Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1016 S.D.1 which provides more certainty in maintaining the quality of acute care services at the three state-owned healthcare facilities in Maui County. Act 103, Session Laws of Hawaii 2015 (Act 103), codified at part IV of chapter 323F, Hawaii Revised Statutes, allowed the transfer of the operations and management of the Maui Regional System facilities from the Hawaii Health Systems Corporation to one or more private entities or their nonprofit management entities. Since Act 103 required these private entities to be hospitals licensed in the State, the options for possible partners were extremely limited. Ultimately, on January 14, 2016, Maui Health System, A Kaiser Foundation Hospitals LLC, entered into a transfer agreement with the State of Hawaii. In practice, however, certain representations made by Maui Health System to the Hawaii Health Systems Corporation and the Maui Regional System board during the negotiations were not conveyed to the Governor during the process and therefore not reflected in the transfer agreement. This measure expands the choice of private entities to which the Hawaii Health Systems Corporation may

transfer its Maui Regional System facilities and ensures that any representations made by the chosen private entity to the Hawaii Health Systems Corporation is conveyed to the Governor during the negotiation process. I ask my colleagues to vote in support of this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 853 was adopted and S.B. The Chair having so ordered, Senator Gabbard's remarks read as follows:

"Senator Mike Gabbard's Journal Remarks on SB 420 SD2

"(Sustainable Food Systems Working Group) – June 13, 2023

"Colleagues, we keep complaining ad nauseam about how we import 85-90% of our food at cost of \$3 billion annually, and why aren't we doing more to fix the problem. We know there's plenty of agriculture land available...we know about the importance of supporting local agriculture...and we want to do so in a way that's sustainable. But where's the plan? We've got to have a plan. In my seven years as Agriculture and Environment Chair, Senate Bill 420 is the best opportunity I've seen to solve this nagging problem in local agriculture. SB420 establishes a sustainable food systems working group within the Department of Agriculture. What's a sustainable food system you may ask? A sustainable food system is one in which producers, retailers, members of the community, non-governmental organizations, and government agencies partner to create a vibrant and resilient local food economy that

enhances and sustains the environmental, economic, and social health of the community. SB420 requires a working group to submit a plan, yes, an actual plan, with recommendations for implementation, and any proposed legislation to the legislature. The plan would be aligned with the 2015 United Nations 17 SDGs (Sustainable Development Goals.) It appropriates funds to establish the working group and develop the plan and for an unspecified number of sustainability specialist positions to be employed by the Department of Agriculture. This bill is my number one priority this session, and I'm asking for your support. Please join me in supporting this important bill. Mahalo."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 946 was adopted and S.B. No. 420, S.D. 2, entitled: "A BILL FOR AN ACT RELATING TO SUSTAINABLE FOOD SYSTEMS," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1015, S.D. 1 which will continue and expand a pilot program to increase the number of licensed practical nurses (LPN) in Hawaii by supporting the workforce glidepath supporting certified nurse aides (CNAs) in their journey to become LPNs. There is a great need for more LPNs in the state—the 2022 Healthcare Workforce report noted a statewide demand for 211 additional LPNs. Unfortunately, there were not enough opportunities to educate and train for this particular type of clinicians. The Health Care Association of Hawaii (HAH), partnering with Ohana Pacific Health/Hale Makua and UH Maui College, created an innovative, first of its kind CNA to LPN Glidepath pilot program. This program enabled an 'earn and learn' glidepath model that delivers online didactic curriculum and hands-on clinical education at a student's place of work. The program is one year long, and CNAs can double their salary if they successfully complete the program.

"This pilot program was launched in January 2023, and serves students through UH Maui College on Maui, Oahu, and Kauai who are employed by Ohana Pacific Health and Kaiser Permanente. There was a huge demand for participation in the program, which ultimately included 40 students. This funding will enable the program to continue and, hopefully, expand to all islands and include more students to meet the demonstrated interest in this expanded opportunity. I urge my colleagues to vote in support of this measure."

The motion was put by the Chair and carried, Stand. Com. Rep. No. 951 was adopted and S.B. No. 1015, S.D. 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE EDUCATION," having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

"Thank you Mr. President. I rise in support of S.B. No. 155, S.D. 1 which supports important educational and workforce needs, especially on the neighbor islands. First, the measure facilitates the development of a dedicated degree program for science, technology, engineering, and mathematics teachers will help address the State's critical need for teachers in these fields with an eye towards filling pukas in our rural and neighbor island schools. Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1099, S.D.1 which would allow a County, like Maui, an opportunity to adopt an ordinance to create a surcharge on the State general excise tax which can be used for housing infrastructure, including sewer, water and roadways. The measure would also allow Kauai and the Big Island to amend their existing ordinance to allow this expanded use of their surcharge colleges. This measure supports the development of affordable and workforce housing, which will allow skilled employees to remain in the State instead of leaving due to a lack of affordable housing options. I urge my colleagues to vote in favor of this measure."

Senator Keith-Agaran requested that remarks regarding the measure be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator Keith-Agaran's remarks read as follows:

"Thank you Mr. President. I rise in support of S.B. No. 1122, S.D. 1 which would clarify in statute that all deputy directors are subject to the advice and consent of the Senate. As you know, deputy directors of executive agencies hold vast amounts of power and influence in the State government, and they are responsible for considerable swaths of departmental agencies. A nominee for the position of Deputy Director, First Deputy, or Deputy Chair should be subject to the advice and consent of the Senate, rather than whether a particular attorney general interprets a constitutional provision in a certain way despite long-standing and recognized practice. I urge my colleagues to codify advice and consent for deputy directors in law rather

than leave it to the whims of the opinion of a new attorney general when we have a new Governor.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1081 was adopted and S.B. No. 1122, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE ADVICE AND CONSENT OF THE SENATE,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Floor Amendment No. 1 be adopted, seconded by Senator Dela Cruz.

Senator Rhoads rose to speak in support of the amendment as follows:

“Mr. President, it’s a purely technical amendment. There was a problem with the header, and that’s all we’re changing. There’s no change to the text of the bill itself. Mahalo.”

Senator San Buenaventura rose to speak in support of the measure with reservations as follows:

“Colleagues, the courts currently already have the discretion as to whether or not to enforce child custody laws, and, as such, this bill is unnecessary. What I fear will occur is that our State’s custody orders will not be enforced by other countries, and they’re going to use this as an example of us choosing to go against the Hague Convention—a treaty entered into by the U.S. State Department for the entire country; and as such, I don’t believe Hawai’i should be one of those who chooses not to abide by the Hague Convention. Thank you.”

At 9:13 a.m., the Senate stood in recess subject to the call of the Chair.

“Hawai‘i Department of Transportation is not required to do studies to lower speed limits as has been shown in my district when they lowered the speed limit on Highway 11 leading to Volcano from 55 down to 35. It has caused major anguish, high anxiety for 25,000 people who live in that district, and, as such, this bill is unnecessary. In fact, it should be amended to require them to do such speed studies, and, as such, I’m in opposition.”

Senator McKelvey rose to speak in opposition to the measure as follows:

“I would like the words of the previous speaker entered into the Journal as if they were my own, except striking out ‘Volcano’ and putting in ‘Lahaina Bypass Road.’ This is many of the instances where the Department of Transportation has unilaterally acted on its own without concordance or accordance of this body—the Legislature—nor the public, so I agree wholeheartedly with the former speaker. Thank you.”

Senator Fevella rose to speak in opposition to the measure as follows:

"As the introducer of this measure with Senator Aquino signing and co-signing and Senator Kidani, the intent of this bill was to phase out the tip credits by January 1, 2029. This bill before us was revised and requires the Department to submit a report to the Legislature instead of addressing the issue head-on. I have constantly felt this was unfair to the tip workers to have their pay reduced by the employers who allow reduced tip and a portion of their wages.

"Mr. President, as you can see, me and my family love to eat out at the restaurants. We always visit Zippy's a lot, but we noticed on the receipt (I don't know if you guys go restaurants a lot, but I do), so, if you guys look on your guys' receipt, there is a kitchen charge. They've been putting this on the bill for a while already, but not everybody checks their bill—they just pay the regular 20 percent, 15 percent, 3 percent, whatever the percent they like pay—but they also charge that penalty while the employees who get their deductions from their minimum wage and the kitchen staff.

"Mr. President, I'm asking my colleagues today to vote 'no' on this bill even though I'm the introducer of the bill because they're already charging us: If you guys look at your guys' bill next time you guys go, there is a percentage of a kitchen charge. They're already taking away money from us while we tipping them, and they're taking money from the servers, and I think that is a misjustice for the servers who serve our community and especially on minimum wages. Thank you, Senate President and colleagues."

Senator Dela Cruz moved that Stand. Com. Rep. No. 939 be adopted and S.B. No. 667, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keith-Agaran.

Senator Aquino rose to seek a ruling on a potential conflict of interest as follows:

“I work for a nonprofit.”

The Chair ruled that, because the measure affected everyone in general, it was the general class and there was no conflict.

Senator McKelvey rose to seek a ruling on a potential conflict of interest as follows:

“I’m on the board of directors of a 501(c)(4).”

The Chair responded:

“Again, this is affecting all of the nonprofits, so the same would be directed for Senator Keith-Agaran on his previous question. This is still the class of nonprofits and not benefiting a particular one.”

Senator McKelvey asked if the ruling would stand for the remainder of session, and the Chair confirmed that it would.

Senator Richards rose to seek a ruling on a potential conflict of interest as follows:

“I, too, sit on a 501(c)(3).”

The Chair ruled that, for the same reason, there was no conflict.

“The City and County of Honolulu in 2021 reported an estimate of Hawai‘i. O‘ahu generated 2.2 million tons of waste annually: 36 percent recycled, 42.3 percent processed through the H-POWER, and the remaining 22 percent waste to ash to H-POWER to go to the landfill in Waimanalo Gulch—was supposed to be closed over 10 years ago. The blue ribbon panel designated an old Ameron site in Kailua as the next landfill over five years ago. Colleagues, we live in the beautiful Hawai‘i nei. No senator wants a landfill in their community, and we are right; we should require the Hawai‘i State Energy Office to enter into a public-private partnership in building a waste-to-energy facility to eliminate the need for a landfill. This landfill—a lot of you guys that I gave the information to—will also reduce the ash to go into the landfill. They’ll go over the ash, take out all the metals, and then they’ll put it into construction to be used for construction. Colleagues, I strongly urge you to support and be in favor for Senate Bill 1247. Thank you, Mr. President.”

Senator Richards rose to speak in support of the measure with reservations as follows:

“I echo the sentiments previously. Though I support the concept, I’m concerned about how we’ll actually get this done. Thank you.”

Senator DeCoite rose to request that remarks in support of the measure with reservations be entered into the Journal, and the Chair so ordered.

The Chair having so ordered, Senator DeCoite’s remarks read as follows:

“I am voting with reservations on this bill because it shortens the time for cesspool owners to upgrade, convert, or connect their cesspools.

“With over 80,000 cesspools in the State that need to convert, upgrade, or connect to a sewerage system, we need to give owners the time and support to enable them to make these conversions, and upgrades. The costs for these upgrades can range from \$10,000 up to \$50,000 or even more depending on where the cesspool is located. This will certainly have a huge cost impact on those communities on the neighbor islands and in rural areas. People may simply not have the money to afford these conversions and upgrades.

“The working group should have provided us with the types of assistance we could provide and any alternatives that may be available, instead of just saying we needed to expedite conversions, upgrades, or connections.

“Mahalo”

Senator Fevella rose to speak in opposition to the measure as follows:

“It’s going to really affect my community. Most of my community do have cesspools, and there is no near, miles away, tie-in to any sewer system, so that’s going to really affect my community, so at this time, I’m voting ‘no’ on this bill. Thank you, Senate President.”

Senator San Buenaventura rose to speak in strong support of the measure as follows:

"Three years before *Roe v. Wade*, in 1970, Hawai'i became the first state to legalize abortion in a bipartisan effort led by Representative Pat Saiki. Today, with an affirmative vote for S.B. 1, the Hawai'i Senate has an opportunity to reaffirm that right. Like our colleagues did 53 years ago, the Hawai'i Senate can stand behind and protect our medical providers from being arrested, subpoenaed, and prosecuted simply for providing safe abortions. By passing S.B. 1, the Hawai'i Senate can vote firmly that we stand by a person's right of privacy and a right of choice. Thank you, and I urge my colleagues to vote affirmatively for S.B. 1."

Senator McKelvey rose to speak in strong support of the measure as follows:

"I would just like the words of the previous speaker entered in the Journal as if they were my own. (The Chair so ordered, by reference only.) And just glad that we're doubling down on the executive order that was issued by the previous governor to protect our providers. Thank you."

Senator Keohokalole moved that Stand. Com. Rep. No. 1083 be adopted and S.B. No. 669, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Moriwiki rose to speak in opposition to the measure as follows:

"Senate Bill 669 proposes to decriminalize the personal use of cannabis. It's premature. Much more work is needed to address the concerns raised by our regulatory agencies. The Legislature decriminalized medical use of marijuana to help those suffering from pain. We acted with compassion and with medical parameters to protect persons from misuse of this drug. But crossing the threshold to personal use of this increasingly potent drug, even for a small amount, is premature. This bill doesn't have the regulatory safeguards for the health and safety of our community. We know the widespread adverse impacts of substance abuse—we struggle to help our homeless, domestically abused because of addiction. This session, we're making more stringent our drunk driving laws and controlling vaping. How does decriminalizing cannabis for personal use fit in with these values? We must ask ourselves if we are enabling the abuse should this bill pass. It makes little sense to use increased tax revenues to justify more drug use. This bill contains serious technical errors and omissions, including the lack of funding. I have other concerns from the attorney general, the prosecutor, the Department of Health, and the Department of Transportation, who testified on this bill in opposition, and I ask that those be entered as part of my remarks in the Senate Journal. I ask my colleagues to vote 'no' on Senate Bill 669. Thank you."

The Chair having so ordered, Senator Moriwiki's additional remarks read as follows:

"Advocates say we will increase tax revenues and grow our economy. But at what cost?"

- The Attorney General said it would require significant additional resources just to clear the criminal histories of offenders—currently at 288,000.
- The Honolulu Prosecutor points out that commercially-produced items are now reaching historically high levels of THC – prior to the 1990s, it was less than 2%. Today, popular strains reach as high as concentrated products reaching upwards of 95%. The higher the levels, even a 'small amount' can impair one's thinking and actions.
- The Department of Health said, that even though legalized adult use will be restricted to those aged 21 and older, the human brain continues to develop into the mid-20s and remains vulnerable to detrimental effects, with evidence that adolescents and young adults who use cannabis are more likely than non-users to have suicidal thoughts or

attempt suicide. DOH also raised several concerns regarding fetal development under the influence of THC during pregnancy.

- DOT testified that legalization of cannabis for adult use is associated with a 4.8% increase in traffic fatalities, 5.8% increase in traffic injuries, and increases the odds of being in a traffic collision by 32%. And, among all emergency room visits attributed to specific drugs in 2021, cannabis accounted for more emergency room visits than heroin and fentanyl combined.
- And as for growing our economy, the DCCA points out that Hawaii banks have not provided banking services to cannabis producers because several federal banking laws prohibit banks from engaging in activity with businesses deemed illegal. Additionally, the state's former tax director warned that the department does not have expertise to regulate cannabis and warned that dispensaries would need to pay out taxes in cash because of banking regulations.

Finally, advocates use Colorado's revenues generated from taxes and fees as a model for our legalizing marijuana, but it has also been reported that for every dollar of tax revenue generated, Colorado spends \$4.50 counteracting the legalization effects. So I ask, shouldn't we do a cost/benefit analysis before we plunge into decriminalizing marijuana?"

Senator Inouye rose to speak in opposition to the measure as follows:

"The CDC has provided a lot of reasons to say no to recreational marijuana, and here is one: People who are addicted to marijuana may also be at a higher risk of other negative consequences of using the drug, such as problems with attention, memory, and learning. Some people who are addicted need to smoke more and more marijuana to get the same high. It is also important to be aware that the amount of THC in marijuana, such as the marijuana potency or strength, has increased over the past few decades. The higher the THC content, the stronger the effects on the brain. In addition, some methods of using marijuana—dabbing or edibles—may deliver very high levels of THC to the user. Researchers do not yet know the full extent of the consequences when the body and the brain, especially the developing brain, are exposed to high concentrations of THC or how recent increases in potency affect the risk of someone becoming addicted. I have received many oppositions in my district from my constituents, and I urge my colleagues to vote 'no' on this measure. Mahalo."

Senator San Buenaventura rose to speak in strong support of the measure as follows:

"We were the first state to legalize marijuana for medical use, yet we are one of the later states to legalize it for recreational use. This bill is a very small step. It decriminalizes a small amount: one ounce—less than a quarter of what we are allowing for medical use. And not only that, we are allowing licensed dispensaries, which are overregulated if you listen to them, and actually have the more stringent standards than any of the other states. Our labs—Department of Health labs—inspect the cannabis for multiple toxins, for multiple pesticides, multiple molds that other states do not inspect. So this bill is a very small step. It allows us to cut back on the illicit market by allowing free access for only one ounce of recreational use, and it allows for the dispensing of a safer form of marijuana for those who need to use it, and for those reasons, I urge my colleagues to pass this bill. Thank you."

Senator Keohokalole rose to speak in support of the measure as follows:

“With all due respect to my fellow colleagues, prohibition on alcohol ended in this country 90 years ago because it was an unsuccessful policy—it just does not work. It does not allow us to focus from a public health standpoint on the segments of our population that really need help and support. That’s why we got rid of a complete ban on alcohol, and that’s why that policy does not work, as well, for cannabis. When it comes to cannabis versus alcohol, there’s a plethora of public health information that shows that alcohol is as dangerous if not more. There is a strict regulatory regime to ensure that products are safe. That is the proposal that we are pursuing here in the Senate. It is time to take these products off of the black market, to regulate them effectively, to bring in the segments of the community that have been operating in the shadow, and to recognize that there are broad potential benefits economically but also from a healthcare standpoint to providing more access to cannabis to our community. And, again, to address the correlation to the regulatory actions that we take on vaping and tobacco: To me, those are arguments in favor of bringing this industry into the light—regulating them effectively so that we can make sure we are managing for the predatory aspects of any commercial industry, cannabis included, to protect the health and safety of our children, but also, again, to focus on the segments of our population that really do need help and support, not the rest of the community who are grown adults who can make decisions for themselves. I ask my colleagues to join me in support. Thank you.”

Senator Fevella rose to speak in support of the measure as follows:

“I’m probably one of the few in here who was against it when I was a young child. As I got a little bit more older, I learned a little bit more about it. You put it in the ground, you plant it, it grows. Alcohol and tobacco is manipulated into what it is. What we drink: diet sodas, Coca Cola, everything else—manipulated for our consumption that is not good for us, either. Reason why I say this is because I had a cousin; he’s a couple years older than me. I used to call him a druggie—don’t get me wrong. But I realized, if he did not have marijuana in the morning and marijuana at night, he won’t be able to concentrate, he wouldn’t be able to work, he wouldn’t have been graduated. He working almost 35 years in operating engineers union; he’s going to retire. But he never used it in overuse—it’s in moderation just like anything else. If we use too much alcohol, it also can cause brain damage. If we can drink too much water, we also can kill ourself by drinking too much water. Everything’s in moderation, but I agree with my colleague from Kāne’ohe that we need to get them off the streets because the drugs that are being sold on the streets, you not knowing if it’s safe or it’s laced with something, and people think it’s funny when they lace it with something, and somebody goes into a medical problem and have brain damage. So, I’m in support. Thank you, Senate President.”

Senator McKelvey rose to speak in strong support of the measure as follows:

“First of all, I want to thank the work of the chair of CPN that he’s done on this measure. I mean, he did a lot of hard work on improving it, addressing the concerns of the numerous stakeholders, particularly addressing the concerns of the monopolization of the potential recreational industry that has occurred in other states. You know, it’s funny: We were the first state, as the speaker from Puna said, to adopt medical marijuana, and yet we’re one of the last to look at recreational marijuana. You have purple and red states like Oklahoma who have gone in this direction to bring it above ground and to tax the revenue. Right now, the revenue that’s generated—and it’s happening everywhere—goes to organized crime. It goes to off-world figures. It doesn’t go to fund our schools; it doesn’t go to fund our communities; it doesn’t even go to fund addiction

programs. It goes into the hands of criminals. As my good colleague from Hilo noted, you go to the fourth floor of the airport and it’s full of smoke right now, so it’s happening all around us. It’s only by bringing it up and regulating it and taxing it and then providing the revenue for support for those who do struggle for addiction problems that we can truly have this work for our communities instead of against it. So I understand the concerns that many members have risen. However, I think the work that’s being done on the bill is remarkable, and I think it deserves further conversation, so I, too, hopefully will see this bill progress, and I stand in strong support. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1083 was adopted and S.B. No. 669, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO CANNABIS,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Dela Cruz moved that Stand. Com. Rep. No. 1089 be adopted and S.B. No. 1035, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Keohokalole.

Senator San Buenaventura rose to speak in strong support of the measure as follows:

“For many sessions, there are multiple bills asking for various types of general excise tax exemptions. I urge my colleagues that this is the one bill that should survive the legislative session and because our medical providers, as we all know, are in dire straits. We are facing a medical shortage of medical providers as you could see by the multiple bills asking for compacts, too. Medical providers who are willing to accept Medicare, Medicaid, or TRICARE are not only accepting those cases, but they are accepting the poorest of the poor, and they are unable, unlike other retailers, to pass on the general excise

tax to their patients. So if we want our medical providers to provide help and health and care for the poorest of the poor, we should at least give them a break, and this is the one bill that gives them a break, and this is the one bill that recognizes their selflessness in doing so. Thank you. I urge my colleagues to support this all the way.”

Senator Inouye rose to speak in support of the measure as follows:

“I’d like the comments of the previous speaker to be entered into the Journal as if it was mine. Mahalo, Mr. President.” (The Chair so ordered, by reference only.)

Senator Rhoads moved that Stand. Com. Rep. No. 1092 be adopted and S.B. No. 81, S.D. 2, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Inouye rose to speak in strong support of the measure as follows:

“This is a simple bill which clarifies that the DLNR authority shall supersede the Mauna Kea Stewardship and Oversight Authority for all lands designated under the state conservation district. This clarification is necessary as the Department of Land and Natural Resources is responsible for overseeing conservation lands statewide. When the Mauna Kea authority was created, the jurisdictional status of conservation land management on Mauna Kea remained ambiguous. All this bill does is clear up the ambiguity.

“Mr. President, I find it hard to believe that the new Mauna Kea Stewardship and Oversight Authority would be given authorization over conservation lands over the DLNR, whose mandate is to be responsible for all conservation lands belonging to the State of Hawai‘i. Mauna Kea is home to incredible flora, fauna, land formations, and several endangered native and endemic species. The Department of Land and Natural Resources is the best-suited state agency to manage the delicate ecosystems of Mauna Kea. For this reason, Mr. President and members, I ask for your support of this bill. Thank you, Mr. President, colleagues. Mahalo.”

Senator Kim rose to speak in support of the measure with reservations as follows:

“Mr. President, this is more than a clarification. As you know, I’ve worked very hard to pass the Mauna Kea authority bill. Many hours, many drafts, we’ve gone into it, and so I’m going to read from the bill: ‘Notwithstanding any law to the contrary, all powers and duties of the board of land and natural resources pursuant to chapter 171, and the land use commission pursuant to chapter 205, concerning permits, dispositions, land use approvals, and any other approvals pertaining to the Mauna

Kea lands are transferred to the authority upon the expiration of the transition period.’ That is clear in the bill, so it’s not a clarification: That was the intent. And so this bill takes that portion away, and so with that—I know it has a defective date, and so I am voting ‘with reservations.’ Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1092 was adopted and S.B. No. 81, S.D. 2, entitled: “A BILL FOR AN ACT RELATING TO NATURAL RESOURCE MANAGEMENT,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:

Senator Rhoads moved that Stand. Com. Rep. No. 1104 be adopted and S.B. No. 937, S.D. 1, having been read throughout, pass Third Reading, seconded by Senator Dela Cruz.

Senator Kim rose to speak in opposition to the measure as follows:

“Mr. President, I actually don’t have any opposition to section 3 of this measure; I support that. However, in section 2, the bill talks about the approval process and expediting the approval process of the Land Use Commission, and I think we’re all for that. However, this bill goes very far in the sense that it has nine members, and what it says is that ‘a simple majority of affirmative votes of the members present and qualified to vote shall be necessary for any boundary amendment,’ which means that five members is quorum, and the ‘members present’ means you only need three members in order to pass a boundary amendment. That is a minority. I don’t know that that’s the intent. To expedite is one thing, but to allow three members out of nine to make decisions on this—I think it goes a bit too far, and I think we need to fix that. Thank you.”

The motion was put by the Chair and carried, Stand. Com. Rep. No. 1104 was adopted and S.B. No. 937, S.D. 1, entitled: “A BILL FOR AN ACT RELATING TO THE LAND USE COMMISSION,” having been read throughout, passed Third Reading on the following showing of Ayes and Noes:
