to the Legislature found that, while compassionately implemented, some of the well-intentioned regulatory requirements outlined in the Act have created unintended barriers and unnecessary burdens. Coupled with the State's ongoing physician shortage, these barriers have made it difficult for terminally ill patients seeking access to medical aid in dying. This measure will allow more providers to voluntarily participate in providing assistance to medical aid in dying patients, especially to those patients in rural areas.

Your Committees further note the concerns raised in testimony that this measure, as currently drafted, requires attending providers to make an in-person, initial determination of eligibility for medical aid in dying. This amendment would place an additional burden on patients, particularly those in rural areas, to secure an in-person visit to fulfill the requirements of an initial request, even if the provider and patient have a long-standing relationship. Existing state law already requires that providers have an in-person consultation with a patient prior to prescribing controlled substances. Accordingly, amendments to this measure are necessary to address this concern.

Your Committees have amended this measure by:

- (1) Clarifying that the attending provider shall make the initial determination of whether a patient has a terminal disease, is capable of medical decision-making, and has made the request for the prescription voluntarily, provided that this initial determination may be made in-person or via telehealth;
- (2) Amending section 1 to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1823, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1823, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 5. Noes, 1 (Riviere). Excused, 1 (Fevella).

Judiciary: Ayes, 5; Ayes with Reservations (Kim). Noes, 1 (Gabbard). Excused, 1 (Fevella).

SCRep. 3856 Ways and Means on H.B. No. 1841

The purpose and intent of this measure is to increase the compensation rates and maximum allowable amounts per case for court-appointed counsel and guardians ad litem.

Your Committee received written comments in support of this measure from the Judiciary, Hawaii Family Advocacy Team, Legal Aid Society of Hawaii, Hawaii State Bar Association, and Hawaii Access to Justice Commission.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the increased compensation rates authorized by this measure will help ensure that the State's courts can attract and retain competent attorneys and guardians ad litem to advocate for some of the community's most vulnerable members.

Your Committee has amended this measure by:

- (1) Changing the authorized compensation rates and maximum allowable amounts per case to unspecified sums;
- (2) Changing the appropriation amount from \$2,300,000 to an unspecified sum;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1841, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1841, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3857 Ways and Means on H.B. No. 1872

The purpose and intent of this measure is to require state agencies to integrate hunting and fishing into the agencies' food security and sustainability strategies and to balance game management with conservation and habitat protection.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Cattlemen's Council, Good Shepherd Foundation, Game Management Advisory Commission for the County of Hawaii, Hawaii Sportsmen's Alliance, Hawaii Farm Bureau, Hawaii Forest Industry Association, Hawaii Firearms Coalition, and numerous individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that this measure will help the State further its food sustainability goals, conserve natural resources, and protect traditional native Hawaiian hunting and fishing practices.

Your Committee has amended this measure by:

- (1) Clarifying that the rules and policies of each applicable department, office, or agency should be updated in a manner consistent with the statutory material added by the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1872, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1872, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3858 Ways and Means on H.B. No. 1885

The purpose and intent of this measure is to establish within the Office of Enterprise Technology Services a chief data officer and data task force to develop, implement, and manage statewide data policies, procedures, and standards.

Your Committee received written comments in support of this measure from the Office of Enterprise Technology Services; Office of Information Practices; State Council on Developmental Disabilities; Office of Hawaiian Affairs; Civil Beat Law Center for the Public Interest; Ulupono Initiative; Hawaii Chapter of the Society of Professional Journalists; Transform Hawaii Government; Native Hawaiian and Pacific Islander Hawaii COVID-19 Response, Recovery, and Resilience Team; and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure will help promote government transparency by making the data held by state agencies more accessible to other agencies and the general public.

Your Committee has amended this measure by:

- (1) Deleting the appropriation section and the associated effective date;
- (2) Clarifying that representatives from nonprofit organization stakeholders and for-profit business stakeholders should be invited to serve on the data task force; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1885, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1885, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3859 Ways and Means on H.B. No. 1932

The purpose and intent of this measure is to require the development of, appropriate moneys for, and require legislative reports regarding a modern case management software solution for the Child Welfare Services Branch of the Department of Human Services.

Your Committee received written comments in support of this measure from the Department of Human Services and Binti, Inc.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that new case management software will modernize the Child Welfare Services Branch's data systems and provide business functionalities, including the ability to track caseloads, create case plans, facilitate monthly face-to-face visits, and allow families secured online access to their case information.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1932, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1932, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3860 Ways and Means on H.B. No. 2020

The purpose and intent of this measure is to provide funding for affordable homeownership housing projects.

More specifically, this measure:

- (1) Requires that moneys appropriated pursuant to Act 227, Session Laws of Hawaii 2021, lapse on June 30, 2024; and
- (2) Appropriates moneys into and out of the affordable homeownership revolving fund.

Your Committee received written comments in support of this measure from the Hawaii Housing Finance and Development Corporation; Habitat for Humanity Maui, Inc.; Hawaii Appleseed Center for Law and Economic Justice; Hawaii Habitat for Humanity; and three individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure will help to expand access to affordable homeownership opportunities for numerous residents of the State.

Your Committee has amended this measure by:

- (1) Deleting the appropriations into and out of the affordable homeownership revolving fund;
- (2) Changing the effective date to upon approval; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2020, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2020, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3861 Ways and Means on H.B. No. 2061

The purpose and intent of this measure is to allow the Department of Agriculture Animal Industry Division to deposit revenues from the Veterinary Laboratory and Animal Disease Control branch into the Animal Industry Special Fund to assist with the Division's operations.

Your Committee received written comments in support of this measure from the Department of Agriculture, Hawaii Cattlemen's Council, Hawaii Farm Bureau, and one individual.

Your Committee finds that this measure will help ensure that the Animal Industry Division has adequate funding to effectively carry out the Division's many responsibilities and improve the Division's operational capacity in support of the State's farming community.

Your Committee has amended this measure by changing the effective date to July 1, 2051, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2061, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2061, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3862 Ways and Means on H.B. No. 2062

The purpose and intent of this measure is to provide emergency relief and rehabilitation to eligible farmers throughout the State.

More specifically, this measure:

- (1) Establishes the agricultural emergency loan revolving fund to provide class D emergency loans made pursuant to section 155-9(e), Hawaii Revised Statutes;
- (2) Allows for payments received on account of principal from loans made by the agricultural emergency loan revolving fund to be credited to the revolving fund; and
- (3) Appropriates moneys into and out of the agricultural emergency loan revolving fund.

Your Committee received written comments in support of this measure from the Department of Agriculture, Hawaii Cattlemen's Council, Hawaii Farm Bureau, Ulupono Initiative, and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that because environmental and economic disasters and emergencies are occurring with greater frequency, the demand for emergency relief during times of hardship caused by unforeseen crises has increased. Accordingly, your Committee believes that the establishment of an agricultural emergency loan revolving fund to serve as a dedicated source of funding for agricultural emergency loans will help to support farmers throughout the State during and following disasters and emergencies.

Your Committee has amended this measure by changing the effective date to July 1, 2051, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2062, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2062, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3863 Ways and Means on H.B. No. 2098

The purpose and intent of this measure is to appropriate or authorize funds for fiscal year 2022-2023 for collective bargaining cost items for the members of collective bargaining unit (10), which consists of institutional, health, and correctional workers, along with their excluded counterparts.

Your Committee received written comments in support of this measure from the Hawaii Health Systems Corporation, Department of Budget and Finance, University of Hawaii, and United Public Workers, AFSCME Local 646.

Your Committee finds that the State and the exclusive representative of collective bargaining unit (10) have reached an agreement, which was later ratified by the unit's members. Your Committee further finds that pursuant to section 89-10(b), Hawaii Revised Statutes, the Governor submitted the cost items, and this measure serves as the corresponding legislative approval of those cost items.

Your Committee has amended this measure by:

- (1) Inserting the amounts for the cost items agreed upon between the State and the exclusive representative of collective bargaining unit (10) for fiscal biennium 2021-2023, along with the corresponding adjustments for the excluded counterparts of the members of collective bargaining unit (10);
- (2) Changing the effective date to July 1, 2022; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2098, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2098, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3864 Ways and Means on H.B. No. 2233

The purpose and intent of this measure is to authorize and appropriate funds for the Department of Human Services to provide additional housing assistance subsidies to eligible needy families.

More specifically, the measure:

- (1) Authorizes the Department of Human Services to provide additional housing assistance subsidies of up to \$500 per month to Temporary Assistance for Needy Families (TANF) and Temporary Assistance for Other Needy Families (TAONF) program participants who are participating in the First-To-Work program; and
- (2) Appropriates funds to the Department of Human Services for the housing assistance subsidies and for system modifications for the TANF program.

Your Committee received written comments in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, Office of Hawaiian Affairs, Hawaii Children's Action Network Speaks!, Zonta Club of Hilo, American Association of University Women of Hawaii, Catholic Charities Hawaii, Hawaii Appleseed Center for Law and Economic Justice, Partners In Care, Hawaii Habitat for Humanity Association, and three individuals.

Your Committee received written comments on this measure from the State Procurement Office, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that additional housing assistance subsidies to recipients of the TANF and TAONF programs who participate in the First-To-Work program will help these households cope with the high cost of rental housing in the State.

Your Committee has amended this measure by:

- (1) Deleting the appropriations to the Department of Human Services; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2233, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2233, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3865 Ways and Means on H.B. No. 2288

The purpose and intent of this measure is to transfer and appropriate necessary moneys related to the transfer of certain land from the University of Hawaii to the Department of Hawaiian Home Lands.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands and Council for Native Hawaiian Advancement.

Your Committee received written comments in opposition to this measure from the University of Hawaii system.

Your Committee received written comments on this measure from the Department of the Attorney General and Department of Budget and Finance.

Your Committee finds that the proposed land transfer will help to address a shortage of available Hawaiian home lands lots and is an important step toward meeting the long-term needs of the Department of Hawaiian Home Lands and its beneficiaries.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2288, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2288, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3866 Ways and Means on H.B. No. 2421

The purpose and intent of this measure is to establish and appropriate moneys for a three-year women's court pilot program within the Judiciary's First Circuit.

Your Committee received written comments in support of this measure from the Judiciary, Department of Health, Department of the Prosecuting Attorney for the City and County of Honolulu, Hawaii State Bar Association, Women's Prison Project, and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the pilot program supported by this measure will help improve outcomes and decrease the risk of re-imprisonment for incarcerated women by providing them with mental health services, substance abuse treatment, trauma-informed care, and educational opportunities.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount from \$695,236 to an unspecified sum;
- (2) Changing the amounts allocated for each position within the pilot program to unspecified sums; and
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2421, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2421, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3867 Ways and Means on H.B. No. 2471

The purpose and intent of this measure is to provide employer relief under the State's employment security law by temporarily amending the employer contribution amounts that are required to be paid into the Unemployment Compensation Trust Fund.

Specifically, the measure amends the statutory definition of "adequate reserve fund" to exclude the benefit cost rate from June 2020 through August 2021, for calendar years 2023 through 2030.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations.

Your Committee received written comments on this measure from Tax Foundation of Hawaii.

Your Committee finds that this measure will allow contributory employers to replenish the Unemployment Compensation Trust Fund and help re-establish the fund's integrity while the State's economy continues to recover from the effects of the coronavirus disease 2019 pandemic.

Your Committee has amended this measure by making the measure effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2471, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2471, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3868 Ways and Means on H.B. No. 2512

The purpose and intent of this measure is to address the issue of homelessness in the State.

Specifically, this measure:

- (1) Expands the statutory exemptions granted to the Ohana Zones Pilot Program contracts;
- (2) Extends the sunset date for the Ohana Zones Pilot Program by three years, to June 30, 2026;
- (3) Establishes a five-year Homeless Triage Center Pilot Program to be administered by the Department of Human Services; and
- (4) Appropriates moneys for the Ohana Zones Pilot Program and Homeless Triage Center Pilot Program.

Your Committee received written comments in support of this measure from the City and County of Honolulu Office of Housing; AARP Hawaii; Catholic Charities Hawaii; Hawaii Appleseed Center for Law and Economic Justice; Partners in Care; Institute for Human Services; Hawaii Habitat for Humanity; Planning for Community, LLC; and four individuals.

Your Committee received written comments in opposition to this measure from the Department of Land and Natural Resources.

Your Committee received written comments on this measure from the Attorney General, Department of Budget and Finance, Department of Human Services, Governor's Coordinator on Homelessness, Office of Planning and Sustainable Development, and one individual.

Your Committee finds that continuing the Ohana Zones Pilot Program will sustain effective services that are essential to meet the needs of those who are experiencing housing instability or homelessness.

Your Committee notes that Senate Bill No. 3168, Senate Draft 2, which was previously passed by the Senate, is a substantially similar measure that:

- (1) Extends the Ohana Zones Pilot Program until June 30, 2028;
- (2) Establishes an Ohana Zones Program within the Hawaii Public Housing Authority as part of its rental assistance programs, to continue to address homelessness following the expiration of the Ohana Zones Pilot Program; and
- (3) Appropriates moneys for the Ohana Zones Pilot Program.

Your Committee has amended this measure by deleting its contents and inserting the contents of Senate Bill No. 3168, Senate Draft 2, and further amending the measure by:

- (1) Removing the appropriation; and
- (2) Changing the effective date to make the measure effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2512, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2512, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3869 Judiciary on H.B. No. 980

The purpose and intent of this measure is to broaden the Department of Human Services' right of entry into a vulnerable adult's premises in situations where there is probable cause to believe a vulnerable adult is subject to any type of abuse, regardless of whether there is physical injury.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawaii Family Advocacy Team and one individual.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 2 of this measure. The proposed S.D. 2 more narrowly tailored the situations where the Department of Human Services' right to entry without a warrant into a vulnerable adult's premises when there is probable cause to believe that the vulnerable adult will be injured through caregiver neglect, self-neglect, or by physical abuse.

Your Committee received testimony in support of the proposed S.D. 2 from the Department of Human Services and one individual.

Your Committee finds that reports of abuse against vulnerable adults continue to rise as Hawai'i's population ages. Your Committee also finds that the Department of Human Services is authorized to enter premises without a warrant for purposes of investigating the abuse of vulnerable adults, pursuant to section 346-229, Hawaii Revised Statutes. Your Committee further finds that existing law limits that right of warrantless entry only to situations in which there is probable cause to believe that a vulnerable adult will be physically injured. However, your Committee also finds that abuse includes not only physical abuse, but also psychological abuse, sexual abuse, financial exploitation, caregiver neglect, or self-neglect. Accordingly, this measure will better serve vulnerable adults who may be victims of abuse.

Your Committee has amended this measure by adopting the proposed S.D. 2.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 980, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 980, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3870 (Joint) Ways and Means and Judiciary on H.B. No. 1658

The purpose and intent of this measure is to facilitate the transfer of non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture.

Specifically, this measure:

- (1) Authorizes the Department of Agriculture, prior to the transfer of certain qualifying non-agricultural park lands, to request from the Department of Land and Natural Resources any information related to the establishment of necessary and reasonable easements upon the lands;
- (2) Requires the Department of Agriculture to accept the transfer of and manage certain encumbered non-agricultural park lands;
- (3) Requires the Department of Agriculture, prior to offering a lease, to inquire with the Department of Land and Natural Resources regarding any easements required for access to landlocked forest reserves or other assets on the lands subject to the lease;

- (4) Exempts from formal county subdivision process and approval requirements the granting of easements over public lands that affect the transfer of undeveloped public lands between the Department of Land and Natural Resources and the Department of Agriculture;
- (5) Requires a lessee to develop a conservation program and plan if conservation resources exist on lands subject to the lease; and
- (6) Requires approval from the Board of Land and Natural Resources and Board of Agriculture before removing pasture lands for reforestation or other public purposes.

Your Committees received written comments in support of this measure from Ponoholo Ranch Limited; Larry Jeffs Farms, LLC; Hawaii Cattlemen's Council; Ulupono Initiative; Hawaii Farm Bureau; Kapapala Ranch; Local Food Coalition; and thirteen individuals.

Your Committees received written comments in opposition to this measure from the Department of Land and Natural Resources, The Nature Conservancy of Hawaii and Palmyra, and Sierra Club of Hawaii.

Your Committees received written comments on this measure from the Department of the Attorney General, Department of Agriculture, and Land Use Research Foundation of Hawaii.

Your Committees find that although Act 90, Session Laws of Hawaii 2003, was enacted to facilitate the transfer of certain non-agricultural park lands to the Department of Agriculture, lengthy transfer processes have stalled the transfer of many parcels of land that are primarily used for agricultural production.

Your Committees have amended this measure by:

- (1) Requiring, rather than authorizing, that the granting of easements over public lands that affect the transfer of public lands between the Department of Land and Natural Resources and Department of Agriculture be exempted from formal county subdivision processes and approval requirements;
- (2) Removing the requirement that the public lands being transferred be undeveloped in order to be eligible for the exemption described in paragraph (1);
- (3) Amending legislative findings relating to non-agricultural park lands;
- (4) Providing for the Department of Agriculture to accept the transfer and management of certain qualifying non-agricultural park lands, rather than encumbered non-agricultural park lands;
- (5) Codifying in section 166E-3, Hawaii Revised Statutes, provisions of the measure that establish requirements that must be met before pasture leases are removed for reforestation or other public purposes; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1658, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1658, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 10; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Kidani).

Judiciary: Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 3871 Ways and Means on H.B. No. 1497

The purpose and intent of this measure is to require the Department of Land and Natural Resources to establish a two-year pilot program to remove invasive species, including albizia, from the area in and around Waiahole Stream on the island of Oahu.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources, Hawaii Housing Finance and Development Corporation, and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the invasive species pilot program supported by this measure will help the State mitigate the risk of downstream flooding, improve forest health, and reduce the impact of invasive species in and around Waiahole Stream.

Your Committee has amended this measure by:

- (1) Specifying that the moneys appropriated by the measure shall not lapse at the end of the fiscal biennium;
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1497, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1497, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 3872 Ways and Means on H.B. No. 1550

The purpose and intent of this measure is to address the State's shortage of health care providers.

Specifically, this measure:

- (1) Reestablishes the Hawaii medical education special fund; and
- (2) Authorizes the John A. Burns School of Medicine to expend moneys from the Hawaii medical education special fund to support graduate medical education and training programs.

Your Committee received written comments in support of this measure from the Department of Health, University of Hawaii, Hawaii Health Systems Corporation, Hawaii Primary Care Association, Hawaii Pacific Health, Hawaii Medical Association, and Hawaii Psychiatric Medical Association.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that continuously and adequately funding graduate medical education is vital to address the State's ongoing physician shortage.

Your Committee has amended this measure by:

- (1) Moving the new statutory section created by section 2 of the measure to subpart C, part V, of Chapter 304A, Hawaii Revised Statutes, which includes most other University of Hawaii special funds; and
- (2) Making a technical nonsubstantive amendment for purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1550, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1550, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3873 Ways and Means on H.B. No. 1568

The purpose and intent of this measure is to encourage the production and use of local agricultural products.

More specifically, the measure:

- (1) Requires the Department of Education, Department of Health, Department of Public Safety, Department of Defense, and University of Hawaii System to ensure that a certain percentage of the food purchased by these entities is locally grown; and
- (2) Requires each of these entities to submit to the Legislature annual reports describing progress made toward meeting specified benchmarks.

Your Committee received written comments in support of this measure from the University of Hawaii System, Department of Education, Hawaii Cattlemen's Council, Hawaii Primary Care Association, Ulupono Initiative, Hawaii Farm Bureau, Hawaii Alliance for Progressive Action, Hawaii Food Industry Association, and numerous individuals.

Your Committee received written comments on this measure from Ka Ohana O Na Pua.

Your Committee finds that requiring state entities that purchase significant amounts of agricultural products to ensure that a certain percentage of the food purchased is locally grown will help to ensure the continued production of local food, support local farmers and ranchers, and guarantee that revenue derived from locally-grown food remains in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Education's annual report to the Legislature shall include the required information from the school year preceding the regular session and not the calendar year; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1568, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1568, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3874 Ways and Means on H.B. No. 1579

The purpose and intent of this measure is to amend Act 212, Session Laws of Hawaii 2021, relating to the transfer of the Oahu Regional Health Care System from the Hawaii Health Systems Corporation to the Department of Health, to ensure that the intent of Act 212 is properly achieved.

Specifically, this measure:

- (1) Sets the proper manner by which the Oahu Regional Health Care System should seek operational funding during the pendency of the transition process;
- (2) Extends the date by which the transfer is to be completed from December 31, 2022, to December 31, 2025;
- (3) Requires the transition working group to submit an additional report to the Legislature prior to the convening of the Regular Session of 2025;

- (4) Clarifies the procedure for the working group to discuss matters concerning patient privacy and prospective bidders; and
- (5) Appropriates moneys for the creation of a comprehensive business and transition plan.

Your Committee received written comments in support of this measure from the Oahu Region of the Hawaii Health Systems Corporation; University of Hawaii; and United Public Workers, AFSCME Local 646.

Your Committee received written comments on this measure from the Department of Budget and Finance, Department of Health, and Hawaii Health Systems Corporation.

Your Committee finds that, due to the complexity of the transition and the Department of Health's recent focus on other pressing issues, additional time is required to ensure that the transfer of the Oahu Regional Health Care System is properly effectuated.

Your Committee has amended this measure by:

- (1) Deleting the appropriation for the creation of a comprehensive business and transition plan; and
- (2) Making the measure effective upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1579, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1579, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3875 Ways and Means on H.B. No. 1682

The purpose and intent of this measure is to authorize the Department of Budget and Finance, with the approval of the Governor, to issue special purpose revenue bonds for the purpose of assisting Next Level Solutions Group, Inc., in the development of a waste-to-energy facility.

Your Committee received written comments in support of this measure from Next Level Solutions Group, Inc.

Your Committee received written comments in opposition to this measure from Climate Protectors Hawaii, Zero Waste Oahu, Zero Waste Hawaii Island, and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that Next Level Solutions Group, Inc.'s development of waste-to-energy technology will benefit Hawaii by reducing the amount of waste that enters landfills, operating in a manner that does not release toxins and other harmful emissions into the air, and providing residents with new, well-compensated jobs in the clean-energy sector.

Your Committee has amended this measure by making a technical nonsubstantive change for the purpose of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1682, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1682, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3876 Ways and Means on H.B. No. 1688

The purpose and intent of this measure is to amend the assessment and permitted uses of the additional motor vehicle registration fee.

More specifically, this measure:

- (1) Subjects U-drive motor vehicles to the same additional motor vehicle registration fee as all other motor vehicles;
- (2) Authorizes each county to use this additional motor vehicle registration fee revenue to, among other things, mitigate and address the impacts of tourism-related traffic congestion; and
- (3) Renames the highway beautification and disposal of abandoned or derelict vehicles revolving fund as the highway beautification, abandoned vehicle, and tourism-related traffic congestion revolving fund.

Your Committee received written comments in support of this measure from the County of Kauai, Department of Finance of the County of Kauai, Enterprise Holdings, Hawaii Council of Mayors, Hawaii State Association of Counties, Hertz, and one individual.

Your Committee received written comments on this measure from Maui Chamber of Commerce and Tax Foundation of Hawaii.

Your Committee finds that by providing an additional source of revenue and authorizing targeted expenditures, this measure will assist the counties' efforts to more effectively address the issues of abandoned and derelict motor vehicles and tourism-related traffic congestion.

Your Committee has amended this measure by changing to an unspecified amount the maximum amount that a county, by ordinance, may increase the additional motor vehicle registration fee.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1688, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1688, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3877 Ways and Means on H.B. No. 1711

The purpose and intent of this measure is to appropriate moneys for the College of Tropical Agriculture and Human Resources at the University of Hawaii at Manoa to establish three full-time equivalent (3.0 FTE) positions at the Kauai Research and Extension Station, including one livestock extension agent position.

Your Committee received written comments in support of this measure from the University of Hawaii System, Land Use Research Foundation of Hawaii, Hawaii Cattlemen's Council, Ulupono Initiative, Hawaii Farm Bureau, Hawaii Crop Improvement Association, and four individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure's funding for additional staffing at the College of Tropical Agriculture and Human Resources' Kauai Research and Extension Station will facilitate efforts to provide continued outreach, education, and other valuable supports for Kauai's agricultural industry.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1711, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1711, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3878 Ways and Means on H.B. No. 1741

The purpose and intent of this measure is to improve the well-being of children and families of incarcerated parents.

More specifically, the measure:

- (1) Requires the Department of Human Services to continue leading a working group to address visitation and support needs of children and families of incarcerated individuals;
- (2) Requires the working group to submit a report to the Legislature that includes the estimated costs of operating a sustainable pilot Visitation and Family Resource Center at Waiawa Correctional Facility on Oahu;
- (3) Requires the Department of Human Services to work with the Department of Public Safety, Family Reunification Working Group, and other entities serving children and families affected by parental incarceration to establish a pilot Visitation and Family Resource Center at Waiawa Correctional Facility; and
- (4) Appropriates moneys to establish the pilot Visitation and Family Resource Center.

Your Committee received written comments in support of this measure from the Department of Human Services, Hawaii Substance Abuse Coalition, Hawaii Youth Services Network, Hawaii Association of School Psychologists, Community Alliance on Prisons, Women's Prison Project, Hawaii Children's Action Network Speaks!, Blueprint for Change, Ohana Support Network, ACLU of Hawaii, Early Childhood Action Strategy, and eight individuals.

Your Committee received written comments on this measure from the Office of Information Practices and Department of Budget and Finance.

Your Committee finds that the pilot Visitation and Family Resource Center to be established at Waiawa Correctional Facility pursuant to this measure will provide a more suitable environment for visitation to occur among children and their incarcerated parents and help to minimize the trauma often experienced by families affected by incarceration.

Your Committee has amended this measure by:

- (1) Deleting a redundant reference to the Department of Human Services;
- (2) Changing the appropriations to unspecified amounts;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1741, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1741, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3879 Ways and Means on H.B. No. 1759

The purpose and intent of this measure is to appropriate moneys to the Judiciary to contract with nonprofit organizations to provide legal counsel and assistance to low-income immigrants and non-citizen residents from nations that have signed compacts of free association with the United States.

Your Committee received written comments in support of this measure from the Judiciary, Department of Human Services, Americans for Democratic Action, Hawaii Friends of Civil Rights, Hawaii Coalition for Immigrant Rights, Catholic Charities Hawaii, The Legal Clinic, and four individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the legal services supported by this measure will help address a gap in the State's low-income legal services and provide low-income immigrants and certain non-citizen residents in immigration proceedings greater access to justice.

Your Committee has amended this measure by:

- (1) Changing the appropriation amount from \$250,000 to an unspecified sum;
- (2) Changing the effective date to July 1, 2088, to facilitate further discussion on the measure; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1759, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1759, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3880 Ways and Means on H.B. No. 1762

The purpose and intent of this measure is to strengthen efforts to improve access to government services by persons having limited English proficiency.

More specifically, the measure:

- (1) Requires the Office of Language Access to submit an annual report to the Governor and Legislature regarding the compliance of state agencies and certain other entities with state and federal language access laws; and
- (2) Appropriates moneys for the:
 - (A) Establishment of one full-time equivalent (1.0 FTE) limited English proficiency language coordinator position in the Office of Language Access;
 - (B) Operating expenses of the Office of Language Access to ensure compliance with language access laws; and
 - (C) Development by the Office of Language Access of a comprehensive statewide plan to increase language access.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations, Department of Human Services, Common Cause Hawaii, Hawaii Friends of Civil Rights, Hawaii Coalition for Immigrant Rights, Catholic Charities Hawaii, The Legal Clinic, Hawaii Children's Action Network Speaks!, Hawaii Public Health Institute, Waipahu Safe Haven Center, and four individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Office of Language Access, Hawaii Emergency Management Agency, and Department of Budget and Finance.

Your Committee finds that the comprehensive statewide plan and annual report required by this measure, along with the measure's funding and staffing support for the Office of Language Access, represent a multifaceted approach to improving language access in the State.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1762, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1762, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3881 Ways and Means on H.B. No. 1798

The purpose and intent of this measure is to authorize the Department of Budget and Finance, with the approval of the Governor, to issue special purpose revenue bonds for the purpose of assisting The Queen's Health Systems in the financing of costs related to the construction, improvement, and equipping of health care facilities.

Your Committee received written comments in support of this measure from The Queen's Health Systems.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the construction, improvement, and equipping of health care facilities of The Queen's Health Systems, a not-for-profit corporation that provides health care facilities to the general public, is a project that qualifies for financing pursuant to part II, chapter 39A, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Changing the appropriation from \$750,000,000 to an unspecified amount; and
- (2) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1798, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1798, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3882 Ways and Means on H.B. No. 1828

The purpose and intent of this measure is to facilitate the administration of the Taxation Board of Review.

Specifically, the measure:

- (1) Replaces the ten-member Board of part-time volunteer members with a three-member Board of full-time salaried members;
- (2) Requires the Chairperson of the new Board to be an experienced attorney or certified public accountant;
- (3) Provides that the Vice Chairperson of the Board, among other matters, shall serve as the Chairperson when the Chairperson is temporarily unable to act due to recusal;
- (4) Requires the Board to submit to the Governor and Director of Taxation annual reports on the Board's activities;
- (5) Establishes that the presence of at least two members at any Board meeting or proceeding shall constitute a quorum;
- (6) Provides that a concurrence of the majority of members who hear an appeal shall validate an action of the Board;
- (7) Establishes hearings by the Board as contested case hearings;
- (8) Clarifies the legal and evidentiary framework for the Board's decisions; and
- (9) Appropriates moneys for the salaries of Board members and staff.

Your Committee received written comments in support of this measure from the Department of Taxation.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance and Tax Foundation of Hawaii.

Your Committee finds that establishing a paid, professional Taxation Board of Review and providing the Board with robust institutional support will help the Department of Taxation resolve its significant backlog of appeals and ensure that those appeals are resolved in a fair and expeditious manner.

Your Committee has amended this measure by:

- (1) Clarifying that the existing members of the Taxation Board of Review shall continue to serve until their successors are appointed and confirmed;
- (2) Changing the appropriation from \$518,452 to an unspecified amount;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1828, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1828, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3883 Judiciary on H.B. No. 1848

The purpose and intent of this measure is to:

- (1) Establish freedom of speech and freedom of the press protections for student journalists producing school-sponsored media or university-sponsored media unless subject to certain exceptions; and
- (2) Provide legal immunity for state agencies, officers, and employees for students' exercise of these freedoms.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Ka Leo O Hawai'i, Student Press Law Center, Hawaii Publishers Association, and twenty-three individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that student journalists attending Hawai'i public schools and the University of Hawai'i need additional protection against censorship, and that advisors need additional protections against retaliation for refusing to illegally censor student journalists. Pursuant to the exclusive jurisdiction of the Legislature to identify laws of statewide concern granted under article X, section 6, of the Hawaii State Constitution, your Committee further finds that allowing student journalists at the University of Hawai'i to exercise freedom of speech and freedom of the press in school-sponsored media and protecting their advisors from retaliation for refusing to censor their students is a matter of statewide concern. This measure will establish protections for student journalists in Hawai'i's public schools and the University of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1848, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 3884 Judiciary on H.B. No. 1883

The purpose and intent of this measure is to:

- (1) Require the exterior of the envelope containing the ballot package for elections by mail to include instructions on how to obtain language translation services in Hawaiian and certain other non-English languages; and
- (2) Apply to all elections beginning with the 2024 primary election.

Your Committee received testimony in support of this measure from the Office of Elections, Office of Language Access, University of Hawai'i at Hilo, Hawai'i Coalition for Immigrant Rights, Common Cause Hawaii, Hawai'i Friends of Civil Rights, League of Women Voters of Hawaii, Hawai'i Public Health Institute, Hawai'i Alliance for Progressive Action, and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Honolulu Elections Division.

Your Committee finds that Hawai'i is the most diverse state in the country with a diversity index of seventy-six percent. The April 2016 Department of Business, Economic Development, and Tourism Research and Economic Analysis Division report on the non-English speaking population in Hawai'i indicated that the number of non-English speakers at home increased by forty-four percent from 1980 to 2014, and that Ilocano, Tagalog, and Japanese were the top three most common non-English languages spoken at home, comprising approximately half of the non-English speakers. Your Committee further finds that language translation services are already required and used by the State and counties for in-person voting. This measure will ensure that limited English proficient voters are informed about how to obtain language translation services when voting by mail.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1883, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 3885 Ways and Means on H.B. No. 2510

The purpose and intent of this measure is to incrementally increase the State's minimum wage.

More specifically, the measure:

- (1) Increases the State's minimum wage to \$12.00 per hour beginning October 1, 2022; \$15.00 per hour beginning January 1, 2024; and \$18.00 per hour beginning January 1, 2026; and
- (2) Reduces the tip credit to \$.35 per hour beginning October 1, 2022; and zero cents per hour beginning January 1, 2026.

Your Committee received written comments in support of this measure from the Department of Labor and Industrial Relations; Department of Human Services; Hawaii County Council; Hawaii State Association of Counties; Hawaii State American Federation of Labor and Congress of Industrial Organizations; American Association of University Women of Hawaii; Hawaii Alliance of Nonprofit Organizations; Rainbow Family 808; Stonewall Caucus of the Democratic Party of Hawaii; Pride @ Work Hawaii; Hawaii Alliance for Community-Based Economic Development; Hawaii Workers Center; Chamber of Sustainable Commerce; League of Women Voters Hawaii; Hawaii Association of School Psychologists; International Alliance of Theatrical Stage Employees 665; Hawaii State Teachers Association; Hawaii Children's Action Network Speaks!; Church of the Crossroads; Hawaii Alliance for Progressive Action; United Public Workers, American Federation of State, County, and Municipal Employees Local 646; Democratic Party of Hawaii Education Caucus; Musicians' Association of Hawaii; Catholic Charities Hawaii; Imua Alliance; Hawaii Health and Harm Reduction Center; Hawaii Public Health Institute; Hawaii Ironworkers Stabilization Fund; Democratic Party of Hawaii Labor Caucus; Living Wage Hawaii; Hawaii Government Employees Association; Pono Hawaii Initiative; Democratic Party of Hawaii; International Union of Bricklayers and Allied Craftworkers, Local 1 of Hawaii; Puakalehua Early Learning Consortium; Raise Up Hawaii Kauai; Faith Action for Community Equity, Hawaii Workers Center, Raise Up Hawaii; Hawaii Clubhouse Advocacy Coalition; and numerous individuals.

Your Committee received written comments in opposition to this measure from the National Federation of Independent Business; Magics Beach Grill; Hawaii Food Manufacturers Association; Society of Human Resource Management Hawaii; Kona-Kohala Chamber of Commerce; Tiki's Grill and Bar; Hawaiian Chip Company; Hawaii Lodging and Tourism Association; Hawaiian Candies and Nuts, Ltd; Island Business Management, LLC; Gyotaku Japanese Restaurants; Il Gelato Hawaii; L&L Hawaiian Barbecue; and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance; Hawaii Restaurant Association; Hawaii Food Industry Association; Retail Merchants of Hawaii; Hawaii Farm Bureau; Hawaii Petroleum Marketers Association; Kohala Coast Resort Association; Hawaii Appleseed Center for Law and Economic Justice; Chamber of Commerce Hawaii; Grassroot Institute of Hawaii; Maui Chamber of Commerce; KYD, Inc.; and two individuals.

Your Committee finds that incrementally increasing the minimum wage will help provide more economic stability for the State's low-income working residents without unduly burdening employers in the State.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2510, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Wakai). Noes, none. Excused, none.

SCRep. 3886 Ways and Means on H.B. No. 1539

The purpose and intent of this measure is to ensure the security of Judiciary personnel.

Specifically, the measure:

- (1) Prohibits a person or organization from posting on the Internet personal information about federal and state judges and other judicial staff with the intent to intimidate or threaten; and
- (2) Establishes a Judicial Security Task Force to examine, evaluate, and determine optimal methods for securing online personal information of certain Judiciary personnel.

Your Committee received written comments in support of this measure from the Judiciary and Hawaii State Bar Association.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee finds that, due to the availability of personal information about judges and judicial staff on the Internet, appropriate deterrents, as well as collaboration and cooperation among various governmental and nongovernmental entities, are necessary to ensure the safety of judges and judicial staff.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1539, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3887 Ways and Means on H.B. No. 1548

The purpose and intent of this measure is to appropriate funds to the University of Hawaii John A. Burns School of Medicine to expand medical school and residency training through the United States Department of Veterans Affairs graduate medical education programs.

Your Committee received written comments in support of this measure from the University of Hawaii, Hawaii Health Systems Corporation, Healthcare Association of Hawaii, Hawaii Primary Care Association, Hawaii Pacific Health, Hawaii Psychiatric Medical Association, and The Queen's Health Systems.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that additional funding to the University of Hawaii John A. Burns School of Medicine will help to increase the number of physician educators who can deliver health care for veterans in Hawaii and expand the medical school's capacity to train and supervise medical students and residents.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1548, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3888 (Joint) Ways and Means and Judiciary on H.B. No. 598

The purpose and intent of this measure is to enhance public health protections against tobacco products.

Specifically, the measure:

- (1) Establishes the offense of unlawful shipment of tobacco products;
- (2) Includes electronic smoking devices among the tobacco products that are regulated in the State;
- (3) Increases the license fee for persons or entities engaged as a wholesaler or dealer of cigarettes and tobacco products;
- (4) Increases the retail tobacco permit fee for retailers engaged in the retail sale of cigarettes and tobacco products; and
- (5) On an annual basis, deposits \$750,000 of certain tax revenues to the credit of the Hawaii Tobacco Prevention and Control Trust Fund to support health education and prevention programs concerning the risks and danger of the use of electronic smoking devices by youth.

Your Committees received written comments in support of this measure from the Department of the Attorney General; Department of Health; We Are One, Inc.; Hawaii Association of School Psychologists; Get Fit Kauai; Hawaii COPD Coalition; American Lung

Association in Hawaii; Hawaii Primary Care Association; Hawaii State Teachers Association; Hawaii Children's Action Network Speaks!; AlohaCare; Americans for Democratic Action; Hawaii Public Health Institute; Hawaii Dental Association; American Heart Association; American Cancer Society Cancer Action Network; Pop Warner Hamakua Coast Cougars; Hawaii Chapter of the American Academy of Pediatrics; Coalition for a Drug-Free Hawaii; Hawaii Substance Abuse Coalition; Hawaii Public Health Association; Coalition for a Tobacco-Free Hawaii - Youth Council; and numerous individuals.

Your Committees received written comments in opposition to this measure from Retail Merchants of Hawaii; Cigar Association of America, Inc.; Hawaii Smokers Alliance; and four individuals.

Your Committees received written comments on this measure from the Department of Taxation, Hawaii Petroleum Marketers Association, Tax Foundation of Hawaii, and Hawaii Food Industry Association.

Your Committees find that the use of tobacco products, including electronic smoking devices, continues to impose health risks on Hawaii's residents and, consequently, believe that further regulation of those products is necessary.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 598, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.
 Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).
 Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 3889 Higher Education on Gov. Msg. Nos. 737, 738, 739, 740, 741, 742, and 743

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

- G.M. No. 737 KAREN MUKAI, for a term to expire 06-30-2024;
- G.M. No. 738 ANNE NAKAKURA, for a term to expire 06-30-2022;
- G.M. No. 739 ANNE NAKAKURA, for a term to expire 06-30-2025;
- G.M. No. 740 DIANE PETERS-NGUYEN, for a term to expire 06-30-2022;
- G.M. No. 741 DIANE PETERS-NGUYEN, for a term to expire 06-30-2025;
- G.M. No. 742 FRANK HAAS, for a term to expire 06-30-2022; and
- G.M. No. 743 FRANK HAAS, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Karen Mukai, Anne Nakakura, Diane Peters-Nguyen, and Frank Haas for service on the Hawaii Commission for National and Community Service.

KAREN MUKAI

Your Committee did not receive any testimony on this measure.

Your Committee finds that Ms. Mukai's experience, knowledge, and willingness to serve on the Hawaii Commission for National and Community Service qualify her for appointment as a member representing community-based agencies or organizations within the State. Your Committee finds that Ms. Mukai has extensive experience in business as an owner and operator of the largest Kumon franchise on Oahu and TK Wedding Services. In her previous professional experience, Ms. Mukai co-founded Best Bridal Hawaii, serving as its sole American officer and director. Following her experience with Best Bridal Hawaii, Ms. Mukai became a Japanese wedding consultant to serve the Japan-Hawaii wedding industry while also focusing on service to her community through non-profit organizations. Ms. Mukai is an active member of her community, serving as a board member of March of Dimes Hawaii Chapter, Manoa Valley Theatre, Women's Fund Hawaii, and Susan G. Komen Hawaii. In her experience as a board member, Ms. Mukai chaired the 2020 virtual Manoa Marquee for Manoa Valley Theatre, the 2021 hybrid Susan G. Komen Hawaii Pink Tie Lei Day Celebration, and the virtual Women's Fund Hawaii 2021 Tea and Champagne Fundraiser. Her experience and knowledge in finance and accounting will be an asset to the Hawaii Commission for National and Community Service. Your Committee therefore recommends that Karen Mukai be appointed to the Hawaii Commission for National and Community Service based on her experience, knowledge, and desire to serve the public.

ANNE NAKAKURA

Your Committee received testimony in support of the nominations for the appointment and reappointment of Anne Nakakura from one individual.

Upon review of the testimony, your Committee finds that Ms. Nakakura's experience, knowledge, and willingness to serve on the Hawaii Commission for National and Community Service qualify her for appointment and reappointment as a member representing community-based agencies or organizations within the State. Your Committee finds that Ms. Nakakura has held numerous executive-level positions within the fields of accounting and business finance. Ms. Nakakura is also a certified public accountant, and she has served major businesses in Hawaii such as Roberts Hawaii and educational institutions such as Hawaii Baptist Academy. Presently, Ms. Nakakura serves as Business Manager for La Pietra – Hawaii School for Girls, where she oversees finances and operations, including campus technology and facilities for the school, which serves girls in grades six through twelve. Ms. Nakakura has extensive experience managing daily operations and financial management, including oversight of annual operating budgets and risk management. Her experience and knowledge in finance and accounting will be an asset to the Hawaii Commission for National and

Community Service. Your Committee therefore recommends that Anne Nakakura be appointed and reappointed to the Hawaii Commission for National and Community Service based on her experience, knowledge, and desire to serve the public.

DIANE PETERS-NGUYEN

Your Committee received testimony in support of the nominations for the appointment and reappointment of Diane Peters-Nguyen from one individual.

Upon review of the testimony, your Committee finds that Ms. Peters-Nguyen's experience, knowledge, and willingness to serve on the Hawaii Commission for National and Community Service qualify her for appointment and reappointment as a member. Ms. Peters-Nguyen currently serves as the Chief Executive Officer of the American Red Cross, Pacific Islands Region. Ms. Peters-Nguyen previously held executive-level management positions for educational institutions and organizations, including Chaminade University, Oceanic Institute, and Pacific Rim Foundation. She has served as president and board member of Hui Hānai Advisory Board and past president of Hawaii Society of Business Professionals. Ms. Peters-Nguyen has also been an active member of the community, serving as a board member for Kamehameha Scholars Advisory Board, Pacific Arts Foundation, Friends of East-West Center, 'Ōlelo Community Media, Native Hawaiian Hospitality Association, Prince Kūhio Hawaiian Civic Club, and Native Hawaiian Chamber of Commerce. Ms. Peters-Nguyen also served as a peer grant reviewer for the United States Department of Education, Native Hawaiian Education Grant Competition and the Office of Hawaiian Affairs. Her experience and knowledge at all levels of education and extensive community serve will be an asset to the Hawaii Commission for National and Community Service. Your Committee therefore recommends that Diane Peters-Nguyen be appointed and reappointed to the Hawaii Commission for National and Community Service based on her experience, knowledge, and desire to serve the public.

FRANK HAAS

Your Committee received testimony in support of the nominations for the appointment and reappointment of Frank Haas from Historic Hawaii Foundation and twenty-seven individuals.

Upon review of the testimony, your Committee finds that Mr. Haas' experience, knowledge, and willingness to serve on the Hawaii Commission for National and Community Service qualify him for appointment and reappointment as a member. Mr. Haas has decades of experience in the field of marketing, serving in various sectors such as hospitality and tourism, technology, marketing, and business. He currently serves as the President and Chief Executive Officer of Marketing Management, Inc. He has previously served as Dean of the Hospitality, Culinary, and Business programs for Kapiolani Community College and as Vice President of Marketing for the Hawaii Tourism Authority. Mr. Haas has also served as a member of numerous nonprofit boards supporting culture and the arts, including Friends of Hawaii State Art Museum, Hawaii Public Radio, Chamber Music Hawaii, Historic Hawaii Foundation, Hawaii Book and Music Festival, Honolulu Theatre for Youth, and the Honolulu Symphony Marketing Committee. His experience and knowledge in hospitality, marketing, and business and extensive community serve will be an asset to the Hawaii Commission for National and Community Service. Your Committee therefore recommends that Frank Haas be appointed and reappointed to the Hawaii Commission for National and Community Service based on his experience, knowledge, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3890 Judiciary on H.B. No. 1888

The purpose and intent of this measure is to:

- (1) Increase the threshold amount that requires disclosure of electioneering communications;
- (2) Require that disclosures of electioneering communications occur on the date the electioneering communications are publicly distributed;
- (3) Specify the disclosure date for subsequent public distribution of electioneering communications;
- (4) Exempt communications in news stories or editorials published by electronic means from being considered electioneering communications;
- (5) Repeal the actual expenditures exception from the definition of "electioneering communication"; and
- (6) Apply these requirements to all elections beginning with the 2022 primary election.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and Common Cause Hawaii.

Your Committee finds that Act 3, Special Session Laws of Hawaii 2021, received criticism for seeming to limit the expenditure reporting requirement by parties for electioneering communications. Electioneering communications reporting is required for noncandidate committees whose expenditures are not the result of direct contributions to any candidate and represents an unchecked resource that can be used to unduly influence the results of candidate and issue elections. Because of the unchecked and unknown sources of these funds, additional scrutiny for their expenditures is warranted. Amending the disclosure date of electioneering communications to occur on the date the electioneering communications are publicly distributed is timelier and provides more transparency.

Your Committee has amended this measure by clarifying that the disclosure date for mailers is the date the mailers are mailed.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1888, H.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1888, H.D. 2, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 3891 (Majority) Judiciary on H.B. No. 2075

The purpose and intent of this measure is to:

- (1) Increase the time frame that a permit to acquire a firearm can be used to thirty days; and
- (2) Eliminate physical inspection of firearms generally, except under certain circumstances.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Honolulu Police Department, and Hawai'i Police Department. Your Committee received testimony in opposition to this measure from the Hawaii Firearms Coalition, Pu'uloa Rifle and Pistol Club, and twelve individuals.

Your Committee finds that in *Yukutake v. Connors*, the United States District Court for the District of Hawaii held that the requirement in section 134-2(e), Hawaii Revised Statutes, that a permit to acquire a handgun be used within ten days of issuance of the permit, and the requirement in section 134-3(c), Hawaii Revised Statutes, that firearms be physically inspected at the time of registration are both unconstitutional. Your Committee further finds that the State has a substantial interest in public safety, and accurate information protects public safety both by preventing people who are disqualified from owning firearms from acquiring them and by facilitating the tracing of firearms. Your Committee believes that the correlation between strong permitting laws and the reduction of gun violence supports imposing a reasonable expiration date on firearm permits. This measure will help Hawai'i's firearm permitting laws survive legal challenges while continuing to protect public safety by increasing the time frame that a permit to acquire can be used to thirty days and eliminating the physical inspection of firearms generally, except under certain circumstances.

Your Committee has amended this measure by:

- (1) Inserting an effective date of July 30, 2075, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2075, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 2075, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, 1 (Gabbard). Excused, 2 (Keohokalole, Fevella).

SCRep. 3892 Ways and Means on H.B. No. 510

The purpose and intent of this measure is to provide relief to low-income persons from taxes and fees associated with vehicles.

More specifically, this measure establishes a refundable income tax credit to offset vehicle registration fees for persons who are eligible to receive a refundable food/excise tax credit in an amount greater than \$0.

Prior to a public hearing on this measure, your Committee made available for public review a Proposed S.D. 1 of this measure. The Proposed S.D. 1 amends the measure by adding a provision to extend the availability of the state earned income tax credit.

Your Committee received testimony in support of this measure from Catholic Charities Hawaii, Hawaii Health and Harm Reduction Center, and Stonewall Caucus of the Democratic Party of Hawaii.

Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Americans for Democratic Action, Early Childhood Action Strategy, Hawaii Appleseed Center for Law and Economic Justice, Hawaii Children's Action Network Speaks!, Hawaii Public Health Institute, and nine individuals.

Your Committee finds that the state earned income tax credit, codified as section 235-55.75, Hawaii Revised Statutes, provides an incentive for taxpayers to work, while also reducing the tax burden on low- and moderate-income families. Your Committee also finds that, under present law, the state earned income tax credit shall not apply to taxable years beginning after December 31, 2022. Your Committee further finds that the Proposed S.D. 1 would extend the availability of the state earned income tax credit by an additional six years.

Your Committee has amended this measure by adopting the Proposed S.D. 1 and further amending the Proposed S.D. 1 by:

- (1) Removing the provisions related to the vehicle registration fee income tax credit;
- (2) Making the earned income tax credit refundable; and
- (3) Changing the effective date to upon approval and applying the measure to taxable years beginning after December 31, 2021.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 510, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 510, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3893 Ways and Means on H.B. No. 1147

The purpose and intent of this measure is to appropriate moneys for the capital improvement project costs of the State for the fiscal biennium 2021-2023.

Your Committee received no written comments on this measure.

Your Committee finds that by appropriating moneys for the State's capital improvement project costs, this measure provides an opportunity to invest in the State's infrastructure while remaining fiscally prudent.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1147, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1147, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Keith-Agaran, Kidani).

SCRep. 3894 Ways and Means on H.B. No. 1540

The purpose and intent of this measure is to authorize the issuance of general obligation bonds and make findings pursuant to the Hawaii State Constitution that the bond issuance will not cause the State's debt limit to be exceeded.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that article VII, section 13, of the Hawaii State Constitution requires the Legislature to include in every general law authorizing the issuance of general obligation bonds a declaration of findings that the total amount of principal and interest will not cause the State's debt limit to be exceeded at the time of issuance.

Your Committee has amended this measure by inserting the respective Act numbers for the General Appropriations Act of 2021 and the Judiciary Appropriations Act of 2021 where those two Acts are referenced in the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1540, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1540, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3895 (Joint) Judiciary and Ways and Means on H.B. No. 2179

The purpose and intent of this measure is to authorize the Director of Taxation, under certain circumstances, to apply to the circuit court to convert certain tax liens into enforceable civil judgments.

Your Committees received testimony in support of this measure from the Department of Taxation. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Tax Foundation of Hawaii.

Your Committees find that there are several current delinquent tax cases that are essentially uncollectible despite the existence of tax liens. When a delinquent taxpayer deliberately ignores the Department of Taxation's communications and the lien remains uncontested, the collection process cannot move forward. This measure will lead to increased tax compliance by authorizing the Director of Taxation to apply to the circuit court to convert certain tax liens into enforceable civil judgments.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2179, H.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as H.B. No. 2179, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Kanuha, Kidani, Moriwaki).

SCRep. 3896 Ways and Means on H.B. No. 1600

The purpose and intent of this measure is to appropriate funds for the operating costs of the executive branch for the supplemental budget period beginning July 1, 2022, and ending June 30, 2023.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Department of Hawaiian Home Lands; State Council on Developmental Disabilities; Executive Office on Early Learning; Department of Labor and Industrial Relations; Department of Business, Economic Development, and Tourism; Kaho'olawe Island Reserve Commission; Department of Transportation; City and County of Honolulu Department of the Prosecuting Attorney; Hawaii Pacific Health; University of Hawaii; Department of Human Resources Development; Department of Commerce and Consumer Affairs; Department of Public Safety; Office of Planning and Sustainable Development; Executive Office on Aging; Hawaii Technology Development Corporation; Hawaii Health Systems Corporation; Department of the Attorney General; State Foundation on Culture and the Arts; Department of Education; Hawaii Green Infrastructure Authority; Department of Health; Hawaii Public Housing Authority; Hawaii Community Development Authority; Office of the Governor; Hawaii Health Systems Corporation Oahu Regional Health Care System;

Hawaii State Public Library System; State Public Charter School Commission; Department of Human Services; Partners In Care; Local Food Coalition; Catholic Charities Hawai'i; Kahoolawe Island Reserve Commission; Board of Trustees at the Office of Hawaiian Affairs; Hawaii Early Intervention Coordinating Council; State Procurement Office; Policy Advisory Board for Elder Affairs; Early Learning Board; Special Education Advisory Council; Office of Language Access; Hawaii Public Utilities Commission; Disability and Communication Access Board; Healthcare Association of Hawaii; Hawaii Disability Rights Center; AlohaCare; Hui for Excellence in Education Coalition; Hawaiian Humane Society; Hawaii Children's Action Network Speaks!; Health Committee, Democratic Party of Hawaii; Kupuna Caucus of the Democratic Party of Hawaii; Kaiser Permanente; Hunt Companies; Bishop Museum; Kapolei Chamber of Commerce; Historic Hawaii Foundation; Queen's Health Systems; Hawaii Primary Care Association; Hawaii Friends of Civil Rights; Ke Kai O Kuloloi'a; County of Maui; American College of Obstetricians and Gynecologists, Hawaii Section; Kokuia Kalihi Valley Comprehensive Family Services; and numerous individuals.

Your Committee received testimony in opposition to this measure from Mauna Kahalawai Watershed Partnership.

Your Committee received comments on this measure from Department of Accounting and General Services, Department of Agriculture, Department of Budget and Finance, Office of Enterprise Technology Services, Hawaii Tourism Authority, Hawaii State Energy Office, Department of Land and Natural Resources, Department of Land and Natural Resources, Department of Taxation, Department of Defense, Community Alliance on Prisons, Hawai'i Reef and Ocean Coalition, Maui Health System, Waimea Middle Public Conversion Charter School, Department of Defense, Ala Moana-Kakaako Neighborhood Board No. 11, County of Kauai Office of the Prosecuting Attorney, The Nature Conservancy Hawaii, Early Childhood Action Strategy, Climate Protectors Hawaii, Hawaii Oral Health Coalition, Haleakala Ranch, Sierra Club of Hawai'i, Conservation Council of Hawai'i, The Trust for Public Land, Hawai'i Conservation Alliance Foundation, The Nature Conservancy Hawai'i and Palmyra, Surfrider Foundation Hawai'i Region, Center for Biological Diversity, Climate Protectors Hawai'i, Hawai'i's Thousand Friends, Hawai'i Reef & Ocean Coalition, Ko'olau Waialua Alliance, Friends of Lana'i, Ma'alaea Village Association, American Civil Liberties Union of Hawai'i, and three individuals.

PART I. OVERVIEW

This measure, as received, includes:

- (1) The base budget from Act 88, Session Laws of Hawaii (SLH) 2021;
- (2) The addition of previously appropriated collective bargaining amounts in prior Acts;
- (3) The adjustment amounts necessary to fulfill the Employees' Retirement System, Employer-Union Health Benefits Trust Fund, debt service, and Medicaid requirements for the 2021-2023 biennium; and
- (4) The reduction of non-recurring amounts identified in the fiscal year 2021 and 2022 executive budget worksheets issued by the Legislature.

Your Committee has amended this measure to include:

- (1) The approved executive requests for trade-offs, transfers, changes to means of financing, conversions of positions from temporary to permanent, expenditure ceiling increases or decreases, and reductions;
- (2) Additional funding for priority budget requests;
- (3) The remaining balance of the \$1,600,000,000 in American Rescue Plan Act of 2021 funds; and
- (4) The State of Hawaii fund allocation to meet the federal Maintenance of Effort requirement.

	Fiscal Year 2022-2023	
	All Funds	General Funds
Executive Budget Act 88, SLH 2021	\$15,123,214,229	\$7,517,912,761
Executive Budget Request	\$16,685,756,283	\$8,460,113,579
Net Change in Senate Draft	\$5,029,606,599	\$4,210,765,077
Total Appropriation	\$20,152,820,828	\$11,728,587,838

PART II. GENERAL FUND REVENUES AND ECONOMY

The Council on Revenues increased its general fund tax revenue projection at both its January 2022 and March 2022 meetings.

When the Council met, it was determined that, due to the rebounding of the economy and increased tax collections, the State could expect a 6.0 percent increase in the fiscal year 2022 general fund tax revenues. Strong revenue collections were attributed to a high number of visitors to the islands, increased consumer spending, additional tax collections due to inflation, and the benefit of having a larger share of the transient accommodations tax remain in the general fund. Individual and corporate income tax payments also increased as the result of a deferred 2019 tax filing deadline from April 2020 to July 2020, due to the coronavirus disease 2019 (COVID-19) pandemic, resulting in a shift of tax collections from fiscal year 2020 into fiscal year 2021. The State also experienced positive economic growth due to the infusion of Hawaii's portion of the \$1.9 trillion American Rescue Plan Act funds into the state coffers.

The new forecasts for the state general fund tax revenues in fiscal year 2022 through fiscal year 2028 are shown in the table below.

General Fund Tax Revenues

Fiscal Year	Amount (in Thousands of Dollars)	Growth From Previous Year
2022	\$8,772,816	21.0%
2023	\$9,299,185	6.0%
2024	\$9,671,152	4.0%
2025	\$10,009,642	3.5%
2026	\$10,359,979	3.5%
2027	\$10,722,578	3.5%
2028	\$11,097,868	3.5%

PART III. COMMITTEE'S PRIORITIES

Your Committee has worked diligently to create a responsible financial plan that includes a budget that incorporates strategies to improve the State's credit rating and borrowing power and the restoration of and increases to funding for critical services and programs. The Senate's approach to balancing the budget included considering the Council on Revenues' General Fund Forecast, allocating federal funds received from the American Rescue Plan Act, restoring critical defunded positions, restoring programs and services that were reduced during the COVID-19 pandemic, funding non-recurring one-time costs, implementing vacancy reductions to limit the growth of government, meeting the federal maintenance of effort requirements, and, finally, covering costs for Senate priorities.

Your Committee continued to manage the daunting task of balancing the state budget with the remainder of the \$1,600,000,000 allocated to the State through the American Rescue Plan Act of 2021 (ARPA). Numerous federal requirements, restrictions, and limitations were placed on how ARPA funds could be spent by the states. With limited guidance from the Department of Budget and Finance and the federal government, determining the most appropriate use of the money was very difficult. The maintenance of effort requirement presented the greatest challenge for drafting a balanced budget.

Your Committee worked diligently to meet the proportional maintenance of effort funding requirements established under ARPA. Many hours were spent to ascertain accurate appropriations to the University of Hawaii, Department of Education, and all other state departments. The federal maintenance of effort requirements mandate the State to provide proportional funding in fiscal years 2022 and 2023 to elementary and secondary education, and higher education, as compared to the overall state budget averaged over fiscal years 2017, 2018, and 2019. According to the Department of Budget and Finance, this averaged proportional allocation is 6.5 percent and 23.00 percent for higher education and lower education, respectively. Higher education encompasses the University of Hawaii, while lower education comprises the Department of Education minus libraries and early learning programs. Your Committee presents a budget that ensures economic stabilization and meets the federal requirements of the maintenance of effort.

Your Committee understands that there are many competing needs that the State must address. Your Committee recognizes the State's role in overseeing and managing a range of services for our most vulnerable populations, such as kupuna, children, and those with disabilities; addressing issues surrounding homelessness; investing in the development of affordable housing; funding kindergarten through grade twelve education, funding workforce training and the development of industry-recognized certifications and credentials, and protecting our cultural and natural resources; increasing our State's renewable energy capabilities; growing Hawaii's agricultural and value-added product industry; scaling alternative education; and coordinating trauma-informed care programs and services statewide.

PART IV. OPERATING BUDGETAccounting and General Services

The Senate Draft of the executive budget for the Department of Accounting and General Services appropriates \$102,406,900 in fiscal year 2022 and \$608,244,209 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$87,391,066 in fiscal year 2022 and \$106,365,761 in fiscal year 2023 in non-general funds, of which \$3,786,000 in fiscal year 2022 and \$1,769,625 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$805,000 in general funds for the Enterprise Financial System project in fiscal year 2023;
- ❖ Add \$14,768,429 in general funds and \$1,408,095 in federal funds in fiscal year 2023 for state department information technology software and equipment requests from various state departments;
- ❖ Add \$144,000 for a Chief Data Officer;
- ❖ Add \$28,051,654 in general funds and \$2,225,394 in special funds in fiscal year 2023 to centralize digitization and archiving of records for eleven state departments;
- ❖ Add \$284,000 in general funds and a 1.00 FTE Procurement Attorney position to assist with contracts and protests and a 1.00 FTE Purchasing Specialist position to assist with construction contracts in fiscal year 2023;
- ❖ Add \$17,000,000 in general funds for insurance cost increases in fiscal year 2023;

- ❖ Add \$28,000,000 in general funds for infrastructure and warehouses in fiscal year 2023;
- ❖ Add \$1,991,932 in general funds for energy savings performance contracts in fiscal year 2023;
- ❖ Add \$200,000 in ARPA funds for the Artist Fellowship Program in fiscal year 2023;
- ❖ Add \$10,000,000 in general funds for the Bernice Pauahi Bishop Museum in fiscal year 2023;
- ❖ Add \$2,000,000 in general funds for Iolani Palace in fiscal year 2023;
- ❖ Add \$500,000 in ARPA funds for the Creative Grant Program in fiscal year 2023;
- ❖ Reduction of 14.00 FTE general funded vacant positions in fiscal year 2023;
- ❖ Add \$50,000,000 in general funds in fiscal year 2023 for the Stadium Authority's New Aloha Stadium Entertainment District liquidity reserve, which is to reside in the stadium development special fund established by Act 146, SLH 2021, and codified in section 109-3.5, Hawaii Revised Statutes;
- ❖ Add \$350,000,000 in general funds in fiscal year 2023 for the Stadium District redevelopment; and
- ❖ Add \$725,625 in ARPA funds in fiscal year 2023 for State Capitol Security.

Agriculture

The Senate Draft of the executive budget for the Department of Agriculture appropriates \$13,647,499 in fiscal year 2022 and \$51,439,169 in fiscal year 2023 in general funds and \$38,742,443 in fiscal year 2022 and \$37,149,259 in fiscal year 2023 in non-general funds, of which \$100,000 in fiscal year 2022 are ARPA funds.

Highlights are as follows:

- ❖ Add \$165,700 in general funds in fiscal year 2023 for the Agricultural Loan Division;
- ❖ Change means of financing for \$1,825,885 special funds to \$1,407,252 in general funds for 23.00 FTE positions in fiscal year 2023 for the Plant Quarantine Branch, due to special fund insolvency;
- ❖ Add \$425,000 in general funds for the Agricultural Subsidy Program for farmers affected by coffee berry borer and coffee leaf rust and ranchers affected by the spittlebug;
- ❖ Restore \$593,281 in special funds for 5.00 FTE positions and fringe benefits in the Animal Quarantine Branch;
- ❖ Add \$1,600,000 in general funds for the Kapaa litigation settlement;
- ❖ Add \$500,000 in general funds for the management of the Hawi well;
- ❖ Add \$26,000,000 for dam and spillway improvements and purchase of fee simple lands;
- ❖ Add \$658,480 in general funds and 4.00 FTE positions in fiscal year 2023 for Aquaculture Development;
- ❖ Add \$2,000,000 in general funds in fiscal year 2023 for security on Agribusiness Development Corporation lands;
- ❖ Add \$350,000 in general funds in fiscal year 2023 to update the Hawaii Agribusiness Plan and accounting services for the Agribusiness Development Corporation;
- ❖ Add \$4,451,000 in general funds in fiscal year 2023 for irrigation projects on Kauai;
- ❖ Add \$800,000 for irrigation system management;
- ❖ Add \$1,300,000 in general funds in fiscal year 2023, of which \$800,000 is appropriated for axis deer and ungulate fencing for local farmers; and
- ❖ Add \$800,000 in general funds in fiscal year 2023 for a temporary Pesticide Disposal Program.

Attorney General

The Senate Draft of the executive budget for the Office of the Attorney General appropriates \$32,976,791 in fiscal year 2022 and \$47,728,690 in fiscal year 2023 in general funds and \$69,308,262 in fiscal year 2022 and \$74,607,873 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- ❖ Add \$205,380 in federal funds and 2.00 FTE Investigator positions in fiscal year 2023;
- ❖ Add \$3,360,000 in general funds in fiscal year 2023 for Deputy Attorney General salary increases to remain competitive with federal and county agencies;
- ❖ Add \$105,950 in special funds and a 1.00 FTE position in fiscal year 2023 for an Auditor for the Tobacco Enforcement Unit;
- ❖ Add \$2,295,000 in general funds and \$4,455,000 in federal funds in fiscal year 2023 for the Keiki System modernization project to improve the processing of child support payments;
- ❖ Add \$754,000 in general funds and 9.00 FTE positions in fiscal year 2023 for sex and human trafficking prevention;
- ❖ Add \$834,000 in general funds and 9.00 FTE positions in fiscal year 2023 to assist in the control of fraud, white collar crime, and public corruption;

- ❖ Add \$483,000 in general funds and 2.00 FTE positions in fiscal year 2023 for the Law Enforcement Standards Board; and
- ❖ Add \$4,000,000 in general funds in fiscal year 2023 for major litigation and potential lawsuits against the State.

Business, Economic Development, and Tourism

The Senate Draft of the executive budget for the Department of Business, Economic Development, and Tourism appropriates \$17,027,230 in fiscal year 2022 and \$333,149,467 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$147,358,766 in fiscal year 2022 and \$254,779,970 in fiscal year 2023 in non-general funds, of which \$15,350,000 in fiscal year 2022 and \$82,522,490 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$17,972,490 in ARPA funds in fiscal year 2023 for infrastructure upgrades at Kalaeloa;
- ❖ Add \$60,000,000 in ARPA funds in fiscal year 2023 for the Hawaii Tourism Authority;
- ❖ Increase the Convention Center Special Fund expenditure ceiling by \$28,500,000 in fiscal year 2023;
- ❖ Add \$200,000 in general funds in fiscal year 2023 for Sister State Relations;
- ❖ Add \$315,000,000 in general funds in fiscal year 2023 for affordable housing;
- ❖ Add \$3,500,000 in general funds in fiscal year 2022 for Hawaii Technology Development Corporation grants to include funding for Accelerator Programs, Manufacturing grants, and Small Business Loans;
- ❖ Add \$2,000,000 in general funds in fiscal year 2023 for the Council of State Governments;
- ❖ Add \$1,000,000 in general funds in fiscal year 2023 for matching Office of Naval Research grants;
- ❖ Add \$300,000 in general funds in fiscal year 2023 for the Carbon Smart Incentive Program;
- ❖ Add \$2,000,000 in federal funds in fiscal year 2023 for the Air Noise and Safety Task Force; and
- ❖ Redescribed two vacant positions within the Hawaii State Energy Office for 2.00 FTE Hydrogen Program positions.

Budget and Finance

The Senate Draft of the executive budget for the Department of Budget and Finance appropriates \$2,727,042,164 in fiscal year 2022 and \$4,001,311,187 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$421,371,285 in fiscal year 2022 and \$422,864,265 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- ❖ Change Means of Finance from ARPA funds to general funds in the amount of \$9,700,000 for vacation payout;
- ❖ Add \$200,000 in fiscal year 2023 for investment analytic software that has earned the State \$20,000,000 in fiscal year 2021;
- ❖ Reduction of \$23,485,639 in fiscal year 2023 for debt service;
- ❖ Add \$19,015,061 in fiscal year 2023 for retirement benefits for the Department of Education;
- ❖ Add \$335,068,000 in fiscal year 2023 for health premium payments for the Annual Required Contribution;
- ❖ Add \$23,105,000 in fiscal year 2022 for Other Post-Employment Benefits Prefunding;
- ❖ Add \$185,000,000 in general funds in fiscal year 2023 for debt service; and
- ❖ Add \$350,000,000 in general funds in fiscal year 2023 for retirement benefits.

Commerce and Consumer Affairs

The Senate Draft of the executive budget for the Department of Commerce and Consumer Affairs appropriates \$93,821,564 in fiscal year 2022 and \$93,897,084 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- ❖ Add \$243,888 in special funds and 2.00 FTE positions in fiscal year 2023 for small dollar licensure;
- ❖ Add \$242,881 in special funds and 4.00 FTE positions in fiscal year 2023 for the professional vocational licensing division; and
- ❖ Add \$450,000 in special funds in fiscal year 2023 for information technology system improvements.

Defense

The Senate Draft of the executive budget for the Department of Defense appropriates \$19,442,287 in fiscal year 2022 and \$81,090,306 in fiscal year 2023 in general funds and \$84,028,504 in fiscal year 2022 and \$114,778,202 in fiscal year 2023 in non-general funds, of which \$5,000,000 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$289,618 in federal funds and 4.00 FTE positions in fiscal year 2023 for the new Star Base on Kauai;
- ❖ Add \$7,233,000 in general funds to match the \$24,700,000 in federal funds for Hawaii Emergency Management Agency projects;

- ❖ Add \$5,000,000 in ARPA funds in general funds in fiscal year 2023 for the Major Disaster Fund;
- ❖ Add \$17,800,000 in general funds in fiscal year 2023 for land acquisition; and
- ❖ Add \$35,000,000 in general funds in fiscal year 2023 for Hawaii Emergency Management Agency infrastructure construction and site plans.

Education

The Senate Draft of the executive budget for the Department of Education appropriates \$1,920,342,241 in fiscal year 2022 and \$2,769,439,595 in fiscal year 2023 in general funds and \$408,426,911 in fiscal year 2022 and \$427,511,089 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- ❖ Add \$200,000 in general funds and 2.00 FTE positions in fiscal year 2023 for adult workforce programs;
- ❖ Add \$2,000,000 in general funds in fiscal year 2022 for early learning classrooms;
- ❖ Add \$1,000,000 in general funds in fiscal year 2023 to provide menstrual equity across the State;
- ❖ Add \$94,000,000 in general funds in fiscal year 2023 for a pilot teacher salary modernization project;
- ❖ Add \$34,500,000 in general funds in fiscal year 2023 for teacher salary differentials;
- ❖ Add \$5,525,566 in general funds in fiscal year 2023 for a new virtual learning center;
- ❖ Add \$104,000,000 in general funds in fiscal year 2023 to expand the academy education model to middle and high schools across the State;
- ❖ Add \$6,000,000 in general funds in fiscal year 2022 for an Agriculture Innovation Center in Kekaha;
- ❖ Add \$15,000,000 in general funds in fiscal year 2022 for a Centralized Maintenance Baseyard;
- ❖ Add \$97,202 in general funds and a 1.00 FTE Equity Specialist for Charter Schools civil rights compliance;
- ❖ Add \$2,500,000 in general funds for land acquisition for the Papahana o Kaiona Alternative Learning Center;
- ❖ Add \$1,933,365 in general funds in fiscal year 2022 for library renovations across the State;
- ❖ Add \$45,500,000 in general funds in fiscal year 2022 for centralized kitchens for the Farm-to-School program;
- ❖ Add \$6,364,830 in general funds for automated greenhouses across the State;
- ❖ Add \$100,200,000 in general funds to restore one hundred percent of COVID-19 pandemic budget cuts;
- ❖ Add \$158,868 in general funds and 3.00 FTE Athletic Care Trainers in fiscal year 2023 for Waiialua, Waimea, Molokai, and Nanakuli High Schools;
- ❖ Add \$180,000 in general funds and 2.00 FTE Reserve Officers' Training Corps Instructors in fiscal year 2023 for Waipahu and Moanalua High Schools;
- ❖ Add \$50,160 in general funds in fiscal year 2023 for Registered Behavioral Technician workforce pathways;
- ❖ Add \$855,000 in general funds in fiscal year 2023 for a fish hatchery pilot program;
- ❖ Add \$250,000 in general funds in fiscal year 2023 for adult workforce programs for incarcerated women;
- ❖ Add \$300,000 in general funds in fiscal year 2023 to provide educational services in residential programs; and
- ❖ Add \$1,022,499 and 17.00 FTE Teachers to provide a Statewide Special Education teacher mentor program.

Governor

The Senate Draft of the executive budget for the Office of the Governor appropriates \$3,550,536 in fiscal year 2022 and \$3,635,928 in fiscal year 2023 in general funds.

Highlights are as follows:

- ❖ Add \$1,000 in general funds in fiscal year 2023 for gubernatorial transition costs per section 30-6, Hawaii Revised Statutes; and
- ❖ Add \$84,392 in general funds and a 1.00 FTE position in fiscal year 2023 for board and commission nominee management.

Hawaiian Home Lands

The Senate Draft of the executive budget for the Department of Hawaiian Home Lands appropriates \$14,751,668 in fiscal year 2022 and \$615,753,471 in fiscal year 2023 in general funds and \$38,883,770 in fiscal year 2022 and \$73,883,770 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- ❖ Add \$35,000,000 for a federal funds expenditure ceiling increase in fiscal year 2023;
- ❖ Reduction of \$49,260 in general funds in fiscal year 2023 for training costs;

- ❖ Add \$49,260 in general funds and a 1.00 FTE Water Systems Maintenance Helper in fiscal year 2023;
- ❖ Add \$1,043,548 in general funds in fiscal year 2023 for 20.00 FTE defunded vacant positions;
- ❖ Add \$600,000,000 in general funds in fiscal year 2023 for homestead housing;
- ❖ Add \$487,614,000 in fiscal year 2022 for plans, design, construction, land acquisition, and equipment for infrastructure for the following projects:
 - East Kapolei IIC, Oahu, a project for one hundred thirty new lots for \$20,000,000;
 - East Kapolei IID, Oahu, a project for one hundred sixty-seven new lots for \$22,444,800;
 - East Kapolei IIE, Oahu, a project for one hundred fifty-eight new lots for \$24,460,800;
 - East Kapolei IIF, Oahu, a project for two hundred fifty new lots for \$30,374,400;
 - East Kapolei IIA, Oahu, a project for three hundred new lots for \$5,000,000;
 - East Kapolei LDA3, Oahu, a project for two hundred fifty new lots for \$5,000,000;
 - Waimanalo, Oahu, a project for one hundred fifty new agricultural and residential lots for \$25,000,000;
 - Puunani Homestead Subdivision, Maui, a project for one hundred sixty-one new lots for \$13,200,000;
 - Puunani Homestead Phase 2, Maui, a project for one hundred forty new lots for \$37,000,000;
 - Keokea-Waiohuli Phase 2B and Phase 3, Maui, a project for seventy-six new lots for \$27,834,000;
 - West Maui Development – Leialii 1B, Maui, a project for highway and parkway improvements, water development, and two hundred fifty new lots for \$60,000,000;
 - Hoolehua – Naiwa Agricultural Subdivision, Molokai, Maui, a project for fifty-eight new agricultural lots for \$30,000,000;
 - Hanapepe Phase 2, Kauai, a project for seventy-five new residential lots for \$20,000,000;
 - Laiopua Villages 1 and 2, Hawaii, a project for four hundred new lots for \$70,000,000;
 - Kau Phase 3, Hawaii, a project for a water system and twenty-five new pasture lots for \$40,000,000; and
 - Honomu Phase 2, Hawaii, a project for forty new subsistence agricultural lots for \$2,000,000; and
- ❖ Add \$112,386,000 in fiscal year 2023 for down payment assistance and mortgage payment assistance to beneficiaries of the Hawaiian Homes Commission Act, 1920.

Health

The Senate Draft of the executive budget for the Department of Health appropriates \$623,683,733 in fiscal year 2022 and \$640,310,276 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$1,278,000,802 in fiscal year 2022 and \$1,302,192,519 in fiscal year 2023 in non-general funds, of which \$54,264,764 in fiscal year 2022 and \$81,293,804 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$99,433,565 in general funds in fiscal year 2022 and \$71,000,000 in general funds in fiscal year 2023 for COVID-19 pandemic mitigation;
- ❖ Retain Hawaii Health Systems Corporation - Oahu Region \$35,000,000 in special funds and 440.00 FTE positions in fiscal year 2023 within the Hawaii Health Systems Corporation - Regions operating subsidy;
- ❖ Add \$8,923,000 in general funds in fiscal year 2023 for a Maui Health Systems operating subsidy;
- ❖ Provide \$3,487,633 in general funds in fiscal year 2023 for supplies and staffing of the new forensic building at the Hawaii State Hospital;
- ❖ Add \$9,668,664 in fiscal year 2023 for home and community-based services surplus funds (ARPA);
- ❖ Add \$206,807 in special funds and 2.00 FTE Investigator V positions and a 1.00 FTE Office Assistant IV position for equipment and transportation costs for the Office of Medical Cannabis Control and Regulation;
- ❖ Add \$62,136 in general funds and a 1.00 FTE position in fiscal year 2023 for a permanent Environmental Engineer IV in the Clean Water Branch;
- ❖ Add \$276,000 in general funds and 5.00 FTE positions in fiscal year 2023 for long-term care ombudsman across the State;
- ❖ Add \$1,500,000 for Kupuna Caregivers across the State (ARPA);
- ❖ Add \$9,000,000 for the Kupuna Care Program (ARPA);
- ❖ Add \$67,200 and a 1.00 FTE Administrative Rules Drafter in fiscal year 2023;
- ❖ Add \$14,000,000 in general funds for the modernization of state laboratories;
- ❖ Add \$67,200 in general funds and a 1.00 FTE Climate Change and Human Health Specialist in fiscal year 2023; and

- ❖ Add \$69,876 in general funds for a 1.0 FTE English proficiency language coordinator and \$135,000 in general funds for other current expenses.

Human Resources Development

The Senate Draft of the executive budget for the Department of Human Resources Development appropriates \$19,583,703 in fiscal year 2022 and \$19,614,558 in fiscal year 2023 in general funds and \$6,448,909 in fiscal year 2022 and \$6,501,484 in fiscal year 2023 in non-general funds, of which \$582,775 in fiscal year 2022 and \$635,350 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$127,272 in general funds and 2.00 FTE Human Resource Specialist V positions in fiscal year 2023 to expedite hiring and to re-evaluate and revise outdated position description minimum qualifications.

Human Services

The Senate Draft of the executive budget for the Department of Human Services appropriates \$1,281,959,947 in fiscal year 2022 and \$1,363,613,692 in fiscal year 2023 in general funds. The Senate also appropriates \$2,447,754,583 in fiscal year 2022 and \$2,527,779,706 in fiscal year 2023 in non-general funds, of which \$12,729,564 in fiscal year 2022 and \$22,189,564 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$3,925,980 in general funds and \$19,168,020 in federal funds in fiscal year 2023 for Temporary Assistance for Needy Families and Temporary Assistance to Other Needy Families benefit allotment;
- ❖ Add \$10,196,861 in federal funds in fiscal year 2023 to raise the federal fund expenditure ceiling for rental assistance services;
- ❖ Add \$2,500,000 in general funds and a 1.00 FTE position in fiscal year 2023 for a Program Specialist for the Homeless Triage Center Pilot Program;
- ❖ Add \$5,000,000 in special funds in fiscal year 2023 to raise the expenditure ceiling for the Spouse and Child Abuse Special Fund;
- ❖ Add \$1,200,000 in general funds for salary differentials for 250.00 FTE Social Workers to promote recruitment and retainment within the division;
- ❖ Add \$1,066,860 in general funds, \$1,820,438 in federal funds, and 25.00 FTE positions in fiscal year 2023 for general support for childcare;
- ❖ Add \$2,449,040 in general funds and \$3,448,465 in federal funds in fiscal year 2023 to extend the Medicaid Post-partum Benefit from two months to twelve months;
- ❖ Add \$8,823,781 in general funds and \$17,128,516 in federal funds in fiscal year 2023 to implement the 2nd Option of Adult Dental Benefits to the Medicaid Program;
- ❖ Add \$450,000 in general funds for mental health and transition services for the Oahu Youth Correctional Facility;
- ❖ Add \$300,000 in general funds and \$5,700,000 in federal funds in fiscal year 2023 for afterschool summer programs;
- ❖ Add \$300,000 in ARPA funds for a Social Assistance Crisis Hotline;
- ❖ Add \$2,500,000 in ARPA funds in fiscal year 2023 for COVID-19 response;
- ❖ Add \$25,000,000 in general funds in fiscal year 2023 for the Hawaii Public Housing Authority; and
- ❖ Add \$15,000,000 in general funds in fiscal year 2023 for the implementation of the Ohana Zones Pilot Program.

Labor and Industrial Relations

The Senate Draft of the executive budget for the Department of Labor and Industrial Relations appropriates \$15,986,927 in fiscal year 2022 and \$21,660,011 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$1,229,152,089 in fiscal year 2022 and \$814,496,745 in fiscal year 2023 in non-general funds, of which \$773,541,937 in fiscal year 2022 and \$40,541,937 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$5,293,416 and 7.00 FTE positions in fiscal year 2023 for a statewide internship program that will place three hundred interns and thirty Department of Education students across state departments;
- ❖ Add \$235,338 in revolving funds for 2.00 FTE Elevator II inspector positions, which are expected to generate \$1,000,000 in revenues annually;
- ❖ Add \$13,999 in federal funds for the Fair Housing Assistance Program to administer fair housing laws certified by the United States Department of Housing and Urban Development;
- ❖ Add \$285,000 in general funds for 3.00 FTE Program Specialists, a 1.00 FTE Program Administrator, and a 1.00 FTE Fiscal Clerk for Community Services;
- ❖ Add \$2,000,000 in funds in fiscal year 2023 for:
 - \$1,220,000 in ARPA funds for the Emergency Food Assistance Program – City and County of Honolulu;

- \$400,000 in ARPA funds for the Emergency Food Assistance Program – County of Hawaii;
- \$260,000 in ARPA funds for the Emergency Food Assistance Program – County of Maui; and
- \$120,000 in ARPA funds for the Emergency Food Assistance Program – County of Kauai.

Land and Natural Resources

The Senate Draft of the executive budget for the Department of Land and Natural Resources appropriates \$66,208,602 in fiscal year 2022 and \$79,967,024 in fiscal year 2023 in general funds and \$119,361,897 in fiscal year 2022 and \$128,782,704 in fiscal year 2023 in non-general funds, of which \$5,271,370 in fiscal year 2022 and \$848,080 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$267,876 in general funds in fiscal year 2023 for 3.00 FTE Engineer V positions for Water and Land Development to restore staffing levels for project implementation;
- ❖ Add \$1,700,000 in general funds in fiscal year 2023 for animal removal, applied research, surveys, and public outreach and education;
- ❖ Add \$1,500,000 in general funds in fiscal year 2023 for the Hawaii Invasive Species Council;
- ❖ Add \$2,000,000 in general funds in fiscal year 2023 for state parks security;
- ❖ Add \$1,000,000 in general funds in fiscal year 2023 for axis deer mitigation;
- ❖ Add \$60,864 in general funds in fiscal year 2023 for a 1.00 FTE Program Specialist for watershed management;
- ❖ Add \$4,000,000 in general funds in fiscal year 2023 for Honokohau Small Boat Harbor wastewater infrastructure;
- ❖ Add \$88,320 in general funds and a 1.00 FTE General Professional IV position in fiscal year 2023 for the Ocean Based Recreation Branch;
- ❖ Add \$3,000,000 for a special fund expenditure ceiling increase in fiscal year 2023 to pay for additional expenses and repair and maintenance for the Ocean Based Recreation Branch;
- ❖ Add \$60,480 in special funds for 2.00 FTE Office Assistant III positions in the Ocean Based Recreation Branch;
- ❖ Add \$382,852 in special funds in fiscal year 2023 to increase the expenditure ceiling for the State of Hawaii Historic Preservation Division;
- ❖ Add \$454,318 in general funds in fiscal year 2023 to increase compensation for 22.00 FTE positions within the Historic Preservation Division. These increases in compensation will accurately reflect the average salary for commensurate positions, resulting in higher retention;
- ❖ Add \$1,141,660 in general funds for 15.00 FTE positions in fiscal year 2023 for Archeologists, Architectural Historians, and Burial Site Specialists for Historic Preservation;
- ❖ Add \$11,906,688 for a Parks Administration special fund ceiling increase in fiscal year 2023 needed for expected increases in revenue;
- ❖ Add \$144,000 in general funds for 2.00 FTE Cultural Resource Specialists in fiscal year 2023 for the Natural and Physical Environment Branch; and
- ❖ Add \$200,000 in special funds in fiscal year 2023 for the Aha Moku Advisory Committee.

Lieutenant Governor

The Senate Draft of the executive budget for the Office of the Lieutenant Governor appropriates \$955,793 in fiscal year 2022 and \$1,009,793 in fiscal year 2023 in general funds.

Highlights are as follows:

- ❖ Add \$54,000 in general funds and a 1.00 FTE position in fiscal year 2023 for a Senior Advisor.

Public Safety

The Senate Draft of the executive budget for the Department of Public Safety appropriates \$269,412,039 in fiscal year 2022 and \$284,725,556 in fiscal year 2023 in general funds and \$28,128,400 in fiscal year 2022 and \$48,429,997 in fiscal year 2023 in non-general funds, of which \$18,601,597 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$17,633,345 in general funds in fiscal year 2023 to restore one hundred percent of unfunded positions;
- ❖ Add \$18,036,511 in ARPA funds in fiscal year 2023 for equipment, supplies, and personnel for new facilities;
- ❖ Add \$500,000 in general funds in fiscal year 2023 for pre-entry and post-entry programs for inmates;
- ❖ Add \$200,000 in ARPA funds in fiscal year 2023 for the Hawaii Paroling Authority for community housing;
- ❖ Add \$570,156 in general funds in fiscal year 2023 for 6.00 FTE Clinical Psychologists to expand suicide prevention services;

- ❖ Add \$1,740,672 in general funds in fiscal year 2023 for 16.00 FTE Registered Nurses to provide twenty-four hour health care services at neighbor island facilities; and
- ❖ Add \$365,086 in ARPA funds in fiscal year 2023 for the Crime Victim Compensation Commission.

Subsidies

The Senate Draft of the executive budget for State Subsidies appropriates \$300,000 in fiscal year 2023 in non-general funds.

Highlights are as follows:

- ❖ Add \$300,000 for a special fund expenditure ceiling increase for the Safe Routes to School program.

Taxation

The Senate Draft of the executive budget for the Department of Taxation appropriates \$25,062,628 in fiscal year 2022 and \$27,231,537 in fiscal year 2023 in general funds and \$6,808,448 in fiscal year 2022 and \$3,567,116 in fiscal year 2023 in non-general funds, of which \$3,241,332 in fiscal year 2022 are ARPA funds.

Highlights are as follows:

- ❖ Add \$251,000 for 3.00 FTE Criminal Investigator positions which will generate \$1,000,000 annually;
- ❖ Add \$209,988 for 3.00 FTE Auditor positions, which will generate \$3,000,000 annually; and
- ❖ Add \$350,000 for a co-located data center.

Transportation

The Senate Draft of the executive budget for the Department of Transportation appropriates \$1,076,632,484 in fiscal year 2022 and \$1,288,698,374 in fiscal year 2023 in non-general funds, of which \$7,000,000 in fiscal year 2023 are ARPA funds.

Highlights are as follows:

- ❖ Add \$8,257,812 in special funds in fiscal year 2023 for electric wiki buses for the Daniel K. Inouye International Airport to transport those needing assistance;
- ❖ Add \$2,000,000 in special funds in fiscal year 2023 for invasive species removal;
- ❖ Add \$105,000 in special funds in fiscal year 2023 for security services for harbors;
- ❖ Add \$850,000 in special funds in fiscal year 2023 for maintenance of the Tetsuo Harano Tunnels on Interstate H-3;
- ❖ Add \$500,000 in special funds in fiscal year 2023 for maintenance of smart traffic controllers; and
- ❖ Add \$7,000,000 in ARPA funds in fiscal year 2023 for debris removal and homeless clean-up on the side of the highways.

University of Hawaii

The Senate Draft of the executive budget for the University of Hawaii appropriates \$497,910,940 in fiscal year 2022 and \$778,583,557 in fiscal year 2023 in general funds. The Senate Draft also appropriates \$707,728,950 in fiscal year 2022 and \$702,143,341 in fiscal year 2023 in non-general funds, of which \$3,500,000 in fiscal year 2022 are ARPA funds.

Highlights are as follows:

- ❖ Add \$3,456,489 in general funds in fiscal year 2023 to address the statewide nursing workforce;
- ❖ Add \$2,000,000 in general funds and 12.00 FTE positions in fiscal year 2023 for coastal erosion;
- ❖ Add \$146,000 in general funds and 3.00 FTE positions in fiscal year 2023 for the Maui Food Innovation Center;
- ❖ Add \$4,800,000 in general funds in fiscal year 2023 for the Hawaii Promise Program;
- ❖ Add \$400,000 in general funds in fiscal year 2023 for University of Hawaii at Hilo athletics;
- ❖ Add \$171,000 in general funds and 3.00 FTE positions in fiscal year 2023 for the Hawaii Institute of Marine Biology;
- ❖ Add \$305,000 for the Anthurium Varietal Research and Breeding Program;
- ❖ Add \$3,340,000 in general funds and 6.00 FTE positions in fiscal year 2023 to expand the University of Hawaii John A. Burns School of Medicine's residency program to the neighbor islands;
- ❖ Add \$190,000 in general funds and 2.00 FTE positions in fiscal year 2023 for the University of Hawaii at Hilo's Aviation Program;
- ❖ Add \$343,500 in general funds and 5.00 FTE positions in fiscal year 2023 for Windward Community College student support services;
- ❖ Add \$110,000 in general funds and 1.50 FTE positions in fiscal year 2023 for the University of Hawaii Maui College's International and Regional Partnerships Program;
- ❖ Add \$1,000,000 in general funds for holistic student support and mental health services;
- ❖ Add \$1,274,100 in general funds and 31.00 FTE Security Officers in fiscal year 2023 for the Community College System;

- ❖ Add \$33,333,334 in general funds in fiscal year 2023 for the State match for the statewide broadband initiative;
- ❖ Add \$300,000 in general funds in fiscal year 2023 for the Homeless Data Clearing House;
- ❖ Add \$1,598,905 in general funds in fiscal year 2023 for a coastal erosion study at Ehukai Beach Park;
- ❖ Add \$7,200,000 in general funds in fiscal year 2023 for University of Hawaii at Manoa athletics programs;
- ❖ Add \$557,097 in general funds and 4.00 FTE positions to address the teacher workforce shortage;
- ❖ Add \$13,000 in general funds in fiscal year 2023 for College of Tropical Agriculture and Human Resources relocations costs;
- ❖ Add \$14,000,000 in general funds in fiscal year 2023 for Mauna Kea stewardship and management;
- ❖ Add \$1,540,000 in general funds and 8.00 FTE positions in fiscal year 2023 to expand non-credit workforce development opportunities;
- ❖ Add \$125,000 in general funds and a 1.00 FTE Director for Procurement Services in fiscal year 2023;
- ❖ Add \$2,000,000 in general funds in fiscal year 2023 for a Puna traffic study;
- ❖ Add \$200,000 in general funds for the Sea Grant College Program;
- ❖ Add \$5,000,000 in general funds in fiscal year 2023 for the University of Hawaii Community Design Center projects - Waikiki Adaptation and Resilience Plan, Hookaulike Prison Reform, Statewide Cultural Heritage Studies, Spectrum of Housing for Hawaii, and Department of Education schools and University of Hawaii Campus Master Plans; and
- ❖ Add \$2,000,000 in general funds in fiscal year 2023 for the University of Hawaii Kupuna Health and Innovation Center to conduct a development study.

PART V. CAPITAL IMPROVEMENTS PROGRAM BUDGET

Your Committee finds an opportunity to invest in the State’s infrastructure while remaining fiscally prudent.

The Administration requested a capital improvement budget that totaled:

ADMINISTRATION	Fiscal Year 2022	Fiscal Year 2023
General Obligation Bonds	\$990,124,000	\$1,123,989,000
All Means of Financing	\$1,646,672,000	\$2,717,505,000

Your Committee has amended this budget to appropriate the following in capital improvement funds:

SENATE	Fiscal Year 2022	Fiscal Year 2023
General Obligation Bonds	\$988,124,000	\$1,220,473,000
American Rescue Plan Act Funds	\$67,817,000	\$47,511,000
All Means of Financing	\$1,710,789,000	\$2,901,511,000

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1600, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1600, H.D. 1, S.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
 Ayes, 11. Noes, none. Excused, none.

SCRep. 3897 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1570

The purpose and intent of this measure is to:

- (1) Ban the sale of flavored tobacco products and mislabeled e-liquid products; and
- (2) Establish fines.

Your Committees received testimony in support of this measure from the Department of Education, University of Hawai‘i Student Health Advisory Council, Hawai‘i State Teachers Association, Hawai‘i Association of Independent Schools, The Man Cave, Pediatric Therapies Hawai‘i, Hawai‘i Children’s Action Network Speaks!, Kaho‘omiki, Hawai‘i COPD Coalition, Ala Moana-Kaka‘ako Neighborhood Board No. 11, Keiki Injury Prevention Coalition, Hawai‘i Interscholastic Athletic Directors Association, Hawai‘i Dental Association, Opportunity Youth Action Hui, Hamakua Health Center, Hawai‘i Public Health Institute, Pop Warner Hamakua Cougars Football Team, Save Medicaid Hawai‘i, Coalition for a Tobacco-Free Hawai‘i Youth Council, seventy-one individuals, and a petition signed by one hundred fifty-eight principals and vice principals of various schools across the State within the Department of Education. Your Committees received testimony in opposition to this measure from the Department of Health; American Heart Association; American Cancer Society Cancer Action Network; Consumer Choice Center; Americans for Tax Reform; Cigar Association of America, Inc.; Cigarettes and Things; Marukin Market; Hawai‘i Smokers Alliance; Retail Merchants of Hawai‘i; and thirty-seven individuals. Your Committees received comments on this measure from the Department of the Attorney General, Hawai‘i Substance Abuse Coalition, Hawai‘i Petroleum Marketers Association, AlohaCare, Campaign for Tobacco-Free Kids, Hawai‘i Food Industry Association, Hawai‘i Youth Services Network, and five individuals.

Your Committees find that the pervasive use of flavored tobacco products among youth has been proven to be the entry point for youth to start smoking and is causing the addiction of entire generations to harmful nicotine products. The use of e-smoking products among youth, especially in Hawai'i, is at epidemic levels. Candy-flavored and menthol tobacco products mask the harsh flavor of tobacco and have been directly marketed by the tobacco companies to youth and people of color, which has resulted in significant health disparities and inequities in these communities across State. Studies have further shown that adolescence is a time of crucial brain development, and that nicotine exposure among young adults can cause significant harm. Your Committees therefore find that banning flavored tobacco products and synthetic nicotine products is imperative to protecting the health and well-being of the State's communities and youth.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1570, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 5. Noes, none. Excused, 2 (Riviere, San Buenaventura).

Ways and Means: Ayes, 11. Noes, none. Excused, none.

SCRep. 3898 (Joint) Commerce and Consumer Protection and Ways and Means on H.B. No. 1517

The purpose and intent of this measure is to:

- (1) Direct and appropriate funds for the Department of Budget and Finance to conduct an economic impact study regarding the impact of potential changes to coffee labeling laws on the local coffee industry; and
- (2) Appropriate moneys for the pesticide subsidy program.

Your Committees received testimony in support of this measure from the Department of Agriculture, Hawai'i County Council, Kona Coffee Farmers Association, Lions Gate Farms, Hawai'i Coffee Growers Association, Life of the Land, Hawaii's Thousand Friends, Hawai'i Coffee Association, Hawai'i Farmers Union United, one member of the Hawaii County Council, and eight individuals. Your Committees received testimony in opposition to this measure from the Department of Budget and Finance and the Hawai'i Food Industry Association. Your Committees received comments on this measure from Kanalani Ohana Farm, Hawai'i Alliance for Progressive Action, Hawai'i Forest Stewards, two members of the Hawaii County Council, and three individuals.

Your Committees find that it is vital that the State protect its distinctive coffee brands and origin products. The existing ten-percent minimum blend law is deceptive to customers, degrades Hawaii's brand and flagship crop, and is damaging to the long-term economic health of coffee growers in the State. As an example, consumers who buy a regional blend often think they are purchasing a blend of different coffees from that region, when in reality, it could be ninety percent foreign beans from an entirely different country. This measure will continue to support coffee growers in the State by requiring an impact study to consider the effects of potential changes to the coffee labeling laws. Additionally, for every \$50 in pesticide subsidy costs spent per acre, approximately \$600 in improved crop value is returned to the farmer, which has the potential to increase income by up to \$2.4 million across the coffee community statewide. This measure further appropriates funds for the pesticide subsidy program to subsidize approved pesticides to treat coffee trees.

Your Committees note the testimony in support of certain amendments to existing labeling laws included in prior drafts of this measure and further find that, while the economic effects of changing Hawaii's coffee labeling laws are considered in the study proposed by this measure, Hawaii origin coffee blends should not be deceptively marketed. Accordingly, amendments to this measure are necessary to amend existing labeling laws in section 486-120.6, Hawaii Revised Statutes, to protect consumers. Your Committees further note this measure is not intended to prohibit the sale of coffees grown in other areas from being sold in the State, but to protect the brand of Hawaii-grown coffee.

Your Committees have amended this measure by:

- (1) Requiring the Department of Agriculture, rather than the Department of Budget and Finance, to conduct the study to assess the economic impact on the local coffee industry from potential changes to coffee labeling laws;
- (2) Reinserting certain amendments to section 486-120.6, Hawaii Revised Statutes, to:
 - (A) Require disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees;
 - (B) Make it a violation to use a geographic origin in labeling or advertising for roasted or instant coffee blends that contain less than fifty-one percent of coffee by weight from that geographic origin; and
 - (C) Prohibit use of the term "All Hawaiian" in labeling or advertising for roasted or instant coffee not produced entirely from green coffee beans grown and processed in Hawaii;
- (3) Amending section 1 and section 4 to reflect its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1517, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1517, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Commerce and Consumer Protection: Ayes, 6. Noes, none. Excused, 1 (DeCoite).

Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Misalucha, Taniguchi, Wakai).

SCRep. 3899 Judiciary on H.B. No. 1239

The purpose and intent of this measure is to enhance the public's trust in law enforcement and standardize best practices between the counties by amending provisions pertaining to the law enforcement officer independent review board to:

- (1) Require members to serve four-year terms; and
- (2) Make the board permanent.

Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers.

Your Committee finds that in response to growing demands for law enforcement transparency and accountability in Hawai'i, lawmakers created the Law Enforcement Officer Independent Review Board housed within the Department of the Attorney General, which makes recommendations to county prosecuting attorneys in all four counties. In turn, county prosecuting attorneys decide whether to prosecute or conduct further investigation. Your Committee believes that public trust in law enforcement is critical to ensuring justice for all under the law and the Law Enforcement Officer Independent Review Board bolsters this public trust. This measure will help citizens trust those empowered to serve and protect them by amending provisions pertaining to the Law Enforcement Officer Independent Review Board to require members to serve four-year terms and make the board permanent.

Your Committee has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1239, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1239, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3900 (Joint) Judiciary and Ways and Means on H.B. No. 137

The purpose and intent of this measure is to:

- (1) Provide that violations of liquor tax laws shall be referred to the Director of Taxation for investigation;
- (2) Repeal the general right of inspection without a warrant for potential violations of liquor tax laws;
- (3) Repeal the discretionary power of the liquor commissions to deny a license to any person the commission finds is not fit and proper to hold a license;
- (4) Require applications for liquor licenses to be notarized;
- (5) Provide the administrator of the liquor commission discretion over whether to refer applications for further investigation; and
- (6) Repeal the requirement that investigative reports to the liquor commissions include any and all matters that are relevant to the application or license in the judgment of the investigator.

Your Committees received testimony in support of this measure from the Honolulu Liquor Commission. Your Committees received testimony in opposition to this measure from the Tax Foundation of Hawaii and two individuals. Your Committees received comments on this measure from the Department of Taxation and Department of Budget and Fiscal Services of the City and County of Honolulu.

Your Committees find that the investigators of the Honolulu Liquor Commission do not have the training or experience in forensic accounting and lack the background to competently investigate possible violations of tax laws. Your Committees further find that there are over ninety different types of applications which often require proper forms to be submitted. Your Committees believe that removing these applications from the investigator's workload would greatly streamline the process for the applicant. This measure will allow for the timely processing of more complex licensing applications by clarifying the Department of Taxation's role while still maintaining sufficient safeguards and community considerations.

Your Committees have amended this measure by:

- (1) Deleting language that would have provided the Administrator of the Liquor Commission discretion over whether to refer applications for investigation;
- (2) Inserting an effective date of July 30, 2075, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 137, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 137, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3901 (Joint) Judiciary and Ways and Means on H.B. No. 986

The purpose and intent of this measure is to require diagnostic audiologic evaluation results of newborn hearing screening evaluations, or infants whose hearing status changes, to be provided to the Department of Health.

Your Committees received testimony in support of this measure from the Department of Health, Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, Executive Office on Early Learning, Hawai'i Children's Action Network Speaks!, Early Childhood Action Strategy, and Special Education Advisory Council. Your Committees received comments on this measure from Kaiser Permanente Hawaii.

Your Committees find that the State's Public Health Screening Program helps deaf or hard of hearing children reach their developmental milestones and be language-ready for school. However, the Department of Health Newborn Hearing Screening Program does not receive diagnostic audiologic evaluation results for all newborns who fail to pass newborn hearing screening. This measure ensures consistent reporting of diagnostic audiologic evaluation results for all infants who fail to pass hearing screening and facilitates the appropriate follow-up and support through early intervention services.

Your Committees have amended this measure by:

- (1) Specifying that the Department of Health shall adopt rules relating to the reporting of diagnostic audiologic evaluation results for those infants who fail newborn hearing screenings or have been identified as deaf or hard of hearing; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 986, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 986, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3902 (Joint) Judiciary and Ways and Means on H.B. No. 987

The purpose and intent of this measure is to establish consistent protocols for hearing and vision screening and follow-up, screener training, and data collection and reporting to increase the early identification of hearing or vision loss in children.

Your Committees received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Executive Office on Early Learning, Disability and Communication Access Board, Hawaii Children's Action Network Speaks!, Early Childhood Action Strategy, and Special Education Advisory Council.

Your Committees find that a statutorily mandated hearing and vision program for school children was operated by the Department of Health from 1978 until 1995, when it was ended due to budget reductions with the assumption that primary care providers would provide the hearing and vision screening. Your Committees further find that the Department currently provides consultation and training on hearing and vision screening protocols and available tools. Your Committees additionally find that protocols for hearing and vision screening providers and programs vary regarding their services and follow-up, individual screeners likewise vary in their training and skill levels, and there is no uniform data collection for quality of care to promote improvement. This measure will allow the Department of Health to establish recommended standards for vision and hearing screening based on national guidelines and best practices and establish a statewide screening protocol to ensure that all organizations performing screening are consistently using available tools, screening procedures, and referral criteria based on evidence and best practices.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 987, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3903 (Joint) Judiciary and Ways and Means on H.B. No. 1413

The purpose and intent of this measure is to:

- (1) Authorize the Director of Finance of a county to require the payment of outstanding charges and fines relating to the disposition of an abandoned vehicle before issuing a certificate of registration or completing a transfer of ownership, except under certain circumstances; and
- (2) Require a county Director of Finance to notify the appropriate county examiner of drivers of the individuals who have outstanding charges and fines owed to the county relating to the disposition of an abandoned vehicle for the purposes of suspending, revoking, or prohibiting the renewal of their driver's licenses.

Your Committees received testimony in support of this measure from the Hawai'i State Association of Counties, Hawaii Council of Mayors, County of Hawai'i Department of Environmental Management, County of Maui Department of Environmental Management, Finance Department of the County of Kaua'i, one member of the Maui County Council, one member of the Kaua'i County Council, and seven individuals.

Your Committees find that abandoned vehicles are a public safety hazard on public streets. To address the dangers posed by abandoned vehicles, the counties tow and manage disposition of a high number of abandoned vehicles each year. Operational funds expended per year per county vary but can average approximately \$1,000,000 due to additional costs for vehicle cleanouts, special

cleanups, and related costs. This measure will make public roads safer by decreasing the number of abandoned vehicles and assisting the counties with recouping expenses of removing abandoned vehicles from public properties.

Your Committees have amended this measure by inserting an effective date of July 30, 2075, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1413, H.D. 2, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1413, H.D. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3904 (Joint) Judiciary and Ways and Means on H.B. No. 1432

The purpose and intent of this measure is to:

- (1) Increase the maximum term of a concession;
- (2) Exempt concessions for beach or ocean-related recreational services from sealed bid requirements, with certain conditions;
- (3) Provide that a county director of parks and recreation has sole discretion to designate which county parks are environmentally, culturally, historically, or operationally unique for purposes of determining whether a concession at the park is exempt from the sealed bid requirements; and
- (4) Expand the exemption for concessions at county zoos, botanic gardens, or county parks that are designated by the respective county director of parks and recreation, in the director's sole discretion, as environmentally, culturally, historically, or operationally unique; provided that the concessions are awarded to responsible offerors whose proposals are the most advantageous, rather than solely to certain nonprofit corporations.

Your Committees received testimony in opposition to this measure from the Palekaiko Beachboys Club. Your Committees received comments on this measure from the Maui Chamber of Commerce.

Your Committees find that concessions on public properties are granted by sealed top-dollar bids, with limited exceptions. In some instances, concessions may be exempt from bidding requirements because a person or entity offering the most money may not be the best suited or qualified to meet the government's goals to preserve public-owned assets such as parks, or may not be suited or qualified to serve the needs of the public. In addition, requiring concessionaires to bear construction costs pose challenges as concession contracts are valid for fifteen years, making some investors unwilling to make time or improvement efforts because of the short timeframe. To serve the public's interest in activities located on public properties, this measure exempts certain concessionaires operating on public properties from sealed-bidding requirements and extends terms of leases.

Your Committees have amended this measure by:

- (1) Specifying that the bidding requirements for concessions shall not apply to concessions or space on public property set aside for the operation of ground transportation services and parking lot operations at small boat harbors, in addition to airports, except for motor vehicle rental operations;
- (2) Inserting an effective date of July 30, 2075, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1432, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1432, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

Ways and Means: Ayes, 10; Ayes with Reservations (Fevella). Noes, none. Excused, 1 (Kidani).

SCRep. 3905 (Joint) Judiciary and Ways and Means on H.B. No. 1434

The purpose and intent of this measure is to authorize counties, after adoption of an ordinance, to sell private property after all notices, orders, and appeal proceedings are exhausted and to use those revenues to pay unpaid civil fines related to that property.

Your Committees received testimony in support of this measure from the Department of Planning and Permitting of the City and County of Honolulu, and three members of the Honolulu City Council. Your Committees received testimony in opposition to this measure from two individuals.

Your Committees find that currently, the counties have authority to use the non-judicial foreclosure process to collect on real property tax liens. However, many liens for civil fines go uncollected, and violators continue to break the law. This measure would extend the counties authority to use the non-judicial foreclosure process to collect on liens arising from certain civil fines relating to a property.

Your Committees have amended this measure by inserting an effective date of July 30, 2075, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1434, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1434, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 7. Noes, none. Excused, none.
 Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3906 (Joint) Judiciary and Ways and Means on H.B. No. 1672

The purpose and intent of this measure is to expand the purpose and rationale for which counties may create special improvement districts to include environmental research, restoration, and maintenance; natural resource management; and natural hazard mitigation to improve environmental conditions and provide community benefits.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; University of Hawai'i System; Waikiki Beach Special Improvement District Association; Surfrider Foundation, O'ahu Chapter; and two individuals.

Your Committees find that Act 107, Session Laws of Hawaii 1999 (Act 107), authorized the counties to create special improvement districts for the purpose of restoring or promoting business activity. Since the enactment of Act 107, the needs and demands in these districts have broadened to include the management or mitigation of environmental and other conditions that impact natural resources. There is concern to the State due to its exposure to a variety of threats that impact its environment and ecosystems, including coastal hazards and effects of climate change, such as the increase in the frequency and severity of storms and drought, sea-level rise, groundwater inundation, and coastal erosion. Therefore, this measure allows the counties to establish special improvement districts for environmental protection and preservation, natural resource management, and natural hazard mitigation.

Your Committees have amended this measure by:

- (1) Clarifying that any county having a charter may enact an ordinance, and may amend the same from time to time, authorizing the creation of special improvement districts for the purpose of providing, financing, and coordinating federal, state, and county efforts to engage in the various purposes; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1672, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1672, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 7. Noes, none. Excused, none.
 Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Kanuha, Kidani, Moriwaki).

SCRep. 3907 (Joint) Judiciary and Ways and Means on H.B. No. 1752

The purpose and intent of this measure is to:

- (1) Establish the Housing Choice Voucher Landlord Incentive Program;
- (2) Require the Hawaii Public Housing Authority to adopt rules to establish incentives for landlords who participate in the Tenant-Based Assistance Housing Choice Voucher Program pursuant to Section 8 of the Housing Act of 1937;
- (3) Require that the Hawaii Public Housing Authority adopt rules to establish a maximum of fifteen days for inspection of a dwelling unit following a landlord or owner's inspection request; and
- (4) Appropriate funds.

Your Committees received testimony in support of this measure from the Governor's Coordinator on Homelessness, Hawaii State Council on Developmental Disabilities, Hawai'i Appleseed Center for Law & Economic Justice, Hawai'i Association of Realtors, League of Women Voters of Hawaii, Hawaii Children's Action Network Speaks!, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance, Hawaii Public Housing Authority, Catholic Charities Hawai'i, Hawaii Habitat for Humanity Association, and Partners in Care.

Your Committees find that the Section 8 Housing Choice Voucher Program is an important part of the State's efforts in addressing the affordable housing needs of the State's low-income families. However, there are many landlords who are reluctant to lease their units to Section 8 voucher holders, leaving many families with no choice but to return the voucher that they waited many years to receive. This measure will improve the lives of the State's low-income families by establishing incentives and protections for landlords who participate in the Section 8 Housing Choice Voucher Program.

Your Committees have amended this measure by:

- (1) Inserting an effective date of July 30, 2075, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1752, H.D. 3, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1752, H.D. 3, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 7. Noes, none. Excused, none.
 Ways and Means: Ayes, 8. Noes, none. Excused, 3 (Kanuha, Kidani, Moriwaki).

SCRep. 3908 (Joint) Judiciary and Ways and Means on H.B. No. 1758

The purpose and intent of this measure is to allow for temporary permits to be issued to registered nurses and licensed practical nurses from a territory or foreign country who are seeking a state license by endorsement.

Your Committees received testimony in support of this measure from the Hawaii Medical Service Association, Hawai'i Friends of Civil Rights, Hawai'i Coalition for Immigrant Rights, Hawai'i Pacific Health, Queen's Health Systems, Hawaii Association of Nurse Anesthetists, Healthcare Association of Hawaii, and three individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Board of Nursing and Hawai'i State Center for Nursing.

Your Committees find that certain nurses that are licensed in another state and applying for licensure in Hawai'i by endorsement are eligible for a temporary permit to practice within the State while their applications are reviewed and verified. Foreign nurses must have at least a bachelor's degree from an accredited academic nursing institution, a minimum of two years relevant work experience, and pass rigorous background checks by the United States Citizenship and Immigration Services to obtain a work visa to enter the United States. This measure will not only align the licensure by endorsement procedures between nurses who have been licensed in a territory or a foreign country with those nurses who have been licensed in another state, but also help decrease the nursing shortage within the State.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1758, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1758, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3909 (Joint) Judiciary and Ways and Means on H.B. No. 1787

The purpose and intent of this measure is to:

- (1) Establish "Employment First", defined as the competitive employment and full inclusion of persons with a disability in an integrated setting as a first and preferred option for employment services--as a policy of the State and counties;
- (2) Require state and county agencies to implement this policy in hiring practices and all programs and services administered or funded by the State or counties; and
- (3) Require the Department of Human Services to apply Employment First principles to Medicaid home and community-based services programs.

Your Committees received testimony in support of this measure from the Executive Office on Aging, Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, and one individual. Your Committees received comments on this measure from the Department of Human Services.

Your Committees find that per the United States Department of Labor, the workforce participation rate for individuals with disabilities is about one-third of that of people without disabilities. The low employment rate for people has been increasingly recognized as a serious societal issue, with over thirteen million adults of working age in the United States receiving disability benefits from Social Security. Yet, it has been continuously shown that with assistance, accommodations, and encouragement, many more people with disabilities can work successfully in the community. Employment First is based on the framework that provides persons with intellectual or developmental disabilities gainful employment, fair wages and benefits, and the dignity that arises from an integrated and competitive employment. This measure will establish Employment First in the State, which will help eliminate the many barriers to employment for persons with disabilities, including workplace barriers.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1787, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1787, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3910 (Joint) Judiciary and Ways and Means on H.B. No. 1917

The purpose and intent of this measure is to appropriate private activity bond allocations and funds from the Rental Housing Revolving Fund to the Hawaii Housing Finance and Development Corporation for the purpose of allowing an eligible developer to acquire and rehabilitate the Front Street Apartments affordable housing project on Maui.

Your Committees received testimony in support of this measure from the Mayor of the County of Maui, one member of the Maui County Council, and Ahe Group. Your Committees received testimony in opposition to this measure from the Department of the Attorney General and Department of Business, Economic Development, and Tourism. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that by December 31, 2022, the Hawaii Housing Finance and Development Corporation shall issue a new ground lease for the Front Street Apartments affordable housing project to an eligible developer, as defined in section 201H-32, Hawaii Revised Statutes, for a term of seventy-five years and a ground lease rent to be determined by the Hawaii Housing Finance and Development Corporation Board of Directors. This measure appropriates funds for that purpose, which will keep and maintain Front Street Apartments as an affordable housing complex.

Your Committees have amended this measure by:

- (1) Inserting legislative findings relating to Act 150, Session Laws of Hawaii 2018 (Act 150);
- (2) Deleting language that would have appropriated private activity bond allocations and funds from the Rental Housing Revolving Fund to the Hawaii Housing Finance and Development Corporation for the purpose of allowing an eligible developer to acquire and rehabilitate the Front Street Apartments affordable housing project on Maui;
- (3) Amending Act 150 to allow, rather than require, the Hawaii Housing Finance and Development Corporation to initiate condemnation proceedings unless the Corporation renegotiates an existing, or issues a new, ground lease for the Front Street Apartments affordable housing project before December 31, 2026, rather than December 31, 2021; and
- (4) Inserting an effective date of July 30, 2075, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1917, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1917, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3911 (Joint) Judiciary and Ways and Means on H.B. No. 1971

The purpose and intent of this measure is to:

- (1) Authorize and regulate peer-to-peer car-sharing programs;
- (2) Impose the general excise tax and rental motor vehicle surcharge tax on peer-to-peer car-sharing programs; and
- (3) Require those persons engaging or continuing in a peer-to-peer car-sharing program to register with the Department of Taxation.

Your Committees received testimony in support of this measure from the Department of Taxation, Department of Transportation, Enterprise Holdings, and Hawaii Association for Justice. Your Committees received testimony in opposition to this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs. Your Committees received comments on this measure from the Insurance Division of the Department of Commerce and Consumer Affairs, Hawaii Insurers Council, Tax Foundation of Hawaii, Turo, and Getaround.

Your Committees find that peer-to-peer car-sharing allows for vehicle owners to rent their vehicles to others through online platforms. Your Committees further find that peer-to-peer car-sharing, while growing in popularity, continues to be an unregulated industry. Your Committees additionally find that establishing a regulatory scheme for peer-to-peer car-sharing promotes the public interest. This measure establishes regulatory requirements and clarifies application of taxation laws for peer-to-peer car-sharing programs.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1971, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3912 (Joint) Judiciary and Ways and Means on H.B. No. 2076

The purpose and intent of this measure is to:

- (1) Provide a mechanism to assign nonparticipating tobacco manufacturers' qualified escrow fund balances to the State; and
- (2) Provide a mechanism for the financial institution acting as the escrow agent of the qualified escrow fund to petition the courts to authorize transfer of funds to the State when the qualified escrow fund is abandoned.

Your Committees received testimony in support of this measure from the Department of the Attorney General.

Your Committees find that in 1998, Hawai'i and forty-five other states settled smoking-related claims against the then four largest tobacco manufacturers, resulting in parties entering into a Master Settlement Agreement (MSA). Under the MSA, the four tobacco companies were required to make annual payments to the settling states. Under existing law, tobacco product manufacturers who were not part of the MSA have the option to either submit to the requirements of the MSA, or become a "Non-Participating Manufacturer" (NPM), which requires the NPM to maintain and make payments to a qualified escrow account in the State. Your Committees find that existing law does not provide a mechanism for an NPM that no longer does business in the State to close the escrow account. As a

result, many NPMs that no longer do business in the State still maintain and pay fees for escrow accounts they wish to close. This measure authorizes a process for the closure of abandoned NPM escrow accounts.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2076, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2076, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3913 (Joint) Judiciary and Ways and Means on H.B. No. 2141

The purpose and intent of this measure is to remove outdated reporting requirements for the Department of Human Services, including the Office of Youth Services.

Your Committees received testimony in support of this measure from the Department of Human Services.

Your Committees find that updating the annual reporting requirements of the Department of Human Services and its attached agencies, such as the Office of Youth Services, will reduce administrative burdens and increase governmental efficiencies. Your Committees further find that existing law imposes certain reporting requirements on various state agencies that have not been updated for some time. Your Committees also find that certain reporting requirements for the Department of Human Services relating to psychotropic medications and federal financial assistance and health care programs, and for certain programs overseen by its Office of Youth Services, are obsolete and no longer necessary. This measure will clarify legal requirements and reduce confusion by removing these unnecessary reporting requirements.

Your Committees have amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2141, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2141, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3914 (Joint) Judiciary and Ways and Means on H.B. No. 2312

The purpose and intent of this measure is to:

- (1) Establish the Women's Corrections Implementation Commission in the Judiciary to ensure implementation of the recommendations from the final report of the House Concurrent Resolution No. 85 (2016) task force, to develop and implement an evidence-based, gender-responsive plan to divert non-violent women offenders, especially those with minor children, from the criminal justice system;
- (2) Require the Commission to consider model programs including residential, in-person and community-based rehabilitation programs, supportive and subsidized housing, restorative justice, and educational programs; and
- (3) Appropriate funds to support the Women's Corrections Implementation Commission.

Your Committees received testimony in support of this measure from the Judiciary, Department of Public Safety, Women's Prison Project, and two individuals. Your Committees received comments on this measure from the Department of Budget and Finance.

Your Committees find that female offenders tend to have a history of being victims of physical or sexual abuse and are often the primary caretakers of young children at the time of arrest. Your Committees further find that female offenders' involvement in criminal activity is often motivated by poverty or substance abuse and they are less likely than men to have been convicted of a violent crime. This measure will ensure that the State's systems are working to ensure the ongoing health and safety of local communities by establishing a Commission that has an eye on gender-specific recommendations and reforms.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2312, H.D. 1, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3915 (Joint) Judiciary and Ways and Means on H.B. No. 2405

The purpose and intent of this measure is to:

- (1) Prohibit health insurers, mutual benefit societies, and health maintenance organizations from applying categorical cosmetic or blanket exclusions to gender affirming treatments;

- (2) Prohibit those entities from excluding gender affirming treatments as cosmetic services when prescribed as medically necessary; and
- (3) Require those entities to provide applicants and insured persons with clear information about the coverage of gender transition services, including the process for appealing a claim denied on the basis of medical necessity.

Your Committees received testimony in support of this measure from the Department of Commerce and Consumer Affairs Insurance Division; Hawai'i Civil Rights Commission; Hawaii State Commission on the Status of Women; Rainbow Family 808, Stonewall Caucus of the Democratic Party of Hawaii; Hawaii Rainbow Chamber of Commerce; Planned Parenthood Alliance Advocates; Northwest Society of Plastic Surgeons; Hawai'i Public Health Institute; AF3IRM Hawaii; First Unitarian Church of Honolulu; Democratic Party of Hawai'i; LGBT Student Services, UH Manoa; YMCA of Honolulu; National Center for Transgender Equality; Transgender Law Center; Lavender Clinic; and thirty-four individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Hawaii Employer-Union Health Benefits Trust Fund, Hawaii Medical Service Association, and Hawaii Association of Health Plans.

Your Committees find that many transgender individuals have experienced discriminatory treatment from health insurance providers when seeking coverage for gender-affirming treatments. Your Committees further find that health insurance policies often cover therapies such as feminizing or masculinizing hormone therapies, voice therapies, chest augmentations or reductions, and genital surgeries for some purposes but deny the same treatments when they are for purposes of gender affirmation. This measure will prohibit health insurance companies from discriminating on the basis of gender identity.

Your Committees have amended this measure by inserting an effective date of November 20, 2075, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2405, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2405, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 9. Noes, none. Excused, 2 (Kidani, Moriwaki).

SCRep. 3916 (Joint) Judiciary and Ways and Means on H.B. No. 1414

The purpose and intent of this measure is to make a person who is the registered owner of a vehicle that was deemed abandoned or derelict subject to a tiered fine system.

Your Committees received testimony in support of this measure from the Hawai'i State Association of Counties, Hawaii Council of Mayors, County of Hawai'i Department of Environmental Management, County of Maui Department of Environmental Management, one member of the Maui County Council, and four individuals. Your Committees received comments on this measure from two individuals.

Your Committees find that abandoned and derelict vehicles are a widespread problem in the State and create unsafe and unhealthy conditions for Hawai'i's residents. Your Committees further find that the ease with which a person can abandon a vehicle and the lack of deterrents for doing so contribute to this problem. This measure will deter individuals from abandoning vehicles by making a person who is the registered owner of a vehicle that was deemed abandoned or derelict subject to a tiered fine system.

Your Committees have amended this measure by:

- (1) Setting the fine amount for the third violation at \$750;
- (2) Setting the fine amount for a fourth or subsequent violation at \$1,000;
- (3) Removing the time period required for a person to have committed subsequent violations;
- (4) Deleting language that would have established a subsection for fifth or subsequent violations; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1414, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1414, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7; Ayes with Reservations (Acasio). Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3917 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 886

The purpose and intent of this measure is to:

- (1) Clarify when the State shall be exclusively liable for claims for injury or loss of property, or personal injury or death, resulting from the negligent or wrongful act or omission of any professionally licensed or certified employee of the State while acting within the course and scope of the employee's office or employment;
- (2) Preclude civil actions or proceedings for money damages against the employee, except for claims based on liability other than an employee's course and scope of employment with the State or other employer; and
- (3) Clarify liability when the State agrees to assume full or partial responsibility in a civil action against a professional licensed or certified employee.

Your Committees received testimony in support of this measure from the Department of the Attorney General and Hawaii Association for Justice.

Your Committees find that in the decision of *Slingsuff v. State*, 131 Hawai'i 239, 317 P.3d 683 (Haw. Ct. App. 2013), the Intermediate Court of Appeals held that "physicians employed by the State, including prison doctors, exercising purely medical discretion in the diagnosis and treatment of potentially injured or sick people, are not protected from medical malpractice claims by the doctrine of qualified immunity under Hawai'i law." Your Committees find that the *Slingsuff* holding is contrary to legislative intent and public policy. To address the ramifications of *Slingsuff*, and in an effort to attract and retain doctors, the State has taken steps to obtain professional liability insurance covering claims of individual liability for physicians in the Department of Public Safety. The cost of this insurance is borne by the State and is expected to rise over time as claims are made against those policies. This measure amends the law to supersede and override the Intermediate Court of Appeals' holding in *Slingsuff*, which will make it unnecessary for the State to purchase certain insurance.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 886, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 886, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 6. Noes, 1 (Fevella). Excused, none.

Ways and Means: Ayes, 9. Noes, 1 (Fevella). Excused, 1 (Kidani).

SCRep. 3918 Ways and Means on H.B. No. 1436

The purpose and intent of this measure is to allow the counties to transfer development rights within a comprehensive planning program for the purpose of protecting development lands that are vulnerable to climate change.

Your Committee received written comments in support of this measure from the Office of Planning and Sustainable Development; City and County of Honolulu Department of Planning and Permitting; City and County of Honolulu Office of Climate Change, Sustainability and Resiliency; and the Chair of the Maui County Council.

Your Committee finds that expanding the authority of the counties to transfer development rights will help to protect lands that are vulnerable to the impacts and hazards from sea level rise, coastal erosion, storm surge, and flooding associated with climate change while providing an economically feasible option for property owners to mitigate risk and relocate from hazardous locations.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1436, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1436, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Moriwaki).

SCRep. 3919 Ways and Means on H.B. No. 2000

The purpose and intent of this measure is to appropriate funds for the construction of preschool facilities.

Your Committee received written comments in support of this measure from the State Public Charter School Commission, Executive Office on Early Learning, Hawaii State Teachers Association, Hui for Excellence in Education, Hawaii Executive Collaborative, Hawaii Community Foundation, Early Childhood Action Strategy, Children's Action Network Speaks!, Hawaii Business Roundtable, Kanaeokana, Native Hawaiian Education Council, Aha Punana Leo, Boys and Girls Club of Honolulu, Kamehameha Schools, HPM Building Supply, FCH Enterprises, and Zippy's Restaurants.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the moneys appropriated by this measure to construct preschool facilities will help the State to meet its benchmark of providing half of all three- and four-year old children with access to preschool by the end of 2027 and all of those children with access to preschool by the end of 2032, pursuant to section 26-61, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2000, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3920 Ways and Means on H.B. No. 2225

The purpose and intent of this measure is to appropriate moneys to the Hawaii Technology Development Corporation for its programs that support small businesses in innovation and research, manufacturing businesses, and start-up accelerators.

Your Committee received written comments in support of this measure from the Hawaii Technology Development Corporation; Chamber of Commerce Hawaii; Hawaii Food Manufacturers Association; Diamond Bakery Co., Ltd.; Hawaii Food Products; JPG Hawaii, Inc.; Hawaii Venture Capital Association; Mana Up; Noho Home; Hawaii Fish Company, Inc.; Ko Hana Distillers; Hawaii

Farm Bureau; Nalu Scientific, LLC; Federal Industrial Corporation; VisSidus Technologies, Inc.; Purple Maia Foundation; Big Island Coffee Roasters; Ocean Era, Inc.; Referentia Systems Incorporated; Hawaii Food Industry Association; and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and Open Access.

Your Committee finds that the appropriations made by this measure to the Hawaii Technology Development Corporation for the specified programs will assist the Corporation's efforts to fund and support technology, manufacturing, and start-up businesses, which are important, growing sectors of the State's economy.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2225, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3921 Ways and Means on H.B. No. 2339

The purpose and intent of this measure is to provide emergency funding for the state drug and alcohol toxicology testing laboratory.

More specifically, the measure:

- (1) Makes an emergency appropriation from the state highway fund to the Department of Health's state drug and alcohol toxicology testing laboratory special fund for fiscal year 2021-2022; and
- (2) Authorizes the Department of Health to expend funds from the state drug and alcohol toxicology testing laboratory special fund to establish the state drug and alcohol toxicology testing laboratory.

Your Committee received written comments in support of this measure from the Department of Health and Department of Transportation.

Your Committee finds that the measure addresses an omission in Act 196, Session Laws of Hawaii 2021, which, among other things, established the state drug and alcohol toxicology testing laboratory special fund to support a state drug and alcohol toxicology testing laboratory and specified that moneys in the state highway fund may be expended for the cost of establishing a state drug and alcohol toxicology testing laboratory. However, Act 196 did not appropriate moneys from the state highway fund to be deposited into the state drug and alcohol testing laboratory special fund or appropriate state drug and alcohol testing laboratory special fund moneys to establish the state drug and alcohol toxicology testing laboratory.

Your Committee has amended this measure by making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2339, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2339, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3922 Ways and Means on H.B. No. 2345

The purpose and intent of this measure is to provide opportunities for teachers to obtain affordable housing.

Specifically, the measure:

- (1) Authorizes the State to acquire the fee simple interest, a lease, or another form of interest in a certain parcel of real property located in Ewa Beach on the island of Oahu, for the purpose of developing or facilitating the development of affordable housing for teachers, with priority to be given to Department of Education classroom teachers in the beginning of their careers;
- (2) Authorizes the State to offer certain benefits to the seller or lessor of the parcel; and
- (3) Appropriates moneys to the Hawaii Housing Finance and Development Corporation for the acquisition, appraisal, and pre-development maintenance of the parcel.

Your Committee received written comments in support of this measure from the Department of Education and Hawaii State Teachers Association.

Your Committee received written comments on this measure from the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation.

Your Committee finds that the State's inability to recruit and retain teachers has been a long-standing issue and has been exacerbated due to the coronavirus disease (COVID-19) pandemic; therefore, the State should take the initiative to develop affordable housing for teachers to improve the State's teacher recruitment and retention efforts.

Your Committee has amended this measure by:

- (1) Deleting language that references a specific property;
- (2) Providing that in the development of affordable housing, priority shall be given to a community with schools experiencing a high shortage of teachers;
- (3) Deleting the housing priority for teachers who are in the beginning of their careers;

- (4) Providing that the Department of Education shall publish a needs assessment, rather than conduct an elementary school needs assessment;
- (5) Making the School Facilities Authority, rather than the Hawaii Housing Finance and Development Corporation, responsible for the acquisition, appraisal, and pre-development maintenance of the land intended for teachers' affordable housing; and
- (6) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2345, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2345, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Fevella). Noes, none. Excused, none.

SCRep. 3923 Ways and Means on H.B. No. 2515

The purpose and intent of this measure is to require the Department of Health to establish and operate a laboratory capable of testing for diseases, testing for air and water quality issues, and conducting other high complexity testing.

Your Committee received written comments in support of this measure from the Department of Health, Board of Water Supply, and Young Democrats of Hawaii.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that establishing the laboratory required by this measure will allow the Department of Health to carry out complex testing to better meet the State's needs, including testing to support criminal investigations, and to ensure access to safe drinking water, environmental remediation, and the mitigation of infectious diseases.

Your Committee has amended this measure by:

- (1) Deleting the appropriation;
- (2) Making the measure effective upon its approval; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2515, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2515, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3924 Ways and Means on H.B. No. 1552

The purpose and intent of this measure is to increase from eleven to thirteen the number of members of the Stadium Authority.

Your Committee received written comments in support of this measure from the Stadium Authority.

Your Committee finds that the appointment of two new members to the Stadium Authority will benefit and support the Authority and will ensure that there are an appropriate number of board members in any given year, as departing members end their final terms and newly-appointed members begin their new terms.

Your Committee has amended this measure by clarifying that certain citizenship and residency requirements only apply to the appointed members of the Stadium Authority.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1552, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1552, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3925 Ways and Means on H.B. No. 1561

The purpose and intent of this measure is to enhance educational opportunities for adults.

Specifically, the measure establishes and appropriates moneys to the Department of Education for:

- (1) An adult workforce readiness program;
- (2) One full-time equivalent adult workforce readiness program coordinator for McKinley Community School for Adults; and
- (3) One full-time equivalent adult workforce readiness program coordinator for Waipahu Community School for Adults.

Your Committee received written comments in support of this measure from the Department of Education; McKinley Community School for Adults; McKinley Community School for Adults - Maui Campus; Waipahu Community School for Adults; McKinley Community School for Adults - Kauai Campus; McKinley Community School for Adults - Moanalua Campus; State Council on

Developmental Disabilities; Kaimuki McKinley Roosevelt Complex Area, Department of Education; Hawaii State Teachers Association; Susannah Wesley Community Center; Workforce Development Council; and numerous individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance and one individual.

Your Committee recognizes the benefit of providing to students at adult and community schools the opportunity to earn associate degrees, workforce development diplomas, pre-apprenticeship certificates, and other industry-recognized certificates.

Your Committee has amended this measure by:

- (1) Deleting the measure's appropriation to the Department of Education;
- (2) Changing the effective date from July 1, 2051, to upon its approval; and
- (3) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1561, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1561, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3926 Ways and Means on H.B. No. 1800

The purpose and intent of this measure is to take steps to reduce Hawaii's carbon emissions.

Specifically, this measure:

- (1) Requires the Hawaii Natural Energy Institute to conduct a study to analyze pathways and develop recommendations to achieve Hawaii's decarbonization goals; and
- (2) Appropriates funds from the energy security special fund for the study.

Your Committee received written comments in support of this measure from the Department of Health, Hawaii Climate Change Mitigation and Adaptation Commission, University of Hawaii, a member of the Hawaii County Council, Hawaii Electric Vehicle Association, Big Island Electric Vehicle Association, Hawaiian Electric Company, and four individuals.

Your Committee received written comments in opposition to this measure from two individuals.

Your Committee received written comments on this measure from the Hawaii Public Utilities Commission, Hawaii State Energy Office, Climate Protectors Hawaii, and 350Hawaii.

Your Committee finds that although the State has adopted many goals to help mitigate climate change, additional information is required to identify challenges, opportunities, and actions that are needed to achieve those goals.

Your Committee has amended this measure by making technical, nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1800, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1800, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3927 Ways and Means on H.B. No. 1893

The purpose and intent of this measure is to provide for the future management of the Daniel K. Akaka State Veterans Home.

Specifically, this measure:

- (1) Requires the transfer of the Daniel K. Akaka State Veterans Home to the Oahu Regional Health Care System by December 31, 2022; and
- (2) Establishes statutory provisions governing the operation of the Daniel K. Akaka State Veterans Home after the Oahu Regional Health Care System is transferred to the Department of Health.

Your Committee received written comments in support of this measure from the Office of Veterans Services, Oahu Region of the Hawaii Health Systems Corporation, Department of Defense, Department of Accounting and General Services, Maui County Veterans Council, Hawaii Military Affairs Council, State Veterans Advisory Board, and five individuals.

Your Committee received written comments on this measure from the Hawaii Government Employees Association.

Your Committee finds that the Daniel K. Akaka State Veterans Home, which is currently being constructed by the Department of Defense and Department of Accounting and General Services, should be operated and managed by a state agency having the expertise needed to manage a long-term care facility.

Your Committee has amended this measure by:

- (1) Changing the date by which the Daniel K. Akaka State Veterans Home must be transferred to the Oahu Regional Health Care System from December 31, 2022, to June 30, 2023;

- (2) Making structural amendments proposed by the Hawaii Health Systems Corporation to better effectuate the purpose of the measure, including deleting provisions:
- (A) Pertaining to the transfer of employees of the Daniel K. Akaka State Veterans Home;
 - (B) Establishing exemptions from various laws applicable to the Daniel K. Akaka State Veterans Home; and
 - (C) Establishing requirements for the operation of the Daniel K. Akaka State Veterans Home after the Oahu Regional Health Care System is transferred to the Department of Health; and
- (3) Making technical nonsubstantive amendments for purposes of consistency and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1893, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1893, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3928 Ways and Means on H.B. No. 2120

The purpose and intent of this measure is to facilitate emergency management within the State.

Specifically, the measure:

- (1) Clarifies current practices, policies, and procedures of the state emergency management program and updates it with prevailing best practices for emergency management; and
- (2) Includes environmental impacts within the scope of emergency matters.

Your Committee received written comments in support of this measure from the Department of Defense, Hawaii State Energy Office, Hawaii Emergency Management Agency, and Coordinating Group on Alien Pest Species (CGAPS).

Your Committee received written comments on this measure from the Department of Emergency Management, City and County of Honolulu.

Your Committee finds that the coronavirus disease 2019 pandemic, other recent events, and environmental concerns have demonstrated the need to make the State's emergency management practices, policies, and procedures consistent with prevailing emergency management best practices.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2120, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2120, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3929 Ways and Means on H.B. No. 2206

The purpose and intent of this measure is to appropriate moneys for University of Hawaii athletics programs.

More specifically, the measure:

- (1) Appropriates \$3,600,000 for athletics at the University of Hawaii at Manoa, provided that the Board of Regents:
 - (1) Shall consider the review of coaching contracts greater than \$200,000; and
 - (2) Be able to determine if there is cause for the termination of the athletic director and head coaches; and
- (2) Appropriates \$400,000 for athletics at the University of Hawaii at Hilo.

Your Committee received written comments on this measure from the University of Hawaii at Manoa, University of Hawaii at Hilo, and Department of Budget and Finance.

Your Committee finds that the funding provided by this measure would provide needed financial support to the respective athletics programs of the University of Hawaii at Manoa and University of Hawaii at Hilo, which each represent Hawaii nationally and internationally, and help to offset higher costs that are unique to Hawaii and not faced by these schools' peer competitors.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2206, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2206, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3930 Ways and Means on H.B. No. 2332

The purpose and intent of this measure is to facilitate the transfer of non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture.

Specifically, this measure allows easements granted on certain public lands to be exempt from formal subdivision process and approval requirements, including requirements for surveying and formalizing easements.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee received written comments on this measure from the Department of Agriculture.

Your Committee finds that the formal subdivision process requires a significant investment of time and resources that may hinder the transfer of non-agricultural park lands from the Department of Land and Natural Resources to the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Limiting the application of exemptions to easements created for a public purpose on public or other government-owned lands;
- (2) Authorizing exemptions for easements affecting the transfer of developed public lands as well as undeveloped public lands;
- (3) Changing the effective date to upon its approval; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2332, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2332, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Misalucha).

SCRep. 3931 Ways and Means on H.B. No. 2338

The purpose and intent of this measure is to provide moneys for the Department of Health to establish the State Drug and Alcohol Toxicology Testing Laboratory.

More specifically, the measure:

- (1) Appropriates moneys from the state highway fund to the state drug and alcohol toxicology testing laboratory special fund; and
- (2) Authorizes the Department of Health to expend moneys from the state drug and alcohol toxicology testing laboratory special fund to establish the State Drug and Alcohol Toxicology Testing Laboratory.

Your Committee received written comments in support of this measure from the Department of Health and Department of Transportation.

Your Committee finds that the establishment of a drug and alcohol toxicology laboratory will allow the Department of Health to test criminal evidence within the State, rather than outsourcing the testing, and will help provide the resources that law enforcement officers and prosecutors need to protect the State's residents and visitors from criminals and impaired drivers.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2338, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2338, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3932 Ways and Means on H.B. No. 2399

The purpose and intent of this measure is to fund assessments of the counties' need for resources to reduce the volume of packaging waste sent to landfills and waste-to-energy plants.

Specifically, the measure:

- (1) Requires producers of certain non-durable consumer goods and packaging items to register with the Department of Health;
- (2) Requires each registered producer to pay an annual fee based on the volume of packaging placed by the producer in the market in the State;
- (3) Establishes an extended producer responsibility special fund, into which the foregoing fees and other funds shall be deposited, and from which moneys shall be expended to fund county needs assessments and related responsibilities; and
- (4) Appropriates moneys for fiscal year 2022-2023 into and out of the extended producer responsibility special fund for the county needs assessments; and
- (5) Appropriates moneys to the Department of Health for state activities regarding waste management.

Your Committee received written comments in support of this measure from the Department of Health, Hawaii State Energy Office, Department of Environmental Management, County of Hawaii; a member of the Hawaii County Council; Department of Environmental Management, County of Maui; Apollo Kauai; Zero Waste Kauai; Chamber of Sustainable Commerce; Recycle Hawaii; Clean the Pacific; Climate Protectors Hawaii; Hawaii Reef and Ocean Coalition; a group of forty local Hawaii small business owners; Hilo Downtown Improvement Association; Zero Waste Hawaii Island; Kauai Women's Caucus; Urban Ore, Inc.; Big Island Reef Keepers Hui; Hawaii Wildlife Fund; Energy & Climate Action Committee, Environmental Caucus of the Democratic Party of Hawaii; 350Hawaii; SHARKastics; Hawaii Alliance for Progressive Action; Sustainable Coastlines Hawaii; Zero Waste Oahu; Surfrider Foundation Hawaii Region; Protea Zero Waste Store; and numerous individuals.

Your Committee received written comments in opposition to this measure from the Hawaii Restaurant Association, American Cleaning Institute, The Wine Institute, American Beverage Association, Hawaii Food Industry Association, The Household & Commercial Products Association, American Chemistry Council, Retail Merchants of Hawaii, Hawaii Crop Improvement Association, Chamber of Commerce Hawaii, Hawaii Farm Bureau, Foodservice Packaging Institute, Dole Food Company Hawaii, Hawaiian Host Group, Glass Packaging Institute, CropLife America, AMERIPEN, and two individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that as the State strives to fulfill its commitments to reduce waste and mitigate the impacts of climate change, the entities that produce consumer goods should contribute to the costs of managing the waste that is generated from the sale of those goods.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2399, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3933 Judiciary on H.B. No. 1768

The purpose and intent of this measure is to:

- (1) Exempt the instream use of water for traditional and customary kalo cultivation practices from the existing process for disposition of water rights; and
- (2) Recognize, confirm, and protect traditional and customary and kuleana rights to water, including rights of use, access, delivery, and quality of water.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Hawaiian Home Lands, Office of Hawaiian Affairs, one member of the Kaua'i County Council, Mayor of the County of Kaua'i, County of Kaua'i Planning Department, Hawai'i Land Trust, Sierra Club of Hawai'i, Kua'āina Ulu 'Auamo, Council for Native Hawaiian Advancement, Hanalei Hawaiian Civic Club, 'Ai Pohaku, Waipā Foundation, 'Ahahui o nā Kauka, Wai'oli Valley Taro Hui, Papa Ola Lōkahi, Hawai'i Alliance for Progressive Action, Hui o Nā Wai 'Ehā, Earthjustice, Hanalei Watershed Hui, and twenty-four individuals.

Your Committee finds that for nearly two thousand years, Native Hawaiians have been farming successfully on lands throughout the State without adversely impacting the land. As a significant cultural and traditional practice, Native Hawaiian farming practices serve as a key tradition that also benefits the quality of life for Hawai'i's residents. While the State has a fiduciary duty to assure the preservation and enhancement of water for various public interests, some regulatory actions disrupt protected cultural rights and traditions of Native Hawaiians. Providing a water disposition exemption for certain kalo cultivation will help to reduce barriers for kalo cultivation, reduce the cost to produce poi, increase food production in Hawaii, and protect the traditional and customary practices of Native Hawaiians as mandated by the Hawaii State Constitution.

Your Committee has amended this measure by incorporating the changes proposed by the Department of Land and Natural Resources as follows:

- (1) Specifying that nothing in chapter 174C, part IV, Hawaii Revised Statutes, shall be construed to deny the exercise of an appurtenant right, including access by the holder thereof to conduct activities necessary to assure the use, delivery, and quality of water including temperature and turbidity, that shall not be unreasonably withheld; and
- (2) Specifying that the appurtenant water rights of kuleana and kalo lands, along with those traditional and customary rights, including access by the holder thereof to conduct activities necessary to assure the use, delivery, and quality of water including temperature and turbidity, that shall not be unreasonably withheld, shall not be diminished or extinguished by a failure to apply for or to receive a permit.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1768, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1768, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Acasio, Fevella). Noes, none. Excused, none.

SCRep. 3934 (Joint) Judiciary and Ways and Means on H.B. No. 2159

The purpose and intent of this measure is to:

- (1) Rename the Hawaii Workforce Development Council as the Hawaii Workforce Development Board;
- (2) Require the Governor to appoint an Executive Director of the Board from a list of three nominees submitted by the Board; and

- (3) Prohibit members of the Hawaii Workforce Development Board and local workforce development boards from engaging in any activity determined by the Governor to constitute a conflict of interest.

Your Committees received testimony in support of this measure from the Department of Labor and Industrial Relations, Workforce Development Council, and University of Hawai'i System.

Your Committees find that Act 88, Sessions Laws of Hawaii 2021, also known as the General Appropriations Act of 2021, eliminated the program identification number for the Workforce Development Council (LBR135) and transferred its appropriations and positions to the Department of Labor and Industrial Relations' Workforce Development Division. This measure amends chapter 202, Hawaii Revised Statutes, which governs the Workforce Development Council, to conform with the new appropriation structure set forth in the General Appropriations Act of 2021.

Your Committees have amended this measure by:

- (1) Replacing the conflict of interest language that prohibits members of the Hawaii Workforce Development Board and local workforce development boards from engaging in any activity determined by the Governor to constitute a conflict of interest with conflict of interest language that requires the Hawaii Workforce Development Board and local workforce development boards to develop written conflict of interest policies consistent with federal law and prohibits the Hawaii Workforce Development Board and local workforce development boards to vote on or participate in a discussion about matters under certain circumstances or engage in activity determined by the Governor or the Governor's designee to constitute a conflict of interest;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2159, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2159, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 7. Noes, none. Excused, none.
 Ways and Means: Ayes, 11. Noes, none. Excused, none.

SCRep. 3935 Ways and Means on H.B. No. 1536

The purpose and intent of this measure is to appropriate supplemental funds for the Judiciary for the 2021-2023 fiscal biennium.

Your Committee received written comments in support of this measure from the Judiciary, Legal Aid Society of Hawaii, Volunteer Legal Services Hawaii, Hawaii State Bar Association, Hawaii County Bar Association, and Hawaii Access to Justice Commission.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee recognizes that the Judiciary's budget was reduced in the two previous fiscal years. Your Committee believes that this supplemental budget, while modest, will serve to assist the Judiciary with its operations and its necessary improvement projects.

OPERATING BUDGET

The Judiciary requested a supplemental operating budget that totaled:

JUDICIARY	FY 2022	FY 2023
General Funds	\$164,891,486	\$165,852,798
All Means of Financing	\$177,900,433	\$178,353,682

Your Committee has amended this budget to appropriate the following in funds for operating expenses:

SENATE	FY 2022	FY 2023
General Funds	\$164,891,486	\$171,952,798
All Means of Financing	\$177,900,433	\$184,453,682

CAPITAL IMPROVEMENTS PROGRAM BUDGET

The Judiciary requested a supplemental capital improvement budget that totaled:

JUDICIARY	FY 2022	FY 2023
General Obligation Bonds	\$5,886,000	\$14,334,000
All Means of Financing	\$11,106,000	\$14,334,000

Your Committee has amended this budget to appropriate the following in capital improvement funds:

SENATE	FY 2022	FY 2023
General Obligation Bonds	\$5,886,000	\$14,529,000
All Means of Financing	\$5,886,000	\$14,529,000

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1536, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1536, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3936 (Joint) Labor, Culture and the Arts and Ways and Means on H.B. No. 1785

The purpose and intent of this measure is to provide for a more effective tourism governance system for the State.

Specifically, this measure:

- (1) Requires and appropriates moneys to the Legislative Reference Bureau to conduct a study that identifies and analyzes alternative tourism governance systems and to submit a report to the Legislature regarding potential tourism governance options for its consideration;
- (2) Establishes in statute the four core functions under which the Hawaii Tourism Authority shall operate its programs;
- (3) Requires the Hawaii Tourism Authority to perform actions specified in the Authority's destination management action plans;
- (4) Prohibits the Hawaii Tourism Authority from contracting with entities for services or programs that fall within more than one of the four core functions;
- (5) Requires all branding contracts to be performance-based;
- (6) Requires the organization of the Hawaii Tourism Authority to reflect the four core functions, and establishes applicable positions; and
- (7) Appropriates moneys to the Hawaii Tourism Authority.

Your Committees received written comments in support of this measure from three individuals.

Your Committees received written comments in opposition to this measure from the State Procurement Office.

Your Committees received written comments on this measure from the Department of Land and Natural Resources, Department of Budget and Finance, Hawaii Tourism Authority, and Legislative Reference Bureau.

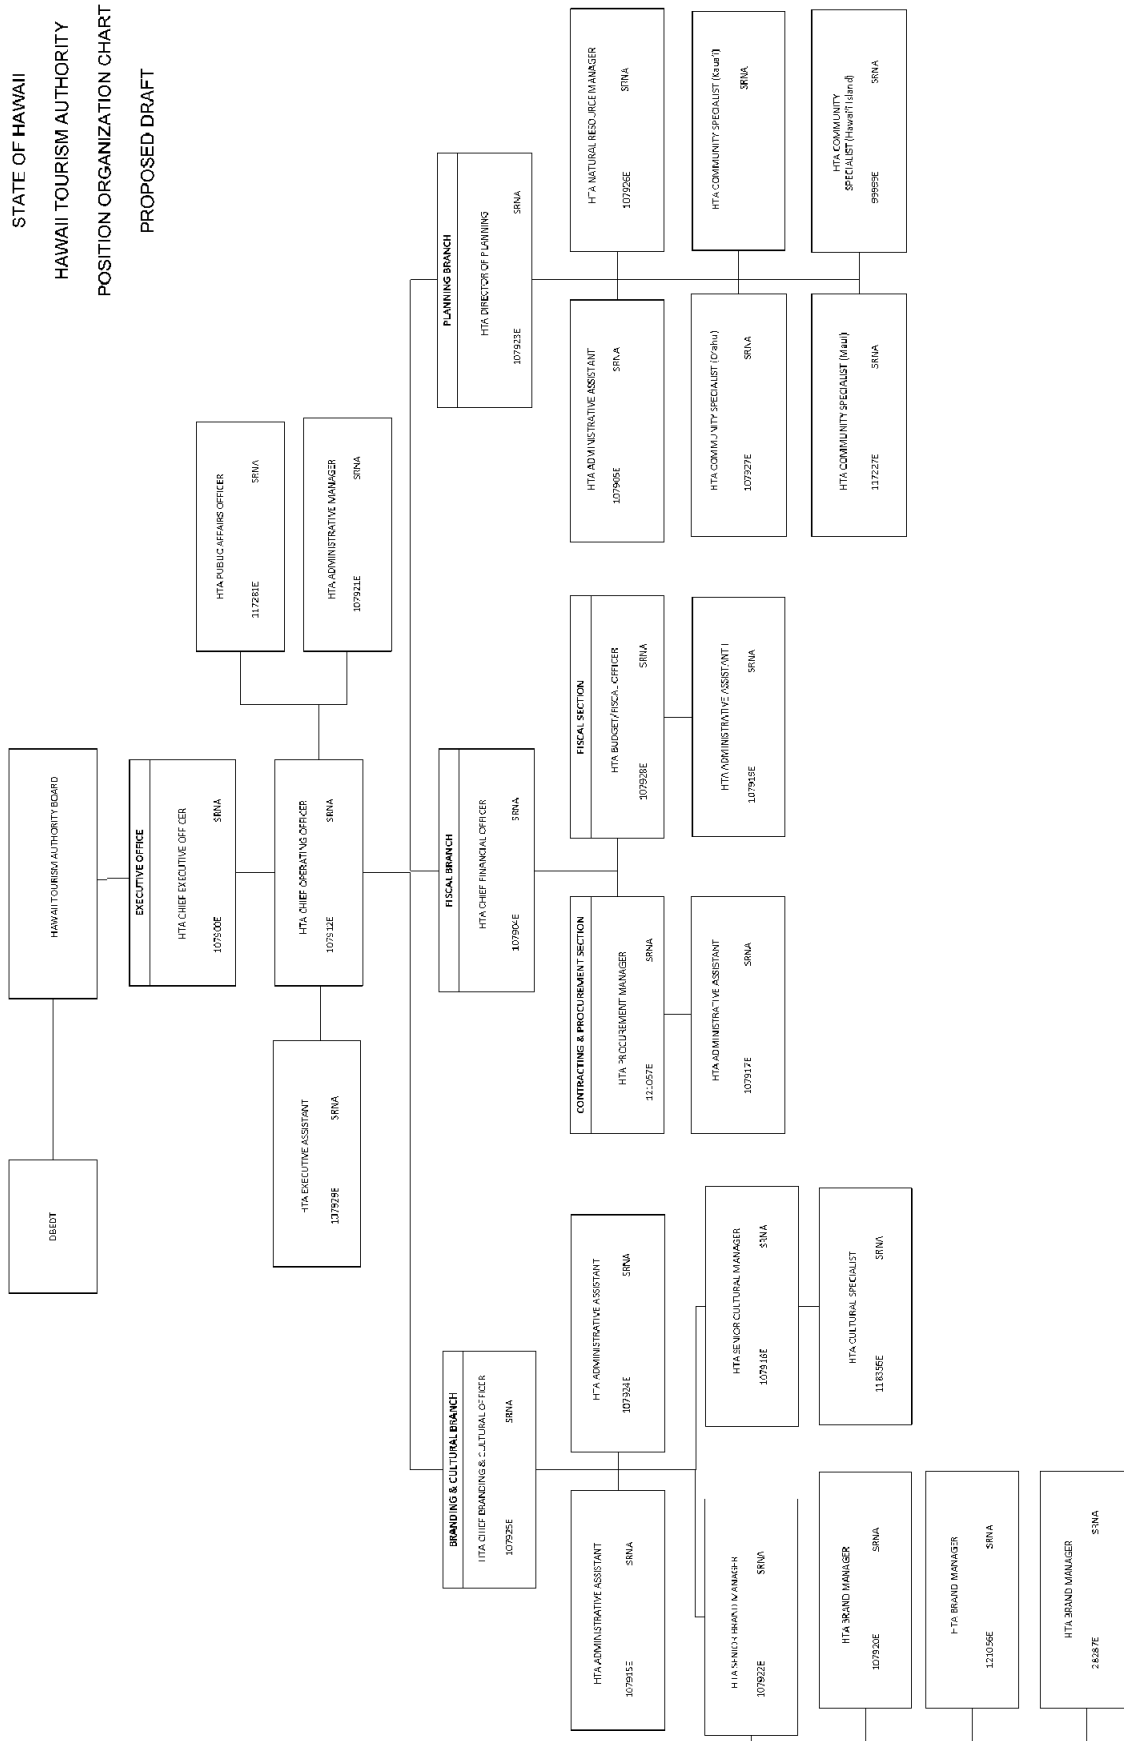

Your Committees find that specifying the destination action management goals and objectives in statute and aligning the organization of the Hawaii Tourism Authority to those goals and objectives will ensure the Authority's accountability and allow the Authority to execute the objectives identified in its destination management action plans more quickly and efficiently.

Your Committees have amended this measure by:

- (1) Providing for the lapse on June 30, 2024, of moneys appropriated to the Legislative Reference Bureau;
- (2) Adding to the Hawaii Tourism Authority's list of statutory duties the development of a destination management action plan for each county;
- (3) Changing the source of moneys for the various appropriations made to the Hawaii Tourism Authority from general funds to federal American Rescue Plan Act funds;
- (4) Changing the amount appropriated to the Hawaii Tourism Authority for administrative costs from \$3,972,107, to \$4,984,417, and making corresponding changes to the administrative and organizational structure of the Authority; and
- (5) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

Your Committees note that the following organizational chart, reflecting a focus on the four "pillars" or core functions of the Hawaii Tourism Authority, graphically depicts your Committees' intended organizational structure of the Hawaii Tourism Authority as contemplated under this measure:

STATE OF HAWAII
 HAWAII TOURISM AUTHORITY
 POSITION ORGANIZATION CHART
 PROPOSED DRAFT

As affirmed by the records of votes of the members of your Committees on Labor, Culture and the Arts and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1785, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1785, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Labor, Culture and the Arts: Ayes, 3. Noes, none. Excused, 2 (Ihara, Keohokalole).

Ways and Means: Ayes, 11. Noes, none. Excused, none.

SCRep. 3937 Ways and Means on H.B. No. 1982

The purpose and intent of this measure is to establish a process to ensure the proper application of the State's motion picture, digital media, and film production income tax credit.

More specifically, the measure:

- (1) Establishes a tax withholding requirement for persons who make payments to loan-out companies for services performed in Hawaii and who claim the motion picture, digital media, and film production income tax credit;
- (2) Imposes an application processing fee for the motion picture, digital media, and film production income tax credit;
- (3) Removes the requirement for qualified productions to submit a verification review by a qualified certified public accountant when applying for the motion picture, digital media, and film production income tax credit;
- (4) Requires reports by the Department of Business, Economic Development, and Tourism to the Legislature on the motion picture, digital media, and film production income tax credit to identify the dollar amount claimed, name of company, and name of qualified production claiming the credit;
- (5) Extends the period during which excess motion picture, digital media, and film production income tax credits may be claimed, from December 31, 2025, to December 31, 2032;
- (6) Requires qualified productions that make payments to a loan-out company and claim the motion picture, digital media, and film production income tax credit to withhold an amount equal to 4.5 percent of qualified production costs for service performed in the State and remit that amount to the Department of Taxation to the credit of the general excise tax account of the loan-out company;
- (7) Amends the uses of the tax administration special fund; and
- (8) Authorizes the Department of Taxation to establish four full-time equivalent (4.0 FTE) tax auditor positions.

Your Committee received written comments in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawaii; Island Film Group; Motion Picture Association; and seven individuals.

Your Committee received written comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that, according to the Department of Business, Economic Development, and Tourism, the motion picture, digital media, and film production income tax credit, codified as section 235-17, Hawaii Revised Statutes, is an essential element of the State's economic recovery efforts amidst the coronavirus disease 2019 pandemic.

Your Committee has amended this measure by:

- (1) Reducing the minimum amount of qualified production costs necessary to claim the motion picture, digital media, and film production income tax credit, from \$200,000 to \$100,000;
- (2) Amending the language of the tax withholding requirement to:
 - (A) Change the rate of the tax withholding amount from 4.5 percent to "the applicable rate"; and
 - (B) Clarify the deadline for remitting the withheld amounts to the Department of Taxation;
- (3) Requiring the Department of Business, Economic Development, and Tourism to issue a certification letter to a taxpayer seeking to claim the motion picture, digital media, and film production income tax credit no later than ten months after the receipt of the taxpayer's statement required under section 235-17(h), Hawaii Revised Statutes;
- (4) Amending the withholding amount for qualified productions claiming the motion picture, digital media, and film production income tax credit from 4.5 percent to one-half of one percent of the qualified production costs;
- (5) Clarifying the deadline by which qualified productions claiming the motion picture, digital media, and film production income tax credit must remit withheld amounts to the Department of Taxation; and
- (6) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1982, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1982, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 3938 Ways and Means on H.B. No. 1983

The purpose and intent of this measure is to establish a state film liaison to plan, develop, and execute a statewide film industry development strategy, and to appropriate moneys for an administrative assistant to support the state film liaison.

Your Committee received written comments on this measure from the Department of Business, Economic Development, and Tourism and Department of Budget and Finance.

Your Committee finds that establishing a state film liaison will help strengthen the existing state and county film offices while providing a long-term roadmap for the film industry's growth.

Your Committee has amended this measure by:

- (1) Clarifying that each position existing within the Film Branch of the Creative Industries Division of the Department of Business, Economic Development, and Tourism as of the effective date of the measure will retain the civil service status and duties of the respective position;
- (2) Changing the appropriation amount from an unspecified sum to \$65,000;
- (3) Deleting language establishing an administrative assistant position;
- (4) Clarifying that the new statutory language should be added to part IX of Chapter 201, Hawaii Revised Statutes; and
- (5) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1983, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1983, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3939 Ways and Means on H.B. No. 2195

The purpose and intent of this measure is to establish within the Department of Health and appropriate moneys for a pilot grant project to help qualifying low- and moderate-income property owners either upgrade or convert their cesspools.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands, a member of the Hawaii County Council, Rotary Club of Hanalei Bay, Hawaii Reef and Ocean Coalition, Surfriider Foundation - Hawaii Region, Kauai Women's Caucus, WAI: Wastewater Alternatives & Innovations, and nine individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance and Department of Health.

Your Committee recognizes that the statutory requirement to upgrade or convert cesspools, while necessary to prevent contamination of the State's groundwater, streams, and coastal ecosystems, also imposes a financial burden on low- and moderate-income families. Accordingly, your Committee believes that the State should assist these families in meeting the costs of cesspool upgrades and conversions.

Your Committee has amended this measure by:

- (1) Establishing the pilot grant project in session law rather than in the Hawaii Revised Statutes;
- (2) Requiring the Department of Health to submit to the Legislature, by an unspecified date, a report on the pilot grant project; and
- (3) Providing for repeal of the pilot grant project on an unspecified date.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2195, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2195, H.D. 2, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3940 Ways and Means on H.B. No. 2307

The purpose and intent of this measure is to appropriate moneys to provide education and support to businesses in the State regarding the United States Food and Drug Administration's industry guidance on colored sea salt.

Your Committee received written comments in support of this measure from the Hawaii Farm Bureau and Hawaii Food Industry Association.

Your Committee received written comments on this measure from the Department of Agriculture and Department of Budget and Finance.

Your Committee notes that sea salt manufacturers in the State seeking to manufacture and sell black sea salt and red sea salt are required to obtain approval from the United States Food and Drug Administration through the lengthy and expensive color additive petition process. Accordingly, your Committee believes that providing education and support to these sea salt manufacturers will help them to more efficiently navigate the petition process and ensure the continued operation of the sea salt industry in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2307, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2307, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3941 Ways and Means on H.B. No. 2329

The purpose and intent of this measure is to honor and acknowledge President Barack Obama's history in the State.

More specifically, this measure:

- (1) Requires the Department of Land and Natural Resources to:
 - (A) Consult with the Hawaii Tourism Authority and State Foundation on Culture and the Arts to determine locations to place historical markers to identify sites in the State that were significant in the life of President Barack Obama; and
 - (B) Install these historical markers; and
- (2) Appropriates moneys for the Department of Land and Natural Resources to install these historical markers.

Your Committee received written comments in support of this measure from the Department of Land and Natural Resources and Hawaii Tourism Authority.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that the placement of historical markers at sites that were significant in the life of President Barack Obama is an appropriate way to celebrate and commemorate President Obama's life in Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying the procedures for placing a historical marker at or near a privately owned property or private residence; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2329, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2329, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3942 Ways and Means on H.B. No. 2475

The purpose and intent of this measure is to establish July 31 each year as La Hoihoi Ea to recognize the accomplishments of King Kamehameha III in restoring the sovereignty of the Kingdom of Hawaii and to honor upstanding members of the Hawaiian community.

Your Committee received written comments in support of this measure from the Department of Accounting and General Services, Malama Makua, Spoehr Foundation, and eight individuals.

Your Committee received written comments in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee received written comments on this measure from the Department of Human Resources of the City and County of Honolulu.

Your Committee finds that the establishment of July 31 as La Hoihoi Ea will provide a unique opportunity to reflect on Hawaii's history and the prominent place that Hawaii has held on the world stage for more than two centuries.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2475, H.D. 1, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3943 Ways and Means on H.B. No. 2511

The purpose and intent of this measure is to facilitate the issuance of leases to individuals on the waitlist for Hawaiian home lands.

Specifically, the measure:

- (1) Requires the Department of Hawaiian Home Lands to submit to the Legislature annual reports regarding expenditures from the native Hawaiian rehabilitation fund and the number of beneficiaries removed from the waitlist for Hawaiian home lands through the use of the fund; and
- (2) Appropriates moneys into and out of the native Hawaiian rehabilitation fund for:
 - (A) Hawaiian home lands lots and related projects; and
 - (B) Down payment assistance and mortgage payment assistance to Department of Hawaiian Home Lands beneficiaries.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands, two members of the Honolulu City Council, the State Council on Developmental Disabilities, Chamber of Sustainable Commerce, Council for Native Hawaiian Advancement, Catholic Charities Hawaii, Partners In Care, Hawaii Health and Harm Reduction Center, and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the State, pursuant to the Hawaiian Homes Commission Act, 1920, has an obligation to set aside home lands to be used for the benefit of native Hawaiians. Accordingly, your Committee finds that the State should provide the means for the Department of Hawaiian Home Lands to make home lands available to the Department's beneficiaries, which will reduce the number of beneficiaries on the Department's waitlist.

Your Committee has amended this measure by replacing its contents with the contents of S.B. No. 3359, S.D. 2, a substantially similar measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2511, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2511, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 5 (Inouye, Kanuha, Kidani, Wakai, Fevella).

SCRep. 3944 Ways and Means on H.B. No. 2513

The purpose and intent of this measure is to provide more residents with affordable housing opportunities.

More specifically, this measure:

- (1) Appropriates moneys for projects or units in a mixed-income rental project for persons and families having incomes of between sixty and one hundred percent of the median family income; and
- (2) Authorizes the Hawaii Housing Finance and Development Corporation to use any moneys from the appropriation that are unused and unencumbered as of June 30, 2023, for certain other rental housing projects.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that families having incomes of more than sixty percent of the area median income are rarely able to make use of the rental housing revolving fund, because the demand for these funds far exceeds available funding. Accordingly, your Committee believes that by appropriating moneys specifically targeted for use by persons and families having incomes of between sixty and one hundred percent of the area median income, this measure will help to ensure that more residents are able to receive and make use of affordable housing opportunities.

Your Committee has amended this measure by changing the amount appropriated into and out of the rental housing revolving fund from \$150,000,000 to an unspecified sum to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2513, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2513, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 5 (Inouye, Kanuha, Kidani, Wakai, Fevella).

SCRep. 3945 Ways and Means on H.B. No. 956

The purpose and intent of this measure is to establish the Statewide Interoperable Communications Executive Committee, Technical Subcommittee, and a coordinator position.

Your Committee received written comments in support of this measure from the Department of Defense.

Your Committee finds that by establishing a statewide interoperable communications executive committee, technical subcommittee, and coordinator position, this measure will allow for the provision of a clear direction for future communications efforts by executive leadership, a framework for impacted parties to collaborate and make recommendations, and a more effective and efficient use of financial and technological resources throughout the State.

Your Committee has amended this measure by:

- (1) Requiring the Statewide Interoperable Communications Executive Committee to obtain the advice and input of the Statewide Interoperable Communications Technical Subcommittee prior to fulfilling the Executive Committee's other duties;
- (2) Clarifying that the Statewide Interoperable Communications Executive Committee is required to submit an initial report to the Legislature twenty days prior to the convening of the Regular Session of 2023, and each regular session thereafter;
- (3) Clarifying that membership on the Statewide Interoperable Communications Technical Subcommittee shall be limited to certain entities;
- (4) Clarifying certain duties of the Statewide Interoperable Communications Coordinator; and
- (5) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 956, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 956, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3946 Ways and Means on H.B. No. 1179

The purpose and intent of this measure is to establish a pilot program within the Aina Mauna legacy program of the Department of Hawaiian Home Lands to remove and harvest gorse from Mauna Kea and to develop it as a marketable product to expand economic opportunities for native Hawaiians.

Your Committee received written comments in support of this measure from the Department of Hawaiian Home Lands and Hawaii Forest Industry Association.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that utilizing gorse to produce marketable products will allow the State to create unique economic opportunities for native Hawaiians and will help mitigate an aggressive invasive species.

Your Committee has amended this measure by changing the effective date to July 1, 2050, to facilitate further discussion on the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1179, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1179, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3947 Ways and Means on H.B. No. 1488

The purpose and intent of this measure is to expand the scope of individuals who qualify for resident tuition at the University of Hawaii.

Specifically, the measure authorizes resident tuition for any adult or minor student:

- (1) Enrolled in a high school in the State for at least twelve consecutive months preceding the first day of instruction at a University of Hawaii college or campus; or
- (2) Who received a high school diploma or its equivalent in the State in the two-year period preceding the first day of instruction at a University of Hawaii college or campus; provided that the student is working toward an undergraduate degree.

Your Committee received written comments in support of this measure from the Department of Education, University of Hawaii, Kupu, and six individuals.

Your Committee finds that allowing local high school graduates and individuals who complete high school equivalencies locally to qualify for resident tuition fees will facilitate the enrollment of these students at the University of Hawaii's campuses. Your Committee believes that helping these individuals attain their goals in higher education is a matter of statewide concern.

Your Committee has amended this measure by changing the effective date from July 1, 2050, to upon its approval.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1488, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1488, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3948 Ways and Means on H.B. No. 1586

The purpose and intent of this measure is to allow the State to more efficiently manage federal disaster relief reimbursement moneys.

Specifically, the measure:

- (1) Requires federal disaster relief reimbursement moneys, except federal disaster relief reimbursement moneys for the Department of Education, to be deposited into a trust account of the Hawaii Emergency Management Agency and reimbursed to the originating fund of the expending agency, and requires moneys to be returned to the general fund upon lapse of the original appropriation;
- (2) Requires the Administrator of the Hawaii Emergency Management Agency to submit an annual report to the Legislature on the status of federal reimbursement moneys for disaster response and each agency's disaster response spending; and
- (3) Appropriates moneys to the Department of Defense for disaster response efforts.

Your Committee received written comments on this measure from the Hawaii Emergency Management Agency and Department of Education.

Your Committee finds that the changes made by this measure to the management of the Hawaii Emergency Management Agency trust account and the reporting requirements for agencies' disaster response spending will help improve the reliability and predictability of financing for the State's disaster relief efforts.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1586, H.D. 2, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3949 Ways and Means on H.B. No. 1587

The purpose and intent of this measure is to establish an intrastate mutual aid system through which interjurisdictional assistance may be provided among the counties.

Your Committee received written comments in support of this measure from the Hawaii Emergency Management Agency.

Your Committee received written comments on this measure from the Hawaii Association for Justice.

Your Committee finds that by establishing a system that allows for intergovernmental cooperation and resource sharing among the counties, this measure will help the State to more effectively and efficiently prepare for, mitigate against, respond to, and recover from disasters and emergencies.

Your Committee has amended this measure by making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1587, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1587, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3950 Ways and Means on H.B. No. 1588

The purpose and intent of this measure is to mitigate natural disasters and other hazards.

Specifically, the measure:

- (1) Establishes the resilient Hawaii revolving loan fund into which shall be deposited federal moneys and other funds, and from which loans shall be provided to the counties and nonprofit organizations for local resilience projects that address the mitigation of hazards;
- (2) Requires the Administrator of the Hawaii Emergency Management Agency to administer the Resilient Hawaii revolving loan fund and apply to the Federal Emergency Management Agency, under the provisions of the Safeguarding Tomorrow through Ongoing Risk Mitigation Act, Public Law 116-284, to capitalize the fund when funding is available; and
- (3) Appropriates moneys into and out of the resilient Hawaii revolving loan fund for the purposes of the measure, including the establishment and hiring of staff within the Hawaii Emergency Management Agency.

Your Committee received written comments in support of this measure from the Hawaii Emergency Management Agency.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Department of Human Services and Department of Budget and Finance.

Your Committee finds that the federal Safeguarding Tomorrow through Ongoing Risk Mitigation (STORM) Act, Public Law 116-284, enables states to lend moneys to local municipalities to conduct hazard mitigation and resiliency projects. Your Committee believes it is prudent for the State to establish a mechanism to utilize this and other federal funding opportunities.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1588, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1588, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3951 Ways and Means on H.B. No. 1829

The purpose and intent of this measure is to facilitate the development of affordable housing projects.

Specifically, this measure:

- (1) Requires each county or issuer of private activity bonds to submit quarterly reports to the Department of Budget and Finance on the status or use of its allocation of private activity bonds; and

- (2) Prohibits the authorization of special purpose revenue bonds requiring an allocation of the annual state ceiling during the period after June 30, 2022, and before December 31, 2028, unless the allocation is requested by the Governor and approved by the Legislature; and
- (3) During the period after June 30, 2022, and before December 31, 2028, requires a county with a population of more than five hundred thousand to use its allocation of the annual state ceiling only for rental housing projects that are eligible for the low-income housing tax credit.

Your Committee received written comments in support of this measure from Highridge Costa and Catholic Charities Hawaii.

Your Committee received written comments in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that increasing coordination between the State and the counties on the timing of private activity bond issuances will allow the State to more efficiently allocate private activity bonds for housing-related projects.

Your Committee has amended this measure by:

- (1) Requiring the submission of semi-annual, rather than quarterly, reports on the status or use of any allocation;
- (2) Amending the date by which each county's annual report of its unused or unassigned allocation must be submitted to the Department of Budget and Finance;
- (3) Requiring the semi-annual and annual reports to be submitted to the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation; and
- (4) Changing the effective date to July 2, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1829, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1829, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3952 Ways and Means on H.B. No. 1837

The purpose and intent of this measure is to increase affordable housing in the State by reducing administrative barriers and encouraging the adoption of more flexible zoning and regulatory policies.

More specifically, the measure:

- (1) Requires each county to submit a biennial report to the Legislature on the county's efforts to reduce zoning and regulatory barriers to housing development; and
- (2) Requires the Hawaii Housing Finance and Development Corporation and Hawaii Public Housing Authority to review the biennial county reports and to submit biennial reports to the Legislature and the respective state agency boards on the State's efforts to streamline affordable housing development.

Your Committee received written comments in support of this measure from the Hawaii Public Housing Authority, Hawaii Realtors, and one individual.

Your Committee received written comments in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu and Maui Chamber of Commerce.

Your Committee received written comments on this measure from the Department of Budget and Finance and Grassroot Institute of Hawaii.

Your Committee finds that reducing administrative and statutory barriers and encouraging the adoption of more flexible zoning will assist in the development of affordable housing that is needed in the State. Your Committee believes that encouraging increased inter-agency coordination and public awareness of ongoing efforts to expand the supply of affordable housing is necessary to achieve these goals. Accordingly, your Committee further finds that the creation of a working group will more effectively support these efforts by identifying opportunities to reduce zoning, regulatory, and statutory barriers to developing affordable housing.

Your Committee has amended this measure by:

- (1) Replacing the measure's content with content establishing a working group on affordable housing; and
- (2) Making conforming amendments to the measure.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1837, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1837, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 3953 Ways and Means on H.B. No. 1974

The purpose and intent of this measure is to encourage small businesses to participate in public procurement.

Specifically, this measure:

- (1) Establishes the small business assistance initiative within the State Procurement Office, to consist of a small business procurement coordinator and small business office; and
- (2) Appropriates moneys to the State Procurement Office for the small business assistance initiative.

Your Committee received written comments in support of this measure from the State Procurement Office, Department of Transportation, Office of Veterans' Services, Council for Native Hawaiian Advancement, Hawaii State Commission on the Status of Women, and one individual.

Your Committee received written comments on this measure from the Department of Budget and Finance.

Your Committee finds that the small business assistance initiative established by this measure will help to identify, quantify, and address the needs of small businesses in the State, especially those businesses owned by veterans, Native Hawaiians, and women.

Your Committee has amended this measure by:

- (1) Clarifying that certain data, metrics, and reports shall be submitted to the Administrator of the State Procurement Office, who serves as the chief procurement officer for most executive branch agencies;
- (2) Changing the amount appropriated for the small business initiative from \$366,000 to an unspecified sum;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making a technical nonsubstantive amendment for the purpose of clarity.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1974, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1974, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3954 (Joint) Judiciary and Ways and Means on H.B. No. 1640

The purpose and intent of this measure is to:

- (1) Change the Electronic Waste and Television Recycling and Recovery Act to the Electronic Device Recycling and Recovery Act;
- (2) Establish electronic device reporting requirements for manufacturers and collectors; and
- (3) Establish the electronic device recycling working group.

Your Committees received testimony in support of this measure from one member of the Hawai'i County Council, Hawai'i Reef and Ocean Coalition, Recycle Hawaii and Clean the Pacific, Restore the Commons, and three individuals. Your Committees received testimony in opposition to this measure from the County of Hawai'i Department of Environmental Management, Consumer Technology Association, and one individual. Your Committees received comments on this measure from the Department of Health, County of Kaua'i Department of Public Works Solid Waste Management Division, County of Maui Department of Environmental Management, one member of the Hawai'i County Council, Zero Waste Hawai'i Island, Kauai's Women Caucus, Retail Merchants of Hawaii, and four individuals.

Your Committees find that ensuring that electronic waste does not end up in the State's landfills, or worse tossed on the side of the road, is critical to protecting public health and safety and the State's delicate environment. Recycling electronic waste allows for the recovery of valuable resources that could otherwise be hazardous to the environment. Under the current program, funding is insufficient, especially on the neighbor islands, and the program does not adequately cover in an equitable way the sheer volume of electronics being sold in the State. This measure will make the recycling of electronic devices easier by implementing manufacturer and collector reporting obligations and requirements, which will promote convenient electronic device recycling for the public.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1640, H.D. 2, S.D. 1, and recommend that it pass Third Reading.

Signed by the Chairs on behalf of the Committees.
Judiciary: Ayes, 6. Noes, none. Excused, 1 (Acasio).
Ways and Means: Ayes, 10; Ayes with Reservations (Wakai). Noes, none. Excused, 1 (Inouye).

SCRep. 3955 (Joint) Judiciary and Ways and Means on H.B. No. 1653

The purpose and intent of this measure is to:

- (1) Establish a tiered administrative fine system for each specimen of aquatic life taken, killed, or injured;
- (2) Establish a criminal fine structure on a per-specimen basis for violations involving aquatic life;

- (3) Authorize the Department of Land and Natural Resources to recommend community service that benefits the resource damaged when a person is ordered to perform community service in lieu of a fine; and
- (4) Authorize the Department of Land and Natural Resources to recommend certain probationary terms and conditions to the court.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Judiciary, Mālama Pūpūkea-Waimea, and two individuals. Your Committees received comments on this measure from For the Fishes.

Your Committees find that in 2020, tips from the public led to the investigation and subsequent arrest of three large-scale aquarium poaching operations involving eight individuals in west Hawaii. Your Committees believe that fines must be commensurate with the sales value of these animals to serve as an adequate deterrent for aquarium poachers. This measure will assist in the conservation of Hawaii's natural resources by providing a tiered administrative fine system and an option for community service to deter aquatic resource violations.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1653, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1653, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 6. Noes, none. Excused, 1 (Acasio).

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3956 (Joint) Judiciary and Ways and Means on H.B. No. 1712

The purpose and intent of this measure is to prohibit siting of waste disposal facilities on important agricultural lands and agricultural lands with class A and B productivity ratings.

Your Committees received testimony in support of this measure from the Department of Agriculture; Land Use Research Foundation of Hawaii; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Ulupono Initiative; Larry Jefts Farms, LLC; Hawaii Crop Improvement Association; CropLife America; Biotechnology Innovation Organization; and two individuals. Your Committees received testimony in opposition to this measure from the City and County of Honolulu's Department of Environmental Services. Your Committees received comments on this measure from the Office of Planning and Sustainable Development and Office of the Mayor of the County of Kaua'i.

Your Committees find that agriculture is an essential economic activity in Hawai'i. To support agriculture, the State has established land use designations that protect certain lands for agricultural use. However, lands designated for agriculture can also be used for specific non-agricultural activities. Siting landfills on agricultural lands jeopardizes crop safety by creating the potential for contamination through dust, soil runoff, or poor water quality. This measure prohibits the use of agricultural lands for waste disposal facilities to ensure that agricultural lands are used to support agricultural purposes. This measure also seeks to protect agricultural lands with the highest productivity potential from land uses that are inconsistent with agricultural production.

Your Committees have amended this measure by inserting an effective date of July 30, 2075, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1712, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1712, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 7. Noes, none. Excused, none.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

SCRep. 3957 (Joint) Judiciary and Ways and Means on H.B. No. 2423

The purpose and intent of this measure is to require all state building construction projects and state highway projects to use building and construction materials that seek to reduce their carbon footprint, where feasible and cost effective.

Your Committees received testimony in support of this measure from the Department of Transportation, one member of the Hawai'i County Council, Climate Protectors Hawai'i, Kauai Women's Caucus, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, Life of the Land, and ten individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that reducing a building or highway's carbon footprint is increasingly important in building design. State building designs for new building and highway projects can avoid copious amounts of greenhouse gas emissions and save taxpayers money if agencies consider how to reduce their carbon footprint. Reducing the State's carbon footprint by requiring the use of lower carbon technologies in its buildings, highways, and other public works projects is vital in furthering the State's goal of becoming carbon negative as soon as practicable but not later than 2045.

Your Committees have amended this measure by inserting an effective date of July 30, 2075, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2423, H.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2423, H.D. 1, S.D. 1.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Acasio).
 Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3958 (Joint) Judiciary and Ways and Means on H.B. No. 2260

The purpose and intent of this measure is to:

- (1) Amend the circumstances under which medical cannabis may be transported by and between dispensaries;
- (2) Increase the allowable number of plants for production centers;
- (3) Increase the number of production centers that may be allowed under a dispensary license;
- (4) Increase the number of retail dispensing locations that may be allowed under a dispensary license;
- (5) Redefine the term “medical cannabis production center” to include any series of structures located within the same secured perimeter fence-line;
- (6) Require the Department of Health to establish the fee structure for the submission of applications for additional production centers and retail dispensing locations and for dispensary-to-dispensary sales; and
- (7) Amend the Department of Health’s duties with respect to the establishment of standards for manufactured cannabis products.

Your Committees received testimony in support of this measure from Aloha Green Holdings Inc., Maui Grown Therapies, Hawai‘i Cannabis Industry Association, Hawaiian Ethos, Green Aloha, Big Island Grown, and over eight hundred individuals. Your Committees received testimony in opposition to this measure from Patients Without Time and six individuals. Your Committees received comments on this measure from the Department of Health, Akamai Cannabis Consulting, Hawaii Cannabis Hui, and one individual.

Your Committees have amended this measure by:

- (1) Deleting language that would have required the Department of Health to establish the fee structure for the submission of applications for additional production centers and retail dispensing locations and for dispensary-to-dispensary sales;
- (2) Deleting language that would have required the Department of Health to establish manufacturing and product stability standards regarding the manufacture of manufactured cannabis products; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2260, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2260, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Acasio).
 Ways and Means: Ayes, 9; Ayes with Reservations (Misalucha, Moriwaki). Noes, none. Excused, 2 (Inouye, Shimabukuro).

SCRep. 3959 (Joint) Judiciary and Ways and Means on H.B. No. 2248

The purpose and intent of this measure is to amend the definition of “private schools” under the compulsory attendance law to require unlicensed but accredited private schools to annually submit health and safety documentation to the Hawaii Council of Private Schools or the Hawaii Catholic Schools office.

Your Committees received testimony in support of this measure from the Hawaii Association of Independent Schools and Hawaii Council of Private Schools. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the health and safety of students in the State is of paramount importance. Your Committees further find that this measure will increase transparency and accountability in the operation of private schools and help ensure that private schools follow best practices regarding student health and safety.

Your Committees have amended this measure by making it effective upon its approval.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2248, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2248, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.
 Judiciary: Ayes, 6. Noes, none. Excused, 1 (Acasio).
 Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3960 (Joint/Majority) Judiciary and Ways and Means on H.B. No. 2336

The purpose and intent of this measure is to:

- (1) Clarify certain provisions in chapter 291J, Hawaii Revised Statutes, to better reflect the legislative intent of the photo red light imaging detector systems program;
- (2) Establish minimum display times for yellow lights on traffic-control signals; and

- (3) Amend Act 30, Session Laws of Hawaii 2020, as amended, to account for the current timetable of the photo red light imaging detector systems program.

Your Committees received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and two individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that in 2019, the Department of Transportation, pursuant to Act 131, Session Laws of Hawaii 2019, convened a multi-agency red light running committee. This committee has worked diligently to prepare for the upcoming red light imaging detector systems pilot program, which is scheduled to begin operating later this year. This measure will clarify the Legislature's intent for the red light imaging detector systems pilot program and provide necessary adjustments to various dates and funding positions to allow the Department of Transportation to fund the anticipated influx of work relating to the pilot program.

Your Committees further find that these infractions should be adjudicated in the same way as the infractions under section 291C-32(c), Hawaii Revised Statutes, meaning that they should be subject to the same procedures regarding answering, court hearings, court actions, and any applicable defenses under chapter 291D, Hawaii Revised Statutes.

Your Committees have amended this measure by:

- (1) Making clarifying amendments as recommended by the Department of the Prosecuting Attorney of the City and County of Honolulu;
- (2) Subjecting a registered owner who is issued a summons or citation pursuant to chapter 291J, Hawaii Revised Statutes, to procedures pursuant to sections 291D-7, 291D-8, and 291D-13, Hawaii Revised Statutes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Judiciary and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2336, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2336, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Judiciary: Ayes, 5; Ayes with Reservations (Kim). Noes, 2 (Acasio, Fevella). Excused, none.

Ways and Means: Ayes, 10. Noes, 1 (Fevella). Excused, none.

SCRep. 3961 (Joint) Ways and Means and Judiciary on H.B. No. 1775

The purpose and intent of this measure is to facilitate compliance with Hawaii's state law corollary to the federal Title IX law codified in Chapter 368D, Hawaii Revised Statutes, which prohibits discrimination on the basis of sex, including gender identity or expression, or sexual orientation, in any covered educational program or activity.

More specifically, the measure:

- (1) Clarifies the application of Chapter 368D, Hawaii Revised Statutes, and sets forth requirements with which entities having state educational programs or activities, or receiving state funding for educational programs or activities, must comply;
- (2) Requires annual reporting to the Legislature on the number and types of Title IX cases received by the University of Hawaii, Department of Education, and public charter schools, and other relevant information;
- (3) Establishes two full-time equivalent (2.0 FTE) senior advisor positions and one full-time equivalent (1.0 FTE) junior advisor position for the University of Hawaii System to carry out the purposes of the measure; and
- (4) Appropriates moneys to the Department of Education and State Public Charter School Commission to carry out the purposes of the measure.

Your Committees received written comments in support of this measure from the Hawaii Civil Rights Commission, University of Hawaii System, Hawaii State Public Charter School Commission, American Association of University Women of Hawaii, Hawaii State Democratic Women's Caucus, Hawaii Women's Coalition, Rainbow Family 808, Stonewall Caucus of the Democratic Party of Hawaii, League of Women Voters of Hawaii, Planned Parenthood Alliance Advocates, and eleven individuals.

Your Committees received written comments on this measure from the Department of the Attorney General, Department of Education, and Department of Budget and Finance.

Your Committees find that this measure's clarification of the purpose, scope, and application of Chapter 368D, Hawaii Revised Statutes, and requirement for annual data reporting by the University of Hawaii, Department of Education, and State Public Charter School Commission will help to ensure that the needs of victims of unlawful sex-based discrimination, including sexual harassment, gender-based harassment, and sexual assault, are adequately addressed.

Your Committees have amended this measure by:

- (1) Deleting language that required entities having a covered educational program or activity to designate a Title IX coordinator, publicize the Title IX coordinator's name and contact information, and adopt a written policy for addressing complaints brought pursuant to Chapter 368D, Hawaii Revised Statutes;
- (2) Deleting a provision that required federal law to prevail if any conflict arose between federal Title IX requirements and any state law requirements;
- (3) Deleting the definitions of "educational program or activity that receives state financial assistance" and "state educational program or activity";

- (4) Specifying that “covered educational program or activity” means the University of Hawaii, Department of Education, or public charter schools, or any educational program or activity that receives state financial assistance, in any amount, for any purpose, irrespective of the receipt of federal funds;
- (5) Requiring covered educational programs and activities to be in compliance with Chapter 368D, Hawaii Revised Statutes, during the school year when state funds are received or expended;
- (6) Specifying that the entities that are required to submit annual reports to the Legislature are the University of Hawaii, Department of Education, and State Public Charter School Commission and that all public charter schools shall submit certain required information to the Commission by August 1 of each year;
- (7) Replacing certain references to “public charter school” or “public charter schools” with “State Public Charter School Commission”;
- (8) Amending section 1 to reflect the measure’s amended purpose; and
- (9) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 1775, H.D. 2, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 1775, H.D. 2, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Kidani).

Judiciary: Ayes, 7. Noes, none. Excused, none.

SCRep. 3962 Ways and Means on H.B. No. 1992

The purpose and intent of this measure is to authorize and encourage the production of local compost and the diversion of certain materials from the State’s waste streams.

More specifically, the measure:

- (1) Authorizes composting and co-composting operations in agricultural districts, under certain conditions; and
- (2) Establishes and appropriates moneys for an environmental health specialist IV position in the Solid and Hazardous Waste Branch of the Department of Health.

Your Committee received written comments in support of this measure from the Hawaii County Department of Environmental Management; Maui County Department of Environmental Management; County of Kauai; Climate Protectors Hawaii; Kauai Women’s Caucus; 350Hawaii; Environmental Caucus of the Democratic Party of Hawaii; Life of the Land; Zero Waste Hawaii Island; West Maui Green Cycle, Zero Waste Maui; Hawaii Farm Bureau; Hawaii Alliance for Progressive Action; and nine individuals.

Your Committee received written comments on this measure from the Department of Budget and Finance, Department of Health, and Department of Agriculture.

Your Committee finds that allowing composting and co-composting operations in agricultural districts will benefit the State by helping to reduce landfill waste, increase composting, address climate change, and support regenerative agriculture.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2051, to facilitate further discussion on the measure; and
- (2) Making technical nonsubstantive changes for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1992, H.D. 3, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1992, H.D. 3, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3963 Ways and Means on H.B. No. 2024

The purpose and intent of this measure is to establish an entity to oversee state-managed lands above the nine thousand two hundred foot elevation line on Mauna Kea.

Specifically, this measure:

- (1) Establishes the Mauna Kea Stewardship and Oversight Authority (Authority);
- (2) Establishes the composition and powers of the Authority;
- (3) Provides for a transition period for the Authority to assume management of Mauna Kea lands;
- (4) Requires the Authority to develop a framework for astronomy development on Mauna Kea that may include limitations on the number of astronomy facilities or an astronomy facility footprint limitation;
- (5) Authorizes the Authority to limit commercial use and activities of Mauna Kea lands to astronomy use and activities;
- (6) Specifies requirements and restrictions for leases issued by the Authority;

- (7) Requires the Auditor to conduct a performance and financial audit of the Mauna Kea stewardship and oversight authority; and
- (8) Appropriates moneys to establish the Authority.

Your Committee received written comments in support of this measure from the members of the Mauna Kea Working Group, 'Ahahui o na Kauka - Association of Native Hawaiian Physicians, and two individuals.

Your Committee received written comments in opposition to this measure from the University of Hawaii, Office of Hawaiian Affairs, Department of Land and Natural Resources, Center for Hawaiian Sovereignty Studies, Mauna Kea Hui, Kona-Kohala Chamber of Commerce, Hawaii Business Roundtable, Hawaii Island Economic Development Board, and numerous individuals.

Your Committee received written comments on this measure from the Office of the Auditor; Department of Budget and Finance; Maunakea Observatories; Association of Hawaiian Civic Clubs - Moku o Keawe, Hawaii Council; Kamehameha Schools; Council for Native Hawaiian Advancement; and one individual.

Your Committee finds that separating the management of Mauna Kea between the University of Hawaii and a newly created entity creates a management structure that balances the diverse interests of the community and stakeholders regarding conservation, protection, and the regulation of current and future uses of Mauna Kea.

Your Committee has amended this measure by:

- (1) Amending section -1 to define the terms "astronomy research lands", "Mauna Kea conservation lands", and "state lease" and delete the definition of "land";
- (2) Establishing joint authority between the Authority and the University of Hawaii to effectuate the obligations and duties under the state lease;
- (3) Requiring the University of Hawaii to sublease the lands comprising the Mauna Kea conservation lands to the Authority within a period not exceeding one year from the formation and operation of the Authority;
- (4) Limiting members of the Authority to three partial or full terms;
- (5) Inserting provisions regarding the use of personnel and the establishment of the Authority's offices;
- (6) Defining the Authority's purview, responsibilities, and duties to encompass lands under the Mauna Kea conservation area to include:
 - (A) A requirement for the Authority to be financially self-sustaining after the fourth year following the transitional period; and
 - (B) Establishment of a process that provides and ensures transparency, analysis, and justification for lease terms and monetary consideration that is equitable, feasible, and financially sustainable;
- (7) Defining the University of Hawaii's role as manager and caretaker of astronomy research lands to include:
 - (A) Authorization to develop a framework that may limit the number of observatories and astronomy-related facilities;
 - (B) Authorization to establish a set of principles for returning the astronomy research lands to their natural state upon the loss of academic or research value of ground-based observatories;
 - (C) Requiring the University of Hawaii to:
 - (i) Continue preparations for the completion of the Mauna Kea Master Plan and Comprehensive Management Plan for astronomy research lands and Mauna Kea conservation lands; and
 - (ii) Prepare and apply for a renewal of the state lease for both the University of Hawaii and the Authority;
 - (D) Authorization to enter into cooperative agreements, easements, subleases, or other contracts with the Authority, any state agency, any county agency, and any private owner of lands within the jurisdictional boundaries of the astronomy research lands; and
 - (E) Commencement and completion of the timely decommissioning of certain telescopes;
- (8) Declaring that astronomy is a policy of the State;
- (9) Clarifying that the Authority's guiding values shall perpetuate native Hawaiian traditional and customary practices;
- (10) Requiring the submission of separate annual reports from the Authority and the University of Hawaii;
- (11) Deleting the Authority's authorization to establish an appropriate entryway to Mauna Kea and specifications to the University of Hawaii's minimum viewing time at the telescopes;
- (12) Requiring the sublease between the University of Hawaii and the Authority to contain specific provisions regarding any sub-lease issued by the Authority;
- (13) Deleting proposed sections related to general lease restrictions and planning;
- (14) Requiring the University of Hawaii to negotiate a \$1 per year lease with the Authority for the purposes of establishing the Authority's office, pursuant to section -2(g);
- (15) Amending section 76-16(b), Hawaii Revised Statutes, to exempt positions under the Authority from civil service requirements;

- (16) Making conforming amendments to section 1 to reflect the amended purpose of the measure;
- (17) Changing the appropriation for Authority startup costs from \$12,000,000 to \$14,000,000;
- (18) Inserting other necessary provisions to effectuate the enactment of this measure and to comport with other legal requirements; and
- (19) Making technical nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2024, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2024, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3964 Ways and Means on H.B. No. 2108

The purpose and intent of this measure is to establish a program for the licensure, regulation, and oversight of digital currency companies.

Your Committee received written comments in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Technology Development Corporation, Cloud Nalu, and five individuals.

Your Committee received written comments in opposition to this measure from one individual.

Your Committee received written comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that, although digital currency has grown in popularity and acceptance worldwide, there is little regulation of the industry in the United States, with a few states treating digital currency activities as within the scope of their money transmitter laws. Your Committee also finds that a study conducted by the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation determined that digital currency transactions are not best regulated through existing money transmitter laws and that a new regulatory framework is appropriate.

Your Committee has amended this measure by:

- (1) Clarifying the requirements and parameters of the anti-money laundering program to facilitate compliance with the federal Anti-Money Laundering Act of 2020 and any future regulations that may be promulgated by the United States Department of the Treasury's Financial Crimes Enforcement Network;
- (2) Clarifying the requirements of the cybersecurity program to incorporate cybersecurity-related principles from the Federal Financial Institutions Examination Council and National Institute of Standards and Technology Cybersecurity Framework; and
- (3) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2108, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2108, H.D. 1, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3965 (Joint) Ways and Means and Judiciary on H.B. No. 2171

The purpose and intent of this measure is to increase the efficiency and effectiveness of state public safety functions.

Specifically, this measure:

- (1) Establishes a Department of Law Enforcement to consolidate and administer criminal law enforcement and investigative functions;
- (2) Transfers into the Department of Law Enforcement the law enforcement functions of the Department of Public Safety, Department of Transportation, the Office of Homeland Security, and the non-statutorily mandated functions of the Department of the Attorney General;
- (3) Reestablishes the Department of Public Safety as an independent Department of Corrections and Rehabilitation to administer the corrections, rehabilitation, and reentry of the inmate population; and
- (4) Establishes positions and appropriates moneys to the Department of Law Enforcement and Department of Corrections and Rehabilitation.

Your Committees received written comments in support of this measure from the Hawaii High Intensity Drug Trafficking Area, Department of Accounting and General Services, Department of the Attorney General, Department of Defense, Department of Hawaiian Home Lands, Department of Public Safety, Hawaii Paroling Authority, Office of Homeland Security, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii Government Employees Association, State of Hawaii Organization of Police Officers, and numerous individuals.

Your Committees received written comments in opposition to this measure from the ACLU of Hawaii and one individual.

Your Committees received written comments on this measure from the Judiciary; Department of Budget and Finance; Office of Information Practices; Civil Beat Law Center for the Public Interest; and United Public Workers, AFSCME Local 646.

Your Committees find that consolidating state law enforcement responsibilities into a single state department will improve public safety, enhance decision making, promote accountability, streamline communication, decrease costs, reduce duplication of efforts, provide uniform training and standards, and promote uniform standards of law enforcement services.

Your Committees acknowledge the importance of addressing the existing shortage of law enforcement officers and correctional officers. Your Committees believe that the success of this measure will depend on the successful recruitment and retention of qualified personnel for both the Department of Law Enforcement and Department of Corrections and Rehabilitation.

Your Committees have amended this measure by:

- (1) Amending the contents of the report required upon the death of an inmate or correctional facility employee by:
 - (A) Removing the requirement that the report include the name of the decedent; and
 - (B) Authorizing the Director of Corrections and Rehabilitation to disclose the decedent's name and other information that is not statutorily required to be disclosed; provided that the Director does not disclose information protected from disclosure by state or federal law;
- (2) Including among the Director of Law Enforcement's statutory duties the deployment of adequate resources and coordination with county police departments to protect the health and safety of homestead communities on Hawaiian home lands;
- (3) Clarifying that provisions of law that give law enforcement authority to state law enforcement officers does not diminish the authority or responsibility of county police officers to enforce laws or maintain public safety on state lands, in state buildings, or in their respective counties;
- (4) Correcting the text of sections 76-16(b) and 26-52, Hawaii Revised Statutes, to reflect the printed version of the Hawaii Revised Statutes;
- (5) Making additional conforming amendments to various sections of the Hawaii Revised Statutes;
- (6) Appropriating \$4,121,309 to the Department of Law Enforcement for the establishment, hiring, and filling of employment positions and for operation costs;
- (7) Appropriating \$1,000,000 to the Department of Corrections and Rehabilitation for the planning and design of a multi-purpose training and staff development and administrative support facility;
- (8) Appropriating \$1,000,000 to the Department of Law Enforcement for the planning and design of a complex for the Department to consolidate and support headquarters and administrative services, training, and related services and facilities;
- (9) Appropriating \$1,600,000 to the Department of Law Enforcement to fund pay increases for deputy sheriffs; and
- (10) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2171, H.D. 2, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2171, H.D. 2, S.D. 1.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 11. Noes, none. Excused, none.

Judiciary: Ayes, 7; Ayes with Reservations (Acasio). Noes, none. Excused, none.

SCRep. 3966 (Joint) Ways and Means and Judiciary on H.B. No. 2424

The purpose and intent of this measure is to strengthen the State's oversight of children who were previously in the foster care system and were subsequently adopted.

More specifically, the measure:

- (1) Expands the investigative powers of the Department of Human Services to include the review and investigation of families that receive benefits from the State's adoption assistance program and against whom a complaint has been lodged;
- (2) Appropriates moneys to hire additional case workers and support staff; and
- (3) Appropriates moneys to increase compensation to fill vacancies and retain employees in existing Child Welfare Services Branch case worker positions; provided that any increase in compensation shall be subject to collective bargaining with the objective of expeditiously filling all vacancies.

Your Committees received written comments in support of this measure from the Waimanalo Neighborhood Board, CountryTalkStory.com, and fourteen individuals.

Your Committees received written comments in opposition to this measure from the Hawaii Family Advocacy Team.

Your Committees received written comments on this measure from the Department of Human Services, Department of the Attorney General, and Department of Budget and Finance.

Your Committees find that the expanded oversight authority provided to the Department of Human Services by this measure will help to ensure a greater degree of safety for children formerly in the foster care system who have been permanently placed with adoptive families.

Your Committees have amended this measure by:

- (1) Clarifying that the authority of the Department of Human Services to review or investigate families receiving benefits from the State's adoption assistance program against whom a complaint has been made is limited to post-adoption complaints, and deleting language that made these families subject to review or investigation at any time;
- (2) Changing the subject matter of the report required to be submitted by the Department of Human Services to address the impact of expanding post-permanency services to families receiving benefits from the adoption assistance program, rather than the impact of expanding home visits;
- (3) Advancing the report deadline by three years, to no later than twenty days prior to the convening of the 2024 Regular Session;
- (4) Changing the purpose of the first of two appropriations to the Department of Human Services, for the procurement of contracted services to provide additional support, resources, and monitoring of families receiving benefits from the adoption assistance program, rather than for the hiring of additional case workers and support staff;
- (5) Deleting the second appropriation to the Department of Human Services for increased compensation to fill vacancies and retain employees in existing Child Welfare Services Branch case worker positions;
- (6) Amending section 1 to reflect the measure's amended purpose; and
- (7) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Ways and Means and Judiciary that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 2424, H.D. 1, S.D. 1, as amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 2424, H.D. 1, S.D. 2.

Signed by the Chairs on behalf of the Committees.

Ways and Means: Ayes, 10. Noes, none. Excused, 1 (Inouye).

Judiciary: Ayes, 6. Noes, none. Excused, 1 (Acasio).

SCRep. 3967 Ways and Means on H.B. No. 1809

The purpose and intent of this measure is to establish the renewable fuels production tax credit.

Your Committee received written comments in support of this measure from Pacific Biodiesel Technologies, Hawaii Gas, Par Hawaii, Hawaii Clean Power Alliance, and Biotechnology Innovation Organization.

Your Committee received written comments in opposition to this measure from the Pet Food Institute and one individual.

Your Committee received written comments on this measure from the Department of Taxation, Department of Budget and Finance, Office of Information Practices, Hawaii State Energy Office, Civil Beat Law Center for the Public Interest, Tax Foundation of Hawaii, and one individual.

Your Committee finds that the State should incentivize the production of renewable fuels because production of those fuels provides local jobs, ensures affordable energy and transportation, and provides greater energy security and economic benefits in the energy, agriculture, and other industries.

The United Nations Intergovernmental Panel on Climate Change (IPCC) has concluded that a century of rising emissions, caused primarily by fossil fuels, must end before 2025 to keep global heating under 1.5 degrees Celsius, beyond which severe impacts will increase further, hurting billions of people.

Hawaii is vulnerable to soaring prices and disruption of its energy imports. Hawaii imports fossil fuels originating from foreign countries for nearly ninety percent of its energy and almost one hundred percent of its transportation. The world's geopolitical conflicts threaten the reliable supply of those fossil fuels, causing prices to more than double in the last twelve months. Hawaiian Electric has predicted that the cost of electricity will rise by ten to twenty percent on the islands of Oahu, Maui, and Hawaii. In contrast, Kauai, which has strategically planned and aggressively implemented firm renewable-based energy and renewable fuels that displace imported fossil fuels, predicts that the price of electricity on the island will not increase. The State consists of thirty-three percent asset limited, income constrained, employed (ALICE) residents, and nine percent live below the poverty level. Electricity and transportation costs consume a large percentage of their income. It is critical for Hawaii to ensure affordable energy and transportation and greater energy security by becoming more self-sufficient in its fuel supply by incentivizing locally-based production of renewable fuels to displace imported fossil fuels.

Your Committee has amended this measure by replacing its contents with the contents of S.B. No. 2478, S.D. 2, a substantially similar measure, and further amending the measure by:

- (1) Providing that the annual dollar amount of the renewable fuels production tax credit shall be equal to twenty cents per seventy-six thousand British thermal units of renewable fuels using the lower heating value sold for distribution in Hawaii;
- (2) Providing that the amount of the tax credit claimed by a taxpayer shall not exceed any amount that the Department of Taxation may establish by rule adopted pursuant to Chapter 91, Hawaii Revised Statutes;
- (3) Providing that the total amount of tax credits allowed shall not exceed \$30,000,000 for all eligible taxpayers in any calendar year; and
- (4) Changing the effective date from July 1, 2050, to upon its approval, and applying the tax credit to taxable years beginning after December 31, 2022.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1809, H.D. 3, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1809, H.D. 3, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3968 Ways and Means on H.B. No. 2309

The purpose and intent of this measure is to reduce recidivism rates among formerly incarcerated persons in the State by increasing their access to diversion, reentry, and rehabilitation programs.

More specifically, the measure:

- (1) Appropriates moneys for the development and maintenance of diversion, reentry, and rehabilitation services and programs by non-profit organizations within the State, as they relate to offenders who are:
 - (A) In the Department of Public Safety's custody and control;
 - (B) Under the jurisdiction of the Judiciary; or
 - (C) Under the jurisdiction of the Hawaii Paroling Authority;
- (2) Appropriates moneys for the development and maintenance of diversion, reentry, and rehabilitation services and programs by non-profit organizations within the State to provide services to formerly incarcerated persons exiting jails and prisons, with a special focus on:
 - (A) Housing and human services; and
 - (B) Health; and
- (3) Requires agencies and entities receiving moneys appropriated by this measure to submit reports to the Legislature that include information on the manner in which they have expended funds, and other relevant information.

Your Committee received written comments in support of this measure from the Judiciary; Maui Department of the Prosecuting Attorney; Hawaii Substance Abuse Coalition; Opportunity Youth Action Hui; Community Alliance on Prisons; Hawaii Alliance for Progressive Action; ACLU of Hawaii; Native Hawaiian and Pacific Islander COVID-19 Response, Recovery, and Resilience Team; and four individuals.

Your Committee received written comments on this measure from the Department of Public Safety, Department of Budget and Finance, and Share Your Mana.

Your Committee finds that the appropriations made by this measure to strengthen programs and services for offenders reentering society will help to reduce recidivism rates in the State and increase productivity in affected communities. However, your Committee also finds that a more comprehensive array of pre- and post-release reentry support services, including family support and other necessary assistance, will more effectively support offenders upon their release from incarceration.

Your Committee has accordingly amended this measure by:

- (1) Inserting language from, and based upon, the following measures:
 - (A) Senate Bill No. 2641, S.D. 2, H.D. 1, relating to residential programs that allow minor children to remain with their mothers while the mothers are participating in the programs;
 - (B) Senate Bill No. 3293, S.D. 2, H.D. 2, relating to a five-year recidivism prevention pilot program that consists of three components: a housing voucher program; child care voucher program; and employer income tax credit program; and
 - (C) Senate Bill No. 2373, S.D. 1, H.D. 1, relating to a "project reset" program to assist offenders in securing post-release housing to support their reentry, rehabilitation, and employment;
- (2) Making conforming amendments to section 1 and the various appropriations sections to effectuate the expanded purposes of the measure;
- (3) Changing the effective date to July 1, 2050, to facilitate further discussion on the measure; and
- (4) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 2309, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 2309, H.D. 2, S.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Inouye).

SCRep. 3969 Judiciary on Jud. Com. No. 23

Recommending that the Senate consent to the appointment of the following:

DISTRICT COURT OF THE FIRST CIRCUIT

J.C. No. 23 SHELLIE K. PARK-HOAPILI, for a term to expire in 6 years

Your Committee reviewed the personal history, resume, and statement submitted by Shellie K. Park-Hoapili for service as a Judge of the District Court of the First Circuit.

Your Committee received testimony in support of the appointment of Shellie K. Park-Hoapili from Ota & Hara, LLLC; Case Lombardi & Pettit; Olson & Sons; Representative Jerry L. Chang-retired; and forty-four individuals. Your Committee received comments on the appointment of Shellie K. Park-Hoapili from the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors found the appointee to be qualified for the position of District Court Judge of the First Circuit based on established criteria for determining the qualifications of judicial appointments generally using the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Specifically, the Board uses the following criteria in its deliberations: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and ability to perform the responsibilities and duties required of the position for which the applicant has been appointed. The Board's rating system includes the categories of "qualified" and "not qualified".

Ms. Park-Hoapili received her Bachelor of Arts degree in Political Science from the University of Hawai'i at Mānoa. She later received her Juris Doctor degree from the William S. Richardson School of Law at the University of Hawai'i at Mānoa, during which time she worked as a judicial extern at the Hawai'i Supreme Court and contributed to publications in the University of Hawai'i Law Review and Asian-Pacific Law and Policy Journal.

After law school, Ms. Park-Hoapili worked as a law clerk for Alston, Hunt, Floyd, & Ing; the Hawai'i Civil Rights Commission; and finally for Justice Nakayama of the Hawai'i Supreme Court. She subsequently worked as an associate attorney at Alston, Hunt, Floyd, & Ing, where her practice included a wide variety of civil litigation and complex legal issues.

Beginning in 2012, Ms. Park-Hoapili served as a Staff Attorney for the Hawai'i Supreme Court, where she conducted research and prepared legal analysis and recommendations for the Court. In addition, she prepared statewide and circuit-specific orders in response to the coronavirus disease 2019 pandemic, including operational orders, rule suspension or temporary modification orders, and entry restriction orders. In 2021, she became the Court Staff Attorney for the Hawai'i Supreme Court and her responsibilities expanded to include providing legal advice to Justices and to the Court, as well as supervising other staff attorneys, and other administrative and specialized legal duties.

Ms. Park-Hoapili has been licensed to practice law in the State of Hawaii since 2003, and has been active in the legal community throughout her career. She has served on the Board of Bar Examiners of the Hawai'i Supreme Court since 2013, and has been a Director of the Hawaii Women's Legal Foundation during the same period. She was named a Hawaii State Bar Association Leadership Institute Fellow in 2011 and was selected to be a delegate for the Annual United States District Court Judicial Conference in 2012.

Testimony submitted in support of Ms. Park-Hoapili's appointment commends her extensive legal expertise and experience with complex issues of law, as well as her fluency in many aspects of litigation. Testimony additionally demonstrates that she is highly respected throughout the legal community and has earned a reputation for fairness and integrity. Numerous testifiers also praised her professional temperament and dedication to the ethical pursuit of justice.

Your Committee finds that, based on the testimony submitted on her behalf, responses to questions asked by the members of your Committee, and your Committee's review of information about her and her qualifications, Shellie K. Park-Hoapili has the experience, dedication, and other competencies to be a District Court Judge of the First Circuit, and she has the legal expertise, integrity, and demeanor to fully and faithfully discharge the duties associated with that judicial office.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3970 Judiciary on Jud. Com. No. 24

Recommending that the Senate consent to the appointment of the following:

DISTRICT FAMILY COURT OF THE FIRST CIRCUIT

J.C. No. 24 NATASHA R. SHAW, for a term to expire in 6 years

Your Committee reviewed the personal history, resume, and statement submitted by Natasha R. Shaw for service as a Judge of the District Family Court of the First Circuit.

Your Committee received testimony in support of the appointment of Natasha R. Shaw from the Korean American Bar Association Hawaii; Taniguchi & Associates; Yee & Kawashima, LLLP; Honorable Maura Okamoto-retired; and forty-three individuals. Your Committee received testimony in opposition to the appointment of Natasha R. Shaw from one individual. Your Committee received comments on the appointment of Natasha R. Shaw from the Hawaii State Bar Association.

The Hawaii State Bar Association Board of Directors found the appointee to be qualified for the position of District Family Court Judge of the First Circuit based on established criteria for determining the qualifications of judicial appointments generally using the American Bar Association Guidelines for Reviewing Qualifications of Candidates for State Judicial Office. Specifically, the Board uses the following criteria in its deliberations: integrity and diligence, legal knowledge and ability, professional experience, judicial temperament, financial responsibility, public service, health, and ability to perform the responsibilities and duties required of the position for which the applicant has been appointed. The Board's rating system includes the categories of "qualified" and "not qualified".

Judge Shaw received her Bachelor of Science degree in Business Administration in Accounting from the University of Nevada Las Vegas. She later received her Master of Business Administration from Stetson University School of Business concurrently with her Juris Doctor degree from Stetson University College of Law. After law school, she was a law clerk for the Hawai'i State Judiciary.

Judge Shaw has practiced law, primarily in the areas of probate, trust, and real estate, since 2010. Her practice focused on the areas of probate and trust litigation, conservatorships and guardianships litigation, forensic audits of fiduciary accounts, estate administration, and drafting estate planning documents. Throughout her career, she has handled numerous cases involving complex fact patterns and issues of law.

Judge Shaw has served as a Per Diem Judge for the District Family Court of the First Circuit since 2019. She has also served as Kokua Kanawai for two Probate Court Judges, in which capacity her duties included interviewing individuals to determine the need for a conservatorship or guardianship, who is best suited to serve as a conservator or guardian in a given case, whether a protected person's living arrangements are sufficient for their personal and medical needs, whether a proposed budget is sufficient for those needs, and making determinations of any other facts or conditions that must be addressed to further the best interests of the protected person.

Judge Shaw has been licensed to practice law in the State of Hawaii since 2010 and has been actively involved in the legal community throughout her career. She has been a member of the Korean American Bar Association Hawaii since 2010, and a member of the National Asian Pacific American Bar Association since 2016. In addition, she volunteers as a Wish Granter for Make a Wish Hawaii and as a Speech and Debate Club judge at 'Iolani School.

Testimony submitted in support of Judge Shaw's appointment commends her professional demeanor, outstanding analytical ability, and dedication to integrity and honesty. Numerous testifiers also praised the thorough and meticulous preparation that she brings to all matters before her, both as an advocate and as a jurist. During her time as a Per Diem Judge, she has earned a reputation for consistency, legal expertise, and the ability to maintain and project compassionate professionalism in delicate circumstances and when interacting with emotionally charged parties.

Your Committee finds that, based on the testimony submitted on her behalf, responses to questions asked by the members of your Committee, and your Committee's review of information about her and her qualifications, Natasha R. Shaw has the experience, dedication, and other competencies to be a District Family Court Judge of the First Circuit, and she has the legal expertise, integrity, and demeanor to fully and faithfully discharge the duties associated with that judicial office.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the appointee, has found the appointee to be qualified for the position to which appointed and recommends that the Senate consent to the appointment.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 3971 Water and Land on Gov. Msg. Nos. 717, 718, 719, 720, 721, 722, 723, and 724

Recommending that the Senate advise and consent to the nominations of the following:

AHA MOKU ADVISORY COMMITTEE

- G.M. No. 717 KEITH ROBINSON, for a term to expire 06-30-2024;
- G.M. No. 718 WALTER RAWLINS, for a term to expire 06-30-2024;
- G.M. No. 719 ROBERT LUUWAI, for a term to expire 06-30-2024;
- G.M. No. 720 MANUEL KULOLOIO, for a term to expire 06-30-2024;
- G.M. No. 721 FRANCES KALUHIWA, for a term to expire 06-30-2024;
- G.M. No. 722 CHARLES YOUNG, for a term to expire 06-30-2024;
- G.M. No. 723 LLEWELLYN KAOHELALUII, for a term to expire 06-30-2024; and
- G.M. No. 724 WINIFRED BASQUES, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Keith Robinson, Walter Rawlins, Robert Luuwai, Manuel Kuloloio, Frances Kaluhiwa, Charles Young, Llewellyn Kaohelaulii, and Winifred Basques for service on the Aha Moku Advisory Committee.

KEITH ROBINSON

Your Committee received testimony in support of the nomination for the appointment of Keith Robinson from the Hawaii State Aha Moku, Ko'olaupoko Hawaiian Civic Club, Ko'olau Foundation, and one individual.

Upon review of the testimony, your Committee finds that Mr. Robinson's knowledge, experience, and desire to serve qualify him to be appointed to the Aha Moku Advisory Committee as a representative of Niihau. Mr. Robinson has been a life-long resident of Kauai and environmentalist, serving as owner and operator of an endangered wildlife species reserve on Kauai. Mr. Robinson's family has privately owned the island of Niihau since the late nineteenth century, and his family continues to preserve indigenous ways of life, traditions, and customary practices. Your Committee further finds that Mr. Robinson understands the role and responsibilities of board members and his knowledge of endangered native plants of Hawaii and the Native Hawaiian community of Niihau will enhance the effectiveness of the Aha Moku Advisory Committee for matters regarding Niihau. Your Committee therefore recommends that Keith Robinson be appointed to the Aha Moku Advisory Committee based on his background, experience, and desire to serve the public.

WALTER RAWLINS

Your Committee received testimony in support of the nomination for the appointment of Walter Rawlins from the Hawaii State Aha Moku and Ko'olaupoko Hawaiian Civic Club.

Upon review of the testimony, your Committee finds that Mr. Rawlins' knowledge, experience, and desire to serve qualify him to be appointed to the Aha Moku Advisory Committee as a representative of Molokai. Mr. Rawlins is a life-long resident of Molokai and is a descendant of one of Molokai's generational families who possess knowledge of the natural and cultural resources of Molokai, including the traditional uses of land, water, and ocean resources. Mr. Rawlins presently serves on the Kupuna Council of Molokai as a representative of one of Molokai's five Moku. Your Committee further finds that Mr. Rawlins understands the role and responsibilities of board members and his knowledge of Molokai's traditional and cultural resources, lands, and waters will enhance the effectiveness of the Aha Moku Advisory Committee for matters regarding Molokai. Your Committee therefore recommends that Walter Rawlins be appointed to the Aha Moku Advisory Committee based on his background, experience, and desire to serve the public.

ROBERT LUUWAI

Your Committee received testimony in support of the nomination for the appointment of Robert Luuwai from the Hawaii State Aha Moku, Ko'olaupoko Hawaiian Civic Club, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Luuwai's knowledge, experience, and desire to serve qualify him to be appointed to the Aha Moku Advisory Committee as a representative of Maui. Mr. Luuwai is a life-long resident of Maui and possesses generational knowledge of Maui's twelve Moku passed down from his father. Mr. Luuwai is a fisher, and understands the significance of cultural and natural resources of Maui as it pertains to water and currents. Your Committee further finds that Mr. Luuwai understands the role and responsibilities of board members and his generational knowledge of the cultural and natural resources of Maui's twelve Moku will enhance the effectiveness of the Aha Moku Advisory Committee for matters regarding Maui. Your Committee therefore recommends that Robert Luuwai be appointed to the Aha Moku Advisory Committee based on his background, experience, and desire to serve the public.

MANUEL KULOLOIO

Your Committee received testimony in support of the nomination for the appointment of Manuel Kuloloio from the Hawaii State Aha Moku, Ko'olaupoko Hawaiian Civic Club, Ko'olau Foundation, and one individual.

Upon review of the testimony, your Committee finds that Mr. Kuloloio's knowledge, experience, and desire to serve qualify him to be appointed to the Aha Moku Advisory Committee as a representative of Kahoolawe. Mr. Kuloloio was born and raised on Maui, and he possesses generational knowledge of Kahoolawe's currents and landmarks from his kupuna. Mr. Kuloloio's great-grandfather, Awaloa, is credited with giving Kahoolawe its place names, and his great-grandfather's knowledge continues to guide Mr. Kuloloio's knowledge of the natural and cultural resources of Kahoolawe. Your Committee further finds that Mr. Kuloloio understands the role and responsibilities of board members and his generational knowledge of the cultural and natural resources of Kahoolawe's Moku, landmarks, and currents will enhance the effectiveness of the Aha Moku Advisory Committee for matters regarding Kahoolawe. Your Committee therefore recommends that Manuel Kuloloio be appointed to the Aha Moku Advisory Committee based on his background, experience, and desire to serve the public.

FRANCES KALUHIWA

Your Committee received testimony in support of the nomination for the reappointment of Frances Kaluhiwa from the Hawaii State Aha Moku, He'eia National Estuarine Research Reserve, Ko'olau Foundation, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Kaluhiwa's knowledge, experience, and desire to serve qualify her to be appointed to the Aha Moku Advisory Committee as a representative of Oahu. Ms. Kaluhiwa is a life-long resident of Oahu, and she currently serves as the State Chairperson of Hawaii State Aha Moku. Ms. Kaluhiwa has been an active resident of Hee'ia, Oahu, and she served as a community advocate for numerous community groups representing Hee'ia. Your Committee further finds that Ms. Kaluhiwa understands the role and responsibilities of board members and her institutional knowledge of Hawaii State Aha Moku as representative for Oahu and knowledge of natural and cultural resources will continue to be assets to the Aha Moku Advisory Committee. Your Committee therefore recommends that Frances Kaluhiwa be reappointed to the Aha Moku Advisory Committee based on her background, experience, and desire to serve the public.

CHARLES YOUNG

Your Committee received testimony in support of the nomination for the appointment of Charles Young from the Hawaii State Aha Moku, Ko'olaupoko Hawaiian Civic Club, and Hui Maka'āinana O Makana.

Upon review of the testimony, your Committee finds that Mr. Young's knowledge, experience, and desire to serve qualify him to be appointed to the Aha Moku Advisory Committee as a representative of Hawaii Island. Mr. Young was born on Hawaii Island and serves as a community advocate for Native Hawaiian issues on Hawaii Island. He was a plaintiff for *Ka Pa'akai O Ka 'Āina in Ka Pa'akai O Ka 'Āina v. Land Use Commission*, 94 Haw. 31 (2000), a landmark decision issued by the Hawaii Supreme Court that affirmed the State's responsibility to "preserve and protect" native Hawaiian rights to the extent feasible." Your Committee further finds that Mr. Young understands the role and responsibilities of board members, and his knowledge of community-based resource management will be an asset to the Aha Moku Advisory Committee. Your Committee therefore recommends that Charles Young be appointed to the Aha Moku Advisory Committee based on his background, experience, and desire to serve the public.

LLEWELLYN KAOHELALUII

Your Committee received testimony in support of the nomination for the reappointment of Llewellyn Kaohelaluii from the Hawaii State Aha Moku, Hui Maka'āinana O Makana, Ko'olaupoko Hawaiian Civic Club, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Kaohelaluii's knowledge, experience, and desire to serve qualify him to be appointed to the Aha Moku Advisory Committee as a representative of Kauai. Mr. Kaohelaluii is a life-long resident of Poipu, Kauai, and he is the po'o (director) of Hui Malama O Kaniolouma Kahua. He is an expert in loko ia (Hawaiian fishponds) and understands the intricate process of building and maintaining a successful, working kahua (native Hawaiian traditional village under

the ahupuaa system). Your Committee further finds that Mr. Kaohelaulii understands the role and responsibilities of board members, and as an original author of the Aha Moku legislation (Act 288, Session Laws of Hawaii 2012) and member of Aha Moku, his knowledge will continue to be assets to the Aha Moku Advisory Committee. Your Committee therefore recommends that Llewellyn Kaohelaulii be reappointed to the Aha Moku Advisory Committee based on his background, experience, and desire to serve the public.

WINIFRED BASQUES

Your Committee received testimony in support of the nomination for the reappointment of Winifred Basques from the Hawaii State Aha Moku, Ko'olaupoko Hawaiian Civic Club, and Ko'olau Foundation.

Upon review of the testimony, your Committee finds that Ms. Basques' knowledge, experience, and desire to serve qualify her to be appointed to the Aha Moku Advisory Committee as a representative of Lanai. Ms. Basques is a long-term resident of Lanai, and she possesses significant natural and cultural knowledge from the people and generational families of Lanai. She is also a life-long hunter, and possesses knowledge of traditional fishing practices and preservation of natural and cultural resources. Ms. Basques has been an active member of Aha Moku since its inception. Your Committee further finds that Ms. Basques understands the role and responsibilities of board members, and her wealth of knowledge will continue to be an asset to the Aha Moku Advisory Committee. Your Committee therefore recommends that Winifred Basques be reappointed to the Aha Moku Advisory Committee based on her background, experience, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3972 Water and Land on Gov. Msg. No. 776

Recommending that the Senate advise and consent to the nomination of the following:

LEGACY LAND CONSERVATION COMMISSION

G.M. No. 776 KANOE WILSON, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Kanoe Wilson for service on the Legacy Land Conservation Commission.

Your Committee received testimony in support of the nomination for the reappointment of Kanoe Wilson from the Department of Land and Natural Resources and one individual.

Upon review of the testimony, your Committee finds that Ms. Wilson's experience, background, and commitment to public service qualify her for reappointment to the Legacy Land Conservation Commission as a member with knowledge of native Hawaiian culture, pursuant to section 173A-2.4, Hawaii Revised Statutes. Your Committee notes that Ms. Wilson has served in the field of education for over twenty years, and she is currently Senior Project Manager for Kealaiwikuamoo, Kamehameha Schools. Ms. Wilson has also actively served on numerous community and professional organizations, including the Native Hawaiian Education Summit Facilitation Team for Kamehameha Schools, Hawaii Environmental Educators Alliance, Hanakahi Native Hawaiian Council, and Pukoo Native Hawaiian Council. Your Committee further finds that Ms. Wilson has served on the Legacy Land Conservation Commission since 2012, and Ms. Wilson's experience and knowledge in native Hawaiian culture will continue to be assets to the Legacy Land Conservation Commission. Your Committee therefore recommends that Kanoe Wilson be reappointed to the Legacy Land Conservation Commission based on her background, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3973 Water and Land on Gov. Msg. No. 775

Recommending that the Senate advise and consent to the nomination of the following:

KANE'OHE BAY REGIONAL COUNCIL

G.M. No. 775 ELENA BRYANT, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Elena Bryant for service on the Kane'ohe Bay Regional Council.

Your Committee received testimony in support of the nomination for the appointment of Elena Bryant from the Department of Land and Natural Resources, Ko'olaupoko Hawaiian Civic Club, two members of the Kaneohe Neighborhood Board, and one individual.

Upon review of the testimony, your Committee finds that Ms. Bryant's experience, knowledge, legal expertise and membership on the Kaneohe Neighborhood Board qualify her for appointment to the Kaneohe Bay Regional Council as a member who is a member of the Kaneohe Neighborhood Board, pursuant to section 200D-2, Hawaii Revised Statutes. Your Committee notes that Ms. Bryant is currently an Associate Attorney for Earthjustice, an organization that focuses on Native Hawaiian and environmental legal issues before the courts in Hawaii. Ms. Bryant has been an active member of her community, serving on the Kaneohe Neighborhood Board since 2019, and as a member of the Board's Environmental Committee as chairperson and the Planning Committee as co-chairperson. Your Committee further finds that Ms. Bryant's experience in the Kaneohe community and background in legal matters related to the

environment and Native Hawaiian rights will be assets to the Kaneohe Bay Regional Council. Your Committee therefore recommends that Elena Bryant be appointed to the Kaneohe Bay Regional Council based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3974 Water and Land on Gov. Msg. No. 798

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON WATER RESOURCE MANAGEMENT

G.M. No. 798 WAYNE KATAYAMA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Wayne Katayama for service on the Commission on Water Resource Management.

Your Committee received testimony in support of the nomination for the reappointment of Wayne Katayama from the Department of Land and Natural Resources; Agribusiness Development Corporation; Office of the Mayor of the County of Kaua'i; one member of the Kaua'i County Council; Department of Planning of the County of Kaua'i; Kaua'i Chamber; Hawaii Farm Bureau; W.T. Haraguchi Farm, Inc.; Hawai'i Pacific Health; Wilcox Medical Center; Larry Jeffs Farms, LLC; Kaua'i County Farm Bureau; Ponoholo Ranch Limited; Hawaii Cattlemen's Council, Inc.; and eighteen individuals.

Upon review of the testimony, your Committee finds that Mr. Katayama's knowledge, background, and proven leadership on the Commission on Water Resource Management qualify him for reappointment to the Commission, pursuant to section 174C-7, Hawaii Revised Statutes. Your Committee notes that Mr. Katayama has over forty years of leadership and experience in agriculture, including agribusiness, related to water resources and management, and previously served as President and General Manager of Kauai Coffee Company Inc. Mr. Katayama has also actively served as a member of a number of professional and community organizations, including as a board member of the Agribusiness Development Corporation, University of Hawaii College of Tropical Agriculture and Human Resources Advisory Committee, Mayor of Kauai's Agriculture Advisory Committee, Hawaii Coffee Growers Association, and Hawaii Farm Bureau. Your Committee further finds that Mr. Katayama has served on the Commission on Water Resource Management since 2019. Mr. Katayama's experience and knowledge, especially pertaining to agriculture, agribusiness, and Kauai, will continue to be assets to the Commission on Water Resource Management. Your Committee therefore recommends that Wayne Katayama be reappointed to the Commission on Water Resource Management based on his background, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3975 Water and Land on Gov. Msg. Nos. 690 and 701

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII HISTORIC PLACES REVIEW BOARD

G.M. No. 690 NICHOLAS BELLUZZO, for a term to expire 06-30-2025; and

G.M. No. 701 WILLIAM CHAPMAN, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Nicholas Belluzzo and William Chapman for service on the Hawaii Historic Places Review Board.

NICHOLAS BELLUZZO

Your Committee received testimony in support of the nomination for the appointment of Nicholas Belluzzo from the Department of Land and Natural Resources and nine individuals.

Upon review of the testimony, your Committee finds that Mr. Belluzzo's experience, knowledge, and expertise in archaeology qualify him for appointment to the Hawaii Historic Places Review Board as a member with a background in archaeology, pursuant to section 6E-5.5, Hawaii Revised Statutes. Mr. Belluzzo currently serves as the Principal Archaeologist and Director of ASM Affiliates. Your Committee notes that Mr. Belluzzo has also served as a geographic information systems (GIS) specialist for the Department of Land and Natural Resources State Historic Preservation Division and for the International Archaeological Research Institute, Inc. Presently, Mr. Belluzzo is a doctoral candidate in anthropology, and he has served in a number of professional and academic organizations. Previously, Mr. Belluzzo served as a technical advisor to the Oahu Greenprint and Hawaii Board of Geographic Names. Your Committee further finds that Mr. Belluzzo's specific knowledge on archaeology utilizing GIS will be an asset to the Hawaii Historic Places Review Board to preserve Hawaii's historic identity for future generations. Your Committee therefore recommends that Nicholas Belluzzo be appointed to the Hawaii Historic Places Review Board based on his experience, knowledge, and commitment to public service.

WILLIAM CHAPMAN

Your Committee received testimony in support of the nomination for the reappointment of William Chapman from the Department of Land and Natural Resources.

Upon review of the testimony, your Committee finds that Dr. Chapman's experience, knowledge, and expertise in anthropology and architecture qualify him for reappointment to the Hawaii Historic Places Review Board as a professionally qualified member, pursuant to section 6E-5.5, Hawaii Revised Statutes. Your Committee notes that Dr. Chapman holds a doctoral degree in anthropology and currently serves as Interim Dean for the University of Hawaii at Manoa School of Architecture. Dr. Chapman has served in higher education for over thirty years, educating generations of students on the history of architecture, Asian architecture and archaeology, and anthropology. Your Committee additionally finds that Dr. Chapman serves as a board member for the Hawaii Architectural Foundation and Liljestrund Foundation. Your Committee further finds that Dr. Chapman's prior experience on the Hawaii Historic Places Review Board as a member and vice chairperson will continue to be an asset to the Hawaii Historic Places Review Board to preserve Hawaii's historic identity for future generations. Your Committee therefore recommends that William Chapman be appointed to the Hawaii Historic Places Review Board based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3976 Agriculture and Environment on Gov. Msg. Nos. 547, 548, and 549

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF AGRICULTURE

G.M. No. 547 DIANE LEY, for a term to expire 06-30-2026;

G.M. No. 548 FREDERICK COWELL, for a term to expire 06-30-2026; and

G.M. No. 549 JAMES GOMES, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Diane Ley, Frederick Cowell, and James Gomes for service on the Board of Agriculture.

DIANE LEY

Your Committee received testimony in support of the nomination for the reappointment of Diane Ley from Puna Flower Power; Hawaii Tropical Fruit Growers; Ponoholo Ranch Limited; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Hawai'i Forest Industry Association; Island Grown Foods, Inc.; Hawaii Floriculture and Nursery Association; Hawaii Tropical Flower Council; Orchid Growers of Hawaii; Ulupono Initiative; Synergistic Hawaii Agriculture Council; Maui County Farm Bureau; and Hawai'i Institute of Pacific Agriculture.

Upon review of the testimony, your Committee finds that Ms. Ley's experience, knowledge, and leadership in the agriculture community qualify her for reappointment to the Board as a representative of Hawai'i Island. Your Committee notes that Ms. Ley currently serves as a member of the Board of Agriculture representing Hawai'i Island and as Vice President of the Agricultural Leadership Foundation of Hawai'i. Ms. Ley has previously served in several government roles, including as Director and Deputy Director of the Department of Research and Development for the County of Hawai'i and as the State Executive Director for the United State Department of Agriculture Farm Service Agency for Hawaii and the Pacific Basin. Ms. Ley is also an active community member who represented the County of Hawai'i on the State Carbon Farming Task Force and Dark Night Skies Protection Advisory Committee and served as a leader in the Hawaii Rural Development Council and Agricultural Leadership Foundation of Hawaii Alumni Association. Ms. Ley's extensive knowledge of the State's agricultural industry and experience representing the County of Hawai'i regarding a range of agricultural matters will continue to be assets to the Board of Agriculture. Your Committee therefore recommends that Diane Ley be reappointed to the Board of Agriculture based on her background, experience, and dedication to public service.

FREDERICK COWELL

Your Committee received testimony in support of the nomination for the reappointment of Frederick Cowell from Hawai'i Farm Bureau; Kekaha Agriculture Association; Island Grown Foods, Inc.; Hartung Brothers, Inc.; Ulupono Initiative; Maui County Farm Bureau; and three individuals.

Upon review of the testimony, your Committee finds that Mr. Cowell's experience, knowledge, and leadership in the agriculture industry qualify him for reappointment to the Board as a representative of Kauai Island. Your Committee notes that Mr. Cowell currently serves as a member of the Board of Agriculture representing Kauai Island and as a member of community organizations, such as the Kauai Chamber of Commerce, Hawaii Coffee Association, and Kauai Economic Development Board. Mr. Cowell also works as a general manager for the Kauai Coffee Company, LLC, where he has worked to improve the sustainability of coffee farming and expand the Kauai Coffee brand through eCommerce and agrotourism. Mr. Cowell's experience as a current member of the Board of Agriculture and direct knowledge of agricultural commerce on Kauai Island will continue to be assets to the Board of Agriculture. Your Committee therefore recommends that Frederick Cowell be reappointed to the Board of Agriculture based on his experience, knowledge, and commitment to public service.

JAMES GOMES

Your Committee received testimony in support of the nomination for the appointment of James Gomes from McCandless Ranch; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Island Frown Foods, Inc.; Ulupono Initiative; Kapapala Ranch; Maui County Farm Bureau; and ten individuals.

Upon review of the testimony, your Committee finds that Mr. Gomes's experience, knowledge, and leadership in the ranching industry qualify him for appointment to the Board of Agriculture. Your Committee notes that Mr. Gomes currently works as the operations ranch manager at Ulupalakua Ranch, Inc. In addition to his role as operations ranch manager, Mr. Gomes is an active community member. Mr. Gomes has served as President of the Maui Cattlemen's Association and Hawaii Cattlemen's Association. Mr. Gomes has also served in local and state government as chair and vice chair of the Maui Liquor Commission and as a member of the Board of Land and Natural Resources representing Maui Island. Mr. Gomes's experience and knowledge regarding the State's ranching industry will be an asset to the Board of Agriculture. Your Committee therefore recommends that James Gomes be appointed to the Board of Agriculture based on his background, experience, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Acasio, Fevella).

SCRep. 3977 Agriculture and Environment on Gov. Msg. Nos. 550 and 551

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE AGRIBUSINESS DEVELOPMENT CORPORATION

G.M. No. 550 LYLE TABATA, for a term to expire 06-30-2025; and

G.M. No. 551 GLENN HONG, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Lyle Tabata and Glenn Hong for service on the Board of Directors of the Agribusiness Development Corporation.

LYLE TABATA

Your Committee received testimony in support of the nomination for the appointment of Lyle Tabata from the Agribusiness Development Corporation; Kalepa Coalition; Hawai'i Farm Bureau; Kekaha Agriculture Association; Sunrise Capital Inc.; Island Grown Foods, Inc.; Hartung Brothers, Inc.; Maui County Farm Bureau; and four individuals.

Upon review of the testimony, your Committee finds that Mr. Tabata's knowledge and experience in public service and the field of engineering qualify him for appointment to the Board of Directors of the Agribusiness Development Corporation. Your Committee notes that Mr. Tabata has worked as an engineer for over forty years, including for twenty years in agriculture. Mr. Tabata has also worked as an engineer in water and wastewater management for nearly twenty years. Mr. Tabata's engineering expertise has extended into government service, where he has worked as the Deputy County Engineer for the Department of Public Works of the County of Kauai since 2011. Your Committee further finds that Mr. Tabata is an active member of many professional and community organizations, including the Hawaii Water Environment Association, Contractors Association of Kauai, Smart Growth America, and Safe Routes to School National Partnership. Mr. Tabata's expertise in agricultural engineering and dedication to public service and community will be assets to the Board of Directors of the Agribusiness Development Corporation. Your Committee therefore recommends that Lyle Tabata be appointed to the Board of Directors of the Agribusiness Development Corporation based on his experience, knowledge, and commitment to public service.

GLENN HONG

Your Committee received testimony in support of the nomination for the reappointment of Glenn Hong from the Agribusiness Development Corporation; Matson Navigation Company; Larry Jefts Farms, LLC; Hawai'i Farm Bureau; Island Grown Foods, Inc.; Maui County Farm Bureau; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Hong's experience, knowledge, and leadership on the Board of Directors of the Agribusiness Development Corporation qualify him for reappointment to the Board. Your Committee notes that Mr. Hong has been on the Board of Directors of the Agribusiness Development Corporation since 2021. In addition to his current position, Mr. Hong served on the Board of Agriculture from 2012 to 2020. Mr. Hong is also an active community member who served as Chair of the Hawai'i Harbor Users Group, a member of the Hawai'i Business Roundtable, and member of the Harbors 2050 Planning Study. Mr. Hong's experience on the Board of Directors of the Agribusiness Development Corporation and background in community and government service will continue to be assets to the Board of Directors of the Agribusiness Development Corporation. Your Committee therefore recommends that Glenn Hong be reappointed to the Board of Directors of the Agribusiness Development Corporation based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Acasio, Fevella).

SCRep. 3978 Agriculture and Environment on Gov. Msg. Nos. 598, 599, 600, 601, 602, and 603

Recommending that the Senate advise and consent to the nominations of the following:

ENVIRONMENTAL ADVISORY COUNCIL

- G.M. No. 598 MICHELE LEFEBVRE, for a term to expire 06-30-2022;
G.M. No. 599 MICHELE LEFEBVRE, for a term to expire 06-30-2026;
G.M. No. 600 GORDON SCRUTON JR, for a term to expire 06-30-2023;
G.M. No. 601 MOANAOIO BJUR, for a term to expire 06-30-2023;
G.M. No. 602 RACHEL SPRAGUE, for a term to expire 06-30-2022; and
G.M. No. 603 RACHEL SPRAGUE, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Michele Lefebvre, Gordon Scruton Jr., Moanaoio Bjur, and Rachel Sprague for service on the Environmental Advisory Council.

MICHELE LEFEBVRE

Your Committee received testimony in support of the nominations for the appointment and reappointment of Michele Lefebvre from the Office of Planning and Sustainable Development and one individual.

Upon review of the testimony, your Committee finds that Dr. Lefebvre's extensive experience and knowledge regarding environmental assessments and impact statements qualify her for appointment and reappointment to the Environmental Advisory Council. Dr. Lefebvre received her Bachelor of Arts degree in Biology from Boston University in Biology from the University of Utah. She has received training and certification required for the preparation of documents under the National Environmental Policy Act, Hawaii Revised Statutes, and Hawaii Administrative Rules. Dr. Lefebvre has prepared environmental assessments on a number of projects in the State, including the Royal Vistas Development Project in Kailua-Kona, wind energy project in Waikoloa, battery storage project in Honolulu, Kaloko Affordable Housing Project in Kaloko, and the Matsuyama Commercial Center, among others. Dr. Lefebvre is also an active member of the National Association of Environmental Professionals and has served as a lecturer at the University of Hawai'i at Hilo. Dr. Lefebvre's extensive and direct experience in conducting environmental assessments and environmental impact statements in the State will be an asset to the Environmental Advisory Council. Your Committee therefore recommends that Michele Lefebvre be appointed and reappointed to the Environmental Advisory Council based on her experience and knowledge.

GORDON SCRUTON JR.

Your Committee received testimony in support of the nomination for the appointment of Gordon Scruton Jr. from the Office of Planning and Sustainable Development and General Contractors Association of Hawaii.

Upon review of the testimony, your Committee finds that Mr. Scruton's extensive experience in building design and construction qualifies him to be appointed to the Environmental Advisory Council. Your Committee notes that Mr. Scruton has over forty years of experience in the construction industry where he has worked as an operations manager, superintendent, site supervisor, and estimator. Among the projects Mr. Scruton has contributed to are Keauhou Place in Honolulu, which consisted of a forty-three-story condominium high-rise and was developed in conjunction with a Honolulu Authority for Rapid Transportation rail station. Mr. Scruton also worked on a \$24 million exterior for Nordstrom at Ala Moana and a \$256 million expansion of the Ala Moana Shopping Center. Additionally, Mr. Scruton contributed to the development and construction of the Aulani Disney Vacation Club Resort & Spa at Ko Olina. Mr. Scruton's knowledge of the construction industry in Hawaii will be an important asset to the Environmental Advisory Council. Your Committee therefore recommends that Gordon Scruton Jr. be appointed to the Environmental Advisory Council based on his experience and knowledge in the construction industry.

MOANAOIO BJUR

Your Committee received testimony in support of the nomination for the appointment of Moanaoio Bjur from the Office of Planning and Sustainable Development and one individual.

Upon review of the testimony, your Committee finds that Ms. Bjur's experience and knowledge in cultural and environmental preservation qualify her for appointment to the Environmental Advisory Council. Your Committee notes that Ms. Bjur currently serves as the Executive Director of the Conservation Council For Hawaii, where she manages day to day operations, government and community partnerships, litigation efforts, volunteer and educational programs, and audits of expenditures and income. Additionally, Ms. Bjur has previously served as Assistant Executive Director of Hi'ipaka LLC, Director of Peace Child International Hawaii, Manager of External Affairs for Teach for America in Honolulu. Ms. Bjur is also active in her community as a member of the North Shore Community Land Trust Board and a former member of the Honolulu Neighborhood Board No. 27, subdistrict 2. Ms. Bjur's experience in cultural and environmental preservation and community engagement will be an asset to the Environmental Advisory Council. Your Committee therefore recommends that Moanaoio Bjur be appointed to the Environmental Advisory Council based on her experience, knowledge, and leadership.

RACHEL SPRAGUE

Your Committee received testimony in support of the nominations for the appointment and reappointment of Rachel Sprague's from the Office of Planning and Sustainable Development and nine individuals.

Upon review of the testimony, your Committee finds that Dr. Sprague's knowledge of wildlife conservation qualifies her for appointment and reappointment to the Environmental Advisory Council. Your Committee notes that Dr. Sprague received her Ph.D. in fish and wildlife biology from the University of Montana. Dr. Sprague has since worked in a range of wildlife conservation roles,

including her current role as Director of Conservation for Lanai Resorts, LLC. Previously, Dr. Sprague worked as a wildlife biologist and wildlife program manager for Lanai Resorts, LLC, and as a project manager for the San Clemente Loggerhead Shrike Release Program at the Institute for Wildlife Studies in San Diego. Dr. Sprague has also served as the Hawaiian Monk Seal Recovery Coordinator and Assistant Hawaiian Monk Seal Recovery Coordinator at the National Oceanic and Atmospheric Administration Fisheries Pacific Islands Regional Office. In addition to her professional experience in wildlife management, Dr. Sprague has served on the National Wildlife Federation Board of Directors and Conservation Council for Hawai'i Board of Directors. She has authored and co-authored numerous academic articles and books on wildlife in Hawaii and has been invited to give presentations at professional conferences, workshops, and public hearings. Dr. Sprague's knowledge of wildlife management and conservation will be an asset to the Environmental Advisory Council. Your Committee therefore recommends that Rachel Sprague be appointed and reappointed to the Environmental Advisory Council based on her experience, knowledge, and leadership.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Acasio, Fevella).

SCRep. 3979 Agriculture and Environment on Gov. Msg. Nos. 653, 654, and 688

Recommending that the Senate advise and consent to the nominations of the following:

ADVISORY COMMITTEE ON PESTICIDES

- G.M. No. 653 MELVIN TOKUDA, for a term to expire 06-30-2023;
- G.M. No. 654 TROY SAKIHARA, for a term to expire 06-30-2025; and
- G.M. No. 688 STEVE RUSSO, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Melvin Tokuda, Troy Sakihara, and Steve Russo for service on the Advisory Committee on Pesticides.

MELVIN TOKUDA

Your Committee received testimony in support of the nomination for the appointment of Melvin Tokuda from the Department of Agriculture.

Upon review of the testimony, your Committee finds that Mr. Tokuda's expertise and knowledge gained through his role as an environmental health specialist at the Department of Health qualify him for appointment to the Advisory Committee on Pesticides. Your Committee notes that Mr. Tokuda has served in his current role as an environmental health specialist with the Safe Drinking Water Branch of the Department of Health for nearly fifteen years. Prior to his work for the Department of Health, Mr. Tokuda worked as a pesticide specialist at the Department of Agriculture for sixteen years from 1992 to 2008. In addition to his work with the Departments of Agriculture and Health, Mr. Tokuda served as first sergeant in the Hawaii Army National Guard for over thirty years. Mr. Tokuda's record demonstrates his expertise and knowledge regarding pesticide use and his commitment to public service, which will be assets to the Advisory Committee on Pesticides. Your Committee therefore recommends that Melvin Tokuda be appointed to the Advisory Committee on Pesticides based on his experience, knowledge, and commitment to public service.

TROY SAKIHARA

Your Committee received testimony in support of the nomination for the appointed of Troy Sakihara from the Department of Agriculture and one individual.

Upon review of the testimony, your Committee finds that Mr. Sakihara's expertise and knowledge regarding environmental science qualify him for appointment to the Advisory Committee on Pesticides. Your Committee notes that Mr. Sakihara currently works as an aquatic biologist for the Department of Land and Natural Resources Division of Aquatic Resources. Prior to his role as an aquatic biologist, Mr. Sakihara worked in a range of positions at the Division of Aquatic Resources, including as an estuarine surveyor researcher, estuarine surveyor, creel census surveyor, and stream surveyor. In total, Mr. Sakihara has worked for the Division of Aquatic Resources for over fifteen years. Mr. Sakihara earned his Master of Science in tropical conservation biology and environmental science at the University of Hawaii at Hilo, where he authored a master's thesis on Hawaii's *Halocaridina rubra* population. Mr. Sakihara has also published peer-reviewed research on aquatic wildlife and ecosystems and is an active member of several professional and community organizations, including the American Fisheries Society, Association for the Sciences of Limnology and Oceanography, Coastal and Estuarine Research Federation, Divers Alert Network, and Wildlife Society. Mr. Sakihara's extensive training and knowledge regarding Hawaii's aquatic resources and continued involvement in professional and community organizations will be an asset to the Advisory Committee on Pesticides. Your Committee therefore recommends that Troy Sakihara be appointed to the Advisory Committee on Pesticides based on his knowledge, experience, and commitment to community service.

STEVE RUSSO

Your Committee received testimony in support of the nomination for the appointment of Steve Russo from the Department of Agriculture and Hawaii Pest Control Association.

Upon review of the testimony, your Committee finds that Mr. Russo's knowledge and experience regarding the pesticide industry in the State qualify him for appointment to the Advisory Committee on Pesticides. Your Committee notes that Mr. Russo currently works as a regional support manager for the Terminix International Company, LP, in Honolulu. In his role as regional support manager, Mr. Russo acts as a liaison with state and local authorities to ensure compliance with regulations. Previously, Mr. Russo worked as a regional technical specialist for Terminix and as an environmental health specialist for the Department of Agriculture. In addition to

his work for Terminix and the Department of Agriculture, Mr. Russo has served as the chairperson and member of the Hawaii Pest Control Association. Mr. Russo also holds numerous certifications in the use of pest control equipment and processes, including as a licensed restricted use pesticide applicator. Mr. Russo's knowledge and experience in the pesticide industry will be an asset to the Advisory Committee on Pesticides. Your Committee therefore recommends that Steve Russo be appointed to Advisory Committee on Pesticides based on his experience and knowledge.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3980 Agriculture and Environment on Gov. Msg. Nos. 735 and 853

Recommending that the Senate advise and consent to the nominations of the following:

ENVIRONMENTAL ADVISORY COUNCIL

G.M. No. 735 MARY BEGIER, for a term to expire 06-30-2026; and

G.M. No. 853 STEPHANIE DUNBAR-CO, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Mary Begier and Stephanie Dunbar-Co for service on the Environmental Advisory Council.

MARY BEGIER

Your Committee received testimony in support of the nomination for the appointment of Mary Begier from the Office of Planning and Sustainable Development, Hawai'i Association of REALTORS, and one individual.

Upon review of the testimony, your Committee finds that Ms. Begier's knowledge and experience in Hawaii's real estate market qualify her for appointment to the Environmental Advisory Council. Your Committee notes that Ms. Begier is a licensed realtor and works as the principal broker and owner at Mary Begier Realty. Previously, Ms. Begier has worked as a realtor at several firms, including Prudential Orchard Isle Properties, Pan Pacific Properties, Worrall-McCarter Inc., Bradley Properties Ltd., and Baron Realty Corp. In addition to her work as a realtor, Ms. Begier is a member of many professional organizations, including the Honolulu Board of Realtors, Hawaii Association of Realtors, and National Association of Realtors. She has also been a member of the Hawaii Island Realtors since 1996, Council of Residential Specialists since 1992, and Council of Real Estate Brokerage Managers since 2004. Your Committee further finds that Ms. Begier's expertise in Hawaii's real estate market will be an asset to the Environmental Advisory Council. Your Committee therefore recommends that Mary Begier be appointed to the Environmental Advisory Council based on her experience and knowledge.

STEPHANIE DUNBAR-CO

Your Committee received testimony in support of the nomination for the reappointment of Stephanie Dunbar-Co from the Office of Planning and Sustainable Development and one individual.

Upon review of the testimony, your Committee finds that Dr. Dunbar-Co's extensive knowledge and expertise regarding environmental conservation qualify her for reappointment to the Environmental Advisory Council. Your Committee notes that Dr. Dunbar-Co received her Ph.D. in Botany from the University of Hawaii at Manoa. Dr. Dunbar-Co currently works as a climate and protection manager at the Nature Conservancy of Hawai'i and Palmyra. Previously, Dr. Dunbar-Co worked as the East Slope Project Manager at the Nature Conservancy Moloka'i Program for six years between 2014 and 2020. Dr. Dunbar-Co is also an accomplished scholar in the biological sciences, where she has published many articles on botany and ecology in Hawaii. In addition to her professional and scholarly activity, Dr. Dunbar-Co is a dedicated member of her community. Dr. Dunbar-Co served as a board member on the Hawaii Environmental Council for the last five years. Dr. Dunbar-Co has also taught high school and elementary school students at Kamehameha Schools and University of Hawaii College of Tropical Agriculture and Human Resources DNA Kids. Dr. Dunbar-Co's knowledge, expertise, and commitment to local communities will be an asset to the Environmental Advisory Council. Your Committee therefore recommends that Stephanie Dunbar-Co be reappointed to the Environmental Advisory Council based on her experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3981 Agriculture and Environment on Gov. Msg. Nos. 793 and 795

Recommending that the Senate advise and consent to the nominations of the following:

GREENHOUSE GAS SEQUESTRATION TASK FORCE

G.M. No. 793 JUSTINE NIHIPALI, for a term to expire 06-30-2025; and

G.M. No. 795 JONATHAN DEENIK, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Justine Nihipali and Jonathan Deenik for service on the Greenhouse Gas Sequestration Task Force.

JUSTINE NIHIPALI

Your Committee received testimony in support of the nomination for the appointment of Justine Nihipali from the Office of Planning and Sustainable Development and Hawai'i Farm Bureau.

Upon review of the testimony, your Committee finds that Ms. Nihipali's knowledge and expertise regarding the State's planning and disaster preparedness policies qualify her for appointment to the Greenhouse Gas Sequestration Task Force. Your Committee notes that Ms. Nihipali received her Master of Urban and Regional Planning degree from the University of Hawaii Department of Urban and Regional Planning. Ms. Nihipali currently works as the planning program manager for the Coastal Zone Management Program at the Office of Planning and Sustainable Development. Previously, Ms. Nihipali worked as a planning and policy analyst at the Office of Planning Coastal Zone Management Program and as a training program manager for the National Disaster Preparedness Training Center at the University of Hawaii. Ms. Nihipali's knowledge of the State's planning policies and expertise gained through her work at the Office of Planning and Sustainable Development will be assets to the Greenhouse Gas Sequestration Task Force. Your Committee therefore recommends that Justine Nihipali be appointed to the Greenhouse Gas Sequestration Task Force based on her knowledge, experience, and commitment to public service.

JONATHAN DEENIK

Your Committee received testimony in support of the nomination for the appointment of Jonathan Deenik from the Office of Planning and Sustainable Development and the University of Hawai'i System.

Upon review of the testimony, your Committee finds that Dr. Deenik's extensive knowledge of the State's soil nutrient management and quality qualify him for appointment to the Greenhouse Gas Sequestration Task Force. Your Committee notes that Dr. Deenik earned his Ph.D. in soil science from the University of Hawaii at Manoa and is a member of the graduate faculty in the Department of Natural Resources and Environmental management at the University of Hawaii at Manoa. Additionally, Dr. Deenik has worked as a specialist in soil fertility in the Department of Tropical Plant and Soil Sciences at the University of Hawaii at Manoa since 2016, where he has conducted extensive research on environmental quality, agricultural productivity, and human health. In conjunction with his research, Dr. Deenik has received grants totaling over \$28 million and has published numerous peer-reviewed articles. In 2010 and 2015, Dr. Deenik earned the Chancellor's Citation for Meritorious Teaching at the University of Hawaii at Manoa. Dr. Deenik also earned the College of Tropical Agriculture and Human Resources Dean's Award for Excellence in Teaching in 2015. Finally, Dr. Deenik is an active member of the Soil Science Society of America and American Geophysical Union. Dr. Deenik's extensive knowledge of environmental management and soil health in Hawaii will be an asset for the Greenhouse Gas Sequestration Task Force. Your Committee therefore recommends that Jonathan Deenik be appointed to the Greenhouse Gas Sequestration Task Force based on his experience and knowledge.

As affirmed by the records of votes of the members of your Committee on Agriculture and Environment that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 3982 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 823, 862, and 863

Recommending that the Senate advise and consent to the nominations of the following:

SMALL BUSINESS REGULATORY REVIEW BOARD

G.M. No. 823 JONATHAN SHICK, for a term to expire 06-30-2026;

G.M. No. 862 TESSA GOMES, for a term to expire 06-30-2022; and

G.M. No. 863 TESSA GOMES, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Jonathan Shick and Tessa Gomes for service on the Small Business Regulatory Review Board.

JONATHAN SHICK

Your Committee received testimony in support of the nomination for the reappointment of Jonathan Shick from the Department of Business, Economic Development, and Tourism and one individual.

Upon review of the testimony, your Committee finds that Mr. Shick's knowledge, experience, and dedication to serving on the Small Business Regulatory Review Board qualify him for reappointment to the Board as a member nominated by the Speaker of the House of Representatives, pursuant to section 201M-5, Hawaii Revised Statutes. Mr. Shick is the founder, owner, and principal consultant of Pono Consulting Group, LLC, a consulting and contracting services company for design, engineering, and construction projects, since 2015. Your Committee notes that Mr. Shick has a Bachelor of Science in Civil Engineering from Clemson University, a Master of Civil Engineering from Norwich University, and over fifteen years of experience in construction project administration and management. Your Committee further finds that he was appointed to the Small Business Regulatory Review Board in 2019 and currently serves as its Second Vice Chair. His experience and knowledge will continue to be assets to the Small Business Regulatory Review Board. Your Committee therefore recommends that Jonathan Shick be reappointed to the Small Business Regulatory Review Board based on his experience, knowledge, and commitment to public service.

TESSA GOMES

Your Committee received testimony in support of the nominations for the appointment and reappointment of Tessa Gomes from the Department of Business, Economic Development, and Tourism and one individual.

Upon review of the testimony, your Committee finds that Ms. Gomes's knowledge, experience, and willingness to serve on the Small Business Regulatory Review Board qualify her for appointment and reappointment to the Board as a member nominated by the President of the Senate, pursuant to section 201M-5, Hawaii Revised Statutes. Ms. Gomes has been the owner and principle designer for Fred and Kate Events, a wedding and event design and planning company, since 2014. Your Committee notes that she has over twenty years of management experience working at local small businesses, and prior to that, gained experience working in the tourism industry for various travel and hospitality companies, including Hilton Hawaiian Village and Aloha Airlines. Ms. Gomes has a Bachelor of Business Administration from the University of Hawaii at Manoa. Your Committee further notes that Ms. Gomes is the current Vice President of the Holy Nativity School Board of Directors and the current Secretary for the Oahu Wedding Association Board of Directors. She has a thorough understanding of the role and responsibilities of board members and her experience and knowledge will be assets to the Small Business Regulatory Review Board. Your Committee therefore recommends that Tessa Gomes be appointed and reappointed to the Small Business Regulatory Review Board based on her experience, knowledge, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3983 Energy, Economic Development, and Tourism on Gov. Msg. No. 826

Recommending that the Senate advise and consent to the nomination of the following:

STADIUM AUTHORITY

G.M. No. 826 MICHAEL YADAO, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Michael Yadao for service on the Stadium Authority.

Your Committee received testimony in support of the nomination for the appointment of Michael Yadao from the Stadium Authority, Hawaii Building & Construction Trades Council, SanHi Government Strategies, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Yadao's professional experience, extensive knowledge of the construction industry and government policies and procedures, and commitment to the success of the New Aloha Stadium Entertainment District development qualify him for appointment to the Stadium Authority as an at-large member. Your Committee further finds that Mr. Yadao is currently the Executive Director of the Hawaii Masons' and Plasters' Unions Stabilization Committee, and that in that capacity, he is responsible for developing and leading the organization's strategic plan and the execution of organizational programs. Your Committee additionally finds that Mr. Yadao served as the Deputy Director of the Governor's Office of Constituent Services from 2011 to 2012, and that his duties in this capacity included directing responses to requests for assistance from the public and coordinating with state departments to ensure timely responses. Your Committee notes that Mr. Yadao is active in the community, and has held positions of leadership in organizations, including the Democratic Party of Hawaii, Hawaii State Boxing Commission, Shriners Hospitals for Children Hawaii, Boy Scouts of America Aloha Council, and Shobukan Judo Club. Your Committee also finds that Mr. Yadao's considerable experience working with the government, private and public sector agencies and organized labor organizations, as well as his dedication to serving the community and advancing development of the New Aloha Stadium Entertainment District, will be assets to the Stadium Authority. Your Committee therefore recommends that Michael Yadao be appointed to the Stadium authority based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3984 Energy, Economic Development, and Tourism on Gov. Msg. No. 827

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII TECHNOLOGY DEVELOPMENT CORPORATION

G.M. No. 827 GREGORY KIM, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Gregory Kim for service on the Hawai'i Technology Development Corporation.

Your Committee received testimony in support of the nomination for the appointment of Gregory Kim from the Purple Mai'a Foundation, LifeDNA Inc., and eight individuals. Your Committee received comments on the nomination for the appointment of Gregory Kim from Mana Up.

Upon review of the testimony, your Committee finds that Mr. Kim's experience, knowledge, and willingness to serve qualify him for appointment to the Hawaii Technology Development Corporation as a member nominated by the President of the Senate, pursuant to section 206M-2, Hawaii Revised Statutes. Your Committee finds that Mr. Kim is the founder and partner of Vantage Counsel LLC, a virtual law firm that specializes in corporate and securities law with an emphasis on mergers and acquisitions, venture capital, and

licensing and other technology transactions. Your Committee notes that Mr. Kim graduated with a Bachelor of Science in Engineering and Applied Sciences from Yale College and a joint Juris Doctorate and Master of Business Administration from the University of California, Berkeley School of Law. He practiced as an attorney in California and Hawaii for over thirty-five years, and has knowledge, interest, and proven expertise with local startups and small businesses. Your Committee further finds that Mr. Kim is action-oriented and has a thorough understanding of the role and responsibilities of board members. His experience and knowledge in business law and technology startups will be assets to the Hawaii Technology Development Corporation. Your Committee therefore recommends that Gregory Kim be appointed to the Hawaii Technology Development Corporation based on his experience, knowledge, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3985 Energy, Economic Development, and Tourism on Gov. Msg. No. 828

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII COMMUNITY DEVELOPMENT AUTHORITY

G.M. No. 828 STERLING HIGA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Sterling Higa for service on the Hawaii Community Development Authority.

Your Committee received testimony in support of the nomination for the appointment of Sterling Higa from the Hawaii Community Development Authority, Hawai'i Laborers & Employers Cooperation and Education Trust Fund, and ten individuals.

Upon review of the testimony, your Committee finds that Mr. Higa's leadership and desire to serve qualify him for appointment to the Hawaii Community Development Authority as an at-large member, pursuant to section 206E-3, Hawaii Revised Statutes. Your Committee finds that Mr. Higa was born and raised in Honolulu. He graduated with a Bachelor of Arts in Communicology from the University of Hawaii at Manoa and a Master of Arts in Education from Harvard University. He has over ten years of experience in teaching, with a focus on coaching, public speaking, and writing. Your Committee notes that in 2021, Mr. Higa co-founded Housing Hawaii's Future, a nonprofit aimed at addressing the workforce housing shortage through education and civic engagement, and currently serves as its Executive Director. During the hearing, Mr. Higa pledged to work hard to understand the issues heard before the Hawaii Community Development Authority and strive to represent the needs and concerns of Millennials and Generation Z, if appointed. Your Committee further finds that Mr. Higa has an understanding of the role and responsibilities of board members and believes that his youth and leadership will be assets to the Hawaii Community Development Authority. Your Committee therefore recommends that Sterling Higa be appointed to the Hawaii Community Development Authority based on his leadership and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3986 Judiciary on Gov. Msg. Nos. 590 and 595

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE VOTERS WITH SPECIAL NEEDS ADVISORY COMMITTEE

G.M. No. 590 PATRICIA MORRISSEY, for a term to expire 06-30-2025; and

G.M. No. 595 KATHRYN KEIM, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Patricia Morrissey and Kathryn Keim for service on the Statewide Voters with Special Needs Advisory Committee.

PATRICIA MORRISSEY

Your Committee received testimony in support of the nomination for the appointment of Patricia Morrissey from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, Center on Disability Studies at the University of Hawai'i at Manoa, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Morrissey's expertise in the implementation and impact of disability policy, extensive experience promoting and educating others about policies and resources associated with empowering individuals with disabilities, and strong sense of equity for all persons' right to vote qualify her for appointment to the Statewide Voters with Special Needs Advisory Committee. Your Committee notes that Ms. Morrissey served as the Director of the University Center for Excellence in Developmental Disabilities, Training, Service, and Research at the Center on Disability Studies at the University of Hawai'i at Manoa from 2016 to 2020, and that she was instrumental in drafting the Americans with Disabilities Education Act amendments of 1997, in addition to other significant pieces of legislation. Your Committee further notes that, as an individual with cerebral palsy and

mobility impairment, she has directly experienced challenges when voting. Your Committee finds that Ms. Morrissey's comprehensive expertise developing federal and state disability policy, lived experience, and commitment to improving the lives of people with disabilities and their families will be great assets to the Committee and recommends that Patricia Morrissey be appointed to the Statewide Voters with Special Needs Advisory Committee.

KATHRYN KEIM

Your Committee received testimony in support of the nomination for the appointment of Kathryn Keim from eight individuals.

Upon review of the testimony, your Committee finds that Ms. Keim's extensive experience as a liaison between individuals with disabilities and government entities, expertise in policies related to accessible voting, and history of leadership in business and community organizations qualify her for appointment to the Statewide Voters with Special Needs Advisory Committee. Your Committee notes Ms. Keim served as a Contract and Program Specialist in the Division of Vocational Rehabilitation of the Department of Human Services from 2003 until 2014, and has been an Advocate Leader in the National Federation of the Blind in Hawaii since 1997. Your Committee further notes that, as a blind individual, she has diverse special needs voting experience. Your Committee finds that Ms. Keim's expertise as an advocate, lived experience, and commitment to equity and access to the political process for all people will be great assets to the Committee and recommends that Kathryn Keim be appointed to the Statewide Voters with Special Needs Advisory Committee.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3987 Judiciary on Gov. Msg. No. 591

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE VOTERS WITH SPECIAL NEEDS ADVISORY COMMITTEE

G.M. No. 591 RAMODA ANAND, for a term to expire 06-30-2024

Your Committee has reviewed the personal history, resume, and statement submitted by Ramoda Anand for service on the Statewide Voters with Special Needs Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment of Ramoda Anand from the State Council on Developmental Disabilities, Hawaii Self-Advocacy Advisory Council, First Unitarian Church of Honolulu, and ten individuals.

Upon review of the testimony, your Committee finds that Mr. Anand's experience advocating for individuals with disabilities, as well as his expertise and familiarity with issues affecting voters with special needs qualify him for appointment to the Statewide Voters with Special Needs Advisory Committee. Your Committee notes that he has been active in advocacy for civil rights since 2000, and has been directly advocating for individuals with disabilities to members of the Legislature since 2010. He has previously served on the Maui County Commission for Persons with Disabilities, and has been a disability rights activist for many years on Maui and throughout the State. Your Committee finds that Mr. Anand's advocacy experience and familiarity with issues relating to political participation by persons with disabilities will be great assets to the Committee. Your Committee therefore recommends that Ramoda Anand be appointed to the Statewide Voters with Special Needs Advisory Committee based on his background, experience, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 3988 Judiciary on Gov. Msg. No. 635

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION TO PROMOTE UNIFORM LEGISLATION

G.M. No. 635 ELIZABETH KENT, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Elizabeth Kent for service on the Commission to Promote Uniform Legislation.

Your Committee received testimony in support of the nomination for the reappointment of Elizabeth Kent from the Department of the Attorney General, Hawaiian Humane Society, and ten individuals.

Upon review of the testimony, your Committee finds that Ms. Kent's experience as an attorney and mediator, familiarity with governmental administration and alternative dispute resolution, and commitment to the promotion of just uniform legislation qualify her to be nominated for reappointment to the Commission to Promote Uniform Legislation. Your Committee notes that Ms. Kent has been the sole proprietor of an alternative dispute resolution business since 2013, and prior to that was Director of the Hawaii Judiciary's Center for Alternative Dispute Resolution. Ms. Kent has also served on the Commission to Promote Uniform Legislation as part of Hawaii's representation on the National Conference of Commissioners on Uniform State Laws since 1998, and has worked on numerous model Acts that have subsequently been enacted in the State. Your Committee finds that Ms. Kent's experience as a mediator and commissioner as well as her dedication to the implementation of uniform legislation that takes into account the needs of

Hawaii's communities will continue to be great assets to the Commission and recommends that Elizabeth Kent be reappointed to the Commission to Promote Uniform Legislation.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 3989 Education on Gov. Msg. Nos. 783, 566, 567, 757, and 689

Recommending that the Senate advise and consent to the nominations of the following:

EARLY LEARNING BOARD

G.M. No. 783 BENJAMIN NAKI III, for a term to expire 06-30-2025;

G.M. No. 566 KAIULANI LAEHA, for a term to expire 06-30-2022;

G.M. No. 567 KAIULANI LAEHA, for a term to expire 06-30-2024;

G.M. No. 757 MEGAN MCCORRISTON, for a term to expire 06-30-2024; and

G.M. No. 689 MEI OU, for a term to expire 06-30-2024

Your Committee has reviewed the personal histories, resumes, and statements submitted by Benjamin Naki III, Kaiulani Laeha, Megan McCorrison, and Mei Ou for service on the Early Learning Board.

BENJAMIN NAKI III

Your Committee received testimony in support of the nomination for the reappointment of Benjamin Naki III from the Executive Office on Early Learning, Early Learning Board, and Parents And Children Together.

Your Committee finds that Mr. Naki is presently the Vice President of Early Education Programs for Parents And Children Together and has previous work experience as a Program Director, Assistant Director, Comprehensive Services Manager, Family Services Coordinator, and Father Facilitator for Parents And Children Together.

Your Committee further finds that Mr. Naki is an accomplished leader who has a clear understanding of the needs of the community and the importance of early education. His extensive experience in Head Start, Early Head Start, center-based preschool, and home visiting provides Mr. Naki with an overall understanding of the strengths and limitations of each model. In his personal statement, Mr. Naki acknowledged the need and responsibility to ensure that the neighbor islands have a strong voice on matters within the purview of the Early Learning Board. Your Committee notes that Mr. Naki's reappointment will continue to fulfill the requirement for a representative of a head start provider agency pursuant to section 302L-1.6, Hawaii Revised Statutes.

Your Committee believes that Mr. Naki's professional experience, as well as his steadfast commitment to the children and families of Hawaii, will be great assets to the Early Learning Board, and therefore recommends that Benjamin Naki III be reappointed to the Board based on his knowledge, experience, and commitment to early childhood education.

KAIULANI LAEHA

Your Committee received testimony in support of the nomination for the appointment and reappointment of Kaiulani Laeha from the Executive Office on Early Learning; Early Learning Board; and 'Aha Pūnana Leo, Inc.

Your Committee finds that Ms. Laeha is currently the Chief Executive Officer of 'Aha Pūnana Leo, Inc., a provider of early education and childcare in the Hawaiian language. In this capacity, Ms. Laeha oversees fourteen licensed childcare facilities across the State. She has served on the Early Learning Board as an interim member filling the Hawaiian medium early learning provider seat, and her appointment would continue to fulfill that requirement.

Your Committee further finds that Ms. Laeha previously served as a Development Manager for Kupu and has extensive experience in the nonprofit sector. Ms. Laeha is a graduate of Kamehameha Schools and holds undergraduate and graduate degrees in business administration.

In her personal statement, Ms. Laeha noted the importance of filling the Director position for the Early Learning Board to aid the Board in fulfilling its statutory duties. She also noted her ability to objectively serve all children and their families in early learning while also representing the distinct interests of the Hawaiian Language Medium Early Learning providers. Ms. Laeha has served as an Early Learning Board member for half a year and was previously involved as a community member, making her knowledgeable in the role and responsibilities of board members.

Your Committee believes that Ms. Laeha's professional and personal experience, as well as her knowledge and experience related to Hawaiian Language Medium Early Learning providers, will be great assets to the Early Learning Board, and therefore recommends Kaiulani Laeha for service on the Board.

MEGAN MCCORRISTON

Your Committee received testimony in support of the nomination for the appointment of Megan McCorrison from the Executive Office on Early Learning, Kualapu'u School Public Conversion Charter, Early Learning Board, Children's Action Network Speaks!, Samuel N. and Mary Castle Foundation and Henry & Dorothy Castle Memorial Fund, and four individuals.

Your Committee finds that Ms. McCorrison has twenty years of public and private sector experience in education and has been the Chief Executive Officer of Seagull Schools since 2018. In this capacity, Ms. McCorrison has oversight of Seagull Schools' five Early Education Centers and Adult Day Center. She holds graduate and doctoral degrees in Education from the University of Oxford in England. Ms. McCorrison began her career as a classroom educator and transitioned to education administration and leadership within the State and abroad. She is a published researcher in the field of comparative and international education, and an experienced non-profit consultant.

Your Committee further finds that Ms. McCorrison is an active member of the National Association of the Education of Young Children and Child Care Business Coalition in Hawai'i. She has been a tireless advocate of education as a means for social justice for over twenty years. In her personal statement Ms. McCorrison notes that affordability and workforce capacity are among the toughest challenges facing the early learning sector in Hawaii. Your Committee notes that Ms. McCorrison's service would fulfill the requirement for a representative of a center-based program provider.

Your Committee believes that Ms. McCorrison's broad and deep professional experience, as well as her knowledge and experience related to center-based early learning, will be great assets to the Early Learning Board, and therefore recommends Megan McCorrison for service on the Board.

MEI OU

Your Committee received testimony in support of the nomination for the appointment of Mei Ou from the Executive Office on Early Learning, Early Learning Board, Family Hui Hawaii, and three individuals.

Your Committee finds that Ms. Ou is currently a Support Manager with Family Hui Hawaii, which provides a broad range of early learning services in the State. Ms. Ou has two decades of experience in childcare and early learning. She holds an Associate's degree in Early Childhood Education, a Bachelor's degree in Family Resources, and a Master's degree in Education.

Your Committee further finds that as the parent representative on the Early Learning Board, Ms. Ou will serve with passion and energy. In her personal statement, Ms. Ou emphasized the importance of the parent perspective in early learning education, and that understanding the needs of both child and parent is critical to early learning success and building a solid foundation for the future.

Your Committee believes that Mei Ou will bring valuable experience, knowledge, and perspective to the Early Learning Board, and therefore recommends her for service on the Board.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3990 Education on Gov. Msg. No. 816

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII TEACHER STANDARDS BOARD

G.M. No. 816 JUSTIN MEW, for a term to expire 06-30-2026

Your Committee has reviewed the personal history, resume, and statement submitted by Justin Mew for service on the Hawaii Teacher Standards Board.

Your Committee did not receive any testimony on the nomination for the appointment of Justin Mew.

Your Committee finds that Mr. Mew received his Bachelor's degree in Education, and Master's degrees in Secondary Education and Educational Administration from the University of Hawaii. Mr. Mew is currently the Principal of Henry J. Kaiser High School. He previously served as the Principal of Niu Valley Middle School, Principal of Aina Haina Elementary School, Vice Principal of Moanalua Intermediate School, Vice Principal of Aiea Intermediate School, and as a State Science Education Specialist.

In addition to extensive experience in teaching and education administration, Mr. Mew has received numerous awards and accolades, including being named the Hawaii State Middle School Principal of the Year in 2011 and Educator of the Year in 2012. Mr. Mew is also active in the community, serving on the Board of Managers of the Nuuanu YMCA and as a member of the Youth Service Hawaii Board.

Your Committee further finds that Mr. Mew will provide the Hawaii Teacher Standards Board with the perspective of a sitting principal and a trained and certified teacher intake interviewer for the Department of Education. These roles have given Mr. Mew the experience of evaluating teachers for hiring and continued employment. In his personal statement, Mr. Mew emphasized the importance of national standards and certifications to ensure that students receive the high-quality teachers they deserve.

Accordingly, your Committee believes that Mr. Mew will bring valuable experience, knowledge, and leadership to the Hawaii Teacher Standards Board, and therefore recommends that Justin Mew be appointed to the Hawaii Teacher Standards Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 3991 Water and Land on Gov. Msg. Nos. 854, 855, 856, 857, and 858

Recommending that the Senate advise and consent to the nominations of the following:

LAND USE COMMISSION

- G.M. No. 854 MICHAEL YAMANE, for a term to expire 06-30-2026;
 G.M. No. 855 KŪ'IKEOKALANI KAMAKEA-'OHELO, for a term to expire 06-30-2022;
 G.M. No. 856 KŪ'IKEOKALANI KAMAKEA-'OHELO, for a term to expire 06-30-2026;
 G.M. No. 857 MELVIN KAHELE, for a term to expire 06-30-2026; and
 G.M. No. 858 GEORGE ATTA, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Michael Yamane, Kū'ikeokalani Kamakea-'Ōhelo, Melvin Kahele, and George Atta for service on the Land Use Commission.

MICHAEL YAMANE

Your Committee received testimony in support of the nomination for the appointment of Michael Yamane from the Land Use Commission, Office of the Mayor of the County of Kaua'i, Pūlama Lāna'i, and nine individuals. Your Committee received testimony in opposition to the nomination for the appointment of Michael Yamane from one individual.

Upon review of the testimony, your Committee finds that Mr. Yamane's experience, knowledge, and desire to serve as a member of the Land Use Commission qualify him as a Commissioner from the City and County of Honolulu, pursuant to section 205-1, Hawaii Revised Statutes. Mr. Yamane is a licensed professional engineer, specializing in electrical engineering. He currently serves as an independent contractor consultant and previously served as Chief of Operations and Technology for Kauai Island Utility Cooperative. Mr. Yamane has also been an active member of his community, serving on the Hawaii Employers Council Board of Governors, Hawaii Pacific Health Board of Directors, and as Chairperson of the Wilcox Hospital Board of Directors. Your Committee notes that Mr. Yamane has an understanding of the roles and responsibilities of board members and that his experience and knowledge in utilities, electrical engineering and operations, and renewable energy generation will be assets to the Land Use Commission. Your Committee therefore recommends that Michael Yamane be appointed to the Land Use Commission based on his experience, knowledge, and willingness to serve the public.

KŪ'IKEOKALANI KAMAKEA-'ŌHELO

Your Committee received testimony in support of the nominations for the appointment and reappointment of Kū'ikeokalani Kamakea-'Ōhelo from the Land Use Commission, Hawaii State Aha Moku, one member of the Honolulu City Council, Sierra Club of Hawai'i, Ko'olaupoko Hawaiian Civic Club, Hui Ku Like Kakou, CountryTalkStory.com, Ka 'Ohana o ke Aloha (Hale Pule), and and forty-three individuals.

Upon review of the testimony, your Committee finds that Mr. Kamakea-'Ōhelo's experience, knowledge, and desire to serve as a member of the Land Use Commission qualify him as a Commissioner with substantial experience or expertise in traditional Hawaiian land usage and knowledge of cultural land practices, pursuant to section 205-1, Hawaii Revised Statutes. Mr. Kamakea-'Ōhelo currently serves as President of the Board of Directors for Cho Global Natural Farming Hawaii. As a farmer, Mr. Kamakea-'Ōhelo has extensive training and knowledge in Korean natural farming, plant nutrition and fertilizer making, and animal husbandry. In addition to his knowledge, Mr. Kamakea-'Ōhelo is also a certified practitioner and instructor of agriculture. Your Committee further finds that Mr. Kamakea-'Ōhelo serves as a leader for the Waimanalo community as a community organizer and President of Save Our Sherwoods. Your Committee notes that Mr. Kamakea-'Ōhelo's experience and knowledge in modern and traditional native Hawaiian agriculture, land use, and native Hawaiian traditional and cultural practices will be assets to the Land Use Commission. Your Committee therefore recommends that Kū'ikeokalani Kamakea-'Ōhelo be appointed to the Land Use Commission based on his experience, knowledge, and willingness to serve the public.

MELVIN KAHELE

Your Committee received testimony in support of the nomination for the appointment of Melvin Kahele from the Land Use Commission, Iron Workers Stabilization Fund, Hawai'i Lodging and Tourism Association, and two individuals. Your Committee received testimony in opposition to the nomination for the appointment of Melvin Kahele from one individual.

Upon review of the testimony, your Committee finds that Mr. Kahele's experience, knowledge, and desire to serve as a member of the Land Use Commission qualify him as a Commissioner as an at-large member, pursuant to section 205-1, Hawaii Revised Statutes. Your Committee finds that Mr. Kahele has served as a foreman in the gas industry for over twenty-five years before serving as President and Principal Executive Officer with the Teamsters Union, Local 996. Mr. Kahele currently serves as a lobbyist for the Iron Workers Union, Local 625, Stabilization Fund. Your Committee further finds that Mr. Kahele is also an active member of his community, serving as a member of the Aloha United Way, Hawaii Housing Finance and Development Corporation, and Asian Pacific Labor Alliance Board of Directors and chairperson of seven Teamsters union trust funds. Your Committee notes that Mr. Kahele has an understanding of the roles and responsibilities of board members and that his experience and knowledge in gas-based utilities will be assets to the Land Use Commission. Your Committee therefore recommends that Melvin Kahele be appointed to the Land Use Commission based on his experience, knowledge, and willingness to serve the public.

GEORGE ATTA

Your Committee received testimony in support of the nomination for the appointment of George Atta from the Land Use Commission; The Maritime Group, LLC; Ko'olau Foundation; G70; and two individuals.

Upon review of the testimony, your Committee finds that Mr. Atta's experience, knowledge, and desire to serve as a member of the Land Use Commission qualify him as a Commissioner as an at-large member, pursuant to section 205-1, Hawaii Revised Statutes. Your Committee finds that Mr. Atta previously served as the Director of the Department of Planning and Permitting for the City and County of Honolulu, where he oversaw long-range planning, traffic and engineering, land use, and regional planning for the island of Oahu. Mr. Atta is LEED AP-certified and possesses significant understanding of environmental design and development. Your Committee further finds that Mr. Atta is an active member of his community, serving as a member of the University of Hawaii Sea Grant Advisory Panel, Wahiawa Hospital Koa Ridge Committee, and TARO Center. Your Committee notes that Mr. Atta has an understanding of the roles and responsibilities of board members and that his experience and knowledge in public facilities, land use and resource management, and urban and regional planning will be assets to the Land Use Commission. Your Committee therefore recommends that George Atta be appointed to the Land Use Commission based on his experience, knowledge, and willingness to serve the public.

As affirmed by the records of votes of the members of your Committee on Water and Land that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 3992 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 565

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII PAROLING AUTHORITY

G.M. No. 565 MILTON KOTSUBO, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Milton Kotsubo for service on the Hawaii Paroling Authority.

Your Committee received testimony in support of the nomination for the reappointment of Milton Kotsubo from the Hawaii Paroling Authority, Department of Public Safety, and one individual.

Upon review of the testimony, your Committee finds that Mr. Kotsubo's experience, knowledge, and proven leadership qualify him for reappointment to the Hawaii Paroling Authority as a board member. Mr. Kotsubo has over forty years of experience working with the Hawaii offender population and has worked as a social worker for various organizations for over twelve years. Additionally, he has experience working at numerous correctional facilities, including Halawa Correctional Facility, Oahu Community Correctional Center, and previously was acting warden at the Women's Community Correctional Center. Mr. Kotsubo has served on the Hawaii Paroling Authority since 2021 and his experience and knowledge will continue to be assets to the Authority. Your Committee therefore recommends that Milton Kotsubo be reappointed to the Hawaii Paroling Authority based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3993 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 647

Recommending that the Senate advise and consent to the nomination of the following:

CRIME VICTIM COMPENSATION COMMISSION

G.M. No. 647 JOSEPHINE BYRNE, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Josephine Byrne for service on the Crime Victim Compensation Commission.

Your Committee received testimony in support of the nomination for the appointment of Josephine Byrne from the Crime Victim Compensation Commission, Department of Public Safety, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Byrne's experience, knowledge, and proven leadership qualify her for appointment to the Crime Victim Compensation Commission. Your Committee notes that Ms. Byrne is currently President and owner of Honolulu Information Service, Inc., a public records research company specializing in business transactional research and services in Hawaii for a nationwide clientele. Ms. Byrne is active in her community and has served as a member of Common Cause Hawaii, Honolulu City Council Leasehold Task Force, Department of Public Safety Community Advisory Group for Gender Appropriate Programming, Advisory Commission on Housing and Community for the City and County of Honolulu, Hawaii Women's Political Caucus, and the Asian/Pacific Caucus of the National Women's Political Caucus. Previously, Ms. Byrne served as Board President for Volunteer Legal Services Hawaii and Director and Government Affairs Chair for Goodwill Industries of Honolulu. Your Committee therefore recommends that Josephine Byrne be appointed to the Crime Victim Compensation Commission based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee,

has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3994 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. No. 563

Recommending that the Senate advise and consent to the nomination of the following:

ADVISORY BOARD ON VETERANS' SERVICES

G.M. No. 563 DONNA SHIMIZU, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Donna Shimizu for service on the Advisory Board on Veterans' Services.

Your Committee received testimony in support of the nomination for the appointment of Donna Shimizu from the Office of the Adjutant General; State Office of Veterans Services; State Veterans Advisory Board; County of Hawai'i Department of Parks and Recreation, Elderly Activities Division; and five individuals.

Upon review of the testimony, your Committee finds that Ms. Shimizu's experience, knowledge, and proven leadership qualify her for appointment to the Advisory Board on Veterans' Services as a member. Your Committee notes that Ms. Shimizu currently serves on several community boards including the Hawaii National Guard State Advisory Council, Big Island National Guard Retiree Association, Employer Support of the Guard and Reserve, and Hau'oli Street Neighborhood Watch. Ms. Shimizu formerly served in the Hawaii Air National Guard for over thirty-five years as an administrative specialist and guard member from 1976 through 2001 and as a recruiter and retention noncommissioned officer from 2001 through 2011. Your Committee therefore recommends that Donna Shimizu be appointed to the Advisory Board on Veterans' Services based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3995 Judiciary on Gov. Msg. No. 596

Recommending that the Senate advise and consent to the nomination of the following:

ATTORNEY GENERAL OF THE DEPARTMENT OF THE ATTORNEY GENERAL

G.M. No. 596 HOLLY SHIKADA, for a term to expire at noon on 12-05-2022

Your Committee reviewed the personal history, resume, and statement submitted by Holly Shikada for service on the Department of the Attorney General.

Your Committee received testimony in support of the nomination for the appointment of Holly Shikada from the Governor; Department of Taxation; Department of Budget and Finance; Department of Public Safety; Department of Health; Department of Labor and Industrial Relations; Department of Business, Economic Development, and Tourism; Department of Accounting and General Services; Department of Hawaiian Home Lands; Department of Education; Department of Transportation; Department of Human Resources Development; Department of Land and Natural Resources; Department of Agriculture; Department of Human Services; Department of Commerce and Consumer Affairs; Hawaii Emergency Management Agency; Office of Enterprise Technology Services; Hawaii State Energy Office; Hosoda Law Group; and thirty-seven individuals. Your Committee received testimony in opposition to the nomination for the appointment of Holly Shikada from two individuals.

Upon review of the testimony, your Committee finds that Ms. Shikada received a Bachelor of Arts degree in Accounting from the University of Hawai'i at Manoa. She subsequently received her Juris Doctor degree from William S. Richardson School of Law. After graduating, Ms. Shikada worked in private practice at the law firm of Fujiyama, Duffy & Fujiyama for four years before transferring to public service work. For over thirty years, Ms. Shikada worked at the Department of the Attorney General in numerous capacities and roles. She started as a Deputy Attorney General in the Family Law Division where she handled child abuse and neglect cases, juvenile offender cases, guardianship cases, and adoption cases. After ten years with the Family Law Division, Ms. Shikada was asked to head the Felix Unit under the Education Division, which was successful in being found in compliance with the Felix Consent Decree and meeting its goal to ensure that the State met its responsibility in providing educational and mental health services to special needs students. From there, Ms. Shikada was appointed as the Supervisor of the Education Division until April of 2021, when she accepted the position of First Deputy Attorney General.

Testimony in support of Ms. Shikada commends her commitment to public service, deep institutional knowledge, and strong leadership within the Department of the Attorney General. Ms. Shikada has impressed fellow co-workers with her integrity and strong sense of fairness, as well as her legal insight gained over thirty years of working in public service. She is also commended for her dedication to her deputies, standards of professionalism, and energetic and positive attitude. However, your Committee notes that testimony also revealed that there are problems within the Department of the Attorney General to which Ms. Shikada is challenged to improve.

Your Committee finds that Holly Shikada has the experience, expertise, and temperament to be the Attorney General of the State of Hawaii, and in that capacity she will protect the interests of the State while also protecting the rights of the residents and communities of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Acasio, Keohokalole, Fevella). Noes, none. Excused, none.

SCRep. 3996 Energy, Economic Development, and Tourism on Gov. Msg. No. 861

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY

G.M. No. 861 DAVELYN KALIPI, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Davelyn Kalipi for service on the Board of Directors of the Natural Energy Laboratory of Hawaii Authority.

Your Committee received testimony in support of the nomination for the appointment of Davelyn Kalipi from the Department of Business, Economic Development, and Tourism and sixteen individuals.

Upon review of the testimony, your Committee finds that Ms. Kalipi's knowledge, experience, and commitment to serve the public qualify her for appointment to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority as a member from the general public with knowledge, interest, and proven expertise in, but not limited to, one or more of the following fields: finance, commerce and trade, corporate management, marketing, economics, engineering, energy management, real estate development, property management, aquaculture, and ocean science, pursuant to section 227D-2, Hawaii Revised Statutes. For four years, Ms. Kalipi has worked for Progression Energy, LLC, an Oregon-based company that develops, finances, constructs and operates renewable energy projects and is currently their Chief Strategy Officer and Executive Vice President of Development for Hawaii and the Pacific. She is also the President of Kalipi Enterprises, LLC, a company that provides consulting services for community-based economic development in the areas of food security, energy security, and community empowerment. Your Committee notes that Ms. Kalipi received a Bachelor of Arts with a double major in Government & Politics and Economics from George Mason University and a Juris Doctorate from the George Washington University Law School. She has over twenty-five years of work experience and an understanding of government, strategic planning, and economic development. Your Committee further finds that she is currently on the Board of Directors for PBS Hawaii and Blue Planet Foundation and has a thorough understanding of the role and responsibilities of board members. Her experience and knowledge will be assets to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority. Your Committee therefore recommends that Davelyn Kalipi be appointed to the Board of Directors of the Natural Energy Laboratory of Hawaii Authority based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3997 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 796 and 797

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS

G.M. No. 796 RODRIGO ROMO, for a term to expire 06-30-2023; and

G.M. No. 797 AMBER IMAI-HONG, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Rodrigo Romo and Amber Imai-Hong for service on the Board of Directors of the Pacific International Space Center for Exploration Systems.

RODRIGO ROMO

Your Committee received testimony in support of the nomination for the appointment of Rodrigo Romo from the University of Hawai'i at Hilo, Hawaii Island Economic Development Board, and eleven individuals.

Upon review of the testimony, your Committee finds that Mr. Romo's knowledge, experience, and desire to serve the people of Hawaii qualify him for appointment to the Board of Directors of the Pacific International Space Center for Exploration Systems as a member from government, industry, and academia, both national and international, with appropriate professional interests and backgrounds, pursuant to section 304A-3353, Hawaii Revised Statutes. Mr. Romo has been the Visitor Information Station manager for the Maunakea Observatories Support Services since July 2021. Prior to that, he was the Program Director for the Pacific International Space Center for Exploration Systems from 2016 to 2021, where he guided projects for applied research and workforce development and programs to promote and encourage women in STEM (Science, Technology, Engineering, and Mathematics). Your Committee notes that Mr. Romo has a Bachelor of Science in Chemical Engineering from Iteso University in Guadalajara, Mexico, a Master of Business Administration from the University of Arizona, and almost thirty years of diverse work experience. During the hearing, he not only expressed his passion for aerospace and diversifying the economy of the State, but believes that Hawaii has great

opportunities to develop a strong aerospace industry and that the Pacific International Space Center for Exploration Systems can play a key role in supporting and helping future generations launch careers in aerospace and other technology-related careers. Your Committee further finds that Mr. Romo has a thorough understanding of the role and responsibilities of board members and his experience and knowledge will be assets to the Board of Directors of the Pacific International Space Center for Exploration Systems. Your Committee therefore recommends that Rodrigo Romo be appointed to the Board of Directors of the Pacific International Space Center for Exploration Systems based on his experience, knowledge, and desire to serve the public.

AMBER IMAI-HONG

Your Committee received testimony in support of the nomination for the appointment of Amber Imai-Hong from the University of Hawai'i at Hilo, Hawaii Island Economic Development Board, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Imai-Hong's knowledge, experience, and desire to serve the people of Hawaii qualify her for appointment to the Board of Directors of the Pacific International Space Center for Exploration Systems as a member from government, industry, and academia, both national and international, with appropriate professional interests and backgrounds that is nominated from a list of nominees submitted by the President of the Senate, pursuant to section 304A-3353, Hawaii Revised Statutes. Ms. Imai-Hong has been an avionics engineer and Program Director at the Hawaii Space Flight Laboratory since June 2012. As a part of her duties, she directs the 101 CubeSat Program, which includes mentoring approximately twenty students who will launch an educational satellite kit into low earth orbit later this year. Prior to that, she was an outreach specialist at the Hawaii Space Grant Consortium. Your Committee notes that Ms. Imai-Hong has a Bachelor of Science in Electrical Engineering with a focus in Electrophysics from the University of Hawaii at Manoa and over fourteen years of experience in the small satellite community. According to the testimony from the University of Hawaii at Hilo, Ms. Imai-Hong is an exemplary role model to other Hawai'i Island students, in particular women, who want to pursue a career in STEM (Science, Technology, Engineering, and Mathematics) fields, and her appointment will strengthen current initiatives for engaging students across the State in activities and programs that foster growth in STEM. Your Committee further finds that she has a thorough understanding of the role and responsibilities of board members. Her experience and knowledge will be assets to the Board of Directors of the Pacific International Space Center for Exploration Systems. Your Committee therefore recommends that Amber Imai-Hong be appointed to the Board of Directors of the Pacific International Space Center for Exploration Systems based on her experience, knowledge, and desire to serve the public.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 3998 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 829, 830, 831, 832, and 833

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII TOURISM AUTHORITY

- G.M. No. 829 JAMES MCCULLY, for a term to expire 06-30-2026;
- G.M. No. 830 STEPHANIE IONA, for a term to expire 06-30-2026;
- G.M. No. 831 KIMBERLY AGAS, for a term to expire 06-30-2026;
- G.M. No. 832 FAYLENE DUARTE, for a term to expire 06-30-2026; and
- G.M. No. 833 MICHAEL WHITE, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by James McCully, Stephanie Iona, Kimberly Agas, Faylene Duarte, and Michael White for service on the Board of Directors of the Hawaii Tourism Authority.

JAMES MCCULLY

Your Committee received testimony in support of the nomination for the appointment of James McCully from the Office of the Mayor of the County of Hawaii, HPM Building Supply, Ulu Development, and ten individuals.

Upon review of the testimony, your Committee finds that Mr. McCully's experience, knowledge, and dedication to public service qualify him for appointment to the Board of Directors of the Hawaii Tourism Authority as a representative of the County of Hawaii pursuant to section 201B-2(b)(2), Hawaii Revised Statutes. Your Committee further finds that Mr. McCully has lived on the island of Hawaii for his entire adult life, and has been a farmer since 1976. He is deeply involved in the community and has been a member of numerous farm and small business associations, in addition to the Hawaii Island Chamber of Commerce and the Hawaii Island Economic Development Board. Your Committee notes that Mr. McCully was a member of the Hawaii County Board of Appeals beginning in 2017, and served as chairperson of that body from 2018 to 2021. Your Committee additionally finds that Mr. McCully's considerable experience as a farmer and small business owner, as well as his extensive connections with the community, gives him a unique and valuable perspective of the tourism-related impacts and resources of the County of Hawaii in particular, and in the State as a whole. His knowledge and integrity will be great assets to the Hawaii Tourism Authority. Your Committee therefore recommends that James McCully be appointed to the Board of Directors of the Hawaii Tourism Authority based on his experience, history of public service, and commitment to community engagement.

STEPHANIE IONA

Your Committee received testimony in support of the nomination for the appointment of Stephanie Iona from the Office of the Managing Director of the County of Kaua'i; Kauai Filipino Chamber of Commerce; Sunrise Capital, Inc.; Hawai'i Lodging & Tourism Association; Historic Waimea Theater and Cultural Arts Center; Hawaii Food Service Alliance, LLC; Hawai'i Farm Bureau; Kaua'i Economic Development Board; Grove Farm; and nine individuals.

Upon review of the testimony, your Committee finds that Ms. Iona's experience, knowledge, and commitment to supporting and serving her community qualify her for appointment to the Board of Directors of the Hawaii Tourism Authority as a member selected from a list submitted by the President of the Senate and representative of the County of Kauai pursuant to section 201B-2(b)(2), Hawaii Revised Statutes. Your Committee further finds that Ms. Iona worked in management and development roles at numerous hotels and resort properties from 1971 to 2013. She has been involved in positions of leadership in numerous projects and enterprises within the tourism industry that involved balancing visitor interests with the need to preserve natural resources, providing housing and food support to vulnerable members of the community, and providing rewarding and authentic experiences to visitors from outside the State. Your Committee notes that Ms. Iona also has significant experience as a leader in business outside of the tourism industry, and has been a member of the Hawaii Health Systems Corporation Kauai Region Board for more than eight years, serving as chairperson for the last three years. Your Committee additionally finds that she is active in the community, and has served on numerous boards and committees, including the Kauai Chamber of Commerce and the Kauai Visitors Bureau. Her experience, expertise, and deep connections throughout the tourism industry will be great assets to the Hawaii Tourism Authority. Your Committee therefore recommends that Stephanie Iona be appointed to the Board of Directors of the Hawaii Tourism Authority based on her experience, knowledge, and proven history of service to her community.

KIMBERLY AGAS

Your Committee received testimony in support of the nomination for the appointment of Kimberly Agas from the Hawai'i Lodging & Tourism Association.

Upon review of the testimony, your Committee finds that Ms. Agas' experience, expertise, and willingness to serve qualify her for appointment to the Board of Directors of the Hawaii Tourism Authority as a member selected from a list submitted by the Speaker of the House of Representatives. Your Committee further finds that Ms. Agas has worked in hotel and resort management continuously since 1989. She has been the General Manager of the Aulani Disney Resort and Spa since 2011, and prior to that, was Vice President of Operations for Outrigger Beachfront Deluxe Resorts. In both of these executive leadership roles, her duties have included managing resort operations, in addition to strategic planning responsibilities and coordinating with numerous community and industry stakeholders. Your Committee notes that Ms. Agas has been active in the community outside the tourism industry as well, and has served on the Board of Directors of the Honolulu Zoological Society and Board of Directors of the Bishop Museum Association Council. Her extensive knowledge of the tourism industry, experience, and leadership abilities will be great assets to the Hawaii Tourism Authority. Your Committee therefore recommends that Kimberly Agas be appointed to the Board of Directors of the Hawaii Tourism Authority based on her executive qualifications, knowledge, and commitment to serving her community.

FAYLENE DUARTE

Your Committee received testimony in support of the nomination for the appointment of Faylene Duarte from Āina Aloha Economic Futures Initiative Hui, Council for Native Hawaiian Advancement, Hawaii Investment Ready, Oahu Economic Development Board, The Trust for Public Land, and eleven individuals.

Upon review of the testimony, your Committee finds that Ms. Duarte's experience, knowledge, and commitment to public service qualify her for appointment to the Board of Directors of the Hawaii Tourism Authority as a member selected from a list submitted by the Speaker of the House of Representatives. Your Committee further finds that Ms. Duarte has held a variety of positions related to education and cultural preservation throughout her career, in addition to being a small business owner. She has served as Head of School for Kano o ka 'Āina New Century Public Charter School and Hālau Kū Māna New Century Public Charter School, and facilitated strategic change processes at both institutions that increased enrollment, expanded academic opportunities, and improved outcomes for students. Your Committee notes that Ms. Duarte is active in the community and is a member of several boards and public service organizations, including the Trust for Public Land, Friends of 'Iolani Palace, and O'ahu Economic Development Board. She is an experienced cultural educator and practitioner, and her extensive knowledge and expertise will be great assets to the Hawaii Tourism Authority. Your Committee therefore recommends that Faylene Duarte be appointed to the Board of Directors of the Hawaii Tourism Authority based on her experience, qualifications, and desire to serve the public.

MICHAEL WHITE

Your Committee received testimony in support of the nomination for the appointment of Michael White from the Office of the Mayor of the County of Maui, one member of the Maui County Council, Hawai'i Lodging & Tourism Association, Council for Native Hawaiian Advancement, Maui Hotel & Lodging Association, Hawai'i Farm Bureau, and two individuals.

Upon review of the testimony, your Committee finds that Mr. White's experience, knowledge, and willingness to serve qualify him for appointment to the Board of Directors of the Hawaii Tourism Authority. Your Committee finds that he is currently the general manager of the Kā'anapali Beach Hotel and The Plantation Inn, and that he has held this position since 1985. Prior to his current position, he had worked in resort and hotel management at a variety of properties since 1971. Your Committee notes that Mr. White served in the state House of Representatives from 1993 to 1998 as the Representative for District 7, serving West Maui, Moloka'i, Lāna'i, and Kaho'olawe, as well as serving on the Maui County Council as Council Member and Council Chair from 2011 to 2018. In addition, he is a member of numerous professional and community organizations relating to tourism, including the Hawaiian Cultural Program Advisory Council of the Hawaii Tourism Authority and the Board of Directors of the Native Hawaiian Hospitality Association. His extensive experience in the tourism industry, expertise, and commitment to serving the community will be great assets to the Hawaii Tourism Authority. Your Committee therefore recommends that Michael White be appointed to the Board of Directors of the Hawaii Tourism Authority based on his experience, knowledge, and dedication to community engagement.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 3999 Transportation on Gov. Msg. Nos. 837, 838, 839, 840, 841, 842, 843, 844, 845, 848, 849, 850, 851, and 852

Recommending that the Senate advise and consent to the nominations of the following:

STATE HIGHWAY SAFETY COUNCIL

- G.M. No. 837 WILLIAM PAIK, for a term to expire 06-30-2024;
- G.M. No. 838 DAVID MA, for a term to expire 06-30-2025;
- G.M. No. 839 JESSICA THOMPSON, for a term to expire 06-30-2023;
- G.M. No. 840 KEVAN GAUG, for a term to expire 06-30-2025;
- G.M. No. 841 MICHAEL PACKARD, for a term to expire 06-30-2025;
- G.M. No. 842 GARETH SAKAKIDA, for a term to expire 06-30-2025;
- G.M. No. 843 JAYLEN MURAKAMI, for a term to expire 06-30-2023;
- G.M. No. 844 JACQUELINE BOLAND, for a term to expire 06-30-2022;
- G.M. No. 845 JACQUELINE BOLAND, for a term to expire 06-30-2026;
- G.M. No. 848 CONSTANCE MITCHELL, for a term to expire 06-30-2022;
- G.M. No. 849 CONSTANCE MITCHELL, for a term to expire 06-30-2026;
- G.M. No. 850 BEVERLEY BRODY, for a term to expire 06-30-2025;
- G.M. No. 851 WILLIAM HANKINS, for a term to expire 06-30-2022; and
- G.M. No. 852 WILLIAM HANKINS, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by William Paik, David Ma, Jessica Thompson, Kevan Gaug, Michael Packard, Gareth Sakakida, Jaylen Murakami, Jacqueline Boland, Constance Mitchell, Beverley Brody, and William Hankins for service on the State Highway Safety Council.

WILLIAM PAIK

Your Committee received testimony in support of the nomination for the appointment of William Paik from the Department of Transportation.

Upon review of the testimony, your Committee finds that Mr. Paik's experience and knowledge qualify him for appointment to the State Highway Safety Council. Mr. Paik began working in engineering projects in 1966 and has decades of experience in strategic planning and managing transportation engineering and construction operations and projects, with many of these projects being for the Hawaii Department of Transportation. His expertise in safety and quality control will be a great asset to work zone safety and the Council. Your Committee therefore recommends that William Paik be appointed to the State Highway Safety Council based on his proven experience and knowledge.

DAVID MA

Your Committee received testimony in support of the nomination for the appointment of David Ma from the Department of Transportation, City and County of Honolulu Department of Transportation Services, and the Hawaii Automobile Dealers' Association.

Upon review of the testimony, your Committee finds that Mr. Ma's experience and knowledge qualify him for appointment to the State Highway Safety Council. Mr. Ma is a Civil and Environmental Engineering professor at the University of Hawaii at Manoa. He is an accomplished researcher, securing approximately twenty million dollars in grants at the University of Hawaii since 2008. Mr. Ma has also previously worked with the Department of Transportation on projects including traffic signal upgrades, connected and autonomous vehicle pilots, and vulnerability studies for shoreline roadways. Mr. Ma's deep knowledge of transportation and its environmental impact as well as policy make him a unique asset to the Council. Your Committee therefore recommends that David Ma be appointed to the State Highway Safety Council based on his knowledge, skill set, and experience.

JESSICA THOMPSON

Your Committee received testimony in support of the nomination for the appointment of Jessica Thompson from the Department of Transportation, Ulupono Initiative, AlohaCare, Bikeshare Hawaii, Hawai'i Public Health Institute, and seven individuals.

Upon review of the testimony, your Committee finds that Ms. Thompson's proven leadership skills qualify her for appointment to the State Highway Safety Council. Ms. Thompson has been an executive director for various companies since 2013, including Community Warehouse, Oregon Walks, and most recently, People for Active Transportation Hawaii (PATH). Her current duties for PATH include managing, facilitating, and promoting equity informed transportation projects around vulnerable road users, and has additionally secured over one million dollars in active transportation investments. Ms. Thompson's background in management and

current experience with Hawaii's Vision Zero Task Force make her a great asset to the Council. Your Committee therefore recommends that Jessica Thompson be appointed to the State Highway Safety Council based on her proven leadership and experience.

KEVAN GAUG

Your Committee received testimony in support of the nomination for the appointment of Kevan Gaug from the Department of Transportation, City and County of Honolulu Department of Transportation Services, AARP Hawaii, Ulupono Initiative, Bikeshare Hawaii, Blue Planet, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Gaug's experience and knowledge qualify him for appointment to the State Highway Safety Council. Mr. Gaug serves as the Senior Vice President at Ulupono Initiative and has worked in positions relating to analysis and strategic evaluation since 2003. Ulupono's goals include the electrification of transportation and encouraging the expansion of safe, active transportation options, and Mr. Gaug's work with managing investments to reach these goals will be a skill with great application to the Council. Your Committee therefore recommends that Kevan Gaug be appointed to the State Highway Safety Council based on his proven experience and unique skill set.

MICHAEL PACKARD

Your Committee received testimony in support of the nomination for the appointment of Michael Packard from the Department of Transportation; Department of Transportation Services; City and County of Honolulu Department of Health; City and County of Honolulu Department of Planning and Permitting; one member of the Honolulu City Council; AARP Hawaii; Ulupono Initiative; SSFM International, Inc.; Hawaii Bicycling League; Bikeshare Hawaii; Hawai'i Public Health Institute; and seventeen individuals.

Upon review of the testimony, your Committee finds that Mr. Packard's experience and knowledge qualify him for appointment to the State Highway Safety Council. Mr. Packard is a Senior Traffic Engineer at SSFM International and has over twenty years of progressive traffic engineering and transportation planning experience, including operations analysis, network planning, and pedestrian facility design. Mr. Packard has additionally worked with the Department of Transportation on multiple roadway safety projects. Mr. Packard's extensive work on improving the safety and accessibility of infrastructure for vulnerable road users make him a great asset to the Council. Your Committee therefore recommends that Michael Packard be appointed to the State Highway Safety Council based on his proven experience and knowledge.

GARETH SAKAKIDA

Your Committee received testimony in support of the nomination for the appointment of Gareth Sakakida from the Department of Transportation, City and County of Honolulu Department of Transportation Services, and one individual.

Upon review of the testimony, your Committee finds that Mr. Sakakida's experience and knowledge qualify him for appointment to the State Highway Safety Council. Since 1990, Mr. Sakakida has served as the managing director for the Hawaii Transportation Association where promoting commercial motor vehicle safety is one of his main priorities. His duties include working with federal, state, and county agencies as well as with private and citizens' groups on issues involving transportation. Mr. Sakakida's wide breadth of knowledge involving transportation groups and divisions in Hawaii make him a unique asset to the Council. Therefore, your Committee recommends that Gareth Sakakida be appointed to the State Highway Safety Council based on his unique experience and knowledge.

JAYLEN MURAKAMI

Your Committee received testimony in support of the nomination for the appointment of Jaylen Murakami from the Department of Transportation, Department of Health, Ulupono Initiative, AlohaCare, Hawai'i Public Health Institute, Blue Zones Project, Get Fit Kauai, and one individual.

Upon review of the testimony, your Committee finds that Ms. Murakami's experience and knowledge qualify her for appointment to the State Highway Safety Council. Ms. Murakami has been working as an advocacy and outreach coordinator at the Hawaii Public Health Institute since 2016. She helped to convene several coalitions, including the Obesity Prevention Task Force which works to make healthier lifestyles obtainable for all Hawaii residents. As part of this task force, Ms. Murakami has supported several pieces of legislation related to highway safety. Ms. Murakami's experiences with public advocacy regarding transportation safety make her a great asset to the Council. Your Committee therefore recommends that Jaylen Murakami be appointed to the State Highway Safety Council based on her experience and skill set.

JACQUELINE BOLAND

Your Committee received testimony in support of the nominations for the appointment and reappointment of Jacqueline Boland from the Department of Transportation, Department of Health, City and County of Honolulu Department of Planning and Permitting, AARP Hawaii, Ulupono Initiative, AlohaCare, Hawai'i Public Health Institute, Age-Friendly Honolulu, Bikeshare Hawaii, and eight individuals.

Upon review of the testimony, your Committee finds that Ms. Boland's experience, knowledge, and dedication to safety qualify her for appointment and reappointment to the State Highway Safety Council. Ms. Boland has worked with AARP Hawaii as an associate state director since 2000. Her duties include community education and outreach, which involves creating public education campaigns focusing on pedestrian and driver safety among other issues. Furthermore, Ms. Boland has experience collaborating with policy makers and the public, as she was instrumental in the passing of Act 54, Session Laws of Hawaii 2009, Hawaii's Complete Streets policies. Ms. Boland's decades of work with AARP and commitment to transportation safety make her a great asset to the Council. Your Committee therefore recommends that Jacqueline Boland be appointed and reappointed to the State Highway Safety Council based on her experience, knowledge, and dedication.

CONSTANCE MITCHELL

Your Committee received testimony in support of the nominations for the appointment and reappointment of Constance Mitchell from the Department of Transportation; Governor's Coordinator on Homelessness; Matson Navigation Company, Inc; and two individuals.

Upon review of the testimony, your Committee finds that Ms. Mitchell's leadership experience and knowledge qualify her for appointment and reappointment to the State Highway Safety Council. Ms. Mitchell has served as the Executive Director of the Institute for Human Services since 2006. As Executive Director, Ms. Mitchell grew the organization's budget from 4.5 million dollars to twenty-six million dollars and more than tripled the number of staff. The Institute of Human Services provides shelter and services to the homeless as well as providing supporting services to Hawaii's most vulnerable population. Ms. Mitchell's deep understanding of the needs of the community and unique insight on the perspectives of the homeless make her a great asset to the Council. Your Committee therefore recommends that Constance Mitchell be appointed and reappointed to the State Highway Safety Council based on her proven leadership and unique knowledge.

BEVERLEY BRODY

Your Committee received testimony in support of the nomination for the appointment of Beverley Brody from the Department of Transportation, Department of Transportation Highways Division Kauai District, Department of Health, Ulupono Initiative, AlohaCare, Hawai'i Public Health Institute, Kauai Path, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Brody's knowledge, experience, and dedication qualify her for appointment to the State Highway Safety Council. Since 2016, Ms. Brody has worked as the Director of the Healthy Eating Active Living (HEAL) coalition of Kauai County which works to increase physical activity and better nutrition among the people of Kauai County with a strong emphasis on policy and environmental change. The coalition has also advocated for stronger safety targets that led to Complete Streets and Safe Routes to School as a departmental priority. Ms. Brody's passion for traffic safety and her experience in directing a coalition working toward both community outreach and policy changes make her a great asset to the Council. Your Committee therefore recommends that Beverley Brody be appointed to the State Highway Safety Council based on her knowledge, experience, and dedication.

WILLIAM HANKINS

Your Committee received testimony in support of the nominations for the appointment and reappointment of William Hankins from the Department of Transportation, one member of the Maui County Council, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Hankins' experience and dedication qualify him for appointment and reappointment to the State Highway Safety Council. Mr. Hankins recently retired from the Maui Police Department (MPD) after over thirty years of service. Most of these thirty years were in the traffic division where he ended his career as Commander. Mr. Hankins worked with both the community and policy makers to deter impaired driving, and his campaign slogans to get drivers to follow the speed limits on Maui highways even made the national news. Mr. Hankins' dedication to traffic safety and unique enforcement experience make him a great asset to the Council. Your Committee therefore recommends that William Hankins be appointed and reappointed to the State Highway Safety Council based on his proven experience and service to his community.

As affirmed by the records of votes of the members of your Committee on Transportation that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 4000 Transportation on Gov. Msg. Nos. 846 and 847

Recommending that the Senate advise and consent to the nominations of the following:

STATE HIGHWAY SAFETY COUNCIL

G.M. No. 846 EDWARD WERNER, for a term to expire 06-30-2022; and

G.M. No. 847 EDWARD WERNER, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Edward Werner for service on the State Highway Safety Council.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Edward Werner from the Department of Transportation, City and County of Honolulu Department of Transportation Services, Iron Workers Stabilization Fund, Build Team 50, Malama Makua, and thirteen individuals.

Upon review of the testimony, your Committee finds that Mr. Werner's dedication and experience qualify him for appointment and reappointment to the State Highway Safety Council. Mr. Werner has spent many years as a community advocate for road safety. He was instrumental in creating Kaulana's Law in 2017 which enhanced criminal penalties for individuals convicted of drunk driving and negligent homicide. Mr. Werner has also coordinated multiple community highway safety events and has partnered with the Department of Transportation, Department of Education, and the Honolulu Police Department, as well as various other community groups, safety related companies, and schools. Mr. Werner's exemplary initiative and his experiences working with policy and community groups will be a great asset to the Council. Your Committee therefore recommends that Edward Werner be appointed and reappointed to the State Highway Safety Council based on his dedication and experience.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Inouye, Fevella).

SCRep. 4001 Transportation on Gov. Msg. No. 779

Recommending that the Senate advise and consent to the nomination of the following:

MEDICAL ADVISORY BOARD

G.M. No. 779 SUZIE NEMMERS, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Suzie Nemmers for service on the Medical Advisory Board.

Your Committee received testimony in support of the nomination for the appointment of Suzie Nemmers from the Department of Transportation.

Upon review of the testimony, your Committee finds that Dr. Nemmers' medical experience and knowledge qualify her for appointment to the Medical Advisory Board. Dr. Nemmers is a physician and surgeon licensed in three states and currently works in the Department of Ophthalmology at Tripler Army Medical Center. She has been practicing medicine out of post-graduate training since 2001. Dr. Nemmers' expertise in eye and vision care will be a great asset to the Medical Advisory Board, and thus your Committee recommends that Suzie Nemmers be appointed to the Medical Advisory Board based on her proven experience and knowledge.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4002 Energy, Economic Development, and Tourism on Gov. Msg. Nos. 824 and 825

Recommending that the Senate not advise and consent to the nominations of the following:

STADIUM AUTHORITY

G.M. No. 824 WILFRED OKABE, for a term to expire 06-30-2022; and

G.M. No. 825 WILFRED OKABE, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Wilfred Okabe for service on the Stadium Authority.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Wilfred Okabe from the Department of Business, Economic Development, and Tourism; Hawai'i Police Department; Hawaii County Office of Aging; and twenty-five individuals.

Your Committee finds that Mr. Okabe received his Bachelor of Science degree in Elementary and Secondary Education from Willamette University, and later received his Master of Education degree from Heritage College. He taught at Pahoehoe High and Intermediate School and Hilo High School before serving as the President of the Hawaii State Teachers Association from 2009 to 2015. Your Committee further finds that Mr. Okabe served as Managing Director for the County of Hawaii from 2016 to 2019, and was instrumental in keeping the people of the County of Hawaii informed and coordinated during the 2018 Lower Puna Eruption and lava flow. Your Committee notes that Mr. Okabe is active in the community and is a member of numerous commissions and associations, including serving on the State Aquatic and Wildlife Commission as a board member and the Hawaii County Fire Commission and Hawaii County Police Commissions as chairperson.

Your Committee finds that the Stadium Authority has, pursuant to section 109-1(a), Hawaii Revised Statutes, a responsibility to "maintain, operate, and manage the stadium development district." Section 109-2, Hawaii Revised Statutes, further lists the powers and duties of the Stadium Authority as follows:

- (1) To repair, maintain, and operate stadium facilities and the stadium development district, including:
 - (A) Repairs, maintenance, operations, and demolition of existing stadium facilities;
 - (B) Operations and maintenance of a new stadium; and
 - (C) Contractual payments to developers, contractors, or management contractors engaged by the stadium authority;
 - (2) To coordinate in planning, design, and construction activities, including on-site repairs, within the stadium development district;
- ***
- (4) To prescribe and collect rents, fees, and charges for the use or enjoyment of the stadium, facilities related to the stadium, and real property held by the stadium authority, including entering into leases, contracts, sponsorship and advertising agreements,

food and beverage agreements, concession agreements, parking agreements, or other development and use agreements that may apply; provided that leases shall not exceed a term of ninety-nine years; [and]

(8) To plan, promote, and market the stadium and related facilities

Your Committee further finds that, especially in light of ongoing construction and development projects relating to the stadium, fulfilling the responsibilities, powers, and duties of the Stadium Authority requires significant business, development and planning acumen, as well as specialized knowledge and experience in the fields of land management, finance, and construction.

Your Committee has reviewed the background information and testimony submitted and finds that Mr. Okabe is a skilled educator, administrator, and leader with a proven commitment to integrity and collaborative problem-solving. His diverse experience, perspective, and range of skills are valuable assets and he has used them to great effect in the diligent and passionate service of the community. However, your Committee does not believe that Mr. Okabe is qualified to fulfill the statutorily mandated responsibilities and duties of a member of the Stadium Authority. Specifically, your Committee does not find that Mr. Okabe currently possesses the specialized expertise in land management, finance, and construction to further the projects being currently undertaken by the Stadium Authority.

Therefore, your Committee cannot recommend with full confidence a nominee who does not immediately possess the specialized skills necessary to fulfill the duties of members of the Stadium Authority. Although Mr. Okabe could likely gain those skills while serving as a member, the accelerated timetable of the important projects currently being undertaken by the Stadium Authority requires a nominee who would be able to immediately perform the duties of the Authority with a high degree of understanding and competency.

As affirmed by the records of votes of the members of your Committee on Energy, Economic Development, and Tourism that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, recommends that the Senate not advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 4003 Health on Gov. Msg. Nos. 673, 674, 675, 676, and 682

Recommending that the Senate advise and consent to the nominations of the following:

LANGUAGE ACCESS ADVISORY COUNCIL

G.M. No. 673 BARBARA TOM, for a term to expire 06-30-2024;

G.M. No. 674 LYDIA PAVON, for a term to expire 06-30-2024;

G.M. No. 675 CHARLOTTE HUANG, for a term to expire 06-30-2022;

G.M. No. 676 CHARLOTTE HUANG, for a term to expire 06-30-2026; and

G.M. No. 682 RANDALL LANDRY II, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Barbara Tom, Lydia Pavon, Charlotte Huang, and Randall Landry II for service on the Language Access Advisory Council.

BARBARA TOM

Your Committee received testimony in support of the nomination for the appointment of Barbara Tom from the Office of Language Access, Hawai'i Coalition for Immigrant Rights, Pacific Gateway Center, and four individuals.

Upon review of the testimony, your Committee finds that Ms. Tom's experience working with limited English speakers, commitment to public service, and dedication to ensuring that limited English speakers have equal access to government services, qualify her for appointment to the Language Access Advisory Council. Ms. Tom is currently the Director of Waipahu Safe Haven, a project within the Waipahu Community Association. In this position, Ms. Tom is responsible for the operation of the Immigrant/Migrant Resource Center, an organization that addresses the social determinants of health, education, and welfare, by providing language access services to help clientele address all areas of need. Ms. Tom also has more than twenty years of experience working as a public health nurse at the Hawaii Department of Health. Your Committee further finds that Ms. Tom's service on the Language Access Advisory Council fulfills the requirement of section 321C-7, Hawaii Revised Statutes, that a member be a representative of a covered entity. Your Committee therefore recommends that Barbara Tom be appointed to the Language Access Advisory Council based on her experience working with limited English speakers and commitment to ensuring that limited English speakers have equal access to government services.

LYDIA PAVON

Your Committee received testimony in support of the nomination for the reappointment of Lydia Pavon from the Department of Health and Domestic Violence Action Center.

Upon review of the testimony, your Committee finds that Ms. Pavon's experience as an advocate for limited English proficient victims of domestic violence, commitment to public service, and dedication to ensuring that limited English speakers have equal access to government services, qualify her for reappointment to the Language Access Advisory Council. Ms. Pavon is currently the Housing Manager – Survivor Advocacy Services at the Domestic Violence Action Center, an advocacy organization that provides services to limited English proficient individuals. As an advocate for limited English proficient individuals, Ms. Pavon meets with individuals from different communities and cultures, which gives her firsthand knowledge about the challenges faced by the State's diverse limited English proficient individuals, especially in the area of language access. Your Committee further finds that Ms. Pavon's service on the

Language Access Advisory Council fulfills the requirement of section 321C-7, Hawaii Revised Statutes, that a member be a representative of an advocacy organization that provides services to limited English proficient persons. Your Committee notes that Ms. Pavon currently serves on the Language Access Advisory Council and therefore is already familiar with its work. Your Committee therefore recommends that Lydia Pavon be reappointed to the Language Access Advisory Council based on her experience as an advocate for limited English proficient victims of domestic violence and commitment to ensuring that limited English speakers have equal access to government services.

CHARLOTTE HUANG

Your Committee received testimony in support of the nominations for the appointment and reappointment of Charlotte Huang from the Office of Language Access and one individual.

Upon review of the testimony, your Committee finds that Ms. Huang's experience as a person with limited English proficiency navigating State resources, commitment to public service, and dedication to ensuring that limited English speakers have equal access to government services, qualify her for appointment and reappointment to the Language Access Advisory Council. Ms. Huang, an immigrant from China, is multi-lingual and fluent in Cantonese and Mandarin, with English as her next language. Ms. Huang formerly worked for more than sixteen years with Child and Family Service, a nonprofit organization dedicated to strengthening families and fostering the healthy development of children, where she provided services to limited and non-English speaking clients. Ms. Huang helped immigrant families and their children to assimilate into the community where they live, assisted them with immigration issues, placed them in employment with the right employers, and linked them to community resources so they could become self-sufficient. Your Committee further finds that Ms. Huang's service on the Language Access Advisory Council fulfills the requirement of section 321C-7, Hawaii Revised Statutes, that a member be a representative of the limited English proficient population who has an interest in the provision of oral language services. Your Committee notes that Ms. Huang currently serves on the Language Access Advisory Council and therefore is already familiar with its work. Your Committee therefore recommends that Charlotte Huang be appointed and reappointed to the Language Access Advisory Council based on her experience as a person with limited English proficiency navigating State resources and commitment to ensuring that limited English speakers have equal access to government services.

RANDALL LANDRY II

Your Committee received testimony in support of the nomination for the appointment of Randall Landry II from the Department of Transportation, Office of Language Access, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Landry's experience as a government employee, commitment to public service, and dedication to ensuring that limited English speakers have equal access to government services, qualify him for appointment to the Language Access Advisory Council. Mr. Landry received his Juris Doctor from the University of Texas School of Law and is a member of the Hawaii State Bar Association. Mr. Landry currently resides in the City and County of Honolulu and is employed as a Title VI Program Specialist at the Department of Transportation. In this position, Mr. Landry is responsible for the coordination, planning, and development of statewide programs relating to meaningful access to the Department of Transportation's services and programs for limited English proficiency individuals. Mr. Landry is also a designated Language Access Coordinator for the Department of Transportation. Your Committee further finds that Mr. Landry's service on the Language Access Advisory Council fulfills the requirement of section 321C-7, Hawaii Revised Statutes, that a member be a representative residing in the City and County of Honolulu who has shown interest in language access. Your Committee therefore recommends that Randall Landry II be appointed to the Language Access Advisory Council based on his experience a government employee and commitment to ensuring that limited English speakers have equal access to government services.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4004 Health on Gov. Msg. Nos. 669, 670, 671, and 672

Recommending that the Senate advise and consent to the nominations of the following:

DISABILITY AND COMMUNICATION ACCESS BOARD

- G.M. No. 669 ANTHONY AKAMINE, for a term to expire 06-30-2026;
- G.M. No. 670 ROSANNA DANIEL-KANETAKE, for a term to expire 06-30-2026;
- G.M. No. 671 VIOLET HORVATH, for a term to expire 06-30-2026; and
- G.M. No. 672 RONALD AWA, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Anthony Akamine, Rosanna Daniel-Kanetake, Violet Horvath, and Ronald Awa for service on the Disability and Communication Access Board.

ANTHONY AKAMINE

Your Committee received testimony in support of the nomination for the reappointment of Anthony Akamine from the Disability and Communication Access Board and one individual.

Upon review of the testimony, your Committee finds that Mr. Akamine's experience as a person living with blindness, commitment to public service, and dedication to ensuring that persons with disabilities have meaningful access to state resources, qualify him for reappointment to the Disability and Communication Access Board. Mr. Akamine is currently employed as an Election Information

Specialist with the State Office of Elections. He is responsible for providing guidance and conducting public education and awareness efforts to ensure that the voting process is accessible to people with disabilities. Your Committee further finds that section 348F-2, Hawaii Revised Statutes, requires that the board include at least nine persons with various types of disabilities. Mr. Akamine's service on Disability and Communication Access Board fulfills this requirement. Your Committee notes that Mr. Akamine currently serves on the Disability and Communication Access Board and therefore is already familiar with its work. Your Committee therefore recommends that Anthony Akamine be reappointed to the Disability and Communication Access Board based on his experience as a person living with blindness and commitment to ensuring that persons with disabilities have meaningful access to state resources.

ROSANNA DANIEL-KANETAKE

Your Committee received testimony in support of the nomination for the reappointment of Rosanna Daniel-Kanetake from the Disability and Communication Access Board.

Upon review of the testimony, your Committee finds that Ms. Daniel-Kanetake's experience as a person with a mobility disability as a wheelchair user, commitment to public service, and dedication to ensuring that persons with disabilities have meaningful access to state resources, qualify her for reappointment to the Disability and Communication Access Board. Ms. Daniel-Kanetake currently works for Child and Family Services, a nonprofit organization dedicated to strengthening families and fostering the healthy development of children. She has several decades of experience working in various social services settings, both for people with disabilities, as well as social services for the general population. Ms. Daniel-Kanetake also served as the Chairperson of the Disability and Communication Access Board's Legislative Committee and as a member of the Executive Committee. Your Committee further finds that section 348F-2, Hawaii Revised Statutes, requires that the board include at least nine persons with various types of disabilities. Ms. Daniel-Kanetake's service on Disability and Communication Access Board fulfills this requirement. Your Committee notes that Ms. Daniel-Kanetake currently serves on the Disability and Communication Access Board and therefore is already familiar with its work. Your Committee therefore recommends that Rosanna Daniel-Kanetake be reappointed to the Disability and Communication Access Board based on her experience as a person with a mobility disability as a wheelchair user and commitment to ensuring that persons with disabilities have meaningful access to state resources.

VIOLET HORVATH

Your Committee received testimony in support of the nomination for the reappointment of Violet Horvath from the University of Hawai'i System, Disability and Communication Access Board, and two individuals.

Upon review of the testimony, your Committee finds that Dr. Horvath's experience in developing projects benefitting persons with disabilities, commitment to public service, and dedication to ensuring that persons with disabilities have meaningful access to State resources, qualify her for reappointment to the Disability and Communication Access Board. Since 2014, Dr. Horvath has been the Director of John A. Burns School of Medicine's Pacific Disabilities Center. The Pacific Disabilities Center is involved in projects on a wide variety of topics, including rehabilitation capacity-building, self-employment outcomes, farm workers with disabilities, rehabilitation technology, transitioning for youth with disabilities, emergency preparedness for persons with disabilities and special health needs, traumatic brain injury implementation projects with industry, and many more. The Pacific Disabilities Center leads projects that improve the lives of persons with disabilities by integrating culturally-based, community-engaged, and technologically innovative solutions throughout the Pacific. Under Dr. Horvath's leadership, the Pacific Disabilities Center has been transformed into an entity that makes a difference in the lives of people with disabilities. Your Committee further finds that Dr. Horvath's service on the Disability and Communication Access Board fulfills the requirement of section 348F-2, Hawaii Revised Statutes, that members include individuals knowledgeable in areas for which the Disability and Communication Access Board has rulemaking authority. Your Committee notes that Dr. Horvath currently serves on the Disability and Communication Access Board and therefore is already familiar with its work. Your Committee therefore recommends that Violet Horvath be reappointed to the Disability and Communication Access Board based on her experience in developing projects benefitting persons with disabilities and commitment to ensuring that persons with disabilities have meaningful access to state resources.

RONALD AWA

Your Committee received testimony in support of the nomination for the reappointment of Ronald Awa from the Disability and Communication Access Board.

Upon review of the testimony, your Committee finds that Mr. Awa's experience as a licensed architect, commitment to public service, and dedication to ensuring that persons with disabilities have meaningful access to state resources, qualify him for reappointment to the Disability and Communication Access Board. Mr. Awa is a licensed architect who is an expert in accessible design for persons with disabilities, specifically with the requirements of the Americans with Disabilities Act Accessibility Guidelines. Mr. Awa also serves as the chairperson for several design review committees that examine proposed plans for compliance with the association's guidelines, including Na Pali Haweo Development, 1350 Ala Moana, and The Imperial Plaza. Your Committee further finds that Mr. Awa's service on the Disability and Communication Access Board fulfills the requirement of section 348F-2, Hawaii Revised Statutes, that members include individuals knowledgeable in areas for which the Disability and Communication Access Board has rulemaking authority. Your Committee notes that Mr. Awa currently serves on the Disability and Communication Access Board and therefore is already familiar with its work. Your Committee therefore recommends that Ronald Awa be reappointed to the Disability and Communication Access Board based on his experience as a licensed architect and commitment to ensuring that persons with disabilities have meaningful access to State resources.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4005 Health on Gov. Msg. Nos. 731, 732, 733, and 761

Recommending that the Senate advise and consent to the nominations of the following:

RADIOLOGIC TECHNOLOGY BOARD

G.M. No. 731 KRISTEN POLENZ, for a term to expire 06-30-2025;

G.M. No. 732 LAURI REDUS, for a term to expire 06-30-2022;

G.M. No. 733 LAURI REDUS, for a term to expire 06-30-2026; and

G.M. No. 761 JARIS KUNIYUKI, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Kristen Polenz, Lauri Redus, and Jaris Kuniyuki for service on the Radiologic Technology Board.

KRISTEN POLENZ

Your Committee received testimony in support of the nomination for the reappointment of Kristen Polenz from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Polenz's experience as a radiographer, commitment to public service, and dedication to ensuring the highest standards of practice in the field of radiology, qualify her for reappointment to the Radiologic Technology Board. Ms. Polenz has been the Director of Radiology at Adventist Health Castle in Kailua and Adventist Health Castle in Kaneohe Clinic since March 2017. Ms. Polenz has been registered with the American Registry of Radiologic Technologists since 2004 and has many years of experience as a radiographer. She obtained her radiographer license from the Department of Health in 2016. Your Committee further finds that Ms. Polenz's service on the Radiologic Technology Board fulfills the requirement of section 466J-2, Hawaii Revised Statutes, that four members have "at least five years' experience and [are] certified in the practice of radiography". Your Committee notes that Ms. Polenz currently serves on the Radiologic Technology Board and therefore is already familiar with its work. Your Committee therefore recommends that Kristen Polenz be reappointed to the Radiologic Technology Board based on her experience as a radiographer and commitment to ensuring the highest standards of practice in the field of radiology.

LAURI REDUS

Your Committee received testimony in support of the nominations for the appointment and reappointment of Lauri Redus from the Department of Health and six individuals.

Upon review of the testimony, your Committee finds that Ms. Redus' experience as a radiographer, commitment to public service, and dedication to ensuring the highest standards of practice in the field of radiology, qualify her for appointment and reappointment to the Radiologic Technology Board. Ms. Redus received her Bachelor's degree in Radiologic Technology from Belmont University in 2006 and a Master's degree in Health Care Leadership from Western Governor's University in 2020. Ms. Redus is registered with the American Registry of Radiologic Technologists and has many years of experience as a radiographer. She obtained her radiographer license from the Department of Health in 2016. Ms. Redus has worked for Straub Medical Center for many years where she has served in various roles, including Radiation Safety Officer and Radiologic Technology Program Didactic Instructor. Your Committee further finds that Ms. Redus' service on the Radiologic Technology Board fulfills the requirement of section 466J-2, Hawaii Revised Statutes, that four members have "at least five years' experience and [are] certified in the practice of radiography, two of whom shall be persons engaged in the hospital practice of radiography". Your Committee therefore recommends that Lauri Redus be appointed and reappointed to the Radiologic Technology Board based on her experience as a radiographer and commitment to ensuring the highest standards of practice in the field of radiology.

JARIS KUNIYUKI

Your Committee received testimony in support of the nomination for the appointment of Jaris Kuniyuki from the Department of Health and eight individuals.

Upon review of the testimony, your Committee finds that Mr. Kuniyuki's experience as a radiographer, commitment to public service, and dedication to ensuring the highest standards of practice in the field of radiology, qualify him for appointment to the Radiologic Technology Board. Mr. Kuniyuki received his Associate's degree in Radiologic Technology from Kapiolani Community College in 2010 and a Bachelor's degree in Health Care Administration with Specialization in Leadership from Capella University in 2020. Mr. Kuniyuki is registered with the American Registry of Radiologic Technologists and has over ten years of experience as a radiologic technologist at Straub Medical Center. He obtained his radiographer license from the Department of Health in 2010 and served as a National Football League radiologic technologist from 2011 to 2016. Your Committee further finds that Mr. Kuniyuki's service on the Radiologic Technology Board fulfills the requirement of section 466J-2, Hawaii Revised Statutes, that four members have "at least five years' experience and [are] certified in the practice of radiography". Your Committee therefore recommends that Jaris Kuniyuki be appointed to the Radiologic Technology Board based on his experience as a radiographer and commitment to ensuring the highest standards of practice in the field of radiology.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4006 Health on Gov. Msg. Nos. 709 and 710

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, HAWAI'I SERVICE AREA BOARD

G.M. No. 709 SARAH BLECHMAN, for a term to expire 06-30-2022; and

G.M. No. 710 SARAH BLECHMAN, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Sarah Blechman for service on the Mental Health and Substance Abuse, Hawai'i Service Area Board.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Sarah Blechman from the Department of Health and three individuals.

Upon review of the testimony, your Committee finds that Ms. Blechman's experience in the field of behavioral health, commitment to public service, and dedication to improving the mental health of all Hawaii residents, qualify her for appointment and reappointment to the Mental Health and Substance Abuse, Hawai'i Service Area Board. Ms. Blechman is currently a therapist with Pacific Quest, an organization dedicated to providing life-changing experiences for teens and young adults. Her career as a therapist, social worker, and clinical behavioral health specialist provides opportunities to engage with members of her community, listen and educate about various behavioral and medical health issues, and provide support and intervention in times of crisis and recovery. Ms. Blechman recognizes that the coronavirus disease 2019 pandemic has created serious mental health concerns, especially for adolescents and other young people, and immediate access to crisis support services may be of particular benefit. Your Committee further finds that Ms. Blechman's service on the Mental Health and Substance Abuse, Hawai'i Service Area Board fulfills the requirement of section 334-11, Hawaii Revised Statutes, that members of the board include service area residents, who are service area providers. Your Committee therefore recommends that Sarah Blechman be appointed and reappointed to the Mental Health and Substance Abuse, Hawai'i Service Area Board based on her experience in the field of behavioral health and commitment to improving the mental health of all Hawaii residents.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4007 Health on Gov. Msg. Nos. 642 and 643

Recommending that the Senate advise and consent to the nominations of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, OAHU SERVICE AREA BOARD

G.M. No. 642 MARGARET JACKSON, for a term to expire 06-30-2026; and

G.M. No. 643 RANDOLPH HACK, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Margaret Jackson and Randolph Hack for service on the Mental Health and Substance Abuse, Oahu Service Area Board.

MARGARET JACKSON

Your Committee received testimony in support of the nomination for the reappointment of Margaret Jackson from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Jackson's experience as a parent of a child with special needs, commitment to public service, and dedication to improving the lives of those living with mental health and substance abuse disorders, qualify her for reappointment to the Mental Health and Substance Abuse, Oahu Service Area Board. Ms. Jackson is employed as a parent partner for Hawaii Families as Allies, an organization primarily staffed by parents, grandparents, foster parents, or hanai parents of children with emotional, behavioral health challenges, or both. In her role, she encourages families she works with to be vocal advocates and to make their voices heard. Ms. Jackson has a deep compassion for family members who struggle with both mental health and substance abuse issues, and her passion for the welfare of Hawaii youth is fueled by her personal experience with family members who struggle with mental health and substance abuse. Your Committee further finds that section 334-11, Hawaii Revised Statutes, requires members "be service area residents, who are consumers or nonproviders of mental health services and service area providers with a majority being non-state employees and nonproviders of mental health or other health services." Ms. Jackson's service on the Mental Health and Substance Abuse, Oahu Service Area Board, fulfills this requirement. Your Committee notes that Ms. Jackson currently serves on the Mental Health and Substance Abuse, Oahu Service Area Board, and therefore is already familiar with its work. Your Committee therefore recommends that Margaret Jackson be reappointed to the Mental Health and Substance Abuse, Oahu Service Area Board, based on her being a parent of a child with special needs and commitment to improving the lives of those living with mental health and substance abuse disorders.

RANDOLPH HACK

Your Committee received testimony in support of the nomination for the reappointment of Randolph Hack from the Department of Health, National Alliance on Mental Illness Hawaii, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Hack's experience working in the field of mental health, commitment to public service, and dedication to improving the lives of those living with mental health and substance abuse disorders, qualify him for reappointment to the Mental Health and Substance Abuse, Oahu Service Area Board. Prior to his retirement from the Department of Health in 2017, Mr. Hack was the Consumer Advisor in the Adult Mental Health Division for eighteen years. Mr. Hack has been a strong advocate for persons with mental illness for over thirty-five years, and he has received numerous recognitions and awards for his outstanding community service and passion for helping adults living with mental illness to achieve respect and dignity, and to

develop their full potential. His service includes serving on the Board of Directors for the National Alliance on Mental Illness Hawaii, volunteering at The Queen's Medical Center Patient Relations Department, and serving on the State Council on Mental Health. Your Committee further finds that section 334-11, Hawaii Revised Statutes, requires members "be service area residents, who are consumers or nonproviders of mental health services and service area providers with a majority being non-state employees and nonproviders of mental health or other health services." Mr. Hack's service on Mental Health and Substance Abuse, Oahu Service Area Board, fulfills this requirement. Your Committee notes that Mr. Hack currently serves on the Mental Health and Substance Abuse, Oahu Service Area Board, and therefore is already familiar with its work. Your Committee therefore recommends that Randolph Hack be reappointed to the Mental Health and Substance Abuse, Oahu Service Area Board, based on his experience working in the field of mental health and commitment to improving the lives of those living with mental health and substance abuse disorders.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4008 Health on Gov. Msg. No. 640

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII ADVISORY COMMISSION ON DRUG ABUSE AND CONTROLLED SUBSTANCES

G.M. No. 640 LILINOE KAUAHIKAUA, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Lilinoe Kauahikaua for service on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances.

Your Committee received testimony in support of the nomination for the appointment of Lilinoe Kauahikaua from the Department of Health, 'Ekolu Mea Nui, and ten individuals.

Upon review of the testimony, your Committee finds that Ms. Kauahikaua's experience in substance abuse research, commitment to public service, and dedication to improving the lives of persons with substance abuse issues, qualify her for appointment to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances. Ms. Kauahikaua is a Community/Populations Health Specialist, focusing on addictions, with Papa Ola Lōkahi under Hale Ho'ona'auao: The Learning Institute. Ms. Kauahikaua has a Master's degree in Social Work from the University of Hawaii at Manoa, a Hawaii Lifestyles Certificate-Hawaiian Studies from the Hawaii Community College, and a Bachelor's degree in Administration of Justice with a minor in Hawaiian Studies from the University of Hawaii at Hilo. At the University of Hawaii, Ms. Kauahikaua's research focused on indigenous approaches to behavioral and mental health, reentry services, incarceration, and substance misuse. Ms. Kauahikaua helped to develop the Mālama Project, a culturally-grounded collegiate recovery program at the University of Hawaii for students impacted by substance misuse. Your Committee further finds that Ms. Kauahikaua's service on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances fulfills the requirement of section 329-2, Hawaii Revised Statutes, that a member have the ability to contribute to the solution of problems arising from the abuse of controlled substances, and represent the educational segment of the community. Your Committee therefore recommends that Lilinoe Kauahikaua be appointed to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances based on her experience substance abuse research and commitment to improving the lives of those with substance abuse issues.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4009 Health on Gov. Msg. No. 641

Recommending that the Senate advise and consent to the nomination of the following:

MENTAL HEALTH AND SUBSTANCE ABUSE, MAUI SERVICE AREA BOARD

G.M. No. 641 MEGAN KOSAKA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Megan Kosaka for service on the Mental Health and Substance Abuse, Maui Service Area Board.

Your Committee received testimony in support of the nomination for the reappointment of Megan Kosaka from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Kosaka's experience as a behavioral health specialist, commitment to public service, and dedication to helping others improve their mental health, qualify her for reappointment to the Mental Health and Substance Abuse, Maui Service Area Board. Ms. Kosaka is a licensed marriage and family therapist currently working as a District Educational Specialist with the Department of Education. She was previously a Behavioral Health Specialist Supervisor with the Hawaii Department of Education. Ms. Kosaka earned her Master's Degree in Marriage and Family Therapy from Argosy University. Ms. Kosaka notes in her personal statement that her goal for serving on the Mental Health and Substance Abuse, Maui Service Area Board is to better serve keiki and Ohana in the State through multi-faceted healthy, professional, and compassionate therapeutic support. Your Committee further finds that Ms. Kosaka's service on the Mental Health and Substance Abuse, Maui Service Area Board fulfills the requirement of section 334-11, Hawaii Revised Statutes, that a member be a mental health stakeholder and community member. Your Committee therefore recommends that Megan Kosaka be reappointed to the Mental Health and Substance Abuse, Maui

Service Area Board, based on her experience as a behavioral health specialist and commitment to helping others improve their mental health.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4010 Health on Gov. Msg. No. 644

Recommending that the Senate advise and consent to the nomination of the following:

STATE COUNCIL ON MENTAL HEALTH

G.M. No. 644 MARGARET JACKSON, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Margaret Jackson for service on the State Council on Mental Health.

Your Committee received testimony in support of the nomination for the appointment of Margaret Jackson from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Jackson's experience working with families of children and youth with emotional, behavioral, or mental health challenges; commitment to public service, and dedication to improving the lives of Hawaii's children, qualify her for appointment to the State Council on Mental Health. Ms. Jackson is employed as a parent partner for Hawaii Families as Allies, an organization primarily staffed by parents, grandparents, foster parents, or hanai parents of children with emotional or behavioral health challenges. In her role, Ms. Jackson encourages families to be vocal advocates and to make their voices heard. Ms. Jackson also currently serves on the Mental Health and Substance Abuse, Oahu Service Area Board. Your Committee finds that Ms. Jackson's service on the State Council on Mental Health fulfills the requirement of section 334-11, Hawaii Revised Statutes, that a member be a representative of the Mental Health and Substance Abuse, Oahu Service Area Board. Your Committee therefore recommends that Margaret Jackson be appointed to the State Council on Mental Health based on her experience assisting families of children with emotional, behavioral, or mental health challenges, and commitment to improving the lives of Hawaii's children and families.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4011 Health on Gov. Msg. No. 713

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII ADVISORY COMMISSION ON DRUG ABUSE AND CONTROLLED SUBSTANCES

G.M. No. 713 KUULEIALOHAONALANI SALZER-VITALE, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Kuuleialohaonalani Salzer-Vitale for service on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances.

Your Committee received testimony in support of the nomination for the reappointment of Kuuleialohaonalani Salzer-Vitale from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Salzer-Vitale's experience in the field of substance abuse prevention, commitment to public service, and dedication to preventing students from misusing drugs and alcohol, qualify her for reappointment to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances as a member representing youth action. Ms. Salzer-Vitale is the Alcohol and Other Drug Education Program Coordinator for the Office of Student Affairs at the University of Hawaii at Manoa. The program's goals are to reduce the incidence and consequences of alcohol and other drug misuse and abuse among students by helping to prevent illegal or harmful use, conducting social marketing campaigns, and providing intervention for those who are at high risk. Her expertise is concentrated in the assistance of young adults from diverse backgrounds, including Native Hawaiians and service members with dependency issues. Ms. Salzer-Vitale has both a Master's degree in Public Administration and in Social Work from the University of Hawaii at Manoa. Your Committee further finds that Ms. Salzer-Vitale's service on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances fulfills the requirement of section 329-2, Hawaii Revised Statutes, that members be selected on the basis of their ability to contribute to the solution of problems arising from the abuse of controlled substances, and to the extent possible, shall represent the youth action segments of the community. Your Committee notes that Ms. Salzer-Vitale currently serves on the Hawaii Advisory Commission on Drug Abuse and Controlled Substances and therefore is already familiar with its work. Your Committee therefore recommends that Kuuleialohaonalani Salzer-Vitale be reappointed to the Hawaii Advisory Commission on Drug Abuse and Controlled Substances based on her experience in the field of substance abuse prevention and commitment to preventing young people from misusing drugs and alcohol.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4012 Health on Gov. Msg. No. 785

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE HEALTH COORDINATING COUNCIL

G.M. No. 785 HILARY OKUMURA, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Hilary Okumura for service on the Statewide Health Coordinating Council.

Your Committee received testimony in support of the nomination for the reappointment of Hilary Okumura from the State Health Planning and Development Agency and one individual.

Upon review of the testimony, your Committee finds that Ms. Okumura's experience in the health care industry, commitment to public service, and dedication to ensuring that all people have access to quality health care at reasonable cost, qualify her for reappointment to the Statewide Health Coordinating Council as a public member.

Ms. Okumura has served in the long-term care industry for the past eight years. She is currently the Administrator for Nuuanu Hale. Previously, she was the Administrator for Arcadia Home Health and the Administrator in training at Craigsides Retirement Residence. Ms. Okumura is an active community member. She is President and Coach for Leahi Soccer Club and volunteers with the Hawaii State Office of Health Care Assurance, Kidney Health and Diabetes Management Program, and Kapiolani Medical Center for Women and Children. Ms. Okumura has a Bachelor's degree in Chemistry from Creighton University and a Master's degree in Chemistry from the University of Hawaii at Manoa. Your Committee notes that Ms. Okumura currently serves on the Statewide Health Coordinating Council and therefore is already familiar with its work. Your Committee therefore recommends that Hilary Okumura be reappointed to the Statewide Health Coordinating Council based on her experience in the health care industry and commitment to ensuring that all people have access to quality health care at reasonable cost.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4013 Health on Gov. Msg. Nos. 700 and 821

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL ON DEVELOPMENTAL DISABILITIES

G.M. No. 700 ALANA SOUZA, for a term to expire 06-30-2023; and

G.M. No. 821 MARK VIERRA, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Alana Souza and Mark Vierra for service on the State Council on Developmental Disabilities.

ALANA SOUZA

Your Committee received testimony in support of the nomination for the appointment of Alana Souza from the Department of Human Services, State Council on Developmental Disabilities, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Souza's experience in working with the Department of Human Services Med-QUEST Division, commitment to public service, and dedication to improving the health and well-being of individuals with developmental disabilities, qualify her for appointment to the State Council on Developmental Disabilities. Ms. Souza is currently employed at the Department of Human Services in the Med-QUEST Division. Ms. Souza's past positions in the Department of Health, Developmental Disabilities Division, and her current position with the Med-QUEST Division provide her with a unique ability and valuable insight to listen and understand the issues and concerns people with developmental disabilities may have when receiving health care services through the QUEST Integration program. Furthermore, Ms. Souza's appointment will help ensure the continuation of the strong relationship of the State Council on Developmental Disabilities with the Department of Human Services. Your Committee further finds that Ms. Souza's service on the State Council on Developmental Disabilities fulfills the requirement of section 333E-4, Hawaii Revised Statutes, that a member be a representative of state entities that administer funds provided under federal law relating to individuals with disabilities, including Title XIX of the Social Security Act, relating to Medicaid. Your Committee therefore recommends that Alana Souza be appointed to the State Council on Developmental Disabilities based on her experience working in the Department of Human Services Med-QUEST Division and commitment to improving the health and well-being of individuals with developmental disabilities.

MARK VIERRA

Your Committee received testimony in support of the nomination for the appointment of Mark Vierra from the State Council on Developmental Disabilities and two individuals.

Upon review of the testimony, your Committee finds that Mr. Vierra's experience as a parent of a child with a developmental disability, commitment to public service, and dedication to improving the health and well-being of individuals with developmental disabilities, qualify him for appointment to the State Council on Developmental Disabilities. Mr. Vierra has extensive experience in

helping his daughter, who has a developmental disability, receive the best care available. His daughter's experience receiving services from the Developmental Disabilities Division gives him a valuable perspective that will be an asset to the Council. He is well-suited to represent the perspective of a parent and neighbor island resident which will add to pertinent discussions surround developmental disabilities. Your Committee further finds that section 333E-4, Hawaii Revised Statutes, requires that not less than sixty percent of the membership of the council shall consist of individuals who are individuals with developmental disabilities or their parents. Mr. Vierra's service on State Council on Developmental Disabilities is consistent with this requirement. Your Committee therefore recommends that Mark Vierra be appointed to the State Council on Developmental Disabilities based on his experience as a parent of a child with a developmental disability and commitment to improving the health and well-being of individuals with developmental disabilities.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4014 Health on Gov. Msg. Nos. 748 and 749

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, HAWAII COUNTY SUBAREA

G.M. No. 748 STACY HAUMEA, for a term to expire 06-30-2022; and

G.M. No. 749 STACY HAUMEA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Stacy Haumea for service on the Health Planning Council, Hawaii County Subarea.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Stacy Haumea from the State Health Planning and Development Agency, Island of Hawaii YMCA, and nine individuals.

Upon review of the testimony, your Committee finds that Dr. Haumea's experience as a health care professional, commitment to public service, and dedication to the health and well-being of Hawaii County's residents, qualify her for appointment and reappointment to the Health Planning Council, Hawaii County Subarea. Dr. Haumea is currently the Health Enhancement Director, Clinical Provider, Registered Dietician Nutritionist, Certified Diabetes Care, and Education Specialist at Hui Malama Ola Na O'iwi, Hawaii Island. She is a Registered Dietitian and Certified Diabetes Educator and has a variety of experiences, including Researcher and Diabetes Research Educator for the Research Cooperation of Hawaii; Grant Reviewer for the Academy of Nutrition and Dietetics in Chicago, Illinois; and Mid-level Nutritionist at Bay Clinic, Inc., serving Hilo, Keauu, Pahoa, and Kau. Dr. Haumea is the current Board President of the YMCA Hawaii Island and an active member of several organizations, including the Hawaii Academy of Nutrition and Dietetics, Na Kalai Wa'a, Big Island Nutrition Council, and Na Wahine Hui 'O Kamehameha. Dr. Haumea earned a Doctor of Behavior Health and Bachelor of Science in Nutrition from Arizona State University, and a Master of Public Health in Nutrition from the University of Hawaii at Manoa. Your Committee further finds that Dr. Haumea's service on the Health Planning Council, Hawaii County Subarea, fulfills the requirement of section 323D-23, Hawaii Revised Statutes, which requires that nominations for appointment be solicited from health-related and other interested organizations, and agencies, including health planning councils, providers of health care within the appropriate subarea, and other interested persons. Your Committee therefore recommends that Stacy Haumea be appointed and reappointed to the Health Planning Council, Hawaii County Subarea, based on her experience as a health care professional and commitment to the health and well-being of Hawaii County's residents.

As affirmed by the record of votes of the members of your Committee on Health that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4015 Health on Gov. Msg. Nos. 681 and 708

Recommending that the Senate advise and consent to the nominations of the following:

HEALTH PLANNING COUNCIL, KAUAI SUBAREA

G.M. No. 681 JENNIE CHAHANOVICH, for a term to expire 06-30-2024; and

G.M. No. 708 NICHOLAS PANANGANAN, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Jennie Chahanovich and Nicholas Pananganan for service on the Health Planning Council, Kauai Subarea.

JENNIE CHAHANOVICH

Your Committee received testimony in support of the nomination for the reappointment of Jennie Chahanovich from the State Health Planning and Development Agency, Hawai'i Pacific Health, Hawai'i Health Systems Corporation Kaua'i Region, and Healthcare Association of Hawaii.

Upon review of the testimony, your Committee finds that Ms. Chahanovich's experience as a health care administrator, commitment to public service, and dedication to the health and well-being of Kauai's residents, qualify her for reappointment to the Health Planning Council, Kauai Subarea. Ms. Chahanovich is an accomplished health care executive with a strong record of success in hospital

administration. She is currently President and Chief Executive Officer of Wilcox Memorial Hospital, Hawaii Pacific Health, and Chief Executive Officer of Kauai Medical Clinic. Prior to her current position, she was Chief Executive Officer of Pali Momi Medical Center, Hawaii Pacific Health; Director of Respiratory Care and Rehabilitation Services at Kapiolani Medical Center for Women & Children; and Director of Paradise Valley Hospital of Triad Hospitals, Inc. in Dallas, Texas. Ms. Chahanovich holds a Master's degree in International Marketing and a Bachelor's degree in Allied Health Sciences/Health Care Administration. Moreover, she has certifications and licensures in executive management and long-term care administration and is a fellow of the American Association in Respiratory Care and the American College of Health Care Executives. As a board member of the Kauai Chamber of Commerce and the Fire Commission for Kauai County and as a past chair of the American Health Association, Hospice Hawaii, and other organizations. Ms. Chahanovich is well acquainted with the role and responsibilities of board members.

Your Committee further finds that Ms. Chahanovich's service on the Health Planning Council, Kauai Subarea, fulfills the requirement of section 323D-23, Hawaii Revised Statutes, which requires that "[n]ominations for appointment . . . be solicited from health-related and other interested organizations, and agencies, including health planning councils, providers of health care within the appropriate subarea, and other interested persons." Your Committee notes that Ms. Chahanovich currently serves on the Health Planning Council, Kauai Subarea, and therefore is already familiar with its work. Your Committee therefore recommends that Jennie Chahanovich be reappointed to the Health Planning Council, Kauai Subarea, based on her extensive experience as a health care administrator and commitment to the health and well-being of Kauai's residents.

NICHOLAS PANANGANAN

Your Committee received testimony in support of the nomination for the appointment of Nicholas Pananganan from the State Health Planning and Development Agency; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and one individual.

Upon review of the testimony, your Committee finds that Mr. Pananganan's experience as an emergency responder, commitment to public service, and dedication to the health and well-being of Kauai's residents, qualify him for appointment to the Health Planning Council, Kauai Subarea. Mr. Pananganan has served the Kauai Fire Department since 2005 and has been the National Registry of Emergency Technicians Instructor since 2013. He serves as the Kauai Fire Department Emergency Medical Service Program Director and holds various certifications as a hazardous materials technician, National Registry EMT, and CPR/Basic Life Support instructor from the American Heart Association. Mr. Pananganan serves his community as the anti-bullying jiu-jitsu instructor, self-defense instructor, termite basketball coach, AYSO soccer coach, KIF wrestling and bowling coach, Waimea High School Health Academy guest instructor/speaker. Your Committee further finds that Mr. Pananganan's service on the Health Planning Council, Kauai Subarea, fulfills the requirement of section 323D-23, Hawaii Revised Statutes, which requires that "[n]ominations for appointment . . . be solicited from health-related and other interested organizations, and agencies, including health planning councils, providers of health care within the appropriate subarea, and other interested persons." Your Committee therefore recommends that Nicholas Pananganan be appointed to the Health Planning Council, Kauai Subarea, based on his experience as an emergency responder and commitment to the health and well-being of Kauai's residents.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4016 Health on Gov. Msg. Nos. 677, 678, 711, and 712

Recommending that the Senate advise and consent to the nominations of the following:

POLICY ADVISORY BOARD FOR ELDER AFFAIRS

- G.M. No. 677 SUZANNE SCHULBERG, for a term to expire 06-30-2024;
- G.M. No. 678 SHELLY OGATA, for a term to expire 06-30-2026;
- G.M. No. 711 WILLIAM KINAKA, for a term to expire 06-30-2026; and
- G.M. No. 712 LISA SPENCER, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Suzanne Schulberg, Shelly Ogata, William Kinaka, and Lisa Spencer for service on the Policy Advisory Board for Elder Affairs.

SUZANNE SCHULBERG

Your Committee received testimony in support of the nomination for the reappointment of Suzanne Schulberg from the Executive Office on Aging, Policy Advisory Board for Elder Affairs, Healthcare Association of Hawai'i, and five individuals.

Upon review of the testimony, your Committee finds that Ms. Schulberg's experience working in the field of geriatrics, commitment to public service, and dedication to ensuring the health and well-being of Hawaii's kupuna, qualify her for reappointment to the Policy Advisory Board for Elder Affairs. Ms. Schulberg is currently the President and Chief Operating Officer at Arcadia, a company that manages retirement residences, and provides adult day care and home care services. Ms. Schulberg holds a graduate certificate in Gerontology from the University of Hawaii, a Master's degree in Business Administration from Hawaii Pacific University, and a Bachelor's degree in History from Santa Clara University. In 2020, she was selected to the Omidyar Fellows Program, which provided her the opportunity to learn about issues facing the State and what was being done or should be done to address those issues. Ms. Schulberg currently serves on the O'ahu Workforce Development Board and the Hawaii Pacific Gerontological Society. Your Committee further finds that section 349-4, Hawaii Revised Statutes, requires that members be selected "on the basis of their interests and knowledge in and their ability to make contributions to the solution of problems relating to aging". Ms. Schulberg's service on Policy Advisory Board for Elder Affairs fulfills this requirement. Your Committee notes that Ms. Schulberg currently serves on the

Policy Advisory Board for Elder Affairs and therefore is already familiar with its work. Your Committee therefore recommends that Suzanne Schulberg be reappointed to the Policy Advisory Board for Elder Affairs based on her experience working in the field of geriatrics and commitment to ensuring the health and well-being of Hawaii's kupuna.

SHELLY OGATA

Your Committee received testimony in support of the nomination for the reappointment of Shelly Ogata from the Executive Office on Aging, Policy Advisory Board for Elder Affairs, County of Hawai'i Office of Aging, and six individuals.

Upon review of the testimony, your Committee finds that Ms. Ogata's experience working in the County of Hawai'i Office of Aging, commitment to public service, and dedication to ensuring the health and well-being of Hawaii's kupuna, qualify her for reappointment to the Policy Advisory Board for Elder Affairs. Ms. Ogata was a Planner in the Hawai'i County Office of Aging for five years in which she developed and coordinated services for older adults and assisted in establishing program policies and recommendations that met the needs of Hawaii's older adults. She was also appointed to the State Council on Mental Health for two four-year terms. Your Committee further finds that section 349-4, Hawaii Revised Statutes, requires that members be selected "on the basis of their interests and knowledge in and their ability to make contributions to the solution of problems relating to aging". Ms. Ogata's service on Policy Advisory Board for Elder Affairs fulfills this requirement. Your Committee notes that Ms. Ogata currently serves on the Policy Advisory Board for Elder Affairs and therefore is already familiar with its work. Your Committee therefore recommends that Shelly Ogata be reappointed to the Policy Advisory Board for Elder Affairs based on her experience the County of Hawai'i Office of Aging and commitment to ensuring the health and well-being of Hawaii's kupuna.

WILLIAM KINAKA

Your Committee received testimony in support of the nomination for the reappointment of William Kinaka from the Executive Office on Aging and Policy Advisory Board for Elder Affairs.

Upon review of the testimony, your Committee finds that Mr. Kinaka's experience in law and legal issues relevant to the elderly, commitment to public service, and dedication to ensuring the health and well-being of Hawaii's kupuna, qualify him for reappointment to the Policy Advisory Board for Elder Affairs. Mr. Kinaka is a retired attorney who has extensive experience as a legislative assistant, grand jury counsel, court arbitrator, and maintained his own private law practice on Maui. He has served on the Board of Directors for the Maui Adult Day Care Centers, including as its President. Mr. Kinaka has also served as legal counsel for Hale Mahaolu Senior Housing and is currently on its Board of Directors. Your Committee further finds that section 349-4, Hawaii Revised Statutes, requires that members be selected "on the basis of their interests and knowledge in and their ability to make contributions to the solution of problems relating to aging". Mr. Kinaka's service on Policy Advisory Board for Elder Affairs fulfills this requirement. Your Committee notes that Mr. Kinaka currently serves on the Policy Advisory Board for Elder Affairs and therefore is already familiar with its work. Your Committee therefore recommends that William Kinaka be reappointed to the Policy Advisory Board for Elder Affairs based on his experience in law and legal issues relevant to the elderly and commitment to ensuring the health and well-being of Hawaii's kupuna.

LISA SPENCER

Your Committee received testimony in support of the nomination for the appointment of Lisa Spencer from the Executive Office on Aging, Policy Advisory Board for Elder Affairs, and three individuals.

Upon review of the testimony, your Committee finds that Dr. Spencer's experience in the field of health care, commitment to public service, and dedication to ensuring the health and well-being of Hawaii's kupuna, qualify her for appointment to the Policy Advisory Board for Elder Affairs. Dr. Spencer is currently a faculty member with the University of Hawaii West Oahu where she teaches classes on long-term care and health administration. Prior to becoming a professor, Dr. Spencer spent thirty years working in health care and was involved in program development and operations of long-term care and acute care services for the Ito HealthCare group, which provided services in adult nursing facilities, adult day care, and home care. Dr. Spencer has a Doctorate in Health Administration from the University of Phoenix, and earned a Master's degree in Public Health and a Bachelor's degree in Sociology from the University of Hawaii. Your Committee further finds that section 349-4, Hawaii Revised Statutes, requires that members be selected "on the basis of their interests and knowledge in and their ability to make contributions to the solution of problems relating to aging". Dr. Spencer's service on Policy Advisory Board for Elder Affairs fulfills this requirement. Your Committee therefore recommends that Lisa Spencer be appointed to the Policy Advisory Board for Elder Affairs based on her experience in the field of health care and commitment to ensuring the health and well-being of Hawaii's kupuna.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4017 Health on Gov. Msg. Nos. 667 and 668

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF CERTIFICATION OF OPERATING PERSONNEL IN WASTEWATER TREATMENT PLANTS

G.M. No. 667 EMILY DONG, for a term to expire 06-30-2026; and

G.M. No. 668 MARIA YAMASHITA, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Emily Dong and Maria Yamashita for service on the Board of Certification of Operating Personnel in Wastewater Treatment Plants.

EMILY DONG

Your Committee received testimony in support of the nomination for the reappointment of Emily Dong from the Department of Health and one individual.

Upon review of the testimony, your Committee finds that Ms. Dong's experience as an engineer, commitment to public service, and dedication to public health and safety, qualify her for reappointment to the Board of Certification of Operating Personnel in Wastewater Treatment Plants. Ms. Dong currently works as a professional licensed engineer for Brown and Caldwell. Ms. Dong has worked in the field of wastewater engineering for over twelve years with the City and County of Honolulu and Brown and Caldwell. Ms. Dong earned a Bachelor's degree in Civil Engineering from the University of Washington and a Master's degree in Civil Engineering from the University of Hawaii. Your Committee further finds that Ms. Dong's service on the Board of Certification of Operating Personnel in Wastewater Treatment Plants fulfills the requirement of section 340B-4, Hawaii Revised Statutes, that a member be an engineer in private practice. Your Committee notes that Ms. Dong currently serves on the Board of Certification of Operating Personnel in Wastewater Treatment Plants and therefore is already familiar with its work. Your Committee therefore recommends that Emily Dong be reappointed to the Board of Certification of Operating Personnel in Wastewater Treatment Plants based on her experience wastewater engineering and commitment to public health and safety.

MARIA YAMASHITA

Your Committee received testimony in support of the nomination for the appointment of Maria Yamashita from the Department of Health.

Upon review of the testimony, your Committee finds that Ms. Yamashita's experience working in the Department of Health's Wastewater Branch, commitment to public service, and dedication to public health and safety, qualify her for appointment to the Board of Certification of Operating Personnel in Wastewater Treatment Plants. Ms. Yamashita has four years of experience assisting the Board with various administrative matters. Her current duties at the Department of Health's Wastewater Branch include drafting the Board of Certification's agendas, issuing certification renewals for all the Wastewater Operators in the State, and administering the wastewater operator certification exams. Ms. Yamashita earned a Bachelor's degree in Travel Industry Management from the University of Hawaii and has over ten years of customer service and problem-solving experience in that sector. Your Committee further finds that Ms. Yamashita's service on the Board of Certification of Operating Personnel in Wastewater Treatment Plants fulfills the requirement of section 340B-4, Hawaii Revised Statutes, that a member be a representative of the state agency responsible for the State's water quality program. Your Committee therefore recommends that Maria Yamashita be appointed to the Board of Certification of Operating Personnel in Wastewater Treatment Plants based on her experience working in the Department of Health's Wastewater Branch and commitment to public health and safety.

As affirmed by the records of votes of the members of your Committee on Health that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4018 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. Nos. 562, 636, 781, and 782

Recommending that the Senate advise and consent to the nominations of the following:

LAW ENFORCEMENT STANDARDS BOARD

G.M. No. 562 LAXMI DHAKHWA, for a term to expire 06-30-2023;

G.M. No. 636 JARED REDULLA, for a term to expire 06-30-2024;

G.M. No. 781 SHERRY BIRD, for a term to expire 06-30-2025; and

G.M. No. 782 CRAIG TANAKA, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Laxmi Dhakhwa, Jared Redulla, Sherry Bird, and Craig Tanaka for service on the Law Enforcement Standards Board.

LAXMI DHAKHWA

Your Committee received testimony in support of the nomination for the appointment of Laxmi Dhakhwa from seventeen individuals.

Upon review of the testimony, your Committee finds that Mr. Dhakhwa's experience, knowledge, and proven leadership qualify him for appointment to the Law Enforcement Standards Board. Your Committee notes that Mr. Dhakhwa currently works for the Criminal Justice Division of the Department of the Attorney General and is responsible for the vertical prosecution of criminal offenses throughout the State, including white collar and sex trafficking investigations. Mr. Dhakhwa has spent fourteen years as a prosecutor for the Department of the Prosecuting Attorney of the City and County of Honolulu. Your Committee further finds that Mr. Dhakhwa is active in his community and serves as a member of the McKinley High School Foundation's Board of Directors. Your Committee therefore recommends that Laxmi Dhakhwa be appointed to the Law Enforcement Standards Board based on his experience, knowledge, and commitment to public service.

JARED REDULLA

Your Committee received testimony in support of the nomination for the appointment of Jared Redulla from the Department of Public Safety and four individuals.

Upon review of the testimony, your Committee finds that Mr. Redulla's experience, knowledge, and proven leadership qualify him for appointment to the Law Enforcement Standards Board as a member. Your Committee notes that Mr. Redulla currently works as a Narcotics Enforcement Administrator and Narcotics Enforcement Supervisor and Investigator for the Department of Public Safety's Narcotics Enforcement Program. Previously, Mr. Redulla worked as a Criminal Investigator for the Department of the Prosecuting Attorney of the City and County of Honolulu, Conservation and Resources Enforcement Officer for the Department of Land and Natural Resources, and Harbor Police Officer for the Department of Transportation. Your Committee further finds that Mr. Redulla is extremely knowledgeable and an accomplished subject matter expert in the field of law enforcement. Your Committee therefore recommends that Jared Redulla be appointed to the Law Enforcement Standards Board based on his experience, knowledge, and commitment to public service.

SHERRY BIRD

Your Committee received testimony in support of the nomination for the reappointment of Sherry Bird from the Hawai'i Police Department.

Upon review of the testimony, your Committee finds that Ms. Bird's experience, knowledge, and proven leadership qualify her for reappointment to the Law Enforcement Standards Board as a member. Your Committee notes that Ms. Bird currently works as a Major at the Hawaii Police Department where she, under the supervision of an Assistant Police Chief, oversees all law enforcement operations on the west side of Hawaii Island. Ms. Bird has spent twenty-four years working in law enforcement for the Hawaii Police Department, starting as a police recruit in 1998. Previously, Ms. Bird served in the United States Army. Ms. Bird is active in her community and serves as a member of the Hawaii Chapter of the Federal Bureau of Investigations' National Academy of Associates. Your Committee further finds that Ms. Bird has served as a member of the Board since 2020, is an accomplished law enforcement professional, and her vast experience in the various aspects of police work will continue to be assets to the Board. Your Committee therefore recommends that Sherry Bird be reappointed to the Law Enforcement Standards Board based on her experience, knowledge, and commitment to public service.

CRAIG TANAKA

Your Committee did not receive any testimony on this measure.

Your Committee finds that Mr. Tanaka's experience, knowledge, and proven leadership qualify him for appointment to the Law Enforcement Standards Board as a member. Your Committee notes that Mr. Tanaka currently works as the Director of Security at the Makehana Golf & Beach Club; President of Ka'ana'ikepono, LLC; and an instructor at the University of Hawaii Maui Campus. Mr. Tanaka has spent thirty-four years working in safety and security management within the lodging and hospitality industry. Previously, Mr. Tanaka was the Assistant Director of Security at the Grand Wailea resort. Your Committee further finds that Mr. Tanaka's years of security and safety management experience will be assets to the Board. Your Committee therefore recommends that Craig Tanaka be appointed to the Hawaii Law Enforcement Standards Board based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4019 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. Nos. 564, 756, and 760

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII ADVISORY COUNCIL ON EMERGENCY MANAGEMENT

- G.M. No. 564 RAMONA CURRY, for a term to expire 06-30-2025;
- G.M. No. 756 DARRYL OLIVEIRA, for a term to expire 06-30-2026; and
- G.M. No. 760 GERALD SILVA, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Ramona Curry, Darryl Oliveira, and Gerald Silva for service on the Hawaii Advisory Council on Emergency Management.

RAMONA CURRY

Your Committee received testimony in support of the nomination for the reappointment of Ramona Curry from the Hawai'i Emergency Management Agency, Hauula Community Association, and one individual.

Upon review of the testimony, your Committee finds that Ms. Curry's experience, knowledge, and proven leadership qualify her for reappointment to the Hawaii Advisory Council on Emergency Management. Your Committee notes that Ms. Curry currently works as an Emergency Management Coordinator at the Los Angeles Police Department's Operations Valley Bureau. Ms. Curry has spent twenty-seven years working for the City of Los Angeles coordinating programs, facilities, employees, and performing complex administrative work. Your Committee further finds that Ms. Curry is a certified Emergency Management Accreditation Program Assessor and has experience as a planner for mass notification exercises. Your Committee notes that Ms. Curry has served as an interim member since November 2021 and believes that Ms. Curry's emergency management experience will continue to be an asset to the Council. Your Committee therefore recommends that Ramona Curry be reappointed to the Hawaii Advisory Council on Emergency Management based on her experience, knowledge, and commitment to public service.

DARRYL OLIVEIRA

Your Committee received testimony in support of the nomination for the reappointment of Darryl Oliveira from the Hawai'i Emergency Management Agency and one individual.

Upon review of the testimony, your Committee finds that Mr. Oliveira's experience, knowledge, and proven leadership qualify him for reappointment to the Hawaii Advisory Council on Emergency Management. Your Committee notes that Mr. Oliveira currently works as the Director of Risk Management at HPM Building Supply and an instructor at Hawaii Community College. Previously, Mr. Oliveira worked as the Administrator of the Hawaii County Civil Defense Agency and Fire Chief of the Hawaii Fire Department. Mr. Oliveira is active in his community and has served as a member of the American Red Cross East Hawaii Advisory Council, Hawaii Fire Chiefs Association, and Hawaii State Fire Council. Your Committee further finds that Mr. Oliveira currently serves as the Council Chair and his experience in all facets of emergency management, including preparing for, mitigating against, responding to, and recovering from disasters, will continue to be an asset to the Council. Your Committee therefore recommends that Darryl Oliveira be reappointed to the Hawaii Advisory Council on Emergency Management based on his experience, knowledge, and commitment to public service.

GERALD SILVA

Your Committee received testimony in support of the nomination for the reappointment of Gerald Silva from Hawai'i Emergency Management Agency, State Office of Veterans Services, AARP Hawai'i, Policy Advisory Board for Elder Affairs, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Silva's experience, knowledge, and proven leadership qualify him for reappointment to the Hawaii Council on Emergency Management. Your Committee notes that Mr. Silva previously served as Volunteer State President for AARP Hawaii, developing strategies to help over 154,000 Hawaii caregivers by advocating for the Caregiver Advise, Record, Enable (CARE) Act; Chief of Staff of the Hawaii Army National Guard; and member of the State's Cable Advisory Committee. Your Committee further finds that Mr. Silva has been serving as a member of the Council since 2018 and has been a resource for the Governor and state emergency management during several activations, including volcanic eruptions and the coronavirus disease 2019 pandemic. Mr. Silva's experience in the Hawaii Army National Guard provides valuable guidance and a depth of knowledge that benefits the Council. Your Committee therefore recommends that Gerald Silva be reappointed to the Hawaii Advisory Council on Emergency Management based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4020 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. Nos. 808 and 809

Recommending that the Senate advise and consent to the nominations of the following:

STATE COUNCIL FOR THE INTERSTATE COMPACT FOR ADULTS

G.M. No. 808 DENNIS DUNN, for a term to expire 06-30-2022; and

G.M. No. 809 DENNIS DUNN, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Dennis Dunn for service on the State Council for the Interstate Compact for Adults.

Your Committee did not receive any testimony on this measure.

Your Committee finds that Mr. Dunn's experience, knowledge, and proven leadership qualify him for appointment and reappointment to the State Council for the Interstate Compact for Adults. Your Committee notes that Mr. Dunn currently works as the Director of the Victim Witness Assistance Division of the Department of the Prosecuting Attorney of the City and County of Honolulu. Mr. Dunn has spent forty-three years working for the Department of the Prosecuting Attorney of the City and County of Honolulu helping the victims of various types of crimes. Mr. Dunn previously served as a member of the Hawaii Coalition Against Sexual Assault, Hawaii State Coalition Against Domestic Violence, Hawaii State Commission on National and Community Service, Missing Child Center Hawaii Advisory Board, and Sex Abuse Treatment Center Advisory Board. Your Committee therefore recommends that Dennis Dunn be appointed and reappointed to the State Council for the Interstate Compact for Adults based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4021 Public Safety, Intergovernmental, and Military Affairs on Gov. Msg. Nos. 810 and 811

Recommending that the Senate advise and consent to the nominations of the following:

CORRECTIONAL INDUSTRIES ADVISORY COMMITTEE

G.M. No. 810 LEEANN ARAKAKI-WARNER, for a term to expire 06-30-2022; and

G.M. No. 811 LEEANN ARAKAKI-WARNER, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Leeann Arakaki-Warner for service on the Correctional Industries Advisory Committee.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Leeann Arakaki-Warner from the Department of Public Safety.

Upon review of the testimony, your Committee finds that Ms. Arakaki-Warner's experience, knowledge, and proven leadership qualify her for appointment and reappointment to the Correctional Industries Advisory Committee. Your Committee notes that Ms. Arakaki-Warner previously worked as a secretary to the Warden of the Kulani Correctional Facility and as a correctional industries Administrative Program Manager and sales representative for the Department of Public Safety. Your Committee further finds that Ms. Arakaki-Warner has extensive knowledge and understanding of policies and procedures, procurement, budget and financial reporting, partnership within the Department of Public Safety Corrections Division, Correctional Industries' venture agreements with private sector business, and legislative dictates. Your Committee believes that this knowledge will allow Ms. Arakaki-Warner to assist the Committee in making sound and fair decisions. Your Committee therefore recommends that Leeann Arakaki-Warner be appointed and reappointed to the Correctional Industries Advisory Committee based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4022 Hawaiian Affairs on S.R. No. 139

The purpose and intent of this measure is to request the Governor, Lieutenant Governor, and heads of principal departments to prominently display a Hawaiian translation of the name of their office or department at least once on the main page of their official website and in the letterhead of their stationary.

Prior to decision making on this measure, your Committee made available for public review a proposed S.D. 1 of this measure. The proposed S.D. 1:

- (1) Requests the Legislative Reference Bureau to study how social equity has been implemented in the cannabis industry around the nation;
- (2) Requests the devising of ways social equity could be implemented in the State of Hawaii to benefit Native Hawaiians and other victims of the war on drugs; and
- (3) Requests the Department of Health's Office on Medical Cannabis Control and regulation to study how to include the existing legal growers and hemp licensees, including Native Hawaiians and those on Hawaiian home lands, to be eligible to test and sell cannabis and hemp directly to other patients and to licensed dispensaries.

Your Committee received testimony in support of the proposed S.D. 1 from Qan, LLC; Hawai'i Cannabis Hui; Hawaii Patients Union; Marijuana Policy Project; Environmental Caucus of the Democratic Party of Hawai'i; Cannabis Society of Hawai'i; Akamai Cannabis Consulting; and twenty individuals. Your Committee received testimony in opposition of the proposed S.D. 1 from two individuals.

Your Committee finds that the current Hawaii medical cannabis dispensary program system fails to provide a social equity framework for current cannabis operators. Furthermore, the war on drugs has been acknowledged as a racist campaign that has devastated low-income individuals, families, and communities. The purpose of this measure is to request the study of social equity programs implemented in other States and create a comprehensive report on how to include the existing legal growers and hemp licensees including Kanaka Maoli and those on Hawaiian home lands as eligible to test and sell cannabis and hemp directly to patients or licensed dispensaries.

Your Committee notes that some of the additional problems producers of cannabis face in Hawaii involve the conflict between the state and federal regulations of marijuana. Those who engage in the state authorized use of cannabis in Hawaii must consequently violate federal drug laws to do so.

Your Committee further notes the concerns of Native Hawaiians and especially those who are small farmers. This measure addresses aiding Native Hawaiians and those who produce cannabis on Hawaiian home lands, but does not specify how or what this aid will be. If a plan is implemented to help specifically Native Hawaiian growers, it is not specified as to whether there will be a blood quantum restriction that could potentially lead to many growers losing their lands or growing rights. Furthermore, the intention of this measure is to help small farmers but the term "small farmers" is not defined which could lead to confusion and exclusion. Additionally, there are fears of leased farmlands being overtaken by corporate entities which could impact the right of a farmer to grow their own food and medicine for themselves and the community. Your Committee notes that these concerns are requested to be resolved by creating a new resolution or bill with the direct input of both the Native Hawaiian community and the cannabis community.

Your Committee has amended this measure by:

- (1) Replacing the Legislative Reference Bureau with the Drug Policy Forum of Hawaii as the entity requested to prepare the comprehensive report on social equity programs;
- (2) Clarifying that the requested report should be prepared in the style of a report by the Legislative Reference Bureau;

- (3) Amending its title accordingly; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.R. No. 139, as amended herein, and recommends its adoption in the form attached hereto as S.R. No. 139, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Ihara, Fevella).

SCRep. 4023 Water and Land on H.C.R. No. 17

The purpose and intent of this measure is to request the Department of Land and Natural Resources to convene a task force to develop a feral ungulate management plan for West Hawaii.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Forest Industry Association, and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the populations of feral goats and pigs in west Hawaii Island have increased to sizes that cannot be sustained by the environment. As feral ungulates in Hawaii have no natural predators to limit their population growth and impact on native ecosystems, feral ungulates contribute to the spread of rapid ohia death and pose threats to pasture forage and native forests. Your Committee notes that the overpopulation of feral ungulates has a significant detrimental impact on the health of watersheds and coral reefs through increased vegetative disturbance and erosion caused by grazing, browsing, trampling, and rooting by feral ungulates. In addition, feral ungulates create major roadway hazards, which have caused motor vehicle accidents.

Your Committee further finds that considerable private and public resources are being expended to address the overpopulation of feral ungulates. The hunting of feral game mammals is an important local food source and public recreational and subsistence hunting opportunity. However, the populations of feral ungulates cannot be sufficiently controlled through hunting alone. Therefore, collaborative efforts are needed to identify opportunities for more effective management of feral ungulate populations to control overpopulated areas while also protecting Hawaii's native natural resources and species.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4024 Water and Land on H.C.R. No. 82

The purpose and intent of this measure is to urge the Department of Land and Natural Resources to explore the possibility of expanding the Mount Kaala Natural Area Reserve to include the slopes of Mount Kaala, particularly in the Waialua direction.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that the Mount Kaala Natural Area Reserve was established by Executive Order No. 3099 on November 14, 1981, placing one thousand one hundred acres of rugged mountain terrain with a summit plateau, ridges, and gulches housing lowland forests, rich in native species, under the control and management of the Department of Land and Natural Resources. The Mount Kaala Natural Area Reserve is located in the Waianae Mountains on Oahu and encompass the island's highest point, at a four thousand twenty-foot elevation descending to one thousand two hundred-foot elevation.

Your Committee further finds that according to the Department of Land and Natural Resources, the Mount Kaala Natural Area Reserve is host to twelve natural communities, which house native forests, plants, and animals. While the Mount Kaala Natural Area Reserve includes feral pig and non-native weed control, ongoing volunteer efforts have been useful in promoting environmental awareness and assistance with natural resource management. However, to safeguard the endemic species and complex ecosystems in the Mount Kaala Natural Area Reserve, maintain the reserve in a pristine condition, and promote Hawaiian cultural preservation and native gathering rights, expansion of the area encompassing the reserve should be considered to include the slopes of Mount Kaala, particularly in the Waialua direction.

Your Committee notes the testimony of the Department of Land and Natural Resources regarding the expansion of the Mount Kaala Natural Area Reserve. While the Department of Land and Natural Resources is willing to consider expansion, there is uncertainty regarding ownership and zoning of the impacted lands. Therefore, further information is required for the Department of Land and Natural Resources to gauge the feasibility of expanding the Mount Kaala Natural Area Reserve.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 82, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4025 Water and Land on H.C.R. No. 3

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key number: (1) 3-6-003:015, Wailupe, Honolulu, Oahu, for the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on August 28, 2020, under agenda item D-10, the Board of Land and Natural Resources, subject to conditions, approved an amendment to the non-exclusive easement to resolve the additional seawall encroachment identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing seawall.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 3, H.D. 1, and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4026 Water and Land on H.C.R. No. 4

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key number: (1) 4-7-001:006, Kahaluu, Koolaupoko, Oahu, for the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by concurrent resolution. Your Committee further finds that on February 8, 2019, under agenda item D-8, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the existing seawall, steps, and filled land encroachments identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing improvements.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 4, and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4027 Water and Land on H.C.R. No. 5

The purpose and intent of this measure is to authorize the issuance of a term, non-exclusive easement for the portion of state submerged lands fronting the property identified as tax map key number: (1) 4-4-016:016, Kaneohe, Koolaupoko, Oahu, for the use, repair, and maintenance of existing improvements constructed thereon, pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that, pursuant to section 171-53, Hawaii Revised Statutes, the Board of Land and Natural Resources may lease submerged lands with the prior approval of the Governor and the prior authorization of the Legislature by Concurrent Resolution. Your Committee further finds that on November 8, 2019, under agenda item D-14, the Board of Land and Natural Resources, subject to conditions, approved a grant of a twenty-five-year non-exclusive easement to resolve the encroachment of the existing pier, house, rock wall, and landscape area identified in this measure. Your Committee concludes that the easement is necessary for the use, repair, and maintenance of the existing improvements.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Water and Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 5, as amended herein, and recommends that it be referred to your Committee on Ways and Means, in the form attached hereto as H.C.R. No. 5, S.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4028 Commerce and Consumer Protection on Gov. Msg. No. 624

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PRIVATE DETECTIVES AND GUARDS

G.M. No. 624 PAUL FERREIRA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Paul Ferreira for service on the Board of Private Detectives and Guards.

Your Committee received testimony in support of the nomination for the reappointment of Paul Ferreira from the Board of Private Detectives and Guards, Kauai Police Department, and Hawai'i High Intensity Drug Trafficking Area program.

Upon review of the testimony, your Committee finds that Chief Ferreira's experience, knowledge, and proven leadership on the Board of Private Detectives and Guards qualify him for reappointment to the Board as a chief of police member. Your Committee notes that Chief Ferreira has nearly forty years of experience in law enforcement and has served in various capacities within the Hawai'i Police Department. Chief Ferreira has served in his present role since 2016 and is also a member of the International Association of Chiefs of Police; Governor's Committee on Crime; and the Hawai'i High Intensity Drug Trafficking Area, a grant-

funded program of the Office of National Drug Control Policy. Chief Ferreira is an active member in his community and has served as a member on the Board of Directors for HOSPICE of Hilo, Hilo YMCA, and Violence Against Women Act State Planning Committee. Chief Ferreira has served on the Board of Private Detectives and Guards since 2018 and his experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Paul Ferreira be reappointed to the Board of Private Detectives and Guards based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4029 Commerce and Consumer Protection on Gov. Msg. No. 656

Recommending that the Senate advise and consent to the nomination of the following:

ELEVATOR MECHANICS LICENSING BOARD

G.M. No. 656 MARK BAKER, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Mark Baker for service on the Elevator Mechanics Licensing Board.

Your Committee received testimony in support of the nomination for the appointment of Mark Baker from the Elevator Mechanics Licensing Board and one individual.

Upon review of the testimony, your Committee finds that Mr. Baker's experience, background, and commitment to public service qualify him for appointment to the Elevator Mechanics Licensing Board as a licensee member. Your Committee notes that Mr. Baker has been a licensed elevator mechanic in Hawaii since 1998 and is currently employed by OTIS Elevator Company as a lead adjuster. Mr. Baker previously worked for ThyssenKrupp Elevator Company and as a foreman and mechanic for Kone Corporation. In addition to his professional experience, Mr. Baker serves as an instructor for the National Elevator Industry Education Program and mentors apprentice elevator mechanics. Your Committee further notes that Mr. Baker has served as an interim member of the Elevator Mechanics Licensing Board since January 2021 and has a thorough understanding of the roles and responsibilities of its members. Your Committee therefore recommends that Mark Baker be appointed to the Elevator Mechanics Licensing Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4030 Commerce and Consumer Protection on Gov. Msg. No. 657

Recommending that the Senate advise and consent to the nomination of the following:

PEST CONTROL BOARD

G.M. No. 657 TERRANCE MANAGO, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Terrance Manago for service on the Pest Control Board.

Your Committee received testimony in support of the nomination for the appointment of Terrance Manago from the Pest Control Board and Hawaii Pest Control Association.

Upon review of the testimony, your Committee finds that Mr. Manago's experience, background, and commitment to public service qualify him for appointment to the Pest Control Board as a licensee member. Your Committee notes that Mr. Manago has thirty-five years of experience in the pest control industry and has been a licensed pest control operator in Hawaii since 2000. Mr. Manago is the owner and operator of Hawaii Pest Solutions, Inc. and a certified City and County of Honolulu inspector. Your Committee further notes that Mr. Manago is active within his profession. Mr. Manago formerly served as President of the Hawaii Pest Control Association and completed two previous terms on the Pest Control Board where he served as the Board's Vice Chairperson from 2016 to 2020 and Chairperson from 2020 until his term expired in 2021. Mr. Manago has a thorough understanding of the roles and responsibilities of board members and his expertise in the industry and valuable insight will continue to enhance the effectiveness of the Pest Control Board. Your Committee therefore recommends that Terrance Manago be appointed to the Pest Control Board based on his knowledge, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4031 Commerce and Consumer Protection on Gov. Msg. No. 736

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF NURSING

G.M. No. 736 DIANA RIGGS, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Diana Riggs for service on the State Board of Nursing.

Your Committee received testimony in support of the nomination for the appointment of Diana Riggs from the Department of Commerce and Consumer Affairs, Hawaii Permanente Medical Group, Kaiser Permanente Hawaii, and two individuals.

Upon review of the testimony, your Committee finds that Ms. Riggs' background and dedication to serving the public qualify her to be appointed to the State Board of Nursing as a licensed registered nurse member. Your Committee notes that Ms. Riggs has over sixteen years of experience in the field of nursing. Ms. Riggs started her nursing career at the Maui Memorial Medical Center in 2006 working in the emergency department as a charge nurse. Ms. Riggs then began working at Kaiser Permanente Hawaii in 2011 as a primary care and specialty care charge nurse and is now the Director of Clinic Operations and also serves as the Wailuku Ambulatory Surgical Center Administrator. Ms. Riggs has extensive experience participating in various professional organizations and committees, including the Hawaii Ambulatory Nursing Council, Reginal Nurse Leadership Committee, Emergency Management Committee, Infection Control Committee, and Attendance Committee. Your Committee finds that Ms. Riggs has a thorough understanding of the role and responsibilities of board members and her extensive experience in nursing in hospital and clinic settings will continue to enhance the effectiveness of the State Board of Nursing. Your Committee therefore recommends that Diana Riggs be appointed to the State Board of Nursing based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4032 Commerce and Consumer Protection on Gov. Msg. No. 755

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF NATUROPATHIC MEDICINE

G.M. No. 755 JOY KIMURA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Joy Kimura for service on the Board of Naturopathic Medicine.

Your Committee received testimony in support of the nomination for the reappointment of Joy Kimura from the Board of Naturopathic Medicine and three individuals.

Upon review of the testimony, your Committee finds that Ms. Kimura's experience, knowledge, and proven leadership on the Board of Naturopathic Medicine qualify her for reappointment to the Board as a public member. Your Committee notes that Ms. Kimura is employed by the Hawaii Laborers-Employers Cooperation and Education Trust in Government Relations and Compliance, and has experience conducting research and analysis in various state departments. Prior to that, Ms. Kimura worked in a number of different roles, including Assistant to the Executive Director of the Public Land Development Corporation for the Department of Land and Natural Resources, Legislative Assistant, Economic Development Specialist, and marketing manager. Ms. Kimura has a personal interest in the practice of naturopathic medicine and desires to support safe and effective consumer access to its services. Your Committee further finds that Ms. Kimura has served on the Board of Naturopathic Medicine since 2019 and her experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Joy Kimura be reappointed to the Board of Naturopathic Medicine based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4033 Commerce and Consumer Protection on Gov. Msg. No. 762

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII MEDICAL BOARD

G.M. No. 762 REBECCA SAWAI, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Rebecca Sawai for service on the Hawaii Medical Board.

Your Committee received testimony in support of the nomination for the appointment of Rebecca Sawai from the Department of Commerce and Consumer Affairs; Hawaii Permanente Medical Group, Inc.; Kaiser Permanente Moanalua Medical Center; and two individuals.

Upon review of the testimony, your Committee finds that Dr. Sawai's background and dedication to serving the public qualify her to be appointed to the Hawaii Medical Board as a licensed physician member specializing in surgery from the City and County of Honolulu. Your Committee notes that Dr. Sawai has been a licensed physician in Hawaii since 2008 and is currently an attending

surgeon in general surgery and colon and rectal surgery at Kaiser Moanalua Medical Center and an Assistant Clinical Professor at the University of Hawaii at Manoa John A. Burns School of Medicine. Over the course of her career, Dr. Sawai has earned multiple honors and awards and is an active member in several committees and professional organizations. Dr. Sawai serves as the Director of Peer Review Activities for the Hawaii Permanente Medical Group, Vice President for the Hawaii Chapter of the American College of Surgeons, Cancer Liaison Physician, and is a member of the Pacific Coast Surgical Association and American Society of Colon and Rectal Surgeons. Your Committee further finds that Dr. Sawai has a thorough understanding of the role and responsibilities of board members and her extensive experience as a physician and surgeon will continue to enhance the effectiveness of the Hawaii Medical Board. Your Committee therefore recommends that Rebecca Sawai be appointed to the Hawaii Medical Board based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4034 Commerce and Consumer Protection on Gov. Msg. No. 763

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF ACUPUNCTURE

G.M. No. 763 ROBERT LAREAUX, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Robert LaReaux for service on the Board of Acupuncture.

Your Committee received testimony in support of the nomination for the appointment of Robert LaReaux from the Department of Commerce and Consumer Affairs, Kailua Acupuncture Clinic, and two individuals.

Upon review of the testimony, your Committee finds that Dr. LaReaux's background and dedication to serving the public qualify him to be appointed to the Board of Acupuncture as a public member. Your Committee notes that Dr. LaReaux has over thirty-four years of experience in podiatric medicine. Dr. LaReaux was the President and Owner of Aloha Foot Centers, Inc. for thirty years and has served as a medical and surgical staff member for Castle Medical Center, Windward Surgical Center, and SurgiCare Hawaii. Your Committee further finds that Dr. LaReaux has served as member of multiple professional organizations, including the Castle Health Group and Hawaii Podiatric Medical Association Legislation Committee, and as a representative at the National Medicare Conference and Hawaii Medical Conciliation Panel. Dr. LaReaux also served on the faculty at the University of Hawaii at Manoa John A. Burns School of Medicine. Your Committee finds that Dr. LaReaux has a thorough understanding of the role and responsibilities of board members and his background will enhance the effectiveness of the Board of Acupuncture. Your Committee therefore recommends that Robert LaReaux be appointed to the Board of Acupuncture based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4035 Commerce and Consumer Protection on Gov. Msg. No. 766

Recommending that the Senate advise and consent to the nomination of the following:

CABLE ADVISORY COMMITTEE

G.M. No. 766 SCOTT WONG, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Scott Wong for service on the Cable Advisory Committee.

Your Committee received testimony in support of the nomination for the reappointment of Scott Wong from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Mr. Wong's experience, knowledge, and proven leadership on the Cable Advisory Committee qualify him for reappointment to the Committee. Your Committee notes that Mr. Wong is a Principal for Huana Productions, LLC, a film and television company, and CEO of Ohana Hui Ventures, Inc., which is involved in the development, construction, and operation of multimedia studio facilities. Mr. Wong is also the owner and director of Mystical Video Productions, Inc., a video production company specializing in corporate events, film and television productions, and drone video. Your Committee further finds that Mr. Wong has earned a number of awards for his community service activities and from his past service in the United States Marine Corps. Mr. Wong has served on the Cable Advisory Committee since 2017. Mr. Wong's experience and knowledge will continue to be assets to the Cable Advisory Committee. Your Committee therefore recommends that Scott Wong be reappointed to the Cable Advisory Committee based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4036 Commerce and Consumer Protection on Gov. Msg. No. 792

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF SPEECH PATHOLOGY AND AUDIOLOGY

G.M. No. 792 DENBY RALL, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Denby Rall for service on the Board of Speech Pathology and Audiology.

Your Committee received testimony in support of the nomination for the reappointment of Denby Rall from the Board of Speech Pathology and Audiology and five individuals.

Upon review of the testimony, your Committee finds that Dr. Rall's experience, knowledge, and proven leadership on Board of Speech Pathology and Audiology qualify her for reappointment to the Board as a licensed audiologist member. Your Committee notes that Dr. Rall has been licensed as an audiologist in Hawaii since 2008. Dr. Rall currently serves as the Chief of Audiology at Tripler Army Medical Center and is a traumatic brain injury and vestibular specialist who works primarily with military families. Dr. Rall also manages the audiology externship at Tripler and provides in-service trainings for various medical providers. Your Committee further finds that Dr. Rall is a member of multiple professional organizations, including the American Speech and Hearing Association and American Balance Society, and regularly volunteers with the Hawai'i Special Olympics. Dr. Rall also previously served as a chapter president of the National Association of Future Doctors of Audiology. Your Committee further notes that Dr. Rall has served on the Board of Speech Pathology and Audiology since 2020 and her experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Denby Rall be reappointed to the Board of Speech Pathology and Audiology based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4037 Commerce and Consumer Protection on Gov. Msg. No. 800

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF PHYSICAL THERAPY

G.M. No. 800 MICHELE CHEE, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Michele Chee for service on the Board of Physical Therapy.

Your Committee received testimony in support of the nomination for the appointment of Michele Chee from the Department of Commerce and Consumer Affairs, Maui Memorial Medical Center, and Shriners Hospitals for Children.

Upon review of the testimony, your Committee finds that Dr. Chee's background and dedication to serving the public qualify her to be appointed to Board of Physical Therapy as a licensed physical therapist member. Your Committee notes that Dr. Chee has twenty-four years of experience in the field of physical therapy and is currently the Director of Rehabilitation Services at Shriners Hospital for Children in Honolulu. Your Committee further notes that Dr. Chee is a member of multiple committees and boards, including the Rehab Executive Council for Shriners Children's Hospital and Schroth based Scoliosis Specific Exercise Task Force. Dr. Chee is also a member of the Hawaii Chapter of the American Physical Therapy Association, Pediatric Section, and has participated in numerous conferences. Your Committee finds that Dr. Chee has a thorough understanding of the role and responsibilities of board members and her extensive experience in the field of physical therapy will continue to enhance the effectiveness of the Board of Physical Therapy. Your Committee therefore recommends that Michele Chee be appointed to the Board of Physical Therapy based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4038 Commerce and Consumer Protection on Gov. Msg. No. 812

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF ELECTRICIANS AND PLUMBERS

G.M. No. 812 NATHAN OLANDA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Nathan Olanda for service on the Board of Electricians and Plumbers.

Your Committee received testimony in support of the nomination for the appointment of Nathan Olanda from the Department of Commerce and Consumer Affairs and three individuals.

Upon review of the testimony, your Committee finds that Mr. Olanda's background and dedication to serving the public qualify him to be appointed to the Board of Electricians and Plumbers as a licensed electrician member. Your Committee notes that Mr. Olanda has nearly forty years of residential and commercial technical experience in the electrical trade and is currently employed as a City and County of Honolulu Electrical Inspector. Over the course of his career, Mr. Olanda has supervised journeymen and apprentices and gained valuable experience in all disciplines within the electrical industry. Your Committee finds that Mr. Olanda has a thorough understanding of the role and responsibilities of board members and his extensive experience as an electrician will continue to enhance the effectiveness of the Board of Electricians and Plumbers. Your Committee therefore recommends that Nathan Olanda be appointed to the Board of Electricians and Plumbers based on his background, experience, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4039 Commerce and Consumer Protection on Gov. Msg. No. 813

Recommending that the Senate advise and consent to the nomination of the following:

MOTOR VEHICLE INDUSTRY LICENSING BOARD

G.M. No. 813 JOHN CAUDELL JR., for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by John Caudell Jr. for service on the Motor Vehicle Industry Licensing Board.

Your Committee received testimony in support of the nomination for the appointment of John Caudell Jr. from the Department of Commerce and Consumer Affairs; Zia Automotive Repair; Mullinax Auto Sales, Inc.; McCloskey Motors, Inc.; NIADA; and The Car Shop.

Upon review of the testimony, your Committee finds that Mr. Caudell's background and dedication to serving the public qualify him to be appointed to the Motor Vehicle Industry Licensing Board as a licensee member. Your Committee notes that Mr. Caudell has over forty years of experience in the automotive industry and has been licensed as a motor vehicle dealer and salesperson in Hawaii for over twenty-seven years. Mr. Caudell has been the dealer principal and co-owner of Pre-Owned Motor Cars in Kailua-Kona for the past twenty-five years. Your Committee further notes that Mr. Caudell has served on the Hawaii Independent Dealers Association for over sixteen years and currently serves as the Association's President. Mr. Caudell also serves as a board member and volunteer for Legacy of Life Hawai'i, an organization dedicated to encouraging organ donation through community outreach and education. Your Committee finds that Mr. Caudell has a thorough understanding of the role and responsibilities of board members and his extensive experience in the motor vehicle industry will continue to enhance the effectiveness of the Motor Vehicle Industry Licensing Board. Your Committee therefore recommends that John Caudell Jr. be appointed to the Motor Vehicle Industry Licensing Board based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4040 Commerce and Consumer Protection on Gov. Msg. No. 814

Recommending that the Senate advise and consent to the nomination of the following:

STATE BOARD OF BARBERING AND COSMETOLOGY

G.M. No. 814 MICHAEL BASTA JR., for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Michael Basta Jr. for service on the State Board of Barbering and Cosmetology.

Your Committee received testimony in support of the nomination for the of Michael Basta Jr. from the Department of Commerce and Consumer Affairs, Paul Brown Salon, and one individual.

Upon review of the testimony, your Committee finds that Mr. Basta's background and dedication to serving the public qualify him to be appointed to the State Board of Barbering and Cosmetology as a licensed beauty operator member. Your Committee notes that Mr. Basta has been in the cosmetology industry for over forty years and has been licensed as a beauty operator in Hawaii since 2017. Mr. Basta owned and operated three successful salons for a total of thirty-three years on the U.S. mainland and provided cosmetology education and instruction for companies such as Nexus, KMS, and Zegarelli. Your Committee finds that Mr. Basta has a thorough understanding of the role and responsibilities of board members and his extensive experience as a hair stylist and salon owner and operator will continue to enhance the effectiveness of the State Board of Barbering and Cosmetology. Your Committee therefore recommends that Michael Basta Jr. be appointed to the State Board of Barbering and Cosmetology based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4041 Commerce and Consumer Protection on Gov. Msg. No. 836

Recommending that the Senate advise and consent to the nomination of the following:

CONTRACTORS LICENSE BOARD

G.M. No. 836 JOHN POLISCHECK JR, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by John Polischek Jr. for service on the Contractors License Board.

Your Committee received testimony in support of the nomination for the appointment of John Polischek Jr. from the Contractors License Board; Mizobe Consulting Group, LLC; and Hawaii PV Coalition. Your Committee received testimony in opposition to the nomination for the appointment of John Polischek Jr. from one individual.

Upon review of the testimony, your Committee finds that Mr. Polischek's background and dedication to serving the public qualify him to be appointed to the Contractors License Board as a licensed general engineering and general building contractor member. Your Committee notes that Mr. Polischek has been in the construction industry for thirty-five years, has been licensed as a general engineering and general building contractor in Hawaii since 2000, and holds a number of specialty licenses and certificates. Mr. Polischek is currently the Co-Owner, President, and Responsible Managing Employee of American Piping & Boiler Co. in Kapolei. Previously, Mr. Polischek worked as a general superintendent, foreman, pipefitter, and welder for a number of energy and utility projects on Oahu. Your Committee further notes that Mr. Polischek served two prior terms on the Contractors License Board from 2011 to 2019 and served for two years as Vice Chairperson and three years as Chairperson of the Board. Accordingly, your Committee finds that Mr. Polischek has a thorough understanding of the role and responsibilities of board members and his extensive experience in the construction industry will continue to enhance the effectiveness of the Contractors License Board. Your Committee therefore recommends that John Polischek Jr. be appointed to the Contractors License Board based on his knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4042 Commerce and Consumer Protection on Gov. Msg. Nos. 767, 768, 834, and 835

Recommending that the Senate advise and consent to the nominations of the following:

REAL ESTATE COMMISSION

G.M. No. 767 RUSSELL KYONO, for a term to expire 06-30-2026;

G.M. No. 768 JOHN LOVE, for a term to expire 06-30-2026;

G.M. No. 834 SEAN GINOZA, for a term to expire 06-30-2026; and

G.M. No. 835 RICHARD EMERY, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Russell Kyono, John Love, Sean Ginoza, and Richard Emery for service on the Real Estate Commission.

RUSSELL KYONO

Your Committee received testimony in support of the nomination for the reappointment of Russell Kyono from the Real Estate Commission and one individual.

Upon review of the testimony, your Committee finds that Mr. Kyono's experience, knowledge, and proven leadership on the Real Estate Commission qualify him for reappointment to the Real Estate Commission as a broker member from Kauai County. Your Committee notes that Mr. Kyono has been licensed as a real estate salesperson in Hawaii since 1981 and has been a licensed real estate broker since 1991. Mr. Kyono is the owner and principal of K-ONI, Inc., dba Kauai Rentals & Real Estate in Lihue, which was founded in 2010. Your Committee further finds that Mr. Kyono is a member of multiple professional organizations, including the Kauai Board of Realtors, Hawaii Association of Realtors, National Association of Realtors, and National Association of Residential Property Managers. Mr. Kyono has served on the Real Estate Commission since 2018 and currently serves as Vice Chair of the Education Review Committee. Mr. Kyono's experience and knowledge will continue to be assets to the Real Estate Commission. Your Committee therefore recommends that Russell Kyono be reappointed to the Real Estate Commission based on his experience, knowledge, and commitment to public service.

JOHN LOVE

Your Committee received testimony in support of the nomination for the reappointment of John Love from the Real Estate Commission; Cades Schutte, LLLP; and one individual.

Upon review of the testimony, your Committee finds that Mr. Love's knowledge, background, and proven leadership on Real Estate Commission qualify him for reappointment to the Real Estate Commission as a public member from Honolulu. Your Committee notes that Mr. Love is a real estate attorney and partner at Cades Schutte, LLLP, where he handles real estate acquisition and sales transactions, commercial leasing, financing, and development matters. Your Committee further finds that Mr. Love is active in his profession and his community and has previously served as Chair of the Real Property and Financial Services section of the Hawaii State Bar Association; Trustee of the Albert T. & Wallace T. Teruya Foundation; and as Vice President of the Honolulu Chamber Music Series. Mr. Love has served on the Real Estate Commission since 2018 and is Chair of the Condominium Review Committee. Mr. Love's experience and background will continue to be assets to the Real Estate Commission. Your Committee therefore recommends that John Love be reappointed to the Real Estate Commission based on his experience, background, and dedication to public service.

SEAN GINOZA

Your Committee received testimony in support of the nomination for the reappointment of Sean Ginoza from the Real Estate Commission and one individual.

Upon review of the testimony, your Committee finds that Mr. Ginoza's experience, knowledge, and proven leadership on the Real Estate Commission qualify him for reappointment to the Real Estate Commission as a licensed broker member from Hawaii County. Your Committee notes that Mr. Ginoza has worked with Ginoza Realty, Inc. in Hilo since 2000 in various capacities such as a property manager and realtor broker, and currently serves as Vice President. Mr. Ginoza is also active in multiple professional and community organizations, including the Hawaii Island Chamber of Commerce, Japanese Chamber of Commerce, Hawaii Island Realtors, and Hilo Yacht Club. Your Committee further finds that Mr. Ginoza has served on the Real Estate Commission since 2017 and currently serves as Vice Chair of the Commission's Laws and Rules Review Committee. Mr. Ginoza's knowledge and experience will continue to be assets to the Real Estate Commission. Your Committee therefore recommends that Sean Ginoza be reappointed to the Real Estate Commission based on his background, knowledge, and commitment to serving the public.

RICHARD EMERY

Your Committee received testimony in support of the nomination for the appointment of Richard Emery from the Department of Commerce and Consumer Affairs; Law Offices of Philip S. Nerney, LLLC; Hawaii State Association of Parliamentarians; Hawaii Council of Community Associations; Hosoda Law Group; Porter McGuire Kiakona, LLP; and seven individuals. Your Committee received testimony in opposition to the nomination for the appointment of Richard Emery from Hui 'Oia'i'a and six individuals.

Upon review of the testimony, your Committee finds that Mr. Emery's background and dedication to serving the public qualify him to be appointed to the Real Estate Commission as a licensed broker member from Honolulu. Your Committee notes that Mr. Emery has been a Hawaii licensed broker for over twenty-five years. Mr. Emery is a former Principal Broker and President of Hawaii First, Inc., the third largest property management firm in Hawaii specializing in residential property management for nearly two hundred buildings. Mr. Emery currently serves as Vice President of Governmental Affairs for Associa, Hawaii and is a member of the Community Associations Institute Legislative Action Committee and Director for the Hawaii Council of Community Associations. Your Committee finds that Mr. Emery has a thorough understanding of the role and responsibilities of board members and his extensive experience in real estate matters will provide a unique perspective as a member of the Real Estate Commission. Your Committee therefore recommends that Richard Emery be appointed to the Real Estate Commission based on his knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4043 Commerce and Consumer Protection on Gov. Msg. Nos. 658 and 769

Recommending that the Senate advise and consent to the nominations of the following:

STATE BOARD OF PUBLIC ACCOUNTANCY

G.M. No. 658 CHRISTOPHER LEE, for a term to expire 06-30-2026; and

G.M. No. 769 GARY MIYASHIRO, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Christopher Lee and Gary Miyashiro for service on the State Board of Public Accountancy.

CHRISTOPHER LEE

Your Committee received testimony in support of the nomination for the reappointment of Christopher Lee from the State Board of Public Accountancy and one individual.

Upon review of the testimony, your Committee finds that Mr. Lee's experience, knowledge, and proven leadership on the State Board of Public Accountancy qualify him for reappointment to the Board as a licensed member in active practice. Your Committee notes that Mr. Lee has been a licensed certified public accountant in Hawaii since 2003 and currently serves as a principal and managing member of the accounting firm ECA, LLP. Mr. Lee has extensive experience with accounting and auditing responsibilities at the supervisory level, including for clients in construction contracting and non-profit organizations. Your Committee further finds that Mr. Lee is an active participant in his community and in a number of professional organizations, including the Hawaii Society of Certified Public Accountants, American Institute of Certified Public Accountants, and Construction Financial Management Association, and also serves as the Treasurer for Aloha Festivals, Inc. Mr. Lee has served on the State Board of Public Accountancy

since 2018 and his experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Christopher Lee be reappointed to the State Board of Public Accountancy based on his background, knowledge, and commitment to public service.

GARY MIYASHIRO

Your Committee received testimony in support of the nomination for the reappointment of Gary Miyashiro from the State Board of Public Accountancy; Edward Enterprises, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Mr. Miyashiro's knowledge, background, and proven leadership on the State Board of Public Accountancy qualify him for reappointment to the Board as a licensed member in active practice. Your Committee notes that Mr. Miyashiro has nearly thirty years of experience in accounting and has been licensed as a certified public accountant in Hawaii since 1994. Mr. Miyashiro has served as the President of MC Group Hawaii, Inc. since 2011, and previously worked in public and private accounting with both large and small firms, and also served as a financial executive. Your Committee further finds that Mr. Miyashiro is a member of the American Institute of Certified Public Accountants, Hawaii Association of Public Accountants, Hawaii Society of Certified Public Accountants, and National Society of Accountants. Mr. Miyashiro has served on the State Board of Public Accountancy since 2016 and his experience and knowledge will continue to be assets to the Board. Your Committee therefore recommends that Gary Miyashiro be reappointed to the State Board of Public Accountancy based on his knowledge, background, and dedication to serving the public.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4044 Commerce and Consumer Protection on Gov. Msg. No. 707

Recommending that the Senate advise and consent to the nomination of the following:

HAWAI'I BOARD OF VETERINARY MEDICINE

G.M. No. 707 LISA WOOD, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Lisa Wood for service on the Hawai'i Board of Veterinary Medicine.

Your Committee received testimony in support of the nomination for the appointment of Lisa Wood from the Department of Commerce and Consumer Affairs; Hawaii Cattlemen's Council, Inc.; Parker Ranch, Inc.; one member of the Hawai'i County Council; and two individuals.

Upon review of the testimony, your Committee finds that Dr. Wood's background and dedication to serving the public qualify her to be appointed to the Hawai'i Board of Veterinary Medicine as a licensed veterinarian member from Hawai'i County. Your Committee notes that Dr. Wood has practiced as a veterinarian and managing partner at Veterinary Associates, Inc. since 1990 in Kamuela, Hawai'i. Dr. Wood regularly sees large and small animal patients in the Waimea and Hilo areas and provides quality, competent, and compassionate veterinary care to her community. Your Committee further finds that Dr. Wood has served as past-President and Chair for the Animal Health and Well-Being Committee at the Hawai'i Cattlemen's Council and formerly served as a member of many other committees including the National Cattlemen's Beef Association, Hawaii Rangeland Stewardship Foundation, and many more. Dr. Wood has a thorough understanding of the role and responsibilities of board members and her extensive experience as a veterinarian will continue to enhance the effectiveness of the Hawai'i Board of Veterinary Medicine. Your Committee therefore recommends that Lisa Wood be appointed to the Hawai'i Board of Veterinary Medicine based on her knowledge, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4045 Commerce and Consumer Protection on Gov. Msg. Nos. 655, 706, and 791

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF PROFESSIONAL ENGINEERS, ARCHITECTS, SURVEYORS, AND LANDSCAPE ARCHITECTS

G.M. No. 655 BRIAN FUJIWARA, for a term to expire 06-30-2026;

G.M. No. 706 JAY ISHIBASHI, for a term to expire 06-30-2026; and

G.M. No. 791 BENEDICT LEE, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Brian Fujiwara, Jay Ishibashi, and Benedict Lee for service on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

BRIAN FUJIWARA

Your Committee received testimony in support of the nomination for the reappointment of Brian Fujiwara from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; JL Capital; and RB Yumol Architects.

Upon review of the testimony, your Committee finds that Mr. Fujiwara's experience, knowledge, and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board as a licensed professional architect member. Your Committee notes that Mr. Fujiwara has worked in the field of architecture for over thirty-four years and has been a licensed architect in Hawaii since 2000. Mr. Fujiwara has been the owner and principal of BKF & Associates, LLC since 2003. In addition to owning an architectural firm, Mr. Fujiwara volunteers as a committee member of the National Council of Architectural Registration Boards and attends regional and national meetings to remain up to date on matters impacting the profession. Your Committee further finds that Mr. Fujiwara is also a member of the American Institute of Architects and has served on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since July 2018, currently serving as the Board's Chairperson. Mr. Fujiwara's experience and knowledge will continue to be assets to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee therefore recommends that Brian Fujiwara be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his experience, knowledge, and commitment to public service.

JAY ISHIBASHI

Your Committee received testimony in support of the nomination for the reappointment of Jay Ishibashi from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; KAI Hawaii, Inc.; and one individual.

Upon review of the testimony, your Committee finds that Mr. Ishibashi's background, knowledge, and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to the Board as a public member. Your Committee notes that Mr. Ishibashi currently works as a Program Specialist V for the Department of Labor and Industrial Relations. Prior to that, Mr. Ishibashi served as an Employee Representative for the Hawaii Government Employees Association, Executive Assistant to the Mayor, Budget Analyst for the Hawaii State Senate, and in other roles with the Department of Human Services. Your Committee further finds that Mr. Ishibashi has previously served as a member on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and was most recently appointed in 2020. Mr. Ishibashi's experience and knowledge will continue to be assets to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee therefore recommends that Jay Ishibashi be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his knowledge and dedication to serving the public.

BENEDICT LEE

Your Committee received testimony in support of the nomination for the reappointment of Benedict Lee from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and two individuals.

Upon review of the testimony, your Committee finds that Mr. Lee's experience, knowledge, and proven leadership on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects qualify him for reappointment to Board as a licensed landscape architect member. Your Committee notes that Mr. Lee has been licensed as a landscape architect in Hawaii since 1985. Mr. Lee is the principal of Brownlie & Lee, which was formed in 1988. Mr. Lee has been involved in a wide range of residential, commercial, and recreational projects in public and private sectors and is also licensed as a landscape architect in Guam and the Northern Mariana Islands. Your Committee further finds that Mr. Lee is a member of a number of professional organizations, including the American Society of Landscape Architects and International Federation of Landscape Architects. Mr. Lee has served on the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects since 2016. Mr. Lee's experience and knowledge will continue to be assets to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects. Your Committee therefore recommends that Benedict Lee be reappointed to the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4046 Commerce and Consumer Protection on Gov. Msg. Nos. 630 and 631

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DENTISTRY

G.M. No. 630 STAPHE FUJIMOTO, for a term to expire 06-30-2025; and

G.M. No. 631 JOY SHIMABUKU, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Staphe Fujimoto and Joy Shimabuku for service on the Board of Dentistry.

STAPHE FUJIMOTO

Your Committee received testimony in support of the nomination for the appointment of Staphe Fujimoto from the Board of Dentistry, Hawaii Dental Association, and one individual.

Upon review of the testimony, your Committee finds that Dr. Fujimoto's experience, knowledge, and proven leadership on the Board of Dentistry qualify him for appointment to the Board as a licensed dentist member. Your Committee notes that Dr. Fujimoto

has been a licensed dentist in Hawaii since 1985. Dr. Fujimoto is also a member of a number of professional organizations, including the Honolulu County Dental Society, Hawaii Dental Association, American Dental Association, and American Association of Endodontists. Your Committee further finds that Dr. Fujimoto previously served on the Board of Dentistry from 2012 to 2020, including serving as Chairperson, and has most recently served on the Board since 2019. Dr. Fujimoto currently serves as an examiner for dental licensure examinations, attends regional examinations and meetings, and is a member of the Steering Committee of the Central Regional Dental Testing Service, Inc. Dr. Fujimoto's experience and knowledge will continue to be assets to the Board of Dentistry. Your Committee therefore recommends that Staph Fujimoto be appointed to the Board of Dentistry based on his experience, knowledge, and commitment to public service.

JOY SHIMABUKU

Your Committee received testimony in support of the nomination for the appointment of Joy Shimabuku from the Board of Dentistry and two individuals.

Upon review of the testimony, your Committee finds that Mrs. Shimabuku's background and dedication to serving the public qualify her to be appointed to the Board of Dentistry as a public member. Your Committee notes that Mrs. Shimabuku has been a licensed cosmetologist for over fifty years, is a small business owner, and also a licensed real estate agent. Mrs. Shimabuku is an active member in professional and community organizations, including the Professional Beauty Association and Kaimuki Business and Professional Association. Mrs. Shimabuku further serves as a cosmetology instructor and volunteer trainer and previously served as Chair of the American Cancer Society "Look Good, Feel Better" program and Senior Assistant Instructor for the Okinawan Cultural Dance Troupe. Your Committee finds that Mrs. Shimabuku has a thorough understanding of the role and responsibilities of board members and previously served on the Board of Dentistry from 2014 to 2021 and her experience will continue to enhance the effectiveness of Board. Your Committee therefore recommends that Joy Shimabuku be appointed to the Board of Dentistry based on her knowledge, background, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Commerce and Consumer Protection that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4047 Judiciary on Gov. Msg. No. 592

Recommending that the Senate advise and consent to the nomination of the following:

STATEWIDE VOTERS WITH SPECIAL NEEDS ADVISORY COMMITTEE

G.M. No. 592 JAMES GASHEL, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by James Gashel for service on the Statewide Voters with Special Needs Advisory Committee.

Your Committee received testimony in support of the nomination for the appointment of James Gashel from the State Council on Developmental Disabilities, Disability and Communication Access Board, Honolulu Elections Division, Hawaii Disability Rights Center, National Federation of the Blind of Hawaii, and three individuals.

Upon review of the testimony, your Committee finds that Mr. Gashel's experience with the National Federation of the Blind, expertise and familiarity with issues affecting voters with special needs, and passion for helping people with disabilities, qualify him for appointment to the Statewide Voters with Special Needs Advisory Committee. Mr. Gashel has served the National Federation of the Blind in several key leadership positions for more than thirty years and has become one of the best known advocates for the blind in the United States. His work has led to significant changes in virtually every law directly affecting blind Americans. Your Committee notes that Mr. Gashel currently serves as the Secretary of the National Federation of the Blind of Hawai'i and continues to be a champion and strong advocate for people with disabilities. Your Committee therefore recommends that James Gashel be appointed to the Statewide Voters with Special Needs Advisory Committee based on his experience, leadership skills, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Fevella).

SCRep. 4048 Judiciary on Gov. Msg. No. 747

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION TO PROMOTE UNIFORM LEGISLATION

G.M. No. 747 MICHAEL TANOUE, for a term to expire 06-30-2024

Your Committee reviewed the personal history, resume, and statement submitted by Michael Tanoue for service on the Commission to Promote Uniform Legislation.

Your Committee received testimony in support of the nomination for the appointment of Michael Tanoue from the Department of the Attorney General, Sumida Law, and five individuals.

Upon review of the testimony, your Committee finds that Mr. Tanoue's legal experience, familiarity in drafting legislation, and dedication to the public qualify him to be nominated for appointment to the Commission to Promote Uniform Legislation. Mr. Tanoue has practiced insurance law for over thirty years and has worked with the Hawaii Insurers Council for over ten years in reviewing, analyzing, drafting, and revising proposed legislation. Your Committee notes that Mr. Tanoue served as a commission member on the Hawaii Supreme Court Committee on Pattern Civil Jury Instructions for over twenty years. Mr. Tanoue has also volunteered as a judge in high school and debate activities at national and state tournaments for nearly forty years. Your Committee finds that Mr. Tanoue's experience in various aspects of law, knowledge in drafting legislation, and commitment to the public will be great assets to the Commission and recommends that Michael Tanoue be appointed to the Commission to Promote Uniform Legislation.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Kim, Lee, Fevella).

SCRep. 4049 Human Services on Gov. Msg. No. 574

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON FATHERHOOD

G.M. No. 574 JOSEPH O'CONNELL, for a term to expire 06-30-2023

Your Committee reviewed the personal history, resume, and statement submitted by Joseph O'Connell for service on the Commission on Fatherhood.

Your Committee received testimony in support of the nomination for the appointment of Mr. O'Connell from one individual.

Upon review of the testimony, your Committee finds that Mr. O'Connell's experience in working with youth and families in Hawaii, knowledge as a general licensed resource caregiver formerly known as foster parent for the past seven years, and commitment to improving the lives of Hawaii's youth qualify him for appointment to the Commission on Fatherhood. Your Committee finds that as an individual who aged out of foster care, became a foster parent, and works in the child welfare sector, Mr. O'Connell has a unique and well-informed perspective of the child welfare system and its challenges. Your Committee notes that after passing the General Educational Development test, Mr. O'Connell earned his Bachelor of Arts degree in Economics and Bachelor of Business Administration degree in Business Administration from the University of Hawaii at Hilo. He is currently a Program Supervisor at PARENTS, Inc., a service contractor for the Department of Human Services' Child Welfare Services Branch, where he oversees the company's Comprehensive Counseling and Support Services program that supports families involved in the child welfare system. Mr. O'Connell also serves as a Financial Literacy Facilitator with the HI HOPES Division of EPIC 'Ohana Inc., where he teaches financial literacy to youths who are fifteen to twenty years of age. Prior to taking on these positions, Mr. O'Connell served as a financial literacy trainer and counselor at Hawaii First Federal Credit Union where he created individualized financial plans for low-income families.

Your Committee further notes that from 2019 to 2020, Mr. O'Connell worked with Kamehameha Schools on a program aimed to increase engagement of the community and families of Native Hawaiian children in foster care. In December 2019, Mr. O'Connell was named by the Honolulu Star-Advertiser as one of the "Heroes Next Door" who, as a one-time foster child, has devoted his life to improving the child welfare system. Mr. O'Connell's commitment to improving the lives of Hawaii's youth is also evidenced by his on-going service as a team leader, facilitator, and staff trainer at Hawai'i Leadership Academy's Winners Camp, a residential camp for teenagers on Oahu open for four to six weeks a year that is focused on increasing the academic performance of participating teens.

Your Committee therefore recommends that Joseph O'Connell be appointed to the Commission on Fatherhood based on his experience, knowledge, and fervent commitment to improving the child welfare system and the lives of Hawaii's youth and promoting healthy family relationships between parents and children.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4050 Human Services on Gov. Msg. Nos. 659, 660, 661, 662, 663, 664, and 665

Recommending that the Senate advise and consent to the nominations of the following:

STATE REHABILITATION COUNCIL

- G.M. No. 659 ROSELANI ROWE, for a term to expire 06-30-2025;
- G.M. No. 660 EVALINA WATANABE, for a term to expire 06-30-2025;
- G.M. No. 661 STANLEY YOUNG, for a term to expire 06-30-2025;
- G.M. No. 662 WALTER SOARES, for a term to expire 06-30-2025;
- G.M. No. 663 ANNETTE TASHIRO, for a term to expire 06-30-2025;
- G.M. No. 664 CATHERINE TAYLOR, for a term to expire 06-30-2025; and

G.M. No. 665 HEATHER CHAPMAN, for a term to expire 06-30-2023

Your Committee reviewed the personal histories, resumes, and statements submitted by Roselani Rowe, Evalina Watanabe, Stanley Young, Walter Soares, Annette Tashiro, Catherine Taylor, and Heather Chapman for service on the State Rehabilitation Council.

ROSELANI ROWE

Your Committee received testimony in support of the nomination for the reappointment of Roselani Rowe from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Ms. Rowe's experience, knowledge, and commitment to public service qualify her to be reappointed to the State Rehabilitation Council. Ms. Rowe is currently the Executive Director and Chief Executive Officer of Leadership in Disabilities and Achievement of Hawaii, a non-profit organization that works on various projects that benefit children with or at risk of disabilities, their families, and the professionals who serve them, including the Parent Training and Information Center for the State of Hawaii. Prior to being promoted to her current position, Ms. Rowe was an Education and Training Coordinator providing training, outreach, and advocacy services for parents, families, and caregivers of children with disabilities and disability professionals. Ms. Rowe's commitment to public service is evidenced in her service on various councils and committees, including the Special Education Advisory Council, whose mission is to guide and assist the Department of Education in fulfilling its responsibility to meet the individual needs of children with disabilities.

Your Committee notes that the State Rehabilitation Council is required by statute to include at least one representative of a parent training and information center. Ms. Rowe has been a member of the Council fulfilling this statutory requirement since 2020, and if reappointed, will continue to serve in this capacity.

Your Committee finds that Ms. Rowe's professional experience and knowledge in working with parents, families, and caregivers of children with disabilities and disability professionals and commitment to public service will continue to be great assets for the State Rehabilitation Council. Your Committee therefore recommends that Roselani Rowe be reappointed to the State Rehabilitation Council.

EVALINA WATANABE

Your Committee received testimony in support of the nomination for the reappointment of Evalina Watanabe from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Ms. Watanabe's experience, knowledge, and commitment to public service qualify her to be reappointed to the State Rehabilitation Council. Ms. Watanabe is a resident of Maui who currently serves as Staffing Coordinator at Masterecare Homecare and Healthcare, where she is responsible for advocating for and assisting families with children and adults with disabilities navigate through the homecare and healthcare systems. Prior to her current position, Ms. Watanabe served as an independent living specialist with the Hawaii Centers for Independent Living, providing advocacy and education on disability awareness and accessibility throughout the State. Ms. Watanabe's commitment to public service is evidenced in her service on various commissions and organizations, including serving as the Chairperson of Maui County's Commission on Persons with Disabilities that assists the County in rendering services to persons with disabilities.

Your Committee notes that the State Rehabilitation Council is required by statute to include at least one member from each county and representatives of disability advocacy groups. Ms. Watanabe has been serving on the Council since 2020 fulfilling these statutory requirements as a member from the County of Maui representing disability advocacy groups. If reappointed to the Council, she will continue to serve in the same capacity.

Your Committee finds that Ms. Watanabe's professional experience and knowledge in advocating for families with children and adults with disabilities and commitment to public service will continue to contribute greatly to the State Rehabilitation Council. Your Committee therefore recommends that Evalina Watanabe be reappointed to the State Rehabilitation Council.

STANLEY YOUNG

Your Committee received testimony in support of the nomination for the reappointment of Stanley Young from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Mr. Young's experience, knowledge, and commitment to public service qualify him to be reappointed to the State Rehabilitation Council. For the past twenty-five years, Mr. Young has been an active client of Ho'opono Services for the Blind, a branch of the Department of Human Services' Division of Vocational Rehabilitation. Mr. Young has worked at various state and federal blind vending facilities since 1995 and currently serves as a licensed blind vendor at Daniel K. Inouye International Airport's newsstand along his two blind partners and eighty-four employees, including disabled and blind individuals. Since 2019, Mr. Young has been serving as the elected chairperson of the Hawaii State Committee of Blind Vendors, a federal Randolph Sheppard Act mandated board of blind vendors, actively participating in all major decisions made by Ho'opono's Business Enterprise Program on behalf of blind vendors.

Your Committee notes that the State Rehabilitation Council is required by statute to include representatives of disability advocacy groups. Mr. Young has been a member of the Council fulfilling this statutory requirement since 2020, and if reappointed, will continue to serve in this capacity.

Your Committee finds that Mr. Young's personal and professional experience and knowledge in working as a blind vendor, hiring disabled and blind employees, and advocating on behalf of blind vendors, as well as his commitment to public service will continue to be great assets to the State Rehabilitation Council. Your Committee therefore recommends that Stanley Young be reappointed to the State Rehabilitation Council.

WALTER SOARES

Your Committee received testimony in support of the nomination for the reappointment of Walter Soares from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Mr. Soares's experience, knowledge, and commitment to public service qualify him to be reappointed to the State Rehabilitation Council. Since 1989, Mr. Soares has been the President and owner of Island Skill Gathering, an entity contractor with the Department of Human Services' Division of Vocational Rehabilitation, that empowers people with disabilities by facilitating the learning of independent living skills; providing assistive technology, vocational counseling, and Americans with Disabilities Act (ADA) training; and raising disability awareness. As an individual with a disability who has been a recipient of the Division's services, Mr. Soares has first-hand knowledge on its vocational rehabilitation process and can therefore effectively advocate on behalf of disabled individuals seeking employment.

Your Committee notes that the State Rehabilitation Council is required by statute to include representatives of disability advocacy groups. Mr. Soares has been a member of the Council fulfilling this statutory requirement since 2020, and if reappointed, will continue to serve in this capacity.

Your Committee finds that Mr. Soares's working knowledge on the vocational rehabilitation process, expertise in assistive technology that can assist an individual with a disability accomplish almost any job task, and his experience advocating on behalf of individuals with disabilities will continue to enhance the effectiveness of the State Rehabilitation Council. Your Committee therefore recommends that Walter Soares be reappointed to the State Rehabilitation Council.

ANNETTE TASHIRO

Your Committee received testimony in support of the nomination for the reappointment of Annette Tashiro from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Ms. Tashiro's experience, knowledge, and commitment to public service qualify her to be reappointed to the State Rehabilitation Council. Ms. Tashiro is a retired certified Vocational Rehabilitation Counselor with a Master of Education degree in Counselor Education-Rehabilitation Counseling. Ms. Tashiro was a public servant for over two decades, serving in various positions with the State of Hawaii and City and County of Honolulu. Her experience includes ten years of service as a Vocational Rehabilitation Counselor with the Ho'opono Services for the Blind, a branch of the Department of Human Services' Division of Vocational Rehabilitation, during which she advocated for and collaborated with her clients to develop a successful individualized plan for employment and independent living. Ms. Tashiro currently serves as a volunteer to provide counseling, education, and training opportunities for persons with disabilities to help them achieve success in their quality of life aspirations, and continues to be an active community member as an advocate for emergency preparation, resolving homelessness, aging with dignity, and equal access to community services. In addition to being a member of the State Rehabilitation Council since 2020, she chairs the Statewide Independent Living Council and serves on the National Federation of the Blind, Anuenue Chapter, as its treasurer.

Your Committee notes that the State Rehabilitation Council is required by statute to include representatives of disability advocacy groups. If reappointed, Ms. Tashiro will be one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Tashiro's advocacy for individuals with disabilities, experience in education-rehabilitation counseling, familiarity with the vocational rehabilitation program and the needs of individuals with disabilities, and commitment to public service will continue to be great assets to the State Rehabilitation Council. Your Committee therefore recommends that Annette Tashiro be reappointed to the State Rehabilitation Council.

CATHERINE TAYLOR

Your Committee received testimony in support of the nomination for the appointment of Catherine Taylor from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Dr. Taylor's experience, knowledge, and commitment to public service qualify her to be appointed to the State Rehabilitation Council. Dr. Taylor has been a teacher employed by the Department of Education for sixteen years, with credentials that include a Doctor of Philosophy degree in Education, specializing in Exceptionalities earned from the University of Hawaii at Manoa and a Master of Science degree in Rehabilitation Counseling earned from San Francisco State University. She has been a Licensed Mental Health Counselor and Behavioral Specialist since 2008 and has been serving as a Special Education and Science Teacher, Secondary Education, at Iao School and Maui High School in the County of Maui since 2019. Dr. Taylor's past positions include serving as a Disability Services Counselor at the University of Hawaii Maui College during which she worked closely with counselors at the Department of Human Services' Division of Vocational Rehabilitation in facilitating the transition of individuals with disabilities into the workforce and vocational and college programs.

Your Committee notes that the State Rehabilitation Council is required by statute to include representatives of disability advocacy groups. Dr. Taylor has been serving as an interim member of the Council as one of the representatives of disability advocacy groups for the past year and if appointed, will continue to serve in this capacity. The appointment of Dr. Taylor, who is a resident of Maui, will also fulfill the statutory requirement that the State Rehabilitation Council include at least one member from each county.

Your Committee finds that Dr. Taylor's extensive experience in working with individuals with disabilities and supporting their educational needs as they transition to employment and post-secondary education and commitment to public service will continue to be great assets to the State Rehabilitation Council. Your Committee therefore recommends that Catherine Taylor be appointed to the State Rehabilitation Council.

HEATHER CHAPMAN

Your Committee received testimony in support of the nomination for the appointment of Heather Chapman from the Department of Human Services' Division of Vocational Rehabilitation.

Upon review of the testimony, your Committee finds that Dr. Chapman's experience, knowledge, and commitment to public service qualify her to be appointed to the State Rehabilitation Council. Dr. Chapman earned a Doctorate in Psychology from Touro University in Vallejo, California; a Master of Arts degree in Clinical Psychology from Argosy University; and a Master of Science degree in Counseling Psychology from Chaminade University of Honolulu. She is a Licensed Behavior Analyst and is currently the Department of Education's Educational Specialist for post-secondary, incarcerated, and residential students under the Individuals with Disabilities Education Act (IDEA). Dr. Chapman's role in planning, implementing, and evaluating transition education and services at the state system level ensures that transitioning students achieve their postsecondary goals.

Your Committee also notes that the State Rehabilitation Council is required by statute to include at least one representative of the state educational agency responsible for the public education of students with disabilities. The appointment of Dr. Chapman satisfies this statutory requirement.

Your Committee believes Dr. Chapman's knowledge of school and mental health systems, learning styles, special education, behavior interventions, and student/client intervention development will continue to be great assets to the State Rehabilitation Council. Your Committee therefore recommends that Heather Chapman be appointed to the State Rehabilitation Council.

As affirmed by the records of votes of the members of your Committee on Human Services that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 4051 Housing on Gov. Msg. Nos. 637, 759, and 822

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION

G.M. No. 637 GARY MACKLER, for a term to expire 06-30-2026;

G.M. No. 759 JAY KIMURA, for a term to expire 06-30-2025; and

G.M. No. 822 JASON BRADSHAW, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Gary Mackler, Jay Kimura, and Jason Bradshaw for service on the Board of Directors of the Hawaii Housing Finance and Development Corporation.

GARY MACKLER

Your Committee received testimony in support of the nomination for the reappointment of Gary Mackler from the Office of the Mayor of the County of Kaua'i, EAH Housing, HHOC Housing & Land Trust, and one individual.

Upon review of the testimony, your Committee finds that Mr. Mackler's knowledge and experience in housing development qualify him for reappointment to the Board of Directors of the Hawaii Housing Finance and Development Corporation as a public member representing the County of Kauai. Your Committee notes that Mr. Mackler currently serves as a member of the Board of Directors of the Hawaii Housing Finance and Development Corporation and the Kauai Housing Development Corporation. Additionally, Mr. Mackler serves as a board member for the Hawaii Home Ownership Center Community Land Trust. Prior to his membership on the Board of Directors of the Hawaii Housing Finance and Development Corporation, Mr. Mackler earned his Juris Doctor from the Western State University College of Law and served as the Housing Development Coordinator for the Kauai County Housing Agency for twenty-four years. During the course of his career in housing development, Mr. Mackler has worked on many housing projects, including the Kalepa Village, Paanau Village, Kanikoo at Rice Camp, Koaie Makana, and Lima Ola. Specifically, Mr. Mackler's project experience includes developments that have provided large numbers of multi-family rental units. Mr. Mackler's extensive knowledge and experience regarding housing development in Kauai County will continue to be assets to the Board of Directors of the Hawaii Housing Finance and Development Corporation. Your Committee therefore recommends that Gary Mackler be reappointed to the Board of Directors of the Hawaii Housing Finance and Development Corporation based on his knowledge, experience, and commitment to public service.

JAY KIMURA

Your Committee received testimony in support of the nomination for the appointment of Jay Kimura from one individual.

Upon review of the testimony, your Committee finds that Mr. Kimura's knowledge and experience regarding poverty reduction and nonprofit community action qualify him for appointment to the Board of Directors of the Hawaii Housing Finance and Development Corporation as a community advocate member. Your Committee notes that Mr. Kimura served as the Executive Director of the Hawaii County Economic Opportunity Council from 2012 to 2019. In this role, Mr. Kimura managed the Council's staff and secured funding from federal, state, and county sources. Prior to his work at the Hawaii County Economic Opportunity Council, Mr. Kimura served as the Prosecuting Attorney for the County of Hawaii, where he established proactive community involvement, including the Big Island Comprehensive Juvenile Justice Strategy and Big Island Community Action Program. Mr. Kimura earned his Juris Doctor from the California Western School of Law. Mr. Kimura is also an active community member who has served on numerous boards and committees, including the Governor's Committee on Crime, Juvenile Justice Interagency Committee, Big Island Housing Foundation, Independent Law Enforcement Review Board, among others. Mr. Kimura's knowledge and experience in nonprofit community action and commitment to public service will be assets to the Board of Directors of the Hawaii Housing Finance and Development Corporation. Your Committee therefore recommends that Jay Kimura be appointed to the Board of Directors of the Hawaii Housing Finance and Development Corporation based on his knowledge, experience, and commitment to public service.

JASON BRADSHAW

Your Committee received testimony in support of the nomination for the appointment of Jason Bradshaw from the Labor Caucus of the Democratic Party of Hawai'i, Iron Workers Stabilization Fund, and two individuals.

Upon review of the testimony, your Committee finds that Mr. Bradshaw's experience and knowledge working on behalf of workers in the State qualify him for appointment to the Board of Directors of the Hawaii Housing Finance and Development Corporation as a public member. Your Committee notes that Mr. Bradshaw currently works as a government affairs representative for the Hawaii Ironworkers Stabilization Fund. Previously, Mr. Bradshaw worked as a legislative representative for ILWU Local 142 and as the Political Director at the Hawaii State AFL-CIO. Mr. Bradshaw has also served as a member of several community organizations, including the State Central Committee of the Labor Caucus of the Democratic Party of Hawaii, the Board of the Hawaii Workforce Development Council, and the Board of the Hawaii Ports Maritime Council. Mr. Bradshaw's commitment to representing workers and labor organizations in the State will be an asset to the Board of Directors of the Hawaii Housing Finance and Development Corporation. Your Committee therefore recommends that Jason Bradshaw be appointed to the Board of Directors of the Hawaii Housing Finance and Development Corporation based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4052 Housing on Gov. Msg. Nos. 773 and 799

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF DIRECTORS OF THE HAWAII PUBLIC HOUSING AUTHORITY (HPHA)

G.M. No. 773 ROBERT HALL, for a term to expire 06-30-2026; and

G.M. No. 799 CHRISTYL NAGAO, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Robert Hall and Christyl Nagao for service on the Board of Directors of the Hawaii Public Housing Authority.

ROBERT HALL

Your Committee received testimony in support of the nomination for the reappointment of Robert Hall from the Hawaii Public Housing Authority, Hawaii Operating Engineers Local Union No. 3, Hawaii Operating Engineers Industry Stabilization Fund, Mutual Housing Association of Hawai'i, Waiohuli Hawaiian Homestead Association, and six individuals.

Upon review of the testimony, your Committee finds that Mr. Hall's experience and knowledge in state government and housing management qualify him for reappointment to the Board of Directors of the Hawaii Public Housing Authority as a public member representing the City and County of Honolulu. Your Committee notes that Mr. Hall is currently the principal at Aukai Pacific LLC; RJH Pacific LLC; and Pueo Development, LLC. Previously, Mr. Hall worked at the Department of Hawaiian Home Lands the Housing and Community Development Corporation of Hawaii and Hawaii Housing Authority. Mr. Hall has contributed to the development of many community projects, including the Waimanalo Community Economic and Employment Training Center, Molokai Community Health Center, West Hawaii Community Health Center, Lanai Community Health Center, and Laiopua Community Center. Mr. Hall also established a fifteen-year budget for the development of approximately ten thousand homestead units for the Department of Hawaiian Home Lands. Mr. Hall's experience and knowledge of state government, housing management, and community development will be an asset to the Board of Directors of the Hawaii Public Housing Authority. Your Committee therefore recommends that Robert Hall be appointed to the Board of Directors of the Hawaii Public Housing Authority based on his knowledge, experience, and commitment to public service.

CHRISTYL NAGAO

Your Committee received testimony in support of the nomination for the appointment of Christyl Nagao from the Hawaii Public Housing Authority.

Upon review of the testimony, your Committee finds that Ms. Nagao's knowledge and experience in the real estate industry qualify her for appointment to the Board of Directors of the Hawaii Public Housing Authority as a public member representing the County of Kauai. Your Committee notes that Ms. Nagao currently works as a broker-in-charge at Taba Realty & Development, LLC and as a mortgage loan originator at Kama'aina Mortgage Group. Previously, Ms. Nagao worked as an independent contractor at Elite Pacific Properties, LLC and Tradewinds Realty, LLC. Ms. Nagao is also a member of the Kauai Board of REALTORS, where she has served as secretary and director, and as a member of the Long Term Management Committee, Communication Committee, and Special Task Force. Ms. Nagao's knowledge and experience in Hawaii's real estate industry will be an asset to the Board of Directors of the Hawaii Public Housing Authority. Your Committee therefore recommends that Christyl Nagao be appointed to the Board of Directors of the Hawaii Public Housing Authority based on her knowledge, experience, and willingness to serve the community.

As affirmed by the records of votes of the members of your Committee on Housing that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4053 Government Operations on Gov. Msg. No. 790

Recommending that the Senate advise and consent to the nomination of the following:

ENHANCED 911 BOARD

G.M. No. 790 REBECCA LIEBERMAN, for a term to expire 06-30-2025

Your Committee has reviewed the personal history, resume, and statement submitted by Rebecca Lieberman for service on the Enhanced 911 Board.

Your Committee received testimony in support of the nomination for the appointment of Rebecca Lieberman from the Department of Accounting and General Services, Strategies 360 Hawaii, Charter Communications, and three individuals.

Your Committee finds that Ms. Lieberman is presently the Director of State Government Affairs for Charter Communications. Among other roles, in this capacity Ms. Lieberman has worked tirelessly to ensure that communities across the State are well-served and connected to vital broadband services. Ms. Lieberman is a graduate of Columbia University, where she obtained a Bachelor of Arts degree in Urban Planning. In her personal statement, Ms. Lieberman highlighted her background in public policy and planning and its relevance to the work of the Enhanced 911 Board.

Your Committee further finds that Ms. Lieberman has a proven track record of leadership and community service, as noted by testimony. The testimony in support of her nomination also describes Ms. Lieberman as passionate, competent, collaborative, and dedicated.

Your Committee notes that Ms. Lieberman's knowledge and experience satisfies the requirement for a representative of a communications service company that offers voice over internet protocol services to serve on the Enhanced 911 Board. This background will bring important insight to the Enhanced 911 Board regarding the challenges, barriers, and other matters related to building and maintaining statewide information and communication networks. Accordingly, your Committee believes that Ms. Lieberman will bring valuable experience, knowledge, and leadership to the Enhanced 911 Board, and therefore recommends that Rebecca Lieberman be appointed to the Enhanced 911 Board based on her knowledge, background, and experience.

As affirmed by the record of votes of the members of your Committee on Government Operations that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Chang, Gabbard).

SCRep. 4054 Energy, Economic Development, and Tourism on H.C.R. No. 73

The purpose and intent of this measure is to urge each county to curb the proliferation of illegal vacation rental units by:

- (1) Conducting expedited foreclosures on illegal vacation rental properties that have an amount in arrears with the applicable county and the State of over \$5,000;
- (2) Imposing increased minimum levels of fines to discourage repeat offenses; and
- (3) Refraining from reducing fine amounts for violators.

Your Committee received testimony in support of this measure from the Hawaii Tourism Authority.

Your Committee finds that illegal transient vacation units are increasingly located in residential areas, often in violation of zoning laws and in conflict with residential neighbors. Your Committee also finds that illegal transient vacation units negatively impact the quality of life of Hawaii residents by, among other things, removing potential rental properties from the market, increasing traffic and safety concerns in residential neighborhoods, and placing additional burden on infrastructure and facilities. Your Committee notes that the City and County of Honolulu recently passed Bill No. 41, which addresses the proliferation of illegal transient vacation units by increasing the minimum booking period of short-term rentals from thirty days to ninety days in most areas of Oahu. This measure urges other counties to likewise enhance their enforcement efforts to address the proliferation of illegal transient vacation rentals.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 73, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Lee, Fevella).

SCRep. 4055 (Joint) Higher Education and Agriculture and Environment on H.C.R. No. 36

The purpose and intent of this measure is to request the University of Hawaii to work with the National Oceanic and Atmospheric Administration and Department of Education to create a Coral Reef Advisory Team of Youth.

Your Committees received testimony in support of this measure from the National Oceanic and Atmospheric Association, University of Hawai'i System, Hawai'i Reef and Ocean Coalition, Friends of Hanauma Bay, and three individuals.

Your Committees find that coral reefs are some of the most diverse ecosystems in the world, with about twenty-five percent of the ocean's fish dependent on healthy coral reefs. Coral reefs additionally protect coastlines from storms and erosion, provide a source of food and new medicines, and offer opportunities for recreation. Your Committees note that Hawaii's coral reefs account for about eighty-five percent of all coral reefs in the United States, and the Northwestern Hawaiian Island coral reefs, which are part of the Papahānaumokuākea National Marine Monument, provide an example of the diversity of life associated with shallow-water reef ecosystems, supporting more than seven thousand species of fishes, invertebrates, plants, sea turtles, birds, and marine mammals.

Your Committees further find that the threat of climate change continues to impact coral reefs worldwide, including Hawaii's unique coral reef ecosystem, as increased temperature stress leads to coral bleaching, a phenomenon that causes coral to lose the algal symbionts living within their cells. While corals are able to recover from bleaching events under improving conditions, full recovery of coral reefs can take many years for ecosystems to fully heal. Implementing educational initiatives will allow more youth to understand the importance of coral reefs and ecosystem restoration, which are critical to Hawaii's marine life.

As affirmed by the records of votes of the members of your Committees on Higher Education and Agriculture and Environment that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 36, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Higher Education: Ayes, 3. Noes, none. Excused, 2 (Wakai, Fevella).

Agriculture and Environment: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4056 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 157

The purpose and intent of this measure is to urge the Honolulu Police Department to allocate additional resources to increase police presence on the Waianae coast and to create a new police district for Waianae that is separate from Kapolei and Ewa.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Honolulu Police Department's District 8, which includes Ewa, Kapolei, and the Waianae coast, had the highest number of murders and aggravated assaults on Oahu in 2020. Your Committee believes that increasing the visible presence of uniformed police officers will deter criminal activity and provide more immediate assistance to victims once a crime has been committed. This measure will improve public safety by urging the Honolulu Police Department to allocate additional resources to increase police presence on the Waianae coast and to create a new police district for Waianae that is separate from Kapolei and Ewa.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 157, and recommends that it be referred to your Committee on Ways and Means.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4057 Human Services on H.C.R. No. 137

The purpose and intent of this measure is to urge the Department of Human Services to establish or contract with a victim service provider to operate and maintain an emergency shelter for children who are survivors of sex trafficking.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network and three individuals. Your Committee received comments on this measure from the Department of Human Services and Office of Youth Services.

Your Committee finds that the number of victims subjected to commercial sexual exploitation has increased significantly over recent years. Your Committee also finds, however, that the State lacks a sufficient number of facilities to serve as emergency shelters for child survivors of sex trafficking. This measure aims to address this void by urging the Department of Human Services to provide an emergency shelter to address the imminent and specific needs of child survivors of sex trafficking and provide them with protection and a coordinated continuum of care at a centralized location.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 137, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 137, H.D. 1, S.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 4058 (Joint) Commerce and Consumer Protection and Health on H.C.R. No. 33

The purpose and intent of this measure is to request the Auditor to conduct an impact assessment report in accordance with sections 23-51 and 23-52, Hawaii Revised Statutes, of mandating health insurance coverage for early access breast cancer screening as proposed by Senate Bill No. 827, S.D. 2, introduced in the Regular Session of 2021 (S.B. No. 827).

Your Committees received testimony in support of this measure from the Hawaii Medical Association. Your Committees received comments on this measure from the Department of Health.

Your Committees find that breast cancer is the most frequently diagnosed cancer among women in Hawaii. Federal guidelines recommend screening women for breast cancer at age fifty; however, women in certain ethnic groups are more likely to develop breast cancer before the age of fifty, including women of Asian and Native Hawaiian descent. Risk assessment and early detection greatly decrease breast cancer morbidity and mortality. Accordingly, the expansion of insurance coverage for breast cancer screening for younger women at higher risk can increase early identification and the initiation of life saving treatments, which can also help health plans save money in the long-term. S.B. No. 827 would improve breast cancer detection rates in the State by increasing the categories of women required to be covered for mammogram screenings, mandating coverage for low-dose mammography to include digital mammography and breast tomosynthesis, and requiring health care providers to be reimbursed at rates accurately reflecting the resource cost specific to each service. This measure is necessary to advance S.B. No. 827 and protect women in minority communities who would be disproportionately and adversely impacted by federal guidelines limiting their access to life saving screening.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Health that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 33, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 33, S.D. 1.

Signed by the Chair and President on behalf of the Committees.
Commerce and Consumer Protection: Ayes, 7. Noes, none. Excused, none.
Health: Ayes, 5. Noes, none. Excused, none.

SCRep. 4059 Higher Education on Gov. Msg. Nos. 819 and 820

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII COMMISSION FOR NATIONAL AND COMMUNITY SERVICE

G.M. No. 819 SUZETTE ROBINSON, for a term to expire 06-30-2024; and

G.M. No. 820 RICHARD SEDER, for a term to expire 06-30-2024

Your Committee reviewed the personal histories, resumes, and statements submitted by Suzette Robinson and Richard Seder for service on the Hawaii Commission for National and Community Service.

SUZETTE ROBINSON

Your Committee did not receive any testimony on this measure.

Your Committee finds that Ms. Robinson's experience, knowledge, and willingness to serve on the Hawaii Commission for National and Community Service qualify her for appointment as a member. Ms. Robinson has served Hawaii's higher education community for nearly forty-five years, serving in multiple roles in academic program development and instruction, including as Vice Chancellor for Academic Affairs and as Assistant Dean of Instruction at University of Hawaii – Maui College. Ms. Robinson recently retired as Interim Chancellor of Leeward Community College, where she oversaw campus development and programs at both Leeward Community College and the Waianae Moku Education Center. Your Committee notes that Ms. Robinson has also been an active member in her community to advance higher education in the State. She previously served as principal investigator for NSF ADVANCE grant, which provided a five-year, \$1.1 million grant to provide resources in recruitment, retention, and advancement for women in science, technology, engineering, and mathematics (STEM) fields within the University of Hawaii Community Colleges. Your Committee further finds that Ms. Robinson's experience and knowledge will be assets to the Hawaii Commission for National and Community Service. Your Committee therefore recommends that Suzette Robinson be appointed to the Hawaii Commission for National and Community Service based on her experience, knowledge, and commitment to public service.

RICHARD SEDER

Your Committee did not receive any testimony on this measure.

Your Committee finds that Dr. Seder's experience, knowledge, and willingness to serve on the Hawaii Commission for National and Community Service qualify him for appointment as a member. Dr. Seder has extensive experience in K-12 and higher education, serving in various roles from instructional faculty to policy development and consulting. Your Committee notes that Dr. Seder has contributed to the field of education through his research on early childhood development and student non-enrollment and chronic absenteeism. Dr. Seder has also authored or co-authored numerous technical reports ranging from the State of Hawaii Perkins V State Plan, early childhood development, and school system development in various states. Your Committee additionally finds that Dr. Seder has previously served as President of the Hawaii Educational Research Association, a research network dedicated to studying social and economic changes on educational policy. Your Committee further finds that Dr. Seder's experience and knowledge in all levels of education, including educational policy and early childhood development, will be assets to the Hawaii Commission for National and Community Service. Your Committee therefore recommends that Richard Seder be appointed to the Hawaii Commission for National and Community Service based on his experience, knowledge, and commitment to public service.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Fevella).

SCRep. 4060 (Majority) Commerce and Consumer Protection on Gov. Msg. No. 754

Recommending that the Senate advise and consent to the nomination of the following:

PUBLIC UTILITIES COMMISSION

G.M. No. 754 NAOMI KUWAYE, for a term to expire 06-30-2028

Your Committee reviewed the personal history, resume, and statement submitted by Naomi Kuwaye for service on the Public Utilities Commission.

Your Committee received testimony in support of the nomination for the appointment of Naomi Kuwaye from the Department of Commerce and Consumer Affairs; Public Utilities Commission; Department of Transportation; Hawai'i State Energy Office; Office of the Mayor of the County of Kaua'i; G70; The AES Corporation; Imanaka Asato, LLLC; Pat Lee & Associates, LLC; Ashford & Wriston, LLLP; and twenty-seven individuals. Your Committee received testimony in opposition to the nomination for the

appointment of Naomi Kuwaye from Americans for Democratic Action Hawai'i, League of Women Voters of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, Kahuku Community Association, Progressive Democrats of Hawai'i, Our Revolution Hawai'i, 350 Hawai'i, Climate Protectors Hawai'i, Kaua'i Women's Caucus, a petition signed by Energy Justice Hawai'i Hui comprising of various organizations, a petition signed by one hundred thirty-nine individuals, and forty-five individuals. Your Committee received comments on the nomination for the appointment of Naomi Kuwaye from Sierra Club of Hawai'i, Kupuna for the Mo'opuna, and three individuals.

Upon review of the testimony, your Committee finds that Ms. Kuwaye's background, experience, and commitment to public service qualify her for appointment to the Public Utilities Commission. Your Committee notes that Ms. Kuwaye has over thirty years of experience practicing law, specializing in environmental and natural resource law, real estate development, telecommunications law, public utilities, and administrative law. Ms. Kuwaye has worked with Ashford & Wriston, LLP since 2012. In the public utilities area, Ms. Kuwaye represented companies and independent power producers before the Public Utilities Commission and helped her clients navigate compliance with complex federal, state, and county laws and regulations to ensure their proper development and operation within the State. Over the course of her extensive career, Ms. Kuwaye has gained considerable experience and knowledge in the regulatory aspects of electric and telecommunication industries and has worked on principal market rate authority and transmissions cases before the Public Utilities Commission, which have resulted in the establishment of new policies.

Your Committee further finds that Ms. Kuwaye recognizes and supports the State's energy policies and goals. Ms. Kuwaye also acknowledges the oversight and administrative role of the Public Utilities Commission, the regulatory responsibilities that the Commission is required to fulfill, and the importance of balancing various interests from different perspectives. Through her extensive career representing clients before the Public Utilities Commission, Ms. Kuwaye has become deeply familiar with the scope of review and procedural requirements of the Public Utilities Commission and her insight and knowledge will be beneficial in light of the complex dockets currently before the Public Utilities Commission and the ongoing efforts of the Commission to meet the State's energy goals.

Your Committee notes that Ms. Kuwaye has also served as Chair, Vice-Chair, and Program Chair for the Natural Resources Section of the Hawaii State Bar Association and has been invited to speak and serve as a panelist on a number of issues involving land use, government, boundary issues, Clean Water Act compliance, and critical habitat and endangered species issues. Ms. Kuwaye's broad and diversified background and extensive knowledge with public utilities law will be an invaluable complement to the expertise of other Public Utilities Commissioners. Your Committee therefore recommends that Naomi Kuwaye be appointed to the Public Utilities Commission based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Commerce and Consumer Protection that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, 1 (San Buenaventura). Excused, 2 (DeCoite, Fevella).

SCRep. 4061 Human Services on H.C.R. No. 117

The purpose and intent of this measure is to request the Department of Human Services to:

- (1) Immediately cease intercepting social security payments for children in foster care; and
- (2) Deposit social security payments for foster children into savings accounts, which the children may access when they return to their families, are adopted, or age out of foster care.

Your Committee received testimony in support of this measure from the Hawaii Family Advocacy Team. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that children and youth who age out of foster care face many challenges in navigating the transition to independence in adulthood, evidenced by statistics showing that former foster youth are more likely than their peers to become homeless, incarcerated, or human trafficked. Your Committee also finds that roughly ten percent of foster children in the United States are entitled to social security benefit payments either because their parents have died or because they have a physical or mental disability that would leave them in poverty without financial assistance. Under federal law, these social security payments, which can range from \$700 to \$2,000 a month, are considered the property of the child beneficiary. For child beneficiaries who are minors, the United States Social Security Administration (SSA) generally appoints representative payees to receive and manage the payments on behalf of the child. According to SSA's Representative Payee Order of Preference List for Minor Child Beneficiaries, child welfare service agencies are the least preferred representative payees. However, many state child welfare agencies, including the Hawaii Department of Human Services, apply to become the representative payee of child beneficiaries in foster care and seize their social security payments, often without notifying the child or other persons who are more preferred as the child's representative payee. Your Committee finds that this practice is detrimental to foster children who are social security beneficiaries, as it denies them money that belongs to them and deprives them of the opportunity to accumulate savings that may aid in their transition out of foster care. This measure requests the Department of Human Services to immediately cease this unjust and harmful practice and instead set aside the social security payments into saving accounts for the foster children to access upon their exit from the foster system.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 117, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, none.

SCRep. 4062 (Joint) Health and Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 6

The purpose and intent of this measure is to request the United States Department of Defense, Navy, to prepare a plan to:

- (1) Decommission the Red Hill Bulk Fuel Storage Facility and store its fuel away from the Southern Oahu Basal Aquifer in a manner that is compliant with federal and state law;
- (2) Establish a new water treatment facility adjacent to Red Hill;
- (3) Pay for all costs to the State; and
- (4) Comply with all future remediation efforts to Oahu's environment and water supply.

Your Committees received testimony in support of this measure from the Department of Health, Department of Land and Natural Resources, Department of Land and Natural Resources Commission on Water Resource Management, City and County of Honolulu Board of Water Supply, Environmental Caucus of the Democratic Party of Hawai'i, 350Hawaii.org, and one individual.

Your Committees find that the United States Navy is the owner and operator of the Red Hill Bulk Fuel Storage Facility, a World War II era underground storage tank system on Oahu. The Red Hill Bulk Fuel Storage Facility consists of twenty underground storage tanks, pipelines, and other infrastructure and is used to store marine diesel and two types of jet fuel. It also sits approximately one hundred feet directly above the Southern Oahu Basal Aquifer.

Your Committees further find that in November 2021, there was a release of approximately fourteen thousand gallons of a mixture of water and fuel from a crack in a fire suppression drain line at the Red Hill Bulk Fuel Storage Facility. As a result, JP-5, or jet fuel, seeped into the Red Hill Shaft, one of the drinking water sources for the Navy's water system. As a result, nearby residents reported that their families and pets experienced health issues after consuming the water, including rashes, mouth sores, stomach aches, vomiting, burning eyes, sore throats, headaches, and nausea. Furthermore, over three thousand residents were required to move out of their homes, several businesses shut down or limited their operations, and several Hawaii public schools and child development centers were forced to close off sinks and water fountains and use only bottled water for handwashing, dishwashing, and drinking purposes.

On March 7, 2022, the United States Secretary of the Defense ordered the closure of the Red Hill Bulk Fuel Storage Facility; began the process of determining how to remove the remaining fuel from the facility; and directed the Secretary of the Navy and Director of the Defense Logistics Agency to provide a plan, no later than May 31, 2022, with milestones to defuel the facility with a target to complete the defueling within twelve months. This measure seeks to ensure the protection of Oahu's environment and water supply from further pollution crises.

As affirmed by the records of votes of the members of your Committees on Health and Public Safety, Intergovernmental, and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 6, H.D. 1, and recommend its adoption.

Signed by President and the Chair on behalf of the Committees.

Health: Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

Public Safety, Intergovernmental, and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4063 Housing on H.C.R. No. 126

The purpose and intent of this measure is to urge state and county agencies to follow the true intent of chapter 201H, Hawaii Revised Statutes, and the express provisions of section 201H-38, Hawaii Revised Statutes, rather than impose additional restrictions and processes to address the shortage of affordable housing in Hawaii.

Your Committee received testimony in support of this measure from Stanford Carr Development, LLC and three individuals.

Your Committee finds that chapter 201H, Hawaii Revised Statutes, established the Hawaii Housing Finance and Development Corporation to facilitate the construction of housing in the State. Section 201H-38, Hawaii Revised Statutes, exempts the Hawaii Housing Finance and Development Corporation from rules and ordinances restricting the construction of dwelling units. However, many county agencies have not provided the exemptions intended by that law. This measure urges all state and county agencies to follow the true intent of chapter 201H and section 201H-38, Hawaii Revised Statutes, to promote the development of affordable housing in the State. However, your Committee further finds that exemptions to rules and ordinances provided pursuant to chapter 201H, Hawaii Revised Statutes, must be balanced against a range of interests, especially the need for environmental protection and sustainability. Finally, your Committee notes, for clarity, that section 201H-38, Hawaii Revised Statutes, does not exempt affordable housing projects developed by the Hawaii Housing Finance and Development Corporation from fees approved by the boards of water supply as authorized by chapter 54, Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 126, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Rhoads, Fevella). Noes, none. Excused, none.

SCRep. 4064 Housing on H.C.R. No. 108

The purpose and intent of this measure is to urge the Hawaii Housing Finance and Development Corporation to combat hostile and harmful actions by profit-driven investors and aggregators participating in the State's low-income housing tax credit program.

Your Committee received testimony in support of this measure from the Mutual Housing Association of Hawai'i and three individuals. Your Committee received testimony in opposition to this measure from Stanford Carr Development, LLC and EAH. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that Hawaii is facing an unprecedented housing shortage. To address the shortage, the State issues tax credits to nonprofit developers to build low income housing. However, some predatory investors exploit the low-income housing tax credits issued by the State to make a profit. Manipulative investors undermine efforts to provide low-income housing and exploit the State's resources. This measure urges the Hawaii Housing Finance and Development Corporation to combat actions by investors and

aggregators that seek to exploit the State's low-income housing tax credit program. Your Committee notes the testimony from the Hawaii Housing Finance and Development Corporation indicating that exploitation by predatory investors has already been mitigated by a 2015 amendment to its Qualified Action Plan. However, your Committee further finds that the low-income tax credit program is complex and that not all concerns regarding exploitation by investors have been fully resolved. Addressing each issue is essential to the effectiveness of the low-income housing tax credit and maintaining confidence in state agencies, including the Hawaii Housing Finance and Development Corporation. Your Committee notes that testimonies reflect the differing opinions on whether the changes made by the Hawaii Housing Finance and Development Corporation to the Qualified Action Plan in 2015 address the problem of unscrupulous aggregators who refuse to honor the purchase option or right of first refusal in their contracts with non-profit organizations. In adopting this measure, your Committee also encourages the Hawaii Housing Finance and Development Corporation to convene a forum to meet with developers that participate in the low-income housing tax credit program to address the aggregator issue, develop appropriate solutions, and, if needed, submit legislation.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 108, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Moriwaki, Fevella). Noes, none. Excused, none.

SCRep. 4065 Judiciary on Gov. Msg. No. 772

Recommending that the Senate advise and consent to the nomination of the following:

DEFENDER COUNCIL

G.M. No. 772 CRYSTAL GAIL GLENDON, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Crystal Gail Glendon for service on the Defender Council.

Your Committee received testimony in support of the nomination for the reappointment of Crystal Gail Glendon from the Office of the Public Defender, Law Office of Richard H.S. Sing, and five individuals.

Upon review of the testimony, your Committee finds that Ms. Glendon's legal background and dedication to serving the public qualify her to be reappointed to the Defender Council. Your Committee notes that Ms. Glendon has been a practicing attorney in Hawaii since 2004. She is currently a partner at Glendon & Ponce, LLC, handling civil and criminal litigation. Ms. Glendon is also a Criminal Justice Act panel member. She was previously a solo practitioner handling criminal defense, family law, appeals, and civil litigation matters. Prior to that, Ms. Glendon served over fourteen years as a Deputy Public Defender in the Office of the Public Defender. Your Committee finds that Ms. Glendon has a thorough understanding of the role and responsibilities of board members. Your Committee finds that Ms. Glendon served the last two years as a member of the Defender Council and her experience and knowledge will continue to enhance the effectiveness of the Defender Council. Your Committee therefore recommends that Crystal Gail Glendon be reappointed to the Defender Council based on her commitment, background, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Kim, Lee, Fevella).

SCRep. 4066 (Joint) Public Safety, Intergovernmental, and Military Affairs and Government Operations on H.C.R. No. 8

The purpose and intent of this measure is to request the Department of Public Safety, Sheriff Division to display the Prisoner of War and Missing in Action Flag at the State Capitol.

Your Committees received testimony in support of this measure from the State Office of Veterans Services and one individual.

Your Committees find that the Prisoner of War and Missing in Action Flag must be flown on six national holidays above the country's most important buildings, including the White House, United States Capitol, and every major military installation. Your Committees further find that the importance of the flag lies in its continued visibility, a constant reminder of the plight of America's prisoner of war and missing in action military personnel. This measure will honor military members who defended the freedoms and liberties that American citizens enjoy today by requesting the Department of Public Safety, Sheriff Division to display the Prisoner of War and Missing in Action Flag at the State Capitol.

As affirmed by the records of votes of the members of your Committees on Public Safety, Intergovernmental, and Military Affairs and Government Operations that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 8, H.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Public Safety, Intergovernmental, and Military Affairs: Ayes, 4. Noes, none. Excused, 1 (Fevella).

Government Operations: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 4067 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 35

The purpose and intent of this measure is to request the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for the areas within lava zones 1, 2, 3, 4, and 6.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency.

Your Committee finds that Mauna Loa is the largest active volcano on Earth and a future eruption of Mauna Loa along its southwest rift zone would put developed South Kona and Kau communities at risk. Your Committee further finds that the United States Geological Survey, Hawaiian Volcano Observatory, and County of Hawaii Civil Defense identified that there is no current evacuation plan in place specifically for lava zones 1, 2, 3, 4, and 6. This measure will protect the communities of South Kona and Kau by requesting the Hawaii Emergency Management Agency to develop a preliminary draft evacuation plan for the areas within lava zones 1, 2, 3, 4, and 6.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4068 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 87

The purpose and intent of this measure is to urge the City and County of Honolulu to establish a new police district in Leeward Oahu to provide adequate police services and law enforcement response for growing Leeward Oahu communities.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and three individuals.

Your Committee finds that a significant percentage of Oahu's population reside in Leeward Oahu and populations in the Leeward Oahu communities rose between 2015 and 2019. Your Committee believes that the law enforcement needs of a growing Leeward Oahu population call for an additional police station within Honolulu Police Department District 8. This measure will provide improved police response and other services to the Leeward Oahu communities by urging the City and County of Honolulu to establish a new police district in Leeward Oahu.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 87, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4069 Public Safety, Intergovernmental, and Military Affairs on H.C.R. No. 128

The purpose and intent of this measure is to urge the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with humane societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and to other animals in public areas.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that dog bites are among the top reasons for emergency room visits, ranking higher than injuries occurring on motorcycles, to pedestrians, and from gunshots. However, for a person who has been bitten by a dog or whose animal has been bitten by a dog, and who chooses to contact authorities to seek criminal or civil remedies, the delineation of roles and enforcement authority among county police departments, state park enforcement authorities in the case of state parks, and the humane societies or any other animal welfare organization can be unclear and confusing, and often results in the appearance of one enforcement authority assigning responsibility or blame to a different authority without providing meaningful assistance to the affected person. This measure will protect pet animals and the public by urging the counties to more effectively and meaningfully coordinate their police enforcement and public awareness efforts with the State and with humane societies and other animal welfare organizations concerning the dangers posed by unleashed dogs to humans and to other animals in public areas.

As affirmed by the record of votes of the members of your Committee on Public Safety, Intergovernmental, and Military Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 128, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4070 Education on H.C.R. No. 51

The purpose and intent of this measure is to request the Department of Education to prioritize funding for air conditioning in schools on Hawaii island that are regularly affected by volcanic smog (vog).

Your Committee received testimony in support of this measure from the Department of Education and one individual.

Your Committee finds that vog, a naturally occurring form of air pollution from volcanic emissions, can pose significant health risks. Vog can affect all residents of the State, but acutely impacts Hawaii island residents, where prevailing wind patterns typically push vog emissions westward, accumulating over North and South Kona and Ka'u. Children in these areas are generally more sensitive to vog than adults because children have higher respiratory rates than adults, meaning they take more breaths per minute.

Your Committee further finds that the installation of air conditioning units in Hawaii island classrooms will create safer and more effective learning environments that better protect students from vog. Accordingly, this measure promotes the health and well-being of the students who are most often affected by vog by requesting the Department of Education to prioritize funding for classroom air conditioning for those students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 51, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kidani).

SCRep. 4071 Education on H.C.R. No. 56

The purpose and intent of this measure is to request the Department of Education to:

- (1) Implement a social studies course for high school students to learn about Filipino history, culture, and identity;
- (2) Implement Filipino content into Department of Education content performance standards;
- (3) Integrate this curriculum into existing Filipino language classes and other courses and curricula, including language arts, math, social studies, science, and visual and performing arts; and
- (4) Recruit and support Filipino teachers in teaching this content.

Your Committee received testimony in support of this measure from the Hawai'i Friends of Civil Rights, Tinalak Filipino Education Council, Sariling Gawa Youth Council, and twenty-three individuals. Your Committee received comments on this measure from the Department of Education and one individual.

Your Committee finds that Filipinos are the largest Asian ethnic and non-white group in Hawaii and have a large presence and cultural footprint in the State. Despite this fact, there is currently no mandated curriculum regarding Asian American history in Hawaii schools. Your Committee further finds that, in 2020, news reports indicated that anti-Asian hate crimes had increased nearly one hundred fifty percent in the United States.

Accordingly, this measure will promote positive racial relations and attitudes amongst all ethnic groups by implementing a social studies course for high school students to learn about Filipino history and culture. Your Committee emphasizes that this measure should serve as an important first step in incorporating wider cultural perspectives into public education in the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 56, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kidani).

SCRep. 4072 Transportation on H.C.R. No. 29

The purpose and intent of this measure is to encourage the Department of Transportation to work with stakeholders to develop a holistic management plan that will ensure Hana Highway is properly maintained and is safe for residents and visitors.

Your Committee received testimony in support of this measure from the Department of Transportation, Hana Health, American Medical Response, and one individual. Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that Hana Highway is a nationally acknowledged historical place but needs better upkeep and management. Hana Highway lacks essential safety features such as guard rails or a road size wide enough to pass another car. The increased tourism and traffic in the area hampers emergency services, and in one month in 2021, the Maui Police Department issued three hundred and eighty-nine parking citations and eighty-three warnings to violators on Hana Highway. A code of conduct exists for Hana Highway, but its enforcement is difficult due to the Maui Police Department being understaffed. Therefore, the purpose of this measure is to develop holistic management plans that will ensure Hana Highway is properly maintained and is safe for residents and visitors.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 29, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4073 Transportation on H.C.R. No. 156

The purpose and intent of this measure is to:

- (1) Request the Department of Transportation to take all necessary steps to expedite work on the Maipalaoa Bridge in Maili, Oahu;
- (2) Improve traffic signal support on the Waianae Coast; and
- (3) Urge various entities to work together to immediately open the section of the Waianae Coast Emergency Access Road System extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that Farrington Highway is the primary route of travel for communities on the Leeward Coast of Oahu and is the only public highway that leads into and out of the region. This leads to heavy traffic and safety issues, including accessibility problem for emergency responders. The lengthy construction and maintenance around Maipalaoa Bridge has exacerbated the traffic problem. Therefore, the purpose of this measure is to request several fixes that could improve the traffic and accessibility issues, including expediting work on Maipalaoa Bridge, improving traffic signal support on the Waianae Coast, and opening the Waianae Coast Emergency Access Road System permanently to help divert the traffic bottleneck on Farrington Highway.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 156, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4074 Transportation on H.C.R. No. 182

The purpose and intent of this measure is to request that the City and County of Honolulu convene a working group to develop recommendations to improve sidewalk maintenance.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that sidewalks are integral components of the State's streets and roadways and are important for pedestrian safety. Undermaintained sidewalks are unsafe and hinder the mobility of residents, especially those who are elderly or have physical impairments. Therefore, the purpose of this measure is to request the convening of a working group to develop recommendations to improve sidewalk maintenance.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 182, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4075 (Joint) Transportation and Water and Land on H.C.R. No. 93

The purpose and intent of this measure is to request the City and County of Honolulu to purchase certain tax map key parcels to be used for additional parking and other community needs, as deemed necessary by the City and County of Honolulu.

Your Committees received testimony in support of this measure from five individuals.

Your Committees find that the City and County of Honolulu has been experiencing a steady increase in the number of residents and visitors over the past decade, increasing by 6.6 percent from 2010 to 2020. Due to this increase, insufficient outdoor spaces and parking, which was already a problem for residents and visitors, is only exacerbated. Therefore, this measure requests the City and County of Honolulu to purchase certain tax map key parcels for additional parking and other community needs.

As affirmed by the records of votes of the members of your Committees on Transportation and Water and Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 93, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Transportation: Ayes, 4. Noes, none. Excused, 1 (Fevella).
Water and Land: Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4076 (Joint) Transportation and Education on H.C.R. No. 125

The purpose and intent of this measure is to request the Auditor to conduct a performance audit of the Driver Education Program administered by the Departments of Transportation and Education.

Your Committees received testimony in support of this measure from the Department of Transportation and the Department of Education.

Your Committees find that there is a lack of availability for driving classes especially on neighbor islands. Because of this scarcity, many neighbor island students try to take classes on Oahu, causing a backlog and a lack of fair access. Driver education is important for not only knowledge, but to cultivate the correct attitudes and habits of safe driving. Therefore, the purpose of this measure is to request an audit of the Driver Education Program.

As affirmed by the records of votes of the members of your Committees on Transportation and Education that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 125, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Transportation: Ayes, 4. Noes, none. Excused, 1 (Fevella).
Education: Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Fevella).

SCRep. 4077 Judiciary on Gov. Msg. No. 771

Recommending that the Senate advise and consent to the nomination of the following:

DEFENDER COUNCIL

G.M. No. 771 DAVID HAYAKAWA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by David Hayakawa for service on the Defender Council.

Your Committee received testimony in support of the nomination for the reappointment of David Hayakawa from twenty-three individuals.

Upon review of the testimony, your Committee finds that Mr. Hayakawa's background, expertise, and proven leadership on the Defender Council qualify him to be nominated for reappointment to the Defender Council. Your Committee notes that before establishing his own law firm, Mr. Hayakawa worked at the Law Office of Howard K.K. Luke and as a senior felony trial attorney at the State of Hawaii's Office of the Public Defender for more than twelve years. Since 2014, Mr. Hayakawa has served as the Dean of the Hawaii State Bar Association's Trial Academy, is the co-chairperson of the Supreme Court of the State of Hawaii's Rule 1.14 Professionalism Course Committee, and is the executive producer of the annual Hawaii State Bar Association #Rock4Justice

fundraiser. Mr. Hayakawa is active in his community, having served as Chairperson of the non-profit Kilohana Senior Enrichment Center's Board of Directors and presently serves on the Board of Directors of the Kilohana Pre-School. Your Committee further finds that Mr. Hayakawa has served on the Defender Council for one year, and his extensive trial experience continues to enhance the effectiveness of the Council. Your Committee therefore recommends that David Hayakawa be reappointed to the Defender Council based on his experience, background, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Gabbard, Keohokalole, Fevella).

SCRep. 4078 Housing on Gov. Msg. No. 774

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF DIRECTORS OF THE HAWAII PUBLIC HOUSING AUTHORITY

G.M. No. 774 ROY KATSUDA, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Roy Katsuda for service on the Board of Directors of the Hawaii Public Housing Authority.

Your Committee received testimony in support of the nomination for the reappointment of Roy Katsuda from the Hawaii Public Housing Authority.

Upon review of the testimony, your Committee finds that Mr. Katsuda's knowledge and experience in real estate development qualify him for reappointment to the Board of Directors of the Hawaii Public Housing Authority. Your Committee notes that Mr. Katsuda currently serves on the Board of Directors of the Hawaii Public Housing Authority as its Secretary and low-income and homeless advocate. Previously, Mr. Katsuda worked as the Executive Director of Hale Mahaolu for thirty-five years. He is affiliated with a number of other housing investment and development organizations, including as a board member for the Hawaii Community Reinvestment Corporation and Kauai Housing Development Corporation. Mr. Katsuda also serves as the Director of Maui Adult Day Care Centers. Mr. Katsuda's knowledge of housing development and finance will continue to be an asset to the Board of Directors of the Hawaii Public Housing Authority. Your Committee therefore recommends that Roy Katsuda be reappointed to the Board of Directors of the Hawaii Public Housing Authority based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, none.

SCRep. 4079 Judiciary on Gov. Msg. No. 859

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAII

G.M. No. 859 GERALDINE GIFFIN, for a term to expire 06-30-2025

Your Committee reviewed the personal history, resume, and statement submitted by Geraldine Giffin for service on the Board of Registration of the Island of Hawaii.

Your Committee received testimony in support of the nomination for the appointment of Geraldine Giffin from one individual.

Upon review of the testimony, your Committee finds that Ms. Giffin's experience as an educator, background, and commitment to public service qualify her for appointment to the Board of Registration of the Island of Hawaii. Ms. Giffin worked as a teacher for twenty-six years, primarily teaching the elementary thru middle school gifted and talented English program at Waimea Elementary and Intermediate School. Your Committee further finds that Ms. Giffin has a history of service on numerous state and county boards and commissions, including the Hawaii County Commission on the Status of Women, Hawaii State Library Commission, and the Hawaii County Planning Commission. Testimony submitted in support of the appointment of Ms. Giffin praised her leadership and organizational abilities in previous positions of public service. Your Committee therefore recommends that Geraldine Giffin be appointed to the Board of Registration of the Island of Hawaii based on her experience, leadership skills, and dedication to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 4080 Judiciary on Gov. Msg. No. 818

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLANDS OF KAUAI AND NIIHAU

G.M. No. 818 RALPH CUSHNIE, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Ralph Cushnie for service on the Board of Registration of the Islands of Kauai and Niihau.

Your Committee received testimony in support of the nomination for the appointment of Ralph Cushnie from the Princeville at Hanalei Community Association, Kikiaola Construction, and eight individuals.

Upon review of the testimony, your Committee finds that Mr. Cushnie's background and extensive experience qualify him to be nominated for appointment to the Board of Registration of the Islands of Kauai and Niihau as a member. Your Committee notes that Mr. Cushnie currently works as Owner, President, and Treasurer of Alaea Corporation and Owner and Operations Manager of Cushnie Construction Company. Mr. Cushnie has spent twenty-eight years in various management positions in the construction industry. Previously, Mr. Cushnie served in the United States Marine Corps Reserve. Your Committee believes that Mr. Cushnie's ability to make timely, researched, and educated decisions will benefit the Board. Your Committee therefore recommends that Ralph Cushnie be appointed to the Board of Registration of the Islands of Kauai and Niihau based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Gabbard, Keohokalole, Fevella).

SCRep. 4081 Judiciary on Gov. Msg. No. 817

Recommending that the Senate advise and consent to the nomination of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 817 JENNIFER STOTTER, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Jennifer Stotter for service on the Hawai'i State Commission on the Status of Women.

Your Committee received testimony in support of the nomination for the appointment of Jennifer Stotter from fifteen individuals.

Upon review of the testimony, your Committee finds that Dr. Stotter's extensive administrative experience, expertise in equity-based policy, and commitment to advocating for marginalized members of the community qualify her for appointment to the Hawai'i State Commission on the Status of Women. Your Committee notes that Dr. Stotter has served as Director of the Office of Equal Opportunity and Equal Employment Opportunity, Affirmative Action, Americans with Disabilities Act, and Title IX Coordinator at the University of Hawai'i at Hilo since 2014. In this capacity, she ensures that the University of Hawaii at Hilo is in compliance with federal and state equality, affirmative action, and antidiscrimination laws. She also leads campus response to sexual misconduct and gender-based discrimination. Your Committee further finds that Dr. Stotter has worked and volunteered for twenty-five years in the areas of economic justice, equal employment opportunity, and gender-based violence, including domestic violence and sexual assault. Your Committee additionally finds that Dr. Stotter's familiarity with policy issues relating to gender-based equity and her history of championing equality and anti-discrimination in academia will be great assets to the Hawai'i State Commission on the Status of Women. Your Committee therefore recommends that Jennifer Stotter be appointed to the Hawai'i State Commission on the Status of Women based on her experience, policy knowledge, and dedication to advocacy on behalf of women's rights of equality and equity.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 4082 (Majority) Judiciary on Gov. Msg. Nos. 787, 788, and 789

Recommending that the Senate advise and consent to the nominations of the following:

COMMISSION ON THE STATUS OF WOMEN

G.M. No. 787 DEJA OSTROWSKI, for a term to expire 06-30-2026;

G.M. No. 788 TAMARIN MCCARTIN, for a term to expire 06-30-2025; and

G.M. No. 789 MARISA ADARO, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Deja Ostrowski, Tamarin McCartin, and Marisa Adaro for service on the Hawai'i State Commission on the Status of Women.

DEJA OSTROWSKI

Your Committee received testimony in support of the nomination for the reappointment of Deja Ostrowski from the Hawai'i State Commission on the Status of Women and six individuals.

Upon review of the testimony, your Committee finds that Ms. Ostrowski's legal and policy experience, administrative expertise, and commitment to advocacy qualify her to be nominated for reappointment to the Hawai'i State Commission on the Status of Women. Your Committee notes that Ms. Ostrowski is currently an attorney and Clinical Law Faculty member for Medical-Legal Partnership Hawai'i at the William S. Richardson School of Law, where she advocates on behalf of patients at the community health center, focusing on the legal needs of those exiting incarceration and experiencing homelessness. Previously, she served as the Public Policy Advocate for the Office of Hawaiian Affairs and a staff attorney for the Domestic Violence Action Center. Your Committee further finds that Ms. Ostrowski's extensive knowledge of the numerous legal and policy issues facing women in the State, experience working with indigent and marginalized persons, and dedication to public service will continue to be great assets to the Hawai'i State Commission on the Status of Women. Your Committee therefore recommends that Deja Ostrowski be reappointed to the Hawai'i State Commission on the Status of Women based on her experience, expertise, and commitment to serving her community.

TAMARIN MCCARTIN

Your Committee received testimony in support of the nomination for the appointment of Tamarin McCartin from ten individuals. Your Committee received testimony in opposition to the nomination for the appointment of Tamarin McCartin from five individuals.

Upon review of the testimony, your Committee finds that Dr. McCartin's experience as an obstetrician and gynecologist, expertise in medical issues primarily affecting women, and commitment to service qualify her to be nominated for appointment to the Hawai'i State Commission on the Status of Women. Your Committee notes that Dr. McCartin served as a staff physician for the Navy Health Clinic Hawai'i and University Health Partners, where she provided comprehensive obstetrics and gynecology services to active duty and dependent women as well as community beneficiaries. She has been a physician, primarily practicing as an obstetrician and gynecologist, since 1995 as both an active duty service member and as a veteran. Several testifiers also commented on the numerous positions of leadership and education that Dr. McCartin has held in the field of women's healthcare. Your Committee further finds that Dr. McCartin's career in medicine and her diverse range of experience have given her a deep understanding of issues facing women, particularly in the area of women's health. Your Committee therefore recommends that Tamarin McCartin be appointed to the Hawai'i State Commission on the Status of Women based on her experience, knowledge of issues primarily affecting women, and history of advocacy and leadership throughout her career in service.

MARISA ADARO

Your Committee received testimony in support of the nomination for the appointment of Marisa Adaro from the Kapolei Chamber of Commerce and four individuals. Your Committee received testimony in opposition to the nomination for the appointment of Marisa Adaro from three individuals.

Upon review of the testimony, your Committee finds that Ms. Adaro's leadership and administrative experience, expertise in healthcare policy and management, and dedication to serving her community qualify her to be nominated for appointment to the Hawai'i State Commission on the Status of Women. Your Committee notes that Ms. Adaro has been the Director of Administrative Services for The Queen's Medical Center in Ewa Beach since 2019, and that prior to her current position she served at the same facility as Manager of Administrative Services from 2014 to 2019, and as Senior Vice President and Chief Operating Officer Coordinator from 2013 to 2014. In her capacity as Director of Administrative Services, she has taken leadership roles in the development and implementation of community outreach, special events, a volunteer program, and an ongoing health education calendar for the community. Your Committee further finds that Ms. Adaro's experience as a leader in her community, administrative expertise, and commitment to outreach and advocacy will be great assets to the Hawai'i State Commission on the Status of Women. Your Committee therefore recommends that Marisa Adaro be appointed to the Hawai'i State Commission on the Status of Women based on her history of leadership, expertise, and dedication to serving the public.

As affirmed by the records of votes of the members of your Committee on Judiciary that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

For Gov. Msg. No. 787: Ayes, 4. Noes, none. Excused, 3 (Gabbard, Keohokalole, Fevella).

For Gov. Msg. No. 788: Ayes, 3. Noes, 1 (Acasio). Excused, 3 (Gabbard, Keohokalole, Fevella).

SCRep. 4083 Labor, Culture and the Arts on Gov. Msg. No. 575

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF TRUSTEES OF THE EMPLOYEES' RETIREMENT SYSTEM

G.M. No. 575 LANCE MIZUMOTO, for a term to expire 01-01-2026

Your Committee reviewed the personal history, resume, and statement submitted by Lance Mizumoto for service on the Board of Trustees of the Employees' Retirement System.

Your Committee received testimony in support of the nomination for the appointment of Lance Mizumoto from the Employees' Retirement System and three individuals.

Upon review of the testimony, your Committee finds that Mr. Mizumoto's extensive experience in Hawaii's banking industry qualifies him to be nominated for appointment to the Board of Trustees of the Employees' Retirement System. Mr. Mizumoto has forty years of experience with various financial institutions in Hawaii. He is currently the Executive Vice President and Chief Lending Officer at First Hawaiian Bank's Wholesale Banking Group, overseeing the bank's Commercial Real Estate, Corporate Banking, Business Services, and Automobile Dealer divisions, and its leasing subsidiary. Mr. Mizumoto's professional experience also includes serving as the President and Chief Banking Officer of Central Pacific Bank from 2014 to 2016, during which time he was responsible for all customer-facing areas of the bank and the development of the bank's strategic plan. Mr. Mizumoto graduated from Pearl City

High School and earned his Bachelor of Business Administration degree in Marketing and Management from the University of Hawaii at Manoa and his Master of Business Administration degree from Chaminade University. He is also a graduate of Pacific Coast Banking School, where he developed his banking and leadership skills.

Your Committee also notes that Mr. Mizumoto has a thorough understanding of the role and responsibilities of a board member through his service on various boards, including the Board of Education from 2015 to 2018. He is currently a member of the Chaminade University Board of Regents and the University's Investment Committee. Mr. Mizumoto also serves as a board member for the Public Schools of Hawaii Foundation and Arthritis Foundation of Hawaii. Mr. Mizumoto's dedication to public service also shows in his four-year service as a reserve officer with the Hawaii Air National Guard.

Your Committee acknowledges the testimony of the Employees' Retirement System, stating that Mr. Mizumoto has been serving on its Board of Trustees on an interim basis since July 27, 2021, participating actively on its Investment, Legislative, and Administrative and Audit Committees. Your Committee further notes the System's testimony that Mr. Mizumoto's unique combination of Hawaii roots, academic achievement, and executive experience in the banking industry has enabled him to make measurable contributions to the Board's deliberations and decision making.

Your Committee appreciates the Employees' Retirement System's testimony addressing your Committee's concerns over the possible conflict of interest arising from Mr. Mizumoto's service on the System's Board of Trustees and its Investment Committee while being an employee of First Hawaiian Bank. Your Committee acknowledges that the Employees' Retirement System's outstanding investment with First Hawaiian Bank has been long-standing and its decision to make the investment preceded Mr. Mizumoto's tenure on its Board. Your Committee notes that the System's decisions to invest with local financial institutions such as Bank of Hawaii and First Hawaiian Bank are delegated to the System's Chief Investment Officer through its Executive Director and are made largely by its investment staff. The staff will invest the System's funds up to a certain percentage of the public market and will present the investments as a *fait accompli* to the Investment Committee, which will in turn report the results to the full Board. It was further explained that, for those types of investments for which the Investment Committee does make recommendations, the recommendations are presented to the full Board for their consideration, and if there is any appearance of conflict of interest, the subject Trustees would recuse themselves from voting on the matter. Therefore, the Employees' Retirement System does not see the opportunity or likelihood of conflict of interest arising from Mr. Mizumoto's appointment to its Board.

Furthermore, your Committee notes that section 88-24(3), Hawaii Revised Statutes, requires the Board of Trustees of the Employees' Retirement System to have at least three citizens of the State who are not public employees, of which two must have at least three years of experience providing financial services, including investments, to public, corporate, or private institutional clients. The appointment of Mr. Mizumoto will satisfy this statutory requirement.

Based on the foregoing, your Committee believes that Mr. Mizumoto's extensive experience in Hawaii's banking industry and on various boards, as well as his dedication to serving the public, will continue to contribute greatly to the Board of Trustees of the Employees' Retirement System. Your Committee therefore recommends that Lance Mizumoto be appointed to the Board of Trustees of the Employees' Retirement System as a citizen of the State pursuant to section 88-24(3), Hawaii Revised Statutes.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

SCRep. 4084 Labor, Culture and the Arts on Gov. Msg. No. 705

Recommending that the Senate advise and consent to the nomination of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 705 TAYLOUR CHANG, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Taylour Chang for service on the State Foundation on Culture and the Arts Commission.

Your Committee received testimony in support of the nomination for the appointment of Ms. Chang from the State Foundation on Culture and the Arts Commission.

Upon review of the testimony and her qualifications, your Committee finds that Ms. Chang's education, knowledge, and experience in film and theater qualify her to be nominated for appointment to the State Foundation on Culture and the Arts Commission. After graduating from Punahou School, Ms. Chang attended Yale University's Ezra Stiles College, where she earned her Bachelor of Arts degree in her double major of Film Studies and Theater Studies. In her senior year, Ms. Chang received two awards--the Paul H. and Brigitte P. Fry Cup, awarded to the senior who has made the greatest contribution to the arts; and the Howard R. Lamar Prize for Film and Video for her outstanding work in her short film "LAN". Ms. Chang is currently the Director of Public Programs and Community Engagement at Bishop Museum. Her previous professional positions include the Co-curator of Artists of Hawai'i Now; Curator of Film and Performance with the Honolulu Museum of Art; and Director and Theatre Manager for Doris Duke Theatre at the Honolulu Museum of Art. Ms. Chang's dedication to arts and the community is also reflected in her service as a board member on various arts and culture organizations, including Hawaii Women in Filmmaking, Friends of the East West Center, Art House Convergence, and Board of Farrington High School Creative Arts and Technology. Furthermore, Ms. Chang is the co-founder of Alliance for Action, a collective of art house exhibitors and distributors addressing equity issues in the art house and independent cinema community.

Your Committee finds that Taylour Chang's expertise in the arts, specifically, film and theater, and dedication to public service will be a great asset to the State Foundation on Culture and the Arts Commission and its mission to promote, perpetuate and preserve culture and the arts in Hawaii.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 4085 Labor, Culture and the Arts on Gov. Msg. Nos. 632, 633, and 634

Recommending that the Senate advise and consent to the nominations of the following:

STATE FOUNDATION ON CULTURE AND THE ARTS COMMISSION

G.M. No. 632 JILL KURAMOTO RANDALL, for a term to expire 06-30-2026;

G.M. No. 633 SUSAN BROWNE, for a term to expire 06-30-2026; and

G.M. No. 634 MICHAEL MARSHALL, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Jill Kuramoto Randall, Susan Browne, and Michael Marshall for service on the State Foundation on Culture and the Arts Commission.

JILL KURAMOTO RANDALL

Your Committee received testimony in support of the nomination for the appointment of Jill Kuramoto Randall from the State Foundation on Culture and the Arts and one individual.

Upon review of the testimony, your Committee finds that Ms. Kuramoto Randall's experience and expertise in broadcast news and public relations qualify her to be nominated for appointment to the State Foundation on Culture and the Arts Commission. Ms. Kuramoto Randall received her Bachelor of Arts degree in Journalism from San Diego State University and Master of Science degree in Public Relations from Quinnipiac University. Ms. Kuramoto Randall has two decades of experience as a communications professional with expertise in strategic communication, media relations, and crisis management. She is currently the Chief Communications Officer and Client Development Director at RKT Media Hawaii LLC, managing internal and external communications to sustain the company's reputation for quality, accuracy, and customer satisfaction. She also serves as an Associate at Pineapple Tweed, LLC, where she provides strategic communications, media relations, and media training; engages in event planning; and promotes brand awareness. Her professional experience also includes working for the Hawaii State Senate as its Communications Director from 2015 to 2018, Chief Communications Officer for the Honolulu Board of Water Supply from 2014 to 2015, and Anchor and Reporter for KITV, Inc. from 1992 to 2014.

Your Committee finds that Ms. Kuramoto Randall's expertise and knowledge in strategic communications, event planning, and promotion of brand awareness will contribute greatly to the State Foundation on Culture and the Arts Commission in serving its mission to promote, perpetuate, and preserve culture and the arts in Hawaii. Your Committee therefore recommends that Jill Kuramoto Randall be appointed to serve on the State Foundation on Culture and the Arts Commission.

SUSAN BROWNE

Your Committee received testimony in support of the nomination for the reappointment of Susan Browne from the State Foundation on Culture and the Arts.

Upon review of the testimony, your Committee finds that Ms. Browne's experience and expertise in arts education qualify her to be nominated for reappointment to the State Foundation on Culture and the Arts Commission. Ms. Browne received her Bachelor's degree in Education from the University of Hawaii at Manoa and Master of Fine Arts degree in Creative Writing from Antioch University. She has been a lecturer at the University of Hawaii at Manoa College of Education since 2015, providing guidance to participants of the Statewide Elementary Education Program who are studying to become elementary education teachers. Ms. Browne's professional experience also includes serving as the Education Director for the Maui Arts and Cultural Center from 1998 to 2016. Your Commission also notes that Ms. Browne has served for many years on the Hawai'i ARTS FIRST partnership, a statewide arts education coalition coordinated by the State Foundation on Culture and the Arts.

Your Committee acknowledges that Ms. Browne has been serving on the State Foundation on Culture and the Arts Commission since 2018. Your Committee also notes the testimony of the State Foundation on Culture and the Arts stating that Ms. Browne's knowledge and experience in arts education is unsurpassed and expressing gratitude for her contributions to the Foundation's mission to promote, preserve, and perpetuate culture and the arts for the people of Hawaii.

Your Committee finds that Ms. Browne's expertise and dedication to the promotion of arts education in Hawaii will continue to be great assets to the State Foundation on Culture and the Arts Commission. Your Committee therefore recommends that Susan Browne be reappointed for service on the State Foundation on Culture and the Arts Commission.

MICHAEL MARSHALL

Your Committee received testimony in support of the nomination for the appointment of Michael Marshall from the State Foundation on Culture and the Arts.

Upon review of the testimony, your Committee finds that Professor Marshall's forty-five years of experience in university-level art education and expertise and knowledge as a distinguished professional artist qualify him to be nominated for appointment for service on the State Foundation on Culture and the Arts Commission. Professor Marshall received a Bachelor of Fine Arts degree in Painting from the University of Illinois at Champaign-Urbana and a Master of Fine Arts degree in Painting from Yale University. After teaching at colleges and universities in Missouri and Washington for seven years, Professor Marshall settled in Hilo, Hawaii, and began teaching at the University of Hawaii Hilo's (UHH) Art Department in 1984. Professor Marshall has also been the recipient of countless

recognitions and awards as an artist from various institutions, including the State Foundation on Culture and the Arts, National Society of Arts and Letters, and Yale University. Your Committee also notes Professor Marshall's active engagement in a variety of university and community activities, including serving as the Chair of UHH's Art and Performing Art departments; volunteer Executive Director of the East Hawaii Cultural Center; Director of the UHH Campus Center Gallery; Executive Advisory to the UHH Committee for Excellence in Diversity Equity and Inclusion; board member of the Volcano Art Center; and Visual Art Consultant for the SPCA Art Advisory Selection Committee.

Your Committee further notes that section 9-2(b), Hawaii Revised Statutes, requires the State Foundation on Culture and the Arts to have at least one member who is a resident of the County of Hawaii. As Professor Marshall resides in the County of Hawaii, his appointment to the Commission fulfills this statutory requirement.

Your Committee finds that Professor Marshall's extensive experience in teaching art at the university-level and expertise and knowledge as a distinguished professional artist will contribute greatly to the State Foundation on Culture and the Arts Commission. Your Committee therefore recommends that Michael Marshall be appointed for service on the State Foundation on Culture and the Arts Commission.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

SCRep. 4086 Labor, Culture and the Arts on Gov. Msg. Nos. 576 and 666

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF TRUSTEES OF THE DEFERRED COMPENSATION PLAN

G.M. No. 576 LANCE LARSEN JR, for a term to expire 06-30-2025; and

G.M. No. 666 KALBERT YOUNG, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Lance Larsen Jr. and Kalbert Young for service on the Board of Trustees of the Deferred Compensation Plan.

LANCE LARSEN JR.

Your Committee received testimony in support of the nomination for the appointment of Lance Larsen Jr. from the Board of Trustees of the Deferred Compensation Plan, Friends of Portuguese American Attorneys from Kailua, and four individuals.

Upon review of the testimony, your Committee finds that Mr. Larsen's status as a current employee of the Department of Education and his professional experience and background in issues relating to equal employment opportunity and civil rights qualify him to be nominated for appointment to the Board of Trustees of the Deferred Compensation Plan. Your Committee notes that Mr. Larsen earned his Bachelor of Arts degree in Political Science from the University of Hawaii at Manoa, a Juris Doctor degree from the University of Hawaii William S. Richardson School of Law, and a Master of Public Administration degree from the University of North Carolina-Chapel Hill. Your Committee further notes that Mr. Larsen has been serving as an employee of the state and federal government for over thirteen years. From 2008 to 2009, Mr. Larsen served as a Personnel Management Specialist and General Professional with the Department of Human Resources, Employee Claims Division, litigating workers' compensation claims. Thereafter, he moved to the federal government, serving with the United States Department of Justice Federal Bureau of Investigation's Honolulu Office in various positions from 2009 through 2018. He is currently an Equity Specialist with the Hawaii Department of Education's Civil Rights Compliance Branch, ensuring the Department's compliance with federal and state civil rights requirements.

Your Committee further finds that Mr. Larsen has been serving on the Board of Trustees of the Deferred Compensation Plan as an interim member since August 13, 2021, and acknowledges the Board's testimony attesting to Mr. Larsen's professionalism and deep understanding of defined contribution plans as well as his contributions to the Board through thoughtful analytical insight that is in the best interests of the State's deferred compensation plan participants.

Your Committee further notes that section 88E-4(3), Hawaii Revised Statutes, requires the Board of Trustees of the Deferred Compensation Plan to have at least five members who are public employees, representing employee interests. As an employee of the Department of Education, Mr. Larsen satisfies this statutory requirement.

Your Committee believes Mr. Larsen's experience, knowledge, and commitment to public service will continue to contribute greatly to the Board of Trustees of the Deferred Compensation Plan. Your Committee therefore recommends that Lance Larsen Jr. be appointed to the Board of Trustees of the Deferred Compensation Plan.

KALBERT YOUNG

Your Committee received testimony in support of the nomination for the reappointment of Kalbert Young from the Board of Trustees of the Deferred Compensation Plan and one individual.

Upon review of the testimony, your Committee finds that Mr. Young's current employment with the University of Hawaii System, experience as a finance executive in the public and private sectors, commitment to public service, and proven leadership qualify him to be nominated for reappointment to the Board of Trustees of the Deferred Compensation Plan. Your Committee finds that Mr. Young has an extensive professional background in budget and finance and deep understanding of investments and financial matters. Mr. Young is currently the Vice President for Budget and Finance and Chief Financial Officer for the University of Hawaii System, a position he has held since 2015, leading and directing the University's system-wide financial management and budgetary functions. Prior to his current position, Mr. Young served as the Director of Budget and Finance from 2010 to 2014, engaging in statewide budget

construction for the executive branch and management of the State's treasury and debt issuance. Mr. Young received his Bachelor of Arts degree in American History and Masters of Business Administration degree from the University of Hawaii at Manoa.

Your Committee further finds that Mr. Young has been a member of the Board since July 1, 2018, with proven dedication to serving in the best interests of the State's deferred compensation plan participants. The testimony of the Board attests to Mr. Young's extensive experience in directing and overseeing governmental budget, treasury and debt management, and financial reporting matters, and to his contributions to the Board as a good fiduciary for plan participants.

Your Committee also notes that section 88E-4(3), Hawaii Revised Statutes, requires the Board of Trustees of the Deferred Compensation Plan to have at least five members who are public employees, representing employee interests. As an employee of the University of Hawaii Systems, Mr. Young satisfies this statutory requirement.

Your Committee believes that Mr. Young's wealth of experience and expertise will continue to be valuable assets to the Board, and therefore, recommends that Kalbert Young be reappointed to the Board of Trustees of the Deferred Compensation Plan.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Keohokalole).

SCRep. 4087 Labor, Culture and the Arts on Gov. Msg. Nos. 691, 692, 693, 694, 695, 696, 714, 715, 716, and 746

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

- G.M. No. 691 TRANG MALONE, for a term to expire 06-30-2025;
- G.M. No. 692 KEITH DEMELLO, for a term to expire 06-30-2025;
- G.M. No. 693 GERALD SCHMITZ, for a term to expire 06-30-2022;
- G.M. No. 694 GERALD SCHMITZ, for a term to expire 06-30-2026;
- G.M. No. 695 DION DIZON, for a term to expire 06-30-2023;
- G.M. No. 696 SCOTT COLLINS, for a term to expire 06-30-2024;
- G.M. No. 714 KELLY UEOKA, for a term to expire 06-30-2023;
- G.M. No. 715 SHANNON OKINAKA, for a term to expire 06-30-2025;
- G.M. No. 716 SEAN KNOX, for a term to expire 06-30-2026; and
- G.M. No. 746 RONA FUKUMOTO, for a term to expire 06-30-2025

Your Committee reviewed the personal histories, resumes, and statements submitted by Trang Malone, Keith DeMello, Gerald Schmitz, Dion Dizon, Scott Collins, Kelly Ueoka, Shannon Okinaka, Sean Knox, and Rona Fukumoto for service on the Hawaii Workforce Development Council.

TRANG MALONE

Your Committee received testimony in support of the nomination for the appointment of Trang Malone from the Department of Labor and Industrial Relations and Hawaii Workforce Development Council.

Upon review of the testimony, your Committee finds that Ms. Malone's twenty-seven years of service in the United States Army, experience and knowledge in human resources and workforce development, and commitment to public service qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Malone earned her Master of Arts degree in Human Resource Management from the Hawaii Pacific University. She served with the United States Army from 1993 to 2020 in various positions in the fields of human resources and health care, including as the Administrative Director of the Public Health Command in Honolulu; Chief Compliance Officer and Chief People Officer of the Eighteenth Medical Command at Fort Shafter, Hawaii; Chief People Officer with the Evans Army Hospital in Fort Carson, Colorado; and Chief Human Resources Officer with the Medical Department Personnel Proponent in Fort Sam Houston, Texas. Thereafter, Ms. Malone served as a Human Resources Business Partner and Workforce Excellence Fellow with The Institute for Human Services, where she was the lead project manager in determining the process to launch a new clinical department, including recruitment, credentialing, training, and education. Ms. Malone is currently the Workforce Initiatives Advisor for CVS Health, where she creates workforce development programs in collaboration with government, non-government, and non-profit organization partners that support education, training, healthy living, and career opportunities, aimed to build healthy and strong communities with a focus towards underserved communities. Her commitment to public service and the community is evidenced by her volunteering her services to various organizations including the American Red Cross of Hawaii, New Hope Central Oahu, and Hanalani Schools.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed, Ms. Malone will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Malone's extensive experience as a human resources professional in health care, professional knowledge on workforce development, and long-term career in the United States Army will contribute greatly to the Hawaii Workforce

Development Council, especially for its committees on Military and Veterans Affairs and Employer Engagement. Your Committee therefore recommends that Trang Malone be appointed to the Hawaii Workforce Development Council.

KEITH DEMELLO

Your Committee received testimony in support of the nomination for the appointment of Keith DeMello from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; Marketing Management, Inc.; Ulupono Initiative; Hawaii Friends of Civil Rights; Transform Hawai'i Government; and three individuals.

Upon review of the testimony, your Committee finds that Mr. DeMello's over two decades of experience in the field of communications and public relations qualify him to be appointed to the Hawaii Workforce Development Council. Mr. DeMello earned his Bachelor of Arts degree in Journalism with a focus on Public Relations from the University of Hawaii at Manoa. He is currently the Director of Communications and Community with the Ulupono Initiative, a for-profit investment firm, for which Mr. DeMello leads its communications and community outreach initiatives to establish a more sustainable and resilient Hawaii, primarily in key sectors such as locally produced food, renewable energy, clean transportation, and better management of freshwater and waste. Mr. DeMello's professional experience includes serving as the Vice President of Public and Government Affairs with the Anthology Marketing Group; Senior Communications Manager with the State's Office of Enterprise Technology Services; and Deputy Director of Communications and Communications Manager with the Office of the Governor. In 2020, Mr. DeMello received the President's Leadership Award from the Public Relations Society of America - Hawai'i Chapter in recognition of his significant contributions to the success of the chapter and the profession. Mr. DeMello is an active member of the community, serving on the boards of the Honolulu Zoological Society, Portuguese Chamber of Commerce, and Hawai'i chapters of the Public Relations Society of American and the American Advertising Federation.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed, Mr. DeMello will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Mr. DeMello's extensive experience in implementing and leading strategic communications and public information programs in the public and private sectors will be great assets to the Hawaii Workforce Development Council. Your Committee therefore recommends that Keith DeMello be appointed to the Hawaii Workforce Development Council.

GERALD SCHMITZ

Your Committee received testimony in support of the nominations for the appointment and reappointment of Gerald Schmitz from the Department of Labor and Industrial Relations and Hawaii Workforce Development Council.

Upon review of the testimony, your Committee finds that Mr. Schmitz's twenty-two years of service as an officer in the United States Army and experience working in partnership with the armed forces on various privatized military housing projects qualify him to be appointed to the Hawaii Workforce Development Council. Mr. Schmitz earned his Bachelor of Science degree in Systems Engineering from the U.S. Military Academy at West Point and a Master of Arts degree in Business from Webster University. Mr. Schmitz served in the United States Army from 1983 to 2005, during which he served in leadership positions with tactical Army units in the Continental U.S., Germany, and Hawaii. Mr. Schmitz culminated his military career as the twenty-fifth infantry division's officer in charge of fielding, training, and coordinating facilities and resources, paving the way for effective reorganization, equipping, and training of Army units in Hawaii. Mr. Schmitz retired from the Army as a Lieutenant Colonel in 2005 and transitioned into civilian life, joining Lendlease (US) Public Partnerships LLC to help lead the organization's Island Palm Communities project in Hawaii, the largest military housing privatization project awarded by the Army. Mr. Schmitz is currently the company's Senior Vice President and General Manager, responsible for the Island Palm Communities project, another Army partnership project in Alaska, and the organization's portfolio of U.S. Air Force privatized military housing projects located in Colorado, Arizona, and New Mexico, comprising more than 19,600 homes.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed, Mr. Schmitz will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Mr. Schmitz's extensive experience in leadership positions within the United States Army, knowledge in developing training programs, and expertise in working in partnership with various branches of the armed forces will contribute greatly to the Hawaii Workforce Development Council, especially for the committee on Military and Veterans Affairs. Your Committee therefore recommends that Gerald Schmitz be appointed and reappointed to the Hawaii Workforce Development Council.

DION DIZON

Your Committee received testimony in support of the nominations for the appointment of Dion Dizon from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; Hawaii Operating Engineers Industry Stabilization Fund; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii Operating Engineers Local Union No. 3; University of Hawaii-West Oahu Center for Labor Education and Research; Hawaii Laborers-Employers Cooperation and Education Trust; United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Ports Maritime Council; and one individual.

Upon review of the testimony, your Committee finds that Ms. Dizon's current employment with the Hawaii State AFL-CIO and extensive experience working with various unions in different industries qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Dizon is currently the Political Director of the Hawaii State AFL-CIO, responsible for administering its political education program, which educates AFL-CIO affiliate unions and their members on matters relating to legislative and elections processes. In this capacity, Ms. Dizon works closely with various unions to provide educational outreach and other support for their members. Ms. Dizon is also a real estate broker leading a team of agents in foreclosure intervention for homeowners and assisting in training new agents. From 2011 to 2019, Ms. Dizon served as the local representative for the Office & Professional Employees International Union, Local 277, appointed to the Labor Education Advisory Council at the University of Hawaii-West Oahu Center for Labor Education and Research. During this time, she also served on the Aloha United Way Board as a labor representative.

Ms. Dizon earned her Bachelor of Arts degree from the University of Hawaii-West Oahu and is currently attending the University of Hawaii at Manoa William S. Richardson School of Law, where she is expected to earn her Juris Doctor degree. Furthermore, Ms. Dizon volunteers as a mediator at the Mediation Center of the Pacific, mediating small and regular claims filed with the state district courts in Waianae and Ewa.

Your Committee notes that section 202-1(b)(5), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have eight representatives from labor organizations and workforce training organizations. If appointed, Ms. Dizon will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Dizon's comprehensive understanding of the needs of Hawaii's workforce acquired through her employment with the Hawaii State AFL-CIO and Office & Professional Employees International Union Local 277 will be instrumental in enhancing the collaboration and partnerships among the public workforce system and Hawaii's labor unions. Your Committee therefore recommends that Dion Dizon be appointed to the Hawaii Workforce Development Council.

SCOTT COLLINS

Your Committee received testimony in support of the nomination for the appointment of Scott Collins from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and five individuals.

Upon review of the testimony, your Committee finds that Mr. Collins' background and current employment with the Hawaii Government Employees Association (HGEA) qualify him to be appointed to the Hawaii Workforce Development Council. Mr. Collins earned his Bachelor's degree in Sociology from the University of Hawaii at Manoa; Master's degree in Human Resources Management from the University of Hawaii at Manoa Shidler College of Business; and his Juris Doctor degree from the University of Hawaii at Manoa William S. Richardson School of Law. He joined the HGEA in 2014 and quickly ascended to a management role. Starting as a union agent, Mr. Collins was responsible for conducting investigations and assessments of grievances and benefit claims filed by its members; developing recommendations for and assisting in the preparation of grievance arbitrations; and advising the members, stewards, and union agents on governing contract provisions, rules, and procedures. He was promoted to Hawaii Island Division Chief in 2019, where he was responsible for the management of the organization's Hawaii Island Office, including projecting and preparing the division's budget; provision of field services; contract administration including handling grievances and arbitrations; and training and education of members and stewards. Mr. Collins also served as the lead staff in the governance of and negotiations for Bargaining Unit 13 comprising professional and scientific employees who cannot be included in any of the other bargaining units. Since March 2021, Mr. Collins has been serving as a Field Services Officer, responsible for managing the HGEA's Member Services Center that handles all incoming calls and emails from the members and public. Mr. Collins also supervises the HGEA's Advocacy section that administers all investigations, grievances, and arbitrations for the island of Oahu.

Your Committee notes that section 202-1(b)(5), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have eight representatives from labor organizations and workforce training organizations. If appointed, Mr. Collins will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Mr. Collins' education and hands-on experience and knowledge in public sector employment, including the governing rules and contracts, grievance and arbitration process, and collective bargaining negotiations and procedures, will contribute greatly to the Hawaii Workforce Development Council. Your Committee therefore recommends that Scott Collins be appointed to the Hawaii Workforce Development Council.

KELLY UEOKA

Your Committee received testimony in support of the nomination for the appointment of Kelly Ueoka from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; Chamber of Commerce Hawai'i; and one individual.

Upon review of the testimony, your Committee finds that Mr. Ueoka's over fifteen years of expertise in the fields of information technology, his experience in creating and operating workforce development programs, and commitment to public service qualify him to be appointed to the Hawaii Workforce Development Council. Mr. Ueoka is currently the President of Hoike Networks, Inc., doing business as Pacxa, a locally owned technology services group that harnesses the power of technologies to help local businesses realize their full potential. Mr. Ueoka understands that development of a career in the field of information technology enables individuals to earn sustainable living wages and therefore improve the economic trajectories of those individuals and their families. Under Mr. Ueoka's leadership, Pacxa created and operates the Huaka'i Workforce Development Program with the goal of nurturing and developing a resilient local information technology workforce, including assisting displaced workers to obtain opportunities in the information technology field by providing them with various types of skills training. Mr. Ueoka's commitment to public service is evidenced by his service on various boards and organizations, including serving as a member of the Board of Directors of Parents and Children Together; Department of Education Pathway Advisory Committee; and James Campbell High School Academy of Science, Technology, Engineering, Arts, and Math Advisory Board.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed, Mr. Ueoka will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Mr. Ueoka's leadership skills, strategic thinking, and experience in establishing and operating workforce development programs for the information technology field will contribute greatly to the Hawaii Workforce Development Council. Your Committee therefore recommends that Kelly Ueoka be appointed to the Hawaii Workforce Development Council.

SHANNON OKINAKA

Your Committee received testimony in support of the nomination for reappointment of Shannon Okinaka from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; and Hawaiian Airlines, Inc.

Upon review of the testimony, your Committee finds that Ms. Okinaka's nearly twenty years of professional expertise in accounting, finance, and investor relations qualify her to be reappointed to the Hawaii Workforce Development Council. Ms. Okinaka is currently the Executive Vice President and Chief Financial Officer of Hawaiian Airlines, Inc. In this capacity, Ms. Okinaka has supported various programs that enhance career development, given individuals the opportunity to serve in the aviation sector through internships, and has provided executive leadership and support to ensure the company's financial strength, which in large part is reliant on having a skilled and available workforce. Your Committee notes that Ms. Okinaka has been serving on the Hawaii Workforce Development Council since 2016, and is currently the Chair of its Finance Committee and a member of its Executive Committee. The testimony of the Hawaii Workforce Development Council attests to Ms. Okinaka's contributions, including her ability to provide transparency in financial reporting to the Executive Committee and the full membership.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If reappointed, Ms. Okinaka will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Okinaka's expertise in finance and her knowledge pertaining to business needs will continue to be great assets to the Hawaii Workforce Development Council. Your Committee therefore recommends that Shannon Okinaka be reappointed to the Hawaii Workforce Development Council.

SEAN KNOX

Your Committee received testimony in support of the nomination for the reappointment of Sean Knox from the Department of Labor and Industrial Relations, Hawaii Workforce Development Council, and HiEmployment.

Upon review of the testimony, your Committee finds that Mr. Knox's over twenty-three years of experience in providing professional staffing services in Hawaii qualify him to be reappointed to the Hawaii Workforce Development Council. Mr. Knox is currently the President, Chief Executive Officer, and owner of Hawaii Employment Services, Inc., with offices located throughout the State. In this capacity, Mr. Knox oversees the recruitment, hiring, and placement of over two thousand individuals a year in various sectors across the State. Prior to his current position, Mr. Knox served as the President and owner of POI Employment LLC, a professional employer organization that he established in 2005 to assist employers in Hawaii to secure temporary administrative and accounting professionals. Your Committee notes that Mr. Knox has been serving on the Hawaii Workforce Development Council since 2016, in various positions including the Chair and Vice Chair of its Performance Measures and Accountability Committee, Assistant Vice Chair of the full Council, and member of its Executive Committee. The testimony of the Hawaii Workforce Development Council attests to Mr. Knox's contributions, namely, his strong understanding and strategic overview of the needs and gaps in the workforce system with a statewide perspective.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If reappointed, Mr. Knox will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Mr. Knox's extensive experience and knowledge in job placement and employment services in Hawaii will continue to contribute greatly to the Hawaii Workforce Development Council. Your Committee therefore recommends that Sean Knox be reappointed to the Hawaii Workforce Development Council.

RONA FUKUMOTO

Your Committee received testimony in support of the nomination for the appointment of Rona Fukumoto from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; S&P Holdings, Inc.; Hawai'i Pacific Health; and nine individuals.

Upon review of the testimony, your Committee finds that Ms. Fukumoto's extensive experience in and commitment to serving the community through nonprofit organizations to assist underserved populations and individuals with special needs qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Fukumoto is currently the President and Chief Executive Officer of Lanakila Pacific, a local community-based organization whose mission is to build independence for individuals with cognitive, physical, social, or age-related challenges. In this role, she provides leadership for a workforce of one hundred eighty individuals, of which seventy-five percent of the direct service workforce is comprised of individuals with significant disabilities. Prior to her current position, Ms. Fukumoto served as the Vice President of Programs and Mission Advancement at Lanakila Pacific, responsible for overall administration and development of its human service programs, including Meals on Wheels, Training and Advocacy, and Teaching and Learning Centers. Her strong commitment to expand workforce opportunities, especially for individuals with disabilities, is evidenced throughout her work at Lanakila Pacific, including leading an effort to increase the focus on and availability of opportunities for individuals with autism to enter into training and employment programs. She has also provided support for holistic employment opportunities that benefit many sectors, including taking the lead on helping establish a food hub that would provide a stable market for local farmers, provide jobs and training for processors, and increase the availability of fresh foods for seniors receiving delivered meals. Ms. Fukumoto's professional experience also includes various leadership positions with Catholic Charities Hawaii and Winners at Work, devoting twenty-five years to supporting and enriching the lives of those in need. Ms. Fukumoto's commitment to public service is also evidenced by her service on various boards, including her current service on the Catholic Charities Housing Development Corporation Board of Directors and Access to Justice Commission as well as her service on the Board of Directors of the Hawaii Housing Finance and Development Corporation from 2014 to 2021.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Hawaii Workforce Development Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed, Ms. Fukumoto will serve as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Fukumoto's professional experience in and commitment to assist the underserved population and individuals with special needs, including establishment of a vibrant and inclusive workforce in Hawaii, will be great assets to the

Hawaii Workforce Development Council. Therefore, your Committee recommends that Rona Fukumoto be appointed to the Hawaii Workforce Development Council.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Fevella).

SCRep. 4088 Labor, Culture and the Arts on Gov. Msg. Nos. 764, 765, 777, and 778

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII WORKFORCE DEVELOPMENT COUNCIL

- G.M. No. 764 CHERYL CROSS, for a term to expire 06-30-2026;
- G.M. No. 765 SHELLI IHORI, for a term to expire 06-30-2023;
- G.M. No. 777 LORNA WOO, for a term to expire 06-30-2026; and
- G.M. No. 778 EILEEN CALDWELL, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Cheryl Cross, Shelli Ihori, Lorna Woo, and Eileen Caldwell for service on the Hawaii Workforce Development Council.

CHERYL CROSS

Your Committee received testimony in support of the nomination for the appointment of Cheryl Cross from the Department of Labor and Industrial Relations, Hawaii Workforce Development Council, and one individual.

Upon review of the testimony, your Committee finds that Ms. Cross's thirty-five years of professional experience in the areas of human resources, talent management and acquisition, training, marketing, and communications, qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Cross is currently an independent management consultant for small to medium size businesses working directly for short term turn-around and build-out engagements. Prior to her current position, Ms. Cross spent six years at Booz Allen Hamilton, Inc. in talent acquisition and management, filling openings with Department of Defense funded positions in Hawaii. Ms. Cross has been serving as a volunteer public member on the Hawaii Workforce Development Council's Employer Engagement Committee since 2018 and is therefore familiar with the Council's role and its responsibilities. Ms. Cross's commitment to the community and public service is evidenced in her serving as a Commissioner on the Los Angeles County City of Hermosa Beach's Emergency Preparedness Advisory Council, during which she dedicated her efforts to the education, communications, and training initiatives for the city, region, and State of California. Ms. Cross has been an active member of the Organization of Women Leaders-Oahu, from which Ms. Cross received the "Woman of the Year" award in 2020, and for which Ms. Cross is currently its President-elect with her term beginning in 2023.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed to the Hawaii Workforce Development Council, Ms. Cross will be serving as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Cross's extensive experience in human resources and communications, leadership skills, and understanding of workforce needs will contribute greatly to the Hawaii Workforce Development Council. Your Committee therefore recommends that Cheryl Cross be appointed to the Hawaii Workforce Development Council.

SHELLI IHORI

Your Committee received testimony in support of the nomination for the appointment of Shelli Ihori from the Department of Labor and Industrial Relations, Hawaii Workforce Development Council, Hawai'i Pacific Health, and one individual.

Upon review of the testimony, your Committee finds that Ms. Ihori's background and sixteen years of professional experience in the area of workforce development with Hawai'i Pacific Health, one of the largest non-profit health care organizations in Hawaii with more than 7,100 employees, qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Ihori received her Bachelor of Business Administration and Master of Human Resources Management degrees from the Shidler College of Business, University of Hawaii at Manoa. Ms. Ihori is currently the Associate Director of Workforce Development for Hawai'i Pacific Health, a position she has held since April 2006. Ms. Ihori's scope of work as Associate Director of Workforce Development involves partnering with educational institutions and the community at large to increase awareness of healthcare occupations, through which she acquired professional knowledge and experience in program development, regulatory compliance, training development, and community partnerships in the healthcare industry. Having served on the Kauai Workforce Development Board, Ms. Ihori is also familiar with the role and responsibilities of the Hawaii Workforce Development Council.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed to the Hawaii Workforce Development Council, Ms. Ihori will be serving as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Ihori's focused experience in healthcare recruitment, retention, accreditation compliance, and collaboration with educational institutions will be valuable assets to the Hawaii Workforce Development Council. Your Committee therefore recommends that Shelli Ihori be appointed to the Hawaii Workforce Development Council.

LORNA WOO

Your Committee received testimony in support of the nomination for the appointment of Lorna Woo from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; International Union of Painters and Allied Trades, District Council 50; Finishing Trades Institute/International Union of Painters and Allied Trades Labor Management Cooperation Initiative; Hawai'i State AFL-CIO; Pride at Work - Hawai'i; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Local Union No. 120 of the International Union of Elevator Constructors; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund; Hawaii Laborers-Employers Cooperation and Education Trust; Hawai'i Nurses' Association, OPEIU Local 50; Hawaii Electricians Market Enhancement Program; International Brotherhood of Electrical Workers Local Union No. 1186; Hawaii Building & Construction Trades Council; and five individuals.

Upon review of the testimony, your Committee finds that Ms. Woo's fifteen years of service with the International Union of Painters and Allied Trades, District Council 50 qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Woo is currently the Director of Government Affairs for the International Union of Painters and Allied Trades, District Council 50, serving as a lobbyist that oversees labor legislation, political programs, and the candidate endorsement process. Ms. Woo also serves as District Council 50's Communications Director, managing its social media and marketing campaigns. Prior to her current positions, Ms. Woo served as the union's Business Development Specialist. As an advocate for policies that best serve working men and women in Hawaii, Ms. Woo understands the importance of dedicated workforce development initiatives that provide people with career opportunities. She has recently cultivated relationships with youth and adult program services who assist individuals with disabilities, homeless individuals, and those who are transitioning back into the workforce. Ms. Woo is also working to launch an intern program that will provide individuals with on-the-job training, and upon successful completion of the program, admission into the trade's apprenticeship program. Ms. Woo's commitment to workforce development is also evidenced by her service on the Labor Education Advisory Council for the University of Hawai'i – West O'ahu Center for Labor Education and Research. Having served on the Oahu Workforce Development Board, Ms. Woo is also familiar with the role and responsibilities of the Hawaii Workforce Development Council.

Your Committee notes that section 202-1(b)(5), Hawaii Revised Statutes, requires the Council to have eight representatives from labor organizations and workforce training organizations. If appointed to the Hawaii Workforce Development Council, Ms. Woo will be serving as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Woo's comprehensive understanding of the needs of Hawaii's workforce acquired through her employment with the International Union of Painters and Allied Trades, District Council 50 will contribute greatly to the Hawaii Workforce Development Council. Your Committee therefore recommends that Lorna Woo be appointed to the Hawaii Workforce Development Council.

EILEEN CALDWELL

Your Committee received testimony in support of the nomination for the appointment of Eileen Caldwell from the Department of Labor and Industrial Relations; Hawaii Workforce Development Council; Wailea Beach Resort-Marriott, Maui; Hawaii Lodging & Tourism Association; and two individuals.

Upon review of the testimony, your Committee finds that Ms. Caldwell's twenty-five years of experience in human resources management in Hawaii qualify her to be appointed to the Hawaii Workforce Development Council. Ms. Caldwell earned her Master of Arts degree in Human Resources Management from Hawaii Pacific University. She is currently the Area Director of Human Resources for Marriott International, Inc.'s operations in Hawaii and French Polynesia, where she oversees the management of human resources for Marriott-managed resorts in the region, including recruitment, training and development, employee engagement, and benefits and labor relations for approximately six thousand union and non-union employees. Prior to her current position, she served as the Director of Human Resources at Westin Maui Resort and Spa and in various human resources positions at Starwood Hotels and Resorts and its successor Marriott International. Your Committee notes that during her employment at the Sheraton Maui Resort, the resort was awarded Employer of the Year by the Department of Human Services' Division of Vocational Rehabilitation in recognition of its commitment to hiring community members with physical or cognitive disabilities.

Your Committee notes that section 202-1(b)(4), Hawaii Revised Statutes, requires the Council to have seventeen representatives from the private sector, including nonprofit organizations and businesses in the State. If appointed to the Hawaii Workforce Development Council, Ms. Caldwell will be serving as one of the members fulfilling this statutory requirement.

Your Committee finds that Ms. Caldwell's comprehensive and multi-faceted perspective of the needs and challenges of the current and future workforce in the hospitality industry will be valuable assets to the Hawaii Workforce Development Council. Your Committee therefore recommends that Eileen Caldwell be appointed to the Hawaii Workforce Development Council.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 4089 Labor, Culture and the Arts on Gov. Msg. Nos. 734, 744, and 745

Recommending that the Senate advise and consent to the nominations of the following:

KING KAMEHAMEHA CELEBRATION COMMISSION

G.M. No. 734 IAN JAMES CUSTINO, for a term to expire 06-30-2026;

G.M. No. 744 MARK CRABBE, for a term to expire 06-30-2022; and

G.M. No. 745 MARK CRABBE, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Ian James Custino and Mark Crabbe for service on the King Kamehameha Celebration Commission.

IAN JAMES CUSTINO

Your Committee received testimony in support of the nomination for the reappointment of Ian James Custino from the King Kamehameha Celebration Commission and King Kamehameha Day Celebration Parade Kona.

Upon review of the testimony, your Committee finds that Mr. Custino's background, experience, and commitment to public service qualify him for reappointment to the King Kamehameha Celebration Commission. Mr. Custino graduated from Kamehameha Schools, earned his Bachelor of Arts degree in Sociology from the University of Hawaii, his Master of Science degree in Psychology from Walden University, and is a candidate for a Doctor of Philosophy degree at Walden University. He is currently a project manager for community engagement at Kamehameha Schools, where he plans and implements community engagement projects to achieve Kamehameha Schools' strategic goals. Mr. Custino is also a contractor with the Native Hawaiian Chamber of Commerce, where he assists the board in making strategic organizational decisions by providing them with data and reports on community engagement projects. Mr. Custino's commitment to public service and the community is also evidenced by his engagement with various organizations, including the Prince Kuhio Hawaiian Civic Club, Hale O Na Ali'i O Hawai'i, Project Management Institute, Native Hawaiian Chamber of Commerce, Emergency Management Professionals – HI, and Waikiki Surf Club Board of Directors.

Your Committee notes that section 8-5(a)(3), Hawaii Revised Statutes, requires the King Kamehameha Celebration Commission to have one member representing Hale O Na Ali'i O Hawai'i 'Ahahui Po'o. Mr. Custino has been a member of the Commission fulfilling this statutory requirement since 2019, and if reappointed, will continue to serve in this capacity.

Your Committee finds that Mr. Custino's professional expertise and knowledge in community engagement and relationship building and management of community engagement projects, as well as his commitment to public service and the community, will continue to be valuable assets to the King Kamehameha Celebration Commission. Your Committee therefore recommends that Ian James Custino be reappointed to the King Kamehameha Celebration Commission.

MARK CRABBE

Your Committee received testimony in support of the nominations for the appointment and reappointment of Mark Crabbe from the King Kamehameha Celebration Commission.

Upon review of the testimony and Mr. Crabbe's qualifications, your Committee finds that Mr. Crabbe's background and commitment to public service qualify him for appointment and reappointment to the King Kamehameha Celebration Commission. Mr. Crabbe is a retired member of the United States Air Force with over thirty-eight years of service with its Military Administration Office Management, where he managed the Executive Administration Office for command leadership. Mr. Crabbe was a long time member of the highly recognized Royal Guards of the Hawaii National Guard. Mr. Crabbe is a graduate of Kamehameha Schools and has served as a class representative and officer. In this capacity, Mr. Crabbe has engaged in numerous volunteer service projects for the community and Kamehameha Schools.

Your Committee notes that section 8-5(a)(5), Hawaii Revised Statutes, requires the King Kamehameha Celebration Commission to have one member representing the Kamehameha Schools Alumni Association. The appointment and reappointment of Mr. Crabbe to the Commission will fulfill this statutory requirement.

Your Committee finds that Mr. Crabbe's background and commitment to public service, including his seventeen years of active engagement with Kamehameha Schools as a class representative and officer will be valuable assets to the Commission. Your Committee therefore recommends that Mark Crabbe be appointed and reappointed to the King Kamehameha Celebration Commission.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 4090 Labor, Culture and the Arts on Gov. Msg. Nos. 752 and 753

Recommending that the Senate advise and consent to the nominations of the following:

HAWAII SISTER STATE COMMITTEE

G.M. No. 752 KURT OSAKI, for a term to expire 06-30-2023; and

G.M. No. 753 JANE CLEMENT, for a term to expire 06-30-2026

Your Committee reviewed the personal histories, resumes, and statements submitted by Kurt Osaki and Jane Clement for service on the Hawaii Sister State Committee.

KURT OSAKI

Your Committee received testimony in support of the nomination for the appointment of Kurt Osaki from the Department of Business, Economic Development, and Tourism and one individual.

Upon review of the testimony and Mr. Osaki's qualifications, your Committee finds that Mr. Osaki's background, experience, and commitment to public service qualify him for appointment to the Hawaii Sister State Committee. After earning his Bachelor of Fine Arts degree in Graphic Designs from the University of Hawaii, Mr. Osaki furthered his education at the Art Center College of Design in Pasadena, California. In 1995, Mr. Osaki established Osaki Design Inc., now known as the Osaki Creative Group, with offices located in Berkeley, California, and Honolulu, Hawaii. Offering a wide range of services including sports branding, packaging, communication, and environmental design, Mr. Osaki's clientele includes various professional sports teams, sports leagues, universities, and corporations throughout the United States and Japan. One of his and his team's major accomplishments is their designing of the "H" logo for the University of Hawaii in 2000. Mr. Osaki's commitment to public service is evidenced by his service on various boards and commissions, including serving as a board member on the Japanese Cultural Center of Hawaii from 2020-2021 and as an advisory board member on the Hawaii Chamber of Commerce of Northern California from 2009-2021.

Your Committee notes that section 229-2(b)(1), Hawaii Revised Statutes, requires the Governor to appoint one member to the Hawaii Sister State Committee from a list of five nominees submitted by the Speaker of the House of Representatives. Mr. Osaki's appointment to the Hawaii Sister State Committee will satisfy this statutory requirement.

Your Committee finds that Mr. Osaki's ability to convey unique and inspirational stories through design; extensive experience in engaging with different cultures and communities including cities, governments, and non-profit organizations; and commitment to public service will be valuable assets to the Hawaii Sister State Committee. Your Committee therefore recommends that Kurt Osaki be appointed to the Hawaii Sister State Committee.

JANE CLEMENT

Your Committee received testimony in support of the nomination for the appointment of Jane Clement from the Department of Business, Economic Development, and Tourism and Hawai'i State Association of Counties.

Upon review of the testimony and qualifications, your Committee finds that Ms. Clement's background, experience, and commitment to public service qualify her for appointment to the Hawaii Sister State Committee. Ms. Clement was born in Cebu, the Republic of the Philippines, and in 1994, she immigrated to Hawaii and has been a resident of Kona since 2004. She has served as the President of the Kona Visayan Club, which in 2011 served as the local host and sponsor organization that assisted in facilitating the establishment of a sister city agreement between the County of Hawaii and Ormoc City in the Philippines. Ms. Clement is currently the Executive Assistant to the Mayor of the County of Hawaii responsible for various tasks, including managing the County's sister city program. As the County's Sister City Protocol Officer, Ms. Clement actively engages with the County's sister cities through various initiatives and projects. During the coronavirus disease 2019 (COVID-19) pandemic, she produced the County's first-ever sister city virtual concert, a creative event designed to reach out to and reconnect with the County's sister cities whom, like the rest of the world, were dealing with the effects of the COVID-19 pandemic. Recently, Ms. Clement successfully produced a thirty-minute commemorative documentary film to celebrate the County's sixtieth anniversary of its sister city relationship with Oshima, Japan. Ms. Clement's dedication to the community is also evidenced in her service on various boards and organizations, including serving as the President of the Kailua Village Business Improvement District and the Chair of the Government Affairs Committee of the Kona Kohala Chamber of Commerce. She currently serves as the Hawaii Island Commissioner to the State Foundation on Culture and the Arts with her term to expire June 30, 2022, and is an officer on the Keahole Center for Sustainability, formerly known as the Friends of NEHLA (Natural Energy Laboratory of Hawaii Authority). She is also an active member of various boards and commissions including the Kona Visayan Club, West Hawaii Community Forums, and the Economic Development Committee of the Kona Kohala Chamber of Commerce.

Your Committee notes that section 229-2(b)(5), Hawaii Revised Statutes, requires the Governor to appoint one member to the Hawaii Sister State Committee from a list of five nominees submitted by the Hawaii State Association of Counties. Ms. Clement's appointment to the Hawaii Sister State Committee will satisfy this statutory requirement.

Your Committee finds that Ms. Clement's extensive knowledge and firsthand experience in establishing sister relationships with foreign municipalities and her commitment to public service will contribute greatly to the Hawaii Sister State Committee. Your Committee therefore recommends that Jane Clement be appointed to the Hawaii Sister State Committee.

As affirmed by the records of votes of the members of your Committee on Labor, Culture and the Arts that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Chang).

SCRep. 4091 Education on Gov. Msg. Nos. 801, 802, 803, 804, and 805

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF EDUCATION

- G.M. No. 801 DAMIEN BARCARSE, for a term to expire 06-30-2025;
- G.M. No. 802 NICOLE MCCLELLAN, for a term to expire 06-30-2025;
- G.M. No. 803 LAUREN MORIARTY, for a term to expire 06-30-2024;
- G.M. No. 804 BRUCE VOSS, for a term to expire 06-30-2025; and
- G.M. No. 805 KEN KURAYA, for a term to expire 06-30-2024

DAMIEN BARCARSE

Your Committee received testimony in support of the nomination for the reappointment of Damien Barcarse from the Kaua'i Council of the Association of Hawaiian Civic Clubs; Hui for Excellence in Education; HawaiiKidsCAN; Ke Ana La'ahana; 'Aha Pūnana Leo, Inc.; Association of Hawaiian Civic Clubs; Hawai'i Island Council of the Association of Hawaiian Civic Clubs; Waimea Hawaiian Civic Club; Na Kalai Wa'a; 'Aha Kauleo; Hanalei Hawaiian Civic Club; KIK Ka'eaikahahealani, Inc.; Kanaeokana Kula Hawai'i Network; and twenty-five individuals.

Your Committee finds that Mr. Barcarse is a current board member on the Board of Education, serving as the County of Hawai'i representative. Mr. Barcarse is presently employed by Kamehameha Schools directing catalytic initiatives, strategies, and transformation. Your Committee further finds that Mr. Barcarse has an extensive career as an educator and administrator, including knowledge of the Hawaiian language and culture. He is an active member of the community and possesses a diverse array of experiences in multi-media production, education, curriculum development, community engagement, language arts, biocultural pathways, and voyaging and navigation. In his personal statement, Mr. Barcarse expressed his commitment to continue to focus during his term on teacher recruitment efforts and combating teacher loss, as well as his desire to increase opportunities for students to contribute positively to their communities. Accordingly, your Committee believes that Mr. Barcarse will bring valuable experience, knowledge, and leadership to the Board of Education, and therefore recommends that Damien Barcarse be reappointed to the Board of Education based on his knowledge, background, and experience.

NICOLE MCCLELLAN

Your Committee received testimony in support of the nomination for the appointment of Nicole McClellan from the Waikīki Improvement Association, HawaiiKidsCAN, Hawai'i Children's Action Network, Shriners Children's—Hawaii, Council for Native Hawaiian Advancement, Association of Hawaiian Civic Clubs, DreamHouse 'Ewa Beach, Pearl Harbor Hawaiian Civic Club, Mastercare, Shriners Hospital for Children, and eight individuals. Your Committee received comments on the nomination for the appointment of Nicole McClellan from one individual.

Your Committee finds that Ms. McClellan is presently the Director of Business Development and Community Relations at Shriners Hospitals for Children in Honolulu, Hawaii. Your Committee further finds that Ms. McClellan has extensive professional experience in health care and communications. She also has community service experience, serving in leadership roles for several community organizations. Your Committee notes that Ms. McClellan will serve on the Board as the City and County of Honolulu representative. In her personal statement, Ms. McClellan acknowledged the tremendous responsibility of serving on the Board of Education and highlighted the need to strengthen workforce pathways for students. Accordingly, your Committee believes that Ms. McClellan will bring valuable experience, knowledge, and leadership to the Board of Education, and therefore recommends that Nicole McClellan be appointed to the Board of Education based on her knowledge, background, and experience.

LAUREN MORIARTY

Your Committee received testimony in support of the nomination for the appointment of Lauren Moriarty from the HawaiiKidsCAN, Chaminade University of Honolulu, Association of Hawaiian Civic Clubs, Omnitrak, and twenty-three individuals. Your Committee received comments on the nomination for the appointment of Lauren Moriarty from one individual.

Your Committee finds that Ms. Moriarty has an extensive background with the U.S. Department of State, which culminated in her ambassadorship, from 2003–2005, representing the United States in the Asia-Pacific Economic Cooperation. Following her ambassadorship, Ms. Moriarty served as a Community Leader in Bangladesh and later became Dean of Academics at the Asia-Pacific Center for Security Studies. In her personal statement, Ms. Moriarty noted that she is community-oriented and maintains a global perspective. Testimony submitted in support of the nomination noted her drive, passion, and dedication to serve. Accordingly, your Committee believes that Ms. Moriarty will bring valuable experience, knowledge, and leadership to the Board of Education, and therefore recommends that Lauren Moriarty be appointed to the Board of Education based on her knowledge, background, and experience.

BRUCE VOSS

Your Committee received testimony in support of the nomination for the reappointment of Bruce Voss from the Hui for Excellence in Education, HawaiiKidsCAN, and one individual.

Your Committee finds that Bruce Voss is a current member on the Board of Education, serving as an at-large representative. Testimony submitted in support of the nomination noted the key role Mr. Voss has served on the Board with respect to financial matters, and the benefits of maintaining continuity through his continued service on the Board. Your Committee further finds that Mr. Voss is an experienced trial lawyer and former news reporter. In his personal statement Mr. Voss noted as motivators for service on the Board his experience attending public high school; his spouse, who is an educator; and his strong desire to ensure that all children, regardless of their school district, receive the quality education they deserve. Accordingly, your Committee believes that Mr. Voss will bring valuable experience, knowledge, and leadership to the Board of Education, and therefore recommends that Bruce Voss be reappointed to the Board of Education based on his knowledge, background, and experience.

KEN KURAYA

Your Committee received testimony in support of the nomination for the appointment of Ken Kuraya from HawaiiKidsCAN and nine individuals. Your Committee received comments on the nomination for the appointment of Ken Kuraya from one individual.

Your Committee finds that Mr. Kuraya is a dedicated educator with over forty years of education experience. His career with the Department of Education stretches back to 1978, when he began his career as an Educational Assistant at Kailua Intermediate and Wilcox Elementary schools. Your Committee further finds that Mr. Kuraya has more than two decades of high-level budgetary experience within the Department of Education, including serving as Budget Execution Administrator, where he oversaw a budget of nearly \$2 billion. Accordingly, your Committee believes that Mr. Kuraya will bring valuable experience, knowledge, and leadership to

the Board of Education, and therefore recommends that Ken Kuraya be appointed to the Board of Education based on his knowledge, background, and experience.

As affirmed by the records of votes of the members of your Committee on Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kidani).

SCRep. 4092 Education on Gov. Msg. No. 751

Recommending that the Senate advise and consent to the nomination of the following:

EXECUTIVE DIRECTOR OF THE SCHOOL FACILITIES AUTHORITY

G.M. No. 751 CHAD FARIAS, for a term to expire in 6 years after the confirmation date (School Facilities Board amended to School Facilities Authority by GM780)

Your Committee reviewed the personal history, resume, and statement submitted by Chad Farias for service as Executive Director of the School Facilities Authority.

Your Committee received testimony in support of the nomination for the appointment of Chad Farias from the Governor; Department of Education; Department of Transportation; Hui for Excellence in Education; the principals of Na'alehu Elementary School, Kea'au High School, Kea'au Elementary School, and Pahoa Elementary School; SSFM International, Inc.; and twenty-one individuals.

Upon review of the testimony and supporting materials, your Committee finds that Mr. Farias' background and extensive experience in education qualify him to be nominated for appointment as Executive Director of the School Facilities Authority. Mr. Farias was born and raised on Hawai'i island, received his undergraduate degree in art history and education, and obtained a post-graduate degree in education administration. Your Committee finds that Mr. Farias is a passionate educator with a track record of leadership and dedication to his students and community. Since 1993, Mr. Farias has served in the public education system as Teacher, Counselor, Activities Coordinator, Vice-Principal, Principal, Athletics Coach, and Complex Area Superintendent. During his tenure as principal of Kea'au Elementary School, Mr. Farias pioneered the use of technology to elevate student achievement. As Complex Area Superintendent for the Ka'u-Kea'au-Pahoa Complex Area, Mr. Farias successfully navigated his schools through numerous challenges, including devastating natural disasters and a global pandemic. Mr. Farias also served as the co-chair of the Department of Education's Committee on Weights, and is an advocate for marginalized and underserved communities. His vast experience within the Department provides him with deep insight into the needs of Hawaii's public schools to offer optimal learning environments to facilitate higher student achievement and will continue to be an asset to the School Facilities Authority. Your Committee therefore recommends that Chad Farias be appointed as Executive Director of the School Facilities Authority based on his knowledge, experience, and dedication to public education.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Dela Cruz).

SCRep. 4093 Education on Gov. Msg. No. 784

Recommending that the Senate advise and consent to the nomination of the following:

EARLY LEARNING BOARD

G.M. No. 784 KERRIE UROSEVICH, for a term to expire 06-30-2025

Your Committee has reviewed the personal history, resume, and statement submitted by Kerrie Urosevich for service on the Early Learning Board.

Your Committee received testimony in support of the nomination for the reappointment of Kerrie Urosevich from the Executive Office on Early Learning, Early Learning Board, Seagull Schools, Parents And Children Together, and one individual.

Upon review of the testimony, your Committee finds that Dr. Urosevich currently serves on the Early Learning Board as the statutorily required representative from the Hawaii Early Intervention Coordinating Council. In this capacity, Dr. Urosevich advises and assists the Department of Education regarding the transition of toddlers with special needs to preschool and other appropriate services. Dr. Urosevich is presently the Lead for System Design and Innovation for the Early Childhood Action Strategy Collaborative Leaders Network. In this capacity, Dr. Urosevich works collaboratively with nonprofits, agencies, and schools to increase the quality of and access to early childhood and health services in both the public and private sectors.

Your Committee additionally finds that Dr. Urosevich possesses extensive education and experience in early education and related fields. She previously served as the Governor's Early Childhood Coordinator and Action Strategy Coordinator for the Executive Office on Early Learning and has a professional background in systems-building through her mediation and facilitation consultancy. She is active in the community, serving on various Hawaii-based and international boards, including Hawaii's Early Intervention Coordinating Council. In her personal statement Dr. Urosevich noted that she is motivated by her experience as a mother in navigating early education systems and her passion to improve the health and well-being of children and families. Your Committee therefore recommends that Kerrie Urosevich be appointed to the Early Learning Board based on her knowledge, background, and experience.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Dela Cruz, Kidani).

SCRep. 4094 Judiciary on Gov. Msg. Nos. 593 and 594

Recommending that the Senate advise and consent to the nominations of the following:

STATEWIDE VOTERS WITH SPECIAL NEEDS ADVISORY COMMITTEE

G.M. No. 593 SHERYL NELSON, for a term to expire 06-30-2022; and

G.M. No. 594 SHERYL NELSON, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Sheryl Nelson for service on the Statewide Voters with Special Needs Advisory Committee.

Your Committee received testimony in support of the nominations for the appointment and reappointment of Sheryl Nelson from the State Council on Developmental Disabilities and one individual.

Upon review of the testimony, your Committee finds that Ms. Nelson's experience, knowledge, and proven leadership qualify her for appointment and reappointment to the Statewide Voters with Special Needs Advisory Committee. Your Committee notes that Ms. Nelson currently works as the Executive Director for the Statewide Independent Living Council and has worked there for over sixteen years. Previously, Ms. Nelson worked as the Founder, Owner, and Operator of Open Access, served as Program Coordinator for Very Special Arts Hawaii, and worked for the Office of Elections, where she was a statewide trainer for people with disabilities with the electronic voting process. Your Committee believes that Ms. Nelson's knowledge of best practices in disabilities services will help the Committee to improve the service delivery system and be an asset to the Committee. Your Committee therefore recommends that Sheryl Nelson be appointed and reappointed to the Statewide Voters with Special Needs Advisory Committee based on her experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 4095 Judiciary on Gov. Msg. No. 860

Recommending that the Senate advise and consent to the nomination of the following:

BOARD OF REGISTRATION OF THE ISLAND OF HAWAII

G.M. No. 860 PHILIP BARNES, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Philip Barnes for service on the Board of Registration of the Island of Hawaii.

Your Committee received no testimony on this measure.

Your Committee finds that Dr. Barnes' experience, knowledge, and proven leadership qualify him for appointment to the Board of Registration of the Island of Hawaii. Your Committee notes that Dr. Barnes has spent twenty-four years as an educator at various schools and universities in Indiana and Alaska. Your Committee further finds that Dr. Barnes is active in his community and serves on the Hawaii Democratic Party's State Central Committee and Environmental Caucus. Previously, Dr. Barnes served as District 4 Chairman, Vice Chairman, and Chair of the Hawaii County Democratic Party. Your Committee believes that Dr. Barnes' experience and knowledge will be assets to the Board. Your Committee therefore recommends that Philip Barnes be appointed to the Board of Registration of the Island of Hawaii based on his experience, knowledge, and commitment to public service.

As affirmed by the record of votes of the members of your Committee on Judiciary that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Gabbard, Keohokalole, Fevella).

SCRep. 4096 Higher Education on Gov. Msg. Nos. 806 and 807

Recommending that the Senate advise and consent to the nominations of the following:

BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII

G.M. No. 806 LAURIE TOCHIKI, for a term to expire 06-30-2027; and

G.M. No. 807 GABRIEL LEE, for a term to expire 06-30-2027,

Your Committee reviewed the personal histories, resumes, and statements submitted by Laurie Tochiki and Gabriel Lee for service on the Board of Regents of the University of Hawaii.

LAURIE TOCHIKI

Your Committee received testimony in support of the nomination for the appointment of Laurie Tochiki from the Department of Human Services; EPIC 'Ohana; Pū'ā Foundation; IHS, Institute for Human Services, Inc.; and twenty-one individuals.

Upon review of the testimony, your Committee finds that Dr. Tochiki's background and dedication to serving the public qualify her to be appointed as the Regent representing the City and County of Honolulu, pursuant to section 26-11, Hawaii Revised Statutes. Your Committee finds that Dr. Tochiki currently serves as President and Chief Executive Officer of Effective Planning and Innovative Communication, Inc., also known as EPIC Ohana. Prior to her leadership of EPIC Ohana, Dr. Tochiki served as a legal educator and administrator for over twenty-five years at the William S. Richardson School of Law, where she taught courses on family law, children and the law, and higher education, and served as principal investigator for child welfare and family court projects. Your Committee notes that Dr. Tochiki is also an active member of her community, and she currently serves as a member of the Children's Trust Fund Statewide Coalition, Center for Alternative Dispute Resolution Advisory Board, and as a volunteer mediator for Mediation Center of the Pacific. She also continues to support legal education as an assistant coach for the William S. Richardson School of Law Client Counseling Competition Team.

Your Committee further finds that Dr. Tochiki has a thorough understanding of the role and responsibilities of board members, and her prior experience within the University of Hawaii System as a legal educator and administrator along with her current role in youth and family services and the child welfare system, will be assets to the Board of Regents of the University of Hawaii. Your Committee therefore recommends that Laurie Tochiki be appointed to the Board of Regents of the University of Hawaii based on her experience, knowledge, and dedication to public service.

GABRIEL LEE

Your Committee received testimony in support of the nomination for the appointment of Gabriel Lee from Diamond Head Theatre; Hawaiian Community Development Board; Oahu Economic Development Board; Chamber of Commerce Hawaii; Paradise Cove Luau; Carol Kai Charities, Inc.; Hawai'i Pacific Health; Hawai'i Community Foundation; Stanford Carr Development, LLC; Avalon Group, LLC; and eighteen individuals.

Upon review of the testimony, your Committee finds that Mr. Lee's background and dedication to serving the public qualify him to be appointed as an at-large Regent, pursuant to section 26-11, Hawaii Revised Statutes. Your Committee finds that Mr. Lee has over forty years of experience in finance and corporate banking. Mr. Lee currently serves as Executive Vice President of Commercial Markets at American Savings Bank, and he has held various roles in executive-level management for thirty-five years, leading Hawaii's finance industry in commercial markets through corporate and commercial banking, commercial real estate, cash management, and international services. Your Committee notes that Mr. Lee is also an active member of his community, and he currently serves as secretary and treasurer of Diamond Head Theatre and as a board member for Boy Scouts of America – Aloha Council and 'Ahahui Koa Anuenue. Your Committee additionally finds that Mr. Lee has also previously served as chairperson of the Chamber of Commerce Hawaii and Saint Louis Schools, a founding board member of the Hawaii Symphony Orchestra, and as President of Waialae Country Club and Catholic Charities Family Services.

Your Committee further finds that Mr. Lee has a thorough understanding of the role and responsibilities of board members, and his extensive experience in finance, corporate banking, and leadership of a large private-sector business will be assets to the Board of Regents of the University of Hawaii. Your Committee therefore recommends that Gabriel Lee be appointed to the Board of Regents of the University of Hawaii based on his experience, knowledge, and dedication to public service.

As affirmed by the records of votes of the members of your Committee on Higher Education that are attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominees, has found the nominees to be qualified for the positions to which nominated and recommends that the Senate advise and consent to the nominations.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Wakai, Fevella).

SCRep. 4097 Energy, Economic Development, and Tourism on Gov. Msg. No. 639

Recommending that the Senate advise and consent to the nomination of the following:

HAWAII GREEN INFRASTRUCTURE AUTHORITY

G.M. No. 639 RICHARD WALLSGROVE, for a term to expire 06-30-2026

Your Committee reviewed the personal history, resume, and statement submitted by Richard Wallsgrove for service on the Hawaii Green Infrastructure Authority.

Your Committee received testimony in support of the nomination for the appointment of Richard Wallsgrove from the Department of Business, Economic Development, and Tourism; Hawaii Green Infrastructure Authority; Hawaii State Energy Office; and one individual.

Upon review of the testimony, your Committee finds that Mr. Wallsgrove's experience, knowledge, and willingness to serve on the Hawaii Green Infrastructure Authority qualify him for reappointment to the Hawaii Green Infrastructure Authority as a public member, pursuant to section 196-63, Hawaii Revised Statutes. Your Committee notes that Mr. Wallsgrove received his Juris Doctorate from the William S. Richardson School of Law (WSRSL) in 2008 and has been teaching courses on energy law and policy as an Assistant Professor at WSRSL since 2018. Your Committee further notes that not only was Mr. Wallsgrove the Policy Director of Blue Planet Foundation from 2012 to 2017, but he also investigated the reallocation of green energy market securitization (GEMS) funds as a member of the permitted interaction group established by the Hawaii Green Infrastructure Authority in 2019. Your Committee further finds that Mr. Wallsgrove was appointed to the Hawaii Green Infrastructure Authority in 2021 and has a thorough understanding of the role and responsibilities of a public member of the Hawaii Green Infrastructure Authority. Your Committee therefore recommends that

Richard Wallsgrove be reappointed to the Hawaii Green Infrastructure Authority based on his experience, knowledge, and desire to serve the public.

As affirmed by the record of votes of the members of your Committee on Energy, Economic Development, and Tourism that is attached to this report, your Committee, after full consideration of the background, experience, and qualifications of the nominee, has found the nominee to be qualified for the position to which nominated and recommends that the Senate advise and consent to the nomination.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Lee, Riviere).

SCRep. 4098 Labor, Culture and the Arts on H.C.R. No. 14

The purpose and intent of this measure is to establish a sister-state relationship between the State of Hawaii and the Autonomous Region of Madeira, Portugal.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Região Autónoma da Madeira, Governo Regional, Secretaria Regional de Turismo e Cultura; Honorary Consul of Portugal in Hawaii; and eighty-eight individuals.

Your Committee finds that Hawaii has developed and maintained a rich heritage of international relations and cultural exchanges since the days of the Hawaiian monarchy in the nineteenth century. Hawaii has an abiding interest in developing goodwill, friendship, and economic relations between the people of Hawaii and the people of many nations and continues to actively seek opportunities to expand its international ties. Since establishing its first sister-state relationship in 1981, Hawaii has formed sister-state relationships with nineteen various states and provinces throughout the globe as a means of asserting and promoting the State's active participation in international matters. As of today, the State maintains sister-state relationships with nineteen states and provinces.

Your Committee recognizes that most successful sister-state relationships are established when there is commonality between Hawaii and the sister state, primarily from geographical, historical, cultural, or economic standpoints, and there is a clear, strong governmental interest in not only forming, but maintaining the relationship. Your Committee finds that Hawaii and the Autonomous Region of Madeira share a long history and strong bond, beginning with the arrival of one hundred eighty Madeiran contract laborers in Honolulu Harbor on September 30, 1878, followed by approximately eight thousand Madeiran immigrants during the subsequent three decades. Madeira's culture, introduced to Hawaii by the Madeiran immigrants, became integral parts of the lives, tradition, and culture of the people in Hawaii, including braguinha, which became the 'ukulele; linguça, which became known as Portuguese sausage; and their skills as cattlemen, whose traditions shaped Hawaii's paniolo. In terms of geographic and economic standpoints, Hawaii and Madeira share the fact that they are both archipelagos of volcanic origin with tourism being one of their main economic drivers. Your Committee also notes multiple testimonies of government officials and individuals in Hawaii and Madeira, expressing excitement and strong support for the establishment and maintenance of this sister-state relationship.

Your Committee finds that the sister-state relationship proposed by this measure will be highly beneficial in expanding tourism, strengthening cultural bonds, and advancing common goals of international peace and fellowship. Your Committee further finds that the Hawaii Sister-State Committee met on November 16, 2021, and approved a formal recommendation that a sister-state relationship be established with the Autonomous Region of Madeira.

Your Committee notes that Hawaii currently has a sister-state relationship with the Autonomous Region of the Azores in Portugal that was established in 1982, which, according to the Department of Business, Economic Development, and Tourism, has not been active in recent years. Your Committee hopes that the establishment of the Hawaii-Madeira sister-state relationship will reinvigorate Hawaii's relationship with the Azores, leading to a strengthened bond among all three states.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 14, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 4099 Labor, Culture and the Arts on H.C.R. No. 69

The purpose and intent of this measure is to:

- (1) Designate the month of September 2022 as Child Care Provider Appreciation Month; and
- (2) Encourage all policy makers, community organizations, and residents in Hawaii to recognize the critical importance of child care, especially during early childhood, and child care providers and their services.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Hawai'i Children's Action Network Speaks!, Early Childhood Action Strategy, and four individuals.

Your Committee finds that early childhood is a critical development period for an individual, and therefore, it is critical that young children receive consistent care and nurturing from early childhood educators who are skilled, educated, competent, and appropriately compensated. Your Committee finds however, due to racist and sexist beliefs that child care services do not deserve appropriate compensation because the work is largely performed by women of color, the average wage of child care workers in Hawaii is currently less than \$30,000 a year. By designating the month of September 2022 as Child Care Provider Appreciation Month, this measure acknowledges the importance of child care, especially during early childhood, and the critical role child care providers play in the development of children in Hawaii, and encourages all policy makers, community organizations, and residents in Hawaii to do the same.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 69, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 4100 Labor, Culture and the Arts on H.C.R. No. 166

The purpose and intent of this measure is to request the Governor to establish a Hawaii Commission on the United States Semiquincentennial by Executive Order.

Your Committee received testimony in support of this measure from the United States Semiquincentennial Commission; Hawaii Society, Sons of the American Revolution; and five individuals.

Your Committee finds that July 4, 2026, marks the 250th Anniversary of the signing of the Declaration of Independence and the founding of the United States of America. Your Committee further finds that the United States Semiquincentennial Commission Act of 2016, P.L. 114 196, created the United States Semiquincentennial Commission to provide for the observance and commemoration of this momentous occasion and that eighteen states have created their own commissions to join in the United States Semiquincentennial Commission's efforts to mark this historical milestone. Your Committee believes that it is appropriate for the State to create a Hawaii Commission on the United States Semiquincentennial to plan and coordinate commemorations and observances of this nationwide celebration.

As affirmed by the record of votes of the members of your Committee on Labor, Culture and the Arts that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 166, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 3. Noes, none. Excused, 2 (Keohokalole, Fevella).

SCRep. 4101 Agriculture and Environment on H.C.R. No. 111

The purpose and intent of this measure is to encourage the City and County of Honolulu to expand and improve services at the Wai'anae Convenience Center.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the Waianae Convenience Center, which is operated by the Department of Environmental Services Refuse Division of the City and County of Honolulu, is the only refuse center located on the west side of Oahu. Notably, the Convenience Center is the only site in the area for residents to legally dispose of bulky items and other waste. The limited capacity at the Center has led to long wait times for the disposal of bulky items and other waste. Long wait times at the Center have significant detrimental effects on the community, including increased traffic congestion and higher frequency of illegal disposal of waste. Accordingly, this measure encourages the City and County of Honolulu to expand and improve services at the Waianae Convenience Center.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 111, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 4102 Agriculture and Environment on H.C.R. No. 75

The purpose and intent of this measure is to urge the City and County of Honolulu Department of Environmental Services and partners to utilize the property located at 45-230 Kulauli street, Kaneohe, Hawaii, for aquaculture purposes that will not unreasonably interfere with the Department's regular use of the property.

Your Committee received testimony in support of this measure from the University of Hawai'i Sea Grant College Program and Pacific American Foundation Hawaii. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the City and County of Honolulu owns a parcel of land that formerly served as the location for the Kaneohe Wastewater Pretreatment Facility. After being decommissioned, the administrative building, digester tanks, and other equipment were demolished, leaving the land unused. Your Committee further finds that the parcel of land is adjacent to Waikalua Loko Fishpond, which is an ancient Hawaiian fishpond. The proximity of the open parcel to the fishpond provides a valuable opportunity to expand aquacultural production in Hawaii. This measure urges the City and County of Honolulu Department of Environmental Services to partner with the University of Hawaii and other organizations to use the open parcel of land located at 45-230 Kulauli Street in Kaneohe for aquacultural purposes.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Acasio).

SCRep. 4103 Agriculture and Environment on H.C.R. No. 92

The purpose and intent of this measure is to urge the Department of Agriculture to assist coffee farmers in purchasing organic fertilizer to prevent coffee leaf rust.

Your Committee received testimony in support of this measure from the Hawai'i Alliance for Progressive Action and Wild Communities Foundation. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that coffee is one of Hawaii's most valuable agricultural crops. However, the devastating coffee leaf rust pathogen was detected on the islands of Hawaii and Maui in 2020. Since its initial discovery in Hawaii, coffee leaf rust has been found on the islands of Kauai, Lanai, Molokai, and Oahu. Coffee leaf rust poses a clear threat to Hawaii's coffee industry. This measure urges the Department of Agriculture to assist coffee farmers in purchasing organic fertilizer that will help prevent coffee leaf rust.

As affirmed by the record of votes of the members of your Committee on Agriculture and Environment that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 92, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 1 (Acasio).
